- \$15 per On-Demand Rush Official/Non-Official Transcript request – not available during busy times.

All transcript requests must be submitted to the Admissions and Records Office [lccadmissions@lassencollege.edu](mailto:lccadmissions@lassencollege.edu).

Lassen Community College transcripts will be withheld for any indebtedness due until satisfactory repayment arrangements are made with the Business Office. Transcript Request Forms are available at the Admissions and Records Office or may be printed from the Admission and Records page at the college website - [www.lassencollege.edu](http://www.lassencollege.edu).

### **Student Representation Fee**

This is an optional fee of \$1.00 per semester. The money collected from this fee is used to provide support for students or representatives who state positions and view-points before city, county and district governments and before offices and agencies of the state and federal government. Payment of this fee provides the student with ASB (Associated Student Body) membership.

**Student Representation Fee Waiver** - Students may petition in writing, at the time of registration, to waive this fee for religious, political, financial or moral reasons through the Admissions and Records Office.

**Student Representation Fee Refunds** - Because this is an optional fee, it is not refunded.

## **After Enrollment**

---

### **Buy Your Textbooks**

The bookstore carries required textbooks and supplies for classes offered at the college. Miscellaneous school supplies are available along with logo clothing, art supplies, and various snacks. The community is invited to stop by and see what the bookstore has to offer. The bookstore is located in the Student Union – housed with the Cougar Café: Cougar Café hours are Monday – Thursday from 7:30 a.m. to 6:30 p.m. and Friday from 7:30 a.m. to 2:00 p.m. Bookstore is staffed from 8:30 a.m. to 4:00 p.m.

All college texts are now ordered online. Go to <http://bookstore.lassencollege.edu> to purchase your texts. It's a simple process. Select Textbooks and follow the directions. Once you have chosen all of your textbooks you will be directed to Checkout where you will pay for your books. The Bookstore accepts payment by credit Visa & Master card (only these books can be shipped), Scholarship, Department of Rehabilitation, EOP&S, Cal Works, or you can pay when you pick up your books.

After you have completed the process you will receive an e-mail confirming your order. When the Bookstore has completed your order, you will receive an e-mail notifying you your books are ready. Books can be picked up between 8:30 a.m. to 4:00 p.m. Students must bring their student identification card with them in order to pick up their books. If you are unable to pick your books up at these times you may either have your texts mailed directly to your home or you may contact 530.251.8881 to make special arrangements for pick up.

### **Refunds**

Students are eligible for a refund during the first 2 weeks of class (full semester classes) and must have the current receipt. The refund will be processed through the student accounts office at the conclusion of the semester or upon written request from the student. It is the responsibility of the student to officially withdraw from a course to be eligible for a refund.

College books are often as expensive or more expensive, than the tuition costs paid by most California residents. There are several ways to save money on book costs:

- 1 Buy used books in the bookstore or check the bulletin boards. The Bookstore works with several vendors to purchase as many used books as possible.
- 2 Use the Lending Library. All students may use the Lending Library located in the ARC/Library. It is on a first come first serve basis. For specific information please call 530.251.8830.
- 3 See if you qualify for CalWORKs or EOP&S and they can assist you in book vouchers or with their lending libraries.

## **Education Plan**

All students are encouraged to meet with a counselor during their first semester of enrollment to prepare an educational plan. The educational plan outlines the courses that a student will need to complete in order to reach his or her educational goal. Plans can be revised at any time whenever the counselor and student believe it is appropriate or necessary. College research shows that students with firm educational goals are more successful in their college careers.

Lassen Community College counselors are knowledgeable about prerequisites and transfer requirements. They will assist you in arranging your academic plan so that you will fulfill all the requirements for graduation and/or transfer to another institution. To avoid any misunderstanding in this regard, the student should schedule to complete an education plan during their first semester and also must see a counselor when a change of educational plan is considered.

## **Course Enrollment Policies**

### **Attendance**

A student must be officially enrolled to attend classes. The student is responsible for adding and dropping classes. Regular attendance is a critical factor in student success. A student withdrawing from Lassen Community College has the responsibility of

notifying Admissions and Records and completing all necessary paperwork.

### **Changes in Course Enrollment**

The last day to add or drop a course is advertised as Important Dates every term in your portal and on our website.

**Adding Courses** - There is an acceptable time frame for adding classes after they have already begun. Students may enroll in open courses that begin in the first week of the semester through the end of the first calendar week of instruction without the instructor's signature. Students may enroll during the second week of a full-term class with instructor and counselor signature. For courses that begin after the first day of a term please ask for assistance from the Admissions and Records Office.

**Dropping Courses** - A student may drop a full term course at any time through the end of the second week of a semester without the course appearing on the student's record. After that time, a student officially withdrawing will receive a "W" on their academic transcript. Students may drop a course with a "W", up to the end of the fourteenth week or 75% of the course whichever is less. **It is the students' responsibility to drop a course.** Failure of a student to drop from a course may result in an "F" in the course. The instructor may also initiate the dropping of a student.

**Withdrawal from College** - Withdrawal from college is defined as the cancellation of enrollment in all classes in which the student is enrolled. Responsibility for withdrawal rests with the student. This may be done online using My Lassen LCC Portal or by submitting a completed Add/Drop form in the Admissions and Records Office. Ceasing to attend classes does not constitute official withdrawal.

**Refunds on dropped or withdrawn courses** - For information on refunds for dropped or withdrawn courses see Money Matters page 10.

**If you received Federal Financial Aid and then withdrew from all of your courses**, you may owe money back to the federal government. See the Financial Aid Office staff for options available to you. For more information see "Financial Aid and Scholarships" in this catalog.

### **Audit Policy (AP 4070)**

When a student audits a course, this means the student intends to sit in on that course on a regular basis, but does not wish to receive any academic credit for it. Auditing is allowed at Lassen Community College under the following conditions.

1. The fee for auditing a course is \$15 per semester unit. Students enrolled in courses for 10 or more semester credit units shall not be charged a fee to audit three or fewer units per semester.
2. Students may audit classes only when they have exhausted repetition opportunities for the course and have met all prerequisites.
3. Auditing a course is allowed on a space available basis. The determination may not be made until after the first class meeting, to ensure that priority is given to students enrolled in the course for credit towards a degree or certificate.
4. The instructor must approve any student wishing to audit a class. Students auditing a course shall not be permitted to change his or her enrollment to receive credit for the course.

For more information regarding fees and refunds on audited courses, refer to "Money Matters" found on page 10 in this catalog.

Audited courses appear on the student's academic transcript and are annotated as such by each course audited with 'AU'. Auditing forms are available in the Admissions and Records Office.

### **Cancellation of Courses**

Lassen Community College reserves the right to cancel planned or scheduled courses due to insufficient enrollment, inability to assign a qualified instructor, or for other circumstances unforeseen at the time of the Schedule of Classes publication. In the event a course is cancelled, efforts will be made to help students enroll in other courses consistent with their interests.

### **Course Conflict/Overlapping Courses**

State law prohibits students from enrolling in courses that meet at the same time. Students that have classes overlapping may pick up the *Alternate Time Petition* form from the Admissions and Records or counseling offices to request approval to take courses that overlap. Special permission may be granted if a solution to the overlap can be found.

### **Repetition of Courses**

Courses may be repeated when the following conditions exist:

1. **Student Repetition – Satisfactory Grade Received**
  - a. Satisfactory grade as indicated by a grade of A, B, or C.
  - b. Students earning a satisfactory grade may not enroll in that course again unless an exception applies (see number 3 below).

**or**

  - c. The District has designated the course as repeatable in the catalog - repeatability is limited to:
    - 1) Courses in which student athletes enroll to participate in an organized competitive sport sponsored by the District or a conditioning course which supports the organized competitive sport,
    - 2) Active participatory courses in physical education, and visual or performing arts that are related in content are limited to up to four enrollments total in levels and/or variations. (A course related in content includes any course with similar primary educational activities in which skill levels or various are separated into distinct courses with different student learning outcomes for each level or variation.)
  - d. Students may enroll for a maximum of 3 non-satisfactory attempts, including summer sessions, in each course taken for credit. Enrollments include any combination of "W" and repetition with a grade.
2. **Student Repetition– Unsatisfactory Grade Received**

- a. Unsatisfactory grade as indicated by a grade of D, F, FW, or NP.
  - b. Students may enroll for a maximum of 3 non-satisfactory attempts, including summer sessions, in each course taken for credit. Enrollments include any combination of "W" and repetition with a grade. The third attempt requires completion of paperwork and the signature of the Vice President of Student Services or designee.
3. **Exceptions that permit additional enrollments:**
- a. A satisfactory grade may or may not have been recorded; and
  - b. Required for legally mandated training; or
  - c. A minimum of thirty-six (36) months have elapsed and the District has established a recency prerequisite for the course or an institution of higher education to which the student seeks to transfer has established a recency requirement that applies to the course or
  - d. Significant change in industry or licensure standards such that repetition of the course is necessary for that student's employment or licensure. Documentation is required from agency to repeat course or
  - e. Extenuating circumstances exist which justify such repetition (i.e. verified cases of accidents, illness or other circumstances beyond the control of the student) or
  - f. Complete one time the entire curriculum of the course for variable unit courses offered on an open-entry/open-exit basis
4. **Students Eligible for Disabled Student Programs and Services (DSP&S)** are permitted additional repetitions of developmental studies courses to provide accommodations for a student's educational limitations, pursuant to state and federal nondiscrimination laws, under the following circumstances:
- a. When continuing success of the student in other general and/or developmental studies courses is dependent on additional repetitions of a developmental studies course;
  - b. When additional repetitions of a specific developmental studies course is essential to completing a student's preparation for enrollment into other regular or developmental studies courses; or
  - c. When the student has a student educational contract, which involves a goal other than completion of the developmental studies course in question and repetition of the course will further the achievement of that goal.
  - d. Questions can be directed to the Disabled Students Coordinator at 530.251.8867.

Whenever course repetition occurs, the permanent academic record shall be annotated in such a manner that all work remains legible, insuring a true and complete academic history.

For certain exceptions, a petition must be filed by the student and signed by the Vice President of Academic Services or designee granting permission for the repetition.

**Note: Financial Aid may not be awarded for some repeated courses.**

### **Basic Skills Limitation**

Enrollment in pre-collegiate basic skills course work (generally numbered 100-109) is limited to 30 units of instruction except for students enrolled in English as a Second language courses or who are identified as having a learning disability. The 30 unit limitation may be waived if a student shows significant, measurable progress toward the development of skills appropriate to their enrollment in college-level courses.

### **Waiver or Substitution of Courses**

A student may request permission to waive or substitute a course for one that is required to complete degree or certificate requirements. Petitions regarding requirements must be approved by the Vice President of Academic Services. Students may petition through the Counseling Office.

### **Change of Records**

Any change of a student's address or residence, phone number, email address or change of major must be reported in writing to the Admissions and Records Office. Although this may not seem crucial at the time the change is made, financial aid checks, paychecks, tax documents, and important registration and graduation information from the college may not reach its intended destination if this information is not kept up to date. For a change or correction of a student's name, the student must provide a valid photo ID.

# **Academic Policies**

Lassen Community College has a number of policies, regulations and requirements that students must follow. Some of these are locally established by the Lassen Community College District Board of Trustees, while others are set by the State of California in the Education Code and Title 5. They cover such areas as grades, course credit, honors, probation, dismissal and graduation.

### **Academic Calendar**

Lassen Community College operates on a semester basis with a summer session. The Academic Calendar is available online at [www.lassencollege.edu](http://www.lassencollege.edu) or on the inside front cover of this catalog.

### **Academic Freedom**

The Lassen Community College District seeks to encourage and protect academic freedom and responsibility in all academic environments. The District is committed to the free pursuit and dissemination of knowledge, and supports the integrity of the teaching-learning process. The Board of Trustees, administration, faculty, staff and students all bear an obligation to protect, preserve and

promote academic freedom. For faculty, academic freedom constitutes the right to interpret their fields and to communicate without interference or penalty. For students, academic freedom allows them to think critically and to express and defend their views without penalty from the faculty or college.

### Classifications of Students

- Full-time – Enrolled in 12 or more units for the fall or spring semester or in six or more units for summer
- Part-time – Enrolled in less than 12 units for the fall and spring semester or for less than six units for summer
- Freshman – A student who has completed less than 30 units
- Sophomore – A student who has completed 30 units or more
- Graduate – A student who has been awarded an associate degree

### Final Examinations

The college requires final examinations in all lecture courses. The college publishes a time schedule for final examinations early in each semester, so that students may be notified in sufficient time regarding the examination schedule.

### Grade Reports

As soon as possible following final examinations at the end of each semester, a student’s grades will be accessible through My Lassen LCC Portal or through the Admissions and Records Office.

### Grading

A student’s work, upon the completion of each course, is graded using one of the following grading categories:

1. Letter grades only A, B, C, D, F
2. Pass (credit)/No Pass (no credit)
3. Letter or Pass (credit)/No Pass (no credit)
4. Failure to withdrawal – FW

Every course for which a student registers will be posted on the student’s transcript with the following exceptions:

- A course dropped prior to the end of the second week of instruction of a full term course or 30 percent for shorter than term length courses.
- A course that Lassen Community College cancels.
- A course dropped in order to transfer to a parallel course.
- The table below shows the possible grades and the corresponding grade points.

A – Excellent	4 grade points per unit
B – Good	3 grade points per unit
C – Satisfactory	2 grade points per unit
D – Passing less than satisfactory	1 grade point per unit
F – Failing	0 grade points per unit
P – Pass at least satisfactory	0 grade points per unit
NP – Less than satisfactory or failing	0 grade points per unit
FW – Failure to withdraw	
I– Incomplete	Does not affect grade point standing
W – Withdrawal	Does not affect grade point standing
IP – In progress	Does not affect grade point standing
RD – Report delayed	Does not affect grade point standing
MW – Military withdrawal	Does not affect grade point standing

**Incomplete Grades** - Incomplete academic work for unforeseeable, emergency, and justifiable reasons at the end of the term may result in an “I” symbol being entered in a student’s record. The condition for the removal of the “I” shall be stated by the instructor in a written record. This record shall contain the conditions for the removal of the “I”, the grade assigned in lieu of its removal, and the period of time allowed, as determined by the instructor, to make up the “I” grade. This record must be given to the student with a copy on file with the registrar until the “I” is made or the time limit has passed.

**IP - In Progress Grade** – The “IP” symbol shall be used only following the grade point averages. If a student enrolled in an open-entry, open-exit course is assigned an “IP” at the end of an attendance period and does not enroll in that course during subsequent attendance period, the appropriate faculty will assign an evaluative symbol (grade) to be recorded on the student’s permanent record

of the course.

**RD - Report Delayed** - The "RD" symbol can be assigned by the registrar only. It is used only when there is a delay in reporting the grade of a student due to circumstances beyond the control of the student. It is a temporary notation to be replaced by a permanent symbol as soon as possible. "RD" shall not be used in calculating grade point averages.

**W – Withdrawal** - Withdrawal from a course or from the college is defined as the cancellation of enrollment in courses in which the student is enrolled. **Responsibility for withdrawal rests with the student.** This may be done online using My Lassen LCC Portal or by submitting a completed Add/Drop form in the Admissions and Records Office. Ceasing to attend classes does not constitute official withdrawal. Failure of a student to withdraw formally may result in an "F" in the courses in which the student is enrolled.

### **Pass/No Pass (Formerly Credit/No Credit)**

It is the policy of Lassen Community College to enable students to enroll in designated courses on a pass/no pass basis. This can be done at the Admissions and Records Office.

**Eligibility Requirements for Pass/No Pass (Credit/No Credit)** - The student must elect to be evaluated on a pass/no pass basis no later than:

1. The end of the fifth week of a regular, full-term course.
2. Thirty percent of a class shorter than full-term, but longer than two weeks.
3. The time of enrollment for a class two weeks or shorter length

### **Military Withdrawal**

Military Withdrawal occurs when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses. Military withdrawals shall not be counted in progress probation and dismissal calculations. Contact the VP of Student Service to initiate the withdrawal.

### **Grade Point Average (GPA) Calculation**

GPA is computed by dividing the total number of grade points earned by the total number of units attempted, not including units in courses where the grade is P-Pass (CR-Credit), NP-No Pass (NC-No Credit), I, IP, RD or W. In calculating degree-applicable grade point averages, grades earned in non-degree applicable courses are not included.

The GPA is used in determining eligibility for academic achievement, academic and progress probation/dismissal, eligibility for an associate degree and/or certificate of completion, graduation with honors/high honors, and some scholarships. Students are encouraged to pay constant attention to their grade point average.

### **Prerequisites, Co-requisites and Recommended Preparation**

**Prerequisites** - Some courses have prerequisites. A prerequisite is a course that a student must take prior to another course and usually has information that is needed in the next course. For example, you must complete, BUS 1A Accounting Principles Financial to be eligible for BUS 1B Accounting Principles Managerial. When a course is listed as a prerequisite, that course must have been completed with a grade of "C" or better. Sometimes you can fulfill the need to take a prerequisite through the use of multiple measures. These multiple measures include completion of a course taken at another institution, plus other measures of your readiness to successfully complete courses with a prerequisite.

**Co-requisites** - are courses that a student is required to take concurrently in order to enroll in a particular course.

**Recommended Preparation** - Some courses have "recommended preparation" which means that the student is advised to, but not required to complete, before or in conjunction with enrollment in the recommended preparation course.

**Prerequisite Challenge** - Students have the right to challenge a course prerequisite. A challenge by a student can be made under any of the following conditions:

- Prerequisite or co-requisites has not been properly established.
- A prerequisite or co-requisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner.
- The student has the knowledge and ability to succeed in the course despite not meeting the requirements.
- The student will be subject to undue delay in attaining the goal of his/her educational plan because the prerequisite or co-requisite course has not been made reasonably available.
- The student seeks to enroll in a course which has a prerequisite established to protect health and safety and the student demonstrates that he or she does not pose a threat to himself/herself or others.

For additional information and the appropriate forms, please contact the Counseling Office at 530.251.8842 or stop by the office.

### **Student/Faculty Grade Disputes**

Students are responsible for maintaining standards of academic performance established for each course in which they are enrolled. Situations creating concern should first be discussed directly with the instructor. If this action does not produce adequate clarification of the issue and a satisfactory resolution, a student may process an appeal. The Vice President of Academic Services will administer the appeal process.

### **Academic Renewal**

It is the intent of the Lassen Community College District to alleviate previously recorded, substandard academic performance that is

not reflective of a student's demonstrated ability. The petition eligibility requirements and the application are available from the Admissions and Records Office or on the Lassen Portal/Menu/Student Service/Student forms.

## **Non-Traditional Ways to Earn Credit (Credit for Prior Learning AP4235)**

### **Credit by Examination**

Credit by Examination, also known as Credit for Prior Learning. A student may challenge a course for college credit by completing a Credit by Examination application using the procedure adopted by the Lassen Community College Curriculum/Academic Standards Committee. Students can also see if credit can be issued for prior experiences. Credit for Prior learning cannot be counted in determining 12 semester hours of credits in residence required for an associate's degree. Students interested in transferring to a university need to be aware if credit will be accepted at the receiving institution or if there is a unit limitation. More information can be found at AP 4235

**Credit by Examination Fees** -The fee for Credit by Examination is equal to the per unit enrollment fee set by the State of California for California Community Colleges. If a student is eligible for the California College Promise Grant (CCPG) it does not pay for credit earned through Credit by Examination. Credit by Examination units will not be counted for Financial Aid purposes. Payment is due at the time the Credit by Examination is entered by Admissions and Records staff.

**Credit by Examination Refunds** - No refund is given after a student has officially submitted their completed petition to the Admissions and Records Office.

### **Advanced Placement Examination Credit for General Education Credit**

Lassen Community College may award general education credit toward associate degrees to the students scoring a 3, 4, or 5 on Advanced Placement examinations. Students should have test scores sent to the Counseling Office. Each transfer institution will determine the number of units awarded and courses satisfied according to individual campus policies. For specific course information, students are encouraged to meet with a counselor or refer to LCC District Procedure AP 4235. The California State University (CSU) and University of California (UC) campuses award Advanced Placement credit to general education. Please see the appropriate links <https://www2.calstate.edu/apply/transfer/pages/advanced-placement-ap.aspx>

<https://admission.universityofcalifornia.edu/counselors/files/ap-satisfy-admission-and-igetc-req.pdf>

Each CSU and UC campus determines how they use AP credit in the major. Please see chart as to how Lassen College awards AP credit to meet general education credit.

### **International Baccalaureate (IB) Credit for General Education Credit**

Lassen Community College may award general education credit towards associate degrees to students scoring a 5, 6, or 7 on International Baccalaureate tests. Students should have test scores sent to the Counseling Office. Each transfer institution will determine the number of units awarded and the courses satisfied according to individual campus policies. For specific course information, students are encouraged to meet with a counselor.

### **College Level Examination Program (CLEP) Credit for General Education Credit**

Lassen Community College may award general education credit towards associate degrees for successful performance on CLEP General Examinations. Upon submission of CLEP Examination Reports to the Counseling Office, units of credit may be awarded, provided a specific score for awarding credit is obtained. Credit awarded may be substituted for coursework applicable to degree and certificate requirements, and also may be used for transfer to four year colleges and universities, subject to limitations imposed by those institutions. For specific course information, students are encouraged to meet with a counselor. The California State Universities requires a passing score of at least 50 on the CLEP exam. Each campus in the CSU system issues CLEP credit for general education yet each campus determines how it will apply external examinations toward credit in the major. Please click on CSU link to see how they award CLEP credit, <https://www2.calstate.edu/apply/transfer/Pages/college-level-examination-program.aspx#:~:text=The%20CSU%20requires%20a%20passing%20score%20of%20at,apply%20external%20examinations%20toward%20credit%20in%20the%20major> Please see chart on how Lassen College awards general education credit.

Please meet with your counselor if you have any questions.

### **Honors**

Students who have completed 12 or more semester units of letter-graded work at Lassen Community College are recognized for their academic achievements. Graduation honors will be indicated in the commencement program and on the student's transcript. The designation of honors in the commencement program is based on the cumulative grades earned during the semester preceding a student's graduation. Transferable units from other colleges will be reviewed to determine units attempted, but will not be included in the students cumulative GPA.

### **Academic Honors Awarded**

**Dean's Honors** – a cumulative GPA of 3.25 to 3.49 for students enrolled in 12 or more academic units (overall).

**Vice Presidential Honors** – a cumulative GPA of 3.5 to 3.74 for students enrolled in 12 or more academic units (overall).

**Presidential Honors** – a cumulative GPA of 3.75 or higher for students enrolled in 12 or more academic units (overall).

## Probation and Dismissal

Pursuant to the Education Code and District Policy, a student can be placed on probation for two reasons:

- Unsatisfactory academic performance.
- Unsatisfactory progress in course work.

Failure to fulfill academic responsibility is considered to be a serious matter by the college. Accordingly, the following probation and suspension policies have been adopted:

1. **Academic Probation:** A student who has attempted at least 12 semester units at Lassen College as shown by the official academic record shall be placed on probation if the student has earned a Lassen College grade point average of less than 2.0.
2. **Progress Probation:** A student who has enrolled in at least 12 semester units at Lassen College as shown by the official academic record shall be placed on progress probation when the percentage of all units in which entries of "W", "I" and "NP" are recorded reaches or exceeds fifty percent from Lassen College units.
3. **Removal of Academic Probation:** A student on academic probation for a grade point deficiency shall be removed from probation when the student's accumulated grade point average from Lassen College units is 2.0 or higher.
4. **Removal of Progress Probation:** A student on progress probation because of an excess of units for which entries of "W", "I" and "NP" are recorded shall be removed from probation when the percentage of units in this category drops below fifty percent for Lassen College units.
5. **Academic Dismissal:** A student who is on academic probation shall be subject to dismissal if the student earned a cumulative grade point average from Lassen College of less than 2.0 for three consecutive semesters, including summer.
6. **Progress Dismissal:** A student who is on progress probation shall be subject to dismissal if the percentage of units in which the student has been enrolled at Lassen College, for which entries of "W", "I" and "NP" are recorded for three consecutive semesters reaches or exceeds fifty percent, including summer.
7. **Notification of Probation and Dismissal:** Lassen Community College shall make every reasonable effort to notify a student of academic probation or dismissal at or near the beginning of the semester in which it will take effect; but in any case, no later than the start of the fall semester. Lassen Community College shall also make every reasonable effort to provide counseling and other support services to a student on probation to help the student overcome any academic difficulties.

**Reinstatement** – Students will be eligible for reinstatement following a semesters' absence upon petition to the Vice President of Student Services and approval.

## Unit of Work

College work is measured in terms of the "semester unit". A semester unit calls for one-hour of lecture, three hours of laboratory or any combination thereof per week for one semester. In lecture type courses, one hour in the classroom and two hours of outside preparation ordinarily constitute a unit of work. In the laboratory, three hours in the classroom may constitute one unit of work. The number of units of credit offered for each course may be found under "Course Descriptions".

## Unit Limitations

Students who wish to register for more than 18 units must have the written approval of a counselor and must petition to the Vice President of Student Services. Students, who enroll in more than 18 units without obtaining the required approval, will be administratively dropped from the most recently added courses. The student and instructor will be notified should this occur.

## Non-Traditional Learning

Lassen Community College recognizes that people have had learning experiences in many non-college situations equivalent to those obtained in college courses. We provide for evaluation of such non-traditional learning experience as Advanced Standing, USAFI/DANTES, formal military service schools and military service.

Students interested in transferring to a university need to be aware if credit will be accepted at the receiving institution or if there is a unit limitation

Students planning to transfer to a four-year college or university should note that non-traditional credit accepted by Lassen Community College may not be acceptable for transfer.

Students should check with prospective transfer colleges regarding their policies on non-traditional credit. Re-evaluation at the four-year institution may be an advantage to the transfer student since upper division credit may be allowed.

# Student Life and Activities

## Associated Student Body

The Associated Student Body (ASB) is the representative body of Lassen Community College students. All currently enrolled Lassen Community College students who have purchased a current ASB card shall be members of the ASB. All members are entitled to reduced or free admission to all of its activities, bookstore services and local merchant's discounts.

During the spring semester, students will elect ASB officers to represent the students to the college administration and the District Governing Board. The elected officers include the President, Vice-President, fifteen Senators, and Student Trustee. The Associated Student Body appointed officers are the Secretary and Treasurer.

The Associated Student Body President appoints students to serve on Lassen Community College committees. The Executive Council and Student Body Council exercise the powers and duties of the ASB Government.

The Associated Student Body and the Vice President of Student Services will approve new clubs and student organizations. If students are interested in becoming a member of a club or if they want to start their own organization, they should contact the ASB.

The ASB officers meet once each week. ASB meetings are open to the public and include an opportunity for students and others to share their views. Stop by the help desk in BaseCamp to find out more.

## Organizations

In order to secure the most from college life, students are encouraged to participate in one or more of the many clubs on campus. These clubs offer many diversified opportunities to students for both social and educational contracts. Each club elects its officers and plans its own program for the semester. How successful it becomes depends largely upon the enthusiasm of its membership. If students are interested in becoming part of a club or if they want to start their own organization they should stop by the Associated Student Body Office, located in the Student Dormitory Building.

## Athletics

Lassen Community College athletics emphasizes and takes pride in their athlete's pursuit of their educational goals. The College provides a well-rounded program of intercollegiate athletics. Lassen Cougar teams compete in men and women's basketball, soccer and rodeo, men's baseball and wrestling, and women's softball and volleyball. Lassen Community College is a member of the California Community College Athletic Association (CCCAA) participating in both the Golden Valley Conference, as well as the Big Eight Conference in wrestling. Lassen Community College is also a member of the National Intercollegiate Rodeo Association (NIRA). Eligibility Criteria:

1. No student shall represent the college in any athletic contest unless they are enrolled in a minimum of twelve units (15 units for rodeo) of academic work in regular or special courses as defined in the LCC curriculum.
2. All athletes must follow a current Educational Plan approved by their academic counselor.

Questions regarding athletic eligibility should be directed to the Director of Athletic Operations at 530-251-8815 or check the website at [www.lassenathletics.com](http://www.lassenathletics.com)

## Campus Activities

Student engagement opportunities for Lassen Community College students extend beyond the classroom to events on and off campus. Orientation and Student Success, located at Basecamp, in CA 209, is a center dedicated to enhancing the college experience for all students. OSS provides avenues to develop leadership skills through the student ambassador program, and enhance the college experience through various student engagement activities. Through these interactions, students form relationships with friends, staff and faculty that will benefit them during their time at Lassen College and beyond. Without these connections to the campus, many students would lack the support system they need to be successful:

- Lassen Fest Pool Party
- WOW Week of Welcome

# Students Rights, Freedoms And Responsibilities

## Responsibility

Students are responsible for their own academic success. Regular attendance and participation are crucial factors in student success.

## Rights and Freedoms

Lassen Community College is an academic community with membership consisting of students, faculty and staff. Its purpose is to provide an agreeable atmosphere for developing men and women both scholastically and socially. Free inquiry and expression are necessary aids in the development of resourceful and analytic thought processes.

This community requires a system of guidelines for organized activity on campus. Primary responsibility for preserving the system of order rests with individuals of the community. Students must accept responsibility for their actions and values, recognizing that they reflect upon the entire college community.

## Access

Within the limits of its facilities, this institution shall be open to all students who are qualified according to its admission standards. Under no circumstances shall a student be barred on the basis of race, color, sex, creed, religion, nationality, age, marital status, or disability.

## Expression

Students are free to express their views on issues of institutional policy and on matters of general interest to the student body. They are free to support causes by orderly means, which do not disrupt the regular and essential operation of the college. Students, through established school committees, may help establish policies concerning student academic and nonacademic affairs.

## Association

Students are free to form and join associations according to standards set by the Associated Student Body and the Student Rules of Conduct.

## Disclosure

Information about students or student's beliefs and views, which teachers, counselors or administrators may obtain, are confidential. Students can consent to the disclosure of judgments on ability and character if circumstances warrant.

## Student Rules of Conduct

Standards of conduct are applicable to all members of the college community, visitors, and guests. Student rules of conduct are designed to promote individual and group governance in accordance with dignity, decency, and maturity.

In particular, such standards are directed toward social and living relationships pertinent to the college. The following misconduct for which students are subject to college discipline applies at all times on campus and applies to any off campus function sponsored or supervised by the college

- Dishonesty, such as cheating, plagiarism, or knowingly furnishing false information to the college.
- Forgery, alteration, or misuse of college documents, records or identification.
- Obstruction or disruption of teaching, research, administration, disciplinary proceedings, or other college activities, including its public service functions or of other authorized activities.
- Physical abuse of any person or conduct, which threatens or endangers the health or safety of any such person.
- Theft of or damage to, property of the college, its officers, employees, students, or visitors.
- Unauthorized entry to or use of college facilities.
- Violation of college policies or of campus regulations, including campus regulations concerning the registration of a student organization or the time, place, and manner of public expression.
- Intoxication from the use of alcohol or being under the influence of unlawful drugs or unlawfully distributing, selling, or possessing of the same on college property or at events sponsored by the college.
- Failure to comply with directions of college officials acting in performance of their duties.
- Gambling on college property.
- Hazing or any act that injures, degrades, or disgraces any fellow student or person attending the college.
- Sexual harassment.

## Student Discipline

The Vice President of Student Services shall exercise general supervision over the conduct of students. The authority for sanctions for students who fail to accept responsibility to abide by Standards of Conduct is provided in the Lassen Community College Policy Book, Section 5380 and in compliance with the California Education Code.

The following shall comprise the range of official college sanctions, which may be taken as a result of any disciplinary hearing. Sanctions may be imposed only after a disciplinary hearing at which the student has had the opportunity to be present.

1. **Warning** - Notice to the student that continuation or repetition of specified conduct may be cause for other disciplinary action.
2. **Censure** - Written reprimand for violation of specified regulation.
3. **Conduct Probation** - Exclusion from participation in designated privileges or extracurricular college activities for a specified period of time.
4. **Restitution** - Reimbursement for damage or misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damages.
5. **Interim Suspension** - Exclusion from Classes and other designated privileges or activities for a definite period of time. (Education Code Section 10601)
6. **Expulsion** - Permanent termination of the student's status without possibility of re-admission to the college. (Code of Conduct cf. 5412.2)

## Student Grievance and Appeals

The Governing Board of Lassen Community College authorizes the establishment of procedures through which students can resolve issues concerning potential violations of their rights related to alleged misinterpretation, misapplication, or violation of specific district policies. These procedures are outlined in the following Board Policies: AP 4236 and AP 5530.

Any student who has a grievance related to college instruction or student services (other than an alleged criminal or discriminatory violation) should make a reasonable effort to resolve the matter on an informal basis prior to submitting a formal "statement of grievance". If not resolved at this level, students have the option of writing and sending a complaint via an online grievance portal. A link to this portal is available on the LCC main webpage. Complaints or grievances that are academic in nature, as well as alleged violations related to financial aid, student accounts, illegal discrimination, and/or Title IX (sexual misconduct, sexual harassment, etc.)

may be documented and submitted via the online portal. Once a complaint is submitted, it will first be retrieved and reviewed by the Office of Human Resources and will be dealt with by HR or sent to the appropriate area administrator to address the issue.

Students will be contacted within ten days of a submitted complaint, and will be given further directions as needed. Usually it will be required to meet with the appropriate educational administrator to discuss resolution of the grievance. After a discussion and/or written correspondence with the appropriate administrator, an attempt will be made to resolve the grievance, and the administrator will render a decision and notify the student no later than ten school days later.

If a student is not satisfied with the decision rendered, they may appeal within ten school days to have their case reviewed by the Grievance/Appeals Committee. The student has a right to appear before the committee at some point during its deliberations to present relevant witnesses or information concerning their grievance. The committee shall render a decision within ten school days of its meeting, and the decision of the committee shall be final.

## **Grade Changes, Academic Grievances and Appeals**

Education Code, Title 3, Section 76224, states in the absence of mistake, fraud, incompetence or bad faith, the determination of a student's grades by an instructor shall be final once they have been filed with the Admissions and Records Office. If the presence of mistake, fraud, bad faith or incompetence is determined, the Vice President of Academic Services may delete the grade from the transcript.

Students are responsible for maintaining standards of academic performance established for each course in which they are enrolled. Situations creating concern should first be discussed directly with the instructor. If this action does not produce adequate clarification of the issue and a satisfactory resolution, a student may process an appeal. The Vice President of Academic Services will administer the appeal process.

## **Drug Free Campus**

The Lassen Community College District is committed to providing a safe and healthy working environment and to ensure a drug free campus. In compliance with the Drug Free Schools and Campuses Act of 1990 the following regulations are in effect:

1. The unlawful manufacturing, distributing, dispensing, possession, or use of a controlled substance is prohibited on campus.
2. The term "controlled substance" is defined in the schedules I through V of Section 202 of the Controlled Substance Act 21USC812.
3. Penalties for Campus Drug Use: State and Federal penalties apply to anyone convicted of the manufacturing, distributing, dispensing, possessing, or use of controlled substances.

**Misdemeanor Convictions** for campus drug use can result in a fine and incarceration of up to a year in a county jail.

**Felony Convictions** for campus drug use can result in a substantial fine and a lengthy jail sentence in state prison. Felony convictions include the manufacture, possession for sale or use of substances such as amphetamines (whites, uppers), barbiturates, codeine, cocaine/ crack, heroin, L.S.D., methamphetamine, (crank, crystal), marijuana, P.C.P., and Quaaludes.

## **Dangers of Drugs in the Workplace**

Drug Addiction is a major health problem. The death, disabilities and diseases stemming from drug abuse excel the morbidity and mortality rate of any other disease.

The campus is harmed. Excellent students and their careers are affected. Students are excessively sick, produce inferior work or perform unsatisfactorily. The detrimental effects of this problem are reflected everywhere.

People who abuse drugs affect public health and safety. The losses suffered must not be measured in dollars and cents alone but also in lives.

## **Dangers of Drug Use**

### **Alcohol**

- Decreased performance
- Poor judgment and coordination
- More accidents
- Drowsiness and mood swings
- Lower morale and increased conflicts with others
- Shortened attention span
- Impairment of judgment and decision-making ability

### **Cocaine/Crack Cocaine**

- Lack of dependability
- Irritability and depression
- Crime (stealing to cover cost of drug)

### **Marijuana**

- Disruption of space and distance
- Slower physical reflexes and poor coordination
- Forgetfulness and diminishing mental powers
- Drowsiness and mood swings

### **Opiates**

*Heroin, Pain Pills, Codeine, Darvon, Vicodin, and Percodan*

- Impaired judgment and lowered efficiency
- Disinterest in classroom safety
- Increase in illness
- Drowsiness and mood swings

## **Smoking**

To provide a safe and healthy environment to learn and work smoking in District facilities and vehicles is prohibited. Smoking is prohibited within 20 feet of a main exit, entrance or operable window of any campus building. It is the intent of this policy to promote comfort, health, and well-being of all district students, staff and visitors and maintain the safety of District facilities. Smoking means the carrying or holding of lighted cigarettes, cigars, cloves, bidis, pipes, hookah, marijuana, other lighted weed or plant, electronic

cigarettes, or other similar smoking device or equipment; OR emitting or exhaling the smoke of lighted cigarettes, cigars, cloves, bidis, pipes, hookah, marijuana, other lighted weed or plant, electronic cigarettes, or other similar smoking device or equipment. Smoking also includes the use of mouth or smokeless tobacco (to include dipping, chewing, etc.) or similar chew or spit product. (AP3570)

### **Student Assistance Program**

A student desiring additional information regarding drug abuse may contact one of the counselors.

### **Student Acknowledgment**

Part of the Drug Free Schools and Campus Act requires that students be given information regarding substance abuse. This information can be found in the college Catalog, Class Schedule, Student Handbook and Counseling Office. (Education Codes 87009, 87011, 87405, 87732, 87733, 88002)

### **Sexual Harassment Policy**

The Lassen Community College District enforces a policy prohibiting sexual harassment and will respond promptly and effectively to reports of sexual harassment. Sexual harassment is unlawful discrimination in the form of unwelcome sexual advances, request for sexual favors and other verbal, visual or physical conduct of a sexual nature, made by someone from or in the workplace or in the educational setting. The District will take appropriate action to prevent, to correct and if necessary, to discipline behavior that violates this policy. For a complete copy of the policy prohibiting sexual harassment or to make a complaint, contact the Office of Human Resources.

### **Family Education Rights and Privacy Act (FERPA)**

The confidentiality of student records shall be maintained in accordance with the Education Code and in compliance with federal regulation as outlined in the Family Education Rights and Privacy Act. Lassen Community College will release directory information only as specified in Board Policy 5040 to include the students name, honors and involvement in ASB or other extracurricular activities. Release of any other information requires the student's written permission.

### **Access to Educational Records**

All former and present students have the right to review and inspect their educational records in the Office of Admissions and Records provided they make a written request fifteen (15) days in advance. Such a review will be under the direct supervision of a classified or certificated employee in the Admissions and Records Office. Expressly exempted from the right of review and inspection are the following materials:

- Financial records of the parents or legal guardians of the student(s).
- Confidential letters and statements of recommendation maintained by the College on or before January 1, 1975, provided that such letters or statements are not used for purposes others than those for which they were specifically intended.
- Records of instructional, supervisory, counseling, and administrative personnel which are in the sole possession of such personnel and are not accessible or revealed to any other person except a substitute.
- Records of employees of Lassen Community College, made and maintained in the normal course of business which relate exclusively to such person in that person's capacity as an employee, are not available for use for any other purpose.

### **Vaccinations/Immunizations**

California Community Colleges do not require proof of immunization for enrollment however students are urged to update their immunization status. Upon transfer, many universities require MMR and Hepatitis B clearance as a condition of admission. Depending on the major, immunizations may be necessary prior to acceptance into selected programs. Students should consult with the specific department for further information.

## **College Services**

### **Academic Resource Center (ARC) – Library & Learning Center**

The Lassen Community College Academic Resource Center (ARC), located on the campus' center in the Humanities building, presents a picturesque view of the campus, Honey Lake Valley and Sierras via its two-story windows. The ARC offers a wide array of resources and services to students, faculty and staff including Wi-Fi, a café, comfortable seating, instruction and tutoring. Fully technologically equipped, two study rooms allow for quiet or group study sessions. Over 12,000 books, hundreds of course reserves, a textbook lending program, periodicals and media are easily reachable in-house; twenty-five online databases, nearly 200,000 eBooks, the library catalog and tutoring are accessible 24/7, both on and off-campus. Computers on both levels are equipped with Microsoft Office, the Internet and free limited printing. In addition, students may checkout textbooks, laptops and calculators without charge. Friendly research help is always obtainable. One-on-one assistance from trained peer tutors and instructors in a variety of subjects including math, writing, reading and the sciences is available. Also, small group tutoring as well as online tutoring are complimentary. Proctoring is attainable for those requiring supervised test-taking. Additional information about the ARC may be found at <http://lassencollege.libguides.com> or by contacting the Library at (530) 251-8830.

### **Admissions and Records**

The Admissions and Records Office is responsible for the admissions and registration process of the College. Services include:

- Registration - online
- Maintenance of student's transcripts
- Transcript requests
- Residency

- International student admission
- Petitions for exceptions

All inquiries for Admissions and Records services may be directed by sending correspondence to Lassen Community College, Admissions and Records, P.O. Box 3000, Susanville, CA 96130 or by calling 530.251.8808 or by faxing 530.251.8802.

## BaseCamp

Basecamp is here to assist all students in the process of attending and completing their educational program at Lassen Community College. The mission of BaseCamp is to ensure ALL students no matter their cultural, ethnic, religious, gender, sexual orientation, or socio-economic standing are afforded every opportunity to meet their educational and career goals at Lassen Community College. BaseCamp meets our mission through initiatives, programs and collaboration with all departments on campus in student, academic and business services. Some of the services available through Basecamp are bulleted below. For more information and the most current list of services and programs, visit our website at [www.lassencollege.edu/student-services/basecamp](http://www.lassencollege.edu/student-services/basecamp). If you have suggestions for ways we can better serve students, please contact Interim VP of Student Services, Brady Reed at [breed@lassencollege.edu](mailto:breed@lassencollege.edu). We are located in Creative Arts room 209 or you can reach Basecamp by calling 530.257.6181 ext. 8946.

## • CalWORKs

We are a California Community College program serving CalWORKs students and their families by providing educational and career opportunities combined with an array of high-quality support services that enable students to complete their educational goals, find meaningful employment, and successfully transition into the workforce. Through collaboration and advocacy with our college and community partners, we prepare a segment of California's workforce by promoting the economic self-sufficiency of CalWORKs students through the attainment of a higher education.

Students currently receiving Temporary Assistance for Needy Families (TANF) Cash Aid are potentially eligible for services through the CalWORKs program. Call 530.257.6181 ext. 8991, for information on supplementary childcare funding, job placement, career and job search assistance, CalWORKs work study and advisement and support services.

## • Career and Transfer Center – Student Services/Vocational Trades Building

The Lassen Community College Career and Transfer Center is located in the Student Services/Vocational Trades Building in the middle of campus, with a white location flag out front. Opened in August of 2019 it is a spacious welcoming center for all students. The Career and Transfer Center offers a wide variety of resources and services for students and staff including Wi-Fi, computers, classroom seating, and white board. Technologically equipped, the center has six individual computer stations, and a twelve seat classroom which allows for individual career and transfer exploration, as well as seminars and workgroup presentations. Computers are equipped with Microsoft Office, the Internet and free limited printing. Open daily M-F 8:00-4:30 or by appointment, the friendly staff is trained to assist with career and college transfer needs. Drop in assistance is offered for: Career assessments, selecting a major, exploring jobs & salaries, searching for college transfer degrees, typing tutor, and job board. By appointment services offered: College transfer applications, job applications, interviewing skills, resume, cover letter and high school equivalency testing. Monthly workshops and seminars are offered to help students move toward a successful career and college degree, advertised in the portal. Additional information about the Career and Transfer Center may be found at <http://www.lassencollege.edu/student-services/counseling/career-and-transfer-center/Pages/default.aspx> or by calling (530) 251-8833.

## • DSPS - Disabled Student Programs & Services

Special courses and services are offered for students with verified disabilities on an ongoing basis. Psycho-educational diagnostic testing is also available for students with possible learning disabilities or acquired brain injuries. Counseling and registration assistance is available for all students with disabilities. Students may contact the DSPS Office at 530.251.8867 or the Learning Disabilities Program at 530.251.8867. For more information see:

[www.lassencollege.edu/student-services/basecamp/dsps/Pages/default.aspx](http://www.lassencollege.edu/student-services/basecamp/dsps/Pages/default.aspx)

**High Tech Center** – The High Tech Center is a computer lab designed to serve students with various disabilities and special needs. The computers are designed or equipped with special software that accommodates or assists students with their learning and college course work. Special software is available for disabled students. Students may contact the High Tech Center at 530.251.8867.

## • EOP&S - Extended Opportunity Programs & Services

The Extended Opportunity Programs and Services (EOP&S) is a state funded program which provides special Above and Beyond Services to eligible students. It serves about 300 students a year providing above and beyond student success services to assist them in reaching their educational goals. The services provided to students eligible for the EOP&S program include:

- Academic Advising and Counseling
- Develop Educational Plans
- Book Grants and Book Lending
- Progress Reporting
- Transfer Assistance/Fee Waivers
- 4 year college campus tours
- Health & ASB Fees Paid
- Meal tickets
- Gas Cards
- School supplies
- Priority Registration
- Various Support Services
- Caps and Gowns
- Lap Top Loans
- Tutoring
- Computer Lab

Access to higher education is not a privilege for a chosen few, but a right for all that desire to learn. EOP&S services provide positive encouragement to qualified applicants who are full time, low income, underrepresented, and under prepared. This program is funded by a state grant and provides services above and beyond those already provided by Lassen Community College.

To be eligible for EOP&S services a student must meet the following criteria.

1. Be a California resident
2. Be enrolled as a full-time student (12 or more units per term)
3. Have fewer than 70 units of degree applicable college credits
4. Complete and submit the California College Promise Grant (CCPG)
5. Be educationally disadvantaged

The EOP&S Program creates an environment that is responsive to the needs of the students it serves and is culturally sensitive to the diversity of students that qualify for the EOP&S student success driven services it provides. For more information call 530.257.6181 ext. 8953.

### • **CARE - Cooperative Agencies Resources for Education**

The Lassen Community College Cooperative Agencies Resources for Education program (CARE) is a state funded program focusing on providing financial, educational and emotional assistance and support to students who are CalWORKs/TANF eligible, single head of household wanting to attend college. The program provides off-campus childcare reimbursement for infants and children under the age of 14 years. CARE Student Support Group meetings are held monthly to discuss issues and concerns of the student. The aim of CARE is to help students with the cost of coming to school, increase their educational skills, become more confident and self-sufficient, enhance their employability, and move from welfare to independence.

Services provided to students eligible for CARE include:

- Child care allowances
- Transportation
- Textbooks and school supplies
- Uniforms
- Informational workshops for single parents
- Conferences
- Grants

To be eligible for the CARE program, student must meet the following criteria;

1. Eligible for the EOP&S Program
2. Maintain a full-time program of study (12 units or more).
3. TANF/CalWORKs as a single head of household and currently receiving cash aid.
4. 18 years of age or older.

For more information call 530.251.8837.

### • **Foster Youth Services Success Initiative (FYSI)**

The purpose of the FYSI is to remove barriers that youth from foster care often encounter when attempting to access or attend an institute of higher education. The FYSI aims to improve outcomes for foster youth students by improving the following key areas:

- Access to student services and resources
- Access to academic support
- Outreach and retention
- Academic performance
- Completion of units
- Completion of programs and degrees
- Transfer rates to baccalaureate

Lassen Community College has a designated FYSI Liaison located within BaseCamp in CA 209. For more information please contact Brady Reed, Interm VP of Student Services at [breed@lassencollege.edu](mailto:breed@lassencollege.edu)

### • **Kinship Care**

The mission of Lassen Community College Kinship Care Education is to provide needed training and support for Kinship Care Providers in the Lassen Community College District. Kinship providers who are caring for relatives (siblings, grandchildren, nieces, nephews, or family friend, etc.) are presented with unique challenges. The Lassen Community College Kinship Care Education program recognizes these challenges and strives to support the providers by offering free educational training workshops, providing high quality resource material and much needed support. Some of the training topics offered are: Parenting Skills, Effects of Fetal Alcohol Syndrome, Anger Management, and Strategies for Working with Difficult Children, Separation and Attachment, and many more. For more information please call 530.257.6181 ext. 8901 or email [kinship@lassencollege.edu](mailto:kinship@lassencollege.edu)

### • **Orientation and Student Success**

The Orientation and Student Success program supports students and the College by providing programs and services aimed at helping students at LCC. This includes everything from Orientation and Welcome Week, to student led activities to a quiet place to study.

### • **TRIO TRACS” at Lassen College**

TRIO Student Support Services (SSS) is a federally-funded program and is called “TRIO TRACS” at Lassen College. It supports college success for low-income and first-generation college students, as well as students with disabilities. It provides academic counseling, personal coaching, workshops, fieldtrips, and other support necessary for eligible students to persist at LCC and to reach

their educational goals. The TRIO TRACS Program can make college less difficult by helping students with college coursework, exploring career options, and managing life's demands. TRIO is actively engaged in creating a positive caring community that promotes diversity, leadership, and student success.

## **Bookstore**

The bookstore carries required textbooks and supplies for classes offered at the college. Miscellaneous school supplies are available along with logo clothing, art supplies, and various snacks. The community is invited to stop by and see what the bookstore has to offer. The bookstore is located in the Student Union – housed with the Cougar Café: Bookstore is staffed from 8:30 a.m. to 4:00 p.m.

## **Student Union/ Cougar Café**

The student union café also serves a wide variety of items for breakfast and lunch. The community is invited to stop by and see what the student union has to offer. Cougar Café is open from Monday-Thursday 7:30 a.m. to 6:30 p.m. and Friday 7:30 a.m. to 2:00 p.m.

## **Work Experience & Internships**

Work Experience Education is an academic program in which students build work skills through specified learning that they pursue in their individual work settings. There are three types of Work Experience courses: General Work Experience (WE 1), Vocational Work Experience (vocational courses numbered '49' such as AJ 49 or HUS 49), and Occupational Work Experience (WE 2). Upon completion of their Work Experience course students earn transferable credit with a letter grade. For more information contact Lisa Gardiner @ [lgardiner@lassencollege.edu](mailto:lgardiner@lassencollege.edu) or 530-251-8856.

**General Work Experience** - assists students in learning about the world of work and is open to students regardless of major or job. Through this course, students develop and/or improve basic work habits and entry level job skills. No more than 6 units may be earned in General Work Experience (WE-1).

**Vocational Work Experience** - provides students with opportunities to develop or add marketable skills that are related to their vocational career objective.

**Work Experience** - provides students with opportunities to develop or add marketable skills related to their transfer major at California State Universities and Colleges. Students transferring to private or out of state universities and colleges should meet with their counselor to determine the transferability of work experience credits. The University of California does **not** allow transfer credit for Work Experience.

**How the Work Experience Program Works** – At the beginning of the semester students attend one of several Work Experience Orientations listed on the class schedule. During the orientation, students are given all the information they need to successfully complete the program. Students begin by meeting with their supervisor to create individualized measurable occupational learning objectives that identify new skills to be learned on the job by the end of the semester. Next they submit their objectives to the Work Experience Education office for approval. Throughout the course, students work toward accomplishing their learning objectives and demonstrating good basic work skills on the job. The Work Experience Instructor/Coordinator visits the worksite to complete an evaluation and provides support and assistance to student and employer throughout the program. Grades for Work Experience are based on completion of identified learning objectives, demonstration of good basic work skills and timely submission of all Work Experience assignments. Eligible students must meet the following criteria:

1. Be working in a paid or volunteer position for a licensed business. Students who do not have a job or internship and would like assistance should contact the Work Experience Education office. Students must have a cooperative employer by the end of their third week of their Work Experience course (end of the first week summer session) to remain in the program.
2. Register for 1-8 units of Vocational or Work Experience or 1-6 units of General Work Experience. Students who are working in a position related to their college major, and are taking or have taken a course in that area should enroll in the area's Work Experience class. Interested vocational students may earn college credit in the following majors: Administration of Justice, Agriculture, Art, Automotive Technology, Business, Child Development, Correctional Science, Fire Technology, Gunsmithing, Health Occupations, Human Services, Journalism, and Welding Technology. One unit of credit may be earned for every 75 hours of paid work experience or for every 60 hours of volunteer experience. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Vocational, Occupational and General Work Experience enrollments. Enrollment limitations exist. See a counselor or the Work Experience Coordinator for further information.
3. Attend a Work Experience Orientation during the first two weeks of the course to get started in the program and receive all necessary course materials.

## **Counseling**

The Counseling Office, located in the Student Services Building, provides services to help students define their academic and career goals including academic counseling and advising, personal counseling, student orientation, career assistance, and information regarding transferring to a four year college or university.

**Academic Counseling:** Counselors are available to assist students in interpreting multiple measures placement, selecting courses, formulating an educational plan, discussing educational concerns, and providing guidance toward student educational goals.

**Articulation Agreements:** Articulation is an agreement between Lassen Community College and four-year colleges and universities that identify Lassen Community College courses that will transfer and meet four-year college and university requirements. These agreements are maintained by the Counseling Office and are listed at [www.assist.org](http://www.assist.org), the website for ASSIST, California's

official statewide repository of transfer course information.

**Personal Counseling:** Lassen College now has a Behavioral Health Program Manager to assist students with mental health needs, along with providing workshops and trainings. If you or a classmate is feeling depressed, anxious, or has any other mental health concerns please do not hesitate to reach out at (530) 257-6181 ext. 8902 or by email [sharrington@lassencollege.edu](mailto:sharrington@lassencollege.edu). Staff and faculty may also consult with the Behavioral Health Program Manager if they have any questions or would like to refer a student for services.

**New Student Orientation:** Student Orientation is designed to help incoming students familiarize themselves with the programs, facilities, policies, and procedural expectations of the College. It is common for colleges to use their own language, terms and vocabulary that are often very unfamiliar to students. Orientation programs provide students the tools to navigate their college experiences successfully. All new students must complete an online orientation session. Online orientation can be found under new students tab on the LCC website.

**Educational Plans:** Your educational plan is developed in consultation between you and your assigned counselor and it outlines all course work necessary for you to reach your educational goal. All new students whose educational goal is to transfer or complete a degree or certificate should complete an educational plan by the beginning of their second semester. Plans are subject to revision whenever a student changes their anticipated major or field of study or if they change the course pattern outlined in their current educational plan. Educational research has verified that students are more successful in college when they have a firm educational plan. They also take less time to accomplish their educational goals. You can make an appointment by contacting the Counseling Office at 530.251.8842.

### **Financial Aid**

For more information on Financial Aid see the next section on “Financial Aid and Scholarships” in this catalog. (Page 27)

### **Housing**

The residence hall provides accommodations for students with two and four person rooms. For an additional fee a student can request a single room, which will be assigned if availability allows. Laundry facilities, a common kitchen, and a television lounge are available for student use. At the west end of the building you will find two-story game room with floor to ceiling windows. Various nights during the semester you will find both table pool and foosball tournaments in this room as part of the Lassen Intramural Activities Program. In addition to foosball and pool table, various sports programs (indoor touch football, three-on-three basketball, dodge ball and lots more) make up the Lassen Intramural Competitive Activities Program on Monday and Thursday evenings. The non-competitive lunchtime activities occur Monday through Friday in the lounge and internet gaming has been implemented into the program as well. Most rooms accommodate two students; however, there are also some four-person rooms. A common bathroom joins the suites for two person rooms and a single bathroom is shared in the rooms that accommodate four residents. The room is furnished with a desk, chair, drawers, bookshelf, closet, sink/vanity area and an extra-long twin bed for each student. Students are **not** to bring their own furniture, as no storage is available. The rooms are controlled individually for heat. Telephone service is not provided. However Wi-Fi service is provided. The beds use extra-long twin sheets. Students will need to bring a good study lamp, trash can and personal items to decorate their room. No drugs, alcohol or sexually provocative material is allowed as decorations. The Vice President of Student Services and other college staff are responsible for the residential program. The Housing Office is located in the Residence Hall and is open Monday through Friday. The Residence Manager is on duty Monday- Friday during the day. Six Residential Advisors assist in maintaining a safe and secure facility including locked doors and visitor check-in after 10:00 PM. The guidelines for living in the Lassen Community College Residence Hall have been established to protect the health, safety, and social welfare of all community members, to provide a climate conducive to study, to discourage dishonesty, vandalism, and personal abuse. Rules are enforced to avoid infringement of the rights of others.

Each resident is responsible for his or her actions and each is entitled to a safe, secure, and mature atmosphere in which to reside and a living environment conducive to succeeding in his or her educational objectives. In order to maintain that environment, the residence hall has multiple cameras observing hallways and entry/exits on a 24/7 basis.

Information regarding rates is included in the residence hall application packet. Upon return, the completed dorm application must be accompanied by a security deposit to reserve a room. Applications can be obtained by writing to: Lassen Community College, Housing Office, PO Box 3000, Susanville, CA 96130 or via email to [fbeaujon@lassencollege.edu](mailto:fbeaujon@lassencollege.edu) or from the Lassen Community College website [www.lassencollege.edu/campus-lif/residence-hall](http://www.lassencollege.edu/campus-lif/residence-hall)

Check-in times are scheduled on specific days during the two weeks prior to the first day of school. For more information please contact the residential life staff by phone at 530.251.8879 or by email at [fbeaujon@lassencollege.edu](mailto:fbeaujon@lassencollege.edu)

### **Career Technical Education CTE/Transitions (Formerly Tech Prep 2+2)**

The Career Technical Education (CTE)/Transitions program offers high school students the opportunity to take an approved technical preparation class during their high school years and receive Lassen Community College credit. Students are able to develop high academic and employability competencies through approved technical preparation and instruction. This opportunity eases the transition from the high school to the college and offers an incentive for students to continue their education at a more advanced level. After completing an articulated CTE/Transitions class with a grade of “B” or better at the high school level, a high school student qualifies to receive earned credit at Lassen Community College in the articulated course(s) without having to repeat the course at the college level by submitting your high school transcripts and required form from the Credit Guidelines packet to the LCC Admissions

and Records Office and enroll.

CTE/Transitions credit is only available up to five years after high school graduation. "Credit by Exam" is granted based on articulated course content and exams or alternate assessments. Students must be in good standings and complete all requirements.

For a Credit Guidelines Packet or more information on the CTE/Transitions program visit the Lassen Community College Counseling Office or speak with your high school counselor.

### **Veteran's Services**

Lassen Community College is approved for veteran training under Public Law 890-358, as well as under the California State program. The Lassen Community College Veteran's Certifying Official is a liaison between the Veteran's Administration and the individual veterans, insuring timely educational benefit payments. Veterans or veteran family members eligible for government benefits should contact the college Financial Aid Office in the Student Services Building. All students expecting Veterans Benefits, degrees or certificates must file an official transcript of their record from all colleges previously attended.

After completing all necessary paperwork, the veteran is ready to meet with the veteran's counselor to complete their schedule. Call 530.251.6181 ext. 8950 to receive more information.

### **Military Service Schools/Formal Military Service Schools**

College units may be allowed for the successful completion of college-level training in formal service schools as recommended in "The Guide to the Evaluation of Educational Experience in the Armed Services", published by the American Council on Education. Lassen Community College will grant college credit if the person has served at least six months in active service.

Active duty personnel should submit a copy of DD295 (veterans submit DD214) to the Financial Aid Office and the Veteran's Counselor for evaluation.

# **Financial Aid and Scholarships**

Financial Aid is dedicated funding that assist students with the costs of attending college, it is meant to help students achieve their academic goals. Funding sources include the Federal and State government as well as other public and private entities.

Every student interested in receiving Financial Aid is first required to fill out a FAFSA- **F**ree **A**pplication for **F**ederal **S**tudent **A**id on the web every academic year. The on-line application is found at [www.fafsa.ed.gov](http://www.fafsa.ed.gov) ; this is the only viable website to file a FAFSA. (The school code for LCC is 001217.) Each student receiving Financial Aid is expected to enroll only in classes/courses that are needed to complete their education goal at LCC.

### **Eligibility Requirements**

1. Submit a Free Application for Federal Student Aid (FAFSA) to the U.S. Department of Education to establish eligibility.
2. Have demonstrated financial aid eligibility according to federal and state regulations.
3. Have a high school diploma or the equivalent. Students who do not have a high school diploma or the equivalent may not be eligible for federal financial aid, but may be eligible for state and locally funded aid programs.
4. Enroll in an eligible program to complete an associate degree or an eligible certificate program or transfer requirements. Most forms of financial aid are only available to students enrolled in an eligible program.
5. Declare a major and obtain an education plan as approved by a Lassen Community College counselor, which must be on file.
6. Most important!! Students must maintain satisfactory academic progress (SAP). Once a student's aid has been verified and awarded it is the student's responsibility to maintain SAP in order to keep their eligibility for Federal financial Aid.

### **Satisfactory Academic Progress (SAP)**

Lassen Community College complies with federal requirements to monitor financial aid recipients' SAP toward a declared and eligible educational objective of an associate degree, certificate or transfer to a baccalaureate degree granting institution. Students receiving financial aid are expected to maintain a cumulative grade point average of at least 2.0, and to successfully complete each course that they attempt .Also students are expected to complete their educational goal within a reasonable timeframe. Beginning July 1, 2012 the maximum lifetime eligibility to receive a PELL grant has decreased from 9 full time years to 6 full time years.

In accordance with Federal Student Aid regulations, SAP procedures measure each student's progress three unique ways qualitative, quantitative and incremental. Student's failure to maintain SAP will first result in a semester on warning, if the student fails to meet SAP the next semester the student will be placed on Financial Aid Suspension along with disqualification of receiving Federal Financial Aid previously awarded. LCC has an appeal process that exists for those students who have had extraordinary and unexpected circumstances which caused the failure to maintain SAP.

### **Estimated Cost of Attendance (COA)**

The table below is an estimate of the average annual cost of attendance (COA) at Lassen Community College. These are estimated and averaged costs as provided by the California Student Aid Commission with the exception of Fees and On Campus Housing, which are actual. The Student COA cannot be exceeded by the sum of all aid the student receives for the academic school year.

In State	Student Living With Parent		Student Living On Campus		Student Living Off Campus	
	Annual	Semester	Annual	Semester	Annual	Semester
Tuition and Fees (12 units/term @ \$46/unit & \$12.50/term)	\$1,130	\$565	\$1,130	\$565	\$1,130	\$565
Books & Supplies	\$1,126	\$563	\$1,126	\$563	\$1,126	\$563
Food	\$9,082	\$4,541	\$7,098	\$3,549	\$5,572	\$2,786
Housing	\$0	\$0	\$3,000	\$1,500	\$11,182	\$5,841
Transportation	\$1000	\$500	\$342	\$171	\$918	\$459
Personal	\$3,276	\$1,638	\$2,638	\$1,319	\$3,844	\$1,9222
<b>TOTAL COA</b>	<b><u>\$15,614</u></b>	<b><u>\$7,077</u></b>	<b><u>\$15,334</u></b>	<b><u>\$7,667</u></b>	<b><u>\$24272</u></b>	<b><u>\$12,136</u></b>
<b>Out of State</b>						
Tuition (\$270/unit)	\$6,480	\$3,240	\$6,800	\$3,240	\$6,480	\$3,240
<b>TOTAL COA Out of State</b>	<b><u>\$22,094</u></b>	<b><u>\$11,047</u></b>	<b><u>\$21,814</u></b>	<b><u>\$10,907</u></b>	<b><u>\$30,752</u></b>	<b><u>\$15,376</u></b>

\*Resident Tuition is \$46.00 per unit. Non-Resident Tuition is \$326.00 per unit (health & student fees included in total.)

Students enrolled at a less-than-half-time status for a term will be subject to adjustments to their COA budget and award eligibility.

### Enrollment Status

Eligibility for many types of aid is based on a student's enrollment status in the term. Types of aid that is prorated based on a students' enrollment status include Pell Grant, Osher Scholarship and Cal Grant. Full-time 12+ units 100%, 9-11.5 units 75%, 6-8.5 50%, and 6 or fewer units check with financial aid.

### Effects of Withdrawing, Dropping or Failing

For purpose of Financial Aid, every class/course attempted is counted towards you maximum lifetime eligibility usage; all drops, withdrawal, no-pass, and fail are calculated as zero points towards the students cumulative GPA. Federal financial aid recipients with no-show withdraw, or drop courses any time before completing more than 60% of the term are subject to repayment of some of the federal aid they received.

### Determination of Withdrawal

The date of withdrawal and no-show dates are based on the official records of the college in accordance with federal regulations. The federal repayment calculation is called R2T4 (Return to Title IV) and the amount the student must repay before receiving any more federal financial aid such as the Pell Grant, FSEOG, work-study and Stafford Loan, is based on a comparison of the amount the student actually received in federal aid to the length of time enrolled for the term.

### Repaying the Debt

You will be notified if you are required to repay a portion of your aid and will have 45 days to repay in full. If the amount owed is not repaid within those 45 days the debt will be referred to the U.S. Department of Education and you will not be eligible to receive any additional federal financial aid at any school until the amount due is repaid in full or satisfactory payment arrangements have been made with the U.S. Department of Education.

### Repeating Courses

Federal Student Aid regulations allow students to repeat a previous passed course once with an A,B,C,D, or P grade and have it included in the determination of their enrollment status for calculating Federal Student Aid.

### Types of Financial Aid Available

- **Federal Assistance Programs**

**Federal Pell Grant** is a federally funded entitlement aid program providing from \$600 to \$6,495 per school year to those students with demonstrated financial need as measured and determined by the FAFSA.

- **Federal Supplemental Educational Opportunity Grant (FSEOG)** is a federally funded aid program that provides assistance to students with exceptional financial need as measured and determined by the FAFSA. Limited funding

is available and is intended to supplement Pell Grant funding.

- **Bureau of Indian Affairs** provides grants to help eligible Native American students meet their college costs. To be eligible students must be at least one-fourth American Indian, Eskimo or Aleut as certified by a tribal group served by the Bureau of Indian Affairs (BIA). Students must apply for BIA Higher Education Grants through their tribal agency.
- **Federal Work Study** provides part-time employment to students with a demonstrated financial need as measured and determined by the FAFSA to help meet the cost of their education. Students must work to earn their award. Positions are available on and off campus. Students must be enrolled full-time and funding is limited.
- **Federal Direct Loans** are subsidized and unsubsidized federally guaranteed low interest rate student loans and are not based on credit history. Students must attend a pre-loan entrance interview workshop to understand their borrowing responsibilities. To apply a separate loan request must be completed.
- **Federal Direct Subsidized Loan** is a need-based student loan program designed to assist students with educational expenses while attending at least half-time in an eligible program of study. The interest is subsidized by the federal government as long as the student is enrolled at least half-time.
- **Federal Direct Unsubsidized Loan** can be need based or non-need based. The interest on this loan is not subsidized by the federal government and begins to accrue when it is funded. Students have the option of making interest payments or deferring the interest payment.

## State Assistance Programs

- **California College Promise Grant**

The California College Promise Grant is available to California residents attending California Community Colleges and waives the enrollment fee for eligible students. Students may be eligible in a number of ways including as a recipient of public assistance benefits, meeting income standards or by demonstrating at least \$1,104.00 of need as measured by the filing of a FAFSA.

Students must reapply each school year.

Those who qualify as an AB540 admission should submit a CA Dream Act application to determine their eligibility for the California College Promise Grant. The CA Dream act application is at [www.dream.csac.ca.gov](http://www.dream.csac.ca.gov)

SB 1456 Establishes the Student Success Act of 2012 and requires students qualifying for the BOG Fee Waiver meet specific academic progress requirements; maintain a cumulative GPA of 2.0 and completion of at least 50% of the coursework attempted.

- **Cal Grant B/C** - Cal Grant funding is a state aid program with additional details of each type available at [www.dream.csac.ca.gov](http://www.dream.csac.ca.gov). There are three types of Cal Grant awards that students may be eligible to receive.

- **Student Success Completion Grant (SSCG)**

The Student Success Completion Grant (SSCG) is a financial aid program for Cal Grant B and C recipients attending a California Community College full-time (12 units or more). On top of the Cal Grant B or C award paid at community colleges, the Student Success Completion Grant pays full-time Cal Grant B or C recipients a maximum of \$1,298 annually at \$649 per semester for eligible students who enroll and attend 12 through 14.99 units per term and a maximum of \$4,000 annually at \$2,000 per semester for eligible students who enroll and attend 15 units or more per term.

### Eligibility Criteria

- Must be a Cal Grant B or C recipient that received a full-time Cal Grant payment
- Must be enrolled full-time (12 units or more)
- Must be meeting Federal Satisfactory Academic Progress (SAP) standards
- Must have unmet need to receive the SSCG

The purpose of the SSCG grant is to provide students with additional financial aid to help offset the total cost of community college attendance, and to encourage full-time attendance and successful on-time completion.

**Extended Opportunity Programs & Services (EOP&S)** is a state program that provides special services and assistance to full-time eligible students who are California residents.

## Institutional Assistance Programs

### Scholarships

There are many scholarships available to assist you with the cost of education. Remember, scholarships are a form of gift aid and do not need to be repaid. You are encouraged to seek outside scholarships. Scholarship search websites like [www.fastweb.com](http://www.fastweb.com) can provide many resources.

LCC has an annual scholarship and awards night in May. Scholarship applications are available in the Financial Aid office usually the first week of March. All students are encouraged to pick up the scholarship packet and apply.

# Definition of College Terms

**Academic Probation** - A student may be placed on probation for failure to maintain a 2.0 G.P.A. or failure to complete sufficient number of units.

**Academic Progress** - Maintaining a 2.0 G.P.A. in at least twelve units each semester.

**Academic Renewal** - A petition to have previous Lassen Community College work (grades and credits) excluded from current grade point average, if that prior work is at least one year old.

**Academic Suspension** - A situation caused by low academic or progress performance, in which the suspended student cannot enroll without approval from the appropriate dean.

**Academic Year** - Fall and Spring semesters.

**Administrative Unit Outcomes (AUO)** - Administrative Unit Outcomes (AUOs) are based on what a "client" will experience, receive or understand as a result of the services provided by the unit. AUOs are also based on the specific contributions the unit makes to the effective operation of the college in supporting student learning.

**Associate Degree (A.A. or A.S.)** - A degree (Associate in Arts or Associate in Science) granted by a community college.

**Associate Degree for Transfer (A.A.-T or A.S.-T)** - A degree (Associate in Arts or Associate in Science) granted by a community college that guarantees admission to a CSU campus.

**Bachelor's Degree (B.A. or B.S.)** - A degree granted by a four-year college or university.

**Basic Skills Courses** - Courses in reading, writing, computation or English as a Second Language designed to prepare students to succeed in college level course work. Numbered 100-120 at Lassen Community College.

**Certificate of Accomplishment** - A Certificate of Accomplishment will be awarded for degree-applicable credit course work ranging from three (3) units to less than sixteen (16) units unless statutory or license requirements necessitate a higher unit value (appropriate statutory or license documentation must be attached). The course work must be within a specific educational program.

**Certificate of Achievement** - A Certificate of Achievement will be awarded for degree-applicable credit course work ranging from sixteen (16) units to forty-two (42) units. The course work must be within a specific educational program and approved to be offered at Lassen Community College by the Chancellor's Office of the California Community Colleges.

**Certificate of Competency (Noncredit)** - A noncredit Certificate of Competency will be awarded for a program or sequence of courses that result in the student demonstrating achievement of a set of competencies that prepare him/her to progress in a career path or to undertake degree-applicable or non-degree applicable credit courses. The certificate is in a recognized career field articulated with degree-applicable coursework, completion of an associate

degree or transfer to a baccalaureate institution.

**Certificate of Completion (Noncredit)** - A noncredit Certificate of Completion will be awarded for a program or sequence of courses that prepare a student to progress in a career path or to undertake degree-applicable or non-degree applicable credit courses. The certificate is designed to result in improved employability or job opportunities.

**Community Service Course** - A course where the student pays for the full cost of instruction. Community service courses are not applicable to degrees or certificates, nor do they appear on a student's transcript.

**Co-requisite** - A course which must be taken at the same time as another course.

**Course** - A particular portion of a subject selected for study. This is identified by a course number, for example, Psychology 1.

**Course Description** - Brief statement about the content of a particular course.

**Course Identification Numbering System (C-ID)** - number next to a course signals that participating California colleges and universities have determined that courses offered by other California community colleges are comparable in content and scope to courses offered on their own campuses.

**Credit** - Refers to the units earned by completing a class.

**Credit by Examination** - Course or unit credits granted for demonstrated proficiency in a given area as determined by an examination.

**Credit Course** - Courses that are applicable to degrees and certificates. Numbered 1 -99 at Lassen Community College.

**CSU** - California State University System.

**Education Plan** - A list of courses required to complete educational goal.

**Elective** - Courses which are not required for the major or general education but are acceptable for credit. An elective course may be in the student's major area of study or any department of a college.

**Federal Work Study (FWS)** - A program of federal aid, which provides funds for student jobs.

**Full-time Student** - A student taking twelve or more units in the Fall or Spring semester, or six or more units in the summer semester.

**General Education Requirements** - Courses covering the broad area of thought and experience common to every person. The general education requirements for the Associate Degree and Transfer Degree may differ.

**Good Standing** - Indicates that a student's grade point average in the previous semester and cumulative grade point average is 'C' (2.0 G.P.A.) or better.

**Grade Point Average** - Grade point average (G.P.A.) indicates an overall level of academic achievement.

**Hour** - Same as credit, same as unit. (See Credit)

**IGETC** - The Intersegmental General Education Transfer

Curriculum permits a student to transfer from Lassen to a campus in either the California State University or some campuses of the University of California system without the need to take additional lower-division, general education courses to satisfy General Education requirements.

**Lower Division/Upper Division** - Lower Division are courses taken at the freshman and sophomore level and may be taken at a community college. Upper Division courses are taken at four-year institutions and may not be taken at the community college level.

**Major** - An organized program of courses leading to an Associate Degree, Occupational Certificate or Bachelor's Degree.

**Matriculation** - A process which brings a college and a student who enrolls for credit into an agreement for the purpose of realizing the student's educational objective.

**Methods of Instructional Delivery** - ways in which an instructor delivers course material and interacts with a student.

- **Traditional Classroom Delivery:** Instructor and student meet face to face in a classroom setting. Class format may vary to include lecture, lab, discussion or small group work.
- **Correspondence Delivery:** Instructor and student interact via mail or email. Packets of instructional material are sent to students to be completed and returned.
- **Hybrid Course** – A course in which some portion of the hours scheduled for traditional face to face delivery of instruction is replaced by online delivery. Exams and summative assessments must be administered during scheduled face-to-face hours. Access to a computer with internet access is required. [Requires separate Curriculum/Academic Standards Committee approval].
- **Online Delivery:** Instructor and student interact and deliver/receive instructional material online via email or course delivery software. Access to a computer with internet access is required
- **Online Course:** 100% of instruction delivered online, may include face to face proctored exams and instructor contact (for attendance accounting purposes more than 51% of course delivered by online instruction is considered online). [Requires separate Curriculum/Academic Standards Committee approval.]
- **Web-Enhanced Course** - A course in which additional information and resources may be made available to students online, and students may be required to do research and complete and/or submit assignments online. Quizzes may be administered online, but exams and summative assessments must be administered face-to-face. Access to a computer with internet access is

required. [Requires separate Curriculum/Academic Standards Committee approval.]

**Noncredit Courses** - These courses are not applicable to degrees or certificates and are non-transferable. They are numbered 150-189 at Lassen Community College.

**OER**- Open Educational Resource textbook indicates course uses digital course textbook that is free of charge to students.

**Open Entry/Open Exit** - Courses that may be added to a program of study throughout the semester; and may be completed upon fulfillment of course requirements at any time during the semester.

**Pass/No Pass** - A grading system by which units of credit, where credit indicated is a least a 'C' level, may be earned but no letter grade is assigned. Such units are not used in computing the grade point average.

**Prerequisite** - A course that a student must complete prior to enrollment in a higher level course.

**Recommended Preparation** - A course that a student is encouraged to complete prior to enrollment in a particular course to enhance academic success.

**Student Learning Outcome (SLO)** - Student Learning Outcomes refer to overarching specific observable characteristics developed by local faculty that allow them to determine or demonstrate evidence that learning has occurred as a result of a specific course, program, activity or process.

**Transcript** - A list of all credit courses taken at a college or university showing the final grade received for each course.

**Transfer** - Changing from one college to another.

**Transferable Course** - A course acceptable for credit at another institution.

**Units** - The measure of college credit given a course, usually on the basis of one unit for each lecture hour per week; or one unit for two to three laboratory hours per week.

**Units Attempted** - (UA) Total number of units in the courses for which a student has enrolled and received an A, B, C, D, F, W, Pass/No Pass.

**Units Completed** - (UC) Total number of units in the courses for which a student has received a grade of A, B, C, D, F or Pass/ No Pass.

**U.C. or UC** - The University of California System.

**Variable Units** - The range of units that may be earned in a given course.

**Withdrawal** - Dropping all classes.

# **Lassen College Career Pathways**

For additional Career information please reach out to our Career/Transfer Center at  
[lcccareertransfer@lassencollege.edu](mailto:lcccareertransfer@lassencollege.edu).

## **Agricultural Studies**

The Agricultural Studies Career Pathway will teach you effective animal husbandry skills, how to analyze the agricultural business market, and ranch management. This pathway prepares students to enter the workforce or to continue their education at a four year university. Certificates and nontransferable degrees would lead you to employment in occupations such as a landscaper, farm worker, artificial insemination (AI) of cattle, farm accountant, livestock feed sales, or park maintenance operator. Completing the transferrable degrees could lead to the following careers: agricultural sales/marketing, animal nutritionist, agricultural teacher, soil conservationist, veterinarians, or plant/animal geneticist.

<b>TRANSFER DEGREES (AA &amp; AS) 60 Units</b>	<b>NON-TRANSFER DEGREES (AA &amp; AS) 60 Units</b>	<b>CERTIFICATES OF ACHEIVEMENT (CA) 16-42 Units</b>	<b>CERTIFICATES OF ACCOMPLISHMENT (COA) 3-15 Units</b>
<ul style="list-style-type: none"> <li>• Agriculture Animal Science AS-T</li> <li>• Agriculture Business AS-T</li> <li>• University Studies Agriculture Science AA</li> </ul>	<ul style="list-style-type: none"> <li>• Agriculture Science &amp; Technology AS</li> </ul>	<ul style="list-style-type: none"> <li>• Agriculture Science &amp; Technology CA</li> </ul>	<ul style="list-style-type: none"> <li>• Animal Science COA</li> <li>• Agriculture Business COA</li> <li>• Horsemanship COA</li> <li>• Agriculture Irrigation COA</li> </ul>

## **Arts & Humanities**

The Arts and Humanities Career Pathway will explore literary traditions, media studies, and the importance of the historical perspective. The Art/Humanities Career Pathways prepares students to transfer to a four year university and achieve their Bachelor of Arts degree. Earning a Bachelor's degree in this pathway could lead to a career as a writer, teacher, museum curator, artist, or gallery director.

<b>TRANSFER DEGREES (AA &amp; AS) 60 Units</b>	<b>NON-TRANSFER DEGREES (AA &amp; AS) 60 Units</b>	<b>CERTIFICATES OF ACHEIVEMENT (CA) 16-42 Units</b>	<b>CERTIFICATES OF ACCOMPLISHMENT (COA) 3-15 Units</b>

### Business

If you choose the Business Career Pathway, you will explore careers opportunities such as accounting, finance, management, leadership, human resource management, and economic concepts. This pathway will prepare students to enter the workforce or continue their education at a four year university. Examples of careers f in this area may include data entry/word processing, Information Technician (IT) specialist, Database administrator, help desk technician, bookkeeper, administrative assistant, and frontline management Those earning a four year degree may find themselves working as a general manager, accountant, business owner, marketing manager, or data analyst/statistician.

