# Report Preparation

The Lassen Community College Midterm Report is responsive to the recommendations identified by the Accrediting Commission for Community and Junior Colleges (ACCJC), Western Association of Schools and Colleges during the team visit in Spring 2020 based on the institution's 2020 Self-Evaluation Report.

The Accreditation Workgroup was established by the Consultation Council to lead accreditation work on campus. At the January 19, 2023 meeting, the Accreditation Workgroup implemented a timeline for work on the midterm report for ACCJC (*EV 1.01 Lassen Work Group Agenda, 01-19-2023*). Work during Spring 2023 included reviewing the improvement plans from the last ISER. The midterm report timeline was also refined. At the June 1, 2023 Accreditation Workgroup meeting, writers for the various sections of the midterm report were identified (*EV 1.02 Lassen Work Group Agenda, 06-01-2023*). The timeline for the midterm report was finalized at the September 22, 2023 Workgroup meeting (*EV 1.03 Lassen Work Group Agenda, 09-22-2023*). The report will go to Academic Senate for the first read on December 12, 2023, Consultation Council on January 22, 2024, and again to Academic Senate on January 23, 2024. The report will be presented to the Board of Trustees for final approval at the February 13, 2024 meeting.

The Accreditation Workgroup is comprised of members of several constituent groups and includes:

- Carie Camacho, Interim Superintendent/President
  - Roxanna Haynes, Executive Vice President of Student and Administrative Services
  - Colleen Baker, Interim Vice President of Academic Services
  - Chad Lewis, Interim Dean of Instructional Services, ALO
  - Mitchell Williams, Dean of Instructional Services
  - Dr. Darryl Dieter, Director of Institutional Effectiveness
  - Alison Somerville, Accreditation Tri-Chair
  - Lisa Gardiner, Accreditation Tri-Chair
  - Thomas Kareck, Accreditation Tri-Chair
  - Adam Runyan, Academic Senate President
  - David Corley, Director of Information Technology
  - Tom Robb, Instructional Designer & SLO Coordinator
  - Codi Mortell, Administrative Assistant, Academic Services
-

## Plans Arising from the Self-Evaluation Process

*This section provides an update of the self-identified plans to strengthen alignment with Standards outlined by the college in its most recent Institutional Self-Evaluation Report (ISER). Colleges should describe their progress on these plans and resulting outcomes. A chart format can be used for this section of the report if appropriate. Any plans that have not yet been fully implemented should be clearly identified, and an update of the specific timelines and responsible parties in place to support completion should be provided.*

The last ISER contained a list of the self-identified plans to strengthen alignment with Standards outlined by the college. The included Midterm tracker lists the improvement plans that were accomplished (*EV. 1.04 Midterm Tracker*). The following plans are still in process or have been discontinued and include the following updates:

Fig. 1

### 1. *Improve Committee Chair Training, Standard I.A.3.*

Training for committee chairs and committee members is ongoing. Master Plan Committee Chairs meet regularly informally to discuss planning. These conversations help newer committee chairs learn the planning processes on campus and how their committee plays a key role. Shared governance committee charges are reviewed and revised as needed at the first meeting each academic year (*EV 1.05 2023-2024 Shared Governance Handbook*). Committee chairs are nominated and elected by each committee at this meeting as well. Committees, such as Curriculum and Academic Standards Committee, have an orientation at the first meeting of the academic year for new committee members and newly elected chairs (*EV 1.06 Curriculum Orientation*). A more formal committee chair training process will be designed and implemented using shared governance at the Consultation Council meetings.

2. *Improve Stability in Staffing of Key Administrative Positions, Standards I.A.3, I.C.12, IV.B.2, IV.B.5*

Progress has been made in this area. A permanent Dean of Instructional Services, Vocational Development and Programs was hired and approved at the October 2022, Board of Trustees meeting (*EV 1.07 Board of Trustees Minutes, 10-11-2022*). The Dean of Student Equity and Special Programs was permanently hired and approved at the September 2022 Board of Trustees meeting along with the Vice President of Student Services (*EV 1.08 Board of Trustees Minutes, 09-13-2022*). While interim positions are still utilized in the President/Superintendent, Vice President of Instruction, Dean of Instruction, Liberal Arts and Incarcerated Education, and Dean of Student Services, work continues making these permanent positions. All administrative positions are currently filled. All administrative positions will be made permanent by Fall 2025. An Institutional Researcher was hired and started on October 23, 2023, and approved at the November 2023 Board of Trustees meeting (*EV 1.09 Board of Trustees Minutes, 11-14-2023*).

3. *Establish effectiveness measures for statewide initiatives/programs such as Guided Pathways, Student Success Support Program, Equity, and Non-Credit/Adult Education, Standard II.A.4*

Standardized effectiveness measures for programs such as Guided Pathways, Student Success Support Program, Equity, and Non-Credit/Adult Education programs are reported in NOVA (*EV 1.10 NOVA SEAP Student Equity Plan*), (*EV 1.11 2022-2025 SEAP Student Equity Plan*). The data collection and reporting requirements are monitored by the CSSO, CIO, and Institutional Researcher. The calendar from various agencies such as the California Community Colleges Chancellor's Office and ACCJC are utilized to turn in required reporting documents (*EV 1.12 Chancellors Office Annual Reporting Calendar*), (*EV 1.13 2023 Annual Report Survey Link and Instructions*). The Lassen Community College Planning and Budgeting Annual Timeline is also utilized to keep required reporting on track (*EV 1.14 Planning and Resource Allocation Timeline*).

4. *Pursue the addition and installation of security devices to allow monitoring of the Academic Resource Center's two levels, Standards II.B.2 & II.B.4*

This project was discontinued as the Academic Resource Center was moved the Fall 2022, so this is no longer an issue.

5. *Reconfiguration of space to accommodate specific usage, Standard II.B.2*

This project was discontinued as the Academic Resource Center was moved the Fall 2022, so this is no longer an issue.

6. *Develop system to gather data and create a timeline for report deadlines, Standard II.C*

Lassen Community College follows a planning and budgeting timeline that is reviewed and updated annually. The most recent timeline was presented at the September 25, 2023 Consultation Council meeting (*EV 1.15 Consultation Council Agenda, 09-25-2023*). The Planning and Budget timeline includes dated responsibilities for the President's Cabinet, Board of Trustees, Academic Senate, Consultation Council, Office of Institutional Effectiveness, Planning Committees, and the Budget Committee (*EV 1.16 Planning and Resource Allocation Timeline*). This timeline allows the college to stay current on campus planning processes such as program review, budget development, and master plans.

7. *Perform regular validity studies placement measures and pre-requisites, Standard II.C*

This project was discontinued as it was no longer needed. The focus of this project was primarily Math and English courses; however, when AB 705 was implemented, students are now required to complete transfer level Math and English courses their first year and pre-requisites were no longer considered for these areas.

8. *Create one system to house all data, Standard II.C*

This project is ongoing. While having one system to house all data would be ideal, it is not practical. Lassen Community College has developed data dashboards that are kept current by our research consultant and Instructional Designer. These dashboards include course retention rates, course success rates, student demographics, SLO assessment results, ISLO assessment results, PSLO assessment results, disproportionate impact analysis, degrees and certificates awarded, and enrollment management (*EV 1.17 ISLO, PSLO & SLO Assessments Results*). Other reporting data is collected and housed in Ellucian.

9. *Continue scanning and securing all personnel files, Standard III.A.15*

This project is ongoing because of the sheer size of the project. A position was created to assist in this project along with other job duties. Any remaining paper files in the Human Resources department are stored in a locked room with only HR personnel having access to the files. The files are stored in a locked cabinet.

10. *Increase Emergency Response Drills, Standard III.B.1*

This is ongoing as it is a required component on campus. This is discussed in the Health and Safety committee meeting (*EV 1.18 Health and Safety Committee Minutes, 10-21-2022*). The fire alarms and extinguishers are serviced regularly to ensure operation of these systems. During fire drills a strobe light and loud horn is activated at all indoor locations to assure occupant compliance.

*11. Obtain funding to develop and implement permanent campus wayfinding solution, Standard III.B.1*

This plan has been discontinued due to a lack of funding.

*12. Obtain funding to develop an ADA transition plan, Standard III.B.2*

This plan is ongoing, and portions are completed as funding allows. Several projects have been completed. Some sidewalks that were cracked and heaving on campus have been ground and leveled. Various potholes and cracks in the parking lots on campus were filled and sealed. The main entry circle drive was repaired to improve the surface where bus drop-off and pick-up areas are located (*EV 1.19 2022-2027 Facilities Master Plan*). Future plans include sidewalk repair and bathroom remodels in various campus buildings.

*13. Increase facilities and operations budget to a level that more appropriately sustains the campus, Standard III.B.4*

This process is ongoing. For a budget increase to the facilities and operations budget to happen, the planning and budget process must be followed. As stated in the Institutional Planning and Budget Development Process Handbook, all budget needs must be stated in the program review to be included in the budget process (*EV 1.20 2022-2023 Planning and Budget Development Handbook*). Budget requests are prioritized and approved through this process. Budget restraints result in all requests not being funded.

*14. Update Security Policies and Practices, Standard III.C.1*

This project is ongoing. Information technology security is critical for campus and is continuously being evaluated and improved. As stated in the most recently approved IT master plan, data security strengths and weaknesses are being assessed and improved (*EV 1.21 2023-2028 ITMP*). An example of the ongoing nature of this project is the recent implementation of the multifactor authentication for employees accessing network resources (*EV 1.22 SSO Portal Guard Update, Email, 12-08-2023*).

*15. Incorporate all the New Federal requirements as described in our 2019 Audit findings, Standard III.D.7*

This project is ongoing. New Federal requirements are monitored and implemented by the financial aid and student services departments. An annual comprehensive financial audit is performed to verify, among other things, that the College is in “compliance with applicable federal and California laws and regulations” (*EV 1.23 Board of Trustees Agenda, 02-14-2023*).

*16. Submit program reviews and master plans on time, Standard IV.B.3*

This project is ongoing. Program review and master plans are an integral part of the planning and governance process at Lassen Community College. The planning and resource allocation timeline is regularly reviewed and assessed (*EV 1.24 Consultation Council Agenda, 12-11-2023*). This timeline is used to track the progress of required planning activities such as program review and master plans (*EV 1.25 Planning and Resource Allocation Timeline*). All program reviews that were due Fall 2023 were approved or moving through the approval process except for the Business program review. This is due to not having a full-time Business faculty to write the program review. An extension for this program review was granted at the October 24, 2023 Academic Senate meeting (*EV 1.26 Academic Senate Minutes, 10-24-2023*).

# Institutional Reporting on Quality Improvements

## Recommendations for Improvement

*This section of the report addresses any recommendations for improvement to increase institutional effectiveness notes in the Commission Action Letter following the most recent comprehensive peer review. (If no improvement recommendations were noted in the Action Letter, this section is not required). The college should refer to the Peer Review Team Report for further information and context for each improvement recommendation. The narrative for this section should explain the manner in which each recommendation to improve was considered, and what, if anything, the college did as a result. The narrative should also note any outcomes or increases in effectiveness resulting from these improvements.*

The Commission Action Letter following the March 2020 Peer Review Team visit, requested the College address the following recommendations for improvement to increase institutional effectiveness. The following includes information that was provided in the September 2021 Follow-Up Report, with additional information to show current activity.

### **Recommendation 11:**

*“In order to improve effectiveness, the team recommends the College continue to improve its process to schedule courses in a manner that allows students to complete certificate and degree programs within an appropriate timeframe.”*

#### From the September 2021 Follow-Up Report:

In line with the Mission of Lassen Community College (LCC), Division Chairs and the Deans of Academic Services ensure that schedule development provides student friendly options for all pursuing higher education goals. This allows for “a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction.”  
(EV 2.01 Mission Statement)

The students of Lassen Community College deserve and receive educational services and quality instruction in an environment which fosters student success and equity. Lassen Community College is an educational leader and has expanded outreach and student access with an equity mindset. Lassen Community College is an economic and workforce development leader, cultural leader, and civic and social leader in the community it serves (EV 2.02 Vision).

To ensure a schedule development process that supports LCC’s Mission, Institutional Set Standards, Strategic Goals and its Vision, courses are scheduled to allow an environment that fosters institutional effectiveness, learning opportunities, and resource management and student success.

The schedule allows students to complete certificate and degree programs within an appropriate timeframe and Institutional Set Standards (*EV 2.03 Strategic Goals*), (*EV 2.04 Institutional Set Standards*).

Lassen Community College's schedules are completed one semester at a time. The practice of producing a one-year schedule has been explored and implemented but was deemed a harmful practice as the reliance on part-time instructors caused too many changes to the schedule. This caused a disruption and an inability to provide a reliable schedule for students. A semester-by-semester schedule development timeline, by adhering to two-year educational plans, suits our students better.

During the beginning of every semester, discussions on the efficiency of scheduling, fill rate, cancellation rate and variety/number of modality offerings occur between the Division Chairs, Lead Counselor and both Instructional Deans. Over the years, by analyzing enrollment trends and success rates, we found a system that works best for the students of our small, rural college; students can transfer or complete their program in the appropriate timeframe as they can easily follow two-year scheduling plans. For instance, we do not have the student enrollment to produce a robust and consistent day, night, and online schedule. We discovered that a face-to-face day and online program served the majority of our students and allowed for enough classes to be offered so students can complete their program in the advertised and approved timeframe. Another trend/issue we analyzed and remedied was our absenteeism rate in Friday course offerings. A large portion of our students participate in school sponsored events on Fridays. This caused a high absenteeism rate and decreased student success. To accommodate this student population and improve success we now offer a portion of our general education classes in a hybrid modality. During Fall 2015 hybrid classes were introduced in a pilot program to study success rate. These courses meet on Mondays and Wednesdays with the remaining hours completed online. We have had great success with this course modality, and it is universally liked by our on-campus student population. We are in a constant state of self-evaluation and improvement.

In the process of developing each semester's schedule, Division Chairs and Instructional Deans receive a rollover schedule to review semester-to-semester course offerings. Enrollment is analyzed along with modality and time/day trends. It is important to note that rollover schedules are not used to automatically schedule classes. They are used for reference only. Division Chairs also utilize reports from our Report Server when they want to review historical scheduling and enrollment patterns. Athletic schedules are provided by the Counseling Department to Academic Services and the Division Chairs to ensure that classes are scheduled in a manner that serves our student-athletes. Our small, rural college offers few sections of general education courses so scheduling efficiently is key (*EV 2.05 Sample from Report Server*), (*EV 2.06 Sample of Athletic Schedules*), (*EV 2.07 Sample Schedule of Classes*).

Division Chairs also review two-year advising plans every semester to make sure classes advertised and approved to be offered on a specific rotation are included in the schedule. One- and two-year

advising plans are honored every semester and classes are scheduled appropriately to match advising plans. Instructors in disciplines with singular classes offered once every two years work together so those courses do not conflict with each other. An excellent example of this is how our science and math department faculty work with their Division Chair to schedule classes so that they do not overlap. Math and science students can finish their degree with singular classes never overlapping and ensuring that they can graduate in two years. To add to this equation, we have many student-athletes in these majors and have to consider athletic practice schedules.

Lassen Community College has low enrollment issues with specialty courses that are offered once every two years. The large majority of those classes are honored and scheduled no matter how low the enrollment is. If there is a situation where a class cannot be offered, the counseling department is contacted to find a substitute for the student. This is a rare occurrence. Students are always accommodated and their ability to graduate or receive a certificate is not hindered.

### **Progress on Recommendation 11 since the September 2021 Follow-Up Report:**

Since the September 2021 Follow-Up Report, Lassen Community College has furthered its efforts to improve its process to schedule courses in a manner that allows students to complete certificate and degree programs within an appropriate timeframe.

In 2021, campus leadership participated in training to expand knowledge and skills related to effective scheduling practices as part of our Institutional Effectiveness Partnership Initiative Grant (IEPI). The Institutional Innovation and Effectiveness Plan developed as part of the IEPI Grant focused on; Integrated Planning/Educational Master Plan, Strategic Enrollment Management, and Professional Development. In Spring 2021 Administration, Division Chairs, Accreditation Tri-Chairs, the Academic Senate President, the Lead Counselor, and the district's IEPI and Accreditation Consultant met with the Partnership Resource Team for the third IEPI grant visit. This meeting included training, discussion, and sharing of Strategic Enrollment Management resources (*EV 2.08 IEPI Visit, 05-11-2021*). This collaborative experience helped broaden campus discussions about student enrollment and scheduling to meet student needs.

Lassen Community College now has a process whereby in specific circumstances instructional programs may be examined in depth and be revitalized or discontinued as recommended upon completion of a thorough review. The Program Revitalization or Discontinuance policy approved March 2020 provides for review and input of identified programs by a multidisciplinary group of administrators and faculty (*EV 2.09 AP 4021 Program Revitalization or Discontinuance*). Initially this process of review and analysis was used and as a result the following programs were discontinued: Digital Graphic Design, Art History, Anthropology and Geology for Transfer (*EV 2.10 Inactivation of Digital Graphic Design, Curriculum Minutes, 10-19-2021*), (*EV 2.11 Inactivation of Art History Degree, Curriculum Minutes, 10-05-2021*), (*EV 2.12 Inactivation of Anthro Degree, Curriculum Minutes, 05-04-2021*), (*EV 2.13 Inactivation of Geology Degree, Curriculum Minutes, 03-16-2021*).

An outcome of the discontinuance of Art History seen in the Studio Art IPR data package was an increase in Studio Art degrees awarded as well as an increase in the fill rate of Studio Art courses *(EV 2.14 2023-2024 Studio Art Data Package, pages 7 & 10)*. Most recently, this process was used with the Child Development and Gunsmithing programs during 2022 -2023. As a result of this process, both programs implemented adjustments in scheduling to meet student needs and expedite time toward degree and certificate completion *(EV 2.15 Academic Senate Minutes, 11-14-2023), (EV 2.15a Academic Senate Agenda, 11-28-2023), (EV 2.15b Child Development Summary), (EV 2.16 Gunsmithing Summary)*. The Gunsmithing program changed from short-term courses to full-term courses to allow students greater ability to complete general education coursework and reduce their time toward degree completion *(EV 2.17 2023 Gunsmithing IPR)*. The Child Development Program increased the frequency of course offerings so that courses were more readily available to students, allowing them to progress with their degree/certificate in a more timely manner *(EV 2.18 CD Curriculum Action Change Advising Plan)*.

Lassen Community College devotes the same efficient scheduling practices for incarcerated students as is done for community students. Lassen Community College provides face-to-face instruction to incarcerated students at High Desert State Prison in Susanville and the Federal Correctional Institution in Herlong. Additionally, the college provides correspondence instruction to incarcerated students at 33 state correctional institutions and four federal correctional institutions. To meet incarcerated student scheduling needs, the Incarcerated Student Counselor completes educational plans with all incarcerated students and advises Academic Deans and Division Chairs on face-to-face and correspondence course scheduling needs *(EV 2.19 COR and F2F Incarcerated Students Sections Needed)*.

Scheduling efficacy is also integrated into the planning process as part of Instructional Program Review where a review of 2 year advising plans occurs to ensure that degrees and certificates can be completed in a timely manner. Faculty receive instruction on this IPR component as part of IPR Orientation *(EV 2.20 Fall 2023 IPR Orientation)*.

Student input has been sought as to preferred modes of delivery *(EV 2.21 2022 Student Instructional Mode Preference Survey)*. The results of this survey indicated students' strong preferences for fully in-person or fully online courses.

Most recently Lassen Community College is leveraging technology to meet student scheduling needs. Fall 2023 campus received video conferencing "owls" which are slated for a pilot project in Spring 2024 to offer a few course sections in a hyflex format to provide maximum flexibility in scheduling to accommodate students' varied needs. It is anticipated that the flexible attendance options hyflex provides will enable students to attend the same course section either face to face or online. This will allow students to attend courses when presented with transportation, childcare, or other similar

barriers; expedite course completion; and allow students to complete certificate and degree programs within an appropriate timeframe (EV 2.22 VP Instruction Faculty Meeting, 09-07-2023). As a result of these efforts, student outcomes are improving and increases in effectiveness are evident. The 2023 Factbook shows an increase in the 3-year transfer rate, demonstrating more students are transferring within the 3-year timeframe (EV 2.23 2023 LCC Fact Book). Student success metrics from Cal-Pass indicate a decrease in the average number of units accumulated by first-time associate degree earners. This decrease in units shows that students are taking fewer unnecessary courses that are not required for their degree which is evidence of increased efficiency in students reaching degree goals (EV 2.24 Cal-Pass, Units of First Time AA Earners).

The College has a process to schedule courses in a manner that allows students to complete certificate and degree programs within an appropriate timeframe. Lassen Community College is in a constant state of evaluating and improving its scheduling process to allow students to complete certificate and degree programs within an appropriate timeframe as measured by our achievement of Institutional Set Standards (EV 2.25 2022-2023 Institutional Set Standards Data Review, April 2023).

#### **Recommendation 12:**

*“In order to improve institutional effectiveness, the team recommends that all board policies are regularly assessed and reviewed per the district board policy (IV.C.7) (TR-43)”*

#### From the September 2021 Follow-Up Report:

In order to improve institutional effectiveness, the College has embraced the team’s recommendation to regularly assess and review all board policies per the LCC Board Policy 2410 (EV 2.26 BP 2410). The College developed a Board Policy Review Schedule tool in 2021 (EV 2.27 LCC Board Policy Review Schedule) to track the review status of all board policies and the corresponding administrative procedures by the responsible entity (Board of Trustees, President’s Office, or department) and then on through to final Board of Trustees approval. The initial focus in the effort to bring all Board Policy reviews current was on reviewing those Board Policies that were most overdue. This was approached by establishing a schedule for this review that was approved by the Academic Senate at the March 10, 2021 meeting (EV 2.28 Academic Senate Minutes, 03-10-2021), and was approved by Consultation Council at the March 22, 2021 meeting (EV 2.29 Consultation Council Minutes, 03-22-2021).

The schedule identified three steps:

- First, to “catch up,” Chapters 3 (General Institution) and 6 (Business and Fiscal Affairs), were scheduled for review in the 2021 calendar year, and Chapter 7 (Human Resources) was scheduled for review during the 2022 calendar year.

- Next, each chapter is then scheduled for review within a six-year review cycle:
  - 2021 Chapter 3 – General Institution
  - 2021 Chapter 6 - Business and Fiscal Affairs
  - 2022 Chapter 7 - Human Resources
  - 2023 Chapter 5 - Student Services
  - 2024 Chapters 1 and 2 – The District and Board of Trustees
  - 2025 Chapter 4 - Academic Affairs
- Finally, after each chapter is brought current, the overall Policy Review Schedule will then be adjusted to place each chapter on a set six-year review cycle:
  - 2026 Chapter 3 – General Institution
  - 2027 Chapter 6 - Business and Fiscal Affairs
  - 2028 Chapter 7 - Human Resources
  - 2029 Chapter 5 - Student Services
  - 2030 Chapters 1 and 2 – The District and Board of Trustees
  - 2031 Chapter 4 - Academic Affairs

Outside of this six-year review cycle, Individual Board Policies that require revision may be reviewed and revised as needed. Even if some policies are reviewed more often, as described here, the overall chapter that the individual policy falls under will still be reviewed in its entirety within the six-year review cycle.

### **Progress on Recommendation 12 since the September 2021 Follow-Up Report:**

Since the September 2021 Follow-Up Report, Lassen Community College has made progress in assessing and reviewing board policy:

Lassen Community College has made progress in using the Board Policy review schedule tool and has been responsive to challenges encountered by making adaptations where necessary. Through the district’s efforts tracking the assessment and review of Board Policies, it was determined that the initial tracking spreadsheet was cumbersome. A more streamlined tracking tool was created that will expedite the review and tracking process *(EV 2.30 Revised Policy Review Schedule, 09-22-2023)*.

In 2021, the Board of Trustees reviewed and approved Chapter 3 of the Board Policies and then further revisions in 2023 *(EV 2.31 Board of Trustees Minutes, 10-12-2021)*, *(EV 2.32 Board of Trustees Minutes, 09-12-2023)*. Assessment and review of Chapters 6 and 7 got off schedule from the initially established “catch-up” timeline due to unforeseen leaves and turnover in interim Vice Presidents of Administrative Services and Human Resources Director positions. To address this, the schedule has been revised *(EV 2.33 Academic Senate Agenda, 10-10-2023)*. In September 2023, the Board of Trustees completed its second reading and approval of Board Policy Chapter 7 - Human Resources *(EV 2.34 Board of Trustees Minutes, 09-12-2023)*. In November 2023, the Board of Trustees completed its first reading of Board Policy Chapter 6 - Business and Fiscal Affairs *(EV 2.35 Board of Trustees Minutes, 11-14-*

2023). The final read and approval of Chapter 6 - Business and Fiscal affairs was placed on the December 2023, Board of Trustees meeting (*EV 2.36 Board of Trustees Agenda, 12-12-2023*).

Review for Chapter 5 - Student Services is underway led by the Executive Vice President of Student and Administrative Services. League Revisions are being reviewed by Student Services administrators with the completion of assessment and review anticipated during Spring 2024 (*EV 2.37 Counseling Minutes, 10-04-2023*). With these reviews completed, we will continue on the established review schedule for 2024 forward.

## Reflection on Improving Institutional Performance:

### Student Learning Outcomes (Standard I.B.2)

*ACCJC Standard I.B.2 states: "The institution defines and assesses student learning outcomes for all instructional programs and student and learning support services." Reflect on assessment processes since the last comprehensive peer review: What are the strengths of the process that helps the college to improve teaching and learning? What growth opportunities in the assessment process has the college identified to further refine its authentic culture of assessment? Provide examples where course, program, or service improvements have occurred based on outcomes assessment data. In those areas where assessment may be falling behind, what is the college doing to complete the assessments per the college's schedule?*

The Student Learning Outcomes (SLO) assessment process at Lassen Community College is a collaborative effort involving key stakeholders, including the Academic Senate, the Department of Institutional Effectiveness, instructional faculty members, Division Chairs, Instructional Deans, and the SLO Coordinator. Faculty members are responsible for assessing student learning through direct assessment methods for each Course Student Learning Outcome (SLO) based on the Assessment Plan Schedule established in Fall 2022. Faculty align Course SLOs with Institutional Student Learning Outcomes (ISLOs) and, until Fall 2023, with General Education Student Learning Outcomes (GESLOs) using the ISLO GESLO Mapping Form. Course SLOs are also aligned with Program Student Learning Outcomes (PSLOs) using the PSLO Mapping Form. These mappings are approved by the Curriculum and Academic Standards Committee and include target measures and representative course assessment methods aligned with the approved course outline. The Curriculum Technician tracks updates to Course SLOs on an annual basis (*EV 3.00 SLO to ISLO & GESLO Map*), (*EV 3.00a PSLO Map*).

Faculty assess Course SLOs each semester, and these assessments are reviewed by the SLO Coordinator to ensure they align with the Course SLO Assessment Plan Schedule. This schedule, developed in Fall 2022, ensures that all Course SLOs are assessed within a program review cycle, with Career Technical Education (CTE) Programs assessed every two years and Academic Programs assessed every four years. For courses offered each semester or academic year, faculty assess odd-numbered course outcomes in odd years and even outcomes in even years, although they are encouraged to assess all SLOs. Courses offered less frequently are assessed each time they are offered (*EV 3.01 2022-2023 SLO Assessment Plan Schedule*).

To address Course SLOs that do not meet their specified targets, faculty members responsible for assessing these SLOs provide written reflections at the conclusion of each semester. These reflections are collected and stored within the district's reporting tool, SLO+. Subsequently, they are shared with the Academic Senate as part of the reporting process, contributing to the ongoing improvement of the SLO assessment process. To facilitate this, the Academic Senate assigned mentors during the

2022-2023 academic year. Assigned mentors supported faculty members in re-evaluating Course SLOs based on reflections from the previous semester, thereby enhancing faculty awareness and engagement in the process and improving student learning (*EV 3.02 Academic Senate Minutes, 03-08-2023*). Beginning in the Fall of 2023, faculty members actively participate in closing the feedback loop for SLOs that did not meet their intended targets. This involves a readily available review of the compiled written reflections, from prior semesters (*EV 3.03 Compiled List of SLO Improvement Reflections*). Faculty members engage in this process at the outset of each semester when they are formulating their course SLO Assessment Plans. They also acknowledge the importance of reviewing prior reflections when designing assignments for the current semester, utilizing the SLO reporting tool, SLO+, to address any below target outcomes (*EV 3.04 Fall 2023 SLO+ Assessment Plan Instructions, Closing the Loop*).

Beginning in Fall 2022, all Course SLOs at Lassen Community College had approved maps to both Institutional Student Learning Outcomes (ISLOs) and General Education Student Learning Outcomes (GESLOs). Additionally, all course outcomes were mapped to Program Student Learning Outcomes (PSLOs). Outcome maps were compiled in Fall 2022, and data dashboards were created for Course SLO assessment results (*EV 3.05 Course SLO Dashboard Printout*) as well as for the Program SLOs (*EV 3.06 PSLO Dashboard Printout*) mapped to each individual Course SLO. These dashboards are used in Instructional Program Reviews, which occur in their regular cycles as outlined in the IPR Handbook. Course SLO revisions submitted through curriculum require updated mapping. Maps are updated each summer by the SLO Coordinator for dashboard updates. The dashboards represent historical results of direct assessments reported to the Department of Institutional Effectiveness and are referenced in the new IPR Handbook and included in the IPR data packets distributed during Instructional Program Reviews during their normal cycles (*EV 3.07 2022-2023 Instructional Program Review Handbook, page 22*).

At Fall 2022 convocation, Lassen Community College launched SLO+, a streamlined SLO assessment reporting tool (*EV 3.08 Student Learning Outcomes, Convocation Fall 2022*), for faculty to report and reflect on course SLO assessments. Each course offered is pre-populated with assigned instructors, course information, each student learning outcome from the approved course outline, and a narrative section for faculty to reflect on outcomes that did not meet target. Each semester, beginning in Fall of 2022, faculty use SLO+ to acknowledge their assessment plan at the beginning of each course (*EV 3.09 Fall 2022 Assessment Plan Instructions, Email to Faculty*), (*EV 3.10 Fall 2022 Assessment Plan Instructions*) and to report on results at the end of the course, including a reflection of their outcomes that did not meet target at the end of each semester (*EV 3.11 Fall 2022 Assessment Results, Email*), (*EV 3.12 Fall 2022 Assessment Results Instructions*). Faculty are also offered scheduled drop-in sessions, and the ability to book an appointment with the SLO Coordinator (*EV 3.13 Student Learning Outcomes, Book an Appointment*) for support. Faculty are also supported through on-demand training pages updated each semester with refreshed instructions and videos for assessment plans at the beginning of each semester (*EV 3.14 Fall 2022*), (*EV 3.14a Spring 2023*), (*EV 3.14b Summer 2023*),

*(EV 3.14c Fall 2023), and for assessment results by the end of each semester (EV 3.15 Fall 2022), (3.15a Spring 2023), (3.15b Summer 2023).*

Since the launch of SLO+, the SLO Coordinator has created, scheduled, and curated many resources for faculty to support the district's outcomes assessment process. Regular communications, training, and support opportunities for faculty, covering topics including acknowledging assessment plans, reporting assessment results, writing effective SLOs, making SLOs meaningful, and quick guides on common tasks were carefully incorporated into SLO+ since the launch. Each semester, the new course schedule is uploaded prior to the start of the semester with updated Assessment Plan and Result pages to keep faculty on track with due dates, instructions, and to address small changes made each semester *(EV 3.16 SLO+ Faculty Training Support), (EV 3.17 SLO+ Training Events), (EV 3.18 SLO+ Talk Videos), (EV 3.19 SLO Assessment Plan, How To Guide), (EV 3.20 SLO Assessment Results, How To Guide)*. Faculty were surveyed, and have rated the app, on average, 4.69 out of 5 stars, mostly due to the ease of use. Some faculty reported small issues with the user interface, which is why a few changes were made and announced to the entry screens in Fall of 2023 *(EV 3.21 SLO+ Feedback Results), (EV 3.22 Fall 2023 SLO+ Assessment Plan Instructions)*.

As of Spring 2023, to prepare for Fall 2023 Instructional Program Reviews (IPRs), an SLO Assessments Data page was created to support faculty in completing the IPR. The page included videos and guides on downloading and interpreting Course SLO and PSLO Data from the Course and Program Data Dashboards previously detailed. Course SLO and PSLO Data Dashboards were also embedded on the page for easy accessibility *(EV 3.23 SLO Assessment Data Page), (EV 3.24 PSLO Data Dashboard, How To Guide)*. As of 2023, faculty began incorporating and analyzing Course and PSLO Data during the Instructional Program Reviews leveraging the data dashboards to guide changes needed to improve teaching and learning during the review *(EV 3.25 2023 Work Experience IPR), (EV 3.26 2023 Social Science IPR), (EV 3.27 2023 Welding Technology IPR)*.

While SLO+ was the tool chosen to report on outcomes in Spring of 2022, the decision was based on streamlining reporting, ensuring all courses were reporting results, and create a culture of outcomes assessment from the previous 2020 ISER Quality Focus Essays. At the time, the Accreditation Work Group discussed concerns about disaggregating data by specific demographic groups due to low enrollment. Concerns primarily centered around the possibility of identifying students due to classes with lower enrollment. The smaller sample sizes in the representative data may also be a limiter. Finally, the district agreed that our faculty needed a simple reporting process for outcomes assessment. The work group agreed that continuing to explore the use of other platforms, such as Canvas Outcomes may have the potential to provide more detailed analysis and evaluation of student learning within various student demographics *(EV 3.28 Tri-Chair Meeting Canvas Outcomes, 04-28-2022)*.

In Spring 2023, three online courses were used to pilot Canvas Outcomes with the support of our faculty Instructional Designer. Two faculty used Canvas Outcomes and reported their results back to SLO+ in Spring 2023. Faculty in the pilot reported positive results, aligning many of their assignments in Canvas to the course outcomes ([EV 3.29 AT-60 Spring 2023 Canvas Outcomes Alignment](#)), ([EV 3.30 MATH-11A Spring 2023 Canvas Outcomes Alignment](#)), ([EV 3.31 MATH-40 Spring 2023 Canvas Outcomes Alignment](#)). Additional faculty piloted using Canvas Outcomes in their Summer 2023 and Fall 2023 courses reporting anecdotally it was much easier to make it part of their regular grading practices ([EV 3.32 MATH-11B Summer 2023 Canvas Outcomes Alignment](#)), ([EV 3.33 HUM-1 Fall 2023 Canvas Outcomes Alignment](#)). To more broadly pilot Canvas Outcomes, in Fall 2023, all Course Outcomes were compiled and imported into Canvas for every course, with plans for a Spring 2024 Flex Day to introduce Canvas Outcomes ([EV 3.34 Canvas Outcomes Import](#)), ([EV 3.35 Fall 2023 Canvas Outcomes](#)). To ensure ISLO and GESLO are effectively embedded in our planning processes, as well as to address expected changes to ACCJC Accreditation Standards, starting in Spring 2023 discussions to streamline SLOs began to take place in Curriculum and Academic Standards meetings as well as in Academic Senate at the recommendation of the research consultant hired by the district in Fall 2022. A chart outlining the redundancy between some of ISLOs and GESLOs were discussed throughout shared governance. Ultimately, Academic Senate decided that we should investigate and provide a recommendation on how to best capture gaps while maintaining efficiency ([EV 3.36 Academic Senate Minutes, 01-25-2023](#)), ([EV 3.37 Academic Senate Minutes, 02-28-2023](#)).

After discussion, Academic Senate approved moving forward with adding a fifth ISLO and automatically mapping redundant GESLOs to the new ISLO to allow more streamlined measures ([EV 3.38 GESLO-ISLO Chart](#)), ([EV 3.39 Academic Senate Agenda, 05-24-2023](#)), ([EV 3.39a Academic Senate Minutes, 05-24-2023](#)). Over Summer 2023 and Fall 2023, the approved maps of course SLOs to ISLO and GESLO were compiled, and a sample data dashboard was presented to Curriculum and Academic Standards Committee and Academic Senate. The ISLO Data Dashboard reflects a rollup of course SLO outcomes mapped to each ISLO, with GESLO 3 and 4 automatically mapped to the newly approved ISLO. The mapping of GESLO 3 and 4 to ISLO 5 was discussed and approved by Curriculum and Academic Standards Committee and Academic Senate along with a streamlined mapping of course SLOs to ISLOs, effective Spring 2024 ([EV 3.40 ISLO to GESLO Master Mapping](#)), ([EV 3.41 ISLO Data Dashboard](#)), ([EV 3.42 Curriculum Agenda, 10-17-2023](#)), ([EV 3.43 Curriculum Minutes, 10-17-2023](#)), ([EV 3.44 Academic Senate Agenda, 10-24-2023](#)), ([EV 3.45 Academic Senate Minutes, 10-24-2023](#)), ([EV 3.46 SLO to ISLO Mapping Form](#)). Any course maps approved in Fall 2023 will be put on the Spring 2024 agenda for both Curriculum and Academic Standards and Academic Senate to approve a final mapping of GESLO 3 and 4 to ISLO 5 and all new courses will use the new ISLO Mapping Form beginning in Spring of 2024. These strategic changes were discussed and approved by Consultation Council, reviewed at the summer Board Retreat, and approved at the Board of Trustees meeting. The dashboards have been publicly advertised on the Lassen Community College website, as well as internally embedded within SLO+ ([EV 3.46a Consultation Council Minutes, 07-10-2023](#)), ([EV 3.46b Board of Trustees Minutes, 08-08-2023](#)), ([EV 3.47 General Education SLO Public Website](#)), ([EV 3.48 Institutional SLO Public Website](#)).

## Reflection on Improving Institutional Performance: Institutional Set Standards (Standard I.B.3)

*ACCJC Standard I.B.3 states: "The institution established institution-set standards for student achievement, appropriate to its mission, assesses how well it is achieving them in pursuit of continuous improvement, and publishes this information." Using the most recent Annual Report, reflect on trends in data for institution-set standards on course completion, certificate completion, degrees awarded, transfer, licensure examination pass rates, and employment rates for career and technical education (CTE) student: Has the college met its floor standards? Has the college achieved its stretch (aspirational) goals? What initiative(s) is the college undertaking to improve its outcomes? How does the college inform its constituent of this information? Provide the most recent Annual Report used for this reflection.*

These Institution-Set Standards for Lassen Community College are applicable across the entire institution, as mandated by the Higher Education Act and ACCJC Accreditation Standard I. B. 3.: "The institution establishes Institution set standards for student achievement, appropriate to its mission, assesses how well it is achieving them in pursuit of continuous improvement, and publishes this information."

Baseline and Stretch goals were derived for ISS #1 through #5 using longitudinal analysis to determine overall and rolling averages (of three and five years), over a study period of at least ten years. Baseline and Stretch goals were derived for ISS #6 using longitudinal data and historical precedence, and for ISS #7 we used state-mandated goals under Perkins Core IV reporting, as noted below. All goals resulting from analysis are then reviewed and discussed through shared governance processes prior to final approval and implementation. Institutional Set Standards are reviewed, adjusted where necessary, and approved annually through the shared governance process (*EV 3.49 Consultation Council Minutes, 05-08-2023*).

Course completion rates remained relatively steady from 2019-2020 through 2021-2022, dipping from 80% to 76%, but then improving to 78%, as stated in the College Annual Report. Lassen Community College had floor goals of seventy percent, seventy percent, and seventy-two percent respectively for those years and the college exceeded both our floor and stretch goals for all three years. Faculty utilized the early alert system Starfish to raise concerns for students falling behind. While Starfish was helpful as an early alert tool, there was a substantial price increase to renew its contract. ConexEd is a virtual student engagement platform that has been contracted by Lassen Community College to replace Starfish (*EV 3.50 Board of Trustee Minutes, 05-09-2023*). Smaller class sizes also helped faculty recognize and take action to help students improve completion rates. Most courses have an enrollment cap of 35. The LCFA contract for 2022-2025 established enrollment caps

of 24 for Math and English courses in response to the Student Success Initiative (*EV 3.51 2022-2025 LCFA CBA, page 18*). Scheduled courses often have enrollment below the section cap.

Certificate and degree awards were mixed for meeting floor and stretch goals. While the floor goal for certificates was not met in 2019-2020, this was in part due to the enrollment decline, which exceeded 10 percent. After re-adjusting for this decline and re-setting floor and stretch goals for 2020-2021, Lassen Community College met its floor goal and exceeded its stretch goal for that year. It did not, however, reach its floor goal in 2021-2022. This may in part be due to the lag effect of the sharp enrollment decline in the previous year. The number of Associate Degrees awarded, however, did meet the floor goals for each of the three years as well as the stretch goals for two of the three years listed (missing the 2021-2022 goal by just 6 degrees). As stated in the last ISER, the College recognized it had too many degrees and certificates. The 2020-2021 College Catalog stated the College offered forty-two Associate Degrees and thirty-seven certificates and the 2023-2024 College Catalog noted thirty-four Associate Degrees and twenty-six certificates. (*EV 3.52 2020-2021 LCC Catalog, Programs and Degrees*), (*EV 3.53 2023-2024 LCC Catalog, Programs and Degrees*). Action was taken through the program review process as well as the Program Revitalization or Discontinuance process to increase the number of certificates and degrees awarded and help students achieve their educational goals. Lower enrollment, as noted earlier, was also a factor during this period.

Additional actions taken by the College to improve the number of degrees and certificates awarded include the Guided Pathways initiative. The California Community College Chancellor's Office established the student-centered Guided Pathways that aimed to improve student outcomes and remove obstacles to achieving their educational goals. The Guided Pathways Taskforce is one area that is instrumental in providing updates relating to these areas (*EV 3.54 Guided Pathways Minutes, 04-06-2023*). Guided Pathways feed into the Student Services Master Plan (SSMP) that include long-range plans (*EV 3.55 2022-2027 SSMP*). The Student Services Master Plan goes through the shared governance process and was approved at the April 10, 2023 Consultation Council meeting (*EV 3.56 Consultation Council Minutes, 04-10-2023*). The SSMP included Long-Range Goal #2, which aims to "Improve student success and retention through the offering of a comprehensive student resource center, mental health services, career development and transfer, and additional support programs."

Regarding student transfers to four-year institutions, Lassen Community College met or exceeded its institution-set standards for two of the three years under analysis. Our inability to meet the floor goal of 54 in 2021-22 may again be due in part to a decline in enrollment in more recent years.

## Certificates

	2019-20	2020-21	2021-22
13a. List your Institution-Set Standard (floor) for certificates:	163	134	146
13b. List your stretch goal (aspirational) for certificates:	163	144	148
13c. List actual number or percentage of certificates:	130	162	109

Fig. 2

## Associate Degree (A.A./A.S.)

	2019-20	2020-21	2021-22
14a. List your Institution-Set Standard (floor) for degrees:	144	214	223
14b. List your stretch goal (aspirational) for degrees:	144	261	300
14c. List actual number or percentage of degrees:	260	340	294

Fig. 3

Transfer rates for the three years reflected in the annual report met both the floor and stretch goals in two of those years. Transfer rates in 2021-2022 were reported to be 45, which did not meet the floor goal of 54. While there could be several explanations for this slight drop, it is reasonable to assume that recovery from the COVID pandemic was a factor. Efforts to improve transfer rates have included a flexible scheduling process and multiple modalities available. Much conversation has occurred across campus on ways to improve all metrics of the Institutional Set Standards. This is evident by the approval of the Lassen Community College Strategic Plan at the August 8, 2023 Board of Trustees meeting (*EV 3.57 Board of Trustees Minutes, 08-08-2023*). Included in the Strategic Plan is Strategic Goal number four, which states:

*“Student Success: Provide a college environment that reaches-out-to and supports students, minimizes barriers, and increases opportunity and success through access and retention to enable student attainment of educational goals including completion of degrees and certificates, transfer, job placement and advancement, improvement of basic skills, and self-development through lifelong learning.”*

Licensure examination pass rates and CTE program job placement rates are challenging to address. Many of our programs do not have enough students to allow us to publish data so are listed as 0. The data lag from the California Community College Chancellor’s Office core indicator reports also makes improving job placement rates difficult. Nonetheless, for the only program for which numbers were sufficient to report licensure pass rates, Vocational Nursing exceeded its floor goal for each of the three years and exceeded its stretch goal for 2 of those years. Where sufficient data existed, floor and

stretch goals were exceeded for three of the five reportable programs: Vocational Nursing, Administration of Justice, and Fire Technology. Gunsmithing met its floor goal for one year and was close to that goal for the remaining two years. Business Management did not meet its floor goal for the two years for which there was reportable data. Gunsmithing has since gone through the revitalization process with the hope of improving job placement rates. Business added an updated degree and will be assessing the program data during the program review process next year.

## Quality Focus Essay

*The Institutional Self-Evaluation Report (ISER) includes a Quality Focus Essay in which colleges identify two to three quality focus projects they will implement to improve student learning and achievement. This section of the Midterm Report provides a progress update on the goals, outcomes, and data identified for each quality focus project and details any changes in student learning and student achievement that results from the projects. If appropriate, the narrative should also comment on any next steps, such as further expansion or replication of projects.*

### **Project #1: Disaggregating and Assessing Student Learning Outcomes**

During the 2020 ISER, three action plans were identified to address outcome measures, to include changing the method of reporting inclusive of student ID and section number to improve effectiveness and impact of data (EV 4.01 2020 ISER Lassen Community College, page 207). In addition, the anticipated outcome from reviewing the actions on unmet SLOs allows for the evaluation of program learning outcomes as they relate to success.

### **2020 ISER Action Plan 1: Implement Updated SLO Procedure**

Lassen Community College implemented an updated procedure by launching SLO+ in Fall 2022, which is the new assessment reporting tool previously described within this report. The tool requires faculty to report aggregated SLO assessment results by Section ID and provide the district the ability to evaluate and analyze aggregated metrics via the SLO Dashboard via modality, semester, and by course (EV 4.02 SLO Dashboard). The PSLO Dashboard allows analysis of course SLO assessment results aligned to each Program SLO (EV 4.03 PSLO Dashboard). A new ISLO Dashboard was created in Fall of 2023, which roles up the Student Learning Outcome assessment data aligned with each Institutional Student Learning Outcome (EV 4.04 ISLO Dashboard).

### **2020 ISER Action Plan 2: Increase Faculty Submission Rates**

The plan was to increase the faculty submission rates by making sure faculty report SLOs in a timely manner so data can be made available for ongoing improvements and resource allocation. Implementing consistent faculty training and orientation to the process of SLO submission will improve available data. Prior to the 2020 ISER, approximately 25-33% of all SLOs were not reported based on the data obtained for the last two academic years. As a result, the institution made a strategic effort to increase the submission rates.

Outcomes Assessment has become a regular process at Lassen Community College with the SLO+ Reporting Tool and Assessment Plan Schedule developed and implemented in Fall of 2022. On-demand training, regular reminders and follow up communications, scheduled drop-in sessions, and continuing the special assignment SLO Coordinator role to support faculty awareness, timelines, and knowledge of outcomes assessment has contributed to great successes in this area. Faculty are reminded both at the beginning of the semester to complete and acknowledge their Outcomes

Assessment Plan, as well as reporting results at the end of the semester. Drop-in sessions continue to be regularly scheduled and made available each semester and advertised on SLO+. These efforts have led to an increase and sustained completion of courses with outcomes assessment reporting. The table and chart below show completion rates that demonstrate our institutional commitment to assessing learning regularly.

Semester	# of Sections Offered	# of Sections with SLOs Reporting	% Reporting SLO Data
Fall 2020	336	265	79%
Spring 2021	359	329	92%
Summer 2021	123	118	96%
Fall 2021	326	272	83%
Spring 2022	399	369	92%
Summer 2022	108	108	100%
Fall 2022*	310	308	99%
Spring 2023	340	340	100%
Summer 2023	96	95	99%

Fig. 4

\*SLO+ Lassen Community College’s Outcomes Assessment reporting tool launched

Fig. 5

Since launching SLO+, when faculty book appointments to meet with the SLO Coordinator for support, faculty are sent an automated follow-up email asking them to rate the effectiveness of the training or support received on a Likert scale, a reason for the rating, as well as suggestions for improvement. The average rating is currently a 5 out of 5 with overwhelmingly positive comments from faculty (*EV 4.05 Book An Appointment, SLOs*), (*EV 4.06 Evaluate Your Recent Interaction, SLO Coordinator Survey*).

In Fall of 2023, faculty were surveyed on their opinions of using SLO+ for reporting outcomes assessment results. The average rating was 4.69 out of 5 stars with no faculty rating below a 4, again with positive comments as well as comments to improve the tool.

### **2020 ISER Action Plan 3: Creating a Mechanism for Closing the Loop**

The plan was to create a mechanism to reevaluate proposed actions when SLO targets are not met to close the loop on the identified deficiency and to propose a solution to offer useful data to faculty and their program. For Fall 2022, Spring 2023, and Summer 2023, faculty not meeting target measures for Course SLO assessments have reflected on pedagogical and classroom management practices when reporting their results to SLO+. The SLO Coordinator forwarded these to Academic Senate for mentor assignment in the 2022-2023 academic year to ensure faculty were aware they should reassess the outcome under target and as of Fall 2023, this is a standard and ongoing process each semester that takes place during SLO assessment planning at the beginning of each semester (*EV 4.06a Academic Senate Minutes, 02-08-2023*), (*EV 4.06b Academic Senate Minutes, 09-12-2023*).

### Quality Focus Projects

Lassen Community College will continue to maintain our culture of regular outcomes assessments by reviewing and evaluating our current process on closing the loop via SLO+ and decide whether additional interventions are needed, specifically surveying faculty to determine the effectiveness of SLO+. We should focus upcoming surveys on whether SLO+ makes the process meaningful when we are closing the loop on outcomes assessment to improve student learning.

Lassen Community College will continue to ensure faculty are supported and made aware of how to leverage and include data dashboards as part of ongoing Instructional Program Reviews by focusing training sessions on how best to interpret that data to make course and program level decisions.

Lassen Community College will evaluate mechanisms by which we can leverage ISLO data dashboards in all areas of related shared governance to support and strengthen data-driven strategic decisions around program development, resource allocation, and course offerings.

## **Project 2: Guided Pathways/Meta-majors/Program Discontinuance**

### **Introduction of Project and Anticipated Impact:**

#### **From the 2020 ISER**

During the course of developing the self-evaluation report, it became apparent that significant improvement was needed in the area of developing meta-majors in the implementation of our Guided Pathways framework. While much work has been done in the implementation of other Guided Pathways initiatives, significant work is still needed in the area of meta-majors or career-pathways that help students get on the path and stay on the path to completion of a certificate or degree program. Up to this point, the Guided Pathways Taskforce has researched meta-majors from other colleges, has distributed information and a survey about meta-majors, but has not selected or implemented any meta-majors for LCC. Meta-majors need to be fully developed and tied to current instructional program and course offerings. For the size of our college, it has become apparent that LCC currently has too many degree options and academic program offerings that cannot be sustained with regular class offerings that are required for students to complete degrees in a timely manner. Essentially, our instructional carrying capacity is exceeded by the number of ADT's offered (17) and we are not able to offer the classes often enough for students to be able to complete these degrees.

This results in low fill rates (average of 51.4% in 2018-19) and a 6-year graduation rate that needs improvement (20%). By paring down our program and degree options and implementing meta-majors, students will have better guidance and more flexibility to complete certificates or degrees within their selected meta-major. We will also have a higher fill rate for our courses and a higher certificate and degree completion rate.

#### **Measurable Outcomes**

- Completion of a program discontinuation policy that is approved by the Academic Senate and Governing Board
- Develop meta-majors and plan for implementation
- All degree and certificate programs to be categorized within one of the college's established meta-majors
- Right-sizing the number of ADT's offered to match the instructional capacity of the institution
- Implement meta-majors into student educational planning tools
- Meta-majors publicized in college catalog, on college website, and college publications
- Increased course fill-rates and increased number of certificates and degrees completed

#### **Project Description/Action Plan**

The following table represents the activities, responsible parties, resources, and timelines for the implementation of this project's action plan. The plan is realistic and workable within a reasonable time frame and will culminate in the outcomes previously outlined. These measurable outcomes include increased course fill rates and increased student graduation rates, as well as the completion of an essential Guided Pathways initiative known as "meta-majors."

## Progress on Project 2: Guided Pathways/Meta-Majors/Program Discontinuance

### Meta Majors Progress

The California Community College Chancellor's Office established the student-centered Guided Pathways initiative that aimed to improve student outcomes and remove obstacles to achieving their educational goals.

Lassen Community College has created a large Guided Pathways Taskforce that consists of administrators, managers, faculty, staff, and students to address systematic change that will promote seamless steps to student success. The Lassen Community College's Mission states that it will "provide educational programs for all pursuing higher educational goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skill instruction. The College serves diverse students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective, and economic potential." The mission established by Lassen Community College and the California Community College Chancellor's Office initiative are working in alignment. Lassen Community College has been using the Guided Pathways Taskforce to identify areas where unintentional barriers exist. It made sense that with such time and efforts being put forth with this initiative that we would include it in our Quality Focus Essay, 2020 Institutional Self-Evaluation Report. One area LCC decided to focus on was to help students identify a path and implement supportive activities along the way that help them to achieve their educational goal. Our QFE would focus on creating our Meta Majors, career clusters in connection with our programs/degrees/certificates.

In August 2019, the Research and Planning Group for California Community Colleges reached out to meet with some members of Lassen Community College to discuss the data they collected on our degrees/certificates and provided a suggested list of 10 clusters. *(EV 4.07 RP Group, Email, List of Clusters and Mapped Courses), (EV 4.07a List of Clusters)*. Conversations occurred in the Meta Major workgroup, a subgroup of the Guided Pathways group, as well as at the Curriculum and Academic Standards Committee and Guided Pathways meetings. The workgroup decided that getting students, faculty, administrative, and board member input on the groupings was important. A survey was distributed from November 2019 through February 2020, and the results were part of the discussion at the Curriculum and Academic Standards Committee meeting and Guided Pathways Taskforce meeting *(EV 4.08 Curriculum Agenda, 03-03-2020), (EV 4.08a Curriculum Minutes, 03-03-2020), (EV 4.08b Guided Pathways Minutes, 03-04-2020)*. On March 30, 2020, the Curriculum and Academic Standards Committee took action to rename Meta Majors to Career Pathways and reduced the clusters from 10 to 7, with some degrees being added to more than one cluster *(EV 4.09 Curriculum Agenda, 03-30-2020), (EV 4.09a Curriculum Minutes, 03-30-2020)*.

With more details to work with, the Career Pathways workgroup discussed how we could integrate this information into the activities, materials, etc., on our campus. Lassen Community College implemented a basic looking explanation in the catalog (*EV 4.10 2020-2021 LCC Catalog, pages 33-36*). Icons were created (*EV 4.11 Icons*) to establish brandings for each Career Pathways, outreach materials were created (*EV 4.12 Fall 2021 Degree and Certificate Flyer*), and the catalog section was revitalized to include the new icons and appropriate colors (*EV 4.13 2021-2022 LCC Catalog, pages 33-36*). On March 18, 2021, the Career Pathways workgroup suggested that our degrees and certificates in CCCApply be divided by transfer and non-transfer to get students to identify which path they wish to take (*EV 4.14 Career Pathways Minutes, 03-18-2021*). The IT department helped to accomplish this request. Lassen Community College continues to integrate Career Pathways as awareness grows on campus. Icons have been added to our Nursing website (*EV 4.15 Example Nursing Icon*), used on all our Curriculum Cards available in the Counseling and EOPS office (*EV 4.16 Example of Curriculum Card*), used in a career presentation given at a Youth Empowerment Summit for our local junior high school students (*EV 4.17 Youth Empowerment Summit*) and included in our orientation (*EV 4.18 Orientation Career Pathway Slide*). There have been numerous discussions about adding the information to our current website with specific examples (*EV 4.19 Example of Website Changes*), but the IT department has decided it is best to wait until our new website is in place to reduce duplication of efforts and possible increased capability of the new site. A third party has been hired to complete the new website so we are limited as to how quickly they can complete our website project. The new website has been built as of January 2024. IT is currently in the process of reviewing the website for content and any errors. If all goes well, our expectation is to launch the new website in March 2024. The Guided Pathways committee is currently exploring the My Path program to advertise our degrees/certificates and employment opportunities through using our Career Pathways categories (*EV 4.20 Guided Pathways Minutes, 10-12-2023*). The website will allow us to expand the knowledge of our Career Pathways to our on and off campus students.

## **Next Steps**

Next steps will include:

1. Include Career Pathways on our website and/or in the portal
2. Integrate more Career Pathways in activities like Week of WOW, summer campus engagement programs, and Cougar Onboarding Orientation.
3. Revisit how we can serve our incarcerated students with career exploration and Career Pathways.

## Program Discontinuance Progress

During Lassen Community College's 2020 ISER, it was identified that for our size campus we may have too many degrees. As a result, our class fill rate was low in some areas. For example, in 2020, the Fine Art IPR mentioned on page 4 in the Planning Agenda section that "Program courses need to be streamlined and some courses inactivated" due to the low course fill rates (*EV 4.21 2020 Fine Art IPR*). In June 2020, as part of our IEPI Grant, many leads (Deans, Division Chairs, IT, Institutional Effectiveness, Lead Counselor) attended the Claremont Enrollment Management Academy to explore strategic enrollment management strategies (*EV 4.22 Claremont EMA Agenda, 06-22-2020*). Lassen Community College then decided to develop a revitalization or discontinuance policy and process. On February 11, 2020, Senate discussed a proposed draft of what will be known as AP 4021 Program Revitalization or Discontinuance. Senate discussed the policy, and it was mentioned that the data will need to be reviewed for accuracy and timelines will need to be created (*EV 4.23 Academic Senate Minutes, 02-11-2020*). On March 10, 2020, Senate took action and approved the new policy after considering input from LCC faculty and staff (*EV 4.24 Academic Senate Minutes, 03-10-2020*). On April 13, 2020, the policy was taken to Consultation Council and was open for discussion (*EV 4.25 Consultation Council Minutes, 04-13-2020*). Once approved the policy was included in Board Docs (*EV 4.26 AP 4021*).

At our February 8, 2021 Consultation Council meeting, the CIO of Academic Services sought input and discussion of revitalization or discontinuance of 5 programs (Geology for Transfer, Anthropology for Transfer, Early Childhood Education for Transfer- revitalization, Art History for Transfer, and Arts in Digital Graphics) (*EV 4.27 Consultation Council Minutes, 02-08-2021*). There was discussion about class fill rates, graduation rates, and how to dissolve the program without hurting students. Since there were two degrees in this low enrolled department at the time, one solution was to discontinue one of the programs but still offer some courses. It was determined through the process that the Digital Graphics Design program and Art History would be inactivated (*EV 4.28 Curriculum Minutes, 10-19-2021*), (*EV 4.29 Curriculum Minutes, 10-05-2021*). A meeting was held with the discipline faculty and Revitalization or Discontinuance Committee to hold further discussion (*EV 4.30 Revitalization or Discontinuance Minutes, 11-03-2020*). Without a full-time discipline faculty to champion growth, the program for both Anthropology and Geology for Transfer degrees were inactivated at Curriculum (*EV 4.31 Curriculum Minutes, 05-04-2021*), (*EV 4.32 Curriculum Minutes, 03-16-2021*). In the 2022-2023 school year, Gunsmithing and Child Development programs were reviewed for revitalization (*EV 4.33 Revitalization or Discontinuance Minutes, 02-01-2022*), (*EV 4.34 Academic Senate Minutes, 11-14-2023*), (*EV 4.34a Academic Senate Agenda, 11-28-2023*), (*EV 4.34b Child Development Summary*), (*EV 4.34c Gunsmithing Summary*). The Child Development program took Curriculum Action to eliminate even and odd year offerings and offer Fall or Spring courses every year in hopes of increasing the opportunity to enroll in the program (*EV 4.35 Curriculum Minutes, 01-18-2022*). Gunsmithing decided to move from weeklong courses to full semester courses as a result of the Revitalization or Discontinuance process (*EV 4.36 2023 Gunsmithing IPR*). It is too early to view the results of this change, but these will be included in the next IPR 2024.

There continues to be a constant review of low enrolled classes/programs that comes to administration's attention via our enrollment management process.

The Art Department is reviewing the data for their IPR since the Revitalization or Discontinuance process and there appears to be an increase of completers. The program had 1 completer in 2018-2019 and 2020-2021, to 3 completers in 2021-2022 (*EV 4.37 2023-2024 Studio Art Data Package*). It appears that the streamlining of courses offered, and reduction of an additional degree has resulted in more students completing the program.

#### **NEXT STEPS**

1. Continuous review of data and enrollment fill rates (i.e., administratively, division chairs, IPR data, etc.)
2. After following the revitalization or discontinuance policy process we have discovered that further steps and clarification are needed. Academic Senate will discuss how to further improve this process and examine the potential changes to the AP and/or IPR Handbook.

Activities	Responsible Party	Resources Needed	Timeline	Update
Revitalization or Discontinuance policy created through shared governance process	Academic Senate President, CIO, Consultation Council Chairs	Committee time; CIO input	Fall 2020	<b>Met: Senate March 2020, Consultation Council April 13, 2020</b>
Revitalization or Discontinuance policy approved by Governing Board in BP/AP	Consultation Council Chairs, CIO, Board Policy Committee	None	End of Fall 2020	<b>Met: AP 4021 Approved: Senate March 10, 2020, Consultation Council April 13, 2020</b>
Increase Participation in the Meta Major survey	Guided Pathways Workgroup	Online survey; students recruited	Spring 2020	<b>Met: Nov. 2019-Feb. 2020 students, staff, faculty, administration, and others (likely board members) were included in survey</b>
Compile results of meta-major survey and distribute in committee meetings	Guided Pathways Workgroup, CIO, Consultation Council Chairs	None	End of Spring 2020	<b>Met: March 2020 Curriculum Committee, March 2020 Guided Pathways Committee</b>
Meta-majors established as policy in Curriculum Committee, Senate, and Consultation Council and proposed for catalog	CIO, Curriculum Chairs, Senate President, Consultation Council Chairs, Instructional Support	Committee agendas and minutes; Time for Instructional Support Tech to edit catalog	End of Spring 2020	<b>Met: March 2020 Curriculum, first LCC catalog publication 2020-2021, pages 33-36</b>
Discontinue selected AD-T's and programs	Revitalization/Discontinuance Committee, CIO, Senate President, Governing Board	Governance process; Instructional Support; Senate minutes, Governing board minutes	Spring 2021	<b>Met: Feb. 2021 Consultation Council, Oct 2021 Curriculum, Nov. 3, 2020 Revitalization/Discontinuance Committee, May 2021 Curriculum Committee action</b>
Meta-majors published on website and counseling publications	IT Director and Tech, President's Executive Assistant, Outreach Coordinator, Lead Counselor	Guided Pathways findings; Tech support, Marketing materials	Fall 2020	<b>Met and ongoing: Publications completed 2021, but on going (i.e., PowerPoints, webpages, etc.)</b>  <b>Website: projected to have pages spring 2024</b>
Career & Transfer Center and Counselors offer assistance in helping students select meta-major/career pathways and create updated educational plans	Student Success Coordinator, CSSO, Counseling Staff, IT staff	Career assessments on paper and online; staff to interpret results; Degree planner software	Spring 2021	<b>Met and ongoing: Curriculum Cards published 2023</b>  <b>Oct 12, 2023, Guided Pathways meeting to review My Path to use as a career exploration tool</b>

## Fiscal Reporting

*This section of the Midterm report provides an update on fiscal conditions at the College. Colleges must provide a copy of their most recent ACCJC Annual Fiscal Report (AFR) as evidence. In addition, colleges must provide narrative responses in response to the following conditions: If any of the areas of the most recent Annual Fiscal Report indicate that the college is not meeting its goals (e.g., high loan default rates, unmet liabilities, and/or projected deficits), please describe any plans for improvement. If the institution is on enhanced fiscal monitoring, please provide narrative describing progress on the institution's improvement plans. If the conditions above do not apply, a narrative response is not required to supplement the copy of the Annual Fiscal Report.*

Lassen Community College is currently meeting its goals and is not under fiscal monitoring from any agency (*EV 5.01 LCC 2023 Annual Fiscal Report*).

- Review timeline, below
- New Standards

**Follow-Up Report**

- ACCJC Board Meeting? Have we heard anything yet?

## Accreditation Work Group 2022-2023

Carie Camacho, Interim Superintendent/President  
Colleen Baker, Interim Dean of Instructional Services  
Lisa Gardiner, Accreditation Tri-Chair  
Alison Somerville, Accreditation Tri-Chair  
Tom Robb, Instructional Designer

Roxanna Haynes, VP of Student Services  
Michell Williams, Dean of Instructional Services  
Chad Lewis, ALO/Tri-Chair  
Adam Runyan, Academic Senate President  
Codi Mortell, Administrative Assistant, Academic Services

### Timeline –

AUOs Due	September – October 2022
NIPRs and IPRs Due to Board	February 2023
MID TERM REPORT	
Mid-Term Report – Draft Due to Accreditation Work Group	December 1, 2023
1 <sup>st</sup> Read to Senate	December 13, 2023
1 <sup>st</sup> read to C.C.	January 22, 2024
2 <sup>nd</sup> read to Senate	January 24, 2024
Board Approval	February 13, 2024
Send Mid-Term Report to ACCJC	March 15, 2024
COMPREHENSIVE REPORT	
Send ISER Report to ACCJC	7/29/2026
Site Visit	Spring 2027

### On-going:

#### AUOs – Discussed at 12/1/22 meeting

- Who spearheads AUO's?
- *Per Lisa, at 12/1/22 meeting, this question came up during the site visit. We need input from our researcher. Keep this on agenda so we do not lose track of it.*
  - IE? SLO Coordinator? Does a Dean do it?
  - Let's discuss

#### ISLO/Strategic Goal – Discussed at 12/1/22 meeting

- Where is the ISLO to Strategic Goal presented and reviewed? Annual Fact Book by IE? Discussed at Summer Board Planning Retreat? Reviewed in EMP? Anywhere else?
  - *Per Lisa, at 12/1/22 meeting, keep this on agenda so we do not lose track of it. Peer team asked specifically about this. ISLO data was not available yet and not captured in IPRs this*

*year. We need to maybe incorporate into fact book. Board summer retreat is another place to capture this. Tom asked about GESLOs too. Do we want to add a dashboard for GESLOs? We need researcher input. This needs to go to IE too. Lisa has some ideas how GESLOs and ISLOs map to each other in some. Should we add a 5<sup>th</sup> ISLO and this will capture all 8 GESLOs. There appears to be duplication. It will be more efficient to pair these down and combine them. Where does it make sense to discuss this? Tom offered to look at it and try and combine so we can look at it later. Can we connect these to strategic goals and initiatives? We have 3 applicants for researcher and 5 applicants for IT III*

## Task Agenda June 1, 2023 2:00pm Zoom

### Midterm Report Homework Assignments & Dates

- **ALO: Statement of Report Preparation**
  - **Draft due by?**
- **ALO: Provides an update on how it has integrated improvement plans arising from the self-evaluation into it's ongoing planning and implementation processes**
  - **Draft due by?**
- **Tri-Chairs: Addresses work accomplished in response to the improvement recommendations affirmed by the Commission in its Action Letter**
  - **Draft due by?**
- **Tom & Researcher: Reflects on actions it has taken to improve institutional performance related to student learning outcomes and institution-set standards**
  - **SLO draft due by?**
  - **ISS draft due by?**
- **David, Jenna and CBO: Reflects on fiscal health and indicates actions taken to improve conditions (if applicable)**
  - **Draft due by?**
- **Tom & Alison: Reports on the progress and outcomes from the action projects identified in its most recent Quality Focus Essays (described in the ISER)**
  - Tom has volunteered to write the SLO portion. **Draft due by?**
  - Alison volunteered to work on the GP, Meta Majors Action Plan section. **Draft due by?**

**LCC Institutional Self-Evaluation Report Improvement Plans**

<b>Standard I</b>	<b>Self-Identified Improvement Plan</b>	<b>Status</b>
I.A.3	Enhance dialogue surrounding Planning processes and Institutional SLO's.	Accomplished
I.A.3	Improve training on IPR data analysis	Accomplished
I.A.3	Explore feasibility of providing Administrative Support to Planning/ Governance/Accreditation (See Institutional Effectiveness Master Plan 2016-2021)	Accomplished
I.B.4 I.B.6	Enhance timely delivery of required IPR data to faculty with training on analysis of data	Accomplished
I.B.8	Archive institutional assessments and evaluation results on website or in one location	Accomplished
I.B.9 I.A.3	Explore feasibility of providing Administrative Support to Planning/ Governance/Accreditation (See Institutional Effectiveness Master Plan 2016-2021)	Accomplished
I.B.5	Explore and create a better mechanism for following up on improvement plans for substandard SLO's.	Accomplished
I.B.5	Improve timeliness of program review submission	Accomplished
I.C.3	Consistently offer IPR Orientations	Accomplished
I.C.3	Timely delivery of required IPR data to faculty	Accomplished
I.C.3	Consistently post approved IPRs and NIPRs in one location online that is accessible to the public	Accomplished
I.C.12	Substantial Change indicators need to be embedded into planning process to flag ALO	Accomplished

**LCC Institutional Self-Evaluation Report Improvement Plans**

<b>Standard II</b>	<b>Self-Identified Improvement Plan</b>	<b>Status</b>
II.A.2	Complete IPR's on schedule	Accomplished
II.A.9	Improve consistency in gathering SLO and PSLO data through stability in staffing of ALO, Researcher, and Accreditation Chair positions.	Accomplished
II.A.15	Develop a program discontinuance/revitalization process along with associated Board Policy and Administrative Procedure	Accomplished
II.A.6 II.A.7	Develop and implement Meta-Majors	Accomplished
II.B.1	Become a member of QuestionPoint, a collaborative 24/7 reference service	Accomplished
II.B.3	Collect & analyze data to ensure that the library & learning center are meeting students' needs	Accomplished
II.B.3 II.B.4	Conduct a bi-annual inventory of all library & learning center resources	Accomplished
II.B.1	Continue creating Research Guides for specific departments and/or courses	Accomplished
II.B.1	Create an introduction to the LCC's Library & Learning Center Resources in Canvas	Accomplished
II.B.1	Develop & teach information literacy classes for staff & students which focus on research & citing	Accomplished
II.B.1	Secure adequate staffing & expand hours which aids in student success	Accomplished

**LCC Institutional Self-Evaluation Report Improvement Plans**

<b>Standard III</b>	<b>Self-Identified Improvement Plan</b>	<b>Status</b>
III.A.1	Ensure all job descriptions include a diversity and equality piece	Accomplished
III.A.14	Continue to create a more robust training and Professional Development program for staff and faculty	Accomplished
III.B.1	Increase Custodial staffing	Accomplished
III.B.1	Complete NIMS and SEMS training for staff.	Accomplished
III.B.1	Revise and update LCC Emergency Response Plan; complete appointment of building monitors and other members	Accomplished
III.B.2	Complete implementation of School Dude program.	Accomplished
III.B.2	Obtain funding to complete Boiler Replacement project.	Accomplished
III.B.4	Develop long-range facilities master plan document.	Accomplished
III.B.4	Revise budget request process to include total cost of ownership.	Accomplished
III.D.10	Following Board Policy by consistently taking the CFS 311 & 311Q for Board discussion and review.	Accomplished
III.D.11	Planning improvements that have started with the EMP.	Accomplished
III.D.12	Work through contract negotiations to introduce a way to limit the district financial liability for accrued vacation	Accomplished

**LCC Institutional Self-Evaluation Report Improvement Plans**

<b>Standard IV</b>	<b>Self-Identified Improvement Plan</b>	<b>Status</b>
IV.A.7	Improve the communication of decision-making policies, processes, and procedures evaluations to the campus.	Accomplished
IV.B.1	Provide leadership to assure that IPR's and NIPR's are submitted on time, according to a prescribed schedule	Accomplished
IV.B.4	Improve stability in the staffing of the ALO and Accreditation Chair positions	Accomplished
IV.C.10	Interaction between the CEO and the Board of Trustees to ensure board evaluations and trainings are reported out.	Accomplished

# Lassen Community College

## Participatory Governance & Collegial Consultation Handbook

2023-2024

Adopted by the Academic Senate – November 14, 2023

Adopted by the Consultation Council – November 27, 2023

The purpose of this manual is to explain and maintain the principles, reporting relationships, operating procedures, mission, duties, and membership composition of the Lassen Community College constituency groups.

### Table of Contents

Introduction/Philosophy of Collegial Governance .....	1
Title V and Participatory Governance.....	1
Approaches to Participatory Governance.....	2
Purposes of Participatory Governance.....	2
Representation in Participatory Governance.....	3
Operating Principles and Guidelines.....	3
Guidelines for Generating Consensus.....	4
General Operational Rules for all Open Committees.....	7
Consultation Council Agenda.....	7
Governance Flow Chart.....	9
Comprehensive Institutional Master Plan Diagram.....	10
Committee Structure Matrix.....	11
Committee Charges.....	13

## ***Introduction/Philosophy of Collegial Governance***

The Lassen Community College governance structure involves faculty, classified, administration, and students in the planning and operation of the college.

The governance structure and practices embrace the Lassen Community College values of supporting inclusiveness of individual and student outcomes in collaborative decision-making processes; promoting mutual respect and trust through open communication and actions; and fostering integrity as the foundation for all we do. The Governing Board is the final authority for governance at Lassen Community College. The Governing Board delegates authority to the Superintendent/President who in turn solicits and receives input through the governance decision-making process.

## ***Title 5 and Participatory Governance***

Title 5 of the *California Code of Regulations*, which implements the legislature's intent in passing AB 1725, established relationships among the constituencies within California Community colleges to "ensure faculty, staff, and students the opportunity to express their opinions at the campus level and to ensure that these opinions are given every reasonable consideration, and the right to participate effectively in district and college governance, and the right of academic senates to assume primary responsibility for making recommendations in the areas of curriculum and academic standards." The Lassen Community College District Board adopted policy 2510 to further define the relationship.

In addition, Title 5 states that colleges are to rely on the recommendations of their academic senates on the development of academic and professional matters. (Title 5, Article 2, Section 53200). Administrative Procedure 2510 further states that the Board of Trustees will "rely primarily" on the recommendations of the Academic Senate in the areas of:

- Curriculum, including establishing prerequisites and placing courses within disciplines;
- Degree and certificate requirements;
- Grading policies;
- Educational program development;
- Standards and policies regarding student preparation and success;
- Policies for faculty professional development activities;
- Processes for program review;
- Processes for institutional planning and budget development

Board policy provides that other academic and professional matters such as:

- District and college governance structures, as related to faculty roles;
- Faculty roles and involvement in accreditation processes, including self-study and annual reports; are to be reached through a process of "mutual agreement" by the College President and the Academic Senate.

The Governing Board and Academic Senate will identify the method (rely primarily or mutually agree) to be utilized in consulting collegially at the time when other academic and professional matters are mutually agreed upon.

- Other academic and professional matters as are mutually agreed upon between the governing board and the Academic Senate

For the purpose of shared governance, the Board shall consult collegially with the Associated Student Body on policies that have or will have a “significant effect on students” including the following:

- Grading policies
- Codes of student conduct
- Academic disciplinary policies
- Curriculum development
- Courses or programs which should be initiated or discontinued
- Processes for institutional planning and budget development
- Standards and policies regarding student preparation and success
- Student services and development
- Student fees within the authority of the district to adopt
- Any other district and college policy, procedure or related matter that the District Governing Board determines will have a significant effect on students

The Board shall adopt policies that provide college staff the opportunity to participate effectively in college governance. At minimum, these policies shall include the following:

- Definitions or categories of non-faculty positions or groups of positions that compose the staff of the college which the Board officially recognizes
- Formulation of College policies that the Board determines, in consultation with the staff, are likely to have a significant impact on the staff

## ***Participatory Governance at Lassen College***

In the participatory governance model, administration operates the college with advice from the college’s constituents. The input of the constituents is received via a committee structure. At Lassen College, the use of participatory governance ensures that the voice of all personnel may be heard through constituent groups and representation on standing governance committees.

### ***Purpose of Participatory Governance***

- A. Provides the process for participatory development of policies, procedures and recommendations.
- B. Provides the means through which all membership of the academic community – students, faculty, administration, classified and management – can participate effectively in the orderly growth and development of the college.

- C. Results in the functioning of administrative advisory committees, institutional committees, academic senate committees, participatory governance committees, and task forces.

## ***Representation in Participatory Governance***

The governance structure provides for representation from five recognized constituencies at Lassen Community College: students, faculty, classified, management & confidential staff, and administration. The primary responsibilities of representatives are as follows:

- Prepare for and attend meetings
- Participate in discussions
- Communicate with individual constituencies
- Contribute to informed decision-making

## ***Consensus***

Participatory governance, including all committees at Lassen College except for those specifically required to use Roberts Rules of Order, involves the use of consensus decision-making. Consensus decision-making is a process that does not involve Robert's Rules of Order or other such rules for committee work. Because of this, consensus decision-making may be unfamiliar to committee representatives. Therefore, each committee should begin the year's work with discussion of the decision-making principles and processes using consensus. Governance bodies must realize that consensus decision-making takes time and requires a commitment to open discussions.

The following describes some of the essential characteristics of successful consensus decision-making:

- **Speaking up:** Everyone in the group bears the responsibility of sharing their ideas, opinions, and feelings.
- **Consensus does not mean unanimity:** As long as all representatives of the governance body have had a chance to speak their minds, a few holdouts do not keep the group from achieving consensus. However, if only a few representatives find the decision acceptable, more dialogue is necessary.
- **Silence is not consensus:** It is best to ask each person to respond to the issue, if only by nodding. To prevent this from becoming a voting process, it is useful to ask a question like, "Are we all on board?" Also, the Chair might go around the group and elicit responses from every one.
- **Holdouts:** Holdouts bear extra responsibility for making their positions and feelings clear to the group. When holdouts have difficulty expressing their ideas, objections, or opinions in rational terms – ask them to share their thought and feelings. This leads to

greater clarity about their specific objections and/or concerns. Once holdouts have shared their positions or feelings, if general consensus is not changed, they should recognize and accept the fact that the group has heard them respectfully but does not agree with their positions or their point of view. It is not appropriate for the holdouts and the rest of the group to accuse each other of not listening to their points of view when both have had adequate opportunity to present these points of view within the discussion.

- **Solidarity:** When consensus is used, all governance body representatives must agree to support the decisions of the group, even if they personally disagree with those decisions. This means that they must work to carry out the decisions of the governance body and speak in favor of these decisions when talking to others in the organization. Staying silent in the group, then speaking against the group's decisions undermines the process.

## **Guidelines for Generating Consensus**

1. Clarify the problem or question being addressed.
2. Determine the criteria for a good solution (cost, scale, scope, acceptance, etc.). Ensure that everyone agrees on the criteria.
3. Brainstorm a range of alternative solutions.
  - a. Generate a thorough list of alternatives.
  - b. Do not evaluate the alternatives as they are being generated.
  - c. Write the alternatives in a format that can be seen by everyone.
4. Take a straw poll to check for the possibility of early agreement. If there is only a little disagreement, determine the reasons for the disagreement.
5. Evaluate alternatives according to the criteria you developed. Rule out any alternatives that do not meet the criteria or are rejected by the group after reflection. Determine if any alternatives require further research. If so, make a plan to carry out research.
6. Make a decision/determine final recommendation. Test ways to combine or modify alternatives to meet the interests of as many people in the group as possible. Select one or more alternatives.

## ***Lassen College Committees***

### **Participatory Governance Standing Committees**

Participatory Governance Standing Committees involve developing recommendations on Board Policies, Administrative Procedures, strategic planning, and on the academic and professional matters defined in California Code of Regulations Title 5 §53200.

Members of these committees are selected as outlined by the Participatory Governance and Consultation Council Handbook (i.e. this handbook) and in each constituent bylaws, with appointments made by each respective constituency (administration, management, faculty, classified, and students). Each member is responsible for bringing information and perspectives from that unit or area into the participatory governance committee dialogue as well as for

bringing information and perspectives from the committee back to the unit or area.

Meetings conducted by the Board of Trustees and Academic Senate, including subcommittees of these two groups, are required to be conducted in compliance with the Brown Act. All other committees will utilize consensus decision making process; they are not required to conduct meetings in compliance with the Brown Act or Robert's Rules of Order.

For all committees, and permanent subcommittees, and task forces, agendas need to be posted in a timely manner to ensure efficiency and effectiveness of meetings. Agendas and minutes must be recorded and documented for historical purposes, Accreditation, and posted in BoardDocs to promote transparency. Task force committee actions will be reported out to Academic Senate and or Consultation Council.

### **Operational Committees**

Operational committees are focused on the implementation of Board Policies and Administrative Procedures. Operational committees are approved by Consultation Council. Operational committee members are assigned or appointed by virtue of their unique expertise or the position they hold within the College.

Operational committees are charged with the task of collaborating to implement Board Policies and Administrative Procedures, objectives of strategic plans, or any 10+1 processes approved by the Academic Senate.

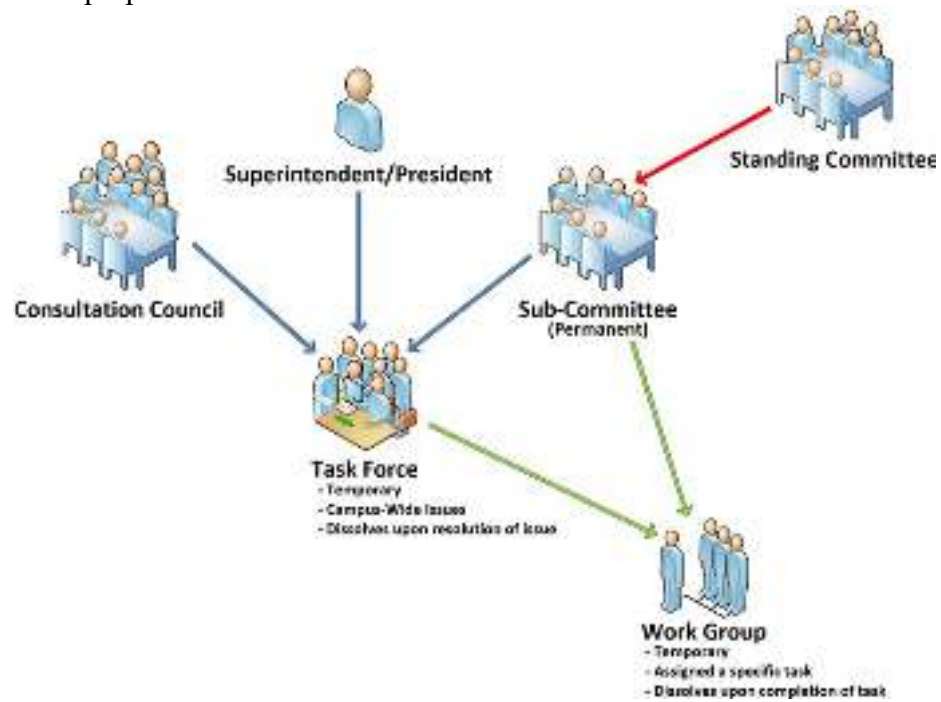

Operational committees are not required to conduct their meetings in compliance with the Brown Act or Robert's Rules of Order. However, norms for collaboration in decision-making as outlined in this document are designed to provide the same type of transparency and openness that is intended by the Brown Act without detracting from efficiency and expediency.

### **Subcommittees, Task Forces, and Work Groups**

There are also committees that provide pathways for participation in college governance and processes while addressing specific issues. In the case of task forces and work groups, as specific issues are addressed, the group is dissolved.

- **Subcommittee:** A permanent subcommittee is one created by a standing committee to address and make recommendations on a subject. The members need not be from the standing committee or council. A subcommittee shall channel its recommendations or findings to the originating standing committee or council for approvals in continuing the participatory governance process as needed. Subcommittees must produce agendas and publish minutes as required of standing committees.
- **Task Force:** A group created by Consultation Council or the President to address a special college-wide issue and meet until the issue is resolved. Once the issue is resolved, the task force shall be dissolved.
- **Work Group:** A work group is created by a standing committee, subcommittee or a task force for a task-related special purpose. A work group meets as needed until the task is finished. A Work Group shall channel its recommendations or findings to the originating standing committee or task force as needed. Once the task is completed, the work group shall be dissolved.

Task forces and work groups shall make their notes available through the originating committee; posting of agendas in advance is encouraged. Operational committees shall maintain meeting records and submit any documentation to the originating committee for accreditation purposes.

## ***General Operational Rules for all Open Committees***

- Open meetings mean that any individual may join and fully participate in the meetings of the governance groups designated as having open meetings.
- In general, a quorum requires more than fifty percent of the committee membership or one member from three of the five constituencies (administration, classified, faculty, management, student) shall be required to conduct business. For specific quorum requirements, look to the committee charge.
- The committee for the subsequent year will be formed in the spring (approximately May) of the previous academic year. New appointees will take office on July 1.
- The chair or co-chairs, of the committee, if not designated, will be elected by the core representatives at the first meeting of the committee in the fall semester. The chair from the previous academic year will call the first meeting.
- Agendas for all open meetings must be available not later than the day prior to the meeting and posted in BoardDocs.
- Minutes for meetings that have them will be distributed one day after their approval and posted in BoardDocs.
- Representatives of various governance groups, bear the primary responsibility for both informing their constituency of the committees' work and informing the committee of the constituency's position on matters under deliberation. It is not the committee chair or college administration's responsibility to inform constituency groups of matters under deliberation by the governance structure.
- Changes to this document must be proposed to the Consultation Council and ultimately approved by the college President and President of the Academic Senate (through Academic Senate action). If a committee wishes to change its charge, representation, or reporting responsibilities, this process must be followed.

## ***Consultation Council Agenda***

- The Consultation Council Agenda will identify five categories of items:
  - Governance – recommendations to be developed by the body on policy and strategic planning
    - May require protracted discussions with multiple readings, time for information to be taken back to constituent groups for discussion
    - Results in formal recommendation or acceptance by the body
    - Looking for consensus
  - Consultation – providing suggestions prior to administrative decisions
    - Shorter discussions -individuals on committee empowered to provide suggestions or request further input from stakeholders not necessarily constituent groups
    - No formal recommendation or acceptance by the body
  - Guided Pathways –
    - Provide information on statewide initiative and updates on how our

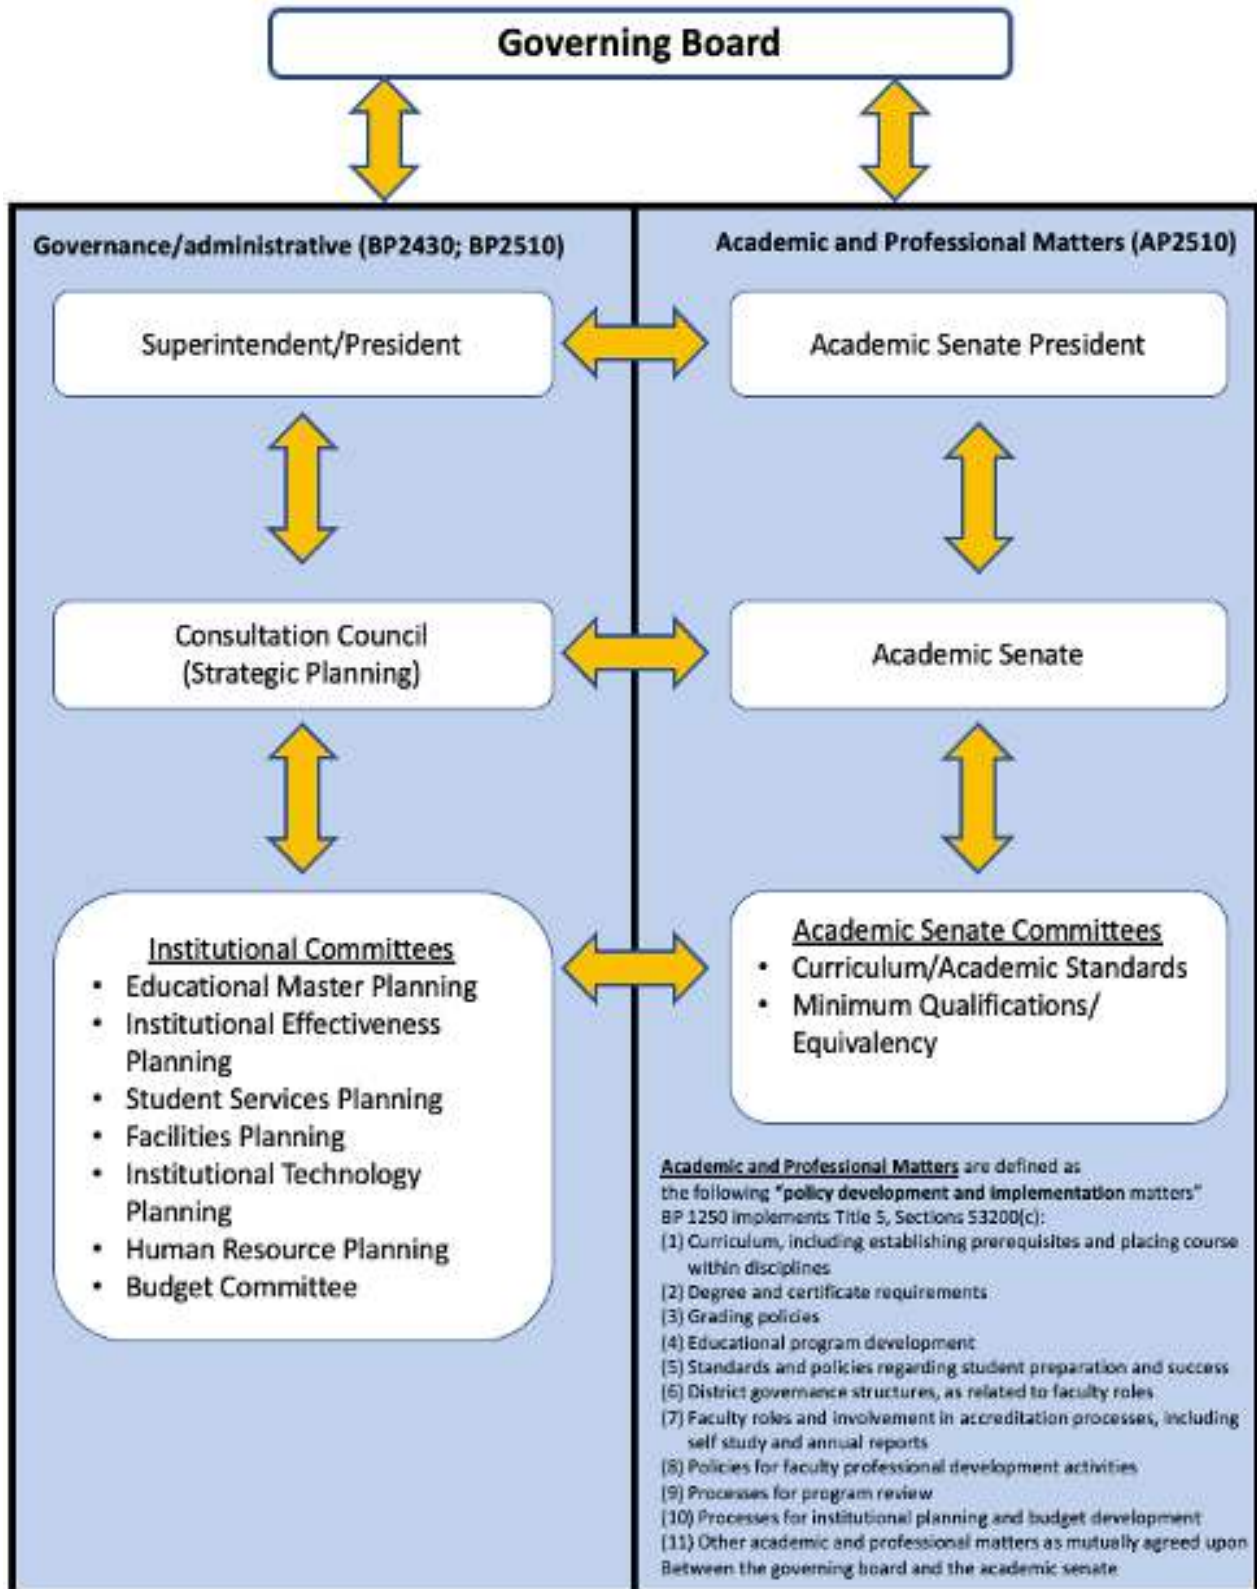

- campus is implementing this initiative
    - No formal recommendations or acceptance by the body
  - Accreditation –
    - Accreditation chair(s) provide updates and information to the body regarding status of accreditation and recommendations
  - Information/Communication –
    - Single agenda discussion - may involve presentation of administrative decisions or actions by offices or constituent groups
    - Shall be used to provide planning committees opportunities to present periodic reports
    - Program reviews and annual updates – after approval by either President’s Cabinet for non-instructional programs or Academic Senate for instructional programs, program reviews and annual updates will be presented as information items to Consultation Council so that budget and planning recommendations and justifications can be included in planning committee conversations and prioritizations.
- The Consultation Council/ Agenda may also include Accreditation- related items as the committee also serves as the Accreditation Steering Committee.

### ***Consultation Council Actions***

- Recommends the Strategic Plan containing the institutional vision, value and mission statements and the overarching strategic goals to the Governing Board
- Accepts and forwards to the Governing Board Policy Subcommittee recommendations on institutional policies
- Adopts for implementation administrative procedures
- Accepts the Institutional Planning and Budget Development Process Handbook adopted by the Academic Senate
- Adopts institutional budget prioritization criteria brought forward by the Budget Committee
- Adopts the Comprehensive Institutional Master Plan
- Adopts the Participatory Governance and Collegial Consultation Handbook
- Oversees the evaluation of progress on the Annual Planning Agenda and accepts the final evaluation matrix
- Accepts prioritized resource allocation requests and recommended funding sources from the Budget Committee
- Accepts recommendations for revisions to the planning process and forwards those recommendations to the Academic Senate for consideration
- Oversees the annual evaluation of the planning and governance processes and makes recommendations for revisions

# Lassen Community College Governance Structure

**COMPREHENSIVE INSTITUTIONAL MASTER PLAN (CIMP)  
(FIVE TO TEN YEAR)**

**Mission**

Lassen Community College provides educational programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The College serves diverse students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.

**Strategic Goal 1**  
Institutional Effectiveness

**Strategic Goal 2**  
Learning Opportunities

**Strategic Goal 3**  
Resource Management

**Strategic Goal 4**  
Student Success

**INSTITUTIONAL SET STANDARDS/STRATEGIC INITIATIVES**

**PROGRAM REVIEWS**

Educational Master Plan  
Student Services Plan  
Technology Plan  
Facilities and Site Plan  
Human Resources Plan  
Institutional Effectiveness

**Comprehensive Institutional Master Plan**

**Budget Committee/Resource Allocation**

**IMPLEMENTATION OF ANNUAL PLANS AND STRATEGIC INITIATIVES**

**ASSESSMENT OF ANNUAL PLANS AND STRATEGIC INITIATIVES**

**YEAR-END REPORT OF PLANS AND STRATEGIC INITIATIVES**

# Governance Groups and their Functions

## **Educational Master Planning Committee**

Open and uses consensus decision-making processes.

Meets 1<sup>st</sup> and 3<sup>rd</sup> Friday of each month at 9:30 am in-person HU 204 and online

### **Charge:**

The Committee shall be responsible for creating a five-year comprehensive educational master plan and maintain the five-year educational master plan through yearly updates. The five-year plan and yearly updates will be used to identify items that have been completed, that are on-going, and that have not yet been addressed as well as add new goals and strategies annually to meet emerging needs.

### **Methods:**

- Analyze data provided by the institutional effectiveness office on course and program enrollment trends over time
- Analyze data provided by the institutional effectiveness office concerning trends in student enrollment related to gender, ethnicity, age, ability, economic status, and other demographic changes over time.
- Analyze data trends provided by the institutional effectiveness office concerning student program enrollments, class time preferences (day, evening, on-line, correspondence, hybrid), and other changes in enrollment patterns
- Utilize the analysis derived above to facilitate the improvement of student access, success, and equity in the schedule of classes.
- Utilize the analysis derived above to facilitate productivity improvement.
- Review and incorporate recommendations from instructional program reviews and non-instructional program reviews into academic planning.
- Integrate academic planning with student services and budget planning to ensure successful implementation of the goals and strategies.
- Commitment to data informed decisions to ensure inclusiveness and equity when creating and implementing the long range academic plan.

### **Structure:**

The Educational Master Planning Committee is comprised of key positions relevant to academic planning and institutional effectiveness. The members shall include the following:

- 4 Administrators (Chief Instructional Officer, Chief Student Services Officer), Deans of Instructional Services (2)
- 5 full-time faculty (Accreditation Chair, 2 division chairs, lead counselor, Academic Senate president, 1 faculty representative from the Curriculum/Academic Standards Committee)
- 2 management/confidential appointed by the group including an individual representing Institutional Effectiveness
- 2 classified representative involved with instructional or student services; appointed by CSEA
- 1 student representative. ASB will have the first opportunity to select a representative, but if not available, faculty or staff may recommend a student representative to the chair(s) for approval.

### **Quorum:**

- A quorum requires more than fifty percent of the membership.

**Chair:**

Elected by the committee at the first meeting in the fall semester.

**Reporting:** Reports to Consultation Council/Strategic Planning Committee

Approved by Educational Master Planning Committee – September 1, 2023

## **Academic Senate**

Open and uses voting by majority decision-making processes.  
Meets second & fourth Tuesday of each month at 3:00 pm in HU 206 and online.

### **Charge:**

The Academic Senate makes recommendations to the administration and Governing Board concerning academic and professional matters including:

- Curriculum, including establishing prerequisites and placing course within disciplines
- Degree and Certificate Requirements
- Grading Policies
- Educational Program Development
- Standards or policies regarding student preparation and success
- College Governance Structures relating to faculty roles
- Faculty roles and involvement in Accreditation processes, including self-study and annual reports
- Policies for faculty professional development activities
- Processes for program review (including examining program review documents and making recommendations)
- Processes for institutional planning and budget development
- Other Academic and Professional Matters as are mutually agreed upon between the Governing Board and the Academic Senate
- Faculty leading change, serving students, and embracing inclusion

### **Structure:**

- The Academic Senate is comprised of six faculty elected by their peers. Per bylaws, representatives are nominated from either Liberal Arts & Sciences (3) or PE/CTE (3) areas, with elected representatives serving two-year terms.

### **Quorum:**

- A quorum requires more than fifty percent of the membership.

### **Chair:**

- President elected annually by the senators.

**Reporting:** Reports to the faculty and the Governing Board. Committee must adhere to the Brown Act.

Approved by the Academic Senate - February 5, 2007

Revised by the Academic Senate – August 23, 2023

## **Associated Student Body**

Membership of the Associated Student Body of Lassen Community College is not open; however ASB meetings are. Voting by majority decision-making processes.

Meets Fridays at 10:00 am in Cougar HQ

### **Charge:**

The Board will consult collegially with the Associated Student Body on policies that have or will have a “significant effect on students” including the following:

- Grading Policies
- Codes of Student Conduct
- Academic Disciplinary Policies
- Courses or programs which should be initiated or discontinued
- Processes for Institutional Planning and Budget Development
- Standards and policies regarding Student Preparation and Success
- Student Services and Development
- Student fees within the authority of the district to adopt
- Any other district and college policy, procedure or related matter that the District Governing Board determines will have a significant effect on students

### **DEIA Statement:**

- ASB champions diversity, equity and inclusion. ASB knows that the best way to understand the world around us is to embrace the full spectrum of perspectives and life experiences. ASB welcomes students, staff and faculty members of every gender, race, religion, sexual orientation, socioeconomic status and gender identity. We encourage the LCC community to think critically about disparities in social structures, and to take action toward positive change.

### **Structure:**

- The Associated Student Body is comprised of students elected by their peers.

### **Chair:**

- President elected by the students

**Reporting:** Reports to the students and the Governing Board

Reviewed by Associated Student Body – October 28, 2022

## **Board of Trustees**

Open and uses voting by majority decision-making processes.  
Meets second Tuesday at 5:30 pm in Board Room

### **Charge:**

- Select and appoint the Superintendent/President and evaluate the Superintendent/President annually
- Determine policies which will govern the operation of the district and to review them periodically
- Approve the annual budget
- Pass on the recommendations of the Superintendent/President pertaining to the appointment or dismissal of employees
- Fix the rate of compensation for all employees and review all salary schedules annually
- Pass on the recommendations of the Superintendent/President on site utilization and physical plant development
- Pass on the recommendation of the Superintendent/President on matters of capital outlay with reference to buildings, major improvements and equipment
- Pass on the recommendation of the Superintendent/President on matters of repair and maintenance of the buildings, grounds, and equipment
- Require and consider reports from the Superintendent/President concerning the program and conditions of the college
- Consider and pass upon the curricular offerings of the college upon the recommendations of the Academic Senate
- Consider and pass upon both academic and Board calendars.
- Consider and pass upon the recommendation of the Superintendent/President on all matters of policy pertaining to the welfare of the students and of the college
- Provide for the establishment of the necessary procedures to assure proper accounting of receipts and disbursement of District funds and those of student organizations, the cafeteria, and other funds under the supervision of the District
- Provide for the annual audit of all funds
- Consider communications and requests from citizens or organization on matters of policy and administration
- Serve as the final court of appeal to the citizens of the District
- Serve as the final appeal for students and employees of the Lassen Community College District
- Support an environment that encompasses diversity, equity and inclusion in all facets of the college community

### **Structure:**

Voting members shall include the following:

- 7 trustees elected at large for four (4) year terms
- 1 student trustee elected by the Associated Student Body for a one (1) year term commencing June 1 of every school year - advisory vote only

### **Quorum:**

- A quorum requires more than fifty percent of the voting membership.

### **Chair:**

Elected by the board members at the organizational meeting in December

**Reporting:** Reports to the public and must adhere to the Brown Act

### **Budget Committee**

Open and uses consensus decision-making processes.  
Meets first Monday of each month at 2:00 pm online.

#### **Charge:**

The Budget Committee is the participatory governance committee that serves in an advisory capacity to Consultation Council. The Budget Committee will make data-driven recommendations based on information provided by the department IPR and NIPR and scored on a rubric addressing ACCJC protocols and college strategic initiatives. Additionally, the CBO or a designee will inform the committee of the adopted budget. Commitment to data informed budget decisions to ensure inclusiveness and equity when advancing and implementing the long-range strategic initiatives.

#### **Responsibilities:**

- Review and approve budget prioritization criteria and forward to Consultation Council and Academic Senate
- Review and prioritize college resource allocation requests as developed through program review and institutional plans, recommend funding sources, and forward list to Consultation Council
- Inform the college community of committee work and recommendations

#### **Structure:**

- The Budget Committee membership totals eight. These eight members are comprised of two faculty members assigned from Academic Senate, two classified members assigned from CSEA, two management members assigned by (management leader), and two administrative members assigned by the Superintendent/President.

#### **Quorum:**

- A quorum requires more than fifty percent of the

membership. Chair:

- The Budget Committee will have two members nominated by the committee membership at the end of every spring semester as Co-Chairs.

**Reporting:** Reports to Consultation Council.

Approved by the Budget Committee – September 18, 2023

Approved by Consultation Council – September 25, 2023

## California School Employees Association, Chapter 591

Meetings are open. Uses voting by majority decision-making processes.

Meets second Thursday of each month at 3:00 online

### Charge:

As the exclusive representative of the classified bargaining unit, through legislation enacted in AB 1725 and SB 235 (California Education Code 70901.2[a]), California School Employees Association (CSEA), Chapter 591, is responsible for the appointment of classified representatives participating in participatory governance. Members of the classified bargaining unit participate in participatory governance and will adhere to the following:

- Understand the importance of our full and complete participation in participatory governance
- Recognize our participation is crucial to the success of Lassen College and a regular part of our jobs
- Recognize committee members represent the entire bargaining unit, not individual interests
- Seek input before offering a bargaining unit perspective
- Be able to differentiate between bargaining issues and participatory governance issues
- Give either a written or oral report on activities of participatory governance committees at monthly chapter meetings
- We have an unwavering commitment to cultivate a workplace of fairness, actively engaging every member's voice and fostering a strong sense of belonging. We value each individual for their unique background and perspectives. We work diligently to eliminate disparities and ensure equal opportunities for all.

CSEA makes recommendations to the administration concerning participatory governance matters through committee participation or unit involvement including:

- College Governance Structures relating to classified roles
- Recommend institutional priorities related to diversity and inclusivity.
- Create equitable and diverse representatives on all governance committees.
- Classified roles and involvement in Accreditation processes, including self-study and annual reports
- Policies for classified professional development activities
- Processes for program review (including examining program review documents and making recommendations)
- Processes for institutional planning and budget development
- Other Classified and Professional Matters as are mutually agreed upon between the Governing Board and CSEA

**Structure:**

- Membership is comprised of members of the Classified Bargaining Unit as described in California Education Code 88003.
- Appointments to committees are made by the CSEA Chapter President

**Chair:**

- President elected in December by members in good standing.

**Reporting:** Reports to members of the classified bargaining unit.

Approved at the January 28, 2008 special chapter meeting

Approved at the February 20, 2020 chapter meeting

Approved at the September 14, 2023 chapter meeting

## **Consultation Council**

Open meetings and uses consensus decision-making processes.  
Meets second & fourth Monday of each month at 3:00 pm online  
and in-person HU 107

### **Charge:**

#### **Consultation Council**

- To participate in institutional decision-making by developing recommendations for the President to advance to the Governing Board, or by developing recommendations for the President's decision when appropriate, on matters relevant to the orderly functioning of the College including institutional planning, policy development, budget and related financial planning, staffing, and facilities and related resource allocation.
- To facilitate college-wide communication by disseminating and interpreting Board guidance, policy, regulations and procedures to the various segments of the college community.
- Foster a team or institutional view as opposed to an individual or constituent position.
- To prioritize, direct, and monitor institutional activities, which assure that the campus meets or exceed standards set by the Accrediting Commission for Community and Junior Colleges.
- Accept and forward to the Governing Board Policy Subcommittee recommendations on institutional policies.
- Adopt administrative procedures for implementation.
- Our commitment to diversity requires that we strive to eliminate those barriers to equity and that we act deliberately to create a safe and inclusive environment where individual and group differences are valued and leveraged for our growth and understanding as an educational community.

#### **Strategic Planning**

- Periodically review and make recommendations on the institutional vision, value, and mission statement
- Recommend the Strategic Plan containing the overarching strategic goals to the Governing Board
- Oversee campus planning groups assuring coordination between the institutional plans, the strategic goals, and the institutional mission, vision, and values
- Assure all institutional plans are based on college vision, values, mission, student learning outcomes, community expectations, and student demographics.
- Adopt the Comprehensive Institutional Master Plan
- Oversee the evaluation of progress on the Annual Planning Agenda
- Upon review of Budget Committee approved budget prioritization criteria and prioritized college resource allocation requests, recommend institutional priorities for institutional budget enhancements/reductions Recommend institutional priorities for institutional budget enhancements/reductions
- Gather and analyze information concerning external factors affecting the institution (strengths, weaknesses, opportunities, threats) and serve as a data gathering and analysis body for the Governing Board

#### **Accreditation Workgroup Committee**

- Review and approve accreditation-related reports
- Oversee development of institutional self-evaluation
- Participate in writing and review of self-evaluation

**Structure:**

- 1 student representative. ASB will have the first opportunity to select a representative, but if not available, faculty or staff may recommend a student representative to the chair(s) for approval.
  
- 7 Faculty appointed by Academic Senate including lead counselor, accreditation chair, and Academic Senate president (may include Division Chairs).
- 3 classified representatives appointed by CSEA
- 3 management representatives appointed by management group including the president
- Chairs of Educational Master Planning Committee, Facilities Planning Committee, Human Resource Planning Committee, Institutional Effectiveness Committee, Institutional Technology Planning Committee, and Student Services Planning Committee (if not already members)
- Chief Executive Officer (Superintendent/President)
- Chief Instructional Officer
- Chief Business Officer
- Chief Student Services Officer
- Director of Institutional Effectiveness
- Accreditation Liaison Officer

Additional administrative members may be required by supervisors to attend in a resource capacity.

**Chair(s):**

- Elected by the committee at the second meeting in August.

**Quorum:**

- A quorum, consisting of one member from each of four of the five constituencies (administration, classified, faculty, management, student), shall be required to conduct business.

**Reporting:** All constituent groups

Approved by the Consultation Council November 3, 2006

Revised by the Consultation Council August 27, 2015

Revised by Consultation Council December 10, 2018

Revised by Consultation Council September, 2019

Revised by Consultation Council September 12, 2022

Revised by Consultation Council September 11, 2023

## **Curriculum and Academic Standards**

Open and uses voting by majority decision-making processes.

Meets every first & third Tuesday at 3:00 pm in Boardroom &/or Via Zoom

### **Charge:**

The Committee shall be responsible for studying and reviewing recommendations and advising in the general area of curriculum proposals and procedures. Specifically, the Committee is charged with recommending action on:

#### Curriculum:

1. Proposed credit and non-credit courses, revised requirements for curriculum majors, certificates of accomplishment, certificates of completion, certificates of achievement, and associate degrees
2. Changes in titles, units, hours, prerequisites, corequisites, recommended preparation, course descriptions, student learning outcomes, course objectives, course content, representative text, and assignments
3. Proposed course deletions and course reactivations; participate in program revitalization
4. Proposed new educational programs, program SLO's and revisions to existing educational programs
5. Recommendations derived from an instructional program review process.
6. Institutional, CSU and UC general education requirements, major preparation and electives
7. Standards for course requisites or other issues related to student preparation and success
8. Appropriateness of modality of instruction, cross-listing, and open entry/open exit
9. Content review for recommended preparation, prerequisites and co-requisites
10. Distance Education committee is a sub-committee of curriculum
11. Faculty leading change, serving students, and embracing inclusion

#### Academic Standards:

1. Appropriateness of offering a specific course to pre-collegiate age students
2. Resolution of challenges to the pre-collegiate basic skills unit limitation
3. Repetition of courses in which a D, F, NC has been received twice
4. Repetition of courses in which as grade of "C" or better has been earned
5. Factors used to determine "critical thinking" and "college level" courses
6. Grading policy
7. Board policy related to academic standards (i.e. academic renewal, credit by examination, credit for prior learning-CPL, repeatability)
8. CTE Transition Articulation Agreements with high schools
9. Assignment of courses to specific disciplines
10. Assist faculty in the development of program (degree and certificate) and course level student learning outcomes

**Structure:**

The Curriculum and Academic Standards Committee is comprised of appointed representatives from all of the campus community constituent groups. Voting members shall include the following:

- 8 full-time faculty appointed by the Academic Senate (departmental representation)
- 1 faculty Articulation Officer (included above)
- 2 classified representative appointed by CSEA (Evaluation Coordinator and one additional representative)
- 1 administration – Vice-President of Academic Services or designee
- 1 management representative with curriculum related responsibilities appointed by Management/Confidential group (should be manager/confidential from Academic Services or Associate Dean of Student Services)
- 1 non-voting student appointed by ASB

**Quorum:**

- A quorum, consisting of a minimum of seven voting members including four faculty, shall be required to conduct business.

**Chair and Vice-chair:**

- Elected by the committee at the first meeting in the fall semester. The committee has the option to elect Co-Chairs.

**Reporting:**

Reports to the Academic Senate and through the Academic Senate to the Governing Board; additionally, reports to the Vice-President of Academic Services or designee

Approved by the Curriculum/Academic Standards Committee: 09/20/2022

Reaffirmed by the Academic Senate: 09/28/2022

## **Distance Education Review Committee**

Sub-committee of Curriculum/Academic Standards Committee

Open and uses voting by majority decision-making processes.

