NEW STUDENT REGISTRATION MADE EASY

1. Fill out Application for Admission and turn it into Admissions and Records. They will give you a Student ID # so you can move onto the next step.

2. Go to Financial Aid and fill out the FAFSA and/or BOG waiver for your opportunity to qualify for funds that will help you pay for your education. See a Financial Aid Assistant about on-going workshops.

3. Complete Reading, Writing & Math Assessment Tests
   The assessment tests are free of charge and are computerized. Each test will help a counselor place you in course levels based on the score you receive. You can utilize practice tests at www.act.org/compass/sample. You must call 530-251-8833 for an appointment.

4. Attend New Student Orientation
   Orientation is beneficial because it introduces you to terminology, academic programs, student services, and gives you the planning tools you'll need to succeed at Lassen Community College. Call 530-251-8842 or stop by the counseling office.

5. See a Counselor
   You can see a counselor on a first come, first serve basis once you have completed the assessment tests and attended a New Student Orientation. Meeting with a counselor provides you with information on which courses are required to meet your goals — whether you're planning to transfer, earn an associate degree or vocational certificate.

6. Turn your registration card into Admissions & Records, pay for your classes and receive a printed schedule.

* Exemption from Orientation and/or Assessment Testing—Will be determined by a Counselor in accordance with matriculation mandates.