<b>TRANSFER DEGREES (AA &amp; AS) 60 Units</b>	<b>NON-TRANSFER DEGREES (AA &amp; AS) 60 Units</b>	<b>CERTIFICATES OF ACHEIVEMENT (CA) 16-42 Units</b>	<b>CERTIFICATES OF ACCOMPLISHMENT (COA) 3-15 Units</b>	<b>Non Credit Certificates of Completion (COC)</b>

### Social Sciences & Education

This pathway will focus on understanding human beings, social problems, human diversity, and influences on development. Social Science and Education Career Pathway will prepare students to enter the workforce or continue their education at a four year university. Immediate workforce opportunities could include working as a child care site supervisor, classroom aide, or human services paraprofessional. If you decide to transfer to a four year university you could earn employment as a social worker, primary/secondary teacher, sociologist researcher, or college counselor.

### Graduation:

Graduation is a time to celebrate achieving your academic accomplishment. Lassen College holds one graduation at the close of the spring term. Please submit your Petition to Graduate Form, found in your portal under forms, to the Counseling Office on or before the 10<sup>th</sup> week of the semester of graduation. This form must be submitted in order to participate in graduation and to receive your diploma. Nursing graduation is a separate, additional event for the nursing students. Please contact the nursing department for date and time.

### Transfer:

If you are a student interesting in transferring to a four year institution please reach out to your counselor. It is critical to create an educational plan in order to adequately prepare to the institution of your choice. The Career/Transfer Center can assist you with career, program, and university exploration. A College/Career fair is hosts the annual event to help you explore a variety of opportunities on your journey.

Application assistance is provided as many institutions require you to apply 10 months before you intend to transfer. Please reach out to our Career/Transfer Center at [lcctransfer@lassencollege.edu](mailto:lcctransfer@lassencollege.edu).

# Degrees and Certificates

## Philosophy and Criteria for Associate Degree & General Education

Courses that are designated to fulfill the general education and depth requirements shall meet the following philosophy. Lassen Community College offers a breadth of courses that are intended to prepare students to think and communicate clearly and effectively; to use mathematics; to understand the roles of inquiry in the major disciplines; to be aware of other cultures and times; to achieve insights gained through experience in thinking about ethical problems; and to develop the capacity for self-understanding. These courses will give students sufficient depth in a field of knowledge to contribute to lifetime interests as well as give the student the tools to navigate through complex life experiences. General education, included in the Associate Degree, is designed to introduce students to a variety of means to comprehend the modern world. This experience will assist students in their evaluation and appreciation of the physical environment, the culture, and the society in which they live. The criteria used to determine inclusion in the Associate Degree and General Education offerings includes those classes that foster understanding and evaluation of the natural sciences; social and behavioral sciences; humanities; language and rationality, including English composition and communication and analytical thinking; and physical health and activities. Lassen Community College programs are consistent with the institutional mission, purposes, demographics, and economics of the community it serves. (AP4025 Title V section 55061)

## Associate Degree Requirements

Either an Associate in Arts or Associate in Science Degree shall be conferred upon those who satisfy all of the following requirements (Title V 51620-51626):

- Completion of at least sixty (60) units of courses (numbered 1 – 99) used toward the degree, 12 of which must be completed 'in residence' at Lassen Community College.
- Completion of a minimum of eighteen (18) units in a major or discipline as outlined in the college catalog.
- A minimum grade of 'P' (Pass) or 'C' is required in each core course toward a degree or certificate of achievement with an overall 2.0 grade point average required in all course work. Please see the general education areas and courses that are applicable for the associate degree.
- Completion of eighteen semester units of general education is required to give breadth. Students must complete one course from each of the following areas for a total of eighteen units:
  - Natural Science (3 Units)
  - Social and Behavioral Sciences (3 Units)
  - Humanities (3 Units)
  - Language and Rationality
    - English Composition (3 Units)
    - Communication and Analytical Thinking (3 Units)
  - Health and Physical Activities (3 Units)
- Mathematics Competency Requirement:** In order to obtain the Associate Degree from Lassen Community College, a student

must meet the math competency requirement. This requirement may be satisfied by either:

A 'C' or better in any three to five unit mathematics course at or above the Math 60 level from an accredited college or university. Or Score 3 or higher on the AP Calculus or Statistics exam.

6. **Reading Competency Requirement:** In order to obtain an Associate Degree from Lassen Community College, a student must meet the reading competency requirement. This requirement may be satisfied by:
  - A. A "C" or better in a transfer level composition course (ENGL-1); or higher or equivalent from an accredited college or university
  - B. Score 3 or higher on the AP Language and Composition or AP Composition and Literature exam; or
  - C. Possess an AA or AS degree.
7. **Writing Competency Requirement:** In order to obtain the Associate Degree from Lassen Community College, a student must meet the writing competency requirement. This requirement may be satisfied by completion of English 1 or a higher level course, with a 'C' or better or the equivalent from an accredited college or university.
8. **Remedial Courses:** Courses numbered 100-109 do not count toward an Associate Degree.
9. **Applying for Your Degree/Certificate:** You must apply (petition to graduate) for your degree or certificate in the Counseling Office approximately Forms are due Oct 15 for December graduation and March 15 for May or August graduation. Forms can be found in your portal or on our website.

## Associate Degrees for Transfer

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California Community College. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete a minimum of 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 semester units after transfer to earn a bachelor's degree (unless the major is a designated "high unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system.

Students should consult with an academic counselor when planning to complete the degree for more information on university admission and transfer requirements.

The following are required for all AA-T and AS-T degrees:

1. Completion of a minimum of 60 CSU-transferable semester units.
2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. (While a minimum of 2.0 is required for admission, some majors may require a higher GPA. Please consult with an academic counselor for more information.)
3. Completion of a minimum of 18 semester units with a "C" or better (or a "P" if the course is taken on a "pass-no pass basis") in all courses required as a part of an AA-T or AS-T major as identified by the college catalog. (Title 5 § 55063)
4. Certified completion of the California State University General Education-Breadth pattern (CSU GE Breadth) OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern general education requirements (37-39 units).

## Course Identification Numbering System (C-ID)

The Course Identification Numbering System (C-ID) is a statewide numbering system independent from the course numbers assigned by local California community colleges. A C-ID number next to a course signals that participating California colleges and universities have determined that courses offered by other California community colleges are comparable in content and scope to courses offered on their own campuses, regardless of their unique titles or local course number. Thus, if a schedule of classes or catalog lists a course bearing a C-ID number, for example COMM 110, students at that college can be assured that it will be accepted in lieu of a course bearing the C-ID COMM 110 designation at another community college. In other words, the C-ID designation can be used to identify comparable courses at different community colleges. However, students should always go to [www.assist.org](http://www.assist.org) to confirm how each college's course will be accepted at a particular four-year college or university for transfer credit.

The C-ID numbering system is useful for students attending more than one California community college and is applied to many of the transferable courses students need as preparation for transfer. Because these course requirements may change and because courses may be modified and qualified for or deleted from the C-ID database, students should always check with a counselor to determine how C-ID designated courses fit into their educational plans for transfer.

## Credit Certificates

### Certificate of Accomplishment

A Certificate of Accomplishment will be awarded for degree-applicable credit course work ranging from 3 units to 15.5 units unless statutory or license requirements necessitate a higher unit value (appropriate statutory or license documentation must be attached). The course work must be within a specific educational program. Does not have to be approved by the Chancellor's Office.

## **Certificate of Achievement**

A Certificate of Achievement will be awarded for degree-applicable credit course work ranging from 16 units to 42 units. The course work must be within a specific educational program and approved to be offered at Lassen Community College by the Chancellor's Office. 8-15.5 units can be considered a certificate of Achievement if approved by the Chancellor's Office.

## **Noncredit Certificates**

### **Noncredit Certificate of Completion**

A noncredit Certificate of Completion will be awarded for a program or sequence of courses that prepare a student to progress in a career path or to undertake degree-applicable or non-degree applicable credit courses. The certificate is designed to result in improved employability or job opportunities.

### **Noncredit Certificate of Competency**

A noncredit Certificate of Competency will be awarded for a program or sequence of courses that result in the student demonstrating achievement of a set of competencies that prepare him/her to progress in a career path or to undertake degree-applicable or non-degree applicable credit courses. The certificate is in a recognized career field articulated with degree-applicable coursework, completion of an associate degree or transfer to a baccalaureate institution.

## **General Education Student Learning Outcomes for Associate Degrees**

Upon completion of this certification the student will be able to:

1. Understand and apply methods of inquiry for a variety of disciplines including the scientific method for scientific inquiry and appropriate methods for social and behavior science inquiries.
2. Explain and analyze relationships between science and other human activities.
3. Apply knowledge of the ways people act and have acted in response to their societies to express an appreciation for how diverse societies and social subgroups operate to understand social dynamics within historical and contemporary communities.
4. Understand ways in which people throughout the ages and in Western and non-Western cultures have responded to themselves and the world around them in artistic and cultural creation; apply this knowledge to make value judgments on cultural activities and artistic expressions and demonstrate an understanding of the interrelationship between the creative arts, the humanities and self.
5. Engage in verbal communication by participating in discussions, debates, and oral presentations utilizing proper rhetorical perspective, reasoning and advocacy, organization, accuracy, and the discovery, critical evaluation and reporting of information.
6. Compose effective written communications and essays with correct grammar, spelling, punctuation and appropriate language, style and format utilizing academically accepted means of researching, evaluating and documenting sources within written works.
7. Analyze, evaluate and explain theories, concepts and skills within varied disciplines using inductive and deductive processes and quantitative reasoning and application.
8. Demonstrate appreciation of themselves as living organism through their choices for physical health, activities, stress management, relationships to the social and physical environment, and responsible decision-making.

# Administration of Justice

## DEGREES

Associate in Science in Administration of Justice for Transfer  
Associate in Arts in Administration of Justice

## CERTIFICATE OF ACHIEVEMENT

Administration of Justice

## CERTIFICATE OF ACCOMPLISHMENT

Administration of Justice

Many career opportunities are open to students who complete the Administration of Justice Program, which is designed to prepare students for employment following graduation or for transfer to a California State University offering an upper division major in Administration of Justice. Curriculum covers prevention, discovery, control and treatment of crimes and criminals, evidence collection, criminal law, community relations and other elements of the profession. Professionally rewarding jobs are available in local, state and federal law enforcement. The program is updated with the assistance of an advisory committee consisting of law enforcement and correctional science professionals.

As an Administration of Justice major, you will:

- Study the history, philosophy and theories of crime; the structure of the criminal justice, courts and correctional systems; elements of community relations and current careers.
- Develop skills in criminal investigations and prosecution, community relations and communication.
- Identify an area of specialization in the administration of justice field.

## Career Options

Police Officer  
Sheriff's Deputy  
Court Personnel  
Parole Agent  
Probation Officer  
Correctional Officer  
Juvenile Services  
Detention Personnel  
Community Relations Officer

*Internships in Administration of Justice may be available for students interested in Work Experience opportunities*

## Career Preparation

The Associates in Science Degree in Administration of Justice for Transfer prepares the student for transfer to a California State University.

The Associates in Arts Degree and Certificate of Achievement in Administration of Justice are designed to prepare students for local employment upon graduation.

## Program Highlights

Lassen Community College offers its Administration of Justice Degrees by way of traditional classroom study or by correspondence delivery.

Associate Degree and Certificate of Achievement in Administration of Justice can be completed within two (2) years.

Some positions however require a four-year degree for which Lassen Community College's program is a good base for transfer.

### Note to Transfer Students:

The benefit for students completing the AS-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. "CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted."

## Associate in Science in Administration of Justice for Transfer

**Total units for the Associate in Science Degree with a minimum grade point average of 2.0: 60 units**

**Required Core Courses minimum grade of 2.0: 18 Units**

**Complete the following 6 Units:**

Course No	Course Title	Units
AJ 12	Introduction to Criminal Justice	3.0
AJ 20	Criminal Law	3.0
<b>Select 6 additional Units from the following:</b>		
AJ 5	Introduction to Forensics	3.0
AJ 8	Criminal Court Process	3.0
AJ 9	Introduction to Correctional Science	3.0
AJ 14	Juvenile Procedures	3.0
AJ 23	Criminal Evidence	3.0

AJ 24	Community Relations	3.0
AJ-35	Investigative Techniques	3.0
<b>Select 6 additional Units from the following:</b>		
MATH 40	Elementary Statistics	3.0
PSY 1	Introduction to Psychology	3.0
SOC 1	Introduction to Sociology	3.0

### Completion of either the CSU General Education or IGETC Option

Remaining Units to Total 60 Units may be selected from electives. Courses must be numbered 1 – 49

-----  
**Program Student Learning Outcomes**

Upon completion of the **Associate in Science Degree in Administration of Justice for Transfer**, the student will be able to:

1. Demonstrate an understanding of the workings of the criminal justice system by applying definitions, concepts, and principles to law enforcement, corrections and the courts.
  2. Apply critical thinking to research, evaluate, analyze and synthesize the appropriate procedures for the collection of evidence and data in criminal case preparation for law enforcement agencies.
  3. Develop, organize and write an objective report that meets the legal and detailed requirements of law enforcement agencies.
- .....

**Associate in Arts Degree in Administration of Justice**

**Total Units for the Associate in Arts Degree: 60 Units**

**Total Core Units: 27 units**

**Required Core Courses: 18 Units**

Course No	Course Title	Units	AJ 16	Supervision in Law Enforcement	3.0
AJ 9	Introduction to Correctional Science	3.0	AJ 35	Investigative Techniques	3.0
AJ 12	Introduction to Criminal Justice	3.0	AJ 49	Administration of Justice Work Experience	1.0-8.0
AJ 14	Juvenile Procedures	3.0			
AJ 20	Criminal Law	3.0	AJ 52A	Arrest Methods and Procedures	2.5
AJ 23	Criminal Evidence	3.0	AJ 52B	Firearms P.C. 832	0.5
AJ 24	Community Relations	3.0			

**Required Electives: 9 Units**

AJ 5	Introduction to Forensics	3.0
AJ 8	Criminal Court Process	3.0
AJ 10	Criminology	3.0
AJ 11	Youth Gangs in America	3.0

**Electives: 15 Units** (The student may select from any courses numbered 1-99 to satisfy this requirement.)

**General Education Requirements: 18 Units**

.....  
**Certificate of Achievement: Administration of Justice**

**Total Units for the Certificate of Achievement: 27 Units**

**Required Core Courses: 18 Units**

Course No	Course Title	Units	AJ 8	Criminal Court Process	3.0

AJ 8	Criminal Court Process	3.0	AJ 24	Community Relations	3.0
AJ 9	Intro to Correctional Science	3.0	AJ 49	Work Experience	3.0
AJ 12	Intro to Criminal Justice	3.0			

**Program Student Learning Outcomes**

Upon completion of the **Associate in Arts Degree** or the **Certificate of Achievement in Administration of Justice** the student will be able to:

1. Demonstrate an understanding of the workings of the criminal justice system by applying definitions, concepts, and principles to law enforcement, corrections and the courts.
2. Apply critical thinking to research, evaluate, analyze and synthesize the appropriate procedures for the collection of evidence and data in criminal case preparation for law enforcement agencies.
3. Develop, organize and write an objective report that meets the legal and detailed requirements of law enforcement agencies.
4. Be academically prepared to obtain an entry-level or midlevel position within the Criminal Justice System.

# Agriculture

## DEGREES

Associate in Science in Agriculture Animal Science for Transfer  
Associate in Science in Agriculture Business for Transfer  
Associate in Arts University Studies:  
Emphasis in Agriculture Sciences  
Associate in Science in Agriculture Science and Technology

## CERTIFICATE OF ACHIEVEMENT

Agriculture Science and Technology

## CERTIFICATES OF ACCOMPLISHMENT

Agriculture Business  
Animal Science  
Horsemanship  
Agriculture Irrigation

Agriculture is a vital component of our local, state, and national economies and offers many exciting employment opportunities. LCC's Agriculture program offers courses of study for students interested in completing an associate degree or certificates and students interested in transferring to a California State University. The curricula are updated with the assistance of an industry advisory committee.

### Agriculture Animal Science for Transfer

The Associate in Science in Agriculture in Animal Science for Transfer degree is designed to provide students with the common core of lower division courses required by most universities to transfer and pursue a baccalaureate degree in agriculture or animal science. Students completing the 60 units required for the degree are guaranteed transfer to an Agriculture Science, Animal Science, or Agriculture Studies program at a California State University, where only 60 more units will be required for a baccalaureate degree.

### Agriculture Business for Transfer

The Associate in Science in Agriculture Business for Transfer degree is designed to provide students with the common core of lower division courses required by most universities to transfer and pursue a baccalaureate degree in agriculture business or agriculture studies. Students completing the 60 units required for the degree are guaranteed transfer to an Agriculture Business, Agriculture Studies, Agribusiness, Ag Business or Food Industry Management program at a California State University, where only 60 more units will be required for a baccalaureate degree.

### Agriculture Sciences

The Associate in Arts University Studies: Emphasis in Agriculture Science provides students with an opportunity to build a broad foundation of knowledge and skills in core agriculture areas including plants, soils, and livestock designed to enhance their vocational future in a constantly changing society. It can also provide transfer opportunities for those seeking an advanced degree.

### Agriculture Science and Technology

The Associate in Science in Agriculture Science and Technology degree provides a broad set of courses to prepare students for employment in the field of agriculture.

### The Agriculture Irrigation

The Agriculture Irrigation Certificate of Accomplishment will prepare students with the knowledge and hands-on experience to operate and maintain selected irrigation systems.

As an Agriculture major, you will:

- Study an agriculture curriculum including: agriculture business, plant science and animal science.
- Identify the agricultural career you are most interested in and build a course of study to better qualify you for a profession.

## Career Options

Management  
Supervision  
Government  
Marketing  
Distribution  
Sales and Service  
Nursery Management and  
Operations Park Maintenance  
Landscape Design  
Teaching  
Contracting & Maintenance  
Fertilizer & Insecticide  
Application  
Retail/Wholesale  
Estimator

Some positions however require a four-year degree for which Lassen Community College's program is a good base for transfer.

## Program Highlights

- Lassen has A.I./Embryo Transfer classes which train students to be an A.I./Embryo Technician.
- The Agriculture Department sponsors a rodeo team that competes against other schools from California and Nevada in the National Intercollegiate Rodeo Association.
- An 336 sq. ft. All-Season Greenhouse
- One program designed to provide the student with a very specific set of skills in areas such as general agriculture, animal science and plant science
- Depending on the selected course of study, a student will be provided with the skills to acquire an entry-level position in the industry.

**Note to Transfer Students:**

The benefit for students completing the AS-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. "CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted."

**Associate in Arts Degree University Studies:  
Emphasis in Agriculture Sciences**

**Total Units for the Associate in Arts Degree: 60 Units**

**Required Core Courses: 18 Units**

Select 18 units from the following:

Course No	Course Title	Units	AGR 40	Basic Agricultural Mechanics	3.0
AGR 1	Agricultural Accounting	3.0	AGR 41	Farm Tractors and Farm Power	3.0
AGR 2	Agricultural Economics	3.0	<b>Completion of either the CSU General Education or IGETC Option</b>		
AGR 10	Introduction to Animal Science	3.0	Remaining Units to Total 60 Units may be selected from		
AGR 13	Feeds and Feeding	3.0	electives. Courses must be numbered 1 – 49.		
AGR 20	Introduction to Plant Science	4.0			

**Program Student Learning Outcomes**

Upon completion of the **Associate in Arts Degree University Studies: Emphasis in Agriculture Sciences**, the student will be able to:

1. Demonstrate effective animal husbandry skills, analyze the current market in order to sell the crop or animal at a premium and report the profit or loss, in a ranching situation.
2. Apply effective business, sales and marketing skills when presented with an agribusiness situation.
3. Demonstrate an understanding of the basic methodologies of science.

**Associate in Science Degree: Agriculture Business for Transfer**

**Total units for the Associate in Science Degree with a minimum grade point average of 2.0: 60 units**

**Total Core Units minimum grade 2.0: 21-24 Units**

**Required Core Units: 12-14**

Course No	Course Title	Units	<b>Required Electives: 9-10 Units</b>		
AGR 19	Soil Science <b>OR</b>	3.0	AGR 1	Agricultural Accounting	3.0
CHEM 1A	General Chemistry I	5.0	AGR 3	Intro to Agricultural Business	3.0
AGR 2	Agricultural Economics	3.0	AGR 10	Intro to Animal Science <b>OR</b>	3.0
MATH 40	Elementary Statistics	3.0	AGR 20	Intro to Plant Science	4.0
ECON 10	Macro-Economics	3.0			

**Completion of either the CSU General Education or IGETC Option**

Remaining Units to total 60 Units may be selected from courses numbered 1-49

**Certificate of Accomplishment: Agriculture Business**

**Total Units for the Certificate of Accomplishment–Agriculture Business: 11 Units**

**Required Core Courses: 11 Units**

Course No	Course Title	Units	AGR 3	Introduction to Agriculture Business	3.0
AGR 1	Agricultural Accounting	3.0	CA 31	Computer Applications I	2.0
AGR 2	Agricultural Economics	3.0			

**Program Student Learning Outcomes**

Upon completion of the **Associate in Science Degree in Agriculture Business for Transfer** or the **Certificate of Accomplishment in Agriculture Business**, the student will be able to:

1. Analyze and make business decisions based on a business model.
2. Make business decisions using supply and demand.
3. Effectively and efficiently use computer programs, including Word and Excel.
4. Demonstrate an understanding of accrual accounting.

.....  
**Associate in Science Degree: Agriculture Animal Science for Transfer**

**Total units for the Associate in Science Degree with a minimum grade point average of 2.0: 60 units**

**Total Core Units minimum grade 2.0: 20 Units**

AGR 10	Intro to Animal Science	3.0
CHEM 1A	General Chemistry I	5.0
MATH 40	Elementary Statistics	3.0

**Required Electives: 6 Units one course from each area:**

**Area 1: Animal Production**

AGR 11	Beef Cattle Production	3.0
AGR 14	Equine Science	3.0

**Area 2: Animal Health**

AGR 12	Animal Health and Sanitation	3.0
AGR 13	Feeds and Feeding	3.0

**Completion of either the CSU General Education or IGETC option**

Remaining Units to total 60 Units may be selected from courses numbered 1-49

.....  
**Certificate of Accomplishment: Animal Science**

**Total Units for the Certificate of Accomplishment:**

**Animal Science: 15 Units**

Course No	Course Title	Units
AGR 8	Introduction to Animal Production	3.0
AGR 10	Introduction to Animal Science	3.0
AGR 11	Beef Cattle Production	3.0

AGR 12	Animal Health and Disease	3.0
AGR 13	Feeds and Feeding	3.0

-----  
**Program Student Learning Outcomes**

Upon completion of the **Associate in Science Degree in Animal Science and Certificate of Accomplishment in Agricultural Animal Science**, the student will be able to:

1. Evaluate common management practices for farm animal health and reproduction.
2. Evaluate a genetic data sheet and rank the animals for a given scenario.
3. Plan a ranch management calendar for major animal species.
4. Plan a breeding program to maximize maternal heterosis.
5. Balance a ration using least cost principles.
6. Evaluate an animal production operation evaluating all production practices.

.....

AGR 50	Basic Riding	2.0			

-----  
**Program Student Learning Outcomes**

Upon completion of the **Certificate of Accomplishment in Horsemanship**, the student will be able to:

1. Analyze pedigrees, evaluate horses for correct structure and balance, and select the most complete horse for the required task and design appropriate training program.
2. Demonstrate comprehension of correct procedures for horses and apply those practices in order to produce a well-trained horse in the Western or English disciplines.

-----  
**Certificate of Accomplishment: Agriculture Irrigation**

**Total Units for the Certificate of Accomplishment–Agriculture Irrigation: 11 Units**

**Required Core Courses: 11 Units**

Course No	Course Title	Units			
AGR 19	Introduction to Soil Science	3.0	AGR 42	Farm Surveying, Irrigation and Drainage	3.0
AGR 20	Introduction to Plant Science	4.0	AGR 49	Agricultural Work Experience	1.0

-----  
**Program Student Learning Outcomes**

Upon completion of the **Certificate of Accomplishment in Agriculture Irrigation** the student will be able to:

1. Analyze and make recommendation to improve the soil and positively impact the successful propagation of Plants.
2. Students will be able to implement at least two different irrigation systems.
3. Explain water movement in soil and understand water holding capacity.

# Allied Health

## DEGREES

Emphasis in Allied Health

Associate in Arts Degree University Studies:

### AA Degree University Studies: Emphasis in Allied Health

The emphasis in Allied Health is designed to provide the lower division major courses to transfer to a university and earn a Bachelor's degree in a health or medical field. Students must meet with a counselor to ensure completion required coursework for chosen major and specific college/university.

As an Allied Health major, you will:

- Complete prerequisite courses for degrees in nursing, health care, occupational health and safety, or health care related fields.
- Explore a variety of science and general education courses.

### Career Options

Community Health Educator  
Family Planning Educator  
Environmental Health Specialist  
Health Program Coordinator  
Physician's Assistant  
Physical Therapist  
Public Health Educator  
Registered Nurse

### Program Highlights

- Prerequisite courses for Registered Nursing (RN) upgrade programs
- Small class size
- Hands-on activities
- Associate Degree and Certificate of Achievement in Nursing and Allied Health can be completed within two (2) years.

### Note to Transfer Students:

If you are interested in transferring to a four-year college or university to pursue a bachelor's degree in this major, it is critical that you meet with a counselor to select and plan the courses for your major. Schools vary widely in terms of the required preparation. The courses that Lassen Community College require for an associate degree in this major may be different from the requirements needed for the bachelor's degree.

## Associate in Arts Degree University Studies: Emphasis in Allied Health

**Total Units for the Associate in Arts Degree: 60 Units**

**Required Core Courses: 20 Units**

Course No	Course Title	Units			
BIOL 20	Microbiology	5.0	ANTH 2	Cultural Anthropology	3.0
BIOL 25	Human Anatomy and Physiology I	4.0	CD/PSY 31	Child Development: Conception Through Adolescence	3.0
BIOL 26	Human Anatomy and Physiology II	4.0	HLTH 25	Understanding Nutrition	3.0
CHEM 8	Introduction to Organic and Biochemistry	4.0	SOC 1	Introduction to Sociology	3.0
PSY 1	Introduction to Psychology	3.0			

*The following courses are generally required for health and medical degrees at four year colleges and universities. Please discuss with your counselor whether you need these and how they will fit into your General Education coursework:*

### Completion of either the CSU General Education or IGETC Option

Remaining Units to total 60 Units may be selected from courses numbered 1-49

### Program Student Learning Outcomes

Upon completion of the **Associate in Arts Degree University Studies: Emphasis in Allied Health**, the student will be able to:

1. Analyze information available regarding risk factors to a healthy lifestyle as well as behaviors that promote a healthy lifestyle; understand the impact of positive and negative factors on one's own health; and make lifestyle choices and changes to best promote a wellness balance for one's own life.
2. Relate the structures and functions of the various body systems in a human organism to the metabolic activities of a single selected body cell.
3. Analyze and relate the appropriate identification techniques to be utilized in the diagnosis of a potential life threatening infection.
4. Demonstrate an understanding of the basic methodologies of science.

# Art

## DEGREE

Associate in Arts in Studio Art for Transfer

The Associate in Arts Degree in Art History for Transfer and the Associate in Arts Degree in Studio Art for Transfer are designed to provide students with strong foundations for the study of art history and studio art in order to transfer to a California State University.

Lassen's art curriculum offers introductory and intermediate level courses in painting, watercolor, computer art, drawing, sculpture, ceramics, printmaking and design, as well as courses in art appreciation and art history. Through the program's art theory and art practice classes, students develop an awareness and understanding of the materials, tools, rationale and significance of art in society.

The art curriculum's critical thinking and technical skills components encourage students to utilize independent thought processes and problem solving. This program provides transfer and employment opportunities as well as personal enrichment for students.

As an Art major, you will:

- Study a general visual arts curriculum that includes traditional course in drawing, painting, ceramics, photography, design, and art history, as well as digital imaging, courses using the latest software.
- Develop the techniques and skills necessary to begin to achieve your goals in the visual arts.
- Identify possible career courses and individual styles that suit your aims.

### Career Options

Painter  
Sculptor  
Ceramist  
Art Instructor  
Illustrator  
Printmaker  
Computer Publishing Specialist  
Graphic Designer  
Gallery Director  
Graphic Artist  
Computer Artist

- An excellent full service facility, including studios for ceramics, traditional photography and jewelry design.
- Experience instructors who continued to create their own work, sharing their passion with you.
- Small class sizes that allow personal dialog with instructors.
- The subtle beauty of the Great Basin for inspiration.
- Work experience positions are available for students to broaden their studies.

Some positions however require a four-year degree for which Lassen Community College's program is a good base for transfer.

Associate Degree in Art can be completed within two (2) years

*Internships in Art may be available for students interested in Work Experience opportunities.*

### Program Highlights

#### Note to Transfer Students:

The benefit for students completing the AA-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. "CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted."

## Associate in Arts in Studio Arts for Transfer

**Total units for the Associate in Arts Degree with a minimum grade point average of 2.0: 60 units**

**Required Core Courses minimum grade 2.0: 24 Units**

**Complete the following 12 units:**

Course No	Course Title	Units			
ART 1A	Two-Dimensional Design	3.0	ART 10A	Beginning Painting	3.0
ART 1B	Three-Dimensional Design	3.0	ART 23	Beginning Printmaking	3.0
ART 2	Drawing	3.0	ART 25	Graphic Design 1	3.0
ART 7	Survey of Art History Renaissance Through Contemporary	3.0	ART 30	Introduction to Sculpture	3.0
			ART 36A	Beginning Ceramics	3.0
			<b>Completion of either the CSU General Education or IGETC Option</b>		
<b>Select 3 additional units from the following:</b>			Remaining Units to total 60 Units may be selected from courses numbered 1-49		
ART 6	Survey of Art History: Prehistoric To Renaissance	3.0			
<b>Select 9 additional units from the following:</b>					
ART 3	Beginning Life Drawing	3.0			

---

## Program Student Learning Outcomes

Upon completion of the **Associate in Arts in Studio Art for Transfer** the student will be able to:

1. Solve basic problems of visual expression using various techniques and mediums.
2. Produce basic realistic and nonrealistic drawings of various subjects using alternate styles.
3. Produce visual works of art in a variety of mediums.
4. Interpret, evaluate and critiques orally and in writing visual works of art.
5. Demonstrate knowledge of specific historical and cultural art styles.

# Automotive Technology

## DEGREE

Associate in Science in Automotive Technology

## CERTIFICATES OF ACHIEVEMENT

Advanced Mechanics  
Engine Repair

## CERTIFICATES OF ACCOMPLISHMENT

Basic Mechanics  
Electrical

## CERTIFICATE OF COMPLETION

Automotive Chassis and Maintenance

The Automotive Technology Program is designed to prepare the student with the necessary skills to acquire an entry-level position in the automotive industry. The Program is also designed to assist those already employed in the industry and those in the community to improve their skills. The Automotive Program offers course work in engine repair, chassis electrical, automatic transmissions and other components. The curriculum is updated with the assistance of industry advisory committee.

As an Automotive major, you will:

- Study the diagnostic procedures necessary to determine simple and complex problems, fix them and provide ongoing maintenance.
- Develop an in-depth understanding of why cars work the way they do, allowing you to better fix and maintain vehicles, and provide a higher level of service.
- Identify terms associated with automobiles as well as automotive components along with basic identification and proper use of various hand and power tools and shop equipment.

## Career Options

Mechanic  
Parts Person  
Service writer  
Service manager  
Fleet Repair

Some positions however require a four-year degree for which Lassen Community College's program is a good base for transfer.

## Program Highlights

- Fully equipped auto shop
- Hands-on training
- One-on-one instruction

Internships in Automotive Technologies may be available for students interested in Work Experience opportunities

## Associate in Science Degree Automotive Technology

**Total Units for the Associate in Science Degree: 60 Units**

**Required Core Courses: 39 Units**

Course No	Course Title	Units
AT 50	Car Care Basics	3.0
AT 54	Brakes	3.0
AT 56	Steering and Suspension	3.0
AT 58	Automotive Heating and Air Conditioning	3.0
AT 60	Shop Management and Service Writer	2.0
AT 66	Manual Drive Train	4.0
AT 68	Automatic Transmissions	3.0
AT 70	General Automotive Lab	2.0

AT 72	Engine Repair and Machining-Short Block	4.0
AT 74	Engine Repair and Machining-Cylinder Heads	3.0
AT 80	Basic Electrical	3.0
AT 82	Engine Performance I	3.0
AT 84	Engine Performance II	3.0

**Electives:** 3 Units (The student may select from any courses numbered 1 – 99 to satisfy this requirement.)

**General Education Requirements: 18 Units**

## Program Student Learning Outcomes

Upon completion of the **Automotive Technology Associate in Science Degree** the student will be able to:

- 1 Diagnose a specific automotive malfunction; execute the appropriate corrective steps and verify the problem has been resolved.
- 2 Perform general maintenance and upkeep procedures on a variety of automobiles.

## Certificate of Achievement Engine Repair

**Total Units for the Certificate of Achievement: Engine Repair: 20 Units**

**Required Core Courses: 17 Units**

Course No	Course Title	Units
AT 50	Car Care Basics	3.0
AT 58	Automotive Heating and Air Conditioning	3.0
AT 60	Shop Management and Service Writer	2.0
AT 70	General Automotive Lab	2.0
AT 72	Engine Repair and Machining-Short	4.0

Block

AT 74	Engine Repair and Machining-Cylinder Heads	3.0
-------	--	-----

**Required Electives: 3 Units**

---

### Program Student Learning Outcomes

Upon completion of the **Certificate of Achievement – Engine Repair** the student will be able to:

- 1 Diagnose various automotive engine system malfunctions; execute the appropriate corrective steps and verify the problem has been resolved.
- 2 Perform automotive preventative maintenance according to industry standards.
- 3 Perform standard documentation found on automotive repair orders.

---

### Certificate of Achievement Advanced Mechanics

**Total Units for the Certificate of Achievement: Advanced Mechanics: 23 Units**

**Required Core Courses: 23 Units**

Course No	Course Title	Units	AT 60	Shop Management and Service Writer	2.0
AT 50	Car Care Basics	3.0	AT 66	Manual Drive Train	4.0
AT 54	Brakes	3.0	AT 68	Automatic Transmissions	3.0
AT 56	Steering and Suspension	3.0	AT 70	General Automotive Lab	2.0
AT 58	Automotive Heating and Air Conditioning	3.0			

---

### Program Student Learning Outcomes

Upon completion of the **Certificate of Achievement – Advanced Mechanics** the student will be able to:

- 1 Diagnose common automotive drivetrain malfunctions, execute the appropriate corrective steps and verify the problem has been resolved.
- 2 Perform automotive preventative maintenance according to industry standards.
- 3 Perform standard documentation found on automotive repair orders.

---

### Certificate of Accomplishment – Basic Mechanics

**Total Units for the Certificate of Accomplishment – Basic Mechanics: 12 Units**

**Required Core Courses: 12 Units**

Course No	Course Title	Units	AT 56	Steering and Suspension	3.0
AT 50	Car Care Basics	3.0	AT 80	Basic Electrical	3.0
AT 54	Brakes	3.0			

---

### Program Student Learning Outcomes

Upon completion of the **Certificate of Accomplishment – Basic Mechanics** the student will be able to:

- 1 Diagnose basic automotive drivetrain malfunctions, execute the appropriate corrective steps and verify the malfunction has resolved.
- 2 Perform automotive preventative maintenance according to industry standards
- 3 Perform standard documentation found on automotive repair orders.

---

### Certificate of Accomplishment – Automotive Electrical

**Total Units for the Certificate of Accomplishment – Electrical: 12 Units**

**Required Core Courses: 12 Units**

AT 80	Basic Electrical	3.0			

---

### Program Student Learning Outcomes

Upon completion of the **Certificate of Accomplishment – Automotive Electrical** the student will be able to:

- 1 Diagnose basic automotive electrical system malfunctions; execute the appropriate corrective steps and verify the problem has been resolved.
- 2 Perform preventative maintenance and basic electrical system testing to verify proper operation of automotive starting, charging, and lighting systems.

.....  
**Certificate of Completion in Automotive Chassis and Maintenance**

**Total Hours for the Certificate of Completion in Automotive Chassis and Maintenance: 102 Hours**

Course No	Course Title	Hours
AT 150	Basic Skills: Pre High School Equivalency I	51
AT 151	Basic Skills: Pre High School Equivalency II	51

-----  
**Program Student Learning Outcome**

Upon completion of the **Certificate of Completion in Automotive Chassis and Maintenance** the student will be able to:

1. Inspect steering and suspension components for wear.
2. Perform common chassis alignment adjustments.
3. Perform common brake system repairs.
4. Perform automotive maintenance in accordance with industry standards.
5. Perform standard documentation found on automotive repair orders.

# Biological Science

## DEGREE

Associate in Science in Biology for Transfer

Associate in Arts University Studies:

Emphasis in Allied Health

The Associate in Science in Biology for Transfer is designed to provide students with a strong foundation for the study of entry-level biological science, chemistry and physics in preparation for transfer to a California State University. It is an excellent starting point for students interested in pursuing a baccalaureate degree in any area of biological science (general biology, cellular and molecular biology, ecological, evolution, & organismal biology, animal biology, plant biology, or microbiology). The biology major is designed to provide undergraduate preparation leading to careers in health professions and education.

As a Biology major, you will:

- Study a broad overview of biological science including molecular & cellular biology and evolutionary, organismal, & ecological biology in addition to physical science including chemistry and physics.
- Develop a solid foundation in the basic elements of scientific inquiry.
- Prepare to study and complete a baccalaureate degree in one of the biological sciences at a California State University.

The University Studies Degree with an emphasis in Allied Health is designed to provide the lower division major courses to transfer to a university and earn a Bachelor's degree in a health or medical field. Students must meet with a counselor to ensure completion of required coursework for chosen major and specific college or university

As an Allied Health major, you will:

- Complete prerequisite courses for degrees in nursing, health care, occupational health and safety, or health care related fields.
- Develop a solid foundation in the basic elements of scientific inquiry.

## Career Options

Clinical Laboratory Scientist

Field Biologist

Forensic Scientist

Medical Doctor

Pharmacist

Physical Therapist

Public Health Educator

Registered Nurse

Teacher

Veterinarian

## Program Highlights

- The Associate in Science in Biology for Transfer degree includes the core curriculum of transfer to a California State University.
- Small class size.
- Individual tutoring.
- Laboratory opportunities.

### Note to Transfer Students:

The benefit for students completing the AS-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. "CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted."

## Associate in Science Degree in Biology for Transfer

**Total units for the Associate in Science Degree with a minimum grade point average of 2.0: 60 units**

**Required Core Courses minimum grade 2.0: 32 Units**

Course No	Course Title	Units			
BIOL 1	Principles of Molecular and Cellular Biology	4.0	MATH 1A	Analytic Geometry and Calculus I	5.0
			PHYS 2A	General Physics I	4.0
BIOL 4	Principles of Evolutionary and Organismal and Ecological Biology	5.0	PHYS 2B	General Physics II	4.0
CHEM 1A	General Chemistry I	5.0			
CHEM 1B	General Chemistry II	5.0			

**Completion of either the CSU STEM (33 units) or IGETC STEM (31 units)**

Remaining Units to total 60 Units may be selected from courses numbered 1-49

-----

### Program Student Learning Outcomes

Upon completion of the **Associate in Science Degree in Biology for Transfer** the student will be able to:

1. Apply the scientific method by stating a question; researching the topic; determining appropriate tests; performing tests; collecting, analyzing, and presenting data; and finally proposing new questions about the topic.
2. Apply critical thinking to the examination of the principles of biology, chemistry, and physics using proper laboratory techniques and procedures.
3. Demonstrate a basic understanding of the language, laws, theories and processes that are essential to the understanding of the structure of matter and how the structure determines its physical and chemical properties.
4. Describe the structure and function of molecular and cellular components and explain how they interact in a living cell.
5. Describe how cells interact to develop tissues and organs and how these contribute to a functional organism.
6. Demonstrate an understanding of the mechanisms driving evolution and describe similarities and differences of the major taxonomic groups.
7. Describe how organisms interact with one another, and to their environment and are able to explain interactions at the population and community levels.

# Business

## DEGREE

Associate in Science in Business  
Administration for Transfer  
Associate in Science in Accounting  
Associates in Arts Degree in Economic for Transfer  
Associate in Science in  
Administrative Office Technician

## CERTIFICATE OF ACHIEVEMENT

Administrative Office Technician  
Small Business Management

### Business Administration for Transfer

The Associate in Science Degree in Business Administration for Transfer is designed to provide students with the common core of lower division courses required by most universities to transfer and pursue a baccalaureate degree in Business Administration. This includes business degrees with options such as accounting, finance, human resources management, management, and marketing. Students must meet with a counselor to ensure completion of required coursework for chosen major and specific college/university.

### Accounting

The Business Program's purpose is to provide students with the opportunity to build a solid foundation in core business skills, accounting, and develop new skills designed to enhance their vocational future in a constantly changing society, and provide transfer opportunities for those seeking an advanced degree. The student will study an introductory business curriculum including accounting, economics, small business management and mathematics.

### Economics for Transfer

The Associate in Arts in Economics for Transfer is designed to provide students with the common core of lower division courses required by most universities to transfer and pursue a baccalaureate degree in Economics. This includes economic degrees with the options such as environmental and international economics.

### Administrative Office Technician

The Administrative Assistant portion of the Business program is designed to define and develop knowledge, skills and attitudes needed by office professionals. The program offers preparation for first-time employment, re-entry, or career advancement. The curriculum is periodically updated with the assistance of a business advisory committee. The student will study a variety of topics including keyboarding/word processing, integrated office applications, organization and supervision of office activities, business communication, and general office procedures.

### Small Business Management

The Certificate of Achievement in Small Business Management provides the knowledge and skills for students to be employed in entry level management positions and/or small business ownership. The student completing this certificate will have the basic knowledge of the stakeholder theory, legal implications in the business setting, structuring a small business, analyzing business documents, and contemporary U.S. business practices.

### Career Options

Business Administration  
Certified Public Accountant  
Management Accounting  
Auditor  
Budget Analysis  
Financial Accounts  
Administrative Assistant  
Bank Employee  
Clerk  
Data-Entry  
Receptionist  
Retail/Industrial Sales/Management  
Small Business Ownership  
Word Processor

### Program Highlights

- Develop the skills needed for today's workplace by identifying your areas of interest early.
- Explore seemingly endless career opportunities from small retail shops to international corporations, every kind of company, organization and government agency relies on business expertise.
- Office Administrative Technician is among the most ubiquitous and comprehensive of professions with duties ranging from program management, content administration, staff supervision, and office administration to management analysis, travel arrangement, office machine maintenance, and dictation.

Associate Degree and Certificate of Achievement in Business can be completed within two (2) years.

#### Note to Transfer Students:

The benefit for students completing the AA-T or AS-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. "CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted."

 -----

Upon completion of the **Certificate of Achievement in Small Business Management**, the student will be able to:

1. Demonstrate an understanding of contemporary business principles, practices and organizational structures.
2. Write, proofread and revise common business communications.
3. Define common business terms, ideas, phrases and integrity as it applies to business stakeholders.
4. Demonstrate a basic understanding of the legal framework that surrounds contemporary U.S. business.
5. Identify human resource issues and their economic costs and benefits.

# Careers

## Certificate of Completion

IT Support Professional

High School Equivalency Certificate of Completion

The purpose of the Certificate of Completion in High School Equivalency is to provide short term courses with small group instruction in the basic skills areas (Reading, writing, mathematics, science, and social studies). Students will be prepared with the knowledge and success required on a high school equivalency exam.

The IT Support Professional Certificate is designed to prepare students for an entry level job in Information Technology. The program offers five courses that cover key topics in IT support: troubleshooting, customer service, networking, system administration, security, and operating systems. Coursework includes a dynamic mix of video lectures, quizzes, and hands-on labs. Participants also will hear from Google employees with unique backgrounds and perspectives, whose own foundation in IT support served as a jumping-off point for their careers. By earning the Career Pathway Entry Certificates you will:

### Goals

- Gain knowledge of basic skills
- Career Advancement
- Work Based Learning

### Program Highlights

- Short term and flexible scheduling
- Small class size
- Individualized tutoring
- Hands on learning opportunities

---

## Certificate of Completion in High School Equivalency

**Total Hours for the Certificate of Completion in High School Equivalency: 176 Hours**

Course No	Course Title	Hours
BS 170	Basic Skills: Pre High School Equivalency I	136
BS 171	Basic Skills: Pre High School Equivalency II	40

---

### Program Student Learning Outcome

Upon completion of the **Certificate of Completion in High School Equivalency** the student will be able to:

Demonstrate the basic skills foundation required to take the high school equivalency test.

---

## Certificate of Completion in IT Support Professional

**Total Hours for the Certificate of Completion in Career Pathway Entry: 150 Hours**

Course No	Course Title	Hours	Course No	Course Title	Hours
CS 150	Tech Support	30	CS 153	System Administration	30
CS 151	Bits and Bytes	30	CS 154	IT Security	30
CS 152	Operating Systems	30			

---

### Program Student Learning Outcome

Upon completion of the **Certificate of Completion in IT Support Professional** the student will be able to:

1. Assemble a computer from scratch and install an operating system
2. Build a network layer and compile the five-layer network model
3. Explain the components of the Windows and Linux operating systems and through a series of hands-on labs, perform critical tasks like managing software and users, working with system logs and remote connection tools, and configuring hardware
4. Describe the different facets of information technology, like computer hardware, the Internet, computer software, troubleshooting, and customer service
5. Upon completion of this course, the student will be able to describe the different facets of information technology, like computer hardware, the Internet, computer software, troubleshooting, and customer service
6. Grasp the fundamentals of computer networking, from modern networking technologies and protocols to an overview of the cloud to practical applications and network troubleshooting
7. Apply infrastructure service management techniques that keep all organizations up and running, like managing and configuring servers, managing cloud resources, and using industry tools to manage computers, user information, and user productivity
8. And describe a wide variety of IT security concepts, tools, and best practices, including how to safeguard data, types of network security solutions, and how to integrate a culture of security into your organization or team

# Child Development

## DEGREES

Associate in Science in Early Childhood Education  
for Transfer  
Associate in Arts Child Development

## CERTIFICATE OF ACHIEVEMENT

Child Development

## CERTIFICATE OF ACCOMPLISHMENT

Child Development Associate Teacher

The Associate in Science Degree in Early Childhood Education for Transfer is designed to provide the lower division major courses to transfer to a California State University and earn a Bachelor's degree in Child Development or Early Childhood Education.

Child Development is a vital component to our local, state and national system of care and education for young children and offers many exciting career opportunities. The program is designed to prepare students to qualify for a variety of permits issued by Teacher Credentialing, State of California. These permits include an associate teacher, teacher, master teacher, and site supervisor permit. Receiving an A.A. in Child Development also meets the requirement to teach in a National Head Start Program.

As a Child Development major you will:

- Study effective principle and practices of child development, in order to provide quality care and education to children 0-5.
- Develop a disposition for and strategies to communicate effectively with children, parents, peers and the community.
- Identify the theoretical base for child development and the different curriculum structures to form your own philosophy of how to best meet the whole child needs of children.
- Identify a wide range of career opportunities and gear your course of study to that career.

## Career Options

Assistant Teacher	Parent Educator
Associate Teacher	Family Service Worker
Teacher	Home Visitor
Master Teacher	Classroom Aide
Site Supervisor	

## Program Highlights

- Two specialty areas for a master teacher
- Courses in early literacy
- Courses in violence prevention
- Variety of courses in creative arts
- Correspondence courses in the core curriculum

Associate Degree and Certificate of Achievement in Child Development can be completed within two (2) years.

*Internships in Child Development may be available for students interested in Work Experience opportunities.*

Some positions however require a four-year degree for which LCC's program is a good base for transfer.

### Note to Transfer Students:

The benefit for students completing the AS-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. "CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted."

## Associate in Science Degree in Early Childhood Education for Transfer

**Total units for the Associate in Science Degree with a minimum grade point average of 2.0: 60 units**

**Required Core Courses minimum grade 2.0: 25 Units**

Course No	Course Title	Units	CD 25	Teaching in a Diverse Society	3.0

CD 19	Children's Nutrition, Health and Safety	3.0			
CD 20	Principles and Practices of Teaching Young Children	3.0			
CD 24	Practicum	4.0			

### Completion of either the CSU General Education or IGETC Option

Remaining Units to total 60 Units may be selected from courses numbered 1-49

## Program Student Learning Outcomes

Upon completion of the **Associate in Science Degree in Early Childhood Education for Transfer**, students will be able to:

1. Integrate understanding of the needs, the characteristics and multiple influences on development of children birth to age eight as related to high quality care and education of young children.
2. Design, implement and evaluate environments and activities that support positive, developmental play and learning outcomes for all young children.
3. Apply effective guidance and interaction strategies that support all children's social learning, identity, and self-confidence.
4. Develop strategies that promote partnerships between programs, teachers, families and their communities.
5. Demonstrate ethical standards and professional behaviors that deepen understanding, knowledge and commitment to the EC/CD profession.

**Associate in Arts Degree Child Development**

**Total Units for the Associate in Arts Degree: 60 Units**

**Required Core Courses: 38 Units**

Course No	Course Title	Units
CD 11	Observation and Assessment	3.0
CD 12	Child, Family and Community	3.0
CD 16	Introduction to Curriculum	3.0
CD 19	Children's Nutrition, Health and Safety	3.0
CD 20	Principles and Practices of Teaching Young Children	3.0
CD 22	The Infant/Toddler	3.0
CD 23	Adult Supervision in the Child Care Setting	3.0
CD 24	Practicum	4.0
CD 25	Teaching in a Diverse Society	3.0
CD/PSY 31	Child Development: Conception Through Adolescence	3.0
CD 50	ECE Child Health and Safety	1.0

**Master Teacher**

Course No	Course Title	Units
CD 17	Children's Literature	3.0
CD 30	Early Steps to Reading Success	3.0

**Required Electives:** The student must complete 3 units from the following courses:

Course No	Course Title	Units
CD 15	Pre-School Administration	3.0
CD 17	Children's Literature	3.0
CD 26	Administration II	3.0
CD 27	Children with Special Needs	3.0
CD 28	Child Guidance	3.0
CD 30	Early Steps to Reading Success	3.0
CD 49	Child Development Work Experience	1.0-8.0

**Electives: 4 Units** - The student may select from any courses numbered 1-99 to satisfy this requirement.

**General Education Requirements: 18 Units**

**Students must complete six units from either the Site**

**Supervisor or Master Teacher paths:**

**Site Supervisor**

Course No	Course Title	Units
CD 15	Pre-School Administration	3.0
CD 26	Administration II	3.0

**Certificate of Achievement Child Development**

**Total Units for the Certificate of Achievement: 26 Units**

**Required Core Courses: 26 Units**

Course No	Course Title	Units
CD 12	Child, Family and Community	3.0
CD 16	Introduction to Curriculum	3.0
CD 19	Children's Nutrition, Health, and Safety	3.0

CD 22	The Infant/Toddler	3.0
CD/PSY 31	Child Development: Conception Through Adolescence	3.0
CD 50	ECE Child Health and Safety	1.0

**Program Student Learning Outcomes**

Upon completion of the **Associate in Arts Degree** or the **Certificate of Achievement in Child Development**, the student will be able to:

1. Analyze the influence of culture, family, society, and environment on an individual's development.
2. Design, implement and evaluate environments and activities that support positive, developmental play and learning outcomes for all young children.
3. Apply effective guidance and interaction strategies that support all children's social learning, identity, and self-confidence.

# English

## DEGREE

Associate in Arts in English for Transfer

The Associate in Arts Degree in English for Transfer is designed to provide students with a strong foundation for the study of literature and composition in order to transfer to a California State University. It is an excellent starting point for students interested in pursuing a baccalaureate degree in English. The core course work is designed to provide undergraduate preparation analyzing written works, recognizing crucial elements of poetry, fiction and drama, and utilizing primary and secondary sources to effectively support a premise.

As an English major, you will:

- Be exposed to the field of English through courses that are academically rigorous and content appropriate.
- Learn the skills necessary to gather, interpret, and analyze quantitative and qualitative data.

### Career Options

Poet  
 Writer  
 Lawyer  
 Teacher  
 Journalist  
 Any career in which writing is important

Associate Degree in English for transfer can be completed within two (2) years.

### Career Preparation

The Associates in Arts Degree in English for Transfer prepares the student for transfer to a four-year college or university.

### Program Highlights

Core curriculum in English for transfer to a California State University  
 Small class size  
 Individualized tutoring

### Note to Transfer Students:

The benefit for students completing the AA-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. "CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted."

## Associate in Arts Degree in English for Transfer

**Total Units for the Associate in Arts Degree with a minimum grade point average 2.0: 60 Units**

**Required Core Courses minimum grade 2.0: 18 Units**

Course No Course Title Units

**Take the following 6 units**

ENGL 2 Introduction to Literary Types 3.0

ENGL 9 Critical Thinking and Composition 3.0

**List A – Take 6 units (Select 2)**

ENGL 3 British Literature I 3.0

ENGL 4 British Literature II 3.0

ENGL 12 Survey of American Literature II 3.0

**List B – Take 3 units**

ENGL 5 Survey of World Literature II 3.0

ENGL 10 Shakespeare 3.0

ENGL 1 College Composition 3.0

ENGL 22 Creative Writing 3.0

ENGL 33 Studies in Fiction 3.0

ENGL 34 Studies in Poetry 3.0

**Completion of either the CSU General Education or IGETC Option**

Remaining Units to total 60 Units may be selected from courses numbered 1-49

## Program Student Learning Outcomes

Upon completion of the **Associate in Arts Degree in English for Transfer** student will be able to:

1. Demonstrate analytical and critical thinking skills through the production of written and oral critical responses to texts
2. Given an assignment to read a literary work, the student will identify and analyze crucial elements of fiction, poetry and drama
3. Demonstrate the ability to find, evaluate, and interpret primary and secondary sources, utilize summary, paraphrase and direct quotes to support a premise, and apply guidelines for MLA documentation to appropriately document information within written essays.

# Fire Technology

**DEGREE**

Associate in Science in Fire Technology

**CERTIFICATE OF ACHIEVEMENT**

Fire Technology

The Associate in Science Degree in Fire Technology is designed to provide students with updated skills and knowledge necessary to successfully compete for fire service positions. The curriculum serves as an in-service program as well as pre-employment program for students seeking employment or advancement in the profession of urban firefighting and wildland fire suppression.

As a fire technology major, you will:

- Study a broad overview of fire technology including: fire behavior, fire prevention, fire protection equipment and systems.
- Study the organizational structures and management techniques used in wildland fire suppression.
- Study the tactics used in urban firefighting.

**Career Options**

- Firefighter
- Inspector
- Investigator
- Supervisor
- Manager

Some positions however require a four-year degree for which

LCC's program is a good base for transfer.

Basic Wildland Firefighter

**Program Student Learning Outcomes**

Upon successful completion of the **Certificate of Accomplishment Fire Technology**, the student will be able to:

1. Demonstrate an understanding of fire behavior.
2. Identify Command staff and how they fit into ICS structure
3. Recognize Critical structural fire ground factors
4. Be able to perform CPR

# General Education Transfer Curriculum

## CERTIFICATES OF ACHIEVEMENT

CSU General Education  
Intersegmental General Education Transfer Curriculum (IGETC)

The Certificates of Achievement are inclusive of requirements for CSU General Education Certification or IGETC Certification. These certifications may be requested by the student to be sent to UC or CSU campus of their choice.

### California State University General Education Certificate of Achievement

CSU General Education Certification of Achievement requires a minimum of 39 units.  
Minimum GPA of **2.00** overall and Area A and B4 must be a "C" or better.

#### AREA A - English Language and Critical Thinking

The student must take one course from each area:

1. Oral Communications: Speech 1
2. Written Communications: English 1
3. Critical Thinking: English 7, English 9

#### AREA B - Scientific Inquiry and Quantitative Reasoning

The student must take one course from each area including one (L) Lab Science course:

1. Physical Universe:

- Agriculture 19 (L)
- Chemistry 1A (L), 1B (L), 8 (L), 40, 40L (L), 45 (L)
- Geology 1 (L), 5 (L)
- Physical Science 1
- Physics 2A (L), 2B (L)

2. Life Forms:
  - Agriculture 10 (L), 20 (L)
  - Anthropology 1
  - Biology 1 (L), 4 (L), 10 (L), 20 (L), 21 (L), 22 (L), 25 (L), 26 (L), 32, 32L (L)
3. Laboratory Science (L):
  - Any of the above (L) courses
4. Mathematics/Quantitative Reasoning:
  - Math 1A, 1B, 7, 8, 11A, 11B, 40

#### AREA C - Arts and Humanities

The student must take 3 of the following courses, limit 2 in one area.

1. Arts (Art, Dance, Music, Theater):
  - Art 1A, 1B, 2, 3, 6, 7, 8, 10A, 30, 36A
  - Film 1
  - Music 6, 7, 12

2. Humanities (Literature, Philosophy, Foreign Languages):
  - English 2, 3, 4, 5, 10, 12, 33, 34
  - History 14, 15, 16, 17
  - Humanities 1, 2
  - IDS 1, 2
  - Philosophy 1, 10
  - Spanish 1, 2

#### AREA D - Social Sciences

The student must take a minimum of 9 units with courses taken from at least two disciplinary perspectives.

- Administration of Justice 10, 12, 20
- Anthropology 2
- Agriculture 2
- Child Development 31
- Economics 10, 11
- Ethnic Studies 1

- Geography 2
- History 14, 15, 16\*, 17\*
- Political Science 1\*
- Psychology 1, 5, 6, 18, 31
- Sociology 1, 3, 4

\* **CSU Graduation Requirement:** US History, Constitution, and American Ideals - Completion of one course in American History and one course in American Government is a requirement to graduate from any CSU campus. Students may select one combination from the following to fulfill this requirement; these courses may be double counted with Area D:

- (1) History 16 and 17
- (2) History 16 and Political Science 1
- (3) History 17 and Political Science 1

#### AREA E - Lifelong Understanding and Self-Development

The student must take one course or 3 units from the following courses:

- Child Development 31
- Counseling & Guidance 1
- Health 2, 25
- Human Services 30

- Physical Education 15
- Psychology 1, 18, 31, 33
- Sociology 3

## **Intersegmental General Education Transfer Curriculum (IGETC) Certification**

IGETC General Education Certificate of Achievement requires 37 Units. Minimum GPA of **2.00** overall and a grade of “C” or better in each course. Completion of Areas 1, 2, 3, 4, 5; Demonstrate Foreign Language Proficiency. \*\* Indicates that transfer credit may be limited by either UC or CSU or both. Please consult with a Counselor.

---

### **AREA 1: English Communication 9 units** (One from each group)

English 1

English 7 or 9

Speech 1

---

### **AREA 2: Mathematical Concepts and Quantitative Reasoning 3 units**

Math 1A, 1B, 8, 40

---

### **AREA 3: Arts and Humanities 9 units** - At least 3 courses, with at least one from Arts and one from Humanities.

#### **Arts:**

Art 6, 7, 8

Film 1

Music 6, 7, 12

#### **Humanities:**

English 2, 3, 4, 5, 10, 12, 33, 34

History 14, 15, 16, 17

Humanities 1, 2

Philosophy 1, 10

Spanish 2

---

### **AREA 4: Social and Behavioral Sciences 9 units** -At least three courses from at least 2 disciplines.

A. Anthropology/Archaeology: ANTH 2, 3

B. Economics: AGR 2, ECON 10, 11

C. Ethnic Studies: ES 1

D. Gender Studies: SOC 4

E. Geography: GEOG 2

F. History: HIST 14, 15, 16\*, 17\*

G. Interdisciplinary: CD 31

H. Political Science: PLCS 1\*

I. Psychology: PSY 1, 5, 6, 18, 31

J. Sociology/Criminology: AJ 12, SOC 1, 2, 3

---

### **AREA 5: Physical and Biological Sciences 7 – 9 units.** At least 2 courses, one Physical Science and one Biological Science; at least one must include a laboratory (indicated by “L” in parentheses).

#### **Physical Sciences:**

Agriculture 19

Chemistry 1A (L), 1B (L), 8 (L), 40, 40 (L), \*\*45 (L)

Geology 1 (L), 5 (L)

\*\*Physical Science 1

Physics 2A (L), 2B (L)

#### **Biological Sciences:**

Agriculture 10, 20

Anthropology 1

Biology 1 (L), 4 (L), 10 (L), 20 (L), 21 (L), 22 (L), 25 (L),

26 (L), 32, 32L (L)

**Language Other Than English (UC Requirement Only)** Complete 2 years of the same Foreign Language of high school level work with a grade of “C” or better or earn a score of 3 or higher on the Foreign Language Advanced Placement Test, or 550 on the College Board Achievement Test in Foreign Language or complete 4 units from the courses below.

**The following course at this institution fulfills the requirement (1 course, 4 semester units):** Spanish 1, IDS 1, IDS 2

**\* CSU Graduation Requirement Only - U.S. History, Constitution and American Ideals, 6 semester units**

**Courses may not be applied to Area 4 if used to meet Constitution requirements for CSU**

Group 1 Political Science 1

Group 2 History 16, 17

---

## **Program Student Learning Outcomes**

### **California State University General Education Certificate of Achievement Intersegmental General Education Transfer Certificate of Achievement (IGETC)**

Upon completion of this certification the student will be able to:

1. Understand and apply methods of inquiry for a variety of disciplines including the scientific method for scientific inquiry and appropriate methods for social and behavior science inquiries.
2. Explain and analyze relationships between science and other human activities.
3. Apply knowledge of the ways people act and have acted in response to their societies to express an appreciation for how diverse societies and social subgroups operate to understand social dynamics within historical and contemporary communities.
4. Understand ways in which people throughout the ages and in Western and non-Western cultures have responded to themselves and the world around them in artistic and cultural creation; apply this knowledge to make value judgments on cultural activities and artistic expressions and demonstrate an understanding of the interrelationship between the creative arts, the humanities and self.
5. Engage in verbal communication by participating in discussions, debates, and oral presentations utilizing proper rhetorical perspective, reasoning and advocacy, organization, accuracy, and the discovery, critical evaluation and reporting of information.
6. Compose effective written communications and essays with correct grammar, spelling, punctuation and appropriate language, style and format utilizing academically accepted means of researching, evaluating and documenting sources within written works.
7. Analyze, evaluate and explain theories, concepts and skills within varied disciplines using inductive and deductive processes and quantitative reasoning and application.
8. Demonstrate appreciation of themselves as living organism through their choices for physical health, activities, stress management, relationships to the social and physical environment, and responsible decision-making.

# Geographic Information Systems

## Certificate of Achievement

Certificate of achievement in Geographic Information Systems

A Geographic Information System (GIS) is a combination of hardware, software, data, people, and protocols, and is primarily used for the acquisition, maintenance, and analysis of geospatial data and information. GIS was founded in the art and science of geography, and more specifically was born from forestry and its associated applications (i.e., natural resources). Its main purpose is to serve as a tool for analyzing geospatial phenomena, via various data overlay operations, to provide information in the form of visualizations (i.e., maps), which ultimately provide greater insight into such phenomena from the perspective of geospatial patterns and real-world feature relationships. The end goal of a GIS is to provide meaningful analysis results to better understand real-world situations and help end-users of such information make better decisions regarding how best to handle geospatial phenomena.

As a GIS student you will:

Study the history of GIS, learn what it is and how it is used, and discover the foundational concepts that allow it to be a successful system

Develop skills in using hardware and software applications, in conjunction with relevant data and information, to learn how to approach and help solve potential real-world geospatial phenomena

Acquire critical thinking skills that will allow you to view and analyze geospatial patterns and feature relationships from a scientific perspective

Gain knowledge in the dissemination of geospatial information to web-based data and information delivery environments, as well as exposure to ancillary geospatial technologies such as Global Positioning Systems (GPS), Remote Sensing, and Computer-Aided Drafting (CAD) data and their respective applications

## Career Options

GIS Technician for private entity or government agency

Supplemental GIS education to add to existing or future education in another field, which will help to strengthen overall knowledge from a technical standpoint

## Program Highlights

Lassen Community College offers its Geographic Information Systems certificate as an entirely online program of study. No physical classroom involvement is required. Courses may be offered via traditional face-to-face or hybrid instructional modalities as well. The Geographic Information Systems certificate can be completed in just two semesters.

The Geographic Information Systems certificate is well suited to provide individuals with the education necessary to enter the workforce as an entry-level GIS Technician, or add to an existing or future bachelor's degree education to help strengthen and solidify the technical nature of said degree. For example, a combination of a bachelor's degree in wildlife biology and a certificate in GIS can be a very valuable and powerful combination to potential employers.

## Certificate of Achievement Geographic Information Systems

### Total Units for the Certificate of Achievement: 16

Course No	Course Title	Units	GIS 3	Cartography and Geovisualization	3.0
GIS 1	Fundamentals of GIS	4.0	GIS 4	Spatial Analysis	3.0
GIS 2	GIS Data Concepts	3.0	GIS 5	Web/Mobile-based GIS	3.0

## Program Student Learning Outcomes

Upon completion of the **Certificate of Achievement in Geographical Information Systems** student will be able to:

1. Demonstrate an understanding of what a GIS is, how it can be used, and how the technology has come to be.
2. Explain, in detail, the nature of geospatial data and associated systems – types, formats, structures, models, acquisition, maintenance, manipulation, and display.
3. Apply critical thinking skills to the approach of establishing a basic GIS and using said GIS to analyze pertinent data and information to derive results that can or may help to better understand a perceived real-world geospatial phenomenon.
4. Use the latest, basic GIS-based software technologies on the market with effective and efficient application.
5. Be academically prepared to obtain an entry-level position directly in GIS, or to greatly supplement and enhance another chosen career field that can benefit from the technical nature of GIS knowledge.

# Gunsmithing

## DEGREES

Associate in Science in Firearms Repair  
Associate in Science in General Gunsmithing

## CERTIFICATES OF ACHIEVEMENTS

Firearms Repair  
General Gunsmithing

## CERTIFICATES OF ACCOMPLISHMENTS

Gunsmith Machinist and Metal Finishing  
Long Gun  
Pistolsmith  
Riflesmith

The Gunsmithing Program offers two degrees, two Certificates of Achievement, and four Certificates of Accomplishment, that each provide the student with a very specific set of skills in areas such as general gunsmithing, firearms repair, firearms customization and in the recognized specialty areas. Depending on the selected course of study, a student is provided with the skills to acquire an entry-level position in the industry. This program is also designed to assist those already employed in the industry and those in the community to improve or expand their skills. The curriculum is updated with the assistance of a business and industry advisory committee. In accordance with the provisions of the state penal code section numbers: (12021, 12021.5, 12050, and 12054), prospective students must file an approved affidavit with the Lassen Community College District as a prerequisite to program enrollment.

As a Gunsmithing major, you will:

- Study course work in design, function and repair, firearm laws and regulations, machining, metallurgy, stock fabrication and welding.
- Develop skills on how to install and replace components, clean, maintain, and service handguns, rifles and shotguns.
- Identify a particular type of firearm you are most interested in and build a course of study to better qualify you for a profession.

## Career Options

Gunsmith Firearms Repair  
Firearms Salesman  
Law Enforcement Armorer  
Department of Corrections  
Armorer

Owner/Manager of a Gunsmith  
Shop or Sporting Goods Store  
Specialist in Custom Built Firearms  
Factory Service Representative

Some positions require a four-year degree for which Lassen Community College's program is a good base for transfer.

Associate Degree and Certificate of Achievement in Gunsmithing can be completed within two (2) years.

---

## Associate in Science Degree: Firearms Repair

**Total Units for the Associate in Science Degree: 60 units.**

**Required Core Courses: 42 Units**

GSS 50.01	Recoil Pad and Sling Swivel Installation	1.0	GSS 63.02	Ejectors	1.0
GSS 50.03	Open and Optical Sight Installation	1.0	GSS 63.03	Double Gun Locks	1.0
GSS 51.01	Stock Inletting	1.0	GSS 64.01	Composition Stock Fitting, Bedding and Finishing	1.0
GSS 51.05	Glass Bedding for Strength and Accuracy	1.0	GSS 66.02	Revolver Barrel Fitting and Ranging	1.0
GSS 51.06	Wood Stock Finishing	1.0	GSS 67.01	Blowback Principle	1.0
GSS 52.06	Gunsmith Machining 6	1.0	GSS 68.01	DFR Locked Breech Single Action Auto Pistols	1.0
GSS 54.05	Hardening and Tempering of Carbon Steels	1.0	GSS 68.02	DFR Locked Breech Double Action Auto Pistols	1.0
GSS 56.03	Bolt Action Barrel Fitting	1.0	GSS 68.03	DFR Blowback Auto Pistols	1.0
GSS 57.01	Bolt Action Breeching and Headspace	1.0	GSS 69.01	DFR Auto Rifles	1.0
GSS 57.02	Action Blueprinting	1.0	GSS 69.02	DFR Pump Rifles	1.0
GSS 57.03	Action and Bolt Modifications	1.0	GSS 69.03	DFR Lever Action Rifles	1.0
GSS 59.02	Metal Preparation for Refinishing And Caustic Bluing	1.0	GSS 70.01	DFR Triggers 1	1.0
GSS 60.01	DFR Recoil Operated Auto Shotguns	1.0	GSS 71.01	DFR .22 Autos	1.0
GSS 60.02	DFR Gas Operated Auto Shotguns	1.0	GSS 71.02	DFR Bolt Action .22's	1.0
GSS 60.04	DFR Pump Shotguns	1.0	GSS 71.03	DFR Pump and Lever Action .22's	1.0
GSS 61.01	DFR Single Action Revolvers	1.0	GSS 71.04	DFR Marlin Model 39	1.0
GSS 61.02	DFR Smith and Wesson Revolvers	1.0	GSS 75.02	Firearm Laws and Regulations	1.0
GSS 61.03	DFR Colt & Ruger Double Action Revolvers	1.0	WT 31	GTAW for Gunsmiths	3.0
GSS 62.03	Misfire Correction	1.0	WT 32	Advanced GTAW for Gunsmiths	3.0

**General Education Requirements: 18 Units**

**Certificate of Achievement: Firearms Repair**

**Total units for the Certificate of Achievement: 42 Units**

Course No	Course Title	Units

GSS 60.02	DFR Gas Operated Auto Shotguns	1.0	GSS 71.02	DFR Bolt Action .22's	1.0
GSS 60.04	DFR Pump Shotguns	1.0	GSS 71.03	DFR Pump and Lever Action .22's	1.0
GSS 61.01	DFR Single Action Revolvers	1.0	GSS 71.04	DFR Marlin Model 39	1.0
GSS 61.02	DFR Smith and Wesson Revolvers	1.0	GSS 75.02	Firearm Laws and Regulations	1.0
GSS 61.03	DFR Colt & Ruger Double Action Revolvers	1.0	WT 31	GTAW for Gunsmiths	3.0
GSS 62.03	Misfire Correction	1.0	WT 32	Advanced GTAW for Gunsmiths	3.0

**Program Student Learning Outcomes**

Upon completion of the **Associate in Science Degree** or the **Certificate of Achievement in Firearms Repair**, the student will be able to:

1. Diagnose a specific firearm malfunction, execute the appropriate corrective step and verify the problem has been resolved.
2. Perform firearms repair and maintenance procedures on the large variety of firearms common to a retail gunsmithing operation.

**Associate in Science Degree in General Gunsmithing**

**Total Units for the Associate in Science Degree: 60 Units**

**Required Core Courses: 36 Units**

Course No	Course Title	Units			
GSS 50.01	Recoil Pad and Sling Swivel Installation	1.0	GSS 59.02	Metal Preparation for Refinishing and Caustic Bluing	1.0
GSS 50.03	Open and Optical Sight Installation	1.0	GSS 60.04	DFR Pump Shotguns	1.0
GSS 51.05	Glass Bedding for Strength and Accuracy	1.0	GSS 61.01	DFR Single Action Revolvers	1.0
GSS 52.01	Gunsmith Machining 1	2.0	GSS 62.03	Misfire Correction	1.0
GSS 52.02	Gunsmith Machining 2	2.0	GSS 63.05	Double Guns, Hinge Pins and Headspace	1.0
GSS 52.03	Gunsmith Machining 3	2.0	GSS 64.01	Composition Stock Fitting, Bedding, And Finishing	1.0

GSS 57.03	Action and Bolt Modifications	1.0			
GSS 58.02	Pressure Bedding and Pillar	1.0			

**Program Student Learning Outcomes**

Upon completion of the **Associate in Science Degree** or the **Certificate of Achievement in General Gunsmithing**, the student will be able to:

1. Perform appropriate custom alterations and modifications as related to a specific custom field in Gunsmithing.
2. Diagnose a specific firearm malfunction, execute the appropriate corrective step and verify the problem has been resolved.

**Certificate of Accomplishment: Gunsmith Machinist and Metal Finishing**

**Total Units for the Certificate of Accomplishment Gunsmith Machinist and Metal Finishing: 15 Units**

Course No	Course Title	Units			
GSS 50.03	Open and Optical Sight Installation	1.0	GSS 54.05	Hardening and Tempering of Carbon Steels	1.0
GSS 52.01	Gunsmith Machining 1	2.0	GSS 59.02	Metal Preparation for Refinishing And Caustic Bluing	1.0
GSS 52.02	Gunsmith Machining 2	2.0	GSS 59.03	Parkerizing	1.0
GSS 52.03	Gunsmith Machining 3	2.0	GSS 59.04	Color Case Hardening	1.0
GSS 52.04	Gunsmith Machining 4	1.0	GSS 59.09	Alternative Metal Finishing	1.0
GSS 52.05	Gunsmith Machining 5	1.0			
GSS 52.06	Gunsmith Machining 6	1.0			

**Program Student Learning Outcomes**

Upon completion of the **Certificate of Accomplishment - Gunsmith Machinist and Metal Finishing**, the student will be able to:

1. Design and machine firearm parts and fixtures using the appropriate tools and techniques.
2. Apply the appropriate polishing technique and finish to metal firearms parts.

**Certificate of Accomplishment: Long Gun**

**Total Units for the Certificate of Accomplishment Long Gun: 13 Units**

Course No	Course Title	Units			
GSS 51.06	Wood Stock Finishing	1.0	GSS 60.04	DFR Pump Shotguns	1.0
GSS 52.06	Gunsmith Machining 6	1.0	GSS 66.01	Non-Bolt Action Rifle Barrel Fitting	1.0
GSS 54.05	Hardening and Tempering of Carbon Steels	1.0	GSS 69.01	DFR Auto Rifles	1.0
GSS 60.01	DFR Recoil Operated Auto Shotguns	1.0	GSS 69.02	DFR Pump Rifles	1.0
GSS 60.02	DFR Gas Operated Auto Shotguns	1.0	GSS 69.03	DFR Lever Action Rifles	1.0
			WT 32	Advanced GTAW for Gunsmiths	3.0

**Program Student Learning Outcomes**

Upon completion of the **Certificate of Accomplishment - Long Gun**, the student will be able to:

1. Diagnose specific long gun malfunction, execute the appropriate corrective step and verify the problem has been resolved.

**Certificate of Accomplishment: Pistolsmith**

**Total Units for the Certificate of Accomplishment Pistolsmith: 13 Units**

Course No	Course Title	Units			
GSS 52.06	Gunsmith Machining 6	1.0	GSS 67.01	Blowback Principle	1.0
GSS 54.05	Hardening and Tempering of Carbon Steels	1.0	GSS 68.01	DFR Locked Breech Single Action Auto Pistols	1.0
GSS 61.01	DFR Single Action Revolvers	1.0	GSS 68.02	DFR Locked Breech Double Action Auto Pistols	1.0
GSS 61.02	DFR Smith and Wesson Revolvers	1.0	GSS 68.03	DFR Blowback Auto Pistols	1.0
GSS 61.03	DFR Colt & Ruger Double Action Revolvers	1.0	WT 32	Advanced GTAW for Gunsmiths	3.0
GSS 66.02	Revolvers Barrel Fitting and Ranging	1.0			

**Program Student Learning Outcomes**

Upon completion of the **Certificate of Accomplishment Pistolsmith**, the student will be able to:

1. Diagnose specific handgun malfunction, execute the appropriate corrective step and verify the problem has been resolved.

**Certificate of Accomplishment: Riflesmith**

**Total Units for the Certificate of Accomplishment Riflesmith: 15 Units**

Course No	Course Title	Units			
GSS 51.01	Stock Inletting	1.0	GSS 57.02	Action Blueprinting	1.0
GSS 51.05	Glass Bedding for Strength and Accuracy	1.0	GSS 57.03	Action and Bolt Modifications	1.0
GSS 51.06	Wood Stock Finishing	1.0	GSS 57.06	Trueing Exterior of Action	1.0
GSS 55.04	Stock Refinish and Repair	1.0	GSS 57.08	Bottom Metal Modifications	1.0
GSS 56.01	Headspace	1.0	GSS 57.15	Bolt Action Rifle Feeding	1.0
GSS 56.03	Bold Action Barrel Fitting	1.0	GSS 58.02	Pressures and Pillar Bedding	1.0
GSS 56.04	Barrel Contouring	1.0	GSS 64.01	Composition Stock Fitting, Bedding and Finishing	1.0
GSS 57.01	Bold Action Breeching and Headspace	1.0			

**Program Student Learning Outcomes**

Upon completion of the **Certificate of Accomplishment Riflesmith**, the student will be able to:

1. Perform appropriate custom rifle alterations and modifications.
2. Diagnose specific rifle malfunction, execute the appropriate corrective step and verify the problem has been resolved.

# Health Occupations

## Certificate of Achievement

Medical Assisting

## Certificate of Accomplishment

Administrative Medical Assisting

Clinical Medical Assisting

## Red Cross Certification

Cardiopulmonary Resuscitation (CPR)

Standard First Aid

Lassen College offers coursework that leads to eligibility for external certifications in CPR, First Aid, and EMT-I in addition to certificates in Clinical and Administrative Medical Assisting.

Certificate of Accomplishment in Administrative Medical Assisting

The program of courses for this certificate is designed to prepare a student to perform office-related duties including scheduling and billing as a medical office assistant.

Certificate of Accomplishment in Clinical Medical Assisting

The program of courses for the clinical certificate offers information, skill development, and practice for student seeking employment as a medical assistant who makes direct patient contact and assists nurses and doctors with clinical procedures.

## Career Options

Medical Assistant

Clinic Assistant

Medical Office Assistant

EMT - I

EMT - II

EMT – Paramedic

## Program Highlights

- Hands-on-training for entry-level employment.
- Continuing education units (CEUs) available.

Internships in health occupations are available for students interested in Work Experience opportunities.

---

## Certificate of Achievement Medical Assisting

### Total Units for the Certificate of Achievement in Administrative Medical Assisting: 21 Units

Course No	Course Title	Units	Course No	Course Title	Units
HO 49	Health Occupations Work Experience	2.0	HO 71	Medical Assisting Administrative	6.5
HO 70	Medical Assisting Core	7.0	HO 72	Medical Assisting Clinical	7.5

---

## Program Student Learning Outcomes

Upon completion of the **Certificate of Achievement Medical Assisting** the student will be able to:

1. Demonstrate the Knowledge about medical assisting and other allied health professions.
2. Demonstrate beginning level medical assisting skills.
3. Display understanding of basic medical terminology, anatomy and physiology.
4. Access and navigate basic computer systems.
5. Perform exam room procedures autonomously.
6. Demonstrate knowledge of Pharmacology.
7. Assist with minor surgery and laboratory procedures.
8. Provide Patient education.

