## Academic Senate Meeting Wednesday, January 25, 2023 @ 3:00pm

### 1. Call to Order at 3:00 pm

#### 1.01 Roll Call

##### Senators Present:

- In person: Downing, Duerksen, Lin, Runyan, Wisner
- Zoom: Rotlisberger

##### Guests: In person:

- Michell Williams, Brady Reed
- Zoom: Makenzie Freedman, Codi Mortell, Carol Growdon, Colleen Baker

#### 1.02 Approval of Agenda (Downing/Duerksen MSCU)

#### 1.03 Approval of the Minutes for the December 14, 2022 meeting (Duerksen/ Downing MSCU)

### 2. Public Comment N/A

### 3. Action

#### 3.01 Gunsmithing IPR

Senate President Runyan reached out to the Gunsmithing program in December and January with no response. Runyan met face to face with Buck today with little to no progress, he then invited Buck to senate meeting today. Michell Williams's asked how she can help with the process. Runyan hopes to sit down with Buck and get it ready for next month. Wisner motions to table Gunsmithing IPR.  
(Wisner/Duerksen MSCU)

#### 3.02 Curriculum Action Log

Makenzie Freedman shared the updates on the curriculum action log. Downing mentioned two AJ classes moving to OER. Motion to approve the action log.  
(Downing/ Lin MSCU)

#### 3.02 CARS 150

Williams discussed that this newly revised course is a way to get the community involved in the college. Lin clarified that she as the division chair should sign the approval. Lin stated that she agrees and approved that Lisa Gardiner signed it as the division chair. Motion to approve.  
(Duerksen/ Downing MSCU)

#### 3.03 CIS 160

Duerksen discussed this free course. This course is fairly self-paced and students will get a certificate. It will be an asynchronous online course. Michel Williams noted that these types of courses have been very successful and some of the courses currently have a waitlist.  
(Downing/ Lin MSCU)

#### 3.05 Committee Assignments

Runyan discussed the need for committee assignment changes due to retirement, no longer employed, and scheduling conflict. Remove Jackson Ng, Noelle Eckley, Natalia McClellan, and Cory McClellan from the list. Remove Tom Kareck from the Curriculum Committee due to teaching conflict. Add Jennifer Lawler and Kelley Kissane to Curriculum. Downing motions with changes discussed.  
(Downing/ Duerksen MSCU)

#### 4. Discussion

##### 4.01 SLO Improvement Plan

Tom Robb has been contacting faculty who are missing any SLO. Currently Lassen is at 97%. Runyan discussed how senators have assisted with closing the loop when SLO's were not met. Once there is a final list, senators will be assigned next meeting. Brady Reed asked if an SLO is "not met" does it get reassessed next semester. Runyan explained it depends on the reason. Downing, Colleen Baker, and Michell Williams expressed their idea that senators should be involved in helping and encouraging our peers to complete their SLO's but management should be in charge if there needs to be further discussion. Runyan discussed that with all the new training and platform from Tom Robb as created, hopefully the issues with SLO's will be minimal.

##### 4.02 GESLO's/ISLO's

Gardiner emailed Senate President Runyan a chart regarding GESLO's and ISLO's with explanation. The form will go to curriculum and then further discussion will be had in future senate meetings.

#### 5. Information

N/a

#### 6. Reports

##### 6.01 Administration

Colleen Baker reported the institutional effectiveness meeting discussed Lassen success rate with SLOs being at 97%.

##### 6.02 Senators

Runyan reported that Carie Camacho asked Senate could be the pilot for the in person/online meetings using a platform called "OWL." Michell Williams stated she will discuss with David to find out the timeline.

##### 6.03 LCFA

N/a

##### 6.04 Guided Pathways

Brady Reed discussed the new student and faculty portal is live. She encouraged everyone to make a profile. They are working on improving the website and are encouraging everyone to check the current site and make any updates so they can start their new website with the most current data. There has been a lot of new students this spring which is great.

#### 7. Closed Session

N/A

#### 8. Future Meeting Dates

- May 24

9. Meeting Closing

9.01 Adjournment 3:39

Motion to adjourn meeting at

(Lin/ Duerksen MCSU)

Academic Senate Meeting Wednesday, February 8, 2023 @ 3:00pm  
Room HU-107 and Zoom

1. Call to Order at 3:00pm

1.01 Roll Call

Senators Present: Downing, Duerksen, Lin, Rotlisberger, Runyan

Guests: Colleen Baker, Lisa Gardiner, Tom Robb, Michell Williams

1.02 Approval of Agenda

(Duerksen/Lin MSCU )

1.03 Approval of the Minutes for the January 25, 2023 meeting

(Downing/Rotlisberger MSCU)

2. Public Comment

None

3. Action

3.01 Committee Assignments

Laura Rotlisberger needs new committee assignment due to a change in teaching schedule. Kira Esparza, new Nursing Instructor, also needs a committee assignment. After discussion, it was moved to place Rotlisberger on the IT committee, and Esparza on Student Service Planning (Downing/Duerksen MSCU)

3.02 SLO Improvement Plan

Tom Robb provided spreadsheet of those instructors who had SLO improvement plans that needed to be followed up on. Discussion ensued on how to handle closing the loop. Downing asked what is Senate's role in this matter? Baker stated it was not the SLO Coordinators role, that it belonged with Senate. Gardiner informed the Senate that she believed the intention would be for Senators to provide peer support to those instructors who have improvement plans in a course and to see if they need any assistance. After discussion, Senators decided to divide the faculty contact list as follows:

Lin: Baiocchi, Kissane, Greer, Mauck

Rotlisberger: Vincent, Duerksen

Runyan: Ng, Murphy, Schofield,

Duerksen: Avilla, Bollinger

Downing: Konkel

Senators will contact their respective faculty members, to remind them of the improvement plans, and report back to Senate their progress at the March 8, 2023 meeting. Motion to approve list – (Duerksen/Lin MSCU)

### 3.03 IPR Mentors

IPR Mentors assigned as follows:

Fine Arts (Studio Art) – Wisner

Humanities (including English) – Runyan

Administration of Justice – Lin

Automotive Technology – Lin

Agriculture – Downing

Business – Duerksen

Child Development – Rotlisberger

Information Systems – Runyan

Motion to assign Senator mentor according to this list. (Downing/Duerksen MSCU)

### 3.04 Faculty Handbook

President Runyan advised that the Faculty Handbook needed updating as well as a way to onboard new faculty better. It was suggested a workgroup be formed to update the handbook. After discussion, Senate nominated Runyan, Lin, and Tom Robb to be on this workgroup.

Motion to approve (Downing/Rotlisberger MSCU)

## 4. Discussion

### 4.01 GESLO's/ISLO's

President Runyan reported that Curriculum Co-Chair Chad Lewis informed him that the Curriculum Committee discussed a recommendation made by the Accreditation Tri-Chairs to potentially revise and combine the GESLO's and ISLO's. The Curriculum Committee believed this would be a valuable exercise to see if we can streamline the SLO's. Lisa Gardiner provided a chart that showed the GESLO's and ISLO's and how they overlap and/or may be updated. After discussion, it was agreed that the Accreditation team should investigate further and provide a recommendation to Senate, through the Curriculum Committee, on how they should be changed.

## 5. Information

### 5.01 Budget Committee Update

Runyan reported that the committee has approved the budget request rubric. More information will be coming to Consultation Council.

## 6. Reports

### 6.01 Administration

None

### 6.02 Senators

Lin inquired if the ZTC/OER Taskforce had been established, informing the Senate that the phase #3 funds were on the way to LCC.

Downing reported that a selection committee for the ZTC/OER Taskforce had met this morning and their selections should be reported out by HR soon.

Runyan reported that he has not received the Gunsmithing IPR. He has reached out to the Gunsmithing faculty on multiple occasions, providing them assistance, as warranted, and requesting they complete the IPR and submit to Senate. The lack of an approved IPR for Gunsmithing potentially could affect our accreditation. Runyan will need to report this situation to the Governing Board next week.

[AP 4002 LTC.docx \(25 KB\)](#)

**Subject 3.04 Faculty Handbook - Portal**

Meeting May 24, 2023 - Academic Senate Meeting - Wednesday, May 24, 2023 - 3:00pm

Category 3. Action

Type Action

Recommended Action Approve Faculty Handbook Canvas

The Faculty Handbook is a document that any faculty can reference regarding faculty policies and procedures. Up until now, it has lived as a physical handbook posted to the website. Senator, Yuting Lin, has moved relevant material into the Portal for ease of access and updates.

<https://lassencollege.sharepoint.com/:w:/s/FacultyResource/Ec4luY94zolIus4l0KeZNAcB7j5tqEpCEPdKo9DqVcB9KQ?e=6Uahxf>

**Subject 3.05 ISLO/GESLO Update**

Meeting May 24, 2023 - Academic Senate Meeting - Wednesday, May 24, 2023 - 3:00pm

Category 3. Action

Type Action

Recommended Action Approve change

**ISLO/ GESLO – Combine third and fourth GESLO into a fifth ISLO and remove GESLOs – Curriculum Committee has approved this and is asking Senate to consider change.**

**Information from Curriculum Committee**

*Lisa Gardiner shared about the intentions with this change. Right now, there is a lot of redundancy with the ISLO and the GESLOs. This proposed change would keep the four ISLOs, but combine the third and fourth GESLOs into a fifth ISLO and remove the GESLOs. This change was discussed by the accreditation work group, tri chairs and input was also sought by Dr. Zetner, who is contracted to help with institutional effectiveness. Jennifer Lawler asked where science courses would be reflected in the ISLOs, Lisa Gardiner answered they fit under ISLO number 2. Gardiner shared it's an effort to streamline the process and remove any redundancy. There was further discussion about when this change would be implemented into local curriculum and when SLO mapping would need to be updated. Tom Downing suggested to agendize the discussion for when*

*the change should happen. The committee motioned and seconded and voted unanimously to move this to Academic Senate for consideration and an implementation discussion that is mindful of the summer Board Retreat where the strategic plan is reviewed; and considers the development of a timeline and plan for updating SLO maps and data reporting. It was recommended that the SLO Coordinator be part of this discussion at Senate in order to brainstorm how SLO+ would be part of this revised process. The fifth ISLO would read: "**5. Cultural Awareness**-Ability to embrace awareness of the ways people respond to themselves and the world around them to understand social dynamics past and present including the interrelationship between the creative arts, the humanities and self; where individual and group differences are valued and contribute to our growth and understanding as an educational community."*

**Subject**                    **3.06 IPR Handbook Appendix C**

Action

## Academic Senate Meeting Wednesday, May 24, 2023 @ 3:02pm

## 1. Meeting Opening

## 1.01 Call to Order and Roll Call

Senators Present: Downing, Duerksen, Rotlisberger, Runyan, Lin, Wisner  
Zoom: Lisa, Gardiner, Kristen Gilman, Jennifer Lawler

## Guests:

In person: Michel Williams

ZOOM: Jennifer Lawler, Tom Robb

## 1.02 Approval of Agenda

(Downing/ Duerksen MSCU)

## 1.03 Approval of the Minutes for the May 10, 2023 meeting

Ayes: Runyan, Wisner, Duerksen, Lin and Rotlisberger

Abstain: Downing

## 2. Public Comment

N/A

## 3. Action

## 3.01 2022-2023 Curriculum Action Log

Motion to approve.

(Downing/ Duerksen MSCU)

## 3.02 Faculty Emeritus

Senate needs to review the BP and the AP in the future because the definitions do not match. Faculty who qualify for Emeritus are: Sandra Beckwith, Noelle Eckley, Jackson Ng, and Glen Yonan.

(Downing / Lin MSCU)

## 3.03 AP 4002 Update

The Low Textbook Cost definition has been added to the AP 4002 LTC under "selection of textbooks."

(Lin/ Duerksen MSCU)

## 3.04 Faculty Handbook- Portal

Linn and Tom Robb have been working on updating the faculty handbook to an online version. This will make onboarding new faculty easier access to understand policies and procedures, and how to navigate the colleges standards. Approve Portal version.

(Downing/ Rotlisberger MSCU)

## 3.05 ISLO/GESLO Update

Motion to approve the changes.

(Lin/Duerksen MSCU)

## 3.06 IPR Handbook Appendix C

Education Development 2 is going to be placed in child development. ED 1 is to be in vocational nursing. Approved with new changes.

(Downing / Lin MSCU)

## 3.07 Faculty Committee Assignments

Discussion of the Fall 2023 faculty assignments occurred. List was updated during meeting. Motion to approve new faculty committee assignments.

(Downing/ Lin MSCU)

## 3.08 Set August Meeting Dates

After much discussion, senate will meet August 9, 2024. At that meeting, we will discuss a new charge for moving senate to Tuesday.

### 3.09 Authorize Presidents to take action over summer

Motion to approve.

(Durkesen/ Downing MSCU)

## 4. Discussion

### 4.01 Evaluate IPR Mentors

Robust discussion was had regarding the IPR Mentor evaluation.

- Downing- communication went well.
- Duerksen- the formatting went over way better with faculty and the template was helpful.
- Runyan- Dr. Zetner's online sessions went well and he explained the IPR process and template well.
- Rotlisberger: We need more training as mentors.
- Runyan: Recommended the IPR Mentor to watch the training videos prior to assisting the IPR authors.
- Downing: IPR Rubric didn't not help much
- Lin: Stated the IPR Rubric went well.
- Runyan said to have more training
- Gariner had over 700 papers of articulation papers when hitting all of the rubric. She thinks the formatting on the table can be worked on to assist.
- Duerksen: tools to help assist guide IPR's to authors who did not respond well.
- Gariner: Sometimes people don't understand what is being asked in emails, so if we can be do a more wrap around approach for the IPR authors. She suggested senate understanding each of the following topics will assist in the IPR mentor process.
  1. General curriculum
  2. Currency of book
  3. SLO and Mapping
  4. Curriculum alignment
  5. Articulation
  6. Curriculum for CTE
  7. Data base

## 5. Information

### 5.01 Academic Senate Scholarship Recipient

Jesse Morgan a graduate of Long Valley Charter received \$800.

## 6. Reports

### 6.01 Administration

N/A

### 6.02 Senators

Runyan thanked Lin for her service on Senate and thank you for the rest of senate for making a great team.

### 6.03 LCFA

Retirement party tonight at 4:30pm. Downing stated there are a few MOU's that are being worked on. Discussions that are happening include SLO coordinator, OER, Herlong, education lead related to incarcerated education. Runyan asked how to get secretary paid, or release time. Downing suggested we can research best practices to present this next fall would assist is the discussion.

### 6.04 Guided Pathways

N/a

## 7. Closed Session

Motion to move into close session.

Attendance: Downing, Duerksen, Rotlisberger, Runyan, Lin, Wisner, Gardiner  
(Lin/ Downing MSCU)

#### 7.01 Consideration of Faculty Minimum Qualifications and Equivalency

Motion to allow Senate President to make decision during summer if necessary.

Senate approved.

#### 7.02 Appoint Flex Coordinator and MQ Liaison

Motion to approve Gardiner MQ Chair

(Downing/Lin MSCU)

Duerksen left the room

Motion to approve Duerksen Flex Coordinator

(Rotlisberger/ Downing MSCU)

#### 7.03 Faculty Evaluation Recommendation

Motioned to approve faculty evaluation recommendation

(Duerksen/ Lin MSCU)

Return to open session 4:37pm

Attendance: Downing, Duerksen, Rotlisberger, Runyan, Lin, Wisner, Gardiner

### 8. Future Meeting Dates

#### 8.01 Meeting Dates and Location- HU 107

**Members in person, open to public via zoom or in person.**

- August 9, 2023

### 9. Meeting Closing

#### 9.01 Adjournment

Motion to adjourn meeting at 4:43pm

(Lin/ Rotlisberger MCSU)

9/21/2023	FS-96A	FS-96A_SLO4	Explain, demonstrate and operate various haul systems to raise and lower people, equipment and patients in the	80	80	1	1	1	1			1			1		1	1
9/21/2023	FS-97	FS-97_SLO1	Understand elements involved in extinguishing a vehicle fire including vehicle dangers, apparatus positioning,	80	80	1	1	1	1			1			1		1	1
9/21/2023	FS-97	FS-97_SLO2	Describe characteristics and hazards of flammable gasses and liquids	80	80	1	1	1	1			1			1		1	1
9/21/2023	FS-97	FS-97_SLO3	Define and use safety procedures for used in extinguishing liquid fire verses flammable gas fire	80	80	1	1	1	1			1			1		1	1
9/21/2023	FS-97	FS-97_SLO4	Identify extinguishing agents and methods of use	80	80	1	1	1	1			1			1		1	1
9/21/2023	FS-97	FS-97_SLO5	Be able to develop an initial incident action plan by evaluating and implementing critical safety and tactical	80	80	1	1	1	1			1			1		1	1
9/21/2023	FS-98.18	FS-98.18_SLO1	Demonstrate procedures for safe basic fireline tactics.	80	80	1	1	1	1			1			1		1	1
9/21/2023	FS-98.18	FS-98.18_SLO2	Demonstrate Fire Shelter training	80	80	1	1	1	1			1			1		1	1
9/21/2023	FS-98.2	FS-98.2_SLO1	Describe the 10 standard fire Orders, 18 watchout situations, LCES (Lookout, Communications, Escape Route,	80	80	1	1	1	1			1			1		1	1
9/21/2023	FS-98.21	FS-98.21_SLO1	Demonstrate how to safely deploy hose and operate hose streams as part of a team	80	80	1	1	1	1			1			1		1	1
9/21/2023	FS-98.21	FS-98.21_SLO2	DDemonstrate proper technique for lifting and raising ladders on a fire ground as part of a team	80	80	1	1	1	1			1			1		1	1
9/21/2023	FS-98.21	FS-98.21_SLO3	Demonstrate how to properly search a building and conduct a rescue operation as a team	80	80	1	1	1	1			1			1		1	1
9/21/2023	GEO-2	GEO-2_SLO1	Identify and describe varieties of human uses and misuse of ecological landscapes.	70	70		1	1			1					1		
9/21/2023	GEO-2	GEO-2_SLO2	Describe how the political, economic, religious, and traditional beliefs of various cultures influence the	70	70			1		1			1					
9/21/2023	GEO1-1	GEO1-1_SLO1	Describe the unifying concepts of Geology.	70	70	1	1	1			1	1				1	1	
9/21/2023	GEO1-1	GEO1-1_SLO2	Given a specific geological feature use the unifying concepts of Geology to explain the past, present, and future of	70	70	1	1	1				1			1	1	1

9/21/2023	GSS-117	GSS-117_SLO1	Safely handle equipment to gas tungsten weld selected joint designs to critical industry standards.	100	80		1				1						1	
9/21/2023	GSS-119	GSS-119_SLO1	Barrel some of the less common action types.	100	80		1				1						1	
9/21/2023	GSS-120	GSS-120_SLO1	Properly shape, sand, fill and finish a semi-inlet stock to standard specifications.	100	80		1				1						1	
9/21/2023	GSS-120B	GSS-120B_SLO1	Raise dents, sand, and finish a one-piece stock to a 320 grit finish and repair cracks in a one-piece stock with	100	80		1				1						1	
9/21/2023	GSS-123	GSS-123_SLO1	Apply the basic skills for pattern design, design transfer, cutting, stippling and other engraving techniques.	100	80		1				1						1	
9/21/2023	GSS-124	GSS-124_SLO1	Safely handle equipment to gas tungsten weld selected joint designs to critical industry standards.	100	80		1				1						1	
9/21/2023	GSS-127	GSS-127_SLO1	Apply the advanced skills for pattern design, design transfer, high relief engraving, compatible background style	100	80		1				1						1	
9/21/2023	GSS-130	GSS-130_SLO1	Describe the state of the art in design, technique and tools for the professional engraver as presented by the selected	100	80		1				1						1	
9/21/2023	GSS-133	GSS-133_SLO1	Apply the skills of pattern design, design transfer and the tool usage for the art of scrimshaw.	100	80		1				1						1	
9/21/2023	GSS-134	GSS-134_SLO1	Polish and color buff firearm parts to a factory polish and caustic blue them.	100	80		1				1						1	
9/21/2023	GSS-134	GSS-134_SLO2	Polish and color buff firearms parts to a very high polish with no ripples or washout of lettering or screw holes and	100	80		1											
9/21/2023	GSS-135	GSS-135_SLO1	Prepare the chemical solution and the metal surfaces for parkerizing and parkerize one firearm.	100	80		1				1						1	
9/21/2023	GSS-136	GSS-136_SLO1	Identify all safety rules for mixing, correctly mix the chemical solution, polish and prepare gun metal for rust	100	80		1				1						1	
9/21/2023	GSS-143	GSS-143_SLO1	Describe the state of the art in design, technique and tools for building the custom muzzleloader as presented by	100	80		1				1						1	
9/21/2023	GSS-147	GSS-147_SLO1	Describe the operation of the studied firearms	100	80		1				1				1		1	
9/21/2023	GSS-147	GSS-147_SLO2	Demonstrate proper disassembly, cleaning, and reassembly.	100	80		1				1						1	

