Report Preparation

Lassen Community College (LCC) prepared a comprehensive Self-Study in 2019 and had site visit from a peer review team for reaffirmation of accreditation from ACCJC in March 2020. The result of the process was shared in a letter from ACCJC, dated June 29, 2020, that “the Commission acted to Issue Warning and require a Follow-Up Report, due no later than October 1, 2021, followed by a visit from a peer review team.” The Commission identified ten Requirements and two Recommendations that needed to be resolved.

It is important to set the context of the environment that rolled out in the 16 months that Lassen College worked to resolve accreditation issues.

- The abrupt and disruptive departure of the prior Superintendent/President coincided with the discovery that a major portion of the ISER had to be discarded due to significant factual inaccuracies. This led to a sudden and complete rewriting of the ISER, weeks before the Peer Team Site Visit.
- This tectonic shift occurred in close proximity to Lassen College experiencing an abrupt change in administrative staff and leadership outside the ranks of Superintendent/President. The Vice Presidents and Deans were newly appointed interims from the ranks of managers and faculty—and those they replaced had all suddenly and broadly been removed by the previous Superintendent/President.
- The Peer Team Site Visit on March 2020 was cut short with the COVID shutdown.
- Course offerings had to immediately be taken to online mode within a few days in the middle of the Spring 2020 semester. Staff moved to working remotely.
- Summer of 2020 brought large wildfires to the area. Many employees had to be evacuated from their homes. Campus dorms were used as shelter for firefighters and evacuees. There was temporary loss of power which caused problems for online courses. COVID restrictions were still in place.
- Within the first week of the Spring 2021 semester, which the College was offering classes and working online, the computer system was breached and held at ransom. This caused a disruption of class/classroom availability, and deprivation of internet and email access. Courses were brought back online within two to three days, but internet and email were intermittent for a good part of the semester.
- Also, during the Spring 2021 semester, the closure of one of the prisons in the area was announced. The economic impact to the area is significant as well as a projected loss of about 14% of the College’s FTEs.
- With Summer 2021 came the largest wildfire in California and second largest in the US for the 2021 season bore down on campus and the district. Loss of stable power, internet, cell phone service, easy access to fuel, and food went on for weeks. Air

quality rose to more than 400AQI. The campus again provided shelter for evacuees and livestock—to include from outside the district, as no other shelter was available.

- In Fall 2021, work is being done to get staff and students back on campus.

Throughout the entire 16-month timeline, LCC never stopped work on addressing the issues of the ten Requirements and two Recommendations of ACCJC. This dedication to getting the work during a monumental series of disasters is a strong reflection of Lassen College's commitment to assess and improve its processes and meet the criteria of accreditation.

Upon receipt of the Action Letter, the situation was presented to the Board of Trustees at its annual retreat. A Work Group was immediately formed that included three faculty members (Tri-Chairs), the two interim Deans, the Vice President of Administrative Services and ALO, the Director of Technology and interim Director of Institutional Effectiveness, and later added the Academic Senate President and a classified member as support to the Tri-Chairs. A timeline for the necessary work to both resolve the issues and publish a Follow-Up Report was developed. Most importantly, each of the constituencies involved in the process began dedicated efforts to update the campus culture and inculcate within the broader context of the campus a procedurally-minded approach to institutional controls. To this end, the various issues were assigned to the appropriate Work Group member to spearhead, monitor, and author the response. Monthly updates on the progress of the Work Group were presented to the Consultation Council and the Board of Trustees.

The Work Group decided that during the 2020-2021 year, the focus would be to have the College actually follow the current processes and meet the timelines. Since many of the processes had not been executed for several years, the Work Group decided to use 2020-2021 as the year that all work be brought to current. Then the rotating schedule of the activities would be restarted in 2021-2022 and forward. For example, program reviews were completed, even if they were not scheduled for 2020-2021. Starting in 2021-2022 the rotating schedule of program reviews will be followed, even if a program review had been done in the "catch-up" year of 2020-2021. Mapping of courses to programs was tackled with completion in mind. Additionally, during 2020-2021, 93% (from none) of the course mapping was completed, with the intent to finish the last 7% in 2021-2022. As a result of robust efforts, seven of the Requirements have been met as well as the two Recommendations. Though these nine are considered "met," work on following and assessing processes will continue into the future. Of the three Requirements that are "partially met," the Report includes "Next Steps" as the plan to resolve the issue(s).

While working on the ten Requirements and two Recommendations, the Work Group realized that there were gaps in processes and a Gap List was developed. It was also

obvious that work needed to be done in reviewing, assessing, improving, streamlining, and integrating the planning and budgeting processes of the College, alongside work that needed to be completed to address the Gap List. Therefore, in Spring 2021 an application was made and awarded for an Institutional Effectiveness Partnership Initiative (IEPI) grant from the California Community Colleges Institutional Effectiveness Initiative to support the continued work regarding planning and resource allocation and address the Gap List. In late Spring 2021, an IEPI Work Group has been formed and is currently working on assessing and improving planning processes.

A semi-final draft of this Follow-Up Report was presented at the Academic Senate, Consultation Council, and the Board of Trustees in May 2021. Feedback from those three groups was integrated into the Report. The content of this Follow-Up Report was cut off on July 15, 2021 in order to prepare it for publication. The published Report will be presented to the Academic Senate, Consultation Council, the Board of Trustees, and the leadership of Management/Confidential, Classified, and the Student Body in August/September 2021 for final review and sign-off. An addendum covering work done from July 16, 2021 to the visit from the peer review team will be present to the team at the time of their visit.

Follow Up Report Preparation Timeline

Semester	Description
Spring 2020	<ul style="list-style-type: none"> ACCJC Visitation - Cut short because of COVID. <p><i>*College immediately moved to online course delivery and staff working remotely.</i></p>
Summer 2020	<ul style="list-style-type: none"> Receipt of ACCJC action Letter. Presented to the Board of Trustees regarding action letter. Initiated an ACCJC Response Work Group. Developed a response action plan. <p><i>*Wildfires, employees evacuated, campus dorms used for evacuees and firefighters, loss of power. Covid restrictions still in place.</i></p>
Fall 2020	<ul style="list-style-type: none"> Presented ACCJC action letter and response timeline at Convocation. The ten Requirements and two Recommendations scopes of work were distributed to the appropriate Work Group members to spearhead, monitor, and record. Monthly updates presented to Consultation Council and the Board of Trustees. First draft of each Requirement and Recommendation was authored in December and cited evidence. <p><i>*Covid restrictions still in place.</i></p>
Spring 2021	<p><i>*Institutional Technology breached and disabled with the start of the Spring semester.</i></p> <ul style="list-style-type: none"> Workshop at Convocation as to the “How and Why of Accreditation.” Work on the ten Requirements and two Recommendations continued. “Gap List” initiated as gaps were uncovered regarding processes. Applied and received an IEPI grant to fund review, streamlining, improving, and integrating the planning and budget processes. Work Group formed and started work on the grant. Draft responses updated three times to get to a Semi-final draft that was presented to Academic Senate, Consultation Council, and the Board of Trustees. Monthly updates presented to Consultation Council and the Board of Trustees. <p><i>*Announcement of a prison closure that represented 14% of the College’s FTEs and a major economic impact to the County.</i></p>
Summer 2021	<p><i>*Largest wildfire in California and second largest in the US for 2021. Loss of stable power, internet, and cell phone service for weeks. Air quality more than 400AQI. Provided shelter for evacuees and livestock.</i></p> <ul style="list-style-type: none"> Final draft of the Follow-up Report on July 15, 2021. Report prepared for publication

Lassen Community College
ACCJC Follow Up Report

Semester	Description
	<ul style="list-style-type: none">Continued work still needed to be done for Requirements, Recommendations, and the IEPI Grant.
Fall 2021	<p><i>*Worked to get staff and students back on campus.</i></p> <ul style="list-style-type: none">Final version of Follow-up Report presented to Academic Senate, Consultation Council, Board of Trustees, and the leadership of the Management/Confidential, Classified and the Student Body for Signoff.Submit Report to ACCJC in third week of September.Addendum summarizing work done from July 15, 2015 forward will be present to the peer review team at the time of their visit.

**During the Follow-Up Report Preparation Timeline there were continuous disasters that significantly affected the College. Throughout the entire 16-month timeline, work never stopped on addressing the issues of the ten Requirements and two Recommendations. This dedication to getting the work done is a strong reflection of Lassen College's commitment to assess and improve its processes and meet the criteria of accreditation.*

Responses to Commission Action Letter

Requirement 1:

In order to meet the standard, the team recommends the College assess the accomplishment of its mission through program review, student learning outcomes, and student achievement. The College must engage in continuous, broad-based, systematic evaluation and planning by conducting and implementing program review and resource allocation into a comprehensive process that, in turn, leads to improvement of institutional effectiveness and academic quality. The College must broadly communicate the results so that the institution has a shared understanding of its strengths and weaknesses and sets appropriate priorities.

(I.A.3, I.B.5, I.B.6, I.B.8, I.B.9, II.A.2, II.C.1, and III.D.1) (TR-17, 19, 20, 23, 28, 35)

Evidence of Meeting Requirement 1

Career Technical Education (CTE) programs are required to complete Instructional Program Reviews (IPRs) every two years. Non-CTE programs are required to complete IPRs every four years. Non-Instructional Programs such as the library and counseling are required to complete Non-Instructional Program Reviews (NIPRs) every four years. Part of a program review for faculty is to review curriculum and review program data used to assess student learning outcomes (*EV 1.1 IPR Handbook page 4*). Our strength in this area is we have a plan and a process. Our weakness is we have not followed the plan in recent years, and we have not trained faculty in the process to the extent needed. To correct this pattern, an accelerated IPR Timeline was established by the Accreditation Tri-Chairs and approved by the Academic Senate on September 23, 2020 (*EV 1.2 Academic Senate Minutes, September 23, 2020*) for the 2020-2021 academic year to keep us on track with what we needed to accomplish. This timeline has different deadlines based upon whether an IPR is on time (in-sequence) where it will be reviewed in August 2021, or whether it is late (out-of-sequence) where it will be reviewed May 2021 (*EV 1.3 2020-2021 IPR Timeline*).

We communicated progress in the program review process in Academic Senate meetings and curriculum (*EV 1.4 Academic Senate Minutes*). All IPR review dates are on each curriculum agenda (*EV 1.5 Curriculum Agenda*). We have made incredible progress in getting IPR's approved. As of May 2021, there are only two past due IPRs. Gunsmithing, which had its first read at the May 12, 2021 Academic Senate meeting and Developmental Education which has been intentionally pushed back with the hiring of a Director. The Gunsmithing IPR is adding recommended revisions from Academic Senate and will be approved in the early fall when Academic Senate meets again.

A SLO (Student Learning Outcomes) Handbook was developed in Spring 2021 to provide guidance specifically designed to help the institution meet ACCJC outcomes assessment requirements. The outcomes assessment cycle, which is the process by which we develop, assess, analyze, improve, and integrate outcomes aligned with institutional mission into our planning process through program review in support of institutional strategic goals is discussed and explained ([EV 1.6 SLO Handbook](#)).

Along with this, a pilot program student learning outcome (PSLO) and institutional student learning outcome (ISLO) assessment project has been launched. The purpose of this concurrent mixed method study is to analyze PSLO and ISLO data gathered from a variety of means to provide PSLO/ISLO data for program reviews due during the 2021-2022 IPR cycle. This gives us an opportunity to assess various data collection methods and design improvements for future student assessment data collection. A post-graduate survey for ISLO's and PSLO's has been created as an assessment tool to gather data and approved by Academic Senate on April 14, 2021 ([EV 1.7 ISLO/PSLO surveys](#)).

This data will then be used as the basis of dialogue and the development of strategies to improve institution programs and services and academic quality. These strategies will also be the basis for resource allocation as outlined in future program reviews. These surveys have been distributed to this year's graduates, and the Institutional Effectiveness department will compile the results, and disseminate the findings to Academic Senate in the fall. An updated mapping process has been instituted this year to specifically link course SLO's to GESLO's and ISLO's and PSLO's to each course. The PSLO's are linked to the college mission and vision ([EV 1.8 LCC Strategic plan](#)).

Many CTE program IPRs were well past due for various reasons. Some programs, such as Fire Science lacked full-time faculty to write the IPR. Other programs had faculty that were not properly trained on the IPR process. Completing CTE IPRs has been a priority for the College in the 2020-2021 year. There has been a focused effort to have all IPRs that were past due to be completed in 2020-2021 and the College is well on the way to completing that goal. As of May 17, 2021, all but two program reviews have been approved by the Academic Senate. Only one program, DSPS, has been intentionally delayed because the College is in the process of hiring a full-time faculty member to replace a recently retired faculty member. The other was submitted but the Academic Senate held it from approval pending improvements.

The Academic Senate has established IPR mentors to assist and guide faculty through this process. A rubric was created and approved by Academic Senate in October 2020 to provide structure to the mentor process ([EV 1.9 IPR Peer Review Checklist/Rubric, Academic Senate minutes, 2020-2021 IPR timeline](#)). The first item on the rubric addresses

alignment of the program review with the college mission. We are on pace to have all late program reviews completed and approved by Fall 2021.

Incomplete program reviews data has been a problem in the past. The college has been without a researcher since September of 2017 and an understaffed IT department has struggled to provide data. A manager was reassigned in June 2021 to fill the researcher position. Again, in a focused effort, all program review data was distributed by October 5, 2020. The IPR timeline has been reviewed and updated this fall as well (*EV 1.10 2020-2021 IPR Timeline*).

This provides guidance for faculty to keep on task to complete all steps required for a timely program review. The IPR handbook was also updated and approved by Academic Senate to provide up-to-date guidelines (*EV 1.11 Academic Senate minutes, October 14, 2020*). Academic Senate has discussed the need to review and improve the IPR template to make IPRs easier for faculty to complete while providing all the required data and details. Academic Senate has taken responsibility for monitoring the IPR process. IPRs that are currently being worked on and those that are late are listed and updated on each curriculum agenda. IPRs in process are also updated as discussion items at Academic Senate meetings whenever IPRs are being reviewed and discussed (*EV 1.12 Academic Senate minutes*).

Some faculty had never been trained on how to write a program review and this explained why some IPRs were late. An IPR orientation was planned and completed on October 15, 2020. IPR training resources were also provided in Canvas for faculty to refer to in October as well. As of May 24, 2021, of 115 full-time regular employees, 91 employees have accepted their invitation to the Accreditation resources in Canvas. This leaves us with 79% of full-time regular employees engaged in Accreditation resources (*EV 1.13 Lisa's 5-24-2021 email to accreditation group*). These tools were utilized by many to begin the long process of updating late program reviews. All faculty are regularly engaged in ensuring that content of the course outline and method of instruction meet generally accepted academic and professional standards and expectations. This is done a number of ways including monthly division chair and all-faculty meetings, convocation and flex activities (*EV 1.14 Meeting agendas*).

Non-Instructional Program Reviews (NIPRs) were addressed in Fall 2020 to ensure and communicate when all NIPRs were due. The NIPR handbook was revised and adopted by the President's Cabinet on November 23, 2020, and by the Consultation Council on December 7, 2020. Like the revised IPR handbook, the NIPR handbook included an updated timeline and calendar (*EV 1.15 Consultation Council minutes, December 7, 2020*).

In reviewing the new NIPR schedule it was discovered that some NIPR's scheduled for 2022 would not have been reviewed for six years. Given the timing of the revision and adoption of the NIPR Handbook in late 2020, these eight were knowingly kept on a due date of 2020 to "catch them up." The intent is these eight will be completed and move through the process by September 2021. These eight are then spread through the four-year rotation calendar to have a balance in the number of NIPRs due each year. So, for example, of the eight: five will be due again in 2022, one in 2023, one in 2024, and one is a discontinued program.

The first section of the NIPR template describes, evaluates, and links the program objectives to the mission, strategic plan, and strategic goals (*EV 1.16 NIPR Handbook*). We are also in the process of reviewing the current NIPR template to further refine it and make it a simpler format to complete. This template revision is expected to be implemented after the pending revision to the IPR template currently being developed by the Academic Senate for Fall 2021 (which is discussed below).

Discussion has happened in the past to improve the program review process. Many have complained that our process is too cumbersome and long. Surveys in the Canvas training resources are available for ideas on how to improve this process. The accreditation chairs are in the process of reviewing program reviews from other colleges to improve our process. A new IPR template will be developed by Academic Senate during Fall 2021. The Academic Senate will be reviewing, assessing and making appropriate improvements to the IPR template in September 2021. This was listed as a future agenda item on the December 9, 2020 Academic Senate agenda and remains a focus for Academic Senate. The plan is to include all necessary data so the faculty writing the program review will not need to interpret data, simply write about what the data reveals. The hope is to have a new template approved by Fall 2021. Academic Senate has discussed ways to improve the existing template to better meet accreditation and budget requirements (*EV 1.18 Academic Senate minutes*).

The College has identified other issues regarding SLO data. We have a process of assessing SLO data, however, many faculty members were not trained on the process. To address this training gap, a Canvas accreditation course was developed and was implemented in Fall 2020 as an additional resource for faculty to learn about outcomes assessment as well as other accreditation topics. Additionally, in Spring of 2021 an updated version of the SLO handbook was implemented (*EV1.19, Board minutes, May 19, 2021*). This handbook now serves as a powerful tool to assist faculty in this endeavor.

SLO mapping is another area that needed significant attention, and has been an additional area of sharp focus as well. The accreditation chairs along with the IT department

developed updated mapping processes, and faculty were trained on SLO course mapping at the Fall 2020 Convocation and also at a separate training on October 30, 2020. During this training, faculty were reminded that not only is SLO assessment important for the institution, but it is also a contract requirement and an important tool to help continuous improvement of our courses and programs.

With no SLO's mapped at the time of these training sessions, we have since made great progress. After the final curriculum meeting of the Spring 2021 semester, 471 course SLO's have been mapped and 29 PSLO's have been reviewed and mapped. As of May 25, 2021, there are 505 active courses at Lassen College. Our Institutional Effectiveness department has stated that they will update data charts based on updated maps after all course SLO's have been mapped. While originally wanting to have all SLO's mapped by the end of the Spring 2021 semester, we came very near to this goal with 93.27% of all course SLO's mapped and approved. A SLO Coordinator position is currently being negotiated to assist in completing this process.

The updating of outcomes maps during the curriculum review process for IPRs is now a requirement that was approved at the October 20, 2020 curriculum meeting (*EV 1.20 Curriculum minutes, October 20, 2020*). A new SLO and PSLO mapping process was subsequently implemented in curriculum and approved at the November 17, 2020 meeting (*EV 1.21 Curriculum minutes, November 17, 2020*).

The purpose of the new maps is to

1. link course student learning outcomes to institutional and general education student learning outcomes, and
2. PSLO maps to link each course SLO to degree and certificate program student learning outcomes. The goal is to have all active course and program maps updated by Fall 2021. These new maps will provide robust data to track course student learning outcomes and to assess SLO assessment results, thus improving our assessment process.

Program Student Learning Outcomes (PSLO) maps have also been reviewed and updated. It was discovered that new programs from 2012 forward were never mapped. A new mapping process was also designed to meet this need. Faculty were trained on December 4, 2020. The new mapping form was demonstrated, and the curriculum process was explained. All faculty were given training and time to update maps as needed at the Spring 2021 convocation on February 2, 2021 (*EV 1.22 Convocation schedule*). The mapping includes linking course SLOs to program SLO's, and to Lassen College's mission via its Institution Set Standards (ISS).

Institution Set Standards track course, program, and institution data for completion rates, Fall-to-Fall retention rates, number of degrees and certificates awarded each year, number of students that transfer to a 4-year college or university, licensure pass rates, and CTE job placement rates. The concept of Institution Set Standards is defined in relation to the mission of the college and speaks to the necessity of assessing our performance for basic quality assurance.

Lassen Community College (LCC) has established Institution Set Standards (ISS) for student achievement that were determined through a collaborative process with the Academic Senate. The College has five general Institution Set Standards for student achievement (*EV 1.23 ISS*), and also Institution Set Standards for job placement (*EV 1.24 ISS Job*), and for CTE licensure exams (*EV 1.25 ISS Exam*). These standards were developed based on the reporting requirements of ACCJC.

The 2020-2021 five institutional set standards include:

- Completion is the number of students who receive a successful grade over the number of students who are enrolled in the course.
- Fall-to-Fall Retention is the percent of students retained from fall to fall.
- Degrees Awarded is the number of students who received a degree in the academic year.
- Certificates Awarded is the number of students who received a certificate in the academic year.
- Four-Year Transfer is the number of students that transfer to a to 4-year institution in the academic year.

All LCC Institution Set Standards are aligned with the mission of the College and reflect student achievement:

“Lassen Community College provides educational programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The College serves diverse students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.”

Board Approved December 15, 2020 (*EV 1.26 Strategic Plan*)

Student achievement, consistent with the Mission, is the primary focus of the Institution Set Standards, and is always a primary focus for the college and faculty alike. The college

has applied for and been approved to receive the IEPI (Institutional Effectiveness Partnership Initiative) grant (*EV 1.27 IEPI Grant Application*). The focus of the grant is institutional planning, strategic enrollment planning, and professional development. A greater effort will be made to link student achievement data to accomplishment of mission and institution set standards through program review data (*EV 1.28 IEPI Grant Partnership Team Process Summary based on May 11, 2021 visit*). New institutional research software is currently being reviewed to assist in this and will be purchased using IEPI grant funds. The goal is to have a system in place by Fall 2021. As discussed earlier, a pilot outcomes assessment project has been developed until the software is purchased and training on the program is completed. This process will likely take until Fall 2022 to be fully implemented. In the meantime, data from the pilot outcomes assessment project will be used to close the loop on SLO assessment. The Institutional Set Standards, that support the Mission, have been reviewed and updated. These were presented and approved at the March 24, 2021 Academic Senate meeting, the April 12, 2021 Consultation Council meeting, and the May 11, 2021 Board of Trustees meeting (*EV 1.29 Academic Senate minutes, March 24, 2021; Consultation Council minutes, April 12, 2021; and Board minutes, May 11, 2021*). A new timeline has been established so these are reviewed in February each year moving forward.

Resource allocation is driven by our budget planning process which is initiated by program review. This process is described in our Planning Budget handbook (*EV 1.30 Planning Budget handbook*). Current IPR budget requests go through this process. Programs with late program reviews will not be funded with budgetary needs. This has been another driving factor in programs getting their IPRs current. The College is currently reviewing the Educational Master Planning (EMP) process to provide better resource allocation. The EMP committee is responsible for creating a five-year comprehensive educational master plan and maintain the five-year educational master plan through yearly updates. The five-year plan and yearly updates will be used to identify items that have been completed, that are on-going, and that have not yet been addressed, as well as, add new goals and strategies annually to meet emerging needs. We are currently reviewing and assessing our planning process with our IEPI grant and have hired a consultant to assist (*EV 1.31 IEPI grant status report*) & (*EV1.28 IEPI Grant Partnership Team Process Summary based on May 11, 2021 visit*). The Planning Budget handbook also includes evaluations for input into this process (*EV 1.32 LCC Evaluation surveys*). A new strategic enrollment management process is being designed to better utilize data to drive scheduling to fit student needs and will be effective in Fall 2022. The IEPI grant will also streamline this process (*EV 1.33 IEPI grant application*).

The results of all of these processes need to be broadly communicated. Consultation Council is one of the ways the district regularly communicates with faculty and staff so as to share understanding of the College's processes as well as strengths and weaknesses. Standing agenda items include governance, consultation, guided pathways, accreditation and other information and communication. IT is updating our website link to make current IPRs and NIPRs publicly accessible. All approved program reviews are posted on the Lassen College website link. Budget updates are provided at all Consultation Council meetings (*EV 1.34 Consultation Council agenda and minutes*). Several surveys are available on the accreditation Canvas course for faculty and staff to provide input. These include a shared governance climate survey, SLO process survey, IPR process and information survey, and an evidence feedback survey. The Institutional Set Standards are also reviewed and assessed in Consultation Council. This feedback is used to assess and change processes that need refinement. This will help evaluate our processes and make improvements (*EV 1.35 listed surveys from Canvas accreditation course*).

Budget allocation results are being made available to all employees through the portal and discussed at Consultation Council. Budget updates are a standing item on the Consultation Council agenda (*EV 1.36 Consultation Council minutes*). The budget process is utilized as well. This requires login credentials to access. We are currently evaluating the processes by use of evaluations and surveys to improve the process and accessibility. Our current budget process is outlined in the Planning and Budget Development handbook (*EV 1.37 Planning and Budget Handbook*).

Analysis and Evaluation of Requirement 1

Requirement 1: In order to meet the standard, the team recommends the College assess the accomplishment of its mission through program review, student learning outcomes, and student achievement. The College must engage in continuous, broad-based, systematic evaluation and planning by conducting and implementing program review and resource allocation into a comprehensive process that, in turn, leads to improvement of institutional effectiveness and academic quality. The College must broadly communicate the results so that the institution.

Through analysis and evaluation, Lassen College has determined that **Requirement 1 has been Partially Met.**

The College made a decision to analyze the gaps in the planning and budget process, which includes program review, the assessment of student learning outcomes and how to improve institutional programs and services and academic quality. Elements of these processes have been updated and training provided to facilitate the implementation and adherence

to process. Work to get the College to a point to fully meet Requirement 1 will continue through 2022, outlined in Next Steps below, especially with the work that will be completed with the College's IEPI grant. An updated status report will be presented to the visitation team.

Once the catch up and clean-up is done, then processes will be evaluated, assessed, and adhered on a consistent basis within appropriate timelines. Training will be provided annually as to processes and timelines.

Accomplishments and Outcomes Towards Meeting Requirement 1

- Lassen College has identified gaps in processes and the effective implementation of processes.
- The College received an IEPI grant in February 2021 that will focus on the development of a long-term Educational Master Plan, that will include supporting long-term capital/facilities, human resources, information technology planning. The IEPI grant also has funding to develop and support (with software) a current Student Enrollment Plan and provides funding for Professional Development.
- As of Spring 2021, the College has:
 - Mapped 471 of 505
 - Completed 11 of 13 program reviews. One was intentionally pushed back to the hiring of a DSPS Director, and the Gunsmithing IPR has been tabled by the Academic Senate for further review.
 - Completed all steps of the published annual planning and budgeting process for 2021-2022
 - Has provided trainings in Program Reviews, Student Learning Outcomes and mapping
 - Compiled a list of gaps in current processes to give direction on improvements (*EV 1.38 Process Gap List*).

Next Steps in Meeting Requirement 1

- Academic Senate has taken responsibility for the annual implementation of the Instructional Program Review Process.
- Academic Senate is assessing for improving the Program Review process and template for Fall 2021 implementation.
- Complete the hiring of a SLO Coordinator for Fall 2021.
- Assess, select, install, utilize and training on a new Institutional Research software for Spring 2022.
- Follow the new NIPR Schedule.

Requirement 2:

In order to meet the standard, the team recommends the College regularly assess student learning outcomes at the course, program, and institutional level.
(I.B.2, I.B.4, II.A.3, II.A.11, II.A.14) (TR-18, 19, 26)

Evidence of Meeting Requirement 2

At the ACCJC visit in March 2020, Lassen College (LCC) was found to be deficient in "...regularly assess(ing) student learning outcomes at the course, program, and institutional level." The College admits that this is an area the district has struggled with meeting this standard adequately. The College decided to take a step back and provide some foundational support and create a culture of data driven decision making before jumping into "regularly assessing student learning outcomes at the course, program, and institutional level." We tackled this recommendation in small manageable steps starting Fall 2020. Since the College has not been collecting data regularly and for many years, it was important to train new faculty, update the forms and revitalize the process. The College's accreditation team provided support to the faculty in the form of the following training opportunities and updating outdated items:

1. August 13, 2020-The accreditation tri-chairs provided a flex training (*EV 2.1 fall flex schedule*) on How to Make Your SLO's (Student Learning Outcome)/AUO's (Administrative Unit Outcome) Work for You (*EV 2.2 How to Make your SLO's/AUO's Work for You PowerPoint*). This training defined SLO assessment, identified the appropriate form to use when reporting SLO's, how this process relates to LCC Mission/PSLO's (Program Student Learning Outcomes/GESLO (General Education Student Learning Outcomes)/ ISLO (Institutional Student Learning Outcomes), and how to map your student learning outcomes.
2. August 13, 2020-LCC's Interim Dean of Instructional Services, provided an Instructional Program Review (IPR) Orientation/Planning Overview flex training (*EV 2.3 fall flex schedule, Instructional IPR Orientation/Planning Overview PowerPoint and recording*). This training provided a broad overview of tasks needed to be completed for a strong Instructional Program Review. It was attended by those who needed to complete their IPRs and any additional faculty wishing to receive a refresher of the process. The administration has held faculty accountable for completing IPRs and will not support budgetary requests unless the IPR is current (*EV 2.4 Educational Master Plan*).
3. September 1, 2020-The accreditation tri-chairs provided a SLO Breakout session at Fall Convocation (*EV 2.5 Fall Convocation agenda*). This training was to provide SLO training for those who were unable to attend the Flex opportunity.

4. September 1, 2020-LCC's VP of Administrative Services and Interim Institutional Effectiveness provided an AUO Breakout session (*EV 2.6 Fall Year Convocation presentation AUO Breakout session, recording is located in the Canvas course*) at the Fall 2020 Convocation (*EV 2.7 Fall 2020 Convocation agenda*). This presentation reviewed the importance of AUOs, how to create a measurable AUO, the process to update an AUO, and how critical it is to close the loop.
5. September 23, 2020-The Academic Senate discussed the proposed adjusted IPR timeline to facilitate completion of late IPRs (*EV 2.8 IPR Handbook with new adjusted timeline*) with approval on October 14, 2020 (*EV 2.9 Academic Senate agendas and minutes, Sept 23, 2020 and October 14, 2020*) and on October 12, 2020 Consultation Council provided their approval (*EV 2.10 CC agenda and minutes, October 12, 2020*). Some of the changes included in the new IPR Handbook were adjustments to the timeline, new programs were added, and review of two-year advising plans. The objective was to complete all past due IPRs within 2020-2021 academic year.
6. In September 14, 2020 (*EV 2.11 Consultation Council agenda, September 14, 2020*), the Strategic Plan (including Mission and Institutional Student Learning Outcomes) was taken to Consultation Council to review. Changes were suggested and discussed at the September 28, 2020 (*EV 2.12 Consultation Council agenda and minutes, September 28, 2020*) meeting. The Strategic Plan suggestions were approved by Consultation Council October 12, 2020 meeting and approved by the board on December 15, 2020 (*EV 2.13 Consultation Council agenda and minutes, October 12, 2020; Board minutes, Strategic Plan, December 15, 2020*).
7. September 24, 2020 and November 5, 2020 The NIPR (Non-Instructional Program Review) Handbook was taken to Institutional Effectiveness Master Planning Committee (*EV 2.14 IEMP agenda and minutes, September 24, 2020 and November 5, 2020*) for review and approval of the handbook with changes to include updates to the programs and due dates on November 19, 2020 (*EV 2.15 IEMP agenda and minutes, November 19, 2020*).
8. October 14, 2020-The Interim Instructional Dean offered an additional IPR Orientation. The Dean reviewed the new timeline for "on time" and "late" IPRs (*EV 2.16 IPR Handbook, page 2 new timeline for on time and late IPR*).
9. October 30, 2020-A LCC instructor provided an additional training opportunity to address SLO reporting (*EV 2.17 email to staff, recording in Canvas course*). This training introduced the new SLO form, another example of how to map your SLOs, and answer any question from faculty.
10. An Accreditation Week, held October 26-30, 2020, (*EV 2.18 Accreditation Week email/flyer*) was held to bring awareness to the accreditation process, our recommendations, updates, and all things accreditation. The intention was to support

the faculty through the process and move to a computerized system to make program planning more efficient and meaningful. Accreditation Week was used to unveil the Accreditation Canvas course (*EV 2.19 Canvas Accreditation course*). It was created as a repository to house accreditation information such as the items mentioned above: presentations recordings, documents/forms, explanations of processes (i.e., how to create an SLO), handbooks (i.e., budget and planning), governance/budget/planning process, etc (*EV Canvas shell*). This information will continue to be used for future reference as a new employee or an existing employee attempting to update on a specific area. This is a work in progress and the tri-chairs continue to add content and information based on requests or discovery of important details which will help maintain our continuous improvement mindset and a culture of shared understanding of processes and resources available to facilitate processes.

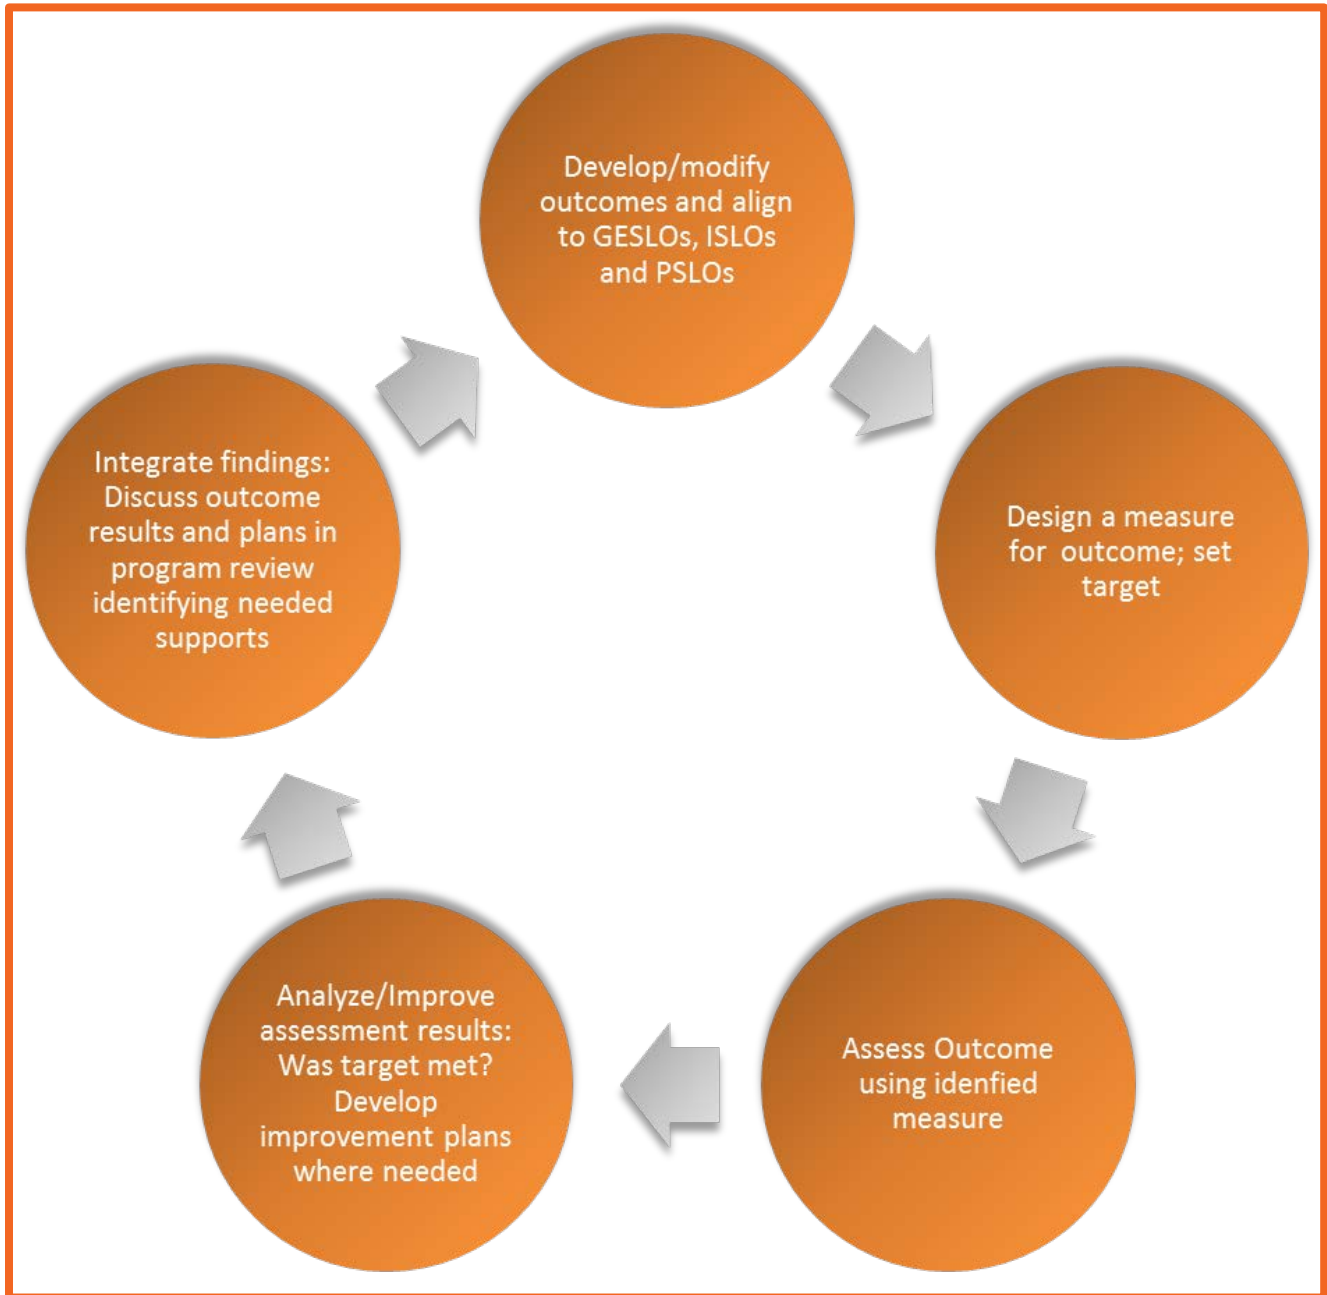

11. November 17, 2020-New SLO and PSLO mapping documents were approved by the Curriculum Committee (*EV 2.20 Curriculum meeting agenda and minutes new SLO/PSLO map, November 17, 2020*)
12. December 2, 2020-The Institutional Effectiveness Master Planning Committee proposed a new NIPR timeline (*EV 2.21 Curriculum meeting agenda and minutes new SLO/PSLO map, November 17, 2020*) and included it in the NIPR Handbook (*EV 2.22 NIPR handbook*).
13. December 4, 2020-Another SLO Mapping workshop was held (*EV 2.23 SLO PowerPoint, recording is provided in Canvas course*).
14. Curriculum started to see SLOs and PSLOs submissions (*EV 2.24 Example Curriculum agenda and minutes December 15, 2020 SLO History, January 19, 2021 PSLO example Social Science*).
15. February 2, 2021-(*EV 2.25 Spring convocation agenda, recording*) An LCC instructor provided a flex training to introduce the newly approved PSLO (Program Student Learning Outcomes) form, how to use it, and what forms were required to make changes to their PSLO's. Faculty were encouraged to complete SLO and PSLO mapping by April 6, 2021 (*EV 2.26 Chad's email to faculty*).
16. March 24, 2021-LCC's Institutional Set Standards with data and stretch goals were approved by Academic Senate (*EV 2.27 Academic Senate agenda and minutes, March 24, 2021*). The discussion included a conversation about how the stretch goals were established and how these standards align with Lassen College's Mission.
17. As of May 28, 2021, Lassen College completed and submitted to Curriculum 471 maps out of 505 active courses with one more Curriculum meeting. That is 93.27% completion rate. This has been an incredible accomplishment and speaks well of our faculty, administration, Curriculum, and accreditation team (*EV2.28 Curriculum Chair update*).

On March 24, 2021, Academic Senate (*EV 2.29 Academic Senate agenda and minutes*) and on April 6, 2021, Curriculum and Academic Standards Committee (*EV 2.30 Curriculum Agenda, discussion*) met and approved the new SLO Handbook (*EV 2.31 SLO Handbook*) which is posted to the Accreditation Canvas course (*EV 2.32 Canvas course*) and the Institutional Effectiveness webpage (*EV 2.33 Institutional Effectiveness portal page, <https://mylassen.lassencollege.edu/IE/Pages/default.aspx>*). The handbook includes content that speaks to definitions of the different types of SLOs, the SLO assessment cycle, how SLOs are included in a program review, suggestions on how to create SLOs, a Department Improvement Plan Brainstorming form, and an FAQ section. All LCC courses are approved by the Curriculum Committee, which include the student learning outcomes. SLOs are linked to one of LCC's Mission goals (i.e. Transfer, Economic/Workforce Development, or Basic Skills) (*EV 2.34 Lassen's Strategic Plan*), the appropriate GE Student Learning Outcome(s) (*EV 2.35 GE SLO's (PDF) and ([website link](#))*) and Institutional Student Learning Outcome(s) (*EV 2.36 ISLO's in Strategic Plan*). SLOs are aligned with one or more PSLOs. PSLO's approvals are also completed by the Curriculum Committee.

Lassen College's current SLO cycle consists of the following assessment schedule (see graph below). Each step is addressed in more depth in the SLO Handbook (*EV 2.37 SLO Handbook*) but essentially LCC faculty will develop a course outcome(s) that is aligned with GE SLOs, ISLOs, and PSLOs. Lassen College is in the process of updating and confirming alignment with GE/PSLO/ISLO's during the 2020-2021 school year. A measure is developed, and a target is set. Per contract, the following items are required (*EV 2.38 LCFA contract, page 20*):

1. "Preparation and submission of an SLO Assessment Plan for each class within one week of the first meeting of the class."
2. "Implementation of the assessment method as indicated on the SLO plan for each class."
3. "Submission of the results of the assessment method and steps taken as a result of the assessment within 8 district business days after the last day of finals."

Lassen College will assess the SLO's and include closing the loop, mentioned in the newly revised SLO Handbook (*EV 2.39 SLO Handbook*), by analyzing the results in conjunction with others in the department and at Academic Senate which could include discussions on teaching methodologies and effects on the student learning outcomes and if the target was met. Improvement plans will be developed where necessary which will be addressed in the program reviews. The Improvement Plan will be included in the IPR which could then feed into the budgetary process if appropriate.

The district has measured course SLOs more regularly than any other SLO's (GE SLO's, PSLO's, and ISLO's). However, the college does not currently have a database/system in place to house this information. Over the last decade LCC has seen many systems to house our SLO data (i.e., WEAVE, a home-grown system, Qlik). Recently, Lassen College's Institutional Effectiveness department created a spreadsheet (*EV 2.40 IE SLO spreadsheet*) to house this information as a temporary solution. The district used the spreadsheet while exploring other software systems (i.e., Canvas and/or Watermark) and will continue to use

this methodology until a new software application can be selected and implemented. The plan is to select and implement a software system by spring 2022 as an outcome of the College's IEPI grant it is currently working on that includes assessing and improving planning, developing a Strategic Enrollment Plan and staff development opportunities focusing on a districtwide shared understanding of its processes that support its mission, strategic goals, institutional set standards, and long-term planning (*EV2.41 IEPI Grant Partnership Team Process Summary based on May 11, 2021 visit*). Spring 2021, an SLO Coordinator position was being negotiated to support our SLO efforts.

During the 2020-2021 school year the College lost its Instructional Designer. However, in March 2021 the position was rehired (*EV 2.42 LCC Board meeting agenda and minutes, March 9, 2021*). This position is critical in providing faculty support as we move forward with setting up the new software system. On May 14, 2021, a few of the accreditation workgroup members participated in a presentation of the product Ellumen and explored the function of SLO reporting. The members took their recommendation back to the workgroup and decided to continue its search in hopes of making a selection by Spring 2022.

The College still has some work to do before it can be said that we assess at the course, program and institution level regularly. On March 24, 2021, LCC tri-chairs proposed a pilot program to Academic Senate (*EV 2.43 Academic Senate agenda and minutes, March 24, 2021*). The pilot program was approved at the April 14, 2021 meeting (*EV2.44 Academic Senate agenda and minutes, April 14, 2021*) and endorsed by Consultation Council on April 26, 2021 (*EV2.45 Consultation Council minutes April 26, 2021*). The goal of the spring and summer 2021 pilot, was to gather PSLO and ISLO data, assess methods, and design methodology improvements for future data collection. The programs selected were intentional as those IPRs are due Fall 2021. The proposal included the following programs: Mathematics/Natural Science, Physical Education (area E2) Athletics, Administration of Justice, Automotive Technology, Agriculture, Business, Child Development, and Information Systems. The goal was to have each graduate complete a PSLO Survey (*EV 2.46 PSLO Survey*) for each program they completed and one (1) ISLO survey (*EV 2.47 ISLO Survey*). The pilot program started with the Institutional Effectiveness Office who reached out to students at graduation practice, email of the PSLO survey, and a text message of the ISLO survey.

Analysis and Evaluation of Requirement 2

Requirement 2: *In order to meet the standard, the team recommends the College regularly assess student learning outcomes at the course, program, and institutional level.*

Through analysis and evaluation, Lassen College has determined that **Requirement 2 has been partially met.**

The College has focused on facilitating regular assessment of student learning outcomes at the course level with data, training, and taking the time to assess its current process and timeline and improving on it during the 2020-2021 academic year. The Academic Senate, which has actively been involved with building this foundation during the 2020-2021 year, has recognized and committed that the regular assessment of student learning of courses and program is the responsibility of the Academic Senate (*EV 2.48 Accreditation Next Steps Email, March 31, 2021*).

Work will continue regarding the assessment of student learning outcomes at the program and institutional levels which is outlined in the two-year plan (see below and in SLO Handbook) which will provide structure to regularly assess student learning outcomes at the course, program, and institutional level above.

Accomplishments and Outcomes Towards Meeting Requirement 2

- Lassen College has worked hard on this recommendation. We have made marketable progress in a short period of time to get to where we are now. However, we understand it will take consistency with best practices to reach our goal. The College has established a manageable timeline and expect to meet this standard in its entirety by the end of 2022-2023 school year.
- Our faculty, Academic Senate, and administration has worked hard to get Lassen College back on track with our IPR process and schedule. At the beginning of 2019-2020 school year, Lassen College had 13 IPR's that were late or due. As of May 28, 2021, six have been completed and board approved. Five IPR's are going to the June board meeting. LCC knew the DSPS IPR would not get completed this year due to lack of a full time hire in the director position. This only leaves the Gunsmithing IPR outstanding which was tabled by Academic Senate for additional review in August. As a result, all IPRs were updated and approved in the 2020-2021 school year with the exception of the two mentioned (*EV 2.49 Academic Senate IPR update email*).
- As of May 28, 2021, Lassen College completed and submitted to Curriculum 471 maps out of 505 active courses with one more Curriculum meeting. That is 93.27% completion rate. This has been an incredible accomplishment in that it was accomplished in 10 months and speaks well of our faculty, administration, Curriculum, and accreditation team (*EV2.50 Curriculum Chair update*).

Next Steps for Meeting Requirement 2

The College has developed an SLO Process Improvement timeline. The following are comments that have been mentioned throughout the process and will be discussed as the fine tuning of this process continues to develop regular assessment of student learning outcomes at the course, program, and institutional level:

Summer 2021

1. Academic Senate to revise and adopt IPR template. Academic Senate determined to develop a workgroup to address this issue over summer (*EV 2.51 Academic Senate minutes May 12, 2021*).
 - a) Include PSLO assessment
 - b) Include a reflection of data
 - c) How does Assessment drive Program Improvement?
 - d) Address plans for improvement to ISLO/PSLO data
 - e) Reference Budget Prioritization Criteria
 - f) Curriculum Evaluation includes SLO/PSLO mapping
 - g) How to close the loop of SLO reporting

2021-2022

1. Cabinet/IEMP to revise and adopt NIPR template
 - a) Connection to College Mission
 - b) Any outside compliance issues (Title 5, ACCJC, etc.)
 - c) Identify how to collect data for all NIPRs
 - d) 1 survey for all NIPRs to students
 - e) Reflection on Data
 - f) Identify Improvements and re-assess
 - g) IE office identify data distribution schedule
2. Finish Institutional Effectiveness spreadsheet for SLO and PSLO mapping in Fall 2021
3. Consistent assessment of SLO -Need to address how to close the loop on those courses that are not offered every term or even every year. How to flag for instructors to revisit the recommendation of changes from the previous course offering? Make sure the recommendation changes are included in the next course offering and identify if student achievement improved. Do we recommend review in recommended annual updates? Or, does it need to be a required task?
4. Consistent mapping, aligning course SLOs to ISLOs, PSLOs, and GESLOs
5. Exploration and demo of SLO software system (Spring 2022)
6. Conduct post graduate surveys beyond the ones for IPRs due next year
7. Academic Senate to revise and adopt IPR template

8. Purchase and begin to implement student learning outcome system
9. Train Institutional Effectiveness, IT, faculty
10. Continue to use stop gap (spreadsheet) to report SLO and Student Achievement Standards until a new software application is selected and successfully implemented.
11. Hire a dedicated researcher to provide consistent distribution of data, reporting, and apprised of deadlines that affect that department
12. Integration of improved SLO data in IPR
13. Integration of IPR prioritized recommendation in planning process
14. Evaluate pilot and move forward with plan to measure PSLOs and ISLOs. Develop improvement plans for furthering robust SLO assessment.
15. Testing of student learning outcome software system(s)

2022-2023

1. Complete implementation of student learning outcome system, regularly assess SLOs, PSLO, ISLOs and Student Achievement Standards
 - a) Follow re-evaluation in IPRs/NIPRs
 - b) Report Improvements or modifications

Requirement 3:

In order to meet the standard, the team recommends the College establish a process for setting institution-set standards for student achievement appropriate to its mission and assess how well it is achieving them in pursuit of continuous improvement (I.B.3), (TR-19, 20)

Evidence of Meeting Requirement 3

The Establishment of Institution-set Standards:

Lassen Community College (LCC) has established Institution Set Standards (ISS) for student achievement that were determined through a collaborative process with the Academic Senate. The College has five general Institution Set Standards for student achievement (*EV 3.1 ISS*), and also Institution Set Standards for job placement (*EV 3.2 ISS Job*) and for CTE licensure exams (*EV 3.3 ISS Exam*).

The five institutional standards include:

1. Completion is the number of students who receive a successful grade over the number of students who are enrolled in the course.
2. Fall-to-Fall Retention is the percent of students retained from fall to fall.
3. Degrees Awarded is the number of students who received a degree in the academic year.
4. Certificates Awarded is the number of students who received a certificate in the academic year.
5. Four-Year Transfer is the number of students that transfer to a to 4-year institution in the academic year.

All LCC Institution Set Standards are aligned with the Mission of the College and reflect student achievement:

“Lassen Community College provides educational programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The College serves diverse students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.” Board Approved December 15, 2020 (*EV 3.4 Mission*).

Assessment of ISS Results:

To date, the College has assessed the results of the Institution Set Standards only as part of the Annual ACCJC report, not as part of a continuous improvement process within the College itself. The College has made significant progress towards addressing this procedural gap. The LCC Academic Senate discussed Lassen College's Institution Set Standards at its December 9, 2020 meeting (*EV 3.5 Academic Senate Minutes, December 9, 2020*). Academic Senate expressed a desire to examine what other California Community Colleges have for their Institution Set Standards and review what the ACCJC requirements are in comparison to the existing Lassen College Institution Set Standards.

The Institution Set Standards were discussed and reviewed at the February 24, 2021 Academic Senate meeting. Revisions were then discussed at their March 10, 2021 meeting. Subsequent analysis of longitudinal data then resulted in further adjustments to the specific numerical goals within the standards. This process resulted in not only the adjustment of the baseline goals, but also the establishment of stretch goals for all of the standards.

A robust dialogue occurred by Academic Senate at their March 24, 2021 meeting. All discussions regarding approval of these standards involved not only setting the goals according to data analysis, but also how the college can improve its performance towards meeting these goals. This included a review of the ACCJC requirements along with associated data on the achievement of the existing Lassen College Institution Set Standards. This data was presented in its entirety as part of the presentation at this meeting, as is currently presented within the annual ACCJC report, and was used in the development of methodologies to monitor and adjust the standards in subsequent years. Revisions to the Institution Set Standards included the adjustment of goal numbers within the standards, as well as each individual standard being numbered (ISS# 1 through ISS# 7) to foster more convenient communication of the standards. The three separate documents of all Institution Set Standards were also combined into one single document that now shows all Institution Set Standards for the College. The final version of the Institution Set Standards was approved by Academic Senate at their March 24, 2021 meeting. These revised standards will be implemented after approval of the final version of the Institution Set Standards by Consultation Council approval at their April 12, 2021 meeting. Lastly, the final, approved standards were presented as an informational item to the Board of Trustees at their May 11, 2021 meeting (*EV 3.6 Board minutes, reformatted Institution Set Standards, May 11, 2021*).

Institution Set Standard (ISS) numbers 1 through 5 relate to completion rates, retention rates, number of degrees and certificates awarded, and transfer rates. The methodology

implemented in the newly approved versions of these standards involved longitudinal analysis of data to determine overall and rolling three-year averages for each data set. These averages were then used to set new baseline and stretch goals and present a repeatable methodology that allows the College to review and easily revise these standards in February of each year moving forward. ISS # 6 (Licensure Pass Rates) and #7 (Job Placement Rates) used analysis of both historical and Perkins data to determine baseline and stretch goals, data which will also be used in the annual review performed each February. In this annual review, the Academic Senate will review the standards and assess performance relating to how the College did in meeting the standards Baseline and stretch goals will then be adjusted according to data analysis in a manner that both monitors and challenges institutional performance.

Analysis and Evaluation of Requirement 3

Requirement 3: *In order to meet the standard, the team recommends the College establish a process for setting institution-set standards for student achievement appropriate to its mission and assess how well it is achieving them in pursuit of continuous improvement.*

Through analysis and evaluation, Lassen College has determined that **Requirement 3 has been met.**

The College has established Institution Set Standards. The achievement results of these standards have historically only been presented in the ACCJC Annual Report, but the College is incorporating these results into a regular process of analysis—with a repeatable methodology—to inform continuous improvement. The College has implemented an annual review process to review the standards, to analyze how the standards help Lassen College to achieve its mission, and to assess Institution Set Standards achievement results. This discussion will also include a comparison of LCC ISS to the US Department of Education College Scorecard data elements. This process began in February 2021 with a review of the standards through the shared governance process and will be an annual review process in February moving forward. This review process will assess whether the Institution Set Standards:

- Monitor as well as challenge institution performance
- Demonstrate awareness and use of key metrics in the USDE College Scorecard.
- Foster a Broad-based understanding of the priorities and actions to achieve and exceed institution-set standards.
- Achievement results are reviewed annually to assess institution performance

- Addresses instances of institution-set standards not being met by establishing and implementing plans for improvements that enables attainment of the standards.
- Dialogue regarding the assessment of Institution Set Standards occurred with faculty over multiple meetings and was a rich and robust review of the revision to the standards that ensured that the goals monitor and challenge institutional performance.

Having been regularly included in the ACCJC Annual Report, the College has always publicized achievement results of the Institution-set Standards but is working towards improving the public dissemination of these results to a wider and more appropriate audience. One of the methods to improve the appropriate publication of ISS achievement results will be to include of this data in the next and future LCC Annual Reports. The ISS results are published in the area of Institution Effectiveness on the LCC web site ([EV 3.7 Institutional Effectiveness Website \(PDF\)](#) and [\(website link\)](#)).

Accomplishments and Outcomes Towards Meeting Requirement 3

- The College has established Institution Set Standards that are appropriate to its mission.
- The Institution Set Standards are published to the College web site and the LCC Annual Report.
- The College has established a plan, a path forward, to close the gaps in this process and to bring the process into full compliance with ACCJC standards. This process will include an ongoing dialogue on the Institution Set Standards which will include the implementation of a process to assess achievement of those standards in order to ensure continuous improvement of institution performance.

Next Step(s) in meeting Requirement 3

- The College is exploring the development of methods to further disaggregate the data by program and other data elements. In doing this, the College would make the data more potentially usable to further continuous improvement for specific equity groups within the student body.
- Include the Institutional Set Standards (ISS) results the next and future LCC Annual Reports.

List of Evidence for Requirement 3 Response

- EV 3.1 ISS
- EV 3.2 ISS Job
- EV 3.3 ISS Exam
- EV 3.4 Mission
- EV 3.5 Academic Senate Minutes, December 9, 2020
- EV 3.6 Board minutes, Reformatted Institution Set Standards, May 11, 2021

- EV 3.7 Institutional Effectiveness Website ([PDF](#)) and ([website link](#)).

Requirement 4:

In order to meet the standard and the commission policy, the team recommends the College develop a transfer of credit policy and publish the information.
(II.A.10 & Commission Policy on Transfer of Credit) (TR-26, 27)

Evidence of Meeting Requirement 4

Alignment with Mission, Strategic Plan, and Institutional Set Standards:

Lassen College's Mission and Strategic Goals drives the student's experience with transferring to or from another institution in the following ways:

- LCC's Mission states that "the core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instructions." (*EV 4.1 2020-2021 LCC's Strategic Plan, Mission*)
- LCC's Strategic Plan identifies that one of Lassen College's Student Success values includes "Recognizing and minimizing barriers to student success" (*EV 4.2 2020-2021 LCC's Strategic Plan, Student Success Values*).
- LCC's Student Success Strategic Goal notes "Provide a college environment that reaches out to and supports students, minimizing barriers, and increases opportunity and access and retention to enable student attainment of educational goals including completion of degrees and certificates, transfer, job placement and advancement, improvement of basic skills, and self-development through lifelong learning" (*EV 4.3 2020-2021 LCC's Strategic Plan, Student Success Strategic Goal*).

Lassen College Institutional Set Standards, specifically our four-year transfer and completion goals, benefit from LCC's efforts of implementing, or updating, policy and documents to provide a strong foundation for students to seamlessly transfer credit to and from our institution (*EV 4.4 2020-2021 LCC's Institutional Set Standards, #1 and #5, Academic Senate agenda and minutes, March 24, 2021*).

Development and refinement of transfer of credit policy:

In August 2020, the College's Counseling Department was tasked with reevaluating and refining key components for a robust transfer policy. LCC already had a policy that reflected the following opportunities to transfer credit:

- Courses are submitted to C-ID, when appropriate, in hopes of receiving the common course number. As a result, students and counselors can easily identify a common course across campuses. C-ID numbers are noted with the course in the LCC course

catalog (*EV 4.5 2020-2021 LCC Catalog, page 38*). The C-ID website link is also used as a reference for counselors. The approved courses help feed into one of Lassen's 14 Associate Degrees for Transfer, creating a seamless admission process into a California State University campus (*EV 4.6 AP 4050*).

- Transferrable courses are submitted for articulation between Lassen College and the UC's and CSU's. The approved courses get published to a public site known as Assist.org (*EV 4.7 Assist.org (PDF) and (website link link)*). Assist.org is our statewide repository of articulation between California Community Colleges, the California State University and University of California systems. The site was inactivated in 2016 in the hopes of creating a new and improved site. Due to technical issues, the new Assist website link did not return until fall 2020. Articulation agreements from 2016 to present are slowly getting updated and published. The site includes CSU/UC transferable courses, CSU GE/IGETC (Intersegmental General Education Curriculum) approved courses, and CSU American Institution approved lists, course to course articulation, and major articulation agreements. The Articulation Officer works with colleges/universities out of state as well. The articulation agreements are usually published on the campus webpage or in their university's TES/Transferology program (*EV 4.8 i.e. UNR TES program (PDF) (website link link), Oregon Institute of Technology (PDF) (website link link), Arizona State University (PDF) (website link link)*).
- Counselors use California State University Executive Order 1036 (*EV 4.9 CSU EO 1036 (PDF) and (website link link)*) to grant permission to veteran students with a DD 214, discharge papers, to satisfy CSU GE Breath Area E. Military credit will be evaluated by using recommendations from the American Council on Education (ACE) Guide (*EV 4.10 ACE Military Guide (PDF) and (website link link)*).
- Administrative Procedure Credit by Exam, now known as Credit for Prior Learning, is a policy used at Lassen College to establish credit for knowledge learned through a process rather than a transcribed course (*EV 4.11 AP 4235*). A student may challenge a course for college credit by completing a Credit by Exam form (*EV 4.12 Credit by Exam form*). Students then take an exam proctored by the instructor of the course. If the exam is passed a grade is earned and posted on the student's transcript. The title of the course is reflected on the transcript with a grade and notated that it was earned via "Credit by Exam."
- Local high school students can earn college credit for taking a high school course articulated with the college by passing the final exam and earning a B or higher in the course. The course is also identified on the transcript as "Credit by Exam," formerly known as 2+2 credit (*EV 4.13 AP 4235, 2+2 form*).

- High school students who take and pass an Advanced Placement course with a score of a 3, 4, or 5 can earn appropriate GE credit, graduation requirement, or advanced placement in a course sequence *(EV 4.14 AP 4235)*.
- College Level Examination Program (CLEP) exam results can be provided to a counselor to be evaluated. Students can receive credit to meet general education, graduation requirement, or advanced placement in a course sequence *(EV 4.15 AP 4235)*.

Established Procedures:

- When transcripts are provided from another regionally accredited institution the Evaluator reviews the coursework by using Assist, Transfer Center Website link, C-ID website link, College Source/TES system, and catalogs to determine course equivalency, general education, and/or course placement.
- Credit then is entered into our system for the student to see in relation to their educational plan. The student, administrative assistant, counselor, or incarcerated program can initiate an evaluation via the new form, verbally, or via email.

Publishing of the transfer information:

- The “New Student” steps on Lassen College’s website link reflects changes that were made once we finalized the policy *(EV 4.16 New Student Registration Steps (PDF) and (website link link))*. The website link mentions that students should share with the college counselor their high school/college transcripts, Advanced Placement (AP)/SAT/ACT/ and now includes CLEP scores and military transcripts.
- The counselor will provide assistance in determining appropriate placement and/or credit to be transferred. If credit is to be granted (i.e., the passing of an AP exam) the Evaluator will input the information into the database.
- Within the New Student page, LCC identifies additional steps for veteran students on a Veteran webpage *(EV 4.17 Veterans (PDF) and (website link link))*. This page now speaks to sharing their military transcript for evaluation.
- On the International Student Webpage *(EV 4.18 International Student orientation (PDF) and (website link link))* the orientation video speaks to bringing the equivalent of high school transcripts and SAT/ACT scores to assist in placement.
- A Transcript Evaluation form has been created for distribution in the incarcerated packet *(EV 4.19 Incarcerated Ppacket)*, shared on our website link *(EV 4.20 LCC Counseling (PDF) and (web site), New Student page, step 8- (PDF) and (web site), Steps to Become a Student page, step 6- (PDF) and (web site), Counseling FAQ question 4- PDF and (web site), student portal- PDF and (web site))*, and provided in LCC student orientation *(EV 4.21 Orientation)* but that is not the sole manner in which a transcript evaluation can be requested *(EV 4.22 Transcript Evaluation Form)*. Transcripts,

AP/CLEP scores, are shared with the Evaluator via student, counselor, correspondence office, or administrative assistant request.

- LCC's catalog also communicates to the student a number of policies, one of them being the transfer of credit process (*EV 4.23 LCC Catalog, pgs. 37-38*). The Board of Trustees webpage that provides access to the public version of Board Docs which houses all of our policies (*EV 4.24 LCC Board Docs (PDF) and (website link)*).
- LCC's Transfer Center webpage (*EV 4.25 LCC Transfer Center (PDF) and (website link)*) provides the student with transfer information such as college searches, Career/Transfer Fair, and the services we provide to ensure successful transfer to the next institution.
- LCC's Admissions Office houses a Transcript Evaluation form in their office (*EV 4.26 Transcript Credit form*) and on the website link (*EV 4.27 LCC's Admission and Records (PDF) and (website link)*) to accommodate students transferring out of Lassen College.

Process of creating a robust policy:

The LCC Counseling Department met once in August and once in September 2020 (*EV 4.28 Counseling department minutes, August 11, 2020 and September 8, 2020*) to conduct discussions on the key components, including ACCJC Transfer Policy of Credit (*EV 4.29 ACCJC Transfer Policy of Credit document*) to be included in the transfer policy. The policy then followed our planning process which included input from the appropriate master planning committee, Academic Senate, and Consultation Council. The outline was sent for review in September 2020 to Academic Senate (*EV 4.30 Academic Senate agendas and minutes, September 30, 2020*). There were continued discussions regarding content of the policy at every Academic Senate meeting in October 2020 (*EV 4.31 Academic Senate agendas and minutes, October 14, 2020 and October 28, 2020*).

The outline of suggestions was forwarded to the Student Services Planning/Student Success Master Planning Committee for review on November 2, 2020 (*EV 4.32 SSP/SS agenda and minutes, November 2, 2020*). The item was tabled as Academic Senate considered including the transfer policy information in Administrative Procedure 4235 to reflect the new Credit for Prior Learning content (*EV 4.33 Academic Senate agenda and minutes, November 25, 2020*). Academic Senate's second read of the policy was held and approved December 9, 2020 (*EV 4.34 Academic Senate agenda and minutes, December 9, 2020*). Consultation Council reviewed this policy on January 25, 2021 (*EV 4.35 Consultation Council agenda and minutes, January 25, 2021*) and was finalized. After receiving Consultation Council approval, the Curriculum Specialist was asked to include the transfer policy content in the Lassen College 2021-2022 Catalog (*EV 4.36 Catalog, page 36*) via email February 6, 2021 (*EV 4.37 email of request, February 6, 2021*). A Transcript Credit form was created by the Evaluator and went to Academic Senate for approval (*EV 4.38 Academic*

Senate agenda and minutes, February 24, 2021) on February 24, 2021 (EV 4.39 Transcript Evaluation form). The general and incarcerated orientations (EV 4.40 incarcerated orientation document) have always included language to request a transcripts evaluation in order to save time and money, but the form was included on page 2 of face-to-face orientation (EV 4.41 screenshot of orientation slide and form in packet). The information was added to our Counseling webpage (EV 4.42 Academic Counseling (PDF) and ([website link](#))).

Analysis and Evaluation of Meeting Requirement 4

Requirement 4: *In order to meet the standard and the commission policy, the team recommends the College develop a transfer of credit policy and publish the information.*

Through analysis and evaluation, Lassen College has determined that **Requirement 4 has been met.**

The College has developed, updated, and adopted transfer credit content (EV 4.43 AP 4235), that is now included in the Credit for Prior Learning policy, and a new form (EV 4.44 Transfer Credit form). LCC's Credit for Prior Learning Policy, which includes the transfer of credit, has been published in the College 2021-2022 Catalog (EV 4.45 2021-2022 LCC Catalog, page 17), Incarcerated webpage (EV 4.46 LCC Incarcerated (PDF) and ([website link](#))), included in the Incarcerated Orientation (EV 4.47 handouts or slide from Orientations), posted to the LCC Counseling website link (EV 4.48 Counseling website link (PDF) and ([website link](#))) and LCC online orientation (EV 4.49 Orientation slide 2).

Accomplishments and Outcomes towards Meeting Requirement 4

- LCC had a solid foundation to address transfer credit for students prior to our visit. Since the Peer Team visit in March 2020, the policy was fine-tuned, and a form was created.
- All of these items have been widely advertised in the standard and incarcerated webpage, orientations, and website link.
- With a clearer policy and new forms now in place, students can easily find access to our transfer of credit process in the catalog, on our webpages, and in our catalogs. With the advertising of the new policy and forms, Lassen College will next develop a webpage, outside the portal, to house articulation information for students.

Requirement 5:

The College complete its policy process for the program viability policy (II.A.15) (TR-26, 27)

Evidence of Meeting Requirement 5

In support of the College's Mission and the shared governance process, Lassen College's Academic Senate reviewed and discussed a Program Viability and Discontinuance policy during their February 11, 2020 Academic Senate meeting (*EV 5.1 Academic Senate agenda and minutes, February 2, 2020*). To foster a collegial environment Senators discussed the policy again on February 25, 2020 but did not take action as they wanted broader faculty input (*EV 5.2 Academic Senate agenda and minutes, February 25, 2020*). Feedback was received from four faculty members and incorporated into the AP 4021 draft. Action to approve AP 4021 Program Viability and Discontinuance policy, with the additional edits occurred during the March 10, 2020 Academic Senate meeting (*EV 5.3 Academic Senate agenda and minutes, March 10, 2020; AP 4021*).

AP 4021 Program Revitalization or Discontinuance

References: Education Code Section 78016; Title 5 Sections 51022 and 55130; ACCJC Accreditation Standard II.A.15

Lassen Community College is committed to supporting programs and classes that fulfill the goals of the Mission Statement as these are elaborated in the Educational Master Plan. Following Title 5, section 55000, "program" is herein defined as an organized sequence of courses leading to a defined objective, e.g., a degree, a certificate, a diploma, a license or transfer to another institution of higher education. As this applies to LCC, a program is defined as a whole and not individual degrees, certificates, or courses within the program as detailed in the LCC course catalog. Only programs with low or declining enrollment, decreasing demand for service or clear obsolescence shall be considered for discontinuance. The service provided to the college and the community by the program will be the primary consideration for a program's discontinuance. Budget concerns shall not be the primary consideration.

- A. A program May be considered for discontinuance only if one or more of the following criteria are fulfilled:
1. The goals and objectives of the program are no longer appropriate to the Mission of California Community Colleges, LCC's mission or Educational Master Plan, and/or congruent with the institutional Strategic Plan of the District.

2. The program curriculum no longer aligns with university transfer majors or, General Education requirements of the program no longer meet industry needs and lack demand in the current job market and the program's field is not considered an emerging industry or career path.
3. The program does not meet curriculum standards as defined by Title 5 section 55100.
4. There are insufficient resources to realistically support the program at a sufficient level of quality and the program has experienced either consistent low enrollment, per the Lassen College Faculty Association (LCFA) contract, or statistically significant declining program persistence and completion rates over the course of three or four offerings, as evidenced by reliable, longitudinal data.
5. The program has been determined to be out of compliance with existing state or federal laws, i.e., Title 5, section 55130(d), or licensing laws in particular occupations.
6. There is universal agreement among faculty in a program that it be merged with or replaced by another related program.

When a specific program fulfills one or more of these criteria, the faculty in the program, college administration, or college Curriculum Committee will contact the Department Chair directly supervising the program and convene a Program Revitalization/Discontinuance Task Force.

- B. A Program Revitalization/Discontinuance Task Force will consist of the following voting members as well as one non-voting member:
 1. At least one faculty member that teaches in the program, or if they are not available, if necessary, the faculty from a closely related field, as selected by a faculty member who teaches in the program.
 2. The Department Chair overseeing the program.
 3. The Dean of Instruction supervising the program.
 4. A representative from the office of Institutional Effectiveness.
 5. The Articulation Officer or designee from counseling who does not teach in the program.
 6. A representative of the Academic Senate who does not teach in the program.

7. The chair of the Curriculum Committee or designee who does not teach in the program.
8. The Vice President of Academic Services, or designee, shall chair the Task Force as a non-voting member but May vote in the case of a tie.

The Task Force will inform the college community that the program is being considered for revitalization or discontinuance after several factors are considered using a holistic approach.

In the spirit of good intentions and future enrollment management and planning, the Task Force, a subcommittee of Academic Senate, will consider several factors in making its determination. Possible areas of inquiry include:

- Needs of the community.
- Needs of the department as the particular class fits in as part of a program.
- Workforce development;
- Currency and accuracy of Program Review;
- Quantitative and Qualitative data;
- Core indicators from Chancellor's Office;
- Local labor market information through EDD (Employment Development Department) and or employer Program Advisory Committees and surveys; North-Far-North Consortium, Centers of Excellence;
- Reputation and skills of program and/or staff;
- FTES generated by program;
- Other funding sources, such as grants or contributions from business and industry;
- Percentage of faculty who have updated skills (staff development, industry externships, conferences, courses, etc.) documented within past three years;
- Special leadership, integration or cross discipline projects in which the program is involved;
- Possibility of merging or replacing program with a related program;
- Feedback from the Advisory Board from the affected CTE program.

A public comment session will be called, followed by a closed Task Force meeting in order to decide on one of three directives (see below).

C. The Program Revitalization/Discontinuance Task Force will give one of the following directives to the college Curriculum Committee in writing:

1. Directive A - Program Continuance: The program is accepted in its current state.
2. Directive B - Revitalization Effort: The Task Force will assist program faculty and other involved parties in developing a process/plan and associated time table to revitalize the program. Resources will be allocated as necessary; in order to improve program enrollment, retention, completion and other measures of program success. Some areas to be considered are: in-depth revision of the program courses, upgrading of facilities, and offering of workshops to provide re-training, changes in methodology, approaches to teaching, etc. Other considerations will involve Student Support Services, which promotes student success and retention.

The Task Force will specify the desired levels of improved performance as directed and overseen by the task force chair or designee. If there has not been a sufficient increase in key performance indicators a full academic year within the 12 months following the implementation of the process, the Administration will reconvene the Task Force and choose one of the following:

- a) Accept the program in its current state (Directive A);
 - b) Give the program an extension of two semesters under the current revitalization efforts and, at the end of the extension, the Task Force will reconvene and re-evaluate;
 - c) Create a new plan to improve program performance. This plan will then be implemented over the following 12 months;
 - d) Discontinue the program (Directive C).
3. Directive C - Program Discontinuance: The program is discontinued in a manner that respects the needs of students and fulfills contractual obligations to faculty and staff. The discontinuance procedure will allow currently enrolled students to complete their program(s) of study

in accordance with the rights of students as stipulated in the college catalog.

Office of Primary Responsibility: Office of Instruction

Approved by Academic Senate: 3/10/20

Reviewed by Consultation Council: 4/13/20

Updated: 5/27/2020

The AP 4021 policy was reviewed by Consultation Council on April 13, 2020 (*EV 5.4 Consultation Council agenda and minutes, April 13, 2020*) and then updated on BoardDocs on May 27, 2020 (*EV 5.5 AP 4021 Program Revitalization or Discontinuance*).

Analysis and Evaluation in Meeting Requirement 5

Requirement 5: *The College complete its policy process for the program viability policy.*

Through analysis and evaluation, Lassen College has completed and adopted Program Revitalization or Discontinuance Policy AP 4021 and determined that **Requirement 5 has been met.**

Policy 4021 has been embedded in our planning process through Instructional Program Review which is aligned with our mission which guides decision-making, planning and resource allocation (*EV 5.6 Instructional Program Review Handbook, page 7*)

Accomplishments and Outcomes towards Meeting Requirement 5

The Policy has already been utilized. As per AP 4021, the Chief Instructional Officer created a task force to review programs that May need revitalized or discontinued in fall of 2020. The members included:

- Colleen Baker (Academic Senator)
- Carie Camacho (Chief Instructional Officer)
- David Corley (Institutional Effectiveness Office)
- Lisa Gardiner (Division Chair)
- Roxanna Haynes (Dean of Instruction)
- James Kleckner (Art Faculty)
- Chad Lewis (Curriculum Chair).
- Andy Rupley (Division Chair)
- Adam Runyan (Academic Senate President)
- Alison Somerville (Articulation Officer)
- Celeste Wiser (Academic Senator)

The first task force meeting occurred on October 6, 2020 (*EV 5.7 Taskforce minutes, October 6, 2020*). During this meeting the intent of AP 4021 was reviewed and discussed. Goals for the committee were established - initial plans were to develop a revitalization plan for Early Child Development, and discontinuance plans for the Anthropology AD-T, Art History AD-T, Geology AD-T, and the Digital Graphics Design program. The task force agreed that the next step would be to review data provided by the Institutional Effectiveness Office (FTE generation, completers, number of students in program, class rotation). It was agreed upon that the following programs/degrees would be reviewed: Anthropology AD-T, Art History AD-T, Geology AD-T, the Digital Graphics Design program and the Early Childhood Education (ECE) program.

During the second taskforce meeting on November 3, 2020 (*EV 5.8 Taskforce minutes, November 3, 2020*) the programs in question and the idea of developing consistent criteria to review all programs was discussed. It was decided that each program is different enough that using the same approach to review each program may not work and that each program would be looked at independently.

On November 10, 2020 (*EV 5.9 Taskforce minutes, November 10, 2020*) the taskforce reviewed qualitative and quantitative data provided by the Office of Institutional Effectiveness and unanimously voted to begin the deactivation process of Anthropology AD-T, Geology AD-T and to revitalize the ECE program over a two-year period to meet industry standards. These recommendations were sent to Consultation Council on February 8, 2021 for public comment.

On February 2, 2021 (*EV 5.10 Taskforce minutes, February 2, 2021*) the taskforce reviewed additional qualitative and quantitative data provided by the Office of Institutional Effectiveness and unanimously voted to begin the deactivation process of Art History AD-T and the digital Graphics Program. These recommendations were sent to Consultation Council on February 8, 2021 for public comment.

On February 8, 2021 Consultation Council (*EV 5.11 Consultation Council minutes, February 8, 2021*) reviewed and discussed the task force's recommendations for the discontinuance of Anthropology AD-T, Geology AD-T, Art History AD-T, the Digital Graphics Program and the revitalization of the ECE program/degree.

An analysis was done as to the impact to students currently enrolled in the programs recommended to discontinuance. Based on the analysis, appropriate arrangements are in place so that these students can complete their education in a timely manner with a minimum of disruption:

- **Anthropology AD-T:** The two students in the program will be able to graduate given the future scheduling of needed courses.
- **Art History AD-T:** There are no students currently in the program.
- **Digital Graphics:** Counseling is tracking the current students in the program and instruction will schedule the remaining needed classes so the student will be able to graduate.
- **Geology AD-T:** There are no students currently in the program.

Requirement 6:

The College develop a process for determining sufficient levels of staffing for management and classified positions (III.A.9 and IV.B.2) (TR-33, 40)

Evidence of Meeting Requirement 6

In December 2019 the Superintendent/President suddenly resigned and the Board of Trustees immediately appointed an acting—then interim—Superintendent/President, Dr. Trevor Albertson who was the Dean of Student Learning and CSSO. Dr. Albertson, in turn, filled vacant administrative positions with interims in order to provide much needed administrative stability to the College. In the past year, Dr. Albertson has analyzed and assessed the administrative structure with the goal of building a permanent, stable, and appropriately skilled administration that can provide leadership to support the Mission and the needs of the College. On May 25, 2021, the Board of Trustees hired Dr. Trevor Albertson as the district's Superintendent/President (*EV 6.1 Board minutes, May 25, 2021*). The other interim administrative staff positions are in the queue for hiring.

New staff positions decision process:

Lassen College's Mission, Vision, Institutional Set Standards, and Strategic Plan drive both annual and long-term planning. Instructional and Non-Instructional Outcomes Assessments and Program Reviews drive the annual planning cycle and resource allocation decisions (*EV 6.2 Integrated Planning Process Flowchart*).

Program reviews are an analysis and assessment of the various instructional and non-instructional programs within the district and are integrated into the Comprehensive Institutional Master Plan (CIMP). The CIMP includes the Educational Master Plan that drives the mastering planning for all areas of the district, including Facilities, Institutional Technology, Institutional Effectiveness, Student Services and Human Resources (*EV 6.3 Integrated Planning Process Flowchart*). The various master plans feed into a Comprehensive Institutional Master Plan (CIMP) that supports Lassen Community College's Mission, Vision, Strategic Goals, as well as Institutional Set Standards. The annual CIMP also informs budget allocation and includes the resource allocation requests from all of the program reviews, including staffing.

In the spirit of shared governance, recommendations for prioritization of resource allocation requests are submitted by the requesting program or the appropriate administrator—failing to have a program request, this responsibility falls to the appropriate administrator. The requests are then prioritized within a master plan, and then subsequently as part of the Comprehensive Institutional Master Plan (CIMP), and then by

Consultation Council (*EV 6.4 CIMP Prioritized Budget List*). The list of recommended prioritizations is then sent to the Cabinet for final adjudication, in which the final decision ultimately rests with the Superintendent/President.

More specifically, resource allocation requests (including staffing), are first prioritized within the planning process by the program (and/or administrator) that is requesting the resource. This is done as a specifically required area of their program review. During this process, the program is required to document the linkage between the resource request and one or more strategic goals of the College. All of the strategic goals support the Mission of Lassen College.

The allocation requests are then prioritized within each master plan including new staffing requests. The master plans are then integrated to develop a Comprehensive Institutional Master Plan (CIMP), a process which produces a prioritized allocation list for all budget requests, including staffing. This prioritized list is then reviewed at Consultation Council, where it is subject to revision as part of its final approval process by Cabinet and the CEO.

Annually developed prioritization criteria are presented in the College's annually revised Institutional Planning & Budget Development Process Handbook each August for planning and budgeting for the following fiscal year. In October, unit level members meet to prioritize budget requests for each unit based on the adopted budget prioritization criteria.

For new positions, and also for the filling of previously defunded vacancies, the program itself prioritizes these needs within the program review process. The requests are then prioritized against all other similar requests within the master plan committee when the master plan is developed. Then, all requests are again prioritized by a group comprised of the chair of each master planning committees. This resulting prioritized list is then approved, either with or without revision, by the Consultation Council. This all happens according to the timeline prescribed within the Planning and Budgeting Calendar. Once approved, resource allocation requests for staffing are acted upon (filled) once funding becomes available within the budget allocation process.

Decisions for new staff positions, as with all resource allocation requests, are prioritized through the planning and budget development process, and then sent to the Cabinet and CEO for an approval decision, and then to the Board of Trustees for final approval.

Filling of vacant current positions decision process

When a funded position is vacated, the need to fill the position is assessed and identified by the area supervisor and administrator. This need is then discussed by the administration at Cabinet to validate the need based upon identified shortfalls in administrative support.

Then a Position Approval Request (PAR) form is submitted to the Human Resource office for documentation of the approval and hiring process.

When a vacant position has previously been eliminated (defunded), it must then go through the program review/planning/shared governance approval process as a new position. In this process, the program itself prioritizes the staffing need within their program review. These requests are then prioritized against all other similar requests within the appropriate master plan committee when that master plan is developed. Then, all requests are again prioritized by the master plans chairs, a group comprised of the chair of each master planning committee. This resulting prioritized list is then approved, either with or without revision, by the Consultation Council. This all happens according to the timeline prescribed within the Planning and Budgeting Calendar (*EV 6.5 SLO Handbook, pg. 9 Planning & Budgeting Calendar*). The list of recommended prioritizations is then sent to the Cabinet for final adjudication, in which the ultimate decision rests with the Superintendent/President (CEO).

Analysis and Evaluation in Meeting Requirement 6

Requirement 6: *The College develop a process for determining sufficient levels of staffing for management and classified positions.*

Through analysis and evaluation, Lassen College has determined that **Requirement 6 has been met.**

Accomplishments and Outcomes towards Meeting Requirement 6

Staffing decisions for classified, management and administrators are implemented based on the prioritization list developed each year through its integrated planning process and available resources as outline in the Integrated Planning Process Flowchart in the Planning and Budgeting Handbook (*EV 6.6 Integrated Planning Process Flowchart*).

Staffing levels for faculty are based on instructional need and are regularly monitored for appropriateness. Part of what can contribute to adjustment of faculty staffing levels is the summative assessment of Student Learning Outcomes (SLOs), which can directly affect decisions on resource allocation requests and subsequent changes to staffing levels (*EV 6.7 SLO Handbook, pg. 9*).

List of Evidence for Requirement 6 Response

- EV 6.1 Board minutes, May 25, 2021
- EV 6.2 Integrated Planning Process Flowchart
- EV 6.3 Integrated Planning Process Flowchart

- EV 6.4 CIMP Prioritized Budget List
- EV 6.5 SLO Handbook, pg. 9 Planning & Budgeting Calendar
- EV 6.6 Integrated Planning Process Flowchart
- EV 6.7 Student Learning Outcomes Handbook, pg. 9

Requirement 7:

In order to meet the standard, the team recommends the College assure the feasibility and effectiveness of its physical resources by evaluating its facilities and equipment regularly to determine if physical resources support institutional programs and services (III.B.3) (TR-33, 34)

Evidence of Meeting Requirement 7

Determination of the effectiveness of facilities and equipment is primarily done via the program review process and through facility evaluation/inspections every three years. The last inspection was done in 2018 so the College is again performing a detailed, room by room inspection of the interior of all existing facilities to assess current condition in 2021. At the time of this writing, internal room/facilities have been inspected and we are in the process of performing inspections/assessment of the exterior of each facility and the mechanical rooms (HVAC). These are scheduled to be completed July 2021 (*EV 7.1 Facility Inspection Forms*).

Additionally, we are in the process of developing a further assessment form to assess instructional and IT-related equipment in instructional areas as a further measure of facility evaluation. The results of these inspections will be used in coordination with the Facilities Planning Committee to regularly assess current conditions and to plan and implement improvements to our facilities. Facilities and equipment are continually assessed as part of the program review process (*EV 7.2 IPR HBK, pages 22 and 27*).

Facilities and facility-related requests are also made through program reviews into the various master plans (Educational, Student Services, Information Technology, Human Resources, and Institutional Effectiveness) that are part of our integrated planning process. These planning processes ensure the feasibility and effectiveness of facilities and equipment in that resource allocations requests are aligned with the completed Educational, Student Services, and Information Technology master plans. This ensures that facilities and equipment support institutional programs and services. All master plan resource requests are prioritized through the annual Planning and Budgeting process in which the total cost of ownership is considered and ensures that all entities are represented. The Facilities Planning Committee ensures that the requests/projects align with the College Mission and Vision and support institutional programs and services.

A Facilities Condition Assessments (FCA) is a professional, methodical review of a facility's key components and systems such as foundation and waterproofing, heating, ventilation, and electrical, in order to define problems, develop cost estimates, and create plans for repairs. The FCA is intended to improve facilities data, streamline facilities management

and improve facilities conditions, and to lower facilities maintenance costs (*EV 7.3 FCA Facilities Research*). There are two levels of FCA—a life cycle systems assessment (Level 1) and a comprehensive assessment (Level 2). The FCA is funded by the state and is performed by a contractor that is assigned by the funding office. The FCA is utilized as part of an assessment by districts of what their greatest facility needs are and can contribute towards obtaining capital funding for facilities improvements.

The primary data element derived from the FCA is the Facilities Condition Index (FCI), a ratio of a facility's necessary repairs to its replacement cost (*EV 7.4 FCI Definition*). The larger the FCI, means poorer condition of the facility. General industry guidelines are: 0 - 5% is good; 5.01 - 10% is fair; and greater than 10% is poor. One prior FCA performed for the College stated that an FCI of greater than 70% is an indication that the facility should be considered for replacement as opposed to investing the substantial costs to repair a 25- to 30-year-old building with systems well beyond their useful lives (*EV 7.5 2003 FCA*). The 2003 FCA performed at the College listed an average overall FCI of 37.21%. The most recent FCA (Level 2) for the College was completed in 2018 and shows that the current overall average FCI for all College facilities has since risen to 57.29%, with most of our facilities (92%) being over or significantly over the 10% FCI threshold of "poor" facilities condition (*EV 7.6 FCI Report*).

Space utilization is reported as part of the planning submitted annually within FUSION to the California Community College Chancellor's Office (CCCCO) (*EV 7.7 5YCOP 2019*) (*EV 7.8 5YCOP 2020*). The campus space inventory is updated annually in accordance with the California Community Colleges Space Inventory Handbook. A local study of the utilization of each instructional area was performed for the Fall 2018 semester (*EV 7.9 Utilization Analysis Fall 2018*). We are in the process of performing a similar analysis of facility utilization based on our Fall 2019 semester, which is the most recent semester in which instruction had not been moved off campus (distance education) due to COVID-19, our last "on campus" semester). This analysis would not be appropriate for the Fall 2020 semester since almost all classes were off campus (conducted via distance education) due to COVID-19. Although this process was severely hampered during 2019 year, the College has made significant progress in getting back on track and also in improving its overall planning process. We will be performing this utilization analysis annually moving forward.

Equipment is assessed as part of the program review process. Requests for repair of equipment are generally submitted as a work order through the College work order system. Requests for new equipment are submitted as a resource allocation request in the program review through the integrated planning process.

Analysis and Evaluation for Meeting Requirement 7

Requirement 7: *In order to meet the standard, the team recommends the College assure the feasibility and effectiveness of its physical resources by evaluating its facilities and equipment regularly to determine if physical resources support institutional programs and services.*

Through analysis and evaluation, Lassen College has determined that **Requirement 7 has been met.**

Lassen College regularly evaluates facilities and equipment to assure the effectiveness of physical resources in supporting instruction programs and services. All master plan resource requests are prioritized through the Planning and Budgeting process in which the total cost of ownership is considered and ensures that all entities are represented, and to ensure that the requests align with the College mission and vision. These planning processes ensure the feasibility and effectiveness of facilities and equipment in that resource allocations requests are aligned with the completed Educational, Student Services, and Information Technology master plans and support the Mission of the College.

Accomplishments and Outcomes towards Meeting Requirement 7

Facilities utilization study completed Fall 2018 and Fall 2019 analysis currently in progress will provide data to drive appropriate facilities planning and improvement. Space inventory assessment, Facilities Condition Assessment (FCA), and local facilities inspection of College facilities all provide information to inform facilities planning and efficiency in usage.

- EV 7.8 5YCOP 2020
- EV 7.9 Utilization Analysis Fall 2018

Requirement 8:

In order to meet the standard, the team requires the College engage in long-range capital planning and consider the total cost of ownership in planning and acquiring facilities and equipment (III.B.4) (TR-34)

Evidence of Meeting Requirement 8

Lassen College has for years had multiple *Master Plans*: Educational Master Plan, Facilities Master Plan, Human Resources Master Plan, Student Services Master Plan, and a Technology Master Plan. With much reflection on how to address Requirement 8, the College realizes that these are not long-term Master Plans, but master plans in the sense of they are the complying of the department requests for that particular year.

With this new understanding for the need of assessing and improving its planning process, which includes the development long-range plans, the College applied and received a grant from the Institutional Effectiveness Partnership Initiative Partnership (IEPI) for an Institutional Innovation and Effectiveness Plan in Fall 2020 and received that grant in February 2021 (*EV 8.1 LCC-IEPI Institutional Innovation and Effective Peqlan*) (*EV 8.2 IEPI Grant Partnership Team Process Summary based on May 11, 2021 visit*) The grant addresses three areas of need for the College:

- Integrated Planning / Educational Master Plan (EMP)
- Strategic Enrollment Management (SEM)
- Professional Development

The College recognizes that long-range Master Planning, as with all activities of the College, is driven by the Colleges' Mission, Vision, and Strategic Goals. It is also recognized that the long-term Educational Master Plan drives the long-term planning of Facilities, Human Resources, Student Services, and Technology. With this in mind, the Work Group heading the implementation of the grant has decided that all long-term planning will happen in one plan—the Long-Range Educational Master Plan. Therefore, a long-range Facilities Plan will be done as a result of the long-range Educational Master Planning that is currently underway. Long-range capital planning includes a facilities master plan and the College's Five-Year Construction Plan that will be reviewed, assessed and updated in support of the long-range Educational Master Plan that will be completed by Spring 2022 (*EV 8.3 LCC IEPI Status Report*).

With the review, assessment and update of the Five-Year Construction Plan, there will be an examination of potential academic and institutional support programs including expansion of existing programs; potential for maximum growth and build-out for the campus, and a capital program that will identify preferred land use, potential building sites, circulation plans, as well as capacity and massing plans to support the academic and institutional support program needs of the campus. Academic and institutional support program needs will be identified through the long-range Educational Master planning process. The Five-Year Construction Plan will identify and prioritize projects that may be supportable with state capital outlay funds. Projects approved as part of the long-range Facilities Master Plan are prioritized and reviewed for feasibility and costs are estimated prior to award of design contracts, including total cost of ownership.

The Facilities Master Plan and the Technology Plan will address the long-range plans for equipment and the total cost of ownership. Annual resource allocation requests from the Program Reviews currently requires the request include a total cost of ownership projection.

The College is revising its program review handbooks in fall 2021 to include the requirement of a total cost of ownership estimate for all resource requests. These revisions will include specific instructions for calculating total cost of ownership as an annualized cost estimation for all resource requests submitted through the planning process. That text is listed here:

Estimated Cost calculation: In order to most appropriately capture the true costs—the Total Cost of Ownership—of resource allocation (budget) requests, the “Estimated Cost” that you submit within our planning process must be representative of the total annualized cost of what you are requesting. As you work to develop these costs, please feel free to reach out to the appropriate LCC department to get estimated costs (i.e. HR, Facilities, etc.) for any assistance that you may need.

As an example, if you are requesting a new piece of equipment, the Total Annualized Cost (“C”) would include all of the following cost elements:

- The purchase price (“P”) of the equipment, plus
- The installation cost (“I”) of the equipment, plus
- Annualized energy costs (“E”) (electricity, natural gas, etc.) to operate the equipment (Facilities department can assist with this calculation), plus
- Any initial and ongoing (annual) supplies costs (“S”) for the equipment (e.g.: paper and toner for copiers or printers), plus

- Any initial and ongoing (annual) maintenance costs ("M") for the equipment (e.g.: annual service, oil change, license fees, etc.)
- The resulting formula would then be: $[C = P + I + E + S + M]$

Another example would be for staffing (Human Resources) requests, for which the total annualized cost ("C") would include both of the following cost elements:

- Annual pay ("P") for the position
- Annual benefits ("B") for the position
- The resulting formula would then be: $[C = P + B]$

Analysis and Evaluation for Meeting Requirement 8

Requirement 8: *In order to meet the standard, the team requires the College engage in long-range capital planning and consider the total cost of ownership in planning and acquiring facilities and equipment.*

Through analysis and evaluation, Lassen College has determined that **Requirement 8 has been partially met.**

A total-cost-of-ownership template has been developed and will be integrated into planning and are now required of all capital resources allocation requests.

Recognizing the gap of no long-term planning, the College has made long-range planning a priority with the obtainment of an IEPI Institutional Innovation and Effectiveness Plan grant, which focuses improving all of the College's planning. Work is currently underway to develop a long-range Educational Master Plan by spring 2022 that will drive the long-range Facilities Master Plan and the College's Five-Year Construction Plan.

Accomplishments and Outcomes towards Meeting Requirement 8

- Assessment of planning processes
- Recognition of gaps in planning processes
- Obtaining and initial implementation of an IEPI grant to improve planning processes
- Included in the 2021-2022 Planning and Budget cycle total cost of ownership estimates for all resource requests

Next Steps in Meeting Requirement 8

Continue and complete the work of Section A, Integrated Planning/ Educational Master Plan (EMP), of the IEPI grant that will result in long range capital planning.

List of Evidence for Requirement 8 Response

- EV 8.1 LCC-IEPI Institutional Innovation and Effective Plan
- EV 8.2 IEPI Grant Partnership Team Process Summary based on May 11, 2021 visit
- EV 8.3 LCC IEPI Status Report

Requirement 9:

In order to meet the standard, the team requires the Governing Board delegate full responsibility and authority to the CEO to implement and administer board policies without board interference and hold the CEO accountable for the operation of the College (IV.C.12) (TR-42, 43)

Evidence of Meeting the Requirement 9

The delegation of administrative authority from the Board of Trustees to the chief administrator is clearly defined in Board Policy 2430 and Administrative Procedure 2430.

The issue of appropriate delegation of authority is affected by the two factors of (1) appropriate board policy and administrative procedure, and (2) appropriate training on this subject for Trustees.

A review of Board Policy (BP) 2430 and Administrative Procedure (AP) 2430 did indeed verify a contradiction between the two. The college determined through this review that there was spending authority being delegated for materials and services that are no longer relevant to this policy and procedure as they are now contained within Chapter 6-Business and Fiscal Affairs policy.

The College has eliminated the contradiction between Board Policy 2430 and Administrative Procedure 2430 and removed any reference to spending authority being delegated for materials and services, by revising each to currently recommended CCLC specs ([EV 9.1 BP2430](#)) ([EV 9.2 AP2430](#)). The revised BP 2430 and AP 2430 were approved by the Board of Trustees Policy Committee at their February 9, 2021 meeting. These were then presented for first reading at the March 9, 2021 Board of Trustees regular meeting and will now be presented to the Board for second readings and final approval at the April 2021 meeting ([EV 9.3 Policy Committee agenda February 9, 2021](#)) ([EV 9.4 Board minutes, March 9, 2021](#)) ([EV 9.5 Board minutes, April 13, 2021](#)).

The revised BP 2430 and AP 2430 were approved by the Board of Trustees Policy Committee at their February 9, 2021 meeting ([EV 9.6 Policy Committee agenda, February 9, 2021](#)). These were then presented for first reading at the March 9, 2021 ([EV 9.7 Board minutes, March 9, 2021](#)), and for second reading and final approval at the April 2021 meeting ([EV 9.8 Board minutes, April 13, 2021](#)).

BP 2430 Delegation of Authority to Superintendent/President

References:

Education Code Sections 70902(d), 72400

ACCJC Accreditation Standards IV.B.5, IV.C.12 and IV.D.1

The Board delegates to the Superintendent/President the executive responsibility for administering the policies adopted by the Board and executing all decisions of the Board of Trustees requiring administrative action.

The Superintendent/President May delegate any powers and duties entrusted to him or her by the Board of Trustees, but will be specifically responsible to the Board for the execution of such delegated powers and duties.

The Superintendent/President is empowered to reasonably interpret Board Policy. In situations where there is no Board Policy direction, the Superintendent/President shall have the power to act, but such decisions shall be subject to review by the Board. It is the duty of the Superintendent/President to inform the Board of such action and to recommend written Board Policy if one is required.

The Superintendent/President is expected to perform the duties contained in the Superintendent/President job description and fulfill other responsibilities as May be determined in annual goal-setting or evaluation sessions. The job description and goals and objectives for performance shall be developed by the Board of Trustees in consultation with the Superintendent/President.

The Superintendent/President shall ensure that all relevant laws and regulations are complied with, and that required reports are submitted in timely fashion.

The Superintendent/President shall make available any information or give any report requested by the Board of Trustees as a whole. Individual Board member requests for information shall be met if, in the opinion of the Superintendent/ President, they are not unduly burdensome or disruptive to District operations. Information provided to any Board member shall be available to all Board members.

The Superintendent/President shall act as the professional advisor to the Board in policy formation.

- EV 9.7 Board minutes, March 9, 2021
- EV 9.8 Board minutes, April 13, 2021

Requirement 10:

In order to meet the Policy, the team requires the College develop and implement clear processes for student complaints, including equitable access for all students regardless of location or modality, and ensure that records are collected and maintained in a secure location.

Evidence of Meeting the Requirement 10

ACCJC Policy on Student and Public Comment Against Institutions

Lassen Community College's webpage includes Student Conduct & Rights ([EV 10.1 Student Conduct & Rights \(PDF\) and \(website\)](#)) that includes information about "Student Conduct, Complaint and Grievance Procedures" and "Student Complaints Regarding an Instructor." In order to facilitate the complaint processes in terms of equitable access, effectively managed and ensure that records are collected and maintained in a secure location the College has installed a software program called Maxient ([EV 10.2 Maxient \(PDF\) & \(website link\)](#)) Maxient is a software tool for managing behavior records at colleges and universities across North America. It's centralized reporting and recordkeeping help institutions connect the dots and prevent students from falling through the cracks. Students, faculty, staff and leadership have access to the program in order to file, manage, track and store complaints in a quick and efficient manner.

To avoid confusion by students as to what type of complaint they have and to whom it should be submitted, Maxient appears to the student as a generic complaint system. Additionally, some of the complaints are of a sensitive nature. Therefore, all complaints are initially funneled to the Human Resources Department where the complaint is assessed and then forwarded to the appropriate department for follow up and resolution. Access is provided to appropriate staff for viewing of the complaints. Only the appropriate administrator is allowed to change the status of a complaint as it is dealt with, resolved, and ultimately closed out with a letter sent to the complainant regarding the outcome of the complaint. In addition, to safeguarding sensitive complaints, this allows the Human Resources Department to monitor progression and ensure that complaints are handled in a timely manner, ideally within 10 days. Maxient also provides a secure storage of all electronically filed complaints.

Currently the following types are on the Maxient (complaint) system:

- Academic Services
- ADA Accommodations
- Conduct

- Housing
- Student Services
- Title IX

In anticipation of where students might look for information about filing a complaint and the various departments involved with this process, the link to the Maxient software is placed in multiple locations on the LCC web site, including the following LCC webpages:

- Title IX: *(EV 10.3 Title IX)*
- Campus Life *(EV 10.4 Campus Life)*
- Athletics *(EV 10.5 Athletics)*
- Academics *(EV 10.6, Academics)*
- Student Services *(EV 10.7, Student Services)*

In order to provide this process equitably to incarcerated students, there is a paper form available to these students *(EV 10.8 Paper version of Complaint form)*. Incarcerated students can submit a paper complaint to the Human Resources Department who inputs it into the Maxient system and initiates the process. Paper complaints are kept on file in a secure location within the Human Resources office.

Analysis and Evaluation in Meeting Requirement 10

Requirement 10: *In order to meet the Policy, the team requires the College develop and implement clear processes for student complaints, including equitable access for all students regardless of location or modality, and ensure that records are collected and maintained in a secure location.*

Through analysis and evaluation, Lassen College has determined that **Requirement 10 has been met** | that the College has developed and implemented a clear process for student complaints, including equitable access for all student regardless of location or modality, and ensure that records are collected and maintained in a secure location.

Accomplishments and Outcomes Towards Meeting Requirement 10

With the Maxient software system the College has developed and implemented a clear process for student complaints, including equitable access for all students regardless of location or modality, and ensures that records are collected and maintained in a secure location. Incarcerated students are able to file paper complaints which are inputted into the Maxient system and then processed, monitored, securely stored, and finalize with a resolution letter sent to the student.

Last Step in Meeting Requirement 10

Complete implementation of updated complaint system. Maxient, the software vendor, is scheduled to turn on the system early Fall 2021 semester.

Recommendation 11:

In order to improve effectiveness, the team recommends the College continue to improve its process to schedule courses in a manner that allows students to complete certificate and degree programs within an appropriate timeframe (II.A.6) (TR-27)

Evidence of Meeting Recommendation 11

In line with the Mission of Lassen Community College (LCC), Division Chairs and the Deans of Academic Services ensure that schedule development provides student friendly options for all pursuing higher education goals. This allows for “a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction” (EV 11.1 Mission Statement) .

The students of Lassen College deserve and receive educational services and quality instruction in an environment which fosters student success and equity. Lassen College is an educational leader and has expanded outreach and student access with an equity mindset. Lassen College is an economic and workforce development leader, cultural leader and civic and social leader in the community it serves (EV 11.2 Vision).

To ensure a schedule development process that supports LCC’s Mission, Institutional Set Standards, Strategic Goals and its Vision, courses are scheduled to allow an environment that fosters institutional effectiveness, learning opportunities, and resource management and student success. Providing a schedule that allows students to complete certificate and degree programs within an appropriate timeframe (EV 11.3 Strategic Goals) and Institutional Set Standards (EV 11.4 Institutional Set Standards).

Lassen College’s schedules are completed one semester at a time. The practice of producing a one-year schedule has been explored and implemented but was deemed a harmful practice as the reliance on adjunct instructors caused too many changes to the schedule. This caused a disruption and an inability to provide a reliable schedule for students. A semester-by-semester schedule development timeline, by adhering to two-year educational plans, suits our students better.

During the beginning of every semester, discussions on the efficiency of scheduling, fill rate, cancellation rate and variety/number of modality offerings occur between the Division Chairs, Lead Counselor and both Academic Deans. Over the years, by analyzing enrollment trends and success rates, we found a system that works best for the students of our small, rural college; students are able to transfer or complete their program in the

appropriate timeframe as they can easily follow two-year scheduling plans. For instance, we do not have the student enrollment to produce a robust and consistent day, night and online schedule. We discovered that a face-to-face day and online program served the majority of our students and allowed for enough classes to be offered so students can complete their program in the advertised and approved timeframe. Another trend/issue we analyzed and remedied was our absenteeism rate in Friday course offerings. A large portion of our students participate in school sponsored events on Fridays. This caused a high absenteeism rate and decreased student success. To accommodate this student population and improve success we now offer a portion of our general education classes in a hybrid modality. During Fall 2015 hybrid classes were introduced in a pilot program to study success rate. These courses meet on Mondays and Wednesdays with the remaining hours completed online. We have had great success with this course modality, and it is universally liked by our on-campus student population. We are in a constant state of self-evaluation and improvement.

In the process of developing each semester's schedule, Division Chairs and Instructional Deans receive a roll over schedule to review semester-to-semester course offerings. Enrollment is analyzed along with modality and time/day trends. It is important to note that roll over schedules are not used to automatically schedule classes. They are used for reference only. Division Chairs also utilize reports from our Report Server when they want to review historical scheduling and enrollment patterns. Athletic schedules are provided by the Counseling Department to Academic Services and the Division Chairs to ensure that classes are scheduled in a manner that serves our student athletes. Our small, rural college offers few sections of general education courses and so scheduling efficiently is key (*EV 11.5 sample from Report Server*) (*EV 11.6 sample of Athletic schedules*) (*EV 11.7 sample schedule of classes*).

Division Chairs also review two-year advising plans every semester to make sure classes advertised and approved to be offered on a specific rotation are included in the schedule. One- and two-year advising plans are honored every semester and classes are scheduled appropriately to match advising plans. Instructors in disciplines with singular classes offered once every two years work together so those courses do not conflict with each other. An excellent example of this is how our science and math department faculty work with their Division Chair to schedule classes so that they do not overlap. Math and science students are able to finish their degree with singular classes never overlapping and ensuring that they can graduate in two years. To add to this equation, we have many student athletes in these majors and have to consider practice schedules.

Lassen College has low enrollment issues with specialty courses that are offered once every two years. The large majority of those classes are honored and scheduled no matter how low the enrollment. If there is a situation where a class cannot be offered, the counseling department is contacted to find a substitute for the student. This is a rare occurrence. Students are always accommodated and their ability to graduate or receive a certificate is not hindered.

Analysis and Evaluation in Meeting Recommendation 11

Recommendation 11: In order to improve effectiveness, the team recommends the College continue to improve its process to schedule courses in a manner that allows students to complete certificate and degree programs within an appropriate timeframe.

Through analysis and evaluation, Lassen College has determined that Recommendation 11 has been met.

Accomplishments and Outcomes Towards Meeting Recommendation 11

The College has a process to schedule courses in a manner that allows students to complete certificate and degree programs within an appropriate timeframe. Lassen College is in a constant state of evaluating and improving its scheduling process to allow students to complete certificate and degree programs within an appropriate timeframe as measured by our achievement of Institutional Set Standards (*EV 11.8 ACCJC Institutional Set Standards Report*).

List Evidence for Recommendation 11 Response

- EV 11.1 Mission Statement
- EV 11.2 Vision
- EV 11.3 Strategic Goals
- EV 11.4 Institutional Set Standards
- EV 11.5 sample from Report Server
- EV 11.6 sample of Athletic schedules
- EV 11.7 sample schedule of classes
- EV 11.8 ACCJC Institutional Set Standards Report

Recommendation 12:

In order to improve institutional effectiveness, the team recommends that all board policies are regularly assessed and reviewed per the district board policy (IV.C.7) (TR-43)
Evidence of Meeting the Recommendation 12

In order to improve institutional effectiveness, the College has embraced the team's recommendation to regularly assess and review ALL board policies per the LCC Board Policy 2410 (*EV 12.1 Board Policy 2410*). The College has developed a Board Policy Review Schedule tool (*EV 12.2 Board Policy Review Schedule*) to track the review status of all board policies by the responsible entity (Board of Trustees, President's Office, or department) and then on through to final Board of Trustees approval. The College will use this tool moving forward to ensure the timely review and/or review progress for each board policy and the corresponding administrative procedures.

The College has conducted a review of Board Policies throughout its history but had not previously had a set schedule for doing so. Consequently, some chapters of Board Policy were reviewed regularly, and some were not. Discussions with the CEO, Executive Assistant, and the Administration has resulted in an identified need for a tracking tool to manage this process. The initial focus is on reviewing those Board policies that are most overdue. The schedule for this review was approved by the Academic Senate at the March 10, 2021 meeting (*EV 12.3 Academic Senate minutes, March 10, 2021*), and was approved by Consultation Council at the March 24, 2021 meeting (*EV 12.4 Consultation Council minutes, March 24, 2021*).

Implementation of the schedule will be done in two steps:

2. To "catch up," Chapters 3 (Institution) and 6 (Business and Fiscal Affairs), will be reviewed in the 2021 calendar year, and Chapter 7 (Human Resources) will be reviewed during the 2022 calendar year.
3. Each chapter will then be reviewed within a six-year review cycle:
 - 2021 Chapter 3. Institution
 - 2021 Chapter 6. Business and Fiscal Affairs
 - 2022 Chapter 7. Human Resources
 - 2023 Chapter 5. Student Services
 - 2024 Chapters 1 and 2. Board of Trustees
 - 2025 Chapter 4. Academic Affairs

After each chapter is brought current, the overall Policy Review Schedule will then be adjusted to place each chapter on a set six-year review cycle:

- 2026 Chapter 3. Institution
- 2027 Chapter 6. Business and Fiscal Affairs
- 2028 Chapter 7. Human Resources
- 2029 Chapter 5 Student Services
- 2030 Chapters 1 and 2. Board of Trustees
- 2031 Chapter 4. Academic Affairs

Outside of this six-year review cycle, Individual Board Policies that require revision May be reviewed and revised as needed. Even if some policies are reviewed more often, as described here, the overall chapter that the individual policy falls under will still be reviewed in its entirety within the six-year review cycle.

Analysis and Evaluation in Meeting Recommendation 12

Recommendation 12: In order to improve institutional effectiveness, the team recommends that all board policies are regularly assessed and reviewed per the district board policy.

Through analysis and evaluation, Lassen College has determined that Recommendation 12 has been met.

Accomplishments and Outcomes Towards Meeting Recommendation 12

The Board Policy Review Schedule tracking tool has been developed and implemented. This schedule will be utilized to monitor, manage, and assure currency of all Board Policies and Administrative Procedures moving forward.

Chapter 3 of the Board Policies is being reviewed, appropriately revised, if needed, and taken through the constituent groups during summer 2021 for presentation to the Board of Trustees in September 2021. The status of reviewing Chapter 3 policies as of July 14, 2021 shows that Lassen is on schedule.

LASSEN COMMUNITY COLLEGE INSTRUCTIONAL PROGRAM REVIEW

OVERVIEW and GOALS

Instructional Program Review (IPR) built on the analysis of data including the assessment of student learning and outcomes, as required by the state and the Western Association of Schools and Colleges (WASC) through the Accrediting Commission for Community and Junior Colleges (ACCJC), is an integral part of the total process of integrated planning driving institutional decisions including budget allocation at Lassen Community College. The recommendations from each program review provide the basis for informed decision-making for academic planning, human resource planning, student services planning, technology planning and facilities planning and are incorporated into the LCC Comprehensive Institutional Master Plan as well as individual Master Plans. The IPR process is an effective vehicle for accountability. Through this process, colleagues can cooperatively share ideas to strengthen the college's instructional programs. In addition, with the submission of completed program review documents to Consultation Council for review by all constituent groups, the IPR process allows for dialogue between faculty, staff and administration regarding the status and future of an instructional program.

The proposed model rests on the following assumptions:

1. Statistical data that is accurate and valid is necessary for an objective review and evaluation of instructional programs and must be included in an LCC IPR.
2. Statistical data alone (Cost per FTE, WSCH/FTE, etc.) is insufficient to evaluate and assign priority to institutional programs.
3. Combined subjective judgments or empirical results of qualified professionals are valid components of the total assessment of a program when combined with evaluation of statistical data.
4. Criteria used for the purpose of evaluating one program may not be necessarily appropriate for evaluating another program.
5. Priority shall be given to educational considerations over cost considerations without ignoring those cost considerations.

The program review process is an opportunity for faculty members to actively participate in the growth of their own programs and the growth of the college as a whole. Institutional planning and budget considerations will be based on the recommendations and justifications provided by this process.

REVIEW PROCEDURE

The faculty teaching within all transfer instructional programs and special academic programs at Lassen Community College will conduct a major review by completing an IPR once every four years. All career/technical instructional programs will conduct a major review by completing an IPR once every two years. Those programs including both transfer and terminal degrees will follow the career/technical two-year program review cycle. In addition, each recognized instructional program at Lassen Community College will be encouraged to complete an annual update. A complete IPR is considered to be a one-year process with curriculum review, student evaluation and assessment occurring during the fall semester and additional student evaluation, writing and acceptance of the written report occurring during the first half of the spring semester.

Instructional Program Reviews rely on:

- Data provided by the Office of Institutional Effectiveness
- Self-evaluation based on evaluation of sound quantitative and qualitative data, provided by the Office of Institutional Effectiveness, and faculty input
- Feedback from student evaluations
- Assessment results from student learning outcomes and dialog based on the outcome assessment results

A “fill-in” IPR template is provided in Attachment A of this document, and Attachment C of this document provides a student evaluation to be used in IPR completion. Programs may modify the student evaluation to gather information specific to a program.

The IPR team is composed of faculty of the program being evaluated (see Attachment E, Faculty Reference by Program). The IPR team will be assigned at least one mentor by the Academic Senate. The function of the mentor is limited to advisement and interpretation of the program review process. Mentors will be current members of the Academic Senate familiar with the IPR process. In addition to a Senate mentor, the IPR team is encouraged to work closely with its Division Chair(s).

It is the responsibility of the Academic Senate to inform Academic Services, by September, which program(s) will have IPRs scheduled for completion in the subsequent spring semester.

The Academic Dean or Vice President and Academic Senate President will jointly send a memorandum to the faculty members of programs informing them of the upcoming IPRs.

The Academic Senate President, Academic Dean or Vice President and Director of Institutional Effectiveness will conduct joint faculty orientations for the subject area faculty of upcoming IPRs in October for program reviews scheduled for completion during the following spring semester. The orientations will cover: 1) IPR format, 2) identification of a faculty mentor (assigned by the Senate), and 3) the appropriate inclusion of statistical data in the attachments of the document.

To facilitate completion of the IPR, the following statistical data for each session (F, S, SS) during the preceding four years or as indicated will be provided by the Office of Institutional Effectiveness and Academic Services to the appropriate program area faculty at the IPR orientation meeting in October:

- FTE's generated by program.
 - Total program FTEs
 - FTEs generated separately by course, by semester, by modality, by time of day, by full-time and by part-time faculty.
 - FTEs generated per class, per semester and per class, per modality.
 - LCC FTE data to match program categories should be provided to allow for comparisons between individual programs and all instructional programs.
- Number of FTE faculty (FTEF) in program by semester and year.
 - Total FTEF
 - FTEF for full-time faculty only – including overloads
 - FTEF for full-time faculty only – without overloads
 - FTEF for full-time faculty only – overloads only
 - FTEF for part-time faculty.
- Enrollment data
 - Total program enrollment data at census and completion of course.
 - Enrollment data at census and completion of course for each class, each modality, and each time of day offering.
- Student outcomes (transfer, awarded degrees and certificates, basic skills improvement, retention, employment status, etc.)
 - Student completion, retention and success rates by program, class, modality, and time of day
 - Persistence from course to course. Initially, this is most important in sequential courses in Basic Skills, Math and English but should be expanded to include all prerequisite courses as data is made available.
 - Transfer data
 - Awarded degrees and certificates
 - Additional data requested by faculty will be considered as priorities allow
- Capital outlay equipment
 - List of equipment
 - Age of equipment
 - Replacement schedule
 - Existing maintenance/service agreements
- Student Learning Outcome (SLO) assessment results dating back to the previous IPR.

Data should be provided in a raw and visual format, either as chart, pie chart, bar graph, or other visual presentation deemed appropriate by the Office of Institutional Effectiveness.

Should the faculty of the program being reviewed disagree with the data as provided, this disagreement will be included in the final report. All areas of the IPR need to be completed regardless of whether or not statistical data has been provided.

INSTRUCTIONAL PROGRAM REVIEW PREPARATION

Preparation of the IPR is viewed as a primary vehicle for evaluating a program and its effectiveness in regards to student learning as well as developing plans and strategies for the improvement of a program. This self-evaluation approach allows the faculty (full and part-time as applicable) who are directly involved in the program to assume primary responsibility for the examination and strengthening of their program.

An IPR Template has been created to ease the work of completing the IPR (See ATTACHMENT A: IPR Template). This form is available electronically from Academic Services, on the planning webpage, or through the Lassen College portal. The data contained in the planning tables generated from completion of the IPR TEMPLATE, will be reviewed by the institutional planning committees as part of the institutional planning and budgeting processes.

The Chief Instructional Officer (CIO) and Academic Senate together will designate an IPR lead faculty member from within the program being reviewed. The lead faculty member will call the first meeting to establish the timeline and schedule meetings for all listed full-time and part-time faculty to complete the IPR.

Each IPR should begin with a title page including the name of the program, names of individuals working on the IPR (full-time faculty, part-time faculty and support staff), and the acceptance dates for Academic Senate, Consultation Council and Governing Board.

IPR FORMAT

The IPR is organized into four sections consistent with the four sections of the comprehensive institutional master plan:

1. Academic Planning Section
 - a. Program Objectives/Student Learning Outcomes
 - b. Student Outcomes/Student Learning Outcomes (program impact on student success)
 - c. Curriculum
 - d. Equipment
 - e. Outside Compliance Issues (if applicable)
 - f. May also include recommendations specific to Student Services Planning and Institutional Effectiveness Planning
2. Human Resource Planning Section
3. Facilities Planning Section

Each section and sub-section of the IPR is subdivided into two parts, plus referenced attachments, at the end of the document:

1. Description/Evaluation
2. Planning Agenda (The planning agenda should be substantiated by the description/evaluation subsection and/or referenced attachments and should be divided into plans to be implemented by program staff and plans requiring institutional resources)

Referenced Attachments

- Supporting Documentation [to be included as attachments at the end of document]

Each subsection may be completed using lists, narrative description, or attachments as appropriate. Address only those sections that apply to your program. Statements in parentheses are suggestions for your

consideration and are not prescriptive. Supporting documentation for each section should be included at the end of the document.

Upon completion of the IPR process, the final document must be compiled into PDF format and submitted to the Academic Dean and the Academic Senate for subsequent Senate approval and joint presentation to Consultation Council and the Governing Board. Upon acceptance of the document by the Governing Board, Academic Services will provide electronic IPR copies to I.T. for posting on the Lassen College website. Academic Services will provide institutional decision-making bodies copies of Prioritized Recommendations charts as they pertain to planning documents.

STUDENT EVALUATION OF PROGRAM

The Student Evaluation is designed to solicit comments concerning the program only and is not an evaluation of instructors. It is important to insure the students understand that the focus of the survey is on the program and not the faculty in the area. This is to avoid confusion with the faculty evaluation process. The recommended Student Evaluation is included as Attachment C, although programs may modify the form to gather additional information or may remove items not relevant to the program.

An anonymous questionnaire is considered to be the most effective format to obtain student input. This will encourage the students to be frank in their responses. The Student Evaluation will be scheduled and administered by the Office of Institutional Effectiveness twice, once during October of the instructional review process and again in February.

Academic Services staff will consult with the faculty members of the IPR Team to determine the student sampling and consider any program-specific revisions to the student survey. The sampling will consist of a minimum of three core courses and other courses as selected by the IPR Team. (Example: The basic skills program might wish to survey courses with high enrollment of former basic skills students.)

REVITALIZATION AND DISCONTINUANCE POLICY

Lassen Community College is committed to supporting programs and classes that fulfill the goals of the Mission Statement as these are elaborated in the Educational Master Plan. Following Title 5, section 55000, "program" is defined as an organized sequence of courses leading to a defined objective, e.g., a degree, a certificate, a diploma, a license or transfer to another institution of higher education. As this applies to LCC, a program is defined as a whole and not individual degrees, certificates, or courses within the program as detailed in the LCC course catalog. Only programs with low or declining enrollment, decreasing demand for service or clear obsolescence shall be considered for discontinuance. The service provided to the college and the community by the program will be the primary consideration for a program's discontinuance. More information regarding this policy can be found by searching AP 4021.

TIMELINE FOR PROCEDURES

- October The Vice President of Instruction, in consultation with the Academic Senate, notifies faculty of the upcoming IPR. Academic Senate appoints faculty members to the mentors list.
- October Faculty Orientation for IPRs are scheduled and held. Distribution of quantitative data by the Academic Services to the IPR Team (fiscal and census information, as previously outlined, for the previous four years, and a copy of the previous final IPR document) for reviews scheduled the following year.
- October Student evaluation #1 administered and compiled by the Office of Instruction Effectiveness
- November/December Initial meeting of the IPR Team and Senate mentor (if desired).
- November-May The IPR Team conducts the curriculum review, submitting review and revision documents to the Curriculum/Academic Standards Committee for approval.
- February Student evaluation #2 administered and compiled by the Office of Institutional Effectiveness
- August The IPR team submits the completed IPR documents to the Academic Senate and the Academic Dean.
- September The Academic Senate takes action to accept the IPR and with the Academic Dean jointly presents IPR to Consultation Council and the Governing Board.
- October IPR recommendations are distributed to planning committees for consideration in master planning and budgeting documents.
- Upon acceptance, Academic Services will maintain the original IPR electronic file online and forward electronic copies to the institutional planning committees for inclusion in the planning and budgeting processes.

LASSEN COMMUNITY COLLEGE EDUCATIONAL PROGRAMS

For the purpose of the Instructional Program Review process, a program is defined as an organized sequence of courses leading to a defined objective, a degree, certificate, diploma, a license, or transfer to another institution of higher education (Title V, Section 55000). A special academic program provides instruction in support of certificate or degree completion or as part of another certificate or degree but may not offer an organized sequence of courses that lead to a degree, certificate, license or transfer as with transfer and career/technical programs. See Attachment D for a list of degrees and certificates included within each program.

Transfer-only Programs — 4-yr cycle

Fine Arts (including Art History and Studio Art)
 Humanities (including English)
 Mathematics/Natural Science
 History/Social Science/Sociology/Psychology/Anthropology
 Physical Education

Career/Technical Programs — 2-yr cycle

Administration of Justice (including related POST information)
 Agriculture
 Automotive Technology
 Business (including Accounting, Business Administration, Economics, and Office Administrative Assistant) Child Development (including transfer degree in Early Childhood Education)
 Information Systems
 Graphic Design
 Fire Technology
 Gunsmithing (including related NRA)
 Human Services
 Allied Health (including Vocational Nursing, CNA, Medical Assisting)
 Welding Technology

Special Academic Programs — 4-yr cycle

Athletics
 Developmental Studies
 Work Experience

INSTRUCTIONAL PROGRAM REVIEW CYCLE

The following IPR review cycle has been established by the Academic Senate:

<u>Scheduled Date of IPR Review</u>	<u>Transfer or Special Academic Program Completing IPR</u>
Academic Year 2020-2021	Developmental Studies including Basic Skills
Academic Year 2021-2022	Mathematics/Natural Science (Area A and D2) Physical Education (Area E2) Athletics
Academic Year 2022-2023	History/Social Science/Sociology/Psychology/Anthropology (Area B/E1) Work Experience
Academic Year 2023-2024	Fine Arts (including Art History/Studio Art) Humanities (including English) (Area C and D1)

<u>Scheduled Date of IPR Review</u>	<u>Career/Technical Program Completing IPR</u>
Academic Year 2020-2021	Fire Technology Gunsmithing Human Services Allied Health Welding
Academic Year 2021-2022	Administration of Justice Automotive Technology Agriculture Business Child Development Information Systems Graphic Design
Academic Year 2022-2023	Fire Technology Gunsmithing Human Services Allied Health Welding
Academic Year 2023-2024	Administration of Justice Automotive Technology Agriculture Business Child Development Information Systems Graphic Design

ANNUAL UPDATES & IPR REVISIONS

Given that program changes occur on an annual basis, completion of an annual update by all recognized programs, whether transfer, career/technical, or special academic programs, is encouraged to better integrate program review into the planning and budgeting processes. Basic data, including FTES, FTEF, completion, success, and program scheduling for the previous year, will be provided by the Office of Institutional Effectiveness by November of each year. Annual updates are due by the end of August or special request by office of instruction and are submitted to Academic Services and Academic Senate following the same procedures as the IPR. The purpose of the annual updates is to recognize and document changes within a program, and identify, and more effectively incorporate, emerging program needs into the budget and planning processes than the 2 or 4 year cycle currently allows. Institutional planning decisions are based on the recommendations contained within the IPR. Revisions to specific sections of the IPR may be necessary between scheduled IPRs and/or annual updates to accommodate changes in program priorities. Program faculty may revise specific IPR sections at any time. The annual update containing the revised section(s) will be forwarded to the Academic Senate and Academic Dean. The annual update will follow the same sequence of steps for acceptance as the IPR. Upon acceptance by the Governing Board, the annual update will be attached to the original IPR in Academic Services and electronic copies forwarded to the institutional planning committees.

REVIEW OF INSTRUCTIONAL PROGRAM REVIEWS OUT OF SEQUENCE

A. Early Program Reviews:

Program faculty, the President/Superintendent or the Governing Board may request an early program review for compelling reasons. Such reasons may include:

- Enrollment considerations
- Fiscal consideration
- Facilities review
- Recent loss or addition of full-time subject area faculty within the program
- Recent significant changes to the curriculum

The request for an early program review must be accompanied by written justification submitted to the Academic Senate. After reviewing the written recommendations: the Academic Senate will take action. The action will permanently move the IPR for the program within the review cycle.

B. Instructional Program Review Extensions:

Program faculty or the Academic Dean may request an extension of the due date of an IPR. Requests for due date extensions of an IPR will be accompanied by a written justification submitted to the Academic Senate. Extensions may be granted through Senate action. IPRs with granted extensions will not be considered late for budget and planning purposes and will retain their original position within the review cycle.

C. Late Instructional Program Reviews:

IPRs retain their positions within the cycle regardless of their date of acceptance. All changes of position within the review cycle require official Academic Senate action.

IPR TEMPLATE

SECTION 1: ACADEMIC PLANNING

I. . Program Overview, Objectives, and Student Learning Outcomes

[Click here to insert a brief overview of the program \(this is optional\).](#)

Description/Evaluation:

- a. Describe and evaluate the program objectives against the LCC strategic plan, specifically the mission statement and strategic goals [available online or in the current catalog].

[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

- b. Identify and evaluate the Program Student Learning Outcomes including the relationship between course, program and institutional student learning outcomes utilizing information provided by the Office of Institutional Effectiveness

[Click here to enter text.](#)

- c. Evaluate any changes in the program since last review. Include summary of Annual Updates completed since last review.

[Click here to enter text.](#)

- d. Analyze program-related promotional materials/advertising as appropriate

[Click here to enter text.](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Student Services Planning, and/or Institutional Effectiveness Planning tables at the end of the section for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table\(s\) below.](#)

II Student Outcomes

A. Trends and Patterns in Student Outcomes

Description/Evaluation:

1. Provide in tabular form followed by an analysis
 - a. Number of degrees and certificates awarded during the last four years.
[Click here to enter text.](#)
 - b. Transfer numbers for the last four years
[Click here to enter text.](#)
 - c. Completion, retention and success data for the last four years
[Click here to enter text.](#)
2. Analyze program effectiveness based on available quantitative data and qualitative experiences.
[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Student Services Planning, and/or Institutional Effectiveness Planning tables at the end of the section for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself, “What are we going to change?” Go into detail here and provide a snap shot of the items in the table\(s\) below.](#)

B. Student Learning Outcome Assessment

SLO assessment is important to maintain and improve an effective learning experience for LCC students. Evaluating SLO results regularly is helpful for evaluating student learning and identifying emerging program needs. By contract, faculty are required to measure at least one SLO for every class taught each semester; these records are maintained in the online Data Management and Visualization tool (CLIC) and are available for review by faculty at any time through its self-updating, interactive dashboards and reports.

Description/Evaluation:

1. Attach an SLO assessment summary as provided by Office of Institutional Effectiveness.

2. Provide an analysis of findings of the assessments completed and recommendations being made in individual assessments. Consider the impact or influence of the assessment results at the program level. Consider how SLO results may be leveraged to support equipment, facility, staffing, or other budget and planning need and include the justification in your analysis.

[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

Planning Agenda:

List recommendations and actions necessitated by the above evaluation of SLO results. Complete Academic Planning, Student Services Planning, and/or Institutional Effectiveness Planning tables at the end of the section for any recommendations requiring institutional action. For any items needing Human Resources Planning, Institutional Technology Planning, or Facilities Planning action, please make sure to include the information within the appropriate section and table later in the program review document.

[Click here to enter text. Ask yourself, “What are we going to change?” Go into detail here and provide a snap shot of the items in the table\(s\) below.](#)

C. Student Evaluation Summary

The student survey portion of the evaluation procedure is designed to solicit comments concerning the program only, and is not an evaluation of instructors (See Attachment F, Student Survey).

An anonymous questionnaire is considered to be the most effective format. This will encourage the students to be frank in their responses. The student evaluation will be scheduled and administered by the Office of Instruction during October/November and February/March of each instructional review process. The Office of Instruction staff will consult with the members of the self-evaluation group to determine the student sampling and consider any program-specific revisions to the student survey. The sampling will consist of a minimum of three core courses and other courses as selected by the self-evaluation team. (Example: The basic skills program might wish to survey courses with high enrollment of former basic skills students.)

Description/Evaluation:

Attach Student Evaluation Summary provided by Office of Academic Services and provide an analysis of the results of the student evaluations

For the evaluation portion, ask yourself “How is it working?” Good? Bad?

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Student Services Planning, and/or Institutional Effectiveness Planning tables at the end of the section for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself, “What are we going to change?” Go into detail here and provide a snap shot of the items in the table\(s\) below.](#)

III. Curriculum

A. Degrees and/or Certificates

Description/Evaluation:

- List degree and/or certificates offered in the program. Review/revise two-year plan(s). Update scheduling sequence listed on course outline where needed (course outline and/or program revisions need Curriculum Committee approval) attach the approved two-year plan for each degree and certificate (see Attachment D, Degrees/Certificates by Program). Degree and certificate student learning outcomes, if different from program student learning outcomes, should be included in this section.
- Faculty should analyze progress made on the assessment of program (degree/certificate) learning outcomes
- Evaluate the need for courses, degrees and/or certificates
- Transfer programs: Evaluate the core courses against the major preparation requirements for an entering junior at receiving four-year institutions (e.g. CSU System and UC System).
- Transfer programs: Evaluate the courses against the specific area requirements needed to satisfy the general education requirements for associate degrees and transfer. Consider whether there are adequate opportunities to meet the area requirements in combination with all disciplines within each general education area. Is there an adequate number of course and discipline options within each area, and can those courses be offered in a manner that maximizes student enrollment in each section? Do courses need to be added or deleted from any general education area?
- Career/Technical programs: Attach dates of Advisory Committee meetings (a minimum of two meeting per year). Reference Committee Member Rosters and Minutes located in the Office of Academic Services. Summarize the advisory committee recommendations for program curriculum enhancement or improved student competencies

- Career/Technical programs: Use advisory committee recommendations, labor market or other standards to answer the following question: Do the core courses in the certificates and degrees meet current employer skill requirements for the field?
- Special Programs: By nature, special programs themselves do not lead to a degree or certificate. However, special programs may have coursework that is included in transfer or vocational degrees or certificates. Note the relationship between special program courses and LCC transfer or vocational degrees or certificates.

[Click here to address the items above. For the evaluation portion, ask yourself, “How is it working?” Good? Bad?](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning table at the end of the section for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table\(s\) below.](#)

B. Courses

Description/Evaluation

1. Identify courses added or deleted from the instructional program since the last IPR.

[Click here to enter text.](#)

2. Each course offered within the instructional program must be reviewed for accuracy and currency (see Attachment I, Course List by Program). Review of each course outline should include asking the following questions:
 - Should the Disciplines of Assignment remain the same or be changed?
 - Should the Catalog/Schedule description remain the same or be updated?
 - Is the course repeatable? Is the repeatability reflected in the SLOs, Objectives, and Course Content sections? What is the basis for repeatability: legal requirement or increased skill level?
 - If the course meets a core requirement within specific degrees or certificates, is it accurately noted on the outline?
 - If the course satisfies a specific area within the general education requirement for an associate degree or transfer, is it accurately noted on the outline?
 - Are course-level student learning outcomes included on each course outline? Are learning outcomes included for each allowable repetition?
 - Does the course require a prerequisite or have recommended preparation? Are content review forms on file for each recommended preparation and/or prerequisite?

- Do any of the learning outcomes or objectives need revision?
 - Does any content need to be updated?
 - Are any changes necessary in the Methods of Instruction, Assignments, Critical Thinking or Methods of Evaluation sections?
 - Is the course being considered for distance education offering? If so, has it been approved for specific distance education delivery?
 - Is the textbook current (within the last 7 years for transfer courses) and is the publication date included?
 - Does the course outline match the two year plan with regard to sequence of course offerings?
3. Whether changes to a course outline are necessary or not, a Revision to Existing Course Form for each course must be completed and submitted to the Curriculum/Academic Standards Committee for action. When changes are necessary, indicate the revisions on the form. Where no changes are necessary, simply indicate on the Revision Form that “the course has been reviewed as part of the program review and no changes are necessary.” Revision forms will be retained in the Instructional Office with the Curriculum agenda packets.
 4. Following the Curriculum/Academic Standards Committee action on all submitted Revision to Existing Course Forms, a summary Instructional Program Curriculum Review Form will be completed by the Curriculum/Academic Standards Subcommittee Chair and given to the program faculty for inclusion in the program review.
 5. The signed Instructional Program Curriculum Review Form is to be included with your completed program review documents

[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning table for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snapshot of the items in the table\(s\) below.](#)

C. Articulation/Integration of Curriculum

Description/Evaluation:

1. Attach a tabular comparison of Lassen Community College courses articulating with UC and CSU, indicating courses with approved C-ID designations as applicable (Obtain copies of Articulation Agreements from the Transfer Center)
2. Provide a narrative reviewing the Lassen Community College courses and courses at four-year institutions for course alignment. (i.e. two courses at Lassen needed to articulate with one

course at UC).and the units requirements for Lassen Community College courses as compared to four-year institutions.

[Click here to enter text.](#)

Planning Agenda:

Complete Student Services Planning table (see below) for any proposed changes to articulation or C-ID designation

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table\(s\) below.](#)

III. Scheduling and Enrollment Patterns

Description/Evaluation:

1. Describe and explain any deviation from the two-year plan in course scheduling during the last four years.

[Click here to enter text.](#)

2. Evaluate the relationship between schedule, enrollment patterns and FTE generated statistics.

[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

3. Using FTE data provided, evaluate how the scheduling of courses within the program has served the needs of a variety of students (e.g. day, evening, single parents, employed full-time). Include the following considerations:
 - a. Number of sections (too many/too few to serve student needs)
 - b. Variety of times (three times a week, twice a week, one day a week and morning/afternoon/evening)
 - c. Length of courses (traditional semester/short term)
 - d. Method of delivery (traditional/technology-mediated/correspondence delivered instruction).

[Click here to enter text.](#)

4. Evaluate student access to general education courses within the context of the scheduling of the instructional program courses.

[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

Planning Agenda:

Complete Academic Planning table (see below) for any proposed changes in the schedule that might improve enrollment patterns and better meet student needs.

[Click here to enter text.](#) Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table(s) below.

IV. Equipment

Description/Evaluation:

1. List capital outlay equipment, age of equipment and replacement schedule

[Click here to enter text.](#)

2. Identify any existing equipment maintenance/service agreements

[Click here to enter text.](#)

3. Evaluate the condition of capital outlay equipment in light of the replacement schedule and available funds.

[Click here to enter text.](#) For the evaluation portion, ask yourself “How is it working?” Good? Bad?

4. Evaluate the effectiveness of and need for additional maintenance/service agreements.

[Click here to enter text.](#) For the evaluation portion, ask yourself “How is it working?” Good? Bad?

5. Justify any proposed modification or additions to equipment available for students and/or faculty/instructional assistants within the program.

[Click here to enter text.](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Student Services Planning, Facilities Planning, or Technology Planning tables as appropriate for any recommendations requiring institutional action.

[Click here to enter text.](#) Ask yourself, “What are we going to change?” Go into detail here and provide a snap shot of the items in the table(s) below.

V: Outside Compliance Issues (if appropriate for program)

Description:

If appropriate, describe the role of outside compliance issues on the Special Program.

[Click here to enter text.](#)

Evaluation:

Assess changes in compliance or identification of compliance-related needs and the impact on the Special Program.

[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Facilities Planning, Technology Planning and Human Resource Planning Forms as appropriate for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table\(s\) below.](#)

VI. Prioritized Recommendations

A. Prioritized Recommendations for Implementation by Program Staff

List all recommendations made in Section One that do not require institutional action (i.e. curriculum development) in order of program priority.

[Click here to enter text.](#)

B. Prioritized Recommendations for Inclusion in the Planning Process

List all recommendations made in Section One that should be included in Lassen College’s planning and budgeting process, specifically in the Educational Master Plan, Student Services Master Plan, or Institutional Effectiveness Master Plan. Separate recommendations into the appropriate plan(s). Items to be included in the Human Resource Master Plan, Institutional Technology Master Plan, or Facilities Master Plan should be addressed in Sections Two, Three or Four in lieu of or in addition to inclusion in the Academic Master Plan. See Attachment C, Master Plan Overview, in the IPR handbook to determine where recommendations are best placed.

Prioritized Recommendations for Inclusion in Education Master Plan: The EMP addresses the instructional planning needs of the college.

[Click here to enter Program Name & Year](#)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost (implementation & ongoing)	Expected Outcome

Prioritized Recommendation for Inclusion in Student Services Master Plan: The SSMP

highlights the services needed to maximize the student experience through a variety of key student support services.

[Click here to enter Program Name & Year](#)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost (implementation & ongoing)	Expected Outcome

Prioritized Recommendations for Inclusion in Institutional Effectiveness Master Plan: The IEMP addresses college needs not addressed in other plans. These needs include research, governance, outcome assessment, and administrative operations.

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost (implementation & ongoing)	Expected Outcome

Section Two: Human Resource Planning

I. . Program Staffing

Description/Evaluation:

1. List the current staffing for the program include: full-time and part-time faculty positions, instructional assistants and classified staff

[Click here to enter text.](#)

2. This section provides an opportunity for analysis and justification of projected staffing needs to support the program. Clerical support by the Office of Academic Services and work-study needs may be included.

[Click here to enter text.](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning and Human Resources Planning Forms as appropriate for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself, "What are we going to change?" Go into detail here and provide a snap shot of the items in the table\(s\) below.](#)

II. Professional Development

Description/Evaluation:

1. If available, reference Flex Contracts for full-time faculty teaching in the program for each of the last two years. [Copies may be available in the Office of Instruction].

[Click here to enter text.](#)

2. Describe the professional development and professional activities of the program faculty/instructional assistants in addition to flex obligation relevant to program improvement that has occurred during the period under review. (Workshops, conferences, staff development, sabbatical leaves, work experience, etc.)

[Click here to enter text.](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning and Human Resources Planning Forms as appropriate for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table below](#)

III. Student Outcomes**Description/Evaluation:**

Description/ Evaluation:

Describe any results from assessment of learning outcomes that affect human resource planning

[Click here to enter text.](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning and Human Resources Planning Forms as appropriate for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table below](#)

IV. Prioritized Recommendation**Prioritized Recommendations for Implementation by Program Staff**

List all recommendations made in Section Two that do not require institutional action (i.e. curriculum development) in order of program priority.

[Click here to enter text.](#)

Prioritized Recommendations for Inclusion in the Planning Process

List all recommendations made in Section Two that should be included in Lassen College’s planning and budgeting process. See Attachment C, Master Plan Overview, in the IPR handbook to determine where recommendations are best placed.

Prioritized Recommendations for Inclusion in Human Recourse Master Plan: The HRMP identifies and manages the administrative functions of recruitment, selection, evaluation, and professional development needs of the College to ensure a fully-staffed and highly functioning team of employees.

[Click here to enter Program Name & Year](#)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost (implementation & ongoing)	Expected Outcome

Section Three: Facilities Planning

I. . Facilities

Description/Evaluation:

1. Describe and evaluate the Lassen Community College facilities available to the program.

[Click here to enter text.](#)

2. Describe and evaluate additional facilities utilized off-campus by the program (attach any relevant rental agreements)

[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

3. Describe any facilities needs identified by assessments of student learning outcomes

[Click here to enter text.](#)

4. Justify any proposed modifications or additions to existing facilities that would better serve the program planned for the next five years.

[Click here to enter text.](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Facilities Planning, and Technology Planning Forms as appropriate for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snapshot of the items in the table below](#)

II. . Prioritized Recommendations

Prioritized Recommendations for Implementation by Program Staff

List all recommendations made in Section Three that do not require institutional action (i.e. curriculum development) in order of program priority.

[Click here to enter text.](#)

Prioritized Recommendations for Inclusion in the Planning Process

List all recommendations made in Section Three that should be included in Lassen College’s planning and budgeting process. See Attachment C, Master Plan Overview, in the IPR handbook to determine where recommendations are best placed.

Prioritized Recommendations for Inclusion in the Facilities Master Plan: The FMP addresses the physical infrastructure, facility, and maintenance needs of the campus.

[Click here to enter Program Name & Year](#)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost (implementation & ongoing)	Expected Outcome

Section Four: Technology Planning

I. . Technology

Description/Evaluation:

1. Describe and evaluate technology and technology support provided for instruction and instructional support.

[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

2. Describe any technology and technology support needs identified by assessment of student learning outcomes.

[Click here to enter text.](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Facilities Planning, Technology Planning and Human Resource Planning Forms as appropriate for any recommendations requiring institutional action.

[Click here to enter text.](#) Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table below

II. Prioritized Recommendations

Prioritized Recommendations for Implementation by Program Staff

List all recommendations made in Section Four that do not require institutional action (i.e. curriculum development) in order of program priority.

[Click here to enter text.](#)

Prioritized Recommendation for Inclusion in the Planning Process

List all recommendations made in Section Four that should be included in Lassen College’s planning and budgeting process. See Attachment C, Master Plan Overview, in the IPR handbook to determine where recommendations are best placed.

Prioritized Recommendations Inclusion in Institutional Technology Master Plan: The ITMP addresses the technology needs of the campus.

LASSEN COMMUNITY COLLEGE MASTER PLAN OVERVIEW

Six master plans comprise the Comprehensive Institutional Master Plan. Recommendations from program reviews will be input into the selected master plans as determined by faculty in the prioritized recommendation spreadsheets. To better understand which master plan might be most appropriate for each program recommendation, a summary/objective of each plan is included below. More information can be found in the Shared Governance and Consultation Council Handbook and the Comprehensive Institutional Master Plan.

Educational Master Plan (EMP): The EMP addresses the instructional planning needs of the college.

Facilities Master Plan (FMP): The FMP addresses the physical infrastructure, facility, and maintenance needs of the campus.

Human Resources Master Plan (HRMP): The HRMP identifies and manages the administrative functions of recruitment, selection, evaluation, and professional development needs of the College to ensure a fully-staffed and highly functioning team of employees.

Institutional Effectiveness Master Plan (IEMP): the IEMP addresses college needs not addressed in other plans. These needs include research, governance, outcome assessment, and administrative operations.

Institutional Technology Master Plan (ITMP): The ITMP addresses the technology needs of the campus.

Student Services Master Plan (SSMP): The SSMP highlights the services needed to maximize the student experience through a variety of key student support services.

**LASSEN COMMUNITY COLLEGE
INSTRUCTIONAL PROGRAM REVIEW - STUDENT EVALUATION**

Name of Program: _____ Date Survey Completed: _____

Current Course: _____

Overview:

Instructional programs are reviewed periodically by LCC faculty. The _____ Instructional Program is currently undergoing its periodic review. The _____ Instructional Program is made up of the courses leading to a degree or certificate of achievement in _____. The courses in this program include: _____

As a student enrolled in one of these courses, your insight about the course and program can provide valuable information to assist the program faculty in making program improvements. This student survey is your opportunity to provide information to the program faculty. This is a student survey of the course and program, NOT the instructor. Instructor evaluations occur at a different time.

Instructions for Completion:

Please be as objective and concise as possible when answering the following questions. Read and evaluate each question and check the responses, which most closely relate to your views. Space has been provided at the end, for any additional comments you would like to make.

Tell Us About Yourself:

**1. Educational Goal: What is your educational objective at Lassen Community College?
(Check all that apply).**

General Education:

Transfer to a 4-year Institution

IGETC Certification

CSU Certification

Transfer to another Community College

Degrees/Certificates:

AA/AS

Certificate of Achievement
Certificate of Completion

Certificate of
Accomplishment

Title of Degree or Certificate:

General Interest:

Job Requirement

Continuing Education

Personal Development

2. Your Need for this Course: Why are you taking this course?

Core Requirements for degree or certificate

Job Requirements

- Elective for degree or certificate
- General Education course for degree or transfer
- Other: Please Specify _____
- Continuing Education
- Personal Development

1. **Does the course content reasonably compare with the catalog/schedule description?**
 YES NO
2. **Did the catalog clearly explain the order in which the courses in this program should be taken?**
 YES NO
3. **Was any cost for this course/program, beyond registration and books clearly identified in the catalog?**
 YES NO
4. **Did instructors use the required textbooks in the program?**
 YES NO N/A
5. **Are the textbooks purchased for this program useful to you?**
 YES NO N/A

Scheduling:

6. **Did the scheduling of this course meet your needs?**

- current schedule met my needs
- needed morning offering
- needed afternoon offering
- needed evening offering
- needed one day a week schedule
- needed summer offering
- needed week-end offering
- needed short-term (less than semester) offering
- other: Please Specify _____

Facilities/Equipment: Do the facilities for this course/program adequately meet your needs?