---

## Certificate of Accomplishment in Administrative Medical Assisting

### Total Units for the Certificate of Accomplishment in Administrative Medical Assisting: 13.5 Units

Course No	Course Title	Units	Course No	Course Title	Units
HO 70	Medical Assisting Core	7.0	HO 71	Medical Assisting Administrative	6.5

---

## Program Student Learning Outcomes

Upon completion of the **Certificate of Accomplishment in Administrative Medical Assisting** the student will be able to:

1. Demonstrate the Knowledge about medical assisting and other allied health professions.
2. Demonstrate beginning level medical assisting skills.
3. Display understanding of basic medical terminology, anatomy and physiology.
4. Access and navigate basic computer systems.
5. Demonstrate professionalism in the role of administrative medical assisting and office reception.
6. Prepare and properly manage medical office records.
7. Demonstrate medical office finance and billing skills.
8. Display medical office management abilities.

---

## Certificate of Accomplishment in Clinical Medical Assisting

**Total Units for the Certificate of Accomplishment in Clinical Medical Assisting: 14.5 Units**

Course No	Course Title	Units				
HO 70	Medical Assisting Core	7.0	HO 72	Medical Assisting Clinical		7.5

---

### Program Student Learning Outcomes

Upon completion of the **Certificate of Accomplishment in Clinical Medical Assisting** the student will be able to:

1. Demonstrate knowledge about medical assisting and other allied health professions
2. Demonstrate beginning level medical assisting skills.
3. Display understanding of basic medical terminology, anatomy and physiology.
4. Access and navigate basic computer systems.
5. Perform exam room procedures autonomously.
6. Demonstrate knowledge of pharmacology.
7. Assist with minor surgery and laboratory procedures.
8. Provide patient education.

# History

## DEGREES

### Associate in Arts in History for Transfer

The Associates in Arts Degree in History is designed to provide students with a strong foundation for the study of the historical past in order to transfer to a California State University. It is an excellent starting point for students interested in pursuing a baccalaureate degree in history. The core course work is designed to provide undergraduate preparation leading to knowledgeable individuals who recognized that society cannot deal with the present or prepare to cope with the future without an understanding of the past. Students will examine contemporary problems and issues from a historical perspective.

As a history major, you will:

- Study a comprehensive introduction to the field of history through courses that are academically rigorous and content appropriate.
- Acquire the knowledge and skills to apply the “historical perspective” to your own life and to the social environment of which you are a part.
- Analyze the news of the day as well as changes in the global economy and other major social institutions within a historical context.
- Identify an area of specialization in history.

### Career Options

Government Service  
Historian  
Lawyer  
Military Officer  
Museum Curator  
Teacher

### Career Preparation

The Associates in Arts Degree in History for Transfer prepares the student for transfer to a California State University.

### Program Highlights

Lassen Community College offers its History by way of traditional classroom study, online, or by correspondence delivery.

Associate Degree in History can be completed within two (2) years

### Note to Transfer Students:

The benefit for students completing the AA-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. “CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted.”

## Associate in Arts Degree in History for Transfer

**Total Units for the Associate in Arts Degree with a minimum grade point average of 2.0: 60 Units**

**Required Core Courses minimum grade 2.0: 18-19 Units**

**Complete the following 12 Units:**

Course No	Course Title	Units
HIST 16	U.S. History	3.0
HIST 17	Post-Civil War – U.S. History	3.0
HIST 14	World History-Prehistoric to 1500	3.0
HIST 15	World History-1500 to Present	3.0

**Select 6 additional Units from the following:**

ES 1	Ethnic Minorities in America	3.0
HUM 1	Western Civilization-Prehistoric to 1600	3.0
HUM 2	Western Civilization-1600 to Present	3.0
IDS 1	Introduction to Sign Language	3.0
PLSC 1	American Institutions	3.0

**Completion of either the CSU General Education or IGETC Option**

Remaining Units to Total 60 Units may be selected from courses numbered 1 – 49.

### Program Student Learning Outcomes

Upon completion of the **Associate in Arts Degree in History for Transfer** student will be able to:

1. Explain four transitions that the United States has undergone from colonization to the present. Examples may include but are not limited to: the colonial period to the revolutionary period; launching a new government to the growth of a union; the civil war to reconstruction; the U.S. industrial revolution to the U.S. as a world power; WWI and WWII; or WWII to the age of affluence.
2. Analyze the American political system including the reasons behind the separation of power and the constant struggle between the executive, legislative, and judicial branches of government.
3. Given a current historical topic, demonstrate the ability to conduct research using traditional and technological skills to write an organized, factually correct, well-documented paper.
4. Develop an appropriate and factually correct theme on a specific topic comparing and contrasting works, events or values of two eras or cultures of Western Civilization.
5. Given an era in time, explain the differences between the ideas and cultural values of Western and non-Western societies.

# Humanities

## DEGREE

Associate in Arts Degree University Studies: Emphasis in Humanities

These courses emphasize the study of cultural, literary, humanistic activities and artistic expression of human beings. With careful planning, the Humanities emphasis will satisfy the lower division major courses to transfer to a university and earn a Bachelor's degree in the various fields of Humanities. Students must meet with a counselor to ensure completion of required coursework for chosen major and specific college/university.

Associate Degree in Humanities can be completed within two (2) years

Some positions, however, require a four-year degree for which LCC's program is a good base for transfer

### Note to Transfer Students:

If you are interested in transferring to a four-year college or university to pursue a bachelor's degree in this major, it is critical that you meet with a counselor to select and plan the courses for your major. Schools vary widely in terms of the required preparation. The courses that Lassen Community College requires for an associate degree in this major may be different from the requirements needed for the bachelor's degree.

## Associate in Arts Degree University Studies: Emphasis in Humanities

**Total Units for the Associate in Arts Degree: 60 Units**

**Required Core Courses: 18 Units**

**Select 18 units from the following:**

Course No	Course Title	Units			
ART 6	Survey of Art History: Prehistoric Through Renaissance	3.0	HUM 1	Western Civilization-Prehistoric to 1600	3.0
ART 7	Survey of Art History: Renaissance Through Contemporary	3.0	HUM 2	Western Civilization-1600 to Present	3.0
ART 8	Art Appreciation	3.0	IDS 1	Introduction to sign Language	4.0
ART 9	History of Asian Art	3.0	IDS 2	Intermediate Sign Language	4.0
ENGL 2	Introduction to Literary Types	3.0	MUS 6	Music History from Antiquity to 1750	3.0
ENGL 3	British Literature I	3.0	MUS 7	Music History from 1750 to Modern Era	3.0
ENGL 4	British Literature II	3.0	MUS 12	Music Appreciation	3.0
ENGL 5	Survey of World Literature II	3.0	PHIL 10	Comparative World Religions	3.0
ENGL 10	Shakespeare	3.0			
ENGL 12	Survey of American Literature II	3.0			
ENGL 22	Creative Writing	3.0			
ENGL 33	Studies in Fiction	3.0			
ENGL 34	Studies in Poetry	3.0			
FILM 1	History of the Cinema	3.0			
HIST 14	World History-Beginning to 1500	3.0			
HIST 15	World History-1500 to Present	3.0			

### **Completion of either the CSU General Education or IGETC Option**

Remaining Units to total 60 Units may be selected from courses numbered 1-49

## **Program Student Learning Outcomes**

Upon completion of the **Associate in Arts Degree University Studies: Emphasis in Humanities**, the student will be able to:

1. Demonstrate an understanding of cultural, literary, humanistic activities and artistic expression of human beings.
2. Identify, recognize, define and describe various important works, creators, schools, styles and events in art, literature, philosophy and history from a variety of cultures and relate how they are relevant to the present.

# Natural Sciences

## DEGREE

Associate in Arts Degree University Studies:  
Emphasis in Natural Science

Associate in Arts Degree General Studies:  
Emphasis in Natural Science

The Natural Sciences emphasis is designed to provide lower division major courses to transfer to a university and pursue baccalaureate degrees in life science and physical science areas. Students must meet with a counselor to ensure completion required coursework for chosen major and specific college/university. Associate Degree in Natural Science can be completed within two (2) years.

### Associate in Arts Degree University Studies: Emphasis in Natural Science

**Total Units for the Associate in Arts Degree: 60 Units**

**Required Core Courses: 18 Units**

**Select 18 units from the following:**

Course No	Course Title	Units			
AGR 10	Introduction to Animal Science	3.0	CHEM 1A	General Chemistry I	5.0
AGR 19	Introduction to Soil Science	3.0	CHEM 1B	General Chemistry II	5.0
AGR 20	Introduction to Plant Science	4.0	CHEM 8	Introduction to Organic and Biochemistry	4.0
ANTH 1	Biological Anthropology	3.0			
BIOL 1	Principles of Molecular and Cellular Biology	4.0	CHEM 45	Introduction to Inorganic Chemistry	4.0
BIOL 4	Principles of Evolutionary, Organismal and Ecological Biology	5.0	GEOL 1	Physical Geology	4.0
			GEOL 5	Historical Geology and Paleontology	4.0
BIOL 10	Natural History of Plants and Animals	4.0	PHSC 1	General Physical Science	3.0
BIOL 20	Microbiology	5.0	PHYS 2A	General Physics I	4.0
BIOL 25	Human Anatomy and Physiology I	4.0	PHYS 2B	General Physics II	4.0
BIOL 26	Human Anatomy and Physiology II	4.0	<b>.Completion of either the CSU General Education or IGETC Option</b>		
BIOL 32	General Biology	3.0	Remaining Units to total 60 Units may be selected from courses numbered 1-49		
BIOL 32L	General Biology with Lab	4.0			

### Associate in Arts Degree General Studies: Emphasis in Natural Science

**Total Units for the Associate in Arts Degree: 60 Units**

**Required Core Courses: 18 Units**

**Select 18 units from the following:**

Course No	Course Title	Units			
AGR 10	Introduction to Animal Science	3.0	CHEM 1B	General Chemistry II	5.0
AGR 19	Introduction to Soil Science	3.0	CHEM 8	Introduction to Organic and Biochemistry	4.0
AGR 20	Introduction to Plant Science	4.0	CHEM 45	Introduction to Inorganic Chemistry	4.0
ANTH 1	Biological Anthropology	3.0	CHEM 55	Introductory Chemistry	3.0
BIOL 1	Principles of Molecular and Cellular Biology	4.0	GEOL 1	Physical Geology	4.0
BIOL 4	Principles of Evolutionary, Organismal and Ecological Biology	5.0	GEOL 5	Historical Geology and Paleontology	4.0
			PHSC 1	General Physical Science	3.0
BIOL 10	Natural History of Plants and Animals	4.0	PHYS 2A	General Physics I	4.0
BIOL 20	Microbiology	5.0	PHYS 2B	General Physics II	4.0
BIOL 25	Human Anatomy and Physiology I	4.0	<b>Electives: 24</b> (no more than 6 units from any one discipline). <i>The student may select from any courses numbered 1 – 99 to satisfy this requirement.</i>		
BIOL 26	Human Anatomy and Physiology II	4.0	<b>General Education Requirements: 18 Units</b>		
BIOL 32	General Biology	3.0	<b>Note: This degree does not prepare a student to transfer to a University.</b>		
BIOL 32L	General Biology with Lab	4.0			
CHEM 1A	General Chemistry I	5.0			

### **Program Student Learning Outcomes**

Upon completion of the **Associate in Arts Degree University Studies** or the **Associate in Arts Degree General Studies: Emphasis in Natural Science**, the student will be able to:

1. Demonstrate an understanding of the basic methodologies of science.
2. Examine the influence that the acquisition of scientific knowledge has on the development of the world's civilizations.
3. Demonstrate a basic understand of the language, laws, theories, and processes that are fundamental to anthropology, astronomy, biology, chemistry meteorology, geology, and/or physics, through the observation and analysis of real life examples.

# Nursing

## DEGREES

Associate in Science in Vocational Nursing

## Certificate of Achievement

Vocational Nursing

### ASSOCIATE IN SCIENCE DEGREE VOCATIONAL NURSING

The one-year Vocational Nursing Program will begin each new class in August and will be completed by the end of July. The Program is designed to provide the student with a strong academic foundation and clinical skill level necessary for entry level as a Licensed Vocational Nurse. The Program seeks to provide information and experiences for the student to be prepared to work as an integral member of the health care system. The Vocational Nursing Program offers both an Associate in Science Degree and a Certificate of Achievement in Vocational Nursing. Courses are offered in the traditional lecture/laboratory format. A minimum letter grade of "C" is required in each core course with a minimum overall grade point average of 2.00 to receive the Degree or Certificate.

As a Vocational Nursing major, you will:

- Study specific vocational nursing curriculum that prepares for a variety of career options.
- Develop skills that pertain to vocational nursing in the hospital, clinic and skilled nursing facility setting.
- Identify the areas of nursing that best suit the student.

#### Career Options as an LVN in:

Hospitals  
Prisons  
Physician Offices  
Community Clinics

Public Health

#### Program Highlights

- One year program reduces the time required to graduate
- Quality clinical sites

#### Note to Transfer Students:

If you are interested in transferring to a four-year college or university to pursue a bachelor's degree in this major, it is critical that you meet with a counselor to select and plan the courses for your major. Schools vary widely in terms of the required preparation. The courses that Lassen Community College requires for an associate degree in this major may be different from the requirements needed for the bachelor's degree.

### Associate in Science Degree in Vocational Nursing

#### Vocational Nursing Program

The Program is accredited by the California State Board of Vocational Nursing and Psychiatric Technicians. The individuals who successfully complete the Program are eligible to take the California Council Licensure Examination for licensure as a Vocational Nurse. A declaration of any record of convictions and fingerprinting is required to obtain a license. Persons with a conviction may be denied a license. Prior to registering for courses within the LVN Program, students must be accepted into the Program. The prerequisite requirements apply to both the Associate in Science Degree and the Certificate of Achievement. Students may contact the Director of Vocational Nursing at 530-257-6181 x8994 for any questions, concerns, or additional information.

#### Prerequisite Requirements

1. Completion of all application materials
2. Graduation from High School or equivalency through GED or California Proficiency Examination
3. A current, valid CPR card or AHA CPR
4. Completion of ENGL 1 with a grade of "C" or better or equivalent multiple measures placement.
5. Completion of MATH 60 Intermediate Algebra with a grade "C" or better or equivalent multiple measures placement.
6. Completion of the required prerequisite courses with a grade of "C" or better.

#### Required Prerequisite Courses: 20 Units

Course No	Course Title	Units	HO 3	Medical Terminology	3.0
BIOL 25	Human Anatomy and Physiology I	4.0	PSY 1	Introduction to Psychology	3.0
BIOL 26	Human Anatomy and Physiology II	4.0	PSY 18	Life Span Development	3.0
HLTH 25	Understanding Nutrition	3.0			

### Associate in Science Degree in Vocational Nursing

#### Total Units for the Associate in Science Degree: 73 Units

#### Required Core Courses: 44 Units

Course No	Course Title	Units	VN 55	Nursing Leadership/Professional Dev	2.0
VN 50	Pharmacology	4.0	VN 56	Clinical Lab III	6.0
VN 51	Nursing Fundamentals	4.0	VN 57	Maternity Nursing	2.0

VN 53	Adult Nursing Theory	7.0	VN 58	Pediatric Nursing	2.0
VN 54	Clinical Lab II	6.0	VN 59	Intravenous Therapy/Blood Withdrawal	2.0
			VN 60	NCLEX VN Review	2.0

---

### **Program Student Learning Outcomes**

Upon completion of the **Associate in Science Degree** or the **Certificate of Achievement in Vocational Nursing**, the student will be able to:

1. Successfully pass the National Council Licensure Examination state board examination for licensure as a Vocational Nurse.
2. Work in a variety of health care settings performing safe and effective nursing care.

# Nutrition and Dietetics

## DEGREES

Associate in Science in Nutrition and Dietetics for Transfer

The AS-T in Nutrition and Dietetics for transfer is designed to prepare the student for transfer into a Bachelor program at a California State University. As a Nutrition and Dietetics major, you will:

- Develop a strong foundation of the scientific method.
- Analyze nutritional facts and the effects from the environment and culture.
- Prepare to transfer to a California State University by completing undergraduate major preparation.

### Careers Related to this Field include\*:

Clinical Nutritionist/Dietitian  
Community and Public Health  
Food Service Management  
Consultant

\*Some careers will require a four-year degree for which LCC's program is a good base for transfer.

### Program Highlights

- Core curriculum for transfer to a California State University.
- Small class sizes.
- Individualized tutoring.
- Projected growth for Nutritionists/Dieticians from 2012-2022
- Laboratory opportunities.

### Note to Transfer Students:

The benefit for students completing the AS-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. "CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted."

## Associate in Science Degree in Nutrition and Dietetics for Transfer

**Total Units for the Associate in Science Degree with a minimum grade point average of 2.0: 60 units**

**Required Core Courses minimum grade 2.0: 28 Units**

**Required Core: 20 Units**

Course No	Course Title	Units	Select 8 Units From the following	
BIOL 20	Microbiology	5.0	BIOL 25 & Human Anatomy and Physiology I	4.0
CHEM 1A	General Chemistry I	5.0	BIOL 26 Human Anatomy and Physiology II	4.0
CHEM 45	Introduction to Chemistry	4.0	<b>OR</b>	
HLTH 25	Understanding Nutrition	3.0	CHEM 1B & General Chemistry II	5.0
PSY 1	Introduction to Psychology	3.0	MATH 40 Elementary Statistics	3.0

### Completion of either the CSU General Education or IGETC Option

Remaining Units to total 60 Units may be selected from courses numbered 1-49

### Program Student Learning Outcomes

Upon completion of the **Associate in Science Degree in Nutrition and Dietetics**, the student will be able to:

1. Analyze and evaluate nutritional information, lifestyle, and special needs to make recommendations for an adequate and balanced diet as well as to make recommendations for dietary improvement.
2. Use the scientific method to develop and conduct laboratory experiments utilizing accepted laboratory practices.
3. Identify, describe, and investigate the influence of environmental and culture on the development of individual behavior as it relates to nutrition and dietetics.
4. Display skills and knowledge necessary to continue study at a California State University in preparation for certification and a career as registered dietician.

# Physical Education/Kinesiology

## DEGREES

Associate in Arts in Kinesiology for Transfer

Associate in Arts Degree University Studies:  
Emphasis in Physical Education

The AA-T in Kinesiology is designed to provide students with a strong foundation for the study of the human body and body mechanics in preparation for transfer to a California State University. It is an excellent starting point for students interested in pursuing a baccalaureate degree in Kinesiology, Physical Education, and Sports Administration. The kinesiology major is designed to provide under graduate preparation leading to careers in physical fitness, physical therapy, sports medicine, coaching and education.

As a Kinesiology major, you will:

- Study a comprehensive introduction to the field of kinesiology through courses that are academically rigorous and content appropriate.
- Develop a solid foundation in the basic elements of scientific inquiry.
- Identify an area of specialization in kinesiology.

The University Studies and General Studies degrees with an emphasis in physical education provide an introduction to theories, principles, and practices utilized in sports, fitness, and education-related fields. Although the physical education emphasis prepares a student for further study of physical education, kinesiology, physiology of exercise, movement science or athletic training, the transfer of lower division major courses to a university for pursuit of a baccalaureate degree is depending on the transfer institution requirements. Students must meet with a counselor to ensure completion of required coursework for chosen major and specific college or university.

As a Physical Education major, you will:

- Study the history and theory of physical education and sport.
- Develop skills in areas related to fitness and individual and team sports.

## Career Options

Athletics Coach  
Physical Education Teacher  
Personal Fitness Trainer  
Physical Therapist  
Athletic Trainer  
Sports Official

\*Some positions however require a four-year degree for which LCC's program is a good base for transfer.

Associate Degree and Certificate of Achievement in Physical Education can be completed within two (2) years.

Internships in Physical Education may be available for students interested in Work Experience opportunities.

## Program Highlights

- The Associate in Arts in Kinesiology for Transfer degree includes the core curriculum for transfer to a California State University.
- Small class sizes.
- Individualized tutoring.
- Laboratory opportunities.
- Intercollegiate Athletics – Lassen College fields sports teams that compete throughout California. Men's sports are baseball, basketball, soccer and wrestling; women's sports are basketball, soccer, softball and volleyball.
- Fitness Courses – Many options are available to students wanting to adopt active lifestyles, manage weight, or are interested in practicing a new sport.
- Fitness Center and Yoga are some fitness favorites at LCC.

### Note to Transfer Students:

The benefit for students completing the AS-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. "CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted."

**Associate in Arts Degree in Kinesiology for Transfer**

**Total Units for the Associate in Arts Degree with a minimum grade point average of 2.0: 60 Units**

**Required Core courses minimum grade 2.0: 22 Units**

**Lower Division Major Preparation:**

Course No	Course Title	Units			
PE 15	Introduction to Kinesiology	3.0		<b>Individual Sports</b>	
BIOL 25	Human Anatomy & Physiology I	4.0	PEAC 34	Golf Skills	1.0

<b>Select 3 units form the following: 1 course from each area</b>				<b>Team Sports</b>	
<b>Fitness</b>			PEAC 5D	Off-Season Skills and Conditioning for Basketball	1.0
PEAC 16	Walking for fitness	1.0			
PEAC 32D	Fitness Center	1.0		<b>Take the following 2 courses 8 Units</b>	
PEAC 44	Yoga	1.0	MATH 40	Elementary Statistics	3.0
			CHEM 1A	General Chemistry	5.0

**Completion of either the CSU General Education or IGETC Option**

Remaining Units to total 60 Units may be selected from courses numbered 1-49

**Program Student Learning Outcomes**

Upon completion of the **Associate in Arts Degree in Kinesiology**, the student will be able to:

1. Describe the historical, ethical, and philosophical foundations of Kinesiology.
2. Defend and philosophy of physical activity that includes goals for lifetime fitness.
3. Demonstrate increased muscular strength, muscular endurance, and cardiovascular endurance specific to a team of individual sport or activity.
4. Apply the scientific method by stating a question; researching the topic; determining appropriate tests; collecting, analyzing, and presenting data; and finally proposing new questions about the topic.
5. Relate the structures and functions of the various body systems studied to the metabolic activities of a single selected body cell.

**Associate in Arts Degree University Studies: Emphasis in Physical Education**

**Total Units for the Associate in Arts Degree: 60 Units**

**Required Core Courses: 18 Units**

Course No	Course Title	Units			
BIOL 25	Human Anatomy and Physiology I	4.0	PEAC 6B	Pre-Season Skills and Conditioning for Wrestling	0.5

PEAC 5C.02	Women's Varsity Basketball-Spring	1.0			
PEAC 5D	Off-Season Skills and Conditioning for Basketball	1.0			
PEAC 6	Varsity Wrestling	3.0			

**Completion of either the CSU General Education or IGETC Option**

Remaining Units to Total 60 Units may be selected from electives. Courses must be numbered 1 – 49.

---

## Program Student Learning Outcomes

Upon completion of the **Associate in Arts Degree University Studies: Emphasis in Physical Education**, the student will be able to:

1. Develop and apply techniques and strategies for development of personal physical fitness.
2. Think critically and apply logic to situational game play through intercollegiate athletics.
3. Cooperate with others in a collaborative environment for accomplishment of personal fitness and/or team goals.
4. Implement a healthy lifestyle/physical fitness plan to enhance physical health and fitness.
5. Analyze trends and problems in physical education through historical comparisons; draw conclusions relevant to today's population and society.
6. Demonstrate mastery of a variety of skills and techniques specific to sport and fitness.
7. Demonstrate an understanding of the basic methodologies of science.

# Psychology

## DEGREE

Associate in Arts in Psychology for Transfer

The Associate in Arts Degree in Psychology for Transfer is designed to provide students with a strong foundation for the study of Psychology in order to transfer to a California State University. It is an excellent starting point for students interested in pursuing a baccalaureate degree in Psychology. The core course work is designed to provide undergraduate preparation in an overview of the study and practice of psychology as well as skill in analyzing and interpreting psychological research.

As a Psychology major, you will:

- Be exposed to the field of psychology through courses that are academically rigorous and content appropriate.
- Develop the skills necessary to gather, interpret, and analyze quantitative and qualitative data.

### Career Options

Human or Social Services Careers in these possible areas:

Case Management  
Social Work  
Career Counselor  
Rehabilitation Specialist  
Mental Health Services

### Career Preparation

The Associates in Arts Degree in Psychology for Transfer prepares the student for transfer to a California State University.

### Program Highlights

Core curriculum in Psychology for transfer to a California State University  
Small class size  
Individualized tutoring  
Associate Degree in Psychology can be completed within two (2) years.

### Note to Transfer Students:

The benefit for students completing the AS-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. "CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted."

## Associate in Arts Degree in Psychology for Transfer

**Total Units for the Associate in Arts Degree with a minimum grade point average of 2.0: 60 Units**

**Required Core Courses minimum grade 2.0: 18 Units**

**Required Core: 9 Units**

Course No	Course Title	Units
MATH 40	Elementary Statistics	3.0
PSY 1	Introduction to Psychology	3.0
PSY 5	Introduction to Research Methods	3.0
<b>Complete one of the following 3-4 Units</b>		
BIOL 32	General Biology	3.0
BIOL 32L	General Biology with Lab	4.0

**Complete 6 units from the following:**

PSY 6	Abnormal Psychology	3.0
PSY 18	Life Span Development	3.0
PSY 31	Child Development: Conception Through Adolescence	3.0
PSY 33	Psychology of Personal and Social Development	3.0

**Completion of either the CSU General Education or IGETC Option**

Remaining Units to total 60 Units may be selected from courses numbered 1-49

### Program Student Learning Outcomes

Upon completion of the **Associate in Arts Degree in Psychology for Transfer** student will be able to:

1. Demonstrate comprehension of the major concepts, theoretical perspectives, empirical findings, and historical and contemporary trends in psychology.
2. Demonstrate comprehension of scientifically-based research methods in psychology.
3. Use logic and empirical evidence to evaluate claims made about behavior.

# Social Sciences

## DEGREES

Associate in Arts Degree University Studies:

Emphasis in Social Sciences

Associate in Arts Degree General Studies:

Emphasis in Social Sciences

The Associate in Arts Degree in University Studies, Social Sciences emphasis is designed to provide students with a strong foundation for the study of humanity from diverse perspectives. It is an excellent starting point for students interested in pursuing baccalaureate degrees in anthropology, history, political science, psychology, sociology. Students must meet with a counselor to ensure completion required coursework for chosen major and specific college/university.

These courses emphasize the study of human, social, political, and economic institutions and behaviors. Students will examine problems and issues in these areas in their contemporary as well as historical setting.

Some positions however require a four-year degree for which LCC's program is a good base for transfer.

Associate Degree in Social Sciences can be completed within two (2) years.

### Note to Transfer Students:

If you are interested in transferring to a four-year college or university to pursue a bachelor's degree in this major, it is critical that you meet with a counselor to select and plan the courses for your major. Schools vary widely in terms of the required preparation. The courses that Lassen Community College requires for an associate degree in this major may be different from the requirements needed for the bachelor's degree.

## Associate in Arts Degree University Studies: Emphasis in Social Sciences

**Total Units for the Associate in Arts Degree: 60 Units**

**Required Core Courses: 18 Units**

**Select 18 units from the following:**

Course No	Course Title	Units			
AJ 5	Introduction to Forensics	3.0	HUM 2	Western Civilization-1600 to Present	3.0
AJ 8	Criminal Court Process	3.0	PLSC 1	American Institutions	3.0
AJ 10	Criminology	3.0	PSY 1	Introduction to Psychology	3.0
AJ 12	Introduction to Criminal Justice	3.0	PSY 5	Introduction to Research Methods	3.0
AJ 20	Criminal Law	3.0	PSY 6	Abnormal Psychology	3.0
AGR 2	Agricultural Economics	3.0	PSY 18	Life Span Development	3.0
ANTH 2	Cultural Anthropology	3.0	PSY 31	Child Development: Conception Through Adolescence	3.0
ANTH 3	Introduction to Archaeology	3.0			
CD 31	Child Development: Conception Through Adolescence	3.0	PSY 33	Psychology of Personal and Social Adjustment	3.0
ECON 10	Macro-economics	3.0	SOC 1	Introduction to Sociology	3.0
ECON 11	Micro-economics	3.0	SOC 2	Social Problems	3.0
ES 1	Ethnic Minorities in America	3.0	SOC 3	Family Relations	3.0
GEOG 2	Cultural Geography	3.0	SOC 4	Introduction to Gender	3.0
HIST 14	World History-Beginning to 1500	3.0			
HIST 15	World History-1500 to Present	3.0			
HIST 16	U.S. History	3.0			
HIST 17	Post-Civil War U.S. History	3.0			
HUM 1	Western Civilization-Prehistoric to 1600	3.0			

**Completion of either the CSU General Education or IGETC Option**

Remaining Units to total 60 Units may be selected from courses numbered 1-49

## Program Student Learning Outcomes

Upon completion of the **Associate in Arts Degree University Studies: Emphasis in Social Sciences**, the student will be able to:

1. Demonstrate an understanding of human beings, their actions and interactions, decision-making processes, communication strategies, and the methods of scientific inquiry.
2. Analyze patterns of social problems, which are based on ethnic and cultural differences in the United States.
3. Analyze the influence of culture, family, society, and environment on an individual's development.
4. Examine human diversity in relation to psychological theory.

**Associate in Arts Degree General Studies: Emphasis in Social Sciences**

**Total Units for the Associate in Arts Degree: 60 Units**

**Required Core Courses: 18 Units**

**Select 18 units from the following:**

Course No	Course Title	Units			
			HUM 2	Western Civilization-1600 to Present	3.0
AJ 5	Introduction to Forensics	3.0			
AJ 8	Criminal Court Process	3.0	PLSC 1	American Institutions	3.0
AJ 10	Criminology	3.0	PSY 1	Introduction to Psychology	3.0
AJ 12	Introduction to Criminal Justice	3.0	PSY 5	Introduction to Research Methods	3.0
AJ 20	Criminal Law	3.0	PSY 6	Abnormal Psychology	3.0
AGR 2	Agricultural Economics	3.0	PSY 18	Life Span Development	3.0
ANTH 2	Cultural Anthropology	3.0	PSY 31	Child Development: Conception Through Adolescence	3.0
ANTH 3	Introduction to Archaeology	3.0			
BUS 22	Business Law	3.0	PSY 33	Psychology of Personal and Social Adjustment	3.0
CD 31	Child Development: Conception Through Adolescence	3.0	SOC 1	Introduction to Sociology	3.0

HIST 16	U.S. History	3.0			
HIST 17	Post-Civil War U.S. History	3.0			
HUM 1	Western Civilization-Prehistoric to 1600	3.0			

**Electives: 24 units** Courses must be numbered 1-99  
**General Education Requirements: 18 Units**

*Note: This degree does not prepare a student to transfer to a University*

**Program Student Learning Outcomes**

Upon completion of the **Associate in Arts Degree General Studies: Emphasis in Social Sciences**, the student will be able to:

1. Demonstrate an understanding of human beings, their actions and interactions, decision-making processes, communication strategies, and the methods of scientific inquiry.
2. Analyze patterns of social problems, which are based on ethnic and cultural differences in the United States.
3. Analyze the influence of culture, family, society, and environment on an individual's development.
4. Examine human diversity in relation to psychological theory.

# Sociology

## DEGREE

Associate in Arts in Sociology for Transfer

The Associate in Arts Degree for Transfer in Sociology is designed to provide students with a strong foundation for the study of society and social behavior. The sociology major is designed to provide undergraduate preparation leading to careers in social work, politics, law, public administration, the nonprofit sector, international development, marketing, urban and environmental planning, public relations, human resource management, counseling and other social service professions. It is an excellent starting point for students interested in pursuing a baccalaureate degree in sociology. Students will examine problems and issues in their contemporary as well as historical setting.

As a Sociology major you will:

- Study a comprehensive introduction to the field of sociology through courses that are academically rigorous and content appropriate.
- Acquire the knowledge and skills to apply the “sociological perspective” to your own life and to the social environment of which you are a part.
- Gain the knowledge and ability to use sociological concepts creatively in analyzing and critically thinking about social phenomena.
- Analyze the news of the day as well as changes in the global economy and other major social institutions.
- Identify an area of specialization in sociology

Associate Degree in Sociology can be completed within two (2) years.

### Note to Transfer Students:

The benefit for students completing the AA-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. “CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted.”

---

## Associate in Arts Degree in Sociology for Transfer

**Total Units for the Associate in Arts Degree with a minimum grade point average of 2.0: 60 Units**

**Required Core Courses minimum grade 2.0: 18 Units**

**Complete the following 15 Units:**

Course No	Course Title	Units
SOC 1	Introduction to Sociology	3.0
SOC 3	Family Relations	3.0
SOC 4	Introduction to Gender	3.0
<b>Select 6 unit</b>		
PSY 5	Introduction to Research methods	3.0
SOC 2	Social Problems	3.0
MATH 40	Elementary Statistics	3.0

**Select 3 additional Units from the following:**

ANTH 2	Cultural Anthropology	3.0
PSY 1	Introduction to Psychology	3.0

**Completion of either the CSU General Education or IGETC Option**

Remaining Units to total 60 Units may be selected from courses numbered 1-49

---

## Program Student Learning Outcomes

Upon completion of the **Associate in Arts Degree in Sociology for Transfer** student will be able to:

1. Identify and explain basic concepts of sociology, research and theory.
2. Identify processes of social control and how they shape our social institutions and lives.
3. Display knowledge of the impact of social institutions on everyday lives.
4. Effectively work in teams, managing time, tasks, and personality differences sharing results and analysis to arrive at a final collaborative product.
5. Systematically collect, organize, and present appropriate data from a variety of sources including independent research, written journals and the Internet. Assess the validity of the data and interpret it correctly.

# Welding Technology

## DEGREE

Associate in Science in Welding Technology

## CERTIFICATES OF ACHIEVEMENT

Welding Technology Two-Year Plan  
Welding Technology One-Year Plan

## CERTIFICATE OF ACCOMPLISHMENT

Welding Technology

The Welding Technology Program is designed to prepare the student with the necessary skills to acquire an entry-level position in the various industries that require the different welding processes available through the Program. The Welding Program is also designed to assist those already employed in the industry and those in the community to improve their skills. The Program offers course work in Oxyacetylene Welding (OAW), Gas Metal Arc Welding (GMAW), Shielded Metal Arc Welding (SMAW), Gas Tungsten Arc Welding (GTAW) and American Welding Society (AWS) qualifications in plate and pipe welding. The curriculum is updated with the assistance of an industry advisory committee.

As a Welding major, you will:

- Study a general welding curriculum including welding plate and pipe and qualifications in multiple welding processes to American Welding Society standards.
- Develop leadership and communication skills.
- Identify the welding careers you are most interested in and build a course of study to better qualify you to succeed in that career.

### Career Options

Welding Technician  
Sales  
Inspection  
Supervision & Management  
Aerospace  
Welding Engineering  
Construction  
Trucking & Automotive  
Welding Instructor

Some positions however require a four-year degree for which LCC's program is a good base for transfer.

### Program Highlights

- Classes for beginning through advanced welders.
- Welding qualifications through the American Welding Society.
- Practical hands-on training with classroom theory.
- Short term courses.

Associate Degree and Certificate of Achievement in Welding can be completed within two (2) years.

Internships in welding are available for students interested in Work Experience opportunities.

## Associate in Science Degree Welding Technology

**Total Units for the Associate in Science Degree: 60 Units**

**Required Core Courses: 24 Units**

Course No	Course Title	Units			
WT 20	Power Plant and Field Pipe Welding I	3.0	CA 31	Computer Applications I	2.0
WT 21	Power Plant and Field Pipe Welding II	3.0	IT 22	Operations Maintenance and Safety	1.0
WT 22	Power Plant and Field Pipe Welding III	3.0	IT 72	Facilities Maintenance: Welding	2.0
WT 23	Power Plant and Field Pipe Welding IV	3.0	WT 42	Intermediate Shielded Metal Arc Welding	3.0
WT 36	Welding Theory and Practice: Oxyacetylene	3.0	WT 43	Advanced Shielded Metal Arc Welding	3.0
WT 37	Welding Theory and Practice: Shielded Metal Arc Welding	3.0	WT 44	Gas Metal Arc Welding	3.0
WT 38	Welding Theory and Practice: Gas Metal Arc Welding	3.0	WT 45	Gas Tungsten Arc Welding	3.0
WT 39	Welding Theory and Practice: Gas Tungsten Arc Welding	3.0	WT 51	Blueprint and Symbol Reading for Welders	2.0
			WT 52	Robotic Welding Operations and Programming	3.0
			WT 53	Robotic Welding Operations and Programming Advanced	3.0
<b>Required Electives: 18 Units</b>			<b>General Education Requirements: 18 Units</b>		
BUS 25	Small Business Management	3.0			

### Program Student Learning Outcomes

Upon completion of the **Associate in Science Degree Welding Technology**, the student will be able to:

1. Demonstrate the safe setup and application of various welding and cutting processes to specific metals and joint designs, which meet or exceed industry standards and the American Welding Society Structural Welding Code, DI.1.

**Certificate of Achievement: Welding Technology - Two Year**

**Total Units for the Two-Year Certificate of Achievement: 44 Units**

**Required Core Courses: 29 Units**

Course No	Course Title	Units	WT 51	Blueprint and Symbol Reading for Welders	2.0

<b>CL</b>	<b>C</b> redit <b>L</b> imit. See a counselor.
<b>R</b>	Course may be <b>R</b> epeated
<b>C-ID</b>	<b>C</b> ourse <b>I</b> dentification Number ( <i>See Catalog Definition on page 35</i> )

## Course Numbering

The following course numbering system has been adopted for Lassen Community College courses.

Numbers 1-49	Associate Degree Applicable Credit Course, Transfer
Numbers 50-99	Associate Degree Applicable Credit Course, Non-Transfer
Numbers 100-109	Non-degree Applicable Pre-Collegiate Basic Skills Course
Numbers 110-149	Other Non-degree Applicable Credit Course
Numbers 150-189	Non-credit Course

## Selected Topic Courses

Selected topic courses are numbered 48 or 98.

In selected career technical education degrees and certificates, selected topic courses can be used to meet elective requirements.

## Work Experience Courses

Work experience courses are numbered 49.

## Distance Education

Lassen Community College has distance learning instruction that includes online courses and hybrid courses. For additional information on distance-learning courses, please contact Academic Services at 530.251.8819.

## **ADMINISTRATION OF JUSTICE**

### **AJ 5 - Introduction to Forensics**

**3.0 units**

**CSU/UC**

**C-ID AJ 150**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course provides an introduction to the role of forensics in criminal investigations. It examines the methods utilized in the forensic analysis of crime scenes, pattern evidence, instruments, firearms, questioned documents and controlled substances. This course has been approved for hybrid and online delivery.

### **AJ 8 – Criminal Court Process**

**3.0 units**

**CSU/UC**

**C-ID AJ 122**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course focuses on the structural outlay and philosophy of the court system, with special emphasis on criminal law and procedure, court processes, and structures, constitutional guarantees, the trial process, and the roles of judges, prosecutors, defense attorneys and juries. Stages of the criminal process to include the Fifth, Sixth, Eight, and Fourteenth Amendments will be covered. This course has been approved for hybrid and online delivery.

### **AJ 9 - Introduction to Correctional Science**

**3.0 units**

**CSU**

**C-ID AJ 200**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course is designed to provide the student with the history of and critical analysis of punishment, alternatives to punishment, and the impact of punishment on the Criminal Justice System and corrections. It will provide a critical examination of the various types of correctional institutions, the special populations housed in these institutions as well as community prisons, alternatives to incarceration and other innovative programs. Students will also

study the political and economic ramifications of juvenile delinquents and their rights of Due Process. This course has been approved for online, hybrid and correspondence delivery.

### **AJ 10 – Criminology**

**3.0 units**

**CSU/UC**

**General Education Area B**

**CSU GE Area D**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course is designed to help students develop an understanding of the nature, organization and consequences of the American criminal justice system. The course includes the examination of the foundations of criminology, theories of crime and criminology, and crime typology. This course has been approved for online, hybrid and correspondence delivery.

### **AJ 11 – Youth Gangs in America**

**3.0 units**

**CSU/UC**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course explores youth gang activity in the United States. Focusing primarily on contemporary street gangs. The social conditions that lead to their emergence are considered, as well as perceptions of the gang problem. Also considered are racial and ethnic differences between gangs and potential solutions to the challenges that youth gangs present. This course has been approved for correspondence, hybrid and online delivery.

### **AJ 12 - Introduction to Criminal Justice**

**3.0 units**

**CSU**

**C-ID AJ 110**

**General Education Area B**

**CSU Area D**

**IGETC Area 4**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hour lecture

This course explores the roots of our current justice system and the interaction of its various subsystems (law enforcement/prosecution, judicial and corrections). It emphasizes the organizational structure and legal considerations relevant to each

subsystem. Topics include the origin of law, theories of crime causation, criminal procedure, and sentencing philosophies and alternatives. This course has been approved for correspondence, hybrid and online delivery.

### **AJ 14 - Juvenile Procedures**

**3.0 units**

**CSU**

**C-ID AJ 220**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course is designed to give the student an understanding of the juvenile justice system. Emphasis will be placed on basic organization, function, and jurisdiction of the various juvenile related law enforcement agencies. The study of the processing and detention of juveniles, their court procedures, dispositions and juvenile diversion will be examined. The development of an understanding of juvenile delinquency will be explored while gaining insight into the numerous rules of evidence, basic criminal laws, and the tactics used in dealing with juvenile offenders. This course has been approved for online, hybrid and correspondence delivery.

### **AJ 16 – Supervision in Law Enforcement**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hour lecture

This course will focus on the skills and knowledge of supervision as applied in law enforcement. The course surveys the practical, theoretical and experiential aspects of the job. The course spans topics from the supervisor's role and leadership and command presence to productivity and performance measurement. Emphasis is placed on both individual and organizational development. This course has been approved for online delivery.

## **AJ 20 - Criminal Law**

**3.0 units**

**CSU/UC**

**General Education Area B**

**CSU GE Area D**

**C-ID AJ 120**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course offers an overview of the origin and development of law, including English Common Law. It provides an analysis of the doctrines of criminal liability in the United States and the classification of crimes against persons, property, morals, and public welfare. The distinction between torts and crimes, felonies and misdemeanors, and venue and jurisdiction will be examined. Crimes against persons and property and crimes popularly deemed to be victimless will be discussed. This course utilizes case law and case studies to introduce students to criminal law. This course is also approved for online, hybrid and correspondence delivery.

## **AJ 23 - Criminal Evidence**

**3.0 units**

**CSU**

**C-ID AJ 124**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A course dealing with the concepts of evidence, types and rules governing admissibility. Judicial decisions, interpretation of individual rights and prosecution decisions are examined. Developing trends in the laws of criminal evidence are discussed. This course has been approved for correspondence and online delivery.

## **AJ 24 - Community Relations**

**3.0 units**

**CSU/UC**

**C-ID AJ 160**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course examines the complex, dynamic relationship between communities and the justice system in addressing crime and conflict with an emphasis on the challenges and prospects of administering justice within a diverse multicultural population. An overview of multicultural concepts and issues, including those related to gender, age, and sexual preference is covered as well as an examination of strategies to

overcome these problems. This course has been approved for correspondence, hybrid and online delivery.

## **AJ 35 - Investigative Techniques**

**3.0 units**

**CSU**

**C-ID AJ 140**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A semester course with instruction and hands-on training regarding fundamentals of investigation; crime scene search and recording; collection and preservation of physical evidence; scientific aids; modus operandi; sources of information; interviews and interrogation; follow-up and case preparation. This course has been approved for online and correspondence delivery.

## **AJ 49 - Administration of Justice Work Experience**

**1.0 – 8.00 units**

**CSU**

**General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

600 hours lab (R)

This work based learning course is designed to assist students with educational or career goals in administration of justice, who are working in the field of law enforcement, to build related job specific skills through individualized learning objectives and enhance their workplace performance. All Work Experience enrollments require attendance of a face-to-face orientation session. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the workplace, and career development. Subsequent enrollments require new individualized learning objectives, and completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Career Technical Education, Occupational and General Work Experience enrollments. Title V specifies students will earn 1 unit

of credit for each 75 hours of paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid delivery

## **AJ 52A - Arrest Methods and Procedures**

**2.5 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

40 hours lecture total (R)

A course certified by the California Peace Officer Standards and Training to qualify students for reserve level law enforcement functions. An interactive course to effectively train the student in the important powers and duties of a California Peace Officer. Repeatable as necessary to maintain certification.

## **AJ 52B - Firearms P.C. 832**

**0.5 unit**

**Co-requisite: AJ 52A**

24 hours lab (R)

A course certified by the California Peace Officer Standards and Training to qualify students to meet the requirement of P.C. 832. Enrollment limited to those with Department of Justice criminal history clearance (non-sponsored trainees only). Repeatable as necessary to maintain certification.

## **AJ 52BR - Firearms Training-Refresher**

**0.5 units**

8 hours lecture (R)

An 8 hour course on firearms care, cleaning and shooting principle. Includes range combat shoot based on requirement of the 832 P.C. Basic Course. This course is a refresher course to meet state requirements for concealed weapons permit. Enrollment limited to those with Department of Justice criminal history clearance (non-sponsored trainees only). Repeatable as needed.

## **AJ 53 – Basic Force and Weaponry**

**2.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

40 hours lecture

This course is designed for probation officers, fire investigators, and other personnel who are planning to work or who have been assigned to work an armed position. The course meets the California Peace Officers Standards and Training (POST) 832 Firearms requirements and will provide students with practical and realistic tactical exercises to build confidence and improve weapon handling skills. Enrollment

limited to current California peace officers who are sponsored by their agency. Course instructor signature required for enrollment. Material fees of \$15.00 per student collected at time of registration. Repeatable as necessary to maintain certification.

### **AJ 57 – Firearms/Tactical Rifle** **1.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hours lecture

This course provides students introduction to the patrol rifle, its uses and specific understanding and familiarization of the rifle in conjunction with its abilities and deployment options. Includes weapon nomenclature, maintenance, storage, California Penal Code sections, and review of Department policies of utilizing the patrol rifle. Successful completion of this course satisfies the legislative training mandate to possess short barrel rifles as specified in Penal Code section 33220(b) and the California POST training requirement to possess long barrel rifles as specified in POST Commission Regulation 1081. Must be a current California Peace Officer sponsored by an Agency. Instructor will verify qualifications before signing registration card. To cover the cost of handouts and targets a material fee of \$10.00 per student will be collected at the time of registration. Repeatable as necessary to maintain certification.

### **AJ 58 – Perishable Skills for Peace Officers** **1.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hours lecture

This Course is designed for current peace officers to meet California Peace Officer Standards and Training (POST) mandated bi-annual perishable skills training requirements. Students will receive refresher knowledge and skills in officer safety, proper and safe firearms handling, storage and cleaning techniques, proper and safe tactical movement, arrest and control techniques, safe and efficient driver awareness techniques, and effective verbal and non-verbal communication used in policing. Enrollment limited to current California peace officers. Course instructor signature required for enrollment. Material fees of \$10.00 per student collected at time of registration. Course may be repeated as needed for recertification.

### **AJ 59 – First Aid/CPR/AED Refresher for Peace Officers** **0.5 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

8 hours lecture

This course is designed to meet the content and testing requirement of Title 22 of the California Code of Regulation and the Emergency Medical Services Authority (EMSA) requirements for peace officer refresher training related to the administration of First Aid, Cardiopulmonary Resuscitation and Automated External Defibrillators. Course may be repeated as needed for recertification. Material fees of \$10.00 per student collected at time of registration. Enrollment limited to current California peace officers. Course instructor signature required for enrollment.

### **AJ 60-Adult Correctional Officer Core Course** **9.50 units**

**Prerequisites:** Must be 18 years of age and have High School Diploma or GED.

**Recommended Preparation:** Successful completion of ENGL105 or equivalent multiple measures placement.

This course presents and meets the required training for entry level local correctional officers by the Board of State and Community Corrections, Standards and Training for Corrections (STC). Topics include: criminal justice System, professionalism and ethics, gangs, oral and written communication, maintaining security, booking, receiving and releasing offenders, supervising offenders, medical issues, classification of offenders, cultural awareness, report writing and record keeping, emergency procedures, visitation, screening and distribution of supplies and mail, transportation, testifying in court, assault and abuse, defensive tactics and restraint techniques, behavioral health and personal physical conditioning basics. This course is designed to provide practical hands on training in correctional officer tactics and weapon usage, participants in this course will engage in physically demanding classroom training exercises that include a potential risk of injury to the participants. Students need to be prepared for the rigor of the physical conditioning and defensive tactics training. Pre-existing medical conditions may interfere with successful completion of these sections and/or the course.

Course instructor signature required for enrollment. Material fees of \$50.00 per student collected at time of registration.

### **AJ 71 – CDCR Off Post Training for Custody Staff** **1.0 unit**

**Pre-requisites:** Basic Correctional Academy including POST Training 51 hours lab (R)

This course is designed to provide annual off post training to California Department of Corrections and Rehabilitation (CDCR) custody staff. This course is repeatable when legally mandated for continued paid or volunteer employment.

## **AGRICULTURE**

### **AGR 1 - Agricultural Accounting** **3.0 units** **CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab

The Study of the principles of agricultural accounting systems and types of records, their use and how to compute, and use measures of earnings and cost of production to improve agribusiness efficiency. Also included are farm income tax, Social Security, and employee payroll records. Application of these concepts and methods through hands-on projects developing computer-based solutions for agriculture business. This course has been approved for hybrid delivery.

### **AGR 2 - Agricultural Economics** **3.0 units** **CSU/UC**

**General Education Area B**

**CSU GE Area D2**

**IGETC Area 4B**

**C-ID AG-AB 124**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Study of agriculture and farming in the economic system; basic economic concepts, and problems of agriculture; pricing and marketing problems, factors of production; and state and federal farm programs affecting the farmer's economic position. This course has been approved for hybrid delivery

**AGR 3 - Introduction to Agriculture Business**

**3.0 units**

**CSU/UC**

**C-ID AG-AB 104**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course is a survey and basic understanding of the business and economics of the agriculture industry. It is an introduction to the economic aspects of agriculture and their implications to the agricultural producer, consumer and the food system. The management principles encountered in the day-to-day operation of an agricultural enterprise are stressed as they relate to the decision-making process. This course has been approved for hybrid delivery.

**AGR 4 – Agricultural Sales and Communication**

**3.0 units**

**CSU**

34 hours lecture/51 hours lab

The study of principles and practices of the selling process: Selling strategies and approaches, why and how people buy, prospecting, territory management and customer service. Self-management, communication, and interpersonal skills necessary in developing leadership qualities and facilitating teamwork within the agribusiness sector will be explored. Students will gain experience through role-play, formal sales presentations, and job shadowing. The course content is organized to give students an in-depth understanding of the factors and influences that affect the agribusiness industry on a day to day basis. This course has been approved for hybrid delivery.

**AGR 8 - Introduction to Animal Production**

**3.0 units**

**CSU/UC (Unit limitation)**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course is specifically designed for students planning to raise livestock for personal use with limited resources, with emphasis placed on its importance in agriculture and to the local and national economy; common breeds, specialty breeds, terminology, and cycles of production; and its importance and use of the basic sciences in the livestock industry. This course has been approved for hybrid delivery.

**AGR 9 - Food Animal Selection**

**3.0 units**

**CSU/UC (Unit limitation)**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab

An introductory survey of the factors involved in the evaluation of market and breeding livestock used for human consumption. Class activities will be a combination of lecture, visual appraisal, performance data, record keeping, and oral presentation. Introductory course does not require student to compete past the local level. This course has been approved for hybrid delivery.

**AGR 10 - Introduction to Animal Science**

**3.0 units**

**CSU/UC (Unit limitation)**

**General Education Area A**

**CSU GE Area B2 B3**

**IGETC Area 5B**

**C-ID AS 104**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab

This is a course in principles of Animal Science. Topics will include anatomy, physiology, endocrinology, reproduction, molecular and classical genetics, animal health and animal behavior. The course will provide an overview of the origin, characteristics, adaptation and contribution of farm animals to the agriculture industry. Laboratory exercises will provide an introduction to the empirical method including data collection and analysis. This course has been approved for hybrid delivery.

**AGR 11 - Beef Cattle Production**

**3.0 units**

**CSU/UC (Unit limitation)**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab

Principles and practices of purebred and commercial beef production on farm and range. Feeding, breeding management, housing, health, equipment, marketing, record keeping and other basic factors underlying successful beef production. This course has been approved for hybrid delivery.

**AGR 12 – Animal Health and Disease**

**3.0 units**

**CSU/UC**

34 hours lecture/51 hours lab

Study of common livestock diseases and fundamentals of immunity; includes the livestock technicians role in promoting animal health and the foundation of disease control programs. This course has been approved for hybrid delivery.

**AGR 13 - Feeds and Feeding**

**3.0 units**

**CSU/UC**

**C-ID AG-AS 132L**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab

The science of animal nutrition; the fundamentals of digestion and absorption in both ruminants and non-ruminants is discussed. The nutritive value of feedstuffs as they related to the formulation of livestock rations will be emphasized. This course has been approved for hybrid delivery.

**AGR 14 – Equine Science**

**3.0 units**

**CSU/UC**

**C-ID AG-AS 116L**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab

Survey of the equine industry, encompassing the evolution and role of the equine species throughout history, breed selection and development, nutrition, disease, preventative health, reproductive management, basic horsemanship and stabling alternatives. This course has been approved for hybrid delivery.

**AGR 19 – Introduction to Soil Science**

**3.0 units**

**CSU/UC**

**GE Area A**

**CSU GE Area B1 B3**

**IGETC Area 5A**

**C-ID AG-PS 128L**

34 hours lecture/51 hours lab

The study of soil, physical, chemical and biological properties. Soil classification, derivation, use, function and management; including erosion, moisture retention, structure, cultivation, organic matter and microbiology. Laboratory topics include soil type, classification, soil reaction, soil fertility and physical properties. This course has been approved for hybrid delivery.

**AGR 20 - Introduction to Plant Science**

**4.0 units**

**CSU/UC**

**General Education Area A**

**CSU GE Area B2 B3**

**IGETC Area 5B**

**C-ID AG-PS 106L**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture/51 hours lab

This course is an introduction to plant science including structure, growth processes, propagation, physiology, growth media, biological competitors, and post-harvest factors of food, fiber, and ornamental plants. This course has been approved for hybrid delivery.

**AGR 21B - Intercollegiate Rodeo**

**3.0 units**

**CSU**

**General Education Area E2**

170 hours lab (R)

Intercollegiate rodeo competition – men and women. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year. This course has been approved for online and hybrid delivery for emergency use only.

**AGR 22 - Rodeo Skills**

**3.0 units**

**CSU**

**General Education Area E2**

153 hours lab

This course is an introduction and practice in the basics of Rodeo Skills. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year. This course has been approved for online and hybrid delivery for emergency use only.

**AGR 23 - Western Riding and Training**

**2.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/51 hours lab

This course specializes in the many phases of Western riding and training. It will bring together material which is important to the student interested in horses as a career. This course will enable the student to show and compete more successfully in the horse industry. It prepares the student to enter the horse business as a riding instructor, trainer or

manager. This course has been approved for hybrid delivery.

**AGR 31 - Bovine Embryo Transfer**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

42.5 hours lecture/25.5 lab

This course is designed to present Bovine Embryo Transfer subject matter in a seminar format. The embryo transfer process and how it relates to the cattle industry will be studied. This course has been approved for hybrid delivery.

**AGR 40 - Basic Agricultural Mechanics**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/102 hours lab

A course designed to teach basic skills required in a farm shop, which includes, but is not limited to equipment repair, metal work, hydraulics and farm construction. This course has been approved for hybrid delivery.

**AGR 41 - Farm Tractors and Farm Power**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/102 hours lab

The selection, use, application, operation, service, maintenance, adjustment and handling of minor repairs of wheel and track-type farm tractors. Principles of operation of internal combustion engines will be taught through practical application. This course has been approved for hybrid delivery.

**AGR 42 - Farm Surveying, Irrigation and Drainage**

**3.0 units**

**CSU**

17 hour lecture/102 hours lab

Student will be involved in irrigation and drainage problems concerning pumps, motors, sprinkler systems, pipe lines, ditches, and wells. The use of survey or leveling equipment will be applicable to this course as fields are prepared for irrigation systems. This course has been approved for hybrid delivery.

**AGR 49 - Agricultural Work Experience 1.00–8.00 units**

**CSU**

**General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

75-600 hours lab (R)

This work based learning course is designed to assist students with educational or career goals in agriculture, who are working in the field of agriculture, to build related job specific skills through individualized learning objectives and enhance their workplace performance. All Work Experience enrollments require attendance of a face-to-face orientation session. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the workplace, and career development. Subsequent enrollments require new individualized learning objectives, and completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Career Technical Education, Occupational and General Work Experience enrollments. Title V specifies students will earn 1 unit of credit for each 75 hours of paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid delivery

**AGR 50 - Basic Riding**

**2.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/51 hours lab

A course designed to introduce horse care and basic western riding skills. This course covers not only the ability to ride, but an understanding of equipment, conformation, breeds, care and feeding. This course has been approved for hybrid delivery.

## **AGR 51 - Horsemanship**

### **2.0 units**

17 hour lecture/51 hours lab  
Intermediate Level: Utilizing natural horsemanship techniques to build confidence and communication between horse and rider. Special instruction in problem solving and preparing the horse and rider for trail horse obstacles, reining and cattle handling. This course has been approved for hybrid delivery.

## **AGR 53 - Colt Training**

### **2.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/51 hours lab  
This course is designed to present beginning methods of colt training to include catching, creating trust, driving, first ride, first 30 days and loading. This course has been approved for hybrid delivery.

## **AGR 57 - Beginning Horseshoeing**

### **3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

24 hours lecture/68 hours lab  
An introduction to the shoeing of horses, utilizing both hot and cold shoes. Also included will be the anatomy and physiology of the horse's hooves with the ability to identify blemishes and soundness. Use of the forge and the making of shoes from bar stock will be presented in addition to the instruction of actually shoeing horses. This course has been approved for hybrid delivery.

## **AGR 61 - Introduction to Bovine Reproduction**

### **1.5 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/25.5 hours lab  
This course is designed to give students an understanding of bovine reproduction. This course will focus on the application of artificial insemination and estrous synchronization. During this course both male and female reproduction will be discussed. The course is designed to give students the ability to understand and master the skills of artificial insemination. This course has been approved for hybrid delivery.

## **AGR 70 - Rodeo Team Roping**

### **1.0 unit**

48 hours lab (1 week)  
This course is designed for those students interested in expanding their skills in horsemanship, cattle work and

team cooperation. This course is highly competitive and will address every phase of team roping. Skills and proficiencies in this course are enhanced by supervised repetition and practice within class periods.

## **AGR 116 - Pesticide Update "Continuing Education Requirements"**

### **0.5 units**

10 hours lecture (1 week) (R)  
A course designed to update licensed pesticide personnel on changes in the pesticide industry, laws and regulations, and safety. Repeatable as necessary to maintain certification.

## **ANTHROPOLOGY**

### **ANTH 1 - Biological Anthropology**

#### **3.0 units**

#### **CSU/UC**

#### **General Education Area A**

#### **CSU GE Area B2**

#### **IGETC Area 5B**

#### **C-ID ANTH 110**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture  
This course introduces the concepts, methods of inquiry, and scientific explanations for biological evolution and its application to the human species. Issues and topics will include, but are not limited to genetics, evolutionary theory, human variation and biocultural adaptations, comparative primate anatomy and behavior and the fossil evidence for human evolution. This course has been approved for correspondence, hybrid and online delivery.

### **ANTH 2 - Cultural Anthropology**

#### **3.0 units**

#### **CSU/UC**

#### **General Education Area B**

#### **CSU GE Area D1**

#### **IGETC Area 4A**

#### **C-ID ANTH 120**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture  
Explore diversity of cultures through the unique methodologies of cultural anthropology. Investigate differences in language, economic systems, social structures, family, kinship, gender, politics, social and economic inequality, religion, worldview, racial and ethnic labels, globalization and art. Ethnographic case studies will be used to highlight similarities and differences

among the 1200 cultures of the world. Students will be introduced to types of work anthropologists perform including research practices and standard professional ethics. This course has been approved for correspondence, hybrid and online delivery.

## **ART**

### **ART 1A - Two-Dimensional Design**

#### **3.0 units**

#### **CSU/UC**

#### **General Education Area C**

#### **CSU GE Area C1**

#### **C-ID ARTS 100**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

25.5 hours lecture/76.5 hours lab  
An introductory studio design course based on communicating visually through practical applications of design and composition including: line, shape, form, texture, value, color, and spatial illusion in two dimensions. Traditional mediums and digital imaging using industry standard Adobe Creative Cloud software will be emphasized. Graphic design, commercial art, and fine art principles will be explored from historical, aesthetic and cultural points of view. This course has been approved for hybrid and online delivery. To cover the costs of printing each project assignment, a \$10.00 lab fee will be charged at the time of registration. Students must provide additional materials and supplies at an estimated cost of \$25. This course has a free Open Educational Resource textbook.

### **ART 1B - Three-Dimensional Design**

#### **3.0 units**

#### **CSU/UC**

#### **General Education Area C**

#### **CSU GE Area C1**

#### **C-ID ARTS 101**

**Recommended Preparation:** ART 1A ENGL105 or equivalent multiple measures placement.

25.5 hours lecture/76.5 hours lab  
An introductory (no previous art experience required) studio design course based on communicating visually through practical applications of design, color, spatial relationships and imagery in three dimensions. This class will introduce students to computer design methods and basic computer design Software. Assignments will rely on student access to a computer and basic computer proficiency will be expected. Traditional construction methods and mediums plus digital imaging using industry standard

computer software will be emphasized. Graphic design, commercial art and fine art principles will be explored from historical, aesthetic and cultural points of view. This course has been approved for hybrid and online delivery. To cover materials cost including printing, a \$10.00 lab fee will be charged at the time of registration.

### **ART 2 - Drawing**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**C-ID ARTS 110**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

25.5 hours lecture/76.5 hours lab

An introductory (no previous art experience necessary) drawing class using a variety of drawing materials to portray a variety of subjects. Realism will be emphasized, but other methods such as Cubism and Non-Representationalism will be explored, and students will be encouraged to develop their own style. The elements and principles of drawing will be presented from historical, cultural, aesthetic and technical points of view. This course has been approved for hybrid, online and correspondence delivery. To cover the costs of printing, a \$10.00 lab fee will be charged at the time of registration.

### **ART 3 - Beginning Life Drawing**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**C-ID ARTS 200**

**Recommended Preparation:** ART-2

Drawing

25.5 hour lecture/76.5 hours lab

An introduction to figure drawing from the clothed and nude model in short and extended poses, using a variety of drawing techniques and media. The elements and principles of figure drawing will be presented from historical, cultural, aesthetic, technical and digital points of view. This course has been approved for traditional and temporary emergency online delivery. Students will need to purchase approximately \$100 worth of supplies for online course.

### **ART 6 - Survey of Art History, Prehistoric To Renaissance**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**IGETC Area 3A**

**C-ID ARTH 110**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

An introductory survey of the visual arts most relevant to the development of western civilization from prehistoric through the Italian portion of the Renaissance. Comparisons and contrasts with arts of other cultures will be explored. In addition to historic and cultural viewpoints, technical and aesthetic points of view will be covered. This course has been approved for online and hybrid delivery.

### **ART 7 - Survey of Art History, Renaissance through Contemporary**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**IGETC Area 3A**

**C-ID ARTH 120**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

An introductory survey of the visual arts most relevant to the development of western civilization, from Renaissance through Contemporary art. Comparisons and contrasts with arts of other cultures will be explored. In addition to historic and cultural viewpoints, technical and aesthetic points of view will be covered. This course has been approved for hybrid and online delivery.

### **ART 8 - Art Appreciation**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**IGETC Area 3A**

**C-ID ARTH 100**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

An introductory course for both the general interest and art major student. A survey of the role of the visual arts in society. Art theory, practices and an overview of the history of art will be

covered with examples from many cultures. This course has been approved for correspondence, hybrid and online delivery.

### **ART 10A - Beginning Painting**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**C-ID ARTS 210**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

25.5 hour lecture/76.5 hours lab

A beginning (no previous art experience necessary) studio course in oil, acrylic, and watercolor painting techniques and materials. A variety of subject matter such as still life, landscape, wildlife and human figure will be explored. Emphasis will be on realistic representation, but other methods will be studied. Technical, historical, aesthetic and cultural points of view will be considered. This course has been approved for online delivery. To cover costs for materials used in beginning assignments, a \$10.00 lab fee will be charged at the time of enrollment. Students will need to purchase approximately \$75 worth of supplies.

### **ART 10B - Intermediate Painting**

**2.0 units**

**CSU/UC**

**Prerequisite:** Art 10A Beginning Painting  
102 hours lab

This course is designed as a studio course in oil, acrylic, or watercolor painting building upon basic techniques. Intermediate materials and techniques will be explored. Historical, aesthetic, and cultural points of view will be considered. This course has been approved for online delivery. To cover costs for materials used in beginning assignments, a \$10.00 lab fee will be charged at the time of enrollment. Student will need to purchase approximately \$75 worth of supplies.

### **ART 10C - Advanced Painting**

**2.0 units**

**CSU/UC**

**Prerequisite:** Art 10B Intermediate Painting  
102 hours lab

This course is designed as a studio course in oil, acrylic, or watercolor painting building upon intermediated techniques. Advanced materials and techniques will be explored. The student will experiment with various methods and styles in beginning to develop a personal style. Historical, aesthetic, and cultural points of view will be considered. This course has been approved for online delivery. To cover costs for materials used in beginning assignments, a \$10.00

lab fee will be charged at the time of enrollment. Student will need to purchase approximately \$75 worth of supplies.

**ART 10D - Portfolio Painting**  
**2.0 units CSU/UC**

**Prerequisite:** Art 10C Advanced Painting  
102 hours lab

This course is designed as a studio course in oil, acrylic, or watercolor painting expanding upon advanced techniques. Advanced materials and techniques will be explored. The student will experiment with various personal styles and execute a body of work for exhibition/presentation. Historical, aesthetic, and cultural points of view will be considered. This course has been approved for online delivery. To cover costs for materials used in beginning assignments, a \$10.00 lab fee will be charged at the time of enrollment. Student will need to purchase approximately \$75 worth of supplies.

**ART 19A - Beginning Digital Photography**

**3.0 units**

**CSU**

**General Education Area C**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hour lecture/51 hours lab

An introductory course in digital photography digital image capture. Basic photographic composition and subject matter, basic digital camera operation, and beginning image manipulation using Adobe Photoshop and/or Photoshop Elements will be covered. Photography as a fine art and as a commercial application will be explored. Technical, aesthetic, cultural, and historic points of view will be considered. To cover the costs of printing, a \$10.00 lab fee will be charged at the time of enrollment.

**ART 19B - Intermediate Digital Photography**

**1.0 unit**

**CSU**

**Prerequisite:** Art 19A Beginning Digital Photography  
51 hours lab

An intermediate course in digital photography digital image capture. Intermediate photographic composition and subject matter, digital camera operation, and image manipulation using Adobe Photoshop and/or Photoshop Elements will be covered. Photography as a fine art and as a commercial application will be explored. Technical, aesthetic, cultural, and historic points of view will be

considered. To cover the costs of printing, a \$10.00 laboratory fee will be charged at the time of registration.

**ART 19C - Advanced Digital Photography**

**1.0 unit**

**CSU**

**Prerequisite:** Art 19B Intermediate Digital Photography  
51 hours lab

An advanced course in digital photography digital image capture. Advanced photographic composition and subject matter, digital camera operation, and image manipulation using Adobe Photoshop and/or Photoshop Elements will be covered. Photography as a fine art and as a commercial application will be explored. Technical, aesthetic, cultural, and historic points of view will be considered. To cover the costs of printing, a \$10.00 laboratory fee will be charged at the time of registration.

**ART 19D - Portfolio Digital Photography**

**1.0 unit**

**CSU**

**Prerequisite:** Art 19C Advanced Digital Photography  
51 hours lab

An advanced digital photography course with the aim of producing a portfolio of work demonstrating a personal style for presentation and exhibition. Photography as a fine art and as a commercial application will be explored. Technical, aesthetic, cultural, and historic points of view will be considered. To cover the costs of printing, a \$10.00 laboratory fee will be charged at the time of registration.

**ART 21 - Digital Illustration Design I**

**3.0 units**

**CSU/UC**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement. ART 2 Drawing or ART 10 Beg. Painting and ART 1A Two-Dimensional Design

25.5 hours lecture/76.5 hours lab

A course that explores conceptual ideas, image generation, manipulation, coloring, and effects for print and web media using Adobe Creative Cloud programs.

Students will develop vector and bitmap images for logo designs, icons, avatars, characters, objects, environments, and basic storyboarding. Students will draw, paint, and apply special effects and filters with the tools available within the Adobe Creative Cloud. Basic design principles, six step design process and personal expression will be used to create powerful

conceptual imagery. This course has been approved for hybrid and online delivery. To cover the costs of printing each project assignment a \$10.00 lab fee will be charged at the time of registration. Students must supply additional materials and supplies at an estimated cost of \$70.

**ART 23 - Beginning Printmaking**

**3.0 units**

**CSU/UC**

**C-ID ARTS 220**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement, ART 2 Drawing. 25.5 hour lecture/76.5 hours lab  
An introduction to traditional and contemporary approaches to intaglio (etching), relief (woodcut and linocut), serigraphy (silkscreen) and monoprint printmaking. Both personal and commercial design will be explored. As well as a variety of subject matter and artists. Technical, historical, aesthetic and cultural points of view will be considered.

**ART 25 – Graphic Design 1**

**3.0 units**

**CSU/UC**

**C-ID ARTS 250**

**General Education Area C**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement; ART 1A Two-Dimensional Design, ART 19A Beginning Digital Photography

25.5 hours lecture/76.5 hours lab

A visual communication course using image generation/manipulation and text components in Adobe Photoshop. The integration of images, text, and graphics will be conceptualized then utilized to produce commercial based products such as posters, ad campaigns, product packaging, and cover designs.

Production, printing, presentation and critiques, emphasizing the six step design process, basic design principles, personal expression through digital graphic design processes will be used to meet crucial deadlines. This course has been approved for hybrid and online delivery. To cover the costs of printing proofs for each project assignment, a \$10.00 lab fee will be charged at the time of registration. All students will provide additional materials and supplies with an estimated cost of \$70.

**ART 30 – Introduction to Sculpture**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

26.5 hour lecture/76.5 hours lab  
A course introducing contemporary art issues, historical overview, and aesthetic problem solving, utilizing a variety of materials and common techniques familiar to sculpture and 3-dimensional design as well as material use to render in the fashion of virtual three-dimensional rendering.

### **ART 36A - Beginning Ceramics**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

25.5 hour lecture/76.5 hours lab

A beginning course in ceramics exploring basic handbuilding and wheelthrowing techniques. Basic methods of forming, decorating, glazing and firing ceramic materials will be covered. The elements and principles of ceramics will be presented from historical, cultural, aesthetic, and technical points of view. To cover the cost of glazes, a \$10.00 lab fee will be charged at the time of enrollment.

### **ART 36B - Intermediate Ceramics**

**2.0 units**

**CSU/UC**

**Prerequisite:** Art 36A Beginning

Ceramics

102 hours lab

Further development of hand-building, and wheel-throwing, clay, glazes and firing processes. Aesthetic exploration of ideas. To cover the cost of glazes, a \$10.00 lab fee will be charged at the time of enrollment.

### **ART 36C - Advanced Ceramics**

**2.0 units**

**CSU**

**Prerequisite:** Art 36B Intermediate

Ceramics

102 hours lab

Advanced development of hand-building and/or wheel-throwing techniques, clay, glazes and firing processes. Beginning to develop a personal style in ceramics. To cover the cost of glazes, a \$10.00 lab fee will be charged at the time of enrollment.

### **ART 36D - Portfolio Ceramics**

**2.0 units**

**CSU**

**Prerequisite:** Art 36C Advanced

Ceramics

102 hours lab

Advanced development of handbuilding and/or wheelthrowing techniques, clay, glazes, and firing processes. Continuing to develop a personal style in ceramics.

Producing a body of work for presentation/exhibition. To cover the cost of glazes, a \$10.00 lab fee will be charged at the time of enrollment.

### **ART 38 – 3-D Computer Modeling and Animation**

**3.0 units**

**CSU/UC**

25.5 hour lecture/76.5 hours lab

This course introduces students to the use of software techniques to create and animate three-dimensional environments and objects. Students will learn to create photo-realistic models and scenes enhanced by lighting, shadows, reflection, and textures, and will learn to produce camera fly-through and basic character animation sequences. To cover the costs of printing proofs for each project assignment, a \$10.00 lab fee will be charged at the time of registration. This course has been approved for online delivery.

### **ART 49 - Art Work Experience**

**1.0-8.0 units**

**CSU**

**General Education Area E1**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

600 hours lab (R)

This work based learning course is designed to assist students with educational or career goals in art, who are working in the field of art, to build related job specific skills through individualized learning objectives and enhance their workplace performance. All Work Experience enrollments require attendance of a face-to-face orientation session. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the workplace, and career development. Subsequent enrollments require new individualized learning objectives, and completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Career Technical Education, Occupational and General Work Experience enrollments.

Title V specifies students will earn 1 unit of credit for each 75 hours of paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid delivery

## **AUTOMOTIVE TECHNOLOGY**

### **AT 49 - Automotive Technology**

**Work Experience 1.0-8.0 units**

**CSU**

**General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

600 hours lab (R)

This course enables students with educational or career goals in automotive technology, who are working in the field of automotive technology to build related job specific skills through individualized learning objectives and enhance their workplace performance. Attendance of an on campus orientation session is required for all Work Experience enrollments. Students complete an online expanded orientation module addressing workplace success skills throughout the term. Subsequent enrollments require new individualized learning objectives. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Vocational, Occupational and General Work Experience enrollments. Title V specifies students will earn 1 unit of credit for each 75 hours paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for hybrid delivery.

### **AT 50 – Car Care Basics**

**3.0 units**

**Recommended Preparation:** ENGL105

or equivalent multiple measures

placement.

34 Hours Lecture, 51 Hours Lab

This course was designed to:

1. Introduce shop procedure and safety to the student;
2. Give students the skills to perform vehicle maintenance and basic roadside repairs;
3. Give students the skills to diagnose and repair minor vehicle malfunctions. This course adheres to ASE Education Foundation standards. The course has been approved for hybrid delivery.

## **AT 54 - Brakes**

### **3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hour lecture/51 hours lab

This course is designed to provide the student with skills in automotive brakes; disassembly and repair of drum, disc, hydraulic systems, including power and manual brakes. Several anti-lock brake systems (ABS) will be covered. Machining of drums, rotors, and adjustments will also be studied. This course adheres to ASE Education Foundation standards. This course has been approved for Hybrid Delivery.

## **AT 56 - Steering and Suspension**

### **3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hour lecture/51 hours lab

This course is designed to provide the student with skills in alignment of front suspension and rear wheel alignment where applicable and inspection and repair of steering and suspension components. Basic and computerized equipment will be utilized. The contents of this course conforms to AES (Educational Foundation) standards for steering and suspension. This course has been approved for hybrid delivery.

## **AT 58 – Automotive Heating and Air Conditioning**

### **3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/102 hours lab

This course is designed to provide the student with theory and operation of common air conditioning and heating systems including diagnosis and repair and recovery of R-12, 134A, and R1234YF refrigerants. This course meets ASE Education Foundation standards. This course has been approved for hybrid and online delivery.

## **AT 60 – Shop Management and Service Writer**

### **2.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hour lecture

This course is designed to provide the student with the skills needed to write service at an automotive repair shop. Shop management techniques will also be covered. Communication, organization, and filling out repair orders

to meet all legal requirements will be emphasized. This course has been approved for online and hHybrid delivery

## **AT 66 - Manual Drive Train**

### **4.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/102 hours lab (R)

This course is designed to provide the student with theory and practical experience in operation, repair and adjustment of common manual transmissions, drive lines, differentials, transfer cases and 2 and 4-wheel drive systems. Clutches, wheel bearings and axle repair will also be studied. This course has been approved for hybrid delivery.

## **AT 68 - Automatic Transmissions**

### **3.0 units**

**Recommended Preparation** ENGL105 or equivalent multiple measures placement.

17 hour lecture/102 hours lab

This course is designed to provide the student with theory and operation of common automatic transmissions including diagnosis, adjustment and repair of common automatic transmission problems. This course has been approved for hybrid delivery

## **AT 70 - General Automotive Lab**

### **2.0 units**

**Corequisite:** Student must be enrolled in one additional automotive course that has a safety component.

102 hours lab

This course is designed to provide the student with skills in developing increased speed, accuracy, and expertise in all phases of automotive training.

## **AT 72 - Engine Repair and Machining-Short Blocks**

### **4.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hours lecture/153 hours lab

This course is designed to prepare the student with basic, through increasingly advanced, skills in overhaul procedures for the owner or rebuilder. Safety, basic hand tools, engine removal and replacement, cleaning techniques, disassembly and assembly of engine components, measuring, diagnosis of oil consumption and poor performance with corrective measures will be covered. Emphasis will be on gasoline engine overhaul as it relates to home, small farm shop, and commercial shop. This course has been approved for hybrid delivery.

## **AT 74 - Engine Repair and Machining-Cylinder-Heads**

### **3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hours lecture/102 hours lab

This course is designed to prepare the student with basic, through increasingly advanced, skills in overhaul procedures for the owner or rebuilder. Safety, basic hand tools, cylinder head removal and replacement, cleaning techniques, disassembly and assembly of cylinder head components, measuring, diagnosis of oil consumption and poor performance with corrective measures will be covered. Emphasis will be on cylinder head overhaul as it relates to home, small farm shop, and commercial shop. This course has been approved for hybrid delivery.

## **AT 80 – Basic Electrical**

### **3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab

This course is designed to provide the student with theory, diagnosis and repair of chassis electrical systems. Extensive use of voltmeters, ohmmeters, and short circuit testers, and common testing tools will be emphasized. Isolate a malfunction to a specific system in which a fault exists. This course has been approved for Hybrid Delivery.

## **AT 82 – Engine Performance I**

### **3.0 units**

**Prerequisite:** AT-80 Basic Electrical

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab

This course was designed to provide the student basic engine performance diagnostic and repair skills. Testing with various meters and shop equipment will be studied. Ignition and fuel system principles and diagnosis will be emphasized. This course has been approved for Hybrid Delivery

## **AT 84 – Engine Performance II**

### **3.0 units**

**Prerequisite:** AT-82 – Engine Performance I

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab

This course is designed to provide the student with advanced theory, diagnosis, and repair of various control modules,

computer sensors and circuits. Extensive use of various meters, lab scopes, and other shop equipment will be used. Vehicle on-board diagnosis systems will be emphasized. This course has been approved for online and hybrid delivery

### **AT 90 – Automotive Survival**

**1.0 unit**

18 hours lecture

This is an introductory seminar course designed for the novice from the standpoint of owner survival in the marketplace. Automotive vocabulary, preventive maintenance, and consumer issues will be addressed.

### **AT 90A – Automotive Survival Lab** **0.5 units**

**Recommended Preparation:** AT 90 Automotive Survival

24 hours lab

The course is designed to provide the student with hands on experience in the areas of vehicle maintenance, preventive maintenance, minor tune-up, and simple adjustments.

### **AT 91 – Smog Check Training** **Level 2 32-Hour Course**

**1.0 unit**

**Prerequisites:** Prior to taking the Smog Check Training, students must either satisfy BAR specified criteria, as listed below, or successfully complete the Level 1 Engine and Emission Controls Fundamentals Training. BAR specified requirements: Possess ASE A6, A8 and L1 certification; or possess an AA/AS degree or Certificate in automotive technology and have 1 year experience; or have 2 years' experience and have completed BAR specified training.

8 hours lecture/24 hours lab

The Smog Check Training 32 Hour Course is intended to provide students the knowledge, skills, and abilities needed to perform Smog Check inspections.

Students who successfully complete this training will have met the California State Bureau of Automotive Repair's training requirements to qualify to take the Smog Check Inspector state licensing examination.

## **AVIATION**

### **AERO 1A - Aviation Ground School** **3.0 units** **CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

An aviation ground school course specifically designed to provide complete explanations of aeronautical concepts. It

is designed to prepare the student for the Federal Aviation Administration (FAA) written examinations dealing with Visual Flight Rules (VFR) and the Private Pilot License.