Meets 3<sup>rd</sup> Monday of every month at 3pm PST via Zoom

### **Charge:**

Our primary efforts are to assure quality distance education course offerings and that courses address equity, align with all areas of the CVC-OEI Course Design Rubric. We seek to promote student learning, equity, inclusion, and success in distance learning sections. This committee shall be responsible for reviewing distance education section offerings for effectiveness in delivery and aligned with local, state, and national standards through implementation of the information included in the Distance Education Handbook, which applies to the online elements of courses that utilize Canvas, including fully online courses, and online components of hybrid courses delivered through the Lassen College Learning Management System.

### **Specifically, the Committee is charged with:**

Academic Standards:

1. Make recommendations to improve alignment of distance education courses using the CVC-OEI Course Design Rubric.
2. Upon request and notice to the faculty teaching a course, determine the alignment of content presentation, interaction, assessment and accessibility within the online elements of a course
3. Assist faculty in the alignment of their online course components to all sections of the CVC-OEI Course Design Rubric.

NOTE: This committee is a course review committee, not a faculty evaluation committee. Course sections and distance education materials will be reviewed and recommendations made to the individual faculty member and appropriate division chair. Regular CVC-OEI Rubric Alignment reports will be given to Curriculum/Academic Standards Committee. No recommendations will be made to individual faculty evaluation committees.

### **Structure:**

The Distance Education Review Committee is a sub-committee of the Curriculum/Academic Standards Committee. It is comprised of appointed instructional faculty with experience in at least one distance education delivery (online, correspondence, hybrid)

- 5 full-time faculty appointed by the Academic Senate with experience in at least one distance education delivery
  - 2 faculty members with online instruction experience
- 1 Curriculum/Academic Standards Committee Chair or representative appointed by Curriculum/Academic Standards Committee

## **Division Chairs**

Closed and uses consensus decision-making processes.  
Meets every Monday at 9:00am via zoom or in person

### **Charge:**

The Division Chairs

- Serve as intermediary between the members of the department and the Vice-President of Academic Services or designee
- Communicate on behalf of the department the need for new and/or maintenance of existing equipment/facilities
- Participate in the selection of new full-time and part-time department staff
- Participate in the coordination of the preparation of class schedules
- Coordinate the day, evening and summer class schedules
- Represent the department in curriculum/academic standards, division chairs, and other planning committee meetings as may be requested by the district administration, but limited to ten hours/month. However the ten-hour maximum specifically excludes any meetings associated with the development of class schedules
- Hold department meetings with faculty at least once per month to conduct department business and to provide adequate communication between the district administration and the faculty
- Make recommendations during the first two weeks of fall and spring semesters concerning the canceling or adding of classes and to make any other necessary changes in the class schedule
- Support program review activities
- Support development of student learning outcomes and assessment plans
- Commit to equitable and inclusive scheduling, curriculum and learning outcome practices where differences are valued.

### **Structure:**

The Division Chairs include faculty who meet with the administration weekly.

- 3 administrators (V.P. of Instruction [currently not staffed], Deans of Instruction)
- 5 full-time faculty (Division Chairs, Lead Counselor)
- Executive Assistant for Academic Services

### **Chair:**

- 3 administrators (V.P. of Instruction [currently not staffed], Deans of Instruction)
- 5 full-time faculty (Division Chairs, Lead Counselor)

**Reporting:** Reports to the Vice-President of Academic Services or designee

Approved by the Division Chairs February 2, 2007

Reviewed by the Division Chairs January 30, 2020

Reviewed by the Division Chairs October 3, 2022

## **Facilities Planning**

Open and uses voting by majority decision-making processes.

Meets the third Friday of each month at 10:30 am in the Business Office Conference Room.

### **Charge:**

- Submit the Facilities Master Plan to the Consultation/Council/Strategic Planning Committee
- Review and comment on Safety Committee and Emergency Task Force recommendations and proposed solutions
- Review and comment on various mandated reporting documents (i.e. 5 year Capital Outlay plan, scheduled Maintenance, recycling/energy and water programs etc.)
- Recommend construction and modification of District facilities, assets, and properties
- Recommend sequencing and priority of large district renovation and construction project
- Assist drafting of policies and procedures related to managing the physical plant
- Develop, review and adjust facilities planning documents, including Long Range Facilities Master Plan
- Our commitment is to strive towards accessibility to eliminate barriers to equity and that we act deliberately to create a safe and inclusive environment

### **Structure:**

Voting members shall include the following:

- 2 administrators (Director of Institutional Effectiveness or designee and Chief Business Officer or designee)
- 2 confidential/management representatives appointed by the management group
- 2 faculty appointed by the Academic Senate
- 2 classified representatives appointed by CSEA (The FMP Committee recommends that one classified representative be from maintenance and one from the DSPS department)
- 1 student representative appointed by ASB

### **Chair:**

Elected by the committee at the first meeting in the fall semester.

### **Quorum:**

- A quorum, consisting of one member from each of three of the five voting constituencies, shall be required to conduct business.
- Attendance, including voting, may be facilitated by electronic communication.

**Reporting :** Reports to Consultation Council  
Documents are forwarded to the Strategic Planning Committee.

Approved by the Facilities Planning Committee – 09/07/2023

## **Health and Safety Committee**

Open and uses voting by majority decision-making processes  
Meets the third Friday of each month at 9am in Business  
office 101.

### **Health and Safety Charge:**

1. Study, review, advise and recommend regulations and procedures relating to the safety and security of persons and of district facilities.
2. Review safety, health and environmental issues that affect the campus.
3. Advise the Director of Facilities and Operations on safety issues
4. Make recommendations regarding campus emergency procedures and training
5. Make recommendations regarding parking and traffic control.
6. Make recommendations regarding hazardous waste management.
7. Make recommendations regarding equipment and other issues affecting classroom safety.
8. Assist and support college planning process as needed or requested.
9. Receive reports about unsafe conditions and direct them to the appropriate department along with any recommendations.
10. Review student accident reports, police statistical reports for the campus, and staff accident reports in order to help identify unsafe work practices and/or campus conditions and suggest possible remedies to the appropriate department(s).
11. Make recommendations regarding campus emergency procedures.
12. Encourage input and feedback from all individuals with regard to campus safety related ideas, problems, and solutions.
13. Our commitment is to strive towards accessibility to eliminate barriers to equity and that we act deliberately to create a safe and inclusive environment.

### **Structure:**

The Health and Safety Committee is comprised of appointed representatives from all of the campus community constituent groups. Voting members shall include the following:

- 1 Administrator VP of Administrative Services or designee
- 2 Classified representatives appointed by CSEA
- 3 Faculty representatives appointed by Academic Senate
- 2 Management/Confidential representatives
- 1 Student representative. ASB will have the first opportunity to select a representative, but if not available, faculty or staff may recommend a student representative to the chair(s) for approval

### **Quorum:**

- A quorum, consisting of one member from each of three of the five constituencies (administration, classified, faculty, management, student), shall be required to conduct business.

### **Chair:**

- Elected by the committee at the 1<sup>st</sup> meeting in the fall

**Reporting:** Reports to Consultation Council/Strategic Planning Committee  
Approved by Health and Safety Committee – 10/20/2023

## **Human Resource Planning**

Open and uses consensus decision-making processes.  
Meets second Wednesday of each month at 1 pm online

### **Charge:**

- Coordinate the professional development activities of the college
  - Ensure that the range of activities includes all constituent groups
  - Ensure that the activities include team-building, collaboration, and other projects that enhance collegiality among the groups
  - Ensure that activities include EEO training (in order to provide trained individuals to participate as EEO representatives on screening/selection committees).
- Assist in the development of Professional Development Plan
- Periodically review and revise the staff development procedures and forms
- Plan, implement and evaluate the college's flex day activities
- Assist and support college-planning process through contributions to the Comprehensive Institutional Master Plan
- Assist in the development of a college-wide Human Resource Master Plan
- Assist in the development of EEO Plan
- Assists in the review of screening/selection procedures and forms
- Our commitment to diversity requires that we strive to eliminate barriers to equity and that we act deliberately to create a safe and inclusive environment where individual and group differences are valued and leveraged for our growth and understanding as an educational community.

Faculty members and Chief Instructional Officer or designee will form the Flex Subcommittee

- Assist the Office of Academic Services in the development of flex forms and surveys
  - o Survey faculty and staff to identify needs and interests for potential flex activities
- Assist in the development of flex activities for the following academic year
- Review and make recommendations to the Chief Instructional Officer or designee on flex contracts
- Assist in the preparation of district and state reports as required

### **Structure:**

- Chief Instructional Officer or designee
- 3 faculty members appointed by the Academic Senate
- 2 classified representatives appointed by CSEA
- 2 confidential/management representative appointed by the management group including the Human Resource Director
- 1 student representative. ASB will have the first opportunity to select a representative, but if not available, faculty or staff may recommend a student representative to the chair(s) for approval

**Quorum:**

- A quorum, consisting of one member from each of three of the five constituencies (administration, classified, faculty, management, student), shall be required to conduct business.

**Chair:**

Elected by the committee at the first meeting in the fall semester.

**Reporting:**

Reports to Academic Senate (Flex Subcommittee) and Vice-President of Academic Services

## **Institutional Effectiveness Planning**

Open and uses consensus decision-making processes.  
Meets 2<sup>nd</sup> Wednesdays of each month at 12pm in person

### **Charge:**

- Update the Institutional Effectiveness Master Plan to identify items that have been completed, that are on-going, and that have not yet been addressed and add new goals and strategies annually to meet emerging needs in the areas of organizational structure, accreditation, governance, program review, planning, research, student learning and administrative unit outcome assessment, fiscal planning.
- Analyze data provided by the institutional effectiveness office concerning trends in any of the areas listed above.
- Review and incorporate recommendations from instructional and non-instructional program reviews into planning for an effectiveness institution.
- Integrate effectiveness planning with academic, student services and budget planning to ensure successful implementation of the goals and strategies.
- Assists faculty and staff in coordinating the development, assessment and analysis of results of program and course student learning outcomes and administrative unit outcomes.
- Drive institutional change through recommendations and strategies related to accreditation, program review, outcomes assessment and planning.
- Commitment to data informed decisions to ensure inclusiveness and equity.

### **Structure:**

The Institutional Effectiveness Planning Committee is comprised of key positions relevant to planning for institutional effectiveness. The members shall include the following:

- 1 Academic Senate President (faculty)
- 1 Accreditation Chair (faculty)
- 1 Accreditation Liaison Officer
- 1 Faculty appointed by the Academic Senate
- 1 Director of Fiscal (management)
- 1 Consultation Council Chair(s)
- 1 Director of Institutional Effectiveness (administration)
- 1 Office of Academic Services representative involved in SLO/AUO assessment
- 1 Student representative. ASB will have the first opportunity to select a representative, but if not available, faculty or staff may recommend a student representative to the chair(s) for approval

### **Quorum:**

- A quorum requires more than fifty percent of the membership.

### **Chair:**

- Elected by the committee at the first meeting in the fall semester.

**Reporting:** Reports to both the Academic Senate and Superintendent/President.  
Documents are forwarded to the Consultation Council/Strategic Planning Committee  
Accepted by Consultation Council – September 26, 2022

## **Institutional Technology Planning**

Open and uses consensus decision-making processes.  
Meets 3<sup>rd</sup> Friday of each month at 1pm BO Conference Room

### **Charge:**

- Study, review, advise and recommend regulations and procedures relating to institutional technology
- Identify, prioritize, and review technology needs with regard to network infrastructure, staffing, funding, and equipment capacities.
- Develop a college-wide technology plan, including deployment of technology equipment and coordination of services with Information Technology department
- Assist and support college planning process through contributions to the Strategic Master Plan
- Review and revise the committee charge to meet changing needs over time
- Commitment to data informed decisions to ensure inclusiveness and equity

### **Structure:**

- 3 administrators (Chief Business Officer, Director of Institutional Effectiveness, Chief Student Services Officer)
- 3 faculty representatives (two teaching faculty members) appointed by the Academic Senate
- 3 confidential/management representatives appointed by the management group (Director of Information Technology)
- 2 classified representatives appointed by CSEA (recommended from the IT support staff).
- 1 student representative. ASB will have the first opportunity to select a representative, but if not available, faculty or staff may recommend a student representative to the chair(s) for approval.

### **Quorum:**

- A quorum, consisting of one member from each of three of the five constituencies (administration, classified, faculty, management, student), shall be required to conduct business.

### **Chair:**

Elected by the committee at the first meeting in the fall semester.

**Reporting:** Reports to the Superintendent/President and Academic Senate  
Documents are forwarded to the Consultation Council/Strategic Planning Committee.  
Approved by Consultation Council: November 14, 2022

**Scholarship and Financial Aid Appeals/  
Student Grievance & Academic Renewal Appeals**  
Closed and uses voting by majority decision-making processes.  
Meets on an as needed basis with at least one annual meeting  
online

**Charge:**

- To review academic renewal applications, financial aid appeals, and to conduct student grievance hearings in a timely manner.
- To review scholarship applications.
- To make recommendations to the appropriate entity regarding appeals and grievance processes.

**Structure:**

Membership is made by appointment from the member's constituent group as needed.  
Membership is as follows:

- 3 faculty appointed by the Academic Senate
- 2 classified representatives appointed by CSEA
- 1 student representative appointed by ASB
- 1 confidential/management representative
- 1 administrator (Chief Student Services Officer)

Subcommittee comprised of only the faculty members will hear academic grievances.  
Subcommittee comprised of members minus the student appointee will hear financial aid appeals.

**Quorum:**

- A quorum, consisting of one member from each of three of the five constituencies (administration, classified, faculty, management, student), shall be required to conduct business with the exception of student grievance hearings which will consist of three of four constituencies not including administration.

**Chair:**

- Elected by the committee at the first meeting.

**Reporting:** Reports to the Academic Senate and Chief Student Services Officer. Reports to Vice-President of Academic Services for Academic Grievances.

Adopted by the Academic Senate – August 27, 2015

### **Student Services Planning/Student Success**

Open and uses consensus decision-making processes.

Meets 1st Monday of each month at 3pm in HU107

#### **Charge:**

- Develop and write the Student Services Master Plan
- Incorporate Student Equity Plan and initiatives into the Student Services Master Plan.
- Provide guidance and support to improve enrollment and student retention efforts.
- Embrace and cultivate the Guided Pathways framework institutionally
- Provide insight and facilitate strategic enrollment guidance and strategies
- Our commitment to diversity requires that we strive to eliminate those barriers to equity and that we act deliberately to create a safe and inclusive environment where individual and group differences are valued and leveraged for our growth and understanding as an educational community.

#### **Structure:**

- 2 administrators (VP of Student Services and VP of Academic Services)
- 4 faculty representatives (3 teaching faculty members) appointed by the Academic Senate
- 2 classified representatives from CSEA
- 3 confidential/management representatives appointed by management group leader
- 1 student representative (ASB given first opportunity to select a representative, but if not available, other students may be offered the opportunity)

#### **Quorum:**

- A quorum, consisting of one member from three of the five constituencies (administration, classified, faculty, management, student), shall be required to conduct business.

#### **Chair or Co-Chairs:**

- Elected by the committee at the first meeting in the fall semester.

**Reporting:** Reports to the Superintendent/President and Academic Senate

# Curriculum Overview: Regulations & Responsibilities

Lassen College

Curriculum/ Academic Standards  
Committee

Orientation

August 15, 2023

# Regulations

An overview of the regulations guiding Curriculum action in the California Community College system

# Layers of Guidance

- **CA Education Code**

- Statute
- Determined by legislation

- **Title 5**

- Interprets Ed Code into regulations
- Determined by Board of Governors

- **Chancellor's Office Program and Course Approval Handbook (PCAH)**

- Establishes specific guidelines for implementing Title 5
- Developed by Chancellor's Office with Academic Senate (ASCCC) and System Advisory on Curriculum (SACC)

- **Chancellor's Office Guidelines**

- Further clarify implementation of Title 5
- i.e. Guidelines for Repetition and Repeatability

- **Lassen College Curriculum/Academic Standards Handbook**

- Intended as a reference for LCC faculty, admins and Curriculum Committee
- Developed or revised and approved by Curriculum/Academic Standards Committee

# California Education Code §70902

**(b) (7): Establish procedures not inconsistent with minimum standards established by the board of governors to ensure faculty, staff, and students the opportunity to express their opinions at the campus level, to ensure that these opinions are given every reasonable consideration, to ensure the right to participate effectively in district and college governance, and to ensure the right of academic senates to assume primary responsibility for making recommendations in the areas of curriculum and academic standards.**

# Title 5 §53200

## 10+1

- **TITLE 5 §53200, DEFINITIONS:** Details the implementation of California Education Code, state the faculty authority for curriculum through §53200, definitions, where the academic senate and its purview are defined:

The Academic Senate means an organization whose primary function is to make recommendations with respect to academic and professional matters. Academic and professional matters mean the following policy development matters:

- (1) Curriculum, including establish prerequisites and placing courses within disciplines.
- (2) Degree and certificate requirements.
- (3) Grading policies.
- (4) Educational program development.
- (5) Standards or policies regarding student preparation and success.

*All of the above involve curriculum!*

# Title 5 §53200

## 10+1 continued

- (6) district and college governance structures, as related to faculty roles;
- (7) Faculty roles and involvement in accreditation processes, including self-study and annual reports.
- (8) Policies for faculty professional development activities.
- (9) Processes for program review.
- (10) Processes for institutional planning and budget development, and
- (11) Other academic and professional matters as mutually agreed upon between the governing board and the academic senate.

# Title 5, §55002. Standards and Criteria for Courses

**(a) Degree-Applicable Credit Course.** A degree-applicable credit course is a course which has been designated as appropriate to the associate degree in accordance with the requirements of section 55062, and which has been recommended by the college and/or district curriculum committee and approved by the district governing board as a collegiate course meeting the needs of the students.

**(1) Curriculum Committee.** The college and/or district curriculum committee recommending the course shall be established by the mutual agreement of the college and/or district administration and the academic senate. The committee shall be either a committee of the academic senate or a committee that includes faculty and is otherwise comprised in a way that is mutually agreeable to the college and/or district administration and the academic senate.

# Local Board of Trustees

Adopt policies and procedures related to curriculum only if recommendations on those curriculum policies and procedures are made through collegial consultation with the local academic senate.

Our process:

1) Curriculum Committee Approval

2) Academic Senate Approval

3) Board of Trustees Approval

# Responsibilities

An overview of responsibilities of the Lassen College  
Curriculum/Academic Standards Committee and its Members

# Curriculum/Academic Standards Committee

The Curriculum/Academic Standards Committee is a subcommittee of the Academic Senate. The Committee shall be responsible for studying, reviewing recommendations and advising in the general area of curriculum proposals and procedures as well as academic standards.

The Curriculum/Academic Standards committee has the primary responsibility for the development, review, renewal, and recommendation of curriculum to be approved by the Board of Trustees.

# Committee Responsibilities: Curriculum

The committee is charged with recommendation action on the following curriculum-related items:

1. Proposed credit and non-credit courses, revised requirements for noncredit certificates of completion and certificates of competency and credit certificates of accomplishment, certificates of achievement, and associate degrees.
2. Changes in titles, units, hours, prerequisites, co-requisites, recommended preparation, course descriptions, student learning outcomes, course objectives, course content, representative text, and assignments.
3. Proposed course deletions and course reactivations.
4. Proposed new educational programs and revisions to existing educational programs.
5. Recommendations derived from an instructional program review process.
6. Institutional and CSU, UC, and IGETC general education requirements.
7. Standards for course requisites or other issues related to student preparation and success.
8. Appropriateness of an alternate mode of delivery.
9. Content review for recommended preparation, prerequisites and co-requisites.

# Committee Responsibilities: Academic Standards

The Academic Senate has delegated responsibility for making recommendations on academic standards issues to the Curriculum/Academic Standards Committee, therefore, any standards issue brought before the committee will be considered. Examples of issues include, but are not limited to:

1. Appropriateness of offering a specific course to pre-collegiate age students.
2. Resolution of challenges to the pre-collegiate basic skills unit limitation.
3. Repetition of courses in which a D, F, NP has been received twice.
4. Repetition of courses in which a grade of "C" or better has been earned.
5. Factors used to determine "critical thinking" and "college level" courses.
6. Grading policy.
7. Board policy related to academic standards (i.e. academic renewal, credit by examination, repeatability).
8. CTE Transitions Articulation Agreements with high schools.
9. Assignment of courses to specific disciplines.

# Membership

## Voting Members

- 8 full time faculty representatives including Articulation Officer
  - Faculty should be balanced to represent Humanities, Math-Science, CTE, and Social Science
- 2 classified representatives including Transfer Center Assistant
- 1 management representative with curriculum-related responsibilities
  - recommended Executive Assistant in Academic Services or Financial Aid Director
- 1 administrative representative: either VP Academic Services or Dean of Instructional Services

## Non-voting Members

- 1 student representative with an advisory vote
- Additional administrative representation from Academic Services

## Quorum

- Committee has 12 voting members
- Quorum is 7 members (50% + 1) with at least 4 faculty present

# Responsibilities of Committee Members

Maintain the quality/integrity of the proposals and the Lassen College instructional program by carefully reviewing the curriculum packet and by participating critically in meetings.

# Course Outlines of Record

# Course Outline of Record

## For Credit and Noncredit Courses

- The course outline of record (COR) is a legal document that must contain certain required elements that are outlined in §55002 of Title 5.
- The COR serves as a legal contract between the faculty, student, and the college.
  - The COR establishes the content and rigor of a course and ensures consistency for students across all section offerings.
  - The COR serves as the basis for articulation agreements and statewide course identification number (C-ID) approval.
  - All CORs must be approved by the local academic senate (and/or curriculum committee as a sub-committee of the local academic senate) and the local governing board.

# Course Outline Function

- Establishes CSU-GE and IGETC status
- Establishes and supports articulation agreements
- Distinguishes a course from other courses
- Supports program review process
- Assists accrediting agency review
- Provides evidence of meeting Chancellor's Office and Title 5 requirements
- Ensures quality and consistency of course delivery for faculty
- Ensures instructional integrity
- Provides data for Management Information Systems (MIS) and apportionment

# Essential Elements of the COR - Credit

- |   |   |
|---|---|
| <ul style="list-style-type: none"><li>○ Course Prefix, Number and Title</li><li>○ Catalog Description</li><li>○ Prerequisites/Co-requisites/Recommended Preparation</li><li>○ Units/ Lecture/ Lab/ Outside of Class and Total Hours of Instruction</li><li>○ TOP Code/SAM Code</li><li>○ Course Content</li><li>○ Objectives/Outcomes</li><li>○ Instructional Methods</li></ul> | <ul style="list-style-type: none"><li>○ Methods of Assessment</li><li>○ Grading Criteria</li><li>○ Types or examples of required reading, writing and other outside of class assignments</li><li>○ Required and Recommended Textbooks</li><li>○ Course Repetition Designation</li><li>○ Open Entry/Open Exit if Designated</li><li>○ Discipline</li></ul> |
|---|---|

**The required elements for a COR are found in Title V §55002**

# Other considerations

<b>Item</b>	<b>Why you might want it</b>
○ Student Learning Outcomes	○ Requested to be part of COR by ACCJC
○ College Level Reading and Writing Assignments	○ Insufficient detail might lead to a request for syllabi
○ Transfer/GE Information/C-ID	○ It can be helpful to have this info on the COR
○ Supplemental Instruction	○ Could it be part of your course?
○ TBA Hours	○ Ensure TBA regs are followed
○ External requirements	○ Student certification or licensure

# Types of Programs & Courses

# Types of programs

- Credit – degrees and certificates of achievement
  - Generates apportionment; student fees apply
  - Degree applicable and non-degree applicable (developmental/basic skills)
  - Unit bearing
  - Not designated repeatable (except in limited circumstances)
  - Approval: Curriculum Committee, Board, Chancellor's Office

Credit	Noncredit	Not-for-credit (Training)
<b>Degrees</b> <b>AA</b> <b>AS</b> <b>AA-T</b> <b>AS-T</b>	10 instructional categories permitted	<b>Fee-Based (Community Service/Education)</b>
<b>Certificates</b> <b>COA Less than 16 units</b> <b>CA 16-42 units</b> <b>CA 8-16 units with chancellors office approval</b>	<b>Noncredit Certificates Completion Competency</b>	
<b>Articulation</b> <b>ADT/C-ID</b>	<b>College Preparation and Career Development (CDCP) funded at a higher rate</b> <b>Certificate</b> <b>*4 categories</b>	
<b>Contract Education</b>		

# Noncredit Categories

- English as a Second Language (ESL) \*
- Citizenship for Immigrants
- Elementary and Secondary Basic Skills \*
- Health and Safety
- Courses for Adults with Substantial Disabilities
- Parenting
- Home Economics
- Courses for Older Adults
- Short Term Vocational\*
- Workforce Preparation \*

\*Career Development / College Preparation (CDCP) – This only works for programs with two or more courses

# Types of courses

- Approval = Curriculum Process, Academic Senate, LCC Board, Chancellor's Office
  - Credit, degree and transfer applicable
  - Credit, degree applicable
  - Credit, non-degree applicable basic skills
  - Credit, non-degree applicable Noncredit
- Approval = Curriculum (Information), Academic Senate, LCC Board
  - Community Service (BP & AP 4400 Community Service Programs)
- Regular course approval if being offered for apportionment
  - Contract Education (AP 4104 Contract Education)

# Responsibilities: Program and Course Proposals

# Evaluation of Program and Course Proposals

Areas to be scrutinized for program and course proposals include:

- Appropriateness of the proposal to the mission of the college
- Need
- Curriculum Standards
- Compliance with Code of Education of California and Title 5
- Adequate Resources

# Certificate Programs

## Credit

### Certificate of Achievement

- All curriculum components will be reviewed
- Narrative (with all components)
- CORs for all courses
- Appropriate supporting documentation for “Local” (non-CTE) certificates
- Appropriate supporting documentation for CTE certificates
- Refer to PCAH 7, Part II, Section 3 for credit certificate program standards and criteria

## Noncredit

### Certificate of Completion

### Certificate of Competency

- All curriculum components will be reviewed
- Narrative (with all components)
- CORs for all courses
- Appropriate supporting documentation for short-term vocational (“CTE”) certificates
- Refer to PCAH 7, Part III, Section 3 for noncredit program criteria and standards
- Adult High School Diploma (AHSD) and apprenticeship see PCAH 7, Part III, Section 3 (pp. 135 – 137)

# Evaluation of Program and Course Proposals

## Appropriateness to Mission

- The stated goals and objectives of the proposed program, or the objectives defined in the Course Outline of Record, must be consistent with the mission of the community colleges as established by the Legislature in CEC §66010.4.
- For courses or programs to be mission appropriate, they must provide systematic instruction in a body of content or skills whose mastery forms the basis of student achievement and learning.

# AA/AS Degree

- Compliance standards for associate degrees, as set forth in title 5, § 55063
- All curriculum components will be reviewed
- CORs for all courses
- Narrative (with all components)
- Appropriate supporting documentation for CTE associate degrees
- Refer to PCAH 8, Part II, Section 3 for all credit degree program standards and criteria
  - CTE AA/AS Degrees: PCAH 8, pp. 84
  - Local AA/AS Degrees (non-CTE): PCAH 8, pp. 89

# Evaluation of Program and Course Proposals

## Need

- The proposal must demonstrate a need for a program or course that meets the stated goals and objectives in the region the college proposes to serve with the program.
- Furthermore, a proposed new program must not cause harmful competition with an existing program at another college.
- Need is determined by multiple factors, such as the Academic Master Plan and accreditation standards as well as program review. Program Review is a planning process whereby academic departments determine the future needs and goals of their educational programs. Both new and revised curriculum should reflect the fulfillment of this planning.

# Evaluation of Program and Course Proposals

## Curriculum Standards

- Title 5 mandates that all credit and noncredit curriculum must be approved by the college's curriculum committee and district governing board (pursuant to Chapter 6, Subchapter 2, beginning with §55100).
- Title 5 §55130(b)(8)(E) also requires that credit programs must be reviewed by Career Technical Education Regional Consortia, when applicable. The proposed program and/or course should also be consistent with requirements of accrediting agencies as applicable.

# Evaluation of Program and Course Proposals: Curriculum Standards

Some examples are....

- Incongruence between course/program description and course/program content
- Appropriateness of course unit values and the relationship of unit values to the lecture/lab hours
- Proper pre/co-requisite and/or advisory validation
- Interconnectedness of course goals and course objectives with assignments and evaluation;
- Verification of general education [GE]
- Course transferability
- Program and certificate reviews
- Suitability of delivery methods
- Potential duplication issues
- Potential multiple-prefix offering of the proposed course

# Evaluation of Program and Course Proposals

## Adequate Resources

- The College must demonstrate that it has the resources to realistically maintain the program and/or course at the level of quality described in the application. This includes funding for faculty compensation, facilities and equipment, and library or learning resources, and the college must demonstrate that faculty are available to sustain the proposed required course(s) and to facilitate student success.
- The college must have the resources needed to offer the course(s) at the level of quality described in the Course Outline(s) of Record (COR). The college must commit to offering all of the required courses for the program at least once every two years, unless the goals and rationale for the particular program justify a longer time frame as being in the best interests of students.

# Evaluation of Program and Course Proposals

## Compliance

- It is also required that the design of the program or the course not be in conflict with any law, including state and federal laws, both statutes and regulations.
- Laws that particularly affect community colleges, as well as any other laws that may affect the program or course, such as licensing laws in a particular occupation, need to be considered.

# Available Training Resources

## Agenda Item Details

Meeting

Oct 11, 2022 - Regular Meeting of the Board of Trustees - 5:30 p.m.

Category

Administration

Subject

Approval of Administrator Contract

Type

Action

Recommended Action

Recommended by the Interim Superintendent/President that the Board of Trustees approve the attached Administrator Contract, as presented.

### Background

The success and growth of Lassen College's academic programs and full-time enrollment is contingent upon the acquisition of effective leadership. To achieve this, full recruitment was completed for the position of Dean of Instructional Services, Vocational Development & Programs and an offer was made and accepted.

### Status & Analysis

The Interim Superintendent/President is recommending the Governing Board approve the following Administrator contract being submitted:

Michell Williams, Dean of Instructional Services, Vocational Development & Programs

Salary: Grade 36, Step G, \$158,809.55 annually

Effective: October 12, 2022

### For Board Discussion

Does this action achieve the College's Mission, Vision and Values and Support Student Learning?

[WILLIAMS M. Dean of Instruction Vocational Development Programs 2022-2023.pdf \(167 KB\)](#)

**Regular Meeting of the Board of Trustees - 5:30 p.m. (Tuesday, October 11, 2022)**

*Generated by Julie Johnston on Wednesday, October 12, 2022*

**Members present**

Kim Dieter, Louis Hamilton, Sophia Wages, Sandra Jonas, David Trussell, Robin Hanson

**Members absent**

Buck Parks, Student Trustee Tatum Raymond

**Meeting called to order at 5:30 PM**

## 1. Meeting Opening

Procedural: 1.01 Call to Order and Roll Call

## 2. Public Comment on Closed Session Agenda Items

Procedural: 2.01 Public Comment on Closed Session Agenda Items

None

## 3. Adjourn to Closed Session

Procedural: 3.01 Adjourn to Closed Session

It was moved by Trustee Dieter, seconded by Trustee Hanson and carried unanimously to go into CLOSED SESSION at 5:31 p.m.

## 4. Closed Session

Discussion, Information: 4.01 Public Employee Appointment/Public Appointment (One Matter)

*With respect to every item of business to be discussed in closed session pursuant to Government Code Section 54957:*  
**PUBLIC EMPLOYEE APPOINTMENT/PUBLIC EMPLOYMENT (One Matter)**

Dean of Academic Services CTE

Action Taken by the Board: No Reportable Action

## 5. Reconvene Meeting in Open Session

Procedural: 5.01 Reconvene Meeting in Open Session

It was moved by Trustee Dieter, seconded by Trustee Trussell and carried unanimously to go into OPEN SESSION at 5:35 p.m.

Action, Procedural: 5.02 Agenda Approval

Motion by Robin Hanson, second by David Trussell

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, David Trussell, Sophia Wages

Noes: None

Absent: Buck Parks, Student Trustee Tatum Raymond (Advisory Vote)

Procedural: 5.03 Pledge of Allegiance to the Flag

Academic Senate President Adam Runyan led the Pledge of Allegiance to the Flag.

## 6. Public Comments

Information, Procedural: 6.01 Call for Requests from the Audience to Speak to any Item on the Agenda

None

## Information, Procedural: 6.02 Public Comments on Items Not on the Agenda

Michael Blaschak, CSEA President, addressed the Board and stated that he wanted to come and make some corrections to his statement at the last meeting. He wanted to address an error in what he said. Mr. Blaschak advised that what he was addressing was administrative raises and it should have been administrative reclassification or as Trevor used to call them being placed accordingly. Mr. Blaschak stated that it was a little unfair to point a finger at budgeting when we did not have a CBO to do budgets. Mr. Blaschak advised he is looking forward to having a CBO and looking out to a five year plan. Mr. Blaschak finished by stating that when it says that we need cuts, is it fair that it almost always says classified.

## 7. Consent Agenda-Any items removed will be considered after the motion to approve the Consent Agenda

### Information: 7.01 Public Comments on Consent Agenda Items

### Action (Consent), Minutes: 7.02 Approval of Minutes of September 13, 2022 Regular Meeting

### Action (Consent): 7.03 Approval of Personnel Consent Agenda

### Action (Consent): 7.04 Approval of Warrants and Financial Reports ending September 30, 2022

### Action (Consent): 7.05 Minimum Qualification/Equivalency

### Action (Consent): 7.06 Curriculum/Academic Standard Committee Action

### Action (Consent): 7.07 Curriculum/Academic Standard Committee Action - Community Service

### Action (Consent): 7.08 Curriculum/Academic Standard Committee Action - Action Log

### Action (Consent): 7.09 Approve Consent Agenda

Motion by David Trussell, second by Sandra Jonas

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, David Trussell, Sophia Wages

Noes: None

Absent: Buck Parks, Student Trustee Tatum Raymond (Advisory Vote)

## 8. Discussion/Action on item(s) removed from Consent Agenda

None

## 9. Information-Reports

### Information, Report: 9.01 Academic Senate President's Report - Adam Runyan

Adam Runyan, Academic Senate President gave the following report:

“Good Evening, The last time I met with you we had just approved our Instructional Program Review Process. The IPR Handbook is on the agenda under 10.02. Dr. Aeron Zentner helped us to update our process and many of our faculty are going through it for the first time right now. Our timeline is updated and IPR's that are due this year will be reviewed and approved by December and to you to review by January/February. This timeline is aggressive but necessary to meet our budget cycle. ACCJC should be pleased with our work on this updated process. Our curriculum committee has been extremely busy reviewing new courses in the areas of Gunsmithing, Fire Science, Athletics, and Community Service Courses. It is on your agenda under 7.06, 7.07, and 7.08. Each of these new courses are focusing on building and growing our programs to generate FTES and better serve our community. You will see more at the next meeting with our developing RN program. As always, thank you for your support of our faculty.”

### Information, Report: 9.02 Associated Student's Report - ASB President Amanda Reeves

Amanda Reeves, the newly elected ASB President addressed the Board and introduced herself. Miss Reeves stated she wanted to explain how ASB is starting the year off. This Thursday ASB will have a Meet & Greet with her and the Vice President and hand out hot chocolate and work on getting new Senators. get senators. first meeting this friday. every friday at 10 am starting to already build. want student body to be more involved in community and that there is a presence. hoping to make some good changes this year.

### Information, Report: 9.03 Interim Superintendent/President's Report - Carie Camacho

Interim Superintendent/President Carie Camacho advised that Dan Williams, Interim Director of Facilities will be providing an update tonight. Mr. Williams advised that on August 1st he started this role and wandered around and checked things out. He also started to find out where the money is and then he learned about Fusion. Carie set him up with a consultant who is helping us go after money for us. Mr. Williams advised that is how all our maintenance money comes in. The consultant has helped to get things up to date. Our Five Year Capital Outlay Plan is now up to date. Our Space Inventory had not done either. It is how the State pays us for usage on campus and it is current now. It was supposed to be done by 1st. We did an analysis and we meet the funding criteria to get a new gym, but it may not go in until next year. This will be a cost share to us. We are scoring a 153 on the matrix so \$2.5 million would be our cost share but we can play with it to get our cost share down now. The consultant pointed us in the direction of the grant for a dorm. We are working on a crunched time schedule as we have 2 1/2 months to get it done. Due to the timing, we need to fund the application ourselves. The consultant is on the committee for coming up with the matrix for scoring. Feather River College is the only Northern California college applying. Mr. Williams advised we are trying to hit the January 25, 2023 deadline. We can also reapply in July if we miss the January window. There is money and hopefully we get a chance to get the first round. Mr Williams next discussed ewaste stating that the college has a huge ewaste stash on campus. Mr. Williams advised that the company Safety Clean will be handling this as well as doing the light bulb removal. Paint removal has already been completed. Mr. Williams stated that the college has 54 pallets currently and he is trying to get a truck load in order to get all of the ewaste gone. With regard to the surplus sale, Mr. Williams advised he started looking around campus and going through all of the old board minutes for items previously approved for sale. Bid-Cal would be more expensive whereas Public Service does a 10 1/2% buyer premium which is better for us. We will have to post and load and get rid of it. Mr. Williams reported he is trying to lean that way and started going through the massive lists since 2012. Hopefully by next board meeting he will have it updated. He is trying hard to get the updated list of what is here, and not destroyed or rotted. He would like to have it going by first of year and gone.

Mr. Williams spoke to projects on campus advising that when he started the first of August, there was a rush to get in the dorms. Maintenance had not been done to fix everything. The guys basically jammed and brought 26 rooms on line. They are working on the downstairs bathrooms that have been off line. He is working with StoneCo to get up and online. He is trying to get the doors fixed and the floor patched and painted. In gunsmithing, they have a new conex and they are getting power run out to it. The hog was moved and wired in. The previous wiring was old and it took four weeks to find it. They had to get a trencher in to get power to the conex. They have upgraded half of the lights for LED. LMUD will do a cost share in there with us. They have installed a new safety cage for gases. CA 127 it took two ears trying to get it done. The nursing rooms are all done. They have patched

and paved the pot holes on campus. StoneCo has been working really well with us. Mr. Williams reported that LMUD has an exterior light LED program. The energy service was approved for the grant and he is waiting for the details. All outside lighting will be upgraded and he was told at zero cost but he is now being told differently, so he will have to work that out. There are numerous irrigation leaks. Dave is working hard on the yards and landscaping and is doing a great job. He is spraying weeds and getting stuff cleaned up. Mr. Williams reported that the washer and dryer are installed in the gym. There is now power in the training room which has taken two years plus more storage down there. Mr. Williams advised he went to the first athletic meeting with Yo and he did not have a complaint. They have installed the new auto lift along with LED lighting outside so they can do night classes. In Math/Science they are working on multiple issues. They have installed power and cut the tank for the Sheriff's Department as they needed a site to put up a temporary conex for a repeater to see if it works. Mr. Williams advised that it seems to be working. He and the Sheriff are to have conversation about next steps. The Sheriff donated a snow cat for Coppervale. There are new boilers in the gym, CDC and the Cafeteria. He is working on a design for new sewer for CDC and the back side of campus. They are working to move the Board Room. Trying to move it to a newer, nicer facility then the existing Board Room will turn back into the book store. Mr. Williams stated he is hoping to have the new Board Room in HU 106/107. Mr. Williams next spoke about newer upgrades to campus locks adding that we need to upgrade for active shooter so we are in a one lock down scenario. Additionally we are running Cat 5 power to the gym for the video camera for stats etc. They are working on getting IT to the N Building. It has been demoed out. This location will be closer to the server and mainline there. Mr. Williams reported that upstairs in the dorms they will have a study hall. It needs to be painted and get trimmed out as well as new dorm doors. Well #1 has not been working well. It has been upgraded and should be tying it into the system in the next month. then if Well #2 goes down, Well #1 can be a back-up source. Mr. Williams advised he believes he has a solution to the water hammering problem which is caused by the old infrastructure. When Fire Science closes down a hydrant fast, the pipe is 60 years old and we get the hammering issue. Cal Valve came out and we will need to put a couple of valves up on campus to fix the issue, hopefully before Spring.

Trustee Hamilton inquired about theft on campus and was advised that they are working with IT and trying to get cameras everywhere. Additionally, the police are coming out. Lighting will be a bigger deal. Mr. Williams reported that we had a couple of people that broke into cars for a smash and grab. Smashed a van window and stole the window and mirror control. Cameras are coming along with better lighting and a police officer. We are trying to get our arms around it all. Trustee Hamilton inquired about the old vans stating that he heard we lost catalytic converters. Trustee Hamilton asked about how are we doing on vehicles here? Mr. Williams advised they are using the old Foundation vehicles but will always take more. He has an Ag Maintenance position coming on so he is short on vehicles for his guys. They could use a 3/4 ton or one ton to plow. Maintenance has been using the smaller vehicles and we ruin them. Trustee Hamilton stated that the Foundation possibly has some vehicles. Trustee Hamilton inquired about the CoGen and how are we doing there? Mr. Williams advised he has not had a chance to get down there and do much. They have infrastructure work they have to do. He spoke with Cort Cortez from LMUD on re-powering it. If we want to grow our school like Vet Tech, if maintenance moved down there first and Shipping and Receiving, they could rebuild the Maintenance and Shipping and Receiving location for Ag which makes the most sense right now. The State right now on how we are using our space, we are running at about 300% and not using our space efficiently which needs to change if we want to grow in the future. Trustee Hamilton stated he appreciates what you have done. Thank you. appreciate everything you're doing.

President Wages inquired about handicapped accessibility. Mr. Williams stated he has a master sheet and it is about 600 items long. Tara, his assistant, totaled it up and there is about \$120 million dollars of stuff that we are behind in. Mr. Williams stated that the number he just used the other day was half. We have approximately \$4 million coming to us from the State on deferred maintenance. Our process moving forward is one building at a time. First, will be Creative Arts, and once it is completed then we will go to the next building. Mr. Williams advised that they do not want to get spread out and he will be chasing his tail. Mr. Williams advised that he needs to re-do the front loop but he does not think he can swing it all this year. He is trying to stretch as far as he can. Eric, the College's consultant, is rolling the college's projects five years out. Mr. Williams advised he is definitely working with ADA stuff but not working as far or as fast as he wants to. Mr. Williams stated he is currently running with three Maintenance IV's, a Maintenance II, and Dave filling in for Zach. He advised he

could use 3 or 4 more guys.

Interim Superintendent/President Carie Camacho stated that regarding an on-campus Police officer, we need some kind of security. Mrs. Camacho advised she is being very conservative in our budget but there is a management position where part of it will be eliminated. She has to wait until Ed is done with our Five Year spread sheet. Once that is done, she will take half the management position and fund half a Police officer on campus doing rounds. With improved cameras, lighting and police presence, it will be better than what we have had.

Mrs. Camacho wanted to clarify to everyone that when the college talks about bringing on a new program, it means a year to two years out. Regarding our RN program, Director of Nursing Christi Myers does not know when it will exactly be approved, but believes we will be able to start in Fall 2023, and it will be a four semester, 12 unit program. Students will have extra time to take classes from Humboldt to do their BSN as well. LCC can support that effort with a center here on campus. Also some of our athletes will be able to do the RN program.

Mrs. Camacho reported that we are working on a housing grant. We are also working on in-state tuition with Dahles' office. Mrs. Camacho advised she has a meeting with Bruce Ross next week. Dahle did a Senate bill for Tahoe. Additionally, Michell Williams has been working with UNR but now for everything and not just Ag. Hopefully, this could take place in the Fall. If we can get that back, all Nevada residents would count for our FTES. Mrs. Camacho advised that we did get the North State Together Grant. We are looking at dental assistant and xray. We will be meeting with our group to do Bylaws, etc. Julie will be coordinating that.

Colleen, Michell, Tom Downing and Christi Myers are working on Bachelors programs for the college. The tricky thing is we can not have a Bachelors degree that anyone else has. Tom's will be on something in modern policing and new legislation on community policing and managing in policing as there is no other community college offering this. We have to create the curriculum. Mrs. Camacho reported that there is a lot of work to get this going. The other will be in health information administration. There are two other colleges offering it so we can borrow from their curriculum. Colleen, with a smile on her face, says Fall 2024. This is very exciting news for us. We are looking to add an associate degree in computer information systems. We have some certificates currently, so going that route make sense. There are a lot of moving parts. Mrs. Camacho stated she cannot believe Dan is still standing. Mrs. Camacho advised she went and watched two weeks ago the rodeo at Quincy.

Trustee Hamilton inquired about Seniors on campus and was advised that tomorrow the college is hosting a Senior Day. Originally our high school was going to come, but we are going to them instead to do FAFSA's. It is enabling the smaller schools to get lots of one on one while they are here. The students will sit in on vocational programs and also speak with Financial Aid and have an orientation. Mrs. Camacho stated she is excited they get to go into the classrooms and see some of the lectures. Having seniors be exposed to college now cuts down a barrier to attending college.

### Information, Report: 9.04 Board Comments

Trustee Sandra Jonas stated she is so impressed with everything going on. Thank you for working so hard. Trustee Jonas advised this makes her happy. Trustee Jonas additionally reported that she attended the Career Transfer Day and saw a couple of the trustees there. It was really a good turn out.

Trustee David Trussell advised it was nice to come into this campus and have it looking like a college. It is getting shiny. Trustee Trussell stated he enjoyed that day up here, too, and it was nice to see that many students up here. A lot of them got a lot of good advice.

Trustee Kim Dieter gave a thank you for doing the programs for students, and tomorrow's program sounds really interesting. The students from Herlong enjoyed the College Day.

Trustee Louis Hamilton stated it is nice to see ASB back and he hopes everything goes well. Trustee

Hamilton advised that as far as the College Day after Covid, it is awesome. It is nice to see campus alive again. Trustee Hamilton thanked Dan for his hard work.

President Sophia Wages stated she agrees with everything everyone else said. President Wages quoted a principal from years ago that said if our rooms aren't clean and fixed up, then the teachers aren't happy, and then students aren't happy. It is important things work, and work well, and this projects to students. President Wages stated she appreciates very much all of the hard work and she appreciates the staff who have been helping students be successful. President Wages additionally advised that she played in the Frank Ernaga Golf Tournament. Half of the funds raised goes to the Foundation and half to athletics. This is an annual event and she is happy the Foundation is able to host that.

## 10. Administration

### Action: 10.01 Approval of Administrator Contract

The success and growth of Lassen College's academic programs and full-time enrollment is contingent upon the acquisition of effective leadership. To achieve this, full recruitment was completed for the position of Dean of Instructional Services, Vocational Development & Programs and an offer was made and accepted. the Interim Superintendent/President is recommending the Governing Board approve the contract for Michell Williams as Dean of Instructional Services, Vocational Development & Programs.

Motion by Kim Dieter, second by Robin Hanson

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, David Trussell, Sophia Wages

Noes: None

Absent: Buck Parks, Student Trustee Tatum Raymond

### Information: 10.02 Instructional Program Review (IPR) Handbook 2022-2023

Instructional Program Review (IPR) built on the analysis of data including the assessment of student learning and outcomes, as required by the state and the Western Association of Schools and Colleges (WASC) through the Accrediting Commission for Community and Junior Colleges (ACCJC), is an integral part of the total process of integrated planning driving institutional decisions including budget allocation at Lassen Community College. The recommendations from each program review provide the basis for informed decision-making for academic planning, human resource planning, student services planning, technology planning and facilities planning and are incorporated into the LCC Comprehensive Institutional Master Plan as well as individual Master Plans. The IPR process is an effective vehicle for accountability. Through this process, colleagues can cooperatively share ideas to strengthen the college's instructional programs. In addition, with the submission of completed program review documents to Consultation Council for review by all constituent groups, the IPR process allows for dialogue between faculty, staff and administration regarding the status and future of an instructional program. The Senate approved the handbook update on September 7<sup>th</sup>, 2022. Consultation Council reviewed the handbook on September 12<sup>th</sup>, 2022. It is presented to the Board as information. Trustee Trussell advised that he read through enough of the Handbook today and is glad he does not have to do it anymore.

### Action: 10.03 Authorization for the District to Proceed with Contract Negotiations with the Lassen College Faculty Association (LCFA) for the 2022-2025 Contract

The proposals have been sunshined and the public has had the opportunity to see the proposals. The District wishes to be authorized to enter into the 2022-2023 contract negotiations with the Lassen College Faculty Association. The Lassen Community College District and the Lassen College Faculty Association will be beginning negotiations for the Collective Bargaining Agreement that is intended to be in effect for the period FY 2022-2023. Due to a shortfall in current enrollments, district finances are likely to be strained in the upcoming years. Nonetheless, the District will seek creative solutions in negotiations with LCFA that can meet faculty needs as well as the needs of the District despite these challenging times and financial constraints.

Motion by David Trussell, second by Louis Hamilton

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, David Trussell, Sophia Wages

Noes: None

Absent: Buck Parks

### Information: 10.04 2021-2022 Apportionment Attendance Report - Annual Report Application for Adjustment (CCFS-320)

The CCFS-320 Annual report submitted to the Chancellor's Office for Fiscal Year 2021-2022 was brought to the Board at its August 9, 2022 Regular Meeting. Total FTES reported at that time was 1,069.15. Since that time, adjustments have been made showing adjusted FTES of 1,062.94. The CCFS-320 Annual Report Application for Adjustment is presented for information purposes only. No action is required. Interim Superintendent/President Carie Camacho advised that we need to get FTES. Getting the WUE or good neighbor, that will be huge. That will give us 100 FTES right there which is fantastic and it looks like Nevada is interested again.

### Information: 10.05 Budget Update

Trustee Trussell inquired on the financial report what the line item "Other out" was? It is item 739000. Mrs. Camacho advised she would check and get back to the board on that.

### Information: 10.06 Accreditation Update

Interim Superintendent/President Carie Camacho reported that the team will be on campus for a follow-up visit Nov. 8 and 9, 2022. The lead for the team is Char Perlas, the President at Siskiyous. Also Anna Bedallion and the Vice President of ACCJC, Dr. Kevin Bontenbal.

### Information: 10.07 COVID Update

Interim Superintendent/President Carie Camacho reported that we are still doing same as far as cleaning and giving out tests if people need them.

### Information: 10.08 Foundation Update

Interim Superintendent/President Carie Camacho advised that the Foundation is still cleaning up bills. They are additionally waiting for an update from the auditor to some items that he looked deeper into. The audit is done. The audit letter is done. The Foundation is also looking for new members.

## 11. Information Items

### Information, Procedural: 11.01 Calendar of Events

President Wages referred those present to the Events calendar on the website.

## 12. Future Dates and Reports

### Information: 12.01 Future Dates and Reports

October 25, 2022	Retreat Meeting	Board Room	12:0
November 8, 2022	Regular Meeting	Board Room	5:30
December 13, 2022	Organizational Meeting	Board Room	5:30

## 13. Public Comment on Closed Session Agenda Items

### Procedural: 13.01 Public Comment on Closed Session Agenda Items

None

## 14. Adjourn to Closed Session

### Procedural: 14.01 Adjourn to Closed Session

It was moved by Trustee Trussell, seconded by Trustee Hanson and carried unanimously to go into CLOSED SESSION at 6:24 p.m.

## 15. Closed Session

### Action, Discussion, Information: 15.01 Conference with Labor Negotiators (Three Matters)

1. *With respect to every item of business to be discussed in closed session pursuant to Government Code Section 54957.6:*

#### **CONFERENCE WITH LABOR NEGOTIATORS**

Agency Designated Representative: Josh Morrison, Esq.

Employee Organization: LCFA

Action Taken by the Board: No Reportable Action

2. *With respect to every item of business to be discussed in closed session pursuant to Government Code Section 54957.6:*

#### **CONFERENCE WITH LABOR NEGOTIATORS**

Agency Designated Representative: Josh Morrison, Esq.

Employee Organization: CSEA

Action Taken by the Board: No Reportable Action

3. *With respect to every item of business to be discussed in closed session pursuant to Government Code Section 54957.6:*

#### **CONFERENCE WITH LABOR NEGOTIATORS**

### **Meeting called to order at 5:31 PM**

## **1. Meeting Opening**

Procedural: 1.01 Call to Order and Roll Call

## **2. Public Comment on Closed Session Agenda Items**

Procedural: 2.01 Public Comment on Closed Session Agenda Item

Logan Merchant addressed the members of the Board stating that his name is Logan Merchant and he has worked here 15 years as an IT Specialist. When he started in 2007, he was one of two IT Specialists on a campus that housed nine servers and we had no wifi on campus. Now they maintain 86 active servers and other things. Mr. Merchant advised that the IT Department has suffered only loss. At its peak the department had four IT Specialists and one Director. Then three IT Specialists. The number has now dwindled to two. The Department weathered a cyber attack two years ago and recovered on our own. Mr. Merchant advised he suffered an episode of keto acidosis and ended up in the hospital and his colleague went on alone. Mr. Merchant stated he has no fear or suspicion about his colleague and does not understand why someone would be dismissed after 12 years. Mr. Merchant stated he has been covering for his colleague, and his former Director while training someone on things that took him 15 years to learn, and now his current Director while he works remotely. Mr. Merchant stated he is returning from three weeks of mental health leave, but was interrupted having to help with payroll after which he suffered another episode of keto acidosis and was hospitalized. Mr. Merchant stated he needs to have his colleague returned to work.

## **3. Adjourn to Closed Session**

Procedural: 3.01 Adjourn to Closed Session

It was moved by Trustee Dieter, seconded by Trustee Hanson and carried unanimously to go into CLOSED SESSION at 5:35 p.m.

A roll call vote was taken:

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell (telephonic appearance), Sophia Wages

Noes: None

Absent: None

## **4. Closed Session**

Action, Discussion, Information: 4.01 Public Employee Appointment/Public Employment (Three Matters)

### **PUBLIC EMPLOYEE APPOINTMENT/PUBLIC EMPLOYMENT (Three Matters)**

Vice President Student Services

Dean of Student Equity and Special Programs

Interim Dean of Student Services

Action Taken by the Board: No Reportable Action

## **5. Reconvene Meeting in Open Session**

Procedural: 5.01 Reconvene Meeting in Open Session

It was moved by Trustee Jonas, seconded by Trustee Parks and carried unanimously to go into OPEN SESSION at 5:51 p.m.

A roll call vote was taken:

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell (telephonic appearance),

Sophia Wages

Noes: None  
Absent: None

### Action, Procedural: 5.02 Agenda Approval

Motion by Louis Hamilton, second by Buck Parks

Final Resolution: Motion carries.

A roll call vote was taken:

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell (telephonic appearance), Sophia Wages, Student Trustee Tatum Raymond (Advisory Vote)

Noes: None

Absent: None

### Procedural: 5.03 Pledge of Allegiance to the Flag

The Pledge of Allegiance to the Flag was led by Trustee Buck Parks.

## 6. Public Comments

### Information, Procedural: 6.01 Call for Requests from the Audience to Speak to any Item on the Agenda

Michael Blaschak addressed the Board and provided a handout and stated as follows:

Handout for you all. Lassen College Governing Board, just wanted to say hello. I know I wear a lot of hats on campus but today I'm here to talk to you as president of the Classified Union Chapter 591. I'll talk about the handout and I want to make a clear distinction on the emphasis of this statement. Today I would like to talk about the decisions made by the administration with the approval of the governing board and how they reflect the priorities at this college. I'm also going to talk about salary and compensation and I want to make clear that my comments do not reflect, are not about reclassifications or raises, whether they are deserved or not. Everybody and everyone at this college works very hard and deserves to be compensated. Now if you shift to the handout provided, you'll see how the eyes of many of our classified staff, um, and in the eyes of many of our classified staff, the district has not made their personal financial stability a priority. So the spreadsheet you are looking at is a cost comparison of the proposed classified pay increase as it compares to the administrative increases on today's agenda. The point is not that those administrators don't deserve that pay, but the point is that the classified staff are the ones that will be implementing the programs that they are getting these pay increases for are being passed over for appropriate compensation. Now I did not have access to the districts detailed finances and I did not want to burden our finance staff by asking for very specific numbers, so you'll see in a simplified spreadsheet the classified pay is assuming everybody is at max step. That means that is the maximum increase, the maximum financial increase. I also want to point out that the 3% wasn't a number that was picked at random, it was based on the expected COLA increase and the numbers given out by the government on inflation, and we want to keep our classified staff as close to government numbers as possible. I also want to point out this is simplified, I know both administrative and classified staff are paid from categorical funds at times but the assumption is that the percentage of classified staff and the percentage of admin staff that are paid from those alternative funds is approximately the same. So the point I want to make is the monetary values I think are an accurate representation of the approximate comparison between the two general fund or funding liabilities that would have been made if we had gotten a classified pay increase versus just the three administrative pay increases that are on the agenda.

### Information, Procedural: 6.02 Public Comments on Items Not on the Agenda

Michael Blaschak addressed the Board as follows:

That was actually a very good place to end because I want to flip to a different subject. I want to show you guys the numbers so continuing with my statement. I'm fully aware that, again, this spreadsheet is simplified, but I do want to point out that the work that went into making the budget assessment for

these administrative positions was real work. Somebody had to put real work into making sure we can afford these administrative increases. And that real work is what I'm talking about here today. That is reflected on the priorities of this administration and how they choose to put that real work in to compensate you. Ultimately, classified have not been received a non COLA pay increase since 2017. I'd like to discuss just a little bit about classified pay in general and how we have not received a non-COLA raise since 2017. And in that time, many administrative and management reclassifications have occurred. I briefly spoke to this board months ago about the positive contract negotiations and that has not changed. I think our contract negotiations are going well. What I did want to point out is the financial decision ahead of you today clearly indicates where the priorities of this college are, where they are willing to find a bunch of money for pay increases, as opposed to what I frequently hear which is we are concerned about finances and have to find money for pay increases. There's a big difference there that I want to point out where people are finding their funding and how people are finding their funding. I will point out there's a couple of things those salary increases for administrators just over the last two years, CSEA contract is a 3 year contract term, so in a 2 year period these three positions. .these three positions, mind you, not these people. These are all great people. But these three positions have been reclassified twice in the last two years whereas five years for classified. Thank you.

Tara Bias spoke and stated she was just here as a voice for classified and she is part of the e-board for classified. Ms. Bias stated she is super good friends with all of our classified and even when Trevor was here she voiced the same concern to him. Classified morale is dropping. When Carie came to them at Convocation she felt the energy increase and then when they see things on the agenda, it drops. This is not about people. They have been instructors to her. When a classified is being asked if they can get a 3% increase to keep up with gas and eggs and milk and they have children at home and they are denied, and then they see an increase to three people on campus. That is going to hurt morale. They are working long hours with everyone else. They love these students and what they will do for this campus and community. The classified have to be on the minds of our Board and Administrators. We have to be happy here at work or they will need to look for other jobs. That's the voice. Please think of us when they are offering increases. Ms. Bias stated she got two things of groceries yesterday at Safeway and it was over \$60.

## 7. Consent Agenda-Any items removed will be considered after the motion to approve the Consent Agenda

Information: 7.01 Public Comments on Consent Agenda Items

Action (Consent), Minutes: 7.02 Approval of Minutes of August 9, 2022 Regular Meeting

Action (Consent): 7.03 Approval of Personnel Consent Agenda

Action (Consent): 7.04 Approval of Warrants and Financial Reports ending August 31, 2022

Action (Consent): 7.05 Ratification of Contracts

Action (Consent): 7.06 Minimum Qualification/Equivalency

Action (Consent): 7.07 Approve Consent Agenda

Motion by Buck Parks, second by Louis Hamilton  
Final Resolution: Motion carries.

A roll call vote was taken:

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell (telephonic appearance), Sophia Wages, Student Trustee Tatum Raymond (Advisory Vote)

Noes: None

Absent: None

## 8. Discussion/Action on item(s) removed from Consent Agenda

None

## 9. Information-Reports

### Information, Report: 9.01 Academic Senate President's Report - Adam Runyan

Adam Runyan, Academic Senate President, gave the following report:

Good Evening, I am pleased to report out some of our activities this past month. Senate worked closely with the Accreditation Chairs to review and approve the ACCJC Follow up report. Kudos to our Accreditation Tri Chairs as well as Tom Robb and Codi Mortell for their hard work on researching, compiling, and editing this document. This was a team effort across the campus that shows our commitment to the Shared Governance process. I'm sure you, the ACCJC Peer Review team, and the Commission will be pleased with our report. Another major initiative that was complete this past month was our updates to the Instructional Program Review Process. We worked closely with Dr. Aeron Zentner, who we are currently contracting with in the area of Institutional Effectiveness, to help us update our processes. He gave us major feedback on our IPR Handbook, Template, and Rubric. The documents have been adopted. I wasn't able to get the approved documents to you for this Board meeting, but will be sure to share the changes with you next month. Faculty are excited about the overhaul and ready to start our new process. If you ever have any questions regarding Senate, please reach out. Thank you.

### Information, Report: 9.02 Associated Student's Report

Student Trustee Tatum Raymond reported that the students are getting settled into classes and programs are getting started again like TRiO and a study skills workshop, which was put together really well and a great resource for students. Later this month there is a Fall University Tour to UNR, CSU, Sacramento and Cal Poly Humboldt.

### Information, Report: 9.03 Interim Superintendent/President's Report - Carie Camacho

Tom Downing provided a report and PowerPoint presentation on the Lassen Community College Public Safety Training Center and Sierra Sportsmen Club Range Upgrade. The PowerPoint presentation is attached to the agenda item for the Interim Superintendent/President's Report. Mr. Downing provided photos showing an aerial view of the site, Backstop Improvement Work, an LCC Firearms Class at the range, a site view for the location of a metal building and a diagram of the proposed 20'x30' metal building with concrete floor. Trustee Hamilton inquired concerning potential vandalism and was advised by Mr. Downing that trail cameras are in place to try to minimize any vandalism. Mr. Downing reported that the building is kind of expensive but they will not leave anything of value up there.

Interim Superintendent/President Carie Camacho reported they are getting ready to do interviews for the Dean of Fiscal, and CBO and are flying the Dean of Administrative Services positions. Mrs. Camacho reported the college will be contracting with a Rent-a-CBO as we are in desperate need. Mrs. Camacho reported the Volleyball team is 6-1 and it is very exciting. Also the first Fall Baseball game is this Friday at our field at Memorial Park. Mrs. Camacho advised that LCC is the sponsor for the Play of the Game for all 49 games and Grizzly football games. September 19th is the College and Career Fair which is great for students. Mrs. Camacho reported that she did speak with two PG & E VP's and they are going in a different direction and are starting to bury their lines. They are looking more instead of a lineman's school, looking for fire management and weed abatement on the ground. Most Lineman's schools are being funded by Workforce Alliance and are not sustainable. Evergreen College is having a hard time keeping it full. Dan Weaver is working on a transferable degree for Fire Management with Cal Poly Humboldt. Mrs. Camacho reported she will be having lunch with the Regional VP when they come to town. Mrs. Camacho relayed that CCC is closing. They are already analyzing how many FTES Correspondence will lose. Mrs. Camacho stated that Administration believes that the college can offer more classes at High Desert and through the state and United States. We are looking for 2% growth and we are about 1% behind.

### Information, Report: 9.04 Board Comments

Trustee Sandra Jonas advised that she appreciates the attendance and comments and advised that the Board listens. Thank you. Trustee Jonas additionally stated she also enjoyed going to the Student Equity Summit in Reno with some of the staff and being aware of not only our students but our staff.

Trustee Robin Hanson stated to the audience that when they come and speak it helps the Board to understand the issues from them.

Trustee Louis Hamilton advised that he has to speak about convocation and that he really appreciated the day and the presentation from Dwayne Sherman from the Susanville Indian Rancheria. Trustee Hamilton stated he would like to say thank you to him and he would love to have him to come and give a presentation. Trustee Hamilton advised he is happy to see the College Career and Transfer Day back in service with student arriving at 9 a.m. Trustee Hamilton stated the flowers at the entrance of campus look great and gave a thank you to Julie.

Trustee David Trussell stated he wanted to echo what Lou said. It was a great convocation.

President Sophia Wages stated she enjoyed convocation but did not stay for lunch. President Wages advised she enjoyed our speaker and he would be great to work with at the college. President Wages stated that she knows the college has tried to get the Native Americans to come down to the school and go on to higher education. President Wages relayed that she heard Feather River College on the radio some time back and they talked about building new dorms. This is what we need to do and we still need to look into that. President Wages advised we need to build our FTES and then we need our dorms. This is something that cannot be done really quickly as we have to do the paperwork. President Wages stated that she has a letter of resignation from Shantel McDonald who served on the Foundation board. Ms. McDonald has resigned but would like to continue to offer her services to help raise funds. President Wages stated she would like to thank her for her commitment to students. President Wages advised they are looking for Foundation Board members and in about a month or so will have answers for everybody. They are not quite finished yet, but with time and patience they are getting there. President Wages stated she appreciates anyone that supports the Foundation and is willing to raise money for the students and keep them coming to the college.

## **10. Administration - Public Hearing on FY 2022-2023 Final Budget Action, Procedural: 10.01 Public Hearing on FY 2022-2023 Final Budget**

President Sophia wages asked for a motion to open the public hearing on the FY 2022-2023 Final Budget. Motion by Trustee Kim Dieter. The public hearing was opened at 6:23 p.m. There being no public comment, President Wages closed the public hearing on the FY 2022-2023 Final Budget.

## **11. Administration**

### **Action: 11.01 Approval of 2022-2023 Final Budget**

The District is presenting a final budget for Fiscal Year 2022-2023. At the June 2022 Board meeting, the Board approved a Tentative Budget. The District is now presenting a budget that reflects a zero balance and no change to our ending fund balance. The District is required by law to have the budget available for review to the public one (1) week prior to the Board meeting. This will be the budget presented for public review. As part of this budget the Board needs to approve the GANN Limit for LCC. Administration is requesting the Board approve the increase of the GANN Limit by \$1,598,667.00 to bring Lassen College's limit in line with the district's appropriations received. Approval of the Final Budget will also include approval of the GANN Limit increase.

Motion by Kim Dieter, second by Louis Hamilton

Final Resolution: Motion carries.

A roll call vote was taken:

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell (telephonic appearance), Sophia Wages, Student Trustee Tatum Raymond (Advisory Vote)

Noes: None

Absent: None

### **Action: 11.02 2022 Lassen Community College Follow-Up Report to ACCJC**

Interim Superintendent/President Carie Camacho advised that the Follow-Up Report has gone through all the appropriate committees such as Consultation Council and Academic Senate. Mrs. Camacho stated she would like to acknowledge the Tri Chairs and Colleen for the AUO's, Tom Robb for making the report readable and Codi Mortell for making it pretty. President Wages stated she would like to thank Codi and everybody that worked so hard on this adding that we do not see the daily work and the report looks really good.

Motion by Sandra Jonas, second by Buck Parks

Final Resolution: Motion carries.

A roll call vote was taken:

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell (telephonic appearance), Sophia Wages, Student Trustee Tatum Raymond (Advisory Vote)

Noes: None

Absent: None

### Action: 11.03 Approval of 2022-2023 Covid-19 LCC Emergency Conditions Allowance Application and Resolution in Support

Interim Superintendent/President Carie Camacho reported that this document is due to when the Chancellor's office when CoVid hit, they were saying that they were going to give all these hold harmless funds and now they are attaching conditions to it. Colleges must now do an Application and state how they are going to grow enrollments and be fiscally sound. Mrs. Camacho advised this will be submitted to the Chancellor's office and that the Chancellor's office is very vague as to if schools will or will not hit the fiscal cliff they keep talking about. Mrs. Camacho reported that we will eventually go off the cliff and this document will hopefully help us not go off the cliff.

Motion by Buck Parks, second by Louis Hamilton

Final Resolution: Motion carries.

A roll call vote was taken:

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell (telephonic appearance), Sophia Wages, Student Trustee Tatum Raymond (Advisory Vote)

Noes: None

Absent: None

### Action: 11.04 Approval of Administrator and Interim Administrator Contracts

Interim Superintendent/President reported that at the March 8, 2022 Regular meeting, these positions were brought to the Board for approval on the Personnel Consent Agenda with the job descriptions attached and were approved at that time. The contracts have now been completed and are being provided in keeping with the District's goal of transparency in government in accordance with the Brown Act and has requested to approve the Dean of Student Equity and Special Programs contract and Interim Dean of Student Services contract in accordance with Government Code section 54953(c)(3).

Motion by Buck Parks, second by Louis Hamilton

Final Resolution: Motion carries.

A roll call vote was taken:

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell (telephonic appearance), Sophia Wages, Student Trustee Tatum Raymond (Advisory Vote)

Noes: None

Absent: None

### Action: 11.05 Approval of Administrator Contract

Government Code Section 54953 requires that approval of an executive contract must occur in open session as part of the transparency in governmental processes of the District. As a result, the Board of Trustees desires to maintain transparency in government in accordance with the Brown Act and has requested to approve the Vice President of Student Services' contract in accordance with Government Code section 54953(c)(3). The Contract for the Vice President of Student Services is submitted for approval at this time. It was noted by President Wages that the contract was changed from a four year to a two year contract as it is a past practice to have two years for most people, and the Board thought it would be fair.

Motion by Buck Parks, second by Kim Dieter

Final Resolution: Motion carries.

A roll call vote was taken:

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell (telephonic appearance), Sophia Wages, Student Trustee Tatum Raymond (Advisory Vote)

Noes: None

Absent: None

### Action: 11.06 District Reopeners for Article 9 – Salary and Article 10 – Health and Welfare Benefits (LCFA)

LCFA has forwarded their letter dated September 8, 2022 advising they have no reopener proposal for 2022-2023 Fiscal Year. Per the 2022-2025 LCFA Collective Bargaining Agreement, Article 9 - Salary and Article 10 – Health and Welfare Benefits are open to negotiation for 2022-2023 Fiscal Year. The District recognizes the beginning of the opening of the 30 day public comment period and looks forward to negotiations with LCFA regarding Salary and Health & Welfare Benefits. In accordance with Title VIII, California Administrative Code Section 32900, et. Seq. and California Government Code Section 547 the Board of Trustees of the Lassen Community College District will conduct a public hearing on the District's Initial Proposal to the Lassen College Faculty Association (LCFA) and Lassen College Faculty Association's (LCFA) Initial Proposal to the District. The public hearing will take place on October 11, 2022 after the 30 day public comment period. This sunshining proposal is the first step in the reopening of the 2022-2025 LCFA Collective Bargaining Agreement for the 2022-2023 Fiscal Year which includes negotiations for Salary, Health and Welfare Benefits.

Motion by Kim Dieter, second by Louis Hamilton

Final Resolution: Motion carries.

A roll call vote was taken:

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell (telephonic appearance), Sophia Wages, Student Trustee Tatum Raymond (Advisory Vote)

Noes: None

Absent: None

### Action: 11.07 Approval of College and Career Access Pathways Partnership Agreement between Lassen Community College and Lassen Union High School District

Lassen College and Lassen High School have agreed to offer pathway courses in Automotive, Nursing, Fire Technology, and Child Development. These courses will allow students to be simultaneously enrolled in Lassen High School to complete college courses that meet high school graduation requirements and fulfill program area college certificate requirements. National research demonstrates that, compared to similar peers, dual enrollees have higher rates of high school graduation, higher rates of college enrollment, and higher rates of subsequently completing a college degree.

AB 288 requires that each participating school present the CCAP Agreement to the respective governing boards, at an open meeting, as an informational item. Then subsequently at an open public meeting, take comment from the public, and approve or disapprove the proposed AB 288 CCAP Partnership Agreement prior to submitting to the Chancellor's Office for approval. The Agreement brought to the Board of Trustees for public comment at the August 9, 2022 Regular meeting and is being brought forward at this time for approval.

Motion by Sandra Jonas, second by Robin Hanson

Final Resolution: Motion carries.

A roll call vote was taken:

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell (telephonic appearance), Sophia Wages, Student Trustee Tatum Raymond (Advisory Vote)

Noes: None

Absent: None

### Action: 11.08 Approval of Fire Technology Program Advisory Committee

In accordance with Board Procedure 4102 – Career/Technical Programs, a completed list of the nominees for the 2022-2024 Fire Technology Advisory Committee was presented, which complies with both the membership and voting guidelines. The complete list of nominees reflects the following: current members who have agreed to serve an additional two-year term and new industry nominees for consideration.

Motion by Louis Hamilton, second by Buck Parks

Final Resolution: Motion carries.

A roll call vote was taken:

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell (telephonic appearance), Sophia Wages, Student Trustee Tatum Raymond (Advisory Vote)

Noes: None

Absent: None

Agenda Items 11.09 through 11.14 were approved with one Motion:

### Action: 11.09 Approval of Child Development Advisory Committee

In accordance with Board Procedure 4102 – Career/Technical Programs, a completed list of the nominees for the 2022-2024 Child Development Advisory Committee was presented, which complies with both the membership and voting guidelines. The complete list of nominees reflects the following: current members who have agreed to serve an additional two-year term and new industry nominees for consideration.

### Action: 11.10 Approval of Agriculture Advisory Committee

In accordance with Board Procedure 4102 – Career/Technical Programs, a completed list of the nominees for the 2022-2024 Agriculture Advisory Committee was presented, which complies with both the membership and voting guidelines. The complete list of nominees reflects the following: current members who have agreed to serve an additional two-year term and new industry nominees for consideration.

### Action: 11.11 Approval of 2022-2023 Nursing Advisory Committee

In accordance with Board Procedure 4102 – Career/Technical Programs, a completed list of the nominees for the 2022-2024 Nursing Advisory Committee was presented, which complies with both the membership and voting guidelines. The complete list of nominees reflects the following: current members who have agreed to serve an additional two-year term and new industry nominees for consideration.

### Action: 11.12 Approval of 2022-2023 Gunsmithing Advisory Committee

In accordance with Board Procedure 4102 – Career/Technical Programs, a completed list of the nominees for the 2022-2024 Gunsmithing Advisory Committee was presented, which complies with both the membership and voting guidelines. The complete list of nominees reflects the following: current members who have agreed to serve an additional two-year term and new industry nominees for consideration.

### Action: 11.13 Approval of 2022-2023 Automotive Advisory Committee

In accordance with Board Procedure 4102 – Career/Technical Programs, a completed list of the nominees for the 2022-2024 Automotive Advisory Committee was presented, which complies with both the membership and voting guidelines. The complete list of nominees reflects the following: current members who have agreed to serve an additional two-year term and new industry nominees for consideration.

### Action: 11.14 Approval of 2022-2023 CIS Advisory Committee

In accordance with Board Procedure 4102 – Career/Technical Programs, a completed list of the nominees for the 2022-2024 CIS Advisory Committee was presented, which complies with both the membership and voting guidelines. The complete list of nominees reflects the following: current members who have agreed to serve an additional two-year term and new industry nominees for consideration.

Motion by Buck Parks, second by Kim Dieter

Final Resolution: Motion carries.

A roll call vote was taken:

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell (telephonic appearance), Sophia Wages, Student Trustee Tatum Raymond (Advisory Vote)

Noes: None

Absent: None

Abstain: Trustee Robin Hanson abstained from voting on the Agriculture Advisory Committee

### Information: 11.15 Budget Update

Budget update was provided earlier at Item 11.01 with the approval of the Final Budget for FY 2022-2023.

### Information: 11.16 Accreditation Update

Accreditation updated was provided earlier at Item 11.02 with the approval of the Follow-Up Report to ACCJC.

### Information: 11.17 COVID Update

Vickie Ramsey, Director of Human Resources reported that the college is still following protocol. Mrs. Ramsey advised that the last time she was looking for tests, she received some help from Christi Myers and was able to order several, which she can now do monthly.

### Information: 11.18 Foundation Update

President Wages provided a Foundation update during the Board Comments.

## 12. Information Items

### Information, Procedural: 12.01 Calendar of Events

Effective: October 30, 2023 – June 30, 2024

g. Driver- William Merkle

Salary: Short-Term Salary Schedule, Grade 3, \$19.48 per hour

Effective: October 9, 2023 – June 30, 2024

h. Driver with P Endorsement- Jay McKennon

Salary: Short-Term Salary Schedule, Grade 6, \$30.00 per hour

Effective: August 21, 2023 – June 30, 2024

i. Driver- Darren Turpin

Salary: Short-Term Salary Schedule, Grade 3, \$19.48 per hour

Effective: October 11, 2023 – June 30, 2024

j. Driver- Katherine Upton

**Regular Meeting of the Board of Trustees - 5:30 p.m. (Tuesday, November 14, 2023)**

Generated by Julie Johnston on Wednesday, November 15, 2023

**Members present**

Kim Dieter, Louis Hamilton, Buck Parks, Sophia Wages, Sandra Jonas, David Trussell, Robin Hanson (appearing via Zoom), Student Trustee Jasmine Gisselberg

**Meeting called to order at 5:33 PM****1. Meeting Opening**

Procedural: 1.01 Call to Order and Roll Call

Action, Procedural: 1.02 Agenda Approval

Motion by Louis Hamilton, second by David Trussell

Final Resolution: Motion carries.

A Roll Call Vote was taken:

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson (via zoom), Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Jasmine Gisselberg (Advisory Vote)

Noes: None

Absent: None

Procedural: 1.03 Pledge of Allegiance to the Flag

The Pledge of Allegiance to the Flag was led by Trustee Kim Dieter.

**2. Public Comments**

Information, Procedural: 2.01 Call for Requests from the Audience to Speak to any Item on the Agenda

None

Information, Procedural: 2.02 Public Comments on Items Not on the Agenda

None

**3. Consent Agenda-Any items removed will be considered after the motion to approve the Consent Agenda**

Information: 3.01 Public Comments on Consent Agenda Items

Action (Consent), Minutes: 3.02 Approval of Minutes of October 10, 2023 Regular Meeting

Action (Consent), Minutes: 3.03 Approval of Minutes of October 24, 2023 Retreat Meeting

Action (Consent): 3.04 Approval of Personnel Consent Agenda

Action (Consent): 3.05 Approval of Warrants and Financial Reports ending October 31, 2023

Action (Consent): 3.06 Minimum Qualification/Equivalency

Action (Consent): 3.07 Curriculum/Academic Standard Committee Action - Action Log

Action (Consent): 3.08 Approve Consent Agenda

Motion by Sophia Wages, second by Sandra Jonas

Final Resolution: Motion carries.

A Roll Call Vote was taken:

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson (via zoom), Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Jasmine Gisselberg (Advisory Vote)

Noes: None

Absent: None

Guided Pathways One-Time Funds - 2022-26 Produced: 05/30/2023 01:04 PM PDT Brady Reed

# Lassen College - Guided Pathways Work Plan - Phase 2 Report Plan (2022-23): Draft

## Details

### Plan Title \*

Lassen College - Guided Pathways Work Plan - Phase 2 Report Plan (2022-23)

### Plan Description

Not Entered

### Lead Institution

#### Lead Institution

Lassen College

#### Address

N/A

#### Community College District

Lassen CCD

#### Website

N/A

## Timeline

### The start year for this plan

2022-23

### The start quarter for this plan

Q1

### The funding year for this plan

2022-23

### The number of fiscal years this plan will span

4 year(s)

## Contacts

## Guided Pathways Work Plan

### 1. Successful Enrollment and Entering Students \*

#### 1.1 Using a percentage, estimate your college's level of progress advancing local goals related to ensuring entering students are successful in the enrollment process. \*

Using data available in Launchboard and related local data, consider what 'successful enrollment' means for entering students at your college and the definition provided with Launchboard data.

Successful Enrollment is defined by the Student Success Metrics Dashboard in Launchboard as follows: Among all applicants who indicated an intent to enroll in the selected college in the selected year as a non-special admit student for the first time, the proportion of cohort students who enrolled in the same community college in a selected year.

Use this definition and your college's local goals and ideas about Successful Enrollment to determine an accurate percentage.

Less than 50% Complete

##### 1.1.1 (Less than 50% Complete) What is your local goal? \*

Our goal in this area was expressed in the Student Equity Plan as a goal with benchmarks over a 3-year period as follows:

- Year 1: 2% over baseline data (average of last 3 cohort years)
- Year 2: 3% increase from previous year
- Year 3: 3% increase from previous year for total of 8% improvement

##### 1.1.2 (Less than 50% Complete) What are the major barriers for your college to reach this goal? \*

We have the following major barriers to meeting our Successful Enrollment Goals:

- Process of enrollment with CCC Apply is difficult and the next steps in the process are unclear to students.
- We did not have a formal process to contact students after they applied despite having the data to do it.
- Tech support issues and glitches that occur between application and registration were an issue.
- We lack feedback from male students who have applied in the past.
- Financial Aid – students get stuck in the process and do not register for classes.

##### 1.1.3 (Less than 50% Complete) What needs to be done to remove this/these barriers? What actions/structural changes has your college taken to begin the process? \*

The following are the action steps that have already been taken to improve this success metric for our DI group:

- Implemented a new Student Portal for better access and ease of transitioning from application to registration.
- Have increased marketing of short-term training and certificate programs for programs of interest to our DI groups and increased social media coverage as well as implemented outreach to the county jail.
- Designated a staff person to oversee and monitor the process of reaching out to students, especially males, who have applied but not yet registered.
- Formalized a process and developed a procedure and tools to do this work; i.e. Outreach Coordinator making calls and overseeing these efforts with help from Student Ambassadors and Work Study students.
- Piloted a “Re-Enrollment Day” to attract underrepresented students who had dropped out in the past to reenroll at the college with support and incentives.

**1.1.4 (Less than 50% Complete) What are the equity considerations in your actions to remove student friction points and ensure that all students will benefit from them? \***

- Ensure that there are designated staff members overseeing recruitment and onboarding of our DI populations.
- Ensure that outreach is happening in our outlying service areas and to targeted DI groups to enhance application and registration of underrepresented student populations.
- Continue efforts to implement the new Prospective Student Portal and new Website to ensure access and help bring students on board, with personalized messages, nudges and texts.

**1.1.5 (Less than 50% Complete) What is the institutional structure, if any, in place that ensures that the Guided Pathways-informed Successful Enrollment work remains an institutional priority moving forward? \***

- Within the Guided Pathways Taskforce, we have a designated workgroup called the “Retention and Engagement Workgroup” whose task is keep track of all of the onboarding and retention efforts especially to our DI student populations. Activities, events, and other efforts are planned and implemented by this group, including how to best onboard students from application to registration.
- The Counseling Department also has a caseload approach to registering students, in which Counselors have designated groups that they follow and reach out to for registration and beyond. Students also have easy access to their counselors through direct access to their counselor’s cell phones.
- In addition, the college has designated managers (the Outreach Coordinator as well as a Director of Student Equity and Engagement and new position, Director of TRIO, NextUP and Special Program Support that work to provide concerted outreach and onboarding prior to and after application to the college, through special programs, orientation and other equity efforts.

**1.1.6 (Less than 50% Complete) Does your college face any barriers sustaining the provided structure? How does your college plan to overcome them? \***

Our barriers continue to be with the CCCApply application process itself as well as with students getting through the financial aid process after applying to the college. Our low-income students may be dropping out between application and registration due to problems with finishing their financial aid packages and not knowing if they will have the money to attend college. We also know that some of our males are applying to the college to pursue athletics but end up attending other colleges to play sports if they do not decide on attending here.

- Nonetheless, we can ensure that we have a solid process for supporting male students with phone calls from either their coaches, special programs, or the Outreach Coordinator, to make sure students feel they are wanted and welcomed.
- We also plan to create frequent and purposeful connections to student applicants with our new Student Portal that can create and send targeted messages, reminders, and info-relevant programming directly to each student via updated and high-contact technology.
- In addition, we plan to overcome difficulties with the financial aid process, by creating a position that will provide high-touch and ongoing financial aid assistance to our most vulnerable males and other DI groups

in order to help them navigate the financial aid and registration process from their first to their last semesters at the college.

**1.2 With Successful Enrollment in mind: Is your college leaning into continuous improvement principles to ensure that your efforts continue to advance the goal of Successful Enrollment equitably and do not develop new barriers for students? \***

Continuous Improvement is a process already present in various structures across campuses. Please consider how your college is applying this process to Guided Pathways-informed efforts and metrics.

In Progress

**1.2.1 (In Progress) What does your college need to do to develop and implement a continuous improvement process related to this goal at your college? \***

- We need to continue to prioritize staffing and staffing efforts toward serving DI groups more efficiently and effectively, with targeted goals staying in the forefront and accountability provided.
- Admissions and financial aid staff as well as other staff and faculty would benefit from ongoing equity training to learn best practices for serving and interacting with our DI groups.
- Dean of Student Equity and Special Programs will continue leading equity and GP efforts, establishing benchmarks, and monitoring progress on this and the other equity success metrics.

**1.2.2 (In Progress) What learnings and improvements related to this goal does your college believe it would benefit the most from by engaging in the continuous improvement cycle over the next four-year Guided Pathways cycle? \***

- Our college will better retain applicants from the application process, through financial aid awarding to registration with ongoing improvements in this area.
- We hope to make our 8% improvement goal in Successful Enrollment of males within three years.
- We also hope to better retain students ongoing when they have been on-boarded in a way that meets their unique needs and makes them feel a sense of belonging to the college and the caring staff that assist them.

**2. Persistence: First Primary Term to Secondary Term and Entering Students \***

**2.1 Using a percentage, estimate your college's level of progress advancing local goals related to ensuring entering students are successful persisting from their First Primary Term to Secondary Term. \***

Using data available in Launchboard and related local data, consider what 'Persistence' means for entering students at your college and the definition provided with Launchboard data.

Persistence: First Primary term to Secondary Term is defined by the Student Success Metrics Dashboard in Launchboard as follows: Among enrollments by cohort students, the course success rate in their first year from first term.

Use this definition and your college's local goals and ideas about Persistence to determine an accurate percentage.

Less than 50% complete

**2.1.1 (Less than 50% complete) What is your local goal? \***

Our goal in this area was expressed in the Student Equity Plan as a goal with benchmarks over a 3-year period for our DI groups as follows:

- Year 1 (2022-2023) 1% over baseline data (most recent cohort year)
- Year 2 (2023-2024) 2% increase over previous year
- Year 3 (2024-2025) 2% increase over previous year for total of 5% improvement.

**2.1.2 (Less than 50% complete) What are the major barriers for your college to reach this goal? \***

We have the following major barriers to meeting our Persistence Goals:

- Lack of translation services for students that have English as their second language.
- Lack of affordable and available housing options for students.
- Lack of student awareness of basic needs offerings and other support services/programs, such as OER, Lending library of textbooks, computers, hotspots and calculators, and free tutoring.)
- Lack of student awareness & student utilization of the different modes of communications offered to keep students informed and connected to the college.
- Cost of Attendance issues and lack of meeting unmet need
- Student Work & Life Balance issues
- Student Mental Health issues on the rise

**2.1.3 (Less than 50% complete) What needs to be done to remove this/these barriers? What actions/structural changes has your college taken to begin the process? \***

The following are the action steps that have been taken and are needed to improve persistence:

- Hired a Spanish-speaking Tutor.
- Submitted a proposal to the state to build low-income dormitories to increase housing options for students. Unable to build at this time due to lack of funding.
- Implemented a new Student and Prospective Student Portal.
- Pursue offering Time Management Workshops. Offering CG 155 support classes, even to incarcerated students.
- Have Behavioral Health Counselor offer counseling support groups.
- Need to conduct college-wide ally training.

**2.1.4 (Less than 50% complete) What are the equity considerations in your actions to remove student friction points and ensure that all students will benefit from them? \***

- Provide translation services in Spanish for Hispanic students enrolled in gateway courses such as math and science.
- Ramp up basic needs offerings in the Student Resource Center and make sure we have a system for following up with DI Groups.
- Start a student club and provide trips to town and to Reno to learn about resources, as well as locations where they can find extra food pantry services, cultural stores and social connections.
- Launch an Intercultural Club, newsletter, and onboarding dinner for international students.
- Start a peer-mentoring program within DI Clubs to try and create a sense of community and belonging for our DI groups.
- Ramp up student life efforts that include more cultural events and activities.
- Create a comprehensive resource guide for undocumented students for help in applying for Dream Act funding, getting access to legal services, and finding allies and special programs on campus for undocumented students.
- Have college leadership conduct student town hall meetings and request feedback from students on their experience at LCC and how we can improve.
- Provide professional development for special programs, trauma-informed care training, and DEI training for the entire campus.

- Conduct college-wide ally training.
- Collaborate with community agencies that also work with DI groups.
- Create student recognition programs on campus that motivate and support success for DI groups who have been traditionally marginalized in education.

**2.1.5 (Less than 50% complete) What is the institutional structure, if any, in place that ensures that the Guided Pathways-informed Persistence work remains an institutional priority moving forward? \***

- Within the Guided Pathways Taskforce, we have a designated workgroup called the “Retention and Engagement Workgroup” whose task is to keep track of all of the onboarding and retention efforts to our student populations. Activities, events, and other efforts are planned and implemented by this group, including how to best onboard students from application, registration, staying on the path to completion.
- Consultation Council Meetings in which Guided Pathways has a standing agenda item and retention and engagement efforts are shared out.
- The Counseling Department has a case management approach.
- Students are part of Guided Pathways.
- Designated managers (Outreach Coordinator, Director of Equity & Engagement and Director of TRIO, Next Up & Special Program Support) work in concert with campus wide collaboration to create persistence initiatives.

**2.1.6 (Less than 50% complete) Does your college face any barriers sustaining the provided structure? How does your college plan to overcome them? \***

Our barriers continue to be with:

- Limited funding and staffing. Advocate for more funding and or reallocate funding to support persistence initiatives.
- Lack of access to data; need to hire an Institutional Research Director and/or IR Analyst.

**2.2 With Persistence: First Primary Term to Secondary Term in mind: Is your college leaning into continuous improvement principles to ensure that your efforts continue to advance the goal of Persistence equitably and do not develop new barriers for students? \***

Continuous Improvement is a process already present in various structures across campuses. Please consider how your college is applying this process to Guided Pathways-informed efforts and metrics.

Yes

**2.2.1 (Yes) Please describe the continuous improvement process at your college towards advancing this goal. \***

- Ongoing support and wraparound services to identified DI populations.
- Continual tweaking of student life in order to providing a relevant student experience.
- Active OER Taskforce Team.
- Offering CG 155 class to Incarcerated students.
- Hired an Instructional Support Specialist for incarcerated population.
- Listening and continuously removing barriers that are brought forward by the collective and individual student voice via Guided Pathways and ASB.
- Ongoing campus-wide collaboration with persistence initiatives.
- Annual updating of SLO's and AUO's for program review.

### 2.2.2 (Yes) What has your college learned so far and hoped to improve on related to this goal over the next four-year Guided Pathways cycle by engaging in the continuous improvement process? \*

- Our college has learned that persistence is a campus wide effort. For our persistence rate to increase we need to continue to meet each of our student's unique needs through impactful and relevant services, programs and experiences we offer.
- Our college may be better able to elevate its campus-wide efforts to increase persistence if an integration point could be made into our Strategic Plan.
- Offer more student voice opportunities and paid opportunities for students to participate in shared governance and various planning committees.
- Would benefit from having access to other colleges' information and best practices for what is working and not working to move the needle on persistence.

## 3. Completion of Transfer-Level Math & English and Entering Students \*

### 3.1 Using a percentage, estimate your college's level of progress advancing local goals related to ensuring entering students are successfully completing Transfer-level Math & English in their first year. \*

Using data available in Launchboard and related local data, consider what 'Completion of Transfer-level Math & English' means for entering students at your college and the definition provided with Launchboard data.

Completed Transfer-level Math & English is defined by the Student Success Metrics Dashboard in Launchboard as follows: Among students in the cohort, the proportion who completed both transfer-level math and English in their first academic year of credit enrollment within the district.

Use this definition and your college's local goals and ideas about Transfer-level Math & English completion to determine an accurate percentage.

Less than 50% complete

#### 3.1.1 (Less than 50% complete) What is your local goal? \*

Lassen College's goal is to increase English and Math transfer course completion for all students on campus. We have identified these specific populations in our Equity Report.

Hispanic or Latino:

- 1-year outcome: Year 1(2022-23) 2% increase from baseline data (average of last three cohort years)
- 2-year outcome: Year 2(2023-24) 2% increase from previous year
- 3-year outcome: Year 3(2024-25) 2% increase from previous year for a 6% increase over three years

Foster Youth:

- 1-year outcome: Year 1(2022-23) 1% increase from baseline data (average of last three cohort years)
- 2-year outcome: Year 2(2023-24) 2% increase from previous year
- 3-year outcome: Year 3(2024-25) 3% increase from previous year for a 6% increase over three years

#### 3.1.2 (Less than 50% complete) What are the major barriers for your college to reach this goal? \*

Some of our barriers are:

- Language barrier for some of our Latinx students, while they are trying to take a full load to reduce time to completion.

- We do not offer an ESL program.
- We have students with all different levels of experience in English and foundational math skills who need to improve skills to be successful in a transfer level course.
- Lack of permanent Instructional Support Specialists; student tutors are temporary, and schedules vary.
- Lack of school supplies and other basic needs
- Lack of stable housing
- Lack of culturally inclusive activities within the classroom

**3.1.3 (Less than 50% complete) What needs to be done to remove this/these barriers? What actions/structural changes has your taken to begin the process? \***

Lassen College has started with student input to identify our barriers. Lassen College is looking to take the following actions:

- Explore an ESL non-credit course and/or explore adult ed ESL program and how to provide support if an ESL program is not possible.
- Expand on our variety of transferrable math courses by adding a liberal arts math course.
- Provide Spanish translators and/or tutors.
- Identify best practices when serving Latinx and Foster Youth.
- Educate staff and provide student panels to identify areas in which we can improve.
- Provide permanent Instructional Support Specialists.
- Provide low- or no cost textbooks where possible.
- Implement Next Up program for foster youth and former foster youth.
- Provide resources for low-cost housing.
- Provide mental wellness support services.
- Explore learning communities.
- Embed tutors in classrooms where instructors are comfortable with this support.

**3.1.4 (Less than 50% complete) What are the equity considerations in your actions to remove student friction points and ensure that all students will benefit from them? \***

- Provide wraparound services such as basic needs, mental health, and special support groups for our DI populations.
- Pursue special program options such as Next up Program for foster youth.
- Provide access to technology and school services for no cost such as: Chromebooks, Hotspots and a lending Textbook Library for all students in need.
- Provide extra study support groups for EOPS/TRIO/Next Up participants.
- Work with Community Agencies to fulfill unmet needs such as housing shortages and special activities for former foster youth.
- Provide opportunities for creating math Learning Communities such as a buddy program.
- Start a peer mentorship program and extra academic support in the tutoring center for special populations.
- Pursue more low-income housing options.

**3.1.5 (Less than 50% complete) What is the institutional structure, if any, in place that ensures that the Guided Pathways-informed Transfer-level Math & English work remains an institutional priority moving forward? \***

It is important that we identify and serve our students of disproportionate impact to provide equitable support. LCC is trying to also serve all students with GP funds in order to see a real institutional impact by supporting the hiring of permanent Instructional Support Specialists, adding an additional math course as an option for those majors that do not specify a particular math course, implementing low-cost textbooks, providing training for faculty and staff on best practices, and providing embedded tutors in key gateway courses as much as possible. Implementing the student voice in our support services has been instrumental in identifying areas of strength, weakness, and successful retention efforts. Putting these efforts in place will ensure an institutional change.

**3.1.6 (Less than 50% complete) Does your college face any barriers sustaining the provided structure? How does your college plan to overcome them? \***

One of LCC's largest barrier right now is not having been able to hire a researcher for over a year. This causes an issue when we try to gather, disaggregate, and analyze data.

We have found a temporary solution by contracting with a researcher on an as-needed basis.

**3.2 With Transfer-level Math & English in mind: Is your college leaning into continuous improvement principles to ensure that efforts continue to advance 'Transfer-level Math & English Completion' equitably and not develop new barriers for students? \***

Continuous Improvement is a process already present in various structures across campuses. Please consider how your college is applying this process to Guided Pathways-informed efforts and metrics.

Yes

**3.2.1 (Yes) Please describe the continuous improvement process at your college towards advancing this goal. \***

AB 705 and AB 1705 continue to be a top priority for the college with a lot of work having already been accomplished and implemented in the past couple years. We will be having discussions within the Guided Pathways Taskforce as well as other governance committees to determine the best use of CCCCO funding that is coming down the pipeline for these continued efforts. Our Guided Pathways student leaders were instrumental in letting us know what was working and not working with our AB 705 efforts in the past, and we will continue to seek out the student voice in upcoming goals and endeavors.

**3.2.2 (Yes) What has your college learned so far and hoped to improve on related to this goal over the next four-year Guided Pathways cycle by engaging in the continuous improvement process? \***

We have learned that some support provided in the past to students for improving transfer math and English rates (such as highly recommended labs) were not considered "good" or "helpful" to many students. Sometimes students did not want the extra support if it involved more work or was pushed too strongly onto them. Our GP student leaders were instrumental in telling how sometimes our support efforts actually hurt their progress toward passing the course, especially in mathematics. The college has corrected and improved these supportive offerings to students, as well as added an additional course option for transfer-level math, with yet another option going through the approval process for students who are pursuing liberal arts or vocational degrees.

**4. Transfer and the Student Journey \***

**4.1 Using a percentage, estimate your college's level of progress advancing local goals related to ensuring students are successful in their transfer to a four-year institution. \***

Using data available in Launchboard and related local data, consider what 'Transfer' means for entering students at your college and the definition provided with Launchboard data.

Transfer is defined by the Student Success Metrics Dashboard in Launchboard as follows: Among students in the cohort who earned 12 or more units at any time and at any college and who exited the community college system in the selected year, the number of cohort students who enrolled in any four-year postsecondary institution in the subsequent year or 4 years after for 3 year cohort, 5 years after for 4 year cohort and 7 years after for 6 year cohort.

Use this definition and your college's local goals and ideas about Transfer to determine an accurate percentage for what Transfer means.

Less than 50% complete

#### **4.1.1 (Less than 50% complete) What is your local goal? \***

Our goals in this area were expressed in the Student Equity Plan over a 3-year period for our DI groups as follows:

- Year 1 (2022-2023) 0.5% over baseline data (most recent cohort year)
- Year 2 (2023-2024) 0.5% increase over previous year
- Year 3 (2024-2025) 1% increase over previous year for total of 2% improvement, as well as a minimum of 50% of all transferrable courses will have a low-cost or zero-cost textbook option by 2025.

#### **4.1.2 (Less than 50% complete) What are the major barriers for your college to reach this goal? \***

Some of our major barriers are:

- Socioeconomic factors and challenges for DI populations.
- DI groups coming to higher education from a point of mistrust, abuse, and marginalization within the school system.
- Students wanting to attend school as short of a time as possible so they can get work skills or certificate needed to start work as soon as possible.
- Our college has not formally acknowledged being located on American Indian territory.
- We do not offer many options for transferrable math and the ones we have are difficult for our students to pass successfully.
- Missing Speech and Lab Science for transfer for most incarcerated students; although they are now available at our local prison (High Desert State Prison) for in-person instruction.
- We do not have the capacity to offer a comprehensive ESL program or classes for credit.
- Currently there are very few options for Latinx incarcerated students to transfer (only programs offered are CSU Sacramento and CSU Fresno from prisons in those areas and a couple out-of-state private universities), despite 70% of incarcerated students stating that they want transfer opportunities.
- Students often have transcripts from many different colleges of which some are difficult to get due to access issues. Therefore, they may be repeating courses they already have taken due to lack of being able to acquire past transcripts to confirm completion of courses.

#### **4.1.3 (Less than 50% complete) What needs to be done to remove this/these barriers? What actions/structural changes has your college taken to begin the process? \***

Some of our strategies for removing these barriers include:

- Concentrating on creating more transferrable course options for students especially in math.
- Promoting new and upcoming programs at LCC, as well as scholarship options for DI populations to help pay for their education here and after transfer.
- Bringing awareness about 4-year colleges that have supportive services for DI student populations as well as scholarships and create referral systems and partnerships with those universities.
- Having a guide for resources to UC's/ CSU's that have programs and services that are desired by Native American students, and which have affinity centers and tuition assistance for Native students.
- Having a flyer that is culturally appropriate and speaks to the needs of our DI groups for use as an outreach tool.
- We currently offer a fully transferrable degree for our in-person students at High Desert State Prison but need to provide more options in the future.

**4.1.4 (Less than 50% complete) What are the equity considerations in your actions to remove student friction points and ensure that all students will benefit from them? \***

Here are some equity considerations and proposed actions:

- Use Guided Pathways (Career Pathways) to promote our upcoming environmental and forestry programs and do outreach to our local Rancheria to promote these programs (including summer outreach to their children and teens.)
- Capitalize on the current desire and need for the Rancheria to gain skills and knowledge in Fire Science and then create articulated courses to Cal Poly Humboldt's new Applied Fire Science program.
- Create transfer partnerships with other nearby universities to facilitate transfer of our underrepresented students into their equity programs and gain admission through an established pathway and guaranteed admission procedure.
- Work on creating a more welcoming, comfortable and inclusive environment on campus by having guest lecturers from our DI cultural groups to speak at the college on a regular basis.
- Create a Guide of resources to UC's/ CSU's (and other nearby universities) that have programs and services that are desired by indigenous and Latinx students, and which have affinity centers and tuition assistance for our DI populations.
- Provide university tours for free to our DI populations especially to universities that have supportive services and desired majors for American Indian and Latinx students.
- Create a week-long summer bridge program specifically for our DI groups featuring information on university transfer, financial aid, and success skills for transfer.

**4.1.5 (Less than 50% complete) What is the institutional structure, if any, in place that ensures that the Guided Pathways-informed Transfer work remains an institutional priority moving forward? \***

- UC Merced partnership in place.
- CSU Cal Poly Humboldt partnership in place.
- Guided Pathways Taskforce with a continued focus on Student Leader input.
- Career and Transfer Center activities, tours, and resources.
- Categorical programs, such as TRIO, that focus on transfer initiatives and plan campus tours at multiple universities each semester.
- Tutoring Center with unlimited tutoring hours.
- Athletic programs that put a strong emphasis on transfer and prepare their athletes for transfer.

**4.1.6 (Less than 50% complete) Does your college face any barriers sustaining the provided structure? How does your college plan to overcome them? \***

- Limited budgets for TRiO and Career and Transfer Center activities and campus tours.
- Limited number of math and science tutors available.
- Funding for Guided Pathways students that will not affect their financial aid.

**4.2 With Transfer in mind: Is your college leaning into continuous improvement principles to ensure that efforts continue to advance the goal of Transfer equitably and do not develop new barriers for students? \***

Continuous Improvement is a process already present in various structures across campuses. Please consider how your college is applying this process to Guided Pathways-informed efforts and metrics.

Yes

**4.2.1 (Yes) Please describe the continuous improvement process at your college towards advancing this goal. \***

Guided Pathways brings many initiatives together that affect student transfer rates and allows for greater collaboration between the student services and instructional sides of the college. For instance, the work we are doing with AB 1705 and helping student to complete transfer level math and English, directly impacts students' opportunities and abilities to transfer to 4-year universities. Another example is the work that is being done toward the Zero-Cost and Low-Cost Textbook initiative, which reduces the financial burden and barrier on the student so that they can afford to take transferable courses where textbooks are normally the highest. We have created the goal within Guided Pathways and the Student Equity Plan to have 50% of our transferable courses to be Zero or Low-Cost by 2025. Transfer also remains a top priority with the Chancellor's Office and Vision for Success Goals, with which many of our program reviews and strategic goals have now been aligned and brought to greater awareness and accountability.

**4.2.2 (Yes) What has your college learned so far and hoped to improve on related to this goal over the next four-year Guided Pathways cycle by engaging in the continuous improvement process? \***

We will continue to face logistical difficulties with helping our incarcerated student populations to transfer to 4-year universities. We are making strides in making the completion of ADTs and other transfer degrees as an option for our incarcerated students so that when the CSU's and/or UC's expand options for incarcerated individuals, they will be ready to transfer with these degrees already completed.

## **5. Completion and Student Success \***

### **5.1 Using a percentage, estimate your college's level of progress advancing local goals related to ensuring students are completing their college journeys. \***

Using data available in Launchboard and related local data, consider what 'Completion' means for entering students at your college and the definition provided with Launchboard data.

Completion is defined by the Student Success Metrics Dashboard in Launchboard as follows: EITHER among students in the cohort, the unduplicated count of students who earned one or more of the following: Chancellor's Office approved certificate, associate degree, and/or CCC baccalaureate degree, and had an enrollment in the selected year in the district that they earned the award within 3, 4, or 6 years.

Use this definition and your college's local goals and ideas about Completion to determine an accurate percentage.

With your Student Equity Plan in mind, your college may also select distinct areas of Completion your college would like to discuss for this metric area.

Less than 50% complete

#### **5.1.1 (Less than 50% complete) Which areas of Completion does your college identify as Less than 50% complete? \***

Check all that apply. Additional, optional space will be provided if your college would like to distinguish between areas of completion.

- Certificate Completion
- Degree Completion

**5.1.2 (Less than 50% complete) What is your local goal? \***

For our selected DI Groups of American Indian and Hispanic/Latinx, we have the following benchmarks and goals to attain over the next 3 years:

- Year 1: 2% over baseline data (average of last 3 cohort years)
- Year 2: 2% increase from previous year
- Year 3: 2% increase from previous year for total of 6% improvement

**5.1.3 (Less than 50% complete) What are the major barriers for your college to reach this goal? \***

Some of our major barriers to completion of certificates and degrees include the following:

- Limited sections offered for correspondence and incarcerated students, especially for lab science and communication transfer courses which makes it more difficult for these students to complete a degree.
- Correspondence Education is limited to only 11 units – so it does not allow for full time enrollment and many of our Hispanic students are incarcerated.
- Text books costs have increased especially for math and science textbooks, and the cost of taking them online has increased due to increased costs of online access codes.
- Socioeconomic factors that affect our DI student groups
- Canvas may be in the works for incarcerated students, but not yet available.
- Family obligations and cultural issues affect being able to attend full-time for some DI student groups.
- Financial barriers and lack of affordable housing in our area are also hurdles to overcome.

**5.1.4 (Less than 50% complete) What needs to be done to remove this/these barriers? What actions/structural changes has your college taken to begin the process? \***

We have begun implementing the following actions to make structural changes and remove barriers:

- Submitted a proposal to the state for on-campus low-income housing.
- We have started adding more in-person classes to one of our local prisons as well as starting to serve another correctional institution in our area.
- Have hired an Instructional Support Specialist and added tutoring classes to run tutoring programs for better academic support in our largest correctional institution.
- Justice Counselor is now meeting with incarcerated students online for counseling appointments and for more immediate access to counseling needs.
- Justice Counselor created course equivalency charts and forms to document classes taken through other colleges while incarcerated so as not to repeat courses already taken.
- Updated an Academic Records Release forms for incarcerated students to help Counselor to gain access to inmate transcripts in a more timely manner.
- Added a lending library to the Women's Correctional Facility that we serve.
- Establish partnership with local Indian Rancheria to provide summer outreach programming for their K-12 children to introduce them to college options, financial aid, and more.
- Created a Fire Tech course that acknowledges and incorporates Native American cultural practices into the curriculum (This course is going through the approval process.)
- Providing cultural events and activities featuring the cultures of our DI populations and will be providing professional development to staff and faculty on inclusive practices for these DI groups.

**5.1.5 (Less than 50% complete) What are the equity considerations in your actions to remove student friction points and ensure that all students will benefit from them? \***

Here are some of the ideal equity considerations for removing friction points for our DI groups tied to completion equity gaps:

- Targeted counselor intervention to these DI groups after students complete 40 to 45 units so that they understand and get support for the last 15 units of classes to graduation or transfer.
- Financial aid information and extra financial aid outreach to our DI groups.
- Basic Needs resources/Special Programs – improve awareness and referral to basic needs and special programs.
- Rigorously pursue Zero-Cost and low-cost textbook options for both on-campus and incarcerated students.
- Instructional Support Services for incarcerated educational program, as well as better wages for tutors at our on-campus tutoring center.
- Second language textbooks or translation software made available to our English Language learning students, especially in Spanish for DI group.
- Provide E-reader textbook translation services or in-person interpretation services.
- Make lecture videos and imbed them into Power Points for Canvas so language learners can review videos for extra assistance in learning English, and work with CDCR to have Canvas and embedded videos available to incarcerated students as well.

**5.1.6 (Less than 50% complete) What is the institutional structure, if any, in place that ensures that the Guided Pathways-informed Successful Enrollment work remains an institutional priority moving forward? \***

Almost all of our Guided Pathways efforts are working toward persistence and completion for our students. We continue to implement our new Career Pathways for integrating the concept of meta-majors or “career pathways” into our college catalog, schedule, curriculum cards, and degree offerings. We continue to utilize student leaders within our Guided Pathways Taskforce so that the student voice remains loud and clear in the initiatives that we use to move the needle forward. Technology remains a top priority so that we have relevant and updated systems for students to access and navigate without the barrier of technology that is out-of-date or difficult to navigate.

In addition, one of our main Guided Pathways workgroups called the Communications Workgroup remains in place to be able to implement our technology initiatives. This workgroup also monitors methods of college communication and receives consistent student feedback in the area of technology, especially when new systems are being implemented.

**5.1.7 (Less than 50% complete) Does your college face any barriers sustaining the provided structure? How does your college plan to overcome them? \***

One of our greatest barriers is the cost of technology given that we are operating from a small rural college district. We have to stay current as well as meet the online demands of our students, despite not having the same funding as larger college districts. Just recently, we had to change vendors in a significant technological area of student services because we could no longer keep up with the increased costs of this vendor in which we had already made significant investments. Our Guided Pathways and Student Services teams had to research new vendors to fulfill the same goals and not fall behind in our equity and GP-related initiatives. This took a lot more additional time and energy on top of what had already been invested in the previous software system.

We plan to continue investing a good portion of our GP funding into improving and upgrading our college technology.

**5.1.8 (Less than 50% complete) Please use this optional space to provide more information about any of the previous areas in relation to your selected Completion categories:**

Not Entered

## 5.2 With Completion in mind: Is your college leaning into continuous improvement principles to ensure that efforts continue to advance the goal of Completion equitably and do not develop new barriers for students?

\*

Continuous Improvement is a process already present in various structures across campuses. Please consider how your college is applying this process to Guided Pathways-informed efforts and metrics.

Yes

### 5.2.1 (Yes) Which areas of Completion does your college wish to discuss for this selection? \*

Check all that apply. Additional, optional space will be provided if your college would like to distinguish between areas of completion.

- Certificate Completion
- Degree Completion

### 5.2.2 (Yes) Please describe the continuous improvement process at your college towards advancing this goal. \*

Guided Pathways and the Student Equity Plan are worked on within our governance structure in tandem. Our Guided Pathways Taskforce has a standing Equity Plan workgroup as well as a standing line item on our college's Consultation Council agenda and Student Services Planning Committee so that information can be shared out and input gathered on a regular basis. This structure works well for sharing out about equity-related work and goals (including completion goals) as well as for professional development opportunities.

### 5.2.3 (Yes) What has your college learned so far and hoped to improve on related to this goal over the next four-year Guided Pathways cycle by engaging in the continuous improvement process? \*

We have learned that more action is needed to improve outcomes in the area of creating belonging and improve completion of certificates and degrees. Below are some of the initiatives that we plan to implement:

- Targeted counselor interventions to our DI groups, especially after students reach 40-45 units to support students to completion of degrees.
- Creating a Native land acknowledgement statement that acknowledges our local tribes and the college being located on and around Native American territory, to be delivered at Convocation, Commencement, and other significant events at the college.
- Having a book club and other communities of practice for staff and faculty that highlights historical experiences in education of our DI groups for awareness, training, and improving understanding as well as for creating a sense of belonging for our DI students.
- Investing in textbooks in Spanish or translation software/services made available as needed for English language-learning students.
- Continuing to pursue steps towards building low-income housing option on campus.
- Providing financial aid information and extra financial aid outreach to this DI group, including information in Spanish and a resource guide for undocumented students.
- Pursuing Zero cost textbooks-options for both on-campus and incarcerated programs, as well as low-cost online textbooks and access codes.