7. **I was provided with reasonable access to the facilities?**

- YES NO

8. **The temperature of the facilities in summer or fall is:**

- OFTEN TOO HOT FOR THE SEASON
 COMFORTABLE FOR THE SEASON
 OFTEN TOO COLD FOR THE SEASON
 N/A

9. The lighting of the facilities is?

- TOO BRIGHT ADEQUATE TOO DARK N/A

10. The chairs/tables/desks are?

- ADEQUATE INADEQUATE N/A

11. Is there enough space for you to do your work in class?

- YES NO N/A

12. Please elaborate on your responses and include any additional facilities-related comments:

13. Did the course/program provide the necessary equipment?

- YES NO N/A

14. Is enough time on equipment allowed for each student?

- YES NO N/A

15. Is equipment current?

- YES NO N/A

16. Is equipment generally in good operating condition?

- YES NO N/A

17. Describe how this course/program could be improved to better meet the needs of the students at Lassen Community College.

18. Provide any additional comments on the course or program:

**LASSEN COMMUNITY COLLEGE
EDUCATIONAL PROGRAMS AND DEGREES/CERTIFICATES/LICENSES BY PROGRAM**

For the purpose of the instructional review process, a program is defined as an organized sequence of courses leading to a defined objective, a degree, certificate, diploma, a license, or transfer to another institution of higher education (Title V, Section 55000).

Administration of Justice/Correctional Science

Associate in Science Degree in Administration of Justice for Transfer
Associate in Art Degree in Administration of Justice
Certificate of Achievement in Administration of Justice
Certificate of Accomplishment in Administration of Justice

Agriculture

Associate in Science in Agriculture Animal Science for Transfer
Associate in Science in Agriculture Business for Transfer
Associate in Arts Degree University Studies: Emphasis in Agriculture Sciences
Associate in Science Degree in Agriculture Science and Technology
Certificate of Achievement in Agriculture Science and Technology
Certificate of Accomplishment in Animal Science
Certificate of Accomplishment in Horsemanship
Certificate of Accomplishment in Agriculture Business
Certificate of Accomplishment in Agriculture Irrigation

Art History/Studio Art

Associate in Arts Degree in Art History for Transfer
Associate in Arts Degree in Studio Art for Transfer

Automotive Technology

Associate in Science Degree in Automotive Technology
Certificate of Achievement in Advanced Mechanics
Certificate of Achievement in Engine Repair
Certificate of Accomplishment Basic Mechanics
Certificate of Accomplishment in Electrical
Certificate of Accomplishment in General Mechanics
Certificate of Achievement in Auto Chassis and Maintenance

Business

Associate in Science Degree in Business Administration for Transfer
Associate in Science Degree in Accounting
Associate in Arts Degree in Economics for Transfer
Associate in Science Degree Administrative Office Technician
Certificate of Achievement Administrative Office Technician
Certificate of Achievement in Small Business Management

Child Development

Associate in Science Degree in Early Childhood Education for Transfer
Associate in Arts Degree in Child Development
Certificate of Achievement in Child Development
Certificate of Accomplishment in Child Development-Associate teacher

Fire Technology

Associate in Science Degree in Fire Technology
 Certificate of Achievement in Fire Technology
 Certificate of Accomplishment in Fire Technology
 Certificate of Accomplishment in Basic Fire Fighter

Gunsmithing

Associate in Science Degree in Firearms Repair
 Associate in Science Degree in General Gunsmithing
 Certificate of Achievement in Firearms Repair
 Certificate of Achievement in General Gunsmithing
 Certificate of Accomplishment in Gunsmith Machinist and Metal Finishing
 Certificate of Accomplishment in Long Guns
 Certificate of Accomplishment in Pistolsmith
 Certificate of Accomplishment in Riflesmith

Health Occupations/Medical Assisting

Certificate of Achievement in Medical Assisting
 Certificate of Accomplishment in Administrative Medical Assisting
 Certificate of Accomplishment in Clinical Medical Assisting

History/Social Science/Sociology/Psychology

Associate in Arts Degree University Studies: Emphasis in Social Sciences
 Associate in Arts Degree General Studies: Emphasis in Social Sciences
 Associate in Arts Degree in History for Transfer
 Associate in Arts Degree in Sociology for Transfer
 Associate in Arts Degree in Psychology for Transfer
 Associate in Science Degree in Anthropology for Transfer
 Certificate of Achievement California State University General Education
 Certificate of Achievement in Intersegmental General Education Transfer Curriculum

Human Services

Associate in Science Degree in Drug and Alcohol Paraprofessional
 Associate in Science Degree in Human Services
 Certificate of Achievement in Drug and Alcohol Paraprofessional Certificate of Achievement in Human Services

Humanities

Associate in Arts Degree University Studies: Emphasis in Humanities
 Associate in Arts Degree in English for Transfer

Information Systems

Certificate of Achievement in Geographic Information Systems

Natural Science

Associate in Arts Degree University Studies: Emphasis in Natural Sciences
 Associate in Arts Degree General Studies: Emphasis in Natural Sciences
 Associate in Science Degree in Geology for Transfer
 Associate in Science Degree in Biology for Transfer
 Associate in Science in Nutrition and Dietetics for Transfer

Physical Education

Associate in Arts Degree in Kinesiology for Transfer
 Associate in Arts Degree University Studies: Emphasis in Physical Education
 Associate in Arts Degree General Studies: Emphasis in Physical Education

Vocation Nursing/Allied Health

Associate in Arts Degree University Studies: Emphasis in Allied Health

Associate in Science Degree in Vocational Nursing

Certificate of Achievement in Vocational Nursing

Certificate of Accomplishment in Administrative Medical Assisting

Certificate of Accomplishment in Clinical Medical Assisting

Welding Technology

Associate in Science Degree in Welding Technology

Two-Year Certificate of Achievement in Welding Technology

One-Year Certificate of Achievement in Welding Technology

Certificate of Accomplishment in Welding Technology

Special Instructional Programs (no degrees or certificates)

Athletics

Developmental Studies

Work Experience

ATTACHMENT G

DEFINITION OF TERMS

Assessment.....	The process of judging student behavior or product in terms of some criteria (Clark, 1975). It includes various means of gathering information about the quantity, quality and progress of students, their performance and academic work.
Assessment Cycle.....	The assessment cycle in higher education is generally annual and fits within the academic year. In order to incorporate recommendations into Lassen Community College planning and budgeting processes, the LCC IPRs are conducted over the course of an academic year, culminating in September.
Assessment Results.....	The data/information acquired from the implementation of an assessment tool.
Assessment Tool.....	A tool that has been designed to collect objective data about students' attitudes and skill level. An appropriate learning outcomes assessment tool measures students' abilities to integrate a set of individual skills into a meaningful, collective demonstration. Some examples of assessment tools include standardized tests end-of-program skills test, student inquiries, common final exams, and comprehensive embedded test items.
C-ID.....	Course Identification Number
Core Course.....	Courses within a discipline specifically required for a degree or certificate.
Course Embedded Assessment.....	The review of materials generated in the classroom. In addition to providing a basis for grading students, such materials allow faculty to evaluate approaches to instruction and course design.
Description/Evaluation.....	A subsection provided within the IPR to allow faculty to identify and analyze the current situation within the program to justify recommended changes to the current situation.
Direct Cost per Program.....	All identified direct costs charged to a program as defined by TOP (e.g., instructor salaries, supplies, etc.).
Direct Measures of Learning.....	Students display knowledge and skills as they respond directly to the assessment itself.
Full-time Equivalent Faculty (FTEF).....	The amount of instructional employee time expressed in a proportion to that required in a full-time teaching position, with 1.0 representing one full-time position. FTE is derived by dividing the amount of time taught in a position by the amount of teaching hours required in a corresponding position.
Full-time Equivalent Student (FTES).....	For state accounting purposes, an FTES is a full-time student who attends 15 hours per week for 35 weeks (two primary terms). The rule is: 15 hours x 35 weeks = 525 total WSCH = 1 FTES. To determine FTES, multiply number of students by the number of hours per week and number of weeks, then divide by 525.

General Education or Transfer Programs	For the purposes of this review, general education refers to courses satisfying Associate degree requirements, CSU Certification, or IGETC.
Indirect Measures of Learning	Assessment tools such as surveys and interviews, which ask student to reflect on their learning rather than to demonstrate it.
IGETC	Intersegmental General Education Transfer Curriculum - completion of the IGETC guarantees that a transferring community college student has satisfied the lower division general education requirements of the CSU/UC systems.
Instructional Program	For the purpose of this review, a program shall be defined as follows: a program is an organized sequence course or series of courses leading to a definite objective, a degree, certificate, diploma, a license, or transfer to another institution of higher education.
Planning Agenda	A subsection provided within the IPR to allow faculty to make recommendations for improvement of their programs. Recommendations are divided into those that require institutional support and those to be implemented by the program faculty.
Prerequisite	A condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or program.
Program Learning Outcome	A measurable educational objective as a consequence of participation in an organized sequence of courses (i.e. ability to perform specific work place competencies).
Program Outcome	A measurable objective as a consequence of participation in an organized sequence of courses (i.e. employment, receipt of degree or certificate).
Recommended Preparation	A condition of enrollment that a student is advised, but not required, to meet before, or in conjunction with, enrollment in a course or program.
Statistical Data	The Offices of Institutional Research and Instruction will provide departmental staff with the minimum statistical data as required by the state-wide accountability model.
Student Learning Outcome	An overarching specific observable characteristic developed by local faculty that allows them to determine or demonstrate evidence that learning has occurred as result of a specific course, program, activity, or process.
Weekly Student Contact Hours (WSCH)	The class hour or contact hour is the basic unit of attendance for computing average daily attendance. A contact hour is the basic period of not less than fifty minutes of scheduled instruction. Weekly student contact hours are the total number of student contact or class hours per week.
WSCH per FTE	A ratio of weekly student contact hours to full-time faculty equivalency. This is a measure of faculty load.

Academic Senate Meeting September 23, 3:00 p.m. Virtual Via Zoom

1. Call to Order at 3:04 pm

1.01 Roll Call

Senators Present: Baker, Downing, Lin, Runyan, Rupley, Wisner

Guests: Carie Camacho, David Corley, Lisa Gardiner, Roxanna Haynes, Sue Kelley, Chad Lewis.

1.02 Approval of Agenda

(Baker/Rupley – Consensus)

1.03 Approval of the Minutes

September 9, 2020 meeting minutes.

(Baker/Lin MSCU)

2. Public Comment

None

3. Action

3.01 GIS CA Program Placement

It was placed in Business to get it off the ground, but should be a new program and named as Information Systems. We are still working out who will be in charge of the program, as only Adjunct Instructors will be teaching for now.

(Downing/Rupley MSCU)

3.02 Correspondence Faculty Handbook

Handbook has had a comprehensive review and update. It has been updated with new information and examples. Discussion to change when correspondence packets are due. Motion to approve, with the change of language to refer to being notified by correspondence office when correspondence packets are due.

(Wiser/Rupley MSCU)

3.03 Curriculum and Academic Standards Committee Charge

Reaffirm charge with changes of added “via zoom in the charge” and “Program SLO’s in number 4 of the charge.

(Rupley/Lin MSCU)

3.04 2020-2021 IPR Timeline Addendum

The current IPR timeline is already behind. To complete past due, or out of sequence, IPR’s a timeline Addendum will be needed. Timeline Addendum discussed by Lisa Gardiner. This addendum is to facilitate the completion of the late IPR’s in a timely fashion. Workflow for Academic Senate and Curriculum Committee was considered in creating this timeline.

(Downing/Baker MSCU)

3.05 Transfer Policy

Motion to table item and set for special meeting for approval.

(Rupley/Wiser MSCU)

3.06 Curriculum/Academic Standards Committee

Assign vacant spot of Curriculum Academic Standards Committee for 2020-2021 year

Appoint Thomas Robb to the Curriculum Committee (Downing/Baker MSCU)

4. Discussion

4.01 Budget Development Handbook

This was discussed at Consultation Council and it actually should belong in Academic Senate. The handbook will be reviewed, edited and brought back for approval.

4.02 IPR Handbook

Lisa Gardiner shared that the handbook has been updated with some housekeeping for clarity and accuracy. The dates were also updated. It is ready for action. A comprehensive review and update should take place and be ready for the next evaluation cycle. Senators requested to review prior to bringing back for approval.

4.03 IPR Review Form

Lisa Gardiner shared the new IPR Review Form for IPR Mentors to use in reviewing the draft IPR's.

5. Information

5.01 ASCCC Faculty Empowerment Leadership Academy

It will be November 1, 2020. They are looking for Mentors and Mentees. If someone is interested, please let President Runyan know.

5.02 Credit for Prior Learning (CPL) Internal Approval Process

Roxanna Haynes shared this is supposed to be approved by December 31, 2020. It was discussed that we already have a BP and AP for Credit by Exam, and we may just need to update this policy to meet the requirements. Further investigation and work will be completed and the item will be brought back for approval as needed.

6. Reports

6.01 Administration

Roxanna – Committed to online modality for spring 2020. Tri-Chairs are doing a fantastic job with accreditation.

6.02 Senators

Yuting Lin – Seaira Harrington and her are working on a Suicide Prevention plan and wanting direction on how to get the plan approved. Suggested to talk with HR/Planning Committee and Safety Committee before considering bringing to Consultation Counsel for discussion.

6.03 LCFA

None

6.04 Guided Pathways

Group met last week, nothing to report at this time

7. Closed Session

None

8. Meeting Closing

8.01 Adjournment – 4:01pm
(Downing/Baker MSCU)

Respectfully Submitted,
T. Downing

Detailed IPR Timeline 2020-2021

This timeline is provided this year as we address a large influx of IPRs going through the approval process. Separate timeframes are identified based on whether IPRs are “in- sequence” (due August 2021) or “out-of-sequence” (late). Adhering to established timeframe (or submitting early) will help work flow for committees reviewing IPRs and/or curriculum.

TIMELINE FOR IPRS IN-SEQUENCE (ON TIME)

Fall (year prior to IPR due date)	Activities
September	<ul style="list-style-type: none"> • CTE Faculty: Review/Update Advisory Board Roster (Changes require Board of Trustee Action) Send updated roster to President’s Office by 10-2-20 to be put on Board Agenda for October • (optional to submit) IPR Annual Updates due
October	<ul style="list-style-type: none"> • Receive IPR Data • Complete IPR Orientation • Student Evaluation #1 administered and compiled by Academic Services • Consider Initial meeting with IPR Team and Academic Senate Mentor <ul style="list-style-type: none"> ○ Begin Curriculum Review <ul style="list-style-type: none"> ▪ Review/Update curriculum including; Examine Course Outline of Record: currency of text (within last 7 years for transfer courses), course offering timeline (2 year plan), relevancy of student learning outcomes, construct SLO maps • CTE Faculty: Updated Advisory Roster approved at Board of Trustees Meeting • CTE Faculty: Schedule Advisory Board Meeting
November	<ul style="list-style-type: none"> • Continue IPR Team meeting(s) • CTE Faculty: Hold Advisory Board Meeting: Curriculum changes require Advisory Board action

TIMELINE FOR IPRS IN SEQUENCE (ON TIME) CONTINUED...	
Spring (semester prior to IPR due date)	Activities
January	<ul style="list-style-type: none"> • Draft IPR document • Prepare curriculum for submission to Curriculum Committee next month. Early submission encouraged
February	<ul style="list-style-type: none"> • Student Evaluation #2 administered and compiled by Academic Services • Inclusion of Student Evaluation #2 data into IPR Document • Submission of course reviews/revision to Curriculum (the earlier the better) Textbook changes effective for Fall must be submitted to Curriculum Committee by end of February to be incorporated in Datatel for Fall registration.
March-April	Draft/edit IPR
May	Draft of IPR to Senate for review and input
Fall (IPR Submission)	Activities
August	Finalized IPR submitted to Academic Senate and Academic Dean for acceptance
September	Senate approved IPR submitted to Board of Trustees
October	IPR recommendations to planning committees <u>ACCJC site visit with review of IPR documents completed as scheduled</u>

TIMELINE FOR IPRS OUT OF SEQUENCE (LATE)

Fall (year after IPR due date)	Activities
September	<ul style="list-style-type: none"> • CTE Faculty: Review/Update Advisory Board Roster (Changes require Board of Trustee Action) Send updated roster to President's Office by 10-2-20 to be put on Board Agenda for October • (optional to submit) IPR Annual Updates due
October	<ul style="list-style-type: none"> • Receive IPR Data • Complete IPR Orientation • Student Evaluation #1 administered and compiled by Academic Services • Initial meeting with IPR Team and Academic Senate Mentor <ul style="list-style-type: none"> ○ Begin Curriculum Review <ul style="list-style-type: none"> ▪ Review/Update curriculum including; Examine Course Outline of Record: currency of text (within last 7 years for transfer courses), course offering timeline (2 year plan), relevancy of student learning outcomes, construct SLO maps • CTE Faculty: Updated Advisory Roster approved at Board of Trustees Meeting • CTE Faculty: Schedule Advisory Board Meeting
November	<ul style="list-style-type: none"> • Continue IPR Team meeting(s) • Draft IPR document
December	<ul style="list-style-type: none"> • Prepare curriculum for submission to Curriculum Committee next month. Early submission encouraged
Spring (year and a half after IPR due date)	Activities
January	<ul style="list-style-type: none"> • Submission of course reviews/revision to Curriculum (the earlier the better) Textbook changes effective for Fall must be submitted to Curriculum Committee by end of February to be incorporated in Datatel for Fall registration.
February	<ul style="list-style-type: none"> • Student Evaluation #2 administered and compiled by Academic Services • Inclusion of Student Evaluation #2 data into IPR Document
March	Finish drafting/editing IPR document
April	Draft of IPR to Senate for review and input
May	Submit finalized IPR to Senate and Academic Dean
June	IPR submitted to Board of Trustees

Fall (IPR Submission)	Activities
October	IPR recommendations to planning committees ACCJC site visit with review of IPR documents: All late documents now caught up.

Academic Senate Meeting February 3, 2021 @ 3:00 p.m. Virtual Via Zoom

1. Call to Order at 3:01pm

1.01 Roll Call

Senators Present: Baker, Downing, Lin, Rupley, Runyan, Wisser

Guests: Carie Camacho, Lisa Gardiner, Sandra Jonas, Sue Kelley, Anna Pasqua, Dan Weaver

1.02 Approval of Agenda

(Baker/Lin MSCU)

1.03 Approval of the Minutes

December 9, 2020 Senate Meeting minutes

(Lin/Baker MSCU)

2. Public Comment

None

3. Action

3.01 AJ 60 Adult Correctional Officer Core Course

Approve new course outline for the Correctional Core course, which is a 5 week, 195 hours, 9.5 unit course expected to be offered once a year.

Motion to approve

(Baker/Rupley MSCU)

3.02 IT Support Professional Certificate of Completion

Approve certificate of completion.

Motion to approve.

(Downing/Baker MSCU)

3.03 Curriculum Action Log

All actions taken at Curriculum/Academic Standards meetings are compiled into the Annual Action Log, and it goes to the board twice a year for approval: at the close of fall semester and at the end of the academic year.

Motion to approve Curriculum Action Log

(Rupley/Lin MSCU)

3.04 Guided Pathways Scale of Adoption Self-Assessment

This document has been completed by the Guided Pathways Taskforce as a self-assessment of their progress. Document has been approved at Consultation Council pending approval at Senate.

Motion to approve.

(Downing/Wisser MSCU)

4. Discussion

4.01 Child Development IPR

First review with discussion. Senator Rupley is the IPR mentor, and has reviewed the document. Minor changes suggested. Action planned for next meeting

4.02 Digital Graphic Design IPR

First review – Reviewed by President Runyan as the mentor. IPR contains information related to Revitalization/Discontinuance process which has not been formalized as of today. IPR will come back for review and approval at a later date.

4.03 Fire Technology IPR

First review with discussion. Senator Downing is the IPR mentor, and has reviewed the document. Minor changes suggested, including date on cover of document. Action planned for next meeting

4.04 Fine Arts IPR

First review with discussion. President Runyan is the IPR mentor, and has reviewed the document. Action planned for next meeting

4.05 Nursing/Allied Health/EMT IPR

First review with discussion. Senator Wisler is the IPR mentor, and has reviewed the document. Action planned for next meeting

4.06 AP 4102

Career/Technical Programs Advisory Board

Item requested for discussion by Senator Rupley. Upon review of the document and discussion it was the consensus of the Senate that the language in the AP appears confusing related to the number and selection criteria of committee members. Further investigation and revisions will be forthcoming and possibly brought back for discussion and action at a later meeting.

4.07 CPL Financial Assistance

Financial aid does not cover Credit for Prior Learning. This is an equity issue that needs to be looked at. The Student Services Master Planning committee suggested covering half the cost and are open to other suggestions. Senator Downing suggested there be no or only a low cost to cover expenses associated with CPL. Senate was in consensus. Item will be investigated further by President Runyan and brought back at a later date.

5. Information

5.01 Future Agenda Items

Create New IPR Handbook/Template – President Runyan wants this to remain in the forefront as it is an important task for Senate to work on this year. The suggestion of a workgroup will be considered in the future.

Online Class Cameras-On Requirements – President Runyan brought this forward there needs to be some decisions made in the future. Lengthy discussion about the possible need for an AP or just recommendation from Senate to all faculty to have clear standards and guidelines spelled out in course syllabi. No action was taken this was not an action item.

Diversity Pledge and Faculty Diversification – President Runyan discussed the pledge that was presented at the fall plenary recommending colleges adopt a pledge. It was the consensus that this be discussed at the new LCC Diversity Committee meeting.

5.02 Accreditation Update

Tri-Chair Member Lisa Gardiner informed the Senate that broad input is needed in the Canvas Surveys, related to accreditation and specifically IPR processes. She is requesting that all staff and faculty complete the surveys listed in the Accreditation shell on Canvas.

It was further discussed that there are issues with a few faculty who have not completed their IPR's as required. These IPR's need to be completed as soon as possible, as it may continue to hinder our accreditation status.

6. Reports

6.01 Administration

Carie Camacho – There is a faculty meeting on Friday at 1:00pm, via zoom, and everyone should have received an email invitation. Census is due soon, but there are still lingering issues related to the network being down last week. More information will be available in the near future.

6.02 Senators

None

6.03 LCFA

Rupley – The latest on negotiations have been emailed today. Please review and if there are any questions, reach out to him or another LCFA board member.

6.04 Guided Pathways

None

7. Closed Session

Entered Closed Session: 4:27pm

Senators Present: Baker, Downing, Lin, Rupley, Runyan, Wisner

Guests: Lisa Gardiner

7.01 Consideration of Faculty Minimum Qualifications and Equivalency

Gunsmithing – 1 Applicant

Fire Science – 2 Applicants

Upon completion of this item, Lisa Gardiner leaves meeting.

7.02 Faculty Evaluation Recommendations

Closed Session Ended: 4:49pm

Return to Open Session – Report of Actions from Closed Session:

7.01

Gunsmithing – Approve Equivalency on vote of 4 yes, 0 no, 2 abstain

Fire Science – Approve Equivalency for both candidates on unanimous yes vote.

7.02

Senate agrees the District followed the appropriate timelines for the evaluations.

8. Meeting Closing

8.01 Adjournment – 4:51pm

(Downing/Rupley MSCU)

Respectfully Submitted,

T. Downing

STUDENT LEARNING OUTCOMES HANDBOOK 2020-2021

Academic Senate Adoption: _____ 3-24-2021 _____

Curriculum Committee Review: _____ 4-6-21 _____

INTRODUCTION

The Accrediting Commission for Community and Junior Colleges (ACCJC) requires associate degree granting institutions to meet four standards that ensure that the public receives a valuable education.

The Standards measure not only the quality and effectiveness of the institution's programs and support services no matter where or how they are offered, but also the effectiveness of the institution in meeting its mission, the adequacy of resources, and the processes of leadership, governance, and decision-making to adapt the institution to meet a changing future (ACCJC.org).

The four standards are designed to foster discussion about the institutions effectiveness and ways to enhance it. The four standards are as follows:

STANDARD I

The institution demonstrates strong commitment to a mission that emphasizes student learning and student achievement. Using analysis of quantitative and qualitative data, the institution continuously and systematically evaluates, plans, implements, and improves the quality of its educational programs and services. The institution demonstrates integrity in all policies, actions, and communication. The administration, faculty, staff, and governing board members act honestly, ethically, and fairly in the performance of their duties.

STANDARD II

The institution offers instructional programs, library and learning support services, and student support services aligned with its mission. The institution's programs are conducted at levels of quality and rigor appropriate for higher education. The institution assesses its educational quality through methods accepted in higher education, makes the results of its assessments available to the public, and uses the results to improve educational quality and institutional effectiveness. The institution defines and incorporates into all of its degree programs a substantial component of general education designed to ensure breadth of knowledge and to promote intellectual inquiry. The provisions of this standard are broadly applicable to all instructional programs and student and learning support services offered in the name of the institution.

STANDARD III

The institution effectively uses its human, physical, technology, and financial resources to achieve its mission and to improve academic quality and institutional effectiveness. Accredited colleges in multi-college systems may be organized so that responsibility for resources, allocation of resources, and planning rests with the district/system. In such cases, the district/system is responsible for meeting the Standards, and an evaluation of its performance is reflected in the accredited status of the institution(s).

STANDARD IV

The institution recognizes and uses the contributions of leadership throughout the organization for promoting student success, sustaining academic quality, integrity, fiscal stability, and continuous improvement of the institution. Governance roles are defined in policy and are

designed to facilitate decisions that support student learning programs and services and improve institutional effectiveness, while acknowledging the designated responsibilities of the governing board and the chief executive officer. Through established governance structures, processes, and practices, the governing board, administrators, faculty, staff, and students work together for the good of the institution. In multi-college districts or systems, the roles within the district/system are clearly delineated. The multi-college district or system has policies for allocation of resources to adequately support and sustain the colleges.

The guidance provided in this document is specifically designed to help the institution meet Standard I and II as it pertains to Outcomes Assessment (OA), specifically, Student Learning Outcomes (SLOs). For guidance on how to meet the other standards, please refer to the ACCJC website.

Building a common language around Student Learning Outcome assessment is key to increased understanding and success. Please find a list of frequently used terms below:

SLO: (Student Learning Outcomes) State what a student is able to know or do at the completion of a course.

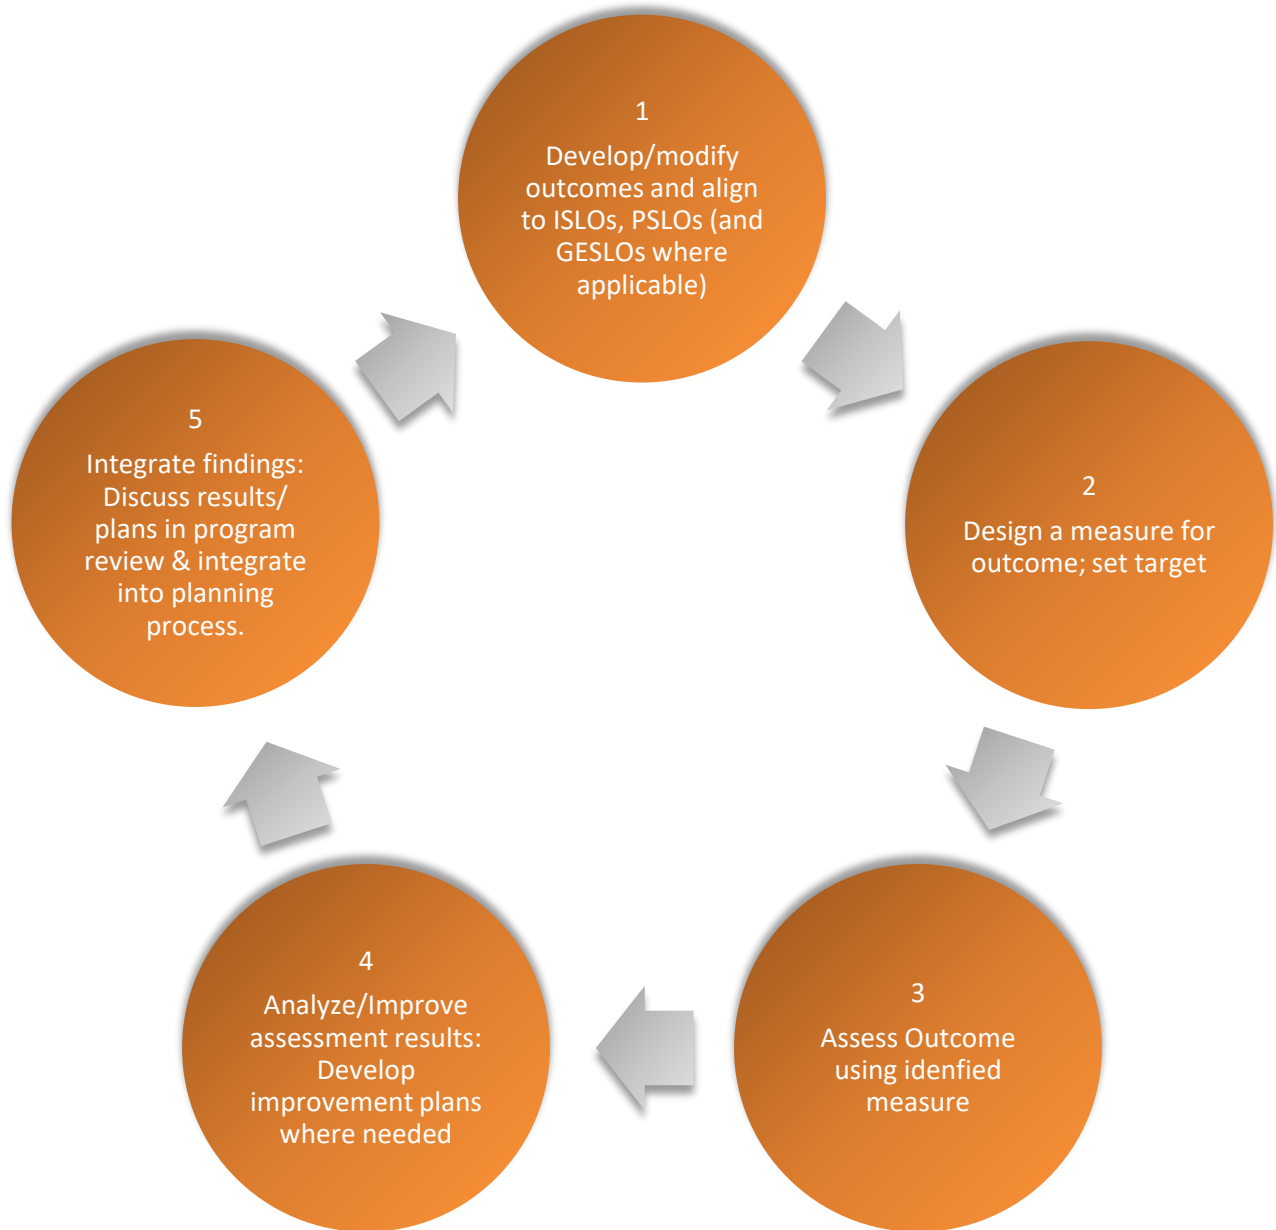

PSLO: (Program Student Learning Outcomes) State what a student is able to know or do at the completion of a program.

ISLO: (Institutional Learning Outcomes) Identify desired abilities of students upon completion of their education at Lassen Community College based on their whole college experience including receiving instruction and services, as well as engagement as a member of the LCC community.

GESLO: (General Education Student Learning Outcomes) Specify what a student is able to know or do at the completion of a course that relates to transferable general education criteria.

Outcome Assessment Cycle

Figure 1 *The process of outcomes assessment.*

Outcomes Assessment Cycle: The process by which we develop, assess, analyze, improve and integrate outcomes aligned with institutional mission into our planning process through program review in support of institutional strategic goals.

Student Learning Outcome and Assessment Cycle

Step 1: Develop/Modify Student Learning Outcomes (SLOs)

Course SLOs are developed and included in Curriculum submissions of new courses. Program SLOs are included in Curriculum submissions for new programs. SLO Mapping is included with initial Curriculum submissions. SLO Maps align SLOs to GESLOS and ISLOS [Appendix A: SLO Map]. Program SLO Maps align course SLOs to Program SLOs [Appendix B: PSLO Map]. Many existing programs have these maps in place; those that do not are being pushed to complete them Spring 2021. Course and program SLOs may be revised at any time through the Curriculum process. Regular review of course and program SLOs occurs during the IPR process. Special courses not mapped to PSLOs are mapped to ISLOs and GESLOs.

Step 2: Design Measure & Set Target

SLO Maps identify measure(s) and target for SLO assessment.

Step 3: Assess SLOs

Course SLOs are assessed utilizing identified measures each term a course is offered, following the course's 2 year plan cycle. Two year plans for each program are located on the Lassen Community College website. Faculty are contractually required to assess a minimum of one SLO per course per term. SLO Assessment plans are submitted to Academic Services at the beginning of the term. Faculty collect and report SLO Assessment results at the end of the term.

PSLO and ISLO assessment is integrated into the IPR process. Programs receive PSLO and ISLO assessment data during their IPR Orientation.

Step 4: Analyze/Improve Assessment Results

SLO Assessment Results include measure, target, number of students who achieved target, and a listing of proposed actions, or improvement plans, where targets are not met. Discussion of Improvement Plan design may be facilitated by Departmental Improvement Plan Brainstorming Form [Appendix C: Departmental Improvement Plan Brainstorming Form]. Discussion of SLO results, improvement plans, and impact of improvement plans is integrated into the IPR process.

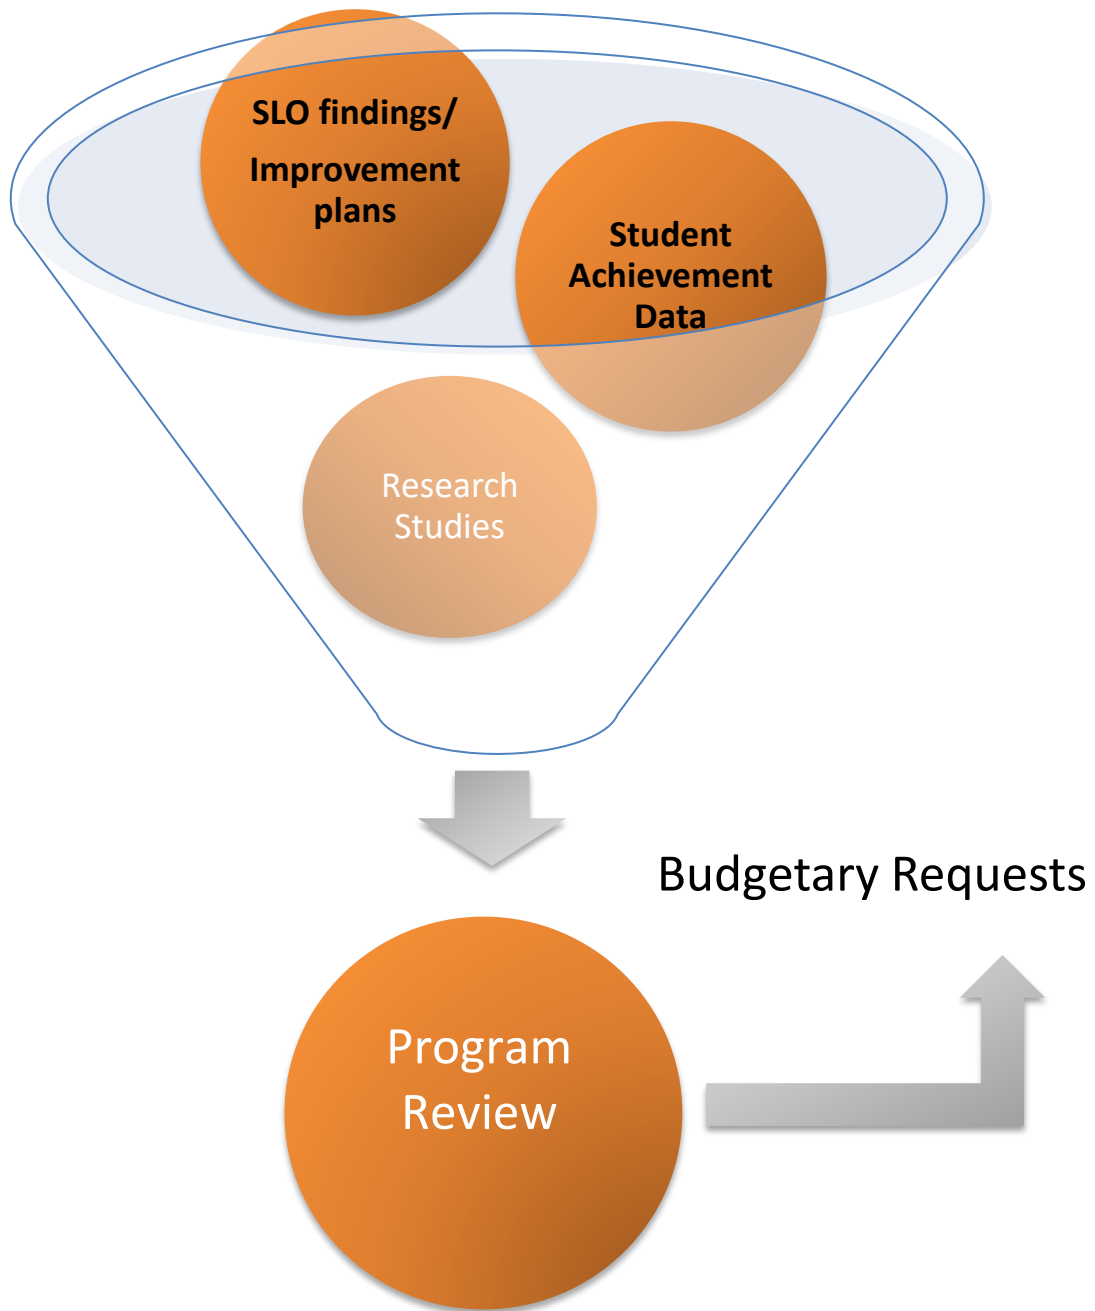

Step 5: Report & Integrate Findings

Longitudinal SLO data is provided for Instructional Program Reviews (IPRs) by the Institutional Effectiveness Office. IPRs include faculty analysis of SLO assessment results and SLO improvement plans (IPR Template Section II: Student Learning Outcomes).

The Instructional Program Review Handbook provides the mechanism by which budgetary requests identified in program reviews are supported by SLO findings and improvement plans, student achievement data, findings from research studies (where available); and are aligned with institutional strategic goals as a means to support quality improvement and evidence driven decision making (IPR Template Sections I-IV Planning Agendas and IPR Template Section VI. B: Prioritized Recommendations for Inclusion in the Planning Process).

Figure 2

The use of evidence to support budgetary decision making through program review:

SLO Process Improvement Plan Timeline

ACCJC Requirements and Recommendations identified in the June, 2020 Action letter from ACCJC brought to light improvements needed in LCC's SLO processes. As a result, a SLO Process Improvement Timeline was developed with the following goals:

Year 1: 2020-2021: Systematic Improvement

1. Consistent assessment of SLOs.
2. Consistent mapping aligning course SLOs to ISLOs, PSLO's and GESLOs.
3. Pilot project focused on PSLO and ISLO assessments targeted for inclusion in IPRs due 2021-2022.
4. Revision of IPR Handbook to emphasize discussion of SLO assessment results, "closing the loop."

Year 2: 2021-2022: Implementation

1. Integration of improved SLO data in IPRs
2. Integration of IPR prioritized recommendations in planning process
3. Analyze results of PSLO/ISLO pilot assessment project. Develop improvement plans for furthering robust SLO assessment.

STUDENT LEARNING OUTCOMES

Student Learning Outcomes (SLOs) state what a student is able to do at the completion of a course or course assignment. A student learning outcome is a statement of expectation that articulates:

- What students will know, do or think/feel as a result of our interaction with them,
- Specifies how learning will be assessed, and
- Documents the results of assessment and how those results will be used to improve learning.

SLOs are: “What can students do or produce at the end of the course that they could not at the beginning.”

Measuring SLOs

- SLOs are measurable so that the difference between the planned achievement and the learned achievement can be narrowed.
- Once outcomes are known, faculty can adjust the course or program to better accomplish the expected outcomes or the outcomes can be re-written to better reflect expected student learning.
- Expectations for student learning and assessment are *collaboratively authored* and *collectively accepted*.

Assessment

“Not everything that can be counted counts and not everything that counts can be counted.”
Albert Einstein

Assessment is an ongoing process primarily aimed at one of two things:

- 1) Improving programs and/or services, and
- 2) Understanding and increasing student learning.

Measurement is the process of collecting data for evaluation of your **Outcomes**.

- **WHAT** you are going to measure.
- This will help you determine **HOW** you are going to collect your data.

The Division/Department must:

- Make program objectives and student learning outcomes explicit and public
- Set appropriate criteria and high expectations;
- Systematically gather, analyze, and interpret data to determine how well programs and services meet those expectations and criteria

- Use the resulting data to document, explain, and improve programs, services, and student learning outcomes
- Re-evaluate criteria and modify as necessary.

Direct vs. Indirect Assessment

Direct assessment involves looking at actual samples of student work.

- Direct measures assess student performance of identified learning outcomes, such as mastery of a lifelong skill. They require standards of performance.
- Examples of direct assessments are: pre/post-test; course-embedded questions; standardized exams; portfolio evaluation; videotape/audiotape of a performance.

Indirect assessment is gathering information through means other than looking at actual samples of student work.

- Indirect measures assess opinions or thoughts about student knowledge, skills, attitudes, learning experiences, and perceptions.
- Examples of indirect measures are: student surveys about instruction; focus groups; alumni surveys; employer surveys.

Formative Assessment

Formative assessment refers to assessment that is carried out throughout the course of study, project, or time-frame to provide feedback regarding whether the outcome is being met.

Formative assessment may be conducted for the following reasons:

- Program improvement;
- To provide feedback in order to improve instruction, learning, and curricula;
- To identify students' strengths/weaknesses and
- To determine if the SLOs and instruction are in sync.

Summative Assessment

Summative assessment refers to assessment that is carried out at the end of a course, project, or time-frame to evaluate whether the outcome was achieved (i.e., the overall performance).

Summative assessment may be conducted for the following reasons:

- Evaluation and accountability;
- Decision-making regarding fund allocation;
- To aid in program level decision-making;
- To respond to demands of accrediting bodies, state and federal agencies.

FREQUENTLY ASKED QUESTIONS

The following section focuses on questions (FAQs) related to Student Learning Outcomes (SLOs)

1) What are SLOs and how do they differ from course objectives?

According to the ACCJC, Student Learning Outcomes are the “knowledge, skills, abilities, and attitudes that a student has attained at the end (or as a result) of his or her engagement in a particular set of collegiate experiences” (ACCJC Standards Adopted 2002, Standards Glossary, p.6). In other words they are the “specific observable or measurable results that are expected subsequent to a learning experience.” The SLO Glossary produced by ASCCC (2010) further clarifies by stating that,

SLOs describe a student’s ability to synthesize many discreet skills using higher level thinking skills and to produce something that asks them to apply what they’ve learned. SLOs usually encompass gathering together of smaller discrete objectives through analysis, evaluation and synthesis into more sophisticated skills and abilities (p. 13).

SLOs differ from course objectives in that the latter are specific teaching objectives that drive course content and activities (ASCCC.org). Objectives are small steps that lead toward a goal, for instance the discrete course content that faculty cover within a discipline. Objectives are usually more numerous and create a framework for the overarching student learning outcomes which address synthesizing, evaluating and analyzing many of the objectives (ASCCC, 2010, p. 10).

2) Why should I participate in this process?

The Academic Senate views outcomes assessment as a productive activity that can improve teaching practices and thus enhance student learning. For this reason, effective assessment practices are important not only to meet accreditation demands but also to benefit the college, the faculty, and the students.

Principle 11 of the Guiding Principles of SLO Assessment (2010) states, “Faculty should engage in SLO development and assessment not because it is a requirement for accreditation but rather because it is good professional practice that can benefit programs and students” (p.25). According to this, faculty’s chief responsibility is to provide students with an effective and rewarding learning experience. The responsibility involves participation in development of curriculum at the course, program and college level, and not just the responsibility for one’s own classes. Furthermore, “decisions regarding curriculum development should be based on collegial and authentic analysis of data...and for this reason SLO assessment can provide informative and beneficial input for making curricular evaluation and discussion at all levels more valuable and purposeful (Guiding Principles of SLO Assessment, 2010).

The Guiding Principles of SLO Assessment (2010) also states,

Outcomes and their assessments therefore must remain under the purview of those responsible for teaching the courses and those who are most qualified to make decisions regarding curricular practices. Faculty should have control of assessment processes and take the lead in analysis and use of the data. Collection of data should be led by the faculty members in the courses they teach. In all aspects of SLO development and assessment, faculty should assume primary responsibility (p.26).

In other words, because faculty members have the necessary expertise, curricular decisions need to remain under their control. For this reason faculty need to be the ones that engage in assessment of student learning outcomes and the curricular decisions that follow. Guiding Principles of SLO Assessment (2010) supports, “When designed and implemented appropriately, SLO assessment can provide significant benefits as a tool for evaluating and revising curriculum and for improving student learning, and these benefits should be the primary reason for faculty to participate in assessment work” (p.26).

The Guiding Principles of SLO Assessment (2010) reflects on the consequence of ignoring SLOs by stating,

If faculty do not accept these responsibilities and fail to see SLO assessment as a beneficial professional practice, both faculty and students may suffer. If assessment becomes a task done only to satisfy the ACCJC, faculty will be less likely to engage in authentic discussions of valid data, and indeed the data collected itself may well be less informative. Curricular development and decision making will be less effective, thereby depriving students of the maximum educational experience. In addition, faculty who do not engage in assessment activities may find that decisions regarding curriculum are made for them, either by smaller groups of individuals who have chosen to become involved or, worse yet, by non-faculty who have taken on the responsibilities rightly due to the instructional experts (p.26).

3) Should grades suffice for assessment?

According to the Guiding Principles of SLO Assessment (2010), Principle 8, states “SLO Assessment processes and grading are different but mutually compatible activities and should complement rather than conflict with each other” (p.21). Grades and SLOs are not the same thing because they have different approaches and have different purposes. Grading usually involves assigning a letter to some assignment or class the student participated in. The grade tells you very little or nothing about what skills the student can perform. Grades also tell you nothing about how the student can improve. According to Sholars (2009),

It is very difficult to trace back the learning of specific skills from a general grade. For example, if a student earns a “B” in the course, it is not possible to determine which skills or topics within the course were grasped well by the student simply by looking at the grade the student earned. Different faculty members teaching the same course could vary in the way they measure the combination of the different skills to produce the grade. For instance, Professor A might count the research paper for that course as 20% of the student’s overall grade, while Professor B might count the research paper for that course as 15% of the student’s overall grade. If that same research paper was used to assess an SLO, the faculty would score the skills that the faculty determined important on a faculty-

developed rubric. The faculty would have been normed on the rubric. Consequently, a student could earn an “A” in the course, but have scored 3 out of 4 on a faculty-developed rubric.

It is not just faculty that should be aware of the skills attained by a student after an assignment, but also the student. Students should be assigned a grade on an assignment and also a score that pertains to the SLO. If the student is familiar with the rating scale on the rubric, and what skills each score represents for a particular SLO, the student would be aware of what skills he or she has attained and which have not yet been mastered.

[Therefore,] formative SLO assessment involves evaluating student performance with the aim of providing feedback that will enhance student learning through improved instruction. Formative assessment helps the student and the instructor to ascertain what has been learned and what still needs to be learned and thereby can improve both teaching and learning” (p.26).

Thus, student learning outcomes are more useful for helping students understand how to improve their performance in a class and in future classes. Data from SLO assessment also provides feedback to faculty about how to improve instructional practices in a current class and in subsequent classes. Grading and outcomes assessment need not conflict with each as both serve necessary functions. “Faculty who employ only grades or only outcomes assessment may be depriving their students of important feedback. For example, a composition instructor who reads a student essay and simply assigns a letter grade or score, or even one who offers brief, general written comments to the student, has done little to improve the student’s writing. More productive comments would target specific expectations or outcomes for the paper and explain to the student where and how those expectations have or have not been satisfied. Through such feedback students can advance their skills and enhance their understanding of the course material. Thus, grading and outcomes assessment both serve important though separate roles and rather than conflicting, these processes should work in tandem to provide the different levels of input necessary for complete and effective student evaluation.

4) How do I begin? (Writing SLO’s)

The fillable Course SLO Map form (Appendix A) provides space for the description of SLOs and linkages to measures and achievement targets. Additionally, the form allows for linkages between the SLOs and the Institutional Learning Outcomes (ILOs) and the General Education Outcomes (GEOs).

According to the SLO Glossary produced by ASCCC in 2010, SLOs describe a student’s ability to synthesize many discreet skills using higher level thinking skills and to produce something that asks them to apply what they’ve learned. SLOs usually encompass gathering together of smaller discrete objectives through analysis, evaluation and synthesis into more sophisticated skills and abilities. (ASCCC, 2010, p. 13). An SLO refers to an overarching outcome for a course, program, degree or certificate, or student services area (such as the library).

Therefore, you should begin by examining at the specific course objectives listed in the Course Outline of Record (COR) for the particular course. You should then try combining 2 or 3 or more of them into one logical cohesive outcome that can be assessed.

For example, at LCC BUS 2 course has the following course objectives:

1. Cite and explain major events in U.S. history that have had a material effect on the way we conduct business in the U.S. today.
2. Compare and contrast economic systems found globally.
3. Define business ethics and explain the role of social responsibility in an organization.
4. Describe the role of information technology and the impacts it has had on business in the U.S. and globally.
5. Describe the major benefits and barriers found in international trade.
6. Compare and contrast commonly found forms of business organization by identifying primary benefits and detriments of each organizational form.
7. Describe the key management functions found in common business operations.
8. Describe the major theories and contemporary practices of business leadership.
9. Identify current production & operations processes and practices.
10. Identify key human resource management functions and the laws surrounding the management of people as a workforce.
11. Explain the primary components and functions of financial statements and conduct a simple financial statement analysis.
12. Describe the different types of common business financing options the impacts it has on various financial business positions.
13. Identify key components and functions of securities markets and the monetary system.

Objectives 8, 9, and 10 could be combined and rewritten as: Students will demonstrate an understanding of contemporary business principles and practices.

The other objectives can be combined similarly to yield other student learning outcomes.

Phrases and Words to be AVOIDED: Below is a list of words and phrases, which should be avoided when possible. These words are not forbidden. It is simply being suggested that they be avoided whenever possible or that their meaning be more fully elaborated when used by explaining how one would know if students are appreciating, enjoying, understanding, etc.

Words and Phrases to be AVOIDED when Evolving Objectives and Learning Outcomes:

believe	SHOW:	BECOME:
capacity	Appreciation for...	Acquainted with...
comprehend	Attitude of...	Adjusted to...
conceptualize	Awareness of ...	Capable of...
depth	Comprehension of...	Cognizant of...
experience	Enjoyment of...	Conscious of...
feel	Feeling for...	Familiar with...
hear	Interest in...	Interested in...
intelligence	Knowledge of...	Knowledge about...
know	Understand of...	Self-confident in...
listen		
memorize		

perceive realize see self-actualize		
--	--	--

Shopping List of VERBS: It is often very hard to find the right work to describe the students' expectation when writing an outcome or objective. The shopping list of verbs listed below may be useful in constructing course objectives and student learning outcomes.

**A Categorized “Shopping List” of Verbs
Useful for Making Objectives and Outcomes More Precise**

alter analyze appraise arrange attempt attend categorize change chart choose cite circle classify collect combine compare compile complete conclude consider contrast copy count criticize shorten structure tally	discover discriminate distinguish distribute document duplicate evaluate explain expand extend find follow formulate gather record relate reproduce return search signify sort suggest support underline signify switch tell	generate generalize identify imitate include indicate induce infer isolate itemize label list locate map mark match modify name note omit order organize paraphrase place simplify synthesize volunteer	plan point predict present propose provide question quote rearrange recall recombine reconstruct regroup rename reorder reorganize repeat rephrase restate restructure retell rewrite save select state systematize
--	--	---	--

General Applications

<u>Language</u>	<u>Mathematics</u>	<u>Science</u>	<u>Social</u>
abbreviate	add	calibrate	accept
accent	bisect	compound	agree
alphabetize	calculate	connect	aid
argue	check	convert	allow
articulate	compound	decrease	answer
capitalize	compute	demonstrate	buy
edit	count	dissect	communicate
hyphenate	derive	graft	complement
indent	divide	grow	contribute
outline	estimate	increase	cooperate
print	extrapolate	insert	disagree
pronounce	extract	lengthen	discuss
punctuate	graph	light	excuse
read	group	limit	forgive
recite	integrate	manipulate	greet
speak	interpolate	nurture	guide
spell	measure	operate	help
state	multiply	plant	inform
summarize	number	prepare	interact
syllabicate	plot	reduce	join
translate	prove	remove	lend
type	reduce	replace	meet
verbalize	solve	report	offer
write	square	reset	participate
	subtract	set	permit
	tabulate	specify	praise
	tally	straighten	react
	verify	time	relate
		transfer	serve
		weigh	share
			supply
			talk
			volunteer
			vote

Analyzing Process Complexity: It is important for the instructor to be fully aware of what the learner must do mentally with the content of the objective. Certain mental operations are obviously more difficult to accomplish than others. To recall information and report it in the same form as it was learned is a simpler task than to break the information down into previously unseen elements. Educators have noted that learning can occur at various levels of complexity. Select words which relay the degree of complexity of the learning process during the writing of objectives and outcomes.

I. Responding (simple specific responses)		
Example Verbs:		Example Outcome:
Circle	Imitate Sort	“...without the use of references, recall with 80% accuracy, the position held by key candidates on central issues of a recent local or national campaign...”
Connect	List State	
Define	Point Tell	
Duplicate	Recall Underline	
Find	Recognize	
Identify	Repeat	
II. Elaborating (demonstrating comprehension)		
Example Verbs:		Example Outcome:
Classify	Locate information	“...accurately paraphrases summary statements made by each major candidate on the central issue of the campaign to the satisfaction of the instructor.”
Compute	Measure	
Discriminate	Paraphrase	
Explain briefly	Produce	
List reasons for		
III. Investigating (simple application of basic knowledge)		
Example Verbs:		Example Outcome:
Cite evidence for	Investigate	“...distinguish editorial from factual information in over half of the instances, when provided with reviewing assignments in each of three new media (e.g. television, newspaper, magazine).”
Find more about	Omit	
Gather data on	Order	
Illustrate		
IV. Analyzing (application of complex operations)		
Example Verbs:		Example Outcome:
Compare		“...justify his or her selection of a least two different news media considered as reliable sources of information on candidates and issues. All justification to be documented from references, citing at least five types of evidence of reliability.”
Justify with logic and evidence		
Contrast		
Organize data in new forms		
Differentiate		
Interpret		

V. Concept Forming (developing simple original applications)	
<p style="text-align: center;">Example Verbs:</p> <p>Discover and document relationships Elaborate the concept of... Identify variables in Prove beyond a reasonable doubt</p>	<p style="text-align: center;">Example Outcome:</p> <p>“...document at least three reports exemplifying the concept that, ‘in a democratic process, no action is equal in effect to a positive action.’ Each report must be logically developed and consistent with factual records in the judgment of the instructor.”</p>
VI. Principle Forming (mastery and elaboration of concepts, principles or original thoughts)	
<p style="text-align: center;">Example Verbs:</p> <p>Deduce Predict Extrapolate Reorganize Infer Synthesize Integrate Rank order on varied criteria</p>	<p style="text-align: center;">Example Outcome:</p> <p>“...correctly predict (in at least four out of five instances) the action taken on given controversial issues by national political office holders; when provided case studies which clearly document voter and lobby pressures, as well as other pertinent facts, as they existed.</p>
VII. Problem Solving (fully developed original contributions)	
<p style="text-align: center;">Example Verbs:</p> <p>Discuss critically Formulate hypothesis and experiments Generalize from data Improve the process by which Prepare explanatory model Suggest refinements in Tailors logical arguments</p>	<p style="text-align: center;">Example Outcome:</p> <p>“...tailor logical appeals to peers who hold views opposing his or her own view on a controversial political issue. Over half of those persons to whom he directs the appeal, should as a result, at least agree as to the logical nature of his appeal, if not also describing themselves as less certain on the issue than before.”</p>

Bloom’s taxonomy is a well-known description of levels of educational objectives. It may be useful to consider this taxonomy when defining your SLOs.

1. **Knowledge:** Recalling or remembering information without necessarily understanding it. Includes behaviors such as describing, listing, identifying, and labeling.

2. **Comprehension:** Understanding learned material and includes behaviors such as explaining, discussing, and interpreting.

3. **Application:** The ability to put ideas and concepts to work in solving problems. It includes behaviors such as demonstrating, showing, and making use of information.

4. **Analysis:** Breaking down information into its component parts to see interrelationships and ideas. Related behaviors include differentiating, comparing, and categorizing.
5. **Synthesis:** The ability to put parts together to form something original. It involves using creativity to compose or design something new.
6. **Evaluation:** Judging the value of evidence based on definite criteria. Behaviors related to evaluation include: concluding, criticizing, prioritizing, and recommending.³ (Bloom, 1956)

5) Now SLOs are written, what do I do with them?

SLOs are specific measurable outcomes that are expected subsequent to a learning experience. Therefore, an **assessment tool** must be found or developed that can yield data that determines whether that outcome has taken place. In other words, the assessment tool should be able to tell you whether students can really do what the SLO states. According to the Guiding Principles for SLO Assessment (2010), Principle 1: “Faculty have the primary responsibility for developing assessment tools and determining the uses of data that are collected, and therefore faculty engagement and active involvement in SLO assessment is essential” (p.9).

As mentioned previously, only faculty have the necessary expertise, training, background, and experience necessary to develop effective methods of SLO assessment for their courses and programs. According to Principle 1 in the Guiding Principles for SLO Assessment (2010), “This same principle applies not only to classroom instruction, but also to student support services, library services, and all other areas of a student’s academic experience” (p.9).

At the beginning of each semester faculty prepare and submit an SLO Assessment Plan for each class within one week of the first meeting of the class.

6) What are the different types of assessments that I can use?

In *The Concept of Formative Assessment*, Boston (2002) offers the following explanation and definition of the concept of assessment: “Black and William (1998b) define assessment broadly to include all activities that teachers and students undertake to get information that can be used diagnostically to alter teaching and learning” (p. 8).

There are many different modes of assessments: The following, though by no means exhaustive, is a list of some of the most common tools:

Table 1 *Common Assessment Tools*

Academic Direct Measures	Academic Indirect Indicators	Administrative Measures
Capstone Assignment	Advisory Board	Activity Volume
Comprehensives	Alumni Survey	Benchmarking
Internship Evaluations	Benchmarking	Climate/Environ
Licensure Exam	Curriculum	Discussions

Performance	Employer Survey	Doc. Analysis
Portfolio	Exit Interviews	Efficiency
Pre/Post Test	Focus Groups	Evaluations
Presentation	Graduate Acceptance	Existing Data
Project	Honors/Awards	External Report
Standard. Test	Placement Data	Focus Groups
Thesis/Project	Satisfaction	Gov't Standards
Video/Audiotape	School Perform	Prof. Standards
Written Assignment	Student Evaluations	Satisfaction
Writing Exam	Transfer Acceptance	Service Quality

According to the Guiding Principles for SLO Assessment (2010):

If the term “assessment” refers to the process of collecting data, then “assessment results” are the data or evidence produced by this process. Such data need not always be quantifiable or measurable in numerical terms. Assessment results may take various forms, including not only quantitative data such as numerical or statistical scores but also qualitative evidence such as portfolios, narratives, performances, or other data that may be more dependent on observation than computation. Any information produced by assessment processes that can be used for analysis and improvement of student achievement and learning would fall under the category of assessment results (p. 8).

7) How do I know I have a good assessment tool for my SLOs?

This question is best answered by the Guiding Principles of SLO Assessment (2010) Principle 5: “SLO assessment should be as authentic as possible and should be minimally intrusive to the educational experience of students and the instructional planning and performance of faculty” (p.16).

Good assessment needs to simulate real world experiences and involve the application of critical thinking to tasks that approximate real world conditions like the workplace and other situations outside the classroom (Wiggins, 1990). Appropriate SLO assessment should not be simply a reproduction of information without context to anchor it. Authentic assessment is meaningful and involves application of knowledge and skills, not just simply memorization of information. The ACCJC’s 2012 SLO Rubric notes the importance of authentic assessment as an aspect of SLO proficiency: “Student learning outcomes and authentic assessment are in place for courses, programs, and degrees” (p. 5).

Faculty members also need to consider providing assessments at certain intervals of a course rather than just at the end. Such assessments are more useful because they can track student progress and provide more useful feedback to improve student learning. In other words, ongoing authentic assessment can improve the input that faculty provide to students as an aspect of instruction throughout their classes. As Chickering and Gamson’s (1987) *Seven Principles for Good Practice in Undergraduate Education* states, “In classes, students need frequent opportunities to perform and receive suggestions for improvement” (para. 15).

Assessments should also be integrated into courses so they are non-obtrusive and as least disruptive as possible. Guiding Principles of SLO Assessment (2010), Principle 5 indicates, “Other, more formal assessment practices also might be developed as a part of the standard instructional program for a course. Assessment data can be collected from work students do as required course activities, projects, or assignments, requiring minimal additional course preparation or student performance” (p. 16). Faculty members can plan for such standards assessments in advance by incorporating them into their classes as part of the normal expectations for students in the course. This insures that SLO assessment will be as efficient and practical as possible

Furthermore, according to the Guiding Principles of SLO Assessment (2010), Principle 6 states, “Rather than relying on one assessment method for all situations, effective assessment may benefit from a variety of methods, even within a single course, that can respond to different learning outcomes, teaching styles, and student learning needs” (p.16).

8) Where do we collect the data?

At the end of each semester faculty submit the results of SLO Assessment, and steps taken as result of the assessment, within eight (8) District business days after the last day of finals. Data is submitted via an electronic, “End of Term Course Student Learning Outcomes Results” form (Appendix B).

Assessment criteria must be established for each SLO prior to collecting data. Assessment criteria refer to the percentage or ratio of questions answered correctly. For example, a multiple-choice test may require that 75% of the questions be answered correctly for the SLO to be met. Therefore the assessment criteria would be 75%. Assessment criteria can also be set for more complicated assignments like papers, projects, etc. by following a rubric.

An **achievement target** must also be set for each SLO before data is collected. The achievement target refers to the overall percentage of students that successfully meet the assessment criteria for the SLO. For example, a particular course might require that 80% of the students be successful when assessed for a particular SLO. Thus, for this particular SLO, 80% would be the achievement target.

9) What do we do with the data once it is collected?

Faculty need to take part in a discussion of the SLO results for their courses. All faculty who teach a particular course need to discuss the SLO results in order to decide whether they need to modify the SLO, the assessment tool, the assessment criteria, or the achievement target. More importantly, faculty members need to decide what the results mean for that particular course in order to modify it or improve it. Improvement plans involve consideration of planned changes that result from the review of SLO assessment results. Planned changes can include changes to the structure of an assessment or course, to the forms or other tools used as part of instruction, include changes to the curriculum of the course, the curriculum of the program, scheduling or sequencing changes to curriculum, requests for new equipment, etc. Improvement Plans include planned changes as well as the proposed participants, timeline, and assessment plan to evaluate the planned changes. The Departmental Improvement Plan Brainstorming Form (Appendix C)

provides guidance and a means to capture the dialog and information needed to create robust Improvement Plan(s).

According to the Guiding Principles of SLO Assessment (2010), Principle 1 states,

Faculty are in direct contact with students, have the greatest knowledge and deepest understanding of the students' needs and abilities, and have the responsibility for developing and delivering the curriculum and course content, and therefore faculty can better understand the context of the data. By accepting and embracing their responsibility for SLO design and assessment, faculty will be in the best position to examine assessment data, ask questions about what the data suggest, and make appropriate changes to classroom and institutional practices in order to improve student learning (p.9).

10) Who should be involved in this process?

According to the Guiding Principles of SLO Assessment, (2010) Principle 2 states,

Outcomes assessment is a process that should involve all appropriate participants at each level of the college, not just select groups or individuals. SLO assessment must involve full-time faculty members, part-time faculty members, staff, administrators, and anyone else directly or indirectly serving students. Faculty members need to take primary responsibility for developing SLOs, the assessments, analyzing data, and coordinating discussions. Part-time faculty members need to be involved as well as they are a majority of the faculty at most colleges. Faculty should be the ones making curricular decisions, especially those concerning how it can be changed and improved by using SLO data. Staff members also need to be involved. Staff members need to be involved in preserving data, maintaining and recording it, as well developing software tools and systems. Staff members are thus needed to support the entire SLO assessment process.

Discussion should also be held at the college level by faculty under the leadership of the academic senate. Instructional and student support service faculty should also be involved. According to the Guiding Principles of SLO Assessment (2010), Principle 2:

A comprehensive system of support services exists, and is characterized by a high degree of integration among academic and student support services. Instructional and student support services faculty should not work in isolation from each other, but rather should collaborate and share information at all levels in order to more fully inform and strengthen the delivery of all aspects of a student's educational experience" (p.11).

There must also be assistance from college researchers to aid in the design and implementation of SLO instruments as well as evaluating their validity and applicability. Administrators also play an important role in the SLO process. Administrators need to support and facilitate the process. They need to make available sufficient staffing, technology, resources, compensation and other needs. Not only this, administrators must also support the SLO process through organization, scheduling, facilitating, coordinating, and encouraging, and approval of other necessary efforts to make the process more effective. According to the Guiding Principles of SLO Assessment (2010), Principle 2: "If the entire college is involved in assessment efforts, with each area or constituent group fulfilling its appropriate role while understanding and

respecting the faculty’s primacy in SLO processes, all areas will be able to work cooperatively toward the common goal of serving students in the most effective ways possible” (p. 11).

11) Now that SLOs have been defined, assessment tools have been developed, data and action plans have been collected. Am I done?

No. The process is supposed to be ongoing and lead to “**continuous quality improvement**” of the courses, programs and services offered by the college. According to Principle 1 of the Guiding Principles of SLO Assessment (2010), “The purposes of student learning outcomes include assessing student achievement, evaluating the strength of courses and programs, and identifying instances in which instruction and student learning can be improved” (p.9). Furthermore, According to the Guiding Principles of SLO Assessment (2010), Principle 3 states, SLOs and SLO assessment should be connected to the overall culture of the college through the college vision or values statement, program review processes, and college curriculum, planning, and budgeting processes”(p.10).

SLO assessment is not an end to itself but a vehicle for program and educational improvement. It needs to be an ongoing activity which uses current data to inform instructional practices. It should not be a periodic exercise that uses outdated assessments and data to inform current practices and decisions. The Academic Senate’s *SLO Terminology Glossary* (ASCCC, 2010) defines “**closing the loop,**” as:

Closing the Assessment Loop

The use of assessment results to improve student learning through collegial dialogue informed by the results of student service or instructional learning outcome assessment. It is part of a continuous cycle of collecting assessment results, evaluating them, and using the evaluations to identify actions that will improve student learning, implementing those actions, and then cycling back to collecting assessment results, etc. (p.4).

This requires a commitment by all people across all levels of the college. Faculty members are more likely to believe in the process and devote their effort if they feel it will lead to budgetary

decisions that will enhance students' educational experience. The college needs to make budget decisions that will support the projects and innovation that will lead to curriculum improvement. ACCJC emphasizes the importance of using assessment data as a basis for decision making throughout the college:

The institution uses assessment data and organizes its institutional processes to support student learning and student achievement (ACCJC Standard I.B.4).

Colleges must therefore integrate SLO assessment into its program review. In other words, data from SLO assessment needs to inform the decision making reflected in program review. Programs need to be analyzed based on concrete information, thus making the program review process more data driven. This allows SLO assessment to connect logically and meaningfully to both short-term and long-term college planning. SLO data can inform decisions for improvement of programs, the setting of goals and implementation of strategies, as well as allocation of resources to address these needs. Programs can use concrete data to support their budgetary requests thereby making budget discussions more meaningful and better informed. The decision making process will tie resource allocation directly to the SLO process.

Guiding Principles of SLO Assessment (2010) suggests, "Perhaps the highest level at which SLOs and SLO assessment can be incorporated into the culture of a college is by connecting general education outcomes directly to the college vision, values, or mission (p.10). Colleges might want to revise their mission statement, if necessary, to make an obvious connection with its institutional learning outcomes. Institutional learning outcomes should also have an explicit connection with the general education outcomes.

12) Do SLOs remain the same once established or can we change them?

SLOs can be revised as needed. According to the Guiding Principles of SLO Assessment (2010), Principle 3, that states:

The process and the SLOs themselves must remain open to revision and adjustment. Student needs and curricular practices change, and colleges must continuously reflect on their practices and expectations in order to serve students as fully as possible. The job of SLO development and assessment is never finished, and SLOs should not be seen as fixed or unchangeable. For SLO data to be effective in informing decision making at all levels of the college, the SLO assessment process should be revised as necessary to reflect changes in the college's curriculum, needs, and culture (p.10).

13) Okay, we are continuously assessing student learning outcomes, revising them as needed, and using them to inform program review. Now are we done?

No. Program learning outcomes, general education outcomes, and institutional outcomes must also be developed. Program learning outcomes (PLOs) have been defined by Marshall (2013) as "Broadly inclusive statements that might be considered areas of competency within a given discipline or general area of competency within a GE program." PLOs must be developed for any sequence of courses that leads to a certificate or degree.

According to the Guiding Principles of SLO assessment (2010), Principle 4, “SLOs should be clearly mapped and aligned throughout a course sequence and among various levels (course, program, institution) to achieve the most efficient and effective assessment” (p.15). The mapping of these outcomes needs to be thoughtful and involve dialogue among all necessary parties. This includes not only faculty, but also staff and administration. According to ASCCC (2010), “When dealing with outcomes and assessment, it is important to determine that course outcomes align or match up with program outcomes; that institutional outcomes align with the college mission and vision” (p.1). Doing this makes the assessment process more practical and efficient. An example within Principle 4, presents a scenario, “If program outcomes are designed and mapped to reflect direct connections to the SLO s of the courses that comprise the program, then assessment of the program outcomes may be conducted using data provided through the process of course SLO assessment” (p. 15). This means SLO assessments, if appropriately designed and assessed, can double as program learning outcomes. Furthermore, program learning outcomes assessment need not incorporate data from every course that comprises the program. Certain programs that have mastery courses, where students master a skill that was introduced in previous courses, might choose to focus assessment at the courses where mastery occurs.

Assessment of general education and institutional outcomes requires a broader dialogue. The *SLO Terminology Glossary* (2010), states that institutional learning reflect “The knowledge, skills, and abilities a student is expected to leave an institution with as a result of a student’s total experience” (p.9). Thus, they combine expertise found in several areas or a combination of areas and not a single discipline. Institutional learning outcomes include those related to institutional effectiveness (degrees, transfers, productivity) as well as learning outcomes. Principle 4 reflects on the success of the process as;

Successful attainment of general education and institutional outcomes depends on the overall educational experience that is founded on the course and program level. If students do not achieve the expected outcomes at the course and program level, then they are also unlikely to attain the college-level outcomes. For this reason, colleges should work to establish explicit alignment between program outcomes and those at the general education and institutional level. If students are successful in achieving course and program level outcomes, and if those outcomes provide direct and clear connection to the general education outcomes, then assessment will once again be simplified and the overall educational experience of students will have greater coherence and will therefore be enhanced (p. 16).

14) Can results of SLO, PLO assessment be used against me?

No. According to Guiding Principles of SLO Assessment (2010, Principle 10: “SLO assessment of student learning outcomes is a process that is separate from faculty evaluation.” (p.24). Alan Craig and Fulks (2007) support, “Placing student learning outcomes data within a faculty member’s evaluation would create a downward pressure on the rigor of the outcomes and a strong motivation to create assessments that validate or justify the content, pedagogy, and assignments” (p. 2). Thus, SLO assessment results would not be a true indicator of whether learning has taken place or whether the results should be used to improve the courses, programs, or services the college offers.

Institutional Learning Outcomes
1. Communication- Ability to listen and read with comprehension and the ability to write and speak effectively.
#2. Critical Thinking- Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome.
#3. Life Long Learning- Ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems.
#4. Personal/Interpersonal Responsibility- Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures

General Education Student Learning Outcomes for Associate Degrees
#1. Understand and apply methods of inquiry for a variety of disciplines including the scientific method for scientific inquiry and appropriate methods for social and behavior science inquires.
#2. Explain and analyze relationships between science and other human activities.
#3. Apply knowledge of the ways people act and have acted in response to their societies to express an appreciation for how diverse societies and social subgroups operate to understand social dynamics within historical and contemporary communities.
#4. Understand ways in which people throughout the ages and in Western and non-Western cultures have responded to themselves and the world around them in artistic and cultural creation; apply this knowledge to make value judgments on cultural activities and artistic expressions and demonstrate an understanding of the interrelationship between the creative arts, the humanities and self.
#5. Engage in verbal communication by participating in discussions, debates, and oral presentations utilizing proper rhetorical perspective, reasoning and advocacy, organization, accuracy, and the discovery, critical evaluation and reporting of information.
#6. Compose effective written communications and essays with correct grammar, spelling, punctuation and appropriate language, style and format utilizing academically accepted means of researching, evaluating and documenting sources within written works.
#7. Analyze, evaluate and explain theories, concepts and skills within varied disciplines using inductive and deductive processes and quantitative reasoning and application.
#8. Demonstrate appreciation of themselves as living organisms through their choices for physical health, activities, stress management, relationships to the social and physical environment, and responsible decision-making.

APPENDIX B: Program SLO Map

PROGRAM ID:

DATE LAST REVIEWED/UPDATED: 2/3/2021

PROGRAM TITLE: Associate in Arts Degree University Studies: Emphasis in Agriculture Sciences

FACULTY NAME(s): Brian Wolf

Indicate, by number, the Student Learning Outcome(s) that support the Program Student Learning Outcome (PSLO).

Course SLOs	PSLO 1	PSLO 2	PSLO 3
	Demonstrate effective animal husbandry skills, analyze the current market in order to sell the crop or animal at a premium and report the profit or loss, in a ranching situation.	Apply effective business, sales and marketing skills when presented with an agribusiness situation.	Demonstrate an understanding of the basic methodologies of science.
AGR-1			
AGR-2			
AGR-10			
AGR-13			
AGR-20			
AGR-40			
AGR-41			

Measure: Ratio of achieved SLOs to SLOs assessed. **Target:** 75% of SLOs will be achieved.

APPENDIX C: Departmental Improvement Plan Brainstorming Form

Departmental Improvement Plan Brainstorming Form*

Department:

Date of Discussion: _____

Course/Department SLO(s)/AUOs discussed (Example: ENGL 1, Financial Aid): _____

Semester(s) assessment data was collected (Example: Fall 2020):

Faculty/Staff involved in discussion and analysis:

What is discussion and analysis of this data telling you?

Questions faculty may consider include:

2. Do you see gaps in the outcomes data? If so, what is the cause?
3. Do you see gaps in the skills or abilities of a student completing the course? If so, what is the cause?
4. Do you see overall gaps in their instructional experience? If so, where?
 - Do you see gaps in the evaluation process itself? If so, why? How can that be improved?
 - Do you see other issues in the student's experience? – Timing of assessment leading to low percentage of students completing assessment? Unmet student needs impacting academic performance?

Provide a summary of the conversation leading to the improvement plan.

1-Write a brief description of the improvement plan to facilitate change, including semester improvement plan is anticipated to be implemented *:

2- Write an implementation description. (How will the improvement plan be set in motion? What steps are required to complete the action plan?)*:

3- Indicate the person(s) who will implement the improvement plan*:

4-Indicate any physical or financial resources needed, including estimated requested budget amount, if any (to be included in IPR or Annual IPR Update)*:

*This information is intended to aid in the development of Improvement Plans to be finalized when reporting End of Term Course Student Learning Outcomes

Academic Senate Meeting April 14, 2021 @ 3:00 p.m. Virtual Via Zoom

1. Call to Order at 3:00pm

1.01 Roll Call

Senators Present: Baker, Lin Rupley, Runyan, Waiser

Guests: Carie Camacho, Lisa Gardiner, Roxanna Haynes, Sue Kelley, James Kleckner, Alison Sommerville

1.02 Approval of Agenda (Rupley/Baker MSCU)

1.03 Approval of the Minutes for the 3/24/2021 meeting (Rupley/Runyan MSCU)

2. Public Comment

None

3. Action

3.01 Agriculture IPR

Second Review of IPR for approval. Motion to approve
(Baker, Rupley MSCU)

3.02 PSLO/ISLO Pilot Project

Surveys will be sent out to students that are graduating from the listed programs. The information gathered will be for upcoming IPR's. Runyan stated that the Tri Chairs have put in a lot of work on this project. Rupley brought up some misspellings that need to be corrected. Lisa Gardiner took notes on what needed to be fixed. Rupley mentioned that the IPR handbook will need to be updated to reflect this data capture. Motion to approve with corrections.
(Rupley, Baker MSCU)

3.03 AP 4102

Senate took action at it's March 10, 2021 meeting to take out the Superintendent/President submission of CTE Advisory membership to the Board of Trustees. Concerns arose regarding this as the Superintendent/President is the Secretary to the Board. Administration discussed that this is more of a collegial process by having the word consideration. It was recommended by Baker for the sentence to read: "The Chief Instructional Officer will forward the candidates to the Superintendent/President, who submits the list of candidates to the Board of Turstees." Motion with recommended changes.
(Baker, Rupley MS) There was not a majority vote. Motion died

4. Discussion

4.01 ACCJC Draft Report

President Runyan wanted to thank Senators Andy and Celeste for making comments on the document. Adam stated this is not a final draft because there are a lot of things that need to be updated and we want others to take looks at this document. The corrections or information that was requested will go back to the tri-chairs as well as the consultant to keep the document keeps going forward in a positive way. Thomas Robb has been selected as the editor and will help make sure all the links are good and that the document carries one voice. This document will need to be done and finalized through all steps and make sure that it is finished so ACCJC gets this document by October of 2021. Senate made recommendations back to the tri-chairs to continue through the governance process.

4.02 Camera On Recommendation

This is a guidance memo that came from another college and things that other colleges are doing to address online instruction. There can be one more discussion, but the following meeting will need to be an adoption of a LCC document that we will need to have. Andy asked if this is something we need to align with accreditation. Adam stated this is a recommendation that is to limit liability. We need to do what we have discussed before, which is to make sure that our syllabus are very specific with what we will require in our courses as instructors.

4.03 DEI Resolution

This document is something that is happening throughout the state and something that can help us be a pillar in the community as a DEI stakeholder. This still has a bit to go and we are hoping to have something by June of this year. It is a state wide movement. Andy asked if there is any push back against something like this throughout the state. Adam stated that this is overwhelmingly being approved throughout the state. The one concern that has been voiced is that it can divide people based on who did and did not sign the document. Roxanna brought up an inclusivity document in 2019

and this document is not a new resolution and that we have already supported this type of movement. Adam said he will reach out to other people to see if there is anything else on the document.

5. Information

5.01 Transcript Evaluation Form for Incarcerated

This form was updated to be more inclusive to our incarcerated students and also helps meet an accreditation standard. Counseling and correspondence has viewed this document as well as KC Mesloh, Evaluation Coordinator, to make sure this document meets standards.

5.02 Spring Senate Plenary

Adam talked about spring plenary and the voting that will happen. We need to get information to Adam by Friday to address any concerns. When the voting is done Adam will come back to tell us what happened. Alison asked to please vote for CCC apply. James wanted the votes to be thoughtful.

6. Reports

6.01 Administration

Carie said she didn't have much to talk about except the bombshell from yesterday (CCC closing). Adam asked how many people we will lose. Roxanna said rough numbers look like 13% loss in FTE. Andy asked if there was any retention from students transferring to other institutions. Roxanna stated that there are multiple factors. Some students may be able to finish the social science degree, but we will lose multiple business students from finishing their degrees. There are book issues that may lead to some students not being able to finish degrees. It may be best to put together a letter for the students to give to their future college coordinators to get finished. There could be some scheduling changes to help finish the students out before they leave next year.

6.02 Senator Reports

Adam asked about nominations about running for senate this next cycle. Colleen said that she had not received anything yet.

6.03 LCFA

No Report

6.04 Guided Pathways

No Report

7. Closed Session

7.01 Consideration of Faculty Minimum Qualifications

None

10.01 Adjournment - Motion to adjourn at 4:35pm

(Baker, Lin MSCU)

Lassen Community College District Strategic Plan

Recommendation for revisions by Consultation Council – October 12, 2020

Approved by Board of Trustees – November 10, 2020

Vision

- ❖ Lassen College will be a highly efficient self-sustaining rural community college, a catalyst for the region’s image, economy, and human capital, and an example of a “we can” culture” of collective impact by being:
 - The academic leader by ensuring quality instruction and encouraging student success
 - The educational leader by expanding outreach and student access with an equity mindset
 - The trusted steward by providing capable leadership and accountability
 - The economic and workforce development leader for the community
 - The cultural leader in the community
 - The civic and social leader in the community

Mission

Lassen Community College provides educational programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The College serves diverse students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.

Strategic Goals

1. **Institutional Effectiveness:** Provide the governance, leadership, integrated planning and accountability structures, and processes to effectively support an inclusive learning environment, while ensuring responsible stewardship of public trust and resources.
2. **Learning Opportunities:** Provide an array of rigorous academic programs delivered via a variety of modalities that promote student equity and learning while meeting the needs of the local and global community.
3. **Resource Management:** Manage human, physical, technological and financial resources to sustain fiscal stability and to effectively support the learning environment.
4. **Student Success:** Provide a college environment that reaches-out-to and supports students, minimizes barriers, and increases opportunity and success through access and retention to enable student attainment of educational goals including completion of degrees and certificates, transfer, job placement and advancement, improvement of basic skills, and self-development through lifelong learning.

Institutional Student Learning Outcomes

1. **Communication** - Ability to listen and read with comprehension and the ability to write and speak effectively
2. **Critical Thinking** - Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome
3. **Life Long Learning** - Ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems
4. **Personal/Interpersonal Responsibility** - Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures

Lassen College Values:

Student Success:

- Students reaching their goals
- Students being prepared for transfer to four-year institutions
- Students being prepared for employment
- Doing what is best for students
- Learning as a priority over teaching
- Student needs; they are paramount in the learning process
- Recognizing and minimizing barriers to student success

Educational Excellence:

- Equitable student learning as the focal point of every experience
- High quality educational delivery
- Highly qualified instructors
- High quality technology and materials
- Well-equipped classrooms

Honesty/Integrity:

- Trust in relationships
- Dependability
- Transparency
- Collaboration
- Sustainability
- Accountability

Dignity & Respect:

- Open forum for exchange of ideas
- Civility
- Collegiality
- Diversity & Equity
- Active listening and communication

Detailed IPR Timeline 2020-2021

This timeline is provided this year as we address a large influx of IPRs going through the approval process. Separate timeframes are identified based on whether IPRs are “in- sequence” (due August 2021) or “out-of-sequence” (late). Adhering to established timeframe (or submitting early) will help work flow for committees reviewing IPRs and/or curriculum.

TIMELINE FOR IPRS IN-SEQUENCE (ON TIME)

Fall (year prior to IPR due date)	Activities
September	<ul style="list-style-type: none"> • CTE Faculty: Review/Update Advisory Board Roster (Changes require Board of Trustee Action) Send updated roster to President’s Office by 10-2-20 to be put on Board Agenda for October • (optional to submit) IPR Annual Updates due
October	<ul style="list-style-type: none"> • Receive IPR Data • Complete IPR Orientation • Student Evaluation #1 administered and compiled by Academic Services • Consider Initial meeting with IPR Team and Academic Senate Mentor <ul style="list-style-type: none"> ○ Begin Curriculum Review <ul style="list-style-type: none"> ▪ Review/Update curriculum including; Examine Course Outline of Record: currency of text (within last 7 years for transfer courses), course offering timeline (2 year plan), relevancy of student learning outcomes, construct SLO maps • CTE Faculty: Updated Advisory Roster approved at Board of Trustees Meeting • CTE Faculty: Schedule Advisory Board Meeting
November	<ul style="list-style-type: none"> • Continue IPR Team meeting(s) • CTE Faculty: Hold Advisory Board Meeting: Curriculum changes require Advisory Board action

TIMELINE FOR IPRS IN SEQUENCE (ON TIME) CONTINUED...	
Spring (semester prior to IPR due date)	Activities
January	<ul style="list-style-type: none"> • Draft IPR document • Prepare curriculum for submission to Curriculum Committee next month. Early submission encouraged
February	<ul style="list-style-type: none"> • Student Evaluation #2 administered and compiled by Academic Services • Inclusion of Student Evaluation #2 data into IPR Document • Submission of course reviews/revision to Curriculum (the earlier the better) Textbook changes effective for Fall must be submitted to Curriculum Committee by end of February to be incorporated in Datatel for Fall registration.
March-April	Draft/edit IPR
May	Draft of IPR to Senate for review and input
Fall (IPR Submission)	Activities
August	Finalized IPR submitted to Academic Senate and Academic Dean for acceptance
September	Senate approved IPR submitted to Board of Trustees
October	IPR recommendations to planning committees <u>ACCJC site visit with review of IPR documents completed as scheduled</u>

TIMELINE FOR IPRS OUT OF SEQUENCE (LATE)

Fall (year after IPR due date)	Activities
September	<ul style="list-style-type: none"> • CTE Faculty: Review/Update Advisory Board Roster (Changes require Board of Trustee Action) Send updated roster to President's Office by 10-2-20 to be put on Board Agenda for October • (optional to submit) IPR Annual Updates due
October	<ul style="list-style-type: none"> • Receive IPR Data • Complete IPR Orientation • Student Evaluation #1 administered and compiled by Academic Services • Initial meeting with IPR Team and Academic Senate Mentor <ul style="list-style-type: none"> ○ Begin Curriculum Review <ul style="list-style-type: none"> ▪ Review/Update curriculum including; Examine Course Outline of Record: currency of text (within last 7 years for transfer courses), course offering timeline (2 year plan), relevancy of student learning outcomes, construct SLO maps • CTE Faculty: Updated Advisory Roster approved at Board of Trustees Meeting • CTE Faculty: Schedule Advisory Board Meeting
November	<ul style="list-style-type: none"> • Continue IPR Team meeting(s) • Draft IPR document
December	<ul style="list-style-type: none"> • Prepare curriculum for submission to Curriculum Committee next month. Early submission encouraged
Spring (year and a half after IPR due date)	Activities
January	<ul style="list-style-type: none"> • Submission of course reviews/revision to Curriculum (the earlier the better) Textbook changes effective for Fall must be submitted to Curriculum Committee by end of February to be incorporated in Datatel for Fall registration.
February	<ul style="list-style-type: none"> • Student Evaluation #2 administered and compiled by Academic Services • Inclusion of Student Evaluation #2 data into IPR Document
March	Finish drafting/editing IPR document
April	Draft of IPR to Senate for review and input
May	Submit finalized IPR to Senate and Academic Dean
June	IPR submitted to Board of Trustees

Fall (IPR Submission)	Activities
October	IPR recommendations to planning committees ACCJC site visit with review of IPR documents: All late documents now caught up.

Academic Senate Meeting October 14, 3:00 p.m. Virtual Via Zoom

1. Call to Order at 3:03 pm

1.01 Roll Call

Senators Present: Baker, Downing, Lin, Runyan, Rupley, Wisner

Guests: Carie Camacho, Lisa Gardiner, Roxanna Haynes, Sue Kelley.

1.02 Approval of Agenda

(Rupley/Baker MSCU)

1.03 Approval of the Minutes

September 23, 2020 Senate Meeting minutes

(Rupley/Baker MSCU)

1.04 Approval of the Minutes

October 7, 2020 Special Meeting Minutes

(Rupley/Baker MSCU)

2. Public Comment

None

3. Action

3.01 IPR Handbook

Reviewed suggested changes made to the handbook, to include noting location of annual update template, language related to revitalization/discontinuance policy, handbook approval methods, and minor language changes. Motion to approve with changes.

(Downing/Rupley MSCU)

3.02 IPR Peer Review Checklist/Rubric

Lisa Gardiner provided a template/Rubric for mentors to use for IRP review. Form is a living document, and will need updates in the future but is a valuable tool for current IPR review.

(Downing/Lin MSCU)

3.03 Fire Technology Certificate of Achievement Basic Wildland Firefighter

This is a new certificate, which replaces the Fire Technology Certificate of Accomplishment

(Downing/Baker MSCU)

3.04 FS 64B Instructor II - Instructional Development Course

New classes added to the Fire Technology discipline. Course has been reviewed in Curriculum Committee.

(Downing/Rupley MSCU)

4. Discussion

4.01 Budget Development Handbook

Senate President Runyan needs more information to update this handbook and is hoping to obtain the information and have item back for approval next meeting.

4.02 AP 4235 Credit for Prior Learning

Comprehensive review and updating to this AP is needed to meet new guidelines. This is in progress and the policy will be brought back at a future meeting. It was discussed that there may be funds available to help finance the crosswalks required.

4.03 Administration of Justice IPR

First review by Senate and comments received. IPR will be action item next meeting.

5. Information

5.01 Correspondence Faculty Handbook

This handbook has been reviewed by Dana Armeson, LCC Correspondence Coordinator and updates have been made.

6. Reports

6.01 Administration

Carie Camacho shared that all programs have received their IPR data. Human Services does not have a full-time instructor to complete the IPR, so negotiations will be underway to offer the special assignment to faculty. Also, employee evaluations are underway and going as planned. Camacho thanked the Academic Senate for their work and support.

6.02 Senators

Andy Rupley is trying something new as a division chair. He is recording “how to” videos on topics like syllabus development, attendance sheets, grading, etc. and could share those videos if there is a desire. It was suggested that he create a Canvas shell to house the videos.

Adam Runyan will be attending the Academic Senate Area A meeting this next Friday.

6.03 LCFA

None

6.04 Guided Pathways

The LCC Foundation approved and will be providing \$100.00 gift cards/month to hire students this semester. In the past, they were given gift cards for services on campus, but since those services are all closed due to COVID, another option was sought.

7. Closed Session

None

8. Meeting Closing

8.01 Adjournment – 4:14 pm
(Baker/Rupley MSCU)

Respectfully Submitted,
T. Downing

Peer Review Checklist/Rubric

Name of Faculty Peer Reviewer: _____

Program:	Dean:	Date:

Program Review Element	Element Included Yes/No	Revisit Element Yes/No	Comments
GENERAL			
Program Mission Statement: Is included and describes program in question clearly and all populations served by program are represented			
Alignment: Description provided of how the program aligns with the College's Mission (
Program Goals: Are included and appear sufficient			
Program Description: Titles and description match program description in catalog			
Program Student Learning Outcome: PSLO's included and measurable for each program			
STUDENT LEARNING OUTCOMES			
Course Student Learning Outcomes: measurable CSLO's are aligned to Institutional Learning Outcomes and General Education outcomes (where applicable)			
SLO Reflection: Response to SLO prompt included and match adopted SLOs in course outline and demonstrates thoughtful reflection on SLO results and impact on program			
INTERNAL FACTORS			
Data Sources: Descriptions and sources provided for outside data (if used)			

Program Review Element	Element Included Yes/No	Revisit Element Yes/No	Comments																		
Program/Department Changes: Noted and impact on program discussed																					
Data Trends: Department trends (growth/decline in students, instructional load, student achievement/success are discussed and compared to the whole college																					
Use of Data: Evidence provided of how the department/program is using and incorporating results (data) from assessments in decision making and to improve program quality or meet internal/external demands																					
<p>Enrollment Management Analysis: The following data trends are discussed to evaluate programs enrollment data and class scheduling (times of days and offering cycle):</p> <table border="1" data-bbox="115 968 683 1522"> <thead> <tr> <th data-bbox="115 968 420 1058">Enrollment Data Element:</th> <th data-bbox="420 968 683 1058">Included Y/N</th> </tr> </thead> <tbody> <tr> <td data-bbox="115 1058 420 1115">- Class size</td> <td data-bbox="420 1058 683 1115"></td> </tr> <tr> <td data-bbox="115 1115 420 1171">- Section count</td> <td data-bbox="420 1115 683 1171"></td> </tr> <tr> <td data-bbox="115 1171 420 1228">- Head Count</td> <td data-bbox="420 1171 683 1228"></td> </tr> <tr> <td data-bbox="115 1228 420 1285">- FTES</td> <td data-bbox="420 1228 683 1285"></td> </tr> <tr> <td data-bbox="115 1285 420 1341">- Program Awards</td> <td data-bbox="420 1285 683 1341"></td> </tr> <tr> <td data-bbox="115 1341 420 1398">- Retention</td> <td data-bbox="420 1341 683 1398"></td> </tr> <tr> <td data-bbox="115 1398 420 1455">- Success</td> <td data-bbox="420 1398 683 1455"></td> </tr> <tr> <td data-bbox="115 1455 420 1522">- Majors and Transfers</td> <td data-bbox="420 1455 683 1522"></td> </tr> </tbody> </table>	Enrollment Data Element:	Included Y/N	- Class size		- Section count		- Head Count		- FTES		- Program Awards		- Retention		- Success		- Majors and Transfers

Faculty Participation: Full time and adjunct faculty consulted in program planning and review listed and include more than just the department chair.			
Consultation Process: Discussed and supporting documents uploaded.			

Peer Review Summary Report:

1. What are the strengths of this program review? What did you like
2. What areas of this program review could be improved? Any recommendations?

Detailed IPR Timeline 2020-2021

This timeline is provided this year as we address a large influx of IPRs going through the approval process. Separate timeframes are identified based on whether IPRs are “in- sequence” (due August 2021) or “out-of-sequence” (late). Adhering to established timeframe (or submitting early) will help work flow for committees reviewing IPRs and/or curriculum.

TIMELINE FOR IPRS IN-SEQUENCE (ON TIME)

Fall (year prior to IPR due date)	Activities
September	<ul style="list-style-type: none"> • CTE Faculty: Review/Update Advisory Board Roster (Changes require Board of Trustee Action) Send updated roster to President’s Office by 10-2-20 to be put on Board Agenda for October • (optional to submit) IPR Annual Updates due
October	<ul style="list-style-type: none"> • Receive IPR Data • Complete IPR Orientation • Student Evaluation #1 administered and compiled by Academic Services • Consider Initial meeting with IPR Team and Academic Senate Mentor <ul style="list-style-type: none"> ○ Begin Curriculum Review <ul style="list-style-type: none"> ▪ Review/Update curriculum including; Examine Course Outline of Record: currency of text (within last 7 years for transfer courses), course offering timeline (2 year plan), relevancy of student learning outcomes, construct SLO maps • CTE Faculty: Updated Advisory Roster approved at Board of Trustees Meeting • CTE Faculty: Schedule Advisory Board Meeting
November	<ul style="list-style-type: none"> • Continue IPR Team meeting(s) • CTE Faculty: Hold Advisory Board Meeting: Curriculum changes require Advisory Board action

TIMELINE FOR IPRS IN SEQUENCE (ON TIME) CONTINUED...	
Spring (semester prior to IPR due date)	Activities
January	<ul style="list-style-type: none"> • Draft IPR document • Prepare curriculum for submission to Curriculum Committee next month. Early submission encouraged
February	<ul style="list-style-type: none"> • Student Evaluation #2 administered and compiled by Academic Services • Inclusion of Student Evaluation #2 data into IPR Document • Submission of course reviews/revision to Curriculum (the earlier the better) Textbook changes effective for Fall must be submitted to Curriculum Committee by end of February to be incorporated in Datatel for Fall registration.
March-April	Draft/edit IPR
May	Draft of IPR to Senate for review and input
Fall (IPR Submission)	Activities
August	Finalized IPR submitted to Academic Senate and Academic Dean for acceptance
September	Senate approved IPR submitted to Board of Trustees
October	IPR recommendations to planning committees <u>ACCJC site visit with review of IPR documents completed as scheduled</u>

TIMELINE FOR IPRS OUT OF SEQUENCE (LATE)

Fall (year after IPR due date)	Activities
September	<ul style="list-style-type: none"> • CTE Faculty: Review/Update Advisory Board Roster (Changes require Board of Trustee Action) Send updated roster to President's Office by 10-2-20 to be put on Board Agenda for October • (optional to submit) IPR Annual Updates due
October	<ul style="list-style-type: none"> • Receive IPR Data • Complete IPR Orientation • Student Evaluation #1 administered and compiled by Academic Services • Initial meeting with IPR Team and Academic Senate Mentor <ul style="list-style-type: none"> ○ Begin Curriculum Review <ul style="list-style-type: none"> ▪ Review/Update curriculum including; Examine Course Outline of Record: currency of text (within last 7 years for transfer courses), course offering timeline (2 year plan), relevancy of student learning outcomes, construct SLO maps • CTE Faculty: Updated Advisory Roster approved at Board of Trustees Meeting • CTE Faculty: Schedule Advisory Board Meeting
November	<ul style="list-style-type: none"> • Continue IPR Team meeting(s) • Draft IPR document
December	<ul style="list-style-type: none"> • Prepare curriculum for submission to Curriculum Committee next month. Early submission encouraged
Spring (year and a half after IPR due date)	Activities
January	<ul style="list-style-type: none"> • Submission of course reviews/revision to Curriculum (the earlier the better) Textbook changes effective for Fall must be submitted to Curriculum Committee by end of February to be incorporated in Datatel for Fall registration.
February	<ul style="list-style-type: none"> • Student Evaluation #2 administered and compiled by Academic Services • Inclusion of Student Evaluation #2 data into IPR Document
March	Finish drafting/editing IPR document
April	Draft of IPR to Senate for review and input
May	Submit finalized IPR to Senate and Academic Dean
June	IPR submitted to Board of Trustees

Fall (IPR Submission)	Activities
October	IPR recommendations to planning committees ACCJC site visit with review of IPR documents: All late documents now caught up.

Academic Senate Meeting October 14, 3:00 p.m. Virtual Via Zoom

1. Call to Order at 3:03 pm

1.01 Roll Call

Senators Present: Baker, Downing, Lin, Runyan, Rupley, Wisner

Guests: Carie Camacho, Lisa Gardiner, Roxanna Haynes, Sue Kelley.

1.02 Approval of Agenda

(Rupley/Baker MSCU)

1.03 Approval of the Minutes

September 23, 2020 Senate Meeting minutes

(Rupley/Baker MSCU)

1.04 Approval of the Minutes

October 7, 2020 Special Meeting Minutes

(Rupley/Baker MSCU)

2. Public Comment

None

3. Action

3.01 IPR Handbook

Reviewed suggested changes made to the handbook, to include noting location of annual update template, language related to revitalization/discontinuance policy, handbook approval methods, and minor language changes. Motion to approve with changes.

(Downing/Rupley MSCU)

3.02 IPR Peer Review Checklist/Rubric

Lisa Gardiner provided a template/Rubric for mentors to use for IRP review. Form is a living document, and will need updates in the future but is a valuable tool for current IPR review.

(Downing/Lin MSCU)

3.03 Fire Technology Certificate of Achievement Basic Wildland Firefighter

This is a new certificate, which replaces the Fire Technology Certificate of Accomplishment

(Downing/Baker MSCU)

3.04 FS 64B Instructor II - Instructional Development Course

New classes added to the Fire Technology discipline. Course has been reviewed in Curriculum Committee.

(Downing/Rupley MSCU)

4. Discussion

4.01 Budget Development Handbook

Senate President Runyan needs more information to update this handbook and is hoping to obtain the information and have item back for approval next meeting.

4.02 AP 4235 Credit for Prior Learning

Comprehensive review and updating to this AP is needed to meet new guidelines. This is in

progress and the policy will be brought back at a future meeting. It was discussed that there may be funds available to help finance the crosswalks required.

4.03 Administration of Justice IPR

First review by Senate and comments received. IPR will be action item next meeting.

5. Information

5.01 Correspondence Faculty Handbook

This handbook has been reviewed by Dana Armeson, LCC Correspondence Coordinator and updates have been made.

6. Reports

6.01 Administration

Carie Camacho shared that all programs have received their IPR data. Human Services does not have a full-time instructor to complete the IPR, so negotiations will be underway to offer the special assignment to faculty. Also, employee evaluations are underway and going as planned. Camacho thanked the Academic Senate for their work and support.

6.02 Senators

Andy Rupley is trying something new as a division chair. He is recording “how to” videos on topics like syllabus development, attendance sheets, grading, etc. and could share those videos if there is a desire. It was suggested that he create a Canvas shell to house the videos.

Adam Runyan will be attending the Academic Senate Area A meeting this next Friday.

6.03 LCFA

None

6.04 Guided Pathways

The LCC Foundation approved and will be providing \$100.00 gift cards/month to hire students this semester. In the past, they were given gift cards for services on campus, but since those services are all closed due to COVID, another option was sought.

7. Closed Session

None

8. Meeting Closing

8.01 Adjournment – 4:14 pm
(Baker/Rupley MSCU)

Respectfully Submitted,
T. Downing

Academic Senate Meeting February 10, 2021 @ 3:00 p.m. Virtual Via Zoom

1. Call to Order at 3:00pm

1.01 Roll Call

Senators Present: Baker, Downing, Lin, Rupley, Runyan, Wisner

Guests: Sue Kelley, James Kleckner, Chad Lewis, Anna Pasqua, Dan Weaver

1.02 Approval of Agenda
(Downing/Lin MSCU)

1.03 Approval of the Minutes
None

2. Public Comment
None

3. Action

3.01 Child Development IPR
Second review of IRP for approval
Motion to approve.
(Downing/Baker MSCU)

3.02 Fire Technology IPR
Second review for possible approval. President Runyan announced that after last meeting, it was brought to his attention that the IPR was lacking a full curriculum review as required. Discussion ensued on how to best complete the process so the IPR could move forward in a timely manner. Consensus was the curriculum needed review and approval through Curriculum Committee before being able to approve the IPR.
Motion to table IPR pending completion.
(Baker/Wisner MSCU)

3.03 Fine Art IPR
Second review for possible approval. President Runyan announced that after last meeting, it was brought to his attention that the IPR was lacking a full curriculum review as required.
Motion to table pending completion.
(Downing/Rupley MSCU)

3.04 Nursing/Allied Health/EMT IPR
Second review for possible approval. President Runyan announced that after last meeting, it was brought to his attention that the IPR was lacking a full curriculum review as required.
Motion to table pending completion.
(Baker/Rupley MSCU)

4. Discussion
None

5. Information

IPR process needs to be updated, and a workgroup is planned for the near future to tackle this task. Look for requests to be on the workgroup soon.

6. Reports

6.01 Administration

None

6.02 Senators

None

6.03 LCFA

None

6.04 Guided Pathways

Grant was received to pay for student workers, since we cannot provide campus vouchers at this time as most campus services are closed.

7. Closed Session

None

8. Meeting Closing

8.01 Adjournment – 3:31pm
(Baker/Lin MSCU)

Respectfully Submitted,
T. Downing

From: [Chad Lewis](#)

Subject: FW: Accreditation content in Canvas
Date: Monday, August 2, 2021 10:53:53 AM

Hi Codi,

I found this email from Lisa to everyone dated 5-20-2021. I think maybe this is the email referenced. Let me know and I can keep searching.

Thanks,

Sent from [Mail](#) for Windows 10

From: [Lisa K Gardiner](#)

To: [LCC Everyone](#)
Subject: Accreditation content in Canvas

Greetings LCC!

If you just received a Canvas course invitation for the Accreditation content in Canvas, please accept the invitation.

The Accreditation Tri-Chairs are finalizing our draft report. One piece of evidence we're collecting relates to the engagement of campus members with the Accreditation content in Canvas. By accepting the course invitation you will be assisting us in moving forward in the Accreditation process.

If you did not receive an invitation, most likely that means you have already accepted your invitation this academic year. If you feel you should have received an invitation, but did not, please email me and I will send you one.

Thanks for your support!

Lisa Gardiner

2020 August Flex Days Schedule

Day 1 August 12th, Wednesday

presented by

9:00 - 9:30	Introduction	Cheryl Aschenbach
9:30 - 10:30	Engaging students Online	Kysandra Callison
10:30 - 11:30	How to make your SLO's/AUO's work for you	Lisa Gardiner Chad Lewis Alison Somerville
11:30 - 13:00	Lunch Break	
13:00 - 14:30	Canvas Accessibility Training (Day 1)	Liesl Madrona
14:30 - 14:50	Break time	
14:50 - 15:50	Canvas Training - Part 1	Michael Anderson

Day 2 August 13th, Thursday

presented by

9:00 - 10:00	Mental Health Awareness	Seaira Harrington
10:00 - 10:10	Stress relieving meditation	Carrie Nyman
10:10 - 10:30	Break time	
10:30 - 11:30	Equity Minded Online Instruction	TBD
11:30 - 13:00	Lunch Break	
13:00 - 14:30	Canvas Accessibility Training (Day 2)	Liesl Madrona
14:30 - 14:50	Break time	
14:50 - 15:50	IPR Orientation/ Planning Overview	Carie Camacho Roxanna Haynes

Day 3 August 14th, Friday

presented by

9:00 - 10:00	COVID-19 and its impact on you and your union	Alan Frey
10:00 - 10:10	Stress relieving meditation	Carrie Nyman
10:10 - 10:30	Break time	
10:30 - 11:00	COVID-19 general health information	Christi Myers
11:00 - 11:30	COVID-19 campus preparation	Dr. Joslin Chrisdee Pelfrey
11:30 - 13:00	Lunch Break	
13:00 - 14:30	Canvas Accessibility Training (Day 3)	Liesl Madrona
14:30 - 14:50	Break time	
14:50 - 15:50	Canvas Training - Part 2	Michael Anderson

Zoom Information and Link

Zoom Setup Instructions

- You can watch [this video](#) to see instructions of downloading Zoom to your computer from the [Zoom website](#).
- When it is time for the meeting, [click here](#) to enter the Zoom meeting room or click “join” on the Zoom meeting software and use the meeting ID: **934 774 954 18**. Watch [this video](#) for a step-by-step instruction.
- If you prefer to copy and paste the Zoom meeting link into your browser, here is the URL: <https://cccconfer.zoom.us/j/93477495418>
- All 3 days of the 2020 August Flex Activities will be conducted in the same Zoom room.

General Zoom Participation Rules

1. Please **turn on your video** and **mute your audio**.
**You can do these by [clicking the audio/video icon](#) at the bottom of the Zoom interface.
2. If you have any questions or concerns during the meeting, please feel free to type in the Chat window or ask the question during the Q&A time. Our presenters will try their best to address them.
**The [Chat window](#) is in the tool bar at the bottom of the Zoom interface.
3. Please **be respectful** to the presenters and others, and **limit distractions** during the presentations.

2020 August Flex Activities Description

Engaging Students Online

8/12 (Wed) 9:30 - 10:30

presented by Kysandra Callison (LCC faculty)

Exploring tips, techniques and ideas for creating a Canvas platform that keeps your students engaged, participating and learning. Use the Canvas built-in tools to build a flexible platform that can be used for every subject. Incorporate external content, assessments, activities, and individual and group exercises to present any material to any age group. Exercise full control over the material and the environment. Be creative, motivate students and have fun.

How to Make your SLOs/AUOs work for you

8/12 (Wed) 10:30 - 11:30

presented by Lisa Gardiner, Chad Lewis, and Alison Somerville (LCC Accreditation Tri-Chairs)

We will be reviewing the importance of SLOs/AUOs, how they can work for your program, and look at mapping of SLOs/AUOs to the mission. Doesn't this sound exciting? This breakout session can save you time from having to do this review outside of your work day. [Accreditation Standard 2 (I.B.2, I.B.4, II.A.3, II.A.11, II.A.14)].

Canvas Training (2 parts)

8/12 (Wed), 8/14 (Fri) 14:50 - 15:50

presented by Michael Anderson (LCC Instructional Designer)

The two canvas training sessions will cover general navigation and tools in Canvas, using the Grade book, and Zoom (recording, uploading, and zooming through Canvas).

Mental Health Awareness

8/13 (Thurs) 9:00 - 10:00

presented by Seaira Harrington (LCC Behavioral Health Program Manager)

This presentation will provide an overview on college student mental health awareness. How to recognize signs and how to assist students with mental health issues. Seaira will provide additional resources and share what the Behavioral Intervention Team (BIT) has been working on for LCC.

IPR Orientation/Planning Overview

8/13 (Thurs) 14:50 - 15:50

presented by Carie Camacho and Roxanna Haynes (LCC Interim Deans of Instruction)

This session will be a broad overview of what is required to address IPR highlights such as critical content, deadlines, and appropriate documents for first time faculty or a veteran who needs a refresher. Input of suggestions to refine the process will be encouraged. [Accreditation Recommendation 1 (I.A.3, I.B.5, I.B.6, I.B.8, I.B.9, II.A.2, II.C.1, III.D.1)]

COVID-19 and its impact on you and your union

8/14 (Fri) 9:00 - 10:00

presented by Alan Frey (CTA Region 2 Representative for the LCFA)

With the pandemic crisis continuing it is vital that faculty know what their rights are and what the union is doing to protect your health and welfare as you begin the fall semester. We will cover what the Governor and the Chancellor's office dictates as well as the legal rights of faculty and the union to insure the safety of your profession.

Canvas Accessibility Training

Learn how to evaluate courses for accessibility and apply accessibility!

8/12 (Wed), 8/13 (Thurs), and 8/14 (Fri) 13:00 - 14:30

Webinar Series Description & Details

In an online course, you never know what abilities your students may have. Build proactively to ensure all of your students have the opportunity to be successful. Applying accessibility is another layer of design, but managing accessibility is a lot easier in Canvas! Learn the most effective approach to training faculty in Canvas accessibility and creating accessible course content.

Participants will learn how to determine the best format for delivering content (should remain as a PDF, in a Word Doc, or a Canvas page?), explain how formatting impacts assistive technologies' ability to access and interpret information, utilize the Rich Content Editor to properly format content pages using the acronym 'LIST', and provide accessible to instructional video materials.

California Community Colleges' Accessibility Center's instructional designer, Liesl, is here to make your lives easier! *Exclusive to participants, you will receive access to the free following digital goodies:*

- Newly updated UDOIT-approved Canvas course layouts to provide faculty an accessible foundation for faster course design
- Downloadable Windows and Mac-friendly easy HTML plug-n-play HTML code cheat sheets to help faculty independently refresh the look of their course and provide efficient page organization for students (yes - all created with accessibility in mind!)

Outcomes

- Determine the best format/strategy for delivering content, whether it should remain as a PDF, in a Word Doc, or a Canvas page.
- Explain how formatting impacts assistive technologies' ability to access and interpret information.
- Utilize the Rich Content Editor to properly format content pages using the acronym 'LIST'.
- Run the Canvas' Page Accessibility Checker/LMS Accessibility Checker and interpret its results to remediate inaccessible instructional materials.

Presented by **Liesl Madrona**

Ms. Madrona, M.Ed. in Learning Design & Technology, is an Instructional Designer Accessibility Specialist for the Accessibility Center, a grant project funded from the California Community Colleges Chancellor's Office and located at the CCC Technology Center at Butte College. Ms. Madrona focuses on designing and developing online self-paced accessibility micro-courses for professional development. Ms. Madrona's passion to create equitable courses led her to other vital projects in the CCC system.

This training is provided by [CCC Accessibility Center](#)

Division Chairs 2019-20

Carie Camacho, Dean of Instructional Services
Roxanna Haynes, Dean of Instructional Services
Alison Somerville, Lead Counselor
Fran Oberg, Executive Assistant, Academic Services

Andy Rupley, Business and the Sciences
Lisa Gardiner, Humanities and Social Sciences
Robert Schofield, English and Math
Chad Lewis, Career Technical Education/Physical Education

Meeting Minutes Wednesday, September 23, 2020 2:00pm Zoom

1. Call to Order: 2:01pm

2. Accreditation:

Andy emailed SLO planning to all faculty in his division for their input and asked them to consider backward mapping. The Business IPR already covers most of the SLO but needs to complete the loop from course to institution. Andy will get with Alison to make sure he's filling out the new form correctly and not missing anything.

Alison stated the tri-chairs are continuing to plug along with accreditation.

Roxanna met with David and Randy. All but 4 IPRs have all the data they need to complete the IPRs. The remaining 4 will have their data by 10/15. It seems that it is the correct data needed. No one has complained. Andy's concern is that, especially for Business, data needs to be disaggregated so he can speak to the incarcerated program separately. Lisa is taking IPR timelines for IPRs that are due and past due to Senate for approval today. Now it is up to faculty to get the IPRs done.

Roxanna stated that CTE programs used Strong Workforce and Perkins grants. We need to be more intentional with how our reporting is done. There are more reporting requirements for these grants.

Michell is working on a form to insert into the IPR to substantiate grant spending. She will be working with CTE faculty so they can report grant money was spent in their IPRs.

3. Topics for discussion/action:

- **FON (Carie)**

This was tabled to a future meeting. David is working on calculations. Andy has 75% of his schedule done. Is there a number on FON now? The state says ours is 14 FT faculty. We are meeting that. The district has given out so much release time that our FON needs to be figured by hand.

- **Review final draft of Important Dates for Scheduling (Fran)**

Final Important Dates for Scheduling reviewed and approved. CCCAA has not made decisions for spring sports yet, so PE classes have no guidance. We can skip the AERO class if we feel there will be low enrollment.

Spring Incarcerated – students are having a hard time with packet learning in some classes. Looking into some kind of tutoring. Jackson is doing some tutoring videos that can be converted to the CDCR platform. We're not comfortable forcing faculty to do F2F at the prisons. Not realistic to expect F2F will be allowed for the full semester. Spring semester will be packet learning, not F2F. Okay to have one section of a course offered for A, C, D & Lassen yards together. Offer another correspondence class for students from other institutions throughout the state. Haven't received directive from the state about how to list classes for spring. Through 12/31/2020, the state wants them listed as F2F converted to packet learning because of lockdowns (our "K" designation). If we list them as K, students can get textbooks. Correspondence ("I") students don't.

Division Chairs 2019-20

Carie Camacho, Dean of Instructional Services
Roxanna Haynes, Dean of Instructional Services
Alison Somerville, Lead Counselor
Fran Oberg, Executive Assistant, Academic Services

Andy Rupley, Business and the Sciences
Lisa Gardiner, Humanities and Social Sciences
Robert Schofield, English and Math
Chad Lewis, Career Technical Education/Physical Education

- **First look at Spring Important Dates and Spring Finals Schedule – Finals to be approved at next meeting 9/30.**

Please look at this, make suggestions for improvement and be ready to finalize at the next meeting.

- **Degrees/courses to offer that may be part of inactivation (Andy)**

Do we have to offer classes just because they're listed in the catalog? Alison stated that not all students have clicked the right major in the system, so looking at reports to find out which students actually need the class is not always accurate. No ANTH-3 is needed this spring. One student needs BUS-1C, a couple need BIOI-4. There are alternatives to GEOG-2, so we don't have to offer it in spring. Vampire Certificates – those that have only 1 or 2 students take a hit on our finances because we're forced to offer under-enrolled classes. Social Work ADT is in the works. HUS-30 is popular and always filled. We need to be mindful of how flying classes benefits students.

- **Breaking up lab deliveries into synchronous and asynchronous (Andy)**

Pros & cons to both formats. This needs to be up to the teacher – what best works for student learning. All teachers are different. We need to brainstorm how to get the message out to students. Advertise it. If you're just doing synchronous, possibly make live office hours available. The Chancellor's Office is stressing flexibility.

- **CG-150 (college Success) & 158 (New Student Orientation) offering (Andy)**

Yes, we will be offering these classes in the spring.

- **Advising plans for incarcerated program (Alison)**

Tabled to next meeting.

4. Other Items

- Funding formula – We get more bang for the buck if students can complete a certificate in the first year and the degree in the 2nd year.
- Faculty Meetings – Carie will be sending out the schedule.
- Incarcerated Education Meeting – Roxanna & Dana will send out information.
- CTE Meeting – Roxanna will send out information

5. Adjournment: 3:01pm

Meeting Agenda
Wednesday, September 23, 2020
2:00pm
Zoom

- 1. Call to Order**
- 2. Accreditation**
- 3. Topics for discussion/action:**
 - FON (Carie)
 - Review final draft of Important Dates for Scheduling (Fran)
 - First look at Spring Important Dates and Spring Finals Schedule – Finals to be approved at net meeting 9/30.
 - Degrees/courses to offer that may be part of inactivation (Andy)
 - Breaking up lab deliveries into synchronous and asynchronous (Andy)
 - CG-150 (college Success) & 158 (New Student Orientation) offering (Andy)
 - Advising plans for incarcerated program (Alison)
- 4. Other Items**
- 5. Adjournment**

TTH 1:00 pm	1:00 pm – 3:00 pm	Thursday, May 27, 2021
TTH 2:30 pm	1:00 pm – 3:00 pm	Tuesday, May 25, 2021
TTH 4:00 pm	3:00 pm – 5:00 pm	Thursday, May 27, 2021
All M, W, F only and MW day classes are on the MWF schedule	All T, TH only day classes are on the TTH schedule	
Any other day classes (classes meeting at times not listed above)	10:00 am to 12:00 pm	Thursday, May 27, 2021
M evening classes	5:30 pm – 7:30 pm	Monday, May 24, 2021
W evening classes	5:30 pm – 7:30 pm	Wednesday, May 26, 2021
MW evening classes	5:30 pm – 7:30 pm	Wednesday, May 26, 2021
T evening classes	5:30 pm – 7:30 pm	Tuesday, May 25, 2021
TH evening classes	5:30 pm – 7:30 pm	Thursday, May 27, 2021
TTH evening classes	5:30 pm – 7:30 pm	Tuesday, May 25, 2021

No Final Exams are to be given except at times stated above.

Finals for individual students may not be given other than the dates and times stated above without permission from the instructor and the Vice President of Academic Services.

Laboratory and activity classes must meet during finals week; however, final exams are optional.

IMPORTANT DATES
SPRING 2021

Black Font – Student Information
Gray Font – Faculty/Staff Information

Dates subject to change.
Most current schedule
posted online at
www.lassencollege.edu.

November	OCT 1	Correspondence Packets for Spring 2021 classes due in the Correspondence Office
	2-6	Priority Registration for Spring 2021
	7	Open Registration begins online – All Students Spring 2021
	9	Open Registration begins in Admissions for Spring 2021
	11	Veterans Day Holiday – NO CLASSES -- Campus Closed
	13	Last day for students to withdraw from Fall 2020 class (full-term classes only)
	26-27	Thanksgiving Holiday – NO CLASSES -- Campus Closed
December	14	Final Fall 2020 Grade Rosters available to Faculty online. Drops are not allowed on final grade rosters. Changes to student's enrollment information on class rosters can be made during the semester by notifying A&R
	14-17	Finals Week - Finals must be given on scheduled days
	17	Last Day of Fall 2020 semester
	18-23	NO CLASSES – Campus Open
	24-31	Campus Closed – Winter Break
	January	1
4		Campus Open
4		Dorm open for Spring Semester. Check-in at 8:00
4		All final grades and attendance documents for Fall 2020 classes are due to Admissions
7		Report Student Learning Outcome (SLO) Findings for Fall 2020 term
13		Registration fees for Spring 2021 full-term classes must be paid in full (or risk being dropped)
14-15		Flex Days – NO CLASSES – Campus Open
15		Waitlists distributed to faculty
18		Holiday – Campus Closed
19		Spring 2021 classes begin
19		Faculty begin Attendance Accounting – Instructors download temporary rosters via MyLassen Portal
25		Syllabi due to Academic Services
25		Full Time Faculty Office Hours due to Academic Services
25		Report which SLOs will be assessed during Spring 2020 term
25		Last day for students to add a full-term class
29		Last day for students to add a full-term class <i>with</i> Instructor <i>and</i> Counselor approval
29		Last day to drop a full-term Spring 2021 course and receive a refund.
29	Last day to drop a full-term Spring 2021 course without a “W” (Withdrawn) showing on permanent records	
27	Census day for full-term Spring 2021 classes	
27	Census Add-Drop-No Show Rosters distributed to Faculty (via Starfish)	
February	2	Convocation – All Faculty/Staff – NO CLASSES/OFFICES CLOSED
	11	Census Rosters are due to Admissions and Records
	10-11	Flex Days – NO CLASSES – Campus Open
	12	Holiday – CAMPUS CLOSED
	15	Holiday – CAMPUS CLOSED
19	Last day for students to elect Pass/No Pass (credit/no-credit) grading option for full term classes

March	12	Vocational Nursing Program Mandatory Informational Session 5:30pm CA113
	22	Summer and Fall 2021 is made viewable online
	26	Correspondence Packets for Summer 2021 due in the Correspondence Office
	29-31	Spring Break – NO CLASSES – Campus Open
April	1	Spring Break – NO CLASSES – Campus Open
	2	Holiday – CAMPUS CLOSED
	5	Priority Registration for Summer/Fall 2021 begins
	9	Correspondence Packets for Fall 2021 due in the Correspondence Office
	10	Online Registration for Summer/Fall 2021 begins
	12	Open Registration begins in Admissions for Summer/Fall 2021
	17	Last day to petition to graduate to be included in graduation program
	17	Last day for students to withdraw from full-term Spring 2021 classes
May	24	Final Spring 2021 Grade Rosters distributed to Faculty online. Drops are not allowed on final grade rosters. Changes to students' enrollment information on class rosters can be made during the semester via notification to Admissions and Records.
	25-28	Finals Week – Finals must be given on scheduled days
	28	Last day of Spring 2021 semester – Commencement
	31	Holiday – CAMPUS CLOSED
June	7	Instruction begins for Summer 2020 Intersession
	7	All final grades and attendance documents for Spring 2021 classes are due to Admissions and Records
	10	Report Student Learning Outcome (SLO) Findings for Spring 2021 to Research Office
	11	Specify which SLOs will be assessed during Summer 2021 to Research Office
	11	Summer 2021 Syllabi due to Academic Services

Division Chairs 2019-20

Carie Camacho, Dean of Instructional Services
Roxanna Haynes, Dean of Instructional Services
Alison Somerville, Lead Counselor
Fran Oberg, Executive Assistant, Academic Services

Andy Rupley, Business and the Sciences
Lisa Gardiner, Humanities and Social Sciences
Robert Schofield, English and Math
Chad Lewis, Career Technical Education/Physical Education

Meeting Minutes Wednesday, October 21, 2020 2:00pm Zoom

1. **Call to Order:** 2:00pm
2. **Accreditation**
 - The Accreditation Canvas shell will be rolled out later this week. A very broad prospective covering IPRs, SLOs, Capturing Evidence and other components.
 - The Instructional Designer has done some training videos. Andy has done some, too. A reminder – if procedures change, training videos need to be updated, too.
3. **Topics for discussion/action:**
 - **Scheduling update (Fran):**
 - Statewide adjuncts are taking a hit. Carie liked the way division chairs have been communicating with their faculty. Carie stated we need to be empathetic.
 - BUS at CDCR? Maybe. BUS-19 – students need it to graduate. We need to offer it to complete the degree. This is the last semester it will be offered. BUS-25 spring offering online. 3 sections correspondence ECON-11. We expect 2 to be filled by local students.
 - Dana sent out correspondence registrations.
 - The “F2F but being taught by packet learning” will remain listed as “K” classes per the state’s guidelines.
 - Did we hire a PSY instructor? Carie is in the process of doing reference checks.
 - We will be taking the BUS degrees out of the local prisons and will be offering PSY. There is a need for someone to develop at PSY-33 packet. Lisa & Roxanna will meet later to discuss.
 - DS-111 must be offered. There are no adjuncts available. Robert is the only one with the appropriate FSA. He will be teaching the class. We’re hoping to get a DS director soon. There may be negotiations on Friday. Carie will talk to Brady. We need to make this work for this semester. Carie will work with Robert & Brady.
 - CCCAA will vote on the fate of college athletics 11/17/2020. Until then, we can’t schedule any PE classes.
 - Chancellor’s Office released a legal opinion – It’s not legal to force students to show their faces during Zoom meetings. It’s an equality issue. Carie will share this with all instructors.
 - Can we offer Golf class in this Covid climate? It’s required for Kinesiology. The class is outside. Carie will check.
 - HDSP students need Speech. Need to be creative and find a way to make it work. Come in once a month & cycle the students in to do their speeches? At the moment, they can bring in 10 people at a time. Lisa will reach out to Kristin Pfanku.
 - Are we ready for the spring schedule to go up to view online? Yes.

Division Chairs 2019-20

Carie Camacho, Dean of Instructional Services
Roxanna Haynes, Dean of Instructional Services
Alison Somerville, Lead Counselor
Fran Oberg, Executive Assistant, Academic Services

Andy Rupley, Business and the Sciences
Lisa Gardiner, Humanities and Social Sciences
Robert Schofield, English and Math
Chad Lewis, Career Technical Education/Physical Education

- **SLOs – Summer & Fall (Carie)**

- Sue will email a list of faculty that still need to submit Summer SLO results and Fall SLO plans. They get one more shot & then will get a letter of reprimand. The Division Chairs have already reminded their faculty. The next reminder should come from the Deans.
- Division Chairs please remind faculty to turn in their Flex Plans. Remind them they can claim up to 20 hours of mental health and up to 35 hours for re-working classes for online delivery.
- Randy spoke with Carie & Roxanna. He had a 3 page long list of incomplete SLO, missing ISLOs & GESLOs, etc. Many are CTE. Carie & Roxanna will be meeting to see how to handle it.
- Carie & Roxanna will meet with Alison & Lisa to discuss this and PSLO before the final rollout on mapping.

- **Business need for Business Calculus (Robert)**

- Discussion on how to offer the Business Calculus needed to meet new CID requirements. Possibly create a new course that wraps in the pre-req class. Need to map a way students can finish Math in 1 year. Concerns about offering another class that won't fill. All the small schools are having the same problem. Can we offer BUS Calc online and offer it to other schools? If we don't have the BUS student base, could it be offered every other year? Alison will check to see if the certificates and degrees allow another option. Possibly Finite Math. We would still have the same problem of not having enough students to fill it. Have a conversation with other schools to share the course. The more creative we can get, the better. This is a huge inequality issue for rural areas and small schools. Need to move quickly to create classes by fall. Roxanna, Carie & will meet again to discuss. Robert will wait to make any changes to Math course outlines.

- **English schedule/offerings/plans (Robert)**

- The English Department is proposing to cut some classes. They are going through their IPR process and are making informed decisions. Kudos to them. Carie still wants them to be part of the Discontinuance/Revitalization Committee. They need to be part of the bigger conversation to follow our processes.

4. **Other Items:** None

5. **Adjournment:** 3:26pm

Meeting Agenda
Wednesday, October 21, 2020
2:00pm

Monday, December 7, 2020
 Consultation Council 3:00 pm via Zoom-1. Meeting Opening

Administration:	Classified:	Faculty:	Management:	Student:
Dr. Trevor Albertson		Alison Somerville		
Dr. Randy Joslin	Carol Montgomery	Yuting Lin	David Corley (ITP)	
Garrett Taylor	Tara Bias	Chad Lewis	Michell Williams	
Brady Reed	Meggin Lewman	Andy Rupley	Terry Bartley	
Carie Camacho	Alt. Karen Clancy	Robert Schofield		
		Adam Runyan		
		Lisa Gardiner		

Guest: Jennifer Tupper, Seaira Harrington, Sue Kelley, Tiffany Montgomery, Tom Downing, Vickie Ramsey, Dana Armerson, Sandra Jonas (board member), Codi Mortell, Carol Growdon, Anna Pasqua, Brenda Hoffman, Bridget Gowin

1.01 Call to Order and Roll Call at 3:00 pm last meeting for the semester

1.02 Approval of Agenda- **approved by consensus**

1.03 Approval of Minutes 11/23/2020 - **approved by consensus**

2. Governance

2.01 2020 NIRP Handbook-David Corley - **approved by consensus**. The template is still the same. The only change was the timeline of when things are due.

2.02 Planning Budget Development Handbook-Adam Runyan – **approved by consensus** This was approved last week in Senate.

2.03 2020-2021 Governance Handbook-Adam Runyan - **approved by consensus**.

3. Consultation

3.01 2020-2021 Minimum Qualification (MQ) Handbook-Adam Runyan- This is an informational item. Lisa sent this after she looked it over and she made it up to date. Lisa did a great job. Senate is a great team.

4. Guided Pathways

4.01 Guided Pathways Update-Brady Reed – Working on self-assessment. We are in the process of hiring students! We finished interviews today. We have a very diverse group.

5. Accreditation

5.01 Accreditation Update – Planning and governance items were added to the timeline. The timeline was attached so people could see it. Since it had to be converted to a PDF from EXCEL, it changed the formatting and it is not as easy to follow. Alison can send you the original excel form. Chad gave an update on the PLSO training on Friday. Colleen Baker was very helpful with that. The training is on the Canvas Accreditation shell. We need to review our maps to see if they need updating. There is a January 19th meeting and then we skip a meeting because of convocation. Is there anything glaring that needs to be address quickly with the timeframe we are working on. Working on your SLO, PSLO and your mapping. Those of us who have NIPR's and

IPR's, those need to be done also. Master Plans need to be completed, also. Make sure we are doing what we say we are doing. Your efforts are really appreciated and critical.

6. Other-Information/Communication

6.01 Budget update-Garrett Taylor & Trevor Albertson- We are hoping for a pretty good year next year. 1.45 billion dollars will come to the community college system next year above what we were expecting.

6.02 Good of the Order: Questions for Trevor- Trevor Albertson- Our board of trustee will be sworn in next week.

7. Meeting Closing

7.01 Future Meetings

7.02 Adjourn at 3:23

NON-INSTRUCTIONAL PROGRAM REVIEW

OVERVIEW and GOALS

Program review is an integral part of the total process of planning and budgeting at Lassen Community College. The evaluation and recommendation subsections from each program review provide the basis for informed decision-making on programs, personnel, facilities, equipment, and budget.

The program review process is an effective vehicle for accountability and provides an opportunity for staff to actively participate in the growth of their own programs and the growth of the college as a whole. Institutional planning and budget considerations will be based on the recommendations and justifications provided by this process.

REVIEW PROCEDURE:

The Non-instructional Program Review process and the Instructional Program Review process at Lassen Community College follow the same pattern. All non-instructional programs at Lassen Community College will be reviewed at least once every four years. All programs will use similar Self-Evaluation format and instruments.

It is expected that the Self-Evaluation team completing the NIPR will be composed of all permanent staff of the program being evaluated. The Self-Evaluation team will use qualitative and quantitative data as a basis for preparing and writing the Self-Evaluation report.

The Superintendent/President will consult with the appropriate administrator, who will advise supervisors of their upcoming program review.

SELF-EVALUATION REPORT:

Report Preparation

Preparation of the Self-Evaluation is viewed as the primary vehicle for evaluating a program in regards to administrative unit outcomes (AUOs) and/or student learning outcomes (SLOs) as well as developing plans and strategies for the improvement of a program. The Self-Evaluation approach allows the staff, who are directly involved in the program, to assume primary responsibility for the examination and strengthening of their program. The institutional planning committees will review the recommendations from the self-Evaluation document as part of the institutional planning process.

The supervisor of the area will be the program self-evaluation coordinator and be responsible for the completion of the self-evaluation.

NIPR Report Format

The report is organized in five sections:

1. Institutional Effectiveness Planning (May include Academic Planning)
 - a. Program Overview [Description of program services]
 - b. Objectives [Program directed expectations]
 - c. Administrative Unit and/or Student Learning Outcomes (program impact on student success)
 - d. Equipment
 - e. Outside Compliance Issues
2. Student Services Planning
3. Human Resource Planning
4. Facilities Planning
5. Institutional Technology Planning

Each section consists of three subsections: description/evaluation, planning agenda and documentation. The recommendations in the planning agenda should be substantiated by the description/evaluation subsection and/or reference to attachments. Documentation may be attached as appendices to the end of the written document. The planning agenda of each section will include recommendations for implementation by program staff and completed institutional planning forms for any recommendations requiring institutional action. The planning forms will include the planning committee to receive the form (Institutional Effectiveness Planning, Educational Master Planning, Student Services Planning/ Student Success, Facilities Planning, Institutional Technology Planning, Human Resource Planning) and will serve as the vehicle for budget allocation requests.

Institutional Planning Form

Due Date/Program (i.e. 2012 Governance Non-Instructional Program Review)
 Prioritized Recommendations Requiring Institutional Action for Inclusion in the _____ Master Plan

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost [implementation and ongoing]	Expected Outcome

Upon completion of the non-instructional program review process, the final written document will be submitted to the President’s Cabinet for review and comment. The Self-Evaluation and administrative comments will be presented to the Consultation Council/Strategic Planning Committee. Following acceptance, the Self-Evaluation will be presented to the Governing Board. Upon review of the document by the Consultation Council/Strategic Planning Committee, an original copy will be maintained on file by the appropriate administrator and on the college website. Copies of appropriate sections will be forwarded to the institutional planning committees.

STUDENT/USER EVALUATION OF PROGRAM

Overview

The student/user satisfaction survey portion of the evaluation procedure is designed to solicit comments from students or users concerning the program.

Survey Methods

An anonymous questionnaire is considered to be the most effective format. This will encourage the students/users to be candid in their responses. The student/user evaluation will be scheduled and administered by the appropriate administrator. The administrator will consult with the members of the department to determine the student/user sampling. The program/department may develop and administer their own survey or use the annual student and staff survey administered by the Office of Institutional Effectiveness.

It is important to insure the students/users understand that the focus of the survey is on the program.

TIMELINE for PROCEDURES

This entire process is designed to occur during one academic year and coincide with the planning cycle and budget development process. The process should be initiated in October and completed the following September.

LIST OF NON-INSTRUCTIONAL PROGRAMS

For the purpose of the Non-instructional review process, a program is defined as an operational area of the college, including:

Fiscal and Auxiliary Services – VP of Administrative Services/CAO

- Auxiliary Services - Bookstore, Book Rental/Loan
- Auxiliary Services - Food Services
- Facilities and Operation of Plant (including Maintenance, Custodial Services, Security and Copervale)
- Fiscal Services (Accounts Payable, Student Accounts, Payroll)
- Information Technology

Instructional Services (including Distance Education) – VP of Academic Services/CIO

- Adult Education
- Instructional Support Services – Library
- Community Service
- Contract Education
- Distance Education
- Incarcerated Education

Institutional Effectiveness – Director of Institutional Effectiveness

- Institutional Effectiveness (Planning, Institutional Research, Non-instructional Program Review and Evaluation)

Student Services (including Outreach) – VP of Student Services/CSSO

- Admissions & Records
- Behavioral Health
- CalWorks/TANF
- Counseling & Guidance (including Matriculation, Articulation/Transfer Center, Assessment/Testing, Orientation and Early Alert)
- Disabled Students Programs and Services (completed with the instructional program review)
- Dorm & Residential Life
- Extended Opportunities Programs and Services/CARE

- Learning Center
- Special Grant Programs (Kinship Care/Foster Youth Programs)
- Student Equity, Engagement, & Outreach
- Student Financial Aid, Financial Aid Outreach
- TRIO Student Support Services

Governance and Policy – Superintendent/President

- Governance
- Marketing/Community Relations
- Resource Development/Competitive Grants
- Human Resources

PROGRAM REVIEW CYCLE

The review cycle is listed below. All areas will be reviewed at least once every four years.

Non-Instructional Program Conducting Self-Evaluation	Last Program Review:	Next Full Review Due:
Auxiliary Services - Child Development Center (Final)	2017	2020
Adult Education		2020
Auxiliary Services – Bookstore/Book Rental/Loan Program	2012	2020
Auxiliary Services - Dorm and Residential Life		2020
Auxiliary Services – Food Services	2012	2020
Facilities and Operation of Plant	2013	2020
Fiscal Services	2016	2020
Human Resources	2014	2020
Information Technology	2015	2020
Instructional Support Services– Library		2020
Learning Center		2020
Resource Development/Competitive Grants (Foundation)		2020
Student Equity, Engagement, and Outreach		2020
Contract Education (Instruction)	2016	2021
Community Service (Instruction)	2016	2021
Distance Education	2016	2021
Governance	2016	2021
Incarcerated Education (Correspondence)	2016	2021
Institutional Effectiveness	2016	2021
Kinship Care/Foster Youth Programs	2016	2021
Admissions & Records	2017	2022
CalWORKs/TANF	2017	2022
Counseling & Guidance	2017	2022
DSPS	2017	2022
EOPS/CARE	2017	2022
Marketing/Community Relations	2018	2022
Student Financial Aid, Financial Aid Outreach	2017	2022

Human Resources	2020	2023
Behavioral Health		2023
Facilities and Operation of Plant	2020	2023
Fiscal Services	2020	2023
Information Technology	2020	2023
Resource Development/Competitive Grants (Foundation)		2023
TRIO Student Support Services		2023
Instructional Support Services– Library	2020	2024
Adult Education		2024
Auxiliary Services – Bookstore/Book Rental/Loan Program	2020	2024
Auxiliary Services - Dorm and Residential Life	2020	2024
Auxiliary Services – Food Services	2020	2024
Contract Education (Instruction)	2021	2024
Learning Center	2020	2024
Student Equity, Engagement, and Outreach	2020	2024

REVIEW OF NON- INSTRUCTIONAL PROGRAMS OUT OF SEQUENCE:

Program staff, the Superintendent/President or the Governing Board may request an early program review.

ANNUAL UPDATE

All recognized non-instructional program areas will complete an annual update each year that their program review is not due. Annual updates for non-instructional program reviews are due in September and are submitted to the appropriate administrator in charge of the non-instructional area. The appropriate administrator will forward the annual report to Cabinet and subsequently to Consultation Council.

ATTACHMENT A
NIPR Template

LASSEN COMMUNITY COLLEGE

NON-INSTRUCTIONAL PROGRAM REVIEW -- SELF-EVALUATION

Each non-instructional program review should begin with a title page including the name of the program, names of individuals working on the non-instructional program review (managers, faculty, and classified support staff), and the acceptance dates for President's Cabinet, Consultation Council and the Governing Board.

Report Format

The report is organized into five (5) sections:

1. Institutional Effectiveness Planning
 - Program Overview [Description of program services]
 - Objectives [Program directed expectations]
 - Administrative Unit and/or Student Learning Outcomes (program impact on student success)
 - Equipment
 - Outside Compliance Issues
 - May also include recommendations specific to Academic Planning Section
2. Student Services Planning
3. Human Resource Planning
4. Facilities Planning
5. Technology Planning

Each section and sub-section of the program review self-evaluation is subdivided into two parts plus referenced attachments at the end of the document:

1. Description/Evaluation
2. Planning Agenda (the planning agenda section should be divided into plans to be implemented by program staff and plans requiring institutional resources)
3. Supporting Documentation [to be included as attachments at the end of document]

Each subsection may be completed using lists, narrative description, or attachments as appropriate. Address only those sections that apply to your program. Statements in parentheses are suggestions for your consideration and are not prescriptive. Supporting documentation for each section should be included at the end of the document.

*These forms are available electronically from Academic Services.

SECTION ONE: INSTITUTIONAL EFFECTIVENESS PLANNING

I. Program Overview and Objectives

Description/Evaluation:

- a. Describe and evaluate the program objectives against the LCC strategic plan, specifically the mission statement and strategic goals [available online or in the current catalog].
- b. Evaluate any changes in the program since last review. Include summary of Annual Updates completed since last review.

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Institutional Effectiveness Planning, Student Services Planning, and/or Academic Planning tables at the end of the section for any recommendations requiring institutional action.

II. Administrative Unit and/or Student Learning Outcomes Assessment

Student Learning Outcome Assessment

AUO and SLO assessment is important to maintain and improve institutional effectiveness and provide an effective learning experience for LCC students. Departments are expected to measure AUO and/or SLO annually; these records will be maintained by the Office of Institutional Effectiveness.

Description/ Evaluation:

1. Identify and evaluate Administrative Unit and/or Student Learning Outcomes including the relationship to strategic goals for AUOs and institutional student learning outcomes for SLOs utilizing information from spreadsheets maintained by Office of Institutional Effectiveness
2. Attach an AUO and/or SLO assessment summary as provided by Office of Institutional Effectiveness.
3. Provide an analysis of findings of the assessments completed and recommendations being made in individual assessments. Consider how AUO and/or SLO assessment results may be leveraged to support equipment, facility, staffing, or other budget and planning need and include the justification in your analysis.

Planning Agenda:

List recommendations and actions necessitated by the above evaluation of AUO and/or SLO results. Complete Institutional Effectiveness Planning, Student Services Planning, and/or Educational Master Planning tables at the end of the section for any recommendations requiring institutional action. For any items needing Human Resources Planning, Institutional Technology Planning, or Facilities Planning action, please make sure to include the information within the appropriate section and table later in the program review document.

III. Equipment

Description/ Evaluation:

1. List capital outlay equipment, age of equipment and replacement schedule
2. Identify any existing equipment maintenance/service agreements
3. Evaluate the condition of capital outlay equipment in light of the replacement schedule and available funds.
4. Evaluate the effectiveness of and need for additional maintenance/service agreements.
5. Justify any proposed modification or additions to equipment available for students and/or faculty/instructional assistants within the program.

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Institutional Effectiveness Planning, Student Services Planning, and/or Educational Master Planning tables at the end of the section for any recommendations requiring institutional action.

IV. Outside Compliance Issues (if appropriate for program)

Description:

If appropriate, describe the role of outside compliance issues on the program.

Evaluation:

Assess changes in compliance or identification of compliance-related needs and the impact on the program.

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Institutional Effectiveness Planning, Facilities Planning, Technology Planning and Human Resource Planning Forms as appropriate for any recommendations requiring institutional action.

V. Prioritized Recommendations

A. Prioritized Recommendations for Implementation by Program Staff

List all recommendations made in Section One that do not require institutional action (ie. curriculum development) in order of program priority.

B. Prioritized Recommendations for Inclusion in the Planning Process

List all recommendations made in Section One that should be included in Lassen College’s planning and budgeting process, specifically in the Educational Master Plan, Student Services Master Plan, or Institutional Effectiveness Master Plan. Separate recommendations into the appropriate plan(s). Items to be included in the Human Resource Master Plan, Institutional Technology Master Plan, or Facilities Master Plan should be addressed in Sections Two, Three or Four in lieu of or in addition to inclusion in the Academic Master Plan. See Appendix C for Master Plan Overview to determine where recommendations are best placed.

Prioritized Recommendations for Inclusion in Institutional Effectiveness Master Plan

Program & Year (i.e. Governance 2019)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost [implementation and ongoing]	Expected Outcome

Prioritized Recommendations for Inclusion in Student Services Master Plan

Program & Year (i.e. Governance 2019)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost [implementation and ongoing]	Expected Outcome

Prioritized Recommendations for Inclusion in Educational Master Plan

Program & Year (i.e. Governance 2019)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost [implementation and ongoing]	Expected Outcome

SECTION TWO: HUMAN RESOURCE PLANNING

I. Program Staffing

Description/ Evaluation:

1. List the current staffing for the program include: managers, faculty positions, and classified staff
2. This section provides an opportunity for analysis and justification of projected staffing needs to support the program. Work-study student needs may be included.

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Institutional Effectiveness Planning and Human Resources Planning Forms as appropriate for any recommendations requiring institutional action.

II. Professional Development

Description/ Evaluation:

1. Describe the professional development and professional activities of the program staff relevant to program improvement that has occurred during the period under review. (workshops, conferences, staff development, , work experience, etc.)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Institutional Effectiveness Planning and Human Resources Planning Forms as appropriate for any recommendations requiring institutional action.

III. Administrative Unit and/or Student Learning Outcome Assessments

Description/ Evaluation:

Describe any results from assessment of administrative units and/or student learning outcomes that affect human resource planning

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Institutional Effectiveness Planning and Human Resources Planning Forms as appropriate for any recommendations requiring institutional action.

IV. Prioritized Recommendations

Prioritized Recommendations for Implementation by Program Staff

List all recommendations made in Section Two that do not require institutional action in order of program priority.

Prioritized Recommendations for Inclusion in the Planning Process

List all recommendations made in Section Two that should be included in Lassen College's planning and budgeting process. See Appendix C for Master Plan Overview to determine where recommendations are best placed.

Prioritized Recommendations for Inclusion in Human Resource Master Plan

Program & Year (i.e. Governance 2019)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost [implementation and ongoing]	Expected Outcome

SECTION THREE: FACILITIES PLANNING

I. Facilities

Description/ Evaluation:

1. Describe and evaluate the Lassen Community College facilities available to the program.
2. Describe and evaluate additional facilities utilized off-campus by the program (attach any relevant rental agreements)
3. Describe any facilities needs identified by assessments of administrative unit and/or student learning outcomes
4. Justify any proposed modifications or additions to existing facilities that would better serve the program planned for the next five years.

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Institutional Effectiveness Planning, Facilities Planning, and Technology Planning Forms as appropriate for any recommendations requiring institutional action.

II. Prioritized Recommendations

Prioritized Recommendations for Implementation by Program Staff

List all recommendations made in Section Three that do not require institutional action in order of program priority.