## **BIOLOGY**

### **BIOL 1 - Principles of Molecular and Cellular Biology**

**4.0 units**

**CSU/UC**

**General Education Area A**

**CSU GE Areas B2 & B3**

**IGETC Area 5B & 5C**

**C-ID BIOL 190**

**Prerequisite:** MATH 60 Intermediate Algebra or equivalent multiple measures placement and Chemistry 1A General Chemistry I

51 hours lecture/51 hours lab

A course in principles of biology, with special emphasis given to molecular and cellular biology. Topics include the chemical basis of life, prokaryotic and eukaryotic cells, structure and function, cell metabolism, cellular communication, classical genetics, molecular genetics, and biotechnology. This course is designed to meet the core requirements for biology and related majors. (This course is the recommended preparation for Bio 4, Biol 20, and Biol 25.) This course has been approved for online and hybrid delivery.

### **BIOL 4 - Principles of Evolutionary, Organismal, and Ecological Biology**

**5.0 units**

**CSU/UC**

**General Education Area A**

**CSU GE Areas B2 & B3**

**IGETC Area 5B & 5C**

**C-ID BIOL 140**

**Prerequisite:** MATH 60 or equivalent multiple measures placement.

**Recommended Preparation:** Biology 1

51 hours lecture/102 hours lab

A course in principles of biology, with special emphasis given to evolution, organismal and ecological biology. Topics include evolution, classification, diversity of life; (unicellular and multicellular organisms); animal fungus and plant structure, development and function; and ecological relationships. This course is designed to meet the core requirements for biology and related majors. This course has been approved for online and hybrid delivery.

### **BIOL 10 - Natural History of Plants & Animals**

**4.0 units**

**CSU/UC (Unit limitation)**

**General Education Area A**

**CSU GE Areas B2 & B3**

**IGETC Area 5B & 5C**

**Recommended Preparation:** Successful completion of ENGL105 or equivalent multiple measures placement.

51 hours lecture/51 hours lab

An introductory course dedicated to the study of natural environments by integrating lecture, laboratory and field experiences. Emphasis is placed on the natural history of local forms of plants and animals, their ecological relationships, identification techniques and the integrity of nature. This course has been approved for online, hybrid and correspondence delivery. Access to a computer with internet access is required.

### **BIOL 20 - Microbiology**

**5.0 units**

**CSU/UC**

**General Education Area A**

**CSU GE Areas B2 & B3**

**IGETC Area 5B & 5C**

**Recommended Preparation:** Biology 1

51 hours lecture/102 hours lab

This is an introductory course covering the biology (morphology, anatomy, physiology, classification, identification and development) of micro-organisms (viruses, protozoa, parasitic worms, algae, fungi, with emphasis on bacteria), their significance and their role in human affairs. This course has been approved for online and hybrid delivery.

### **BIOL 21 - Human Anatomy with Lab**

**4.0 units**

**CSU/UC**

**C-ID BIOL 110B**

**Recommended Preparation:** ENGL 105

or equivalent placement through the multiple measures process, Math 60 - Intermediate Algebra or the equivalent placement through the multiple measures process. Biology 1 and Chem 1A 51 hours lecture/51 hours lab One semester of a two semester sequence covering structure and function, integration and homeostasis of the human body at the cellular, tissue organ, organ system and organism level. This semester includes the structures of the integumentary, skeletal, muscular, nervous and sensory systems, cardiovascular, lymphatic, immune, respiratory, urinary, digestive, endocrine

and reproductive systems. This course has been approved for hybrid delivery.

### **BIOL 22 - Human Physiology with Lab**

**4.0 units**

**CSU/UC**

**C-ID BIOL 120B**

**Recommended Preparation:** ENGL 105 or equivalent placement through the multiple measures process, Math 60 - Intermediate Algebra or the equivalent placement through the multiple measures process. Biology 1 and Chem 1A 51 hours lecture/51 hours lab One semester of a two semester sequence covering structure and function, integration and homeostasis of the human body at the cellular, tissue organ, organ system and organism level. This semester includes the functions of the integumentary, skeletal, muscular, nervous and sensory systems, cardiovascular, lymphatic, immune, respiratory, urinary, digestive, endocrine and reproductive systems. This course has been approved for online and hybrid delivery.

### **BIOL 25 - Human Anatomy and Physiology I**

**4.0 units**

**CSU/UC**

**General Education Area A & E1**

**CSU GE Areas B2 & B3**

**IGETC Area 5B & 5C**

**C-ID BIOL 115S**

**Recommended Preparation:** ENGL 105 or equivalent placement through the multiple measures process, Math 60 - Intermediate Algebra or the equivalent placement through the multiple measures process. Biology 1 and Chem 1A 51 hours lecture/51 hours lab First semester of a two semester sequence covering structure and function, integration and homeostasis of the human body at the cellular, tissue organ, organ system and organism level. This semester includes the integumentary, skeletal, muscular, nervous and sensory systems. This course has been approved for hybrid (online/traditional) delivery. This course has been approved for online delivery for emergency us only.

### **BIOL 26 - Human Anatomy and Physiology II**

**4.0 units**

**CSU/UC**

**General Education Area A & E1**

**CSU GE Areas B2 & B3**

**IGETC Area 5B & 5C**

**C-ID BIOL 115S**

**Prerequisite:** BIOL I or BIOL 25 Human Anatomy and Physiology I

51 hours lecture/51 hours lab Second semester of a two semester sequence covering the structure and function, integration and homeostasis of the human body at the cellular, tissue organ, organ system and organism level. This semester includes the cardiovascular, lymphatic, immune, respiratory, urinary, digestive, endocrine and reproductive systems. This course has been approved for hybrid (online/traditional) delivery. This course has been approved for online delivery for emergency us only.

### **BIOL 32 - General Biology**

**3.0 units**

**CSU/UC (unit limitation)**

**General Education Area A**

**CSU GE Area B2**

**IGETC Area 5B**

**Recommended Preparation:** Successful completion of ENGL105 or equivalent multiple measures placement.

51 hours lecture

A general survey of the living world with emphasis on the basic biological principles as illustrated in plant and animal groups. This course has been approved for online, hybrid and corespondence delivery.

### **BIOL 32L - General Biology with Laboratory**

**4.0 units**

**CSU/UC**

**General Education Area A**

**CSU GE Area B2 B3**

**IGETC Area 5B 5C**

**Recommended Preparation:** ENGL 105 or equivalent placement

51 hours lecture/51 hours lab

A general survey of the living world with emphasis on the basic biological principles as illustrated in plant and animal groups. This course includes a laboratory section supporting the basic concepts of the course. This course has been approved for hybrid delivery. This course has been approved for on line delivery for emergency us only.

## **BUSINESS**

### **BUS 1A - Accounting Principles – Financial**

**4.0 units**

**CSU/UC**

**C-ID ACCT 110**

**Recommended Preparation:** Successful completion of ENGL105 and Elementary Algebra or equivalent multiple measures placement.

68 hours lecture

A comprehensive course in financial accounting covering accounting information systems, the measuring and reporting of business transactions, and financial statement preparation under generally accepted accounting principles. Emphasis is placed on balance sheet valuation, quality of earnings, cash flow measurement, ethics and internal controls. This course has been approved for correspondence, online and hybrid delivery.

### **BUS 1B - Accounting Principles – Managerial**

**4.0 units**

**CSU/UC**

**C-ID ACCT 120**

**Prerequisite:** BUS 1A – Accounting Principles-Financial

68 hours lecture

An introduction to managerial accounting, planning and decision making. The course includes a study of cost behaviors, classifications, capture and reporting. Emphasis is placed on costs systems, decision making using accounting data, budgeting and manufacturing and cost accounting and the preparation of reports based on accounting data. This course has been approved for correspondence, online and hybrid delivery.

### **BUS 1C - Federal Income Tax**

**3.0 units**

**CSU**

**Prerequisite:** BUS 1A – Accounting Principles-Financial

51 hours lecture

Structure of personal income taxation, tax planning and underlying social and economic issues. Emphasis on tax concepts rather than tax return preparation. (FT) This course has been approved for online and hybrid delivery.

### **BUS 2 - Introduction to Business**

**3.0 units**

**CSU/UC**

**C-ID BUS 110**

**Recommended Preparation:** ENGL 105 or equivalent multiple measures placement.

51 hours lecture

A survey course designed to provide students with familiarity with basic principles and practices found in contemporary business, knowledge of business terminology and an understanding of how businesses operate within the U.S. and globally. This course has been approved for correspondence and online delivery. This course uses a free Open Educational Resource textbook. This course has been approved for hybrid

delivery.

### **BUS 10 – Managing Diversity and Human Resources**

**3.0 units**

**CSU**

**Recommended Preparation** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A course for practicing, newly-appointed, or potential supervisors and managers who hold or who will hold from first-line up to middle-management positions. Course will develop broader perspectives and new insights in managerial skills to manage a multicultural workplace. It focuses on the workplace impact of various historical, social, and cultural experience/perspectives related to gender, age, ethnicity, and disability. This course has been approved for online, hybrid and correspondence delivery.

### **BUS 13 - Basic Accounting**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A beginning course in accounting and bookkeeping principles develops entry-level accounting skills.

### **BUS 18 - Records Management**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture.

Develops an understanding of the scope and problems of the administrative management of records. Covers all aspects of a records management system from establishment through filing, storing and retrieving. This course has been approved for online and correspondence delivery.

### **BUS 19 - Office Administration**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

The student experiences the role of the office worker and performs functions that make up an office support system. A variety of tasks will be performed to sharpen office skills and knowledge of procedures. Importance of human relations and interpersonal communications

skills is stressed. This course has been approved for online, hybrid and correspondence delivery.

### **BUS 22 - Business Law**

**3.0 units**

**CSU/UC**

**General Education Area B**

**C-ID BUS 125**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

An introduction to the legal system with emphasis on business transactions. Topics include contracts, sales, torts, agency relationships, and commercial paper. A fundamental understanding of legal procedure, sources of law, law classifications, dispute resolution, and social /ethical considerations of law. This course has been approved for online, hybrid and correspondence delivery. This course may use a free Open Educational Resource textbook.

### **BUS 25 - Small Business Management**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Provides complete coverage of small business operations including business functions; sales, production, procurement, personnel, and finance. Managerial functions; planning, organizing, actuating, and controlling, with examples of actual business situations used to emphasize important principles. This course has been approved for correspondence and online delivery. This course may use a free Open Education Resource textbook.

### **BUS 27- Business Communications**

**3.0 units**

**CSU**

**C-ID BUS 115**

**Prerequisite:** ENGL-1 College

Composition

51 hours lecture

Instruction in the principles of effective business communications. Contemporary approaches to planning, composing and revising common written and oral business communications is explained and applied. Emphasis is on the writing of clear, concise, and effective letters, memorandums, e-mails and business reports. This course is designed for business majors. This course has been approved for correspondence, online and hybrid delivery. This course uses a free Open Educational Resource textbook.

### **BUS 34A - Microsoft Word, Beginning**

**3.0 units**

**CSU**

**Prerequisite:** COT 52 Keyboarding, Level 1

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

25.5 hours lecture/76.5 hours lab

Basic operations of Microsoft Word. Includes file management, navigation with menus and toolbars, document creation and revision, formatting and layout, tabs, page numbering, multi-column work, basic find and replace, tables, graphs, and envelopes/labels. In addition, a study of concepts of word processing will provide students with the background necessary to help them adapt to various situations they will encounter when employed. This course has been approved for online and Hybrid (online/traditional) delivery.

### **BUS 34B - Microsoft Word, Advanced**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

25.5 hours lecture/76.5 hours lab

Provides concentrated training in advanced operations of Microsoft Word, including automated form letters, advanced find/replace, sorting, advanced formatting with styles and templates, repetitive typing shortcuts, footnotes, shared documents, indexes, online forms, basic macros, and hyperlinks. In addition, a study of concepts of word processing will provide students with the background necessary to help them adapt to various situations they will encounter when employed. This course has been approved for online and hybrid (online/traditional) delivery.

### **BUS 49 - Business Work Experience**

**1.0-8.0 units**

**CSU**

**General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

600 hours lab (R)

This work based learning course is designed to assist students with educational or career goals in business, who are working in the field of business, to build related job specific skills through individualized learning objectives and enhance their workplace performance. All

Work Experience enrollments require attendance of a face-to-face orientation session. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the workplace, and career development. Subsequent enrollments require new individualized learning objectives, and completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Career Technical Education, Occupational and General Work Experience enrollments. Title V specifies students will earn 1 unit of credit for each 75 hours of paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid delivery

### **BUS 75 – Planning and Launching a New Business Venture** **1.0 units**

17 hours lecture  
An exploratory course in the fundamentals of planning and starting a new business venture. This is a project based course developing a business plan. Topics include the development of a competitive business model, assessing industry and market conditions, choosing a form of business ownership, and the structure and content found in a successful business plan.

### **BUS 76 – Marketing the Small Business Venture** **1.0 unit**

17 hours lecture  
This course provides students with the fundamentals of marketing a small business concern. The student will be introduced to the concepts of market planning, strategy, research, competitor analysis, target markets, and the development of a marketing mix for a marketing plan.

### **BUS 77 – Financing the New Business Venture** **1.0 unit**

17 hours lecture  
A course in small business and entrepreneurship financing. Topics include estimating start-up costs, projecting sales, funding new business

ventures, the basics of financial statement analysis, budgeting, cash flow management, and the time value of money. Emphasis is placed on developing useful financial information used in small businesses and business plans.

### **BUS 78 – The Customer Service Advantage** **1.0 units**

17 hours lecture  
This course provides students with the principles that support customer service excellence. The student will be introduced to the concepts of customer satisfaction, servicing the internal and external customers, interpersonal communications, consumer retention, and managing conflict.

### **BUS 79 – Computer Info Systems for Small Business Ventures** **2.0 units**

17 hours lecture/51 hours lab  
This course introduces students to information system concepts, computer technologies, and applications commonly found in small business. Students will learn the basics behind typical information technologies used to manage small business operations. Emphasis is placed on leveraging spreadsheet, database, bookkeeping, and word processing software applications.

### **BUS 84 – Business Mathematics** **3.0 units** **Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture  
Mathematics used in business transactions, interest, discount, mark-up, depreciation, payroll, taxes, and other business computations.

## **CHEMISTRY**

### **CHEM 1A - General Chemistry I** **5.0 units** **CSU/UC**

**General Education Area A**  
**CSU GE Areas B1 & B3**  
**IGETC Area 5A & 5C**  
**C-ID CHEM 110**

**Prerequisite:** One year of high school chemistry or Chemistry 45 or the equivalent and MATH 60 Intermediate Algebra or equivalent multiple measures placement.

51 hours lecture/102 hours lab  
This course introduces atomic structure, bonding, stoichiometry, thermochemistry, gases, matter and energy, oxidation-reduction, chemical equations, liquids and solids, solutions, chemical energetics and equilibrium. The first semester of a one-

year course in chemistry intended for majors in the natural sciences (chemistry, biochemistry, biology, physics, pre-medicine), mathematics, and engineering. This course has been approved for online and hybrid delivery.

### **CHEM 1B - General Chemistry II** **5.0 units** **CSU/UC**

**General Education Area A**  
**CSU GE Areas B1 & B3**  
**IGETC Area 5A & 5C**  
**C-ID CHEM 120S**

**Prerequisite:** Chemistry 1A General Chemistry I or the equivalent. MATH 60 Intermediate Algebra or equivalent multiple measures placement.  
51 hours lecture/102 hours lab  
A continuation of Chemistry 1A intended for majors in natural sciences, mathematics, and engineering. Topics covered or reinforced in both the lecture and laboratory: Chemical energetics and equilibria, solutions and ionic equilibria, acid-base chemistry, electrochemistry, coordination chemistry, oxidation-reduction, and thermodynamics, kinetics, nuclear chemistry, descriptive chemistry, organic chemistry, the chemistry of family groups of the periodic table, qualitative and quantitative analysis.

### **CHEM 8 - Introduction to Organic and Biochemistry** **4.0 units** **CSU/UC**

**General Education Area A**  
**CSU GE Areas B1 & B3**  
**IGETC Area 5A & 5C**  
**C-ID CHEM 102**

**Prerequisite:** CHEM 1A or CHEM 45  
51 hours lecture/51 hours lab  
An introduction to organic chemistry and biochemistry. Emphasis is on the relationship between structure, properties and function of simple and complex molecules. For nursing and allied health students. This course has been approved for online and hybrid delivery.

### **CHEM 40 – Survey of Chemistry and Physics** **3.0 units** **CSU/UC** **C-ID CHEM 140**

**Prerequisites:** Elementary Algebra  
51 hours of lecture  
This is an investigation of the basic principles of physics and chemistry including matter, physical and chemical properties, energy, motion, light, atomic structure, bonding, solutions and chemical reactions. The interdependence of chemistry and physics will be emphasized. This course is intended for non-science majors and recommended

for students in the California State Teacher Preparation Program. This course has been approved for online and hybrid delivery.

**CHEM 40L – Teaching Laboratory for Survey of Chemistry and Physics**

**1.0 units**

**CSU/UC**

**C-ID CHEM 140**

**Co-requisites:** Chem 40

This is an investigation of the basic principles of physics and chemistry using laboratory instruments and hands-on experiment. The teaching laboratory will cover principles of data taking, data analysis, and technical writing skills for scientific reports. This course is intended for non-science majors and recommended for students in the California State Teacher Preparation Program. This course is web-enhanced.

**CHEM 45 - Introduction to General Chemistry**

**4.0 units**

**CSU/UC (unit limitation)**

**General Education Area A**

**CSU GE Areas B1 & B3**

**IGETC Area 5A & 5C**

**C-ID CHEM 101**

**Prerequisite:** One year of high school algebra or MATH 60 intermediate algebra or equivalent multiple measure placement

**Recommended Preparation:** one year high school Chemistry

51 hours lecture/51 hours lab

An introduction to chemistry, principally inorganic. Emphasis is on basic concepts and skills. This course is for students with no prior chemistry and is intended a preparation for major's in chemistry, allied health, and general education. This course has been approved for online and hybrid delivery.

**CHEM 45A - Introduction to General Chemistry Discussion Session**

**1.0 units**

**CSU/UC (elective)**

**Co-requisite:** CHEM 45

This is a required co-requisite for students enroll in CHEM 45 who have not taken any basic chemistry courses (including introduction to physical science or equivalent) in the past 4 years. It is strongly recommended for all students enroll in CHEM 45. Students will use quantitative strategies to solve chemistry in topics of atomic theory, periodic properties, chemical bonds, stoichiometry, gas laws, kinetics and equilibrium of chemical reactions, acids

and bases, redox reactions, and thermodynamics. This course has been approved for online delivery.

**CHILD DEVELOPMENT**

**CD 11 - Observation and Assessment**

**3.0 units**

**CSU**

**C-ID ECE 200**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab

This course focuses on the appropriate use of assessment and observation strategies to document development, growth, play, and learning in order to join with families and professionals in promoting children's success and maintaining quality programs. Recording strategies, rating scales, portfolio, and multiple assessment methods are explored. This course has been approved for online and hybrid delivery.

**CD 12 - Child, Family and Community**

**3.0 units**

**CSU**

**General Education Area E1**

**C-ID CDEV 110**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course addresses early childhood education competencies related to the role of the family in the care and education of the child, and the role of community in providing services to children and their families. Key concepts include acknowledgement that children develop in the context of their families and communities and that building relationships with families in an integral part of competent and professional early childhood practice. This course has been approved for online, hybrid and correspondence delivery.

**CD 15 - Pre-School Administration**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course is designed to meet the State Department of Education requirements for directors of public funded child development programs, and the Supervisory Child Development Permit. Topics covered are the development, procedures and evaluation of child development programs; staff and parent handbooks; staff orientation, and in-

service; parent correspondence; marketing strategies, business plans; financial reports, evaluation and accreditation. This course has been approved for online, hybrid and correspondence delivery.

**CD 16 - Introduction to Curriculum**

**3.0 units**

**CSU**

**C-ID ECE 130**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course presents an overview of knowledge and skills related to providing appropriate curriculum and environments for all young children from birth to 6. Students will examine teachers' role in supporting development and fostering the joy of learning for all young children using observation and assessment strategies emphasizing the essential role of play. An overview of content areas will include but not be limited to: language and literacy, social and emotional learning, sensory learning, art and creativity, math and science. This course has been approved for online, hybrid and correspondence delivery.

**CD 17 - Children's Literature**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Designed to help teachers build language opportunities into every curriculum area; to explore methods of fostering language skills of the young child, and introduce pre-reading experiences. Includes the study of children's literature, standards for evaluating books, techniques of storytelling, and puppetry. This course has been approved for online delivery.

**CD 19 - Children's Nutrition, Health and Safety**

**3.0 units**

**CSU**

**C-ID ECE 220**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Introduction to the laws, regulations, standards, policies and procedures and early childhood curriculum related to child health, safety and nutrition. The key components that ensure physical health, mental health and safety for both children and staff will be identified along with the importance of collaboration with families

and health professionals. This course has been approved for online, hybrid and correspondence delivery.

### **CD 20 - Principles and Practices of Teaching Young Children**

**3.0 units**

**CSU**

**C-ID ECE 120**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

An examination of the underlying theoretical principles of developmentally appropriate practices applied to programs, environments, emphasizing the key role of relationships, constructive adult-child interactions, and teaching strategies in supporting physical, social, creative, and intellectual development for all children. This course has been approved for online, hybrid and correspondence delivery.

### **CD 22 - The Infant Toddler**

**3.0 units**

**CSU**

**General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Principles and philosophy of infant care for children up to three years of age including physical and mental growth, cognitive, social/emotional, language and self-identity development, health and nutrition. Parent education, community resources, inclusion and cultural/ethnic diversity will be explored. This course has been approved for online, hybrid and correspondence delivery.

### **CD 23 - Adult Supervision in the Child Care Setting**

**3.0 units**

**CSU**

**Prerequisite(s):** Twelve (12) units of Early Childhood Education Prerequisite Skills

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course is a study of the methods and principles of supervising student teachers, assistant teachers, parents and volunteers in early childhood education/child development classrooms. Emphasis is on the role of classroom teachers who function as mentors to new teachers while simultaneously addressing the needs of children, parents and other staff. Required by the Child Development permit for administrators of ECE/CD

programs. This course has been approved for online and hybrid delivery.

### **CD 24 – Practicum**

**4.0 units**

**CSU**

**C-ID ECE 210**

**Prerequisites:** CD-12; CD-16; CD-20 and PSY-31/CD-31

34 hours lecture/102 hours lab

A demonstration of developmentally appropriate early childhood teaching competencies under guided supervision. Students will utilize practical classroom experiences to make connections between theory and practice, develop professional behaviors, and build a comprehensive understanding of children and families. Child centered, play-oriented approaches to teaching, learning, and multiple measures ; and knowledge of curriculum content areas will be emphasized as student teachers design, implement and evaluate experiences that promote positive development and learning for all young children. This course has been approved for online and hybrid delivery.

### **CD 25 - Teaching in a Diverse Society**

**3.0 units**

**CSU**

**C-ID ECE 230**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Examination of the development of social identities in diverse societies including theoretical and practical implications of oppression and privilege as they apply to young children, families, programs, classrooms and teaching. Various classroom strategies will be explored emphasizing culturally and linguistically appropriate anti-bias approaches supporting all children in becoming competent members of a diverse society. This course has been approved for online, hybrid and correspondence delivery.

### **CD 26 - Administration II**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course addresses advanced administration skills, knowledge, and techniques needed to organize and operate a child development facility. Emphasis will be on principle-centered leadership, staffing, and staff development opportunities, personnel policies, problem solving techniques, regulatory laws, funding

opportunities, budget and fiscal management and working with a board, parents, volunteers and the community. This course has been approved for online and hybrid delivery.

### **CD 27 - Children with Special Needs**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course focuses on identifying and referring children with special needs, including, physical, neurological and sensory challenges, developmental delays, learning disabilities, and giftedness and emotional and behavioral disorders. Emphasizes multidisciplinary planning to aid caregivers in modification, adaption, accommodation and teaching techniques involved in the inclusive classroom. This course has been approved for online and hybrid delivery. Access to a computer with internet access is required.

### **CD 28 - Child Guidance**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A course to explore the relationship between the parenting figure and the child. Emphasis will be placed on social and emotional development; characteristic behavior patterns of both children and adults. This course would be of interest to any adult involved or interested in children. This course has been approved for online and hybrid delivery.

### **CD 30 - Early Steps to Reading Success**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course is designed to prepare current or future childhood teachers and caregivers to enhance the early literacy outcomes of young children by improving teacher's knowledge of early literacy development, and their skills in teaching literacy to young children from birth to age 5. This course has been approved for online and hybrid delivery.

**CD 31 - Child Development:  
Conception through Adolescence**  
**3.0 units**

**CSU/UC**

**General Education Area E1**

**CSU GE Area D7 & E**

**IGETC Area 4G**

**C-ID CDEV 100**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course examines the major physical, psychological, and cognitive/language developmental milestones for children, both typical and atypical, from conception through adolescence. Emphasis will be on interactions between the maturational process and environmental factors. Students will be expected to observe children, analyze characteristic of children at different developmental stages and investigate research methodologies. This course has been approved for online, hybrid and correspondence delivery.

**CD 49 - Child Development Work Experience**

**1.0-8.0 units**

**CSU**

**General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

600 hours lab (R)

This work based learning course is designed to assist students with educational or career goals in child development to build related job specific skills through individualized learning objectives and enhance their workplace performance. All Work Experience enrollments require attendance of a face-to-face orientation session. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the workplace, and career development. Subsequent enrollments require new individualized learning objectives, and completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Career Technical

Education, Occupational and General Work Experience enrollments. Title V specifies students will earn 1 unit of credit for each 75 hours of paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid delivery

**CD 50 - ECE Child Health and Safety**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

18 hour lecture

Introduction to child health and safety to include American Red Cross or American Heart Association certification in infant, child and adult CPR/Pediatric First Aid. Course is repeatable to maintain certification. A \$20.00 lab fee will be collected at the time of registration to cover book and certification cost. This course has been approved for online and hybrid delivery.

**COMPUTER APPLICATIONS**

**CA 31 - Computer Applications**

**2.0 units**

**CSU/UC**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/51 hours lab

Use of currently and widely-used application software, including spreadsheets, data bases, word processors and graphics programs. Practical experience for familiarity and skill in operating software as well as problem solving in business applications will be stressed. Course is designed to meet the preparatory needs of students seeking to pass the Microsoft Office Specialist [MOS] exams in Word, Access, and Excel. This course has been approved for online and hybrid delivery. Access to a computer with internet access is required.

**CA 32 - Computer Applications II**

**2.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/51 hours lab

In addition to a quick review, this course covers topics that are not covered in Computer Applications I. It is designed to teach students how to use easy but powerful features available in widely used software. The emphasis will be on a word processor and a spreadsheet. This

course has been approved for online delivery.

**CA 52 – Word Processing for Business**  
**3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

25.5 hour lecture/76.5 hours lab

This course covers a recent version of Microsoft Word for students who have a basic understanding of computers and desire comprehensive knowledge of a business tool to view, edit and create professional looking business documents. This course is designed to prepare students to take the Microsoft Office Specialist [MOS] exam on the Microsoft Word application. This course has been approved for hybrid delivery.

**CA 53 – Spreadsheet Application for Business**

**3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

25.5 hour lecture/76.5 hours lab

This course covers a recent version of Microsoft Excel for Windows for students who have an understanding of computers and desire comprehensive knowledge of a business tool used to organize, edit, and present data using spreadsheets. This course is designed to prepare students to take the Microsoft Office Specialist [MOS] exam on the Microsoft Excel application.

**CA 55 - Using a Word Processor**  
**0.5 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

5 hours lecture/15 hours lab

This course teaches the fundamentals of Microsoft Windows and Word for Windows. It acquaints the students with the proper way to solve word processing problems in a Windows environment. This course has been approved for online and hybrid delivery.

**CA 56 - Using a Spreadsheet**  
**0.5 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

5 hour lecture/15 hours lab

Use of a widely-used spreadsheet program. Practical experience for familiarity and skill in operating the software, as well as problem solving in

business applications will be stressed. This course has been approved for online and hybrid delivery.

### **CA 58 – Presentation Application for Business**

**1.5 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

12.75 hour lecture/38.25 hours lab  
This course covers a recent version of Microsoft PowerPoint for students who have a basic understanding of computers and desire an understanding of the strategies applied to planning, preparing, and creating high-quality business presentations. This course is designed to prepare students to take the Microsoft Office Specialist [MOS] exam on the Microsoft PowerPoint application.

### **CA 60 – Email and Calendar Application for Business**

**1.5 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

12.75 hour lecture/38.25 hours lab  
This course covers a recent version of Microsoft Outlook for students who have a basic understanding of computers and desire comprehensive knowledge of a business tool to organize and manage email messages, appointments, meetings, contacts and tasks. This course is designed to prepare students to take the Microsoft Office Specialist [MOS] exam on the Microsoft Outlook application.

## **COMPUTER OFFICE TECHNOLOGY**

### **COT 50 - Keyboarding, Level 1**

**1.0 unit**

51 hours lab  
A course to enable a beginning keyboarding student to acquire the ability to keyboard by touch, develop proper keyboarding techniques, build speed and accuracy skills and apply these skills to personal and business communications. This course has been approved for online delivery.

### **COT 52 - Keyboarding, Level 2**

**1.0 unit**

**Prerequisite:** COT 50

51 hours lab  
Reviews basic production techniques. Presents a variety of office situations where emphasis is upon office skill development including editing, abstracting information, decision making, setting

priorities, work flow, following directions and working under pressure. This course has been approved for online delivery.

### **COT 59 - Business Machines: 10 Key**

**1.0 unit**

34 hours lab  
A course to enable the student to acquire ability to operate the electronic calculator by touch with correct utilization of function keys. Training on various computations using the Electronic Printing Calculator in areas of retailing, financial management and accounting.

## **COMPUTER SCIENCE**

### **CS 1 - Computer Literacy**

**3.0 units**

**CSU/UC**

**Recommended Preparation:** Successful completion of ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab  
This course introduces students to the following areas in computer science: An operating system such as Windows, Application programs which include a word processor, spreadsheet, database and presentation, A programming language; The Internet and the creation of web pages; Internal structure and basic functions of computers; Cultural implications of computers on our society. This course has been approved for online and hybrid delivery.

## **COUNSELING & GUIDANCE**

### **CG 1 - Strategies for Creating Success in College and in Life**

**3.0 units**

**CSU/UC**

**General Education Area E1  
CSU GE Area E**

**Recommended Preparation:** Successful completion of ENGL105 or equivalent multiple measures placement.

51 hours lecture  
This course is designed to enable students to develop and improve skills needed to be successful in college and in life. These skills include study techniques, goal setting, test-taking, note-taking, memory techniques, time management and personal issues such as stress management, drug and alcohol addiction, communication and decision making. This course has been approved for correspondence, hybrid and online delivery.

## **DEVELOPMENTAL STUDIES**

### **DS 110 - Computer Access 1**

**0.5-3.0 units**

25.5-153 hours lab (R)  
Designed for students with learning, visual, physical, or language impairments. Provides training in computer access technologies within the context of document processing. This course has been approved for online and hybrid delivery.

### **DS 111 - Computer Access II**

**0.5-3.0 units**

25.5-153 hours lab (R)  
Designed for students with learning, visual, physical, or language impairments. Provides training in computer access technologies within the context of advanced document processing skills and basic spreadsheet and data base programs.

### **DS 112 - Computer Access Projects**

**0.5-3.0 units**

25.5-153 hours lab (R)  
Designed for students with learning, visual, physical, or language impairments. Provides an opportunity for the student who is already familiar with computers and/or adaptive technologies to work on independent projects, perfect job skills or attain greater mastery of the technology(s). This course has been approved for online and hybrid delivery.

### **DS 113 - Developmental Skills: Personal Assessment**

**0.5-1.0 unit**

8.5-17 hour lecture (R)  
A course designed to provide the learning disabled student with specific information about his/her own learning process. Explores existing concepts, theories, and practices related to self-appraisal, defense mechanisms, self-concept and interpersonal relations as these relate to their disability. Credit for this course will not apply to the associate degree.

### **DS 114 - Developmental Skills: Reading**

**0.5-1.5 units**

25.5-76.5 hours lab (R)  
An individualized program to improve the reading comprehension skills of the learning disabled student. Emphasis will be placed on reading comprehension, vocabulary, and critical thinking. This course has been approved for online, correspondence and hybrid delivery.

**DS 115 - Developmental Skills:  
Writing Skills**

**3.0 units**

51 hours lecture (R)

A course designed to instruct the learning disabled student in writing skills.

Emphasis will be placed on vocabulary development, in-depth sentence formation, and critical thinking. This course has been approved for online, hybrid and correspondence delivery.

**DS 116 - Developmental Skills:  
Math**

**0.5-1.5 units**

76.5 hours lab (R)

An individualized program to improve the math skills of the learning disabled student. Emphasis will be placed on developing the student's skills for vocational competency or through the beginning algebra academic level, depending upon the student's goal. This course has been approved for online, hybrid and correspondence delivery.

**DS 120 - Adaptive Fitness**

**1.0 unit**

51 hours lab (R)

This course is designed to provide development and maintenance of strength, flexibility and aerobic fitness, through sport and fitness activities, for students with a verified physical disability. Repeatable as needed, pursuant to special class repetition standards. This course has been approved for online and hybrid delivery.

**DS 121 - Adaptive Individual  
Sports: Bowling**

**1.0 unit**

51 hours lab (R)

This course will allow students who have a substantial developmental delay or disorder in physical development regardless of ability to have the opportunity to develop and improve their bowling skills ranging from equipment adjustment to advanced bowling skills. Students will develop greater degrees of functional skills including: social independence, fundamental motor skill, object control, problem solving, physical well-being and the ability to participate in the lifelong sport of bowling. Repeatable as needed, pursuant to special class repetition standards.

**DS 122 - Adaptive Individual  
Sports: Weight Training**

**1.0 unit**

51 hours lab (R)

This course will allow students who have a substantial developmental delay/physical limitation regardless of ability to have the opportunity to develop

and improve strength, bone health, and daily function. Weight training skills will range from proper safety guidelines in equipment usage, lifting, workout selections, spotting fundamentals and practice procedures. Students will develop a well-rounded exercise routine that will help improve their health, physical function, self-esteem, and behavior. Repeatable as needed, pursuant to special class repetition standards. This course has been approved for online and hybrid delivery.

**ECONOMICS**

**ECON 10 - Macro-Economics**

**3.0 units**

**CSU/UC**

**General Education Area B**

**CSU GE Area D2**

**IGETC Area 4B**

**C-ID ECON 202**

**Prerequisite:** Elementary Algebra or equivalent multiple measures placement  
**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

An introduction to modern macroeconomic analysis. Emphasis is placed on market systems, aggregate measures of economic activity, fiscal and monetary policy, and public policy recommendations. This course has been approved for hybrid, online and correspondence delivery. This course may use a free Open Education Resource textbook.

**ECON 11 - Micro-Economics**

**3.0 units**

**CSU/UC**

**General Education Area B**

**CSU GE Area D2**

**IGETC Area 4B**

**C-ID ECON 201**

**Prerequisite:** Elementary Algebra or equivalent multiple measures placement  
**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

An introduction to market systems, supply and demand model, and decision making in different market structures. Topics include the supply and demand framework, elasticity, government intervention, and decision making in the market structures of perfect competition, monopoly, monopolistic competition, and oligopoly. This course has been approved for correspondence, hybrid and online delivery. This course may use a free Open Education Resource textbook.

**EDUCATION**

**ED 1 – Tools for Teaching**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This interactive course presents an overview of knowledge and skills related to designing and delivering appropriate curriculum and fostering a supportive learning environment for adult learners. The course examines the teaching and learning transaction and key teacher responsibilities and activities. Specific attention is paid to relevant learning theories and teaching techniques that maximize the effectiveness of instruction. Students will examine the teachers' role in fostering the joy of learning for adults using instructional systems design principles. Students engage in the production and presentation of an instructional package including instructional strategies, materials and technologies, classroom management practices, and the multiple measures of learning. This course has been approved for hybrid delivery.

**ED 2 – Introduction to Elementary  
Classroom Instruction**

**3.0 units**

**CSU**

**C-ID EDUC 200**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This interactive course introduces students to the concepts and issues related to teaching diverse learners in today's contemporary schools, Kindergarten through grade 12 (K-12). Topics include teaching as a profession and career, historical and philosophical foundations of the American education system, contemporary educational issues, California's content standards and frameworks, and teacher performance standards. In addition to class time, the course requires a minimum of 45 hours of structured fieldwork in public school elementary classrooms that represent California's diverse student population, and includes cooperation with at least one carefully selected and campus-approved certificated classroom teacher. This course has been approved for online delivery.

## **EMERGENCY MEDICAL TECHNICIAN or RESPONDER**

### **EMT 21 – Emergency Medical Responder**

**2.5 units  
CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

36 hours lecture/29 hour lab (R)  
This course meets public safety standards published by U.S. Department of Transportation's Emergency Medical Responder curriculum. The course will prepare the student for certification (two-year) by the Northern California Emergency Medical Service. This course is repeatable as necessary to maintain certification. Additional State Certification Fees will apply. This course has been approved for online and hybrid delivery.

### **EMT 60 - Emergency Medical Technician 1 (Basic)**

**6.5 units**

**Prerequisite:** Current CPR certification or equivalent

85 hours lecture/69 hours lab (R)  
Covers all techniques of emergency medical care and transportation of the sick and injured within the responsibilities of the Emergency Medical Services Authority requirements referenced in Title 22, Division 9, Chapter 2, Article 1 of the California Administrative Code. Upon successful completion, the student will be eligible to take the Certification Exam for Emergency Medical Technician-1 Ambulance or Emergency Medical Technician - B (Basic). The student will be required to complete an additional 32 hours of on-the-job emergency training outside the scheduled classroom hours to meet state requirements. The student must possess a valid CPR card from ASHI, ARC or AHA. This course may be taken as necessary for certification. Approved for online and hybrid delivery.

### **EMT 61 - Emergency Medical Technician-B Refresher**

**1.0 unit**

**Prerequisites:** Current EMT-B, certification that has been expired for no more than one year. Must possess a valid CPR card and demonstrate ability to perform CPR skills to current ASHI, ARC, or AHA standards.

14 hours lecture/18 hours lab  
A 32 hour course that provides, to the certified EMT-B (Basic) student, a review of didactic knowledge and practical skills required to recertify, as outlined by the State of California regulations. For EMT-B's who are maintaining certification with

the National Registry of EMT's (NREMT), this course is also approved for the required Transition course. Repeatable as necessary to maintain certification This course has been approved for online and hybrid delivery.

## **ENGLISH**

### **ENGL 1 - College Composition**

**3.0 units  
CSU/UC**

**General Education Area D1**

**CSU GE Area A2**

**IGETC Area 1A**

**C-ID ENGL 100**

**Prerequisite:** Successful completion of ENGL105 or equivalent multiple measure placement.

51 hours lecture

A refinement of the skills of writing and critical reading, emphasizing the relationship between purpose and form, clarity, coherence and unity, accuracy of expression, the development of the writer's voice and style, the elements of critical thinking, and the development of the research paper and specific strategies to prepare for university studies. This course has been approved for online, hybrid and correspondence delivery.

### **ENGL 2 - Introduction to Literary Types**

**3.0 units  
CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B**

**C-ID ENGL 120**

**Prerequisite:** English 1

51 hours lecture

This course introduces representative works from major genres, develops students' close reading and analytical writing skills, and promotes appreciation and critical understanding of the cultural, historical, and aesthetic qualities of literature. This course has been approved for online and hybrid delivery.

### **ENGL 3 – British Literature I**

**3.0 units  
CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B**

**C-ID ENGL 160**

**Prerequisite:** English 1

51 hours lecture

This course surveys British literature from the Middle Ages to the late eighteenth century. Areas of focus include the literary traditions and context as well as relevant historical, philosophical, social

and political developments. This course has been approved for online, hybrid and correspondence delivery.

### **ENGL 4 – British Literature II**

**3.0 units  
CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B**

**C-ID ENGL 165**

**Prerequisite:** English 1

51 hours lecture

This course surveys British literature from the late eighteenth century to contemporary British and post-colonial texts. Areas of focus include the literary traditions and context as well as relevant historical, philosophical, social and political developments. This course has been approved for online, hybrid and correspondence delivery.

### **ENGL 5 – Survey of World Literature II**

**3.0 units  
CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B**

**C-ID ENGL 145**

**Prerequisite:** English 1

51 hours lecture

This course is a comparative study of selected works, in translation and in English, of literature from around the world, including Europe, the Middle East, Asia, and other areas, from the mid or late seventeenth century to the present. This course has been approved for online and hybrid delivery.

### **ENGL 7 – Argumentative Writing and Critical Thinking Through Literature**

**4.0 units  
CSU/UC**

**General Education Area C**

**CSU GE Area A3**

**IGETC 1B**

**C-ID ENGL 110**

**Prerequisite:** English 1

68 hours lecture

This course offers instruction in analytical, critical, and argumentative writing, critical thinking, research strategies, information literacy, and proper documentation through the study of literary works from major genres, while developing students' close reading skills and promoting an appreciation of the aesthetic qualities of literature. This course has been approved for Hybrid (online/traditional) Delivery.

## **ENGL 9 - Critical Thinking and Composition**

**3.0 units**

**CSU/UC**

**General Education Area D1**

**CSU GE Area A3**

**IGETC Area 1B**

**C-ID ENGL 105**

**Prerequisite:** English 1

51 hours lecture

This course is designed to develop critical thinking, reading, and writing skills beyond the level achieved in English 1.

The course will focus on the development of logical reasoning and analytical and argumentative writing skills. This course has been approved for online, hybrid and correspondence delivery.

## **ENGL 10 – Shakespeare**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B**

**Prerequisite:** English 1

51 hours lecture

Plays of Shakespeare will be analyzed and discussed. The development and evaluation of Elizabethan and Jacobean drama will be studied and Shakespeare's achievements considered in that light. Each student will produce an independent paper on a work, character, or theme of interest. This course has been approved for online, hybrid and correspondence delivery.

## **ENGL 12 - Survey of American Literature II**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B**

**C-ID ENGL 135**

**Prerequisite:** English 1

51 hours lecture

This course introduces students to a wide range of American authors and their relationship to major literary and intellectual movements from the second half of the nineteenth century to the present. This course will include the emergence of realism and naturalism in the post-war industrial era. Humorists, local color writers, the revival of poetry, nationalism, cosmopolitanism, and the fiction of the early twentieth century will be studied. This course has been approved for online, hybrid and correspondence delivery.

## **ENGL 22 – Creative Writing**

**3.0 units**

**CSU/UC**

**General Education Area C**

**C-ID ENGL 200**

**Prerequisite:** English 1

51 hours lecture

An introduction to the craft of creative writing through the study and analysis of works by established and peer writers. Students will practice writing in various genres and will be introduced to the workshop method. This course has been approved for hybrid and correspondence delivery.

## **ENGL 33 – Studies in Fiction**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B**

**Prerequisite:** English 1

51 hours lecture

This course will examine the nature of prose fiction and its various forms, explore periods and themes evident in a given work, and emphasize a critical apparatus that will allow students to critically reflect on and engage with various types of literature. This course has been approved for online, hybrid and correspondence delivery.

## **ENGL 34 – Studies in Poetry**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B**

**Prerequisite:** English 1

51 hours lecture

This course will examine the aesthetic, semiotic, and prosodic qualities of poetry from both the 20<sup>th</sup> and 21<sup>st</sup> centuries. Through selected readings, this course will foster close reading/analysis of contemporary poetry, providing an understanding of poetic form and function (poetics). This course has been approved for online, hybrid and correspondence delivery.

## **ENGL 105- Introduction to College Reading, Writing, and Critical Thinking**

**3.0 units**

51 hours lecture

Development of reading, writing, and critical thinking skills including reading for comprehension, summarizing, paraphrasing and directly quoting, writing responses to readings, integrating ideas from multiple sources to support a single idea, appropriately citing sources and writing essays. This course has been

approved for online, hybrid and correspondence delivery.

## **ENGL 105A- Reading and Writing Support**

**1.0 units**

**Corequisite:** ENGL 105 or ENGL 1

51 hours lab

The emphasis of this course is to provide support for students in college level reading, writing and critical thinking. Course includes review and application of the basic skills needed for clear written expression. Students will explore grammar, sentence and paragraph structure, essay organization, research and reading skills in the context of work being completed in ENGL 105 Introduction to College Reading, Writing and Thinking or ENGL 1 Freshman Composition. This course has been approved for online, hybrid and correspondence delivery.

## **ETHNIC STUDIES**

### **ES 1 - Ethnic Minorities in America**

**3.0 units**

**CSU/UC**

**General Education Area B**

**CSU GE Area D3**

**IGETC Area 4C**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A survey of the history, culture and folklore of the American people providing a sociological analysis of race, ethnicity and racism. This course has been approved for online and correspondence delivery.

## **FILM**

### **FILM 1 - History of the Cinema**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**IGETC Area 3A**

**Recommended Preparation** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course is designed as an introduction to film history, focusing on methods and analysis. Works of Edison, Lumieres, Chaplin, J. Ford, Hitchcock, Wells, Allen, Brooks, Coppola and other will be examined. This course has been approved for online delivery.

## **FIRE TECHNOLOGY**

### **FS 3 - Fundamentals of Fire**

#### **Prevention**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

The history and philosophy of fire prevention, organization and operation of fire prevention bureaus, use of fire codes, identification and correction of fire hazards, and the relationship of fire prevention with fire safety education and detection/suppression systems. This course has been approved for online, hybrid and correspondence delivery.

### **FS 4 - Fire Protection Equipment and Systems**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course provides an introduction to the design and operation of fire detection and alarm systems, heat and smoke control systems, special protection and sprinkler systems, water supply for fire protection, and portable fire extinguishers. This course has been approved for online, hybrid and correspondence delivery.

### **FS 5 - Fire Orientation and Organization**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course provides an overview to fire protection and emergency services; career opportunities in fire protection and related fields; culture and history of emergency services; fire loss analysis; organization and function of public and private fire protection services; fire departments as part of local government; laws and regulations affecting the fire service; fire service nomenclature; specific fire protection functions; basic fire chemistry and physics; introduction to fire protection systems; introduction to fire strategy and tactics; life safety initiatives. This course has been

approved for online, hybrid and correspondence delivery.

### **FS 6 - Building Construction for Fire Protection**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course provides for the study of the components of building construction that relate to fire safety. The elements of construction and design of structures are shown to be key factors when inspecting buildings, preplanning fire operations and operating at fires. The development and evolution of building and fire codes will be studied in relationship to past fires in residential, commercial, and industrial occupancies. This course has been approved for hybrid and correspondence delivery.

### **FS 8 – Wildland Fire Suppression**

**2.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

16 hours lecture/48 hours lab

Training in the use of tools of wildland fire suppression, and experience in the cooperative working relationship of a wildland fire suppression crew. Subject coverage includes responsibility as a fire crewperson, safe working habits, hand tools of firepumps, map and compass, tool maintenance, pumping operations and safety, air operations and safety, tractor operations and safety, wildland fire tactics, structural fire tactics, mop-up activities, fireline location and construction and radio use.

### **FS 13 - Fire Behavior and Combustion**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course of study presents theories and fundamentals of how and why fires start, spread and are controlled; an in-depth study of fire chemistry and physics; fire characteristics of materials; extinguishing agents; and fire control techniques. This course has been approved for online, hybrid and correspondence delivery.

### **FS 14 - Principles of Fire Safety and Survival**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course will introduce the student to fundamental issues relating to firefighting safety and survival. Students will evaluate case studies in which firefighters have been killed or injured. In addition, each student will be required to give an oral presentation based on an analysis of a "near miss" fatal fire/rescue scenario. Additionally, this course will introduce the student to the National Firefighter Life Safety initiatives, which focus on the need for both cultural and behavioral change throughout the emergency services disciplines. This course has been approved for online, hybrid and correspondence delivery.

### **FS 20 - First Aid and CPR for the Public Safety Employee**

**1.5 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

26 hours lecture (R)

Introduction to injury and illness including preparation for rendering assistance for the public safety personnel including administration of first aid, CPR, and use of AED according to the standards set forth in California Code of Regulations Title 22. Social Security Division 9. Prehospital Emergency Medical Services Chapter 1.5. First Aid and CPR Standards and Training for Public Safety Personnel. This course meets Title 22 regulations and is approved by the Local Emergency Medical Services Authority (LEMSA). A \$10.00 certification fee applies. May be repeated as needed for recertification. This course has been approved for hybrid delivery.

### **FS 23 - Firing Operations (S-219)**

**1.0 units**

**CSU**

**Prerequisites:** FS 75 Fire behavior (S-290)

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

16 hours lecture (2 day)

This course introduces the roles and responsibilities of a firing boss, common firing devices, and general firing operations and techniques. Although comprehensive in nature, the coursework

is not a substitute for the dynamic fire environment.

**FS 26 - Basic Air Operations (S-270) 1.0 unit**  
**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

16 Hours Lecture (2 Day)

This course covers aircraft types and capabilities, aviation management and safety, tactical and logistical uses of aircraft, and requirements for helicopter take-off and landing areas.

**FS 49 - Fire Science Work Experience**

**1.0-8.0 units**

**CSU**

**General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

600 hours lab (R)

This work based learning course is designed to assist students with educational or career goals in fire technology, who are working in the field of fire suppression, to build related job specific skills through individualized learning objectives and enhance their workplace performance. All Work Experience enrollments require attendance of a face-to-face orientation session. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the workplace, and career development. Subsequent enrollments require new individualized learning objectives, and completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Career Technical Education, Occupational and General Work Experience enrollments. Title V specifies students will earn 1 unit of credit for each 75 hours of paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid and correspondence delivery

**FS 50 – Rapid Intervention Crew (RIC) Operations**

**0.5 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement. Fire Fighter I Training, FS 80 Fire Fighter Survival or equivalent. 4 hours lecture/20 hours lab

The Rapid Intervention Crew (RIC) Operations course trains fire fighters to rescue a downed fire fighter in an immediately dangerous to life and health (IDLH) environment was developed in the continuing effort to reduce the number of fire fighter injuries and deaths that occur regularly. Students train using evolutions and scenarios based off tragedies suffered by fellow fire fighters from departments across the country.

Students receive information on how to locate and use these LODD studies as training and prevention tools throughout their careers. The course focuses on the three phases of a RIC operation: 1) pre-deployment, 2) deployment, and 3) rescue. During the class, you will also gain a greater understanding of RIC operations terminology and the RIC mindset. A supplemental \$81.00 fee will be charged including a \$5.00 materials fee for student manual flash drive and a \$76.00 State Fire Training FSTEP certification fee is due to Lassen Community College and will be collected at the time of registration.

**FS 51 – Introduction to Fire Technology Careers**

**1.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hours lecture

This course provides the basic knowledge to begin a career in the field of Fire Technology. Students will be introduced to the major branches of the fire service communities and the procedures used to complete an application for each of these departments.

**FS 54 – National Incident Management System (NIMS-700a)**  
**0.5 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

b. hours lecture

This course introduces and overviews the National Incident Management System (NIMS). NIMS provides a consistent nationwide template to enable all government, private-sector, and

nongovernmental organizations to work together during domestic incidents

**FS 56 – Helicopter Crewmember (S-271) 2.0 units**

**Prerequisite:** FS-61 Basic Firefighter Training (Basic 32)

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

32 hours lecture/8 hours lab

This course is designed to meet the training needs of a helicopter crew member. Upon completion, the student will be able to demonstrate proficiency in all identified areas of helicopter use to safely achieve efficiency and standardization.

**FS 57 - Vehicle Extrication**  
**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

8 hours lecture/8 hours lab

This course provides students with hands-on experience in the procedures utilized during an automobile extrication incident. Course certified by of the California State Fire Marshal. Additional State Certification Fees apply. This course may be taken as needed due to the evolving extrication methods, various vehicle technological changes, and new modern tools used in the various rescue plans as well as victim care requirements. A supplemental \$81.00 fee will be charged including a \$5.00 materials fee for student manual flash drive and a \$76.00 State Fire Training FSTEP certification fee is due to Lassen Community College and will be collected at the time of registration.

**FS 59 – Confined Space Awareness**

**0.5 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

8.5 hours lecture

This course will introduce fire service personnel to the codes that impact operations within confined spaces, the hazards of confined spaces, equipment and procedures required to deal with a confined space rescue safely and legally, basic operational positions, and their responsibilities as set forth by CAL-OSHA. A supplemental \$81.00 fee will be charged including a \$5.00 materials fee for student manual flash drive and a \$76.00 State Fire Training FSTEP certification fee is due to Lassen

Community College and will be collected at the time of registration.

### **FS 60 - Wildland Firefighter (CalFIRE Basic Training)**

**5.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

**Previous or concurrently:** FS 61, FS 51, FS59, FS72, FS80, FS 81 FS 20, or equivalent.

64 hours lecture/82hours lab

This course provides students with the knowledge and skills to perform basic firefighter tasks. Topics include: fire physics and terminology; fireline safety; aircraft safety; self-contained breathing apparatus; mobile equipment orientation; fire equipment orientation; wildland and structure firefighting operations. Instructor permission is required to enroll in this course.

### **FS 60A - Basic Fire Crew Firefighter**

**3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture (2 weeks)

This course provides basic knowledge, skills and ability for those individuals seeking a position on an operational CAL FIRE hand crew. This course requires instructor authorization prior to enrollment. (CAL FIRE 58)

### **FS 61 - Basic Firefighter Training (Basic 32)**

**2.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture, 8 hours lab

This course provides basic training in wildland fire suppression and crew person subject overage includes wildland fire behavior, skills of wildland fire suppression, practice with common fireline hand tools, and working safely in wildland fire environment. [Meets U.S. Forest Service and Bureau of Land Management requirements for Firefighter Type 2: L-180, S-130 and S-190.] To be awarded the certificates at the end of the course students must successfully complete the Federal Emergency Management Agency (FEMA) IS-100 (Introduction to the Incident Command System, ICS-100) and IS-700 (An introduction to the National Incident Management System) online at

<https://training.fema.gov/> (free to students).

### **FS 64 Instructor 1 Instructor Methodology**

**2.5 units**

**Recommended Preparation:**

Introduction to the Incident Command System (IS-100.B) FEMA or National Incident Management System (IS-700.A, FEMA)

40 hours lecture

This course provides the skills and knowledge needed for the entry level professional instructor to perform his or her duties safely, effectively, and competently. The curriculum is based on the 2012 edition of NFPA 1041 Standard for Fire Service Instructor Professional Qualifications. At the end of this course, candidates for Instructor I certification will be able to teach and deliver instruction from a prepared lesson plan utilizing instructional aids and evaluation instruments. The Instructor I will also be able to adapt a lesson plan and complete the reporting requirements to the local jurisdiction. A supplemental State Fire Training CFSTES certification fee of \$141.00 is due to Lassen Community College and will be collected at the time of registration.

### **FS 64B Instructor II Instructional Development**

**2.0 units**

**Required Preparation**

FS 64 Instructor I or equivalent  
40 hours lecture

This course is designed for those seeking to become fire service instructors. It provides the skills and knowledge needed for the intermediate level professional instructor to perform his or her duties safely, effectively, and competently. At the end of this course, candidates for Instructor II certification will be able to develop lesson plans and evaluation instruments, teach and deliver instruction, and evaluate and coach other instructors. The Instructor II will also be able to analyze resources and formulate a program budget. The State Fire Training Course Fee of \$141.00 will be collected at registration.

### **FS 65A – Driver Operator 1A – Emergency Vehicle Operations**

**1.5 units**

18 hours lecture/27 hours lab

This course provides the student with information on driver responsibilities, recognized standards, and related laws for fire apparatus. Topics include basic inspections, documentation,

maintenance, and troubleshooting fire apparatus, and techniques on driving and positioning fire apparatus. Each student also has the opportunity to increase his or her driving skills during simulated driving conditions. A supplemental State Fire Training CFSTES certification fee of \$141.00 is due to Lassen Community College and will be collected at the time of registration.

### **FS 65B – Driver Operator 1B - Pump Operations**

**1.5 units**

**Prerequisite(s):** FS 65A Driver Operations 1A

18 hours lecture/27 hours lab

Course provides the student with the information, theory, methods and techniques for operating fire service pumps, including: types of pumps, engine and pump gauges maintenance, unsafe pumping conditions, pressure relief devices, cooling systems, water supplies, drafting field hydraulics, and pumping operations. A supplemental State Fire Training CFSTES certification fee of \$141.00 is due to Lassen Community College and will be collected at the time of registration.

### **FS 65C – Wildland Fire Apparatus Operations**

**0.5 units**

**Prerequisite(s):** FS 65A Driver Operations 1A. FS 65B Driver Operator 1B, OSFM Fire Fighter I

7 hours lecture/17 hours lab

This course is designed to provide students with accepted statewide protocol and procedures for operation of a wildland fire apparatus. Course topics include: preventive maintenance, routine tests, inspections, and servicing functions on the systems and components unique to wildland fire apparatus. In addition students will participate in activities to practice proper operation of a wildland fire apparatus and production of an effective fire stream. Course certified by of the California State Fire Marshal. Additional State Certification Fees apply. A supplemental State Fire Training CFSTES certification fee of \$141.00 is due to Lassen Community College and will be collected at the time of registration.

### **FS 70 – Heavy Equipment Boss (S-236)**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

24 hours lecture (1 week)

This course is designed to meet training recommended for the dozer boss on an all risk incident. Trainees will be taught to ensure that a dozer has been properly inspected and signed up, ensure a dozer operator is qualified and signed up, determine the capabilities and limitations of the dozer and operator to perform an assignment, and the actions to complete an assignment. Must have Firefighter Type 1 qualifications to receive NWCG Certificate.

### **FS 70A - Single Resource Academy (S-230, S-231, S-232)**

#### **2.0 units**

**Prerequisite(s):** FS 98.18 (Annual Fire Refresher Training – RT-130) and FFT 1  
**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

28 hours lecture/4 hours lab

This course is designed as a classroom skill course to produce proficiency in the performance of all duties associated with the single resource Engine Boss, Crew Boss and Dozer Boss from initial dispatch through return to home unit. Instructional topics include: preparation and mobilization, assignment preparation, tactics and safety, off-line duties, demobilization, and post-incident activities. This course may be taken as needed to meet legally mandated training requirements.

### **FS 70B - Engine Boss (Single Resource)**

#### **1.0 units**

**Prerequisite(s):** FS-70A Single Resource Academy (S-230, S-231, S-232) or Firefighter Type 1 qualifications and have successfully completed an agency S-230 course. **Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

16 Hours Lecture

This course is designed as a classroom skill course to produce trainee proficiency in the performance of all duties associated with the single resource engine boss, from initial dispatch through return to home unit. Instructional topics include: preparation and mobilization, assignment preparation, tactics and safety, off-line duties, and demobilization, post-incident activities. This course may be taken as needed to meet legally mandated training requirements. Must have Firefighter Type 1 qualifications and have successfully completed an agency S-230 course, or FS-70A Single Resource Boss Academy to receive NWCG certificate.

### **FS 70C - Single Resource Crew Boss**

#### **1.0 units**

**Prerequisite(s):** FS-98.18 Annual Fighter Training or Firefighter Training 1

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

24 Hours Lecture

This course is designed as a classroom skill course to produce trainee proficiency in the performance of all duties associated with the single resource crew boss, from initial dispatch through return to home unit. Instructional topics include: preparation and mobilization, assignment preparation, tactics and safety, off-line duties, and demobilization, post-incident activities.

### **FS 72 – HazMat First Responder - Operations**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

24 hours lecture (1 week) (R)

This course provides information about basic strategies to safe-guard the health and safety of emergency responders when their work involves potential exposure to hazardous materials. Topics include detection of the presence of hazardous materials, hazardous materials references and safe work practices around potentially hazardous materials. This course may be taken as necessary to maintain certification. A \$5.00 materials fee for student manual flash drive will be collected at the time of registration.

### **FS 72A – HazMat First Responder - Refresher**

#### **0.5 unit**

**Prerequisite:** FS 72 First Responder - Hazardous Materials

9 hours lecture (2 days) (R)

This course is designed to refresh students who are likely first responders to Hazardous Materials events. Within the operational role, course topics include risks and outcomes of hazardous materials, operational roles, safety procedures, stabilization of the scene, decontamination of victims and equipment and communication and coordination with agencies. This course is certified by the California Specialized Training Institute and students successfully completing the class will be issued a CSTI certificate. There will be a state certification fee for this class. This course may be taken as necessary to

maintain certification. A \$5.00 materials fee for student manual flash drive will be collected at the time of registration.

### **FS 72B – HazMat First Responder - Decontamination**

#### **0.5 unit**

**Prerequisite:** FS 72 First Responder - Hazardous Materials

8.5 hours lecture

This course is designed for personnel previously trained to the Haz Mat First Responder Operations (FRO) level, to conduct responder decontamination as part of an organized response to incidents such as those involving hazardous materials (Haz Mat) releases or weapons of mass destruction. A supplemental \$81.00 fee will be charged including a \$5.00 materials fee for student manual flash drive and a \$76.00 State Fire Training FSTEP certification fee is due to Lassen Community College and will be collected at the time of registration.

### **FS 74 - Fire in the Interface (S-215)**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

24 hours lecture (1 week)

This course is designed to meet the training needs for initial attack incident commanders and company officers confronting wildland fires that threaten life and property and improvements in the wildland/urban interface. Must be qualified as a Firefighter Type 1 and the instructor will verify qualifications before signing the registration card.

### **FS 75 - Fire Behavior (S-290)**

#### **2.0 units**

**Prerequisite:** FS 61 – Basic Firefighter Training (Basic 32) or FS 60 - Wildland Firefighter (CalFIRE Basic Training); or S-190 Certification

37 hours lecture (1 week)

This course provides instruction in the identification and prediction of wildland fire behavior problems in various fuel types and under varying weather conditions.

### **FS 76 - Firefighter Type 1 (Squad Boss) (S-131)**

#### **0.5 unit**

**Prerequisite:** FS-61 Basic Firefighter Training (Basic 32) or FS-60-Wildland Firefighter (CalFIRE-Basic Training). ***This prerequisite is mandated by federal requirements through NWCG (National Wildland Coordinating Group).***

8 hours lecture

This course is designed to be interactive

in nature. It contains several tactical decision games designed to facilitate learning the objectives through class discussion.

### **FS 77 - Human Factors on the Fireline (L-180)**

**0.5 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

9 hours lecture (1 week)

This training course addresses human performance content that relates to the individual, including situation awareness, communication, decision making, risk management, and teamwork skills. The desired outcome of this training is improved awareness of human performance issues on the fireline so that individual firefighters can integrate effectively into teams/crews working in dynamic, high-risk environments.

### **FS 78 - Followership to Leadership (L-280)**

**1.0 unit**

**Prerequisite:** This prerequisite is mandated by federal requirements through NWCG (National Wildland Coordinating Group). FS 77 Human Factors on the Fireline L-180 **and** FS 61-Basic Firefighter Training (Basic 32) **or** FS 60 – Wildland Firefighter (CDF Basic 67).

17 hours lecture (1 week)

This training course is designed as a self-assessment opportunity for individuals preparing to step into a leadership role. The course combines one day of classroom instruction followed by a second day in the field with students working through a series of problem solving events in small teams (Field Leadership Assessment Course). Must have experience on fire incident assignments in operations or support functions to receive NWCG Certificate.

### **FS 80 - Fire Fighter Survival**

**1.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hours lecture

This course will supply the student with a greater understanding of the need for situational awareness, firefighter survival skills, and the technical survival skills to help you avoid committing fatal errors on the fire ground. Avoiding situations that could cause you to become lost, trapped, or injured is the best way to prevent tragedies at a fire scene. The Fire Fighter Survival course will aid in preventing fire fighter emergencies by teaching

personnel to be resourceful when facing dangerous entrapment situations. A supplemental \$81.00 fee will be charged including a \$5.00 materials fee for student manual flash drive and a \$76.00 State Fire Training FSTEP certification fee is due to Lassen Community College and will be collected at the time of registration.

### **FS 81 – Wildland Fire Fighter Safety and Survival**

**0.5 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

8.5 hours lecture

This course is designed to look at Wildland fire entrapments, their causes and what a firefighter can do to avoid them. Several topics will be looked at, discussed and studied from near misses and entrapments in the wildland fire service. Emphasis will be learning from history and why fire entrapments occur and how they might be avoided. Using Office of the State Fire Marshall (OSFM) 4000 Policy.

### **FS 84 - Lessons Learned (Fatality Fire Case Studies)**

**1.0 unit**

**Prerequisite:** FS 61 Basic Firefighter (Basic 32) or equivalent

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

16 hours lecture/4 hour lab (4 weeks)

The purpose of the Lessons Learned training course is by its nature firefighting is a dangerous undertaking. Wildland fires are dangerous because they are dynamic and constantly changing as the result of many complex factors. Unfortunately, sometimes wildland fires bring death and injury to firefighters. Each firefighter fatality should motivate us to study the incident, learn from it, and share the lessons of this blunt but effective teaching tool so that others may engage wildland fires without paying such a price.

### **FS 85 - Understanding Maps, Compass, and GPS**

**1.0 unit**

**Recommended Preparation** ENGL105 or equivalent multiple measures placement.

8 hours lecture 10 hours lab

Learn to navigate using topographic and other maps used with the compass and Global Positioning Systems (GPS). Discusses topography contours, map scales, and map projections. Navigate in the field using inexpensive modern

compass and GPS receiver to define desired directions of travel and use them on the ground. Discussion of different hand-held GPS receivers, their usefulness, accuracy, and important features for use in the field. Students will learn how to use the GPS receiver and/or compass with map to determine accurate altitude information in land navigation and how to minimize navigation errors caused by the effects of weather and other natural interference. There will be a \$5.00 student materials fee for flash drive containing student text.

### **FS 89 – Wildland Fire Chainsaws (S-212)**

**1.5 unit**

**Prerequisite(s):** FS-61 Basic Firefighter Training (Basic 32) or FS 60A or equivalent

24 hours lecture/4 hours lab (1 week)

This course provides an introduction to the function, maintenance and use of internal combustion engine powered chainsaws and their tactical wildland fire application. Field exercises support entry level training for firefighters with little or no previous experience in operating a chain saw, providing hands-on cutting experience in surroundings similar to fireline situations. Repeatable as needed for certification.

### **FS 90 – Portable Pumps and Water Use (S-211)**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

16 hours lecture/4 hours lab (1 week)

This course is designed to meet training needs of a Firefighter Type 1 or Incident Commander Type 5. Course content will provide the knowledge and skills needed to design, set up, operate, troubleshoot, and shut down portable water delivery systems.

### **FS 91- I-Suite Incident Based Automation**

**1.5 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

25.5 hours lecture

I-suite is a data entry system used on wildland fire incidents. This course will teach students how to use the I-suite computer system, how to enter data online, and how to interface with other data systems on a wildland fire incident.

**FS 92A Company Officer 2D:  
Human Resource Management  
for Company Officers**

**2.1 units**

**Prerequisites:** Meet educational requirements for FF II. A copy of your Firefighter II certificate must be presented to the instructor on the first day of class.

40 hours lecture

This course is designed for experienced firefighters seeking promotion to the rank of company officer. This course prepares or enhances the ability of first time supervisors through provision of information on the use of human resources to accomplish assignments, evaluating member performance, supervising personnel, and integrating health and safety plans, policies and procedures into daily activities as well as the emergency scene. This course is part of a series of five core professional development courses required for the California State Fire Training Company Officer Certification. Successful students in this course earn credit towards the degree while meeting California State Fire Training certification requirements. A supplemental State Fire Training CFSTES certification fee of \$141.00 is due to Lassen Community College and will be collected at the time of registration.

**FS 92B Company Officer 2D:  
General Administrative Functions  
for Company Officers**

**1.0 units**

**Prerequisites:** Meet educational requirements for FF II. A copy of your Firefighter II certificate must be presented to the instructor on the first day of class.

Units

20 hours lecture

This course is designed for practicing firefighters seeking promotion to the rank of company officer. This course prepares or enhances the ability of first time supervisors through provision of information on general administrative functions and the implementation of department policies and procedures and addresses conveying the fire department's role, image and mission to the public. This course part of a series of five core professional development courses required for the California State Fire Training Company Officer Certification. Successful students in this course earn credit towards the degree while meeting California State Fire Training certification requirements. A supplemental State Fire Training

CFSTES certification fee of \$141.00 is due to Lassen Community College and will be collected at the time of registration.

**FS 92C Company Officer 2C: Fire  
Inspections and Investigation for  
Company Officers**

**2.0 units**

**Prerequisites:** Meet educational requirements for FF II. A copy of your Firefighter II certificate must be presented to the instructor on the first day of class.

40 hours lecture

This course is designed for practicing firefighters seeking promotion to the rank of company officer. This course prepares or enhances the ability of first time supervisors through provision of information on conducting inspections, identifying hazards and addressing violations, performing a fire investigation to determine preliminary cause and securing the incident scene and preserving evidence. This course part of a series of five core professional development courses required for the California State Fire Training Company Officer Certification. Successful students in this course earn credit towards the degree while meeting California State Fire Training certification requirements. A supplemental State Fire Training CFSTES certification fee of \$141.00 is due to Lassen Community College and will be collected at the time of registration.

**FS 92D Company Officer 2D: All  
Risk Command Operations**

**2.0 units**

**Prerequisites:** Meet the educational requirements of Fire Fighter II

40 hours lecture

This course provides information on conducting incident size-up, developing and implementing an initial plan of action involving single and multi-unit operations for various types of emergency incidents to mitigate the situation following agency safety procedures, conducting pre-incident planning, and develop and conduct a post-incident analysis. This course is for students seeking a California State Fire Marshal's Office course completion certification. A supplemental State Fire Training CFSTES certification fee of \$141.00 is due to Lassen Community College and will be collected at the time of registration.

**FS 92E Company Officer 2E:  
Wildland Incident Operations for  
Company Officers**

**2.0 units**

**Prerequisites:** Must complete or provide copy of S-290 Intermediate Fire Behavior Certificate (classroom delivery only) as well as meet the educational requirements for Fire Fighter II as stated in the California State Fire Training certification process. A copy of your Firefighter II certificate and NWCG S-290 must be presented to the instructor on the first day of class.

40 hours lecture

This course is designed for practicing firefighters seeking promotion to the rank of company officer. This course prepares or enhances the ability of first time supervisors through provision of information on evaluating and reporting incident conditions, analyzing incident needs, developing and implementing a plan of action to deploy incident resources completing all operations to suppress a wildland fire, establishing an incident command post, creating an incident action plan, and completing incident records and reports. This course part of a series of five core professional development courses required for the California State Fire Training Company Officer Certification. Successful students in this course earn credit towards the degree while meeting California State Fire Training certification requirements. For students seeking a California State Fire Training course completion certification, there is a supplemental \$81.00 SFT fee which must be paid by the second day of the class. This fee is not collected during the registration process. Additional details will be provided on the first day of class.

**FS 93 Fire Fighter I**

**18.5 units**

**Prerequisite:** FS 20 1<sup>st</sup> aid for Public Safety Employees or HO 120 CPR or equivalent

160 hours lecture/480 hours lab

This course provides the skills and knowledge needed for the entry level fire fighter, career or volunteer, to perform his/her duties safely, effectively, and competently. The curriculum is based on the 2013 edition of NFPA 1001 Standard for Fire Fighter Professional Qualifications, the 2012 edition of NFPA 1051 Standard for Wildland Fire Fighter Professional Qualifications, and the 2008 edition of NFPA 472 Standard for Competence of Responders to

Hazardous Materials/Weapons of Mass Destruction Incidents. The seven overarching themes of the California State Fire Fighter I curriculum are: general knowledge germane to the profession, fire department communications, fire ground operations, rescue operations, preparedness and maintenance, wildland suppression activities, and hazardous materials/WMD. Student will receive a California State Fire Marshall Fire Fighter 1 certificate

**FS 94 Strike Team/Task Force Leader. All Hazards (AH-330)**  
**1.5 unit**

**Prerequisite:** FS 23 Firing Op, FS 74 Fire in the Interface, FS 88 Initial Attack Incident Commander or equivalent

25.5 hours lecture

This course is designed to provide the skills and knowledge needed to perform in the position of Strike Team/Task Force Leader. Topics include position overview; pre-deployment responsibilities; concept of the position; resource typing standards; pre-dispatch preparation; incident responsibilities; administration; supervision; response; assignment; demobilization; tactics and safety; risk management; entrapment avoidance; WUI; case studies; scenarios; appropriate action vs. freelancing.

A supplemental \$81.00 fee will be charged including a \$5.00 materials fee for student manual flash drive and a \$76.00 State Fire Training FSTEP certification fee is due to Lassen Community College and will be collected at the time of registration.

**FS 95 Initial Attack Incident Command**  
**0.5 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

5 hours lecture/12 hours lab

A course designed to bring out the responsibilities of the individual in charge of the initial attack of small, non-complex fires that are routinely suppressed by local initial attack forces and assure that local policies and practices are understood by the initial attack leader.

**FS 96 – Low Angle Rope Rescue**  
**0.5 unit**

27 hours lab

A course designed to train firefighters and emergency medical personnel in low angle rescue techniques. Students will learn about equipment, identification, and care. Note: Students must provide their own safety equipment which will include helmet, gloves, long pants, long sleeve shirt, and work boots with aggressive soles for traction on steep slopes.

Students may re-enroll in course for credit as legally mandated to meet training requirements as a condition of continued paid or volunteer employment. A supplemental \$81.00 fee will be charged including a \$5.00 materials fee for student manual flash drive and a \$76.00 State Fire Training FSTEP certification fee is due to Lassen Community College and will be collected at the time of registration.

**FS 97 – Fire Control 4: Controlling Ignitable liquids and Gases**  
**0.5 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6.5 hours lecture/9.5 hours lab

This course provide the knowledge and skills that prepare a firefighter to extinguish an ignitable liquid fire, control a flammable gas fire, and develop an incident action plan for a pipeline emergency. Participants will learn and practice modern vehicle firefighting techniques. A supplemental \$81.00 fee will be charged including a \$5.00 materials fee for student manual flash drive and a \$76.00 State Fire Training FSTEP certification fee is due to Lassen Community College and will be collected at the time of registration.

**FS 98.18 – Annual Fire Refresher Training (RT-130)**  
**0.5 unit**

**Prerequisite(s):** FS-61 Basic Firefighter Training (Basic 32)

8 hours lecture (1 Day)

Purpose of wildland fire suppression is to minimize damage to resources, property and the environment. This should be accomplished in the most operationally effective and fiscally responsible manner. But above all, we need to remember that no resource or property values are worth endangering life. Providing for the safety of firefighters is the number one priority and responsibility of every individual. This course requires an additional fee of \$2.00 to cover the costs of handouts and

a pocket guide. This course may be taken as legally mandated.

**FS 98.20 – Annual Hired-Equipment Refresher Training**  
**0.5 unit**

8 hours lecture (1 Day) (R)

This course provides an annual review and update of regulations and guidelines for the safe operation of fire suppression equipment. This course requires an additional fee of \$2.00 to cover the costs of handouts and a pocket guide. Also required is a \$20.00 fee for State Fire Training Certification/Registration fee as mandated by Cal Fire. This course may be taken as legally mandated.

**FS 98.21 – Volunteer Firefighter Academy**  
**2.5 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

32 hours lecture/34 hours lab

This course is designed to provide an introduction of skills and methods used for structural firefighting. Students will be required to work as a team to accomplish assigned tasks and be introduced to concepts and cultures that are common to the fire service. This course is ideally suited for an entry level volunteer firefighter, wildland firefighters or anyone that would like to be familiar with basic structural firefighting skills. Curriculum is designed to incorporate IFSAC/Pro Board Firefighter 1 requirements. An additional \$10.00 materials fee will be added to the admission fee to cover consumable materials used during the course such as plywood and propane.

---

## **GEOGRAPHY**

**GEOG 2 - Cultural Geography**  
**3.0 units**

CSU/UC

General Education Area B

CSU GE Area D5

IGETC Area 4E

**C-ID GEOG 120**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

The study of the varieties of human use and misuse of ecological landscapes. Emphasis is placed on the regional distribution of population, settlement patterns and migration, religion, ethnicity, political organization, economic systems, agriculture and industry. This course has been approved for hybrid, online and correspondence delivery.

## **GEOGRAPHICAL INFORMATION SYSTEMS**

### **GIS 1 – Fundamentals of GIS**

**4 units**

**CSU/UC**

**Co-requisite: GIS 2 Data Concepts**

This course covers theoretical and applied knowledge of Geographic Information Systems (GIS). Students will learn the basic history of GIS, as well as what it is, how it functions, and why it is used to benefit real-world, problem-solving applications. Geospatial data, and associated information, will be a core component of the course, including acquisition, development, maintenance, manipulation, analysis, and display of content. Spatial parameters (i.e., projections, coordinate systems, datum, and units of measure), geodatabase structures and use, basic cartographic skills, and simple overlay analysis and geoprocessing techniques are covered as well. This course is offered in traditional, online, and hybrid modalities.

### **GIS 2 – Data Concepts**

**3 units**

**CSU/UC**

**Co-requisite: GIS 1 Fundamentals of GIS**

This course covers concepts and techniques associated with geospatial data, including detailed examination of the design and implementation of geodatabases for Geographic Information Systems (GIS). Relational database management systems (RDBMS), and their functionality in relation to GIS, are a key concept in the course. Other concepts such as data integration, organization, and quality assurance; attribute information classification; feature digitization and editing; and geocoding will be covered as well. This course has been approved for online and hybrid delivery.

### **GIS 3 - Cartography and Geovisualization**

**3 units**

**CSU/UC**

**Prerequisite: GIS 1-Fundamentals of GIS & GIS 2- Data Concepts**

This course covers advanced concepts associated with cartography and geovisualization, as they relate to Geographic Information Systems (GIS). Cartographic principles will be covered in-depth, including enhanced map layout design and corresponding map element styling. Students will work with complex hardcopy and digital map outputs, including web-based visuals. Animations, 3D scenes, Story Maps, and other forms of geovisualization techniques are

examined as well. This course has been approved for online and hybrid delivery.

### **GIS 4 – Spatial Analysis**

**3 units**

**CSU/UC**

**Prerequisite: GIS 1-Fundamentals of GIS & GIS 2- Data Concepts**

This course covers the advanced and specialized topic of spatial analysis, in relation to Geographic Information Systems (GIS). Spatial analysis examines the spatial relationships of features in geospatial data, such as patterns, trends, connections, etc. GIS-based spatial analysis techniques are covered extensively for both vector and raster data models. A heavy emphasis is placed on using spatial analysis operations to aid in geospatial problem-solving scenarios as well. Geospatial modelling is a key component of the course, also. This course has been approved for online and hybrid delivery.

### **GIS 5 - Web/Mobile Based GIS**

**3 units**

**CSU**

**Prerequisite: GIS 1-Fundamentals of GIS & GIS 2- Data Concepts**

This course covers concepts associated with web-based data and mapping applications, as well as mobile data collection methodology, as they relate to Geographic Information Systems (GIS). Latest trends in online GIS technology are examined, including Esri's ArcGIS Online interface and ancillary components. Web Maps, Story Maps, and Web AppBuilder for ArcGIS will be explored. On the mobile side, application technologies such as Collector for ArcGIS and Survey123 will be studied, also. Students will be exposed to a basic understanding of Global Positioning Systems (GPS), too. This course has been approved for online and hybrid delivery.

## **GEOLOGY**

### **GEOL 1 - Physical Geology**

**4.0 units**

**CSU/UC**

**General Education Area A**

**CSU GE Areas B1 & B3**

**IGETC Area 5A & 5C**

**C-ID GEOL 101**

**Recommended Preparation: ENGL105** or equivalent multiple measures placement.

51 hours lecture/51 hours lab  
Pursuit of understanding the physical classification of rocks and minerals of the earth as a whole and its past, present and

future evolutionary processes. Unifying concepts such as plate tectonics and its implications, the magnitude of geologic time, uniformitarianism, and the ramifications of the fossil record will be explored. This course includes field trips to areas of geological interest. This course has been approved for online and hybrid delivery.