### 5.2.4 (Yes) Please use this optional space to provide more information about any of the previous areas in relation to your selected Completion categories:

Not Entered

## 6. Student Equity and Achievement (SEA) Program Integration \*

### 6.1 Using the scale below, describe your college's progress integrating SEA Program with Guided Pathways to achieve KPI Metrics. \*

Education Code for 2022-26 Guided Pathways funds requires a progress update for the integration between Guided Pathways and specific program areas. Consider your Student Equity Plan, current efforts in progress with your disproportionately impacted populations in mind, and your work embedding Guided Pathways elements into your campus structures. Estimate your college's progress with integration efforts and plan steps accordingly in the questions that follow. For additional review, please visit the education code link provided: [Click here](#).

#### Integration In Progress

##### 6.1.1 (Integration In Progress) What are some present challenges that affect reaching full integration? \*

As mentioned before, one of our greatest challenges is technology and keeping up with the cost of technology given that we are a small rural college district. We have to stay current as well as meet the online demands of our students, despite not having the same funding as larger college districts.

In addition, all of our Equity and Guided Pathways workgroups are made up of employees who have full-time jobs and yet dedicate themselves to the GP work outside of what they do every day. One Dean oversees the Guided Pathways efforts, however all other staff and faculty work on Guided Pathways and equity initiatives in addition to their regular job duties. The college does support a Dean of Student Equity to oversee these endeavors and there is a concerted effort to make Guided Pathways and equity an integral part of what the college does, so that our work becomes mainstream and part of the college structure and operations moving forward.

##### 6.1.2 (Integration In Progress) What are the actions your college has taken / plans to take to overcome these challenges? \*

We are still investing a good portion of our SEAP and Guided Pathways funds into improving our structural technology so that all students, including our DI groups, have uninhibited access to our systems and have an easier time navigating college processes. Investing in technology also allows for improved college communication to both current and prospective students, and works towards improving persistence and other success metrics.

Last year, an administrator position was upgraded to incorporate the advancement of Student Equity and Guided Pathways. We now have a Dean of Student Equity and Special Programs in which almost all equity initiatives and efforts are supported and monitored by this position. Having this position also ensures that any challenges are addressed directly and in a timely manner, and that any potential obstacles to our equity work are overcome and do not result in any ongoing barriers for our students.

##### 6.1.3 (Integration In Progress) Leaning into continuous improvement principles, what will be the key immediate, intermediate, and long-term outcomes toward full integration for your college? \*

With your college's commitment to continuing integrating this program and Guided Pathways, consider what steps need to be taken in the immediate term (within one year), intermediate term (one to three years) and long-term (four or more years) to achieve an integration with continuous improvement and evaluation cycles.

This table is limited to 100 Characters per Outcome Response.

	Outcome Response
<b>Immediate Outcome:</b>	Advancing college technology with upgraded scheduling software, student portal, and website.
<b>Intermediate Outcome:</b>	Providing ongoing DEIA professional development for staff and faculty that is supported regardless of funding source, and which becomes part of employee expectations and evaluations. In addition, making DEIA monitoring and planning an enduring part of our regular cycle with an annual Equity Summit as well as the ongoing Guided Pathways Equity Workgroup meetings and discussions. We also hope to reach our goal of a 6% improvement to completion for our Latinx and Native American DI groups within 3 years.
<b>Long-Term Outcome:</b>	Continually implement advanced technology to create better access and academic support, such as E-textbooks, Spanish translation software, etc. In addition, create intentional equity proclamations and programming that help all students to feel included, such as creating a Native American Land Acknowledgement, having an Annual Diversity Showcase, and building more inclusive activities into all college curriculum.

**6.1.4 (Integration In Progress) How will your college evaluate these listed outcomes? \***

1. Having the prospective student portal and website fully operational by end of 2023-24 school year, as well as the new ConexED system implemented for collecting student data and addressing student needs.
2. Creating a schedule and DEIA Professional Development Plan by December 2023 for providing quality DEIA training to all employees over the next 3-4 years. In addition, reach our goal of a 6% improvement in completion for our DI groups within 3-4 years.
3. Creating two to three Equity-related proclamations (one being the Native American Land Acknowledgement) to be adopted by the Board of Trustees by end of the 2024-2025 school year. In addition, researching and incorporating software and other course materials that aid developing language learners and build cultural inclusivity in the classroom for improved outcomes within three years and beyond.

**7. Associate Degree for Transfer (ADT) Integration \***

**7.1 Using the scale below, describe your college’s progress integrating ADT Program with Guided Pathways to achieve KPI Metrics. \***

Education Code for 2022-26 Guided Pathways funds requires a progress update for the integration between Guided Pathways and specific program areas. Consider your Student Equity Plan, current efforts in progress with your disproportionately impacted populations in mind, and your work embedding Guided Pathways elements into your campus structures. Estimate your college’s progress with integration efforts and plan steps accordingly in the questions that follow. For additional review, please visit the education code link provided: [Click here](#).

Integration in Progress

**7.1.1 (Integration in Progress) What are some present challenges that affect reaching full integration? \***

Some of our present challenges are that:

- Athletes often transfer to out-of-state or private colleges where they are recruited to continue playing their sports rather than pursuing an ADT to transfer to a California State University.
- Our incarcerated student populations currently have very few options for transferring to universities, with currently only a couple CSU and private college options. When half of our enrollment is incarcerated, this lack of opportunity has a great impact on our DI and overall transfer success rates and will make it difficult to significantly affect transfer within only 1-3 years. The CSU system needs to expand options for incarcerated students.

**7.1.2 (Integration in Progress) What are the actions your college has taken / plans to take to overcome these challenges? \***

- Lassen has identified new CTE programs for which we would like to expand offerings and possibly for transfer as well (i.e. fire science, nursing, dental hygiene, vet tech). They are being vetted through our planning process.
- The most recent ADTs we have added were Human Services and Social Work, which brings our small campus offerings to 15 ADT's.
- The RP Group provided Lassen College with data on how to cluster our degrees and certificates based on Curriculum alignment. This list was vetted with the students, staff and Curriculum Committee at the time which brought the clusters down from 8 pathways or meta majors to what we now have in place (based on the survey) to seven (7) Career Pathways.
- Our GP program identified a Career Pathways workgroup to integrate this information into our campus culture. Each pathway has a specific icon that represents the career category. The Career Pathways are explained in our catalog, the appropriate icon is placed on each program curriculum card and soon our new website will speak to the Career Pathways. As new degrees and certificates get added, the Curriculum Committee determines the appropriate placement with additional feedback.

**7.1.3 (Integration in Progress) Leaning into continuous improvement principles, what will be the key immediate, intermediate, and long-term outcomes toward full integration for your college? \***

With your college's commitment to continuing integrating this program and Guided Pathways, consider what steps need to be taken in the immediate term (within one year), intermediate term (one to three years) and long-term (four or more years) to achieve an integration with continuous improvement and evaluation cycles.

This table is limited to 100 Characters per Outcome Response

	Outcome Response
<b>Immediate Outcome:</b>	Finish Career Pathways initiatives so that the ADTs and other transfer options are laid out clearly for students to choose and stay on their paths.
<b>Intermediate Outcome:</b>	Expand our CTE programs and work with universities to bridge these programs.
<b>Long-Term Outcome:</b>	Evaluate the effectiveness of partnerships to see if they have increased transfer for our DI groups and overall student population.

**7.1.4 (Integration in Progress) How will your college evaluate these listed outcomes? \***

- Have our Career Pathways integrated into catalog, curriculum cards, website, and all counseling and outreach materials for effective communication and increased enrollment.
- Create and implement at least three MOU's with universities to ease and expand transfer opportunities especially for underrepresented groups.

- Evaluate the effectiveness of above partnerships by assessing transfer rates for DI groups and overall student population after year three, four, and five.

## 8. Zero Textbook Cost to Degree (ZTC) Program Integration \*

### 8.1 Using the scale below, describe your college's progress integrating ZTC Program with Guided Pathways to achieve KPI Metrics. \*

Education Code for 2022-26 Guided Pathways funds requires a progress update for the integration between Guided Pathways and specific program areas. Consider your Student Equity Plan, current efforts in progress with your disproportionately impacted populations in mind, and your work embedding Guided Pathways elements into your campus structures. Estimate your college's progress with integration efforts and plan steps accordingly in the questions that follow. For additional review, please visit the education code link provided: [Click here](#).

Starting Integration

#### 8.1.1 (Starting Integration) What are some present challenges that have impacted integration? \*

Our process seems to be moving forward but we have a few major challenges:

- Only 26% of our courses currently have an OER textbook option.
- We have not approved a definition for Low-Cost Textbooks yet, but this is almost completed.
- Every subject area does not have OER's available.
- OER's for transfer courses cannot include a bunch of links; they need to be bona fide textbooks.

#### 8.1.2 (Starting Integration) What are the actions your college has taken / plans to take to overcome these challenges? \*

Some of the actions Lassen College plans to take or has taken to overcome these challenges:

- The OER/ZTC taskforce is in place to provide faculty input into the process and to work on tasks to get to the ultimate goal of 50% Low or Zero-cost textbooks in transferrable classes.
- LCC distributed a survey to faculty to determine who was already using OER's and who would like to work on putting one in place.
- The OER/ZTC taskforce will identify certificates and degrees that are close to offering a fully online or low-cost textbook program.
- Academic Senate is discussing and will take action on the Low-Cost Textbook definition before end of spring 2023 term.
- The college will offer funds to have faculty create their own OERs.

#### 8.1.3 (Starting Integration) Leaning into continuous improvement principles, what will be the key immediate, intermediate, and long-term outcomes toward full integration for your college? \*

With your college's commitment to continuing integrating this program and Guided Pathways, consider what steps need to be taken in the immediate term (within one year), intermediate term (one to three years) and long-term (four or more years) to achieve an integration with continuous improvement and evaluation cycles.

This table is limited to 100 Characters per Outcome Response

	Outcome Response
<b>Immediate Outcome:</b>	Taskforce put into place to define low-cost language, evaluate survey results, and identify at least one degree and certificate to work on.
<b>Intermediate Outcome:</b>	Educate faculty, and submit new textbook requests to Curriculum.
<b>Long-Term Outcome</b>	Identify next steps to attain 50% of transferrable classes having an OER or low-cost textbooks in place by 2025.

#### 8.1.4 (Starting Integration) How will your college evaluate these listed outcomes? \*

- Evaluate the work of the taskforce and determine if objectives were met.
- Have at least three or more trainings for faculty and assess the number of new OER/ZCT textbooks submitted to Curriculum.
- Determine if the goal was met to have 50% or more of transferrable courses having low-cost or zero-cost textbook options by 2025.

## 9. California Adult Education Program (CAEP) Integration \*

### 9.1 Using the scale below, describe your college's progress integrating CAEP with Guided Pathways to achieve KPI Metrics. \*

Education Code for 2022-26 Guided Pathways funds requires a progress update for the integration between Guided Pathways and specific program areas. Consider your Student Equity Plan, current efforts in progress with your disproportionately impacted populations in mind, and your work embedding Guided Pathways elements into your campus structures. Estimate your college's progress with integration efforts and plan steps accordingly in the questions that follow. For additional review, please visit the education code link provided: [Click here](#).

#### Starting Integration

#### 9.1.1 (Starting Integration) What are some present challenges that have impacted integration? \*

- Not having an executable CAEP integration plan. Currently the Adult Education program has an annual College plan as well as a Lassen-Modoc Adult Education Consortium plan that do not lend themselves to integration.
- Limited awareness and knowledge for Guided Pathways members regarding the Adult Education programming and the students it serves.
- Staffing issues
- Lack of Student Voice in this work
- Data Collection-How to accurately track what services and resources that Adult Ed students are using.

#### 9.1.2 (Starting Integration) What are the actions your college has taken / plans to take to overcome these challenges? \*

The following are actions steps already taken and actions the college will take going forward:

Taken:

- Mailer (to all Lassen/Modoc Communities) Adult Ed Orientation and tours of campus offered.

- Academic follow-up provided.
- Transition services provided.

Going Forward:

- Create a CAEP integration plan, implement, review, modify and manage the plan.
- Newsletter targeted to Adult Ed students with resources/services available and newsletter shared out with campus wide community.
- Invite more CAEP Staff to participate in Guided Pathways meetings.
- Yearly Mailer (to all Lassen/Modoc Communities), Adult Ed Orientation and tours of campus for Adult Ed students.
- Increase Academic Follow-up.
- Continue transition services.
- Create Student Voice opportunities.

**9.1.3 (Starting Integration) Leaning into continuous improvement principles, what will be the key immediate, intermediate, and long-term outcomes toward full integration for your college? \***

With your college’s commitment to continuing integrating this program and Guided Pathways, consider what steps need to be taken in the immediate term (within one year), intermediate term (one to three years) and long-term (four or more years) to achieve an integration with continuous improvement and evaluation cycles.

This table is limited to 100 Characters per Outcome Response

	Outcome Response
<b>Immediate Outcome</b>	Create an integration plan.
<b>Intermediate Outcome</b>	Evaluate outcomes of plan and adjust plan as needed.
<b>Long-Term Outcome</b>	Update the Annual CAEP Plan with action steps that result in targeted outcomes.

**9.1.4 (Starting Integration) How will your college evaluate these listed outcomes? \***

CAEP annual outcomes will be reported out to the main Guided Pathways Taskforce to ensure that the results are in alignment with the Guided Pathways objectives and Workplan.

**10. Strong Workforce Program (SWP) Integration \***

**10.1 Using the scale below, describe your college’s progress integrating SWP with Guided Pathways to achieve KPI Metrics. \***

Education Code for 2022-26 Guided Pathways funds requires a progress update for the integration between Guided Pathways and specific program areas. Consider your Student Equity Plan, current efforts in progress with your disproportionately impacted populations in mind, and your work embedding Guided Pathways elements into your campus structures. Estimate your college’s progress with integration efforts and plan steps accordingly in the questions that follow. For additional review, please visit the education code link provided: [Click here](#).

Integration in Progress

**10.1.1 (Integration in Progress) What are some present challenges that affect reaching full integration? \***

- SWF funding is set up to benefit mostly the CTE programs and not all areas of instruction.
- There are greater equity gaps in the CTE programs, but SWF funding and initiatives can potentially make a greater impact.
- Career Pathways affect the CTE areas in a more substantial way, but this is one of the last large initiatives for us to finish and is still not quite completed.

**10.1.2 (Integration in Progress) What are the actions your college has taken / plans to take to overcome these challenges? \***

- SWF funding has supported the adoption of our Career Pathways (meta-majors) with increased class offerings , dual-enrollment offerings, and recruitment efforts.
- The CTE areas were the first to update their areas of the website with improved content and delivery in part by using SWF funding.
- SWF supports key positions on campus that improves academic support, career support, and student success (i.e. instructional specialists, faculty coordination of career pathways, and career center coordinator).
- SWF has helped connect students to careers as well as to college programs that lead to good living-wage careers.

**10.1.3 (Integration in Progress) Leaning into continuous improvement principles, what will be the key immediate, intermediate, and long-term outcomes toward full integration for your college? \***

With your college’s commitment to continuing integrating this program and Guided Pathways, consider what steps need to be taken in the immediate term (within one year), intermediate term (one to three years) and long-term (four or more years) to achieve an integration with continuous improvement and evaluation cycles.

This table is limited to 100 Characters per Outcome Response

	Outcome Response
<b>Immediate Outcome:</b>	Expand Fire Science, Nursing, and Administration of Justice offerings to be more marketable and accessible to underrepresented students.
<b>Intermediate Outcome:</b>	Expand dual-enrollment options and pathways to outlying service areas which tends to bring in more low-income and first-generation students and helps close equity gaps.
<b>Long-Term Outcome:</b>	Utilize funding to support expansion of career pathways in the following needed local industry areas: • Forestry • Dental Assisting and Hygiene • Veterinary Tech

**10.1.4 (Integration in Progress) How will your college evaluate these listed outcomes? \***

Will evaluate the effectiveness of these programs through assessing the Vision for Success Goals (completion and employment in CTE field of study), the Student Equity Plan goals (successful enrollment, DI group persistence and completion), as well as assessing the college’s overall FTES and enrollment target goals.

# Lassen College - Student Equity Plan (2022-25): Draft

## Details

### Assurances

#### Legislation

✓ I have read the legislation [Education Code 78220](#) and am familiar with the goals, terms, and conditions of the Student Equity Plan, as well as the requirements of Student Equity & Achievement Legislation.

 [EDC\\_78220.pdf](#)

#### Additional 78220 Acknowledgement

✓ I read and have given special consideration to [Education Code 78220](#) section (b) and have considered the input of groups on campus including, but not limited to, the academic senate, academic faculty and staff, student services, and students, and have considered additional involvement of appropriate people from the community.

### Campus-Wide Equity Approach

[View Memo](#)

#### Race Consciousness in Equity Plan Development \*

In the last Student Equity Plan, we attempted to improve outcomes for given DI groups, however, all of the DI groups were intersected by gender and did not have strategies specific to each metric, which did seem to take some of the focus away from race and race consciousness. Instead of necessarily examining how to break down systemic racial barriers, the focus was more on student services activities to improve feelings of inclusion among all groups. The hope then was to improve outcomes and close equity gaps for all groups, and this combination of activities would somehow produce this magical result. However, the list of activities was too long and too broadly focused in order to make any major impact in any one area.

This time around, we conducted a momentous Equity Summit over summer 2022, in which we were very intentional about saying that the purpose of this Summit was to dig deep into our data and to choose DI groups for which we could address race, racial inequities, and systemic barriers at our college. We learned about the importance of having crucial conversations around race and our previous failures. We learned that it was okay to be uncomfortable, honest, and open about why we had not been successful, and how we could be better for our students and campus community. We had healthy debates and did choose our DI groups with race consciousness in the forefront of our minds.

We ended up choosing four main DI groups, two of which are ethnic/racial groups for which we felt we could create better outcomes for students both on-campus and incarcerated. The DI groups were also tied to larger numbers of our incarcerated students and to populations in which we had potential partnership opportunities for aiding us in our efforts. After all, breaking down racial systemic barriers requires a community-based united approach. We laid a great foundation for our Equity Plan workgroup to carry out the rest of the hard work to be further race-conscious and intentional with our strategies and produce a well-vetted plan.

### Summary of Target Outcomes for 2022-25

## Successful Enrollment

### Male

1-year outcome: Year 1 (2022-23) 2% over baseline data (average of last 3 cohort years)

2-year outcome: Year 2 (2023-24) 3% increase from previous year

3-year outcome: Year 3 (2024-25) 3% increase from previous year for total of 8% improvement

## Completed Transfer-Level Math & English

### Hispanic or Latino

1-year outcome: Year 1 (2022-23) 2% increase from baseline data (average of last three cohort years)

2-year outcome: Year 2 (2023-24) 2% increase from previous year

3-year outcome: Year 3 (2024-25) 2% increase from previous year for a 6% increase over three years

### Foster Youth

1-year outcome: Year 1 (2022-23) 1% increase from baseline data (average of last three cohort years)

2-year outcome: Year 2 (2023-24) 2% increase from previous year

3-year outcome: Year 3 (2024-25) 3% increase from previous year for a 6% increase over three years

## Persistence: First Primary Term to Secondary Term

### Hispanic or Latino

1-year outcome: Year 1 (2022-23) 1% over baseline data (most recent cohort year)

2-year outcome: Year 2 (2023-24) 2% increase over previous year

3-year outcome: Year 3 (2024-25) 2% increase over previous year for total of 5% improvement

### Foster Youth

1-year outcome: Year 1 (2022-23) 1% increase in retention based on increased enrollment of foster youth into our special programs

2-year outcome: Year 2 (2023-24) 2% retention increase over baseline data

3-year outcome: Year 3 (2024-25) 2% increase over previous year for total of 4% improvement

## Transfer

### Hispanic or Latino

1-year outcome: Year 1 (2022-23) 1% from baseline data (average of last three cohort years)

2-year outcome: Year 2 (2023-24) 1% increase over previous year

3-year outcome: Year 3 (2024-25) 1% increase over previous year for 3% total improvement and a minimum of 50% of all transferrable courses will have a zero-cost or low-cost textbook option by 2025.

### American Indian or Alaska Native

1-year outcome: Year 1 (2022-23) 1% from baseline data (average of last three cohort years)

2-year outcome: Year 2 (2023-24) 1% increase over previous year

3-year outcome: Year 3 (2024-25) 1% increase over previous year for 3% total improvement and a minimum of 50% of all transferrable courses will have a zero-cost or low-cost textbook option by 2025.

## Completion

### Hispanic or Latino

1-year outcome: Year 1 (2022-23) 2% increase from baseline data (most recent cohort year)

2-year outcome: Year 2 (2023-24) 2% increase over previous year  
 3-year outcome: Year 3 (2024-25) 2% increase over previous year for a total 6% increase

**American Indian or Alaska Native**

1-year outcome: Year 1 (2022-23) 2% increase from baseline data (average of last three cohort years)  
 2-year outcome: Year 2 (2023-24) 2% increase over previous year  
 3-year outcome: Year 3 (2024-25) 2% increase over previous year for total of 6% increase

**Equity Plan Reflection**

**2019-22 Activities Summary**

- Orientation Program
- College & Career Resource Fair
- Week of Welcome
- College Success Bootcamp
- Early Alert
- Text Alert/Mobile Communication
- Increase Local High School Engagement
- Professional Development
- Faculty Mentor Program
- Increase Tutoring Services
- Behavioral Health

- Zero Cost Textbook degree utilizing Open Educational Resources
- Student Ambassador Program
- Increased Collaboration with Rancheria
- Improved Outreach Materials
- Improved Schedules and Child Care
- Student Success Coordinator - Career & Transfer Center
- 15 To Finish
- Transfer Workshops & Activities
- Improved Academic Planning + Software App
- Transferable Liberal Arts and/or Career Education Math Course

#### Key Initiatives/Projects/Activities \*

- College Success Bootcamp - increased participation and offered virtually
- Week of Welcome and Winter Welcome Week added with equity-focused
- Implementation of robust Early Alert System
- Text Alert/Mobile Communication Implementation
- DEIA Professional Development offered
- Increased Tutoring Services and Imbedded Tutoring
- Behavioral Health - Hired full-time Behavioral Health Program Manager
- Zero Cost Textbook /Open Educational Resources efforts- up to 30% college-wide
- Student Ambassador Program - very successful
- Improved Outreach Materials- added Career Pathways
- Student Success Coordinator hired - Career & Transfer Center
- 15 to Finish (did well until pandemic)
- Improved Academic Planning + Software for better student engagement
- Purposely aligned SEAP with Guided Pathways by creating an equity and engagement workgroup within the Guided Pathways Taskforce.
- Utilized student voices and student involvement in our Guided Pathways efforts as well as in our Student Equity Summit and workgroups.
- Created the first ever Director of Student Equity, Engagement, and Success position to purposefully align all student life activities with equity and inclusion.
- Created first ever Dean of Student Equity and Special Programs to oversee Guided Pathways, SEAP, and other categorical programs under one administrator.
- Created the first ever Welcome, Engagement, and Multicultural Center on campus called "Cougar Headquarters" to provide a welcoming, safe, and inclusive environment for students from diverse backgrounds to share cultural experiences, access resources, and find a home away from home.
- Implemented stronger food security programs during COVID such as USDA food distributions, food vouchers to use at local supermarkets, curbside pickup of food pantry items, and online healthy food cooking demonstrations.
- Created an extensive textbook lending library available to help students access textbooks that they could not afford to buy.

- Participated in the “Leading from the Middle Academy” with participation from all constituency groups that lead to forming the college’s first Diversity Team.

#### **Evidence of Decreased Disproportionate Impact \***

Prior to and halfway through the first year of the COVID pandemic (Dec 2020), we were starting to see significant improvements in a few of our DI outcomes especially for the following groups...

- For Black/African American Males we met our full equity goal for completion of math and English in the first year, as well as transfer to 4-year universities, and made strides toward closing gaps in attainment of the vision for success completion goal.
- For Latino/Hispanic Males we met our full equity goal for completion of math and English in the first year, as well as transfer to 4-year universities, and made strides toward closing the gap in attainment of the vision for success completion goal.
- For Economically Disadvantaged Males, we met our full equity goals for completion of math and English in the first year, as well as transfer to 4-year universities.
- For both Male and Female Students with Disabilities, we met our full equity goal for transfer to 4-year universities.

Unfortunately, we did not even come close to reaching our minimum equity goals for our Native American and Foster Youth DI groups, which is partly why we have chosen them as DI groups on which to focus in our new equity plan. We also saw significant drops in the improvements we had made with our African American and Latino males after a full year+ into the COVID pandemic.

#### **2022-25 Planning Efforts \***

The former 2019-22 equity plan cycle informed our planning efforts for the new Equity Plan in several ways. We had already been successful in utilizing student voices in our Guided Pathways efforts, and therefore began using students to inform our equity efforts as well. We also had been successful in interrelating our initiatives from Guided Pathways with our strategies for our Equity work. This was purposeful so that we did not operate in silos, or duplicate efforts, but rather work together for common outcomes. Therefore, we have continued to put this into practice going into the first year of our new Student Equity Plan, as we felt it helped us to combine forces and be more successful as a small rural college.

As mentioned in a previous narrative, we made very few if any success in meeting the equity outcomes of our Native American and Foster Youth DI groups in the last plan, and therefore was a consideration in deciding to focus on those two groups for four out of the five metrics in this year’s plan. We also felt that some of the success we had experienced in improving outcomes for our male incarcerated students going into the pandemic was worth trying again with hopes of getting outcomes back up for our Latinx /Hispanic students for both on campus and incarcerated populations.

Furthermore, there were a few activities that we had hoped to accomplish in the last plan that got derailed during the COVID pandemic, but which we thought would be worth pursuing for our DI groups in this equity plan. For instance, one strategy was to provide another transferrable-level math course that we felt would help our Hispanic and Foster Youth students to be more successful in passing on the first attempt. We have already implemented this class for fall 2022 by updating a course that was on the books and was easier to bring back. In addition, the math department is already working on another transferrable math course for liberal arts majors to be offered in Fall 2024. We are excited to see the data after this semester to see if retention and course success has improved already. Therefore, something that had totally stalled in the Pandemic was one of the first things accomplished in this year’s plan.

#### **Pandemic Acknowledgement**

- ✓ Interrupted Work Fully

#### **Provide an explanation (optional)**

I would have to say that the Pandemic affected our equity efforts in all three of these ways. In some regards, it completely and fully interrupted our work. An example of that was that we had just opened our new Career & Transfer Center in Fall 2019 and had just hired someone into the newly created Student Success Coordinator position. During the pandemic, the Center which

was just getting recognized and used, had to close indefinitely. To make matters worse, the employee left who had filled that position. So, something that was just getting off the ground, was really given a hard blow, and it took almost two years to get the Center back open and functioning again.

✓ Catalyzed Work

**Provide an explanation (optional)**

It might actually be a good thing that the pandemic catalyzed our work as well. Having our work catalyzed provided motivation for us to make drastic changes following a mass exodus of our most vulnerable and underrepresented students. We significantly increased our efforts, for instance, in the areas of basic needs and mental health. We invested significant equity funding into key employee positions and direct aid to students, and we feel the pandemic provided the impetus for those efforts that are now paying off with successful outcomes. Some improved outcomes include an increase of students coming back to school after dropping out as well as students staying due to having their basic needs more fully met by the college than even before the pandemic started.

✓ Delayed Work

**Provide an explanation (optional)**

In addition, the pandemic delayed our work in many areas, and we saw a drop in student enrollment, a drop in completion of educational plans, a drop in students joining special programs, etc. A lot of this was due to the college not being prepared to operate completing online. Once we established online forms, cell phones for counselors and other key staff, software to improve online learning, etc. then we were able to continue business without as many delays and interruptions to our work and students.

**Executive Summary URL \***

## Student Populations Experiencing Disproportionate Impact and Metrics

Student Populations for Metric Workflow	Metrics				
	Successful Enrollment	Completed Transfer-Level Math & English	Persistence: First Primary Term to Secondary Term	Transfer	Completion
Male	✓	×	×	×	×
Hispanic or Latino	×	✓	✓	✓	✓
Foster Youth	×	✓	✓	×	×
American Indian or Alaska Native	×	×	×	✓	✓

## Successful Enrollment

### Male

#### Structure Evaluation: Friction Points

##### Friction Points

At its core, the Guided Pathways framework asks for institutional changes that eliminate student friction points, improve student outcomes and close achievement gaps. It requires us to interrogate existing structures, identify changes necessary to reform those structures, and implement those changes to achieve equitable outcomes for our students and communities. As such, this section of the student equity plan is designed to prompt a structural analysis of the myriad aspects of an institution (policies, processes, practices, and culture) that impede equitable student outcomes. Start with a student friction point or an inequitable outcome for a DI student population in learning, experience and/or impact, and reflect on impacted institutional structures, policies, processes, practices, and culture.

##### Friction Points: Current Structure \*

- Process of enrollment with CCC Apply is difficult and the next steps in the process are unclear to students.
- No formal process to contact them after they apply despite having the data to do it.
- Students think they are registered when they go through the process, but they are not. It shows the classes on their schedule so that is very confusing but requires an extra step.
- Tech support issues and glitches that occur between application and registration cause friction points in the process.
- Lack of feedback from male students who have applied in the past.
- No specific outreach efforts to this DI group.
- Financial aid – students get stuck in the process and do not register for classes.

#### Structure Evaluation

##### Current Structure

- × Instruction
- × Wraparound Services (Counseling, Support Programs, Textbook Programs, etc.)
- × Budgeting and Administration (HR, Purchasing, Processes, etc.)
- ✓ General Operations (A&R, Parking, Campus Policing, etc.)

##### What is the impacted structure/process/policy/practice/culture on your campus related to this selection? \*

Process of enrollment with CCC Apply is difficult and the next steps in the process is unclear to students.

No formal process to contact them after they apply despite having the data to do it.

Students think they are registered when they go through the process, but they are not. It shows the classes on your schedule so that is very confusing, however, it requires an extra step to actually save those classes in the system.

Tech support issues and glitches that occur between application and registration.

✓ Other

**What is the impacted structure/process/policy/practice/culture on your campus related to this selection? \***

Lack of feedback from male students who have applied in the past.

No specific outreach efforts to this DI group.

Financial aid – students get stuck in the process and do not register for classes.

#### **Ideal Structure**

× Instruction

× Wraparound Services (Counseling, Support Programs, Textbook Programs, etc.)

× Budgeting and Administration (HR, Purchasing, Processes, etc.)

× General Operations (A&R, Parking, Campus Policing, etc.)

✓ Other

**What equity-minded process/policy/practice/culture would facilitate a shift to equitable outcomes for this population? \***

- Case Management and follow up of male students in cohorts
- Training and follow up (helping onboard and finish to registration)
- Build cohorts to help (focus groups)
  - 1. Email
  - 2. Automated
  - 3. Personal touch
  - 4. Text Messages
  - 5. Software to track students

## **Structure Evaluation: Necessary Transformation to Reach Ideal**

### **Necessary Transformation to Reach Ideal \***

- Case Management system and follow up of male students in cohorts
- The new portal and website will help to bring students on board, including prospective students to provide personalized nudges and texts.
- Student Success Assistant Support position needed to manage cohorts and contact with students.

## **Action**

### **Action Steps \***

1. Partner with athletics to help the coaches with recruitment efforts and follow up.
2. Implement New Student and Prospective Student Portal (Allow us to reach out specifically to this group with personalized messages).
3. Increase Recruitment in local area for students (outside of the high school), such as Alliance for Workforce Development, Social Services Agencies, etc.

4. Increase marketing of short-term training and certificate programs (i.e, improving website on CTE short-term options, creating brochures, and targeted advertising to specific marketing sites such as CDCR.)
5. Formalized process – develop a procedure and tools to do this work
6. Designate a staff person to monitor the process.
7. Pilot (split up students to contact) by classified staff or peer student mentors from special programs to make efforts if one employee cannot be designated.

## Chancellor's Office Supports

### Supports Needed

- ✗ Field Guidance & Implementation
- ✓ Technical Assistance/Professional Development
- ✓ Data & Research
- ✓ Policy & Regulatory Actions
- ✓ Technology Investments & Tools
- ✓ Proof of Concept Pilots
- ✓ Strategic and Operational Communication

### Explanation of Supports Needed

- Technical assistance to solve CCC Apply problems
- High school –dual enrolled (transition) - articulation and communication tools and policies
- Ease the transition from taking classes as a high school student to becoming a college student
- Easy way to show credits taken from somewhere else after it is on their transcripts

## Completed Transfer-Level Math & English

### Hispanic or Latino

### Structure Evaluation: Friction Points

#### Friction Points

As such, this section of the student equity plan is designed to prompt a structural analysis of the myriad aspects of an institution (policies, processes, practices, and culture) that impede equitable student outcomes. Start with a student friction point or an inequitable outcome for a DI

student population in learning, experience and/or impact, and reflect on impacted institutional structures, policies, processes, practices, and culture.

#### Friction Points: Current Structure \*

- We added a math lab option for some math classes that did not produce successful results.
- We have added embedded tutors into some classes, but most math teachers do not prefer having embedded tutors.
- We have hired more math tutors, but they are temps or peer tutors. We would prefer to have permanent Instructional Support Specialist to provide more consistency and more availability for drop-in tutoring.
- We have unlimited tutoring available, but all by scheduled appointments.
- We do not have an ESL instructional program.
- Many of our LatinX students struggle with math and English due to language barriers and difficulties learning English while taking a full load of academic classes.

## Structure Evaluation

- × Other

## Structure Evaluation: Necessary Transformation to Reach Ideal

### Necessary Transformation to Reach Ideal \*

- Creating other transferable math class options other than statistics and algebra so that English language learners will not be hindered by the math requirement.
- Having Spanish translators available in the class to help with the language barrier.
- Better communication with instructors to understand the role of the translator.
- Having an ESL non-credit class.
- Educating the campus on student needs, challenges, and equitable practices for Latinx students.
- Having student panels during campus meetings featuring Latinx and Hispanic English language learners.
- Having permanent Instructional Support Specialists to better support Latinx students, especially in math and English (and science too).
- Providing more low-cost textbook options, especially for online math courses which have become more costly for low-income students to take.

## Action

### Action Steps \*

1. Provide professional development for instructors on how to best teach English-language learning students.
2. Look at best practices from other campuses to see how they are serving their Latinx-Hispanic students.
3. Provide professional development and create faculty communities of practice on improving equitable grading practices such as scaffolding, universal design, etc. that allow more time for learning and more ways to show competency.
4. Hire permanent instructional support specialists, tutors, or a similar position for each discipline (especially math, English and science.)
5. Actively pursue low and zero-cost math and English textbooks as well as math codes for students taking online courses.

## Chancellor's Office Supports

### Supports Needed

- ✓ Field Guidance & Implementation
- × Technical Assistance/Professional Development
- × Data & Research
- ✓ Policy & Regulatory Actions
- × Technology Investments & Tools

- × Proof of Concept Pilots
- × Strategic and Operational Communication

### Explanation of Supports Needed

Policy and funding that allows for colleges to provide minimum ESL support without a comprehensive program required.

Because our resources are very limited for small rural colleges, we cannot find qualified faculty in the area of ESL.

## Foster Youth

### Structure Evaluation: Friction Points

#### Friction Points

At its core, the Guided Pathways framework asks for institutional changes that eliminate student friction points, improve student outcomes and close achievement gaps. It requires us to interrogate existing structures, identify changes necessary to reform those structures, and implement those changes to achieve equitable outcomes for our students and communities. As such, this section of the student equity plan is designed to prompt a structural analysis of the myriad aspects of an institution (policies, processes, practices, and culture) that impede equitable student outcomes. Start with a student friction point or an inequitable outcome for a DI student population in learning, experience and/or impact, and reflect on impacted institutional structures, policies, processes, practices, and culture.

#### Friction Points: Current Structure \*

- Financial issues that plague foster youth and keep them from even attempting to take classes with high-cost textbooks and fees
- Lack of parenting to help foster youth navigate college challenges
- Often don't ask for or seek out help
- Housing situations that create unstable situations for continuing in college
- Lack of resources such as school supplies

### Structure Evaluation

#### Current Structure

- × Instruction
- × Wraparound Services (Counseling, Support Programs, Textbook Programs, etc.)
- × Budgeting and Administration (HR, Purchasing, Processes, etc.)
- × General Operations (A&R, Parking, Campus Policing, etc.)

## **Structure Evaluation: Necessary Transformation to Reach Ideal**

### **Necessary Transformation to Reach Ideal \***

- Wrap Around Services such as basic needs, mental health, and special support groups for foster youth Next up Program participants
- Providing technology and school services for free such as: laptops, textbooks etc...
- Study support group for EOPS/TRiO/Next Up students
- Work with Community Agencies to fulfill unmet needs such as housing shortages and special activities for former foster youth
- Having a Learning Community to learn math together such as, a buddy program
- Starting a peer mentorship program after Next Up Program is started
- More Low-income housing options

## **Action**

### **Action Steps \***

1. Reach out to community agencies that work with foster youth to collaborate on recruitment, activities and services.
2. Pursue a Next Up Program to provide the infrastructure for better coordination of academic and support services
3. Have Behavioral Health Counselor offer a counseling support group for foster youth
4. Pursue low-cost and zero-cost textbooks for math and English courses to make those classes more affordable to foster youth.

5. Pursue a learning community for math and English courses so that groups of foster youth can take the classes together and have study groups, etc.
6. Start a Peer Mentoring program through the Next Up Program to provide academic and social support to other foster youth.
7. Provide professional development to faculty on issues facing foster youth and best teaching practices for students with ACEs (Adverse Childhood Experiences).

## Chancellor's Office Supports

### Supports Needed

- ✓ Field Guidance & Implementation
- ✗ Technical Assistance/Professional Development
- ✗ Data & Research
- ✓ Policy & Regulatory Actions
- ✗ Technology Investments & Tools
- ✗ Proof of Concept Pilots
- ✓ Strategic and Operational Communication

### Explanation of Supports Needed

Help to provide Professional Development opportunities to offer to faculty on ACEs and trauma-informed care/teaching practices.

Regulations that make it easier for foster youth to access programs and services.

## Persistence: First Primary Term to Secondary Term

### Hispanic or Latino

## Structure Evaluation: Friction Points

### Friction Points

At its core, the Guided Pathways framework asks for institutional changes that eliminate student friction points, improve student outcomes and close achievement gaps. ## Structure Evaluation: Necessary Transformation to Reach Ideal

### Necessary Transformation to Reach Ideal \*

Student Support Clubs

Town Hall Meetings

Mentoring Programs

Translation Services

Embedding Tutors into Gateway courses

Note-Takers (that can take notes in Spanish)

Basic needs – increasing services and follow up to this DI group

Hiring ISS for incarcerated Latinx students

## Action

### Action Steps \*

1. Provide translation services in Spanish for Hispanic students enrolled in gateway courses such as math and science.
2. Ramp up Basic Need offerings in the new Student Resource Center and make sure we have a system for following up with this DI group.
3. Start a student club (i.e., International or Multicultural Club) and provide trips to town and to Reno to learn about resources, as well as locations where they can find extra food pantry services, cultural stores and social connections, etc.
4. Start a peer mentoring program within the Latinx /International Club to try and create a sense of community and inclusion within our Latinx students by utilizing other students.
5. Re-advertise the ISS position for incarcerated students now that one of our prisons is closing and may attract more applicants.
6. Ramp up student life efforts that include more Latinx cultural events and activities.
7. Create a comprehensive Resource Guide for Undocumented students for help in applying for Dream Act funding, getting access to legal services, finding allies and special programs on campus for undocumented students, etc.
8. Have the college Leadership conduct Student Town Hall meetings and request feedback from students on their experience at LCC and how we can improve.
9. Pursue building low-income dormitories to increase housing options for Latinx and other low-income groups.

## Chancellor's Office Supports

**Supports Needed**

- × Field Guidance & Implementation
- × Technical Assistance/Professional Development
- × Data & Research
- ✓ Policy & Regulatory Actions
- × Technology Investments & Tools
- ✓ Proof of Concept Pilots
- × Strategic and Operational Communication

**Explanation of Supports Needed**

Need policies that support more funding for basic needs, low-income housing on campus, and funding for permanent instructional support, not just part-time tutoring.

**Foster Youth****Structure Evaluation: Friction Points****Friction Points**

## Structure Evaluation: Necessary Transformation to Reach Ideal

**Necessary Transformation to Reach Ideal \***

- Coordinated connections with our foster youth.
- Professional development for staff to know how to better serve our foster youth as well as have better understanding of trauma-informed care and practices.
- Have more information on the website and portal of the resources for foster youth.
- Early identification and contact with foster youth to get them into our special programs.
- Making sure our foster youth know about our basic needs resources.
- Collaborating with foster youth agencies in our community to outreach to our local foster youth earlier.
- Consideration of getting a NextUp program to provide more funding and dedicated staff time to foster youth.

## Action

**Action Steps \***

1. Identify our foster youth and reach out to them personally via special programs.

2. Provide Professional Development for special programs, trauma-informed care training, and foster youth training for entire campus.
3. Conduct college-wide Ally training.
4. Have designated support specialist on campus to coordinate foster youth services.
5. Pursue getting a Next Up program to do the above.
6. Collaborate with community agencies that also work with foster youth.
7. Have foster youth peer mentors on campus to identify with and help other foster youth within special programs.
8. Create student recognition programs on campus that motivate and support student success for foster youth and other groups who have been traditionally marginalized in education.

## Chancellor's Office Supports

### Supports Needed

- ✓ Field Guidance & Implementation
- ✓ Technical Assistance/Professional Development
- ✓ Data & Research
- ✗ Policy & Regulatory Actions
- ✗ Technology Investments & Tools
- ✓ Proof of Concept Pilots
- ✗ Strategic and Operational Communication

### Explanation of Supports Needed

More funding to help support foster youth at all colleges.

Timely data from existing NextUp programs to help guide upcoming new programs.

Having staff and student role models /mentors who have successfully navigated college.

Have webinars and student panels with former foster youth provided by the Chancellors office.

## Transfer

### Hispanic or Latino

### Structure Evaluation: Friction Points

#### Friction Points

At its core, the Guided Pathways framework asks for institutional changes that eliminate student friction points, improve student outcomes and close achievement gaps. It requires us to interrogate existing structures, identify changes necessary to reform those structures, and implement those changes to achieve equitable outcomes for our students and communities. As such, this section of the student equity plan is designed to prompt a structural analysis of the myriad aspects of an institution (policies, processes, practices, and culture) that impede equitable student outcomes. Start with a student friction point or an inequitable outcome for a DI student population in learning, experience and/or impact, and reflect on impacted institutional structures, policies, processes, practices, and culture.

#### Friction Points: Current Structure \*

- Missing Speech and Lab Science for transfer for most incarcerated students; although they are now available at our local prison (High Desert State Prison) for in-person instruction.
- We do not have the capacity to offer a comprehensive ESL program or classes.
- Currently there are very few options for Latinx incarcerated students to transfer (only programs offered are CSU Sacramento and CSU Fresno from prisons in those areas and a couple out-of-state private universities), despite 70% of incarcerated students stating that they want transfer opportunities.
- We currently offer a fully transferrable degree accessible to incarcerated students in-person at High Desert State Prison.
- Students often have transcripts from many different colleges of which some are difficult to get due to access issues. Therefore, they may be repeating courses they already have taken due to lack of being able to acquire past transcripts to confirm completion of courses.

## Structure Evaluation

### Current Structure

- ✓ Other

**What equity-minded process/policy/practice/culture would facilitate a shift to equitable outcomes for this population? \***

See below...

## Structure Evaluation: Necessary Transformation to Reach Ideal

### Necessary Transformation to Reach Ideal \*

- Work on solving the issue of limited transferable class offerings for incarcerated students.
- Create partnerships with 4-year universities to facilitate transfer for Latinx students, especially incarcerated transfer options.
- Early outreach to K-12 and other potential partners in order to bring awareness about college and financial aid as early as elementary and middle school.
- Create a transfer “Golden Four” Certificate of Achievement (15-18 Units), and also make it available for incarcerated students.
- Create a Course Equivalency and Release of Information form that can be easily used for incarcerated student to document previous coursework taken and have their transcripts sent to the college in a more expedited manner.
- Offer Spanish translation services, or software for emerging English Language learners.
- Offer more direction to show students which classes can be taken and in what order for completing an all-online transfer degree at LCC.
- Bring more awareness on where students can take ESL classes in our community.
- Having embedded tutors in classes taking notes for ESL students (in Spanish or English) and follow up with a study session.
- Pursue OER and Zero-cost to low-cost textbooks options especially for transferrable courses.
- Provide transfer activities for free to Hispanic students to universities that have supportive services and desired majors for Latinx students.
- Create a week-long summer bridge program specifically for our DI groups featuring information on university transfer, financial aid, and success skills for transfer.

## Action

### Action Steps \*

1. Create at least one more transferrable math class that can be taken by Latinx incarcerated students as well as on campus students.
2. Start early outreach to K-12 and other potential Latinx partners in order to bring awareness about college and financial aid as early as elementary and middle school.

3. Revise the UC Merced partnership or MOU to facilitate transfer specifically for Hispanic students and create a goal to meet in conjunction with UC Merced administration.
4. Create partnerships with Cal Poly Humboldt specifically to help transfer Latinx incarcerated as well as non-incarcerated students.
5. Create a transfer “Golden Four” Certificate of Achievement (15-18 Units) by Fall 2023, to be made available also to Latinx incarcerated students.
6. Create a Course Equivalency and Release of Information form that can be easily used for incarcerated student to document previous coursework taken and have their transcripts sent to the college in a more expedited manner.
7. Offer Spanish translation services through the college’s tutoring center for emerging English Language learners.
8. Have an imbedded tutor in classes taking notes for ESL students and follow up with a study session to improve comprehension.
9. Create a curriculum /course Guidebook to show students which classes can be taken and in what order for completing an all-online transfer degree at LCC. Make sure that online textbook costs are zero or low cost as well.
10. Pursue Zero-cost textbooks options with the goal of having a minimum of 50% of all transferrable courses with an OER/Zero-cost or low-cost textbook in place by 2025.
11. Provide university tours for free to Hispanic students to universities that have supportive services and desired majors for Latinx students.
12. Create a week-long summer bridge program specifically for our DI groups featuring information on university transfer, financial aid, and success skills for transfer.

### Supports Needed

- ✓ Field Guidance & Implementation
- ✗ Technical Assistance/Professional Development
- ✗ Data & Research
- ✓ Policy & Regulatory Actions
- ✗ Technology Investments & Tools
- ✗ Proof of Concept Pilots
- ✗ Strategic and Operational Communication

### Explanation of Supports Needed

Facilitated discussion and policy regulations between CCCs and UCs /CSUs to support transfer of underrepresented groups. Also, need help with providing pathways for incarcerated students to transfer to 4-year universities.

## American Indian or Alaska Native

## Structure Evaluation: Friction Points

### Friction Points

At its core, the Guided Pathways framework asks for institutional changes that eliminate student friction points, improve student outcomes and close achievement gaps. It requires us to interrogate existing structures, identify changes necessary to reform those structures, and implement those changes to achieve equitable outcomes for our students and communities. As such, this section of the student equity plan is designed to prompt a structural analysis of the myriad aspects of an institution (policies, processes, practices, and culture) that impede equitable student outcomes. Start with a student friction point or an inequitable outcome for a DI student population in learning, experience and/or impact, and reflect on impacted institutional structures, policies, processes, practices, and culture.

### Friction Points: Current Structure \*

Our college has not formally acknowledged being located on American Indian territory.

We do not offer many options for transferrable math and the ones we have are difficult for our students to pass successfully. We also do not currently have a Native American Studies class that meets transfer requirements.

A few of our CTE programs have established inroads with our local Rancheria (i.e., fire science training and short certificate classes) but we need to expand on these.

## Structure Evaluation

### Current Structure

- × Instruction
- × Wraparound Services (Counseling, Support Programs, Textbook Programs, etc.)
- × Budgeting and Administration (HR, Purchasing, Processes, etc.)
- × General Operations (A&R, Parking, Campus Policing, etc.)
- ✓ Other

### What is the impacted structure/process/policy/practice/culture on your campus related to this selection? \*

Socioeconomic factors

Coming to higher education from a point of mistrust, abuse, and marginalization within the school system

Some Native American students want to attend school as short of a time as possible so they can get work skills or certificates needed to start work as soon as possible.

The school system has caused generational trauma that is difficult to overcome.

### Ideal Structure

- ✓ Instruction

### What equity-minded process/policy/practice/culture would facilitate a shift to equitable outcomes for this population? \*

## Structure Evaluation: Necessary Transformation to Reach Ideal

### Necessary Transformation to Reach Ideal \*

Promoting new and upcoming programs at LCC, as well as scholarship options for native students to pay for their education here and after transfer.

Creating a referral system and MOUs to universities that support Native American students to facilitate transfer and transfer guarantee options.

Creating more transferable course options that appeal to American Indian students, such as a Native American Studies course.

Having a guide for resources to UC's/ CSU's that have programs and services that are desired by native students, and which have affinity centers and tuition assistance for Native students.

Providing university tours for free to Native students to universities that have supportive services to offer this DI group.

Having a flyer that is culturally relevant to use as an outreach tool.

## Action

### Action Steps \*

1. Use Guided Pathways (new Career Pathways) to promote our upcoming environmental and forestry programs and do outreach to our Rancheria to promote these programs (including summer outreach to their children and teens.)
2. Capitalize on the current desire and need for the Rancheria to gain skills and knowledge in Fire Science and then create articulated courses to Cal Poly Humboldt's new Applied Fire Science program.
4. Create transfer partnerships with other nearby universities to facilitate native students to transfer into their equity programs and gain admission through an established pathway and guaranteed admission procedure.
5. Work on creating a more welcoming, comfortable and inclusive environment on campus by having Native American tutors and guest lecturers from the local tribes to speak at the college on a regular basis.
6. Create a Guide of resources to UC's/ CSU's (and other nearby universities) that have programs and services that are desired by native students, and which have affinity centers and tuition assistance for Native students.
7. Provide university tours for free to Native students to universities that have supportive services and desired majors for American Indian students.
8. Create more transferable course options that appeal to American Indian students, such as a Native American Studies course.
9. Create a week-long summer bridge program specifically for our DI groups featuring information on university transfer, financial aid, and success skills for transfer.

#### **Friction Points: Current Structure \***

Socioeconomic factors

Canvas may be in the works for incarcerated students, but not yet available.

Family obligations and cultural issues affect being able to attend full-time.

Not able to find a full-time Instructional Support Specialist for the incarcerated education program.

Hispanic students have financial barriers, and lack of affordable housing in our area.

## **Structure Evaluation**

### **Current Structure**

✓ Instruction

**What is the impacted structure/process/policy/practice/culture on your campus related to this selection? \***

Correspondence Education- Limited to only 11 units - not allowed full time enrollment.

Limited sections offered for correspondence and incarcerated students, especially for lab science and communication transfer courses.

Textbooks costs have increased especially for math and science textbooks, and cost of taking them online has increased due to cost of online access codes.

Cannot use some OER for correspondence students since some OER texts have imbedded links and incarcerated students cannot access the internet.

- × Wraparound Services (Counseling, Support Programs, Textbook Programs, etc.)
- × Budgeting and Administration (HR, Purchasing, Processes, etc.)

See below...

## **Structure Evaluation: Necessary Transformation to Reach Ideal**

### Necessary Transformation to Reach Ideal \*

Targeted counselor intervention after students complete 40 to 45 units so that they understand and get support for the last 15 units of classes to graduation or transfer.

Financial aid information and extra financial aid outreach to this DI group.

Basic Needs resources/Special Programs – improve awareness and referral to basic needs and special programs.

Rigorously pursue OER, Zero-Cost, and low-cost textbook options for both on-campus and incarcerated students.

Instructional Support Services for incarcerated educational program, as well as permanent classified instructional specialists for on campus tutoring center needed.

Low-income housing options to pursue for on-campus housing as well as partnerships in the community to place housing insecure students.

Second language learning support and services needed.

Having lecture videos embedded into Power Points for Canvas so language learners can review videos for extra assistance in learning English and also have Canvas and embedded videos available to incarcerated students as well.

## Action

### Action Steps \*

1. Provide financial aid information and extra financial aid outreach to this DI group, including information in Spanish and a resource guide for undocumented students.
2. Zero Cost Textbooks – pursue options for both on-campus and incarcerated programs, and lower cost of online access codes.
3. Reach out to students regularly with information on resources, basic needs, and referrals to special programs during student life events and activities.
4. Provide more consistent instructional support by hiring permanent Instructional Support Specialists, tutors, or a similar position for on-campus tutoring center.
5. Textbooks in Spanish or translation software/services made available as needed.
6. Targeted counselor interventions to this DI group, especially after students reach 40-45 units.
7. Pursue steps toward building a low-income housing option on campus.
8. Encourage faculty with equity funding, to create and embed instructional videos into their Canvas shells and create lecture videos that can be accessed by incarcerated students as well.
9. Promote and provide the “Career Launch” program to our Native and Latinx students. Have a cohort of DI students with supportive services as they go through the program.

## Structure Evaluation: Necessary Transformation to Reach Ideal

### Necessary Transformation to Reach Ideal \*

- Need more Certificates of Achievement (stackable certificates leading to degrees and transfer).
- The new Indian Rancheria Medical Center that is being built provides greater opportunity to partner/collaborate with Susanville Indian Rancheria:

- Will provide new jobs for our students and county.
- College is poised to provide the allied health training for nurses and other staff with our new RN program starting Fall 2023 and dental programs in the works.
- College can provide certificates and degrees for key staffing positions such as CNA, LVN, Dialysis Technicians, Medical Assistants, and Dental Assistants.
- New Forest Management/Ecology degree. Possibly connect and collaborate with Cal Poly Humboldt to provide some online classes and pipeline for transfer to their Forestry and Environmental Science Degrees.
- Early Outreach- Introduce the idea of pursuing college at an early age to SIR children with a summer outreach program.
- Tutoring –Referral and funding support for their tutoring center; as well as hire Native American tutors in our college tutoring center.

## Action

### Action Steps \*

1. Establish relationship, partnership certificates/degrees/pathways and MOUs with Susanville Indian Rancheria (SIR) to provide training for their fire science technicians and new health facility.
2. Create marketing materials specific to attracting native students to our allied health programs. Have counselors do outreach to help students apply and register for classes out at the Rancheria.
3. Establish partnership with SIR to provide summer outreach programming for their K-12 children to introduce them to college options, financial aid, and more.
4. Work with Cal Poly Humboldt to provide transfer options from our Fire Science and Nursing programs to Humboldt, as well as a partnership to provide an online BSN program that could be completed entirely in Lassen County.
5. Create and provide a Fire Tech course that acknowledges and incorporates Native American cultural practices into the curriculum.
6. Provide support to Native students by supporting the Rancheria's tutoring program and hiring Native American employees to work in our college tutoring center.
7. Provide cultural events and activities on Native American culture and provide professional development to staff and faculty on inclusive practices for native students.
8. Create a Native Land Acknowledgement Statement that acknowledges our local tribes and the college being located on and around American Indian territory, to be delivered at Convocation, Commencement, and other significant events at the college.
9. Have a book club for staff and faculty that features Native American historical experiences in education for awareness, training, and improving understanding as well as a sense of belonging for native students.
10. Promote and provide the "Career Launch" program to our Native students. Have a cohort of DI students with supportive services as they go through the program.

## Chancellor's Office Supports

**Supports Needed**

- × Field Guidance & Implementation
- ✓ Technical Assistance/Professional Development
- × Data & Research
- ✓ Policy & Regulatory Actions
- × Technology Investments & Tools
- × Proof of Concept Pilots
- × Strategic and Operational Communication

**Explanation of Supports Needed**

Professional development opportunities for our staff and faculty to improve understanding and inclusive practices for Native American students, as well as policies that expand bachelor's degree options and more culturally responsive programs for our colleges.

**Student Support Integration Survey****1. Previous Equity Efforts**

**1.1 Continuing What Works: Are there existing, effective equity efforts on your campus that your college plans to continue?**

- Week of Welcome and other equity-focused activities to improve sense of belonging
- College Success Bootcamp
- Early Alert System
- DEI Professional Development and Ally Training
- Continue to improve and increase effective Tutoring Services
- Increased mental health and basic needs programming and services
- Continue to pursue and increase Zero-Cost/Low-cost Textbook and Open Educational Resources options
- Student Ambassador Program
- Increased Collaboration with Susanville Indian Rancheria
- 15 To Finish and Ed Plan Campaigns
- Increased Transfer Activities and Partnerships with 4-year Universities
- Create another Transferable Liberal Arts and/or Career Education Math Course

**2. Guided Pathways**

## **2.1 Alignment: Please provide a summary of how your college's equity efforts align with achieving Guided Pathways goals.**

We have been integrating our Guided Pathways and DEI efforts for several years now. The Guided Pathways Project Lead is also the SEAP Project Lead and holds the position of Dean of Student Equity and Special Programs. Having these two critical areas under one administrator has helped tremendously with breaking down silos and uniting our collaborative efforts.

During our Equity Summit last summer, the Dean of Student Equity and Special Programs lead a two-day retreat where we looked intently at our equity data and conducted a college S-W-O-T analysis. One session was also conducted on how our Guided Pathways efforts are aligned with our equity efforts and how we can continue to overlap initiatives in order to combine forces for improved student success outcomes.

Many of our current initiatives are interrelated and depend on each other for success, as well as funded through braided funding streams. Examples include the implementation of our new student portal, new website, zero-cost textbook effort, basic needs center, and career pathways endeavor. Our primary Equity Plan and Retention/Engagement workgroups are themselves subgroups of the Guided Pathways Taskforce, in which we utilize student voices and meet regularly for collaborative student activities, updates, and future planning.

The new Student Equity Plan strategies support Guided Pathways by elevating these strategies to top college-wide priorities that will continue to break down institutional and systemic barriers for our underrepresented students. By putting these strategies and priorities into place, we will ensure that we are always moving forward in creating the college environment where all students can find belonging, value, and success!

## **3. General Accessibility**

### **3.1 Summarize key initiatives/projects/activities your college plans to implement and/or are focused on improving to support accessibility of all curriculum and technology across the campus.**

Not Entered

## **4. Financial Aid**

### **4.1 FAFSA Participation: Share up to three strategies your college plans to implement to increase FAFSA participation and completion on your campus.**

1. Special Programs staff and A&R staff will be cross trained on how to help students with the FAFSA in addition to the FA office staff (i.e. EOPS, CARE, TRIO, etc.)
2. Create a Financial Aid brochure to show all of the financial aid programs and services offered by the college in one place, and for ease of understanding eligibility criteria for current and prospective students.
3. Most of the special programs, counseling, and enrollment services staff will be co-located in the same building for ease of assisting students in one location and for improved communication and collaboration between departments.

### **4.2 Pell Grant Participation: Share up to three strategies your college plans to implement to increase Pell Grant recipient participation and completion on your campus.**

Not Entered

### **4.3 Financial Aid: Will your college provide additional student aid other than Federal Financial Aid and Pell**

**Grant? If yes, please describe.**

The 2021-22 Budget Act included a total of \$250 million one-time in federal ARP funds to provide emergency financial assistance to low-income California community college students.

**5. Basic Needs****5.1 Basic Needs Center: Has your college established a Basic Needs Center and designated a staff person as a coordinator?**

The 2021-22 Budget Act included ongoing funding of \$30 million to support basic needs centers and coordinators, and an additional \$100 million one-time for colleges to support basic needs. The trailer bill requires colleges to establish a Basic Needs Center, designate a Basic Needs Coordinator, and improve access to and utilization of basic needs support.

Yes

**5.2 Services: What services are you providing (or do you plan to provide) in your college's Basic Needs Center?**

Food vouchers

Free meals

Cal-Fresh Application Assistance

Hygiene/Personal Products

Housing Assistance

Grocery Items

Sexual Health

Mental Health Referrals

Gas Cards

Direct Emergency Aid

And More...

**5.3 Participation: How do you plan on increasing student participation in your college's Basic Needs Center?**

Already happening due to hiring a full-time "Program Manager of Student Resources and Basic Needs." Will provide more details when our plan is updated.

**5.4 Food Pantry: Please describe your Food Pantry efforts. If you do not have one, please describe your plans to establish a program.**

Our food pantry has been incorporated into our new Student Resource Center. (See Basic Needs section.)

## 6. Zero-Textbook Cost

### 6.1 Please discuss your plans, if any, for integrating a Zero-Textbook Cost Program on your campus.

1. Ensure that a ZTC/OER icon is placed in the class schedule on any course that offers the zero-cost option for easy reference.
2. Academic Senate to form an internal Taskforce to actively research OER/ZTC options with the goal of increasing low and zero-cost options college-wide.
3. Have a goal of reaching a minimum of 50% zero-cost or low-cost textbook options in transferrable courses by 2025.
4. Academic Senate to define the criteria for “low-cost” textbooks so that the college can move closer to these options in addition to zero-cost options.
5. Embed ZTC/OER strategies and goals into our Guided Pathways and Student Equity Plans for accountability and leveraging of funding.

## 7. LGBTQ+ Supports

### 7.1 Please discuss your plans or current efforts to support the LGBTQ+ population on your campus.

LCC only received \$52K of one-time funding to use over five years, but we have a plan in place to support LGBTQ+ student organizations, fund queer-awareness and pride events on campus, and provide an ongoing mental health support group, among other initiatives.

## 8. Mental Health Supports

### 8.1 Mental Health Related Programs: Please discuss your plans or current efforts to create mental health-related programs to serve hard to reach, underserved populations.

Not Entered

## 9. Institutional Planning

### 9.1 Ongoing Engagement: Please describe any efforts your Board will take to ensure ongoing engagement in student equity planning efforts for the 2022-25 period.

The BOT will review and approve our submitted Student Equity Plan by January 2023.

Members of the BOT will be invited and will attend ongoing equity professional development opportunities to learn best practices for engaging and creating improved DEI outcomes for our DI groups.

The BOT will be given annual updates from the President and/or Dean of Student Equity and Special Programs on progress being made on the Student Equity Plan and will be asked to provide any input or suggestions for improvement as needed.

The BOT will approve instructional program reviews, and review newly articulated courses and curricular changes that may occur as a result of the faculty and administration implementing Equity Plan strategies and coming to consensus

on equitable systemic changes.

At least one or two members of the Board of Trustees will attend the Annual Equity Summit each summer as they did in August 2022.

Convocation will continue to offer equity plan updates and DEI trainings, of which 3-5 BOT members will participate annually.

**9.2 Integrated Budgeting: Please describe any strategies you will deploy to leverage funding beyond the SEA program to advance your institutional equity goals.**

Not Entered

**9.3 Student Voice: Please describe any strategies you will deploy to leverage student voice to advance your institutional equity goals.**

1. Continue to utilize students in the Guided Pathways Taskforce and equity workgroups to solicit ongoing feedback.
2. Have students attend our annual Equity Summit, Diversity Symposium, Convocation panels, and DEI trainings.
3. Have a college-wide campus-climate survey or student focus groups every two to three years to assess equity efforts.
4. Have special programs conduct a survey every year with their participants to assess equity efforts and best practices.
5. Bring back student Town Hall Meetings to encourage open communication and feedback.
6. Utilize student peer mentoring in as many appropriate programs as possible.

**From:** [Accrediting Commission for Community and Junior Colleges](#)  
**To:** [Chad Lewis](#)  
**Subject:** 2023 Annual Report – Survey Link and Instructions  
**Date:** Thursday, February 16, 2023 5:05:27 PM

This email originated from outside of our school email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Chad Lewis,

Each year, ACCJC member institutions submit an Annual Report to the ACCJC in accordance with the Commission's [Policy on Monitoring Institutional Performance](#). Below, you will find instructions for accessing and submitting the 2023 Annual Report survey. ACCJC anticipates that as the ALO, you will help to ensure that your institution's Annual Report is accurate and submitted by the due date. The 2023 Annual Report is due **April 14, 2023**.

### **Access and Submission Instructions**

To access the 2023 Annual Report survey and enter data, please use the following link: <https://s-024f0e-i.sgizmo.com/s3/i-G7w9ZoUEXv0GhL3XAp-5910072/?sguid=G7w9ZoUEXv0GhL3XAp>

Please note that this link is unique to your institution. You may share this link with your CEO, institutional researchers, deans, or others within your institution as appropriate to facilitate dialogue and accurate data entry. Once all data has been entered into the online survey, use the Section Navigation links to review carefully. You may review and revise your answers as many times as needed prior to final submission of the survey.

To submit the final copy of your survey: Follow the instructions in the Final Step page of the online survey to submit. Upon submission, ACCJC will forward PDF copy of the submission to you and your institution's CEO for final review (and correction, if needed). If no corrections are needed, the PDF copy will stand as the final, certified copy of the institution's 2023 Annual Report.

## **Survey Questions**

To assist you as your institution prepares its responses, you can find additional information, data definitions, and a printable version of the 2023 survey questions at <https://accjc.org/wp-content/uploads/Annual-Report-Instructions-and-Questions.pdf>.

## **Webinar on the Annual Fiscal Report & Annual Report**

On February 21, ACCJC will host a [webinar](#) focused on the Annual Report and Annual Fiscal Report. The webinar will provide an overview of both reports, and ACCJC staff will be available to answer your questions. We encourage CEOs, ALOs, chief business officers, research staff, and others who help compile or complete the annual reports to attend.

### ***Webinar Details:***

*Date: Tuesday, February 21, 2023*

*Time: 1:00 p.m. – 2:00 p.m. (PST)*

*Place: <https://us02web.zoom.us/j/84555416447>*

## **Support Contacts**

You may also contact us directly with questions at any time. For technical support, please contact Tom Lane ([tlane@accjc.org](mailto:tlane@accjc.org)). For all other questions related to the survey, please contact Catherine Webb ([cwebb@accjc.org](mailto:cwebb@accjc.org)).

Thank you!

## PLANNING AND BUDGETING ANNUAL TIMELINE

	Cabinet	Board of Trustees	Academic Senate	Consultation Council	Office of Institutional Effectiveness (OIE)	Planning Committees	Budget Committee
<b>June</b>	<p>The President will submit the current tentative budget to the Governing Board for adoption.</p> <p>Cabinet Planning Retreat (review year-end report on Strategic Initiatives, Strategic Initiative and planning goals decided for next academic year – forward to July Governing Board’s Planning Retreat. Working with Cabinet, the President will finalize the ranked list into the Institutional Budget Priority List for the Comprehensive Institutional Master Plan presenting it to at the Governing Board’s Planning Retreat in July.</p>	<p>Board of Trustees adopts Tentative Budget for next fiscal year</p>			<p>Compile data for July Board Planning Retreat (progress on Key Performance Indicators and Annual Fact Book)</p> <p>Compile all IPR/NIPR data for distribution in the Fall.</p>		
<b>July</b>	<p>Chancellor’s Office notifies districts as to funding for new fiscal year (discussions take place in Cabinet)</p>	<p>Governing Board Planning Retreat (discuss and accept progress on Key Performance Indicators, Annual Fact Book, Year End Resource Allocation Report and other compiled and analyzed data)</p>		<p>Presentation of Annual Fact Book and Annual Report by OIE</p> <p>President will report back to Consultation Council what items from the recommended Prioritized List will be funded in the previous Budget.</p>	<p>Annual Fact Book and Annual Report posted on webpage</p> <p>Complete all IPR/NIPR data for distribution in the Fall.</p>		

	Cabinet	Board of Trustees	Academic Senate	Consultation Council	Office of Institutional Effectiveness (OIE)	Planning Committees	Budget Committee

## Health and Safety Committee Meeting

Date: 10/21/22

Time: 9:00 am

Committee Members Present: Carie Camacho, Dan Williams, Barb Baston, Shannon Hogan, Toni Poulsen, Dan Weaver, and Carl Oberriter.

Committee Members Absent: Cathy Ritola and Vickie Ramsey.

### 1. Open Meeting

#### 1.01 Approval of Agenda

Motion to approve agenda made by Toni Poulsen and seconded by Carl Oberriter.

#### 1.02 Approval of Minutes

Minutes from the April 22, 2022 minutes were not found. Carl gave a copy of his notes and Toni said she will email her notes as well. The minutes for 4/2/22 will be tabled until the next meeting.

### 2. Current Items

#### 2.01 Elect Committee Chair

Dan Williams offered to be the Committee Chair. It was unanimously approved for Dan Williams to be the committee chair.

#### 2.02 Discuss in-person meeting

Dan Williams stated due to COVID no longer being a danger, meetings will be held in person from now on unless there are extenuating circumstances. Carrie Nyman thought having the option for Zoom would allow for better involvement and more participation. Dan stated if the committee needed to walk around campus to see potential trip hazards, it would be difficult to accomplish via Zoom. Meetings will be held in person unless there are extenuating circumstances.

#### 2.03 Approve Charge

The committee added a DEIA statement to the charge that states; Our commitment is to strive towards accessibility to eliminate barriers to equity and that we act deliberately to create a safe and inclusive environment.

The student representative language was changed to 1 student representative. ASB will have the first opportunity to select a representative, but if not available, faculty or staff may recommend a student representative to the chair(s) for approval. This updated language will help with more student involvement. ASB has a hard time getting a representative on each committee due to its small numbers. The updated language will potentially allow more student involvement.

Dan Weaver made a motion to accept the charge and Barb Baston seconded the motion. The motion was unanimously accepted.

## **2.05 Fire Drills**

Johnson Controls came and serviced fire alarms and extinguishers. We will be holding fire drills. Often times the dorm students do not pay attention when the fire alarm goes off. Nobody evacuates. The RA will need to be able to account for everyone in the case of a real fire. Dorm students will need to utilize the buddy system to help keep track of everyone. It was suggested we let faculty and staff know when fire drills will occur and then eventually hold drills without prior notification. When a fire alarm goes off there will be a strobe light and a loud horn that will sound. One problem the Police Department and Fire departments had was trying to figure out where the alarm was coming from. We will have exterior strobe lights and a horn will sound outside the building the alarm went off in.

## **2.06 Active Shooter Meetings and Drills**

This is an area we need to improve in. As a campus, we are not prepared for an emergency situation. A lot of information came from the last active shooter drill we had. There are a lot of holes in our system that need to be addressed. We will be working with the Police Department which has an active shooter trainer who will be assisting us. We will be holding active shooter drills. It was suggested to hold a drill during convocation so we can practice as a campus before we try a drill with students.

We are working on establishing a 2<sup>nd</sup> entrance to the college by the co-gen. This will hopefully be open for use within 18 months. It was suggested to install blue emergency boxes with flashing lights around campus. Dan said that is something we will look into. We have plans to hire a part-time police officer on campus. They will not be in full tactical gear but in a PD polo or t-shirt and khakis. We will pay half of their salary and the PD will pay the other half.

## **2.07 Annual Security Report**

The Annual Security Report which was issued on 10/1/22 was discussed. Many things were addressed but not corrected yet. Dan is new to his position and is working on getting issues addressed. LMUD has approved the replacement of all existing exterior lights to new 5k LED lights at no cost to us. These are the brightest lights available. Our current fixtures are outdated so this will not only help improve security across campus but will also provide huge energy savings for us. The lights under the eaves are considered indoors therefore there will be a cost to us for that.

## **2.08 SWACC Report**

The SWACC report from April 2021 was discussed. We were told that the oxygen and acetylene cylinders in the Gun Shop cage need to be stored separately. This has been rectified. There were doors that have been propped open with rocks which is not proper procedure. We will need to get stoppers on doors to alleviate the trip hazard the rocks provide. Concrete will be poured in the spring to help alleviate trip hazards around campus. Items have been stored incorrectly. As a campus, we need to do better with following correct storage procedures as well as decluttering offices and common areas. We will be working on the cleanliness of the campus. The wooden benches we have are going to be upgraded to expanded metal-coated benches. We are working on providing more study areas for students. It was suggested that clubs do campus beautification projects to help around campus.

## **3. Committee Updates**

### **3.01 Facility Planning**

Dan is working on a feasibility study in order to get new dorms built. A survey will be sent out to students. The feedback will come to us and

our consultants to help with the planning of new housing. There are a few possible locations that are being looked at on campus. Ideally, the new dorm will be close to the existing dorm to help create a community feel. The cost needs to be under \$650 per bed. We currently have a waitlist for our dorms which will give us a greater chance of receiving funding. Students must be PELL eligible to get into the new dorms.

#### **4. Open Discussion**

##### **4.01 Public Comment**

Dan commends his crew for their very hard work. They have all been putting in a lot of hours and are getting things done.

#### **3. Close Meeting**

Toni Poulsen made a motion to adjourn the meeting. Carl seconded the motion. The meeting ended at 10:01.

# LASSEN COMMUNITY COLLEGE FACILITY MASTER PLAN

2022-2027

## Section IV – Five Master Plans

### **Facilities Master Plan and Facilities Staffing Plan**

#### **INTRODUCTION**

The facilities at Lassen Community College (LCC) physically provide an environment where teaching and learning can flourish both inside and outside the traditional classroom and as such strongly contribute to creating a sense of place and to establishing the character and culture of its campus community. The College is dedicated to making a significant investment in its facilities and grounds to ensure that this community is well served with carefully planned and maintained spaces. By developing both traditional and innovative learning spaces the college will strive to enhance each individual's educational experience and extend its learning opportunities in ways that will engage and best serve our local community. We affirm that our facilities should support and promote the development of premier programs that make an impact on the hearts and minds of students, parents, visitors, alumni, faculty, and staff. In short, our facilities should provide a safe on-campus learning experience which fosters a vibrant, diverse and integrated community.

The main campus is located on approximately 209 acres of land with 42 structures. The various buildings amount to 252,955 gross square feet that provide 171,802 square feet of assignable floor space. A majority of programs and services are housed in buildings designed for, or appropriate to their use. In addition to classrooms, laboratories, and offices, the college also contains a 108-bed dormitory, library, cafeteria, several computer laboratories, and a large gymnasium. The campus grounds include large grass recreational fields an all-weather running track, softball facility, stables for thirty horses, a rodeo arena, and an agricultural production facility.

Additionally, the District maintains a lease to operate the Coppervale Ski Hill located fifteen miles to the west of the main campus. Coppervale is used for public recreation. Lassen Community College also maintains a lease with the City of Susanville Parks and Recreation District for the use of a baseball field with Susanville city limits. The college also has approximately 160 acres of forest property between Eagle Lake and Hwy 44, and approximately 307 acres of land in Herlong adjacent to the Sierra Army Depot

All campus facilities planning and physical development shall be implemented in a formal and systematic method where the basis of decision-making is a transparent collaborative process involving input from all constituencies and shall gain the inherent benefits afforded within a consistent, predictable review and approval system. Our goal is to achieve planning and architectural excellence through careful consideration of all contributing factors, which may include; health & safety, institutional/academic prioritization, functionality, aesthetics, economic feasibility, environmental impact, constructability, code compliance, operational utilization, efficiency and technology. One of the primary principles guiding our master plan is the dedication to expanding or restructuring the physical infrastructure of the campus to support learning environments that are based upon instructional approaches and student services known to increase learning and educational effectiveness.

Our desire is to maintain and enhance the character and use of the campus by improving its facilities. Planning strategies will include the development and maintenance of safe and healthy work environments for all students, employees and visitors and will further advance modernized equally accessible accommodations. Furthermore, planning will promote design principles that sensitively incorporate sustainable and environmental initiatives and that adhere to a core set of architectural standards, used to establish and pronounce a campus identity and promote a sense of place. All facility plans should, in response to the future need for change, philosophically incorporate the cost effective concept of flexibility within their designs. Cost of Ownership planning models should also be utilized to establish the desired level of performance for site and building components.

The Facilities Planning Committee is charged to:

- Submit the Annual Facilities Master Plan Update to Consultation Council/Strategic Planning Committee
- Review and comment on Safety Committee and Emergency Task Force recommendations and proposed solutions
- Review and comment on various mandated reporting documents (i.e. 5 year Capital Outlay plan, scheduled Maintenance, recycling/energy and water programs etc.)
- Recommend construction and modification of District facilities, assets, and properties
- Recommend sequencing and priority of large district renovation and construction project
- Assist drafting of policies and procedures related to managing the physical plant
- Develop, review, and adjust facilities planning documents including Long Range Facilities Master Plan.

The mission of both the Facilities Department and Planning Committee is to ensure a safe, effective and inspiring physical environment that supports and enhances the instructional mission outlined within the Strategic Master Plan. To successfully implement the necessary Capital Improvement Plans, all facility decisions should meet with the approved campus standards and objectives, and further consider the aspects of safety, security, functionality, aesthetics, budgetary constraints, operational efficiency, accommodation of technological advancements, and response to legislative and environmental impacts.

#### **FACILITIES MASTER PLANNING COMMITTEE MEMBERSHIP:**

The following individuals served as members of the 2022-2027 Facilities Master Planning Committee:

Two Administrators

- Director of Institutional Effectiveness (vacant)
  - Executive Vice President Student and Administrative Services
- \*Carie Camacho, Interim President / Superintendent served as a designee

Two Confidential / Management

- Dan Williams
- Francis Beaujon

Four Faculty

- Carie Nyman
- Frank Avilla
- Kory Konkol
- Brian Wolf

Two CSEA

- Tiffany Montgomery
- Tara Harkema

One Student Representative

- Vacant

2018 Natural Science/ Mathem at ics IPR	3,4	64	Systematically replace the chairs in all classrooms over the next several years.	2021-2026	\$3,000/ room of 24 chairs	Improve the learning and safety environment for students		21	GF	50% complete in-progress
FMP	3	57	Replace Main Boiler Standalone Boilers Phase III (Cafe, M/S, Athletic	2021-2026	\$240,000	Cost Savings/ Efficiency		22	Prop 39	In-progress
FMP	3	21	12 Passenger Van	2021-2026	\$32,000	Compliance to replace 15 passenger vans		23	GF	Purchased 2 buses instead
2019 Kinesiology/Athletics IPR	3	52	Gymnasium Remodel	2021-2026	\$250,000	To improve the aesthetics of the Gym Foyer (and other areas) to present a more appropriate impression of LCC Kinesiology/Athletics programs.		33	GF	In progress

## 2022-2027 LONG RANGE FACILITIES MASTER PLAN

**Strategic Initiatives:**

1. Increase and retain enrollment
  - a. Grow the nursing program
  - b. Expand athletic programs
  - c. Increase enrollment in current programs

- d. Explore other opportunities
2. Improve and expand student housing
3. Continue to meet accreditation standards.

**Strategic Goals:**

1. Institutional Effectiveness: Provide the governance, leadership, integrated planning and accountability structures, and processes to effectively support an inclusive learning environment, while ensuring responsible stewardship of public trust and resources.
2. Learning Opportunities: Provide an array of rigorous academic programs delivered via a variety of modalities that promote student equity and learning while meeting the needs of the local and global community.
3. Resource Management: Manage human, physical, technological and financial resources to sustain fiscal stability and to effectively support the learning environment.
4. Student Success: Provide a college environment that reaches-out-to and supports students, minimizes barriers, and increases opportunity and success through access and retention to enable student attainment of educational goals including completion of degrees and certificates, transfer, job placement and advancement, improvement of basic skills, and self-development through lifelong learning.

## FMP Long Range Plan #1: Improve ADA Access across campus (Safety Committee, CalWorks NIPR)

### Goal 2, 3, 4 Objective 4.6, Strategic Initiative 1, 2

#### 2022-2023

**Strategy Description:** Repair sidewalks determined to be in worst condition across campus, repaving potholes in parking lots, and pour cement for ADA access around Café. Replace floor in weight room in gym to ADA compliant floors.

**Expected Outcome:** Accessible access to campus, classrooms, and student services for all students, faculty and staff.

**Responsible Party(s):** Facilities

**Performance Measures Outcome:** Completed projects for 2022-2023.

#### 2023-2024

**Strategy Description:** Replace exterior doors at both entrances in Dorm and Creative Arts east entrance for automatic ADA doors. Various sidewalk repairs across campus.

**Expected Outcome:** Accessible access to campus, classrooms, and student services for all students, faculty and staff

**Responsible Party(s):** facilities

**Performance Measures Outcome:** Completed projects for 2023-2024.

#### 2024-2025

**Strategy Description:** Begin work on improved ADA access in gym including replacing doors, floors, and bathroom. VT upgrades for ADA access. Continue to assess sidewalks for repairs.

**Expected Outcome:** Accessible access to campus, classrooms, and student services for all students, faculty and staff

**Responsible Party(s):** Facilities

**Performance Measures Outcome:** Completed projects for 2024-2025.

### **2025-2026**

**Strategy Description:** Cogen ADA upgrades for staff access. Continue to assess sidewalks for repairs. Assess other repairs necessary for ADA compliance across campus.

**Expected Outcome:** Accessible access to campus, classrooms, and student services for all students, faculty and staff.

**Responsible Party(s):** Facilities

**Performance Measures Outcome:** Completed projects for 2025-2026.

### **2026-2027**

**Strategy Description:** Assess other repairs necessary for ADA compliance across campus.

**Expected Outcome:** Accessible access to campus, classrooms, and student services for all students, faculty and staff.

**Responsible Party(s):** Facilities

**Performance Measures Outcome:** Completed projects for 2026-2027.

**FMP Long Range Plan #2:** Improve reliability of campus infrastructure (Facilities NIPR)

### **Goal 2, 3, 4 Objective 3.3, Strategic Initiative 1, 2**

#### **2022-2023**

**Strategy Description:** Upgrade water system including well #1, install meters, new water services, new valves, and backflows. Begin upgrading sewer from lift stations to gravity flow. Replacing old and failing lines. Installing and repairing electrical wires across campus.

**Expected Outcome:** Improved infrastructure means quality student and staff experience on campus, ability to house all academic and student services.

**Responsible Party(s):** Facilities

**Performance Measures Outcome:** Projects or phases of projects completed. Budgets for additional projects completed.

#### **2023-2024**

**Strategy Description:** Continuing electrical wiring project to include street lights. Replace transformer in Creative Arts. Continue sewer upgrades to Creative Arts, Café, and removal of lift stations to gravity for east side of campus. Repowering the Cogen plant. Begin water improvement grant research. Begin universal door lock project. Replacing fire hydrants across campus.

**Expected Outcome:** Improved infrastructure means quality student and staff experience on campus, ability to house all academic and student services.

**Responsible Party(s):** Facilities, CBO, Director of Fiscal Services

**Performance Measures Outcome:** Projects or phases of projects completed. Budgets for additional projects completed.

## **2024-2025**

**Strategy Description:** Implement second entrance for campus. New electrical power to agriculture and gunshop facilities. Begin water line improvements if grant funds become available. Begin infrastructure projects on Dorms including new windows, siding and interior doors. Continue universal door lock project.

**Expected Outcome:** Improved infrastructure means quality student and staff experience on campus, ability to house all academic and student services.

**Responsible Party(s):** Facilities, CBO, Director of Fiscal Services

**Performance Measures Outcome:** Projects or phases of projects completed. Budgets for additional projects completed.

## **2025-2026**

**Strategy Description:** Renovation to Creative Arts to include A/C and upgrades in building. Continue universal door lock project.

**Expected Outcome:** Improved infrastructure means quality student and staff experience on campus, ability to house all academic and student services.

**Responsible Party(s):** Facilities, CBO, Director of Fiscal Services

**Performance Measures Outcome:** Projects or phases of projects completed. Budgets for additional projects completed.

## **2026-2027**

**Strategy Description:** Phase II of water projects replacing water lines on west side of campus. Explore other A/C units in buildings. Repaving parking lots and roads on campus.

**Expected Outcome:** Improved infrastructure means quality student and staff experience on campus, ability to house all academic and student services.

**Responsible Party(s):** Facilities, CBO, Director of Fiscal Services

**Performance Measures Outcome:** Projects or phases of projects completed. Budgets for additional projects completed.

## **FMP Long Range Plan #3: Improve Effectiveness of Maintenance and Operations (Facilities NIPR)**

### **Goal 2, 3, 4 Objective 3.3, Strategic Initiative 1, 2**

#### **2022-2023**

**Strategy Description:** Revised work order process, hired open positions, expand outside contractor contacts for projects on campus.

**Expected Outcome:** Efficient use of existing personnel reduces costs to district and completes projects in a timely manner.

**Responsible Party(s):** Facilities

**Performance Measures Outcome:** Completed projects for 2022-2023

#### **2023-2024**

**Strategy Description:** Utilize staffing plans and projects to more efficiently use current personnel. Assess personnel levels and determine necessary hires. Work with budgetary process to hire necessary staff. Explore grant opportunities for facility upgrades or staffing hires.

**Expected Outcome:** Efficient use of existing personnel reduces costs to district and completes projects in a timely manner.

**Responsible Party(s):** Facilities, CBO, Director of Fiscal Services

**Performance Measures Outcome:** Completed projects for 2023-2024 with current personnel. New grant opportunities identified.

#### **2024-2025**

**Strategy Description:** Continue to assess staffing levels and apply for any grant opportunities available for campus projects.

**Expected Outcome:** Efficient use of existing personnel reduces costs to district and completes projects in a timely manner.

**Responsible Party(s):** Facilities, CBO, Director of Fiscal Services

**Performance Measures Outcome:** Completed projects for 2023-2024 with current personnel. New grant opportunities identified.

**Lassen Community College**

**Institutional Planning and  
Budget Development Process Handbook**

**2022-2023**

Adopted by Academic Senate – October 26, 2022  
Presented to Consultation Council – November 14, 2022

## PLANNING AND BUDGET DEVELOPMENT PROCESS

Title 5 of the California Code of Regulations requires that the “[Community College] District financial planning will include both short-term and long-term goals and objectives, and broad-based-input, and will be coordinated with the districts educational planning” (Appendix A: Title 5 Section 58311). Lassen Community College’s planning and budget development process operates within this context.

The Comprehensive Institutional Master Plan is a five-year plan that is updated and sent to the Governing Board for acceptance annually. The institutional planning document and budget will reflect the college mission statement and strategic goals as established by the Governing Board. The Lassen College District Strategic Plan can be found on page 5 of this document.

The institutional planning and budget development process begins with the instructional program review (IPR) and non-instructional program review (NIPR). The instructional and non-instructional program reviews provide the unit level planning documents for Lassen Community College. The program goals and objectives as well as recommendations developed during the review process integrate into the various planning sections of the Comprehensive Institutional Master Plan (Section I – Institutional Effectiveness, Section II - Educational Master Plan, Section III – Student Services Plan, Section IV - Institutional Technology Plan, Section V - Facilities Master Plan, Section VI - Human Resource Plan and Professional Development Plan). The budget requests from the various IPRs and NIPRs are forwarded to the administrators in Academic Services, Student Services, and Administrative Services. All budget requests will be submitted on the Budget Prioritization Sheet developed by the Budget Committee. Each area, Academic Services, Student Services, and Administrative Services will use a shared governance approach to prioritizing their budget requests. Each area will then send the requested amount of budget requests to the Budget Committee for final prioritization by that committee.

The schedule of program reviews is provided in the Instructional and Non-instructional Program Review Handbooks. Career technical education instructional programs are reviewed every two years and academic instructional and non-instructional programs are reviewed every four years. There are also yearly updates for academic and career technical education that follow the same process when needed for changes in curriculum or budgeting. Area administrators will remind program managers when their program review is due. Academic Senate reminds faculty yearly of due dates for instructional program reviews.

The Chief Instructional Officer will monitor the program review process. The Governing Board will accept each IPR and NIPR.

- The Office of the President is responsible for housing all the current institutional planning documents and for assuring completion of program reviews as scheduled.
- Copies of institutional planning documents and program reviews are placed on the college website.

Regarding the development of the budget, the Comprehensive Institutional Master Plan will be used as the foundation and frame upon, and within which, the Budget is built. All budgets (requests for funding) shall be developed through the budget development process as integrated into the program review process. The same budget request forms and resource allocation process will be utilized for all funding sources.

Budget principles, as presented in Appendix C, are stated in each District Budget document. The following guidelines additionally apply to the development of the Budget:

- a. One-time revenues will be allocated to one-time expenditures; on-going expenditures shall be covered from on-going revenues.
- b. Year-end balances are not budgeted for ongoing expenses.
- c. Funds are budgeted where they are expected to be spent so as to minimize transfers and protect budget integrity.
- d. Contractual obligations and fixed costs are budgeted first.
- e. New positions must be fully funded: salaries, benefits, and support expenses.

## **EVALUATION OF THE PLANNING AND BUDGET DEVELOPMENT PROCESS**

The Planning and Budget Development Process is evaluated annually in conjunction with the Governance Process in late April through May. Adoption of the evaluation timeline and any changes to the evaluation instruments is the responsibility of Consultation Council. The evaluation process consists of distribution of evaluation instruments to each of three components:

1. Planning Committee Self-Evaluation Surveys
  - Educational Master Planning
  - Consultation Council
  - Human Resource Planning
  - Institutional Effectiveness Planning
  - Institutional Technology Planning
  - Student Services Planning
  - Facilities Planning
2. Constituent Group Evaluation Surveys
  - Management/Confidential
  - Associated Student Body
  - Classified
  - Administration
  - Academic Senate
3. Individual Surveys

The survey results are compiled and presented to Consultation Council by the Director of Institutional Effectiveness and Research for discussion and acceptance of recommendations for inclusion in the next year's handbook. A subcommittee of the Academic Senate including appointees from Consultation Council meets in September to revise and update the *Institutional Planning and Budget Development Handbook* based upon the accepted recommendations. The Academic Senate acts on the subcommittee recommendations by October and forwards the approved handbook to Consultation Council as an information item.

**Lassen Community College District Strategic Plan**  
Recommendation for revisions by Consultation Council – July 25, 2022  
Approved by Board of Trustees – August 9, 2022

**Vision**

- ❖ Lassen College will be a highly efficient self-sustaining rural community college, a catalyst for the region’s image, economy, and human capital, and an example of a “we can” culture” of collective impact by being:
  - The academic leader by ensuring quality instruction and encouraging student success
  - The educational leader by expanding outreach and student access with an equity mindset
  - The trusted steward by providing capable leadership and accountability
  - The economic and workforce development leader for the community
  - The cultural leader in the community
  - The civic and social leader in the community

**Mission**

Lassen Community College provides educational programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The College serves diverse students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.

**Strategic Goals**

1. **Institutional Effectiveness:** Provide the governance, leadership, integrated planning and accountability structures, and processes to effectively support an inclusive learning environment, while ensuring responsible stewardship of public trust and resources.
2. **Learning Opportunities:** Provide an array of rigorous academic programs delivered via a variety of modalities that promote student equity and learning while meeting the needs of the local and global community.
3. **Resource Management:** Manage human, physical, technological and financial resources to sustain fiscal stability and to effectively support the learning environment.
4. **Student Success:** Provide a college environment that reaches-out-to and supports students, minimizes barriers, and increases opportunity and success through access and retention to enable student attainment of educational goals including completion of degrees and certificates, transfer, job placement and advancement, improvement of basic skills, and self-development through lifelong learning.

**Institutional Student Learning Outcomes**

1. **Communication** - Ability to listen and read with comprehension and the ability to write and speak effectively
2. **Critical Thinking** - Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome
3. **Life Long Learning** - Ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems
4. **Personal/Interpersonal Responsibility** - Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures

**Lassen College Values:**

**Student Success:**

- Students reaching their goals
- Students being prepared for transfer to four-year institutions
- Students being prepared for employment
- Doing what is best for students
- Learning as a priority over teaching
- Student needs; they are paramount in the learning process
- Recognizing and minimizing barriers to student success

**Educational Excellence:**

- Equitable student learning as the focal point of every experience
- High quality educational delivery
- Highly qualified instructors
- High quality technology and materials
- Well-equipped classrooms

**Honesty/Integrity:**

- Trust in relationships
- Dependability
- Transparency
- Collaboration
- Sustainability
- Accountability

**Dignity & Respect:**

- Open forum for exchange of ideas
- Civility
- Collegiality
- Diversity & Equity
- Active listening and communication

**COMPREHENSIVE INSTITUTIONAL MASTER PLAN (CIMP)  
(FIVE TO TEN YEAR)**

**Mission**

Lassen Community College provides educational programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The College serves diverse students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.

## **Appendix A: PRINCIPLES FOR SOUND FISCAL MANAGEMENT**

### *Title 5. Education*

#### *Division 6. California Community Colleges Chapter 9. Fiscal Support*

##### *Subchapter 4. Budgets And Reports Section 58311*

In any organization certain principles, when present and followed, promote an environment for growth, productivity, self-actualization, and progress. The following principles shall serve as the foundation for sound fiscal management in community college districts:

1. Each district shall be responsible for the ongoing fiscal stability of the district through the responsible stewardship of available resources.
2. Each district will adequately safeguard and manage district assets to ensure the ongoing effective operations of the district. Management will maintain adequate cash reserves, implement and maintain effective internal controls, determine sources of revenues prior to making short-term and long-term commitments, and establish a plan for the repair and replacement of equipment and facilities.
3. District personnel practices will be consistent with legal requirements, make the most effective use of available human resources, and ensure that staffing costs do not exceed estimates of available financial resources.
4. Each district will adopt policies to ensure that all auxiliary activities that have a fiscal impact on the district comport with the educational objectives of the institution and comply with sound accounting and budgeting principles, public disclosures, and annual independent audit requirements.
5. Each district's organizational structure will incorporate a clear delineation of fiscal responsibilities and establish staff accountability.
6. Appropriate district administrators will keep the governing board current on the fiscal condition of the district as an integral part of the policy- and decision-making processes.
7. Each district will effectively develop and communicate fiscal policies, objectives, procedures, and constraints to the governing board, staff, and students.
8. Each district will have an adequate management information system that provides timely, accurate, and reliable fiscal information to appropriate staff for planning, decision- making, and budgetary control.
9. Each district will adhere to appropriate fiscal policies and procedures and have adequate controls to ensure that established fiscal objectives are met.
10. District management will have a process to evaluate significant changes in the fiscal environment and make necessary, timely, financial and educational adjustments.

11. District financial planning will include both short-term and long-term goals and objectives, and broad-based-input, and will be coordinated with the district educational planning.
12. Each district's capital outlay budget will be consistent with its five-year plan and reflect regional planning and needs assessments. To the extent that the foregoing principles repeat or paraphrase mandates already in existence, these underlying mandates shall continue to be legally binding. Otherwise these principles, by themselves, shall be applied to the extent that existing state and district funding is available.

## Appendix B: LCC 2022-2023 BUDGET PRINCIPLES, PRIORITIES, AND CRITERIA

### BUDGETING PRINCIPLES:

- Transparency
- Broad participation
- Balanced
- Conservative
- Complete/comprehensive (including long term obligations)

### BUDGET GUIDELINES AND PRIORITIES:

- Align with College's Strategic Plan (Vision/Mission/Values/Strategic Goals)
- Achieve Strategic Goals – ensuring student success, expanding services and access (growth).
- Transfer resources from indirect (internal) services to prioritize services that directly support student success and program growth.
- Mitigate future risk and avoid future cost increases by finding external (outsourced) solutions for high-risk administrative services.
- Align categorical/restricted programs with Strategic Goals; to the degree possible and allowable, use those funds to support on-going District expenditures even if on a one-time basis. Make maximum use of pro-offered “flexibility with Categorical funds.”
- Recommend level of reserves equal to 15% [approximately two (2) months of operations] – Board Policy 6200 - Budget Preparation.
- To accommodate cash flow shortfalls, implement a disciplined spending plan tied to cash-flow projections with centralized spending control.
- Use inter-fund borrowing in preference to external borrowing, due to added costs and potential conflicts between scheduling of repayment and deferred apportionment.

### 2022-2023 BUDGET PRIORITIZATION CRITERIA

1. **Statutory Mandates and Fixed Costs** – Items we have no control over and which are necessary for the daily operation of the college: salary step increases, benefit increases (STRS, PERS, health, workers comp, etc.), contract agreements, utility increases, software/lease agreement increases.
2. **Regulatory Mandates** – Items that are required by another body, including legislature or Chancellor's Office. These should be brought forward in a program review or addendum since advanced notice is generally given. Evidence of the mandate must be provided.
3. **Health and Safety** – Items determined by administrators to be immediate risks to health and safety will be handled immediately with existing funds and will not go through the budget process. Items addressing health and safety risks as identified in program reviews and/or by Safety Committee will be initially prioritized by Facilities Master Plan and Safety Committees.
4. **Implementation of Strategic Goals** – Items may range from maintenance of existing facilities and programs to program growth, with an emphasis on items supporting or enhancing student learning and success and on items originating in the program review process.

## Appendix C: Glossary of Terms

**Abatement:** The return of part or all of an item of income or expenditure to its source.

**Accounting System:** (1) The special field concerned with the design and implementation of procedures for the accumulation and reporting of financial data. (2) The total structure of records and procedures, which discover, record, classify, and report information on the financial operations of an agency through its funds, balanced account groups, and organizational components.

**Administrative Unit Outcomes (AUOs):** Similar to SLOs, administrative outcomes determine what the expected outcomes are for offices and departments that provide services and administrative support rather than instruction.

### **Annual Appropriation Limit (Gann Limit)**

**Apportionment:** Allocation of state or federal aid, district taxes, or other moneys to community college districts or other governmental units.

**Appropriation for contingencies:** (formerly termed Undistributed Reserve) That portion of current fiscal year's budget not appropriated for any specific purpose and held subject to intrabudget transfer, i.e., transfer to other specific appropriations as needed during the fiscal year. (becomes the "ending balance" at June 30, and the "beginning balance" at July 1.

**Budget:** A plan of financial operation for a given period for specified purposes consisting of an estimate of income and expenditures.

**Budget document:** The instrument used by the budget-making authority to present a comprehensive financial program (for California Community Colleges, this Form CCFS-311). Included is a balanced statement of revenues and expenditures (both actual and budgeted), as well as other exhibits.

**Capital Outlay:** The acquisition of fixed assets or additions to fixed asset, including land or existing buildings, improvements of grounds, construction of buildings, additions to buildings, remodeling of buildings, or equipment.

**Charts of Accounts:** A systematic list of accounts applicable to a specific entity.

**Community Services:** Educational, cultural, and recreational services, which an educational institution may provide for its community in addition to regularly scheduled classes. Community college districts receive no direct State apportionment for community services.

**Contract Services:** Services rendered by personnel who are not on the payroll of the college system, including all related expenses covered by the contract.

**Current Expenses of Education (CEE):** EC 84362, CRR 59200 et seq. The current General Fund operating expenditures of a community college district excluding expenditures for food services, community services, object classifications 6000 (except Equipment Replacement) and 7000, and other costs specified in laws and regulations.

**Current Liabilities:** Amount due and payable for goods and services received prior to the end of the fiscal year. Current liabilities are paid within a relatively short period of time, usually within a year.

**Deferred Income:** Revenue received prior to being earned such as bonds sold at a premium, advances received on federal or State program grants, or registration fees received for a subsequent period.

**Deficit:** Excess of liabilities over assets.

**Direct Expenses or Costs:** Expenses that can be separately identified and charged as a party of the cost of an activity, department, services, or a product.

**Employee Benefits:** Amounts paid by an employer on behalf of employees. These amounts are not included in the gross salary, but are over and above. While not paid directly to employees, they are nevertheless part of the cost of salaries and benefits. Examples are (1) group health or life insurance payments; (2) contribution to employee retirement; (3) district share of O.A.S.D.I. (Social Security) taxes; (4) worker's compensation payments.

**Encumbrances:** Obligations in the form of purchase orders, contracts, salaries, and other commitments for which part of an appropriation is reserved.

**Entitlement:** An amount of money to which an entity has a right as determined by the granting or awarding party.

**Expenses of Education:** This includes all General Fund expenditures, restricted and unrestricted, for all objects of expenditure 1000 through 5000 and all expenditures of activity from 0100 to 6700.

**Expenses:** Expenditures made or liabilities incurred for goods and services used in the current year.

**Fiscal Year:** For governmental entities in the State of California, the period beginning July 1 and ending June 30. Otherwise, it is usually a period of one year which can by agreement begin at any time and end one year later.

**Fixed Assets:** Assets of permanent character having continuing value such as land, buildings, machinery, furniture, and equipment.

**Fixed Costs:** Those costs, that remain relatively constant regardless of enrollment or volume of business. Examples include interest, insurance, and contributions to retirement systems.

**Full-time Equivalent (FTE) Employees:** Ratio of the hours worked based upon the standard work hours of one full-time employee. For example, classified employees may have a standard work-load of 40 hours per week, if several classified employees worked 380 hours in one week, the FTE conversion would be  $380/40$  or 9.5 FTE.

**Full-time Equivalent Students (FTES):** An FTES represents 525 class (contact) hours of student instruction/activity in credit and noncredit courses. Full-time equivalent student (FTES)

is one of the workload measures used in computation of state support for California Community Colleges (see form CCF-320, "Apportionment Attendance Report").

**Fund:** An independent fiscal and accounting entity with a self-balancing set of accounts for recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein.

**Fund Balance:** The fund equity of governmental funds and Trust Funds; the difference between assets and liabilities within a fund.

**General Fund:** The fund used to account for the ordinary operations of the district. It is available for any legally authorized purpose not specified for payment by other funds.

**Indirect Cost:** Elements of cost necessary in the operation of the Local Educational Agency (LEA) or in the performance of a service that are of such nature that the amount applicable to each accounting unit cannot be determined readily and accurately or for which the cost of such a determination exceeds the benefit of the determination.

**Instructional Aide:** A person employed to assist classroom instructors and other certificated personnel in the performance of their duties; in the supervision of students; and in instructional tasks which, in the judgment of the certificated personnel to whom the instructional aide is assigned, may be performed by a person not licensed as a classroom instructor (EC 88243)

**Liabilities:** Debt or other legal obligations (exclusive of encumbrances) arising out of transactions in the past, which must be liquidated, renewed, or refunded at some future date.

**Long-term Debt:** A loan that extends for more than one year from the beginning of the fiscal year.

**Non-Instructional Program Review (NIPR):** A program review completed by areas that do not have instructional responsibilities. In cases where a program provides instruction as well as support or services, an IPR will be completed.

**Prepaid Expenses:** Goods or services for which payment has been made, but for which benefits have not been realized as of a certain date; e.g., prepaid rent, prepaid interest, and premiums or unexpired insurance. Benefits and corresponding charges to expenses will be borne in future accounting periods.

**Program Accounting:** A system of accounting in which records are maintained to accumulate income and expenditure data by program rather than by organization or by fund.

**Restricted Accounts:** Cash and/or other assets, which are limited as to use or disposition by their source. Their identity is therefore maintained and their expenditure or use is also recorded separately.

**Sales and Use Tax:** A tax imposed upon the sale of goods and services. The use tax is paid in lieu of sales tax on goods purchased outside the state, but intended for use in the state.

**Self-Insurance Fund:** An Internal Service Fund designed to account for income and expenditures of self-insurance programs.

**Student Learning Outcomes (SLOs):** The expected knowledge, skills or attitudes students will have after completing a course, program, or leaving the institution after accomplishing an academic goal.

## **Appendix D: LCC Evaluation Survey – Planning Committees**

# **Lassen College Planning, Budgeting and Governance Process Review Planning Committee Survey**

**Committee Name:**

**Date:**

**Members Present:**

**Members Absent:**

### Planning Section

When answering these questions consider the “planning process” the process used to create the Comprehensive Institutional Master Plan; including but not limited to the work of planning committees (Academic Planning, Student Services Planning, Institutional Effectiveness Planning, Institutional Technology Planning, Facility Planning, Human Resource Planning etc.) as well as the recommendations from IPR and NIPRs and analysis of student learning and administrative unit outcome results.

Describe the committee's major accomplishment during this year.

1. Please share your recommendations to improve committee efficiency and effectiveness?
2. Please describe any additional resources (e.g., human, research data, additional information) the committee needs to perform its assigned tasks?

## Governance Section

**Indicate the extent to which you agree or disagree with statements related to your service on the committee overall (Strongly Agree to Strongly Disagree)**

- The committee mandate and charge are clearly understood by committee members
- Meeting agendas were available to members at the start of each committee meeting
- Draft minutes of prior meetings were available to members at the start of each committee meeting for approval
- The length of the meetings was adequate to perform the work of the committee
- Meetings were held at the regularly scheduled time
- The committee started on time (within 5 minutes of expected start time).
- The committee ended on time (within 5 minutes of expected end time).
- The chair (co-chair) operated the committee effectively
- Members contribute ideas freely
- All ideas are treated with respect, whether others agree with them
- There are sufficient opportunities to provide input into committee recommendations

**Please rate the following aspects of the committee's work (Very Good to Very Poor)**

- Quality of communication within the committee
- Quality of information flow from the committee to constituency groups
- Quality of information flow from constituency groups to the committee
- Quality of communication by the committee with the campus community as a whole
- Access to information needed for discussion
- Appropriateness of meeting dates and times
- Effectiveness of meeting location
- Access to other resources needed for the committee to work effectively

### Lassen College Planning, Budgeting, and Governance Process Review

#### Individual Survey

Constituent group identification: (faculty, classified admin, mgmt., student) How long employed by the college: (0-2 year, 2-5 years, 6+ years)

Please answer all questions using the 1 to 4 scale with 1 = Strongly Disagree, 2 = Disagree, 3 = Agree, 4 = Strongly Agree

The planning process at Lassen College works and produces appropriate institutional plans.

I receive information about institutional planning through a variety of ways (by receiving committee minutes, through committee membership, through my group's representatives on various committees, through open forums).

I know who to ask and where to go for additional information about budgeting, planning, and governance.

The institution plans in the correct areas.

The process I follow to have my ideas heard (through open forums, through representatives, etc) is effective.

The Comprehensive Institutional Master Plan is the appropriate vehicle for institutional planning.

The institutional planning process is appropriately tied to the budget development process

Suggestions for improving the planning and/or governance processes at Lassen Community College:

# LASSEN COMMUNITY COLLEGE

## INSTITUTIONAL TECHNOLOGY MASTER PLAN

**2023-2028**

# 1. Institutional Technology Master Plan

## I. INTRODUCTION

Lassen Community College uses technology to achieve institutional goals for student success and provide a modern telecommunication infrastructure for college staff. The college maintains a full spectrum of technology infrastructure and services, including domain servers, switched fiber network, e-mail Office365 Exchange Hybrid solution, Voice Over IP telephone system including voice mail, fully-equipped desktops/laptops for all full-time employees as well as student labs, configurable anti-virus and anti-spam services, and public Web pages. An integrated administrative software suite, Ellucian Colleague, provides functionality in HR, Finance, and Student applications, and includes a Web self-service interface (Student Self-Service). The implementation of Hyland's ImageNow document imaging platform has been completed in Financial Aid, Counseling, Admissions & Records, and Human Resources being the first departments. Canvas is the adopted Learning Management System (LMS) platform and is remotely hosted by Instructure. Classrooms have previously been upgraded with technology such as short-throw projectors and docking stations however, all classrooms are in need of technology upgrades. Two classrooms (CA113 & HU204) have been setup as distance learning classrooms that will be able to be used with other schools in Lassen County to allow students at those sites to attend classes at Lassen College.

In 2015-16 LCC implemented the first year of the Technology Replacement Plan for desktop/laptop computers, servers and network switches. This plan calls for spending \$120,000 annually (\$70,000 funded) on desktop/laptop computers, servers, and network equipment with the goal of replacing all computers and servers every 5 years and switches when needed.

In 2020-21 the Information Technology (IT) Department consists of four staff: Director of Information Technology and three Information Technology Specialists supporting servers, network, end user devices (phones, fax, desktops, laptops, and printers). Some technology support functions are contracted externally e.g., Ellucian customizations.

The college-wide Institutional Technology Committee, comprised of members from each constituent group, is charged with the responsibility of addressing institutional technology needs. The Committee develops the Institutional Technology Master Plan and meets to discuss and make recommendations regarding present and future technology needs. Operational technology decisions are also based on IT Department advice and deliberations. The IT Department is subject to the Non-Instructional Program Review (NIPR) cycle, with the last full review in Spring 2021.

The plan focuses on the alignment of institutional technology with curricular needs as outlined in the Educational Master Plan, the ongoing assessment of current technological requirements, oversight and direction of Ellucian Colleague web resources, periodic review of the Lassen Community College website in an effort to ensure that student needs are being met, and prioritization of technology initiatives with emphasis given to meeting students' needs in the classroom and to attracting new students.

## II. INSTITUTIONAL TECHNOLOGY PLANNING COMMITTEE

The following individuals served as members of the 2022-2023 Institutional Technology Planning Committee:

- Carie Camacho- (Administration) - Interim Superintendent/President
- David Corley- (Administration) - CBO/DIT
- Julie Johnston (Management) – Public Relations Officer
- Melissa Hill (Management)- HR Generalist
- Jackson Ng (Faculty) – Mathematics
- Sharlene Murphy (Faculty) – Academic Resource Center
- Logan Merchant (Classified) – Information Technology
- Trent Lewis (Classified)- Information Technology
- Nicole Kelley (Management) – Director of Resource
- James Kleckner- (Faculty) Art Instructor
- Thomas Kareck- (Faculty) Psychology Instructor
- Laura Rotlisberger- (Faculty) English Instructor
- <vacant> – Associated Student Body (ASB)

### **III. 2023-2028 INSTITUTIONAL TECHNOLOGY ENCOMPASSING ELEMENTS**

The Institutional Technology Master Plan articulates a pathway of support for the technological needs of the college through five all- encompassing elements: Professional Development, Capacity Building, Program Development, Outreach Implementation, and Capital Development. This pathway coincides with college planning in regards to technological needs and implements the college mission statement, identifies recommendations made through instructional program reviews, and utilizes strategic goals approved by the Governing Board.

#### **Element I – Professional Development**

As technology evolves, it is crucial for staff and faculty to develop their knowledge in order to provide the best support and education possible for students. Therefore, training in the available and emerging technology is vital to all personnel. Insurance is requiring regular training for all employees on cybersecurity in the workplace. IT needs training to stay current with technology.

#### **Element II – Capacity Building**

Today’s educational environment requires colleges to deliver curriculum in alternative and innovative ways. As a result, the college recognizes the need for relevant technology. Throughout the next five years, the college will build this capacity in instructional technology and administrative support. This will allow us to most appropriately address the rapidly emerging changes to both instructional delivery and student services.

#### **Element III – Program Development**

Institutional technology will grow and evolve as instructional and non-instructional programs require it, providing the infrastructure, support and training required by the other programs.

#### **Element IV – Outreach Implementation**

Institutional technology will increase the outreach opportunities of the college over the next five years through its implementation and support of the college’s online presence, including web services, social media, Regroup, online classes, online registration, and a portal platform. This new technology will allow the college to support students both inside and beyond its geographic region. CCC MyPath has been implemented and is being used in our Application process for prospective students in an effort to provide them useful information at the time they complete their LCC Application.

#### **Element V – Capital Development**

The college will review and expand the available wireless network system on campus, enabling access for students and staff to the college resources and Internet resources. The campus safety and security infrastructure needs improvements in a few areas. All network equipment on campus needs to have an Uninterruptable Power Supply (UPS) supporting the power needs of network equipment allowing for at least 1 hour of equipment up time in the event of a power failure. This will allow for all phones to work during that time. Additional security cameras are needed on campus to monitor main corridors and walk ways. Additional network IP clocks need to be installed in all classrooms and other appropriate areas to aid with emergency announcements. There is a need to upgrade some classrooms on campus that will allow for a hyflex type of instruction delivery. These classrooms will need additional technology such as Owls and speakers to allow for more collaboration and increased participation for zoom meetings. The security of the IT network and infrastructure needs to be improved and one way will be to implement multifactor authentication for employees accessing network resources.