Prioritized Recommendations for Inclusion in the Planning Process

List all recommendations made in Section Three that should be included in Lassen College's planning and budgeting process. See Appendix C for Master Plan Overview to determine where recommendations are best placed.

Prioritized Recommendations for Inclusion in Facilities Master Plan

Program & Year (i.e. Governance 2019)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost	Expected Outcome

SECTION FOUR: TECHNOLOGY PLANNING

I. Institutional Technology

Description/ Evaluation:

1. Describe and evaluate technology and technology support provided for instruction and instructional support.
2. Describe any technology and technology support needs identified by assessment of administrative unit and/or student learning outcomes.

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Institutional Effectiveness Planning, Facilities Planning, Technology Planning and Human Resource Planning Forms as appropriate for any recommendations requiring institutional action.

II. Prioritized Recommendations

Prioritized Recommendations for Implementation by Program Staff

List all recommendations made in Section Four that do not require institutional action in order of program priority.

Prioritized Recommendations for Inclusion in the Planning Process

List all recommendations made in Section Four that should be included in Lassen Community College's planning and budgeting process. See Appendix C for Master Plan Overview to determine where recommendations are best placed.

ATTACHMENT B
NIPR Annual Update Template

**Lassen Community College
Non-instructional Program Review - Annual Update**

All programs will complete an annual review and update. This summary and related documents serve to provide annual input to the planning and budgeting processes. Relying on data provided, administrative unit and/or student learning outcome results and dialog; document each of the items below as well as any additional information pertinent to the program’s success or needs.

Department and Year

Identify the department completing the annual update as well as the year for which the annual update is being submitted.

Progress Report

Review previous NIPR and/or annual updates. Describe progress made on any recommendations. Describe any changes made within the program.

Administrative Unit and/or Student Learning Outcomes.

Note emerging needs based on assessment of AUO and/or SLO. Note any planning or budget changes based on assessment of AUO and/or SLO.

Program Needs Assessment

Describe new needs that have developed since the previous review. Consider new needs in staffing, equipment, training, facilities, or funding. Make sure to include data sources in the previous item that support emerging program needs.

Progress and Reprioritization of Recommendations

Review the prioritized recommendations in the previous program review. Record outcomes of items in the planning agendas for each section. Note any changes in priority as well as any additions or deletions. Provide updated planning agenda forms for each planning committee (See next page).

Additional Information

Describe or note additional information pertinent to the program, particularly information which supports new needs or growth or that documents program successes.

ATTACHMENT C **Master Plan Overview**

Attachment C

Lassen Community College Master Plan Overview

Six master plans comprise the Comprehensive Institutional Master Plan. Recommendations from program reviews will be input into the selected master plans as determined by faculty in the prioritized recommendation spreadsheets. To better understand which master plan might be most appropriate for each program recommendation, a summary/objective of each plan is included below. More information can be found in the Shared Governance and Consultation Council Handbook and the Comprehensive Institutional Master Plan.

Institutional Effectiveness Master Plan (IEMP): the IEMP addresses college needs not addressed in other plans. These needs include research, governance, outcome assessment, and administrative operations.

Educational Master Plan (EMP): The EMP addresses the instructional planning needs of the college.

Student Services Master Plan (SSMP): The SSMP highlights the services needed to maximize the student experience through a variety of key student support services.

Institutional Technology Master Plan (ITMP): The ITMP addresses the technology needs of the campus.

Facilities Master Plan (FMP): The FMP addresses the physical infrastructure, facility, and maintenance needs of the campus.

Human Resources Master Plan (HRMP): The HRMP identifies and manages the administrative functions of recruitment, selection, evaluation, and professional development needs of the College to ensure a fully-staffed and highly functioning team of employees.

Monday, December 7, 2020
 Consultation Council 3:00 pm via Zoom-1. Meeting Opening

Administration:	Classified:	Faculty:	Management:	Student:
Dr. Trevor Albertson		Alison Somerville		
Dr. Randy Joslin	Carol Montgomery	Yuting Lin	David Corley (ITP)	
Garrett Taylor	Tara Bias	Chad Lewis	Michell Williams	
Brady Reed	Meggin Lewman	Andy Rupley	Terry Bartley	
Carie Camacho	Alt. Karen Clancy	Robert Schofield		
		Adam Runyan		
		Lisa Gardiner		

Guest: Jennifer Tupper, Seaira Harrington, Sue Kelley, Tiffany Montgomery, Tom Downing, Vickie Ramsey, Dana Armerson, Sandra Jonas (board member), Codi Mortell, Carol Growdon, Anna Pasqua, Brenda Hoffman, Bridget Gowin

1.01 Call to Order and Roll Call at 3:00 pm last meeting for the semester

1.02 Approval of Agenda- **approved by consensus**

1.03 Approval of Minutes 11/23/2020 - **approved by consensus**

2. Governance

2.01 2020 NIRP Handbook-David Corley - **approved by consensus**. The template is still the same. The only change was the timeline of when things are due.

2.02 Planning Budget Development Handbook-Adam Runyan – **approved by consensus** This was approved last week in Senate.

2.03 2020-2021 Governance Handbook-Adam Runyan - **approved by consensus**.

3. Consultation

3.01 2020-2021 Minimum Qualification (MQ) Handbook-Adam Runyan- This is an informational item. Lisa sent this after she looked it over and she made it up to date. Lisa did a great job. Senate is a great team.

4. Guided Pathways

4.01 Guided Pathways Update-Brady Reed – Working on self-assessment. We are in the process of hiring students! We finished interviews today. We have a very diverse group.

5. Accreditation

5.01 Accreditation Update – Planning and governance items were added to the timeline. The timeline was attached so people could see it. Since it had to be converted to a PDF from EXEL, it changed the formatting and it is not as easy to follow. Alison can send you the original excel form. Chad gave an update on the PLSO training on Friday. Colleen Baker was very helpful with that. The training is on the Canvas Accreditation shell. We need to review our maps to see if they need updating. There is a January 19th meeting and then we skip a meeting because of convocation. Is there anything glaring that needs to be address quickly with the timeframe we are working on. Working on your SLO, PSLO and your mapping. Those of us who have NIPR's and

IPR's, those need to be done also. Master Plans need to be completed, also. Make sure we are doing what we say we are doing. Your efforts are really appreciated and critical.

6. Other-Information/Communication

6.01 Budget update-Garrett Taylor & Trevor Albertson- We are hoping for a pretty good year next year. 1.45 billion dollars will come to the community college system next year above what we were expecting.

6.02 Good of the Order: Questions for Trevor- Trevor Albertson- Our board of trustee will be sworn in next week.

7. Meeting Closing

7.01 Future Meetings

7.02 Adjourn at 3:23

Academic Senate Meeting May 12, 2021 @ 3:00 p.m. Virtual Via Zoom

1. Call to Order at 3:00 pm

1.01 Roll Call

Senators Present: Baker, Downing, Lin, Rupley, Runyan, Wisner

Guests: Buck Bauer, Tiffany Baiocchi, Roxanna Haynes, Sue Kelley, Alison Somerville, Chris Tobola

1.02 Approval of Agenda

(Rupley/Wisner MSCU)

1.03 Approval of the Minutes for the April 28, 2021 meeting

(Rupley/Lin MSCU)

2. Public Comment

Alison Somerfield: Shared updated icons that have been developed for Guided Pathways.

3. Action

3.01 Ratify Elections for 2021-2023 Senators

May 5-7 LCC Academic Senate held its election virtually.

Motion to approve

(Downing/Wisner MS – 5 Yes, 0 No, Rupley Abstain)

3.02 Seat New Senators for 2021-2023

Based upon election results, seat three new senators to serve terms 2021-2023: Tom Downing, Crystal Tobola, Celeste Wisner.

Motion to approve and seat new Senators.

(Rupley/Lin MSCU)

3.03 Elect Officers for 2021 – 2022

President: Rupley Nominates Adam Runyan, Downing Seconds. Motion carries unanimous.

Vice-President: Runyan nominates Andy Rupley, Lin seconds. Motion carries unanimous.

Secretary: Andy Rupley nominates Celeste Wisner, Runyan seconds. Motion carries unanimous.

3.04 Appoint Liaisons for 2021 – 2022

Make appointments for the following ASCCC liaison positions: OER (Rupley); Guided Pathways (Runyan); CTE (Downing); Noncredit (Wisner); and, Legislation (Runyan). Motion to appoint. (Downing/Lin MSCU)

3.05 Auto IPR

Second review. Minor change was made updating cost of widening gate to the shop. Motion to approve.

(Rupley/Wisner MSCU)

3.06 Camera On Policy Recommendation

Document reviewed and discussed last meeting. No changes since that meeting.

Motion to approve
(Downing/Lin MSCU)

3.07 AP and CLEP Scores

Accreditation Tri-Chairs requested approval of specific language being added to the course catalog related to AP and CLEP credit. Documents attached to agenda presented by Alison Somerfield, and discussed.

Motion to approve.
(Lin/Tobola MSCU)

4. Discussion

4.01 Diversity, Equity and Inclusion Resolution

The revisions made after suggestions given at last Senate meeting were discussed. Document will come back at later meeting for Senate approval to recommend to the board for adoption.

4.03 Gunsmithing IPR

This is the first review of the IPR. Buck Bauer present and received suggestions from senators for revisions/corrections. Andy Rupley previously emailed Bauer with suggestions. Senators informed Bauer that document still needs Advisory Committee documentation of meeting, if conducted. Bauer indicated advisory committee meeting are handled via email. Bauer was informed that this should change to either in person or Zoom, so there can be a dialog in the meeting. Some information appears to be same verbiage from 2015 IPR and needs updating. Some classes have been inactivated and not mentioned in IPR, student data is the same verbiage as last IPR, no planning considerations included. Any specific student information needs to be removed. Document needs to be revised and come back for further review/approval.

4.03 IPR Taskforce

Accreditation Tri Chairs have given Senate a date of September 15th, 2021 to update our current IPR template. A gap analysis has been conducted and clear recommendations have been articulated. A task force to implement these recommendations is needed. Seeking volunteers to help with this task. – Senators Wisner, Tobola, Rupley and Downing volunteered to assist.

5. Information

5.01 Academic Senate Scholarship

We have two recipients of our scholarship this year. Runyan will provide more details next meeting.

5.02 Faculty Leadership Institute

The 2021 Faculty Leadership Institute will be held on June 17-19, 2021, on Pathable. Registration is only \$200 per person. Faculty is encourage to attend. Senate has funds to pay for registration costs.

The Faculty Leadership Institute is the cornerstone of the Academic Senate's governance training. Created to assist new senate leaders in navigating the complexity of local governance, the Faculty Leadership Institute brings seasoned leaders together to share tips and tools for new leaders to successfully lead their senate and influence their college policies.

6. Reports

6.01 Administration

Roxanna Haynes– Thanked Senators for their work on IPR's this year.

6.02 Senators

Adam Runyan – Would like to bring faculty committee assignments forward before end of the year, instead of in the fall for continuity of committee work next year. Consensus was that was a good idea. Senate will take action next meeting

6.03 LCFA

Andy Rupley – A new EBoard vote will be coming out soon. Look for information in your personal email.

6.04 Guided Pathways

Adam Runyan – ASCCC recommended to the Chancellor's office that Guided Pathways continues for the next 5 years.

7 Closed Session

None

8. Meeting Closing

8.01 Adjournment – 4:15pm
(Downing/Lin MSCU)

Respectfully Submitted,
T. Downing

Absent: None

Action: 6.05 Instructional Program Review (IPR) - Agriculture

Dr. Albertson advised that Ag did a great job with this. They have a really innovative program down there, especially with the AI program. Brian should be commended. Trustee Parks stated he just noticed a comment about the conditions down there and, unfortunately, the comment was not how they want LCC to be perceived. Maybe at some point, if we can have a follow up from Brian, can we get some of those issues taken care of? Carpet issues, holes in the wall. Trustee Parks stated that it sounded kind of bad. Dr. Albertson advised he has been down there and it needs improvement. It is an honest communication tool. We cannot have holes in the walls, etc. It still has the feel of not being on a good ranch. Trustee Parks stated it is Ag, but we want it to look nice. It mentioned about computers or printers in that department that may need updating, and these were just some things that he noticed. Trustee Dieter advised that before Covid, she attended meetings down there and it needed attention. President Wages stated that one of the elementary school principals in the past had said that if the maintenance of a specific building is not kept up, then the teachers are not happy, and then the students are not happy. Dr. Albertson advised that he will make a visit down there and meet with Brian. It is a flag ship facility. Trustee Trussell noted that we should be giving it a bit more attention. Brian does a good job.

Motion by Kim Dieter, second by Louis Hamilton

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages

Noes: None

Absent: None

Action: 6.06 Instructional Program Review (IPR) - Human Services

Dr. Trevor Albertson, Interim Superintendent/President advised that this is a close out IPR, as the program has ceased. This is a requirement for ceasing the program.

Motion by Buck Parks, second by Louis Hamilton

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages

Noes: None

Absent: None

Action: 6.07 Instructional Program Review (IPR) - Social Sciences

The Academic Senate, based on procedures outlined in the 13th edition of the Instructional Program Review Handbook, approves Instructional Program Reviews completed by faculty. The Senate President and Vice-President of Academic Services then jointly submit the Instructional Program Reviews to the Board for final acceptance. The Academic Senate took action at its meeting on January 14, 2020 to approve and forward the 2019 Social Science IPR to the Board. The IPR was presented to Consultation Council Committee on January 27, 2020. Dr. Trevor Albertson advised this is a well put together IPR, very solid. Trustee Parks stated he agrees with Dr. Albertson's assessment of the IPR.

Motion by Louis Hamilton, second by Sandy Jonas

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages

Noes: None

Absent: None

Action, Information: 6.08 Student Learning Outcomes (SLO) Handbook - 2020-2021

Dr. Trevor Albertson advised that everything we do comes down to SLO's and is in the Mission statement. We have to have a really robust outline. This SLO handbook does a really good job to create a very effective faculty tool for faculty to apply as we continue our mission and what we do as an institution.

Motion by Buck Parks, second by Sandra Jonas

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages

Noes: None

Absent: None

Curriculum and Academic Standards Committee 3:00 pm via Zoom (Tuesday, October 20, 2020)

Generated by Sue Kelley on Wednesday, October 21, 2020

Approved change in description, evaluation, delivery and textbook.
Effective Fall 2021

3.44 CD/PSY 31 Child Development: Conception through Adolescence -Somerville/Downy: MSCU
Approved adding hybrid delivery
Effective Fall 2021

3.45 CHEM 45A Introduction to General Chemistry Discussion Session -Rupley/Somerville: MSCU

Approved adding online modality
Effective Fall 2020 CIVID-19

3.46 Film I: History of Cinema - Rupley/Somerville: MSCU
Approved course for online delivery
Effective Fall 2021

3.47 FS 72B HazMat First Responder Operation-Downy/Camacho/MSCU
Decontamination-Approved New course
Effective when approved by the Chancellors Office

3.48 FS 72B HazMat First Responder Operation- Decontamination-Downy/Camacho/MSCU
Approved adding the discipline of Fire Technology
Effective when approved by the Chancellors Office

3.49 IPR Course Review Form -Downy/Camacho/MSCU
Approved change in form adding a column for SLO mapping
Effective Fall 2020

4. Discussion Items:

None

5. Information Items:

5.01 Instructional Program reviews due
Administration of Justice Sept 2020
Agriculture – Sept 2014, 2016, 2018, 2020
Allied Health – Sept 2017, 2019, 2021
Automotive Technology-Sept 2018, 2020
Child Development-Sept 2016, 2018, 2020
Human Services-Sept 2015, 2017, 2019
Fire Technology -Sept 2019, 2021
Fine Arts - Sept 2020
Gunsmithing – Sept 2017, 2019, 2021
Humanities(GE Area C & D) Sept 2020
Physical Education – Sept 2018
Welding Sept 2019, 2021

November 17th

December 1st

January 19th

February 16th

March 2nd & 16th

April 6th & 20th

May 4th & 18th

6. Future Agenda Items:

7. Adjournment @ 3:45 Somerville/Rupley

Curriculum and Academic Standards Committee 3:00 pm via Zoom (Tuesday, November 17, 2020)

Generated by Sue Kelley on Tuesday, November 17, 2020

1. Meeting Openings:

1.01 Call to order @3:02

Present:

Mr. Tom Downing-Vice Chair

Mr. Chad Lewis- Chair

Ms. Joesetta Mata

Ms. K.C. Mesloh

Ms. Fran Oberg

Mr. Thomas Robb

Mr. Andy Rupley

Ms. Crystal Tobola

Ms. Alison Somerville, Articulation Officer

Ms. Sue Kelley - Instructional Support Technician

Absent:

ASB Representative

Ms. Carie Camacho

Ms. Cathy Harrison

Ms. Heidi Gray

Mr. Kory Konkol

Ms. Julie William -CSEA Alternate

1.02 Agenda Approval Rupley/Downing: MSCU

1.03 Minutes Approve November 3, 2020

Not attached will be at next meeting

2. Subcommittee Action:

None

3. Action Items:

3.01 Approve new SLO mapping Forms: Rupley/Downing: MSCU

Like the form and color coding

3.02 Review and approved Administration of Justice course SLO mapping: Rupley/Oberg: MSCU

3.03 AGR 10 AGR-10 Introduction to Animal Science - Downing/Somerville: MSCU

Approved course for hybrid delivery

Effective: Fall 2020 COVID-19

3.04 AGR 10 AGR-10 Introduction to Animal Science- Downing/Somerville: MSCU

Approved update texted book to 12th edition, 2019, ISBN 9780135187258

Effective: Fall 2021

3.05 AGR 23 Western Riding and Training- Downing/Somerville: MSCU

Approved course for hybrid delivery

Effective: Fall 2020 COVID-19

3.06 AGR 40 Basic Agricultural Mechanics- Downing/Somerville: MSCU

Approved course for hybrid delivery.

Effective: Fall 2020 COVID-19

3.07 AGR 41 Farm Tractors and Farm Power- Downing/Somerville: MSCU
Approved course for hybrid delivery
Effective: Fall 2020 COVID-19

3.08 AGR 50 Basic Riding- Downing/Somerville: MSCU
Approved course for hybrid delivery
Effective: Fall 2020 COVID-19

3.09 Review and approve Business course SLO mapping: Oberg/Mata: Table
Incomplete did not include assessment measure

3.10 Review and approved Chemistry course SLO mapping: Downy/Somerville

3.11 Review and approve Computer Applications course SLO mapping: Rupley/Tobola: **Table: MSCU**
Incomplete did not include assessment measure

3.12 Review and approve Computer Office Tech course SLO mapping: Rupley/Tobola: **Table: MSCU**
Incomplete did not include assessment measure

3.13 Review and approve Computer Science course SLO mapping: Rupley/Tobola: **Table: MSCU**
Incomplete did not include assessment measure

4. Discussion Items

Discussion: 4.01 CS 150 Tech Support - New course
*Change to 10 hours lecture. add Information Technology as a discipline on all four courses. This will be offered as adult education courses to get people into the workforce.
Add Computer Information Systems as discipline.*

Discussion: 4.02 CS 151 Bits and Bytes - New course

Discussion: 4.03 CS 152 Operating Systems - New course

Discussion: 4.04 CS 153 System Administration - New course

Discussion: 4.06 IT Support Professional - New Non-credit Certificate of Completion

5. Information Items:

Information: 5.01 Distance Education Committee Report
No report

Information: 5.02 Instructional Program reviews due
Agriculture – Sept 2014, 2016, 2018, 2020
Allied Health – Sept 2017, 2019, 2021
Automotive Technology-Sept 2018, 2020
Child Development-Sept 2016, 2018, 2020
Human Services-Sept 2015, 2017, 2019

Institution Set Standards

These Institution-Set Standards for Lassen Community College are applicable across the entire institution, as mandated by the Higher Education Act and applicable accreditation standards. This document provides insight on the associated data elements and methodology used to determine goals for these standards.

Baseline and Stretch goals were derived for ISS #1 through #5 using longitudinal analysis to determine overall and rolling averages (of three and five years), over a study period of at least ten years, Baseline and Stretch goals are derived for ISS #6 using longitudinal data and historical precedence, and for ISS #7 using state-mandated goals under Perkins Core IV reporting, as noted below. All goals resulting from analysis are then reviewed and discussed through shared governance processes prior to final approval and implementation, with the dates of these approvals being annotated at the end of this document.

ISS #1: Completion Rate

The completion rate attainment strategy utilized the Chancellor's Office definition of completion as students receiving a grade of A, B, C, CR, or Pass. The data was gathered from the LCC Datatel database.

Baseline Goal = **71.20%**; Stretch Goal = **73.48%**

ISS #2: Fall-to-Fall Retention Rate

The fall-to-fall retention rate attainment focused on first-time degree seeking students and followed term to term persistence from fall to fall. The data was gathered from the LCC Datatel database.

Baseline Goal = **28.82%**; Stretch Goal = **30.75%**

ISS #3: Number of Degrees Awarded

The certificates attainment strategy followed the Chancellor's Office reporting on degrees awarded for academic years. The data was gathered from the LCC Datatel database.

Baseline Goal = **214**; Stretch Goal = **261**

ISS #4: Number of Certificates Awarded

The certificates attainment strategy followed the Chancellor's Office reporting on certificates awarded for academic years. The data was gathered from the LCC Datatel database.

Baseline Goal = **134**; Stretch Goal = **144**

ISS #5: Four-Year Transfer Rate

The four-year transfer attainment strategy utilized the Chancellors transfer pathways tool and Student Centered Funding Formula (SCFF) 'Exhibit C' reports to report transfers to four-year California state schools by fiscal year.

Baseline Goal = **55**; Stretch Goal = **64**

ISS #6: Licensure Pass Rate

The institution set standards were developed based on the longitudinal data and historical precedence for licensure exams for the following program(s).

Vocational Nursing Baseline Goal = **85.00%** Pass Rate; Stretch Goal = **90.00%** Pass Rate

ISS #7: Job Placement Rates

The Baseline Employment Performance Goal for all programs listed below is **61.47%** and the Stretch Goal is **66.09%**, based on the standards published in the Perkins IV Performance Trend Reports for the most recent two years. This CTE Perkins VI core indicators (Core IV - Employment) data can be accessed at: https://misweb.cccco.edu/perkins/Core_Indicator_Reports/Summ_coreIndi_TOPCode.aspx.

Administrative of Justice

- Associate in Science Degree in Administration of Justice for Transfer
- Associate in Art Degree Administration of Justice
- Certificate of Achievement in Administration of Justice
- Certificate of Accomplishment in Administration of Justice

Agriculture

- Associate in Arts Degree University Studies: Emphasis in Agriculture Sciences (transfer)
- Associate in Science in Agriculture Animal Science for Transfer (transfer)
- Associate in Science in Agriculture Business for Transfer (transfer)
- Associate in Science Degree in Agriculture Science and Technology
- Certificate of Achievement in Agriculture Science and Technology
- Certificate of Accomplishment in Animal Science
- Certificate of Accomplishment in Horsemanship
- Certificate of Accomplishment in Agriculture Business
- Certificate of Accomplishment Agriculture Irrigation

Allied Health/Nursing

- Associate in Arts Degree University Studies: Emphasis in Allied Health
- Associate in Science Degree in Vocational Nursing
- Certificate of Achievement in Vocational Nursing
- Certificate of Achievement in Medical Assisting
- Certificate of Accomplishment in Administrative Medical Assisting
- Certificate of Accomplishment in Clinical Medical Assisting

Automotive Technology

- Associate in Science Degree in Automotive Technology
- Certificate of Achievement in Engine Repair
- Certificate of Achievement in Advanced Mechanics
- Certificate of Accomplishment Basic Mechanics
- Certificate of Accomplishment in Electrical
- Certificate of Completion in Automotive Chassis and Maintenance (non-credit)

Business

- Associate in Science Degree in Business Administration for Transfer (transfer)
- Associate in Arts Degree in Economics for Transfer (transfer)
- Certificate of Achievement Administrative Office Technician
- Certificate of Achievement in Geographic Information Systems
- Certificate of Completion IT Support Specialist (non-credit)

Child Development

- Associate in Science Degree in Early Childhood Education for Transfer (transfer)
- Associate in Arts Degree in Child Development
- Certificate of Achievement in Child Development
- Certificate of Accomplishment of Child Development-Associate Teacher

Fire Technology

- Associate in Science Degree in Fire Technology
- Certificate of Achievement in Fire Technology
- Certificate of Achievement Basic Wildland Firefighter
- Certificate of Accomplishment in Fire Technology

Gunsmithing

- Associate in Science Degree in Firearms Repair
- Associate in Science Degree in General Gunsmithing
- Certificate of Achievement in Firearms Repair
- Certificate of Achievement in General Gunsmithing
- Certificate of Accomplishment in Gunsmith Machinist and Metal Finishing
- Certificate of Accomplishment in Long Guns
- Certificate of Accomplishment in Pistolsmith
- Certificate of Accomplishment in Riflesmith

Welding Technology

- Associate in Science Degree in Welding Technology
- Two-Year Certificate of Achievement in Welding Technology
- One-Year Certificate of Achievement in Welding Technology
- Certificate of Accomplishment in Welding Technology

Institution Set Standards

Randy Joslin
March 24, 2021
April 12, 2021

Institution Set Standards

This presentation:

- We have already agreed that we will review and revise, as necessary, all of our Institution Set Standards (ISS) in February of each year.
- This presentation will
 - Show data for each ISS
 - Offer for approval an methodology by which we can easily adjust ISS goals in future years
 - Make recommendations for new Goals
 - Baseline Goals
 - Stretch Goals
 - Make recommendations for changes to the ISS documents

Institution Set Standards

The Backstory:

- Our most recent accreditation visit found issues with our ISS's.
 - Lack of periodic review of standards
 - Lack of periodic adjustment of the standards
 - Lack of.....
- What do we have ISS's for?
 - Completion Rates
 - Fall-to-Fall Retention Rates
 - Number of Degrees Awarded each year
 - Number of Certificates Awarded each year
 - Number of students that Transfer to a Four-Year College or University each year
 - Licensure Pass Rates
 - Job Placement Rates (CTE Programs)
- Why do we have ISS's?
 - Because the Higher Education Act says so.....
 - HEA Section 496, 20 U.S.C. 1099B, 34 C.F.R. § 602.16(1)(i).
 - See also 34 C.F.R. § 602.17 (a)(2).
 - <https://www.law.cornell.edu/cfr/text/34/602.16>
 - And then, because ACCJC says so....
 - ACCJC Standard I. B. 3.: The institution establishes Institution set standards for student achievement, appropriate to its mission, assesses how well it is achieving them in pursuit of continuous improvement, and publishes this information.
 - <https://accjc.org/wpcontent/uploads/DCLApril2016FlexibilityinReviewTMitchell.pdf>
 - In Other Words...
 - The concept of ISS are defined in relation to the mission of the college and speak to the necessity of assessing our performance for basic quality assurance; each one is a lower boundary of our expectations.
 - The Annual Report to the ACCJC requires us to specify ISS's for several key metrics
 - ... but as an institution we track many more.
 - ISS's are involved, implicitly or explicitly, in program review, integrated planning, student equity, the education master plan, and accreditation.
 - ISS's change and adapt along with the college to:
 - *Monitor* institutional performance, and...
 - *Challenge* institutional performance

Institution Set Standards: ISS #1 - Completion Rates

Metric	Term/Year	Value	3-Year Avg:	5-Year Avg:
12b - Successful student course completion rate	2009FA	66.34%	69.51%	69.18%

 Source: CCCCCO MIS Database, EDD Base Wage File, CSU Chancellor's Office, UC Office of the President, 2000 Census, Student Loan Clearing House

- Current Goal = 71%
- Recommended New Baseline: 61.47 %
- Recommended New Stretch Goal: 66.09%

Institution Set Standards: Recommendations

Recommendations from Institutional Effectiveness

Revision of Individual Goals:

- *The following revisions will establish a basic methodology by which our Institution Set Standards can be adjusted in future years*
- ISS #1: Completion Rate
 - This goal is acceptable, but needs minor adjusted to current data
 - Current Goal = 70%
 - Recommended New Baseline: 71.2 % *(Most Current Overall Average)*
 - Recommended New Stretch Goal: 73.48% *(Most Current 3-Year Rolling Average)*
- ISS #2: Fall-to Fall Retention
 - This goal is off significantly. We need to adjust it down to what the data is telling us
 - Current Goal = 41%
 - Recommended New Baseline: 28.82 % *(Most Current 3-Year Rolling Average)*
 - Recommended New Stretch Goal: 30.75% *(Most Current Overall Average)*
- ISS #3: Number of Degrees Awarded
 - This goal is off significantly. We need to adjust it up to what the data is telling us
 - Current Goal = 144
 - Recommended New Baseline: 214 *(Most Current Overall Average)*
 - Recommended New Stretch Goal: 261 *(Most Current 3-Year Rolling Average)*
- ISS #4: Number of Certificates Awarded
 - This goal is off significantly. We need to adjust it down to what the data is telling us
 - Current Goal = 163
 - Recommended New Baseline: 134 *(Most Current 3-Year Rolling Average)*
 - Recommended New Stretch Goal: 144 *(Most Current Overall Average)*
- ISS #5: Number of Transfers to Four-Year
 - This goal is off significantly. We need to adjust it up to what the data is telling us
 - Current Goal = 31
 - Recommended New Baseline: 55 *(Most Current 3-Year Rolling Average)*
 - Recommended New Stretch Goal: 64 *(Most Current Overall Average)*
- ISS #6: Licensure Pass Rate
 - This goal is acceptable, but needs a Stretch Goal to be established
 - Current Goal = 85%
 - Recommended New Baseline: 85 %
 - Recommended New Stretch Goal: 90%
- ISS #7: Job Placement Rate
 - This goal is off somewhat. We need to adjust it up to what the state-mandated rates are
 - Current Goal = 71%
 - Recommended New Baseline: 61.47 % *(Most current reportable year's state goal)*
 - Recommended New Stretch Goal: 66.09% *(Next reportable year's state goal)*
 - Establish that this one % goal applies to all CTE programs
 - This will match the state "Perkins Core IV" standard by which we are already measured

Revision of the ISS Document itself

- Number the Institution Set Standards (1 through 7)
- Eliminate the three separate documents
 - Put all Institution Set Standards into one single document

Institution Set Standards

Randy Joslin

March 24, 2021

April 12, 2021

Institution Set Standards

This presentation:

- We have already agreed that we will review and revise, as necessary, all of our Institution Set Standards (ISS) in February of each year.
- This presentation will
 - Show data for each ISS
 - Offer for approval an methodology by which we can easily adjust ISS goals in future years
 - Make recommendations for new Goals
 - Baseline Goals
 - Stretch Goals
 - Make recommendations for changes to the ISS documents

Institution Set Standards

The Backstory:

- Our most recent accreditation visit found issues with our ISS's.
 - Lack of periodic review of standards
 - Lack of periodic adjustment of the standards
 - Lack of.....
- What do we have ISS's for?
 - Completion Rates
 - Fall-to-Fall Retention Rates
 - Number of Degrees Awarded each year
 - Number of Certificates Awarded each year
 - Number of students that Transfer to a Four-Year College or University each year
 - Licensure Pass Rates
 - Job Placement Rates (CTE Programs)
- Why do we have ISS's?
 - Because the Higher Education Act says so.....
 - HEA Section 496, 20 U.S.C. 1099B, 34 C.F.R. § 602.16(1)(i).
 - See also 34 C.F.R. § 602.17 (a)(2).
 - <https://www.law.cornell.edu/cfr/text/34/602.16>
 - And then, because ACCJC says so....
 - ACCJC Standard I. B. 3.: The institution establishes Institution set standards for student achievement, appropriate to its mission, assesses how well it is achieving them in pursuit of continuous improvement, and publishes this information.
 - <https://accjc.org/wpcontent/uploads/DCLApril2016FlexibilityinReviewTMitchell.pdf>
 - In Other Words...
 - The concept of ISS are defined in relation to the mission of the college and speak to the necessity of assessing our performance for basic quality assurance; each one is a lower boundary of our expectations.
 - The Annual Report to the ACCJC requires us to specify ISS's for several key metrics
 - ... but as an institution we track many more.
 - ISS's are involved, implicitly or explicitly, in program review, integrated planning, student equity, the education master plan, and accreditation.
 - ISS's change and adapt along with the college to:
 - *Monitor* institutional performance, and...
 - *Challenge* institutional performance

Institution Set Standards: ISS #1 - Completion Rates

Performance Rate Less Than Goal is Shaded Total Count is 10 or Greater Total Count is Less Than 10

Core 1 - Skill Attainment, GPA 2.0 & Above: 91.75% Performance Goal - (2017- 2018)
 Core 2 - Completions, Certificates, Degrees and Transfer Ready: 68.34% Performance Goal - (2017- 2018)
 Core 3 - Persistence in Higher Education: 81.77% Performance Goal - (2017- 2018)
 Core 4 - Employment: 66.09% Performance Goal - (2017- 2018)
 Core 5 - Training Leading to Non-traditional Employment: Greater than 22.50% Participation & 28.80% Completion - (2017- 2018)
 Source: CCCC MIS Database, EDD Base Wage File, CSU Chancellor's Office, UC Office of the President, 2000 Census, Student Loan Clearing House

- Current Goal = 71%
- Recommended New Baseline: 61.47 %
- Recommended New Stretch Goal: 66.09%

Institution Set Standards: Recommendations

Recommendations from Institutional Effectiveness

Revision of Individual Goals:

- *The following revisions will establish a basic methodology by which our Institution Set Standards can be adjusted in future years*
- ISS #1: Completion Rate
 - This goal is acceptable, but needs minor adjusted to current data
 - Current Goal = 70%
 - Recommended New Baseline: 71.2 % *(Most Current Overall Average)*
 - Recommended New Stretch Goal: 73.48% *(Most Current 3-Year Rolling Average)*
- ISS #2: Fall-to Fall Retention
 - This goal is off significantly. We need to adjust it down to what the data is telling us
 - Current Goal = 41%
 - Recommended New Baseline: 28.82 % *(Most Current 3-Year Rolling Average)*
 - Recommended New Stretch Goal: 30.75% *(Most Current Overall Average)*
- ISS #3: Number of Degrees Awarded
 - This goal is off significantly. We need to adjust it up to what the data is telling us
 - Current Goal = 144
 - Recommended New Baseline: 214 *(Most Current Overall Average)*
 - Recommended New Stretch Goal: 261 *(Most Current 3-Year Rolling Average)*
- ISS #4: Number of Certificates Awarded
 - This goal is off significantly. We need to adjust it down to what the data is telling us
 - Current Goal = 163
 - Recommended New Baseline: 134 *(Most Current 3-Year Rolling Average)*
 - Recommended New Stretch Goal: 144 *(Most Current Overall Average)*
- ISS #5: Number of Transfers to Four-Year
 - This goal is off significantly. We need to adjust it up to what the data is telling us
 - Current Goal = 31
 - Recommended New Baseline: 55 *(Most Current 3-Year Rolling Average)*
 - Recommended New Stretch Goal: 64 *(Most Current Overall Average)*
- ISS #6: Licensure Pass Rate
 - This goal is acceptable, but needs a Stretch Goal to be established
 - Current Goal = 85%
 - Recommended New Baseline: 85 %
 - Recommended New Stretch Goal: 90%
- ISS #7: Job Placement Rate
 - This goal is off somewhat. We need to adjust it up to what the state-mandated rates are
 - Current Goal = 71%
 - Recommended New Baseline: 61.47 % *(Most current reportable year's state goal)*
 - Recommended New Stretch Goal: 66.09% *(Next reportable year's state goal)*
 - Establish that this one % goal applies to all CTE programs
 - This will match the state "Perkins Core IV" standard by which we are already measured

Revision of the ISS Document itself

- Number the Institution Set Standards (1 through 7)
- Eliminate the three separate documents
 - Put all Institution Set Standards into one single document

Lassen Community College District Strategic Plan

Recommendation for revisions by Consultation Council – October 12, 2020

Approved by Board of Trustees – December 15, 2020

Vision

- ❖ Lassen College will be a highly efficient self-sustaining rural community college, a catalyst for the region’s image, economy, and human capital, and an example of a “we can” culture” of collective impact by being:
 - The academic leader by ensuring quality instruction and encouraging student success
 - The educational leader by expanding outreach and student access with an equity mindset
 - The trusted steward by providing capable leadership and accountability
 - The economic and workforce development leader for the community
 - The cultural leader in the community
 - The civic and social leader in the community

Mission

Lassen Community College provides educational programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The College serves diverse students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.

Strategic Goals

1. **Institutional Effectiveness:** Provide the governance, leadership, integrated planning and accountability structures, and processes to effectively support an inclusive learning environment, while ensuring responsible stewardship of public trust and resources.
2. **Learning Opportunities:** Provide an array of rigorous academic programs delivered via a variety of modalities that promote student equity and learning while meeting the needs of the local and global community.
3. **Resource Management:** Manage human, physical, technological and financial resources to sustain fiscal stability and to effectively support the learning environment.
4. **Student Success:** Provide a college environment that reaches-out-to and supports students, minimizes barriers, and increases opportunity and success through access and retention to enable student attainment of educational goals including completion of degrees and certificates, transfer, job placement and advancement, improvement of basic skills, and self-development through lifelong learning.

Institutional Student Learning Outcomes

1. **Communication** - Ability to listen and read with comprehension and the ability to write and speak effectively
2. **Critical Thinking** - Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome
3. **Life Long Learning** - Ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems
4. **Personal/Interpersonal Responsibility** - Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures

Lassen College Values:

Student Success:

- Students reaching their goals
- Students being prepared for transfer to four-year institutions
- Students being prepared for employment
- Doing what is best for students
- Learning as a priority over teaching
- Student needs; they are paramount in the learning process
- Recognizing and minimizing barriers to student success

Educational Excellence:

- Equitable student learning as the focal point of every experience
- High quality educational delivery
- Highly qualified instructors
- High quality technology and materials
- Well-equipped classrooms

Honesty/Integrity:

- Trust in relationships
- Dependability
- Transparency
- Collaboration
- Sustainability
- Accountability

Dignity & Respect:

- Open forum for exchange of ideas
- Civility
- Collegiality
- Diversity & Equity
- Active listening and communication

SANTA CLARITA COMMUNITY COLLEGE DISTRICT

INNOVATION AND EFFECTIVENESS GRANT AGREEMENT

LASSEN COMMUNITY COLLEGE DISTRICT

This Innovation and Effectiveness Grant Agreement ("Agreement") is between Santa Clarita Community College District ("SCCCD"), a California community college district and political subdivision of the State of California, and **LASSEN COMMUNITY COLLEGE DISTRICT** ("Applicant District"). SCCCD and Applicant District are also referred to collectively as the "Parties" and individually as "Party."

APPLICANT DISTRICT ACKNOWLEDGMENTS AND RESPONSIBILITIES:

1. **Project Implementation**– Applicant District must submit a completed Innovation and Effectiveness Grant Application ("Application") attached hereto as Exhibit A and made a part hereof. Applicant District will work to complete the Project as defined in Application based on Innovation and Effectiveness Plan.
2. **Grant Funding** - Applicant District shall receive funding in the amount listed on the Application within thirty (30) days of District's receipt of a fully-executed Agreement.
3. **Term** – Applicant District will have a period of twelve (12) months from the date of last signature on this Agreement to expend the funds received through the Institutional Effectiveness Partnership Initiative (IEPI) program ("Term"). Any request for extension will be subject to the written approval of SCCCD. Any unused funds will be required to be returned per SCCCD's directions.
4. **Quarterly Reports** - Applicant District agrees to complete and submit quarterly progress and expenditure reports beginning the end of the first full quarter, documenting the progress and funds expended to date per the Application within twenty (20) days of the end of each quarter. The end dates of each quarter are as follows: March 31, June 30, September 30 and December 31. Applicant District must use the Quarterly Report template attached hereto as Exhibit B. If Applicant District's quarterly expenditures are lower than expected, Applicant District must provide additional information and indicate the timeframe in expending the balance.
5. **Final Report** - Applicant District agrees to complete and submit a report to SCCCD, documenting the impact and results of the College Innovation and Effectiveness Plan and grant funding, and the final accounting within twenty (20) days of the end of the twelve (12) month Term, including proof of expenditure i.e., District check, and invoice. Applicant District must use the template attached hereto as Exhibit B.
6. **Document Retention** – In accordance with State requirements regarding the use of Grant funds, Applicant District agrees to: (a) maintain financial records in accordance with generally accepted accounting practices regarding the use of funding received for this Project including, but not limited to, original documentation; and (b) preserve and make available all records related to this Project for examination by SCCCD, Chancellor's Office, and/or their duly authorized representatives or agents for three (3) years after the completion of the Grant.
7. **Changes to Application/Agreement** – Applicant District understands and agrees that no changes will be made to the approved expenditures after SCCCD has approved the Application without written authorization by SCCCD. Unauthorized changes will not be paid by SCCCD.
8. **Regulatory Compliance** – By signing this Application and Agreement and accepting Grant funding, Applicant District agrees that it will comply with all California Education Codes, Public Contract Codes, other applicable laws and regulations and Applicant District's policies and procedures.
9. **Indemnification** - Applicant District agrees to defend, hold harmless and indemnify SCCCD, its parent, affiliates, subsidiaries, authorized representatives, directors, officers, agents and employees against any and all liability for any judgments, awards, expenses, fines, penalties, attorneys' fees, costs, or other claims for damages in connection with any suit, complaint, charge, proceeding or action of any kind alleging a violation of any statutory or regulatory provision or otherwise arising out of the negligent act or willful misconduct by Applicant District, of its duties and responsibilities under this Agreement, unless such performance or nonperformance occurred at the direction of or was caused by SCCCD. This hold harmless and indemnification includes but is not limited to compensatory damages, punitive damages, regulatory fines and penalties, and extra-contractual liability and shall survive the termination of this Agreement.

SCCCD agrees to defend, hold harmless and indemnify Applicant District, its parent, affiliates, subsidiaries, authorized representatives, directors, officers, agents and employees against any and all liability for any judgments, awards, expenses, fines, penalties, attorneys' fees, costs, or other claims for damages in connection with any suit, complaint, charge, proceeding or action of any kind alleging a violation of any statutory or regulatory provision or otherwise arising out of the negligent act or willful misconduct by SCCC, of its duties and responsibilities under this Agreement, unless such performance or nonperformance occurred at the direction of or was caused by Applicant District. This hold harmless and indemnification includes but is not limited to compensatory damages, punitive damages, regulatory fines and penalties, and extra-contractual liability and shall survive the termination of this Agreement.

10. **Assumption of Risk** - Applicant District hereby voluntarily releases, discharges, waives and relinquishes any and all actions or causes of action occurring to Applicant District arising in any way whatsoever as a result of engaging in the activities described in the Application or any activities incidental thereto wherever or however the same may occur and for whatever period said activities may continue. Applicant District does for itself, its heirs, executors, administrators and assigns hereby release, waive discharge and relinquish any action or causes of action, aforesaid, which may hereafter arise for itself, and agrees that under no circumstances will it or its heirs, executors, administrators and assigns prosecute, present any claim against the SCCC or any of its officers, agents, or employees for any of said causes of action, whether the same shall arise by the negligence of any of said persons, or otherwise.
11. **Trademark/Logo Use**. Applicant District must obtain written approval from SCCC's Public Information Office ("PIO") to use SCCC's name and/or logos in any advertisements, promotions, press releases or other media. In the event such permission is extended, PIO will furnish Applicant District with camera-ready artwork for such use. SCCC, at its sole discretion, may limit or otherwise place conditions on Applicant District's use of SCCC's name, and/or logos in which case such limitations shall be incorporated into this Agreement. Applicant District shall not revise, change, or otherwise alter any material related to SCCC's name and/or logo without written consent from SCCC.
12. **Creative Commons Attribution License**: Applicant District agrees that any works created under the Institutional Effectiveness and Technical Assistance Grant funded by the California Community Colleges Chancellor's Office carries the Creative Commons Attribution License that gives permission to the public to reproduce, distribute, perform, display, or adapt the licensed materials for any purpose so long as the user gives attribution to the author.
13. **Termination**. Either Party may, at any time, with or without cause, terminate this Agreement by providing at least thirty (30) days written notice to the other Party prior to the requested termination date. In such case, SCCC shall compensate Applicant District only for services satisfactorily rendered to the date of termination. Written notice by SCCC shall be sufficient to stop further performance of services by Applicant District. In such case, notice shall be deemed given when received by the Applicant District or no later than three (3) days after the day of mailing, whichever is sooner.
14. **Assignment**. The obligations of the Applicant District pursuant to this Agreement shall not be assigned by the Applicant District without the express, written approval of the SCCC.
15. **Compliance With Applicable Laws**. The Applicant District's obligations completed herein must meet the approval of the SCCC and shall be subject to the SCCC's general right of inspection to secure the satisfactory completion thereof. Applicant District agrees to comply with all federal, state and local laws, rules, regulations and ordinances that are now or may in the future become applicable to Applicant District, Applicant District's business, equipment and personnel engaged in operations covered by this Agreement or accruing out of the performance of such operations ("Rules"). If Applicant District fails to comply with any applicable Rule, Applicant District shall address the issue immediately at no additional cost to SCCC.
16. **Permits/Licenses**. Applicant District and all Applicant District's employees or agents shall secure and maintain in force such permits and licenses as are required by law in connection with the furnishing of services pursuant to this Agreement.
17. **Entire Agreement/Amendment**. This Agreement constitutes the entire agreement and understanding between the Parties, and is a complete and exclusive statement of the terms of the Parties' agreement pursuant to Code of Civil Procedure Section 1856. This Agreement cannot be modified orally, and is to be modified only by a written instrument executed by the Parties.

The Agreement documents consist of this Agreement, any exhibits attached to or referenced herein, and all amendments and/or modifications issued in writing, duly approved by SCCC's Board of Trustees, and executed by the Parties after the release of this Agreement. Conflicting provisions hereof, if any, shall prevail in the following descending order of precedence: (a) provisions set forth in this Agreement, (b) provisions set forth in any referenced attachments or exhibits to this Agreement attached or incorporated herein by reference.

18. **Exhibits**. All exhibits referenced herein and attached hereto shall be deemed incorporated into and made a part of this Agreement by each reference as though fully set forth in each instance in the text hereof.

- 19. Interpretation.** In interpreting this Agreement, it shall be deemed to have been prepared by the Parties jointly, and no ambiguity shall be resolved against SCCCD on the premise that it or its attorneys were responsible for drafting this Agreement or any provision hereof. The captions or heading set forth in this Agreement are for convenience only and in no way define, limit, or describe the scope or intent of any Sections or other provisions of this Agreement. Any reference in this Agreement to a Section, unless specified otherwise, shall be a reference to a Section of this Agreement.
- 20. Non-Discrimination.** Applicant District agrees not to engage in unlawful discrimination in the employment of persons, or in the acceptance, assignment, treatment, evaluation or compensation of students who participate in programs sponsored or arranged by SCCCD, on the basis of 1. race, color, religion, nationality, national origin, ancestry, sex, gender, gender identity, gender expression, ethnicity, age, medical condition, mental or physical disability, marital status, sexual orientation or Vietnam-era veteran status.
- 21. Non-Waiver.** The failure of SCCCD or Applicant District to seek redress for violation of, or to insist upon, the strict performance of any term or condition of this Agreement, shall not be deemed a waiver by that Party of such term or condition, or prevent a subsequent similar act from again constituting a violation of such term or condition.
- 22. Notice.** All notices or demands to be given under this Agreement by either Party to the other Party shall be in writing and given either by: (a) personal service or (b) by U.S. Mail, mailed either by certified or registered mail, return receipt requested, with postage prepaid. Service shall be considered given when received, if personally served, or, if mailed, on the third day after deposit in any U.S. Post Office. The address to which notices or demands may be given by either Party may be changed by written notice given in accordance with the notice provisions of this section. At the date of this Agreement:

District: Santa Clarita Community College District
 Attn: Assistant Superintendent/VP Business Services
 26455 Rockwell Canyon Road
 Santa Clarita, CA 91355
 Phone: (661) 362-3476
 Fax: (661) 362-5480

Applicant District: **LASSEN COMMUNITY COLLEGE DISTRICT**

PO BOX 3000
SUSANVILLE, CA 96130
(530) 251-8820
TALBERTSON@LASSENCOLLEGE.EDU

A Party may change its/his/her designated representative and/or address for the purpose of receiving notices and communications under this Agreement by notifying the other Party of the change in writing and in the manner described in this Section.

- 23. Severability.** If any term, condition or provision of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions will nevertheless continue in full force and effect, and shall not be affected, impaired or invalidated in any way.
- 24. Governing Law.** The terms and conditions of this Agreement shall be governed by the laws of the State of California with venue in Los Angeles, California.

	Address (number, street, and apt. or suite no.) PO Box 3000		Requester's name and address: Santa Clarita Community College District 26455 Rockwell Canyon Road Santa Clarita, CA 91355
City, state, and ZIP code Susanville, CA 96130			

Taxpayer Identification Number (TIN) Enter your TIN in the appropriate box. The TIN provided must match the name given on the "Name" line to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3 of the complete IRS Form W-9 (see link below). For other entities, it is your employer identification number (EIN). If you do not have a number, see <i>How to get a TIN</i> on page 3 of the complete IRS Form W-9 (see link below). Note. If the account is in more than one name, see the chart on page 4 of the complete IRS Form W-9 (see link below) for guidelines on whose number to enter. Instructions: See complete 0105 Form W-9 Request for Taxpayer Identification Number and Certification at www.irs.gov/formspubs/index.html .	Social Security Number <table border="1" style="width:100%; height:20px; border-collapse: collapse;"> <tr> <td style="width:12.5%;"></td><td style="width:12.5%;"></td><td style="width:12.5%;"></td><td style="width:12.5%;"></td><td style="width:12.5%;"></td><td style="width:12.5%;"></td><td style="width:12.5%;"></td><td style="width:12.5%;"></td><td style="width:12.5%;"></td><td style="width:12.5%;"></td> </tr> </table> <p style="text-align:center;">Or</p> Employer Identification Number <table border="1" style="width:100%; height:20px; border-collapse: collapse;"> <tr> <td style="width:12.5%; text-align:center;">1</td><td style="width:12.5%; text-align:center;">6</td><td style="width:12.5%; text-align:center;">1</td><td style="width:12.5%; text-align:center;">6</td><td style="width:12.5%; text-align:center;">4</td><td style="width:12.5%; text-align:center;">4</td><td style="width:12.5%; text-align:center;">5</td><td style="width:12.5%; text-align:center;">9</td><td style="width:12.5%; text-align:center;">0</td> </tr> </table>											1	6	1	6	4	4	5	9	0
1	6	1	6	4	4	5	9	0												

Certification
 Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined in the complete IRS Form W-9); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out the Business name/disregarded entity name above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, the Business name/disregarded entity name does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions, page 3 of the complete IRS Form W-9.

IEPI Innovation and Effectiveness Grant Progress Report

District Name	Lassen Community College District
College Name	Lassen Community College

Object of Expenditure	Budget	1 st Quarter Expenditure	1 st Quarter Balance	2 nd Quarter Expenditure	2 nd Quarter Balance	3 rd Quarter Expenditure	3 rd Quarter Balance	Final Expenditure	Final Unspent Balance
1000 Instructional Salary									
2000 Noninstructional Salary									
3000 Employee Benefits									
4000 Supplies and Materials									
5000 Other Operating	\$200,000								
6000 Capital Outlay									
7000 Other Outgo									
Total									

Summary of implementation of activities and expenditures: _____

If expenditures are lower than expected, or might appear to be lower than expected given the reporting period, please include a short description of the expected expenditures through the remaining period of the grant, and indicate whether you expect there to be an unexpended balance at the end of the one-year period of your grant:

*Employee or fringe benefits are not allowable expenditures of monies awarded under this grant.

Lassen College Partnership Resource Team (PRT) Process Summary Report Institutional Effectiveness Partnership Initiative

PRT Members: Dan Walden (Lead), Cassie Donnelly, Elaine Kuo, Tom Martin, Ginni May, Brian Sanders, Rebecca Warren-Marlatt

Areas of Focus

- A. Integrated Planning/Educational Master Plan (EMP)
- B. Strategic Enrollment Management (SEM)
- C. Professional Development

Summary by Area of Focus

A. Integrated Planning/Educational Master Plan (EMP)

Lassen College had five objectives in their Innovation and Effectiveness Plan:

1. Review and refine the college planning process.
2. Review and refine the Educational Master Plan (EMP).
3. Review and update the purpose (and necessity) of each college master plan.
4. Implement a new, separate Budget Committee.
5. Review and refine the glossary of the terms in the Planning Budget Development Handbook.

Progress

The college has hired a consultant to assist in: (1) a review of the institutional planning processes and (2) the development of a new integrated planning process and multi-year EMP format. With the consultant, a workgroup was formed to address the planning process and EMP goals.

The workgroup will continue to evaluate the needs of existing college planning processes and documentation (i.e., individual college master plans, program review, student learning outcomes, curriculum review) in order to be more intentional in their budgeting, resource allocation and decision-making.

Suggestions for Sustaining Progress

- Identify a Lassen champion who will be accountable for monitoring and communicating progress on the Objectives under this Area of Focus, encouraging sustained action, and initiating corrective steps in case of delays or diversions. This champion should meet regularly with the President to report on progress and seek support when needed.
- Ensure that the EMP integrates with other plans and is a usable document that is helpful in achieving both short-term and long-term institutional goals.
- Continue to seek common understanding of planning vocabulary, particularly the distinction between annual and long-term planning and how “master” is attached as an adjective to either or both of these distinct types of planning.
- Reevaluate the completion timeline to ensure that the college community is involved in the redesign of the planning process and EMP. Consider asking for a one-year extension on the PRT Seed Grant to alleviate time pressure.

B. Strategic Enrollment Management (SEM)

Lassen College had six objectives in their Innovation and Effectiveness Plan:

1. Explore the feasibility of applying for appropriate grants, such as Title III and Title V Grants.
2. Review and formalize SEM Plan components.
3. Establish data required for SEM and implement visualizations.
4. Evaluate current programs offered and use data to identify ways to streamline pathway choices for students.
5. Identify ways to improve service to target student populations.
6. Identify other potential SEM resources.

Progress

Due to a prison closure in the area where Lassen held classes, the college's enrollment has shifted significantly within the past few months (anticipated 14% reduction in FTEs). Recovering lost enrollment has required the college to reevaluate their target audiences' needs and corresponding enrollment management strategies used.

The college will be moving into the discovery and research phase of the SEM plan development in a few months.

Suggestions for Sustaining Progress

- Access the SEM resources available in the Vision Resource Center to inform SEM plan development.
- Develop reports and dashboards that can inform target audiences referenced in the SEM plan development.
- Determine what marketing and communication strategies (through outreach, marketing, retention, etc.) are currently in place, and how effective they are, before moving forward on SEM plan creation.
- Identify small- and large-scale ways to generate and retain enrollment by reaching out to both prospective and current students who are underserved or disproportionately impacted (see [RP Group's Six Success Factors research](#)).
- Determine and publicize the college's main student personas and map the student journeys into and through the college. Consider documenting the various student personas and journeys through conversations/focus groups/video testimonials.

C. Professional Development

Lassen College had one objective in their Innovation and Effectiveness Plan:

1. Identify professional development opportunities and methods of delivery related to SEM, student success and institutional effectiveness.

Progress

Suggestions for Sustaining Progress

- Determine accountability mechanisms that can be put into place to ensure professional development deliverables are clearly outlined and outcomes are shared with the college community (e.g., Teaching Test Kitchen Labs or communities of practice, mini contract/job description for stipend, etc.). Document and map these activities to larger campus planning efforts such as the EMP, SEM, and institutional effectiveness.
- While there are times where the expertise of consultants is needed, consider opportunities to tap into the expertise of the college community to help others learn and grow.

- Consider professional development opportunities that are revisited and sustained across defined time periods, so there is repeated community engagement on identified themes/tasks/projects.
- Evaluate professional development opportunities to ensure engagement promote outcomes related to SEM, student success and Institutional effectiveness, and make improvements as the findings warrant.
- Strategically formulate teams that are diverse and representative of college constituencies to participate in PD activities that will develop their knowledge, expertise, and leadership capacity regarding major college initiatives.

Conclusion

The college is committed to achieving the goals of this Plan, as evidenced by the IEPI retreat they organized to gain shared understanding of where they are and where they want to go (future steps), the standing committee and the high level of commitment from college leaders. Lassen College should be congratulated on what they are accomplishing to improve the college's long-term success despite all the immediate challenges they have experienced.

Academic Senate Meeting March 24, 2021 @ 3:00 p.m. Virtual Via Zoom

1. Call to Order at 3:00pm

1.01 Roll Call

Senators Present: Baker, Downing, Lin, Rupley, Runyan, Wisner

Guests: Carie Camacho, David Corley, Lisa Gardiner, Roxanna Haynes, Randy Joslin, James Kleckner, Chad Lewis, Alison Somerville

1.02 Approval of Agenda
(Rupley/Baker MSCU)

1.03 Approval of the Minutes for the 2/24/2021 meeting
(Rupley/Runyan MSCU)

2. Public Comment
None

3. Action

3.01 Agriculture IPR

Still awaiting a current curriculum form not up to date. Motion to table pending completion.
(Downing/Rupley MSCU)

3.02 Digital Graphics Design IPR

Second review of IPR for approval. Motion to approve
(Downing/Baker MSCU)

3.03 Human Services IPR

Second review of IPR for approval. Motion to approve.
(Wisner/Rupley MSCU)

3.04 Humanities IPR

Second review of IPR for approval. It is ready for approval except the strategic goals are not linked to the requests portion of the report. Motion to table until completion
(Runyan/Baker MSCU)

3.05 Institutional Set Standards

Dr. Joslin presented item 3.05. The old standards have not been reviewed or updated since 2013. For ease of communication and discussion of the standards, Dr. Joslin compiled all three separate ISS documents into one document and numbered each standard as #1 through #7. He examined longitudinal data for ISS #'s 1 through 5, and used the data to set new Baseline and Stretch goals for each, based on overall average of the years examined, and the most recent three-year average. He then used available data for determining baseline and stretch goals for ISS #6 (Licensure Pass Rates), and used longitudinal data from the Perkins website to determine baseline and stretch goals for ISS #7 (Job Placement Rates). Presentation of this data was done in a way so that the data and the resulting goals was explained as well as possible, and that a robust dialogue occurred over the entire issue. This

discussion concluded with the Senate voting to approve the revised institution Set Standards presented.

(Runyan/Rupley MSCU)

3.06 SLO Handbook/SLO Assessment

Lisa Gardiner informed Senate that this item comes out of our accreditation process. The handbook was old and in “draft” form. The handbook has been updated with our current standards and spells out the SLO assessment and review process.

Motion to approve

(Baker/Lin MSCU)

3.07 Academic Renewal Policy

At last meeting we discussed best practices for time lapsed in order to complete Academic Renewal. Currently, 2 years must have elapsed. It is suggested that we adopt a 1 year policy as a best practice. Item brought back for approval with a 1 year policy. Motion to approve.

(Downing/Runyan MSCU)

3.08 Senate Academic Scholarship

There is approximately \$500.00 in the scholarship fund for distribution. It was discussed to have 2 - \$100.00 scholarships with the standards eligibility requirements to apply. The faculty donation election form will also be sent out asking faculty to contribute to the fund. Motion to approve

(Downing/Baker MSCU)

3.09 Senate Elections

Colleen Baker, Tom Downing and Celeste Wiser's seats are up for election this year. Senators reviewed eligible faculty list for elections. Call for nominations form will be sent out to all faculty by VP Baker with nomination/election deadlines included. Motion to approve

(Rupley/Downing MSCU)

3.10 Faculty Committee Assignment

Senate reviewed a request from Chad Lewis, Curriculum Committee Chair, to remove Thomas Robb from the Distance Education Committee and add Chrystal Tobala. Motion to approve

(Downing/Baker MSCU)

4. Discussion

4.01 PSLO/ISLO Pilot Project

The accreditation workgroup is proposing a pilot assessment project through surveys. The purpose of this assessment would be working on learning and improving the processes of PSLO and ISLO. A sample survey was included for review. Senators are requested to review and the item will come back at a later date.

4.02 Camera On Policy Recommendation

President Runyan is continuing the research on this topic. He has found a policy from San Mateo College which was attached. It was requested we review and provide comment for the item to return at a later date.

5. Information

None

6. Reports

6.01 Administration

Carie Camacho reiterated the importance of the curriculum review process. She will be changing the IPR orientation around making this a priority.

6.02 Senators

None

6.03 LCFA

Rupley encouraged all to vote on the current TA proposed to the union.

6.04 Guided Pathways

None

7. Closed Session - Entered at 4:32 pm

Senators Present: Baker, Downing, Lin, Rupley, Runyan, Wisser

Guests: Lisa Gardiner

7.01 Consideration of Faculty Minimum Qualifications and Equivalency

1 applicant – DSPPS Coordinator and Learning Disability Specialist.

Closed Session –Ended at 4:42pm

Report Action in Closed Session:

Applicant meets equivalency for DSPPS Coordinator and Learning Disability Specialist.

8. Meeting Closing

8.01 Adjournment – 4:43 pm

(Baker/Rupley MSCU)

Respectfully Submitted,

T. Downing

Information: 6.09 CCFS-320 Attendance Report

The CCFS-320 P-2 report is the Attendance Accounting Report. The P-2 is the second period of reporting the District's expected FTES for the year. Districts use this report to report their enrollment in terms of WSCH (Weekly Student Contact Hours) and FTES (Full Time Equivalent Students). The tracking and reporting of student attendance information is very complex. The 320 information is extremely critical to a district and to the entire system. Attendance accounting data drives the funding to the college districts and provides the information used for compliance and student scorecard purposes. Presented is the CCFS-320 P-2 report submitted to the Chancellor's Office for Fiscal Year 2020-2021. Total FTES reported is 1,286.11. Dr. Trevor Albertson reported that basically we have to certify attendance at the institution. It is simply reporting where we are at. This is an information item and no action is required.

Information: 6.10 Revised Institution Set Standards

Dr. Trevor Albertson reported that with regard to set standards, this is the definition of the programs and a rote document for determining if we are doing our job. If you ever get a free weekend, there is some really good information on what we do here, and you will learn some very good specifics of our programs and what our faculty do. This is provided as an information item and no action is required.

Information: 6.11 COVID Update

Dr. Trevor Albertson advised that we are moving forward to a June 1 return date for everyone on campus. We are determining exactly what we need to do before that happens. In the next week or few days, we will release how we are going to do this and what it will look like when it happens. Our attorneys have determined the legal requirements. Dr. Albertson reported there are some negotiations with LCFA regarding conditions. Dr. Albertson stated that listening to our colleagues is important but he assured that the return will be safe. Dr. Albertson stated that masks are not going away time soon. Once the CDC has determined that in doors you do not need to have a mask, we will still be using them. The CDC has determined outdoors is okay and you don't have to wear one if you are not around people. Trustee Trussell inquired if they will be wearing masks for graduation? Dr. Albertson advised that the students will take off their masks when crossing the stage for a photo, for the student and whoever is shaking their hand. Dr. Albertson stated we need to make this a real graduation. Is there risk in that? Yes, there is. Trustee Hamilton stated that the dorms are a concern for him in advance before students get on campus. Will we be requiring them to get a shot? They would need to have a time line for before they enter the dorms. Dr. Albertson advised that they will require the Covid vaccine and test to be free of Covid for living in the dorms. Dr. Albertson advised that the reason he feels there is this need as they are living in close quarters. And maybe the athletes, too, but he has not decided yet. It is going to require enough time for the vaccine to take effect, then they can move in. Dr. Albertson stated they are looking at regular tests of dorm residents to determine safety. We do not want to be a source of an outbreak in this county and going forward that will be required. Dr. Albertson advised that we do not even require meningitis and that needs to be required. This has to be taken care of appropriately. Trustee Hamilton asked about foreign students coming to campus and that we want to make sure they are safe coming to campus. Dr. Albertson stated that Brady is out right now, but they have talked and are moving forward. For the rest of campus in general, it is up to each district. Most districts have not required it at this point. Dr. Albertson stated that leaving folks some freedom of choice is important.

Information: 6.12 District Budget Update

Dr. Trevor Albertson advised that as of today, and you can see it in our financial report on Page 5, if you look down at the bottom right Reserve for Contingencies is 22.73% as of 4/30/21 but it does not include the TRAN which adds an additional \$1.72 million from the TRAN payment. 22.73% is phenomenal. This is the safest place to be and it should never go below 8%. Dr. Albertson reported there is a huge windfall coming from the state. His discussions from the Dahles is that the State is shoving a whole lot of money into K-14 which includes community colleges due to falling attendance rates and birth rates. The State has to show they are doing something. As a result, he is expecting that the college will receive several million more dollars which we should add to the reserve. The Board has a lot of debate on what to do with it. Dr. Albertson stated he is giving the recommendation that the Reserve needs to be replenished.

Information: 6.13 Accreditation Update

Dr. Albertson reported that with regard to Accreditation, he plans to ask that our Accreditation Tri Chairs join us at the June meeting. Dr. Albertson stated he spoke with Stephanie Droker of ACCJC today, and he thinks we are headed in the right direction. Based upon our numbers, the work that has been done, we are following our own processes, updating board policy, does he think we will come off of sanctions? Yes, he does. Dr. Albertson advised they may extend our review time, but does not believe we will receive further sanctions. David Corley advised that the Accreditation work group is close to having a draft for the board to review.

Meeting Opening

1.01 Call to Order and Roll Call 3:00pm

1.02 Approval of Agenda –Approved by consensus

1.03 Approval of Minutes 03/22/2021 - Approved by consensus

2. Governance

2.01 Student Services Master Plan-Brady Reed –Karissa worked on this a lot of the essential key components were still very relevant. We updated our resource priority list and the committee members. There are some updates that need to still be done, so we will work on it and bring it back to Consultation Council in two weeks. We will work with Carie Camacho because we are streamlining the process to make it more efficient and making it one Master Plan that we will all work on together. Update Student Services Master to plan reflect workout room in dorm prioritization from counseling to rec hall. Is the item TES college source on the list of items not prioritized because it is a mandated cost? Brady will look into it.-**Tabled until next meeting**

2.02 Institutional Set Standards-Randy Joslin- Randy had a presentation to watch. ISS are mandated by the Higher Education Act. We are required to review the standards to monitor and

challenge institutional performance. We made new recommendations for Baseline and Stretch goals. There are three separate documents for our current ISS right now, so Randy put them all into one document. He also numbered the standards. He looked at other colleges to see how they set their standards. None of them show any methodology of how they set their standards. He used data to recommend new standards for realistic goal setting. A discussion took place on how low we should set our standards. We want to set realistic goals. We also want to push ourselves to do better. We need to see what we did in past years to hit those high numbers on the years where we did so well. This updated ISS will spark a lot of open conversations and goal setting with using past data and methodology. It will be evaluated every February. -Approved by consensus

3. Consultation

4. Guided Pathways

4.01 Guided Pathways Update-Brady Reed –The grant we received to involve more students is being supervised by Jennifer Tupper and we have 8 students hired already which was our goal. Alison just received an email from Pacific Sky to give us the sample of additional icons for our Career Pathways. We will meet this Thursday to review. Everyone is welcome to join us. Tara will send out an invitation to the Zoom.

5. Accreditation

5.01 Accreditation Update

Senate: (Adam)

Compliance Requirement 1: In order to meet the standard, the team recommends the College assess the accomplishment of its mission through program review, student learning outcomes, and student achievement. The College must engage in continuous, broad-based, systematic evaluation and planning by conducting and implementing program review and resource allocation into a comprehensive process that, in turn, leads to improvement of institutional effectiveness and academic quality. The College must broadly communicate the results so that the institution has a shared understanding of its strengths and weaknesses and sets appropriate priorities (TR-17, 18, 20, 30, 35). *The SLO handbook was updated. Senate approved it at the last meeting. Adam will send it to Consultation Council to have us look at it. It does not need to be approved by Consultation Council.*

(Along with IE) Compliance Requirement 2: In order to meet the standard, the team recommends the College regularly assess student learning outcomes at the course, program, and institutional level (TR-18, 19, 20)

Institutional Effectiveness: (David/Randy)

Compliance Requirement 1: In order to meet the standard, the team recommends the College assess the accomplishment of its mission through program review, student learning outcomes, and student achievement. The College must engage in continuous, broad-based, systematic evaluation and planning by conducting and implementing program review and resource allocation into a comprehensive process that, in turn, leads to improvement of institutional effectiveness and academic quality. The College must broadly communicate the results so that the institution has a shared understanding of its strengths and weaknesses and sets appropriate

priorities (TR-17, 18, 20, 30, 35)- *Long term we are wanting to look at additional software that SLO would be kept in. Short term we are looking at using CLICK.*

(Along with Senate) Compliance Requirement 2: In order to meet the standard, the team recommends the College regularly assess student learning outcomes at the course, program, and institutional level (TR-18, 19, 20)- *Randy and David went to training with Ellucian Analytics in regards to student achievement and institutional performance. It is going to be a really great program.*

Compliance Requirement 3: In order to meet the standard, the team recommends the College establish a process for setting institution-set standards for student achievement appropriate to its mission and assess how well it is achieving them in pursuit of continuous improvement (TR-19, 20, 23)

Academic Planning/Enrollment Management (Carie)

Compliance Requirement 5: In order to meet the standard, the team recommends the College complete its policy process for the program viability policy (TR-26, 45) – *Senate will be reviewing the report this week. This is a very big deal and it would be great that anyone who can review it, to please do so. They are open to suggestions, questions and comment.*

Recommendation 11: In order to improve effectiveness, the team recommends the College continue to improve its process to schedule courses in a manner that allows students to complete certificate and degree programs within an appropriate timeframe (TR-14, 27; ISER-74)

6. Other-Information/Communication

6.01 Budget update-Garrett Taylor – They issued promissory notes for the TRAN. We got 1.75 million in notes. The interest rate is so low. They are good until December 2021. We had the highest rating. We do have enough cash to make it through June as of right now. The chancellor's office has been really quiet, so we have not heard much with regards with where they are going to go. Will the TRAN money be used for PPE? Like property improvements? The campus is hard to maintain and we do not get enough money from the chancellor's office to maintain it. There is some advocacy work that needs to be address in that area when we have time to put energy that way. This money is not for PPE, it is an insurance money to make sure we can pay the necessities. If you have not done your master plan, please do that as soon as possible. We need those done. We built in a much larger deficit factor than the chancellor's office suggest.

6.02 Good of the Order: Questions for Trevor- Trevor Albertson –

- A huge thank you to the Accreditation Committee.
- As an institution we have really come 180 and it is starting to show. You all have made this a really well functioning college. Your efforts are working because we are following processes now as a whole. A lot of you were already doing this before.

- Tomorrow's Board meeting, Trevor will recognize the faculty that received Tenure.
- Enrollments are looking better than we anticipated.
- The dorm will re-open in the Fall. We are working out the details of that right now.
- COVID- we have a shot clinic on campus on Wednesday, April 14. Supervisors will work with their employees about who is going to work on campus and who is not. If you have had your first shot, you will be able to get your second shot. IF you have not received your first shot, you MIGHT be able to get your first shot. They are in need of volunteers. If you need to be on campus, be here by 7:30am. Food will be provided on Wednesday in the cafe so you do not have to leave campus. If you will be arriving for your vaccination, please arrive early. On the CARES website it gives your time when you should come based on your last name.
- Returning to campus- There was a discussion on campus two weeks ago. There were concerns addressed and this will be a continued discussion. We will have more discussions as more information and decisions come available.
- THANK YOU! This has been the hardest year in this college's history. Without each and every one of you, we would not have made it.

7. Meeting Closing-

PLANNING AND BUDGET DEVELOPMENT PROCESS

Title 5 of the California Code of Regulations requires that the “[Community College] District financial planning will include both short-term and long-term goals and objectives, and broad-based-input, and will be coordinated with the districts educational planning” (Appendix A: Title 5 Section 58311). Lassen Community College’s planning and budget development process operates within this context.

The Comprehensive Institutional Master Plan is a five-year plan that is updated and sent to the Governing Board for acceptance annually. The institutional planning document and budget will reflect the college mission statement and strategic goals as established by the Governing Board and presented in Section II – Institutional Section (Appendix B: Mission Statement and Strategic Goals).

The institutional planning and budget development process begins with the instructional program review (IPR) and non-instructional program review (NIPR). The instructional and non-instructional program reviews provide the unit level planning documents for Lassen Community College. The program goals and objectives as well as recommendations and budget requests developed during the review process integrate into the various planning sections of the Comprehensive Institutional Master Plan (Section I – Institutional Effectiveness, Section II - Educational Master Plan, Section III – Student Services Plan, Section IV - Institutional Technology Plan, Section V - Facilities Master Plan, Section VI - Human Resource Plan and Professional Development Plan).

The schedule of program reviews is provided in the Instructional and Non-instructional Program Review Handbooks. Career technical education instructional programs are reviewed every two years and academic instructional and non-instructional programs are reviewed every four years. There are also yearly updates for academic and career technical education that follow the same process when needed for changes in curriculum or budgeting. Area administrators will remind program managers when their program review is due. Academic Senate reminds faculty yearly of due dates for instructional program reviews.

The President’s Office will monitor the program review process. The Governing Board will accept each IPR and NIPR. Upon Board acceptance, the Program Review’s Prioritized Recommendations will be entered by the Director of Institutional Effectiveness and Research in a spreadsheet or database. The spreadsheet with all recommendations from the prior year will be provided to the Academic Planning, Institutional Effectiveness Planning, Facilities Planning, Student Services, Human Resource and Institutional Technology Planning Committees.

- The Office of the President is responsible for housing all the current institutional planning documents and for assuring completion of program reviews as scheduled.
- Copies of institutional planning documents and program reviews are placed on the college website.

Regarding the development of the budget, the Comprehensive Institutional Master Plan will be used as the foundation and frame upon, and within which, the Budget is built. All budgets (requests for funding) shall be developed through the budget development process as integrated into the program review process. The same budget request forms and resource allocation process will be utilized for all funding sources.

Budget principles, as presented in Appendix C, are stated in each District Budget document. The following guidelines additionally apply to the development of the Budget:

- a. One-time revenues will be allocated to one-time expenditures; on-going expenditures shall be covered from on-going revenues.
- b. Year-end balances are not budgeted for ongoing expenses.
- c. Funds are budgeted where they are expected to be spent so as to minimize transfers and protect budget integrity.
- d. Contractual obligations and fixed costs are budgeted first.
- e. New positions must be fully funded: salaries, benefits, and support expenses.

EVALUATION OF THE PLANNING AND BUDGET DEVELOPMENT PROCESS

The Planning and Budget Development Process is evaluated annually in conjunction with the Governance Process in late April through May. Adoption of the evaluation timeline and any changes to the evaluation instruments is the responsibility of Consultation Council. The evaluation process consists of distribution of evaluation instruments to each of three components:

1. Planning Committee Self-Evaluation Surveys
 - Academic Planning
 - Consultation Council/Strategic Planning
 - Human Resource Planning
 - Institutional Effectiveness Planning
 - Institutional Technology Planning
 - Student Services Planning
 - Facilities Planning
2. Constituent Group Evaluation Surveys
 - Management/Confidential
 - Associated Student Body
 - Classified
 - Administration
 - Academic Senate
3. Individual Surveys (surveymonkey).

The survey results are compiled and presented to Consultation Council by the Director of Institutional Effectiveness and Research for discussion and acceptance of recommendations for inclusion in the next year's handbook. A subcommittee of the Academic Senate including appointees from Consultation Council meets in late May or early June to revise and update the *Institutional Planning and Budget Development Handbook* based upon the accepted recommendations. The Academic Senate acts on the subcommittee recommendations by July and forwards the approved handbook to Consultation Council/Strategic Planning Committee as an information item.

Lassen Community College District Strategic Plan

Recommendation for revisions by Consultation Council – October 12, 2020

Approved by Board of Trustees – December ____, 2020

Vision

- ❖ Lassen College will be a highly efficient self-sustaining rural community college, a catalyst for the region’s image, economy, and human capital, and an example of a “we can” culture” of collective impact by being:
 - The academic leader by ensuring quality instruction and encouraging student success
 - The educational leader by expanding outreach and student access with an equity mindset
 - The trusted steward by providing capable leadership and accountability
 - The economic and workforce development leader for the community
 - The cultural leader in the community
 - The civic and social leader in the community

Mission

Lassen Community College provides educational programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The College serves diverse students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.

Strategic Goals

1. **Institutional Effectiveness:** Provide the governance, leadership, integrated planning and accountability structures, and processes to effectively support an inclusive learning environment, while ensuring responsible stewardship of public trust and resources.
2. **Learning Opportunities:** Provide an array of rigorous academic programs delivered via a variety of modalities that promote student equity and learning while meeting the needs of the local and global community.
3. **Resource Management:** Manage human, physical, technological and financial resources to sustain fiscal stability and to effectively support the learning environment.
4. **Student Success:** Provide a college environment that reaches-out-to and supports students, minimizes barriers, and increases opportunity and success through access and retention to enable student attainment of educational goals including completion of degrees and certificates, transfer, job placement and advancement, improvement of basic skills, and self-development through lifelong learning.

Institutional Student Learning Outcomes

1. **Communication** - Ability to listen and read with comprehension and the ability to write and speak effectively
2. **Critical Thinking** - Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome
3. **Life Long Learning** - Ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems
4. **Personal/Interpersonal Responsibility** - Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures

Lassen College Values:

Student Success:

- Students reaching their goals
- Students being prepared for transfer to four-year institutions
- Students being prepared for employment
- Doing what is best for students
- Learning as a priority over teaching
- Student needs; they are paramount in the learning process
- Recognizing and minimizing barriers to student success

Educational Excellence:

- Equitable student learning as the focal point of every experience
- High quality educational delivery
- Highly qualified instructors
- High quality technology and materials
- Well-equipped classrooms

Honesty/Integrity:

- Trust in relationships
- Dependability
- Transparency
- Collaboration
- Sustainability
- Accountability

Dignity & Respect:

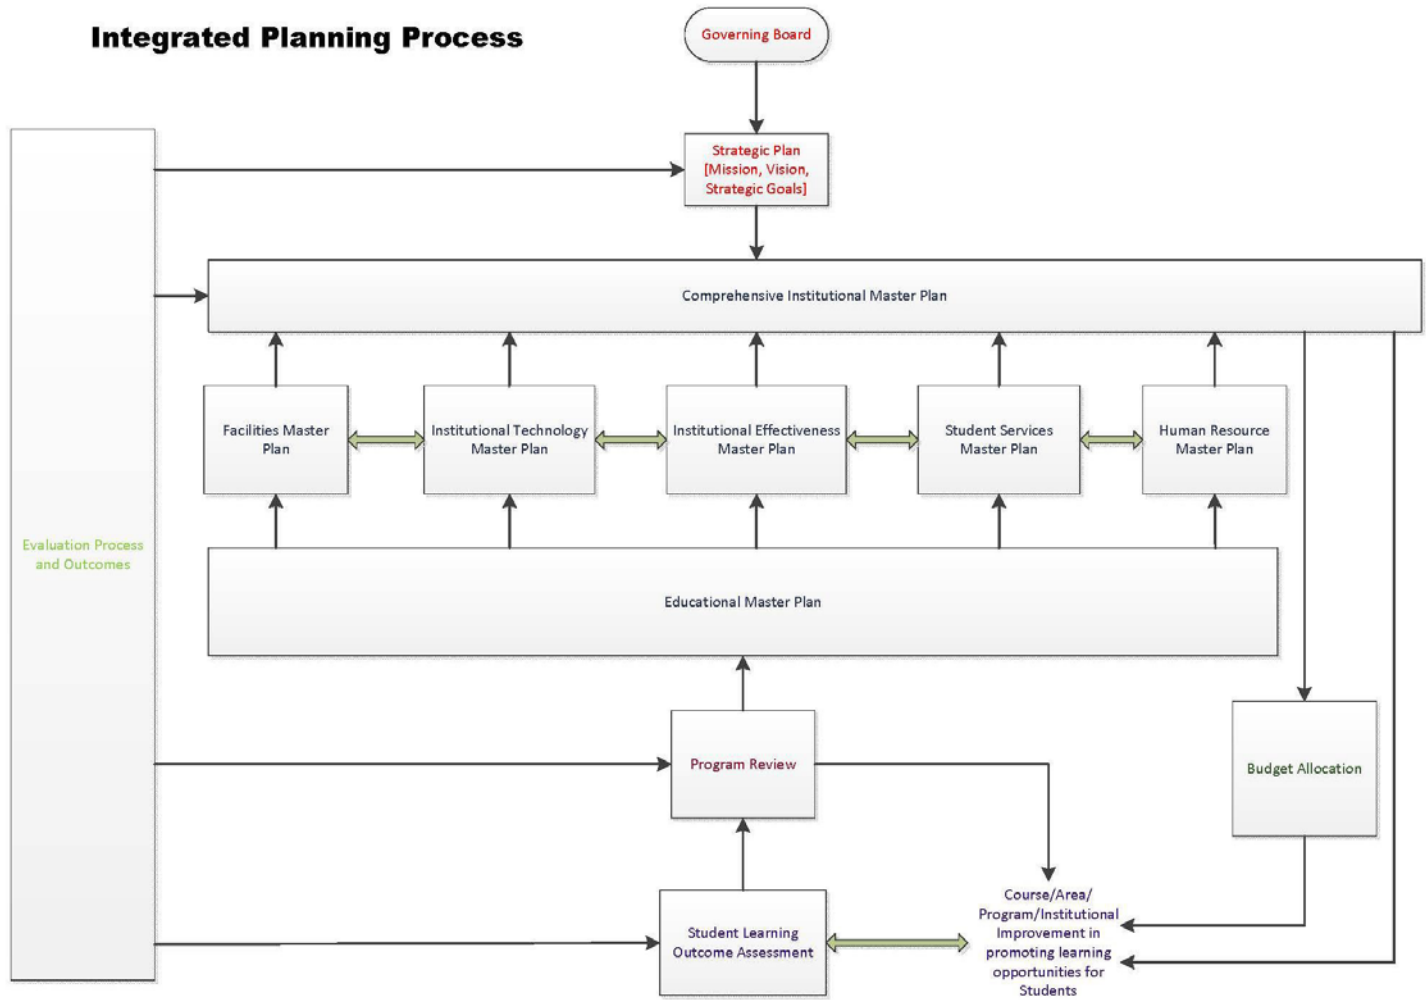

- Open forum for exchange of ideas
- Civility
- Collegiality
- Diversity & Equity
- Active listening and communication

**Planning Cycle - Strategic Planning;
Comprehensive Institutional Master Plan & Budget Development**

Integrated Planning Process

Planning & Budget Input Process Flow Chart

PLANNING/BUDGET DEVELOPMENT CALENDAR

(Orange type = Planning, Black type = Budget Development)

JULY

- Governing Board Planning Retreat
 - Strategic Plan – 1st read at July Governing Board Retreat
 - Presentation of Compiled and Analyzed Data
 - Presentation of Previous Year's Action Plan Evaluation Matrix
 - Presentation of progress on Key Performance Indicators
- Update of *Annual Fact Book* published
- Adoption of revised Institutional Planning and Budget Development Process Handbook by the Academic Senate

AUGUST

- Consultation Council/Strategic Planning Committee develops annual budget prioritization criteria
- Governing Board adoption of Strategic Plan
- Presentation of revised Institutional Planning and Budget Development Process Handbook to Consultation Council

SEPTEMBER

- Presentation of instructional program reviews, non-instructional program reviews, and annual updates to Consultation Council/Strategic Planning Committee and forwarded to Governing Board
- IE office will send the IPR and NIPR data out
- Distribution of Institutional Planning and Budget Development Process Handbook, and Current Year Fiscal Updates/Budget Assumptions
- Governing Board approval of final budget
- Associate Dean of Institutional Effectiveness and Research compiles recommendation from previous years' program reviews and annual updates into spreadsheet
- Status Report of Previous Years Budget Prioritization Spreadsheet presented to Consultation Council – Budget Prioritization Tracking Matrix 1st Quarter Update
- Academic Planning Committee works on development of Educational Master Plan
- Planning Committee Chairs meet as sub-committee of Consultation Council/Strategic Planning to determine format of annual master plans.

OCTOBER

- Program Review Recommendation Spreadsheet from previous year program reviews and annual updates forwarded to planning committees by office of Institutional Effectiveness and Research. Recommendations prioritized by the program must include budget needs and requests information as well as justifications from Comprehensive Institutional Master Plan and primary budget prioritization criteria. The same resource allocation process will be utilized for all funding sources.
- Consultation Council/Strategic Planning Committee adoption of Educational Master Plan

- **Status Update on Progress on Annual Planning Agenda (Action Plan Evaluation Matrix) presented to Consultation Council**
- Unit level members (divisions for instructional areas and program areas for non-instructional areas) will meet to prioritize budget requests for unit (division or program area) based on the adopted budget prioritization criteria.
- The prioritized spreadsheet of budget requests for each area will be forwarded to area dean, the office of Institutional Effectiveness and Research, and Consultation Council for inclusion in minutes.
- **Planning Committee Chairs meet as sub-committee of Consultation Council/Strategic Planning to review budget recommendations.**
- **Facilities Planning, Human Resource Planning, Institutional Effectiveness Planning, Institutional Technology Planning and Student Services Planning Committees work on development of Master Plans based on Educational Master Plan**

NOVEMBER

- Area administrators will prioritize area budget requests on the spreadsheet based on the adopted budget prioritization criteria in consultation with appropriate planning committee.
- Prioritized list will be forwarded by the area dean to the office of Institutional Effectiveness and Research. and the Consultation Council/Strategic Planning Committee
- **Consultation Council adoption of Institutional Effectiveness Master Plan and Student Services Master Plan**

DECEMBER

- **Consultation Council adoption of Institutional Technology Master Plan**
- Budget Prioritization Tracking Matrix 2nd Quarter Update

JANUARY

- The Chief Business Officer monitors current year operations and evaluates the status of the following academic year's budget by comparing the projected revenues against the projected expenditures. The Chief Business Officer will advise the President's Cabinet of any projected budget shortfalls potentially impacting staffing levels.
- The President's Executive Cabinet will forward recommendations based on the projections to the Consultation Council/Strategic Planning Committee prior to any consideration of institutional prioritization of budgetary requests.
- Consultation Council may conduct Listening Forums for campus input
- **Consultation Council adoption of Facilities Master Plan**

FEBRUARY

- Discussions by Consultation Council/Strategic Planning Committee on the recommendations received from the President's Cabinet will occur prior to the third week in February.
- Consultation Council/Strategic Planning Committee will evaluate all budget requests prioritized by unit level managers and area deans. Institutional priorities will be assigned to each budget request.
- The prioritized list (spreadsheet) will be distributed to the campus community at the end of February.

MARCH

- Consultation Council/Strategic Planning Committee will hold open forum budget meetings.
- Funding categories will be assigned to the prioritized list by the Chief Business Officer.

- The recommended prioritized list will be forwarded to President for his consideration and published with Consultation Council minutes.
- Environmental Scan Data Compiled
- Consultation Council adoption of Human Resources Master Plan
- Budget Prioritization Tracking Matrix 3rd Quarter Update

APRIL

- Consultation Council acceptance of master plan revisions as a result of other plans developed since initial adoption.
- Consultation Council/Strategic Planning Committee adoption of the Comprehensive Institutional Master Plan

MAY

- Annual Report on NIPR SLO/AUO Assessment Results (Office of Institutional Effectiveness and Research)
- Annual Evaluation of the planning and governance process conducted by Consultation Council/Strategic Planning Committee
- The Chief Business Officer will draft the tentative budget for institutional review to include 50% Law Analysis and GANN Appropriations Unit.
- The President will finalize the ranked list into the Institutional Budget Priority List for the Comprehensive Institutional Master Plan, presentation to the campus and Governing Board.
- Cut-off date for processing of purchase requisition.

JUNE

- Budget Prioritization Tracking Matrix 4th Quarter Update
- Academic Senate/Strategic Planning Subcommittee incorporated recommendations from the annual evaluation process revising the Institutional Planning and Budget Development Process Handbook
- The President will submit the tentative budget to the Lassen Community College District Governing Board for approval

Appendix A: PRINCIPLES FOR SOUND FISCAL MANAGEMENT

Title 5. Education

Division 6. California Community Colleges

Chapter 9. Fiscal Support

Subchapter 4. Budgets And Reports

Section 58311

In any organization certain principles, when present and followed, promote an environment for growth, productivity, self-actualization, and progress. The following principles shall serve as the foundation for sound fiscal management in community college districts:

1. Each district shall be responsible for the ongoing fiscal stability of the district through the responsible stewardship of available resources.
2. Each district will adequately safeguard and manage district assets to ensure the ongoing effective operations of the district. Management will maintain adequate cash reserves, implement and maintain effective internal controls, determine sources of revenues prior to making short-term and long-term commitments, and establish a plan for the repair and replacement of equipment and facilities.
3. District personnel practices will be consistent with legal requirements, make the most effective use of available human resources, and ensure that staffing costs do not exceed estimates of available financial resources.
4. Each district will adopt policies to ensure that all auxiliary activities that have a fiscal impact on the district comport with the educational objectives of the institution and comply with sound accounting and budgeting principles, public disclosures, and annual independent audit requirements.
5. Each district's organizational structure will incorporate a clear delineation of fiscal responsibilities and establish staff accountability.
6. Appropriate district administrators will keep the governing board current on the fiscal condition of the district as an integral part of the policy- and decision-making processes.
7. Each district will effectively develop and communicate fiscal policies, objectives, procedures, and constraints to the governing board, staff, and students.
8. Each district will have an adequate management information system that provides timely, accurate, and reliable fiscal information to appropriate staff for planning, decision-making, and budgetary control.
9. Each district will adhere to appropriate fiscal policies and procedures and have adequate controls to ensure that established fiscal objectives are met.
10. District management will have a process to evaluate significant changes in the fiscal environment and make necessary, timely, financial and educational adjustments.
11. District financial planning will include both short-term and long-term goals and objectives, and broad-based-input, and will be coordinated with the district educational planning.

12. Each district's capital outlay budget will be consistent with its five-year plan and reflect regional planning and needs assessments. To the extent that the foregoing principles repeat or paraphrase mandates already in existence, these underlying mandates shall continue to be legally binding. Otherwise these principles, by themselves, shall be applied to the extent that existing state and district funding is available.

Appendix C: LCC 2019-2020 BUDGET PRINCIPLES, PRIORITIES, AND CRITERIA

BUDGETING PRINCIPLES:

- Transparency
- Broad participation
- Balanced
- Conservative
- Complete/comprehensive (including long term obligations)

BUDGET GUIDELINES AND PRIORITIES:

- Align with College's Strategic Plan (Vision/Mission/Values/Strategic Goals)
- Achieve Strategic Goals – ensuring student success, expanding services and access (growth).
- Transfer resources from indirect (internal) services to prioritize services that directly support student success and program growth.
- Mitigate future risk and avoid future cost increases by finding external (outsourced) solutions for high-risk administrative services.
- Align categorical/restricted programs with Strategic Goals; to the degree possible and allowable, use those funds to support on-going District expenditures even if on a one-time basis. Make maximum use of pro-offered “flexibility with Categorical funds.”
- Recommend level of reserves equal to 15% [approximately two (2) months of operations] – Board Policy 6200 - Budget Preparation.
- To accommodate cash flow shortfalls, implement a disciplined spending plan tied to cash-flow projections with centralized spending control.
- Use inter-fund borrowing in preference to external borrowing, due to added costs and potential conflicts between scheduling of repayment and deferred apportionment.

2019-2020 BUDGET PRIORITIZATION CRITERIA (adopted by the Consultation Council/Strategic Planning Committee – November 5, 2018):

1. **Statutory Mandates and Fixed Costs** – Items we have no control over and which are necessary for the daily operation of the college: salary step increases, benefit increases (STRS, PERS, health, workers comp, etc.), contract agreements, utility increases, software/lease agreement increases.
2. **Regulatory Mandates** – Items that are required by another body, including legislature or Chancellor's Office. These should be brought forward in a program review or addendum since advanced notice is generally given. Evidence of the mandate must be provided.
3. **Health and Safety** – Items determined by administrators to be immediate risks to health and safety will be handled immediately with existing funds and will not go through the budget process. Items addressing health and safety risks as identified in program reviews and/or by Safety Committee will be initially prioritized by Facilities Master Plan and Safety Committees.
4. **Implementation of Strategic Goals** – Items may range from maintenance of existing facilities and programs to program growth, with an emphasis on items supporting or enhancing student learning and success and on items originating in the program review process.

Appendix D: Glossary of Terms

Abatement: The return of part or all of an item of income or expenditure to its source.

Accounting System: (1) The special field concerned with the design and implementation of procedures for the accumulation and reporting of financial data. (2) The total structure of records and procedures, which discover, record, classify, and report information on the financial operations of an agency through its funds, balanced account groups, and organizational components.

Administrative Unit Outcomes (AUOs): Similar to SLOs, administrative outcomes determine what the expected outcomes are for offices and departments that provide services and administrative support rather than instruction.

Annual Appropriation Limit (Gann Limit)

Apportionment: Allocation of state or federal aid, district taxes, or other moneys to community college districts or other governmental units.

Appropriation for contingencies: (formerly termed Undistributed Reserve) That portion of current fiscal year's budget not appropriated for any specific purpose and held subject to intrabudget transfer, i.e., transfer to other specific appropriations as needed during the fiscal year. (becomes the "ending balance" at June 30, and the "beginning balance" at July 1.

Budget: A plan of financial operation for a given period for specified purposes consisting of an estimate of income and expenditures.

Budget document: The instrument used by the budget-making authority to present a comprehensive financial program (for California Community Colleges, this Form CCFS-311). Included is a balanced statement of revenues and expenditures (both actual and budgeted), as well as other exhibits.

Capital Outlay: The acquisition of fixed assets or additions to fixed asset, including land or existing buildings, improvements of grounds, construction of buildings, additions to buildings, remodeling of buildings, or equipment.

Charts of Accounts: A systematic list of accounts applicable to a specific entity.

Community Services: Educational, cultural, and recreational services, which an educational institution may provide for its community in addition to regularly scheduled classes. Community college districts receive no direct State apportionment for community services.

Contract Services: Services rendered by personnel who are not on the payroll of the college system, including all related expenses covered by the contract.

Current Expenses of Education (CEE): EC 84362, CRR 59200 et seq. The current General Fund operating expenditures of a community college district excluding expenditures for food services, community services, object classifications 6000 (except Equipment Replacement) and 7000, and other costs specified in laws and regulations.

Current Liabilities: Amount due and payable for goods and services received prior to the end of the fiscal year. Current liabilities are paid within a relatively short period of time, usually within a year.

Deferred Income: Revenue received prior to being earned such as bonds sold at a premium, advances received on federal or State program grants, or registration fees received for a subsequent period.

Deficit: Excess of liabilities over assets.

Direct Expenses or Costs: Expenses that can be separately identified and charged as a party of the cost of an activity, department, services, or a product.

Employee Benefits: Amounts paid by an employer on behalf of employees. These amounts are not included in the gross salary, but are over and above. While not paid directly to employees, they are nevertheless part of the cost of salaries and benefits. Examples are (1) group health or life insurance payments; (2) contribution to employee retirement; (3) district share of O.A.S.D.I. (Social Security) taxes; (4) worker's compensation payments.

Encumbrances: Obligations in the form of purchase orders, contracts, salaries, and other commitments for which part of an appropriation is reserved.

Entitlement: An amount of money to which an entity has a right as determined by the granting or awarding party.

Expenses of Education: This includes all General Fund expenditures, restricted and unrestricted, for all objects of expenditure 1000 through 5000 and all expenditures of activity from 0100 to 6700.

Expenses: Expenditures made or liabilities incurred for goods and services used in the current year.

Fiscal Year: For governmental entities in the State of California, the period beginning July 1 and ending June 30. Otherwise, it is usually a period of one year which can by agreement begin at any time and end one year later.

Fixed Assets: Assets of permanent character having continuing value such as land, buildings, machinery, furniture, and equipment.

Fixed Costs: Those costs, that remain relatively constant regardless of enrollment or volume of business. Examples include interest, insurance, and contributions to retirement systems.

Full-time Equivalent (FTE) Employees: Ratio of the hours worked based upon the standard work hours of one full-time employee. For example, classified employees may have a standard work-load of 40 hours per week, if several classified employees worked 380 hours in one week, the FTE conversion would be $380/40$ or 9.5 FTE.

Full-time Equivalent Students (FTES): An FTES represents 525 class (contact) hours of student instruction/activity in credit and noncredit courses. Full-time equivalent student (FTES)

is one of the workload measures used in computation of state support for California Community Colleges (see form CCF-320, "Apportionment Attendance Report").

Fund: An independent fiscal and accounting entity with a self-balancing set of accounts for recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein.

Fund Balance: The fund equity of governmental funds and Trust Funds; the difference between assets and liabilities within a fund.

General Fund: The fund used to account for the ordinary operations of the district. It is available for any legally authorized purpose not specified for payment by other funds.

Indirect Cost: Elements of cost necessary in the operation of the Local Educational Agency (LEA) or in the performance of a service that are of such nature that the amount applicable to each accounting unit cannot be determined readily and accurately or for which the cost of such a determination exceeds the benefit of the determination.

Instructional Aide: A person employed to assist classroom instructors and other certificated personnel in the performance of their duties; in the supervision of students; and in instructional tasks which, in the judgment of the certificated personnel to whom the instructional aide is assigned, may be performed by a person not licensed as a classroom instructor (EC 88243)

Liabilities: Debt or other legal obligations (exclusive of encumbrances) arising out of transactions in the past, which must be liquidated, renewed, or refunded at some future date.

Long-term Debt: A loan that extends for more than one year from the beginning of the fiscal year.

Non-Instructional Program Review (NIPR): A program review completed by areas that do not have instructional responsibilities. In cases where a program provides instruction as well as support or services, an IPR will be completed.

Prepaid Expenses: Goods or services for which payment has been made, but for which benefits have not been realized as of a certain date; e.g., prepaid rent, prepaid interest, and premiums or unexpired insurance. Benefits and corresponding charges to expenses will be borne in future accounting periods.

Program Accounting: A system of accounting in which records are maintained to accumulate income and expenditure data by program rather than by organization or by fund.

Restricted Accounts: Cash and/or other assets, which are limited as to use or disposition by their source. Their identity is therefore maintained and their expenditure or use is also recorded separately.

Sales and Use Tax: A tax imposed upon the sale of goods and services. The use tax is paid in lieu of sales tax on goods purchased outside the state, but intended for use in the state.

Self-Insurance Fund: An Internal Service Fund designed to account for income and expenditures of self-insurance programs.

Student Learning Outcomes (SLOs): The expected knowledge, skills or attitudes students will have after completing a course, program, or leaving the institution after accomplishing an academic goal.

Members Present:

Members Absent:

Planning Section

When answering these questions consider the “planning process” the process used to create the Comprehensive Institutional Master Plan; including but not limited to the work of planning committees (Academic Planning, Student Services Planning, Institutional Effectiveness Planning, Institutional Technology Planning, Facility Planning, Human Resource Planning etc.) as well as the recommendations from IPR and NIPRs and analysis of student learning and administrative unit outcome results.

1. What works in the planning process at Lassen College?
2. What doesn't work in the planning process at Lassen College?
3. What changes would you make in the process to improve efficiency and effectiveness?
4. What additional resources (human, research data, additional information, etc.) does your committee need to perform your assigned tasks?
5. Do you feel your contribution to the planning process is necessary?

6. Do you feel your contribution to the planning process is valued?

Governance Section

1. Did your committee perform during the preceding year as identified in the committee's charge?
2. Identify results (products) of committee activities?
3. Provide suggestions to change or modify the committee charge.
4. Was the committee membership appropriate to implement its charge? If not what changes are needed?
5. Provide an analysis of the participation of the membership. Identify any individual or constituent group representation not in attendance more than fifty percent of the meetings.
6. How could communication between committees and others be improved with regards to governance?

How long employed by the college: (0-1 year, 2-5 years, 6+years)

Please answer all questions using the 1 to 5 scale with 1 = Strongly Disagree, 2 = Disagree, 3 = Neutral, 4 = Agree, 5 = Strongly Agree

The planning process at Lassen College works and produces appropriate institutional plans.

I receive information about institutional planning through a variety of ways (by receiving committee minutes, through committee membership, through my group's representatives on various committees, through open forums).

I know who to ask and where to go for additional information about budgeting, planning, and governance.

The institution plans in the correct areas.

The process I follow to have my ideas heard (through open forums, through representatives, etc) is effective.

The Comprehensive Institutional Master Plan is the appropriate vehicle for institutional planning.

The institutional planning process is appropriately tied to the budget development process

Suggestions for improving the planning and/or governance processes at Lassen Community College:

California Community Colleges

PLANNING AND BUDGET DEVELOPMENT PROCESS

Title 5 of the California Code of Regulations requires that the “[Community College] District financial planning will include both short-term and long-term goals and objectives, and broad-based-input, and will be coordinated with the districts educational planning” (Appendix A: Title 5 Section 58311). Lassen Community College’s planning and budget development process operates within this context.

The Comprehensive Institutional Master Plan is a five-year plan that is updated and sent to the Governing Board for acceptance annually. The institutional planning document and budget will reflect the college mission statement and strategic goals as established by the Governing Board and presented in Section II – Institutional Section (Appendix B: Mission Statement and Strategic Goals).

The institutional planning and budget development process begins with the instructional program review (IPR) and non-instructional program review (NIPR). The instructional and non-instructional program reviews provide the unit level planning documents for Lassen Community College. The program goals and objectives as well as recommendations and budget requests developed during the review process integrate into the various planning sections of the Comprehensive Institutional Master Plan (Section I – Institutional Effectiveness, Section II - Educational Master Plan, Section III – Student Services Plan, Section IV - Institutional Technology Plan, Section V - Facilities Master Plan, Section VI - Human Resource Plan and Professional Development Plan).

The schedule of program reviews is provided in the Instructional and Non-instructional Program Review Handbooks. Career technical education instructional programs are reviewed every two years and academic instructional and non-instructional programs are reviewed every four years. There are also yearly updates for academic and career technical education that follow the same process when needed for changes in curriculum or budgeting. Area administrators will remind program managers when their program review is due. Academic Senate reminds faculty yearly of due dates for instructional program reviews.

The President’s Office will monitor the program review process. The Governing Board will accept each IPR and NIPR. Upon Board acceptance, the Program Review’s Prioritized Recommendations will be entered by the Director of Institutional Effectiveness and Research in a spreadsheet or database. The spreadsheet with all recommendations from the prior year will be provided to the Academic Planning, Institutional Effectiveness Planning, Facilities Planning, Student Services, Human Resource and Institutional Technology Planning Committees.

- The Office of the President is responsible for housing all the current institutional planning documents and for assuring completion of program reviews as scheduled.
- Copies of institutional planning documents and program reviews are placed on the college website.

Regarding the development of the budget, the Comprehensive Institutional Master Plan will be used as the foundation and frame upon, and within which, the Budget is built. All budgets (requests for funding) shall be developed through the budget development process as integrated into the program review process. The same budget request forms and resource allocation process will be utilized for all funding sources.

Budget principles, as presented in Appendix C, are stated in each District Budget document. The following guidelines additionally apply to the development of the Budget:

- a. One-time revenues will be allocated to one-time expenditures; on-going expenditures shall be covered from on-going revenues.
- b. Year-end balances are not budgeted for ongoing expenses.
- c. Funds are budgeted where they are expected to be spent so as to minimize transfers and protect budget integrity.
- d. Contractual obligations and fixed costs are budgeted first.
- e. New positions must be fully funded: salaries, benefits, and support expenses.

EVALUATION OF THE PLANNING AND BUDGET DEVELOPMENT PROCESS

The Planning and Budget Development Process is evaluated annually in conjunction with the Governance Process in late April through May. Adoption of the evaluation timeline and any changes to the evaluation instruments is the responsibility of Consultation Council. The evaluation process consists of distribution of evaluation instruments to each of three components:

1. Planning Committee Self-Evaluation Surveys
 - Academic Planning
 - Consultation Council/Strategic Planning
 - Human Resource Planning
 - Institutional Effectiveness Planning
 - Institutional Technology Planning
 - Student Services Planning
 - Facilities Planning
2. Constituent Group Evaluation Surveys
 - Management/Confidential
 - Associated Student Body
 - Classified
 - Administration
 - Academic Senate
3. Individual Surveys (surveymonkey).

The survey results are compiled and presented to Consultation Council by the Director of Institutional Effectiveness and Research for discussion and acceptance of recommendations for inclusion in the next year's handbook. A subcommittee of the Academic Senate including appointees from Consultation Council meets in late May or early June to revise and update the *Institutional Planning and Budget Development Handbook* based upon the accepted recommendations. The Academic Senate acts on the subcommittee recommendations by July and forwards the approved handbook to Consultation Council/Strategic Planning Committee as an information item.

Lassen Community College District Strategic Plan

Recommendation for revisions by Consultation Council – October 12, 2020

Approved by Board of Trustees – December ____, 2020

Vision

- ❖ Lassen College will be a highly efficient self-sustaining rural community college, a catalyst for the region’s image, economy, and human capital, and an example of a “we can” culture” of collective impact by being:
 - The academic leader by ensuring quality instruction and encouraging student success
 - The educational leader by expanding outreach and student access with an equity mindset
 - The trusted steward by providing capable leadership and accountability
 - The economic and workforce development leader for the community
 - The cultural leader in the community
 - The civic and social leader in the community

Mission

Lassen Community College provides educational programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The College serves diverse students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.

Strategic Goals

1. **Institutional Effectiveness:** Provide the governance, leadership, integrated planning and accountability structures, and processes to effectively support an inclusive learning environment, while ensuring responsible stewardship of public trust and resources.
2. **Learning Opportunities:** Provide an array of rigorous academic programs delivered via a variety of modalities that promote student equity and learning while meeting the needs of the local and global community.
3. **Resource Management:** Manage human, physical, technological and financial resources to sustain fiscal stability and to effectively support the learning environment.
4. **Student Success:** Provide a college environment that reaches-out-to and supports students, minimizes barriers, and increases opportunity and success through access and retention to enable student attainment of educational goals including completion of degrees and certificates, transfer, job placement and advancement, improvement of basic skills, and self-development through lifelong learning.

Institutional Student Learning Outcomes

1. **Communication** - Ability to listen and read with comprehension and the ability to write and speak effectively
2. **Critical Thinking** - Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome
3. **Life Long Learning** - Ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems
4. **Personal/Interpersonal Responsibility** - Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures

Lassen College Values:

Student Success:

- Students reaching their goals
- Students being prepared for transfer to four-year institutions
- Students being prepared for employment
- Doing what is best for students
- Learning as a priority over teaching
- Student needs; they are paramount in the learning process
- Recognizing and minimizing barriers to student success

Educational Excellence:

- Equitable student learning as the focal point of every experience
- High quality educational delivery
- Highly qualified instructors
- High quality technology and materials
- Well-equipped classrooms

Honesty/Integrity:

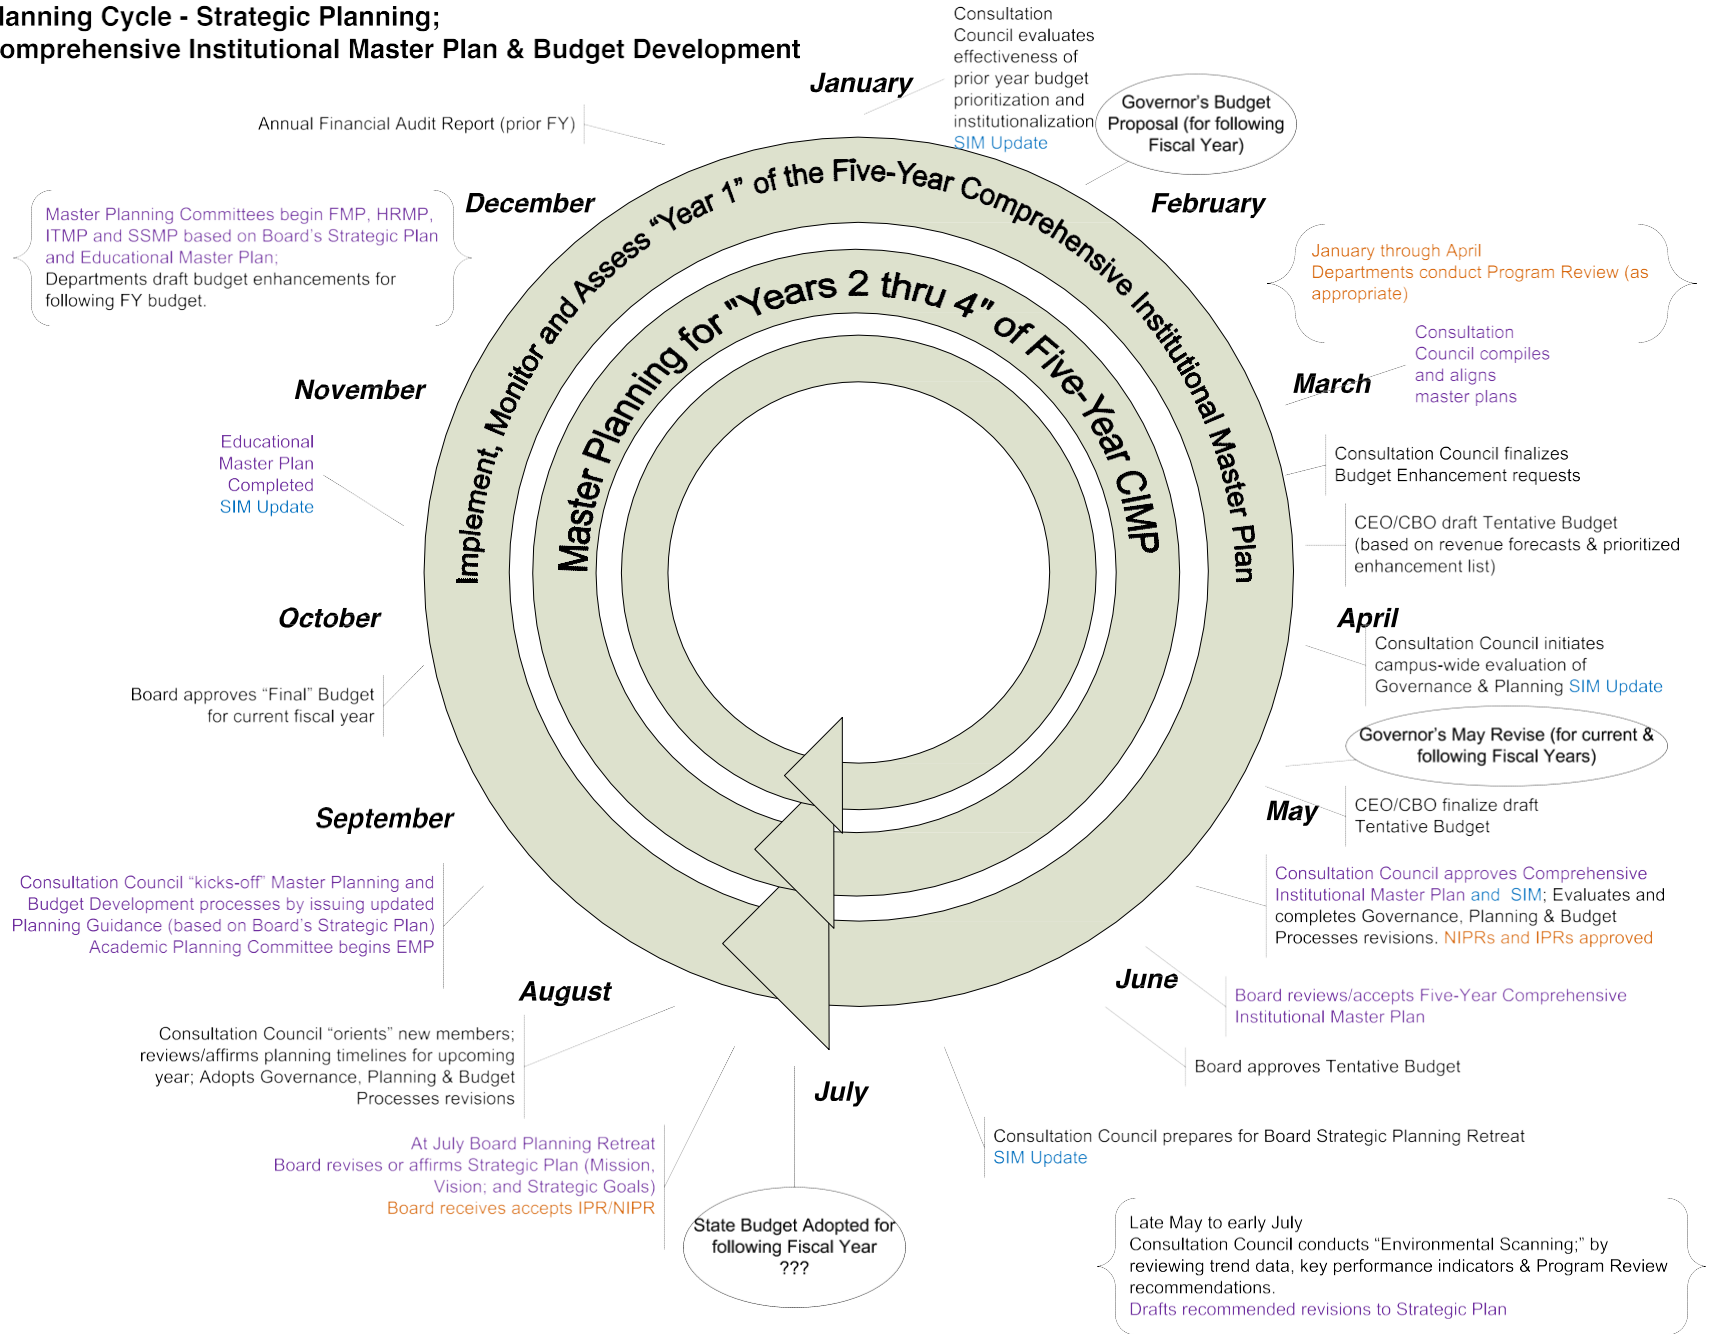

- Trust in relationships
- Dependability
- Transparency
- Collaboration
- Sustainability
- Accountability

Dignity & Respect:

- Open forum for exchange of ideas
- Civility
- Collegiality
- Diversity & Equity
- Active listening and communication

**Planning Cycle - Strategic Planning;
Comprehensive Institutional Master Plan & Budget Development**

Integrated Planning Process

Planning & Budget Input Process Flow Chart

PLANNING/BUDGET DEVELOPMENT CALENDAR

(Orange type = Planning, Black type = Budget Development)

JULY

- Governing Board Planning Retreat
 - Strategic Plan – 1st read at July Governing Board Retreat
 - Presentation of Compiled and Analyzed Data
 - Presentation of Previous Year's Action Plan Evaluation Matrix
 - Presentation of progress on Key Performance Indicators
- Update of *Annual Fact Book* published
- Adoption of revised Institutional Planning and Budget Development Process Handbook by the Academic Senate

AUGUST

- Consultation Council/Strategic Planning Committee develops annual budget prioritization criteria
- Governing Board adoption of Strategic Plan
- Presentation of revised Institutional Planning and Budget Development Process Handbook to Consultation Council

SEPTEMBER

- Presentation of instructional program reviews, non-instructional program reviews, and annual updates to Consultation Council/Strategic Planning Committee and forwarded to Governing Board
- IE office will send the IPR and NIPR data out
- Distribution of Institutional Planning and Budget Development Process Handbook, and Current Year Fiscal Updates/Budget Assumptions
- Governing Board approval of final budget
- Associate Dean of Institutional Effectiveness and Research compiles recommendation from previous years' program reviews and annual updates into spreadsheet
- Status Report of Previous Years Budget Prioritization Spreadsheet presented to Consultation Council – Budget Prioritization Tracking Matrix 1st Quarter Update
- Academic Planning Committee works on development of Educational Master Plan
- Planning Committee Chairs meet as sub-committee of Consultation Council/Strategic Planning to determine format of annual master plans.

OCTOBER

- Program Review Recommendation Spreadsheet from previous year program reviews and annual updates forwarded to planning committees by office of Institutional Effectiveness and Research. Recommendations prioritized by the program must include budget needs and requests information as well as justifications from Comprehensive Institutional Master Plan and primary budget prioritization criteria. The same resource allocation process will be utilized for all funding sources.
- Consultation Council/Strategic Planning Committee adoption of Educational Master Plan

- **Status Update on Progress on Annual Planning Agenda (Action Plan Evaluation Matrix) presented to Consultation Council**
- Unit level members (divisions for instructional areas and program areas for non-instructional areas) will meet to prioritize budget requests for unit (division or program area) based on the adopted budget prioritization criteria.
- The prioritized spreadsheet of budget requests for each area will be forwarded to area dean, the office of Institutional Effectiveness and Research, and Consultation Council for inclusion in minutes.
- **Planning Committee Chairs meet as sub-committee of Consultation Council/Strategic Planning to review budget recommendations.**
- **Facilities Planning, Human Resource Planning, Institutional Effectiveness Planning, Institutional Technology Planning and Student Services Planning Committees work on development of Master Plans based on Educational Master Plan**

NOVEMBER

- Area administrators will prioritize area budget requests on the spreadsheet based on the adopted budget prioritization criteria in consultation with appropriate planning committee.
- Prioritized list will be forwarded by the area dean to the office of Institutional Effectiveness and Research. and the Consultation Council/Strategic Planning Committee
- **Consultation Council adoption of Institutional Effectiveness Master Plan and Student Services Master Plan**

DECEMBER

- **Consultation Council adoption of Institutional Technology Master Plan**
- Budget Prioritization Tracking Matrix 2nd Quarter Update

JANUARY

- The Chief Business Officer monitors current year operations and evaluates the status of the following academic year's budget by comparing the projected revenues against the projected expenditures. The Chief Business Officer will advise the President's Cabinet of any projected budget shortfalls potentially impacting staffing levels.
- The President's Executive Cabinet will forward recommendations based on the projections to the Consultation Council/Strategic Planning Committee prior to any consideration of institutional prioritization of budgetary requests.
- Consultation Council may conduct Listening Forums for campus input
- **Consultation Council adoption of Facilities Master Plan**

FEBRUARY

- Discussions by Consultation Council/Strategic Planning Committee on the recommendations received from the President's Cabinet will occur prior to the third week in February.
- Consultation Council/Strategic Planning Committee will evaluate all budget requests prioritized by unit level managers and area deans. Institutional priorities will be assigned to each budget request.
- The prioritized list (spreadsheet) will be distributed to the campus community at the end of February.

MARCH

- Consultation Council/Strategic Planning Committee will hold open forum budget meetings.
- Funding categories will be assigned to the prioritized list by the Chief Business Officer.

- The recommended prioritized list will be forwarded to President for his consideration and published with Consultation Council minutes.
- Environmental Scan Data Compiled
- Consultation Council adoption of Human Resources Master Plan
- Budget Prioritization Tracking Matrix 3rd Quarter Update

APRIL

- Consultation Council acceptance of master plan revisions as a result of other plans developed since initial adoption.
- Consultation Council/Strategic Planning Committee adoption of the Comprehensive Institutional Master Plan

MAY

- Annual Report on NIPR SLO/AUO Assessment Results (Office of Institutional Effectiveness and Research)
- Annual Evaluation of the planning and governance process conducted by Consultation Council/Strategic Planning Committee
- The Chief Business Officer will draft the tentative budget for institutional review to include 50% Law Analysis and GANN Appropriations Unit.
- The President will finalize the ranked list into the Institutional Budget Priority List for the Comprehensive Institutional Master Plan, presentation to the campus and Governing Board.
- Cut-off date for processing of purchase requisition.

JUNE

- Budget Prioritization Tracking Matrix 4th Quarter Update
- Academic Senate/Strategic Planning Subcommittee incorporated recommendations from the annual evaluation process revising the Institutional Planning and Budget Development Process Handbook
- The President will submit the tentative budget to the Lassen Community College District Governing Board for approval

Appendix A: PRINCIPLES FOR SOUND FISCAL MANAGEMENT

Title 5. Education

Division 6. California Community Colleges

Chapter 9. Fiscal Support

Subchapter 4. Budgets And Reports

Section 58311

In any organization certain principles, when present and followed, promote an environment for growth, productivity, self-actualization, and progress. The following principles shall serve as the foundation for sound fiscal management in community college districts:

1. Each district shall be responsible for the ongoing fiscal stability of the district through the responsible stewardship of available resources.
2. Each district will adequately safeguard and manage district assets to ensure the ongoing effective operations of the district. Management will maintain adequate cash reserves, implement and maintain effective internal controls, determine sources of revenues prior to making short-term and long-term commitments, and establish a plan for the repair and replacement of equipment and facilities.
3. District personnel practices will be consistent with legal requirements, make the most effective use of available human resources, and ensure that staffing costs do not exceed estimates of available financial resources.
4. Each district will adopt policies to ensure that all auxiliary activities that have a fiscal impact on the district comport with the educational objectives of the institution and comply with sound accounting and budgeting principles, public disclosures, and annual independent audit requirements.
5. Each district's organizational structure will incorporate a clear delineation of fiscal responsibilities and establish staff accountability.
6. Appropriate district administrators will keep the governing board current on the fiscal condition of the district as an integral part of the policy- and decision-making processes.
7. Each district will effectively develop and communicate fiscal policies, objectives, procedures, and constraints to the governing board, staff, and students.
8. Each district will have an adequate management information system that provides timely, accurate, and reliable fiscal information to appropriate staff for planning, decision-making, and budgetary control.
9. Each district will adhere to appropriate fiscal policies and procedures and have adequate controls to ensure that established fiscal objectives are met.
10. District management will have a process to evaluate significant changes in the fiscal environment and make necessary, timely, financial and educational adjustments.
11. District financial planning will include both short-term and long-term goals and objectives, and broad-based-input, and will be coordinated with the district educational planning.

12. Each district's capital outlay budget will be consistent with its five-year plan and reflect regional planning and needs assessments. To the extent that the foregoing principles repeat or paraphrase mandates already in existence, these underlying mandates shall continue to be legally binding. Otherwise these principles, by themselves, shall be applied to the extent that existing state and district funding is available.

Appendix C: LCC 2019-2020 BUDGET PRINCIPLES, PRIORITIES, AND CRITERIA

BUDGETING PRINCIPLES:

- Transparency
- Broad participation
- Balanced
- Conservative
- Complete/comprehensive (including long term obligations)

BUDGET GUIDELINES AND PRIORITIES:

- Align with College's Strategic Plan (Vision/Mission/Values/Strategic Goals)
- Achieve Strategic Goals – ensuring student success, expanding services and access (growth).
- Transfer resources from indirect (internal) services to prioritize services that directly support student success and program growth.
- Mitigate future risk and avoid future cost increases by finding external (outsourced) solutions for high-risk administrative services.
- Align categorical/restricted programs with Strategic Goals; to the degree possible and allowable, use those funds to support on-going District expenditures even if on a one-time basis. Make maximum use of pro-offered “flexibility with Categorical funds.”
- Recommend level of reserves equal to 15% [approximately two (2) months of operations] – Board Policy 6200 - Budget Preparation.
- To accommodate cash flow shortfalls, implement a disciplined spending plan tied to cash-flow projections with centralized spending control.
- Use inter-fund borrowing in preference to external borrowing, due to added costs and potential conflicts between scheduling of repayment and deferred apportionment.

2019-2020 BUDGET PRIORITIZATION CRITERIA (adopted by the Consultation Council/Strategic Planning Committee – November 5, 2018):

1. **Statutory Mandates and Fixed Costs** – Items we have no control over and which are necessary for the daily operation of the college: salary step increases, benefit increases (STRS, PERS, health, workers comp, etc.), contract agreements, utility increases, software/lease agreement increases.
2. **Regulatory Mandates** – Items that are required by another body, including legislature or Chancellor's Office. These should be brought forward in a program review or addendum since advanced notice is generally given. Evidence of the mandate must be provided.
3. **Health and Safety** – Items determined by administrators to be immediate risks to health and safety will be handled immediately with existing funds and will not go through the budget process. Items addressing health and safety risks as identified in program reviews and/or by Safety Committee will be initially prioritized by Facilities Master Plan and Safety Committees.
4. **Implementation of Strategic Goals** – Items may range from maintenance of existing facilities and programs to program growth, with an emphasis on items supporting or enhancing student learning and success and on items originating in the program review process.

Appendix D: Glossary of Terms

Abatement: The return of part or all of an item of income or expenditure to its source.

Accounting System: (1) The special field concerned with the design and implementation of procedures for the accumulation and reporting of financial data. (2) The total structure of records and procedures, which discover, record, classify, and report information on the financial operations of an agency through its funds, balanced account groups, and organizational components.

Administrative Unit Outcomes (AUOs): Similar to SLOs, administrative outcomes determine what the expected outcomes are for offices and departments that provide services and administrative support rather than instruction.

Annual Appropriation Limit (Gann Limit)

Apportionment: Allocation of state or federal aid, district taxes, or other moneys to community college districts or other governmental units.

Appropriation for contingencies: (formerly termed Undistributed Reserve) That portion of current fiscal year's budget not appropriated for any specific purpose and held subject to intrabudget transfer, i.e., transfer to other specific appropriations as needed during the fiscal year. (becomes the "ending balance" at June 30, and the "beginning balance" at July 1.

Budget: A plan of financial operation for a given period for specified purposes consisting of an estimate of income and expenditures.

Budget document: The instrument used by the budget-making authority to present a comprehensive financial program (for California Community Colleges, this Form CCFS-311). Included is a balanced statement of revenues and expenditures (both actual and budgeted), as well as other exhibits.

Capital Outlay: The acquisition of fixed assets or additions to fixed asset, including land or existing buildings, improvements of grounds, construction of buildings, additions to buildings, remodeling of buildings, or equipment.

Charts of Accounts: A systematic list of accounts applicable to a specific entity.

Community Services: Educational, cultural, and recreational services, which an educational institution may provide for its community in addition to regularly scheduled classes. Community college districts receive no direct State apportionment for community services.

Contract Services: Services rendered by personnel who are not on the payroll of the college system, including all related expenses covered by the contract.

Current Expenses of Education (CEE): EC 84362, CRR 59200 et seq. The current General Fund operating expenditures of a community college district excluding expenditures for food services, community services, object classifications 6000 (except Equipment Replacement) and 7000, and other costs specified in laws and regulations.

Current Liabilities: Amount due and payable for goods and services received prior to the end of the fiscal year. Current liabilities are paid within a relatively short period of time, usually within a year.

Deferred Income: Revenue received prior to being earned such as bonds sold at a premium, advances received on federal or State program grants, or registration fees received for a subsequent period.

Deficit: Excess of liabilities over assets.

Direct Expenses or Costs: Expenses that can be separately identified and charged as a party of the cost of an activity, department, services, or a product.

Employee Benefits: Amounts paid by an employer on behalf of employees. These amounts are not included in the gross salary, but are over and above. While not paid directly to employees, they are nevertheless part of the cost of salaries and benefits. Examples are (1) group health or life insurance payments; (2) contribution to employee retirement; (3) district share of O.A.S.D.I. (Social Security) taxes; (4) worker's compensation payments.

Encumbrances: Obligations in the form of purchase orders, contracts, salaries, and other commitments for which part of an appropriation is reserved.

Entitlement: An amount of money to which an entity has a right as determined by the granting or awarding party.

Expenses of Education: This includes all General Fund expenditures, restricted and unrestricted, for all objects of expenditure 1000 through 5000 and all expenditures of activity from 0100 to 6700.

Expenses: Expenditures made or liabilities incurred for goods and services used in the current year.

Fiscal Year: For governmental entities in the State of California, the period beginning July 1 and ending June 30. Otherwise, it is usually a period of one year which can by agreement begin at any time and end one year later.

Fixed Assets: Assets of permanent character having continuing value such as land, buildings, machinery, furniture, and equipment.

Fixed Costs: Those costs, that remain relatively constant regardless of enrollment or volume of business. Examples include interest, insurance, and contributions to retirement systems.

Full-time Equivalent (FTE) Employees: Ratio of the hours worked based upon the standard work hours of one full-time employee. For example, classified employees may have a standard work-load of 40 hours per week, if several classified employees worked 380 hours in one week, the FTE conversion would be $380/40$ or 9.5 FTE.

Full-time Equivalent Students (FTES): An FTES represents 525 class (contact) hours of student instruction/activity in credit and noncredit courses. Full-time equivalent student (FTES)

is one of the workload measures used in computation of state support for California Community Colleges (see form CCF-320, "Apportionment Attendance Report").

Fund: An independent fiscal and accounting entity with a self-balancing set of accounts for recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein.

Fund Balance: The fund equity of governmental funds and Trust Funds; the difference between assets and liabilities within a fund.

General Fund: The fund used to account for the ordinary operations of the district. It is available for any legally authorized purpose not specified for payment by other funds.

Indirect Cost: Elements of cost necessary in the operation of the Local Educational Agency (LEA) or in the performance of a service that are of such nature that the amount applicable to each accounting unit cannot be determined readily and accurately or for which the cost of such a determination exceeds the benefit of the determination.

Instructional Aide: A person employed to assist classroom instructors and other certificated personnel in the performance of their duties; in the supervision of students; and in instructional tasks which, in the judgment of the certificated personnel to whom the instructional aide is assigned, may be performed by a person not licensed as a classroom instructor (EC 88243)

Liabilities: Debt or other legal obligations (exclusive of encumbrances) arising out of transactions in the past, which must be liquidated, renewed, or refunded at some future date.

Long-term Debt: A loan that extends for more than one year from the beginning of the fiscal year.

Non-Instructional Program Review (NIPR): A program review completed by areas that do not have instructional responsibilities. In cases where a program provides instruction as well as support or services, an IPR will be completed.

Prepaid Expenses: Goods or services for which payment has been made, but for which benefits have not been realized as of a certain date; e.g., prepaid rent, prepaid interest, and premiums or unexpired insurance. Benefits and corresponding charges to expenses will be borne in future accounting periods.

Program Accounting: A system of accounting in which records are maintained to accumulate income and expenditure data by program rather than by organization or by fund.

Restricted Accounts: Cash and/or other assets, which are limited as to use or disposition by their source. Their identity is therefore maintained and their expenditure or use is also recorded separately.

Sales and Use Tax: A tax imposed upon the sale of goods and services. The use tax is paid in lieu of sales tax on goods purchased outside the state, but intended for use in the state.

Self-Insurance Fund: An Internal Service Fund designed to account for income and expenditures of self-insurance programs.

Student Learning Outcomes (SLOs): The expected knowledge, skills or attitudes students will have after completing a course, program, or leaving the institution after accomplishing an academic goal.

Appendix E: LCC Evaluation Survey – Planning Committees

Lassen College Planning, Budgeting and Governance Process Review Planning Committee Survey

Committee Name:

Date:

Members Present:

Members Absent:

Planning Section

When answering these questions consider the “planning process” the process used to create the Comprehensive Institutional Master Plan; including but not limited to the work of planning committees (Academic Planning, Student Services Planning, Institutional Effectiveness Planning, Institutional Technology Planning, Facility Planning, Human Resource Planning etc.) as well as the recommendations from IPR and NIPRs and analysis of student learning and administrative unit outcome results.

1. What works in the planning process at Lassen College?
2. What doesn't work in the planning process at Lassen College?
3. What changes would you make in the process to improve efficiency and effectiveness?
4. What additional resources (human, research data, additional information, etc.) does your committee need to perform your assigned tasks?
5. Do you feel your contribution to the planning process is necessary?

6. Do you feel your contribution to the planning process is valued?

Governance Section

1. Did your committee perform during the preceding year as identified in the committee's charge?
2. Identify results (products) of committee activities?
3. Provide suggestions to change or modify the committee charge.
4. Was the committee membership appropriate to implement its charge? If not what changes are needed?
5. Provide an analysis of the participation of the membership. Identify any individual or constituent group representation not in attendance more than fifty percent of the meetings.
6. How could communication between committees and others be improved with regards to governance?

Appendix F: LCC Evaluation Survey – Constituent Groups

Lassen College Planning, Budgeting and Governance Process Review Constituent Group Survey

1. What works in the planning process at Lassen College?
2. What doesn't work in the planning process at Lassen College?
3. What changes would you make in the process to improve efficiency and effectiveness?
4. What additional resources (human, research data, additional information, etc) do you feel the planning committees need to perform their assigned tasks?

Governance Section

1. What is working well in the Shared Governance and Collegial Consultation process?
2. Do you have any suggestions or comments to improve the function of the Share Governance and Collegial Consultation Process?
3. Do you have any suggestions for modifying, adding, or deleting any components of the governance and/or organizational structures of the institution?

Appendix G: LCC Evaluation Survey – Individuals

Lassen College Planning, Budgeting, and Governance Process Review

Individual Survey

Constituent group identification: (faculty, staff, admin, mgmt., student)

How long employed by the college: (0-1 year, 2-5 years, 6+years)

Please answer all questions using the 1 to 5 scale with 1 = Strongly Disagree, 2 = Disagree, 3 = Neutral, 4 = Agree, 5 = Strongly Agree

The planning process at Lassen College works and produces appropriate institutional plans.

I receive information about institutional planning through a variety of ways (by receiving committee minutes, through committee membership, through my group's representatives on various committees, through open forums).

I know who to ask and where to go for additional information about budgeting, planning, and governance.

The institution plans in the correct areas.

The process I follow to have my ideas heard (through open forums, through representatives, etc) is effective.

The Comprehensive Institutional Master Plan is the appropriate vehicle for institutional planning.

The institutional planning process is appropriately tied to the budget development process

Suggestions for improving the planning and/or governance processes at Lassen Community College:

SANTA CLARITA COMMUNITY COLLEGE DISTRICT

INNOVATION AND EFFECTIVENESS GRANT AGREEMENT

LASSEN COMMUNITY COLLEGE DISTRICT

This Innovation and Effectiveness Grant Agreement ("Agreement") is between Santa Clarita Community College District ("SCCCD"), a California community college district and political subdivision of the State of California, and **LASSEN COMMUNITY COLLEGE DISTRICT** ("Applicant District"). SCCC and Applicant District are also referred to collectively as the "Parties" and individually as "Party."

APPLICANT DISTRICT ACKNOWLEDGMENTS AND RESPONSIBILITIES:

1. **Project Implementation**– Applicant District must submit a completed Innovation and Effectiveness Grant Application ("Application") attached hereto as Exhibit A and made a part hereof. Applicant District will work to complete the Project as defined in Application based on Innovation and Effectiveness Plan.
2. **Grant Funding** - Applicant District shall receive funding in the amount listed on the Application within thirty (30) days of District's receipt of a fully-executed Agreement.
3. **Term** – Applicant District will have a period of twelve (12) months from the date of last signature on this Agreement to expend the funds received through the Institutional Effectiveness Partnership Initiative (IEPI) program ("Term"). Any request for extension will be subject to the written approval of SCCC. Any unused funds will be required to be returned per SCCC's directions.
4. **Quarterly Reports** - Applicant District agrees to complete and submit quarterly progress and expenditure reports beginning the end of the first full quarter, documenting the progress and funds expended to date per the Application within twenty (20) days of the end of each quarter. The end dates of each quarter are as follows: March 31, June 30, September 30 and December 31. Applicant District must use the Quarterly Report template attached hereto as Exhibit B. If Applicant District's quarterly expenditures are lower than expected, Applicant District must provide additional information and indicate the timeframe in expending the balance.
5. **Final Report** - Applicant District agrees to complete and submit a report to SCCC, documenting the impact and results of the College Innovation and Effectiveness Plan and grant funding, and the final accounting within twenty (20) days of the end of the twelve (12) month Term, including proof of expenditure i.e., District check, and invoice. Applicant District must use the template attached hereto as Exhibit B.
6. **Document Retention** – In accordance with State requirements regarding the use of Grant funds, Applicant District agrees to: (a) maintain financial records in accordance with generally accepted accounting practices regarding the use of funding received for this Project including, but not limited to, original documentation; and (b) preserve and make available all records related to this Project for examination by SCCC, Chancellor's Office, and/or their duly authorized representatives or agents for three (3) years after the completion of the Grant.
7. **Changes to Application/Agreement** – Applicant District understands and agrees that no changes will be made to the approved expenditures after SCCC has approved the Application without written authorization by SCCC. Unauthorized changes will not be paid by SCCC.
8. **Regulatory Compliance** – By signing this Application and Agreement and accepting Grant funding, Applicant District agrees that it will comply with all California Education Codes, Public Contract Codes, other applicable laws and regulations and Applicant District's policies and procedures.
9. **Indemnification** - Applicant District agrees to defend, hold harmless and indemnify SCCC, its parent, affiliates, subsidiaries, authorized representatives, directors, officers, agents and employees against any and all liability for any judgments, awards, expenses, fines, penalties, attorneys' fees, costs, or other claims for damages in connection with any suit, complaint, charge, proceeding or action of any kind alleging a violation of any statutory or regulatory provision or otherwise arising out of the negligent act or willful misconduct by Applicant District, of its duties and responsibilities under this Agreement, unless such performance or nonperformance occurred at the direction of or was caused by SCCC. This hold harmless and indemnification includes but is not limited to compensatory damages, punitive damages, regulatory fines and penalties, and extra-contractual liability and shall survive the termination of this Agreement.

SCCCD agrees to defend, hold harmless and indemnify Applicant District, its parent, affiliates, subsidiaries, authorized representatives, directors, officers, agents and employees against any and all liability for any judgments, awards, expenses, fines, penalties, attorneys' fees, costs, or other claims for damages in connection with any suit, complaint, charge, proceeding or action of any kind alleging a violation of any statutory or regulatory provision or otherwise arising out of the negligent act or willful misconduct by SCCC, of its duties and responsibilities under this Agreement, unless such performance or nonperformance occurred at the direction of or was caused by Applicant District. This hold harmless and indemnification includes but is not limited to compensatory damages, punitive damages, regulatory fines and penalties, and extra-contractual liability and shall survive the termination of this Agreement.

10. **Assumption of Risk** - Applicant District hereby voluntarily releases, discharges, waives and relinquishes any and all actions or causes of action occurring to Applicant District arising in any way whatsoever as a result of engaging in the activities described in the Application or any activities incidental thereto wherever or however the same may occur and for whatever period said activities may continue. Applicant District does for itself, its heirs, executors, administrators and assigns hereby release, waive discharge and relinquish any action or causes of action, aforesaid, which may hereafter arise for itself, and agrees that under no circumstances will it or its heirs, executors, administrators and assigns prosecute, present any claim against the SCCC or any of its officers, agents, or employees for any of said causes of action, whether the same shall arise by the negligence of any of said persons, or otherwise.
11. **Trademark/Logo Use**. Applicant District must obtain written approval from SCCC's Public Information Office ("PIO") to use SCCC's name and/or logos in any advertisements, promotions, press releases or other media. In the event such permission is extended, PIO will furnish Applicant District with camera-ready artwork for such use. SCCC, at its sole discretion, may limit or otherwise place conditions on Applicant District's use of SCCC's name, and/or logos in which case such limitations shall be incorporated into this Agreement. Applicant District shall not revise, change, or otherwise alter any material related to SCCC's name and/or logo without written consent from SCCC.
12. **Creative Commons Attribution License**: Applicant District agrees that any works created under the Institutional Effectiveness and Technical Assistance Grant funded by the California Community Colleges Chancellor's Office carries the Creative Commons Attribution License that gives permission to the public to reproduce, distribute, perform, display, or adapt the licensed materials for any purpose so long as the user gives attribution to the author.
13. **Termination**. Either Party may, at any time, with or without cause, terminate this Agreement by providing at least thirty (30) days written notice to the other Party prior to the requested termination date. In such case, SCCC shall compensate Applicant District only for services satisfactorily rendered to the date of termination. Written notice by SCCC shall be sufficient to stop further performance of services by Applicant District. In such case, notice shall be deemed given when received by the Applicant District or no later than three (3) days after the day of mailing, whichever is sooner.
14. **Assignment**. The obligations of the Applicant District pursuant to this Agreement shall not be assigned by the Applicant District without the express, written approval of the SCCC.
15. **Compliance With Applicable Laws**. The Applicant District's obligations completed herein must meet the approval of the SCCC and shall be subject to the SCCC's general right of inspection to secure the satisfactory completion thereof. Applicant District agrees to comply with all federal, state and local laws, rules, regulations and ordinances that are now or may in the future become applicable to Applicant District, Applicant District's business, equipment and personnel engaged in operations covered by this Agreement or accruing out of the performance of such operations ("Rules"). If Applicant District fails to comply with any applicable Rule, Applicant District shall address the issue immediately at no additional cost to SCCC.
16. **Permits/Licenses**. Applicant District and all Applicant District's employees or agents shall secure and maintain in force such permits and licenses as are required by law in connection with the furnishing of services pursuant to this Agreement.
17. **Entire Agreement/Amendment**. This Agreement constitutes the entire agreement and understanding between the Parties, and is a complete and exclusive statement of the terms of the Parties' agreement pursuant to Code of Civil Procedure Section 1856. This Agreement cannot be modified orally, and is to be modified only by a written instrument executed by the Parties.

The Agreement documents consist of this Agreement, any exhibits attached to or referenced herein, and all amendments and/or modifications issued in writing, duly approved by SCCC's Board of Trustees, and executed by the Parties after the release of this Agreement. Conflicting provisions hereof, if any, shall prevail in the following descending order of precedence: (a) provisions set forth in this Agreement, (b) provisions set forth in any referenced attachments or exhibits to this Agreement attached or incorporated herein by reference.

18. **Exhibits**. All exhibits referenced herein and attached hereto shall be deemed incorporated into and made a part of this Agreement by each reference as though fully set forth in each instance in the text hereof.

- 19. Interpretation.** In interpreting this Agreement, it shall be deemed to have been prepared by the Parties jointly, and no ambiguity shall be resolved against SCCCD on the premise that it or its attorneys were responsible for drafting this Agreement or any provision hereof. The captions or heading set forth in this Agreement are for convenience only and in no way define, limit, or describe the scope or intent of any Sections or other provisions of this Agreement. Any reference in this Agreement to a Section, unless specified otherwise, shall be a reference to a Section of this Agreement.
- 20. Non-Discrimination.** Applicant District agrees not to engage in unlawful discrimination in the employment of persons, or in the acceptance, assignment, treatment, evaluation or compensation of students who participate in programs sponsored or arranged by SCCCD, on the basis of 1. race, color, religion, nationality, national origin, ancestry, sex, gender, gender identity, gender expression, ethnicity, age, medical condition, mental or physical disability, marital status, sexual orientation or Vietnam-era veteran status.
- 21. Non-Waiver.** The failure of SCCCD or Applicant District to seek redress for violation of, or to insist upon, the strict performance of any term or condition of this Agreement, shall not be deemed a waiver by that Party of such term or condition, or prevent a subsequent similar act from again constituting a violation of such term or condition.
- 22. Notice.** All notices or demands to be given under this Agreement by either Party to the other Party shall be in writing and given either by: (a) personal service or (b) by U.S. Mail, mailed either by certified or registered mail, return receipt requested, with postage prepaid. Service shall be considered given when received, if personally served, or, if mailed, on the third day after deposit in any U.S. Post Office. The address to which notices or demands may be given by either Party may be changed by written notice given in accordance with the notice provisions of this section. At the date of this Agreement:

District: Santa Clarita Community College District
 Attn: Assistant Superintendent/VP Business Services
 26455 Rockwell Canyon Road
 Santa Clarita, CA 91355
 Phone: (661) 362-3476
 Fax: (661) 362-5480

Applicant District: **LASSEN COMMUNITY COLLEGE DISTRICT**

PO BOX 3000
SUSANVILLE, CA 96130
(530) 251-8820
TALBERTSON@LASSENCOLLEGE.EDU

A Party may change its/his/her designated representative and/or address for the purpose of receiving notices and communications under this Agreement by notifying the other Party of the change in writing and in the manner described in this Section.

- 23. Severability.** If any term, condition or provision of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions will nevertheless continue in full force and effect, and shall not be affected, impaired or invalidated in any way.
- 24. Governing Law.** The terms and conditions of this Agreement shall be governed by the laws of the State of California with venue in Los Angeles, California.

Certification
Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
- I am a U.S. citizen or other U.S. person (defined in the complete IRS Form W-9); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out the Business name/disregarded entity name above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, the Business name/disregarded entity name does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions, page 3 of the complete IRS Form W-9.