Course SLO Mapping to ISLO 1-5

9/21/2023	GSS-77	GSS-77_SLO1	Accurize M-1 Grand for use in National Match Competition.	100	80		1										1	
9/21/2023	GSS-78	GSS-78_SLO1	Properly trouble-shoot and repair common .22 autopistols.	100	80		1										1	
9/21/2023	GSS-79	GSS-79_SLO1	Obtain or update armor skills necessary for current position or further advancement.	100	80		1										1	
9/21/2023	GSS-82	GSS-82_SLO1	Properly use common gunsmithing tools and fixtures to complete common projects encountered.	100	80		1				1						1	
9/21/2023	GSS-83	GSS-83_SLO1	Properly use common gunsmithing tools and fixtures to complete unusual projects encountered.	100	80		1				1						1	
9/21/2023	GSS-84	GSS-84_SLO1	Obtain or update armor skills necessary for current position or further advancement.	100	80		1										1	
9/21/2023	GSS-85	GSS-85_SLO1	Identify, disassemble and reassemble various models of Smith & Wesson revolvers.	100	80		1										1	
9/21/2023	GSS-85	GSS-85_SLO2	Demonstrate various methods of altering hand timing and fit to ensure correct cylinder indexing.	100	80		1				1						1	
9/21/2023	GSS-85	GSS-85_SLO3	Identify and demonstrate methods used to correct cylinder fit, chamber/bore alignment and proper	100	80		1										1	
9/21/2023	GSS-87	GSS-87_SLO1	Obtain or update armor skills necessary for current position or further advancement.	100	80		1										1	
9/21/2023	GSS-88	GSS-88_SLO1	Obtain or update armor skills necessary for current position or further advancement.	100	80		1										1	
9/21/2023	GSS-89	GSS-89_SLO1	Demonstrate proper disassembly, cleaning, and reassembly of duty firearm.	100	80		1										1	
9/21/2023	GSS-89	GSS-89_SLO2	Regulate optical or open gunsights for duty/combat.	100	80		1				1						1	
9/21/2023	GSS-89	GSS-89_SLO3	Explain and demonstrate infield serviceability function tests.	100	80		1				1						1	
9/21/2023	GSS-90	GSS-90_SLO1	Properly perform basic custom alterations and modification to the colt 1911 type auto pistol as used in	100	80		1				1						1	
9/21/2023	GSS-91	GSS-91_SLO1	Properly perform advance custom alterations and modification to the colt 1911 type auto pistol as used in	100	80		1				1						1

9/21/2023	GSS-93	GSS-93_SLO1	Properly disassemble, clean and reassemble studied firearms.	100	80		1				1						1	
9/21/2023	GSS-93	GSS-93_SLO2	Demonstrate barrel break-in procedure.	100	80		1				1						1	
9/21/2023	GSS-93	GSS-93_SLO3	Correctly bed action into stock.	100	80		1				1						1	
9/21/2023	GSS-94	GSS-94_SLO1	Safely reload a straight wall metallic cartridge to a specification equivalent to a factory loading for the same	100	80		1				1						1	
9/21/2023	GSS-95	GSS-95_SLO1	Obtain or update armor skills necessary for current position or further advancement.	100	80		1				1						1	
9/21/2023	GSS-98.02	GSS-98.02_SLO1	Properly trouble shoot and repair common rifles and shotguns used in cowboy action shooting.	100	80		1				1						1	
9/21/2023	GSS-98.03	GSS-98.03_SLO1	Properly trouble shoot and repair common single action revolvers.	100	80		1				1						1	
9/21/2023	GSS-98.04	GSS-98.04_SLO1	Properly deal with hollow grinding, working with different metal types and handle materials.	100	80		1				1						1	
9/21/2023	GSS-98.05	GSS-98.05_SLO1	Obtain or update armorer skills necessary for their current position or further advancement.	100	80		1				1						1	
9/21/2023	GSS-98.06	GSS-98.06_SLO1	Obtain or update armorer skills necessary for their current position or further advancement.	100	80		1				1						1	
9/21/2023	GSS-98.08	GSS-98.08_SLO1	Properly fit and tune the 1911 type auto pistol for maximum accuracy and reliability.	100	80		1				1						1	
9/21/2023	GSS-98.09	GSS-98.09_SLO1	Properly identify and prepare suitable gun parts for color case hardening and get some color on those parts.	100	80		1				1						1	
9/21/2023	GSS-98.12	GSS-98.12_SLO1	Identify and use the proper tools to construct a modern/cowboy action style belt and holster.	100	80		1				1						1	
9/21/2023	GSS-98.13	GSS-98.13_SLO1	Use common shop tools to identify and predict the behavior of metals when exposed to heating and cooling cycles.	100	80		1				1						1	
9/21/2023	GSS-98.21	GSS-98.21_SLO1	Demonstrate the ability to correctly diagnose and resolve a problem (complexity dependent on units taken)	100	80		1				1						1	
9/21/2023	GSS-98.22	GSS-98.22_SLO1	Demonstrate the ability to correctly diagnose and resolve a problem (complexity dependent on units taken)	100	80		1				1						1

**Subject** **3.15 ISLO Dashboard & ISLO / GESLO Mapping**

Meeting Oct 17, 2023 - Curriculum and Academic Standards Committee 3:00 pm in-person - HU 107 & via Zoom -

Category 3. Action Items

Type

For the next curriculum available meeting, I wanted to get the new ISLO Dashboard & ISLO / GESLO Mapping updates on the agenda for formal review now that ISLO/GESLO Strategic Decision Approved at the Academic Senate Meeting on [May 26, 2023](#) and Curriculum and Academic Standards Meeting approved on [May 2, 2023](#), the mapping, which reflects only current Lassen College Courses now has a dashboard to make strategic decisions in the future or inclusion in the FactBook as discussed in Academic Senate.

Aeron will be updating the dashboard linked below with the full language of each ISLO

1. [ISLO GESLO and PSLO Master Mapping.xlsx](#)
  - a. You'll see here the full mapping of all ISLOs, including the previous GESLOs on the first worksheet of this workbook.
  - b. If a course outcome was mapped to GESLO 3 or GESLO 4, it was automatically mapped to ISLO 5.
2. [ISLO Dashboard \(All 5 ISLOs\)](#)
  - a. This dashboard reflects ISLO 5, which is mapped if the course maps were aligned to GESLO 3 and 4.
3. New SLO Mapping Form
  - a. Attached in Word
  - b. New Instructions on top
  - c. Reflects removal of GESLOs
  - d. Is Accessible
  - e. Will get a fillable PDF if no changes are made to mapping form) so it can be distributed to faculty for this year's curriculum updates / new courses or courses with new SLOs.

**2.21 Approved FILM 1 History of the Cinema - IPR Review, No Change**

**2.22 Approved MUS 6 Music History from Antiquity to 1750 - Correct error of repetitive line in course content**

**2.23 Approved MUS 7 Music History from 1750 to Modern Era - IPR Review, No Change**

**2.24 Approved MUS 12 Music Appreciation - IPR review, No Change**

**3. Action Items**

**3.01 Approved AGR 21B Intercollegiate Rodeo - add diversity statement, update modality language – Avilla/Oberg MSCU**

*Tom Robb asked if all courses coming through should be adding a diversity statement. It was answered not yet, but that was a discussion for later in the meeting. Tom Downing noted all changes on the AGR courses were approved by Brian Wolf.*

**3.02 Approved AGR 22 Rodeo Skills** - Add Diversity statement, update modality language - **Duerksen/ Baker MSCU**

**3.03 Tabled AGR 40 Basic Agricultural Mechanics** - Add outside of class hours, add diversity statement, update modality language, update text Agricultural Mechanics and Technology Systems by J. P. Hancock, Don W. Edgar, Michael L. Pate, Lori A Dyer, W. Brian Hoover, 2022 ISBN: 9798888175484 – *moved to table* - **Mesloh/ Baker MSCU**

*There was discussion about the primary text listed under assignments, but not included in the representative texts. Makenzie would check with Brian to see what he would like to do. The original motion and second were changed to a move to table the matter.*

**3.04 Approved CD 11 Observation and Assessment** - Update text to Week by Week; Plans for Documenting Children's Development, 8th Edition, Barbara Ann Nilsen, 2023, Cengage Learning, ISBN:9780357625620 (hardcopy), ISBN: 9780357625668 (etextbook); update Hybrid modality language – **Duerksen/ Oberg MSCU**  
*Items 3.04 through 3.06 were approved together.*

**3.05 Approved CD 15 Pre-School Administration** - Update text to Early Childhood Leadership and Program Management, Angele Sancho Passe, 2022, Readleaf Press, ISBN-13 978-1605547657. update Hybrid modality language – **Duerksen/ Oberg MSCU**

**3.06 Approved CD 19 Children's Nutrition, Health, and Safety** - Update text to Health, Safety, and Nutrition for the Young Child; Lynn R. Marotz, 2020, Cengage, ISBN: 9780357040775 Hybrid modality language – **Duerksen/ Oberg MSCU**

**3.07 Tabled CD 25 Teaching in a Diverse Society** - Update text to Don't Look Away; Embracing Anti-Bias Classrooms, Iheoma U. Iruka, Stephanie M. Curenton, Tonia R. Durden, Kerry-Ann Escayg, 2020, Gryphon House Inc, ISBN 9780876598436; Hybrid modality language – *moved to table* – **Mesloh/ Oberg MSCU**  
*KC Mesloh asked if the new text was replacing one of the previous texts, or if it was being added in addition to. The matter was tabled so clarification could be sought.*

**3.08 Approved CD 26 Administration II** - Update text to Freeman and Decker; Planning and Administering Early Childhood Programs, 11th Edition, 2021, Pearson Education, ISBN 13: ISBN-13: 9780134029177; Hybrid modality language – **Duerksen/ Oberg MSCU**

**3.09 Approved CD 50 ECE Child Health and Safety** - approve inactivation – **Robb/ Avilla MSCU**  
*It was noted this course would be removed from the degree and certificate.*

**3.10 Approved ENGL 2 Introduction to Literary Types** - New Course Title (aligns with C-ID) English 2 Introduction to Literature Updated Methods of Evaluation & Delivery to align with current standards. Modified SLO 1 and SLO 2 Textbook does not have a new edition but still lowest cost for the course content. – **Oberg/ Robb MSCU**

*Fran Oberg noted some corrections including correcting the title on the SLO mapping, the second SLO needing to match the outline and the title on the COR footer.*

**3.11 Approved ENGL 3 British Literature I** - > Updated Course Title: Survey of British Literature 1 (aligns with CID) > Updated Course Description: Aligns with CID > Updated methods of evaluation and delivery to align with current Curriculum and Academic Standards Handbook > Updated Textbooks to Free ASCCC curated OER & a lower cost updated reading/writing strategy supplemental. >>Robinson, Bonnie J. and

Laura Getty, *British Literature I: Middle Ages to the Eighteenth Century and Neoclassicism*, 2018, ISBN: 978-1-940771-28-1 >> Gardner, Janet and Joanne Diaz, *Reading and Writing about Literature with 2021 MLA Update*, 5th Edition, Macmillan Learning, 2021; ISBN 9781319462550 – **Mesloh/ Robb MSCU**  
*The new title should be on the mapping and footer.*

**3.12 Approved ENGL 5 Survey of World Literature 2** - Update Course Title: ENGL-5 Survey of World Literature 2 Changed to no roman numerals, aligned with CID Added Outside Class Hours & Total Student Learning Hours Updated SLOs: Removed SLO 3 and updated SLO 1 and 2 (see attached mapping) Updated Methods of Evaluation & Delivery (Standard Language) Updated Course Textbook to ZTC Turlington, Anita; Horton, Matthew; Dodson, Karen; Getty, Laura; Kwon, Kyoungnye; and Ng, Laura, "Compact Anthology of World Literature II: Volumes 4, 5, and 6" (2018). English Open Textbooks. 18. Students Download free textbook from: <https://oer.galileo.usg.edu/english-textbooks/18> No changes to Supplemental Textbooks – **Robb/ Duerksen MSCU**

*The new title should be on the mapping and footer.*

**3.13 Approved FS 80 Firefighter Survival** - Update Description, content, assignments, text to IAFF, current edition. Fire Ground Survival student manual (online) <https://www.iaff.org/fire-ground-survival/> - **Mesloh/ Robb MSCU**

*There was discussion on how the prerequisite would be enforced. It was decided the course would require instructor approval prior to students enrolling. Dan Weaver said students emailed him their completed work. A line would be added in description noting instructor approval was required for the course.*

**3.14 Approved HUS 43 Social Work and Human Services Seminar** - Update hybrid modality language – **Duerksen/ Avilla MSCU**

**3.15 Approved ISLO Dashboard & ISLO / GESLO Mapping – Robb/ Duerksen MSCU**

#### **4. Discussion Items**

**4.01 New course: AJ -55 Tactical Rifle Instructor** - First read

*Tom Downing shared about the proposed course, intended for Spring 2024. The Law Enforcement only course will be 40 hours, with five 8 hours days. Its POST certified and is secondary to the firearms course. It will come back for a second read*

**4.02 New Course: AJ-65 Adult Corrections Officer Supplemental Core Course** - First read

*Tom Downing said this course is for state certified police officers to get earn certification to work in county jails. The course was requested by regional agencies, and is intended for Spring 2024. It is an 80 hours, that will be spread out over the span of two weeks. KC Mesloh asked about if the requirement of completing POST Basic Academy should be listed as a pre-requisites. It was noted to keep the requirement in the description, but also note in as a pre-req for transparency. The course will come back for approval with the changes at the next meeting.*

**4.03 COR template** - discuss changes including possible DEIA statement prompt, modality languages, others *Melinda Duerksen posed questions about updating the Course Outline of Record Template, including adding a diversity statement, removing “web-enchanted” as a listed modality, including the standard language for the methods of evaluation and delivery modality language, and removing the disciplines from the COR.*

*It was discussed if the diversity statement should be a campus wide standard, or if departments could choose.*

*Web-enhanced should be removed from the modality section since it is not an actual modality. And the set language should be included.*

*Regarding the disciplines, it was noted some courses may have difficulty getting approved for areas because of disciplines on the COR. It was posed where the disciplines would be housed for record keeping, and proposed the instructional services technician would keep a living document of courses and their associated disciplines, adding and removing courses as they are approved and inactivated. Makenzie noted a question asking for disciplines should be added on to the new course packet so that she knows what discipline to assign.*

*The COR Template will be cleaned up, with discussed items added and or removed, and in an accessible format and brought back for discussion at the next meeting.*

## **5. Information Items**

### **5.01 Distance Education Committee Update**

*At the meeting the previous night, the DE committee discussed the updated DE Handbook, complete with working links and the new POCR section. The committee approved the handbook, but additional updates for regular and substantive interaction*

### **5.02 Instructional Program Reviews Due**

### **5.03 Proposed changes to Associate Degree GE pathway**

*Alison shared she and Chad have met with most of the affected departments, and all were in favor of removing Area E and replacing it with an ethnic studies requirement in the terminal GE. Tom Downing wondered if we should get all full time faculty to sign off on the change.*

### **5.04 Future Meeting dates**

Nov. 7

## **6. Future Agenda Items**

## **7. Adjournment 4:03 p.m. Duerksen/ Mesloh MSCU**

Minutes Generated by Makenzie Freedman

**Tuesday, October 24, 2023**  
**Academic Senate Meeting - Tuesday, October 24, 2023 - 3:00pm**

## **1. Meeting Opening**

---

**Subject**                      **1.01 Call to Order and Roll Call**

Meeting                      Oct 24, 2023 - Academic Senate Meeting - Tuesday, October 24, 2023 - 3:00pm

Category                      1. Meeting Opening

Type                          Procedural

Adam Runyan - President

Tom Downing - Vice President

Celeste Wiser - Secretary

Melinda Duerksen

Jennifer Lawler  
Laura Rotlisberger

**Subject**                      **1.02 Approval of Agenda**

Meeting                      Oct 24, 2023 - Academic Senate Meeting - Tuesday, October 24, 2023 - 3:00pm

Category                      1. Meeting Opening

Type                              Procedural, Action

Recommended Action      Approve Agenda

**Subject**                      **1.03 Approval of Minutes**

Meeting                      Oct 24, 2023 - Academic Senate Meeting - Tuesday, October 24, 2023 - 3:00pm

Category                      1. Meeting Opening

Type                              Minutes

## **2. Public Comment**

### **3. Action**

---

**Subject**                      **3.01 ISLO Dashboard & ISLO/GESLO Mapping updates**

Meeting                      Oct 24, 2023 - Academic Senate Meeting - Tuesday, October 24, 2023 - 3:00pm

Category                      3. Action

Type                              Action

Recommended Action      Approve Dashboard and Mapping updates

1. [ISLO GESLO and PSLO Master Mapping.xlsx](#)
  - a. You'll see here the full mapping of all ISLOs, including the previous GESLOs on the first worksheet of this workbook.
  - b. If a course outcome were mapped to GESLO 3 or GESLO 4, it was automatically mapped to ISLO 5.
2. [ISLO Dashboard \(All 5 ISLOs\)](#)
  - a. This dashboard reflects ISLO 5, which is mapped if the course maps were aligned to GESLO 3 and 4.
3. New SLO Mapping Form
  - a. Attached in Word
  - b. New Instructions on top

- c. Reflects removal of GESLOs
- d. Is Accessible
- e. Will get a fillable PDF if no changes are made to mapping form) so it can be distributed to faculty for this year's curriculum updates / new courses or courses with new SLOs.

**Subject 5.02 ASCCC Fall 2023 Plenary Resolution**

Meeting Oct 24, 2023 - Academic Senate Meeting - Tuesday, October 24, 2023 - 3:00pm  
 Category 5. Information  
 Type

Resolutions for discussion at the upcoming Area Meetings are now available on the [2023 Fall Plenary event page under the Resolutions tab](#). We hope that you will share the resolutions with your colleagues and come prepared to discuss them at the [Area Meetings](#) on Friday, October 27. These meetings are virtual and free to attend, please share this message and encourage faculty participation.

**Subject 5.03 Area A Meeting**

Meeting Oct 24, 2023 - Academic Senate Meeting - Tuesday, October 24, 2023 - 3:00pm  
 Category 5. Information  
 Type Information

You can **NOW** register for the Zoom Events Area Meeting on the [ASCCC Area A website](#). Friday, October 27th. Agenda is available on this event page.

You will notice that ASCCC is using a new format as all the area meetings are virtual and happening on the same day. From 9:00 to 11:00am, all area meetings will join the zoom for the "General Session" for the President's Report, Foundation Report, Resolutions Process Overview, and Disciplines List Information. After that, each Area will meet in their identified Area Zoom Session that is in the same Zoom Event as the General Session. During this Area A time, we will focus on reviewing the Resolutions Packet for Area Meetings and also consider and approve any Resolutions carried by Area A members to the Area meeting. ASCCC President Cheryl Aschenbach and Vice President Manuel Velez will also stop in for Q&A in our Zoom during this time.

**Subject**                    **5.04 AP/BP for Artificial Intelligence**

Meeting                    Oct 24, 2023 - Academic Senate Meeting - Tuesday, October 24, 2023 - 3:00pm

Category                    5. Information

Type                        Information

The ASCCC is working on this issue. There will be breakout sessions on AI at the Fall Plenary and will be sharing ideas for APs and BPs. ASCCC is working to plan some AI conversations in addition to the Chancellor's Office coordinated webinar series, but there is no schedule yet.

**6. Reports**

---

**Subject**                    **6.01 Administration**

Meeting                    Oct 24, 2023 - Academic Senate Meeting - Tuesday, October 24, 2023 - 3:00pm

Category                    6. Reports

Type                        Information

Administration will provide information on items of relevance to the Academic Senate as faculty representatives on academic and professional matters. Reports may be limited to 5 minutes.

**Subject**                    **6.02 Senators**

Meeting                    Oct 24, 2023 - Academic Senate Meeting - Tuesday, October 24, 2023 - 3:00pm

Category                    6. Reports

Type                        Information

Each senator has an opportunity to report on items of interest to Academic Senate and guests present

**Subject**                    **6.03 LCFA**

Meeting                    Oct 24, 2023 - Academic Senate Meeting - Tuesday, October 24, 2023 - 3:00pm

Category                    6. Reports

Type                        Information

LCFA has an opportunity to update Academic Senate on upcoming meetings, trainings, negotiations, and other matters of faculty interest. Reports may be limited to 5 minutes.