### **GEOL 5 - Historical Geology & Paleontology**

**4.0 units**

**CSU/UC**

**General Education Area A**

**CSU GE Areas B1 & B3**

**IGETC Area 5A & 5C**

**C-ID GEOL 111**

**Recommended Preparation: ENGL105** or equivalent multiple measures placement.

51 hours lecture/51 hours lab

This course is designed to provide a descriptive geological history of the earth using the principles and methods of interpretation and reconstruction of the changes that have occurred on the earth in the fossil record. This course has been approved for online and hybrid delivery.

## **GUNSMITHING**

### **SHORT TERM COURSES**

#### **GSS 49 - Gunsmithing Work Experience**

**1.0-8.0 units**

**CSU**

**General Education Area E1**

**Recommended Preparation: ENGL105** or equivalent multiple measures placement.

600 hours lab (R)

This work based learning course is designed to assist students with educational or career goals in gunsmithing who are working in the field of law gunsmithing, to build related job specific skills through individualized learning objectives and enhance their workplace performance. All Work Experience enrollments require attendance of a face-to-face orientation session. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the workplace, and career development. Subsequent enrollments require new individualized learning objectives, and

completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Career Technical Education, Occupational and General Work Experience enrollments. Title V specifies students will earn 1 unit of credit for each 75 hours of paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid delivery

### **GSS 50.01 - Recoil Pad and Sling Swivel Installation** **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the installation and fitting of recoil pads and sling swivels to firearm stocks, wood, hollow wood and synthetic. Includes determining pitch, cutting stock, locating, drilling and tapping pad screw holes and sealing of stock. This also covers fitting of pads using a fixture and without one.

### **GSS 50.03 - Open and Optical Sight Installation** **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover cutting dovetails, drilling and tapping for open sights and soft soldering, sights and ramps. Covers the installation of open and peep rear sights and blade and ramp front sights. This course will also cover drifting of sights when necessary.

### **GSS 51.01 - Stock Inletting** **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)  
This course is designed to provide the student with the knowledge to inlet and install forend tips and grip caps. The students will also learn to shape a center fire rifle stock. The inletting and shaping of two-piece stocks will also be covered, as well as the use of inletting tools and markers.

### **GSS 51.03 - Stock Inletting** **1.0 unit**

6 hours lecture/34 hours lab  
This course is designed to cover the shaping and sanding of conventional rifle stocks, includes stocks for rifles, shotguns, .22's and two-piece stocks for any type of long gun.

### **GSS 51.05 - Glass Bedding for Strength and Accuracy** **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the reinforcing and glass bedding of stocks for strength as well as the repairing of broken stock and shocks for heavy recoiling calibers.

### **GSS 51.06 - Wood Stock Finishing** **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)  
This course is designed to provide the student with knowledge and skills to produce a high quality finished stock. The use of sanding techniques, stains and various finishes will be covered.

### **GSS 52B - Firearms Training** **0.5 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

8 hours lecture/8 hours lab (R)  
A course certified to qualify students to meet the minimum California requirement for Carry Concealed Weapons permit. (This course shall not exceed 16 hours per California Penal Code Section 12050.) Repeatable as necessary to maintain certification.

### **GSS 52BR - Firearms Training Refresher** **0.5 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

8.5 hours lecture (R)  
This course is a refresher course to meet state requirements for concealed weapons permit. Repeatable as needed to maintain certification.

### **GSS 52.01 - Gunsmith Machining 1** **2.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

12 hours lecture/66 hours lab (2 weeks)  
This course is designed to cover tool sharpening, types of steels, cutting speeds, use of precision measuring tools, cutting and turning steel in chuck and between centers to precise dimensions, cutting "V", square and buttress threads and the design and fabrication of simple bolt and action holding fixtures.

### **GSS 52.02 - Gunsmith Machining 2** **2.0 unit**

**Prerequisite:** GSS 52.01 - Gunsmith Machining 1

12 hours lecture/66 hours lab (1 week)  
This course is designed to cover turning of short tapers between centers, grinding and use of form tools, turning inside and outside radius as well as freehand radiusing. Includes cutting of barrel cone and safety breaching as well as American and European barrel transition contours.

### **GSS 52.03 - Gunsmith Machining 3** **2.0 unit**

**Prerequisite:** GSS 52.02 - Gunsmith Machining 2

12 hours lecture/66 hours lab (1 week)  
This course is designed to cover basic milling operations, cutting speeds, types of cutters and types of cutting. For hardened and unhardened firearm steels with an emphasis on safe procedures for firearm parts.

### **GSS 52.04 - Gunsmith Machining 4** **1.0 unit**

**Prerequisite:** GSS 52.03 - Gunsmith Machining 3

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the cutting of internal threads and the machining of internal tapers on a lathe as used in firearm manufacture.

### **GSS 52.05 - Gunsmith Machining 5** **1.0 unit**

**Prerequisite:** GSS 52.04 - Gunsmith Machining 4

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the use of a dividing head on a milling machine, the manufacturing of octagonal barrels; square parts and multifaceted parts are covered. Includes dimensional limits for adequate protection against barrel burst from modern high intensity cartridges.

## **GSS 52.06 - Gunsmith Machining 6**

### **1.0 unit**

**Prerequisite:** GSS 52.05 - Gunsmith Machining 5

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the turning of long work pieces such as barrels or long straight shafts. Includes taper turning, stopping chatter, turning long increasing radii.

## **GSS 54.05 - Hardening & Tempering of Carbon Steels**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the hardening and tempering of carbon and carbon alloy steels as used in firearms.

## **GSS 55.04 - Stock Refinish and Repair**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to provide the student with knowledge and skills required to repair and refinish stocks, the raising of dents, filling of cracks, reinforcing weak area and re-cutting of checkering will be covered in depth. Sealing and matching finish of repaired areas will also be covered.

## **GSS 56.01 - Headspace**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the measurement, dangers of and correction of headspace in all types of firearms, included are screw-in and pin-in barrels as well as pivot barrel guns. Also covered are systems where the barrel is not removable.

## **GSS 56.03 - Bolt Action Barrel Fitting**

### **1.0 unit**

**Prerequisite:** GSS 52.02 Gunsmith Machining 2

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the threading, fitting and chambering of barrel to bolt action receivers, cone breech, safety breech and mauser types.

## **GSS 56.04 - Barrel Contouring**

### **1.0 unit**

**Prerequisite:** GSS 52.02 Gunsmith Machining 2

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the lathe turning of barrels to pre-selected diameters, tapers and contours, as used in bolt action rifles. Also covered is the polishing to get all irregularities and machining marks out of the barrel.

## **GSS 57.01 - Bolt Action Breeching and Headspace**

### **1.0 unit**

**Prerequisite:** GSS 52.02 Gunsmith Machining 2

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the breeching and head spacing of bolt-action rifles. Information learned is usable for most other types of rifles. Included is threading, fitting shank to bolt and chambering.

## **GSS 57.02 - Action Blueprinting**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the truing of the face, lugs and threads of a bolt-action receiver and truing the lugs, lip and face of a bolt to gain the best possible accuracy from an action.

## **GSS 57.03 - Action and Bolt Modifications**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the preparation of military action for sporting use, covers installation and adjustment of triggers and safeties, drilling and tapping, bolt alterations and removal of clip bridges.

## **GSS 57.06 - Truing Exterior of Action**

### **1.0 unit**

**Prerequisite:** GSS 52.03 Gunsmith Machining 3

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the truing of the exterior of commercial and military actions using a lathe and/or mill depending on the type of action.

## **GSS 57.08 - Bottom Metal Modifications**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the custom modifications to trigger guards

and floor plates of bolt-action rifles.

Includes sculpturing of guard bows, various types of floor plate releases, filing holes and altering profiles.

## **GSS 57.15 - Bolt Action Rifle Feeding**

### **1.0 unit**

**Prerequisite:** GSS 52.04 Gunsmith Machining 4

6 hours lecture/33 hours lab (1 week)

This course covers the alteration of bolt-action fixed magazine center fire rifles, to feed a different size cartridge for which they were originally designed.

## **GSS 58.02 - Pressure Bedding and Pillar Bedding**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the pressure bedding of bolt-action rifle barrels in wood stocks and the pillar bedding of actions in composite and/or wood stocks.

## **GSS 59.02 - Metal Preparation for Refinishing and Caustic Bluing**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the metal preparation and caustic bluing of ferrous firearm parts. Includes metal preparation, degreasing, bluing, and neutralizing of firearm parts.

## **GSS 59.03 - Parkerizing**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to provide the student with the process of phosphate coating - parkerizing of steel firearm parts, as used on some military firearms and for extreme weather protection.

## **GSS 59.04 - Color Case Hardening**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to provide the student with the old style color case hardening process as used on firearm parts 100 years old. This course includes metal preparation, color hardening and after treatment.

### **GSS 59.05 - Rust Bluing**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.  
6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the cold rust, niter, bluing process used until the early 20th century. This is one of the processes used for soft soldered barrels and for restoration of 19th century firearms.

### **GSS 59.07 - Niter Bluing and Heat Coloring 1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the nitrogen and heat coloring processes commonly used until the 1930's to give firearm parts the bright royal blue straw or other selected colors as found on many antique firearms.

### **GSS 59.09 - Alternative Metal Finishes 1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover alternative metal finishes available to the gunsmith. Topics will include Teflon Coating, Powder Coating, Aluminum Anodizing as well as other metal finishes.

### **GSS 60.01 - DFR Recoil Operated Auto Shotguns 1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the function and repair of recoil operated Auto shotguns in use today. The base firearm studied will be the Browning A-5 and clones. Other models will be studied showing their differences with the Browning design.

### **GSS 60.02 - DFR Gas Operated Auto Shotguns 1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the design, function and repair of gas-operated shotguns in use today. Includes all aspects of their working, what can go wrong and the correct fixes. The base gun is the Remington 1100; 11-87. Other guns will be studied where they differ

from the Remington.

### **GSS 60.04 - DFR Pump Shotguns 1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the design, function and repair of pump shotguns in common use today. The base gun studied is the Remington 870, but also covered in detail are the Savage 30, 77 and 520; Mossberg 500, 550 and cones; the Ithaca 37 and 87 and the Winchester 1200 and 1300.

### **GSS 61.01 - DFR Single Action Revolvers 1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the fitting, timing and repair of single action revolvers. Includes cylinder fit, barrel-cylinder gap, bolt and hand fit and timing, action shooting and modifications for cowboy and fast draw shooting.

### **GSS 61.02 - DFR Smith & Wesson Revolvers 1.0 unit**

**Recommended Preparation:** Successful completion of ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)  
This course is designed to provide the student with knowledge and skills in the design, function and repair of all systems of the Smith and Wesson type revolvers. This course also covers fitting of barrels and cylinders as well as all moving parts, and smoothing of the action.

### **GSS 61.03 - DFR Colt and Ruger Double Action Revolvers 1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the design, function and repair of Colt D, E, F and I frame revolvers, covers all phases of repair including endshake, range and throw-by.

### **GSS 62.03 - Misfire Correction 1.0 unit**

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the causes and cures of misfiring in all types of sporting arms. Includes firing pin placement, energy and velocity and how to adjust for optimum performance.

### **GSS 62.04 - Correcting Oversize Firing Pin Holes 1.0 unit**

**Prerequisites:** GSS 52.01 Gunsmith Machining 1

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the correction of oversize firing pin holes by the bushing and welding methods. Includes the refitting of firing pins and heat-treating when needed.

### **GSS 63.01 - Single Triggers 1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the design, function and repair of single trigger systems as found in double guns. Includes single nonselective and single selective triggers as well as single double triggers and double single triggers.

### **GSS 63.02 - Ejectors 1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the design, function and repair of ejectors as found in double guns. Includes hammer types and spring-loaded types. Fitting, timing and repair of the complete system.

### **GSS 63.03 - Double Gun Locks 1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)  
This course is designed to provide the student with the knowledge and skills of design, function and repair of hammerless double gun locks in common usage over the past 120 years. This course also provides information covering most types of self-cocking systems.

### **GSS 63.04 - Double Gun Locking Systems 1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)  
This course is designed to provide the student with knowledge and skills of the design, function and repair of locking systems in common use in pivot barrel guns during the past 130 years.

### **GSS 63.05 - Double Gun Hinge Pins and Headspace**

#### **1.0 unit**

**Prerequisites:** GSS 52.01 Gunsmith Machining I and GSS 54.01 Oxyacetylene Welding for Gunsmiths

6 hours lecture/33 hours lab (1 week)

This course is designed to provide the student with knowledge and skills in the function, fabrication and replacement of hinge pins in pivot barrel guns and the adjustment of headspace in pivot barrel shotguns and rifles.

### **GSS 64.01 - Composition Stock Fitting, Bedding and Finishing**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to provide the student with the skills necessary to fit a composition stock to a barreled action, magazine and trigger guard assembly as well as bedding the stock to the action, including fitting accessories and finishing.

### **GSS 66.01 - Non-Bolt Action Rifle Barrel Fitting**

#### **1.0 unit**

**Prerequisites:** GSS 52.02 Gunsmith Machining 2 and GSS 56.03 Bolt Action Barrel Fitting

6 hours lecture/33 hours lab (1 week)

This course is designed to provide the student with the skills necessary to thread and fit barrels to lever and pump action rifles in common use today, as well as single shots.

### **GSS 66.02 - Revolver Barrel Fitting and Ranging**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the removal and fitting of revolver barrels, screw-in and pin-in types. Includes adjusting barrel-cylinder gap, throat and tightening loose barrels.

### **GSS 66.03 - .22 Barrel Fitting**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the fitting of replacement barrels to the various .22 rim fire rifles in use today. Includes tightening, re-indexing and setting barrels back but does not cover adjusting of fitting barrels of pivot barrel

guns.

### **GSS 67.01 - Blowback Principle**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the blowback principle as a locking system. Includes troubleshooting, balancing for heavier or lighter loads, extraction-ejection problems, a thorough understanding of the principle is extremely useful in diagnosing problems in all types of automatics.

### **GSS 68.01 - DFR Locked Breech Single Action Auto Pistols**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the design, function and repair of common locked breech single action pistols. This course also includes locking systems, feeding, extractors, ejection, magazines, etc., with emphasis on problem solving and reliability. The base firearm is the Colt-Browning type 45 auto.

### **GSS 68.02 - DFR Locked Breech Double Action Auto Pistols**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course will cover the design, function and repair of double action locked breech auto pistols. Emphasis is on repair and reliability. Most current designs are studied.

### **GSS 68.03 - DFR Blowback Auto Pistols**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course will cover the design, function and repair of blowback operated auto pistols in use today. Most systems and types are studied, including headspace, sear systems, feeding, ramps, magazines and extractors.

### **GSS 69.01 - DFR Auto Rifles**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the design, function and repair of modern auto

sporting rifles excepting "assault" rifles.

### **GSS 69.02 - DFR Pump Rifles**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

1.0 Unit

This course is designed to provide the student with knowledge and skills in design, function and repair of center fire pump rifles in common use today. This course includes fire control, feeding, extraction, ejection and accuracy, as well as fabrication of parts for obsolete models.

### **GSS 69.03 - DFR Lever Action Rifles**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the design, function and repair of lever action rifles in common use today. The base gun is the Winchester 94. The Marlin 336 and Savage 99 are also studied in detail. Lesser models such as the Winchester 76, 86, 88 and Marlin 92, 94 and 95 are studied to a lesser degree.

### **GSS 69.04 - Non-Bolt Action Feeding**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to provide the student with skills and abilities to repair and adjust all feed systems, except those found in bolt action, center fire rifles. This course also includes tube feed and magazine feed .22's, shotguns, handguns and center fire rifles. Converting to a larger or smaller cartridge is also covered.

### **GSS 70 - Checkering**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

4 hours lecture/46 hours lab (1 week)

An introductory course designed to provide the students with the basic skills of checkering. Instruction includes tools and equipment and their use, pattern design, layout and transfer, cutting of patterns and borders.

## **GSS 70.01 - DFA Triggers 1**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the design, function and adjustment of all types of trigger systems except trigger systems with three or more sears and/or adjustable levers. Includes virtually every type of trigger system found in modern sporting firearms except high quality target guns. Conventional, articulated, cam, Colt-type and double sear-types are covered.

## **GSS 70.02 - DFA Triggers 2**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the design, function and adjustments of multiple sear adjustable lever triggers systems as used in high-grade firearms and air guns.

## **GSS 71 - Custom Rifle Seminar**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

4 hours lecture/46 hours lab (1 week)

A course designed to provide the student with an overview of advanced state of the art in design, technique and tools for the custom classic rifle maker, including tools and equipment and their use, design, checkering, metal accessories, wood finish, metal finish, laying out a blank and metal checking.

## **GSS 71.01 - DFR .22 Autos**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the design, function and repair of .22 automatic rifles in common use today. All aspects are studied including extraction, ejection, fire control, headspace and feeding, with emphasis on malfunction repairs.

## **GSS 71.02 - DFR Bolt Action .22's**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to provide the student with knowledge and skills in

design, function and repair of bolt action .22 rifles. The simplest single shots to advanced target models are studied. All systems are covered from cartridge feed systems and extraction to triggers.

## **GSS 71.03 - DFR Pump and Lever Action .22's**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the design, function and repair of the pump and lever action .22 rifles in common use today. Includes rifles made by Browning, Remington and Winchester but does not cover the Marlin Model 39.

## **GSS 71.04 - DFR Marlin Model 39**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover all aspects of the design, function and repair of these fine .22 rifles. Includes the very old models made before 1900 up to the present version and the center fire variants.

## **GSS 72 - Fiberglass Stockmaking**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

4 hours lecture/46 hours lab

(1 week) (R)

A course introducing skills, procedures, and techniques of finishing a fiberglass stock, including history, materials, bedding, filling, sanding, painting, accessories, and accuracy.

## **GSS 72.01 - Metallic Cartridge**

### **Reloading**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the basics of metallic cartridge reloading, both pistol and rifle. Covers sorting, cleaning, lubing, sizing, de-priming, selection of charge, charging, seating and crimping.

## **GSS 73.02 - Spring Making**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the making of irregular shaped wire springs

from basic round spring stock, using a semi-universal spring winding fixture that the student fabricates and the making of flat or "v" springs.

## **GSS 75.02 - Firearm Laws and Regulations**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the study of the thousands of Federal and State Firearms Laws.

## **GSS 77 - Accurizing M1-M1A for Competition**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

4 hours lecture/44 hours lab (1 week)

This course is designed to present state of the art bedding techniques of M1-M1A rifles for national match competition. Mechanics aspects of tuning for accuracy and reliability will be discussed and accomplished. Participants will have an opportunity to test fire their rifles before and after accurizing. This course requires an additional fee of \$19 to cover the costs of course handouts, bedding material, sandpaper, steel, wood finish, and small parts (pins, roll pins, small springs, etc.).

## **GSS 78 - Design & Repair: .22**

### **Autopistols**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

4 hours lecture/46 hours lab 1.0 Unit

An advanced course designed to train the student to fine tune .22 autopistols to very close factory specifications. Diagnosis and repair of malfunctioning pistols will be emphasized.

## **GSS 79 - Basic Correctional**

### **Armorer's School**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/34 hours lab (1 week)

An introductory course designed to train correctional officers to maintain their firearms and department firearms to factory service.

## **GSS 82 - General Gunsmithing**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

4 hours lecture/46 hours lab (1 week)

A course designed to introduce the student to gunsmithing basics to include, firearms malfunctions, diagnosis and repair.

### **GSS 83 - General Gunsmithing-Advanced**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

4 hours lecture/46 hours lab (1 week)

An advanced course in general gunsmithing problems and techniques including drilling and tapping for sights, spring making and silver soldering.

### **GSS 84 - L.E.A.S./Design and Repair Colt & Ruger Revolvers**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/34 hours lab

A course designed to train the student to fine tune and maintain Colt and Ruger revolvers to very close factory specifications, and to diagnose malfunctions and adjust or repair malfunctioning revolvers.

### **GSS 85 - L.E.A.S./Design and Repair Smith & Wesson Revolvers**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/34 hours lab (1 week)

Trains the student to fine tune Smith & Wesson revolvers to very close factory specifications, and to maintain, diagnose malfunctions and adjust or repair these malfunctioning revolvers.

### **GSS 87 - L.E.A.S./Design & Repair Double Action Autopistols I**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/34 hours lab (1 week)

An advanced course designed to train the student to fine tune the following families of double-action autopistols to very close factory specifications and to maintain them, diagnose malfunctions and adjust or repair these malfunctions. Firearms to be covered are Smith & Wesson autopistols, Sig Sauer 220 series, Beretta and Glock.

### **GSS 88 - L.E.A.S./Design and Repair Single Action Autopistols**

**1.0 unit**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

6 hours lecture/34 hours lab (1 week)

A course designed to train the student to fine tune single action autopistols to very close factory specifications, and to maintain, diagnose malfunctions and adjust or repair these malfunctioning autopistols.

### **GSS 89 - L.E.A.S./Design and Repair Full Autos, Phase I**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/34 hours lab (1 week)

An advanced course designed to train law enforcement armorers in the repair and maintenance of fully automatic firearms.

### **GSS 90 - Customizing the Colt-Type Autopistol, Basic**

**2.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/51 hours lab (1 week)

A course designed to cover the specific basic alterations and modifications to the Colt 1911A1 type autopistols as used in custom pistolsmithing today.

### **GSS 91 - Customizing the Colt-Type Autopistol, Advanced**

**2.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

8 hours lecture/88 hours lab (2 weeks)

A course designed to cover the common advanced alterations and modifications to the Colt 1911A1 type autopistols as used in custom pistolsmithing today. This course requires an additional fee of \$19 to cover the costs of course handouts, blocking, sandpaper, small parts (pins, roll pins, small springs, etc.), steel, cutting oil, welding rod and gases.

### **GSS 93 - L.E.A.S./Design and Repair-Counter Sniper/Varmint Rifle**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/34 hours lab (1 week)

An advanced course designed to train law enforcement officers and gunsmiths in the accurizing and maintenance of super accurate bolt action rifles. This course requires an additional fee of \$19 to cover the costs of course handouts, bedding material, small parts (pins, roll pins, small springs, etc.), and steel.

### **GSS 94 - Ballistics, Handloading & Testing**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

4 hours lecture/46 hours lab (1 week)

A course designed to provide the student with detailed knowledge of small arms ammunition. This course requires an additional fee of \$19 to cover the costs of course handouts, case lube, powder, primers, and bullets.

### **GSS 95 - Law Enforcement Armorer School-Basic**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/34 hours lab (1 week)

An introductory course designed to train law enforcement officers to maintain departmental firearms to factory service levels. Firearms to be covered are Smith & Wesson revolver, Glock, Colt AR-15 and Remington 870 shotgun.

### **GSS 98.02 Cowboy Action Shooting Long Guns**

**1.0 unit**

4 hours lecture/44 hours lab (1 week)

This course is designed to present specialized techniques that deal with the fine-tuning of Winchester and Marlin lever action rifles for cowboy action shooting. The tuning of Winchester Model 97 shotguns and double shotguns will also be covered. This course requires an additional fee of \$19 to cover the costs of course handouts, bedding materials, sandpaper, small parts (pins, roll pins, small springs, etc.), steel, welding rod and gases.

### **GSS 98.03 Cowboy Action Shooting Short Guns**

**1.0 unit**

4 hours lecture/44 hours lab (1 week)

This course is designed to present specialized techniques that deal with the fine-tuning of Colt, Colt style and Ruger single action revolvers for the very popular sport of cowboy action shooting. This course requires an additional fee of \$19 to cover the costs of course handouts, sandpaper, small parts (pins, roll pins, small springs, etc.), steel, welding rod and gases.

### **GSS 98.04 Advanced Knife Making**

**1.0 unit**

6 hours lecture/34 hours lab (1 week)

This course is designed to present basic techniques learned in the "Introduction to Knife Making," course. This course will deal with hollow grinding working with

different metal types and handle materials.

### **GSS 98.05 Design, Function and Repair Smith & Wesson Revolver 1.0 unit**

4 hours lecture/44 hours lab (1 week)  
This course is designed to present information about Smith & Wesson revolvers in great detail. Areas of instruction will cover specifics such as: various ways to time the hand and cylinder stop, ranging sprung frames, making the revolver shoot where it points, over and under indexing, off center sights, bent sight, barrel on different axis than frame, cylinder fit, correcting bad notches, and correcting irregular ratchet pads.

### **GSS 98.06 L.E.A.S. Design, Function and Repair Patrol Rifles 1.0 unit**

6 hours lecture/34 hours lab (1 week)  
This course is designed to present instruction that will cover the repair and maintenance of the following firearms to factory specifications: Shotguns - Remington 870, Remington 700, Ruger Mini-14, and Colt AR-15.

### **GSS 98.08 Custom Build 1911 1.0 unit**

8 hours lecture/88 hours lab (2 weeks)  
This course is designed to present coverage of modifications to the Colt type 1911 auto pistols, as used in Bullseye, Carry, Open or Stock competition. The student will learn different types of compensator systems as well as ergonomic enhancement techniques to fine-tune the Colt 1911 to any specifications. Precise barrel installation or maximum accuracy and detailed trigger work will be strongly emphasized.

### **GSS 98.09 Color Case Hardening 1.0 unit**

4 hours lecture/44 hours lab (1 week)  
This course is designed to present the old methods of color case hardening. This will include learning how to fabricate a furnace with commonly found materials. This course requires an additional fee of \$19 to cover the costs of course handouts, charcoal, blocking and shielding materials, and various color compounds.

### **GSS 98.12 Modern and Cowboy Action Belts and Holsters 1.0 unit**

4 hours lecture/44 hours lab (1 week)  
This course will teach the student how to select different grades of leather to fabricate cowboy belts and holsters. The student will also become familiar with tools that are needed and their proper use. The student will learn how to lay-out

and cut their leather patterns. The course will teach leather forming techniques, gluing and bonding, punching holes for hand sewing, and will learn a variety of dyes and types of finishes used on leather. This course requires an additional fee of \$19 to cover the costs of course handouts, dye, glue, leather, and oil.

### **GSS 98.13 Metallurgy for Gunsmiths 1.0 unit**

12 hours lecture/36 hours lab (1 week)  
This course introduces gunsmithing students to the theory of metallurgy. The student will learn to predict the behavior of metals, particularly common grades of steel, when exposed to heating and cooling cycles. This course requires an additional fee of \$19 to cover the costs of various types of metal of specific composition for testing, heat treating, etc. Chemicals for altering metals, sandpaper (course, medium, fine, very fine, grits), emery cloth (course, medium, fine and very fine grits), sanding belts, polishing wheels and polishing compound.

### **GSS 98.21 Hand Guns Special Projects 1.0-3.0 units**

151 hours lab  
This course is designed to provide the student with the skill development necessary to repair hand guns in a timely manner. This course has been approved for open entry/open exit.

### **GSS 98.22 DFR Long Guns Special Projects 1.0-3.0 units**

151 hours lab  
This course is designed to provide the student with skill development necessary to repair long guns in a timely manner. This course has been approved for open entry/open exit.

### **GSS 98.23 Machine Shop Special Projects 1.0-3.0 units**

**Prerequisite(s):** GSS 52.01 Gunsmith Machining 1  
151 hours lab  
This course is designed to provide the student with the skill development to machine custom tools and gun parts. This course has been approved for open entry/open exit.

### **GSS 98.24 Stockmaking Special Projects 1.0-3.0 units**

151 hours lab  
This course is designed to provide the student with the skill development necessary to complete gun stocks to industry standard. This course has been

approved for open entry/open exit.

### **GSS 112 - Machine Shop for Gunsmiths 2.0 units**

8 hours lecture/92 hours lab (2 weeks)  
An introductory course designed to help the beginner or the pro in the use of machine shop equipment as it relates to gunsmithing. This course requires an additional fee of \$19 to cover the costs of course handouts, cutting oil, sandpaper, small parts (pins, roll pins, small springs, etc.), and steel.

### **GSS 112B - Introduction to Knifemaking 1.0 unit**

4 hours lecture/46 hours lab (1 week)  
A course of instruction in the design, fabrication, and finishing of common sheath knives and accessories.

### **GSS 114 - Basic Rifle Barreling 1.0 unit**

4 hours lecture/46 hours lab (1 week)  
This course is designed to help the beginner or the pro in the use of machine shop equipment to barrel action rifle receivers. This course requires an additional fee of \$19 to cover the costs of course handouts, cutting oil, sandpaper, small parts (pins, roll pins, small springs, etc.), and steel.

### **GSS 116 - Stockmaking - Phase I 1.0 unit**

4 hours lecture/46 hours lab (1 week)  
This course is designed for the beginner or the pro in inletting and fitting accessories to a semi-inlet stock blank.

### **GSS 117 - Gas Tungsten Arc Welding for Gunsmiths 1.0 unit**

50 hours lab (1 week)  
This course is designed to develop the manipulative skills, technical knowledge and applications of the gas tungsten arc welding (GTAW) process as they relate to firearm repair. Students will apply the gas tungsten arc welding process (GTAW) to selected metal types, joint designs and gun parts.

### **GSS 119 - Advanced Rifle Barreling 1.0 unit**

4 hours lecture/46 hours lab (1 week)  
Providing the student with specific techniques in the manufacture of rifle barrels, in barreling rifles for precision accuracy, and barreling of less common action types. This course requires an additional fee of \$19 to cover the costs of sandpaper (course, medium, fine, very fine, grits), emery cloth (course, medium, fine and very fine grits), sanding belts,

polishing wheels and polishing compound, welding rod (STAW), cutting oil, bluing salts, cleaning chemicals, degreaser.

### **GSS 120 - Stockmaking-Phase II** **1.0 unit**

4 hours lecture/46 hours lab (1 week)  
An introductory course designed to help the beginner or the pro in the shaping and finishing of a semi-inlet stock blank.

### **GSS 120B - Stock Refinish and Repair/Recoil Pad Installation** **1.0 unit**

4 hours lecture/46 hours lab (1 week)  
A course of instruction in restoration of gunstocks involving refinishing and repairing. Installation of rubber recoil pads will be covered as well.

### **GSS 123 - Basic Hard Metal Engraving** **1.0 unit**

8 hours lecture/92 hours lab (2 weeks)  
An introductory course designed to provide the students with basic skills of firearms engraving. Instruction includes tools and equipment and their use, pattern design, design transfer, cutting, stippling and other basic engraving skills and techniques. This course requires an additional fee of \$19 to cover the costs of course handouts and practice plates.

### **GSS 124 - Welding Fabrication for Gunsmiths** **1.0 unit**

50 hours lab (1 week)  
Students will select and fabricate gunsmith related projects using appropriate welding processes and techniques. Students will also have an opportunity to learn or improve welding skills related to the gunsmith vocation.

### **GSS 127 - Advanced Engraving** **2.0 units**

8 hours lecture/92 hours lab (2 weeks)  
An advanced course designed to cover advanced metal engraving techniques applicable to major portions of the firearm. The scope of instruction includes advanced design and layout, high relief engraving, compatible background style, straight line or border inlays, inlaid game scenes.

### **GSS 129A - Design, Function and Repair-Spring Piston Air Guns** **1.0 unit**

4 hours lecture/46 hours lab (1 week)  
Present an overview of airgun power plants focusing on the spring piston air guns. Cover the initial inspection, special tools, disassembly, preparation of the compression cylinder for installation of new parts, install new parts, reassembly

and subsequent testing. Limited tuning and improving the operation will be addressed. Also proper lubrication and maintenance will be covered. The special tools used for disassembly and assembly will be introduced. This course requires an additional fee of \$19 to cover the costs of course handouts, cutting oil, glue, sandpaper, small parts (pins, roll pins, small springs, etc.), steel, welding rod and gases.

### **GSS 129B - Design, Function and Repair-Pneumatic Air Guns** **1.0 unit**

4 hours lecture/46 hours lab (1 week)  
Present an overview of airgun power plants focusing on the multi-pump and single stroke type sporting guns. Cover the initial inspection, special tools, disassembly, preparation of the compression cylinder and valve chamber for installation of new parts, install new parts, reassembly and subsequent testing. Limited tuning and improving the operation will be addressed. Also proper lubrication and maintenance will be covered. The special tools used for disassembly and assembly will be introduced. This course requires an additional fee of \$19 to cover the costs of course handouts, cutting oil, glue, sandpaper, small parts (pins, roll pins, small springs, etc.), steel, welding rod and gases.

### **GSS 129C - Design, Function and Repair-CO<sub>2</sub> Air Guns** **1.0 unit**

4 hours lecture/46 hours lab (1 week)  
Present an overview of airgun power plants focusing on the CO<sub>2</sub> air guns. Cover the initial inspection, special tools, disassembly, preparation of the air cylinder and valve chamber for installation of new parts, install new parts, reassembly and subsequent testing. Limited tuning and improving the operation will be addressed. Also proper lubrication and maintenance will be covered. The special tools used for disassembly and assembly will be introduced. This course requires an additional fee of \$19 to cover the costs of course handouts, cutting oil, glue, sandpaper, small parts (pins, roll pins, small springs, etc.), steel, welding rod and gases.

### **GSS 130 - Professional Engraving** **1.0 unit**

4 hours lecture/46 hours lab (1 week)  
An advanced course designed to cover the techniques of engraving as used by different masters in the art of firearms engraving.

### **GSS 133 – Scrimshaw** **1.0 unit**

4 hours lecture/46 hours lab (1 week)

An introductory course designed to provide the students with the basic skills of the art of scrimshaw. Instruction includes tools and equipment and their use, pattern design, design transfer. This course requires an additional fee of \$19 to cover the costs of sandpaper (course, medium, fine, very fine, grits), emery cloth (course, medium, fine and very fine grits), sanding belts, polishing wheels and polishing compound, wood block for practice blocks, bone or facsimile bone for practice blocks, horn for practice blocks.

### **GSS 134 - Caustic Bluing** **1.0 unit**

4 hours lecture/44 hours lab (1 week)  
A course designed to introduce the student to bluing, commercial black oxide finish on firearms. Preparation of surface finish, care and use of chemicals. Understanding chemical process and control, professional technique and equipment. This course requires an additional fee of \$19 to cover the costs of course handouts, bluing salts, oil, and sandpaper.

### **GSS 135 - Parkerizing** **1.0 unit**

4 hours lecture/46 hours lab (1 week)  
A course designed to introduce the student to parkerizing, to produce a phosphate nonrusting finish on firearms. Surface preparation, mixing of chemicals, operations, techniques and controls. This course requires an additional fee of \$19 to cover the costs of sandpaper (course, medium, fine, very fine, grits), emery cloth (course, medium, fine and very fine grits), sanding belts, polishing wheels and polishing compound, chemicals for Parkerizing process, degreaser, cleaning chemicals.

### **GSS 136 - Cold Rust and Niter Bluing** **1.0 unit**

4 hours lecture/46 hours lab (1 week)  
A course designed to introduce the student to rust bluing finish on firearms. Surface preparation and use of chemicals and other appropriate equipment. Understanding control of equipment, chemicals and operating procedures. This course requires an additional fee of \$19 to cover the costs of sandpaper (course, medium, fine, very fine grits), emery cloth (course, medium, fine and very fine grits), sanding belts, polishing wheels and polishing compound, degreaser, cleaning chemicals, chemicals for Cold Rust process, chemicals for Niter Bluing process.

### **GSS 143 - Custom Gunmaking-Muzzleloader Kit Guns** **1.0 unit**

4 hours lecture/46 hours lab (1 week)  
The student will completely assemble a muzzleloading firearm during class. Working with hand tools in a small shop will be featured.

### **GSS 147 - Assembly and Tuning of Gas Operated LEAS Repeating Rifles**

**1.0 unit**

6 hours lecture/34 hours lab (1 week)  
An advanced course that will cover the assembly and tuning of AR-15.

### **GSS 148 - Advanced Correctional Armorer School**

**1.0 unit**

6 hours lecture/34 hours lab (1 week)  
An advanced level course designed to train correctional armorers to maintain the departments' specialized firearms to factory service levels.

## **HEALTH**

### **HLTH 2 - Personal Health**

**3.0 units**

**CSU/UC**

**General Education Area E1**

**CSU GE Area E**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A study of personal and community health today, emphasizing behavioral and sociological aspects of health, nutrition, weight control, diseases, drugs and narcotics, family life and environmental health. This course has been approved for online, hybrid and correspondence delivery.

### **HLTH 25 - Understanding Nutrition**

**3.0 units**

**CSU/UC**

**General Education Area E1**

**CSU GE Area E**

**C-ID NUTR 110**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Scientific concepts of nutrition related to the function of nutrients in basic life processes and current health issues with emphasis on individual needs. Analyze your diet, construct a nutritional diet, interpret eating disorders, plan adequate diets for children, infants, pregnancy, athletes, adults and the elderly. Evaluate food additives. Appraise world hunger problems. This course has been approved for online and correspondence delivery.

## **HEALTH OCCUPATIONS**

### **HO 3 - Medical Terminology**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course covers basic medical terminology and the vocabulary of medical specialties. Special emphasis is on the use of prefixes and suffixes, and non-technical explanations of medical terms and descriptions of anatomy, physiology, and pathology. Students learn to utilize medical terminology as it applies to the structure of the human body, common laboratory tests, radiological and operative procedures, as well as basic pharmacology. This course has been approved for online and hybrid delivery.

### **HO 49 - Health Occupations Work Experience**

**1.0-8.0 units**

**CSU**

**General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

600 hours lab (R)

This work based learning course is designed to assist students with educational or career goals in health occupations, who are working in the field of health, to build related job specific skills through individualized learning objectives and enhance their workplace performance. All Work Experience enrollments require attendance of a face-to-face orientation session. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the workplace, and career development. Subsequent enrollments require new individualized learning objectives, and completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Career Technical Education, Occupational and General Work Experience enrollments. Title V

specifies students will earn 1 unit of credit for each 75 hours of paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid delivery

### **HO 70 - Medical Assisting Core 7.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

125 Hours lecture

This course is designed to provide entry level skills training required for the profession of medical assisting. The course covers core components required for advancement in both the administration and clinical medical assisting certificate program. Students must complete all course hours and must achieve a 75% on their final class grade and must achieve a final exam grade of 75% or better to be eligible to advance to the next course in the series. Uniform and lab fee of \$200 will be collected at registration. This course has been approved for hybrid and online delivery.

### **HO 71 - Medical Assisting Administrative 6.5 units**

**Prerequisites:** HO 70 Medical Assisting Core

**Recommended Preparation:** ENGL105 and Elementary Algebra or equivalent multiple measures placement.

85 hours lecture/76.5 hours lab

This course is designed to provide entry level information and skill training required for the profession of Administrative Medical Assisting. This course covers components required to become eligible for examination by the California Certifying Board of Medical Assistants for California Certified Medical Assistant Basic and Administrative Specialty. Course content will include course work in medical office reception, records, finance, insurance billing, and office management. Students must complete all course hours and must achieve a 75% on their final class grade and must achieve a final exam grade of 75% or better to be eligible to advance to the next course in the series. . This course requires a 40 hour externship at a clinical facility, all clinical compliance requirements in HO 70 must be met prior to enrolment. This course has been approved for hybrid and online delivery.

## **HO 72 - Medical Assisting Clinical 7.5 units**

**Prerequisites:** HO 70 Medical Assisting Core

**Recommended Preparation:** ENGL105 and Elementary Algebra or equivalent multiple measures placement.

93.5 hours lecture/102 hours lab

This course is designed to provide entry

This course is designed to provide entry level information and skill training

required for the profession of Clinical Medical Assisting. This course covers components required to become eligible for examination by the California Certifying Board of Medical Assistants for California Certified Medical Assistant Basic and Clinical Specialty.

Course content will include course work in medical office exam room procedures, specialty procedures, pharmacology, minor office surgery, laboratory procedures, nutrition and patient education. Students must complete all course hours and must achieve a 75% on their final class grade and must achieve a final exam grade of 75% or better to be eligible to advance to the next course in the series. . This course requires a 40 hour externship at a clinical facility, all clinical compliance requirements in HO 70 must be met prior to enrollment. This course has been approved for hybrid and online delivery

## **HO 80A -Geriatric (Long-Term Care) Nurse Assistant**

**6.0 units**

**Prerequisite:** After enrolling in CNA program: Verify that he or she does not have a criminal record and can work in a healthcare setting, provide documentation of recent tuberculosis testing and vaccinations or titers and medical clearance required for entry in to a clinical setting.

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement and HO 3 Medical Terminology

72 hours lecture/112 hours lab

This course will provide specific knowledge and clinical skills training required for Nurse Assistants. Geriatric and Long-Term Care are emphasized.

Areas covered will include role responsibilities, communications, infection control, safety and emergency procedures, personal care and the patient environment, nutrition and feeding, elimination needs, vital signs, charting and reporting, modified care for special needs, and restorative nursing. Students must complete all course hours and must

achieve a 75% on their final class grade and must achieve a final exam grade of 75% or better to be eligible to take the California Nursing Assistant certification exam. This course requires a clinical rotation, all clinical compliance requirements must be met prior to enrolment. Uniform and lab fee of \$100 will be collected at registration. This course has been approved for hybrid and online delivery.

## **HO 88 – Phlebotomy Technician 3.5 units**

**Prerequisites:** HO 3 Medical Terminology

**Before beginning clinical rotation the student must:**

- Show proof of vaccinations: HEP B series, MMR and varicella.
- Proof of negative tuberculosis test.
- Drug testing. This will be scheduled for you.
- High school diploma or GED.
- Background check

42.5 hours lecture/51 hours lab

This course prepares students to be able to perform venipunctures, capillary punctures, and basic laboratory tests expected of entry-level phlebotomy positions in hospitals and other health care settings consistent with health care regulations in California. With successful completion of this course, including 50 successful venipunctures and 10 successful skin punctures, the student will be eligible to sit for the exam to become a Certified Phlebotomist Technician with the State of California. Students must complete all course hours and must achieve a 75% on their final class grade and must achieve a final exam grade of 75% or better to be eligible to take the California Phlebotomy Technician certification exam. This course requires a clinical rotation, all clinical compliance requirements must be met prior to enrolment. Uniform and lab fee of \$100 will be collected at registration. This course has been approved for hybrid and online delivery.

## **HO 120 - Cardiopulmonary Resuscitation (CPR)**

**0.5 units**

8.5 hours lecture (1 Week)

This course is designed to teach Cardiopulmonary Resuscitation (CPR) methods and update those methods according to the most current standards. This course is certified by the American Red Cross. This course may be taken as needed for legal mandated training or certification.

## **HISTORY**

### **HIST 14 - World History, Beginning to 1500**

**3.0 units**

**CSU/UC**

**General Education Area B & C**

**CSU GE Area C2 & D6**

**IGETC 3B & 4F**

**C-ID HIST 150**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A study of the major civilizations of the world from the beginning of civilization to 1500. Covers the classical and medieval traditions of the West and the major non-western cultures of the world. This course meets a requirement for the California Elementary School Teaching Credential. This course has been approved for hybrid, online and correspondence delivery.

### **HIST 15 - World History, 1500 to Present**

**3.0 units**

**CSU/UC**

**General Education Area B & C**

**CSU GE Area C2 & D6**

**IGETC Area 3B & 4F**

**C-ID HIST 160**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A study of the major civilizations of the world from 1500 to the present. Stresses the dynamism and expansion of the West, the cross-cultural interaction in the modern era and the resurgence of non-western independence into the 20th century. This course meets a requirement for the California Elementary School Teaching Credential. This course has been approved for hybrid, online and correspondence delivery.

### **HIST 16 - U.S. History**

**3.0 units**

**CSU/UC**

**General Education Area B**

**CSU GE Area C2 & D6**

**IGETC Area 3B & 4F**

**C-ID HIST 130**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Traces the transition of the U.S. into a nation, stressing the development of political and economic institutions, social movements, the challenge of sectionalism and geography. This course has been

approved for hybrid, online and correspondence delivery.

### **HIST 17 - Post-Civil War - U.S.**

#### **History**

**3.0 units**

**CSU/UC**

**General Education Area B**

**CSU GE Area C2 & D6**

**IGETC Area 3B & 4F**

**C-ID HIST 140**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A course tracing the development of the U.S. into a world power, stressing growth in territory, population, industry and world influence from reconstruction to the present. Also traces the continuing development of the political institution brought about by industrialization and becoming a world power. This course has been approved for hybrid, online and correspondence delivery.

## **HUMAN SERVICES**

### **HUS 10 - Introduction to Social Work and Human Services**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Survey of human services and social work, an exploration of helping skills as applied to human problems such as poverty, parenting, education, substance abuse, illness and mental health. This course has been approved for online, hybrid and correspondence delivery.

### **HUS 30 - Pharmacology of Drugs of Abuse**

**3.0 units**

**CSU/UC**

**General Education Area E1**

**CSU GE Area E**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement and HUS 32 Understanding Addiction

51 hours lecture

Focus on the neurological, physiological, and psychological effects of the psychoactive substances: ethanol, marijuana, cocaine, heroin, amphetamines, PCP, LSD, and synthetic drugs such as Ecstasy (MDMA), China White (fentanyl), and Spice (cannabinoid). In addition, other non-substance addictions will be explored, i.e. gambling, food, and sexual addictions. Drug testing

and the new National Institute of Drug Abuse guidelines will be discussed. This course has been approved for correspondence, hybrid and online delivery

### **HUS 42 - Field Experience in Human Services**

**3.0 unit**

**CSU**

**Prerequisite:** HUS 10 Introduction to Social Work and Human Services

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/102 hours field

experience

This course offers the student a supervised field experience in a community organization, agency, or institution, allowing the student to apply knowledge and learn new skills outside of the classroom environment. Between 96-108 hours of field experience are required. A weekly class meeting provides the academic element to this experiential course offering and reinforces the application of concepts gained in the prerequisite course. This course is designed to provide the student with an opportunity to develop skills that would facilitate gaining employment in the human services field. This course has been approved for hybrid delivery.

### **HUS 49 - Human Services Work Experience**

**1.0-8.0 units**

**CSU**

**General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

600 hours lab (R)

This work based learning course is designed to assist students with educational or career goals in human services, who are working in the field of human services, to build related job specific skills through individualized learning objectives and enhance their workplace performance. All Work Experience enrollments require attendance of a face-to-face orientation session. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the

workplace, and career development. Subsequent enrollments require new individualized learning objectives, and completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Career Technical Education, Occupational and General Work Experience enrollments. Title V specifies students will earn 1 unit of credit for each 75 hours of paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid delivery

## **HUMANITIES**

### **HUM 1 - Western Civilization: Prehistoric to 1600**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B**

**C-ID HIST 170**

**Recommended Preparation:** English 1 or equivalent multiple measures placement

51 hours lecture

Survey of the development of western culture and civilization to the Reformation. This course has been approved for, correspondence, and on-line delivery

### **HUM 2 - Western Civilization: 1600 to Present 3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B**

**C-ID HIST 180**

**Recommended Preparation:** English 1 or equivalent multiple measures placement.

51 hours lecture

The development of Western civilization from 1600 to present, with emphasis on the inter-relations between historical occurrences and the world view revealed in philosophy, literature, music, painting, and architecture and how the respective world views evolved into our present views. This course has been approved for online and correspondence delivery.

## **INDUSTRIAL TECHNOLOGY**

### **IT 22 - Operations, Maintenance and Safety**

1.0 unit

CSU

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture

This course integrates personnel safety, equipment protection and safety tagging procedures with operational and maintenance events expected in a power generation, process or geothermal plant. Specific topics include material and safety data sheets (MSDS), hazardous materials (HAZ/MAT), chemical alert placards and confined space procedures. This course has been approved for online delivery.

### **IT 72 - Facilities Maintenance – Welding 2**

2.0 units

102 hours lab

This course is designed to prepare students with basic, through increasingly advanced, skills covering aspects of maintenance and repair procedures utilizing: soldering, brazing, welding, and joining of PVC. Field work will include fabrication, as well as maintenance and repair of equipment and facilities utilizing a portable shop.

## **INTERDISCIPLINARY STUDIES**

### **IDS 1 Introduction to Sign Language**

4.0 units

CSU only

**Recommended Preparation:** English 105 or equivalent multiple measures placement.

An introductory course designed to teach students basic skills in American Sign Language vocabulary, finger spelling, culture, and grammatical structures. The student will gain the manual skills to engage in basic dialog, visual cues and the receptive skills to understand general ASL conversation. IDS 1 is equivalent to two years of high school ASL.

### **IDS 2 Intermediateto Sign Language**

4.1 units

CSU only

**Prerequisite:** IDS 1 with a C or better or equivanant

This course is a continuation of Introduction to American Sign Language, designed for the student desiring to increase vocabulary and fluency in performing and receiving American Sign Language Information. Emphasis is on the structure to American Sign Language including lexical, morphemic and syntactical elements. The student will learn the intermediate skills to engage in descriptive, complex dialog and stories at a moderate skill level. Topics include American Sign Language contrast and comparisons to other languages, language development and acquisition and societal and legal issues.

## **MATHEMATICS**

### **MATH 1A - Analytic Geometry and Calculus I**

5.0 units

CSU/UC

General Education Area D2

CSU GE Area B4

IGETC Area 2A

C-ID MATH 211

**Prerequisites:** Completion of Pre-calculus or MATH 7 Trigonometry and MATH 8 Advanced Algebra with a grade of 'C' or better or equivalent multiple measures placement.

85 hours lecture

A first course in differential and integral calculus of a single variable: functions; limits and continuity; techniques and applications of differentiation and integration; Fundamental Theorem of Calculus. Primarily for science, technology, engineering & math majors. This course has been approved to be web-enhanced and online delivery. Access to a computer with internet access is required.

### **MATH 1B - Analytic Geometry and Calculus II**

5.0 units

CSU/UC

General Education Area D2

CSU GE Area B4

IGETC Area 2A

C-ID MATH 221

**Prerequisite:** MATH 1A Analytic Geometry and Calculus I or equivalent multiple measures placement.

85 hours lecture

Continuation of Math 1A. A second course in differential and integral calculus of a single variable: intergration,

techniques of integration; infinite sequences and series, polar and paramtrice equations: applications of integration. Primarily for science, technology, engineering & math majors. This course has been approved to be web-enhancedan online delivery. Access to a computer with internet access is required.

### **MATH 7 - Trigonometry**

3.0 units

CSU

General Education Area D2

CSU GE Area B4

**Prerequisite:** MATH 60 Intermediate Algebra or equivalent multiple measures placement.

**Co-requisite:** MATH 167 Trigonometry Lab

51 hours lecture

A study of the numerical, graphical, and analytical properties of trigonometric functions, oblique triangles, inverse functions, and applications. This course has been approved for online delivery. This course uses a free Open Educational Resource textbook.

### **MATH 8 - Advanced Algebra**

3.0 units

General Education Area D2

CSU/UC

CSU GE Area B4

IGETC Area 2A

**Prerequisite:** MATH 60 Intermediate Algebra or equivalent multiple measures placement.

**Co-requisite:** MATH 168 College Algebra Lab

51 hours lecture

This course solidifies the basic foundation needed by students planning to study the analytic geometry and calculus sequence. Topics include: general theory of equations, polynomial and rational inequalities, conic sections, exponents and logarithms; an introduction to sequences, series, matrices and their applications. This course is recommended for math, science, engineering and business students. This course has been approved for online and hybrid delivery.

### **MATH 11A Concepts of Elementary School Mathematics I**

3.0 units

CSU/UC

General Education Area: D2

CSU GE Area: B4

C-ID MATH 120

**Prerequisite:** MATH 60 Intermediate Algebra or equivalent multiple measures placement.

A course focusing on the development of quantitative reasoning skills through in-depth, integrated exploration of topics in

mathematics, including real number systems and subsystems. Emphasis is one comprehension and analysis of mathematical concepts and applications of logical reasoning. One of two courses designed especially for students preparing for credentials in elementary education. This course has been approved for online delivery. Access to a computer with internet access is required.

### **MATH 11B Concepts of Elementary School Mathematics II**

**3.0 units**

**CSU/UC**

**General Education Area: D2**

**CSU GE Area: B4**

**C-ID MATH 120**

**Prerequisite:** MATH 60 Intermediate Algebra or equivalent multiple measures placement.

A course covering the study of the real numbers, measurement, logic and mathematical reasoning, introduction to probability and statistics and some concepts of algebra, non-metric and metric geometry. One of two courses designed especially for students preparing for credentials in elementary education. This course has been approved for online delivery. Access to a computer with internet access is required.

### **MATH 40 - Elementary Statistics**

**3.0 units**

**CSU/UC**

**General Education Area D2**

**CSU GE Area B4**

**IGETC Area 2A**

**C-ID MATH 110**

**Prerequisite:** MATH 60 Intermediate Algebra or equivalent multiple measures placement.

**Co-requisite:** MATH 164 Elementary Statistics Lab

51 hours lecture

The use of probability techniques, hypothesis testing, and predictive techniques to facilitate decision-making. Topics include descriptive statistics; probability and sampling distributions; statistical inference; correlation and linear regression; analysis of variance; chi-square and t-tests; and application of technology for statistical analysis including the interpretation of the relevance of the statistical findings. Applications using data from disciplines including business, social sciences, psychology, life science, health science, and education. This course has been approved for online, hybrid and correspondence delivery.

### **MATH 60 - Intermediate Algebra**

**4.0 units**

**General Education Area D2**

51 hours lecture/51 hours lab

This course is a continuation of Beginning Algebra and is designed to develop the algebra skills necessary for college level math courses. Topics include: linear, quadratic, inverse, exponential, and logarithmic functions; real and complex solutions of quadratic equations; systems of equations and inequalities, sequences and the Binomial Theorem. This course satisfies the Mathematics competency requirement and AREA D2 (Language and Rationality) requirement for the AA/AS degree. This course has been approved for online, and correspondence delivery. This course has been approved to be web-enhanced. Access to a computer with internet access is required. This course has been approved for online and correspondence delivery.

## **MUSIC**

### **MUS 6 - Music History from Antiquity to 1750**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**IGETC Area 3A**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

An introductory survey course in Western music history that covers music, the beginning of opera, composers, styles, genres and periods from antiquity to the end of the Baroque era. This course has been approved for online, hybrid and correspondence delivery.

### **MUS 7 - Music History from 1750 to Modern Era**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**IGETC Area 3A**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

An introductory survey course in Western music history that covers music, composers, styles, genres and periods from early Rococo to the modern music era. This course has been approved for online, hybrid and correspondence delivery.

### **MUS 12 - Music Appreciation**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**IGETC Area 3A**

**C-ID MUS 100**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A survey course that covers the elements of music (melody, harmony, rhythm and form), instruments, voices, program and dramatic music, vocal and instrumental music, sacred and secular music, folk, popular, jazz, music of other cultures and historical music from primitive times to the present. Emphasis is placed on listening to music and attending performances.

This course has been approved for online, hybrid and correspondence delivery.

## **NURSING**

### **Licensed Vocational Nursing**

*Acceptance into the Vocational Nursing Program is required before enrollment in nursing courses*

### **VN 50 - Pharmacology**

**4.0 units**

**Corequisite:** VN 51; VN 52

68 hours lecture

Introduction to the principles of pharmacology, medication administration, and computation of medication dosage. Includes the study of major drug categories. Access to a computer with internet access is required. Students must complete all course hours and must achieve a 75% on their final class grade and must achieve a final exam grade of 75% or better to be eligible to remain in the nursing program. This course has been approved for hybrid delivery and online delivery for emergency use only. If course is provided hybrid or online, per the board of nursing students must be displayed on camera throughout entire course.

### **VN 51 - Nursing Fundamentals**

**4.0 units**

**Prerequisites:** BIOL 25 & 26, ENGL 1, HLTH 25, HO 3, HO 120 or AHA CPR, MATH 60, PSY 1, PSY 18.

**Corequisites:** VN 50; VN 52

68 hours lecture

Introduction to nursing fundamentals and the healthcare profession. Topics will include history of nursing, nursing

concepts, legal and ethical issues, nursing process, basic patient needs and the nursing care required for alterations in basic needs. Access to a computer with internet access is required. Students must complete all course hours and must achieve a 75% on their final class grade and must achieve a final exam grade of 75% or better to be eligible to remain in the nursing program. Uniform and lab fee of \$300 will be collected at registration. This course has been approved for hybrid delivery and online delivery for emergency use only. If course is provided hybrid or online, per the board of nursing students must be displayed on camera throughout entire course.

### **VN 52 - Clinical Lab I**

#### **7.0 units**

**Corequisite:** VN 50; VN 51

357 hours lab

Application of basic nursing skills in a laboratory setting and experience in giving supervised nursing care to selected patients in health care facilities. Total clinical hours are 357. Clinical hours may vary from week to week. Access to a computer with internet access is required. Students must complete all course hours and must achieve a 75% on their final class grade and must achieve a final exam grade of 75% or better to be eligible to remain in the nursing program. This course has been approved for hybrid delivery and online delivery for emergency use only. If course is provided hybrid or online, per the board of nursing students must be displayed on camera throughout entire course.

### **VN 53 - Adult Nursing Theory**

#### **7.0 units**

**Prerequisite:** VN 50; VN51; VN 52

**Corequisite:** VN 54

119 hours lecture

Presents disease conditions in a systems based format with emphasis on pathophysiology, etiology, treatment, and nursing concerns with focus on nursing care and the nursing process. Access to a computer with internet access is required. Students must complete all course hours and must achieve a 75% on their final class grade and must achieve a final exam grade of 75% or better to be eligible to remain in the nursing program. This course has been approved for hybrid delivery and online delivery for emergency use only. If course is provided hybrid or online, per the board of nursing students must be displayed on camera throughout entire course.

### **VN 54 - Clinical Lab II**

#### **6.0 units**

**Prerequisite:** VN 50; VN 51, VN 52

**Corequisite:** VN 53

306 hours lab

Application of various nursing skills in a clinical setting and experience in giving supervised nursing care, with increasing levels of independence, to selected patients in health care facilities. Total clinical hours are 306. Clinical hours may vary from week to week. Access to a computer with internet access is required. Students must complete all course hours and must achieve a 75% on their final class grade and must achieve a final exam grade of 75% or better to be eligible to remain in the nursing program. This course has been approved for hybrid delivery and online delivery for emergency use only. If course is provided hybrid or online, per the board of nursing students must be displayed on camera throughout entire course.

### **VN 55 – Nursing Leadership and Professional Development**

#### **2.0 units**

**Prerequisite:** VN 51; VN 52; VN 53;

VN 54; VN 55

**Corequisite:** VN 56; VN 57; VN 58;

VN 60

34 hours lecture

Instruction on the transition from student to Licensed Vocational Nurse including leadership and professional development. Access to a computer with internet access is required. Students must complete all course hours and must achieve a 75% on their final class grade and must achieve a final exam grade of 75% or better to be eligible to remain in the nursing program. This course has been approved for hybrid delivery and online delivery for emergency use only. If course is provided hybrid or online, per the board of nursing students must be displayed on camera throughout entire course.

### **VN 56 - Clinical Lab III**

#### **6.0 units**

**Prerequisite:** VN 51; VN 52; VN 53;

VN 54

**Corequisite:** VN 55; VN 57; VN 58;

VN 60

306 hours lab

Application of various nursing skills in a clinical setting and experience in giving supervised nursing care, with increasing levels of independence, to selected patients in health care facilities including maternal and pediatric nursing. Total

clinical hours are

306. Access to a computer with internet access is required. Students must complete all course hours and must achieve a 75% on their final class grade and must achieve a final exam grade of 75% or better to be eligible to remain in the nursing program. This course has been approved for hybrid and online delivery. This course has been approved for hybrid delivery and online delivery for emergency use only. If course is provided hybrid or online, per the board of nursing students must be displayed on camera throughout entire course.

### **VN 57 - Maternity Nursing**

#### **2.0 units**

**Prerequisite:** VN 51; VN 52; VN 53;

VN 54

**Corequisite:** VN 55; VN 56; VN 58;

VN 60

34 hours lecture

Course includes human sexuality, conception, pregnancy, labor, delivery, postpartum and care of the newborn. Access to a computer with internet access is required. Students must complete all course hours and must achieve a 75% on their final class grade and must achieve a final exam grade of 75% or better to be eligible to remain in the nursing program. This course has been approved for hybrid delivery and online delivery for emergency use only. If course is provided hybrid or online, per the board of nursing students must be displayed on camera throughout entire course.

### **VN 58 - Pediatric Nursing**

#### **2.0 units**

**Prerequisite:** VN 51; VN 52; VN 53;

VN 54

**Corequisite:** VN 55; VN 56; VN 57;

VN 60

36 hours lecture

Study of the normal growth and development of the infant through the adolescent as well as common diseases affecting these groups and appropriate nursing care. Access to a computer with internet access is required. Students must complete all course hours and must achieve a 75% on their final class grade and must achieve a final exam grade of 75% or better to be eligible to remain in the nursing program. This course has been approved for hybrid and online delivery. This course has been approved for hybrid delivery and online delivery for emergency use only. If course is provided hybrid or online, per the board of nursing

students must be displayed on camera throughout entire course.

### **VN 59 – Intravenous Therapy and Blood Withdrawal**

**2.0 units**

**Prerequisite:** Successful completion of all Vocational Nursing courses or current LVN license in the state of California 31 hours lecture/9 hours lab  
Designed for the Licensed Vocational Nurse student currently enrolled in the Licensed Vocational Nursing program to prepare for IV and Blood Withdrawal Certification through the Board of Vocational Nursing and Psychiatric Technicians. Students will demonstrate competency to the satisfaction of the BVNPT that they are properly trained and prepared to withdraw blood from a patient and start and superimpose intravenous fluids. Upon successful completion the student will be prepared to withdraw blood and start and superimpose intravenous fluids in an organized healthcare system. The student must complete 30 theory hours and 9 clinical hours and perform a minimum of 3 individually supervised successful venipunctures and 3 individually supervised skin punctures by each student on live human subjects. Access to a computer with internet access is required. Students must complete all course hours and must achieve a 75% on their final class grade and must achieve a final exam grade of 75% or better to be eligible to remain in the nursing program. This course has been approved for hybrid delivery and online delivery for emergency use only. If course is provided hybrid or online, per the board of nursing students must be displayed on camera throughout entire course..

### **VN 60 –NCLEXVN Review**

**2.0 units**

**Prerequisite:** VN 50; VN 51; VN 52; VN 53, VN 54  
**Corequisite:** VN 55; VN 56, VN57, VN 58 30 hours lecture  
Course designed to prepare the Licensed Vocational Nursing student for successful completion of the state board examination for licensure. Access to a computer with internet access is required. Students must complete all course hours and must achieve a 75% on their final class grade and must achieve a final exam grade of 75% or better to be eligible to remain in the nursing program. This course has been approved for hybrid delivery and online delivery for emergency use only. If

course is provided hybrid or online, per the board of nursing students must be displayed on camera throughout entire course

## **PHILOSOPHY**

### **PHIL 1 - Introduction to Philosophy**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B**

**Recommended Preparation:** ENGL 1 or equivalent multiple measures placement 51 hours lecture

An introduction to the writings of the most noted philosophers of the Western world along with an examination of some of the main problems in philosophy, such as the nature of knowledge, ethics, philosophy of science, free will vs. determinism and the mind-body problem. This course has been approved for online delivery.

### **PHIL 10 - Comparative World Religions**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B**

**Recommended Preparation:** ENGL 1 or equivalent multiple measures placement 51 hours lecture

This course introduces the learner to the profound ideas and practices of religions around the world - America, Africa, India, China and Japan. The history and 'world view' of each religion is examined, with readings from various religious texts. This course has been approved for online and correspondence delivery.

## **PHYSICAL EDUCATION**

### **PE 15 - Introduction to Kinesiology**

**3.0 units**

**CSU/UC**

**CSU Area E2**

**General Education Area E2**

**C-ID KIN 100**

**Recommended Preparation:** ENGL 105 or equivalent multiple measures placement. 51 hours lecture

This course will introduce students to the interdisciplinary approach to the study of human movement. Topics include employment fields, leadership, theory, history, and principles of sport, physical education and sub-disciplines in kinesiology. This course has been approved for online and hybrid delivery.

## **PHYSICAL EDUCATION ACTIVITIES COURSES**

### **PEAC 2A - Men's Varsity Soccer**

**3.0 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

170 hours lab (R)

Intercollegiate varsity soccer competition. Since skills/proficiencies are enhanced by supervised repetition and practice, This course is repeatable to a maximum of three enrollments but can only be taken once per year.

### **PEAC 2B – Pre-Season Skills and Conditioning for Soccer**

**0.5 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

25.5 hours lab

Pre-season skill development and strategy tactics combined with fitness conditioning to prepare interested participants for intercollegiate varsity soccer competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

### **PEAC 2C - Women's Varsity Soccer**

**3.0 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

170 hours lab (R)

Intercollegiate varsity soccer competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

### **PEAC 2D – Off-Season Skills and Conditioning for Soccer**

**1.5 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

76 hours lab

Off-season skill development and strategy tactics combined with fitness conditioning to prepare interested participants for intercollegiate varsity soccer competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

### **PEAC 5A - Men's Varsity Basketball-Fall**

**2.0 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

110 hours lab (R)

Fall semester intercollegiate mens varsity basketball competition (1<sup>st</sup> half of season). Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year. This course has been approved for hybrid delivery.

**PEAC 5A.02 - Men's Varsity Basketball-Spring**

**1.0 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

60 hours lab (R)

Spring semester intercollegiate mens varsity basketball competition (second half of season). Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year. This course has been approved for hybrid delivery

**PEAC 5B – Pre-Season Skills and Conditioning for Basketball**

**1.5 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

76 hours lab

Pre-season skill development and strategy tactics combined with fitness conditioning to prepare interested participants for intercollegiate varsity basketball competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year. This course has been approved for online and hybrid delivery

**PEAC 5C - Women's Varsity Basketball-Fall**

**2.0 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

110 hours lab (R)

Fall semester intercollegiate Women's Varsity Basketball competition (first half of season). Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year. This course has been approved for online and hybrid delivery

**PEAC 5C.02 - Women's Varsity Basketball-Spring**

**1.0 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

60 hours lab (R)

Spring semester intercollegiate womens varsity basketball competition (second half of season). Since skills/proficiencies are enhanced by supervised repetition

and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

**PEAC 5D – Off-Season Skills and Conditioning for Basketball**

**1.0 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

51 hours lab

Off-season skill development and strategy tactics combined with fitness conditioning to prepare interested participants for intercollegiate varsity basketball competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year. This course has been approved for hybrid delivery

**PEAC 6 - Varsity Wrestling**

**3.0 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

170 hours lab (R)

Intercollegiate Varsity Wrestling Competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

**PEAC 6B – Pre-Season Skills and Conditioning for Wrestling**

**0.5 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

25.5 hours lab

Pre-season skill development and strategy tactics combined with fitness conditioning to prepare interested participants for intercollegiate varsity wrestling competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

**PEAC 6D – Off-Season Skills and Conditioning for Wrestling**

**1.5 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

76 hours lab

Off-season skill development and strategy tactics combined with fitness conditioning to prepare interested participants for intercollegiate varsity wrestling competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year

**PEAC 7 - Varsity Baseball**

**3.0 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

170 hours lab (R)

Intercollegiate Varsity Baseball Team Competition. This course may be taken for a total of two enrollments. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year. This course has been approved for hybrid delivery

**PEAC 7D – Off-Season Skills and Conditioning for Baseball**

**3.0 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

175 hours lab

Off-season skill development and strategy tactics combined with fitness conditioning to prepare interested participants for intercollegiate varsity baseball competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year. This course has been approved for hybrid delivery

**PEAC 9 - Women's Varsity Volleyball**

**3.0 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

170 hours lab (R)

Intercollegiate Women's Varsity Volleyball Competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

**PEAC 9B – Pre-Season Skills and Conditioning for Volleyball**

**0.5 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

25.5 hours lab

Pre-season skill development and strategy tactics combined with fitness conditioning to prepare interested participants for intercollegiate varsity volleyball competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

**PEAC 9D – Off-Season Skills and Conditioning for Volleyball**

**1.5 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

76 hours lab

Off-season skill development and strategy

tactics combined with fitness conditioning to prepare interested participants for intercollegiate women's varsity volleyball competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

**PEAC 10 - Women's Varsity Softball**

**3.0 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

170 hours lab (R)

Intercollegiate Women's Varsity Softball Competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

**PEAC 10D – Off-Season Skills and Conditioning for Softball**

**3.0 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

175 hours lab

Off-season skill development and strategy tactics combined with fitness conditioning to prepare interested participants for intercollegiate women's varsity softball competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

**PEAC 16 – Walking For Fitness**

**1.0 unit**

**CSU/UC (Unit limitation)**

**General Education Area E2**

51 hours lab

Students will participate in brisk walking program that will enhance their cardiovascular conditioning and endurance. This course has been approved for online, hybrid and correspondence delivery.

**PEAC 32D - Fitness Center**

**1.0 unit**

**CSU/UC (Unit limitation)**

**General Education Area E2**

51 hours lab

Instruction in and application of physical fitness principles. Students will engage in a physical conditioning program with an emphasis in body toning, flexibility, weight control, cardiovascular development and muscular strength and endurance using equipment in the fitness center. This course has been approved for online and hybrid delivery.

**PEAC 34 - Golf Skills**

**1.0 unit**

**CSU/UC (Unit limitation)**

**General Education Area E2**

51 hours lab

Development of sufficient proficiency in golf to recognize and enjoy the game as a lifetime activity; includes U.S.G.A. rules and etiquette and the fundamental mechanics involved in the use of irons and woods. Each student must purchase a 5-play card (45 total holes of golf) from Diamond Mountain Golf Club at the prevailing rate. The registration fee includes an unlimited number of range balls during the scheduled class times. This course has been approved for hybrid delivery for emergency use only.

**PEAC 44 – Yoga**

**1.0 unit**

**CSU/UC (Unit limitation)**

**General Education Area E2**

51 hours lab

Introduction to basic yoga postures. Study and practice of exercises for self-awareness, breathing, relaxation, visualization and meditation. This course has been approved for online and hybrid delivery.

**PHYSICAL SCIENCE**

**PHSC 1 - General Physical Science**

**3.0 units**

**CSU/UC (unit limitation)**

**General Education Area A**

**CSU GE Area B1**

**IGETC Area 5A**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

51 hours lecture

A brief introduction to physics, chemistry, geology, and astronomy. Not intended for science majors. This course has been approved for online delivery.

**PHYSICS**

**PHYS 2A – General College**

**Physics I**

**4.0 units**

**CSU/UC**

**General Education Area: A**

**CSU GE Areas B1 & B3**

**IGETC Area 5A & 5C**

**C-ID PHYS 105**

**Prerequisite:** Math 7 OR MATH 60

Intermediate Algebra or equivalent

multiple measures placement and

concurrent enrollment in Math 7

Trigonometry

**Recommended Preparation:** ENG 105

or equivalent multiple measures

placement

51 hours lecture/51 hours lab

This course provides an introduction to the principles and applications of mechanics, using the mathematical tools of algebra and right triangle trigonometry. Topics include vectors, kinematics, Newton's laws, gravity, energy and momentum, mechanics of rigid bodies, heat, fluids and simple harmonic motion. This course has been approved for web-enhanced and online delivery. Access to a computer with internet access is required.

**PHYS 2B - General College Physics II**

**4.0 units**

**CSU/UC**

**General Education Area A**

**CSU GE Areas B1, B3**

**IGETC Area 5A, 5C**

**C-ID PHYS 110**

**Prerequisite:** PHYS 2A General Physics I

51 hours lecture/51 hours lab

This course is a continuation of PHYS 2A, covering mechanical waves (including sound), electricity, magnetism, geometric optics, interference and diffraction and elementary modern physics. This course has been approved for web-enhanced and online delivery. Access to a computer with internet access is required.

**POLITICAL SCIENCE**

**PLSC 1 - American Institutions**

**3.0 units**

**CSU/UC**

**General Education Area B**

**CSU GE Areas D8**

**IGETC Area 4H**

**C-ID POLS 110**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

51 hours lecture

Designed to acquaint the individual with the basic principles of American national, state and local governments. Content will include the U.S. Constitution (origin and development), general functions and relationships of the three levels of government, political parties and electoral processes. This course may be used for partial fulfillment of the U.S. History and American Institutions requirement for graduation from four-year colleges. This course has been approved for hybrid, online, and correspondence delivery.

**PLSC 11 - Student Leadership**

**1.0 unit**

**CSU**

51 hours lab

Practical experience in group leadership situations involving parliamentary procedure, organization, goal setting, budgeting, and agenda setting. This course has been approved for hybrid delivery.

## **PSYCHOLOGY**

### **PSY 1 - Introduction to Psychology**

**3.0 units**

**CSU/UC**

**General Education Areas B & E1**

**CSU GE Areas D9 & E**

**IGETC Area 4I**

**C-ID PSY 110**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

51 hours lecture

Psychology is the scientific study of behavior and mental processes. The content focuses on the exploration of major psychological theories and concepts, methods, and research findings in psychology. Topics include the biological bases of behavior, perception, cognition and consciousness, learning, memory, emotion, motivation, development, personality, social psychology, psychological disorders and therapeutic approaches, and applied psychology. This course has been approved for online, correspondence, and hybrid delivery.

### **PSY 5 – Intro to Research Methods**

**3.0 units**

**CSU/UC**

**General Education Area B**

**CSU GE Area D9**

**IGETC Area 4I**

**C-ID PSY 200**

**Prerequisite:** PSY 1 Introduction to Psychology and MATH 40 Statistics.

51 hours lecture

This course surveys various psychological research methods with an emphasis on research design, experimental procedures, descriptive methods, instrumentation, and the collection, analysis, interpretation, and reporting of research data. Research design and methodology will be examined through a review of research in a variety of the sub disciplines of psychology. This course has been approved for online, hybrid and correspondence delivery.

### **PSY 6 – Abnormal Psychology**

**3.0 units**

**CSU/ UC**

**General Education Area B**

**CSU GE Area D9**

**IGETC Area 4I**

**C-ID PSY 120**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

51 hours lecture

This course introduces the scientific study of psychopathology and atypical

behaviors, broadly defined. Students investigate abnormal behavior from a variety of perspectives including biological, psychological, and sociocultural approaches. An integrative survey of theory and research in abnormal behavior, and intervention and prevention strategies for psychological disorders are also introduced. This course has been approved for correspondence, online and hybrid delivery.

### **PSY 18 - Life Span Development**

**3.0 units CSU/UC**

**General Education Area E1**

**CSU GE Area D7 & E**

**IGETC Area 4 G & 4I**

**C-ID PSY 180**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

51 hours lecture

This course is designed to provide an overview of the physical, cognitive, social and emotional development from conception through the life-span. The emphasis will be on the practical application of developmental principles. This course has been approved for online and hybrid delivery.

### **PSY 31 - Child Development: Conception through Adolescence**

**3.0 units**

**CSU/UC**

**Associate Degree Area E1**

**CSU GE Area D7 & E**

**IGETC Area 4G & 4I**

**C-ID CDEV 100**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

51 hours lecture

This course examines the major physical, psychological, and cognitive/language developmental milestones for children, both typical and atypical, from conception through adolescence. Emphasis will be on interactions between the maturational process and environmental factors. Students will be expected to observe children, analyze characteristic of children at different developmental stages and investigate research methodologies. This course has been approved for online, hybrid and correspondence delivery.

### **PSY 33 - Psychology of Personal and Social Adjustment**

**3.0 units**

**CSU**

**General Education Area E1**

**CSU GE Area E**

**C-ID PSY 115**

**Recommended Preparation:** ENGL105

or equivalent multiple measures

placement.

51 hours lecture

This course provides an introduction to theory, research, and practical application relevant to personal fulfillment, human relationships, and social functioning. Topics explored in this course include personality development, interpersonal relationships including intimate relationships, stress and stress management, traditional and changing gender roles, and adjusting to our ever changing modern society. This course has been approved for online, hybrid and correspondence delivery.

## **SOCIOLOGY**

### **SOC 1 - Introduction to Sociology**

**3.0 units**

**CSU/UC**

**General Education Area B**

**CSU GE Area D**

**IGETC Area 4J**

**C-ID SOCI 110**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Basic concepts of sociology are covered with an emphasis on culture, socialization, social norms, roles, groups, community and ecology, social institutions, social classes, social changes and social policy. This course has been approved for online, hybrid (on-line/traditional), and correspondence delivery. This course uses a free Open Educational Resource textbook

### **SOC 2 - Social Problems**

**3.0 units**

**CSU/UC**

**General Education Area B**

**CSU GE Area D**

**IGETC Area 4J**

**C-ID SOCI 115**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Investigation and analysis of major social problems in the United States at the present time. This course has been approved for online, correspondence and hybrid delivery.

### **SOC 3 - Family Relations**

**3.0 units**

**CSU/UC**

**General Education Areas B & E1**

**CSU GE Area D & E**

**C-ID SOCI 130**

**Recommended Preparation:** ENGL105 or equivalent multiple measures

placement.

51 hours lecture

Sociological analysis of the family, including historical and recent changes, present nature and the socio-cultural and economic forces shaping these changes. This course has been approved for hybrid, online and correspondence delivery.

### **SOC 4 - Introduction to Gender**

**3.0 units**

**CSU/UC**

**General Education Area B**

**CSU GE Area D4**

**IGETC Area 4D**

**C-ID SOCI 140**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Sociological analysis of the social construction of masculinity and femininity historically and cross-culturally. It examines the debates on sex and gender. It analyzes the impact of economic and political change on gender expectations and practices. This course has been approved for hybrid, online and correspondence delivery.

## **SPANISH**

### **SPAN 1 - First Course in Spanish**

**4.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 6A**

**C-ID SPAN 100**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

58 hours lecture/34 hours lab

This introductory course teaches beginning language acquisition in a cultural context through listening, speaking, reading and writing. The students will interact with authentic language in cultural context.

### **SPAN 2 - Second Course in Spanish**

**4.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B & 6A**

**Prerequisite:** SPAN 1 First Course in Spanish

58 hours lecture/34 hours lab

A continuation of beginning Spanish in the study of the fundamentals of Spanish grammar with practice in pronunciation,

understanding, speaking, reading, and writing. A more in depth presentation of Hispanic culture, geography, and history is included.

## **SPEECH**

### **SPCH 1 – Public Speaking**

**3.0 units**

**CSU/UC**

**General Education Area D2**

**CSU GE Area A1**

**IGETC Area 1C**

**C-ID COMM 110**

**Prerequisite:** ENGL 1 College

Composition

51 hours lecture

Theory and techniques of public speaking in democratic society. Discovery, development, and criticism of ideas in public discourse through research, reasoning, organization, composition, presentation, and evaluation of various types of speeches including informative and persuasive speeches. This course has been approved for online and hybrid delivery. Students must have regular access to a computer with Internet and be able to navigate an online learning system. This course uses a free Open Educational Resource textbook. The course has also been approved for incarcerated correspondence delivery with speeches recorded in front of a live audience.

## **TUTORING**

### **TUTR 50 - Fundamentals of Peer Tutoring**

**0.5 unit**

**Recommended Preparation:** ENGL105

or equivalent multiple measures

placement.

8 hour lecture

This course is designed for peer tutors working in the college tutorial center. This course will focus on the practical skills necessary to function effectively as a peer tutor in the student's chosen areas of study. Students will participate in supervised tutoring in the College's Learning Center.

## **VOCATIONAL NURSING**

**See Nursing**

## **WELDING TECHNOLOGY**

### **WT 20 - Power Plant and Field Pipe Welding I**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

17 hour lecture/102 hours lab (R)

This is the first of a four course sequence to prepare students in power plant and field welding. This course deals with shop safety, oxyacetylene cutting (OAC), air carbon arc cutting (CAC-A), shielded metal arc welding (SMAW) and pipe welding. Pipe coupons will be prepared and welded in the horizontal rolled (1G) position. American Welding Society (AWS) welding qualifications on plate and pipe will be prepared and completed. Repeatable as required for qualification by the American Welding Society (AWS) D1.1 Section 4. Period of Effectiveness. (Instructor Authorization Required for Course Repetition.) This course has been approved for hybrid delivery.