A. Integrated Planning/Educational Master Plan (EMP)	<p>A.1. Review and refine the college planning process</p> <p>A.2. Review and refine Educational Master Plan (EMP)</p> <p>A.3. Review and update the purpose (and necessity) of each college master plan</p> <p>A.4. Implement a new, separate Budget Committee</p> <p>A.5. Review and refine the glossary of the terms in the Planning Budget Development Handbook (Appx. D)</p>	<p>A.1. CEO and CIO</p> <p>A.2. CIO</p> <p>A.3. CEO and CIO</p> <p>A.4. CBO and ASP</p> <p>A.5. CBO</p>	<p>A.1.a. Mar 2021</p> <p>A.1.b. Oct 2021</p> <p>A.1.c. Nov 2021</p> <p>A.2.a. Mar 2021</p> <p>A.2.b. Jun 2021</p> <p>A.3.a-d Nov 2021</p> <p>A.4.a. May 2021</p> <p>A.4.b. Sep 2021</p> <p>A.4.c. Sep 2021</p> <p>A.4.d. Jun 2021</p> <p>A.4.e. Jun 2021</p> <p>A.5.a. Sep 2021</p>	<p>A.1.a. Hire consultant to assist in review of planning processes</p> <p>A.1.b. Develop new planning process through consensus and referencing other colleges' documentation, as suggested by PRT</p> <p>A.1.c. Implement a multi-year program review process, integrated with SLO assessment, possibly integrated with course curriculum review (and 2-year CTE program cycles), with annual updates to keep resource requests current.</p> <p>A.2.a. Hire consultant to assist in development of new EMP format (e.g., Statewide Academic Senate, RP Group, retired administrator with expertise)</p> <p>A.2.b. Develop new EMP format that also aligns to CCCCO's Vision for Success goals and other planning efforts (prioritize and unify goals).</p> <p>A.3.a. Determine the necessity and purpose of each separate plan currently used by the college in terms of how that plan informs budgeting.</p> <p>A.3.b. Determine the necessity and purpose of each separate plan currently used by the college in terms of how that plan informs resource allocation.</p>	<p>A.1.a. Consultant identified and selected for planning process</p> <p>A.1.b. Planning process developed</p> <p>A.1.c. Planning and integrated program review processes approved by Academic Senate and Consultation Council and implemented.</p> <p>A.2.a. Consultant identified and selected for EMP format development</p> <p>A.2.b. New EMP format developed and approved by Academic Senate and Consultation Council.</p> <p>A.3.a-d Determinations made, necessity and purpose decided; changes developed, approved via shared governance, and implemented.</p> <p>A.4.a. Budget Committee change and structure developed.</p> <p>A.4.b. Determination made and any change is approved via shared governance.</p> <p>A.4.c. Link and clear distinction is determined and approved via shared governance.</p>	

Area of Focus	Objective	Responsible Person	Target Date for Achievement	Action Steps	Measure of Progress	Status As of Date:
				<p>A.3.c. Determine the necessity and purpose of each separate plan currently used by the college in terms of how that plan informs decision making.</p> <p>A.3.d. Determine whether Institutional Effectiveness needs its own plan, if its primary purpose is to assist in assessment of the effectiveness of all the major plans at the college. (<i>This would eliminate the IE Master Plan.</i>)</p> <p>A.4.a. Determine Committee Charge and structure for a new Budget Committee (Full committee or as a Sub-committee?)</p> <p>A.4.b. Determine distinction between the annual budget development/resource allocation process and the master planning process.</p> <p>A.4.c. Maintain a link between resource requests and EMIP/Strategic Goals (e.g., indicate which goals are addressed by each request), but establish a clear distinction between master planning as a high-level, multi-year, goal-oriented process and departments' annual opportunity to update and address their basic operational needs.</p> <p>4.d. Decide whether objectives (e.g., floor and stretch targets on each of the overarching goals) should be part of each long-term Master Plan, or placed in a shorter-term document.</p> <p>A.4.e. Determine whether "Promote Institutional Stability," "Advance Institutional Effectiveness," or something similar should be one of Lassen College's longer-term strategic goals.</p> <p>A.5.a. Review to ensure that the glossary is a common text, a framework to help the college as a shared planning vocabulary.</p>	<p>A.4.d. Determination made and any change to long-term plans and/or creation of a shorter-term document are approved via shared governance.</p> <p>A.4.e. Determination made and any change to the Strategic Plan is approved via shared governance.</p> <p>A.5.a. Glossary revised to more appropriately serve shared planning processes.</p>	

Area of Focus	Objective	Responsible Person	Target Date for Achievement	Action Steps	Measure of Progress	Status As of Date:
B. Strategic Enrollment Management (SEM)	<p>B.1. Explore the feasibility of applying for appropriate grants, such as Title III and Title V Grants</p> <p>B.2. Review and formalize SEM Plan Components</p> <p>B.3. Establish data required for SEM and implement visualizations</p> <p>B.4. Evaluate current programs offered and use data to identify ways to streamline pathway choices for students</p> <p>B.5. Identify ways to improve service to target student populations</p> <p>B.6. Identify other potential SEM resources</p>	<p>B.1. Grants Manager</p> <p>B.2. CSSO</p> <p>B.3. DIT/IE</p> <p>B.4. CIO and CSSO</p> <p>B.5. CIO and CSSO</p> <p>B.6. Grants Manager</p>	<p>B.1.a. Aug 2021</p> <p>B.2.a. May 2021</p> <p>B.2.b. Aug 2021</p> <p>B.3.a. Aug 2021</p> <p>B.3.b. Dec 2021</p> <p>B.4.a. Dec 2021</p> <p>B.5.a. May 2021</p> <p>B.5.b. Oct 2021</p> <p>B.5.c. Aug 2021</p> <p>B.5.d. Nov 2021</p> <p>B.5.e. Feb 2022</p> <p>B.6.a. Continuously</p>	<p>B.1.a. Research/investigate grant opportunities and required application timelines to provide multi-year support for data access and analysis.</p> <p>B.2.a. Document what is working well with the current SEM Plan.</p> <p>B.2.b. Add specific components needed (e.g., marketing, retention, scheduling/pathways, outreach).</p> <p>B.3.a. Identify what specific data points are needed to inform SEM.</p> <p>B.3.b. Create useful reports or dashboards presenting those data. (Also: Reference Fred Trapp report requests)</p> <p>B.4.a. Establish nested programs/stackable certifications within areas of study and remove one-off courses not essential to each pathway.</p> <p>B.5.a. Identify main target student populations.</p> <p>B.5.b. Identify and implement specific strategies to more effectively communicate with each of them, in part through soliciting student input.</p> <p>B.5.c. Determine whether there are other sub-populations that might be underserved (e.g., evening students, itinerant workers, distance learners, etc.), if so, implement specific strategies to serve them better.</p> <p>B.5.d. Identify strategies to improve services to students.</p> <p>B.6.a. Access and explore the SEM resources in the CCCC Vision Resource Center.</p>	<p>B.1.a. Grant opportunities identified.</p> <p>B.2.a. Existing processes, gaps and successes documented.</p> <p>B.2.b. Specific components added to above SEM document.</p> <p>B.3.a. Data/data points identified.</p> <p>B.3.b. Reports and dashboards developed and disseminated.</p> <p>B.4.a. Nested programs established.</p> <p>B.5.a. Main target student populations identified.</p> <p>B.5.b. Communication strategies identified and implemented.</p> <p>B.5.c. Other underserved populations identified.</p> <p>B.5.d. Developed strategies for improved student services.</p> <p>B.5.e. Implemented improved student services strategies.</p> <p>B.6.a. Other resources identified.</p>	

Area of Focus	Objective	Responsible Person	Target Date for Achievement	Action Steps	Measure of Progress	Status As of Date:
c. Professional Development	C.1. Identify professional development opportunities and methods of delivery related to SEM, student success and institutional effectiveness.	C.1. Directors of Human Resource and Institutional Effectiveness	C.1.a. June 2021 C.1.b. Aug 2021 C.1.c. Fall 2021	C.1.a. Create opportunities for entire campus to learn and grow together (shared vocabulary, opportunities for all-campus gatherings, sharing knowledge learned in conferences with others-showcases). C.1.b. Identify key professional development opportunities that are supported by the college and support college's mission and goals C.1.c. Provide training to groups of faculty, classified, managers, and administrators as data coaches, to help train others in college to navigate institutional data and bring knowledge to college committees and projects.	C.1.a. Professional Development opportunities identified. C.1.b. Methods of delivery identified. C.1.c. Trainings conducted and attended.	

Applicable Area(s) of Focus <i>(Copy from table above.)</i>	Applicable Objective(s) <i>(Copy from table above.)</i>	Description of Resource Needed <i>(Refer to Action Steps above as appropriate.)</i>	Cost of Resource
A. Integrated Planning/ Educational Master Plan	A.1. Review and refine the college planning process	A.1.a. Bring in a consultant to help the college define and integrate their planning processes (e.g., Statewide Academic Senate, RFG-Group, retired administrator with expertise).	A.1.a. \$50,000
B. Strategic Enrollment Management	B.1. Explore the feasibility of applying for appropriate grants, such as Title III and Title V Grants B.2. Review and formalize SEM Plan Components B.3. Establish data required for SEM and implement visualizations	B.1.a, B.3.a., B.3.b. Consultant for data collection and analysis. B.1a. Grant writer/consultant for Title III and Title V or other appropriate grants. Consultant to develop and implement software for appropriate administration of enrollment management.	B.1..a.B.3.a., B.3.b. \$25,000 1.a. \$10,000 \$50,000
C. Professional Development	C.1. Identify professional development opportunities and methods of delivery related to SEM, student success and institutional effectiveness.	C.1.a. Create opportunities for entire campus to learn and grow together. C.1.b. Identify key professional development opportunities. C.1.c. Provide training to groups of faculty/classified, managers, and administrators as data coaches, to help train others in college to navigate institutional data and bring knowledge to college committees and projects.	C.1.a., C.1.b., C.1.c. \$65,000
Total IEP/ Resource Request (not to exceed \$200,000 per college)			\$200,000

IEPI Innovation and Effectiveness Grant Progress Report

District Name	Lassen Community College District
College Name	Lassen Community College

Object of Expenditure	Budget	1 st Quarter Expenditure	1 st Quarter Balance	2 nd Quarter Expenditure	2 nd Quarter Balance	3 rd Quarter Expenditure	3 rd Quarter Balance	Final Expenditure	Final Unspent Balance
1000 Instructional Salary									
2000 Noninstructional Salary									
3000 Employee Benefits									
4000 Supplies and Materials									
5000 Other Operating	\$200,000								
6000 Capital Outlay									
7000 Other Outgo									
Total									

Summary of implementation of activities and expenditures: _____

If expenditures are lower than expected, or might appear to be lower than expected given the reporting period, please include a short description of the expected expenditures through the remaining period of the grant, and indicate whether you expect there to be an unexpended balance at the end of the one-year period of your grant:

*Employee or fringe benefits are not allowable expenditures of monies awarded under this grant.

Chairs: Chairs of Academic Planning Committee (Carie Camacho/Roxanna Haynes), Facilities Planning Committee, Human Resource Planning Committee (Sue Kelley), Institutional Effectiveness Committee, Institutional Technology Planning Committee, and Student Services Planning Committee (Brady Reed)

(if not already members) Carl Oberriter, Seaira Harrington, Tara Harkema, Sue Kelley, Carol Growdon, Tiffany Montgomery, Roxanna Haynes, Chrisdee Pelfrey, Vickie Ramsey, Melissa Hill, Pat Shannon, Sandra Jonas (board member), Codi Mortell, Kim Clain

1. Meeting Opening

1.01 Call to Order and Roll Call 3:02pm

1.02 Approval of Agenda -approved by consensus

1.03 Approval of Minutes 04/12/2021 – approved by consensus

2. Governance

2.01 AGR IPR-Adam Runyan – Brian Wolf submitted it. Senate approved it at the last meeting. – approved by consensus

2.02 HUS IPR-Adam Runyan – Colleen Baker turned this in. She did an incredible job. This is a great templet to use when making your IPR. – approved by consensus

2.03 AP 4240- Academic Renewal-Adam Runyan – Other campuses around the state have a one year time lapse to submit an academic renewal. Ours is a two year time lapse. We changed ours to a one year time lapse. Thank you KC for all your work on this. – approved by consensus

2.04 Facilities Master Plan-Randy Joslin – We had some marathon sessions with the committee. One of the things we were striving for was streamlining it. Current committee was updated. Priorities were updated. – **approved by consensus**

2.05 2021-2026 LCC ITMP-David Corley – This is late because of the cyber-attack. We followed the standard format that they are wanting all forms to follow. Current committee was updated. Updated priorities. (Randy Joslin)-The visiting accreditation team said that Lassen College does not figure in cost of ownership when figure out the total cost so we have added the wording at the top of the priorities and we will be figuring cost of ownership when figuring out our total cost for each priority. (ask Alison what her question was) – **approved by consensus**

2.06 2021-2026 LCC SSMP-Brady Reed –Updated the current committee. Encompassing elements stayed the same. Updated priorities. A couple minor changes from Randy was filling in the strategic goals and adding the estimated total cost of ownership statement. Put 2021-2026 under non prioritized items. Do we approve NIPR's first or the Master Plans? Normally we approve NIPRs first. – **approved by consensus pending slight edit suggestions by Randy.**

3. Consultation

3.01 ACCJC Draft for Feedback – Randy Joslin – This is the report we have been working on a lot. The version has some track changes on it. It has been through senate. After Consultation Council, it will go to the Board and then to the ACCJC by October 2021. We will have it to them early. We are hoping to give it to ACCJC in June 2021. They will be back to our school in December 2021 or January 2022. When they get here, we will give them an amendment to this report to show all the work we will have done since June 2021. (Trevor Albertson) -This is a great report. This campus put this report together. This report shows the trust we have across the campus for each other. Great work. We have built a great team here. This has been created by campus input far and wide. Roxanna called for a consensus to endorse the rough draft. –

Endorsed by consensus

3.02 SLO Handbook –Adam Runyan- This is in direct dealing of what we are doing in with accreditation. This was reviewed by senate and curriculum. **Consultation Council approved to adopt the handbook.**

3.03 PSLO ISLO Pilot Assessment Project – Adam Runyan- We need to gather better data. We will be giving this out to all of the graduates from a handful of programs so we can gather that data. This is directly dealing with accreditation and what they are asking us to do. This is a two prong approach. Roxanna called for a vote of endorsement. – **Endorsed by consensus**

4. Guided Pathways

4.01 Guided Pathways Update-Brady Reed – All workgroups reported out. Logos are coming along great. We have had a lot of input from campus with different ideas. Thank you to everyone who have been showing up to the meetings.

5. Accreditation

5.01 Accreditation Updates –

Transfer of Credit Policy (credit for prior learning)-Brady Reed- A new procedure has been approved. In the past our students could only receive credit through credit by exam for any prior learning. There are new ways they can get credit for their prior learning now. The fees section was taken out. SSMP made a recommendation on what fees they felt we should charge and we will send it over to senate. Could a scholarship be used to pay for credit by exam? It depends on the scholarship.

Compliance requirement #10- Complaint policy-Brady Reed- We did not really have just one procedure in the past. We had a few and they were not well explained in the catalog. We are trying to streamline the process. Students will be able to go online on the website and there will be an area for them to fill out their complaint. It will then be sent to HR and then HR will disseminate it to the correct people. It should be going on the website soon. David is working with Maxient now. Staff trainings will be happening soon, also. Sue needs something official for the catalog from Carie and Brady. Brady will follow up with Carie. Brady tried to keep the catalog language pretty simple. If there is anything in conflict with the academic part, they can take that out.

Compliance requirement #6- Randy Joslin- We were written up with accreditation not because we did not have a process but because we were not following our process. The approval process is there. When we have a new position, it goes through the entire planning process. When we have a position that needs to be filled it is taken to cabinet and papers are filled out and conversations are had. Page 9 of the handbook refers to the process.

Compliance requirement #7&8- Randy Joslin- Facilities should be doing a regular evaluation of our facilities. The state should be coming in to do an assessment. They try to do it once every five years. We get a facilities index score for this assessment. The lower the score the better. If you have an FCI of greater than 70%, that means your facility needs to be redone/rebuilt, not fixed. We were at 57.20% in 2018 with over 90% of our facilities being over the 10% threshold of poor. Colleges do bond projects. We are not in position yet to do that. Within our long-range planning, we have not implemented that we need new buildings. We need to add long-range capital planning in the best and most appropriate way. We have been doing a physical assessment of the entire campus, room by room. We are almost done with that. We need to add total cost of ownership.

Compliance recommendation #9-Randy Joslin-There are two main things they found dealing with this delegation of authority. There was a direct contradiction between the two policies. We were also out of date with our updates. The board policy review committee updated and approved these in February 2021. We will be doing the training for the board in June 2021.

Compliance recommendation #12-Randy Joslin- We have a policy but we did not have a scheduled timeline. We do now. It has already been approved by Senate and Consultation Council. We are now living it. The AP's do not need to be approved by the Board of Trustees. Only the BP's do. We are in catch up mode with the schedule right now. We had some policies and procedures that were 10 years out of date. We are now updating them and starting the three month process of approval. We are working on chapter 3 right now. Then we will move on to chapters 6 and 7. Moving forward we will have progress reports.

6. Other-Information/Communication

6.01 Budget and Planning Calendar-Randy Joslin- We need our preliminary budget going. We will be very busy the next month to get caught up on the calendar.

6.02 Budget update-Trevor Albertson. 7 million on hand. 1.27 million in TRAN. We are waiting to see if they are going to defer payments for next year. We are putting together a budget for presentation for June.

6.03 Good of the Order: Questions for Trevor- Trevor Albertson-

- Well done on the accreditation report.
- I know nothing on presidential hiring. Once we know something, it will go out to you all.

- We are getting closer to a campus return. We are going to do a safe return. Trevor would like to have another meeting with campus leadership. Julie will organize that.
- We will have a huge back to campus party!
- There will be a graduation. Could the college purchase the cap and gown for this year? It would be a nice gesture and keep the back and forth on campus to a minimum. Are we going to do anything special for these students who have preserved and graduated through the pandemic? Maybe like a special stole or something? Or some sort of pin. These are great ideas. We will check the budgets and come up with an idea. We need new information on the website.
- Would everyone be open to having an emergency meeting to approve the HR Master Plan and do a budget prioritization at the same meeting? We will have meetings on May 10th, 17th and the 24th. May 10th we will have the HR Master Plan and budget the prioritizations.

7. Meeting Closing

7.01 Future Meetings

7.02 Adjourn 4:30 pm

This has been created by campus input far and wide. Roxanna called for a consensus to endorse the rough draft. –

Endorsed by consensus

3.02 SLO Handbook –Adam Runyan- This is in direct dealing of what we are doing in with accreditation. This was reviewed by senate and curriculum. **Consultation Council approved to adopt the handbook.**

3.03 PSLO ISLO Pilot Assessment Project – Adam Runyan- We need to gather better data. We will be giving this out to all of the graduates from a handful of programs so we can gather that data. This is directly dealing with accreditation and what they are asking us to do. This is a two prong approach. Roxanna called for a vote of endorsement. – **Endorsed by consensus**

4. Guided Pathways

4.01 Guided Pathways Update-Brady Reed – All workgroups reported out. Logos are coming along great. We have had a lot of input from campus with different ideas. Thank you to everyone who have been showing up to the meetings.

5. Accreditation

5.01 Accreditation Updates –

Transfer of Credit Policy (credit for prior learning)-Brady Reed- A new procedure has been approved. In the past our students could only receive credit through credit by exam for any prior learning. There are new ways they can get credit for their prior learning now. The fees section was taken out. SSMP made a recommendation on what fees they felt we should charge and we will send it over to senate. Could a scholarship be used to pay for credit by exam? It depends on the scholarship.

Compliance requirement #10- Complaint policy-Brady Reed- We did not really have just one procedure in the past. We had a few and they were not well explained in the catalog. We are trying to streamline the process. Students will be able to go online on the website and there will be an area for them to fill out their complaint. It will then be sent to HR and then HR will disseminate it to the correct people. It should be going on the website soon. David is working with Maxient now. Staff trainings will be happening soon, also. Sue needs something official for the catalog from Carie and Brady. Brady will follow up with Carie. Brady tried to keep the catalog language pretty simple. If there is anything in conflict with the academic part, they can take that out.

Compliance requirement #6- Randy Joslin- We were written up with accreditation not because we did not have a process but because we were not following our process. The approval process is there. When we have a new position, it goes through the entire planning process. When we have a position that needs to be filled it is taken to cabinet and papers are filled out and conversations are had. Page 9 of the handbook refers to the process.

Compliance requirement #7&8- Randy Joslin- Facilities should be doing a regular evaluation of our facilities. The state should be coming in to do an assessment. They try to do it once every five years. We get a facilities index score for this assessment. The lower the score the better. If you have an FCI of greater than 70%, that means your facility needs to be redone/rebuilt, not fixed. We were at 57.20% in 2018 with over 90% of our facilities being over the 10% threshold of poor. Colleges do bond projects. We are not in position yet to do that. Within our long-range planning, we have not implemented that we need new buildings. We need to add long-range capital planning in the best and most appropriate way. We have been doing a physical assessment of the entire campus, room by room. We are almost done with that. We need to add total cost of ownership.

Compliance recommendation #9-Randy Joslin-There are two main things they found dealing with this delegation of authority. There was a direct contradiction between the two policies. We were also out of date with our updates. The board policy review committee updated and approved these in February 2021. We will be doing the training for the board in June 2021.

Compliance recommendation #12-Randy Joslin- We have a policy but we did not have a scheduled timeline. We do now. It has already been approved by Senate and Consultation Council. We are now living it. The AP's do not need to be approved by the Board of Trustees. Only the BP's do. We are in catch up mode with the schedule right now. We had some policies and procedures that were 10 years out of date. We are now updating them and starting the three month process of approval. We are working on chapter 3 right now. Then we will move on to chapters 6 and 7. Moving forward we will have progress reports.

6. Other-Information/Communication

6.01 Budget and Planning Calendar-Randy Joslin- We need our preliminary budget going. We will be very busy the next month to get caught up on the calendar.

6.02 Budget update-Trevor Albertson. 7 million on hand. 1.27 million in TRAN. We are waiting to see if they are going to defer payments for next year. We are putting together a budget for presentation for June.

6.03 Good of the Order: Questions for Trevor- Trevor Albertson-

- Well done on the accreditation report.
- I know nothing on presidential hiring. Once we know something, it will go out to you all.

- We are getting closer to a campus return. We are going to do a safe return. Trevor would like to have another meeting with campus leadership. Julie will organize that.
- We will have a huge back to campus party!
- There will be a graduation. Could the college purchase the cap and gown for this year? It would be a nice gesture and keep the back and forth on campus to a minimum. Are we going to do anything special for these students who have preserved and graduated through the pandemic? Maybe like a special stole or something? Or some sort of pin. These are great ideas. We will check the budgets and come up with an idea. We need new information on the website.
- Would everyone be open to having an emergency meeting to approve the HR Master Plan and do a budget prioritization at the same meeting? We will have meetings on May 10th, 17th and the 24th. May 10th we will have the HR Master Plan and budget the prioritizations.

7. Meeting Closing

7.01 Future Meetings

7.02 Adjourn 4:30 pm

PLANNING AND BUDGET DEVELOPMENT PROCESS

Title 5 of the California Code of Regulations requires that the “[Community College] District financial planning will include both short-term and long-term goals and objectives, and broad-based-input, and will be coordinated with the districts educational planning” (Appendix A: Title 5 Section 58311). Lassen Community College’s planning and budget development process operates within this context.

The Comprehensive Institutional Master Plan is a five-year plan that is updated and sent to the Governing Board for acceptance annually. The institutional planning document and budget will reflect the college mission statement and strategic goals as established by the Governing Board and presented in Section II – Institutional Section (Appendix B: Mission Statement and Strategic Goals).

The institutional planning and budget development process begins with the instructional program review (IPR) and non-instructional program review (NIPR). The instructional and non-instructional program reviews provide the unit level planning documents for Lassen Community College. The program goals and objectives as well as recommendations and budget requests developed during the review process integrate into the various planning sections of the Comprehensive Institutional Master Plan (Section I – Institutional Effectiveness, Section II - Educational Master Plan, Section III – Student Services Plan, Section IV - Institutional Technology Plan, Section V - Facilities Master Plan, Section VI - Human Resource Plan and Professional Development Plan).

The schedule of program reviews is provided in the Instructional and Non-instructional Program Review Handbooks. Career technical education instructional programs are reviewed every two years and academic instructional and non-instructional programs are reviewed every four years. There are also yearly updates for academic and career technical education that follow the same process when needed for changes in curriculum or budgeting. Area administrators will remind program managers when their program review is due. Academic Senate reminds faculty yearly of due dates for instructional program reviews.

The President’s Office will monitor the program review process. The Governing Board will accept each IPR and NIPR. Upon Board acceptance, the Program Review’s Prioritized Recommendations will be entered by the Director of Institutional Effectiveness and Research in a spreadsheet or database. The spreadsheet with all recommendations from the prior year will be provided to the Academic Planning, Institutional Effectiveness Planning, Facilities Planning, Student Services, Human Resource and Institutional Technology Planning Committees.

- The Office of the President is responsible for housing all the current institutional planning documents and for assuring completion of program reviews as scheduled.
- Copies of institutional planning documents and program reviews are placed on the college website.

Regarding the development of the budget, the Comprehensive Institutional Master Plan will be used as the foundation and frame upon, and within which, the Budget is built. All budgets (requests for funding) shall be developed through the budget development process as integrated into the program review process. The same budget request forms and resource allocation process will be utilized for all funding sources.

Budget principles, as presented in Appendix C, are stated in each District Budget document. The following guidelines additionally apply to the development of the Budget:

- a. One-time revenues will be allocated to one-time expenditures; on-going expenditures shall be covered from on-going revenues.
- b. Year-end balances are not budgeted for ongoing expenses.
- c. Funds are budgeted where they are expected to be spent so as to minimize transfers and protect budget integrity.
- d. Contractual obligations and fixed costs are budgeted first.
- e. New positions must be fully funded: salaries, benefits, and support expenses.

EVALUATION OF THE PLANNING AND BUDGET DEVELOPMENT PROCESS

The Planning and Budget Development Process is evaluated annually in conjunction with the Governance Process in late April through May. Adoption of the evaluation timeline and any changes to the evaluation instruments is the responsibility of Consultation Council. The evaluation process consists of distribution of evaluation instruments to each of three components:

1. Planning Committee Self-Evaluation Surveys
 - Academic Planning
 - Consultation Council/Strategic Planning
 - Human Resource Planning
 - Institutional Effectiveness Planning
 - Institutional Technology Planning
 - Student Services Planning
 - Facilities Planning
2. Constituent Group Evaluation Surveys
 - Management/Confidential
 - Associated Student Body
 - Classified
 - Administration
 - Academic Senate
3. Individual Surveys (surveymonkey).

The survey results are compiled and presented to Consultation Council by the Director of Institutional Effectiveness and Research for discussion and acceptance of recommendations for inclusion in the next year's handbook. A subcommittee of the Academic Senate including appointees from Consultation Council meets in late May or early June to revise and update the *Institutional Planning and Budget Development Handbook* based upon the accepted recommendations. The Academic Senate acts on the subcommittee recommendations by July and forwards the approved handbook to Consultation Council/Strategic Planning Committee as an information item.

Lassen Community College District Strategic Plan

Recommendation for revisions by Consultation Council – October 12, 2020

Approved by Board of Trustees – December ____, 2020

Vision

- ❖ Lassen College will be a highly efficient self-sustaining rural community college, a catalyst for the region’s image, economy, and human capital, and an example of a “we can” culture” of collective impact by being:
 - The academic leader by ensuring quality instruction and encouraging student success
 - The educational leader by expanding outreach and student access with an equity mindset
 - The trusted steward by providing capable leadership and accountability
 - The economic and workforce development leader for the community
 - The cultural leader in the community
 - The civic and social leader in the community

Mission

Lassen Community College provides educational programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The College serves diverse students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.

Strategic Goals

1. **Institutional Effectiveness:** Provide the governance, leadership, integrated planning and accountability structures, and processes to effectively support an inclusive learning environment, while ensuring responsible stewardship of public trust and resources.
2. **Learning Opportunities:** Provide an array of rigorous academic programs delivered via a variety of modalities that promote student equity and learning while meeting the needs of the local and global community.
3. **Resource Management:** Manage human, physical, technological and financial resources to sustain fiscal stability and to effectively support the learning environment.
4. **Student Success:** Provide a college environment that reaches-out-to and supports students, minimizes barriers, and increases opportunity and success through access and retention to enable student attainment of educational goals including completion of degrees and certificates, transfer, job placement and advancement, improvement of basic skills, and self-development through lifelong learning.

Institutional Student Learning Outcomes

1. **Communication** - Ability to listen and read with comprehension and the ability to write and speak effectively
2. **Critical Thinking** - Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome
3. **Life Long Learning** - Ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems
4. **Personal/Interpersonal Responsibility** - Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures

Lassen College Values:

Student Success:

- Students reaching their goals
- Students being prepared for transfer to four-year institutions
- Students being prepared for employment
- Doing what is best for students
- Learning as a priority over teaching
- Student needs; they are paramount in the learning process
- Recognizing and minimizing barriers to student success

Educational Excellence:

- Equitable student learning as the focal point of every experience
- High quality educational delivery
- Highly qualified instructors
- High quality technology and materials
- Well-equipped classrooms

Honesty/Integrity:

- Trust in relationships
- Dependability
- Transparency
- Collaboration
- Sustainability
- Accountability

Dignity & Respect:

- Open forum for exchange of ideas
- Civility
- Collegiality
- Diversity & Equity
- Active listening and communication

**Planning Cycle - Strategic Planning;
Comprehensive Institutional Master Plan & Budget Development**

Integrated Planning Process

Planning & Budget Input Process Flow Chart

PLANNING/BUDGET DEVELOPMENT CALENDAR

(Orange type = Planning, Black type = Budget Development)

JULY

- Governing Board Planning Retreat
 - Strategic Plan – 1st read at July Governing Board Retreat
 - Presentation of Compiled and Analyzed Data
 - Presentation of Previous Year's Action Plan Evaluation Matrix
 - Presentation of progress on Key Performance Indicators
- Update of *Annual Fact Book* published
- Adoption of revised Institutional Planning and Budget Development Process Handbook by the Academic Senate

AUGUST

- Consultation Council/Strategic Planning Committee develops annual budget prioritization criteria
- Governing Board adoption of Strategic Plan
- Presentation of revised Institutional Planning and Budget Development Process Handbook to Consultation Council

SEPTEMBER

- Presentation of instructional program reviews, non-instructional program reviews, and annual updates to Consultation Council/Strategic Planning Committee and forwarded to Governing Board
- IE office will send the IPR and NIPR data out
- Distribution of Institutional Planning and Budget Development Process Handbook, and Current Year Fiscal Updates/Budget Assumptions
- Governing Board approval of final budget
- Associate Dean of Institutional Effectiveness and Research compiles recommendation from previous years' program reviews and annual updates into spreadsheet
- Status Report of Previous Years Budget Prioritization Spreadsheet presented to Consultation Council – Budget Prioritization Tracking Matrix 1st Quarter Update
- Academic Planning Committee works on development of Educational Master Plan
- Planning Committee Chairs meet as sub-committee of Consultation Council/Strategic Planning to determine format of annual master plans.

OCTOBER

- Program Review Recommendation Spreadsheet from previous year program reviews and annual updates forwarded to planning committees by office of Institutional Effectiveness and Research. Recommendations prioritized by the program must include budget needs and requests information as well as justifications from Comprehensive Institutional Master Plan and primary budget prioritization criteria. The same resource allocation process will be utilized for all funding sources.
- Consultation Council/Strategic Planning Committee adoption of Educational Master Plan

- **Status Update on Progress on Annual Planning Agenda (Action Plan Evaluation Matrix) presented to Consultation Council**
- Unit level members (divisions for instructional areas and program areas for non-instructional areas) will meet to prioritize budget requests for unit (division or program area) based on the adopted budget prioritization criteria.
- The prioritized spreadsheet of budget requests for each area will be forwarded to area dean, the office of Institutional Effectiveness and Research, and Consultation Council for inclusion in minutes.
- **Planning Committee Chairs meet as sub-committee of Consultation Council/Strategic Planning to review budget recommendations.**
- **Facilities Planning, Human Resource Planning, Institutional Effectiveness Planning, Institutional Technology Planning and Student Services Planning Committees work on development of Master Plans based on Educational Master Plan**

NOVEMBER

- Area administrators will prioritize area budget requests on the spreadsheet based on the adopted budget prioritization criteria in consultation with appropriate planning committee.
- Prioritized list will be forwarded by the area dean to the office of Institutional Effectiveness and Research. and the Consultation Council/Strategic Planning Committee
- **Consultation Council adoption of Institutional Effectiveness Master Plan and Student Services Master Plan**

DECEMBER

- **Consultation Council adoption of Institutional Technology Master Plan**
- Budget Prioritization Tracking Matrix 2nd Quarter Update

JANUARY

- The Chief Business Officer monitors current year operations and evaluates the status of the following academic year's budget by comparing the projected revenues against the projected expenditures. The Chief Business Officer will advise the President's Cabinet of any projected budget shortfalls potentially impacting staffing levels.
- The President's Executive Cabinet will forward recommendations based on the projections to the Consultation Council/Strategic Planning Committee prior to any consideration of institutional prioritization of budgetary requests.
- Consultation Council may conduct Listening Forums for campus input
- **Consultation Council adoption of Facilities Master Plan**

FEBRUARY

- Discussions by Consultation Council/Strategic Planning Committee on the recommendations received from the President's Cabinet will occur prior to the third week in February.
- Consultation Council/Strategic Planning Committee will evaluate all budget requests prioritized by unit level managers and area deans. Institutional priorities will be assigned to each budget request.
- The prioritized list (spreadsheet) will be distributed to the campus community at the end of February.

MARCH

- Consultation Council/Strategic Planning Committee will hold open forum budget meetings.
- Funding categories will be assigned to the prioritized list by the Chief Business Officer.

- The recommended prioritized list will be forwarded to President for his consideration and published with Consultation Council minutes.
- Environmental Scan Data Compiled
- Consultation Council adoption of Human Resources Master Plan
- Budget Prioritization Tracking Matrix 3rd Quarter Update

APRIL

- Consultation Council acceptance of master plan revisions as a result of other plans developed since initial adoption.
- Consultation Council/Strategic Planning Committee adoption of the Comprehensive Institutional Master Plan

MAY

- Annual Report on NIPR SLO/AUO Assessment Results (Office of Institutional Effectiveness and Research)
- Annual Evaluation of the planning and governance process conducted by Consultation Council/Strategic Planning Committee
- The Chief Business Officer will draft the tentative budget for institutional review to include 50% Law Analysis and GANN Appropriations Unit.
- The President will finalize the ranked list into the Institutional Budget Priority List for the Comprehensive Institutional Master Plan, presentation to the campus and Governing Board.
- Cut-off date for processing of purchase requisition.

JUNE

- Budget Prioritization Tracking Matrix 4th Quarter Update
- Academic Senate/Strategic Planning Subcommittee incorporated recommendations from the annual evaluation process revising the Institutional Planning and Budget Development Process Handbook
- The President will submit the tentative budget to the Lassen Community College District Governing Board for approval

Appendix A: PRINCIPLES FOR SOUND FISCAL MANAGEMENT

Title 5. Education

Division 6. California Community Colleges

Chapter 9. Fiscal Support

Subchapter 4. Budgets And Reports

Section 58311

In any organization certain principles, when present and followed, promote an environment for growth, productivity, self-actualization, and progress. The following principles shall serve as the foundation for sound fiscal management in community college districts:

1. Each district shall be responsible for the ongoing fiscal stability of the district through the responsible stewardship of available resources.
2. Each district will adequately safeguard and manage district assets to ensure the ongoing effective operations of the district. Management will maintain adequate cash reserves, implement and maintain effective internal controls, determine sources of revenues prior to making short-term and long-term commitments, and establish a plan for the repair and replacement of equipment and facilities.
3. District personnel practices will be consistent with legal requirements, make the most effective use of available human resources, and ensure that staffing costs do not exceed estimates of available financial resources.
4. Each district will adopt policies to ensure that all auxiliary activities that have a fiscal impact on the district comport with the educational objectives of the institution and comply with sound accounting and budgeting principles, public disclosures, and annual independent audit requirements.
5. Each district's organizational structure will incorporate a clear delineation of fiscal responsibilities and establish staff accountability.
6. Appropriate district administrators will keep the governing board current on the fiscal condition of the district as an integral part of the policy- and decision-making processes.
7. Each district will effectively develop and communicate fiscal policies, objectives, procedures, and constraints to the governing board, staff, and students.
8. Each district will have an adequate management information system that provides timely, accurate, and reliable fiscal information to appropriate staff for planning, decision-making, and budgetary control.
9. Each district will adhere to appropriate fiscal policies and procedures and have adequate controls to ensure that established fiscal objectives are met.
10. District management will have a process to evaluate significant changes in the fiscal environment and make necessary, timely, financial and educational adjustments.
11. District financial planning will include both short-term and long-term goals and objectives, and broad-based-input, and will be coordinated with the district educational planning.

12. Each district's capital outlay budget will be consistent with its five-year plan and reflect regional planning and needs assessments. To the extent that the foregoing principles repeat or paraphrase mandates already in existence, these underlying mandates shall continue to be legally binding. Otherwise these principles, by themselves, shall be applied to the extent that existing state and district funding is available.

Appendix C: LCC 2019-2020 BUDGET PRINCIPLES, PRIORITIES, AND CRITERIA

BUDGETING PRINCIPLES:

- Transparency
- Broad participation
- Balanced
- Conservative
- Complete/comprehensive (including long term obligations)

BUDGET GUIDELINES AND PRIORITIES:

- Align with College's Strategic Plan (Vision/Mission/Values/Strategic Goals)
- Achieve Strategic Goals – ensuring student success, expanding services and access (growth).
- Transfer resources from indirect (internal) services to prioritize services that directly support student success and program growth.
- Mitigate future risk and avoid future cost increases by finding external (outsourced) solutions for high-risk administrative services.
- Align categorical/restricted programs with Strategic Goals; to the degree possible and allowable, use those funds to support on-going District expenditures even if on a one-time basis. Make maximum use of pro-offered “flexibility with Categorical funds.”
- Recommend level of reserves equal to 15% [approximately two (2) months of operations] – Board Policy 6200 - Budget Preparation.
- To accommodate cash flow shortfalls, implement a disciplined spending plan tied to cash-flow projections with centralized spending control.
- Use inter-fund borrowing in preference to external borrowing, due to added costs and potential conflicts between scheduling of repayment and deferred apportionment.

2019-2020 BUDGET PRIORITIZATION CRITERIA (adopted by the Consultation Council/Strategic Planning Committee – November 5, 2018):

1. **Statutory Mandates and Fixed Costs** – Items we have no control over and which are necessary for the daily operation of the college: salary step increases, benefit increases (STRS, PERS, health, workers comp, etc.), contract agreements, utility increases, software/lease agreement increases.
2. **Regulatory Mandates** – Items that are required by another body, including legislature or Chancellor's Office. These should be brought forward in a program review or addendum since advanced notice is generally given. Evidence of the mandate must be provided.
3. **Health and Safety** – Items determined by administrators to be immediate risks to health and safety will be handled immediately with existing funds and will not go through the budget process. Items addressing health and safety risks as identified in program reviews and/or by Safety Committee will be initially prioritized by Facilities Master Plan and Safety Committees.
4. **Implementation of Strategic Goals** – Items may range from maintenance of existing facilities and programs to program growth, with an emphasis on items supporting or enhancing student learning and success and on items originating in the program review process.

Appendix D: Glossary of Terms

Abatement: The return of part or all of an item of income or expenditure to its source.

Accounting System: (1) The special field concerned with the design and implementation of procedures for the accumulation and reporting of financial data. (2) The total structure of records and procedures, which discover, record, classify, and report information on the financial operations of an agency through its funds, balanced account groups, and organizational components.

Administrative Unit Outcomes (AUOs): Similar to SLOs, administrative outcomes determine what the expected outcomes are for offices and departments that provide services and administrative support rather than instruction.

Annual Appropriation Limit (Gann Limit)

Apportionment: Allocation of state or federal aid, district taxes, or other moneys to community college districts or other governmental units.

Appropriation for contingencies: (formerly termed Undistributed Reserve) That portion of current fiscal year's budget not appropriated for any specific purpose and held subject to intrabudget transfer, i.e., transfer to other specific appropriations as needed during the fiscal year. (becomes the "ending balance" at June 30, and the "beginning balance" at July 1.

Budget: A plan of financial operation for a given period for specified purposes consisting of an estimate of income and expenditures.

Budget document: The instrument used by the budget-making authority to present a comprehensive financial program (for California Community Colleges, this Form CCFS-311). Included is a balanced statement of revenues and expenditures (both actual and budgeted), as well as other exhibits.

Capital Outlay: The acquisition of fixed assets or additions to fixed asset, including land or existing buildings, improvements of grounds, construction of buildings, additions to buildings, remodeling of buildings, or equipment.

Charts of Accounts: A systematic list of accounts applicable to a specific entity.

Community Services: Educational, cultural, and recreational services, which an educational institution may provide for its community in addition to regularly scheduled classes. Community college districts receive no direct State apportionment for community services.

Contract Services: Services rendered by personnel who are not on the payroll of the college system, including all related expenses covered by the contract.

Current Expenses of Education (CEE): EC 84362, CRR 59200 et seq. The current General Fund operating expenditures of a community college district excluding expenditures for food services, community services, object classifications 6000 (except Equipment Replacement) and 7000, and other costs specified in laws and regulations.

Current Liabilities: Amount due and payable for goods and services received prior to the end of the fiscal year. Current liabilities are paid within a relatively short period of time, usually within a year.

Deferred Income: Revenue received prior to being earned such as bonds sold at a premium, advances received on federal or State program grants, or registration fees received for a subsequent period.

Deficit: Excess of liabilities over assets.

Direct Expenses or Costs: Expenses that can be separately identified and charged as a party of the cost of an activity, department, services, or a product.

Employee Benefits: Amounts paid by an employer on behalf of employees. These amounts are not included in the gross salary, but are over and above. While not paid directly to employees, they are nevertheless part of the cost of salaries and benefits. Examples are (1) group health or life insurance payments; (2) contribution to employee retirement; (3) district share of O.A.S.D.I. (Social Security) taxes; (4) worker's compensation payments.

Encumbrances: Obligations in the form of purchase orders, contracts, salaries, and other commitments for which part of an appropriation is reserved.

Entitlement: An amount of money to which an entity has a right as determined by the granting or awarding party.

Expenses of Education: This includes all General Fund expenditures, restricted and unrestricted, for all objects of expenditure 1000 through 5000 and all expenditures of activity from 0100 to 6700.

Expenses: Expenditures made or liabilities incurred for goods and services used in the current year.

Fiscal Year: For governmental entities in the State of California, the period beginning July 1 and ending June 30. Otherwise, it is usually a period of one year which can by agreement begin at any time and end one year later.

Fixed Assets: Assets of permanent character having continuing value such as land, buildings, machinery, furniture, and equipment.

Fixed Costs: Those costs, that remain relatively constant regardless of enrollment or volume of business. Examples include interest, insurance, and contributions to retirement systems.

Full-time Equivalent (FTE) Employees: Ratio of the hours worked based upon the standard work hours of one full-time employee. For example, classified employees may have a standard work-load of 40 hours per week, if several classified employees worked 380 hours in one week, the FTE conversion would be $380/40$ or 9.5 FTE.

Full-time Equivalent Students (FTES): An FTES represents 525 class (contact) hours of student instruction/activity in credit and noncredit courses. Full-time equivalent student (FTES)

is one of the workload measures used in computation of state support for California Community Colleges (see form CCF-320, “Apportionment Attendance Report”).

Fund: An independent fiscal and accounting entity with a self-balancing set of accounts for recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein.

Fund Balance: The fund equity of governmental funds and Trust Funds; the difference between assets and liabilities within a fund.

General Fund: The fund used to account for the ordinary operations of the district. It is available for any legally authorized purpose not specified for payment by other funds.

Indirect Cost: Elements of cost necessary in the operation of the Local Educational Agency (LEA) or in the performance of a service that are of such nature that the amount applicable to each accounting unit cannot be determined readily and accurately or for which the cost of such a determination exceeds the benefit of the determination.

Instructional Aide: A person employed to assist classroom instructors and other certificated personnel in the performance of their duties; in the supervision of students; and in instructional tasks which, in the judgment of the certificated personnel to whom the instructional aide is assigned, may be performed by a person not licensed as a classroom instructor (EC 88243)

Liabilities: Debt or other legal obligations (exclusive of encumbrances) arising out of transactions in the past, which must be liquidated, renewed, or refunded at some future date.

Long-term Debt: A loan that extends for more than one year from the beginning of the fiscal year.

Non-Instructional Program Review (NIPR): A program review completed by areas that do not have instructional responsibilities. In cases where a program provides instruction as well as support or services, an IPR will be completed.

Prepaid Expenses: Goods or services for which payment has been made, but for which benefits have not been realized as of a certain date; e.g., prepaid rent, prepaid interest, and premiums or unexpired insurance. Benefits and corresponding charges to expenses will be borne in future accounting periods.

Program Accounting: A system of accounting in which records are maintained to accumulate income and expenditure data by program rather than by organization or by fund.

Restricted Accounts: Cash and/or other assets, which are limited as to use or disposition by their source. Their identity is therefore maintained and their expenditure or use is also recorded separately.

Sales and Use Tax: A tax imposed upon the sale of goods and services. The use tax is paid in lieu of sales tax on goods purchased outside the state, but intended for use in the state.

Self-Insurance Fund: An Internal Service Fund designed to account for income and expenditures of self-insurance programs.

Student Learning Outcomes (SLOs): The expected knowledge, skills or attitudes students will have after completing a course, program, or leaving the institution after accomplishing an academic goal.

Appendix E: LCC Evaluation Survey – Planning Committees

Committee Name:

Date:

Members Present:

Members Absent:

Planning Section

When answering these questions consider the “planning process” the process used to create the Comprehensive Institutional Master Plan; including but not limited to the work of planning committees (Academic Planning, Student Services Planning, Institutional Effectiveness Planning, Institutional Technology Planning, Facility Planning, Human Resource Planning etc.) as well as the recommendations from IPR and NIPRs and analysis of student learning and administrative unit outcome results.

1. What works in the planning process at Lassen College?
2. What doesn't work in the planning process at Lassen College?
3. What changes would you make in the process to improve efficiency and effectiveness?
4. What additional resources (human, research data, additional information, etc.) does your committee need to perform your assigned tasks?
5. Do you feel your contribution to the planning process is necessary?

6. Do you feel your contribution to the planning process is valued?

Governance Section

1. Did your committee perform during the preceding year as identified in the committee's charge?
2. Identify results (products) of committee activities?
3. Provide suggestions to change or modify the committee charge.
4. Was the committee membership appropriate to implement its charge? If not what changes are needed?
5. Provide an analysis of the participation of the membership. Identify any individual or constituent group representation not in attendance more than fifty percent of the meetings.
6. How could communication between committees and others be improved with regards to governance?

4. What additional resources (human, research data, additional information, etc) do you feel the planning committees need to perform their assigned tasks?

Governance Section

1. What is working well in the Shared Governance and Collegial Consultation process?
2. Do you have any suggestions or comments to improve the function of the Share Governance and Collegial Consultation Process?
3. Do you have any suggestions for modifying, adding, or deleting any components of the governance and/or organizational structures of the institution?

Appendix G: LCC Evaluation Survey – Individuals

Lassen College Planning, Budgeting, and Governance Process Review

Individual Survey

Constituent group identification: (faculty, staff, admin, mgmt., student)

How long employed by the college: (0-1 year, 2-5 years, 6+years)

Please answer all questions using the 1 to 5 scale with 1 = Strongly Disagree, 2 = Disagree, 3 = Neutral, 4 = Agree, 5 = Strongly Agree

The planning process at Lassen College works and produces appropriate institutional plans.

I receive information about institutional planning through a variety of ways (by receiving committee minutes, through committee membership, through my group's representatives on various committees, through open forums).

I know who to ask and where to go for additional information about budgeting, planning, and governance.

The institution plans in the correct areas.

The process I follow to have my ideas heard (through open forums, through representatives, etc) is effective.

The Comprehensive Institutional Master Plan is the appropriate vehicle for institutional planning.

The institutional planning process is appropriately tied to the budget development process

Suggestions for improving the planning and/or governance processes at Lassen Community College:

LCC ACCREDITATION GAP ANALYSIS TRACKING SHEET

	GAP	RESPONSIBLE POSITION	STATUS	NOTES
1	SLO Plan and Results forms are inconsistent between Accreditation Canvas webpage and SLO portal...Which do we want? Others needs to go away.	Randy		Should form be a Word form or a fillable form?
2	IPRs consistently need current Curriculum Committee review on all program curriculum before coming to Senate for approval.	Adam/Senate		Adam is aware of this problem and believes this will be done moving forward. Sente has a rubric.
2	No NIPRs have gone through the process this year Why?	Randy		Need to solve any problems holding up NIPRs.
4	IPR Handbook/Template revisions?	Senate		Senate to have by Sept 15
5	Introduction Information	Senate/Randy		Enhance introductory information in IPR Handbook showing intent of IPRs and their fundamental role; Review/Update content regarding revitalization/discontinuance to assure it is in alignment with current practice.
6	Academic Planning Section	Carie/Toni		Consider using Maps to illustrate: Describe and evaluate the program objectives against the LCC Strategic Plan, specifically the mission statement and strategic goals; Identify and evaluate the PSLOs including the relationship between course, program, and institutional student learning outcomes utilizing information provided by the Office of Institutional Effectiveness.

LCC ACCREDITATION GAP ANALYSIS TRACKING SHEET

	GAP	RESPONSIBLE POSITION	STATUS	NOTES
7	Outcomes Sections	Senate		Explain how does Assessment drives Program improvement. (While program SLOs are listed in the IPRs reviewed, there is no consistent evidence of assessment of outcome achievement and how assessment of drives improvement (II.A.11))
8	Trends and Patterns in Student Outcomes Sections	Randy/Senate		
9	SLO section	Senate/Carie/Tri-Chairs, others?		Reference "Closing the loop concept" better; The IPR is where discussion and analysis of data occur--show link between SLO assessment results, SLO improvement plans and revisions to curriculum and/or budget request (reflection on Implementation of prior improvement of plan(s)--did it work or no? How might it be revised); Need greater, holistic understanding/organization of process "closing the loop" --SLOs, SLO maps (Differentiation between SLOs for degrees and certificates, Ideal number of SLOs for degrees vs certificates, Application of SLO language in writing SLOs (See SLO Handbook)

LCC ACCREDITATION GAP ANALYSIS TRACKING SHEET

	GAP	RESPONSIBLE POSITION	STATUS	NOTES
10	Curriculum section	Senate; Carie		<p>Include language re: Curriculum review for all certificates; degrees (course within program is already there)--Reasoning--ADTs need to be reviewed every 4 years; Through Handbook revision and mentorship, emphasize early, thorough curriculum review that is documented and included in IPR by means of completed Curriculum Review Form; Through mentorship emphasize components of comprehensive curriculum review including: Is the course being considered for distance education offering? If so, has it been approved for specific distance education delivery?; Is the textbook current (within the last 7 years for transfer courses) and is the publication date included?; Does the course outline match the two year plan with regard to sequence of course offerings? Reference SLO map, PSLO Map review/update as part of Curriculum Review for IPR (Consider</p>

LCC ACCREDITATION GAP ANALYSIS TRACKING SHEET

	GAP	RESPONSIBLE POSITION	STATUS	NOTES
11	Data Comments	Senate; Randy		Inclusion of data in IPR itself (as appendix is fine) but data must be a part document not provided in separate files/attachments that don't accompany IPR document; Include PSLO assessment--Develop implementation plan with IE including timeline and momentum; Include ISLO assessment-Develop implementation plan with IE including timeline and momentum; Include reflection od date-provide narrative instruction regarding data analysis (Directions on analysis of data PRTR p 22); Address plans for improvement to ISLO/PSLO data--"close the loop:

LCC ACCREDITATION GAP ANALYSIS TRACKING SHEET

	GAP	RESPONSIBLE POSITION	STATUS	NOTES
12	Prioritized Recommendations Charts Comments	Senate/Randy/		Through Handbook revision and mentorship, emphasize alignment of items in charts and Planning Agenda narratives--emphasis on SLOs, SLO Improvements plans, mission, strategic goals wherever possible; Include total cost of ownership information as indicated by Randy in CC ("Estimated Cost is equal to the total annualized Cost of Ownership of the allocation request". Discussed at 4-15-21 Accreditation meeting)
13	Potential Edit Items	Senate/Randy/		Include Annual Update Template; Include timeframe for Annual Update Submission; Update rubric to match new revised document
14	Other Considerations to support IPR Quality Improvement	Senate/Randy/		Consider developing a month-by-month task list for completing IPRs over the academic year: Program Overview, Student Outcomes, Curriculum; And offering monthly lunch and learn gatherings (collaborated with Flex?; Consider each Senate Mentor lead one lunch and learn
15	Should the timeline for submission of IPRs/Annual updates be revised to May?	Carie/Toni		
16	NIPR Handbook/Template?	Randy		Base on revised IPR template

LCC ACCREDITATION GAP ANALYSIS TRACKING SHEET

	GAP	RESPONSIBLE POSITION	STATUS	NOTES
17	Complete SLO-PSLO mapping	Curriculum Committee		
18	Need a Researcher	Randy		
19	Completion of SLO processes with contextual understanding--closing the loop	Senate/Randy		Vehicle is through IPR revision, IPR orientation and Mentorship, Flex/Convocation/Instructional Design
20	Culture of Evidence	Senate/Randy/Cabinet		Vehicle is through money is, and is not, spent on and how expenditures are justified...inclusion of total cost of ownership in revised IPR/NIPR
21	Data driven decision making	Administration		Follow the planning process
22	Shared understanding of processes.	Administration		Following our processes in a timely fashion, clear communication for understanding processes and timelines; need understanding of impact of not doing this.
23	Engagement	Administration		
24	Complete Next Steps for ACCJC Requirement 1			
	●Academic Senate to take responsibility for annual implementation of the Instructional Program Review (IPR) process.	Senate		
	●Academic Senate to assess and improve the Program Review process and template for Fall 2021 implementation	Senate		
	●Complete the hiring of a SLO Coordinator for Fall 2021	Carie		

LCC ACCREDITATION GAP ANALYSIS TRACKING SHEET

	GAP	RESPONSIBLE POSITION	STATUS	NOTES
	●Assess, select, install, utilize and provide training on a new Institutional Research software for Spring 2022.	Randy		
	●Follow the new NIPR schedule			
25	Complete Next Steps for ACCJC Requirement 2: Develop an SLO Process Improvement Timeline			
	Summer 2021: Academic Senate to revise and adopt IPR template	Senate		
	● Include PSLO assessment	Senate		
	● Include a reflection of data	Senate		
	● How does Assessment drive Program Improvement?	Senate		
	●Address plans for improvement to ISLO/PSLO data	Senate		
	●Reference Budget Prioritization Criteria	Senate		
	●Curriculum Evaluation includes SLO/PSLO mapping	Senate		
	●How to "close the loop" on SLO reporting	Senate		
	2021-2022			
	●Cabinet/IEMP to revise and adopt NIPR template	Randy		
	●Connection to the Mission	Randy		
	●Any outside compliance issues (Title 5, ACCJC, etc.)	Randy		
	●Identify how to collect data for all NIPRs	Randy		
	●One student survey for all NIPRs	Randy		
	●Reflection on Data	Randy		
	●Identify Improvements and re-assess to "close the loop"	Randy		
	●IE Office identify data distribution schedule	Randy		

LCC ACCREDITATION GAP ANALYSIS TRACKING SHEET

	GAP	RESPONSIBLE POSITION	STATUS	NOTES
	●Finish Institutional Effectiveness spreadsheet for SLO and PSLO mapping in Fall 2021	Randy		
	●Consistent assessment of SLO (Need to address how to "close the loop" on those courses that are not offered every term or even every year. How to flag for instructors to revisit the recommended changes from the previous course offering? Make sure the recommended changes are included in the next course offering and identify if student achievement improved.)	Randy		
	●Consistent mapping, aligning course SLOs to ISLOs, PSLOs, and GESLOs.	Curriculum		
	●Exploration and demo of SLO software system (Spring 2022)	Randy		
	●Conduct post graduate surveys beyond the ones for IPRs due next year.	Randy		
	●Academic Senate to revise and adopt IPR template	Senate		
	●Purchase and begin implementation of student learning outcome system	Randy		
	●Train Institutional Effectiveness, IT, Faculty	Administration		
	●Continue to use stop gap (spreadsheet) to report SLO and Student Achievement Standard until a new software application is selected and successfully implemented.	Randy		
	● Hire a dedicated researcher to provide consistent distribution of data, reporting, and apprised of deadlines that effect that department	Randy		
	●Integration of improved SLO data in IPR	Senate/Randy		

LCC ACCREDITATION GAP ANALYSIS TRACKING SHEET

	GAP	RESPONSIBLE POSITION	STATUS	NOTES
	● Integration of IPR prioritized recommendations in planning process	Senate		
	● Evaluation of pilot and move forward with plan to measure PSLOs and ISLOs. Develop improvement plans for furthering robust SLO assessment.	Senate/Randy		
	● Testing of student learning outcome software system(s)	Randy		
	2022- 2023			
	● Complete implementation of student learning outcome system, regularly assess SLOs and PSLOs, ISLOs and Student Achievement Standards.	Randy/Senate		
	● Follow re-evaluation in IPRs/NIPRs	Senate		
	● Report Improvements or modifications	Senate		
26	Requirement 3: Develop methods to further disaggregate data by program and other data elements.	Senate/Randy		In doing this, the College would make the data potentially more usable to further continuous improvement for specific equity groups within the student body.
27	Requirement 6: Demonstrate some sort of mathematical methodology for determining staffing levels?	Administration		Does this need to be done?
28	Requirement 7: Develop a process for "closing the loop" on facilities and equipment needs and requests.	Greg		Suggest sharing of facilities inventory with users.

LCC ACCREDITATION GAP ANALYSIS TRACKING SHEET

	GAP	RESPONSIBLE POSITION	STATUS	NOTES
29	Requirement 8: Develop Long-range Facilities Master Plan.	Greg		<ul style="list-style-type: none"> Continue and complete the work of Section A, Integrated Planning/Educational Master Plan (EMP) of the IEPI grant that will result in long range capital planning
30	Requirement 9: Board of Trustee Training, especially on delegation authority.	Trevor		
31	Requirement 12: Adhere to new Board Policy Review Schedule.	Administration		<ul style="list-style-type: none"> Review all board policies according to developed schedule
				<ul style="list-style-type: none"> Review board policies as needed, when needed
				<ul style="list-style-type: none"> Continue annually following the Policy Review Schedule
32	"Close the loop" on SLOs	Senate/Randy		
33	Map all Course SLOs to PSLOs	Curriculum		
34	Completion of NIPRs	Randy		ASAP
35	Review, Assess and Improve Planning and Budget Calendar	Carie/Toni		All master plans need to be at CC by April to start the budget process
36	Filling of Executive Administrative Positions	Trevor		Organization Chart
37	Continuation of SLO Coordinator positions, review and revise duties	Carie		Recommended duties:
		Carie		<ul style="list-style-type: none"> Facilitate training coordinate through flex/convocation
		Carie		<ul style="list-style-type: none"> Serve as a resource to faculty
		Carie		<ul style="list-style-type: none"> Perform a detailed review of alignment between course SLOs and PSLOs

LCC ACCREDITATION GAP ANALYSIS TRACKING SHEET

	GAP	RESPONSIBLE POSITION	STATUS	NOTES
		Carie		●Establish a standardized PSLO for all terminal associate degrees
		Carie		●Establish a standardized PSLO for all Transfer associate degrees
		Carie		●Establish recommendations as far as numbers of PSLOs for certificates and degrees
		Carie		●Communicate recommended standardized "target" percent
		Carie		●Revise and update SLO Handbook Annually
		Carie		●Work closely with Institutional Effectiveness and Instructional Designer to integrate SLO assessment software
		Carie		●Develop procedure to update PSLO maps with each Program curriculum change and course SLO maps with any changes to course SLOs
38	How to "Close the loop" for courses not offered every term or even every year	Curriculum; Senate; VPAS; Deans		●How to flag for instructors to revisit the recommendation of changes form the previous course offering?
		Curriculum; Senate; VPAS; Deans		●Make sure recommendation changes are included in the next course offering and identify if student achievement improved.

LCC ACCREDITATION GAP ANALYSIS TRACKING SHEET

	GAP	RESPONSIBLE POSITION	STATUS	NOTES
		Curriculum; Senate; VPAS; Deans		●Do we recommend review in recommended annual updates? Or, dose it need to be a required task?
		Curriculum; Senate; VPAS; Deans		(from page 12 of response to ACCJC, 4-26-21)
39	SLO Concerns			
40	Do we need to keep old SLO maps?	Curriculum; Randy		Would ACCJC want to see them for any reason?
41	How do SLO Maps get efficiently stored so faculty can readily update them with each curriculum related change made?	Curriculum; Randy		Need faculty to see that keeping maps updated needs to occur with every program curriculum change or course SLO change.
42	How would maps integrate with software?	Curriculum; Randy		Do software systems have a means to track and house maps or would they exist in their own files which the data would just be inputted into SLO Assessment software?
43	How to maximize use of Curriculum Technician time in managing SLO maps?	Curriculum; Randy		

2020 August Flex Days Schedule

Day 1 August 12th, Wednesday

presented by

9:00 - 9:30	Introduction	Cheryl Aschenbach
9:30 - 10:30	Engaging students Online	Kysandra Callison
10:30 - 11:30	Equity Minded Online Instruction	Robert Stewart
11:30 - 13:00	Lunch Break	
13:00 - 14:30	Canvas Accessibility Training (Day 1)	Liesl Madrona
14:30 - 14:50	Break time	
14:50 - 15:50	Canvas Training	Colleen Baker

Day 2 August 13th, Thursday

presented by

9:00 - 10:00	Mental Health Awareness	Seaira Harrington
10:00 - 10:10	Stress relieving meditation	Carrie Nyman
10:10 - 10:30	Break time	
10:30 - 11:30	How to make your SLO's/AUO's work for you	Lisa Gardiner Chad Lewis Alison Somerville
11:30 - 13:00	Lunch Break	
13:00 - 14:30	Canvas Accessibility Training (Day 2)	Liesl Madrona
14:30 - 14:50	Break time	
14:50 - 15:50	IPR Orientation/ Planning Overview	Carie Camacho Roxanna Haynes

Day 3 August 14th, Friday

presented by

9:00 - 10:00	COVID-19 and its impact on you and your union	Alan Frey
10:00 - 10:10	Stress relieving meditation	Carrie Nyman
10:10 - 10:30	Break time	
10:30 - 11:00	COVID-19 general health information	Christi Myers
11:00 - 11:30	COVID-19 campus preparation	Dr. Joslin Chrisdee Pelfrey
11:30 - 13:00	Lunch Break	
13:00 - 14:30	Canvas Accessibility Training (Day 3)	Liesl Madrona
14:30 - 14:50	Break time	
14:50 - 15:50	Canvas Training	Colleen Baker

Zoom Information and Link

Zoom Setup Instructions

- You can watch [this video](#) to see instructions of downloading Zoom to your computer from the [Zoom website](#).
- When it is time for the meeting, [click here](#) to enter the Zoom meeting room or click “join” on the Zoom meeting software and use the meeting ID: **934 774 954 18**. Watch [this video](#) for a step-by-step instruction.
- If you prefer to copy and paste the Zoom meeting link into your browser, here is the URL: <https://cccconfer.zoom.us/j/93477495418>
- All 3 days of the 2020 August Flex Activities will be conducted in the same Zoom room.

General Zoom Participation Rules

1. Please **turn on your video** and **mute your audio**.
**You can do these by [clicking the audio/video icon](#) at the bottom of the Zoom interface.
2. If you have any questions or concerns during the meeting, please feel free to type in the Chat window or ask the question during the Q&A time. Our presenters will try their best to address them.
**The [Chat window](#) is in the tool bar at the bottom of the Zoom interface.
3. Please **be respectful** to the presenters and others, and **limit distractions** during the presentations.

----- If you need help, please contact Yuting at ylin@lassencollege.edu -----

2020 August Flex Activities Description

Engaging Students Online

8/12 (Wed) 9:30 - 10:30

presented by Kysandra Callison (LCC faculty)

Exploring tips, techniques and ideas for creating a Canvas platform that keeps your students engaged, participating and learning. Use the Canvas built-in tools to build a flexible platform that can be used for every subject. Incorporate external content, assessments, activities, and individual and group exercises to present any material to any age group. Exercise full control over the material and the environment. Be creative, motivate students and have fun.

How to Make your SLOs/AUOs work for you

8/12 (Thurs) 10:30 - 11:30

presented by Lisa Gardiner, Chad Lewis, and Alison Somerville (LCC Accreditation Tri-Chairs)

We will be reviewing the importance of SLOs/AUOs, how they can work for your program, and look at mapping of SLOs/AUOs to the mission. Doesn't this sound exciting? This breakout session can save you time from having to do this review outside of your work day. [Accreditation Standard 2 (I.B.2, I.B.4, II.A.3, II.A.11, II.A.14)].

Canvas Training

8/12 (Wed), 8/14 (Fri) 14:50 - 15:50

presented by Colleen Baker (LCC faculty)

The two Canvas Training will be covering the same content. This workshop is an introduction to Canvas course development and is intended for novice Canvas users. Topics covered will be: Where to find your Canvas course, emailing students from Canvas, creating a page that links to a website or saved file, creating an assignment, creating a forum discussion, entering student grades and comments, how to see student participation through Course Analytics, how to submit grades via Canvas, and how to use Zoom via Canvas.

Mental Health Awareness

8/13 (Thurs) 9:00 - 10:00

presented by Seaira Harrington (LCC Behavioral Health Program Manager)

This presentation will provide an overview on college student mental health awareness. How to recognize signs and how to assist students with mental health issues. Seaira will provide additional resources and share what the Behavioral Intervention Team (BIT) has been working on for LCC.

IPR Orientation/Planning Overview

8/13 (Thurs) 14:50 - 15:50

presented by Carie Camacho and Roxanna Haynes (LCC Interim Deans of Instruction)

This session will be a broad overview of what is required to address IPR highlights such as critical content, deadlines, and appropriate documents for first time faculty or a veteran who needs a refresher. Input of suggestions to refine the process will be encouraged. [Accreditation Recommendation 1 (I.A.3, I.B.5, I.B.6, I.B.8, I.B.9, II.A.2, II.C.1, III.D.1)]

COVID-19 and its impact on you and your union

8/14 (Fri) 9:00 - 10:00

presented by Alan Frey (CTA Region 2 Representative for the LCFA)

With the pandemic crisis continuing it is vital that faculty know what their rights are and what the union is doing to protect your health and welfare as you begin the fall semester. We will cover what the Governor and the Chancellor's office dictates as well as the legal rights of faculty and the union to insure the safety of your profession.

Canvas Accessibility Training

Learn how to evaluate courses for accessibility and apply accessibility!

8/12 (Wed), 8/13 (Thurs), and 8/14 (Fri) 13:00 - 14:30

Webinar Series Description & Details

In an online course, you never know what abilities your students may have. Build proactively to ensure all of your students have the opportunity to be successful. Applying accessibility is another layer of design, but managing accessibility is a lot easier in Canvas! Learn the most effective approach to training faculty in Canvas accessibility and creating accessible course content.

Participants will learn how to determine the best format for delivering content (should remain as a PDF, in a Word Doc, or a Canvas page?), explain how formatting impacts assistive technologies' ability to access and interpret information, utilize the Rich Content Editor to properly format content pages using the acronym 'LIST', and provide accessible to instructional video materials.

California Community Colleges' Accessibility Center's instructional designer, Liesl, is here to make your lives easier! *Exclusive to participants, you will receive access to the free following digital goodies:*

- Newly updated UDOIT-approved Canvas course layouts to provide faculty an accessible foundation for faster course design
- Downloadable Windows and Mac-friendly easy HTML plug-n-play HTML code cheat sheets to help faculty independently refresh the look of their course and provide efficient page organization for students (yes - all created with accessibility in mind!)

Outcomes

- Determine the best format/strategy for delivering content, whether it should remain as a PDF, in a Word Doc, or a Canvas page.
- Explain how formatting impacts assistive technologies' ability to access and interpret information.
- Utilize the Rich Content Editor to properly format content pages using the acronym 'LIST'.
- Run the Canvas' Page Accessibility Checker/LMS Accessibility Checker and interpret its results to remediate inaccessible instructional materials.

Presented by **Liesl Madrona**

Ms. Madrona, M.Ed. in Learning Design & Technology, is an Instructional Designer Accessibility Specialist for the Accessibility Center, a grant project funded from the California Community Colleges Chancellor's Office and located at the CCC Technology Center at Butte College. Ms. Madrona focuses on designing and developing online self-paced accessibility micro-courses for professional development. Ms. Madrona's passion to create equitable courses led her to other vital projects in the CCC system.

This training is provided by [CCC Accessibility Center](#)

How to make your SLO's/AUO's work for you

Student Learning Outcomes (SLOs) are a best practice of quality instruction, and a key component of Accreditation Standards identified by the Accrediting Commission for Community and Junior Colleges (ACCJC). Utilizing SLO assessment, and evaluation processes can **aid you and your students by enhancing your instruction**, and benefits all of us; students, faculty, staff, administration, and the community by **maintaining an accredited institution**.

LCC has received the sanction of “Warning” from ACCJC

- ▶ **Sanctions:** serve as an indicator of the severity of noncompliance by an institution. The determination is based upon the conditions of the college, and its history of compliance with standards. Institutions are advised that the U.S. Department of Education requires recognized accrediting bodies to terminate accreditation when an institution is determined to be out of compliance with any Eligibility Requirement, Accreditation Standard, or Commission policy.
- ▶ **Warning.** An institution has been determined by the Commission not to meet one or more standards, the deficiencies lead to serious noncompliance with the Standards, and Reaffirmation for 18 months is not warranted.

▶ *Policy on Commission Actions on Institutions, ACCJC*

SLO Assessment

Really, SLO's??? WHY!!!

(Because SLOs are referenced as part of the 12 Recommendation ACCJC has tasked us with for improvement to maintain Accreditation.)

- Recommendation 2: In order to meet the standard, the team recommends the College regularly **assess student learning outcomes at the course, program, and institutional level** (TR-18, 19, 20)

Course SLO Assessment

Current negotiated process:

[Instructional Faculty responsibilities include:]

Participating in Student Learning Outcome (SLO) Assessment to include the:

- ▶ Preparation and submission of an **SLO Assessment Plan for each class within one week of the first meeting of the class.**
- ▶ Implementation of the assessment method as indicated on the SLO Plan for each class, and
- ▶ **Submission of the (a) results of the assessment method and (b) steps taken as result of the assessment within eight (8) District business days after the last day of finals.**
- ▶ Both submissions will be made in accordance with District tracking procedures (i.e., may be paper-based or electronic).

LCFA CBA 7.2.17

Course SLO Assessment Form

SLO Assessment Form
gets emailed to Sue
Kelley at:
[LCCacademicservices@
lassencollege.edu](mailto:LCCacademicservices@lassencollege.edu)

At the beginning of the
term you submit the
highlighted information,
at the end of the term
you complete the
remainder of the form
and email it to Sue a
second time; fully
completed.

Semester:

Subject:

Course Number:

Section Number:

SLO Number (e.g. 1):

Number of Students Assessed:

Number of Students who Achieved SLO Target:

Assessment Method (e.g. course project):

Proposed Action (Describe action to facilitate change):

Name (last, first):

Course SLO locations

- ▶ Course SLOs are listed in course outline
 - ▶ Course outlines are located

Academics

- Degree and Certificates
- Program/Certificate Requirements
- 2 Year Academic Plans
- Program Costs
- Course Outlines

- ▶ Revising Course SLOs requires Curriculum Committee Action

Course SLO

Targets and Measurements (Assessment Methods) (you need to know these to complete the SLO Assessment form)

- ▶ Targets (standards you expect students to meet) and course measurements (assessment methods) are located on SLO maps... located in the portal:

- ▶ www.lassencollege.edu

LCC Portal:>Faculty And Staff>SLO

In the left hand column, under "AUO and course SLO Mappings" listed by course

Click on course

Course Maps

- Targets and Measurements are located in the right column on the SLO map:

LASSEN COMMUNITY COLLEGE

COURSE SUBJECT & NUMBER: BIOL 1

COURSE TITLE: Principles of Molecular & Cellular Biology

Indicate, by number, the Institutional Student Learning Outcome(s) and the General Education Student Learning Outcomes(s) each Student Learning Outcome will support. Specifically describe the assessment method(s) used to measure each outcome and the achievement target that will determine successful completion of the outcome.

ISLO	GESLO	SLO	ASSESSMENT MEASURE /TARGET
1, 2	1, 2, 6,7	Apply the scientific method by stating a question; researching the topic; determining appropriate tests; performing tests; collecting, analyzing, and presenting data; and finally proposing new questions about the topic.	Measure: Project Target: 70% of students will achieve 70% or higher.

Course Maps: Improvements needed...

- ▶ Current course maps need to be updated
- ▶ Some courses are not mapped
- ▶ Fall 2020 Convocation we will have a Course mapping activity using an updated form.
- ▶ Becoming aware of the current mapping form will provide context for the convocation activity
- ▶ If you don't find a mapping for your course, this is the time to start drafting one for submission. See prior completed maps for ideas. Bring your questions to Convocation.

SLO Assessment Submission Recap: What? When? Where?

- SLO Assessment Form location:

www.lassencollege.edu

LCC Portal:>Faculty And Staff>SLO

Under “Documents” in the Center Column click on:

“Blank SLO Assessment Form”

- Within the first week of course- Complete top 5 items on form
- Within 8 days of last day of finals complete the remainder of the form
- **At beginning and end of term Submit form to Sue Kelley at:**
LCCacademicservices@lassencollege.edu

Course Mapping

What about Program and Institutional SLOs assessment (from Recommendation 2)?

- ▶ Mapping course SLOs to program SLO's, Institutional SLOs (GESLOs where appropriate) and the LCC Mission and...
- ▶ Including this in Instructional Program Reviews to be used in our planning processes
- ▶ Enables us to meet ACCJC recommendations that are more broad....

SLO>PSLO>ISLO>GESLO>Mission

- ▶ Recommendation 1: In order to meet the standard, the team recommends the College **assess the accomplishment of its mission through program review, student learning outcomes, and student achievement.** The College must engage in continuous, broad-based, systematic evaluation and planning by conducting and implementing program review and resource allocation into a comprehensive process that, in turn, leads to improvement of **institutional effectiveness and academic quality.** The College must broadly communicate the results so that the institution has a shared understanding of its strengths and weaknesses and sets appropriate priorities (TR-17, 18, 20, 30, 35)

Draft SLO Mapping Form

– Upcoming Accreditation Activity Preview

LASSEN COMMUNITY COLLEGE PROGRAM / SLO MAPPING:

COURSE SUBJECT & NUMBER:

COURSE TITLE:

Program relationship to Mission (check all that apply):

Transfer

Economic/Workforce Development

Basic Skills

SLO MAPPING:

Indicate, by number, the Program Student Learning Outcome, Institutional Student Learning Outcome(s) and the General Education Student Learning Outcome/s (where applicable) each Course Student Learning Outcome will support. Specifically describe the assessment method(s) used to measure each outcome and the achievement target that will determine successful completion of the outcome.

Course Number	COURSE SLO(s)	PSLO	ISLO	GESLO	Measurement
	1.				Measure: Target: 80% of students will achieve 70% or higher.
	2.				
	3.				
	4.				
	5.				

Mapping involves looking at each Student Learning Outcome/Mission area and making associations between them:

- Course SLO (SLO)
- Program SLO (PSLO)
- Institutional ISLO (ISLO)
- General Education SLO (GESLO)
- Mission

PSLOs are found:

Institutional Effectiveness

Outcomes Assessment

- ▶ [Program Student Learning Outcomes](#)
- ▶ Are they linked to ISLO?

Institutional Student Learning Outcomes

ISLOs

- Institutional Student Learning Outcomes
- (Revised by Consultation Council -March 19, 2009 and Academic Senate- March 23, 2009)
- Upon the completion of any course, educational activity or program, the student will demonstrate improvement in one or more of these areas:
- **ISLO 1: Communication**
Ability to listen and read with comprehension and the ability to write and speak effectively.
- **ISLO 2: Critical Thinking**
Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome.
- **ISLO 3: Lifelong Learning**
Ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems.
- **ISLO 4: Personal/Interpersonal Responsibility**
Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures.
- Strategic Goal Alignment

General Education Student Learning Outcomes GESLOs

- ▶ Lassen College has developed local GE SLO's to be considered when submitting a course through the curriculum process.
- ▶ The purpose of general education is to provide a diverse and well round educational experience across disciplines. Those courses can support our mission and Institutional Student Learning Outcomes by preparing students to communicate effectively, think critically, develop and apply personal/interpersonal responsibility, and encourage life long learning.
- ▶ The purpose of measuring GE SLO's is to improve our GE curriculum. As a result of that process it helps to fulfil our mission to provide quality transfer, career technical, basic skills programs that prepare students to succeed.

General Education SLOs (GESLOs)

- ▶ **General Education Student Learning Outcomes**
- ▶ **GESLO 1:** Understand and apply methods of inquiry for a variety of disciplines including the scientific method for scientific inquiry and appropriate methods for social and behavior science inquiries.
- ▶ **GESLO 2:** Explain and analyze relationships between science and other human activities.
- ▶ **GESLO 3:** Apply knowledge of the ways people act and have acted in response to their societies to express an appreciation for how diverse societies and social subgroups operate to understand social dynamics within historical and contemporary communities.
- ▶ **GESLO 4:** Understand ways in which people throughout the ages and in Western and non-Western cultures have responded to themselves and the world around them in artistic and cultural creation; apply this knowledge to make value judgments on cultural activities and artistic expressions and demonstrate an understanding of the interrelationship between the creative arts, the humanities and self.
- ▶ **GESLO 5:** Engage in verbal communication by participating in discussions, debates, and oral presentations utilizing proper rhetorical perspective, reasoning and advocacy, organization, accuracy, and the discovery, critical evaluation and reporting of information.
- ▶ **GESLO 6:** Compose effective written communications and essays with correct grammar, spelling, punctuation and appropriate language, style and format utilizing academically accepted means of researching, evaluating and documenting sources within written works.
- ▶ **GESLO 7:** Analyze, evaluate and explain theories, concepts and skills within varied disciplines using inductive and deductive processes and quantitative reasoning and application.
- ▶ **GESLO 8:** Demonstrate appreciation of themselves as living organisms through their choices for physical health, activities, stress management, relationships to the social and physical environment, and responsible decision-making.

LCC Mission

➤ Mission:

Lassen Community College provides outstanding programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The College serves diverse students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.

Easier Tracking and Reporting???

2020 August Flex Days Schedule

Day 1 August 12th, Wednesday

presented by

9:00 - 9:30	Introduction	Cheryl Aschenbach
9:30 - 10:30	Engaging students Online	Kysandra Callison
10:30 - 11:30	Equity Minded Online Instruction	Robert Stewart
11:30 - 13:00	Lunch Break	
13:00 - 14:30	Canvas Accessibility Training (Day 1)	Liesl Madrona
14:30 - 14:50	Break time	
14:50 - 15:50	Canvas Training	Colleen Baker

Day 2 August 13th, Thursday

presented by

9:00 - 10:00	Mental Health Awareness	Seaira Harrington
10:00 - 10:10	Stress relieving meditation	Carrie Nyman
10:10 - 10:30	Break time	
10:30 - 11:30	How to make your SLO's/AUO's work for you	Lisa Gardiner Chad Lewis Alison Somerville
11:30 - 13:00	Lunch Break	
13:00 - 14:30	Canvas Accessibility Training (Day 2)	Liesl Madrona
14:30 - 14:50	Break time	
14:50 - 15:50	IPR Orientation/ Planning Overview	Carie Camacho Roxanna Haynes

Day 3 August 14th, Friday

presented by

9:00 - 10:00	COVID-19 and its impact on you and your union	Alan Frey
10:00 - 10:10	Stress relieving meditation	Carrie Nyman
10:10 - 10:30	Break time	
10:30 - 11:00	COVID-19 general health information	Christi Myers
11:00 - 11:30	COVID-19 campus preparation	Dr. Joslin Chrisdee Pelfrey
11:30 - 13:00	Lunch Break	
13:00 - 14:30	Canvas Accessibility Training (Day 3)	Liesl Madrona
14:30 - 14:50	Break time	
14:50 - 15:50	Canvas Training	Colleen Baker

Zoom Information and Link

Zoom Setup Instructions

- You can watch [this video](#) to see instructions of downloading Zoom to your computer from the [Zoom website](#).
- When it is time for the meeting, [click here](#) to enter the Zoom meeting room or click “join” on the Zoom meeting software and use the meeting ID: **934 774 954 18**. Watch [this video](#) for a step-by-step instruction.
- If you prefer to copy and paste the Zoom meeting link into your browser, here is the URL: <https://cccconfer.zoom.us/j/93477495418>
- All 3 days of the 2020 August Flex Activities will be conducted in the same Zoom room.

General Zoom Participation Rules

1. Please **turn on your video** and **mute your audio**.
**You can do these by [clicking the audio/video icon](#) at the bottom of the Zoom interface.
2. If you have any questions or concerns during the meeting, please feel free to type in the Chat window or ask the question during the Q&A time. Our presenters will try their best to address them.
**The [Chat window](#) is in the tool bar at the bottom of the Zoom interface.
3. Please **be respectful** to the presenters and others, and **limit distractions** during the presentations.

2020 August Flex Activities Description

Engaging Students Online

8/12 (Wed) 9:30 - 10:30

presented by Kysandra Callison (LCC faculty)

Exploring tips, techniques and ideas for creating a Canvas platform that keeps your students engaged, participating and learning. Use the Canvas built-in tools to build a flexible platform that can be used for every subject. Incorporate external content, assessments, activities, and individual and group exercises to present any material to any age group. Exercise full control over the material and the environment. Be creative, motivate students and have fun.

How to Make your SLOs/AUOs work for you

8/12 (Thurs) 10:30 - 11:30

presented by Lisa Gardiner, Chad Lewis, and Alison Somerville (LCC Accreditation Tri-Chairs)

We will be reviewing the importance of SLOs/AUOs, how they can work for your program, and look at mapping of SLOs/AUOs to the mission. Doesn't this sound exciting? This breakout session can save you time from having to do this review outside of your work day. [Accreditation Standard 2 (I.B.2, I.B.4, II.A.3, II.A.11, II.A.14)].

Canvas Training

8/12 (Wed), 8/14 (Fri) 14:50 - 15:50

presented by Colleen Baker (LCC faculty)

The two Canvas Training will be covering the same content. This workshop is an introduction to Canvas course development and is intended for novice Canvas users. Topics covered will be: Where to find your Canvas course, emailing students from Canvas, creating a page that links to a website or saved file, creating an assignment, creating a forum discussion, entering student grades and comments, how to see student participation through Course Analytics, how to submit grades via Canvas, and how to use Zoom via Canvas.

Mental Health Awareness

8/13 (Thurs) 9:00 - 10:00

presented by Seaira Harrington (LCC Behavioral Health Program Manager)

This presentation will provide an overview on college student mental health awareness. How to recognize signs and how to assist students with mental health issues. Seaira will provide additional resources and share what the Behavioral Intervention Team (BIT) has been working on for LCC.

IPR Orientation/Planning Overview

8/13 (Thurs) 14:50 - 15:50

presented by Carie Camacho and Roxanna Haynes (LCC Interim Deans of Instruction)

This session will be a broad overview of what is required to address IPR highlights such as critical content, deadlines, and appropriate documents for first time faculty or a veteran who needs a refresher. Input of suggestions to refine the process will be encouraged. [Accreditation Recommendation 1 (I.A.3, I.B.5, I.B.6, I.B.8, I.B.9, II.A.2, II.C.1, III.D.1)]

COVID-19 and its impact on you and your union

8/14 (Fri) 9:00 - 10:00

presented by Alan Frey (CTA Region 2 Representative for the LCFA)

With the pandemic crisis continuing it is vital that faculty know what their rights are and what the union is doing to protect your health and welfare as you begin the fall semester. We will cover what the Governor and the Chancellor's office dictates as well as the legal rights of faculty and the union to insure the safety of your profession.

Canvas Accessibility Training

Learn how to evaluate courses for accessibility and apply accessibility!

8/12 (Wed), 8/13 (Thurs), and 8/14 (Fri) 13:00 - 14:30

Webinar Series Description & Details

In an online course, you never know what abilities your students may have. Build proactively to ensure all of your students have the opportunity to be successful. Applying accessibility is another layer of design, but managing accessibility is a lot easier in Canvas! Learn the most effective approach to training faculty in Canvas accessibility and creating accessible course content.

Participants will learn how to determine the best format for delivering content (should remain as a PDF, in a Word Doc, or a Canvas page?), explain how formatting impacts assistive technologies' ability to access and interpret information, utilize the Rich Content Editor to properly format content pages using the acronym 'LIST', and provide accessible to instructional video materials.

California Community Colleges' Accessibility Center's instructional designer, Liesl, is here to make your lives easier! *Exclusive to participants, you will receive access to the free following digital goodies:*

- Newly updated UDOIT-approved Canvas course layouts to provide faculty an accessible foundation for faster course design
- Downloadable Windows and Mac-friendly easy HTML plug-n-play HTML code cheat sheets to help faculty independently refresh the look of their course and provide efficient page organization for students (yes - all created with accessibility in mind!)

Outcomes

- Determine the best format/strategy for delivering content, whether it should remain as a PDF, in a Word Doc, or a Canvas page.
- Explain how formatting impacts assistive technologies' ability to access and interpret information.
- Utilize the Rich Content Editor to properly format content pages using the acronym 'LIST'.
- Run the Canvas' Page Accessibility Checker/LMS Accessibility Checker and interpret its results to remediate inaccessible instructional materials.

Presented by **Liesl Madrona**

Ms. Madrona, M.Ed. in Learning Design & Technology, is an Instructional Designer Accessibility Specialist for the Accessibility Center, a grant project funded from the California Community Colleges Chancellor's Office and located at the CCC Technology Center at Butte College. Ms. Madrona focuses on designing and developing online self-paced accessibility micro-courses for professional development. Ms. Madrona's passion to create equitable courses led her to other vital projects in the CCC system.

Subject: IPR Orientation materials
Date: Thursday, October 15, 2020 11:58:57 AM
Attachments: [IPR Overview Presentation.pptx](#)

Hi Everyone,

We held our IPR Orientation this morning. If you missed it and would like to review the Power Point presentation or watch the recorded Zoom session, I've included them in this email. Please let me know if you have any questions.

Have a great day. Carie

Topic: IPR Orientation
Date: Oct 15, 2020 08:18 AM Pacific Time (US and Canada)

IPR ORIENTATION

October 15, 2020

Why do IPR's???

Instructional Program Review (IPR) built on the analysis of data including the assessment of student learning and outcomes, as required by ACCJC, is an integral part of the total process of integrated planning driving institutional decisions including budget allocation at Lassen College.

The recommendations from each program review provide the basis for informed decision-making for academic planning, human resource planning, student services planning, technology planning and facilities planning and are incorporated into the LCC Comprehensive Institutional Master Plan as well as individual Master Plans.

The IPR process allows for dialogue between faculty, staff and administration regarding the status and future of an instructional program.

The lack of completion of IPR's was a huge concern for ACCJC as IPR's, along with SLO's, need to be the driving force in decision making. By not completing these documents, we're essentially telling ACCJC we do not plan.

- Transfer instructional programs are required to complete an IPR every 4 years
- Career/technical instructional programs are required to complete an IPR every 2 years
- A complete IPR is considered to be a one-year process.
- IPR's rely on:
 - data provided by the Office of Institutional Effectiveness
 - Self-evaluation based on evaluation of sound quantitative and qualitative data, provided by the Office of Instructional Effectiveness and faculty input
 - Feedback from student evaluations
 - Assessment results from student learning outcomes and dialog based on the outcome assessment results

IPR Senate Assigned Mentors:

Fine Arts (Including Art History/Studio Art) – Adam Runyan

Humanities (Including English) – Colleen Baker

Developmental Studies – Andy Rupley, Yuting Lin

Mathematics/Natural Science – Colleen Baker, Yuting Lin

Physical Education Athletics – Andy Rupley, Yuting Lin

Fire Technology – Tom Downing

Gunsmithing – Tom Downing

Human Services – Andy Rupley

Allied Health – Cleeste Wiser

Welding – Adam Runyan

Administration of Justice – Colleen Baker

Automotive Technology – Colleen Baker

Agriculture – Adam Runyan

Child Development – Andy Rupley

Digital Graphic Design – Adam Runyan

Senate IPR Mentors help the discipline faculty stay on track with the IPR timeline. Senators will use an IPR rubric to use while working with the faculty.

TIMELINE FOR IPRS IN-SEQUENCE (ON TIME)

Fall (year prior to IPR due date)	Activities
September	<ul style="list-style-type: none">• CTE Faculty: Review/Update Advisory Board Roster (Changes require Board of Trustee Action) Send updated roster to President's Office by 10-2-20 to be put on Board Agenda for October• (optional to submit) IPR Annual Updates due
October	<ul style="list-style-type: none">• Receive IPR Data• Complete IPR Orientation• Student Evaluation #1 administered and compiled by the Office of Institutional Effectiveness• Consider Initial meeting with IPR Team and Academic Senate Mentor<ul style="list-style-type: none">○ Begin Curriculum Review<ul style="list-style-type: none">▪ Review/Update curriculum including; Examine Course Outline of Record: currency of text (within last 7 years for transfer courses), course offering timeline (2 year plan), relevancy of student learning outcomes, construct SLO maps• CTE Faculty: Updated Advisory Roster approved at Board of Trustees Meeting• CTE Faculty: Schedule Advisory Board Meeting
November	<ul style="list-style-type: none">• Continue IPR Team meeting(s)• CTE Faculty: Hold Advisory Board Meeting: Curriculum changes require Advisory Board action

TIMELINE FOR IPRS IN SEQUENCE (ONTIME) CONTINUED...

Spring (semester prior to IPR due date)

Activities

January

- Draft IPR document
- Prepare curriculum for submission to Curriculum Committee next month. Early submission encouraged

February

- Student Evaluation #2 administered and compiled by the Office of Institutional Effectiveness
- Inclusion of Student Evaluation #2 data into IPR Document
- Submission of course reviews/revision to Curriculum (the earlier the better) Textbook changes effective for Fall must be submitted to Curriculum Committee by end of February to be incorporated in Datatel for Fall registration.

March-April

Draft/edit IPR

May

Draft of IPR to Senate for review and input

Fall (IPR Submission)

Activities

August

Finalized IPR submitted to Academic Senate and Academic Dean for acceptance

September

Senate approved IPR submitted to Board of Trustees

October

IPR recommendations to planning committees

ACCJC site visit with review of IPR documents completed as scheduled

**LASSEN COMMUNITY COLLEGE EDUCATIONAL MASTER
PLAN**

2020-2025

Section IV – Five Master Plans

1. Educational Master Plan and Academic Staffing Plan

I. INTRODUCTION

From its establishment in 1925, Lassen Community College has provided comprehensive educational program offerings. Beginning in 1935 with the Forest Technology program, the college has developed and revised a mix of academic and career technical programs appropriate to the mission of a California Community College. Originally built as one of the state’s “small but necessary” campuses, the college continues to provide comprehensive educational programs, in spite of its small size.

The college is committed to providing quality education offerings that meet the diverse needs of its student population. The college currently offers forty (40) associate degrees twenty-two (22) certificates of achievement, and seventeen (17) certificates of accomplishment within twenty-five (25) credit programs. Two (2) Certificate of Achievements were added in the areas of Small Business Management (2019-2020) and Geographical Information Systems (2020-2021). In 2019-2020, 266 associate degrees, 125 certificates of achievement and 16 certificates of accomplishment were awarded. A complete list of degrees and certificates can be found in the LCC Catalog.

II. ACADEMIC PLANNING COMMITTEE

The Educational Master Planning Committee, comprised of two division chairs, Lead Counselor, Chief Instructional Officer, Dean of Instruction, Chief Student Services Officer, a curriculum committee representative, Academic Senate President, two classified representatives, and two management representatives, is charged with the responsibility of addressing instructional planning needs for the college. The committee develops the Educational Master Plan and meets to discuss and make recommendations regarding present and future needs to sustain academic excellence.

Guided by the mission statement and strategic goals approved by the Governing Board, the Academic Planning Committee relies on recommendations from instructional program reviews to inform the development of the Educational Master Plan. The Educational Master Plan consists of five Annual Action Plans covering each Academic Year from 2020-2021 to 2024-2025. The Annual Action Plans are reviewed and updated annually in the fall term. The five-year plan is presented to Consultation Council by the Educational Master Planning Committee for approval prior to its presentation to the Facilities, Institutional Technology, Human Resources, Student Services, and Institutional Effectiveness Master Plans for incorporation into their respective plans.

EDUCATIONAL MASTER PLANNING COMMITTEE MEMBERSHIP:

The following individuals served as members of the 2020-2021 Educational Master Planning Committee:

Carie Camacho – Chief Instructional Officer
Roxanna Haynes – Instructional Dean
Brady Reed – Chief Student Services Officer
Andy Rupley - Division Chair, Science/Business
Lisa Gardiner - Division Chair, Humanities /Social Science
Chad Lewis – Representative from the Curriculum/Academic Standards Committee
Adam Runyan – Academic Senate President
Alison Somerville – Lead Counselor
Motare Ngiratmab – Classified Member
Michael Blaschak, Classified Member
Terry Bartley – Management Member
Michell Williams, Management Member
David Corley, Institutional Effectiveness
Bridget Gowin, Management Member (ALT)

III. 2020-2025 ACADEMIC ENCOMPASSING ELEMENTS

The Educational Master Plan articulates a pathway to maximize the student experience through five all-encompassing elements: Professional Development, Capacity Building, Program Development, Outreach Implementation, and Vision: Institutional Development. This pathway is the driving force behind all college planning and implements the college mission statement, identifies recommendations made through instructional program reviews, and utilizes strategic goals approved by the Governing Board.

Element I – Professional Development

People are our most important asset. In this regard, it is imperative that faculty, staff and administrators have support to maintain currency through discipline-specific development opportunities in addition to training on emerging technologies and techniques, curriculum design, assessment of student learning outcomes, and adult learning theory.

Element II - Capacity Building

Today's educational environment requires colleges to deliver curriculum in alternative and innovative ways. As a result, the college recognizes the need for relevant technology. The college continues to build its capacity in classroom technology, increasing the number of classroom computers, and in providing professional development.

Element III --- Program Development

Strengthening and enhancing existing programs, as well as developing new programs, will sustain Lassen Community College's educational leadership in Northern California. The incarcerated student program is growing to include multiple degrees with delivery of face-to-face education on three yards at High Desert and one yard at CCC. Additionally we serve the fire house students who also reside at CCC. The Healthcare programs have expanded to include MA, LVN, EMT, CNA and Phlebotomy. The College is currently examining with individual school districts in Plumas and Modoc counties, new partnerships that will provide for additional concurrent and dual enrollment programs. The College is exploring exciting partnership opportunities with the University of California Merced. Dual Credit, Certificate and pathway programs in short-term vocational disciplines are being developed with Lassen High School. Fire Science has finalized contracts with CalFire and the US Forest Service. A CalFire Academy is continuing to grow as well as our on-campus program. Welding and Auto Technologies have developed curriculum to further advance their programs. The Auto Technology Program has obtained ASE Education Foundation accreditation.

The general education programs are strong and growing in the areas of distance education and asynchronous/synchronous education.

Element IV – Outreach Implementation

Lassen College serves a large geographic region and has a commitment to provide necessary training opportunities to all of its constituents. Currently under consideration, there are two different approaches to meet the community needs: continuing education and community service.

Element V – Capital Development

The pathway elements provide the foundation for continued institutional development. Visions expressed for consideration of growth, but not yet determined feasible include infrastructure upgrades such as: air conditioning, remodeling of instructional spaces, expanded area for Fire Science and Administration of Justice and upgraded fitness and athletic facilities.

ACADEMIC STAFFING PROPOSAL 2020-2025 (recommended staffing positions in priority order) In the case of position vacancies in Academic Services, positions are to remain budgeted until the need for position replacement is evaluated by VP of Academic Services, the Master Planning Committee and recommendations for filling or repurposing the position through the EMP.

Source	Strategic Goal	Line Item	Planning Agenda Item(s)	Implementation Timeframe	Estimated Cost	Expected Outcome	Unit Priority	Area Priority	Funding Source
Math IPR	2,3,4		1 FT Math Instructor	2018-19	\$84,000.00	Both on-campus and prison assignments	1	1	General
EMP	2,3,4		1 FT Geology/Physical Science Instructor	Fall 2018	\$84,000.00	Both on-campus and prison assignments	3	2	General
2014 Athletics IPR	2,3,4		1 Adjunct Cross-Country Coach	2015-16	\$15000 - \$25,000	Increased enrollment, co-ed sport	9	3	General
2017 Welding IPR	1		1 FT faculty	Fall 2019	\$84,000	Offer new courses for advanced manufacturing program/increase FTE's		4	General
2018 Natural Science IPR	2,3,4		Hire an additional Instructional Support specialist II to adjust additional faculty hires and mathematics lab activities	Spring 2019	\$40,000	Provide support for more student-centered opportunities in the classroom. Increased student success. Mitigation of student success issues arising from AB 705 problems		5	General
Athletic IPR	1,2,3,4		Paid Assistant Coaches	2018-19	\$40,000.00		10	6	General
EMP	1,2,3,4		1 FT Automotive Technology Instructor	2018-19	\$84,000.00	Anticipate increased enrollment because of NATEF certification	4	7	General
2016 Correspondence NIPR	2,4		Hire part time (20 hr. per wk.) Administrative Assistant I - Correspondence	2018-19	\$19,000.00	Student success	1	8	General
EMP	2,3,4		1 FT English/Speech Instructor	2018-19	\$84,000.00	Both on-campus and prison assignments	1	9	General
AGR IPR	1,2,3,4		1 FT Agriculture Instructor	2018-19	\$84,000.00		6	10	General
Vocational Nursing IPR	1,2,3,4		1 FT Health Occupation Instructor	2018-19	\$84,000.00		1a	11	General
EMP	1,2,3,4		1 FT Foreign Language Instructor	Fall 2018	\$84,000.00	Both on-campus and prison assignments	5	12	General
2020 Business IPR	1		1 FT Faculty	Fall 2020	\$84,000	Higher student completion		13	General
2020 Business IPR	3		1 Instructional Support Specialist 3	Summer 2020	unknown	Increased retention/completion		14	General

ACADEMIC BUDGET REQUESTS 2020-2025 (recommended one-time expenditures in priority order)

Source	Strategic Goal	Line Item	Planning Agenda Item(s)	Implementation Timeframe	Estimated Cost	Expected Outcome	Unit Priority	Area Priority	Funding Source
2019 Work Exp. IPR	3		Railings circling the top of internal stair well in Humanities need to be redesigned to reduce small child fall hazard.					1	General
2017 Welding IPR	1,4		Install ventilation for welding booths in TR102	Someday when convenient	\$80,000	Health/safety and expand student capacity		2	General
2017 Welding IPR	1,4		Improve the current ventilation system in TR103	Someday when convenient	\$40,000	Health and safety		3	General
2019 Work Exp. IPR	3		Assessment and correction of control inadequacies in HU 204, HU 205, and HU 206 is needed for students and staff comfort and health.					4	General
2014 Physical Education IPR	2,3		Budget a minimum of \$5,000 to purchase new equipment (or replace old equipment)	Immediate inclusion in budget process for 2015-2016 budget	\$5,000.00	Better functioning and safer machines; up-to-date equipment and technology	10	5	General
2014 Natural Science/Math IPR	2,3,4		Replace Autoclave	Fall 2018	\$9,600.00	Immediate need to replace aging equipment to provide current technology for instruction in laboratory science classes	2	6	General
2014 Athletics IPR	1,3,4		Purchase game ready control unit w/ ankle, knee & shoulder wraps	2018-19	\$3,600.00	Better healthcare treatment for athletes	2	7	General
2014 Athletics IPR	1,3		Add one Whirlpool to the Athletic Training Center Room w/ installation	2015-16	\$5,379.00	Allow more students to take advantage of the whirlpool therapy	4	8	General
2019 Admin of Justice IPR	4		Acquire driving and/or force option simulators that can be utilized for POST mandated and approved training course.	Fall 2020	\$30,000-\$50,000	Provide localized POST mandated training for local law enforcement.		9	General
2019 Work Exp. IPR	4		Update Work Experience Marketing Materials	Fall 2020	unknown	Provide potential Work Experience students, and student worksites with professional marketing materials to inform and recruit.		10	General
2017 Welding IPR	1		Add electrical drops for welding booths	Someday when convenient	\$5,000	Expand student capacity and increase graduation rates		11	General
2017 Welding IPR	1,4		Improve lighting TR102/TR103	Someday when convenient	\$5,000	Provide a working environment that enhances productivity		12	General

2014 Athletics IPR	2,4		Purchase an online video system such as HUDL	2018-19	\$3000 (5 or more teams)	This is helpful teaching tool for coaches. Sending more players to four year schools and recruiting future athletes.	9	13	General
2019 Admin of Justice IPR	3		Locate, renovate, or acquire dedicated instructional and /or lab space that can be utilized for multi-day training course and scenarios.	Fall 2020	unknown	Dedicated Educational.Lab space to house AJ program and training equipment		14	General
2020 Business IPR	4		Clean out storage	April 2020	unknown	ADA compliant		15	General
2020 Business IPR	4		Building emergency exit (?)	Summer 2020	unknown	Federal/State compliant		16	General
2020 Business IPR	3		Remove Fixtures	Summer 2020	unknown	Clean, neat, organized		17	General
2018 Natural Science IPR	1,4		Add a second small copier for student use in the central area of Math-Science building	2018-2019	unknown	Avoid FERBA violations and provide backup printer in the Math-Science building		18	General

ACADEMIC BUDGET REQUESTS 2020-2025 (recommended on-going expenditures in priority order)

Source	Strategic Goal	Line Item	Planning Agenda Item(s)	Implementation Timeframe	Estimated Cost	Expected Outcome	Unit Priority	Area Priority	Funding Source
2014 Athletics IPR	2,3		Repair/replace damaged athletic equipment in the fitness center	2018-19	\$20,000.00	Better functioning and safer machines; longer machine life span which decreases costs overall. Address health & safety concern! More professional and clean facility; safer surfaces; easier to clean and maintain; easier to prevent disease transmission.	8	1	General
2018 Natural Science IPR	4		Hazardous waste disposal (chemical and preserved specimens)	Ongoing/ annually	\$2,000	Provide safe and environmentally sound learning and working environment		2	General
2014 Athletics IPR	2,3,4		Add Cross Country program	2018-19	\$48,000.00	Increased enrollment, co-ed sport	9	3	General
2018 Natural Science IPR	1,3		Continue purchase of NETTUTOR	ongoing	Currently in budget	Provide tutoring opportunities leading to improved student success		4	General/ categorical
2014 Athletics IPR	2,3,4		Increase funds for recruitment	2018-19	\$10,000.00	Increased enrollment, more competitive teams	4	5	General
2014 Natural Science/Math IPR	2,3,4		Initiate a replacement of equipment budget for the natural science/mathematics program in order to systematically replace out-of-date	On-going for at least several years	\$10,000.00	Provide current technology for instruction in laboratory science classes	2	6	General

			equipment.						
2018 Natural Science IPR	2,4		Add equipment repair budget for biological and physical science	Ongoing	\$2,000	Timely repair of essential science equipment		7	General
2019 Work Exp. IPR	3		Update work Experience laptop and desktop computers and classroom Smart boards based on IT department replacement schedule to maintain currency in effectiveness in serving student needs.	unkown	unknown	Maintenance of instruction to students with current technology.		8	General
2019 Admin of Justice IPR	4		Increase directed advertisement and promotion of the AJ program.	Immediately and on-going	Minimal	Increase enrollment		9	General/ grant funded
2020 Business IPR	3		Data accuracy/relevance	2020/2021	unknown	More accurate and informative IPR		10	General
2020 Business IPR	4		Replace four instructor laptops	Beginning cycle Nov. 2020	unknown	Increased efficiency		11	General
2020 Business IPR	3		Clean/maintain rolling laptops	Beginning cycle Nov. 2020	unknown	Extended life		12	General
2020 Business IPR	4		Software updates on laptops	ongoing	unknown	Extended life and efficiency		13	General
2020 Business IPR	4		Projector maintenance (CCC, HDSP & On-campus)	ongoing	unknown	Extended life		14	General
2020 Business IPR	4		Smart board maintenance	ongoing	unknown	Extend life and student engagement		15	General
2020 Business IPR	4		Desk screens and keyboards	ongoing	unknown	Efficiency improvement		16	General

Items completed per October 2020 review

Source	Strategic Goal	Line Item	Planning Agenda Item(s)	Implementation Timeframe	Estimated Cost	Expected Outcome	Unit Priority	Area Priority	Funding Source
2015 Vocational Nursing IPR	1	1	1 FT Nursing Instructor	2018-19	\$84,000.00	Hire adequate staff according to projected FTW's for 30 students	1	1	General
ARC NIPR	1,2,3,4	6	FT ISS 1 - Library	Fall 2018	\$48,000.00	Allow Library to be opened extended hours. Student success.	7	6	General
2015 Vocational Nursing IPR	3	12	Make a Director of Allied Health position either full-time director to oversee all VN and all HO programs or allow Director 50% release time for	2018-19	\$7000 (addition to present \$25000 director stipend)	If one Director is over all Health Occupations programs, there will be better coordination and less duplication of supplies	4	12	General

LASSEN COMMUNITY COLLEGE INSTRUCTIONAL PROGRAM REVIEW

OVERVIEW and GOALS

Instructional Program Review (IPR) built on the analysis of data including the assessment of student learning and outcomes, as required by the state and the Western Association of Schools and Colleges (WASC) through the Accrediting Commission for Community and Junior Colleges (ACCJC), is an integral part of the total process of integrated planning driving institutional decisions including budget allocation at Lassen Community College. The recommendations from each program review provide the basis for informed decision-making for academic planning, human resource planning, student services planning, technology planning and facilities planning and are incorporated into the LCC Comprehensive Institutional Master Plan as well as individual Master Plans. The IPR process is an effective vehicle for accountability. Through this process, colleagues can cooperatively share ideas to strengthen the college's instructional programs. In addition, with the submission of completed program review documents to Consultation Council for review by all constituent groups, the IPR process allows for dialogue between faculty, staff and administration regarding the status and future of an instructional program.

The proposed model rests on the following assumptions:

1. Statistical data that is accurate and valid is necessary for an objective review and evaluation of instructional programs and must be included in an LCC IPR.
2. Statistical data alone (Cost per FTE, WSCH/FTE, etc.) is insufficient to evaluate and assign priority to institutional programs.
3. Combined subjective judgments or empirical results of qualified professionals are valid components of the total assessment of a program when combined with evaluation of statistical data.
4. Criteria used for the purpose of evaluating one program may not be necessarily appropriate for evaluating another program.
5. Priority shall be given to educational considerations over cost considerations without ignoring those cost considerations.

The program review process is an opportunity for faculty members to actively participate in the growth of their own programs and the growth of the college as a whole. Institutional planning and budget considerations will be based on the recommendations and justifications provided by this process.

REVIEW PROCEDURE

The faculty teaching within all transfer instructional programs and special academic programs at Lassen Community College will conduct a major review by completing an IPR once every four years. All career/technical instructional programs will conduct a major review by completing an IPR once every two years. Those programs including both transfer and terminal degrees will follow the career/technical two-year program review cycle. In addition, each recognized instructional program at Lassen Community College will be encouraged to complete an annual update. A complete IPR is considered to be a one-year process with curriculum review, student evaluation and assessment occurring during the fall semester and additional student evaluation, writing and acceptance of the written report occurring during the first half of the spring semester.

Instructional Program Reviews rely on:

- Data provided by the Office of Institutional Effectiveness
- Self-evaluation based on evaluation of sound quantitative and qualitative data, provided by the Office of Institutional Effectiveness, and faculty input
- Feedback from student evaluations
- Assessment results from student learning outcomes and dialog based on the outcome assessment results

A “fill-in” IPR template is provided in Attachment A of this document, and Attachment C of this document provides a student evaluation to be used in IPR completion. Programs may modify the student evaluation to gather information specific to a program.

The IPR team is composed of faculty of the program being evaluated (see Attachment E, Faculty Reference by Program). The IPR team will be assigned at least one mentor by the Academic Senate. The function of the mentor is limited to advisement and interpretation of the program review process. Mentors will be current members of the Academic Senate familiar with the IPR process. In addition to a Senate mentor, the IPR team is encouraged to work closely with its Division Chair(s).

It is the responsibility of the Academic Senate to inform Academic Services, by September, which program(s) will have IPRs scheduled for completion in the subsequent spring semester.

The Academic Dean or Vice President and Academic Senate President will jointly send a memorandum to the faculty members of programs informing them of the upcoming IPRs.

The Academic Senate President, Academic Dean or Vice President and Director of Institutional Effectiveness will conduct joint faculty orientations for the subject area faculty of upcoming IPRs in October for program reviews scheduled for completion during the following spring semester. The orientations will cover: 1) IPR format, 2) identification of a faculty mentor (assigned by the Senate), and 3) the appropriate inclusion of statistical data in the attachments of the document.

To facilitate completion of the IPR, the following statistical data for each session (F, S, SS) during the preceding four years or as indicated will be provided by the Office of Institutional Effectiveness and Academic Services to the appropriate program area faculty at the IPR orientation meeting in October:

- FTE's generated by program.
 - Total program FTEs
 - FTEs generated separately by course, by semester, by modality, by time of day, by full-time and by part-time faculty.
 - FTEs generated per class, per semester and per class, per modality.
 - LCC FTE data to match program categories should be provided to allow for comparisons between individual programs and all instructional programs.
- Number of FTE faculty (FTEF) in program by semester and year.
 - Total FTEF
 - FTEF for full-time faculty only – including overloads
 - FTEF for full-time faculty only – without overloads
 - FTEF for full-time faculty only – overloads only
 - FTEF for part-time faculty.
- Enrollment data
 - Total program enrollment data at census and completion of course.
 - Enrollment data at census and completion of course for each class, each modality, and each time of day offering.
- Student outcomes (transfer, awarded degrees and certificates, basic skills improvement, retention, employment status, etc.)
 - Student completion, retention and success rates by program, class, modality, and time of day
 - Persistence from course to course. Initially, this is most important in sequential courses in Basic Skills, Math and English but should be expanded to include all prerequisite courses as data is made available.
 - Transfer data
 - Awarded degrees and certificates
 - Additional data requested by faculty will be considered as priorities allow
- Capital outlay equipment
 - List of equipment
 - Age of equipment
 - Replacement schedule
 - Existing maintenance/service agreements
- Student Learning Outcome (SLO) assessment results dating back to the previous IPR.

Data should be provided in a raw and visual format, either as chart, pie chart, bar graph, or other visual presentation deemed appropriate by the Office of Institutional Effectiveness.

Should the faculty of the program being reviewed disagree with the data as provided, this disagreement will be included in the final report. All areas of the IPR need to be completed regardless of whether or not statistical data has been provided.

INSTRUCTIONAL PROGRAM REVIEW PREPARATION

Preparation of the IPR is viewed as a primary vehicle for evaluating a program and its effectiveness in regards to student learning as well as developing plans and strategies for the improvement of a program. This self-evaluation approach allows the faculty (full and part-time as applicable) who are directly involved in the program to assume primary responsibility for the examination and strengthening of their program.

An IPR Template has been created to ease the work of completing the IPR (See ATTACHMENT A: IPR Template). This form is available electronically from Academic Services, on the planning webpage, or through the Lassen College portal. The data contained in the planning tables generated from completion of the IPR TEMPLATE, will be reviewed by the institutional planning committees as part of the institutional planning and budgeting processes.

The Chief Instructional Officer (CIO) and Academic Senate together will designate an IPR lead faculty member from within the program being reviewed. The lead faculty member will call the first meeting to establish the timeline and schedule meetings for all listed full-time and part-time faculty to complete the IPR.

Each IPR should begin with a title page including the name of the program, names of individuals working on the IPR (full-time faculty, part-time faculty and support staff), and the acceptance dates for Academic Senate, Consultation Council and Governing Board.

IPR FORMAT

The IPR is organized into four sections consistent with the four sections of the comprehensive institutional master plan:

1. Academic Planning Section
 - a. Program Objectives/Student Learning Outcomes
 - b. Student Outcomes/Student Learning Outcomes (program impact on student success)
 - c. Curriculum
 - d. Equipment
 - e. Outside Compliance Issues (if applicable)
 - f. May also include recommendations specific to Student Services Planning and Institutional Effectiveness Planning
2. Human Resource Planning Section
3. Facilities Planning Section

Each section and sub-section of the IPR is subdivided into two parts, plus referenced attachments, at the end of the document:

1. Description/Evaluation
2. Planning Agenda (The planning agenda should be substantiated by the description/evaluation subsection and/or referenced attachments and should be divided into plans to be implemented by program staff and plans requiring institutional resources)

Referenced Attachments

- Supporting Documentation [to be included as attachments at the end of document]

Each subsection may be completed using lists, narrative description, or attachments as appropriate. Address only those sections that apply to your program. Statements in parentheses are suggestions for your

consideration and are not prescriptive. Supporting documentation for each section should be included at the end of the document.

Upon completion of the IPR process, the final document must be compiled into PDF format and submitted to the Academic Dean and the Academic Senate for subsequent Senate approval and joint presentation to Consultation Council and the Governing Board. Upon acceptance of the document by the Governing Board, Academic Services will provide electronic IPR copies to I.T. for posting on the Lassen College website. Academic Services will provide institutional decision-making bodies copies of Prioritized Recommendations charts as they pertain to planning documents.

STUDENT EVALUATION OF PROGRAM

The Student Evaluation is designed to solicit comments concerning the program only and is not an evaluation of instructors. It is important to insure the students understand that the focus of the survey is on the program and not the faculty in the area. This is to avoid confusion with the faculty evaluation process. The recommended Student Evaluation is included as Attachment C, although programs may modify the form to gather additional information or may remove items not relevant to the program.

An anonymous questionnaire is considered to be the most effective format to obtain student input. This will encourage the students to be frank in their responses. The Student Evaluation will be scheduled and administered by the Office of Institutional Effectiveness twice, once during October of the instructional review process and again in February.

Academic Services staff will consult with the faculty members of the IPR Team to determine the student sampling and consider any program-specific revisions to the student survey. The sampling will consist of a minimum of three core courses and other courses as selected by the IPR Team. (Example: The basic skills program might wish to survey courses with high enrollment of former basic skills students.)

REVITALIZATION AND DISCONTINUANCE POLICY

Lassen Community College is committed to supporting programs and classes that fulfill the goals of the Mission Statement as these are elaborated in the Educational Master Plan. Following Title 5, section 55000, "program" is defined as an organized sequence of courses leading to a defined objective, e.g., a degree, a certificate, a diploma, a license or transfer to another institution of higher education. As this applies to LCC, a program is defined as a whole and not individual degrees, certificates, or courses within the program as detailed in the LCC course catalog. Only programs with low or declining enrollment, decreasing demand for service or clear obsolescence shall be considered for discontinuance. The service provided to the college and the community by the program will be the primary consideration for a program's discontinuance. More information regarding this policy can be found by searching AP 4021.

TIMELINE FOR PROCEDURES

- October The Vice President of Instruction, in consultation with the Academic Senate, notifies faculty of the upcoming IPR. Academic Senate appoints faculty members to the mentors list.
- October Faculty Orientation for IPRs are scheduled and held. Distribution of quantitative data by the Academic Services to the IPR Team (fiscal and census information, as previously outlined, for the previous four years, and a copy of the previous final IPR document) for reviews scheduled the following year.
- October Student evaluation #1 administered and compiled by the Office of Instruction Effectiveness
- November/December Initial meeting of the IPR Team and Senate mentor (if desired).
- November-May The IPR Team conducts the curriculum review, submitting review and revision documents to the Curriculum/Academic Standards Committee for approval.
- February Student evaluation #2 administered and compiled by the Office of Institutional Effectiveness
- August The IPR team submits the completed IPR documents to the Academic Senate and the Academic Dean.
- September The Academic Senate takes action to accept the IPR and with the Academic Dean jointly presents IPR to Consultation Council and the Governing Board.
- October IPR recommendations are distributed to planning committees for consideration in master planning and budgeting documents.
- Upon acceptance, Academic Services will maintain the original IPR electronic file online and forward electronic copies to the institutional planning committees for inclusion in the planning and budgeting processes.

LASSEN COMMUNITY COLLEGE EDUCATIONAL PROGRAMS

For the purpose of the Instructional Program Review process, a program is defined as an organized sequence of courses leading to a defined objective, a degree, certificate, diploma, a license, or transfer to another institution of higher education (Title V, Section 55000). A special academic program provides instruction in support of certificate or degree completion or as part of another certificate or degree but may not offer an organized sequence of courses that lead to a degree, certificate, license or transfer as with transfer and career/technical programs. See Attachment D for a list of degrees and certificates included within each program.

Transfer-only Programs — 4-yr cycle

- Fine Arts (including Art History and Studio Art)
- Humanities (including English)
- Mathematics/Natural Science
- History/Social Science/Sociology/Psychology/Anthropology
- Physical Education

Career/Technical Programs — 2-yr cycle

- Administration of Justice (including related POST information)
- Agriculture
- Automotive Technology
- Business (including Accounting, Business Administration, Economics, and Office Administrative Assistant) Child Development (including transfer degree in Early Childhood Education)
- Information Systems
- Graphic Design
- Fire Technology
- Gunsmithing (including related NRA)
- Human Services
- Allied Health (including Vocational Nursing, CNA, Medical Assisting)
- Welding Technology

Special Academic Programs — 4-yr cycle

- Athletics
- Developmental Studies
- Work Experience

INSTRUCTIONAL PROGRAM REVIEW CYCLE

The following IPR review cycle has been established by the Academic Senate:

<u>Scheduled Date of IPR Review</u>	<u>Transfer or Special Academic Program Completing IPR</u>
Academic Year 2020-2021	Developmental Studies including Basic Skills
Academic Year 2021-2022	Mathematics/Natural Science (Area A and D2) Physical Education (Area E2) Athletics
Academic Year 2022-2023	History/Social Science/Sociology/Psychology/Anthropology (Area B/E1) Work Experience
Academic Year 2023-2024	Fine Arts (including Art History/Studio Art) Humanities (including English) (Area C and D1)

<u>Scheduled Date of IPR Review</u>	<u>Career/Technical Program Completing IPR</u>
Academic Year 2020-2021	Fire Technology Gunsmithing Human Services Allied Health Welding
Academic Year 2021-2022	Administration of Justice Automotive Technology Agriculture Business Child Development Information Systems Graphic Design
Academic Year 2022-2023	Fire Technology Gunsmithing Human Services Allied Health Welding
Academic Year 2023-2024	Administration of Justice Automotive Technology Agriculture Business Child Development Information Systems Graphic Design

ANNUAL UPDATES & IPR REVISIONS

Given that program changes occur on an annual basis, completion of an annual update by all recognized programs, whether transfer, career/technical, or special academic programs, is encouraged to better integrate program review into the planning and budgeting processes. Basic data, including FTES, FTEF, completion, success, and program scheduling for the previous year, will be provided by the Office of Institutional Effectiveness by November of each year. Annual updates are due by the end of August or special request by office of instruction and are submitted to Academic Services and Academic Senate following the same procedures as the IPR. The purpose of the annual updates is to recognize and document changes within a program, and identify, and more effectively incorporate, emerging program needs into the budget and planning processes than the 2 or 4 year cycle currently allows. Institutional planning decisions are based on the recommendations contained within the IPR. Revisions to specific sections of the IPR may be necessary between scheduled IPRs and/or annual updates to accommodate changes in program priorities. Program faculty may revise specific IPR sections at any time. The annual update containing the revised section(s) will be forwarded to the Academic Senate and Academic Dean. The annual update will follow the same sequence of steps for acceptance as the IPR. Upon acceptance by the Governing Board, the annual update will be attached to the original IPR in Academic Services and electronic copies forwarded to the institutional planning committees.

REVIEW OF INSTRUCTIONAL PROGRAM REVIEWS OUT OF SEQUENCE

A. Early Program Reviews:

Program faculty, the President/Superintendent or the Governing Board may request an early program review for compelling reasons. Such reasons may include:

- Enrollment considerations
- Fiscal consideration
- Facilities review
- Recent loss or addition of full-time subject area faculty within the program
- Recent significant changes to the curriculum

The request for an early program review must be accompanied by written justification submitted to the Academic Senate. After reviewing the written recommendations: the Academic Senate will take action. The action will permanently move the IPR for the program within the review cycle.

B. Instructional Program Review Extensions:

Program faculty or the Academic Dean may request an extension of the due date of an IPR. Requests for due date extensions of an IPR will be accompanied by a written justification submitted to the Academic Senate. Extensions may be granted through Senate action. IPRs with granted extensions will not be considered late for budget and planning purposes and will retain their original position within the review cycle.

C. Late Instructional Program Reviews:

IPRs retain their positions within the cycle regardless of their date of acceptance. All changes of position within the review cycle require official Academic Senate action.

IPR TEMPLATE

SECTION 1: ACADEMIC PLANNING

I. . Program Overview, Objectives, and Student Learning Outcomes

[Click here to insert a brief overview of the program \(this is optional\).](#)

Description/Evaluation:

- a. Describe and evaluate the program objectives against the LCC strategic plan, specifically the mission statement and strategic goals [available online or in the current catalog].

[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

- b. Identify and evaluate the Program Student Learning Outcomes including the relationship between course, program and institutional student learning outcomes utilizing information provided by the Office of Institutional Effectiveness

[Click here to enter text.](#)

- c. Evaluate any changes in the program since last review. Include summary of Annual Updates completed since last review.

[Click here to enter text.](#)

- d. Analyze program-related promotional materials/advertising as appropriate

[Click here to enter text.](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Student Services Planning, and/or Institutional Effectiveness Planning tables at the end of the section for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table\(s\) below.](#)

II Student Outcomes

A. Trends and Patterns in Student Outcomes

Description/Evaluation:

1. Provide in tabular form followed by an analysis
 - a. Number of degrees and certificates awarded during the last four years.
[Click here to enter text.](#)
 - b. Transfer numbers for the last four years
[Click here to enter text.](#)
 - c. Completion, retention and success data for the last four years
[Click here to enter text.](#)
2. Analyze program effectiveness based on available quantitative data and qualitative experiences.
[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Student Services Planning, and/or Institutional Effectiveness Planning tables at the end of the section for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself, “What are we going to change?” Go into detail here and provide a snap shot of the items in the table\(s\) below.](#)

B. Student Learning Outcome Assessment

SLO assessment is important to maintain and improve an effective learning experience for LCC students. Evaluating SLO results regularly is helpful for evaluating student learning and identifying emerging program needs. By contract, faculty are required to measure at least one SLO for every class taught each semester; these records are maintained in the online Data Management and Visualization tool (CLIC) and are available for review by faculty at any time through its self-updating, interactive dashboards and reports.

Description/Evaluation:

1. Attach an SLO assessment summary as provided by Office of Institutional Effectiveness.

2. Provide an analysis of findings of the assessments completed and recommendations being made in individual assessments. Consider the impact or influence of the assessment results at the program level. Consider how SLO results may be leveraged to support equipment, facility, staffing, or other budget and planning need and include the justification in your analysis.

[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

Planning Agenda:

List recommendations and actions necessitated by the above evaluation of SLO results. Complete Academic Planning, Student Services Planning, and/or Institutional Effectiveness Planning tables at the end of the section for any recommendations requiring institutional action. For any items needing Human Resources Planning, Institutional Technology Planning, or Facilities Planning action, please make sure to include the information within the appropriate section and table later in the program review document.

[Click here to enter text. Ask yourself, “What are we going to change?” Go into detail here and provide a snap shot of the items in the table\(s\) below.](#)

C. Student Evaluation Summary

The student survey portion of the evaluation procedure is designed to solicit comments concerning the program only, and is not an evaluation of instructors (See Attachment F, Student Survey).

An anonymous questionnaire is considered to be the most effective format. This will encourage the students to be frank in their responses. The student evaluation will be scheduled and administered by the Office of Instruction during October/November and February/March of each instructional review process. The Office of Instruction staff will consult with the members of the self-evaluation group to determine the student sampling and consider any program-specific revisions to the student survey. The sampling will consist of a minimum of three core courses and other courses as selected by the self-evaluation team. (Example: The basic skills program might wish to survey courses with high enrollment of former basic skills students.)

Description/Evaluation:

Attach Student Evaluation Summary provided by Office of Academic Services and provide an analysis of the results of the student evaluations

For the evaluation portion, ask yourself “How is it working?” Good? Bad?

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Student Services Planning, and/or Institutional Effectiveness Planning tables at the end of the section for any recommendations requiring institutional action.

[Click here to enter text.](#) Ask yourself, “What are we going to change?” Go into detail here and provide a snap shot of the items in the table(s) below.

III. Curriculum

A. Degrees and/or Certificates

Description/Evaluation:

- List degree and/or certificates offered in the program. Review/revise two-year plan(s). Update scheduling sequence listed on course outline where needed (course outline and/or program revisions need Curriculum Committee approval) attach the approved two-year plan for each degree and certificate (see Attachment D, Degrees/Certificates by Program). Degree and certificate student learning outcomes, if different from program student learning outcomes, should be included in this section.
- Faculty should analyze progress made on the assessment of program (degree/certificate) learning outcomes
- Evaluate the need for courses, degrees and/or certificates
- Transfer programs: Evaluate the core courses against the major preparation requirements for an entering junior at receiving four-year institutions (e.g. CSU System and UC System).
- Transfer programs: Evaluate the courses against the specific area requirements needed to satisfy the general education requirements for associate degrees and transfer. Consider whether there are adequate opportunities to meet the area requirements in combination with all disciplines within each general education area. Is there an adequate number of course and discipline options within each area, and can those courses be offered in a manner that maximizes student enrollment in each section? Do courses need to be added or deleted from any general education area?
- Career/Technical programs: Attach dates of Advisory Committee meetings (a minimum of two meeting per year). Reference Committee Member Rosters and Minutes located in the Office of Academic Services. Summarize the advisory committee recommendations for program curriculum enhancement or improved student competencies

- Career/Technical programs: Use advisory committee recommendations, labor market or other standards to answer the following question: Do the core courses in the certificates and degrees meet current employer skill requirements for the field?
- Special Programs: By nature, special programs themselves do not lead to a degree or certificate. However, special programs may have coursework that is included in transfer or vocational degrees or certificates. Note the relationship between special program courses and LCC transfer or vocational degrees or certificates.

[Click here to address the items above. For the evaluation portion, ask yourself, “How is it working?” Good? Bad?](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning table at the end of the section for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table\(s\) below.](#)

B. Courses

Description/Evaluation

1. Identify courses added or deleted from the instructional program since the last IPR.

[Click here to enter text.](#)

2. Each course offered within the instructional program must be reviewed for accuracy and currency (see Attachment I, Course List by Program). Review of each course outline should include asking the following questions:
 - Should the Disciplines of Assignment remain the same or be changed?
 - Should the Catalog/Schedule description remain the same or be updated?
 - Is the course repeatable? Is the repeatability reflected in the SLOs, Objectives, and Course Content sections? What is the basis for repeatability: legal requirement or increased skill level?
 - If the course meets a core requirement within specific degrees or certificates, is it accurately noted on the outline?
 - If the course satisfies a specific area within the general education requirement for an associate degree or transfer, is it accurately noted on the outline?
 - Are course-level student learning outcomes included on each course outline? Are learning outcomes included for each allowable repetition?
 - Does the course require a prerequisite or have recommended preparation? Are content review forms on file for each recommended preparation and/or prerequisite?

- Do any of the learning outcomes or objectives need revision?
 - Does any content need to be updated?
 - Are any changes necessary in the Methods of Instruction, Assignments, Critical Thinking or Methods of Evaluation sections?
 - Is the course being considered for distance education offering? If so, has it been approved for specific distance education delivery?
 - Is the textbook current (within the last 7 years for transfer courses) and is the publication date included?
 - Does the course outline match the two year plan with regard to sequence of course offerings?
3. Whether changes to a course outline are necessary or not, a Revision to Existing Course Form for each course must be completed and submitted to the Curriculum/Academic Standards Committee for action. When changes are necessary, indicate the revisions on the form. Where no changes are necessary, simply indicate on the Revision Form that “the course has been reviewed as part of the program review and no changes are necessary.” Revision forms will be retained in the Instructional Office with the Curriculum agenda packets.
 4. Following the Curriculum/Academic Standards Committee action on all submitted Revision to Existing Course Forms, a summary Instructional Program Curriculum Review Form will be completed by the Curriculum/Academic Standards Subcommittee Chair and given to the program faculty for inclusion in the program review.
 5. The signed Instructional Program Curriculum Review Form is to be included with your completed program review documents

[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning table for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snapshot of the items in the table\(s\) below.](#)

C. Articulation/Integration of Curriculum

Description/Evaluation:

1. Attach a tabular comparison of Lassen Community College courses articulating with UC and CSU, indicating courses with approved C-ID designations as applicable (Obtain copies of Articulation Agreements from the Transfer Center)
2. Provide a narrative reviewing the Lassen Community College courses and courses at four-year institutions for course alignment. (i.e. two courses at Lassen needed to articulate with one

course at UC).and the units requirements for Lassen Community College courses as compared to four-year institutions.

[Click here to enter text.](#)

Planning Agenda:

Complete Student Services Planning table (see below) for any proposed changes to articulation or C-ID designation

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table\(s\) below.](#)

III. Scheduling and Enrollment Patterns

Description/Evaluation:

1. Describe and explain any deviation from the two-year plan in course scheduling during the last four years.

[Click here to enter text.](#)

2. Evaluate the relationship between schedule, enrollment patterns and FTE generated statistics.

[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

3. Using FTE data provided, evaluate how the scheduling of courses within the program has served the needs of a variety of students (e.g. day, evening, single parents, employed full-time). Include the following considerations:
 - a. Number of sections (too many/too few to serve student needs)
 - b. Variety of times (three times a week, twice a week, one day a week and morning/afternoon/evening)
 - c. Length of courses (traditional semester/short term)
 - d. Method of delivery (traditional/technology-mediated/correspondence delivered instruction).

[Click here to enter text.](#)

4. Evaluate student access to general education courses within the context of the scheduling of the instructional program courses.

[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

Planning Agenda:

Complete Academic Planning table (see below) for any proposed changes in the schedule that might improve enrollment patterns and better meet student needs.

[Click here to enter text.](#) Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table(s) below.

IV. Equipment

Description/Evaluation:

1. List capital outlay equipment, age of equipment and replacement schedule

[Click here to enter text.](#)

2. Identify any existing equipment maintenance/service agreements

[Click here to enter text.](#)

3. Evaluate the condition of capital outlay equipment in light of the replacement schedule and available funds.

[Click here to enter text.](#) For the evaluation portion, ask yourself “How is it working?” Good? Bad?

4. Evaluate the effectiveness of and need for additional maintenance/service agreements.

[Click here to enter text.](#) For the evaluation portion, ask yourself “How is it working?” Good? Bad?

5. Justify any proposed modification or additions to equipment available for students and/or faculty/instructional assistants within the program.

[Click here to enter text.](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Student Services Planning, Facilities Planning, or Technology Planning tables as appropriate for any recommendations requiring institutional action.

[Click here to enter text.](#) Ask yourself, “What are we going to change?” Go into detail here and provide a snap shot of the items in the table(s) below.

V: Outside Compliance Issues (if appropriate for program)

Description:

If appropriate, describe the role of outside compliance issues on the Special Program.

[Click here to enter text.](#)

Evaluation:

Assess changes in compliance or identification of compliance-related needs and the impact on the Special Program.

[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Facilities Planning, Technology Planning and Human Resource Planning Forms as appropriate for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table\(s\) below.](#)

VI. Prioritized Recommendations

A. Prioritized Recommendations for Implementation by Program Staff

List all recommendations made in Section One that do not require institutional action (i.e. curriculum development) in order of program priority.

[Click here to enter text.](#)

B. Prioritized Recommendations for Inclusion in the Planning Process

List all recommendations made in Section One that should be included in Lassen College’s planning and budgeting process, specifically in the Educational Master Plan, Student Services Master Plan, or Institutional Effectiveness Master Plan. Separate recommendations into the appropriate plan(s). Items to be included in the Human Resource Master Plan, Institutional Technology Master Plan, or Facilities Master Plan should be addressed in Sections Two, Three or Four in lieu of or in addition to inclusion in the Academic Master Plan. See Attachment C, Master Plan Overview, in the IPR handbook to determine where recommendations are best placed.

Prioritized Recommendations for Inclusion in Education Master Plan: The EMP addresses the instructional planning needs of the college.

[Click here to enter Program Name & Year](#)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost (implementation & ongoing)	Expected Outcome

Prioritized Recommendation for Inclusion in Student Services Master Plan: The SSMP

highlights the services needed to maximize the student experience through a variety of key student support services.

[Click here to enter Program Name & Year](#)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost (implementation & ongoing)	Expected Outcome

Prioritized Recommendations for Inclusion in Institutional Effectiveness Master Plan: The IEMP addresses college needs not addressed in other plans. These needs include research, governance, outcome assessment, and administrative operations.

[Click here to enter Program Name & Year](#)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost (implementation & ongoing)	Expected Outcome

Section Two: Human Resource Planning

I. Program Staffing

Description/Evaluation:

1. List the current staffing for the program include: full-time and part-time faculty positions, instructional assistants and classified staff

[Click here to enter text.](#)

2. This section provides an opportunity for analysis and justification of projected staffing needs to support the program. Clerical support by the Office of Academic Services and work-study needs may be included.

[Click here to enter text.](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning and Human Resources Planning Forms as appropriate for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself, "What are we going to change?" Go into detail here and provide a snap shot of the items in the table\(s\) below.](#)

II. Professional Development

Description/Evaluation:

1. If available, reference Flex Contracts for full-time faculty teaching in the program for each of the last two years. [Copies may be available in the Office of Instruction].

[Click here to enter text.](#)

2. Describe the professional development and professional activities of the program faculty/instructional assistants in addition to flex obligation relevant to program improvement that has occurred during the period under review. (Workshops, conferences, staff development, sabbatical leaves, work experience, etc.)

[Click here to enter text.](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning and Human Resources Planning Forms as appropriate for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table below](#)

III. Student Outcomes**Description/Evaluation:**

Description/ Evaluation:

Describe any results from assessment of learning outcomes that affect human resource planning

[Click here to enter text.](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning and Human Resources Planning Forms as appropriate for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table below](#)

IV. Prioritized Recommendation**Prioritized Recommendations for Implementation by Program Staff**

List all recommendations made in Section Two that do not require institutional action (i.e. curriculum development) in order of program priority.

[Click here to enter text.](#)

Prioritized Recommendations for Inclusion in the Planning Process

List all recommendations made in Section Two that should be included in Lassen College’s planning and budgeting process. See Attachment C, Master Plan Overview, in the IPR handbook to determine where recommendations are best placed.

Prioritized Recommendations for Inclusion in Human Recourse Master Plan: The HRMP identifies and manages the administrative functions of recruitment, selection, evaluation, and professional development needs of the College to ensure a fully-staffed and highly functioning team of employees.

[Click here to enter Program Name & Year](#)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost (implementation & ongoing)	Expected Outcome

Section Three: Facilities Planning

I. Facilities

Description/Evaluation:

1. Describe and evaluate the Lassen Community College facilities available to the program.
[Click here to enter text.](#)
2. Describe and evaluate additional facilities utilized off-campus by the program (attach any relevant rental agreements)
[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)
3. Describe any facilities needs identified by assessments of student learning outcomes
[Click here to enter text.](#)
4. Justify any proposed modifications or additions to existing facilities that would better serve the program planned for the next five years.
[Click here to enter text.](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Facilities Planning, and Technology Planning Forms as appropriate for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snapshot of the items in the table below](#)

II. . Prioritized Recommendations

Prioritized Recommendations for Implementation by Program Staff

List all recommendations made in Section Three that do not require institutional action (i.e. curriculum development) in order of program priority.

[Click here to enter text.](#)

Prioritized Recommendations for Inclusion in the Planning Process

List all recommendations made in Section Three that should be included in Lassen College’s planning and budgeting process. See Attachment C, Master Plan Overview, in the IPR handbook to determine where recommendations are best placed.

Prioritized Recommendations for Inclusion in the Facilities Master Plan: The FMP addresses the physical infrastructure, facility, and maintenance needs of the campus.

[Click here to enter Program Name & Year](#)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost (implementation & ongoing)	Expected Outcome

Section Four: Technology Planning

I. . Technology

Description/Evaluation:

1. Describe and evaluate technology and technology support provided for instruction and instructional support.

[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

2. Describe any technology and technology support needs identified by assessment of student learning outcomes.

[Click here to enter text.](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Facilities Planning, Technology Planning and Human Resource Planning Forms as appropriate for any recommendations requiring institutional action.

Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table below

II. Prioritized Recommendations

Prioritized Recommendations for Implementation by Program Staff

List all recommendations made in Section Four that do not require institutional action (i.e. curriculum development) in order of program priority.

[Click here to enter text.](#)

Prioritized Recommendation for Inclusion in the Planning Process

List all recommendations made in Section Four that should be included in Lassen College’s planning and budgeting process. See Attachment C, Master Plan Overview, in the IPR handbook to determine where recommendations are best placed.

Prioritized Recommendations Inclusion in Institutional Technology Master Plan: The ITMP addresses the technology needs of the campus.

LASSEN COMMUNITY COLLEGE MASTER PLAN OVERVIEW

Six master plans comprise the Comprehensive Institutional Master Plan. Recommendations from program reviews will be input into the selected master plans as determined by faculty in the prioritized recommendation spreadsheets. To better understand which master plan might be most appropriate for each program recommendation, a summary/objective of each plan is included below. More information can be found in the Shared Governance and Consultation Council Handbook and the Comprehensive Institutional Master Plan.

Educational Master Plan (EMP): The EMP addresses the instructional planning needs of the college.

Facilities Master Plan (FMP): The FMP addresses the physical infrastructure, facility, and maintenance needs of the campus.

Human Resources Master Plan (HRMP): The HRMP identifies and manages the administrative functions of recruitment, selection, evaluation, and professional development needs of the College to ensure a fully-staffed and highly functioning team of employees.

Institutional Effectiveness Master Plan (IEMP): the IEMP addresses college needs not addressed in other plans. These needs include research, governance, outcome assessment, and administrative operations.

Institutional Technology Master Plan (ITMP): The ITMP addresses the technology needs of the campus.

Student Services Master Plan (SSMP): The SSMP highlights the services needed to maximize the student experience through a variety of key student support services.

ATTACHMENT C

**LASSEN COMMUNITY COLLEGE
INSTRUCTIONAL PROGRAM REVIEW - STUDENT EVALUATION**

Name of Program: _____ Date Survey Completed: _____

Current Course: _____

Overview:

Instructional programs are reviewed periodically by LCC faculty. The _____ Instructional Program is currently undergoing its periodic review. The _____ Instructional Program is made up of the courses leading to a degree or certificate of achievement in _____. The courses in this program include: _____

As a student enrolled in one of these courses, your insight about the course and program can provide valuable information to assist the program faculty in making program improvements. This student survey is your opportunity to provide information to the program faculty. This is a student survey of the course and program, NOT the instructor. Instructor evaluations occur at a different time.

Instructions for Completion:

Please be as objective and concise as possible when answering the following questions. Read and evaluate each question and check the responses, which most closely relate to your views. Space has been provided at the end, for any additional comments you would like to make.

Tell Us About Yourself:

**1. Educational Goal: What is your educational objective at Lassen Community College?
(Check all that apply).**

General Education:

Transfer to a 4-year Institution

IGETC Certification

CSU Certification

Transfer to another Community College

Degrees/Certificates:

AA/AS

Certificate of Achievement
Certificate of Completion

Certificate of Accomplishment

Title of Degree or Certificate:

General Interest:

Job Requirement

Continuing Education

Personal Development

2. Your Need for this Course: Why are you taking this course?

Core Requirements for degree or certificate

Job Requirements

- Elective for degree or certificate
- General Education course for degree or transfer
- Other: Please Specify _____
- Continuing Education
- Personal Development

1. **Does the course content reasonably compare with the catalog/schedule description?**
 YES NO
2. **Did the catalog clearly explain the order in which the courses in this program should be taken?**
 YES NO
3. **Was any cost for this course/program, beyond registration and books clearly identified in the catalog?**
 YES NO
4. **Did instructors use the required textbooks in the program?**
 YES NO N/A
5. **Are the textbooks purchased for this program useful to you?**
 YES NO N/A

Scheduling:

6. **Did the scheduling of this course meet your needs?**

- current schedule met my needs
- needed morning offering
- needed afternoon offering
- needed evening offering
- needed one day a week schedule
- needed summer offering
- needed week-end offering
- needed short-term (less than semester) offering
- other: Please Specify _____

Facilities/Equipment: Do the facilities for this course/program adequately meet your needs?

7. **I was provided with reasonable access to the facilities?**

- YES NO

8. **The temperature of the facilities in summer or fall is:**

- OFTEN TOO HOT FOR THE SEASON
 COMFORTABLE FOR THE SEASON
 OFTEN TOO COLD FOR THE SEASON
 N/A

9. The lighting of the facilities is?

- TOO BRIGHT ADEQUATE TOO DARK N/A

10. The chairs/tables/desks are?

- ADEQUATE INADEQUATE N/A

11. Is there enough space for you to do your work in class?

- YES NO N/A

12. Please elaborate on your responses and include any additional facilities-related comments:

13. Did the course/program provide the necessary equipment?

- YES NO N/A

14. Is enough time on equipment allowed for each student?

- YES NO N/A

15. Is equipment current?

- YES NO N/A

16. Is equipment generally in good operating condition?

- YES NO N/A

17. Describe how this course/program could be improved to better meet the needs of the students at Lassen Community College.

18. Provide any additional comments on the course or program:

**LASSEN COMMUNITY COLLEGE
EDUCATIONAL PROGRAMS AND DEGREES/CERTIFICATES/LICENSES BY PROGRAM**

For the purpose of the instructional review process, a program is defined as an organized sequence of courses leading to a defined objective, a degree, certificate, diploma, a license, or transfer to another institution of higher education (Title V, Section 55000).