**Subject**                    **6.04 Guided Pathways**

Meeting                    Oct 24, 2023 - Academic Senate Meeting - Tuesday, October 24, 2023 - 3:00pm

Category                    6. Reports

**9. Meeting Closing**

---

**Subject**                    **9.01 Adjournment**

Meeting                    Oct 24, 2023 - Academic Senate Meeting - Tuesday, October 24, 2023 - 3:00pm

Category                    9. Meeting Closing

Type                    Action

**1.01 Call to Order and Roll Call-**

Present: Adam Runyan, Melinda Duerksen, Laura Rotlisberger, Jennifer Lawler, Tom Downing

Absent: Celeste Wiser

**1.02 Approval of Agenda**

MSCU Rotlisberger /Runyan

**1.03 Approval of Minutes**

MS Rotlisberger /Duerksen

Ayes: Runyan, Duerksen, Rotlisberger

Abstain- Lawler

**2. Public Comment-**

None

**3.01 ISLO Dashboard & ISLO/GESLO Mapping updates**

Runyan discussed the new dashboards. No further discussion

MSCU Lawler/Duerksen

**3.02 2023-2024 Curriculum Action Log**

Action log was presented. No discussion. Motion to approve.

MSCU Downing/ Rotlisberger

**3.03 AP 4021.1**

Revitalization workgroup reporting form.

AP 4021.1 is the form after the committee meets and documents everything. Runyan shared the document and discussed who needs to sign it. Concern was the form says specifically Discontinuation. Not for revitalization. Discussion took place on what the form should say.

MSCU – To change to just Signature Page. Remove deactivation language Downing/Lawler

**3.04 Request for Business IPR Extension**

M. Williams has requested an extension for the Bus IPR due to not having a full-time faculty member.

Motion to approve extension

MSCU- Downing/Lawler

**4.01 Scholarship and Financial Aid Appeals/ Student Grievances and Academic Renewal Appeals Charge**

Runyan shared an email concerning the committee. The committee only meets as needed and hasn't met in a while. R. Haynes looked it over and noticed the charge only mentions AP and the administrator is not the one that is listed as should be on there.

The committee wants to convene to look at the charge and is looking for Senate Feedback.

Downing suggested that both administrators should be on, CSSO, and VP of Instruction or CIO. Senators agreed and is recommending that they appoint the correct administrators and go over the charge and look at the AP's and update them.

### **5.01 Spring Finals Schedule**

Due to Graduation being on Thursday for 2025, the finals scheduled for Spring 2024 has been changed to pilot the changes.

A discussion took place about the Friday finals.

Thursday evening finals moved to Tuesdays, Thursday finals to end by 2pm.

Other changes to accommodate student needs.

### **5.02 ASCCC Fall 2023 Plenary Resolution**

Runyan brought forth where to find the resolutions and encouraged senators to look at them and join the Area A meeting

### **5.03 Area A Meeting**

Area A meeting will be Oct 27<sup>th</sup>, you can hop in and off as needed. Free registration.

### **5.04 AP/BP for Artificial Intelligence**

ASCCC is still looking into this and nothing has been done yet. Runyan mentioned that the Area A meeting would be great venue to bring up AI and if any other schools have created an AP.

Downing just wants this to be on the radar so that Senate can support instructors with their use or non-use of it in their classrooms.

### **6.01 Administration**

None- no admin present

### **6.02 Senators**

Senator Wisner had a healthy baby boy! Congratulations to the Wisner family!

### **6.03 LCFA**

High flex pilot project MOU signed, and a special assignment was flown for instructors. This is a two-semester pilot project.

Still waiting to hear about ZTC/OER.

The online professional development micro-credential course rate was increased to the adjunct hourly rate but not to exceed \$4,500 per course with a max number of two courses per year.

### **6.04 Guided Pathways**

Work groups are starting.

Planning for Convocation to give update

Motion to move into Closed Session

MSCU- Duerksen/ Rotlisberger

Entered close session @ 3:32pm

### **7.01 Consideration of Faculty Minimum Qualifications and Equivalency**

Discussion took place regarding candidate's equivalency for the Transportation Instructor.

Vote took place. Equivalency approved.

Return to Open Session:

MSCU Rotlisberger /Downing

Return to open session @3:37

### **8.01 Meeting Dates and Location - HU 206 and via Zoom**

Remaining meeting Dates for the Fall 2023 Semester are November 14, November 28, and December 12

### **9.01 Adjournment**

MSCU Downing/ Rotlisberger

Adjourn @ 3:39

# Lassen Community College

Student Learning Outcome Map Form

Date Reviewed: \_\_\_\_\_ Faculty Name(s): \_\_\_\_\_

Course Subject & Number: \_\_\_\_\_ Course Title: \_\_\_\_\_

Please select the educational goal based on the Lassen College Mission:  Transfer  Economic/Workforce Development  Basic Skills

## Instructions

Review the ISLO statements, then complete the table for each course student learning outcome listed.

1. List Course SLOs in the table below in the same order and number as listed on the Course Outline of Record.
2. Paste in the SLO Statement from the course outline of record.
3. Check a box for each Institutional Student Learning Outcome(s) to each Course Student Learning Outcome will support.
4. Specifically describe the assessment method(s) used to measure each outcome, such as a written assignment, observation, skills assessment, or other method.
5. Indicate the target achievement target that will determine successful completion of the outcome.

## Institutional Student Learning Outcomes

1. **ISLO 1 Communication** Ability to listen and read with comprehension and the ability to write and speak effectively.
2. **ISLO 2 Critical Thinking** Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome.
3. **ISLO 3 Life-Long Learning** Ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems.
4. **ISLO 4 Personal/Interpersonal Responsibility** Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures.
5. **ISLO 5 Cultural Awareness** Ability to embrace awareness of the ways people respond to themselves and the world around them to understand social dynamics past and present including the interrelationship between the creative arts, the humanities and self; where individual and group differences are valued and contribute to our growth and understanding as an educational community.

## Learning Outcome Mapping

NOTE: Courses with more than 10 SLOs will need to have a second form.

## **Consultation Council 3:00 pm via Zoom (Monday, July 10, 2023)**

*Generated by Mitchell Williams on Monday, July 10, 2023*

Michell Williams, Toni Poulsen, Codi Mortell, Tiffany Montgomery, Emily Purificacao, Julie Johnston, Carie Camacho, Debbie Mealey, Chad Lewis, Colleen Baker, Carol Growdon, Dana Armeson, Annika Peacock, Kim Clain, Pat Shannon.

### 1. Meeting Opening

Action: 1.02 Approval of Agenda

Approved by consensus

Minutes, Action: 1.03 Approval of Minutes 6/12/2023

Approved by Consensus

### 2. Governance

Information, Action: 2.01 Strategic Plan

No changes suggested. Approved by consensus.

Michell- Next year we will place this approval in the May CC meeting to allow more participants in consultation to review the plan.

Information, Action: 2.02 Resource Development Foundation NIPR- Colleen Baker

Colleen- We have been lacking the director position since approximately December and prior to vacating the position the previous person was unable to complete the NIPR. There have been numerous changes to the foundation including a different company managing the campground. The NIPR discusses the audit and the changes as a result of those findings. The AUOs were also difficult to collect data on. We are looking to the new director to review the AUOs and make changes as necessary once she has the opportunity to learn the position. This was the last NIPR for 2022 that was needed for approval. We found that many of the AUOs that were established in previous NIPRs had changes that were needed to make the data more collectable.

Approved by consensus.

### 3. Consultation

### 4. Guided Pathways

Information, Discussion, Consultation: 4.01 Guided Pathways update-Brady Reed

No update this month.

### 5. Accreditation

Information, Discussion, Consultation: 5.01 Accreditation Update- Tri-Chairs

Chad- the accreditation chairs are continuing to work on writing the midterm report which is on pace for completion by the timelines. Around August/September it will start going out to campus for approval.

### 6. Other-Information/Communication

Information: 6.01 Superintendent/President Update -- Carie Camacho

Carie- FTES are up a little over 30 which is excellent news. We are on a great track for growth. We are looking at whether that includes our WUE students or not which means that number could continue to grow with our WUE students. It is very affordable for out of state students to attend LCC with the WUE. The gym floor is finished and it looks fabulous. We are busy planning for fall semester. There is already a big wait list for our dorms, so if anyone has any contacts for rentals our students will need help with housing. The new dorm funding that we originally applied for was cut in the new budget but Newsom has put out a new plan. There are not specifics out yet but it sounds like the state may cover any bonds that are passed and it will not cost our county. We are seriously looking into this. We are reaching out to the community

and looking into FEMA to see if there are any housing options such as purchasing FEMA trailers and putting in the infrastructure to hold them. Our dorm waitlist is back to what we were pre-covid and we have more new programs coming such as RN so we need to continue looking at all options to expand on campus housing. We are exploring all options.

Information: 6.02 Good of the Order- Additional Information updates

Colleen- non-instructional programs will have appointments with Colleen to discuss AUOs and collecting data. Look for emails from Colleen.

Information: 6.03 Planning and Resource Allocation Calendar

Michell- We are reviewing the planning calendar to include any revisions brought during the year as well as any suggestions from the planning committee reviews. We are looking to approve all of our outstanding master plans in the master planning committees and then they will come to consultation in the next meeting July 24, 2023. The hope is to get the CIMP completed and look to have that to Consultation for approval in August and to then to the Board. We will hopefully have the fact book available to present in July as well.

We will have another meeting on July 24, 2023.

7. Meeting Closing

Information: 7.01 Future Meetings

Adjourn 3:25

## Agenda Item Details

### Meeting

Aug 08, 2023 - Regular Meeting of the Board of Trustees - 5:30 p.m.

### Category

Administration

### Subject

Approval of Revisions to Strategic Plan (Mission, Vision, Strategic Goals, ISLO's and College Values)

### Type

Action

### Recommended Action

Recommended the Board of Trustees approve the revised Strategic Plan to include the changes of adding "Community" and the new ISLO #5 Cultural Awareness, as presented.

### Background

The Strategic Plan was presented to the Board in November 2020 for a review of proposed changes and approved at the December 2020 Organizational Meeting. Consultation Council approved the Strategic Plan September 13, 2021, and Academic Senate approved the same document without changes on September 22, 2021, with the Board of Trustees approving at their October 12, 2021 Regular Meeting. Consultation Council approved the Strategic Plan July 25, 2022 without changes and was presented to the Board of Trustees at their July 26, 2022 Strategic Planning Workshop for review and no changes were suggested. It was approved by the Board at their August 2023 regular meeting.

### Status and Analysis

In Fall 2020, there was a concerted effort to map all Course Student Learning Outcomes (SLOs) to General Education Student Learning Outcomes (GESLOs) and then to Institutional Student Learning Outcomes (ISLOs). Over the next two years, all of the course SLOs were mapped to GESLOs and ISLOs.

Recently, through consultation with our contracted Researcher, it was advised to streamline the process and directly map Course SLOs to ISLOs and eliminate the GESLO step. However, faculty soon realized that some Course SLOs did not directly map to ISLOs. It was determined to create a new ISLO that would fill the gap of the here to for missing GESLOs # 3 and 4 (#3. Apply knowledge of the ways people act and have acted in response to their societies to express an appreciation for how diverse societies and social subgroups operate to understand social dynamics within historical and contemporary communities. #4. Understand ways in which people throughout the ages and in Western and non-Western cultures have responded to themselves and the world around them in artistic and cultural creation; apply this knowledge to make value judgments on cultural activities and artistic expressions and demonstrate an understanding of the interrelationship between the creative arts, the humanities and self.)

- i. Discussed at Curriculum Committee and Academic Senate - May 2023.
- ii. Discussed at the Cabinet retreat in June 2023.
- iii. Approved by Consultation Council on July 10, 2023.

A new ISLO was created. Now faculty can easily align Course SLOs directly to ISLOs. ISLO #5 is as follows: **5. Cultural Awareness**-Ability to embrace awareness of the ways people respond to themselves and the world around them to understand social dynamics past and present including the interrelationship between the creative arts, the humanities and self; where individual and group differences are valued and contribute to our growth and understanding as an educational community. Once this ISLO is added to the LCC Strategic Plan, faculty members can update their Course SLOs to the new ISLOs.

### For Board Discussion

How does this action achieve the College's Mission, Vision and Values and support Student Learning?

[2024-2029 Lassen Community College District Strategic Plan Draft\(1\).pdf \(352 KB\)](#)

**Regular Meeting of the Board of Trustees - 5:30 p.m. (Tuesday, August 8, 2023)**

*Generated by Julie Johnston on Tuesday, August 8, 2023*

**Members present**

Kim Dieter, Louis Hamilton, Buck Parks, Sophia Wages, Sandra Jonas, David Trussell, Robin Hanson

**Members absent**

Student Trustee Jasmine Gisselberg

**Meeting called to order at 5:30 PM**

## 1. Meeting Opening

### Procedural: 1.01 Call to Order and Roll Call

### Action, Procedural: 1.02 Agenda Approval

Motion by David Trussell, second by Sophia Wages

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages

Noes: None

Absent: Student Trustee Jasmine Gisselberg

### Procedural: 1.03 Pledge of Allegiance to the Flag

The Pledge of Allegiance to the Flag was led by Trustee Sandra Jonas.

## 2. Public Comments

### Information, Procedural: 2.01 Call for Requests from the Audience to Speak to any Item on the Agenda

None

### Information, Procedural: 2.02 Public Comments on Items Not on the Agenda

None

## 3. Consent Agenda-Any items removed will be considered after the motion to approve the Consent Agenda

### Information: 3.01 Public Comments on Consent Agenda Items

None

### Action (Consent), Minutes: 3.02 Approval of Minutes of July 11, 2023 Regular Meeting

### Action (Consent), Minutes: 3.03 Approval of Minutes of July 25, 2023 Workshop Meeting

### Action (Consent): 3.04 Approval of Personnel Consent Agenda

### Action (Consent): 3.05 Approval of Warrants and Financial Reports ending July 31, 2023

## Action (Consent): 3.06 Ratification of Contracts

## Action (Consent): 3.07 Approve Consent Agenda

Motion by Sophia Wages, second by Sandra Jonas

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages

Noes: None

Abstain: Louis Hamilton abstained from Item 3.03 Approval of Minutes of July 25, 2023 Workshop Meeting

Absent: Student Trustee Jasmine Gisselberg

## 4. Discussion/Action on item(s) removed from Consent Agenda

None

## 5. Information-Reports

### Information, Report: 5.01 Academic Senate President's Report - Adam Runyan

Adam Runyan provided the following report, as read by Julie Johnston:

"Good Evening, The Academic Senate and Faculty are refreshed and ready to embark on another great year. We have an amazing team of senators and will be meeting in a Hybrid format (in person and online). Be on the lookout for our agendas coming soon. This year, we will be focusing on topics such as: instructional program review, general education requirements for degrees, common course numbering initiatives, academic freedom, possible baccalaureate programs, artificial intelligence in the classroom, Zero Text Book and Open Educational Resources initiatives and as always accreditation. The ASCCC Vice President, Manuel Velez and an At-Large Representative, Christopher Howerton, visited our campus last week for our Equity Summit and presented on Curriculum through an Equity Lens. It was great to have ASCCC Exec Members come to our college in-person and meet our employees, students and see our campus. We have something to be proud of here in the North State. Thank you for your service to our institution."

### Information, Report: 5.02 Associated Student's Report - ASB President Amanda Reeves

Miss Reeves was absent.

### Information, Report: 5.03 Interim Superintendent/President's Report - Carie Camacho

Interim Superintendent/President Carie Camacho reported that the good news as of today is that we are up 155 FTES from last year. This is really good news and we are at 555 right now. We still have a few more students signed up for the WUE and have applied, and some applied and enrolled but not signed up for the WUE. We will know more next week where we are. We are hoping we will get to 600 and we hope we can get to that next spring. Then we would be up to 1,400 FTES. We are being funded at this number. The hold harmless after next year goes away. We are getting part of the funding on our FTES, so if we can get our FTES up to that, we will be okay. Mrs. Camacho reported that the college has contracted with Ed Knutsen and he is working on next year's budget already. If we do not get our FTES up, the money that will come into the school will be quite a bit lower. Ed will also work with Dan and David as far as a facilities plan so we can start budgeting for all the infrastructure on campus that needs work. Nothing has been updated since the 1970's. We are continuing to work with Cal Trans on the land they are taking by eminent domain for a sidewalk. We do not want them to hit our infrastructure. Our water line crosses from our rickety wooden tank up through the highway and we want to make sure it is left untouched. Additionally we want to make sure they are not paving during finals week. Mrs. Camacho advised that they have put these items into the agreement with them.

Mrs. Camacho stated that if the Board has seen anything from our new Chancellor from Vision 2030, which started with Newsom's mandate, it is very ambitious. They have added a lot of pathway talks. We already do pathways with the high school so she is not sure how many more we can add. We are working on ways to reach our Westwood and Herlong students. The interesting thing the Chancellor added was AI stuff and also information on the environment which is an additional thing from the Vision for Success from the Governor.

Mrs. Camacho reported that we have an incredible back to school event this Friday. We have a free concert this Friday which we have been advertising. It is a family fun event. We have been on Live at 5 a lot. We are going to add athletics and

ASB and she will be going on more so we can get things out to the community. We have onboarding for our students during the day this Friday, and then a free dinner for our students and then a band. It will be like the Concert on the Green that we used to have. We want to look at doing those again next summer. Everyone can bring chairs. There will be food trucks for people to purchase food Friday. It is a free event and the band starts at 5 p.m. Students can start getting their dinner at 4:30 p.m. The name of the band is Boot Juice and they play a variety of music including blue grass, country and rock. Again this is a family friendly event. We are asking people to not bring their ice chests. There will be lawn games on the grass area. Sunday is the infamous pool party. A lot of activities. Counseling has said they can say our enrollment has grown. The WUE has gone off without a hitch and seems to be going well. Our online bookstore had only one hiccup and we are ironing it out. Our calendar committee realized from last year we will have to tweak the calendar a bit. We need to match our spring break to the rest of the area schools so this will be brought to you in the future.

Mrs. Camacho advised that regarding housing, we have put in our application for the third phase. That does not mean we will be selected. The State keeps going back and forth on how they will fund it. Now they are stating we need to get a revenue generating bond where it attaches to the county. It does not have to go for a vote. We are trying to put in our application and think of creative ways to handle that. The State keeps changing it. The Legislative Office has done an analysis. The Governor said we would be \$22 billion in the hole. However, the Legislative office is saying as much as \$35 billion in the hole. This means we will be hit hard with the recalc in January. Mrs. Camacho advised that we may have to take out a TRAN. We hope not, as we have a healthy reserve. Taxes are not due for most people until October. We can only estimate what we will get. It is an election year. When the Legislative Office thinks it is \$35 billion in the hole, Mrs. Camacho stated she tends to believe them. The \$4 billion plus they promised us is now \$1 billion.

Trustee Louis Hamilton inquired as to whether the dorms were full? VP of Student Services Roxanna Haynes advised that she and Davis Murphy spoke this afternoon and they have about 25 students that have not shown. They scheduled students to arrive on certain days. In the days we scheduled for move in, we have had about 25 students that have not arrived yet. The think maybe 18 of those will eventually show up this week. Mrs. Haynes advised that most are athletes, two are not. Some are internationals on there. Their paperwork is done. Mrs. Haynes stated that the good news is if none of them show up we have a list of 20 waiting. We can get some students in as they are waiting for housing. We will only have 3 suites open if anything goes amiss. Trustee Hamilton asked if there has been any trouble in town with housing? Mrs. Haynes advised that is something the college always faces. She was on a walking tour with realtors this Spring and asked what can we do to give confidence to your property managers. There will be some work to be done for people to be comfortable renting to students.

### Information, Report: 5.04 Board Comments

Trustee Sophia Wages stated she was reading something off the internet or news that while our FTEs are coming up, this feed came through the top X amount of counties people are vacating in California. Modoc County was number one with people leaving the county, number 3 was Lassen, and number 8 was Plumas. It did not say where they were going. Trustee Wages added that as long as we keep our FTES up it is great and she thought it was an interesting statistic.

Trustee Sandra Jonas stated she has nothing, but is enjoying seeing all the activities for the students which is good for them along with the onboarding. Great to make them feel at home and get to know our town. Trustee Jonas added that she is really proud of what has been done with the cafe. She can see that going and the dorms. VP of Student Services Roxanna Haynes advised that there were four different groups of community folks she saw that had come up to the cafe for lunch.