Projects completed since 2021:

Source	Strategic Goal	Line Item	Planning Agenda Item(s)	Implementation Time frame	Estimated Cost	Expected Outcome	Unit Priority	Area Priority	Fund Source	Notes
ITMP	1,3		Information Technology Specialist III	2021-22	\$107,000	Hire Information Technology Specialist III Position	1	1	General Fund	Done – SP22 (Trent)
ITMP	1,3		Information Technology Specialist III (reclassification)	2021-22	\$8,500	Reclassify existing Information Technology Specialist II employee to a Information Technology Specialist III	2	2	General Fund	Done – SP22 (Jake – now hired as James))
ITMP	1,3		Information Technology Specialist III (reclassification)	2021-22	\$8,500	Reclassify existing Information Technology Specialist II employee to a Information Technology Specialist III	3	3	General Fund	Done – SP22 (Logan)
A&R	2		Additional Scanners	2021-22	\$1000	Increase Efficiency	5	2		There is a matching One Time Expense Fall 2024 should be reassessed after implementation of ConexEd as this may not be an issue. Reassess in F24

IEMP	1,3		Web Master Position	2021-22	\$107,000	Hire one person dedicated to the web needs of the college	3	5	General Fund	Currently contracting out. Not needed but should be reassessed in the next IT NIPR
SSMP	2, 3, 4		Way Finding App (and Signage)	2021-22	\$200,000	To appropriately support new and continuing students.	1	7		This is no longer needed as the App is out of date and no longer is viable.
Residence Hall	3		Installation of Video surveillance cameras on North, South exterior walls & entrance to campus	2021-22	\$25,000	Improved safety and security	3	4		Began in SP23 – In-progress
2018 Natural Science/Mathematics IPR	3, 4	11	Add a second small copier for student use in the central area of the Math- Science building *printing kiosk options – David Corley & Karissa Morehouse	2021-22	\$1500 (ongoing)	Avoid FERPA violations and provide backup printer in the Math- Science building. Note: This is more about establishing print-on-demand kiosks than it is	6	8		"Papercut" purchase planned for F23

# 2023-2028 LONG RANGE INFORMATION TECHNOLOGY MASTER PLAN

## **Strategic Initiatives:**

1. Increase and retain enrollment
  - a. Grow the nursing program
  - b. Expand athletic programs
  - c. Increase enrollment in current programs
  - d. Explore other opportunities
2. Improve and expand student housing
3. Continue to meet accreditation standards.

## **Strategic Goals:**

1. Institutional Effectiveness: Provide the governance, leadership, integrated planning and accountability structures, and processes to effectively support an inclusive learning environment, while ensuring responsible stewardship of public trust and resources.
2. Learning Opportunities: Provide an array of rigorous academic programs delivered via a variety of modalities that promote student equity and learning while meeting the needs of the local and global community.
3. Resource Management: Manage human, physical, technological and financial resources to sustain fiscal stability and to effectively support the learning environment.
4. Student Success: Provide a college environment that reaches-out-to and supports students, minimizes barriers, and increases opportunity and success through access and retention to enable student attainment of educational goals including completion of degrees and certificates, transfer, job placement and advancement, improvement of basic skills, and self-development through lifelong learning.

## **ITMP Long Range Plan #1: Data Security**

### **Goal 3 Objective 3.2, Strategic Initiative 1, 3**

#### **2023-2024**

**Strategy Description:** Assess data security strengths and weaknesses.

**Expected Outcome:** Document LCC's data security strengths and weaknesses.

**Responsible Party(s):** IT Director, IT staff

**Performance Measures Outcome:** Begin assessment.

#### **2024-2025**

**Strategy Description:** Assess data security strengths and weaknesses.

**Expected Outcome:** Document LCC's data security strengths and weaknesses.

**Responsible Party(s):** IT Director, IT staff

**Performance Measures Outcome:** Completed assessment by the end of 2023-2024.

#### **2025-2026**

**Strategy Description:** Develop an IT data security plan, train IT staff, and purchase equipment, hardware and software to counter data security threats.

**Expected Outcome:** Fewer data security breaches, improved response to data security threats, and faster response when repairing data losses.

**Responsible Party(s):** IT Director, IT staff

**Performance Measures Outcome:** Completed IT data security plan, IT staff training, and equipment, hardware and software purchases.

### **2026-2027**

**Strategy Description:** Train IT staff and purchase equipment, hardware, and software to counter data security threats.

**Expected Outcome:** Fewer data security breaches, improved response to data security threats, and faster response when repairing data losses.

**Responsible Party(s):** IT Director, IT staff

**Performance Measures Outcome:** Completed IT data security plan, IT staff training, and equipment, hardware and software purchases.

### **2027-2028**

**Strategy Description:** Evaluate previous years' progress and assess current data security strengths and weaknesses.

**Expected Outcome:** Document LCC's progress toward mitigating data security threats and assess current data security strengths and weaknesses.

**Responsible Party(s):** IT Director, IT staff

**Performance Measures Outcome:** Updated IT data security plan.

## **ITMP Long Range Plan #2: Update Campus IT Hardware and Software**

### **Goal 3 Objective 3.2, Strategic Initiative 1, 3**

#### **2023-2024**

**Strategy Description:** Assess IT hardware and software needs.

**Expected Outcome:** Document LCC's IT hardware and software needs.

**Responsible Party(s):** IT Director, IT staff

**Performance Measures Outcome:** Begin assessment.

#### **2024-2025**

**Strategy Description:** Upgrade Colleague system.

**Expected Outcome:** Ability for LCC staff to use Colleague as the current system is out-of-date.

**Responsible Party(s):** IT Director

**Performance Measures Outcome:** New Colleague system in place.

#### **2025-2026**

**Strategy Description:** Upgrade VMware Host and update classroom technology

**Expected Outcome:** Ability for LCC staff to use the Cloud for document storage and working classroom technology.

**Responsible Party(s):** IT Director, IT staff

**Performance Measures Outcome:** Updated VMware Host system in place and 15% of classrooms with new working classroom technology.

#### **2026-2027**

**Strategy Description:** Upgrade UPS back-up batteries, begin replace rotation for instructor computers, update classroom technology.

**Expected Outcome:** Ability for LCC staff to use systems during power outages, and provide updated instructor computers.

**Responsible Party(s):** IT Director, IT staff

**Performance Measures Outcome:** Number of back-up batteries, 15% of instructor computers replaced, and 15% of classrooms with new working classroom technology. .

### 2027-2028

**Strategy Description:** Assess IT hardware and software needs, continue with previous IT projects.

**Expected Outcome:** Document LCC's IT hardware and software needs.

**Responsible Party(s):** IT Director, IT staff

**Performance Measures Outcome:** Completed assessment and continued replacement of both instructor computers and classroom technology.

## **ITMP Long Range Plan #3: Support Platforms for Student Learning and Success**

### Goal 1, 3 Objective 3.2, Strategic Initiative 1, 3, 5

#### 2023-2024

**Strategy Description:** Assess campus platforms and services for relevance; begin CVC-OEI Teaching College status.

**Expected Outcome:** Document LCC's platforms and recommend changes; join CVC-OEI Teaching College Cohort.

**Responsible Party(s):** IT Director, IT staff

**Performance Measures Outcome:** Begin assessment.

#### 2024-2025

**Strategy Description:** Support campus in replacing Starfish with ConexEd; become a CVC-OEI Teaching College.

**Expected Outcome:** LCC employees are able to use ConexEd for daily tasks; earn CVC-OEI Teaching College status

**Responsible Party(s):** IT Director, V.P of Student Services, V.P. of Instruction

**Performance Measures Outcome:** ConexEd is operational; CVC-OEI Teaching College status.

#### 2025-2026

**Strategy Description:** Support campus in replacing Adobe PDFs with Dynamic Forms.

**Expected Outcome:** LCC staff employees are able to use Dynamic Forms.

**Responsible Party(s):** IT Director, V.P. of Student Services, V.P. of Instruction

**Performance Measures Outcome:** Dynamic Forms is operational.

#### 2026-2027

**Strategy Description:** Support campus in replacing current website with new website.

**Expected Outcome:** New website that is both aesthetically pleasing and functions correctly.  
**Responsible Party(s):** IT Director, IT staff  
**Performance Measures Outcome:** New website is operational.

### **2027-2028**

**Strategy Description:** Assess content on new website for accuracy and replace as needed.  
**Expected Outcome:** Document LCC's website content.  
**Responsible Party(s):** IT Director, IT staff, V.P. of Student Services, V.P. of Instruction  
**Performance Measures Outcome:** Accurate content is displayed in the new website.

**From:** David A Corley  
**Sent:** Friday, December 8, 2023 9:02 AM  
**To:** LCC Everyone; LCC Faculty - PT  
**Subject:** SSO - PortalGuard Update

We are currently in process of migrating our portalguard instance to the cloud. For the next half an hour or so you may experience issues with your SSO authentication. But any issues should clear up shortly.

Thank you for your patience.

David Corley

### **Agenda Item Details**

Meeting	Feb 14, 2023 - Regular Meeting of the Board of Trustees - 5:30 p.m.
Category	6. Administration
Subject	6.01 2021-2022 Comprehensive Annual Financial Report
Type	Action
Recommended Action	Recommend that the Board of Trustees approve the 2021-2022 Comprehensive Annual Financial Audit, as presented.

### **Background**

Education Code Section 84040 requires that the governing board of the district provide an annual audit of all funds, books, and accounts of the district. The annual financial audit prepared by the District's external contract auditors, CWDL, and complies with the California Community Colleges Budget and Accounting Manual and California Education Code Section 84040.

The primary objectives of the financial audit are: to determine the District's accountability for revenues, the propriety of expenditures, the extent to which funds have been expended in accordance with prescribed federal and California laws and regulations; to determine whether the District's financial statements are presented fairly in accordance with generally accepted accounting principles; and to recommend appropriate actions in any areas where internal control or compliance with applicable federal and California laws and regulations could be improved.

### **Status and Analysis**

The District's audit firm Cossolias, Wilson, Dominguez, Leavitt [CWDL] has presented the audit to the District's Audit Committee immediately preceding this meeting. Ben Leavitt of CWDL will now present the 2021-2022 Comprehensive Annual Financial Audit.

### **For Board Discussion**

How does this action achieve the College's Mission, Vision and Values and Support Student Learning?

**1.01 Call to Order and Roll Call-**

Present: Adam Runyan, Melinda Duerksen, Laura Rotlisberger, Jennifer Lawler, Tom Downing

Absent: Celeste Wiser

**1.02 Approval of Agenda**

MSCU Rotlisberger /Runyan

**1.03 Approval of Minutes**

MS Rotlisberger /Duerksen

Ayes: Runyan, Duerksen, Rotlisberger

Abstain- Lawler

**2. Public Comment-**

None

**3.01 ISLO Dashboard & ISLO/GESLO Mapping updates**

Runyan discussed the new dashboards. No further discussion. Motion to approve.

MSCU Lawler/Duerksen

**3.02 2023-2024 Curriculum Action Log**

Action log was presented. No discussion. Motion to approve.

MSCU Downing/ Rotlisberger

**3.03 AP 4021.1**

Revitalization workgroup reporting form.

AP 4021.1 is the form after the committee meets and documents everything. Runyan shared the document and discussed who needs to sign it. Concern was the form says specifically Discontinuation. Not for revitalization. Discussion took place on what the form should say. Motion to change to just Signature Page. Remove deactivation language.

MSCU – Downing/Lawler

**3.04 Request for Business IPR Extension**

M. Williams has requested an extension for the Bus IPR due to not having a full-time faculty member.

Motion to approve extension

MSCU- Downing/Lawler

**4.01 Scholarship and Financial Aid Appeals/ Student Grievances and Academic Renewal Appeals Charge**

Runyan shared an email concerning the committee. The committee only meets as needed and hasn't met in a while. R. Haynes looked it over and noticed the charge only mentions AP and the administrator is not the one that is listed as should be on there.

The committee wants to convene to look at the charge and is looking for Senate Feedback.

Downing suggested that both administrators should be on, CSSO, and VP of Instruction or CIO. Senators agreed and is recommending that they appoint the correct administrators and go over the charge and look at the AP's and update them.

### **5.01 Spring Finals Schedule**

Due to Graduation being on Thursday for 2025, the finals scheduled for Spring 2024 has been changed to pilot the changes.

A discussion took place about the Friday finals.

Thursday evening finals moved to Tuesdays, Thursday finals to end by 2pm.

Other changes to accommodate student needs.

### **5.02 ASCCC Fall 2023 Plenary Resolution**

Runyan brought forth where to find the resolutions and encouraged senators to look at them and join the Area A meeting.

### **5.03 Area A Meeting**

Area A meeting will be Oct 27<sup>th</sup>, you can hop in and off as needed. Free registration.

### **5.04 AP/BP for Artificial Intelligence**

ASCCC is still looking into this and nothing has been done yet. Runyan mentioned that the Area A meeting would be great venue to bring up AI and if any other schools have created an AP.

Downing just wants this to be on the radar so that Senate can support instructors with their use or non-use of it in their classrooms.

### **6.01 Administration**

None- no admin present

### **6.02 Senators**

Senator Wisner had a healthy baby boy! Congratulations to the Wisner family!

### **6.03 LCFA**

High flex pilot project MOU signed, and a special assignment was flown for instructors. This is a two-semester pilot project.

Still waiting to hear about ZTC/OER.

The online professional development micro-credential course rate was increased to the adjunct hourly rate but not to exceed \$4,500 per course with a max number of two courses per year.

### **6.04 Guided Pathways**

Work groups are starting.

Planning for Convocation to give update

Motion to move into Closed Session

MSCU- Duerksen/ Rotlisberger

Entered close session @ 3:32pm

**7.01 Consideration of Faculty Minimum Qualifications and Equivalency**

Discussion took place regarding candidate's equivalency for the Transportation Instructor.

Vote took place. Equivalency approved.

Return to Open Session:

MSCU Rotlisberger /Downing

Return to open session @3:37

**8.01 Meeting Dates and Location - HU 206 and via Zoom**

Remaining meeting Dates for the Fall 2023 Semester are November 14, November 28, and December 12

**9.01 Adjournment**

MSCU Downing/ Rotlisberger

Adjourn @ 3:39

# Lassen Community College District Strategic Plan

Recommendation for revisions by Consultation Council – October 12, 2020

Approved by Board of Trustees – December 15, 2020

## Vision

- ❖ Lassen College will be a highly efficient self-sustaining rural community college, a catalyst for the region’s image, economy, and human capital, and an example of a “we can” culture” of collective impact by being:
  - The academic leader by ensuring quality instruction and encouraging student success
  - The educational leader by expanding outreach and student access with an equity mindset
  - The trusted steward by providing capable leadership and accountability
  - The economic and workforce development leader for the community
  - The cultural leader in the community
  - The civic and social leader in the community

## Mission

Lassen Community College provides educational programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The College serves diverse students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.

## Strategic Goals

1. **Institutional Effectiveness:** Provide the governance, leadership, integrated planning and accountability structures, and processes to effectively support an inclusive learning environment, while ensuring responsible stewardship of public trust and resources.
2. **Learning Opportunities:** Provide an array of rigorous academic programs delivered via a variety of modalities that promote student equity and learning while meeting the needs of the local and global community.
3. **Resource Management:** Manage human, physical, technological and financial resources to sustain fiscal stability and to effectively support the learning environment.
4. **Student Success:** Provide a college environment that reaches-out-to and supports students, minimizes barriers, and increases opportunity and success through access and retention to enable student attainment of educational goals including completion of degrees and certificates, transfer, job placement and advancement, improvement of basic skills, and self-development through lifelong learning.

## Institutional Student Learning Outcomes

1. **Communication** - Ability to listen and read with comprehension and the ability to write and speak effectively
2. **Critical Thinking** - Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome
3. **Life Long Learning** - Ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems
4. **Personal/Interpersonal Responsibility** - Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures

## Lassen College Values:

### Student Success:

- Students reaching their goals
- Students being prepared for transfer to four-year institutions
- Students being prepared for employment
- Doing what is best for students
- Learning as a priority over teaching
- Student needs; they are paramount in the learning process
- Recognizing and minimizing barriers to student success

### Educational Excellence:

- Equitable student learning as the focal point of every experience
- High quality educational delivery
- Highly qualified instructors
- High quality technology and materials
- Well-equipped classrooms

### Honesty/Integrity:

- Trust in relationships
- Dependability
- Transparency
- Collaboration
- Sustainability
- Accountability

### Dignity & Respect:

- Open forum for exchange of ideas
- Civility
- Collegiality
- Diversity & Equity
- Active listening and communication

## **Institution Set Standards**

These Institution-Set Standards for Lassen Community College are applicable across the entire institution, as mandated by the Higher Education Act and applicable accreditation standards. This document provides insight on the associated data elements and methodology used to determine goals for these standards.

Baseline and Stretch goals were derived for ISS #1 through #5 using longitudinal analysis to determine overall and rolling averages (of three and five years), over a study period of at least ten years, Baseline and Stretch goals are derived for ISS #6 using longitudinal data and historical precedence, and for ISS #7 using state-mandated goals under Perkins Core IV reporting, as noted below. All goals resulting from analysis are then reviewed and discussed through shared governance processes prior to final approval and implementation, with the dates of these approvals being annotated at the end of this document.

### **ISS #1: Completion Rate**

The completion rate attainment strategy utilized the Chancellor's Office definition of completion as students receiving a grade of A, B, C, CR, or Pass. The data was gathered from the LCC Datatel database.

Baseline Goal = **71.20%**; Stretch Goal = **73.48%**

### **ISS #2: Fall-to-Fall Retention Rate**

The fall-to-fall retention rate attainment focused on first-time degree seeking students and followed term to term persistence from fall to fall. The data was gathered from the LCC Datatel database.

Baseline Goal = **28.82%**; Stretch Goal = **30.75%**

### **ISS #3: Number of Degrees Awarded**

The certificates attainment strategy followed the Chancellor's Office reporting on degrees awarded for academic years. The data was gathered from the LCC Datatel database.

Baseline Goal = **214**; Stretch Goal = **261**

### **ISS #4: Number of Certificates Awarded**

The certificates attainment strategy followed the Chancellor's Office reporting on certificates awarded for academic years. The data was gathered from the LCC Datatel database.

Baseline Goal = **134**; Stretch Goal = **144**

### **ISS #5: Four-Year Transfer Rate**

The four-year transfer attainment strategy utilized the Chancellors transfer pathways tool and Student Centered Funding Formula (SCFF) 'Exhibit C' reports to report transfers to four-year California state schools by fiscal year.

Baseline Goal = **55**; Stretch Goal = **64**

### **ISS #6: Licensure Pass Rate**

The institution set standards were developed based on the longitudinal data and historical precedence for licensure exams for the following program(s).

Vocational Nursing Baseline Goal = **85.00%** Pass Rate; Stretch Goal = **90.00%** Pass Rate

### **ISS #7: Job Placement Rates**

The Baseline Employment Performance Goal for all programs listed below is **61.47%** and the Stretch Goal is **66.09%**, based on the standards published in the Perkins IV Performance Trend Reports for the most recent two years. This CTE Perkins VI core indicators (Core IV - Employment) data can be accessed at: [https://misweb.cccco.edu/perkins/Core\\_Indicator\\_Reports/Summ\\_coreIndi\\_TOPCode.aspx](https://misweb.cccco.edu/perkins/Core_Indicator_Reports/Summ_coreIndi_TOPCode.aspx).

#### **Administrative of Justice**

- Associate in Science Degree in Administration of Justice for Transfer
- Associate in Art Degree Administration of Justice
- Certificate of Achievement in Administration of Justice
- Certificate of Accomplishment in Administration of Justice

#### **Agriculture**

- Associate in Arts Degree University Studies: Emphasis in Agriculture Sciences (transfer)
- Associate in Science in Agriculture Animal Science for Transfer (transfer)
- Associate in Science in Agriculture Business for Transfer (transfer)
- Associate in Science Degree in Agriculture Science and Technology
- Certificate of Achievement in Agriculture Science and Technology
- Certificate of Accomplishment in Animal Science
- Certificate of Accomplishment in Horsemanship
- Certificate of Accomplishment in Agriculture Business
- Certificate of Accomplishment Agriculture Irrigation

#### **Allied Health/Nursing**

- Associate in Arts Degree University Studies: Emphasis in Allied Health
- Associate in Science Degree in Vocational Nursing
- Certificate of Achievement in Vocational Nursing
- Certificate of Achievement in Medical Assisting
- Certificate of Accomplishment in Administrative Medical Assisting
- Certificate of Accomplishment in Clinical Medical Assisting

#### **Automotive Technology**

- Associate in Science Degree in Automotive Technology
- Certificate of Achievement in Engine Repair
- Certificate of Achievement in Advanced Mechanics
- Certificate of Accomplishment Basic Mechanics
- Certificate of Accomplishment in Electrical
- Certificate of Completion in Automotive Chassis and Maintenance (non-credit)

#### **Business**

- Associate in Science Degree in Business Administration for Transfer (transfer)
- Associate in Arts Degree in Economics for Transfer (transfer)
- Certificate of Achievement Administrative Office Technician
- Certificate of Achievement in Geographic Information Systems
- Certificate of Completion IT Support Specialist (non-credit)

### **Child Development**

- Associate in Science Degree in Early Childhood Education for Transfer (transfer)
- Associate in Arts Degree in Child Development
- Certificate of Achievement in Child Development
- Certificate of Accomplishment of Child Development-Associate Teacher

### **Fire Technology**

- Associate in Science Degree in Fire Technology
- Certificate of Achievement in Fire Technology
- Certificate of Achievement Basic Wildland Firefighter
- Certificate of Accomplishment in Fire Technology

### **Gunsmithing**

- Associate in Science Degree in Firearms Repair
- Associate in Science Degree in General Gunsmithing
- Certificate of Achievement in Firearms Repair
- Certificate of Achievement in General Gunsmithing
- Certificate of Accomplishment in Gunsmith Machinist and Metal Finishing
- Certificate of Accomplishment in Long Guns
- Certificate of Accomplishment in Pistolsmith
- Certificate of Accomplishment in Riflesmith

### **Welding Technology**

- Associate in Science Degree in Welding Technology
- Two-Year Certificate of Achievement in Welding Technology
- One-Year Certificate of Achievement in Welding Technology
- Certificate of Accomplishment in Welding Technology

## Interdisciplinary Studies

**1244** IDS 1 Intro to Sign Lang 4.0 NET TBA TBA Staff NET ONLINE

This class is offered online. For more information, please contact the instructor at [jminkler@lassencollege.edu](mailto:jminkler@lassencollege.edu).

## Mathematics

**0639** MATH 1A Geometry/Calculus I 5.0 SNC MWF 11:00-12:25pm McClellan, Natalia ZOOM MEETING

This is a synchronous online class (LIVE online classes in real time in a virtual classroom with Zoom meetings). The class will meet live online MWF 11:00AM-12:25PM. Attendance is expected just as in an on-campus face-to-face class. For more information, please contact the instructor at [nmcclellan@lassencollege.edu](mailto:nmcclellan@lassencollege.edu).

**1112** MATH 7 Trigonometry 3.0 NET TBA TBA Schofield, Robert NET ONLINE

Must be taken along with non-credit MATH-167-N1107. This class is offered online using OPTIONAL synchronous (LIVE online classes in real time in a virtual Zoom classroom) meetings with Zoom on Thursdays 11:00AM - 12:15PM. The remainder of the class will be completed asynchronously online (set your own hours while meeting unit deadlines set by the instructor. No mandatory Zoom meetings). The synchronous Zoom class meetings will be recorded in the event you are unable to attend. For more information, please contact the instructor at [rschofield@lassencollege.edu](mailto:rschofield@lassencollege.edu). **\*\*THIS SECTION USES A FREE OPEN EDUCATIONAL RESOURCES (OER) TEXTBOOK.** Student will be able to access the textbook FREE online or may request a printed copy from the LCC Book Store for a minimal fee.

**0323** MATH 40 Elementary Statistics 3.0 COR TBA TBA Ng, Jackson FCI CDCR

This class is offered for Incarcerated Student Education. For more information please contact the Correspondence Office at 530.251.8875. This class to be taken along with MATH-164-I1089.

**0717** MATH 40 Elementary Statistics 3.0 LEC TTh 8:00- 9:15am Ng, Jackson MS 121

This class to be taken along with MATH-164-M1230.

**0783** MATH 40 Elementary Statistics 3.0 NET TBA TBA McClellan, Natalia NET ONLINE

This class is offered asynchronously online (set your own hours while meeting unit deadlines set by the instructor. No Zoom meetings). For more information, please contact the instructor at [nmcclellan@lassencollege.edu](mailto:nmcclellan@lassencollege.edu). The class to be taken along with MATH-164-N1097.

**0837** MATH 40 Elementary Statistics 3.0 SNC T 11:00-11:50am Eckley, Noelle ZOOM MEETING  
NET TBA TBA Eckley, Noelle NET ONLINE

MATH-40 is offered online using one MANDATORY synchronous meeting per week (LIVE online classes in real time in a virtual classroom by Zoom). The Zoom class will be on Tuesdays 11:00AM- 11:50AM. The remainder of the class will be completed using asynchronous online lessons (set your own hours while meeting unit deadlines set by the instructor. No Zoom meetings). **\*\*FREE ONLINE CALCULATORS** will be used on homework and exams. The mandatory MyLab Pearson Access Code [includes an e-book and is necessary for online homework and exams] Students SHOULD NOT purchase the A. G. Bluman, Elementary Statistics text [no need for a second textbook]. For more information, please contact the instructor at [neckley@lassencollege.edu](mailto:neckley@lassencollege.edu). This class to be taken along with MATH-164-N1096.

**0838** MATH 40 Elementary Statistics 3.0 LEC MW 12:00-12:50pm Eckley, Noelle MS 121  
NET TBA TBA Eckley, Noelle NET ONLINE

This is a hybrid class. 2 hours of instruction per week will be completed in person on campus in a classroom setting. The remaining 1 hour per week of instruction will be completed asynchronously online (set your own hours while meeting unit deadlines set by the instructor. No Zoom meetings). **\*\*FREE ONLINE CALCULATORS** will be used on homework and exams. ## **Academic Affairs**

### **AP 4021 Program Revitalization or Discontinuance**

#### References:

Education Code Section 78016;  
 Title 5 Sections 51022 and 55130  
 ACCJC Accreditation Standard II.A.15

Lassen Community College is committed to supporting programs and classes that fulfill the goals of the Mission Statement as these are elaborated in the Educational Master Plan. Following Title 5, section 55000, "program" is herein defined as an organized sequence of courses leading to a defined objective, e.g., a degree, a certificate, a diploma, a license or transfer to another institution of higher education. Only programs with low or declining enrollment, decreasing demand for service or clear obsolescence shall be considered for discontinuance. The service provided to the college and the community by the program will be the primary consideration for a program's discontinuance. Budget concerns shall not be the primary consideration.

A. A program may be considered for discontinuance only if one or more of the following criteria are fulfilled:

1. The goals and objectives of the program are no longer appropriate to the Mission of California Community Colleges, LCC's mission or

Educational Master Plan, and/or congruent with the institutional Strategic Plan of the District.

2. The program curriculum no longer aligns with university transfer majors or, General Education requirements of the program no longer meet industry needs and lack demand in the current job market and the program's field is not considered an emerging industry or career path.
3. The program does not meet curriculum standards as defined by Title 5 section 55100.
4. There are insufficient resources to realistically support the program at a sufficient level of quality and the program has experienced either consistent low enrollment, per the Lassen College Faculty Association (LCFA) contract, or statistically significant declining program persistence and completion rates over the course of three or four offerings, as evidenced by reliable, longitudinal data.
5. The program has been determined to be out of compliance with existing state or federal laws, i.e., Title 5, section 55130(d), or licensing laws in particular occupations.
6. There is universal agreement among faculty in a program that it be merged with or replaced by another related program.

When a specific program fulfills one or more of these criteria, the faculty in the program, college administration, or college Curriculum Committee will contact the Department Chair directly supervising the program and convene a Program Revitalization/Discontinuance Work Group, a work group of the Academic Senate.

B. A Program Revitalization/Discontinuance Work Group will consist of the following voting members as well as one non-voting member:

1.
  1. At least one faculty member that teaches in the program, or if they are not available, if necessary, the faculty from a closely related field, as selected by a faculty member who teaches in the program.
  2. The Department Chair overseeing the program.
  3. The Dean of Instruction supervising the program.
  4. A representative from the office of Institutional Effectiveness.
  5. The Articulation Officer or designee from Counseling who does not teach in the program.
  6. A representative of the Academic Senate who does not teach in the program.
  7. The chair of the Curriculum Committee or designee who does not teach in the program.
  8. The Vice President of Academic Services, or designee, shall chair the Work Group as a non-voting member but may vote in the case of a tie.

The Work Group will inform the college community that the program is being considered for revitalization or discontinuance after several factors are considered using a holistic approach.

In the spirit of good intentions and future enrollment management and planning, the Work Group will consider several factors in making its determination. Possible areas of inquiry include:

- Needs of the community;
- Needs of the department as the particular class fits in as part of a program;
- Workforce development;
- Currency and accuracy of Program Review;
- Quantitative and Qualitative data;
- Core indicators from Chancellor's Office;

- Local labor market information through EDD (Employment Development Department) and or employer Program Advisory Committees and surveys; North-Far-North Consortium, Centers of Excellence;
- Reputation and skills of program and/or staff;
- FTES generated by program;
- Other funding sources, such as grants or contributions from business and industry;
- Percentage of faculty who have updated skills (staff development, industry externships, conferences, courses, etc.) documented within past three years;
- Special leadership, integration or cross discipline projects in which the program is involved;
- Possibility of merging or replacing program with a related program;
- Feedback from the Advisory Board from the affected CTE program.

A public comment session will be called, followed by a closed Work Group meeting in order to decide on one of three directives (see below).

c. The Program Revitalization/Discontinuance Task Force will give one of the following directives to the college Curriculum Committee in writing:

1. Directive A – Program Continuance: The program is accepted in its current state.
2. Directive B – Revitalization Effort: The Task Force will assist program faculty and other involved parties in developing a process/plan and associated time table to revitalize the program. Resources will be allocated as necessary; in order to improve program enrollment, retention, completion and other measures of program success. Some areas to be considered are: in-depth revision of the program courses, upgrading of facilities, and offering of workshops to provide re-training, changes in methodology, approaches to teaching, etc. Other considerations will involve Student Support Services, which promotes student success and retention.

The Task Force will specify the desired levels of improved performance as directed and overseen by the task force chair or designee. If there has not been a sufficient increase in key performance indicators a full academic year within the 12 months following the implementation of the process, the Administration will reconvene the Task Force and choose one of the following:

3. Directive C – Program Discontinuance: The program is discontinued in a manner that respects the needs of students and fulfills contractual obligations to faculty and staff. The discontinuance procedure will allow currently enrolled students to complete their program(s) of study in accordance with the rights of students as stipulated in the college catalog. The area Dean in collaboration with the Division Chair shall inform current students of the discontinuance of the program and refer all students to counselors. When Directive C is issued, the Work Group will complete the Program Discontinuation Form and forward it to the Curriculum Committee.

The Work Group shall make their notes available and channel its recommendations or findings to Academic Senate.

Michell Williams  
Shar Murphey  
Melinda Duerksen  
Andy Rupley

**1. Meeting Openings**

1.01 Call to order – 3:02 p.m.

1.02 Agenda Approval – **Somerville/ Cory McClellan MSCU**

1.03 Minutes Approve Oct. 5, 2021 — **Mesloh/ Tobola MSCU**

**2. Subcommittee Action**

**2.01** Approved BUS 2: Introduction to Business - IPR Review - No Changes needed at this time

**2.02** Approved BUS 10: Managing Diversity and Human Resources - IPR Review - No changes needed at this time

**2.03** Approved BUS 22: Business Law - IPR Review - No changes needed at this time

**2.04** Approved BUS 25: Small Business Management - IPR Review - No changes needed at this time

**2.05** Approved WT-25 SolidWorks Fundamentals - IPR Review - No changes needed at this time

**2.06** Approved Welding A.S. degree, 2-year certificate of Achievement, 1-year Certificate of Achievement, and Certificate of Accomplishment - IPR Review - No changes are needed at this time

*Andy Rupley commentated the business books are still good, and two will need updating next year.*

**3. Action Items**

**3.01** Approved AJ52BR -Firearms Training-Refresher - Added a half hour to class. Add language that it is "Degree Applicable"

Effective: Fall 2022

– **Harrison/ Mesloh MSCU**

*Ms. Cathy Harrison noted 8 hours used to be sufficient for half unit courses, but now need to be 8.5, and some still needed changing. She also discussed since the course is within the 1-99 numbering, it needed changed language regarding degree applicable.*

**3.02** Approved BUS- Approved Certificate of Achievement Administrative Office Technician - Discontinue – Effective: Fall 2022

**Natalia McClellan/ Robb MSCU**

*Andy Rupley said in the IPR, this was discussed to be reworked. This was a deactivation to rework. Rupley asked if faculty, or administration could initiate a deactivation. Mr. Lewis noted the revitalization and discontinue process could be started with administration. Ms. Harrison noted she heard from Lisa Gardiner that they wanted deactivations to happen through the IPR process and originated by faculty, but if a department is not keeping up and there's a course with little enrollment, it would go through the discontinuation/ revitalization process and could be initiated by administration.*

**3.03** Approved BUS 27 Business Communications - Update to only offer course in Spring Effective: Fall 2022

**Mesloh/ Cory McClellan MSCU**

**3.04** Approved CS-1 Computer Literacy - update to only offer course in Spring Effective: Fall 2022

**Harrison/ Natalia McClellan MSCU**

**3.05** Approved CIS-Computer Information Systems-Proposed new program - 2nd Read Effective: Fall 2022

**Board and Chancellors Office Pending**

**Somerville/ Tobola MSCU**

*Melinda Duerksen noted she has the agreement with CISCO ready to go, and she already has the training and is ready to teach. Ms. Mesloh questioned why there are 200 suggested targeted students. Duerksen noted that was the projected amount for a year since this would be a program offered online, and would reach students from other areas. She noted the program might be intended to be regional. Ms. Harrison reminded everyone new CTE programs need LMI, advisory minutes and regional approval.*

**3.06** Approved ENGL 1: College Composition - Change from 6,000 required words of analysis to 5,000 words of analysis

Effective: Fall 2022

**Tobola/ Somerville MSCU**

**3.07** Approved ENGL 9: Critical Thinking and Composition - Change from 6,000 required words of analysis to 5,000 words of analysis

**Tobola/ Somerville MSCU**

**3.08** Approved GD - Certificate of Accomplishment in Graphic Design Fast Track - inactivate Effective: Fall 2022

**Somerville/ Tobola MSCU**

*Mr. Lewis noted this item was back before the board since they were unsure if it was done correctly. 3.08 through 3.10 were approved together.*

**3.09** Approved GD- AS in Graphic Design - Inactivation

Effective: Fall 2022

**Somerville/ Tobola MSCU**

**3.10** Approved GD - Certificate of Achievement in Graphic Design - Inactivation

Effective: Fall 2022

**Somerville/ Tobola MSCU**

**3.11** Approved HIST 14 World History to 1500 - Changes to course content, assignments, methods of evaluation  
Effective: Fall 2022

**Somerville/ Cory McClellan MSCU**

*Items 3.11 through 3.15 were updated to better align with current C-ID descriptors. Ms. Harrison noted, as ADT information is shared with Chancellor's Office, everything has to match. Ms. Somerville noted there had been little changes to the C-ID outlines and reviews, which these updates are meant to match.*

**3.12** Approved HIST 15 World History since 1500 - changes to course objectives, course content, assignments, methods of evaluation

Effective: Fall 2022

**Somerville/ Cory McClellan MSCU**

**3.13** Approved HIST 16 U.S. History - Changes to course objectives, course content, assignments

Effective: Fall 2022

**Somerville/ Cory McClellan MSCU**

**3.14** Approved HIST 17 Post Civil War U.S. History - Changes to course objectives, course content, assignments, methods of evaluation

Effective: Fall 2022

**Somerville/ Cory McClellan MSCU**

**3.15** Approved PLSC 1 American Government – Changes to Course Content and Assignments

Effective: Fall 2022

**Somerville/ Cory McClellan MSCU**

#### **4. Discussion Items**

**4.01 AP 4021** – *Mr. Lewis noted there were some areas that needed updates, including changing the wording from “Task Force” to “Working Group.” Additional changes included a removed sentence in first paragraph. Somerville asked if there should be clearer language to include the initiation process for a discontinuation, whether it goes to curriculum or the discontinuation committee. Lewis said it depends who is initiating. He said he would talk with the academic senate president for further clarification. Somerville asked about the highlighted Program Discontinuation Form placeholder, and Lewis said the Academic Senate was looking at it next week, and he would bring it back with that form for review.*

**4.02 Curriculum Charge** – *Somerville asked about “Associate Dean of Student Services” listed in the structure, saying the intent was just to include the person who was over financial aid. They discussed replacing with “Associate Dean of Student Services/ Financial Aid Representative.”*

**4.03 Curriculum Handbook** – *Over the past year, Lewis noted he and Somerville kept track of changes. He requested the committee take a look at the document and see if there are any needed changes. Tobola noticed the handbook had the former Distance Education Charge. Lewis said they would bring back the handbook at the next meeting. If anyone finds areas needing changes, they should reach out to Lewis/ Somerville. Somerville requested faculty who have more experience to be an extra set of eyes to ensure it is helpful to those new to writing curriculum.*

**4.04 Curriculum forms** – *Mr. Lewis discussed the proposed templates and forms for course and program revisions. He noted the addition of out-of-class hours on the COR templates. Robb shared of some changes coming for distance education, 55206 and 55204, and mentioned there could be an addendum for distance education courses supplying any additional information needed. On the proposed existing program/ certification*

*and course forms, they list spots for instructors to list the exact changes listed, and extra spots for full time faculty to ensure all FT instructors in the department are made aware of all changes. Discussion was held on how best to inform adjunct faculty of any changes, i.e. textbooks.*

**4.05 Distance Education Charge** – *Mr. Robb shared the Distance Education Charge was reviewed by the committee some language was removed, especially from the academic standards. Language removed was in regard to determining the appropriateness of offering a specific course via distance education, and with assisting faculty in understanding requirements for instruction. In the review of distance education course sections, the committee removed language where it related to reviewing distance education courses prior to and during the first offering, and recommending continuation or discontinuation of a course section, in addition to the removal of language they didn't feel was appropriate for this committee. Language was added to continually review distance education courses and provide feedback to individual faculty to assist with alignment of the DE course to the Academic Senate suggested CVC-OEI Rubric. Mr. Lewis said this could be sent to the Academic Senate.*

## **5. Information Items**

**5.01 Distance Education Committee Update** – *Ms. Tobola shared the committee discussed some verbiage that's coming up, and teaching college exchanges – adding once they get the handbook and more courses online, they could join the exchange to get students from other areas. Currently, they are working on cleaning up the handbook.*

### **5.02 Instructional Program Reviews Due**

Administration of Justice-Sept 2021

Agriculture-Sept 2021

Automotive Technology-Sept 2021

Business-Sept 2021

Child Development-Sept 2021

Effective: Fall 2022
- 2.21** Approved WT-38 Welding Theory and Practice-Gas Metal Arc Welding - Updated textbook to newer edition Jeffus, Larry;"Welding Principles & Applications", 2017, 8th Edition, Delmar Cengage Learning, ISBN: 978-1-305-494695-5  
Effective: Fall 2022
- 2.22** Approved WT-39 Welding Theory and Practice-Gas Tungsten Arc Welding - Updated textbook to newer edition Jeffus, Larry;"Welding Principles & Applications", 2017, 8th Edition, Delmar Cengage Learning, ISBN: 978-1-305-494695-5  
Effective: Fall 2022
- 2.23** Approved WT-42 Intermediate Shield Arc Welding - Updated textbook to newer edition Jeffus, Larry;"Welding Principles & Applications", 2017, 8th Edition, Delmar Cengage Learning, ISBN: 978-1-305-494695-5  
Effective: Fall 2022
- 2.24** Approved WT-43 Advanced Shield Metal Arc Welding - Updated textbook to newer edition Jeffus, Larry;"Welding Principles & Applications", 2017, 8th Edition, Delmar Cengage Learning, ISBN: 978-1-305-494695-5  
Effective: Fall 2022
- 2.25** Approved WT-44 Gas Metal Arc Welding - Updated textbook to newer edition Jeffus, Larry;"Welding Principles & Applications", 2017, 8th Edition, Delmar Cengage Learning, ISBN: 978-1-305-494695-5  
Effective: Fall 2022
- 2.26** Approved WT-45 Gas Tungsten Arc Welding - Updated textbook to newer edition Jeffus, Larry;"Welding Principles & Applications", 2017, 8th Edition, Delmar Cengage Learning, ISBN: 978-1-305-494695-5  
Effective: Fall 2022
- 2.27** Approved WT courses IPR Review - No changes - IT-22 Operations Maintenance and Safety, IT-72 Facilities Maintenance Welding Safety, WT-50 Welding for Artists (Design and Fabrication), and WT-51 Blue Print and Symbol Reading for Welders, WT 52 Robotic Operations and Programing, WT 53 Robotic Welding Operation and Programing (Advanced)

### 3. Action Items

- 3.01** Approved Art History AA for Transfer - Inactivate program for now until enrollment increases. Somerville/Oberg MSCU  
Effective: Fall 2022
- 3.02** Approved with changes: AJ 16 Supervision in Law Enforcement - Add Hybrid modality and update textbook to Iannone, Nathan F., Supervision of Police Personnel, 9th Edition, Pearson Publishing, 2020, ISBN: 9780132973823 9780137408825  
Robb/Oberg MSCU  
Effective: Fall 2022
- 3.03** Approve with changes to outline: AJ 52A PC 832 Arrest Methods and Procedures - Update course name, description, objectives, and course content. Textbook is College supplied binder including the latest POST editions of: P.C. 832 Student workbook volume one: Leadership, Diversity, Policing in the Community & Justice System. P.C. 832 Student workbook volume two: Law and Evidence P.C. 832 Student workbook volume three: Investigations P.C. 832 Student workbook volume four: Use of Force/De-escalation Skills Oberg/McClellan MSCU  
Effective: Fall 2022
- 3.04** Approved with correcting typos: AJ 52B PC832 Firearms - Update course name, units, lecture/lab delivery, description, objectives, and course content. Textbook information is: College supplied binder including the latest POST edition of: PC 832 Student Workbook Volume Five: Firearms Oberg/Meyers MSCU  
Effective: Fall 2022
- 3.05** Approved AJ 52BR - PC832 Firearms Training-Refresher - Update course description, objectives, and course content.  
Effective: Fall 2022 Oberg/Tobola MSCU
- 3.06** Approved DS 121 Adaptive Individual Sports - Bowling - Discontinue class due to no access to bowling facility  
Robb/Somerville MSCU  
Effective: Fall 2022

**3.07** Approved Music Program - MUS 6, 7, 12 - SLO Mapping Harrison/McClellan, N. MSCU

**3.08** Approved WT-36 Welding Theory and Practice-Oxyacetylene - Updated textbook to newer edition. Jeffus, Larry;"Welding Principles & Applications", 2017, 8th Edition, Delmar Cengage Learning, ISBN: 978-1-305-494695-5. Course Objectives and SLO format changes. Oberg/Robb MSCU  
Effective: Fall 2022

**3.09** Approved WT-37 Welding Theory and Practice-Shielded Metal Arc Welding Item - Updated textbook to newer edition Jeffus, Larry;"Welding Principles & Applications", 2017, 8th Edition, Delmar Cengage Learning, ISBN: 978-1-305-494695-5. Course Objectives and SLO format changes. Oberg/Robb MSCU  
Effective: Fall 2022

#### **4. Discussion Items**

**4.01** CIS-Computer Information Systems-Proposed new program - 1st Read

*Melinda Duerksen, CIS instructor, attended to discuss the proposed program. Not meant to be transfer degree. Numbering is so that more classes will get added under general topics later. Discussed adding information about earning the Certificate of Achievement, Mr. Lewis noted he would work with Duerksen prior to next meeting.*

**4.02** Review Curriculum and Academic Standards Charge

*Moved program revitalization to #3. Add distance education is a subcommittee as #10*

#### **5. Information Items**

**5.01** Distance Education Committee Update

*Robb/ Tobola – They went over the charge during last month's meeting and held an Emergency vote through Share Point, where four members voted to approve, so it will go on the next Curriculum Agenda as an action item, so it can go on to Senate*

**5.02** Instructional Program Reviews Due

*Athletics and PEAC – Ms. Camacho raised the question about why Athletics was doing an NIPR. Athletics is not in the NIPR handbook, it's still in the IPR handbook. Mr. Murphy indicated the NIPR was supposed to be in addition – not replacing the IPR. NIPR instituted so that non-instructional portion of athletics had a voice. Ms. Camacho is working with Adam Runyan and also with Randy Joslin.*

**5.03** Future Meeting dates

Next meeting October 19<sup>th</sup>

#### **6. Future Agenda Items**

Action: 3.37 Career and Technical Education (Formerly tech prep 2+2) Somerville/Mesloh: MSCU  
Approved Auto for Herlong

#### 4. Discussion Items:

Discussion: 4.01 HUS 43- Social Work and Human Services Seminar- new course  
*Move to action and, and in prerequisites*

Discussion: 4.02 MATH-6 Finite Mathematics New course  
*Remove GE areas and C-ID, put transfer to CSU only, need to remove Web enhanced as a modality*

Discussion: 4.03 MATH 166 Finite Mathematics Lab New course

Discussion: 4.04 Associate in Arts in Social Work and Human Services for Transfer Degree New

#### 5. Information Items:

Information: 5.01 Distance Education Committee Report  
*Meeting next week*

Information: 5.02 Instructional Program reviews due  
Agriculture – Sept 2014, 2016, 2018, 2020 Approved by senate 4/14/2021  
Automotive Technology-Sept 2018, 2020  
Human Services-Sept 2015, 2017, 2019  
Fine Arts - Sept 2020  
Gunsmithing – Sept 2017, 2019, 2021  
Humanities(GE Area C & D) Sept 2020  
Physical Education – Sept 2018  
Welding Sept 2019, 2021

Information: 5.03 Future Meeting dates  
May 18, 2021

#### 6. Future Agenda Items:

7. Adjournment Rupley/Tobola @ 4:14

**Curriculum and Academic Standards Committee 3:00 pm via Zoom (Tuesday, March 16, 2021)**

Generated by Sue Kelley on Tuesday, March 16, 2021

## 1. Meeting Openings:

Information: 1.01 Call to order @ 3:04

Present:

Chad Lewis

Carie Camacho

Alison Somerville

Cris Tobola

KC Mesloh

Tom Downing

Julie Williams

Andy Rupley

Absent:

Heidi Gray

Cathy Harrison

Kory Konkol

Thomas Robb

Action: 1.02 Agenda Approval Downing/Fran: MSCU

Approved

Action, Minutes: 1.03 Minutes Tobola/Somerville: MSCU

Approved March 2, 2021

## 2. Subcommittee Action:

*None*

## 3. Action Items:

Action: 3.01 Administration of Justice AA for Transfer Somerville/Downing: MSCU

Approved change in double counting

Effective: Fall 2021

Action: 3.02 ANTH 3 Intro to Archeology Somerville/Williams: MSCU

Approved Inactivation

Effective: Fall 2021

Action: 3.03 AT courses SLO mapping Oberg/Somerville: MSCU

Approved

Action: 3.04 AT Program PLSO mapping Oberg/Somerville: MSCU

Approved

Action: 3.05 CD SLO mapping Downing/Williams: MSCU

Approved

Action: 3.06 ES 1: Ethnic Minorities in America Rupley/Somerville: MSCU

Approved SLO Mapping

Action: 3.07 Geology AS-T Williams/Mesloh: MSCU

Approve inactivation

Effective: Fall 2021

*It went through the discontinuation process.*

Action: 3.08 PEAC 34 Golf Skills Oberg/Williams: MSCU

Approved for hybrid delivery for emergence us only

Effective: Spring 2021 (COVID-19)

Action: 3.09 PSY 1 Intro to Psychology Rupley/Mesloh: MSCU

Approved change in SLO 1

*Took the in-class reference out so can be taught online*

Action: 3.10 PSY 5 Intro to Research Methods Williams/Somerville: MSCU

Approve change in SLO's

Action: 3.11 PSY 18 Life Span Development Rupley/Mesloh: MSCU

Approved change in SLO's

Action: 3.12 Psychology AA-Transfer Williams/Downing: MSCU

Approved adding BIOL 32L to degree

Effective: Fall 2021

Action: 3.13 SOC 2: Social Problems Somerville/Rupley: MSCU  
Approved SLO mapping

Action: 3.14 Sociology AA-Transfer Mesloh/Oberg: MSCU  
Approved adding PSY 5 to core  
Effective: Fall 2021

Action: 3.15 Terminal GE pattern Mesloh/Somerville: MSCU  
Approved Adding IDS 1, 2 to area C  
Effective: Fall 2021

#### 4. Discussion Items:

Discussion: 4.01 Credit for Prior Learning Assessment Petition  
*Liked the change with one course per form  
Bring for Approval next meeting*

Discussion: 4.02 Credit for Prior Learning Portfolio Assessment Rubric  
*Need comment box to say how many points earn and why  
Sign electronically  
Bring to approval next meeting*

Discussion: 4.03 SLO Handbook  
*One of our weakness with accreditation. Bring to action for approval next meeting*

Discussion: 4.04 Associate in Arts in Social Work and Human Services for Transfer Degree  
*This will replace the Human Services terminal degrees because they are so out of date.  
These are courses we have and offer regularly*

#### 5. Information Items:

Information: 5.01 Distance Education Committee Report  
*Scheduling a meeting for first week in April and discuss online handbook*

Information: 5.02 Instructional Program reviews due

Information: 5.03 Future Meeting dates  
April 6th & 20th  
May 4th & 18th

#### 6. Future Agenda Items:

7. Adjournment @ 3:40 Williams/Rupley: MSCU

# Instructional Program Review

Program: Studio Art

Academic Year:

Author(s):

Accepted by Academic Senate: Accepted by Consultation Council: Accepted by Governing Board

# Executive Summary

The executive summary should be a consolidation of key findings, program plans, and participants that contributed to the review

# SECTION 1: ACADEMIC PLANNING

Program Overview, Objectives, and Student Learning Outcomes

- Describe the program (types of degrees offered, jobs/industries/transfer pathways associated with the program, faculty members in program)
- Describe and evaluate the program objectives against the LCC strategic plan, specifically the mission statement and strategic goals
- Evaluate any changes in the program since last review. Include summary of Annual Updates completed since last review. Regular program assessment will drive program improvements.

## Student Achievement and Learning Outcomes

### Trends and Patterns in Student Achievement

## Awards

Degree and Certificates	2018-19	2019-20	2020-21	2021-22
Studio Arts Degrees Awarded	1		1	3
Lassen College Degrees Awarded	260	340	297	321
Studio Arts Certificates Awarded				
Lassen College Certificates Awarded	128	162	107	137
<b>Degree or Certificate Program</b>				
AA Studio Arts for Transfer				
AA Studio Arts for Transfer-CSU	1		1	3
AA Studio Arts for Transfer-IGETC				

## Achievement

Based on your review of the data trends above (e.g., course success, retention, awards) please provide an analysis of achievement gaps and accomplishments in the program.

## Equity

Based on your review of the data trends above (e.g., course success, retention) please provide a narrative to outline opportunities to address any equity gaps.

## Student Learning Outcomes

SLO assessment is important to maintain and improve an effective learning experience for LCC students. Evaluating SLO results regularly is helpful for evaluating student learning and identifying emerging program needs. There is a link between SLO assessment results, SLO improvement plans and review of curriculum and/or budget requests. Regular program assessment will drive program improvement. These records are maintained in the online Data Management and Visualization tool (TABLEAU) and are available for review by faculty at any time through its self-updating, interactive dashboards, and reports. Feedback and narrative from the Share Point tool will be included in the reports.

\*By contract, faculty are required to prepare and submit an SLO Assessment Plan for each class within one week of the first-class meeting and implementation of the assessment method as indicated on the SLO Plan for each class. Submission of the (a) results of the assessment methods and (b) steps taken as result of the assessment withing five (5) District business days after the last scheduled meeting of the class. Both submissions will be made in accordance with District tracking procedures (I.e., may be paper-based or electronic).

- Provide an analysis of findings of the assessments completed and recommendations being made in individual assessments.
- Consider the impact or influence of the assessment results at the program level.
- Identify and evaluate the Program Student Learning Outcomes including the relationship between course, program and institutional student learning outcomes utilizing information provided by the Office of Institutional Effectiveness.

## Curriculum

### Degrees and/or Certificates

Degree or Certificate Title	Award Type	Term of Last Revision
AA Studio Arts for Transfer	AA-T	
AA Studio Arts for Transfer-CSU	AA-T	
AA Studio Arts for Transfer-IGETC	AA-T	

Provide a narrative of revisions made.

### Courses

Summarize curriculum revisions, new course adoptions, and/or course deletions since the last program review. Describe the program accomplishments and/or changes (e.g., major revisions, additions, etc.). All courses need to be submitted to the Curriculum Committee for revision at least once every five years.

Whether changes to a course outline are necessary or not, a Revision to Existing Course Form for each course must be completed and submitted to the Curriculum/Academic Standards Committee for action. If all the courses in the certificate or degree are reviewed at one time, a single Program revision form can be used. If there are changes made to a course, the changes must be noted on the revision form. When reviewing a single course and changes are necessary, indicate the revisions on the form. Where no changes are necessary, simply indicate on the Revision Form that “the course has been reviewed as part of the program review and no changes are necessary.” All program certificates, degrees, PSLO maps, and SLO maps are also required to be reviewed and updated if necessary. PSLO maps require a program revision form and course SLO maps require a course revision form. If all maps are reviewed at the same time, a single program revision form can be used. Advising plans also need to be reviewed and updated. A program revision form is used to review and update the advising plan if necessary. Revision forms will be retained in the Instructional Office with the Curriculum agenda packets.

Following the Curriculum/Academic Standards Committee action on all submitted Revision to Existing Course Forms, a summary Instructional Program Curriculum Review Form will be completed by the Curriculum/Academic Standards Subcommittee Chair and given to the program faculty for inclusion in the program review.

The signed Instructional Program Curriculum Review Form is to be included with your completed program review documents for all certificates and degrees.

Course	Last Offered	Term of Last Revision
ART-1A: Two-Dimensional Design		
ART-1B: Three-Dimensional Design		
ART-2: Drawing		
ART-3: Beginning Life Drawing		
ART-6: Prehist/Renaissance		
ART-7: Survey of Art Histo		
ART-8: Art Appreciation		
ART-10A: Beginning Painting		
ART-10B: Intermediate Painting		
ART-10C: Advanced Painting		
ART-10D: Portfolio Painting		
ART-19A: Beginning Digital Photography		

ART-19B: Inter. Digital Photography		
ART-19C: Advanced Digital Photography		
ART-19D: Portfolio Digital Photography		
ART-21: Digital Illustration 1		
ART-23: Beginning Printmaking		
ART-25: Graphic Design I		
ART-36A: Beginning Ceramics		
ART-36B: Intermediate Ceramics		
ART-36C: Advanced Ceramics		
ART-36D: Portfolio Ceramics		
ART-49: Art Work Experience		
ART-50: Welding for Artists		
FILM-1: History of the Cinema		

Provide a narrative of revisions made.

#### Articulation/Integration of Curriculum

- Attach a tabular comparison of Lassen Community College courses articulating with UC and CSU, indicating courses with approved C-ID designations as applicable (Obtain copies of Articulation Agreements from the Transfer Center / Articulation Officer)
- Provide a narrative reviewing the Lassen Community College courses and courses at four-year institutions for course alignment. (e.g., two courses at Lassen needed to articulate with one course at UC) and the unit requirements for Lassen Community College courses as compared to four-year institutions.

#### External Compliance

Provide a summary of any compliance regulations (e.g., accreditation, accessibility), actions taken, and gaps identified.

#### External Analysis: Job Market Assessment

Provide a summary of Industry Advisory Board suggestions and market data. The market data will be populated for Career Technical Education programs only

#### Program Planning and Communication Strategies

Describe the communication methods and interaction strategies used by your program faculty and administrators to discuss program-level planning, curriculum, SLOs, PSLOs, equity, student achievement, and institutional performance data.

#### Academic Planning Analysis Summary

Summarize the key findings from the program analysis and outline opportunities for change.

## Section 2: Human Resource Planning

### Workload and Staffing Assessment

Year	F/T Faculty	P/T Faculty
Previous Year		
Current Year		
Next 2 Years		

Provide a narrative that describes the program's faculty staffing trends and develop a projection for the two years. Discuss the extent to which your current faculty staffing structure meets or does not meet your program's needs and/or initiatives. Please describe what strategies will be used to diversify your staffing (e.g., education, expertise/skillsets, areas of interest, demographics).

### Professional Development

Provide a description and associated outcomes related to the program's target professional development participation over since the last program review. Discuss the current professional development/training need(s) of your program, and why this need(s) exists. If you have specific trainings you want to request, please include those details.

## Section 3: Infrastructure Planning

### Facilities

- Describe and evaluate the Lassen Community College facilities available to the program.
- Describe and evaluate additional facilities utilized off-campus by the program
- Describe any facilities needs identified internal or external analysis
- Justify any proposed modifications or additions to existing facilities that would better serve the program planned for the program review cycle.

### Equipment

- Describe and evaluate equipment and equipment support provided for instruction and instructional support

### Technology

- Describe and evaluate technology and technology support provided for instruction and instructional support.
- Justify any proposed modifications or additions to existing technology that would better serve the program planned for the next four years.

## Section 4: Program Planning

Progress update on previous action plans

Action Plan	Progress Detail	Outcomes

### Strengths, Weaknesses, Opportunities, Threats (SWOT) Analysis

Complete SWOT analysis

Strengths	
Weaknesses	
Opportunities	
Threats	

### Program Plan

Develop a program action plan based on the findings of the SWOT Analysis. The plan should specify should aligns with one or more College Goals. SLO maps may be utilized to help show the connection.

- How do the action plans align with the mission of the college?
- What strategic goals do the action plans support?
- What ISLOs do the action plans support?
- What specific evidence (e.g., SLOs, data) support the action plans?
- Based on the action plans what resources are needed?
- What are the expected outcomes of the action plans?
- What is the total cost of bringing the action plan to life?

Action Plan	Supporting Evidence	Expected Outcome	Resource(s) to Achieve the Action Plan	Resource Category	Estimated Cost	Expense Type	Priority Ranking
Example 2: Update the automotive equipment to support relevant learning and job readiness	Course Success and Retention Rates	Increase success and retention rates	Cool Auto thing + training	Equipment	\$5,000	One-Time	1

# Child Development Revitalization – Follow Up Report

## Background

The Child Development Program underwent a revitalization process during the academic year of 2020-2021. There are 2 main changes made during this process:

1. Courses are to be offered once every year instead of every other year.
2. The core courses are to be offered via online modality.

## 1. Change Course Offering Term

### *Reasoning*

With offering many courses every other year, it can take students up to 4 years to complete their AA in Child Development here at Lassen College. In addition, the Child Development Agencies in town have a high turnover rate and are in continuous need to fill positions. To capture the people who need courses for California Community Care Licensing in our local area, the 4 core courses that are needed for the licensing are proposed to be offered online. The 4 core courses include: CD-12, -16, -20, and -31.

### *Proposed change in Advising Plan*

A file was sent out by Laura Greer (Child Development Instructor/Director) documenting the curriculum changes proposed. Original File is in Appendix A at the end of this document.

Based on the minutes and files of the Curriculum Committee, the following changes are made to each of the degree/certificate in the area:

- **Child Development Certificate of Accomplishment** was inactivated at 12/1/2020 meeting.
- **Child Development Certificate of Achievement (CA)** had CD 11, 24 and 25 removed, with CD 22 added at 12/1/2020 meeting.
- **Child Development associate in arts (AA)** added CD 22 to required Core and added 1 unit to “required electives” (from 3 to 4)
- **Early Childhood Education associate in science Degree for Transfer (AS-T)** – on 01/18/2022 the advising plan was changed to remove any “odd” or “even” offerings to every spring or every fall – no classes were changed.

All the above curriculum changes were reflected in the document sent (See Appendix A) by the area instructor except for the 1-unit elective added to the Child Development AA. The change in offering term for the courses in AS-T also effects the offering of the same courses in the CA and AA.

### Enrollment Analysis

The enrollment for the four CD courses listed increased by 5.76% from the academic year 2018 to the 2019, indicating that the CD program was growing at that time. The drastic drop of 38.8% in enrollment from 2019 to 2020 is likely due to the pandemic where the lifestyle of the student was affected during the academic year of 2020. This influence of pandemic on enrollment can also be observed in the decrease in the LCC overall enrollment over the same time. It is hypothesized that since the students in the CD program are mostly working adults/parents, the enrollment of the CD program was affected by the pandemic more than others. As people’s lifestyle adjusted, the CD program was able to gradually recover its enrollment as observed by the 6.67% increase in enrollment from 2021 to 2022. The trend observed in the selected CD course enrollment correlates to the trend observed for the overall enrollment trend at LCC. No clear conclusion can be drawn to the effect of the change in offering term with the data available. The data below was based on the data provided in the [LCC Data Tableau](#) platform (enrollment based on Census).

## 2. Proposed Change in Delivery Modality

### *Reasoning*

Most of the students in the Child Development program are working adults (and/or parents) who are currently working in the field and trying to complete their corresponding course work. Prior to the year 2018, the CD courses were offered mostly through online modality with few exceptions, allowing the students to complete their degree and core course works through fully online modality. This allows students that are not in the region to participate in the program. Starting Spring 2019, core courses such as CD-11 and -24 required an in-person participation component (face-to-face or hybrid modality), restricting enrollment for the students who are not currently in the region. This is hypothesized to be another factor that contributes to the decrease in enrollment in addition to the pandemic around the corresponding academic years. The data below was based on the data found in the Report Server (Active Enrollment in the Scheduled in A Term document over the years listed), which accounts the student enrollment after census (including students dropping/withdrawing throughout the semester).

### *Proposed change in Modality*

In the Child Development IPR for 2021-2022 (page 9 planning agenda), it is recommended to offer CD-11 and CD-24 in both face-to-face and online modality. And to also offer all classes every year and the core courses (CD-12, -16, -20, and -31) in 8-week session. On Page 16, it is documented that most CD courses (except for CD-11, -24, -49, and -50) was being offered online. All courses except for CD-31 and -40 were semester-length courses. CD-11 and -24 were offered once a week during evening hours.

### *Scheduling Changes Made starting 2022-23*

For the academic year of 2022, all CD courses except for CD-11, -12, -24, -31, and -50 were scheduled to be delivered through asynchronous online modality. CD-11 and -24 were offered once a week during evening, and CD-12 and -31 were offered twice a week during morning for dual enrollment students. Starting Fall 2023, CD-11 and -24 would be scheduled fully online to try capturing the students who are prefers online modality (either not in the area or working adults with other commitments).

## CD program Today

Dual Enrollment program resulting in increase in program enrollment.

Starting Fall 2022, the CD program started a dual enrollment/pathway program with Lassen High School. This program will produce students who have the 4 core courses upon high school completion. These core courses included: CD-12, -16, -20, and -31. As a result, these courses will be offered in person at LCC (one course per term) to help ease the student into the associated AA and CA. This results in an increase in enrollment for the academic year of 2022-23. While at the time this report is written (April 2023) the Spring 2023 semester has not concluded and the academic year is not yet over, an increase in enrollment can already be observed. The data below was based on the data found in the Report Server (Active Enrollment in the Scheduled in A Term document over the years listed), which accounts the student enrollment after census (including students dropping/withdrawing throughout the semester).

The below chart demonstrates the increase in enrollment for CD-12 and -31. Both courses piloted as dual enrollment during the academic year of 2022-23, CD-12 for Fall 2022 and CD-31 for Spring 2023. Both courses experience an increase in enrollment as a face-to-face course, while the enrollment for previous years are collected for online modality. The data is based on the enrollment presented in the Faculty Workload report, which accounts the student enrollment after census (including students dropping/withdrawing throughout the semester).

## CD program Planning Agenda

1. Continue participating in the Dual Enrollment program and maintain the agreement with the local high school.
2. Continue following the revised advising plan and offer the courses every term.
3. Offer the courses listed (CD-11 and -24) online starting Fall 2023.
4. Continue tracking the enrollment data and evaluate the changes implemented.

## Note from the Report Author

Another piece of data that needed to be incorporated was the retention rate for the courses. However, at the time when this report was written, there were discrepancy in data observed in the data dashboard provided. Therefore, the retention rate analysis was not included in this report.

Appendix A. Document sent out by Laura Greer with the proposed changes.  
File was found in email from Cathy Harrison to Makenzie Davis on Dec. 10<sup>th</sup>, 2021.

Child Development Advisory Program Revitalization 2020-2021

On January 14<sup>th</sup>, 2021, I reached out to the Child Development Advisory Committee via email regarding the Child Development Program Revitalization. Below is the email I sent to the committee:

Hello everyone,

I wanted to update all of you on the Child Development Advisory Committee at Lassen Community College about a program revitalization that is in the process. There has been a handful of us here at the college who have been taking a very close look at the Child Development Instructional Program and we all feel that there are some changes that need to be made in order to bring the program up-to-date with community needs, state regulations, and to make it more student friendly. Below are the changes I am forwarding to our Curriculum Committee and I need approval from all of you in order to help these changes along the way.

Proposed changes:

Terminal (in-house) AA Degree:

- Add CD 22 (The Infant/Toddler) to the "required course" section. As of now, it is an elective, but in order to teach infants or toddlers, a person needs this course.

Child Development Certificate of Achievement:

- Eliminate CD 11 (observation and assessment), CD 24 (practicum), and CD 25 (diversity)-we had many more assets than required for a cert. of achievement.
- Add CD 22 (The Infant/Toddler)

Child Development Certificate of Accomplishment:

- Eliminate this certificate all together. It is no longer useful in the field.

Courses to be offered every year instead of on an every other year cycle.

Please let me know if you have any questions about the proposed changes and email me back with an approval or why you do not approve. Thank you so much and I look forward to having a Zoom committee meeting once the semester is up and going!

Laura Greer

There were 0 members who were against the changes.

\*I have emails from the committee members who responded indicating they are for the changes\*

## Gunsmithing Revitalization Summary

The revitalization committee was formed according to AP 4021 and first met February 1, 2022. The committee continued to meet until October 27, 2022 to discuss needed curriculum changes and marketing of the program. It was determined that enrollment has been declining and that it is difficult for students to complete a degree within 2 years due to the schedule of courses and degree plan. It was also determined that marketing investments for the program are needed.

On March 29, 2022 a vote of the revitalization committee occurred and the committee voted for Directive B, Revitalization Effort. The program student cohort was paused and second year students were continued through the existing advising plan to graduation. The faculty worked to revise curriculum and plan for semester length courses to allow students to more easily complete a degree. During the 2022 Spring semester and 2022 fall semester, curriculum and program was revised submitted to LCC curriculum committee, North Far North Consortium, and Chancellor's office. All were approved in Spring 2023. Advertisement for new students occurred after approval and students were accepted into the program for Fall 2023. The program saw increased enrollment in Fall 2023 from Fall 2021.

# Instructional Program Review

Program: Gunsmithing

Academic Year: [2022/2023](#)

Author(s): [J. Martin](#), [B. Bauer](#)

Accepted by Academic Senate: February 22, 2023

Accepted by Consultation Council: February 27, 2023

Accepted by Governing Board: March 14, 2023

## Executive Summary

The executive summary should be a consolidation of key findings, program plans, and participants that contributed to the review

The Lassen College gunsmithing program is a unique program with the community college system. The program offers one and two week long classes that offer a wide variety of skill sets to the student and prospective gunsmith. The courses are hands on and for the beginner as well as the current gunsmith to learn or advance their skills. The Lassen college gunsmithing program is also endorsed by the NRA for the short term gunsmithing courses (summer classes). These classes include but not limited to law enforcement armorer classes, general gunsmithing, machine shop as well as a variety of other courses to offer the students.

The gunsmithing program has seen a decline in enrollment and was believed to be because of the online enrollment system that was being used. The gunsmithing program used an in person registration before 2013 and was successful but changed to the online system. In 2020 the gunsmithing program started using the in person registration again and was a success considering the Covid-19 pandemic. Since 2020 there has been an increase in enrollment and in the spring of 2022 a committee was formed of Lassen college employees and voted to revitalize the gunsmithing program. The revitalization was said to be because of low enrollment and change the format to give the students more time to complete an A.S. degree in two years.

The changes to the program are mandated by administration and the revitalization committee.

The revitalization and what is changing is as follows:

- The gunsmithing program did not take in students for the 2022-23 school year
- This break was to give the two full time employees' time to rewrite/update curriculum and finish out the current students in the current format.
- Change in format to change from the one/two week classes to semester length classes
- Reduce the hours the students are in gunsmithing classes so the student will have time to complete the general education requirement to obtain and Associate degree in a two year period
- Update curriculum to expand on some firearm platforms including inertia operated shotguns(Benelli),Glock auto pistols and AR 15 style rifles including the standard operating system(direct gas impingement) and piston operating system.
- Update facilities; replace the shipping containers that were unusable with one 40' container for storage of equipment that clutters the shop and is only used once a year. With the external storage area we can make our storage room into a spray area for spraying firearm finishes.
- Purchase new equipment for applying firearm finishes i.e. ovens and spray booth

The revitalization and changes are only being made to the two year degree/certificate program. There are no changes at this time to the NRA summer classes.

As this is being written the curriculum has been rewritten and has been reviewed by the advisory committee, curriculum committee, the North Far North committee and now is going to the chancellor's

office to be approved. As soon as we can get the chancellor's office approval we will start advertising for the updated program, to start taking in students for the 2023-24 school year starting in August 2023. With the updated program there will be some small adjustments that will need to be made to the program. These adjustments are not known at this time but will be reviewed in the next review cycle. The gunsmithing program will continue to improve and stay at the leading edge of the industry with input from our advisory committee. The facilities director is looking at moving the gunsmithing department in the next 5 years. This move will be to facilitate the student services being in one location. John Martin and Buck Bauer, both full time faculty for the Lassen College gunsmithing program have contributed to this document.

## SECTION 1: ACADEMIC PLANNING

### Program Overview, Objectives, and Student Learning Outcomes

- Describe the program (types of degrees offered, jobs/industries/transfer pathways associated with the program, faculty members in program)

The mission of the Lassen Community College Gunsmithing Program is as follows:

- Provide a comprehensive series of courses to enable the student to develop necessary industry skills and earn an A.S. Degree.
- Provide specific vocational training in specific Gunsmithing subjects to facilitate entry-level employment and develop job skills to advance in current career.

The objective of the Gunsmithing program is as follows:

- Identify industry standards and needs and provide individuals with opportunities to advance within the industry through vocational training with an A.S. Degree or Certificate from Lassen Community College.

The goals of the Gunsmithing Program are as follows:

- Treat each student with respect to encourage each student to establish and reach his/her goals and objectives within the field of Gunsmithing.
- Expand the use of industry technology in both degree and certificate courses.
- With the participation of an active Advisory Committee, review and improve the Program curriculum every two years.

- Describe and evaluate the program objectives against the LCC strategic plan, specifically the mission statement and strategic goals

The objective of the Gunsmithing program is as follows:

- Identify industry standards and needs and provide individuals with opportunities to advance within the industry through vocational training with an A.S. Degree or Certificate from Lassen Community College.

The following are approved Student Learning Outcomes for the Degrees and Certificates offered in the Gunsmithing program;

- **Associate in Science Degree Firearms Repair**
  1. Diagnose a specific firearm malfunction, execute the appropriate corrective step and verify the problem has been resolved.
  2. Perform firearms repair and maintenance procedures on the large variety of firearms common to retail Gunsmithing operation and do them legally under state and federal law.
- **Certificate of Achievement Gunsmith Machinist and Metal Finishing**

1. Design and machine firearm parts and fixtures using the appropriate tools and techniques.
  2. Apply the appropriate polishing technique and finish to metal firearms parts.
- **Certificate of Achievement Firearms Repair**
    1. Diagnose specific firearm malfunctions, execute the appropriate corrective step and verify the problem has been resolved.
    2. Perform appropriate custom alterations and modifications to specified firearm platforms
- Evaluate any changes in the program since last review. Include summary of Annual Updates completed since last review. Regular program assessment will drive program improvements.

The Lassen Community College gunsmithing program is currently in the revitalizing process. With that we have paused taking in students for the 2022-2023 school year and finishing out the current students that are in the program. This pause is to give current fulltime staff to rewrite/update curriculum and update facilities.

- The curriculum changes include changing the format of the classes from one-week long blocks to semester length courses,
- New firearm platforms such as inertia operated shotguns (Benelli), Striker fired auto pistols (Glock) and AR-15 style rifles.
- The curriculum will also include some CNC (computer numerical control) programing as well as machine use.
- The facilities update includes adding storage next to the machine shop and changing the storage room into a spray booth.
- Listed is some of the differences we will have with the updated program
  - The current contact hours per week; 40
  - Proposed contact hours per week; 27
  - Current enrollment per year; 704
  - Proposed enrollment per year; 440

As this is written, we have currently completed the curriculum changes and waiting for them to be approved by the chancellor so that we can start advertising for the updated program. The gunsmithing program is also waiting for the facilities updates to be completed. The new equipment is ordered but has not arrived at this time.

## Student Achievement and Learning Outcomes

Cert. of Achievement Firearms Repair	14	2	11	2
Certificate of Achievement General Gunsmithing	14	2	12	2

**Achievement**

Based on your review of the data trends above (e.g., course success, retention, awards) please provide an analysis of achievement gaps and accomplishments in the program.

The data provided shows that the Lassen Community College Gunsmithing program had great success and retention rates. The rates were well above the average for the college as a whole. Due to the gunsmithing program revitalizing and changing the program format the success and retention rate is suspected to decline. The success and retention rates were much lower when the program was in the semester format and we are changing back to that format. The current format focuses on one subject or firearm platform and is completed in one week there is no other subjects in that time period. The new format will give the student several lectures on different subjects/firearm platforms in one day and can lead the student to some confusion and combining of the subjects. The instructor will do extensive demonstrations and tutoring in the lab to try to mitigate these issues.

**Equity**

Based on your review of the data trends above (e.g., course success, retention) please provide a narrative to outline opportunities to address any equity gaps.

There are no equity gaps at this time. The Gunsmithing program is under revitalization and we will have to wait until the next review cycle to see how the updates are working out.

## Student Learning Outcomes

SLO assessment is important to maintain and improve an effective learning experience for LCC students. Evaluating SLO results regularly is helpful for evaluating student learning and identifying emerging program needs. There is a link between SLO assessment results, SLO improvement plans and review of curriculum and/or budget requests. Regular program assessment will drive program improvement. These records are maintained in the online Data Management and Visualization tool (TABLEAU) and are available for review by faculty at any time through its self-updating, interactive dashboards, and reports. Feedback and narrative from the Share Point tool will be included in the reports.

\*By contract, faculty are required to prepare and submit an SLO Assessment Plan for each class within one week of the first-class meeting and implementation of the assessment method as indicated on the SLO Plan for each class. Submission of the (a) results of the assessment methods and (b) steps taken as result of the assessment within five (5) District business days after the last scheduled meeting of the class. Both submissions will be made in accordance with District tracking procedures (i.e., may be paper-based or electronic).

- Provide an analysis of findings of the assessments completed and recommendations being made in individual assessments.  

The Gunsmithing program is under revitalization. This will have to be reviewed at the next review cycle to see if the updates are an improvement.
- Consider the impact or influence of the assessment results at the program level.  

The results show the courses offered were very successful.
- Identify and evaluate the Program Student Learning Outcomes including the relationship between course, program and institutional student learning outcomes utilizing information provided by the Office of Institutional Effectiveness.  

The PSLOs show that the students are meeting the SLO and there is no improvement needed. The course format will change before the next review cycle and we will see if this stays the same.

Course Assessed	Recommendations for Improvement
GSS-112 Machine Shop For Gunsmiths	No improvement needed

## Enrollment Management

Enrollment Management	2018-19	2019-20	2020-21	2021-22
Gunsmithing Census Enrollment Overall	1,071	700	638	708
Lassen College Census Enrollment	15,117	14,320	12,244	11,847
Gunsmithing Full-Time Equivalent Students (FTES)	84.6	56.9	48.2	57.9
Lassen College Full-Time Equivalent Students (FTES)	1,648	1,561	1,340	1,269
Gunsmithing Number of Sections	89	71	81	87
Lassen College Number of Sections	883	851	758	818
Gunsmithing Fill Rate	52%	43%	37%	34%
Lassen College Fill Rate	55%	54%	55%	51%
Gunsmithing Full-Time Equivalent Faculty (FTEF)	5.7	4.4	5.0	5.8
Lassen College Full-Time Equivalent Faculty (FTEF)	79.8	77.7	70.6	74.2
Gunsmithing FTES/FTEF	14.8	12.9	9.6	9.9
Lassen College FTES/FTEF	20.7	20.1	19	17.1

### Enrollment (Seats Filled at Census)

Based on your review of the data trends above (e.g., enrollment, FTES, FTES/FTEF, fill rate) please provide an analysis of efficiency gaps and accomplishments.

Based on the data provided, the gunsmithing program has been operating about half capacity and the program has seen a decrease in enrollment mainly due to Covid-19 pandemic. We can see that since the pandemic the enrollment numbers are on the rise. The data listed includes the NRA summer courses and we have had a decline in enrollment in that program due to Covid-19 as well as the lack of advertising. The data listed does not capture all enrollments the gunsmithing program brings in i.e. the welding courses are not listed in the data for the gunsmithing program. The welding courses are specific to the gunsmithing program and only students enrolled into the gunsmithing program are allowed to take these courses. The degree/certificate program is under revitalization to improve enrolment. With the changes to the format to the gunsmithing program the enrollment number will be substantially less. Currently one student will be enrolled in an average of 18 courses per semester and counted for each

course. With the new format one student will be enrolled in 5 courses per semester and counted for each course. With full classes the enrollments compared as follows;

- Current program; 22 students X 18 classes per semester = 396 enrollments per class per semester
- Proposed program; 22 students X 5 classes per semester = 110 enrollments per class per semester

These changes will also show a decrease in FTES the program will generate. With the decrease in enrollments and decrease in contact hours this in turn decreases FTES the program can earn. The current program vs. proposed program FTES generation per semester,

Current program with 22 students enrolled = 14,080 contact hours = 26.8 FTES

Proposed program with 22 students enrolled = 9,504 contact hours = 18.1 FTES

The gunsmithing program staff will work diligently to fill the classes through advertising and promoting the program. These changes are mandated by the administration and the revitalization committee. The decrease in contact hours as well as enrollments are to facilitate the students having more time to complete the general education requirements for the degree.

## Curriculum

### Degrees and/or Certificates

Degree or Certificate Title	Award Type (AA, AS, AAT, AST, etc.)	Units	Term of Last Revision
Associate in Science Degree in Firearms Repair	A.S.	60	2021
Associate in Science Degree in General Gunsmithing	A.S.	60	2021
Certificate of Achievement in Firearms Repair	COA	16	2021
Certificate of Achievement in General Gunsmithing	COA	16	2021
Certificate of Accomplishment in Gunsmith Machinist and Metal Finishing	COA	16	2021
Certificate of Accomplishment in Long Guns	COA	16	2021
Certificate of Accomplishment in Pistolsmith	COA	16	2021
Certificate of Accomplishment in Riflesmith	COA	16	2021

Provide a narrative of revisions made.

The program is under revitalization at this time. The updated program will offer

- A.S. firearms repair
- Certificate of Achievement Gunsmith machinist and metal finisher
- Certificate of Achievement firearms repair

The revitalization and changes to the program are as follows

- The gunsmithing program did not take in students for the 2022-23 school year  
This break was to give the two full time employees' time to rewrite/update curriculum and finish out the current students in the current format.
- Change in format to change from the one/two week classes to semester length classes
- Reduce the hours the students are in gunsmithing classes so the student will have time to complete the general education requirement for obtain and Associate degree in a two year period
- Update curriculum to expand on some firearm platforms including inertia operated shotguns(Benelli),Glock auto pistols and AR 15 style rifles including the standard operating system(direct gas impingement) and piston operating system.

The revitalization and changes are only being made to the two year degree/certificate program. There are no changes at this time to the NRA summer classes.

### Courses

Summarize curriculum revisions, new course adoptions, and/or course deletions since the last program review. Describe the program accomplishments and/or changes (e.g., major revisions, additions, etc.). All courses need to be submitted to the Curriculum Committee for revision at least once every five years.

Whether changes to a course outline are necessary or not, a Revision to Existing Course Form for each course must be completed and submitted to the Curriculum/Academic Standards Committee for action.

If all the courses in the certificate or degree are reviewed at one time, a single Program revision form can be used. If there are changes made to a course, the changes must be noted on the revision form. When reviewing a single course and changes are necessary, indicate the revisions on the form. Where no changes are necessary, simply indicate on the Revision Form that “the course has been reviewed as part of the program review and no changes are necessary.” All program certificates, degrees, PSLO maps, and SLO maps are also required to be reviewed and updated if necessary. PSLO maps require a program revision form and course SLO maps require a course revision form. If all maps are reviewed at the same time, a single program revision form can be used. Advising plans also need to be reviewed and updated. A program revision form is used to review and update the advising plan if necessary. Revision forms will be retained in the Instructional Office with the Curriculum agenda packets.

Following the Curriculum/Academic Standards Committee action on all submitted Revision to Existing Course Forms, a summary Instructional Program Curriculum Review Form will be completed by the Curriculum/Academic Standards Subcommittee Chair and given to the program faculty for inclusion in the program review.

The signed Instructional Program Curriculum Review Form is to be included with your completed program review documents for all certificates and degrees.

Provide a narrative of revisions made.

The program is in revitalization at this time. The changes are as follows:

- The gunsmithing program did not take in students for the 2022-23 school year
- This break was to give the two full time employees' time to rewrite/update curriculum and finish out the current students in the current format.
- Change in format to change from the one/two week classes to semester length classes
- Reduce the hours the students are in gunsmithing classes so the student will have time to complete the general education requirement for obtain and Associate degree in a two year period
- Update curriculum to expand on some firearm platforms including inertia operated shotguns(Benelli),Glock auto pistols and AR 15 style rifles including the standard operating system(direct gas impingement) and piston operating system.

The revitalization and changes are only being made to the two year degree/certificate program. There are no changes at this time to the NRA summer classes.

Articulation/Integration of Curriculum

- Attach a tabular comparison of Lassen Community College courses articulating with UC and CSU, Indicating courses with approved C-ID designations as applicable (Obtain copies of Articulation Agreements from the Transfer Center / Articulation Officer)

- Provide a narrative reviewing the Lassen Community College courses and courses at four-year institutions for course alignment. (e.g., two courses at Lassen needed to articulate with one course at UC) and the unit requirements for Lassen Community College courses as compared to four-year institutions.

Lassen Community College Gunsmithing program is a unique program that is the only campus based Gunsmithing School that offers Design, Function and Repair classes in America. Our classes do not transfer to the UC or CSU level because none of the four-year institutions offer a gunsmithing program.

### **External Compliance**

Provide a summary of any compliance regulations (e.g., accreditation, accessibility), actions taken, and gaps identified.

The gunsmithing program is currently next to the child day care and the student services office. The Child Day care is leased to an outside agency and with the large amount of traffic in the area is a concern. At this time the Gunsmithing program is in compliance with federal, state and local laws. If the laws are to change in the future the Gunsmithing program will not be able to operate at its current location. The LCC facilities director is currently looking into another space for the gunsmithing program. The gunsmithing advisory committee has not given any input on this issue at this time. This will be brought to their attention at the next meeting. The facilities director looking at moving the gunsmithing program in the next 5 years. This move is to facilitate student services being in one location. This proposed move would move us away from the child day care and alleviate most of these issues.

### **External Analysis: Job Market Assessment**

Provide a summary of Industry Advisory Board suggestions and market data. The market data will be populated for Career Technical Education programs only

The advisory committee minutes are available in the office of instruction. At this time there has been not many recommendations from our advisory board due to they have had a lot of information to review and vote on with the program going through revitalization.

### **Program Planning and Communication Strategies**

Describe the communication methods and interaction strategies used by your program faculty and administrators to discuss program-level planning, curriculum, SLOs, PSLOs, equity, student achievement, and institutional performance data.

The communication that has happened between program faculty and administration is by zoom and in person. The program planning and strategies has been discussed and plans have been made, during the revitalization process.

### **Academic Planning Analysis Summary**

Summarize the key findings from the program analysis and outline opportunities for change.

The gunsmithing program is being revitalized at this time there is nothing to analyzed and we are making

changes to update the program.

## Section 2: Human Resource Planning

### Workload and Staffing Assessment

Year	F/T Faculty	P/T Faculty
Previous Year	2	7
Current Year	2	7
Next 2 Years	2	7

Provide a narrative that describes the program's faculty staffing trends and develop a projection for the two years. Discuss the extent to which your current faculty staffing structure meets or does not meet your program's needs and/or initiatives. Please describe what strategies will be used to diversify your staffing (e.g., education, expertise/skillsets, areas of interest, demographics).

The Number of full and part time faculty is steady. With full time faculty working at max capacity, it is difficult to expand the program. Lassen College is in desperate need of a director for the gunsmithing program to survive and grow. The gunsmithing program is the only program on campus that runs 12 months and does not have a director.

Lassen College has a signed contract with the NRA that states Lassen College will maintain a director or coordinator to oversee the NRA Gunsmithing program. At this time Jonathan Herring GS department ISS is the NRA coordinator.

Due to the work load of the current GSS staff full time and part time, the program is in need of a third full time instructor. The GSS program used to have three full time employees but due to staffing changes it was reduced to two. It is hard to maintain/improve the GSS program with the full-time instructors teaching at the current work load. Thus, the program needs a director and 2 full time instructors. Within the next couple years one of the full-time instructors is looking at retiring so it would be beneficial to hire another instructor so they can be up to speed when the senior instructor retires.

With a director and 2 full time instructors and the spread-out work load the faculty would have ample time to take care of the duties to maintain/improve/advance the Gunsmithing program. At the time that the gunsmithing program had a waitlist to get into the program and there were 600-700 summer students there were 3 fulltime faculty. With the help of another full-time faculty, we could increase enrollment and offer more classes that would in turn bring in more FTES.

The GSS program needs a secretary to help with the clerical duties that are necessary to be in compliance in the industry.

## Professional Development

Provide a description and associated outcomes related to the program's target professional development participation over since the last program review. Discuss the current professional development/training need(s) of your program, and why this need(s) exists. If you have specific trainings you want to request, please include those details.

Since the last review we have been in the revitalization process. The only professional development that has been done is to update the program is the program staff are getting online training for the CNC machine so that we can include programing and machine use into the updated program after we finish the revitalization process. In the spring 2023 we hope to attend gun shows as well as the SHOT show to attend trainings and stay current with the industry.

## Section 3: Infrastructure Planning

### Facilities

- Describe and evaluate the Lassen Community College facilities available to the program.
- Describe and evaluate additional facilities utilized off-campus by the program
- Describe any facilities needs identified internal or external analysis
- Justify any proposed modifications or additions to existing facilities that would better serve the program planned for the program review cycle.

The classroom for the Gunsmithing Program is located in the Vocational-Technical building, room VT-104, along with a program office located in VT-110. The remainder of the Program is located in the GS building, which is immediately adjacent to the Vo-Tech building. The GS building includes

- Work benches, grinders, welders, saws, lathes, milling machines, caustic bluing equipment, sandblasting equipment, and a wide range of small tooling. The major equipment is outlined below: see appendix A

Evaluation of the facilities available to the Gunsmithing Department:

- The current facility is limited in space for machinery and equipment
- The current facility is limited in space for student activity and storage of student and program materials resulting in some safety concerns.
- The current facility has a realistic operational capacity of approximately 50 students, limited by the availability of machines/equipment in the machine shop
- The Child Development Center was constructed in close proximity to the facility, raising concerns
- Student Services in the Vo-Tech building is in close proximity to the gunsmithing facility
- VT-105, formerly a classroom available to the Gunsmithing Department, has become Counseling offices, forcing a make-shift classroom to be arranged in the Gunsmithing Shop
- VT-101, one of the class rooms currently used by the gunsmithing department, is being changed into offices for student services.

- The gunsmithing department has asked for more classrooms and we have been told that there is no room for more classrooms facilities has to make room for student services, so we will be losing another class room. At this time we will only have one class room available for our summer program 2023. In the past we have had 5 class rooms in use at one time.
- Availability of classroom space during the degree/certificate and NRA Summer Program keeps getting smaller.
- The former Facilities director has taken away what was used for the gunsmithing armory Vt-102. Forcing LCC to purchase gun safes and store them in classroom VT108. This cut down the size of the classroom and as a result have to cut down class size.
- Due to Covid-19 pandemic LCC made the campus i.e., dorms and gym, overflow for the hospital if need be. In turn the main electrical panel in the gunsmithing dept. machine shop has been upgraded and made so there could be generators hooked to the panel. With this the former facilities director built a room around the panel in the machine shop that makes more of our area unusable and cuts down the square footage of the shop. The former Facilities director also removed equipment out of the machine shop that we currently used to make room for this structure. This was done with no consideration to the gunsmithing program staff.
- LCC gunsmithing dept. had a fenced area on the east side of the machine shop. The fence and the area were removed including part of the lawn to repair a drainage line. The drainage line is still broken after 5years and the fence has not been replaced. We stored raw materials, oxygen and acetylene bottles and other supplies that didn't need to be inside in this area. The fenced area was locked and secure. Now we must store these items in the machine shop/lab area and they clutter the shop and is a safety concern. This area is also the first place all students go on campus to get to admissions and records. This is unsightly and unprofessional looking.
- Since the last review, and due to the program being revitalized, the program has received a 40'-shipping container for storage and at this time we are waiting to get power hooked up to it so we can move the equipment that is used once a year and clutters the shop into it.
- With getting the shipping container for storage we will be able to move the spare parts out of the storage room in the lab and the room will become a painting area for spraying firearm finishes. We have ordered a paint booth but have not received it at this time. We have also ordered two commercial ovens for curing the firearm finishes and also have not received them at this time.

Evaluation of the major equipment utilized by Gunsmithing Department shows some of the worn and outdated equipment has been replaced using grant moneys.

## Equipment

- Describe and evaluate equipment and equipment support provided for instruction and instructional support

The classroom for the Gunsmithing Program is located in the Vocational-Technical building, room VT-104, along with a program office located in VT-110. The remainder of the Program is located in the GS building, which is immediately adjacent to the Vo-Tech building. The GS building includes

- Work benches, grinders, welders, saws, lathes, milling machines, caustic bluing equipment, sandblasting equipment, and a wide range of small tooling. The major equipment is outlined below:
- 19 Metal turning lathes
  - a. 3 lathes less than 5 years old
  - b. 7 lathes 5 to 10 years old

- c. 9 lathes unknown age (two are WWII vintage)
  - d. 1 lathes are non-operational
  - 6 Milling machines
    - a. 2 mills less than 5 years old
    - b. 1 CNC mill w/attachments, approx. 15 years old
  - 2 Welders, Tungsten Inert Gas (TIG)
    - a. Both approx. 15 years old
  - Dell Computer to Run CNC programs Less than 1 year old
    - a. Paton software
  - 14 Browning Gun safes, 2years old
  - 1 Finish curing oven, built by students
  - Savage Range systems snail trap, under 5 years old
- The majority of the worn and obsolete equipment has been replaced using grant moneys.

Due to a limited budget, the GSS program does not have any equipment maintenance/service agreements. The Gunsmithing program could use a maintenance/service program for the equipment. A maintenance/service program would extend the life of our equipment

## Technology

- Describe and evaluate technology and technology support provided for instruction and instructional support.
- Justify any proposed modifications or additions to existing technology that would better serve the program planned for the next four years.

Since the last review the gunsmithing program has not received any new technology. The IT department has provided support that we have not received in the past. The Gunsmithing program would like to include laser engraving. Laser engraving has become an advancement in the industry not only for engraving but for removing broken taps and cutting material that cannot be done on conventional machine equipment.

## Section Four: Program Planning

Progress update on previous action plans

Since the last review, the gunsmithing program has been in the revitalization process. The changes that are in progress right now are, the gunsmithing program has received the 40' shipping container that was approved in approximately 2007, with receiving the shipping container for storage the gunsmithing department will be able to make room for a spray booth within the shop. The spray booth and new ovens have been ordered but not received at the time this is written. At this time the shipping container does not have power to it there for we cannot start using the new equipment.

The plan at this time is, as soon as the chancellor's office approves the updated program we will start advertising and promoting the program. Lassen college administration has moneys set aside to advertise and promote.

Action Plan	Progress Detail	Outcomes
N/A		

### Strengths, Weaknesses, Opportunities, Threats (SWOT) Analysis

Complete SWOT analysis

<b>Strengths</b>	The only program in CA offering courses in this subject large LE following for armorer classes
<b>Weaknesses</b>	Motivating students following Covid-19 where individuals are not self-dependent No program director that is faculty Advertising
<b>Opportunities</b>	Community service classes Bring in more industry experts for wider knowledge base Bachelor's degree in gunsmithing
<b>Threats</b>	Changes in federal and state laws Political climate

### Program Plan

Develop a program action plan based on the findings of the SWOT Analysis. The plan should specify should aligns with one or more College Goals. SLO maps may be utilized to help show the connection.

SWOT ; The Lassen College Gunsmithing program exists as a unique entity and is the only Gunsmithing not only in California but on the west coast. The Gunsmithing program has existed within Lassen College for 77 years. The Gunsmithing program trains law enforcement, military as well as the general and specialized gunsmith. The Gunsmithing program also offers extensive training for the hobbyist to the advanced gunsmith or armorer to learn or maintain their skill set. The current program has offered students that have a unique skill set that employers not only in the Gunsmithing industry look for.

The Gunsmithing program has seen that students are harder to motivate coming out of the Covid-19 pandemic. The Gunsmithing program is in desperate need of a director for the Gunsmithing program as well as the NRA summer program. This position must be a faculty position. There has been no advertising for the Gunsmithing program for many years. Now that the program is being revitalized there will be extensive advertising when the chancellor's office approves the new degrees and certificates. This will include online, print and attending gun and trade shows.

The Gunsmithing program could offer community service classes that would offer the student a class that they could take as many times as they want. These classes would not be subject to the states repeatability restrictions. With offering community service classes the Gunsmithing program would be able to bring in more industry experts that currently cannot pass the minimum qualification. There are people in the industry that have years of experience and are an expert but cannot pass the minimum qualification requirements. The Gunsmithing program could offer a bachelor's degree in Gunsmithing. This would offer the student a degree that is not offered anywhere else in the country. After the degree/certificate program get back on its feet we will look into writing some community service classes.

At this time the Gunsmithing program is complying with federal and state laws pertaining to having firearms on a college campus and next to a day care center. If the laws, federal and/or state change this could make it to where the Gunsmithing program would have to be moved from its current location and possibly off of campus to comply with the laws. The Gunsmithing program is looking at moving locations in the next 5 years. At this time we are looking at options for a new facility.

The program plan is as follows.

Recover from the revitalization process.

Start the degree/certificate program back up fall 2023

Keep advertising fall of 2023 for fall of 2024 and summer NRA courses

- How do the action plans align with the mission of the college?
- What strategic goals do the action plans support?
- What ISLOs do the action plans support?
- What specific evidence (e.g., SLOs, data) support the action plans?
- Based on the action plans what resources are needed?
- What are the expected outcomes of the action plans?
- What is the total cost of bringing the action plan to life?

John Martin, Lassen Community College, Full time Gunsmithing instructor  
Garrett Taylor, Lassen Community College, Business Instructor  
Peter Coelho, J&G Gunsmithing, Lead Gunsmith  
Matthew Hawes, Matthew Hawes Precision Gunsmithing, Owner/Lead Gunsmith  
Mike Lake, Nosler INC, Senior Manager, technical services  
Kelley Merritt, Lassen Co. Sheriff Department, Armorer

**1. CALL TO ORDER: 4:06pm**

**A. Introductions**

All members present introduced themselves.

**B. Approval on minutes from meeting September 29, 2021**

Tabled until next meeting. Not all members had opportunity to review.

**C. Approval of Agenda**

**ACTION:** Motion by Jake Floyd to approve agenda. Second by Dan Musante. All in favor, the motion passed.

**II. REPORT ITEMS**

**A. Program Update**

**a. Revitalization**

The program is going through Revitalization because of low enrollment. We did not admit new first year students this fall. Second year students are finishing out the program with the 1-week per class format. A change in format will make it so students can complete the General Education (GE) classes needed for an Associate's Degree in two years.

**1. Format**

The format is being changed from 1-week classes to semester-long classes.

**2. Curriculum**

Curriculum is being updated to the new semester-long classes.

---

### 3. Facilities

A new 40-foot shipping container has been purchased for storage. Maintenance is working on getting power to it. They're doing a good job. Once completed, the armory will be moved out of the current storage room and relocated to the shipping container. The storage room will be converted to a spray booth and oven area.

Guns are being updated including inertia-operated shotguns, striker-fire handguns, Glock & Sig-Sauer, AR/M16 style platform as designed and the new piston driven system. Basic CNC will be added to the machine shop classes. No platforms have been dropped, just adding new ones.

#### PROGRAM UPDATE DISCUSSION:

With the new semester-long format, students will not be in the shop as long so they have time to take GE classes. Instead of the week-long DFR handgun classes, all revolvers will be in one semester-long class, with one or two hours of lecture per week and 3 hours of lab time. Make up labs will be offered for students needing more time. Details are still being ironed out.

What happens if someone doesn't pass a section? The same policies are in place to re-take the class. If the current 2<sup>nd</sup> year students don't pass a class, they can sign up for a lab class and challenge the class to show knowledge.

There are 4 or 5 classes per semester. As listed in the program outline, there are 9 classes for the Fall, 4 classes for 1<sup>st</sup> year and 5 classes for 2<sup>nd</sup> year.

What happens if they fail a pre-requisite class? They re-take or challenge the course, then they can go on to the next class. They have the full semester to finish the check sheets, not just one week. In order to keep students on track, a certain amount of skills on the check sheets will be required to be completed by mid-semester.

None of the Chancellor's Office rules have changed. We have to show that students can complete a degree in 2 years. It's going to be a heavy lift, but we need to show the student has the opportunity to complete in 2 years. If we do not show this, college financial aid, etc. are at risk.

How many students will be allowed in the program? The cap is 44 students total – 22 1<sup>st</sup> year and 22 2<sup>nd</sup> year. If a student needs to re-take a class, the instructor will have leeway to add more.

The semester-long format may help some students. They don't have to cram it in to one week. If they take a bit longer to pick it up, they have leeway. That might help the success rate.

Lecture and lab hours have been cut back. Hopefully students will be ambitious and get the lab work done right after the lecture and not procrastinate.

Any comments on the new add-on guns? Wes Brians stated it's good to add inertia-operated shotguns. They have them at Weatherby. Wes may be able to get the company to donate some. He'll see what he can do.

How do Adjuncts fit into the new program? We still need them. The program won't work with just the two full-time instructors. We rely heavily on Adjuncts as Subject Matter Experts. We need to calculate workloads to find exact hours. Still ironing out scheduling so we can bring adjuncts in for two or three weeks at a time. LCC wants to make it beneficial for our Adjuncts. We'd hate to lose Adjuncts over possible reduced workload.

For facility updates, the armory is being moved to the container. The old armory area will be converted to a paint booth and oven. The inside of the shop will be re-painted over winter break. The lighting situation is being addressed. One bank of lights was switched out to LED as a trial. That change seems to have solved the lighting problem, so all lights will be switched to LED.

The container has a ramp, roll-up door, cement slab, new drainage, and a cement sidewalk that's under an overhang so students will be protected when going from the classroom to the container.

Michell William stated that long range plans – at least 5 years out – the gunshop will be moved to different location on campus.

IT is being updated. Updates to the CNC machine, technology and the Elmo in the classroom. We will be

---

putting another Elmo in the lab with a larger screen.

What about AC? Not in the short term. We purchased bigger fans for the work spaces and are doing the best we can right now. Air conditioning in classrooms is a campus-wide issue. Our new facilities manager is working with the Chancellor's Office to get us funding for upgrades. Ovens for color case hardening, etc. are being moved outside so they won't heat up the shop. The Cerakote oven will stay inside with the new paint booth.

#### **B. Activation of new program**

We cannot advertise our new program until it has been approved by the Chancellor's Office.

Are the Course Outlines of Record fluid documents? Changes can be made, but they have to go through the process. Substantive changes must be approved in the fall for implementation the following fall.

**ACTION:** Motion made by Jake Floyd to approve the new curriculum and degree plan for the program (courses, associate's degree and two certificates of achievement). Second by Wes Brians. All in favor, the motion passed.

#### **C. Deactivation of current program**

The current program will remain in effect through May 2023 to allow all current second year students to complete the program.

**ACTION:** Motion made by Wes Brians to deactivate the current curriculum and degree plan for the program after May 2023. Second by Dan Musante. All in favor, the motion passed.

### **III. DISCUSSION ITEMS**

#### **Advertising**

We need to get the word out about our new program. Members were asked to brainstorm ideas for advertising and marketing.

Member Mike Lake was unable to attend the meeting, but emailed his suggestions: High Schools, Job Fairs or any place Military Recruiters attend, Rifleman magazine, Fish & Game programs, youth programs.

Jake Floyd has contacts at the Marine Corps Combat Center at 29 Palms. They do all education centers for Military installations. Michell Williams asked Jake to forward any contacts or contact info. Jake can get west coast contacts to Buck. Would getting east coast contacts be effective? Yes, we can at least mail them flyers.

Mike Lake met John Martin at a gun show. We haven't been to shows recently and gun shows have been impacted by Covid restrictions. Our plan is to return to gun shows as soon as we get Chancellor's Office approval for the program. Michell Williams extended an invitation to Adjuncts to help man the LCC booth at gun shows. There are usually funds available to pay you for your time. Please contact Michell if you're interested.

### **V. ADJOURNMENT**

Michell Williams thanked everyone for their support of the program.

**ACTION:** Motion made by Dan Musante to adjourn the meeting. Second by Jake Floyd. All in favor, the meeting was adjourned at 5:00pm.

---

## EMAILS FROM COMMITTEE MEMBERS NOT PRESENT AT THE MEETING:

---

Hi Buck,

The new curriculum looks very good to me! I like the semester-long class model much better than the one-week setup.

As for advertising, my thoughts are as follows:

- Get in front of High School students before they graduate. Look for Job Fairs and other places that on-campus recruitment is done, just like the military and larger colleges do.
- Advertise through the NRA in American Rifleman and American Hunter magazines.
- Make contact with Fish & Game Departments in the Western states – all of them have youth programs for mentored hunts, Hunter Education, and other programs that would be great places to distribute a flyer that markets the program.
- Contact the State Unemployment Division. They have programs that pay for re-education of displaced workers, and your program may qualify.

Hope you guys are doing well! Tell John “hi” for me –

Best,  
**Mike Lake**

## SUMMARY

The North/Far North of Excellence for Labor Market Research prepared this report to provide a labor market analysis of educational supply and occupational demand for middle-skilled career pathways in the North/Far North region. This report aims to determine if demand in the local labor market is unmet by the supply from existing community college programs and other postsecondary training providers.

This report primarily focuses on training that leads to jobs in middle-skilled occupations - jobs that typically require education beyond a high school diploma but less than a Bachelor's degree - but may include higher-skilled occupations for training pathways that lead to a bachelor's degree. Lowered skilled occupations are rarely considered in this type of analysis due to the lessened barriers for entry-level work, such as no formal education and on-the-job training requirements.

Key findings include:

- The traditional labor market information provided represents a broad range of jobs beyond the scope of Gunsmithing.
- Analysis of job postings yielded opportunities for employment under the traditional employer-worker model, suggesting that many gunsmiths are self-employed. At this point, there is very little to no labor market data about gunsmiths.
- Lassen conferred an average of 26 awards (certificates and associate degrees) in Gunsmithing programs over the last three academic years (2018-19 through 2020-21).

Recommendations include:

---

- The North/Far North Center of Excellence does not recommend creating new gunsmithing programs at this point due to limited labor market data.
- The North/Far North Center of Excellence recommends that Lassen Community College move forward with chaptering its existing gunsmithing program at the Chancellor's Office.

## INTRODUCTION

The North/Far North Center of Excellence (COE) was asked to provide labor market information for a proposed program at a regional community college. This report focuses on the following Standard Occupational Classification (SOC) occupations and codes:

- Installation, Maintenance, and Repair Workers, All Other (49-9099)
- Assemblers and Fabricators, All Other (51-2099)
- Molding, Coremaking, and Casting Machine Setters, Operators, and Tenders, Metal and Plastic (51-4072)
- Multiple Machine Tool Setters, Operators, and Tenders, Metal and Plastic (51-4081)
- Metal Workers and Plastic Workers, All Other (51-4199)

A review of related programs revealed the following Taxonomy of Programs (TOP) title(s) and code(s) are appropriate for inclusion in this report:

- Other Engineering and Related Industrial Technologies (0999.00)

The corresponding Classification of Instructional Program (CIP) title(s) and code(s) are:

- Gunsmithing/Gunsmith (47.0402)

Description of occupations included in this report:

Installation, Maintenance, and Repair Workers, All Other (49-9099)	
<b>Description:</b>	All installation, maintenance, and repair workers not listed separately.
<b>Sample of reported job titles:</b>	N/A

Assemblers and Fabricators, All Other (51-2099)	
---	--

<b>Description:</b>	All assemblers and fabricators not listed separately. Miscellaneous assemblers and fabricators.
<b>Sample of reported job titles:</b>	N/A

4

### Molding, Coremaking, and Casting Machine Setters, Operators, and Tenders, Metal and Plastic (51-4072)

<b>Description:</b>	Set up, operate, or tend metal or plastic molding, casting, or coremaking machines to mold or cast metal or thermoplastic parts or products.
<b>Sample of reported job titles:</b>	Core Machine Operator, Die Cast Technician, Diecast Machine Operator, Machine Operator, Mold Setter, Mold Technician, Molder, Process Technician, Production Technician

### Multiple Machine Tool Setters, Operators, and Tenders, Metal and Plastic (51-4081)

<b>Description:</b>	Set up, operate, or tend more than one type of cutting or forming machine tool or robot.
<b>Sample of reported job titles:</b>	Cell Technician, CNC Machine Setter (Computer Numerically Controlled Machine Setter), Fabrication Set-Up Person, Injection Molding Technician, Machine Operator, Machine Technician, Mold Setter, Production Operator, Shear Operator, Tooling Set-Up Person

### Metal Workers and Plastic Workers, All Other (51-4199)

<b>Description:</b>	All metal workers and plastic workers not listed separately.
<b>Sample of reported job titles:</b>	N/A

5

## OCCUPATIONAL DEMAND

---

Exhibit 1 summarizes the five-year projected job growth for middle-skill and high-skill occupations in the North/Far North and California.

**Exhibit 1. Employment and projected demand, 2020-2025**

Occupation	2020 Jobs	2025 Jobs	2020-2025 Change	2020-2025 % Change	2020-2025 Annual Openings
Installation, Maintenance, and Repair Workers, All Other	2,694	2,849	155	6%	318
Miscellaneous Assemblers and Fabricators	6,242	6,207	(34)	(1%)	680
Molding, Coremaking, and Casting Machine Setters, Operators, and Tenders, Metal and Plastic	321	363	42	13%	43
Multiple Machine Tool Setters, Operators, and Tenders, Metal and Plastic	241	284	43	18%	35
Metal Workers and Plastic Workers, All Other	188	184	(4)	(2%)	20
<b>North/Far North</b>	<b>9,686</b>	<b>9,887</b>	<b>201</b>	<b>2%</b>	<b>1,095</b>
Installation, Maintenance, and Repair Workers, All Other	24,368	24,288	(80)	(0%)	2,589
Miscellaneous Assemblers and Fabricators	102,518	103,048	530	1%	12,164
Molding, Coremaking, and Casting Machine Setters, Operators, and Tenders, Metal and Plastic	7,669	7,582	(87)	(1%)	818
Multiple Machine Tool Setters, Operators, and Tenders, Metal and Plastic	6,275	6,781	505	8%	786
Metal Workers and Plastic Workers, All Other	2,293	2,256	(38)	(2%)	243
<b>California</b>	<b>143,123</b>	<b>143,955</b>	<b>831</b>	<b>1%</b>	<b>16,600</b>

Exhibit 2 compares the percent change in jobs between 2015 through 2020 and the projected changes through 2025. The rate of change is indexed to the total number of jobs in 2015.

**Exhibit 2. Changes in employment, 2015-2025**

# WAGES

North/Far North - Historical      North/Far North - Projected California - Historical      California - Projected

Exhibit 3 compares the entry-level, median, and experienced wages for the selected occupations to the North/Far North living wage for a single adult - \$12.29 per hour.<sup>1</sup>

## Exhibit 3. Comparison of wages by occupation, 2020

Installation, Maintenance, and Repair Workers, All Other

**\$16.38**

**\$20.61**

**\$27.15**

Miscellaneous Assemblers and Fabricators

Molding, Coremaking, and Casting Machine Setters, Operators, and Tenders, Metal and Plastic

\$14.20

\$13.52

\$16.43 \$19.97

\$15.39 \$19.32

Multiple Machine Tool Setters, Operators, and Tenders, Metal and Plastic

\$14.84

\$21.69

\$26.82

Metal Workers and Plastic Workers, All Other

\$13.72

\$15.87 \$19.94

\$- \$5.00 \$10.00 \$15.00 \$20.00 \$25.00 \$30.00

Living Wage - Single Adult (\$12.29)

<sup>1</sup> Living wage is defined as the level of income a single adult with no children must earn to meet basic needs, including food, housing, transportation, healthcare, taxes, and other miscellaneous basic needs. The 25th-percentile and 75th-percentile hourly wages are used as proxy for entry-level and experienced-level wages.

## JOB POSTINGS

This section analyzes recent data from online job postings (real-time LMI). Online job postings may provide additional insight into recent changes in the labor market that are not captured by historical trends.

The North/Far North COE identified 638 online job postings for the selected occupations across the 22-county North/Far North region. Job posting data comes from Burning Glass Labor Insights and represents new listings posted online within the last year, from May 1, 2021, to April 30, 2022.

### Occupations and Job Titles

Exhibit 4 details the number of online job postings for the selected occupations.

#### Exhibit 4. Number of job postings by occupation

Occupation	Job Postings	Share of Job Postings
Installation, Maintenance, and Repair Workers, All Other	530	83%
Assemblers and Fabricators, All Other	95	15%
Multiple Machine Tool Setters, Operators, and Tenders, Metal and Plastic	5	1%
Metal Workers and Plastic Workers, All Other	5	1%
Molding, Coremaking, and Casting Machine Setters, Operators, and Tenders, Metal and Plastic	3	0%
<b>Total Job Postings</b>	<b>638</b>	<b>100%</b>

Exhibit 5 shows the top 10 job titles with the most job postings and the share. All job postings included a job title. Most of the 150 job titles were for repair and service technicians, while none were for gunsmiths.

#### Exhibit 5. Top jobs titles

Job Title	Job Postings	Share of Job Postings
Service Technician	51	8%
Repair Technician	47	7%

8

Job Title	Job Postings	Share of Job Postings
Maintenance Mechanic	44	7%
Pool Technician	40	6%
Auto Service Technician - Consistent Workflow	36	6%
Entry Level Service Technician	32	5%
Senior Service Technician	30	5%
Master Service Technician	29	5%

Advanced Service Technician	23	4%
Pallet Repairman	15	2%

## Job Postings for Gunsmiths

To identify real-time LMI for gunsmiths, the North/Far North COE conducted a job posting search for gunsmiths utilizing job titles and skills in the 22-county region of the North/Far North. Exhibit 6 summarizes the job titles and skills used in the job posting search.

The North/Far North COE identified 53 online job postings related to Gunsmithing in the North/Far North region posted within the last three years (January 1, 2019 - April 30, 2022). All identified job postings came from the job title search; a skills search resulted in 0 job postings.