Administration of Justice/Correctional Science

Associate in Science Degree in Administration of Justice for Transfer
Associate in Art Degree in Administration of Justice
Certificate of Achievement in Administration of Justice
Certificate of Accomplishment in Administration of Justice

Agriculture

Associate in Science in Agriculture Animal Science for Transfer
Associate in Science in Agriculture Business for Transfer
Associate in Arts Degree University Studies: Emphasis in Agriculture Sciences
Associate in Science Degree in Agriculture Science and Technology
Certificate of Achievement in Agriculture Science and Technology
Certificate of Accomplishment in Animal Science
Certificate of Accomplishment in Horsemanship
Certificate of Accomplishment in Agriculture Business
Certificate of Accomplishment in Agriculture Irrigation

Art History/Studio Art

Associate in Arts Degree in Art History for Transfer
Associate in Arts Degree in Studio Art for Transfer

Automotive Technology

Associate in Science Degree in Automotive Technology
Certificate of Achievement in Advanced Mechanics
Certificate of Achievement in Engine Repair
Certificate of Accomplishment Basic Mechanics
Certificate of Accomplishment in Electrical
Certificate of Accomplishment in General Mechanics
Certificate of Achievement in Auto Chassis and Maintenance

Business

Associate in Science Degree in Business Administration for Transfer
Associate in Science Degree in Accounting
Associate in Arts Degree in Economics for Transfer
Associate in Science Degree Administrative Office Technician
Certificate of Achievement Administrative Office Technician
Certificate of Achievement in Small Business Management

Child Development

Associate in Science Degree in Early Childhood Education for Transfer
Associate in Arts Degree in Child Development
Certificate of Achievement in Child Development
Certificate of Accomplishment in Child Development-Associate teacher

Fire Technology

Associate in Science Degree in Fire Technology
 Certificate of Achievement in Fire Technology
 Certificate of Accomplishment in Fire Technology
 Certificate of Accomplishment in Basic Fire Fighter

Gunsmithing

Associate in Science Degree in Firearms Repair
 Associate in Science Degree in General Gunsmithing
 Certificate of Achievement in Firearms Repair
 Certificate of Achievement in General Gunsmithing
 Certificate of Accomplishment in Gunsmith Machinist and Metal Finishing
 Certificate of Accomplishment in Long Guns
 Certificate of Accomplishment in Pistolsmith
 Certificate of Accomplishment in Riflesmith

Health Occupations/Medical Assisting

Certificate of Achievement in Medical Assisting
 Certificate of Accomplishment in Administrative Medical Assisting
 Certificate of Accomplishment in Clinical Medical Assisting

History/Social Science/Sociology/Psychology

Associate in Arts Degree University Studies: Emphasis in Social Sciences
 Associate in Arts Degree General Studies: Emphasis in Social Sciences
 Associate in Arts Degree in History for Transfer
 Associate in Arts Degree in Sociology for Transfer
 Associate in Arts Degree in Psychology for Transfer
 Associate in Science Degree in Anthropology for Transfer
 Certificate of Achievement California State University General Education
 Certificate of Achievement in Intersegmental General Education Transfer Curriculum

Human Services

Associate in Science Degree in Drug and Alcohol Paraprofessional
 Associate in Science Degree in Human Services
 Certificate of Achievement in Drug and Alcohol Paraprofessional Certificate of Achievement in Human Services

Humanities

Associate in Arts Degree University Studies: Emphasis in Humanities
 Associate in Arts Degree in English for Transfer

Information Systems

Certificate of Achievement in Geographic Information Systems

Natural Science

Associate in Arts Degree University Studies: Emphasis in Natural Sciences
 Associate in Arts Degree General Studies: Emphasis in Natural Sciences
 Associate in Science Degree in Geology for Transfer
 Associate in Science Degree in Biology for Transfer
 Associate in Science in Nutrition and Dietetics for Transfer

Physical Education

Associate in Arts Degree in Kinesiology for Transfer
 Associate in Arts Degree University Studies: Emphasis in Physical Education
 Associate in Arts Degree General Studies: Emphasis in Physical Education

Vocation Nursing/Allied Health

Associate in Arts Degree University Studies: Emphasis in Allied Health

Associate in Science Degree in Vocational Nursing

Certificate of Achievement in Vocational Nursing

Certificate of Accomplishment in Administrative Medical Assisting

Certificate of Accomplishment in Clinical Medical Assisting

Welding Technology

Associate in Science Degree in Welding Technology

Two-Year Certificate of Achievement in Welding Technology

One-Year Certificate of Achievement in Welding Technology

Certificate of Accomplishment in Welding Technology

Special Instructional Programs (no degrees or certificates)

Athletics

Developmental Studies

Work Experience

LASSEN COMMUNITY COLLEGE COURSE LIST BY PROGRAM

Administration of Justice/Correctional Science

(All AJ Courses) AJ 5, AJ 8, AJ 9, AJ 10, AJ 11, AJ 12, AJ 14, AJ 16, AJ 20, AJ 23, AJ 24, AJ 35, AJ 49, AJ 52A, AJ 52B, AJ 52BR, AJ 53, AJ 57, AJ 71, BUS 22

Agriculture

(All AGR Courses) AGR 1, AGR 2, AGR 3, AGR 4, AGR 8, AGR 9, AGR 10, AGR 11, AGR 12, AGR 13, AGR 14, AGR 19, AGR 20, AGR 21B, AGR 22, AGR 23, AGR 30, AGR 31, AGR 40, AGR 41, AGR 42, AGR 49, AGR 50, AGR 51, AGR 53, AGR 57, AGR 61, AGR 70, AGR 116

Art History/Studio Art

(All Art Courses) ART 1A, ART 1B, ART 2, ART 3, ART 6, ART 7, ART 8, ART 9, ART 10 A-D, ART 18, ART 19A-D, ART 21, ART 22, ART 23, ART 25, ART 26, ART 30, ART 36 A-D, ART 38, ART 39, ART 43A-D, ART 46, ART 49, ART 50, FILM 1

Automotive Technology

(All AT Courses) AT 49, AT 50, AT 54, AT 56, AT 58, AT 60, AT 64, AT 66, AT 68, AT 70, AT 72, AT 74, AT 76, AT 80, AT 82, AT 84, AT 88, AT 90, AT 90A, AT 91, AT 150

Business

AGR 1, AGR 2, AGR 3 (and All Bus Courses) BUS 1A, BUS 1B, BUS 1C, BUS 2, BUS 10, BUS 13, BUS 18, BUS 19, BUS 22, BUS 25, BUS 27, BUS 34A, BUS 34B, BUS 49, BUS 75, BUS 76, BUS 77, BUS 78, BUS 79, BUS 84, BUS 98, (and all CA courses) CA 31, CA 32, CA 49, CA 52, CA 53, ~~CA 54~~, CA 55, CA 56, CA 58, CA 60, CA 150 and COT 50, COT 52, COT 59 and CS 1, and ECON 10, ECON 11, and FS 91, and HO 71

Child Development

(All CD Courses) CD 11, CD 12, CD 15, CD 16, CD 17, CD 19, CD 20, CD 22, CD 23, CD 24, CD 25, CD 26, CD 27, CD 28, CD 30, CD/PSY 31, CD 49, CD 50

Graphic Design

ART 1A, ART 2, ART 8, ART 21, ART 22, ART 23, ART 25, ART 26, ART 28, ART 38, ART 39

Fire Technology

(All FS Courses) EMT 21, and FS 3, FS 4, FS 5, FS 6, FS 8, FS 13, FS 14, FS 20, FS 23, FS 26, FS 49, FS 50, FS 51, FS 52, FS 53, FS 54, FS 56, FS 57, FS 58, FS 59, FS 60, FS 60A, FS 61, FS 64, FS 65A, FS 65B, FS 65C, FS 68, FS 70, FS 70A, FS 70B, FS 70C, FS 72, FS 72A, FS 73A, FS 73B, FS 74, FS 75, FS 76, FS 77, FS 78, FS 79A, FS 80, FS 81, FS 84, FS 85, FS 86, FS 87, ~~FS 88~~, FS 89, FS 90, FS 91, FS 92A, FS 92B, FS 92C, FS 92D, FS 92E, FS 93, FS 94, FS 95, FS 97, FS 98.18, FS 98.20, FS 98.21, FS 156

Gunsmithing

(All GSS Courses) GSS 49, GSS 50, GSS 50.01, GSS 50.03, GSS 51, GSS 51.01, GSS 51.03, GSS 51.05, GSS 51.06, GSS 52, GSS 52.01, GSS 52.02, GSS 52.03, GSS 52.04, GSS 52.05, GSS 52.06, GSS 52B, GSS 52BR, GSS 54.05, GSS 55.04, GSS 56.01, GSS 56.03, GSS 56.04, GSS 57.01, GSS 57.02, GSS 57.03, GSS 57.06, GSS 57.08, GSS 57.15, GSS 58.02, GSS 59.02, GSS 59.03, GSS 59.04, GSS 59.05, GSS 59.07, GSS 59.09, GSS 60, GSS 60.01, GSS 60.02, GSS 60.04, GSS 61.01, GSS 61.02, GSS 61.03, GSS 62.03, GSS 62.04, GSS 63.01, GSS 63.02, GSS 63.03, GSS 63.04, GSS 63.05, GSS 64.01, GSS 66.01, GSS 66.02, GSS 66.03, GSS 67.01, GSS 68.01, GSS 68.02, GSS 68.03, GSS 69.01, GSS 69.02, GSS 69.03, GSS 69.04, GSS 70, GSS 70.01, GSS 70.02, GSS 71, GSS 71.01, GSS 71.02, GSS 71.03, GSS 71.04, GSS 72, GSS 72.01, GSS 73.02, GSS 75.02, GSS 77, GSS 78, GSS 79, GSS 80, GSS 81, GSS 82, GSS 83, GSS 84, GSS 85, GSS 87, GSS 88, GSS 89, GSS 90, GSS 91, GSS 93, GSS 94, GSS 95, GSS 98.02, GSS 98.03, GSS 98.04, GSS 98.05, GSS 98.06, GSS 98.08, GSS 98.09, GSS 98.12, GSS 98.13, GSS 98.21, GSS 98.22, GSS 98.23, GSS 98.24, GSS 112, GSS 112B, GSS 114, GSS 116, GSS 117, GSS 119, GSS 120, GSS 120B, GSS 123, GSS 124, GSS 127, GSS 129A, GSS 129B, GSS 129C, GSS 130, GSS 133, GSS 134, GSS 135, GSS 136, GSS 143, GSS 147, GSS 148

History/Social Science/Sociology/Anthropology

ANTH 1, ANTH 2, ANTH 3, GEOG 2, HIST 14, HIST 15, HIST 16, HIST 17, HUM 1, HUM 2, PLSC 1, PLSC 11, PSY 1, PSY 2, PSY 3, PSY 5, PSY 6, PSY 18, PSY 31/CD 31, PSY 33, SOC 1, SOC 2, SOC 3, SOC 4

Humanities

BS 156, CD 17, (and All Music Courses) MUS 1, MUS 6, MUS 7, MUS 12, ANTH 1, BUS 27, ENGL 1, ENGL 2, ENGL 3, ENGL 4, ENGL 5, ENGL 7, ENGL 9, ENGL 10, ENGL 12, ENGL 22, ENGL 33, ENGL 34, ENGL 105, ENGL 105A, ENGL 150, ENGL 151, ENGL 155, ES 1, ESL 155, FILM 1, GEOG 2, HUM 1, HUM 2, PHIL 1, PHIL 2, PHIL 10, SPAN 1, SPAN 2, SPCH 1

Human Services

(All HUS Courses) HUS 10, HUS 22, HUS 24, HUS 25, HUS 30, HUS 31, HUS 32, HUS 35, HUS 37, HUS 40, HUS 41, HUS 42, HUS 48.05, HUS 49, HUS 61

Information Systems

GIS 1, GIS 2, GIS 3, GIS 4, GIS 5

Mathematics /Natural Science

ANTH 1, ASTR 1 (and All Bio Courses) BIO 1, BIO 10, BIO 20, BIO 25, BIO 26, BIO 32, BIO 32L, BUS 84, COT 59 (and All Chem Courses) CHEM 1A, CHEM 1B, CHEM 8, CHEM 45, GEOL 1, GEOL 5, GEOG 1, (and All Phys Courses) PHY 2A, PHY 2B, PHSC 1, (and All Math Courses) MATH 1A, MATH 1B, MATH 7, MATH 8, MATH 11A, MATH 11B, MATH 40, MATH 60, MATH 156, MATH 164, MATH 187, MATH 168, and FS 91

Physical Education

HLTH 2, HLTH 25, and HO 120, HUS 30, (and All PE Courses) PE 15, PEAC 2A, PEAC 2B, PEAC 2C, PEAC 2D, PEAC 5A, PEAC 5A.02, PEAC 5B, PEAC 5C, PEAC 5C.02, PEAC 5D, PEAC 6, PEAC 6B, PEAC 6D, PEAC 7, PEAC 7D, PEAC 9, PEAC 9B, PEAC 9D, PEAC 10, PEAC 10D, PEAC 16, PEAC 32D, PEAC 34, PEAC 44

Vocational Nursing/Allied Health

CD 50, (and All HO Courses) HO 3, HO 49, HO 70, HO 71, HO 80A, HO 88, HO 120, (and All EMT Courses) EMT 21, EMT 60, EMT 61 and FS 20, (and All VN Courses) VN 50, VN 51, VN 52, VN 53, VN 54, VN 55, VN 56, VN 57, VN 58, VN 59, VN 60

Welding Technology

GSS 124, IT 22, IT 72 (and All WT Courses) WT 20, WT 21, WT 22, WT 23, WT 25, WT 31, WT 32, WT 36, WT 37, WT 38, WT 39, WT 42, WT 43, WT 44, WT 45, WT 49, WT 50, WT 51, WT 52, WT 52

Special Educational Programs:

Developmental Studies

(All DS Courses) DS 110, DS 111, DS 112, DS 113, DS 114, DS 115, DS 116, DS 120, DS 121, DS 122, DS 153, DS 155, DS 158, BS 156, BS 170, BS 171

Work Experience

CARS 2, CARS 151, CARS 153 (and all 49 courses) AGR 49, AJ 49, ART 49, AT 49, BUS 49, CD 49, CT 49, FS 49, GSS 49, HO 49, HUS 49, JOUR 49, WT 49, WE 1, WE 2

ATTACHMENT G

DEFINITION OF TERMS

Assessment.....	The process of judging student behavior or product in terms of some criteria (Clark, 1975). It includes various means of gathering information about the quantity, quality and progress of students, their performance and academic work.
Assessment Cycle.....	The assessment cycle in higher education is generally annual and fits within the academic year. In order to incorporate recommendations into Lassen Community College planning and budgeting processes, the LCC IPRs are conducted over the course of an academic year, culminating in September.
Assessment Results.....	The data/information acquired from the implementation of an assessment tool.
Assessment Tool.....	A tool that has been designed to collect objective data about students' attitudes and skill level. An appropriate learning outcomes assessment tool measures students' abilities to integrate a set of individual skills into a meaningful, collective demonstration. Some examples of assessment tools include standardized tests end-of-program skills test, student inquiries, common final exams, and comprehensive embedded test items.
C-ID.....	Course Identification Number
Core Course.....	Courses within a discipline specifically required for a degree or certificate.
Course Embedded Assessment.....	The review of materials generated in the classroom. In addition to providing a basis for grading students, such materials allow faculty to evaluate approaches to instruction and course design.
Description/Evaluation.....	A subsection provided within the IPR to allow faculty to identify and analyze the current situation within the program to justify recommended changes to the current situation.
Direct Cost per Program.....	All identified direct costs charged to a program as defined by TOP (e.g., instructor salaries, supplies, etc.).
Direct Measures of Learning.....	Students display knowledge and skills as they respond directly to the assessment itself.
Full-time Equivalent Faculty (FTEF).....	The amount of instructional employee time expressed in a proportion to that required in a full-time teaching position, with 1.0 representing one full-time position. FTE is derived by dividing the amount of time taught in a position by the amount of teaching hours required in a corresponding position.
Full-time Equivalent Student (FTES).....	For state accounting purposes, an FTES is a full-time student who attends 15 hours per week for 35 weeks (two primary terms). The rule is: 15 hours x 35 weeks = 525 total WSCH = 1 FTES. To determine FTES, multiply number of students by the number of hours per week and number of weeks, then divide by 525.

General Education or Transfer Programs	For the purposes of this review, general education refers to courses satisfying Associate degree requirements, CSU Certification, or IGETC.
Indirect Measures of Learning	Assessment tools such as surveys and interviews, which ask student to reflect on their learning rather than to demonstrate it.
IGETC	Intersegmental General Education Transfer Curriculum - completion of the IGETC guarantees that a transferring community college student has satisfied the lower division general education requirements of the CSU/UC systems.
Instructional Program	For the purpose of this review, a program shall be defined as follows: a program is an organized sequence course or series of courses leading to a definite objective, a degree, certificate, diploma, a license, or transfer to another institution of higher education.
Planning Agenda	A subsection provided within the IPR to allow faculty to make recommendations for improvement of their programs. Recommendations are divided into those that require institutional support and those to be implemented by the program faculty.
Prerequisite	A condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or program.
Program Learning Outcome	A measurable educational objective as a consequence of participation in an organized sequence of courses (i.e. ability to perform specific work place competencies).
Program Outcome	A measurable objective as a consequence of participation in an organized sequence of courses (i.e. employment, receipt of degree or certificate).
Recommended Preparation	A condition of enrollment that a student is advised, but not required, to meet before, or in conjunction with, enrollment in a course or program.
Statistical Data	The Offices of Institutional Research and Instruction will provide departmental staff with the minimum statistical data as required by the state-wide accountability model.
Student Learning Outcome	An overarching specific observable characteristic developed by local faculty that allows them to determine or demonstrate evidence that learning has occurred as result of a specific course, program, activity, or process.
Weekly Student Contact Hours (WSCH)	The class hour or contact hour is the basic unit of attendance for computing average daily attendance. A contact hour is the basic period of not less than fifty minutes of scheduled instruction. Weekly student contact hours are the total number of student contact or class hours per week.
WSCH per FTE	A ratio of weekly student contact hours to full-time faculty equivalency. This is a measure of faculty load.

6. Reports

Subject **6.01 Administration**

Meeting Oct 14, 2020 - Academic Senate Meeting October 14, 3:00 p.m. Virtual Via Zoom
 Category 6. Reports
 Type Information

Administration will provide information on items of relevance to the Academic Senate as faculty representatives on academic and professional matters. Reports may be limited to 5 minutes.

Subject 6.02 Senators

Meeting Oct 14, 2020 - Academic Senate Meeting October 14, 3:00 p.m. Virtual Via Zoom
 Category 6. Reports
 Type Information

Each senator has an opportunity to report on items of interest to Academic Senate and guests present

Subject 6.03 LCFA

Meeting Oct 14, 2020 - Academic Senate Meeting October 14, 3:00 p.m. Virtual Via Zoom
 Category 6. Reports
 Type Information

LCFA has an opportunity to update Academic Senate on upcoming meetings, trainings, negotiations, and other matters of faculty interest. Reports may be limited to 5 minutes.

Subject 6.04 Guided Pathways

Meeting Oct 14, 2020 - Academic Senate Meeting October 14, 3:00 p.m. Virtual Via Zoom
 Category 6. Reports
 Type

7. Closed Session

Subject 7.01 Consideration of Faculty Minimum Qualifications and Equivalency

Meeting Oct 14, 2020 - Academic Senate Meeting October 14, 3:00 p.m. Virtual Via Zoom
 Category 7. Closed Session
 Type Action

Recommended Action Approve equivalency for listed individual(s)

One item for action

8. Meeting Closing

Subject 5.01 ASCCC Faculty Empowerment Leadership Academy

Meeting Sep 23, 2020 - Academic Senate Meeting September 23, 3:00 p.m. Virtual Via Zoom

Category 5. Information

Type Information

Applications Open - Faculty Empowerment and Leadership Academy (FELA) | Due November 1, 2020

The ASCCC proudly introduces the new Faculty Empowerment and Leadership Academy (FELA), a one-to-one mentoring program designed to meet the needs of our diverse faculty in the California community college system. The program will provide opportunities for participants to engage in empowerment for personal and professional development, including networking opportunities and support through an entire year (starting in spring 2021 and ending in summer 2022).

FELA will focus on the development of faculty from groups historically underrepresented within higher education leadership, such as Black/African American, Latinx, Native American, Asian-Pacific Islander, and women. The academy will provide opportunities to connect with leaders, empower faculty to seek leadership roles, and provide regular contact with mentors. All activities in this leadership development program are designed to ensure participants are ready to meet the challenges of engaging in transformative leadership and equity-minded approaches to working with diverse student populations.

Are you interested in being a FELA Mentor or Mentee? Please complete the attached application and submit to FELAAcademy@asccc.org by 5:00 p.m. on November 1, 2020. Mentors and Mentees will be notified of

their application status on December 15, 2020. For more information on FELA or Mentor/Mentee expectations please visit our FELA webpage. Please direct any questions to FELAAcademy@asccc.org.

Recommended Action Meeting adjournment

9. Future Agenda Items

Academic Senate Meeting October 14, 3:00 p.m. Virtual Via Zoom

1. Call to Order at 3:03 pm

1.01 Roll Call

Senators Present: Baker, Downing, Lin, Runyan, Rupley, Wisner

Guests: Carie Camacho, Lisa Gardiner, Roxanna Haynes, Sue Kelley.

1.02 Approval of Agenda

(Rupley/Baker MSCU)

1.03 Approval of the Minutes

September 23, 2020 Senate Meeting minutes

(Rupley/Baker MSCU)

1.04 Approval of the Minutes

October 7, 2020 Special Meeting Minutes

(Rupley/Baker MSCU)

2. Public Comment

None

3. Action

3.01 IPR Handbook

Reviewed suggested changes made to the handbook, to include noting location of annual update template, language related to revitalization/discontinuance policy, handbook approval methods, and minor language changes. Motion to approve with changes.

(Downing/Rupley MSCU)

3.02 IPR Peer Review Checklist/Rubric

Lisa Gardiner provided a template/Rubric for mentors to use for IRP review. Form is a living document, and will need updates in the future but is a valuable tool for current IPR review.

(Downing/Lin MSCU)

3.03 Fire Technology Certificate of Achievement Basic Wildland Firefighter

This is a new certificate, which replaces the Fire Technology Certificate of Accomplishment

(Downing/Baker MSCU)

3.04 FS 64B Instructor II - Instructional Development Course

New classes added to the Fire Technology discipline. Course has been reviewed in Curriculum Committee.

(Downing/Rupley MSCU)

4. Discussion

4.01 Budget Development Handbook

Senate President Runyan needs more information to update this handbook and is hoping to obtain the information and have item back for approval next meeting.

4.02 AP 4235 Credit for Prior Learning

Comprehensive review and updating to this AP is needed to meet new guidelines. This is in progress and the policy will be brought back at a future meeting. It was discussed that there may be funds available to help finance the crosswalks required.

4.03 Administration of Justice IPR

First review by Senate and comments received. IPR will be action item next meeting.

5. Information

5.01 Correspondence Faculty Handbook

This handbook has been reviewed by Dana Armeson, LCC Correspondence Coordinator and updates have been made.

6. Reports

6.01 Administration

Carie Camacho shared that all programs have received their IPR data. Human Services does not have a full-time instructor to complete the IPR, so negotiations will be underway to offer the special assignment to faculty. Also, employee evaluations are underway and going as planned. Camacho thanked the Academic Senate for their work and support.

6.02 Senators

Andy Rupley is trying something new as a division chair. He is recording "how to" videos on topics like syllabus development, attendance sheets, grading, etc. and could share those videos if there is a desire. It was suggested that he create a Canvas shell to house the videos.

Adam Runyan will be attending the Academic Senate Area A meeting this next Friday.

6.03 LCFA

None

6.04 Guided Pathways

The LCC Foundation approved and will be providing \$100.00 gift cards/month to hire students this semester. In the past, they were given gift cards for services on campus, but since those services are all closed due to COVID, another option was sought.

7. Closed Session

None

8. Meeting Closing

8.01 Adjournment – 4:14 pm
(Baker/Rupley MSCU)

Respectfully Submitted,
T. Downing

Academic Senate Meeting September 23, 3:00 p.m. Virtual Via Zoom

1. Call to Order at 3:04 pm

1.01 Roll Call

Senators Present: Baker, Downing, Lin, Runyan, Rupley, Wisner

Guests: Carie Camacho, David Corley, Lisa Gardiner, Roxanna Haynes, Sue Kelley, Chad Lewis.

1.02 Approval of Agenda

(Baker/Rupley – Consensus)

1.03 Approval of the Minutes

September 9, 2020 meeting minutes.

(Baker/Lin MSCU)

2. Public Comment

None

3. Action

3.01 GIS CA Program Placement

It was placed in Business to get it off the ground, but should be a new program and named as Information Systems. We are still working out who will be in charge of the program, as only Adjunct Instructors will be teaching for now.

(Downing/Rupley MSCU)

3.02 Correspondence Faculty Handbook

Handbook has had a comprehensive review and update. It has been updated with new information and examples. Discussion to change when correspondence packets are due. Motion to approve, with the change of language to refer to being notified by correspondence office when correspondence packets are due.

(Wiser/Rupley MSCU)

3.03 Curriculum and Academic Standards Committee Charge

Reaffirm charge with changes of added “via zoom in the charge” and “Program SLO’s in number 4 of the charge.

(Rupley/Lin MSCU)

3.04 2020-2021 IPR Timeline Addendum

The current IPR timeline is already behind. To complete past due, or out of sequence, IPR’s a timeline Addendum will be needed. Timeline Addendum discussed by Lisa Gardiner. This addendum is to facilitate the completion of the late IPR’s in a timely fashion. Workflow for Academic Senate and Curriculum Committee was considered in creating this timeline.

(Downing/Baker MSCU)

3.05 Transfer Policy

Motion to table item and set for special meeting for approval.

(Rupley/Wiser MSCU)

3.06 Curriculum/Academic Standards Committee

Assign vacant spot of Curriculum Academic Standards Committee for 2020-2021 year

Appoint Thomas Robb to the Curriculum Committee
(Downing/Baker MSCU)

4. Discussion

4.01 Budget Development Handbook

This was discussed at Consultation Council and it actually should belong in Academic Senate. The handbook will be reviewed, edited and brought back for approval.

4.02 IPR Handbook

Lisa Gardiner shared that the handbook has been updated with some housekeeping for clarity and accuracy. The dates were also updated. It is ready for action. A comprehensive review and update should take place and be ready for the next evaluation cycle. Senators requested to review prior to bringing back for approval.

4.03 IPR Review Form

Lisa Gardiner shared the new IPR Review Form for IPR Mentors to use in reviewing the draft IPR's.

5. Information

5.01 ASCCC Faculty Empowerment Leadership Academy

It will be November 1, 2020. They are looking for Mentors and Mentees. If someone is interested, please let President Runyan know.

5.02 Credit for Prior Learning (CPL) Internal Approval Process

Roxanna Haynes shared this is supposed to be approved by December 31, 2020. It was discussed that we already have a BP and AP for Credit by Exam, and we may just need to update this policy to meet the requirements. Further investigation and work will be completed and the item will be brought back for approval as needed.

6. Reports

6.01 Administration

Roxanna – Committed to online modality for spring 2020. Tri-Chairs are doing a fantastic job with accreditation.

6.02 Senators

Yuting Lin – Seaira Harrington and her are working on a Suicide Prevention plan and wanting direction on how to get the plan approved. Suggested to talk with HR/Planning Committee and Safety Committee before considering bringing to Consultation Counsel for discussion.

6.03 LCFA

None

6.04 Guided Pathways

Group met last week, nothing to report at this time

7. Closed Session

None

8. Meeting Closing

8.01 Adjournment – 4:01pm
(Downing/Baker MSCU)

Respectfully Submitted,
T. Downing

Monday, October 12, 2020

Consultation Council 3:00 pm via Zoom-

1. Meeting Opening

1.01 Call to Order and Roll Call

1.02 Approval of Agenda – **Approved by consensus**

1.03 Approval of Minutes 09/28/2020 – **Approved by consensus**

2. Governance

2.01 BP 4235 Credit for Prior Learning –BP 4235. We already had a credit by exam so all we have to do is update it and submit. Credit for Prior Learning is giving students credit for their knowledge and training they already have. Some schools do not have anything like this already set up, but we do so we just need to update it and submit it to the chancellor by the end of Dec. 2020. We will need to update the handbook. The AP is not done yet. It will be done by December.

2.02 Strategic Plan Revision-Tri Chairs-We reviewed the strategic plan. Codi updated it so it was much easier to read. Are there any other thoughts of adding or changing this? Were we going to say “Lassen College Values” or “We Value”. We like “Lassen College Values” because it keeps our name it. Did we notice the complete rewrite of the mission? Would a complete rewrite mess up accreditation? Is it restating it or does it totally rewrite it? It really is just a restating. It is a really good rewrite. There is a lot of change and movement and we might cause ourselves more problems. We might just want to address what needs to be addressed right now and to answers our questions. We might want to come back to this after accreditation. It is great to go towards but not until after accreditation. Let’s vote to edit the original mission with just taking out the word “outstanding” and implement “educational”-**accepted by consensus**. Voted to accept changing the wording to “Lassen College Values”- **accepted by consensus**. Voted to accept the strategic plan with all the changes- **accepted by consensus**.

2.03 Budget Prioritization Worksheets – Do we need to close the loop on this one? Do we need to see what money was spent on? Usually the chairs will report out what has been completed and what has not. Around March or April when all of the prioritizations are done, we get together and look at the spread sheets and prioritize it during consultation council.

3. Consultation

3.01 IPR Timeline-Adam Runyan –this year the IPR timeline we have an addendum for anyone who is out of sequence. We need to have them earlier. We are not on track right now. We will have an orientation and have senate mentors to help you to keep on track. Any questions? No.

4. Guided Pathways

4.01 Guided Pathways Update-Brady Reed – We were approved by the foundation to pay our students to work on Guided Pathways. They will be pay our students \$100 Walmart gift card each month.

5. Accreditation

5.01 Accreditation Update – The discontinuance revitalization provided their initial meeting last week which is compliant requirement number 5. There was a great discussion on student complaint policy which lends to compliance requirement number 10. We heard you that you want to hear us share out. We are working on a spread sheet to keep up and current with items we are working on. We are finalizing accreditation resource for campus on canvas. We also have an accreditation timeline with activities on it that we hope to share soon. We are just trying to figure out the timeline. Then provide an addendum of sorts afterwards. A couple of questions for Trevor. Is the ACCJC visit going to be pushed back a little bit? We do not know yet. We would probably have to submit an application to push it back and it would be positively entertained. We should work on it as if it is not getting approved for the delay. A week or so ago we emailed the campus in regards to the ACCJC enhanced fiscal monitoring. It is a checklist item for them that they have to review. Some of our numbers have fallen rapidly and this gives them some concerns that they want to address.

6. Other-Information/Communication

6.01 Budget update-Garrett Taylor – Right now we are trying to close the gap of about \$327,000. We should be able to do that. These are not present problems, they are problems from the past but are showing up now. We need to check on how we are counting our FTE's in the past. We need to make sure we are doing it correctly. We might owe money due to a recalculation but they also might owe us money. If we owe money, we will be putting in for a waiver. What does OPD mean? It is the Public Employee Benefit (other post-employment benefit). It is an insurance to make sure we are paying enough into calpers and calsters. We have fully funded everything and are current on our payments.

7. Meeting Closing

7.01 Future Meetings – we have four meetings for the rest of the year.

7.02 Future Agenda Items – we will be approving the handbook soon.

7.03 Adjourn - @ 3:47pm

**Monday, September 14, 2020

Chairs: Chairs of Educational Master Planning Committee (Carie Camacho/Roxanna Haynes), Facilities Planning Committee, Human Resource Planning Committee (Sue Kelley), Institutional Effectiveness Committee, Institutional Technology Planning Committee, and Student Services Planning Committee (Brady Reed)

(if not already members) Tom Downing, Eric, Roxanna Haynes, Tiffany Montgomery, Sandy Jonas, Brenda Hoffman, Codi Mortell, Kim Clain, Bridget Gowin, Sue Kelley, Melissa Hill, Greg Collins, Pat Shannon, D. Weaver

1. Meeting Opening

- 1.01 Call to Order and Roll Call 3:03 pm
- 1.02 Approval of Agenda – **Approved by consensus**
- 1.03 Approval of Minutes 09/14/2020- **Approved by consensus**

2. Governance

2.01 Accreditation Work Group Establishment-Shared page from governance handbook to show how to create a work group. Not an action item.

2.02 Accreditation Work Group Approval – They meet every Thursday. Lisa Gardner, Alison Chad Lewis, Roxanna Haynes, Carie Camacho, Randy Joslin, David Corley, Tony Sommers, Codi Mortel

2.03 Strategic Plan – Revision were submitted. They were sent out to review. We wanted to discuss these suggestions and then make a decisions on these slight revisions. All the suggestions were read. It was asked that the document have the changes added and then brought back to the next meeting-Tabled until next meeting.

2.04 IEPI Grant – The current effort was started over a year ago. Everything on this had to be restarted from scratch in January of 2020. We focused on three areas that are directly related to accreditation. “More Detailed Treatment of Area of Focus” needed more information. Senate has helped develop this document. We will have a virtual visit. Institutional Effectiveness Planning group will help us to try to fix what we need help with. We then will try to get approved for a \$200,000 grant. The people on the workgroup right now is Randy Joslin, Julie Johnston, Carie Camacho, Roxanna Haynes, David Corley, and the tri chairs. If there are other people who need to be involved let Randy know.

2.05 ISLO – Mapping. We just need an updated date on it. David put the date on the document underneath Lassen Community College. The next curriculum meeting is October 6 then Senate meets the 14th. As long as we can move to action, we can approve this at both meetings.

2.06 Budget Prioritization Worksheets – You will be presented with an updated document by the end of October 2020. The planning chairs need to go through it and update it. Each committee should take a good look at this spreadsheet and update it with items that can be pulled. Changes/suggestions should be made to the bottom of the document, do not actually change the document. Or mark if it has already been funded.

3. Consultation

4. Guided Pathways

4.01 Guided Pathways Update-Brady Reed –New workgroups that combine three workgroups. We are working on Leading From the Middle right now. We are with six other Northern California colleges.

5. Accreditation

5.01 Accreditation Update – they have been working on IPR’s timelines. SLO mapping, they are trying to be more efficient with that. Looking at committee handbooks.

6. Other-Information/Communication

6.01 Budget update-Garrett Taylor – Trevor- We are waiting the release of the September revise. They will speak to the numbers when it is all released. We will know by the end of the day today.

7. Meeting Closing

7.01 Future Meetings our last meeting is December 14, 2020 which will be during finals week. We propose that we move the meeting to December 7, 2020. **Approved by consensus**

7.02 Future Agenda Items

7.03 Adjourn 3:57pm

Lassen Community College District Strategic Plan

Recommendation for revisions by Consultation Council – October 12, 2020

Approved by Board of Trustees – December 15, 2020

Vision

- ❖ Lassen College will be a highly efficient self-sustaining rural community college, a catalyst for the region’s image, economy, and human capital, and an example of a “we can” culture” of collective impact by being:
 - The academic leader by ensuring quality instruction and encouraging student success
 - The educational leader by expanding outreach and student access with an equity mindset
 - The trusted steward by providing capable leadership and accountability
 - The economic and workforce development leader for the community
 - The cultural leader in the community
 - The civic and social leader in the community

Mission

Lassen Community College provides educational programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The College serves diverse students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.

Strategic Goals

1. **Institutional Effectiveness:** Provide the governance, leadership, integrated planning and accountability structures, and processes to effectively support an inclusive learning environment, while ensuring responsible stewardship of public trust and resources.
2. **Learning Opportunities:** Provide an array of rigorous academic programs delivered via a variety of modalities that promote student equity and learning while meeting the needs of the local and global community.
3. **Resource Management:** Manage human, physical, technological and financial resources to sustain fiscal stability and to effectively support the learning environment.
4. **Student Success:** Provide a college environment that reaches-out-to and supports students, minimizes barriers, and increases opportunity and success through access and retention to enable student attainment of educational goals including completion of degrees and certificates, transfer, job placement and advancement, improvement of basic skills, and self-development through lifelong learning.

Institutional Student Learning Outcomes

1. **Communication** - Ability to listen and read with comprehension and the ability to write and speak effectively
2. **Critical Thinking** - Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome
3. **Life Long Learning** - Ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems
4. **Personal/Interpersonal Responsibility** - Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures

Lassen College Values:

Student Success:

- Students reaching their goals
- Students being prepared for transfer to four-year institutions
- Students being prepared for employment
- Doing what is best for students
- Learning as a priority over teaching
- Student needs; they are paramount in the learning process
- Recognizing and minimizing barriers to student success

Educational Excellence:

- Equitable student learning as the focal point of every experience
- High quality educational delivery
- Highly qualified instructors
- High quality technology and materials
- Well-equipped classrooms

Honesty/Integrity:

- Trust in relationships
- Dependability
- Transparency
- Collaboration
- Sustainability
- Accountability

Dignity & Respect:

- Open forum for exchange of ideas
- Civility
- Collegiality
- Diversity & Equity
- Active listening and communication

Subject **2.01 BP 4235 Credit for Prior Learning**

Meeting Oct 12, 2020 - Consultation Council 3:00 pm via Zoom-

Category 2. Governance

Type action, governance

Every district must revise and approve revisions to BP and AP 4235 - Credit for Prior Learning by December 31, 2020. The Board of Governors Proposed Revisions to Title 5 Regulations of Curriculum and Instruction 8-21-2019 state : ""By December 31, 2020, the district shall certify in writing to the Chancellor of the California Community Colleges that the policies required by this section have been adopted and Implemented."

Academic Senate is working to update AP 4235 to reflect the new Credit for Prior Learning language and will bring it forward to Consultation Council for review and approval.

Monday, October 12, 2020

Consultation Council 3:00 pm via Zoom-

1. Meeting Opening

1.01 Call to Order and Roll Call

1.02 Approval of Agenda – **Approved by consensus**

1.03 Approval of Minutes 09/28/2020 – **Approved by consensus**

2. Governance

2.01 BP 4235 Credit for Prior Learning –BP 4235. We already had a credit by exam so all we have to do is update it and submit. Credit for Prior Learning is giving students credit for their knowledge and training they already have. Some schools do not have anything like this already set up, but we do so we just need to update it and submit it to the chancellor by the end of Dec. 2020. We will need to update the handbook. The AP is not done yet. It will be done by December.

2.02 Strategic Plan Revision-Tri Chairs-We reviewed the strategic plan. Codi updated it so it was much easier to read. Are there any other thoughts of adding or changing this? Were we going to say “Lassen College Values” or “We Value”. We like “Lassen College Values” because it keeps our name it. Did we notice the complete rewrite of the mission? Would a complete rewrite mess up accreditation? Is it restating it or does it totally rewrite it? It really is just a restating. It is a really good rewrite. There is a lot of change and movement and we might cause ourselves more problems. We might just want to address what needs to be addressed right now and to answers our questions. We might want to come back to this after accreditation. It is great to go towards but not until after accreditation. Let’s vote to edit the original mission with just taking out the word “outstanding” and implement “educational”-**accepted by consensus**. Voted to accept changing the wording to “Lassen College Values”- **accepted by consensus**. Voted to accept the strategic plan with all the changes- **accepted by consensus**.

2.03 Budget Prioritization Worksheets – Do we need to close the loop on this one? Do we need to see what money was spent on? Usually the chairs will report out what has been completed and what has not. Around March or April when all of the prioritizations are done, we get together and look at the spread sheets and prioritize it during consultation council.

3. Consultation

3.01 IPR Timeline-Adam Runyan –this year the IPR timeline we have an addendum for anyone who is out of sequence. We need to have them earlier. We are not on track right now. We will have an orientation and have senate mentors to help you to keep on track. Any questions? No.

4. Guided Pathways

4.01 Guided Pathways Update-Brady Reed – We were approved by the foundation to pay our students to work on Guided Pathways. They will be pay our students \$100 Walmart gift card each month.

5. Accreditation

5.01 Accreditation Update – The discontinuance revitalization provided their initial meeting last week which is compliant requirement number 5. There was a great discussion on student complaint policy which lends to compliance requirement number 10. We heard you that you want to hear us share out. We are working on a spread sheet to keep up and current with items we are working on. We are finalizing accreditation resource for campus on canvas. We also have an accreditation timeline with activities on it that we hope to share soon. We are just trying to figure out the timeline. Then provide an addendum of sorts afterwards. A couple of questions for Trevor. Is the ACCJC visit going to be pushed back a little bit? We do not know yet. We would probably have to submit an application to push it back and it would be positively entertained. We should work on it as if it is not getting approved for the delay. A week or so ago we emailed the campus in regards to the ACCJC enhanced fiscal monitoring. It is a checklist item for them that they have to review. Some of our numbers have fallen rapidly and this gives them some concerns that they want to address.

6. Other-Information/Communication

6.01 Budget update-Garrett Taylor – Right now we are trying to close the gap of about \$327,000. We should be able to do that. These are not present problems, they are problems from the past but are showing up now. We need to check on how we are counting our FTE's in the past. We need to make sure we are doing it correctly. We might owe money due to a recalculation but they also might owe us money. If we owe money, we will be putting in for a waiver. What does OPD mean? It is the Public Employee Benefit (other post-employment benefit). It is an insurance to make sure we are paying enough into calpers and calsters. We have fully funded everything and are current on our payments.

7. Meeting Closing

7.01 Future Meetings – we have four meetings for the rest of the year.

7.02 Future Agenda Items – we will be approving the handbook soon.

7.03 Adjourn - @ 3:47pm

Tuesday, December 15, 2020
Organizational Meeting of the Board of Trustees - 5:30 p.m.

*****Revised Procedures for Public Meetings**

In response to the Coronavirus crisis, the Governor has issued Executive Order N-25-20 (<https://www.gov.ca.gov/wp-content/uploads/2020/03/3.12.20-EO-N-25-20-COVID-19.pdf>), Executive Order N-29-20 (<https://www.gov.ca.gov/wp-content/uploads/2020/03/3.17.20-N-29-20-EO.pdf>), and Executive Order N-35-20 (<https://www.gov.ca.gov/wp-content/uploads/2020/03/3.21.20-EO-N-35-20-text.pdf>) modifying the Brown Act in order to facilitate essential public meetings being held through remote methods, such as telephonically or electronically.

Trustees will attend in person and via conference phone. Essential staff will attend in person and the public will attend via conference phone.

The meeting will be conducted as follows:

Topic: LCC Organizational Board Meeting

Category 3. Public Comments

Type Information, Procedural

Members of the public may wish to speak to any matter on the agenda prior to Board action; the following procedure shall be followed: Persons wishing to speak must sign in on the "sign in" sheet provided prior to the start of the meeting. Speakers will be called in the order in which they have signed in. At the beginning of the meeting the President of the Board will "Call for Requests from the Audience to Speak to Any Item on the Agenda." At that time, those wishing to speak will be called in order and should stand, state their name, and indicate the Agenda item to which they wish to speak. After the meeting begins and the Agenda item has been introduced by the Superintendent/President or his designee, and before discussion can occur, a motion for action needs to be made and seconded. The order of discussion will be members of the audience and then Members of the Board. The President of the Board will moderate the discussion and will call for a vote on this issue when asked to do so by a member Trustee. Voting on the motion will be by voice vote; either by acclamation or roll call. The decision by the Board of Trustees is Final. In accordance with Administrative Procedure 2345, formerly Board Policy #1400, comments will be limited to three minutes, thirty (30) minutes total per comment period, subject to the discretion of the President of the Board.

*****Revised Procedures for Public Meetings**

In response to the Coronavirus crisis, the Governor has issued Executive Order N-25-20 (<https://www.gov.ca.gov/wp-content/uploads/2020/03/3.12.20-EO-N-25-20-COVID-19.pdf>), Executive Order N-29-20

(<https://www.gov.ca.gov/wp-content/uploads/2020/03/3.17.20-N-29-20-EO.pdf>), and Executive Order N-35-20 (<https://www.gov.ca.gov/wp-content/uploads/2020/03/3.21.20-EO-N-35-20-text.pdf>) modifying the Brown Act in order to facilitate essential public meetings being held through remote methods, such as telephonically or electronically.

Public comment must be submitted in advance, no later than one hour before the start of the meeting (by 4:30 p.m.), via email to: jjohnston@lassencollege.edu. Such comments will be read by District staff during the meeting. Please read further below for the procedure to submit a public comment remotely, for this Board Meeting via Zoom.

PROCEDURES:

Public comment is limited to 3 minutes per speaker (calculated at approximately 300 words). Please submit an individual comment for each item you are wishing to speak on. Comments will be read aloud by the Board of Trustees Liaison for the record.

-
Please submit the following information:

- 1. Name
- 2. Agenda Item Number
- 3. Comment

Thank you -

Subject	3.02 Public Comments on Items Not on the Agenda
Meeting	Dec 15, 2020 - Organizational Meeting of the Board of Trustees - 5:30 p.m.
Category	3. Public Comments
Type	Information, Procedural

Addressing the Board on Items Not on the Agenda: Members of the public may wish to address the Board of Trustees on an item that is not on the Agenda. Members of the public wishing to speak must sign up on the "sign in" sheet provided upon entering the Board Room. They should wait and announce their intention to do so when the President of the Board calls for "Comments from the Audience." They will be heard at that time and called in the order on the sign in sheet. The person should rise, go to the podium, make a brief statement covering the essential facts of their concern and then state what remedy or action, if any, they are requesting of the Board. However, the law (Brown Act) permits no discussion or action by the Board at that time because the item had not been previously listed on the Agenda. In accordance with Administrative Procedure 2345, formerly Board Policy #1400, comments will be limited to three minutes, thirty (30) minutes total per comment period, subject to the discretion of the President of the Board.

Revised Procedures for Public Meetings

In response to the Coronavirus crisis, the Governor has issued Executive Order N-25-20 (<https://www.gov.ca.gov/wp-content/uploads/2020/03/3.12.20-EO-N-25-20-COVID-19.pdf>), Executive Order N-29-20 (<https://www.gov.ca.gov/wp-content/uploads/2020/03/3.17.20-N-29-20-EO.pdf>), and Executive Order N-35-20 (<https://www.gov.ca.gov/wp-content/uploads/2020/03/3.21.20-EO-N-35-20-text.pdf>) modifying the Brown Act in order to facilitate essential public meetings being held through remote methods, such as telephonically or electronically.

Public comment must be submitted in advance, no later than one hour before the start of the meeting (by 4:30 p.m.), via email to: jjohnston@lassencollege.edu. Such comments will be read by District staff during the meeting. Please read further below for the procedure to submit a public comment remotely, for this Board Meeting via Zoom.

PROCEDURES:

Public comment is limited to 3 minutes per speaker (calculated at approximately 300 words). Please submit an

individual comment for each item you are wishing to speak on. Comments will be read aloud by the Board of Trustees Liaison for the record.

Subject	4.04 Approval of Warrants and Financial Reports
Meeting	Dec 15, 2020 - Organizational Meeting of the Board of Trustees - 5:30 p.m.
Category	4. Consent Agenda-Any items removed will be considered after the motion to approve the Consent Agenda
Type	Action (Consent)
Recommended Action	Recommend the Board of Trustees approve the Warrants and Financial Reports ending November 30, 2020, as presented.

Background

In accordance with District Policy, a financial report and listings of the District's payroll and vendor transactions are presented to the Board of Trustees monthly for review and approval.

Status and Analysis

Due to the volume and high cost of duplication, warrant registers and payroll listing reports are available for review in the Office of the Executive Director of Fiscal and Auxiliary Services. An electronic report of the monthly financial statements will be distributed to Trustees prior to the meeting; a hard copy will be available at the meeting.

For Board Discussion

How does this action achieve the College's Mission, Vision and Values and support Student Learning?

Subject **4.05 Quarterly Financial Status Report for the Quarter Ended September 30, 2020**

Meeting Dec 15, 2020 - Organizational Meeting of the Board of Trustees - 5:30 p.m.

Category 4. Consent Agenda-Any items removed will be considered after the motion to approve the Consent Agenda

Type Action (Consent)

Recommended Action Recommend that the Board of Trustees approve the Quarterly Financial Status Report (CCFS-311Q) for the quarter ended September 30, 2020, as presented.

Background

Education Code Section 84040 specifies that financial information be periodically reported to the California Community Colleges Board of Governors. To comply with this requirement, the District prepares a Quarterly Financial Status Report (Form CCFS-311Q) each fiscal quarter for submission to the Chancellor's Office. The Chancellor's Office report requires the reporting of unrestricted revenues, expenditures, and fund balance.

Status and Analysis

The District has timely filed the Quarterly Financial Status Report for the quarter ended September 30, 2019. The Report indicates that the finances of District remains financially stable.

For Board Discussion

Subject **4.06 Curriculum/Academic Standards Committee Action**

Meeting Dec 15, 2020 - Organizational Meeting of the Board of Trustees - 5:30 p.m.

Category 4. Consent Agenda-Any items removed will be considered after the motion to approve the Consent Agenda

Type Action (Consent)

Recommended Action Recommend the Board of Trustees approve the new courses, as presented.

Background

The Curriculum/Academic Standards Committee, a subcommittee of the Academic Senate, reviews and makes recommendations concerning courses, degrees, certificates and academic standards. The recommendations concerning new courses and degrees, reactivated courses, and significant curriculum changes are forwarded periodically first to the Academic Senate and then to the Governing Board for acceptance. Annually in December and June a cumulative Curriculum/Academic Standards Committee Action Log is forwarded to the Board for acceptance.

Status and Analysis

The Academic Senate reviewed and approved the Curriculum/Academic Standards Committee recommendations on December 9th, but due to an error and the need for a correction on the hours, Curriculum reapproved on their December 15th meeting. Academic Senate was fully aware of the error and approved the curriculum knowing that the hours would be adjusted.

New Course: CS 150 Technical Support Fundamentals

This course is the first of a series that aims to prepare you for a role as an entry-level IT Support Specialist. In this course, you'll be introduced to the world of Information Technology, or IT. You'll learn about the different facets of Information Technology, like computer hardware, the Internet, computer software, troubleshooting, and customer service. This course covers a wide variety of topics in IT that are designed to give you an overview of what's to come in this certificate program. This course has been approved for online and hybrid delivery.

Units: 0.0 (30 hours of lecture)

Discipline: Computer Science

Upon completion of this course the student will be able to:

1. Understand how the binary system works
2. Assemble a computer from scratch
3. Choose and install an operating system on a computer
4. Understand what the Internet is, how it works, and the impact it has in the modern world
5. Learn how applications are created and how they work under the hood of a computer
6. Utilize common problem-solving methodologies and soft skills in an Information Technology setting

New Course: CS 151 The Bits and Bytes of Computer Networking

This is the second of five courses that aims to prepare students for a role as an entry-level IT Support Professional. Once all five courses are completed students will be eligible for the IT Support Professional Certificate. This course provides a full overview of computer networking. Students will learn everything from the fundamentals of modern networking technologies and protocols to an overview of the cloud to practical applications and network troubleshooting. This course covers a wide variety of IT topics and can be taken as a standalone course and will give students entry level IT skills in Troubleshooting, Ipv4, the Network Model and Domain Name Systems (DNS). This course has been approved for online and hybrid delivery.

Units: 0.0 (30 hours of lecture)

Discipline: Computer Science

Upon completion of this course the student will be able to:

1. Describe computer networks in terms of a five-layer model.
2. Understand all of the standard protocols involved with TCP/IP communications.
3. Grasp powerful network troubleshooting tools and techniques.
4. Learn network services like DNS and DHCP that help make computer networks run.
5. Understand cloud computing, everything as a service, and cloud storage.

New Course: CS 152 Operating Systems and You: Becoming a Power User

This is the third of five courses that aims to prepare students for a role as an entry-level IT Support Professional. Once all five courses are completed students will be eligible for the IT Support Professional Certificate. In this course --through a combination of video lectures, demonstrations, and hands-on practice - students will learn about the main components of an operating system and how to perform critical tasks like managing software and users, and configuring hardware. This course covers a wide variety of IT topics and can be taken as a standalone course and will give students entry level IT skills in Linux, Linux File Systems, PowerShell and Command Line Interface. This course has been approved for online and hybrid delivery.

Units: 0.0 (30 hours of lecture)

Discipline: Computer Science

Upon completion of this course the student will be able to:

1. Navigate the Windows and Linux filesystems using a graphical user interface and command line interpreter.
2. Set up users, groups, and permissions for account access.
3. Install, configure, and remove software on the Windows and Linux operating systems.
4. Configure disk partitions and filesystems.
5. Understand how system processes work and how to manage them
6. Work with system logs and remote connection tools
7. Utilize operating system knowledge to troubleshoot common issues in an IT Support Specialist role.

New Course: CS 153 Systems Administration and IT Infrastructure Services

This is the fourth of five courses that aims to prepare students for a role as an entry-level IT Support Professional. Once all five courses are completed students will be eligible for the IT Support Professional Certificate. In this course, students learn about the infrastructure services that keep all organizations, big and small, up and running. Students will focus on cloud to understand everything from typical cloud infrastructure setups to how to manage cloud resources. Students also learn how to manage and configure servers and how to use industry tools to manage computers, user information, and user productivity. Finally, students will learn how to recover your organization's IT infrastructure in the event of a disaster. This course covers a wide variety of IT topics and can be taken as a standalone course and will give students entry level IT skills in Directory Services, Backup and Lightweight Directory Access Protocol (LDAP). This course has been approved for online and hybrid delivery.

Units: 0.0 (30 hours of lecture)

Discipline: Computer Science

Upon completion of this course the student will be able to:

1. Utilize best practices for choosing hardware, vendors, and services for your organization.
2. Manage an organization's computers and users using the directory services, Active Directory, and OpenLDAP
4. Choose and manage the tools that your organization will use
5. Backup your organization's data and be able to recover your IT infrastructure in the case of a disaster.
6. Utilize systems administration knowledge to plan improve processes for IT environments.

New Course: CS 154 IT Security: Defense Against the Digital Dark Arts

This is the fifth of five courses that aims to prepare students for a role as an entry-level IT Support Professional. Once all five courses are completed students will be eligible for the IT Support Professional Certificate. In this course, students are introduced to IT security concepts, tools, and best practices. It discusses the three As of information security: authentication, authorization, and accounting. It also covers network security solutions, ranging from firewalls to Wi-Fi encryption options. The course is rounded out by putting all these elements together into a multi-layered, in-depth security architecture, followed by recommendations on how to integrate a culture of security into an organization or team. This course has been approved for online and hybrid delivery.

Units: 0.0 (30 hours of lecture)

Discipline: Computer Science

Upon completion of this course the student will be able to:

1. Evaluate potential risks and recommend ways to reduce risk.
2. Understand the Various authentication systems and types.
3. Make recommendations on how best to secure a network
4. Help others to understand security concepts and protect themselves.

Subject 7.01 Annual Organization of the Board of Trustees: Election of Officers, Board Representative and Appointment of Secretary

Meeting Dec 15, 2020 - Organizational Meeting of the Board of Trustees - 5:30 p.m.

Category 7. Administration

Type Action

Recommended Action It is recommended the Lassen College Board of Trustees elect officers for the positions of President of the Board of Trustees, Vice-President of the Board of Trustees, Board Representative and Secretary to the Board of Trustees.

Background/Status

Education Code Section 72000 and Governing Board Policy #BP 2305 require that the Annual Organizational Meeting of the Lassen Community College District be held within the period December 1 and December 20 (due to the implementation of AB 2449). The Annual Organizational Meeting of the Board of Trustees of the Lassen Community College District has been set by the Board of Trustees to occur on its regular meeting date of December 15, 2020.

At the Annual Organizational meeting the Board of Trustees of the Lassen Community College District shall elect, from its membership, a President, a Vice President and a Board Representative to represent the Board of Trustees in the election of members to the Lassen County Committee on School District Organization; and to appoint the Superintendent/President as Secretary.

- President of the Board of Trustees
- Vice President of the Board of Trustees
- Board Representative to Represent the Lassen Community College District Board of Trustees in the Election

- of Members to the Lassen County Committee on School District Organization
- Appoint a Secretary to the Board of Trustees

Subject	7.02 Annual Organization of the Board of Trustees: Appointments to Policy Committee, Audit Committee, and Finance Committee
Meeting	Dec 15, 2020 - Organizational Meeting of the Board of Trustees - 5:30 p.m.
Category	7. Administration
Type	Action
Recommended Action	It is recommended the President of the Lassen College Board of Trustees appoint three (3) Board Members to the Policy Committee; three (3) Board Members to the Audit Committee; and three (3) Board Members to the Finance Committee, to serve until December 2021.

Background/Status

Governing Board Policy #BP 2220 (Committees of the Board) and Board Policy #BP 2305 (Annual Organizational Meeting) provides for the appointment by the President of the Board of Trustees of three (3) Board Members to the Policy Committee, three (3) Board Members to the Audit Committee, and three (3) Board Members to the Finance Committee, to serve until the Board's next Annual Organizational meeting in December 2020.

Subject	7.03 Annual Organization of the Board of Trustees: Setting of Time and Place of Regular Monthly Meetings
Meeting	Dec 15, 2020 - Organizational Meeting of the Board of Trustees - 5:30 p.m.
Category	7. Administration
Type	Action
Recommended Action	It is recommended the Board of Trustees approve the below noted meeting dates for 2021, as presented.

Background

Education Code Section 72000 and Board Policy #BP 2310 requires that the Lassen Community College District Board of Trustees hold regular monthly meetings and shall by rule and regulation fix the time and place for its regular meetings.

Currently the Board of Trustees of the Lassen Community College District holds its regular meetings on the second and fourth Tuesdays of each month, with the second meeting to be held only if necessary. The meetings commence at 5:30 P.M. and are held on the Lassen Community College campus, in the Board Room (Former Book Store) 478-200 Highway 139, Susanville, California.

Status and Analysis

It is recommended that the Board of Trustees continue to meet at the same time and place and that the second meeting of the month be held only if necessary. The second meeting date of each month would continue to be designated as a regular monthly meeting, but will only be called, if necessary, as determined by the President of the Board of Trustees. The frequency of Board meetings should be determined by the amount of business to be conducted in a reasonable length of time.

In addition, the Governor signed AB 2449, regarding school and college elections. Revision to the Ed Code became effective January 1, 2019. This bill extends the commencement date of a school board member's term to the second

Friday in December. In the past two years this has had an effect on when the December organizational meeting must be held. However, in 2021, the fifteen day window for the organizational meeting will be December 10 (the second Friday) to December 24, 2021. Therefore, the Lassen Community College District may hold their Organizational meeting on the second Tuesday of December (12/14), rather than having to extend the meeting out to the third Tuesday (12/21/21) as in 2019 and 2020.

It is recommended that the Board of Trustees approve meeting on the following dates:

January 12, 2021
 January 26, 2021-Workshop
 February 9, 2021
~~February 23, 2021~~
 March 9, 2021
~~March 23, 2021~~
 April 13, 2021
 April 27, 2021 - Retreat
 May 11, 2021
~~May 25, 2021~~
 June 8, 2021
~~June 22, 2021~~
 July 13, 2021
 July 27, 2021 - Workshop
 August 10, 2021
~~August 24, 2021~~
 September 14, 2021
~~September 28, 2021~~
 October 12, 2021
 October 26, 2021 - Retreat
 November 9, 2021
~~November 23, 2021~~
 December 14, 2021 Organizational Meeting
~~December 28, 2021~~

Organizational Meeting Note: Per AB 2449 term limit now starts on 2nd Friday of December (12/10/21). Based on how days fall in the month of December, LCC could have Organizational meeting 2nd Tuesday of month (12/14/21) rather than 3rd Tuesday in 2021 which would be 12/21/21.

Subject	7.04 Annual Organization of the Board of Trustees: Filing of Verification of Signature Form
Meeting	Dec 15, 2020 - Organizational Meeting of the Board of Trustees - 5:30 p.m.
Category	7. Administration
Type	Action
Recommended Action	It is recommended the Board of Trustees execute the Verification of Signature form for filing with the Lassen County Superintendent of Schools.

Background

Education Code Section 85230 requires that the Lassen Community College District Board of Trustees to direct its Secretary to file the Verification of Signature Form with the Office of the Lassen County Superintendent of Schools. Attached is a copy of the Filing Verification of Signature Form.

Specifically, the Education Code requires that each order drawn on the funds of a community college district shall be signed by a person or persons authorized by the Board of Trustees to sign orders in its name. No person other than an officer or employee of the district shall be authorized to sign orders.

In addition to the members of the Board of Trustees, signatories for all district business, including orders drawn on funds of the district shall be Dr. Trevor Albertson, Interim Superintendent/President, Ms. Terry Bartley, Comptroller, Victoria Ramsey, HR Director and Dr. Randy Joslin, Interim VP of Administrative Services.

Status and Analysis

This is an annual Filing of the Verification of Signature Form.

File Attachments
[Filing of Verification of Signatures 2020.pdf \(101 KB\)](#)

Subject **7.05 Review of Strategic Plan 2021-2026 (Mission, Vision, Values, Strategic Goals, Institutional Student Learning Outcomes)**

Meeting Dec 15, 2020 - Organizational Meeting of the Board of Trustees - 5:30 p.m.

Category 7. Administration

Type Action

Recommended Action Recommend the Board of Trustees approve the revised Strategic Plan, as presented.

Background

As a result of various Strategic Planning processes, on September 25, 2007 the Governing Board adopted a Statement of College Values, on August 12, 2008 a revised Vision Statement and Strategic Goals and on September 23, 2008 a revised Mission Statement. On October 13, 2009, September 14, 2010, September 13, 2011, August 14, 2012, August 13, 2013 and August 12, 2014 the Governing Board revised and/or reaffirmed the Strategic Plan. As Lassen Community College enters the next annual cycle of integrated institutional planning, it is key that the Governing Board formally approves the Strategic Plan (Mission, Vision, Values, Strategic Goals, Institutional Student Learning Outcomes) to guide staff planning efforts during the upcoming year. At the July 24, 2018 Planning Workshop, the Governing Board reviewed the recommendations forwarded by the Strategic Planning Committee (Consultation Council) to revise the College's vision statement, value statement, strategic goals and institutional student learning outcomes last revised in July 2017. In July 2018, additions were suggested for the College Vision, Strategic Goals and Values as noted on the attached Strategic Plan as suggested by the Strategic Planning Committee and approved by Consultation Council on September 9, 2019. The Board approved the revised Strategic Plan on October 8, 2019.

Status and Analysis

Consultation Council recommended and approved revisions to the Strategic Plan October 12, 2020. The attached version with markup as well as the final version of the Strategic Plan were taken to the October 27, 2020 Board Retreat for review. The Strategic Plan was not reviewed at that time due to loss of the quorum and adjournment of the meeting prior to its review. The Strategic Plan was presented to the Board for a first reading at its November Regular meeting and is being presented at this time for final approval.

For Board Discussion

How does this action achieve the College's Mission, Vision and Values and support Student Learning?

File Attachments

Subject **7.06 Instructional Program Review - 2020 Business IPR Annual Update**

Meeting Dec 15, 2020 - Organizational Meeting of the Board of Trustees - 5:30 p.m.

Category 7. Administration

Type Action

Recommended Action Recommend that the Board of Trustees accept the 2020 Business IPR Annual Update, as presented.

Background

The Academic Senate, based on procedures outlined in the 13th edition of the Instructional Program Review Handbook, approves Instructional Program Reviews completed by faculty. The Senate President and Vice-President of Academic Services then jointly submit the Instructional Program Reviews to the Board for final acceptance.

Status and Analysis

The Academic Senate took action at its meeting on November 18th, 2020 to approve and forward the 2020 Business IPR Annual Update to the Board. The IPR Annual Update was presented to Consultation Council Committee on November 23, 2020. The IPR document is attached.

For Board Discussion

How does this action achieve the College's Mission, Vision and Values and support Student Learning?

Subject **7.07 Annual Financial and Budget Report for the Fiscal Year Ending June 30, 2020**

Meeting Dec 15, 2020 - Organizational Meeting of the Board of Trustees - 5:30 p.m.

Category 7. Administration

Type Action

Recommended Action Recommended that the Board of Trustees approve the Annual Financial and Budget Report for the Fiscal Year ending June 30, 2020, as presented.

Background

Education Code Section 84040 specifies that financial information be periodically reported to the California Community Colleges Board of Governors. To comply with this requirement, the District prepares an Annual Financial and Budget Report (Form CCFS-311) each fiscal year for submission to the Chancellor's Office. In accordance with the California Code of Regulations, Section 58305(d) a copy of this report is due to the Chancellor's Office on or before October 10, 2020. This year the requirement to file was extended to November 30, 2020 due to the COVID-19 pandemic.

Status and Analysis

The District has timely filed the Annual Financial and Budget Report for the year ended June 30, 2020. The Report indicates that the finances of District remains financially stable at year end June 30, 2020.

For Board Discussion

How does this action achieve the College's Mission, Vision and Values and support Student Learning?

Subject **7.08 Acceptance of Automotive Technology Advisory Committee for 2020-2021**

Meeting Dec 15, 2020 - Organizational Meeting of the Board of Trustees - 5:30 p.m.

Category 7. Administration

Type Action

Recommended Action Recommend the Board of Trustees accept the nominees for service on the advisory committee for Automotive Technology for the period 2020-2021, as presented.

Background

In accordance with Board Procedure 4102 – Career/Technical Programs, attached is a completed list of the nominees for the 2020-2021 Automotive Technology Advisory Committee, which complies with both the membership and voting guidelines. The complete list of nominees reflects the following: current members who have agreed to serve an additional two-year term and new industry nominees for consideration.

Status and Analysis

Attached is the Automotive Technology Advisory Committee nominees for 2020-2021 Academic Years.

Subject 7.10 2019-2020 Comprehensive Annual Financial Report

Meeting Dec 15, 2020 - Organizational Meeting of the Board of Trustees - 5:30 p.m.

Category	7. Administration
Type	Action
Recommended Action	Recommend the Board of Trustees accept the District's independent audit report for the year ending 2019-2020, as presented.

Background

Education Code Section 84040 requires that the governing board of the district provide an annual audit of all funds, books, and accounts of the district. The annual financial audit prepared by the District's external contract auditors, CWDL, and complies with the California Community Colleges Budget and Accounting Manual and California Education Code Section 84040.

The primary objectives of the financial audit are: to determine the District's accountability for revenues, the propriety of expenditures, the extent to which funds have been expended in accordance with prescribed federal and California laws and regulations; to determine whether the District's financial statements are presented fairly in accordance with generally accepted accounting principles; and to recommend appropriate actions in any areas where internal control or compliance with applicable federal and California laws and regulations could be improved.

Status and Analysis

The District's audit firm Cossolias, Wilson, Dominguez, Leavitt [CWDL] has presented the audit to the District's Audit Committee. The District has received an unqualified, "clean" opinion on the financial statements with one current year audit finding leading to a modified opinion express on District's compliance with the types of requirements described in the California Community Colleges Contracted District Audit Manual.

For Board Discussion

How does this action achieve the College's Mission, Vision and Values and Support Student Learning?

Subject	7.11 COVID Update
Meeting	Dec 15, 2020 - Organizational Meeting of the Board of Trustees - 5:30 p.m.
Category	7. Administration
Type	Information

Background

In March of 2020, Lassen College shifted most education operations to an online modality. This was done as a result of the COVID-19 pandemic. In response to this worldwide medical matter, the Superintendent/President advises regular updates on the campus' COVID response.

Status and Analysis

At some point, conditions will permit the return of students to campus, along with a shift back to a face-to-face learning modality. In an effort to make this possible, precautions will need to be taken to ensure a safe environment for students, faculty, staff, and visitors alike.

For Board Discussion

How does this action achieve the college's Mission, Vision, and Values in support of student learning?

Subject	7.12 District Budget Update
----------------	------------------------------------

Meeting Dec 15, 2020 - Organizational Meeting of the Board of Trustees - 5:30 p.m.

Category 7. Administration

Type Information

Background

On July 14th the Governing Board approved the tentative budget for the 2020-2021 academic year with a subsequent status update and discussion at the Board Workshop meeting on July 28th. The final budget was approved by the Governing Board at its October 27, 2020 Retreat meeting.

Status and Analysis

The word "Conservative" was inadvertently omitted from the Budget Principles on page 4 in the 2020-21 Final Budget during the PDF formatting of the document for Board presentation and approval which occurred at the October 27, 2020 Retreat meeting. This omission was brought up during a recent Senate meeting. Attached please find a corrected Final Budget with the word "Conservative" highlighted for the Board's convenience. No other changes have been made. This is presented as an informational item only to make the Board aware of the correction of the word omission.

For Board Discussion

How does this action achieve the College's Mission, Vision and Values and Support Student Learning?

Subject 7.13 Accreditation Update

Meeting Dec 15, 2020 - Organizational Meeting of the Board of Trustees - 5:30 p.m.

Category 7. Administration

Type Information

Background

The College is currently addressing requirements and recommendations resulting from the March 2020 Accreditation visit.

Status and Analysis

The College continues to address the requirements and recommendations resulting from the March 2020 Accreditation visit via the LCC Accreditation Steering group. This group is comprised of Administration, faculty and staff members and an Accreditation Consultant. Specific progress is made weekly and will be discussed by the Superintendent/President.

For Board Discussion

None

Information, Procedural: 3.02 Public Comments on Items Not on the Agenda

A statement was submitted by Cort Cortez and read by Julie Johnston:

I am submitting this letter to be read on my behalf in the "Public Comment" segment of the December 15, 2020, LCC Board Meeting. I would like to take a minute and say, "Congratulations" to the three Trustees who were successful in their recent elections. Ms. Dieter, Ms. Jonas, and Mr. Trussell..... your hard work paid off. Job well done! Specifically, to the two newly elected first-time Trustees: Ms. Jonas, as you are a long-time employee of LCC and member of the community, I have no doubt that we share a commitment to this institution. A commitment to the students, faculty, staff, administration and community. I wish you well in your efforts to help Lassen College successfully move forward into the future. Mr. Trussell. As I campaigned over the past few months, I spoke with many community members. A common question was, "who are you running against"? I can honestly say that every time that your name was mentioned in conversation, it was received with positivity. With your deep roots in this community and reputation, I know that you will represent Area #1 with distinction. Again, my Sincere Congratulations. To all of the Trustees, new and returning. As 2020 fades away into our rearview mirrors, Lassen College has to continue to move forward. I am sure that there will be many challenges ahead. As a former LCC student, graduate, and employee, I want to personally wish all of you the best of luck and wisdom in your decision making. There will be difficult decisions that

will inevitably fall upon your shoulders. However, difficult roads often lead to beautiful destinations! Good Luck and Very Best Regards, Cort Cortez

A statement was submitted by Carol Montgomery and read by Julie Johnston:

Good evening, my name is Carol Montgomery. I am President of CSEA Lassen 591 and a Lassen County taxpayer. It is with a great deal of pride that I congratulate one of our own, Sandra Jonas, on her successful bid to serve as a representative on the Lassen Community College Board of Trustees. I know Sandy will serve the taxpayers of Lassen County with integrity, honesty and transparency. She will be a fair voice for Lassen College classified staff and support the needs of students. I would also like to congratulate Dave Trussell. He too is a welcome addition and gives hope to helping move Lassen College forward in a positive direction during these troubling times. Carol Montgomery, Chapter President, CSEA Lassen #591.

4. Consent Agenda-Any items removed will be considered after the motion to approve the Consent Agenda

Information: 4.01 Public Comments on Consent Agenda Items

Action (Consent), Minutes: 4.02 Approval of Minutes of November 10, 2020 Regular Meeting

Noes: None

Absent: None

Abstain: Sandra Jonas

5. Discussion/Action on item(s) removed from Consent Agenda

None

6. Information-Reports

Information, Report: 6.01 Academic Senate President's Report

Adam Runyan, Academic Senate President, provided the following report which was read by Julie Johnston:

Good Evening, I would first like to congratulate and welcome our newly elected Board Members Sandy Jonas and Dave Trussell. The Academic Senate looks forward to working with both of you. Also, congratulations to Kim Dieter and Buck Parks for getting re-elected and continuing to serve our institution. Our Senate has been busy working on updating handbooks such as the Shared Governance, Budget Development, and MQ Handbooks. Our Senators have been working closely with our Administration and Faculty to update and report on IPR's in a timely manner. I would like to highlight the hard work that our Tri Chairs have been putting in. They have been giving regular updates at Consultation Council, organizing presentations on topics such as SLO's and PSLO's to our faculty, and ultimately, checking off the boxes necessary for our next Accreditation visit. Thank you for all of your hard work! We recently approved AP 4235, which is now our Credit for Prior Learning AP. This will meet the State initiatives on CPL and ultimately help our students complete certificates and degrees faster saving them time and money and allowing them to join the workforce quicker. Last month, I mentioned that many of us had recently met with the IEPI PRT to discuss our Educational Master Plan, Professional Development, and Strategic Enrollment Management. I'd like to thank Dr. Joslin for helping organize these meetings and taking the lead on completing this initiative and the final report that will allow our institution to receive \$200,000 to use on the EMP, PD, and SEM. Lastly, I would like to wish everyone a Happy, Safe, and Healthy Holiday Season."

Information, Report: 6.02 Associated Student's Report

None

Information, Report: 6.03 Interim Superintendent/President's Report

Dr. Trevor Albertson, Interim Superintendent/President stated that tonight he wants to welcome some folks, some old and some new. Dr. Albertson apologized as he cannot be there tonight as he may potentially have CoVid and has had a rough week, but he is currently on the mend. Dr. Albertson reiterated that for those that do come down with it, to stay away with campus. Dr. Albertson stated that for two new trustees this will be a whole new experience, and he is here to serve. For two trustees, he wants to welcome them back to our meetings. For the folks that have been here for a longer time, some folks have some concern about access to the board meetings. Dr. Albertson advised that they are not trying to limit any access to board meetings, but just want to keep everyone safe. Dr. Albertson advised he has spent about three days in bed and it was miserable. Dr. Albertson stated that if you feel we could do something better, to call him. Dr. Albertson thanked LCC faculty, staff and students for putting up with everything we have gone through recently. This pandemic will be remembered by our children, grandchildren and their grandchildren. We will remember this for ions bujt there is light on the horizon. This will come to an end. A vaccine is coming. Dr. Albertson advised when he gets information about when and where a vaccine will be distributed, he will pass this information along. Dr. Albertson stated the vaccine has been tested, and he has been following the progress.

Information, Report: 6.04 Board Comments

Trustee Kim Dieter thanked everyone and stated she would like to welcome Sandra and Dave tonight and really appreciate everything you have done for us. Trustee Dieter stated she was notified at work yesterday she would be on quarantine and stated she wanted to thank everyone for doing what they have to allow her to attend the board meeting tonight.

Trustee Louis Hamilton gave his congratulations to everyone and welcome back to Kim and Buck. Trustee Hamilton stated he has a concern for the surplus sale items that are out in the weather and asked if we can do something about them. Trustee Hamilton wanted to commend the Cougar Cupboard for helping students in a time of need. Many were given vouchers to IGA which is awesome. Trustee Hamilton reported the Fire Technology class completed their first course work and certificates were given. Many of them will have lifetime careers.

Trustee Alan Siemer stated he also wanted to congratulate Dave and Sandy, and Buck and Kim on returning. Trustee Siemer stated the only thing he would like to do is thank the staff again for enduring the hardships you are going through and making the changes you have to make. Keep up the good work.

Trustee Buck Parks gave a welcome to both of Dave and Sandy and congratulated Kim on being re-elected. Trustee Parks stated and for moving the college forward, thank you Dr. Trevor and his entire team. It is kind of a chaotic time we are involved in, and we have just had to roll with the punches in 2020. Trustee Parks advised he met Dan Weaver and had a conversation with him, and he seems like a pretty good guy and looks forward to seeing what he has coming along for Fire Technology. Trustee Parks wished every one a Merry Christmas.

Trustee Sandra Jonas gave a thank you to everyone for the warm welcome and stated it is kind of bittersweet for her. She is sad to have to leave her position but really grateful everyone has welcomed her into the Trustee position after 21 1/2 years at the college. Thank you and Merry Christmas.

Trustee David Trussell gave a thank you for the welcome and said it has been very pleasant. Trustee Trussell added that this is homecoming for him. He was here 10 years and it kind of broke his heart to leave so it feels like he is coming home to some old friends. Trustee Trussell stated he wants to get students back on this campus and he is very happy with Trevor. Trustee Trussell added that Trevor has been on the spot up here with this CoVid stuff, and he took the reins when it started and went with it.

President Sop[hia Wages stated she would like to welcome you both to the board adding that she has known both of you many, many, many years. Congratulations Buck and Kim for being re-elected. Thank you, Alan, for chairing the Audit committee tonight. President Wages stated she would like to welcome Dr. Kerrick and Jennifer Knight. President Wages added that as we move forward with CoVid, we are still moving forward with new courses. Hopefully the vaccination will help us get moved forward to in-person learning again. President Wages stated that at the last meeting there was discussed a committee for naming of the gymnasium. Alan I believe was interested, so they need another person if anyone would like to volunteer. Trustee Sandra Jonas volunteered to fill the three member committee comprised of Trustees Wages, Siemer and Jonas.

7. Administration

Action: 7.01 Annual Organization of the Board of Trustees: Election of Officers, Board Representative and Appointment of Secretary

Motion by Kim Dieter nominating Sophia Wages for President. Second by Buck Parks. There being no further nominations, the nominations were closed.

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter (via Zoom), Louis Hamilton, Sandra Jonas, Buck Parks, Alan Siemer, David Trussell

Noes: None

Absent: None

Abstain: Sophia Wages

Motion by Louis Hamilton nominating Kim Dieter for Vice President. Second by Buck Parks. There being no further nominations, the nominations were closed.

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Louis Hamilton, Sandra Jonas, Buck Parks, Alan Siemer, David Trussell, Sophia Wages

Noes: None

Absent: None

Abstain: Kim Dieter

Secretary to the Board: Dr. Trevor Albertson, Superintendent/President accepted the appointment as Secretary to the Board of Trustees for 2021.

Board Representative to County Office of Education: Kim Dieter was asked if she would be willing to accept the appointment as Representative to the County Office of Education. Trustee Dieter accepted the appointment for 2021.

Action: 7.02 Annual Organization of the Board of Trustees: Appointments to Policy Committee, Audit Committee, and Finance Committee

President Wages made the following committee appointments for the 2021 Year:

Policy Committee: Trustees Parks, Wages, Jonas

Audit Committee: Trustees Parks, Siemer, Trussell

Finance Committee: Trustees Dieter, Hamilton, Siemer

Action: 7.03 Annual Organization of the Board of Trustees: Setting of Time and Place of Regular Monthly Meetings

It is recommended that the Board of Trustees continue to meet at the same time and place and that the second meeting of the month be held only if necessary. The second meeting date of each month would continue to be designated as a regular monthly meeting, but will only be called, if necessary, as determined by the President of the Board of Trustees. The frequency of Board meetings should be determined by the amount of business to be conducted in a reasonable length of time.

In addition, the Governor signed AB 2449, regarding school and college elections. Revision to the Ed Code became effective January 1, 2019. This bill extends the commencement date of a school board member's term to the second Friday in December. In the past two years this has had an effect on when the December organizational meeting must be held. However, in 2021, the fifteen day window for the organizational meeting will be December 10 (the second Friday) to December 24, 2021. Therefore, the Lassen Community College District may hold their Organizational meeting on the second Tuesday of December (12/14), rather than having to extend the meeting out to the third Tuesday (12/21/21) as in 2019 and 2020.

It is recommended that the Board of Trustees approve meeting on the following dates:

January 12, 2021

January 26, 2021-Workshop

February 9, 2021

~~February 23, 2021~~

March 9, 2021

~~March 23, 2021~~

April 13, 2021

April 27, 2021 - Retreat

May 11, 2021

~~May 25, 2021~~

June 8, 2021
~~June 22, 2021~~
 July 13, 2021
 July 27, 2021 - Workshop
 August 10, 2021
~~August 24, 2021~~

~~December 28, 2021~~

Organizational Meeting Note: Per AB 2449 term limit now starts on 2nd Friday of December (12/10/21). Based on how days fall in the month of December 2021, LCC may have the Organizational meeting 2nd Tuesday of month (12/14/21) rather than 3rd Tuesday in 2021 which would be 12/21/21.

Motion by Louis Hamilton, second by Buck Parks

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter (via Zoom), Louis Hamilton, Sandra Jonas, Buck Parks, Alan Siemer, David Trussell, Sophia Wages

Noes: None

Absent: None

Action: 7.04 Annual Organization of the Board of Trustees: Filing of Verification of Signature Form

Education Code Section 85230 requires that the Lassen Community College District Board of Trustees to direct its Secretary to file the Verification of Signature Form with the Office of the Lassen County Superintendent of Schools. Attached is a copy of the Filing Verification of Signature Form. Specifically, the Education Code requires that each order drawn on the funds of a community college district shall be signed by a person or persons authorized by the Board of Trustees to sign orders in its name. No person other than an officer or employee of the district shall be authorized to sign orders. In addition to the members of the Board of Trustees, signatories for all district business, including orders drawn on funds of the district shall be Dr. Trevor Albertson, Interim Superintendent/President, Ms. Terry Bartley, Comptroller, Victoria Ramsey, HR Director and Dr. Randy Joslin, Interim VP of Administrative Services.

Motion by Alan Siemer, second by Buck Parks

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter (via Zoom), Louis Hamilton, Sandra Jonas, Buck Parks, Alan Siemer, David Trussell, Sophia Wages

Noes: None

Absent: None

Action: 7.05 Review of Strategic Plan 2021-2026 (Mission, Vision, Values, Strategic Goals, Institutional Student Learning Outcomes)

Dr. Trevor Albertson, Interim Superintendent/President reported that there have been some updates made to the Strategic Plan which includes the Mission, Vision, Values, Strategic Goals, and Institutional Student Learning Outcomes. The reason we are seeing it tonight, is that the Board lost their quorum at the January workshop meeting when it was scheduled for approval. The Strategic Plan includes a lot of great work by faculty, staff and everyone involved including work by Faculty Senate.

Motion by Alan Siemer, second by Sandra Jonas

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter (via Zoom), Louis Hamilton, Sandra Jonas, Buck Parks, Alan Siemer, David Trussell, Sophia Wages

Noes: None

Absent: None

Action: 7.06 Instructional Program Review - 2020 Business IPR Annual Update

Dr. Trevor Albertson, Interim Superintendent/President advised that this really is a movement in the right direction. This is a six page Update to the IPR and that we have had IPRs over 50 pages. They need to be read in a reasonable

amount of time. Dr. Albertson stated he would like to thank business faculty involved and congratulate them on a job well done.

Motion by Louis Hamilton, second by Alan Siemer

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter (via Zoom), Louis Hamilton, Sandra Jonas, Buck Parks, Alan Siemer, David Trussell, Sophia Wages

Noes: None

Absent: None

Action: 7.07 Annual Financial and Budget Report for the Fiscal Year Ending June 30, 2020

Education Code Section 84040 specifies that financial information be periodically reported to the California Community Colleges Board of Governors. To comply with this requirement, the District prepares an Annual Financial and Budget Report (Form CCFS-311) each fiscal year for submission to the Chancellor's Office. In accordance with the California Code of Regulations, Section 58305(d) a copy of this report is due to the Chancellor's Office on or before October 10, 2020. This year the requirement to file was extended to November 30, 2020 due to the COVID -19 pandemic. The District has timely filed the Annual Financial and Budget Report for the year ended June 30, 2020. The Report indicates that the finances of District remains financially stable at year end June 30, 2020.

Motion by Alan Siemer, second by Buck Parks

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter (via Zoom), Louis Hamilton, Sandra Jonas, Buck Parks, Alan Siemer, David Trussell, Sophia Wages

Noes: None

Absent: None

Action: 7.08 Acceptance of Automotive Technology Advisory Committee for 2020-2021

Dr. Trevor Albertson, Interim Superintendent/President advised that CTE programs have advisory committees that help them maintain currency in their field and help our students get the most out of their education. Chad Lewis has done a great job and advised that the recommendation is for the Board to accept the Automotive Technology Advisory Committee as presented.

Motion by Sandra Jonas, second by Alan Siemer

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter (via Zoom), Louis Hamilton, Sandra Jonas, Buck Parks, Alan Siemer, David Trussell, Sophia Wages

Noes: None

Absent: None

Action: 7.09 Acceptance of Business Advisory Committee for 2020-2021

Dr. Trevor Albertson, Interim Superintendent/President, advised this is the same as the previous item and is an advisory board member list for Business. The Business Department has done a great job getting this together. Dr. Albertson advised that it is recommended the Board accept the Business advisory committee members as presented.

Motion by Louis Hamilton, second by Buck Parks

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter (via Zoom), Louis Hamilton, Sandra Jonas, Buck Parks, Alan Siemer, David Trussell, Sophia Wages

Noes: None

Absent: None

Action: 7.10 2019-2020 Comprehensive Annual Financial Report

Dr. Trevor Albertson, Interim Superintendent/President advised that this is the College's annual audit report and that the Audit Committee went over the audit in great detail at the prior meeting at 4:30 p.m. Dr. Albertson stated that he cannot thank our team enough - Garrett, Terry and everyone. It is a great report for us. Trustee Buck Parks stated that he would like to concur with Trevor and that we need to commend the entire staff that provided data. Dr. Albertson advised that a lot of the work was done with the effects of CoVid so no face-to-face or sit down on campus. One comment he really has to go back to is when this particular person with the auditors spoke to looking at 21 other colleges in the state and our numbers are doing well where our percentages are at. Only one very minor issue to talk about for an audit. It is a really good job by our staff. President Sophia Wages stated that with the completion of this and the excellence of our staff doing all of the hard work, and showing ACCJC, FCMAT, and the Chancellor's office, that we are on it. We are doing the right thing. President Wages stated she is commending everyone that has had anything to do with this, and she wants to thank our business staff.

Motion by Alan Siemer, second by Buck Parks

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter (via Zoom), Louis Hamilton, Sandra Jonas, Buck Parks, Alan Siemer, David Trussell, Sophia Wages

Noes: None

Absent: None

Information: 7.11 COVID Update

Dr. Trevor Albertson, Interim Superintendent/President reported that as a CoVid update there are potential cases of CoVid being added, including him. Dr. Albertson stated he thinks he picked it up from his kids, and he will provide a full run down when they find out if he is positive. Dr. Albertson stated his main thing to everyone is to stay off campus. Campus is currently largely shuttered including administration, with minimum individuals to run campus. Dr. Albertson stated he has a minimal schedule on campus. As soon as he has more information on the vaccine, he will provide that when available. Dr. Albertson reported he is working to include our nursing students as ones to be included first as well as our fire students, when the vaccine becomes available.

Information: 7.12 District Budget Update

Dr. Trevor Albertson, Interim Superintendent/President stated that the state budget is at a surplus. There are some cuts to be made but with the updated number as of today, from \$26 billion surplus to the budget. Dr. Albertson advised that one time funds should be coming from that. The Chancellor assured them of that. Dr. Albertson stated they are trying to turn into ongoing funds. There is an economic boom going forward in a certain amount of time. There is a readjustment of community college budgets including K-12 to K-14. This is a huge thing for all colleges state-wide. Dr. Albertson advised that once we know what those one time funds will look like, we need to start prioritizing where those funds will go. Dr. Albertson stated it is a three-step process. Trustee Siemer stated that as Trevor knows, he likes asking the staff for their input on this thing. Is the staff going to have any participation into this? Dr. Albertson advised this is a two-piece response: people can always come and see him. The biggest voice they can have right now is Faculty Senate and Consultation Council. Dr. Albertson stated he takes great pride in listening, and we also need to take a look at a district survey. Dr. Albertson advised a survey was tried 14-15 months ago but did not get a large sample size. We need to reach out to stakeholders in the district. Trustee Siemer agreed that the public should have input. Trustee Siemer stated he wants to have the people who it will affect being able to play a roll in this process. Dr. Albertson advised that a lot of that comes through Consultation Council and what ACCJC and Chancellor's Office ordains as a means to a voice. Dr. Albertson advised that there is additionally one change to the budget, the addition of the word "conservative" which was inadvertently omitted from the final budget.

Information: 7.13 Accreditation Update

Dr. Trevor Albertson, Superintendent/President stated that there was some interesting news he got. He had a chat with Toni Summer, our Accreditation Consultant, and she said to him "your Tri-Chairs are amazing people. Do whatever you can to keep them around". Dr. Albertson stated that they are amazing and doing yeomen's work getting things done. Dr. Albertson advised he has seen Codi Mortell's name pop up late at night and early in the morning making additions to documents. Toni has stated we are a model to getting things done. Dr. Albertson gave kudos to the Tri-Chairs and everyone helping to get things accomplished.

8. Administration -Second Reading and Approval Board Policy

Action: 8.01 BP 1100 - Lassen Community College District (Second Reading and Approval)

Dr. Trevor Albertson, Interim Superintendent/President reported that this is the second reading and approval for BP 1100 - Lassen Community College District. There were no modifications to this Board Policy but is being brought to complete a review of Chapter 1 policies.

Motion by Buck Parks, second by Louis Hamilton

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter (via Zoom), Louis Hamilton, Sandra Jonas, Buck Parks, Alan Siemer, David Trussell, Sophia Wages

Noes: None

Absent: None

Action: 8.02 BP 1200 - Mission (Second Reading and Approval)

Dr. Trevor Albertson, Interim Superintendent/President advised that this is a second reading and approval for BP 1200 - Mission. There was one suggested change which was suggested in the Mission statement on the College's Strategic

Plan and that is the deletion of one word "outstanding". This Board policy is being revised so that the Mission contained in the Strategic Plan and Board Policy mirror one another.

Motion by David Trussell, second by Buck Parks

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter (via Zoom), Louis Hamilton, Sandra Jonas, Buck Parks, Alan Siemer, David Trussell, Sophia Wages

Noes: None

Absent: None

Action: 8.03 BP 4235 - Credit for Prior Learning (Second Reading and Approval)

Dr. Trevor Albertson, Interim Superintendent/President reported that the modifications to this policy were mandated by the Chancellor's office and required to be completed prior to the end of December. Academic Senate worked extensively on this along with Academic Services. It was accepted by Consultation Council and forwarded to the Board for approval. This is the second reading and approval for this policy.

Motion by Louis Hamilton, second by Alan Siemer

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter (via Zoom), Louis Hamilton, Sandra Jonas, Buck Parks, Alan Siemer, David Trussell, Sophia Wages

Noes: None

Absent: None

9. Information Items

Information, Procedural: 9.01 Calendar of Events

President Wages directed those present to the Events tab on the website and noted that there are currently no events scheduled other than Board Meetings due to Covid.

10. Future Dates and Reports

Information: 10.01 Future Dates and Reports

January 12, 2021	Regular Meeting	Board Room	5:30 p.m.
January 26, 2021	Workshop Meeting	Board Room	12:00 p.m.

Subject 2.02 IEMP - Areas Of Focus

Meeting Nov 5, 2020 - Institutional Effectiveness Planning Committee Meeting

Category 2. Discussion and Action Items

Type Discussion

Review and update the Areas of Focus from the IEMP:

A. Accreditation

Accreditation is the primary means by which colleges in the United States assure and improve quality. Colleges must apply for reaffirmation of accreditation every seven years. The Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges (ACCJC/WASC), as overseen by the U.S. Department of Education (DOE), last took action to reaffirm the accreditation of the College in June 2014; the next ACCJC visit is March 2020. The accreditation status of the College is overseen by the Administration, Accreditation Steering Committee (a role of Consultation Council), the faculty Accreditation Chair, and administrative Accreditation Liaison Officer.

B. Assessment of Student Learning and Administrative Unit Outcomes

Student learning outcome (SLO) assessments are reported at the end of each academic session and administrative unit outcome assessments are reported annually in May. The Director of Institutional Effectiveness will be responsible for monitoring outcome assessment. During the 2018-19 academic year, the college is using a locally developed system. This system has several advantages in its ease of AUO/SLO input, superior self-service reporting, and reduced cost of maintenance. A challenge facing the college (indeed all California Community Colleges) is implementing systems to capture student level success in SLOs to support the disaggregation of SLO data to support disproportionately impacted students. The college is currently implementing a new analytics system (InfoMagnus) that will enhance our SLO and AUO reporting.

C. Fiscal Planning

The College is fiscally prudent with its resources. The College develops its annual operating budget through a budgeting process to determine the expenditure requirements under the established strategic direction and integrative planning processes. Yearly budget parameters and assumptions are evaluated and communicated to ensure that all constituent groups understand realistic resource availability. The majority of College's financial resources come from state apportionment which is enrollment driven. Each spring, district revenue is estimated and expenditures are developed based salary and benefit costs, utility rates, staff retirements and vacancies, and other operational needs. Priorities and recommendations developed in this process serve to guide the College in its decisions and yearly resource allocations. The Fiscal Services department implements and oversees the budget. The Fiscal Services department strives to create and support an environment that allows for the business functions of running an institution while working seamlessly with all areas of the campus and insuring that resources are available when needed to enhance student learning. Fiscal Services aims to provide administration support that promotes effective delivery of education and services to student, faculty, and staff.

Category 2. Discussion and Action Items

Type Action

Recommended Action Approve Committee Charge for 2019-2020

Review and Discuss previous Institutional Effectiveness Planning Committee charge for inclusion in the 2020-2021 Governance Handbook.

The Institutional Effectiveness Planning Committee is charged to:

- Update the Institutional Effectiveness Master Plan to identify items that have been completed, that are

ongoing, and that have not yet been addressed and add new goals and strategies annually to meet emerging needs in the areas of organizational structure, accreditation, governance, program review, planning, research, student learning and administrative unit outcome assessment, fiscal planning and grant development/coordination.

- Analyze data provided by the institutional effectiveness office concerning trends in any of the areas listed above.
- Review and incorporate recommendations from instructional and non-instructional program reviews into planning for an effectiveness institution.
- Integrate effectiveness planning with academic, student services and budget planning to ensure successful implementation of the goals and strategies
- Assists faculty and staff in coordinating the development, assessment and analysis of results of student learning and administrative unit outcomes
- Drive institutional change through recommendations and strategies related to accreditation, program review, outcomes assessment and planning.

David Corley named IEPC Chair

Action, Discussion: 2.02 IEPC Meeting Schedule

Regular meeting schedule with be 1st and 3rd Thursday's of the month at 2:30pm

Action: 2.03 Review and Discuss IE Planning Committee Charge

Committee is good with the current charge.

David Corley mentioned that Budget Planning was brought up as part of Accreditation and that since "fiscal planning" is part of the committee charge that budget planning topic would likely come up more often in committee meetings. Along those lines there was a question posted on a listserve yesterday requesting feed back from other college on what they are doing to meet the new compliance requirement surrounding "policies and procedures over SCFF data management...". LCC will need to figure this out also and will be brought to this committee.

Discussion: 2.04 NIPR Handbook

The NIPR handbook needs to be updated. Please review for needed updated. David and Randy will also be looking at this to see what needs to be changed. We want to simplify this process if at all possible.

3. Information Items

Discussion: 3.01 IPR Handbook

This is currently being updated by Academic Senate. This initial update is focused on dates, timeline, courses, and program updates, but long term we want to update the whole IPR process to simplify it. Any updates that are identified please send them to Adam Runyan.

4. Meeting Closing

Discussion, Information: 4.01 Member Comments/Other

We are looking at software by Watermark, their TaskStream product. This would be a solution that can help us to fully assess our SLO's as has been identified by Accreditation that we are not doing. Currently we only are able to do course SLO assessment.

Discussion: 4.02 Items for Future Meetings

Discussion: 4.03 Next Meeting Date/Time

Subject 2.02 IEMP - Areas Of Focus

Meeting Nov 19, 2020 - Institutional Effectiveness Planning Committee Meeting

Category 2. Discussion and Action Items

Type Discussion

Review and update the Areas of Focus from the IEMP:

D. Governance

The Lassen Community College governance structure involves faculty, staff, administration, students, the Governing Board, and the community in the planning and operation of the college.

The governance structure and practices embrace the Lassen Community College values of supporting inclusiveness of individual and community viewpoints in collaborative decision-making processes; promoting mutual respect and trust through open communication and actions; and fostering integrity as the foundation for all we do. The Governing Board is the final authority for governance at Lassen Community College. The Governing Board delegates authority to the Superintendent/ President who in turn solicits and receives input through the participatory governance decision-making process.

E. Grant Development/Coordination

Grant development is primarily the responsibility of the Grant Development Team comprised of the Vice-President of Academic Services, Dean of Student Services and the two Deans of Instructional Services, and the Director of Institutional Effectiveness. Coordination of grants is the responsibility of the individual identified in the grant. The College is engaged in actively pursuing grant funding to supplement the general fund.

F. Institutional Planning

As required by regulation, the College's financial planning includes both short-term and long-term goals and objectives, provides for broad-based-input, and is coordinated with educational planning.

The Comprehensive Institutional Master Plan is a five-year plan that is updated and sent to the Governing Board for acceptance annually. The institutional planning and budget development process begins with the program review process, which utilizes student learning and administrative outcome assessments as the mechanism to justify recommendations. The program reviews provide the unit level planning documents for Lassen Community College. The program goals and objectives as well as recommendations and budget requests developed during the review process integrate into the various planning sections of the Comprehensive Institutional Master Plan.

G. Organizational Structure

The organizational structure of the College is depicted graphically in organization charts for each institutional area: President, Academic Services, Administrative Services and Student Services. The organizational charts are updated at least annually following the July board meeting for incorporation into the Participatory Governance Handbook.

LASSEN COMMUNITY COLLEGE INSTRUCTIONAL PROGRAM REVIEW

OVERVIEW and GOALS

Instructional Program Review (IPR) built on the analysis of data including the assessment of student learning and outcomes, as required by the state and the Western Association of Schools and Colleges (WASC) through the Accrediting Commission for Community and Junior Colleges (ACCJC), is an integral part of the total process of integrated planning driving institutional decisions including budget allocation at Lassen Community College. The recommendations from each program review provide the basis for informed decision-making for academic planning, human resource planning, student services planning, technology planning and facilities planning and are incorporated into the LCC Comprehensive Institutional Master Plan as well as individual Master Plans. The IPR process is an effective vehicle for accountability. Through this process, colleagues can cooperatively share ideas to strengthen the college's instructional programs. In addition, with the submission of completed program review documents to Consultation Council for review by all constituent groups, the IPR process allows for dialogue between faculty, staff and administration regarding the status and future of an instructional program.

The proposed model rests on the following assumptions:

1. Statistical data that is accurate and valid is necessary for an objective review and evaluation of instructional programs and must be included in an LCC IPR.
2. Statistical data alone (Cost per FTE, WSCH/FTE, etc.) is insufficient to evaluate and assign priority to institutional programs.
3. Combined subjective judgments or empirical results of qualified professionals are valid components of the total assessment of a program when combined with evaluation of statistical data.
4. Criteria used for the purpose of evaluating one program may not be necessarily appropriate for evaluating another program.
5. Priority shall be given to educational considerations over cost considerations without ignoring those cost considerations.

The program review process is an opportunity for faculty members to actively participate in the growth of their own programs and the growth of the college as a whole. Institutional planning and budget considerations will be based on the recommendations and justifications provided by this process.

REVIEW PROCEDURE

The faculty teaching within all transfer instructional programs and special academic programs at Lassen Community College will conduct a major review by completing an IPR once every four years. All career/technical instructional programs will conduct a major review by completing an IPR once every two years. Those programs including both transfer and terminal degrees will follow the career/technical two-year program review cycle. In addition, each recognized instructional program at Lassen Community College will be encouraged to complete an annual update. A complete IPR is considered to be a one-year process with curriculum review, student evaluation and assessment occurring during the fall semester and additional student evaluation, writing and acceptance of the written report occurring during the first half of the spring semester.

Instructional Program Reviews rely on:

- Data provided by the Office of Institutional Effectiveness
- Self-evaluation based on evaluation of sound quantitative and qualitative data, provided by the Office of Institutional Effectiveness, and faculty input
- Feedback from student evaluations
- Assessment results from student learning outcomes and dialog based on the outcome assessment results

A “fill-in” IPR template is provided in Attachment A of this document, and Attachment C of this document provides a student evaluation to be used in IPR completion. Programs may modify the student evaluation to gather information specific to a program.

The IPR team is composed of faculty of the program being evaluated (see Attachment E, Faculty Reference by Program). The IPR team will be assigned at least one mentor by the Academic Senate. The function of the mentor is limited to advisement and interpretation of the program review process. Mentors will be current members of the Academic Senate familiar with the IPR process. In addition to a Senate mentor, the IPR team is encouraged to work closely with its Division Chair(s).

It is the responsibility of the Academic Senate to inform Academic Services, by September, which program(s) will have IPRs scheduled for completion in the subsequent spring semester.

The Academic Dean or Vice President and Academic Senate President will jointly send a memorandum to the faculty members of programs informing them of the upcoming IPRs.

The Academic Senate President, Academic Dean or Vice President and Director of Institutional Effectiveness will conduct joint faculty orientations for the subject area faculty of upcoming IPRs in October for program reviews scheduled for completion during the following spring semester. The orientations will cover: 1) IPR format, 2) identification of a faculty mentor (assigned by the Senate), and 3) the appropriate inclusion of statistical data in the attachments of the document.

To facilitate completion of the IPR, the following statistical data for each session (F, S, SS) during the preceding four years or as indicated will be provided by the Office of Institutional Effectiveness and Academic Services to the appropriate program area faculty at the IPR orientation meeting in October:

- FTE's generated by program.
 - Total program FTEs
 - FTEs generated separately by course, by semester, by modality, by time of day, by full-time and by part-time faculty.
 - FTEs generated per class, per semester and per class, per modality.
 - LCC FTE data to match program categories should be provided to allow for comparisons between individual programs and all instructional programs.
- Number of FTE faculty (FTEF) in program by semester and year.
 - Total FTEF
 - FTEF for full-time faculty only – including overloads
 - FTEF for full-time faculty only – without overloads
 - FTEF for full-time faculty only – overloads only
 - FTEF for part-time faculty.
- Enrollment data
 - Total program enrollment data at census and completion of course.
 - Enrollment data at census and completion of course for each class, each modality, and each time of day offering.
- Student outcomes (transfer, awarded degrees and certificates, basic skills improvement, retention, employment status, etc.)
 - Student completion, retention and success rates by program, class, modality, and time of day
 - Persistence from course to course. Initially, this is most important in sequential courses in Basic Skills, Math and English but should be expanded to include all prerequisite courses as data is made available.
 - Transfer data
 - Awarded degrees and certificates
 - Additional data requested by faculty will be considered as priorities allow
- Capital outlay equipment
 - List of equipment
 - Age of equipment
 - Replacement schedule
 - Existing maintenance/service agreements
- Student Learning Outcome (SLO) assessment results dating back to the previous IPR.

Data should be provided in a raw and visual format, either as chart, pie chart, bar graph, or other visual presentation deemed appropriate by the Office of Institutional Effectiveness.

Should the faculty of the program being reviewed disagree with the data as provided, this disagreement will be included in the final report. All areas of the IPR need to be completed regardless of whether or not statistical data has been provided.

INSTRUCTIONAL PROGRAM REVIEW PREPARATION

Preparation of the IPR is viewed as a primary vehicle for evaluating a program and its effectiveness in regards to student learning as well as developing plans and strategies for the improvement of a program. This self-evaluation approach allows the faculty (full and part-time as applicable) who are directly involved in the program to assume primary responsibility for the examination and strengthening of their program.

An IPR Template has been created to ease the work of completing the IPR (See ATTACHMENT A: IPR Template). This form is available electronically from Academic Services, on the planning webpage, or through the Lassen College portal. The data contained in the planning tables generated from completion of the IPR TEMPLATE, will be reviewed by the institutional planning committees as part of the institutional planning and budgeting processes.

The Chief Instructional Officer (CIO) and Academic Senate together will designate an IPR lead faculty member from within the program being reviewed. The lead faculty member will call the first meeting to establish the timeline and schedule meetings for all listed full-time and part-time faculty to complete the IPR.

Each IPR should begin with a title page including the name of the program, names of individuals working on the IPR (full-time faculty, part-time faculty and support staff), and the acceptance dates for Academic Senate, Consultation Council and Governing Board.

IPR FORMAT

The IPR is organized into four sections consistent with the four sections of the comprehensive institutional master plan:

1. Academic Planning Section
 - a. Program Objectives/Student Learning Outcomes
 - b. Student Outcomes/Student Learning Outcomes (program impact on student success)
 - c. Curriculum
 - d. Equipment
 - e. Outside Compliance Issues (if applicable)
 - f. May also include recommendations specific to Student Services Planning and Institutional Effectiveness Planning
2. Human Resource Planning Section
3. Facilities Planning Section

Each section and sub-section of the IPR is subdivided into two parts, plus referenced attachments, at the end of the document:

1. Description/Evaluation
2. Planning Agenda (The planning agenda should be substantiated by the description/evaluation subsection and/or referenced attachments and should be divided into plans to be implemented by program staff and plans requiring institutional resources)

Referenced Attachments

- Supporting Documentation [to be included as attachments at the end of document]

Each subsection may be completed using lists, narrative description, or attachments as appropriate. Address only those sections that apply to your program. Statements in parentheses are suggestions for your

consideration and are not prescriptive. Supporting documentation for each section should be included at the end of the document.

Upon completion of the IPR process, the final document must be compiled into PDF format and submitted to the Academic Dean and the Academic Senate for subsequent Senate approval and joint presentation to Consultation Council and the Governing Board. Upon acceptance of the document by the Governing Board, Academic Services will provide electronic IPR copies to I.T. for posting on the Lassen College website. Academic Services will provide institutional decision-making bodies copies of Prioritized Recommendations charts as they pertain to planning documents.

STUDENT EVALUATION OF PROGRAM

The Student Evaluation is designed to solicit comments concerning the program only and is not an evaluation of instructors. It is important to insure the students understand that the focus of the survey is on the program and not the faculty in the area. This is to avoid confusion with the faculty evaluation process. The recommended Student Evaluation is included as Attachment C, although programs may modify the form to gather additional information or may remove items not relevant to the program.

An anonymous questionnaire is considered to be the most effective format to obtain student input. This will encourage the students to be frank in their responses. The Student Evaluation will be scheduled and administered by the Office of Institutional Effectiveness twice, once during October of the instructional review process and again in February.

Academic Services staff will consult with the faculty members of the IPR Team to determine the student sampling and consider any program-specific revisions to the student survey. The sampling will consist of a minimum of three core courses and other courses as selected by the IPR Team. (Example: The basic skills program might wish to survey courses with high enrollment of former basic skills students.)

REVITALIZATION AND DISCONTINUANCE POLICY

Lassen Community College is committed to supporting programs and classes that fulfill the goals of the Mission Statement as these are elaborated in the Educational Master Plan. Following Title 5, section 55000, "program" is defined as an organized sequence of courses leading to a defined objective, e.g., a degree, a certificate, a diploma, a license or transfer to another institution of higher education. As this applies to LCC, a program is defined as a whole and not individual degrees, certificates, or courses within the program as detailed in the LCC course catalog. Only programs with low or declining enrollment, decreasing demand for service or clear obsolescence shall be considered for discontinuance. The service provided to the college and the community by the program will be the primary consideration for a program's discontinuance. More information regarding this policy can be found by searching AP 4021.

TIMELINE FOR PROCEDURES

- October The Vice President of Instruction, in consultation with the Academic Senate, notifies faculty of the upcoming IPR. Academic Senate appoints faculty members to the mentors list.
- October Faculty Orientation for IPRs are scheduled and held. Distribution of quantitative data by the Academic Services to the IPR Team (fiscal and census information, as previously outlined, for the previous four years, and a copy of the previous final IPR document) for reviews scheduled the following year.
- October Student evaluation #1 administered and compiled by the Office of Instruction Effectiveness
- November/December Initial meeting of the IPR Team and Senate mentor (if desired).
- November-May The IPR Team conducts the curriculum review, submitting review and revision documents to the Curriculum/Academic Standards Committee for approval.
- February Student evaluation #2 administered and compiled by the Office of Institutional Effectiveness
- August The IPR team submits the completed IPR documents to the Academic Senate and the Academic Dean.
- September The Academic Senate takes action to accept the IPR and with the Academic Dean jointly presents IPR to Consultation Council and the Governing Board.
- October IPR recommendations are distributed to planning committees for consideration in master planning and budgeting documents.
- Upon acceptance, Academic Services will maintain the original IPR electronic file online and forward electronic copies to the institutional planning committees for inclusion in the planning and budgeting processes.

LASSEN COMMUNITY COLLEGE EDUCATIONAL PROGRAMS

For the purpose of the Instructional Program Review process, a program is defined as an organized sequence of courses leading to a defined objective, a degree, certificate, diploma, a license, or transfer to another institution of higher education (Title V, Section 55000). A special academic program provides instruction in support of certificate or degree completion or as part of another certificate or degree but may not offer an organized sequence of courses that lead to a degree, certificate, license or transfer as with transfer and career/technical programs. See Attachment D for a list of degrees and certificates included within each program.

Transfer-only Programs — 4-yr cycle

- Fine Arts (including Art History and Studio Art)
- Humanities (including English)
- Mathematics/Natural Science
- History/Social Science/Sociology/Psychology/Anthropology
- Physical Education

Career/Technical Programs — 2-yr cycle

- Administration of Justice (including related POST information)
- Agriculture
- Automotive Technology
- Business (including Accounting, Business Administration, Economics, and Office Administrative Assistant) Child Development (including transfer degree in Early Childhood Education)
- Information Systems
- Graphic Design
- Fire Technology
- Gunsmithing (including related NRA)
- Human Services
- Allied Health (including Vocational Nursing, CNA, Medical Assisting)
- Welding Technology

Special Academic Programs — 4-yr cycle

- Athletics
- Developmental Studies
- Work Experience

INSTRUCTIONAL PROGRAM REVIEW CYCLE

The following IPR review cycle has been established by the Academic Senate:

<u>Scheduled Date of IPR Review</u>	<u>Transfer or Special Academic Program Completing IPR</u>
Academic Year 2020-2021	Developmental Studies including Basic Skills
Academic Year 2021-2022	Mathematics/Natural Science (Area A and D2) Physical Education (Area E2) Athletics
Academic Year 2022-2023	History/Social Science/Sociology/Psychology/Anthropology (Area B/E1) Work Experience
Academic Year 2023-2024	Fine Arts (including Art History/Studio Art) Humanities (including English) (Area C and D1)

<u>Scheduled Date of IPR Review</u>	<u>Career/Technical Program Completing IPR</u>
Academic Year 2020-2021	Fire Technology Gunsmithing Human Services Allied Health Welding
Academic Year 2021-2022	Administration of Justice Automotive Technology Agriculture Business Child Development Information Systems Graphic Design
Academic Year 2022-2023	Fire Technology Gunsmithing Human Services Allied Health Welding
Academic Year 2023-2024	Administration of Justice Automotive Technology Agriculture Business Child Development Information Systems Graphic Design

ANNUAL UPDATES & IPR REVISIONS

Given that program changes occur on an annual basis, completion of an annual update by all recognized programs, whether transfer, career/technical, or special academic programs, is encouraged to better integrate program review into the planning and budgeting processes. Basic data, including FTES, FTEF, completion, success, and program scheduling for the previous year, will be provided by the Office of Institutional Effectiveness by November of each year. Annual updates are due by the end of August or special request by office of instruction and are submitted to Academic Services and Academic Senate following the same procedures as the IPR. The purpose of the annual updates is to recognize and document changes within a program, and identify, and more effectively incorporate, emerging program needs into the budget and planning processes than the 2 or 4 year cycle currently allows. Institutional planning decisions are based on the recommendations contained within the IPR. Revisions to specific sections of the IPR may be necessary between scheduled IPRs and/or annual updates to accommodate changes in program priorities. Program faculty may revise specific IPR sections at any time. The annual update containing the revised section(s) will be forwarded to the Academic Senate and Academic Dean. The annual update will follow the same sequence of steps for acceptance as the IPR. Upon acceptance by the Governing Board, the annual update will be attached to the original IPR in Academic Services and electronic copies forwarded to the institutional planning committees.

REVIEW OF INSTRUCTIONAL PROGRAM REVIEWS OUT OF SEQUENCE

A. Early Program Reviews:

Program faculty, the President/Superintendent or the Governing Board may request an early program review for compelling reasons. Such reasons may include:

- Enrollment considerations
- Fiscal consideration
- Facilities review
- Recent loss or addition of full-time subject area faculty within the program
- Recent significant changes to the curriculum

The request for an early program review must be accompanied by written justification submitted to the Academic Senate. After reviewing the written recommendations: the Academic Senate will take action. The action will permanently move the IPR for the program within the review cycle.

B. Instructional Program Review Extensions:

Program faculty or the Academic Dean may request an extension of the due date of an IPR. Requests for due date extensions of an IPR will be accompanied by a written justification submitted to the Academic Senate. Extensions may be granted through Senate action. IPRs with granted extensions will not be considered late for budget and planning purposes and will retain their original position within the review cycle.

C. Late Instructional Program Reviews:

IPRs retain their positions within the cycle regardless of their date of acceptance. All changes of position within the review cycle require official Academic Senate action.

IPR TEMPLATE

SECTION 1: ACADEMIC PLANNING

I. . Program Overview, Objectives, and Student Learning Outcomes

[Click here to insert a brief overview of the program \(this is optional\).](#)

Description/Evaluation:

- a. Describe and evaluate the program objectives against the LCC strategic plan, specifically the mission statement and strategic goals [available online or in the current catalog].

[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

- b. Identify and evaluate the Program Student Learning Outcomes including the relationship between course, program and institutional student learning outcomes utilizing information provided by the Office of Institutional Effectiveness

[Click here to enter text.](#)

- c. Evaluate any changes in the program since last review. Include summary of Annual Updates completed since last review.

[Click here to enter text.](#)

- d. Analyze program-related promotional materials/advertising as appropriate

[Click here to enter text.](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Student Services Planning, and/or Institutional Effectiveness Planning tables at the end of the section for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table\(s\) below.](#)

II Student Outcomes

A. Trends and Patterns in Student Outcomes

Description/Evaluation:

1. Provide in tabular form followed by an analysis
 - a. Number of degrees and certificates awarded during the last four years.
[Click here to enter text.](#)
 - b. Transfer numbers for the last four years
[Click here to enter text.](#)
 - c. Completion, retention and success data for the last four years
[Click here to enter text.](#)
2. Analyze program effectiveness based on available quantitative data and qualitative experiences.
[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Student Services Planning, and/or Institutional Effectiveness Planning tables at the end of the section for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself, “What are we going to change?” Go into detail here and provide a snap shot of the items in the table\(s\) below.](#)

B. Student Learning Outcome Assessment

SLO assessment is important to maintain and improve an effective learning experience for LCC students. Evaluating SLO results regularly is helpful for evaluating student learning and identifying emerging program needs. By contract, faculty are required to measure at least one SLO for every class taught each semester; these records are maintained in the online Data Management and Visualization tool (CLIC) and are available for review by faculty at any time through its self-updating, interactive dashboards and reports.

Description/Evaluation:

1. Attach an SLO assessment summary as provided by Office of Institutional Effectiveness.

2. Provide an analysis of findings of the assessments completed and recommendations being made in individual assessments. Consider the impact or influence of the assessment results at the program level. Consider how SLO results may be leveraged to support equipment, facility, staffing, or other budget and planning need and include the justification in your analysis.

[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

Planning Agenda:

List recommendations and actions necessitated by the above evaluation of SLO results. Complete Academic Planning, Student Services Planning, and/or Institutional Effectiveness Planning tables at the end of the section for any recommendations requiring institutional action. For any items needing Human Resources Planning, Institutional Technology Planning, or Facilities Planning action, please make sure to include the information within the appropriate section and table later in the program review document.

[Click here to enter text. Ask yourself, “What are we going to change?” Go into detail here and provide a snap shot of the items in the table\(s\) below.](#)

C. Student Evaluation Summary

The student survey portion of the evaluation procedure is designed to solicit comments concerning the program only, and is not an evaluation of instructors (See Attachment F, Student Survey).

An anonymous questionnaire is considered to be the most effective format. This will encourage the students to be frank in their responses. The student evaluation will be scheduled and administered by the Office of Instruction during October/November and February/March of each instructional review process. The Office of Instruction staff will consult with the members of the self-evaluation group to determine the student sampling and consider any program-specific revisions to the student survey. The sampling will consist of a minimum of three core courses and other courses as selected by the self-evaluation team. (Example: The basic skills program might wish to survey courses with high enrollment of former basic skills students.)

Description/Evaluation:

Attach Student Evaluation Summary provided by Office of Academic Services and provide an analysis of the results of the student evaluations

For the evaluation portion, ask yourself “How is it working?” Good? Bad?

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Student Services Planning, and/or Institutional Effectiveness Planning tables at the end of the section for any recommendations requiring institutional action.

[Click here to enter text.](#) Ask yourself, “What are we going to change?” Go into detail here and provide a snap shot of the items in the table(s) below.

III. Curriculum

A. Degrees and/or Certificates

Description/Evaluation:

- List degree and/or certificates offered in the program. Review/revise two-year plan(s). Update scheduling sequence listed on course outline where needed (course outline and/or program revisions need Curriculum Committee approval) attach the approved two-year plan for each degree and certificate (see Attachment D, Degrees/Certificates by Program). Degree and certificate student learning outcomes, if different from program student learning outcomes, should be included in this section.
- Faculty should analyze progress made on the assessment of program (degree/certificate) learning outcomes
- Evaluate the need for courses, degrees and/or certificates
- Transfer programs: Evaluate the core courses against the major preparation requirements for an entering junior at receiving four-year institutions (e.g. CSU System and UC System).
- Transfer programs: Evaluate the courses against the specific area requirements needed to satisfy the general education requirements for associate degrees and transfer. Consider whether there are adequate opportunities to meet the area requirements in combination with all disciplines within each general education area. Is there an adequate number of course and discipline options within each area, and can those courses be offered in a manner that maximizes student enrollment in each section? Do courses need to be added or deleted from any general education area?
- Career/Technical programs: Attach dates of Advisory Committee meetings (a minimum of two meeting per year). Reference Committee Member Rosters and Minutes located in the Office of Academic Services. Summarize the advisory committee recommendations for program curriculum enhancement or improved student competencies

- Career/Technical programs: Use advisory committee recommendations, labor market or other standards to answer the following question: Do the core courses in the certificates and degrees meet current employer skill requirements for the field?
- Special Programs: By nature, special programs themselves do not lead to a degree or certificate. However, special programs may have coursework that is included in transfer or vocational degrees or certificates. Note the relationship between special program courses and LCC transfer or vocational degrees or certificates.

[Click here to address the items above. For the evaluation portion, ask yourself, “How is it working?” Good? Bad?](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning table at the end of the section for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table\(s\) below.](#)

B. Courses

Description/Evaluation

1. Identify courses added or deleted from the instructional program since the last IPR.

[Click here to enter text.](#)

2. Each course offered within the instructional program must be reviewed for accuracy and currency (see Attachment I, Course List by Program). Review of each course outline should include asking the following questions:
 - Should the Disciplines of Assignment remain the same or be changed?
 - Should the Catalog/Schedule description remain the same or be updated?
 - Is the course repeatable? Is the repeatability reflected in the SLOs, Objectives, and Course Content sections? What is the basis for repeatability: legal requirement or increased skill level?
 - If the course meets a core requirement within specific degrees or certificates, is it accurately noted on the outline?
 - If the course satisfies a specific area within the general education requirement for an associate degree or transfer, is it accurately noted on the outline?
 - Are course-level student learning outcomes included on each course outline? Are learning outcomes included for each allowable repetition?
 - Does the course require a prerequisite or have recommended preparation? Are content review forms on file for each recommended preparation and/or prerequisite?

- Do any of the learning outcomes or objectives need revision?
 - Does any content need to be updated?
 - Are any changes necessary in the Methods of Instruction, Assignments, Critical Thinking or Methods of Evaluation sections?
 - Is the course being considered for distance education offering? If so, has it been approved for specific distance education delivery?
 - Is the textbook current (within the last 7 years for transfer courses) and is the publication date included?
 - Does the course outline match the two year plan with regard to sequence of course offerings?
3. Whether changes to a course outline are necessary or not, a Revision to Existing Course Form for each course must be completed and submitted to the Curriculum/Academic Standards Committee for action. When changes are necessary, indicate the revisions on the form. Where no changes are necessary, simply indicate on the Revision Form that “the course has been reviewed as part of the program review and no changes are necessary.” Revision forms will be retained in the Instructional Office with the Curriculum agenda packets.
 4. Following the Curriculum/Academic Standards Committee action on all submitted Revision to Existing Course Forms, a summary Instructional Program Curriculum Review Form will be completed by the Curriculum/Academic Standards Subcommittee Chair and given to the program faculty for inclusion in the program review.
 5. The signed Instructional Program Curriculum Review Form is to be included with your completed program review documents

[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning table for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snapshot of the items in the table\(s\) below.](#)

C. Articulation/Integration of Curriculum

Description/Evaluation:

1. Attach a tabular comparison of Lassen Community College courses articulating with UC and CSU, indicating courses with approved C-ID designations as applicable (Obtain copies of Articulation Agreements from the Transfer Center)
2. Provide a narrative reviewing the Lassen Community College courses and courses at four-year institutions for course alignment. (i.e. two courses at Lassen needed to articulate with one

course at UC).and the units requirements for Lassen Community College courses as compared to four-year institutions.

[Click here to enter text.](#)

Planning Agenda:

Complete Student Services Planning table (see below) for any proposed changes to articulation or C-ID designation

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table\(s\) below.](#)

III. Scheduling and Enrollment Patterns

Description/Evaluation:

1. Describe and explain any deviation from the two-year plan in course scheduling during the last four years.

[Click here to enter text.](#)

2. Evaluate the relationship between schedule, enrollment patterns and FTE generated statistics.

[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

3. Using FTE data provided, evaluate how the scheduling of courses within the program has served the needs of a variety of students (e.g. day, evening, single parents, employed full-time). Include the following considerations:
 - a. Number of sections (too many/too few to serve student needs)
 - b. Variety of times (three times a week, twice a week, one day a week and morning/afternoon/evening)
 - c. Length of courses (traditional semester/short term)
 - d. Method of delivery (traditional/technology-mediated/correspondence delivered instruction).

[Click here to enter text.](#)

4. Evaluate student access to general education courses within the context of the scheduling of the instructional program courses.

[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

Planning Agenda:

Complete Academic Planning table (see below) for any proposed changes in the schedule that might improve enrollment patterns and better meet student needs.

[Click here to enter text.](#) Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table(s) below.

IV. Equipment

Description/Evaluation:

1. List capital outlay equipment, age of equipment and replacement schedule

[Click here to enter text.](#)

2. Identify any existing equipment maintenance/service agreements

[Click here to enter text.](#)

3. Evaluate the condition of capital outlay equipment in light of the replacement schedule and available funds.

[Click here to enter text.](#) For the evaluation portion, ask yourself “How is it working?” Good? Bad?

4. Evaluate the effectiveness of and need for additional maintenance/service agreements.

[Click here to enter text.](#) For the evaluation portion, ask yourself “How is it working?” Good? Bad?

5. Justify any proposed modification or additions to equipment available for students and/or faculty/instructional assistants within the program.

[Click here to enter text.](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Student Services Planning, Facilities Planning, or Technology Planning tables as appropriate for any recommendations requiring institutional action.

[Click here to enter text.](#) Ask yourself, “What are we going to change?” Go into detail here and provide a snap shot of the items in the table(s) below.

V: Outside Compliance Issues (if appropriate for program)

Description:

If appropriate, describe the role of outside compliance issues on the Special Program.

[Click here to enter text.](#)

Evaluation:

Assess changes in compliance or identification of compliance-related needs and the impact on the Special Program.

[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Facilities Planning, Technology Planning and Human Resource Planning Forms as appropriate for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table\(s\) below.](#)

VI. Prioritized Recommendations

A. Prioritized Recommendations for Implementation by Program Staff

List all recommendations made in Section One that do not require institutional action (i.e. curriculum development) in order of program priority.

[Click here to enter text.](#)

B. Prioritized Recommendations for Inclusion in the Planning Process

List all recommendations made in Section One that should be included in Lassen College’s planning and budgeting process, specifically in the Educational Master Plan, Student Services Master Plan, or Institutional Effectiveness Master Plan. Separate recommendations into the appropriate plan(s). Items to be included in the Human Resource Master Plan, Institutional Technology Master Plan, or Facilities Master Plan should be addressed in Sections Two, Three or Four in lieu of or in addition to inclusion in the Academic Master Plan. See Attachment C, Master Plan Overview, in the IPR handbook to determine where recommendations are best placed.

Prioritized Recommendations for Inclusion in Education Master Plan: The EMP addresses the instructional planning needs of the college.

[Click here to enter Program Name & Year](#)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost (implementation & ongoing)	Expected Outcome

Prioritized Recommendation for Inclusion in Student Services Master Plan: The SSMP

highlights the services needed to maximize the student experience through a variety of key student support services.

[Click here to enter Program Name & Year](#)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost (implementation & ongoing)	Expected Outcome

Prioritized Recommendations for Inclusion in Institutional Effectiveness Master Plan: The IEMP addresses college needs not addressed in other plans. These needs include research, governance, outcome assessment, and administrative operations.

[Click here to enter Program Name & Year](#)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost (implementation & ongoing)	Expected Outcome

Section Two: Human Resource Planning

I. . Program Staffing

Description/Evaluation:

1. List the current staffing for the program include: full-time and part-time faculty positions, instructional assistants and classified staff

[Click here to enter text.](#)

2. This section provides an opportunity for analysis and justification of projected staffing needs to support the program. Clerical support by the Office of Academic Services and work-study needs may be included.

[Click here to enter text.](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning and Human Resources Planning Forms as appropriate for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself, "What are we going to change?" Go into detail here and provide a snap shot of the items in the table\(s\) below.](#)

II. Professional Development

Description/Evaluation:

1. If available, reference Flex Contracts for full-time faculty teaching in the program for each of the last two years. [Copies may be available in the Office of Instruction].

[Click here to enter text.](#)

2. Describe the professional development and professional activities of the program faculty/instructional assistants in addition to flex obligation relevant to program improvement that has occurred during the period under review. (Workshops, conferences, staff development, sabbatical leaves, work experience, etc.)

[Click here to enter text.](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning and Human Resources Planning Forms as appropriate for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table below](#)

III. Student Outcomes**Description/Evaluation:**

Description/ Evaluation:

Describe any results from assessment of learning outcomes that affect human resource planning

[Click here to enter text.](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning and Human Resources Planning Forms as appropriate for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table below](#)

IV. Prioritized Recommendation**Prioritized Recommendations for Implementation by Program Staff**

List all recommendations made in Section Two that do not require institutional action (i.e. curriculum development) in order of program priority.

[Click here to enter text.](#)

Prioritized Recommendations for Inclusion in the Planning Process

List all recommendations made in Section Two that should be included in Lassen College’s planning and budgeting process. See Attachment C, Master Plan Overview, in the IPR handbook to determine where recommendations are best placed.

Prioritized Recommendations for Inclusion in Human Recourse Master Plan: The HRMP identifies and manages the administrative functions of recruitment, selection, evaluation, and professional development needs of the College to ensure a fully-staffed and highly functioning team of employees.

[Click here to enter Program Name & Year](#)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost (implementation & ongoing)	Expected Outcome

Section Three: Facilities Planning

I. . Facilities

Description/Evaluation:

1. Describe and evaluate the Lassen Community College facilities available to the program.
[Click here to enter text.](#)
2. Describe and evaluate additional facilities utilized off-campus by the program (attach any relevant rental agreements)
[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)
3. Describe any facilities needs identified by assessments of student learning outcomes
[Click here to enter text.](#)
4. Justify any proposed modifications or additions to existing facilities that would better serve the program planned for the next five years.
[Click here to enter text.](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Facilities Planning, and Technology Planning Forms as appropriate for any recommendations requiring institutional action.

[Click here to enter text. Ask yourself “What are we going to change?” Go into detail here and provide a snapshot of the items in the table below](#)

II. . Prioritized Recommendations

Prioritized Recommendations for Implementation by Program Staff

List all recommendations made in Section Three that do not require institutional action (i.e. curriculum development) in order of program priority.

[Click here to enter text.](#)

Prioritized Recommendations for Inclusion in the Planning Process

List all recommendations made in Section Three that should be included in Lassen College’s planning and budgeting process. See Attachment C, Master Plan Overview, in the IPR handbook to determine where recommendations are best placed.

Prioritized Recommendations for Inclusion in the Facilities Master Plan: The FMP addresses the physical infrastructure, facility, and maintenance needs of the campus.

[Click here to enter Program Name & Year](#)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost (implementation & ongoing)	Expected Outcome

Section Four: Technology Planning

I. . Technology

Description/Evaluation:

1. Describe and evaluate technology and technology support provided for instruction and instructional support.

[Click here to enter text. For the evaluation portion, ask yourself “How is it working?” Good? Bad?](#)

2. Describe any technology and technology support needs identified by assessment of student learning outcomes.

[Click here to enter text.](#)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Facilities Planning, Technology Planning and Human Resource Planning Forms as appropriate for any recommendations requiring institutional action.

[Click here to enter text.](#) Ask yourself “What are we going to change?” Go into detail here and provide a snap shot of the items in the table below

II. Prioritized Recommendations

Prioritized Recommendations for Implementation by Program Staff

List all recommendations made in Section Four that do not require institutional action (i.e. curriculum development) in order of program priority.

[Click here to enter text.](#)

Prioritized Recommendation for Inclusion in the Planning Process

List all recommendations made in Section Four that should be included in Lassen College’s planning and budgeting process. See Attachment C, Master Plan Overview, in the IPR handbook to determine where recommendations are best placed.

Prioritized Recommendations Inclusion in Institutional Technology Master Plan: The ITMP addresses the technology needs of the campus.

LASSEN COMMUNITY COLLEGE MASTER PLAN OVERVIEW

Six master plans comprise the Comprehensive Institutional Master Plan. Recommendations from program reviews will be input into the selected master plans as determined by faculty in the prioritized recommendation spreadsheets. To better understand which master plan might be most appropriate for each program recommendation, a summary/objective of each plan is included below. More information can be found in the Shared Governance and Consultation Council Handbook and the Comprehensive Institutional Master Plan.

Educational Master Plan (EMP): The EMP addresses the instructional planning needs of the college.

Facilities Master Plan (FMP): The FMP addresses the physical infrastructure, facility, and maintenance needs of the campus.

Human Resources Master Plan (HRMP): The HRMP identifies and manages the administrative functions of recruitment, selection, evaluation, and professional development needs of the College to ensure a fully-staffed and highly functioning team of employees.

Institutional Effectiveness Master Plan (IEMP): the IEMP addresses college needs not addressed in other plans. These needs include research, governance, outcome assessment, and administrative operations.

Institutional Technology Master Plan (ITMP): The ITMP addresses the technology needs of the campus.

Student Services Master Plan (SSMP): The SSMP highlights the services needed to maximize the student experience through a variety of key student support services.

ATTACHMENT C

**LASSEN COMMUNITY COLLEGE
INSTRUCTIONAL PROGRAM REVIEW - STUDENT EVALUATION**

Name of Program: _____ Date Survey Completed: _____

Current Course: _____

Overview:

Instructional programs are reviewed periodically by LCC faculty. The _____ Instructional Program is currently undergoing its periodic review. The _____ Instructional Program is made up of the courses leading to a degree or certificate of achievement in _____. The courses in this program include: _____

As a student enrolled in one of these courses, your insight about the course and program can provide valuable information to assist the program faculty in making program improvements. This student survey is your opportunity to provide information to the program faculty. This is a student survey of the course and program, NOT the instructor. Instructor evaluations occur at a different time.

Instructions for Completion:

Please be as objective and concise as possible when answering the following questions. Read and evaluate each question and check the responses, which most closely relate to your views. Space has been provided at the end, for any additional comments you would like to make.

Tell Us About Yourself:

**1. Educational Goal: What is your educational objective at Lassen Community College?
(Check all that apply).**

General Education:

Transfer to a 4-year Institution

IGETC Certification

CSU Certification

Transfer to another Community College

Degrees/Certificates:

AA/AS

Certificate of Achievement
Certificate of Completion

Certificate of
Accomplishment

Title of Degree or Certificate:

General Interest:

Job Requirement

Continuing Education

Personal Development

2. Your Need for this Course: Why are you taking this course?

Core Requirements for degree or certificate

Job Requirements

- Elective for degree or certificate
- General Education course for degree or transfer
- Other: Please Specify _____
- Continuing Education
- Personal Development

1. **Does the course content reasonably compare with the catalog/schedule description?**
 YES NO
2. **Did the catalog clearly explain the order in which the courses in this program should be taken?**
 YES NO
3. **Was any cost for this course/program, beyond registration and books clearly identified in the catalog?**
 YES NO
4. **Did instructors use the required textbooks in the program?**
 YES NO N/A
5. **Are the textbooks purchased for this program useful to you?**
 YES NO N/A

Scheduling:

6. **Did the scheduling of this course meet your needs?**

- current schedule met my needs
- needed morning offering
- needed afternoon offering
- needed evening offering
- needed one day a week schedule
- needed summer offering
- needed week-end offering
- needed short-term (less than semester) offering
- other: Please Specify _____

Facilities/Equipment: Do the facilities for this course/program adequately meet your needs?

7. **I was provided with reasonable access to the facilities?**

- YES NO

8. **The temperature of the facilities in summer or fall is:**

- OFTEN TOO HOT FOR THE SEASON
 COMFORTABLE FOR THE SEASON
 OFTEN TOO COLD FOR THE SEASON
 N/A

9. The lighting of the facilities is?

- TOO BRIGHT ADEQUATE TOO DARK N/A

10. The chairs/tables/desks are?

- ADEQUATE INADEQUATE N/A

11. Is there enough space for you to do your work in class?

- YES NO N/A

12. Please elaborate on your responses and include any additional facilities-related comments:

13. Did the course/program provide the necessary equipment?

- YES NO N/A

14. Is enough time on equipment allowed for each student?

- YES NO N/A

15. Is equipment current?

- YES NO N/A

16. Is equipment generally in good operating condition?

- YES NO N/A

17. Describe how this course/program could be improved to better meet the needs of the students at Lassen Community College.

18. Provide any additional comments on the course or program:

ATTACHMENT D

**LASSEN COMMUNITY COLLEGE
EDUCATIONAL PROGRAMS AND DEGREES/CERTIFICATES/LICENSES BY PROGRAM**

For the purpose of the instructional review process, a program is defined as an organized sequence of courses leading to a defined objective, a degree, certificate, diploma, a license, or transfer to another institution of higher education (Title V, Section 55000).

Administration of Justice/Correctional Science

Associate in Science Degree in Administration of Justice for Transfer
Associate in Art Degree in Administration of Justice
Certificate of Achievement in Administration of Justice
Certificate of Accomplishment in Administration of Justice

Agriculture

Associate in Science in Agriculture Animal Science for Transfer
Associate in Science in Agriculture Business for Transfer
Associate in Arts Degree University Studies: Emphasis in Agriculture Sciences
Associate in Science Degree in Agriculture Science and Technology
Certificate of Achievement in Agriculture Science and Technology
Certificate of Accomplishment in Animal Science
Certificate of Accomplishment in Horsemanship
Certificate of Accomplishment in Agriculture Business
Certificate of Accomplishment in Agriculture Irrigation

Art History/Studio Art

Associate in Arts Degree in Art History for Transfer
Associate in Arts Degree in Studio Art for Transfer

Automotive Technology

Associate in Science Degree in Automotive Technology
Certificate of Achievement in Advanced Mechanics
Certificate of Achievement in Engine Repair
Certificate of Accomplishment Basic Mechanics
Certificate of Accomplishment in Electrical
Certificate of Accomplishment in General Mechanics
Certificate of Achievement in Auto Chassis and Maintenance

Business

Associate in Science Degree in Business Administration for Transfer
Associate in Science Degree in Accounting
Associate in Arts Degree in Economics for Transfer
Associate in Science Degree Administrative Office Technician
Certificate of Achievement Administrative Office Technician
Certificate of Achievement in Small Business Management

Child Development

Associate in Science Degree in Early Childhood Education for Transfer
Associate in Arts Degree in Child Development
Certificate of Achievement in Child Development
Certificate of Accomplishment in Child Development-Associate teacher

Fire Technology

Associate in Science Degree in Fire Technology
 Certificate of Achievement in Fire Technology
 Certificate of Accomplishment in Fire Technology
 Certificate of Accomplishment in Basic Fire Fighter

Gunsmithing

Associate in Science Degree in Firearms Repair
 Associate in Science Degree in General Gunsmithing
 Certificate of Achievement in Firearms Repair
 Certificate of Achievement in General Gunsmithing
 Certificate of Accomplishment in Gunsmith Machinist and Metal Finishing
 Certificate of Accomplishment in Long Guns
 Certificate of Accomplishment in Pistolsmith
 Certificate of Accomplishment in Riflesmith

Health Occupations/Medical Assisting

Certificate of Achievement in Medical Assisting
 Certificate of Accomplishment in Administrative Medical Assisting
 Certificate of Accomplishment in Clinical Medical Assisting

History/Social Science/Sociology/Psychology

Associate in Arts Degree University Studies: Emphasis in Social Sciences
 Associate in Arts Degree General Studies: Emphasis in Social Sciences
 Associate in Arts Degree in History for Transfer
 Associate in Arts Degree in Sociology for Transfer
 Associate in Arts Degree in Psychology for Transfer
 Associate in Science Degree in Anthropology for Transfer
 Certificate of Achievement California State University General Education
 Certificate of Achievement in Intersegmental General Education Transfer Curriculum

Human Services

Associate in Science Degree in Drug and Alcohol Paraprofessional
 Associate in Science Degree in Human Services
 Certificate of Achievement in Drug and Alcohol Paraprofessional Certificate of Achievement in Human Services

Humanities

Associate in Arts Degree University Studies: Emphasis in Humanities
 Associate in Arts Degree in English for Transfer

Information Systems

Certificate of Achievement in Geographic Information Systems

Natural Science

Associate in Arts Degree University Studies: Emphasis in Natural Sciences
 Associate in Arts Degree General Studies: Emphasis in Natural Sciences
 Associate in Science Degree in Geology for Transfer
 Associate in Science Degree in Biology for Transfer
 Associate in Science in Nutrition and Dietetics for Transfer

Physical Education

Associate in Arts Degree in Kinesiology for Transfer
 Associate in Arts Degree University Studies: Emphasis in Physical Education
 Associate in Arts Degree General Studies: Emphasis in Physical Education

Vocation Nursing/Allied Health

Associate in Arts Degree University Studies: Emphasis in Allied Health

Associate in Science Degree in Vocational Nursing

Certificate of Achievement in Vocational Nursing

Certificate of Accomplishment in Administrative Medical Assisting

Certificate of Accomplishment in Clinical Medical Assisting

Welding Technology

Associate in Science Degree in Welding Technology

Two-Year Certificate of Achievement in Welding Technology

One-Year Certificate of Achievement in Welding Technology

Certificate of Accomplishment in Welding Technology

Special Instructional Programs (no degrees or certificates)

Athletics

Developmental Studies

Work Experience

(All AT Courses) AT 49, AT 50, AT 54, AT 56, AT 58, AT 60, AT 64, AT 66, AT 68, AT 70, AT 72, AT 74, AT 76, AT 80, AT 82, AT 84, AT 88, AT 90, AT 90A, AT 91, AT 150

Business

AGR 1, AGR 2, AGR 3 (and All Bus Courses) BUS 1A, BUS 1B, BUS 1C, BUS 2, BUS 10, BUS 13, BUS 18, BUS 19, BUS 22, BUS 25, BUS 27, BUS 34A, BUS 34B, BUS 49, BUS 75, BUS 76, BUS 77, BUS 78, BUS 79, BUS 84, BUS 98, (and all CA courses) CA 31, CA 32, CA 49, CA 52, CA 53, ~~CA 54~~, CA 55, CA 56, CA 58, CA 60, CA 150 and COT 50, COT 52, COT 59 and CS 1, and ECON 10, ECON 11, and FS 91, and HO 71

Child Development

(All CD Courses) CD 11, CD 12, CD 15, CD 16, CD 17, CD 19, CD 20, CD 22, CD 23, CD 24, CD 25, CD 26, CD 27, CD 28, CD 30, CD/PSY 31, CD 49, CD 50

Graphic Design

ART 1A, ART 2, ART 8, ART 21, ART 22, ART 23, ART 25, ART 26, ART 28, ART 38, ART 39

Fire Technology

(All FS Courses) EMT 21, and FS 3, FS 4, FS 5, FS 6, FS 8, FS 13, FS 14, FS 20, FS 23, FS 26, FS 49, FS 50, FS 51, FS 52, FS 53, FS 54, FS 56, FS 57, FS 58, FS 59, FS 60, FS 60A, FS 61, FS 64, FS 65A, FS 65B, FS 65C, FS 68, FS 70, FS 70A, FS 70B, FS 70C, FS 72, FS 72A, FS 73A, FS 73B, FS 74, FS 75, FS 76, FS 77, FS 78, FS 79A, FS 80, FS 81, FS 84, FS 85, FS 86, FS 87, ~~FS 88~~, FS 89, FS 90, FS 91, FS 92A, FS 92B, FS 92C, FS 92D, FS 92E, FS 93, FS 94, FS 95, FS 97, FS 98.18, FS 98.20, FS 98.21, FS 156

Gunsmithing

(All GSS Courses) GSS 49, GSS 50, GSS 50.01, GSS 50.03, GSS 51, GSS 51.01, GSS 51.03, GSS 51.05, GSS 51.06, GSS 52, GSS 52.01, GSS 52.02, GSS 52.03, GSS 52.04, GSS 52.05, GSS 52.06, GSS 52B, GSS 52BR, GSS 54.05, GSS 55.04, GSS 56.01, GSS 56.03, GSS 56.04, GSS 57.01, GSS 57.02, GSS 57.03, GSS 57.06, GSS 57.08, GSS 57.15, GSS 58.02, GSS 59.02, GSS 59.03, GSS 59.04, GSS 59.05, GSS 59.07, GSS 59.09, GSS 60, GSS 60.01, GSS 60.02, GSS 60.04, GSS 61.01, GSS 61.02, GSS 61.03, GSS 62.03, GSS 62.04, GSS 63.01, GSS 63.02, GSS 63.03, GSS 63.04, GSS 63.05, GSS 64.01, GSS 66.01, GSS 66.02, GSS 66.03, GSS 67.01, GSS 68.01, GSS 68.02, GSS 68.03, GSS 69.01, GSS 69.02, GSS 69.03, GSS 69.04, GSS 70, GSS 70.01, GSS 70.02, GSS 71, GSS 71.01, GSS 71.02, GSS 71.03, GSS 71.04, GSS 72, GSS 72.01, GSS 73.02, GSS 75.02, GSS 77, GSS 78, GSS 79, GSS 80, GSS 81, GSS 82, GSS 83, GSS 84, GSS 85, GSS 87, GSS 88, GSS 89, GSS 90, GSS 91, GSS 93, GSS 94, GSS 95, GSS 98.02, GSS 98.03, GSS 98.04, GSS 98.05, GSS 98.06, GSS 98.08, GSS 98.09, GSS 98.12, GSS 98.13, GSS 98.21, GSS 98.22, GSS 98.23, GSS 98.24, GSS 112, GSS 112B, GSS 114, GSS 116, GSS 117, GSS 119, GSS 120, GSS 120B, GSS 123, GSS 124, GSS 127, GSS 129A, GSS 129B, GSS 129C, GSS 130, GSS 133, GSS 134, GSS 135, GSS 136, GSS 143, GSS 147, GSS 148

History/Social Science/Sociology/Anthropology

ANTH 1, ANTH 2, ANTH 3, GEOG 2, HIST 14, HIST 15, HIST 16, HIST 17, HUM 1, HUM 2, PLSC 1, PLSC 11, PSY 1, PSY 2, PSY 3, PSY 5, PSY 6, PSY 18, PSY 31/CD 31, PSY 33, SOC 1, SOC 2, SOC 3, SOC 4

Humanities

BS 156, CD 17, (and All Music Courses) MUS 1, MUS 6, MUS 7, MUS 12, ANTH 1, BUS 27, ENGL 1, ENGL 2, ENGL 3, ENGL 4, ENGL 5, ENGL 7, ENGL 9, ENGL 10, ENGL 12, ENGL 22, ENGL 33, ENGL 34, ENGL 105, ENGL 105A, ENGL 150, ENGL 151, ENGL 155, ES 1, ESL 155, FILM 1, GEOG 2, HUM 1, HUM 2, PHIL 1, PHIL 2, PHIL 10, SPAN 1, SPAN 2, SPCH 1

Human Services

(All HUS Courses) HUS 10, HUS 22, HUS 24, HUS 25, HUS 30, HUS 31, HUS 32, HUS 35, HUS 37, HUS 40, HUS 41, HUS 42, HUS 48.05, HUS 49, HUS 61

Information Systems

GIS 1, GIS 2, GIS 3, GIS 4, GIS 5

Mathematics /Natural Science

ANTH 1, ASTR 1 (and All Bio Courses) BIO 1, BIO 10, BIO 20, BIO 25, BIO 26, BIO 32, BIO 32L, BUS 84, COT 59 (and All Chem Courses) CHEM 1A, CHEM 1B, CHEM 8, CHEM 45, GEOL 1, GEOL 5, GEOG 1, (and All Phys Courses) PHY 2A, PHY 2B, PHSC 1, (and All Math Courses) MATH 1A, MATH 1B, MATH 7, MATH 8, MATH 11A, MATH 11B, MATH 40, MATH 60, MATH 156, MATH 164, MATH 187, MATH 168, and FS 91

Physical Education

HLTH 2, HLTH 25, and HO 120, HUS 30, (and All PE Courses) PE 15, PEAC 2A, PEAC 2B, PEAC 2C, PEAC 2D, PEAC 5A, PEAC 5A.02, PEAC 5B, PEAC 5C, PEAC 5C.02, PEAC 5D, PEAC 6, PEAC 6B, PEAC 6D, PEAC 7, PEAC 7D, PEAC 9, PEAC 9B, PEAC 9D, PEAC 10, PEAC 10D, PEAC 16, PEAC 32D, PEAC 34, PEAC 44

Vocational Nursing/Allied Health

CD 50, (and All HO Courses) HO 3, HO 49, HO 70, HO 71, HO 80A, HO 88, HO 120, (and All EMT Courses) EMT 21, EMT 60, EMT 61 and FS 20, (and All VN Courses) VN 50, VN 51, VN 52, VN 53, VN 54, VN 55, VN 56, VN 57, VN 58, VN 59, VN 60

Welding Technology

GSS 124, IT 22, IT 72 (and All WT Courses) WT 20, WT 21, WT 22, WT 23, WT 25, WT 31, WT 32, WT 36, WT 37, WT 38, WT 39, WT 42, WT 43, WT 44, WT 45, WT 49, WT 50, WT 51, WT 52, WT 52

Special Educational Programs:

Developmental Studies

(All DS Courses) DS 110, DS 111, DS 112, DS 113, DS 114, DS 115, DS 116, DS 120, DS 121, DS 122, DS 153, DS 155, DS 158, BS 156, BS 170, BS 171

Work Experience

CARS 2, CARS 151, CARS 153 (and all 49 courses) AGR 49, AJ 49, ART 49, AT 49, BUS 49, CD 49, CT 49, FS 49, GSS 49, HO 49, HUS 49, JOUR 49, WT 49, WE 1, WE 2

ATTACHMENT G

DEFINITION OF TERMS

Assessment.....	The process of judging student behavior or product in terms of some criteria (Clark, 1975). It includes various means of gathering information about the quantity, quality and progress of students, their performance and academic work.
Assessment Cycle.....	The assessment cycle in higher education is generally annual and fits within the academic year. In order to incorporate recommendations into Lassen Community College planning and budgeting processes, the LCC IPRs are conducted over the course of an academic year, culminating in September.
Assessment Results.....	The data/information acquired from the implementation of an assessment tool.
Assessment Tool.....	A tool that has been designed to collect objective data about students' attitudes and skill level. An appropriate learning outcomes assessment tool measures students' abilities to integrate a set of individual skills into a meaningful, collective demonstration. Some examples of assessment tools include standardized tests end-of-program skills test, student inquiries, common final exams, and comprehensive embedded test items.
C-ID.....	Course Identification Number
Core Course.....	Courses within a discipline specifically required for a degree or certificate.
Course Embedded Assessment.....	The review of materials generated in the classroom. In addition to providing a basis for grading students, such materials allow faculty to evaluate approaches to instruction and course design.
Description/Evaluation.....	A subsection provided within the IPR to allow faculty to identify and analyze the current situation within the program to justify recommended changes to the current situation.
Direct Cost per Program.....	All identified direct costs charged to a program as defined by TOP (e.g., instructor salaries, supplies, etc.).
Direct Measures of Learning.....	Students display knowledge and skills as they respond directly to the assessment itself.
Full-time Equivalent Faculty (FTEF).....	The amount of instructional employee time expressed in a proportion to that required in a full-time teaching position, with 1.0 representing one full-time position. FTE is derived by dividing the amount of time taught in a position by the amount of teaching hours required in a corresponding position.
Full-time Equivalent Student (FTES).....	For state accounting purposes, an FTES is a full-time student who attends 15 hours per week for 35 weeks (two primary terms). The rule is: 15 hours x 35 weeks = 525 total WSCH = 1 FTES. To determine FTES, multiply number of students by the number of hours per week and number of weeks, then divide by 525.