Trustee David Trussell stated he is kind of anxious to poke his head in the gym. Interim Superintendent/President Camacho stated he also needs to check out the wrestling room and weight room, too.

Trustee Robin Hanson stated she has been talking to people in the community about the dental hygienist program. People are excited about that.

Trustee Kim Dieter stated she has nothing but hopes everything goes well next week for the first week of classes.

Trustee Louis Hamilton stated welcome back everybody. Trustee Hamilton stated he will join Dave on a walk through of the gym. It will discussed it will occur Friday afternoon before the concert.

## 6. Administration Board Policy - Chapter 3 First Reading (No Action Required)

Information: 6.01 BP 3410 Nondiscrimination (First Reading-No action is required at this time)

President Buck Parks stated this is a first reading and no action is required on these. President Parks advised the Policy Committee met earlier and went through them. A lot of the updates are recommendations from the League and the Policy and Procedure Service.

6.01 through 6.03 is a first reading. Next month they will be brought back to the Board and we will have a second reading and approval.

Information: 6.02 BP 3420 Equal Employment Opportunity (First Reading - No action is required at this time)

Information: 6.03 BP 3540 Sexual and Other Assaults on Campus and In Campus Programs (First Reading - No action is required at this time)

Information: 7.33 BP 7700 Whistleblower Protection (No Action Required)

Information: 7.34 BP 7800 Institutional Reassignment / Transfers (No Action Required)

President Buck Parks advised that a lot of these are updates from CCLC. We will look at them again next month and look for approval at that time.

## 8. Administration

### Action: 8.01 Approval of Revisions to Strategic Plan (Mission, Vision, Strategic Goals, ISLO's and College Values)

Interim Superintendent/President Carie Camacho stated that tonight we are asking for the Board to approve the revised Strategic Plan which was reviewed during the Planning Retreat a couple of weeks ago. The proposed revisions have been vetted through all the groups on campus, including Cabinet, Curriculum, Senate and Consultation Council. The proposed revisions will add the word "Community" in the first sentence under "Vision" and ISLO #5 on Cultural Awareness.

Motion by Sophia Wages, second by David Trussell

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages

Noes: None

Absent: Student Trustee Jasmine Gisselberg

### Action: 8.02 Acceptance of Non-Instructional Program Review (NIPR) for Resource Development/Competitive Grants (Foundation)

Interim Superintendent/President Carie Camacho stated that we are asking for acceptance on the NIPR for Resource Development. It was not done with the previous Director. Julie stepped in and did a lot of the work on that along with Colleen who worked with everyone doing NIPR's to help facilitate their completion.

Motion by Louis Hamilton, second by Sandra Jonas

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages

Noes: None

Absent: Student Trustee Jasmine Gisselberg

### Action: 8.03 Approval of PPL Contract for VP of Administrative Services Search

Interim Superintendent/President Carie Camacho reported that we are now at a point where we need to go through a search firm. We have been through two searches and four declines. PPL is a well known search firm with a good track record. If we cannot get the position filled through them, we have a problem. They are very good guys to work with, and

know people throughout the state. Mrs. Camacho stated she is asking for the Board's approval to contract with them. It is a flat fee of \$28,000 and up to \$3,000 in travel. Filling the VP of Administrative Services position is vital.

Motion by Robin Hanson, second by Sophia Wages

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages

Noes: None

Absent: Student Trustee Jasmine Gisselberg

### Action: 8.04 Authorize Sale of Surplus Items from Lassen Community College

Interim Superintendent/President Carie Camacho advised that they are looking for approval for the property in the surplus sale. This has been a ginormous undertaking from our maintenance people and there are not been a surplus sale on campus since Dr. Houston was here. The Cogen was used as a storage facility but it has been cleaned out. This will be the first round and then another round will happen a bit later. After we get everything cleaned out and scrapped, and then once a year we will do this. The auction site is Publicservice.com. They advertise it and we advertise it in three different spots ourselves. There are three viewing days and then we will accommodate people coming on campus to look at things. The Foundation items will be going as well. Trustee Sandra Jonas stated she wanted to thank Dan for all of his work. Mrs. Camacho also thanked Suzanne, Dan's wife, for all of her help as well.

Motion by Louis Hamilton, second by Kim Dieter

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages

Noes: None

Absent: Student Trustee Jasmine Gisselberg

### Information: 8.05 2022-2023 Apportionment Attendance Report - CCFS 320 (Annual)

Interim Superintendent/President Carie Camacho stated that this is an information item. Interim VP of Administrative services David Corley added that this is almost the final version of the 320 Report. We will have one more recalc at the end of September which will capture any final attendance accounting. Our overall numbers should stay about the same.

### Information: 8.06 Update On 2022-2023 COVID-19 Emergency Conditions Allowance

Interim Superintendent/President Carie Camacho reported that we are right on target. The Mid Year update was given to you earlier and asked if Colleen Baker wished to add anything. Interim VP of Academic Services Colleen Baker advised that the Chancellor's Office has not asked for a one year update, but she assumes that she will be receiving a request soon. Ms. Baker advised that we are meeting all our conditions, have become a CVC OEI teaching school. When we are a teaching college, if you are at Merced College and want to enroll for a specific class, if we are a teaching college, you hit the apply button and everything goes through seamlessly without a separate application. By the end of September it should be finished and that is the last step for us to meet the Emergency Conditions the Chancellor set. Mrs. Camacho advised that the list was originally daunting and Colleen did an enormous amount of work. David Corley, Davis Murphy and the faculty have stepped up. Most colleges who get on this have not seen a huge increase in enrollment, but it puts us on an even level with bigger colleges.

### Information: 8.07 Accreditation Update

Interim Superintendent/President Carie Camacho advised that there is really no update. We are following our calendar to get the report done on time without a researcher.

## 9. Information Items

### Information, Procedural: 9.01 Calendar of Events

President Buck Parks referred those present to the website and inquired on the status of the launch for the new website. David Corley advised he was trying to find out the status from the company for the launch of the new site but had yet to hear back.

## 10. Future Dates and Reports

### Information: 10.01 Future Dates and Reports

## 11. Public Comment on Closed Session Agenda Items

### Procedural: 11.01 Public Comment on Closed Session Agenda Items

None

## 12. Adjourn to Closed Session

### Procedural: 12.01 Adjourn to Closed Session

It was moved by Trustee Sophia Wages, seconded by Trustee Kim Dieter and carried unanimously to go into CLOSED SESSION at 6:08 p.m.

## 13. Closed Session

### Action, Discussion, Information: 13.01 Conference with Labor Negotiators (Three Matters)

*1. With respect to every item of business to be discussed in closed session pursuant to Government Code Section 54957.6:*

#### **CONFERENCE WITH LABOR NEGOTIATORS**

Agency Designated Representative: Josh Morrison, Esq.

Employee Organization: LCFA

Action Taken by the Board: No Reportable Action

*2. With respect to every item of business to be discussed in closed session pursuant to Government Code Section 54957.6:*

#### **CONFERENCE WITH LABOR NEGOTIATORS**

Agency Designated Representative: Josh Morrison, Esq.

Employee Organization: CSEA

Action Taken by the Board: No Reportable Action

*3. With respect to every item of business to be discussed in closed session pursuant to Government Code Section 54957.6:*

#### **CONFERENCE WITH LABOR NEGOTIATORS**

Agency Designated Representative: Carie Camacho

Employee Organization: All Unrepresented Employee(s)

Action Taken by the Board: No Reportable Action

### Action, Discussion, Information: 13.02 Conference with Legal Counsel - Anticipated Litigation (Three Matters)

*With respect to every item of business to be discussed in closed session pursuant to Government Code Section 54956.9:*

#### **CONFERENCE WITH LEGAL COUNSEL - ANTICIPATED LITIGATION (Three Matters)**

Action Taken by the Board: No Reportable Action

### Action, Discussion, Information: 13.03 Public Employee Discipline/Dismissal/Release (Five Matters)

*With respect to every item of business to be discussed in closed session pursuant to Government Code Section 54957(b):*

#### **PUBLIC EMPLOYEE DISCIPLINE/DISMISSAL/RELEASE**

Five Matters

Action Taken by the Board: No Reportable Action

### Discussion, Information: 13.04 Public Employee Appointment/Public Employment/Public Employee Performance Evaluation

*With respect to every item of business to be discussed in closed session pursuant to Government Code Section 54957:*

#### **PUBLIC EMPLOYEE APPOINTMENT/PUBLIC EMPLOYMENT/PUBLIC EMPLOYEE PERFORMANCE EVALUATION**

Interim Superintendent/President

Action Taken by the Board: No Reportable Action

## 14. Reconvene Meeting in Open Session

### Procedural: 14.01 Reconvene Meeting in Open Session

It was moved by Trustee Kim Dieter, seconded by Trustee David Trussell and carried unanimously to go into OPEN SESSION at 6:32 p.m.

## 15. Adjournment

### Action: 15.01 Adjournment of Meeting

Motion by Sophia Wages, second by Sandra Jonas

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages

Noes: None

Absent: None

The meeting adjourned at 6:33 p.m.

# ACADEMICS

Lassen College (/Pages/Home.aspx) » Academics (/academics/Pages/default.aspx) » Institutional Student Learning Outcomes

## Institutional Student Learning Outcomes

Upon the completion of any course, educational activity or program, the student will demonstrate improvement in one or more of these areas:

### ISLO 1: Communication

Ability to listen and read with comprehension and the ability to write and speak effectively.

### ISLO 2: Critical Thinking

Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome.

### ISLO 3: Lifelong Learning

Ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems.

### ISLO 4: Personal/Interpersonal Responsibility

Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures.

## ISLO 5 Cultural Awareness

Ability to embrace awareness of the ways people respond to themselves and the world around them to understand social dynamics past and present including the interrelationship between the creative arts, the humanities and self; where individual and group differences are valued and contribute to our growth and understanding as an educational community.

## **Consultation Council 3:00 pm via Zoom (Monday, May 8, 2023)**

*Generated by Michell Williams on Monday, May 8, 2023*

Carl Oberriter, Michell Williams, Dana Armeson, Bridget Gowin, Yuting Lin, Chad Lewis, Tom Robb, Adam Runyan, KC Mesloh, Michael Blaschak, Tom Downing, Brady Reed, Sandy Jonas, Melissa Hill, Julie Johnston, Melinda Duerksen, Lisa Gardiner, Jennifer Tupper, Tiffany Montgomery, Emily Purificacao, Tara Bias, Susan Rentfrow, Alison Somerville, Kristin Gilman, Alison Lonergan, Vickie Ramsey, Anna Pasqua, Heather DelCarlo, Pat Shannon, Annika Peacock.

### 1. Meeting Opening

Action: 1.02 Approval of Agenda

Approved by consensus

Minutes, Action: 1.03 Approval of Minutes 4/10/2023

Approved by consensus

Minutes, Action: 1.04 Approval of Minutes 4/24/2023

Approved by consensus

### 2. Governance

Information, Action: 2.01 Governance Survey

The Governance Survey was completed for the 2022-2023 year with all participants. The planning committee surveys and constituent group surveys will be collected by Michell and David is working to send out a survey monkey to all employees.

Information, Action: 2.02 Institutional Set Standards- Adam Runyan

Adam- We very much need a researcher to complete the Institutional Set Standards and discuss it. The IE Committee reviewed the standards. They should have been reviewed in February but there are some issues with that because data from the State is not available. We need to have these standards for accreditation purposes, state standards and reporting purposes for our scorecard. We need to review every year but we should consider whether February is the best time for that. The completion rates, fall to fall retention rates, transfer rates within CA not private schools, number of degrees and certificates awarded each year, licensure pass rates, and job placement rates. The committee thought the data looked good and we are meeting our goals and in some cases our stretch goals. The committee was not comfortable changes our goals until we can have a researcher on staff to guide that discussion. We will probably review these again in the Fall after the researcher is hired. We will also be looking at the required dates for deadlines. It has been approved by IE and Senate and is now ready for consultation approval. None of the Perkins recommendations were changed.

Michell- The retention rates have increased and that demonstrates that all the efforts that everyone across campus is doing to support our students are working. The retention records are for campus wide not just CTE.

Brady- It is encouraging to see our retention growing. There was a time when the retention percentage was below 30% and we had to lower our goal. Our special programs have done a great job with retention are doing a great job with contributing to the rise in that number.

Approved by consensus

Action: 2.03 Elect new Chairs/Co-Chairs for 2023/2024 academic year

Tabled until August.

### 3. Consultation

#### 4. Guided Pathways

Information, Discussion, Consultation: 4.01 Guided Pathways update-Brady Reed

Brady- workgroups are working on the guided pathways report. It is due June 1<sup>st</sup> so everyone is busy working on it. Prior years it was due in March but was moved to June 1<sup>st</sup>. Some areas may be asked to assist with the report because they are asking about other funding sources integrating with Guided Pathways.

### 5. Accreditation

Information, Discussion, Consultation: 5.01 Accreditation Update- Tri-Chairs

Chad-No update but next meeting should have an update.

### 6. Other-Information/Communication

Information: 6.01 Superintendent/President Update -- Carie Camacho

Carie- prior to COVID we used to have an all employee appreciate BBQ where administration serves lunch to all faculty and staff. It is an end of the year celebration and acknowledgement of everyone's hard work throughout the year. It will be held somewhere around the café where there isn't work occurring.

Information: 6.02 Good of the Order- Additional Information updates

Jennifer Tupper- This week lots of food activities around the walk up window. There will be a movie on the green at 8:30pm Thursday. Prom this Friday Glow Up prom at 9pm. Next week mental health activity Chalk it Out 1-3pm. Final bagel Thursday May 18<sup>th</sup>. Hoping students and staff will be able to distress before finals. Graduation cap decoration throughout the next three weeks drop in for students graduating.

Annika- Library lunch sessions has had great presenters. Tomorrow will have small business representatives 11:30am public library. Always looking for presenters for the schedule.

No other information shared.

Information: 6.03 Planning and Resource Allocation Calendar

Annual evaluations for planning is going out and CC has completed. Budget committee list has also been approved.

### 7. Meeting Closing

Information: 7.01 Future Meetings

Adjourned 3:55pm.

**Regular Meeting of the Board of Trustees - 5:30 p.m. (Tuesday, May 9, 2023)**

Generated by Julie Johnston on Tuesday, May 9, 2023

**Members present**

Noes: None

Absent: Robin Hanson

#### 4. Discussion/Action on item(s) removed from Consent Agenda

None

#### 5. Information-Reports

Information, Report: 5.01 Academic Senate President's Report - Adam Runyan

Academic Senate President Adam Runyan gave the following report:

Good evening, I recently attended the ASCCC Spring Plenary, where our very own Cheryl Aschenbach ran for the ASCCC President unopposed. They are very strict how they run the parliamentary procedure. They called for if anyone in the audience was running for Senate President besides Cheryl and they had to ask three times. Once officially elected, Cheryl received a standing ovation from the hundreds in the audience. She has put Lassen College on the map leading the charge on the 10+1 (Curriculum, Degree/Certificate Requirements, Grading Policies, Program Development, Policies on Student Success, Shared Governance, Accreditation, Professional Development, Program Review, and Institutional Planning and Budget Development). Our newly elected State Chancellor, Dr. Sonya Christian was in the audience and when giving her address to the ASCCC, congratulated Cheryl specifically and discussed her excitement to work with Cheryl. It is a very exciting time for Lassen College at the State level. I have handed out the Senate Rostrum which has articles written by Senate Executive Members highlighting topics that can affect our colleges like removing some general education requirements for degrees, common course numbering initiatives, academic freedom, baccalaureate programs, artificial intelligence, and accreditation. We all need to be informed and aware of these topics, laws, and bills coming down from the state so that we can best advocate for our college and students. Locally, our elections for senate has closed and I will inform the board of our senators at the June meeting after we officially seat the newly elected senators. We are working on Curriculum Handbook Updates, Faculty Handbook Updates, Math Competency Requirements, Low Textbook Cost Definitions, Representative Textbook Language, Institutional Student Learning Outcomes and General Education Student Learning Outcomes, and much more. Please let me know if you have any questions or concerns. Thank you.

Information, Report: 5.02 Associated Student's Report - ASB President Amanda Reeves

Student Trustee Tatum Raymond reported that at the end of April, they took students to UNR for a campus event and UC Berkeley also had some people there as well as other colleges. They also held a blood drive. Miss Raymond stated that in a couple of weeks they will be graduating. Miss Raymond stated that it has been an honor serving with the Board as she comes to the end of her term.

### Information, Report: 5.03 Interim Superintendent/President's Report - Carie Camacho

Interim Superintendent/President Carie Camacho advised that Buck Bauer would present an update on the gunsmithing program. Mr. Bauer introduced himself as one of the instructors in the gunsmithing program and advised that LCC Gunsmithing started in 1945. It is the oldest run gunsmithing program in the US and one of four NRA schools. Mr. Bauer advised that LCC's program is the only one on the West Coast and in California. Mr. Bauer reported that LCC Gunsmithing teaches a broad spectrum of skill sets from beginner to advanced and offers classes for advanced, spring making, mechanics, lathing, bluing and more. Our graduates are working for some of the largest manufacturers in the US such as SpaceX, Drummond, fire manufacturers and gunsmiths world-wide. Mr. Bauer reported that we have students that are working around the world including in Germany, Japan, Denmark and others. Our students have also included Marine Corp armorers from Quantico and people from all over the U.S. LCC gunsmithing is going through the revitalization due to low enrollment. Mr. Bauer reported that they turned away 18 students to do this process. The revitalization process will update the facilities and curriculum has been completed. This will give students time to do their general education classes to get their degree by changing it to semesters and will change enrollment from 707 students to 44 students. Mr. Bauer stated that by doing these changes, they will not be able to invite industry experts due to the time frames. The revitalization process has replaced the container it took 14 years to get and that was worn out. They have installed LED lighting for better lighting, and new benches are on the way. They are supposed to paint inside of the shop and are still working out those details. Mr. Bauer advised they are still waiting to get most stuff completed. The new curriculum has been approved by the Chancellor's office and they have started advertising for Fall 2023. They have 14 students currently enrolled to start on Aug. 15th. Mr. Bauer reported they have had guys from Idaho come down and one from Fort Bragg and they are excited. The NRA has given our students about \$10,000 in the past for scholarships but they have not received these funds since Covid. However, they will be getting the money again next year and this helps the students out a lot. Mr. Bauer stated that summer classes are filling and they have a smaller summer program this year. Hopefully they can get the painting done and everything up and running. Mr. Bauer thanked the Board for the opportunity for the presentation and update and stated that if anyone is interested in seeing what they do in gunsmithing, to please feel free to come down. Mr. Bauer finished by stating that in summer they have law enforcement from all over come.

Trustee David Trussell asked if Mr. Bauer could speak more about the reduction in students? Mr. Bauer advised they were all set up in one week classes with 22 students per class with two classes going at all times, so 44 classes with full students, and then you would multiply that by the 16 weeks in summer. Mr. David Corley, Interim VP of Administrative Services advised that Mr. Bauer was giving enrollments, not head count. Class time hours are the same. Interim Superintendent/President Carie Camacho stated that it is structured almost as it was years and years ago. The Chancellor's office wants proof you can get students thru in two years. With semester classes we can prove that. A week-long class was a unit. You take all that content and put in one class. Trustee Trussell inquired as to whether it limits the number of students? Mr. Bauer advised they are limiting their contact hours per week with the student. Trustee Sandra Jonas asked if that was to allow the students to take their other general ed courses and was advised in the affirmative. Mrs. Camacho advised that the Chancellor's office wants to know how you get out in two years. Academic Senate President Adam Runyan stated that students were getting associates degrees in gunsmithing, especially if they came from military and had credits already. Mr. Bauer reported that none of the 14 students that have signed up have signed up for general ed classes. It was reported that Barb Baston has been pushing them. She is doing an awesome job with them. Mr. Bauer advised that John Martin is going to retire next year and Barb is retiring this year. Mrs. Camacho stated that we will get another counselor.