### **WT 21 - Power Plant and Field Pipe Welding II**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/102 hours lab (R)

This is the second course of a four course sequence dealing with pipe welding, in the 2G and 5G positions, using the shielded metal arc welding (SMAW) process. Gas tungsten arc welding (GTAW) will be introduced to prepare the student for welding on pipe using the GTAW process. American Welding Society (AWS) welding-qualification will be prepared and completed on one inch plate in the 3G and 4G positions. Repeatable as required for qualification by the AWS D1.1 Section 4 Period of Effectiveness. (Instructor Authorization Required for Course Repetition.) This course has been approved for hybrid delivery.

### **WT 22 - Power Plant and Field Pipe Welding III**

**3.0 units**

**CSU**

**Recommended Preparation** ENGL105

or equivalent multiple measures

placement.

17 hour lecture/102 hours lab (R)

This is a fundamental class dealing with pipe welding in the 6G position using the shielded metal arc welding (SMAW) process. Joint designs will be performed using the gas metal arc welding (GMAW), and the gas tungsten arc welding (GTAW) process in preparation for welding root passes on pipe. Welding symbols are presented and reviewed in order to enable students to interpret welding blueprints. This is the third of a four course sequence to prepare students for power plant and field pipe welding. American Welding Society (AWS)

qualifications in GTAW, GMAW, and flux core arc welding (FCAW) will be prepared and completed. Repeatable as required for qualification by the AWS D1.1 Section 4 Period of Effectiveness. (Instructor Authorization Required for Course Repetition.) This course has been approved for hybrid delivery.

### **WT 23 - Power Plant and Field Pipe Welding IV**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/102 hours lab (R)

This class deals with pipe welding in the 2G (vertical fixed), 5G (horizontal fixed), and 6G (45° fixed) positions using gas tungsten arc welding (GTAW) for the root pass and shielded metal arc welding (SMAW) for the fill and cover passes. American Welding Society (AWS) pipe qualifications will be prepared and completed in the 2G, 5G and 6G positions. Repeatable as required for qualifications by the American Welding Society D1.1 Section 4 Period of Effectiveness. (Instructor Authorization Required for Course Repetition.) This course has been approved for hybrid delivery.

### **WT 25 – SolidWorks Fundamentals**

**3.0 units**

**CSU**

34 hour lecture/151 hours lab

This course is the first in a two part series using computer-aided-design (CAD) software. Part of our advanced manufacturing program, this course teaches students how to use SolidWorks and mechanical design automation software to build parametric models of parts and assemblies, and how to make drawings of those parts and assemblies.

### **WT 31 – GTAW for Gunsmiths**

**3.0 units**

**CSU**

17 hour lecture/102 hours lab

This course is designed to develop the manipulative skills, technical knowledge and application of the tungsten arc welding (GTAW) process as they relate to firearm repair. The student will be required to provide their own tungsten welding electrodes for this course at a cost of approximately \$30.00. Must be accepted into the gunsmithing program prior to enrollment. This course has been approved for hybrid delivery.

### **WT 32 – Advanced GTAW for Gunsmiths**

**3.0 units**

**CSU**

**Recommended Preparation:** Concurrent enrollment or credit for WT 31 or instructor approved work experience classes.

17 hour lecture/102 hours lab

This course is designed to provide an opportunity for the student to further their understanding in applying the specialized gas tungsten arc welding (GTAW) process to aluminum and stainless steel as it relates to firearm repair. Students will work on the design, function and repair of gunparts and related equipment using the GTAW process. The student will be required to provide their own tungsten welding electrodes for this course at a cost of approximately \$30.00. Must be accepted into the gunsmithing program prior to enrollment. This course has been approved for hybrid delivery.

### **WT 36 - Welding Theory and Practice – Oxyacetylene**

**1.0-3.0 units**

**CSU**

153 hours lab (R)

This is an elective welding course where students will apply the oxyacetylene welding (OAW) and oxyacetylene cutting (OAC) processes to selected projects. This course may be taken for a total of three enrollments, not to exceed three units. This course has been approved for open entry/open exit.

### **WT 37 - Welding Theory and Practice-Shielded Metal Arc Welding**

**1.0-3.0 units**

**CSU**

153 hours lab (R)

This is an elective welding course where the student will apply the shielded metal arc welding (SMAW) process to selected projects. This course has been approved for open entry/open exit. This course may be taken for three enrollments not to exceed three units, or as required to maintain welding qualifications per American Welding Society (AWS) D1.1 Section 4 Period of Effectiveness. (Instructor Authorization Required for Course Repetition.)

### **WT 38 - Welding Theory and Practice - Gas Metal Arc Welding**

**1.0-3.0 units**

**CSU**

153 hours lab (R)

This is an elective welding course where students will apply the gas metal arc

welding (GMAW) process to selected projects. This course has been approved for open entry/open exit. This course may be taken as required for qualification by the American Welding Society D1.1, Section 4.1.3. (Instructor Authorization Required for Course Repetition.)

### **WT 39 - Welding Theory and Practice - Gas Tungsten Arc Welding**

**1.0-3.0 units**

**CSU**

153 hours lab (R)

This is an elective welding course where students will apply the gas tungsten arc welding (GTAW) process to selected projects. This course has been approved for open entry/open exit. This course may be taken as required for qualification by the American Welding Society D1.1, Section 4.1.3. (Instructor Authorization Required for Course Repetition.)

### **WT 42 - Intermediate Shielded Metal Arc Welding**

**3.0 units**

**CSU**

153 hours lab (R)

This is the second in a three course series of fundamental elective classes dealing with the shielded metal arc welding process (SMAW). Filler rods will be selected and applied to joint designs which meet industrial specifications. Repeatable as required for qualification by the American Welding Society D1.1, Section 4 Period of Effectiveness (Instructor Authorization Required for Course Repetition.)

### **WT 43 - Advanced Shielded Metal Arc Welding**

**3.0 units**

**CSU**

153 hours lab (R)

This is the last in a three-course sequence of fundamental elective classes dealing with the shielded metal arc welding (SMAW) process. Specialized filler rods will be selected and applied to joint designs which meet industry standards. Repeatable as required for qualification by the American Welding Society (AWS) D1.1, Section 4 Period of Effectiveness. (Instructor Authorization Required for Course Repetition.)

### **WT 44 - Gas Metal Arc Welding**

**3.0 units**

**CSU**

153 hours lab (R)

This course is designed as an elective class to develop the manipulative skills, technical knowledge and application of the gas metal arc welding (GMAW) spray transfer process and flux core arc welding with gas (FCAW-G). The processes will be applied to recognized joint designs on

ferrous materials. GMAW will also be explored in welding nonferrous materials (aluminum). Repeatable as required for qualification by the American Welding Society (AWS) D1.1, Section 4.1.3. (Instructor Authorization Required for Course Repetition.)

### **WT 45 - Gas Tungsten Arc Welding** **3.0 units**

#### **CSU**

153 hours lab (R)

This is an elective course designed to develop the manipulative skill, technical knowledge and application of the gas tungsten arc welding (GTAW) process. The process will be applied to selected joint designs on ferrous and nonferrous materials. Repeatable as required for qualification by the American Welding Society D1.1, Section 4.1.3. (Instructor Authorization Required for Course Repetition.)

### **WT 49 - Welding Technology Work Experience**

**1.0-8.0 units**

#### **CSU**

#### **General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

75-600 hours lab (R)

This work based learning course is designed to assist students with educational or career goals in welding technology, who are working in the field of welding technology, to build related job specific skills through individualized learning objectives and enhance their workplace performance. All Work Experience enrollments require attendance of a face-to-face orientation session. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the workplace, and career development. Subsequent enrollments require new individualized learning objectives, and completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Career Technical Education, Occupational and General Work Experience enrollments.

Title V specifies students will earn 1 unit of credit for each 75 hours of paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid delivery

### **WT 50 – Welding for Artists (Design and Fabrication)**

**2.0 unit**

**Co-requisite:** ART-50 Welding for Artists (History of Welded Sculpture)

102 hours lab (R)

Students will become proficient in the use of oxy-acetylene, arc/stick, TIG, and MIG welding techniques in addition to metal cutting tools found in a welding studio. Students will also become knowledgeable with stationary tools common to a welding shop such as: breaks, shears, bench grinders, hand grinders and drills. This class will focus on welding and metal fabrication as a fine art medium.

### **WT 51- Blueprint and Symbol Reading for Welders**

**2.0 units**

34 hours lecture

This course is an introduction to blueprint and symbol interpretation practices commonly used in the welding and metal fabrication industries. This course will cover drawing types, symbols, views, dimensions and tolerances. This course will further develop the student's range of thinking required to assemble simple components and complex assemblies from welding prints. This course has been approved for online delivery.

### **WT 52 – Robotic Operations and Programming**

**3.0 units**

17 hours lecture

102 hours lab

This course is the first in a two part series in robotics. The course will provide a student with the skills to safely setup, program, and operate a robot using basic software functions. This course has been approved for hybrid delivery.

### **WT 53 – Robotic Welding Operations and Programming (Advanced)**

**3.0 units**

**Prerequisite:** WT 52 and WT 38 or concurrent enrollment in WT 38

17 hours lecture

102 hours lab

This course is the second in a two part series that expands on robotic programming. Emphasis will be on robotic welding and Arc Tool operations and programming. The course will also demonstrate the proper use of fixturing to secure weldments.

## **WORK EXPERIENCE**

### **WE 1 - General Work Experience**

**1.0-8.0 units/ CSU**

#### **General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

75-600 hours lab (R)

This work based learning course is designed to assist students in developing job specific skills, enhancing soft skills in the workplace, exploring careers, and developing an understanding of how one's current job fits into the context of career development. All Work Experience enrollments require attendance of a face-to-face orientation Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the workplace, and career development. Subsequent enrollments require new individualized learning objectives, and completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in this course shall not exceed 6 units per term. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Vocational, Occupational and General Work Experience enrollments. Title V specifies students will earn 1 unit of credit for each 75 hours paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid Delivery.

### **WE 2 - Occupational Work Experience**

**1.0-8.0 units**

#### **CSU**

#### **General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

75-600 hours lab (R)

This work based learning course is designed to assist students with educational or career goals related to a transfer major at another institution, who are working in a related position, to build related job specific skills through individualized learning objectives and

enhance their workplace performance. All Work Experience enrollments require attendance of a face-to-face orientation session. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the workplace, and career development. Subsequent enrollments require new individualized learning objectives, and completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in this course shall not exceed six units. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Vocational, Occupational and General Work Experience enrollments. Title V specifies students will earn 1 unit of credit for each 75 hours paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid Delivery.

## **NON-CREDIT COURSES**

### **AUTOMOTIVE**

#### **AT 150 Automotive Maintenance** **0.0 units**

17 hours lecture 34 hours lab  
This course was designed to introduce shop procedure and safety to the student. The students will also acquire skills necessary to perform vehicle maintenance procedures such as change engine oil, transmission fluid, engine coolant and other fluids. Visual inspection of other automotive systems will also be covered. This course is design to provide entry level skills for employment. The course has been approved for Hybrid delivery.

#### **AT 151 Automotive Chassis System** **0.0 units**

17 hours lecture 34 hours lab  
This course was designed to introduce shop procedure and safety to the student. Students will acquire the skills necessary to perform vehicle brake overhaul procedures and suspension alignment. Visual inspection procedures for brake, steering, and suspension systems will also be covered. This course is design to provide entry level skills for employment. The course has been approved for Hybrid delivery.

## **BASIC SKILLS**

#### **BS 156 - Practical Writing** **0.0 unit**

36-50 hours  
This course uses practical applications of writing to enable students to develop and improve their basic reading and writing skills in everyday situations and the workplace. Emphasis is placed on effective use of grammar that is clear and relevant in both academic and vocational tasks. While in the classroom they will learn, through lecture and writing exercises, the importance of workplace communication in written and electronic form. They will also be instructed in basic skills writing mechanics and critical thinking skills that will help them become more successful in college, career, and everyday life.

#### **BS 170 Basic Skills: Pre High School Equivalency Preparation I** **0.0 units**

68 hours lecture/68 hours lab  
This course is designed for students who complete the basic skills pre-test in the five core curricular areas of language arts reading, language arts writing, science, social studies, and math. This course provides review and practice in these areas to provide the necessary basic skills foundation required in preparing for the high school equivalency test. Instruction is provided at designated reading and math levels to maximize student learning and to acquire the higher level thinking skills necessary to prepare for the high school equivalency test. This course may be repeated until student has demonstrated readiness for taking the high school equivalency tests in all five core curricular areas. This course has been approved for open entry/open exit. This course has been approved for online delivery.

#### **BS 171 Basic Skills: Pre High School Equivalency Preparation II** **0.0 units**

40 hours lab  
This course is designed for students who complete the basic skills pre-test at the 10<sup>th</sup> grade level or higher in reading and math and who need additional review and practice before taking the test. The course provides short term, in depth instruction focused on content areas of the high school equivalency test, higher level thinking skills, test taking practice, and testing strategies needed to successfully pass the test. This course may be repeated until the High School Equivalency test is passed. This course has been approved for open entry/open exit.

## **CAREERS**

#### **CARS 151 - Career Life Skills** **0.0 unit**

34 hours lecture (R)  
This course is designed to aid the student to assess and develop the personal and workplace skills and behaviors needed to be an effective employee. Skills include positive self-esteem, decision-making, goal-setting, and stress management, among others. This course may be taken for a total of four enrollments.

#### **CARS 153 - Career/Employment Strategies** **0.0 unit**

34 hours lecture (R)  
This course is designed to help the student develop the skills to locate the best employment opportunities, to write winning resumes and to successfully interview. The course also looks at students making realistic self-appraisal of values, interests and capacities and applying these toward the selection of a future career. This course may be taken for a total of four enrollments.

## **COMPUTER APPLICATIONS**

#### **CA 150 - Computer Skills for Senior Adults** **0.0 unit**

8 hours lecture/24 hours lab (R)  
This course is designed to provide the senior adults with an opportunity to familiarize themselves with various computer technologies. Subjects will include, but not be limited to, the Windows operating system, Windows applications (e.g. NotePad, Calculator, Paint, and WordPad), spreadsheets, the Internet, and E-mail. While the course is open to all ages and levels of expertise, it is geared toward the older adult who has little to no previous experience with the computer. This course may be taken for a total of four enrollments.

## **COMPUTER SCIENCE**

#### **CS 150-Technical Support Fundamentals** **0.0 units**

30 hours lecture  
This course is the first of a series that aims to prepare you for a role as an entry-level IT Support Specialist. In this course, you'll be introduced to the world of Information Technology, or IT. You'll learn about the different facets of Information Technology, like computer hardware, the Internet, computer software, troubleshooting, and customer service. This course covers a wide variety of

topics in IT that are designed to give you an overview of what's to come in this certificate program. This course has been approved for online and hybrid delivery.

### **CS 151-The Bits and Bytes of Computer Networking**

0.0 units  
30 hours lecture

This is the second of five courses that aims to prepare students for a role as an entry-level IT Support Professional. Once all five courses are completed students will be eligible for the IT Support Professional Certificate. This course provides a full overview of computer networking. Students will learn everything from the **fundamentals of modern networking technologies and protocols** to an overview of the cloud to practical applications and network troubleshooting. This course covers a wide variety of IT topics and can be taken as a standalone course and will give students entry level IT skills in Troubleshooting, Ipv4, the Network Model and Domain Name Systems (DNS). This course has been approved for online and hybrid delivery.

### **CS 152 Operating Systems and You: Becoming a Power User**

0.0 units  
30 hours lecture

This is the third of five courses that aims to prepare students for a role as an entry-level IT Support Professional. Once all five courses are completed students will be eligible for the IT Support Professional Certificate. In this course through a combination of video lectures, demonstrations, and hands-on practice - students will learn about the main components of an operating system and how to perform critical tasks like managing software and users, and configuring hardware. This course covers a wide variety of IT topics and can be taken as a standalone course and will give students entry level IT skills in Linux, Linux File Systems, PowerShell and Command Line Interface. This course has been approved for online and hybrid delivery.

### **CS 153-System Administration and IT Infrastructure Services**

0.0 units  
30 hours lecture

This is the fourth of five courses that aims to prepare students for a role as an entry-level IT Support Professional. Once all five courses are completed students will be eligible for the IT Support Professional Certificate. In this course, students learn about the infrastructure services that keep all organizations, big and small, up and running. Students will focus on cloud to understand everything from typical cloud infrastructure setups to how to manage

cloud resources. Students also learn how to manage and configure servers and how to use industry tools to manage computers, user information, and user productivity. Finally, students will learn how to recover your organization's IT infrastructure in the event of a disaster. This course covers a wide variety of IT topics and can be taken as a standalone course and will give students entry level IT skills in Directory Services, Backup and Lightweight Directory Access Protocol (LDAP). This course has been approved for online and hybrid delivery.

### **CS 154-IT Security: Defense against the digital dark arts**

0.0 units  
30 hours lecture

This is the fifth of five courses that aims to prepare students for a role as an entry-level IT Support Professional. Once all five courses are completed students will be eligible for the IT Support Professional Certificate. In this course, students are introduced to IT security concepts, tools, and best practices. It discusses the three As of information security: authentication, authorization, and accounting. It also covers network security solutions, ranging from firewalls to Wi-Fi encryption options. The course is rounded out by putting all these elements together into a multi-layered, in-depth security architecture, followed by recommendations on how to integrate a culture of security into an organization or team. This course has been approved for online and hybrid delivery.

## **COUNSELING & GUIDANCE**

### **CG 150 - College Success Skills Workshop Series**

0.0 unit

48 hours lecture (R)  
By attending success skills workshops, students will develop strategies to improve college success. This course has been approved for online and hybrid delivery.

### **CG 155 - Study Strategies Lab**

0.0 unit

90 hours lab (R)  
This lab course is designed to provide students with study skills as well as course specific help in classes in which the student is experiencing difficulty. Student to student tutorial assistance, study strategies and instructor intervention will provide the student with the academic support to be successful in the classroom.

The second year students will be expected to expand on the skills learned in first year and implement opportunities to support first year students. This course may be taken for a total of four enrollments. This course has been approved for online and hybrid delivery.

### **CG 158 - New Student Orientation**

0.0 unit

15 hours lecture  
A workshop designed to assist new students in their transition to Lassen Community College. During orientation, new students are provided with opportunities to meet other students, faculty staff, participate in course placement testing, a campus tour, information about college programs and services, financial assistance, multiple measures, counseling and registration. This course has been approved for online delivery.

## **DEVELOPMENTAL STUDIES**

### **DS 153 - Developmental Studies-Community Awareness I**

0.0 unit

68 hours lecture (R)  
For the non-reading, non-writing, and/or non-verbal student who wishes to explore their community and their place within it. This course may be taken as needed. This course has been approved for online and hybrid delivery.

### **DS 155 – Adaptive Aquatics for the Physically Limited**

0.0 unit

24 hours lab (8 weeks) (R)  
This course is designed to give adapted physical education students, including students with a need for rehabilitation and students with chronic medical diagnoses or permanent disabilities, an opportunity to improve strength, cardiovascular endurance, flexibility, balance, and/or gait through aquatic skills and movement. A \$40 fee will be charged at registration to cover the cost of aquatic facility usage.

### **DS 158 - Developmental Studies – Adaptive Arts & Crafts**

0.0 unit

68 hours lab (R)  
This course is designed for students with developmental disabilities or senior citizens with disabilities to increase skill development in a broad range of arts and crafts techniques. The focus will be on completion of arts and crafts projects

using a variety of methods and materials based on individual needs, skills, and abilities. This course may be taken as needed. The students will construct a take home craft project at \$1.50 per project per week plus additional consumable materials for each project (glue, glue sticks, paints, gems, etc.) at a value of \$4.50 per student for the 17 week semester. An additional fee of \$30.00 will be charged at time of registration to cover the cost of materials. This course has been approved for online and hybrid delivery.

## **ENGLISH**

---

### **ENGL 150 - ESL Basic Skills**

**0.0 unit**

34 hours lecture/51 hours lab (R)  
This skills development course is for the ESL/foreign student will provide, through a combination of lecture and lab, individualized instruction in the acquisition of basic language skills, including reading comprehension, vocabulary development, oral and written expression, and critical thinking. This course may be taken for a total of four enrollments.

### **ENGL 151 - ESL Intermediate Skills**

**0.0 unit**

**Prerequisite:** ENGL 150 ESL Basic Skills.

34 hours lecture/51 hours lab  
This noncredit course reinforces and expands non-native English speakers' literacy and speaking skills from basic level to an intermediate level. Students will engage in collaborative activities that integrate reading, writing, speaking, and listening. New vocabulary will be stressed and basic grammar introduced in context. All instruction is conducted in English and emphasis is on developing language which will enable students to become successful workers in the U.S. job market. This course may be taken for a total of four enrollments.

### **ENGL 155 - English Writing Lab – Basic Skills**

**0.0 unit**

68 hours lab (R)

This lab course is designed to provide

students with general study skills as well as course specific help in the Basic English and Writing courses (ENGL 103 and ENGL 102). Student to student tutorial assistance, study strategies and instructor intervention will provide the student with the academic support to be successful in the classroom. This course may be taken for a total of four enrollments. This course has been approved for online, hybrid and correspondence delivery.

## **ENGLISH AS A SECOND LANGUAGE**

---

### **ESL 155 - Citizenship Test Preparation**

**0.0 unit**

18 hours lecture/36 hours lab (9 weeks) (R)

This course is a developmental course for ESL/foreign students, which may be repeated as often as needed until naturalization is attained. A combination of lecture, lab, class discussion, workbook assignments, computer programs, videos and individualized instruction will present concepts related to US history and civic responsibilities. The student will practice language skills essential to obtaining and completing the INS application and practice the written and oral naturalization test. This course may be taken for a total of three enrollments.

## **FIRE TECHNOLOGY**

---

### **FS 156 - Pump Operations**

**0.0 unit**

16 hours lab (1 week) (R)  
This course provides the student with the information, theory, methods, and techniques for operating fire service pumps. (Course Certified by the California State Fire Marshal.) This course may be taken for a total of four enrollments.

## **MATHEMATICS**

---

### **MATH 164 – Elementary Statistics Lab**

**0.0 units**

**Co-requisite:** MATH 40 Elementary Statistics.

51 hours Lab

The purpose of this course is to help Math 40 students with math deficiencies which impede their successes in the course. Students will learn how to use technologies to solve problems related to course work, develop skills to solve word problems, strengthen their weaknesses related to topics in algebra and learn good study habits. This course has been approved for online, hybrid and correspondence delivery.

### **MATH 167 – Trigonometry Lab**

**0.0 units**

**Co-requisite:** MATH 7 Trigonometry.

51 hours Lab

This course is to assist students in their successful completion of college level Trigonometry. Students will study numerical, graphical, and analytical properties of trigonometric functions, oblique triangles, inverse functions, and applications as well as the algebraic properties required for these topics. This course uses the text required in MATH 7 and additional materials supplied by the instructor. This course has been approved for online and hybrid delivery.

### **MATH 168 – College Algebra Lab**

**0.0 units**

**Co-requisite:** MATH 8 Advanced Algebra.

51 hours Lab

This course is to assist students in their successful completion of College Algebra. Students will study the general theory of equations, polynomial and rational inequalities, conic sections, exponents and logarithms; sequences, series, matrices and their applications. This course uses the text required in MATH 8 and additional materials supplied by the instructor. This course has been approved for online and hybrid delivery.

## **Administration**

### **Dr. Trevor Albertson**

#### **Interim Superintendent/President**

Ph.D. World Cultures & History, University of California, Merced

M.A. International Affairs, Catholic University of America

### **Carie Camacho**

#### **Interim Dean of Instructional Services**

M.S., School Counseling, University of Laverne

B.A., Sociology, California State University, Chico

### **Roxanna Haynes**

#### **Interim Dean of Instructional Services**

M.A., Organizational Management, University of Phoenix

B.A., Law and Society, University of California, Santa Barbara

### **Dr. Randall Joslin**

#### **Interim VP Administrative Services**

DPA Public Administration, University of La Verne

MPA Public Administration, University of La Verne

B.S. Industrial Technology, Southern Illinois University

Associate of Applied Science Criminal Justice,

Personnel Administration and Avionic Systems

Technology, Community College of the Air Force.

### **Garrett Taylor**

#### **Interim Associate VP of Fiscal**

M.B.A., Capella University

B.S., Accounting, University Nevada, Reno

### **Brady Reed**

#### **Interim VP of Student Services**

M.A. Education, Humboldt State University

B.A. Physical Education and Spanish, Humboldt State University

### **Davis Murphy**

#### **Interim Associate Dean of Student Services**

B.S., Business, St. Gregory's University

### **Glen Yonan**

#### **Director of Athletic Operations & Community Relations**

M.S., Sports Management, United States Sports Academy

B.A., Sociology, California State University, Chico

## **Board of Trustees**

**Sophia Wages - President**

**Louis Hamilton - Vice President**

**Kim Dieter**

**Shaun Giese**

**Buck Perks**

**Tim Purdy**

**Trustee Area 1-Vacant**

**Student Trustee-Vacant**

## **Faculty**

**Michael Anderson**

#### **Instructional Designer**

M.S. Instructional Science & Technology, California State University Monterey Bay

**Cheryl L. Aschenbach,**

#### **English, Physical Education**

M.A., English, National University

M.A., Physical Education, California State University, Chico

B.A., Physical Education, California Lutheran University

**Hasib Azhand**

#### **Business Instructor**

B.S., Business Administration, University of Redlands

B.A., Political Science Minor in Prelaw, California State University, San Bernardino

**Tiffany Baiocchi:**

#### **Biology**

PhD Biochemistry, UC Riverside

B.S. Biological Sciences with a Chemistry Minor, CSU Stanislaus

A.S. Transfer Degree, Modesto Junior College

**Colleen Baker**

#### **History**

M.A., Education, (Educational Counseling) California State University, San Bernardino

M.A., Education, (Vocational Counseling) California State University, San Bernardino

B.A., Social Sciences, California State University, San Bernardino

**Buck Bauer**

#### **Director of NRA and Gunsmithing/Instructor**

A.S., Gunsmithing, Lassen Community College

A.S., Firearms Repair, Lassen Community College

**Barbara Baston**

#### **Counselor**

M.A., Rehabilitation Counseling, San Diego State University

B.A., Liberal Studies, Chico State University

**Sandra Beckwith****Psychology**

M.S., Human Development, University of Texas at Dallas

B.S., Psychology, Colorado State University

**Thomas Downing****Director of POST and Administration of Justice/ Instructor**

B.A. Criminal Justice Management, Union Institute & University Cincinnati, OH

A.A. Administrative Justice, Lassen Community College

**Noelle Eckley****Mathematics**

M.A., Mathematics, California State University, San Francisco

B.A., Mathematics, California State University, San Francisco

**Lisa Gardiner****Work Experience Coordinator**

M.A., Social Work, Health and Human Services, California State University, Long Beach

B.A., Liberal Studies, California State University, Chico

**Heidi Gray****Nursing**

B.S. Nursing, Nevada State College

**Laura Greer****Child Development**

M.A., Leadership in Early Childhood Education, Brandman University

B.A., Child Development, California State University, Chico

A.A., University Studies, Lassen Community College

**Thomas Kareck****Psychology**

Ph.D. Psychology-Educational Leadership, University of Nevada Reno

M.A.-Counseling and Educational Psychology, University of Nevada Reno

B.A.-Education, University of Nevada Reno

**James Kleckner****Art**

M.A., Fine Arts, University of Iowa

B.A., Fine Arts, Sonoma State University

**Kory Konkol****Welding Technology**

A.S., Power Generation Technology, Lassen Community College

**Jennifer Lawler****Counselor**

M.S.-Counseling and Guidance, California Lutheran University

**Chad Lewis****Automotive Technology**

ASE Master Auto Technician

ASE Master Medium/Heavy Truck Technician

ASE L1 Advanced Engine Performance

ASE Service Consultant

ASE Master Engine Machinist

SCBAR Smog Check Inspector

SCBAR Smog Check Repair

**Yuting Lin****Chemistry**

M.S. Chemistry, University of North Carolina

## Career Pathway Workgroup Minutes

**Meeting Date: 3/18/21**

**Meeting Time: 8am**

**Meeting Location: Zoom**

**Committee Members in Attendance:**

**Yuting Lin**

**Tara Bias**

**Meggin Lewman**

**Brook Luna (student)**

**Guests:**

**Call to Order (Time):8:03am**

**Approval of minutes / notes from prior meeting: N/A**

**Additions/Deletions to Agenda? No**

**Action(s) taken:**

1. Move forward with using Career Pathway clusters to organize degree/certs in CCCApply
2. Move forward with Bakersfield Program mapper, Brady to talk to David, \$50,000 one time, no annual fee, like that it is clean and not busy

-have questions: if we get a new website do we have to pay them another fee?, will it work with our current website? Do we need IT support? Etc. Take to big GP group

**Discussion Items: Brief notes of key points should be identified for each item. Be aware minutes become public documents**

1. CP Catalog descriptions: Change font to 12pt (can do so once we cut out deletions), Counselor or Career/transfer contact info, Move bullet points closer together, move out extra spaces,
2. Icons not ready yet but info was shared with Pacific Sky
3. Reviewed how Career Pathway work is improvement on our ISER QFE (Quality Focus Essay). Read QFR Goals, some did not apply to this group, but have developed Career Pathways, putting info on website, in catalog, printed materials, etc.

**Adjournment (Time): 9:45**

Next Meeting (Dates): March 25, 2021

Next Steps: Get back to webpages, include CP in Orientation

# JOIN THE HEALTHCARE TEAM

## NO WAIT LIST & HIGH PASS RATE!

### REGISTERED NURSING APPLICATION OPEN TILL OCTOBER 1, 2023

**REGISTERED NURSING PROGRAM**

**STARTS JANUARY 2024**

Application opens  
**AUGUST 2023**

**Lassen Community College**

**CALL/ EMAIL A LASSEN COMMUNITY COLLEGE ACADEMIC COUNSELOR TODAY.**

Office Phone: 530.251.8842

## MEET THE LASSEN NURSING FACULTY

**WE CAN'T WAIT TO ASSIST YOU THROUGH YOUR NURSING JOURNEY!**

**UNIVERSITY STUDIES**  
*Emphasis in*  
**Agriculture Sciences**

**A.A. Degree**  
**2023/2024**

**Student Name:** \_\_\_\_\_

**Student ID Number:** \_\_\_\_\_

**Month/Year of Graduation:** \_\_\_\_\_

- I. A minimum of **60** semester units (**1-49**), all of which must be baccalaureate applicable \_\_\_\_\_
- II. A minimum GPA of **2.00** overall, and a “**C**” or better in each core course \_\_\_\_\_
- III. A minimum of 18 units of core courses \_\_\_\_\_
- IV. Select a general education option: CSU GE \_\_\_\_\_ IGETC \_\_\_\_\_

*\*\*Students must meet with a counselor to ensure completion of required coursework for chosen major and specific college/university, as well as their choice of CSU or IGETC general education requirement.*

**Agriculture Sciences – 18 units**

The emphasis in Agriculture Sciences is designed to provide lower division coursework applicable to agriculture majors at four year colleges/universities.

Select 18 units from the following:

_____	AGR 1	Agricultural Accounting	3 units
_____	AGR 2	Agricultural Economics	3 units
_____	AGR 10	Introduction to Animal Science	3 units
_____	AGR 13	Feeds and Feeding	3 units
_____	AGR 20	Introduction to Plant Science Basic	4 units
_____	AGR 40	Agricultural Mechanics Farm	3 units
_____	AGR 41	Tractors and Farm Power	3 units

**Electives to reach 60 units degree requirements:** (courses must be numbered 1-49)

# Taking the temperature

How do you feel about choosing a career?

# Career Exploration

# Career Pathways

# Administration of Justice (“AJ”)

## Program Info:

- prevention, discovery, control and treatment of crimes and criminals, evidence collection, criminal law, community relations and other elements of the profession
- careers are available in local, state & federal law enforcement

## Job Info:

- **Police Officer:** \$57-\$99K (Susanville)
- **Sheriff's Deputy:** \$72,467 (CA)
  - a deputy sheriff is employed by the (elected) sheriff and works in the jail, courts, civil process or road patrol.
- **Probation Officer:** \$88,868 (CA)
- **Correctional Officer:** \$59,288 (CA)

# Agriculture (“Ag”)

## Program Info:

- general agriculture, animal science and plant science
- business of agriculture
- Ag Dept. sponsors the rodeo team

## Job Info:

- management, supervision, government, marketing, distribution, sales & service, nursery management, landscape design, teaching, contracting & maintenance, fertilizer & insecticide, application, retail/wholesale
- **Agricultural and Standards Inspector** (\$57K–\$80K)
  - performs inspections of agricultural crops, products, and packaged commodities to determine compliance with and enforce Federal, State, and County regulations

# Automotive Technology

## Program Info:

- fully equipped auto shop and hands-on training
- learn car components, maintenance, repair
- using hand/power tools & equipment

## Job Info:

- Mechanic, Service Manager, Fleet Repair, Partsman, Service Writer
- agencies that have fleets: USPS, law enforcement, emergency vehicles, companies that do deliveries, etc.
- **Mechanic:** \$41K-\$85K

# Computer Information Systems

## Program Info:

- IT Support
- Digital Marketing & E-Commerce
- Computer Support Specialist (2 semesters)
- includes virtual “hands-on” experience

## Job Info:

- IT consultant, Programmer/analyst, Application Developer, Quality Assurance Specialist, IT Support Specialist, IT Project Manager
- **IT Support:** \$50,314
- **Digital Marketing:** \$75,607

# Fire Technology

## Program Info:

- urban firefighting and wildland fire suppression
- fire behavior, prevention, fire protection equipment and systems
- Associate Degree and Certificate of Achievement in Fire Technology can be completed within two (2) years
- network with employers: Bureau of Land Management (BLM), USDA, US Forest Service, Lassen National Forest (USFS-LNF) supported Fire Technology Program

## Job Info:

- Firefighter, Inspector, Investigator, Supervisor/Manager (some positions may require a 4-year degree)
- **Firefighter:** \$66,222 (CA)

# Geographic Information Systems (GIS)

## Program Info:

- "GIS" - a framework for managing and analyzing data. Many organizations in virtually every field are using GIS to make maps that perform analysis, share information, and solve complex problems
- 100% online through Lassen College
- finish in two semesters

## Job Info:

- Natural Resources, Forestry, Fire Science, Data Science, Computer Science/IT, Engineering, Military Science, Business, Nursing, or Real Estate
- \$40K-\$100K+

# Vocational Nursing

## Program Info:

- Phlebotomist and Emergency Medical Technician (EMT):  
1-semester programs, available for 17 y.o.+
- Certified Nurse Assistant (CNA)- 8 weeks
- Certified Medical Assistant- 1-2 semesters
- Licensed Vocational Nursing (LVN)- 10 months
- Registered Nursing (RN)- 2 years  
students also have the option to do concurrent enrollment  
remotely at Cal Poly Humboldt to achieve a bachelor's

*Coming soon!*

- Fall 2024: Dental program (Hygienist/Assisting)

## Job Info:

- Certified Medical Assistant: \$44,780
- Registered Nurse: \$124K

# Welding

## Program Info:

- beginning-advanced welders
- practical hands-on training w/classroom theory
- one or two-year programs

## Job Info:

- welding technician, sales, inspection, supervision & management, aerospace, welding engineering, construction, automotive
- **Welder I:** \$46,036
- **Welding Engineer:** \$85,754

# Career platform

Students can:

- post resumes
  - tools to help build
  - employers can reach you
- search for local jobs from employers *specifically targeting college students*
- learn career tips
- free, lifetime access

<https://www.collegecentral.com/lassencollege>

The screenshot shows the 'Dashboard' for 'Lassen Community College' on the College Central platform. The interface is divided into a left sidebar and a main content area. The sidebar contains navigation links: Search - My School's Jobs, Search - Jobs Central®, Search - Intern Central®, My Résumés, My Career Portfolio, Events & Programs, Announcements, Experiential Learning, Career Podcasts, My Job Search History, Check Interview Status, Report Offers/Hires, My Account, and Change My Status. The main content area features three search buttons: 'Search - My School's Jobs' (with a subtext: 'View jobs and other opportunities, including On-Campus Interviewing, posted'), 'Search - Jobs Central®' (with a subtext: 'Search and apply for jobs on the Jobs Central national job board.'), and 'Search - Intern Central®' (with a subtext: 'Launch your career with the Intern Central national internship board.'). Below these are sections for 'Media Library' (with an expandable arrow), 'Podcasts' (featuring 'College Central™ Podcasts' with a subtext: 'Free expert career and job search advice podcasts. Listen here!'), and 'Videos' (featuring three video thumbnails: 'Résumé Bullet Points: Things You Should Know', 'Tips for Job Hunting', and 'Tricky Interview Q&A').

Thank you

We're here to help!

Any questions?

# Degrees And Programs

## Agricultural Studies

The Agricultural Studies Career Pathway will teach you effective animal husbandry skills, how to analyze the agricultural business market, and ranch management. This pathway prepares students to enter the workforce or to continue their education at a four year university. Certificates and nontransferable degrees would lead you to employment in occupations such as a landscaper, farm worker, artificial insemination (AI) of cattle, farm accountant, livestock feed sales, or park maintenance operator. Completing the transferrable degrees could lead to the following careers: agricultural sales/marketing, animal nutritionist, agricultural teacher, soil conservationist, veterinarians, or plant/animal geneticist.

Ralph Plaza (Lightcast)- [Ralph.plaza@lightcast.io](mailto:Ralph.plaza@lightcast.io); 208-874-3732

- Minutes are posted on BoardDocs- please review when you have time
- Introduction of Career Coach, presented by Ralph Plaza from LightCast
  - If you are familiar with MyPath, Career Coach is much better
  - Showcase a branded site, in which it can be customized for LCC
  - They will initially map out occupations related to our programs and send it to us for review
- Demonstration of Career Coach website (Example from Citrus College)
  - Student can explore careers (Browse careers, programs, and veteran option)
  - Students can take an assessment (choice between 6 or 60 question option)
    - Anecdotally- 6 question assessment has been very helpful
    - Utilize Holland's Code of Career Development theory
    - Matches top 3 traits with career matches
  - Students can see a matching percentage within career areas and occupations
  - Pathway to large category of career → smaller category of occupations → academic program matches at LCC
  - Provides labor market data to students (also through another tool)
  - Can save information with a student account; Demo to show what a student can do without having an account
  - Singular occupation can show salary and employment data based upon region, show national educational level, governmental data, job projection, job posting information, possible job titles and similar careers, and live job postings (through company or through partnered employers with LCC)
  - Program page- links to our LCC webpages/information, request more info and direct it to a customized automatic email address
    - Career Coach has widgets that we can embed in our webpages (career opportunities, labor market, skills, etc.)
- Widgets- they build them, LCC can customize and then embed them to website
- Back-end has data analytics- top visits, activities based upon careers/programs, assessments, audience location, resumes started/downloaded, where is traffic coming from
- Local employer set up can be provided access to put their job posting on the site
  - Local job posting submitted for administrator approval/posted online
  - Customized requirements for a posting can be made (example- salary is required for posting approval)
  - Employer needs to be allowed to send postings
  - LCC can also post on behalf of others
- Pricing by FTES; average \$13,000 per year for Career Coach and widgets
  - Access to client service representative (Erin)I showcase other college examples for ideas and utilization/customization

- Ralph- point person for pricing, 3 year discount
- Accessibility- Has a Vpat, WCCA. G.2.3 to ensure compliance
  - Ralph will send more information
- Interface with students- no need to create account
  - If they want to save information, they can create an account
  - Account/profile could show on the back-end
  - Job postings to be sent to student would be more on our end to send via email/other ways of communication
    - Good idea that Ralph could bring back as continued improvements
- Career Coach open to current and potential students
- Been in business for 20 years- Career Coach started in 2008
  - Partnered company been in business since 2000
- If a student has saved a profile, they have their profile forever (it stays with them)
- In 300 colleges nationally, and 37 CA colleges
- Possible blend funding from other courses for Career Coach instead of solely from Guided Pathways
- Can usually build a site quicker than 5 weeks (but timeline is about 5 weeks)
- LCC in the process of moving to a new vendor for our website, don't have a specific webmaster
- Career pathway work group did a lot of research and would reach out to colleges of who they used/how they developed their webpages/information
- Monteil did a lot of research and honing in on possible platforms to consider
- State of CA has adopted Holland code to access labor market information/career assessment tool
- Pro- Strong Interest Inventory for the buy-in and then aligns with the career assessment instead of having to 2 different ones
- Pro- Still gives all the career programs in a sequence instead of just limiting to only a couple of programs/careers; can skip the inventory and just look at the careers
- Idea- Incorporate the widget information to the Facebook Ads
- No set implementation date if we move forward with Career Coach
- General consensus is positive for Career Coach
- Next meeting- Thursday 11/9/23 at 10am
- Keep an eye out for work group meetings invite
  - Move forward with 2 work groups while working on the show case
  - Show case will be on January convocation- gives us time and largest audience
  - Work groups- Communications/Career/Technology and Equity/Retention
  - Look out for Doodle Poll for work groups and meetings for show case

# Fine Arts & Art History IPR

---

## SECTION 1: ACADEMIC PLANNING

### I. Program Overview, Objectives, and Student Learning Outcomes

The objective of the Fine Arts, & Art History programs is to offer a broad selection of challenging college-level educational opportunities in fine arts, and art history to students seeking completion of the fine arts degree, preparation for transfer to a university, or completion of general education units necessary for many Lassen College degrees.

As of November 2020, two university studies degrees are being offered within the fine arts and art history. In addition, courses within the fine arts, and art history programs help students meet Areas C of the vocational and non-transfer associate degree general education requirements, Area C of the CSU General Education (CSU GE) Certificate of Achievement, and Area 3 of the Intersegmental General Education Transfer Curriculum (IGETC) Certificate of Achievement. Program student learning outcomes for each degree are listed below. For each, the related institutional outcome(s) are identified.

#### **Associate in Arts degree in Art History for Transfer**

**Upon completion of the AA-T degree in Art History, the student should be able to:**

1. Critically interpret, evaluate and critique orally and in writing visual works of art from various historical periods and cultures. (Critical Thinking, Life Long Learning)
2. Demonstrate orally and in writing the relevance of various historical and cultural art styles to today's global culture. (Critical Thinking, Communication)
3. Produce basic realistic and nonrealistic drawings of various subjects using alternate styles. (Communication)
4. Produce visual works of art in at least one medium in addition to drawing. (Communication)

#### **Associate in Arts degree in Studio Art for Transfer**

**Upon completion of the AA-T degree in Studio Art, the student should be able to:**

1. Solve basic problems of visual expression using various techniques and mediums. (Critical Thinking, Communication)
2. Produce basic realistic and nonrealistic drawings of various subjects using alternate styles. (Communication)
3. Produce visual works of art in a variety of mediums. (Communication)
4. Interpret, evaluate and critiques orally and in writing visual works of art. (Critical Thinking, Communication)
5. Demonstrate knowledge of specific historical and cultural art styles. (Critical Thinking)

### Description/Evaluation:

- a. Describe and evaluate the program objectives against the LCC strategic plan, specifically the mission statement and strategic goals [available online or in the current catalog].

In regards to Lassen College's Vision as defined in the Strategic Plan approved by the Board on October 8, 2019 the Fine Arts program contributes to the vision of the college: "Be the Cultural Leader in the Community." Through the educational opportunities within the Fine Arts program, students can develop a cultural understanding of art and graphic design. Students can also develop technical skills in art and graphic design. In addition, the art program frequently collaborates with the Lassen County Arts Council to showcase student and faculty work, another manner in which the Fine Arts program serves as a cultural leader in the community. The Fine Arts program also serves the Lassen College mission as well as the current emphasis in California Community Colleges for transfer education.

The Fine Arts programs combine to lead students to competence in all four of Lassen College's institutional learning outcomes: Communication, Critical Thinking, Lifelong Learning, and Personal/Interpersonal Responsibility. Even when not formally identified as outcomes, linked to course or program outcomes, or measured, skills and knowledge for competence in the four institutional outcomes are inherent in all instruction within the Fine Arts programs. For example, instructors establish guidelines for assignments that students must navigate (Personal/interpersonal Responsibility); communication of ideas are paramount within critiques as well as communication between students and instructors is on-going (Communication); in examining the topics within the Fine Arts programs, students think critically about the theories, concepts, their current applications and problem solve within their projects (Critical Thinking); and, finally, students are mentored to engage in on-going learning within the discipline of interest (Life Long Learning). The measured attainment of competence related to the four institutional outcomes may be computed through an examination of course level outcomes as well as the linkages established between courses, programs, and the institutional outcomes.

- b. Identify and evaluate the Program Student Learning Outcomes including the relationship between course, program and institutional student learning outcomes utilizing information from WEAVE.

All course and degree student learning outcomes link to program level learning outcomes for the Fine Arts & Art History programs which have been linked to the institutional student learning outcomes.

Overall SLO's have exceeded minimum requirement for the modality average of all years at 81%. 2016-2019 were just below our minimum requirement of 80%.

Most programs at LCC have a minimum requirement of 70% which all years have surpassed. 2019 was 90% indicating a large improvement from previous year. Total Avg for each year recorded is stated below.

2016 = 79%

2017 = 76%

2018 = 77%

2019 = 90%

See Appendix A “2020 Fine Arts IPR Data” of this PDF, section SLO Outcomes under All Modalities.

- c. Evaluate any changes in the program since last review. Include summary of Annual Updates completed since last review.

Brandy González resigned as full-time faculty for the fine art program. James Kleckner took over as full-time faculty for the fine art program. The graphic design program was eliminated, and several courses in that program were brought into the fine art program. There were no annual updates available to review.

- d. Analyze program-related promotional materials/advertising as appropriate.

Program flyers were distributed around campus. There is a need for more visibility of our programs online and throughout campus. The new LCC website has dedicated pages for each program and is utilized for promotion and recruitment, however the website doesn't have a designated web developer and lacks updated information or access to update individual programs easily. Our programs are also being advertised through the outreach coordinator. Local outreach has been done by James Kleckner at the high schools and surrounding areas.

### Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Student Services Planning, and/or Institutional Effectiveness Planning tables at the end of the section for any recommendations requiring institutional action.

1. Current courses need adjustment in course outlines, pertaining to what that course covers. An example of this would be NOT covering color in beginning drawing. This is a standard that most universities and colleges abide by.
2. SLO's from certain courses need to be reviewed and data analyzed to determine why there is 0% for example in all Ceramics courses Art 36 A-D (See Appendix A “2020 Fine Arts IPR Data,” of this PDF)?

3. Program courses need to be streamlined and some courses inactivated. Community service courses for life-long learners should be implemented to retain students that are not pursuing certificates or degrees.

Fine Arts is doing well and will continue to improve by making the small adjustments to class courses in which the students will become more successful.

## II Student Outcomes

### A. Trends and Patterns in Student Outcomes

#### Description/Evaluation:

1. Provide in tabular form followed by an analysis
  - a. Number of degrees and certificates awarded during the last four years.

**Fine Arts Program Awards by Degree Type and Year**

Award	Academic Year Awarded			
	<u>2016</u>	<u>2017</u>	<u>2018</u>	<u>2019</u>
AA Studio Arts for Transfer-CSU	2	1	2	
AA Studio Arts for Transfer-IGETC		1		
AA Art History for Transfer-CSU		1		
<b><u>Grand Total</u></b>	<b>2</b>	<b>3</b>	<b>2</b>	

- b. Transfer numbers for the last four years  
There were two transfer students in 2016, three transfer students in 2017, and two transfer students in 2018.
- c. Completion, retention and success data for the last four years  
See Appendix A “2020 Fine Arts IPR Data” of this PDF.

2. Analyze program effectiveness based on available quantitative data and qualitative experiences.

There is an overall increase from last year’s IPR in student completion (from 4 total to 7 total student awards). Looking at the current awards, student completion of

degree and certificates has fluctuated from year to year slightly from 2016-2018. There is no data for 2019.

### **Planning Agenda:**

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Student Services Planning, and/or Institutional Effectiveness Planning tables at the end of the section for any recommendations requiring institutional action.

None.

### **B. Student Learning Outcome Assessment**

SLO assessment is important to maintain and improve an effective learning experience for LCC students. Evaluating SLO results regularly is helpful for evaluating student learning and identifying emerging program needs. By contract, faculty are required to measure at least one SLO for every class taught each semester; these records are maintained in WEAVE and are available for review by faculty at any time.

### **Description/Evaluation:**

1. Attach an SLO assessment summary as provided by Office of Institutional Effectiveness.
2. Provide an analysis of findings of the assessments completed and recommendations being made in individual assessments. Consider the impact or influence of the assessment results at the program level. Consider how SLO results may be leveraged to support equipment, facility, staffing, or other budget and planning need and include the justification in your analysis.
  1. See Appendix A “2020 Fine Arts IPR Data” of this PDF, section SLO Outcomes.
  2. My analysis is that over the past four years 1058 students were assessed and of that number, 898 students met the SLO’s for an average of 81%. Most programs at LCC require an average of 70% to meet the standards for SLO Outcomes. Given the continued achievement, it is my opinion that the fine arts should be awarded a larger budget to help increase the desired outcomes by having access to materials and space that will be presented to them at the 4-year universities upon transfer. This will not only increase the SLO data but better prepares the student for continued success.

### **Planning Agenda:**

List recommendations and actions necessitated by the above evaluation of SLO results. Complete Academic Planning, Student Services Planning, and/or Institutional Effectiveness

Planning tables at the end of the section for any recommendations requiring institutional action. For any items needing Human Resources Planning, Institutional Technology Planning, or Facilities Planning action, please make sure to include the information within the appropriate section and table later in the program review document.

Every SLO cycle leads to appropriate instructional changes to meet the identified SLO. In regards to this, no new action is necessary.

### **C. Student Evaluation Summary**

The student survey portion of the evaluation procedure is designed to solicit comments concerning the program only, and is not an evaluation of instructors (See Attachment F, Student Survey).

An anonymous questionnaire is considered to be the most effective format. This will encourage the students to be frank in their responses. The student evaluation will be scheduled and administered by the Office of Instruction during October/November and February/March of each instructional review process. The Office of Instruction staff will consult with the members of the self-evaluation group to determine the student sampling and consider any program-specific revisions to the student survey. The sampling will consist of a minimum of three core courses and other courses as selected by the self-evaluation team. (Example: The basic skills program might wish to survey courses with high enrollment of former basic skills students.)

#### **Description/Evaluation:**

Attach Student Evaluation Summary provided by Office of Academic Services and provide an analysis of the results of the student evaluations

See Appendix B, “IPR Data\_Art\_2016.” Data is old and limited to just two classes.

#### **Planning Agenda:**

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Student Services Planning, and/or Institutional Effectiveness Planning tables at the end of the section for any recommendations requiring institutional action.

More data needs to be collected. Only two courses from 2016 are available. Approximately 23% of the responses thought the rooms were too cold or too hot when it was winter and summer. This supports the fact that we desperately need new heating and air conditioning for the Creative Arts Building.

### III. Curriculum

#### A. Degrees and/or Certificates

##### Description/Evaluation:

- List degree and/or certificates offered in the program and attach the approved course of study or two-year plan for each degree and certificate (see Attachment G, Degrees/Certificates by Program). Degree and certificate student learning outcomes, if different from program student learning outcomes, should be included in this section.
- Faculty should analyze progress made on the assessment of program (degree/certificate) learning outcomes
- Evaluate the need for courses, degrees and/or certificates
- Transfer programs: Evaluate the core courses against the major preparation requirements for an entering junior at receiving four-year institutions (e.g. CSU System and UC System).
- Transfer programs: Evaluate the courses against the specific area requirements needed to satisfy the general education requirements for associate degrees and transfer. Consider whether there are adequate opportunities to meet the area requirements in combination with all disciplines within each general education area. Is there an adequate number of course and discipline options within each area, and can those courses be offered in a manner that maximizes student enrollment in each section? Do courses need to be added or deleted from any general education area?
- Career/Technical programs: Attach dates of Advisory Committee meetings (a minimum of two meeting per year). Reference Committee Member Rosters and Minutes located in the Office of Academic Services. Summarize the advisory committee recommendations for program curriculum enhancement or improved student competencies
- Career/Technical programs: Use advisory committee recommendations, labor market or other standards to answer the following question: **Do the core courses in the certificates and degrees meet current employer skill requirements for the field?**
- Special Programs: By nature, special programs themselves do not lead to a degree or certificate. However, special programs may have coursework that is included in transfer or vocational degrees or certificates. Note the relationship between special program courses and LCC transfer or vocational degrees or certificates.

**Current Catalog 2020-2021 list two degrees for transfer:**

**Associate in Arts in Art History for Transfer**

**Associate in Arts in Studio Art for Transfer**

Both degrees are designed to provide students with strong foundations for the study of art history and studio art in order to transfer to a California State University. The AA degrees follow the Transfer Model Curriculum guidelines established to ensure transferability of classes into the CSUC system.

The benefit for students completing the AA-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. “CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted.”

All learning outcomes are being met in the degrees.

The Fine Arts program specifically does not have any CTE or special programs.

No new courses are needed at this time but adding correspondence courses in the next few years such as painting and two-dimensional design would greatly increase FTE in the arts program.

**Associate in Arts in Art History for Transfer**

Total Units for the Associate in Arts Degree: 60 Units

Required Core Courses: 18 Units

**Complete the following 12 units:**

<b>Course No</b>	<b>Course Title</b>	<b>Units</b>
ART 2	Drawing	3.0
ART 6	Survey of Art History: Prehistoric to Renaissance	3.0
ART 7	Survey of Art History: Renaissance Through Contemporary	3.0
ART 9	History of Asian Art	3.0

**Select 6 additional units from the following**

ART 1A	Two-Dimensional Design	3.0
ART 1B	Three-Dimensional Design	3.0
ART 3	Beginning Life Drawing	3.0
ART 10A	Beginning Painting	3.0
ART 25	Graphic Design 1	3.0
ART 30	Introduction to Sculpture	3.0
ART 36A	Beginning Ceramics	3.0

**Completion of either the CSU General Education or IGETC Option**

Remaining Units to total 60 Units may be selected from courses 1-49

**Program Learning Outcomes are as followed:**

Upon completion of the **Associate in Arts in Art History for Transfer** the student will be able to:

1. Critically interpret, evaluate and critique orally and in writing visual works of art from various historical periods and cultures.
2. Demonstrate orally and in writing the relevance of various historical and cultural art styles to today's global culture.
3. Produce basic realistic and nonrealistic drawings of various subjects using alternate styles.
4. Produce visual works of art in at least one medium in addition to drawing.

**Associate in Arts in Studio Arts for Transfer**

Total Units for the Associate in Arts Degree: 60 Units

Required Core Courses: 24 Units

**Complete the following 12 units:**

<b>Course No</b>	<b>Course Title</b>	<b>Units</b>
ART 1A	Two-Dimensional Design	3.0
ART 1B	Three-Dimensional Design	3.0
ART 2	Drawing	3.0
ART 7	Survey of Art History: Renaissance Through Contemporary	3.0

**Select 3 additional units from the following:**

ART 6	Survey of Art History: Prehistoric to Renaissance	3.0
ART 9	History of Asian Art	3.0

**Select 9 additional units from the following:**

ART 3	Beginning Life Drawing	3.0
ART 10A	Beginning Painting	3.0
ART 23	Beginning Printmaking	3.0
ART 25	Graphic Design 1	3.0
ART 30	Introduction to Sculpture	3.0
ART 36A	Beginning Ceramics	3.0
ART 43A	Beginning Jewelry and Hand-Building	3.0

**Completion of either the CSU General Education or IGETC Option**

Remaining Units to total 60 Units may be selected from courses 1-49

**Program Learning Outcomes are as followed:**

Upon completion of the **Associate in Arts in Studio Art for Transfer** the student will be able to:

1. Solve basic problems of visual expression using various techniques and mediums.

2. Produce basic realistic and nonrealistic drawings of various subjects using alternate styles.
3. Produce visual works of art in a variety of mediums.
4. Interpret, evaluate and critiques orally and in writing visual works of art.
5. Demonstrate knowledge of specific historical and cultural art styles.

**Evaluation:** Digital Graphic Design program has been folded into the Fine Arts Program in terms of some courses (Art 21, Art 22, Art 25, Art 26, Art 38, and Art 39). However, due to low enrollment some courses are in the process of being inactivated (Art 22, Art 26, and Art 39). The Associate in Arts in Art History for Transfer will be inactivated due to declining enrollment and completion for that program. Other courses in the Fine Arts Program that have not been offered or have had low interest will also be inactivated. They include: Art 9, Art 18, Art 43 (A-D), and Art 50.

### Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning table at the end of the section for any recommendations requiring institutional action.

When enrollment and demand increases, we can stack the classes in all areas of studio art. We currently do this in painting, digital photography, and ceramics. Providing different skill levels like “intermediate” and “advanced” within the same time slots will allow for students to progress beyond their first class and attract students that are already beyond a “beginner” level course. Until then, we will inactivate courses and the Art History Degree.

## B. Courses

### Description/Evaluation

1. Identify courses added or deleted from the instructional program since the last instructional program review.

Since last IPR approved by Governing Board on August 8, 2017, the following courses have been added: Art 22, Art 26, Art 38, and Art 39. The following courses have been inactivated since last IPR review: Art 12, Art 13, Art 16, Art 28, Art 35, Art 46, Art 52, Art 60A, Art 60B, and Art 130.

2. Each course offered within the instructional program must be reviewed for accuracy and currency (see Attachment I, Course List by Program). Review of each course outline should include asking the following questions:
  - Should the Disciplines of Assignment remain the same or be changed?
  - Should the Catalog/Schedule description remain the same or be updated?
  - Is the course repeatable? Is the repeatability reflected in the SLOs, Objectives, and Course Content sections? What is the basis for repeatability: legal requirement or increased skill level?
  - If the course meets a core requirement within specific degrees or certificates, is it accurately noted on the outline?
  - If the course satisfies a specific area within the general education requirement for an associate degree or transfer, is it accurately noted on the outline?
  - Are course-level student learning outcomes included on each course outline? Are learning outcomes included for each allowable repetition?
  - Does the course require a prerequisite or have recommended preparation? Are content review forms on file for each recommended preparation and/or prerequisite?
  - Do any of the learning outcomes or objectives need revision?
  - Does any content need to be updated?
  - Are any changes necessary in the Methods of Instruction, Assignments, Critical Thinking or Methods of Evaluation sections?
  - Is the course being considered for distance education offering? If so, has it been approved for specific distance education delivery?
  - Is the textbook current and is the publication date included?
3. Whether changes to a course outline are necessary or not, a Revision to Existing Course Form for each course must be completed and submitted to the Curriculum/Academic Standards Committee for action. When changes are necessary, indicate the revisions on the form. Where no changes are necessary, simply indicate on the Revision Form that “the course has been reviewed as part of the program review and no changes are necessary.” Revision forms will be retained in the Instructional Office with the Curriculum agenda packets.
4. Following the Curriculum/Academic Standards Committee action on all submitted Revision to Existing Course Forms, a summary Instructional Program Curriculum Review Form will be completed by the Curriculum/Academic Standards Subcommittee Chair and given to the program faculty for inclusion in the program review.
5. The signed Instructional Program Curriculum Review Form is to be included with your completed program review documents

**The following courses have been approved to include online learning for Covid-19:**

- Art 1A, Art 1B, Art 2, Art 3, Art 6, Art 7, and Art 10 (A-D).

**Proposed course changes include (but have not been finalized):**

- Inactivating Associate in Arts in Art History for Transfer Degree.
- Inactivating the following courses due to declining enrollment trends: Art 9, Art 18, Art 22, Art 26, and Art 39, Art 43 (A-D), and Art 50.
- Removing Art 9 from Associate in Arts in Studio Arts for Transfer Degree and from Associate in Arts Degree University Studies-Emphasis in Humanities Degree.
- Removing Art 43A from Associate in Arts in Studio Arts for Transfer Degree.
- OER Textbook change for Art 1A, Art 1B, Art 2, and Art 25.
- Textbook updated for Art 3, Art 10 (A-D), Art 19 (A-D), Art 23, Art 36 (A-D). **I could not find OER equivalent for these courses.**
- Course Outline updated changes to courses: Art 1B, Art 2, Art 3, Art 6, Art 7, Art 10 (A-D), Art 21, Art 25.
- Reviewed all other courses.

### Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation.

Complete Academic Planning table for any recommendations requiring institutional action.

Start creating correspondence courses such as painting and two-dimensional design; this would greatly increase FTE for the Fine Arts program.

### C. Articulation/Integration of Curriculum

#### Description/Evaluation:

1. Attach a tabular comparison of Lassen Community College courses articulating with UC and CSU, indicating courses with approved C-ID designations as applicable (Obtain copies of Articulation Agreements from the Transfer Center)

See Appendix C "Art articulation.12.4.20 for tabular comparison of this PDF.

2. Provide a narrative reviewing the Lassen Community College courses and courses at four-year institutions for course alignment. (i.e. two courses at Lassen needed to articulate with one course at UC).and the units requirements for Lassen Community College courses as compared to four-year institutions.

Our alignment is set-up class for class. We have the most classes being able to transfer when looking at the CSU's. There are much fewer when looking at the UC's.

See Appendix C "Art Articulation 12.5.20" of this PDF for a complete layout of which courses exactly are transferable to both the CSU's and UC's.

New courses need to be articulated with as many four-year institutions as possible so that LCC students will have the widest available opportunities to transfer. The Associate in Arts for Transfer degrees were mandated by California legislators through SB 1440 to improve articulation of courses and degrees, ensuring a community college student can transfer to a CSU after taking 60 units, then only needing to take an additional 60 units to complete degree at the receiving CSU institution.

#### **Planning Agenda:**

Complete Student Services Planning table (see below) for any proposed changes to articulation or C-ID designation

No changes are required.

### **III. Scheduling and Enrollment Patterns**

#### **Description/Evaluation:**

1. Describe and explain any deviation from the two-year plan in course scheduling during the last four years.

No changes were made except that Art 1B and Art 3 are now offered every Spring instead of every other alternating Spring. This allowed for easier access for students to complete the program.

2. Evaluate the relationship between schedule, enrollment patterns and FTE generated statistics.

Enrollment by Course, Academic Year and Semester

Modality	Academic Year and Semester																								Course Totals, All Years	
	2016						2017						2018						2019							
	SU		FA		SP		SU		FA		SP		SU		FA		SP		SU		FA		SP			
	Census	Last Day	Census	Last Day	Census	Last Day	Census	Last Day	Census	Last Day	Census	Last Day	Census	Last Day	Census	Last Day	Census	Last Day	Census	Last Day	Census	Last Day	Census	Last Day		
Face to Face	21	20	194	180	208	200	30	28	170	152	173	157	20	19	173	167	167	162			170	152	169	124	1,495	1,361
Hybrid			2	2	2	1															2	2	1	1	9	8
Correspondence	28	24	43	34	24	20	29	22	58	46	50	44	33	28	103	84	72	64	74	69	79	69	86	68	679	572
Internet	27	26					29	27			33	30	35	33					33	29					157	145
<b>Semester Totals</b>	<b>76</b>	<b>70</b>	<b>239</b>	<b>216</b>	<b>234</b>	<b>221</b>	<b>88</b>	<b>77</b>	<b>228</b>	<b>198</b>	<b>256</b>	<b>231</b>	<b>88</b>	<b>80</b>	<b>276</b>	<b>251</b>	<b>241</b>	<b>228</b>	<b>107</b>	<b>98</b>	<b>251</b>	<b>223</b>	<b>256</b>	<b>193</b>	<b>2,340</b>	<b>2,086</b>

Looking at Appendix A “2020 Fine Arts IPR Data,” Face to Face has the largest enrollment in the Fine Arts. Looking at the total enrollment data above, between 2016 and 2019 we have increasing enrollment overall. If you add the total for each year for the Last Day, we have 507 students for 2016, 506 students for 2017, 559 students for 2018, and 514 students for 2019. Our goal of increasing enrollment will need to focus on more dynamic and inclusive stacked classes. In addition, looking into correspondence courses for painting and two-dimensional design is necessary for the future growth of FTE.

3. Using FTE data provided, evaluate how the scheduling of courses within the program has served the needs of a variety of students (e.g. day, evening, single parents, employed full-time). Include the following considerations:
  - a. Number of sections (too many/too few to serve student needs)
  - b. Variety of times (three times a week, twice a week, one day a week and morning/afternoon/evening)
  - c. Length of courses (traditional semester/short term)
  - d. Method of delivery (traditional/technology-mediated/correspondence delivered instruction).

Looking at Appendix A “2020 Fine Arts IPR Data,” FTES has been steady with slight increases except for the last year of the term from 2016 at 74.90 total, 2017 at 77.90 total, 2018 at 79.86 total, and 2019 at 75.83 total. Our total FTES for Arts Program is 265.5, which is larger than Basic Skills-ESL, Business, Vocation Nursing-Allied Health, Welding Technology, Agriculture, Development Studies, Human Services, Automotive, Admin of Justice, Child Development, Work Experience, and Aviation! I know that at least two of those programs have at least two full-time faculty to support their program. Feather River College, which is smaller than Lassen Community College in the Arts Program has two full-time faculty. In comparison, we have one full-time faculty and five adjunct faculty. To grow and sustain the Arts Program we need to hire another full-time faculty.

- Evaluate student access to general education courses within the context of the scheduling of the instructional program courses.

Due to the small size of LCC and the tight scheduling of the Master Schedule, there can be conflicts at times between general education courses and the Fine Arts Program Courses. Offering more on-line and correspondence courses could help this problem.

### Planning Agenda:

Complete Academic Planning table (see below) for any proposed changes in the schedule that might improve enrollment patterns and better meet student needs.

- Stack as many classes as possible.
- Look into providing more online classes.
- Look into creating correspondence classes for painting and two-dimensional design.

## IV. Equipment

### Description/Evaluation:

- List capital outlay equipment, age of equipment and replacement schedule

<b>Equipment Inventoried</b>	<b>Age</b>	<b>Life Expectancy</b>
<b><u>General Graphics Lab</u></b>		
18 Surface Studios (need 2 more)	3 yrs.	10-12 yrs.
(20) Adobe CC Software	Renewed Each Year	1 yr.
(17) Canon EOS Digital Cameras	2 yrs.	10-15 yrs.
Large Scale 3-D Printer	3 yrs.	10-15 yrs.
Filaments for 3D printer	3 yrs.	5 yrs.
(20) Wacom Pen Tablets (In storage)	8 yrs.	10 yrs.
(20) IMACS (In Storage and 3 in classroom)	12 yrs.	10 yrs.
Large format Scanner (11in. x 17in.)	3 yrs.	10 yrs.
(8) Film/slide scanners (In storage)	12 yrs.	5 yrs.
Cannon Digital Projector	12 yrs.	10 yrs.
Logan Mat Cutter	9 yrs.	10 yrs.
Logan Mat Cutter	22 yrs.	10 yrs.
Logan Mat Cutter	27 yrs.	10 yrs.
(30) Computer Station Chairs	3 yrs.	15-20 yrs.
Various Tables (Good Condition)		
<b><u>Graphics / Printing Equipment</u></b>		
HP LaserJet 5550 printer	14 yrs.	5 yrs.
BIZHub Copy Machine	13+ yrs.	Beyond its limit
HP DesignJet Z6100 42" printer	7 yrs.	5 yrs.

Xante Graphics Printer	6 yrs.	5 yrs.
Martin Folding Machine	23+ yrs.	10 yrs.
Emerald Shrink Wrap Machine	18+ yrs.	10 yrs.

### **Printmaking Equipment**

Large Speedball Etching Press	3 yrs.	Indefinite
Etching Press Accessories	3 yrs.	Indefinite
Large Screen Storage Rack	3 yrs.	Indefinite
Large Print Drying Rack	3 yrs.	Indefinite
Large and Medium Screens (40)	3 yrs.	20-25 yrs.
Large Size Screen Print Exposure Unit	3 yrs.	20-25 yrs.
Plate Roller Press (Small)	8 yrs.	Indefinite
Plate Roller Press (Small)	17 yrs.	Indefinite
(20) Silk Screens Wooden	8 yrs.	20-25 yrs.
Screen Printing Press	8 yrs.	Indefinite
Screen Platen	8 yrs.	Indefinite
(2) Flash Dryers	8 yrs.	15-20 yrs.

### **Photography Equipment**

Elinchrom BXRi Flash kit	11 yrs.	Indefinite
Westcott Spiderlite TD6 kit	11 yrs.	Indefinite
Elinchrom Rotalux 53" Soft box	10 yrs.	Indefinite
Olympus E510 DSLR camera	12 yrs.	Indefinite
Epson stylus 2400 printer	14 yrs.	10 yrs.
Epson stylus 3800 printer	12 yrs.	10 yrs.
Epson stylus 3880 printer	9 yrs.	10 yrs.
(5) Backdrop screens	17+ yrs. Beyond their limit	

### **Ceramics/Sculpture Equipment**

Polishing Machine	8 yrs.	10 yrs.
Lapidary Grinders	28 yrs.	10 yrs.
Slab Roller	14 yrs.	10 yrs.
Electric Kiln	11 yrs.	10 yrs.
Gas Kiln	12 yrs.	20 yrs.
10 Electric/Kick Wheels	31 yrs.	20 yrs.
2 Electric Wheels	11 yrs.	10 yrs.
Glass Band Saw	12 yrs.	10 yrs.
Glass Kiln	11 yrs.	10 yrs.
3 Glass Grinders	9 yrs.	10 yrs.

### **Painting/Drawing Equipment**

8 Tables = are still in good condition.		
19 Easels (Wooden)	3 yrs.	20 yrs.
3 Easels (Metal)	Unknown	20 yrs.
15 Stools = are still in good condition.		

10 Saw-horses = are still in good condition.

9 Padded Stools = all have ripped along the edges and need to be replaced.

4 Padded Chairs = are still in good condition.

2. Identify any existing equipment maintenance/service agreements

There is an institute wide service agreement with Inland Business Systems that includes the copy machine.

3. Evaluate the condition of capital outlay equipment in light of the replacement schedule and available funds.

There is no replacement schedule for the above equipment.

4. Evaluate the effectiveness of and need for additional maintenance/service agreements.

It is imperative that the service agreements stated above remain in effect. There should be a schedule that would allow for consistent checks of the kilns and the sculpture equipment. This would optimize safety and function.

5. Justify any proposed modification or additions to equipment available for students and/or faculty/instructional assistants within the program.

There are many things that have not been addressed in the Fine Arts department for quite a while and have been below standard. A few of the most important would be a collapsible model stand and new track lighting with adjustable lights. NONE of the tracking lighting in CA201 work and there are only 2 lights that attach to them, none of which work. Most of the outlets don't work in that room too. New ventilation system would have to be installed in CA201 in order to return to Oil Painting. We currently, only do Acrylic and Watercolors due to the ventilation issue. In CA204, also known as the Graphics Lab there are two large holes in a wall to be filled out. There are a few areas of exposed network wiring left over from a decade or more. The room desperately needs new paint throughout to cover up ugly old brown and black walls which makes the room dark and dreary. There are 18 Surface Studio computers for the computer lab. However, 2 more computers are needed to complete the lab.

- Collapsible model stand for room CA 201 (\$4500) <https://www.stagedrop.com/>
- 2 new Surface Studio computers to finish computer lab (\$9,200)
- New classroom track lighting in CA201 (Unknown cost)
- Replace power outlets in CA201 (Unknown cost)
- Ventilation system to allow Oil Painting to occur in classroom (Unknown cost)
- Patch holes in CA204 (Unknown cost)
- Remove obsolete exposed network wiring (Unknown cost)
- Paint room CA204 (Unknown cost)
- New studio chairs for CA201 (\$6000)
- Digital Video Camera with tripod and lenses: \$10,000
- Professional Audio Recording equipment: \$5,000
- Video Production Dollies (2 different kinds, 1 for track dolly, and 1 for pivot dolly):

- \$5000
- Various camera lenses and filters: \$4,000

### Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Student Services Planning, Facilities Planning, or Technology Planning tables as appropriate for any recommendations requiring institutional action.

Purchase 2 new Surface Studio computers to finish computer lab (\$9,200) and remove outdated unused network wiring, **Technology Planning**. Order new stools, updating power outlets, patch holes, paint room, and new track lighting, **Facilities Planning**.

- Collapsible model stand for room CA 201(\$4500) <https://www.stagedrop.com/>
- 2 new Surface Studio computers to finish computer lab (\$9,200)
- New classroom track lighting in CA201 (Unknown cost)
- Replace power outlets in CA201 (Unknown cost)
- Ventilation system to allow Oil Painting to occur in classroom (Unknown cost)
- Patch holes in CA204 (Unknown cost)
- Remove obsolete exposed network wiring (Unknown cost)
- Paint room CA204 (Unknown cost)
- New studio chairs for CA201 (\$6000)
- Digital Video Camera with tripod and lenses: \$10,000
- Professional Audio Recording equipment: \$5,000
- Video Production Dollies (2 different kinds, 1 for track dolly, and 1 for pivot dolly): \$5000
- Various camera lenses and filters: \$4,000

### V: Outside Compliance Issues (if appropriate for program)

#### Description:

If appropriate, describe the role of outside compliance issues on the Special Program.

N/A

#### Evaluation:

Assess changes in compliance or identification of compliance-related needs and the impact on the Special Program.

N/A

### Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Facilities Planning, Technology Planning and Human Resource Planning Forms as appropriate for any recommendations requiring institutional action.

N/A

## **VI. Prioritized Recommendations**

### **A. Prioritized Recommendations for Implementation by Program Staff**

List all recommendations made in Section One that do not require institutional action (ie. curriculum development) in order of program priority.

Developing curriculum for correspondence classes such as painting and two-dimensional design. We should not even entertain the idea of Ceramic/Sculpture spaces being used for something else outside of the arts like nursing. If that space gets taken away, we would have a huge issue with transferability. That space provides ALL our 3-dimensional instruction, without which, would have a devastating impact on our program, FTE growth and transferability.

### **B. Prioritized Recommendations for Inclusion in the Planning Process**

List all recommendations made in Section One that should be included in Lassen College's planning and budgeting process, specifically in the Educational Master Plan, Student Services Master Plan, or Institutional Effectiveness Master Plan. Separate recommendations into the appropriate plan(s). Items to be included in the Human Resource Master Plan, Institutional Technology Master Plan, or Facilities Master Plan should be addressed in Sections Two, Three or Four in lieu of or in addition to inclusion in the Academic Master Plan. See Attachment C, Master Plan Overview, in the IPR handbook to determine where recommendations are best placed.

The budgeting process would need to address the items that have not been taken care of in the past like maintaining the track lighting and replacing old, broken equipment like the stools in CA201.

The facilities master plan would have to replace the track lighting once purchased and address the ventilation issue for painting in CA201. We are no longer teaching oil paints since we do not have the proper ventilation as mandated by OSHA to provide a safe work environment. The repairs or replacement of power outlets, hole repairs, and new painting would also have to be included in the facilities master plan.

The Institutional Technology Master Plan would have to review the 2 additional Surface Studio Computers and the removal of outdated networking wire left behind in CA204.

### **Prioritized Recommendations for Inclusion in Education Master Plan**

Fine Arts 2020: At this time no information needs to be added to this chart.

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost (implementation & ongoing)	Expected Outcome
	NONE			

**Prioritized Recommendation for Inclusion in Student Services Master Plan**

## Section Two: Human Resource Planning

### I. Program Staffing

#### Description/Evaluation:

1. List the current staffing for the program include: full-time and part-time faculty positions, instructional assistants and classified staff

#### **Full-time Faculty:**

James Kleckner for Fine Art and Graphic Design

#### **Adjunct Faculty:**

Debbie Anderson for Ceramics

Lynn Fuller for Digital Photography

Brandy González for Fine Art and Art History

Bev Mendoza for Fine Art and Art History

Randy Panfilio for Fine Art and Art History

The Fine Arts programs do not have any paid instructional assistants or classified staff within the program. Work experience and work study students (when available) are used to assist with some aspects of the Fine Arts programs.

2. This section provides an opportunity for analysis and justification of projected staffing needs to support the program. Clerical support by the Office of Academic Services and work-study needs may be included.

Current FTES supports evidence for another full-time faculty in order to see the Fine Arts Program vitality and growth. Continued Clerical support from the Office of Academic Services is also vital for the Fine Arts Program.

#### **Planning Agenda:**

List recommendations and necessary actions necessitated by the above evaluation.

Complete Academic Planning and Human Resources Planning Forms as appropriate for any recommendations requiring institutional action.

Current FTES supports evidence for another full-time faculty in order to see the Fine Arts Program vitality and growth. It will be difficult if not impossible to continue with just adjunct faculty. It is difficult to recruit part time instructors with M.F.A.'s in a rural area such as LCC. We must move towards another full-time faculty for the prosperity of the program.

### II. Professional Development

#### Description/Evaluation:

1. If available, reference Flex Contracts for full-time faculty teaching in the program for each of the last two years. [Copies may be available in the Office of Instruction].

Full-time faculty are fulfilling their professional development obligations.

Adjunct faculty are to be commended for their participation in professional development activities.

2. Describe the professional development and professional activities of the program faculty/instructional assistants in addition to flex obligation relevant to program improvement that has occurred during the period under review. (workshops, conferences, staff development, sabbatical leaves, work experience, etc.)

The Fine Art and Graphic Design Full-Time Instructor (James Kleckner) has attended the Southern Graphics Conference in Dallas, Texas in 2018 and the California Art Education Association Conference in 2019. James Kleckner has participated in regular monthly committee meetings, and has completed several on-line courses through [www.lynda.com](http://www.lynda.com) to stay current in the field of Graphic Design and Art. James Kleckner also has stayed current in his field through exhibition practice by showing at Sonoma State University and various galleries. He also took a 10 week 3-D Modeling course in Summer 2020 with Industrial Light and Magic Senior Modeler, Jay Machado. James Kleckner also attended most regular planned Flex Days at LCC. All adjunct faculty are encouraged to attend Flex Days at LCC. All faculty participate in the yearly student show and faculty show at Lassen Arts Council.

### **Planning Agenda:**

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning and Human Resources Planning Forms as appropriate for any recommendations requiring institutional action.

1. Maintain a detailed calendar record of Flex day, off-campus, and professional development activities.
2. Continue to create professional artwork and exhibition record.

### **III. Student Outcomes**

#### **Description/Evaluation:**

Description/ Evaluation:

Describe any results from assessment of learning outcomes that affect human resource planning

FTES suggests an additional full-time faculty is needed to maintain program. Other programs with less FTES have more than one full-time faculty.

**Planning Agenda:**

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning and Human Resources Planning Forms as appropriate for any recommendations requiring institutional action.

Encourage and support the hiring of an additional full-time faculty for the Arts Program.

**IV. Prioritized Recommendation**

**Prioritized Recommendations for Implementation by Program Staff**

List all recommendations made in Section Two that do not require institutional action (ie. curriculum development) in order of program priority.

Encourage and support the hiring of an additional full-time faculty for the Arts Program.

**Prioritized Recommendations for Inclusion in the Planning Process**

List all recommendations made in Section Two that should be included in Lassen College’s planning and budgeting process. See Attachment C, Master Plan Overview, in the IPR handbook to determine where recommendations are best placed.

**Prioritized Recommendations for Inclusion in Human Recourse Master Plan**

Fine Arts 2020

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost (implementation & ongoing)	Expected Outcome
1, 2, 3, 4	Hire an additional full-time faculty member for Art department to share the workload and allow program to grow.	Unknown	Full-time faculty salary.	Alleviate the work overload of the existing full-time instructor and help to build an expanding Art Department. This would also allow for greater participation with required shared Governance, while giving more time for instructors to build stronger relationships between students and faculty.

## Section Three: Facilities Planning

### I. Facilities

#### Description/Evaluation:

1. Describe and evaluate the Lassen Community College facilities available to the program.

LCC has dedicated rooms for drawing/painting, ceramics, printmaking, and digital photography and graphic design computer lab as well as professional 3-D printing capabilities that enhance the curriculum being taught.