General Education or Transfer Programs	For the purposes of this review, general education refers to courses satisfying Associate degree requirements, CSU Certification, or IGETC.
Indirect Measures of Learning	Assessment tools such as surveys and interviews, which ask student to reflect on their learning rather than to demonstrate it.
IGETC	Intersegmental General Education Transfer Curriculum - completion of the IGETC guarantees that a transferring community college student has satisfied the lower division general education requirements of the CSU/UC systems.
Instructional Program	For the purpose of this review, a program shall be defined as follows: a program is an organized sequence course or series of courses leading to a definite objective, a degree, certificate, diploma, a license, or transfer to another institution of higher education.
Planning Agenda	A subsection provided within the IPR to allow faculty to make recommendations for improvement of their programs. Recommendations are divided into those that require institutional support and those to be implemented by the program faculty.
Prerequisite	A condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or program.
Program Learning Outcome	A measurable educational objective as a consequence of participation in an organized sequence of courses (i.e. ability to perform specific work place competencies).
Program Outcome	A measurable objective as a consequence of participation in an organized sequence of courses (i.e. employment, receipt of degree or certificate).
Recommended Preparation	A condition of enrollment that a student is advised, but not required, to meet before, or in conjunction with, enrollment in a course or program.
Statistical Data	The Offices of Institutional Research and Instruction will provide departmental staff with the minimum statistical data as required by the state-wide accountability model.
Student Learning Outcome	An overarching specific observable characteristic developed by local faculty that allows them to determine or demonstrate evidence that learning has occurred as result of a specific course, program, activity, or process.
Weekly Student Contact Hours (WSCH)	The class hour or contact hour is the basic unit of attendance for computing average daily attendance. A contact hour is the basic period of not less than fifty minutes of scheduled instruction. Weekly student contact hours are the total number of student contact or class hours per week.
WSCH per FTE	A ratio of weekly student contact hours to full-time faculty equivalency. This is a measure of faculty load.

Subject: SLO Mapping Training
Date: Thursday, October 29, 2020 2:27:25 PM
Importance: High

Hi All,

This is a reminder that Colleen Baker is hosting a Zoom SLO Mapping Workshop Friday, October 30th from 10:00 am to 11:00 am. See below for link. It is crucial that everyone review and update (if needed) their SLO's and review their maps. In the next couple of weeks she will also host a PSLO Zoom training.

If you have any questions regarding SLO's, PSLO's or mapping please contact Colleen or Chad.

Thank you, Carie

Subject: It's Accreditation Awareness Week!

Greetings LCC!

Welcome to Accreditation Awareness Week!

This week we are promoting Accreditation Awareness by highlighting information and resources pertaining to our Compliance Requirements and Recommendations. You will be receiving a Canvas course invitation to Accreditation information and resources, and this Friday our very own Collen Baker will be providing a virtual workshop on SLO Mapping --- See details below.

Next year in October we will be presenting our Follow-Up Report to ACCJC and preparing for another ACCJC site visit. Accreditation Evidence gathering is underway, our report writing will take place in Spring semester *to be completed by April*.

As a campus, we have some work ahead of us, but with our dedication and perseverance we will get it done! The tools and resources we are rolling out this week are to assist everyone in getting involved.

Check them out!!! You might win an Amazon gift card!

ACCREDITATION AWARENESS WEEK

October 26 - October 30
2020

RESOURCES AND TRAINING

There is something for everyone!!!

WIN!!! WIN!!! RAFFLE!!!!

- Accreditation Overview
- Program Review
- Outcome Assessment, Reporting, Mapping
- Shared Governance
- Committee Work with Accreditation in Mind
- Creating & Submitting Evidence for Accreditation

SELF-GUIDED LEARNING WITH CANVAS RESOURCES

Accreditation

SLO MAPPING VIRTUAL WORKSHOP!

With Colleen Baker
Friday, October 30th
10:00 am – 11:00 am

Via Zoom:

<https://cccconfer.zoom.us/j/93164622844?pwd=M0xLUnBPSWJza29XVVVVPK3dUNmFoQT09>
Password: NHX96*wuJm

\$20 Amazon Gift Card Raffle for LCC employees completing Accreditation Quiz in Canvas with eligible score!!!

5 WINNERS WILL BE CHOSEN!!!

This week you will receive a course invitation to our Accreditation Resources in Canvas. -- This provides you with an opportunity to complete an Accreditation Quiz, and with a qualifying score, be entered into a raffle for one of 5 \$20 Amazon Gift Cards!

In addition, Colleen Baker will be providing a Virtual SLO Mapping Workshop this Friday, October 30th from 10:00 am to 11:00 am. To attend, see live link below. If you are unable to attend, a video of this training will be posted in the Canvas Accreditation course tile under, "SLO Mapping".

7. Adjournment

Curriculum and Academic Standards Committee 3:00 pm via Zoom (Tuesday, November 17, 2020)

Generated by Sue Kelley on Tuesday, November 17, 2020

1. Meeting Openings:

1.01 Call to order @3:02

Present:

Mr. Tom Downing-Vice Chair

Mr. Chad Lewis- Chair

Ms. Joesetta Mata

Ms. K.C. Mesloh

Ms. Fran Oberg

Mr. Thomas Robb

Mr. Andy Rupley

Ms. Crystal Tobola

Ms. Alison Somerville, Articulation Officer

Ms. Sue Kelley - Instructional Support Technician

Absent:

ASB Representative

Ms. Carie Camacho

Ms. Cathy Harrison

Ms. Heidi Gray

Mr. Kory Konkol

Ms. Julie William -CSEA Alternate

1.02 Agenda Approval Rupley/Downing: MSCU

1.03 Minutes Approve November 3, 2020

Not attached will be at next meeting

2. Subcommittee Action:

None

3. Action Items:

3.01 Approve new SLO mapping Forms: Rupley/Downing: MSCU

Like the form and color coding

3.02 Review and approved Administration of Justice course SLO mapping: Rupley/Oberg: MSCU

3.03 AGR 10 AGR-10 Introduction to Animal Science - Downing/Somerville: MSCU

Approved course for hybrid delivery

Effective: Fall 2020 COVID-19

3.04 AGR 10 AGR-10 Introduction to Animal Science- Downing/Somerville: MSCU

Approved update texted book to 12th edition, 2019, ISBN 9780135187258

Effective: Fall 2021

3.05 AGR 23 Western Riding and Training- Downing/Somerville: MSCU

Approved course for hybrid delivery

Effective: Fall 2020 COVID-19

3.06 AGR 40 Basic Agricultural Mechanics- Downing/Somerville: MSCU

Approved course for hybrid delivery.

Effective: Fall 2020 COVID-19

3.07 AGR 41 Farm Tractors and Farm Power- Downing/Somerville: MSCU

Approved course for hybrid delivery

Effective: Fall 2020 COVID-19

3.08 AGR 50 Basic Riding- Downing/Somerville: MSCU

Approved course for hybrid delivery

Effective: Fall 2020 COVID-19

3.09 Review and approve Business course SLO mapping: Oberg/Mata: Table

Incomplete did not include assessment measure

3.10 Review and approved Chemistry course SLO mapping: Downy/Somerville

3.11 Review and approve Computer Applications course SLO mapping: Rupley/Tobola: **Table: MSCU**

Incomplete did not include assessment measure

3.12 Review and approve Computer Office Tech course SLO mapping: Rupley/Tobola: **Table: MSCU**

Incomplete did not include assessment measure

3.13 Review and approve Computer Science course SLO mapping: Rupley/Tobola: **Table: MSCU**

Incomplete did not include assessment measure

4. Discussion Items

Discussion: 4.01 CS 150 Tech Support - New course

Change to 10 hours lecture. add Information Technology as a discipline on all four courses. This will be offered as adult education courses to get people into the workforce.

Add Computer Information Systems as discipline.

Discussion: 4.02 CS 151 Bits and Bytes - New course

Discussion: 4.03 CS 152 Operating Systems - New course

Discussion: 4.04 CS 153 System Administration - New course

Discussion: 4.06 IT Support Professional - New Non-credit Certificate of Completion

5. Information Items:

Information: 5.01 Distance Education Committee Report

No report

Curriculum and Academic Standards Committee 3:00 pm via Zoom (Tuesday, November 17, 2020)

Generated by Sue Kelley on Tuesday, November 17, 2020

1. Meeting Openings:

1.01 Call to order @3:02

Present:

Mr. Tom Downing-Vice Chair

Mr. Chad Lewis- Chair

Ms. Joesetta Mata

Ms. K.C. Mesloh

Ms. Fran Oberg

Mr. Thomas Robb

Mr. Andy Rupley

Ms. Crystal Tobola

Ms. Alison Somerville, Articulation Officer

Ms. Sue Kelley - Instructional Support Technician

Absent:

ASB Representative

Ms. Carie Camacho

Ms. Cathy Harrison

Ms. Heidi Gray

Mr. Kory Konkol

Ms. Julie William -CSEA Alternate

1.02 Agenda Approval Rupley/Downing: MSCU

1.03 Minutes Approve November 3, 2020

Not attached will be at next meeting

2. Subcommittee Action:

None

3. Action Items:

3.01 Approve new SLO mapping Forms: Rupley/Downing: MSCU

Like the form and color coding

3.02 Review and approved Administration of Justice course SLO mapping: Rupley/Oberg: MSCU

3.03 AGR 10 AGR-10 Introduction to Animal Science - Downing/Somerville: MSCU

Approved course for hybrid delivery

Effective: Fall 2020 COVID-19

3.04 AGR 10 AGR-10 Introduction to Animal Science- Downing/Somerville: MSCU

Approved update texted book to 12th edition, 2019, ISBN 9780135187258

Effective: Fall 2021

3.05 AGR 23 Western Riding and Training- Downing/Somerville: MSCU

Approved course for hybrid delivery

Effective: Fall 2020 COVID-19

3.06 AGR 40 Basic Agricultural Mechanics- Downing/Somerville: MSCU

Approved course for hybrid delivery.

Effective: Fall 2020 COVID-19

3.07 AGR 41 Farm Tractors and Farm Power- Downing/Somerville: MSCU

Approved course for hybrid delivery

Effective: Fall 2020 COVID-19

3.08 AGR 50 Basic Riding- Downing/Somerville: MSCU

Approved course for hybrid delivery

Effective: Fall 2020 COVID-19

3.09 Review and approve Business course SLO mapping: Oberg/Mata: Table

Incomplete did not include assessment measure

3.10 Review and approved Chemistry course SLO mapping: Downy/Somerville

3.11 Review and approve Computer Applications course SLO mapping: Rupley/Tobola: **Table: MSCU**

Incomplete did not include assessment measure

3.12 Review and approve Computer Office Tech course SLO mapping: Rupley/Tobola: **Table: MSCU**

Incomplete did not include assessment measure

3.13 Review and approve Computer Science course SLO mapping: Rupley/Tobola: **Table: MSCU**

Incomplete did not include assessment measure

4. Discussion Items

Discussion: 4.01 CS 150 Tech Support - New course

Change to 10 hours lecture. add Information Technology as a discipline on all four courses. This will be offered as adult education courses to get people into the workforce.

Add Computer Information Systems as discipline.

Discussion: 4.02 CS 151 Bits and Bytes - New course

Discussion: 4.03 CS 152 Operating Systems - New course

Discussion: 4.04 CS 153 System Administration - New course

Discussion: 4.06 IT Support Professional - New Non-credit Certificate of Completion

NON-INSTRUCTIONAL PROGRAM REVIEW

OVERVIEW and GOALS

Program review is an integral part of the total process of planning and budgeting at Lassen Community College. The evaluation and recommendation subsections from each program review provide the basis for informed decision-making on programs, personnel, facilities, equipment, and budget.

The program review process is an effective vehicle for accountability and provides an opportunity for staff to actively participate in the growth of their own programs and the growth of the college as a whole. Institutional planning and budget considerations will be based on the recommendations and justifications provided by this process.

REVIEW PROCEDURE:

The Non-instructional Program Review process and the Instructional Program Review process at Lassen Community College follow the same pattern. All non-instructional programs at Lassen Community College will be reviewed at least once every four years. All programs will use similar Self-Evaluation format and instruments.

It is expected that the Self-Evaluation team completing the NIPR will be composed of all permanent staff of the program being evaluated. The Self-Evaluation team will use qualitative and quantitative data as a basis for preparing and writing the Self-Evaluation report.

The Superintendent/President will consult with the appropriate administrator, who will advise supervisors of their upcoming program review.

SELF-EVALUATION REPORT:

Report Preparation

Preparation of the Self-Evaluation is viewed as the primary vehicle for evaluating a program in regards to administrative unit outcomes (AUOs) and/or student learning outcomes (SLOs) as well as developing plans and strategies for the improvement of a program. The Self-Evaluation approach allows the staff, who are directly involved in the program, to assume primary responsibility for the examination and strengthening of their program. The institutional planning committees will review the recommendations from the self-Evaluation document as part of the institutional planning process.

The supervisor of the area will be the program self-evaluation coordinator and be responsible for the completion of the self-evaluation.

NIPR Report Format

The report is organized in five sections:

1. Institutional Effectiveness Planning (May include Academic Planning)
 - a. Program Overview [Description of program services]
 - b. Objectives [Program directed expectations]
 - c. Administrative Unit and/or Student Learning Outcomes (program impact on student success)
 - d. Equipment
 - e. Outside Compliance Issues
2. Student Services Planning
3. Human Resource Planning
4. Facilities Planning
5. Institutional Technology Planning

Each section consists of three subsections: description/evaluation, planning agenda and documentation. The recommendations in the planning agenda should be substantiated by the description/evaluation subsection and/or reference to attachments. Documentation may be attached as appendices to the end of the written document. The planning agenda of each section will include recommendations for implementation by program staff and completed institutional planning forms for any recommendations requiring institutional action. The planning forms will include the planning committee to receive the form (Institutional Effectiveness Planning, Educational Master Planning, Student Services Planning/ Student Success, Facilities Planning, Institutional Technology Planning, Human Resource Planning) and will serve as the vehicle for budget allocation requests.

Institutional Planning Form

Due Date/Program (i.e. 2012 Governance Non-Instructional Program Review)
 Prioritized Recommendations Requiring Institutional Action for Inclusion in the _____ Master Plan

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost [implementation and ongoing]	Expected Outcome

Upon completion of the non-instructional program review process, the final written document will be submitted to the President’s Cabinet for review and comment. The Self-Evaluation and administrative comments will be presented to the Consultation Council/Strategic Planning Committee. Following acceptance, the Self-Evaluation will be presented to the Governing Board. Upon review of the document by the Consultation Council/Strategic Planning Committee, an original copy will be maintained on file by the appropriate administrator and on the college website. Copies of appropriate sections will be forwarded to the institutional planning committees.

STUDENT/USER EVALUATION OF PROGRAM

Overview

The student/user satisfaction survey portion of the evaluation procedure is designed to solicit comments from students or users concerning the program.

Survey Methods

An anonymous questionnaire is considered to be the most effective format. This will encourage the students/users to be candid in their responses. The student/user evaluation will be scheduled and administered by the appropriate administrator. The administrator will consult with the members of the department to determine the student/user sampling. The program/department may develop and administer their own survey or use the annual student and staff survey administered by the Office of Institutional Effectiveness.

It is important to insure the students/users understand that the focus of the survey is on the program.

TIMELINE for PROCEDURES

This entire process is designed to occur during one academic year and coincide with the planning cycle and budget development process. The process should be initiated in October and completed the following September.

LIST OF NON-INSTRUCTIONAL PROGRAMS

For the purpose of the Non-instructional review process, a program is defined as an operational area of the college, including:

Fiscal and Auxiliary Services – VP of Administrative Services/CAO

- Auxiliary Services - Bookstore, Book Rental/Loan
- Auxiliary Services - Food Services
- Facilities and Operation of Plant (including Maintenance, Custodial Services, Security and Copervale)
- Fiscal Services (Accounts Payable, Student Accounts, Payroll)
- Information Technology

Instructional Services (including Distance Education) – VP of Academic Services/CIO

- Adult Education
- Instructional Support Services – Library
- Community Service
- Contract Education
- Distance Education
- Incarcerated Education

Institutional Effectiveness – Director of Institutional Effectiveness

- Institutional Effectiveness (Planning, Institutional Research, Non-instructional Program Review and Evaluation)

Student Services (including Outreach) – VP of Student Services/CSSO

- Admissions & Records
- Behavioral Health
- CalWorks/TANF
- Counseling & Guidance (including Matriculation, Articulation/Transfer Center, Assessment/Testing, Orientation and Early Alert)
- Disabled Students Programs and Services (completed with the instructional program review)
- Dorm & Residential Life
- Extended Opportunities Programs and Services/CARE

- Learning Center
- Special Grant Programs (Kinship Care/Foster Youth Programs)
- Student Equity, Engagement, & Outreach
- Student Financial Aid, Financial Aid Outreach
- TRIO Student Support Services

Governance and Policy – Superintendent/President

- Governance
- Marketing/Community Relations
- Resource Development/Competitive Grants
- Human Resources

PROGRAM REVIEW CYCLE

The review cycle is listed below. All areas will be reviewed at least once every four years.

Non-Instructional Program Conducting Self-Evaluation	Last Program Review:	Next Full Review Due:
Auxiliary Services - Child Development Center (Final)	2017	2020
Adult Education		2020
Auxiliary Services – Bookstore/Book Rental/Loan Program	2012	2020
Auxiliary Services - Dorm and Residential Life		2020
Auxiliary Services – Food Services	2012	2020
Facilities and Operation of Plant	2013	2020
Fiscal Services	2016	2020
Human Resources	2014	2020
Information Technology	2015	2020

Adult Education		2024
Auxiliary Services – Bookstore/Book Rental/Loan Program	2020	2024
Auxiliary Services - Dorm and Residential Life	2020	2024
Auxiliary Services – Food Services	2020	2024
Contract Education (Instruction)	2021	2024
Learning Center	2020	2024
Student Equity, Engagement, and Outreach	2020	2024

REVIEW OF NON- INSTRUCTIONAL PROGRAMS OUT OF SEQUENCE:

Program staff, the Superintendent/President or the Governing Board may request an early program review.

ANNUAL UPDATE

All recognized non-instructional program areas will complete an annual update each year that their program review is not due. Annual updates for non-instructional program reviews are due in September and are submitted to the appropriate administrator in charge of the non-instructional area. The appropriate administrator will forward the annual report to Cabinet and subsequently to Consultation Council.

ATTACHMENT A
NIPR Template

LASSEN COMMUNITY COLLEGE

NON-INSTRUCTIONAL PROGRAM REVIEW -- SELF-EVALUATION

Each non-instructional program review should begin with a title page including the name of the program, names of individuals working on the non-instructional program review (managers, faculty, and classified support staff), and the acceptance dates for President's Cabinet, Consultation Council and the Governing Board.

Report Format

The report is organized into five (5) sections:

1. Institutional Effectiveness Planning
 - Program Overview [Description of program services]
 - Objectives [Program directed expectations]
 - Administrative Unit and/or Student Learning Outcomes (program impact on student success)
 - Equipment
 - Outside Compliance Issues
 - May also include recommendations specific to Academic Planning Section
2. Student Services Planning
3. Human Resource Planning
4. Facilities Planning
5. Technology Planning

Each section and sub-section of the program review self-evaluation is subdivided into two parts plus referenced attachments at the end of the document:

1. Description/Evaluation
2. Planning Agenda (the planning agenda section should be divided into plans to be implemented by program staff and plans requiring institutional resources)
3. Supporting Documentation [to be included as attachments at the end of document]

Each subsection may be completed using lists, narrative description, or attachments as appropriate. Address only those sections that apply to your program. Statements in parentheses are suggestions for your consideration and are not prescriptive. Supporting documentation for each section should be included at the end of the document.

*These forms are available electronically from Academic Services.

SECTION ONE: INSTITUTIONAL EFFECTIVENESS PLANNING

I. Program Overview and Objectives

Description/Evaluation:

- a. Describe and evaluate the program objectives against the LCC strategic plan, specifically the mission statement and strategic goals [available online or in the current catalog].
- b. Evaluate any changes in the program since last review. Include summary of Annual Updates completed since last review.

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Institutional Effectiveness Planning, Student Services Planning, and/or Academic Planning tables at the end of the section for any recommendations requiring institutional action.

II. Administrative Unit and/or Student Learning Outcomes Assessment

Student Learning Outcome Assessment

AUO and SLO assessment is important to maintain and improve institutional effectiveness and provide an effective learning experience for LCC students. Departments are expected to measure AUO and/or SLO annually; these records will be maintained by the Office of Institutional Effectiveness.

Description/ Evaluation:

1. Identify and evaluate Administrative Unit and/or Student Learning Outcomes including the relationship to strategic goals for AUOs and institutional student learning outcomes for SLOs utilizing information from spreadsheets maintained by Office of Institutional Effectiveness
2. Attach an AUO and/or SLO assessment summary as provided by Office of Institutional Effectiveness.
3. Provide an analysis of findings of the assessments completed and recommendations being made in individual assessments. Consider how AUO and/or SLO assessment results may be leveraged to support equipment, facility, staffing, or other budget and planning need and include the justification in your analysis.

Planning Agenda:

List recommendations and actions necessitated by the above evaluation of AUO and/or SLO results. Complete Institutional Effectiveness Planning, Student Services Planning, and/or Educational Master Planning tables at the end of the section for any recommendations requiring institutional action. For any items needing Human Resources Planning, Institutional Technology Planning, or Facilities Planning action, please make sure to include the information within the appropriate section and table later in the program review document.

III. Equipment

Description/ Evaluation:

1. List capital outlay equipment, age of equipment and replacement schedule
2. Identify any existing equipment maintenance/service agreements
3. Evaluate the condition of capital outlay equipment in light of the replacement schedule and available funds.
4. Evaluate the effectiveness of and need for additional maintenance/service agreements.
5. Justify any proposed modification or additions to equipment available for students and/or faculty/instructional assistants within the program.

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Institutional Effectiveness Planning, Student Services Planning, and/or Educational Master Planning tables at the end of the section for any recommendations requiring institutional action.

IV. Outside Compliance Issues (if appropriate for program)

Description:

If appropriate, describe the role of outside compliance issues on the program.

Evaluation:

Assess changes in compliance or identification of compliance-related needs and the impact on the program.

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Institutional Effectiveness Planning, Facilities Planning, Technology Planning and Human Resource Planning Forms as appropriate for any recommendations requiring institutional action.

V. Prioritized Recommendations

A. Prioritized Recommendations for Implementation by Program Staff

List all recommendations made in Section One that do not require institutional action (ie. curriculum development) in order of program priority.

B. Prioritized Recommendations for Inclusion in the Planning Process

List all recommendations made in Section One that should be included in Lassen College’s planning and budgeting process, specifically in the Educational Master Plan, Student Services Master Plan, or Institutional Effectiveness Master Plan. Separate recommendations into the appropriate plan(s). Items to be included in the Human Resource Master Plan, Institutional Technology Master Plan, or Facilities Master Plan should be addressed in Sections Two, Three or Four in lieu of or in addition to inclusion in the Academic Master Plan. See Appendix C for Master Plan Overview to determine where recommendations are best placed.

Prioritized Recommendations for Inclusion in Institutional Effectiveness Master Plan

Program & Year (i.e. Governance 2019)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost [implementation and ongoing]	Expected Outcome

Prioritized Recommendations for Inclusion in Student Services Master Plan

Program & Year (i.e. Governance 2019)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost [implementation and ongoing]	Expected Outcome

Prioritized Recommendations for Inclusion in Educational Master Plan

Program & Year (i.e. Governance 2019)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost [implementation and ongoing]	Expected Outcome

SECTION TWO: HUMAN RESOURCE PLANNING

I. Program Staffing

Description/ Evaluation:

1. List the current staffing for the program include: managers, faculty positions, and classified staff
2. This section provides an opportunity for analysis and justification of projected staffing needs to support the program. Work-study student needs may be included.

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Institutional Effectiveness Planning and Human Resources Planning Forms as appropriate for any recommendations requiring institutional action.

II. Professional Development

Description/ Evaluation:

1. Describe the professional development and professional activities of the program staff relevant to program improvement that has occurred during the period under review. (workshops, conferences, staff development, , work experience, etc.)

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Institutional Effectiveness Planning and Human Resources Planning Forms as appropriate for any recommendations requiring institutional action.

III. Administrative Unit and/or Student Learning Outcome Assessments

Description/ Evaluation:

Describe any results from assessment of administrative units and/or student learning outcomes that affect human resource planning

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Institutional Effectiveness Planning and Human Resources Planning Forms as appropriate for any recommendations requiring institutional action.

IV. Prioritized Recommendations

Prioritized Recommendations for Implementation by Program Staff

List all recommendations made in Section Two that do not require institutional action in order of program priority.

Prioritized Recommendations for Inclusion in the Planning Process

List all recommendations made in Section Two that should be included in Lassen College's planning and budgeting process. See Appendix C for Master Plan Overview to determine where recommendations are best placed.

Prioritized Recommendations for Inclusion in Human Resource Master Plan

Program & Year (i.e. Governance 2019)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost [implementation and ongoing]	Expected Outcome

SECTION THREE: FACILITIES PLANNING

I. Facilities

Description/ Evaluation:

1. Describe and evaluate the Lassen Community College facilities available to the program.
2. Describe and evaluate additional facilities utilized off-campus by the program (attach any relevant rental agreements)
3. Describe any facilities needs identified by assessments of administrative unit and/or student learning outcomes
4. Justify any proposed modifications or additions to existing facilities that would better serve the program planned for the next five years.

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Institutional Effectiveness Planning, Facilities Planning, and Technology Planning Forms as appropriate for any recommendations requiring institutional action.

II. Prioritized Recommendations

Prioritized Recommendations for Implementation by Program Staff

List all recommendations made in Section Three that do not require institutional action in order of program priority.

Prioritized Recommendations for Inclusion in the Planning Process

List all recommendations made in Section Three that should be included in Lassen College's planning and budgeting process. See Appendix C for Master Plan Overview to determine where recommendations are best placed.

Prioritized Recommendations for Inclusion in Facilities Master Plan

Program & Year (i.e. Governance 2019)

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost	Expected Outcome

SECTION FOUR: TECHNOLOGY PLANNING

I. Institutional Technology

Description/ Evaluation:

1. Describe and evaluate technology and technology support provided for instruction and instructional support.
2. Describe any technology and technology support needs identified by assessment of administrative unit and/or student learning outcomes.

Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Institutional Effectiveness Planning, Facilities Planning, Technology Planning and Human Resource Planning Forms as appropriate for any recommendations requiring institutional action.

II. Prioritized Recommendations

Prioritized Recommendations for Implementation by Program Staff

List all recommendations made in Section Four that do not require institutional action in order of program priority.

Prioritized Recommendations for Inclusion in the Planning Process

List all recommendations made in Section Four that should be included in Lassen Community College's planning and budgeting process. See Appendix C for Master Plan Overview to determine where recommendations are best placed.

Prioritized Recommendations Inclusion in Institutional Technology Master Plan

Program & Year (i.e. Governance 2019)

ATTACHMENT B
NIPR Annual Update Template

**Lassen Community College
Non-instructional Program Review - Annual Update**

All programs will complete an annual review and update. This summary and related documents serve to provide annual input to the planning and budgeting processes. Relying on data provided, administrative unit and/or student learning outcome results and dialog; document each of the items below as well as any additional information pertinent to the program’s success or needs.

Department and Year

Identify the department completing the annual update as well as the year for which the annual update is being submitted.

Progress Report

Review previous NIPR and/or annual updates. Describe progress made on any recommendations. Describe any changes made within the program.

Administrative Unit and/or Student Learning Outcomes.

Note emerging needs based on assessment of AUO and/or SLO. Note any planning or budget changes based on assessment of AUO and/or SLO.

Program Needs Assessment

Describe new needs that have developed since the previous review. Consider new needs in staffing, equipment, training, facilities, or funding. Make sure to include data sources in the previous item that support emerging program needs.

Progress and Reprioritization of Recommendations

Review the prioritized recommendations in the previous program review. Record outcomes of items in the planning agendas for each section. Note any changes in priority as well as any additions or deletions. Provide updated planning agenda forms for each planning committee (See next page).

Additional Information

Describe or note additional information pertinent to the program, particularly information which supports new needs or growth or that documents program successes.

ATTACHMENT C

Master Plan Overview

Attachment C

Lassen Community College Master Plan Overview

Six master plans comprise the Comprehensive Institutional Master Plan. Recommendations from program reviews will be input into the selected master plans as determined by faculty in the prioritized recommendation spreadsheets. To better understand which master plan might be most appropriate for each program recommendation, a summary/objective of each plan is included below. More information can be found in the Shared Governance and Consultation Council Handbook and the Comprehensive Institutional Master Plan.

Institutional Effectiveness Master Plan (IEMP): the IEMP addresses college needs not addressed in other plans. These needs include research, governance, outcome assessment, and administrative operations.

Educational Master Plan (EMP): The EMP addresses the instructional planning needs of the college.

Student Services Master Plan (SSMP): The SSMP highlights the services needed to maximize the student experience through a variety of key student support services.

Institutional Technology Master Plan (ITMP): The ITMP addresses the technology needs of the campus.

Facilities Master Plan (FMP): The FMP addresses the physical infrastructure, facility, and maintenance needs of the campus.

Human Resources Master Plan (HRMP): The HRMP identifies and manages the administrative functions of recruitment, selection, evaluation, and professional development needs of the College to ensure a fully-staffed and highly functioning team of employees.

SLO Course Mapping & Program SLO Mapping

SLO Course Mapping Accreditation Workshop – October 30, 2020

Program SLO Mapping Accreditation Workshop – December 4, 2020

Presented by, Colleen Baker, Lisa Gardiner, Chad Lewis

Step #1: Check the Course SLO for Accuracy

- Find the Course Outline of Record
- If the course SLO is not correct, please update it now. (Step #2)
- If the course SLO is correct, skip to the SLO Course Mapping information. (Step #3)
- If your Course SLOs are mapped correctly, please review the Program SLO Map and make updates as appropriate. (Step #5)

Step #2:

Update the Course SLO

○ History 14 – SLO

○ #1: Upon completion of this course the student will be able to:

○ Given an in-class writing task based on an assigned reading, the student will compare and contrast the major world civilizations from the beginning to 1500, which identifies the major historical figures, major periods including prehistory, cultural ideas and values, and the global connection between events.

~~○ Given an in-class writing task based on an assigned reading, the student will~~
Compare and contrast the major world civilizations from the beginning to 1500, which identifies the major historical figures, major periods including prehistory, cultural ideas and values, and the global connection between events.

Step #2:

Update the Course SLO Continued

- #1: Faculty must make changes to the Course Outline of Record
 - If you cannot edit Adobe forms, you may save the Course Outline of Record as a Word document and edit it that way.
- #2: Faculty must complete the Course Revision Form (for curriculum changes)
- #3: Faculty must submit both the Course Outline of Record and the Course Revision Form through email to both Sue Kelly skelly@lassencollege.edu and Chad Lewis clewis@lassencollege.edu

Step #3: SLO Course Mapping

- Find the SLO Course Map
- Follow the process on the SLO Course Mapping Form
- If the SLO Course Map is correct:
 - Please type this statement: "Faculty members (insert names) reviewed the SLO Course Maps for the following classes (insert classes within the same subject) and no changes are needed."
 - Sign and date the form
- If the SLO Course map is not correct, please go to Step #4.

Step #4: Change SLO Course Map

- #1: Update the SLO Course Mapping Form
- #2: Faculty must complete the Course Revision Form (for curriculum changes)
 - *If you also updated the course SLO, you may use the same form
- #3: Faculty must submit both the Course Outline of Record and the Course Revision Form through email to both Sue Kelly skelly@lassencollege.edu and Chad Lewis clewis@lassencollege.edu

Program SLO Map – Check Accuracy

- Find the Program SLO Map (Step #5)
- Verify that every Course SLO is applied correctly to the Program SLO Map (Step #6) – Find the Course SLO here
- On the Program SLO Map, verify that the “Target” is correct (Step #6)
- If the Program SLO Course Map is correct:
 - Please type this statement: “Faculty members (insert names) reviewed the SLO Course Maps for the following classes (insert classes within the same subject) and no changes are needed.”
 - Sign and date the form
- Please proceed to Step #8
- If there is a problem with the Program SLO Map or Target, go to Step #7

Program SLO Map – Change it or Complete it

- If the Program SLO Map or target need changes, please make the changes in **red** font. Use ~~strikeout text in red~~ to delete information and **red** font to add information.
- If the Program SLO Map is not complete, please complete it now. Use this link. Please use **red** font.
- Proceed to Step #8

Program SLO Map - Submit

- Submit the updated Program SLO Map and the Program Revision Form (if needed) through email to both Sue Kelly skelly@lassencollege.edu and Chad Lewis clewis@lassencollege.edu

Approved

3.21 HIST 14 World History, Beginning to 1500: Rupley/Harrison: MSCU

Approved change is SLO

3.22 HIST-15 World History, 1500 to Present: Rupley/Harrison: MSCU

Approved change in SLO

3.23 HIST-16 U.S. History: Rupley/Harrison: MSCU

Approved change in SLO

3.24 HIST 17 Post Civil War - U. S. History: Rupley/Harrison: MSCU

Approved change in SLO

3.25 IT Support Professional Certificate of Completion Mesloh/Harrison

Approved new non-credit certificate

Effective: 2021-2022 Catalog

3.26 Math 8 Advance Algebra: Downing/Rupley: MSCU

Approved course for online delivery

Effective: Fall 2020 COVID-19

Approved: 12/15/2020

3.27 Math 8 Advance Algebra: Downing/Rupley: MSCU

Approved course for hybrid delivery

Effective: Fall 2020 COVID-19

Approved: 12/15/2020

3.28 Math 8 Advance Algebra: Downing/Rupley: MSCU

Approved course for correspondence delivery

Effective: Fall 2020 COVID-19

Approved: 12/15/2020

3.29 Math 60 Intermediate Algebra: Downing/Rupley: MSCU

Approved course for online delivery

Effective: Fall 2020 COVID-19

Approved: 12/15/2020

3.30 Math 60 Intermediate Algebra: Downing/Rupley: MSCU

Approved course for hybrid delivery

Effective: Fall 2020 COVID-19

Approved: 12/15/2020

3.31 Math 60 Intermediate Algebra: Downing/Rupley: MSCU

Approved course for correspondence delivery

Effective: Fall 2020 COVID-19

Approved: 12/15/2020

3.32 Math 167 Trigonometry Lab: Downing/Rupley: MSCU

Approved course for online delivery

Effective: Fall 2020 COVID-19

Approved: 12/15/2020

3.33 Math 167 Trigonometry Lab: Downing/Rupley: MSCU

Approved course for hybrid delivery

Effective: Fall 2020 COVID-19

Approved: 12/15/2020

3.34 Math 167 Trigonometry Lab: Downing/Rupley: MSCU

Approved course for correspondence delivery

Effective: Fall 2020 COVID-19

Approved: 12/15/2020

Can this really be offed by correspondence, yes it gives more contact hours between the student and faculty member

3.35 MATH 168 College Algebra Lab: Downing/Rupley: MSCU

Approved course for online delivery

Effective: Fall 2020 COVID-19

Approved: 12/15/2020

3.36 MATH 168 College Algebra Lab: Downing/Rupley: MSCU

Approved course for hybrid delivery

Effective: Fall 2020 COVID-19

Approved: 12/15/2020

3.37 MATH 168 College Algebra Lab: Downing/Rupley: MSCU

Approved course for correspondence delivery

Effective: Fall 2020 COVID-19

Approved: 12/15/2020

Can this really be offed by correspondence, yes it gives more contact hours between the student and faculty member

3.38 Associate in Arts Degree University Studies/General Studies: Emphasis in Natural Science Downing/Tobola

Approved PLSO

3.39 PLSC SLO Mapping Rupley/Tobola

Approved

3.40 PLSC-1 American Institutions

Approved removing "in-class" from SLO 1

Good Morning Everyone!

I hope all is well with you. I wanted to send out a reminder about some curriculum timelines. If you are reviewing curriculum for your IPR please get these in ASAP. When you have completed this, please email Sue and ask her for the Program Curriculum Review form you need that shows you reviewed all your curriculum. Remember, this needs to be included in your IPR. Please review the IPR handbook for clarification if necessary.

If you have curriculum changes such as textbook changes that you want to be approved for fall, please get these changes in by the March 16th meeting. Anything you want on the agenda must be turned in by early on the Thursday before the meeting.

Finally, if you are working on SLO and PSLO mapping, please get all of these in before spring break so we can have these on the April 6th meeting. Just for reference we have meetings on February 16th, March 2nd and 16th, April 6th and 20th, and May 4th and 18th. Please let me know if you have any questions or if you need help on anything. I am happy to help.

Regards,

Chad Lewis

Second review of IPR for approval. Motion to approve.

(Wisser/Rupley MSCU)

3.04 Humanities IPR

Second review of IPR for approval. It is ready for approval except the strategic goals are not linked to the requests portion of the report. Motion to table until completion

(Runyan/Baker MSCU)

3.05 Institutional Set Standards

Dr. Joslin presented item 3.05. The old standards have not been reviewed or updated since 2013. For ease of communication and discussion of the standards, Dr. Joslin compiled all three separate ISS documents into one document and numbered each standard as #1 through #7. He examined longitudinal data for ISS #'s 1 through 5, and used the data to set new Baseline and Stretch goals for each, based on overall average of the years examined, and the most recent three-year average. He then used available data for determining baseline and stretch goals for ISS #6 (Licensure Pass Rates), and used longitudinal data from the Perkins website to determine baseline and stretch goals for ISS #7 (Job Placement Rates).

Presentation of this data was done in a way so that the data and the resulting goals was explained as well as possible, and that a robust dialogue occurred over the entire issue. This

Subject: SLO Mapping

Good Evening,

I wanted to give a final update on the SLO mapping project. After yesterday's special curriculum meeting we have completed 471 course SLO maps out of 505 active programs. That is 93.27%! Thank you all again who worked on this project this year. It has definitely been a team effort and we made great progress! I have attached a list of courses that still need maps. Please let me know if there are any errors you see and let me know if you need help as we will need to get the rest mapped next fall.

Thanks,

Chad Lewis
Lassen College Automotive Instructor
CTE/PE Division Chair
Curriculum Chair
(530) 251-8812

discussion concluded with the Senate voting to approve the revised institution Set Standards presented.

(Runyan/Rupley MSCU)

3.06 SLO Handbook/SLO Assessment

Lisa Gardiner informed Senate that this item comes out of our accreditation process. The handbook was old and in "draft" form. The handbook has been updated with our current standards and spells out the SLO assessment and review process.

Motion to approve

(Baker/Lin MSCU)

3.07 Academic Renewal Policy

At last meeting we discussed best practices for time lapsed in order to complete Academic Renewal. Currently, 2 years must have elapsed. It is suggested that we adopt a 1 year policy as a best practice. Item brought back for approval with a 1 year policy. Motion to approve.

(Downing/Runyan MSCU)

3.08 Senate Academic Scholarship

There is approximately \$500.00 in the scholarship fund for distribution. It was discussed to have 2 - \$100.00 scholarships with the standards eligibility requirements to apply. The faculty donation election form will also be sent out asking faculty to contribute to the fund. Motion to approve

(Downing/Baker MSCU)

3.09 Senate Elections

Colleen Baker, Tom Downing and Celeste Wiser's seats are up for election this year. Senators reviewed eligible faculty list for elections. Call for nominations form will be sent out to all faculty by VP Baker with nomination/election deadlines included. Motion to approve

(Rupley/Downing MSCU)

3.10 Faculty Committee Assignment

Senate reviewed a request from Chad Lewis, Curriculum Committee Chair, to remove Thomas Robb from the Distance Education Committee and add Chrystal Tobala. Motion to approve

(Downing/Baker MSCU)

4. Discussion

4.01 PSLO/ISLO Pilot Project

The accreditation workgroup is proposing a pilot assessment project through surveys. The purpose of this assessment would be working on learning and improving the processes of PSLO and ISLO. A sample survey was included for review. Senators are requested to review and the item will come back at a later date.

4.02 Camera On Policy Recommendation

President Runyan is continuing the research on this topic. He has found a policy from San Mateo College which was attached. It was requested we review and provide comment for the item to return at a later date.

5. Information

Second review of IPR for approval. Motion to approve

(Downing/Baker MSCU)

3.03 Human Services IPR

Second review of IPR for approval. Motion to approve.

(Wisser/Rupley MSCU)

3.04 Humanities IPR

Second review of IPR for approval. It is ready for approval except the strategic goals are not linked to the requests portion of the report. Motion to table until completion

(Runyan/Baker MSCU)

3.05 Institutional Set Standards

Dr. Joslin presented item 3.05. The old standards have not been reviewed or updated since 2013. For ease of communication and discussion of the standards, Dr. Joslin compiled all three separate ISS documents into one document and numbered each standard as #1 through #7. He examined longitudinal data for ISS #'s 1 through 5, and used the data to set new Baseline and Stretch goals for each, based on overall average of the years examined, and the most recent three-year average. He then used available data for determining baseline and stretch goals for ISS #6 (Licensure Pass Rates), and used longitudinal data from the Perkins website to determine baseline and stretch goals for ISS #7 (Job Placement Rates).

Presentation of this data was done in a way so that the data and the resulting goals was explained as well as possible, and that a robust dialogue occurred over the entire issue. This

discussion concluded with the Senate voting to approve the revised institution Set Standards presented.

(Runyan/Rupley MSCU)

3.06 SLO Handbook/SLO Assessment

Lisa Gardiner informed Senate that this item comes out of our accreditation process. The handbook was old and in "draft" form. The handbook has been updated with our current standards and spells out the SLO assessment and review process.

Motion to approve

(Baker/Lin MSCU)

3.07 Academic Renewal Policy

At last meeting we discussed best practices for time lapsed in order to complete Academic Renewal. Currently, 2 years must have elapsed. It is suggested that we adopt a 1 year policy as a best practice. Item brought back for approval with a 1 year policy. Motion to approve.

(Downing/Runyan MSCU)

3.08 Senate Academic Scholarship

There is approximately \$500.00 in the scholarship fund for distribution. It was discussed to have 2 - \$100.00 scholarships with the standards eligibility requirements to apply. The faculty donation election form will also be sent out asking faculty to contribute to the fund. Motion to approve

(Downing/Baker MSCU)

3.09 Senate Elections

Colleen Baker, Tom Downing and Celeste Wiser's seats are up for election this year. Senators reviewed eligible faculty list for elections. Call for nominations form will be sent out to all faculty by VP Baker with nomination/election deadlines included. Motion to approve

LASSEN
COMMUNITY
COLLEGE

STUDENT LEARNING OUTCOMES HANDBOOK 2020-2021

Academic Senate Adoption: _____ 3-24-2021 _____

Curriculum Committee Review: _____ 4-6-21 _____

INTRODUCTION

The Accrediting Commission for Community and Junior Colleges (ACCJC) requires associate degree granting institutions to meet four standards that ensure that the public receives a valuable education.

The Standards measure not only the quality and effectiveness of the institution's programs and support services no matter where or how they are offered, but also the effectiveness of the institution in meeting its mission, the adequacy of resources, and the processes of leadership, governance, and decision-making to adapt the institution to meet a changing future (ACCJC.org).

The four standards are designed to foster discussion about the institutions effectiveness and ways to enhance it. The four standards are as follows:

STANDARD I

The institution demonstrates strong commitment to a mission that emphasizes student learning and student achievement. Using analysis of quantitative and qualitative data, the institution continuously and systematically evaluates, plans, implements, and improves the quality of its educational programs and services. The institution demonstrates integrity in all policies, actions, and communication. The administration, faculty, staff, and governing board members act honestly, ethically, and fairly in the performance of their duties.

STANDARD II

The institution offers instructional programs, library and learning support services, and student support services aligned with its mission. The institution's programs are conducted at levels of quality and rigor appropriate for higher education. The institution assesses its educational quality through methods accepted in higher education, makes the results of its assessments available to the public, and uses the results to improve educational quality and institutional effectiveness. The institution defines and incorporates into all of its degree programs a substantial component of general education designed to ensure breadth of knowledge and to promote intellectual inquiry. The provisions of this standard are broadly applicable to all instructional programs and student and learning support services offered in the name of the institution.

STANDARD III

The institution effectively uses its human, physical, technology, and financial resources to achieve its mission and to improve academic quality and institutional effectiveness. Accredited colleges in multi-college systems may be organized so that responsibility for resources, allocation of resources, and planning rests with the district/system. In such cases, the district/system is responsible for meeting the Standards, and an evaluation of its performance is reflected in the accredited status of the institution(s).

STANDARD IV

The institution recognizes and uses the contributions of leadership throughout the organization for promoting student success, sustaining academic quality, integrity, fiscal stability, and continuous improvement of the institution. Governance roles are defined in policy and are

designed to facilitate decisions that support student learning programs and services and improve institutional effectiveness, while acknowledging the designated responsibilities of the governing board and the chief executive officer. Through established governance structures, processes, and practices, the governing board, administrators, faculty, staff, and students work together for the good of the institution. In multi-college districts or systems, the roles within the district/system are clearly delineated. The multi-college district or system has policies for allocation of resources to adequately support and sustain the colleges.

The guidance provided in this document is specifically designed to help the institution meet Standard I and II as it pertains to Outcomes Assessment (OA), specifically, Student Learning Outcomes (SLOs). For guidance on how to meet the other standards, please refer to the ACCJC website.

Building a common language around Student Learning Outcome assessment is key to increased understanding and success. Please find a list of frequently used terms below:

SLO: (Student Learning Outcomes) State what a student is able to know or do at the completion of a course.

PSLO: (Program Student Learning Outcomes) State what a student is able to know or do at the completion of a program.

ISLO: (Institutional Learning Outcomes) Identify desired abilities of students upon completion of their education at Lassen Community College based on their whole college experience including receiving instruction and services, as well as engagement as a member of the LCC community.

GESLO: (General Education Student Learning Outcomes) Specify what a student is able to know or do at the completion of a course that relates to transferable general education criteria.

Outcome Assessment Cycle

Figure 1 *The process of outcomes assessment.*

Outcomes Assessment Cycle: The process by which we develop, assess, analyze, improve and integrate outcomes aligned with institutional mission into our planning process through program review in support of institutional strategic goals.

Student Learning Outcome and Assessment Cycle

Step 1: Develop/Modify Student Learning Outcomes (SLOs)

Course SLOs are developed and included in Curriculum submissions of new courses. Program SLOs are included in Curriculum submissions for new programs. SLO Mapping is included with initial Curriculum submissions. SLO Maps align SLOs to GESLOS and ISLOS [Appendix A: SLO Map]. Program SLO Maps align course SLOs to Program SLOs [Appendix B: PSLO Map]. Many existing programs have these maps in place; those that do not are being pushed to complete them Spring 2021. Course and program SLOs may be revised at any time through the Curriculum process. Regular review of course and program SLOs occurs during the IPR process. Special courses not mapped to PSLOs are mapped to ISLOs and GESLOs.

Step 2: Design Measure & Set Target

SLO Maps identify measure(s) and target for SLO assessment.

Step 3: Assess SLOs

Course SLOs are assessed utilizing identified measures each term a course is offered, following the course's 2 year plan cycle. Two year plans for each program are located on the Lassen Community College website. Faculty are contractually required to assess a minimum of one SLO per course per term. SLO Assessment plans are submitted to Academic Services at the beginning of the term. Faculty collect and report SLO Assessment results at the end of the term.

PSLO and ISLO assessment is integrated into the IPR process. Programs receive PSLO and ISLO assessment data during their IPR Orientation.

Step 4: Analyze/Improve Assessment Results

SLO Assessment Results include measure, target, number of students who achieved target, and a listing of proposed actions, or improvement plans, where targets are not met. Discussion of Improvement Plan design may be facilitated by Departmental Improvement Plan Brainstorming Form [Appendix C: Departmental Improvement Plan Brainstorming Form]. Discussion of SLO results, improvement plans, and impact of improvement plans is integrated into the IPR process.

Step 5: Report & Integrate Findings

Longitudinal SLO data is provided for Instructional Program Reviews (IPRs) by the Institutional Effectiveness Office. IPRs include faculty analysis of SLO assessment results and SLO improvement plans (IPR Template Section II: Student Learning Outcomes).

The Instructional Program Review Handbook provides the mechanism by which budgetary requests identified in program reviews are supported by SLO findings and improvement plans, student achievement data, findings from research studies (where available); and are aligned with institutional strategic goals as a means to support quality improvement and evidence driven decision making (IPR Template Sections I-IV Planning Agendas and IPR Template Section VI. B: Prioritized Recommendations for Inclusion in the Planning Process).

Figure 2

The use of evidence to support budgetary decision making through program review:

SLO Process Improvement Plan Timeline

ACCJC Requirements and Recommendations identified in the June, 2020 Action letter from ACCJC brought to light improvements needed in LCC's SLO processes. As a result, a SLO Process Improvement Timeline was developed with the following goals:

Year 1: 2020-2021: Systematic Improvement

1. Consistent assessment of SLOs.
2. Consistent mapping aligning course SLOs to ISLOs, PSLO's and GESLOs.
3. Pilot project focused on PSLO and ISLO assessments targeted for inclusion in IPRs due 2021-2022.
4. Revision of IPR Handbook to emphasize discussion of SLO assessment results, "closing the loop."

Year 2: 2021-2022: Implementation

1. Integration of improved SLO data in IPRs
2. Integration of IPR prioritized recommendations in planning process
3. Analyze results of PSLO/ISLO pilot assessment project. Develop improvement plans for furthering robust SLO assessment.

STUDENT LEARNING OUTCOMES

Student Learning Outcomes (SLOs) state what a student is able to do at the completion of a course or course assignment. A student learning outcome is a statement of expectation that articulates:

- What students will know, do or think/feel as a result of our interaction with them,
- Specifies how learning will be assessed, and
- Documents the results of assessment and how those results will be used to improve learning.

SLOs are: “What can students do or produce at the end of the course that they could not at the beginning.”

Measuring SLOs

- SLOs are measurable so that the difference between the planned achievement and the learned achievement can be narrowed.
- Once outcomes are known, faculty can adjust the course or program to better accomplish the expected outcomes or the outcomes can be re-written to better reflect expected student learning.
- Expectations for student learning and assessment are *collaboratively authored* and *collectively accepted*.

Assessment

“Not everything that can be counted counts and not everything that counts can be counted.”
Albert Einstein

Assessment is an ongoing process primarily aimed at one of two things:

- 1) Improving programs and/or services, and
- 2) Understanding and increasing student learning.

Measurement is the process of collecting data for evaluation of your **Outcomes**.

- **WHAT** you are going to measure.
- This will help you determine **HOW** you are going to collect your data.

The Division/Department must:

- Make program objectives and student learning outcomes explicit and public
- Set appropriate criteria and high expectations;
- Systematically gather, analyze, and interpret data to determine how well programs and services meet those expectations and criteria

- Use the resulting data to document, explain, and improve programs, services, and student learning outcomes
- Re-evaluate criteria and modify as necessary.

Direct vs. Indirect Assessment

Direct assessment involves looking at actual samples of student work.

- Direct measures assess student performance of identified learning outcomes, such as mastery of a lifelong skill. They require standards of performance.
- Examples of direct assessments are: pre/post-test; course-embedded questions; standardized exams; portfolio evaluation; videotape/audiotape of a performance.

Indirect assessment is gathering information through means other than looking at actual samples of student work.

- Indirect measures assess opinions or thoughts about student knowledge, skills, attitudes, learning experiences, and perceptions.
- Examples of indirect measures are: student surveys about instruction; focus groups; alumni surveys; employer surveys.

Formative Assessment

Formative assessment refers to assessment that is carried out throughout the course of study, project, or time-frame to provide feedback regarding whether the outcome is being met. Formative assessment may be conducted for the following reasons:

- Program improvement;
- To provide feedback in order to improve instruction, learning, and curricula;
- To identify students' strengths/weaknesses and
- To determine if the SLOs and instruction are in sync.

Summative Assessment

Summative assessment refers to assessment that is carried out at the end of a course, project, or time-frame to evaluate whether the outcome was achieved (i.e., the overall performance). Summative assessment may be conducted for the following reasons:

- Evaluation and accountability;
- Decision-making regarding fund allocation;
- To aid in program level decision-making;
- To respond to demands of accrediting bodies, state and federal agencies.

FREQUENTLY ASKED QUESTIONS

The following section focuses on questions (FAQs) related to Student Learning Outcomes (SLOs)

1) What are SLOs and how do they differ from course objectives?

According to the ACCJC, Student Learning Outcomes are the “knowledge, skills, abilities, and attitudes that a student has attained at the end (or as a result) of his or her engagement in a particular set of collegiate experiences” (ACCJC Standards Adopted 2002, Standards Glossary, p.6). In other words they are the “specific observable or measurable results that are expected subsequent to a learning experience.” The SLO Glossary produced by ASCCC (2010) further clarifies by stating that,

SLOs describe a student’s ability to synthesize many discreet skills using higher level thinking skills and to produce something that asks them to apply what they’ve learned. SLOs usually encompass gathering together of smaller discrete objectives through analysis, evaluation and synthesis into more sophisticated skills and abilities (p. 13).

SLOs differ from course objectives in that the latter are specific teaching objectives that drive course content and activities (ASCCC.org). Objectives are small steps that lead toward a goal, for instance the discrete course content that faculty cover within a discipline. Objectives are usually more numerous and create a framework for the overarching student learning outcomes which address synthesizing, evaluating and analyzing many of the objectives (ASCCC, 2010, p. 10).

2) Why should I participate in this process?

The Academic Senate views outcomes assessment as a productive activity that can improve teaching practices and thus enhance student learning. For this reason, effective assessment practices are important not only to meet accreditation demands but also to benefit the college, the faculty, and the students.

Principle 11 of the Guiding Principles of SLO Assessment (2010) states, “Faculty should engage in SLO development and assessment not because it is a requirement for accreditation but rather because it is good professional practice that can benefit programs and students” (p.25). According to this, faculty’s chief responsibility is to provide students with an effective and rewarding learning experience. The responsibility involves participation in development of curriculum at the course, program and college level, and not just the responsibility for one’s own classes. Furthermore, “decisions regarding curriculum development should be based on collegial and authentic analysis of data...and for this reason SLO assessment can provide informative and beneficial input for making curricular evaluation and discussion at all levels more valuable and purposeful (Guiding Principles of SLO Assessment, 2010).

The Guiding Principles of SLO Assessment (2010) also states,

Outcomes and their assessments therefore must remain under the purview of those responsible for teaching the courses and those who are most qualified to make decisions regarding curricular practices. Faculty should have control of assessment processes and take the lead in analysis and use of the data. Collection of data should be led by the faculty members in the courses they teach. In all aspects of SLO development and assessment, faculty should assume primary responsibility (p.26).

In other words, because faculty members have the necessary expertise, curricular decisions need to remain under their control. For this reason faculty need to be the ones that engage in assessment of student learning outcomes and the curricular decisions that follow. Guiding Principles of SLO Assessment (2010) supports, “When designed and implemented appropriately, SLO assessment can provide significant benefits as a tool for evaluating and revising curriculum and for improving student learning, and these benefits should be the primary reason for faculty to participate in assessment work” (p.26).

The Guiding Principles of SLO Assessment (2010) reflects on the consequence of ignoring SLOs by stating,

If faculty do not accept these responsibilities and fail to see SLO assessment as a beneficial professional practice, both faculty and students may suffer. If assessment becomes a task done only to satisfy the ACCJC, faculty will be less likely to engage in authentic discussions of valid data, and indeed the data collected itself may well be less informative. Curricular development and decision making will be less effective, thereby depriving students of the maximum educational experience. In addition, faculty who do not engage in assessment activities may find that decisions regarding curriculum are made for them, either by smaller groups of individuals who have chosen to become involved or, worse yet, by non-faculty who have taken on the responsibilities rightly due to the instructional experts (p.26).

3) Should grades suffice for assessment?

According to the Guiding Principles of SLO Assessment (2010), Principle 8, states “SLO Assessment processes and grading are different but mutually compatible activities and should complement rather than conflict with each other” (p.21). Grades and SLOs are not the same thing because they have different approaches and have different purposes. Grading usually involves assigning a letter to some assignment or class the student participated in. The grade tells you very little or nothing about what skills the student can perform. Grades also tell you nothing about how the student can improve. According to Sholars (2009),

It is very difficult to trace back the learning of specific skills from a general grade. For example, if a student earns a “B” in the course, it is not possible to determine which skills or topics within the course were grasped well by the student simply by looking at the grade the student earned. Different faculty members teaching the same course could vary in the way they measure the combination of the different skills to produce the grade. For instance, Professor A might count the research paper for that course as 20% of the student’s overall grade, while Professor B might count the research paper for that course as 15% of the student’s overall grade. If that same research paper was used to assess an SLO, the faculty would score the skills that the faculty determined important on a faculty-

developed rubric. The faculty would have been normed on the rubric. Consequently, a student could earn an “A” in the course, but have scored 3 out of 4 on a faculty-developed rubric.

It is not just faculty that should be aware of the skills attained by a student after an assignment, but also the student. Students should be assigned a grade on an assignment and also a score that pertains to the SLO. If the student is familiar with the rating scale on the rubric, and what skills each score represents for a particular SLO, the student would be aware of what skills he or she has attained and which have not yet been mastered.

[Therefore,] formative SLO assessment involves evaluating student performance with the aim of providing feedback that will enhance student learning through improved instruction. Formative assessment helps the student and the instructor to ascertain what has been learned and what still needs to be learned and thereby can improve both teaching and learning” (p.26).

Thus, student learning outcomes are more useful for helping students understand how to improve their performance in a class and in future classes. Data from SLO assessment also provides feedback to faculty about how to improve instructional practices in a current class and in subsequent classes. Grading and outcomes assessment need not conflict with each as both serve necessary functions. “Faculty who employ only grades or only outcomes assessment may be depriving their students of important feedback. For example, a composition instructor who reads a student essay and simply assigns a letter grade or score, or even one who offers brief, general written comments to the student, has done little to improve the student’s writing. More productive comments would target specific expectations or outcomes for the paper and explain to the student where and how those expectations have or have not been satisfied. Through such feedback students can advance their skills and enhance their understanding of the course material. Thus, grading and outcomes assessment both serve important though separate roles and rather than conflicting, these processes should work in tandem to provide the different levels of input necessary for complete and effective student evaluation.

4) How do I begin? (Writing SLO’s)

The fillable Course SLO Map form (Appendix A) provides space for the description of SLOs and linkages to measures and achievement targets. Additionally, the form allows for linkages between the SLOs and the Institutional Learning Outcomes (ILOs) and the General Education Outcomes (GEOs).

According to the SLO Glossary produced by ASCCC in 2010, SLOs describe a student’s ability to synthesize many discreet skills using higher level thinking skills and to produce something that asks them to apply what they’ve learned. SLOs usually encompass gathering together of smaller discrete objectives through analysis, evaluation and synthesis into more sophisticated skills and abilities. (ASCCC, 2010, p. 13). An SLO refers to an overarching outcome for a course, program, degree or certificate, or student services area (such as the library).

Therefore, you should begin by examining at the specific course objectives listed in the Course Outline of Record (COR) for the particular course. You should then try combining 2 or 3 or more of them into one logical cohesive outcome that can be assessed.

For example, at LCC BUS 2 course has the following course objectives:

1. Cite and explain major events in U.S. history that have had a material effect on the way we conduct business in the U.S. today.
2. Compare and contrast economic systems found globally.
3. Define business ethics and explain the role of social responsibility in an organization.
4. Describe the role of information technology and the impacts it has had on business in the U.S. and globally.
5. Describe the major benefits and barriers found in international trade.
6. Compare and contrast commonly found forms of business organization by identifying primary benefits and detriments of each organizational form.
7. Describe the key management functions found in common business operations.
8. Describe the major theories and contemporary practices of business leadership.
9. Identify current production & operations processes and practices.
10. Identify key human resource management functions and the laws surrounding the management of people as a workforce.
11. Explain the primary components and functions of financial statements and conduct a simple financial statement analysis.
12. Describe the different types of common business financing options the impacts it has on various financial business positions.
13. Identify key components and functions of securities markets and the monetary system.

Objectives 8, 9, and 10 could be combined and rewritten as: Students will demonstrate an understanding of contemporary business principles and practices.

The other objectives can be combined similarly to yield other student learning outcomes.

Phrases and Words to be AVOIDED: Below is a list of words and phrases, which should be avoided when possible. These words are not forbidden. It is simply being suggested that they be avoided whenever possible or that their meaning be more fully elaborated when used by explaining how one would know if students are appreciating, enjoying, understanding, etc.

Words and Phrases to be AVOIDED when Evolving Objectives and Learning Outcomes:

believe	SHOW:	BECOME:
capacity	Appreciation for...	Acquainted with...
comprehend	Attitude of...	Adjusted to...
conceptualize	Awareness of ...	Capable of...
depth	Comprehension of...	Cognizant of...
experience	Enjoyment of...	Conscious of...
feel	Feeling for...	Familiar with...
hear	Interest in...	Interested in...
intelligence	Knowledge of...	Knowledge about...
know	Understand of...	Self-confident in...
listen		
memorize		

perceive realize see self-actualize		
--	--	--

Shopping List of VERBS: It is often very hard to find the right work to describe the students' expectation when writing an outcome or objective. The shopping list of verbs listed below may be useful in constructing course objectives and student learning outcomes.

**A Categorized “Shopping List” of Verbs
Useful for Making Objectives and Outcomes More Precise**

alter analyze appraise arrange attempt attend categorize change chart choose cite circle classify collect combine compare compile complete conclude consider contrast copy count criticize shorten structure tally	discover discriminate distinguish distribute document duplicate evaluate explain expand extend find follow formulate gather record relate reproduce return search signify sort suggest support underline signify switch tell	generate generalize identify imitate include indicate induce infer isolate itemize label list locate map mark match modify name note omit order organize paraphrase place simplify synthesize volunteer	plan point predict present propose provide question quote rearrange recall recombine reconstruct regroup rename reorder reorganize repeat rephrase restate restructure retell rewrite save select state systematize
--	--	---	--

General Applications

<u>Language</u>	<u>Mathematics</u>	<u>Science</u>	<u>Social</u>
abbreviate	add	calibrate	accept
accent	bisect	compound	agree
alphabetize	calculate	connect	aid
argue	check	convert	allow
articulate	compound	decrease	answer
capitalize	compute	demonstrate	buy
edit	count	dissect	communicate
hyphenate	derive	graft	complement
indent	divide	grow	contribute
outline	estimate	increase	cooperate
print	extrapolate	insert	disagree
pronounce	extract	lengthen	discuss
punctuate	graph	light	excuse
read	group	limit	forgive
recite	integrate	manipulate	greet
speak	interpolate	nurture	guide
spell	measure	operate	help
state	multiply	plant	inform
summarize	number	prepare	interact
syllabicate	plot	reduce	join
translate	prove	remove	lend
type	reduce	replace	meet
verbalize	solve	report	offer
write	square	reset	participate
	subtract	set	permit
	tabulate	specify	praise
	tally	straighten	react
	verify	time	relate
		transfer	serve
		weigh	share
			supply
			talk
			volunteer
			vote

Analyzing Process Complexity: It is important for the instructor to be fully aware of what the learner must do mentally with the content of the objective. Certain mental operations are obviously more difficult to accomplish than others. To recall information and report it in the same form as it was learned is a simpler task than to break the information down into previously unseen elements. Educators have noted that learning can occur at various levels of complexity. Select words which relay the degree of complexity of the learning process during the writing of objectives and outcomes.

I. Responding (simple specific responses)		
Example Verbs:		Example Outcome:
Circle	Imitate Sort	“...without the use of references, recall with 80% accuracy, the position held by key candidates on central issues of a recent local or national campaign...”
Connect	List State	
Define	Point Tell	
Duplicate	Recall Underline	
Find	Recognize	
Identify	Repeat	
II. Elaborating (demonstrating comprehension)		
Example Verbs:		Example Outcome:
Classify	Locate information	“...accurately paraphrases summary statements made by each major candidate on the central issue of the campaign to the satisfaction of the instructor.”
Compute	Measure	
Discriminate	Paraphrase	
Explain briefly	Produce	
List reasons for		
III. Investigating (simple application of basic knowledge)		
Example Verbs:		Example Outcome:
Cite evidence for	Investigate	“...distinguish editorial from factual information in over half of the instances, when provided with reviewing assignments in each of three new media (e.g. television, newspaper, magazine).”
Find more about	Omit	
Gather data on	Order	
Illustrate		
IV. Analyzing (application of complex operations)		
Example Verbs:		Example Outcome:
Compare		“...justify his or her selection of a least two different news media considered as reliable sources of information on candidates and issues. All justification to be documented from references, citing at least five types of evidence of reliability.”
Justify with logic and evidence		
Contrast		
Organize data in new forms		
Differentiate		
Interpret		

V. Concept Forming (developing simple original applications)	
<p style="text-align: center;">Example Verbs:</p> <p>Discover and document relationships Elaborate the concept of... Identify variables in Prove beyond a reasonable doubt</p>	<p style="text-align: center;">Example Outcome:</p> <p>“...document at least three reports exemplifying the concept that, ‘in a democratic process, no action is equal in effect to a positive action.’ Each report must be logically developed and consistent with factual records in the judgment of the instructor.”</p>
VI. Principle Forming (mastery and elaboration of concepts, principles or original thoughts)	
<p style="text-align: center;">Example Verbs:</p> <p>Deduce Predict Extrapolate Reorganize Infer Synthesize Integrate Rank order on varied criteria</p>	<p style="text-align: center;">Example Outcome:</p> <p>“...correctly predict (in at least four out of five instances) the action taken on given controversial issues by national political office holders; when provided case studies which clearly document voter and lobby pressures, as well as other pertinent facts, as they existed.</p>
VII. Problem Solving (fully developed original contributions)	
<p style="text-align: center;">Example Verbs:</p> <p>Discuss critically Formulate hypothesis and experiments Generalize from data Improve the process by which Prepare explanatory model Suggest refinements in Tailors logical arguments</p>	<p style="text-align: center;">Example Outcome:</p> <p>“...tailor logical appeals to peers who hold views opposing his or her own view on a controversial political issue. Over half of those persons to whom he directs the appeal, should as a result, at least agree as to the logical nature of his appeal, if not also describing themselves as less certain on the issue than before.”</p>

Bloom’s taxonomy is a well-known description of levels of educational objectives. It may be useful to consider this taxonomy when defining your SLOs.

1. **Knowledge:** Recalling or remembering information without necessarily understanding it. Includes behaviors such as describing, listing, identifying, and labeling.

2. **Comprehension:** Understanding learned material and includes behaviors such as explaining, discussing, and interpreting.

3. **Application:** The ability to put ideas and concepts to work in solving problems. It includes behaviors such as demonstrating, showing, and making use of information.

4. **Analysis:** Breaking down information into its component parts to see interrelationships and ideas. Related behaviors include differentiating, comparing, and categorizing.
5. **Synthesis:** The ability to put parts together to form something original. It involves using creativity to compose or design something new.
6. **Evaluation:** Judging the value of evidence based on definite criteria. Behaviors related to evaluation include: concluding, criticizing, prioritizing, and recommending.³ (Bloom, 1956)

5) Now SLOs are written, what do I do with them?

SLOs are specific measurable outcomes that are expected subsequent to a learning experience. Therefore, an **assessment tool** must be found or developed that can yield data that determines whether that outcome has taken place. In other words, the assessment tool should be able to tell you whether students can really do what the SLO states. According to the Guiding Principles for SLO Assessment (2010), Principle 1: “Faculty have the primary responsibility for developing assessment tools and determining the uses of data that are collected, and therefore faculty engagement and active involvement in SLO assessment is essential” (p.9).

As mentioned previously, only faculty have the necessary expertise, training, background, and experience necessary to develop effective methods of SLO assessment for their courses and programs. According to Principle 1 in the Guiding Principles for SLO Assessment (2010), “This same principle applies not only to classroom instruction, but also to student support services, library services, and all other areas of a student’s academic experience” (p.9).

At the beginning of each semester faculty prepare and submit an SLO Assessment Plan for each class within one week of the first meeting of the class.

6) What are the different types of assessments that I can use?

In *The Concept of Formative Assessment*, Boston (2002) offers the following explanation and definition of the concept of assessment: “Black and William (1998b) define assessment broadly to include all activities that teachers and students undertake to get information that can be used diagnostically to alter teaching and learning” (p. 8).

There are many different modes of assessments: The following, though by no means exhaustive, is a list of some of the most common tools:

Table 1 *Common Assessment Tools*

Academic Direct Measures	Academic Indirect Indicators	Administrative Measures
Capstone Assignment	Advisory Board	Activity Volume
Comprehensives	Alumni Survey	Benchmarking
Internship Evaluations	Benchmarking	Climate/Environ
Licensure Exam	Curriculum	Discussions

Performance	Employer Survey	Doc. Analysis
Portfolio	Exit Interviews	Efficiency
Pre/Post Test	Focus Groups	Evaluations
Presentation	Graduate Acceptance	Existing Data
Project	Honors/Awards	External Report
Standard. Test	Placement Data	Focus Groups
Thesis/Project	Satisfaction	Gov't Standards
Video/Audiotape	School Perform	Prof. Standards
Written Assignment	Student Evaluations	Satisfaction
Writing Exam	Transfer Acceptance	Service Quality

According to the Guiding Principles for SLO Assessment (2010):

If the term “assessment” refers to the process of collecting data, then “assessment results” are the data or evidence produced by this process. Such data need not always be quantifiable or measurable in numerical terms. Assessment results may take various forms, including not only quantitative data such as numerical or statistical scores but also qualitative evidence such as portfolios, narratives, performances, or other data that may be more dependent on observation than computation. Any information produced by assessment processes that can be used for analysis and improvement of student achievement and learning would fall under the category of assessment results (p. 8).

7) How do I know I have a good assessment tool for my SLOs?

This question is best answered by the Guiding Principles of SLO Assessment (2010) Principle 5: “SLO assessment should be as authentic as possible and should be minimally intrusive to the educational experience of students and the instructional planning and performance of faculty” (p.16).

Good assessment needs to simulate real world experiences and involve the application of critical thinking to tasks that approximate real world conditions like the workplace and other situations outside the classroom (Wiggins, 1990). Appropriate SLO assessment should not be simply a reproduction of information without context to anchor it. Authentic assessment is meaningful and involves application of knowledge and skills, not just simply memorization of information. The ACCJC’s 2012 SLO Rubric notes the importance of authentic assessment as an aspect of SLO proficiency: “Student learning outcomes and authentic assessment are in place for courses, programs, and degrees” (p. 5).

Faculty members also need to consider providing assessments at certain intervals of a course rather than just at the end. Such assessments are more useful because they can track student progress and provide more useful feedback to improve student learning. In other words, ongoing authentic assessment can improve the input that faculty provide to students as an aspect of instruction throughout their classes. As Chickering and Gamson’s (1987) *Seven Principles for Good Practice in Undergraduate Education* states, “In classes, students need frequent opportunities to perform and receive suggestions for improvement” (para. 15).

Assessments should also be integrated into courses so they are non-obtrusive and as least disruptive as possible. Guiding Principles of SLO Assessment (2010), Principle 5 indicates, “Other, more formal assessment practices also might be developed as a part of the standard instructional program for a course. Assessment data can be collected from work students do as required course activities, projects, or assignments, requiring minimal additional course preparation or student performance” (p. 16). Faculty members can plan for such standards assessments in advance by incorporating them into their classes as part of the normal expectations for students in the course. This insures that SLO assessment will be as efficient and practical as possible

Furthermore, according to the Guiding Principles of SLO Assessment (2010), Principle 6 states, “Rather than relying on one assessment method for all situations, effective assessment may benefit from a variety of methods, even within a single course, that can respond to different learning outcomes, teaching styles, and student learning needs” (p.16).

8) Where do we collect the data?

At the end of each semester faculty submit the results of SLO Assessment, and steps taken as result of the assessment, within eight (8) District business days after the last day of finals. Data is submitted via an electronic, “End of Term Course Student Learning Outcomes Results” form (Appendix B).

Assessment criteria must be established for each SLO prior to collecting data. Assessment criteria refer to the percentage or ratio of questions answered correctly. For example, a multiple-choice test may require that 75% of the questions be answered correctly for the SLO to be met. Therefore the assessment criteria would be 75%. Assessment criteria can also be set for more complicated assignments like papers, projects, etc. by following a rubric.

An **achievement target** must also be set for each SLO before data is collected. The achievement target refers to the overall percentage of students that successfully meet the assessment criteria for the SLO. For example, a particular course might require that 80% of the students be successful when assessed for a particular SLO. Thus, for this particular SLO, 80% would be the achievement target.

9) What do we do with the data once it is collected?

Faculty need to take part in a discussion of the SLO results for their courses. All faculty who teach a particular course need to discuss the SLO results in order to decide whether they need to modify the SLO, the assessment tool, the assessment criteria, or the achievement target. More importantly, faculty members need to decide what the results mean for that particular course in order to modify it or improve it. Improvement plans involve consideration of planned changes that result from the review of SLO assessment results. Planned changes can include changes to the structure of an assessment or course, to the forms or other tools used as part of instruction, include changes to the curriculum of the course, the curriculum of the program, scheduling or sequencing changes to curriculum, requests for new equipment, etc. Improvement Plans include planned changes as well as the proposed participants, timeline, and assessment plan to evaluate the planned changes. The Departmental Improvement Plan Brainstorming Form (Appendix C)

provides guidance and a means to capture the dialog and information needed to create robust Improvement Plan(s).

According to the Guiding Principles of SLO Assessment (2010), Principle 1 states,

Faculty are in direct contact with students, have the greatest knowledge and deepest understanding of the students' needs and abilities, and have the responsibility for developing and delivering the curriculum and course content, and therefore faculty can better understand the context of the data. By accepting and embracing their responsibility for SLO design and assessment, faculty will be in the best position to examine assessment data, ask questions about what the data suggest, and make appropriate changes to classroom and institutional practices in order to improve student learning (p.9).

10) Who should be involved in this process?

According to the Guiding Principles of SLO Assessment, (2010) Principle 2 states,

Outcomes assessment is a process that should involve all appropriate participants at each level of the college, not just select groups or individuals. SLO assessment must involve full-time faculty members, part-time faculty members, staff, administrators, and anyone else directly or indirectly serving students. Faculty members need to take primary responsibility for developing SLOs, the assessments, analyzing data, and coordinating discussions. Part-time faculty members need to be involved as well as they are a majority of the faculty at most colleges. Faculty should be the ones making curricular decisions, especially those concerning how it can be changed and improved by using SLO data. Staff members also need to be involved. Staff members need to be involved in preserving data, maintaining and recording it, as well developing software tools and systems. Staff members are thus needed to support the entire SLO assessment process.

Discussion should also be held at the college level by faculty under the leadership of the academic senate. Instructional and student support service faculty should also be involved. According to the Guiding Principles of SLO Assessment (2010), Principle 2:

A comprehensive system of support services exists, and is characterized by a high degree of integration among academic and student support services. Instructional and student support services faculty should not work in isolation from each other, but rather should collaborate and share information at all levels in order to more fully inform and strengthen the delivery of all aspects of a student's educational experience" (p.11).

There must also be assistance from college researchers to aid in the design and implementation of SLO instruments as well as evaluating their validity and applicability. Administrators also play an important role in the SLO process. Administrators need to support and facilitate the process. They need to make available sufficient staffing, technology, resources, compensation and other needs. Not only this, administrators must also support the SLO process through organization, scheduling, facilitating, coordinating, and encouraging, and approval of other necessary efforts to make the process more effective. According to the Guiding Principles of SLO Assessment (2010), Principle 2: "If the entire college is involved in assessment efforts, with each area or constituent group fulfilling its appropriate role while understanding and

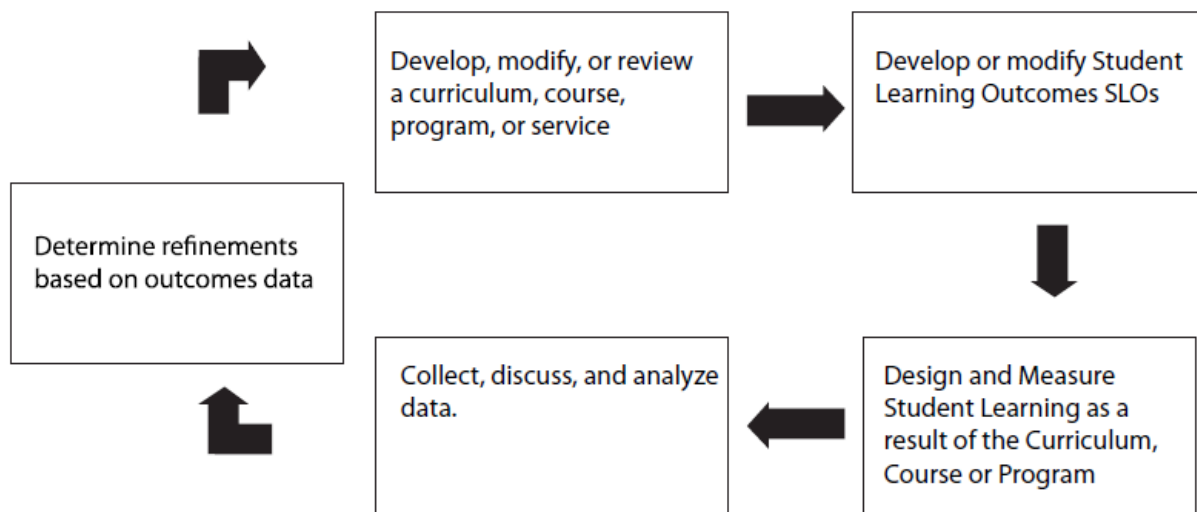

respecting the faculty’s primacy in SLO processes, all areas will be able to work cooperatively toward the common goal of serving students in the most effective ways possible” (p. 11).

11) Now that SLOs have been defined, assessment tools have been developed, data and action plans have been collected. Am I done?

No. The process is supposed to be ongoing and lead to “**continuous quality improvement**” of the courses, programs and services offered by the college. According to Principle 1 of the Guiding Principles of SLO Assessment (2010), “The purposes of student learning outcomes include assessing student achievement, evaluating the strength of courses and programs, and identifying instances in which instruction and student learning can be improved” (p.9). Furthermore, According to the Guiding Principles of SLO Assessment (2010), Principle 3 states, SLOs and SLO assessment should be connected to the overall culture of the college through the college vision or values statement, program review processes, and college curriculum, planning, and budgeting processes”(p.10).

SLO assessment is not an end to itself but a vehicle for program and educational improvement. It needs to be an ongoing activity which uses current data to inform instructional practices. It should not be a periodic exercise that uses outdated assessments and data to inform current practices and decisions. The Academic Senate’s *SLO Terminology Glossary* (ASCCC, 2010) defines “**closing the loop,**” as:

Closing the Assessment Loop

The use of assessment results to improve student learning through collegial dialogue informed by the results of student service or instructional learning outcome assessment. It is part of a continuous cycle of collecting assessment results, evaluating them, and using the evaluations to identify actions that will improve student learning, implementing those actions, and then cycling back to collecting assessment results, etc. (p.4).

This requires a commitment by all people across all levels of the college. Faculty members are more likely to believe in the process and devote their effort if they feel it will lead to budgetary

decisions that will enhance students' educational experience. The college needs to make budget decisions that will support the projects and innovation that will lead to curriculum improvement. ACCJC emphasizes the importance of using assessment data as a basis for decision making throughout the college:

The institution uses assessment data and organizes its institutional processes to support student learning and student achievement (ACCJC Standard I.B.4).

Colleges must therefore integrate SLO assessment into its program review. In other words, data from SLO assessment needs to inform the decision making reflected in program review. Programs need to be analyzed based on concrete information, thus making the program review process more data driven. This allows SLO assessment to connect logically and meaningfully to both short-term and long-term college planning. SLO data can inform decisions for improvement of programs, the setting of goals and implementation of strategies, as well as allocation of resources to address these needs. Programs can use concrete data to support their budgetary requests thereby making budget discussions more meaningful and better informed. The decision making process will tie resource allocation directly to the SLO process.

Guiding Principles of SLO Assessment (2010) suggests, "Perhaps the highest level at which SLOs and SLO assessment can be incorporated into the culture of a college is by connecting general education outcomes directly to the college vision, values, or mission (p.10). Colleges might want to revise their mission statement, if necessary, to make an obvious connection with its institutional learning outcomes. Institutional learning outcomes should also have an explicit connection with the general education outcomes.

12) Do SLOs remain the same once established or can we change them?

SLOs can be revised as needed. According to the Guiding Principles of SLO Assessment (2010), Principle 3, that states:

The process and the SLOs themselves must remain open to revision and adjustment. Student needs and curricular practices change, and colleges must continuously reflect on their practices and expectations in order to serve students as fully as possible. The job of SLO development and assessment is never finished, and SLOs should not be seen as fixed or unchangeable. For SLO data to be effective in informing decision making at all levels of the college, the SLO assessment process should be revised as necessary to reflect changes in the college's curriculum, needs, and culture (p.10).

13) Okay, we are continuously assessing student learning outcomes, revising them as needed, and using them to inform program review. Now are we done?

No. Program learning outcomes, general education outcomes, and institutional outcomes must also be developed. Program learning outcomes (PLOs) have been defined by Marshall (2013) as "Broadly inclusive statements that might be considered areas of competency within a given discipline or general area of competency within a GE program." PLOs must be developed for any sequence of courses that leads to a certificate or degree.

According to the Guiding Principles of SLO assessment (2010), Principle 4, “SLOs should be clearly mapped and aligned throughout a course sequence and among various levels (course, program, institution) to achieve the most efficient and effective assessment” (p.15). The mapping of these outcomes needs to be thoughtful and involve dialogue among all necessary parties. This includes not only faculty, but also staff and administration. According to ASCCC (2010), “When dealing with outcomes and assessment, it is important to determine that course outcomes align or match up with program outcomes; that institutional outcomes align with the college mission and vision” (p.1). Doing this makes the assessment process more practical and efficient. An example within Principle 4, presents a scenario, “If program outcomes are designed and mapped to reflect direct connections to the SLO s of the courses that comprise the program, then assessment of the program outcomes may be conducted using data provided through the process of course SLO assessment” (p. 15). This means SLO assessments, if appropriately designed and assessed, can double as program learning outcomes. Furthermore, program learning outcomes assessment need not incorporate data from every course that comprises the program. Certain programs that have mastery courses, where students master a skill that was introduced in previous courses, might choose to focus assessment at the courses where mastery occurs.

Assessment of general education and institutional outcomes requires a broader dialogue. The *SLO Terminology Glossary* (2010), states that institutional learning reflect “The knowledge, skills, and abilities a student is expected to leave an institution with as a result of a student’s total experience” (p.9). Thus, they combine expertise found in several areas or a combination of areas and not a single discipline. Institutional learning outcomes include those related to institutional effectiveness (degrees, transfers, productivity) as well as learning outcomes. Principle 4 reflects on the success of the process as;

Successful attainment of general education and institutional outcomes depends on the overall educational experience that is founded on the course and program level. If students do not achieve the expected outcomes at the course and program level, then they are also unlikely to attain the college-level outcomes. For this reason, colleges should work to establish explicit alignment between program outcomes and those at the general education and institutional level. If students are successful in achieving course and program level outcomes, and if those outcomes provide direct and clear connection to the general education outcomes, then assessment will once again be simplified and the overall educational experience of students will have greater coherence and will therefore be enhanced (p. 16).

14) Can results of SLO, PLO assessment be used against me?

No. According to Guiding Principles of SLO Assessment (2010, Principle 10: “SLO assessment of student learning outcomes is a process that is separate from faculty evaluation.” (p.24). Alan Craig and Fulks (2007) support, “Placing student learning outcomes data within a faculty member’s evaluation would create a downward pressure on the rigor of the outcomes and a strong motivation to create assessments that validate or justify the content, pedagogy, and assignments” (p. 2). Thus, SLO assessment results would not be a true indicator of whether learning has taken place or whether the results should be used to improve the courses, programs, or services the college offers.

Analyze, evaluate and explain theories, concepts and skills within varied disciplines using inductive and deductive processes and quantitative reasoning and application.</p> <p>#8. Demonstrate appreciation of themselves as living organisms through their choices for physical health, activities, stress management, relationships to the social and physical environment, and responsible decision-making.</p>

APPENDIX B: Program SLO Map

PROGRAM ID:

DATE LAST REVIEWED/UPDATED: 2/3/2021

PROGRAM TITLE: Associate in Arts Degree University Studies: Emphasis in Agriculture Sciences

FACULTY NAME(s): Brian Wolf

Indicate, by number, the Student Learning Outcome(s) that support the Program Student Learning Outcome (PSLO).

Course SLOs	PSLO 1	PSLO 2	PSLO 3
	Demonstrate effective animal husbandry skills, analyze the current market in order to sell the crop or animal at a premium and report the profit or loss, in a ranching situation.	Apply effective business, sales and marketing skills when presented with an agribusiness situation.	Demonstrate an understanding of the basic methodologies of science.
AGR-1			
AGR-2			
AGR-10			
AGR-13			
AGR-20			
AGR-40			
AGR-41			

Measure: Ratio of achieved SLOs to SLOs assessed. **Target:** 75% of SLOs will be achieved.

APPENDIX C: Departmental Improvement Plan Brainstorming Form

Departmental Improvement Plan Brainstorming Form*

Department:

Date of Discussion: _____

Course/Department SLO(s)/AUOs discussed (Example: ENGL 1, Financial Aid): _____

Semester(s) assessment data was collected (Example: Fall 2020):

Faculty/Staff involved in discussion and analysis:

What is discussion and analysis of this data telling you?

Questions faculty may consider include:

2. Do you see gaps in the outcomes data? If so, what is the cause?
3. Do you see gaps in the skills or abilities of a student completing the course? If so, what is the cause?
4. Do you see overall gaps in their instructional experience? If so, where?
 - Do you see gaps in the evaluation process itself? If so, why? How can that be improved?
 - Do you see other issues in the student's experience? – Timing of assessment leading to low percentage of students completing assessment? Unmet student needs impacting academic performance?

Provide a summary of the conversation leading to the improvement plan.

1-Write a brief description of the improvement plan to facilitate change, including semester improvement plan is anticipated to be implemented *:

2- Write an implementation description. (How will the improvement plan be set in motion? What steps are required to complete the action plan?)*:

3- Indicate the person(s) who will implement the improvement plan*:

4-Indicate any physical or financial resources needed, including estimated requested budget amount, if any (to be included in IPR or Annual IPR Update)*:

*This information is intended to aid in the development of Improvement Plans to be finalized when reporting End of Term Course Student Learning Outcomes

Lassen Community College District Strategic Plan

Recommendation for revisions by Consultation Council – October 12, 2020

Approved by Board of Trustees – December 15, 2020

Vision

- ❖ Lassen College will be a highly efficient self-sustaining rural community college, a catalyst for the region’s image, economy, and human capital, and an example of a “we can” culture” of collective impact by being:
 - The academic leader by ensuring quality instruction and encouraging student success
 - The educational leader by expanding outreach and student access with an equity mindset
 - The trusted steward by providing capable leadership and accountability
 - The economic and workforce development leader for the community
 - The cultural leader in the community
 - The civic and social leader in the community

Mission

Lassen Community College provides educational programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The College serves diverse students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.

Strategic Goals

1. **Institutional Effectiveness:** Provide the governance, leadership, integrated planning and accountability structures, and processes to effectively support an inclusive learning environment, while ensuring responsible stewardship of public trust and resources.
2. **Learning Opportunities:** Provide an array of rigorous academic programs delivered via a variety of modalities that promote student equity and learning while meeting the needs of the local and global community.
3. **Resource Management:** Manage human, physical, technological and financial resources to sustain fiscal stability and to effectively support the learning environment.
4. **Student Success:** Provide a college environment that reaches-out-to and supports students, minimizes barriers, and increases opportunity and success through access and retention to enable student attainment of educational goals including completion of degrees and certificates, transfer, job placement and advancement, improvement of basic skills, and self-development through lifelong learning.

Institutional Student Learning Outcomes

1. **Communication** - Ability to listen and read with comprehension and the ability to write and speak effectively
2. **Critical Thinking** - Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome
3. **Life Long Learning** - Ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems
4. **Personal/Interpersonal Responsibility** - Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures

Lassen College Values:

Student Success:

- Students reaching their goals
- Students being prepared for transfer to four-year institutions
- Students being prepared for employment
- Doing what is best for students
- Learning as a priority over teaching
- Student needs; they are paramount in the learning process
- Recognizing and minimizing barriers to student success

Educational Excellence:

- Equitable student learning as the focal point of every experience
- High quality educational delivery
- Highly qualified instructors
- High quality technology and materials
- Well-equipped classrooms

Honesty/Integrity:

- Trust in relationships
- Dependability
- Transparency
- Collaboration
- Sustainability
- Accountability

Dignity & Respect:

- Open forum for exchange of ideas
- Civility
- Collegiality
- Diversity & Equity
- Active listening and communication

(/)

COMMUNITY
COLLEGE

STUDENT LEARNING OUTCOMES HANDBOOK 2020-2021

Academic Senate Adoption: _____ 3-24-2021 _____

Curriculum Committee Review: _____ 4-6-21 _____

INTRODUCTION

The Accrediting Commission for Community and Junior Colleges (ACCJC) requires associate degree granting institutions to meet four standards that ensure that the public receives a valuable education.

The Standards measure not only the quality and effectiveness of the institution's programs and support services no matter where or how they are offered, but also the effectiveness of the institution in meeting its mission, the adequacy of resources, and the processes of leadership, governance, and decision-making to adapt the institution to meet a changing future (ACCJC.org).

The four standards are designed to foster discussion about the institutions effectiveness and ways to enhance it. The four standards are as follows:

STANDARD I

The institution demonstrates strong commitment to a mission that emphasizes student learning and student achievement. Using analysis of quantitative and qualitative data, the institution continuously and systematically evaluates, plans, implements, and improves the quality of its educational programs and services. The institution demonstrates integrity in all policies, actions, and communication. The administration, faculty, staff, and governing board members act honestly, ethically, and fairly in the performance of their duties.

STANDARD II

The institution offers instructional programs, library and learning support services, and student support services aligned with its mission. The institution's programs are conducted at levels of quality and rigor appropriate for higher education. The institution assesses its educational quality through methods accepted in higher education, makes the results of its assessments available to the public, and uses the results to improve educational quality and institutional effectiveness. The institution defines and incorporates into all of its degree programs a substantial component of general education designed to ensure breadth of knowledge and to promote intellectual inquiry. The provisions of this standard are broadly applicable to all instructional programs and student and learning support services offered in the name of the institution.

STANDARD III

The institution effectively uses its human, physical, technology, and financial resources to achieve its mission and to improve academic quality and institutional effectiveness. Accredited colleges in multi-college systems may be organized so that responsibility for resources, allocation of resources, and planning rests with the district/system. In such cases, the district/system is responsible for meeting the Standards, and an evaluation of its performance is reflected in the accredited status of the institution(s).

STANDARD IV

The institution recognizes and uses the contributions of leadership throughout the organization for promoting student success, sustaining academic quality, integrity, fiscal stability, and continuous improvement of the institution. Governance roles are defined in policy and are

designed to facilitate decisions that support student learning programs and services and improve institutional effectiveness, while acknowledging the designated responsibilities of the governing board and the chief executive officer. Through established governance structures, processes, and practices, the governing board, administrators, faculty, staff, and students work together for the good of the institution. In multi-college districts or systems, the roles within the district/system are clearly delineated. The multi-college district or system has policies for allocation of resources to adequately support and sustain the colleges.

The guidance provided in this document is specifically designed to help the institution meet Standard I and II as it pertains to Outcomes Assessment (OA), specifically, Student Learning Outcomes (SLOs). For guidance on how to meet the other standards, please refer to the ACCJC website.

Building a common language around Student Learning Outcome assessment is key to increased understanding and success. Please find a list of frequently used terms below:

SLO: (Student Learning Outcomes) State what a student is able to know or do at the completion of a course.

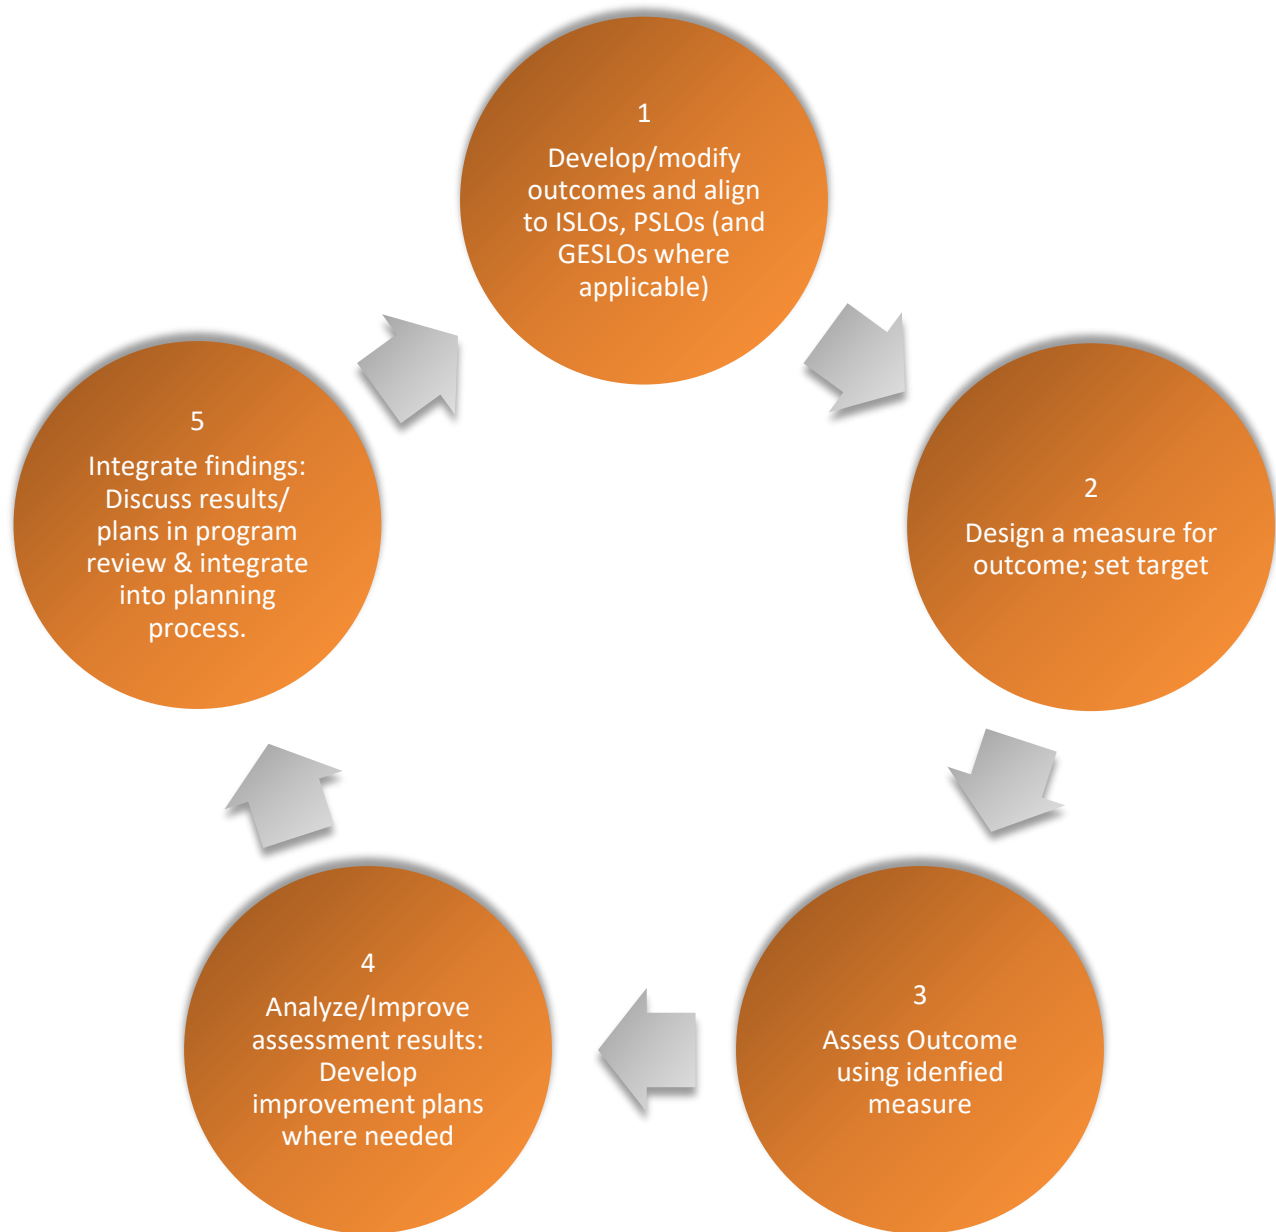

PSLO: (Program Student Learning Outcomes) State what a student is able to know or do at the completion of a program.

ISLO: (Institutional Learning Outcomes) Identify desired abilities of students upon completion of their education at Lassen Community College based on their whole college experience including receiving instruction and services, as well as engagement as a member of the LCC community.

GESLO: (General Education Student Learning Outcomes) Specify what a student is able to know or do at the completion of a course that relates to transferable general education criteria.

Outcome Assessment Cycle

Figure 1 *The process of outcomes assessment.*

Outcomes Assessment Cycle: The process by which we develop, assess, analyze, improve and integrate outcomes aligned with institutional mission into our planning process through program review in support of institutional strategic goals.

Student Learning Outcome and Assessment Cycle

Step 1: Develop/Modify Student Learning Outcomes (SLOs)

Course SLOs are developed and included in Curriculum submissions of new courses. Program SLOs are included in Curriculum submissions for new programs. SLO Mapping is included with initial Curriculum submissions. SLO Maps align SLOs to GESLOS and ISLOS [Appendix A: SLO Map]. Program SLO Maps align course SLOs to Program SLOs [Appendix B: PSLO Map]. Many existing programs have these maps in place; those that do not are being pushed to complete them Spring 2021. Course and program SLOs may be revised at any time through the Curriculum process. Regular review of course and program SLOs occurs during the IPR process. Special courses not mapped to PSLOs are mapped to ISLOs and GESLOs.

Step 2: Design Measure & Set Target

SLO Maps identify measure(s) and target for SLO assessment.

Step 3: Assess SLOs

Course SLOs are assessed utilizing identified measures each term a course is offered, following the course's 2 year plan cycle. Two year plans for each program are located on the Lassen Community College website. Faculty are contractually required to assess a minimum of one SLO per course per term. SLO Assessment plans are submitted to Academic Services at the beginning of the term. Faculty collect and report SLO Assessment results at the end of the term.

PSLO and ISLO assessment is integrated into the IPR process. Programs receive PSLO and ISLO assessment data during their IPR Orientation.

Step 4: Analyze/Improve Assessment Results

SLO Assessment Results include measure, target, number of students who achieved target, and a listing of proposed actions, or improvement plans, where targets are not met. Discussion of Improvement Plan design may be facilitated by Departmental Improvement Plan Brainstorming Form [Appendix C: Departmental Improvement Plan Brainstorming Form]. Discussion of SLO results, improvement plans, and impact of improvement plans is integrated into the IPR process.

Step 5: Report & Integrate Findings

Longitudinal SLO data is provided for Instructional Program Reviews (IPRs) by the Institutional Effectiveness Office. IPRs include faculty analysis of SLO assessment results and SLO improvement plans (IPR Template Section II: Student Learning Outcomes).

The Instructional Program Review Handbook provides the mechanism by which budgetary requests identified in program reviews are supported by SLO findings and improvement plans, student achievement data, findings from research studies (where available); and are aligned with institutional strategic goals as a means to support quality improvement and evidence driven decision making (IPR Template Sections I-IV Planning Agendas and IPR Template Section VI. B: Prioritized Recommendations for Inclusion in the Planning Process).

Figure 2

The use of evidence to support budgetary decision making through program review:

SLO Process Improvement Plan Timeline

ACCJC Requirements and Recommendations identified in the June, 2020 Action letter from ACCJC brought to light improvements needed in LCC's SLO processes. As a result, a SLO Process Improvement Timeline was developed with the following goals:

Year 1: 2020-2021: Systematic Improvement

1. Consistent assessment of SLOs.
2. Consistent mapping aligning course SLOs to ISLOs, PSLO's and GESLOs.
3. Pilot project focused on PSLO and ISLO assessments targeted for inclusion in IPRs due 2021-2022.
4. Revision of IPR Handbook to emphasize discussion of SLO assessment results, "closing the loop."

Year 2: 2021-2022: Implementation

1. Integration of improved SLO data in IPRs
2. Integration of IPR prioritized recommendations in planning process
3. Analyze results of PSLO/ISLO pilot assessment project. Develop improvement plans for furthering robust SLO assessment.

STUDENT LEARNING OUTCOMES

Student Learning Outcomes (SLOs) state what a student is able to do at the completion of a course or course assignment. A student learning outcome is a statement of expectation that articulates:

- What students will know, do or think/feel as a result of our interaction with them,
- Specifies how learning will be assessed, and
- Documents the results of assessment and how those results will be used to improve learning.

SLOs are: “What can students do or produce at the end of the course that they could not at the beginning.”

Measuring SLOs

- SLOs are measurable so that the difference between the planned achievement and the learned achievement can be narrowed.
- Once outcomes are known, faculty can adjust the course or program to better accomplish the expected outcomes or the outcomes can be re-written to better reflect expected student learning.
- Expectations for student learning and assessment are *collaboratively authored* and *collectively accepted*.

Assessment

“Not everything that can be counted counts and not everything that counts can be counted.”
Albert Einstein

Assessment is an ongoing process primarily aimed at one of two things:

- 1) Improving programs and/or services, and
- 2) Understanding and increasing student learning.

Measurement is the process of collecting data for evaluation of your **Outcomes**.

- **WHAT** you are going to measure.
- This will help you determine **HOW** you are going to collect your data.

The Division/Department must:

- Make program objectives and student learning outcomes explicit and public
- Set appropriate criteria and high expectations;
- Systematically gather, analyze, and interpret data to determine how well programs and services meet those expectations and criteria

- Use the resulting data to document, explain, and improve programs, services, and student learning outcomes
- Re-evaluate criteria and modify as necessary.

Direct vs. Indirect Assessment

Direct assessment involves looking at actual samples of student work.

- Direct measures assess student performance of identified learning outcomes, such as mastery of a lifelong skill. They require standards of performance.
- Examples of direct assessments are: pre/post-test; course-embedded questions; standardized exams; portfolio evaluation; videotape/audiotape of a performance.

Indirect assessment is gathering information through means other than looking at actual samples of student work.

- Indirect measures assess opinions or thoughts about student knowledge, skills, attitudes, learning experiences, and perceptions.
- Examples of indirect measures are: student surveys about instruction; focus groups; alumni surveys; employer surveys.

Formative Assessment

Formative assessment refers to assessment that is carried out throughout the course of study, project, or time-frame to provide feedback regarding whether the outcome is being met. Formative assessment may be conducted for the following reasons:

- Program improvement;
- To provide feedback in order to improve instruction, learning, and curricula;
- To identify students' strengths/weaknesses and
- To determine if the SLOs and instruction are in sync.

Summative Assessment

Summative assessment refers to assessment that is carried out at the end of a course, project, or time-frame to evaluate whether the outcome was achieved (i.e., the overall performance). Summative assessment may be conducted for the following reasons:

- Evaluation and accountability;
- Decision-making regarding fund allocation;
- To aid in program level decision-making;
- To respond to demands of accrediting bodies, state and federal agencies.

FREQUENTLY ASKED QUESTIONS

The following section focuses on questions (FAQs) related to Student Learning Outcomes (SLOs)

1) What are SLOs and how do they differ from course objectives?

According to the ACCJC, Student Learning Outcomes are the “knowledge, skills, abilities, and attitudes that a student has attained at the end (or as a result) of his or her engagement in a particular set of collegiate experiences” (ACCJC Standards Adopted 2002, Standards Glossary, p.6). In other words they are the “specific observable or measurable results that are expected subsequent to a learning experience.” The SLO Glossary produced by ASCCC (2010) further clarifies by stating that,

SLOs describe a student’s ability to synthesize many discreet skills using higher level thinking skills and to produce something that asks them to apply what they’ve learned. SLOs usually encompass gathering together of smaller discrete objectives through analysis, evaluation and synthesis into more sophisticated skills and abilities (p. 13).

SLOs differ from course objectives in that the latter are specific teaching objectives that drive course content and activities (ASCCC.org). Objectives are small steps that lead toward a goal, for instance the discrete course content that faculty cover within a discipline. Objectives are usually more numerous and create a framework for the overarching student learning outcomes which address synthesizing, evaluating and analyzing many of the objectives (ASCCC, 2010, p. 10).

2) Why should I participate in this process?

The Academic Senate views outcomes assessment as a productive activity that can improve teaching practices and thus enhance student learning. For this reason, effective assessment practices are important not only to meet accreditation demands but also to benefit the college, the faculty, and the students.

Principle 11 of the Guiding Principles of SLO Assessment (2010) states, “Faculty should engage in SLO development and assessment not because it is a requirement for accreditation but rather because it is good professional practice that can benefit programs and students” (p.25). According to this, faculty’s chief responsibility is to provide students with an effective and rewarding learning experience. The responsibility involves participation in development of curriculum at the course, program and college level, and not just the responsibility for one’s own classes. Furthermore, “decisions regarding curriculum development should be based on collegial and authentic analysis of data...and for this reason SLO assessment can provide informative and beneficial input for making curricular evaluation and discussion at all levels more valuable and purposeful (Guiding Principles of SLO Assessment, 2010).

The Guiding Principles of SLO Assessment (2010) also states,

Outcomes and their assessments therefore must remain under the purview of those responsible for teaching the courses and those who are most qualified to make decisions regarding curricular practices. Faculty should have control of assessment processes and take the lead in analysis and use of the data. Collection of data should be led by the faculty members in the courses they teach. In all aspects of SLO development and assessment, faculty should assume primary responsibility (p.26).

In other words, because faculty members have the necessary expertise, curricular decisions need to remain under their control. For this reason faculty need to be the ones that engage in assessment of student learning outcomes and the curricular decisions that follow. Guiding Principles of SLO Assessment (2010) supports, “When designed and implemented appropriately, SLO assessment can provide significant benefits as a tool for evaluating and revising curriculum and for improving student learning, and these benefits should be the primary reason for faculty to participate in assessment work” (p.26).

The Guiding Principles of SLO Assessment (2010) reflects on the consequence of ignoring SLOs by stating,

If faculty do not accept these responsibilities and fail to see SLO assessment as a beneficial professional practice, both faculty and students may suffer. If assessment becomes a task done only to satisfy the ACCJC, faculty will be less likely to engage in authentic discussions of valid data, and indeed the data collected itself may well be less informative. Curricular development and decision making will be less effective, thereby depriving students of the maximum educational experience. In addition, faculty who do not engage in assessment activities may find that decisions regarding curriculum are made for them, either by smaller groups of individuals who have chosen to become involved or, worse yet, by non-faculty who have taken on the responsibilities rightly due to the instructional experts (p.26).

3) Should grades suffice for assessment?

According to the Guiding Principles of SLO Assessment (2010), Principle 8, states “SLO Assessment processes and grading are different but mutually compatible activities and should complement rather than conflict with each other” (p.21). Grades and SLOs are not the same thing because they have different approaches and have different purposes. Grading usually involves assigning a letter to some assignment or class the student participated in. The grade tells you very little or nothing about what skills the student can perform. Grades also tell you nothing about how the student can improve. According to Sholars (2009),

It is very difficult to trace back the learning of specific skills from a general grade. For example, if a student earns a “B” in the course, it is not possible to determine which skills or topics within the course were grasped well by the student simply by looking at the grade the student earned. Different faculty members teaching the same course could vary in the way they measure the combination of the different skills to produce the grade. For instance, Professor A might count the research paper for that course as 20% of the student’s overall grade, while Professor B might count the research paper for that course as 15% of the student’s overall grade. If that same research paper was used to assess an SLO, the faculty would score the skills that the faculty determined important on a faculty-

developed rubric. The faculty would have been normed on the rubric. Consequently, a student could earn an “A” in the course, but have scored 3 out of 4 on a faculty-developed rubric.

It is not just faculty that should be aware of the skills attained by a student after an assignment, but also the student. Students should be assigned a grade on an assignment and also a score that pertains to the SLO. If the student is familiar with the rating scale on the rubric, and what skills each score represents for a particular SLO, the student would be aware of what skills he or she has attained and which have not yet been mastered.

[Therefore,] formative SLO assessment involves evaluating student performance with the aim of providing feedback that will enhance student learning through improved instruction. Formative assessment helps the student and the instructor to ascertain what has been learned and what still needs to be learned and thereby can improve both teaching and learning” (p.26).

Thus, student learning outcomes are more useful for helping students understand how to improve their performance in a class and in future classes. Data from SLO assessment also provides feedback to faculty about how to improve instructional practices in a current class and in subsequent classes. Grading and outcomes assessment need not conflict with each as both serve necessary functions. “Faculty who employ only grades or only outcomes assessment may be depriving their students of important feedback. For example, a composition instructor who reads a student essay and simply assigns a letter grade or score, or even one who offers brief, general written comments to the student, has done little to improve the student’s writing. More productive comments would target specific expectations or outcomes for the paper and explain to the student where and how those expectations have or have not been satisfied. Through such feedback students can advance their skills and enhance their understanding of the course material. Thus, grading and outcomes assessment both serve important though separate roles and rather than conflicting, these processes should work in tandem to provide the different levels of input necessary for complete and effective student evaluation.

4) How do I begin? (Writing SLO’s)

The fillable Course SLO Map form (Appendix A) provides space for the description of SLOs and linkages to measures and achievement targets. Additionally, the form allows for linkages between the SLOs and the Institutional Learning Outcomes (ILOs) and the General Education Outcomes (GEOs).

According to the SLO Glossary produced by ASCCC in 2010, SLOs describe a student’s ability to synthesize many discreet skills using higher level thinking skills and to produce something that asks them to apply what they’ve learned. SLOs usually encompass gathering together of smaller discrete objectives through analysis, evaluation and synthesis into more sophisticated skills and abilities. (ASCCC, 2010, p. 13). An SLO refers to an overarching outcome for a course, program, degree or certificate, or student services area (such as the library).

Therefore, you should begin by examining at the specific course objectives listed in the Course Outline of Record (COR) for the particular course. You should then try combining 2 or 3 or more of them into one logical cohesive outcome that can be assessed.

For example, at LCC BUS 2 course has the following course objectives:

1. Cite and explain major events in U.S. history that have had a material effect on the way we conduct business in the U.S. today.
2. Compare and contrast economic systems found globally.
3. Define business ethics and explain the role of social responsibility in an organization.
4. Describe the role of information technology and the impacts it has had on business in the U.S. and globally.
5. Describe the major benefits and barriers found in international trade.
6. Compare and contrast commonly found forms of business organization by identifying primary benefits and detriments of each organizational form.
7. Describe the key management functions found in common business operations.
8. Describe the major theories and contemporary practices of business leadership.
9. Identify current production & operations processes and practices.
10. Identify key human resource management functions and the laws surrounding the management of people as a workforce.
11. Explain the primary components and functions of financial statements and conduct a simple financial statement analysis.
12. Describe the different types of common business financing options the impacts it has on various financial business positions.
13. Identify key components and functions of securities markets and the monetary system.

Objectives 8, 9, and 10 could be combined and rewritten as: Students will demonstrate an understanding of contemporary business principles and practices.

The other objectives can be combined similarly to yield other student learning outcomes.

Phrases and Words to be AVOIDED: Below is a list of words and phrases, which should be avoided when possible. These words are not forbidden. It is simply being suggested that they be avoided whenever possible or that their meaning be more fully elaborated when used by explaining how one would know if students are appreciating, enjoying, understanding, etc.

Words and Phrases to be AVOIDED when Evolving Objectives and Learning Outcomes:

believe	SHOW:	BECOME:
capacity	Appreciation for...	Acquainted with...
comprehend	Attitude of...	Adjusted to...
conceptualize	Awareness of ...	Capable of...
depth	Comprehension of...	Cognizant of...
experience	Enjoyment of...	Conscious of...
feel	Feeling for...	Familiar with...
hear	Interest in...	Interested in...
intelligence	Knowledge of...	Knowledge about...
know	Understand of...	Self-confident in...
listen		
memorize		

perceive realize see self-actualize		
--	--	--

Shopping List of VERBS: It is often very hard to find the right work to describe the students' expectation when writing an outcome or objective. The shopping list of verbs listed below may be useful in constructing course objectives and student learning outcomes.

**A Categorized “Shopping List” of Verbs
Useful for Making Objectives and Outcomes More Precise**

alter analyze appraise arrange attempt attend categorize change chart choose cite circle classify collect combine compare compile complete conclude consider contrast copy count criticize shorten structure tally	discover discriminate distinguish distribute document duplicate evaluate explain expand extend find follow formulate gather record relate reproduce return search signify sort suggest support underline signify switch tell	generate generalize identify imitate include indicate induce infer isolate itemize label list locate map mark match modify name note omit order organize paraphrase place simplify synthesize volunteer	plan point predict present propose provide question quote rearrange recall recombine reconstruct regroup rename reorder reorganize repeat rephrase restate restructure retell rewrite save select state systematize
--	--	---	--

General Applications

<u>Language</u>	<u>Mathematics</u>	<u>Science</u>	<u>Social</u>
abbreviate	add	calibrate	accept
accent	bisect	compound	agree
alphabetize	calculate	connect	aid
argue	check	convert	allow
articulate	compound	decrease	answer
capitalize	compute	demonstrate	buy
edit	count	dissect	communicate
hyphenate	derive	graft	complement
indent	divide	grow	contribute
outline	estimate	increase	cooperate
print	extrapolate	insert	disagree
pronounce	extract	lengthen	discuss
punctuate	graph	light	excuse
read	group	limit	forgive
recite	integrate	manipulate	greet
speak	interpolate	nurture	guide
spell	measure	operate	help
state	multiply	plant	inform
summarize	number	prepare	interact
syllabicate	plot	reduce	join
translate	prove	remove	lend
type	reduce	replace	meet
verbalize	solve	report	offer
write	square	reset	participate
	subtract	set	permit
	tabulate	specify	praise
	tally	straighten	react
	verify	time	relate
		transfer	serve
		weigh	share
			supply
			talk
			volunteer
			vote

Analyzing Process Complexity: It is important for the instructor to be fully aware of what the learner must do mentally with the content of the objective. Certain mental operations are obviously more difficult to accomplish than others. To recall information and report it in the same form as it was learned is a simpler task than to break the information down into previously unseen elements. Educators have noted that learning can occur at various levels of complexity. Select words which relay the degree of complexity of the learning process during the writing of objectives and outcomes.

I. Responding (simple specific responses)		
Example Verbs:		Example Outcome:
Circle	Imitate	“...without the use of references, recall with 80% accuracy, the position held by key candidates on central issues of a recent local or national campaign...”
Connect	List	
Define	Point	
Duplicate	Recall	
Find	Recognize	
Identify	Repeat	
Sort	State	
	Tell	
	Underline	
II. Elaborating (demonstrating comprehension)		
Example Verbs:		Example Outcome:
Classify	Locate information	“...accurately paraphrases summary statements made by each major candidate on the central issue of the campaign to the satisfaction of the instructor.”
Compute	Measure	
Discriminate	Paraphrase	
Explain briefly	Produce	
List reasons for		
III. Investigating (simple application of basic knowledge)		
Example Verbs:		Example Outcome:
Cite evidence for	Investigate	“...distinguish editorial from factual information in over half of the instances, when provided with reviewing assignments in each of three new media (e.g. television, newspaper, magazine).”
Find more about	Omit	
Gather data on	Order	
Illustrate		
IV. Analyzing (application of complex operations)		
Example Verbs:		Example Outcome:
Compare		“...justify his or her selection of a least two different news media considered as reliable sources of information on candidates and issues. All justification to be documented from references, citing at least five types of evidence of reliability.”
Justify with logic and evidence		
Contrast		
Organize data in new forms		
Differentiate		
Interpret		

V. Concept Forming (developing simple original applications)	
<p style="text-align: center;">Example Verbs:</p> <p>Discover and document relationships Elaborate the concept of... Identify variables in Prove beyond a reasonable doubt</p>	<p style="text-align: center;">Example Outcome:</p> <p>“...document at least three reports exemplifying the concept that, ‘in a democratic process, no action is equal in effect to a positive action.’ Each report must be logically developed and consistent with factual records in the judgment of the instructor.”</p>
VI. Principle Forming (mastery and elaboration of concepts, principles or original thoughts)	
<p style="text-align: center;">Example Verbs:</p> <p>Deduce Predict Extrapolate Reorganize Infer Synthesize Integrate Rank order on varied criteria</p>	<p style="text-align: center;">Example Outcome:</p> <p>“...correctly predict (in at least four out of five instances) the action taken on given controversial issues by national political office holders; when provided case studies which clearly document voter and lobby pressures, as well as other pertinent facts, as they existed.</p>
VII. Problem Solving (fully developed original contributions)	
<p style="text-align: center;">Example Verbs:</p> <p>Discuss critically Formulate hypothesis and experiments Generalize from data Improve the process by which Prepare explanatory model Suggest refinements in Tailors logical arguments</p>	<p style="text-align: center;">Example Outcome:</p> <p>“...tailor logical appeals to peers who hold views opposing his or her own view on a controversial political issue. Over half of those persons to whom he directs the appeal, should as a result, at least agree as to the logical nature of his appeal, if not also describing themselves as less certain on the issue than before.”</p>

Bloom’s taxonomy is a well-known description of levels of educational objectives. It may be useful to consider this taxonomy when defining your SLOs.

1. **Knowledge:** Recalling or remembering information without necessarily understanding it. Includes behaviors such as describing, listing, identifying, and labeling.

2. **Comprehension:** Understanding learned material and includes behaviors such as explaining, discussing, and interpreting.

3. **Application:** The ability to put ideas and concepts to work in solving problems. It includes behaviors such as demonstrating, showing, and making use of information.

4. **Analysis:** Breaking down information into its component parts to see interrelationships and ideas. Related behaviors include differentiating, comparing, and categorizing.
5. **Synthesis:** The ability to put parts together to form something original. It involves using creativity to compose or design something new.
6. **Evaluation:** Judging the value of evidence based on definite criteria. Behaviors related to evaluation include: concluding, criticizing, prioritizing, and recommending.³ (Bloom, 1956)

5) Now SLOs are written, what do I do with them?

SLOs are specific measurable outcomes that are expected subsequent to a learning experience. Therefore, an **assessment tool** must be found or developed that can yield data that determines whether that outcome has taken place. In other words, the assessment tool should be able to tell you whether students can really do what the SLO states. According to the Guiding Principles for SLO Assessment (2010), Principle 1: “Faculty have the primary responsibility for developing assessment tools and determining the uses of data that are collected, and therefore faculty engagement and active involvement in SLO assessment is essential” (p.9).

As mentioned previously, only faculty have the necessary expertise, training, background, and experience necessary to develop effective methods of SLO assessment for their courses and programs. According to Principle 1 in the Guiding Principles for SLO Assessment (2010), “This same principle applies not only to classroom instruction, but also to student support services, library services, and all other areas of a student’s academic experience” (p.9).

At the beginning of each semester faculty prepare and submit an SLO Assessment Plan for each class within one week of the first meeting of the class.

6) What are the different types of assessments that I can use?

In *The Concept of Formative Assessment*, Boston (2002) offers the following explanation and definition of the concept of assessment: “Black and William (1998b) define assessment broadly to include all activities that teachers and students undertake to get information that can be used diagnostically to alter teaching and learning” (p. 8).

There are many different modes of assessments: The following, though by no means exhaustive, is a list of some of the most common tools:

Table 1 *Common Assessment Tools*

Academic Direct Measures	Academic Indirect Indicators	Administrative Measures
Capstone Assignment	Advisory Board	Activity Volume
Comprehensives	Alumni Survey	Benchmarking
Internship Evaluations	Benchmarking	Climate/Environ
Licensure Exam	Curriculum	Discussions

Performance	Employer Survey	Doc. Analysis
Portfolio	Exit Interviews	Efficiency
Pre/Post Test	Focus Groups	Evaluations
Presentation	Graduate Acceptance	Existing Data
Project	Honors/Awards	External Report
Standard. Test	Placement Data	Focus Groups
Thesis/Project	Satisfaction	Gov't Standards
Video/Audiotape	School Perform	Prof. Standards
Written Assignment	Student Evaluations	Satisfaction
Writing Exam	Transfer Acceptance	Service Quality

According to the Guiding Principles for SLO Assessment (2010):

If the term “assessment” refers to the process of collecting data, then “assessment results” are the data or evidence produced by this process. Such data need not always be quantifiable or measurable in numerical terms. Assessment results may take various forms, including not only quantitative data such as numerical or statistical scores but also qualitative evidence such as portfolios, narratives, performances, or other data that may be more dependent on observation than computation. Any information produced by assessment processes that can be used for analysis and improvement of student achievement and learning would fall under the category of assessment results (p. 8).

7) How do I know I have a good assessment tool for my SLOs?

This question is best answered by the Guiding Principles of SLO Assessment (2010) Principle 5: “SLO assessment should be as authentic as possible and should be minimally intrusive to the educational experience of students and the instructional planning and performance of faculty” (p.16).

Good assessment needs to simulate real world experiences and involve the application of critical thinking to tasks that approximate real world conditions like the workplace and other situations outside the classroom (Wiggins, 1990). Appropriate SLO assessment should not be simply a reproduction of information without context to anchor it. Authentic assessment is meaningful and involves application of knowledge and skills, not just simply memorization of information. The ACCJC’s 2012 SLO Rubric notes the importance of authentic assessment as an aspect of SLO proficiency: “Student learning outcomes and authentic assessment are in place for courses, programs, and degrees” (p. 5).

Faculty members also need to consider providing assessments at certain intervals of a course rather than just at the end. Such assessments are more useful because they can track student progress and provide more useful feedback to improve student learning. In other words, ongoing authentic assessment can improve the input that faculty provide to students as an aspect of instruction throughout their classes. As Chickering and Gamson’s (1987) *Seven Principles for Good Practice in Undergraduate Education* states, “In classes, students need frequent opportunities to perform and receive suggestions for improvement” (para. 15).

Assessments should also be integrated into courses so they are non-obtrusive and as least disruptive as possible. Guiding Principles of SLO Assessment (2010), Principle 5 indicates, “Other, more formal assessment practices also might be developed as a part of the standard instructional program for a course. Assessment data can be collected from work students do as required course activities, projects, or assignments, requiring minimal additional course preparation or student performance” (p. 16). Faculty members can plan for such standards assessments in advance by incorporating them into their classes as part of the normal expectations for students in the course. This insures that SLO assessment will be as efficient and practical as possible

Furthermore, according to the Guiding Principles of SLO Assessment (2010), Principle 6 states, “Rather than relying on one assessment method for all situations, effective assessment may benefit from a variety of methods, even within a single course, that can respond to different learning outcomes, teaching styles, and student learning needs” (p.16).

8) Where do we collect the data?

At the end of each semester faculty submit the results of SLO Assessment, and steps taken as result of the assessment, within eight (8) District business days after the last day of finals. Data is submitted via an electronic, “End of Term Course Student Learning Outcomes Results” form (Appendix B).

Assessment criteria must be established for each SLO prior to collecting data. Assessment criteria refer to the percentage or ratio of questions answered correctly. For example, a multiple-choice test may require that 75% of the questions be answered correctly for the SLO to be met. Therefore the assessment criteria would be 75%. Assessment criteria can also be set for more complicated assignments like papers, projects, etc. by following a rubric.

An **achievement target** must also be set for each SLO before data is collected. The achievement target refers to the overall percentage of students that successfully meet the assessment criteria for the SLO. For example, a particular course might require that 80% of the students be successful when assessed for a particular SLO. Thus, for this particular SLO, 80% would be the achievement target.

9) What do we do with the data once it is collected?

Faculty need to take part in a discussion of the SLO results for their courses. All faculty who teach a particular course need to discuss the SLO results in order to decide whether they need to modify the SLO, the assessment tool, the assessment criteria, or the achievement target. More importantly, faculty members need to decide what the results mean for that particular course in order to modify it or improve it. Improvement plans involve consideration of planned changes that result from the review of SLO assessment results. Planned changes can include changes to the structure of an assessment or course, to the forms or other tools used as part of instruction, include changes to the curriculum of the course, the curriculum of the program, scheduling or sequencing changes to curriculum, requests for new equipment, etc. Improvement Plans include planned changes as well as the proposed participants, timeline, and assessment plan to evaluate the planned changes. The Departmental Improvement Plan Brainstorming Form (Appendix C)

provides guidance and a means to capture the dialog and information needed to create robust Improvement Plan(s).

According to the Guiding Principles of SLO Assessment (2010), Principle 1 states,

Faculty are in direct contact with students, have the greatest knowledge and deepest understanding of the students' needs and abilities, and have the responsibility for developing and delivering the curriculum and course content, and therefore faculty can better understand the context of the data. By accepting and embracing their responsibility for SLO design and assessment, faculty will be in the best position to examine assessment data, ask questions about what the data suggest, and make appropriate changes to classroom and institutional practices in order to improve student learning (p.9).

10) Who should be involved in this process?

According to the Guiding Principles of SLO Assessment, (2010) Principle 2 states,

Outcomes assessment is a process that should involve all appropriate participants at each level of the college, not just select groups or individuals. SLO assessment must involve full-time faculty members, part-time faculty members, staff, administrators, and anyone else directly or indirectly serving students. Faculty members need to take primary responsibility for developing SLOs, the assessments, analyzing data, and coordinating discussions. Part-time faculty members need to be involved as well as they are a majority of the faculty at most colleges. Faculty should be the ones making curricular decisions, especially those concerning how it can be changed and improved by using SLO data. Staff members also need to be involved. Staff members need to be involved in preserving data, maintaining and recording it, as well developing software tools and systems. Staff members are thus needed to support the entire SLO assessment process.

Discussion should also be held at the college level by faculty under the leadership of the academic senate. Instructional and student support service faculty should also be involved. According to the Guiding Principles of SLO Assessment (2010), Principle 2:

A comprehensive system of support services exists, and is characterized by a high degree of integration among academic and student support services Instructional and student support services faculty should not work in isolation from each other, but rather should collaborate and share information at all levels in order to more fully inform and strengthen the delivery of all aspects of a student's educational experience" (p.11).

There must also be assistance from college researchers to aid in the design and implementation of SLO instruments as well as evaluating their validity and applicability. Administrators also play an important role in the SLO process. Administrators need to support and facilitate the process. They need to make available sufficient staffing, technology, resources, compensation and other needs. Not only this, administrators must also support the SLO process through organization, scheduling, facilitating, coordinating, and encouraging, and approval of other necessary efforts to make the process more effective. According to the Guiding Principles of SLO Assessment (2010), Principle 2: "If the entire college is involved in assessment efforts, with each area or constituent group fulfilling its appropriate role while understanding and

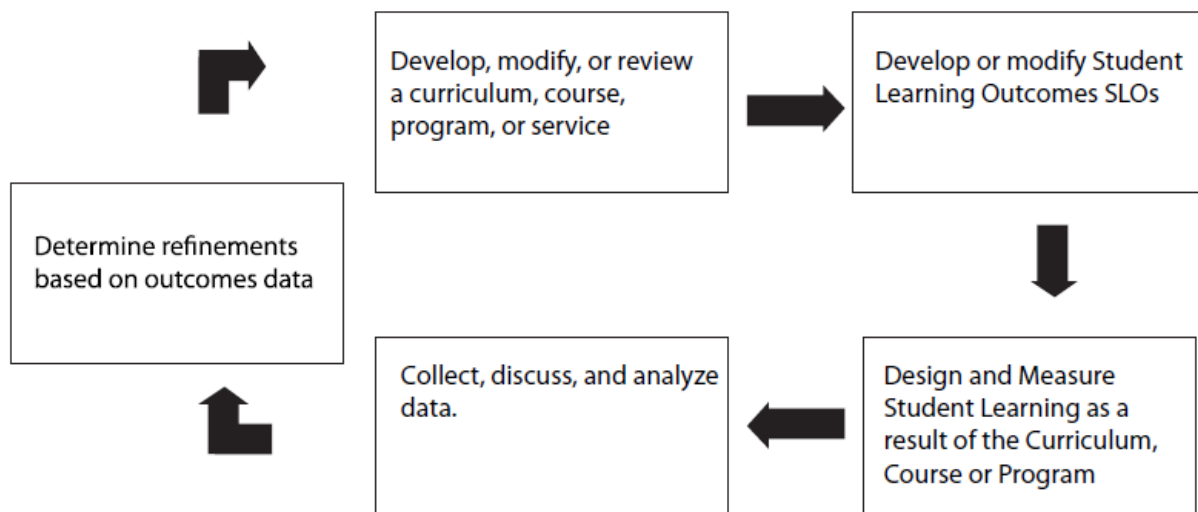

respecting the faculty’s primacy in SLO processes, all areas will be able to work cooperatively toward the common goal of serving students in the most effective ways possible” (p. 11).

11) Now that SLOs have been defined, assessment tools have been developed, data and action plans have been collected. Am I done?

No. The process is supposed to be ongoing and lead to “**continuous quality improvement**” of the courses, programs and services offered by the college. According to Principle 1 of the Guiding Principles of SLO Assessment (2010), “The purposes of student learning outcomes include assessing student achievement, evaluating the strength of courses and programs, and identifying instances in which instruction and student learning can be improved” (p.9). Furthermore, According to the Guiding Principles of SLO Assessment (2010), Principle 3 states, SLOs and SLO assessment should be connected to the overall culture of the college through the college vision or values statement, program review processes, and college curriculum, planning, and budgeting processes”(p.10).

SLO assessment is not an end to itself but a vehicle for program and educational improvement. It needs to be an ongoing activity which uses current data to inform instructional practices. It should not be a periodic exercise that uses outdated assessments and data to inform current practices and decisions. The Academic Senate’s *SLO Terminology Glossary* (ASCCC, 2010) defines “**closing the loop,**” as:

Closing the Assessment Loop

The use of assessment results to improve student learning through collegial dialogue informed by the results of student service or instructional learning outcome assessment. It is part of a continuous cycle of collecting assessment results, evaluating them, and using the evaluations to identify actions that will improve student learning, implementing those actions, and then cycling back to collecting assessment results, etc. (p.4).

This requires a commitment by all people across all levels of the college. Faculty members are more likely to believe in the process and devote their effort if they feel it will lead to budgetary

decisions that will enhance students' educational experience. The college needs to make budget decisions that will support the projects and innovation that will lead to curriculum improvement. ACCJC emphasizes the importance of using assessment data as a basis for decision making throughout the college:

The institution uses assessment data and organizes its institutional processes to support student learning and student achievement (ACCJC Standard I.B.4).

Colleges must therefore integrate SLO assessment into its program review. In other words, data from SLO assessment needs to inform the decision making reflected in program review. Programs need to be analyzed based on concrete information, thus making the program review process more data driven. This allows SLO assessment to connect logically and meaningfully to both short-term and long-term college planning. SLO data can inform decisions for improvement of programs, the setting of goals and implementation of strategies, as well as allocation of resources to address these needs. Programs can use concrete data to support their budgetary requests thereby making budget discussions more meaningful and better informed. The decision making process will tie resource allocation directly to the SLO process.

Guiding Principles of SLO Assessment (2010) suggests, "Perhaps the highest level at which SLOs and SLO assessment can be incorporated into the culture of a college is by connecting general education outcomes directly to the college vision, values, or mission (p.10). Colleges might want to revise their mission statement, if necessary, to make an obvious connection with its institutional learning outcomes. Institutional learning outcomes should also have an explicit connection with the general education outcomes.

12) Do SLOs remain the same once established or can we change them?

SLOs can be revised as needed. According to the Guiding Principles of SLO Assessment (2010), Principle 3, that states:

The process and the SLOs themselves must remain open to revision and adjustment. Student needs and curricular practices change, and colleges must continuously reflect on their practices and expectations in order to serve students as fully as possible. The job of SLO development and assessment is never finished, and SLOs should not be seen as fixed or unchangeable. For SLO data to be effective in informing decision making at all levels of the college, the SLO assessment process should be revised as necessary to reflect changes in the college's curriculum, needs, and culture (p.10).

13) Okay, we are continuously assessing student learning outcomes, revising them as needed, and using them to inform program review. Now are we done?

No. Program learning outcomes, general education outcomes, and institutional outcomes must also be developed. Program learning outcomes (PLOs) have been defined by Marshall (2013) as "Broadly inclusive statements that might be considered areas of competency within a given discipline or general area of competency within a GE program." PLOs must be developed for any sequence of courses that leads to a certificate or degree.

According to the Guiding Principles of SLO assessment (2010), Principle 4, “SLOs should be clearly mapped and aligned throughout a course sequence and among various levels (course, program, institution) to achieve the most efficient and effective assessment” (p.15). The mapping of these outcomes needs to be thoughtful and involve dialogue among all necessary parties. This includes not only faculty, but also staff and administration. According to ASCCC (2010), “When dealing with outcomes and assessment, it is important to determine that course outcomes align or match up with program outcomes; that institutional outcomes align with the college mission and vision” (p.1). Doing this makes the assessment process more practical and efficient. An example within Principle 4, presents a scenario, “If program outcomes are designed and mapped to reflect direct connections to the SLO s of the courses that comprise the program, then assessment of the program outcomes may be conducted using data provided through the process of course SLO assessment” (p. 15). This means SLO assessments, if appropriately designed and assessed, can double as program learning outcomes. Furthermore, program learning outcomes assessment need not incorporate data from every course that comprises the program. Certain programs that have mastery courses, where students master a skill that was introduced in previous courses, might choose to focus assessment at the courses where mastery occurs.

Assessment of general education and institutional outcomes requires a broader dialogue. The *SLO Terminology Glossary* (2010), states that institutional learning reflect “The knowledge, skills, and abilities a student is expected to leave an institution with as a result of a student’s total experience” (p.9). Thus, they combine expertise found in several areas or a combination of areas and not a single discipline. Institutional learning outcomes include those related to institutional effectiveness (degrees, transfers, productivity) as well as learning outcomes. Principle 4 reflects on the success of the process as;

Successful attainment of general education and institutional outcomes depends on the overall educational experience that is founded on the course and program level. If students do not achieve the expected outcomes at the course and program level, then they are also unlikely to attain the college-level outcomes. For this reason, colleges should work to establish explicit alignment between program outcomes and those at the general education and institutional level. If students are successful in achieving course and program level outcomes, and if those outcomes provide direct and clear connection to the general education outcomes, then assessment will once again be simplified and the overall educational experience of students will have greater coherence and will therefore be enhanced (p. 16).

14) Can results of SLO, PLO assessment be used against me?

No. According to Guiding Principles of SLO Assessment (2010, Principle 10: “SLO assessment of student learning outcomes is a process that is separate from faculty evaluation.” (p.24). Alan Craig and Fulks (2007) support, “Placing student learning outcomes data within a faculty member’s evaluation would create a downward pressure on the rigor of the outcomes and a strong motivation to create assessments that validate or justify the content, pedagogy, and assignments” (p. 2). Thus, SLO assessment results would not be a true indicator of whether learning has taken place or whether the results should be used to improve the courses, programs, or services the college offers.

Institutional Learning Outcomes
1. Communication- Ability to listen and read with comprehension and the ability to write and speak effectively.
#2. Critical Thinking- Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome.
#3. Life Long Learning- Ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems.
#4. Personal/Interpersonal Responsibility- Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures

General Education Student Learning Outcomes for Associate Degrees
#1. Understand and apply methods of inquiry for a variety of disciplines including the scientific method for scientific inquiry and appropriate methods for social and behavior science inquires.
#2. Explain and analyze relationships between science and other human activities.
#3. Apply knowledge of the ways people act and have acted in response to their societies to express an appreciation for how diverse societies and social subgroups operate to understand social dynamics within historical and contemporary communities.
#4. Understand ways in which people throughout the ages and in Western and non-Western cultures have responded to themselves and the world around them in artistic and cultural creation; apply this knowledge to make value judgments on cultural activities and artistic expressions and demonstrate an understanding of the interrelationship between the creative arts, the humanities and self.
#5. Engage in verbal communication by participating in discussions, debates, and oral presentations utilizing proper rhetorical perspective, reasoning and advocacy, organization, accuracy, and the discovery, critical evaluation and reporting of information.
#6. Compose effective written communications and essays with correct grammar, spelling, punctuation and appropriate language, style and format utilizing academically accepted means of researching, evaluating and documenting sources within written works.
#7. Analyze, evaluate and explain theories, concepts and skills within varied disciplines using inductive and deductive processes and quantitative reasoning and application.
#8. Demonstrate appreciation of themselves as living organisms through their choices for physical health, activities, stress management, relationships to the social and physical environment, and responsible decision-making.

APPENDIX B: Program SLO Map

PROGRAM ID:

DATE LAST REVIEWED/UPDATED: 2/3/2021

PROGRAM TITLE: Associate in Arts Degree University Studies: Emphasis in Agriculture Sciences

FACULTY NAME(s): Brian Wolf

Indicate, by number, the Student Learning Outcome(s) that support the Program Student Learning Outcome (PSLO).

Course SLOs	PSLO 1	PSLO 2	PSLO 3
	Demonstrate effective animal husbandry skills, analyze the current market in order to sell the crop or animal at a premium and report the profit or loss, in a ranching situation.	Apply effective business, sales and marketing skills when presented with an agribusiness situation.	Demonstrate an understanding of the basic methodologies of science.

Measure: Ratio of achieved SLOs to SLOs assessed. **Target:** 75% of SLOs will be achieved.

APPENDIX C: Departmental Improvement Plan Brainstorming Form

Departmental Improvement Plan Brainstorming Form*

Department: _____

Date of Discussion: _____

Course/Department SLO(s)/AUOs discussed (Example: ENGL 1, Financial Aid): _____

Semester(s) assessment data was collected (Example: Fall 2020): _____

Faculty/Staff involved in discussion and analysis:

What is discussion and analysis of this data telling you?

Questions faculty may consider include:

2. Do you see gaps in the outcomes data? If so, what is the cause?
3. Do you see gaps in the skills or abilities of a student completing the course? If so, what is the cause?
4. Do you see overall gaps in their instructional experience? If so, where?
 - Do you see gaps in the evaluation process itself? If so, why? How can that be improved?
 - Do you see other issues in the student's experience? – Timing of assessment leading to low percentage of students completing assessment? Unmet student needs impacting academic performance?

Provide a summary of the conversation leading to the improvement plan.

1-Write a brief description of the improvement plan to facilitate change, including semester improvement plan is anticipated to be implemented *:

2- Write an implementation description. (How will the improvement plan be set in motion? What steps are required to complete the action plan?)*:

3- Indicate the person(s) who will implement the improvement plan*:

4-Indicate any physical or financial resources needed, including estimated requested budget amount, if any (to be included in IPR or Annual IPR Update)*:

*This information is intended to aid in the development of Improvement Plans to be finalized when reporting End of Term Course Student Learning Outcomes

Article 1 – Recognition

- 1.1 The Governing Board of the Lassen Community College District hereby recognizes the Lassen College Faculty Association, CTA/NEA (“LCFA”), as the exclusive representative, within the meaning of Government Code Section 3540.1 (e), of: all full-time and adjunct faculty members, including, but not limited to, instructors, counselors, Director of Academic Resources, and categorical non-tenure track, and tenure track less than one-hundred percent (100%) pursuant to the determination of the Public Employees Relations Board.
- 1.2 The Board agrees not to meet and negotiate with any organization other than LCFA concerning matters with respect to which LCFA is the exclusive representative and agrees not to negotiate individually with any member of the bargaining unit on such matters during the term of this Agreement.
- 1.3 LCFA recognizes the Board as the duly elected representative of the people and agrees to negotiate only with the Board or its duly authorized representatives. LCFA further agrees that neither it nor any of its members or agents will attempt to negotiate privately or individually with the Board, where the Board has authorized a representative to act in its behalf, nor with any individual Board member, administrator, or other person not designated by the Board as its representative.
- 1.4 LCFA agrees that neither it nor any of its members or agents will attempt to represent, in any negotiations or grievances, the interests of anyone other than members of the unit described in Paragraph 1.1 of this Article.

5/20/19
RAB
CN
UH

Article 2 – Rights of LCFA

- 2.1 Each member of the LCFA shall be entitled to payroll deduction for membership dues to the LCFA. Additional deductions shall be remitted by the District in accordance with law or mutual agreement of the parties.
- 2.2 The LCFA shall have the right of access at reasonable times to areas in which employees work, the right to use District bulletin boards, mailboxes, and other means of communication, and the right to use District facilities and equipment, where there are no conflicts with other District priorities and in no way violates California Education Code Section 7054. Any use which results in a direct additional cost to the District will be reimbursed by LCFA.
- 2.3 The LCFA shall be entitled to a representative at all Board of Trustee meetings and shall be allowed to speak on any item on any agenda in accordance with existing District rules. LCFA shall receive District agendas and minutes at the same time as such are made available to the Board.
- 2.4 The District shall provide a rationale for the rejection or partial rejection of any LCFA proposal.
- 2.5 Upon written request of LCFA, the District shall provide any public information concerning items affecting the bargaining unit, including but not limited to: financial reports and audits; rosters of all personnel; tentative budgetary requirements; allocation of state and federal funds; student enrollment data; names, telephone numbers and addresses of employees assigned to the unit; and such other information as well as assist the LCFA in developing and maintaining programs on behalf of the faculty and students, together with information which may be necessary for the LCFA to process any grievance or complaint. Telephone numbers and addresses of employees assigned to the unit shall not be provided if the employees request, in writing to the District, that their telephone numbers and addresses not be released.
- 2.6 Designated representatives of the District and the LCFA shall meet on a mutually agreed upon date, place, and time for the purposes of reviewing the administration of the agreement in force and resolving any problems that may arise. Each party may submit an agenda for discussion.
- 2.7 Each month the District shall remit the dues deducted for LCFA membership, along with an alphabetical list of unit members for whom such deductions have been made, to Lassen College Faculty Association. For unit members placed on administrative leave, without salary, the District shall continue to remit the unit member's dues to LCFA.

5/20/19

- 2.8 LCFA shall provide the Superintendent/President the names of the recognized LCFA representatives who are authorized to discuss organizational matters affecting unit members.
- 2.8.1 LCFA representatives shall have access to unit members for LCFA business during times other than unit members' hours of service. In no event shall an LCFA representative or unit member interrupt or interfere in any way with regular unit work.
- 2.9 After the execution of this Agreement, the District will prepare a final draft of the Agreement and make it available to LCFA. The District will duplicate the Agreement and provide a copy to each unit member.

Article 3 – Payroll Deductions for LCFA Dues

3.1 Organizational Security

It is the intent of the parties to implement the fair share service fee provisions of Government Code Section 3546, Dues and Service Fee Deductions

- 3.1.1 **Exclusive Rights to Membership Dues and Service Fees.** LCFA shall have the sole and exclusive right to have membership dues and service fees deducted from wages paid by the District to employees in the bargaining unit.
- 3.1.2 **Dues Deduction.** The District shall deduct LCFA dues based on fees assessed by CTA from the wages of all unit members who are members of LCFA on the date of the execution of this agreement, and who have submitted dues authorization forms to the District, or who, after the date of execution of this agreement, become members of LCFA and submit to the District a dues authorization form.
- 3.1.3 **Maintenance of Membership.** Unit Members who are members of LCFA on the effective date of this agreement, or who become members of LCFA during the term of this agreement, shall maintain their membership in LCFA during the term of this agreement; or, in the alternative, the District shall deduct from the salaries of such unit members a service fee as set forth in Article 3.1.4.
- 3.1.4 **Maintenance of Membership.** Pursuant to Government Code Section 3546(a), upon written request from LCFA, employees in the bargaining unit who are not members of LCFA as of July 1, 2001, and employees who hereafter come into the bargaining unit, shall either apply for membership and execute an authorization for dues deduction on a form provided by LCFA, or in the alternative the District shall deduct from the salaries of such unit members a service fee equal to the LCFA Dues (consistent with Education Code 45168 and 45061) and payable to LCFA for the representational duties required under the Educational Employment Relations Act.
- 3.1.5 **Religious Objections**
- 3.1.5.1 Any unit member who is a member of a religious body whose traditional tenets or teachings include objections to joining or paying service fees to employee organizations shall not be required to join and maintain membership in, or pay service fees to LCFA as a condition of employment. However, such unit member shall be required, in lieu of a service fee required by

5/20/19
RWD
EN
✓

this agreement, to pay sums equal to such service fee to one of the following non-religious, non-labor organization, charitable funds exempt from taxation under Section 501(c)(3) of Title 26 of the Internal Revenue Code:

- (a) Lassen Community College Faculty Scholarship Fund
- (b) Ronald McDonald House
- (c) Lassen County United Way
- (d) Shasta, Trinity, Lassen Red Cross

3.1.5.2 Any unit member claiming this religious exemption must file a written request for exemption with LCFA. If the request is granted, the unit member shall, as a condition of continued exemption from the requirement of paying service fees to LCFA, furnish LCFA with copies of receipts from the charity selected as proof that such payments have been made, or shall authorize payroll deduction of such payments.