Mr. Corley reported that less of their classes will be positive attendance so we will get FTE. Trustee Sophia Wages stated that a lot of the concern of the gunsmithing students, they were retirees. They had their degrees and were not interested in AA's or a degree. Is this a requirement from the Chancellor's office. Mrs. Camacho reported that as long as we offer the degree, we have to prove they can get through in 2 years. If it were just a Certificate it would not be a problem. In a lot of our programs, they just want the Certificates. Mr. Bauer stated that there are only two places in the U.S. that require a degree to go to work: one is Lassen College and one is the Highway Patrol. Trustee Wages asked if there was any consideration, did you write into your program, things like engraving classes, engraving the wood or the steel. Would that bring in more people? Mr. Bauer stated he and John Martin spoke with Lee Griffith and he was interested in coming. He could not do it this summer but maybe later. There are people out there, but LCC makes it hard to get people. Mrs. Camacho stated that it is a state requirement. It is our curriculum. Trustee Louis Hamilton stated that they have 14 right now and your goal is how many? Mr. Bauer advised that the goal was 22 in the class. Trustee Hamilton asked if when they get to 22, do the students then get put on a wait list? Mr. Bauer stated that he is not sure what Carie's goal was for revitalization. We have more than what we currently have as students. Mrs. Camacho informed those present that advertising is currently being done and Mr. Bauer stated they will take students up to August.

Interim Superintendent/President Carie Camacho reminded everyone that Graduation will be outside. They are still doing a lot of work. The facility guys are making it happen. She has polled all regional CEO's and they have all had it outside. We have done the AccuWeather and it says 75 degrees. We have a great speaker lined up, Dr. Lynda Zamora who is an LCC grad, went into the military and has her Ph.D. She set out to be an astronaut but was the person who would fly the aircraft that was not quite there yet. Mrs. Camacho stated she is super excited about that. Mrs. Camacho stated they are also having an Employee Appreciation BBQ next week. The invite went out today and it will be from 12-1:30 pm. Mrs. Camacho also advised they are looking at the bookstore going

into an alternative mode. Roxanna Haynes, VP of Student Services, has been reaching out to vendors. The first semester they will be working out all the bugs and will work on how to serve all those students. It will save the campus a lot of money.

Mrs. Camacho stated that she appreciates Tatum and they wish her the best and we know you will be very successful at Chico and to please keep in touch. We always like to know how our students are doing. Mrs. Camacho presented Tatum with flowers and a certificate in thank you for her time as Student Trustee.

Mrs. Camacho next stated that she wants to talk a little bit about Miss Vickie. Mrs. Camacho advised that she has worked with Vickie Ramsey her whole entire career. She always knew she could go to her and knew it would be confidential. With HR they get everything. They get the happy people, the angry people and the crying people. Vickie is one of the people on campus that everyone trusts even when we have negotiations going on, and the President is barking at you and other groups are barking at you, Vickie is always calm and has kept us going in a safe manner. You have always put us first and worked hard keeping us out of trouble. Mrs. Camacho presented flowers and a plaque in recognition of Vickie's 28 years at LCC. Mrs. Camacho added that she understands Vickie has worked 35 years in PERS.

### Information, Report: 5.04 Board Comments

Trustee Louis Hamilton gave his congratulations to everyone, Tatum, Vickie and Cheryl. Thank you to everybody.

Trustee Kim Dieter gave a thank you to Vickie and a thank you to Tatum and stated she wishes Vickie a great retirement and great success at Chico to Tatum.

Trustee David Trussell thanked Buck Bauer for the tour two weeks ago adding that it has come a long ways since he last saw it.

Trustee Sandra Jonas stated she enjoyed the tour as well and thanked Carie for arranging it. Trustee Jonas gave congratulations to Vickie and to Tatum going off to Chico adding that it is a great place. Trustee Jonas advised she tuned in yesterday to Consultation Council and one thing she was really pleased with was that our student retention rates are going up every year and they gave us statistics from the last several years. Trustee Jonas stated that especially in the special programs like EOP&S and TRiO. It takes a lot of work with the students, contacting them and emailing them. Thank you.

Trustee Sophia Wages gave her congratulations to Tatum stating that she looks forward to hearing some great things from Chico. Trustee Wages congratulated Vickie adding that she is a genuine, calming person, and the board appreciates your time. Trustee Wages stated that she will love retirement. Congratulations. Trustee Wages advised she wanted to share a collective collaborative with Cougar Enterprises. Fish and Game was charging a monthly fee for something at the Marina. She called Carie who checked with Carol Growdon while she was on vacation, and called someone and then was given another number. It all worked out. Trustee Wages additionally reported she also purchased 40 pounds of beef from the Ag department. She had wanted to get more but they were sold out so she got all ground beef. Congratulations to Cheryl on the State Senate election. That is really a great thing for California and LCC. Trustee Wages stated she wanted to give an update on the Foundation. Last night they voted to dissolve Cougar Enterprises following the Foundation meeting. Within the next week or two, they will be filing the necessary paperwork with the Secretary of State. Trustee Wages also reported that they (Vista Enterprises) are up and running at the Marina so that is all good. Additionally, the Foundation has 13 scholarships they will be awarding to graduating high school Seniors. Interim Superintendent/President Carie Camacho did advise that the Marina does not yet have their liquor license. They are looking at having that by July. Trustee Louis Hamilton asked about what the charge was from Fish and Game and was advised it was for a piece of equipment for selling fishing licenses. The Foundation will return the equipment and Vista will get their own. Mrs. Camacho stated that the Foundation is better off than we were a year ago. Trustee Wages additionally added they are looking at having the Frank Ernaga Golf Classic Tournament this fall as well.

President Buck Parks thanked everyone for the tour of the gunsmithing department and welding department adding that it was great to see both. President Parks stated he has been a welder but it kind of blew his mind on what can be done and what they can do when they leave here. President Parks thanked Tatum for being the Student Trustee on the Board for the last year. Vickie, congratulations. Good luck in your retirement and to Glen, too. President Parks stated he cannot go without saying congratulations to Cheryl adding that the last time she was at a meeting, she had to come over and say she had never heard him speak that much.

## 6. Administration-First Reading Board Policy-No Action Required

### Information: 6.01 BP 5021 - Western Undergraduate Exchange (WUE) - First Reading (Information Item Only)

Interim Superintendent/President Carie Camacho advised that the Policy Meeting was held prior to this meeting. In order to have the WUE, we have to have certain items checked off and in place. Roxanna has been doing all of the work and has made sure we are all lined up with them. This is a first reading on this Policy. No action is required. It will be brought back at the June meeting when we will ask the Board to approve the policy. President Parks advised that the

recommendation coming out of the Policy meeting was to approve at the second reading next month. Academic Senate President Adam Runyan advised that every week they are having students saying they are coming because of the WUE.

## 7. Administration

### Action: 7.01 Adoption of Resolution Recognizing California School Employees Association (CSEA) Local Chapter 591

Interim Superintendent/President Carie Camacho reported that the California Legislature adopted the third full week of May of each year as Classified School Week, by passage of SB1552 (Campbell) in 1986. Classified employees perform a wide range of essential work, including food services, maintenance and operations, transportation, instructional assistance, office and clerical work, security, library and media assistance, computer services and more. They provide daily care, transportation and instruction for California's students guiding them from preschool through community college. The week of May 22 - 26, 2023 has been declared as Classified School Employees Week.

Mrs. Camacho stated that our Classified employees are the heart and soul of our institutions. Obviously instructors and everything, but if the floors do not get done or food does not get done, things stop working. Mrs. Camacho stated that she has told Classified that when she first walked on to this campus years ago, it was the Classified staff that helped her when she was 19 years old. Sue Murchison at the front desk, and Gail Pritchard and Diane Jackson. Mrs. Camacho stated she did not know what she was doing and they guided her. They were all so friendly. Mrs. Camacho stated she came from Orange County and this was a huge change for her and everything she knew. Mrs. Camacho reported that campus will be having a Staff Appreciation BBQ as well in the next couple of weeks.

Motion by Sandra Jonas, second by Sophia Wages

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Tatum Raymond

Noes: None

Absent: Robin Hanson

### Action: 7.02 Adoption of Resolution "Day of the Teacher and Teacher Appreciation Week"

The California Education Code sets aside the first Tuesday in May as the "California Day of the Teacher". The California Teachers Association has designated May 2, 2023 as Day of the Teacher in 2023. Furthermore, the first full week of May is designated as Teacher Appreciation Week. In 2023, May 8th through May 12th, 2023, has been designated by the National PTA as "Teacher Appreciation Week".

Interim Superintendent/President Carie Camacho reported that it is her recommendation this Resolution be adopted. Mrs. Camacho stated that she and Julie had the hardest time trying to find out why Teacher Appreciation Day falls on a different week than Teacher Appreciation Week this year but finally found the answer. This has not happened in past years so was unusual. Trustee Sophia Wages gave her congratulations to all of the fine faculty adding that LCC has top of the line faculty and administrative staff in the State of California. Trustee Wages added that you just cannot compare it to anywhere else. We have caring people who want students to grow and excel. Mrs. Camacho stated that we are lucky for the class sizes and our students get a lot of one-on-one here.

Motion by Kim Dieter, second by David Trussell

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Tatum Raymond

Noes: None

Absent: Robin Hanson

### Action: 7.03 Acceptance of Non-Instructional Program Review (NIPR) Annual Update - Athletics

Interim Superintendent/President Carie Camacho advised the Board that this is an Annual Update for the Non-Instructional Program Review (NIPR) for Athletics. Mrs. Camacho stated that the Annual Update is very thorough with some items listed that they need to be successful. Some items they have been able to fund this year and they will come in with some new equipment and facilities updates. Mrs. Camacho reported that the Gym looks amazing and that everyone would be surprised what a fresh coat of paint can do. The gym had not been painted since 1971.

Motion by Sophia Wages, second by Louis Hamilton

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Tatum Raymond

Noes: None  
Absent: Robin Hanson

### Action: 7.04 Acceptance of Non-Instructional Program Review (NIPR) Annual Update - Equity, Engagement, Outreach

Interim Superintendent/President Carie Camacho advised this is another Annual Update for a Non-Instructional Program Review (NIPR) for Equity, Engagement and Outreach. This Annual Update has gone through all of the appropriate committees. Mrs. Camacho stated that Equity, Engagement and Outreach is a big one for the Chancellor's Office.

Motion by Sandra Jonas, second by David Trussell  
Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Tatum Raymond  
Noes: None  
Absent: Robin Hanson

### Action: 7.05 Approval of Contract with ConexED

Interim Superintendent/President Carie Camacho reported that the college has been using Starfish for five years now but it has felt like 10. They roped us in and it was extremely flashy, and now pricing has gone crazy. ConexED has been researched by Roxanna Hayes, VP of Student Services. It is much cheaper than Starfish. A five year contract is \$125,000 versus \$90,000 for the first year plus \$59,000 a year with Starfish. This next year we will have some training for faculty and counselors. Trustee Hamilton asked about districts around us that are using ConexED and was advised by Mrs. Haynes that a lot of districts around us are and mostly because of the cost. Mrs. Haynes advised that she got them down to \$53,000 a year, but it is still \$90,000 for the first year. Mrs. Haynes reported that they made some promises with Starfish that never came about with them. Mr. David Corley, Interim VP of Administrative Services reported that when Starfish first came around the Chancellor's Office was all supportive and helped pay. However, when that went away pricing went crazy. ConexED has a strategic partnership with the community college system. Mr. Corley stated that he believes a lot of community colleges are moving to ConexED. It is a flat amount per FTE which is nothing and there are a lot of data opportunities with ConexED. Mr. Corley advised that we are not their guinea pigs.

Motion by David Trussell, second by Sandra Jonas  
Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Tatum Raymond  
Noes: None  
Absent: Robin Hanson

### Action: 7.06 Approval of Tentative Agreement Between CSEA and the District

Interim Superintendent/President Carie Camacho stated that she is happy to report that we have an agreement with CSEA and it is for the 2023 contract. Mrs. Camacho advised that right after the Board approves this we will start the next one. Mrs. Camacho stated that they are happy that we are at the end of this one.

Motion by Sophia Wages, second by Sandra Jonas  
Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages, Student Trustee Tatum Raymond  
Noes: None  
Absent: Robin Hanson

### Information: 7.07 Institutional Set Standards

Interim Superintendent/President Carie Camacho advised that we report out on the Institutional Set Standards. We did not have a Researcher this year so they were completed by David Corley, who is working as three people this year. We have had a lot of discussion in committees if we should change our goals and we decided to leave them until we have a Researcher. They are done, are correct and have been approved in several areas. Mr. Corley advised there were only two recommended changes moving forward and those have been noted. This is being provided as an information item to the Board and no action is required.

### Information: 7.08 Budget Update

Interim VP of Administrative Services David Corley reported that the budget as of right now, we are still on track for staying on budget. Mr. Corley advised that as you are looking at the budget report and questioning negative numbers, the budgets for all the salaries are put in one pool but if you look at the object code we are fine. There is the same situation with work study. The Book Store is looking like they are over budget but it is because of all the work study being charged under that program code. Mr. Corley advised that we are where we should be.

### Information: 7.09 Accreditation Update

Interim Superintendent/President Carie Camacho reported that they do not have any updates for Accreditation, but are still moving forward. Mrs. Camacho reported that poor Chad lost his father unexpectedly a week ago. They have kind of put their meetings on hold, but will pick back up this next week.

## 8. Information Items

### Information, Procedural: 8.01 Calendar of Events

President Parks referred those present to the Events tab on the website.

## 9. Future Dates and Reports

### Information: 9.01 Future Dates and Reports

May 26, 2023	Commencement	Quad on Campus	5:30 p.m.
June 13, 2023	Regular Meeting	Board Room, HU 106/107	5:30 p.m.
July 11, 2023	Regular Meeting	Board Room, HU 106/107	5:30 p.m.
July 25, 2023	Workshop Meeting	TBD	12:00 p.m.

## 10. Public Comment on Closed Session Agenda Items

### Procedural: 10.01 Public Comment on Closed Session Agenda Items

None

## 11. Adjourn to Closed Session

### Procedural: 11.01 Adjourn to Closed Session

It was moved by Trustee Wages, seconded by Trustee Jonas and carried unanimously to go into CLOSED SESSION at 6:30 p.m.

## 12. Closed Session

### Action, Discussion, Information: 12.01 Conference with Labor Negotiators (Three Matters)

*1. With respect to every item of business to be discussed in closed session pursuant to Government Code Section 54957.6:*

#### **CONFERENCE WITH LABOR NEGOTIATORS**

Agency Designated Representative: Josh Morrison, Esq.

Employee Organization: LCFA

Action Taken by the Board: No Reportable Action

*2. With respect to every item of business to be discussed in closed session pursuant to Government Code Section 54957.6:*

#### **CONFERENCE WITH LABOR NEGOTIATORS**

Agency Designated Representative: Josh Morrison, Esq.

Employee Organization: CSEA

Action Taken by the Board: No Reportable Action

**3. With respect to every item of business to be discussed in closed session pursuant to Government Code Section 54957.6:**

**CONFERENCE WITH LABOR NEGOTIATORS**

Agency Designated Representative: Carie Camacho

Employee Organization: All Unrepresented Employee(s)

Action Taken by the Board: No Reportable Action

**Action, Discussion, Information: 12.02 Conference with Legal Counsel -Anticipated Litigation (Two Matters)**

***With respect to every item of business to be discussed in closed session pursuant to Government Code Section 54956.9:***

**CONFERENCE WITH LEGAL COUNSEL - ANTICIPATED LITIGATION (Two Matters)**

Action Taken by the Board: No Reportable Action

**Action, Discussion, Information: 12.03 Public Employee Discipline/Dismissal/Release (Five Matters)**

***With respect to every item of business to be discussed in closed session pursuant to Government Code Section 54957(b):***

**PUBLIC EMPLOYEE DISCIPLINE/DISMISSAL/RELEASE**

Five Matters

Action Taken by the Board: No Reportable Action

**Discussion, Information: 12.04 Public Employee Appointment/Public Employment/Public Employee Performance Evaluation**

***With respect to every item of business to be discussed in closed session pursuant to Government Code Section 54957:***

**PUBLIC EMPLOYEE APPOINTMENT/PUBLIC EMPLOYMENT/PUBLIC EMPLOYEE PERFORMANCE EVALUATION**

Interim Superintendent/President

Action Taken by the Board: The Board of Trustees completed the evaluation of the Interim Superintendent/President.

## 13. Reconvene Meeting in Open Session

**Procedural: 13.01 Reconvene Meeting in Open Session**

It was moved by Trustee Jonas, seconded by Trustee Dieter and carried unanimously to go into OPEN SESSION at 6:58 p.m.

## 14. Adjournment

**Action: 14.01 Adjournment of Meeting**

Motion by Louis Hamilton, second by David Trussell

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages

Noes: None

Absent: Robin Hanson

The meeting adjourned at 6:59 p.m.

## **Article 1 – Recognition**

- 1.1 The Governing Board of the Lassen Community College District hereby recognizes the Lassen College Faculty Association, CTA/NEA (“LCFA”), as the exclusive representative, within the meaning of Government Code Section 3540.1 (e), of: all full-time and adjunct faculty members, including, but not limited to, instructors, counselors, Director of Academic Resources, Instructional Designer, program directors, and categorical non-tenure track, and tenure track less than one-hundred percent (100%) pursuant to the determination of the Public Employees Relations Board.
- 1.2 The Board agrees not to meet and negotiate with any organization other than LCFA concerning matters with respect to which LCFA is the exclusive representative and agrees not to negotiate individually with any member of the bargaining unit on such matters during the term of this Agreement.
- 1.3 LCFA recognizes the Board as the duly elected representative of the people and agrees to negotiate only with the Board or its duly authorized representatives. LCFA further agrees that neither it nor any of its members or agents will attempt to negotiate privately or individually with the Board, where the Board has authorized a representative to act in its behalf, nor with any individual Board member, administrator, or other person not designated by the Board as its representative.
- 1.4 LCFA agrees that neither it nor any of its members or agents will attempt to represent, in any negotiations or grievances, the interests of anyone other than members of the unit described in Paragraph 1.1 of this Article.

## **Article 2 – Rights of LCFA**

- 2.1 Each member of the LCFA shall be entitled to payroll deduction for membership dues to the LCFA. Additional deductions shall be remitted by the District in accordance with law or mutual agreement of the parties.
- 2.2 The LCFA shall have the right of access at reasonable times to areas in which employees work, the right to use District bulletin boards, mailboxes, and other means of communication, and the right to use District facilities and equipment, where there are no conflicts with other District priorities and in no way violates California Education Code Section 7054. Any use which results in a direct additional cost to the District will be reimbursed by LCFA.
- 2.3 The LCFA shall be entitled to a representative at all Board of Trustee meetings and shall be allowed to speak on any item on any agenda in accordance with existing District rules. LCFA shall receive District agendas and minutes at the same time as such are made available to the Board.
- 2.4 The District shall provide a rationale for the rejection or partial rejection of any LCFA proposal.
- 2.5 Upon written request of LCFA, the District shall provide any public information concerning items affecting the bargaining unit, including but not limited to: financial reports and audits; rosters of all personnel; tentative budgetary requirements; allocation of state and federal funds; student enrollment data; names, telephone numbers and addresses of employees assigned to the unit; and such other information as well as assist the LCFA in developing and maintaining programs on behalf of the faculty and students, together with information which may be necessary for the LCFA to process any grievance or complaint. Telephone numbers and addresses of employees assigned to the unit shall not be provided if the employees request, in writing to the District, that their telephone numbers and addresses not be released.
- 2.6 Designated representatives of the District and the LCFA shall meet on a mutually agreed upon date, place, and time for the purposes of reviewing the administration of the agreement in force and resolving any problems that may arise. Each party may submit an agenda for discussion.
- 2.7 Each month the District shall remit the dues deducted for LCFA membership, along with an alphabetical list of unit members for whom such deductions have been made, to Lassen College Faculty Association. For unit members placed on administrative leave, without salary, the District shall continue to remit the unit member's dues to LCFA.

- 2.8 LCFA shall provide the Superintendent/President the names of the recognized LCFA representatives who are authorized to discuss organizational matters affecting unit members.
- 2.8.1 LCFA representatives shall have access to unit members for LCFA business during times other than unit members' hours of service. In no event shall an LCFA representative or unit member interrupt or interfere in any way with regular unit work.
- 2.8.2 There shall be a minimum of two (2) LCFA unit members, designated by the LCFA Chief Negotiator and E-Board, in any meeting with the District where an agreement is reached, or a change is made, on any negotiable topic affecting unit members.
- 2.9 After the execution of this Agreement, the District will prepare a final draft of the Agreement and make it available to LCFA. The District will duplicate the Agreement and provide a copy to each unit member.
- 2.10 Vacancies – Where new or current unit positions are created or opened, the District shall adhere to the following procedures:
- 2.10.1 The position shall be advertised to all current unit members prior to a formal job posting according to Appendix E.
- 2.10.2 Current faculty who possess the necessary FSA may apply to the new or vacant position.
- 2.10.3 Current faculty shall be given priority consideration in filling the position.
- 2.10.4 Faculty transfer selection committee and selection process will be in accordance with Appendix E.
- 2.10.5 The District shall inform all applicant(s) of their acceptance or rejection prior to any formal announcement or formal job posting.
- 2.11 The District will provide timely notification to the LCFA EBoard of the hiring of all new fulltime and adjunct faculty.

