## SECTION 1: INSTITUTIONAL EFFECTIVENESS PLANNING

### I. Program Overview and Objectives

The Lassen College Child development Center has ceased to function as a non-instructional program of the District. This non-instructional program review is the final 'close out' review of this program.

With a deep commitment to the education of our students, the betterment of our communities, and to serving as an economic engine for our region, Lassen College must act in a responsible, effective manner that prioritizes the health and welfare of those attending the college or visiting campus, in accordance with state regulation, and in a way that protects our limited resources and expends those resources in a manner that best serves the broader needs of our students. Doing this sometimes means tough choices, and ending this program was one of those times.

While in operation, the center functioned to provide child care to the campus and to the community. Factors that contributed to the end of this program included changes in state mandates that negatively affected funding, low utilization of the program by students, and the significantly negative impact of COVID-19 on the overall operation of the program. Ultimately, this Non-Instructional program was discontinued on May 29, 2020 and the facility was subsequently leased to an outside organization to operate. This outside organization is not affiliated with the District or its employees.

While the current operation of the facility still supports the Early Childhood Development instructional program, that program is reviewed in a separate *instructional* program review and is therefore not the subject of this *non-instructional* program review.

### Description/Evaluation:

- a. Describe and evaluate the program objectives against the LCC strategic plan, specifically the mission statement and strategic goals [available online or in the current catalog].

The Child Development Center program is no longer operated by the District and therefore no longer supports the mission of the District in any non-instructional capacity. While the current operation of the facility still supports the Early Childhood Development instructional program, that program is reviewed in a separate instructional program review and is therefore not covered this non-instructional program review.

- b. Evaluate any changes in the program since last review. Include summary of Annual Updates completed since last review.

The Child Development Center program has ceased to operate as a non-instructional program of the District.