3.1.6 **Effective Date for Payment of Dues and Fees.** A unit member shall be obligated to pay dues or service fees to LCFA as of the first paycheck after the employee first comes into the bargaining unit.

3.1.7 **Payments to LCFA.** The District shall pay CTA dues directly to CTA within twenty (20) days of the deduction of all sums deducted. Along with each monthly payment to CTA, the District shall furnish LCFA with a list of all unit members indicating the amount deducted. If there are any LCFA locally assessed dues, those will be paid directly to LCFA within twenty (20) days of the deduction of all sums deducted.

3.1.8 **Notice to Employees.** LCFA will furnish all service fee payers with an adequate explanation of the basis for the fee and the calculation of that portion of the fee which is chargeable to activities related to collective bargaining. LCFA will provide all service fee payers with a reasonably prompt opportunity to challenge this calculation before an impartial decision maker and will deposit into an interest-bearing escrow account all amounts reasonably in dispute while such challenges are pending. Such actions shall be in accordance with all Public Employment Relations Board and all other legal requirements.

3.1.9 **Indemnification and Holding Harmless**

3.1.9.1 LCFA agrees to reimburse the District, its officers and agents for reasonable attorney's fees and legal costs incurred after notice to LCFA in defending against any court or administrative action

5/20/19
RCS

WR

challenging the legality of the organizational security provisions of the agreement or implementation thereof.

3.1.9.2 LCFA agrees to reimburse the District, its officers and agents for any award or compromise of damages or liability arising out of any court or administrative action challenging the legality of the organizational security provisions of this agreement or the implementation thereof, provided the District has complied with the terms of this Article and has promptly notified LCFA of its awareness of such an action.

3.1.9.3 LCFA shall have the exclusive right to decide and determine whether any such action shall be compromised, resisted, defended, tried or appealed.

3.1.10 Direct Payment. Nothing contained herein shall prohibit a unit member from paying service fees directly to LCFA. The District shall immediately notify the LCFA chapter treasurer if any member of the bargaining unit revokes a dues, service fee or payment in-lieu of service fee deduction authorization.

3.1.11 Grievability. This Article shall not be subject to the arbitration of the grievance procedure.

Article 4 – District Rights

4.1 Identification of Rights

The Board, on its own behalf, and on behalf of the electors of the District, hereby retains and reserves unto itself, without limitations, all powers, rights, authority, duties, and responsibilities conferred upon and vested in it by the laws, Constitution of the State of California, and the Constitution of the United States, including, but without limiting the generality of the foregoing, the exclusive right and power to determine, implement, supplement, change, modify or discontinue, in whole or in part, temporarily or permanently, any of the following and the effects thereof:

- 4.1.1 The legal, operational, geographical, and organizational structure of the District, including the chain of command, division of authority, organizational divisions and subdivisions, departments, reassignment of work within the unit, external and internal boundaries of all kinds, and advisory commissions and committees;
- 4.1.2 Divisions will be established and modified by the District in consultation with LCFA and faculty involved.
- 4.1.3 The financial structure of the District, including all sources and amounts of financial support, income, funding, taxes and debt, and all means and conditions necessary or incidental to the securing of same, including compliance with any qualifications or requirements imposed by law or by funding sources as a condition of receiving funds; all investment policies and practices; all budgetary matters and procedures, including the budget calendar, the budget formation process, accounting methods, fiscal and budget control policies and procedures, and all budgetary allocations, reserves, and expenditures apart from those expressly allocated to fund the wage and benefit obligations of the Agreement;
- 4.1.4 The acquisition, disposition, number, location, types, and utilization of all District properties, whether owned, leased or otherwise controlled, including all facilities, grounds, parking areas, and other improvements, and the personnel, work, service, and activity functions assigned to such properties;
- 4.1.5 Matters involving District operation and the creation, maintenance, modification and/or removal of all facilities and equipment; the scheduling of operations, the means, methods and processes of operations; the materials to be used; new or improved methods and facilities; the kinds and levels of services to be provided;

5/20/19

- 4.1.6 All services to be rendered to the public; the nature, methods, quality, quantity, frequency, and standards of service, and the personnel, facilities, vendors, supplies, materials, vehicles and equipment to be used in connection with such services; the subcontracting and the effects of subcontracting for any and all goods and services, not previously performed by unit members.
- 4.1.7 The selection, utilization, assignment, and reassignment of personnel not covered by this Agreement including, but not limited to substitutes, casual and short-term personnel; consultants; students; confidential, supervisory and management personnel; and other non-classified personnel;
- 4.1.8 The educational policies, procedures, objectives, goals, and programs, including those relating to curriculum, course content, textbook selection, educational equipment and supplies, admissions, attendance, transfers, advancement, guidance, grading, testing, records, health and safety, conduct, discipline, transportation, food services, racial and ethnic balance, extra-curricular activities, and emergency situations, and the substantive and procedural rights and obligations of students, parents, teachers, other personnel, and the public with respect to such matters;
- 4.1.9 The decisions and procedures for selection, classification, reclassification, direction, promotion, demotion, discipline, and termination of all unit members; staffing patterns; the number and kind of personnel required; affirmative action and equal employment policies and programs to improve the District's utilization of women and minorities; the assignment of unit members to any location (subject only to the express terms of the Agreement regarding transfers), and also to any facilities, functions, activities, departments, tasks or equipment; and the determination as to whether, when and where there is a job opening;
- 4.1.10 The title and content of job classifications, reclassification, specifications and descriptions;
- 4.1.11 The duties and standards of performance for all unit members, and the determination whether any unit member performs such duties and meets such standards subject only to the express terms of Article 6 ;
- 4.1.12 The dates, times, and hours of operation of District facilities, functions, and activities;
- 4.1.13 Safety and security measures for students, the public, employees, properties, facilities, vehicles, materials, supplies, and equipment,

including the various rules and duties for all personnel including unit members with respect to such matters;

- 4.1.14 The rules, regulations, and policies for all employees, students, and the public, subject only to clear and explicit limitations contained in this Agreement;
- 4.1.15 The termination or layoff of unit members and the effects thereof as the result of the exercise of any of the rights enumerated above or as a result of the exercise of any of the rights of the District not limited by the clear and explicit language of this Agreement;
- 4.1.16 The establishment of contract education programs pursuant to Education Code Sections 78020-78023;
- 4.1.17 The administration of all health and benefit plans for unit members and retired unit members, and the manner and method of funding such plans;
- 4.1.18 The right to amend, modify, or rescind the provisions of this Agreement in the event of an emergency. However, in the event of an emergency, the impairment of contractual rights must be for a period of time which is reasonable in light of all of the circumstances, there must not be an acceptable less severe method available, and the action must be appropriate to the situation involved.

4.2 Exercise of Rights

The exercise of the foregoing powers, rights, authority, duties, and responsibilities by the District, the adoption of policies, rules and regulations, and practice in the furtherance thereof, and the use of judgment and discretion in connection therewith, shall be limited only by the specific and express terms of this Agreement and then only to the extent such specific and express terms are in conformance with federal and state law. The exercise of any right reserved to the District herein in a particular manner or the non-exercise of any such right shall not be deemed a waiver of the District's right or preclude the District from exercising the right in a different manner.

Article 5 – Personnel Files

- 5.1 There shall be only one personnel file for each unit member maintained by the Office of Human Resources.
- 5.2 Complaints will be substantiated by the District. No information proven to be false or inaccurate shall be placed/retained in a unit member's personnel file.

The following provisions shall be applicable to complaints against unit members.

- 5.2.1 The District shall notify a unit member in the event it intends to investigate a complaint. If an investigation is initiated, the unit member shall be afforded the opportunity to respond to all allegations and shall have the right to LCFA representation.
- 5.2.2 The unit member shall be advised of the outcome of the investigation. No complaint will be utilized by the district unless substantiated. No information proven to be false or inaccurate shall be placed/retained in a unit member's personnel file.
- 5.2.3 This section shall not apply to complaints filed under existing policies and procedures, including but not limited to, the district's sexual harassment policy, Section 504 policy, and complaints made to the Chancellor of the California Community Colleges.
- 5.3 Unit members shall be provided a copy of derogatory written material before such material is placed within their personnel files. After ten (10) district business days, the document will become part of the personnel file. Unit members have the right to attach a written response prior to placement of the document in the file or any time thereafter.
- 5.4 A unit member or his/her authorized representative, designated in writing, shall have the right, during the District office business day, to examine all materials contained within the member's personnel file except those items which were obtained prior to employment, prepared by identifiable examination committee members, or obtained in connection with a promotional examination. Advance appointments for examination shall be required and scheduled with the Office of Human Resources.
- 5.5 LCFA agrees to indemnify and hold harmless the District from any and all claims, demands, or suits or any other action arising from an authorized LCFA's representative's examination of the personnel file.

5/20/19
R 40

Article 6 – Evaluation and Tenure Procedure

6.1 Evaluation Schedule

Faculty will be evaluated in accordance with the following schedule:

6.1.1 Contract faculty (non-tenured, probationary) shall be evaluated annually. Evaluations will be completed prior to January 31 each year. Exceptions to any of the timelines will be made in consultation with the appropriate Educational Administrator and the LCFA.

6.1.2 Regular tenured faculty shall be evaluated once every three (3) years.

6.1.3 Unit members who are temporary (non-tenure track) will be evaluated annually during the first four years of employment and every third year thereafter.

6.2 Evaluation Teams

Teams will be composed of two (2) peer evaluators, the appropriate Educational Administrator and the faculty member to be evaluated.

6.3 Evaluation Forms

Forms for full-time instructional faculty (the “A” series of forms), the adjunct instructional faculty (the “B” series of forms), the non-instructional faculty (the “C” series of forms) and adjunct non-instructional faculty (the “D” series of forms) are an inseparable part of this contract and shall be contained in Appendix F. The evaluation standards are contained in Appendix C.

6.4 Peer Evaluators

Evaluators will be appointed by the appropriate Educational Administrator in consultation with the faculty member. A faculty member whether assigned as a peer evaluator or undergoing evaluation may appeal to the appropriate Educational Administrator to change any appointed evaluator.

6.5 Evaluation Notice

The appropriate Educational Administrator will forward a written notice to the faculty member by the third week of the semester of an upcoming evaluation and pre-evaluation conference. The notice shall be given to the faculty member at least two (2) weeks prior to the pre-evaluation conference. The faculty member will be required to provide a self-evaluation including professional responsibilities, and for instructional faculty, syllabus, and class materials for the class(es) to be evaluated at the pre-evaluation conference.

6.6 Pre-Evaluation Conference

A pre-evaluation conference should be scheduled by the appropriate Educational Administrator for the members of the evaluation team no later than the tenth week

5/20/19
RFB
CN
✓

of the semester. The purpose of the pre-evaluation conference is to review the evaluation process, review the certification of completion/recommendations form from the previous evaluation if available, arrange classroom visits, distribute the self-evaluation including professional responsibilities and the syllabus/handout materials for the class(es) to be evaluated, as appropriate.

6.7 Instructional Evaluation Visits

Classroom visits will be conducted for instructional faculty and will occur no later than the twelfth week of the semester. Each evaluator will visit a minimum of one (1) class and complete a classroom visitation document.

6.8 Student Evaluations

Evaluations shall be summarized under the direction of the appropriate Educational Administrator and furnished to the evaluation team.

6.8.1 For instructional faculty, students in three different classes will be evaluated. With the instructor not present, an evaluator will supervise the distribution and collection of student evaluations. Students will be advised that the instructor will be given a confidential summary of the results. Faculty members will be given the summary prior to the day of the post-evaluation conference.

6.8.2 For counselors, Director of Academic Resources, and other non-instructional faculty, each evaluator will supervise random student evaluations whenever possible.

6.9 Non-Instructional Evaluation Interview

Counselors, Director of Academic Resources, and other non-instructional faculty will be interviewed by each evaluator to discuss work performance. The results of the interview will be a narrative written by the evaluators collectively.

6.10 Post-Evaluation Conference

The evaluation team will meet as a follow-up to the classroom visits or interviews. Post-evaluation conferences will be held prior to finals week. Team members minus the faculty member being evaluated will review the results, comments, and recommendations to be included on a certification of completion/recommendations document. The faculty member being evaluated will join the other team members for discussion of results, comments, commendations and recommendations. The administrator will provide the completed certification of completion/recommendations form to the faculty member and the evaluators for signature.

6.11 Evaluation Recommendations

The evaluation will include a recommendation with the Certification of Completion/Recommendation form for all faculty:

5/20/19
R 40
CN
W

- 6.11.1 In the case of a first year probationary faculty member; the recommendation must award a second contract, grant tenure or terminate employment for the succeeding academic year.
 - 6.11.2 In the case of a second year probationary faculty member, the recommendation must award a third contract (for the next two academic years), grant tenure or terminate employment for the succeeding academic year.
 - 6.11.3 In the case of a third year probationary faculty member, the recommendation must be a continuation of the contract, grant tenure, or termination of employment at the end of the contract.
 - 6.11.4 In the case of a fourth year probationary faculty member, the recommendation must grant tenure or terminate employment for the succeeding academic year. (See Appendix C.)
- 6.12 Evaluation Team Recommendation
The evaluation team's recommendation concurring reemployment/tenure will be determined by majority vote of the evaluation team (exclusive of the evaluatee) for non-tenured contract faculty.
- 6.12.1 The evaluation team's recommendation will be forwarded by the appropriate Educational Administrator to the Academic Senate which, in closed session, will validate the process as described in Article 6.1.4 and then forward its recommendation to the Superintendent/President who will forward a recommendation to the District Board.
 - 6.12.2 If the evaluation team, Academic Senate and/or the Superintendent/President have differing recommendations, the parties will meet together to discuss their concerns. If these concerns are not resolved, each recommendation will be forwarded to the Board.
- 6.13 Personnel File
The following will be submitted as a permanent evaluation record for inclusion in the faculty member's personnel file.
- 6.13.1 Self-Evaluation including Professional Responsibilities
 - 6.13.2 The evaluation team's review of relevant documents, self-evaluation including professional responsibilities.
 - 6.13.3 The evaluation team's summary of student evaluations for instructional faculty or summaries of random sample student evaluations for non- instructional faculty.

5/20/19
JZ
CN
✓

- 6.13.4 Classroom visitation, review of correspondence packet or review of online site visit documents, for instructional faculty.
- 6.13.5 Narrative of interview completed by the evaluator for non-instructional faculty.
- 6.13.6 Certification of Completion/Recommendation document and subsequent recommendations.
- 6.13.7 Documentation of Board action for probationary faculty.

6.14 Tenure Review Due Process

In the event that a probationary faculty member, evaluation committee member or other unit member alleges that a due process complaint should be filed, the Academic Senate will appoint one tenured faculty member, the LCFA will appoint one tenured faculty member, and the Superintendent/President will appoint the appropriate Educational Administrator to serve as the Chair of the Tenure Review Due Process Panel. The Due Process Panel shall exist to act as a hearing body to hear such complaint.

- 6.14.1 A complaint may be so filed if it alleges that a probationary faculty member is being subjected to biased treatment during the tenure review process.
- 6.14.2 The Due Process Panel shall not be responsible for the substantive issues involving recommendations to grant or deny tenure.
- 6.14.3 The due process complaint shall be filed in written form with the Superintendent/President.
- 6.14.4 The due process complaint shall be filed no later than ten (10) working days after the post evaluation conference.
- 6.14.5 The Chair shall convene the panel.
- 6.14.6 The party filing the complaint shall provide the panel with a written statement specifying the alleged bias or procedural violation. The panel shall examine the complaint(s); meet with the members of the Evaluation Committee and, if appropriate, with others who are directly involved in the complaint; and confer with the respective probationary faculty member. The Due Process Panel shall not be required to conduct a “trial type” evidentiary hearing.
- 6.14.7 All discussions and deliberations shall be held in strict confidence. It is understood that unsigned material will not be considered. Any

5/20/19
RGO
CN
UR

person against whom allegations are made within the due process procedure has a right to examine the allegation and to respond accordingly.

- 6.14.8 The Due Process Panel shall, within ten (10) working days following the filing of a complaint, render its findings and recommendations in a written report to the Superintendent/President. A copy of the report shall be given to the probationary faculty member and a copy to each member of the Evaluation Team.
- 6.14.9 The Superintendent/President shall, within ten (10) working days of receipt of the report, consider the recommendation(s) contained in the report and provide a written response to the probationary faculty.
- 6.14.10 Use of this process precludes use of Article 12 “Grievance Procedure” for alleged violations of the Evaluation and Tenure Article, Article 6.

Article 7 – Work Load

7.1 FTE Load

Each unit member shall provide professional services corresponding to one (1) full-time equivalent faculty (FTEF) load per semester.

7.1.1 Lecture Hour – a lecture hour shall consist of fifty (50) minutes of formal lecture per week per academic semester. Each lecture hour shall equal one (1) contact hour.

7.1.2 Laboratory Hour – a laboratory hour shall consist of fifty (50) minutes of laboratory instruction per week per academic semester. Each laboratory hour shall be equal to three-quarters (0.75) of a contact hour.

7.1.3 Contact Hours – a contact hour is defined as the amount of time (50 minute periods) the unit member spends in each of his/her classes.

7.1.3.1 Full-time Equivalent Faculty (FTEF) Load – A faculty (FTEF) teaching load is defined as instructing:

7.1.3.1.1 Fifteen (15) contact hours each week (Lecture Only) per semester, or

7.1.3.1.2 Twenty (20) contact hours each week (Laboratory Only) per semester, or

7.1.3.1.3 A prorated combination of item 7.1.3.1.1 and item 7.1.3.1.2 above.

7.1.4 Class Size

7.1.4.1 Minimum Course Enrollments

<u>Instructor</u>	<u>Course</u>	<u>Students/Section</u>
Adjunct instructor	Credit Course	12
Adjunct instructor	Non-Credit	20
Full-time-overload	Credit	12
Full-time-overload	Non-credit	20

5/20/19
RGA
CW
UR

7.1.4.2 **Maximum Course Enrollments (Maximum Class Size) –** Regardless of delivery modality, the maximum class size shall be limited to 35 students per section. Furthermore, face-to-face classes shall be limited by available seats, by laboratory stations, by the size of the activity room and by safety concerns and/or limitations.

7.1.4.3 The maximum course enrollment of 35 shall not be exceeded unless mutual agreement is reached between the District and LCFA.

7.1.4.4 In response to the Student Success Initiative, class enrollment in Mathematics courses will be limited to 24 in Math 40 and any basic skills classes up to, and including, Math 60.

7.1.5 By mutual agreement between the appropriate Educational Administrator and the faculty member, an assignment in one semester having less than a 50% load may be followed the next semester by an assignment that yields a two semester total of 100%.

7.1.6 Unit members shall be afforded an opportunity to request and perform additional instructional activities in excess of their normal Faculty (FTEF) Load. Each additional overload class, however, will be required to meet minimum course enrollment.

7.1.7 Overloads may not be required by the District without the consent of the Unit Member. Overload will be paid at the hourly overload rate. (See Appendix A.)

7.1.8 Lecture Contact Hours shall be counted first in determining unit members normal Faculty (FTEF) Load. Sample calculations of overload contact hours are in Appendix D.

7.1.9 The appropriate Educational Administrator shall, in consultation with the Unit Member and the Division Chair, be responsible for determining instructional assignments. The District shall have the final right of assignment.

7.2 Instructional Faculty

The responsibilities of instructional faculty cover a thirty-seven and one-half (37.5) hour week. The work year for instructional unit members, unless otherwise indicated by this contract, shall be one hundred sixty-eight (168) instructional days, seven (7) flex days, and two (2) days for in-service, as designated by the District in consultation with the LCFA. When full-time faculty member assignments are in programs that are scheduled apart from the approved academic calendar (e.g., Nursing scheduled for trimesters) or assigned classes that are scheduled in a non-traditional manner [e.g., GSS classes scheduled for

5/20/19

CN
↓

eight (8) hours/day for just five (5) days], the District in consultation with LCFA and affected members, shall prepare an equivalency agreement to ensure that the unit member(s) comply with the above requirements and ensure that the unit member(s) are not required to work more than the above requirements.

Such responsibilities include, but are not limited to, the following:

- 7.2.1 Meeting with classes as scheduled by the appropriate Educational Administrator.
- 7.2.2 Writing and updating course outlines of record. This should be done in cooperation with other unit members who teach in the same subject area.
- 7.2.3 Teaching classes in accordance with the intent of the college catalog and with the objectives and content of the course outline of record.
- 7.2.4 Providing a current syllabus which is consistent with the course outline of record to all students for each class. A course syllabus for each course taught shall be filed by the unit member with the appropriate Educational Administrator within one week of the first meeting of the class.
- 7.2.5 Reviewing, in cooperation with other faculty in the same subject area, textbooks, required reading, workbooks, and other materials.
- 7.2.6 Maintaining accurate and current records of student attendance and student achievement in accordance with District procedures.
- 7.2.7 Demonstrating continuing education toward maintaining currency with developments and changes in subject-matter field through coursework, conferences, workshops, seminars, professional training, and professional reading; or informal learning experiences as they pertain to the unit member's subject area.
- 7.2.8 Serving on standing and ad hoc committees, as assigned by the Academic Senate.
- 7.2.9 Supervising the care and maintenance of equipment provided for student use in classes.
- 7.2.10 Attending graduation ceremonies.
- 7.2.11 Fulfilling flex obligation.
- 7.2.12 Participating in and completing Instructional Program Review.

5/20/19
REA
CN
CR

- 7.2.13 Reporting absences to the appropriate Educational Administrator.
- 7.2.14 Directing the work of classified staff as appropriate to the assignment. Meet with the classified staff's supervising manager at the beginning of a term to discuss the classified staff's job description, scheduling of the classified staff, and expectations of the classified staff. As a result of the meeting, the supervising manager will provide the LCFA unit member with a concise document identifying the classified staff's schedule and job expectations. The LCFA unit member will provide the classified staff's supervising manager with verbal anecdotal job performance information as needed for the purposes of employee evaluation. LCFA unit members will not evaluate classified staff.
- 7.2.15 Directing the work of Student workers as appropriate to the assignment and as agreed to in the request made by the faculty member for a student worker and subsequent approval of that request.
- 7.2.16 Submitting grade rosters to the Registrar's office within five (5) District business days after the last day of finals and completing all attendance rosters and other administrative forms as scheduled.
- 7.2.17 Participating in Student Learning Outcome (SLO) Assessment to include the:
 - 7.2.17.1 Preparation and submission of an SLO Assessment Plan for each class within one week of the first meeting of the class.
 - 7.2.17.2 Implementation of the assessment method as indicated on the SLO Plan for each class, and
 - 7.2.17.3 Submission of the (a) results of the assessment method and (b) steps taken as result of the assessment within eight (8) District business days after the last day of finals.
 - 7.2.17.4 Both submissions will be made in accordance with District tracking procedures (i.e., may be paper-based or electronic).
- 7.2.18 Participating in the use of the Electronic Early Alert System as appropriate.

This section covers all types of existing progress reports (e.g. EOP&S monthly student progress reports and athletic eligibility reports) and any subsequent reports that may arise during the duration of this contract.

1. Faculty may report underperforming students on an as-needed basis as determined solely by the faculty member.

5/20/19
RGA
CN
W

2. Faculty may complete the negotiated form and submit to counseling.
3. An early alert only recognizes the student's inability to meet minimum standards.
4. Faculty may report students that are not meeting minimum standards of attendance and minimum standards for academic work to the designated early alert counselor.
5. The Faculty and the District agree that participation in early alert is not an evaluation tool for faculty performance.
6. Each early alert notification will be opened by the assigned academic counselor, addressed by the academic counselor using their professional judgement, and finally each early alert notification will be closed by the assigned academic counselor.

7.3 Office Hours

Instructional unit members shall schedule five (5) on-campus office hours per week. The schedule will be posted in close proximity to the unit member's office.

- 7.3.1 An office hour is fifty (50) minutes.
- 7.3.2 The appropriate Educational Administrator shall review and approve unit member's office hour schedule and make changes as may be required by student need after consultation with the unit member.
- 7.3.3 Unit members shall then attend scheduled office hours for the purpose of student contact.
- 7.3.4 Office hours shall be posted and filed with the appropriate Educational Administrator within one week after the first day of each semester.

7.4 Counselors

The responsibilities of counselors represent a work year of one hundred ninety (190) days, seven (7) flex days and two (2) days for in-service. Specific work days will be scheduled by the District in consultation with the unit member. The counselors shall have a thirty-seven and one-half (37.5) hour week including thirty-five (35) hours as scheduled by the District, with duties that include but are not limited to the following:

- 7.4.1 Providing academic, vocational and personal counseling to students on an individual basis.
- 7.4.2 Providing group counseling for the accomplishment of specific objectives.
- 7.4.3 Assisting in the planning and implementation of registration.
- 7.4.4 Providing guidance in immediate and long range program planning.

5/20/19
RGA
C.N.

- 7.4.5 Administering and interpreting tests.
- 7.4.6 Counseling students with low scholastic achievement.
- 7.4.7 Providing occupational information service for students.
- 7.4.8 Providing educational psychological services.
- 7.4.9 Assisting students with petitions for graduation.
- 7.4.10 Establishing and maintaining communication with the various instructional areas, the administration and the staff of the District.
- 7.4.11 Establishing and maintaining communication with the high schools served by the District.
- 7.4.12 Establishing and maintaining communications with community agencies that can serve the District's students.
- 7.4.13 Serving on standing and ad hoc committees, as assigned by the Academic Senate.
- 7.4.14 Demonstrating continuing education toward maintaining currency with developments and changes in subject-matter field through coursework, conferences, workshops, seminars, professional training, and professional reading; or informal learning experiences as they pertain to the unit member's subject area.
- 7.4.15 Attending graduation ceremonies.
- 7.4.16 Fulfilling flex obligation.
- 7.4.17 Participating in and completing Instructional or Non-instructional Program Review as appropriate.
- 7.4.18 Reporting absences to the appropriate Educational Administrator.
- 7.4.19 Participating in the use of the Electronic Early Alert System as appropriate (See Article 7.2.18 (6)).

7.5 Distance Education Instruction

- 7.5.1 The LCFA and the District may agree on the need to develop a new distance education course. A Unit Member shall receive \$1,500.00 compensation for developing the course upon completion of developing the course.

5/20/19
RSD
CN
✓

- 7.5.2 The course developer shall have first right of refusal to teach the course.
- 7.5.3 This section shall not limit the right of assignment of the District.
- 7.5.4 Material prepared on district time or when the unit member is receiving compensation shall be the property of the district.
- 7.5.5 Unit members using the Internet for providing Distance Education Instruction shall receive a reimbursement for internet costs (Refer to Article 9.7.4).

7.6 Special Assignments

Special Assignments are short-term (one year or less) assignments different from, and in addition to, the regular load of a Unit Member. Special assignments may be requested by the District.

- 7.6.1. Special assignment compensation is fixed amount of compensation based on successful completion of a special assignment or a predetermined “not to exceed amount” verified by hourly timecard. A fixed amount special assignment compensation is computed on expected length of the special assignment and the hourly overload rate.
- 7.6.2 A special assignment is a temporary task which includes such things as, but is not limited to, a coordinator, chair, recruiter, advisor, or grant writer.
- 7.6.3 The following process will be used to create special assignments:
 - 7.6.3.1 Suggestions for “special assignments” may be proposed by faculty members or the District.
 - 7.6.3.2 The District and the LCFA will agree to the outcomes, timeline, qualifications, responsibilities and duties, and compensation for the special assignment.
 - 7.6.3.3 District approved special assignments will be advertised and all unit members will have the opportunity to apply.
 - 7.6.3.3.1 Letters of interest will be submitted to the Office of Human Resources.
 - 7.6.3.3.2 The appropriate Educational Administrator and one faculty member appointed by LCFA will review applicant materials, conduct interviews, if necessary, and make a selection.

RGA
CN
UR

7.7 Additional Assignments

Additional Assignments are long-term (one year or more) assignments, generally administrative in nature, provided as reassigned time and/or in addition to the regular load of a Unit Member. Additional Assignments may be negotiated into the contract. The selection process for Additional Assignments is described in Appendix E.

7.7.1. Additional assignment compensation is paid by stipend.

7.8 Eleven and Twelve Month Contracts

Unit members assigned the following responsibilities shall be considered eleven (11) or twelve (12) month employees working one hundred ninety-nine (199) or two hundred twenty-one (221) days, respectively, as part of their regular assignment and will receive pro-rata salary, retirement and sick leave accrual commensurate with the assignment. For these assignments, the District, after consultation with the unit member, shall schedule the exact days of work and duties to be performed during the Fiscal Year. A written schedule of the days will be placed in the member's personnel file prior to services being performed. Any adjustment to the original schedule shall be approved by the District in advance, where possible, and so noted on the copy in the member's personnel file.

<u>Assignment</u>	<u>Duration</u>
Counselors	11 months
Director of Academic Resources	11 months
Learning Disabilities Specialist	11 months
Agriculture Instructor	11 months
Work Experience Coordinator	11 months

7.9 Coaches of Intercollegiate Sports

7.9.1 Full-time faculty members assigned positions as head coaches of intercollegiate sports will be given a ten (10) laboratory contact hour credit towards his/her load during the off season semester for the purpose of recruiting. An individual unit member may not receive more than ten (10) laboratory contact hours of credit per year as part of his/her load for recruiting.

7.9.2 Adjunct faculty assigned the position of a Head Coach of an intercollegiate sport shall:

7.9.2.1 Be assigned the varsity class and be compensated at the prevailing hourly adjunct rate.

7.9.2.2 Shall receive a stipend not to exceed \$15,000 for the first year for performing head coaching duties. Following an evaluation of recruitment efforts, adherence to policies and team performance; the wage may be raised

5/20/19
RGP
CJ

incrementally not to exceed a total of \$25,000 for one academic year. Following the evaluation based on the same criteria, in subsequent contracts, the stipend may be decreased. The maximum stipend for any sport is \$25,000. Payment of the stipend will be made in twelve (12) monthly installments for the academic year. The stipend may be pro-rated for less than twelve months.

7.10 Director of Academic Resources, Work Experience Coordinator

Director of Academic Resources and the work experience coordinator shall have a thirty-seven and one-half (37.5) hour week including thirty-five (35) hours as scheduled by the district after consultation with the unit member. The responsibilities of Director of Academic Resources and work experience coordinators represent a work year of one hundred ninety (190) days, seven (7) flex days, and two (2) in-service days. The duties of Director of Academic Resources and work experience coordinators include but are not limited to the following:

- 7.10.1 Providing services for students and staff.
- 7.10.2 Establishing and maintaining communication with the various instructional areas, the administration and the staff of the District.
- 7.10.3 Demonstrating continuing education toward maintaining currency with developments and changes in subject-matter field through coursework, conferences, workshops, seminars, professional training, and professional reading; or informal learning experiences as they pertain to the unit member's subject area.
- 7.10.4 Attending graduation ceremonies.
- 7.10.5 Fulfilling flex obligation.
- 7.10.6 Participating in and completing Instructional or Non-Instructional Program Review as appropriate.
- 7.10.7 Supervising the care and maintenance of equipment provided for student use.
- 7.10.8 Reporting absences to the appropriate Educational Administrator.
- 7.10.9 Directing the work of classified staff as appropriate to the assignment. Meet with the classified staff's supervising manager at the beginning of a term to discuss the classified staff's job description, daily or weekly scheduling of the classified staff, and mutually agreed expectations of the classified staff. As a result of the meeting, the supervising manager

5/20/19

CK

will provide the LCFA unit member with a concise document identifying the classified staff's schedule and job expectations. The LCFA unit member will provide the classified staff's supervising manager with verbal anecdotal job performance information as needed for the purposes of employee evaluation. LCFA unit members will not evaluate classified staff.

- 7.10.10 Directing the work of Student workers as appropriate to the assignment and as agreed to in the request made by the faculty member for a student worker and subsequent approval of that request.
- 7.10.11 Participating in the use of the Electronic Early Alert System as appropriate (See Article 7.2.18).

7.11 Division Chairs

- 7.11.1 Under the direction of the Superintendent/President, or designee, responsibilities of Division Chairs shall include, or be reasonably related to the following:
 - 7.11.1.1 Participate in the selection of new full-time and adjunct Division faculty.
 - 7.11.1.2 Work with the appropriate Educational Administrator to coordinate preparation of the Department budgets within the Division.
 - 7.11.1.3 Work with the appropriate Educational Administrator and Department faculty to prepare and recommend class schedules (Fall, Spring, and Summer) for all Departments within the Division.
 - 7.11.1.4 Attend designated meetings: Division Chairs, Academic Planning, the Curriculum/Standards meeting (only as necessary) and other planning meeting as requested by the District, but not to exceed ten (10) hours per month. However, the ten (10) hour maximum specifically excludes any meeting associated with the development of class schedules. Should the ten (10) hour maximum be exceeded, the Chairs shall be compensated at the pro-rata rate based on monthly time card submission.
 - 7.11.1.5 Hold Division meetings with the faculty at least once per month to conduct business and to provide communication between the District Administration and faculty.

↓

- 7.11.1.6 Make recommendations during the first two (2) weeks of the Fall and Spring semesters concerning the addition or cancellation of classes and/or any other change to Department or Division schedules.
- 7.11.2 In accordance with Article 4.1.2, Division structure and the number of Division Chairs may be modified by the District in consultation with LCFA and faculty involved. Selection of Division Chairs shall be in accordance with Appendix E.
- 7.11.3 Division Chairs shall be provided a monthly stipend calculated at the top of the Salary Schedule for service during any regular academic year.
 - 7.11.3.1 Should the District request Division Chairs to serve beyond the regular academic year, the Chairs will be granted the opportunity for twenty-two (22) consecutive week days without service requirements.
 - 7.11.3.2 Division Chairs receiving a ten percent (10%) stipend shall perform their duties an average of three and three quarters (3.75) hours per week. Division Chairs receiving a twelve and one-half percent (12.5%) stipend shall perform their duties an average of four and six tenths of an hour (4.6) hours per week. Division Chairs receiving a fifteen percent (15%) stipend shall perform their duties an average of five and six tenths of an hour (5.6) hours per week.

7.12 Accreditation Chair

- 7.12.1 Under the direction of the Superintendent/President or designee, responsibilities of the Accreditation Chair shall include, or be reasonably related to the following:
 - 7.12.1.1 Coordinate the District activities relating to the development of the accreditation self-study, midterm report, and follow-up reports.
 - 7.12.1.2 Provide direction to the committees that are responsible for activities related to accreditation.
 - 7.12.1.3 Develop accreditation activities that need to be accomplished for each academic year.
 - 7.12.1.4 Develop timelines for accreditation activities for each academic year.

7.12.1.5 Monitor District activities and compliance with commission recommendations.

7.12.1.6 Attend all meetings related to the accreditation process, to include: Board of Trustees meetings, subcommittee meetings, meetings of the Academic Senate, CSEA, Management Group, LCFA, ASB, Administration, Consultation Council, and other groups that are formed as needed.

7.12.2 Selection of the Accreditation Chair shall be in accordance with Appendix E.

7.12.3 Should the District require the Chair to serve beyond the regular academic year, the Chair will be granted the opportunity for twenty-two (22) consecutive week days without service requirements.

7.13 Lead Counselor

7.13.1 Under the direction of the appropriate Educational Administrator, the responsibilities of the Lead Counselor shall include, or be reasonably related to the following:

7.13.1.1 Provide oversight to the District counseling program; prepare agendas and related materials for weekly counselor meetings.

7.13.1.2 Serve as liaison between the counselors and the appropriate Educational Administrator.

7.13.1.3 Work with Division Chairs and the Office of Instruction on course scheduling issues.

7.13.1.4 Directing the work of classified staff as appropriate to the assignment. Meet with the classified staff's supervising manager at the beginning of a term to discuss the classified staff's job description, daily or weekly scheduling of the classified staff, and mutually agreed expectations of the classified staff. As a result of the meeting, the supervising manager will provide the LCFA unit member with a concise document identifying the classified staff's schedule and job expectations. The LCFA unit member will provide the classified staff's supervising manager with verbal anecdotal job performance information as needed for the purposes of employee evaluation. LCFA unit members will not evaluate classified staff.

- 7.13.1.5 Directing the work of Student workers as appropriate to the assignment and as agreed to in the request made by the faculty member for a student worker and subsequent approval of that request.
- 7.13.1.6 Coordinate and schedule the one hundred and ninety-nine (199) day calendars for full-time counselors and any adjunct counselors, as required.

7.13.2 Selection of the Lead Counselor shall be in accordance with Appendix E.

7.14 Director of Nursing

- 7.14.1 Under the direction of the appropriate Educational Administrator, the responsibilities of the Director of Nursing shall include, or be reasonably related to the following:
 - 7.14.1.1 Maintain familiarity with the California Board of Vocational Nursing and Psychiatric Technician Examiners, Nevada State Board of Nursing and Department of Health Services rules and regulations.
 - 7.14.1.2 Coordinate and/or participate in the recruiting, hiring, orienting, and evaluating of Nursing faculty.
 - 7.14.1.3 Conduct ongoing program review and tabulate and organize program review data for the Board of Vocational Nursing.
 - 7.14.1.4 Assist with Staff development for Nursing faculty.
 - 7.14.1.5 Develop agendas and conduct and keep minutes of staff meetings.
 - 7.14.1.6 Schedule staff and clinical facilities for clinical rotations.
 - 7.14.1.7 Provide detailed interim reports including statistics for State Vocational Nursing Program.
 - 7.14.1.8 Direct the counseling, evaluation, and dismissal of students from the program.
 - 7.14.1.9 Attend regularly scheduled regional and state Nursing Director meetings.
 - 7.14.1.10 Update curriculum, instructional plans, and lesson plans to meet state regulations.
 - 7.14.1.11 Maintain applications for the CNA & LVN programs.

- 7.14.1.12 Complete and submit annual report to the Board of Vocational Nursing.
- 7.14.1.13 Establish and maintain relationships with appropriate clinical facilities for student clinical experiences.
- 7.14.1.14 Schedule clinical facilities for student clinical experiences.
- 7.14.1.15 Process student applications for admission into the LVN and CNA programs.
- 7.14.1.16 Conduct local annual advisory Vocational Nursing Board meetings.

7.15 Minimum Qualification/Equivalency Liaison

- 7.15.1 Under the direction of Academic Senate, responsibilities of the MQ/Equivalency Liaison shall include, or be reasonably related to the following:
 - 7.15.1.1 Review transcripts of all applicants for full and adjunct faculty positions and compare to Board of Governor's adopted minimum qualification for disciplines list.
 - 7.15.1.2 Prepare and sign certification of minimum qualification forms for signature by academic dean and equivalency forms for consideration by subject area faculty, Academic Senate (signature) and subsequently Governing Board (formal action on consent agenda) consistent with Academic Senate adopted procedures.
 - 7.15.1.3 Maintain and annually update Minimum Qualification/Equivalency Handbook with actions by the Board of Governors, establishing new and revised minimum qualifications and disciplines, as well as local Curriculum Committee/Academic Standard's Committee actions assigning courses to disciplines in addition to any changes to the procedures adopted by the Academic Senate.
 - 7.15.1.4 Work with the Curriculum Committee/Academic Standards Committee and Academic Services support staff to assure data validation so that all courses are appropriately assigned to disciplines adopted by the Board of Governors.

7.16 Flex Development/Flex Activity (FD/FA) Chair

- 7.16.1 Under the direction of Academic Senate, responsibilities of the FD/FA Chair shall include, or be reasonably related to the following:
- 7.16.1.1 Assist in the development of on-campus professional activities for convocation, flex and other days.
 - 7.16.1.2 Assist in the development of professional development, specifically flex, forms and surveys.
 - 7.16.1.3 Assist in the preparation of the college Professional Development Plan.
 - 7.16.1.4 Assist in the preparation of the year-end Flexible Calendar Report.
- 7.16.2 The District will provide the FD/FA Chair with a schedule for determination of development and flex activities and for other related work.
- 7.16.3 The District will provide the FD/FA Chair with all materials and clerical support necessary to complete the scheduled tasks.

Article 8 – Leaves

8.1 Absences and Conditions Regulating Absences – General Provisions

- 8.1.1 A unit member may be absent from work during required periods of service, providing the applicable policies and procedures have been properly implemented. Absence for any other reason shall constitute an “unauthorized absence.”
- 8.1.2 Information relative to absences and leaves shall be made a matter of record included in the unit member’s personnel file. Violation of such absences and leave provisions shall be considered cause for suspension and/or dismissal.
- 8.1.3 Except when there is an emergency, notification of the unit member’s absence shall be reported in advance by the unit member to the Office of the appropriate Educational Administrator. When advance notification is not reasonably possible, the unit member shall submit notice by telephone to the Office of the appropriate Educational Administrator, by 7:30 a.m. of the day of the absence. The reason and the amount of time shall be reported if known. If not known, the unit member shall keep the appropriate Educational Administrator informed. In all cases, an Employee Leave slip shall be completed by the unit member and forwarded to the appropriate Educational Administrator or designee upon the unit member’s return to work.
- 8.1.4 If not completed in advance of the leave, within three (3) working days of termination of the absence, the unit member shall complete the report of absence form stating the reason for absence. Appropriate documentation supporting the reason for the unit member’s absence may be required.
- 8.1.5 A member shall not be allowed to undertake any gainful employment while on leave of absence or sick leave. The member may be required to certify that he/she was not gainfully employed.
- 8.1.6 A unit member shall receive no compensation for time absent from regularly assigned duties, except as otherwise provided in this Agreement or by order of the Superintendent/President.
- 8.1.7 Salary deduction for unpaid absences shall be computed as follows: each day of such absence shall result in the deduction of a fraction of days absent divided by the number of service days for which the unit member is obligated. When the unit member is absent from a portion of a day’s work, the equivalent portion of daily salary shall be deducted from the unit member’s monthly check. Absences will be recorded to the nearest half (0.5) hour. The portion will be based on a 7.5 hour workday.

5/20/19
T248
CN
✓

8.1.8 For a paid leave, a unit member who is absent from a portion of a day's work shall have leave deducted from accumulated leave. The portion of leave deducted will be recorded to the nearest half (0.5) hour and will be based on a 7.5 hour workday.

8.2 Sick Leave

8.2.1 A unit member who is employed full-time for the full academic year shall be entitled to ten (10) days leave of absence or illness or injury per year. An employee, who is employed for fewer than five (5) days per week, or for less than a full academic year, will receive the proportional number of days of leave.

8.2.2 Pay for any day of absence covered by this leave shall be the same as the pay which would have been received had the unit member worked during his/her regular assigned hours on the day of leave.

8.2.3 The full amount of the leave granted each year under this Section shall be available on the first day of each academic year and need not be accrued prior to taking such leave.

8.2.4 Unused leave granted under this Section shall be accumulated from year to year.

8.2.5 Unused sick leave accrued in California public elementary schools, secondary schools, or community colleges may be transferred in accordance with Education Code, Section 87782. Official verification of unused sick leave shall be forwarded to the appropriate office where it will be credited to the unit member's sick leave balance.

8.2.6 Absence covered by accumulated sick leave shall be at full pay. When all accrued sick leave has been used and additional absence is necessary, the unit member shall be paid the difference between his/her salary and that paid a temporary employee hired to replace him/her, or the amount that would have been paid had a temporary been hired, or fifty percent (50%) of the employee's contract salary, whichever is greater, until the total absence covers a period of five (5) months. The five (5) month period begins on the first day of absence. Additional sick leave is not accrued during the five (5) month period. A temporary replacement includes hiring an existing teacher on an overload basis. If no temporary is hired, the pay deducted shall be at the first step of the appropriate lab or lecture rate.

5/20/19
REA
CN
WR

- 8.2.7 After an absence of five (5) days or more, the unit member shall present a medical doctor's certificate verifying a personal illness or injury. After an absence of more than two (2) weeks, the Superintendent/President may require a unit member to present a physician's verification that the member is able to return to work with or without reasonable accommodation. The District may also require examination by another physician at District expense if it questions a unit member's determination of ability to return to work.
- 8.2.8 After exhausting both accumulated and extended sick leave, a unit member may apply for and shall be granted a leave without pay for recuperation for up to one (1) additional year. Following this unpaid leave, a unit member may request an extension. If the extension is denied, the unit member shall be placed on the thirty-nine (39) month re-employment list.
- 8.2.9 If the illness or injury exceeds five (5) consecutive days, the District may designate a certified medical specialist to examine the unit member and make all necessary inquiries in order to be fully informed as to the nature and severity of the illness or injury and to report such findings to the Superintendent/President. The District shall bear the cost of investigation/ examination. If the report concludes that the absence is not due to personal illness or injury or that the illness is not sufficiently severe to warrant continued absence, then the Superintendent/President, after such notice to the unit member, may refuse to grant such leave.
- 8.2.10 Unit members shall be provided an accounting of the balance of their accumulated sick leave at the end of each contract month.

8.3 Use of Sick Leave for Personal Necessity

- 8.3.1 A unit member may be granted a maximum of six (6) days leave of absence in any school year without loss of pay in cases of personal necessity, upon approval of the appropriate Educational Administrator for their area or designee. One (1) day shall be granted by the District. Any of the additional five (5) days shall be deducted from the member's accumulated sick leave.
- 8.3.2 Personal necessity includes: emergencies related to the unit member's home in cases of natural disaster or accident; illness or accident to the unit member's immediate family (as defined in Article 8.3.3); appointments for the purpose of conducting personal legal affairs of financial transactions that cannot be conducted outside of working hours; receipt of summons, subpoena, or other judicial order requiring absence from work, excluding jury duty; observance of a major religious holiday of the unit member's faith; or, parental responsibilities that cannot be scheduled outside of working hours.

5/20/19
REA
CN
R

- 8.3.3 “Member of immediate family,” as used in this Section, means the husband, wife, domestic partner, mother, father, sister/brother, son, daughter, grandparent, grandchild, parent-in-law, foster parent, step parent, step child, foster child, brother-in-law, sister-in-law, or any other person living in the immediate household of the unit member, or having a similar close relationship.
- 8.3.4 This leave specifically shall not be used to extend holiday or break periods and does not include any recreational use nor any use related to present or prospective employment or union activity. Such leave as applied for, used, and/or granted must be on matters which cannot be accomplished other than during the unit member’s regular working hours, or deferred to a more convenient date or time to accommodate the regular work schedule.
- 8.3.5 Advance notification is required before personal necessity leave may be taken except in emergencies, cases of death, serious illness or accident, in which cases the notification shall be as soon as reasonably possible.

8.4 Industrial Accident or Illness Leave

- 8.4.1 Unit members shall receive sixty (60) days leave with pay in any one (1) Fiscal Year for an industrial accident or illness. An industrial accident or illness is defined as one where the member becomes ill or is injured while he/she is serving the District and the accident or illness is reported to the worker’s compensation insurance carrier in accordance with their regulations, and the worker’s compensation insurance carrier accepts responsibility for the treatment of the member.
- 8.4.2 Unit members with less than three (3) years of continuous service with the District who sustain injury or illness that is job related shall use accumulated sick leave or other paid leave which, when added to the Worker’s Compensation award, shall provide for a full day’s wage or salary.
- 8.4.3 Industrial accident or illness leave will commence on the first day of absence. Allowable leave shall not be accumulated from year-to-year. When an industrial accident or illness occurs at a time when the full sixty (60) days will overlap into the next fiscal year, the member shall be entitled to only that amount remaining at the end of the fiscal year, in which the injury or illness occurred, for the same illness or injury.

5/20/19
RFB
CV
WR

- 8.4.4 Payment for wages lost on any day shall not, when added to an award granted the unit member under the worker's compensation laws of this state, exceed the normal wage for the day. Industrial accident leave will be reduced by one (1) day for each day of authorized absence regardless of a compensation award made under worker's compensation.
- 8.4.5 The industrial accident or illness leave of absence is to be used in lieu of accrued sick leave acquired under Section 8.2.1. When industrial accident or illness leave has been exhausted, other sick leave accrued under Section 8.2 will then be used; but if a member is receiving worker's compensation he/she shall use only so much of his/her accumulated or available sick leave, accumulated compensating time off, vacation or other available leave, which, when added to the worker's compensation award, provide for a full day's wage or salary.
- 8.4.6 During all paid leaves of absence, whether industrial accident leave as provided in this Section, sick leave, vacation, compensated time off, or other available leave provided by law, or the action of the Board, the unit member shall endorse to the District wage loss benefit checks received under the worker's compensation laws of this state. The District, in turn, shall issue the member appropriate warrants for payment of wages or salary and shall deduct normal retirement and other authorized contributions.
- 8.4.7 The provisions of Section 8.2.7 and 8.2.8 are applicable to absences taken for industrial accident or illness.
- 8.4.8 If the absence resulted from a psychological or mental illness, the release for return to work must be from a psychiatrist.

8.5 Bereavement Leave

- 8.5.1 At the time of death of any member of a unit member's immediate family, as defined in Section 8.3.3, the unit member shall be granted, without loss of salary or other benefits, leave of absence not to exceed three (3) working days or five (5) working days if the unit member must travel more than one hundred and fifty (150) miles, or if the death is of a spouse or child. Such absence will not be deducted from authorized absences or leaves.
- 8.5.2 Bereavement leave shall not be granted during other leaves of absence.
- 8.5.3 Bereavement leave does not accumulate from year to year.

5/20/19
R 90
CN
✓

8.6 Jury Duty Leave

A unit member called for jury duty shall receive leave for the days missed. Money received for jury duty, excluding mileage shall be deducted from regular salary.

8.7 Military Leave

Unit members will be granted military leave as required by provisions of the Education Code and Military and Veterans Code.

8.8 Leave without Pay

8.8.1 Applications for leave without pay must be filed with the Superintendent/President at least sixty (60) days prior to the beginning of the leave period. Leave, at the discretion of the Board, may be granted for a maximum of one (1) year to correspond as nearly as possible with the beginning and ending dates of each school semester.

8.8.2 Unit members who have been granted leaves of absence for advanced collegiate study will not receive credit for a year's service to the District unless such study is undertaken at the approval of the Governing Board of the District.

8.8.3 Leaves of one-half (0.5) an academic year or less shall not constitute a break in service. A full year unpaid education leave shall be counted for advancement on the salary schedule.

8.8.4 Leaves of absence may be requested for any of the following reasons:
(a) Advanced collegiate study
(b) Travel
(c) Personal reasons

8.8.5 Unit members are not entitled to District-paid benefits during leave under this Section but may continue to receive benefits by paying the full cost of benefits in advance.

8.8.6 Authorization for leave under this Section shall not be deemed precedential for future requests.

8.9 Maternity Disability Leave

8.9.1 Unit members shall have the right to utilize sick leave and extended absence leave as provided for in Section 8.2 for absences necessitated by pregnancy, miscarriage, childbirth, and recovery there from.

5/20/19
REA
CNJ

8.9.2 When a disability necessitated by pregnancy, miscarriage, childbirth, or recovery there from occurs, the unit member shall be responsible for having her physician send another letter to the personnel office stating the disability termination date and that the unit member is able to resume all duties associated with her position. In the event that a requested leave of absence under Section 8.2 begins prior to the beginning date of disability or extends beyond the disability termination date as described by the unit member's physician, such additional period(s) of time shall not be part of the unit member's sick leave or extended sick leave.

8.9.3 Whenever possible, the unit member shall provide the District's personnel office with a written statement, no later than thirty (30) days prior to the date when the unit member wishes her maternity leave to begin, setting forth the approximate date the leave is to begin and the approximate date the unit member expects to resume her duties. The length of the maternity leave shall be as determined by the unit member and the unit member's physician, provided, however, that the paid maternity leave shall not be for a period of time greater than unit member's disability.

8.10 Infant Child Care Leave

8.10.1 A unit member may be granted a maximum of thirty (30) days leave to care for a newly born or adopted child. Such leaves shall be deducted from the member's accumulated sick leave.

8.10.2 Request for such leave shall be made in writing to the Superintendent/President at least thirty (30) days prior to the date on which the unit member desires the leave to commence.

8.11 Sabbatical Leaves

8.11.1 Unit members should be constantly increasing their knowledge and keeping abreast of developments both in their field and the study of teaching. Sabbatical leaves are among the means by which this may be accomplished. In this light, they help assure that the College will have the kind of personnel that it needs. Conceivable so, sabbatical leaves are more than a privilege accorded qualified unit members. They are an indispensable means of enhancing instructional quality and professional development. All unit members should be entitled to this means of professional growth.

8.11.2 Sabbatical leaves may be granted to unit members within the following four (4) categories:

- 8.11.2.1 **Advanced Academic Study:** applicants for a Sabbatical leave under this section shall submit a detailed program of academic study, either graduate or undergraduate (or combination), equal to a full course load.
- 8.11.2.2 **Professional Study Projects:** applicants under this section shall submit a detailed statement of the professional study projects to be undertaken. While such studies need not be undertaken under the auspices of a collegiate institution, they must constitute an organized program of full-time study designed to enhance the unit member's performance in his or her area of specialization. Such projects may include research within the area of specialty, research in the area of teaching, or creative projects.
- 8.11.2.3 **Travel:** applicants under this section shall submit a detailed statement of the proposed itinerary and its specific relation to the teacher's field. Applicants must remain in travel status for at least three and one-half (3.5) months for each semester of leave granted.
- 8.11.2.4 **Study through Work Experience:** applicants under this section shall submit a detailed statement of the work experience project. This program is available chiefly to unit members in vocational subjects who intend to study in schools maintained by a business or industry for craftspeople or technical workers or those who intend to obtain work experience in their vocational field. A specific school or job opportunity must be submitted with the program.
- 8.11.3 All unit members are eligible for a sabbatical leave after completion of seven (7) consecutive years of full-time service in the District. The year in which the sabbatical leave is taken does not apply toward the next seven (7) year period for eligibility. A full-time leave of absence granted by the District does not interrupt consecutive service but shall not count as one (1) of the seven (7) years.
- 8.11.4 Sabbatical leaves may be granted for not less than one (1) full semester or more than two (2) consecutive semesters. A one (1) semester sabbatical leave may be granted for either the Fall or Spring semester.
- 8.11.5 Applications for sabbatical leave shall be submitted on a form provided by the appropriate Educational Administrator. This form must be submitted by November 15 for sabbatical leaves beginning the following Fall semester and by April 15 for leaves beginning the following Spring semester.

5/20/19
REA
CN
JK

- 8.11.6 A sabbatical leave committee, chaired by the appropriate Educational Administrator and composed of two (2) faculty members appointed by the Academic Senate, and two (2) faculty members appointed by the LCFA, shall evaluate all applications according to the four (4) categories in 8.11.2 and the criterion in 8.11.7.
- 8.11.7 After verifying the eligibility of all applicants, the Committee will rank all applicants in the following five (5) categories:
- (1) Direct benefit to Lassen College
 - (2) Direct benefit to the individual
 - (3) Feasibility of the proposal
 - (4) Seniority at Lassen College
 - (5) Number of previous sabbatical leaves
- 8.11.7.1 Criteria for evaluation of the above equal priority categories shall be found on the application form.
- 8.11.7.2 In addition, the Committee shall interview the candidates to gain further insights into the proposal and then make recommendations to the Superintendent/President for submittal to the Board. The Committee recommendations shall be forwarded to the Superintendent/President by December 1 for Sabbaticals beginning the following Fall semester, and May 1 for Sabbaticals beginning the following Spring semester.
- 8.11.8 After being notified that their application has been approved by the Board, applicants shall accept or reject the leave in writing within fifteen (15) calendar days.
- 8.11.9 Sabbatical leaves, once granted and accepted, shall be canceled or modified only by mutual agreement between the College and the unit member involved.
- 8.11.10 Each unit member on sabbatical leave shall file with the appropriate educational administrator, a written report no later than sixty (60) days after his/her return. The report shall contain data on activities of the unit member, transcripts of all college and university work completed, and an appraisal of the professional value of the experience gained while on leave.
- 8.11.11 Any unit member on sabbatical leave shall be returned to the assignment held at the time the leave was granted unless another assignment is mutually agreed upon in writing. For purposes of advancement on the salary scale and retirement, the leave shall count as regular teaching service.

5/20/19
REG
CN
✓

- 8.11.12 Any unit member granted a sabbatical leave, whether for a semester or a year, shall receive seventy-five percent (75%) of the regular salary the unit member would have received. While on leave, the unit member will be paid at the usual intervals. Special arrangements would normally be made only for those members who are out of the continental limits of the United States.
- 8.11.13 If the sabbatical program is interrupted because of serious illness or accident, this condition shall not be construed as a failure to fulfill the conditions upon which the leave was granted. This condition shall not affect the amount of compensation to be paid the unit member provided that the Board shall be notified promptly of such illness or accident by registered letter within fifteen (15) days of the time of illness or accident unless prevented by extenuating circumstances.
- 8.11.14 Granting of a sabbatical leave is conditioned upon the unit member agreeing to the terms of the leave and further agreeing to return to the District for at least two (2) full school years as a certificated employee.
- 8.11.15 The performance of this agreement by the unit member is to be secured by a corporate surety bond, paid by the District, provided for in principal sum equal to the amount of salary to be paid to the unit member while on leave.
- 8.11.16 In the case of death of the individual while on leave or before the two (2) year term of service after return is completed, his/her estate shall not be required to fulfill the conditions upon which the leave was granted, but payment of salary by the District shall cease upon such death.

8.12 Mini-Sabbatical Leaves

- 8.12.1 Mini-sabbaticals are intended to increase the ability of full-time faculty to perform additional duties such as teaching in additional disciplines.
- 8.12.2 Mini-sabbaticals may be granted to unit members for advanced academic study of either graduate or undergraduate (or combination), equal to not more than a 40% load.
- 8.12.3 A unit member's load will be reduced by 10% for each three unit upper division or graduate level semester-length course in which they are enrolled. Courses of different lengths and unit values will be prorated.
- 8.12.4 All cost of instruction fees will be borne by the unit member.

5/20/19
RQA
CM
R

- 8.12.5 All full-time unit members are eligible for a mini-sabbatical from the date of initial hire.
- 8.12.6 Mini-sabbaticals may be granted for not more than four (4) consecutive semesters.
- 8.12.7 Applications for mini-sabbaticals shall be submitted on a form provided by the appropriate Educational Administrator. This form must be submitted by September 15 for sabbatical leaves beginning the following Spring semester and by February 15 for leaves beginning the following Fall semester.
- 8.12.8 A mini-sabbatical selection committee, chaired by the appropriate Educational Administrator and composed of two (2) faculty members appointed by the Academic Senate, and two (2) faculty members appointed by the LCFA, shall evaluate all applications.
- 8.12.8.1 The applications will be evaluated according to the benefit of the proposed course of study to the District through increasing the number of faculty services areas held by the faculty member.
- 8.12.8.2 In addition, the committee shall interview the candidates to gain further insights into the proposal and then make recommendations to the Superintendent/President for submittal to the Board. The committee recommendations shall be forwarded to the Superintendent/President by November 1 for mini-sabbaticals beginning the following Spring semester, and April 1 for min-sabbaticals beginning the following Fall semester.
- 8.12.9 After being notified that their application has been approved by the Board, applicants shall accept or reject the leave in writing within fifteen (15) calendar days.
- 8.12.10 Mini-sabbaticals, once granted and accepted, shall be canceled or modified only by mutual agreement between the College and the unit member involved.
- 8.12.11 Each unit member with a mini-sabbatical shall file with the appropriate Educational Administrator a written progress report no later than thirty (30) days after the end of each semester. The report shall contain data on activities of the unit member and transcripts of all college and university work completed.

5/20/19

✓

- 8.12.12 Each unit member with a mini-sabbatical shall file with the appropriate Educational Administrator a written report no later than sixty (60) days after the completion of his/her academic course of study. The report shall contain data on activities of the unit member and transcripts of all college and university work completed.
- 8.12.13 Any unit member granted a mini-sabbatical, shall receive one hundred percent (100%) of the regular salary the unit member would have received if they had been teaching full-time.
- 8.12.14 If the mini-sabbatical program is interrupted because of serious illness or accident, this condition shall not be construed as a failure to fulfill the conditions upon which the leave was granted. This condition shall not affect the amount of compensation to be paid the unit member provided that the Board shall be notified promptly of such illness or accident by registered letter within fifteen (15) days of the time of illness or accident unless prevented by extenuating circumstances.
- 8.12.15 Granting of a mini-sabbatical is conditioned upon the unit member agreeing to the terms of the reduced teaching assignment and further agreeing to return to the District for at least two (2) full school years as a certificated employee.
- 8.12.16 In the case of death of the individual during the mini-sabbatical or before the two (2) year term of service after return is completed, his/her estate shall not be required to fulfill the conditions upon which the leave was granted, but payment of salary by the District shall cease upon such death.
- 8.12.17 In the case of disability preventing the unit member from returning to work during the mini-sabbatical or before the two (2) year term of service after return is completed; the District shall waive the remaining term of service obligation.
- 8.12.18 In the case of termination of the employment contract of the unit member by the District during the mini-sabbatical or before the two (2) year term of service after return is completed, the District shall waive the remaining term of service obligation.
- 8.12.19 Unit members shall be eligible for benefits under the Family Medical Leave Act (FMLA) and the California Family Rights Act (CFRA) in accordance with the applicable laws and regulation. Detailed information is available from the Director of Human Resources.

Article 9 – Salary

9.1 Faculty Salary Schedule-Initial Placement

The salary schedules for full-time and adjunct unit members is set forth in Appendix A. The placement of full-time members on the salary schedule is based upon the following criteria:

- 1 year full-time collegiate teaching experience will equal 1 step placement, up to maximum step allotment.
- Adjunct collegiate teaching experience, including paid collegiate teaching experience during completion of a masters or doctorate, based on full-time equivalent calculation, will equal full-time step placement.
- 2 years full-time secondary, industry, or military teaching experience will equal 1 step placement, up to the maximum step allotment.

9.1.1 COLA

Effective July 1, 2014, and each fiscal year thereafter, the Faculty Salary Schedule shall be increased based upon the District's funded COLA. If, during any fiscal year, the Districts funded COLA is reduced after adoption of the State's budget for any reason such as mid-year budget cuts, the District will continue to provide the funded COLA to the unit members for that fiscal year. However, the District will recapture the difference between the funded COLA and any reduction in subsequent fiscal year(s) by reducing the Faculty Salary Schedule.

9.1.2 2017-2018 Compensation

The current 2017-2018 Faculty Salary Schedule will be increased for the 2017-2018 fiscal year by three percent (3%). The compensation increase will be paid retroactively to July 1 2017.

9.1.3 2018-2019 Compensation

Compensation for the 2018-2019 year will be negotiated per Article 25.1.1.

9.1.4 2019-2020 Compensation

Compensation for the 2019-2020 year will be negotiated per Article 25.1.2

9.1.5 Longevity

Step 15, 18 and 21 are longevity steps on the Faculty Salary Schedule, Appendix A. Step 15 is a 2.4% increase over step 10 of the Faculty Salary Schedule for all faculty members attaining 15 years of service. Step 18 is a 2.4% increase over step 15 of the Faculty Salary Schedule for all faculty members attaining 18 years of service. Step 21 is a 2.4% increase over step 18 of the Faculty Salary Schedule for all faculty members attaining 21 years of service. Longevity steps will not be used in any other contractual calculations such as Pro-Rata or adjunct/overload rates.

5/20/19
RGA
CN
✓

9.2 Compensation

Compensation for members of the faculty bargaining unit shall include, but shall not be limited to:

- 9.2.1 Salary
- 9.2.2 Step increment/Doctoral Stipend
- 9.2.3 Pro-Rata compensation
- 9.2.4 Health and welfare benefits
- 9.2.5 Additional compensation as related to the implementation of this Agreement.
- 9.2.6 Overload
- 9.2.7 Adjunct
- 9.2.8 Distance Education Reimbursement

9.3 Overload Compensation

Compensation for overloads will be at the hourly rate established by formula and made a part of Appendix A.

9.4 Compensation and Absences

9.4.1 When a unit member whose compensation is based upon the regular salary schedule is absent for reasons which do not justify the use of any of the forms of authorized leave with pay, a fraction of the unit member's annual salary will be deducted. The fraction will be the number of days absent divided by the number of service days for which the unit member is obligated.

9.4.2 When a unit member is absent from a portion of a day's work, the equivalent portion of daily salary shall be deducted from the unit member's monthly check. Absences will be recorded to the nearest half (0.5) hour. The portion will be calculated based on a 7.5 hour workday.

9.5 Pay Periods

Pay periods will be by the calendar month with warrants issued on the last District business day each month.

5/20/19
RZA
CN
W

9.6 Compensation and PE Courses

The District will pay a unit member's registration fees paid to Lassen Community College upon completing a physical education course at Lassen. The unit member must request payment within ninety (90) days of completing the course.

9.7 Stipends

9.7.1 Annual stipend calculated at the top of the Faculty Salary Schedule will be provided for the Division Chairs, Academic Senate President, Accreditation Chair, Curriculum Chair, Flex Development/Flex Activity Chair, Lead Counselor, and Minimum Qualification/Equivalency Liaison.

9.7.1.1 The Academic Senate President shall be provided a monthly stipend of ten (10%) calculated at the top of the Faculty Salary Schedule for ten months.

9.7.1.2 The Accreditation chair shall be provided a monthly stipend of ten (10%) calculated at the top of the Faculty Salary Schedule plus twenty percent (20%) reassigned time for ten months.

9.7.1.3 The Curriculum chair shall be provided a monthly stipend of ten (10%) calculated at the top of the Faculty Salary Schedule for ten months.

9.7.1.4 The Division chairs shall be provided monthly stipends of ten (10%), twelve and one-half (12.5%) or fifteen (15%) percent dependent upon the number of chairs calculated at the top of the Faculty Salary Schedule for ten months.

9.7.1.4.1 The District designated four (4) Division Chairs each receiving a ten percent (10%) stipend calculated at the top of the Salary Schedule for service during the academic year. If the District reduces the number of Division Chairs to three (3), each remaining Chair shall receive a stipend of twelve and one-half percent (12.5%) calculated at the top of the Faculty Salary Schedule for service during any regular academic year. If the District reduces the number of Division Chairs to two (2), each remaining Chair shall receive a stipend of fifteen percent (15%) calculated at the top of the Faculty Salary Schedule for service during any regular academic year.

5/20/19
RGA
CN
↓

- 9.7.1.5 The Flex Development/Flex Activity Chair shall be compensated at the current pro-rata hourly rate as verified by time card submittal not to exceed 70 hours per year for ten months.
- 9.7.1.6 The Lead Counselor shall be provided a monthly stipend of ten percent (10%) calculated at the top of the Faculty Salary Schedule for eleven months.
- 9.7.1.7 The Minimum Qualification/Equivalency Liaison shall be compensated at the current pro-rata hourly rate as verified by time card submittal not to exceed 150 hours for ten months.
- 9.7.1.8 Should the District require the Academic Senate President, Accreditation Chair, Curriculum Chair or Division Chairs, to serve beyond the regular academic year (ten months) or Lead Counselor to serve beyond eleven months, the individuals will be compensated at the current pro-rata hourly rate verified by time card submittal. [See Appendix A]
- 9.7.1.9 The amount of the stipend will be prorated for less than ten months for all positions except the Lead Counselor, which will be prorated for less than eleven months for a full year.
- 9.7.1.10 The Director of Nursing shall be 10 month tenure track position with 60% Administration of the Nursing Program and a 40% Faculty teaching load. The Director of Nursing may earn an additional annual stipend not to exceed \$25,000 per year, paid in ten (10) equal installments for the academic year for performing the duties of the position. The amount of the stipend shall be prorated for less than a full year.
- 9.7.2 Special assignment compensation may be provided for special assignments (Article 7.6) on a case-by-case basis following successful negotiation between the District, LCFA, and the unit member.
- 9.7.3 An earned doctorate will receive a \$500 annual compensation.
- 9.7.4 Distance Education Instructors shall receive an \$85/semester reimbursement when teaching one or more Internet courses in a semester.

5/20/19
REA
CN

Article 10 – Health and Welfare Benefits

10.1 Premium Cost

For each full-time unit member, to include those designated as full-time temporary unit members, the District shall pay the actual premium costs per month for the health benefits which includes medical/hospital coverage, for dental coverage, for vision coverage, and for life insurance. The health benefits are subject to a “health benefit cap” as follows:

- 10.1.1 Effective July 1, 2017, the District will increase the maximum amount that the District will pay for actual premium costs per month for full-time faculty (“health benefit cap”) by \$100 per month. This increase will be paid retroactive to July 1, 2017. This increases the maximum Health Benefit cap to \$1,599.55 monthly for a total of \$19,194.60 yearly.
- 10.1.2 Cash-in-lieu – if a benefited unit member’s health plan premium cost is less than the health benefit cap, unit member shall receive the difference. However, if a benefited unit member’s health plan premium cost exceeds the health benefit cap, unit member shall pay the difference.
- 10.1.3 Effective July 1, 2008, and each fiscal year thereafter, the health benefit cap shall be increased based upon the District’s Funded COLA. (See Appendix B.)
 - 10.1.3.1 If, during any fiscal year, the District’s Funded COLA is reduced after adoption of the State’s budget for any reason such as mid- year budget cuts, the District will continue to provide the Funded COLA to unit members for that fiscal year. However, the District will recapture the difference between the Funded COLA and any reduction in subsequent fiscal year(s) by reducing the health benefit cap.

10.2 Premium Cost Modifications

Any amount in excess of the District’s monthly contribution shall be the employee’s obligation and shall be deducted from the Unit member’s monthly salary as a payroll deduction. The Internal Revenue Code Section 125 provision, allowing for deductions on a pre-tax basis, will be available to the extent allowable by law.

- 10.2.1 Unit members working less than one hundred percent (100%) of a full-time load are entitled to premium payments prorated at the same ratio as their work load bears to full-time service, with the balance due insurance carriers to be paid by the unit member by payroll deduction.

10.2.2 Unit members shall be individually responsible for making payment for such monthly amounts as, when added to the amount paid by the District, will equal the total monthly premium required for coverage. Payments of such monthly amounts shall be made by way of payroll deduction. In the event of a premium increase for the plan coverage herein, or for equivalent coverage under a different plan description, the District is authorized to cover such by way of payroll deduction, in order that eligible unit members' insurance coverage not be jeopardized.

UR

Article 11 – Layoffs

11.1 General Provisions

The District will utilize the provisions of Section 87740 and 87743 of the Education Code to lay off unit members for any of the reasons permitted therein. Any dispute over compliance with the requirements of Sections 87740 and 87743 must be resolved through the statutory layoff appeal procedure and not through the contract grievance procedure.

11.2 Reduction of Faculty

In the event the District determines it is necessary to reduce the number of probationary and tenured faculty members, such reductions will be made in accordance with the procedures in these standards. When any faculty member is laid off or reduced:

11.2.1 No temporary (hourly, adjunct) instructors will be retained in the particular kind of service(s) in question. The term “particular kind of service” is that used by the California Education Code in describing reductions in particular teaching subject areas and non-teaching services such as counseling and administration.

11.2.2 No probationary or tenured faculty member shall be assigned overload assignments in a particular kind of service in which an employee has been laid off and wishes to serve, except as the overload is part of a single class needed to make load in the area in question.

11.3 Disciplines, Faculty Service Areas, Minimum Qualifications and Competency

11.3.1 Disciplines are those established by the state.

11.3.2 The state-established disciplines shall constitute faculty service areas in the District.

11.3.3 Minimum qualifications are those established by the state. In addition, everyone qualified for services by California credential will be deemed to possess the minimum qualifications in every discipline or service covered by the credential until expiration of that credential.

11.3.4 For purposes of Education Code Section 87743, a faculty member will be considered to have demonstrated competency to teach or serve in any discipline in which he or she meets minimum qualifications or the equivalency.

11.3.5 For purposes of employment, assignment or the exercise of bumping rights, a faculty member must meet the state minimum qualifications or the equivalency for the discipline that covers the course(s) or service(s) in question.

- 11.3.6 The District may assign a faculty member to courses or services within any discipline for which the faculty member meets minimum qualifications.
- 11.3.7 Meeting minimum qualifications in a particular discipline does not guarantee the employee assignment in that discipline if there are other disciplines in which the faculty member is qualified to serve.
- 11.3.8 In determining possible bumping rights to faculty members whose services have been reduced or discontinued, the District will consider verifiable documentation received by February 15.
- 11.3.9 For regular faculty members who are employed as of June 30, the District shall provide each faculty member with a list of faculty service areas in which he/she is qualified by November 30.
- 11.3.10 An employee may petition for recognition of competence in an FSA by filing a petition for such recognition with the District. It shall be the responsibility of the employee to provide the District with all non-Lassen records necessary to substantiate the claim of competence.
- 11.3.11 The District shall provide each regular faculty employee a list of those faculty service areas for which he/she possesses competence as determined by the employees' records on file with the District within sixty (60) days of hire.

11.4 Effects of Layoff

The District shall meet and confer with the LCFA upon request with respect to the nature and impact of anticipated faculty layoffs at least thirty (30) days prior to issuing final layoff notices. For the purpose of this sub-section, meet and confer shall be defined to mean that the District or such representatives as it may designate, and the Union and its representatives shall have the mutual obligation to freely exchange information, opinions and proposals prior to such time as the District decides to act. Layoffs and their effects shall not be subject to further meeting and conferring, or negotiations, but shall be governed by the provisions of this Article. With respect to any aspect of layoffs or their effects not addressed in this Article, the District reserves the right to act in accordance with any applicable provisions of law.

11.5 Extension of Health Benefits (COBRA)

The District will advise employees of the availability of continuation of health and welfare benefits under COBRA (Continuation Omnibus Reconciliation Act) law.

Article 12 – Grievance Procedure

12.1 Purpose

The purpose of this Article is to provide for the resolution of grievances and to secure solutions to problems which may arise under this Agreement.

12.2 Definitions

12.2.1 Grievance – An allegation by one or more unit members or the LCFA that there has been a violation, misinterpretation, or misapplication of specific provisions of the contract.

12.2.2 Grievant – The unit member, unit members or the LCFA filing the grievance.

12.2.3 Workday – For the purpose of a grievance, a “workday” shall be defined as any day unit members are required to perform their duties.

12.2.4 Party – The grievant or the employer.

12.2.5 Representative – The person chosen or authorized by the LCFA to represent the grievant.

12.3 Regulations

12.3.1 All documents, communications, and records dealing with the processing of the grievance shall be filed separately from the personnel files of the participants.

12.3.2 No reprisals of any kind shall be taken by the employer against a grievant or other participant who assisted the grievant by reason of such participation in the grievance procedure.

12.3.3 Nothing contained in this Article shall be construed to deny any unit member of his/her right to present grievances to the employer without the intervention of the LCFA.

Such a grievance shall not be adjusted in any way inconsistent with the terms of this written agreement, and the employer shall not agree to a resolution of the grievance until the LCFA has received a copy of the grievance and the proposed resolution, and has been given the opportunity to file a response.

12.3.4 The grievant may be represented by the Union representative at all meetings and hearings including the informal level.

- 12.3.5 Each party involved in a grievance shall act quickly so that the grievance may be resolved quickly. However, time limits as specified may be extended by mutual agreement of the parties.
- 12.3.6 The grievant shall send copies of all grievance forms filed with District representatives to LCFA. A copy of all grievance responses prepared by District representatives shall also be sent to LCFA.
- 12.3.7 A unit member may present a grievance while on duty and a Union representative will be granted reasonable release time to interview, investigate, process, and appear at grievances or hearings.

12.4 Procedure

- 12.4.1 Informal Level: within twenty (20) work days after the event that was the basis for the grievance, or within twenty (20) work days of the time when the grievant should have known of the event that gave rise to the grievance, the grievant shall discuss the matter with the appropriate Educational Administrator. The Grievant may be accompanied by a representative of the LCFA. The objective of this discussion is to resolve the matter informally. In the event that the matter is not resolved informally, the following procedure shall be implemented:
- 12.4.2 Level One: if the matter is not resolved at the informal level, the grievant within five (5) work days of the discussion with the appropriate Educational Administrator shall submit a written statement of the grievance to the appropriate Educational Administrator. The statement shall include a clear, concise statement of the grievance, the specific section of the contract alleged to have been violated, the circumstances involved, the date of the informal conference, the specific remedy sought, and the date of the alleged act or omission. The appropriate Educational Administrator will confer with the grievant within five (5) work days after receiving the complaint in an effort to resolve the problem. An LCFA representative may be present at this conference or if the grievant prefers to represent herself/himself, a copy of the grievance will be sent to the LCFA.
- 12.4.2.1 Within five (5) work days after the conference, the appropriate Educational Administrator will present her/his decision in writing, together with supporting reasons to the LCFA and a copy to the grievant. If the appropriate Educational Administrator does not respond within the timelines, the grievant may appeal the grievance to the next step. The timelines may be extended by mutual agreement.

5/22/19
REA
CN
UR

However, failure to timely appeal a grievance at any level shall constitute an acceptance of the District's last response.

- 12.4.3 Level Two: if the grievant is not satisfied with the disposition of the grievance at Level One, or if no written decision has been rendered within the timelines, the grievant may appeal the decision to the Superintendent/ President within five (5) work days. Within five (5) work days after the appeal, the Superintendent/President will confer with the grievant in an effort to resolve the problem. An LCFA representative may be present at this conference. Within five (5) work days after the conference, the Superintendent/President will present her/his decision in writing, together with supporting reasons to the LCFA and a copy to the grievant and appropriate Educational Administrator. If the Superintendent/President does not respond within the timelines, the grievant may appeal the grievance to the next step. The timelines may be extended by mutual agreement.
- 12.4.4 Level Three: if the grievant is not satisfied with the disposition of the grievance at Level Two, the grievant may within ten (10) working days refer the grievance to mediation for resolution. If this level is invoked, the California State Mediation and Conciliation Services shall be requested to provide a mediator, and thereafter the mediation process shall proceed under the auspices of the State Agency (CSMCS).
- 12.4.5 Level Four: if the grievant is not satisfied with the disposition of the grievance at Level Three, the LCFA within fifteen (15) work days of the decision at Level Three may request a hearing before an arbitrator.
- 12.4.5.1 Upon receiving a request for arbitration, the President shall request a list of seven (7) arbitrators from the California Mediation and Conciliation Service. As soon as possible after receiving the list of names from the Service, representatives of the District and the LCFA shall alternately strike a name until one name remains. The person named shall serve as arbitrator.
- 12.4.5.2 The arbitrator shall conduct a hearing at which both parties may present witnesses and evidence. It shall be the function of the arbitrator, and he/she is empowered except as his/her powers are herein limited, after investigation and hearings, to make a proposed decision to the Board of Trustees in cases of alleged violation of the specific articles and sections of this Agreement. The arbitrator shall render a decision on the issue(s) submitted.

5/20/19
RED
CN
R

- 12.4.5.3 After a hearing, and after both parties have had an opportunity to make oral and written arguments, the arbitrator shall submit in writing to the parties his/her decision.

The decision of the arbitrator shall be advisory to the Board of Trustees which may accept, reject or modify the arbitrator's proposed decision.

- 12.4.5.4 Each party shall bear the cost of preparing and presenting its own case in arbitration. All fees and expenses of the arbitrator and the arbitration process shall be shared equally by the parties. The grievant, the grievant's representative and the grievant's witnesses shall be compensated at the regular rate and provided a substitute if the arbitration hearing is held during scheduled class time.

Article 13 – Maintenance of Operations

- 13.1 It is recognized that the need for continued and uninterrupted operation of the District is of paramount importance and that there should be no interference with such operations.
- 13.2 LCFA and the Board agree that any differences between them shall be settled by peaceful means, as provided for in this Agreement. During the term of this agreement, LCFA, in consideration of the terms and conditions of this agreement, will not engage in, instigate, or condone any strike, work stoppage, slow down, sick out or other concerted refusal by unit members to perform work duties as required by this Agreement. LCFA will undertake to exert its best efforts to discourage any such acts by unit members.
- 13.3 During the term of this Agreement, the Board, in consideration of the terms and conditions of this agreement, will not authorize or permit any lockout of members of the unit.
- 13.4 Nothing contained in the Agreement shall be construed to restrict or limit the District in its right to seek and obtain such judicial relief as it may be entitled to have under law for any violation of this or any other Article; and to take such action as it deems necessary to discipline and/or discharge any member for violation of this Article.
- 13.5 Members shall not be entitled to any wages or benefits whatsoever, including but not limited to, life insurance, health insurance, vacations, wages, or any other compensation while engaged in any strike, concerted failure to report for duty, or other willful absence from duties of employment.

Article 16 – Completion of Negotiations

16.1 The Agreement

This Agreement shall constitute the full and complete commitment between both parties. This Agreement may be altered, changed, added to, deleted from, or modified only through the voluntary mutual consent of the parties in a written and signed amendment to this Agreement.

16.1.1 Memorandum of Understanding (MOU)

This agreement shall include any mutually agreed upon MOU's.
(signed by both parties)

16.1.2 Approved MOU's shall be attached to all copies of this agreement.

16.2 Bargaining Restrictions

During the term of this Agreement, the Board and LCFA expressly waive and relinquish the right to bargain collectively on any matter:

16.2.1 Whether or not specifically referred to or covered in this Agreement;

16.2.2 Even though not within the knowledge of contemplation of either party at the time of negotiations;

16.2.3 Even though during negotiations the matters were proposed and later withdrawn;

16.2.4 This Article is intended to be a clear and unmistakable waiver of the right of either party to force the other to negotiate during the term of this Agreement on subjects covered or not covered by the Agreement. Either party may rely on this Article as a shield against demands to bargain by the other.

16.2.5 The Article does not preclude bargaining collectively for subsequent, new collective bargaining agreements or re-openers during the term of this Agreement.

Article 17 – Resignations

17.1 Letter of Resignation

Any unit member who desires to resign from employment with the District shall submit a letter of resignation to the Superintendent/President. The Superintendent/President is authorized to accept any such letter of resignation on behalf of the Board.

17.2 Resignation Timeline

Written resignations shall be deemed accepted by the Board and shall be binding on the date received by the Superintendent/President. The last day of work for resigning unit member shall be as specified in the employee's resignation or, if not specified, on the date the resignation is received. In no event shall the last day of work for a resigning unit member be later than the close of the school year during which the resignation is received.

5/20/19
REA
CN
✓

Article 18 – Reduced Work Load Program

18.1 Eligibility

Unit members who meet the following criteria may request to participate in a reduced workload program:

- (1) Have been employed by the District as a faculty member for at least ten (10) years, all of which were full-time employment as defined by STRS.
- (2) Have five (5) consecutive, full-time years without a break in service immediately preceding the reduced workload request.
- (3) Have reached the age of fifty-five (55) by the year work reduction begins.
- (4) Must submit a written request to the appropriate Educational Administrator no later than January 30 for the following academic year beginning in August.

18.2 Specifications

- 18.2.1 Minimum reduced workload employment must be the equivalent of at least half the number of days of service required by the member's contract of employment during the last year served in a full-time, certified position. If the member performs service that is less than half time, the Reduced Workload Program will be suspended for that particular school year.
- 18.2.2 The salary paid must be pro-rata share of the salary that would have been earned had the member not elected to enter the Reduced Workload Program. (The salary must be at least half the salary the member would have earned on a full-time basis.)
- 18.2.3 The District must contribute to STRS an amount based upon the salary that would have been paid had the member been employed full-time, at the Reduced Workload Contribution Rate specified by the Teachers' Retirement Board.
- 18.2.4 The unit member must contribute eight percent (8%) of the salary which would have been paid had the member been employed full-time.
- 18.2.5 The agreement to participate in the program can be revoked only with mutual consent of both the participant and the District.
- 18.2.6 Participants will receive the same health and welfare benefits to which they would have been entitled if employed full-time.

5/20/19
RZA
CN
[Signature]

- 18.2.7 Reduced Workload Agreements may be no less than one (1) year in duration nor longer than three (3) years in duration.
- 18.2.8 Unit members participating in the program are not eligible for sabbatical leave.
- 18.2.9 The District's decision to grant or deny a request will be based on availability of funds, others in the program, need for services in the faculty member's discipline, and availability of replacement faculty.

Article 19 – Calendar

19.1 Committee Membership

The Academic Calendar Committee shall consist of two faculty members designated by the LCFA, two representatives designated by the Superintendent/President (or designee), and one ex-officio representative designated by the Academic Senate.

19.2 Committee Meetings

The committee shall be convened annually by the Superintendent/President (or designee) no later than September 30th to negotiate the calendar for the following year. Upon mutual agreement, either a one-year or two-year Academic Calendar may be negotiated within the scope of this article.

19.3 Calendar Timeline

The negotiated, academic calendar will be forwarded to the Superintendent/President no later than November 1st.

19.4 Calendar Changes

If the District wishes to modify the academic calendar, the Superintendent/President (or designee) will reconvene the academic calendar committee no later than November 30th, or as required.

Article 20 – Safety Conditions of Employment

- 20.1 Unit members shall not be required to work under unsafe or hazardous conditions or to perform tasks which endanger their health, safety, or well-being.
- 20.2 The District and unit members shall comply with the provisions of the California Occupational Safety and Health Act (Cal/OSHA) and compliance or noncompliance with its provisions shall be determined exclusively in accordance with investigatory and adjudicatory procedures provided for in Cal/OSHA.

5/20/19
REA
CN
W

Article 21 – Academic Freedom

21.1 Policy

It shall be the policy of the District and the LCFA to encourage full freedom for faculty to teach, research, and pursue knowledge as set forth in this Article and subject to the applicable provision of law.

21.2 Application

In the exercise of this freedom, unit members may, as provided in the United States and California constitutions and other applicable laws, discuss their own subject or areas of competence in the classroom, as well as any other relevant matters, including controversial matters, as long as they distinguish between personal opinions and factual information.

21.3 Harassment

Unit members shall be free from unlawful harassment or from unlawful interference or restrictions based on political views.

21.4 District Restraint

The District shall not interfere with a unit member's freedom of speech or use of materials in any teaching assignment, except as allowed by law.

21.5 Declaration of Purpose

This Article is intended to declare the District's and the LCFA's intent to allow those activities protected by constitutional freedom of speech and other forms of academic freedom protected by the laws of the State of California and the laws of the United States.

21.6 Specifications

Unit members shall be free from unnecessary, spiteful, or negative criticism or complaints by managers, and/or other persons. Unit members should not be subjected to harassment, abusive language, upbraiding, insults or interference by any person in the performance of their duties.

21.7 Intellectual Property Rights

Intellectual property rights for faculty are delineated in Board Policy 3715 (approved by the Senate 02/14/2017 and approved by the Board 04/11/2017) and Administrative Procedure 3715 (approved by the Senate 02/14/2017 and accepted by Consultation 02/22/2017). The BP and AP are herein included in the contract as Appendix H. If the Intellectual Property Rights BP 3715 or AP 3715 are changed after inclusion in the LCFA contract, faculty Intellectual Property Rights provisions delineated in the BP and AP included in Appendix H remain in force until such time that any proposed revisions to either the BP or AP are successfully negotiated with the LCFA. The negotiated revisions will then replace the previous elements in the contract.

Article 22 – General Provisions

22.1 Complete Understanding

The terms and conditions set forth in this Agreement represent the full and complete understanding between the parties hereto. The terms and conditions may be altered, changed, added to, deleted from or modified only through the voluntary, mutual consent of the parties in a written amendment executed according to the provisions of this Agreement. The parties agree that during the negotiations which culminated in this Agreement, each party enjoyed and exercised without restraint, coercion, intimidation or other limitation, the right and opportunity to make demands and proposals or counter proposals with respect to any matter not reserved by policy or law from compromise through negotiations and that the understandings and agreements arrived at after the exercise of that right and opportunity are set forth herein.

22.2 Individual Contracts

Any individual contract between the Board and an individual member shall be subject to and consistent with the terms and conditions of this Agreement. If an individual contract contains any language inconsistent with this Agreement, this Agreement, during its duration, shall be controlling.

22.3 No Reprisals

The parties mutually agree to refrain from reprisals against other employees or peers regarding the administration of this Agreement, or any grievance filed pursuant to this Agreement.

22.4 Agreement Form

There shall be two (2) signed copies of the final Agreement for record keeping purposes. One (1) shall be retained by the District and one (1) by the LCFA.

5/20/19

Article 23 – Non-Discrimination

23.1 Non-Discrimination

The District agrees not to discriminate against any unit member on the basis of race, color, creed, national origin, religion, sex, age, sexual orientation, political activities and affiliations, marital status or disability as defined by the Americans with Disabilities Act (ADA). The District agrees to comply with all federal and state laws regarding non-discrimination.

23.2 ADA Application

Notwithstanding any other provision in the Agreement, the decision to make or refuse any reasonable accommodation or take any other action to fulfill legal obligations imposed by the ADA shall be made by the Chief Human Resources Officer. Any decision regarding the implementation of an accommodation shall comply with this Agreement unless the District and the union mutually agree to waive a specific provision on a non- precedent setting basis.

5/20/19

CN
WR

Article 24 – Adjunct Faculty

24.1 Assignment

- 24.1.1 Assignment of adjunct faculty will be made by the District. Except as delineated in this Agreement adjunct faculty members have no rights other than those provided in the Education Code.
- 24.1.2 All adjunct faculty assignments shall be less than sixty-seven (67%) of an annual full-time equivalent faculty (FTEF) assignment.
- 24.1.3 All adjunct faculty may substitute on a day-to-day basis in classroom assignments without any change in their employment status (i.e., day-to-day substitute assignments will not increase the part time faculty FTEF). Day-to-day substitution means substitute assignments of one or more days, consecutive or otherwise.
- 24.1.4 Adjunct faculty will be compensated in accordance with the Faculty Salary Schedule in Appendix A.
- 24.1.5 Adjunct faculty who accept assignments outside of his/her instructional contract (e.g., hiring committees) shall be compensated in accordance with the Faculty Salary Schedule in Appendix A.
- 24.1.6 When requested by the District to prepare and/or to submit course materials (e.g., course syllabus) for projected course teaching assignment[s], adjunct faculty will be compensated for three (3) hours for each course, but not each section of each course. This compensation is separate from any and all course teaching contracts.

24.2 Seniority

- 24.2.1 Seniority shall be the cumulative total of semesters that an adjunct faculty has completed a teaching contract for at least one course, regardless of unit value, modality or duration, within a recognized discipline (Faculty Service Area – FSA). The District shall compile and maintain seniority values (Adjunct Seniority List) on a semester basis. The Adjunct Seniority List shall be available to Division Chairs for assignment and scheduling purposes.
- 24.2.2 Adjunct faculty seniority does not guarantee a right to employment; however, seniority does establish a reasonable expectation of continued employment for adjunct faculty if the class schedule has available classes for the adjunct to teach within their FSA.
- 24.2.2.1 Section 24.4 – Evaluation contains language that addresses “Needs Improvement” and “Unsatisfactory” Evaluations.

5/20/19
REA
CM
W

- 24.2.2.2 Adjunct faculty teaching the next semester after receiving a “Needs Improvement” evaluation shall not receive credit towards seniority. Credit towards seniority will be added to the cumulative total for the next semester taught after receipt of a “Satisfactory” or better evaluation.
- 24.2.3 All adjunct faculty shall be assigned seniority within each applicable discipline. Adjunct faculty may have seniority in multiple disciplines, and those seniority values may be different from one another.
- 24.2.4 Seniority, at any value, does not give adjunct faculty members rights over that of full-time faculty members. Retired District faculty, who return to the District as adjunct faculty, shall start with no adjunct seniority and shall not supersede, take precedence over, or supplant adjunct faculty with seniority in the same discipline.
- 24.2.5 Adjunct faculty assignments shall be determined by current seniority. Assignments may vary because of adjunct faculty courses or modality preference or due to District adjunct load restrictions (67% FT load/semester).
 - 24.2.5.1 Adjunct faculty who decline to teach multiple classes or a single class in a semester do not lose seniority.
 - 24.2.5.2 Adjunct faculty who decline to teach a single class in a particular semester may experience a change in relative position in seniority.
- 24.2.6 Coaches, who are adjunct faculty by contract definition, shall not be granted seniority in either Coaching or Physical Education as coaches are hired and retained by other District processes for individual sports. Coaches, who may be assigned courses in another discipline shall earn seniority in that discipline.

24.3 Office Hours for Adjunct Instructors

- 24.3.1 Adjunct instructors are not required to provide office hours to students as part of their assignment. However, should an adjunct instructor who teaches forty percent (40%) of a full load elect to provide office hours, they may receive compensation for such time to the extent the District receives funds from the State of California for adjunct faculty office hours.
- 24.3.2 Compensation will be paid for one (1) hour per week for each three (3) - unit class (or equivalent). The rate of pay for an adjunct instructor providing office hours will be the instructor’s normal hourly rate. To receive compensation, an adjunct instructor must complete an

5/22/19
 RSD
 CN
 [Signature]

“Application for Adjunct Instructor Office Hours” and submit the application to the Office of Instructional Services no later than thirty (30) days after the first day of each semester class.

- 24.3.3 Office hours will be approved on a first-come, first-served basis. Part- time faculty members will be paid for approved office hours at the time the money is received from the State for adjunct office hours up to the total funds received from the State for that semester.
- 24.3.4 It is the responsibility of each adjunct faculty member to identify the time and location for office hours.
- 24.3.5 If no office hours are approved and/or provided, no money will be paid to the adjunct faculty member; if no money is received from the State of California for adjunct office hours, the adjunct faculty member will receive no compensation.

24.4 Evaluation

- 24.4.1 Adjunct faculty must be evaluated during the first three semesters of the unit member’s initial employment. Thereafter, adjunct faculty will be evaluated at least every third (3rd) semester of employment. The appropriate Educational Administrator, or designee, will conduct all evaluations of adjunct faculty.
- 24.4.2 Summer Session will be considered a “semester” for adjunct faculty evaluation purposes in this Agreement for adjunct faculty teaching only during the Summer.
- 24.4.3 Adjunct faculty shall be evaluated using the appropriate Evaluation Form B or D (See Appendix F). Adjunct faculty evaluated as “unsatisfactory” shall have the recommendation of “Removal from the adjunct faculty pool” selected. Adjunct faculty evaluated as “Needs Improvement” shall have the recommendation of “Continuation in adjunct faculty pool” or “Removal from the adjunct faculty pool” selected. If “Continuation in adjunct faculty pool” is selected, specific improvement recommendations to become Satisfactory must be included in the recommendation section of Form B or D.
- 24.4.4 Adjunct faculty evaluated as “Needs Improvement” shall be evaluated the following semester.
- 24.4.5 Adjunct faculty teaching only during Summer Sessions shall be evaluated at least every other Summer Session after their initial three semester evaluation period.
- 24.4.6 Adjunct faculty shall be compensated for their pre- and post- evaluation preparation and meetings at their hourly rate. Compensation shall be one (1) hour for preparation and one (1) hour for each meeting.

Article 25 – Duration and Reopeners

- 25.1 This Agreement shall be effective on the date of ratification by the parties and shall continue in full force and effect through June 30, 2020. There shall be no reopener provisions to this agreement except by mutual consent by the parties.
- 25.1.1 Negotiations for Article 9 (Salary) and Article 10 (Health and Welfare Benefits) for the 2018-2019 academic year will occur with mutual sunshining of proposals to the board in September, a 30 day comment period, and commencement of negotiations after the board meeting in October 2018.
- 25.1.2 Negotiations for Article 9 (Salary) and Article 10 (Health and Welfare Benefits) and up to two (2) other articles for each party for the 2019-2020 academic year will occur with mutual sunshining of proposals to the board in February 2019, a 30 day comment period, and commencement of negotiations after the board meeting in March 2019. It is preferable that the 2018-2019 negotiations are completed before March 2019, but if negotiations for the 2018-2019 year have not been completed, the 2019-2020 negotiations will commence on time and both negotiations will continue to their individual completions.
- 25.2 At the first regular Board meeting in February preceding the expiration of this Agreement, the District and the LCFA shall mutually present to the Board their initial proposals for a successor agreement. After a 30 day comment period, negotiations will commence no later than fifteen (15) District business days after the regular March Board meeting.
- 25.3 The provisions of this Agreement shall remain in effect pending completion of negotiations on a successor agreement.

Appendix B
Definitions*

“Adjunct” faculty member designates a temporary employee with a teaching or non-teaching load paid according to the District’s adjunct and ~~full-time~~ overload hourly rate found on Faculty Salary Schedule in Appendix A.

“Agreement” means the collective bargaining agreement between the Lassen Community College District and the Lassen College Faculty Association.

“Board” means the Board of Trustees of the Lassen Community College District.

“Class” means each offering of a Lassen College course in a given semester.

“Course” means any portion of the regular Lassen Community College District instructional program, which is listed and described in the College catalog, or for which there is a District-approved course of study.

“Consultation” as used in this Agreement means participation in identifying and analyzing alternative solutions to problems for the purpose of influencing decision- making. Consultation shall take place within 5 days of receipt of written notice by either party. Time limits may be extended by mutual agreement of the parties.

“Correspondence Instruction” is education, typically self-paced, provided by mail or electronic transmission, including evaluation, to students who are separated from the instructor; where interaction between the instructor and the student is limited, is not regular and is primarily initiated by the student.

“Counselor” means a faculty member possessing a valid counseling credential who is assigned to student counseling and guidance duties for at least half of his/her load as defined in Article 7.

“Day” except as specifically defined elsewhere in the Agreement (i.e., Article 12.2.3) the term “day” shall mean the ordinary dictionary definition of the period of the earth’s rotation on its axis ordinarily divided into twenty-four (24) hours. “District Business Day” means any day the district is officially open for business.

“Distance Education Instruction” means formal interaction which uses one or more technologies to deliver instruction to students who are separated from the instructor and which supports regular interaction between the students and instructor, may incorporate internet; one-way or two-way transmissions through open broadcast, closed circuit, cable, broadband lines, fiber optics, satellite, or wireless communication devices; audio conferencing; or video cassettes, DVDs, and CD-ROMs, in conjunction with any of the other technologies.

“District” means the Board of Trustees and the Superintendent/President or his/her designee.

5/20/19
RGA
CN
UR

“Emergency” as used in this Agreement means an unexpected happening, or an unforeseen occurrence or condition, or sudden or unexpected occasion for action.

“Emeritus Faculty” are defined by board policy #7220 as of November 13, 2012.

“Full-time Faculty Member” designates an employee with a standard full-time teaching or non-teaching load as defined in Article 7 of this Agreement, an employee eligible for tenure, and an employee paid according to the Full-time Faculty Salary Schedule in Appendix A. “Unit Member” is a synonym for “Faculty Member.”

“Full-time Equivalent (FTE)” means any duties or combination of duties performed by a faculty member, which equal a standard full-time teaching load as defined in Article 7 of this Agreement.

“Full-time Equivalent Faculty (FTEF)” is a unit that indicates the workload of a Faculty member in a way that makes workloads comparable across various contexts.

“Funded COLA” means the actual amount of COLA that is funded by the State Budget Act as of the end of any given fiscal year.

“Hybrid Delivery” means a course in which, any portion of the traditional face-to-face delivery of instruction is replaced by online delivery of instruction, including assessment.

“Intellectual Property Rights” see Appendix H for the Intellectual Property Rights definition.

“Live Interactive Television Delivery” means a televised method of instruction, which requires at least one-way video and two-way audio in-class instruction.

“Online Delivery” means a course in which, instructor and student interact and deliver/receive instructional materials online via email or course delivery software.

“President” means the chief administrative officer of the Lassen Community College district. Also referred to as the “Superintendent/President.”

“Regular Academic Year” means the period of time from the beginning of the Fall semester to the end of the Spring semester.

“Regular Assignment” means a faculty member’s standard teaching or non-teaching load as defined in Article 7 of this Agreement.

“Reassigned Time” identifies a complete or partial change of a faculty member’s regular assignment to an alternate assignment according to this agreement.

“School Year” or **“Fiscal Year”** refers to the yearly period from July 1 to June 30.

“Stipends” are a fixed amount of compensation.

5/20/19
RGA
CM
[Signature]

“Traditional Classroom Instruction” means a course in which the Instructor and student meet face-to-face in a classroom setting. Class format may include lecture, laboratory, discussions or small group work.

“Unit” as used herein means the bargaining unit under this Agreement.

“Web-enhanced Course” means a course in which 0% of the face-to-face instruction is replaced by online instruction; syllabus, chat, email and other supporting materials may be delivered online; online research may be required.

“Workday” means any day on which members of the unit are scheduled to work.

*Other definitions applicable to a specific article are included in the appropriate article.

Appendix C
Tenure Standards

A. Tenure Standards for Lassen College

The period during which probationary unit members of Lassen College are reviewed for tenure is understood best as a continuation of the search and selection process. In fact, we regard the tenure recommendation made to the Superintendent/President and the Board of Trustees as even more important than the initial decision to hire. The tenure review by unit members and appropriate Educational Administrators must be a careful and thorough process, since it is one, which will result in a decision crucial to the unit member's professional future and to the future quality of our college's academic programs. Consequently, it should be expected that tenure decisions generally will be made at the end of the fourth probationary year.

B. Suggested Standards for Tenure (at the end of four (4) years):

1. The candidate will have achieved competent performance in classroom teaching and/or in the development, coordination, and implementation of student services activities and in carrying out other responsibilities specified in the appropriate position announcement.
2. The candidate will have demonstrated respect for student rights and consistent attempts to meet student needs.
3. The candidate will have demonstrated respect for colleagues, for the commonly agreed upon ethics of the teaching profession, and for the traditional concepts of academic freedom.
4. The candidate will have demonstrated sensitivity to the issues of cultural diversity.
5. The candidate will have demonstrated continued currency in his/her discipline or non-classroom area of assignment, plus either clear promise or evidence of professional growth.
6. Evidence of competence, respect for student rights, respect for colleagues and the ethics of the teaching profession, sensitivity to the issues of cultural diversity, currency, and promise or realization of professional growth shall be drawn from a careful analysis of peer evaluations and student evaluations over a period of time, and from a critical reading of materials submitted by the candidate. Recommendations regarding tenure shall be based upon this evidence alone.
7. The effective recommendation regarding the candidate's performance shall be made by his/her Evaluation Committee.

5/20/19
REA
CN
UR

C. Suggested Standards for Early Tenure (at the end of two (2) years).

The candidate will have demonstrated performance which clearly exceeds standards in the areas described in “B” above. The effective recommendation regarding the candidate’s performance shall be made by his/her Evaluation Committee.

D. Suggested Standards for Early Tenure (at the end of one (1) year).

The candidate will have demonstrated exceptional performance in the areas described in “B” above. The effective recommendation regarding the candidate’s performance shall be made by his/her Evaluation Committee.

E. Additional Requirements for the Granting of Early Tenure

In addition to the performance requirements specified in “C” and “D” above, the candidate’s Evaluation Committee must offer clear and compelling reasons for the granting of early tenure (either one (1) year or two (2) year). Such reasons might include but are not limited to:

1. Prior to LCCD appointment, the candidate achieved tenure at another accredited institution of higher learning with, of course, a record of excellent evaluations from peers, administrators, students, and, when appropriate, staff from that institution.
2. The retention of the candidate is critical for the success of a particular program; and, the granting of early tenure is the only way that a particularly critical member can be retained.

5/20/19
RGA
CN
UR

Appendix D
Overload Calculation Guidelines

1. Six 3 hour lectures = 18 hours lecture =
15 hours lecture plus 3 hours lecture overload.
Comparison to load formula: 18 hours lecture =
1.0 FTE (lecture) +
.2 FTE Lecture overload

Therefore, .2 FTE x 15 Lecture hrs/FTE = 3 hours lecture overload

2. Four 3 hour lectures and one 3 hour lecture/3 hour laboratory =
15 hours lecture plus 3 hours lab. overload.
Comparison to load formula: 15 hours lecture, plus 3 hours lab. =
1.0 FTE (lecture) +
.15 FTE (lab.) overload

Therefore, .15 FTE x 20 Lab hrs/FTE = 3 hours lab. overload

3. Two 3 hour lecture and two 3 hour lecture/3 hours laboratories =
12 hours lecture plus 6 hours lab. = 12 hours lecture plus
4.5 hours lecture equivalent (at 3 lab hours to 4 lecture hours) =
16.5 lecture hours = 15 hours lecture plus 1.5 hours lecture
equivalent = 15 hours lecture plus 2 hours lab. overload (at 3 lab hours to 4 lecture
hours)
Comparison to load formula: 12 hours lecture, plus 6 hours lab. =
.8 FTE (lecture) + .3 FTE (lab.) =
1.0 FTE (lecture) + .1 FTE (lab.)

Therefore, .1 FTE x 20 Lab hrs/FTE = 2 hours lab. overload

Note: These examples illustrate that lecture FTE count first when figuring the full-time equivalent faculty load. Additionally, lecture FTE and laboratory FTE do not have the same value when figuring overloads.

Appendix E
Division Chairs and Lead Counselor Selection Process

Division Chairs

1. All full-time unit members are eligible for the position of Division Chair. Unit members are eligible for a Chair position in any Division regardless of teaching or non-teaching assignment to a designated Division.
2. For the position(s) of Division Chair, the District shall e-mail the position announcement to each full-time unit member during the regular academic year five (5) working days prior to the closing date established by the Selection Committee. Outside the regular academic year, the District shall notify each full-time unit member fifteen (15) working days prior to the closing date established by the Selection Committee.
3. Unit members shall apply by submitting a letter of interest to the Director of Human Resources no later than end of business on the day the search period closes. The District may re-open the search period if warranted.
4. The Selection Committee shall consist of the appropriate Educational Administrator or his/her designee, and two members of the LCFA, appointed by the LCFA President.
5. The Committee shall review all letters of interest and make recommendation(s) to the President/Superintendent, who shall make the final selection(s) and designate the appointment(s).
6. Nothing in this section will abrogate the District's right of assignment.

Accreditation Chair

1. All full-time unit members are eligible for the position of Chair.
2. For the position of Accreditation Chair, the District shall e-mail the position announcement to each full-time unit member during the regular academic year five (5) working days prior to the closing date established by the Selection Committee. Outside the regular academic year, the District shall notify each full-time unit member fifteen (15) working days prior to the closing date established by the Selection Committee.
3. Unit members shall apply by submitting a letter of interest to the Director of Human Resources no later than end of business on the day the search period closes. The District may re-open the search period if warranted.
4. The Selection Committee shall consist of the appropriate Educational Administrator or his/her designee, and one member of the LCFA, appointed by the LCFA President.

5/20/19
RGA
CM
JK

5. The Committee shall review all letters of interest and make recommendation to the Superintendent/President, who shall make the final selection and designate the appointment.
6. Nothing in this section will abrogate the District's right of assignment.

Lead Counselor

1. Only full-time unit members assigned as Counselors (any percentage) are eligible for the position of Lead Counselor
2. For the position of Lead Counselor, the District shall e-mail the position announcement to each eligible full-time unit member during the regular academic year five (5) working days prior to the closing date established by the Selection Committee. Outside the regular academic year, the District shall notify each full-time unit member fifteen (15) working days prior to the closing date established by the Selection Committee.
3. Unit members shall apply by submitting a letter of interest to the Director of Human Resources no later than end of business on the day the search period closes. The District may re-open the search period if warranted.
4. The Selection Committee shall consist of the appropriate Educational Administrator or his/her designee, and one member of the LCFA, appointed by the LCFA President.
5. The Committee shall review all letters of interest and make recommendation to the Superintendent/President, who shall make the final selection and designate the appointment.
6. Nothing in this section will abrogate the District's right of assignment.

Curriculum Chair

1. The Curriculum Committee is a sub-committee of the Academic Senate.
2. The Academic Senate is solely responsible for unit member assignment to the Committee and selection of the Committee Chair.

Form A-1 Full-Time Faculty Self-Evaluation including Professional Responsibilities

LASSEN COMMUNITY COLLEGE

**FULL-TIME INSTRUCTIONAL FACULTY
SELF-EVALUATION including PROFESSIONAL RESPONSIBILITIES**

1. Class Organization:

Discuss your typical coursework organization. Comments may include, but are not limited to, lecture style, preferred type of class (lecture, laboratory or one-on-one), descriptions of kinds of assignments and tests you use, type of grader (hard or easy), techniques and strategies attempted that worked well or failed, major strengths or weaknesses as an instructor.

2. Effects on Students:

Describe the effects you believe your instruction has on students. Comments may include but are not limited to, kind of students who respond well or poorly to your efforts and special efforts made to assist the more difficult to reach students.

3. Planned efforts/objectives for improving professional competence in teaching:

Comments may include, but are not limited, to such areas as: classes taken, conferences, workshops, seminars, professional training, any professional reading or informal learning experiences such as concerts, exhibits, performance and site visits.

4. College District Activities:

Comments may include, but are not limited to, such areas as: college committees on which you now serve or have recently served (include how often they met, offices held, and accomplishments of the committee), reassigned time responsibilities, division chair or Academic Senate responsibilities, fulfillment of flex and graduation commitments, peer evaluations performed, participation in and completion of program review and participation in student learning outcome assessments.

5. Contribution to the Profession:

Comments may include but are not limited to the following: publications, special assignment(s), performances given, exhibits presented, conferences attended, professional positions, honors earned, educational material developed, or educational methods improved.

6. Future Professional Objectives:

List any other plan you have for future development as a professional

7. Provide a written evaluation/assessment or the level/degree to which you successfully completed the planned efforts/objectives stated in the previous evaluation process (if applicable).

**ADJUNCT INSTRUCTIONAL FACULTY
SELF-EVALUATION including PROFESSIONAL RESPONSIBILITIES**

1. Class Organization:

Discuss your typical coursework organization. Comments may include, but are not limited to, lecture style, preferred type of class (lecture, laboratory or one-on-one), descriptions of kinds of assignments and tests you use, type of grader (hard or easy), techniques and strategies attempted that worked well or failed, major strengths or weaknesses as an instructor.

2. Effects on Students:

Describe the effect you believe your instruction has on students. Comments may include but are not limited to, kind of students who respond well or poorly to your efforts and special efforts made to assist the more difficult to reach students.

3. College District Activities:

Comments to include, but not limited to participation in student learning outcome assessments.

4. Provide a written evaluation/assessment or the level/degree to which you successfully addressed the recommendations stated in your previous evaluation (if applicable).

5. Other Related Information:

List any other information you wish to include in your evaluation. Comments may include but are not limited to the following: classes taken, conferences, workshops, seminars, professional training, any professional readings or informal learning experiences such as concerts, exhibits performance and site visits, college committees on which you now serve or have recently served (include how often they met, offices held, and accomplishments of the committee), publications, special assignment(s), performances given, exhibits presented, conferences attended, professional positions, honors earned, educational material developed, or educational methods improved, or plans you have for future development as a professional.

This procedure shall also be interpreted consistent with all collective bargaining agreements.

Definitions

For the purposes of this procedure, the following definitions apply to the following words or phrases:

“**Administrative Activity**” means the execution of the District’s management or administrative functions such as preparing budgets, policies, contracts, personnel management, printing course materials and catalogues, maintenance of computer data, long range planning, and keeping inventories of equipment. Teaching and academic endeavors are not administrative activities.

“**Course Materials**” means materials prepared for use in teaching, fixed or unfixed, in any form, including, but not limited to, digital, print, audio, visual, or any combination thereof. Course materials include, but are not limited to, lectures, lecture notes, and materials, syllabi, study guides, bibliographies, visual aids, images, diagrams, multimedia presentations, web-ready content, and educational software.

5/20/19
REA
CN
[Signature]

“Course Syllabus” means a document that includes information about the outline, standards for student evaluation, and additional information which reflects the academic work of the faculty member.

“Creator” means an individual who alone or as part of a group of other creators, invent, author, discover, or otherwise create intellectual property.

“Digital Encoded Work” means a work (on a bit-sequence) that can be stored on computer-readable media, manipulated by computers, and transmitted through data networks.

“District Resources” means all tangible resources including buildings, equipment, facilities, computers, software, personnel, and funding.

“Employee” means an individual employed by the District, and shall include full-time and adjunct faculty, classified staff, student employees, appointed personnel, persons with "no salary" appointments, and academic professionals, who develop intellectual property using District resources, unless there is an agreement providing otherwise.

“Intellectual Property” means works, products, processes, tangible research property, copyrightable subject matter, works of art, trade secrets, know how, inventions and other creations the ownership which are recognized and protected from unauthorized exploitation by law. Examples of intellectual property include scholarly, artistic, and instructional materials.

“Student” means an individual who was or is enrolled in a class or program at the District at the time the intellectual property was created.

“Student Employee” means a student who is paid by the District, and may include students participating in a work study program or who receive stipends while they are acting within the scope of their employment at the District at the time the intellectual property was created.

“Substantial Use of District Resources” means financial or technical support over and above the cost of the individual faculty’s normal compensation (regular and/or overload), and/or over and above the Ordinary Support provided to similarly situated faculty members by the District.

“Ordinary Support” means reasonable use of the following resources generally made available to similarly situated faculty members: common areas or assigned office space, office computer, local phone use, library use, technical support, and software packages generally made available to the community at large and/or to the faculty member for specific use in the normal course of their employment, and office supplies required for specific use in the normal course of faculty members’ employment.

5/20/19
RJA
CN
UR

“Work” means an “original work of authorship fixed in a tangible medium” as used in the Copyright Act.

Ownership of Intellectual Property

The ownership rights to a creation at the District shall be determined generally as set forth below, unless ownership is modified by an agreement. (See Form A: Work Made For Hire Agreement and Form B: Contract under which Employee Keeps Copyright of the Work and Gives District a License to Use/Exploit Work).

Faculty Intellectual Property Rights – A faculty member who is the creator of an academic work in his/her field of expertise owns the copyright in that work when the academic works are created without Substantial Use of District Resources. Academic works include textbooks, lecture notes or presentations, correspondence course packets, on-line course content shells, media programs, audio and video materials, syllabi and other course materials, literary works, artistic works, musical works, architectural works and software produced with no more than Ordinary Support. Academic works described in this paragraph are owned by the faculty member even though such works may have been developed within the faculty member’s scope of employment or modified by the District to meet academic adjustment needs of students as determined by the District to be reasonably required by law and/or District Policy.

Employee Intellectual Property Rights – Intellectual property unrelated to an individual's employment responsibilities at the District that is developed on an individual’s own time without the District’s support or use of District resources is the exclusive property of the creator and the District has no interest in any such property and holds no claim to any profits resulting from such intellectual property.

District Intellectual Property Rights – The District owns all other intellectual property, including but not limited to patentable inventions, such as computer software, created by its employees under the following circumstances:

1. If intellectual property is created through the District’s administrative activities by an employee working within his/her scope of employment; or
2. If intellectual property is created by an employee executing a duty or specific assignment designated by the District; or
3. If intellectual property is created through the Substantial Use of District Resources; or
4. If intellectual property is commissioned by the District pursuant to a signed contract; or
5. If intellectual property is produced within one of the nine categories of works considered works for hire under copyright law pursuant to a written contract, or
6. If intellectual property is produced from research specifically supported by state or federal funds or third party sponsorship.

5/20/19
RGA
CM

Where circumstances give rise to District intellectual property rights, as described above, the creator of the potential intellectual property will promptly disclose the intellectual property to the District. The District and the creator may enter into a written agreement whereby the creator executes documents assigning intellectual property rights to the District.

The Superintendent/President may waive the District's interests in its intellectual property by executing a written waiver.

Student Intellectual Property Rights – District students who created a work are owners of and have intellectual property rights in that work. District students own the intellectual property rights in the following works created while they are students at the District:

1. Intellectual property created to meet course requirements using college or District resources, and
2. Intellectual property created using resources available to the public.

Intellectual property works created by students while acting as District employees shall be governed under provisions for employees.

Modification of Ownership Rights

The general provisions for ownership of intellectual property rights set forth in Section II may be modified by the parties as follows:

Sabbatical Works – Generally, intellectual property created by District employees during a sabbatical is defined as an academic work. However, where a work to be created as part of an approved sabbatical plan requires resources beyond those normally provided to other employees during a sabbatical (substantial use District resources), the parties may enter into an written agreement to define the District and employee's intellectual property rights in the sabbatical work.

Assignment of Rights – When the conditions outlined in the sections on employee intellectual property rights or student intellectual property are met, ownership will reside with the employee or student responsible for creating the intellectual property. In these circumstances, the creator may pursue intellectual property protection, marketing, and licensing activities without involving the District. If such a decision is made, the creator is entitled to all revenues received.

Any person may agree to assign some or all of his/her intellectual property rights to the District. In the event the creator offers to share or assign intellectual property rights in the creation to the District, the District may support and finance application for intellectual property protection (trademark, patent, or copyright) or it may enter into an agreement for other exploitation of the work, including management, development and commercialization of the property under terms and conditions as may be agreeable to the parties.

5/20/17
RCA
CN
K

After evaluating the creator's offer, the District may or may not decide to become involved in a joint investment agreement. A negative response from the District will be communicated in writing to the creator. An affirmative response from the District will be summarized as an offer to enter into a written contract. If the creator accepts the District's proposed contract, any revenues received from commercialization of the intellectual property will be distributed as defined in the contract.

Sponsorship Agreements – A sponsored work is a work first produced by or through the District in the performance of a written agreement between the District and a sponsor. Sponsored works generally include interim and final technical reports, software, and other works first created in the performance of a sponsored agreement. Sponsored works do not include journal articles, lectures, books or other copyrighted works created through independent academic effort and based on the findings of the sponsored project, unless the sponsored agreement states otherwise. Ownership of copyrights to sponsored works shall be with the District unless the sponsored agreement states otherwise. Where a sponsorship agreement does not define ownership of the intellectual property, ownership shall be determined under applicable law. Any sponsorship agreement that provides for ownership of the work by one other than the District generally shall provide the District with a nonexclusive, world-wide license to use and reproduce the copyrighted work for education and research purposes.

Collaboration/Partnership Agreements – The District may participate in projects with persons/organizations that result in the creation of intellectual property. Ownership rights of such intellectual property will be defined by the collaboration/partnership agreement, or shall be determined under applicable law.

Special Commissions – Intellectual property rights to a work specially ordered or commissioned by the District from a faculty member, professional staff member, other District employee, or other individual or entity, and identified by the District, as a specially commissioned work at the time the work was commissioned, shall belong to the District. The District and the employee shall enter into a written agreement for creation of the specially commissioned work.

Encoded Works/Software for Administrative Activities – The District may hire an individual or entity to develop software or other encoded works, to be used in the District's administrative activities. The District shall maintain ownership of the intellectual property rights in such encoded works. Similarly, the District shall have ownership of the intellectual property rights in encoded works created by an employee, even where the work was created out of the employee's own initiative, if the work is related to the employee's job responsibilities. For example, if an employee in the student records office creates a software program, on his/her own initiative, that will organize student records, such work is related to the employee's job duties and will belong to the District. Where an employee creates a program that does not relate to his/her job duties, and that program was created on the employee's own time and without District resources, the work belongs to the employee.

5/20/19
RED
CM
✓

Collective Bargaining Agreement – In the event the provisions of these procedures and the provisions of any operative collective bargaining agreement conflict, the collective bargaining agreement shall take precedence.

Work Acquired by Assignment or Will – The District may acquire copyrights by assignment or will pursuant to the terms of a written agreement or testament. The terms of such agreements should be consistent with District policies and these procedures.

Materials Implicating Third Party Rights

District employees and students must comply with District policies and state and federal laws, including copyright and privacy laws, in creating works. District employees and students must obtain all required licenses, consents, and releases necessary to avoid infringing the rights of third parties. District employees and students with questions or concerns regarding third party rights should direct all inquiries to the Chief Instructional Officer.

Intellectual Property Coordinator

The Chief Instructional Officer shall be the District's Intellectual Property Coordinator. The coordinator shall administer this procedure and will implement the District's Intellectual Property Policy. The Intellectual Property Coordinator will also monitor the development and use of the District's Intellectual Property. Any questions relating to the applicability of the District Intellectual Property or this procedure may be directed and answered by the Intellectual Property Coordinator.

Preservation of Intellectual Property Right

Protection of Rights – The District shall undertake such efforts, as it deems necessary to preserve its rights in original works for which the District is the owner of intellectual property rights. The District may apply for a patent, for trademark registration, for copyright registration, or for other protection available by law on any new work in which it maintains intellectual property rights.

Payment of Costs – The District may pay some or all costs required for obtaining a patent, trademark, copyright, or other classification on original works for which it exclusively owns intellectual property rights.

Commercialization of Intellectual Property

Right of Commercialization – The District may commercialize its Intellectual Property using its resources or it may enter into agreements with others to commercialize the work as authorized by law.

Distribution of Proceeds – An employee who creates a work and retains an intellectual property interest in such work in which the District maintains intellectual property rights is entitled to share in

5/20/19
REA
CN
UR

royalties, licenses, and any other payments from commercialization of the work in accordance with applicable agreements and applicable laws. All expenses incurred by the District in protecting and promoting the work including costs incurred in seeking patent or copyright protection and reasonable costs of marketing the work, shall be deducted and reimbursed to the District before the creator is entitled to share in the proceeds.

Intellectual Property Account – The District shall deposit all net proceeds from commercialization of intellectual property in its own general intellectual property account. The Chief Instructional Officer may use the account to reimburse expenses related to creating or preserving the District’s intellectual property rights or for any other purpose authorized by law and District policy including the development of intellectual property.

Notification

The Intellectual Property Coordinator shall provide a copy of these Intellectual Property Procedures to persons upon request. The District shall arrange training on a periodic basis for faculty, staff and/or other persons who are covered by this Intellectual Property Procedure.

Form A: Work Made For Hire Agreement

Course Materials

This agreement made the [date] day of [month], 20[year], by and between [name of Creator] ("Creator," and if there is more than one Creator then all of them collectively) and the District.

The Creator and the District agree as follows:

1. Title and Copyright Assignment

- a. Creator and District intend this to be a contract for services and each considers the products and results of the services to be rendered by Creator hereunder (the "Work") to be a work made for hire. Creator acknowledges and agrees that the Work (and all rights therein, including, without limitation, copyright) belongs to and shall be the sole and exclusive property of District.
- b. If for any reason the Work would not be considered a work made for hire under applicable law, Creator does hereby sell, assign, and transfer to District, its successors and assigns, the entire right, title and interest in and to the copyright in the Work and any registrations and copyright applications relating thereto and any renewals and extensions thereof, and in and to all works based upon, derived from, or incorporating the Work, and in an to all income, royalties, damages, claims and payments now or hereafter due or payable with respect thereto, and in and to all causes of action, either in law or in equity for past, present, or future infringement based on the copyrights, and in and to all rights corresponding to the foregoing throughout the world.

5/20/19
RGA
CN
[Signature]

- c. If the Work is one to which the provisions of 17 U.S. Code Section 106A apply, the Creator hereby waives and appoints District to assert on the Creator's behalf the Creator's moral rights or any equivalent rights regarding the form or extent of any alteration to the Work (including, without limitation, removal or destruction) or the making of any derivative works based on the Work, including, without limitation, photographs, drawings or other visual reproductions or the Work, in any medium, for District purposes.
- d. Creator agrees to execute all papers and to perform such other proper acts as District may deem necessary to secure for District or its designee the rights herein assigned.

2. Delivery of the Work

- a. The Creator will deliver to the District on or before [date] the completed Work (with all illustrations, charts, graphs, and other material, including syllabi, handouts, reference lists, etc., in the medium mutually agreed upon for the Work) in form and content satisfactory to the District.
- b. If the Creator fails to deliver the Work on time, the District will have the right to terminate this agreement and to recover from the Creator any sums advanced in connection with the Work. Upon such termination, the Creator may not have the Work published elsewhere until such advances have been repaid.

3. Quoted Material

With the exception of short excerpts from others' works, which constitute fair use, the Work will contain no material from other copyrighted works without a written consent of the copyright holder. The Creator will obtain such consents at his/her own expense after consultation with the District and will file them with the District at the time the Work is delivered. Any obligations associated with permissions will be the responsibility of the Creator.

4. Creator's Warranty

The Creator warrants that he/she is the sole owner of the Work and has full power and authority to make this agreement; that the Work does not infringe any copyright, violate any property rights, or contain any scandalous, libelous, or unlawful matter. The Creator will defend, indemnify, and hold harmless the District and/or its licensees against all claims, suits, costs, damages, and expenses that the District and/or its licensees may sustain by reason of any scandalous, libelous, or unlawful matter contained or alleged to be contained in the Work or any infringement or violation by the Work of any copyright or property right; and until such claim or suit has been settled or withdrawn, the District may withhold any sums due the Creator under this agreement.

5. Consideration

In consideration for delivery of the Work in accordance with the provisions of this Agreement, District shall pay Creator [amount].

5/20/19
RGA
CJ
JR

6. Revisions

Note: Choose one paragraph

The Creator shall retain the right to revise the Work at one year intervals during the term of this agreement in accordance with academic standards. The Creator further agrees to update the Work within 90-days upon the receipt of a written request from the District. The provisions of this agreement shall apply to each revision of the Work by the Creator as though that revision were the Work being published for the first time under this agreement. In the event that the Creator is unable or unwilling to provide a revision within 90 days after the District has requested it, or should the Creator be deceased, the District may have the revision made and charge the cost against sums due the Creator under Section 5 above, if any, and may display, in the revised Work and in advertising, the name of the person or persons who perform the revision.

Or

This paragraph has been deleted because the Creator's contribution is not a work expressing academic expertise requiring periodic review and revision.

7. Term and Termination

- a. This agreement shall remain in effect for three years unless terminated earlier in accordance with this Section 7.
- b. In the event that either party shall be in default of its material obligations under this agreement and shall fail to remedy such default within 60-days after receipt of written notice thereof, this agreement shall terminate upon expiration of the 60-day period.
- c. Upon the expiration of the term of this agreement, the parties may agree to renew this agreement for an additional three-year term, upon the same terms and conditions as set forth herein.

8. Options/Contracts with Third Parties

Nothing contained in Section 7 shall affect any license or other grant of rights, options, or agreements made with third parties prior to the termination date or the rights of the District in the income resulting from such agreements.

9. Amendments

The written provisions contained in this agreement constitute the sole and entire agreement made between the Creator and the District concerning this Work, and any amendments to this agreement shall not be valid unless made in writing and signed by both parties.

5/20/19
RGA
CN
W

10. Construction, Binding Effect, and Assignment

This agreement shall be construed and interpreted according to the laws of the State of California and shall be binding upon the parties hereto, their heirs, successors, assigns, and personal representatives; and references to the Creator and to the District shall include their heirs, successors, assigns, and personal representatives.

IN WITNESS WHEREOF, the parties have duly executed this agreement as of the date first written above.

Form B: Contract under which Employee Keeps Copyright of the Work and Gives District a License to Use/Exploit Work

Course Materials

This Agreement made the [date] day of [month], 20[year], by and between [name of Creator] ("Creator," and if there is more than one Creator then all of them collectively) and the District.

Recitals

The Creator will be the sole contributor of copyrightable expression to the educational course materials anticipated to result from this project. The District will be contributing significant kinds and/or amounts of District resources. The Parties recognize that under law, the District is obligated to obtain appropriate consideration for the transfer of state resources. In furtherance of their mutual objectives, the Parties agree to allocate certain of their rights and responsibilities as set forth in this agreement.

The Creator and the District agree as follows:

1. Rights Granted

Nonprofit Educational Uses – The Creator hereby grants to the District for the full term of this agreement the non-exclusive right to copy, distribute, display, perform, transmit, and publish for nonprofit educational purposes the educational course materials entitled: [name of work] (hereinafter called "Work").

2. Delivery of the Work

- a. The Creator will prepare and deliver to the District on or before [date] the completed Work (with all illustrations, charts, graphs, and other material, including syllabi, handouts, reference lists, etc., in the medium mutually agreed upon for the Work) in form and content satisfactory to the District.
- b. If the Creator fails to deliver the Work on time, the District will have the right to terminate this agreement and to recover from the Creator any sums or other resources advanced in connection with the Work. Upon such termination, the Creator may not have the Work published elsewhere until such advances have been repaid.

3. Quoted Material

With the exception of short excerpts from others' works, which constitute fair use, the Work will contain no material from other copyrighted works without a written consent of the copyright holder. The Creator will obtain such consents at his/her own expense after consultation with the

5/20/19
RSD
CN
JK

District and will file them with the District at the time the Work is delivered. Any obligations associated with permissions will be the responsibility of the Creator.

4. Publication of the Work

The Work shall be distributed, transmitted or published by the District/Creator as soon as circumstances permit after receipt, at its own expense, in such manner as the District/Creator shall deem appropriate.

5. Copyright Registration

The Creator authorizes the District to register copyright in the Work in the Creator's name in the United States and elsewhere as the District may elect.

6. Creator's Warranty

- a. The Creator warrants that he/she is the sole owner of the Work and has full power and authority to make this agreement; that he or she has made a good faith effort to follow the District's Intellectual Property Policy and Procedures and that the Work does not infringe any copyright, violate any property rights, or contain any scandalous, libelous, or unlawful matter.
- b. To the extent that an act of the Creator that results in a claim of copyright infringement was authorized by the District's Intellectual Property Policy and Procedures, in accordance with that Policy and to the extent authorized by the Constitution and laws of the State of California, the District, will defend, indemnify and hold harmless the Creator against all claims, suits, costs, damages and expenses that the Creator may sustain by reason of such infringement or violation by the Work of any copyright.
- c. In all other cases, the Creator will defend, indemnify, and hold harmless the District and/or its licensees against all claims, suits, costs, damages, and expenses that the District and/or its licensees may sustain by reason of any scandalous, libelous, or unlawful matter contained or alleged to be contained in the Work or any infringement or violation by the Work of any copyright or property right; and until such claim or suit has been settled or withdrawn, the District may withhold any sums due the Creator under this agreement.

7. Consideration

- a. District will contribute the following resources to the creation of the Work:

[List: Materials, Hardware, Software, Technical Assistance, Other Assistance, Videotaping, Programming, Teaching Load Credit, or Funding.]

5/20/19
RED
CN
[Signature]

The parties shall share in any revenues from the commercialization of the Work as follows: District will first recover its resource contribution in the amount of \$ ___, then the Parties shall share profits proportionally (District: ___% Creator: ___%) to the retained interest of each party.

8. Subsidiary Rights

Nonprofit Educational Uses – The District has been granted a limited right to use the Work for nonprofit educational purposes only and therefore does not need subsidiary rights and all such rights are retained by the Creator.

9. Revisions

The Creator shall retain the right to revise the Work at one year intervals during the term of this agreement in accordance with academic standards. The Creator further agrees to update the Work within 90-days upon the receipt of a written request from the District. The provisions of this agreement shall apply to each revision of the Work by the Creator as though that revision were the Work being published for the first time under this agreement. In the event that the Creator is unable or unwilling to provide a revision within 90-days after the District has requested it, or should the Creator be deceased, the District may have the revision made and charge the cost against the Creator's royalties and may display, in the revised Work and in advertising, the name of the person or persons who perform the revision.

10. Term and Termination

- a. This Agreement shall remain in effect for three year(s) unless terminated earlier in accordance with this Section 10. Upon expiration of the term and any renewal term(s) agreed upon pursuant to Section 10(c), or upon earlier termination in accordance with Section 10(b), the rights granted in the Work shall revert to the Creator, subject to retention by the District of the non-exclusive, perpetual right and license to use the Work for internal nonprofit educational purposes and to use the structure and organization of the Work as a guide for the creation of a new course.
- b. In the event that either Party shall be in default of its material obligations under this Agreement and shall fail to remedy such default within 60-days after receipt of written notice thereof, this Agreement shall terminate upon expiration of the 60-day period.
- c. Upon the expiration of the term of this Agreement, the parties may agree to renew this Agreement for an additional three-year term, upon the same terms and conditions as set forth herein.

11. Options/Contracts with Third Parties

Nothing contained in Section 10 shall affect any license or other grant of rights, options, or agreements made with third parties prior to the termination date or the rights of the District in the income resulting from such agreements.

STUDENT LEARNING OUTCOMES HANDBOOK 2020-2021

Academic Senate Adoption: _____ 3-24-2021 _____

Curriculum Committee Review: _____ 4-6-21 _____

INTRODUCTION

The Accrediting Commission for Community and Junior Colleges (ACCJC) requires associate degree granting institutions to meet four standards that ensure that the public receives a valuable education.

The Standards measure not only the quality and effectiveness of the institution's programs and support services no matter where or how they are offered, but also the effectiveness of the institution in meeting its mission, the adequacy of resources, and the processes of leadership, governance, and decision-making to adapt the institution to meet a changing future (ACCJC.org).

The four standards are designed to foster discussion about the institutions effectiveness and ways to enhance it. The four standards are as follows:

STANDARD I

The institution demonstrates strong commitment to a mission that emphasizes student learning and student achievement. Using analysis of quantitative and qualitative data, the institution continuously and systematically evaluates, plans, implements, and improves the quality of its educational programs and services. The institution demonstrates integrity in all policies, actions, and communication. The administration, faculty, staff, and governing board members act honestly, ethically, and fairly in the performance of their duties.

STANDARD II

The institution offers instructional programs, library and learning support services, and student support services aligned with its mission. The institution's programs are conducted at levels of quality and rigor appropriate for higher education. The institution assesses its educational quality through methods accepted in higher education, makes the results of its assessments available to the public, and uses the results to improve educational quality and institutional effectiveness. The institution defines and incorporates into all of its degree programs a substantial component of general education designed to ensure breadth of knowledge and to promote intellectual inquiry. The provisions of this standard are broadly applicable to all instructional programs and student and learning support services offered in the name of the institution.

STANDARD III

The institution effectively uses its human, physical, technology, and financial resources to achieve its mission and to improve academic quality and institutional effectiveness. Accredited colleges in multi-college systems may be organized so that responsibility for resources, allocation of resources, and planning rests with the district/system. In such cases, the district/system is responsible for meeting the Standards, and an evaluation of its performance is reflected in the accredited status of the institution(s).

STANDARD IV

The institution recognizes and uses the contributions of leadership throughout the organization for promoting student success, sustaining academic quality, integrity, fiscal stability, and continuous improvement of the institution. Governance roles are defined in policy and are

designed to facilitate decisions that support student learning programs and services and improve institutional effectiveness, while acknowledging the designated responsibilities of the governing board and the chief executive officer. Through established governance structures, processes, and practices, the governing board, administrators, faculty, staff, and students work together for the good of the institution. In multi-college districts or systems, the roles within the district/system are clearly delineated. The multi-college district or system has policies for allocation of resources to adequately support and sustain the colleges.

The guidance provided in this document is specifically designed to help the institution meet Standard I and II as it pertains to Outcomes Assessment (OA), specifically, Student Learning Outcomes (SLOs). For guidance on how to meet the other standards, please refer to the ACCJC website.

Building a common language around Student Learning Outcome assessment is key to increased understanding and success. Please find a list of frequently used terms below:

SLO: (Student Learning Outcomes) State what a student is able to know or do at the completion of a course.

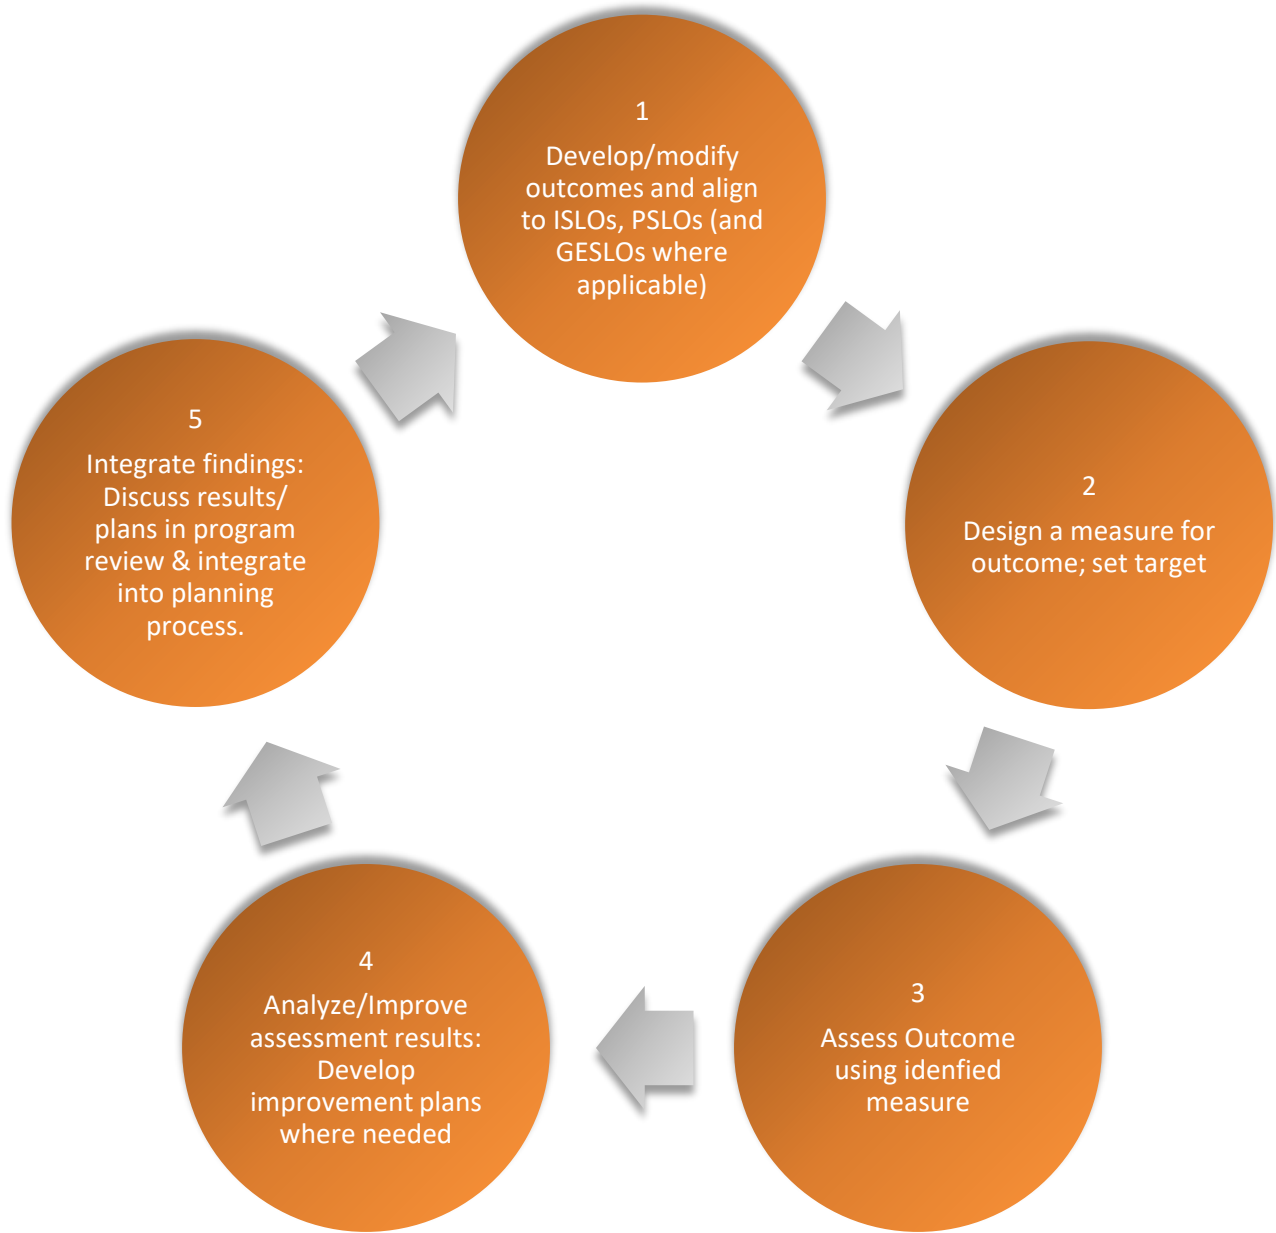

PSLO: (Program Student Learning Outcomes) State what a student is able to know or do at the completion of a program.

ISLO: (Institutional Learning Outcomes) Identify desired abilities of students upon completion of their education at Lassen Community College based on their whole college experience including receiving instruction and services, as well as engagement as a member of the LCC community.

GESLO: (General Education Student Learning Outcomes) Specify what a student is able to know or do at the completion of a course that relates to transferable general education criteria.

Outcome Assessment Cycle

Figure 1 *The process of outcomes assessment.*

Outcomes Assessment Cycle: The process by which we develop, assess, analyze, improve and integrate outcomes aligned with institutional mission into our planning process through program review in support of institutional strategic goals.

Student Learning Outcome and Assessment Cycle

Step 1: Develop/Modify Student Learning Outcomes (SLOs)

Course SLOs are developed and included in Curriculum submissions of new courses. Program SLOs are included in Curriculum submissions for new programs. SLO Mapping is included with initial Curriculum submissions. SLO Maps align SLOs to GESLOS and ISLOS [Appendix A: SLO Map]. Program SLO Maps align course SLOs to Program SLOs [Appendix B: PSLO Map]. Many existing programs have these maps in place; those that do not are being pushed to complete them Spring 2021. Course and program SLOs may be revised at any time through the Curriculum process. Regular review of course and program SLOs occurs during the IPR process. Special courses not mapped to PSLOs are mapped to ISLOs and GESLOs.

Step 2: Design Measure & Set Target

SLO Maps identify measure(s) and target for SLO assessment.

Step 3: Assess SLOs

Course SLOs are assessed utilizing identified measures each term a course is offered, following the course's 2 year plan cycle. Two year plans for each program are located on the Lassen Community College website. Faculty are contractually required to assess a minimum of one SLO per course per term. SLO Assessment plans are submitted to Academic Services at the beginning of the term. Faculty collect and report SLO Assessment results at the end of the term.

PSLO and ISLO assessment is integrated into the IPR process. Programs receive PSLO and ISLO assessment data during their IPR Orientation.

Step 4: Analyze/Improve Assessment Results

SLO Assessment Results include measure, target, number of students who achieved target, and a listing of proposed actions, or improvement plans, where targets are not met. Discussion of Improvement Plan design may be facilitated by Departmental Improvement Plan Brainstorming Form [Appendix C: Departmental Improvement Plan Brainstorming Form]. Discussion of SLO results, improvement plans, and impact of improvement plans is integrated into the IPR process.

Step 5: Report & Integrate Findings

Longitudinal SLO data is provided for Instructional Program Reviews (IPRs) by the Institutional Effectiveness Office. IPRs include faculty analysis of SLO assessment results and SLO improvement plans (IPR Template Section II: Student Learning Outcomes).

The Instructional Program Review Handbook provides the mechanism by which budgetary requests identified in program reviews are supported by SLO findings and improvement plans, student achievement data, findings from research studies (where available); and are aligned with institutional strategic goals as a means to support quality improvement and evidence driven decision making (IPR Template Sections I-IV Planning Agendas and IPR Template Section VI. B: Prioritized Recommendations for Inclusion in the Planning Process).

Figure 2

The use of evidence to support budgetary decision making through program review:

SLO Process Improvement Plan Timeline

ACCJC Requirements and Recommendations identified in the June, 2020 Action letter from ACCJC brought to light improvements needed in LCC's SLO processes. As a result, a SLO Process Improvement Timeline was developed with the following goals:

Year 1: 2020-2021: Systematic Improvement

1. Consistent assessment of SLOs.
2. Consistent mapping aligning course SLOs to ISLOs, PSLO's and GESLOs.
3. Pilot project focused on PSLO and ISLO assessments targeted for inclusion in IPRs due 2021-2022.
4. Revision of IPR Handbook to emphasize discussion of SLO assessment results, "closing the loop."

Year 2: 2021-2022: Implementation

1. Integration of improved SLO data in IPRs
2. Integration of IPR prioritized recommendations in planning process
3. Analyze results of PSLO/ISLO pilot assessment project. Develop improvement plans for furthering robust SLO assessment.

STUDENT LEARNING OUTCOMES

Student Learning Outcomes (SLOs) state what a student is able to do at the completion of a course or course assignment. A student learning outcome is a statement of expectation that articulates:

- What students will know, do or think/feel as a result of our interaction with them,
- Specifies how learning will be assessed, and
- Documents the results of assessment and how those results will be used to improve learning.

SLOs are: “What can students do or produce at the end of the course that they could not at the beginning.”

Measuring SLOs

- SLOs are measurable so that the difference between the planned achievement and the learned achievement can be narrowed.
- Once outcomes are known, faculty can adjust the course or program to better accomplish the expected outcomes or the outcomes can be re-written to better reflect expected student learning.
- Expectations for student learning and assessment are *collaboratively authored* and *collectively accepted*.

Assessment

“Not everything that can be counted counts and not everything that counts can be counted.”
Albert Einstein

Assessment is an ongoing process primarily aimed at one of two things:

- 1) Improving programs and/or services, and
- 2) Understanding and increasing student learning.