### Exhibit 6. Job title and skill search terms for Gunsmiths in NFN

Job Titles (n = 53)	Skills (n = 0)
Gunsmith	Gunsmith
Gun smith	Firearm repair
Armorer	Firearm maintenance
Gun*	Weapon(s) repair
	Weapon(s) maintenance

\* Note: Using the job title search term "Gun" resulted in 52 of the 53 job postings. However, most of these job postings were for jobs involving the sale/resale of firearms and related accessories (i.e., ammunition and safes) in retail shops (i.e., Bass Pro, Cabela's, Liberty Safes, etc.). Only one of the 53 job titles was explicitly for a gunsmith.

## EDUCATION AND TRAINING

The U.S. Census Bureau and Bureau of Labor Statistics collected data on education achieved by workers employed in occupations. Exhibit 11 shows the national-level educational attainment of the current workforce in the selected occupations.

### Exhibit 11. National worker educational attainment for selected occupations, 2019

Installation,

Miscellaneous

Molding, Coremaking, Multiple Machine Tool

Metal Workers and

Maintenance, and Repair Workers, All Other

Assemblers and Fabricators

and Casting Machine Setters, Operators, and Tenders, Metal and Plastic

Setters, Operators, and Tenders, Metal and Plastic

Plastic Workers, All Other

High school or less

Some college

Associates

Bachelor's

Master's or Doctoral

The Bureau of Labor Statistics (BLS) uses a system to assign categories for entry-level education, work ~~experience in a related occupation, and typical on-the-job training to each occupation for which the BLS~~

publishes projections data. Exhibit 12 shows the skill level and entry-level job requirements for the selected occupations.

**Exhibit 12. Typical education, work experience, and on-the-job training requirements**

Occupation	Typical Entry-level Education	Work Experience Required	On-the-job Training Required
Installation, Maintenance, and Repair Workers, All Other	High school diploma or equivalent	None	Long-term on-the-job training
Miscellaneous Assemblers and Fabricators	High school diploma or equivalent	None	Moderate-term on-the-job training
Molding, Coremaking, and Casting	High school diploma	None	Moderate-term on-

10

Occupation	Typical Entry-level Education	Work Experience Required	On-the-job Training Required
Machine Setters, Operators, and Tenders, Metal and Plastic	or equivalent		the-job training
Multiple Machine Tool Setters, Operators, and Tenders, Metal and Plastic	High school diploma or equivalent	None	Moderate-term on-the-job training
Metal Workers and Plastic Workers, All Other	High school diploma or equivalent	None	Moderate-term on-the-job training

**Certifications and Licensing**

Gunsmithing is a federally licensed occupation. Individuals looking to sell and service firearms must hold a Federal Firearms License (FFL) from the Bureau of Alcohol, Tobacco, and Firearms (ATF).<sup>2</sup> Gunsmiths in California must also complete additional background checks and certifications through the State of California Department of Justice (DOJ) Bureau of Firearms.

**EDUCATIONAL SUPPLY**

Educational supply for an occupation can be estimated by analyzing the number of awards issued in related Taxonomy of Programs (TOP) or Classification of Instructional Programs (CIP) codes. Exhibit 13 shows the TOP and CIP codes for educational programs related to the selected occupations.

**Exhibit 13. TOP and CIP codes for training programs related to the selected occupations**

TOP Programs and Codes	Aligned CIP Programs and Codes
------------------------	--------------------------------

Other Engineering and Related Industrial Technologies (0999.00)

Gunsmithing/Gunsmith (47.0402)

## Gunsmithing Programs

Exhibit 14 lists current Gunsmithing programs available. Lassen Community College's Gunsmithing programs are the oldest (established in 1945) programs in the United States and the only NRA-approved gunsmithing programs offered in California.<sup>3</sup>

<sup>2</sup> Sourced from: <https://www.atf.gov/qa-category/gunsmiths?destination=qa-category/gunsmiths> on May 25, 2022.

<sup>3</sup> Sourced from: <http://www.lassencollege.edu/academics/programs/Pages/Program-Costs.aspx> and <https://gunsmithing.nra.org/find-a-school/> on May 24, 2022.

11

### Exhibit 14. Lassen's Gunsmithing Programs (as of May 24, 2022)

TOP Code	Program Title	Award Offered
Other Engineering and Related Industrial Technologies (0999.00)	General Gunsmithing	Associate in Science
	General Gunsmithing	Certificate of Achievement
	Firearms Repairs	Certificate of Achievement
	Long Gun	Certificate of Accomplishment
	Pistolsmith	Certificate of Accomplishment
	Riflesmith	Certificate of Accomplishment
	Gunsmith Machinist/Metal Finish	Certificate of Accomplishment

## Community College Supply

Exhibits 15 and 16 compare the average number of certificates and degrees conferred in selected community college programs over the last three academic years.

### Exhibit 15. Annual average community college awards by program, 2018-19 through 2020-21

Program - TOP Code	College	Annual Awards 2018-19	Annual Awards 2019-20	Annual Awards 2020-21	3-Yr Annual Awards Average

Other Engineering and Related Industrial Technologies (0999.00)	Lassen	38	8	32	26
	<b>Grand Total</b>	<b>38</b>	<b>8</b>	<b>32</b>	<b>26</b>

12

**Exhibit 16. Annual average community college awards by type, 2018-19 through 2020-21**

13

## FINDINGS

- This report focuses on Gunsmithing in the North/Far North region. A gunsmith is a person who repairs, modifies, designs or builds firearms or guns.<sup>4</sup> Gunsmiths may also sell firearms.
- Five occupations were selected for inclusion in this report, including Installation, Maintenance, and Repair Workers, All Other (49-9099), Assemblers and Fabricators, All Other (51-2099), Molding, Coremaking, and Casting Machine Setters, Operators, and Tenders, Metal and Plastic (51-4072), Multiple Machine Tool Setters, Operators, and Tenders, Metal and Plastic (51-4081), and Metal Workers and Plastic Workers, All Other (51-4199).
- Assessing labor market demand for Gunsmithing jobs is an inherently difficult task. There is no singular occupational code that aligns with the gunsmith job. Five occupations were selected for this report to approximate the size of the labor market. However, many other jobs exist within these occupations. As a result, the traditional labor market information provided represents a broad range of jobs beyond the scope of Gunsmithing.
- Analysis of job postings yielded opportunities for employment under the traditional employer-worker model, suggesting that many gunsmiths are self-employed. At this point, there is very little to no labor market data about gunsmiths.
- Lassen Community College's Gunsmithing programs are the oldest (established in 1945) programs in the United States and the only NRA-approved Gunsmithing programs offered in California. Lassen conferred an average of 26 awards (certificates and associate degrees) in Gunsmithing programs over the last three academic years (2018-19 through 2020-21).

<sup>4</sup> Sourced from <https://www.atf.gov/firearms/docs/ruling/2015-1-manufacturing-and-gunsmithing> on May 24, 2022.

## RECOMMENDATIONS

- There isn't enough data to conclude whether or not Lassen's Gunsmithing program is filling an unmet labor market need, and occupational demand data for gunsmiths is extremely limited.
- However, Lassen's Gunsmithing programs are unique, and despite a COVID-related drop in awards during the 2019-2020 academic year, interest in the program remains strong.
- The North/Far North Center of Excellence does not recommend creating new gunsmithing programs at this point due to limited labor market data.
- The North/Far North Center of Excellence recommends that Lassen Community College move forward with chaptering its existing gunsmithing program at the Chancellor's Office.

## APPENDIX A. METHODOLOGY AND SOURCES

This report identified Occupations using the Center of Excellence TOP-to-CIP-to-SOC crosswalk and O\*Net OnLine. This report's findings were determined using labor market data from the Bureau of Labor Statistics (BLS), U.S. Census Bureau data from Emsi, and jobs posting data from Burning Glass.

Cal-PASS Plus LaunchBoard. California Community Colleges Chancellor's Office.

<https://www.calpassplus.org/LaunchBoard/Home.aspx>.

Emsi 2021.4; QCEW Employees, Non-QCEW Employees, and Self-Employed.

<https://www.economicmodeling.com/>. EMSI occupational employment data are based on final EMSI industry data and final EMSI staffing patterns. Wage estimates are based on Occupational Employment Statistics (QCEW and Non-QCEW Employees classes of worker) and the American Community Survey (Self-Employed and Extended Proprietors).

Ebony J. Benzing, Research Manager  
North/Far North Center of Excellence

[Ebony.Benzing@losrios.edu](mailto:Ebony.Benzing@losrios.edu)

**COVID-19 Statement:** This report includes employment projection data by EMSI. EMSI's projections are modeled on recorded (historical) employment figures and incorporate several underlying assumptions, including the assumption that the economy during the projection period will be at approximately full employment or potential output. To the extent that a recession or labor shock, such as the economic effects of COVID-19, can cause long-term structural change, they may impact the projections. At this time, it is not possible to quantify the impact of COVID-19 on projections of industry and occupational employment. Other measures such as unemployment rates and monthly industry employment estimates will reflect the most recent information on employment and jobs in the state and, in combination with input from local employers, may help validate current and future employment needs as depicted here.

**Important Disclaimer:** All representations included in this report have been produced from primary research and/or secondary review of publicly and/or privately available data and/or research reports. Efforts have been made to qualify and validate the accuracy of the data and the reported findings; however, neither the Centers of Excellence, COE host District, nor California Community Colleges Chancellor's Office are responsible for applications or decisions made by recipient community colleges or their representatives based upon components or recommendations contained in this study.

Workforce Development Program

---

Curriculum and Academic Standards Committee 3:00 pm via Zoom  
Tuesday, January 18, 2022

**Present:** Chad Lewis-Chair, Cory McClellan, Natalia McClellan, Crystal Tobola, Fran Oberg, K.C. Mesloh, Michell Williams (as Carie Camacho designee)

**Absent:** Carie Camacho, Kory Konkol, Christi Meyers, Thomas Robb, Alison Somerville, Cathy Harrison, Julie Williams

**Guests:** Anna Pasqua, Tom Downing, Dan Weaver, Carol Growdon, Adrienne Hill, Jenn Lawler, Makenzie Freedman - Instructional Services Technician

### **1. Meeting Openings**

1.01 Call to order

3:03 p.m.

1.02 Agenda Approval

*Approved Cory McClellan/ Natalia McClellan MSCU*

1.03 Approval of Minutes

*Approved Cory McClellan/ Natalia McClellan MSCU*

### **2. Subcommittee Action**

*None*

### **3. Action Items**

**3.01 ART 30 - Inactivate course locally** *Approved Cory McClellan/ Natalia McClellan MSCU*

*According to Chad Lewis, the courses has not been offered for a while, and there is no need for it.*

**3.02 Associate in Arts Degree in Studio Art for Transfer - Remove ART 30 from program** *Approved Cory McClellan/ Natalia McClellan MSCU*

**3.03 Associate in Arts in Studio Arts for Transfer - Remove Art 9** *Approved Cory McClellan/ Natalia McClellan MSCU*

**3.04 AJ 61 Juvenile Corrections Officer Core Course - New Course, second read** *Approved Mesloh/ Oberg MSCU*  
*Chad Lewis noted this is the second time the course has come before the committee. He shared he wasn't sure if the course would need a course content review form since there is technically a prerequisite for the course, which is a GED or high school completion. Tom Downing noted a similar course with the same pre-req did not need the form. KC Meslow asked who was checking the pre-req. Downing answered the students need the instructors signature to take the course and they check for approval. Mesloh also inquired if the course would be added to the terminal AJ degree. Downing responded it would, but would not be a required course.*

**3.05 Basic Wildland Firefighter Certificate of Achievement - Remove FS-78 Followership to Leadership and replace with FS-90 Portable Pumps, Adjust total Units to 18-19 Total Units, and updated PSLO mapping with replacement class.** *Approved Mesloh/ Cory McClellan MSCU*

*Chad Lewis noted this item was back after being tabled at the prior meeting due to some errors. KC Mesloh asked if the FS 90 course was being inactivated or just removed from the certificate of achievement. Dan Weaver answered just removed from the CA- when he was developing the program initially it was a higher level, but found it was difficult to find instructors and get students for FS 90. FS 90 will be "on the books" just not a required course for the certificate of achievement.*

**3.06 BIOL 21 Human Anatomy with Lab** - Add course to terminal GE (Area A) requirements *Approved Mesloh/Tobola MSCU*

*There was some discussion between Cris Tobola and Makenzie Freedman regarding signing the course revision form. 3.06 and 3.07 were approved together.*

**3.07 BIOL 22 Human Physiology with Lab** - Add course to terminal GE (Area A) requirements *Approved Mesloh/Tobola MSCU*

**3.08 Child Development Certificate of Achievement** - Eliminate even and odd offerings and offer fall courses every fall and spring courses every spring. *Approved Mesloh/ Cory McClellan MSCU*

*There was some discussion about the courses adding up to the number of units in the certificate and transfer degree. Chad Lewis also shared there are some questions about the number of units for the instructor and the student. Since the program is going through the IPR process, it may come back to the committee for further changes. 3.08 and 3.09 were approved together.*

**3.09 Associate in Science Degree in Early Childhood Education for Transfer** - Eliminate even and odd offerings and offer fall courses every fall and spring courses every spring. *Approved Mesloh/ Cory McClellan MSCU*

**3.10 CHEM 1A General Chemistry I** - 1. Changing the Course student learning outcome to stress on problem solving skills and preparation of higher-level course work 2. Add an SLO related to Laboratory skills (to reflect the "hands-on" laboratory portion) 3. Edit the Course Objectives to emphasis that this is a higher level course and include a "Lab Objective" 3. Edit the Lecture Content to have the content evenly spread between 1A and 1B 4. Include language for "hands-on" laboratory experiment in assignment and methods of delivery 5. Update the Expected Outside Class Hours to reflect the required laboratory assignments and report that students are expected to complete outside of lab time.

*Approved Tobola/ Cory McClellan MSCU*

*3.10 and 3.11 were approved together.*

**3.11 CHEM 1B General Chemistry II** - 1. Changing the Course student learning outcome to stress on problem solving skills and preparation of higher-level course work 2. Add an SLO related to Laboratory skills (to reflect the "hands-on" laboratory portion) 3. Edit the Course Objectives to emphasis that this is a higher level course and include a "Lab Objective" 3. Edit the Lecture Content to have the content evenly spread between 1A and 1B 4. Include language for "hands-on" laboratory experiment in assignment and methods of delivery 5. Update the Expected Outside Class Hours to reflect the required laboratory assignments and report that students are expected to complete outside of lab time 6. Add in the "Advisories" session for recommendation of knowledge in exponential functions and logarithms.

*Approved Tobola/ Cory McClellan MSCU*

**3.12 FS-60B Fire Crew Firefighter (Cal Fire Seasonal)**- New Course, second read *Approved Mesloh/ Cory McClellan MSCU*

*Dan Weaver this courses may or may not go, and they are waiting on Cal Fire, but wanted to be ready to start the courses as soon as Cal Fire "pulls the trigger." He said Cal Fire was changing curriculum to have a reduced time version to fill the immediate need of crews.*

**3.13 FS- 93 Firefighter Academy SLO mapping** *Approved Cory McClellan/ Mesloh MSCU*

*Chad Lewis noted this was just cleaning up a missing SLO.*

**3.14 MATH 60, Intermediate Algebra** - Add student study hours and update textbook. The Traditional classroom and Correspondence delivery sections require of Math 60 text Intermediate Algebra, 13th edition, 2020, by Lial, et. Al., Pearson Publishing. The text is available in cloth bound (ISBN 9780134895987), loose leaf (ISBN 9780134896403), or etext (ISBN 9780136881070) versions *Approved Natalia McClellan/ Cory McClellan MSCU*

**3.15 PHIL 1 Introduction to Philosophy** - Inactivate. Course has not been offered in more than 5 years *Approved Cory McClellan/ Mesloh MSCU*

*There was some discussion about whether there was an instructor for this and when the last time the class was taught. 3.15, 3.16 and 3.17 were approved together.*

**3.16 California State University General Education Certificate of Achievement** - Remove PHIL 1: Introduction to Philosophy from Area C 2 *Approved Cory McClellan/ Mesloh MSCU*

**3.17 Intersegmental General Education Curriculum Certificate of Achievement** - Remove PHIL 1: Introduction to Philosophy from Area 3: 2 *Approved Cory McClellan/ Mesloh MSCU*

**3.18 Associate in Arts in Social Work and Human Services for Transfer Degree New** *Approved Mesloh/ Natalia McClellan MSCU*

*KC Mesloh noted on the Template it reads Econ 10 and Econ 11 and she wants to ensure if it's supposed to say "or." Makenzie said she'd look into it.*

**3.19 Associate in Arts in Social Work and Human Services for Transfer Degree** - remove ES from required elective area *Approved Cory McClellan/ Natalia McClellan MSCU*

*Chad Lewis noted hopefully the ES 1 course would be approved soon.*

**3.20 Curriculum and Academic Standards Committee Handbook** 8th edition - 2022 *Approved Mesloh/ Natalia McClellan MSCU*

#### **4. Discussion Items**

#### **5. Information Items**

##### **5.01 Distance Education Committee Update**

*Cris Tobola noted the committee hasn't met yet this year yet and has a meeting set for next week.*

##### **5.02 Instructional Program Reviews Due**

*Chad Lewis noted people are making progress on their IPRs.*

##### **5.03 Future Meeting dates**

*Next meeting is set for Feb. 15. Chad Lewis reminded everyone that changes intended for the fall 2022 semester should come before the committee in February.*

#### **6. Future Agenda Items**

#### **7. Adjournment**

*3:37 p.m. Cory McClellan/ Natalia McClellan MSCU*

## Lisa K Gardiner

---

**From:** Colleen P Baker  
**Sent:** Friday, September 2, 2022 9:02 AM  
**To:** Fran Oberg; Michell Williams; Alison M Somerville; Chad Lewis; Lisa K Gardiner; Yuting F Lin; Thomas E Robb  
**Cc:** Jennifer N Lawler; Dana Armeson; Blake Oiterong  
**Subject:** Spring 2023 Correspondence and CDCR In-Person classes needed  
**Attachments:** Spring 2023 Course Options.xlsx

Hi Everyone. We will be adding 380 new correspondence students for Spring 2023. Please see the attached list of correspondence classes needed from Jennifer.

- The list has 8 sections of CG 1. I think we will only need 5.
- ALS 1: I would like to offer 1 section as a test to our local CDCR students but it is not on the list.

### **In-person at HDSP**

M-F @ 2 classrooms @ 2:30-5:30pm

- 1 @ English 1
- 2 @ Math 11A
- 1 @ Music 12
- 1 @ Psychology 5
- 1 @ Physical Science 1
- 1 @ Speech 1

**In-person at CCC** – I do not think we will run an in-person program but I would like to be ready if we get this thrown at us at the last minute. Ideally, instructors will be scheduled on the same nights so they can go in and out of the prison together.

M-TH @ 2 classrooms @ 5:30-8:20pm

- 1 @ Math 11A
- 1 @ PSY (33 or 6 since we ran 1 this semester)
- 1 @ Art 8
- 1 @ English 9 or Speech 1 (since we ran English 1 this semester)

Please let me know if you have questions.

Colleen

# IPR Orientation

---

SEPTEMBER 7, 2023

# Why do we complete Instructional Program Reviews

---

Program review is an integral part of the total process of integrated planning driving institutional decisions including budget allocation at LCC. (program reviews are required by the state and ACCJC)

The recommendations from each program review provide the basis for informed decision-making for academic planning, human resource planning, student services planning, technology planning and facilities planning and are incorporated into LCC's Comprehensive Institutional Master Plan.

This is your time to analyze your program. What's working? What needs to be changed? What do you need to improve your program?

The good news - we're almost at 100% compliance with completing and submitting our IPRs on time.

Where we need to improve – all members of an IPR Team need to participate and contribute throughout the entire process!

# IPR's due and AS Mentor

<u>Transfer or Special Academic Program Conducting Self-Evaluation</u>	Last Program Review:	Next Full Review Due:	2022 - 2023 Mentor
Developmental Studies/Basic Skills	2017	2021	Laura R.
History/Social Science/Sociology/Psychology/Anthropology (Area B/E1)	2020	2023	Yuting L.
Work Experience	2019	2023	Melinda D.
<u>Career/Technical Program Conducting Self-Evaluation</u>	Last Program Review:	Next Full Review Due:	2022- 2023 Mentor
Allied Health	2021	2023	Celeste W.
Fire Technology	2021	2023	Tom D.
Gunsmithing	2022	2023	Adam R.
Welding	2021	2023	Tom D.

# New Timeline for IPR's

---

## April/May

- The Vice President of Academic Services, in conjunction with the Academic Senate, notifies faculty of the upcoming IPR (Sent May by Carie). Academic Senate appoints faculty members to the mentors list.
- Student evaluation #1 administered and compiled by Office of Institutional Effectiveness

## August

- Faculty Orientation for IPRs are scheduled and held.
- Deans notify CTE areas to prepare advisory committee lists for Board approval in September.
- IPR Data set distributed to IPR authors during the 1<sup>st</sup> week of September.
- Student evaluation #2 administered and compiled by Office of Institutional Effectiveness

# New Timeline for IPR's

---

## **September**

- IPR Data set distributed to IPR authors during the 1<sup>st</sup> week of September.
- Student evaluation #2 administered and compiled by the Office of Institutional Effectiveness.
- Advisory Committee meets.
- IPR Mentor and Author team meet (if desired).
- IPR team conducts curriculum review and submits to Curriculum/Academic Standards Committee for approval.

# 2 Year Advising Plans

---

Prior to curriculum being reviewed, it is important to review the 2 Year Advising Plans. Student must be able to complete the degree or certificate within this timeframe.

If a degree or certificate program is changing, the 2 Year Advising Plan also needs to be revised.

# Curriculum Review

---

- Use the proper curriculum documents to submit to Curriculum Committee – Email Makenzie Davis if you have questions. [mcdavis@lassencollege.edu](mailto:mcdavis@lassencollege.edu)
- Start this process early!
- **All courses must be reviewed** – SLO's, mapping, textbooks, content, etc.
- Notify all adjuncts, Division Chairs and Deans when a textbook has been changed
- Textbooks for transferable courses cannot be older than 7 years
- Courses with a C-ID number should be aligned with C-ID descriptors, C-ID website is <https://c-id.net/>. You will get the best results by using Chrome as browser. Click on, “descriptors” tab at the top, and then the appropriate discipline and C-ID number to find the appropriate descriptor.

# New Timeline for IPR's

---

## October

- IPR Author Team continues curriculum review and submitting revisions to Curriculum/Academic Standards Committee for approval.
- IPR team finishes drafting/editing IPR Documents.

## November

- IPR team submits the completed IPR documents to Academic Senate and the Academic Dean.

## December

- Academic Senate takes action to accept the IPRs.

# New Timeline for IPR's

---

## January

- IPRs presented and adopted by Consultation Council.

## February

- IPRs submitted to the Governing Board for acceptance.

*Budget prioritization will start occurring in January. This new timeline will allow for items identified through the IPR process to be included in the current year's budgeting cycle.*

# Additional Information

---

- For additional resources visit the Portal and review our Accreditation Canvas course. This course provides additional information: SLO's, SLO mapping, IPR review, planning and budgeting, module for CTE faculty and other valuable information
- New IPR Template approved at Academic Senate!

# Questions.....

---

SEPTEMBER 6, 2022

## Q1 How likely are you to register for Spring 2022 classes that are:

Answered: 47 Skipped: 0

	(1) NOT LIKELY	(2) SOMEWHAT UNLIKELY	(3) SOMEWHAT LIKELY	(4) VERY LIKELY	(5) I DO NOT PLAN TO ENROLL SPRING 2022	TOTAL	WEIGHTED AVERAGE
Fully online	19.57% 9	6.52% 3	19.57% 9	47.83% 22	6.52% 3	46	3.15
Fully in person	19.15% 9	10.64% 5	12.77% 6	51.06% 24	6.38% 3	47	3.15
In hybrid format (online and in person)	43.48% 20	17.39% 8	13.04% 6	19.57% 9	6.52% 3	46	2.28
Hyflex - attend at a scheduled time in person or online	51.16% 22	4.65% 2	27.91% 12	9.30% 4	6.98% 3	43	2.16

## Q2 If you would prefer to take some courses that are fully or partially online, would you prefer the courses to be:

Answered: 47 Skipped: 0

ANSWER CHOICES	RESPONSES	
All online	31.91%	15
Mostly online/few in-person	6.38%	3
Half online/half in-person	8.51%	4
Few online/Mostly in-person	19.15%	9
All in-person	34.04%	16
TOTAL		47

### Q3 If you would prefer to take some courses that are fully or partially online, would you prefer the courses to be:

Answered: 47 Skipped: 0

ANSWER CHOICES	RESPONSES	
(1) Where you can participate on your own schedule several times per week (Asynchronous)	55.32%	26
(2) Where you are required to participate live via Zoom on set days and times (Synchronous)	17.02%	8
(3) No preference	12.77%	6
(4) Not applicable	14.89%	7
TOTAL		47

## Q4 Are there certain subjects that you prefer in one format over the other?

Answered: 47 Skipped: 0

	(1) DEFINITELY IN-PERSON	(2) IN- PERSON IS BETTER	(3) EITHER IS FINE	(4) ONLINE IS BETTER	(5) DEFINITELY ONLINE	(0) N/A	TOTAL	WEIGHTED AVERAGE
English	27.66% 13	6.38% 3	25.53% 12	4.26% 2	25.53% 12	10.64% 5	47	2.62
Math	51.06% 24	0.00% 0	6.38% 3	8.51% 4	23.40% 11	10.64% 5	47	2.21
Communication	31.91% 15	6.38% 3	19.15% 9	2.13% 1	23.40% 11	17.02% 8	47	2.28
My major courses	48.94% 23	4.26% 2	12.77% 6	4.26% 2	23.40% 11	6.38% 3	47	2.30
Courses with labs	55.32% 26	12.77% 6	4.26% 2	10.64% 5	14.89% 7	2.13% 1	47	2.11

## Q5 Please rate the importance of the following online support services

Answered: 47 Skipped: 0

	(1) NOT IMPORTANT	(2) SOMEWHAT IMPORTANT	(3) SOMEWHAT UNIMPORTANT	(4) VERY IMPORTANT	TOTAL	WEIGHTED AVERAGE
Library for textbooks, research help, computer loans, etc.	12.77% 6	23.40% 11	4.26% 2	59.57% 28	47	3.11
Learning Center for online tutoring	8.51% 4	34.04% 16	6.38% 3	51.06% 24	47	3.00
Online academic counseling for educational planning	6.38% 3	19.15% 9	2.13% 1	72.34% 34	47	3.40

## Q6 What is your employment status>?

Answered: 47 Skipped: 0

ANSWER CHOICES	RESPONSES	
(1) Employed Full-Time	34.04%	16
(2) Employed Part-Time	34.04%	16
(3) Not Employed	31.91%	15
TOTAL		47

## Q7 Aside from work and school, what other factors impact your preferences??

Answered: 47 Skipped: 0

ANSWER CHOICES	RESPONSES	
(1) Caring for one or more children	21.28%	10
(2) Other care-giving responsibilities	2.13%	1
(3) Transportation	2.13%	1
(4) Internet access/speed	19.15%	9
(5) Computer/technology access	2.13%	1
(6) Learning style/preference	36.17%	17
(7) Familiarity with technology	2.13%	1
(8) None; there are no other factors that impact my preference	14.89%	7
<b>TOTAL</b>		<b>47</b>

# Faculty Meeting

Evaluation Process

OWLs

Q&A

September 7, 2023

Colleen Baker – V.P. of Instruction / CIO, Interim

# Faculty Evaluations

- **Notice of Evaluation** – Through mail
- **Self-Evaluation** – Faculty member completes
- **Pre-Evaluation Conference** – In-person, Zoom, Phone
- **Teaching Evaluation** – In-person, Correspondence, Online
- **Post-Evaluation Conference** – In-person, Zoom, Phone

# Self- Evaluation

## New Items

- Topics on the Self-Evaluation:
  - Organization
  - Effects on students
    - 1-10 DEIA Competencies
    - 3 goals in DEIA for the next evaluation
  - College district activities
  - Assessment of how you addressed previous recommendations
  - Other related information
- [LCFA CBA 2022-2025](#) p. 120

# DEIA

- Diversity
  - Equity
  - Inclusion
  - Accessibility
- 
- DEI in Curriculum: Model Principles and Practices

## DEIA and Evaluation

## DEI in Curriculum: Model Principles and Practices

- "DEIA Competency" will be added on the faculty self-evaluation as 2A: "On a scale of 1-10 (one being novice and 10 being expert) rate your competencies with DEIA teaching principles."
- "Commitment to DEIA Improvement" will be added on faculty self-evaluation as 2B: "Before your next evaluation cycle to improve your competence in DEIA principles, explain a minimum of three specific things you will do."

OWLs

“Hoot. Hoot.”

- Video conferencing: Fall 2023 “On the go!”
  - Curriculum
  - Academic Senate
  - Consultation Council
  - IPR Workshop
- 
- Owls are slated for a pilot project Spring 2024 to offer a few course sections hyflex (face-to/face & Online). This will provide students **maximum flexibility in attending classes, thus providing greatest opportunity to reach certificate/degree goals in a timely manner.**

Q&A

???

# @One & ACUE Training

# Fall 2023 Faculty Meetings

- CVC @One Training – Some courses are free.
  - Approved training = \$25 hourly stipend + registration fees \*Some restrictions apply
  - Contact Colleen Baker [cbaker@lassencollege.edu](mailto:cbaker@lassencollege.edu) for more information
- Additional (optional) Faculty Meetings – 6pm \*Adjunct instructors receive hourly stipend
  - October 5 – Student contacts, attendance calculations / concerns, and dropping students
  - November 2 – Mid-semester check-in, dropping students, and troubleshooting
  - December 7 – Syllabus creation, contacting students, and SLO assessment records, Final check-in and troubleshooting

# Student Achievement

The trends from 2018-19 to 2022-23 show a 19.1% decrease in the overall degrees and certificates awarded. While there is a decline in awards given, it is less of a decline than the overall college enrollment (25.9%) during the same period. However, there is notable increase in associate degrees for transfer (AA-T/AST) and certificates from 2021-22 to 2022-23.

Like the student momentum points, the of 3-year transfer to university rate increased 4.9% from 17.2% for the 2014 cohort (transfer year 2017) to 22.0% for the 2018 cohort (transfer year 2021).

### Average No. of Units Accumulated by All First Time Associate Degree Earners

Among students in the selected student journey who were enrolled and who earned an associate degree for the first time in the selected year, the average number of semester units in the California community college system earned up to and including the selected year

## **PERKINS IV Core Indicators of Performance by Vocational TOP Code Indicators for 2018-2019 Fiscal Year Planning**

Core 1 - Skill Attainment, GPA 2.0 & Above: 91.00% Performance Goal - ( 2015- 2016)

Core 2 - Completions, Certificates, Degrees and Transfer Ready: 67.50% Performance Goal - ( 2015- 2016)

Core 3 - Persistence in Higher Education: 78.67% Performance Goal - ( 2015- 2016)

Core 4 - Employment: 58.92% Performance Goal - ( 2015- 2016)

Core 5 - Training Leading to Non-traditional Employment: Greater than 21.23% Participation & 25.43% Completion - ( 2015- 2016)

# Recommendations

## Recommendations from Institutional Effectiveness

### Revision of Individual Goals:

- *The following revisions will establish a basic methodology by which our Institution Set Standards can be adjusted in future years*
- ISS #1: Completion Rate
  - This goal is acceptable, but needs minor adjusted to current data
    - Current Baseline: 72.07%
    - Current Stretch Goal: 77.35%
- ISS #2: Fall-to Fall Retention
  - This goal is off significantly. We need to adjust it up to what the data is telling us
    - Current Baseline = 28.82%
    - Recommended New Baseline: 30.0%
    - Current Stretch Goal: 31.23%
- ISS #3: Number of Degrees Awarded
  - This goal is off significantly. We need to adjust it up to what the data is telling us
    - Current Goal = 214
    - Recommended New Baseline: 250
    - Current Stretch Goal: 300
- ISS #4: Number of Certificates Awarded
  - This goal is off significantly. We need to adjust it up to what the data is telling us
    - Current Goal = 134
    - Current Stretch Goal: 148
- ISS #5: Number of Transfers to Four-Year
  - This goal is off significantly. We need to adjust it down to what the data is telling us
    - Current Goal = 55
    - Current Stretch Goal: 62
- ISS #6: Licensure Pass Rate
  - These Baseline and Stretch goals are acceptable, as is.
    - Current Goal = 85%
    - Current Stretch Goal: 90%
- ISS #7: Job PlacementRate
  - These goals have no updated data as of yet—recommend maintaining as is.
    - Current Goal = 61.47%
    - Current Stretch Goal: 66.09%
    - This will match the current state “Perkins Core IV” standard by which we are already measured

## Lassen Community College District Policy

CCLC No. 2410

Board of Trustees

### BP 2410 Board Policy and Administrative Procedure

#### References:

Education Code Section 70902;

ACCJC Accreditation Standard IV.B.1.b and e

The Board of Trustees may adopt such policies as are authorized by law or determined by the Board to be necessary for the efficient operation of the District. Board policies are intended to be statements of intent by the Board on a specific issue within its subject matter jurisdiction.

The policies have been written to be consistent with provisions of law, but do not encompass all laws relating to District activities. All District employees are expected to know of and observe all provisions of law pertinent to their job responsibilities.

Policies of the Board may be adopted, revised, added to, or amended at any regular Board meeting by a majority vote in accordance with AP 2410.

Administrative procedures are to be issued by the Superintendent/President as statements of method to be used in implementing Board Policy. Such administrative procedures shall be consistent with the intent of Board Policy. Administrative procedures may be revised as deemed necessary by the Superintendent/President.

The Superintendent/President shall provide each member of the Board with copies of the administrative procedures. The Board of Trustees reserves the right to direct revisions of the administrative procedures should they, in the Board's judgment, be inconsistent with the Board's own policies.

Copies of all policies and administrative procedures shall be readily available to District employees through the Lassen Community College website at [www.lassencollege.edu](http://www.lassencollege.edu) and through the college's eGovernance system (BoardDocs) link on the front page of the website.

Academic Senate Meeting March 10, 2021 @ 3:00 p.m. Virtual Via Zoom

1. Call to Order at 3:01pm

1.01 Roll Call

Senators Present: Baker, Downing, Lin, Rupley, Runyan, Wisser

Guests: Carie Camacho, Lisa Gardiner, Sue Kelley, James Kleckner, Chad Lewis, Carrie Nyman, Alison Somerville

1.02 Approval of Agenda

(Rupley/Lin MSCU)

1.03 Approval of the Minutes for the 2/24/2021 meeting

(Rupley/Runyan MSCU)

2. Public Comment

None

3. Action

3.01 Agriculture IPR

Second review of IPR for approval. Curriculum form not up to date. Motion to table pending completion.

(Downing/Rupley MSCU)

3.02 Fine Arts IPR

Second review of IRP for approval. Motion to approve

(Rupley/Wisser MSCU)

3.03 Humanities IPR

Second review of IRP for approval. Senators Runyan Baker gave feedback to faculty on the IPR and updates have not been made yet. It is expected to be completed for next Senate meeting. Motion to table.

(Baker/Runyan MSCU)

3.04 Physical Education IPR

Second review of IRP for approval. Motion to approve

(Rupley/Runyan MSCU)

3.05 AP/BP Policy Review Schedule

A need for this schedule was born out of the accreditation process, finding we had no formal schedule for the review of Board and Academic Policies. It creates a timeline policy for review. Motion to approve

(Downing/Lin MSCU)

3.06 Institutional Set Standards

We received an accreditation finding that we had no process to periodically review some set standards. Those standards included Student Achievement, Job Placement in CTE, and

Licensure Exams Pass Rates. Creates policy for review of these standards. Motion to approve  
(Wiser/Baker MSCU)

### 3.07 AP 4102

#### Update AP 4102 - Career/Technical Programs

Discussed making changes to this AP, to simplify the membership numbers language, adding “designee” language, and quorum requirements. Due to significant changes made in discussions at the meeting it was decided to table for a vote at next Senate meeting. Motion to table.

(Baker/Rupley MSCU)

## 4. Discussion

### 4.01 Digital Graphic Design IPR

First review. It is planned to come back for approval next meeting. Program will be discontinued.

### 4.02 Human Services IPR

First review. Senator Baker wrote this IPR on extra assignment contract we LCC have no current faculty in this program. Will come back at next meeting for approval.

### 4.03 SLO Handbook/SLO Assessment

Lisa Gardiner informed Senate that this item comes out of our accreditation process. The handbook was old and in “draft” form. The handbook has been updated with our current standards and spells out the SLO assessment and review process. Handbook should be reviewed and will be approved at a later Senate meeting.

### 4.04 Academic Renewal Policy

At last meeting we discussed best practices for time lapsed in order to complete Academic Renewal. Currently, 2 years must have elapsed. It is suggested that we adopt a 1 year policy as a best practice. Research indicated majority of other institutions adopted the 1 year policy. Research was conducted of 38 institutions. 20 had a 1 year policy, 8 had a 2 year policy, and the remainder had no policy, or something different than above. Recommended to bring back the AP for approval with a 1 year policy.

### 4.05 Senate Academic Scholarship

It came to Senate President Runyan’s attention that this scholarship has not been granted in some time and some faculty have been contributing to the fund through automatic debit of their pay checks. Discussion ensued and the consensus was that Senators wanted to reactivate the scholarship and award to a student. Runyan will research the appropriate procedures and forms to facilitate. It was also suggested that we advertise this scholarship to faculty as they may want to contribute.

## 5. Information

### 5.01 Senate Elections

Colleen Baker, Tom Downing and Celeste Wiser's seats are up for election this year. More information to come at next meeting related to timeline for nominations and election.

#### 5.02 ASCCC Diversity Equity Inclusion Survey

This survey is due March 22, 2021. President Runyan will complete but would like any input prior to completion. He has worked with the LCC Diversity Committee and will send to senators for review.

### 6. Reports

#### 6.01 Administration

Carie Camacho advised that the new EMP process is beginning.

#### 6.02 Senators

None

#### 6.03 LCFA

Ratification vote of the new salary schedule that faculty received in their email should be soon.

#### 6.04 Guided Pathways

None

### 7. Closed Session

None

### 8. Meeting Closing

8.01 Adjournment – 4:11 pm  
(Rupley/Baker MSCU)

Respectfully Submitted,

T. Downing

Monday, March 22, 2021  
 Consultation Council 3:00 pm via Zoom-

Administration:	Classified:	Faculty:	Management:	Student:
Dr. Trevor Albertson		Alison Somerville

(if not already members)

Kim Clain, Seaira Harrington, Dana Armeson, Roxanna Haynes, Tom Downing, Jennifer Tupper, Tiffany Montgomery, Thomas Robb, Codi Mortell, Vickie Ramsey, Chrisdee Pelfrey, Sandra Jonas (board member), Carie Nyman, Melissa Hill

## 1. Meeting Opening

### 1.01 Call to Order and Roll Call

### 1.02 Approval of Agenda –approved by consensus

### 1.03 Approval of Minutes 03/08/2021 - approved by consensus

## **2. Governance**

**2.01 Policy Review Schedule-Randy Joslin** – This is the same one we looked at before. It went to Senate to look it over. It was cleaned up, dates were established and then Senate approved it. Now it is on our agenda to be approved. Having something like this helps so much for people in leadership to make sure we are on track. -approved by consensus

**2.02 CTE Advisory Board-Adam Runyan** – AP 4102. It was a little confusing. We changed some language and helped clean it up. It needed to be clearer. - approved by consensus

**2.03 Transfer Form-Adam Runyan** – This is the same form that we saw last time, the fax number was fixed, an email was created and it was made fillable. It was already approved. But we are looking for approval again with the changes. - approved by consensus

## **3. Consultation**

**3.01 ACCJC Annual Report-Randy Joslin** – This is an annual report for student achievement. The sections are pretty self-explanatory. The goals were set eight years ago. We will be updating it and bringing it back to Consultation Council after Senate looks at it. We report three years running, if there are less than 10 students to complete, the course is not considered reportable. This report can be found on our website, in the public area, under about and then accreditation.

**3.02 LCC Budget and Planning Calendar (standing item)-** We will continue to add to it so we just have one calendar and use it as a management calendar. Master plans need to be done ASAP if we are going to stay on track.

## **4. Guided Pathways**

**4.01 Guided Pathways Update-Brady Reed** – The main things we are working on right now are the Career Pathways. They are really accelerating, we are working with Pacific Sky to create logos. We are looking at partnering with Bakersfield to use their program mapper. It helps with our articulation to the UC and our own mapping at LCC will be easier. We are moving forward with a grant we received to engage student voice on campus. Brady assigned that to Jennifer Tupper. We are looking to hire up to 8 students.

## **5. Accreditation-**

**5.01 Accreditation Update** - We have a SLO handbook going to Senate for approval. It will help people get the SLOs done more efficiently. We are lacking some software that we need to assess ISLO and PSLO data. We came up with creating an assessment project to at least help us assess PSLO and ISLO's to get data. There are some simple forms for students to fill out to help us get data. Rough drafts are due to Toni Sommer this week, so if we could get your feedback that would be great.

## **6. Other-Information/Communication**

**6.01 Budget update-Garrett Taylor** – The prioritization process does need to stay on track like Randy said. The skip rates are going up to maybe a 1.5% rate. There is a cola built into that. There is not a lot of new money. There are some one time funding from the governor. Many community colleges have had a decrease of enrollments. We will wait and see a little longer to see what the chancellor is going to do. In terms of the TRAN, we are sitting on a little over 8

million dollars. Which means we would be 1.5 million dollars in the plus in June, 2021. We want to create a buffer for our budget though so we got a 1.75 million dollar TRAN just as a buffer in case something does come up. It will have a fee of around \$20,000-\$25,000.

#### **6.02 Good of the Order: Questions for Trevor- Trevor Albertson –**

- We are getting ready to complete in ink a partnership with UC Merced.
- Trevor made a goof in a board meeting. He did not read the accommodation for those who have received tenure. He will read it at the next meeting and is going to throw a big party once the COVID-19 regulations are lifted.
- Alan Siemer has resigned as a board member. He moved out of his district. We have an open spot. There are three options. 1) Immediately assigning someone that night. 2) Call a special election, they cost a lot of money. 3) Allow community members to submit applications. The board chose option three. The person elected would serve through the end of Alan Siemer's term. The application is out there on social media, etc. We have put the information out there. We do not have a preconceived winner. It is all about the best candidate who is willing to serve. We will interview the candidates publicly April 8, 2021. It will ultimately be a vote of the board. Weren't there two people who already ran for these seats? Why didn't we select those people? We could only select one person and the board did not want to seem or create reality that they had a pre-determined idea who they wanted to take the seat. Those two people have the opportunity to put in an application.
- Trevor will not be doing a lot of talking on Wednesday, he will be doing a lot of listening. We cannot totally predict what will come at us, a new variance of COVID, summer fires, etc. We will have to work with whatever happens. Our main goal will be to make the right choices and keep everyone safe. We are in phase two of opening our campus. We are trying to figure out the best options for EVERYONE and we have to work by "what if" scenarios right now.
- Do you know if we are still vaccinated against the variances that are showing up if we already got vaccinated? Depending on the vaccine you received, some of the variance are covered. Some of the vaccines are protecting 100% against the variances.
- Are we doing the April 14, 2021 drive-thru still? Yes, we are planning on it. We will figure out employees coming onto campus that day. It will be up to their supervisors.
- The Women's History Event is tomorrow night at 6:00pm via Zoom. We hope everyone who can, will attend.

#### **7. Meeting Closing**

**7.01 Future Meetings April 12, 2021. Next week is Spring Break.**

**7.02 Adjourn @ 3:55pm**

**Regular Meeting of the Board of Trustees - 5:30 p.m. (Tuesday, October 12, 2021)**

Generated by Julie Johnston on Wednesday, October 13, 2021

**Members present**

Kim Dieter, Louis Hamilton, Sophia Wages, Sandra Jonas, David Trussell (Via Zoom), Robin Hanson

**Members absent**

Buck Parks

**Meeting called to order at 5:30 PM****1. Meeting Opening-Installation of Elected Board Member**

Procedural: 1.01 Installation of Elected Board Member

**Installation of Elected Board Member:**

Before taking office, each Community College District Board Member must subscribe to the Oath of Office before a community college trustee, other school official, or Notary Public.

**Administer of Oath:**

At this time, the Dr. Trevor Albertson, Superintendent/President and Secretary to the Board, shall administer the Oath of Office to Robin Hanson.

**2. Meeting Opening**

Procedural: 2.01 Call to Order and Roll Call

Action, Procedural: 2.02 Agenda Approval

Motion by Kim Dieter, second by Louis Hamilton

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, David Trussell (via Zoom), Sophia Wages

Noes: None

Absent: Buck Parks

Procedural: 2.03 Pledge of Allegiance to the Flag

The Pledge of Allegiance to the Flag was led by Trustee Robin Hanson.

**3. Public Comments**

Information, Procedural: 3.01 Call for Requests from the Audience to Speak to any Item on the Agenda

None

Information, Procedural: 3.02 Public Comments on Items Not on the Agenda

None

**4. Consent Agenda-Any items removed will be considered after the motion to approve the Consent Agenda**

Information: 4.01 Public Comments on Consent Agenda Items

Action (Consent), Minutes: 4.02 Approval of Minutes of September 14, 2021 Regular Meeting (Includes Agenda Items from August 10, 2021 Regular Meeting canceled due to Dixie Fire)

Action (Consent): 4.03 Approval of Personnel Consent Agenda

Action (Consent): 4.04 Approval of Warrants and Financial Reports ending September 30, 2021

Action (Consent): 4.05 Approve Consent Agenda

Motion by Louis Hamilton, second by Kim Dieter

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, David Trussell (via Zoom), Sophia Wages

Noes: None

Absent: Buck Parks

## 5. Discussion/Action on item(s) removed from Consent Agenda

None

## 6. Information-Reports

### Information, Report: 6.01 Academic Senate President's Report

Adam Runyan, Academic Senate President, welcomed Robin and stated he is happy to have her here. Mr. Runyan reported that our Academic Senate has been busy working closely with Administration, our Accreditation Consultant, the Faculty Tri chairs, managers, and classified staff to prepare for our upcoming visit with the Accreditation Team. We believe we have met the recommendations and in turn are making our processes better and more streamlined. We are working on catching up and staying on track with our Program Reviews. You will see later in tonight's agenda the approval of some of our CTE Advisory Committees. These Advisory Committees help keep our CTE programs up to date with industry standards and requirements. Based on recommendations from ACCJC, our Peer Resource Team visit, and annual governance surveys, it has been recommended to create a Budget Committee that is a subcommittee of Consultation Council. Through a collaborative effort, we have officially created that committee, and it will be convening shortly. This committee will help us stay on track annually with budget prioritization and make their recommendations to Consultation Council annually based off of comprehensive IPR's, NIPR's, annual updates and resource allocation requests. Once again, thank you for your time and commitment to our institution.

### Information, Report: 6.02 Associated Student's Report

None

### Information, Report: 6.03 Superintendent/President's Report - Dr. Trevor Albertson

Dr. Trevor Albertson, Superintendent/President stated: Trustee Hanson, congratulations and welcome aboard. Dr. Albertson gave a thank you to Faculty Senate, Faculty Tri Chairs. Welcome new ALO Chad Lewis. This is the first time having a faculty ALO in a long time. It keeps us engaged and accreditation stays viable. Dr. Albertson advised he wants to thank our Faculty Senate President for his support in this and the accreditation Tri Chairs on a lot of what they did for the visit. With the visit on November 15 & 16, people will be nervous, excited and a relieved. It has been almost two years. It will be good to clear this hurdle and move on to the next challenge. Because of everyone involved, and what they have put forth, we are in very good stead moving on to the next stage. Dr. Albertson stated he would like to next discuss some issues we have seen on campus. He has an open door policy for a lot of reasons. He cannot know everything happening on this campus every day. When there are issues on this campus, people can come to his office, or send him an email. What they have had recently, the issues were dealt with

swiftly, and he will speak more about it in closed session. Dr. Albertson stated he wants to encourage people if they are having issues to come see him, submit a letter, see HR. If there is adverse behavior they need to know about it. Dr. Albertson reiterated again, the open door is there for a reason.

Dr. Albertson reported that with the Budget, we are in the black and doing good. We are still realizing some savings which is fantastic. This is a change for us. Mr. Corley stated he does not have exact figures of where we are at. Dr. Albertson stated that if nothing has changed, we are several hundred thousand in savings this year so far. Additionally we do not expect to go into deficit spending at all or dip into the reserve. With everything going on, we are doing well. There will be some potential savings coming up on the personnel side which we will talk about in closed session. From an equity stand point that is great news. The Governor signed a bill not allowing for layoffs of CSEA except one time a year. The District will have to be more diligent. CSEA has the same rights now as contract or employment as our faculty has which creates a good sense of stability.

Dr. Albertson stated he is back finally and he does not have CoVid. CoVid has been run out of his house now. His four kids all had it all at once and his poor wife had to deal with it alone which he traveled. He completed his affinity groups, mentoring sessions for people in the same industry. He was able to participate in that, and got to spend two hours being mentored by the Provost of Harvard. Dr. Albertson stated he was getting to think about what he does instead of being in the fight all the time. He was also at CCAOE in Palm Springs, where they are advocating for changes that in what we call CTE to craftsman positions. Redefine the position as it is not just career skills you learn. Dr. Albertson reported they had a great time down there and Michell and Chad traveled to the conference as well. He also got to spend time with other leaders and with State Senate representatives.

### Information, Report: 6.04 Board Comments

Trustee Louis Hamilton welcomed Robin and stated it is nice having you aboard. Trustee Hamilton stated that the air scrubber machine is noisy, but glad to see it here.

Trustee Kim Dieter welcomed Robin and advised it is good to have you on the Board.

Trustee Robin Hanson stated thank you all for being so welcoming.

Trustee Sandra Jonas welcomed Robin and advised she is glad that you are here. Trustee Jonas stated she is impressed with the program reviews and she has read all of them. Trustee Jonas advised she is sad to read the counseling one because she misses you guys. Trustee Jonas reported she reviewed all of the board policies and that she thinks Randy is heading that up. Thank you.

Trustee David Trussell congratulated Robin and stated he looks forward to working with her. Trustee Trussell advised he really hopes he gets to see you guys next month. He is tired of being away from you guys.

President Sophia Wages gave a welcome to Robin and stated she knows the name, but has never seen the face. She is glad to put a name to the face now. President Wages congratulated the rodeo team for this weekend and added that even though she does not know the students by name, she thinks they did a good job. Also, soccer was playing Siskiyous. Activities are starting up, and it is good to see campus start buzzing. President Wages advised that with Dr. Trevor's in-service and personal development, it is crucial to have our leader go through that and she would like to see more people, employees classified up through administration, do that. You need to work with other faculty and in other places to see what they are doing. Gives you a little better insight and she would like to see more of that for us. President Wages gave a thank you for doing the accreditation to everyone involved, and getting that all together.

Trustee Louis Hamilton was looking at the Facebook site for Lassen College and noticed the Wrestling team were helping at the site of Greenville. Trustee Hamilton stated he would like to see that on all of our sites.

Action: 7.31 BP 3820 Gifts

Information: 7.32 BP 3900 Animals on Campus - See BP 3440 Service Animals (Renumbered and Re-titled - No Action Required)

Action: 7.33 BP 3900 Speech: Time, Place, and Manner

President Wages recommended that since the Chapter 3 Board Policies have been reviewed twice now, that the Board pass all with one motion.

Motion by Sandra Jonas, second by Louis Hamilton

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, David Trussell (via Zoom), Sophia Wages

Noes: None

Absent: Buck Parks

Abstain: Robin Hanson

## 8. Administration

Action: 8.01 Approval of Gunsmithing Advisory Committee

In accordance with Board Procedure 4102 – Career/Technical Programs, presented is a completed list of the nominees for the 2021-2023 Gunsmithing Advisory Committee, which complies with both the membership and voting guidelines. The complete list of nominees reflects the following: current members who have agreed to serve an additional two-year term and new industry nominees for consideration.

Motion by Sandra Jonas, second by Kim Dieter

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, David Trussell (via Zoom), Sophia Wages

Noes: None

Absent: Buck Parks

Abstain: Robin Hanson

Action: 8.02 Approval of CIS Advisory Committee

In accordance with Board Procedure 4102 – Career/Technical Programs, presented is a completed list of the nominees for the 2021-2023 CIS Advisory Committee, which complies with both the membership and voting guidelines. The complete list of nominees reflects the following: current members who have agreed to serve an additional two-year term and new industry nominees for consideration.

Motion by Louis Hamilton, second by Kim Dieter

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, David Trussell (via Zoom), Sophia Wages

Noes: None

Absent: Buck Parks

Abstain: Robin Hanson

### Action: 8.03 Approval of Administration of Justice/P.O.S.T Advisory Committee

In accordance with Board Procedure 4102 – Career/Technical Programs, presented is a completed list of the nominees for the 2022-2023 Administration of Justice/P.O.S.T Advisory Committee, which complies with both the membership and voting guidelines. The complete list of nominees reflects the following: current members who have agreed to serve an additional two-year term and new industry nominees for consideration.

Motion by Sandra Jonas, second by Louis Hamilton

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Sophia Wages

Noes: None

Absent: Buck Parks, David Trussell (via zoom-call dropped)

Abstain: Robin Hanson

### Action: 8.04 Approval of Agriculture Advisory Committee

In accordance with Board Procedure 4102 – Career/Technical Programs, presented is a completed list of the nominees for the 2021-2022 Agriculture Advisory Committee, which complies with both the membership and voting guidelines. The complete list of nominees reflects the following: current members who have agreed to serve an additional two-year term and new industry nominees for consideration.

Motion by Kim Dieter, second by Sandra Jonas

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Sophia Wages

Noes: None

Absent: Buck Parks, David Trussell (via Zoom-call dropped)

Abstain: Robin Hanson

### Action: 8.05 Approval of Welding Advisory Committee

In accordance with Board Procedure 4102 – Career/Technical Programs, presented is a completed list of the nominees for the 2021-2022 Welding Advisory Committee, which complies with both the membership and voting guidelines. The complete list of nominees reflects the following: current members who have agreed to serve an additional two-year term and new industry nominees for consideration.

Motion by Sandra Jonas, second by Louis Hamilton

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Sophia Wages

Noes: None

Absent: Buck Parks, David Trussell (via Zoom-call dropped)

Abstain: Robin Hanson

### Action: 8.06 Acceptance of Non-Instructional Program Reviews (NIPR's) for Institutional Effectiveness, Incarcerated Education, Financial Aid, Counseling, and Admissions & Records

Executive Cabinet reviewed and adopted on September 20, 24, & 27 the Non-Instructional Program Reviews (NIPRs) for the 2020-2021 academic year for Institutional Effectiveness, Incarcerated Education, Financial Aid, Counseling, and Admissions & Records. These were then forwarded to Consultation Council on September 27, 2021 as information items and are now being presented to the Governing Board for acceptance.

Motion by Kim Dieter, second by Sandra Jonas

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Sophia Wages

Noes: None

Absent: Buck Parks, David Trussell (via Zoom-call dropped)

Abstain: Robin Hanson

### Action: 8.07 Approval of 2022-2023 and 2023-2024 Academic Calendars

The Academic Calendar establishes the calendar for the instructional terms as well as the college workday schedule, Flex Days, Holidays and other contractually negotiated dates.

Lassen College Board Policy 4010 Academic Calendar and AP 4010 clarify the process for Academic Calendar approval, as does Article 19 of the LCFA and LCCD contract. The Academic Calendar Committee consists of two faculty members by the LCFA, two representatives designated by the Superintendent/President, and one ex-officio representative designated by the Academic Senate. The negotiated calendar(s) are presented to Consultation Council, consistent with the College's governance process, and forwarded to the Superintendent/President for Board Approval.

The calendars for 2022-2023 and 2023-2024 comply with Education Code, Title V Regulations, Governing Board Policy and the provisions of the LCFA and CSEA Collective Bargaining Agreements. The academic calendars were negotiated by the Academic Calendar Committee on September 17<sup>th</sup>, 2021 & presented to Consultation Council on September 27, 2021.

Motion by Kim Dieter, second by Sandra Jonas

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Sophia Wages

Noes: None

Absent: Buck Parks, David Trussell (via Zoom-call dropped)

Abstain: Robin Hanson

### Action: 8.08 Adjusted Student Worker Salary Schedule

The District has been lacking a salary schedule for Student Workers of the following classifications; Short-Term Temporary Employees and Federal Work Study Workers. This salary schedule was developed to allow the college to follow Education Code and have consistency when hiring our Student Workers across both classifications.

Motion by Sandra Jonas, second by Kim Dieter

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Sophia Wages

Noes: None

Absent: Buck Parks, David Trussell (via Zoom-call dropped)

Abstain: Robin Hanson

### Action, Information: 8.09 Sunshine California School Employee Association (CSEA) Opening Proposal to the District

Presented to the Board is CSEA's Opening Proposal for the 2020-2023 successor agreement. The proposal is presented for information in order to sunshine CSEA's

openers.

### Action: 8.10 Ratification of Tentative Agreements between LCFA and the District

Dr. Trevor Albertson, Superintendent/President stated that Administration has a good working relationship with LCFA. LCFA and the District have engaged in negotiating the Collective Bargaining Agreement (CBA) for July 1, 2020 – June 30, 2022. The parties reached a tentative agreement to extend the current agreement effective July 1, 2020 and will remain in full force year by year unless one of the parties notifies the other in writing no later than the first Board meeting in April of its request to modify or amend the Agreement and until modified by a successor agreement. LCFA accepted and voted to ratify the tentative agreements, effective October 6, 2021. A Tentative Agreement was reached for the 2020-22 contract year, as now ratified by LCFA. Negotiations for the 2020-22 contract year will continue, and both parties agree that the District and Association will sunshine proposals that were submitted to the Board in 2020; the proposals are valid, and the parties entered into successor contract negotiations by September 2021.

Motion by Louis Hamilton, second by Kim Dieter

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Sophia Wages

Noes: None

Absent: Buck Parks, David Trussell (via Zoom-call dropped)

Abstain: Robin Hanson

### Action: 8.11 Review and Approval of Strategic Plan 2022-2027 (Mission, Vision, Values, Strategic Goals, Institutional Student Learning Outcomes)

Consultation Council approved the Strategic Plan September 13, 2021, and Academic Senate approved the same document without changes on September 22, 2021. The Strategic Plan is being presented at this time for review and approval by the Board of Trustees.

Motion by Sandra Jonas, second by Kim Dieter

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, David Trussell, Sophia Wages

Noes: None

Absent: Buck Parks

Abstain: Robin Hanson

### Action: 8.12 Ratification of Interim Administrator Contracts

Dr. Trevor Albertson reported that this item concerns two administrators, both in interim administrator positions. Roxanna Haynes went from an acting capacity, then to interim Dean of Instruction, then acting VP of Student Services, to Interim VP of Student Services. The second person is Colleen Baker. She came up from the faculty ranks which is a good thing to an Interim Dean of Instruction. Dr. Albertson stated we should have a way up for our folks on campus. Both are already doing a great job and he could not support them more.

Motion by Kim Dieter, second by Louis Hamilton

Final Resolution: Motion carries.

Roll Call Vote Was Taken:

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Sophia Wages

Noes: None

Absent: Buck Parks, David Trussell (via Zoom-call dropped)

Abstain: Robin Hanson

### Information: 8.13 CCFS-320 Apportionment Attendance Report

Dr. Trevor Albertson, Superintendent/President reported that this is our recal. In terms of enrollments, we are down about 40 from this time last year. Students were

dis-enrolling due to fire, IT issues and CoVid. Mr. Albertson stated that some are hoped to be recouped before the end of semester between Fire courses and FS60SA. Mr. David Corley, Interim VP of Administrative Services stated that the fire in his opinion has definitely affected enrollment. We have a higher no show in classes when he looked at the last 3 years. At the start of the term, it starts at a certain point and normally we drop around 7.4%. This year the drop is 13% which is abnormal to looking in the past, and he thinks it is specific to the fires as people's worlds were turned upside down during the fire at the beginning of the semester. Mr. Corley advised they will be doing some outreach to these students to try to get them back for spring. Dr. Albertson reported that we are still far better than any others in the state. Other colleges are off 52-54%. Shasta is off 32%. Their campus is a ghost town compared to what it was. Dr. Albertson stated he thinks it was a good thing to make the early decision to come back face-to-face. Thank you to the Board for your flexibility and thank you to the faculty for your flexibility. Comparatively, we are good.

### Information: 8.14 Budget Update

Dr. Albertson advised that he covered most of any update regarding the budget during his report, but he is open to questions. We are on budget. There is some hiring they will need to do. With as close as we are on the 50% rule, we need to watch what we are doing. There are some balancing issues we need to undertake.

### Information: 8.15 Accreditation Update

Dr. Albertson reported that with regard to accreditation, thank you again to the entire campus. He did not do that heavy lifting. They made it happen. Thank you to the Board for allowing the flexibility and allowing us to handle as we have done. Dr. Albertson asked if Adam Runyan as the Senate President wanted to add his thoughts. Mr. Runyan advised he is pleased with our Tri Chairs. There were some negotiations that went on to pay them individually. Thank you. They are working hard and deserve it. If it has not been for our faculty, we would not be where we are. It has been a heavy lift of everyone. Mr. Runyan stated he is excited about next month. He feels everyone has an understanding at a deeper level and we will continue to work for the next 7 years and get ready for the next one. Dr. Albertson stated he is looking forward to it and this is what it should be like every time. Dr. Albertson asked Dr. Randy Joslin to stand up and reported that Randy has been our ALO to get through this. He is also the maestro for data. Thank you. Great job.

### Information: 8.16 COVID Update

Dr. Albertson stated that CoVid is real. Everyone but his wife has had it. It was miserable and they hated it. They have had a 3 year old that has it, and they cannot quite tell you what is bothering them. Dr. Albertson advised they continue to undertake every precaution on campus. People continue to wear masks. sanitize, and we have air scrubbers. Things are going well and we are steady. Trustee Hamilton asked what would we consider ourselves to be at: Phase 1, 2 or 3? Dr. Albertson advised that we are Phase 3 as we are fully open with precautions.

## 9. Information Items

### Information, Procedural: 9.01 Calendar of Events

President Wages referred those present to the Events tab on the website.

## 10. Future Dates and Reports

None

#### 5. Information-Reports

##### Information, Report: 5.01 Academic Senate President's Report - Adam Runyan

Adam Runyan, Academic Senate President, gave the following report:

“Good Evening, It has been a relatively smooth start to the school year. Senate is currently updating handbooks (Governance, Budget, and IPR) as well as reviewing all committee charges. Academic Services has supported us with delivering effective training to all faculty on Evaluation Process, the use of OWL’s for Hyflex instruction and meetings, the Instructional Program Review process, as well as making themselves readily available for any questions. Our new faculty are getting more onboarding and support than previous years. Specifically, Collen Baker, deserves kudos for her hard work and effort for our faculty. Senate is keeping up with State mandates that affect our campus. We will be sure to keep you informed as a Board. Thank you for your service to our institution.”

##### Information, Report: 5.02 Associated Student's Report - ASB President Amanda Reeves

ASB President Amanda Reeves was absent.

##### Information, Report: 5.03 Interim Superintendent/President's Report - Carie Camacho

Interim Superintendent/President Carie Camacho advised that she sent something out to the Board and hope that they had received it. Our FTES estimate is at 1,355 FTE which is still falling short of the 1,400 we are being funded at. We have another year to get our numbers up. President Camacho reported that our Volleyball team is ranked 11th in the State. Our surplus sale which was 10 years in the waiting, ended last night at 7 p.m. Dan did send her a list of sold/paid and sold/not paid. They will give you a complete update at next months' meeting once items have been picked up. President Camacho reported that we will probably have another surplus sale coming up in six months. The college will spend a tremendous amount of money getting everything cleaned up.

Next President Camacho projected a spread sheet on the screen of the Financial Projections provided by the College's consultant Ed Knudsen for FY 2023-2024 through 2025-2026. This is the worksheet that had been reviewed during the two budget forums on campus last week. President Camacho reviewed the fiscal projections with the Board and answered questions concerning these projections. In part, taxes are due in October this year in most counties. The Legal Analyst's Office has said that Governor Newsom is billions of dollars off. Additionally we have the compounding effect of the COLA. We were able to make up the \$495,051 deficit this year as we have four faculty positions that are not filled. This covered the deficit with one-time monies. We will need to fill some of these, if not all of the positions for next year. After P1, the State can still take back funds. The projected COLA for 2024-2025 is 5% but now we are hearing it may be 3 or 4%. We have an increase in healthcare, STRS/PERS and then the step increase. We will be deficit spending at around \$1,010,150.00. President Camacho advised that we need approximately \$5 million in reserves to be safe. We will have more of an idea in October after the 311. If we do not hit our FTE at 1,400, we will not get COLA which means we will have no money for step increases, STRS/PERS, etc. This could all change in a month too. This is the current forecast right now.

President Camacho restated that we are good this year. Next year we just do not know yet. One issue is big programs like Equity do not get COLA, so the state may not continue to fund. We are currently in Hold Harmless which they keep changing. Before the State was saying Hold Harmless would last until 2027-2028. Now they are saying 2025-2026. Trustee Wages stated that Equity is not getting funded but it is funny DEI is being pushed but Equity not being funded. President Camacho stated that a good example is our Student Resource Center. The State imposes services we have to provide yet they are not funding. The State is saying we have to get creative. We have survived other budget crises in California in the past. Ed Knudsen said this is the third he has seen during his career.

We are projected this year at 1,355 FTE. We have to be consistently at or above 1,400 in order to receive COLA moving forward.

Interim VP of Administrative Services David Corley advised that our average includes the current year and two years' prior that we have to be at 1,400. If we stay on track we should be close in 2025-2026. President Camacho stated we have to continue to work on retention. Getting them here is great, but we have to keep them here in order to succeed.

The spreadsheet is attached to the agenda under the Interim Superintendent/President's Report, Item 5.03.

##### Information, Report: 5.04 Board Comments

Trustee Louis Hamilton stated welcome back to everyone, and that he appreciates Will giving us the schedule and pass to the home games.

Trustee Sandra Jonas welcomed everyone back and Happy Fall! Trustee Jonas thanked all of the employees serving on all of these committees, adding you guys have been really, really busy, and the Board appreciates your commitment to

the College.

Trustee Sophia Wages stated thank you to Will for thinking of the Board. Trustee Wages advised she will be playing in the Frank Ernaga Golf Tournament Saturday. Trustee Wages advised they started the tournament 3 or 4 years ago and Frank was a Chicago Cubs star. He was the first rookie to hit a home run on his first day. Traditionally the Foundation has sponsored this but this year Jim Ernaga, Frank's son, decided to run it and give half to his golf team at the high school and half to our baseball team. Trustee Wages gave her congrats to Women's Volleyball on being ranked 11th in the State. Interim Superintendent/President Carie Camacho added that they play at home on September 22nd.

Student Trustee Jasmine Gisselberg stated good job Volleyball! And we have a student in the top three. Miss Gisselberg also thanked AD Will Freedman for the pass.

President Buck Parks stated that it is good to hear the surplus sale is over and went well. A lot of us and especially Lou have wanted it done and hopefully it moved forward successfully. President Parks thanked Dan and everyone that worked on it. It was a monumental task.

## 6. Administration Board Policy - Chapter 3 Second Reading and Approval

President Buck Parks recommended the Chapter 3 Board Policies - Items 6.01 through 6.03 be approved with one Motion.

Action, Information: 6.01 BP 3410 Nondiscrimination

Absent: None

## 8. Administration - Public Hearing on FY 2023-2024 Final Budget

### Action, Procedural: 8.01 Public Hearing on FY 2023-2024 Final Budget

President Buck Parks asked for a Motion to open the Public Hearing on the FY 2023-2024 Final Budget.

Motion by Robin Hanson to open the Hearing on the FY 2023-2024 Final Budget, second by Kim Dieter

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Jasmine Gisselberg

Noes: None

Absent: None

President Parks asked if anyone in the public would like to comment on the FY 2023-2024 Final Budget? There being no comments, President Parks asked for a Motion to close the Hearing on the FY 2023-2024 Final Budget.

Motion by Sophia Wages to close the Hearing on the FY 2023-2024 Final Budget, second by Sandra Jonas

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Jasmine Gisselberg

Noes: None

Absent: None

## 9. Administration

### Action: 9.01 Approval of 2023-2024 Final Budget

President Parks asked if any of the Board had any questions concerning the Final Budget or any comments from the Finance Committee who had met prior to this meeting. Trustee Kim Dieter said that she just appreciates all the hard work that went into this budget.

Motion by Kim Dieter, second by David Trussell

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Jasmine Gisselberg

Noes: None

Absent: None

### Action: 9.02 Approval of 2024-2025 Lassen Affordable Student Housing Grant

Interim Superintendent/President Carie Camacho advised that even though the Chancellor's Office said they are going to stop funding housing grants, we are still going to submit it and have it out there. They are supposedly funding the projects that are in process. Mrs. Camacho stated that we are hoping they get to our round.

Motion by Sophia Wages, second by Louis Hamilton

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Jasmine Gisselberg

Noes: None

Absent: None

### Action: 9.03 Acceptance of Donation of Wildland Fire Engine From City of Susanville Fire Department

Interim Superintendent/President Carie Camacho advised that the City of Susanville Fire Department were nice enough to donate the fire engine to our Fire Technology program. Mrs. Camacho advised that we are asking for the Board's approval. An inquiry was made as to whether we needed another engine and would we have a location to secure it. Trustee David Trussell advised that ours is a brush engine but the college's has kind of run out and is getting old. It was further advised that the program used to store the equipment in the cogen and that leaving them outside is hard on them. Mrs. Camacho stated she would ask and get an answer back to the Board on this. asking for approval

Motion by David Trussell, second by Robin Hanson

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Jasmine Gisselberg

Noes: None

Absent: None

### Action: 9.04 Acceptance of Lassen College Foundation Membership

Trustee Sophia Wages advised that the Foundation gained a new member and that progress is moving along. New members Michael Rivas and Jenna Ducasse. Trustee Wages stated that everything is coming along and doing great. The Foundation Members consist of Sophia Wages, Morgan Nugent, Carie Camacho, Jenna Ducasse, Louis Hamilton and Michael Rivas. It is a requirement that the Foundation notify the Board of Trustees of their Directors. This agenda item is asking for the Board's approval of the Foundation membership.

Motion by Sandra Jonas, second by Louis Hamilton

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Jasmine Gisselberg

Noes: None

Absent: None

### Action: 9.05 Approval of Revised 2023-2024 Academic Calendars

Interim Superintendent/President Carie Camacho advised they are asking for approval of the revised 2023-2024 Calendar. The Calendar Committee submitted changes as there were some changes to holidays and we aligned our holidays to local schools. Our fire program Basic 32 happens during Spring Break. It is a really good thing for our local high school kids if they can participate.

Motion by David Trussell, second by Jasmine Gisselberg (Advisory Vote)

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Jasmine Gisselberg

Noes: None

Absent: None

### Action: 9.06 Update to Short-Term Salary Schedule

Interim Superintendent/President Carie Camacho advised that because we have bigger (longer) vehicles we are driving students around in, we need to have different licensing. We added new compensation appropriate for that. Interim HR Director Kristen Gilman advised that this will add an added level of safety and protection for our students with having the P level licensing.

Motion by Sophia Wages, second by David Trussell

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Jasmine Gisselberg

Noes: None

Absent: None

### Action: 9.07 Approval of Comprehensive Institutional Master Plan (CIMP) 2022-2027

Interim Superintendent/President Carie Camacho stated this document, the Comprehensive Institutional Master Plan 2022-2027, also known as the CIMP, is presented for approval. President Camacho stated she wants to give a shout out to Colleen Baker and Chad Lewis who spearheaded this document. Normally it is done by an Institutional Researcher which we do not have. Hopefully we will have one within a month as we have a large pool of candidates. President Camacho advised that they have done a lot of work in the background and this document is needed for accreditation etc. Interim VP of Academic Services Colleen Baker added that there is a pie graph in the document, around Page 4. Ms. Baker stated she has to give a shout out to the College. There were 92 strategic goals we were working toward on the last CIMP. Fifty percent have been fully implemented and 37 additional ones are in progress; Four we decided not to pursue and five we have not started yet. All areas have been working on reaching our tasks we have set for ourselves.

Motion by Robin Hanson, second by Sandra Jonas

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Jasmine Gisselberg

Noes: None

Absent: None

President Parks suggested that Item 9.08 through Item 9.14 on the Advisory Committees be approved with one Motion:

### Action: 9.08 Approval of 2023-2024 Administration of Justice/P.O.S.T Program Advisory Committee

### Action: 9.09 Approval of Child Development Advisory Committee 2023-2024

### Action: 9.10 Approval of Automotive Technology Program Advisory Committee 2023-2024

Action: 9.11 Approval of 2023-2024 Welding Technology Advisory CommitteeAction: 9.12 Approval of the 2023-2024 Health Sciences Medical Technology Advisory CommitteeAction: 9.13 Approval of 2023-2024 Gunsmithing Trade Advisory CommitteeAction: 9.14 Approval of 2023-2024 CIS Advisory Committee

Motion by Kim Dieter to approve Item 9.08 through Item 9.14 on Advisory Committees with one Motion, second by Robin Hanson

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Jasmine Gisselberg

Noes: None

Absent: None

Information: 9.15 Presentation of District and LCFA Initial Bargaining Proposals for 2023-2024 Negotiations

Interim Superintendent/President Carie Camacho advised that this is just for information. The District is presenting its openers and this year LCFA has no openers. This will be a sunshine period of thirty days, and then we will begin negotiations with Faculty.

Information: 9.16 Presentation of District Initial Bargaining Proposals to CSEA for 2023-2024 Negotiations

Interim Superintendent/President Carie Camacho advised that CSEA has not submitted at this time. The District has reached out to them and they do not have their openers ready quite yet. Once we bring them to the Board, then there will be a sunshine period of thirty days. Interim HR Director Kristen Gilman advised that she believes they will have them soon before the next Board meeting is her expectation. This is an information item at this time.

Information: 9.17 Accreditation Update

Interim Superintendent/President Carie Camacho stated campus is working on the mid term report and still gathering evidence. Chad is still the ALO although he is a Dean now. They are all working hard, the Tri Chairs, Chad and Codi.

Noes: None  
Absent: None

#### 4. Discussion/Action on item(s) removed from Consent Agenda

None

#### 5. Information-Reports

##### Information, Report: 5.01 Academic Senate President's Report - Adam Runyan

Adam Runyan, Academic Senate President, gave the following report:

“Good Evening, It has been a relatively smooth start to the school year. Senate is currently updating handbooks (Governance, Budget, and IPR) as well as reviewing all committee charges. Academic Services has supported us with delivering effective training to all faculty on Evaluation Process, the use of OWL’s for Hyflex instruction and meetings, the Instructional Program Review process, as well as making themselves readily available for any questions. Our new faculty are getting more onboarding and support than previous years. Specifically, Collen Baker, deserves kudos for her hard work and effort for our faculty. Senate is keeping up with State mandates that affect our campus. We will be sure to keep you informed as a Board. Thank you for your service to our institution.”

##### Information, Report: 5.02 Associated Student's Report - ASB President Amanda Reeves

ASB President Amanda Reeves was absent.

##### Information, Report: 5.03 Interim Superintendent/President's Report - Carie Camacho

Interim Superintendent/President Carie Camacho advised that she sent something out to the Board and hope that they had received it. Our FTES estimate is at 1,355 FTE which is still falling short of the 1,400 we are being funded at. We have another year to get our numbers up. President Camacho reported that our Volleyball team is ranked 11th in the State. Our surplus sale which was 10 years in the waiting, ended last night at 7 p.m. Dan did send her a list of sold/paid and sold/not paid. They will give you a complete update at next months' meeting once items have been picked up. President Camacho reported that we will probably have another surplus sale coming up in six months. The college will spend a tremendous amount of money getting everything cleaned up.

Next President Camacho projected a spread sheet on the screen of the Financial Projections provided by the College's consultant Ed Knudsen for FY 2023-2024 through 2025-2026. This is the worksheet that had been reviewed during the two budget forums on campus last week. President Camacho reviewed the fiscal projections with the Board and answered questions concerning these projections. In part, taxes are due in October this year in most counties. The Legal Analyst's Office has said that Governor Newsom is billions of dollars off. Additionally we have the compounding effect of the COLA. We were able to make up the \$495,051 deficit this year as we have four faculty positions that are not filled. This covered the deficit with one-time monies. We will need to fill some of these, if not all of the positions for next year. After P1, the State can still take back funds. The projected COLA for 2024-2025 is 5% but now we are hearing it may be 3 or 4%. We have an increase in healthcare, STRS/PERS and then the step increase. We will be deficit spending at around \$1,010,150.00. President Camacho advised that we need approximately \$5 million in reserves to be safe. We will have more of an idea in October after the 311. If we do not hit our FTE at 1,400, we will not get COLA which means we will have no money for step increases, STRS/PERS, etc. This could all change in a month too. This is the current forecast right now.

President Camacho restated that we are good this year. Next year we just do not know yet. One issue is big programs like Equity do not get COLA, so the state may not continue to fund. We are currently in Hold Harmless which they keep changing. Before the State was saying Hold Harmless would last until 2027-2028. Now they are saying 2025-2026. Trustee Wages stated that Equity is not getting funded but it is funny DEI is being pushed but Equity not being funded. President Camacho stated that a good example is our Student Resource Center. The State imposes services we have to provide yet they are not funding. The State is saying we have to get creative. We have survived other budget crises in California in the past. Ed Knudsen said this is the third he has seen during his career.

We are projected this year at 1,355 FTE. We have to be consistently at or above 1,400 in order to receive COLA moving forward.

Interim VP of Administrative Services David Corley advised that our average includes the current year and two years' prior that we have to be at 1,400. If we stay on track we should be close in 2025-2026. President Camacho stated we have to continue to work on retention. Getting them here is great, but we have to keep them here in order to succeed.

The spreadsheet is attached to the agenda under the Interim Superintendent/President's Report, Item 5.03.

##### Information, Report: 5.04 Board Comments

Trustee Louis Hamilton stated welcome back to everyone, and that he appreciates Will giving us the schedule and pass to the home games.

Trustee Sandra Jonas welcomed everyone back and Happy Fall! Trustee Jonas thanked all of the employees serving on all of these committees, adding you guys have been really, really busy, and the Board appreciates your commitment to

the College.

Trustee Sophia Wages stated thank you to Will for thinking of the Board. Trustee Wages advised she will be playing in the Frank Ernaga Golf Tournament Saturday. Trustee Wages advised they started the tournament 3 or 4 years ago and Frank was a Chicago Cubs star. He was the first rookie to hit a home run on his first day. Traditionally the Foundation has sponsored this but this year Jim Ernaga, Frank's son, decided to run it and give half to his golf team at the high school and half to our baseball team. Trustee Wages gave her congrats to Women's Volleyball on being ranked 11th in the State. Interim Superintendent/President Carie Camacho added that they play at home on September 22nd.

Student Trustee Jasmine Gisselberg stated good job Volleyball! And we have a student in the top three. Miss Gisselberg also thanked AD Will Freedman for the pass.

President Buck Parks stated that it is good to hear the surplus sale is over and went well. A lot of us and especially Lou have wanted it done and hopefully it moved forward successfully. President Parks thanked Dan and everyone that worked on it. It was a monumental task.

## 6. Administration Board Policy - Chapter 3 Second Reading and Approval

President Buck Parks recommended the Chapter 3 Board Policies - Items 6.01 through 6.03 be approved with one Motion.

Action, Information: 6.01 BP 3410 Nondiscrimination

## 8. Administration - Public Hearing on FY 2023-2024 Final Budget

### Action, Procedural: 8.01 Public Hearing on FY 2023-2024 Final Budget

President Buck Parks asked for a Motion to open the Public Hearing on the FY 2023-2024 Final Budget.

Motion by Robin Hanson to open the Hearing on the FY 2023-2024 Final Budget, second by Kim Dieter

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Jasmine Gisselberg

Noes: None

Absent: None

President Parks asked if anyone in the public would like to comment on the FY 2023-2024 Final Budget? There being no comments, President Parks asked for a Motion to close the Hearing on the FY 2023-2024 Final Budget.

Motion by Sophia Wages to close the Hearing on the FY 2023-2024 Final Budget, second by Sandra Jonas

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Jasmine Gisselberg

Noes: None

Absent: None

## 9. Administration

### Action: 9.01 Approval of 2023-2024 Final Budget

President Parks asked if any of the Board had any questions concerning the Final Budget or any comments from the Finance Committee who had met prior to this meeting. Trustee Kim Dieter said that she just appreciates all the hard work that went into this budget.

Motion by Kim Dieter, second by David Trussell

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Jasmine Gisselberg

Noes: None

Absent: None

### Action: 9.02 Approval of 2024-2025 Lassen Affordable Student Housing Grant

Interim Superintendent/President Carie Camacho advised that even though the Chancellor's Office said they are going to stop funding housing grants, we are still going to submit it and have it out there. They are supposedly funding the projects that are in process. Mrs. Camacho stated that we are hoping they get to our round.

Motion by Sophia Wages, second by Louis Hamilton

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Jasmine Gisselberg

Noes: None

Absent: None

### Action: 9.03 Acceptance of Donation of Wildland Fire Engine From City of Susanville Fire Department

Interim Superintendent/President Carie Camacho advised that the City of Susanville Fire Department were nice enough to donate the fire engine to our Fire Technology program. Mrs. Camacho advised that we are asking for the Board's approval. An inquiry was made as to whether we needed another engine and would we have a location to secure it. Trustee David Trussell advised that ours is a brush engine but the college's has kind of run out and is getting old. It was further advised that the program used to store the equipment in the cogen and that leaving them outside is hard on them. Mrs. Camacho stated she would ask and get an answer back to the Board on this. asking for approval

Motion by David Trussell, second by Robin Hanson

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Jasmine Gisselberg

Noes: None

Absent: None

### Action: 9.04 Acceptance of Lassen College Foundation Membership

Trustee Sophia Wages advised that the Foundation gained a new member and that progress is moving along. New members Michael Rivas and Jenna Ducasse. Trustee Wages stated that everything is coming along and doing great. The Foundation Members consist of Sophia Wages, Morgan Nugent, Carie Camacho, Jenna Ducasse, Louis Hamilton and Michael Rivas. It is a requirement that the Foundation notify the Board of Trustees of their Directors. This agenda item is asking for the Board's approval of the Foundation membership.

Motion by Sandra Jonas, second by Louis Hamilton

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Jasmine Gisselberg

Noes: None

Absent: None

### Action: 9.05 Approval of Revised 2023-2024 Academic Calendars

Interim Superintendent/President Carie Camacho advised they are asking for approval of the revised 2023-2024 Calendar. The Calendar Committee submitted changes as there were some changes to holidays and we aligned our holidays to local schools. Our fire program Basic 32 happens during Spring Break. It is a really good thing for our local high school kids if they can participate.

Motion by David Trussell, second by Jasmine Gisselberg (Advisory Vote)

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Jasmine Gisselberg

Noes: None

Absent: None

### Action: 9.06 Update to Short-Term Salary Schedule

Interim Superintendent/President Carie Camacho advised that because we have bigger (longer) vehicles we are driving students around in, we need to have different licensing. We added new compensation appropriate for that. Interim HR Director Kristen Gilman advised that this will add an added level of safety and protection for our students with having the P level licensing.

Motion by Sophia Wages, second by David Trussell

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Jasmine Gisselberg

Noes: None

Absent: None

### Action: 9.07 Approval of Comprehensive Institutional Master Plan (CIMP) 2022-2027

Interim Superintendent/President Carie Camacho stated this document, the Comprehensive Institutional Master Plan 2022-2027, also known as the CIMP, is presented for approval. President Camacho stated she wants to give a shout out to Colleen Baker and Chad Lewis who spearheaded this document. Normally it is done by an Institutional Researcher which we do not have. Hopefully we will have one within a month as we have a large pool of candidates. President Camacho advised that they have done a lot of work in the background and this document is needed for accreditation etc. Interim VP of Academic Services Colleen Baker added that there is a pie graph in the document, around Page 4. Ms. Baker stated she has to give a shout out to the College. There were 92 strategic goals we were working toward on the last CIMP. Fifty percent have been fully implemented and 37 additional ones are in progress; Four we decided not to pursue and five we have not started yet. All areas have been working on reaching our tasks we have set for ourselves.

Motion by Robin Hanson, second by Sandra Jonas

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Jasmine Gisselberg

Noes: None

Absent: None

President Parks suggested that Item 9.08 through Item 9.14 on the Advisory Committees be approved with one Motion:

### Action: 9.08 Approval of 2023-2024 Administration of Justice/P.O.S.T Program Advisory Committee

### Action: 9.09 Approval of Child Development Advisory Committee 2023-2024

### Action: 9.10 Approval of Automotive Technology Program Advisory Committee 2023-2024

Action: 9.11 Approval of 2023-2024 Welding Technology Advisory CommitteeAction: 9.12 Approval of the 2023-2024 Health Sciences Medical Technology Advisory CommitteeAction: 9.13 Approval of 2023-2024 Gunsmithing Trade Advisory CommitteeAction: 9.14 Approval of 2023-2024 CIS Advisory Committee

Motion by Kim Dieter to approve Item 9.08 through Item 9.14 on Advisory Committees with one Motion, second by Robin Hanson

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Jasmine Gisselberg

Noes: None

Absent: None

Information: 9.15 Presentation of District and LCFA Initial Bargaining Proposals for 2023-2024 Negotiations

Interim Superintendent/President Carie Camacho advised that this is just for information. The District is presenting its openers and this year LCFA has no openers. This will be a sunshine period of thirty days, and then we will begin negotiations with Faculty.

Information: 9.16 Presentation of District Initial Bargaining Proposals to CSEA for 2023-2024 Negotiations

Interim Superintendent/President Carie Camacho advised that CSEA has not submitted at this time. The District has reached out to them and they do not have their openers ready quite yet. Once we bring them to the Board, then there will be a sunshine period of thirty days. Interim HR Director Kristen Gilman advised that she believes they will have them soon before the next Board meeting is her expectation. This is an information item at this time.

Information: 9.17 Accreditation Update

Interim Superintendent/President Carie Camacho stated campus is working on the mid term report and still gathering evidence. Chad is still the ALO although he is a Dean now. They are all working hard, the Tri Chairs, Chad and Codi.

None

#### 5. Information-Reports

##### Information, Report: 5.01 Academic Senate President's Report - Adam Runyan

Academic Senate President Adam Runyan gave the following report: Good Evening, I attended the Virtual Academic Senate Area A meeting last week and was able to hear updates on topics such as the ASCCC Strategic Plan, Cultural Humility, the Chancellors office Vision 2030, Cal-GETC, Baccalaureate degrees, Common Course Numbering, Title 5 Changes, Ethnic Studies, DEIA in Evaluations, and OERI and ZTC policies. If you have any questions about these topics, please feel free to reach out. I will be attending the ASCCC Fall Plenary this week where I will have a chance to talk to other Senate leaders from across the state and bring important updates back to our campus. Thank you for serving our institution.

##### Information, Report: 5.02 Associated Student's Report - ASB President Amanda Reeves

Student Trustee Jasmine Gisselberg reported that ASB just hosted the annual Halloween event on campus which included a costume contest, a pumpkin contest hosted by SAAC and other fun activities. They have been having a mobile hot chocolate cart to interact with students and a lot of students enjoyed it.

##### Information, Report: 5.03 Interim Superintendent/President's Report - Carie Camacho

Interim Superintendent/President Carie Camacho reported that tomorrow we get our final approval for the RN program. She and Christi will be on a zoom call which consists of the Board blessing it. Then LCC will be a full fledged RN program. Also we are awaiting the MOU getting signed with Humboldt. President Camacho advised that last week Sophia and she met with the Rancheria to present their land acknowledgement. It was received very favorably. The Rancheria board are going to read it over and Chris LaMarr also sent to a tribal person who has her PhD at Chico State for review. Then she will bring it back to the Board. President Camacho asked regarding the Volleyball game playoff and how many of you present attended? President Camacho stated she was in Oregon yelling out the score while in a store. The second game playoff will be here. At this time, she does not know what time or team but added that it may be Cabrillo. Also LCC got the bye for the first game. President Camacho stated that no games are free as it is a 3C2A playoff. Student Services will try to do a BBQ out front. Our version of a tailgate. Information will be sent out as soon as we know. If they win, they get one more game and then would go to the Final Four in LA. They are currently 9th and 11th in the State.

##### Information, Report: 5.04 Board Comments

Trustee Louis Hamilton stated that as a continuation of the volleyball game, all he can say was wow! Pride, spirit and sportsmanship. It was the most intense end to an end of a season. History was made. The stands were full, and the fans were awesome. There was a board member from FRC there and he said "I can't take much more than this". Trustee Hamilton stated they both walked out together. It was an incredible match by both teams. Just incredible.

Trustee Kim Dieter stated that she fully agrees with Lou. She is really proud of LCC and it was a great evening. Trustee Dieter stated she hopes they do well Tuesday.

Trustee David Trussell stated he is looking forward to Tuesday.

Trustee Sandra Jonas stated that continuing on volleyball, at the last meeting Will gave a presentation and explained about viewing games online. She was unable to come back to town but she watched online. It was easy to sign up and pay and easy to find on our website. Trustee Jonas stated she appreciates having that available and hopes it continues. It is great.

Trustee Sophia Wages stated she hopes LCC continues on their good streak. Trustee Wages advised it was interesting for she and Carie to go up to the Rancheria after growing up with many of the natives there. They have a good relationship with them and thinks that will help us. They are excited with the land agreement. Trustee Wages stated she did give a poke out to her dad as when he came here in the 40's he coached the basketball team at the Rancheria. That picture is in their gymnasium. Trustee Wages inquired about the grass being taken out by the gym and was advised by President Camacho that the area will be the sand volleyball courts. Trustee Camacho reported that in our region the only school with sanctioned sand volleyball courts is FRC, so we have to go over there to play. Dan is having them take the extra sod and moving it to bare places on campus.

Student Trustee Gisselberg advised that the volleyball team come into Cougar HQ to get water and also that the sod is looking good.

President Buck Parks stated that he is starting to hear in his area about Lassen and the Volleyball team.

Trustee Robin Hanson stated thank you for bearing with her for being remote during the meetings and she looks forward to seeing everyone at the Christmas party.

## 6. Administration - First Reading Board Policy Chapter 6-Business and Fiscal Affairs (No Action Needed)

14.01 Adjournment of Meeting

## Counseling Department Meeting: 10/4/2023

Attendance: Alison Somerville, Adam Runyan, Cheyenne Rea, Monteil Ackley, Shannon Hogan, Tom Rogers, Jennifer Lawler, KC Mesloh, Davis Murphy

- We received a memo from the Chancellor's office; as of 8/1/2024 we must default to ADTs. Will need to complete EdPlans for *all* ADT program students. May be abbreviated or comprehensive, still need to receive clarification. Will need to find out how this will work with CTEs and how the system will know this.
- Scheduling for courses for Spring 2024 still being worked on. Should have info by October 30<sup>th</sup>.
- Counselor schedules this month: Janet Marinoni attending a conference the last week of October, will also be making various site visits throughout the month, trying to complete them but may rollover into November. Tom Rogers will be gone October 16<sup>th</sup>-19<sup>th</sup> for EOPS conference. Shannon Hogan will be gone the 5<sup>th</sup>-6<sup>th</sup> as well at the 9<sup>th</sup>-11<sup>th</sup> for a conference. (Next month Alison will be out the 6<sup>th</sup>-11<sup>th</sup>).
- RN program is changing, there is a reduction in credits and it is being resubmitted for approval. Lower enrollment than we'd like to see for RN program. Wondering if we can advertise more in impacted areas? Would need permission from the other schools in that area, per Davis, or by having a partnership with the other entities. Timing of prerequisites for the nursing program are also changing, students will be able to take more concurrently.
- Tom Rogers seeing issues in Datatel. When pulling up students in the transcript section, it will show W's indicating withdrawn courses but then when he pulls the student's schedule it shows they are still taking the courses and the students are stating that no, they have not withdrawn and are still taking the classes. Not all grades seem to be posting from Spring/Summer 2023 also. Tom relayed these issues to David Corley for review. Some instructors may also have created errors when pulling census info per Davis. Updates within the Datatel system itself have also created changes in other areas of the system. Please continue to forward anything odd you find to both David and Davis.
- Roxanna Haynes will be in new position as Executive VP of Student & Administrative Services by 11/1/23.
- Discussed ARC's registration system, per Adam it is very slick and easy to use. May not have much of a buffer to verify student information but was easy for students to use and apply through.
- Datatel may be eliminated in the future. A state system may be implemented across the board going forward. CCC Apply is also working on a new application. FAFSA application also being updated, verbiage could be changing (such as 'award letter' being changed to 'offer letter' etc), tax info will relay automatically by pulling from applicants social security information which is helpful. New FAFSA app to be out tentatively in December, currently demos are being presented.
- Admin is currently going through the APs/BPs per Davis, and they reviewing them to ensure everything is updated and that documents are cleaned up including the titles listed/required for signatures.
- No more on the spot admission offered at Chico State. Students will have to attend admission events. Hoping we receive more outreach efforts from Chico to include the far North area.

**PROGRAM ID:**

**DATE LAST REVIEWED/UPDATED:**

**PROGRAM TITLE:**

**FACULTY NAME(s):**

Indicate, by number, the Student Learning Outcome(s) that support the Program Student Learning Outcome (PSLO).

Course SLOs	PSLO 1	PSLO 2	PLSO 3	PLSO 4	PLSO 5
	<insert PSLO info from catalog>				
<insert Course #>	<insert SLO #>				

**Measure:** Ratio of achieved SLOs to SLOs assessed. **Target:** 75% of SLOs will be achieved.

**Lassen Community College**  
**SLO Assessment Plans**

**Purpose of this document:**

This Student Learning Outcome Assessment Plan is intended to inform faculty of their obligation to assess course SLOs in a cohesive and meaningful manner. Faculty are always encouraged to assess every course SLO every semester the course is offered. If this is not feasible, then per minimum, faculty must follow the SLO Assessment Plan include in this document. The minimum requirement is described as well as presented in the colored-coded chart below:

- If a course is offered at least once per year, the faculty member assesses every even or every odd SLO depending on the calendar year. For example, in 2022, 2024, 2026... assess all even SLOs. In 2023, 2025, 2027...assess all odd SLOs.
- If the course is offered less than one time per year, the faculty member assesses every course SLO.
- If in the previous course offering a SLO did not meet the target, then that SLO needs to be re-assessed in addition to other SLOs as per the description above.

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

**How to use this document:**

Please search alphabetically for your topic and course. Then follow the color code at the top of every SLO Assessment Plan.

**Example:**

If you teach Agriculture 2 or Agriculture 4, you need to find the Agriculture SLO Assessment Plan and then assess the course SLOs according to the color code. Please see below:

**SLO ASSESSMENT PLAN - AGRICULTURE**

Course Number	Course Title
AGR 1	Agricultural Accounting
AGR 2	Agricultural Economics
AGR 3	Introduction to Agricultural Business
AGR 4	Agricultural Sales and Communication
AGR 8	Introduction to Animal Production

In the case of Agriculture 2, assess each SLO every course offering.

In the case of Agriculture 4, assess all even or odd SLOs depending on the calendar year. In 2022, assess every even SLO and in 2023 assess every odd SLO.

## SLO ASSESSMENT PLAN – ADMINISTRATION OF JUSTICE

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

Course Number	Course Title
AJ 5	Introduction to Forensics
AJ 8	Criminal Court Process
AJ 9	Introduction to Correctional Science
AJ 10	Criminology
AJ 11	Youth Gangs in America
AJ 12	Introduction to Criminal Justice
AJ 14	Juvenile Procedures
AJ 16	Supervision in Law Enforcement
AJ 20	Criminal Law
AJ 23	Criminal Evidence
AJ 24	Community Relations
AJ 35	Investigative Techniques
AJ 49	Admin. of Justice Work Experience
AJ 52A	PC832 Arrest Methods and Procedures
AJ 52B	PC832 Firearms
AJ 52BR	Firearms Training/Refresher
AJ 53	Basic Force and Weaponry
AJ 56	Firearms Instructor
AJ 57	Firearms/Tactical Rifle
AJ 58	Perishable Skills for Peace Officers
AJ 59	First Aid/CPR/AED Refresher for Peace Officers
AJ 60	Adult Correctional Officer Core
AJ 61	Juvenile Corrections Officer Core
AJ 62	Probation Officer Core Course
AJ 63	POST Law Enforcement Supervisory Course
AJ 71	CDCR Off Post Training for Custody Staff

## SLO ASSESSMENT PLAN - AGRICULTURE

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

Course Number	Course Title
AGR 1	Agricultural Accounting
AGR 2	Agricultural Economics
AGR 3	Introduction to Agricultural Business
AGR 4	Agricultural Sales and Communication
AGR 8	Introduction to Animal Production
AGR 9	Food Animal Selection
AGR 10	Introduction to Animal Science
AGR 11	Beef Cattle Production
AGR 12	Animal Health and Disease
AGR 13	Feeds and Feeding
AGR 14	Equine Science
AGR 19	Introduction to Soil Science
AGR 20	Introduction to Plant Science
AGR 21B	Intercollegiate Rodeo
AGR 22	Rodeo Skills
AGR 31	Bovine Embryo Transfer
AGR 40	Basic Agricultural Mechanics
AGR 41	Farm Tractors & Farm Power
AGR 42	Farm Surveying, Irrigation and Drainage
ARG 49	Work Experience
AGR 57	Beginning Horsemanship
AGR 61	Introduction to Bovine Reproduction
AGR 70	Rodeo Team Roping
AGR 116	Pesticide Update “Continuing Education Requirements”

## **SLO ASSESSMENT PLAN - ANTHROPOLOGY**

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

<b>Course Number</b>	<b>Course Title</b>
ANTH 1	Biological Anthropology
ANTH 2	Cultural Anthropology

## SLO ASSESSMENT PLAN - ART

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

Course Number	Course Title
ART 1A	Two-Dimensional Design
ART 1B	Three-Dimensional Design
ART 2	Drawing
ART 3	Beginning Life Drawing
ART 6	Survey of Art History, Prehistoric to Renaissance
ART 7	Survey of Art History, Renaissance Through Contemporary
ART 8	Art Appreciation
ART 10A	Beginning Painting
ART 10B	Intermediate Painting
ART 10C	Advanced Painting
ART 10D	Portfolio Painting
ART 19A	Beginning Digital Photography
ART 19B	Intermediate Digital Photography
ART 19 C	Advanced Digital Photography
ART 19 D	Portfolio Digital Photography
ART 21	Digital Illustration
ART 23	Beginning Printmaking
ART 25	Graphic Design 1
ART 36A	Beginning Ceramics
ART 36B	Intermediate Ceramics
ART 36C	Advanced Ceramics
ART 36D	Portfolio Ceramics
ART 49	ART Work Experience

## **SLO ASSESSMENT PLAN - ASL**

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

<b>Course Number</b>	<b>Course Title</b>
ASL 1	American Sign Language I
ASL 2	American Sign Language II

## **SLO ASSESSMENT PLAN - ASTRONOMY**

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

<b>Course Number</b>	<b>Course Title</b>
ASTR 1	Introduction to Astronomy

## SLO ASSESSMENT PLAN – AUTOMOTIVE TECHNOLOGY

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

Course Number	Course Title
AT 49	Automotive Technology Work Experience
AT 50	Car Care Basics
AT 54	Brakes
AT 56	Steering and Suspension
AT 58	Automotive Heating and Air Conditioning
AT 60	Shop Management and Service Writer
AT 66	Manual Drive Train
AT 68	Automatic Transmissions
AT 70	General Automotive Lab
AT 72	Engine Repair Short Block and Machining
AT 74	Engine Repair and Machining-Cylinder Heads
AT 80	Basic Electrical
AT 82	Engine Performance I
AT 84	Engine Performance II
AT 90	Automotive Survival
AT 90A	Automotive Survival Lab
AT 91	Smog Check Training Level 2
AT 150	Automotive Maintenance
AT 151	Automotive Chassis System

## SLO ASSESSMENT PLAN - AVIATION

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

<b>Course Number</b>	<b>Course Title</b>
AERO 1A	Aviation Ground School

## **SLO ASSESSMENT PLAN – BASIC SKILLS**

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

<b>Course Number</b>	<b>Course Title</b>
BS 156	Practical Writing
BS 170	Basic Skills: Pre High School Equivalency Preparation I
BS 171	Basic Skills: Pre High School Equivalency Preparation II

## SLO ASSESSMENT PLAN - BIOLOGY

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

Course Number	Course Title
BIOL 1	Principles of Molecular and Cellular Biology
BIOL 4	Principles of Evolutionary, Organismal, and Ecological Biology
BIOL 10	Natural History of Plants and Animals
BIOL 20	Microbiology
BIOL 21	Human Anatomy with Lab
BIOL 22	Human Physiology with Lab
BIOL 25	Human Anatomy and Physiology I
BIOL 26	Human Anatomy and Physiology II
BIOL 32	General Biology
BIOL 32L	General Biology Lab

## SLO ASSESSMENT PLAN - BUSINESS

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

Course Number	Course Title
BUS 1A	Accounting Principles – Financial
BUS 1B	Accounting Principles – Managerial
BUS 2	Introduction to Business
BUS 10	Managing Diversity and Human Resources
BUS 22	Business Law
BUS 25	Small Business Management
BUS 27	Business Communication
BUS 49	Work Experience
BUS 84	Business Mathematics

## **SLO ASSESSMENT PLAN - CARS**

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

<b>Course Number</b>	<b>Course Title</b>
CARS 151	Career Life Skills
CARS 153	Career/Employment Strategies

## SLO ASSESSMENT PLAN – CHEMISTRY

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

Course Number	Course Title
CHEM 1A	General Chemistry I
CHEM 1B	General Chemistry II
CHEM 8	Introduction to Organic and Biochemistry
CHEM 40	Survey of Chemistry and Physics
CHEM 40L	Teaching Laboratory for Survey of Chemistry and Physics
CHEM 45	CHEM 45 Introduction to General Chemistry
CHEM 45A	Introduction to General Chemistry Discussion Session
CHEM 185	Introduction to General Chemistry Discussion

## SLO ASSESSMENT PLAN – CHILD DEVELOPMENT

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

Course Number	Course Title
CD 11	Observation and Assessment
CD 12	Child, Family and Community
CD 15	Pre-School Administration
CD 16	Introduction to Curriculum
CD 17	Children’s Literature
CD 19	Children’s Nutrition, Health, and Safety
CD 20	Principles and Practices of Teaching Small Children
CD 22	The Infant/Toddler
CD 23	Adult Supervision in the Child Care Setting
CD 24	Practicum
CD 25	Teaching in a Diverse Society
CD 26	Administration II
CD 27	The Special Needs Child
CD 28	Child Guidance
CD 30	Early Steps to Reading Success
CD 31	Child Development: Conception Through Adolescence
CD 49	Work Experience
CD 50	Child Health and Safety

## **SLO ASSESSMENT PLAN – COMPUTER INFORMATION SYSTEMS**

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

<b>Course Number</b>	<b>Course Title</b>
CIS 50	IT Essentials
CIS 60	Networking Essentials
CIS 70	Computer and Network Security Fundamentals
CIS 80	Introduction to Datasystems
CIS 90	The IT Professional

## SLO ASSESSMENT PLAN – COMPUTER SCIENCE

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

Course Number	Course Title
CS 1	Computer Literacy
CS 150	Technical Support Fundamentals
CS 151	Technical Support Fundamentals
CS 152	Operating Systems and You: Becoming a Power User
CS 153	System Administration and IT Infrastructure Services
CS 154	IT Security: Defense against the digital dark arts

## SLO ASSESSMENT PLAN – COUNSELING AND GUIDANCE

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

Course Number	Course Title
CG 1	Strategies for Creating Success in College and in Life
CG 150	College Success Skills Workshop Series
CG 155	Study Strategies Lab
CG 158	New Student Orientation

## SLO ASSESSMENT PLAN – DEVELOPMENTAL STUDIES

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

Course Number	Course Title
DS 110	Computer Access I
DS 111	Computer Access II
DS 112	Computer Access Projects
DS 113	Developmental Skills: Personal Assessment
DS 120	Adaptive Fitness
DS 122	Adaptive Individual Sports: Weight Training
DS 153	Community Awareness I
DS 155	Adaptive Aquatics for the Physically Limited
DS 158	Developmental Studies - Adaptive Arts & Crafts

## **SLO ASSESSMENT PLAN – ECONOMICS**

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

<b>Course Number</b>	<b>Course Title</b>
ECON 10	Macro-Economics
ECON 11	Micro-Economics

## **SLO ASSESSMENT PLAN - EDUCATION**

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

<b>Course Number</b>	<b>Course Title</b>
ED 1	Tools for Teaching
ED 2	Introduction to Elementary Classroom Instruction

## **SLO ASSESSMENT PLAN - EMT**

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

<b>Course Number</b>	<b>Course Title</b>
EMT 21	Emergency Medical Responder
EMT 60	Emergency Medical Technician
EMT 61	Emergency Medical Technician-B Refresher

## SLO ASSESSMENT PLAN - ENGLISH

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

Course Number	Course Title
ENGL 1	College Composition
ENGL 2	Introduction to Literary Types
ENGL 3	British Literature I
ENGL 5	Survey of World Literature II
ENGL 9	Critical Thinking and Composition
ENGL 12	Survey of American Literature II
ENGL 22	Creative Writing
ENGL 33	Studies in Fiction
ENGL 105	Introduction to College Reading Writing and Critical Thinking
ENGL 105A	Reading and Writing Support
ENGL 150	ESL Basic Skills
ENGL 151	ESL Intermediate Skills
ENGL 155	English Writing Lab – Basic Skills

## **SLO ASSESSMENT PLAN – ETHNIC STUDIES**

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

<b>Course Number</b>	<b>Course Title</b>
ES 1	Introduction to Ethnic Studies

## **SLO ASSESSMENT PLAN - FILM**

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

<b>Course Number</b>	<b>Course Title</b>
FILM 1	History of the Cinema

## SLO ASSESSMENT PLAN – FIRE TECHNOLOGY

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

Course Number	Course Title
FS 3	Fundamentals of Fire Prevention
FS 4	Fire Protection Equipment and Systems
FS 5	Fire Orientation and Organization
FS 6	Building Construction for Fire Protection
FS 8	Wildland Fire Suppression
FS 13	Fire Behavior and Combustion
FS 14	Principles of Fire Safety and Survival
FS 20	First Aid/CPR for Public Safety Employees
FS 23	Firing Operations (S-219)
FS 26	Basic Air Operations (S-270)
FS 49	Fire Science Cooperative Work Experience
FS 50	Rapid Intervention Crew (RIC) Operations
FS 51	Introduction to Fire Technology Careers

Academic Senate Meeting Wednesday, March 8, 2023 @ 3:00pm

1. Meeting Opening

1.01 Call to Order and Roll Call

Senators Present: Downing, Lin, Rotlisberger, Runyan, Wisner

Zoom: Duerksen

Guests:

In person: Dan Weaver, Collen Baker

Zoom: Lisa Gardiner, Carol Growdon, Anna Pasqua, Chad Lewis

1.02 Approval of Agenda

(Wiser/ Rotlisberger MSCU)

1.03 Approval of the Minutes for the February 22, 2023 meeting

(Downing/ Rotlisberger MSCU)

2. Public Comment

N/A

3. Action

3.01 FOR Courses

FOR 2-7 courses as well as the Certificate and Associates are projected to start fall 2024. Motion to approve all classes.

(Wiser/Lin MSCU)

3.02 FS Courses

Weaver discussed that they are aligning the courses with Cal Fire needs. In the fall FS-60C will be offered and is necessary to get hired by Cal Fire. FS 60.1 Cal Fire Module 1A will allow students learn about engines. Motion to approve the courses.

(Downing/ Lin MSCU)

3.03 IPR Update Template

Dr. Aeron Zentner updated the IPR Annual Update to match the new IPR Template. Runyan discussed the language change from "annual" to "update", so staff understands it is not required. It can be used only if a program needs something added to the budget list. Motion to adopt.

(Lin / Rotlisberger MSCU)

3.04 Committee Assignments

Distance Education committee is short a faculty member. The committee would like Jenn Lawler to be assigned because she has shown a lot of interest. Motion to add Jenn to DE committee.

(Lin / Rotlisberger MSCU)

4. Discussion

4.01 IPR/ Curriculum Review

Discussion was had about revisions to the IPR Handbook (Appendix C) to improve efficiency. Senate considered how faculty can be informed of revisions in a timely fashion while Curriculum review/IPR drafting is in process. Division Chairs have reviewed the attached Appendix C and given recommendations. Lin reviewed the duplicate courses in multiple IPR's and brought forward to discussion. Robust discussion was had, and recommendations of which courses belong where occurred. Lin concurrently updated the list as the

discussion was had. Lin then reviewed the stand-alone courses that have never been in an IPR. Senate suggested where each course should live except the aviation class. Weaver volunteered to add it to fire science IPR. Wisser recommended not adding ED 1 courses to Allied health because no one there is qualified to teach it per MQ process. The list will be brought back at a future meeting to be approved.

#### 4.02 SLO Improvement Plan- Report Out

Everyone reported their progress with their reach outs. For the most part all faculty was receptive and plan on improving their SLO's in the future.

### 5. Information

#### 5.01 Spring Plenary- Foundation Scholarship

ASCCC Spring Plenary - April 20 - 22, 2023 in person in Anaheim, CA or online via zoom. The Academic Senate Foundation ([ASFCCC](#)) is offering scholarships for faculty to attend the [ASCCC Spring Plenary Session](#). All faculty, (including full- and part-time faculty) from all disciplines are encouraged to apply. The deadline to apply for the Fall Plenary Scholarship is **Sunday, March 26 at 5:00pm**.

### 6. Reports

#### 6.01 Administration

None

#### 6.02 Senators

Downing would like to add a discussion to the next agenda to review the feedback from the first cycle of the IPR to ensure that next cycle is improved. Downing also is hoping that senate can send four people to the Curriculum Institute conference in July in Riverside. Runyan said he will look into finding funding.

#### 6.03 LCFA

Downing mentioned that a proposal will be brought soon by administration to review COLA. Downing is hoping to get some LCFA members to be involved.

#### 6.04 Guided Pathways

N/A

### 7. Closed Session

#### 7.01 Consideration of Faculty Minimum Qualifications and Equivalency

Motion to enter close session at 4:11pm.

(Downing/ Rotlisberger MSCU)

Present: Lisa Gardiner, Downing, Lin, Rotlisberger, Runyan, Wisser. ZOOM: Duerksen

Motion to move forward with equivalency.

(Downing/Lin)

I's: Runyan, Wisser, and Rotlisberger.