CA 101: Ceramics: this room cannot be easily used for any classes other than Ceramics and Sculpture: it contains pottery wheels, tables, pug mill, sinks, wedging table, vent hood, etc. Care must be taken to ensure no foreign materials such as Plaster of Paris gets into the clay, as this will cause problems in firing.

CA 100: Kiln Room: this room is taken up by the ceramic kilns and is shared with equipment such as the compressor used to power airbrushes, blowers in the photo lab, etc. No classes are taught here. Routine maintenance of kilns is vital to the safety of the instructor and classes. The kiln checks should be signed off on in a regular way.

CA 102: Was used for Jewelry/Sculpture/3d Design: It contained tables, a kiln, polisher, grinder, etc. This room has been taken away from the art department and remodeled/converted to a traditional classroom in the Fall 2020.

CA 201: Painting/Drawing: the room where studio art classes are taught, containing 22 easels, 10 saw-horses, 15 stools, 9 padded stools, 4 padded chairs, sink, and 8 tables. Three or four classes of multiple sections are taught here. This studio needs to have an updated ventilation system for oil painting. All the track lights are broken and need to be replaced. Most of the outlets also don't work in this room.

CA 204 and CA 203: 2-D and 3-D Design/Graphic Arts/Printmaking/3-D Modeling and Animation/Digital Photography: In CA 204, the state-of-the-art Surface Studio computers are used for the 2-D and 3-D Design, Graphic Arts, 3-D Modeling and Animation, and Digital Photography programs in which all classes and sections are taught here. The printers are also housed in this same room along the walls, including a large 3-D Printer. Attached to CA204 is a storage/print dark room that has limited entry headspace. This room's interior needs improvements to accommodate darkroom space for screen printing (work order has been put in to fix two holes). There are also numerous extraneous analogue lines, ports, and terminals no longer in use that need to be removed for aesthetic and building code purposes from CA 204. The room also needs to be painted. It is poorly painted in black and "baby poop brown" in the

back of the room. A lot of light and joy could come from updating the painting scheme to a contemporary “light feeling.” In the adjacent room, CA 203, the front half is used as a staging area for Photography with lighting and backdrops set-ups and in the back has printmaking in its permanent place with inking stations, sinks, tables, flat files, drying rack, large etching press and screen-printing press. There is also ventilation that could be used for instructing classes that utilize solvents and inks. This ventilation needs to be updated and have a localized power switch installed so it can be used effectively. CA 203 also needs to be painted.

In addition, there are few to any summer classes offered through the Fine Arts program, as there is no air-conditioning to adequately cool the rooms that would be utilized. If the Creative Arts Building had central air conditioning, summer computer workshops and classes could be held, boosting FTEs. There is also, inadequate space for a “Real” gallery to host student, faculty, community, and traveling artist shows. This has been an item in previous IPRs, yet has received no momentum. If a designated, free flowing, large gallery could be provided, LCC could host gallery openings from regional, national, and international artists, greater student art shows, and bring the community onto campus. The current board room (BS 101) was a suggested venue for this change to happen.

2. Describe and evaluate additional facilities utilized off-campus by the program (attach any relevant rental agreements)

No additional facilities are being utilized off-campus for fine arts. Although the Lassen County Arts Council has an arrangement whereby the college holds its Annual Art Faculty show and Annual Student Art Show at the Arts Council Gallery on 807 Cottage Street in Susanville.

3. Describe any facilities needs identified by assessments of student learning outcomes  
One of the main concerns are the classrooms being too hot during the spring and summer seasons. Having a comfortable work environment is a necessity for students to achieve desired outcomes. In my data Appendix B “IPR Data\_Art\_2016,” only 2 classes were assessed with (23%) of the students thought it was too cold during the winter and too hot during the summer. More students need to be included in this survey so all areas can be addressed and assessed, not just a couple of classrooms. The data should also be more current than 2016.

4. Justify any proposed modifications or additions to existing facilities that would better serve the program planned for the next five years.

A critique space and gallery space are mandatory areas in any Fine Arts program, we lack both of them. Both spaces can be in the same place and can function together very easily.

A designated critique space is a critical area in a Fine Arts program because it allows all art classes to objectively observe their work and give critical feedback that fosters

a further understanding of the elements and principles of art. This space cannot be a hallway because that doesn't allow the viewer to observe the work at a distance which hinders the ability to accurately judge the work being presented. It also does not accurately represent the real world in which art exists, the actual galleries and museums spaces.

A gallery space would not only showcase the student work being produced in all our classes but would also have the ability of bringing visiting artists and workshops to campus. Art does not truly exist unless there is a space for it to be viewed. Showing the importance of the arts means we need to have space that communicates that to our campus and community.

In the past the proposed gallery space in BS 101 which is currently being used as a meeting space mainly for board meetings.

New track lighting and spot lights are needed in CA 201. Currently, none of the track lighting or spot lights are working. This is a necessity to light still-life set-ups for both drawing and painting classes. Most of the outlets don't work in that room also and will need to be replaced or repaired. Repainting CA 204 and CA 203 would NOT be costly and would greatly change the feeling in that room. It is currently all black or "baby poop brown" and is depressing to look at. A contemporary painting scheme of light shades or white or off-white or other light color would brighten the room and change the overall impression once you enter the room.

Address the ventilation issue in CA201. Currently there is no ventilation to support teaching oil paints which is mandated by OSHA to provide a safe work environment. Repair or update ventilation booths in CA 204 and CA 203.

### Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Facilities Planning, and Technology Planning Forms as appropriate for any recommendations requiring institutional action.

1. Follow up on submitted work orders for darkroom patch and painting of room (neither has been done since last IPR in 2016).
2. Continue advocating for LCC Art Gallery proposal (no movement on this matter since last IPR in 2016).
3. Follow up on submitted work order to have vent switch installed in CA 202 (ventilation has to be redone and hasn't happened since last IPR in 2016).
4. Submit work order for extraneous analogue lines to be removed in CA 204.
5. Replace track lighting and spot lights in CA 201 (was brought up to last VP of Academic Instruction and I was told that it would be a priority, but that VP has left position).
6. Install ventilation in CA 201 (no change since last IPR in 2016).

7. Promote the overhaul or replacement of the heating system to Creative Arts Building (Brought up yearly but no change has happened).
8. Promote the installation of an air conditioning system in Creative Arts Building (Brought up yearly but no change has happened).

## II. Prioritized Recommendations

### Prioritized Recommendations for Implementation by Program Staff

List all recommendations made in Section Three that do not require institutional action (ie. curriculum development) in order of program priority.

All recommendations need institutional action.

### Prioritized Recommendations for Inclusion in the Planning Process

List all recommendations made in Section Three that should be included in Lassen College's planning and budgeting process. See Attachment C, Master Plan Overview, in the IPR handbook to determine where recommendations are best placed.

1. CA 204/CA 203: Darkroom patch (CA 204) and painting of rooms (neither has been done since last IPR in 2016).
2. Replace track lighting, fix outlets, and spot lights in CA 201 (was brought up to last VP of Academic Instruction and I was told that it would be a priority, but that VP has left position).
3. Remove extraneous analogue lines in CA 204.
4. Have vent switch installed and ventilation updated in CA 202 (ventilation has to be redone and hasn't happened since last IPR in 2016).
5. Continue advocating for LCC Art Gallery proposal (no movement on this matter since last IPR in 2016).
6. Install ventilation in CA 201 (no change since last IPR in 2016).
7. Promote the overhaul or replacement of the heating system to Creative Arts Building (Brought up yearly but no change has happened).
8. Promote the installation of an air conditioning system in Creative Arts Building (Brought up yearly but no change has happened).

### Prioritized Recommendations for Inclusion in the Facilities Master Plan

Fine Arts Program 2020

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost (implementation & ongoing)	Expected Outcome
2, 3, 4	Darkroom patch 2 holes and paint rooms CA 204/CA 203.	ASAP	Unknown but should be relatively cheap. Also, room is not being used right now (due to Covid-19) and would be a perfect time to complete task.	To be used by students for all classes in digital arts lab. Eliminates safety hazard and removes stains. Will ultimately change complete look of rooms with repainting creating lively rooms versus current dark and depressing rooms.
2, 3, 4	Replace track lighting, fix outlets, and spot lights in room CA 201.	ASAP	Unknown but should be done because room is not being used right now (due to Covid-19) and would be a perfect time to complete task.	Needed for instruction of classes in Drawing and Painting.
2, 3, 4	Remove extraneous analogue lines in CA 204.	ASAP	Unknown but should be relatively cheap since it is just unscrewing and removing material. It should be done now because room is not being used (due to Covid-19) and would be a perfect time to complete task.	Eliminates excess wiring and less confusion as to which wires go where.
3, 4	Have vent switch installed and ventilation updated in CA 202.	ASAP	Unknown but should be done because room is not being used right now (due to Covid-19) and	To exhaust fumes from inks and solvents.

			would be a perfect time to complete task.	
1, 2, 3, 4	Overhaul or replace heating and install air conditioning system in Creative Arts Building.	Unknown	Unknown	Will provide a comfortable and healthy learning environment for students and for housing high dollar equipment (printers and computers). Will also allow for summer courses to be taught, generating more FTE.

## Section Four: Technology Planning

### I. Technology

#### Description/Evaluation:

1. Describe and evaluate technology and technology support provided for instruction and instructional support.

1. The Fine Arts program hosts one of the largest technology/computer labs on campus. There are smartboards and document cameras in the classrooms. Both provide valuable support throughout instruction. There are also an array of printers (on paper) and a large scale 3-D printer (plastic filament) in the computer lab. With Graphic Design and Media Arts growing as a global industry, LCC must embrace technology at its highest level. Maintenance and improvements are critical in order to stay on top of the industry in order to entice students and increase FTE's.

**Evaluation:** The lab was upgraded with 18 Surface Studio computers in the Fall semester 2017. Support staff is needed on a routine (monthly) basis to automatically stop in the lab to install new software and maintain updates, networking of devices, and overall functionality of equipment. Another option would be to provide the full-time Arts Instructor (James Kleckner) with administration password and access to update lab and install software when needed. In CA 204 there are numerous extraneous analogue lines, ports, and terminals no longer in use that need to be removed for aesthetic and building code purposes.

2. Describe any technology and technology support needs identified by assessment of student learning outcomes.

2. It is imperative that LCC maintains technology within the program to support and parallel the District/Institutional Strategic Plan: Vision, Values, Learning Outcomes, Program Learning Outcomes, and Student Learning Outcomes by providing a learning environment that supports technology and student success.

**Evaluation:** Computers, equipment and software programs that are outdated need to be regularly updated and maintained including the digital copy machine that serves the students on a daily basis. It is important that our program instructs students on a global level; technology within the program must be continually updated to maintain standards within the industry and to support LCC's District/Institutional Strategic Plan. If LCC doesn't maintain higher standards than our local high schools then there is no incentive for students to enroll. All the art courses that utilize the computer lab have in their course outlines to use current, industry standard software. This is why it is critical to maintain up to date software.

#### Planning Agenda:

List recommendations and necessary actions necessitated by the above evaluation. Complete Academic Planning, Facilities Planning, Technology Planning and Human Resource Planning Forms as appropriate for any recommendations requiring institutional action.

1. Promote and encourage continual upgrades to computers, software, and equipment within the Art Department/Design/Photography lab or provide full-time Arts Instructor (James Kleckner) with administrative access to complete above tasks.
2. Submit work order for extraneous analogue lines to be removed in CA 204.

## II. Prioritized Recommendations

### Prioritized Recommendations for Implementation by Program Staff

List all recommendations made in Section Four that do not require institutional action (ie. curriculum development) in order of program priority.

1. Promote and encourage continual upgrades to computers, software, and equipment within the Art Department/Design/Photography lab or provide full-time Arts Instructor (James Kleckner) with administrative access to complete above tasks.
2. Submit work order for extraneous analogue lines to be removed in CA 204.

### Prioritized Recommendation for Inclusion in the Planning Process

List all recommendations made in Section Four that should be included in Lassen College’s planning and budgeting process. See Attachment C, Master Plan Overview, in the IPR handbook to determine where recommendations are best placed.

1. Promote and encourage continual upgrades to computers, software, and equipment within the Art Department/Design/Photography lab or provide full-time Arts Instructor (James Kleckner) with administrative access to complete above tasks.
2. Submit work order for extraneous analogue lines to be removed in CA 204.

### Prioritized Recommendations Inclusion in Institutional Technology Master Plan

Fine Arts Program 2020

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost (implementation & ongoing)	Expected Outcome
2, 3, 4	Maintain upgrades to computers, software, and equipment within the Art Department/Graphic Design Lab or provide full-time	Ongoing/Monthly	Unknown or none if I do it.	Maintains a state-of-the-art learning experience for students and reduces technology issues.

	faculty (James Kleckner) with administrative access to complete above tasks.			
3, 4	Remove extraneous analogue lines in CA 204.	ASAP since lab is not being used due to Covid-19.	Unknown but shouldn't be too expensive since it is mostly unscrewing old technology and unplugging wiring.	Eliminates excess wiring and provides more aesthetic beauty.

## Q2 Educational Goal: What is your educational objective at Lassen Community College. (Check all that apply).

Answered: 13 Skipped: 0

ANSWER CHOICES	RESPONSES	
Transfer to a 4-year Institution	92.31%	12
IGETC	0.00%	0
CSU Certification	0.00%	0
UNR Certification	0.00%	0
AA/AS	46.15%	6
Certificate of Achievement	0.00%	0
Certificate of Completion	0.00%	0
Certificate of Accomplishment	0.00%	0
Job Requirement	0.00%	0
Continuing Education	0.00%	0
Personal Development	0.00%	0
Transfer to another community college	0.00%	0
Total Respondents: 13		

### Q3 Why are you taking this course?

Answered: 13 Skipped: 0

ANSWER CHOICES	RESPONSES	
Core requirement for degree or certificate	46.15%	6
Elective for degree or certificate	23.08%	3
General Education course for degree or transfer	23.08%	3
Job requirement	0.00%	0
Continuing Education	15.38%	2
Personal Development	0.00%	0
Other (please specify)	0.00%	0
Total Respondents: 13		

### Q4 Does the course content reasonably compare with the catalog/schedule description?

Answered: 13 Skipped: 0

ANSWER CHOICES	RESPONSES	
Yes	92.31%	12
No	7.69%	1
TOTAL		13

### Q5 Did the catalog clearly explain the order in which the courses in this program should be taken?

Answered: 13 Skipped: 0

ANSWER CHOICES	RESPONSES	
Yes	84.62%	11
No	15.38%	2
TOTAL		13

### Q6 Was any cost for this course/program, beyond registration and books clearly identified in the catalog?

Answered: 13 Skipped: 0

ANSWER CHOICES	RESPONSES	
Yes	76.92%	10
No	23.08%	3
TOTAL		13

## Q7 Did instructors use the required textbooks in the course?

Answered: 13 Skipped: 0

ANSWER CHOICES	RESPONSES	
Yes	84.62%	11
No	15.38%	2
N/A	0.00%	0
<b>TOTAL</b>		<b>13</b>

### Q8 Are the textbooks purchased for this course useful to you?

Answered: 13 Skipped: 0

ANSWER CHOICES	RESPONSES	
Yes	46.15%	6
No	30.77%	4
N/A	23.08%	3
TOTAL		13

## Q9 Did the scheduling for this course meet your needs?

Answered: 13 Skipped: 0

ANSWER CHOICES	RESPONSES	
Current schedule met my needs	100.00%	13
Needed morning offering	0.00%	0
Needed afternoon offering	0.00%	0
Needed evening offering	0.00%	0
Needed one day a week offering	0.00%	0
Needed summer offering	0.00%	0
Needed week-end offering	0.00%	0
Needed short-term (less then semester) offering	0.00%	0
Other (please specify)	0.00%	0
Total Respondents: 13		

### Q10 I was provided with reasonable access to the facilities

Answered: 13 Skipped: 0

ANSWER CHOICES	RESPONSES	
Yes	100.00%	13
No	0.00%	0
TOTAL		13

### Q11 When weather is hot outside, the facilities are:

Answered: 13 Skipped: 0

ANSWER CHOICES	RESPONSES	
Comfortable	76.92%	10
Often too hot	23.08%	3
Often too cold	0.00%	0
N/A	0.00%	0
<b>TOTAL</b>		<b>13</b>

### Q12 When weather is cold outside, the facilities are:

Answered: 13 Skipped: 0

ANSWER CHOICES	RESPONSES	
Comfortable	76.92%	10
Often too hot	0.00%	0
Often too cold	23.08%	3
N/A	0.00%	0
<b>TOTAL</b>		<b>13</b>

### Q13 The lighting of the facilities are

Answered: 13 Skipped: 0

ANSWER CHOICES	RESPONSES	
Too bright	7.69%	1
Adequate	84.62%	11
Too dark	7.69%	1
N/A	0.00%	0
<b>TOTAL</b>		<b>13</b>

### Q14 The chairs/tables/desks are

Answered: 13 Skipped: 0

ANSWER CHOICES	RESPONSES
Adequate	92.31% 12
Inadequate	7.69% 1
N/A	0.00% 0
TOTAL	13

### Q15 Is there enough space for you to do your work in class?

Answered: 13 Skipped: 0

ANSWER CHOICES	RESPONSES
Yes	92.31% 12
No	7.69% 1
N/A	0.00% 0
<b>TOTAL</b>	<b>13</b>

## Q16 Please elaborate on your responses and include any additional facilities-related comments:

Answered: 4 Skipped: 9

### Q17 Did the course/program provide the necessary equipment?

Answered: 13 Skipped: 0

ANSWER CHOICES	RESPONSES	
Yes	84.62%	11
No	0.00%	0
N/A	15.38%	2
TOTAL		13

## Q18 Is enough time on equipment allowed for each student?

Answered: 13 Skipped: 0

ANSWER CHOICES	RESPONSES	
Yes	69.23%	9
No	0.00%	0
N/A	30.77%	4
TOTAL		13

### Q19 Is equipment current?

Answered: 13 Skipped: 0

ANSWER CHOICES	RESPONSES
Yes	53.85% 7
No	7.69% 1
N/A	38.46% 5
TOTAL	13

## Q20 Is equipment generally in good operating condition?

Answered: 13 Skipped: 0

ANSWER CHOICES	RESPONSES
Yes	69.23% 9
No	0.00% 0
N/A	30.77% 4
TOTAL	13

**Q21 Describe how this course/program could be improved to better meet the needs of the student at Lassen Community College.**

Answered: 6 Skipped: 7

## Q22 Provide any additional comments on the course or program:

**Enrollment Management Academy  
Agenda  
Monday, June 22**

<b>Time</b>	<b>Topic</b>	<b>Responsible Party</b>
9:00 - 9:30	Welcome, Introductions, Purpose of Academy, Review of Week's Agenda, Expected Outcomes, and Items Needed for Decision Making	Pam, Carlos, Christina, Alketa, Tim
9:30 - 12:00	What Is Enrollment Management? The Basics - How CCC Apportionment Works Common Definitions Apportionment Methods Practicum	Pam Carlos - Practicum for methods
12:00 - 12:30	Lunch	
12:30 - 2:30	The Student Centered Funding Formula (SCFF) and Covid-19	Tim and Alketa
2:30 - 3:00	Explanation of Tomorrow's Work and What is Needed for Each College including: Scheduling Data; Current College Catalog; Fall 2018 and Spring 2019 Schedule of Classes	Christina

Tuesday, June 23

<b>Time</b>	<b>Topic</b>	<b>Responsible Party</b>
9:00 - 9:15	Questions from Yesterday	Pam
9:15 - 11:15	The Micro - Scheduling Best Practices - What to be Aware of at the Course/Department Level- Particularly in light of the SCFF	Carlos, Alketa, Christina
11:15 - 11:30	Explanation of Individual College Work on Departmental/Divisional Scheduling (The Micro Level); Complete check List and Gap Analysis to Share with Colleagues at Home Colleges	Carlos  Take a break When You Need One
11:30 - 12:00	Lunch	

12:00 - 2:00	Individual College Work on Departmental/Divisional Scheduling - Detective Work	Instructors assist each college
2:00 - 2:15	Review of the Micro - Unpacking Issues Colleges Discovered	Alketa
2:15 - 3:00	G.I.F.E.M. (Great Ideas for Enrollment Management)	Christina
3:00 - 3:15	Pulse Check (How are we doing?); Review of Wednesday	Pam

Wednesday, June 24

Time	Topic	Responsible Party
9:00 -9:15	Review of Yesterday	Christina
9:15 - 11:30	The Macro - How to Develop an Enrollment Management Plan for the College based on Data and how that Drives your Budget	Carlos, Pam, Alketa, and Jon Knolle
11:30 - 12:00	Explanation of Afternoon Work on the Development of an Enrollment Management Plan	Carlos, Pam
12:00 - 1:00	Lunch	
1:00 - 3:00	Individual College Work on a Data-driven Enrollment Management Plan	Instructors assist each college
3:00 - 3:15	Review of the Macro - Sharing Issues Colleges Discovered; "To Do" List	Pam
3:15 - 3:30	Review of Afternoon; Discussion of Thursday's Agenda	Christina

Thursday June 25

Time	Topic	Responsible Party
9:00 -10:30	Budget Practicum - Enrollment Management Systems; and Building a Budget	Pam , Carlos, Tim
10:30 - 11:00	Finalizing the Steps you go Through to Implement the Plan; Final Review of EMA	All
11:00 - 11:30	Program Evaluation	Christina

The agenda is subject to change.

Academic Senate Meeting February 11, 2020, Room HU 204

1. Call to Order at 3:00pm

1.01 Roll Call

Senators Present: Downing, Gardiner, Runyan

1.02 Approval of Agenda

Approval of the agenda, with a request by Senator Gardiner to reorder agenda and to move item 7, Closed Session, to beginning of agenda.

(Gardiner, Downing MSCU)

7. Closed Session

Entered closed session at 3:01pm – Ended closed session at 3:08pm;

Downing/Gardiner/Runyan present.

7.01 Consideration of Faculty Minimum Qualifications and Equivalency

Action: Fire Science Instructor Equivalency

(Downing/Runyan MSCU) – Equivalency approved.

Open Session Resumes – 3:08pm

Senators Present: Downing, Gardiner, Runyan

Guests Present: Sue Kelley

Report Action out of Closed Session:

Fire Science Instructor equivalency approved

1.03 Approval of Minutes

Approval of minutes with minor typographical error identified for correction.

(Downing/Gardiner MSCU)

2. Public Comment

None

3. Action

3.01 Senate Charge

Governance Handbook is under review and it is anticipated the Main Governing Board will have on their agenda March 10, 2020. Senate Members reviewed the Academic Senate Charge.

3:11pm: Senator Baker arrives.

Motion to approve current Senate Charge with no changes.

(Gardiner/Downing MSCU)

4. Discussion

4.01 Program Discontinuance/Revitalization

Senate President Runyan provided a draft of AP 4021 Program Viability and Discontinuance for discussion.

Discussion ensued. Gardiner suggested that data accuracy and timeliness would need to be a required and key element of the plan. It was agreed that the Senators would review and comment on the draft document to President Runyan.

Item set for adding as action item at next meeting.

3:23pm: Carie Camacho, Acting Dean of Instruction, arrived and participated in this discussion, stating this AP is something that is overdue and needs to be addressed. She thanked the senate members for their efforts.

## 5. Information

None

## 6. Reports

### 6.01 Administration

Dean Camacho advised that Dean Haynes continues to work with Lassen High School (LHS) on bringing LHS students to campus for classes. Dean Haynes is also continuing her efforts with the strong workforce grant to establish additional instructional space.

### 6.02 Senators

None

### 6.03 LCFA

None

### 6.04 Guided Pathways

None

## 8. Meeting Closing

8.01 Adjournment – 3:44pm  
(Downing/Baker MSCU)

Respectfully Submitted,  
T. Downing

## Academic Senate Meeting March 10, 2020, Room HU 204

### 1. Call to Order at 3:00pm

#### 1.01 Roll Call

Senators Present: Baker, Downing, Gardiner, Runyan

Guests: Carie Camacho, Chad Lewis, Sue Kelley, Andy Rupley,

#### 1.02 Approval of Agenda

(Baker/Gardiner MSCU)

#### 1.03 Approval of Minutes

February 25, 2020 regular meeting minutes

(Baker/Gardiner MSCU)

March 3, 2020 special meeting minutes

(Baker/Gardiner MSCU)

### 2. Public Comment

None

### 3. Action

#### 3.01 AP 4021 Program Revitalization or Discontinuance Policy

After sending draft version to all LCC staff, Senate President Runyan received four responses. Those responses were from Noelle Eckley, Cindy Howe, Andy Rupley, and Amanda Wattenburg. Comments were considered for inclusion into the draft document. Upon revision of the policy, motion to approve with revisions.

(Downing/Baker MSCU)

#### 3.02 AP 4226-1 Multiple and Overlapping Enrollments

Davis Murphy requested update to form to facility more clarity for the Admissions and Records Office. Form provided and discussed.

(Gardiner/Baker MSCU)

#### 3.03 IPR Mentor Assignment

With changes in Academic Senate members, item was brought to discuss changing mentors for IPR's. Discussed waiting until next academic year and after new election of senators.

Senator Gardiner suggested the senate look at revising the IPR handbook to include a mentor checklist for feedback.

Motion to table – (Downing/Baker MSCU)

### 4. Discussion

#### 4.01 Curriculum Handbook

Discussed newly updated handbook by the Curriculum Committee. It was agreed that the handbook should be also approved by the senate. Handbook approval will be added to action agenda for the next meeting.

#### 4.02 Business IPR

First review of Business IPR for 2016-2019. Andy Rupley discussed the IPR and it's findings, requesting all senators to review and provide feedback prior to approval. Rupley shared his concerns with the lack of

disaggregated data he needed to make some clearer findings specifically related to the prison program. Item will be on for action at next senate meeting.

#### 4.03 AP 4100

Senate President Runyan shared that the catalog rights section of this AP were accidentally removed at some point, and needed to be included. Agreed to bring AP back at next meeting for action.

#### 5. Information

None

#### 6. Reports

##### 6.01 Administration

None

##### 6.02 Senators

None

##### 6.03 LCFA

Andy Rupley advised that LCFA and the District have agreed to 9 tentative agreements (TA's) related to the contract. They are still pending the signatory process, but we should see them completed hopefully soon. LCFA and the District meet again this Friday, 3/13/2020.

##### 6.04 Guided Pathways

Meta-Majors is a continuing discussion, and being worked on. It is currently in Curriculum Committee for discussion.

#### 7. Closed Session : Started at 4:00pm: Ended at 4:18

Baker, Downing, Gardiner, Runyan present.

##### 7.01 Consideration of Faculty Minimum Qualifications and Equivalency

Biology Equivalency

Report out of closed session - No action to report

##### 8.01 Adjournment – 4:19pm

(Gardiner/Baker MSCU)

Respectfully Submitted,

T. Downing

## **Consultation Council 3:00 pm via Zoom (Monday, April 13, 2020)**

*Generated by Tara Bias on Monday, April 13, 2020*

### 1. Meeting Opening

action: 1.01 Call to Order and Roll Call at 3:08 pm Zoom meeting

Tara Bias, Roxanna Haynes, Robert Schofield, Meggin Lewman, Terry Bartley, 530-251-8820, Adam Runyan, Alison Somerville, Anna Pasqua, Andy Rupley, Brady reed, Carol Montgomery, Chad Lewis, David Corley, Andy Rupley, Codi Mortell, Dana Armeson, Jennifer Tupper, Karen Clancy, Kimberly Clain, Bridget Gowin, Lisa Gardiner, Matt Lucas, Shar Murphy, Tiffany Montgomery, Tom Downing, Vickie Ramsey, Yuting Lin, Trevor Albertson, Garrett Taylor

We had quorum.

action: 1.02 Approval of Agenda-approved by consensus

minutes, action: 1.03 Approval of Minutes 03/09/2020- approved by consensus

### 2. Governance

information, discussion, action, governance: 2.01 Participatory Handbook and Matrix- Classified has not had the opportunity to look over this. Some of our members do not have access to internet. How will they be able to look this to approve changes? We can mail it to them.

### 3. Consultation

4. Guided Pathways-we have meetings on Tuesdays at 9:00 am now.

### 5. Other-Information/Communication

information: 5.01 M&N Buildings Update- That work has been paused for a moment. We are having discussions on restarting that conversations. Strong Workforce money will be the funding to rehab these two buildings. Updates will continue to come out to this group. A comment was made that we are not sure what Fall Semester will look like. We are reviewing all recommendations from Chancellor, State, etc. So we might even be able to resume but with social distancing in the classroom if we are directed to do it to keep us going. It seems like we would only be able to get 15 people per class. For enrollment funding, that is not cost effective. Is there going to be a change in the funding formula since we cannot get 35+ students to class?

Are we looking at the possibility of combining classes such as a face to face and online (like a hybrid)? Carie and Roxanna saw another college going to that modality for the future. Robert made the point that he is already doing that via Zoom and recording his classes so other students could watch the class later if needed. If Fall is going to look like this still, we could prepare for it in the next month or so. Is there a more clear picture of how the stimulus money might be dispersed to colleges? Trevor made a call today to clarify. We are getting around \$300,000. Half of that needs to go to students. \$150,000 is a good amount of money to get students laptops and internet access. We have 100 chromebooks and 75 hotspots coming from CalBright ( the new online college) to borrow until the end of the summer. They were shipped last Friday. We are hoping to get them by the end of this week. As soon as we get them and they are tagged, we are going to reach out to students. We are trying to figure out a way to ask students if they need a chromebook. If we know any students who are in need, then please let Brady know. We are not extending the semester as far as Brady knows. Faculty has been encouraged to work with students and to be accommodating. Where will Admission and Records storage go if we rehab M&N? That has not been decided yet.

information: 5.02 Business IPR \_Adam- It was approved through senate. We hope people looked over it to see the areas that might affect their area, like SSMP, etc. Does anyone have any questions about it? When we bring an IPR through, we need to make sure committees are looking at the part of the IPR that effects their area, such as budgets. An example, in the SSMP, the area that has money budgeted to it for this IPR, is hiring more ISS. We have to make sure we are looking over these. There is no guarantee that these will be fully funded, but we can't put together a comprehensive EMP and budget without getting these IPR's and NIPR's complete. Approved by consensus

information: 5.03 AP4100 Graduation Requirements – Adam- This got approved last year without having catalogs right in it. So if you look at page 5 you can see the changes added. Any questions? It is important to be in here. Approved by consensus.

information: 5.04 AP 4021 Program Revitalization or Discontinuance – Adam- Program Revitalization and Discontinuance policy. This implements a process. It is a more measured approach. Approved by consensus.

## 6. Meeting Closing

information: 6.01 Future Meetings: (Information)April 27, May 11, and May 25, 2020-Are we going to be able to have any budget discussions before the end of the year? Yes, Garrett feels it is really warranted. He just needs time to narrow things down more. We have a lot of grey area still. We are asking the tough questions to the chancellor's office. As soon as he can, he will

deliver an update on the budget. Originally we decided to run with P1 numbers. If we count in a 10% deficit plus with our enrollment down, we are looking at maybe closer 2 million or so as a deficit factor. Sacramento is saying the deficit might be closer to 20-25%. They are saying “hold harmless” but then in the same sentence they are talking about increasing the deficit. Trevor is having these conversations with the state, saying we cannot handle the same percentage cut across the board. Did this Zoom meeting work the way it was sent out? Yes. Roxanna will send it out again for the next meeting.

action: 6.02 Future Agenda Items

action: 6.03 Adjourn at 3:59 pm.

## ***Lassen Community College District Procedure***

**CCLC No. 4021**

### **Academic Affairs**

#### **AP 4021 Program Revitalization or Discontinuance**

##### References:

Education Code Section 78016;  
 Title 5 Sections 51022 and 55130  
 ACCJC Accreditation Standard II.A.15

Lassen Community College is committed to supporting programs and classes that fulfill the goals of the Mission Statement as these are elaborated in the Educational Master Plan. Following Title 5, section 55000, "program" is herein defined as an organized sequence of courses leading to a defined objective, e.g., a degree, a certificate, a diploma, a license or transfer to another institution of higher education. Only programs with low or declining enrollment, decreasing demand for service or clear obsolescence shall be considered for discontinuance. The service provided to the college and the community by the program will be the primary consideration for a program's discontinuance. Budget concerns shall not be the primary consideration.

- A. A program may be considered for discontinuance only if one or more of the following criteria are fulfilled:
  1. The goals and objectives of the program are no longer appropriate to the Mission of California Community Colleges, LCC's mission or Educational Master Plan, and/or congruent with the institutional Strategic Plan of the District.
  2. The program curriculum no longer aligns with university transfer majors or, General Education requirements of the program no longer meet industry needs and lack demand in the current job market and the program's field is not considered an emerging industry or career path.
  3. The program does not meet curriculum standards as defined by Title 5 section 55100.
  4. There are insufficient resources to realistically support the program at a sufficient level of quality and the program has experienced either consistent low enrollment, per the Lassen College Faculty Association (LCFA) contract, or statistically significant declining program persistence and completion rates over the course of three or four offerings, as evidenced by reliable, longitudinal

data.

5. The program has been determined to be out of compliance with existing state or federal laws, i.e., Title 5, section 55130(d), or licensing laws in particular occupations.
6. There is universal agreement among faculty in a program that it be merged with or replaced by another related program.

When a specific program fulfills one or more of these criteria, the faculty in the program, college administration, or college Curriculum Committee will contact the Department Chair directly supervising the program and convene a Program Revitalization/Discontinuance Work Group, a work group of the Academic Senate.

- B. A Program Revitalization/Discontinuance Work Group will consist of the following voting members as well as one non-voting member:
  1. At least one faculty member that teaches in the program, or if they are not available, if necessary, the faculty from a closely related field, as selected by a faculty member who teaches in the program.
  2. The Department Chair overseeing the program.
  3. The Dean of Instruction supervising the program.
  4. A representative from the office of Institutional Effectiveness.
  5. The Articulation Officer or designee from Counseling who does not teach in the program.
  6. A representative of the Academic Senate who does not teach in the program.
  7. The chair of the Curriculum Committee or designee who does not teach in the program.
  8. The Vice President of Academic Services, or designee, shall chair the Work Group as a non-voting member but may vote in the case of a tie.

The Work Group will inform the college community that the program is being considered for revitalization or discontinuance after several factors are considered using a holistic approach.

In the spirit of good intentions and future enrollment management and planning, the Work Group will consider several factors in making its determination. Possible areas of inquiry include:

- Needs of the community;
- Needs of the department as the particular class fits in as part of a program;
- Workforce development;
- Currency and accuracy of Program Review;
- Quantitative and Qualitative data;
- Core indicators from Chancellor's Office;
- Local labor market information through EDD (Employment Development Department) and or employer Program Advisory Committees and surveys; North-Far-North Consortium, Centers of Excellence;
- Reputation and skills of program and/or staff;
- FTES generated by program;
- Other funding sources, such as grants or contributions from business and industry;
- Percentage of faculty who have updated skills (staff development, industry externships, conferences, courses, etc.) documented within past three years;
- Special leadership, integration or cross discipline projects in which the program is involved;
- Possibility of merging or replacing program with a related program;
- Feedback from the Advisory Board from the affected CTE program.

A public comment session will be called, followed by a closed Work Group meeting in order to decide on one of three directives (see below).

- c. The Program Revitalization/Discontinuance Task Force will give one of the following directives to the college Curriculum Committee in writing:
  1. Directive A – Program Continuance: The program is accepted in its current state.
  2. Directive B – Revitalization Effort: The Task Force will assist program faculty and other

involved parties in developing a process/plan and associated time table to revitalize the program. Resources will be allocated as necessary; in order to improve program enrollment, retention, completion and other measures of program success. Some areas to be considered are: in-depth revision of the program courses, upgrading of facilities, and offering of workshops to provide re-training, changes in methodology, approaches to teaching, etc. Other considerations will involve Student Support Services, which promotes student success and retention.

The Task Force will specify the desired levels of improved performance as directed and overseen by the task force chair or designee. If there has not been a sufficient increase in key performance indicators a full academic year within the 12 months following the implementation of the process, the Administration will reconvene the Task Force and choose one of the following:

3. Directive C – Program Discontinuance: The program is discontinued in a manner that respects the needs of students and fulfills contractual obligations to faculty and staff. The discontinuance procedure will allow currently enrolled students to complete their program(s) of study in accordance with the rights of students as stipulated in the college catalog. The area Dean in collaboration with the Division Chair shall inform current students of the discontinuance of the program and refer all students to counselors. When Directive C is issued, the Work Group will complete the Program Discontinuation Form and forward it to the Curriculum Committee.  
The Work Group shall make their notes available and channel its recommendations or findings to Academic Senate.

1. Meeting Opening

1.01 Call to Order and Roll Call at 3:03 pm

1.02 Approval of Agenda –**approved by consensus**

1.03 Approval of Minutes 01/25/2020 - **approved by consensus with the deletion of to the chancellor’s office.**

2. Governance

3. Consultation

3.01 Program Vitality & Discontinuance -- five programs seeking comment -- CIO – Carie Camacho. How do we grandfather our students out that might be in these programs? We review students who have elected that major and offer them the classes they still need to graduate. Once those students graduate the program will dissolve. We did not have this policy in place, but we do now. For the size of our campus, our offerings are too big. We have too many class with only three students in them. Some programs have been revitalized. We haven’t had an Art History graduate in years, so degrees like that need to dissolve. We will still offer some classes like graphic design and geology, they just go towards a different degree. The programs being discontinued or revitalized are will be Geology for Transfer, Anthropology for Transfer, Early

Childhood Education for Transfer (being revitalized not discontinued), Art History for Transfer and Arts in Digital Graphics. This is part of accreditation.

#### 4. Guided Pathway

4.01 Guided Pathways Update-Brady Reed – We have submitted our SOA to the Board of Trustees for tomorrow's meeting. Once it is approved then it will be submitted into NOVA. Trevor and Adam will need to sign it before it is submitted. We have received a grant for \$5,000. That money can be used to pay students for their efforts with campus for student engagement. It must be used by June 30, 2021.

#### 5. Accreditation

5.01 Accreditation Update – Lisa Gardiner- We are reaching out to the different groups.

5.02 Senate-Adam – It is going to be a standing item for senate. We have four items to approve in senate and they are working on standard 3.

5.03 Institutional Effectiveness-David – We will be bringing the updated Institutional Set Standards next meeting after they have gone through senate. They will need our approval. Compliance requirement 2 is being worked on by faculty. We are working on mapping and SLOs. We have already received some and we really appreciate that. Faculty needs to look at the cycle and implement it so we have a circular process with that. Please make sure you turn in your curriculum form with your SLOs and PLSOs. If you have a question, please reach out to Chad Lewis.

5.04 Academic Planning-Carie Camacho- She has a draft that will be completed with all the evidence to Toni Sommer next week.

#### 6. Other-Information/Communication

6.01 Budget update-Garrett Taylor – The today balance for fund 11 is \$16.931 million, fund 12 is 7.1 budgeted. We are taking the TRAN because they are holding back some money. We are probably good enough without the TRAN but we want to be safe. All this information is in the Board reports.

6.02 Good of the Order: Questions for Trevor- Trevor Albertson – We are slowly bringing our systems back on line from the cyber-attacks. There is zero indication that we have had any data breached. If any students need the 1098-T Susie has them and she can get them to our students. Have student email [studentaccounts@lassencollege.edu](mailto:studentaccounts@lassencollege.edu). We are learning through this breach that we need to make sure our students are able to be contacted and get that information. This is something we need to figure out the logistics and process to do this. The 403 error- go to the address bar and hit enter after the hyperlink it will take you to canvas. The CANVAS app for the phone are working. They can also communicate through their app with faculty. We have been through so much and we keep preserving. Thank you!

#### 7. Meeting Closing

7.01 Future Meetings February 22

7.02 Adjourn at 3:44pm

**Tuesday, October 19, 2021 Minutes**  
**Curriculum and Academic Standards Committee 3:00 pm in-person –**  
**HUM 107 & via Zoom**

**Present:**

Mr. Cory McClellan  
Ms. Natalia McClellan  
Mr. Chad Lewis-Chair  
Ms. Crystal Tobola  
Mr. Thomas Robb  
Ms. Alison Somerville, Articulation Officer, Vice-Chair  
Ms. Cathy Harrison  
Makenzie Freedman-Instructional Services Technician

**Absent:**

Ms. Carie Camacho  
Mr. Kory Konkol  
Ms. Christi Meyers  
Ms. Fran Oberg  
Ms. Julie Williams -CSEA Alternate

**Guests:**

Tom Downing  
Colleen Baker  
Carol Growdon  
Michell Williams  
Shar Murphey  
Melinda Duerksen  
Andy Rupley

**1. Meeting Openings**

- 1.01 Call to order – 3:02 p.m.
- 1.02 Agenda Approval – **Somerville/ Cory McClellan MSCU**
- 1.03 Minutes Approve Oct. 5, 2021 — **Mesloh/ Tobola MSCU**

**2. Subcommittee Action**

- 2.01** Approved BUS 2: Introduction to Business - IPR Review - No Changes needed at this time
- 2.02** Approved BUS 10: Managing Diversity and Human Resources - IPR Review - No changes needed at this time
- 2.03** Approved BUS 22: Business Law - IPR Review - No changes needed at this time
- 2.04** Approved BUS 25: Small Business Management - IPR Review - No changes needed at this time
- 2.05** Approved WT-25 SolidWorks Fundamentals - IPR Review - No changes needed at this time
- 2.06** Approved Welding A.S. degree, 2-year certificate of Achievement, 1-year Certificate of Achievement, and Certificate of Accomplishment - IPR Review - No changes are needed at this time

*Andy Rupley commented the business books are still good, and two will need updating next year.*

**3. Action Items**

- 3.01** Approved AJ52BR -Firearms Training-Refresher - Added a half hour to class. Add language that it is "Degree Applicable"  
Effective: Fall 2022

– **Harrison/ Mesloh MSCU**

*Ms. Cathy Harrison noted 8 hours used to be sufficient for half unit courses, but now need to be 8.5, and some still needed changing. She also discussed since the course is within the 1-99 numbering, it needed changed language regarding degree applicable.*

**3.02 Approved BUS- Approved Certificate of Achievement Administrative Office Technician - Discontinue – Effective: Fall 2022**

**Natalia McClellan/ Robb MSCU**

*Andy Rupley said in the IPR, this was discussed to be reworked. This was a deactivation to rework. Rupley asked if faculty, or administration could initiate a deactivation. Mr. Lewis noted the revitalization and discontinue process could be started with administration. Ms. Harrison noted she heard from Lisa Gardiner that they wanted deactivations to happen through the IPR process and originated by faculty, but if a department is not keeping up and there's a course with little enrollment, it would go through the discontinuation/ revitalization process and could be initiated by administration.*

**3.03 Approved BUS 27 Business Communications - Update to only offer course in Spring Effective: Fall 2022**

**Mesloh/ Cory McClellan MSCU**

**3.04 Approved CS-1 Computer Literacy - update to only offer course in Spring Effective: Fall 2022**

**Harrison/ Natalia McClellan MSCU**

**3.05 Approved CIS-Computer Information Systems-Proposed new program - 2nd Read Effective: Fall 2022**

**Board and Chancellors Office Pending**

**Somerville/ Tobola MSCU**

*Melinda Duerksen noted she has the agreement with CISCO ready to go, and she already has the training and is ready to teach. Ms. Mesloh questioned why there are 200 suggested targeted students. Duerksen noted that was the projected amount for a year since this would be a program offered online, and would reach students from other areas. She noted the program might be intended to be regional. Ms. Harrison reminded everyone new CTE programs need LMI, advisory minutes and regional approval.*

**3.06 Approved ENGL 1: College Composition - Change from 6,000 required words of analysis to 5,000 words of analysis**

Effective: Fall 2022

**Tobola/ Somerville MSCU**

**3.07 Approved ENGL 9: Critical Thinking and Composition - Change from 6,000 required words of analysis to 5,000 words of analysis**

**Tobola/ Somerville MSCU**

**3.08 Approved GD - Certificate of Accomplishment in Graphic Design Fast Track - inactivate**

Effective: Fall 2022

**Somerville/ Tobola MSCU**

*Mr. Lewis noted this item was back before the board since they were unsure if it was done correctly. 3.08 through 3.10 were approved together.*

**3.09 Approved GD- AS in Graphic Design - Inactivation**

Effective: Fall 2022

**Somerville/ Tobola MSCU****3.10 Approved GD - Certificate of Achievement in Graphic Design - Inactivation**

Effective: Fall 2022

**Somerville/ Tobola MSCU****3.11 Approved HIST 14 World History to 1500 - Changes to course content, assignments, methods of evaluation**

Effective: Fall 2022

**Somerville/ Cory McClellan MSCU**

*Items 3.11 through 3.15 were updated to better align with current C-ID descriptors. Ms. Harrison noted, as ADT information is shared with Chancellor's Office, everything has to match. Ms. Somerville noted there had been little changes to the C-ID outlines and reviews, which these updates are meant to match.*

**3.12 Approved HIST 15 World History since 1500 - changes to course objectives, course content, assignments, methods of evaluation**

Effective: Fall 2022

**Somerville/ Cory McClellan MSCU****3.13 Approved HIST 16 U.S. History - Changes to course objectives, course content, assignments**

Effective: Fall 2022

**Somerville/ Cory McClellan MSCU****3.14 Approved HIST 17 Post Civil War U.S. History - Changes to course objectives, course content, assignments, methods of evaluation**

Effective: Fall 2022

**Somerville/ Cory McClellan MSCU****3.15 Approved PLSC 1 American Government – Changes to Course Content and Assignments**

Effective: Fall 2022

**Somerville/ Cory McClellan MSCU****4. Discussion Items**

**4.01 AP 4021** – *Mr. Lewis noted there were some areas that needed updates, including changing the wording from “Task Force” to “Working Group.” Additional changes included a removed sentence in first paragraph. Somerville asked if there should be clearer language to include the initiation process for a discontinuation, whether it goes to curriculum or the discontinuation committee. Lewis said it depends who is initiating. He said he would talk with the academic senate president for further clarification. Somerville asked about the highlighted Program Discontinuation Form placeholder, and Lewis said the Academic Senate was looking at it next week, and he would bring it back with that form for review.*

**4.02 Curriculum Charge** – *Somerville asked about “Associate Dean of Student Services” listed in the structure, saying the intent was just to include the person who was over financial aid. They discussed replacing with “Associate Dean of Student Services/ Financial Aid Representative.”*

**4.03 Curriculum Handbook** – *Over the past year, Lewis noted he and Somerville kept track of changes. He requested the committee take a look at the document and see if there are any needed changes. Tobola noticed the handbook had the former Distance Education Charge. Lewis said they would bring back the handbook at the next meeting. If anyone finds areas needing changes, they should reach out to Lewis/ Somerville. Somerville requested faculty who have more experience to be an extra set of eyes to ensure it is helpful to those new to writing curriculum.*

**4.04 Curriculum forms** – *Mr. Lewis discussed the proposed templates and forms for course and program revisions. He noted the addition of out-of-class hours on the COR templates. Robb shared of some changes coming for distance education, 55206 and 55204, and mentioned there could be an addendum for distance education courses supplying any additional information needed. On the proposed existing program/ certification and course forms, they list spots for instructors to list the exact changes listed, and extra spots for full time faculty to ensure all FT instructors in the department are made aware of all changes. Discussion was held on how best to inform adjunct faculty of any changes, i.e. textbooks.*

**4.05 Distance Education Charge** – *Mr. Robb shared the Distance Education Charge was reviewed by the committee some language was removed, especially from the academic standards. Language removed was in regard to determining the appropriateness of offering a specific course via distance education, and with assisting faculty in understanding requirements for instruction. In the review of distance education course sections, the committee removed language where it related to reviewing distance education courses prior to and during the first offering, and recommending continuation or discontinuation of a course section, in addition to the removal of language they didn't feel was appropriate for this committee. Language was added to continually review distance education courses and provide feedback to individual faculty to assist with alignment of the DE course to the Academic Senate suggested CVC-OEI Rubric. Mr. Lewis said this could be sent to the Academic Senate.*

## **5. Information Items**

**5.01 Distance Education Committee Update** – *Ms. Tobola shared the committee discussed some verbiage that's coming up, and teaching college exchanges – adding once they get the handbook and more courses online, they could join the exchange to get students from other areas. Currently, they are working on cleaning up the handbook.*

### **5.02 Instructional Program Reviews Due**

Administration of Justice-Sept 2021

Agriculture-Sept 2021

Automotive Technology-Sept 2021

Business-Sept 2021

Child Development-Sept 2021

DSPS-Sept 2020

Gunsmithing-Sept-2017, 2019, 2021

Math/Natural Science-Sept 2021

Physical Education/Athletics-Sept 2021

Welding-2019, 2021

*Mr. Lewis noted welding IPR should be approved by Academic Senate soon.*

### **5.03 Future Meeting dates**

Nov. 2, 2021

## **6. Future Agenda Items**

**7. Adjournment – Somerville/ Tobola MSCU at 4:14 p.m.**

Tuesday, October 5, 2021

Curriculum and Academic Standards Committee 3:00 pm in-person - HUM 107 & via Zoom

**Present:**

Ms. Carie Camacho

Mr. Cory McClellan

Ms. Natalia McClellan

Ms. Christi Meyers

Mr. Chad Lewis-Chair

Ms. Crystal Tobola

Mr. Thomas Robb

Ms. Alison Somerville, Articulation Officer, Vice-Chair

Ms. Fran Oberg

Ms. K.C. Mesloh

Ms. Cathy Harrison

Makenzie Freedman-Instructional Services Technician

**Absent:**

Mr. Kory Konkol

Ms. Julie Williams -CSEA Alternate

**Guests:**

Tom Downing

Carol Growdon

Michell Williams

Davis Murphy

Melinda Duerksen

**Meeting Openings**

1.01 Call to order – 3:03 pm

1.02 Approved - Agenda Approval – Oberg/McClellan MSCU

1.03 Approved - Minutes Approve Sept 21, 2021 – Oberg/Mesloh MSCU

**2. Subcommittee Action**

**2.01** Approved AJ 14 Juvenile Procedures - Change textbook to Cox, Allen, Hanser, and Conrad, Juvenile Justice: A Guide to Theory, Policy and Practice 10th Edition, 2021, Sage Publishing, ISBN: 9781544395456 Effective: Fall 2022

**2.02** Approved AJ 58 - Perishable Skills for Peace Officers - IPR Review - No recommended changes at this time.

**2.03** Approved DS 110 Computer Access I - IPR Review-No changes needed at this time

**2.04** Approved DS 111 Computer Access II - IPR Review-No changes needed at this time

**2.05** Approved DS 112 Computer Access Projects - IPR Review-No changes needed at this time

**2.06** Approved DS 113 Developmental Skills - Personal Assessment - IPR Review-No changes needed at this time

**2.07** Approved DS 114 Developmental Skills - Reading - IPR Review-No changes needed at this time

**2.08** Approved DS 115 Developmental Skills - Writing Skills - IPR Review-No changes needed at this time

**2.09** Approved DS 116 Developmental Skills - Math - IPR Review-No changes needed at this time

**2.10** Approved DS 120 Adaptive Fitness - IPR Review-No changes needed at this time

**2.11** Approved DS 122 Adaptive Individual Sports - Weight Lifting - IPR Review-no change

**2.12** Approved DS 153 Community Awareness I - IPR Review-No change

**2.13** Approved DS 155 Adapted Aquatics for the Physically Limited - IPR Review-No change

**2.14** Approved DS 158 Developmental Studies - Adaptive Arts & Crafts - IPR Review-No change

- 2.15** Approved WT 20 Power Plant & Field Pipe Welding I - Updated textbook information Jeffus, Larry;"Welding Principles & Applications", 2017, 8th Edition, Delmar Cengage Learning, ISBN: 978-1-305-494695-5  
Effective: Fall 2022
- 2.16** Approved WT 21 Power Plant & Field Pipe Welding II - Updated textbook information Jeffus, Larry;"Welding Principles & Applications", 2017, 8th Edition, Delmar Cengage Learning, ISBN: 978-1-305-494695-5  
Effective: Fall 2022
- 2.17** Approved WT 22 Power Plant & Field Pipe Welding III - Updated textbook information Jeffus, Larry;"Welding Principles & Applications", 2017, 8th Edition, Delmar Cengage Learning, ISBN: 978-1-305-494695-5  
Effective: Fall 2022
- 2.18** Approved WT 23 Power Plant & Field Pipe Welding IV - Updated textbook information Jeffus, Larry;"Welding Principles & Applications", 2017, 8th Edition, Delmar Cengage Learning, ISBN: 978-1-305-494695-5  
Effective: Fall 2022
- 2.19** Approved WT-31 GTAW for Gunsmiths - Updated textbook to newer edition Jeffus, Larry;"Welding Principles & Applications", 2017, 8th Edition, Delmar Cengage Learning, ISBN: 978-1-305-494695-5  
Effective: Fall 2022
- 2.20** Approved WT-32 Advanced GTAW for Gunsmiths - Updated textbook to newer edition Jeffus, Larry;"Welding Principles & Applications", 2017, 8th Edition, Delmar Cengage Learning, ISBN: 978-1-305-494695-5  
Effective: Fall 2022
- 2.21** Approved WT-38 Welding Theory and Practice-Gas Metal Arc Welding - Updated textbook to newer edition Jeffus, Larry;"Welding Principles & Applications", 2017, 8th Edition, Delmar Cengage Learning, ISBN: 978-1-305-494695-5  
Effective: Fall 2022
- 2.22** Approved WT-39 Welding Theory and Practice-Gas Tungsten Arc Welding - Updated textbook to newer edition Jeffus, Larry;"Welding Principles & Applications", 2017, 8th Edition, Delmar Cengage Learning, ISBN: 978-1-305-494695-5  
Effective: Fall 2022
- 2.23** Approved WT-42 Intermediate Shield Arc Welding - Updated textbook to newer edition Jeffus, Larry;"Welding Principles & Applications", 2017, 8th Edition, Delmar Cengage Learning, ISBN: 978-1-305-494695-5  
Effective: Fall 2022
- 2.24** Approved WT-43 Advanced Shield Metal Arc Welding - Updated textbook to newer edition Jeffus, Larry;"Welding Principles & Applications", 2017, 8th Edition, Delmar Cengage Learning, ISBN: 978-1-305-494695-5  
Effective: Fall 2022
- 2.25** Approved WT-44 Gas Metal Arc Welding - Updated textbook to newer edition Jeffus, Larry;"Welding Principles & Applications", 2017, 8th Edition, Delmar Cengage Learning, ISBN: 978-1-305-494695-5  
Effective: Fall 2022
- 2.26** Approved WT-45 Gas Tungsten Arc Welding - Updated textbook to newer edition Jeffus, Larry;"Welding Principles & Applications", 2017, 8th Edition, Delmar Cengage Learning, ISBN: 978-1-305-494695-5  
Effective: Fall 2022
- 2.27** Approved WT courses IPR Review - No changes - IT-22 Operations Maintenance and Safety, IT-72 Facilities Maintenance Welding Safety, WT-50 Welding for Artists (Design and Fabrication), and WT-51 Blue Print and Symbol Reading for Welders, WT 52 Robotic Operations and Programing, WT 53 Robotic Welding Operation and Programing (Advanced)

### 3. Action Items

- 3.01** Approved Art History AA for Transfer - Inactivate program for now until enrollment increases. Somerville/Oberg MSCU  
Effective: Fall 2022
- 3.02** Approved with changes: AJ 16 Supervision in Law Enforcement - Add Hybrid modality and update textbook to Iannone, Nathan F., Supervision of Police Personnel, 9th Edition, Pearson Publishing, 2020, ISBN: 9780132973823 9780137408825  
Robb/Oberg MSCU  
Effective: Fall 2022
- 3.03** Approve with changes to outline: AJ 52A PC 832 Arrest Methods and Procedures - Update course name, description, objectives, and course content. Textbook is College supplied binder including the latest POST editions of: P.C. 832 Student workbook volume one: Leadership, Diversity, Policing in the Community & Justice System. P.C. 832 Student workbook volume two: Law and Evidence P.C. 832 Student workbook volume three: Investigations P.C. 832 Student workbook volume four: Use of Force/De-escalation Skills Oberg/McClellan MSCU  
Effective: Fall 2022
- 3.04** Approved with correcting typos: AJ 52B PC832 Firearms - Update course name, units, lecture/lab delivery, description, objectives, and course content. Textbook information is: College supplied binder including the latest POST edition of: PC 832 Student Workbook Volume Five: Firearms Oberg/Meyers MSCU  
Effective: Fall 2022
- 3.05** Approved AJ 52BR - PC832 Firearms Training-Refresher - Update course description, objectives, and course content.  
Effective: Fall 2022 Oberg/Tobola MSCU
- 3.06** Approved DS 121 Adaptive Individual Sports - Bowling - Discontinue class due to no access to bowling facility  
Robb/Somerville MSCU  
Effective: Fall 2022

**3.07** Approved Music Program - MUS 6, 7, 12 - SLO Mapping Harrison/McClellan, N. MSCU

**3.08** Approved WT-36 Welding Theory and Practice-Oxyacetylene - Updated textbook to newer edition. Jeffus, Larry;"Welding Principles & Applications", 2017, 8th Edition, Delmar Cengage Learning, ISBN: 978-1-305-494695-5. Course Objectives and SLO format changes. Oberg/Robb MSCU  
Effective: Fall 2022

**3.09** Approved WT-37 Welding Theory and Practice-Shielded Metal Arc Welding Item - Updated textbook to newer edition Jeffus, Larry;"Welding Principles & Applications", 2017, 8th Edition, Delmar Cengage Learning, ISBN: 978-1-305-494695-5. Course Objectives and SLO format changes. Oberg/Robb MSCU  
Effective: Fall 2022

#### **4. Discussion Items**

**4.01** CIS-Computer Information Systems-Proposed new program - 1st Read

*Melinda Duerksen, CIS instructor, attended to discuss the proposed program. Not meant to be transfer degree. Numbering is so that more classes will get added under general topics later. Discussed adding information about earning the Certificate of Achievement, Mr. Lewis noted he would work with Duerksen prior to next meeting.*

**4.02** Review Curriculum and Academic Standards Charge

*Moved program revitalization to #3. Add distance education is a subcommittee as #10*

#### **5. Information Items**

**5.01** Distance Education Committee Update

*Robb/ Tobola – They went over the charge during last month's meeting and held an Emergency vote through Share Point, where four members voted to approve, so it will go on the next Curriculum Agenda as an action item, so it can go on to Senate*

**5.02** Instructional Program Reviews Due

*Athletics and PEAC – Ms. Camacho raised the question about why Athletics was doing an NIPR. Athletics is not in the NIPR handbook, it's still in the IPR handbook. Mr. Murphy indicated the NIPR was supposed to be in addition – not replacing the IPR. NIPR instituted so that non-instructional portion of athletics had a voice. Ms. Camacho is working with Adam Runyan and also with Randy Joslin.*

**5.03** Future Meeting dates

Next meeting October 19<sup>th</sup>

#### **6. Future Agenda Items**

**7.** Adjournment Oberg/McClellan MSCU 3:55pm

## LCC Meeting Notes

**Committee Name:** Revitalization/Discontinuance Meeting

**Meeting Date:** 11/3/20

**Meeting Time:** 1:00 pm

**Meeting Location:** Zoom

**Attendance:** Dean Carie Camacho, Alison Somerville: Articulation Officer/Counselor, Lisa Gardiner: Division Chair, Chad Lewis: Curriculum Chair, Andy Rupley: Division Chair/Senator, James Kleckner: Art Faculty, Laura Greer: Child Development Faculty, Senate President Adam Runyan,

Missing: Dean Roxanna Haynes, Collen Baker-Senator

**Call to Order (Time):** 1:03 pm

**Approval of minutes from prior meeting:** n/a

### **Action Items:**

**No action was taken.**

### **Discussion Items:**

1. Reviewed Policy and procedures
2. Discussed- revitalization plan for Child Development, discontinuance for Anthropology, Art History, Geology, and DGD.

### **Program Discussions:**

Art

James provided FTE data on the Art. Concern with covering instructional load with many adjuncts who are in retirement. Art generates many FTE, much is incarcerated program.

ECE

Update on ECE revitalization Laura is actively working on updating curriculum, looking at scheduling for the program, licensing requirements, focused on shortening time to completion

Anthropology, Geology

These programs do not have full time faculty. Completions are virtually nonexistent.

Digital Graphic Design

Digital Graphic Design was in essence discontinued years ago, but proper procedures were not followed so we have been trying to finish students on this degree for years. This degree needs to be inactivated as soon as possible.

Adjournment (Time): 2:00 pm

Next Meeting (Dates): Nov. 10, 2020

7. Adjournment @ 3:40 Williams/Rupley: MSCU

## Gunsmithing Revitalization Meeting

2/1/2022 5:15 pm

Attendees: Carie Camacho, Chad Lewis, Buck Bauer, Adam Runyan, Alison Somerville, Crystal Tobola, Michell Williams, Randy Joslin

Michell: John had an appointment and will be joining us late.

Adam sent the AP 4021.1 reporting form and AP 4021 to all members of the committee.

Carie informed the workgroup of each member's assignment and responsibility according to AP 4021. The VP does lead the meeting but is a non-voting member unless there is a tie vote. Informed Buck that although this is called a discontinuance/revitalization workgroup, we do not by any means go in with the pre-conceived notion that we will discontinue a program. We are here to try and brainstorm to help a program. Carie reviewed 4021.1 reporting form with the workgroup. Adam informed the group that the form just needs to be filled out throughout the process as documentation for the actions and discussions of the workgroup.

One of the reasons this program came up is severe declining enrollment over the years. This group will look at data, IPR, and ideas for increasing enrollment like marketing, curriculum, scheduling. We want to dive into all the information to make well informed, very thoughtful decisions. This is one of the few programs in the United States and we want to revitalize the program. Crystal reiterated her agreement to revitalize the program as we are one of only a few colleges offering this type of program and it also is tied to other programs like Administration of Justice.

Carie reminded the group that every group member has a vote and say in the decisions made but there is absolutely no intention of automatically going towards discontinuance. This will be a group effort to revitalize this program.

Crystal questioned whether the scheduling of classes was part of the problem of declining enrollment because the classes don't run like normal classes and the schedule doesn't come out in time. Carie responded that she wasn't sure but that would be something this workgroup will review. The group agreed that we would come up with dates and times for the next few meetings, the types of data that Randy and/or Buck can provide to review for our next meeting, and everyone agreed receive the most recent IPR and review. Adam asked Buck to provide some of his ideas on why the enrollment has declined or how to increase enrollment.

Buck explained that advertising for the NRA program or full time program has been very minimal and only include advertising at the Big Reno Gun Show and flyers sent to Brown L for distributing to customers that purchase gun parts. This type of advertising has been done for about the last 15 years. Adam explained that the CTE Transitions grant paid for a recruitment video which has the highest views of all the CTE programs. It has been utilized but could be utilized more for advertising.

Carie Apologized that Buck was in the hotspot but that the questions were to help the group better understand the issues and what can help. Carie expressed that if the advertising hasn't changed and our enrollment has gone from waiting lists to very low and the advertising hasn't changed then we obviously

need to do something different. Buck explained that the waiting lists were when the application was online but the department still struggled to get more the 18-20 students to sign up for the program.

Michell discussed that the programs should be assessed as two separate programs, the summer NRA and the full time student program. The memories of people camping out for classes is more the summer NRA program. Both programs are experiencing declining enrollment and should be analyzed but as two separate programs because the reasons for declining enrollment differ. Buck agreed but also felt advertising is a common issue for both programs as well as the scheduling of the summer NRA program. Buck described that a good portion of the summer program is law enforcement and they need more than a couple months to get approval and funding for training.

Chad and Crystal discussed options on making the schedule more of a year in advance. Buck felt there could be a happy medium to scheduling so we aren't so early that people are forgetting about the class but it was early enough for them to plan. Crystal suggested that we could set the schedule and then decide when to advertise it. Chad also suggested that law enforcement be contacted on scheduling needs and asked who would be good to provide input on the scheduling that could produce the most enrollment. Buck thought John would be a good resource for that. Buck recalled that when the schedule was produced in October/November, that numbers for the summer NRA program were high and he suggested that would be a good time to create the schedule. Buck also discussed the struggle with scheduling too far out with instructors and ensuring their availability to instruct. Chad felt that getting input from the law enforcement agencies would be beneficial for proper scheduling.

Carie asked for suggestions on where to advertise for the full time program and suggested using available grant funds to help with advertising. Carie described that the college wants vibrant programs and wants instructors to have the opportunity to travel for recruitment and to please suggest markets that we could be missing. Buck described that since COVID, they have not been able to travel to shows and most everything has been online. Buck felt we should continue with Brown L and attend gun shows. We could possible advertise in an NRA magazine.

Michell explained that COVID has made everything difficult but prior to that, there has been various grant money for recruitment and travel and there continues to be money budgeted through Perkins for recruitment travel and all CTE faculty have been notified of that. Michell also explained that several efforts for all CTE programs have been funded for marketing through various grants including social media marketing and Pandora advertisements but any additional locations would be seriously considered. Randy suggested some national publications that we could place advertisements in.

Carie asked John and Buck to come up with as many advertising ideas through companies or magazines they can and all workgroup members to come up with any ideas for advertising including high schools that have trap teams and we can review as a group at the next meeting. Carie agreed that marketing and advertising is going to be a huge part of this revitalization. Carie also explained that the curriculum and class scheduling will need to be reviewed to ensure they are meeting students' needs. In the past we have had gunsmithing classes that followed the regular semester which allowed students to take more general education classes at the same time. We will have to analyze these items as well. Carie said the IPR will be sent out to everyone for review prior to the next meeting, Randy will gather enrollment data for both summer and full time program, and we can start from there as well as look at curriculum, scheduling, and marketing.

Michell asked if Randy has any data on previous students or students that were interested but did not enroll in the class. When we have had waiting lists, do we have any feedback on why there wasn't follow through to enroll in classes. Randy will look to see if there are any old surveys or information. Carie also suggested that we look at the dates of when we had online registration and in person and the data for the differences in enrollment. Carie asked Buck to get us dates for when the enrollment processes changed so we can compare Randy's data. Randy explained that he can go back to 2007 enrollment data. Buck explained that 2020 was the first year we went back to in person enrollment and COVID hindered that. Carie explained that we totally understand about the decline from COVID and that we will take that into consideration. Carie explained on the next meeting agenda everyone can describe their advertising ideas and Buck can discuss with John since he hasn't been able to attend tonight, places that we are currently advertising with and places that you would like to advertise with or attend for recruitment. After that we can start looking at curriculum and scheduling since curriculum was discussed in the last advisory committee meeting and suggestions for different curriculum. Randy suggested that we correlate with someone that can help develop a marketing plan. All group members agreed on the next agenda. Michell volunteered to reach out to Adrienne Hill to see if she has received any data from gunsmithing students or prospective students during her recent student outreach activities.

Randy also suggested that we make a list of our target audience for marketing especially law enforcement for the summer NRA program. Carie described again that we would want to analyze each program separately the summer NRA program and the full time program. Randy also suggested that we look at staffing changes to see if that has had an effect on enrollment or recruitment. Adam explained that the IPR did suggest a director roll to focus on industry standards and marketing but that also includes negotiations.

Buck explained that they had an industry representative attend a class to help teach techniques and the company has informed Buck that they won't come back because of facilities. They attend lots of other gunsmithing schools to teach techniques. Buck expressed concerns about the facilities and the barrier it puts on getting industry personnel to be guest speakers in the program. Having these industry representatives could also serve as marketing for the program. The group discussed that updates can be considered but we would need to have an estimate on how much that would affect growth. The list of facility needs in the IPR will be reviewed by the group.

The group agreed that Friday mornings at 7am would be the best time to meet to accommodate all the group members' schedules. The following meeting dates were agreed upon.

February 11<sup>th</sup>, February 25<sup>th</sup>, March 11<sup>th</sup>, March 25<sup>th</sup> at 7am. Additional meetings will be scheduled if needed.

**Tuesday, November 14, 2023**  
**Academic Senate Meeting - Tuesday, November 14, 2023 - 3:00pm**

**1. Meeting Opening**

- 1.01 Call to Order and Roll Call CALL TO ORDER AT 3:02PM  
ABSENT LAURA ROTLISBERGER, CELESTE WISER

- 5.01 ASCCC Fall 2023 Plenary Resolution  
MOST UP TO DATE RESOLUTIONS ARE UP. VOTING TAKES PLACE SATURDAY.
- 5.02 Area A Meeting  
RUNYAN WENT OVER SOME THE TOPICS DISCUSSED AT THE AREA A MEETINGS. RUNYAN  
ENCOURAGED ALL SENATORS TO LOOK OVER THE ATTACHED DOCUMENTS

**6. Reports****6.01 Administration**

M.WILLIAMS DISCUSSED THE USE OF THE REVITALIZATION FORMS WITH CHILD DEVELOPMENT  
AND GUNSMITHING. THE FORMS NEED TO BE REVIEWED SO THAT THE LENGHTY NOTES DON'T  
NEED TO BE USED AS EVIDENCE WITH ACCREDITATION. WE SHOULD LOOK INTO ADDING A  
SUMMARY SECTION ON THE FORMS. SHE WILL BRING FORTH THE FORMS FOR FUTURE AGENDA  
ITEMS AND EXPLAINED SOME OF THE DEVIATION FROM THE FORMS. CLARIFICATION ON THE AP

REGARDING REVITALIZATION CLOSURE. DO THEY NEED TO BE RATIFIED?

C. BAKER DISCUSSED ENGLISH ADT DISCONTINUATION, THE LACK OF FACULTY IN ENGLISH MAKES TEACHING THE ADDITIONAL ENGLISH COURSES VERY DIFFICULT. AND THE DEGREE HAS HAD VERY LOW ENROLLMENT AND GRADUATES. ENGLISH 12 AND 22 MAY STILL BE OFFERED. ENGLISH 12 WILL BE NEEDED FOR THE EDUCATION ADT. ENGLISH 22 MAY BE OFFERED AS A NON-CREDIT. THE DISCONTINUANCE WILL COME THROUGH THE IPR AND THEN TO A DISCONTINUANCE COMMITTEE, OR AT LEAST A DISCONTINUANCE FORM. THE PROCESS OF PUTTING IT IN AN IPR IS NEW. DISCUSSION TOOK PLACE ON THE NEED OF A DISCONTINUANCE FORM FOR HISTORICAL REFERENCE. MANY OF THESE THINGS DISCUSSED COME THROUGH FORMS THAT ARE APPROVED THROUGH THE CURRICULUM COMMITTEE. THE AP IS VERY SPECIFIC ON HOW TO DISCONTINUANCE PROCESS. THE CURRICULUM FORMS AND AP NEED TO BE LOOKED AT MORE SPECIFICALLY. THE SUGGESTION WAS MADE THAT WHEN THE IPR COMES TO SENATE THE CURRICULUM FORMS FOR IPR SHOWING THE DISCONTINUANCE ARE APPROVED AS DIRECT-ACTION ITEMS.

THIS WILL CONTINUE TO BE A DISCUSSION ITEM AS WE SMOOTH IT OUT

# Child Development Revitalization – Follow Up Report

## Background

The Child Development Program underwent a revitalization process during the academic year of 2020-2021. There are 2 main changes made during this process:

1. Courses are to be offered once every year instead of every other year.
2. The core courses are to be offered via online modality.

## 1. Change Course Offering Term

### *Reasoning*

With offering many courses every other year, it can take students up to 4 years to complete their AA in Child Development here at Lassen College. In addition, the Child Development Agencies in town have a high turnover rate and are in continuous need to fill positions. To capture the people who need courses for California Community Care Licensing in our local area, the 4 core courses that are needed for the licensing are proposed to be offered online. The 4 core courses include: CD-12, -16, -20, and -31.

### *Proposed change in Advising Plan*

A file was sent out by Laura Greer (Child Development Instructor/Director) documenting the curriculum changes proposed. Original File is in Appendix A at the end of this document.

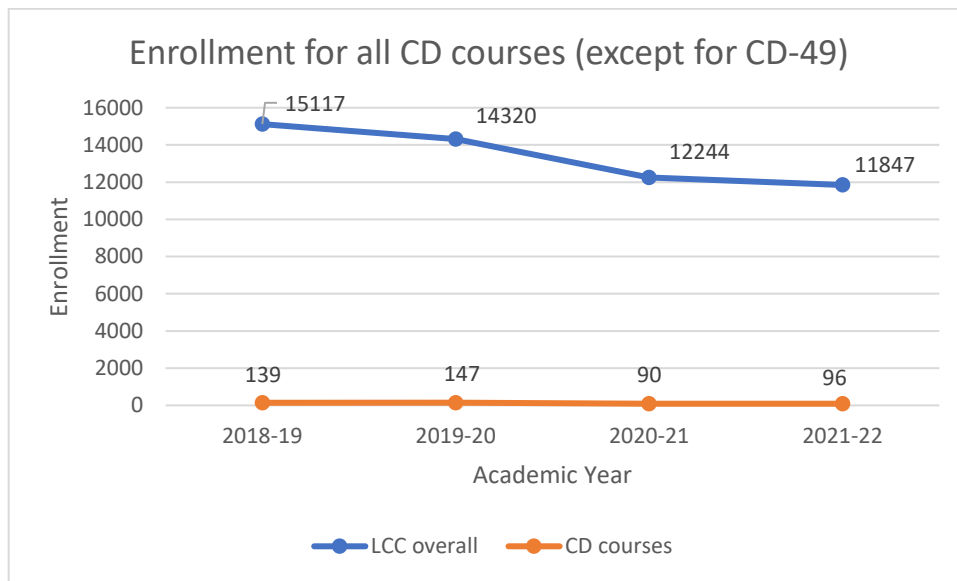

Based on the minutes and files of the Curriculum Committee, the following changes are made to each of the degree/certificate in the area:

- **Child Development Certificate of Accomplishment** was inactivated at 12/1/2020 meeting.
- **Child Development Certificate of Achievement (CA)** had CD 11, 24 and 25 removed, with CD 22 added at 12/1/2020 meeting.
- **Child Development associate in arts (AA)** added CD 22 to required Core and added 1 unit to “required electives” (from 3 to 4)
- **Early Childhood Education associate in science Degree for Transfer (AS-T)** – on 01/18/2022 the advising plan was changed to remove any “odd” or “even” offerings to every spring or every fall – no classes were changed.

All the above curriculum changes were reflected in the document sent (See Appendix A) by the area instructor except for the 1-unit elective added to the Child Development AA. The change in offering term for the courses in AS-T also effects the offering of the same courses in the CA and AA.

### Enrollment Analysis

The enrollment for the four CD courses listed increased by 5.76% from the academic year 2018 to the 2019, indicating that the CD program was growing at that time. The drastic drop of 38.8% in enrollment from 2019 to 2020 is likely due to the pandemic where the lifestyle of the student was affected during the academic year of 2020. This influence of pandemic on enrollment can also be observed in the decrease in the LCC overall enrollment over the same time. It is hypothesized that since the students in the CD program are mostly working adults/parents, the enrollment of the CD program was affected by the pandemic more than others. As people’s lifestyle adjusted, the CD program was able to gradually recover its enrollment as observed by the 6.67% increase in enrollment from 2021 to 2022. The trend observed in the selected CD course enrollment correlates to the trend observed for the overall enrollment trend at LCC. No clear conclusion can be drawn to the effect of the change in offering term with the data available. The data below was based on the data provided in the [LCC Data Tableau](#) platform (enrollment based on Census).

## 2. Proposed Change in Delivery Modality

### *Reasoning*

Most of the students in the Child Development program are working adults (and/or parents) who are currently working in the field and trying to complete their corresponding course work. Prior to the year 2018, the CD courses were offered mostly through online modality with few exceptions, allowing the students to complete their degree and core course works through fully online modality. This allows students that are not in the region to participate in the program. Starting Spring 2019, core courses such as CD-11 and -24 required an in-person participation component (face-to-face or hybrid modality), restricting enrollment for the students who are not currently in the region. This is hypothesized to be another factor that contributes to the decrease in enrollment in addition to the pandemic around the corresponding academic years. The data below was based on the data found in the Report Server (Active Enrollment in the Scheduled in A Term document over the years listed), which accounts the student enrollment after census (including students dropping/withdrawing throughout the semester).

### *Proposed change in Modality*

In the Child Development IPR for 2021-2022 (page 9 planning agenda), it is recommended to offer CD-11 and CD-24 in both face-to-face and online modality. And to also offer all classes every year and the core courses (CD-12, -16, -20, and -31) in 8-week session. On Page 16, it is documented that most CD courses (except for CD-11, -24, -49, and -50) was being offered online. All courses except for CD-31 and -40 were semester-length courses. CD-11 and -24 were offered once a week during evening hours.

### *Scheduling Changes Made starting 2022-23*

For the academic year of 2022, all CD courses except for CD-11, -12, -24, -31, and -50 were scheduled to be delivered through asynchronous online modality. CD-11 and -24 were offered once a week during evening, and CD-12 and -31 were offered twice a week during morning for dual enrollment students. Starting Fall 2023, CD-11 and -24 would be scheduled fully online to try capturing the students who are prefers online modality (either not in the area or working adults with other commitments).

## CD program Today

Dual Enrollment program resulting in increase in program enrollment.

Starting Fall 2022, the CD program started a dual enrollment/pathway program with Lassen High School. This program will produce students who have the 4 core courses upon high school completion. These core courses included: CD-12, -16, -20, and -31. As a result, these courses will be offered in person at LCC (one course per term) to help ease the student into the associated AA and CA. This results in an increase in enrollment for the academic year of 2022-23. While at the time this report is written (April 2023) the Spring 2023 semester has not concluded and the academic year is not yet over, an increase in enrollment can already be observed. The data below was based on the data found in the Report Server (Active Enrollment in the Scheduled in A Term document over the years listed), which accounts the student enrollment after census (including students dropping/withdrawing throughout the semester).

The below chart demonstrates the increase in enrollment for CD-12 and -31. Both courses piloted as dual enrollment during the academic year of 2022-23, CD-12 for Fall 2022 and CD-31 for Spring 2023. Both courses experience an increase in enrollment as a face-to-face course, while the enrollment for previous years are collected for online modality. The data is based on the enrollment presented in the Faculty Workload report, which accounts the student enrollment after census (including students dropping/withdrawing throughout the semester).

## CD program Planning Agenda

1. Continue participating in the Dual Enrollment program and maintain the agreement with the local high school.
2. Continue following the revised advising plan and offer the courses every term.
3. Offer the courses listed (CD-11 and -24) online starting Fall 2023.
4. Continue tracking the enrollment data and evaluate the changes implemented.

## Note from the Report Author

Another piece of data that needed to be incorporated was the retention rate for the courses. However, at the time when this report was written, there were discrepancy in data observed in the data dashboard provided. Therefore, the retention rate analysis was not included in this report.

Appendix A. Document sent out by Laura Greer with the proposed changes.  
File was found in email from Cathy Harrison to Makenzie Davis on Dec. 10<sup>th</sup>, 2021.

Child Development Advisory Program Revitalization 2020-2021

On January 14<sup>th</sup>, 2021, I reached out to the Child Development Advisory Committee via email regarding the Child Development Program Revitalization. Below is the email I sent to the committee:

Hello everyone,

I wanted to update all of you on the Child Development Advisory Committee at Lassen Community College about a program revitalization that is in the process. There has been a handful of us here at the college who have been taking a very close look at the Child Development Instructional Program and we all feel that there are some changes that need to be made in order to bring the program up-to-date with community needs, state regulations, and to make it more student friendly. Below are the changes I am forwarding to our Curriculum Committee and I need approval from all of you in order to help these changes along the way.

Proposed changes:

Terminal (in-house) AA Degree:

- Add CD 22 (The Infant/Toddler) to the "required course" section. As of now, it is an elective, but in order to teach infants or toddlers, a person needs this course.