## Article 3 – Payroll Deductions for LCFA Dues

### 3.1 Organizational Security

- 3.1.1 Exclusive Rights to Membership Dues and Service Fees. LCFA shall have the sole and exclusive right to have membership dues and service fees deducted from wages paid by the District to employees in the bargaining unit.
- 3.1.2 Dues Deduction. The District shall deduct LCFA dues based on fees assessed by CTA from the wages of all unit members who are members of LCFA. The Association will provide the District with documentation to show from whom any new dues should be deducted or discontinued.
- 3.1.6 Effective Date for Payment of Dues and Fees. A unit member shall be obligated to pay dues or service fees to LCFA as of the first paycheck after becoming a member of LCFA.
- 3.1.7 Payments to LCFA. The District shall pay CTA dues directly to CTA within twenty (20) days of the deduction of all sums deducted. Along with each monthly payment to CTA, the District shall furnish LCFA with a list of all unit members indicating whether or not dues are being deducted. If there are any LCFA locally assessed dues, those will be paid directly to LCFA within twenty (20) days of the deduction of all sums deducted.
- 3.1.9 Indemnification and Holding Harmless
- 3.1.9.1 The Association fully indemnifies and holds harmless the District for dues deducted under this Article. The hold harmless provision shall apply to any claims made by an employee or an individual or organization on the employee's behalf for payroll deductions made by the District based on information provided by the Association regarding the authorization of individual employees for payroll deductions.

## Article 4 – District Rights

### 4.1 Identification of Rights

The Board, on its own behalf, and on behalf of the electors of the District, hereby retains and reserves unto itself, without limitations, all powers, rights, authority, duties, and responsibilities conferred upon and vested in it by the laws, Constitution of the State of California, and the Constitution of the United States, including, but without limiting the generality of the foregoing, the exclusive right and power to determine, implement, supplement, change, modify or discontinue, in whole or in part, temporarily or permanently, any of the following and the effects thereof:

- 4.1.1 The legal, operational, geographical, and organizational structure of the District, including the chain of command, division of authority, organizational divisions and subdivisions, departments, reassignment of work within the unit, external and internal boundaries of all kinds, and advisory commissions and committees;
- 4.1.2 Divisions will be established and modified by the District in consultation with LCFA and faculty involved.
- 4.1.3 The financial structure of the District, including all sources and amounts of financial support, income, funding, taxes and debt, and all means and conditions necessary or incidental to the securing of same, including compliance with any qualifications or requirements imposed by law or by funding sources as a condition of receiving funds; all investment policies and practices; all budgetary matters and procedures, including the budget calendar, the budget formation process, accounting methods, fiscal and budget control policies and procedures, and all budgetary allocations, reserves, and expenditures apart from those expressly allocated to fund the wage and benefit obligations of the Agreement;
- 4.1.4 The acquisition, disposition, number, location, types, and utilization of all District properties, whether owned, leased or otherwise controlled, including all facilities, grounds, parking areas, and other improvements, and the personnel, work, service, and activity functions assigned to such properties;
- 4.1.5 Matters involving District operation and the creation, maintenance, modification and/or removal of all facilities and equipment; the scheduling of operations, the means, methods and processes of operations; the materials to be used; new or improved methods and facilities; the kinds and levels of services to be provided;

- 4.1.6 All services to be rendered to the public; the nature, methods, quality, quantity, frequency, and standards of service, and the personnel, facilities, vendors, supplies, materials, vehicles and equipment to be used in connection with such services; the subcontracting and the effects of subcontracting for any and all goods and services, not previously performed by unit members.
- 4.1.7 The selection, utilization, assignment, and reassignment of personnel not covered by this Agreement including, but not limited to substitutes, casual and short-term personnel; consultants; students; confidential, supervisory and management personnel; and other non-classified personnel;
- 4.1.8 The educational policies, procedures, objectives, goals, and programs, including those relating to curriculum, course content, textbook selection, educational equipment and supplies, admissions, attendance, transfers, advancement, guidance, grading, testing, records, health and safety, conduct, discipline, transportation, food services, racial and ethnic balance, extra-curricular activities, and emergency situations, and the substantive and procedural rights and obligations of students, parents, teachers, other personnel, and the public with respect to such matters;
- 4.1.9 The decisions and procedures for selection, classification, reclassification, direction, promotion, demotion, discipline, and termination of all unit members; staffing patterns; the number and kind of personnel required; affirmative action and equal employment policies and programs to improve the District's utilization of women and minorities; the assignment of unit members to any location (subject to the terms of the Agreement regarding transfers and the job description of the unit member [e.g. instruction in the correctional environment]), and also to any facilities, functions, activities, departments, tasks or equipment; and the determination as to whether, when and where there is a job opening;
- 4.1.10 The title and content of job classifications, reclassification, specifications and descriptions;
- 4.1.11 The duties and standards of performance for all unit members, and the determination whether any unit member performs such duties and meets such standards subject only to the express terms of Articles 6 and 24 (Adjunct Rights);
- 4.1.12 The dates, times, and hours of operation of District facilities, functions, and activities;

- 4.1.13 Safety and security measures for students, the public, employees, properties, facilities, vehicles, materials, supplies, and equipment, including the various rules and duties for all personnel including unit members with respect to such matters;
- 4.1.14 The rules, regulations, and policies for all employees, students, and the public, subject only to clear and explicit limitations contained in this Agreement;
- 4.1.15 The termination or layoff of unit members and the effects thereof as the result of the exercise of any of the rights enumerated above or as a result of the exercise of any of the rights of the District not limited by the clear and explicit language of this Agreement;
- 4.1.16 The establishment of contract education programs pursuant to Education Code Sections 78020-78023;
- 4.1.17 The administration of all health and benefit plans for unit members and retired unit members, and the manner and method of funding such plans;
- 4.1.18 The right to amend, modify, or rescind the provisions of this Agreement in the event of an emergency. However, in the event of an emergency, the impairment of contractual rights must be for a period of time which is reasonable in light of all of the circumstances, there must not be an acceptable less severe method available, and the action must be appropriate to the situation involved.

#### 4.2 Exercise of Rights

The exercise of the foregoing powers, rights, authority, duties, and responsibilities by the District, the adoption of policies, rules and regulations, and practice in the furtherance thereof, and the use of judgment and discretion in connection therewith, shall be limited only by the specific and express terms of this Agreement and then only to the extent such specific and express terms are in conformance with federal and state law. The exercise of any right reserved to the District herein in a particular manner or the non-exercise of any such right shall not be deemed a waiver of the District's right or preclude the District from exercising the right in a different manner.

## Article 5 – Personnel Files

- 5.1 There shall be only one personnel file for each unit member maintained by the Office of Human Resources.
- 5.2 Complaints will be substantiated by the District. No information proven to be false or inaccurate shall be placed/retained in a unit member’s personnel file.

The following provisions shall be applicable to complaints against unit members.

- 5.2.1 The District shall notify a unit member in the event it intends to investigate a complaint. If an investigation is initiated, the unit member shall be afforded the opportunity to respond to all allegations and shall have the right to LCFA representation.
- 5.2.2 The unit member shall be advised of the outcome of the investigation. No complaint will be utilized by the district unless substantiated. No information proven to be false or inaccurate shall be placed/retained in a unit member’s personnel file.
- 5.2.3 This section shall not apply to complaints filed under existing policies and procedures, including but not limited to, the district’s sexual harassment policy, Section 504 policy, and complaints made to the Chancellor of the California Community Colleges.
- 5.3 Unit members shall be provided a copy of derogatory written material before such material is placed within their personnel files. After ten (10) district business days, the document will become part of the personnel file. Unit members have the right to attach a written response prior to placement of the document in the file or any time thereafter.
- 5.4 A unit member or his/her authorized representative, designated in writing, shall have the right, during the District office business day, to examine all materials contained within the member’s personnel file except those items which were obtained prior to employment, prepared by identifiable examination committee members, or obtained in connection with a promotional examination. Advance appointments for examination shall be required and scheduled with the Office of Human Resources.
- 5.5 LCFA agrees to indemnify and hold harmless the District from any and all claims, demands, or suits or any other action arising from an authorized LCFA’s representative’s examination of the personnel file.

- 5.6 Personnel files are confidential and are available for review only to those persons having a right or authorization to inspect. The Director of Human Resources will maintain and have available the list of authorized individuals. Those persons having authorization to inspect the personnel files shall sign and date the personnel files when reviewed.
- 5.7 The District shall have a representative present when any personnel file is examined.
- 5.8 A unit member may request information to be placed in their personnel file maintained by the District. Within a week of the unit member's written request, the District Human Resources Department shall place the unit member's information in their personnel file.

## **Article 6 – Evaluation and Tenure Procedure**

### **6.1**      **Evaluation Schedule**

Faculty will be evaluated in accordance with the following schedule:

- 6.1.1      Contract faculty (non-tenured, probationary) shall be evaluated annually. Evaluations will be completed prior to finals week of the appropriate semester being evaluated. Exceptions to any of the timelines will be made in consultation with the appropriate Educational Administrator and the LCFA.
- 6.1.2      Regular tenured faculty shall be evaluated once every three (3) years.
- 6.1.3      Unit members who are temporary (non-tenure track) will be evaluated annually during the first four years of employment and every third year thereafter.
- 6.1.4      Adjunct faculty shall be evaluated according to Article 24.4.
- 6.1.5      Unit members performing additional assignments shall be evaluated annually in March/April as defined in Section 6.15.

### **6.2**      **Evaluation Teams**

Teams will be composed of two (2) peer evaluators, the appropriate Educational Administrator and the faculty member to be evaluated. For Director/Instructor evaluations, one peer evaluator shall hold a Director/Instructor position (when possible). For Full-Time Coaches, the Athletic Director will participate as a voting member and have input into the coaching section of the evaluation tool.

### **6.3**      **Evaluation Forms**

Forms for full-time instructional faculty (the “A” series of forms), the adjunct instructional faculty (the “B” series of forms), the non-instructional faculty (the “C” series of forms), adjunct non-instructional faculty (the “D” series of forms) are an inseparable part of this contract and shall be contained in Appendix F. The evaluation standards are contained in Appendix C.

### **6.4**      **Peer Evaluators**

Evaluators will be appointed by the appropriate Educational Administrator in consultation with the faculty member. A faculty member whether assigned as a peer evaluator or undergoing evaluation may appeal to the appropriate Educational Administrator to change any appointed evaluator.

6.5     Evaluation Notice

The appropriate Educational Administrator will forward a written notice to the faculty member by the third week of the semester of an upcoming evaluation and pre-evaluation conference. The notice shall be given to the faculty member at least two (2) weeks prior to the pre-evaluation conference. The faculty member will be required to provide a self-evaluation including professional responsibilities, and for instructional faculty, syllabus, and class materials for the class(es) to be evaluated at the pre-evaluation conference at least three (3) days before the meeting.

6.6     Pre-Evaluation Conference

A pre-evaluation conference should be scheduled by the appropriate Educational Administrator for the members of the evaluation team no later than the tenth week of the semester. The purpose of the pre-evaluation conference is to review the evaluation process, review the certification of completion/recommendations form from the previous evaluation if available, arrange classroom visits, distribute the self-evaluation including professional responsibilities and the syllabus/handout materials for the class(es) to be evaluated, as appropriate.

6.7     Instructional Evaluation Visits

Classroom visits will be conducted for instructional faculty and will occur no later than the twelfth week of the semester. Each evaluator will visit a minimum of one (1) class and complete a classroom visitation document.

6.8     Student Evaluations

Evaluations shall be summarized under the direction of the appropriate Educational Administrator and furnished to the evaluation team.

6.8.1     For instructional faculty, students in three different classes will be evaluated. With the instructor not present, an evaluator will supervise the distribution and collection of student evaluations. Students will be advised that the instructor will be given a confidential summary of the results. Faculty members will be given the summary prior to the day of the post-evaluation conference.

6.8.2     For counselors and Director of Academic Resources the appropriate Administrator will obtain a sampling of student evaluations.

6.8.3     For the position of Instructional Designer, the student evaluation process shall be replaced by evaluations completed by faculty members who have knowledge of Instructional Designer work within the evaluation period.

6.9     Non-Instructional Evaluation Interview

Counselors, Director of Academic Resources, and other non-instructional faculty will be interviewed by each evaluator to discuss work performance. The results of the interview will be a narrative written by the evaluators collectively.

#### 6.10 Post-Evaluation Conference

The evaluation team will meet as a follow-up to the classroom visits or interviews. Post-evaluation conferences will be held prior to finals week. Team members minus the faculty member being evaluated will review the results, comments, and recommendations to be included on a certification of completion/recommendations document. The faculty member being evaluated will join the other team members for discussion of results, comments, commendations and recommendations. The administrator will provide the completed certification of completion/recommendations form to the faculty member and the evaluators for signature.

6.11     Evaluation Recommendations

The evaluation will include a recommendation with the Certification of Completion/Recommendation form for all faculty:

- 6.11.1     In the case of a first year probationary faculty member; the recommendation must award a second contract, grant tenure or terminate employment for the succeeding academic year.
  
- 6.11.2     In the case of a second year probationary faculty member, the recommendation must award a third contract (for the next two academic years), grant tenure or terminate employment for the succeeding academic year.
  
- 6.11.3     In the case of a third year probationary faculty member, the recommendation must be a continuation of the contract, grant tenure, or termination of employment at the end of the contract.
  
- 6.11.4     In the case of a fourth year probationary faculty member, the recommendation must grant tenure or terminate employment for the succeeding academic year. (See Appendix C.)

6.12     Evaluation Team Recommendation

The evaluation team's recommendation concurring reemployment/tenure will be determined by majority vote of the evaluation team (exclusive of the evaluatee) for non-tenured contract faculty.

- 6.12.1     The evaluation team's recommendation will be forwarded by the appropriate Educational Administrator to the Academic Senate which, in closed session, will validate the process as described in Article 6.1.4 and then forward its recommendation to the Superintendent/President. If the Superintendent/President disagrees with the conclusions of the evaluation team and the Senate, he/she shall meet with the team and Senate in an attempt to resolve their differences. If no resolution occurs, the Senate and evaluation team shall submit, in writing, to the Board of Trustees their objections and rationale to the President's determination

### 6.13 Personnel File

The following will be submitted as a permanent evaluation record for inclusion in the faculty member's personnel file.

- 6.13.1 Self-Evaluation including Professional Responsibilities
- 6.13.2 The evaluation team's review of relevant documents, self-evaluation including professional responsibilities.
- 6.13.3 The evaluation team's summary of student evaluations for instructional faculty or summaries of random sample student evaluations for non- instructional faculty.
- 6.13.4 Classroom visitation, review of correspondence packet or review of online site visit documents, for instructional faculty.
- 6.13.5 Narrative of interview completed by the evaluator for non-instructional faculty.
- 6.13.6 Certification of Completion/Recommendation document and subsequent recommendations.
- 6.13.7 Documentation of Board action for probationary faculty.
- 6.13.8 Survey Summary and Additional Assignment Evaluation Certification of Completion/Recommendation Form (AA-1) as identified in Article 6.15, for faculty assigned Additional Assignments.

### 6.14 Tenure Review Due Process

In the event that a probationary faculty member, evaluation committee member or other unit member alleges that a due process complaint should be filed, the Academic Senate will appoint one tenured faculty member, the LCFA will appoint one tenured faculty member, and the Superintendent/President will appoint the appropriate Educational Administrator to serve as the Chair of the Tenure Review Due Process Panel. The Due Process Panel shall exist to act as a hearing body to hear such complaint.

- 6.14.1 A complaint may be so filed if it alleges that a probationary faculty member is being subjected to biased treatment during the tenure review process.
- 6.14.2 The Due Process Panel shall not be responsible for the substantive issues involving recommendations to grant or deny tenure.
- 6.14.3 The due process complaint shall be filed in written form with the Superintendent/President.

- 6.14.4 The due process complaint shall be filed no later than ten (10) working days after the post evaluation conference.
- 6.14.5 The Chair shall convene the panel.
- 6.14.6 The party filing the complaint shall provide the panel with a written statement specifying the alleged bias or procedural violation. The panel shall examine the complaint(s); meet with the members of the Evaluation Committee and, if appropriate, with others who are directly involved in the complaint; and confer with the respective probationary faculty member. The Due Process Panel shall not be required to conduct a “trial type” evidentiary hearing.
- 6.14.7 All discussions and deliberations shall be held in strict confidence. It is understood that unsigned material will not be considered. Any person against whom allegations are made within the due process procedure has a right to examine the allegation and to respond accordingly.
- 6.14.8 The Due Process Panel shall, within ten (10) working days following the filing of a complaint, render its findings and recommendations in a written report to the Superintendent/President. A copy of the report shall be given to the probationary faculty member and a copy to each member of the Evaluation Team.
- 6.14.9 The Superintendent/President shall, within ten (10) working days of receipt of the report, consider the recommendation(s) contained in the report and provide a written response to the probationary faculty.
- 6.14.10 Use of this process precludes use of Article 12 “Grievance Procedure” for alleged violations of the Evaluation and Tenure Article, Article 6.

6.15 Faculty Evaluation in Additional Assignments

Unit members performing an Additional Assignment will be evaluated in that Additional Assignment position each academic year in March/April. The evaluation team will meet with the employee to be evaluated after the electronic surveys have been completed by the appropriate unit members and summarized by the appropriate administrator. This Additional Assignment evaluation shall be completed prior to any re-advertisement of the position or continuation of the assignment for that individual in the following year.

6.15.1 Additional Assignment Surveys

The Additional Assignment survey shall be electronically distributed to the appropriate unit members. They will have a minimum of one week in which to complete the survey. Completed surveys shall be returned to the appropriate administrator who will provide a summary of the completed surveys to the evaluation teams. Survey forms are included in Appendix G.

6.15.1.1 Division Chair Survey Form (DC-1), Appendix G, shall be sent to all full-time and adjunct faculty in their divisions.

6.15.1.2 The Lead Counselor Survey Form LC-1, Appendix G, shall be sent to all counselors, faculty, and division chairs.

6.15.1.3 The Accreditation Chair Survey Form AC-1, Appendix G, shall be sent to all faculty on the Consultation Council / Accreditation steering committee.

6.15.2 The Evaluation Teams shall consist of two (2) Peer evaluators, the appropriate Educational Administrator, and the unit member.

6.15.3 The peer evaluators shall be appointed jointly by the LCFA and Senate Presidents and the appropriate educational administrator.

6.15.4 The Evaluation Team shall use the survey summary from the appropriate administrator to collaboratively complete the Additional Assignment Evaluation Form (AA-1) Certification of Completion & Recommendation for the given assignment. The form shall include a recommendation of Superior, More than Satisfactory, Satisfactory, Needs Improvement, or Unsatisfactory with a written explanation of the recommendation.

6.15.5 The completed Additional Assignment Evaluation Form and the survey summary shall be placed in the employees' Personnel file.

## Article 7 – Work Load

### 7.1 FTE Load

Each unit member shall provide professional services corresponding to one (1) full-time equivalent faculty (FTEF) load per semester.

7.1.1 Lecture Hour – a lecture hour shall consist of fifty (50) minutes of formal lecture per week per academic semester. Each lecture hour shall equal one (1) contact hour.

7.1.2 Laboratory Hour – a laboratory hour shall consist of fifty (50) minutes of laboratory instruction per week per academic semester. Beginning 2022/2023 academic year, each laboratory hour shall be equal to eighty-three percent (0.83) of a contact hour. Beginning 2024/2025 academic year, laboratory hour shall be equal to eighty-eight percent (0.88) of a contact hour,

7.1.3 Contact Hours – a contact hour is defined as the amount of time (50 minute periods) the unit member spends in each of his/her classes.