Abstain: Duerksen

Motion to close session at 4:31pm

(Downing/ Lin MSCU)

Attendance: Runyan, Lin, Downing, Wisser, Gardiner. ZOOM: Duerksen

### 8. Future Meeting Dates

8.01 Meeting Dates and Location- HU 107

**Members in person, open to public via zoom or in person.**

- March 22
- April 12
- April 26
- May 10
- May 24

9. Meeting Closing

9.01 Adjournment

Motion to adjourn meeting at 4:32pm

(Downing/ Lin MCSU)

Semester Assessed	Course	Recommended by	SLO to Reassess	SLO Descriptions	Recommended Changes from Past Faculty Teaching the Course
Spring 2023	AERO-1A	Datema, Peter	SLO 1	Pass the Federal Aviation Administration (FAA) Private Pilot Knowledge Test with a 70% level or better.	This class is preparation for a test by the FAA for the Private Pilot Knowledge. The knowledge test is required to get a pilot's license. Of the six students in the class, three are currently taking flight lessons while two others are planning on beginning this summer, with the last student who is 15 undecided on when he can start learning to fly. Of the two students who did not make the 70% mark on the final they got 66 and 68, which is pretty close. Furthermore, one of those two students one is 15, and simply making it through this class is an achievement. Of those who took the final exam, which represents both the SLO and FAA Test there were 2 A's, 2 C's and 2 D's which shows that the material was presented completely and within grasp of understanding. The FAA is not changing the standards for the test this class is in preparation for, therefore this class structure should not change. Noteworthy, last year had a class of 6 students; two of which passed the FAA written test, with one of them completing their private pilot's license and enrolling at Embry Riddle Aeronautical University in the Fall of 2022. My suggestion is not to change the course structure or assessment method. The preparation for real world application is on point for this specific goal.
Spring 2023	ART-36B	Anderson, Deborah	SLO 1, SLO 5	Use hand-building techniques to produce altered pieces.	Did not assess SLO #1 and #5. Did not know needed to assess all odd SLOs. Next time, will assess all odd SLOs
Spring 2023	ART-7	Panfilio, Randle	SLO 1	Use appropriate terminology in comparing and contrasting works of art of the various historical periods, styles, and cultures.	A word list would be helpful when shortquizzes are given to reinforce specific vocabulary use in critiques and art making
Spring 2023	ART-8	Panfilio, Randle	SLO 1	Demonstrate basic knowledge of visual elements, principles of design, style and content of visual arts.	Repetition in lectures as well in shortquizzes on gestalt concepts would be beneficial reinforcement measures to instill product manufacture and fine art making making.
Fall 2022	BIOL-20	Baiocchi, Tiffany	SLO 2	Following selection of an appropriate contemporary microbiological topic the student will prepare a five to eight paper literary research paper with appropriate citations.	SLO 2 needs to be revised and will be revised before December 2022 and submitted for review and clearance. Currently the wording is too strict and was set based on the desires of a single instructor rather than given a broad foundation with flexibility in assessment method. The C-ID will be reviewed and this SLO will be revised appropriately so it can be evaluated in F2024.
Fall 2022	BIOL-25	Baiocchi, Tiffany	SLO 2	Correctly perform biological laboratory skills and display a habit of good laboratory practices.	Out of the students 19 completed a sufficient amount of work to be properly evaluated for their understanding of utilizing the microscope and analyzing microscopy images and determining various structures related to the topics taught in the laboratory. A number of students neglected instructions and their notebook to the degree that numerous images were unlabeled or not labeled properly, and many microscopy images were of poor quality. A rubric for grading was provided 1 week in advanced but this may have not been soon enough. Recommended changes (any of the following may be help improve follow through by students in their notebook). A revision of course material and preparation of laboratory notebook with visuals and clearer instructions for students to follow. Example notebooks for students to evaluate what level of quality is expected. Rubric accessible at the start of the semester to guide students on what the expectations for quality are. an early assessment- splitting the first notebook grading session into two parts to give students early feedback on the notebook may help students realize the need for consistency in their work on the notebook and to convey the quality expected.

Semester Assessed	Course	Recommended by	SLO to Reassess	SLO Descriptions	Recommended Changes from Past Faculty Teaching the Course
Spring 2023	BIOL-26	Baiocchi, Tiffany	SLO 1	Relate the structures and functions of the various body systems studied to the metabolic activities of a single selected body cell.	I am recommending the implementation of homework for the students for the lecture portion of the class. Although a study guide is provided for students, the students appear to be struggling with putting in sufficient effective efforts to study the material proper. Implementation of mastery material from the publisher or some other form of assignments for students to show their review of the material is advised.
Spring 2023	BIOL-26	Baiocchi, Tiffany	SLO 1	Relate the structures and functions of the various body systems studied to the metabolic activities of a single selected body cell.	I am recommending the implementation of homework for the students for the lecture portion of the class. Although a study guide is provided for students, the students appear to be struggling with putting in sufficient effective efforts to study the material proper. Implementation of mastery material from the publisher or some other form of assignments for students to show their review of the material is advised.
Fall 2022	BIOL-32L	Kissane, Kelly	SLO 2	Describe the key characteristics of all life forms from the atom to the organism.	SLO 2: the only SLO that was not met. This involved information on organismal organization, which was material covered mainly by powerpoint lectures. This result indicates a trend I have seen for a few years - students do not pay attention to powerpoint lectures. They are, however, more able to focus on the material if in-class activities and other interactive exercises make up most of the lecture. I plan to develop and conduct more interactive exercises, including High Impact Practices (HIPS). I have taken a workshop that described HIPs and their documented success in higher education and plan to develop these exercises in future classes. I also plan to develop labs that will allow students to develop hypothesis and draw conclusions on the data they gathered during the lab exercise. This makes the lab more creative for the students and they pay more attention to the actual lab. I also plan to include lab quizzes to assess how well they are paying attention to lab exercises.
Fall 2022	CD-15	Greer, Laura	SLO 1	Identify the directors role with families, children, staff and community	One out of 3 students did not complete the exam. Next time I will continue to stress the importance of the exam.
Fall 2022	CD-30	Greer, Laura	SLO 1	Demonstrate the ability to write an implementation plan based on the seven components of early literacy	Unfortunately, nobody turned in the final project. I will add in assignments next time that stress the importance of the final project.
Fall 2022	CG-1	Mauck, Whitney	SLO 3	Demonstrate knowledge of the impact that life skills have on college success and life.	SLO 3 was not met due to student work not received and/or sent in late. All of my students in this section were transferred to different prisons during the semester. They had no control of their leave date and their materials during the transfer. Many sent notes in saying they want to finish the course, but could not guarantee when their work would be received. This situation was totally out of my control. At this point, I have no plans of recommended changes. If for some reason I have similar results in the Spring I will then look at changes that can be made.

Semester Assessed	Course	Recommended by	SLO to Reassess	SLO Descriptions	Recommended Changes from Past Faculty Teaching the Course
Summer 2023	CG-155	Alberico, Lynda, Benjamin Well, Jennifer Baldwin	SLO 1, SLO 2, SLO 3	Demonstrate appropriate study technique.  Given a specific problem, identify appropriate on and off campus services.  Given a specific problem, identify appropriate on and off campus services.	Due to minimal attendance, find ways to increase attendance during Summer session for students such that student learning might be observed.
Spring 2023	CIS-60	Duerksen, Melinda	SLO 3	Explain the network troubleshooting methodology and appropriate tools to support connectivity and performance	Through the class I would allow students to turn in assignments late and did not require students to record themselves taking tests. For the final, I wanted to assure I was able to measure their knowledge and not their ability to search for test answers, and so I asked them to record themselves and their screens as they took the assessment. I found several students did not take the assessment because of that, and some could not do the assessment on their own.  For the next classes and offerings, I plan on making sure that students know from the beginning of class that the mid term and final will be recorded and I will also have them record skill pre-assessments
Spring 2023	CIS-70	Duerksen, Melinda	SLO 2	Analyze common threats to and vulnerabilities of computer systems and networks.	Through the class I would allow students to turn in assignments late and did not require students to record themselves taking tests. For the final, I wanted to assure I was able to measure their knowledge and not their ability to search for test answers, and so I asked them to record themselves and their screens as they took the assessment. I found several students did not take the assessment because of that, and some could not do the assessment on their own.  For the next classes and offerings, I plan on making sure that students know from the beginning of class that the mid term and final will be recorded and I will also have them record skill pre-assessments
Fall 2022	CS-153	Duerksen, Melinda	SLO 1	Demonstrate knowledge of different directory services and how a centralized system admin can support different parts of IT Infrastructure	I will work to make the provided course materials more understandable for students who are not native English speakers. Providing alternate videos and instruction as well as going over the test questions in a video to explain what they are asking
Summer 2023	DSS-122	Nyman, Carrie	SLO 5, SLO 7	(Second Enrollment) Demonstrate the ability to follow a workout chart.	Start testing muscle strength mid way through the semester and make a calendar for students when testing will happen at the end of the semester.
Fall 2022	ENGL-1	Vincent, Rachel	SLO 3	Given an assignment to write an extended essay, investigate a topic and write a well-organized and grammatically correct document, which conforms to MLA style in its in-text source citations and works-cited pages.	Of the 6 students who submitted a final research paper, the three who did not reach the goal did not submit a draft for review. In the future, I will encourage the meeting more.

I do believe though, when teaching this again I will enforce a requirement that assignments be submitted in a timely manner or the student will be dropped from the class.
Summer 2023	MATH-40	Murphy, Travis	SLO 1	Calculate and interpret measures of center and measurements of dispersion for given data.	Encourage attendance to the new math lab Open Entry/Open Exit course.
Fall 2022	MATH-40	Schofield, Robert	SLO 2	Find probabilities for applications involving normal random variables. Construct and interpret a confidence interval; formulate decisions on hypotheses based on data/information provided.	A sample size of 3 students is too small to draw any valid conclusions therefrom. Because of that I have no recommendation at this time. I recommend that we obtain a reasonable sample size from which we can draw valid conclusions and make recommendations for changes.
Spring 2023	MATH-40	Schofield, Robert	SLO 1, SLO 2, SLO 3	Calculate and interpret measures of center and measurements of dispersion for given data. Find probabilities for applications involving normal random variables.	change class to web enhanced, change midterms to every 2 chapters, flip classroom instruction to require students to watch lectures online, class time will be used to ensure students know how to perform statistical calculations to answer questions and solve problems.
Spring 2023	MATH-6	Murphy, Travis	SLO 1	Analyze and solve finite math problems by the appropriate application of the principles of: matrices, linear programming, logic, and sets.	Encourage students to enroll in the new OE/OE Math Lab class and create additional lectures/lessons for this material. Hire students who have done well in MATH 6/8/15 to be "peer mentors" to help students who are experiencing difficulty in MATH 6.

Semester Assessed	Course	Recommended by	SLO to Reassess	SLO Descriptions	Recommended Changes from Past Faculty Teaching the Course
Fall 2022	PE-15	Avilla, Frank	SLO 1	Organize a timeline for the history of physical activity.	Recommended changes will include a more personal and individual interaction with students to engage and encourage participation within this course. All of the students who regularly participated were successful and met the expectations within this course. The students who were not successful struggled to participate and engage weekly in this course. Individual communication with each student falling behind will help aid in the process of keeping students on track throughout the semester.
Summer 2023	SOC-1	Gardiner, Lisa	SLO 1	Effectively work in teams, managing time, tasks, and personality differences sharing results and analysis to arrive at a final collaborative product.	SLO 1 was revised as part of IPR processes in the 2022-2023 Academic Year to make it more feasible for all teaching modalities.
Fall 2022	SOC-2	Bollinger, Kathleen	SLO 3	Effectively work in teams, managing time, tasks, and personality differences sharing results and analysis to arrive at a final collaborative product.	SLO #3 is not applicable to incarcerated students as they are not allowed to work in groups.
Fall 2022	WT-20	Konkol, Kory	SLO 4	Complete a 3/8" - 1G plate and a 6" schedule 80 - 1G pipe qualification, using SMAW, which meets or exceeds the AWS D1.1 Structural Welding Code Standards.	SLO 4, 13/13 students completed the 1G plate qualification yet only one person met the requirements to be able to test for the 1G pipe, which passed. The remaining students didn't demonstrate the level of skill to take the 1G pipe qualification test and therefore didn't. Going forward, the word "and" will be changed to "or" in SLO 4 to address this. Another thought would be to remove the 1G pipe from SLO 4 and add it to a SLO 5.
Fall 2022	WT-21	Konkol, Kory	SLO 4	Complete a 2G and 5G AWS pipe welding qualification on 6" schedule 80 pipe using the SMAW process.	SLO 4, 1/1 students completed and passed the 2G pipe qualification while the other didn't meet the requirements to test. Neither of the two students demonstrated the level of skill to take the 5G pipe qualification test and therefore didn't. Going forward, the word "and" will be changed to "or" in SLO 4 to address this. Another thought would be to remove the 5G pipe from SLO 4 and add it to a SLO 5.
Fall 2022	WT-37	Konkol, Kory	SLO 10	THREE UNITS: Complete three AWS qualifications (1G, 3G and 4G	SLO 8, 7/7 passed the 1G plate qualification test, two passed the 3G qualification test and nobody passed the 4G qualification test. Those that didn't complete the 3G or 4G plate qualification test, didn't demonstrate the necessary skills to take the test and therefore didn't. Going forward, the word "and" will be changed to "or" in SLO 4 to address this. Another thought would be to remove the 3G plate and 4G plate from SLO 4 and add them to their own individual SLO's.

Semester Assessed	Course	Recommended by	SLO to Reassess	SLO Descriptions	Recommended Changes from Past Faculty Teaching the Course
Spring 2023	WT-38	Konkol, Kory	SLO 8	(WT-38_SLO8) THREE UNITS: Design and fabricate six projects using 16G-10G steel, CO2 shielding, ER70S .035" diameter fill wire, and the gas metal arc welding process.	No recommendations provided

# Fall 2023 Course Student Learning Outcomes Assessment Plans

Thomas E Robb  
Instructional Designer

## Fall 2023 Faculty Instructions

- 1. Please note 4 improvements on SLO +**
  - a. Cards are easier to determine where to input data (see all red areas when opening)
  - b. Target Measures now display directly on your SLO Card instead of having to reference the Course Map and were updated with all 2023-2024 Curriculum Changes.
  - c. Assessment Schedules now display directly on your SLO Card instead of having to reference a separate document.
  - d. Improvement Plans now list the actual SLOs you need to reassess directly on your SLO Card.
2. This page will provide you all of the information you need to complete your Assessment Plans at the beginning of Fall 2023!
3. Review the information provided and make a plan to assess your student SLOs.

Please note that LCC Administration Extended the Due Date to August 25, 2023!

## General Information

This **Student Learning Outcome Assessment Plan** is intended to inform faculty of their obligation to assess course SLOs in a cohesive and meaningful manner, as well as ensure faculty are aware we need to close the loop when courses taught in prior semesters do not meet target.

This means you must confirm that you have a plan to assess your Student Learning Outcomes, and **confirm that plan on your SLO Card/s**.

## What are SLO Cards?

Assessment Plans & Results are updated on this site on an SLO Card. SLO cards are simply an online form that is pre-populated with your course information and SLOs listed on the Course Outline of record.

Faculty *should* have one **SLO card** for each course they are scheduled to teach (if one is missing, or not yet added when you go to submit your plan or your results, then please email [trobb@lassencollege.edu](mailto:trobb@lassencollege.edu) to add an additional card).

## When are SLO Cards Updated?

Faculty will update each SLO Card twice a semester.

- Once at the beginning of the semester/course, which is the **Assessment Plan**.
- Once again, at the end of the semester/course, which are the **Assessment Results**.

## What is the difference between Assessment Plans & Assessment Results?

### 1. Assessment Plans

- Are completed at the **beginning of the semester** to ensure that faculty **are aware of their contractual requirement**.
- Have a plan to assess the course student learning outcomes and know which ones to assess.
- Develop assignments, or **Course Assessment Methods** they will use to determine whether students learned the outcome

The image shows a screenshot of an SLO Card interface. At the top, the status is 'Assessment Plan Needs Review' in a red box. Below that, the SLO Results Due Date is 12/22/2023 1:00:00 AM. The Section is AGR-10-M0399, the Instructor Name is Wolf, Brian, and the Subject is AGR. At the bottom, SLO 1 is listed as (AGR-10\_SLO1) Demonstrate effective animal husbandry practices, r111.

SLO Card

- d. Are aware if their course has an **Improvement Plan** in place, which requires re-assessment of the learning outcome.
- e. If your course has an indication that it is on an **Improvement Plan**, it will be denoted with the specific SLOs you need to assess.

## 2. Assessment Results

- a. Are completed at the **end of the semester** to ensure that Lassen College is meeting accreditation standards.
- b. Should reflect whether students achieved the learning and can do what was stated on the outcome.
- c. Should exclude any students who did **\*not\*** submit the assignment used to measure your outcome.
- d. For each SLO assessed, faculty must report on their card 4 items;
  - a. **1)** the total number of students assessed (a number).
  - b. **2)** the total number that have evidence of achievement (a number).
  - c. **3)** Whether your course target measure was met (yes or no).

Outcomes Assessment seeks to reveal what students learned, **not** whether they **attempted** to learn; therefore, it is important to look at students who made an attempt and exclude those that did not. In other words, the number of students you report who were assessed and the number of students who achieved may not match the number of students enrolled in your class! Outcomes Assessment is not the same thing as grades. It is looking at what our students are learning and whether there is evidence that the assessment led to student learning.

## How do I complete my Assessment Plans?

### Step 1: Determine Which Outcomes to be Assessed

It is recommended that you develop assignments to assess **all outcomes** in your course each semester. The district realizes for some faculty this may be a large ask; therefore, contractually, effective in Spring 2023, **the SLO Assessment Plan Schedule is the minimum expectation**.

As of Fall 2023 Semester, the **SLO Assessment Schedule**, is noted in Section 2, which will indicate one of two statuses:

#### 1. Assess even SLOs in even years, odd SLOs in odd years.

- a. In even years (ie. 2024 is an **even year**), all **even SLOs** (2, 4, 6...) listed on the card are assessed; therefore, one or more assignments should be created used to measure whether a student is able to do that statement.
- b. This means in year odd years (ie. 2023 is an **odd year**), all **odd SLOs** (1, 3, 5, 7...) listed on the card are assessed; therefore, one or more assignments should be created used to measure whether a student is able to do that statement.

#### 2. Assess every SLO, every course offering.

- a. All SLOs must be assessed (ie, create an assignment to measure the learning statement).

#### 3. Improvement Plan (SLOs to Reassess)

- a. Section 2 of your SLO Card designates whether the course you are teaching has an improvement plan and will list the SLOs that need to be reassessed in addition to the Assessment Schedule.
- b. NOTE: Courses that require faculty to assess every SLO, every course offering can ignore the Improvement Plan.

c. Go to Step 2 (below) to determine next steps.

In the example below, this instructor minimally needs to assess odd SLOs, since it is Fall 2023 and the "Improvement Plan" indicates "Not Applicable".

**SLO Assessment Plan and Results for: AGR-10-M0399**

SLO Status (Updated During Assessment Planning & When Submitting Results)

**Improvement Plan Needs Review**

Section 1: Instructor and Course Information

Instructor Name Walt Piner	Course AGR-10-M0399	Section # 600AM-020AM	Course Title Introduction to Animal Sciences
Course Number 12/13/2023	Days TH	Time 600AM-020AM	Section Location Main Campus

Section 2: Plan the SLO Assessments (NOTE: Check the Assessment Schedule to determine which SLOs are required)

Assessment Plan (Fall/Spring) Not Applicable	Assessment Plan Reviewed? Not applicable	Final Assessment Method Choose one or more methods	Assessment Schedule Assess every 2 SLOs in every year, odd S	Target Minimum 10% of students will achieve 70% or higher
---	---	---	---	--

Section 3: Report SLO Results

SLO 1 (AGR-10_ST.01) Demonstrate effective animal husbandry practices, including available treatments	SLO 1 Number of Students Assessed Enter value here	SLO 1 Number of Students Achieved —	SLO 1 Target Achievement Rate Choose one if you assessed this SLO
---	---	--	--

## Step 2: Review SLO Improvement Plans to Determine If Additional SLOs must be reassessed

If the course you are teaching has an **Improvement Plan**, the SLOs will be listed in red in Section 2 of your card as depicted below. You can use the feedback from prior semesters to remember what you or other faculty have said they would do differently to measure that SLO by clicking the button below.

### *Closing the Loop*

To see past feedback and recommended changes from prior semesters, use the button below to review that and keep this in mind as you are planning your class assignments.

[View Improvement Plan Feedback](#)

If you have an improvement plan, then select the "Improvement Plan Reviewed?" and select the option "Yes, improvement plan reviewed and SLO will be reassessed" in green and make a plan to reassess the SLOs listed, if you did not already have a plan to do so.

**SLO Assessment Plan and Results for: ART-36B-M0061**

SLO Status (Updated During Assessment Planning & When Submitting Results)

Section 1: Instructor and Course Information

Instructor Name	Course	Section #
Art 36B-M0061	ART	ART-36B-M0061
Current Term	Ac Year	Ac Term
12/2023	HW	

Section 2: Plan My SLO Assessments (NOTE: Check the Assessment Schedule to determine when to receive results)

Assessment Name (To Create Courses)	Assessment Due Date	Assessment Location
SLO 1, SLO 2	Assessments	Assessments

Section 3: Report My Results

View Results

### Step 3: Review your Target Measures on the Course SLO Maps

- Faculty should review the SLO target measures for each outcome to determine what the target measure is.
- **This information, as of Fall 2023 Semester, is now found on your SLO Card.** You no longer have to sift through your Course [SLO Maps](#) to determine your target percentage..
- Knowing the target, you are trying to aim for in your class should help you to plan an assignment or series of assignments designed to measure whether students learned that particular outcome and have a backup plan in case students did not so you can reassess the outcome in a different way.
- In the example SLO Card below, the target is that 70% of students will achieve a 70% or higher on their outcome.
  - If you have 10 students in your class that submitted your assignment to measure your SLO, and 8 of them received at least a 70% (or a C) on the assignment, then in this case 80% of your students achieved. This is information that will be reported at the end of the semester when determining whether your target measure was met, or not.

### **Step 5: Update the SLO Card to Confirm Assessment Plan**

Now that you've determined which SLOs you are assessing, whether you have an improvement plan, and gathered your course assessment methods, it is time to update your SLO Card with your **Assessment Plan**.

We have both a step-by-step guide or a video. Both demonstrates how to update your SLO Card with your Assessment Plan.

### **Step 5: Ready to Update your Cards?**

Proceed to filter your cards, and then update the Course Assessment Methods & Status on each SLO Card for the courses you are teaching.

## Student Learning Outcomes

SLO assessment is important to maintain and improve an effective learning experience for LCC students. Evaluating SLO results regularly is helpful for evaluating student learning and identifying emerging program needs. There is a link between SLO assessment results, SLO improvement plans and review of curriculum and/or budget requests. Regular program assessment will drive program improvement. These records are maintained in the online Data Management and Visualization tool (TABLEAU) and are available for review by faculty at any time through its self-updating, interactive dashboards, and reports. Feedback and narrative from the Share Point tool will be included in the reports.

\*By contract, faculty are required to prepare and submit an SLO Assessment Plan for each class within one week of the first class meeting and implementation of the assessment method as indicated on the SLO Plan for each class. Submission of the (a) results of the assessment methods and (b) steps taken as result of the assessment withing five (5) District business days after the last scheduled meeting of the class. Both submissions will be made in accordance with District tracking procedures (I.e., may be paper-based or electronic).

- Provide an analysis of findings of the assessments completed and recommendations being made in individual assessments.
- Consider the impact or influence of the assessment results at the program level.
- Identify and evaluate the Program Student Learning Outcomes including the relationship between course, program and institutional student learning outcomes utilizing information provided by the Office of Institutional Effectiveness.

Where we're going

A person is seated at a desk, typing on a keyboard. The desk is cluttered with a large, chaotic pile of papers, documents, and folders. In the background, a clock is visible on the wall. The overall scene suggests a transition from a paper-based office environment to a more digital or organized one.

**WHERE WE'VE BEEN**

---

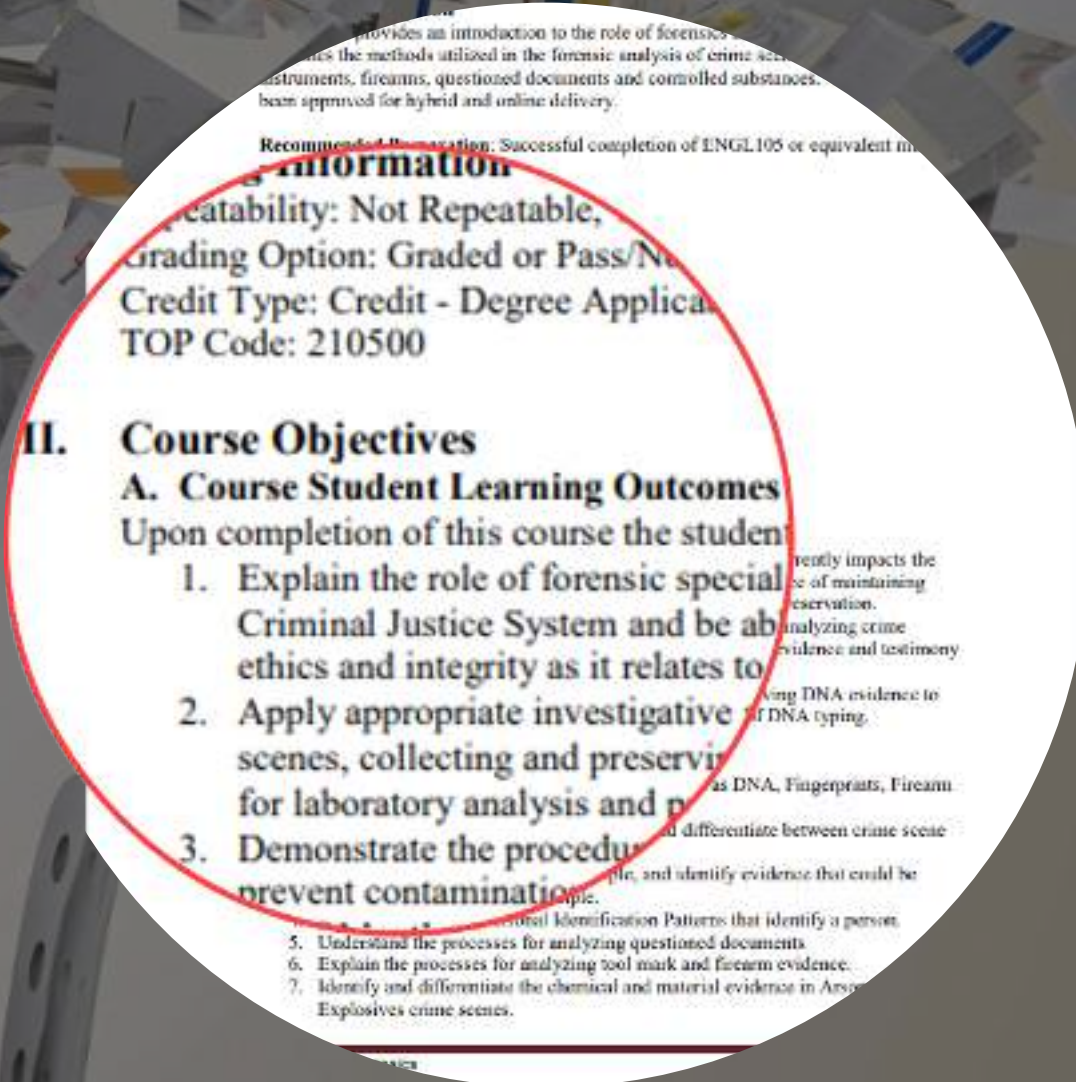

# FOR NEW FACULTY

The Course Outline of record has Student Learning Outcomes listed in Section 3.

Assessed by assignments in your class.

Past practice was cumbersome and required a ton of manual entry.

Often it delayed getting data together for Program Review.

# FOR SEASONED FACULTY

## Beginning of the Semester

- ~~Assessment Plan PDF Forms~~
- ~~Emailed into Office of Institutional Effectiveness at the beginning of the semester~~
- Ensured faculty had a plan to assess the outcomes.

## End of Semester

- Email a similar form with results
- Data compiled manually by previous Institutional Research Office

# ALL FACULTY

## Data Gaps

- Data Roll ups in 2021-2022 revealed some SLOs were not assessed.
- Area of improvement on ACCJC Visit

## All SLOs Not Assessed

- Program Review – some SLOs had no data as faculty were not required to assess all SLOs, only 1 per the LCFA Contract.
- No Schedule for SLOs.

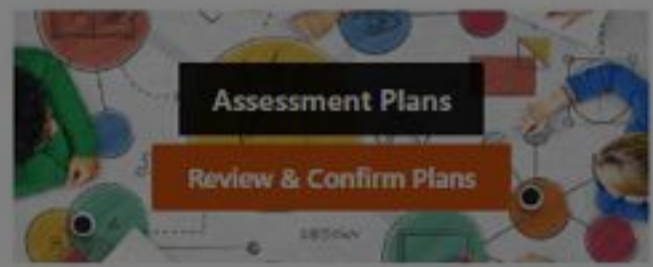

## Welcome to the SLO+

## SLO ASSESSMENT PLAN – ADMINISTRATION OF JUSTICE

# SLO ASSESSMENT PLAN SCHEDULE

### If a course is offered

- at least once per year, the faculty member assesses every even or every odd SLO depending on the calendar year.
  - For example, in 2022, 2024, 2026... assess all even SLOs.
  - In 2023, 2025, 2027... assess all odd SLOs.
- less than one time per year, the faculty member assesses every course SLO.
- NOTE: For Fall 2022 - faculty may have already completed their correspondence packet or online course designed to measure only one SLO per past practice. So the ***SLO Assessment Plan Schedule*** is not mandatory for Fall 2022, only Spring 2023 and beyond.

### If the previous course offering

- a SLO did not meet the target, then that SLO needs to be re-assessed in addition to other SLOs as per the description above.

Color	SLO assessment schedule
Blue	Even years (2022, 2024, 2026, etc) assess Even SLOs Odd years (2023, 2025, 2027, etc) assess Odd SLOs
Pink	Assess each SLO, every course offering
Any time a SLO target is not met, it must be reassessed the next course offering.	

Course Number	Course Title
AJ 5	Introduction to Forensics
AJ 8	Criminal Court Process
AJ 9	Introduction to Correctional Science
AJ 10	Criminology
AJ 11	Youth Gangs in America
AJ 12	Introduction to Criminal Justice
AJ 14	Juvenile Procedures
AJ 16	Supervision in Law Enforcement
AJ 20	Criminal Law
AJ 23	Criminal Evidence
AJ 24	Community Relations
AJ 35	Investigative Techniques
AJ 49	Admin. of Justice Work Experience
AJ 52A	PC832 Arrest Methods and Procedures
AJ 52B	PC832 Firearms
AJ 52BR	Firearms Training Refresher
AJ 53	Basic Force and Weaponry
AJ 56	Firearms Instructor
AJ 57	Firearms/Tactical Rifle
AJ 58	Perishable Skills for Peace Officers
AJ 59	First Aid/CPR/AED Refresher for Peace Officers
AJ 60	Adult Correctional Officer Core
AJ 61	Juvenile Corrections Officer Core
AJ 62	Probation Officer Core Course
AJ 63	POST Law Enforcement Supervisory Course
AJ 71	CDCR Off Post Training for Custody Staff

# PLANNING SLO ASSESSMENTS

## Creating Assignments

- Create assignments to measure each SLO you plan to assess (be it 1, the assessment schedule, or all).
- Review your Course Maps on the SLO site if you are not sure of the target measure (note: most SLOs are 70% of students achieving 70% or more).

## For Spring 2023 and Beyond

- To ensure you are assessing the SLOs, use a table like the one seen where you align your assignments to your SLOs.
- This can be an observation of student performance, a homework assignment, or a question on a quiz or exam designed to measure the # of students who achieved.
- It can be helpful to grade this assignment to avoid students not having any skin in the game.
- If you need ideas based on your SLOs, then email me at [trobbs@lassencollege.edu](mailto:trobbs@lassencollege.edu)

	SLO 1 Statement 1	SLO 2 Statement 2	SLO 3 Statement 3
Quiz 1	✓		
Research Paper		✓	
Final Exam			✓
Observation Checklist	✓		

Section 3: Report SLO Results

SLO

SLO: Target Achievement Met

—

**ASSESSMENT  
RESULTS: SECTION  
3: SLO RESULTS**

**Section 3 (Report SLO Results)**

- For each SLO assessed, enter the # of students assessed (not the number of students enrolled in the class)
- For each SLO assessed, enter the # of students that achieved the target measure (from Course Maps)
- Indicate yes or no, was the target achievement met?

## Section 4: Recommend Changes (Improvement Plan)

☰ Recommended Changes

# SLO ASSESSMENT RESULTS

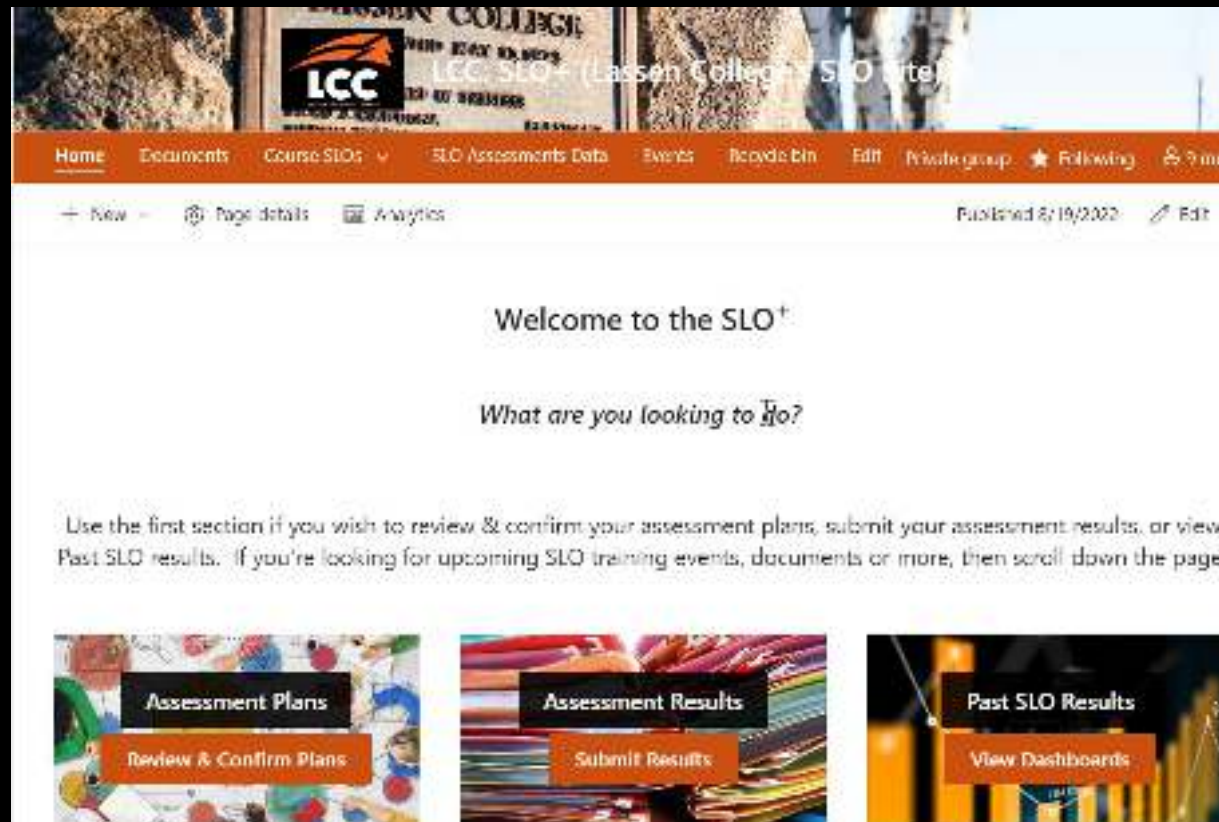

## SECTION 4:

## RECOMMENDED CHANGES

### Section 4 Recommended Changes

- Enter a narrative that speaks to improving student learning or teaching practices.
  - "Add additional study resources for the final exam"
  - "Grade the assignment that measured the SLOs – students skipped the assignment since it wasn't graded."
  - "Require additional practice assignments before taking the [assignment]"
- This should not speak to student attendance. Students who did not attend class to complete the assignment related to the SLO should be excluded.
- When analyzing your assessment, think about what might help student learning.
  - Should lab hours be extended?
  - Should practice assignments be required next time?
  - Is the SLO not measurable?
  - Is the course material too much for one course and there need to be curriculum adjustments?
  - Is the modality not effective?
- This is an area where there is some confusion so when it is time in Fall 2022 to submit results, a guidance document will be made available to faculty on the type of story to tell.

# SLO+ DEMO

The screenshot shows the LCC SLO+ website interface. At the top, there is a navigation bar with the following items: Home, Documents, Course SLOs, SLO Assessments Data, Events, Recycle bin, Edit, My site group, Following, and My user. Below the navigation bar, there is a secondary navigation bar with: + New, Page details, Analytics, Published 8/18/2022, and Edit. The main content area features a large heading "Welcome to the SLO+" and a sub-heading "What are you looking to do?". Below this, there is a paragraph of text: "Use the first section if you wish to review & confirm your assessment plans, submit your assessment results, or view Past SLO results. If you're looking for upcoming SLO training events, documents or more, then scroll down the page!". At the bottom, there are three main action buttons: "Assessment Plans" with a sub-button "Review & Confirm Plans", "Assessment Results" with a sub-button "Submit Results", and "Past SLO Results" with a sub-button "View Dashboards".

**From:** Thomas E Robb  
**Sent:** Thursday, September 1, 2022 1:50 PM  
**To:** LCC Faculty - FT; LCC Faculty - PT  
**Cc:** Colleen P Baker; Michell Williams; Jonathan Herring; Anna M Pasqua; Aeron Zentner  
**Subject:** SLO+ , Launching Lassen College's New Student Learning Outcomes Tool

Hello Faculty,

As many of you who attended convocation are aware, student learning outcomes just got simple! In the past, faculty had to email a separate form for each class they are teaching.

Now, all you need to do is:

1. At the **beginning** of each semester, review & confirm you have a plan to assess your SLOs.
2. At the **end** of each semester (or course), enter your results.

**NOTE: Short term classes can skip this step for Fall 2022 and enter results now by selecting the Submit Results button depicted below).**

It is now time to review & confirm your **SLO Assessment Plans** for Fall of 2022.

To do so, follow these steps:

1. Visit the [LCC+ Website](#).

NOTE: you will need to enter your Lassen Email and password to access the site. If you get an access denied error, kindly request access and it will be provided as soon as possible.

2. **Locate** the *Assessment Plans* section and click on the button to **Review & Confirm Plans**.

3. **Review**
  - a. the detailed instructions on the page provided and
  - b. watch the video tutorial to show you how to enter the data.
4. **Update Sections 1 and 2** for each SLO Card (An SLO card represents each course you are teaching along with your SLOs from the Course Outlines pre-populated for you).
  - a. **Section 1:**
    - i. Confirm the course section information is correct
    - ii. If there are any errors, please update the information or email me directly.
  - b. **Section 2:** Change the data as follows:
    - i. **Assessment Methods:** Choose One or More Assessment Methods based on your SLOs you intend to assess.
    - ii. **Status:** Change from *Needs Review* to *Assessment Plan Reviewed*.

- c. **Repeat Steps 4A and 4B above for each course you are teaching.**
- d. Please update Section 2 **no later than September 30, 2022** to avoid being on a list. 😊

What if a course is missing or an SLO is not accurate? Email me directly and I'll review and fix it for you.

Please note, that additional reminders will be sent out in December reminding you how to submit your SLO Assessment Results.

If you have any questions or are confused with the Assessment Plan Schedules, please reach out to me.

Thank you!

COURSE STUDENT LEARNING OUTCOMES

## Fall 2022

Thomas E Robb  
Instructional Designer

# Assessment Plans

## Fall 2022 Faculty Instructions

1. This page will provide you all of the information you need to complete your Assessment Plans at the beginning of each semester.
2. Review the information provided and make a plan to assess your student SLOs.
3. Update your SLO Card with your plans using the steps outlined in the instructions and the video below.

## General Information

This **Student Learning Outcome Assessment Plan** is intended to inform faculty of their obligation to assess course SLOs in a cohesive and meaningful manner. Faculty are always encouraged to assess every course SLO every semester the course is offered. If this is not feasible, then minimally, faculty must follow the **SLO Assessment Plan Schedule**.

Assessment Plans & Assessment Results are now updated online on an SLO Card. Think of a card like an online form that you update each semester. Faculty *should* have one **SLO card** for each course they are scheduled to teach (if one is missing, please email trobb@lassencollege.edu to add an additional card).

Faculty will update each SLO Card twice a semester.

- Once at the beginning of the semester, which is the **Assessment Plan**.
- Once again, at the end of the semester, which are the results of your [Assessments](#).

## How do I complete my Assessment Plans?

### Step 1: Determine which learning outcomes to assess

Use the [SLO Assessment Plan Schedules](#) to determine which SLO to assess.

- For **Fall 2022**, faculty who had developed correspondence or online courses can continue assessing one SLO per course.
- Effective in **Spring 2023**, the Assessment Plan Schedules are required to ensure all SLOs are assessed in a program review cycle.

SLO Card (Example)

### Step 2: Review your Target Measures on the Course SLO Maps

- Faculty may need to review the SLO target measures for each outcome.
- This information can be found on the [SLO Maps](#) (also linked below).
- These should help you plan assignments that will assess each SLO and prepare you to submit Assessment Results at the end of the semester.

### Step 3: Review SLO Improvement Plans

- If an SLO did not meet target in a prior semester, you will see that course on the SLO Improvement Plan Document.
- Please review to see if the course you teaching are has an improvement plan and plan to re-assess this SLO.
- If you are assessing all SLOs every semester per past practice, then you do not need to review this document; however if you are using the Assessment Plan Schedules, you will need to review this document.
- During the 2021-2022 Academic Year, SLO Improvement Plans were reviewed. Upon review, it was determined that many SLOs where targets were not met and improvement plans noted, that more guidance on SLO results are needed, and will be made available this Fall when submitting your Assessment Results.
  - **For Fall 2022**, all Assessment Plans are marked as "No" for an SLO Improvement Plan so faculty may skip this step.
  - **For Spring 2023**, these will be noted when the schedule is posted here and courses with Improvement Plans will be in the folder below. **See the Course SLO Documents (below) folder for details.**

## Course SLO Documents

#### Step 4: Update the Assessment Plan (SLO Cards)

Now that you've determined which SLOs you are assessing (Step 1), and have your target measures for your assignment planning (Step 2), and have reviewed your SLO Improvement Plan (Step 3), it is time to update your cards with your Assessment Plan.

**Faculty no longer need to email Assessment Plan form** into the Office of Institutional Effectiveness at the beginning of each semester. Instead, you will simply update your SLO Card using the tutorial video below.

**Subject:** Fall 2022 Assessment Results on SLO+ Due January 3, 2023 - Training & Support Options  
**Attachments:** SLO Assessment Results - How to Guide.docx

Hello Fall 2022 Faculty,

I know Colleen Baker will be sending out some information and instructions on how to report your SLO Results sometime this week.

As your SLO Coordinator, I want to ensure you are supported. So please read on for options.

**Results are due January 3, 2023.**

**1. Option 1: Attend one Q&A Sessions via Zoom:**

Drop in early or late and have your questions answered.

Attend using this [Zoom Link](#) or call in at +1-646-931-3860 (same link for all sessions)

**a. Thursday, December 15, 2022**

- i. Opportunity 1: 8:00 AM Pacific Time
- ii. Opportunity 2: 1:00 PM Pacific Time

**b. Friday, December 16, 2022**

- i. Opportunity 3: 8:00 AM Pacific Time
- ii. Opportunity 4: 1:00 PM Pacific Time

**2. Option 2: On-Demand Training**

- a. Go to [Fall 2022 SLO Assessment Results](#) to watch a video or read a step-by-step guide on submitting your results.
- b. If using this option, then please be sure your SLO Cards for each class you are teaching have the following information updated:

i. **Section 2: Plan the SLO Assessments:**

**Course Assessment Method:** If this changed from your Assessment Plan for whatever reason, then update the actual Course Assessment Method you used to assess your SLO.

ii. **Section 3: Report SLO Results**

SLO Results – for each SLO assessed (if you have more than one then all display), ensure that you update results for at least one of the SLOs displayed entering the number of students assessed, number of students who achieved, and whether your target measure was met – yes or no.

If you did not assess a particular SLO, then you can leave that row blank. I will analyze results after January 3 for a minimum of one SLO for Fall of 2022.

iii. **Section 4: Recommended Changes (Improvement Plan)**

Feedback: Please ensure you follow guidance from the video and guide. We are asking faculty to take some time and reflect in this section and provide feedback. Feedback is highly encouraged even if you met targets; but is required if you did not meet target.

iv. **SLO Status:** Note this was relocated *to the top of each card* based on feedback from many faculty.

1. After entering your results, please update the status so I know you are finished and we can download the results and update the data dashboards.

2. If you've entered your results, change this to **"Assessment Results Complete"**

3. **Option 3: Book An Appointment (1:1 or invite your colleagues to attend with you)**

- a. Go to my [SLO Bookings Page](#) and fill out the form – you will automatically get an invite to attend via Teams or Zoom.
- b. The page displays *my actual availability*.
- c. Time zones displayed are specific to your Time Zone. No need to confirm with me as once you book, you get an automated invitation for a meeting and instructions on how to join.

Thank you and hope this helps.

# Course Student Learning Outcomes

Thomas E Robb  
Instructional Designer

## Assessment Results

### Faculty Instructions

Thank you for all your hard work this semester! This page has all the information you need to update your Assessment Results.

Results are due 5 business days after the end of the semester, or **January 3, 2023!**

## General Information

1. This **Student Learning Outcome Assessment Results** is the data you collected as part of your assignments that measured the student learning.
2. Assessment Results are updated on the SLO Card you acknowledged at the beginning of the semester.
3. Use the instructions below to gather your data for entering your results.

## How do I enter my Assessment Results?

Target measures are listed on your [SLO Maps](#). As mentioned during your [Assessment Plan Instructions](#) from the beginning of the semester, you should have created an assignment designed to measure the SLO.

### Step 1: Determine the Number of Students Assessed

- The number of students that were assessed are the students that completed the assignments you used during your Assessment Plan.
- **This is NOT the number of students enrolled in your course.**
- Write down that number for each course you taught.

### Step 2: Determine the Number of Students that Achieved the Target

- Review your gradebook or records to see how many students exceeded the target measure (ie, passed the assignment(s) and exceeded the percentage indicated on the target measures from your Course SLOs).
- Write the number down for each student.

### Step 3: Determine if your Target Measures Were Met

- Divide the number of students who achieved the target by the number of students who were assessed and if that measure exceeds your target, then your target measures were met.
- Write down whether the target was exceeded.

### Step 4: Update the SLO Cards with Results

- The SLO Cards you acknowledged at the beginning of the semester need to be updated with your results.
- Note: Your results are no longer emailed into the Office of Institutional Effectiveness.

### Step 5: Click the Submit Results, and Update the Status

- Click the Submit button at the bottom of this page.
- Filter the results by choosing your name and clicking apply.

- Update your cards with the results from Steps 1-3 above.
- Change the Status to "Assessment Results Complete"

Are you ready to submit? If so, scroll to the bottom of this page and click on Submit Results; otherwise, training and support are available using instructions (scroll down to see).

## Training & Support

Faculty have options for support.

### Option 1: On-Demand Training

Watch the video or download the guide.

### Video Tutorial

Video Tutorial

## Step-By-Step Guide

## Want to learn with a video?

[View the video how to Update SLO Assessment Results via Microsoft Stream.](#)

NOTE: Requires login with Lassen email and password

This quick guide demonstrates how to submit the results from your assignments you used to measure your course outcomes.

At the end of each semester, faculty will submit the results based on the [Assessment Plan](#) that was reviewed & confirmed at the beginning of the semester. Remember, Assessment Results are different from grades and your results are looking only at whether students achieved the outcome, not whether students were assessed on the outcome. In other words, you will not submit results for every student enrolled in your course, only students that submitted the assignment or assignments you are using to measure whether students achieved the target measure. Target measurement percentages, as of Fall of 2023, now display on each SLO Card to make it easier for you to find it.

1. Review the Target Measure on your SLO Card (see Section 2).

# Assessment Plans

## Fall 2022 Faculty Instructions

1. This page will provide you all of the information you need to complete your Assessment Plans at the beginning of each semester.
2. Review the information provided and make a plan to assess your student SLOs.
3. Update your SLO Card with your plans using the steps outlined in the instructions and the video below.

## General Information

This **Student Learning Outcome Assessment Plan** is intended to inform faculty of their obligation to assess course SLOs in a cohesive and meaningful manner. Faculty are always encouraged to assess every course SLO every semester the course is offered. If this is not feasible, then minimally, faculty must follow the **SLO Assessment Plan Schedule**.

Assessment Plans & Assessment Results are now updated online on an SLO Card. Think of a card like an online form that you update each semester. Faculty *should* have one **SLO card** for each course they are scheduled to teach (if one is missing, please email trobb@lassencollege.edu to add an additional card).

Faculty will update each SLO Card twice a semester.

- Once at the beginning of the semester, which is the **Assessment Plan**.
- Once again, at the end of the semester, which are the results of your [Assessments](#).

## How do I complete my Assessment Plans?

### Step 1: Determine which learning outcomes to assess

Use the [SLO Assessment Plan Schedules](#) to determine which SLO to assess.

- For **Fall 2022**, faculty who had developed correspondence or online courses can continue assessing one SLO per course.
- Effective in **Spring 2023**, the Assessment Plan Schedules are required to ensure all SLOs are assessed in a program review cycle.

SLO Card (Example)

### Step 2: Review your Target Measures on the Course SLO Maps

- Faculty may need to review the SLO target measures for each outcome.
- This information can be found on the [SLO Maps](#) (also linked below).
- These should help you plan assignments that will assess each SLO and prepare you to submit Assessment Results at the end of the semester.

### Step 3: Review SLO Improvement Plans

- If an SLO did not meet target in a prior semester, you will see that course on the SLO Improvement Plan Document.
- Please review to see if the course you teaching are has an improvement plan and plan to re-assess this SLO.
- If you are assessing all SLOs every semester per past practice, then you do not need to review this document; however if you are using the Assessment Plan Schedules, you will need to review this document.
- During the 2021-2022 Academic Year, SLO Improvement Plans were reviewed. Upon review, it was determined that many SLOs where targets were not met and improvement plans noted, that more guidance on SLO results are needed, and will be made available this Fall when submitting your Assessment Results.
  - **For Fall 2022**, all Assessment Plans are marked as "No" for an SLO Improvement Plan so faculty may skip this step.
  - **For Spring 2023**, these will be noted when the schedule is posted here and courses with Improvement Plans will be in the folder below. **See the Course SLO Documents (below) folder for details.**

#### Step 4: Update the Assessment Plan (SLO Cards)

Now that you've determined which SLOs you are assessing (Step 1), and have your target measures for your assignment planning (Step 2), and have reviewed your SLO Improvement Plan (Step 3), it is time to update your cards with your Assessment Plan.

**Faculty no longer need to email Assessment Plan form** into the Office of Institutional Effectiveness at the beginning of each semester. Instead, you will simply update your SLO Card using the tutorial video below.

## Assessment Plans

### Spring 2023 Faculty Instructions

IMPORTANT: Improvement Plans will not be denoted on SLO Cards until January 20, 2023, so please do not do plans before that date so that we have time to compile all targets not met from Fall of 2022.

1. This page will provide you all of the information you need to complete your Assessment Plans at the beginning of Spring 2023 Semester!
2. Review the information provided and make a plan to assess your student SLOs.
3. Remember, beginning in Spring 2023, all faculty must follow the newly created Assessment Plan Schedule (detailed instructions below) to ensure all SLOs are assessed in an IPR Cycle.

## General Information

This **Student Learning Outcome Assessment Plan** is intended to inform faculty of their obligation to assess course SLOs in a cohesive and meaningful manner. This means you must confirm that you have a plan to assess your Student Learning Outcomes for the Spring 2023, and confirm that plan on your SLO Card/s.

## What are SLO Cards?

Assessment Plans & Results are updated on this site on an SLO Card. SLO cards are simply an online form that is pre-populated with your course information and SLOs listed on the Course Outline of record.

Faculty *should* have one **SLO card** for each course they are scheduled to teach (if one is missing, or not yet added when you go to submit your plan or your results, then please email [trobbs@lassencollege.edu](mailto:trobbs@lassencollege.edu) to add an additional card).

## When are SLO Cards Updated?

Faculty will update each SLO Card twice a semester.

- Once at the beginning of the semester, which is the **Assessment Plan**.
- Once again, at the end of the semester, which are the **Assessment Results**.

The image shows a screenshot of an SLO Card with the following information:

- Status:** Needs Review (indicated by a red pill-shaped button)
- SLO Due Date:** 12/21/2022 3:00:00 AM (with a clock icon)
- Section:** AGR-10-M1070
- Instructor Name:** Walt Brian (with a yellow highlight bar)
- Subject:** AGR (with a green pill-shaped button)
- SLO 1:** (AGR-10\_SLO1) Demonstrate effective animal husbandry practices, utilizi...

SLO Card

## What is the difference between Assessment Plans & Assessment Results?

1. **Assessment Plans** ensures that all faculty have a plan to assess outcomes, as well as the what assessment method or methods that will be used. In addition, sometimes SLOs assessed in previous semesters had targets that were not met; therefore faculty are asked to review course feedback, also known as an improvement plan, and be sure they use previous faculty feedback as part of their plan to assess an outcome.

Your SLO Card will have an indication whether your course is on an improvement plan. If your course has an indication that it is on an Improvement Plan, then faculty teaching the course must re-assess the outcome if they did not have a plan to do so already. This helps us close the loop, and ensure we are not repeating past practices that may not have been effective.

2. **Assessment Results** should reflect whether students achieved the learning and can do what was stated on the outcome.
  - a. Always exclude any students in your calculations who did *\*not\** submit the assignment used to measure your outcome.
  - b. In other words, the # of students assessed that is reported at the end of the semester may not be the same as the number of students enrolled in your class.

Outcomes Assessment seeks to reveal what students learned, not whether they even attempted to learn; therefore, it is only logical to look at students who made an attempt and exclude those that did not.

## How do I complete my Assessment Plans?

### Step 1: Determine Which Outcomes to be Assessed

It is recommended that you develop assignments to assess **all outcomes** in your course each semester. The district realizes for some faculty this may be a large ask; therefore, contractually, effective in **Spring 2023**, use of the recently developed Assessment Plan Schedules are required to ensure all SLOs are assessed in a program review cycle.

For Spring of 2023, some courses will require you to assess **all SLOs** regardless of the schedule, and some courses you must minimally, **assess all odd SLOs**, since we are in 2023 (an odd year).

### SLO Assessment Plan Schedules

Review the Assessment Plan Schedules below to determine which outcomes you are contractually required to assess.

If you do not plan to assess all of your SLOs, then:

1. If your course is highlighted in blue, then assess all **odd** SLOs.
2. If your course is highlighted pink, you **must assess all SLOs.**

This means you need to come up with an assignment or series of assignments to measure that outcome in your class.

## Step 2: Review your Target Measures on the Course SLO Maps

- Faculty should review the SLO target measures for each outcome.
- This information can be found on the [SLO Maps](#).
- Knowing the target, you are trying to aim for in your class should help you to plan an assignment or series of assignments designed to measure whether students learned that particular outcome and have a backup plan in case students did not so you can reassess the outcome in a different way.

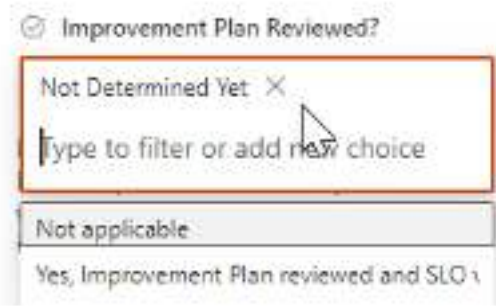

## Step 3: Review SLO Improvement Plans to Close the Loop

If the course you are teaching has an Improvement Plan, then you should plan to reassess the SLO where the target was not met using the feedback from the prior semester or semesters.

- You can tell whether your course has an improvement plan by looking at your SLO card which will have a designation of "Yes" for the Improvement Plan section as depicted on the image to the right.
- If there is a Yes, then look at the noted Improvement Plan from the prior semester and reassess the SLO using faculty feedback from the prior semester and incorporate the suggested improvements into your plan for reassessing this SLOs.
- Once you've reviewed the improvement plan, indicate in Section 2 of your SLO card that you have reviewed that plan. by selecting "Yes, improvement plan reviewed, and the SLO will be reassessed" option.

**Section 2: Plan the SLO Assessments (NOTE: Check the Assessment Schedule to**

**Step 4: Learn How to Submit your Assessment Plan (SLO Cards)**

Now that you've determined which SLOs you are assessing (Step 1), and have your target measures for your assignment planning (Step 2), and have reviewed your SLO Improvement Plan (Step 3), it is time to update your SLO card(s) with your Assessment Plan.

We have both a step-by-step guide or a video. Both demonstrates how to update your SLO Card with your Assessment Plan.

## Step 5: Ready to Update your Cards?

Proceed to filter your cards, and then update the Course Assessment Methods & Status on each SLO Card for the courses you are teaching.

SUMMER 2023

SLO Card

## Step 1: Determine Which Outcomes to be Assessed

It is recommended that you develop assignments to assess **all outcomes** in your course each semester. The district realizes for some faculty this may be a large ask; therefore, contractually, effective in **Spring 2023**, use of the recently developed Assessment Plan Schedules are required to ensure all SLOs are assessed in a program review cycle.

For Spring of 2023, some courses will require you to assess **all SLOs** regardless of the schedule, and some courses you must minimally, **assess all odd SLOs**, since we are in 2023 (an odd year).

### SLO Assessment Plan Schedules

Review the Assessment Plan Schedules below to determine which outcomes you are contractually required to assess.

If you do not plan to assess all of your SLOs, then:

1. If your course is highlighted in blue then assess all **odd SLOs**.
2. If your course is highlighted pink, you **must assess all SLOs**.

This means you need to come up with an assignment or series of assignments to measure that outcome in your class.

# Lassen Community College

## SLO Assessment Plans

### Step 2: Review your Target Measures on the Course SLO Maps

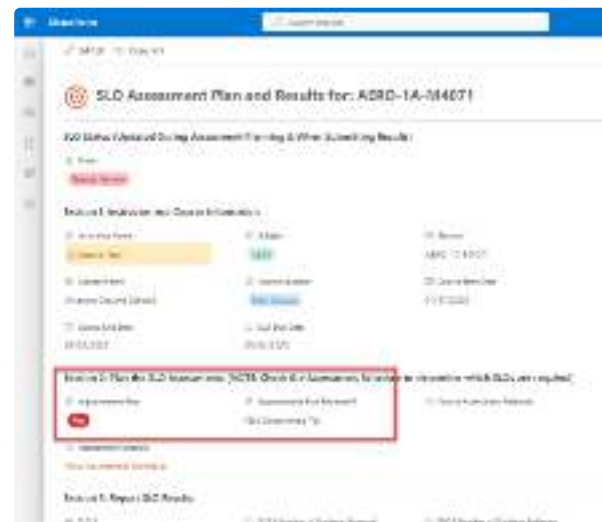

- Faculty should review the SLO target measures for each outcome.
- This information can be found on the [SLO Maps](#).
- Knowing the target, you are trying to aim for in your class should help you to plan an assignment or series of assignments designed to measure whether students learned that particular outcome and have a backup plan in case students did not so you can reassess the outcome in a

different way.

### Step 3: Review SLO Improvement Plans to Close the Loop

If the course you are teaching has an Improvement Plan, then you should plan to reassess the SLO where the target was not met using the feedback from the prior semester or semesters.

- You can tell whether your course has an improvement plan by looking at your SLO card which will have a designation of "Yes" for the Improvement Plan section as depicted on the image to the right.
- If there is a Yes, then look at the noted Improvement Plan from the prior semester and reassess the SLO using faculty feedback from the prior semester and incorporate the suggested improvements into your plan for reassessing this SLOs.
- Once you've reviewed the improvement plan, indicate in Section 2 of your SLO card that you have reviewed that plan. by selecting "Yes, improvement plan reviewed, and the SLO will be reassessed" option.

#### Section 2: Plan the SLO Assessments (NOTE: Check the Assessment Schedule to

Improvement Plan  
 Improvement Plan Reviewed?

Yes

Not Determined Yet

[View Improvement Plans](#)

## Step 4: Learn How to Submit your Assessment Plan (SLO Cards)

Now that you've determined which SLOs you are assessing (Step 1) and have your target measures for your assignment planning (Step 2), and have reviewed your SLO Improvement Plan (Step 3), it is time to update your SLO card(s) with your Assessment Plan.

We have both a step-by-step guide or a video. Both demonstrates how to update your SLO Card with your Assessment Plan.

This guide explains how to update your Student Learning Outcomes (SLO) Assessment Plan Cards on SLOs.

Here's what you need to do:

1. Log into SLOs and review your SLO Assessment Plan for the current semester.

[Login to SLOs](#)

2. To access your course(s) to plan your SLO assessments, click the **Submit Assessment Plan** button under the current semester.

3. Read the instructions provided to learn what you need to do.
4. When ready, scroll down the page and click on the "Submit Assessment Plan" button.

[Watch the Assessment Plan Video Tutorial](#)

[Read the Assessment Plan How to Guide](#)

## Step 5: Ready to Update your Cards?

Proceed to filter your cards, and then update the Course Assessment Methods & Status on each SLO Card for the courses you are teaching.

[Submit Summer 2023 Assessment Plan](#)

# Fall 2023 Course Student Learning Outcomes Assessment Plans

Thomas E Robb  
Instructional Designer

## Fall 2023 Faculty Instructions

- 1. Please note 4 improvements on SLO +**
  - a. Cards are easier to determine where to input data (see all red areas when opening)
  - b. Target Measures now display directly on your SLO Card instead of having to reference the Course Map and were updated with all 2023-2024 Curriculum Changes.
  - c. Assessment Schedules now display directly on your SLO Card instead of having to reference a separate document.
  - d. Improvement Plans now list the actual SLOs you need to reassess directly on your SLO Card.
2. This page will provide you all of the information you need to complete your Assessment Plans at the beginning of Fall 2023!
3. Review the information provided and make a plan to assess your student SLOs.

Please note that LCC Administration Extended the Due Date to August 25, 2023!

## General Information

This **Student Learning Outcome Assessment Plan** is intended to inform faculty of their obligation to assess course SLOs in a cohesive and meaningful manner, as well as ensure faculty are aware we need to close the loop when courses taught in prior semesters do not meet target.

This means you must confirm that you have a plan to assess your Student Learning Outcomes, and **confirm that plan on your SLO Card/s**.

## What are SLO Cards?

Assessment Plans & Results are updated on this site on an SLO Card. SLO cards are simply an online form that is pre-populated with your course information and SLOs listed on the Course Outline of record.

Faculty *should* have one **SLO card** for each course they are scheduled to teach (if one is missing, or not yet added when you go to submit your plan or your results, then please email [trobb@lassencollege.edu](mailto:trobb@lassencollege.edu) to add an additional card).

## When are SLO Cards Updated?

Faculty will update each SLO Card twice a semester.

- Once at the beginning of the semester/course, which is the **Assessment Plan**.
- Once again, at the end of the semester/course, which are the **Assessment Results**.

## What is the difference between Assessment Plans & Assessment Results?

### 1. Assessment Plans

- Are completed at the **beginning of the semester** to ensure that faculty **are aware of their contractual requirement**.
- Have a plan to assess the course student learning outcomes and know which ones to assess.
- Develop assignments, or **Course Assessment Methods** they will use to determine whether students learned the outcome

The image shows a screenshot of an SLO Card interface. At the top, the status is 'Assessment Plan Needs Review' in a red box. Below that, the SLO Results Due Date is 12/22/2023 1:00:00 AM. The Section is AGR-10-M0399, the Instructor Name is Wolf, Brian, and the Subject is AGR. At the bottom, SLO 1 is listed as (AGR-10\_SLO1) Demonstrate effective animal husbandry practices, r111.

SLO Card

- d. Are aware if their course has an **Improvement Plan** in place, which requires re-assessment of the learning outcome.
- e. If your course has an indication that it is on an **Improvement Plan**, it will be denoted with the specific SLOs you need to assess.

## 2. Assessment Results

- a. Are completed at the **end of the semester** to ensure that Lassen College is meeting accreditation standards.
- b. Should reflect whether students achieved the learning and can do what was stated on the outcome.
- c. Should exclude any students who did **\*not\*** submit the assignment used to measure your outcome.
- d. For each SLO assessed, faculty must report on their card 4 items;
  - a. **1)** the total number of students assessed (a number).
  - b. **2)** the total number that have evidence of achievement (a number).
  - c. **3)** Whether your course target measure was met (yes or no).

Outcomes Assessment seeks to reveal what students learned, **not** whether they **attempted** to learn; therefore, it is important to look at students who made an attempt and exclude those that did not. In other words, the number of students you report who were assessed and the number of students who achieved may not match the number of students enrolled in your class! Outcomes Assessment is not the same thing as grades. It is looking at what our students are learning and whether there is evidence that the assessment led to student learning.

## How do I complete my Assessment Plans?

### Step 1: Determine Which Outcomes to be Assessed

It is recommended that you develop assignments to assess **all outcomes** in your course each semester. The district realizes for some faculty this may be a large ask; therefore, contractually, effective in Spring 2023, **the SLO Assessment Plan Schedule is the minimum expectation**.

As of Fall 2023 Semester, the **SLO Assessment Schedule**, is noted in Section 2, which will indicate one of two statuses:

#### 1. Assess even SLOs in even years, odd SLOs in odd years.

- a. In even years (ie. 2024 is an **even year**), all **even SLOs** (2, 4, 6...) listed on the card are assessed; therefore, one or more assignments should be created used to measure whether a student is able to do that statement.
- b. This means in year odd years (ie. 2023 is an **odd year**), all **odd SLOs** (1, 3, 5, 7...) listed on the card are assessed; therefore, one or more assignments should be created used to measure whether a student is able to do that statement.

#### 2. Assess every SLO, every course offering.

- a. All SLOs must be assessed (ie, create an assignment to measure the learning statement).

#### 3. Improvement Plan (SLOs to Reassess)

- a. Section 2 of your SLO Card designates whether the course you are teaching has an improvement plan and will list the SLOs that need to be reassessed in addition to the Assessment Schedule.
- b. NOTE: Courses that require faculty to assess every SLO, every course offering can ignore the Improvement Plan.

c. Go to Step 2 (below) to determine next steps.

In the example below, this instructor minimally needs to assess odd SLOs, since it is Fall 2023 and the "Improvement Plan" indicates "Not Applicable".

**SLO Assessment Plan and Results for: AGR-10-M0399**

SLO Status (Updated During Assessment Planning & When Submitting Results)

**Improvement Plan Needs Review**

Section 1: Instructor and Course Information

Instructor Name Walt Piner	Course AGR-10-M0399	Section # 600AM-020AM	Course Name Introduction to Animal Sciences
Course Number 12/13/2023	Days TH	Time 600AM-020AM	Section Location Main Campus

Section 2: Plan the SLO Assessments (NOTE: Check the Assessment Schedule to determine which SLOs are required)

Assessment Plan (Fall/Spring) Not Applicable	Assessment Plan Reviewed? Not applicable	Final Assessment Method Choose one or more methods	Assessment Schedule Assess every 2 SLOs in every year, odd S	Target Minimum 75% of students will achieve 75% or higher
---	---	---	---	--

Section 3: Report SLO Results

SLO 1 (AGR-10_ST.01) Demonstrate effective animal husbandry practices, including available treatments	SLO 1 Number of Students Assessed Enter value here	SLO 1 Target Achievement Rate Choose one if you assessed this SLO
---	---	--

## Step 2: Review SLO Improvement Plans to Determine If Additional SLOs must be reassessed

If the course you are teaching has an **Improvement Plan**, the SLOs will be listed in red in Section 2 of your card as depicted below. You can use the feedback from prior semesters to remember what you or other faculty have said they would do differently to measure that SLO by clicking the button below.

### *Closing the Loop*

To see past feedback and recommended changes from prior semesters, use the button below to review that and keep this in mind as you are planning your class assignments.

[View Improvement Plan Feedback](#)

If you have an improvement plan, then select the "Improvement Plan Reviewed?" and select the option "Yes, improvement plan reviewed and SLO will be reassessed" in green and make a plan to reassess the SLOs listed, if you did not already have a plan to do so.

**SLO Assessment Plan and Results for: ART-36B-M0061**

Assessment Name (To Create Assessment)	Assessment Due Date	Assessment Location
SLO 1, SLO 2	12/15/2022	Canvas LMS

Section 3: Report My Results

View Results

### Step 3: Review your Target Measures on the Course SLO Maps

- Faculty should review the SLO target measures for each outcome to determine what the target measure is.
- **This information, as of Fall 2023 Semester, is now found on your SLO Card.** You no longer have to sift through your Course [SLO Maps](#) to determine your target percentage..
- Knowing the target, you are trying to aim for in your class should help you to plan an assignment or series of assignments designed to measure whether students learned that particular outcome and have a backup plan in case students did not so you can reassess the outcome in a different way.
- In the example SLO Card below, the target is that 70% of students will achieve a 70% or higher on their outcome.
  - If you have 10 students in your class that submitted your assignment to measure your SLO, and 8 of them received at least a 70% (or a C) on the assignment, then in this case 80% of your students achieved. This is information that will be reported at the end of the semester when determining whether your target measure was met, or not.

### **Step 5: Update the SLO Card to Confirm Assessment Plan**

Now that you've determined which SLOs you are assessing, whether you have an improvement plan, and gathered your course assessment methods, it is time to update your SLO Card with your **Assessment Plan**.

We have both a step-by-step guide or a video. Both demonstrates how to update your SLO Card with your Assessment Plan.

### **Step 5: Ready to Update your Cards?**

Proceed to filter your cards, and then update the Course Assessment Methods & Status on each SLO Card for the courses you are teaching.

## Assessment Results

### Faculty Instructions

Thank you for all your hard work this semester! This page has all the information you need to update your Assessment Results.

Results are due 5 business days after the end of the semester, or **January 3, 2023!**

## General Information

1. This **Student Learning Outcome Assessment Results** is the data you collected as part of your assignments that measured the student learning.
2. Assessment Results are updated on the SLO Card you acknowledged at the beginning of the semester.
3. Use the instructions below to gather your data for entering your results.

## How do I enter my Assessment Results?

Target measures are listed on your [SLO Maps](#). As mentioned during your [Assessment Plan Instructions](#) from the beginning of the semester, you should have created an assignment designed to measure the SLO.

### Step 1: Determine the Number of Students Assessed

- The number of students that were assessed are the students that completed the assignments you used during your Assessment Plan.
- **This is NOT the number of students enrolled in your course.**
- Write down that number for each course you taught.

### Step 2: Determine the Number of Students that Achieved the Target

- Review your gradebook or records to see how many students exceeded the target measure (ie, passed the assignment(s) and exceeded the percentage indicated on the target measures from your Course SLOs).
- Write the number down for each student.

### Step 3: Determine if your Target Measures Were Met

- Divide the number of students who achieved the target by the number of students who were assessed and if that measure exceeds your target, then your target measures were met.
- Write down whether the target was exceeded.

### Step 4: Update the SLO Cards with Results

- The SLO Cards you acknowledged at the beginning of the semester need to be updated with your results.
- Note: Your results are no longer emailed into the Office of Institutional Effectiveness.

### Step 5: Click the Submit Results, and Update the Status

- Click the Submit button at the bottom of this page.
- Filter the results by choosing your name and clicking apply.

- Update your cards with the results from Steps 1-3 above.
- Change the Status to "Assessment Results Complete"

Are you ready to submit? If so, scroll to the bottom of this page and click on Submit Results; otherwise, training and support are available using instructions (scroll down to see).

## Training & Support

Faculty have options for support.

### Option 1: On-Demand Training

Watch the video or download the guide.

### Video Tutorial

Video Tutorial

## Step-By-Step Guide

## Want to learn with a video?

[View the video how to Update SLO Assessment Results via Microsoft Stream.](#)

NOTE: Requires login with Lassen email and password

This quick guide demonstrates how to submit the results from your assignments you used to measure your course outcomes.

At the end of each semester, faculty will submit the results based on the [Assessment Plan](#) that was reviewed & confirmed at the beginning of the semester. Remember, Assessment Results are different from grades and your results are looking only at whether students achieved the outcome, not whether students were assessed on the outcome. In other words, you will not submit results for every student enrolled in your course, only students that submitted the assignment or assignments you are using to measure whether students achieved the target measure. Target measurement percentages, as of Fall of 2023, now display on each SLO Card to make it easier for you to find it.

1. Review the Target Measure on your SLO Card (see Section 2).

## Assessment Results

### Faculty Instructions

Thank you for all your hard work this semester! This page has all the information you need to update your Assessment Results.

### Due Dates

The current LCFA Contract Section 7.2.18.3: Submission of the (a) results of the assessment method and (b) steps taken as a result of the assessment within five (5) District business days after the last scheduled meeting of the class.

For Spring 2023 Classes:

1. **Full Semester Classes:** this date would be **June 5, 2023!**
2. **Short term classes:** 5 business days after the last class session.

## Important Reminders for Spring 2023 Results

1. This **Student Learning Outcome Assessment Results** is the data you collected as part of your assignments that measured the student learning.
2. Results for classes offered each academic year will be analyzed to ensure that, minimally, all odd SLOs were assessed (that is SLO 1, 3, 5, etcetera) based on what is listed on each card.

3. Courses offered less frequently than each academic year will be analyzed to ensure all SLOs are measured, so please plan accordingly.
4. Assessment Results are updated on the same SLO Card you acknowledged at the beginning of the semester.

## How do I enter my Assessment Results?

Target measures are listed on your [SLO Maps](#). As mentioned during your [Assessment Plan Instructions](#) from the beginning of the semester, you should have created an assignment designed to measure the SLO. Using the results of your plan and course map, learn how to submit your results using one of the below options.

## Training & Support Options

Choose one or more of the following if you need help. If you remember how to update results, scroll down to submit those now!

### Option 1: On-Demand Training

Watch the video!

**Option 2:  
Read the Step-By-Step Guide**

Read the step-by-step instructions.

**Option 3:  
Book an Appointment or Attend a Scheduled Session**

Receive direct help from SLO coordinator!

Click the button below to get your training scheduled today based on the SLO Coordinator's actual availability!

## Scheduled Events

There are no more scheduled sessions for Spring 2023!

SUMMER 2023

# How To Update Your Student Learning Outcome (SLO) Assessment Plans

## Fall 2023 Instructions

This guide explains how to update your Student Learning Outcome (SLO) Assessment Plan Cards on SLO+.

Here's what you need to do:

1. Log into SLO+ and review your SLO Assessment Plan for the current semester.

[Login to SLO+](#)

2. To access your course(s) to plan your SLO assessments, click the **Submit Assessment Plan** button under the current semester.

3. Read the instructions provided to learn what you need to do.
4. When ready, scroll down the page and click on the "Submit Assessment Plan" button.

5. Click the **Filter** icon and again on “See All” to select your name from the list of **Instructors**.

6. Select your name and then click **Apply**.

7. A list of SLO Cards will appear (one for each course you are teaching).

8. Click on a card to display your course information, and some information pertaining to your **SLO Assessment Plan** for that course.
  - a. There are four sections in the SLO Card.
  - b. Sections 1 and 2 need to be reviewed and updated at the beginning of each semester, which is the **SLO Assessment Plan**.
  - c. Sections 3 and 4 should be completed at the end of the course, which are your **SLO Assessment Results** (details in another guide here on SLO+, available at the end of the semester).

NOTE: The red areas were highlighted to make it easier for you to plan your assessments.

## 9. SLO Card Sections Explanation:

The SLO Card has the following sections:

### a. **Assessment Plans (Beginning of Semester/Course)**

#### i. **Section 1: Instructor & Course Information**

Displays your Course Information.

#### ii. **Section 2: Plan the SLO Assessments**

Displays all of the following

1. **Assessment Schedule** (whether you can assess odd SLOs or you need to assess all SLOs)  
(See Step 10 below for details)
2. **Target Measures** (from the Course Maps) which is the target % of achievement you are aiming for with your assignments for a target % of students.
3. **Improvement Plan** will display SLOs if your course is on an improvement plan. In addition to the Assessment Schedule, you will need to reassess these SLOs if you did not already have a plan to do so.
4. **Improvement Plan Review:** This is an acknowledgement you've reviewed the Feedback and are aware you need to reassess these SLOs.
5. **Course Assessment Methods:** You will choose one in Step 8 below.

### b. **Assessment Results (End of Semester/Course)**

i. **Section 3: Report SLO Results**

Your SLO statements from the Course Outline of record appear. During the Assessment Plan cycle, just review the SLOs listed on the course outline and plan assignments to assess the outcomes.

1. Whichever ones you are required for you to assess for the current semester is the one you will report on at the end of each semester.
2. Faculty are encouraged to assess all SLOs each term (i.e., have an assignment in their class designed to measure the student's learning); however, minimally faculty are contractually required to use the Assessment Plan Schedule to ensure all ACCJC (Accrediting Commission for Community and Junior Colleges) Accreditation Requirements are met, which is to assess all Student Learning Outcomes in each assessment cycle.
3. **Do not remove any SLOs from Section 3 even if you will not assess that SLO.**

ii. **Section 4: Recommended Changes**

When you report results, regardless of whether the target was met, here you will share any feedback or recommended changes to the course, such as course material changes, modality suggestions, curriculum changes, or highlights on good assignments used to measure student learning.

For SLOs where target measures are **not** achieved, a statement about what to do differently should be reflected at the end of each semester.

**10. Completing the Assessment Plan:**

To complete your Assessment Plan, complete the 3 steps below:

a. **Step 1: Review Section 1: Instructor & Course Information**

- i. In Section 1, confirm that the course information is correct.
- ii. If there are errors, update the information or email the appropriate contact.

b. **Step 2: Review & Update Section 2**

In Section 2, review the Assessment Schedule, Target Measure, Improvement Plan, and update the Assessment Methods to ensure you have a plan to create assignments to measure the outcome.

i. **Assessment Schedule:**

The Assessment Schedule is now listed on each SLO Card. In past semesters you had to reference a separate document to determine whether you could assess the minimal requirements (ie, even SLOs in even years, odd SLOs in odd years or all SLOs).

Review your card to ensure you are planning to assess the SLOs listed, in addition to any related Improvement Plan SLOs indicated below.

ii. **Improvement Plan:**

1. Improvement Plans will now list the SLOs needing to be reassessed. Please plan to reassess these SLOs.

It is recommended that if you are teaching a course with an improvement plan, that you review feedback from the faculty who last taught the course and consider the feedback when planning for your assignments. This feedback for recent courses is on SLO+ on the Assesment Plan page.

For example, if you review the feedback and see the prior faculty teaching the course mentioned a plan to change an assignment, a due date for an assignment, or additional lecture components and practice for the next semester, then consider those changes as you plan your course assessments to ensure you do not repeat those past lessons learned and use it to help improve your

measures of student learning!

Contact your Dean, Division Chair, or the SLO Coordinator if you need help or support in planning meaningful assignments to help your students meet the target measures set forth in the course map.

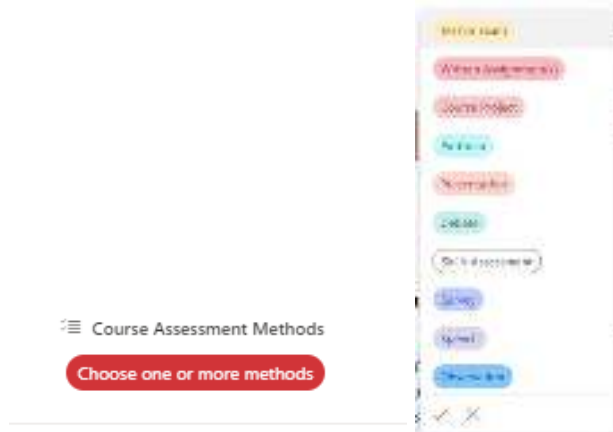

- 2. Improvement Plan Reviewed:** Acknowledge you have reviewed the Improvement Plan by selecting whether you reviewed it. Select the **Choose One** red pill and select *Yes Improvement Plan Reviewed, SLOs will be reassessed*.

iii. **Assessment Methods:**

Choose one or more assessment methods based on the SLOs you intend to assess. Click the field and select from the list of assessment methods. Click the options provided and select one or more methods.

- 1. Click** the red box to activate a menu. Select **one or more** assessment methods from the list.

Select one or more methods based on the SLOs you plan to assess.

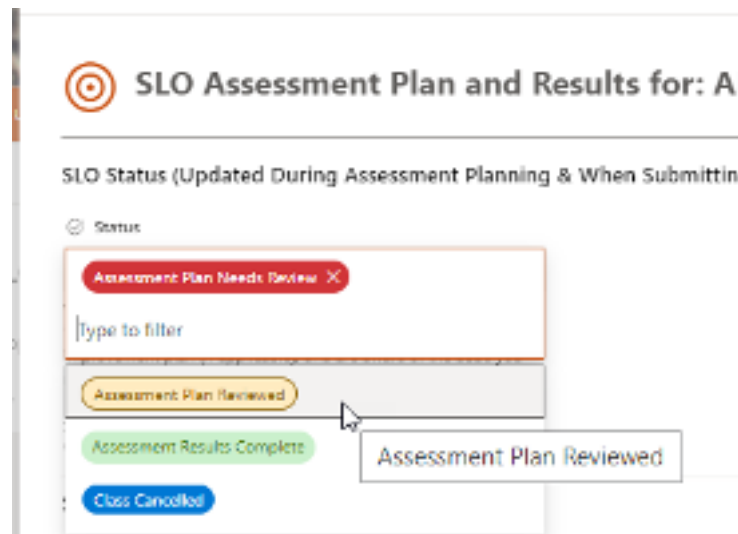

2. If your method is not listed, simply **type in your own** method, and **click Add**.

**c. Step 3: Update the Status**

**Status is located at the top of each card is how you communicate with the SLO Coordinator that you have completed your plan.**

- i. **Change** the status from "Assessment Plan Needs Review" to "Assessment Plan Reviewed".

Repeat the above steps for each course you are teaching until each SLO Card is updated with the "Assessment Plan Reviewed" status, the **Course Assessment Method(s)** you **plan** to use and if applicable, **Improvement Plan** acknowledged.

That's it!

# How to Update Your Student Learning Outcome (SLO) Assessment Results

Want to learn with a video?

[View the video How to Update SLO Assessment Results via Microsoft Stream.](#)

NOTE: Requires Login with Lassen email and password

This quick guide demonstrates how to submit the results from your assignments you used to measure your course outcomes.

At the end of each semester, faculty will submit the results based on the [Assessment Plan](#) that was reviewed & confirmed at the beginning of the semester. Remember, Assessment Results are different from grades and your results are looking only at whether students achieved the outcome, not whether students were assessed on the outcome. In other words, you will not submit results for every student enrolled in your course, only students that submitted the assignment or assignments you are using to measure whether students achieved the target measure. Target measurement percentages, as of Fall of 2023, now display on each SLO Card to make it easier for you to find it.

1. Review the Target Measure on your SLO Card (see Section 2).

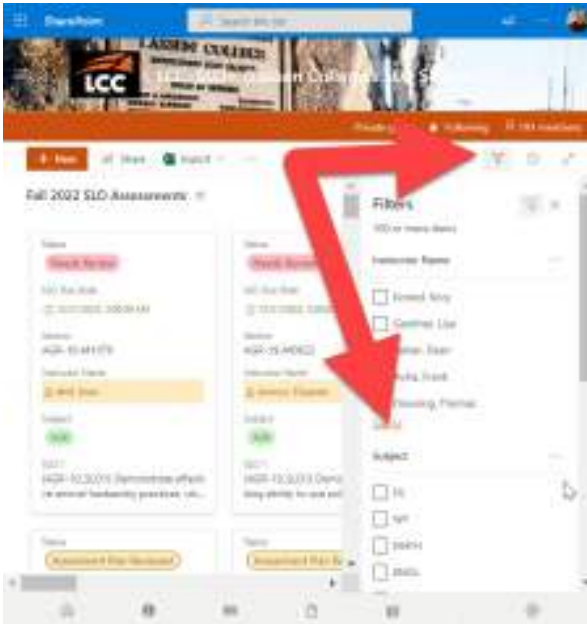

2. Calculate your student achievement results using this measure when reporting.  
For help with this step reach out to the SLO Coordinator by emailing [trobbs@lassencollege.edu](mailto:trobbs@lassencollege.edu).  
Once you've compiled your results, then proceed to Step 5 to submit your results.
3. Compile your Calculations.

- a. **Step 1: Determine the Number of Students Assessed**
    - i. The number of students that were assessed are the students that completed the assignments you used during your Assessment Plan.
    - ii. This is NOT the number of students enrolled in your course.
    - iii. Write the total number down for each SLO for each course you taught.
  - b. **Step 2: Determine the Number of Students that Achieved the Target**
    - i. Review your gradebook or records to see how many students exceeded the target measure (i.e., passed the assignment(s) and exceeded the percentage indicated on the target measures from your Course SLOs).
    - ii. Write the total number down for each SLO for each course you taught.
  - c. **Step 3: Determine if your Target Measures Were Met**
    - i. Divide the number of students who achieved the target by the number of students who were assessed and if that measure exceeds your target, then your target measures were met.
    - ii. Write down whether the target was exceeded or not.
  - d. **Step 4: Update the SLO Cards with Results**
    - i. The SLO Cards you acknowledged at the beginning of the semester need to be updated with your results.
4. Now that you have your calculations for reporting, it is time to submit your results. Select the **Submit Results** button that appears on the [SLO + Home page](#).

5. Click the **Filter** Icon and again on “See All” to select your name from the list of **Instructors**.

6. Select your name and then click **Apply**.

7. A list of **SLO cards** for courses you are teaching will be displayed.

8. **SLO Cards Updates (Reporting Results)**

Clicking on a card will display your SLO Card containing four sections depicted in the red boxes

below.

SLO ID	Description	Assessment Method	Assessment Schedule
(AGR-22_18011)	Demonstrate the proper use of equipment for each course event.	Assessment Method	Assessment Schedule
(AGR-22_18012)	Demonstrate proper safety procedures.	Assessment Method	Assessment Schedule
(AGR-22_18013)	Demonstrate knowledge and understanding of proper technique when performing each course event using and rigging.	Assessment Method	Assessment Schedule
(AGR-22_18014)	Demonstrate knowledge and understanding of all aspects of job events. They would include important rules along with rules and regulations regarding the course events.	Assessment Method	Assessment Schedule

9. Actions to Take:

- a. **Section 2: Review and/or update the SLO Assessment Method**, but only if it changed from your Assessment Plan you submitted at the beginning of the semester. Ensure all assessment methods are selected (we do not need to know which one correlated to each SLO, only what types of assessments you used).
  - i. **Assessment Methods:** Choose the Assessment Method or methods you used to measure your SLO.
  - ii. To make a change, put your cursor directly underneath the **Course Assessment Methods** until a gray box appears as depicted below.

**Section 2: Plan the SLO Assessments (NOTE: Check th**

Assessment Schedule

Assess even SLOs in even years, odd SL

Course Assessment Methods

Choose one or more methods

- 1. Click the red pill to activate a menu.

2. Select **one or more** assessment methods from the list.

Select more than one option if you used more than one method.

3. If your method is not listed, simply **type in your own** method, and **click Add.**

**b. Section 3: Enter the Results of your SLO Assessment**

- i. As a reminder, beginning in Spring 2023, **faculty be following the Assessment Schedules**. You no longer need to reference a separate document, but look at the Assessment Schedule directly on the SLO Card. Since it is Fall 2023, if your course is designated as assessing even SLOs in even years, odd SLOs in odd years, then you should hopefully have results for all odd SLOs.

**Section 2: Plan the SLO Assessments (NOTE: Check the**

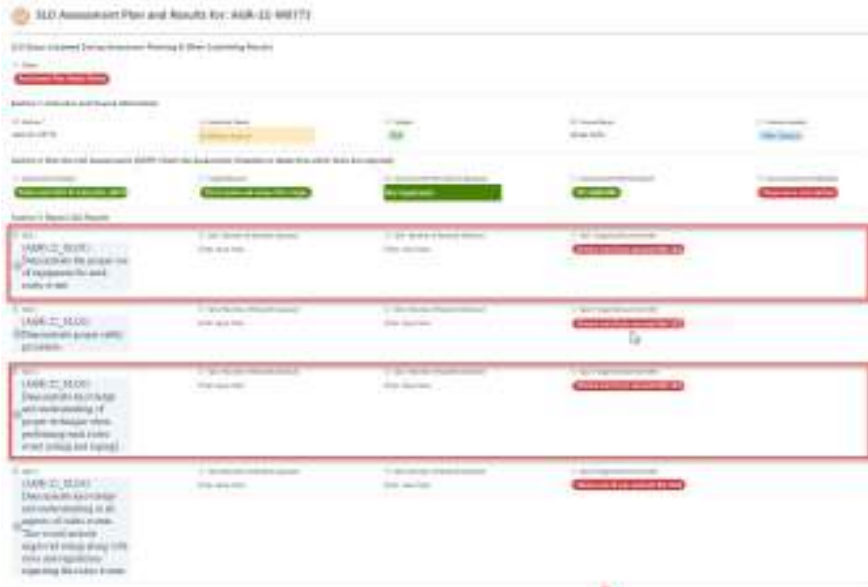

- ii. All results submitted will be analyzed to ensure outcomes have been assessed as noted on the **Assessment Schedule** (depicted below).

**iii. Entering Your Results:**

**1. Step 1: Locate the SLO Statement or Statements Assessed**

On your SLO Card, locate the SLO Statement you assessed. Note, if you have more than one SLO, report each in the rows that display in Section 3. In the example below, there are 3 SLOs for this card. If you assessed all outcomes for the course, then report on all 3 outcomes. If you only assessed a single SLO, then be sure to report on the SLO by entering the

results for the correct SLO statement on the corresponding row.

2. **Step 2: Enter the Number of Students Assessed**

The number of students completed the assignment used to measure your SLO (not the number of students enrolled in your class, unless all students submitted the assignment).

3. **Step 3: Determine the Number of Students that *Achieved* the Target**

Review your gradebook or records to see how many students exceeded the target measure (i.e., passed the assignment(s) used to assess your SLO, and exceeded the percentage indicated on the target measures from your Course SLOs).

In this example, from the AGR-10 Course Map, my target is 70% of students will achieve 70% or higher.

So, when reporting on this SLO, how many students received a 70% or higher on the assignment or assignments used to measure your SLOs is what will be reported in the box shown below.

NOTE: Faculty using more than one assignment to measure an SLOs, can use an average or a decaying average. Decaying Averages are generally accepted practices here, and 65% is a common weight for the latest assignment). If you are using [Decaying Averages, you can use this Excel Sheet to determine your percentage.](#)

If you need help with this reach out to the SLO Coordinator by emailing trobb@lassencollege.edu.

4. **Step 4: Determine Whether your Target Measure Has Been Met**

Divide the number of students who achieved the target by the number of students who were assessed and if that measure exceeds your target, then indicate yes; otherwise, indicate no.

Here is the math.

$$x = \frac{\text{\# of Students Achieved}}{\text{\# of Students Submitting Assignment}} \times 100$$

**EXAMPLE:**

Following the example for AGR-23 from Step 3 above, you are looking at a target measure as follows:

Target Measure: 70% of students will achieve 70% or higher.

Let's suppose the following:

- a. You have 10 students in your course.
- b. Only 7 students submitted the assignment related to your SLO (again, if you have more than one assignment used to measure your SLO, then contact the SLO Coordinator for support)
- c. Your 7 student percentages scored on the assignment are:
  - i. 80%
  - ii. 70%
  - iii. 60%
  - iv. 42%
  - v. 90%
  - vi. 80%
  - vii. 72%
- d. In this case, only 5 students received more than a 70%.

$$x = \frac{5}{7} \times 100$$

or

$$x = 71\%$$

- e. Since your target is 70% of students will achieve 70% or higher, in this case, your target measure has been met, since it is 71%.

5. **Step 5: Select the Correct Target Achievement Met**

Put your cursor in the box and click to Activate the pull-down menu and select an option. If your're achievement was met, select **Yes**; otherwise, select **No**.

6. Continue repeating Steps 1-5 for each SLO on this card and for each SLO Card for the courses you are teaching.

c. **Section 4: Recommended Changes (Used to be Improvement Plan)**

Now that you have just finished teaching the course, take a moment to reflect on the class. **In past semesters, this section was for improvements** that could be made to the course. This is not the case effective Fall of 2022.

SLO Analysis should reflect on what went well and what could be improved. It's really a reflective process; therefore, all SLO Results should have a narrative here, not just SLOs that did not meet target measures. Learn more about [SLO Analysis by watching the Friday SLO Talk](#).

Here are some guiding questions to think about as you write how you might do to improve or to sustain student learning.

i. **If you did not meet target, reflect on:**

1. Did you have low participation in the SLO Assessment? What might you do differently next time to ensure more students participate?
2. Were your SLO Assessment results consistent with your course success rate (i.e., the number of students who passed the course with a C or higher)? Why do you think students might be struggling to meet this SLO?
3. How do your scores on your SLO Assessment compare with your overall course success rate? Is there a difference? Why do you think there might be a difference?
4. Analyze your assignment and discuss ways you could improve the assignment you gave students that measured that SLO. Could that improve?

ii. **If you met target, reflect on:**

1. If you exceeded your target measure, and could not identify any areas of improvement, describe what could be done to continue to keep your results strong (i.e., increase participation rates in course assessments, modify course activities leading to the assessment, or what teaching strategies might be employed if course success rates are lower than the CSLO assessment scores).
  2. What are the strengths of your SLO Assessment (i.e., the assignment you used to measure this SLO) and why do you think students performed well?
- iii. Type your narrative for each course in Section 4 below by clicking on the Edit Icon that appears when you hover your mouse over the box below.

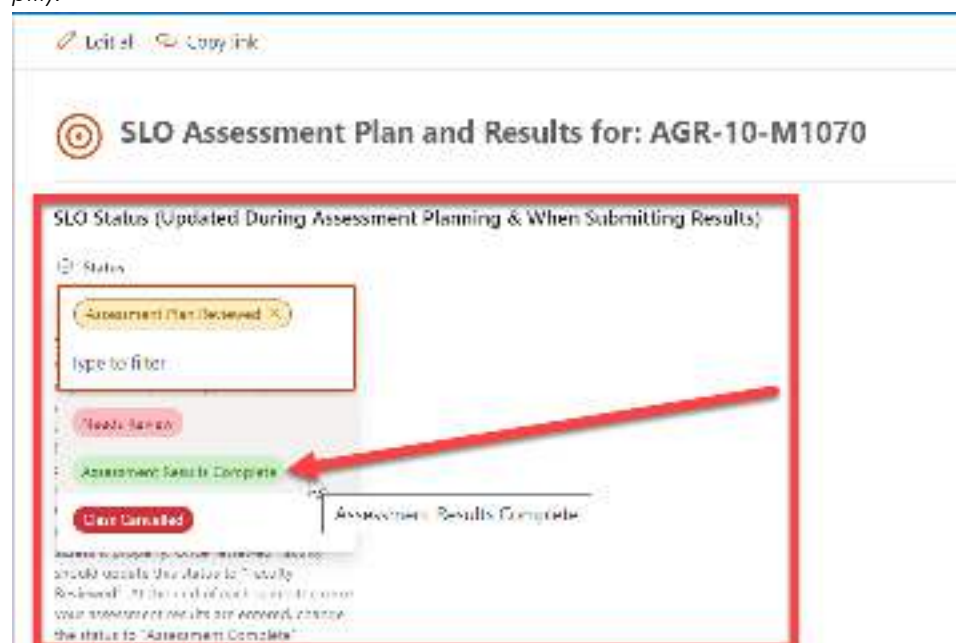

d. **Top Of Card: Status:**

The top of your SLO Card has a **Status**, which indicates to the SLO Coordinator that you have updated and finished entering your results.

To make this change and lock in your SLO Assessment Data, please change from Assessment Plan Reviewed (the yellow pill) to Assessment Results Complete (ie, the green pill).

When you are finished, each SLO Card should have the following items completed:

1. **Status:** Should read Assessment Results Complete.
2. **Section 1:** No changes needed; just ensure you are reporting on the correct course section in this area.
3. **Section 2:** Course Assessment Methods should indicate one or more options based on what type of assessment you used.
4. **Section 3:** SLO Assessment Results should be entered for every SLO you assessed  
**# Students Assessed** should have a number  
**# Students Achieved** should have a number  
**Target Achievement Met** – should be marked yes or no.
5. **Section 4: Recommended Changes** should have a narrative. If Target Measures were met, then indicate what went well in the course that led to students achieving the Outcome.

### 2. Why did you rate SLO+ the way you did above?

13  
Responses

#### Latest Responses

"This App is Extremely easy to navigate through. "

"The SLO app is easy to use"

"Some navigation issues - like searching through a ton of classe..."

9 respondents (69%) answered **easy** for this question.

### 3. What do you like most about SLO+?

11  
Responses

#### Latest Responses

"The ease of navigation and submission."

"Easy to function"

"ease of entering in information."

2 respondents (18%) answered **SLOs** for this question.

#### 4. What do you like least about SLO+ or what could we do to improve the system?

11  
Responses

##### Latest Responses

*"It's almost too easy to use."*

*"I wish there was an error message if a task was not completed ..."*

*"Navigation is a bit awkward."*

2 respondents (18%) answered **task** for this question.

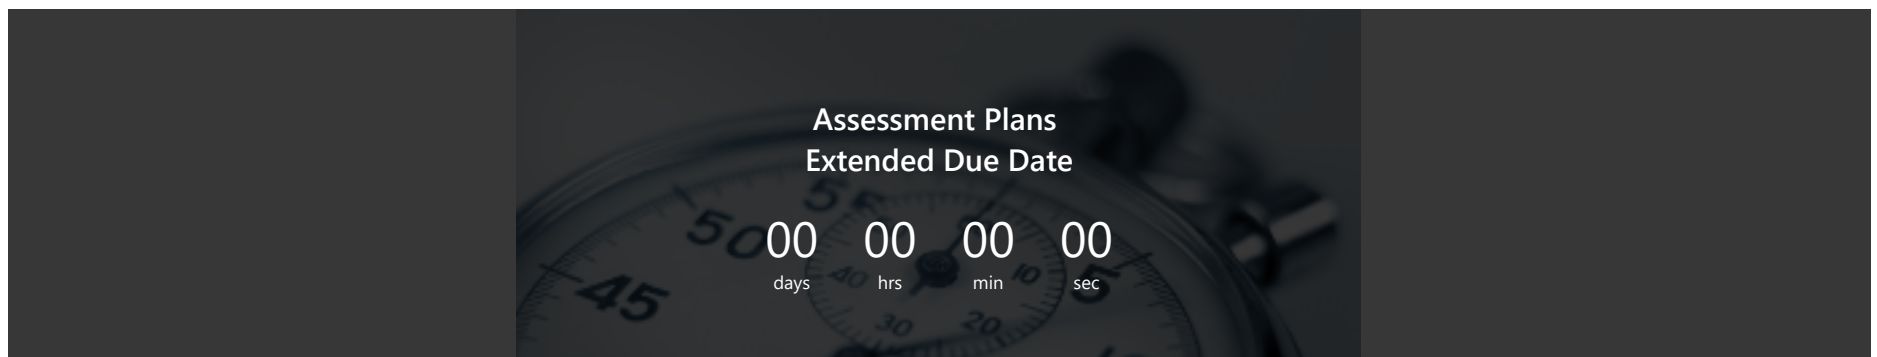

# Fall 2023 Course Student Learning Outcomes Assessment Plans

Thomas E Robb  
Instructional Designer

## Fall 2023 Faculty Instructions

- 1. Please note 4 improvements on SLO +**
  - a. Cards are easier to determine where to input data (see all red areas when opening)
  - b. Target Measures now display directly on your SLO Card instead of having to reference the Course Map and were updated with all 2023-2024 Curriculum Changes.
  - c. Assessment Schedules now display directly on your SLO Card instead of having to reference a separate document.
  - d. Improvement Plans now list the actual SLOs you need to reassess directly on your SLO Card.
2. This page will provide you all of the information you need to complete your Assessment Plans at the beginning of Fall 2023!
3. Review the information provided and make a plan to assess your student SLOs.

Please note that LCC Administration Extended the Due Date to August 25, 2023!

## General Information

This **Student Learning Outcome Assessment Plan** is intended to inform faculty of their obligation to assess course SLOs in a cohesive and meaningful manner, as well as ensure faculty are aware we need to close the loop when courses taught in prior semesters do not meet target.

This means you must confirm that you have a plan to assess your Student Learning Outcomes, and **confirm that plan on your SLO Card/s**.

## What are SLO Cards?

Assessment Plans & Results are updated on this site on an SLO Card. SLO cards are simply an online form that is pre-populated with your course information and SLOs listed on the Course Outline of record.

Faculty *should* have one **SLO card** for each course they are scheduled to teach (if one is missing, or not yet added when you go to submit your plan or your results, then please email [trobb@lassencollege.edu](mailto:trobb@lassencollege.edu) to add an additional card).

## When are SLO Cards Updated?

Faculty will update each SLO Card twice a semester.

- Once at the beginning of the semester/course, which is the **Assessment Plan**.
- Once again, at the end of the semester/course, which are the **Assessment Results**.

## What is the difference between Assessment Plans & Assessment Results?

### 1. Assessment Plans

- Are completed at the **beginning of the semester** to ensure that faculty **are aware of their contractual requirement**.
- Have a plan to assess the course student learning outcomes and know which ones to assess.
- Develop assignments, or **Course Assessment Methods** they will use to determine whether students learned the outcome

SLO Card

- d. Are aware if their course has an **Improvement Plan** in place, which requires re-assessment of the learning outcome.
- e. If your course has an indication that it is on an **Improvement Plan**, it will be denoted with the specific SLOs you need.

## 2. Assessment Results

- a. Are completed at the **end of the semester** to ensure that Lassen College is meeting accreditation standards.
- b. Should reflect whether students achieved the learning and can do what was stated on the outcome.
- c. Should exclude any students who did **\*not\*** submit the assignment used to measure your outcome.
- d. For each SLO assessed, faculty must report on their card 4 items;
  - a. **1)** the total number of students assessed (a number).
  - b. **2)** the total number that have evidence of achievement (a number).
  - c. **3)** Whether your course target measure was met (yes or no).

Outcomes Assessment seeks to reveal what students learned, **not** whether they **attempted** to learn; therefore, it is important to look at students who made an attempt and exclude those that did not. In other words, the number of students you report who were assessed and the number of students who achieved may not match the number of students enrolled in your class! Outcomes Assessment is not the same thing as grades. It is looking at what our students are learning and whether there is evidence that the assessment led to student learning.

## How do I complete my Assessment Plans?

### Step 1: Determine Which Outcomes to be Assessed

It is recommended that you develop assignments to assess **all outcomes** in your course each semester. The district realizes for some faculty this may be a large ask; therefore, contractually, effective in Spring 2023, **the SLO Assessment Plan Schedule is the minimum expectation**.

As of Fall 2023 Semester, the **SLO Assessment Schedule**, is noted in Section 2, which will indicate one of two statuses:

#### 1. Assess even SLOs in even years, odd SLOs in odd years.

- a. In even years (ie. 2024 is an **even year**), all **even SLOs** (2, 4, 6...) listed on the card are assessed; therefore, one or more assignments should be created used to measure whether a student is able to do that statement.
- b. This means in year odd years (ie. 2023 is an **odd year**), all **odd SLOs** (1, 3, 5, 7...) listed on the card are assessed; therefore, one or more assignments should be created used to measure whether a student is able to do that statement.

#### 2. Assess every SLO, every course offering.

- a. All SLOs must be assessed (ie, create an assignment to measure the learning statement).

#### 3. Improvement Plan (SLOs to Reassess)

- a. Section 2 of your SLO Card designates whether the course you are teaching has an improvement plan and will list the SLOs that need to be reassessed in addition to the Assessment Schedule.
- b. NOTE: Courses that require faculty to assess every SLO, every course offering can ignore the Improvement Plan.

c. Go to Step 2 (below) to determine next steps.

In the example below, this instructor minimally needs to assess odd SLOs, since it is Fall 2023 and the "Improvement Plan" indicates "Not Applicable".

**SLO Assessment Plan and Results for: AGR-10-M0399**

SLO Status (Updated During Assessment Planning & When Submitting Results)

**Improvement Plan Needs Review**

Section 1: Instructor and Course Information

Instructor Name Walt Piner	Course AGR-10-M0399	Section # AGR-10-M0399	Course Name Introduction to Animal Sciences
Course Number 12/13/2023	Days TH	Time 6:00AM-8:20AM	Course Location Main Campus

Section 2: Plan the SLO Assessments (NOTE: Check the Assessment Schedule to determine which SLOs are required)

Assessment Plan (Fall/Spring) <b>Not Applicable</b>	Assessment Plan Reviewed? <b>Not applicable</b>	Final Assessment Method <b>Choose one or more methods</b>	Assessment Schedule <b>Assess every 2 SLOs in every year, odd S</b>	Target Minimum <b>10% of students will achieve 70% or higher</b>
--	--	--	--	---

Section 3: Report SLO Results

SLO 1 (AGR-10_ST.01) Demonstrate effective animal husbandry practices, including available treatments	SLO 1 Number of Students Assessed Enter value here	SLO 1 Target Achievement Rate <b>Choose one if you assessed this SLO</b>
---	---	---

## Step 2: Review SLO Improvement Plans to Determine If Additional SLOs must be reassessed

If the course you are teaching has an **Improvement Plan**, the SLOs will be listed in red in Section 2 of your card as depicted below. You can use the feedback from prior semesters to remember what you or other faculty have said they would do differently to measure that SLO by clicking the button below.

### *Closing the Loop*

To see past feedback and recommended changes from prior semesters, use the button below to review that and keep this in mind as you are planning your class assignments.

[View Improvement Plan Feedback](#)

If you have an improvement plan, then select the "Improvement Plan Reviewed?" and select the option "Yes, improvement plan reviewed and SLO will be reassessed" in green and make a plan to reassess the SLOs listed, if you did not already have a plan to do so.

SLO Assessment Plan and Results for: ART-36B-M0061

SLO Status (Updated During Assessment Planning & When Submitting Results)

Section 1: Instructor and Course Information

Section 2: Plan My SLO Assessments (NOTE: Check the Assessment Schedule to determine when to receive results)

Section 3: Report My Results

### Step 3: Review your Target Measures on the Course SLO Maps

- Faculty should review the SLO target measures for each outcome to determine what the target measure is.
- **This information, as of Fall 2023 Semester, is now found on your SLO Card.** You no longer have to sift through your Course [SLO Maps](#) to determine your target percentage..
- Knowing the target, you are trying to aim for in your class should help you to plan an assignment or series of assignments designed to measure whether students learned that particular outcome and have a backup plan in case students did not so you can reassess the outcome in a different way.
- In the example SLO Card below, the target is that 70% of students will achieve a 70% or higher on their outcome.
  - If you have 10 students in your class that submitted your assignment to measure your SLO, and 8 of them received at least a 70% (or a C) on the assignment, then in this case 80% of your students achieved. This is information that will be reported at the end of the semester when determining whether your target measure was met, or not.

### **Step 5: Update the SLO Card to Confirm Assessment Plan**

Now that you've determined which SLOs you are assessing, whether you have an improvement plan, and gathered your course assessment methods, it is time to update your SLO Card with your **Assessment Plan**.

We have both a step-by-step guide or a video. Both demonstrates how to update your SLO Card with your Assessment Plan.

### **Step 5: Ready to Update your Cards?**

Proceed to filter your cards, and then update the Course Assessment Methods & Status on each SLO Card for the courses you are teaching.

### Interactive Data Dashboard

A quick guide for faculty completing Instructional Program Reviews

This quick guide demonstrates how to locate, download, and include the Program Student Learning Outcome Assessment Results from Tableau Interactive Dashboards.

#### Background

IPRs provide the basis for informed decision making for planning (academic, human resource, student services, technology, and facilities). The Program Student Learning Outcomes mapping that was completed in August of 2023 finally has visualized reporting available for faculty completing Instructional Program Reviews in Fall of 2022. Your IPR Templates provided in early fall had yet to include a required component, which was PSLO Assessment Results. This guide will provide faculty with the steps to locate the PSLO data and include it in the IPR.

Click play, and then make the video full screen.

Scroll through the guide or make it full screen by clicking the icon on the right.

# Interactive Data Dashboards

## Dashboard Instructions

1. Displayed below are the SLO Assessments results data dashboards from previous Terms for Lassen College at the Course, Program, and Institutional level.
2. Currently Course Student Learning Outcomes and Program Student Learning Outcomes are ready for use in IPRs, curriculum changes, accreditation, or other purposes.
3. NOTE: The Institution Student Learning Outcomes Dashboard is a concept as of November 15, 2022 and the full data set is expected to be available in January 2023.
4. Click any of the three images or buttons to view the interactive dashboard in full screen.
5. Select a filter pull down menu to review the results and additional filters to see specific modalities, terms, or relevant information.
6. Save the data for a report by choosing the small download icon on the bottom right corner.
7. You can save the graphs as PDF files, images, PowerPoints, and much more!

# Program Student Learning Outcomes Data Interactive Data Dashboard

A quick guide for faculty completing Instructional  
Program Reviews

This quick guide demonstrates how to locate, download, and include the Program Student Learning Outcome Assessment Results from Tableau Interactive Dashboards.

## Background

IPRs provide the basis for informed decision making for planning (academic, human resource, student services, technology, and facilities). The Program Student Learning Outcomes mapping that was completed in August of 2023 finally has visualized reporting available for faculty completing Instructional Program Reviews in Fall of 2022. Your IPR Templates provided in early fall had yet to include a required component, which was PSLO Assessment Results. This guide will support faculty in downloading the PSLO Data and including both the results as well as an analysis of the results to guide future program planning.

## PSLO Data

Faculty wrote, and curriculum approved learning outcomes at the program level. Mapping of each program outcome was completed by aligning each outcome to individual course level student learning outcomes. The data for each has been compiled and based on the reported results for each individual course, now

display the aligned course level outcome data for each Program Student Learning Outcome. Below is an example of that data.

### Accreditation Requirement:

All Instructional Program Reviews must include PSLO Data as part of the updated template, approved by Academic Senate in Fall of 2022. This guide will provide the steps necessary to download the Program SLO Data Dashboard for faculty to include in their IPRs that will be submitted to the Academic Senate.

### How to Download PSLO Data Graph?

1. Visit the Lassen College Website, [Program Student Learning Outcomes web page](#).
2. Select a Program Name from the filter.  
NOTE: for IPRs with more than one program, you will need to select and download one program at a time.

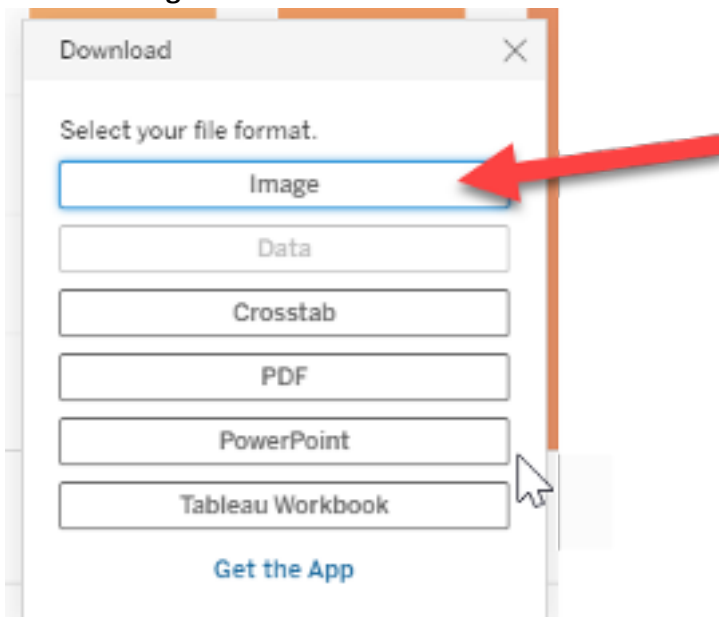

3. Select the Academic Years for your Program Review. Generally, non-CTE programs should include the past 5 years and CTE Programs will include the last 2 years.