Child Development Certificate of Achievement:

- Eliminate CD 11 (observation and assessment), CD 24 (practicum), and CD 25 (diversity)-we had many more assets than required for a cert. of achievement.
- Add CD 22 (The Infant/Toddler)

Child Development Certificate of Accomplishment:

- Eliminate this certificate all together. It is no longer useful in the field.

Courses to be offered every year instead of on an every other year cycle.

Please let me know if you have any questions about the proposed changes and email me back with an approval or why you do not approve. Thank you so much and I look forward to having a Zoom committee meeting once the semester is up and going!

Laura Greer

Child Development Instructor/Advisor

Lassen Community College

224-257-4101 Ext. 1000

The following committee members were in agreement with the changes:

Nicah Freeman

Tamara Bowles

Jennifer McCulley

Maria Altamirano

Nelissa Rojas

Rocanna Haynes

The following members did not respond to my contact attempts:

Denise Stevenson

Adam Burman

Terri Hays

Lori Furbado

Nelissa Downing

There were 0 members who were against the changes.

\*I have emails from the committee members who responded indicating they are for the changes\*

## Gunsmithing Revitalization Summary

The revitalization committee was formed according to AP 4021 and first met February 1, 2022. The committee continued to meet until October 27, 2022 to discuss needed curriculum changes and marketing of the program. It was determined that enrollment has been declining and that it is difficult for students to complete a degree within 2 years due to the schedule of courses and degree plan. It was also determined that marketing investments for the program are needed.

On March 29, 2022 a vote of the revitalization committee occurred and the committee voted for Directive B, Revitalization Effort. The program student cohort was paused and second year students were continued through the existing advising plan to graduation. The faculty worked to revise curriculum and plan for semester length courses to allow students to more easily complete a degree. During the 2022 Spring semester and 2022 fall semester, curriculum and program was revised submitted to LCC curriculum committee, North Far North Consortium, and Chancellor's office. All were approved in Spring 2023. Advertisement for new students occurred after approval and students were accepted into the program for Fall 2023. The program saw increased enrollment in Fall 2023 from Fall 2021.

Curriculum and Academic Standards Committee 3:00 pm via Zoom  
Tuesday, January 18, 2022

**Present:** Chad Lewis-Chair, Cory McClellan, Natalia McClellan, Crystal Tobola, Fran Oberg, K.C. Mesloh, Michell Williams (as Carie Camacho designee)

**Absent:** Carie Camacho, Kory Konkol, Christi Meyers, Thomas Robb, Alison Somerville, Cathy Harrison, Julie Williams

**Guests:** Anna Pasqua, Tom Downing, Dan Weaver, Carol Growdon, Adrienne Hill, Jenn Lawler, Makenzie Freedman - Instructional Services Technician

### **1. Meeting Openings**

1.01 Call to order

3:03 p.m.

1.02 Agenda Approval

***Approved Cory McClellan/ Natalia McClellan MSCU***

1.03 Approval of Minutes

***Approved Cory McClellan/ Natalia McClellan MSCU***

### **2. Subcommittee Action**

*None*

### **3. Action Items**

**3.01 ART 30 - Inactivate course locally *Approved Cory McClellan/ Natalia McClellan MSCU***

*According to Chad Lewis, the courses has not been offered for a while, and there is no need for it.*

**3.02 Associate in Arts Degree in Studio Art for Transfer - Remove ART 30 from program *Approved Cory McClellan/ Natalia McClellan MSCU***

**3.03 Associate in Arts in Studio Arts for Transfer - Remove Art 9 *Approved Cory McClellan/ Natalia McClellan MSCU***

**3.04 AJ 61 Juvenile Corrections Officer Core Course - New Course, second read *Approved Mesloh/ Oberg MSCU***  
*Chad Lewis noted this is the second time the course has come before the committee. He shared he wasn't sure if the course would need a course content review form since there is technically a prerequisite for the course, which is a GED or high school completion. Tom Downing noted a similar course with the same pre-req did not need the form. KC Meslow asked who was checking the pre-req. Downing answered the students need the instructors signature to take the course and they check for approval. Mesloh also inquired if the course would be added to the terminal AJ degree. Downing responded it would, but would not be a required course.*

**3.05 Basic Wildland Firefighter Certificate of Achievement - Remove FS-78 Followership to Leadership and replace with FS-90 Portable Pumps, Adjust total Units to 18-19 Total Units, and updated PSLO mapping with replacement class. *Approved Mesloh/ Cory McClellan MSCU***

*Chad Lewis noted this item was back after being tabled at the prior meeting due to some errors. KC Mesloh asked if the FS 90 course was being inactivated or just removed from the certificate of achievement. Dan Weaver answered just removed from the CA- when he was developing the program initially it was a higher level, but found it was difficult to find instructors and get students for FS 90. FS 90 will be "on the books" just not a required course for the certificate of achievement.*

**3.06 BIOL 21 Human Anatomy with Lab** - Add course to terminal GE (Area A) requirements *Approved Mesloh/Tobola MSCU*

*There was some discussion between Cris Tobola and Makenzie Freedman regarding signing the course revision form. 3.06 and 3.07 were approved together.*

**3.07 BIOL 22 Human Physiology with Lab** - Add course to terminal GE (Area A) requirements *Approved Mesloh/Tobola MSCU*

**3.08 Child Development Certificate of Achievement** - Eliminate even and odd offerings and offer fall courses every fall and spring courses every spring. *Approved Mesloh/ Cory McClellan MSCU*

*There was some discussion about the courses adding up to the number of units in the certificate and transfer degree. Chad Lewis also shared there are some questions about the number of units for the instructor and the student. Since the program is going through the IPR process, it may come back to the committee for further changes. 3.08 and 3.09 were approved together.*

**3.09 Associate in Science Degree in Early Childhood Education for Transfer** - Eliminate even and odd offerings and offer fall courses every fall and spring courses every spring. *Approved Mesloh/ Cory McClellan MSCU*

**3.10 CHEM 1A General Chemistry I** - 1. Changing the Course student learning outcome to stress on problem solving skills and preparation of higher-level course work 2. Add an SLO related to Laboratory skills (to reflect the "hands-on" laboratory portion) 3. Edit the Course Objectives to emphasis that this is a higher level course and include a "Lab Objective" 3. Edit the Lecture Content to have the content evenly spread between 1A and 1B 4. Include language for "hands-on" laboratory experiment in assignment and methods of delivery 5. Update the Expected Outside Class Hours to reflect the required laboratory assignments and report that students are expected to complete outside of lab time.

*Approved Tobola/ Cory McClellan MSCU*

*3.10 and 3.11 were approved together.*

**3.11 CHEM 1B General Chemistry II** - 1. Changing the Course student learning outcome to stress on problem solving skills and preparation of higher-level course work 2. Add an SLO related to Laboratory skills (to reflect the "hands-on" laboratory portion) 3. Edit the Course Objectives to emphasis that this is a higher level course and include a "Lab Objective" 3. Edit the Lecture Content to have the content evenly spread between 1A and 1B 4. Include language for "hands-on" laboratory experiment in assignment and methods of delivery 5. Update the Expected Outside Class Hours to reflect the required laboratory assignments and report that students are expected to complete outside of lab time 6. Add in the "Advisories" session for recommendation of knowledge in exponential functions and logarithms.

*Approved Tobola/ Cory McClellan MSCU*

**3.12 FS-60B Fire Crew Firefighter (Cal Fire Seasonal)**- New Course, second read *Approved Mesloh/ Cory McClellan MSCU*

*Dan Weaver this courses may or may not go, and they are waiting on Cal Fire, but wanted to be ready to start the courses as soon as Cal Fire "pulls the trigger." He said Cal Fire was changing curriculum to have a reduced time version to fill the immediate need of crews.*

**3.13 FS- 93 Firefighter Academy SLO mapping** *Approved Cory McClellan/ Mesloh MSCU*

*Chad Lewis noted this was just cleaning up a missing SLO.*

**3.14 MATH 60, Intermediate Algebra** - Add student study hours and update textbook. The Traditional classroom and Correspondence delivery sections require of Math 60 text Intermediate Algebra, 13th edition, 2020, by Lial, et. Al., Pearson Publishing. The text is available in cloth bound (ISBN 9780134895987), loose leaf (ISBN 9780134896403), or etext (ISBN 9780136881070) versions *Approved Natalia McClellan/ Cory McClellan MSCU*

**3.15 PHIL 1 Introduction to Philosophy** - Inactivate. Course has not been offered in more than 5 years *Approved Cory McClellan/ Mesloh MSCU*

*There was some discussion about whether there was an instructor for this and when the last time the class was taught. 3.15, 3.16 and 3.17 were approved together.*

**3.16 California State University General Education Certificate of Achievement - Remove PHIL 1: Introduction to Philosophy from Area C 2** *Approved Cory McClellan/ Mesloh MSCU*

**3.17 Intersegmental General Education Curriculum Certificate of Achievement - Remove PHIL 1: Introduction to Philosophy from Area 3: 2** *Approved Cory McClellan/ Mesloh MSCU*

**3.18 Associate in Arts in Social Work and Human Services for Transfer Degree New** *Approved Mesloh/ Natalia McClellan MSCU*

*KC Mesloh noted on the Template it reads Econ 10 and Econ 11 and she wants to ensure if it's supposed to say "or." Makenzie said she'd look into it.*

**3.19 Associate in Arts in Social Work and Human Services for Transfer Degree - remove ES from required elective area** *Approved Cory McClellan/ Natalia McClellan MSCU*

*Chad Lewis noted hopefully the ES 1 course would be approved soon.*

**3.20 Curriculum and Academic Standards Committee Handbook 8th edition - 2022** *Approved Mesloh/ Natalia McClellan MSCU*

#### **4. Discussion Items**

#### **5. Information Items**

##### **5.01 Distance Education Committee Update**

*Cris Tobola noted the committee hasn't met yet this year yet and has a meeting set for next week.*

##### **5.02 Instructional Program Reviews Due**

*Chad Lewis noted people are making progress on their IPRs.*

##### **5.03 Future Meeting dates**

*Next meeting is set for Feb. 15. Chad Lewis reminded everyone that changes intended for the fall 2022 semester should come before the committee in February.*

#### **6. Future Agenda Items**

#### **7. Adjournment**

*3:37 p.m. Cory McClellan/ Natalia McClellan MSCU*

# Instructional Program Review

Program: Gunsmithing

Academic Year: [2022/2023](#)

Author(s): [J. Martin](#), [B. Bauer](#)

Accepted by Academic Senate: February 22, 2023

Accepted by Consultation Council: February 27, 2023

Accepted by Governing Board: March 14, 2023

## Executive Summary

The executive summary should be a consolidation of key findings, program plans, and participants that contributed to the review

The Lassen College gunsmithing program is a unique program with the community college system. The program offers one and two week long classes that offer a wide variety of skill sets to the student and prospective gunsmith. The courses are hands on and for the beginner as well as the current gunsmith to learn or advance their skills. The Lassen college gunsmithing program is also endorsed by the NRA for the short term gunsmithing courses (summer classes). These classes include but not limited to law enforcement armorer classes, general gunsmithing, machine shop as well as a variety of other courses to offer the students.

The gunsmithing program has seen a decline in enrollment and was believed to be because of the online enrollment system that was being used. The gunsmithing program used an in person registration before 2013 and was successful but changed to the online system. In 2020 the gunsmithing program started using the in person registration again and was a success considering the Covid-19 pandemic. Since 2020 there has been an increase in enrollment and in the spring of 2022 a committee was formed of Lassen college employees and voted to revitalize the gunsmithing program. The revitalization was said to be because of low enrollment and change the format to give the students more time to complete an A.S. degree in two years.

The changes to the program are mandated by administration and the revitalization committee.

The revitalization and what is changing is as follows:

- The gunsmithing program did not take in students for the 2022-23 school year
- This break was to give the two full time employees' time to rewrite/update curriculum and finish out the current students in the current format.
- Change in format to change from the one/two week classes to semester length classes
- Reduce the hours the students are in gunsmithing classes so the student will have time to complete the general education requirement to obtain and Associate degree in a two year period
- Update curriculum to expand on some firearm platforms including inertia operated shotguns(Benelli),Glock auto pistols and AR 15 style rifles including the standard operating system(direct gas impingement) and piston operating system.
- Update facilities; replace the shipping containers that were unusable with one 40' container for storage of equipment that clutters the shop and is only used once a year. With the external storage area we can make our storage room into a spray area for spraying firearm finishes.
- Purchase new equipment for applying firearm finishes i.e. ovens and spray booth

The revitalization and changes are only being made to the two year degree/certificate program. There are no changes at this time to the NRA summer classes.

As this is being written the curriculum has been rewritten and has been reviewed by the advisory committee, curriculum committee, the North Far North committee and now is going to the chancellor's

office to be approved. As soon as we can get the chancellor's office approval we will start advertising for the updated program, to start taking in students for the 2023-24 school year starting in August 2023. With the updated program there will be some small adjustments that will need to be made to the program. These adjustments are not known at this time but will be reviewed in the next review cycle. The gunsmithing program will continue to improve and stay at the leading edge of the industry with input from our advisory committee. The facilities director is looking at moving the gunsmithing department in the next 5 years. This move will be to facilitate the student services being in one location. John Martin and Buck Bauer, both full time faculty for the Lassen College gunsmithing program have contributed to this document.

## SECTION 1: ACADEMIC PLANNING

### Program Overview, Objectives, and Student Learning Outcomes

- Describe the program (types of degrees offered, jobs/industries/transfer pathways associated with the program, faculty members in program)

The mission of the Lassen Community College Gunsmithing Program is as follows:

- Provide a comprehensive series of courses to enable the student to develop necessary industry skills and earn an A.S. Degree.
- Provide specific vocational training in specific Gunsmithing subjects to facilitate entry-level employment and develop job skills to advance in current career.

The objective of the Gunsmithing program is as follows:

- Identify industry standards and needs and provide individuals with opportunities to advance within the industry through vocational training with an A.S. Degree or Certificate from Lassen Community College.

The goals of the Gunsmithing Program are as follows:

- Treat each student with respect to encourage each student to establish and reach his/her goals and objectives within the field of Gunsmithing.
- Expand the use of industry technology in both degree and certificate courses.
- With the participation of an active Advisory Committee, review and improve the Program curriculum every two years.

- Describe and evaluate the program objectives against the LCC strategic plan, specifically the mission statement and strategic goals

The objective of the Gunsmithing program is as follows:

- Identify industry standards and needs and provide individuals with opportunities to advance within the industry through vocational training with an A.S. Degree or Certificate from Lassen Community College.

The following are approved Student Learning Outcomes for the Degrees and Certificates offered in the Gunsmithing program;

- **Associate in Science Degree Firearms Repair**
  1. Diagnose a specific firearm malfunction, execute the appropriate corrective step and verify the problem has been resolved.
  2. Perform firearms repair and maintenance procedures on the large variety of firearms common to retail Gunsmithing operation and do them legally under state and federal law.
- **Certificate of Achievement Gunsmith Machinist and Metal Finishing**

1. Design and machine firearm parts and fixtures using the appropriate tools and techniques.
  2. Apply the appropriate polishing technique and finish to metal firearms parts.
- **Certificate of Achievement Firearms Repair**
    1. Diagnose specific firearm malfunctions, execute the appropriate corrective step and verify the problem has been resolved.
    2. Perform appropriate custom alterations and modifications to specified firearm platforms
- Evaluate any changes in the program since last review. Include summary of Annual Updates completed since last review. Regular program assessment will drive program improvements.

The Lassen Community College gunsmithing program is currently in the revitalizing process. With that we have paused taking in students for the 2022-2023 school year and finishing out the current students that are in the program. This pause is to give current fulltime staff to rewrite/update curriculum and update facilities.

- The curriculum changes include changing the format of the classes from one-week long blocks to semester length courses,
- New firearm platforms such as inertia operated shotguns (Benelli), Striker fired auto pistols (Glock) and AR-15 style rifles.
- The curriculum will also include some CNC (computer numerical control) programing as well as machine use.
- The facilities update includes adding storage next to the machine shop and changing the storage room into a spray booth.
- Listed is some of the differences we will have with the updated program
  - The current contact hours per week; 40
  - Proposed contact hours per week; 27
  - Current enrollment per year; 704
  - Proposed enrollment per year; 440

As this is written, we have currently completed the curriculum changes and waiting for them to be approved by the chancellor so that we can start advertising for the updated program. The gunsmithing program is also waiting for the facilities updates to be completed. The new equipment is ordered but has not arrived at this time.

Certificate of Achievement General Gunsmithing	14	2	12	2

**Achievement**

Based on your review of the data trends above (e.g., course success, retention, awards) please provide an analysis of achievement gaps and accomplishments in the program.

The data provided shows that the Lassen Community College Gunsmithing program had great success and retention rates. The rates were well above the average for the college as a whole. Due to the gunsmithing program revitalizing and changing the program format the success and retention rate is suspected to decline. The success and retention rates were much lower when the program was in the semester format and we are changing back to that format. The current format focuses on one subject or firearm platform and is completed in one week there is no other subjects in that time period. The new format will give the student several lectures on different subjects/firearm platforms in one day and can lead the student to some confusion and combining of the subjects. The instructor will do extensive demonstrations and tutoring in the lab to try to mitigate these issues.

**Equity**

Based on your review of the data trends above (e.g., course success, retention) please provide a narrative to outline opportunities to address any equity gaps.

There are no equity gaps at this time. The Gunsmithing program is under revitalization and we will have to wait until the next review cycle to see how the updates are working out.

## Student Learning Outcomes

SLO assessment is important to maintain and improve an effective learning experience for LCC students. Evaluating SLO results regularly is helpful for evaluating student learning and identifying emerging program needs. There is a link between SLO assessment results, SLO improvement plans and review of curriculum and/or budget requests. Regular program assessment will drive program improvement. These records are maintained in the online Data Management and Visualization tool (TABLEAU) and are available for review by faculty at any time through its self-updating, interactive dashboards, and reports. Feedback and narrative from the Share Point tool will be included in the reports.

\*By contract, faculty are required to prepare and submit an SLO Assessment Plan for each class within one week of the first-class meeting and implementation of the assessment method as indicated on the SLO Plan for each class. Submission of the (a) results of the assessment methods and (b) steps taken as result of the assessment within five (5) District business days after the last scheduled meeting of the class. Both submissions will be made in accordance with District tracking procedures (i.e., may be paper-based or electronic).

- Provide an analysis of findings of the assessments completed and recommendations being made in individual assessments.  
 The Gunsmithing program is under revitalization. This will have to be reviewed at the next review cycle to see if the updates are an improvement.
- Consider the impact or influence of the assessment results at the program level.  
 The results show the courses offered were very successful.
- Identify and evaluate the Program Student Learning Outcomes including the relationship between course, program and institutional student learning outcomes utilizing information provided by the Office of Institutional Effectiveness.  
 The PSLOs show that the students are meeting the SLO and there is no improvement needed. The course format will change before the next review cycle and we will see if this stays the same.

## Enrollment Management

Enrollment Management	2018-19	2019-20	2020-21	2021-22
Gunsmithing Census Enrollment Overall	1,071	700	638	708
Lassen College Census Enrollment	15,117	14,320	12,244	11,847
Gunsmithing Full-Time Equivalent Students (FTES)	84.6	56.9	48.2	57.9
Lassen College Full-Time Equivalent Students (FTES)	1,648	1,561	1,340	1,269
Gunsmithing Number of Sections	89	71	81	87
Lassen College Number of Sections	883	851	758	818
Gunsmithing Fill Rate	52%	43%	37%	34%
Lassen College Fill Rate	55%	54%	55%	51%
Gunsmithing Full-Time Equivalent Faculty (FTEF)	5.7	4.4	5.0	5.8
Lassen College Full-Time Equivalent Faculty (FTEF)	79.8	77.7	70.6	74.2
Gunsmithing FTES/FTEF	14.8	12.9	9.6	9.9
Lassen College FTES/FTEF	20.7	20.1	19	17.1

### Enrollment (Seats Filled at Census)

Based on your review of the data trends above (e.g., enrollment, FTES, FTES/FTEF, fill rate) please provide an analysis of efficiency gaps and accomplishments.

Based on the data provided, the gunsmithing program has been operating about half capacity and the program has seen a decrease in enrollment mainly due to Covid-19 pandemic. We can see that since the pandemic the enrollment numbers are on the rise. The data listed includes the NRA summer courses and we have had a decline in enrollment in that program due to Covid-19 as well as the lack of advertising. The data listed does not capture all enrollments the gunsmithing program brings in i.e. the welding courses are not listed in the data for the gunsmithing program. The welding courses are specific to the gunsmithing program and only students enrolled into the gunsmithing program are allowed to take these courses. The degree/certificate program is under revitalization to improve enrolment. With the changes to the format to the gunsmithing program the enrollment number will be substantially less. Currently one student will be enrolled in an average of 18 courses per semester and counted for each

course. With the new format one student will be enrolled in 5 courses per semester and counted for each course. With full classes the enrollments compared as follows;

- Current program; 22 students X 18 classes per semester = 396 enrollments per class per semester
- Proposed program; 22 students X 5 classes per semester = 110 enrollments per class per semester

These changes will also show a decrease in FTES the program will generate. With the decrease in enrollments and decrease in contact hours this in turn decreases FTES the program can earn. The current program vs. proposed program FTES generation per semester,

Current program with 22 students enrolled = 14,080 contact hours = 26.8 FTES

Proposed program with 22 students enrolled = 9,504 contact hours = 18.1 FTES

The gunsmithing program staff will work diligently to fill the classes through advertising and promoting the program. These changes are mandated by the administration and the revitalization committee. The decrease in contact hours as well as enrollments are to facilitate the students having more time to complete the general education requirements for the degree.

## Curriculum

### Degrees and/or Certificates

Degree or Certificate Title	Award Type (AA, AS, AAT, AST, etc.)	Units	Term of Last Revision
Associate in Science Degree in Firearms Repair	A.S.	60	2021
Associate in Science Degree in General Gunsmithing	A.S.	60	2021
Certificate of Achievement in Firearms Repair	COA	16	2021
Certificate of Achievement in General Gunsmithing	COA	16	2021
Certificate of Accomplishment in Gunsmith Machinist and Metal Finishing	COA	16	2021
Certificate of Accomplishment in Long Guns	COA	16	2021
Certificate of Accomplishment in Pistolsmith	COA	16	2021
Certificate of Accomplishment in Riflesmith	COA	16	2021

Provide a narrative of revisions made.

The program is under revitalization at this time. The updated program will offer

- A.S. firearms repair
- Certificate of Achievement Gunsmith machinist and metal finisher
- Certificate of Achievement firearms repair

The revitalization and changes to the program are as follows

- The gunsmithing program did not take in students for the 2022-23 school year  
This break was to give the two full time employees' time to rewrite/update curriculum and finish out the current students in the current format.
- Change in format to change from the one/two week classes to semester length classes
- Reduce the hours the students are in gunsmithing classes so the student will have time to complete the general education requirement for obtain and Associate degree in a two year period
- Update curriculum to expand on some firearm platforms including inertia operated shotguns(Benelli),Glock auto pistols and AR 15 style rifles including the standard operating system(direct gas impingement) and piston operating system.

The revitalization and changes are only being made to the two year degree/certificate program. There are no changes at this time to the NRA summer classes.

## Courses

Summarize curriculum revisions, new course adoptions, and/or course deletions since the last program review. Describe the program accomplishments and/or changes (e.g., major revisions, additions, etc.). All courses need to be submitted to the Curriculum Committee for revision at least once every five years.

Whether changes to a course outline are necessary or not, a Revision to Existing Course Form for each course must be completed and submitted to the Curriculum/Academic Standards Committee for action.

If all the courses in the certificate or degree are reviewed at one time, a single Program revision form can be used. If there are changes made to a course, the changes must be noted on the revision form. When reviewing a single course and changes are necessary, indicate the revisions on the form. Where no changes are necessary, simply indicate on the Revision Form that “the course has been reviewed as part of the program review and no changes are necessary.” All program certificates, degrees, PSLO maps, and SLO maps are also required to be reviewed and updated if necessary. PSLO maps require a program revision form and course SLO maps require a course revision form. If all maps are reviewed at the same time, a single program revision form can be used. Advising plans also need to be reviewed and updated. A program revision form is used to review and update the advising plan if necessary. Revision forms will be retained in the Instructional Office with the Curriculum agenda packets.

Following the Curriculum/Academic Standards Committee action on all submitted Revision to Existing Course Forms, a summary Instructional Program Curriculum Review Form will be completed by the Curriculum/Academic Standards Subcommittee Chair and given to the program faculty for inclusion in the program review.

The signed Instructional Program Curriculum Review Form is to be included with your completed program review documents for all certificates and degrees.

Provide a narrative of revisions made.

The program is in revitalization at this time. The changes are as follows:

- The gunsmithing program did not take in students for the 2022-23 school year
- This break was to give the two full time employees' time to rewrite/update curriculum and finish out the current students in the current format.
- Change in format to change from the one/two week classes to semester length classes
- Reduce the hours the students are in gunsmithing classes so the student will have time to complete the general education requirement for obtain and Associate degree in a two year period
- Update curriculum to expand on some firearm platforms including inertia operated shotguns(Benelli),Glock auto pistols and AR 15 style rifles including the standard operating system(direct gas impingement) and piston operating system.

The revitalization and changes are only being made to the two year degree/certificate program. There are no changes at this time to the NRA summer classes.

Articulation/Integration of Curriculum

- Attach a tabular comparison of Lassen Community College courses articulating with UC and CSU, Indicating courses with approved C-ID designations as applicable (Obtain copies of Articulation Agreements from the Transfer Center / Articulation Officer)

- Provide a narrative reviewing the Lassen Community College courses and courses at four-year institutions for course alignment. (e.g., two courses at Lassen needed to articulate with one course at UC) and the unit requirements for Lassen Community College courses as compared to four-year institutions.

Lassen Community College Gunsmithing program is a unique program that is the only campus based Gunsmithing School that offers Design, Function and Repair classes in America. Our classes do not transfer to the UC or CSU level because none of the four-year institutions offer a gunsmithing program.

### **External Compliance**

Provide a summary of any compliance regulations (e.g., accreditation, accessibility), actions taken, and gaps identified.

The gunsmithing program is currently next to the child day care and the student services office. The Child Day care is leased to an outside agency and with the large amount of traffic in the area is a concern. At this time the Gunsmithing program is in compliance with federal, state and local laws. If the laws are to change in the future the Gunsmithing program will not be able to operate at its current location. The LCC facilities director is currently looking into another space for the gunsmithing program. The gunsmithing advisory committee has not given any input on this issue at this time. This will be brought to their attention at the next meeting. The facilities director looking at moving the gunsmithing program in the next 5 years. This move is to facilitate student services being in one location. This proposed move would move us away from the child day care and alleviate most of these issues.

### **External Analysis: Job Market Assessment**

Provide a summary of Industry Advisory Board suggestions and market data. The market data will be populated for Career Technical Education programs only

The advisory committee minutes are available in the office of instruction. At this time there has been not many recommendations from our advisory board due to they have had a lot of information to review and vote on with the program going through revitalization.

### **Program Planning and Communication Strategies**

Describe the communication methods and interaction strategies used by your program faculty and administrators to discuss program-level planning, curriculum, SLOs, PSLOs, equity, student achievement, and institutional performance data.

The communication that has happened between program faculty and administration is by zoom and in person. The program planning and strategies has been discussed and plans have been made, during the revitalization process.

### **Academic Planning Analysis Summary**

Summarize the key findings from the program analysis and outline opportunities for change.

The gunsmithing program is being revitalized at this time there is nothing to analyzed and we are making

changes to update the program.

## Section 2: Human Resource Planning

### Workload and Staffing Assessment

Year	F/T Faculty	P/T Faculty
Previous Year	2	7
Current Year	2	7
Next 2 Years	2	7

Provide a narrative that describes the program's faculty staffing trends and develop a projection for the two years. Discuss the extent to which your current faculty staffing structure meets or does not meet your program's needs and/or initiatives. Please describe what strategies will be used to diversify your staffing (e.g., education, expertise/skillsets, areas of interest, demographics).

The Number of full and part time faculty is steady. With full time faculty working at max capacity, it is difficult to expand the program. Lassen College is in desperate need of a director for the gunsmithing program to survive and grow. The gunsmithing program is the only program on campus that runs 12 months and does not have a director.

Lassen College has a signed contract with the NRA that states Lassen College will maintain a director or coordinator to oversee the NRA Gunsmithing program. At this time Jonathan Herring GS department ISS is the NRA coordinator.

Due to the work load of the current GSS staff full time and part time, the program is in need of a third full time instructor. The GSS program used to have three full time employees but due to staffing changes it was reduced to two. It is hard to maintain/improve the GSS program with the full-time instructors teaching at the current work load. Thus, the program needs a director and 2 full time instructors. Within the next couple years one of the full-time instructors is looking at retiring so it would be beneficial to hire another instructor so they can be up to speed when the senior instructor retires.

With a director and 2 full time instructors and the spread-out work load the faculty would have ample time to take care of the duties to maintain/improve/advance the Gunsmithing program. At the time that the gunsmithing program had a waitlist to get into the program and there were 600-700 summer students there were 3 fulltime faculty. With the help of another full-time faculty, we could increase enrollment and offer more classes that would in turn bring in more FTES.

The GSS program needs a secretary to help with the clerical duties that are necessary to be in compliance in the industry.

## Professional Development

Provide a description and associated outcomes related to the program's target professional development participation over since the last program review. Discuss the current professional development/training need(s) of your program, and why this need(s) exists. If you have specific trainings you want to request, please include those details.

Since the last review we have been in the revitalization process. The only professional development that has been done is to update the program is the program staff are getting online training for the CNC machine so that we can include programing and machine use into the updated program after we finish the revitalization process. In the spring 2023 we hope to attend gun shows as well as the SHOT show to attend trainings and stay current with the industry.

## Section 3: Infrastructure Planning

### Facilities

- Describe and evaluate the Lassen Community College facilities available to the program.
- Describe and evaluate additional facilities utilized off-campus by the program
- Describe any facilities needs identified internal or external analysis
- Justify any proposed modifications or additions to existing facilities that would better serve the program planned for the program review cycle.

The classroom for the Gunsmithing Program is located in the Vocational-Technical building, room VT-104, along with a program office located in VT-110. The remainder of the Program is located in the GS building, which is immediately adjacent to the Vo-Tech building. The GS building includes

- Work benches, grinders, welders, saws, lathes, milling machines, caustic bluing equipment, sandblasting equipment, and a wide range of small tooling. The major equipment is outlined below: see appendix A

Evaluation of the facilities available to the Gunsmithing Department:

- The current facility is limited in space for machinery and equipment
- The current facility is limited in space for student activity and storage of student and program materials resulting in some safety concerns.
- The current facility has a realistic operational capacity of approximately 50 students, limited by the availability of machines/equipment in the machine shop
- The Child Development Center was constructed in close proximity to the facility, raising concerns
- Student Services in the Vo-Tech building is in close proximity to the gunsmithing facility
- VT-105, formerly a classroom available to the Gunsmithing Department, has become Counseling offices, forcing a make-shift classroom to be arranged in the Gunsmithing Shop
- VT-101, one of the class rooms currently used by the gunsmithing department, is being changed into offices for student services.

- The gunsmithing department has asked for more classrooms and we have been told that there is no room for more classrooms facilities has to make room for student services, so we will be losing another class room. At this time we will only have one class room available for our summer program 2023. In the past we have had 5 class rooms in use at one time.
- Availability of classroom space during the degree/certificate and NRA Summer Program keeps getting smaller.
- The former Facilities director has taken away what was used for the gunsmithing armory Vt-102. Forcing LCC to purchase gun safes and store them in classroom VT108. This cut down the size of the classroom and as a result have to cut down class size.
- Due to Covid-19 pandemic LCC made the campus i.e., dorms and gym, overflow for the hospital if need be. In turn the main electrical panel in the gunsmithing dept. machine shop has been upgraded and made so there could be generators hooked to the panel. With this the former facilities director built a room around the panel in the machine shop that makes more of our area unusable and cuts down the square footage of the shop. The former Facilities director also removed equipment out of the machine shop that we currently used to make room for this structure. This was done with no consideration to the gunsmithing program staff.
- LCC gunsmithing dept. had a fenced area on the east side of the machine shop. The fence and the area were removed including part of the lawn to repair a drainage line. The drainage line is still broken after 5years and the fence has not been replaced. We stored raw materials, oxygen and acetylene bottles and other supplies that didn't need to be inside in this area. The fenced area was locked and secure. Now we must store these items in the machine shop/lab area and they clutter the shop and is a safety concern. This area is also the first place all students go on campus to get to admissions and records. This is unsightly and unprofessional looking.
- Since the last review, and due to the program being revitalized, the program has received a 40'-shipping container for storage and at this time we are waiting to get power hooked up to it so we can move the equipment that is used once a year and clutters the shop into it.
- With getting the shipping container for storage we will be able to move the spare parts out of the storage room in the lab and the room will become a painting area for spraying firearm finishes. We have ordered a paint booth but have not received it at this time. We have also ordered two commercial ovens for curing the firearm finishes and also have not received them at this time.

Evaluation of the major equipment utilized by Gunsmithing Department shows some of the worn and outdated equipment has been replaced using grant moneys.

## Equipment

- Describe and evaluate equipment and equipment support provided for instruction and instructional support

The classroom for the Gunsmithing Program is located in the Vocational-Technical building, room VT-104, along with a program office located in VT-110. The remainder of the Program is located in the GS building, which is immediately adjacent to the Vo-Tech building. The GS building includes

- Work benches, grinders, welders, saws, lathes, milling machines, caustic bluing equipment, sandblasting equipment, and a wide range of small tooling. The major equipment is outlined below:
- 19 Metal turning lathes
  - a. 3 lathes less than 5 years old
  - b. 7 lathes 5 to 10 years old

- c. 9 lathes unknown age (two are WWII vintage)
  - d. 1 lathes are non-operational
  - 6 Milling machines
    - a. 2 mills less than 5 years old
    - b. 1 CNC mill w/attachments, approx. 15 years old
  - 2 Welders, Tungsten Inert Gas (TIG)
    - a. Both approx. 15 years old
  - Dell Computer to Run CNC programs Less than 1 year old
    - a. Paton software
  - 14 Browning Gun safes, 2years old
  - 1 Finish curing oven, built by students
  - Savage Range systems snail trap, under 5 years old
- The majority of the worn and obsolete equipment has been replaced using grant moneys.

Due to a limited budget, the GSS program does not have any equipment maintenance/service agreements. The Gunsmithing program could use a maintenance/service program for the equipment. A maintenance/service program would extend the life of our equipment

## Technology

- Describe and evaluate technology and technology support provided for instruction and instructional support.
- Justify any proposed modifications or additions to existing technology that would better serve the program planned for the next four years.

Since the last review the gunsmithing program has not received any new technology. The IT department has provided support that we have not received in the past. The Gunsmithing program would like to include laser engraving. Laser engraving has become an advancement in the industry not only for engraving but for removing broken taps and cutting material that cannot be done on conventional machine equipment.

## Section Four: Program Planning

Progress update on previous action plans

Since the last review, the gunsmithing program has been in the revitalization process. The changes that are in progress right now are, the gunsmithing program has received the 40' shipping container that was approved in approximately 2007, with receiving the shipping container for storage the gunsmithing department will be able to make room for a spray booth within the shop. The spray booth and new ovens have been ordered but not received at the time this is written. At this time the shipping container does not have power to it there for we cannot start using the new equipment.

The plan at this time is, as soon as the chancellor's office approves the updated program we will start advertising and promoting the program. Lassen college administration has moneys set aside to advertise and promote.

Action Plan	Progress Detail	Outcomes
N/A		

### Strengths, Weaknesses, Opportunities, Threats (SWOT) Analysis

Complete SWOT analysis

<b>Strengths</b>	The only program in CA offering courses in this subject large LE following for armorer classes
<b>Weaknesses</b>	Motivating students following Covid-19 where individuals are not self-dependent No program director that is faculty Advertising
<b>Opportunities</b>	Community service classes Bring in more industry experts for wider knowledge base Bachelor's degree in gunsmithing
<b>Threats</b>	Changes in federal and state laws Political climate

### Program Plan

Develop a program action plan based on the findings of the SWOT Analysis. The plan should specify should aligns with one or more College Goals. SLO maps may be utilized to help show the connection.

SWOT ; The Lassen College Gunsmithing program exists as a unique entity and is the only Gunsmithing not only in California but on the west coast. The Gunsmithing program has existed within Lassen College for 77 years. The Gunsmithing program trains law enforcement, military as well as the general and specialized gunsmith. The Gunsmithing program also offers extensive training for the hobbyist to the advanced gunsmith or armorer to learn or maintain their skill set. The current program has offered students that have a unique skill set that employers not only in the Gunsmithing industry look for.

The Gunsmithing program has seen that students are harder to motivate coming out of the Covid-19 pandemic. The Gunsmithing program is in desperate need of a director for the Gunsmithing program as well as the NRA summer program. This position must be a faculty position. There has been no advertising for the Gunsmithing program for many years. Now that the program is being revitalized there will be extensive advertising when the chancellor's office approves the new degrees and certificates. This will include online, print and attending gun and trade shows.

The Gunsmithing program could offer community service classes that would offer the student a class that they could take as many times as they want. These classes would not be subject to the states repeatability restrictions. With offering community service classes the Gunsmithing program would be able to bring in more industry experts that currently cannot pass the minimum qualification. There are people in the industry that have years of experience and are an expert but cannot pass the minimum qualification requirements. The Gunsmithing program could offer a bachelor's degree in Gunsmithing. This would offer the student a degree that is not offered anywhere else in the country. After the degree/certificate program get back on its feet we will look into writing some community service classes.

At this time the Gunsmithing program is complying with federal and state laws pertaining to having firearms on a college campus and next to a day care center. If the laws, federal and/or state change this could make it to where the Gunsmithing program would have to be moved from its current location and possibly off of campus to comply with the laws. The Gunsmithing program is looking at moving locations in the next 5 years. At this time we are looking at options for a new facility.

The program plan is as follows.

Recover from the revitalization process.

Start the degree/certificate program back up fall 2023

Keep advertising fall of 2023 for fall of 2024 and summer NRA courses

- How do the action plans align with the mission of the college?
- What strategic goals do the action plans support?
- What ISLOs do the action plans support?
- What specific evidence (e.g., SLOs, data) support the action plans?
- Based on the action plans what resources are needed?
- What are the expected outcomes of the action plans?
- What is the total cost of bringing the action plan to life?

**CTE Advisory Committee Minutes  
Gunsmithing Program Advisory Committee  
Meeting Date: November 3, 2022  
Meeting Time: 1600  
Meeting Location: ZOOM**

**Committee Members/Invitees Present:**

Buck Bauer, Lassen Community College, Full time Gunsmithing Instructor  
Michell Williams, Lassen Community College, Dean of Instruction CTE programs  
Fran Oberg, Lassen Community College, Executive Assistant, Academic Services  
Jake Floyd, Lassen Community College, Part time Gunsmithing Instructor  
Daniel Musante, Lassen Community College, Part time Gunsmithing Instructor  
Thomas Downing, Lassen Community College, AJ/POST Director  
Chad Lewis, Lassen Community College, Automotive Instructor, CTE Division Chair  
Barb Baston, Lassen Community College, Counselor  
Wesley Brians, Weatherby INC, Gunsmith

**Committee Members/Invitees Absent:**

John Martin, Lassen Community College, Full time Gunsmithing instructor  
Garrett Taylor, Lassen Community College, Business Instructor  
Peter Coelho, J&G Gunsmithing, Lead Gunsmith  
Matthew Hawes, Matthew Hawes Precision Gunsmithing, Owner/Lead Gunsmith  
Mike Lake, Nosler INC, Senior Manager, technical services  
Kelley Merritt, Lassen Co. Sheriff Department, Armorer

**1. CALL TO ORDER: 4:06pm**

**A. Introductions**

All members present introduced themselves.

**B. Approval on minutes from meeting September 29, 2021**

Tabled until next meeting. Not all members had opportunity to review.

**C. Approval of Agenda**

**ACTION:** Motion by Jake Floyd to approve agenda. Second by Dan Musante. All in favor, the motion passed.

**II. REPORT ITEMS**

**A. Program Update**

**a. Revitalization**

The program is going through Revitalization because of low enrollment. We did not admit new first year students this fall. Second year students are finishing out the program with the 1-week per class format. A change in format will make it so students can complete the General Education (GE) classes needed for an Associate's Degree in two years.

**1. Format**

The format is being changed from 1-week classes to semester-long classes.

**2. Curriculum**

Curriculum is being updated to the new semester-long classes.

---

### 3. Facilities

A new 40-foot shipping container has been purchased for storage. Maintenance is working on getting power to it. They're doing a good job. Once completed, the armory will be moved out of the current storage room and relocated to the shipping container. The storage room will be converted to a spray booth and oven area.

Guns are being updated including inertia-operated shotguns, striker-fire handguns, Glock & Sig-Sauer, AR/M16 style platform as designed and the new piston driven system. Basic CNC will be added to the machine shop classes. No platforms have been dropped, just adding new ones.

#### PROGRAM UPDATE DISCUSSION:

With the new semester-long format, students will not be in the shop as long so they have time to take GE classes. Instead of the week-long DFR handgun classes, all revolvers will be in one semester-long class, with one or two hours of lecture per week and 3 hours of lab time. Make up labs will be offered for students needing more time. Details are still being ironed out.

What happens if someone doesn't pass a section? The same policies are in place to re-take the class. If the current 2<sup>nd</sup> year students don't pass a class, they can sign up for a lab class and challenge the class to show knowledge.

There are 4 or 5 classes per semester. As listed in the program outline, there are 9 classes for the Fall, 4 classes for 1<sup>st</sup> year and 5 classes for 2<sup>nd</sup> year.

What happens if they fail a pre-requisite class? They re-take or challenge the course, then they can go on to the next class. They have the full semester to finish the check sheets, not just one week. In order to keep students on track, a certain amount of skills on the check sheets will be required to be completed by mid-semester.

None of the Chancellor's Office rules have changed. We have to show that students can complete a degree in 2 years. It's going to be a heavy lift, but we need to show the student has the opportunity to complete in 2 years. If we do not show this, college financial aid, etc. are at risk.

How many students will be allowed in the program? The cap is 44 students total – 22 1<sup>st</sup> year and 22 2<sup>nd</sup> year. If a student needs to re-take a class, the instructor will have leeway to add more.

The semester-long format may help some students. They don't have to cram it in to one week. If they take a bit longer to pick it up, they have leeway. That might help the success rate.

Lecture and lab hours have been cut back. Hopefully students will be ambitious and get the lab work done right after the lecture and not procrastinate.

Any comments on the new add-on guns? Wes Brians stated it's good to add inertia-operated shotguns. They have them at Weatherby. Wes may be able to get the company to donate some. He'll see what he can do.

How do Adjuncts fit into the new program? We still need them. The program won't work with just the two full-time instructors. We rely heavily on Adjuncts as Subject Matter Experts. We need to calculate workloads to find exact hours. Still ironing out scheduling so we can bring adjuncts in for two or three weeks at a time. LCC wants to make it beneficial for our Adjuncts. We'd hate to lose Adjuncts over possible reduced workload.

For facility updates, the armory is being moved to the container. The old armory area will be converted to a paint booth and oven. The inside of the shop will be re-painted over winter break. The lighting situation is being addressed. One bank of lights was switched out to LED as a trial. That change seems to have solved the lighting problem, so all lights will be switched to LED.

The container has a ramp, roll-up door, cement slab, new drainage, and a cement sidewalk that's under an overhang so students will be protected when going from the classroom to the container.

Michell William stated that long range plans – at least 5 years out – the gunshop will be moved to different location on campus.

IT is being updated. Updates to the CNC machine, technology and the Elmo in the classroom. We will be

---

putting another Elmo in the lab with a larger screen.

What about AC? Not in the short term. We purchased bigger fans for the work spaces and are doing the best we can right now. Air conditioning in classrooms is a campus-wide issue. Our new facilities manager is working with the Chancellor's Office to get us funding for upgrades. Ovens for color case hardening, etc. are being moved outside so they won't heat up the shop. The Cerakote oven will stay inside with the new paint booth.

#### **B. Activation of new program**

We cannot advertise our new program until it has been approved by the Chancellor's Office.

Are the Course Outlines of Record fluid documents? Changes can be made, but they have to go through the process. Substantive changes must be approved in the fall for implementation the following fall.

**ACTION:** Motion made by Jake Floyd to approve the new curriculum and degree plan for the program (courses, associate's degree and two certificates of achievement). Second by Wes Brians. All in favor, the motion passed.

#### **C. Deactivation of current program**

The current program will remain in effect through May 2023 to allow all current second year students to complete the program.

**ACTION:** Motion made by Wes Brians to deactivate the current curriculum and degree plan for the program after May 2023. Second by Dan Musante. All in favor, the motion passed.

### **III. DISCUSSION ITEMS**

#### **Advertising**

We need to get the word out about our new program. Members were asked to brainstorm ideas for advertising and marketing.

Member Mike Lake was unable to attend the meeting, but emailed his suggestions: High Schools, Job Fairs or any place Military Recruiters attend, Rifleman magazine, Fish & Game programs, youth programs.

Jake Floyd has contacts at the Marine Corps Combat Center at 29 Palms. They do all education centers for Military installations. Michell Williams asked Jake to forward any contacts or contact info. Jake can get west coast contacts to Buck. Would getting east coast contacts be effective? Yes, we can at least mail them flyers.

Mike Lake met John Martin at a gun show. We haven't been to shows recently and gun shows have been impacted by Covid restrictions. Our plan is to return to gun shows as soon as we get Chancellor's Office approval for the program. Michell Williams extended an invitation to Adjuncts to help man the LCC booth at gun shows. There are usually funds available to pay you for your time. Please contact Michell if you're interested.

### **V. ADJOURNMENT**

Michell Williams thanked everyone for their support of the program.

**ACTION:** Motion made by Dan Musante to adjourn the meeting. Second by Jake Floyd. All in favor, the meeting was adjourned at 5:00pm.

---

## EMAILS FROM COMMITTEE MEMBERS NOT PRESENT AT THE MEETING:

---

Hi Buck,

The new curriculum looks very good to me! I like the semester-long class model much better than the one-week setup.

As for advertising, my thoughts are as follows:

- Get in front of High School students before they graduate. Look for Job Fairs and other places that on-campus recruitment is done, just like the military and larger colleges do.
- Advertise through the NRA in American Rifleman and American Hunter magazines.
- Make contact with Fish & Game Departments in the Western states – all of them have youth programs for mentored hunts, Hunter Education, and other programs that would be great places to distribute a flyer that markets the program.
- Contact the State Unemployment Division. They have programs that pay for re-education of displaced workers, and your program may qualify.

Hope you guys are doing well! Tell John “hi” for me –

Best,  
**Mike Lake**

## SUMMARY

The North/Far North of Excellence for Labor Market Research prepared this report to provide a labor market analysis of educational supply and occupational demand for middle-skilled career pathways in the North/Far North region. This report aims to determine if demand in the local labor market is unmet by the supply from existing community college programs and other postsecondary training providers.

This report primarily focuses on training that leads to jobs in middle-skilled occupations - jobs that typically require education beyond a high school diploma but less than a Bachelor's degree - but may include higher-skilled occupations for training pathways that lead to a bachelor's degree. Lowered skilled occupations are rarely considered in this type of analysis due to the lessened barriers for entry-level work, such as no formal education and on-the-job training requirements.

Key findings include:

- The traditional labor market information provided represents a broad range of jobs beyond the scope of Gunsmithing.
- Analysis of job postings yielded opportunities for employment under the traditional employer-worker model, suggesting that many gunsmiths are self-employed. At this point, there is very little to no labor market data about gunsmiths.
- Lassen conferred an average of 26 awards (certificates and associate degrees) in Gunsmithing programs over the last three academic years (2018-19 through 2020-21).

Recommendations include:

---

- The North/Far North Center of Excellence does not recommend creating new gunsmithing programs at this point due to limited labor market data.
- The North/Far North Center of Excellence recommends that Lassen Community College move forward with chaptering its existing gunsmithing program at the Chancellor's Office.

## INTRODUCTION

The North/Far North Center of Excellence (COE) was asked to provide labor market information for a proposed program at a regional community college. This report focuses on the following Standard Occupational Classification (SOC) occupations and codes:

- Installation, Maintenance, and Repair Workers, All Other (49-9099)
- Assemblers and Fabricators, All Other (51-2099)
- Molding, Coremaking, and Casting Machine Setters, Operators, and Tenders, Metal and Plastic (51-4072)
- Multiple Machine Tool Setters, Operators, and Tenders, Metal and Plastic (51-4081)
- Metal Workers and Plastic Workers, All Other (51-4199)

A review of related programs revealed the following Taxonomy of Programs (TOP) title(s) and code(s) are appropriate for inclusion in this report:

- Other Engineering and Related Industrial Technologies (0999.00)

The corresponding Classification of Instructional Program (CIP) title(s) and code(s) are:

- Gunsmithing/Gunsmith (47.0402)

Description of occupations included in this report:

Installation, Maintenance, and Repair Workers, All Other (49-9099)	
<b>Description:</b>	All installation, maintenance, and repair workers not listed separately.
<b>Sample of reported job titles:</b>	N/A

### Assemblers and Fabricators, All Other (51-2099)

<b>Description:</b>	All assemblers and fabricators not listed separately. Miscellaneous assemblers and fabricators.
<b>Sample of reported job titles:</b>	N/A

4

### Molding, Coremaking, and Casting Machine Setters, Operators, and Tenders, Metal and Plastic (51-4072)

<b>Description:</b>	Set up, operate, or tend metal or plastic molding, casting, or coremaking machines to mold or cast metal or thermoplastic parts or products.
<b>Sample of reported job titles:</b>	Core Machine Operator, Die Cast Technician, Diecast Machine Operator, Machine Operator, Mold Setter, Mold Technician, Molder, Process Technician, Production Technician

### Multiple Machine Tool Setters, Operators, and Tenders, Metal and Plastic (51-4081)

<b>Description:</b>	Set up, operate, or tend more than one type of cutting or forming machine tool or robot.
<b>Sample of reported job titles:</b>	Cell Technician, CNC Machine Setter (Computer Numerically Controlled Machine Setter), Fabrication Set-Up Person, Injection Molding Technician, Machine Operator, Machine Technician, Mold Setter, Production Operator, Shear Operator, Tooling Set-Up Person

### Metal Workers and Plastic Workers, All Other (51-4199)

<b>Description:</b>	All metal workers and plastic workers not listed separately.
<b>Sample of reported job titles:</b>	N/A

5

## OCCUPATIONAL DEMAND

---

Exhibit 1 summarizes the five-year projected job growth for middle-skill and high-skill occupations in the North/Far North and California.

**Exhibit 1. Employment and projected demand, 2020-2025**

Occupation	2020 Jobs	2025 Jobs	2020-2025 Change	2020-2025 % Change	2020-2025 Annual Openings
Installation, Maintenance, and Repair Workers, All Other	2,694	2,849	155	6%	318
Miscellaneous Assemblers and Fabricators	6,242	6,207	(34)	(1%)	680
Molding, Coremaking, and Casting Machine Setters, Operators, and Tenders, Metal and Plastic	321	363	42	13%	43
Multiple Machine Tool Setters, Operators, and Tenders, Metal and Plastic	241	284	43	18%	35
Metal Workers and Plastic Workers, All Other	188	184	(4)	(2%)	20
<b>North/Far North</b>	<b>9,686</b>	<b>9,887</b>	<b>201</b>	<b>2%</b>	<b>1,095</b>
Installation, Maintenance, and Repair Workers, All Other	24,368	24,288	(80)	(0%)	2,589
Miscellaneous Assemblers and Fabricators	102,518	103,048	530	1%	12,164
Molding, Coremaking, and Casting Machine Setters, Operators, and Tenders, Metal and Plastic	7,669	7,582	(87)	(1%)	818
Multiple Machine Tool Setters, Operators, and Tenders, Metal and Plastic	6,275	6,781	505	8%	786
Metal Workers and Plastic Workers, All Other	2,293	2,256	(38)	(2%)	243
<b>California</b>	<b>143,123</b>	<b>143,955</b>	<b>831</b>	<b>1%</b>	<b>16,600</b>

Exhibit 2 compares the percent change in jobs between 2015 through 2020 and the projected changes through 2025. The rate of change is indexed to the total number of jobs in 2015.

**Exhibit 2. Changes in employment, 2015-2025**

# WAGES

North/Far North - Historical      North/Far North - Projected California - Historical      California - Projected

Exhibit 3 compares the entry-level, median, and experienced wages for the selected occupations to the North/Far North living wage for a single adult - \$12.29 per hour.<sup>1</sup>

## Exhibit 3. Comparison of wages by occupation, 2020

Installation, Maintenance, and Repair Workers, All Other

**\$16.38**

**\$20.61**

**\$27.15**

Miscellaneous Assemblers and Fabricators

Molding, Coremaking, and Casting Machine Setters, Operators, and Tenders, Metal and Plastic

\$14.20

\$13.52

\$16.43 \$19.97

\$15.39 \$19.32

Multiple Machine Tool Setters, Operators, and Tenders, Metal and Plastic

\$14.84

\$21.69

\$26.82

Metal Workers and Plastic Workers, All Other

\$13.72

\$15.87 \$19.94

\$- \$5.00 \$10.00 \$15.00 \$20.00 \$25.00 \$30.00

Living Wage - Single Adult (\$12.29)

<sup>1</sup> Living wage is defined as the level of income a single adult with no children must earn to meet basic needs, including food, housing, transportation, healthcare, taxes, and other miscellaneous basic needs. The 25th-percentile and 75th-percentile hourly wages are used as proxy for entry-level and experienced-level wages.

## JOB POSTINGS

This section analyzes recent data from online job postings (real-time LMI). Online job postings may provide additional insight into recent changes in the labor market that are not captured by historical trends.

The North/Far North COE identified 638 online job postings for the selected occupations across the 22-county North/Far North region. Job posting data comes from Burning Glass Labor Insights and represents new listings posted online within the last year, from May 1, 2021, to April 30, 2022.

### Occupations and Job Titles

Exhibit 4 details the number of online job postings for the selected occupations.

#### Exhibit 4. Number of job postings by occupation

Occupation	Job Postings	Share of Job Postings
Installation, Maintenance, and Repair Workers, All Other	530	83%
Assemblers and Fabricators, All Other	95	15%
Multiple Machine Tool Setters, Operators, and Tenders, Metal and Plastic	5	1%
Metal Workers and Plastic Workers, All Other	5	1%
Molding, Coremaking, and Casting Machine Setters, Operators, and Tenders, Metal and Plastic	3	0%
<b>Total Job Postings</b>	<b>638</b>	<b>100%</b>

Exhibit 5 shows the top 10 job titles with the most job postings and the share. All job postings included a job title. Most of the 150 job titles were for repair and service technicians, while none were for gunsmiths.

#### Exhibit 5. Top jobs titles

Job Title	Job Postings	Share of Job Postings
Service Technician	51	8%
Repair Technician	47	7%

8

Job Title	Job Postings	Share of Job Postings
Maintenance Mechanic	44	7%
Pool Technician	40	6%
Auto Service Technician - Consistent Workflow	36	6%
Entry Level Service Technician	32	5%
Senior Service Technician	30	5%
Master Service Technician	29	5%

Advanced Service Technician	23	4%
Pallet Repairman	15	2%

## Job Postings for Gunsmiths

To identify real-time LMI for gunsmiths, the North/Far North COE conducted a job posting search for gunsmiths utilizing job titles and skills in the 22-county region of the North/Far North. Exhibit 6 summarizes the job titles and skills used in the job posting search.

The North/Far North COE identified 53 online job postings related to Gunsmithing in the North/Far North region posted within the last three years (January 1, 2019 - April 30, 2022). All identified job postings came from the job title search; a skills search resulted in 0 job postings.

### Exhibit 6. Job title and skill search terms for Gunsmiths in NFN

Job Titles (n = 53)	Skills (n = 0)
Gunsmith	Gunsmith
Gun smith	Firearm repair
Armorer	Firearm maintenance
Gun*	Weapon(s) repair
	Weapon(s) maintenance

\* Note: Using the job title search term "Gun" resulted in 52 of the 53 job postings. However, most of these job postings were for jobs involving the sale/resale of firearms and related accessories (i.e., ammunition and safes) in retail shops (i.e., Bass Pro, Cabela's, Liberty Safes, etc.). Only one of the 53 job titles was explicitly for a gunsmith.

## EDUCATION AND TRAINING

The U.S. Census Bureau and Bureau of Labor Statistics collected data on education achieved by workers employed in occupations. Exhibit 11 shows the national-level educational attainment of the current workforce in the selected occupations.

### Exhibit 11. National worker educational attainment for selected occupations, 2019

Installation,

Miscellaneous

Molding, Coremaking, Multiple Machine Tool

Metal Workers and

Maintenance, and Repair Workers, All Other

Assemblers and Fabricators

and Casting Machine Setters, Operators, and Tenders, Metal and Plastic

Setters, Operators, and Tenders, Metal and Plastic

Plastic Workers, All Other

High school or less

Some college

Associates

Bachelor's

Master's or Doctoral

The Bureau of Labor Statistics (BLS) uses a system to assign categories for entry-level education, work ~~experience in a related occupation, and typical on-the-job training to each occupation for which the BLS~~

publishes projections data. Exhibit 12 shows the skill level and entry-level job requirements for the selected occupations.

**Exhibit 12. Typical education, work experience, and on-the-job training requirements**

Occupation	Typical Entry-level Education	Work Experience Required	On-the-job Training Required
Installation, Maintenance, and Repair Workers, All Other	High school diploma or equivalent	None	Long-term on-the-job training
Miscellaneous Assemblers and Fabricators	High school diploma or equivalent	None	Moderate-term on-the-job training
Molding, Coremaking, and Casting	High school diploma	None	Moderate-term on-

10

Occupation	Typical Entry-level Education	Work Experience Required	On-the-job Training Required
Machine Setters, Operators, and Tenders, Metal and Plastic	or equivalent		the-job training
Multiple Machine Tool Setters, Operators, and Tenders, Metal and Plastic	High school diploma or equivalent	None	Moderate-term on-the-job training
Metal Workers and Plastic Workers, All Other	High school diploma or equivalent	None	Moderate-term on-the-job training

**Certifications and Licensing**

Gunsmithing is a federally licensed occupation. Individuals looking to sell and service firearms must hold a Federal Firearms License (FFL) from the Bureau of Alcohol, Tobacco, and Firearms (ATF).<sup>2</sup> Gunsmiths in California must also complete additional background checks and certifications through the State of California Department of Justice (DOJ) Bureau of Firearms.

**EDUCATIONAL SUPPLY**

Educational supply for an occupation can be estimated by analyzing the number of awards issued in related Taxonomy of Programs (TOP) or Classification of Instructional Programs (CIP) codes. Exhibit 13 shows the TOP and CIP codes for educational programs related to the selected occupations.

**Exhibit 13. TOP and CIP codes for training programs related to the selected occupations**

13

## FINDINGS

- This report focuses on Gunsmithing in the North/Far North region. A gunsmith is a person who repairs, modifies, designs or builds firearms or guns.<sup>4</sup> Gunsmiths may also sell firearms.
- Five occupations were selected for inclusion in this report, including Installation, Maintenance, and Repair Workers, All Other (49-9099), Assemblers and Fabricators, All Other (51-2099), Molding, Coremaking, and Casting Machine Setters, Operators, and Tenders, Metal and Plastic (51-4072), Multiple Machine Tool Setters, Operators, and Tenders, Metal and Plastic (51-4081), and Metal Workers and Plastic Workers, All Other (51-4199).
- Assessing labor market demand for Gunsmithing jobs is an inherently difficult task. There is no singular occupational code that aligns with the gunsmith job. Five occupations were selected for this report to approximate the size of the labor market. However, many other jobs exist within these occupations. As a result, the traditional labor market information provided represents a broad range of jobs beyond the scope of Gunsmithing.
- Analysis of job postings yielded opportunities for employment under the traditional employer-worker model, suggesting that many gunsmiths are self-employed. At this point, there is very little to no labor market data about gunsmiths.
- Lassen Community College's Gunsmithing programs are the oldest (established in 1945) programs in the United States and the only NRA-approved Gunsmithing programs offered in California. Lassen conferred an average of 26 awards (certificates and associate degrees) in Gunsmithing programs over the last three academic years (2018-19 through 2020-21).

<sup>4</sup> Sourced from <https://www.atf.gov/firearms/docs/ruling/2015-1-manufacturing-and-gunsmithing> on May 24, 2022.

## RECOMMENDATIONS

- There isn't enough data to conclude whether or not Lassen's Gunsmithing program is filling an unmet labor market need, and occupational demand data for gunsmiths is extremely limited.
- However, Lassen's Gunsmithing programs are unique, and despite a COVID-related drop in awards during the 2019-2020 academic year, interest in the program remains strong.
- The North/Far North Center of Excellence does not recommend creating new gunsmithing programs at this point due to limited labor market data.
- The North/Far North Center of Excellence recommends that Lassen Community College move forward with chaptering its existing gunsmithing program at the Chancellor's Office.

## APPENDIX A. METHODOLOGY AND SOURCES

This report identified Occupations using the Center of Excellence TOP-to-CIP-to-SOC crosswalk and O\*Net OnLine. This report's findings were determined using labor market data from the Bureau of Labor Statistics (BLS), U.S. Census Bureau data from Emsi, and jobs posting data from Burning Glass.

North/Far North Center of Excellence

[Ebony.Benzing@losrios.edu](mailto:Ebony.Benzing@losrios.edu)

**COVID-19 Statement:** This report includes employment projection data by EMSI. EMSI's projections are modeled on recorded (historical) employment figures and incorporate several underlying assumptions, including the assumption that the economy during the projection period will be at approximately full employment or potential output. To the extent that a recession or labor shock, such as the economic effects of COVID-19, can cause long-term structural change, they may impact the projections. At this time, it is not possible to quantify the impact of COVID-19 on projections of industry and occupational employment. Other measures such as unemployment rates and monthly industry employment estimates will reflect the most recent information on employment and jobs in the state and, in combination with input from local employers, may help validate current and future employment needs as depicted here.

**Important Disclaimer:** All representations included in this report have been produced from primary research and/or secondary review of publicly and/or privately available data and/or research reports. Efforts have been made to qualify and validate the accuracy of the data and the reported findings; however, neither the Centers of Excellence, COE host District, nor California Community Colleges Chancellor's Office are responsible for applications or decisions made by recipient community colleges or their representatives based upon components or recommendations contained in this study.

# Instructional Program Review

Program: Studio Art

Academic Year:

Author(s):

Accepted by Academic Senate: Accepted by Consultation Council: Accepted by Governing Board

# Executive Summary

The executive summary should be a consolidation of key findings, program plans, and participants that contributed to the review

# SECTION 1: ACADEMIC PLANNING

Program Overview, Objectives, and Student Learning Outcomes

- Describe the program (types of degrees offered, jobs/industries/transfer pathways associated with the program, faculty members in program)
- Describe and evaluate the program objectives against the LCC strategic plan, specifically the mission statement and strategic goals
- Evaluate any changes in the program since last review. Include summary of Annual Updates completed since last review. Regular program assessment will drive program improvements.

## Student Achievement and Learning Outcomes

### Trends and Patterns in Student Achievement

## Achievement

Based on your review of the data trends above (e.g., course success, retention, awards) please provide an analysis of achievement gaps and accomplishments in the program.

## Equity

Based on your review of the data trends above (e.g., course success, retention) please provide a narrative to outline opportunities to address any equity gaps.

## Student Learning Outcomes

SLO assessment is important to maintain and improve an effective learning experience for LCC students. Evaluating SLO results regularly is helpful for evaluating student learning and identifying emerging program needs. There is a link between SLO assessment results, SLO improvement plans and review of curriculum and/or budget requests. Regular program assessment will drive program improvement. These records are maintained in the online Data Management and Visualization tool (TABLEAU) and are available for review by faculty at any time through its self-updating, interactive dashboards, and reports. Feedback and narrative from the Share Point tool will be included in the reports.

\*By contract, faculty are required to prepare and submit an SLO Assessment Plan for each class within one week of the first-class meeting and implementation of the assessment method as indicated on the SLO Plan for each class. Submission of the (a) results of the assessment methods and (b) steps taken as result of the assessment withing five (5) District business days after the last scheduled meeting of the class. Both submissions will be made in accordance with District tracking procedures (I.e., may be paper-based or electronic).

- Provide an analysis of findings of the assessments completed and recommendations being made in individual assessments.
- Consider the impact or influence of the assessment results at the program level.
- Identify and evaluate the Program Student Learning Outcomes including the relationship between course, program and institutional student learning outcomes utilizing information provided by the Office of Institutional Effectiveness.

## Curriculum

### Degrees and/or Certificates

Degree or Certificate Title	Award Type	Term of Last Revision
AA Studio Arts for Transfer	AA-T	
AA Studio Arts for Transfer-CSU	AA-T	
AA Studio Arts for Transfer-IGETC	AA-T	

Provide a narrative of revisions made.

### Courses

Summarize curriculum revisions, new course adoptions, and/or course deletions since the last program review. Describe the program accomplishments and/or changes (e.g., major revisions, additions, etc.). All courses need to be submitted to the Curriculum Committee for revision at least once every five years.

Whether changes to a course outline are necessary or not, a Revision to Existing Course Form for each course must be completed and submitted to the Curriculum/Academic Standards Committee for action. If all the courses in the certificate or degree are reviewed at one time, a single Program revision form can be used. If there are changes made to a course, the changes must be noted on the revision form. When reviewing a single course and changes are necessary, indicate the revisions on the form. Where no changes are necessary, simply indicate on the Revision Form that “the course has been reviewed as part of the program review and no changes are necessary.” All program certificates, degrees, PSLO maps, and SLO maps are also required to be reviewed and updated if necessary. PSLO maps require a program revision form and course SLO maps require a course revision form. If all maps are reviewed at the same time, a single program revision form can be used. Advising plans also need to be reviewed and updated. A program revision form is used to review and update the advising plan if necessary. Revision forms will be retained in the Instructional Office with the Curriculum agenda packets.

Following the Curriculum/Academic Standards Committee action on all submitted Revision to Existing Course Forms, a summary Instructional Program Curriculum Review Form will be completed by the Curriculum/Academic Standards Subcommittee Chair and given to the program faculty for inclusion in the program review.

The signed Instructional Program Curriculum Review Form is to be included with your completed program review documents for all certificates and degrees.

Course	Last Offered	Term of Last Revision
ART-1A: Two-Dimensional Design		
ART-1B: Three-Dimensional Design		
ART-2: Drawing		
ART-3: Beginning Life Drawing		
ART-6: Prehist/Renaissance		
ART-7: Survey of Art Histo		
ART-8: Art Appreciation		
ART-10A: Beginning Painting		
ART-10B: Intermediate Painting		
ART-10C: Advanced Painting		
ART-10D: Portfolio Painting		
ART-19A: Beginning Digital Photography		

ART-19B: Inter. Digital Photography		
ART-19C: Advanced Digital Photography		
ART-19D: Portfolio Digital Photography		
ART-21: Digital Illustration 1		
ART-23: Beginning Printmaking		
ART-25: Graphic Design I		
ART-36A: Beginning Ceramics		
ART-36B: Intermediate Ceramics		
ART-36C: Advanced Ceramics		
ART-36D: Portfolio Ceramics		
ART-49: Art Work Experience		
ART-50: Welding for Artists		
FILM-1: History of the Cinema		

Provide a narrative of revisions made.

#### Articulation/Integration of Curriculum

- Attach a tabular comparison of Lassen Community College courses articulating with UC and CSU, indicating courses with approved C-ID designations as applicable (Obtain copies of Articulation Agreements from the Transfer Center / Articulation Officer)
- Provide a narrative reviewing the Lassen Community College courses and courses at four-year institutions for course alignment. (e.g., two courses at Lassen needed to articulate with one course at UC) and the unit requirements for Lassen Community College courses as compared to four-year institutions.

#### External Compliance

Provide a summary of any compliance regulations (e.g., accreditation, accessibility), actions taken, and gaps identified.

#### External Analysis: Job Market Assessment

Provide a summary of Industry Advisory Board suggestions and market data. The market data will be populated for Career Technical Education programs only

#### Program Planning and Communication Strategies

Describe the communication methods and interaction strategies used by your program faculty and administrators to discuss program-level planning, curriculum, SLOs, PSLOs, equity, student achievement, and institutional performance data.

#### Academic Planning Analysis Summary

Summarize the key findings from the program analysis and outline opportunities for change.

## Section 2: Human Resource Planning

### Workload and Staffing Assessment

Year	F/T Faculty	P/T Faculty
Previous Year		
Current Year		
Next 2 Years		

Provide a narrative that describes the program's faculty staffing trends and develop a projection for the two years. Discuss the extent to which your current faculty staffing structure meets or does not meet your program's needs and/or initiatives. Please describe what strategies will be used to diversify your staffing (e.g., education, expertise/skillsets, areas of interest, demographics).

### Professional Development

Provide a description and associated outcomes related to the program's target professional development participation over since the last program review. Discuss the current professional development/training need(s) of your program, and why this need(s) exists. If you have specific trainings you want to request, please include those details.

## Section 3: Infrastructure Planning

### Facilities

- Describe and evaluate the Lassen Community College facilities available to the program.
- Describe and evaluate additional facilities utilized off-campus by the program
- Describe any facilities needs identified internal or external analysis
- Justify any proposed modifications or additions to existing facilities that would better serve the program planned for the program review cycle.

### Equipment

- Describe and evaluate equipment and equipment support provided for instruction and instructional support

### Technology

- Describe and evaluate technology and technology support provided for instruction and instructional support.
- Justify any proposed modifications or additions to existing technology that would better serve the program planned for the next four years.

## Section 4: Program Planning

Progress update on previous action plans

Action Plan	Progress Detail	Outcomes

### Strengths, Weaknesses, Opportunities, Threats (SWOT) Analysis

Complete SWOT analysis

Strengths	
Weaknesses	
Opportunities	
Threats	

### Program Plan

Develop a program action plan based on the findings of the SWOT Analysis. The plan should specify should aligns with one or more College Goals. SLO maps may be utilized to help show the connection.

- How do the action plans align with the mission of the college?
- What strategic goals do the action plans support?
- What ISLOs do the action plans support?
- What specific evidence (e.g., SLOs, data) support the action plans?
- Based on the action plans what resources are needed?
- What are the expected outcomes of the action plans?
- What is the total cost of bringing the action plan to life?

Action Plan	Supporting Evidence	Expected Outcome	Resource(s) to Achieve the Action Plan	Resource Category	Estimated Cost	Expense Type	Priority Ranking
Example 2: Update the automotive equipment to support relevant learning and job readiness	Course Success and Retention Rates	Increase success and retention rates	Cool Auto thing + training	Equipment	\$5,000	One-Time	1

# 2023 Annual Fiscal Report Questions California Community College (Fiscal Year 2021-2022) - Single College District: [contact("organization")]

## 2. Section 1 - General Information:

**College name:**

Lassen Community College

**2. District name (if different from college name, otherwise enter 'n/a'):**

Lassen Community College District

**3. Contact information for Chief Business Officers:**

**Name of College/District Chief Business Officer (CBO)**

David Corley

**Title of College/District CBO**

Interim VP of Admin. Services

**Phone number of College/District CBO**

530-251-8826

**E-mail of College/District CBO**

dcorley@lassencollege.edu

## 3. Section 2 - Revenue:

**4. Revenue (Source: Unrestricted General Fund, CCFS 311 Annual, Revenues, Expenditures, and Fund Balance)**

	FY 19/20 (\$)	FY 20/21 (\$)	FY 21/22 (\$)
4a. Total Unrestricted General Fund Revenues (excluding account 8900)	21,062,543	17,173,758	20,195,499
4b. Other Unrestricted Financing Sources (account 8900) (if none, please enter 0)	27,004	27,346	47,798

## 4. Section 2 - Revenue (Part 2)

**4bi. On the previous page, you listed \$27,004 in revenue from non-General Fund resources in FY 19/20. Please describe the two primary sources for this revenue. (List no more than 2).**

	Description	Amount (\$)	Sustainable/One-time/HEERF
FY 19/20 (1)	Incoming Transfer	27004	One-Time
FY 19/20 (2)			

**4bi. On the previous page, you listed \$27,346 in revenue from non-General Fund resources in FY 20/21. Please describe the two primary sources for this revenue. (List no more than 2).**

	Description	Amount (\$)	Sustainable/One-time/HEERF
FY 20/21 (1)	Incoming Transfer	27,346	One-Time
FY 20/21 (2)			

4bi. On the previous page, you listed \$47,798 in revenue from non-General Fund resources in FY 21/22 . Please describe the two primary sources for this revenue. (List no more than 2).

	Description	Amount (\$)	Sustainable/One-time/HEERF
FY 21/22 (1)	Incoming Transfer	47,798	One-Time
FY 21/22 (2)			

**5. Unrestricted General Fund Beginning/Ending Balance**

	FY 19/20 (\$)	FY 20/21 (\$)	FY 21/22 (\$)
a. Net (Adjusted) Unrestricted General Fund Beginning Balance <i>Use adjusted unrestricted beginning fund balance from CCFS 311 Annual.</i>	1,361,261	5,040,536	7,173,758
b. Net Unrestricted General Fund Ending Balance, including transfers in/out <i>This amount is the amount reported on the CCFS 311 report after transfers in/out</i>	5,040,536	7,173,758	8,852,346

**5. Section 3 - Expenditures/Transfers (General Fund Expenditures/Operating Expenditures):**

**6. Expenditures (Source: Unrestricted General Fund, CCFS 311 Annual, Revenues, Expenditures, and Fund Balance)**

	FY 19/20 (\$)	FY 20/21 (\$)	FY 21/22 (\$)
a. Total Unrestricted General Fund Expenditures (including account 7000)	17,411,167	16,846,700	18,834,625
b. Total Unrestricted General Fund Salaries and Benefits (accounts 1000, 2000, 3000)	14,002,892	13,824,312	15,277,185
c. Other Unrestricted General Fund Expenses (6a-6b)	442,783	54,096	3,557,440
d. Unrestricted General Fund Ending Balance <i>6.d. same as 5.b., which includes transfers in/out</i>	5,040,537	7,173,758	8,852,346

**6. Section 4 - Liabilities - Debt:**

**7. Did the District borrow funds for cash flow purposes?**

	Yes	No
FY 19/20		X
FY 20/21	X	
FY 21/22		X

**8. Total Borrowing/Debt – Unrestricted General Fund**

	FY 19/20 (\$)	FY 20/21 (\$)	FY 21/22 (\$)
8a. Short-Term Borrowing (TRANS, etc.) <i>List total short-term Unrestricted General Fund Borrowing/Debt</i>	0	1,750,000	0
8b. Long-Term Debt (COPs, Capital Leases, other long-term borrowing) <i>In 8.b. list <u>total</u> long-term Unrestricted General Fund Borrowing/Debt (not G.O. Bonds)</i>	0	0	0

**9. Did the District issue unrestricted long-term debt instruments or other new borrowing (not G.O. Bonds) during the fiscal year?**

	Yes	No
FY 19/20		X
FY 20/21		X
FY 21/22		X

**9a. If you answered YES for any year in question 9, please indicate what type. Enter n/a if not applicable.**

	FY 19/20	FY 20/21	FY 21/22
Please indicate what type of long-term debt instruments or new borrowing the college issued.	n/a	n/a	n/a

**9b. If you answered YES for any year in question 9, please indicate amounts. Enter n/a if you answered NO.**

	FY 19/20 (\$)	FY 20/21 (\$)	FY 21/22 (\$)
Total amount for debt instruments/borrowing entered for question.	n/a	n/a	n/a

**10. Debt Service Payments (Unrestricted General Fund)**

	FY 19/20 (\$)	FY 20/21 (\$)	FY 21/22 (\$)
Debt Service Payment Amounts <i>(include transfers made from the UGF to any other fund for the purposes of debt service payments)</i>	n/a	n/a	n/a

**7. Section 5 - Other Post-Employment Benefits (OPEBs):**

**11. Most recent actuarial year:**

**a. Total OPEB Liability (TOL) for OPEB**

237,806

**b. Fiduciary Net Position**

0

**c. Net OPEB Liability**

100

**d. Funded Ratio [Fiduciary Net Position (FNP)/TOL]**

0%

**e. Service Cost (SC)**

0

**12. Date of most recent GASB 74/75 OPEB Actuarial Report – use valuation date**

06/30/2018

**13. Has an irrevocable trust been established for OPEB liabilities?**

No

**14. OPEB Trust or Reserves (enter n/a if not applicable)**

	FY 19/20 (\$)	FY 20/21 (\$)	FY 21/22 (\$)
14a. Amount deposited into OPEB Irrevocable Trust <i>Add amounts deposited during the fiscal year. These amounts are usually included in the District's Annual Audit, and trust is referred to as Fiduciary Trust or Plan Fiduciary.</i>	0	0	0
14b. Amount deposited into non-irrevocable Reserve specifically for OPEB	0	0	0
14c. OPEB Irrevocable Trust Balance as of fiscal year end	0	0	0

**15. Has the district utilized OPEB or other special retiree benefit funds to help balance the general fund budget in 21/22?**

No

**8. Section 6 - Cash Position:**

**16. Cash Balance at June 30 from Annual CCFS 311 Report**

	FY 19/20 (\$)	FY 20/21 (\$)	FY 21/22 (\$)
Combined General Fund Balance Sheet Total (Unrestricted and Restricted – accounts 9100 through 9115)	5,987,128	7,421,872	8,792,465

**17. Does the College prepare cash flow projections during the year?**

Yes

**9. Section 7 - Annual Audit Information:**

**18. Date annual audit report for fiscal year was electronically submitted to [accjc.org](http://accjc.org), along with the institution's response to any audit exceptions**

04/13/2023

**19. List the number of audit findings (financial statement, federal compliance and state compliance) for each year**

	FY 19/20	FY 20/21	FY 21/22
19a. Number of findings (enter 0 if none)	1	2	1

**20. From Summary of Auditors Results (Annual Audit) for FY 21/22: (this is usually a single page at the beginning of the Findings and Questioned Costs section)**

Number of modified/qualified opinions, if any (enter 0 if none):

0

**10. Section 8 - Other Information:**

**21. Budgeted/Actual FTES**

	FY 19/20	FY 20/21	FY 21/22
21a. Final Adopted Budget – budgeted Full Time Equivalent Students (FTES) (Annual Target) <i>Resident FTES only.</i>	1,600	1,215	1,200
21b. Actual Full Time Equivalent Students (FTES) from Annual CCFS 320, or from more recent CCFS 320 Recal if applicable <i>Report resident FTES only. Please use actual FTES, not hold harmless FTES</i>	1,416	1,233	1,062

**22a. During the report year, did the institution settle any contracts with employee bargaining units?**

No

**22b. Did any negotiations remain open?**

Yes

**22c. How many unit contracts remained open (ongoing negotiations) for over two years? (enter 0 if none)**

2

**22d. Please use the box below to provide additional context related to ongoing negotiations.**

N/A

**23. USDE official cohort Student Loan Default Rate (FSLD)**

	Cohort Year 2017 (Published fall 2020)	Cohort Year 2018 (Published fall 2021)	Cohort Year 2019 (Published fall 2022)
Cohort 3-year rate	28.57%	17.54%	2.38%

**24a. For the report year, how many executive or senior administration leadership positions have a new permanent administrator hired into the position as of June 30, 2022?**

1

**24b. How many executive or senior administration leadership positions have been replaced with an interim, or remain vacant (no planned hire) as of June 30 2022?**

0

**24c. Please describe the leadership change(s) (Please enter 'n/a' if there were no leadership changes.)**

VP Academic Services, Interim as of 07/01/2021; VP Student Services, Interim; VP Administrative Services, Interim; Dean of Instruction (1), Interim as of 07/01/2021; Dean of Instruction (2), Interim as of 08/16/2021; Dean of Student Services, Interim as of 03/08/2022; Dean of Student Success, Equity, and Specialty Programs, Permanent as of 03/08/2022

**25. Please use this text box to provide any comments regarding the data submitted in this report (optional, no limit).**