7.1.3.1 Full-time Equivalent Faculty (FTEF) Load – A faculty (FTEF) teaching load is defined as instructing:

7.1.3.1.1 Fifteen (15) contact hours each week (Lecture Only) per semester, or

7.1.3.1.2 Beginning 2022/2023 academic year eighteen (18.00) contact hours each week (Laboratory Only) per semester, beginning 2024/2025 academic year seventeen (17.00) contact hours each week (Laboratory Only) per semester, or

7.1.3.1.3 A prorated combination of item 7.1.3.1.1 and item 7.1.3.1.2 above.

### 7.1.4 Class Size

#### 7.1.4.1 Minimum Course Enrollments

<u>Instructor</u>	<u>Course</u>	<u>Students/Section</u>
Adjunct instructor	Credit Course	12
Adjunct instructor	Non-Credit	20
Full-time-overload	Credit	12
Full-time-overload	Non-credit	20
Full-time-normal load	Credit	17
Full-time-normal load	Non-credit	49

- 7.1.4.2 Maximum Course Enrollments (Maximum Class Size) – Regardless of delivery modality, the maximum class size shall be limited to 35 students per section. Furthermore, face-to-face classes shall be limited by available seats, by laboratory stations, by the size of the activity room, by safety concerns and/or limitations and outside regulatory requirements.
- 7.1.4.3 The maximum course enrollment of 35 shall not be exceeded unless mutual agreement is reached between the District and LCFA.
- 7.1.4.4 In response to the Student Success Initiative, class enrollment in Mathematics courses will be limited to 24 in Math 40, Math 11A, Math 164, Math 7, Math 167, Math 8, Math 168, and Math 60.
- 7.1.4.5 In response to the Student Success Initiative, class enrollment in English courses will be limited to 24 in ENGL 105A, ENGL 1, ENGL 9, and other basic skills classes in English, Reading, or ESL developed or taught in the future and co-requisite classes.
- 7.1.5 By mutual agreement between the appropriate Educational Administrator and the faculty member, an assignment in one semester having less than a 50% load may be followed the next semester by an assignment that yields a two semester total of 100%.
- 7.1.6 Unit members shall be afforded an opportunity to request and perform additional instructional activities in excess of their normal Faculty (FTEF) Load. Each additional overload class, however, will be required to meet minimum course enrollment.
- 7.1.7 Overloads may not be required by the District without the consent of the Unit Member. Overload will be paid at the hourly overload rate. (See Appendix A.)
- 7.1.8 Lecture Contact Hours shall be counted first in determining unit members normal Faculty (FTEF) Load. Sample calculations of overload contact hours are in Appendix D.
- 7.1.9 The appropriate Educational Administrator shall, in consultation with the Unit Member and the Division Chair, be responsible for determining instructional assignments. The District shall have the final right of assignment.

## 7.2 Instructional Faculty

The responsibilities of instructional faculty cover a thirty-seven and one-half (37.5) hour week. The work year for instructional unit members, unless otherwise indicated by this contract, shall be one hundred sixty-eight (168) instructional days, seven (7) flex days, and two (2) days for in-service, as designated by the District in consultation with the LCFA. When full-time faculty member assignments are in programs that are scheduled apart from the approved academic calendar (e.g., Nursing scheduled for trimesters) or assigned classes that are scheduled in a non-traditional manner [e.g., GSS classes scheduled for eight (8) hours/day for just five (5) days], the District in consultation with LCFA and affected members, shall prepare an equivalency agreement to ensure that the unit member(s) comply with the above requirements and ensure that the unit member(s) are not required to work more than the above requirements.

Such responsibilities include, but are not limited to, the following:

7.2.1 Meeting with classes as scheduled by the appropriate Educational Administrator.

7.2.2 Writing and updating course outlines of record. This should be done in cooperation with other unit members who teach in the same subject area.

7.2.3 Teaching classes in accordance with the intent of the college catalog and with the objectives and content of the course outline of record.

7.2.4 Face-to-Face Incarcerated Instructional Faculty

7.2.4.1 In addition to all items in 7.2 – 7.2.17.3, the following responsibilities pertain to instructors and non-instructional personnel who work in an incarcerated setting. Such responsibilities include, but are not limited to, the following:

7.2.4.2 All LCC faculty members who teach or provide non-instructional services in a prison or correctional facility shall agree to follow the rules, regulations, and conditions of the facility including a clearance check.

7.2.4.3 Faculty who tour and/or work in a prison or correctional facility will receive mileage reimbursement equal to a distance between the primary College site and prison facility. Mileage must be actually incurred to be reimbursed.

7.2.4.4 Faculty who receive any prison-mandated training not within the 177 day calendar will receive mileage reimbursement and adjunct hourly pay for the duration of the training

7.2.4.5 Faculty will receive a \$200 stipend per unit for classes taught in an incarcerated environment

- 7.2.5 Providing a current syllabus which is consistent with the course outline of record to all students for each class. A course syllabus for each course taught shall be filed by the unit member with the appropriate Educational Administrator within one week of the first meeting of the class.
- 7.2.6 Reviewing, in cooperation with other faculty in the same subject area, textbooks, required reading, workbooks, and other materials.
- 7.2.7 Maintaining accurate and current records of student attendance and student achievement in accordance with District procedures.
- 7.2.8 Demonstrating continuing education toward maintaining currency with developments and changes in subject-matter field through coursework, conferences, workshops, seminars, professional training, and professional reading; or informal learning experiences as they pertain to the unit member's subject area.

- 7.2.9 Serving on standing and ad hoc committees, as assigned by the Academic Senate.
- 7.2.10 Supervising the care and maintenance of equipment provided for student use in classes.
- 7.2.11 Attending graduation ceremonies.
- 7.2.12 Fulfilling flex obligation.
- 7.2.13 Participating in and completing Instructional Program Review.
- 7.2.14 Reporting absences to the appropriate Educational Administrator.
- 7.2.15 Directing the work of classified staff as appropriate to the assignment. Meet with the classified staff's supervising manager at the beginning of a term to discuss the classified staff's job description, scheduling of the classified staff, and expectations of the classified staff. As a result of the meeting, the supervising manager will provide the LCFA unit member with a concise document identifying the classified staff's schedule and job expectations. The LCFA unit member will provide the classified staff's supervising manager with verbal anecdotal job performance information as needed for the purposes of employee evaluation. LCFA unit members will not evaluate classified staff.
- 7.2.16 Directing the work of Student workers as appropriate to the assignment and as agreed to in the request made by the faculty member for a student worker and subsequent approval of that request.
- 7.2.17 Submitting grade rosters to the Registrar's office within five (5) District business days after the last scheduled meeting of the class and completing all attendance rosters and other administrative forms as scheduled.
- 7.2.18 Participating in Student Learning Outcome (SLO) Assessment to include the:
  - 7.2.18.1 Preparation and submission of an SLO Assessment Plan for each class within one week of the first meeting of the class.
  - 7.2.18.2 Implementation of the assessment method as indicated on the SLO Plan for each class, and

- 7.2.18.3 Submission of the (a) results of the assessment method and (b) steps taken as result of the assessment within five (5) District business days after the last scheduled meeting of the class.
- 7.2.18.4 Both submissions will be made in accordance with District tracking procedures (i.e., may be paper-based or electronic).
- 7.2.18.5 Faculty are required to complete all work related to meeting accreditation standards to include but not limited to: SLO's, PSLO's, ISLO's and the DEIA Framework.
- 7.2.18.6 Participating in the use of the Electronic Early Alert System as appropriate.

This section covers all types of existing progress reports (e.g. EOP&S monthly student progress reports and athletic eligibility reports) and any subsequent reports that may arise during the duration of this contract.

1. Faculty may report underperforming students on an as-needed basis as determined solely by the faculty member.
2. Faculty may complete the negotiated form and submit to counseling.
3. An early alert only recognizes the student's inability to meet minimum standards.
4. Faculty may report students that are not meeting minimum standards of attendance and minimum standards for academic work to the designated early alert counselor.
5. The Faculty and the District agree that participation in early alert is not an evaluation tool for faculty performance.
6. Each early alert notification will be opened by the assigned academic counselor, addressed by the academic counselor using their professional judgement, and finally each early alert notification will be closed by the assigned academic counselor.

### 7.3 Full Time Office Hours

Instructional unit members shall schedule five (5) office hours per week in direct proportion to modality. Directors shall have office hours in proportion to instructional time by their contract. For the purpose of this section, hybrid and correspondence courses will be considered the same as face-to-face when scheduling office hours. The schedule will be posted in close proximity to the unit member's office.

7.3.1 An office hour is fifty (50) minutes.

7.3.2 The appropriate Educational Administrator shall review and approve unit member's office hour schedule and make changes as may be required by student need after consultation with the unit member.

- 7.3.3 Unit members shall then attend scheduled office hours for the purpose of student contact. For online office hours, the unit member will provide a zoom link for students to check in for immediate access to the unit member during the scheduled office hours.
- 7.3.4 Office hours shall be posted and filed with the appropriate Educational Administrator within one week after the first day of each semester.

#### 7.4 Counselors

The responsibilities of counselors represent a work year of one hundred ninety (190) days, seven (7) flex days and two (2) days for in-service. Specific work days will be scheduled by the District in consultation with the unit member. The counselors shall have a thirty-seven and one-half (37.5) hour week including thirty-five (35) hours as scheduled by the District, with duties that include but are not limited to the following:

- 7.4.1 Providing academic, vocational and personal counseling to students on an individual basis.
- 7.4.2 Providing group counseling for the accomplishment of specific objectives.
- 7.4.3 Assisting in the planning and implementation of registration.
- 7.4.4 Providing guidance in immediate and long range program planning.
- 7.4.5 Administering and interpreting tests.
- 7.4.6 Counseling students with low scholastic achievement.
- 7.4.7 Providing occupational information service for students.
- 7.4.8 Providing educational psychological services.
- 7.4.9 Assisting students with petitions for graduation.
- 7.4.10 Establishing and maintaining communication with the various instructional areas, the administration and the staff of the District.
- 7.4.11 Establishing and maintaining communication with the high schools served by the District.
- 7.4.12 Establishing and maintaining communications with community agencies that can serve the District's students.

- 7.4.13 Serving on standing and ad hoc committees, as assigned by the Academic Senate.
- 7.4.14 Demonstrating continuing education toward maintaining currency with developments and changes in subject-matter field through coursework, conferences, workshops, seminars, professional training, and professional reading; or informal learning experiences as they pertain to the unit member's subject area.
- 7.4.15 Attending graduation ceremonies.
- 7.4.16 Fulfilling flex obligation.
- 7.4.17 Participating in and completing Instructional or Non-instructional Program Review as appropriate.
- 7.4.18 Reporting absences to the appropriate Educational Administrator.
- 7.4.19 Participating in the use of the Electronic Early Alert System as appropriate (See Article 7.2.18 (6)).

7.5      Distance Education Instruction

- 7.5.1 The LCFA and the District may agree on the need to develop a new distance education course. A Unit Member shall receive \$1,500.00 compensation for developing the course upon completion of developing the course.
- 7.5.2 The course developer shall have first right of refusal to teach the course.
- 7.5.3 This section shall not limit the right of assignment of the District.
- 7.5.4 Material prepared on district time or when the unit member is receiving compensation shall be the property of the district.
- 7.5.5 Unit members using the Internet for providing Distance Education Instruction shall receive a reimbursement for internet costs (Refer to Article 9.7.4).

## 7.6 Special Assignments

Special Assignments are short-term (one year or less) assignments different from, and in addition to, the regular load of a Unit Member. Special assignments may be requested by the District.

7.6.1. Special assignment compensation is fixed amount of compensation based on successful completion of a special assignment or a predetermined “not to exceed amount” verified by hourly timecard. A fixed amount special assignment compensation is computed on expected length of the special assignment and the hourly overload rate.

7.6.2. A special assignment is a temporary task which includes such things as, but is not limited to, a coordinator, chair, recruiter, advisor, or grant writer.

7.6.3. The following process will be used to create special assignments:

7.6.3.1. Suggestions for “special assignments” may be proposed by faculty members or the District.

7.6.3.2. The District and the LCFA will agree to the outcomes, timeline, qualifications, responsibilities and duties, and compensation for the special assignment.

7.6.3.3. District approved special assignments will be advertised and all unit members will have the opportunity to apply.

7.6.3.3.1. Letters of interest will be submitted to the Office of Human Resources.

7.6.3.3.2. The appropriate Educational Administrator and one faculty member appointed by LCFA will review applicant materials, conduct interviews, if necessary, and make a selection.

## 7.7 Additional Assignments

Additional Assignments are long-term (more than one year) assignments, generally administrative in nature, provided as reassigned time and/or in addition to the regular load of a Unit Member. Additional Assignments may be negotiated into the contract. The selection process for Additional Assignments is described in Appendix E.

7.7.1. Additional assignment compensation is paid by stipend.

7.8 Eleven and Twelve Month Contracts

Unit members assigned the following responsibilities shall be considered eleven (11) or twelve (12) month employees working one hundred ninety-nine (199) or two hundred twenty-one (221) days, respectively, as part of their regular assignment and will receive pro-rata salary, retirement and sick leave accrual commensurate with the assignment. For these assignments, the District, after consultation with the unit member, shall schedule the exact days of work and duties to be performed during the Fiscal Year. A written schedule of the days will be placed in the member's personnel file prior to services being performed. Any adjustment to the original schedule shall be approved by the District in advance, where possible, and so noted on the copy in the member's personnel file.

<u>Assignment</u>	<u>Duration</u>
Counselors	11 months
Director of Academic Resources	11 months
DSPS Counselor/Coordinator	11 months
Work Experience Coordinator	11 months

7.9 Coaches of Intercollegiate Sports

7.9.1 Full-time faculty members assigned positions as head coaches of intercollegiate sports will be given a ten (10) laboratory contact hour credit towards his/her load during the off season semester for the purpose of recruiting. An individual unit member may not receive more than ten (10) laboratory contact hours of credit per year as part of his/her load for recruiting.

7.9.2 Adjunct faculty assigned the position of a Head Coach of an intercollegiate sport shall

7.9.2.1 Be assigned the varsity class and be compensated at the prevailing hourly adjunct rate.

7.9.2.2 Shall receive a stipend not to exceed \$25,760.50 for the first year for performing head coaching duties. Following an evaluation of recruitment efforts, adherence to policies and team performance; the wage may be changed to Tier 2 not to exceed a total of \$36,267.50 (See Article 9.7.1.4 for Tier information) for one academic year. Following the evaluation based on the same criteria, in subsequent contracts, the stipend may be decreased. The maximum stipend for any sport is \$36,267.50. This stipend will be adjusted with COLA increases. Payment of the stipend will be made in twelve (12) monthly installments for the academic year. The stipend may be pro-rated for less than twelve months.

7.10 Director of Academic Resources, Work Experience Coordinator

Director of Academic Resources and the work experience coordinator shall have a thirty-seven and one-half (37.5) hour week including thirty-five (35) hours as scheduled by the district after consultation with the unit member. The responsibilities of Director of Academic Resources and work experience coordinators represent a work year of one hundred ninety (190) days, seven (7) flex days, and two (2) in-service days. The duties of Director of Academic Resources and work experience coordinators include but are not limited to the following:

- 7.10.1 Providing services for students and staff.
- 7.10.2 Establishing and maintaining communication with the various instructional areas, the administration and the staff of the District.
- 7.10.3 Demonstrating continuing education toward maintaining currency with developments and changes in subject-matter field through coursework, conferences, workshops, seminars, professional training, and professional reading; or informal learning experiences as they pertain to the unit member's subject area.
- 7.10.4 Attending graduation ceremonies.
- 7.10.5 Fulfilling flex obligation.
- 7.10.6 Participating in and completing Instructional or Non-Instructional Program Review as appropriate.
- 7.10.7 Supervising the care and maintenance of equipment provided for student use.
- 7.10.8 Reporting absences to the appropriate Educational Administrator.
- 7.10.9 Directing the work of classified staff as appropriate to the assignment. Meet with the classified staff's supervising manager at the beginning of a term to discuss the classified staff's job description, daily or weekly scheduling of the classified staff, and mutually agreed expectations of the classified staff. As a result of the meeting, the supervising manager will provide the LCFA unit member with a concise document identifying the classified staff's schedule and job expectations. The LCFA unit member will provide the classified staff's supervising manager with verbal anecdotal job performance information as needed for the purposes of employee evaluation. LCFA unit members will not evaluate classified staff.

- 7.10.10 Directing the work of Student workers as appropriate to the assignment and as agreed to in the request made by the faculty member for a student worker and subsequent approval of that request.
- 7.10.11 Participating in the use of the Electronic Early Alert System as appropriate (See Article 7.2.18).

## 7.11 Division Chairs

- 7.11.1 Under the direction of the Superintendent/President, or designee, responsibilities of Division Chairs shall include, or be reasonably related to the following:
  - 7.11.1.1 Participate in the selection of new full-time and adjunct Division faculty.
  - 7.11.1.2 Work with the appropriate Educational Administrator to coordinate preparation of the Department budgets within the Division.
  - 7.11.1.3 Work with the appropriate Educational Administrator and Department faculty to prepare and recommend class schedules (Fall, Spring, and Summer) for all Departments within the Division.
  - 7.11.1.4 Attend designated meetings: Consultation Counsel, Division Chairs, Educational Master Planning Committee (EMP), the Curriculum/Standards meeting (only as necessary) and other planning meeting as requested by the District, but not to exceed ten (10) hours per month. However, the ten (10) hour maximum specifically excludes any meeting associated with the development of class schedules. Should the ten (10) hour maximum be exceeded, the Chairs shall be compensated at the pro-rata rate based on monthly time card submission.
  - 7.11.1.5 Hold Division meetings with the faculty at least once per month to conduct business and to provide communication between the District Administration and faculty.
  - 7.11.1.6 Make recommendations during the first two (2) weeks of the Fall and Spring semesters concerning the addition or cancellation of classes and/or any other change to Department or Division schedules.

- 7.11.2 In accordance with Article 4.1.2, Division structure and the number of Division Chairs may be modified by the District in consultation with LCFA and the faculty involved. Selection of Division Chairs shall be in accordance with Appendix E. The District currently has four Division Chairs, each serving two-year terms with two Division Chair positions ending each year. If the District selects a three Division Chair structure, each Division Chair shall serve three year-terms with one Division Chair position ending each year. If the District selects a two Division Chair structure, each Division Chair shall serve two-year terms with one Division Chair position ending each year. If the number of Division Chairs is changed, all the new Division Chair positions shall be advertised to the faculty and the selection of the new Division Chairs shall be in accordance with Appendix E. To achieve a staggered ending date for the new Division Chair structure, the initial term length for each Division Chair position shall be randomly assigned as one or two years (two or four Division Chair structure) and one, two, or three years (three Division Chair structure). The initial term length shall be included in the Division Chair position announcement.
- 7.11.3 Division Chairs shall be provided a monthly stipend calculated at Step 10 for service during any regular academic year. **See Article 9.7 for compensation information.**
- 7.11.3.1 Should the District request Division Chairs to serve beyond the regular academic year, the Chairs will be granted the opportunity for twenty-two (22) consecutive week days without service requirements.
- 7.11.3.2 When four (4) Division Chairs are utilized, they shall perform their duties an average of seven and one half (7.50) hours per week.
- 7.11.3.3 When three (3) Division Chairs are utilized, they shall perform their duties an average of nine (9.0) hours per week.

## 7.12 Accreditation Chair(s)

- 7.12.1 The Accreditation Chair may be a unit member or a group of up to three (3) unit members who apply to perform the duties of the accreditation chair. If a group of unit members should apply for this position, they shall indicate how the job duties will be divided among the members and who shall be responsible for the performance of which duties. **See Article 9.7 for compensation information.**
- 7.12.2 Under the direction of the Superintendent/President or designee, responsibilities of the Accreditation Chair(s) shall include, or be reasonably related to the following:
- 7.12.2.1 Coordinate the District activities relating to the development of the accreditation self-study, midterm report, and follow-up reports.
  - 7.12.2.2 Provide direction to the committees that are responsible for activities related to accreditation.
  - 7.12.2.3 Develop accreditation activities that need to be accomplished for each academic year.
  - 7.12.2.4 Develop timelines for accreditation activities for each academic year.
  - 7.12.2.5 Monitor District activities and compliance with commission recommendations.
  - 7.12.2.6 Attend all meetings related to the accreditation process, to include: Board of Trustees meetings, subcommittee meetings, meetings of the Academic Senate, CSEA, Management Group, LCFA, ASB, Administration, Consultation Council, and other groups that are formed as needed.
  - 7.12.2.7 Ensure the accreditation self-study, midterm report, and follow-up reports are written and presented to District administration for timely submission to the accreditation commission (ACCJC).
- 7.12.3 Selection of the Accreditation Chair(s) shall be in accordance with Appendix E.

- 7.12.4 Should the District require the Chair(s) to serve beyond the regular academic year, the Chair(s) will be granted the opportunity for twenty-two (22) consecutive week days without service requirements.