Measurement is the process of collecting data for evaluation of your **Outcomes**.

- **WHAT** you are going to measure.
- This will help you determine **HOW** you are going to collect your data.

The Division/Department must:

- Make program objectives and student learning outcomes explicit and public
- Set appropriate criteria and high expectations;
- Systematically gather, analyze, and interpret data to determine how well programs and services meet those expectations and criteria

- Use the resulting data to document, explain, and improve programs, services, and student learning outcomes
- Re-evaluate criteria and modify as necessary.

Direct vs. Indirect Assessment

Direct assessment involves looking at actual samples of student work.

- Direct measures assess student performance of identified learning outcomes, such as mastery of a lifelong skill. They require standards of performance.
- Examples of direct assessments are: pre/post-test; course-embedded questions; standardized exams; portfolio evaluation; videotape/audiotape of a performance.

Indirect assessment is gathering information through means other than looking at actual samples of student work.

- Indirect measures assess opinions or thoughts about student knowledge, skills, attitudes, learning experiences, and perceptions.
- Examples of indirect measures are: student surveys about instruction; focus groups; alumni surveys; employer surveys.

Formative Assessment

Formative assessment refers to assessment that is carried out throughout the course of study, project, or time-frame to provide feedback regarding whether the outcome is being met. Formative assessment may be conducted for the following reasons:

- Program improvement;
- To provide feedback in order to improve instruction, learning, and curricula;
- To identify students' strengths/weaknesses and
- To determine if the SLOs and instruction are in sync.

Summative Assessment

Summative assessment refers to assessment that is carried out at the end of a course, project, or time-frame to evaluate whether the outcome was achieved (i.e., the overall performance). Summative assessment may be conducted for the following reasons:

- Evaluation and accountability;
- Decision-making regarding fund allocation;
- To aid in program level decision-making;
- To respond to demands of accrediting bodies, state and federal agencies.

FREQUENTLY ASKED QUESTIONS

The following section focuses on questions (FAQs) related to Student Learning Outcomes (SLOs)

1) What are SLOs and how do they differ from course objectives?

According to the ACCJC, Student Learning Outcomes are the “knowledge, skills, abilities, and attitudes that a student has attained at the end (or as a result) of his or her engagement in a particular set of collegiate experiences” (ACCJC Standards Adopted 2002, Standards Glossary, p.6). In other words they are the “specific observable or measurable results that are expected subsequent to a learning experience.” The SLO Glossary produced by ASCCC (2010) further clarifies by stating that,

SLOs describe a student’s ability to synthesize many discreet skills using higher level thinking skills and to produce something that asks them to apply what they’ve learned. SLOs usually encompass gathering together of smaller discrete objectives through analysis, evaluation and synthesis into more sophisticated skills and abilities (p. 13).

SLOs differ from course objectives in that the latter are specific teaching objectives that drive course content and activities (ASCCC.org). Objectives are small steps that lead toward a goal, for instance the discrete course content that faculty cover within a discipline. Objectives are usually more numerous and create a framework for the overarching student learning outcomes which address synthesizing, evaluating and analyzing many of the objectives (ASCCC, 2010, p. 10).

2) Why should I participate in this process?

The Academic Senate views outcomes assessment as a productive activity that can improve teaching practices and thus enhance student learning. For this reason, effective assessment practices are important not only to meet accreditation demands but also to benefit the college, the faculty, and the students.

Principle 11 of the Guiding Principles of SLO Assessment (2010) states, “Faculty should engage in SLO development and assessment not because it is a requirement for accreditation but rather because it is good professional practice that can benefit programs and students” (p.25). According to this, faculty’s chief responsibility is to provide students with an effective and rewarding learning experience. The responsibility involves participation in development of curriculum at the course, program and college level, and not just the responsibility for one’s own classes. Furthermore, “decisions regarding curriculum development should be based on collegial and authentic analysis of data...and for this reason SLO assessment can provide informative and beneficial input for making curricular evaluation and discussion at all levels more valuable and purposeful (Guiding Principles of SLO Assessment, 2010).

The Guiding Principles of SLO Assessment (2010) also states,

Outcomes and their assessments therefore must remain under the purview of those responsible for teaching the courses and those who are most qualified to make decisions regarding curricular practices. Faculty should have control of assessment processes and take the lead in analysis and use of the data. Collection of data should be led by the faculty members in the courses they teach. In all aspects of SLO development and assessment, faculty should assume primary responsibility (p.26).

In other words, because faculty members have the necessary expertise, curricular decisions need to remain under their control. For this reason faculty need to be the ones that engage in assessment of student learning outcomes and the curricular decisions that follow. Guiding Principles of SLO Assessment (2010) supports, “When designed and implemented appropriately, SLO assessment can provide significant benefits as a tool for evaluating and revising curriculum and for improving student learning, and these benefits should be the primary reason for faculty to participate in assessment work” (p.26).

The Guiding Principles of SLO Assessment (2010) reflects on the consequence of ignoring SLOs by stating,

If faculty do not accept these responsibilities and fail to see SLO assessment as a beneficial professional practice, both faculty and students may suffer. If assessment becomes a task done only to satisfy the ACCJC, faculty will be less likely to engage in authentic discussions of valid data, and indeed the data collected itself may well be less informative. Curricular development and decision making will be less effective, thereby depriving students of the maximum educational experience. In addition, faculty who do not engage in assessment activities may find that decisions regarding curriculum are made for them, either by smaller groups of individuals who have chosen to become involved or, worse yet, by non-faculty who have taken on the responsibilities rightly due to the instructional experts (p.26).

3) Should grades suffice for assessment?

According to the Guiding Principles of SLO Assessment (2010), Principle 8, states “SLO Assessment processes and grading are different but mutually compatible activities and should complement rather than conflict with each other” (p.21). Grades and SLOs are not the same thing because they have different approaches and have different purposes. Grading usually involves assigning a letter to some assignment or class the student participated in. The grade tells you very little or nothing about what skills the student can perform. Grades also tell you nothing about how the student can improve. According to Sholars (2009),

It is very difficult to trace back the learning of specific skills from a general grade. For example, if a student earns a “B” in the course, it is not possible to determine which skills or topics within the course were grasped well by the student simply by looking at the grade the student earned. Different faculty members teaching the same course could vary in the way they measure the combination of the different skills to produce the grade. For instance, Professor A might count the research paper for that course as 20% of the student’s overall grade, while Professor B might count the research paper for that course as 15% of the student’s overall grade. If that same research paper was used to assess an SLO, the faculty would score the skills that the faculty determined important on a faculty-

developed rubric. The faculty would have been normed on the rubric. Consequently, a student could earn an “A” in the course, but have scored 3 out of 4 on a faculty-developed rubric.

It is not just faculty that should be aware of the skills attained by a student after an assignment, but also the student. Students should be assigned a grade on an assignment and also a score that pertains to the SLO. If the student is familiar with the rating scale on the rubric, and what skills each score represents for a particular SLO, the student would be aware of what skills he or she has attained and which have not yet been mastered.

[Therefore,] formative SLO assessment involves evaluating student performance with the aim of providing feedback that will enhance student learning through improved instruction. Formative assessment helps the student and the instructor to ascertain what has been learned and what still needs to be learned and thereby can improve both teaching and learning” (p.26).

Thus, student learning outcomes are more useful for helping students understand how to improve their performance in a class and in future classes. Data from SLO assessment also provides feedback to faculty about how to improve instructional practices in a current class and in subsequent classes. Grading and outcomes assessment need not conflict with each as both serve necessary functions. “Faculty who employ only grades or only outcomes assessment may be depriving their students of important feedback. For example, a composition instructor who reads a student essay and simply assigns a letter grade or score, or even one who offers brief, general written comments to the student, has done little to improve the student’s writing. More productive comments would target specific expectations or outcomes for the paper and explain to the student where and how those expectations have or have not been satisfied. Through such feedback students can advance their skills and enhance their understanding of the course material. Thus, grading and outcomes assessment both serve important though separate roles and rather than conflicting, these processes should work in tandem to provide the different levels of input necessary for complete and effective student evaluation.

4) How do I begin? (Writing SLO’s)

The fillable Course SLO Map form (Appendix A) provides space for the description of SLOs and linkages to measures and achievement targets. Additionally, the form allows for linkages between the SLOs and the Institutional Learning Outcomes (ILOs) and the General Education Outcomes (GEOs).

According to the SLO Glossary produced by ASCCC in 2010, SLOs describe a student’s ability to synthesize many discreet skills using higher level thinking skills and to produce something that asks them to apply what they’ve learned. SLOs usually encompass gathering together of smaller discrete objectives through analysis, evaluation and synthesis into more sophisticated skills and abilities. (ASCCC, 2010, p. 13). An SLO refers to an overarching outcome for a course, program, degree or certificate, or student services area (such as the library).

Therefore, you should begin by examining at the specific course objectives listed in the Course Outline of Record (COR) for the particular course. You should then try combining 2 or 3 or more of them into one logical cohesive outcome that can be assessed.

For example, at LCC BUS 2 course has the following course objectives:

1. Cite and explain major events in U.S. history that have had a material effect on the way we conduct business in the U.S. today.
2. Compare and contrast economic systems found globally.
3. Define business ethics and explain the role of social responsibility in an organization.
4. Describe the role of information technology and the impacts it has had on business in the U.S. and globally.
5. Describe the major benefits and barriers found in international trade.
6. Compare and contrast commonly found forms of business organization by identifying primary benefits and detriments of each organizational form.
7. Describe the key management functions found in common business operations.
8. Describe the major theories and contemporary practices of business leadership.
9. Identify current production & operations processes and practices.
10. Identify key human resource management functions and the laws surrounding the management of people as a workforce.
11. Explain the primary components and functions of financial statements and conduct a simple financial statement analysis.
12. Describe the different types of common business financing options the impacts it has on various financial business positions.
13. Identify key components and functions of securities markets and the monetary system.

Objectives 8, 9, and 10 could be combined and rewritten as: Students will demonstrate an understanding of contemporary business principles and practices.

The other objectives can be combined similarly to yield other student learning outcomes.

Phrases and Words to be AVOIDED: Below is a list of words and phrases, which should be avoided when possible. These words are not forbidden. It is simply being suggested that they be avoided whenever possible or that their meaning be more fully elaborated when used by explaining how one would know if students are appreciating, enjoying, understanding, etc.

Words and Phrases to be AVOIDED when Evolving Objectives and Learning Outcomes:

believe	SHOW:	BECOME:
capacity	Appreciation for...	Acquainted with...
comprehend	Attitude of...	Adjusted to...
conceptualize	Awareness of ...	Capable of...
depth	Comprehension of...	Cognizant of...
experience	Enjoyment of...	Conscious of...
feel	Feeling for...	Familiar with...
hear	Interest in...	Interested in...
intelligence	Knowledge of...	Knowledge about...
know	Understand of...	Self-confident in...
listen		
memorize		

perceive realize see self-actualize		
--	--	--

Shopping List of VERBS: It is often very hard to find the right work to describe the students' expectation when writing an outcome or objective. The shopping list of verbs listed below may be useful in constructing course objectives and student learning outcomes.

A Categorized “Shopping List” of Verbs
Useful for Making Objectives and Outcomes More Precise

alter analyze appraise arrange attempt attend categorize change chart choose cite circle classify collect combine compare compile complete conclude consider contrast copy count criticize shorten structure tally	discover discriminate distinguish distribute document duplicate evaluate explain expand extend find follow formulate gather record relate reproduce return search signify sort suggest support underline signify switch tell	generate generalize identify imitate include indicate induce infer isolate itemize label list locate map mark match modify name note omit order organize paraphrase place simplify synthesize volunteer	plan point predict present propose provide question quote rearrange recall recombine reconstruct regroup rename reorder reorganize repeat rephrase restate restructure retell rewrite save select state systematize
--	--	---	--

General Applications

<u>Language</u>	<u>Mathematics</u>	<u>Science</u>	<u>Social</u>
abbreviate	add	calibrate	accept
accent	bisect	compound	agree
alphabetize	calculate	connect	aid
argue	check	convert	allow
articulate	compound	decrease	answer
capitalize	compute	demonstrate	buy
edit	count	dissect	communicate
hyphenate	derive	graft	complement
indent	divide	grow	contribute
outline	estimate	increase	cooperate
print	extrapolate	insert	disagree
pronounce	extract	lengthen	discuss
punctuate	graph	light	excuse
read	group	limit	forgive
recite	integrate	manipulate	greet
speak	interpolate	nurture	guide
spell	measure	operate	help
state	multiply	plant	inform
summarize	number	prepare	interact
syllabicate	plot	reduce	join
translate	prove	remove	lend
type	reduce	replace	meet
verbalize	solve	report	offer
write	square	reset	participate
	subtract	set	permit
	tabulate	specify	praise
	tally	straighten	react
	verify	time	relate
		transfer	serve
		weigh	share
			supply
			talk
			volunteer
			vote

Analyzing Process Complexity: It is important for the instructor to be fully aware of what the learner must do mentally with the content of the objective. Certain mental operations are obviously more difficult to accomplish than others. To recall information and report it in the same form as it was learned is a simpler task than to break the information down into previously unseen elements. Educators have noted that learning can occur at various levels of complexity. Select words which relay the degree of complexity of the learning process during the writing of objectives and outcomes.

I. Responding (simple specific responses)		
Example Verbs:		Example Outcome:
Circle	Imitate	“...without the use of references, recall with 80% accuracy, the position held by key candidates on central issues of a recent local or national campaign...”
Connect	List	
Define	Point	
Duplicate	Recall	
Find	Recognize	
Identify	Repeat	
Sort	State	
	Tell	
	Underline	
II. Elaborating (demonstrating comprehension)		
Example Verbs:		Example Outcome:
Classify	Locate information	“...accurately paraphrases summary statements made by each major candidate on the central issue of the campaign to the satisfaction of the instructor.”
Compute	Measure	
Discriminate	Paraphrase	
Explain briefly	Produce	
List reasons for		
III. Investigating (simple application of basic knowledge)		
Example Verbs:		Example Outcome:
Cite evidence for	Investigate	“...distinguish editorial from factual information in over half of the instances, when provided with reviewing assignments in each of three new media (e.g. television, newspaper, magazine).”
Find more about	Omit	
Gather data on	Order	
Illustrate		
IV. Analyzing (application of complex operations)		
Example Verbs:		Example Outcome:
Compare		“...justify his or her selection of a least two different news media considered as reliable sources of information on candidates and issues. All justification to be documented from references, citing at least five types of evidence of reliability.”
Justify with logic and evidence		
Contrast		
Organize data in new forms		
Differentiate		
Interpret		

V. Concept Forming (developing simple original applications)	
<p style="text-align: center;">Example Verbs:</p> <p>Discover and document relationships Elaborate the concept of... Identify variables in Prove beyond a reasonable doubt</p>	<p style="text-align: center;">Example Outcome:</p> <p>“...document at least three reports exemplifying the concept that, ‘in a democratic process, no action is equal in effect to a positive action.’ Each report must be logically developed and consistent with factual records in the judgment of the instructor.”</p>
VI. Principle Forming (mastery and elaboration of concepts, principles or original thoughts)	
<p style="text-align: center;">Example Verbs:</p> <p>Deduce Predict Extrapolate Reorganize Infer Synthesize Integrate Rank order on varied criteria</p>	<p style="text-align: center;">Example Outcome:</p> <p>“...correctly predict (in at least four out of five instances) the action taken on given controversial issues by national political office holders; when provided case studies which clearly document voter and lobby pressures, as well as other pertinent facts, as they existed.</p>
VII. Problem Solving (fully developed original contributions)	
<p style="text-align: center;">Example Verbs:</p> <p>Discuss critically Formulate hypothesis and experiments Generalize from data Improve the process by which Prepare explanatory model Suggest refinements in Tailors logical arguments</p>	<p style="text-align: center;">Example Outcome:</p> <p>“...tailor logical appeals to peers who hold views opposing his or her own view on a controversial political issue. Over half of those persons to whom he directs the appeal, should as a result, at least agree as to the logical nature of his appeal, if not also describing themselves as less certain on the issue than before.”</p>

Bloom’s taxonomy is a well-known description of levels of educational objectives. It may be useful to consider this taxonomy when defining your SLOs.

1. **Knowledge:** Recalling or remembering information without necessarily understanding it. Includes behaviors such as describing, listing, identifying, and labeling.

2. **Comprehension:** Understanding learned material and includes behaviors such as explaining, discussing, and interpreting.

3. **Application:** The ability to put ideas and concepts to work in solving problems. It includes behaviors such as demonstrating, showing, and making use of information.

4. **Analysis:** Breaking down information into its component parts to see interrelationships and ideas. Related behaviors include differentiating, comparing, and categorizing.
5. **Synthesis:** The ability to put parts together to form something original. It involves using creativity to compose or design something new.
6. **Evaluation:** Judging the value of evidence based on definite criteria. Behaviors related to evaluation include: concluding, criticizing, prioritizing, and recommending.³ (Bloom, 1956)

5) Now SLOs are written, what do I do with them?

SLOs are specific measurable outcomes that are expected subsequent to a learning experience. Therefore, an **assessment tool** must be found or developed that can yield data that determines whether that outcome has taken place. In other words, the assessment tool should be able to tell you whether students can really do what the SLO states. According to the Guiding Principles for SLO Assessment (2010), Principle 1: “Faculty have the primary responsibility for developing assessment tools and determining the uses of data that are collected, and therefore faculty engagement and active involvement in SLO assessment is essential” (p.9).

As mentioned previously, only faculty have the necessary expertise, training, background, and experience necessary to develop effective methods of SLO assessment for their courses and programs. According to Principle 1 in the Guiding Principles for SLO Assessment (2010), “This same principle applies not only to classroom instruction, but also to student support services, library services, and all other areas of a student’s academic experience” (p.9).

At the beginning of each semester faculty prepare and submit an SLO Assessment Plan for each class within one week of the first meeting of the class.

6) What are the different types of assessments that I can use?

In *The Concept of Formative Assessment*, Boston (2002) offers the following explanation and definition of the concept of assessment: “Black and William (1998b) define assessment broadly to include all activities that teachers and students undertake to get information that can be used diagnostically to alter teaching and learning” (p. 8).

There are many different modes of assessments: The following, though by no means exhaustive, is a list of some of the most common tools:

Table 1 *Common Assessment Tools*

Academic Direct Measures	Academic Indirect Indicators	Administrative Measures
Capstone Assignment	Advisory Board	Activity Volume
Comprehensives	Alumni Survey	Benchmarking
Internship Evaluations	Benchmarking	Climate/Environ
Licensure Exam	Curriculum	Discussions

Performance	Employer Survey	Doc. Analysis
Portfolio	Exit Interviews	Efficiency
Pre/Post Test	Focus Groups	Evaluations
Presentation	Graduate Acceptance	Existing Data
Project	Honors/Awards	External Report
Standard. Test	Placement Data	Focus Groups
Thesis/Project	Satisfaction	Gov't Standards
Video/Audiotape	School Perform	Prof. Standards
Written Assignment	Student Evaluations	Satisfaction
Writing Exam	Transfer Acceptance	Service Quality

According to the Guiding Principles for SLO Assessment (2010):

If the term “assessment” refers to the process of collecting data, then “assessment results” are the data or evidence produced by this process. Such data need not always be quantifiable or measurable in numerical terms. Assessment results may take various forms, including not only quantitative data such as numerical or statistical scores but also qualitative evidence such as portfolios, narratives, performances, or other data that may be more dependent on observation than computation. Any information produced by assessment processes that can be used for analysis and improvement of student achievement and learning would fall under the category of assessment results (p. 8).

7) How do I know I have a good assessment tool for my SLOs?

This question is best answered by the Guiding Principles of SLO Assessment (2010) Principle 5: “SLO assessment should be as authentic as possible and should be minimally intrusive to the educational experience of students and the instructional planning and performance of faculty” (p.16).

Good assessment needs to simulate real world experiences and involve the application of critical thinking to tasks that approximate real world conditions like the workplace and other situations outside the classroom (Wiggins, 1990). Appropriate SLO assessment should not be simply a reproduction of information without context to anchor it. Authentic assessment is meaningful and involves application of knowledge and skills, not just simply memorization of information. The ACCJC’s 2012 SLO Rubric notes the importance of authentic assessment as an aspect of SLO proficiency: “Student learning outcomes and authentic assessment are in place for courses, programs, and degrees” (p. 5).

Faculty members also need to consider providing assessments at certain intervals of a course rather than just at the end. Such assessments are more useful because they can track student progress and provide more useful feedback to improve student learning. In other words, ongoing authentic assessment can improve the input that faculty provide to students as an aspect of instruction throughout their classes. As Chickering and Gamson’s (1987) *Seven Principles for Good Practice in Undergraduate Education* states, “In classes, students need frequent opportunities to perform and receive suggestions for improvement” (para. 15).

Assessments should also be integrated into courses so they are non-obtrusive and as least disruptive as possible. Guiding Principles of SLO Assessment (2010), Principle 5 indicates, “Other, more formal assessment practices also might be developed as a part of the standard instructional program for a course. Assessment data can be collected from work students do as required course activities, projects, or assignments, requiring minimal additional course preparation or student performance” (p. 16). Faculty members can plan for such standards assessments in advance by incorporating them into their classes as part of the normal expectations for students in the course. This insures that SLO assessment will be as efficient and practical as possible

Furthermore, according to the Guiding Principles of SLO Assessment (2010), Principle 6 states, “Rather than relying on one assessment method for all situations, effective assessment may benefit from a variety of methods, even within a single course, that can respond to different learning outcomes, teaching styles, and student learning needs” (p.16).

8) Where do we collect the data?

At the end of each semester faculty submit the results of SLO Assessment, and steps taken as result of the assessment, within eight (8) District business days after the last day of finals. Data is submitted via an electronic, “End of Term Course Student Learning Outcomes Results” form (Appendix B).

Assessment criteria must be established for each SLO prior to collecting data. Assessment criteria refer to the percentage or ratio of questions answered correctly. For example, a multiple-choice test may require that 75% of the questions be answered correctly for the SLO to be met. Therefore the assessment criteria would be 75%. Assessment criteria can also be set for more complicated assignments like papers, projects, etc. by following a rubric.

An **achievement target** must also be set for each SLO before data is collected. The achievement target refers to the overall percentage of students that successfully meet the assessment criteria for the SLO. For example, a particular course might require that 80% of the students be successful when assessed for a particular SLO. Thus, for this particular SLO, 80% would be the achievement target.

9) What do we do with the data once it is collected?

Faculty need to take part in a discussion of the SLO results for their courses. All faculty who teach a particular course need to discuss the SLO results in order to decide whether they need to modify the SLO, the assessment tool, the assessment criteria, or the achievement target. More importantly, faculty members need to decide what the results mean for that particular course in order to modify it or improve it. Improvement plans involve consideration of planned changes that result from the review of SLO assessment results. Planned changes can include changes to the structure of an assessment or course, to the forms or other tools used as part of instruction, include changes to the curriculum of the course, the curriculum of the program, scheduling or sequencing changes to curriculum, requests for new equipment, etc. Improvement Plans include planned changes as well as the proposed participants, timeline, and assessment plan to evaluate the planned changes. The Departmental Improvement Plan Brainstorming Form (Appendix C)

provides guidance and a means to capture the dialog and information needed to create robust Improvement Plan(s).

According to the Guiding Principles of SLO Assessment (2010), Principle 1 states,

Faculty are in direct contact with students, have the greatest knowledge and deepest understanding of the students' needs and abilities, and have the responsibility for developing and delivering the curriculum and course content, and therefore faculty can better understand the context of the data. By accepting and embracing their responsibility for SLO design and assessment, faculty will be in the best position to examine assessment data, ask questions about what the data suggest, and make appropriate changes to classroom and institutional practices in order to improve student learning (p.9).

10) Who should be involved in this process?

According to the Guiding Principles of SLO Assessment, (2010) Principle 2 states,

Outcomes assessment is a process that should involve all appropriate participants at each level of the college, not just select groups or individuals. SLO assessment must involve full-time faculty members, part-time faculty members, staff, administrators, and anyone else directly or indirectly serving students. Faculty members need to take primary responsibility for developing SLOs, the assessments, analyzing data, and coordinating discussions. Part-time faculty members need to be involved as well as they are a majority of the faculty at most colleges. Faculty should be the ones making curricular decisions, especially those concerning how it can be changed and improved by using SLO data. Staff members also need to be involved. Staff members need to be involved in preserving data, maintaining and recording it, as well developing software tools and systems. Staff members are thus needed to support the entire SLO assessment process.

Discussion should also be held at the college level by faculty under the leadership of the academic senate. Instructional and student support service faculty should also be involved. According to the Guiding Principles of SLO Assessment (2010), Principle 2:

A comprehensive system of support services exists, and is characterized by a high degree of integration among academic and student support services Instructional and student support services faculty should not work in isolation from each other, but rather should collaborate and share information at all levels in order to more fully inform and strengthen the delivery of all aspects of a student's educational experience" (p.11).

There must also be assistance from college researchers to aid in the design and implementation of SLO instruments as well as evaluating their validity and applicability. Administrators also play an important role in the SLO process. Administrators need to support and facilitate the process. They need to make available sufficient staffing, technology, resources, compensation and other needs. Not only this, administrators must also support the SLO process through organization, scheduling, facilitating, coordinating, and encouraging, and approval of other necessary efforts to make the process more effective. According to the Guiding Principles of SLO Assessment (2010), Principle 2: "If the entire college is involved in assessment efforts, with each area or constituent group fulfilling its appropriate role while understanding and

respecting the faculty’s primacy in SLO processes, all areas will be able to work cooperatively toward the common goal of serving students in the most effective ways possible” (p. 11).

11) Now that SLOs have been defined, assessment tools have been developed, data and action plans have been collected. Am I done?

No. The process is supposed to be ongoing and lead to “**continuous quality improvement**” of the courses, programs and services offered by the college. According to Principle 1 of the Guiding Principles of SLO Assessment (2010), “The purposes of student learning outcomes include assessing student achievement, evaluating the strength of courses and programs, and identifying instances in which instruction and student learning can be improved” (p.9). Furthermore, According to the Guiding Principles of SLO Assessment (2010), Principle 3 states, SLOs and SLO assessment should be connected to the overall culture of the college through the college vision or values statement, program review processes, and college curriculum, planning, and budgeting processes”(p.10).

SLO assessment is not an end to itself but a vehicle for program and educational improvement. It needs to be an ongoing activity which uses current data to inform instructional practices. It should not be a periodic exercise that uses outdated assessments and data to inform current practices and decisions. The Academic Senate’s *SLO Terminology Glossary* (ASCCC, 2010) defines “**closing the loop,**” as:

Closing the Assessment Loop

The use of assessment results to improve student learning through collegial dialogue informed by the results of student service or instructional learning outcome assessment. It is part of a continuous cycle of collecting assessment results, evaluating them, and using the evaluations to identify actions that will improve student learning, implementing those actions, and then cycling back to collecting assessment results, etc. (p.4).

This requires a commitment by all people across all levels of the college. Faculty members are more likely to believe in the process and devote their effort if they feel it will lead to budgetary

decisions that will enhance students' educational experience. The college needs to make budget decisions that will support the projects and innovation that will lead to curriculum improvement. ACCJC emphasizes the importance of using assessment data as a basis for decision making throughout the college:

The institution uses assessment data and organizes its institutional processes to support student learning and student achievement (ACCJC Standard I.B.4).

Colleges must therefore integrate SLO assessment into its program review. In other words, data from SLO assessment needs to inform the decision making reflected in program review. Programs need to be analyzed based on concrete information, thus making the program review process more data driven. This allows SLO assessment to connect logically and meaningfully to both short-term and long-term college planning. SLO data can inform decisions for improvement of programs, the setting of goals and implementation of strategies, as well as allocation of resources to address these needs. Programs can use concrete data to support their budgetary requests thereby making budget discussions more meaningful and better informed. The decision making process will tie resource allocation directly to the SLO process.

Guiding Principles of SLO Assessment (2010) suggests, "Perhaps the highest level at which SLOs and SLO assessment can be incorporated into the culture of a college is by connecting general education outcomes directly to the college vision, values, or mission (p.10). Colleges might want to revise their mission statement, if necessary, to make an obvious connection with its institutional learning outcomes. Institutional learning outcomes should also have an explicit connection with the general education outcomes.

12) Do SLOs remain the same once established or can we change them?

SLOs can be revised as needed. According to the Guiding Principles of SLO Assessment (2010), Principle 3, that states:

The process and the SLOs themselves must remain open to revision and adjustment. Student needs and curricular practices change, and colleges must continuously reflect on their practices and expectations in order to serve students as fully as possible. The job of SLO development and assessment is never finished, and SLOs should not be seen as fixed or unchangeable. For SLO data to be effective in informing decision making at all levels of the college, the SLO assessment process should be revised as necessary to reflect changes in the college's curriculum, needs, and culture (p.10).

13) Okay, we are continuously assessing student learning outcomes, revising them as needed, and using them to inform program review. Now are we done?

No. Program learning outcomes, general education outcomes, and institutional outcomes must also be developed. Program learning outcomes (PLOs) have been defined by Marshall (2013) as "Broadly inclusive statements that might be considered areas of competency within a given discipline or general area of competency within a GE program." PLOs must be developed for any sequence of courses that leads to a certificate or degree.

According to the Guiding Principles of SLO assessment (2010), Principle 4, “SLOs should be clearly mapped and aligned throughout a course sequence and among various levels (course, program, institution) to achieve the most efficient and effective assessment” (p.15). The mapping of these outcomes needs to be thoughtful and involve dialogue among all necessary parties. This includes not only faculty, but also staff and administration. According to ASCCC (2010), “When dealing with outcomes and assessment, it is important to determine that course outcomes align or match up with program outcomes; that institutional outcomes align with the college mission and vision” (p.1). Doing this makes the assessment process more practical and efficient. An example within Principle 4, presents a scenario, “If program outcomes are designed and mapped to reflect direct connections to the SLO s of the courses that comprise the program, then assessment of the program outcomes may be conducted using data provided through the process of course SLO assessment” (p. 15). This means SLO assessments, if appropriately designed and assessed, can double as program learning outcomes. Furthermore, program learning outcomes assessment need not incorporate data from every course that comprises the program. Certain programs that have mastery courses, where students master a skill that was introduced in previous courses, might choose to focus assessment at the courses where mastery occurs.

Assessment of general education and institutional outcomes requires a broader dialogue. The *SLO Terminology Glossary* (2010), states that institutional learning reflect “The knowledge, skills, and abilities a student is expected to leave an institution with as a result of a student’s total experience” (p.9). Thus, they combine expertise found in several areas or a combination of areas and not a single discipline. Institutional learning outcomes include those related to institutional effectiveness (degrees, transfers, productivity) as well as learning outcomes. Principle 4 reflects on the success of the process as;

Successful attainment of general education and institutional outcomes depends on the overall educational experience that is founded on the course and program level. If students do not achieve the expected outcomes at the course and program level, then they are also unlikely to attain the college-level outcomes. For this reason, colleges should work to establish explicit alignment between program outcomes and those at the general education and institutional level. If students are successful in achieving course and program level outcomes, and if those outcomes provide direct and clear connection to the general education outcomes, then assessment will once again be simplified and the overall educational experience of students will have greater coherence and will therefore be enhanced (p. 16).

14) Can results of SLO, PLO assessment be used against me?

No. According to Guiding Principles of SLO Assessment (2010, Principle 10: “SLO assessment of student learning outcomes is a process that is separate from faculty evaluation.” (p.24). Alan Craig and Fulks (2007) support, “Placing student learning outcomes data within a faculty member’s evaluation would create a downward pressure on the rigor of the outcomes and a strong motivation to create assessments that validate or justify the content, pedagogy, and assignments” (p. 2). Thus, SLO assessment results would not be a true indicator of whether learning has taken place or whether the results should be used to improve the courses, programs, or services the college offers.

Institutional Learning Outcomes
1. Communication- Ability to listen and read with comprehension and the ability to write and speak effectively.
#2. Critical Thinking- Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome.
#3. Life Long Learning- Ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems.
#4. Personal/Interpersonal Responsibility- Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures

General Education Student Learning Outcomes for Associate Degrees
#1. Understand and apply methods of inquiry for a variety of disciplines including the scientific method for scientific inquiry and appropriate methods for social and behavior science inquires.
#2. Explain and analyze relationships between science and other human activities.
#3. Apply knowledge of the ways people act and have acted in response to their societies to express an appreciation for how diverse societies and social subgroups operate to understand social dynamics within historical and contemporary communities.
#4. Understand ways in which people throughout the ages and in Western and non-Western cultures have responded to themselves and the world around them in artistic and cultural creation; apply this knowledge to make value judgments on cultural activities and artistic expressions and demonstrate an understanding of the interrelationship between the creative arts, the humanities and self.
#5. Engage in verbal communication by participating in discussions, debates, and oral presentations utilizing proper rhetorical perspective, reasoning and advocacy, organization, accuracy, and the discovery, critical evaluation and reporting of information.
#6. Compose effective written communications and essays with correct grammar, spelling, punctuation and appropriate language, style and format utilizing academically accepted means of researching, evaluating and documenting sources within written works.
#7. Analyze, evaluate and explain theories, concepts and skills within varied disciplines using inductive and deductive processes and quantitative reasoning and application.
#8. Demonstrate appreciation of themselves as living organisms through their choices for physical health, activities, stress management, relationships to the social and physical environment, and responsible decision-making.

APPENDIX B: Program SLO Map

PROGRAM ID:

DATE LAST REVIEWED/UPDATED: 2/3/2021

PROGRAM TITLE: Associate in Arts Degree University Studies: Emphasis in Agriculture Sciences

FACULTY NAME(s): Brian Wolf

Indicate, by number, the Student Learning Outcome(s) that support the Program Student Learning Outcome (PSLO).

Course SLOs	PSLO 1	PSLO 2	PSLO 3
	Demonstrate effective animal husbandry skills, analyze the current market in order to sell the crop or animal at a premium and report the profit or loss, in a ranching situation.	Apply effective business, sales and marketing skills when presented with an agribusiness situation.	Demonstrate an understanding of the basic methodologies of science.
AGR-1			
AGR-2			
AGR-10			
AGR-13			
AGR-20			
AGR-40			
AGR-41			

Measure: Ratio of achieved SLOs to SLOs assessed. **Target:** 75% of SLOs will be achieved.

APPENDIX C: Departmental Improvement Plan Brainstorming Form

Departmental Improvement Plan Brainstorming Form*

Department:

Date of Discussion: _____

Course/Department SLO(s)/AUOs discussed (Example: ENGL 1, Financial Aid): _____

Semester(s) assessment data was collected (Example: Fall 2020):

Faculty/Staff involved in discussion and analysis:

What is discussion and analysis of this data telling you?

Questions faculty may consider include:

2. Do you see gaps in the outcomes data? If so, what is the cause?
3. Do you see gaps in the skills or abilities of a student completing the course? If so, what is the cause?
4. Do you see overall gaps in their instructional experience? If so, where?
 - Do you see gaps in the evaluation process itself? If so, why? How can that be improved?
 - Do you see other issues in the student's experience? – Timing of assessment leading to low percentage of students completing assessment? Unmet student needs impacting academic performance?

Provide a summary of the conversation leading to the improvement plan.

1-Write a brief description of the improvement plan to facilitate change, including semester improvement plan is anticipated to be implemented *:

2- Write an implementation description. (How will the improvement plan be set in motion? What steps are required to complete the action plan?)*:

3- Indicate the person(s) who will implement the improvement plan*:

4-Indicate any physical or financial resources needed, including estimated requested budget amount, if any (to be included in IPR or Annual IPR Update)*:

*This information is intended to aid in the development of Improvement Plans to be finalized when reporting End of Term Course Student Learning Outcomes

California Community Colleges

Institutional Effectiveness

**Institutional Effectiveness Partnership Initiative
Partnership Resource Teams
Institutional Innovation and Effectiveness Plan
Date: December 11, 2020/Revised February 17, 2021**

Name of Institution: Lassen Community College

Area of Focus	Objective	Responsible Person	Target Date for Achievement	Action Steps	Measure of Progress	Status As of Date:
A. Integrated Planning/ Educational Master Plan (EMP)	A.1. Review and refine the college planning process	A.1. CEO and CIO	A.1.a. Mar 2021✓ A.1.b. Oct 2021 A.1.c. Nov 2021	A.1.a. Hire consultant to assist in review of planning processes A.1.b. Develop new planning process through consensus and referencing other colleges' documentation, as suggested by PRT	A.1.a. Consultant identified and selected for planning process A.1.b. Planning process developed A.1.c. Planning and integrated program review processes approved by Academic Senate and Consultation Council and implemented.	<p>A/B/C Over all Work Group has been formed to monitor the grant activities. The group includes VPAS, CIO, CSSO, Dean, faculty, faculty senate, faculty union, chairs, fiscal, IT and classified. (Initially made up of (short term) Educational Master Plan committee and Accreditation Workgroup.)</p> <p>Action Steps Completed: ✓A.1.a Consultant identified and selected for planning process 3/2021</p> <p>✓A.2.a. Consultant identified and selected for EMP format and development 3/2021</p> <p>Work in Progress: A.1 & A.5 Workgroup (CIO, chair and VPAS) formed. Will recommend a methodology on 4/30/2021.</p> <p>A.2 & A.3 Workgroup (CIO, CSSO, IT, Facilities, HR, Classified and ASP) formed. Will recommend a methodology on 4/30/2021.</p>
	A.2. Review and refine Educational Master Plan (EMP)	A.2. CIO A.3. CEO and CIO	A.2.a. Mar 2021✓ A.2.b. Jun 2021 A.3.a-d Nov 2021	A.1.c. Implement a multi-year program review process, integrated with SLO assessment, possibly integrated with course curriculum review (and 2-year CTE program cycles), with annual updates to keep resource requests current.	A.2.a. Consultant identified and selected for EMP format development. A.2.b. New EMP format developed and approved by Academic Senate and Consultation Council.	
	A.3. Review and update the purpose (and necessity) of each college master plan	A.4. CBO and ASP A.5. CBO	A.4.a. May 2021 A.4.b. Sep 2021 A.4.c. Sep 2021 A.4.d. Jun 2021 A.4.e. Jun 2021 A.5.a. Sep 2021	A.2.a. Hire consultant to assist in development of new EMP format (e.g., Statewide Academic Senate, RP Group, retired administrator with expertise). A.2.b. Develop new EMP format that also aligns to CCCCCO's Vision for Success goals and other planning efforts (prioritize and unify goals). A.3.a. Determine the necessity and purpose of each separate plan currently used by the college in terms of how that plan informs budgeting. A.3.b. Determine the necessity and purpose of each separate plan currently used by the college in terms of how that plan informs resource allocation.	A.3.a-d Determinations made, necessity and purpose decided; changes developed, approved via shared governance, and implemented.	
	A.4. Implement a new, separate Budget Committee				A.4.a. Budget Committee charge and structure developed. A.4.b. Determination made and any change is approved via shared governance. A.4.c. Link and clear distinction is determined and approved via shared governance.	
	A.5. Review and refine the glossary of the terms in the Planning Budget Development Handbook (Appx. D)					

Area of Focus	Objective	Responsible Person	Target Date for Achievement	Action Steps	Measure of Progress	Status As of Date:
				<p>A.3.c. Determine the necessity and purpose of each separate plan currently used by the college in terms of how that plan informs decision making.</p> <p>A.3.d. Determine whether Institutional Effectiveness needs its own plan, if its primary purpose is to assist in assessment of the effectiveness of all the major plans at the college. <i>(This would eliminate the IE Master Plan.)</i></p> <p>A.4.a. Determine Committee Charge and structure for a new Budget Committee (Full committee or as a Sub-committee?)</p> <p>A.4.b. Determine distinction between the annual budget development/resource allocation process and the master planning process.</p> <p>A.4.c. Maintain a link between resource requests and EMP/Strategic Goals (e.g., indicate which goals are addressed by each request), but establish a clear distinction between master planning as a high-level, multi-year, goal-oriented process and departments' annual opportunity to update and address their basic operational needs.</p> <p>4.d. Decide whether objectives (e.g., floor and stretch targets on each of the overarching goals) should be part of each long-term Master Plan, or placed in a shorter-term document.</p> <p>A.4.e. Determine whether "<u>Promote Institutional Stability</u>," "Advance Institutional Effectiveness," or something Similar should be one of Lassen College's longer-term strategic goals.</p> <p>A.5.a. Review to ensure that the glossary is a common text, a framework to help the college as a shared planning vocabulary.</p>	<p>A.4.d. Determination made and any change to long-term plans and/or creation of a shorter-term document are approved via shared governance.</p> <p>A.4.e. Determination made and any change to the Strategic Plan is approved via shared governance.</p> <p>A.5.a. Glossary revised to more appropriately serve shared planning processes.</p>	<p>A.4 Workgroup (ASP, CEO, Consultation Council Rep and CBO) formed. Will recommend a methodology on 4/30/2021.</p>

Area of Focus	Objective	Responsible Person	Target Date for Achievement	Action Steps	Measure of Progress	Status As of Date:
B. Strategic Enrollment Management (SEM)	<p>B.1. Explore the feasibility of applying for appropriate grants, such as Title III and Title V Grants</p> <p>B.2. Review and formalize SEM Plan Components</p> <p>B.3. Establish data required for SEM and implement visualizations</p> <p>B.4. Evaluate current programs offered and use data to identify ways to streamline pathway choices for students</p> <p>B.5. Identify ways to improve service to target student populations</p> <p>B.6. Identify other potential SEM resources</p>	<p>B.1. Grants Manager</p> <p>B.2. CSSO</p> <p>B.3. DIT/IE</p> <p>B.4. CIO and CSSO</p> <p>B.5. CIO and CSSO</p> <p>B.6. Grants Manager</p>	<p>B.1.a. Aug 2021</p> <p>B.2.a. May 2021 B.2.b. Aug 2021</p> <p>B.3.a. Aug 2021 B.3.b. Dec 2021</p> <p>B.4.a. Dec 2021</p> <p>B.5.a. May 2021 B.5.b. Oct 2021 B.5.c. Aug 2021 B.5.d. Nov 2021 B.5.e. Feb 2022</p> <p>B.6.a. Continuously</p>	<p>B.1.a. Research/Investigate grant opportunities and required application timelines to provide multi-year support for data access and analysis.</p> <p>B.2.a. Document what is working well with the current SEM Plan.</p> <p>B.2.b. Add specific components needed (e.g., marketing, retention, scheduling/pathways, outreach).</p> <p>B.3.a. Identify what specific data points are needed to inform SEM.</p> <p>B.3.b. Create useful reports or dashboards presenting those data. <i>(Also: Reference Fred Trapp report requests)</i></p> <p>B.4.a. Establish nested programs/stackable certifications within areas of study and remove one-off courses not essential to each pathway.</p> <p>B.5.a. Identify main target student populations.</p> <p>B.5.b. Identify and implement specific strategies to more effectively communicate with each of them, in part through soliciting student input.</p> <p>B.5.c. Determine whether there are other sub-populations that might be underserved (e.g., evening students, itinerant workers, distance learners, etc.), if so, implement specific strategies to serve them better.</p> <p>B.5.d. Identify strategies to improve services to students.</p> <p>B.6.a. Access and explore the SEM resources in the CCCC Vision Resource Center.</p>	<p>B.1.a. Grant opportunities identified.</p> <p>B.2.a. Existing processes, gaps and successes documented.</p> <p>B.2.b. Specific components added to above SEM document.</p> <p>B.3.a. Data/data points identified.</p> <p>B.3.b. Reports and dashboards developed and disseminated.</p> <p>B.4.a. Nested programs established.</p> <p>B.5.a. Main target student populations identified.</p> <p>B.5.b. Communication strategies identified and implemented.</p> <p>B.5.c. Other underserved populations identified.</p> <p>B.5.d. Developed strategies for improved student services.</p> <p>B.5.e. Implemented improved student services strategies.</p> <p>B.6.a. Other resources identified.</p>	<p>B.1 & B.6 Workgroup (CSSO, IT, Dean, VPAS) formed. Will recommend a methodology on 4/30/2021.</p> <p>B.2 & B3& B.5 Work Group (CIO, SS Dean, Counseling, IT, faculty) formed. Will recommend a methodology on 4/30/2021.</p> <p>B.4 Workgroup (Guided Pathways Work Group) formed. Will recommend a methodology on 4/30/2021.</p>

Area of Focus	Objective	Responsible Person	Target Date for Achievement	Action Steps	Measure of Progress	Status As of Date:
c. Professional Development	C.1. Identify professional development opportunities and methods of delivery related to SEM, student success and institutional effectiveness.	C.1. Directors of Human Resource and Institutional Effectiveness	C.1.a June 2021 C.1.b Aug 2021 C.1.c. Fall 2021	C.1.a. Create opportunities for entire campus to learn and grow together (shared vocabulary, opportunities for all-campus gatherings, sharing knowledge learned in conferences with others-showcases). C.1.b. Identify key professional development opportunities that are supported by the college and support college's mission and goals C.1.c. Provide training to groups of faculty, classified, managers, and administrators as data coaches, to help train others in college to navigate institutional data and bring knowledge to college committees and projects.	C.1.a. Professional Development opportunities identified. C.1.b. Methods of delivery Identified. C.1.c. Trainings conducted and attended.	C.1 Workgroup (CSSO, HR, Flex Committee) formed. Will recommend a methodology on 4/30/2021.

Request for IEPI Resources to Support Institutional Innovation and Effectiveness Plan

Applicable Area(s) of Focus (Copy from table above.)	Applicable Objective(s) (Copy from table above.)	Description of Resource Needed (Refer to Action Steps above as appropriate.)	Cost of Resource
A. Integrated Planning/ Educational Master Plan	A.1. Review and refine the college planning process	A.1.a. Bring in a consultant to help the college define and integrate their planning processes (e.g., Statewide Academic Senate, RPGroup, retired administrator with expertise).	A.1.a. \$50,000
B. Strategic Enrollment Management	B.1. Explore the feasibility of applying for appropriate grants, such as Title III and Title V Grants B.2. Review and formalize SEM Plan Components B.3. Establish data required for SEM and implement visualizations	B.1.a, B.3.a., B.3.b. Consultant for data collection and analysis. B.1a. Grant writer/consultant for Title III and Title V or other appropriate grants. Consultant to develop and implement software for appropriate administration of enrollment management.	B.1..a,B.3.a., B.3.b. \$25,000 1.a. \$10,000 \$50,000
C. Professional Development	C.1. Identify professional development opportunities and methods of delivery related to SEM, student success and institutional effectiveness.	C.1.a. Create opportunities for entire campus to learn and grow together. C.1.b. Identify key professional development opportunities. C.1.c. Provide training to groups of faculty, classified, managers, and administrators as data coaches, to help train others in college to navigate institutional data and bring knowledge to college committees and projects.	C.1.a., C.1.b., C.1.c. \$65,000
Total IEPI Resource Request (not to exceed \$200,000 per college)			\$200,000

Regular Meeting of the Board of Trustees - 5:30 p.m.

*****Revised Procedures for Public Meetings**

In response to the Coronavirus crisis, the Governor has issued Executive Order N-25-20 (<https://www.gov.ca.gov/wp-content/uploads/2020/03/3.12.20-EO-N-25-20-COVID-19.pdf>), Executive Order N-29-20 (<https://www.gov.ca.gov/wp-content/uploads/2020/03/3.17.20-N-29-20-EO.pdf>), and Executive Order N-35-20 (<https://www.gov.ca.gov/wp-content/uploads/2020/03/3.21.20-EO-N-35-20-text.pdf>) modifying the Brown Act in order to facilitate essential public meetings being held through remote methods, such as telephonically or electronically.

Trustees will attend in person and via conference phone. Essential staff will attend in person and the public will attend via conference phone.

Public comment must be submitted in advance, no later than one hour before the start of the meeting (by 4:30 p.m.), via email to: jjohnston@lassencollege.edu. Such comments will be read by District staff during the meeting. Please read further below for the procedure to submit a public comment remotely, for this Board Meeting via Zoom.

PROCEDURES:

Public comment is limited to 3 minutes per speaker (calculated at approximately 300 words). Please submit an individual comment for each item you are wishing to speak on. Comments will be read aloud by the Board of Trustees Liaison for the record.

-

Please submit the following information:

1. Name
2. Agenda Item Number
3. Comment

Thank you -

1. Meeting Opening

Subject **1.01 Call to Order and Roll Call**

Meeting Mar 9, 2021 - Regular Meeting of the Board of Trustees - 5:30 p.m.

Category 1. Meeting Opening

Type Procedural

Mrs. Sophia Wages, President
 Ms. Kim Dieter, Vice President
 Mr. Louis Hamilton
 Mrs. Sandra Jonas
 Mr. Buck Parks
 Mr. Alan Siemer
 Mr. David Trussell
 Student Trustee - vacant

Subject **1.02 Pledge of Allegiance to the Flag**

Meeting Mar 9, 2021 - Regular Meeting of the Board of Trustees - 5:30 p.m.

Category 1. Meeting Opening

Type Procedural

[Click here](#) to learn more information about the Pledge of Allegiance.

Subject **1.03 Agenda Approval**

Meeting Mar 9, 2021 - Regular Meeting of the Board of Trustees - 5:30 p.m.

Category 1. Meeting Opening

Type Action, Procedural

Recommended Action Recommend approving agenda as presented.

2. Public Comments

Subject **2.01 Call for Requests from the Audience to Speak to any Item on the Agenda**

Meeting Mar 9, 2021 - Regular Meeting of the Board of Trustees - 5:30 p.m.
 Category 2. Public Comments
 Type Information, Procedural

Members of the public may wish to speak to any matter on the agenda prior to Board action; the following procedure shall be followed: Persons wishing to speak must sign in on the "sign in" sheet provided prior to the start of the meeting. Speakers will be called in the order in which they have signed in. At the beginning of the meeting the President of the Board will "Call for Requests from the Audience to Speak to Any Item on the Agenda." At that time, those wishing to speak will be called in order and should stand, state their name, and indicate the Agenda item to which they wish to speak. After the meeting begins and the Agenda item has been introduced by the Superintendent/President or his designee, and before discussion can occur, a motion for action needs to be made and seconded. The order of discussion will be members of the audience and then Members of the Board. The President of the Board will moderate the discussion and will call for a vote on this issue when asked to do so by a member Trustee. Voting on the motion will be by voice vote; either by acclamation or roll call. The decision by the Board of Trustees is Final. In accordance with Administrative Procedure 2345, formerly Board Policy #1400, comments will be limited to three minutes, thirty (30) minutes total per comment period, subject to the discretion of the President of the Board.

*****Revised Procedures for Public Meetings**

In response to the Coronavirus crisis, the Governor has issued Executive Order N-25-20 (<https://www.gov.ca.gov/wp-content/uploads/2020/03/3.12.20-EO-N-25-20-COVID-19.pdf>), Executive Order N-29-20 (<https://www.gov.ca.gov/wp-content/uploads/2020/03/3.17.20-N-29-20-EO.pdf>), and Executive Order N-35-20 (<https://www.gov.ca.gov/wp-content/uploads/2020/03/3.21.20-EO-N-35-20-text.pdf>) modifying the Brown Act in order to facilitate essential public meetings being held through remote methods, such as telephonically or electronically.

Public comment must be submitted in advance, no later than one hour before the start of the meeting (by 4:30 p.m.), via email to: jjohnston@lassencollege.edu.

Such comments will be read by District staff during the meeting. Please read further below for the procedure to submit a public comment remotely, for this Board Meeting via Zoom.

PROCEDURES:

Public comment is limited to 3 minutes per speaker (calculated at approximately 300 words). Please submit an individual comment for each item you are wishing to speak on. Comments will be read aloud by the Board of Trustees Liaison for the record.

-
Please submit the following information:

1. Name
2. Agenda Item Number
3. Comment

Thank you -

Subject 2.02 Public Comments on Items Not on the Agenda
 Meeting Mar 9, 2021 - Regular Meeting of the Board of Trustees - 5:30 p.m.
 Category 2. Public Comments
 Type Information, Procedural

Addressing the Board on Items Not on the Agenda: Members of the public may wish to address the Board of Trustees on an item that is not on the Agenda. Members of the public wishing to speak must sign up on the "sign in"

sheet provided upon entering the Board Room. They should wait and announce their intention to do so when the President of the Board calls for "Comments from the Audience." They will be heard at that time and called in the order on the sign in sheet. The person should rise, go to the podium, make a brief statement covering the essential facts of their concern and then state what remedy or action, if any, they are requesting of the Board. However, the law (Brown Act) permits no discussion or action by the Board at that time because the item had not been previously listed on the Agenda. In accordance with Administrative Procedure 2345, formerly Board Policy #1400, comments will be limited to three minutes, thirty (30) minutes total per comment period, subject to the discretion of the President of the Board.

Revised Procedures for Public Meetings

In response to the Coronavirus crisis, the Governor has issued Executive Order N-25-20 (<https://www.gov.ca.gov/wp-content/uploads/2020/03/3.12.20-EO-N-25-20-COVID-19.pdf>), Executive Order N-29-20 (<https://www.gov.ca.gov/wp-content/uploads/2020/03/3.17.20-N-29-20-EO.pdf>), and Executive Order N-35-20 (<https://www.gov.ca.gov/wp-content/uploads/2020/03/3.21.20-EO-N-35-20-text.pdf>) modifying the Brown Act in order to facilitate essential public meetings being held through remote methods, such as telephonically or electronically.

Public comment must be submitted in advance, no later than one hour before the start of the meeting (by 4:30 p.m.), via email to: jjohnston@lassencollege.edu.

Such comments will be read by District staff during the meeting. Please read further below for the procedure to submit a public comment remotely, for this Board Meeting via Zoom.

PROCEDURES:

Public comment is limited to 3 minutes per speaker (calculated at approximately 300 words). Please submit an individual comment for each item you are wishing to speak on. Comments will be read aloud by the Board of Trustees Liaison for the record.

-

Please submit the following information:

- 1. Name
- 2. Agenda Item Number
- 3. Comment

Thank you -

3. Consent Agenda-Any items removed will be considered after the motion to approve the Consent Agenda

Subject	3.01 Public Comments on Consent Agenda Items
Meeting	Mar 9, 2021 - Regular Meeting of the Board of Trustees - 5:30 p.m.
Category	3. Consent Agenda-Any items removed will be considered after the motion to approve the Consent Agenda
Type	Information

Consent items are routine items acted on by the Board with one motion. Since no discussion of individual items will occur, this time is set aside for comments on the Consent Agenda.

Subject 3.02 Approval of Minutes of February 9, 2021 Regular Meeting

Meeting Mar 9, 2021 - Regular Meeting of the Board of Trustees - 5:30 p.m.

Category 3. Consent Agenda-Any items removed will be considered after the motion to approve the Consent Agenda

Type Action (Consent), Minutes

Recommended Action Recommend the Minutes of the February 9, 2021 Regular Meeting be approved as presented.

Subject 3.03 Approval of Personnel Consent Agenda

Meeting Mar 9, 2021 - Regular Meeting of the Board of Trustees - 5:30 p.m.

Category 3. Consent Agenda-Any items removed will be considered after the motion to approve the Consent Agenda

Type Action (Consent)

Recommended Action Recommend the Personnel Consent Agenda be approved as presented.

ADMINISTRATION/MANAGEMENT

a. Reassignment of Human Resources Technician to Human Resources Generalist – Melissa Hill

Salary: Grade 23, Step F

Effective: March 1, 2021

The District has been paying out of class for this individual to perform the duties of the Human Resources Generalist since August 2018. Since the layoff of the additional position in Human Resources the need to make this change permanent is imperative for the department to continue to operate at the highest standard possible.

b. Reassignment of Manager of Custodial Services to Maintenance and Operations Manager – Chrisdee Pelfrey

Salary: Grade 27, Step F

Effective: July 1, 2020

This employee's duties were significantly increased in January of 2020. The employee has not received any out of class pay and has continued to perform these duties since that time. This reassignment is permanent and brings this individual into closer regard to the expected salary for such a position.

c. Reassignment of Director of Athletics Operations to Director of Athletic Operations & Community Relations – Glen Yonan

Salary: Grade 32, Step M

Effective: January 1, 2021

Glen "Coach" Yonan has served Lassen College since the early 1990s. During that period, he has risen to the occasion in support of the institution in resounding fashion and in countless ways. More importantly, this change in compensation recognizes that his current pay no longer reflects his diverse efforts, nor has it kept pace with others performing such duties around the state. This change rectifies these problems. Finally, this change in pay corresponds positively to the additional duties Glen has and will continue to assume.

ACADEMIC

d.* Employment of Full-Time Tenure Track Instructional Designer – Thomas Robb

Status: Probationary

Salary: Placement on Academic Salary Schedule as determined by education and experience.

Effective: Effective March 1, 2021 for the remainder of the 2020/2021 Academic Year

CLASSIFIED

Information Item: The following retirement/resignation previously accepted by the President on behalf of the Board:

e. Retirement of Program Assistant – Carol Montgomery

Effective: July 1, 2021

f. Retirement of Maintenance Specialist IV/Plumber – Jeffrey Lang

Effective: July 1, 2021

*Contingent upon successful completion of criminal history background checks as required by California Ed Code. ALL SALARY PLACEMENTS WILL BE IN ACCORDANCE WITH RULES AND REGULATIONS FOR PLACEMENT ON THE BOARD OF TRUSTEES APPROVED SALARY SCHEDULE.

Subject	3.04 Approval of Warrants and Financial Reports
Meeting	Mar 9, 2021 - Regular Meeting of the Board of Trustees - 5:30 p.m.
Category	3. Consent Agenda-Any items removed will be considered after the motion to approve the Consent Agenda
Type	Action (Consent)
Recommended Action	Recommend the Board of Trustees approve the Warrants and Financial Reports ending February 28, 2021, as presented.

Background

In accordance with District Policy, a financial report and listings of the District's payroll and vendor transactions are presented to the Board of Trustees monthly for review and approval.

Status and Analysis

Due to the volume and high cost of duplication, warrant registers and payroll listing reports are available for review in the Office of the Executive Director of Fiscal and Auxiliary Services. An electronic report of the monthly financial statements will be distributed to Trustees prior to the meeting; a hard copy will be available at the meeting.

For Board Discussion

Subject	3.05 Quarterly Financial Status Report CCFS-311Q
Meeting	Mar 9, 2021 - Regular Meeting of the Board of Trustees - 5:30 p.m.
Category	3. Consent Agenda-Any items removed will be considered after the motion to approve the Consent Agenda
Type	Action (Consent)
Recommended Action	Recommend the Board of Trustees approve the Quarterly Financial Status Report, CCFS-311Q, for the period ended December 31, 2020, as presented.

Background

Each community college district is required to submit quarterly financial reports to its Governing Board for review and approval, and for submittal to the Chancellor's Office. The purpose of this report is to provide an overall view of the District's financial position. The quarterly financial status report presented is for the period October 1, 2020 through December 31, 2020.

Status and Analysis

The quarterly financial status report being presented is for the period October 1, 2020 through December 31, 2020 is attached.

Lassen Community College District Policy

CCLC No. 2430

Board of Trustees

BP 2430 Delegation of Authority to Superintendent/President

References: Education Code Sections 70902(d), 72400, ~~81655, and 81656~~;
ACCJC Accreditation Standards ~~IV.B.1.j and IV.B.2~~ **IV.B.5, IV.C.12 and IV.D.1**

The Board delegates to the Superintendent/President the executive responsibility for administering the policies adopted by the Board and executing all decisions of the Board of Trustees requiring administrative action.

The Superintendent/President may delegate any powers and duties entrusted to him or her by the Board of Trustees, but will be specifically responsible to the Board for the execution of such delegated powers and duties.

The Superintendent/President is empowered to reasonably interpret Board Policy. In situations where there is no Board Policy direction, the Superintendent/President shall have the power to act, but such decisions shall be subject to review by the Board. It is the duty of the Superintendent/President to inform the Board of such action and to recommend written Board Policy if one is required.

The Superintendent/President is expected to perform the duties contained in the Superintendent/President job description and fulfill other responsibilities as may be determined in annual goal-setting or evaluation sessions. The job description and goals and objectives for performance shall be developed by the Board of Trustees in consultation with the Superintendent/President.

The Superintendent/President shall ensure that all relevant laws and regulations are complied with, and that required reports are submitted in timely fashion.

The Superintendent/President shall make available any information or give any report requested by the Board of Trustees as a whole. Individual Board member requests for information shall be met if, in the opinion of the Superintendent/ President, they are not unduly burdensome or disruptive to District operations. Information provided to any Board member shall be available to all Board members.

The Superintendent/President shall act as the professional advisor to the Board in policy formation.

~~The Board delegates to the Superintendent/President the authority to supervise the general business procedures of the District to assure the proper administration of property and contracts; the budget, audit and accounting of funds; the acquisition of supplies, equipment and property; and the protection of assets and persons. All transactions shall comply with applicable laws and regulations, and with the California Community Colleges Budget and Accounting Manual.~~

~~No contract shall constitute an enforceable obligation against the district until it has been approved~~

~~or ratified by the Board.~~

The above lined out text is included in Allen Hancock's BP

~~The Superintendent/President shall make appropriate periodic reports to the Board and shall keep the Board fully advised regarding the financial status of the District.~~

Subject	7.01 BP 2310 - Regular Meetings of the Board (Second Reading and Approval)
Meeting	Mar 9, 2021 - Regular Meeting of the Board of Trustees - 5:30 p.m.
Category	7. Administration - Second Reading and Approval Board Policy
Type	Action, Discussion, Information
Recommended Action	Recommend the Board of Trustees approve the revisions to BP 2310 - Regular Meetings of the Board, as presented.

Lassen Community College District Policy

CCLC No. 2310

Board of Trustees

BP 2310 Regular Meetings of the Board

References:

Education Code Section 72000(d);

Government Code Sections 54952.2, 54953 et seq., and 54961

Regular meetings of the Board shall be held on the second Tuesday and fourth Tuesdays of each month, with the second meeting to be held only if necessary. Regular meetings of the Board shall normally be held at 5:30 p.m. in the Board Room, on the Lassen Community College Campus.

A notice identifying the location, date, and time of each regular meeting of the Board of Trustees shall be posted at least three (3) days prior to the meeting and shall remain posted until the day and time of the meeting. All regular meetings of the Board of Trustees shall be held within the boundaries of the District except in cases where the Board is meeting with another local agency or is meeting with its attorney to discuss pending litigation if the attorney's office is outside the District.

All regular and special meetings of the Board of Trustees shall be open to the public, be accessible to persons with disabilities, and otherwise comply with Brown Act provisions, except as required or permitted by law.

Meetings of the Board

Following are the types of meetings through which the Governing Board of the Lassen Community College District shall conduct business.

Regular Meetings:

Regularly scheduled meetings may be of two kinds: business or educational. The latter type may be held for the purpose of reviewing and evaluating the college's program or the development and discussion of policy.

Adjourned Meetings:

Such meeting shall serve as a continuation of a regular meeting, and not as a special meeting.

Study Session Meetings (Retreats):

The Governing Board may meet for study sessions to exchange information and develop understanding. The public will be welcome to attend.

Except as otherwise provided herein, regular meetings of the Governing Board will be held at 5:30 p.m. on the second Tuesday of each month (with the exception of the December Organizational Meeting which **may be held on the third Tuesday of the month if needed** ~~will be held the third Tuesday of the month~~ pursuant to AB 2449) in the Board Room, on the Lassen Community College Campus. The date, time and place of a regular meeting may be changed by action of the District Governing Board at any previous meeting, provided that every member is notified either by letter or by distribution of the minutes carrying a record of the change. Notice of the location, date, and time of regular meetings shall be posted on the Lassen Community College campus as required by Education Code Section §72000. Said notice shall be posted at least three (3) days prior to the meeting and shall remain posted to and including the time of the meeting. Except in the case of meetings, whose date, time, or location are changed by action of the District Governing Board, the requirement of a posted notice may be satisfied by a permanently posted notice in substantially the following form:

"Regular meetings of the Governing Board of the Lassen Community College District are held on the second Tuesday of each month at 5:30 p.m. in the Board Room, on the Lassen Community College campus."

Mailed notice of regular meetings shall be given at least five (5) days prior to the meeting to any person who has filed a written request for such notice with the Governing Board pursuant to Government Code Section §54954.1. The Governing Board may at any time establish a reasonable annual fee for the sending of such notice based on the estimated cost of providing the service, or may be accessed electronically at www.lassencollege.edu.

Adjourned meetings may be continued, as the business of the district governing board requires.

The meetings of the Board will be held on the Lassen Community College campus except as specifically approved by the Board action. In case any meeting is held in a different place, the Secretary will notify each member and the public of the change.

8. Administration

Subject	8.01 CCCT Board Elections Nominations - 2021
Meeting	Mar 9, 2021 - Regular Meeting of the Board of Trustees - 5:30 p.m.
Category	8. Administration
Type	Action, Discussion, Information
Recommended Action	Recommend the Board of Trustees appoint a Trustee to research the candidates and provide up to seven (7) recommendations to the Board for a vote at the April 13, 2021 Regular Meeting.

Background

Pursuant to the CCCT Board Governing Policies, the election of members of the CCCT Board of the League will take place between March 10 and April 25. This year there are seven (7) seats up for re-election on the board with one (1) incumbent running and seven (7) vacancies. Each community college district governing board shall have one vote for each of the seven seats on the CCCT Board. Only one vote may be cast for any nominee or write-in candidate. The seven candidates who receive the most votes will serve a three-year term.

Status and Analysis

The eighteen (18) trustees who have been nominated for election to the Board are as follows:

1. Yvette Davis, Glendale CCD
2. Tina Arias Miller, Rancho Santiago CCD
3. Marguerite Bulkin, Yosemite CCD
4. Edralin Maduli, Chabot- Las Positas CCD
5. Bernardo Perez, Ventura County CCD
6. Gregory Pensa, Allan Hancock Joint CCD*
7. Kendall Pierson, Shasta-Tehama-Trinity Joint CCD
8. Mary Strobridge, San Luis Obispo County CCD
9. Alan Siemer, Lassen CCD
10. Cindi Reiss, Peralta CCD
11. Mark Edney, Imperial CCD
12. Barbara Calhoun, Compton CCD
13. Nan Gomez-Heitzeberg, Kern CCD
14. Margaret Fishman, Sonoma County Junior College District
15. Mary Lombardo, Copper Mountain CCD
16. Michele Jenkins, Santa Clarita CCD
17. Carolyn Inmon, South Orange County CCD
18. Deborah Ikeda, State Center CCD

* Incumbent

The Board typically appoints a Board Member to research the candidates and provide up to seven (7) recommendations to the Board for a vote. This item will be brought back to the Board at the April 13, 2021 Regular meeting to receive the recommendation and vote upon said recommendation.

Subject	8.02 Faculty Evaluations
Meeting	Mar 9, 2021 - Regular Meeting of the Board of Trustees - 5:30 p.m.
Category	8. Administration
Type	Action
Recommended Action	It is recommended the Board of Trustees take action to approve the recommendations as forwarded by the Senate as follows: Recommended for Second Year Contract: Tiffany Baiocchi and John (Dan) Weaver Recommended for Third Year Contract: Heidi Gray Recommended for Continuation Fourth Year Contract: Thomas Downing, Yuting Lin, Crystal Tobola Recommended for Granting Tenure: Hasib Azhand, Laura Greer, Sharlene Murphy, Celeste Wisner

Background

Per evaluation procedures documented in the LCFA Contract, Article 6.12.1 requires that recommendations for

reemployment/tenure made by faculty evaluation teams be forwarded by the appropriate Dean to the Academic Senate. The Senate then forwards the recommendations to the Acting President who in turn makes recommendations to the Governing Board.

Status and Analysis

At its meeting on February 3, 2021, the Academic Senate reviewed in closed session, validated the evaluation process for full-time instructional faculty described in 6.1.4 completed by the Dean of Instruction. Per provision 6.12.1 of the LCFA Contract, the Academic Senate took three actions related to the evaluations completed and recommendations made in evaluations conducted by the Dean.

The Superintendent/President reviewed and concurs with the recommendations of the Dean of Student Services, Vice President of Academic Services, and the Academic Senate, as noted above. The remaining faculty evaluations to be finalized will be forwarded for board approval at the next regular board meeting.

In addition, the Senate recognizes the completion of evaluations in Fall 2020 for the following faculty members:

Tenured Faculty Evaluated Fall 2020

Buck Bauer
John Martin
Cory McClellan
Jackson Ng
Carrie Nyman
Jeff Owens
Brian Wolf

Tenure Track Faculty Evaluated and Recommendations Fall 2020

Recommended for second year contract:

Tiffany Baiocchi
John (Dan) Weaver

Recommended for third year contract:

Heidi Gray

Recommended for continuation 4th year:

Thomas Downing
Yuting Lin
Crystal Tobola

Recommended for Granting Tenure:

Hasib Azhand
Laura Greer
Sharlene Murphy
Celeste Wiser

The Senate acknowledges the completion of evaluations for the following part-time faculty, part-time coaches, and distance education class sections.

Subject 8.03 Faculty Tenure Commendations

Meeting Mar 9, 2021 - Regular Meeting of the Board of Trustees - 5:30 p.m.

Category 8. Administration

Type Information

Background/Status and Analysis

Due to COVID, Lassen College is unfortunately unable to hold our annual celebration during a Board meeting to acknowledge newly tenured faculty. In lieu of this, we would like to congratulate our newest tenured faculty members: 2019-2020, Roxanna Haynes, James Kleckner, Christi Meyers and Andy Rupley and for 2020-2021, Hasib Azhand, Laura Greer, Shar Murphy and Celeste Wisner and provide the Board as well as campus with contributions and future goals which has been provided by each newly tenured faculty. As soon as Lassen College is cleared to have open Board meetings, these individuals will be honored with a cake and celebration. Congratulations to all!

Faculty Tenure - 2019-2020

Name: Roxanna Haynes

Discipline: Business

Contributions to the profession (committee involvement, accolades, etc.): Prior to my Interim appointment as Dean of Instruction for CTE/Adult Education/Incarcerated education, I was a Division Chair and Academic Senate President. I enjoyed representing my faculty colleagues and participating in the growth and governance of our campus. I continue to mentor local business owners as a contribution to the community and it's also my way of giving back to a business community that has been supportive of my family's small business.

Future goal for your program: I am honored to continue working with my colleagues in the area of CTE and Incarcerated Education while working to grow our Adult Education program offerings, including our new noncredit certificate. Workforce Development and CTE continues to be an important piece of the economic recovery for many students seeking a role in the workplace and I look forward to leading and supporting our faculty as they respond to these demands.

Name: James Kleckner

Discipline: Fine Art/Graphic Design

Contributions to the profession (committee involvement, accolades, etc.): My professional contributions include: facilities and technology committee involvement, art program and curriculum updates and revisions, recurring annual curatorial exhibitions for student and faculty art shows at Lassen Arts Council, community outreach at Lassen County schools and Lassen County Fair, personal artwork comprises various juried exhibitions, including to exhibit at the Los Angeles Center for Digital Art titled Ten Artists to Watch. Future artwork involves publishing a graphic novel, book of illustrations, and creating a new body of work in the form of large-scale charcoal drawings exploring movement, figures, and various animals.

Future goal for your program: Future goals for the Arts Program at LCC include: finding a permanent gallery space to exhibit student, faculty, regional, and national art exhibitions on campus, develop a recurring visiting artist program (where artists exhibit and provide public talks and demonstrations for the county and community of LCC), provide more community-based art programs, and expand arts program via correspondence and online learning.

Name: Christi Myers

Discipline: Nursing and Allied Health

Contributions to the profession (committee involvement, accolades, etc.): Re-establishment of LVN program (along with Celeste) & EMT, CMA, Phlebotomy. Development of CNA program. Committee involvement, currently safety committee, leading from the middle.

Future goal for your program: Develop an RN program

Name: Andy Rupley

Discipline: Business

Contributions to the profession (committee involvement, accolades, etc.): Academic Senate Representative, Full-Time Negotiator for LCFA, Division Chair of Business/Science, Curriculum Committee, and Educational Master Plan Committee. In 2020, earned Ph.D. in Organizational Leadership and passed the California Real Estate Exam to become a licensed Real Estate Agent.

Future goal for your program: Want to help build the non-credit offers for Lassen College through transitioning certain business course offerings as well as possibly creating a non-credit real estate program. In addition, creating a new accounting certificate and re-writing the office technology certificate to more align with the industry as well as more approachable from a student perspective.

Faculty Tenure - 2020-2021

Name: Hasib Azhand

Discipline: Business

Contributions to the profession (committee involvement, accolades, etc.): Helped the business department in implementing its new Small Business Certificate Program. Was Flex Chair for academic years of 2018-2019 and 2019-2020. Assisted in bring personal development training on campus. Influential in teaching incarcerated students face to face business courses to help lower recidivism rates. Helped complete the Entrepreneurship Certificate Program for our incarcerated students.

Future goal for your program: Create an amazing adult education program for small business owners.

Name: Laura Greer

Discipline: Child Development

Contributions to the profession: Site Supervisor Permit from the Commission on Teacher Credentialing. Involved in the Lassen Planning Council. Certified in the HighScope Curriculum (a curriculum for the 0-5 year age group).

Future Goal for Program: I hope to grow this program and increase enrollment.

Name: Shar Murphy

Discipline: Librarian

Contributions to the profession: Secured a full-time library technician, Christina Madrid, who is a fabulous addition to the College Library; secured and expanded loanable hotspots, Chromebooks, & textbooks; implemented a state-wide library system; arranged award-winning author visits to campus, area schools & public; Flex presentations; serve as secretary to Institutional Technology Planning Committee; received two commendations on College's Accreditation Report.

Future goals for your program: Continue to expand the Library's resources & services via Canvas and in-person; expand the Library's hours & days; secure a security system; further literacy work with the community.

On a personal note, I want to thank the College for my opportunities to work and live here. LCC, Susanville, and Lassen County have immensely blessed my life. The support offered is immeasurable. In gratitude, Shar

Name: Celeste Wisner

Discipline: LVN Nursing Instructor

Contributions to the profession (committee involvement, accolades, etc.): Academic Senate (first year), Student Service Master Planning Committee.

Past committees: Scholarship, Discipline Committee. Future goal for your program: From a conversation about re-starting the nursing program with a stranger over a cup of coffee to graduating our fifth class this May I am confident that the sky is the limit for our nursing program. That said stranger- Christi Myers, now director of the program(s) and I have been living by our philosophy- "It will all make sense one day." With the help of the school, support from administration, colleagues, and community we have been able to graduate over 60 students since December 2017.

Future goals are to keep giving the best education we can provide to the nursing students and continue having a successful NCLEX pass rates. Our Simulation Lab have been instrumental in the students learning also. We plan to keep improving our Simulation to encourage stronger critical thinking. A LVN-RN Bridge program is a future goal that we are working hard to provide for our community. Being a RN in the community, I see the need of nurses- LVN and RN. I am happy to be part of the team who is helping bridge the gap and provide our community with the most evidence based practice education and skilled nurses. I feel excited when a past nursing student is providing my family and me medical care. I know they are in good hands and that's how I know we are doing it right!

For Board Discussion

How does this action achieve the College's Mission, Vision and Values and support Student Learning?

Subject	8.04 Setting of Non-Resident Tuition Fee for FY 2021-2022
Meeting	Mar 9, 2021 - Regular Meeting of the Board of Trustees - 5:30 p.m.
Category	8. Administration
Type	Action
Recommended Action	Recommend the Board of Trustees set the Non-Resident Tuition Fee for Academic Year 2021-2022 at \$270.00 per unit, as presented.

Background

Education Code Section 76140 requires each Community College District to annually establish the Non-Resident Tuition Fees for the following academic year by March 1. Due to a cyber attack to the LCC systems which occurred the last week of January, 2021, all campus computer infrastructure was incapacitated and this item was unable to be brought to the Board at the February 9, 2021 regular meeting.

Lassen Community College is permitted to establish Non-Resident Tuition based upon either the statewide average cost of education, the District average cost of education, contiguous District average cost of education, or anywhere between the statewide cost of education and the District average cost of education.

Status and Analysis

Lassen Community College established the Non-Resident Tuition Fee of \$280 per unit for the 2020-2021 academic year. Projections for the contiguous Districts fees for FY 2021-2022 are as follows: Shasta \$270, Siskiyou \$270, Butte \$270 and Feather River is \$270.

Subject	8.05 Instructional Program Review (IPR) 2020-2021 - Child Development
Meeting	Mar 9, 2021 - Regular Meeting of the Board of Trustees - 5:30 p.m.
Category	8. Administration

Type	Action
Recommended Action	Recommend the Board of Trustees accept the 2020-2021 Instructional Program Review (IPR) for Child Development, as presented.

Background

The Academic Senate, based on procedures outlined in the 13th edition of the Instructional Program Review Handbook, approves Instructional Program Reviews completed by faculty. The Senate President and Vice-President of Academic Services then jointly submit the Instructional Program Reviews to the Board for final acceptance.

Status and Analysis

The Academic Senate took action at its meeting on February 10, 2021 to approve and forward the 2020 Child Development IPR to the Board. The IPR was presented to Consultation Council Committee on February 22, 2021. The IPR document is attached.

Subject	8.06 Review of Surplus Disposal Plan
Meeting	Mar 9, 2021 - Regular Meeting of the Board of Trustees - 5:30 p.m.
Category	8. Administration
Type	Discussion, Information

Background

Through the process of normal operations, Lassen Community College accumulates items which become no longer useful to the College as the item is either beyond its useful life or are no longer required for district purposes.

The College has accumulated many of these items over the past 20 years. For the last two years, we have been working towards clearing out the Cogen plant, and M & N buildings, where at least 90% of our surplus is stored. Many items currently on hand were left after a previous surplus sale and were never disposed of. Additional surplus items accumulated since then include items from the remodel of the Photo Lab and the Library, the move out of the Credence High school building, the normal accumulation of additional surplus items over time, and now also from the remodel of the M & N buildings and Room CA-102 (former Jewelry classroom).

Last year facilities took on the task of going through each item to decide if it was from the old surplus that had already gone to the board for approval, which meant that the college could liquidate, or was it new surplus that still needed to go to the board for approval in order for the college to surplus it.

Status and Analysis

The college is holding many unneeded items that require disposal. Some items have already been approved for surplus by the Board, and other items will be brought to the Board for approval during the Spring 2021 semester. All these items are the property of Lassen Community College and are no longer satisfactory or suitable for use by the district. Applicable regulatory and policy guidance on surplus property includes Education Code Section 81452 and Board Policy 6550, and Administrative Procedure 6550. In accordance with these requirements:

- The Superintendent/President is delegated authority by the Board of Trustees to declare as surplus such personal property of the District as is no longer useful for District purposes, and shall establish procedures to dispose of such property in accordance with applicable law.
- Either the donation or the sale of surplus items is authorized.
 - Donation, in lieu of sale, can be to a local school or other public entity.
 - Surplus items to be sold are required to be advertised for at least two (2) weeks.

- Item(s) may be sold at private sale without advertising:
 - When an item has an established value of the item does not exceed five thousand dollars (\$5,000), or
 - When an item is offered for sale but no qualified bid was received.
- All sales of surplus personal property shall be reported to the Board of Trustees on a periodic basis.
- District employees or their agents shall be free to submit sealed bids or to bid at public auction for surplus District property
- Upon request by the Governing Board a report on the disposal of District property shall include the price, the recipient of the property, and other information.
- If the board, by a unanimous vote of those members present, finds that the property is of insufficient value to defray the costs of arranging a sale, the property may be donated to a charitable organization deemed appropriate by the board, or it may be disposed of in the local public dump on order of any employee of the district empowered for that purpose by the board."

We have now formulated a plan to dispose of the extra surplus items that we have, which is attached for Board of Trustees review. We have also begun the process of removing many items currently stored in the Maintenance yard and near the M and N buildings to more suitable, covered storage until they can be properly removed through the surplus process.

This agenda item is provided for the Board's information only at this time.

For Board Discussion

How does this action achieve the College's Mission, Vision and Values and support Student Learning?

Subject	8.07 COVID Update
Meeting	Mar 9, 2021 - Regular Meeting of the Board of Trustees - 5:30 p.m.
Category	8. Administration
Type	Information

Background

In March of 2020, Lassen College shifted most education operations to an online modality. This was done as a result of the COVID-19 pandemic. In response to this worldwide medical matter, the Superintendent/President advises regular updates on the campus' COVID response.

Status and Analysis

At some point, conditions will permit the return of students to campus, along with a shift back to a face-to-face learning modality. In an effort to make this possible, precautions will need to be taken to ensure a safe environment for students, faculty, staff, and visitors alike.

For Board Discussion

How does this action achieve the college's Mission, Vision, and Values in support of student learning?

Subject	8.08 District Budget Update
Meeting	Mar 9, 2021 - Regular Meeting of the Board of Trustees - 5:30 p.m.
Category	8. Administration

Type Information

Background

On July 14th the Governing Board approved the tentative budget for the 2020-2021 academic year with a subsequent status update and discussion at the Board Workshop meeting on July 28th. The final budget was approved by the Governing Board at its October 27, 2020 Retreat meeting.

Status and Analysis

The landscape of California Community Colleges finances continues to evolve. Cash flows from state apportionment has begun to take shape. The district has taken some direction in moving forward with securing ample future cash flows. Likely with a TRAN [tax and revenue anticipation notes] issuance toward end of calendar year.

For Board Discussion

How does this action achieve the College's Mission, Vision and Values and Support Student Learning?

Subject 8.09 Accreditation Update

Meeting Mar 9, 2021 - Regular Meeting of the Board of Trustees - 5:30 p.m.

Category 8. Administration

Type Information

Background

The College is currently addressing requirements and recommendations resulting from the March 2020 Accreditation visit.

Status and Analysis

The College continues to address the requirements and recommendations resulting from the March 2020 Accreditation visit via the LCC Accreditation Steering group. This group is comprised of Administration, faculty and staff members and an Accreditation Consultant. Specific progress is made weekly and will be discussed by the Superintendent/President.

For Board Discussion

How does this action achieve the College's Mission, Vision and Values and Support Student Learning?

9. Information Items

Subject 9.01 Calendar of Events

Meeting Mar 9, 2021 - Regular Meeting of the Board of Trustees - 5:30 p.m.

Category 9. Information Items

Type Information, Procedural

Please see "Events" on the Lassen College web site home page.

Note: At this time all LCC events (on campus, workshops and athletic events) have been suspended until further notice.

10. Future Dates and Reports

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages

Noes: None

Absent: None

4. Discussion/Action on item(s) removed from Consent Agenda**5. Information-Reports**Information, Report: 5.01 Academic Senate President's Report

Adam Runyan, Academic Senate President, submitted the following report which was read by Julie Johnston:

Good Evening, We would like to congratulate our faculty that are receiving Tenure this evening. Item 8.02 on tonight's agenda highlights some of their accomplishments as faculty at LCC. We are truly lucky to have such committed faculty that have a vision to grow their programs and serve our students. Our Senate has been busy working on catching up with our IPR's. You will see the Child Development IPR is on your agenda this evening. We should have 6 for you to review by next month. We are still working closely with our Accreditation Tri Chairs and consultant making sure that we are checking off the boxes of the recommendations and requirements ACCJC has for us. The ASCCC has asked us to complete a Diversity Equity and Inclusion (DEI) survey, due by the end of this month, specifically looking at how we are embedding DEI efforts across our campus with students, staff, faculty, administration, and our board. Overall, we are "in progress" for many of their questions and initiatives, but have a long way to go to make sure we are looking at everything we do through a lens of Diversity, Equity, Inclusion, and

anti-racism, from our hiring practices, to our curriculum development, we are making headway. Thank you for your commitment as a board to our DEI efforts. As always, if you have any questions or concerns, please reach out to me. Thank you, Adam Runyan.

Information, Report: 5.02 Associated Student's Report

None

Information, Report: 5.03 Interim Superintendent/President's Report

Dr. Trevor Albertson, Interim Superintendent/President stated he wanted to join Adam to congratulate those receiving tenure tonight. Dr. Albertson went on to say that for those receiving tenure, and those that received it a year ago we will have a party bigger than before. This was put under due to CoVid hitting. Congratulations to all receiving tenure and well done. It's March, and that means spring is approaching rapidly. With spring comes the opening of blossoms and buds on the trees and flowers. Such is meaningful symbolism for where the campus is headed in the coming months, as well. As we move into a period of reopening and, honestly, renewal, there is a great deal to consider. When this all started, I remember saying it would be more difficult to reopen that it was to move off-campus. Well, that difficult task is upon us. In an effort to ease that transition, the leaders of various campus constituencies and I will be meeting soon to discuss what is important to them as this process is undertaken. Following that, there will be planning exercises within the administration to ensure the campus team will be able to safely reopen upon their return. More or less, we will be working out the kinks before everyone shows up. But there, too, there will be a degree of thought applied to the process by which everyone is reintroduced to campus. Rather than bringing everyone back in a mass-wave of folks, the return will be layered, coming back in small groups. Finally, once everyone is back, the process of monitoring the situation for safety will go on. Frankly, it will be a continual process. Covid is not going away, and neither should our vigilance. Turning to the budget, we continue to occupy a strong cash position. In fact, even with the deferrals we are expecting from the State, we are likely to have enough cash on-hand to cover our expenses and payroll without having to draw on a tax-free TRAN. To be safe, however, we do intend to employ a taxable TRAN to ensure the steady availability of funds—should unforeseen needs arise. That's all for tonight. But, as always, keep up the great work and continue to serve our students and community. -Trevor

President Wages asked for an update on the Presidential search. Vickie Ramsey, Director of Human Resources advised she had planned to update the Board in closed session tonight, but her comments are not confidential. Ms. Ramsey advised the first committee meeting has been set for next Monday, March 15th from 2-3:30 p.m. at which time they will discuss paper screening and go through training and questions the committee may have as well as formulate questions for the interview.

Information, Report: 5.04 Board Comments

Trustee Sandra Jonas gave her congratulations to those receiving tenure tonight and congratulations to our two retirees, Jeff and Carol.

Trustee David Trussell stated he wished to say the same as Sandy said. Trustee Trussell stated he wished we could give those parties tonight for the tenured faculty. Congratulations with the two retirees, enjoy.

Trustee Buck Parks gave his congratulations to the retirees and tenured faculty. Trustee Parks gave a thank you to Alan for his time on the Board and that he thinks he wanted to stay on the Board, but there are things we are bound by. Trustee Parks stated they have done provisional appointments in the past, and it is a process we will have to do. Best wishes to Alan.

Trustee Kim Dieter gave her congratulations to everyone.

Trustee Louis Hamilton stated ditto. He would like to say what Buck said about Alan. Appreciates Alan being on the Board, and it was too bad he was not qualified to stay.

President Sophia Wages stated she wants to congratulate the tenure employees and Carol and Jeff and thank Alan for his service. President Wages added that they may not all agree, but she appreciates everyone's opinions. Thank you all again.

6. Administration First Reading Board Policy (No Action Required)

Discussion, Information: 6.01 BP 2430 - Delegation of Authority to Superintendent/President (First Reading-No Action Required)

Dr. Albertson reported this open airing is designed to bring this policy into greater requirements for accreditation. Dr. Albertson noted the Tri Chairs are doing a wonderful job. This item is a technicality. It removes a technical barrier.

Discussion, Information: 6.02 AP 2430 - Delegation of Authority to Superintendent/President (First Reading-No Action Required)

Dr. Albertson reported that again this is more of a technical matter for the President to have the authority in line with accreditation standards.

7. Administration - Second Reading and Approval Board Policy

Action, Discussion, Information: 7.01 BP 2310 - Regular Meetings of the Board (Second Reading and Approval)

Dr. Trevor Albertson advised this BP codifies the need to hold a second meeting if needed and allows the Board flexibility in scheduling the December meeting to meet the requirements of AB2449.

Motion by Buck Parks, second by David Trussell

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages

Noes: None

Absent: None

8. Administration

Action, Discussion, Information: 8.01 CCCT Board Elections Nominations - 2021

President Wages called for a board member to volunteer to research the candidates for the CCCT Board noting that Trustee Hamilton had performed this research for the Board last year. Trustee Hamilton agreed to research the nominees and bring forward his recommendations to the Board at the April 13, 2021 Regular meeting. President Wages thanked Trustee Hamilton.

Action: 8.02 Faculty Evaluations

Dr. Albertson said that the faculty evaluations were completed and well done adding that the new deans are doing great with this as well as the faculty.

Motion by Sandra Jonas, second by Kim Dieter

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages

Noes: None

Absent: None

Information: 8.03 Faculty Tenure Commendations

Dr. Albertson advised this is giving commendations to the Board as to who received tenure. These faculty have been serving the college for at least the last 5 years and these faculty have made a difference for our students. President Wages congratulated the faculty receiving tenure on their commitment.

Action: 8.04 Setting of Non-Resident Tuition Fee for FY 2021-2022

Dr. Albertson reported that in setting the non-resident tuition fee for 2021-2022, it is actually a decrease of \$10 per unit which is what everyone else has done to remain competitive. This is ready to go and will keep us competitive for any students looking to attend any community college. It is recommended the Non-Resident Tuition Fee be set at \$270 per unit for the 2021-2022 fiscal year.

Motion by David Trussell, second by Buck Parks

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages

Noes: None

Absent: None

Action: 8.05 Instructional Program Review (IPR) 2020-2021 - Child Development

Dr. Albertson reported that the Instructional Program Review (IPR) for 2020-2021 for Child Development was completed by Laura Greer, our Early Childhood Education instructor. She has done a phenomenal job and should be commended for what she has produced. It is noted the Board conveys their thanks for her hard work.

Motion by Sandra Jonas, second by Buck Parks

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages

Noes: None

Absent: None

Discussion, Information: 8.06 Review of Surplus Disposal Plan

Dr. Albertson reported that this was a hot item. They have figured out where the problems were. Dr. Albertson stated he wanted to commend Greg and his staff for making it happen. They got the desks out of the weather and other items moved. This plan is for starting to dispose of things. Some of it needs to be disposed of as it has not sold at the previous sale. Other items need to be assessed in the system which are high value items, so we can turn them back into items the community can use and dollars for our students. Trustee Hamilton stated he wanted to thank them for cleaning up the backyard. He went by tonight and that is the way it should be kept. Yes, there are items that are surplus, but we need to have those items put up to store them. One area is the CoGen and hopefully we can get them out and sold.

Trustee Hamilton stated he does not agree with all of the plan. For the items we have that are surplus, we have state code that we have to follow and state code is what he would like reassurance we are following. Trustee Hamilton advised he wants to see us get the most money that we can. Trustee Hamilton reported he was on the Board in 2012 for the last sale and there are items that are on the list, that he has now found are still here. We need to get rid of them.

Information: 8.07 COVID Update

Dr. Albertson advised that it is less of a concern about what we need to do to keep people off campus, but to get people back up here. Today Julie and he were having a very spirited conversation about how we were going to do this with signage. Dr. Albertson stated he cannot stand out there with a clip board making sure people have been vaccinated. People are not just

returning after CoVid, but in some cases it is their first time to campus. Dr. Albertson advised a meeting has been scheduled with various campus principles to start this discussion on returning to campus.

Information: 8.08 District Budget Update

Dr. Albertson advised that the Status and Analysis says it all. Dr. Albertson stated that about pulling the TRAN, we have no short fall to prove to the State, and we think we are going to have the money we think we may need if something bad were to occur. The TRAN is something about having it if we need it as a safety net. Dr. Albertson advised that it is peace of mind for the Board and him and is worth it.

Information: 8.09 Accreditation Update

Dr. Albertson reported that accreditation is moving forward, and he spoke with Toni Sommer, our accreditation representative. To the Tri Chairs, thank you and thank you to all of the faculty and staff putting in hours on this. It is not something that happens overnight. It requires brain work to get done and after hours, but they are making that time. Thank everyone working hard to do this.

9. Information Items

Information, Procedural: 9.01 Calendar of Events

President Wages referred those present to the Events tab on the website and that hopefully soon we will have events back on campus.

10. Future Dates and Reports

Information: 10.01 Future Dates and Reports

Academic Senate Meeting March 24, 2021 @ 3:00 p.m. Virtual Via Zoom

1. Call to Order at 3:00pm

1.01 Roll Call

Senators Present: Baker, Downing, Lin, Rupley, Runyan, Wisser

Guests: Carie Camacho, David Corley, Lisa Gardiner, Roxanna Haynes, Randy Joslin, James Kleckner, Chad Lewis, Alison Somerville

1.02 Approval of Agenda

(Rupley/Baker MSCU)

1.03 Approval of the Minutes for the 2/24/2021 meeting

(Rupley/Runyan MSCU)

2. Public Comment

None

3. Action

3.01 Agriculture IPR

Still awaiting a current curriculum form not up to date. Motion to table pending completion.

(Downing/Rupley MSCU)

3.02 Digital Graphics Design IPR

Second review of IPR for approval. Motion to approve

(Downing/Baker MSCU)

3.03 Human Services IPR

Second review of IPR for approval. Motion to approve.

(Wisser/Rupley MSCU)

3.04 Humanities IPR

Second review of IPR for approval. It is ready for approval except the strategic goals are not linked to the requests portion of the report. Motion to table until completion

(Runyan/Baker MSCU)

3.05 Institutional Set Standards

Dr. Joslin presented item 3.05. The old standards have not been reviewed or updated since 2013. For ease of communication and discussion of the standards, Dr. Joslin compiled all three separate ISS documents into one document and numbered each standard as #1 through #7. He examined longitudinal data for ISS #'s 1 through 5, and used the data to set new Baseline and Stretch goals for each, based on overall average of the years examined, and the most recent three-year average. He then used available data for determining baseline and stretch goals for ISS #6 (Licensure Pass Rates), and used longitudinal data from the Perkins website to determine baseline and stretch goals for ISS #7 (Job Placement Rates).

Presentation of this data was done in a way so that the data and the resulting goals was explained as well as possible, and that a robust dialogue occurred over the entire issue. This

discussion concluded with the Senate voting to approve the revised institution Set Standards presented.

(Runyan/Rupley MSCU)

3.06 SLO Handbook/SLO Assessment

Lisa Gardiner informed Senate that this item comes out of our accreditation process. The handbook was old and in "draft" form. The handbook has been updated with our current standards and spells out the SLO assessment and review process.

Motion to approve

(Baker/Lin MSCU)

3.07 Academic Renewal Policy

At last meeting we discussed best practices for time lapsed in order to complete Academic Renewal. Currently, 2 years must have elapsed. It is suggested that we adopt a 1 year policy as a best practice. Item brought back for approval with a 1 year policy. Motion to approve.

(Downing/Runyan MSCU)

3.08 Senate Academic Scholarship

There is approximately \$500.00 in the scholarship fund for distribution. It was discussed to have 2 - \$100.00 scholarships with the standards eligibility requirements to apply. The faculty donation election form will also be sent out asking faculty to contribute to the fund. Motion to approve

(Downing/Baker MSCU)

3.09 Senate Elections

Colleen Baker, Tom Downing and Celeste Wiser's seats are up for election this year. Senators reviewed eligible faculty list for elections. Call for nominations form will be sent out to all faculty by VP Baker with nomination/election deadlines included. Motion to approve

(Rupley/Downing MSCU)

3.10 Faculty Committee Assignment

Senate reviewed a request from Chad Lewis, Curriculum Committee Chair, to remove Thomas Robb from the Distance Education Committee and add Chrystal Tobala. Motion to approve

(Downing/Baker MSCU)

4. Discussion

4.01 PSLO/ISLO Pilot Project

The accreditation workgroup is proposing a pilot assessment project through surveys. The purpose of this assessment would be working on learning and improving the processes of PSLO and ISLO. A sample survey was included for review. Senators are requested to review and the item will come back at a later date.

4.02 Camera On Policy Recommendation

President Runyan is continuing the research on this topic. He has found a policy from San Mateo College which was attached. It was requested we review and provide comment for the item to return at a later date.

5. Information

None

6. Reports

6.01 Administration

Carie Camacho reiterated the importance of the curriculum review process. She will be changing the IPR orientation around making this a priority.

6.02 Senators

None

6.03 LCFA

Rupley encouraged all to vote on the current TA proposed to the union.

6.04 Guided Pathways

None

7. Closed Session - Entered at 4:32 pm

Senators Present: Baker, Downing, Lin, Rupley, Runyan, Wisser

Guests: Lisa Gardiner

7.01 Consideration of Faculty Minimum Qualifications and Equivalency

1 applicant – DSPS Coordinator and Learning Disability Specialist.

Closed Session –Ended at 4:42pm

Report Action in Closed Session:

Applicant meets equivalency for DSPS Coordinator and Learning Disability Specialist.

8. Meeting Closing

8.01 Adjournment – 4:43 pm

(Baker/Rupley MSCU)

Respectfully Submitted,

T. Downing

Academic Senate Meeting April 14, 2021 @ 3:00 p.m. Virtual Via Zoom

1. Call to Order at 3:00pm

1.01 Roll Call

Senators Present: Baker, Lin Rupley, Runyan, Waiser

Guests: Carie Camacho, Lisa Gardiner, Roxanna Haynes, Sue Kelley, James Kleckner, Alison Sommerville

1.02 Approval of Agenda (Rupley/Baker MSCU)

1.03 Approval of the Minutes for the 3/24/2021 meeting (Rupley/Runyan MSCU)

2. Public Comment None

3. Action

3.01 Agriculture IPR Second Review of IPR for approval. Motion to approve (Baker, Rupley MSCU)

3.02 PSLO/ISLO Pilot Project
Surveys will be sent out to students that are graduating from the listed programs. The information gathered will be for upcoming IPR's. Runyan stated that the Tri Chairs have put in a lot of work on this project. Rupley brought up some misspellings that need to be corrected. Lisa Gardiner took notes on what needed to be fixed. Rupley mentioned that the IPR handbook will need to be updated to reflect this data capture. Motion to approve with corrections.
(Rupley, Baker MSCU)

3.03 AP 4102
Senate took action at it's March 10, 2021 meeting to take out the Superintendent/President submission of CTE Advisory membership to the Board of Trustees. Concerns arose regarding this as the Superintendent/President is the Secretary to the Board. Administration discussed that this is more of a collegial process by having the word consideration. It was recommended by Baker for the sentence to read: "The Chief Instructional Officer will forward the candidates to the Superintendent/President, who submits the list of candidates to the Board of Turstees." Motion with recommended changes.
(Baker, Rupley MS) There was not a majority vote. Motion died

4. Discussion

4.01 ACCJC Draft Report
President Runyan wanted to thank Senators Andy and Celeste for making comments on the document. Adam stated this is not a final draft because there are a lot of things that need to be updated and we want others to take looks at this document. The corrections or information that was requested will go back to the tri-chairs as well as the consultant to keep the document keeps going forward in a positive way. Thomas Robb has been selected as the editor and will help make sure all the links are good and that the document carries one voice. This document will need to be done and finalized through all steps and make sure that it is finished so ACCJC gets this document by October of 2021. Senate made recommendations back to the tri-chairs to continue through the governance process.

4.02 Camera On Recommendation
This is a guidance memo that came from another college and things that other colleges are doing to address online instruction. There can be one more discussion, but the following meeting will need to be an adoption of a LCC document that we will need to have. Andy asked if this is something we need to align with accreditation. Adam stated this is a recommendation that is to limit liability. We need to do what we have discussed before, which is to make sure that our syllabus are very specific with what we will require in our courses as instructors.

4.03 DEI Resolution
This document is something that is happening throughout the state and something that can help us be a pillar in the community as a DEI stakeholder. This still has a bit to go and we are hoping to have something by June of this year. It is a state wide movement. Andy asked if there is any push back against something like this throughout the state. Adam stated that this is overwhelmingly being approved throughout the state. The one concern that has been voiced is that it can divide people based on who did and did not sign the document. Roxanna brought up an inclusivity document in 2019

and this document is not a new resolution and that we have already supported this type of movement. Adam said he will reach out to other people to see if there is anything else on the document.

5. Information

5.01 Transcript Evaluation Form for Incarcerated

This form was updated to be more inclusive to our incarcerated students and also helps meet an accreditation standard. Counseling and correspondence has viewed this document as well as KC Mesloh, Evaluation Coordinator, to make sure this document meets standards.

5.02 Spring Senate Plenary

Adam talked about spring plenary and the voting that will happen. We need to get information to Adam by Friday to address any concerns. When the voting is done Adam will come back to tell us what happened. Alison asked to please vote for CCC apply. James wanted the votes to be thoughtful.

6. Reports

6.01 Administration

Carie said she didn't have much to talk about except the bombshell from yesterday (CCC closing). Adam asked how many people we will lose. Roxanna said rough numbers look like 13% loss in FTE. Andy asked if there was any retention from students transferring to other institutions. Roxanna stated that there are multiple factors. Some students may be able to finish the social science degree, but we will lose multiple business students from finishing their degrees. There are book issues that may lead to some students not being able to finish degrees. It may be best to put together a letter for the students to give to their future college coordinators to get finished. There could be some scheduling changes to help finish the students out before they leave next year.

6.02 Senator Reports

Adam asked about nominations about running for senate this next cycle. Colleen said that she had not received anything yet.

6.03 LCFA

1. Meeting Opening

1.01 Call to Order and Roll Call 3:02pm

1.02 Approval of Agenda -approved by consensus

1.03 Approval of Minutes 04/12/2021 – approved by consensus

2. Governance

2.01 AGR IPR-Adam Runyan – Brian Wolf submitted it. Senate approved it at the last meeting. – approved by consensus

2.02 HUS IPR-Adam Runyan – Colleen Baker turned this in. She did an incredible job. This is a great templet to use when making your IPR. – approved by consensus

2.03 AP 4240- Academic Renewal-Adam Runyan – Other campuses around the state have a one year time lapse to submit an academic renewal. Ours is a two year time lapse. We changed ours to a one year time lapse. Thank you KC for all your work on this. – approved by consensus

2.04 Facilities Master Plan-Randy Joslin – We had some marathon sessions with the committee. One of the things we were striving for was streamlining it. Current committee was updated. Priorities were updated. – **approved by consensus**

2.05 2021-2026 LCC ITMP-David Corley – This is late because the cyber-attack. We followed the standard format that they are wanting all forms to follow. Current committee was updated. Updated priorities. (Randy Joslin)-The visiting accreditation team said that Lassen College does not figure in cost of ownership when figure out the total cost so we have added the wording at the top of the priorities and we will be figuring cost of ownership when figuring out our total cost for each priority. (ask Alison what her question was) – **approved by consensus**

2.06 2021-2026 LCC SSMP-Brady Reed –Updated the current committee. Encompassing elements stayed the same. Updated priorities. A couple minor changes from Randy was filling in the strategic goals and adding the estimated total cost of ownership statement. Put 2021-2026 under non prioritized items. Do we approve NIPR’s first or the Master Plans? Normally we approve NIPRs first. – **approved by consensus pending slight edit suggestions by Randy.**

3. Consultation

3.01 ACCJC Draft for Feedback – Randy Joslin – This is the report we have been working on a lot. The version has some track changes on it. It has been through senate. After Consultation Council, it will go to the Board and then to the ACCJC by October 2021. We will have it to them early. We are hoping to give it to ACCJC in June 2021. They will be back to our school in December 2021 or January 2022. When they get here, we will give them an amendment to this report to show all the work we will have done since June 2021. (Trevor Albertson) -This is a great report. This campus put this report together. This report shows the trust we have across the campus for each other. Great work. We have built a great team here. This has been created by campus input far and wide. Roxanna called for a consensus to endorse the rough draft. –

Endorsed by consensus

3.02 SLO Handbook –Adam Runyan- This is in direct dealing of what we are doing in with accreditation. This was reviewed by senate and curriculum. **Consultation Council approved to adopt the handbook.**

3.03 PSLO ISLO Pilot Assessment Project – Adam Runyan- We need to gather better data. We will be giving this out to all of the graduates from a handful of programs so we can gather that data. This is directly dealing with accreditation and what they are asking us to do. This is a two prong approach. Roxanna called for a vote of endorsement. – **Endorsed by consensus**

4. Guided Pathways

4.01 Guided Pathways Update-Brady Reed – All workgroups reported out. Logos are coming along great. We have had a lot of input from campus with different ideas. Thank you to everyone who have been showing up to the meetings.

5. Accreditation

5.01 Accreditation Updates –

Transfer of Credit Policy (credit for prior learning)-Brady Reed- A new procedure has been approved. In the past our students could only receive credit through credit by exam for any prior learning. There are new ways they can get credit for their prior learning now. The fees section was taken out. SSMP made a recommendation on what fees they felt we should charge and we will send it over to senate. Could a scholarship be used to pay for credit by exam? It depends on the scholarship.

Compliance requirement #10- Complaint policy-Brady Reed- We did not really have just one procedure in the past. We had a few and they were not well explained in the catalog. We are trying to streamline the process. Students will be able to go online on the website and there will be an area for them to fill out their complaint. It will then be sent to HR and then HR will disseminate it to the correct people. It should be going on the website soon. David is working with Maxient now. Staff trainings will be happening soon, also. Sue needs something official for the catalog from Carie and Brady. Brady will follow up with Carie. Brady tried to keep the catalog language pretty simple. If there is anything in conflict with the academic part, they can take that out.

Compliance requirement #6- Randy Joslin- We were written up with accreditation not because we did not have a process but because we were not following our process. The approval process is there. When we have a new position, it goes through the entire planning process. When we have a position that needs to be filled it is taken to cabinet and papers are filled out and conversations are had. Page 9 of the handbook refers to the process.

Compliance requirement #7&8- Randy Joslin- Facilities should be doing a regular evaluation of our facilities. The state should be coming in to do an assessment. They try to do it once every five years. We get a facilities index score for this assessment. The lower the score the better. If you have an FCI of greater than 70%, that means your facility needs to be redone/rebuilt, not fixed. We were at 57.20% in 2018 with over 90% of our facilities being over the 10% threshold of poor. Colleges do bond projects. We are not in position yet to do that. Within our long-range planning, we have not implemented that we need new buildings. We need to add long-range capital planning in the best and most appropriate way. We have been doing a physical assessment of the entire campus, room by room. We are almost done with that. We need to add total cost of ownership.

Compliance recommendation #9-Randy Joslin-There are two main things they found dealing with this delegation of authority. There was a direct contradiction between the two policies. We were also out of date with our updates. The board policy review committee updated and approved these in February 2021. We will be doing the training for the board in June 2021.

Compliance recommendation #12-Randy Joslin- We have a policy but we did not have a scheduled timeline. We do now. It has already been approved by Senate and Consultation Council. We are now living it. The AP's do not need to be approved by the Board of Trustees. Only the BP's do. We are in catch up mode with the schedule right now. We had some policies and procedures that were 10 years out of date. We are now updating them and starting the three month process of approval. We are working on chapter 3 right now. Then we will move on to chapters 6 and 7. Moving forward we will have progress reports.

6. Other-Information/Communication

6.01 Budget and Planning Calendar-Randy Joslin- We need our preliminary budget going. We will be very busy the next month to get caught up on the calendar.

6.02 Budget update-Trevor Albertson. 7 million on hand. 1.27 million in TRAN. We are waiting to see if they are going to defer payments for next year. We are putting together a budget for presentation for June.

6.03 Good of the Order: Questions for Trevor- Trevor Albertson-

- Well done on the accreditation report.
- I know nothing on presidential hiring. Once we know something, it will go out to you all.

- We are getting closer to a campus return. We are going to do a safe return. Trevor would like to have another meeting with campus leadership. Julie will organize that.
- We will have a huge back to campus party!
- There will be a graduation. Could the college purchase the cap and gown for this year? It would be a nice gesture and keep the back and forth on campus to a minimum. Are we going to do anything special for these students who have persevered and graduated through the pandemic? Maybe like a special stole or something? Or some sort of pin. These are great ideas. We will check the budgets and come up with an idea. We need new information on the website.
- Would everyone be open to having an emergency meeting to approve the HR Master Plan and do a budget prioritization at the same meeting? We will have meetings on May 10th, 17th and the 24th. May 10th we will have the HR Master Plan and budget the prioritizations.

7. Meeting Closing

7.01 Future Meetings

7.02 Adjourn 4:30 pm

Monday, April 26, 2021
Consultation Council 3:00 pm via Zoom-

Consultation Council is the 2nd and 4th Monday of each month at 3:00pm via Zoom. This will continually be the link used to sign on. Everyone is welcome.

3. Consultation

Subject **3.01 ACCJC Draft for Feedback - Randy**

Meeting Apr 26, 2021 - Consultation Council 3:00 pm via Zoom-

Category 3. Consultation

Type information, consultation

Attached is the current Rough Draft of the ACCJC Report due to ACCJC on October 1, 2021. It reflects all the work done and to be done in meeting the requirements and recommendations from ACCJC. As you can see it is a working rough draft. There are notes about additions that need to be made and we are still sorting out evidence.

The objective of having the Consultation Council review the draft report at this point is to give the Consultation Council an understanding of the work that has been done, the approach being taken, an opportunity for more eyes giving feedback, and a basic endorsement. After this draft is reviewed by the Consultation Council it will be submitted to the Board.

Work on the report will continue through the summer so the final report will be ready for the review by the Academic Senate at its first meeting in the fall, as well as by the Consultation Council and the Board for sign off by early September in order to have the report to ACCJC before October 1, 2021.

The Accreditation Work Group looks forward to any feedback the Consultation Council might offer.

Student Services Planning/Student Success - Brady
 Human Resource Planning (Flex Committee) - Vickie
 Facilities Planning - Randy
 President's Office & Board of Trustees - Trevor

Adam Runyan, Senate President, has been added to the Accreditation Work Group.

Today's updates:

Senate: (Adam)

Compliance Requirement 1: In order to meet the standard, the team recommends the College assess the accomplishment of its mission through program review, student learning outcomes, and student achievement. The College must engage in continuous, broad-based, systematic evaluation and planning by conducting and implementing program review and resource allocation into a comprehensive process that, in turn, leads to improvement of institutional effectiveness and academic quality. The College must broadly communicate the results so that the institution has a shared understanding of its strengths and weaknesses and sets appropriate priorities (TR-17, 18, 20, 30, 35)

(Along with IE) Compliance Requirement 2: In order to meet the standard, the team recommends the College regularly assess student learning outcomes at the course, program, and institutional level (TR-18, 19, 20)

Institutional Effectiveness: (David/Randy)

Compliance Requirement 1: In order to meet the standard, the team recommends the College assess the accomplishment of its mission through program review, student learning outcomes, and student achievement. The College must engage in continuous, broad-based, systematic evaluation and planning by conducting and implementing program review and resource allocation into a comprehensive process that, in turn, leads to improvement of institutional effectiveness and academic quality. The College must broadly communicate the results so that the institution has a shared understanding of its strengths and weaknesses and sets appropriate priorities (TR-17, 18, 20, 30, 35)

(Along with Senate) Compliance Requirement 2: In order to meet the standard, the team recommends the College regularly assess student learning outcomes at the course, program, and institutional level (TR-18, 19, 20)

Compliance Requirement 3: In order to meet the standard, the team recommends the College establish a process for setting institution-set standards for student achievement appropriate to its mission and assess how well it is achieving them in pursuit of continuous improvement (TR-19, 20, 23)

Academic Planning/Enrollment Management (Carie)

Compliance Requirement 5: In order to meet the standard, the team recommends the College complete its policy process for the program viability policy (TR-26, 45)

Recommendation 11: In order to improve effectiveness, the team recommends the College continue to improve its process to schedule courses in a manner that allows students to complete certificate and degree programs within an appropriate timeframe (TR-14, 27; ISER-74)

Administration of Justice AS Degree for Transfer Post Graduate Survey

Congratulations on completing your degree at LCC! This is a huge milestone, and you DID it!!

Now that you are graduating, we would like to ask for just a minute of your time to help us to improve the experience of future students in the program that you have now completed. Your responses to this short survey are VERY important, and will directly help to make that program the best that it can be. Also, your responses are confidential—your name will never be used or disclosed in relation to this survey.

Listed below are what we call Program Learning Outcomes (PSLOs) for this program. This a fancy name for the specific educational goals we had for you when your first started in your program, things that we wanted you to know by the time you graduated from your program.

Please read and respond to the questions below (it really only takes a minute or two). Again, your responses can be a BIG help to future LCC students in your program for many years to come!

Thank you!

1. As a program graduate, how would you now rate your ability to demonstrate an understanding of the workings of the criminal justice system by applying definitions, concepts, and principles to law enforcement, corrections, and the courts.

- Excellent
- Good
- Fair
- Poor
- N/A (I do not have these abilities)

2. As a program graduate, how would you now rate your ability to apply critical thinking to research, evaluate, analyze and synthesize the appropriate procedures for the collection of evidence and data in criminal case preparation for law enforcement agencies.

- Excellent
- Good
- Fair
- Poor
- N/A (I do not have these abilities)

3. As a program graduate, how would you now rate your ability to develop, organize and write an objective report that meets the legal and detailed requirements of law enforcement agencies.

- Excellent
- Good
- Fair
- Poor
- N/A (I do not have these abilities)

4. What would you say are the strengths of this program?

Enter your answer

5. What areas of improvement would you suggest for this program?

Please include any unmet needs (instructional planning, facilities, staffing, administrative operations, technology, student support services) to be considered to improve the student experience.

Enter your answer

6. Please enter your student ID number below:

(for demographic purposes only, your name will never be disclosed or used in relation to your responses to this survey)

Enter your answer

Post Graduate Survey on Institutional Learning Outcomes (ISLO)

Congratulations on completing your educational program at LCC!! This is a huge milestone, and you DID it!!

Now that you are graduating, we would like to ask for a minute of your time to help us to improve the experience of future LCC students. Your responses to this short survey are VERY important, and will directly help to make our degree and certificate programs better. Also, your responses are confidential—your name will never be used or disclosed in relation to this survey.

Listed below are the Lassen College Institutional Learning Outcomes (ISLOs). This a fancy name for some of the basic educational goals we have for students, just like you, when they have completed a degree or certificate program here at LCC. These goals are based on your entire college experience here at LCC, including the instruction you received in the classroom, any assistance you may have received from Student Services, the counseling that you received, or any other involvement that you had as a member of our LCC family.

Please read and respond to the questions below (it really only takes a minute or two). Again, your responses can be a BIG help to future LCC students for many years to come!

Thank you!

1. Communication: As a new LCC graduate, how would you rate your communication abilities?
(ability to listen and read with comprehension, and ability to write and speak effectively)

- Excellent
- Good
- Fair
- Poor
- N/A (I do not have these abilities)

2. Critical Thinking: Now that you are graduating, how would you rate your critical thinking abilities?
(ability to analyze a situation, identify and research a problem, ability to propose a solution or desired outcome, ability to implement a plan to address the problem, ability to evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome)

- Excellent
- Good
- Fair
- Poor
- N/A (I do not have these abilities)

3. Life Long Learning: Now that you are graduating, how would you rate your abilities as a "Life Long Learner"?

(ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems)

- Excellent
- Good
- Fair
- Poor
- N/A (I do not have these abilities)

4. Personal/Interpersonal Responsibility: Now that you are graduating, how would you rate your abilities in personal and interpersonal responsibility?

(ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures)

- Excellent
- Good
- Fair
- Poor
- N/A (I do not have these abilities)

5. What would you say are the strengths of Lassen Community College? (optional):

6. What areas of improvement would you suggest for Lassen Community College.?

Please include any unmet needs (instructional planning, facilities, staffing, administrative operations, technology, student support services) that could improve the student experience (optional).

7. Please enter your Student ID number below (for demographic purposes only, your name will never be disclosed or used in relation to your responses to this survey):

Hello Lisa and All,

Yes, Lisa, you are correct. I don't know what I was looking at earlier? All of the timelines will still work. Once you get me the draft by the 9th, it will be on the Senate agenda for the 14th. Once reviewed by Senate, I will still send it back to Toni and the Tri Chairs for them to submit for the 26th Consultation Council.

Thank you for catching that my dates were wrong.

Have a great evening,

Adam

Good morning All,

Thank you for all your hard work team! Toni, Your timeline looks great. Once you forward me the draft on the 9th, I will forward the draft to our Senators, so that they have plenty of time to review it. **Our next meeting after the 9th is April 21st.** Once Senate officially reviews it, I will send it back to you and the Accreditation Tri Chairs on the 22nd. If your team reviews it, you can submit it to Tara, Roxanna, and Michelle by Friday, April 23rd for the April 26th Consultation Council. Please let me know if you have any questions.

Regards,

Adam Runyan
Academic Counselor
Academic Senate President

Subject: Accreditation Next Steps

This email originated from outside of our school email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Thank you all who I have already met with.

The work is going well on having a respectable Draft Report to be vetted with the Faculty Senate.

This is the plan:

- Finish up the meetings scheduled this week for each of the Requirements and Recommendations to nail down content.
- If you are submitting to me yet another draft, please do so by April 4th, if not sooner.
- I will review and combine the responses into one Draft Report and get the report back out to you by April 6th.
- Please review the entire draft report and be ready to discuss at our Thursday, April 8th meeting.
- I will forward our draft report to Adam for Academic Senate vetting on April 9th.
- Academic Senate to review and give feedback and (hopefully) blessing on this draft report. (Adam, what is the protocol to have this agenda item?)
- We will discuss the feedback from Academic Senate in preparation for presenting a draft report to Consultation Council in May. (Protocol for agenda?)
- Discuss feedback from Consultation Council in preparation for presenting a draft to the Board of Trustees in June. (Protocol for agenda?)
- Final editing, formatting and evidence links (Tom) in June and July.
- Final Report presented to Faculty Senate, Consultation Council and Board of Trustees in August/September.
- Sign offs in first two weeks of September.
- In the mail by third week in September to ACCJC.
- Continue to document work being done regarding Requirements and Recommendations to share with the Visitation Team in probably December or January.
- Celebrate, continue to follow processes, assess processes and improve.

This email covers what I was going to discuss at the Accreditation Work Group of meeting on Thursday, April 1 at 2:00PM. Since the goal for the work done this week will be accomplished and you are all rightfully exhausted, I am canceling the meeting.

I will be sending out emails to you individually and as a group between now and our regular meeting on Thursday, April 8 at 1:00PM. It has been great seeing everyone face-to-face but we will be Zooming again.

Thank you for working so hard and being so flexible and easy to work with.

Happy Easter

Toni
208-610-9229

Academic Senate Meeting May 12, 2021 @ 3:00 p.m. Virtual Via Zoom

1. Call to Order at 3:00 pm

1.01 Roll Call

Senators Present: Baker, Downing, Lin, Rupley, Runyan, Wisner

Guests: Buck Bauer, Tiffany Baiocchi, Roxanna Haynes, Sue Kelley, Alison Somerville, Chris Tobola

1.02 Approval of Agenda

(Rupley/Wisner MSCU)

1.03 Approval of the Minutes for the April 28, 2021 meeting

(Rupley/Lin MSCU)

Alison Somerfield: Shared updated icons that have been developed for Guided Pathways.

3. Action

3.01 Ratify Elections for 2021-2023 Senators

May 5-7 LCC Academic Senate held its election virtually.

Motion to approve

(Downing/Wisner MS – 5 Yes, 0 No, Rupley Abstain)

3.02 Seat New Senators for 2021-2023

Based upon election results, seat three new senators to serve terms 2021-2023: Tom Downing, Crystal Tobola, Celeste Wisner.

Motion to approve and seat new Senators.

(Rupley/Lin MSCU)

3.03 Elect Officers for 2021 – 2022

President: Rupley Nominates Adam Runyan, Downing Seconds. Motion carries unanimous.

Vice-President: Runyan nominates Andy Rupley, Lin seconds. Motion carries unanimous.

Secretary: Andy Rupley nominates Celeste Wisner, Runyan seconds. Motion carries unanimous.

3.04 Appoint Liaisons for 2021 – 2022

Make appointments for the following ASCCC liaison positions: OER (Rupley); Guided Pathways (Runyan); CTE (Downing); Noncredit (Wisner); and, Legislation (Runyan). Motion to appoint.

(Downing/Lin MSCU)

3.05 Auto IPR

Second review. Minor change was made updating cost of widening gate to the shop. Motion to approve.

(Rupley/Wisner MSCU)

3.06 Camera On Policy Recommendation

Document reviewed and discussed last meeting. No changes since that meeting.

Motion to approve

(Downing/Lin MSCU)

3.07 AP and CLEP Scores

Accreditation Tri-Chairs requested approval of specific language being added to the course catalog related to AP and CLEP credit. Documents attached to agenda presented by Alison Somerfield, and

discussed.

Motion to approve.

(Lin/Tobola MSCU)

4. Discussion

4.01 Diversity, Equity and Inclusion Resolution

The revisions made after suggestions given at last Senate meeting were discussed. Document will come back at later meeting for Senate approval to recommend to the board for adoption.

4.03 Gunsmithing IPR

This is the first review of the IPR. Buck Bauer present and received suggestions from senators for revisions/corrections. Andy Rupley previously emailed Bauer with suggestions. Senators informed Bauer that document still needs Advisory Committee documentation of meeting, if conducted. Bauer indicated advisory committee meeting are handled via email. Bauer was informed that this should change to either in person or Zoom, so there can be a dialog in the meeting. Some information appears to be same verbiage from 2015 IPR and needs updating. Some classes have been inactivated and not mentioned in IPR, student data is the same verbiage as last IPR, no planning considerations included. Any specific student information needs to be removed. Document needs to be revised and come back for further review/approval.

4.03 IPR Taskforce

Accreditation Tri Chairs have given Senate a date of September 15th, 2021 to update our current IPR template. A gap analysis has been conducted and clear recommendations have been articulated. A task force to implement these recommendations is needed. Seeking volunteers to help with this task. – Senators Wisner, Tobola, Rupley and Downing volunteered to assist.

5. Information

5.01 Academic Senate Scholarship

We have two recipients of our scholarship this year. Runyan will provide more details next meeting.

5.02 Faculty Leadership Institute

The 2021 Faculty Leadership Institute will be held on June 17-19, 2021, on Pathable. Registration is only \$200 per person. Faculty is encourage to attend. Senate has funds to pay for registration costs.

The Faculty Leadership Institute is the cornerstone of the Academic Senate's governance training. Created to assist new senate leaders in navigating the complexity of local governance, the Faculty Leadership Institute brings seasoned leaders together to share tips and tools for new leaders to successfully lead their senate and influence their college policies.

6. Reports

6.01 Administration

Roxanna Haynes– Thanked Senators for their work on IPR's this year.

6.02 Senators

Adam Runyan – Would like to bring faculty committee assignments forward before end of the year, instead of in the fall for continuity of committee work next year. Consensus was that was a good idea. Senate will take action next meeting

6.03 LCFA

Andy Rupley – A new EBoard vote will be coming out soon. Look for information in your personal email.

6.04 Guided Pathways

Adam Runyan – ASCCC recommended to the Chancellor's office that Guided Pathways continues for the next 5 years.

7 Closed Session

None

8. Meeting Closing

8.01 Adjournment – 4:15pm

(Downing/Lin MSCU)

Respectfully Submitted,

T. Downing

Subject: SLO Mapping

Good Evening,

I wanted to give a final update on the SLO mapping project. After yesterday's special curriculum meeting we have completed 471 course SLO maps out of 505 active programs. That is 93.27%! Thank you all again who worked on this project this year. It has definitely been a team effort and we made great progress! I have attached a list of courses that still need maps. Please let me know if there are any errors you see and let me know if you need help as we will need to get the rest mapped next fall.

Thanks,

Chad Lewis

Academic Senate Meeting May 12, 2021 @ 3:00 p.m. Virtual Via Zoom

1. Call to Order at 3:00 pm

1.01 Roll Call

Senators Present: Baker, Downing, Lin, Rupley, Runyan, Wisner

Guests: Buck Bauer, Tiffany Baiocchi, Roxanna Haynes, Sue Kelley, Alison Somerville, Chris Tobola

1.02 Approval of Agenda

(Rupley/Wisner MSCU)

1.03 Approval of the Minutes for the April 28, 2021 meeting

(Rupley/Lin MSCU)

2. Public Comment

Alison Somerfield: Shared updated icons that have been developed for Guided Pathways.

3. Action

3.01 Ratify Elections for 2021-2023 Senators

May 5-7 LCC Academic Senate held its election virtually.

Motion to approve

(Downing/Wisner MS – 5 Yes, 0 No, Rupley Abstain)

3.02 Seat New Senators for 2021-2023

Based upon election results, seat three new senators to serve terms 2021-2023: Tom Downing, Crystal Tobola, Celeste Wisner.

Motion to approve and seat new Senators.

(Rupley/Lin MSCU)

3.03 Elect Officers for 2021 – 2022

President: Rupley Nominates Adam Runyan, Downing Seconds. Motion carries unanimous.

Vice-President: Runyan nominates Andy Rupley, Lin seconds. Motion carries unanimous.

Secretary: Andy Rupley nominates Celeste Wisner, Runyan seconds. Motion carries unanimous.

3.04 Appoint Liaisons for 2021 – 2022

Make appointments for the following ASCCC liaison positions: OER (Rupley); Guided Pathways (Runyan); CTE (Downing); Noncredit (Wisner); and, Legislation (Runyan). Motion to appoint.

(Downing/Lin MSCU)

3.05 Auto IPR

Second review. Minor change was made updating cost of widening gate to the shop. Motion to approve.

(Rupley/Wisner MSCU)

3.06 Camera On Policy Recommendation

Document reviewed and discussed last meeting. No changes since that meeting.

Motion to approve

Institutional Set Standards

The purpose of this report is to provide insight on the methodology employed to determine numbers for the institution-wide standards mandated by ACCJC.

The five institutional standards include:

Completion is the number of students who receive a successful grade over the number of students who are enrolled in the course.

Fall-to-Fall Retention is the percent of students retained from fall to fall.

Degrees Awarded is the number of students who received a degree in the academic year.

Certificates Awarded is the number of students who received a certificate in the academic year.

Four-Year Transfer is the number of students that transfer to a to 4-year institution in the academic year.

In order to derive to the standards, multiple assessments of longitudinal data were conducted on each of the related factors. The following presents the strategies and findings.

Completion

The completion rate attainment strategy utilized the Chancellor's Office definition of completion as students receiving a grade of A, B, C, CR, or Pass. The data was gathered from the LCC Datatel database. Three fall terms of data were aggregated to determine the institutional set standard of **70%** of course completion.

Fall-to-Fall Retention

The fall-to-fall retention rate attainment focused on first-time degree seeking students and followed term to term persistence from fall to fall. The data was gathered from the LCC Datatel database. Three academic years of data were aggregated to determine the institutional set standard of **41%** of fall-to-fall retention.

Degrees Awarded

The certificates attainment strategy followed the Chancellor's Office reporting on certificates awarded for academic years. The data was gathered from the LCC Datatel database. Three academic years of data were averaged to determine the institutional set standard of **144** degrees awarded per year.

Certificates Awarded

The certificates attainment strategy followed the Chancellor's Office reporting on certificates awarded for academic years. The data was gathered from the LCC Datatel database. Three academic years of data were averaged to determine the institutional set standard of **163** certificates awarded per year.

Four-Year Transfer

The four-year transfer attainment strategy utilized the Chancellors transfer pathways tool to report transfers to four-year California state schools by fiscal year. Three academic years of data were averaged to determine the institutional set standard of **31** four-year transfers per year.

CTE Programs and Certificates Institutional Set Standards for Job Placement

The institutional set standards were developed based on the CTE Perkins VI core indicators (Core 4-Employment) data. The standard was based on the recommendation of the 2013-2014 Perkins IV Performance Trend Report.

Agriculture

- Associate in Arts Degree University Studies: Emphasis in Agriculture Sciences
- Associate in Science Degree in Agriculture Science and Technology
- Certificate of Achievement in Agriculture Science and Technology
- Certificate of Accomplishment in Animal Science
- Certificate of Accomplishment in Horsemanship
- Certificate of Accomplishment in Agriculture Business

Job Placement institutional set standard for Agriculture (Agriculture and Natural Resources) is 71%

Automotive Technology

- Associate in Science Degree in Automotive Technology
- Certificate of Achievement in Engine Repair
- Certificate of Achievement in Advanced Mechanics
- Certificate of Accomplishment in General Mechanics

Job Placement institutional set standard for Automotive Technology (Engineering and Industrial Technologies) is 71%

Business

- Associate in Science Degree in Business Administration for Transfer
- Associate in Science Degree in Accounting
- Associate in Science Degree Office Administrative Assistant
- Certificate of Achievement Office Administrative Assistant
- Certificate of Accomplishment in Entrepreneurship

Job Placement institutional set standard for Automotive Technology (Business and Management) is 71%

Digital Graphic Design

- Associate in Science in Digital Graphic Design
- Certificate of Achievement in Digital Graphic Design
- Certificate of Accomplishment in Digital Graphic Design Entrepreneurship

Job Placement institutional set standard for Digital Graphic Design (Fine and Applied Arts) is 71%

Fire Technology

- Associate in Science Degree in Fire Technology
- Certificate of Achievement in Fire Technology
- Certificate of Accomplishment in Wildland Organized Crew Academy
- Certificate of Accomplishment in Basic Fire Fighter

Job Placement institutional set standard for Fire Technology (Engineering and Industrial Technologies) is 71%

Gunsmithing

- Associate in Science Degree in Firearms Repair
- Associate in Science Degree in General Gunsmithing
- Certificate of Achievement in Firearms Repair
- Certificate of Achievement in General Gunsmithing
- Certificate of Accomplishment in Gunsmith Machinist and Metal Finishing
- Certificate of Accomplishment in Long Guns
- Certificate of Accomplishment in Pistolsmith
- Certificate of Accomplishment in Riflesmith

Job Placement institutional set standard for Gunsmithing (Engineering and Industrial Technologies) is 71%

Nursing

- Associate in Arts Degree University Studies: Emphasis in Allied Health
- Associate in Science Degree in Vocational Nursing
- Certificate of Achievement in Vocational Nursing

Job Placement institutional set standard for Nursing (Health) is 71%

Welding Technology

- Associate in Science Degree in Welding Technology
- Two-Year Certificate of Achievement in Welding Technology
- One-Year Certificate of Achievement in Welding Technology
- Certificate of Accomplishment in Welding Technology

Job Placement institutional set standard for Welding Technology (Engineering and Industrial Technologies) is 71%

CTE Licensure Exams Institutional Set Standards

The institutional set standards were developed based on the three year trend of licensure exams for the following program(s).

Vocational Nursing: 85% pass rate

Lassen Community College District Strategic Plan

Recommendation for revisions by Consultation Council – October 12, 2020

Approved by Board of Trustees – December 15, 2020

Vision

- ❖ Lassen College will be a highly efficient self-sustaining rural community college, a catalyst for the region’s image, economy, and human capital, and an example of a “we can” culture” of collective impact by being:
 - The academic leader by ensuring quality instruction and encouraging student success
 - The educational leader by expanding outreach and student access with an equity mindset
 - The trusted steward by providing capable leadership and accountability
 - The economic and workforce development leader for the community
 - The cultural leader in the community
 - The civic and social leader in the community

Mission

Lassen Community College provides educational programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The College serves diverse students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.

Strategic Goals

1. **Institutional Effectiveness:** Provide the governance, leadership, integrated planning and accountability structures, and processes to effectively support an inclusive learning environment, while ensuring responsible stewardship of public trust and resources.
2. **Learning Opportunities:** Provide an array of rigorous academic programs delivered via a variety of modalities that promote student equity and learning while meeting the needs of the local and global community.
3. **Resource Management:** Manage human, physical, technological and financial resources to sustain fiscal stability and to effectively support the learning environment.
4. **Student Success:** Provide a college environment that reaches-out-to and supports students, minimizes barriers, and increases opportunity and success through access and retention to enable student attainment of educational goals including completion of degrees and certificates, transfer, job placement and advancement, improvement of basic skills, and self-development through lifelong learning.

Institutional Student Learning Outcomes

1. **Communication** - Ability to listen and read with comprehension and the ability to write and speak effectively
2. **Critical Thinking** - Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome
3. **Life Long Learning** - Ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems
4. **Personal/Interpersonal Responsibility** - Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures

Lassen College Values:

Student Success:

- Students reaching their goals
- Students being prepared for transfer to four-year institutions
- Students being prepared for employment
- Doing what is best for students
- Learning as a priority over teaching
- Student needs; they are paramount in the learning process
- Recognizing and minimizing barriers to student success

Educational Excellence:

- Equitable student learning as the focal point of every experience
- High quality educational delivery
- Highly qualified instructors
- High quality technology and materials
- Well-equipped classrooms

Honesty/Integrity:

- Trust in relationships
- Dependability
- Transparency
- Collaboration
- Sustainability
- Accountability

Dignity & Respect:

- Open forum for exchange of ideas
- Civility
- Collegiality
- Diversity & Equity
- Active listening and communication

ACCJC Requirement 3: The team recommends the College establish a process for setting institution set standards for student achievement appropriate to its mission and assess how well it is achieving them in pursuit of continuous improvement.

Senate's job would be to create these set standards and timeline. The IE office will be assessing these standards on our SLO's, PSLO's, and AUO's.

Type Discussion

Multiple Community College stakeholders have asked the following question.
Whether it is permissible for California community college faculty to require students to keep their cameras on during live synchronous online instruction?

Information: 6.09 CCFS-320 Attendance Report

The CCFS-320 P-2 report is the Attendance Accounting Report. The P-2 is the second period of reporting the District's expected FTES for the year. Districts use this report to report their enrollment in terms of WSCH (Weekly Student Contact Hours) and FTES (Full Time Equivalent Students). The tracking and reporting of student attendance information is very complex. The 320 information is extremely critical to a district and to the entire system. Attendance accounting data drives the funding to the college districts and provides the information used for compliance and student scorecard purposes. Presented is the CCFS-320 P-2 report submitted to the Chancellor's Office for Fiscal Year 2020-2021. Total FTES reported is 1,286.11. Dr. Trevor Albertson reported that basically we have to certify attendance at the institution. It is simply reporting where we are at. This is an information item and no action is required.

Information: 6.10 Revised Institution Set Standards

Dr. Trevor Albertson reported that with regard to set standards, this is the definition of the programs and a rote document for determining if we are doing our job. If you ever get a free weekend, there is some really good information on what we do here, and you will learn some very good specifics of our programs and what our faculty do. This is provided as an information item and no action is required.

Information: 6.11 COVID Update

Dr. Trevor Albertson advised that we are moving forward to a June 1 return date for everyone on campus. We are determining exactly what we need to do before that happens. In the next week or few days, we will release how we are going to do this and what it will look like when it happens. Our attorneys have determined the legal requirements. Dr. Albertson reported there are some negotiations with LCFA regarding conditions. Dr. Albertson stated that listening to our colleagues is important but he assured that the return will be safe. Dr. Albertson stated that masks are not going away time soon. Once the CDC has determined that in doors you do not need to have a mask, we will still be using them. The CDC has determined outdoors is okay and you don't have to wear one if you are not around people. Trustee Trussell inquired if they will be wearing masks for graduation? Dr. Albertson advised that the students will take off their masks when crossing the stage for a photo, for the student and whoever is shaking their hand. Dr. Albertson stated we need to make this a real graduation. Is there risk in that? Yes, there is. Trustee Hamilton stated that the dorms are a concern for him in advance before students get on campus. Will we be requiring them to get a shot? They would need to have a time line for before they enter the dorms. Dr. Albertson advised that they will require the Covid vaccine and test to be free of Covid for living in the dorms. Dr. Albertson advised that the reason he feels there is this need as they are living in close quarters. And maybe the athletes, too, but he has not decided yet. It is going to require enough time for the vaccine to take effect, then they can move in. Dr. Albertson stated they are looking at regular tests of dorm residents to determine safety. We do not want to be a source of an outbreak in this county and going forward that will be required. Dr. Albertson advised that we do not even require meningitis and that needs to be required. This has to be taken care of appropriately. Trustee Hamilton asked about foreign students coming to campus and that we want to make sure they are safe coming to campus. Dr. Albertson stated that Brady is out right now, but they have talked and are moving forward. For the rest of campus in general, it is up to each district. Most districts have not required it at this point. Dr. Albertson stated that leaving folks some freedom of choice is important.

Information: 6.12 District Budget Update

Dr. Trevor Albertson advised that as of today, and you can see it in our financial report on Page 5, if you look down at the bottom right Reserve for Contingencies is 22.73% as of 4/30/21 but it does not include the TRAN which adds an additional \$1.72 million from the TRAN payment. 22.73% is phenomenal. This is the safest place to be and it should never go below 8%. Dr. Albertson reported there is a huge winfall coming from the state. His discussions from the Dahles is that the State is shoving a whole lot of money into K-14 which includes community colleges due to falling attendance rates and birth rates. The State has to show they are doing something. As a result, he is expecting that the college will receive several million more dollars which we should add to the reserve. The Board has a lot of debate on what to do with it. Dr. Albertson stated he is giving the recommendation that the Reserve needs to be replenished.

Information: 6.13 Accreditation Update

Dr. Albertson reported that with regard to Accreditation, he plans to ask that our Accreditation Tri Chairs join us at the June meeting. Dr. Albertson stated he spoke with Stephanie Droker of ACCJC today, and he thinks we are headed in the right direction. Based upon our numbers, the work that has been done, we are following our own processes, updating board policy, does he think we will come off of sanctions? Yes, he does. Dr. Albertson advised they may extend our review time, but does not believe we will receive further sanctions. David Corley advised that the Accreditation work group is close to having a draft for the board to review.

[Institutional Set Standards Analysis Presentation \(/about/institutional-effectiveness/Documents/ISS%20Analysis%20Presentation.pdf\)](/about/institutional-effectiveness/Documents/ISS%20Analysis%20Presentation.pdf)

Administrative Unit Outcomes

AUO1: Provide adequate decision-support research is made available to facilitate the college's planning process associated with accreditation, benchmarking and institutional effectiveness activities.

AUO2: Provide adequate support for research, effectiveness and planning activities to be carried out by other offices, committees and departments on campus.

AUO3: Ensure that campus reports are available to assist in predicting organizational needs, student success, retention and persistence rates and efficient use of institutional resources.

AUO4: Maintain compliance of institutional reporting in response to questionnaires and both routine and non-routine requests for information from state, federal, and other external agencies.

Institutional Effectiveness encompasses the continuous improvement process which has been adopted throughout all facets of Lassen Community College. This strategy affirms the mission, vision and strategic goals of Lassen Community College.

Lassen Community College District Strategic Plan

Recommendation for revisions by Consultation Council – October 12, 2020

Approved by Board of Trustees – December 15, 2020

Vision

- ❖ Lassen College will be a highly efficient self-sustaining rural community college, a catalyst for the region’s image, economy, and human capital, and an example of a “we can” culture” of collective impact by being:
 - The academic leader by ensuring quality instruction and encouraging student success
 - The educational leader by expanding outreach and student access with an equity mindset
 - The trusted steward by providing capable leadership and accountability
 - The economic and workforce development leader for the community
 - The cultural leader in the community
 - The civic and social leader in the community

Mission

Lassen Community College provides educational programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The College serves diverse students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.

Strategic Goals

1. **Institutional Effectiveness:** Provide the governance, leadership, integrated planning and accountability structures, and processes to effectively support an inclusive learning environment, while ensuring responsible stewardship of public trust and resources.
2. **Learning Opportunities:** Provide an array of rigorous academic programs delivered via a variety of modalities that promote student equity and learning while meeting the needs of the local and global community.
3. **Resource Management:** Manage human, physical, technological and financial resources to sustain fiscal stability and to effectively support the learning environment.
4. **Student Success:** Provide a college environment that reaches-out-to and supports students, minimizes barriers, and increases opportunity and success through access and retention to enable student attainment of educational goals including completion of degrees and certificates, transfer, job placement and advancement, improvement of basic skills, and self-development through lifelong learning.

Institutional Student Learning Outcomes

1. **Communication** - Ability to listen and read with comprehension and the ability to write and speak effectively
2. **Critical Thinking** - Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome
3. **Life Long Learning** - Ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems
4. **Personal/Interpersonal Responsibility** - Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures

Lassen College Values:

Student Success:

- Students reaching their goals
- Students being prepared for transfer to four-year institutions
- Students being prepared for employment
- Doing what is best for students
- Learning as a priority over teaching
- Student needs; they are paramount in the learning process
- Recognizing and minimizing barriers to student success

Educational Excellence:

- Equitable student learning as the focal point of every experience
- High quality educational delivery
- Highly qualified instructors
- High quality technology and materials
- Well-equipped classrooms

Honesty/Integrity:

- Trust in relationships
- Dependability
- Transparency
- Collaboration
- Sustainability
- Accountability

Dignity & Respect:

- Open forum for exchange of ideas
- Civility
- Collegiality
- Diversity & Equity
- Active listening and communication

Academic Senate Meeting March 24, 2021 @ 3:00 p.m. Virtual Via Zoom

1. Call to Order at 3:00pm

1.01 Roll Call

Senators Present: Baker, Downing, Lin, Rupley, Runyan, Wisser

Guests: Carie Camacho, David Corley, Lisa Gardiner, Roxanna Haynes, Randy Joslin, James Kleckner, Chad Lewis, Alison Somerville

1.02 Approval of Agenda

(Rupley/Baker MSCU)

1.03 Approval of the Minutes for the 2/24/2021 meeting

(Rupley/Runyan MSCU)

2. Public Comment

None

3. Action

3.01 Agriculture IPR

Still awaiting a current curriculum form not up to date. Motion to table pending completion.

(Downing/Rupley MSCU)

3.02 Digital Graphics Design IPR

Second review of IPR for approval. Motion to approve

(Downing/Baker MSCU)

3.03 Human Services IPR

Second review of IPR for approval. Motion to approve.

(Wisser/Rupley MSCU)

3.04 Humanities IPR

Second review of IPR for approval. It is ready for approval except the strategic goals are not linked to the requests portion of the report. Motion to table until completion

(Runyan/Baker MSCU)

3.05 Institutional Set Standards

Dr. Joslin presented item 3.05. The old standards have not been reviewed or updated since 2013. For ease of communication and discussion of the standards, Dr. Joslin compiled all three separate ISS documents into one document and numbered each standard as #1 through #7. He examined longitudinal data for ISS #'s 1 through 5, and used the data to set new Baseline and Stretch goals for each, based on overall average of the years examined, and the most recent three-year average. He then used available data for determining baseline and stretch goals for ISS #6 (Licensure Pass Rates), and used longitudinal data from the Perkins website to determine baseline and stretch goals for ISS #7 (Job Placement Rates).

Presentation of this data was done in a way so that the data and the resulting goals was explained as well as possible, and that a robust dialogue occurred over the entire issue. This

discussion concluded with the Senate voting to approve the revised institution Set Standards presented.

(Runyan/Rupley MSCU)

3.06 SLO Handbook/SLO Assessment

Lisa Gardiner informed Senate that this item comes out of our accreditation process. The handbook was old and in “draft” form. The handbook has been updated with our current standards and spells out the SLO assessment and review process.

Motion to approve

(Baker/Lin MSCU)

3.07 Academic Renewal Policy

At last meeting we discussed best practices for time lapsed in order to complete Academic Renewal. Currently, 2 years must have elapsed. It is suggested that we adopt a 1 year policy as a best practice. Item brought back for approval with a 1 year policy. Motion to approve.

(Downing/Runyan MSCU)

3.08 Senate Academic Scholarship

There is approximately \$500.00 in the scholarship fund for distribution. It was discussed to have 2 - \$100.00 scholarships with the standards eligibility requirements to apply. The faculty donation election form will also be sent out asking faculty to contribute to the fund. Motion to approve

(Downing/Baker MSCU)

3.09 Senate Elections

Colleen Baker, Tom Downing and Celeste Wiser’s seats are up for election this year. Senators reviewed eligible faculty list for elections. Call for nominations form will be sent out to all faculty by VP Baker with nomination/election deadlines included. Motion to approve

(Rupley/Downing MSCU)

3.10 Faculty Committee Assignment

Senate reviewed a request from Chad Lewis, Curriculum Committee Chair, to remove Thomas Robb from the Distance Education Committee and add Chrystal Tobala. Motion to approve

(Downing/Baker MSCU)

4. Discussion

4.01 PSLO/ISLO Pilot Project

The accreditation workgroup is proposing a pilot assessment project through surveys. The purpose of this assessment would be working on learning and improving the processes of PSLO and ISLO. A sample survey was included for review. Senators are requested to review and the item will come back at a later date.

4.02 Camera On Policy Recommendation

President Runyan is continuing the research on this topic. He has found a policy from San Mateo College which was attached. It was requested we review and provide comment for the item to return at a later date.

Applicant meets equivalency for DSPS Coordinator and Learning Disability Specialist.

8. Meeting Closing

8.01 Adjournment – 4:43 pm

(Baker/Rupley MSCU)

Respectfully Submitted,

T. Downing

Institution Set Standards

These Institution-Set Standards for Lassen Community College are applicable across the entire institution, as mandated by the Higher Education Act and applicable accreditation standards. This document provides insight on the associated data elements and methodology used to determine goals for these standards.

Baseline and Stretch goals were derived for ISS #1 through #5 using longitudinal analysis to determine overall and rolling averages (of three and five years), over a study period of at least ten years, Baseline and Stretch goals are derived for ISS #6 using longitudinal data and historical precedence, and for ISS #7 using state-mandated goals under Perkins Core IV reporting, as noted below. All goals resulting from analysis are then reviewed and discussed through shared governance processes prior to final approval and implementation, with the dates of these approvals being annotated at the end of this document.

ISS #1: Completion Rate