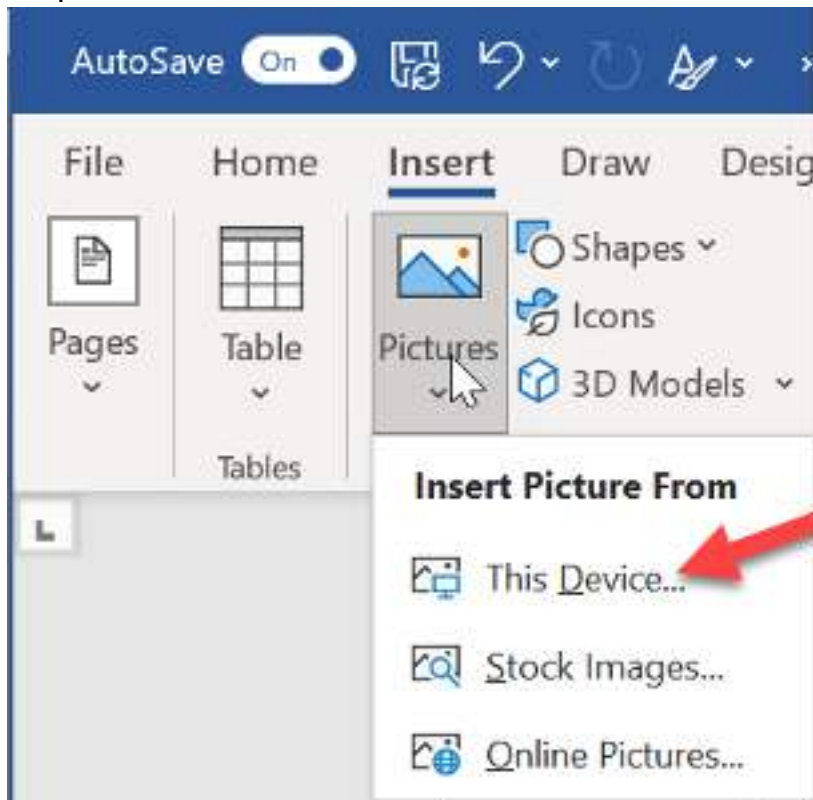

4. Once you've selected your program and your graph displays the data for your IPR you wish to review, scroll down to the tool bar, and select the download icon.

5. Select Image from the format.

6. Insert that image into your IPR Template. In Microsoft Word, you can click on Insert > Picture > This Device and select the image you downloaded in Step 5.

7. You can analyze your Program SLOs and make plans to address any deficits or highlight any positive areas of strength in your IPR.

Reach out to the SLO Coordinator if you are having trouble downloading your data.

## Interpreting PSLO Data Trends

Review the downloaded data to by comparing the past four years of data. Below is a list of questions to consider when reviewing the data trends.

- Has the PSLO achievement rate increased or decreased over the last four years?
- What impactful teaching practices have you used to support learning?
- Provide recommendations focused on strengthening or maintaining high rates of achievement while maintaining relevance in the program field.

# IPR Full Training

To learn how to complete the IPRs with the 2022 approved IPR Template, including more details on analyzing your Program Student Learning Outcomes, visit the [IPR Training Video](#) (requires login with Lassen email and password).

# Instructional Program Review

## Program: Work Experience

Academic Year: 2022-2023

Author(s):

**Lisa Gardiner**

Full-time Faculty Work Experience

Division Chair Humanities and Social Science

**Melinda Duerksen**

Full-time Faculty, Academic Senate Mentor

Accepted by Academic Senate: December 14, 2022

Accepted by Consultation Council: January 9, 2023

Accepted by Governing Board: January 10, 2023

# Executive Summary

The executive summary should be a consolidation of key findings, program plans, and participants that contributed to the review

Work Experience and Careers courses meet a variety of student job skill development needs with instruction provided in both credit and non-credit formats through face-to-face, online, and work-based learning instruction. These programs successfully serve students on campus, in the community and incarcerated with the California Department of Corrections and Rehabilitation as well as the Lassen County Adult Detention Facility. SLO results show students most frequently meet or exceed Student Learning outcome targets. Curriculum is in the process of being revised to best serve students and to meet changing regulatory requirements.

Work Experience/Careers has identified a number of action plans to move forward with work related to the following Strategic Initiatives:

- Increase and retain enrollment
- Continue to meet accreditation standards

Full-time faculty identified numerous action plans in order to effectively continue the quality of the courses offered, steadily achieve growth, and continue to meet accreditation standards. Resources requested include professional membership and training to address upcoming Title 5 changes and update curriculum; as well as items to meet marketing, staffing, and facilities needs. This document details these needed tools to enhance instruction as growth is sought.

# SECTION 1: ACADEMIC PLANNING

## Program Overview, Objectives, and Student Learning Outcomes

- Describe the program (types of degrees offered, jobs/industries/transfer pathways associated with the program, faculty members in program)
- Describe and evaluate the program objectives against the LCC strategic plan, specifically the mission statement and strategic goals
- Evaluate any changes in the program since last review. Include summary of Annual Updates completed since last review. Regular program assessment will drive program improvements.

Work Experience goes by many names; Work Experience, Cooperative Work Experience, Internship, Co-Op. Work Experience is a Special Program, and as such does not award degrees. Work Experience Curriculum provides the vehicle whereby students participate in work-based learning in paid and volunteer positions in a variety of public and private settings. Work Experience [WE] courses maximize student learning through self-reflective experiential learning opportunities with goal-directed workplace skill development for students in supervised work settings. Through these experiences, students engage in the application of course content in real-world work settings where they practice applying emerging skills identified in their learning objectives, and build habits for long-term employment success. Work Experience courses support the *Vision for Success Goals* of Increasing the number of exiting CTE students employed in their field, and Reducing equity gaps.

Work Experience courses are embedded into Area E2 of the Non-Transfer General Education Requirements as well as required electives in Career Technical Education degrees and/or certificates in Agriculture, Child Development, Fire Science, Health Occupations and Administration of Justice. Although WE does not award a degree or certificate, it complements the curriculum of all certificate and degree programs by providing students the opportunity to acquire knowledge, skills and attitudes essential for successful employment and thus serve as a component of workforce development locally, and beyond. With proposed changes that may occur to both transfer, and non-transfer general education patterns brought on by Student Transfer Achievement Reform Act of 2021 (AB 928), in the future Work Experience may not continue to be a part of Area E2 in the Non-Transfer General Education requirements, if Life Long Learning is removed from the pattern. If this is to occur, considerations as to how Work Experience can be further embedded into other curriculum areas, such as required electives, should be pursued.

Careers courses provide career development curriculum through non-credit instruction. Since the last program review, instruction of these courses has been at the Lassen County Adult Detention Center with the incarcerated student population.

Work Experience supports the Lassen Community College mission in the areas of transferable education, career-technical education/workforce development and basic skills education. It does this by providing career-technical education, transfer, and basic skills students the opportunity to gain realistic work experiences that are meaningful and related to their educational and/or career goals. These experiences contribute to career exploration and informed major/career choice as well as strengthen students' soft skills to enhance employment and academic success. The career exploration and development that Work Experience courses provide through self-reflective experiential learning is a keystone in assisting students in choosing, entering and succeeding in their career pathway.

Work Experience supports the Lassen Community College Strategic Goals of providing Learning Opportunities that promote student learning and meet the needs of the local and global community, as well as supporting Student Success through increasing opportunities through access and retention to enable student attainment of goals.

Work Experience learning objectives are aligned with the Institutional Learning Outcomes and General Education Student Learning Outcomes in the following manner:

ISLOs	Work Experience SLOs	GESLOs
<p><b>Personal/Interpersonal Responsibility</b>-Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures.</p> <p><b>Critical Thinking</b>- Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome.</p> <p><b>Communication</b>- Ability to listen and read with comprehension and the ability to write and speak effectively.</p>	<p>After creating individualized measurable occupational learning objectives that identify new skills to be attained, complete work tasks on-the-job that strengthen skills that support objective completion, recognizing the benefits that setting and achieving skills enhancement goals has on career development.</p>	<p><b>#1.</b> Understand and apply methods of inquiry <b>for a variety of disciplines including the scientific method for scientific inquiry and appropriate methods for social and behavior science inquires.</b></p> <p><b>#5.</b> Engage in verbal communication <b>by participating in discussions, debates, and oral presentations utilizing proper rhetorical perspective, reasoning and advocacy, organization, accuracy, and the discovery, critical evaluation and reporting of information. [Communication]</b></p> <p><b>#7.</b> Analyze, evaluate and explain theories, <b>concepts and skills within varied disciplines</b> using inductive and deductive processes and quantitative reasoning <b>and application.</b></p>

--	--	---

Noncredit Careers courses support students in the development of skills for the workforce through enhancement of job seeking, employment success, and professional career development skills. These courses align with the basic skills component of the college mission as well as Learning Opportunities and Student Success Strategic goals. Content of these course addresses all ISLOs; Communication, Critical Thinking, Life Long Learning and Personal/Interpersonal Responsibility.

There have been no annual updates since the last program review.

Changes since the last program review:

- Work Experience SLO maps have been updated. Work Experience has had no further Curriculum changes, however significant changes are anticipated over the next 1-2 years based on Title 5 changes currently in the approval process.
- Non-credit Careers courses have been revised to better meet student need.

Since the last program review, Work Experience students have participated in work-based learning with the following businesses:

Anytime Fitness	CALIFORNIA DEPARTMENT OF CORRECTIONS
Banner Lassen Health Clinic	California Correctional Center
Bauer Gunsmithing	Centerpoint Inc.
BAXTER AUTO PARTS	Courthouse Café
Best Western Sure Stay Plus	DIAMOND PEAK BOYS HOME
Big 5	HIGH DESERT STATE PRISON
Buffalo Chips	Janesville Fire Protect. Dist.
CALFIRE	Joe's Car Wash
CALIFORNIA CORRECTIONAL CENTER	Just Kidding Around
Carlson's Tire Pros	Kirack Construction

Lake Forest Fire Protection District	New Image Racketball and Fitness
LASSEN CO SHERIFF	O'Reiley Auto Parts
Lassen Community College	POWER HOUSE PROPERTIES
Lassen County Arts Council	Red Hut Pizza
Lassen County Fair	Safeway
Lassen County Office of Education	SIR PUBLIC WORKS
Lassen County Social Services	SIR-YOUTH PROGRAM
Lassen Early Headstart	Standish-Litchfield Fire
Lassen Life Skills	STATE FARM BILL MUTTERA
Lassen Rural Bus	SUPREME GRAPHICS
Leap Ahead Learning	Susan River Fire Department
Leavitt Lake Headstart	Susanville Nursing and Rehabilitation
Legacy Optometry	Susanville School District
Marshals	Susanville Supermarket IGA
MAZATLAN GRILL	Taco Bell
Milwood Florist and Nursery	TEACH
MODOC RECORD	Walgreens Pharmacy
MOUNTAIN MEADOWS RANCH	Walmart
Nakoma	ZAENGLES FLOOR AND HOME

### **Student Survey Data [See Appendix A: Student Survey Data]**

Fall 2022 a Survey Monkey Survey was distributed by the district’s contracted research and Strategy Consultant. Student response to this survey was low, with one student responding. Given the low response rate, results are not seen as statistically relevant but are included in Appendix A.

Each term a student survey is distributed at the end of the term as part of Work Experience course to examine student learning and inform instructional improvement. This survey contains content included in the standard program review survey, as well as more program-specific items. Student response to this survey distributed during Spring 2022 and Fall 2022 terms was higher than what was obtained with the Survey Monkey Survey, with 30 responses received thus far for Fall 2022, and 28 responses received during Spring 2022. A summary of key survey items for this survey is included below along with a discussion. Responses are organized by groupings of students based upon whether they were students enrolling into Work Experience for the first time, returning students, or students who are/were part of a cohort such as the CalFire Academy or incarcerated students at the CCC Fire House. A summary sheet and raw survey data downloaded from Canvas is included in Appendix A.

### **2022 Work Experience Student Survey Results**

100% of students indicated;

- Work Experience (WE) course information was applicable to their work setting
- WE content reasonably compared with the catalog description
- The instructor used the textbook

A large majority of students, varying from 88% to 100% indicated:

- The textbook was useful
- WE Orientation scheduling met their needs and was well organized
- WE helped them develop a greater sense of their work interests and future careers that may be fulfilling
- WE helped them improve their work skills
- As a result of taking the course, they;
  - Thought more about their work skills than if they hadn't taken the course
  - Have a greater sense of how their current job can provide skill-building opportunities to help them get a better job
  - Their ability to speak about their job skills improved

Student narrative comments included:

What feedback would you give another student who is considering taking this course?	1) Ask all the questions that you have while there. 2) highly recommend 3) To try your best and always pay attention to what you are learning it is helpful. 4) To pay attention and also to keep an open mind because you can actually find out lots of good information. 5) That they should take this course you will learn a lot from a lot of good people	1) That the teacher is very understanding and easy to communicate with. 2) Don't leave the timesheet to the last minute, and just basically turn in your assignments you'll be fine. 3) I would tell them that they should definitely take it that it is a great class especially if you already have a full class load and a job already.	1) I would recommend this course. 2) It's a great course to take, especially if you're already planning to work through school... It helps you analyze yourself in the workplace, and you get credit for something you were already going to do anyway! 3) I would say overall it's a good class bc with a good teacher. Its not that challenging to do and it can earn credits. 4) If your trying to better yourself I feel like this would help you. 5) The teacher is really helpful and everything is straight forward. 6) Stay on track with the book because some of the quizzes have "right" answers but there is only ONE right answer. 7) definitely take the course if you want to improve yourself 8) Good 9) Get all the quizzes and discussions done as soon you can.	1) This course is very educational and I think it is a good course to take. 2) To keep in contact with the professor and make sure you are constantly using the skills in the class. 3) Stay on top of work and also read the information given because it is very helpful. 4) 10/10 recommend. 5) To take this class. 6) I would say, make sure you get the book. You will need it. 7) Very easy just do your work and you will be fine. 8) Keep up with the online part. 9) I would tell another student taking this course to just keep a close log of their hours. 10) Listen and take this class seriously and it will help you out in the long run of being a better employee. 11) Do it, it'll be worth it. 12) Amazing class. 13) Gaining college credits while working or volunteering is brilliant! 14) That it is beneficial in helping to improve yourself work-wise. 15) This is a great course and the instructor helps you achieve not only school goals but personal goals for work too. 16) I would just tell them the class was very enjoyable and I got a lot out of it and I am really glad I had the opportunity to take the class.		

Survey results over the last year indicate the Work Experience program provides robust work-based learning opportunities. Students benefit from participation in Work Experience courses by goal setting and enhancing their work skills; improving communication skills with others in their work setting, including improving their ability to speak about their work skills; and building their career development awareness through self-reflection. Work site supervisors are supportive and appreciative of students' growth in job skills.

Overall course success rates for Work Experience exceed the target goal of 75%, and consistently are higher than the overall Lassen College Success rate. Work Experience provides these students with an opportunity to expand their skills to a new level, while also looking at their current skill set and evaluating it in terms of transferable skills applicable to future career goals, as well as providing supported opportunities for self-reflection to assess skills, interests, values and barriers that play key roles in the career development process. Digging deeper into the data, the impact of COVID is apparent from dips in student success rates during the 2019-2020 and 2020-2021 academic years. This dip in student success is noteworthy for the ART 49 course. A primary placement for ART 49 students is the Lassen County Arts Council. This organization was especially hit hard during COVID and struggled to maintain staffing and engage the community in a remote mode, which was difficult for students as well. In addition, significant dips can be seen for female, Native American, 17 and Under students during the COVID timeframe as well. It is difficult to pinpoint contributing factors for these populations other than the overall impacts of COVID on our economy.

### Achievement

Based on your review of the data trends above (e.g., course success, retention, awards) please provide an analysis of achievement gaps and accomplishments in the program.

### Equity

Based on your review of the data trends above (e.g., course success, retention) please provide a narrative to outline opportunities to address any equity gaps.

Overall student retention for the Work Experience program exceeds campus retention rates with the exception of the 2020-2021 academic year. Drop in retention for the year relates to COVID and students electing to withdraw based on employment/economic condition brought on by the pandemic. While many businesses closed at that time, leaving students unable to complete work hours for the course, the Work Experience program was responsive in providing Chancellor's Office-approved alternative learning assignments to allow students who chose to continue in the Work Experience program to have the greatest opportunity to successfully complete it. The American Indian/AK Native population showed lower than average retention rates in 2020-2022. The College Equity Plan includes goals to better serve this population.

### Student Learning Outcomes

SLO assessment is important to maintain and improve an effective learning experience for LCC students. Evaluating SLO results regularly is helpful for evaluating student learning and identifying emerging program needs. There is a link between SLO assessment results, SLO improvement plans and review of curriculum and/or budget requests. Regular program assessment will drive program improvement. These records are maintained in the online Data Management and Visualization tool (TABLEAU) and are available for review by faculty at any time through its self-updating, interactive dashboards, and reports. Feedback and narrative from the Share Point tool will be included in the reports.

\*By contract, faculty are required to prepare and submit an SLO Assessment Plan for each class within one week of the first-class meeting and implementation of the assessment method as indicated on the SLO Plan for each class. Submission of the (a) results of the assessment methods and (b) steps taken as result of the assessment within five (5) District business days after the last scheduled meeting of the class. Both submissions will be made in accordance with District tracking procedures (i.e., may be paper-based or electronic).

- Provide an analysis of findings of the assessments completed and recommendations being made in individual assessments.
- Consider the impact or influence of the assessment results at the program level.
- Identify and evaluate the Program Student Learning Outcomes including the relationship between course, program and institutional student learning outcomes utilizing information provided by the Office of Institutional Effectiveness.

Variations in SLO attainment are more difficult to analyze for low-enrollment courses/sections. Each semester Work Experience schedules a number of late start course sections to meet student need. These sections tend to have low enrollment. Cumulative SLO data by course is helpful in identifying SLO trends. The most consistent

Work Experience enrollment is seen in the WE 1. SLO attainment for WE 1 students has consistently met or exceeded the targets since the last program review. CARS 151 and CARS 153 Students consistently exceed SLO targets since the last program review.

Work Experience is a Special Program that does not award any certificates or degrees. As such it does not have PSLOs.

Discussion with Academic Senate mentor in the review of SLO Assessment result data provided the insight that greater attention to detail needs to go into the reporting of the number of students assessed (those students who actually completed the assessment) and the number of students who met the SLO target in order to provide more accurate data reporting. Additionally, the incorporation of the new SLO Assessment Schedule will enable more comprehensive review of all SLOs.

Based on your review of the data trends above (e.g., enrollment, FTES, FTES/FTEF, fill rate) please provide an analysis of efficiency gaps and accomplishments.

Enrollments show a significant decline based on the economic decline and shuttering of businesses due to the impact of COVID lockdowns, impacting enrollment campus-wide as well. Student engagement in work-based learning has struggled across the board, as indicated by such factors as lower than normal student engagement in financial aid funded work-study programs.

Fortunately, recovery is underway as seen from the most recent program enrollment data showing an upward trend. Upcoming Work Experience curriculum changes include; removing repeatability barriers, easing hours requirements, strengthening pathway connections, providing for a non-credit Work Experience offering, and a new non-credit Careers Professional Skills Development course. These efforts are expected to have a positive impact on enrollment. Additionally, the Assistant Director of Employer Partnerships position recently filled on campus is actively engaged in reaching out to employers to aid with developing internship opportunities. First steps being pursued with this position are to select a student employment software system, which will house job and internship listings for students. This will be a new resource to our campus. The Work Experience Coordinator is working with the Assistant Director of Employer Partnerships and the Interim Transfer/Career Center Coordinator to demo student employment software systems to review functionality and identify a program that will meet campus needs. Plans are in the works to move the Transfer/Career Center where the Assistant Director of Employer Partnerships and Interim Transfer/Career Center Coordinator are located. Currently the Transfer/Career Center Coordinator is staffed in an interim capacity by an employee who also has a significant workload in the Counseling Department. As the Transfer/Career Center Director position becomes permanently staffed and the Transfer/Career Center gets established in its new location there will be greater opportunity for collaboration and integration with Career Center services.

Enrollment gains seen in FS 49 are attributed to the collaboration with CalFire incorporating FS 49 in the Fire Academy beginning January 2022, which will be a routine program placement. Additionally, incarcerated students at the California Correctional Center (CCC) Fire House participate in Work Experience. While CCC is closing, incarcerated students at the Fire House will maintain their positions and will continue to serve their time at that facility, alleviating concerns of losing program participation at that site. Lastly, an additional offering of FS49 is being added to the Spring 2023 schedule for an internship opportunity developed with CalFire for students who have completed the CalFire Academy. These students will complete Work Experience at stations located in Susanville, Westwood, Alturas and Bieber to develop specific station-based skills and have the opportunity to network with personnel at various CalFire Stations, while CalFire staff can assess students' performance for consideration for future employment opportunities. In the area of Health Occupations, discussions are underway with Advancing Modoc that include consideration of developing Work Experience opportunities in Modoc County related to CNA and EMT skill building.

Lack of enrollment in AGR 49, GSS 49, HUS 49 and WT 49 should be watched for post-COVID trends. HUS 49 is anticipated to see enrollment growth due to renewed interest in this field based upon the newly approved Social Work/Human Services ADT. The GSS program is currently in the revitalization process. Program redesign is intended to increase enrollment, which should consequently have a positive

enrollment impact on GSS 49 enrollment as student numbers and interest in that discipline grow. Further efforts should target student recruitment in the disciplines of agriculture and welding.

Likely males are overrepresented in enrollment numbers due to enrollments of incarcerated male students.

## Curriculum

### Courses

Summarize curriculum revisions, new course adoptions, and/or course deletions since the last program review. Describe the program accomplishments and/or changes (e.g., major revisions, additions, etc.). All courses need to be submitted to the Curriculum Committee for revision at least once every five years.

Whether changes to a course outline are necessary or not, a Revision to Existing Course Form for each course must be completed and submitted to the Curriculum/Academic Standards Committee for action. If all the courses in the certificate or degree are reviewed at one time, a single Program revision form can be used. If there are changes made to a course, the changes must be noted on the revision form. When reviewing a single course and changes are necessary, indicate the revisions on the form. Where no changes are necessary, simply indicate on the Revision Form that “the course has been reviewed as part of the program review and no changes are necessary.” All program certificates, degrees, PSLO maps, and SLO maps are also required to be reviewed and updated if necessary. PSLO maps require a program revision form and course SLO maps require a course revision form. If all maps are reviewed at the same time, a single program revision form can be used. Advising plans also need to be reviewed and updated. A program revision form is used to review and update the advising plan if necessary. Revision forms will be retained in the Instructional Office with the Curriculum agenda packets.

Following the Curriculum/Academic Standards Committee action on all submitted Revision to Existing Course Forms, a summary Instructional Program Curriculum Review Form will be completed by the Curriculum/Academic Standards Subcommittee Chair and given to the program faculty for inclusion in the program review.

The signed Instructional Program Curriculum Review Form is to be included with your completed program review documents for all certificates and degrees.

Course	Last Offered	Term of Last Revision
AGR-49 Agriculture Work Exp	Offered every term	See Curriculum Review Form

HUS-49 Human Services Work Exp	Offered every term
WE-1 General Work Experience	Offered every term
WE-2 Occup. Work Exper.	Offered every term
WT-49 Welding Work Experience	Offered every term

Provide a narrative of revisions made.

Work Experience has updated SLO maps approved by the Curriculum Committee. No further Curriculum changes have occurred, but are anticipated over the next 1-2 years based upon Title 5 changes currently going through the approval process.

The New World of Work 21st Century Skills Project, a nationwide soft skills development group supported by the California Community College Chancellor’s Office in collaboration with the Foundation for California Community Colleges, is something the Work Experience program has been partnered with since 2015. This project included the Work Experience program collaborating on curriculum development. Further efforts included embedding developed curriculum in Work Experience course and student participation in Focus Group assessments conducted by MDRC (a national nonprofit research group) with regard to the Work Experience utilization of this curriculum. The New World of Work project has now been defunded system-wide and re-branded as the Essential Skills Program as a private non-profit entity. This shift has complicated access to Work Experience soft skills instructional. As curricular changes occur for Work Experience courses in the process of implementing Title 5 changes, consideration should be given to resources that may replace materials that were provided through the New World of Work 21<sup>st</sup> Century Skills Project.

Course outlines were revised for CARS 151 and 153 to provide a greater focus on job-seeking skills for CARS 153, and employment retention skills for CARS 151. Course titles were revised to make these differentiations clearer to students. Further revisions to these outlines added greater flexibility with course offerings by allowing multiple modes of delivery. An additional course, CARS 150: Professional Skills Development Workshop Series is currently in the local Curriculum review and approval process. This course fills a gap by providing transferable job skills instruction beyond the basic employment retention level, to assist students in obtaining and maintain positions with a higher level of responsibility than entry-level positions. These three non-credit courses will be offered in a workshop format where students may choose to attend sessions addressing topics related to their needs, while foregoing sessions addressing topics that they are not interested in. The three courses combined provide a three-tier employment skills delivery from job seeking, to employment retention, to professional development.

#### Articulation/Integration of Curriculum

- Attach a tabular comparison of Lassen Community College courses articulating with UC and CSU, indicating courses with approved C-ID designations as applicable (Obtain copies of Articulation Agreements from the Transfer Center / Articulation Officer)
- Provide a narrative reviewing the Lassen Community College courses and courses at four-year institutions for course alignment. (e.g., two courses at Lassen needed to articulate with one course at UC) and the unit requirements for Lassen Community College courses as compared to four-year institutions.

Under the provisions of Executive Order No. 365, all California State University campuses accept Work

Experience credit awarded by California Community Colleges. Each institution notifies the campus of its policy towards awarding credit. Work experience is not transferable to the university of California system.

## **External Compliance**

Provide a summary of any compliance regulations (e.g., accreditation, accessibility), actions taken, and gaps identified.

Gaps identified in ACCJC requirements 1 & 2 have been addressed. Program faculty have done a tremendous amount of work in implementing improved institutional procedures for identifying, assessing, and reporting SLOs and SLO data by completing training, participating in Division Meetings and utilizing SLO+.

AB 2232 signed into law September 29<sup>th</sup>, 2022 requires that California Community Colleges ensure that facilities have heating, ventilation, and air conditioning (HVAC) systems that meet specified minimum ventilation rate requirements. The Humanities Building, a primary building for the instruction of Social Sciences courses, provides air conditioning in only one classroom. This does not adhere to AB2232 requirements. It is hoped this issue will be addressed by the Facilities Master Planning Committee.

Building code requires spacing between balcony railings not exceed four inches. The safety railing on the second floor of the Humanities Building surrounding the interior stairwell has railings spaced at 8.5 inches. This is a safety issue that has been identified for approximately seven years. It is hoped this issue will be addressed by the Facilities Master Planning Committee.

Title 5 for Cooperative Work Experience is currently being revised significantly. While these changes have been approved by the Board of Governors, they have not completed the final approval process with the Secretary of State and been published as a finalized document. It is anticipated that final title 5 changes will impact course requirements, repeatability, hours requirements, course credit and employer agreements.

The proposed changes that are anticipated to be finalized in November will require significant revision to our local program.

A transition plan to adapt to Title 5 program changes includes the following activities in this sequential order:

- 1) Upon publication of Title 5 changes impacting Work Experience, work with the California Internship and Work Experience Association on the development of a Work Experience plan to address Title 5 changes informed by association best practices.
- 2) Revise the following LCC Board Policy and Administrative Procedures:

AP 4225      Course Repetition

AP 4024      Hours and Units

AP 4020	Program, Curriculum and Course Development
AP 4227	Repeatable Courses
AP 4103	Work Experience
BP 4024	Hours and Units

3) Curriculum Revision for all current Work Experience courses:

AJ 49 Administration of Justice Work Experience, AGR 49 Agricultural Work Experience, ART 49 ART Work Experience, AT 49 Automotive Technology Work Experience, BUS 49 Business Work Experience, CD 49 Child Development Work Experience, FS 49 FS Work Experience, GSS 49 GSS Work Experience, HO 49 Health Occupations Work Experience, HUS 49 Human Services Work Experience, WT 49 Welding Technology Work Experience, WE 1 General Work Experience, WE 2 Occupational Work Experience.

4) Curriculum development for non-credit Work Experience.

5) Identification of, and revision of, related institutional documents including the Curriculum Handbook.

6) Review and consideration should be given to whether a revision is needed with additional internal and external documents including Memorandums of Understanding with off-campus partners.

7) Update program information:

- Catalog
- Website
- Marketing materials; documents and SWAG

The California Internship and Work Experience Association is providing advisement to the Chancellor's Office on the implementation of these changes. Work Experience faculty is working collaboratively with this organization.

### **External Analysis: Job Market Assessment**

Provide a summary of Industry Advisory Board suggestions and market data. The market data will be populated for Career Technical Education programs only

### **Program Planning and Communication Strategies**

Describe the communication methods and interaction strategies used by your program faculty and administrators to discuss program-level planning, curriculum, SLOs, PSLOs, equity, student achievement, and institutional performance data.

Currently Work Experience faculty attends CTE Program Advisory Board meetings, Consultation Council, Academic Senate, Educational Master Planning, Institutional Effectiveness Master planning, Division Meetings, Division Chair meetings, Curriculum meetings, Career Pathways Workgroup and meetings with the Assistant Director of Employee Partnerships and Transfer/Career Center Coordinator. These meetings address program-level planning, curriculum, SLOs, PSLOs, equity, student achievement, and institutional performance data. Further interaction strategies include email communications.

### **Academic Planning Analysis Summary**

Summarize the key findings from the program analysis and outline opportunities for change.

Work Experience and Careers courses meet a variety of student job skill development needs with instruction provided in both credit and non-credit formats through face-to-face, online, and work-based learning instruction. These programs successfully serve students on campus, in the community and incarcerated with the California Department of Corrections and Rehabilitation as well as the Lassen County Adult Detention Facility. SLO results show students most frequently meet or exceed Student Learning outcome targets. Curriculum is in the process of being revised to best serve students and to meet changing regulatory requirements.

Work Experience students work in paid and volunteer positions with a wide variety of businesses and efforts are underway to expand student opportunities through collaborative efforts with Director of Employer Partnerships and the Interim Transfer/Career Center Coordinator through the use of an online program that will help advertise jobs and work-based learning opportunities for students.

## Section 2: Human Resource Planning

### Workload and Staffing Assessment

Year	F/T Faculty	P/T Faculty
Previous Year	1: Lisa Gardiner	Adjunct Careers instructor
Current Year	1: Lisa Gardiner	
Next 2 Years	1: Lisa Gardiner	Adjunct Careers instructor

Provide a narrative that describes the program's faculty staffing trends and develop a projection for the two years. Discuss the extent to which your current faculty staffing structure meets or does not meet your program's needs and/or initiatives. Please describe what strategies will be used to diversify your staffing (e.g., education, expertise/skillsets, areas of interest, demographics).

The Work Experience Program is staffed by one full-time faculty member. Careers courses are instructed by adjunct faculty. This staffing meets program needs.

Professional Development through the California Internship and Work Experience Association will be used to diversify staffing.

### Professional Development

Provide a description and associated outcomes related to the program's target professional development participation since the last program review. Discuss the current professional development/training need(s) of your program, and why this need(s) exists. If you have specific training you want to request, please include those details.

Since the last program review, full-time instructional faculty have participated in professional development in the following areas:

SLO Assessment, Reporting

IPR Orientation

Peer Online Course Review Training

ACCJC Standards Training

Attendance of California Internship and Work Experience Association Conference

Professional Development needs: continued membership and involvement with the California Internship and Work Experience Association

## Section 3: Infrastructure Planning

### Facilities

- Describe and evaluate the Lassen Community College facilities available to the program.
- Describe and evaluate additional facilities utilized off-campus by the program
- Describe any facilities needs identified in internal or external analysis
- Justify any proposed modifications or additions to existing facilities that would better serve the program planned for the program review cycle.

Facilities utilized by the program include office space in HU 205 and classroom utilization, typically in the Humanities building. As stated in prior IPRs, and noted in Action Plans for this IPR, these facilities are in need of improved air quality and temperature control.

### Equipment

- Describe and evaluate equipment and equipment support provided for instruction and instructional support

No specialized equipment is provided.

### Technology

- Describe and evaluate technology and technology support provided for instruction and instructional support.
- Justify any proposed modifications or additions to existing technology that would better serve the program planned for the next four years.

The program utilizes a laptop computer, a desktop computer, SMART Boards in classrooms. These resources are adequate when maintained and routinely upgraded. Technology support is provided by the IT Department. Technology support has been varied since the last IPR based on IT Department staffing. Currently, IT staffing provides adequate maintenance of equipment.

## Section Four: Program Planning

Progress update on previous action plans

Action Plan	Progress Detail	Outcomes
Recommended that IE develop automated means of distributing student surveys for IPRs and seek survey revision to allow for program-relevant data	Automated surveys are in place, but further means should be explored to facilitate greater student engagement	Improved survey distribution, but still need more student engagement in process
Recommended the district provide compensated SLO training provided to adjunct instructors	SLO training provided during convocation where adjunct attendance was compensated	Improved SLO creation and reporting
Request ed railings circling top of the internal stairwell in Humanities be redesigned to reduce small child fall hazard.	This item has been prioritized in the budget process.	This item has been prioritized in the budget process.
Recommend IT develop replacement schedule for laptops, Smart Boards and classroom technology.	Unknown	
Recommended assessment and correction of ventilation and climate control inadequacies in HU 204, HU205 and HU 206	This item has been prioritized in the budget process.	This item has been prioritized in the budget process.

### Strengths, Weaknesses, Opportunities, Threats (SWOT) Analysis

Complete SWOT analysis

<b>Strengths</b>	Dedicated faculty, Title 5 changes to reduce barriers for students
<b>Weaknesses</b>	Challenged by economic recovery from COVID, motivating students to engage in the workforce
<b>Opportunities</b>	Non-credit instruction, further collaborations with industry
<b>Threats</b>	COVID, economic conditions

### Program Plan

Develop a program action plan based on the findings of the SWOT Analysis. The plan should specify should aligns with one or more College Goals. SLO maps may be utilized to help show the connection.

- How do the action plans align with the mission of the college?
- What strategic goals do the action plans support?
- What ISLOs do the action plans support?
- What specific evidence (e.g., SLOs, data) support the action plans?
- Based on the action plans what resources are needed?
- What are the expected outcomes of the action plans?
- What is the total cost of bringing the action plan to life?

Action Plan	Supporting Evidence	Expected Outcome	Resource(s) to Achieve the Action Plan	Resource Category	Estimated Cost	Expense Type	Priority Ranking	Strat goals/ ISLOs
Complete program revisions to align courses with Title 5 changes when approved	Upcoming changes to Title 5	Program aligned with current regulations	Staff time	Personnel		One-time	1	Strat goals 2, 4 ISLOs 1,2,3,4
Update marketing materials based on program revisions	Need for providing accurate information to students	recruitment	Updated website information, brochures, flyers, table banner,	marketing	\$5,000	One-Time	2	Strat goals 2,4 ISLOs1,2,3
Continued membership and attendance of CIWEA events	Professional organization leading Title 5 change implementation efforts	Appropriate implementation of Title 5 changes	Membership, Travel	HR	\$2,500	HR	3	Strat Goal#1,2,3,4
Improve student participation rate in IPR surveys, distribute data more timely	Low numbers of survey completion, data received late in IPR writing process	Robust, timely survey data	Improved student survey process	IE; research time	-		4	Strat goal #1

Consider partnering with Essential Skills program for utilization of soft skills curriculum as outgrowth of New World of Work 21 <sup>st</sup> century skill project	Prior use of 21 <sup>st</sup> century skill curriculum and positive outcomes published by MDRC Research	Utilization of high impact soft skills curriculum	Software	Curriculum	From free to Not to exceed \$1000 annually	software	5	Strat goals 1,2,3,4  ISLOs 1,2,3,4
Requested railings circling top of the internal stairwell in Humanities be redesigned to reduce small child fall hazard.	FMP prioritized item #1	Safer facilities	Staff time, materials	FMP	\$5000	Staff, equipment	6	Strat Goals#1,3,4
Provide adequate heating and cooling to the Humanities building classrooms and offices	Temperatures over 85 degrees in classrooms and offices	Adequate temperature control	Facilities budget, personnel	Facilities	\$300,000	Facilities	7	Strat Goal#1,3,4 ISLO#2,3

**What do you feel is the most personally meaningful learning you have gained as a result of this course?** 1) Having a better understanding of how to manage my time about my organization I am importance as a should work on and attentively that being open about the communication between better. 2) Time best self. 2) personally trying to work for worker 2) Knowledge have that reminder and goal to me and those who I work with is very necessary. 3) management and Leadership operates and how I will from text. 3) I've do better in it. Doing that has Learning how to communicate better and be a good making myself a skills 3) My learning you fit into it. 2) The learned to look closely helped me be more focused. 2) worker. 4) The discussions were great because you better person communicati  
**have gained importance of at how you are doing I feel like the most meaningful would see that there are others going through the on with coas**  
**a result of communication in the at work to improve.** 4) lesson I learned as a result of same thing as you. 5) Learning more about work workers 4)  
**this course?** workplace. 3) I have I have learned or the course is going to have to skills. 6) I believe that I have learn to communicate How to be a  
 learned how to talk to thought about in a way be really watching myself for better at work because of this course. 7)  
 The strong better worker  
 my employer and to  
 my coworkers. 4) The  
 of how I need to be or ways I can improve In my job  
 could be better when and actions. 3) How to be a  
 communication with my supervisor. 8) The etiquette  
 of a work environment. 9) Just the lesson to be more  
 cognizant of my progress over time. 10) Switching  
 from one work study to another and learning how to  
 handle the tough stuff. 11) Me finding my work ethic  
 and seeing the other side of the work life. 12) Help

rights I have in the it comes to my job and work force a lot more putting in effort. than I ever knew about.

5) working with other people and making new friends.

better employee also a better me. 4)All of the ways to be a good worker. 5) In the workforce there will always be people you don't like or their me a lot. 13) Learning a new skill is never ending. attitude makes you mad, but if Learning for a lifetime! 14) To work hard and find you always have kindness it can/will take you a long way.

6) working hard on my yourself and to take a risk and leave a job you have worked for learning and improving to find something better for yourself in the long run. 15) Learning how communication and promoting to use Board Docs. 16) That we should always strive 7) Everything good. 8) better for the best that we can do at any job we have. 17) communication with customers How to conduct my self professionally in a work 9) How to communicate with co-environment. 19) Leadership skills 20) My workers and other people I come into contact with communications with co-workers 21) Learning about my own skills and giving myself voice 22) How to be a better worker, also being more aware of my actions and also being more aware of my actions 5) Learning about my own skills and giving myself voice

**What** 1) Ask all the questions 1) That the teacher is **feedback** that you have while very understanding **would you** there. 2) highly and easy to **give another** recommend 3) To try communicate with. 2) **student who** your best and always Don't leave the **is considering** pay attention to what timesheet to the last **taking this** you are learning it is minute, and just **course?** helpful. 4)To pay basically turn in your attention and also to assignments you'll be keep an open mind fine. 3) I would tell because you can them that they should actually find out lots of definitely take it that it good information. 5) is a great class That they should take especially if you this course you will already have a full learn a lot from a lot of class load and a job good people already.

1) I would recommend this 1) This course is very educational and I think it is a course. 2) it's a great course to good course to take. 2) To keep in contact with the take, especially if you're professor and make sure you are constantly using the already planning to work skills in the class. 3) Stay on top of work and also through school. ... it helps you read the information given because it is very helpful. analyze yourself in the 4) 10/10 recommend. 5) To take this class. 6) I would workplace, and you get credit say, make sure you get the book. You will need it. 7) for something you were already Very easy just do your work and you will be fine. 8) going to do anyway! 3) I would Keep up with the online part. 9) I would tell another

say overall its a good class be  
with a good teacher. Its not  
that challenging to do and it  
can earn credits. 4) If your  
student taking this course to just keep a close log of  
their hours. 10) Listen and take this class seriously  
and it will help you out in the long run of being a  
better employee. 11) Do it, it'll be worth it. 12)  
trying to better yourself i feel Amazing class. 13) Gaining college credits while  
like this would help you. 5) The working or volunteering is brilliant! 14) That it is  
teacher is really helpful and  
everything is straight forward.  
6) Stay on track with the book  
because some of the quizzes  
beneficial in helping to improve yourself work-wise.  
15) This is a great course and the instructor helps you  
achieve not only school goals but personal goals for  
work too. 16) I would just tell them the class was  
have "right" answers but there very enjoyable and I got a lot out of it and I am really  
is only ONE right answer. 7) glad I had the opportunity to take the class.  
definitely take the course if you  
want to improve yourself 8)  
Good 9) Get all the quizzes and  
discussions done as soon you  
can.

# Instructional Program Review

Program: Anthropology, History, Social Science, Sociology,  
Psychology, and Social Work

**Academic Year:** 2022-2023

## **Author(s):**

Toni Poulsen, History Faculty

Sandra Beckwith, Psychology Faculty

Dr. Thomas Kareck, Psychology Faculty

Lisa Gardiner, Humanities/Social Science Division Chair

Yuting Lin, Academic Senate Mentor

Accepted by Academic Senate: December 14, 2022

Accepted by Consultation Council: January 9, 2023

Accepted by Governing Board: January 10, 2023

# Executive Summary

The executive summary should be a consolidation of key findings, program plans, and participants that contributed to the review

The Social Sciences department has enjoyed enrollment success over the past four years. This success can be attributed not only to the full-time and adjunct faculty that deliver instruction but also to the variety and quality of the courses themselves.

Although enrollment has been largely steady, the department is looking to grow. Evidence of relatively stable enrollment and retention rates signals an opportunity to grow this department in the years to come. Overall, students are satisfied with the courses offered in the department as well as the quality of instruction. Again, this is an indication that growth can be achieved in the number of offerings as well as students served.

This department has identified a number of action plans to move forward with work related to the following Strategic Initiatives:

- Increase and retain enrollment
- Continue to meet accreditation standards

Department faculty have collaborated in identifying numerous action plans in order to effectively continue the quality in the courses offered, steadily achieve growth, continue to meet accreditation standards, and adapt to changes occurring at the state level such as the implementation of CSU GE Area F requirements. Resources requested include faculty training on topics such as SLOs and POQR, hiring a full-time Sociology faculty member, upgrade of instructional equipment and providing interactive history and social science learning events for the community. This document details these needed tools to enhance instruction as growth is sought.

# SECTION 1: ACADEMIC PLANNING

## Program Overview, Objectives, and Student Learning Outcomes

- Describe the program (types of degrees offered, jobs/industries/transfer pathways associated with the program, faculty members in program)
- Describe and evaluate the program objectives against the LCC strategic plan, specifically the mission statement and strategic goals
- Evaluate any changes in the program since last review. Include summary of Annual Updates completed since last review. Regular program assessment will drive program improvements.

The Social Science Program is comprised of courses in the social science area including Anthropology, Geography, History, Humanities, Political Science, Psychology, Sociology and Social Work/Human Services.

The program includes the following associate degrees;

Associate in Arts Degree University Studies: Emphasis in Social Sciences

Associate in Arts Degree General Studies: Emphasis in Social Sciences

Associate in Arts Degree in History for Transfer

Associate in Arts Degree in Sociology for Transfer

Associate in Arts Degree in Psychology for Transfer

Associate in Arts Degree in Social Work / Human Services for Transfer

The program includes courses meeting the requirements of CSU General Education Area D – Social Sciences, and CSU GE Area E – Lifelong Understanding and Self Development and CSU GE Area C – Arts and Humanities. Courses in the Social Science area also meet the requirements of IGETC (Intersegmental General Education Transfer Curriculum) Area 3 – Arts and Humanities and Area 4 – Social and Behavior Sciences. Courses in the Social Science program are also used to fulfill terminal degree requirements. Therefore, the program contributes to the successful completion of either the CSU General Education Certificate of Achievement or the IGETC Certificate of Achievement, as well as several associate degrees. Students who choose not to transfer are provided a well-rounded offering of courses in the social science to prepare for work in many related occupational fields including service-oriented occupations requiring people skills.

As a consequence, the program has a two-fold objective to provide core curriculum necessary to meet the needs of students planning to major in one of the social sciences at a four-year institution, while also providing a variety of options for students to meet their general education requirements or core requirements for terminal associate degrees and/or complete Intersegmental General Education Transfer Curriculum (IGETC) or California State University (CSU) certification.

The program specifically addresses the components of the mission statement dealing with transfer degrees and certificate programs. The various program degrees, certificates, and general education curricula all contribute to the accomplishment of the program and hence the institutional student learning outcomes. All individual courses are linked to the institutional student learning outcomes. The Social Science program's primary focus aligns with LCC Strategic Goals by providing Learning Opportunities with a Student Success focus delivered through Institutional Effectiveness practices.

The Associate in Arts Degree in Psychology for Transfer provides students with a strong foundation in the area of Psychology. The program is delivered by way of in-person face-to-face classes, online, hybrid and correspondence. Face-to-face classes are delivered both on campus and at local correctional institutions. The program is delivered by six faculty members (full-time and adjunct). The program has expanded in recent

years to include more face-to-face instruction. Also, the program continues to be aligned with LCC mission and goals.

An Annual Update was completed for this program review last term, Spring 2023. The Annual Update addressed progress made on the 2020 Social Science IPR and emerging needs since that IPR, and additionally, served to incorporate enhanced PSLO, GESLO, ISLO, and Strategic Goal Data received. This comprehensive Social Science IPR reflects further on data to include FTES, FTEF, Enrollment, Success, Completion and course SLO data.

## Trends and Patterns in Student Achievement and Learning Outcomes:

Overall face-to-face course Success rate shows consistent improvement since 2018. Success stayed strong despite COVID, varied emergency instructional modality changes, wild fires and cyber attack. Online success remains fairly consistent with a slight fluctuation believed to be from instructors and students adapting to the uncertainties and changes in the educational environment presented by COVID.

IPR Data review occurred in Humanities-Social Sciences Division Meetings, as well as through Division email streams in the process of drafting and editing this program review document. This IPR also includes content from the “Closing the Loop on SLOs” activities undertaken by Academic Senate in October, 2022.

## **COURSE RETENTION**

History 14, 15, 16, 17 and Political Science has done well and maintained consistent success, and actually has increased in 2021-22. Online success for these courses also have retained consistency, at or above the rate of the institution's success rate. The hope is to keep success rates consistent moving forward.

World History 14 and 15 (add course numbers); in looking at the data for the retention rate, has a small dip with retention in 2018-2020, while in 2020-22 the rates have increased and now match the college's retention rate in 2020-22. After an inquiry in History 14 and 15, in 2018-2022

Before this time, the instructor was teaching an 8-week History 14 and 15 classes on MWF mornings. These 8-week courses were created as a response to making our class schedule more flexible. The classes catered initially to Fire Science students and other students who needed / wanted short term classes could take GE options. Mainly students who started late in the semester had options, students who needed to drop a course early in the semester could add a later course, or students just preferred a quicker option. In 2017/2018, given the administrator in charge of Instruction did not like that US History and World History shared the same timeslot (MWF mornings). Administration moved the History 14 and History 15 classes to a T/Th timeslot. The enrollment immediately dropped in these classes. The change in the time slot may have caused counselors to forget the new timeslot, and the classes competed with other GE classes – specifically PSY and lab sciences. Further course competition is needed to determine if the move was justified based on data to support the change.

2018-2020

Through advertising to students and counselors, enrollment in these classes rebounded. We offered the classes hybrid and full semester length.

Spring 2020

Covid hit and enrollment suffered.

Fall 2021-present

All in-person classes were changed to different instructors because the instructor was moved into the Interim Dean of Instruction position. This happened right after the semester began. New instructors took over the courses. Online classes were hit the hardest since one instructor had never taught at LCC before. Now, History 14 and History 15 are only taught online and correspondence. It would be a good move to research if the live course offerings are needed, and with class times researched, find a good time to offer these courses face-to-face, as they do offer a variety of historic learning, and compliment the history and humanities offerings.

History 16 and 17 have good retention rates due to consistency in teaching these classes. The online offerings are staggered every other semester, the retention numbers are in line with the colleges over all retention rate. As required transfer courses even with a change in modalities, the retention has remained consistent all four years.

Today we are working on building the student base post Covid. The classes are being taught hybrid, with lectures offered in the mornings, and the times have not changed since the instructor began teaching them in 2012. History 16 and 17 classes are offered also online as a cohort of every other semester. This began in 2018, each Fall is History 16 and Spring is History

Online classes remain popular, yet offerings that were pre-covid are encouraged to be face-to-face, as they were. Online seems to have an uptick in popularity and offer the school good enrollment. This could be a change going forward.

Overall the course offerings have not changed much, keeping the consistency of the times, and instructors. We would like to see more interest and possibly start an evening class for students who work during the day and are unable to attend. It would be interesting to explore ideas for retention such as the ability of students to function in classrooms, based on coming off of Covid shut downs, and this being the first group to hit college post Covid, are the skills there to navigate college, such as reading a syllabus, taking notes, learning how to speak with instructors, utilizing an office visit to instructors, and social interactions.

In an effort to draw attention to Lassen College as a community, it would be nice to offer some interactive learning events for the community through Women in History, A Candy Drop honoring the Candy Bomber, and having guest speakers bring slave stories and interactive culture as part of Black History Month, and Cinco de Mayo events to honor Hispanics, in coordination with Student Services. A constitution Day offered to assist 8<sup>th</sup> grade teachers, and political forums to help students attain the new PLSC 1 SLO to get involved in local politics.

## **DEGREE AND CERTIFICATE COMPLETION**

<b>Degree and Certificates</b>	<b>2018-19</b>	<b>2019-20</b>	<b>2020-21</b>	<b>2021-22</b>
Anthropology/History/Social Science/Sociology/Psychology/Social Work Degrees Awarded	183	164	226	173
Lassen College Degrees Awarded	310	260	338	236
Anthropology/History/Social Science/Sociology/Psychology/Social Work Certificates Awarded	88	78	78	27

Lassen College Certificates Awarded	156	128	161	72
<b>Degree or Certificate Program</b>				
AA General Studies: Emphasis in Social Science	80	68	128	139
AA University Studies: Emphasis in Social Science		1		
AA University Studies: Emphasis in Social Science-CSU	67	60	62	20
AA University Studies: Emphasis in Social Science-IGETC	8	9	8	4
AA History for Transfer-CSU	3	3	4	1
AA History for Transfer-IGETC	1	2		
AA Psychology for Transfer-CSU	14	11	18	3
AA Psychology for Transfer-IGETC	3	1		1
AA Sociology for Transfer-CSU	7	7	6	4
AA Sociology for Transfer-IGETC		2		1
Cert. of Achievement CSU General Education & Certification	88	78	78	27

The number of certificates awarded shows a downward trend which correlates to a decrease in the number of certificates awarded campus-wide due to declining enrollment. In 2019, 63% of the degrees are in Social Sciences, in 2020 67% of the degrees are in Social Sciences, in 2021 73% of the degrees are in Social Sciences. The total numbers did not change, and actually increases despite the fluctuations in enrollment. If you look at the AA General Studies with emphasis in Social Science, emphasis in Social Science CSU, and IGETC, you will see in 2018 almost half the degrees were in Social Science, with a dip in enrollment during 2019-20, and an incline in both 2020-21 and 2021-22. It seems like all students were purposely put in the AA General Studies: Emphasis in Social Sciences and not in for transfer in CSU and IGETC for transfer, as there is a decline in these numbers. The emphasis is now Social Science, giving the student more opportunities of areas to develop better marketing and job placement.

### **Achievement**

Based on your review of the data trends above (e.g., course success, retention, awards) please provide an analysis of achievement gaps and accomplishments in the program.

### **Equity**

Based on your review of the data trends above (e.g., course success, retention) please provide a narrative to outline opportunities to address any equity gaps.

Although course success rate in Psychology courses is lower by comparison to the overall success rate of the Humanities Department, the success rate in Psychology either remains consistent or continues to improve when compared to success rates of the past. The success rates of both PSY-31 and PSY-33 stand out as examples of this growth. This growth is also observed when observing success rates by student demographics when analyzing demographics by age. We do see some overall decline in success rates when data is separated by ethnicity/race, particularly in the areas of Asian and Filipino categories. These should be seen as areas of opportunity for growth in future years.

## **STUDENT LEARNING OUTCOMES**

SLO assessment is important to maintain and improve an effective learning experience for LCC students. Evaluating SLO results regularly is helpful for evaluating student learning and identifying emerging program needs. There is a link between SLO assessment results, SLO improvement plans and review of curriculum and/or budget requests. Regular program assessment will drive program improvement. These records are maintained in the online Data Management and Visualization tool (TABLEAU) and are available for review by faculty at any time through its self-updating, interactive dashboards, and reports. Feedback and narrative from the Share Point tool will be included in the reports.

\*By contract, faculty are required to prepare and submit an SLO Assessment Plan for each class within one week of the first-class meeting and implementation of the assessment method as indicated on the SLO Plan for each class. Submission of the (a) results of the assessment methods and (b) steps taken as a result of the assessment within five (5) District business days after the last scheduled meeting of the class. Both submissions will be made in accordance with District tracking procedures (i.e., may be paper-based or electronic).

- Provide an analysis of findings of the assessments completed and recommendations being made in individual assessments.
- Consider the impact or influence of the assessment results at the program level.
- Identify and evaluate the Program Student Learning Outcomes including the relationship between course, program and institutional student learning outcomes utilizing information provided by the Office of Institutional Effectiveness.

The Psychology Department has updated SLOs in the past year to better align the SLO with both assessments and content covered within the course. Updated SLOs are posted for each course and available to students both on the website and within the actual enrolled course. Updates to PSY-5 have been adjusted to allow effective assessment of this course whether administered online or face-to-face on campus (as well as face-to-face in a correctional institution).

The History Department has updated SLOs this past semester and are awaiting Curriculum approval. In an effort to capture more measurements as a department and institutionally, the new SLOs have gone from one to three. All mapping has been done, and await trial to see if it captures a better assessment of student learning.

Course Assessed	Recommendations for Improvement
ANTH-1 Biological Anthropology	Below target SLOs are based on reporting error. Students who did not complete SLO measure were included in the calculation. Senate mentored faculty to provide more accurate data.
ANTH-2 Cultural Anthropology	Below target SLOs are based on reporting error. Students who did not complete SLO measure were included in the calculation. Senate mentored faculty to provide more accurate data.
ANTH-3 Introduction to Archaeology	Course inactivated
CD-31 Concepts-Adolescence	Providing assignments throughout the semester specific to preparing for the term paper is recommended for improvement

GEOG-2 Cultural Geography	Course not offered since last IPR
HIST-14 World History, Beginning 1500	More assignments geared to assess the comparisons of world civilizations, and identifying historical figures, cultural ideas and values, and the global connection between events, and analyzing race, class, gender and ethnicity, and their effects through the world's physical and natural environmental developments in human society.
HIST-15 World History, 1500 to Present	More assignments reflecting differences of the major civilizations of the world from 1500 to the present, with an emphasis on the cross-cultural interaction in the modern era, including major historical figures, issues, and events, including analytical categories such as race, class, gender and ethnicity, and ways in which human groups have interacted with one another, including trade, migration, warfare, cultural exchange, and biological exchange.
HIST-16 U.S. History	Give instruction on how to trace the transition of the United States into a nation, which will include the development of political institutions, and the transition of the United States into a nation, which will include the development of economic institutions and influential historical figures connected to these institutions. Also add a focus on social movements, sectionalism and geography, the major historical figures, issues (culture, family and society), and events.
HIST-17 Post Civil War - U. S. History	More emphasis on tracing events like Reconstruction, growth in territory, and comparing the development of political institutions, historical figures and events.
HUM-1 Prehistoric to 1600	No current recommendations for improvement
HUM-2 1600 to Present	No current recommendations for improvement
HUS-10 Int Social Work Human Services	No current recommendations for improvement
HUS-42 Field Exper in Human Services	Course has not been offered
HUS-49 Human Services Work Exp	No current recommendations for improvement
PLSC-1 American Institutions	Prepare topics of basic principles of local, state, and national governments and give research instruction to prepare for written papers on historical/political topics. Prepare students on how to be an active participant in government.
PLSC-11 Student Leadership	Course inactivated

PSY-1 Introductio n to Psychology	No current recommendations for improvement
PSY-18 Human Develop: A Life Span	No current recommendations for improvement
PSY-18 Life Span Developme nt	No current recommendations for improvement
PSY-31 Conceptn- Adolescenc	No current recommendations for improvement
PSY-33 Personal and Social Adjustment	No current recommendations for improvement
PSY-5 Intro to Research Methods	No current recommendations for improvement
PSY-6 Abnormal Psychology	No current recommendations for improvement
SOC-1 Introductio n to Sociology	No current recommendations for improvement
SOC-2 Social Problems	No current recommendations for improvement
SOC-3 Family Relations	Below target SLOs are based on reporting error. Students who did not complete SLO measure were included in the calculation. Senate mentored faculty to provide more accurate data
SOC-4 Introductio n to Gender	No current recommendations for improvement

# Program Student Learning Outcome Assessment Results

## Social Science: University Studies, Emphasis in Social Science, Associate of Arts Degree

Program Name	Program Student Learning Outcome (PSLO)	2017-18	2018-19	2019-20	2020-21	2021-22
Social Science: University Studies, Emphasis in Social Science, Associate of Arts Degree	PSLO-1: Demonstrate an understanding of human beings, their actions and interactions, their thinking processes, interactions/interactions, and the methods of Freud's inquiry.	100%	91%	97%	88%	92%
	PSLO-2: Analyze patterns of social interaction, which are based on social and cultural theory in the United States.	85%	90%	82%	95%	92%
	PSLO-3: Analyze the influence of culture, family, society, and environment on an individual's development.	79%	96%	90%	87%	92%
	PSLO-4: Examine human diversity in relation to psychological theory.	100%	87%	92%	100%	100%

All of the PSLOs for the Social Science: University Studies, Emphasis in Social Science, Associate of Arts Degree exceed the PSLO target of 75% with the exception of PSLO 4 in 2018-2019. These PSLO results indicate consistent student learning over the last 5 years.

## Program Student Learning Outcome Assessment Results

All of the PSLOs for the Sociology: Associate of Arts Degree, for Transfer far exceed the PSLO target of 75% with the exception of PSLOs 3 and 5 for the year 2017-2018. The low percentages represented that year are believed to be an anomaly likely representative of changes in SLO assessment result collection and reporting, rather than being reflective of true student learning outcome data. Overall, these PSLO results indicate consistent student learning over the last 5 years.

## Program Student Learning Outcome Assessment Results

PSLOs results for the Social Work/Human Services, Associate of Arts Degree for Transfer since 2019-2020 exceed the PSLO target of 75%. This new degree was approved in April, 2022, though many of the courses contained in the degree have been around for quite some time. It is difficult to determine contributing factors to the lower percentages represented prior to that year. At this point those results are not concerning as the degree was not in existence at that time and results exceed the target since the inception of the degree. This emerging program shows promise in providing new educational opportunities for students.

## Program Student Learning Outcome Assessment Results

The PSLO results for Psychology: Associate of Arts Degree, For Transfer have been strong over the past five years. PSLO-1 (demonstrating comprehension of major concepts) has been 100% for the past two years. This speaks to the effort put forth by both faculty and students in focusing on these psychological concepts and trends in psychology. PSLO-2 has been equally strong, boasting 100% as well for the past five years (data from 20-21 unavailable). This PSLO addresses research methods in psychology. This topic is woven through each course offered in the department, so the strength of this PSLO comes as no surprise considering the attention given to this topic over the years. PSLO-3 shows a 92% or stronger success rate over the past four years. The topic of this PSLO (evaluating claims made about behavior) is once again addressed throughout the courses offered in the department. Moreover, the overall PSLO results have remained consistent over the past several years, suggesting not only success in the program but stability in achieving the results as well.

# Program Student Learning Outcome Assessment Results

## History: Associate of Arts Degree, For Transfer

Program Name	Program Student Learning Outcome (PSLO)	2017-18	2018-19	2019-20	2020-21	2021-22
History: Associate of Arts Degree, For Transfer	PSLO 1: Explain four institutions that the United States has undergone from colonization to the present.	82%	77%	84%	100%	88%
	PSLO 2: Analyze the American political system including the reasons behind the separation of powers and the concept of checks and balances; the executive, legislative, and judicial branches of government.	67%	85%	82%	90%	90%
	PSLO 3: Generate a research paper, demonstrate the ability to conduct research using traditional and technological skills to write an organized, factually correct, well-cited, research paper.	92%	90%	88%	94%	99%
	PSLO 4: Analyze and compare, explain the differences between the differences between the ideas and cultural values of Native Americans and Western colonists.	100%	92%	100%	100%	100%

All of the PSLOs for the History: Associate of Arts Degree, for Transfer exceed the PSLO target of 75% with the exception of PSLO 1 for the academic year 2019-2020 which stands at 64%. Despite the challenges faced by students and faculty in the last couple of years, students show strong, continued learning outcome accomplishments.

## Program Student Learning Outcome Assessment Results

### Social Science: General Studies, Emphasis in Social Science, Associate of Arts Degree

Program Name	Program Student Learning Outcome (PSLO)	2017-18	2018-19	2019-20	2020-21	2021-22
Social Science: General Studies, Emphasis in Social Science, Associate of Arts Degree	PSLO 1: Demonstrate an understanding of human beings, their cultures, interactions, and social structures, and the methods of scientific inquiry.	100%	94%	97%	88%	94%
	PSLO 2: Analyze patterns of social problems, which are based on race, ethnicity, and cultural differences in the United States.	85%	93%	88%	94%	95%
	PSLO 3: Analyze the influence of culture, family, society, and environmental issues on individual's development.	75%	84%	94%	83%	81%
	PSLO 4: Demonstrate knowledge of the relationship between biological theory.	83%	67%	80%	100%	100%

All of the PSLOs for the Social Science: General Studies, Emphasis in Social Science, Associate of Arts Degree exceed the PSLO target of 75% with the exception of PSLO 4 in 2018-2019.

See last term's Annual Update P. 5, "PSLO DATA" for additional discussion of PSLO, ISLO, GESLO, and Strategic Goal data from 2017 through 2021: <http://www.lassencollege.edu/about/planning/Documents/Program-Review/2022-Program-Review/2022%20Social%20Science%20IPR%20Annual%20Update.pdf>

Based on your review of the data trends above (e.g., enrollment, FTES, FTES/FTEF, fill rate) please provide an analysis of efficiency gaps and accomplishments.

Enrollment of males is disproportionately high due to incarcerated education program serving primarily male prisons. The number of Black/African American students enrolled is consistent, whereas the number of Hispanic students served has risen 25-30% over the last 4 years; increasing even with declining enrollment.

Overall enrollment has declined over the past several years, and the Psychology Department has not been immune to that. However, the rate of negative change is slower when looking at Psychology courses (3% decline last year) compared to the overall Humanities Department (9% decline). The decline in enrollment is more accentuated when analyzing enrollment from a perspective of ethnicity/race. We see the decline of Black/African American/American Indian/AK Native to be the most prominent. Opportunities for improvement in recruiting/retaining in the future to address these gaps should be considered effort well spent.

The percentages in the number of History enrollments in 2018-19 shows consistent numbers, as it was pre-Covid. In 2019-20 and 2020-21 shows the drop consistent with throughout the college, and 2021-22 being the first year back from an uninterrupted semester.

Enrollments in Hist 16 and History 17 are back to pre-Covid numbers showing a slight increase.

Hist 14 and Hist 15 lost a full-time faculty member who taught those classes face-to-face, leaving us with only Correspondence and online enrollment in those subjects.

It is our goal to increase the course offerings in History 14 and History 15, by offering at least one of the classes every other semester online and in person if research data supports such a goal.

## Curriculum

### Degrees and/or Certificates

Degree or Certificate Title	Award Type (AA, AS, AAT, AST, etc.)	Units	Term of Last Revision
Associate in Arts Degree University Studies: Emphasis in Social Sciences		60	See Curriculum Review Form
Associate in Arts Degree General Studies: Emphasis in		60	

Social Sciences			
Associate in Arts Degree in History for Transfer		60	
Associate in Arts Degree in Sociology for Transfer		60	
Associate in Arts Degree in Psychology for Transfer		60	
Associates in Arts Degree in Social Work and Human Services for Transfer		60	
Certificate of Achievement California State University General Education		39	
Certificate of Achievement in Intersegmental General Education Transfer Curriculum		37	
Certificate of Achievement in Child Development		26	

Provide a narrative of revisions made.

Revisions made since the last program review up until the Annual Update approved in May 2022 are included in that document. Since last term, revisions to SLOs and SLO maps have occurred for ANTH 1, HIST 14, 15, 16, 17; SOC 1, 2, 3, 4. As a result of these changes, the following PSLO maps have been updated where needed; AA-T History, AA-T in Sociology, Certificate of Achievement in Intersegmental General Education Transfer Curriculum, Certificate of Achievement California State University General Education, AA General Studies: Emphasis in Social Science, AA University Studies: Emphasis in Social Science and AA-T Social Work and Human Services.

### Courses

Summarize curriculum revisions, new course adoptions, and/or course deletions since the last program review. Describe the program accomplishments and/or changes (e.g., major revisions, additions, etc.). All courses need to be submitted to the Curriculum Committee for revision at least once every five years.

Whether changes to a course outline are necessary or not, a Revision to Existing Course Form for each course must be completed and submitted to the Curriculum/Academic Standards Committee for action. If all the courses in the certificate or degree are reviewed at one time, a single Program revision form can be used. If there are changes made to a course, the changes must be noted on the revision form. When reviewing a single course and changes are necessary, indicate the revisions on the form. Where no changes are necessary, simply indicate on the Revision Form that “the course has been reviewed as part of the program review and no changes are necessary.” All program certificates, degrees, PSLO maps, and SLO maps are also required to be reviewed and updated if necessary. PSLO maps require a program revision form and course SLO maps require a course revision form. If all maps are reviewed at the same time, a single program revision form can be used. Advising plans also need to be reviewed and updated. A program revision form is used to review and update the advising plan if necessary. Revision forms will be retained in the Instructional Office with the Curriculum agenda packets.

Following the Curriculum/Academic Standards Committee action on all submitted Revision to Existing Course Forms, a summary Instructional Program Curriculum Review Form will be completed by the Curriculum/Academic Standards Subcommittee Chair and given to the program faculty for inclusion in the program review.

The signed Instructional Program Curriculum Review Form is to be included with your completed program review documents for all certificates and degrees.

Provide a narrative of revisions made. Revisions made since the last program review up until the Annual Update approved in May 2022 are included in that document. Since last term, revisions to SLOs and SLO maps have occurred for ANTH 1, HIST 14, 15, 16, 17; SOC 1, 2, 3, 4.

#### Articulation/Integration of Curriculum

- Attach a tabular comparison of Lassen Community College courses articulating with UC and CSU, indicating courses with approved C-ID designations as applicable (Obtain copies of Articulation Agreements from the Transfer Center / Articulation Officer)
- Provide a narrative reviewing the Lassen Community College courses and courses at four-year institutions for course alignment. (e.g., two courses at Lassen needed to articulate with one course at UC) and the unit

requirements for Lassen Community College courses as compared to four-year institutions.

## External Compliance

Provide a summary of any compliance regulations (e.g., accreditation, accessibility), actions taken, and gaps identified.

Gaps identified in ACCJC requirements 1 & 2 have been addressed. Program faculty have done a tremendous amount of work in implementing improved institutional procedures for identifying, assessing, and reporting SLOs and SLO data by completing training, participating in Division Meetings and utilizing SLO+.

AB 2232 signed into law September 29<sup>th</sup>, 2022 requires that California Community Colleges ensure that facilities have heating, ventilation, and air conditioning (HVAC) systems that meet specified minimum ventilation rate requirements. The Humanities Building, a primary building for the instruction of Social Sciences courses, provides air conditioning in only one classroom. This does not adhere to AB2232 requirements. It is hoped this issue will be addressed by the Facilities Master Planning Committee.

Building code requires spacing between balcony railings not exceed four inches. The safety railing on the second floor of the Humanities Building surrounding the interior stairwell has railings spaced at 8.5 inches. This is a safety issue that has been identified for approximately seven years. It is hoped this issue will be addressed by the Facilities Master Planning

Committee.

### **Program Planning and Communication Strategies**

Describe the communication methods and interaction strategies used by your program faculty and administrators to discuss program-level planning, curriculum, SLOs, PSLOs, equity, student achievement, and institutional performance data.

All full-time program faculty, and numerous adjunct faculty, routinely attend monthly Humanities/Social Science Division Meetings. Meeting agendas include Curriculum, SLO and data review and analysis topics. Meeting information and materials are emailed out after the monthly meetings. The Humanities/Social Sciences Division Chair meets weekly with administration in Division Chair Meetings. Numerous faculty attended SLO presentation provided by SLO Coordinator during Convocation, and during some Flex Activities. SLO Coordinator communicates related deadlines, and additional training opportunities via email, and consults with faculty individually via Zoom. In the process of preparing this IPR, full-time discipline faculty met numerous times during the drafting process in addition to attending IPR Orientation, and meeting with and receiving training/feedback from Institutional Effectiveness & Strategy Consultant and Academic Senate Mentor. Additionally, one full time faculty member and one adjunct faculty member sit on the Curriculum Committee.

### **Academic Planning Analysis Summary**

Summarize the key findings from the program analysis and outline opportunities for change.

The Social Sciences department has enjoyed enrollment success over the past four years. This success can be attributed not only to the full-time and adjunct faculty that deliver instruction but also to the variety and quality of the courses themselves.

Although enrollment has been largely steady, the department is looking to grow. Evidence of relatively stable enrollment and retention rates signals an opportunity to grow this department in the years to come. Overall, students are satisfied with the courses offered in the department as well as the quality of instruction. Again, this is an indication that growth can be achieved in the number of offerings as well as students served.

This department has identified a number of action plans to move forward with work related to the following Strategic Initiatives:

- Increase and retain enrollment
- Continue to meet accreditation standards

Department faculty have collaborated in identifying numerous action plans in order to effectively continue the quality in the courses offered, steadily achieve growth, continue to meet accreditation standards, and adapt to changes occurring at the state level such as the implementation of CSU GE Area F requirements.

## **Section 2: Human Resource Planning**

### **Workload and Staffing Assessment**

Year	F/T Faculty	P/T Faculty
Previous Year	Toni Poulsen Tom Kareck Sandy Beckwith	<u>Anthropology</u> O'Brien, Christopher Bright, Lisa <u>Psychology</u> Freeman, Micah Greer, Laura <u>History</u> Dillon, Chase Di Gerlando, Steven <u>Humanities</u> Wilkerson, Robert Romero, Thomas Porter, Joelle <u>Psychology</u> Mesloh, KC Beckman, Lisa Wattenburg, Amanda <u>Sociology/Ethnic Studies</u> Morgan, Heidi      Load: .2 Schofield, Monique   Load: .4 Bollinger, Kathleen   Load: .6 Jordan, Rebecca      Load: .3 Alberico, Lynda      Load: .4 Clain, Kimberly      Load:.2 Gardiner, Lisa      Load:.6 Total Sociology Load covered by adjunct: 2.7
Current Year	Toni Poulsen Tom Kareck Sandy Beckwith	O'Brien, Christopher Bright, Lisa Freeman, Micah Greer, Laura Dillon, Chase Di Gerlando, Steven Wilkerson, Robert Porter, Joelle Mesloh, KC Beckman, Lisa Morgan, Heidi Schofield, Monique Bollinger, Kathleen Jordan, Rebecca Alberico, Lynda Gardiner, Lisa Wattenburg, Amanda Clain, Kimberly

Next 2 Years	Toni Poulsen Tom Kareck	Gardiner, Lisa O'Brien, Christopher Bright, Lisa Freeman, Micah Greer, Laura Dillon, Chase Di Gerlando, Steven Wilkerson, Robert Romero, Thomas Romero, Thomas Porter, Joelle Mesloh, KC Beckman, Lisa Morgan, Heidi Schofield, Monique Bollinger, Kathleen Jordan, Rebecca Alberico, Lynda Clain, Kimberly Wattenburg, Amanda
--------------	----------------------------	---

Provide a narrative that describes the program’s faculty staffing trends and develop a projection for the two years. Discuss the extent to which your current faculty staffing structure meets or does not meet your program’s needs and/or initiatives. Please describe what strategies will be used to diversify your staffing (e.g., education, expertise/skillsets, areas of interest, demographics).

Staffing of faculty for Social Science courses identified in this IPR are anticipated to be impacted by CalGETC and changes in incarcerated instruction. At this time it is unknown what these impacts will look like.

Since the last Social Science IPR two full-time faculty have moved from instruction of Sociology and History to administration. Instruction of impacted courses has shifted to being provided by adjunct faculty. While instructional needs are being met, these shifts have impacted mode of instruction for these courses by shifting face-to-face offering to online instruction. Additionally, one full-time Psychology faculty member will be retiring at the end of this academic year. At this point it is anticipated that impacted Psychology instruction can continue to be provided by adjunct faculty. This change will not impact mode of instruction as the retiring faculty member most recently only instructed online. While adjunct can cover district instructional needs in these areas, adjunct are not contractually required to participate in shared governance, instructional program review, flex training, graduation, peer evaluation or various other institutional commitments required of full-time faculty. The tremendous void that losing three full-time faculty have on the broader scope of institutional activities needs to be addressed.

While Ethnic Studies is not included in this IPR, it is a social science course instructed by instructors qualified in the disciplines of Sociology, and Anthropology. Changes in GE Area F will cause greater need for Ethnic Studies instructors, along with development of more courses to fulfill this requirement. Currently an ES 2: Introduction to Native American Studies course was approved locally and will be forwarded for CSU area F approval to expand offerings for Area F. These expansions will require hiring of more Social Science faculty, easily one full-time faculty position. Hiring a full-time faculty in Sociology would enable instruction of Area F courses., further development of related courses, and full-time faculty member contributions to to our campus community in addition to providing some face-to-face instruction for existing courses in the Sociology program. Last year adjunct Sociology faculty carried a total instructional load of 2.7.

Annually all full-time faculty complete a minimum of 35 hours of professional development through our Flexible Calendar Program. Activities approved as part of this program diversify faculty knowledge and skills.

## **Professional Development**

Provide a description and associated outcomes related to the program's target professional development participation over since the last program review. Discuss the current professional development/training need(s) of your program, and why this need(s) exists. If you have specific trainings you want to request, please include those details.

### **Sandy Beckwith**

2019/2020

Brain Science and Instructional Improvement

Grief Awareness

Evaluate OER for text implementation

Outcomes: Course instruction and improvement

2020/2021

Science of Wellness online course

Outcomes: Course Instruction and Improvement

2021/2022

Outcomes: Course instruction and improvement

### **Thomas Kareck**

POCR training - this has enhanced my understanding of the elements necessary in developing and delivering an online class.

“Fall into Humanized Online Teaching, A Pathway to Equity” course and “Fostering Culturally Relevant Classroom Environments” webinar - both trainings have contributed to my understanding in creating welcoming and equitable Canvas classrooms.

### **Toni Poulsen**

2019/2020 attended an online teaching seminar for Canvas over the summer. Read a book on Whaling on the East Coast, period specific for early fishing history.

2020/21 Introducing the new Flex Canvas Shell, The Student Learning Outcomes (SLO) Planning and Reporting, Canvas New Quizzes, Diversity, Equity, and Inclusion: Discussion on Where We've Been and What Lies Ahead for LCC

Presented a workshop for Flex on “Student centered instruction” , additional research through documentaries from The Social Science IPR Fall 2022 page 31

History of Prohibition to FDR, and many others. Canvas training through Lassen College Flex training courses.

2021/22

Fast tracked a new book into Political Science, book was about to expire and new election had taken place had to convert existing instruction to the new modes of delivery, hybrid, online, and correspondence course creation.

Volunteered at Cal-fire for a week, it is a bureaucratic agency, and used the information to use in lectures based on participating in a fire call center.

## **Section 3: Infrastructure Planning**

### **Facilities**

- Describe and evaluate the Lassen Community College facilities available to the program.
- Describe and evaluate additional facilities utilized off-campus by the program
- Describe any facilities needs identified internal or external analysis
- Justify any proposed modifications or additions to existing facilities that would better serve the program planned for the program review cycle.

On-campus program courses are typically offered in the Humanities Building. Adequate classroom space is available to meet scheduling needs for classes of varying sizes. Air scrubbers are available in all classrooms. One classroom is equipped with air conditioning, remaining classrooms are in need of climate control upgrade to include air conditioning.

Off-campus program instruction since the last program review occurs at High Desert State Prison (HDSP) and the California Correctional Center (CCC). As of October, 2022 courses will no longer be offered at the CCC site as this institution is closing. HDSP provides adequate classroom space for face-to-face instruction within the secure perimeter of the institution.

### **Equipment**

- Describe and evaluate equipment and equipment support provided for instruction and instructional support

### **Technology**

- Describe and evaluate technology and technology support provided for instruction and instructional support.
- Justify any proposed modifications or additions to existing technology that would better serve the program planned for the next four years.

Full-time faculty are provided with laptop computers.

On-campus classrooms are equipped with Smart Boards. Middleton Hall has a projector.

Classrooms at HDSP are equipped with computers and large-screen monitors. There is also a camera projector available for staff use in the classroom. Although technology equipment may be viewed as “dated,” all technology at HDSP is operational and readily available or staff use.

## Section Four: Program Planning

Progress update on previous action plans

The Annual update completed May 2022 identified the following needs. Chart below provides an update on these items;

Strategic Goal	Planning Agenda Item	Implementation Time Frame	Estimated Cost (implementation & ongoing)	Expected Outcome	Progress
1,2,4	Improved faculty access to current course outlines, and advising plans	2022-2023		Increased currency and accuracy	Completed. Updated outlines and advising plans are on LCC website
1,2,4	Development of SLO assessment and mapping methods and tools to include best practices for Course SLO, PSLOs, GESLO, and ISLO development, measurement, mapping, review, and revision and improvement planning	2022-2023	Implementation \$20,000	Robust SLO Assessment and data reflection in IPRs resulting in greater student learning outcome achievement and a robust learning environment focused on continuous improvement. Meet ACCJC Requirements 1 & 2	Accomplished: SLO assessment tool developed: SLO+  In progress: Best practices: These are being identified by SLO Coordinator for further incorporation in training

1,2,4	Create an SLO Assessment schedule and integrate that into our processes	2022-2023	Implementation \$10,000	Contribute to meeting ACCJC Requirements. Meet ACCJC Requirements 1 & 2	Accomplished: SLO Assessment Schedule was approved by Senate this semester
1	Consider timing of delivery of SLO results with regard to Correspondence delivery and packet preparation	2022-2023	0	Timely action on improvement plans related to correspondence courses	Still needed
1,2,4	Improve faculty access to current SLO and PSLO maps would improve SLO data	2022-2023	Met by current staffing	Contribute to quality SLO review, revision & assessment, as well as meeting ACCJC Requirements 1 & 2	Accomplished: Maps are incorporated in SLO+
1	Disaggregate SLO Data	2023-2024	Implementation \$20,000	More informative SLO assessment data, targeted improvement plans	Accomplished: Course SLO Assessment results are disaggregated by mode of instruction in the SLO Data Dashboard
1	Work with faculty to explore standardization of SLO assessment tools by course to provide more	2023-2024	\$1000	More informative SLO assessment data	Slated for next year

	robust SLO data.				
1, 2	Further training on SLO assessment, mapping, data analysis and improvement planning	2022-2024	Implementation \$20,000	Robust SLO Assessment, enhanced student learning	On-going
2, 3, 4	Fill vacant Full time faculty DSPS Coordinator/Counselor position	2022-2023	Ongoing \$100,000	Comprehensive DSPS services, further meet student needs	Accomplished: Position was hired Summer 2022
3	Provide adequate heating and cooling to the Humanities building classrooms and offices		\$300,000	Adequate temperature control	Still needed: Item has been prioritized through the Facilities Master Plan
2,3,4,	Repair/replace projector in HU201	2022	Implementation: \$5,000 Ongoing: \$100 annually	Meet instructional needs for History and Film instruction in this classroom.	Accomplished: Peer technical assistance provided solution
1,3	Railings circling top of internal stairwell in Humanities need to be redesigned to reduce small child fall hazard	2022	\$5,000	Reduce small child fall hazard	Still needed: Item has been prioritized through the Facilities Master Plan

2,3,4	Whiteboard or Smart Board placed in HU201	2022	Implementation: \$500-\$5000 Ongoing: \$50 annually	Meet instructional needs for History and Film instruction in this classroom.	Still needed
2,3,4	Repair/Replace DVD in HU 206	2022	Implementation: \$500 Ongoing: \$50	Meet instructional needs for History, English, Art, Work Experience and other courses that utilize this space.	Still needed
2,3,4	Instructional Technology Maintenance Schedule to routinely address and prioritize cyber-security and currency of instructional technology including; dvd players, smartboards, lap tops and projectors.	2023	None estimated... potential inclusion in current position or committee tasks	Maintenance of instructional technology to allow for minimal interruption of instruction both face to face and remotely	Still needed: Item would be best addressed by Institutional Technology Master Plan

## Strengths, Weaknesses, Opportunities, Threats (SWOT) Analysis

Complete SWOT analysis

<b>Strengths</b>	<ul style="list-style-type: none"> <li>• Dedicated faculty</li> <li>• LCC is improving processes with SLO creation, assessing &amp; reporting</li> <li>• Improving SLO/IPR practices</li> </ul>
<b>Weaknesses</b>	<ul style="list-style-type: none"> <li>• Short-staffed in full-time faculty for contributions to shared governance, program review and curriculum responsibilities;</li> <li>• Student engagement and follow-through is notably more challenging post COVID</li> <li>• Instructional technology needs repair/replacement</li> </ul>
<b>Opportunities</b>	<ul style="list-style-type: none"> <li>• Increase enrollment through online instruction including the development and submission of POCR approved courses; and consideration of CVC-OEI degree pathway; market these courses/degrees statewide, nationally and internationally</li> <li>• Community Outreach, in coordination with other campus programs, around such topics as Women’s History month, Black History Month, Cinco DeMayo</li> </ul>
<b>Threats</b>	<ul style="list-style-type: none"> <li>• Closure of CCC</li> <li>• COVID at correctional institutions impacting instruction due to lockdowns</li> <li>• Challenge of recruitment of instructors for face-to-face instruction for incarcerated students</li> <li>• AB928: The Student Transfer Reform Act</li> </ul>

Proposed changes included in AB 928: The Student Transfer Reform Act seeks to provide one common GE pattern for transfer students through the Intersegmental Committee of Academic Senates (ICAS). This new GE pattern termed “CalGETC” limits transfer GE to 34 units. Proposed changes of CalGETC impacting Social Sciences include: The Arts and Humanities requirement is reduced from three courses to two courses, The Social and Behavioral Sciences requirement is reduced from three courses to two courses, Lifelong Learning and Self-Development will be removed as CSU lower division GE requirement; it is not included in CalGETC . Continued attention to developments with CalGETC will be needed.

### Program Plan

Develop a program action plan based on the findings of the SWOT Analysis. The plan should specify should aligns with one or more College Goals. SLO maps may be utilized to help show the connection.

- How do the action plans align with the mission of the college?
- What strategic goals do the action plans support?
- What ISLOs do the action plans support?
- What specific evidence (e.g., SLOs, data) support the action plans?
- Based on the action plans what resources are needed?
- What are the expected outcomes of the action plans?
- What is the total cost of bringing the action plan to life?

Action Plan	Supporting Evidence	Expected Outcome	Resource(s) to Achieve the Action Plan	Resource Category	Estimated Cost	Expense Type	Priority Ranking	Alignment to Mission
Hire a full-time Sociology Instructor	Meet increased enrollment anticipated from CalGETC Area F requirement; current SOC load staffed by adjunct only	Meet student & district need to fulfill CalGETC Area F, provide full-time faculty for faculty shared governance & institutional contributions	New Sociology Instructor	HR	\$100,000	Personnel	1	Strat. Goals #'s 1,2,3, 4; ISLOs : 1,2,3
Market Social Work / Human Services ADT	New program	Increased enrollment	Marketing materials, website update	marketing	\$3000	Marketing	2	Strat. Goals #'s 1,2,3, 4; ISLOs : 1,2,3
Based on North-Far-North Dual Enrollment Develop certificate of achievement for people interested in entry level positions in social services	NFN advisement	Increased enrollment, student access to entry level social service positions	Curriculum Development	Personnel	\$1000	Personnel	3	Strat Goals 1,2,3, 4 ISLOs 1,2,3, 4
Further training on SLO assessment, mapping, dataanalysis and improvement planning	ACCJC Requirements 1 &2	Improved SLO practices	Training, enhanced SLO+	HR, IE	-	Personnel Time	3	Strat Goal# 1,2,4 ISLO #2,3 Best addressed by IEMP/

								Researcher
Further opportunities for faculty compensation for PO CR training	Desire to increase enrollment of online courses/on line program development	Increased enrollment	Faculty PO CR training stipends	HR	\$10,000	Professional Development	4	Strat Goal#2,3,4  Best addressed by HRMP
Further Flex training on Online Instruction topics	Desire to increase enrollment of online courses/on line program development	Increased enrollment	Flex Trainings	HR/Flex	\$500	Professional Development	5	Strat Goal# 2,3,4  Best addressed by HRMP
Faculty Pilot Workgroup to explore standardization of SLO assessment tools by course to provide more robust SLO data.	SLO best practices	More informative SLO assessment data	Standardized SLO assessment tools	IE	\$1000	Professional Development	6	Transfer, Strat Goal #1,4 ISLO #2,3 Best addressed by IEMP/ Researcher
Instructional Technology Maintenance Schedule to routinely address and prioritize cyber-security and currency of instructional technology including; dvd players, smartboards, lap tops and projectors.	Technology that is out of date or in disrepair	Technology that consistently works	Assessment & Planning	IT	-	Personnel	7	Strat Goal# 2,3,4 ISLO #2,3  Best addressed by ITMP

Provide adequate heating and cooling to the Humanities building classrooms and offices	Temperatures over 85 degrees in classrooms and offices	Adequate temperature control	Facilities budget, personnel	Facilities	\$300,000	Facilities	8	Strat Goal# 1,3,4 ISLO #2,3
Testing Center/Services	Maximize face-to-face learning time in hybrid classes, minimize opportunities to cheat on exams in Large lecture Hall where its difficult to monitor students	Better proctoring of tests given live	Admin Assistant to proctor exams	HR	\$20,000	HR	9	Strat Goals #2,3,4  ISLOs #1,2
Collaborate with Student Services in hosting interactive learning history/political science events	Build student and community engagement	Increase student engagement, recruit locally, serve community	Event Budget	EMP	\$20,000	Personnel	10	Strat Goal# 2,4 ISLO #1,2,3
Install railings circling the top of internal stair well in Humanities that meet current Building codes to reduce small child fall hazard.	8.5 inch distance between safety rails	Reduce small child fall risk	Personnel, materials	FMP	\$5,000	Facilities	11	Strat Goals# 1,3,4

# **Instructional Program Review**

Program: Welding Technology

Academic Year: 2022 - 2023

Author(s): Kory Konkol

Accepted by Academic Senate: December 14, 2023

Accepted by Consultation Council: January 9, 2023

Accepted by Governing Board: January 10, 2023

## Table of Contents

<b>Executive Summary .....</b>	<b>2</b>
<b>Section 1: Academic Planning .....</b>	<b>4</b>
<b>Section 2: Human Resource Planning .....</b>	<b>37</b>
<b>Section 3: Infrastructure Planning .....</b>	<b>37</b>
<b>Section 4: Program Planning.....</b>	<b>52</b>

## **Executive Summary**

The executive summary should be a consolidation of key findings, program plans, and participants that contributed to the review

### **In summary, section 1 (Academic Planning):**

Success among students has shown the greatest decrease for 21-22 academic years. The data shows this to be most prevalent in those courses taken by first time students and even more so for those courses that have a lecture component. I can only conclude that we are starting to see some of those students in the welding program that were a result of school lockdowns due to Covid. Personally, I've observed that the majority of students are unprepared for the rigors of college. This is especially true for welding students who think it's going to be an easy grade, much like a shop class in high school.

Retention, overall, the welding programs retention rate at the program level is comparable to that of the college with it being 1.5% lower. Unfortunately, the data only looks at one perspective and doesn't ask the question as to why. Unless we know the "why" students stop attending courses, we can't institute change.

Any equity gaps I find are a result of life choices as every student is given the exact same opportunity to succeed regardless of gender, race or age.

SLO/PSLO data continues to be high due to taking a proactive approach in time management and student awareness. About midway through each semester the students are made aware of how many workdays remain as well as their grade. This information keeps them on track for completing their objectives and passing the class (Pages 9-19)

Job market outlook continues to be strong and shows that 336,000 new welding professionals are needed by 2026, or 84,000 annually (Page 29).

Any program changes and advisory board recommendations can be found in the table on pages 31-33, which is too lengthy to summarize here. Any growth from this point forward is capped by having only one full-time faculty member, which will be addressed in section two.

### **In summary, section 2 (Human Resource Planning):**

At present there is one full-time faculty and one adjunct. Any growth potential for offering any additional courses is now capped as a result of this and is now affecting current scheduling for spring 2023. Due to recent union contractual changes regarding load calculations for lab courses the one full-time faculty will be over 200% load with the current spring 2023 offerings. Given that, a course will need to be removed from the spring 2023 offerings, a first, which will affect the student's ability to graduate in two years. This has never happened before, and the need for another full-time faculty has been pointed out in several prior IPR's. Note, the one adjunct faculty has a full-time job and has limited scheduling opportunities.

**In summary, section 3 (Infrastructure Planning):**

Infrastructure has been addressed from student surveys dating back to 2015 page 37 and consists of lighting and ventilation as their greatest concerns. More recent surveys points out that only having one robot makes lab classes challenging as the entire class has to share one piece of equipment.

**In Summary, section 4 (Program Planning)**

Program planning is spelled out in the table found on page 53 and addresses the areas of concern in sections two and three.

## Section 1: Academic Planning

### Program Overview, Objectives, and Student Learning Outcomes

Describe the program (types of degrees offered, jobs/industries/transfer pathways associated with the program, faculty members in program)

The Welding Technology Program is designed to prepare the student with the necessary skills to acquire an entry-level position in the various industries that require the different welding processes available through the program.

The Welding Program is also designed to assist those already employed in the industry and those in the community to improve their skills.

The Program offers coursework in Robotic Welding, Blueprint Reading, Industrial Safety, Industrial Technology, Oxyacetylene Welding (OAW), Gas Metal Arc Welding (GMAW), Gas Metal Arc Welding Pulse (GMAW-P), Flux Core Arc Welding (FCAW), Flux Core Arc Welding with a gas (FCAW-G), Shielded Metal Arc Welding (SMAW) and Gas Tungsten Arc Welding (GTAW). Also offered is welding qualification testing on plate and pipe that's recognized by the American Welding Society (AWS).

The Welding Technology program currently offers the following degrees and certificates:

- A.S. Degree
- Two-Year Certificate of Achievement
- One-Year Certificate of Achievement
- Certificate of Accomplishment

At present the Welding Technology program has one full time faculty, one adjunct faculty and one instructional support specialist.

Describe and evaluate the program objectives against the LCC strategic plan, specifically the mission statement and strategic goals

The Welding Technology Program objectives fall within the vocational mission statement of Lassen Community College (LCC) by offering a wide range of educational opportunities in workforce development and economic potential.

Our program objectives also align with LCC's strategic goals for learning opportunities and student success.

Evaluate any changes in the program since last review. Include summary of Annual Updates completed since last review. Regular program assessment will drive program improvements.

Since the last IPR (2021), two pieces of software and one piece of hardware have been purchased for our Lincoln/Fanuc robotic welder and installed. These additions are used throughout the industry and will add another level competency for our students who wish to pursue a career in this field.

## Student Achievement and Learning Outcomes

### Trends and Patterns in Student Achievement

#### Course Success Rate

Course Success Rate	2018-19	2019-20	2020-21	2021-22

### **Achievement**

Based on your review of the data trends above (e.g., course success, retention, awards) please provide an analysis of achievement gaps and accomplishments in the program.

### **Course Success**

After evaluating the data for the 18 welding courses, I would conclude that those courses taken by first time college students had the lowest success rates on average. For example, WT-20, 36, 37, 51 and 52 are courses taken by first timers. In addition, WT-20, 51, and 52 showed the greatest decrease in success rates, which I would attribute to the fact that these courses, besides having a lab, also have a lecture component, which includes homework and tests. For the years 2018-2021 the data is fairly consistent, but for the 21-22 school year there was a more substantial drop in success rates for the courses listed above. I can only conclude that we are starting to see some of those students in the welding program that were a result of school lockdowns due to Covid. Personally, I'm seeing students who are unprepared for the rigors of college.

Regarding accomplishments, those students who are enrolled in courses which are lab based only continue to do the best. In part most students in CTE programs tend to be kinesthetic learners and the data backs that up.

### **Retention**

Overall, the welding programs retention rate at the program level is comparable to that of the college with it being 1.5% lower. Unfortunately, the data only looks at one perspective and doesn't ask the question as to why. Unless we know the "why" students stop attending courses, we can't institute change. More often than not, we're expected to look at the course level to solve this problem, when in fact we should be looking at the student level. And that's exactly what the data doesn't take into account. So, unless we start to survey students and ask the tough questions, we can't be expected to institute any meaningful change.

To sum it up, the retention data has a direct correlation with course success.

In summary, my evaluation of the data is based on my direct contact with students and my first-hand

knowledge of their lives, given that I'm with them eight hours a day, four days a week. What my first-hand knowledge provides and what the data doesn't, are the hardships and personal problems many of the students' face, which is directly correlated to their success. The following are some of those hardships – divorce, financial, medical, family problems, substance abuse and those coming out of prison, just to name a few. Those that don't have any personal problems just lack the rigor and discipline needed to be successful. Even something as simple as note taking is beyond most students' comprehension even when provided the paper and pen. Overall, if one looks at the program level success rate of the welding program as compared to the college, we're only 1.25% lower. With that, the trends that I'm observing at the program level aren't unique and appear to be a result of our society and culture.

One last note, and something to consider. If I were to make the welding courses so easy in order to drive the success rate of the students higher, would you expect that success to carry over into the welding industry that guides me?

### **Equity**

Based on your review of the data trends above (e.g., course success, retention) please provide a narrative to outline opportunities to address any equity gaps.

I can only conclude that equity is referring to demographics by race, gender and age. I find it difficult to provide a narrative speaking to this subject, and with that, every individual enrolled in a course is given the exact same opportunity to succeed regardless of race, gender or age. More often, any equity gaps are a result of life choices and not a result of program deficiencies. One area that I can speak to and is only from observation and experience is by age group. The data shows retention and success to be highest among those 17 and under. I can only attribute this to the fact that younger individuals have fewer problems and responsibilities in life, meaning, they probably still live at home, have fewer bills, and still get their closed washed by their mother. Those in the 18-49 age group have more responsibilities in life, which can get in the way of their education and therefore show lower success and retention rates. Those in the 50+ age group are often retirees and hobbyists and are there for personal development and not a certificate, degree or a job. These individuals have the lowest success and retention rates.

## Student Learning Outcomes

SLO assessment is important to maintain and improve an effective learning experience for LCC students. Evaluating SLO results regularly is helpful for evaluating student learning and identifying emerging program needs. There is a link between SLO assessment results, SLO improvement plans and review of curriculum and/or budget requests. Regular program assessment will drive program improvement. These records are maintained in the online Data Management and Visualization tool (TABLEAU) and are available for review by faculty at any time through its self-updating, interactive dashboards, and reports. Feedback and narrative from the Share Point tool will be included in the reports.

\*By contract, faculty are required to prepare and submit an SLO Assessment Plan for each class within one week of the first-class meeting and implementation of the assessment method as indicated on the SLO Plan for each class. Submission of the (a) results of the assessment methods and (b) steps taken as result of the assessment withing five (5) District business days after the last scheduled meeting of the class. Both submissions will be made in accordance with District tracking procedures (I.e., may be paper-based or electronic).

Provide an analysis of findings of the assessments completed and recommendations being made in individual assessments.

SLO data downloaded from TABLEAU can be found on pages 9-16. On the surface the data across all courses, except WT-36 and WT-51, appears to be amazing, at 100%, with zero need for improvement. And with that, I need to point something out. Unlike other courses, welding requires skill and talent, much like playing a sport. As hard as many try to reach their peak and play professionally, not everyone can. With that, passing a welding qualification test is much like playing a professional sport. The SLO being selected to evaluate a student doesn't always reflect this. This is why I'm being forthcoming and stating that going forward, when all SLO's have to be evaluated, those SLO's that require passing a welding qualification test will definitely show a decrease. Does this affect a student's employability, perhaps in some cases, but not all employers require the passing of a welding qualification test. So, the current SLO's being evaluated still meet the requirements and level of competency that employers seek. Ultimately, the only real difference may be the limit of one's financial potential. One might think a solution would be to eliminate that SLO, but passing a welding qualification test is a standard industry practice.

PSLO 5	
<b>Recommendations for Improvement</b>	
None at this time due to the steady increase and consistent results.	

Consider the impact or influence of the assessment results at the program level.

**Summary of Findings**

The steady increase in PSLO results across all degrees and certificates was due to taking a proactive approach in time management and student awareness. About midway through each semester the students are made aware of how many workdays remain. Since the majority of welding courses are hands on and a certain number of objectives need to be completed by the end of the semester to receive a passing grade, the number of days left becomes very important. Along with this countdown, the students are also made aware of their current grade in any given class. That grade continuously improves as more welding objectives are completed. With these daily and weekly reminders, students

are able to stay on track in order to complete their course objectives and PSLO's.

Identify and evaluate the Program Student Learning Outcomes including the relationship between course, program and institutional student learning outcomes utilizing information provided by the Office of Institutional Effectiveness.

### **Summary of Findings**

The summaries of these findings are addressed on pages 17, 20 and 24.

## Enrollment Management

Unreported	2	1	0	0

Based on your review of the data trends above (e.g., enrollment, FTES, FTES/FTEF, fill rate) please provide an analysis of efficiency gaps and accomplishments.

### Summary of Findings

The data shows that FTES steadily climbed and peaked for the 2019-2020 school year and have gradually decreased for 2020-2022 school years. This can be attributed to COVID, school lockdowns and in general uncertainty. Based on my class size starting the 2022-2023 school year, I've noticed an increase in enrollment, not provided in the data.

**Regarding the data for fill rates and efficiency, the data provided makes the assumption that the welding courses are scheduled as stand-alone courses only, when in fact, they are not. The reality is, the majority of the welding courses, WT-36-39 and WT-42-45 are stacked during one time frame as well as WT-20-23. If this was considered and taken into account, one would see a different set of numbers and understand that the efficiency ratio is significantly higher than reported.**

## Curriculum

### Degrees and/or Certificates

Degree or Certificate Title	Award Type (AA, AS, AAT, AST, etc.)	Units	Term of Last Revision
Associate in Science Degree in Welding Technology	A.S. Degree	60	Fall/2022
Two-Year Certificate of Achievement in Welding Technology	Certificate of Achievement 2 year	44	Fall/2022
One-Year Certificate of Achievement in Welding Technology	Certificate of Achievement 1 year	23	Fall/2022
Certificate of Accomplishment in Welding Technology	Certificate of Accomplishment	12	Fall/2022

Provide a narrative of revisions made.

Reviewed the degrees and certificates and no changes were necessary at this time.

### Courses

Summarize curriculum revisions, new course adoptions, and/or course deletions since your last program review. Describe the program accomplishments and/or changes (e.g., major revisions, additions, etc.). All courses need to be submitted to the Curriculum Committee for revision at least once every five years.

Whether changes to a course outline are necessary or not, a Revision to Existing Course Form for each course must be completed and submitted to the Curriculum/Academic Standards Committee for action. If all the courses in the certificate or degree are reviewed at one time, a single Program revision form can be used. If there are changes made to a course, the changes must be noted on the revision form. When reviewing a single course and changes are necessary, indicate the revisions on the form. Where no changes are necessary, simply indicate on the Revision Form that "the course has been reviewed as part of the program review and no changes are necessary." All program certificates, degrees, PSLO maps, and SLO maps are also required to be reviewed and updated if necessary. PSLO maps require a program revision form and course SLO maps require a course revision form. If all maps are reviewed at the same time, a single program revision form can be used. Advising plans also need to be reviewed and updated. A program revision form is used to review and update the advising plan if necessary. Revision forms will be retained in the Instructional Office with the Curriculum agenda packets.

Following the Curriculum/Academic Standards Committee action on all submitted Revision to Existing Course Forms, a summary Instructional Program Curriculum Review Form will be completed by the Curriculum/Academic Standards Subcommittee Chair and given to the program faculty for inclusion in the program review.

The signed Instructional Program Curriculum Review Form is to be included with your completed program review documents for all certificates and degrees.

WT-45 Gas Tungsten Arc Welding	Fall 22	5/4/2021
WT-49 Welding Work Experience		
WT-51 Blueprint and Symbol Reading	Fall 22	5/4/2021
WT-52 Robotic Operations/Programming	Fall 22	5/4/2021

Provide a narrative of revisions made.

### Summary

Revisions were made to WT-36-39 course outlines by removing all two-unit SLO's, because they are no longer offered. Other revisions made were cleaning up grammatical errors, redundant use of words instead of acronyms and language.

No new courses were adopted or deleted since last revision.

### Articulation/Integration of Curriculum

Attach a tabular comparison of Lassen Community College courses articulating with UC and CSU, indicating courses with approved C-ID designations as applicable (Obtain copies of Articulation Agreements from the Transfer Center / Articulation Officer)

Provide a narrative reviewing the Lassen Community College courses and courses at four-year institutions for course alignment. (e.g., two courses at Lassen needed to articulate with one course at UC) and the unit requirements for Lassen Community College courses as compared to four-year institutions.

### Evaluation

Even though many of the welding course numbers fall below 49, meaning transferrable, I've only had one student in the last 12 years actually transfer to a four-year institution. The nature of the welding program and most CTE programs in general, students take courses to get a job.

With that, the welding technology program doesn't align its courses with UC or CSU courses.

## External Compliance

Provide a summary of any compliance regulations (e.g., accreditation, accessibility), actions taken, and gaps identified.

The following is from our 2015 welding IPR and has yet to be addressed.

The main outside compliance issues that govern the welding technology program are OSHA and local building codes. These standards outline regulations that provide for the health and safety of occupants working in or around this department.

### Evaluation

There continues to be insufficient welding fume ventilation in the welding department.

The following was also noted in our 2015 welding IPR:

One issue that has been addressed was moving the classroom to its current location downstairs. This move benefited by meeting ADA requirements, but still has compliance issues. Greg Collins pointed out the following known issues:

No ventilation for the space or windows that can be opened to provide ventilation or egress.

One of the two exits opens inward.

Exits to the space are opposite each other and may not meet code due to the shape of the space.

Another issue that was brought to my attention and outlined in a prior IPR was the mezzanine located in the construction trades space. The structure may not be up to code and may need modification.

## External Analysis: Job Market Assessment

The following data are projections from the Bureau of Labor statistics

### Job Outlook

From 2021 to 2031, slower than the average for all occupations.

Despite limited employment growth, about 47,600 openings for welders, cutters, solderers, and brazers are projected each year, on average, over the decade. Most of those openings are expected to result from the need to replace workers who transfer to different occupations or exit the labor force, such as to retire.

#### Employment

The nation's aging infrastructure will require the expertise of welders, cutters, solderers, and brazers to help rebuild bridges, highways, and buildings. These workers also will be in demand in manufacturing plants that produce metal parts and products like transportation equipment.

### Employment projections data for welders, cutters, solderers, and brazers, 2021-31

Occupational Title	SOC Code	Employment, 2021	Projected Employment, 2031	Change, 2021-31		Employment by Industry
				Percent	Numeric	

**National estimates for Welders, Cutters, Solderers, and Brazers:**

Employment estimate and mean wage estimates for Welders, Cutters, Solderers, and Brazers:

Employment (1)	Employment RSE (1)	Mean hourly wage	Mean annual wage (2)	Wage RSE (3)
397,940	1.1%	\$23.21	\$48,290	1.2%

Percentile wage estimates for Welders, Cutters, Solderers, and Brazers:

Percentile	10%	25%	50% (Median)	75%	90%
Hourly Wage	\$16.07	\$18.20	\$22.60	\$27.03	\$30.64
Annual Wage (2)	\$331,360	\$373,680	\$467,920	\$562,590	\$631,680

**Industry profile for Welders, Cutters, Solderers, and Brazers:**

Industries with the highest published employment and wages for Welders, Cutters, Solderers, and Brazers are provided. For a list of all industries with employment in Welders, Cutters, Solderers, and Brazers, see the [Create Customized Table](#) function.

Industries with the highest levels of employment in Welders, Cutters, Solderers, and Brazers:

Industry	Employment (1)	Percent of Industry employment	Hourly mean wage	Annual mean wage (2)
<a href="#">Fabricated Metal Product Manufacturing (3323 and 3324 only)</a>	67,700	14.59	\$ 22.02	\$ 45,800
<a href="#">Machinery Manufacturing (3331, 3332, 3334, and 3339 only)</a>	58,150	8.30	\$ 22.21	\$ 46,200
<a href="#">Motor Vehicle Body and Trailer Manufacturing</a>	24,110	13.44	\$ 20.30	\$ 42,220
<a href="#">Fabricated Metal Product Manufacturing (3321, 3322, 3325, 3326, and 3329 only)</a>	23,390	5.28	\$ 21.54	\$ 44,800
<a href="#">Ship and Boat Building</a>	14,900	10.37	\$ 25.83	\$ 53,720

Industries with the highest concentration of employment in Welders, Cutters, Solderers, and Brazers:

Industry	Employment (1)	Percent of industry employment	Hourly mean wage	Annual mean wage (2)
<a href="#">Motor Vehicle Body and Trailer Manufacturing</a>	24,110	13.44	\$ 20.30	\$ 42,220
<a href="#">Fabricated Metal Product Manufacturing (3323 and 3324 only)</a>	67,700	14.59	\$ 22.02	\$ 45,800
<a href="#">Refined Blasting, Stock Manufacturing</a>	7,900	17.06	\$ 23.03	\$ 47,900
<a href="#">Ship and Boat Building</a>	14,900	10.37	\$ 25.83	\$ 53,720
<a href="#">Other Transportation Equipment Manufacturing</a>	3,030	8.33	\$ 23.60	\$ 53,250

Top paying industries for Welders, Cutters, Solderers, and Brazers:

Industry	Employment (1)	Percent of industry employment	Hourly mean wage	Annual mean wage (2)
<a href="#">Electric Power Generation, Transmission and Distribution</a>	1,040	0.28	\$ 44.29	\$ 92,130
<a href="#">Natural Gas Distribution</a>	720	0.63	\$ 42.76	\$ 88,940
<a href="#">Pipeline Transportation of Crude Oil</a>	70	0.63	\$ 42.26	\$ 87,900
<a href="#">Pipeline Transportation of Natural Gas</a>	240	0.79	\$ 38.73	\$ 80,560
<a href="#">Petroleum and Coal Products Manufacturing</a>	550	0.53	\$ 37.08	\$ 77,130

The following data are projections endorsed by the American Welding Society (AWS)

## What counts as a welding professional?

The AWS Foundation combines six occupations (defined by the Bureau of Labor Statistics) where welding is a primary job function:

Boltsmakers

Sheet Metal Workers

Structural Iron and Steel  
Workers

Structural Metal  
Fabricators and Fitters

Welding, Soldering, and  
Brazing Machine Setters,  
Operators, and Tenders

Welders, Cutters,  
Solders, and Brazers

## Demand for welding professionals in the upcoming years.

336,000

New welding professionals projected to be  
needed by 2026.

84,000

Average welding jobs to be filled annually  
between 2022-2025.

## Why the need?

## WORKFORCE DEMOGRAPHICS

Provide a summary of Industry Advisory Board suggestions and market data. The market data will be populated for Career Technical Education programs only

### **Job Market Assessment:**

Data used for this assessment was taken from the Bureau of Labor Statistics (BOLS) and the American Welding Society (AWS). The BOLS data shows a 2% increase or 6900 new jobs created between 2021 and 2031. Meaning, there is a 2% increase in brand new companies opening, which would employ welders. One might find this low, but what the data doesn't take into account are the attrition rates from welding professionals retiring, advancing or changing industries from already established companies. Looking at that data, one would find that 336,000 new welding professionals are needed by 2026, or 84,000 annually. Another area of importance is the sector or industry where welders find employment. The greatest number of employment opportunities are found in fabricated metal product manufacturing and machinery manufacturing. Two areas that not only employ welders, but utilize advanced manufacturing such as, robotic welding, and CNC cutting.

### **Advisory Board Recommendations for New Course Offerings**

Beginning and advanced classes in robotic welding

Beginning and advanced classes in Computer Numerically Controlled (CNC) plasma cutting, Computer Aided Design (CAD), beginning and advanced using SolidWorks, G-Code or combine with another new relevant offering

3D Printing

CNC Press Brake

0.5 – 1 unit layout and pattern making class for pipe welding

1 unit American Welding Society (AWS) D1.1 code class

Course focusing on using T-1 and T-8 flux core wires

**Advisory Board Recommendations for Scheduling** Stop stacking welding classes and offer lecture/lab replacements

**Advisory Board Recommendations for New Certificate** Offer Certificate in advanced manufacturing.

**Progress on Advisory Committee Recommendations**

<b>Course</b>	<b>Proposal</b>	<b>Progress</b>	<b>Status</b>	<b>Outcomes</b>
<b>IT-22 Operations Maintenance and Safety</b>	Update class to OSHA 10 and provide OSHA 10 cards upon passing/completion	Need to take a class before this can be offered	Pending	Relevant to industry needs
<b>IT-72 Facilities Maintenance</b>	No Change			Meets industry needs
<b>WT-20 Power Plant and Field Pipe Welding I</b>	Remove plate welding and add 2G pipe and incorporate hand beveling	Reconsidering proposal as fundamentals in plate welding are needed and some can't take WT-37 due to scheduling	On Hold needs further discussion	
<b>WT-21 Power Plant and Field Pipe Welding II</b>	Change objectives to pipe welding only in 5 and 6G positions		Pending on the outcome of WT-20	Relevant to industry needs
<b>WT-22 Power Plant and Field Pipe Welding III</b>	Take objectives from WT-23 and place them here. 1G, 2G, 5G, and 6G open root GTAW of pipe		Pending on the outcome of WT-20	Relevant to industry needs
<b>WT-23 Power Plant and Field Pipe Welding IV</b>	Update objectives to 4" and smaller diameter pipe using GTAW and SMAW only		Pending on the outcome of WT-20	Relevant to industry needs
<b>WT-25 SolidWorks</b>	New course	Kory Konkol completed 104 hours of training summer 2022	Need more hands on experience before offering a class	Relevant to industry needs
<b>WT-31</b>	No Change			Meets industry

<b>GTAW for Gunsmiths</b>				needs
<b>WT-32 Advanced GTAW for Gunsmiths</b>	No change			Meets industry needs
<b>WT-36 Beginning Oxy-Acetylene</b>	Inactivate Course	Need another class to replace it for core and/or elective	On Hold until replacement course is created	Course not needed as a stand alone course, but can be combined with another to articulate with area high schools
<b>WT-37 Beginning SMAW</b>	Add a 0.5-1 unit lecture component. Add lap and corner joints to objectives	Need an adjunct or full-time faculty member	On Hold	Provides fundamentals needed for the welding process
<b>WT-38 Beginning GMAW</b>	Add a 0.5-1 unit lecture component. Add open root GMAW to plate	Need an adjunct or full-time faculty member	On Hold	Provides fundamentals needed for the welding process
<b>WT-39 Beginning GTAW</b>	Add a 0.5-1 unit lecture component	Need an adjunct or full-time faculty member	On Hold	Provides fundamentals needed for the welding process
<b>WT-40 Advanced Oxy-Acetylene</b>	Inactivate Course	Completed	Course was Inactivated	No longer relevant to industry needs
<b>WT-42 Advanced SMAW 6010 open root</b>	Add back gouging to root pass with a back weld and consider Surface Tension Transfer (STT)	Update scheduled for Fall 2023	In Progress	Relevant to industry needs
<b>WT-43 Advanced SMAW GTAW open root</b>	No Change			Meets industry needs
<b>WT-44 Advanced GMAW/FCAW</b>	Add a 0.5-1 unit lecture component. Add aluminum pulse welding and open root GMAW of pipe. Remove FCAW-G and add to new course	Update scheduled for Fall 2023 (Welding changes only) Lecture will need to wait due to scheduling and lack of help	In Progress	Provides fundamentals needed for the welding process and relevant to industry needs

<b>WT-45 Advanced GTAW</b>	Inactivate Course	Need another class to replace it for core and/or elective	On Hold until replacement course is created	Only one GTAW course is necessary for industry needs
<b>WT-50 Welding for Artists</b>	No Change		Hasn't been scheduled due to lack of adjunct or full-time faculty to cover other courses	
<b>WT-51 Blueprint Reading</b>	No Change			Meets industry needs
<b>WT-52</b>	New course		Offered since fall 2019	Relevant to industry needs
<b>WT-53</b>	New course	Need an adjunct or full-time faculty member	Hasn't been scheduled due to lack of adjunct or full-time faculty to cover other courses	Relevant to industry needs

**Program Planning and Communication Strategies**

Describe the communication methods and interaction strategies used by your program faculty and administrators to discuss program-level planning, curriculum, SLOs, PSLOs, equity, student achievement, and institutional performance data.

The department strives to communicate with all stakeholders in an effort to continuously improve the welding programs offerings. The program review provides the mechanism for accomplishing this. In Career and Technical Education (CTE) programs, these stakeholders are made up of an industry advisory committee who represents the industry being served.

Ongoing outreach and partnerships with industry has provided the insight for achieving our goals. This includes efforts to provide outreach to our local high school welding programs and participating in campus visits by interested parties.

**Academic Planning Analysis Summary**

Summarize the key findings from the program analysis and outline opportunities for change.

Based on advisory board recommendations, labor market information and current course offerings, the program has many opportunities for growth in the advanced manufacturing sector. This would include a new certificate and courses in the following: robotic welding, CNC plasma cutting, 3D printing, CAD drawing, and CNC press brake. This is not to imply that welding is being replaced, but merely supplemented with these jobs. For example, from what I've noticed after visiting different manufacturers is that they employ only one or two robotic welding operators, but many more welders. Offering these additional courses would help increase the number of student in the program and FTES's, because some of the advanced manufacturing students would also carry over to welding and vice versa. Of course, in order to proceed with the additional courses, another instructor is needed. Another way to increase FTE's is through outreach. Things have been improving in this area since Covid, and with the help of our Outreach department, we've seen more tours of potential students on campus. This should prove positive going forward. Demographically, the data shows that about 30% of non-white and five-percent of women make up the workforce in welding. This may also be an area of focus to increase growth.

## Section 2: Human Resource Planning

### Workload and Staffing Assessment

Year	F/T Faculty	P/T Faculty
Previous Year	1	1
Current Year	1	1
Next 2 Years	2	1

Provide a narrative that describes the program's faculty staffing trends and develop a projection for the two years. Discuss the extent to which your current faculty staffing structure meets or does not meet your program's needs and/or initiatives. Please describe what strategies will be used to diversify your staffing (e.g., education, expertise/skillsets, areas of interest, demographics).

Some of the advisory committee recommendations included offering a new certificate in Advanced Manufacturing and to offer some courses as lecture/lab instead of just lab. In order to offer a certificate in Advanced Manufacturing, an additional seven courses at minimum would need to be developed and offered. And that's in addition to the current course offerings in welding.

With the current staffing situation of one full-time faculty and one adjunct, these recommendations are not possible. The current full-time faculty is carrying a 100% load per semester in order to provide the courses needed, so students can graduate with an A.S. degree in two years.

### Professional Development

Provide a description and associated outcomes related to the program's target professional development participation over since the last program review. Discuss the current professional development/training need(s) of your program, and why this need(s) exists. If you have specific trainings you want to request, please include those details.

Professional development is an ongoing endeavor and with that I continue to maintain my AWS welding inspector credentials through training. These credentials allow me to provide welding qualification testing to our students and in turn makes them more employable. Summer of 2022 I completed 104 hours of training in the use of SolidWorks, a CAD drawing software. Training in SolidWorks opens the door up to several additional course offerings and a new certificate recommended by our advisory committee. These are outlined above under the "Advisory Board Recommendations for New Course Offerings". Regarding future trainings, there is a need to update IT-22, the Operations Maintenance and Safety class. It's been recommended by our advisory committee to teach this course at the level of Occupational Safety and Health Administration (OSHA) 10. Upon completing/passing the course, students would receive OSHA 10 cards. Many worksites require this level of training before being allowed to work. In order to offer OSHA 10 cards, classes and testing would need to be completed through OSHA.

## Section 3: Infrastructure Planning

### Facilities

Describe and evaluate the Lassen Community College facilities available to the program.

TR102, formerly construction trades, consists of the following: 12 welding booths (without power or ventilation) along the west wall, eight TIG welding booths, a metal rack, welding tables and a lockable office.

TR103 consists of the following: eight aisles along the east wall each containing four welding stations, three of which are for oxyacetylene welding, four welding stations along the west wall, a CNC cutting table, robotic welder, metal shear, floor mounted band saw, pipe beveling station, oxy-acetylene/plasma cutting table, three work tables, tool room, front office for storage, and an upstairs storage space and office.

Describe and evaluate additional facilities utilized off-campus by the program

No additional facilities are being utilized off-campus.

Describe any facilities needs identified internal or external analysis

Recent student surveys start on page 37 and end on page 47. Only thing to note is that the robotic welding class has only one robot that is to be shared by the entire class. This results in students standing around waiting for their turn. **Note, the questions in the student surveys are antiquated and in desperate need of updating. The data provided provides zero separation by course, even though a survey is expected to be completed for each course the student is taking. With that I want to point out that a typical student enrolled in a CTE program is enrolled in multiple courses in the same classroom/facility, so when a question asks if the lighting or desks/chairs is adequate, the answer isn't going to change. CTE programs should have their own surveys instead of one that encompasses all programs on campus.**

The following addresses surveys from past IPR's dating back to 2015.

From past IPR's it was noted that acoustics in the classroom needed to be improved and lighting under the mezzanine for the TIG welding booths in TR102 is inadequate.

Justify any proposed modifications or additions to existing facilities that would better serve the program planned for the program review cycle.

Improve acoustics in the classroom, this would allow students to hear the lectures more clearly.  
Improve lighting over the TIG welding stations would allow students to see their work.

**The following items are carried over from my 2015 welding IPR and still apply.**

Install carpeting in the classroom to eliminate poor acoustics. (Past peer evaluations recommendation and past student survey).

Improve existing electrical drops (splitting circuits if possible) and extend them to welding booths in construction trades, TR102

**Address the following health and safety concerns.**

Provide necessary ventilation for additional welding booths in construction trades, TR102

Improve ventilation in existing welding shop, TR103 (previous student evaluations).

## Q22 Describe how this course/program could be improved to better meet the needs of the students at Lassen Community College:

Answered: 9 Skipped: 3

#	RESPONSES	DATE
1	Having additional robots would be useful. Too little time on one robot is not sufficient.	10/4/2022 2:55 PM
2	There is only 1 robot for the whole class, which doesn't allow for much hands on learning, which is crucial for this class.	10/4/2022 1:26 PM
3	8 students sharing 1 robot	10/4/2022 1:17 PM
4	More time for each student on the robot to be able to complete our daily tasks efficiently.	10/4/2022 1:04 PM
5	there is one robot for 8 students, it would be nice if we had another robot so we can have more time on the robot	10/4/2022 12:57 PM
6	Everything is fine and usable in class	10/3/2022 11:03 AM
7	Sharper tools for welding. Pliers that work better. Tools are dull and need replaced	10/3/2022 10:13 AM
8	Atleast one or more cooling tanking in the shop as the old wood shop only as 5 gallon buckets	10/3/2022 9:53 AM
9	Not at this time.	10/3/2022 9:40 AM

22 / 23

## Q23 Please provide any additional comments on the course or program:

Answered: 1 Skipped: 11

#	RESPONSES	DATE
1	Another robot would help a great deal, there is often a lot of students just using class time to wait for their turn.	
	10/4/2022 1:26 PM	

23 / 23

### Equipment

- Describe and evaluate equipment and equipment support provided for instruction and instructional support

Equipment	Age	Courses Served
(12) Single process stick welders	20+	WT-37, 42, 20-22
(4) TIG/Stick welders	20+	WT-37, 39, 45, 20-23
(11) Miller XMT350 multi-process welders	12+	WT-37, 38, 44, 42, 43, 20-23
(4) Miller XMT350 MPA multi-process welders	4	WT-37, 38, 44, 42, 43, 20-23
(8) Miller Dynasty 200 TIG/Stick welders	10	WT-37, 39, 42, 43, 45, 20-23
(1) Miller Dynasty 280 TIG/Stick welders	1	WT-37, 39, 42, 43, 45, 20-23
(2) Miller Dynasty 350 TIG/Stick welders	10+	WT-37, 39, 42, 43, 45, 20-23
(2) Miller 350P Pulse MIG	15+	WT-38, 44

(4) Lincoln/Miller MIG welders	18+	WT-38
(1) Lincoln multi-process MIG welder	5	WT-37, 38, 39, 44
(1) Fanuc/Lincoln robotic welder	6	WT-52, 53
(1) Dynatorch CNC cutting table	7	Future Offering
(12) Oxy-Acetylene Welding Booths	20+	WT-36
(1) Piranha hydraulic shear	20+	All Courses
(1) Uni-Hydro hydraulic shear	16+	All Courses
(1) Stratasys 3D Printer	3	Future Offering
(1) Visible Welding Camera	2	All Courses
Shop ventilation system	20+	All Courses

We currently don't have a replacement schedule. As one can see, equipment from the above list that is 20+ years old is still serving our needs. The only draw back from those pieces of equipment is that they don't serve as many courses as a multi-process machine does.

Any maintenance costs to keep the equipment operational is taken from the welding departments budget.

## Technology

- Describe and evaluate technology and technology support provided for instruction and instructional support.

The welding department currently has the latest smart board technology, which is used for power point and video presentations.

The department also has a computer station that is used to access Accudemia. Accudemia is a web-based program used to track students' attendance and hours.

We've also implemented a Visible Welding Camera. The camera is used to critique welds performed by students.

- Justify any proposed modifications or additions to existing technology that would better serve the program planned for the next four years.

None at this time

## Section 4: Program Planning

Progress update on previous action plans

I've provided this information in a more detailed table titled "Progress on Advisory Committee Recommendations" starting at the bottom of page 40.

Action Plan	Progress Detail	Outcomes

### Strengths, Weaknesses, Opportunities, Threats (SWOT) Analysis

Complete SWOT analysis

<b>Strengths</b>	Quality education in a broad range of welding processes that leads to high paying jobs diversity of students and ability to adapt and grow.
<b>Weaknesses</b>	Lack of adjunct or full-time faculty to support additional course offerings and certificates
<b>Opportunities</b>	Increase partnerships with industry and other CTE programs. More outreach
<b>Threats</b>	Covid lockdowns, fewer students entering the industry due to the physical demands of the job.

### Program Plan

Develop a program action plan based on the findings of the SWOT Analysis. The plan should specify should aligns with one or more College Goals. SLO maps may be utilized to help show the connection.

- How do the action plans align with the mission of the college?  
The action plans align with the mission of the college by providing a rigor of coursework that leads to a higher economic potential and workforce development.
- What strategic goals do the action plans support?  
Learning Opportunities: Provide an array of rigorous academic programs delivered via a variety of modalities that promote student equity and learning while meeting the needs of the local and global community.  
  
Student Success: Provide a college environment that reaches-out-to and supports students, minimizes barriers, and increases opportunity and success through access and retention to enable student attainment of educational goals including completion of degrees and certificates, transfer, job placement and advancement, improvement of basic skills, and self-development through lifelong learning.
- What ISLOs do the action plans support?  
Critical Thinking - Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome.

- What specific evidence (e.g., SLOs, data) support the action plans?  
The SLO data is inconclusive due to the nature of the courses, but past student surveys and advisory committee recommendations support the action plans. This is addressed on page 31, “Advisory Committee Recommendations” and in section three page 35 “Infrastructure Planning”.
- Based on the action plans what resources are needed?  
Resources are addressed in the table below on page 53.
- What are the expected outcomes of the action plans?  
Expected outcomes are addressed in the table below on page 53
- What is the total cost of bringing the action plan to life?  
Cost is addressed in the table below on page 53.

Action Plan	Supporting Evidence	Expected Outcome	Resource(s) to Achieve the Action Plan	Resource Category	Estimated Cost	Expense Type	Priority Ranking
Install ventilation for welding booths in TR 102	2015 Student Surveys	Health and Safety and expand student capacity	Facilities	Equipment	\$80,000	One-Time	1
Improve current ventilation system in TR103	2015 Student Surveys	Health and Safety	Facilities	Equipment	\$40,000	One-Time	2
Add electrical drops for welding booths in TR 102	2015 Student Surveys	Expand student capacity and increase graduation rates	Facilities	Facility Improvement	\$5000	One-time	5
Improve lighting in TR102 under mezzanine	2021 Student Surveys	Provide a working environment that enhances productivity	Facilities	Facility Improvement	\$1000	One-time	3
Improve acoustics in the classroom	2021 Student Surveys	Improve verbal comprehension through better acoustics	Facilities	Facility Improvement	\$1000	One-time	4
Hire full-time faculty	Advisory committee recommendation and Industry need for workers	Offer additional courses, increase FTE's and add new certificate in advanced manufacturing	Human Resources	Human Resources	\$50K?	One-time	6
OSHA 10 class	Advisory committee recommendation and Industry need	Update IT-22 safety class to better serve and prepare students for employment	Other	Other	\$2000?	One-time	7

# Canvas Outcomes: An Overview

*Accreditation Tri-Chairs Meeting*

*4/28/2022*

What are Canvas Outcomes?

A Non-Technical Explanation (Video)

Creating Outcomes (options)

Admin / IR Considerations: Faculty vs. Bulk Import Considerations

Organizing Outcomes

Outcome Alignments to Rubrics, to Assignments/Quizzes/New Quizzes

Outcome Options → Calculation Methods

Outcome Reporting

Faculty Considerations

Accreditation Considerations

SLO Coordinator Considerations & Additional Questions

Additional Slides (not part of today)

# Canvas Outcomes

## What are Outcomes?

Outcomes enables the administration and faculty to track students' progress as measured by pedagogical goals or desired outcomes.

Grading student work automatically collects and compiles data on student progress for the Outcomes.

## Outcomes Video Overview [Admins]

# A Non-technical Explanation

# Creating Outcomes (Our Options)

Root Account

Sub-Account

Course

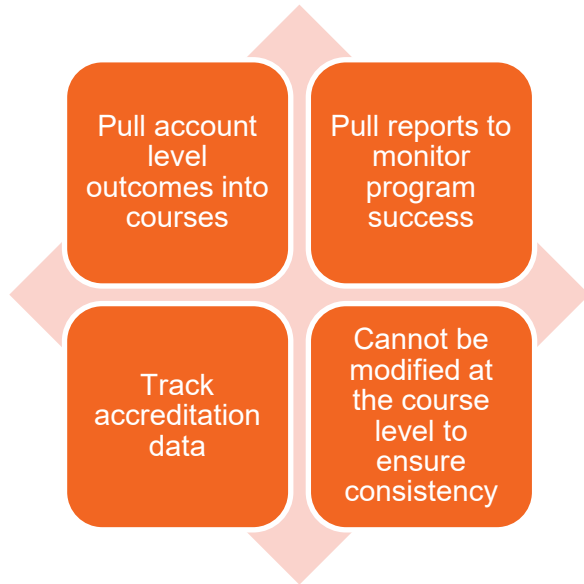

- Institution level outcomes need to be created at the root account level and then imported into sub-accounts and courses
- Outcomes created at the sub-account or course level cannot be imported into a higher account level
- **Outcomes created at the course level are not reportable except within the Learning Mastery Gradebook.**

## Importing Outcomes Is A Likely Solution

- Bulk import Outcomes using a CSV file
- [How do I import outcomes for an account?](#)

# Admin / Institutional Research Considerations

## Account Level Outcomes

## Other Considerations

(ie, Communication with Curriculum Changes need Process)

Outcomes that have been used to assess students (including test student) **cannot** be deleted.

Outdated outcomes can be moved into an archived folder

# Organizing Outcomes

Consider a naming convention to organize outcomes in account reports

How do I create outcome groups for an account?

How do I create an outcome for an account?

Demo of an import and mapping in a course

# Outcome Alignment Options

- When Outcomes live at a Subaccount or higher, Instructors “pull” Outcomes into their courses to use them.
- Instructors can not edit these Outcomes.
  - [How do I find an existing outcome to add to a course?](#)
  - [How do I view all aligned items and artifacts within an outcome?](#)

## Aligning Outcomes

- [How do I align an outcome with a rubric in a course?](#)
- [How do I align an outcome with a question bank?](#)[Classic Quizzes]
- [How do I align an outcome to an assessment in New Quizzes?](#)
- [How do I align an outcome to an assessment question in New Quizzes?](#)

# Outcomes Options

- Criterion Ratings (words, mastery designation, and scales can be whatever we want)

	Insert	Insert	Insert	
Exceeds Expectations	Meets Expectations	Does Not Meet Expectations	Total Points	
5 Points 	3 Points 	0 Points 	5 Points	

- Set Mastery and Calculation Method
  - Decaying Average
  - n Number of Times
  - Most Recent Score
  - Highest Score

# Calculation Methods

## Decaying Average

- This calculation factors the average of all assessment items while weighing the most recent (current) submission to any assignment associated with this outcome at a higher percentage.
- the Canvas method uses a simplified approach where Canvas calculates the average of all prior assessments and applies the value as a weighted percentage formula, instead of the alternative approach of simply using the prior decaying average.

## For example,

- a student has four aligned items with scores of 4, 3, 2, and 5 (scores listed chronologically from oldest to most recent). If the current item is set to be weighted at 65% of mastery, prior scores are weighted at 35%:
  - Current item score: 5
  - Average of prior item scores:  $(4 + 3 + 2) / 3 = 3$
  - Calculated score:  $5 (.65) + 3 (.35) = 3.25 + 1.05 = 4.3$

# Calculation Methods

## n Number of Times

- This calculation requires a specific number of times that mastery must be met or exceeded, and the number of aligned items that must be completed for calculation eligibility. Any scores that do not meet mastery are not part of the calculation.

## For example,

- a student is required to achieve mastery 2 times with a mastery score of 5. If the student has scores of 1, 3, 2, 4, 5, 3, and 6, only the scores of 5 and 6 would be part of the calculation

# Calculation Methods

## Most Recent Score

- calculation always selects the score for the most recent assessment item.

## Highest Score

- calculation always selects the highest score for all assessment items.

# Faculty Workflow Considerations

## *Are they too much?*

### Online Faculty

- For Assignments used to assess outcomes, they'd have to begin using Rubrics if they are not already, then add the Outcomes to the Rubric, and then align the rubric to one or more assignments, then assess each student.
- For Classic Quizzes, Outcomes can only be mapped to Test Banks. Faculty not using Test Banks would need to convert their Quizzes to New Quizzes, then map the question or questions to the Outcome.

### Correspondence Faculty

- They would have to add a/n assignment(s), then the rubric, then map the rubric to the Outcome, then map the Rubric to the assignment, and then enter results for each student assessed.

### Face to Face Faculty Not using Canvas

- Same as correspondence faculty.

### The Good News

- Every class already has a Canvas shell and all faculty already have a login.

# SLO Coordinator: Questions/Decisions to Move forward

The When: When will we know what system we will be using?

Who: Faculty adding SLOs or Bulk Imported?

How should we do training?

- What training would faculty need?
- When might we best do this?

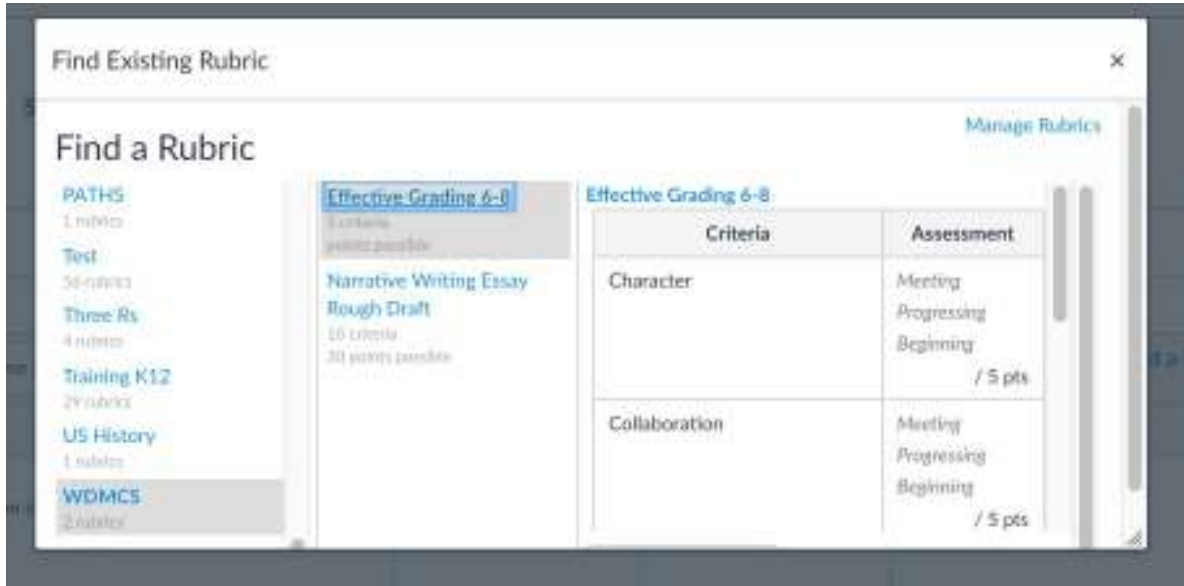

What:

- Should be our calculation method?
- What are the criterion scales and what wording makes most sense?

# Considerations for LCC Accreditation Team

1. Canvas does not cost anything for us to use. No IT involvement if we move forward.
2. Given we want reporting to be easy for Institutional Effectiveness/Researcher and in a single location → Should we allow faculty to create outcomes individually in courses for assessment purposes or should we bulk import them?
  - We can turn off faculty ability to add Outcomes to their courses, which may ensure a smooth path forward.
  - This would require that someone put all the correct outcomes in a spreadsheet, then import them into each course shell. Not hard, but time consuming.
  - If we do a bulk import, then we have to decide for each outcome what calculation method to use. The simplest is decaying average so that if a single outcome is aligned to multiple assignments, the latest gets the most weight; otherwise, if it's mapped to a single assignment (which I'd gather many faculty will do), it's just that particular score.
  - What lessons did Aaron Zentner learn that he might share about the calculation methods?
3. What do we want the rating scales to be? 3 point, 4 point, or something else?
  1. Below Mastery, Meets Mastery, Exceeds Mastery
  2. What verbiage might make most sense? Mastery, Expectations, or something else?
  3. How about Not assessed? Should that be zero points?
4. How might we group Outcomes to allow easy import for faculty? Should the designer import all outcomes in a course to lessen the load?
5. What's the best approach to training faculty? A group training, require faculty to schedule a meeting?

# Assessing Outcomes on Rubrics

The screenshot shows a 'Find Existing Rubric' window. On the left, there is a sidebar with categories: PATHS (1 rubric), Test (56 rubrics), Three Rs (4 rubrics), Training K12 (29 rubrics), US History (1 rubric), and WDMCS (2 rubrics). The main area displays 'Effective Grading 6-8' with a preview of a rubric table.

Criteria	Assessment
Character	Meeting Progressing Beginning / 5 pts
Collaboration	Meeting Progressing Beginning / 5 pts

Rubrics can be created at a Subaccount or Account level, and then Instructors can use them.

Instructors can also create their own Rubrics using Outcomes that have been shared at an account level.

# Assessing Outcomes on Rubrics

## Discussion Participation

Are students able to participate in discussions?

Exceeds ability to participate	Meets Expectations	Approaching	Does Not Meet Expectations	Total Points
10 Points	8 Points	5 Points	0 Points	13 Points

Use this criterion for scoring

Calculation Method: Most Recent Score

Calculation Method: Most Recent Score  
Example: Mastery score reflects the most recent graded assignment or quiz.  
1- Item scores: 1, 4, 2, 3  
2- Final score: 3

Outcomes on Rubrics can contribute to the overall score.

They also do not need to inform the score at all. Instead, if “Use this criterion for scoring” is unchecked, it will only inform the mastery of the Outcome, not the score on the assessment.

# Outcomes Reporting

- [How do I view the outcomes results report for an individual student in a course?](#)

## Account & Sub-account Reports

- **Outcome Export:** The Outcome Export report shows all learning outcomes in an account and includes details of all attributes associated with each outcome
- **Outcome Results:** The Outcome Results report shows the learning outcome results for all students
- **Student Competency:** The Student Competency report shows the learning outcome results for all students (includes associated assignment)

# Learning Mastery Gradebook

- Learning Mastery Gradebook is a feature option
- [How do I use the Learning Mastery Gradebook to view outcome results in a course?](#)
- [How do I view outcomes or student results individually in the Learning Mastery Gradebook?](#)
- [How do I customize learning mastery ratings for an account?](#)

The screenshot displays the Learning Mastery Gradebook interface. At the top, there are dropdown menus for 'All Sections' and 'Learning Mastery'. Below these is a table with columns for 'Writing Prom...', 'Quiz Outcome', and 'Group Work'. Each cell in the table contains a score (e.g., 3.67/3) and a colored square indicating the mastery level. A legend on the right side of the table defines the mastery levels: Exceeds Mastery (dark green), Meets Mastery (medium green), Near Mastery (orange), and Well Below Mastery (red). There are also checkboxes for 'Hide outcomes with no results' and 'Hide students with no results', and an 'Export report' button at the bottom.

	All Sections	Learning Mastery
3.67/3	3.5/3	3.67/3
Writing Prom...	Quiz Outcome	Group Work
5/3	4/3	5/3
3/3	3/3	3/3
2/3	2/3	2/3
5/3	5/3	5/3
3/3	4/3	3/3
4/3	3/3	4/3

Legend:

- Exceeds Mastery
- Meets Mastery
- Near Mastery
- Well Below Mastery

Options:

- Hide outcomes with no results
- Hide students with no results

Export report

# Feature Preview: Account and Course Level Mastery Scales

## Current Workflow

Criterion ratings:

Exceeds Expectations	Meets Expectations	Does Not Meet Expectations	Total Points
5 Points	5 Points	0 Points	5 Points

Mastery at: 3

Calculation Method: Highest Score

Calculation Method: Highest Score  
Example: Mastery score reflects the highest score of a graded assignment or quiz.  
1- Item scores: 1, 1, 2, 3  
2- Final score: 4

## Feature Preview Workflow

Manage Mastery Calculation

This mastery scale will be used as the default for all courses within your account.

Mastery	Description	Points	Color
<input type="radio"/>	Exceeds Mastery	5	Change
<input checked="" type="radio"/>	Mastery	4	Change
<input type="radio"/>	Near Mastery	3	Change
<input type="radio"/>	Below Mastery	2	Change

+ Add Mastery Level

- Mastery Scale is set only once at the account level
- Permission can be given to change Mastery at sub-account or course level

\*Must be enabled by CSM

# Feature Preview: Account & Course Level Mastery Scales

## Feature Preview Workflow

### Mastery Calculation

### Example

Mastery score reflects the highest score of a graded assignment or quiz.

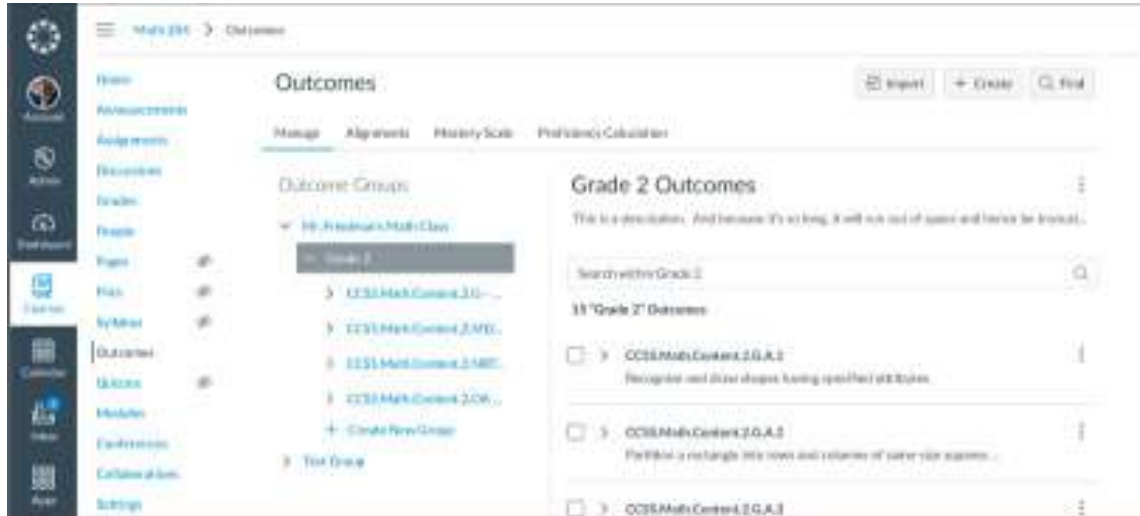

Item Scores: 1, 4, 2, 3

Final Score: 4

- Mastery Calculation is set only once at the account level
- Permission can be given to change Mastery Calculation at sub-account or course level

- Consider how granting permissions to adjust Mastery/ Calculation at sub account or course level will impact institution reports
- Once the feature has been enabled, it should no longer be disabled
- Can be enabled in beta environment

# Feature Preview: Improved Outcomes Management

- Must be enabled by CSM along with Course and Account Level Mastery Scales
- New clean interface with a focus on simplicity

AGR-22 outcome	AGR-22-SLO_2	(AGR-22-SLO_2) Demonstrate proper safety procedure. Demonstrate proper safety procedure. decaying_average	70 AGR-22	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-22 outcome	AGR-22-SLO_3	(AGR-22-SLO_3) Demonstrate knowledge and understand Demonstrate knowledge and understand decaying_average	70 AGR-22	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-22 outcome	AGR-22-SLO_4	(AGR-22-SLO_4) Demonstrate knowledge and understand Demonstrate knowledge and understand decaying_average	70 AGR-22	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-3 outcome	AGR-3-SLO_1	(AGR-3-SLO_1) Design a model plan to allocate resources Design a model plan to allocate resources decaying_average	70 AGR-3	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-3 outcome	AGR-3-SLO_2	(AGR-3-SLO_2) Recognizing the role as manager, and u Recognizing the role as manager, and decaying_average	70 AGR-3	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-31 outcome	AGR-31-SLO_1	(AGR-31-SLO_1) Plan and implement a successful embryo Plan and implement a successful embryo decaying_average	70 AGR-31	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-4 outcome	AGR-4-SLO_1	(AGR-4-SLO_1) Present a marketing plan for an agricultural Present a marketing plan for an agricultural decaying_average	70 AGR-4	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-4 outcome	AGR-4-SLO_2	(AGR-4-SLO_2) Demonstrate techniques in sales using Demonstrate techniques in sales using decaying_average	70 AGR-4	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-40 outcome	AGR-40-SLO_1	(AGR-40-SLO_1) Perform hot and cold metal repairs. Perform hot and cold metal repairs. decaying_average	70 AGR-40	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-40 outcome	AGR-40-SLO_2	(AGR-40-SLO_2) Demonstrate basic knots and rope splicing Demonstrate basic knots and rope splicing decaying_average	70 AGR-40	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-41 outcome	AGR-41-SLO_1	(AGR-41-SLO_1) Perform all pre-inspection and operations Perform all pre-inspection and operations decaying_average	70 AGR-41	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-42 outcome	AGR-42-SLO_1	(AGR-42-SLO_1) Students will be able to properly address Students will be able to properly address decaying_average	70 AGR-42	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-42 outcome	AGR-42-SLO_2	(AGR-42-SLO_2) Students will be able to implement a task Students will be able to implement a task decaying_average	70 AGR-42	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-49 outcome	AGR-49-SLO_1	(AGR-49-SLO_1) After creating individualized measurable After creating individualized measurable decaying_average	70 AGR-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-49 outcome	AGR-49-SLO_2	(AGR-49-SLO_2) Demonstrate proficient soft skills identify Demonstrate proficient soft skills identify decaying_average	70 AGR-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-49 outcome	AGR-49-SLO_3	(AGR-49-SLO_3) Given the course syllabus, which identify Given the course syllabus, which identify decaying_average	70 AGR-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-49 outcome	AGR-49-SLO_4	(AGR-49-SLO_4) Demonstrate the ability to use descriptive Demonstrate the ability to use descriptive decaying_average	70 AGR-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-49 outcome	AGR-49-SLO_5	(AGR-49-SLO_5) Identify career options within this academy Identify career options within this academy decaying_average	70 AGR-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-57 outcome	AGR-57-SLO_1	(AGR-57-SLO_1) Analyze structural design then correctly Analyze structural design then correctly decaying_average	70 AGR-57	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-61 outcome	AGR-61-SLO_1	(AGR-61-SLO_1) Demonstrate the procedures to collect Demonstrate the procedures to collect decaying_average	70 AGR-61	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-61 outcome	AGR-61-SLO_2	(AGR-61-SLO_2) Properly run an Estrus synchronization Properly run an Estrus synchronization decaying_average	70 AGR-61	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-70 outcome	AGR-70-SLO_1	(AGR-70-SLO_1) Demonstrate skills in horse control, speed Demonstrate skills in horse control, speed decaying_average	70 AGR-70	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-70 outcome	AGR-70-SLO_2	(AGR-70-SLO_2) Demonstrate proper rope handling. Demonstrate proper rope handling. decaying_average	70 AGR-70	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-8 outcome	AGR-8-SLO_1	(AGR-8-SLO_1) Recognize at least five major breeds of horses Recognize at least five major breeds of horses decaying_average	70 AGR-8	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-8 outcome	AGR-8-SLO_2	(AGR-8-SLO_2) Evaluate common management practices Evaluate common management practices decaying_average	70 AGR-8	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-9 outcome	AGR-9-SLO_1	(AGR-9-SLO_1) Given a set of animals, rank and support Given a set of animals, rank and support decaying_average	70 AGR-9	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-9 outcome	AGR-9-SLO_2	(AGR-9-SLO_2) Evaluate a genetic data sheet and rank Evaluate a genetic data sheet and rank decaying_average	70 AGR-9	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AGR-9 outcome	AGR-9-SLO_3	(AGR-9-SLO_3) Demonstrate sheep, swine and cattle care Demonstrate sheep, swine and cattle care decaying_average	70 AGR-9	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-10 outcome	AJ-10-SLO_1	(AJ-10-SLO_1) Demonstrate an understanding of the farm Demonstrate an understanding of the farm decaying_average	70 AJ-10	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-10 outcome	AJ-10-SLO_2	(AJ-10-SLO_2) Demonstrate knowledge of the various Demonstrate knowledge of the various decaying_average	70 AJ-10	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-10 outcome	AJ-10-SLO_3	(AJ-10-SLO_3) Demonstrate an understanding of various Demonstrate an understanding of various decaying_average	70 AJ-10	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-11 outcome	AJ-11-SLO_1	(AJ-11-SLO_1) Summarize the history and growth of horses Summarize the history and growth of horses decaying_average	70 AJ-11	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-11 outcome	AJ-11-SLO_2	(AJ-11-SLO_2) Explain in detail the various theories Explain in detail the various theories decaying_average	70 AJ-11	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-11 outcome	AJ-11-SLO_3	(AJ-11-SLO_3) Provide detailed plans of community animal Provide detailed plans of community animal decaying_average	70 AJ-11	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-12 outcome	AJ-12-SLO_1	(AJ-12-SLO_1) Demonstrate knowledge of the history, Demonstrate knowledge of the history decaying_average	70 AJ-12	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-12 outcome	AJ-12-SLO_2	(AJ-12-SLO_2) Demonstrate an understanding of corrections Demonstrate an understanding of corrections decaying_average	70 AJ-12	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-12 outcome	AJ-12-SLO_3	(AJ-12-SLO_3) Utilize conclusions from scholarly research Utilize conclusions from scholarly research decaying_average	70 AJ-12	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-14 outcome	AJ-14-SLO_1	(AJ-14-SLO_1) Explain the structure and workings of the Explain the structure and workings of the decaying_average	70 AJ-14	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-14 outcome	AJ-14-SLO_2	(AJ-14-SLO_2) Describe the laws and legal proceedings Describe the laws and legal proceedings decaying_average	70 AJ-14	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-14 outcome	AJ-14-SLO_3	(AJ-14-SLO_3) Define the special problems involving justice Define the special problems involving justice decaying_average	70 AJ-14	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-14 outcome	AJ-14-SLO_4	(AJ-14-SLO_4) Critically analyze the distinctions between Critically analyze the distinctions between decaying_average	70 AJ-14	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-14 outcome	AJ-14-SLO_5	(AJ-14-SLO_5) Critically evaluate Constitutional protection Critically evaluate Constitutional protection decaying_average	70 AJ-14	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-16 outcome	AJ-16-SLO_1	(AJ-16-SLO_1) Compare and contrast the unique super Compare and contrast the unique super decaying_average	70 AJ-16	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-16 outcome	AJ-16-SLO_2	(AJ-16-SLO_2) Identify, describe, and assess basic functions Identify, describe, and assess basic functions decaying_average	70 AJ-16	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-16 outcome	AJ-16-SLO_3	(AJ-16-SLO_3) To understand current issues in the super To understand current issues in the super decaying_average	70 AJ-16	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-171 outcome	AJ-171-SLO_1	(AJ-171-SLO_1) Given typical and atypical workplace scenarios Given typical and atypical workplace scenarios decaying_average	70 AJ-171	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-171 outcome	AJ-171-SLO_2	(AJ-171-SLO_2) Identify and explain applicable regulations Identify and explain applicable regulations decaying_average	70 AJ-171	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-20 outcome	AJ-20-SLO_1	(AJ-20-SLO_1) Explain the adversary system and sources Explain the adversary system and sources decaying_average	70 AJ-20	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-20 outcome	AJ-20-SLO_2	(AJ-20-SLO_2) Identify elements of offenses including Identify elements of offenses including decaying_average	70 AJ-20	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-20 outcome	AJ-20-SLO_3	(AJ-20-SLO_3) Identify the historical origins of America Identify the historical origins of America decaying_average	70 AJ-20	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-20 outcome	AJ-20-SLO_4	(AJ-20-SLO_4) Appraise the value of landmark case decisions Appraise the value of landmark case decisions decaying_average	70 AJ-20	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-23 outcome	AJ-23-SLO_1	(AJ-23-SLO_1) Describe the American criminal justice system Describe the American criminal justice system decaying_average	70 AJ-23	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-23 outcome	AJ-23-SLO_2	(AJ-23-SLO_2) Describe the laws that govern the collection Describe the laws that govern the collection decaying_average	70 AJ-23	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-23 outcome	AJ-23-SLO_3	(AJ-23-SLO_3) Describe the laws that govern witnesses Describe the laws that govern witnesses decaying_average	70 AJ-23	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-24 outcome	AJ-24-SLO_1	(AJ-24-SLO_1) Explain the history and evolution of the Explain the history and evolution of the decaying_average	70 AJ-24	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-24 outcome	AJ-24-SLO_2	(AJ-24-SLO_2) Identify and discuss key issues that pose Identify and discuss key issues that pose decaying_average	70 AJ-24	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-24 outcome	AJ-24-SLO_3	(AJ-24-SLO_3) Identify and describe the strategies for Identify and describe the strategies for decaying_average	70 AJ-24	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-35 outcome	AJ-35-SLO_1	(AJ-35-SLO_1) Identify and explain the role of documents Identify and explain the role of documents decaying_average	70 AJ-35	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-35 outcome	AJ-35-SLO_10	(AJ-35-SLO_10) Explain the role of the investigator in the Explain the role of the investigator in the decaying_average	70 AJ-35	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-35 outcome	AJ-35-SLO_2	(AJ-35-SLO_2) Recognize, identify and explain the impact Recognize, identify and explain the impact decaying_average	70 AJ-35	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-35 outcome	AJ-35-SLO_3	(AJ-35-SLO_3) Identify critical ethical issues relating to Identify critical ethical issues relating to decaying_average	70 AJ-35	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-35 outcome	AJ-35-SLO_4	(AJ-35-SLO_4) Describe successive evolutionary stages Describe successive evolutionary stages decaying_average	70 AJ-35	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-35 outcome	AJ-35-SLO_5	(AJ-35-SLO_5) Identify procedures for first responders Identify procedures for first responders decaying_average	70 AJ-35	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-35 outcome	AJ-35-SLO_6	(AJ-35-SLO_6) Describe the duties related to the basic Describe the duties related to the basic decaying_average	70 AJ-35	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-35 outcome	AJ-35-SLO_7	(AJ-35-SLO_7) Identify role of forensic examination in Identify role of forensic examination in decaying_average	70 AJ-35	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-35 outcome	AJ-35-SLO_8	(AJ-35-SLO_8) Compare and contrast the legalities and Compare and contrast the legalities and decaying_average	70 AJ-35	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-35 outcome	AJ-35-SLO_9	(AJ-35-SLO_9) Identify key information sources and da Identify key information sources and da decaying_average	70 AJ-35	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence

AJ-49_5 outcome	AJ-49-SLO_1	(AJ-49-SLO_1) After creating individualized measurable After creating individualized measurable decaying_average	70	AJ-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-49_5 outcome	AJ-49-SLO_2	(AJ-49-SLO_2) Demonstrate proficient Demonstrate proficient soft skills identify Demonstrate proficient soft skills identify decaying_average	70	AJ-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-49_5 outcome	AJ-49-SLO_3	(AJ-49-SLO_3) Given the course syllabus Given the course syllabus, which identify Given the course syllabus, which identify decaying_average	70	AJ-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-49_5 outcome	AJ-49-SLO_4	(AJ-49-SLO_4) Demonstrate the ability to use descriptive Demonstrate the ability to use descriptive decaying_average	70	AJ-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-49_5 outcome	AJ-49-SLO_5	(AJ-49-SLO_5) Identify career options Identify career options within this academic Identify career options within this academic decaying_average	70	AJ-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-5_Sl outcome	AJ-5-SLO_1	(AJ-5-SLO_1) Explain the role of forensic Explain the role of forensic specialists Identify Explain the role of forensic specialists Identify decaying_average	70	AJ-5	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-5_Sl outcome	AJ-5-SLO_2	(AJ-5-SLO_2) Apply appropriate investigative and forensic Apply appropriate investigative and forensic decaying_average	70	AJ-5	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-5_Sl outcome	AJ-5-SLO_3	(AJ-5-SLO_3) Demonstrate the procedures for the collection Demonstrate the procedures for the collection decaying_average	70	AJ-5	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-52A outcome	AJ-52A-SLO_1	(AJ-52A-SLO_1) Successfully complete the physical metal Successfully complete the physical metal decaying_average	70	AJ-52A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-52A outcome	AJ-52A-SLO_2	(AJ-52A-SLO_2) Pass the POST-Constructed PC 832 Com Pass the POST-Constructed PC 832 Com decaying_average	70	AJ-52A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-52B outcome	AJ-52B-SLO_1	(AJ-52B-SLO_1) Demonstrate the safe and effective use Demonstrate the safe and effective use decaying_average	70	AJ-52B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-52B outcome	AJ-52B-SLO_2	(AJ-52B-SLO_2) Demonstrate safe, accurate, and effective Demonstrate safe, accurate, and effective decaying_average	70	AJ-52B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-52B outcome	AJ-52B-SLO_3	(AJ-52B-SLO_3) Demonstrate the knowledge of the non Demonstrate the knowledge of the non decaying_average	70	AJ-52B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-52B outcome	AJ-52B-SLO_4	(AJ-52B-SLO_4) Demonstrate the proper take down, clean Demonstrate the proper take down, clean decaying_average	70	AJ-52B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-52B outcome	AJ-52B-SLO_5	(AJ-52B-SLO_5) State and define the Four Basic Safety State and define the Four Basic Safety decaying_average	70	AJ-52B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-52BR outcome	AJ-52BR-SLO_1	(AJ-52BR-SLO_1) Demonstrate the safe and effective use Demonstrate the safe and effective use decaying_average	70	AJ-52BR	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-52BR outcome	AJ-52BR-SLO_2	(AJ-52BR-SLO_2) Demonstrate safe, accurate, and effective Demonstrate safe, accurate, and effective decaying_average	70	AJ-52BR	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-52BR outcome	AJ-52BR-SLO_3	(AJ-52BR-SLO_3) Demonstrate the proper take down, clean Demonstrate the proper take down, clean decaying_average	70	AJ-52BR	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-52BR outcome	AJ-52BR-SLO_4	(AJ-52BR-SLO_4) Identify, interpret and apply current law Identify, interpret and apply current law decaying_average	70	AJ-52BR	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-53_5 outcome	AJ-53-SLO_1	(AJ-53-SLO_1) Demonstrate the understanding of the Demonstrate the understanding of the decaying_average	70	AJ-53	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-53_5 outcome	AJ-53-SLO_2	(AJ-53-SLO_2) Demonstrate the knowledge of the non Demonstrate the knowledge of the non decaying_average	70	AJ-53	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-53_5 outcome	AJ-53-SLO_3	(AJ-53-SLO_3) Demonstrate the proper take down, clean Demonstrate the proper take down, clean decaying_average	70	AJ-53	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-53_5 outcome	AJ-53-SLO_4	(AJ-53-SLO_4) Demonstrate the safe and effective use Demonstrate the safe and effective use decaying_average	70	AJ-53	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-53_5 outcome	AJ-53-SLO_5	(AJ-53-SLO_5) Demonstrate safe, accurate, and effective Demonstrate safe, accurate, and effective decaying_average	70	AJ-53	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-53_5 outcome	AJ-53-SLO_6	(AJ-53-SLO_6) Demonstrate knowledge of agency policies Demonstrate knowledge of agency policies decaying_average	70	AJ-53	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-56_5 outcome	AJ-56-SLO_1	(AJ-56-SLO_1) Demonstrate instructional strategies Demonstrate instructional strategies decaying_average	70	AJ-56	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-56_5 outcome	AJ-56-SLO_2	(AJ-56-SLO_2) Design and instruct a handgun and rifle Design and instruct a handgun and rifle decaying_average	70	AJ-56	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-56_5 outcome	AJ-56-SLO_3	(AJ-56-SLO_3) Demonstrate a basic understanding of Demonstrate a basic understanding of decaying_average	70	AJ-56	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-57_5 outcome	AJ-57-SLO_1	(AJ-57-SLO_1) Demonstrate the understanding of the Demonstrate the understanding of the decaying_average	70	AJ-57	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-57_5 outcome	AJ-57-SLO_2	(AJ-57-SLO_2) Demonstrate the ability to field strip Demonstrate the ability to field strip decaying_average	70	AJ-57	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-57_5 outcome	AJ-57-SLO_3	(AJ-57-SLO_3) Demonstrate the ability to properly load Demonstrate the ability to properly load decaying_average	70	AJ-57	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-58_5 outcome	AJ-58-SLO_1	(AJ-58-SLO_1) Demonstrate a minimum standard of Demonstrate a minimum standard of decaying_average	70	AJ-58	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-58_5 outcome	AJ-58-SLO_2	(AJ-58-SLO_2) Demonstrate a minimum standard of Demonstrate a minimum standard of decaying_average	70	AJ-58	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-58_5 outcome	AJ-58-SLO_3	(AJ-58-SLO_3) Demonstrate knowledge of the basic Demonstrate knowledge of the basic decaying_average	70	AJ-58	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-58_5 outcome	AJ-58-SLO_4	(AJ-58-SLO_4) Demonstrate knowledge of Driver Train Demonstrate knowledge of Driver Train decaying_average	70	AJ-58	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-58_5 outcome	AJ-58-SLO_5	(AJ-58-SLO_5) Demonstrate knowledge of use of force Demonstrate knowledge of use of force decaying_average	70	AJ-58	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-59_5 outcome	AJ-59-SLO_1	(AJ-59-SLO_1) Demonstrate the ability to assess a Demonstrate the ability to assess a decaying_average	70	AJ-59	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-59_5 outcome	AJ-59-SLO_2	(AJ-59-SLO_2) Identify and demonstrate the steps to Identify and demonstrate the steps to decaying_average	70	AJ-59	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-60_5 outcome	AJ-60-SLO_1	(AJ-60-SLO_1) Identify and demonstrate the major Identify and demonstrate the major decaying_average	70	AJ-60	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-60_5 outcome	AJ-60-SLO_2	(AJ-60-SLO_2) Identify and describe the overall mission Identify and describe the overall mission decaying_average	70	AJ-60	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-61_5 outcome	AJ-61-SLO_1	(AJ-61-SLO_1) Identify and demonstrate major tasks Identify and demonstrate major tasks decaying_average	70	AJ-61	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-61_5 outcome	AJ-61-SLO_2	(AJ-61-SLO_2) Identify and describe the overall mission Identify and describe the overall mission decaying_average	70	AJ-61	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-62_5 outcome	AJ-62-SLO_1	(AJ-62-SLO_1) Identify and demonstrate the major task Identify and demonstrate the major task decaying_average	70	AJ-62	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-62_5 outcome	AJ-62-SLO_2	(AJ-62-SLO_2) Identify and describe the overall mission Identify and describe the overall mission decaying_average	70	AJ-62	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-63_5 outcome	AJ-63-SLO_1	(AJ-63-SLO_1) Demonstrate an understanding of the Demonstrate an understanding of the decaying_average	70	AJ-63	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-71_5 outcome	AJ-71-SLO_1	(AJ-71-SLO_1) Given typical and atypical workplace Given typical and atypical workplace decaying_average	70	AJ-71	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-71_5 outcome	AJ-71-SLO_2	(AJ-71-SLO_2) Identify and explain applicable regulatory Identify and explain applicable regulatory decaying_average	70	AJ-71	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-8_Sl outcome	AJ-8-SLO_1	(AJ-8-SLO_1) Identify and describe the stages in the Identify and describe the stages in the decaying_average	70	AJ-8	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-8_Sl outcome	AJ-8-SLO_2	(AJ-8-SLO_2) Identify and critically analyze the concept Identify and critically analyze the concept decaying_average	70	AJ-8	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-9_Sl outcome	AJ-9-SLO_1	(AJ-9-SLO_1) Discuss the origins and history of American Discuss the origins and history of American decaying_average	70	AJ-9	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-9_Sl outcome	AJ-9-SLO_2	(AJ-9-SLO_2) Identify and differentiate clients in each Identify and differentiate clients in each decaying_average	70	AJ-9	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-9_Sl outcome	AJ-9-SLO_3	(AJ-9-SLO_3) Compare and contrast between public, Compare and contrast between public decaying_average	70	AJ-9	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AJ-9_Sl outcome	AJ-9-SLO_4	(AJ-9-SLO_4) Identify the innovative programs design Identify the innovative programs design decaying_average	70	AJ-9	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ANTH-1 outcome	ANTH-1-SLO_1	(ANTH-1-SLO_1) Given a set of problems or questions re Given a set of problems or questions re decaying_average	70	ANTH-1	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ANTH-1 outcome	ANTH-1-SLO_2	(ANTH-1-SLO_2) Given a set of problems, questions, or Identify Given a set of problems, questions, or Identify decaying_average	70	ANTH-1	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ANTH-1 outcome	ANTH-1L-SLO_1	(ANTH-1L-SLO_1) Given a set of problems or questions re Given a set of problems or questions re decaying_average	70	ANTH-1L	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ANTH-1 outcome	ANTH-1L-SLO_2	(ANTH-1L-SLO_2) Given a set of problems, questions, or Identify Given a set of problems, questions, or Identify decaying_average	70	ANTH-1L	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ANTH-1 outcome	ANTH-1L-SLO_3	(ANTH-1L-SLO_3) Apply the scientific method by stating a Apply the scientific method by stating a decaying_average	70	ANTH-1L	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ANTH-1 outcome	ANTH-1L-SLO_4	(ANTH-1L-SLO_4) Correctly perform biological laboratory Correctly perform biological laboratory decaying_average	70	ANTH-1L	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ANTH-1 outcome	ANTH-1L-SLO_5	(ANTH-1L-SLO_5) Create a project that demonstrates knowledge Create a project that demonstrates knowledge decaying_average	70	ANTH-1L	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ANTH-2 outcome	ANTH-2-SLO_1	(ANTH-2-SLO_1) Identify and explain customs, beliefs, traditions Identify and explain customs, beliefs, traditions decaying_average	70	ANTH-2	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ANTH-2 outcome	ANTH-2-SLO_2	(ANTH-2-SLO_2) Compare and contrast two specific cultures Compare and contrast two specific cultures decaying_average	70	ANTH-2	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ANTH-2 outcome	ANTH-2-SLO_3	(ANTH-2-SLO_3) Describe ethical issues anthropologists Describe ethical issues anthropologists decaying_average	70	ANTH-2	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-10 outcome	ART-10A-SLO_1	(ART-10A-SLO_1) Choose acrylic, or watercolor mediums, Choose acrylic, or watercolor mediums decaying_average	70	ART-10A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-10 outcome	ART-10A-SLO_2	(ART-10A-SLO_2) Use basic blending techniques to produce Use basic blending techniques to produce decaying_average	70	ART-10A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-10 outcome	ART-10A-SLO_3	(ART-10A-SLO_3) Use basic painting equipment and techniques Use basic painting equipment and techniques decaying_average	70	ART-10A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-10 outcome	ART-10B-SLO_1	(ART-10B-SLO_1) Use equipment and techniques in the art Use equipment and techniques in the art decaying_average	70	ART-10B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence

ART-10 outcome	ART-10B-SLO_2	(ART-10B-SLO_2) Use alternate techn Use alternate techniques such as glaziñ Use alternate techniques such as glazı decaying_average	70 ART-10B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-10 outcome	ART-10B-SLO_3	(ART-10B-SLO_3) Use appropriate teri Use appropriate terminology in choosin Use appropriate terminology in choosı decaying_average	70 ART-10B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-10 outcome	ART-10C-SLO_1	(ART-10C-SLO_1) Use alternate techn Use alternate techniques such as mono Use alternate techniques such as moı decaying_average	70 ART-10C	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-10 outcome	ART-10C-SLO_2	(ART-10C-SLO_2) Express a subject m Express a subject more thoroughly thro Express a subject more thoroughly thı decaying_average	70 ART-10C	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-10 outcome	ART-10C-SLO_3	(ART-10C-SLO_3) Exhibit the beginnin Exhibit the beginnings of a personal sty Exhibit the beginnings of a personal sı decaying_average	70 ART-10C	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-10 outcome	ART-10D-SLO_1	(ART-10D-SLO_1) Produce a portfolio Produce a portfolio of paintings suitabl Produce a portfolio of paintings suitaı decaying_average	70 ART-10D	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-10 outcome	ART-10D-SLO_2	(ART-10D-SLO_2) Discuss and/or writi Discuss and/or write using appropriate Discuss and/or write using appropriaı decaying_average	70 ART-10D	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-19 outcome	ART-19A-SLO_1	(ART-19A-SLO_1) Capture images witl Capture images with correct exposure. Capture images with correct exposurı decaying_average	70 ART-19A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-19 outcome	ART-19A-SLO_2	(ART-19A-SLO_2) Manipulate images, Manipulate images, using basic Adobe s Manipulate images, using basic Adobı decaying_average	70 ART-19A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-19 outcome	ART-19A-SLO_3	(ART-19A-SLO_3) Discuss/critique digi Discuss/critique digital photographs usi Discuss/critique digital photographs ı decaying_average	70 ART-19A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-19 outcome	ART-19B-SLO_1	(ART-19B-SLO_1) Use digital photogra Use digital photographic tools and tech Use digital photographic tools and teı decaying_average	70 ART-19B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-19 outcome	ART-19B-SLO_2	(ART-19B-SLO_2) Use software tools Use software tools and techniques to ei Use software tools and techniques tcı decaying_average	70 ART-19B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-19 outcome	ART-19B-SLO_3	(ART-19B-SLO_3) Use software tools Use software tools and techniques to ei Use software tools and techniques tcı decaying_average	70 ART-19B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-19 outcome	ART-19C-SLO_1	(ART-19C-SLO_1) Use advanced digita Use advanced digital photographic imağ Use advanced digital photographic ı decaying_average	70 ART-19C	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-19 outcome	ART-19C-SLO_2	(ART-19C-SLO_2) Use advanced digita Use advanced digital tools and techniq Use advanced digital tools and technı decaying_average	70 ART-19C	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-19 outcome	ART-19D-SLO_1	(ART-19D-SLO_1) Produce a body of v Produce a body of work that effectively Produce a body of work that effectivı decaying_average	70 ART-19D	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-19 outcome	ART-19D-SLO_2	(ART-19D-SLO_2) Prepare the work s. Prepare the work suitably for presentat Prepare the work suitably for presentı decaying_average	70 ART-19D	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-1A outcome	ART-1A-SLO_1	(ART-1A-SLO_1) Solve basic problems Solve basic problems of visual expressic Solve basic problems of visual expresı decaying_average	70 ART-1A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-1A outcome	ART-1A-SLO_2	(ART-1A-SLO_2) Describe two-dimens Describe two-dimension artwork using Describe two-dimension artwork usıı decaying_average	70 ART-1A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-1A outcome	ART-1A-SLO_3	(ART-1A-SLO_3) Demonstrate basic kr Demonstrate basic knowledge of two-d Demonstrate basic knowledge of twı decaying_average	70 ART-1A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-1B outcome	ART-1B-SLO_1	(ART-1B-SLO_1) Solve basic problems Solve basic problems of visual expressic Solve basic problems of visual expresı decaying_average	70 ART-1B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-1B outcome	ART-1B-SLO_2	(ART-1B-SLO_2) Describe 3-dimension Describe 3-dimension design productio Describe 3-dimension design productı decaying_average	70 ART-1B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-1B outcome	ART-1B-SLO_3	(ART-1B-SLO_3) Demonstrate basic kr Demonstrate basic knowledge of 3-dim Demonstrate basic knowledge of 3-dı decaying_average	70 ART-1B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-1B outcome	ART-1B-SLO_4	(ART-1B-SLO_4) Use basic computer c Use basic computer design software to Use basic computer design software decaying_average	70 ART-1B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-2_ outcome	ART-2-SLO_1	(ART-2-SLO_1) Produce basic realistic Produce basic realistic drawings of varic Produce basic realistic drawings of vaı decaying_average	70 ART-2	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-2_ outcome	ART-2-SLO_2	(ART-2-SLO_2) Produce non-realistic c Produce non-realistic drawings, using al Produce non-realistic drawings, usingı decaying_average	70 ART-2	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-21 outcome	ART-21-SLO_1	(ART-21-SLO_1) Solve visual problems Solve visual problems using design prinı Solve visual problems using design pı decaying_average	70 ART-21	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-21 outcome	ART-21-SLO_2	(ART-21-SLO_2) Discuss and analyze c Discuss and analyze color, value contras Discuss and analyze color, value contı decaying_average	70 ART-21	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-21 outcome	ART-21-SLO_3	(ART-21-SLO_3) Produce conceptual t Produce conceptual based two-dimensı Produce conceptual based two-dimeı decaying_average	70 ART-21	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-22 outcome	ART-22-SLO_1	(ART-22-SLO_1) Recognize and apply Recognize and apply the principles and Recognize and apply the principles aı decaying_average	70 ART-22	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-22 outcome	ART-22-SLO_2	(ART-22-SLO_2) Formulate criteria for Formulate criteria for interpretation anı Formulate criteria for interpretation decaying_average	70 ART-22	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-22 outcome	ART-22-SLO_3	(ART-22-SLO_3) Practice producing cc Practice producing communicative illus Practice producing communicative illı decaying_average	70 ART-22	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-22 outcome	ART-22-SLO_4	(ART-22-SLO_4) Understand commun Understand communication problems s Understand communication problemı decaying_average	70 ART-22	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-23 outcome	ART-23-SLO_1	(ART-23-SLO_1) Demonstrate press te Demonstrate press techniques and prin Demonstrate press techniques and pı decaying_average	70 ART-23	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-23 outcome	ART-23-SLO_2	(ART-23-SLO_2) Identify historic and i Identify historic and aesthetic conceps Identify historic and aesthetic conceı decaying_average	70 ART-23	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-23 outcome	ART-23-SLO_3	(ART-23-SLO_3) Demonstrate appropi Demonstrate appropriate vocabulary in Demonstrate appropriate vocabularyı decaying_average	70 ART-23	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-25 outcome	ART-25-SLO_1	(ART-25-SLO_1) Solve time-based con Solve time-based conceptual problems Solve time-based conceptual probleı decaying_average	70 ART-25	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-25 outcome	ART-25-SLO_2	(ART-25-SLO_2) Discuss and analyze c Discuss and analyze digital graphics: Bit Discuss and analyze digital graphics: ı decaying_average	70 ART-25	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-25 outcome	ART-25-SLO_3	(ART-25-SLO_3) Demonstrate basic kr Demonstrate basic knowledge of career Demonstrate basic knowledge of carı decaying_average	70 ART-25	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-26 outcome	ART-26-SLO_1	(ART-26-SLO_1) Produce original grap Produce original graphic layout and des Produce original graphic layout and cı decaying_average	70 ART-26	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-26 outcome	ART-26-SLO_2	(ART-26-SLO_2) Analyze and apply thı Analyze and apply the principles of desi Analyze and apply the principles of dı decaying_average	70 ART-26	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-26 outcome	ART-26-SLO_3	(ART-26-SLO_3) Make sound aesthetı Make sound aesthetic judgments and p Make sound aesthetic judgments ancı decaying_average	70 ART-26	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-3_ outcome	ART-3-SLO_1	(ART-3-SLO_1) Produce drawings of tl Produce drawings of the human figurı Produce drawings of the human figı decaying_average	70 ART-3	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-3_ outcome	ART-3-SLO_2	(ART-3-SLO_2) Understand the impor Understand the importance of the hum Understand the importance of the huı decaying_average	70 ART-3	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-3_ outcome	ART-3-SLO_3	(ART-3-SLO_3) Achieve a likeness and Achieve a likeness and convincing illisic Achieve a likeness and convincing illı decaying_average	70 ART-3	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-36 outcome	ART-36A-SLO_1	(ART-36A-SLO_1) Use hand-building t Use hand-building techniques to produ Use hand-building techniques to proı decaying_average	70 ART-36A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-36 outcome	ART-36A-SLO_2	(ART-36A-SLO_2) Use wheel-throwing Use wheel-throwing techniques to thro Use wheel-throwing techniques to thı decaying_average	70 ART-36A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-36 outcome	ART-36A-SLO_3	(ART-36A-SLO_3) Use single glazing ai Use single glazing and texture techniq Use single glazing and texture technıı decaying_average	70 ART-36A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-36 outcome	ART-36A-SLO_4	(ART-36A-SLO_4) Use appropriate teri Use appropriate terminology to describ Use appropriate terminology to descriı decaying_average	70 ART-36A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-36 outcome	ART-36B-SLO_1	(ART-36B-SLO_1) Use hand-building t Use hand-building techniques to produ Use hand-building techniques to proı decaying_average	70 ART-36B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-36 outcome	ART-36B-SLO_2	(ART-36B-SLO_2) Use increasingly cor Use increasingly complex hand building Use increasingly complex hand buildıı decaying_average	70 ART-36B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-36 outcome	ART-36B-SLO_3	(ART-36B-SLO_3) Use increasingly cor Use increasingly complex hand building Use increasingly complex hand buildıı decaying_average	70 ART-36B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-36 outcome	ART-36B-SLO_4	(ART-36B-SLO_4) Use layer/wax resist U Use layer/wax resist/airbrush glazing te Use layer/wax resist/airbrush glazı decaying_average	70 ART-36B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-36 outcome	ART-36B-SLO_5	(ART-36B-SLO_5) Demonstrate knowl Demonstrate knowledge of ceramics p Demonstrate knowledge of ceramicsı decaying_average	70 ART-36B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-36 outcome	ART-36C-SLO_1	(ART-36C-SLO_1) Use advanced techn Use advanced techniques to produce pi Use advanced techniques to produceı decaying_average	70 ART-36C	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-36 outcome	ART-36C-SLO_2	(ART-36C-SLO_2) Use appropriate lan Use appropriate language to describe ai Use appropriate language to describeı decaying_average	70 ART-36C	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-36 outcome	ART-36C-SLO_3	(ART-36C-SLO_3) Demonstrate knowl Demonstrate knowledge of current trer Demonstrate knowledge of current tı decaying_average	70 ART-36C	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-36 outcome	ART-36D-SLO_1	(ART-36D-SLO_1) Produce a body ("pı Produce a body ("portfolio") of ceramic Produce a body ("portfolio") of ceranı decaying_average	70 ART-36D	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-36 outcome	ART-36D-SLO_2	(ART-36D-SLO_2) Use appropriate ter Use appropriate terminology to make o Use appropriate terminology to maktı decaying_average	70 ART-36D	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-43 outcome	ART-43A-SLO_1	(ART-43A-SLO_1) Properly use hand a Properly use hand and power tools corı Properly use hand and power tools cı decaying_average	70 ART-43A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-43 outcome	ART-43A-SLO_2	(ART-43A-SLO_2) Design jewelry piec Design jewelry pieces using formal desiğ Design jewelry pieces using formal dı decaying_average	70 ART-43A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-43 outcome	ART-43A-SLO_3	(ART-43A-SLO_3) Demonstrate knowl Demonstrate knowledge of and analyze Demonstrate knowledge of and analı decaying_average	70 ART-43A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-43 outcome	ART-43B-SLO_1	(ART-43B-SLO_1) Properly use hand a Properly use hand and power tools corı Properly use hand and power tools cı decaying_average	70 ART-43B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-43 outcome	ART-43B-SLO_2	(ART-43B-SLO_2) Use common conteı Use common contemporary techniq Use common contemporary techniqı decaying_average	70 ART-43B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-43 outcome	ART-43B-SLO_3	(ART-43B-SLO_3) Use rock saws and p Use rock saws and polishers to cut and Use rock saws and polishers to cut arı decaying_average	70 ART-43B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-43 outcome	ART-43B-SLO_4	(ART-43B-SLO_4) Demonstrate knowl Demonstrate knowledge of body ornarı Demonstrate knowledge of body ornı decaying_average	70 ART-43B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-43 outcome	ART-43C-SLO_1	(ART-43C-SLO_1) Design and produce Design and produce a piece of jewelry t Design and produce a piece of jewelı decaying_average	70 ART-43C	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence

ART-43_ outcome	ART-43C-SLO_2	(ART-43C-SLO_2) Use processes such as inlaying, repoussé Use processes such as inlaying, repoussé decaying_average	70 ART-43C	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-43_ outcome	ART-43C-SLO_3	(ART-43C-SLO_3) Fabricate jewelry using cold connections Fabricate jewelry using cold connections decaying_average	70 ART-43C	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-43_ outcome	ART-43C-SLO_4	(ART-43C-SLO_4) Incorporate non-precious materials and incorporate non-precious materials a decaying_average	70 ART-43C	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-43_ outcome	ART-43D-SLO_1	(ART-43D-SLO_1) Adhere to professional expectations in handwork Adhere to professional expectations in handwork decaying_average	70 ART-43D	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-43_ outcome	ART-43D-SLO_2	(ART-43D-SLO_2) Produce working drawings. Produce working drawings. decaying_average	70 ART-43D	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-43_ outcome	ART-43D-SLO_3	(ART-43D-SLO_3) Continue to develop a personal style. Continue to develop a personal style. decaying_average	70 ART-43D	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-43_ outcome	ART-43D-SLO_4	(ART-43D-SLO_4) Produce a formal portfolio of finished projects Produce a formal portfolio of finished projects decaying_average	70 ART-43D	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-49_ outcome	ART-49-SLO_1	(ART-49-SLO_1) After creating individualized measurable outcomes After creating individualized measurable outcomes decaying_average	70 ART-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-49_ outcome	ART-49-SLO_2	(ART-49-SLO_2) Demonstrate proficient soft skills Identify Demonstrate proficient soft skills Identify decaying_average	70 ART-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-49_ outcome	ART-49-SLO_3	(ART-49-SLO_3) Given the course syllabus, which identifies Given the course syllabus, which identifies decaying_average	70 ART-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-49_ outcome	ART-49-SLO_4	(ART-49-SLO_4) Demonstrate the ability to use descriptive Demonstrate the ability to use descriptive decaying_average	70 ART-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-49_ outcome	ART-49-SLO_5	(ART-49-SLO_5) Identify career options within this academic Identify career options within this academic decaying_average	70 ART-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-50_ outcome	ART-50-SLO_1	(ART-50-SLO_1) Construct four (4) each, Archimedean Construct four (4) each, Archimedean decaying_average	70 ART-50	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-50_ outcome	ART-50-SLO_2	(ART-50-SLO_2) Complete one research assignment with Complete one research assignment with decaying_average	70 ART-50	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-6_ outcome	ART-6-SLO_1	(ART-6-SLO_1) Use appropriate terminology in comparison Use appropriate terminology in comparison decaying_average	70 ART-6	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-6_ outcome	ART-6-SLO_2	(ART-6-SLO_2) Describe how works of art from the past Describe how works of art from the past decaying_average	70 ART-6	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-6_ outcome	ART-6-SLO_3	(ART-6-SLO_3) Describe the criteria used to judge works of art Describe the criteria used to judge works of art decaying_average	70 ART-6	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-7_ outcome	ART-7-SLO_1	(ART-7-SLO_1) Use appropriate terminology in comparison Use appropriate terminology in comparison decaying_average	70 ART-7	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-7_ outcome	ART-7-SLO_2	(ART-7-SLO_2) Describe how works of art from the past Describe how works of art from the past decaying_average	70 ART-7	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-7_ outcome	ART-7-SLO_3	(ART-7-SLO_3) Describe the criteria used to judge works of art Describe the criteria used to judge works of art decaying_average	70 ART-7	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-8_ outcome	ART-8-SLO_1	(ART-8-SLO_1) Demonstrate basic knowledge of visual Demonstrate basic knowledge of visual decaying_average	70 ART-8	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-8_ outcome	ART-8-SLO_2	(ART-8-SLO_2) Describe and analyze works of visual art Describe and analyze works of visual art decaying_average	70 ART-8	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-8_ outcome	ART-8-SLO_3	(ART-8-SLO_3) Demonstrate basic knowledge of visual Demonstrate basic knowledge of visual decaying_average	70 ART-8	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-8_ outcome	ART-8-SLO_4	(ART-8-SLO_4) Demonstrate basic knowledge of art history Demonstrate basic knowledge of art history decaying_average	70 ART-8	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ART-8_ outcome	ART-8-SLO_5	(ART-8-SLO_5) Demonstrate basic knowledge of period Demonstrate basic knowledge of period decaying_average	70 ART-8	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ASL-1_ outcome	ASL-1-SLO_1	(ASL-1-SLO_1) Recognize and understand basic signed Recognize and understand basic signed decaying_average	70 ASL-1	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ASL-1_ outcome	ASL-1-SLO_2	(ASL-1-SLO_2) Construct comprehensible sentences Construct comprehensible sentences decaying_average	70 ASL-1	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ASL-1_ outcome	ASL-1-SLO_3	(ASL-1-SLO_3) Evaluate elements of Deaf Culture with Evaluate elements of Deaf Culture with decaying_average	70 ASL-1	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ASL-1_ outcome	ASL-1-SLO_4	(ASL-1-SLO_4) Use socially appropriate behaviors while Use socially appropriate behaviors while decaying_average	70 ASL-1	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ASL-1_ outcome	ASL-1-SLO_5	(ASL-1-SLO_5) Discuss features of the culture and history Discuss features of the culture and history decaying_average	70 ASL-1	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ASL-2_ outcome	ASL-2-SLO_1	(ASL-2-SLO_1) Demonstrate intermediate commands Demonstrate intermediate commands decaying_average	70 ASL-2	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ASL-2_ outcome	ASL-2-SLO_2	(ASL-2-SLO_2) Perform more complicated sentences Perform more complicated sentences decaying_average	70 ASL-2	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ASL-2_ outcome	ASL-2-SLO_3	(ASL-2-SLO_3) Respond with use of culturally appropriate Respond with use of culturally appropriate decaying_average	70 ASL-2	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ASL-2_ outcome	ASL-2-SLO_4	(ASL-2-SLO_4) Compare and contrast aspects of American Compare and contrast aspects of American decaying_average	70 ASL-2	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ASL-2_ outcome	ASL-2-SLO_5	(ASL-2-SLO_5) Translate written script to ASL. Translate written script to ASL. decaying_average	70 ASL-2	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ASL-2_ outcome	ASL-2-SLO_6	(ASL-2-SLO_6) Discuss features of the culture and history Discuss features of the culture and history decaying_average	70 ASL-2	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ASTR-1_ outcome	ASTR-1-SLO_1	(ASTR-1-SLO_1) Analyze the impact of current and future Analyze the impact of current and future decaying_average	70 ASTR-1	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ASTR-1_ outcome	ASTR-1-SLO_2	(ASTR-1-SLO_2) Apply methods of scientific inquiry to Apply methods of scientific inquiry to decaying_average	70 ASTR-1	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
ASTR-1_ outcome	ASTR-1-SLO_3	(ASTR-1-SLO_3) Explain astronomical theories and concepts Explain astronomical theories and concepts decaying_average	70 ASTR-1	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-150_ outcome	AT-150-SLO_1	(AT-150-SLO_1) Identify vehicle information and performance Identify vehicle information and performance decaying_average	70 AT-150	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-150_ outcome	AT-150-SLO_2	(AT-150-SLO_2) Students will also be able to perform vehicle Students will also be able to perform vehicle decaying_average	70 AT-150	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-151_ outcome	AT-151-SLO_1	(AT-151-SLO_1) Identify vehicle information and performance Identify vehicle information and performance decaying_average	70 AT-151	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-151_ outcome	AT-151-SLO_2	(AT-151-SLO_2) Students will also be able to perform vehicle Students will also be able to perform vehicle decaying_average	70 AT-151	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-151_ outcome	AT-151-SLO_3	(AT-151-SLO_3) Students will also be able to measure air Students will also be able to measure air decaying_average	70 AT-151	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-49_ outcome	AT-49-SLO_1	(AT-49-SLO_1) After creating individualized measurable outcomes After creating individualized measurable outcomes decaying_average	70 AT-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-49_ outcome	AT-49-SLO_2	(AT-49-SLO_2) Demonstrate proficient soft skills Identify Demonstrate proficient soft skills Identify decaying_average	70 AT-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-49_ outcome	AT-49-SLO_3	(AT-49-SLO_3) Given the course syllabus, which identifies Given the course syllabus, which identifies decaying_average	70 AT-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-49_ outcome	AT-49-SLO_4	(AT-49-SLO_4) Demonstrate the ability to use descriptive Demonstrate the ability to use descriptive decaying_average	70 AT-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-49_ outcome	AT-49-SLO_5	(AT-49-SLO_5) Identify career options within this academic Identify career options within this academic decaying_average	70 AT-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-50_ outcome	AT-50-SLO_1	(AT-50-SLO_1) Identify vehicle information and performance Identify vehicle information and performance decaying_average	70 AT-50	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-50_ outcome	AT-50-SLO_2	(AT-50-SLO_2) Students will also be able to perform maintenance Students will also be able to perform maintenance decaying_average	70 AT-50	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-54_ outcome	AT-54-SLO_1	(AT-54-SLO_1) Diagnose, analyze, and repair common Diagnose, analyze, and repair common decaying_average	70 AT-54	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-54_ outcome	AT-54-SLO_2	(AT-54-SLO_2) Demonstrate proper use of tools and equipment Demonstrate proper use of tools and equipment decaying_average	70 AT-54	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-56_ outcome	AT-56-SLO_1	(AT-56-SLO_1) Diagnose, analyze, and repair common Diagnose, analyze, and repair common decaying_average	70 AT-56	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-56_ outcome	AT-56-SLO_2	(AT-56-SLO_2) Demonstrate proper use of specialized tools Demonstrate proper use of specialized tools decaying_average	70 AT-56	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-58_ outcome	AT-58-SLO_1	(AT-58-SLO_1) Diagnose, analyze, and repair air conditioning Diagnose, analyze, and repair air conditioning decaying_average	70 AT-58	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-58_ outcome	AT-58-SLO_2	(AT-58-SLO_2) Diagnose, analyze, and repair common Diagnose, analyze, and repair common decaying_average	70 AT-58	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-58_ outcome	AT-58-SLO_3	(AT-58-SLO_3) Demonstrate proper use of specialized tools Demonstrate proper use of specialized tools decaying_average	70 AT-58	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-60_ outcome	AT-60-SLO_1	(AT-60-SLO_1) Demonstrate the ability to communicate Demonstrate the ability to communicate decaying_average	70 AT-60	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-60_ outcome	AT-60-SLO_2	(AT-60-SLO_2) The students will also be able to oversee The students will also be able to oversee decaying_average	70 AT-60	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-66_ outcome	AT-66-SLO_1	(AT-66-SLO_1) Diagnose, analyze, and repair common Diagnose, analyze, and repair common decaying_average	70 AT-66	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-68_ outcome	AT-68-SLO_1	(AT-68-SLO_1) Demonstrate the ability to perform diagnosis Demonstrate the ability to perform diagnosis decaying_average	70 AT-68	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-68_ outcome	AT-68-SLO_2	(AT-68-SLO_2) Diagnose, analyze, and correct malfunction Diagnose, analyze, and correct malfunction decaying_average	70 AT-68	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-68_ outcome	AT-68-SLO_3	(AT-68-SLO_3) Demonstrate and properly use of special tools Demonstrate and properly use of special tools decaying_average	70 AT-68	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-70_ outcome	AT-70-SLO_1	(AT-70-SLO_1) Demonstrate effective time management Demonstrate effective time management decaying_average	70 AT-70	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-72_ outcome	AT-72-SLO_1	(AT-72-SLO_1) Diagnose, disassemble, initiate correction Diagnose, disassemble, initiate correction decaying_average	70 AT-72	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
AT-72_ outcome	AT-72-SLO_2	(AT-72-SLO_2) Perform machining and balancing processes Perform machining and balancing processes decaying_average	70 AT-72	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence

BIOL-32 outcome	BIOL-32-SLO_2	(BIOL-32-SLO_2) Describe the key cha Describe the key characteristics of all lif Describe the key characteristics of all	70 BIOL-32	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
BIOL-32 outcome	BIOL-32L-SLO_1	(BIOL-32L-SLO_1) Describe a biolog Describe a biological process involved w Describe a biological process involv	70 BIOL-32L	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
BIOL-32 outcome	BIOL-32L-SLO_2	(BIOL-32L-SLO_2) Describe the key ch Describe the key characteristics of all lif Describe the key characteristics of all	70 BIOL-32L	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
BIOL-32 outcome	BIOL-32L-SLO_3	(BIOL-32L-SLO_3) Apply the scientific Apply the scientific method by stating a Apply the scientific method by statin	70 BIOL-32L	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
BIOL-32 outcome	BIOL-32L-SLO_4	(BIOL-32L-SLO_4) Perform biological I Perform biological laboratory skills and Perform biological laboratory skills ar	70 BIOL-32L	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
BIOL-4_ outcome	BIOL-4-SLO_1	(BIOL-4-SLO_1) Apply the scientific m Apply the scientific method by stating a Apply the scientific method by statin	70 BIOL-4	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
BIOL-4_ outcome	BIOL-4-SLO_2	(BIOL-4-SLO_2) Construct a simple dic Construct a simple dichotomous key ui Construct a simple dichotomous key	70 BIOL-4	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
BIOL-4_ outcome	BIOL-4-SLO_3	(BIOL-4-SLO_3) Explain the evolution; Explain the evolutionary progression of Explain the evolutionary progression	70 BIOL-4	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
BIOL-4_ outcome	BIOL-4-SLO_4	(BIOL-4-SLO_4) Perform biological lab Perform biological laboratory skills and Perform biological laboratory skills ar	70 BIOL-4	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
BS-156_ outcome	BS-156-SLO_1	(BS-156-SLO_1) Correctly find, evalua Correctly find, evaluate, and use print a Correctly find, evaluate, and use prin	70 BS-156	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence

CD-19_ outcome	CD-19-SLO_3	(CD-19-SLO_3) Analyze the nutritiona Analyze the nutritional needs of childre Analyze the nutritional needs of chilc	70 CD-19	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-19_ outcome	CD-19-SLO_4	(CD-19-SLO_4) Recall regulation, stan Recall regulation, standards, policies, ar Recall regulation, standards, policies,	70 CD-19	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence

CD-19_outcome	CD-19-SLO_5	(CD-19-SLO_5) Define the importance of collaboration. Define the importance of collaboration. Define the importance of collaboration. decaying_average	70	CD-19	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-20_outcome	CD-20-SLO_1	(CD-20-SLO_1) Identify the underlying theoretical perspectives. Identify the underlying theoretical perspectives. Identify the underlying theoretical perspectives. decaying_average	70	CD-20	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-22_outcome	CD-22-SLO_1	(CD-22-SLO_1) Apply infant/toddler development to practice. Apply infant/toddler development to practice. Apply infant/toddler development to practice. decaying_average	70	CD-22	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-22_outcome	CD-22-SLO_2	(CD-22-SLO_2) Describe and develop a responsive primary curriculum. Describe and develop a responsive primary curriculum. Describe and develop a responsive primary curriculum. decaying_average	70	CD-22	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-22_outcome	CD-22-SLO_3	(CD-22-SLO_3) Develop strategies for effective communication. Develop strategies for effective communication. Develop strategies for effective communication. decaying_average	70	CD-22	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-23_outcome	CD-23-SLO_1	(CD-23-SLO_1) Demonstrate the ability to maintain a safe environment. Demonstrate the ability to maintain a safe environment. Demonstrate the ability to maintain a safe environment. decaying_average	70	CD-23	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-23_outcome	CD-23-SLO_2	(CD-23-SLO_2) Demonstrate the ability to provide appropriate stimulation. Demonstrate the ability to provide appropriate stimulation. Demonstrate the ability to provide appropriate stimulation. decaying_average	70	CD-23	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-23_outcome	CD-23-SLO_3	(CD-23-SLO_3) Develop skills in recognizing and supporting children's development. Develop skills in recognizing and supporting children's development. Develop skills in recognizing and supporting children's development. decaying_average	70	CD-23	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-23_outcome	CD-23-SLO_4	(CD-23-SLO_4) Demonstrate facilitation skills between children. Demonstrate facilitation skills between children. Demonstrate facilitation skills between children. decaying_average	70	CD-23	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-24_outcome	CD-24-SLO_1	(CD-24-SLO_1) Integrate understanding of children's culture. Integrate understanding of children's culture. Integrate understanding of children's culture. decaying_average	70	CD-24	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-24_outcome	CD-24-SLO_2	(CD-24-SLO_2) Evaluate the effectiveness of an early childhood program. Evaluate the effectiveness of an early childhood program. Evaluate the effectiveness of an early childhood program. decaying_average	70	CD-24	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-24_outcome	CD-24-SLO_3	(CD-24-SLO_3) Design, implement, and evaluate curriculum. Design, implement, and evaluate curriculum. Design, implement, and evaluate curriculum. decaying_average	70	CD-24	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-24_outcome	CD-24-SLO_4	(CD-24-SLO_4) Apply a variety of effective approaches. Apply a variety of effective approaches. Apply a variety of effective approaches. decaying_average	70	CD-24	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-24_outcome	CD-24-SLO_5	(CD-24-SLO_5) Critically assess one's own teaching practice. Critically assess one's own teaching practice. Critically assess one's own teaching practice. decaying_average	70	CD-24	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-25_outcome	CD-25-SLO_1	(CD-25-SLO_1) Critically assess the components of culture. Critically assess the components of culture. Critically assess the components of culture. decaying_average	70	CD-25	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-25_outcome	CD-25-SLO_2	(CD-25-SLO_2) Critique theories and review the multiple perspectives. Critique theories and review the multiple perspectives. Critique theories and review the multiple perspectives. decaying_average	70	CD-25	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-25_outcome	CD-25-SLO_3	(CD-25-SLO_3) Analyze various aspects of children's development. Analyze various aspects of children's development. Analyze various aspects of children's development. decaying_average	70	CD-25	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-25_outcome	CD-25-SLO_4	(CD-25-SLO_4) Recognize that student variability exists. Recognize that student variability exists. Recognize that student variability exists. decaying_average	70	CD-25	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-25_outcome	CD-25-SLO_5	(CD-25-SLO_5) Critique theories and review the multiple perspectives. Critique theories and review the multiple perspectives. Critique theories and review the multiple perspectives. decaying_average	70	CD-25	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-25_outcome	CD-25-SLO_6	(CD-25-SLO_6) Analyze various aspects of children's development. Analyze various aspects of children's development. Analyze various aspects of children's development. decaying_average	70	CD-25	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-25_outcome	CD-25-SLO_7	(CD-25-SLO_7) Evaluate the impact of personal experience. Evaluate the impact of personal experience. Evaluate the impact of personal experience. decaying_average	70	CD-25	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-26_outcome	CD-26-SLO_1	(CD-26-SLO_1) Distinguish the components of appropriate development. Distinguish the components of appropriate development. Distinguish the components of appropriate development. decaying_average	70	CD-26	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-26_outcome	CD-26-SLO_2	(CD-26-SLO_2) Describe and appraise the components of development. Describe and appraise the components of development. Describe and appraise the components of development. decaying_average	70	CD-26	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-26_outcome	CD-26-SLO_3	(CD-26-SLO_3) Analyze parental needs and child needs. Analyze parental needs and child needs. Analyze parental needs and child needs. decaying_average	70	CD-26	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-27_outcome	CD-27-SLO_1	(CD-27-SLO_1) Identify and evaluate accessibility and resources. Identify and evaluate accessibility and resources. Identify and evaluate accessibility and resources. decaying_average	70	CD-27	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-27_outcome	CD-27-SLO_2	(CD-27-SLO_2) Synthesize information and develop strategies. Synthesize information and develop strategies. Synthesize information and develop strategies. decaying_average	70	CD-27	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-27_outcome	CD-27-SLO_3	(CD-27-SLO_3) Identify and describe a process of reflection. Identify and describe a process of reflection. Identify and describe a process of reflection. decaying_average	70	CD-27	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-28_outcome	CD-28-SLO_1	(CD-28-SLO_1) Identify strategies for connecting with children. Identify strategies for connecting with children. Identify strategies for connecting with children. decaying_average	70	CD-28	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-28_outcome	CD-28-SLO_2	(CD-28-SLO_2) Develop a new vocabulary for positive behavior. Develop a new vocabulary for positive behavior. Develop a new vocabulary for positive behavior. decaying_average	70	CD-28	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-28_outcome	CD-28-SLO_3	(CD-28-SLO_3) Identify the reasons behind difficult behavior. Identify the reasons behind difficult behavior. Identify the reasons behind difficult behavior. decaying_average	70	CD-28	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-28_outcome	CD-28-SLO_4	(CD-28-SLO_4) Design curriculum to promote positive behavior. Design curriculum to promote positive behavior. Design curriculum to promote positive behavior. decaying_average	70	CD-28	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-28_outcome	CD-28-SLO_5	(CD-28-SLO_5) Identify direct and indirect guidance techniques. Identify direct and indirect guidance techniques. Identify direct and indirect guidance techniques. decaying_average	70	CD-28	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-30_outcome	CD-30-SLO_1	(CD-30-SLO_1) Demonstrate the ability to write an individualized plan. Demonstrate the ability to write an individualized plan. Demonstrate the ability to write an individualized plan. decaying_average	70	CD-30	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-30_outcome	CD-30-SLO_2	(CD-30-SLO_2) Define early literacy vocabulary and terms. Define early literacy vocabulary and terms. Define early literacy vocabulary and terms. decaying_average	70	CD-30	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-31_outcome	CD-31-SLO_1	(CD-31-SLO_1) Analyze major development milestones. Analyze major development milestones. Analyze major development milestones. decaying_average	70	CD-31	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-32_outcome	CD-32-SLO_2	(CD-32-SLO_2) Analyze how culture, economics, and politics influence development. Analyze how culture, economics, and politics influence development. Analyze how culture, economics, and politics influence development. decaying_average	70	CD-32	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-33_outcome	CD-33-SLO_3	(CD-33-SLO_3) Compare and contrast various theoretical perspectives. Compare and contrast various theoretical perspectives. Compare and contrast various theoretical perspectives. decaying_average	70	CD-33	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-34_outcome	CD-34-SLO_4	(CD-34-SLO_4) Apply developmental theory to child development. Apply developmental theory to child development. Apply developmental theory to child development. decaying_average	70	CD-34	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-35_outcome	CD-35-SLO_5	(CD-35-SLO_5) Differentiate characteristics of typical and atypical development. Differentiate characteristics of typical and atypical development. Differentiate characteristics of typical and atypical development. decaying_average	70	CD-35	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-49_outcome	CD-49-SLO_1	(CD-49-SLO_1) After creating individualized measurable objectives. After creating individualized measurable objectives. After creating individualized measurable objectives. decaying_average	70	CD-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-49_outcome	CD-49-SLO_2	(CD-49-SLO_2) Demonstrate proficient soft skills identification. Demonstrate proficient soft skills identification. Demonstrate proficient soft skills identification. decaying_average	70	CD-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-49_outcome	CD-49-SLO_3	(CD-49-SLO_3) Given the course syllabus, which identifies learning objectives. Given the course syllabus, which identifies learning objectives. Given the course syllabus, which identifies learning objectives. decaying_average	70	CD-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-49_outcome	CD-49-SLO_4	(CD-49-SLO_4) Demonstrate the ability to use descriptive language. Demonstrate the ability to use descriptive language. Demonstrate the ability to use descriptive language. decaying_average	70	CD-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-49_outcome	CD-49-SLO_5	(CD-49-SLO_5) Identify career options within this academic field. Identify career options within this academic field. Identify career options within this academic field. decaying_average	70	CD-49	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-50_outcome	CD-50-SLO_1	(CD-50-SLO_1) Demonstrate skills and knowledge necessary for success. Demonstrate skills and knowledge necessary for success. Demonstrate skills and knowledge necessary for success. decaying_average	70	CD-50	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-50_outcome	CD-50-SLO_2	(CD-50-SLO_2) Demonstrate skills and knowledge necessary for success. Demonstrate skills and knowledge necessary for success. Demonstrate skills and knowledge necessary for success. decaying_average	70	CD-50	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CD-50_outcome	CD-50-SLO_3	(CD-50-SLO_3) Demonstrate skills and knowledge necessary for success. Demonstrate skills and knowledge necessary for success. Demonstrate skills and knowledge necessary for success. decaying_average	70	CD-50	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CG-1_S outcome	CG-1-SLO_1	(CG-1-SLO_1) Identify resources available to college students. Identify resources available to college students. Identify resources available to college students. decaying_average	70	CG-1	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CG-1_S outcome	CG-1-SLO_2	(CG-1-SLO_2) Identify study skills necessary for success. Identify study skills necessary for success. Identify study skills necessary for success. decaying_average	70	CG-1	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CG-1_S outcome	CG-1-SLO_3	(CG-1-SLO_3) Demonstrate knowledge of the impact of learning. Demonstrate knowledge of the impact of learning. Demonstrate knowledge of the impact of learning. decaying_average	70	CG-1	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CG-150 outcome	CG-150-SLO_1	(CG-150-SLO_1) Apply methods and strategies learned in class. Apply methods and strategies learned in class. Apply methods and strategies learned in class. decaying_average	70	CG-150	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CG-155 outcome	CG-155-SLO_1	(CG-155-SLO_1) Demonstrate appropriate study techniques. Demonstrate appropriate study techniques. Demonstrate appropriate study techniques. decaying_average	70	CG-155	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CG-155 outcome	CG-155-SLO_2	(CG-155-SLO_2) Given a specific problem, identify appropriate resources. Given a specific problem, identify appropriate resources. Given a specific problem, identify appropriate resources. decaying_average	70	CG-155	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CG-155 outcome	CG-155-SLO_3	(CG-155-SLO_3) Perform an advanced study skill activity. Perform an advanced study skill activity. Perform an advanced study skill activity. decaying_average	70	CG-155	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CG-158 outcome	CG-158-SLO_1	(CG-158-SLO_1) Select appropriate courses, which lead to graduation. Select appropriate courses, which lead to graduation. Select appropriate courses, which lead to graduation. decaying_average	70	CG-158	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CG-158 outcome	CG-158-SLO_2	(CG-158-SLO_2) List no less than five available services. List no less than five available services. List no less than five available services. decaying_average	70	CG-158	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CHEM-: outcome	CHEM-185-SLO_1	(CHEM-185-SLO_1) Demonstrate a basic understanding of chemistry. Demonstrate a basic understanding of chemistry. Demonstrate a basic understanding of chemistry. decaying_average	70	CHEM-185	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CHEM-: outcome	CHEM-1A-SLO_1	(CHEM-1A-SLO_1) Demonstrate knowledge of basic chemistry. Demonstrate knowledge of basic chemistry. Demonstrate knowledge of basic chemistry. decaying_average	70	CHEM-1A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CHEM-: outcome	CHEM-1A-SLO_2	(CHEM-1A-SLO_2) Competent in basic laboratory skills, including safety. Competent in basic laboratory skills, including safety. Competent in basic laboratory skills, including safety. decaying_average	70	CHEM-1A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CHEM-: outcome	CHEM-1A-SLO_3	(CHEM-1A-SLO_3) Apply qualitative and quantitative analysis. Apply qualitative and quantitative analysis. Apply qualitative and quantitative analysis. decaying_average	70	CHEM-1A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CHEM-: outcome	CHEM-1A-SLO_4	(CHEM-1A-SLO_4) Develop effective time management skills. Develop effective time management skills. Develop effective time management skills. decaying_average	70	CHEM-1A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CHEM-: outcome	CHEM-1B-SLO_1	(CHEM-1B-SLO_1) Demonstrate knowledge of basic chemistry. Demonstrate knowledge of basic chemistry. Demonstrate knowledge of basic chemistry. decaying_average	70	CHEM-1B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CHEM-: outcome	CHEM-1B-SLO_2	(CHEM-1B-SLO_2) Competent in basic laboratory skills, including safety. Competent in basic laboratory skills, including safety. Competent in basic laboratory skills, including safety. decaying_average	70	CHEM-1B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CHEM-: outcome	CHEM-1B-SLO_3	(CHEM-1B-SLO_3) Apply critical thinking and analytical skills. Apply critical thinking and analytical skills. Apply critical thinking and analytical skills. decaying_average	70	CHEM-1B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CHEM-: outcome	CHEM-1B-SLO_4	(CHEM-1B-SLO_4) Communicate an understanding of chemistry. Communicate an understanding of chemistry. Communicate an understanding of chemistry. decaying_average	70	CHEM-1B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CHEM-4 outcome	CHEM-40-SLO_3	(CHEM-40-SLO_3) Correctly analyze natural phenomena using scientific methods. Correctly analyze natural phenomena using scientific methods. Correctly analyze natural phenomena using scientific methods. decaying_average	70	CHEM-40	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
CHEM-4 outcome	CHEM-40L-SLO_1	(CHEM-40L-SLO_1) Investigate physical phenomena using scientific methods. Investigate physical phenomena using scientific methods. Investigate physical phenomena using scientific methods. decaying_average	70	CHEM-40L	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence

HO-3_5_outcome	HO-3-SLO_1	(HO-3-SLO_1) Demonstrate correct sp Demonstrate correct spelling and appr Demonstrate correct spelling and ap	70	HO-3	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HO-49_outcome	HO-49-SLO_1	(HO-49-SLO_1) After creating individ After creating individualized measurabl After creating individualized measur	70	HO-49	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HO-49_outcome	HO-49-SLO_2	(HO-49-SLO_2) Demonstrate proficien Demonstrate proficient soft skills identi Demonstrate proficient soft skills ide	70	HO-49	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HO-49_outcome	HO-49-SLO_3	(HO-49-SLO_3) Given the course sylla Given the course syllabus, which identifi Given the course syllabus, which ider	70	HO-49	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HO-49_outcome	HO-49-SLO_4	(HO-49-SLO_4) Demonstrate the abili Demonstrate the ability to use descripti Demonstrate the ability to use descri	70	HO-49	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HO-49_outcome	HO-49-SLO_5	(HO-49-SLO_5) Identify career option: Identify career options within this acad Identify career options within this ac	70	HO-49	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HO-70_outcome	HO-70-SLO_1	(HO-70-SLO_1) Identify career option: Identify career options within this acad Identify career options within this ac	70	HO-70	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HO-70_outcome	HO-70-SLO_2	(HO-70-SLO_2) Demonstrate beginnin Demonstrate beginning understanding : Demonstrate beginning understandin	70	HO-70	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HO-71_outcome	HO-71-SLO_1	(HO-71-SLO_1) Demonstrate professi Demonstrate professionalism in the roli Demonstrate professionalism in the r	70	HO-71	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HO-71_outcome	HO-71-SLO_2	(HO-71-SLO_2) Prepare and properly r Prepare and properly manage medical c Prepare and properly manage medic	70	HO-71	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HO-71_outcome	HO-71-SLO_3	(HO-71-SLO_3) Demonstrate medical Demonstrate medical office finance anc Demonstrate medical office finance :	70	HO-71	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HO-72_outcome	HO-72-SLO_1	(HO-72-SLO_1) Perform exam room p Perform exam room procedures autonc Perform exam room procedures auto	70	HO-72	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HO-72_outcome	HO-72-SLO_2	(HO-72-SLO_2) Demonstrate knowled Demonstrate knowledge of pharmacolc Demonstrate knowledge of pharmac	70	HO-72	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HO-72_outcome	HO-72-SLO_3	(HO-72-SLO_3) Assistwithlaboratoryp Assistwithlaboratoryprocedures. Assistwithlaboratoryprocedures. decayi	70	HO-72	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HO-80A_outcome	HO-80A-SLO_1	(HO-80A-SLO_1) Demonstrate the var Demonstrate the various components c Demonstrate the various component	70	HO-80A	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HO-88_outcome	HO-88-SLO_1	(HO-88-SLO_1) Perform venipuncture Perform venipunctures and capillary pu Perform venipunctures and capillary	70	HO-88	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HUM-1_outcome	HUM-1-SLO_1	(HUM-1-SLO_1) Identify, recognize, d Identify, recognize, define or associate i Identify, recognize, define or associ	70	HUM-1	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HUM-1_outcome	HUM-1-SLO_2	(HUM-1-SLO_2) Develop an appropri: Develop an appropriate and factually cc Develop an appropriate and factually	70	HUM-1	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HUM-1_outcome	HUM-1-SLO_3	(HUM-1-SLO_3) Develop an appropri: Develop an appropriate and factually cc Develop an appropriate and factually	70	HUM-1	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HUM-2_outcome	HUM-2-SLO_1	(HUM-2-SLO_1) Identify, recognize, d Identify, recognize, define or associate i Identify, recognize, define or associ	70	HUM-2	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HUM-2_outcome	HUM-2-SLO_2	(HUM-2-SLO_2) Develop an appropri: Develop an appropriate and factually cc Develop an appropriate and factually	70	HUM-2	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HUM-2_outcome	HUM-2-SLO_3	(HUM-2-SLO_3) Develop an appropri: Develop an appropriate and factually cc Develop an appropriate and factually	70	HUM-2	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HUS-10_outcome	HUS-10-SLO_1	(HUS-10-SLO_1) Define the practice a Define the practice and professionalism Define the practice and professiona	70	HUS-10	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HUS-10_outcome	HUS-10-SLO_2	(HUS-10-SLO_2) Identify the type of s Identify the type of services available t Identify the type of services available	70	HUS-10	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HUS-30_outcome	HUS-30-SLO_1	(HUS-30-SLO_1) Analyze information : Analyze information available on the dr Analyze information available on the	70	HUS-30	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HUS-30_outcome	HUS-30-SLO_2	(HUS-30-SLO_2) Assess the functions : Assess the functions of various drugs or Assess the functions of various drugs	70	HUS-30	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HUS-30_outcome	HUS-30-SLO_3	(HUS-30-SLO_3) Demonstrate an und Demonstrate an understanding of the p Demonstrate an understanding of th	70	HUS-30	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HUS-30_outcome	HUS-30-SLO_4	(HUS-30-SLO_4) Understanding the ei Understanding the effects of intoxicatic Understanding the effects of intoxica	70	HUS-30	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HUS-42_outcome	HUS-42-SLO_1	(HUS-42-SLO_1) Follow professional e Follow professional ethical standards in Follow professional ethical standards	70	HUS-42	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HUS-42_outcome	HUS-42-SLO_2	(HUS-42-SLO_2) Locate appropriate r Locate appropriate referral sources for r Locate appropriate referral sources fr	70	HUS-42	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HUS-43_outcome	HUS-43-SLO_1	(HUS-43-SLO_1) Follow professional i Follow professional ethical standards ir Follow professional ethical standard	70	HUS-43	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HUS-43_outcome	HUS-43-SLO_2	(HUS-43-SLO_2) Locate appropriate r Locate appropriate referral sources for r Locate appropriate referral sources fr	70	HUS-43	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HUS-49_outcome	HUS-49-SLO_1	(HUS-49-SLO_1) After creating individ After creating individualized measurabl After creating individualized measur	70	HUS-49	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HUS-49_outcome	HUS-49-SLO_2	(HUS-49-SLO_2) Demonstrate proficien Demonstrate proficient soft skills identi Demonstrate proficient soft skills ide	70	HUS-49	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence

HUS-49 outcome	HUS-49-SLO_3	(HUS-49-SLO_3) Given the course syllabus, which identifiers	70	HUS-49	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HUS-49 outcome	HUS-49-SLO_4	(HUS-49-SLO_4) Demonstrate the ability to use descriptive	70	HUS-49	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
HUS-49 outcome	HUS-49-SLO_5	(HUS-49-SLO_5) Identify career options within this academic	70	HUS-49	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
IT-22_5 outcome	IT-22-SLO_1	(IT-22-SLO_1) Describe hazard materials awareness ar	70	IT-22	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
IT-22_5 outcome	IT-22-SLO_2	(IT-22-SLO_2) Describe confined space and lockout/tagout	70	IT-22	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
IT-22_5 outcome	IT-22-SLO_3	(IT-22-SLO_3) Explain chemical alert systems. Explain	70	IT-22	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
IT-22_5 outcome	IT-22-SLO_4	(IT-22-SLO_4) Explain elements of material safety data	70	IT-22	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
IT-72_5 outcome	IT-72-SLO_1	(IT-72-SLO_1) Safely perform soldering and brazing jobs	70	IT-72	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
IT-72_5 outcome	IT-72-SLO_2	(IT-72-SLO_2) Safely perform welding applications to	70	IT-72	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MATH-1 outcome	MATH-11A-SLO_1	(MATH-11A-SLO_1) Develop and present, in an oral or	70	MATH-11A	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MATH-1 outcome	MATH-11A-SLO_2	(MATH-11A-SLO_2) Demonstrate problem solving in the	70	MATH-11A	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MATH-1 outcome	MATH-11A-SLO_3	(MATH-11A-SLO_3) Demonstrate logical thinking and	70	MATH-11A	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MATH-1 outcome	MATH-11B-SLO_1	(MATH-11B-SLO_1) Develop and present, in an oral or	70	MATH-11B	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MATH-1 outcome	MATH-164-SLO_1	(MATH-164-SLO_1) Use technologies to solve problems	70	MATH-164	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MATH-1 outcome	MATH-164-SLO_2	(MATH-164-SLO_2) Successfully complete all assignments	70	MATH-164	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MATH-1 outcome	MATH-166-SLO_1	(MATH-166-SLO_1) Use algebraic concepts, properties,	70	MATH-166	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MATH-1 outcome	MATH-167-SLO_1	(MATH-167-SLO_1) Use algebraic properties and rules to	70	MATH-167	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MATH-1 outcome	MATH-168-SLO_1	(MATH-168-SLO_1) Use algebraic properties and rules to	70	MATH-168	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MATH-1 outcome	MATH-1A-SLO_1	(MATH-1A-SLO_1) Analyze and solve calculus problems	70	MATH-1A	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MATH-1 outcome	MATH-1A-SLO_2	(MATH-1A-SLO_2) Solve problems using numeric, graphic,	70	MATH-1A	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MATH-1 outcome	MATH-1B-SLO_1	(MATH-1B-SLO_1) Analyze problems utilizing the	70	MATH-1B	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MATH-1 outcome	MATH-1B-SLO_2	(MATH-1B-SLO_2) Solve calculus problems using	70	MATH-1B	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MATH-1 outcome	MATH-40-SLO_1	(MATH-40-SLO_1) Calculate and interpret measures of	70	MATH-40	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MATH-1 outcome	MATH-40-SLO_2	(MATH-40-SLO_2) Find probabilities for applications	70	MATH-40	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MATH-1 outcome	MATH-40-SLO_3	(MATH-40-SLO_3) Construct and interpret a confidence	70	MATH-40	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MATH-1 outcome	MATH-6-SLO_1	(MATH-6-SLO_1) Analyze and solve finite math	70	MATH-6	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MATH-1 outcome	MATH-6-SLO_2	(MATH-6-SLO_2) Analyze and solve finite math	70	MATH-6	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MATH-1 outcome	MATH-60-SLO_1	(MATH-60-SLO_1) Simplify and evaluate quadratic,	70	MATH-60	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MATH-1 outcome	MATH-60-SLO_2	(MATH-60-SLO_2) Simplify, solve, graph and verify	70	MATH-60	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MATH-1 outcome	MATH-7-SLO_1	(MATH-7-SLO_1) Solve problems involving right and	70	MATH-7	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MATH-1 outcome	MATH-8-SLO_1	(MATH-8-SLO_1) Solve problems involving logarithmic	70	MATH-8	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MUS-11 outcome	MUS-12-SLO_1	(MUS-12-SLO_1) Demonstrate a basic understanding of	70	MUS-12	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MUS-11 outcome	MUS-12-SLO_2	(MUS-12-SLO_2) Identify musical instruments and	70	MUS-12	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MUS-11 outcome	MUS-12-SLO_3	(MUS-12-SLO_3) Analyze and evaluate musical	70	MUS-12	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MUS-11 outcome	MUS-12-SLO_4	(MUS-12-SLO_4) Discuss music in its historical	70	MUS-12	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MUS-6 outcome	MUS-6-SLO_1	(MUS-6-SLO_1) Analyze music from the Ancient	70	MUS-6	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MUS-6 outcome	MUS-6-SLO_2	(MUS-6-SLO_2) Evaluate sources for scholarly	70	MUS-6	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MUS-6 outcome	MUS-6-SLO_3	(MUS-6-SLO_3) Outline the cultural context (political,	70	MUS-6	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MUS-7 outcome	MUS-7-SLO_1	(MUS-7-SLO_1) Analyze music from the Classical	70	MUS-7	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MUS-7 outcome	MUS-7-SLO_2	(MUS-7-SLO_2) Evaluate sources for scholarly	70	MUS-7	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
MUS-7 outcome	MUS-7-SLO_3	(MUS-7-SLO_3) Outline the cultural context (political,	70	MUS-7	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PE-15_1 outcome	PE-15-SLO_1	(PE-15-SLO_1) Organize a timeline for the history of	70	PE-15	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PE-15_1 outcome	PE-15-SLO_2	(PE-15-SLO_2) Identify the basic concepts of	70	PE-15	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-1 outcome	PEAC-10-SLO_1	(PEAC-10-SLO_1) Perform softball skills in game	70	PEAC-10	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-1 outcome	PEAC-10D-SLO_1	(PEAC-10D-SLO_1) Comprehend, analyze and	70	PEAC-10D	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-1 outcome	PEAC-10D-SLO_2	(PEAC-10D-SLO_2) Apply the appropriate skills and	70	PEAC-10D	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-1 outcome	PEAC-10D-SLO_3	(PEAC-10D-SLO_3) Demonstrate increased muscular	70	PEAC-10D	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-1 outcome	PEAC-11-SLO_1	(PEAC-11-SLO_1) Perform volleyball skills in	70	PEAC-11	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-1 outcome	PEAC-11D-SLO_1	(PEAC-11D-SLO_1) Comprehend, analyze and	70	PEAC-11D	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-1 outcome	PEAC-11D-SLO_2	(PEAC-11D-SLO_2) Apply the appropriate skills and	70	PEAC-11D	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-1 outcome	PEAC-11D-SLO_3	(PEAC-11D-SLO_3) Demonstrate increased muscular	70	PEAC-11D	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-1 outcome	PEAC-16-SLO_1	(PEAC-16-SLO_1) Understand and apply heart rate	70	PEAC-16	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-1 outcome	PEAC-16-SLO_2	(PEAC-16-SLO_2) Understand and explain the	70	PEAC-16	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-1 outcome	PEAC-16-SLO_3	(PEAC-16-SLO_3) Demonstrate proper walking form	70	PEAC-16	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-2 outcome	PEAC-2A-SLO_1	(PEAC-2A-SLO_1) Perform soccer skills in game	70	PEAC-2A	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-2 outcome	PEAC-2B-SLO_1	(PEAC-2B-SLO_1) Comprehend, analyze and	70	PEAC-2B	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-2 outcome	PEAC-2B-SLO_2	(PEAC-2B-SLO_2) Apply the appropriate skills and	70	PEAC-2B	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-2 outcome	PEAC-2B-SLO_3	(PEAC-2B-SLO_3) Demonstrate increased muscular	70	PEAC-2B	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-2 outcome	PEAC-2C-SLO_1	(PEAC-2C-SLO_1) Perform soccer skills in game	70	PEAC-2C	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-2 outcome	PEAC-2D-SLO_1	(PEAC-2D-SLO_1) Comprehend, analyze and	70	PEAC-2D	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-2 outcome	PEAC-2D-SLO_2	(PEAC-2D-SLO_2) Apply the appropriate skills and	70	PEAC-2D	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-2 outcome	PEAC-2D-SLO_3	(PEAC-2D-SLO_3) Demonstrate increased muscular	70	PEAC-2D	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-3 outcome	PEAC-32D-SLO_1	(PEAC-32D-SLO_1) Implement and participate in a	70	PEAC-32D	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-3 outcome	PEAC-34-SLO_1	(PEAC-34-SLO_1) Demonstrate proficiency in basic	70	PEAC-34	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-4 outcome	PEAC-44-SLO_1	(PEAC-44-SLO_1) Demonstrate increased flexibility.	70	PEAC-44	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-4 outcome	PEAC-44-SLO_2	(PEAC-44-SLO_2) Perceive a reduction in personal	70	PEAC-44	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence
PEAC-5 outcome	PEAC-5A.02-SLO_1	(PEAC-5A.02-SLO_1) Perform basketball skills in	70	PEAC-5A.02	2	3	Exceeds M	2	Mastery	1	Near Mast	0	No Evidence

PEAC-5 outcome	PEAC-5A-SLO_1	(PEAC-5A-SLO_1) Perform basketball skills in game play at	70	PEAC-5A	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
PEAC-5 outcome	PEAC-5B-SLO_1	(PEAC-5B-SLO_1) Comprehend, analyze and execute fund	70	PEAC-5B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
PEAC-5 outcome	PEAC-5B-SLO_2	(PEAC-5B-SLO_2) Apply the appropriate skills and strategy	70	PEAC-5B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
PEAC-5 outcome	PEAC-5B-SLO_3	(PEAC-5B-SLO_3) Demonstrate increased muscular strength	70	PEAC-5B	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
PEAC-5 outcome	PEAC-5C.02-SLO_1	(PEAC-5C.02-SLO_1) Perform basketball skills in game play at	70	PEAC-5C.02	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
PEAC-5 outcome	PEAC-5C-SLO_1	(PEAC-5C-SLO_1) Perform basketball skills in game play at	70	PEAC-5C	2	3 Exceeds M	2 Mastery	1 Near Mast	0 No Evidence