7.13    Lead Counselor

- 7.13.1 Under the direction of the appropriate Educational Administrator, the responsibilities of the Lead Counselor shall include, or be reasonably related to the following **(See Article 9.7 for compensation information)**:

- 7.13.1.1 Provide oversight to the District counseling program; prepare agendas and related materials for weekly counselor meetings.
- 7.13.1.2 Serve as liaison between the counselors and the appropriate Educational Administrator.
- 7.13.1.3 Work with Division Chairs and the Office of Instruction on course scheduling issues.
- 7.13.1.4 Directing the work of classified staff as appropriate to the assignment. Meet with the classified staff's supervising manager at the beginning of a term to discuss the classified staff's job description, daily or weekly scheduling of the classified staff, and mutually agreed expectations of the classified staff. As a result of the meeting, the supervising manager will provide the LCFA unit member with a concise document identifying the classified staff's schedule and job expectations. The LCFA unit member will provide the classified staff's supervising manager with verbal anecdotal job performance information as needed for the purposes of employee evaluation. LCFA unit members will not evaluate classified staff.
- 7.13.1.5 Directing the work of Student workers as appropriate to the assignment and as agreed to in the request made by the faculty member for a student worker and subsequent approval of that request.
- 7.13.1.6 Coordinate and schedule the one hundred and ninety-nine (199) day calendars for full-time counselors and any adjunct counselors, as required.

- 7.13.2 Selection of the Lead Counselor shall be in accordance with Appendix E.

7.14     Director of Nursing

- 7.14.1     Under the direction of the appropriate Educational Administrator, the responsibilities of the Director of Nursing shall include, or be reasonably related to the following (**See Article 9.7 for compensation information**):
- 7.14.1.1     Maintain familiarity with the California Board of Vocational Nursing and Psychiatric Technician Examiners, Nevada State Board of Nursing and Department of Health Services rules and regulations.
  - 7.14.1.2     Coordinate and/or participate in the recruiting, hiring, orienting, and evaluating of Nursing faculty.
  - 7.14.1.3     Conduct ongoing program review and tabulate and organize program review data for the Board of Vocational Nursing.
  - 7.14.1.4     Assist with Staff development for Nursing faculty.
  - 7.14.1.5     Develop agendas and conduct and keep minutes of staff meetings.
  - 7.14.1.6     Schedule staff and clinical facilities for clinical rotations.
  - 7.14.1.7     Provide detailed interim reports including statistics for State Vocational Nursing Program.
  - 7.14.1.8     Direct the counseling, evaluation, and dismissal of students from the program.
  - 7.14.1.9     Attend regularly scheduled regional and state Nursing Director meetings.
  - 7.14.1.10     Update curriculum, instructional plans, and lesson plans to meet state regulations.
  - 7.14.1.11     Maintain applications for the CNA & LVN programs.
  - 7.14.1.12     Complete and submit annual report to the Board of Vocational Nursing.
  - 7.14.1.13     Establish and maintain relationships with appropriate clinical facilities for student clinical experiences.
  - 7.14.1.14     Schedule clinical facilities for student clinical experiences.

7.14.1.15 Process student applications for admission into the LVN and CNA programs.

7.14.1.16 Conduct local annual advisory Vocational Nursing Board meetings.

#### 7.15 Minimum Qualification/Equivalency Liaison

7.15.1 Under the direction of Academic Senate, responsibilities of the MQ/Equivalency Liaison shall include, or be reasonably related to the following **(See Article 9.7 for compensation information)**:

7.15.1.1 Review transcripts of all applicants for full and adjunct faculty positions and compare to Board of Governor's adopted minimum qualification for disciplines list.

7.15.1.2 Prepare and sign certification of minimum qualification forms for signature by academic dean and equivalency forms for consideration by subject area faculty, Academic Senate (signature) and subsequently Governing Board (formal action on consent agenda) consistent with Academic Senate adopted procedures.

7.15.1.3 Maintain and annually update Minimum Qualification/Equivalency Handbook with actions by the Board of Governors, establishing new and revised minimum qualifications and disciplines, as well as local Curriculum Committee/Academic Standard's Committee actions assigning courses to disciplines in addition to any changes to the procedures adopted by the Academic Senate.

7.15.1.4 Work with the Curriculum Committee/Academic Standards Committee and Academic Services support staff to assure data validation so that all courses are appropriately assigned to disciplines adopted by the Board of Governors.

#### 7.16 Flex Development/Flex Activity (FD/FA) Chair

7.16.1 Under the direction of Academic Senate, responsibilities of the FD/FA Chair shall include, or be reasonably related to the following **(See Article 9.7 for compensation information)**:

7.16.1.1 Assist in the development of on-campus professional activities for convocation, flex and other days.

7.16.1.2 Assist in the development of professional development, specifically flex, forms and surveys.

- 7.16.1.3 Assist in the preparation of the college Professional Development Plan.
- 7.16.1.4 Assist in the preparation of the year-end Flexible Calendar Report.
- 7.16.1.5 The District will provide the FD/FA Chair with a schedule for determination of development and flex activities and for other related work.
- 7.16.1.6 The District will provide the FD/FA Chair with all materials and clerical support necessary to complete the scheduled tasks.
- 7.16.1.7 The LCFA may change the FTEF load split prior to the beginning of a semester as necessary.

**7.17 DSPS Counselor/Coordinator (See Article 9.7 for compensation information)**

- 7.17.1 Provide academic, career, personal and disability management counseling as needed for eligible students with disabilities.
  - 7.17.1.1 Counsel eligible DSPS students and assist them in developing their Student Education Plans (SEPs) and Academic Accommodation Plans (AAPs).
  - 7.17.1.2 Review student documentation, determine student eligibility, and assign appropriate academic accommodations, auxiliary aids, and services to students in accordance with DSPS regulations
  - 7.17.1.3 Meet individually with students to discuss their academic accommodations, learning preferences, and academic needs.
  - 7.17.1.4 Maintain appropriate student files and accurate program, state, and federal records.
  - 7.17.1.5 Responsible for planning, tracking, and reporting on the DSPS budget and expenditures.
  - 7.17.1.6 Serve as an advocate/ liaison between students and faculty when appropriate, as well as on matters related to technology and accessibility for DSPS students.
  - 7.17.1.7 Direct the work of other DSPS staff as needed to ensure proper program reporting and coordination of services.
  - 7.17.1.8 Collaborate with college instructors, counselors, and staff to assist eligible students in pursuit of their educational goals.

- 7.17.1.9 Participate in professional activities, curriculum development, and campus committees as a general requirement of all faculty.
- 7.17.1.10 Coordinate the day-to-day functions of DSPS.
- 7.17.1.11 Coordinate the collection of pertinent data related to the retention, matriculation, and transfer of DSPS students.
- 7.17.1.12 Coordinate with other campus resources, such as EOPS, CalWORKs, Financial Aid, Learning Center, and Career/Transfer Center.
- 7.17.1.13 Maintain liaison with other on- and off-campus agencies providing support services to students with disabilities.
- 7.17.1.14 Perform other related duties that support the overall objective of the position.
- 7.17.1.15 May require work, coordination, or instruction in a prison environment.

**7.18 Full-Time Coach**

- 7.18.1 Under the direction of the appropriate Educational Administrator, the responsibilities of a full-time coach shall include Responsibilities including, but are not limited to:
  - 7.18.1.1 Instruct assigned classes in accordance with the course outline of record
  - 7.18.1.2 Act as head coach for the assigned team
  - 7.18.1.3 Recruit assigned number per sport, listed on job announcement, of student athletes annually. Retain assigned students, per sport listed on job announcement, per year
  - 7.18.1.4 Adhere to all regulations, rules, procedures, and policies for athletic programs as established by the NCAA, the CCCAA, and the Golden Valley Conference
  - 7.18.1.5 Organize, plan, coordinate and evaluate the intercollegiate athletic program
  - 7.18.1.6 Determine student eligibility for athletic program
  - 7.18.1.7 Determine program goals, objectives and related activities
  - 7.18.1.8 Oversee the strength and conditioning program for the sport

both in-season and out-of-season

- 7.18.1.9 Coordinate the identification and recruitment of eligible individuals by recruiting actively in high schools in the area and contiguous districts. This recruitment process includes: high school visitations, individual contacts with the athlete and parents, and home visits; preparing follow-up correspondence and telephone contact; facilitate District visitation by prospective athletes; and assisting student-athletes by referring them to student employment, financial aid, orientation , counseling, assessment and registration
- 7.18.1.10 Stay abreast of current trends and information in the field
- 7.18.1.11 Attend coaching clinics, seminars, trainings, and conferences
- 7.18.1.12 Maintain membership in and participate in meetings of local, state, and national coaches' associations
- 7.18.1.13 Supply informational assistance in the preparation of media guides, is available to media for interviews, and is responsible for providing timely game results to local media
- 7.18.1.14 Attend community events and speaks on behalf of the District as part of fundraising and outreach efforts
- 7.18.1.15 Maintain standards of professional conduct and ethics appropriate to the position
- 7.18.1.16 Assist student-athletes in preparation for transfer to four-year colleges by: assisting student-athletes with correspondence to four-year colleges, preparing follow-up correspondence and telephone contact with four-year college coaches, initiating contact with four-year college coaches on behalf of their student-athletes, assisting student-athletes in producing game tapes for four-year colleges, assisting student-athletes with their four-year college visitations, and scheduling four-year college coaches to visit the District to recruit student-athletes
- 7.18.1.17 Monitor student-athlete scholastic progress in coordination with the Counseling and athletic eligibility staff
- 7.18.1.18 Teach student-athletes the practical and theoretical strategies and concepts of their respective sport
- 7.18.1.19 Encourage student-athletes to play as a team with enthusiasm, discipline, ethical behavior, and sportsmanship

- 7.18.1.20 Provide a safe environment with special respect to the sport and sports injuries
- 7.18.1.21 Recommend equipment purchase and care
- 7.18.1.22 Assist the Athletic Director and the Division Dean in the preparation of reports, budgets, and audit information, and other required data
- 7.18.1.23 Provide dynamic instruction with the ability to engage student interest by using current and effective andragogy
- 7.18.1.24 Meet faculty responsibilities as outlined in the faculty contract per Articles 7.2 through 7.3.4

**7.19 Fire Technology Director**

7.19.1 Under the direction of the appropriate Educational Administrator, the responsibilities of the Director of Fire Technology shall include, or be reasonably related to the following (**See Article 9.7 for compensation information**):

- 7.19.1.1 Plan and schedule a course of study for Fire Science courses and assist the Division Chair in finding/selecting qualified instructors.
- 7.19.1.2 Plan and schedule Federally and/or California Office of the State Fire Marshall certified courses and assist the Division Chair in finding/selecting qualified instructors.
- 7.19.1.3 Maintain familiarity with the Federal and/or California Office of the State Fire Marshall training rules and regulations.
- 7.19.1.4 Coordinate and/or participate in recruiting, hiring, orienting, mentoring, and evaluating Fire Technology faculty.
- 7.19.1.5 Collect, maintain, and distribute all data required for compliance with Federal and/or State training standards.
- 7.19.1.6 Update and maintain Federal and/or California Office of the State Fire Marshall course certifications, as needed.
- 7.19.1.7 Conduct ongoing program review, and collect tabulate and report on data in the Instructional Program Review (IPR) process.
- 7.19.1.8 Develop and implement departmental goals, objectives, and priorities for the Fire Technology program.
- 7.19.1.9 Develop, prepare, implement, and monitor Instructional Service Agreements (ISA's) with local agencies.

- 7.19.1.10 Ensures physical and human resources are in compliance with all applicable Federal, State, local, and college safety requirements.
- 7.19.1.11 Oversee and be accountable for the purchasing, inventory management/tracking, security, maintenance and operational safety of the tools, equipment, software, supplies, and other capital assets in the Fire Technology program.
- 7.19.1.12 Attend regularly scheduled regional and state Fire Training Manager's meetings.
- 7.19.1.13 Establish and maintain relationships with local, county, State, and Federal public entities.
- 7.19.1.14 Continue and expand strategic public and private sector partnerships appropriate to the Fire Technology program.
- 7.19.1.15 Participate on a variety of boards and commissions; attend and participate in professional group meetings.
- 7.19.1.16 Stay abreast of current trends and innovations in the field of fire training and safety.
- 7.19.1.17 Process new student applications for Fire Technology courses that need instructor approval to attend.
- 7.19.1.18 Update curriculum, instructional plans, and lesson plans to meet Federal, state and/or outside agency regulations.
- 7.19.1.19 Conduct local advisory committee meetings for the Fire Technology program.
- 7.19.1.20 Promote the Fire Technology program through outreach efforts, community involvement, marketing and recruitment activities.
- 7.19.1.21 Be willing/able to travel and work evenings and/or weekends occasionally.
- 7.19.1.22 Assist in the coordination of instruction in the correctional environment.
- 7.19.1.23 Perform other duties as assigned that directly support the overall objective of the Fire Technology program.

**7.20 Director of POST and Administration of Justice (See Article 9.7 for compensation information)**

7.20.2 Under the direction of the appropriate Educational Administrator, the responsibilities of the Director of POST and Administration of Justice shall include, or be reasonable related to the following:

7.20.2.1 Plan and schedule California Commission on Peace Officer Standards and Training (POST) certified courses and assist the Division Chair in finding/selecting qualified instructors.

7.20.2.2 Plan and schedule a course of study for Administration of Justice courses and assist the Division Chair in finding/selecting qualified instructors.

7.20.2.3 Plan and schedule California Board of State and Community Corrections, Standards and Training for Corrections (STC) courses and assist the Division Chair in finding/selecting qualified instructors.

7.20.2.4 Maintain familiarity with the California Commission on Peace Officer Standards and Training (POST) as well as California Board of State and Community Corrections, Standards and Training for Corrections (STC) rules and regulations.

7.20.2.5 Coordinate and/or participate in recruiting, hiring, orienting, mentoring, and evaluating AJ and POST faculty.

7.20.2.6 Assist in coordinating any scheduled courses common to both POST and NRA programs.

7.20.2.7 Collect, maintain, and distribute all data required for compliance with POST and/or STC training standards.

7.20.2.8 Attend regularly scheduled regional and state POST and/or STC Training Manager's meetings.

7.20.2.9 Establish and maintain relationships with local, county, State, and Federal public entities.

7.20.2.10 Continue and expand strategic public and private sector partnerships appropriate to the POST and/or STC programs.

7.20.2.11 Participate on a variety of boards and commissions; attend and participate in professional group meetings.

7.20.2.12 Stay abreast of current trends and innovations in the field of public safety.

- 7.20.2.13 Process new student applications for POST and/or STC courses that need instructor approval to attend.
- 7.20.2.14 Update curriculum, instructional plans, and lesson plans to meet state and outside agency regulations.
- 7.20.2.15 Conduct local advisory committee meeting for the AJ and POST programs.
- 7.20.2.16 Promote the AJ and POST programs through outreach efforts, community involvement, marketing and recruitment activities.
- 7.20.2.17 Be willing/able to travel and work evenings and/or weekends occasionally.
- 7.20.2.18 Perform other duties as assigned that directly support the overall objective of the program.

**7.21 Nurse Assistant Training Program Director (See Article 9.7 for compensation information)**

- 7.21.1 Under the direction of the appropriate Educational Administrator, the responsibilities of the Director of the Nurse Assistant Training Program [NATAP] shall include, or be responsible related to the following (See Article 9.7 for compensation information)
  - 7.21.1.1 Ensure that the Nurse Assistant Training Program meets all state and federal requirements and is in compliance with all applicable rules and regulations including but not limited to: Certified Nurse Assistant Regulations California Health and Safety Code Section 1337-1338.5, California Code of Regulations (CCR), Title 22, Division 5, Code of Federal Regulations (CFR) Section (d) 5.
  - 7.21.1.2 Review, update, submit, and maintain all required NATAP documents required by the Department of Health Services [DHS] for the annual program renewal.
  - 7.21.1.3 Ensure that all records regarding the program are kept available for DHS inspection for a period of four years from the date of approval.
  - 7.21.1.4 Develop and maintain appropriate NATAP application process.
  - 7.21.1.5 Ensure, maintain, and/or submit appropriate and secure records proving that all applicants have completed or meets the age, health examination, and criminal record regulatory requirements prior to patient contact.

- 7.21.1.6 Develop, prepare, implement, monitor, and maintain Clinical Site Agreements and ensure proper renewal.
- 7.21.1.7 Host site visits and ensure access to all records, clinical sites, instructor evaluations, policy and procedures.
- 7.21.1.8 Develop corrective action plans based on deficiencies and ensure all corrective actions are implemented.
- 7.21.1.9 Ensure and maintain evidence of Professional Liability Coverage covering all students and clinical faculty.
- 7.21.1.10 Ensure appropriate and mandated regulations on clinical supervision, clinical training hours, student to instructor ratios, administration of examinations to assess student progress, and percent score passage rates are met.
- 7.21.1.11 Monitors instructors appropriately to ensure instructors are compliant with all aspects of NATAP training and the ethical and regulatory compliant processes are working and being followed.
- 7.21.1.12 Verify lesson plans align with course outlines of records and ensure that core curriculum content includes all topics listed in California Code of Regulations and Code of Federal Regulations.
- 7.21.1.13 Complete and maintain appropriate attendance and student absenteeism records related to minimum hour's requirements and any make-up work.
- 7.21.1.14 Ensure that every student has successfully completed all required modules, components, assignments, skills, demonstrations, exams and hours required of the program.
- 7.21.1.15 Timely notify DHS of any changes of program content, hours, staff, and/or evaluation of student learning for the certification training program.
- 7.21.1.16 Maintain Lassen Community College Nurse Assistant Training Program Handbook and enforce all rules outlined in the handbook including disciplinary actions for violations.
- 7.21.1.17 Perform related duties such as assisting in student application for the accreditation examinations, providing remedial assistance to students, assisting with academic problems and working with counseling.

7.21.1.18 Oversees inventory management, security, and operational safety of the tools, equipment, and other capital assets of the program. Ensures resources are in compliance with all applicable Federal, State, local, and college safety requirements.

7.21.1.19 Promote program coordination and advancement in college committee work and in-service events, outreach efforts, community involvement, and marketing activities within local service area. Establish positive working relationships with local schools, educational agencies, public agencies, and local nursing community.

## Article 8 – Leaves

### 8.1 Absences and Conditions Regulating Absences – General Provisions

- 8.1.1 A unit member may be absent from work during required periods of service, providing the applicable policies and procedures have been properly implemented. Absence for any other reason shall constitute an “unauthorized absence.”
- 8.1.2 Information relative to absences and leaves shall be made a matter of record included in the unit member’s personnel file. Violation of such absences and leave provisions shall be considered cause for disciplinary action.
- 8.1.3 Except when there is an emergency, notification of the unit member’s absence shall be reported in advance by the unit member to the Office of the appropriate Educational Administrator. When advance notification is not reasonably possible, the unit member shall submit notice by telephone to the Office of the appropriate Educational Administrator, two (2) hours prior to the start of class of the day of the absence. The reason and the amount of time shall be reported if known. If not known, the unit member shall keep the appropriate Educational Administrator informed. In all cases, an Employee Leave slip shall be completed by the unit member and forwarded to the appropriate Educational Administrator or designee upon the unit member’s return to work.
- 8.1.4 If not completed in advance of the leave, within three (3) working days of termination of the absence, the unit member shall complete the report of absence form stating the reason for absence. Appropriate documentation supporting the reason for the unit member’s absence may be required.
- 8.1.5 A member shall not be allowed to undertake any gainful employment while on leave of absence or sick leave. The member may be required to certify that he/she was not gainfully employed.
- 8.1.6 A unit member shall receive no compensation for time absent from regularly assigned duties, except as otherwise provided in this Agreement or by order of the Superintendent/President.
- 8.1.7 Salary deduction for unpaid absences, “extended absence Leave,” shall be computed as follows: each day of such absence shall result in the deduction of a fraction of days absent divided by the number of service days for which the unit member is obligated.

When the unit member is absent from a portion of a day's work, the equivalent portion of daily salary shall be deducted from the unit member's monthly check. Absences will be recorded to the nearest half (0.5) hour. The portion will be based on a 7.5 hour workday.

- 8.1.8 For a paid leave, a unit member who is absent from a portion of a day's work shall have leave deducted from accumulated leave. The portion of leave deducted will be recorded to the nearest half (0.5) hour and will be based on a 7.5 hour workday.

## 8.2 Sick Leave

- 8.2.1 A unit member who is employed full-time for the full academic year shall be entitled to ten (10) days leave of absence or illness or injury per year. An employee, who is employed for fewer than five (5) days per week, or for less than a full academic year, will receive the proportional number of days of leave.
- 8.2.2 Pay for any day of absence covered by this leave shall be the same as the pay which would have been received had the unit member worked during his/her regular assigned hours on the day of leave.
- 8.2.3 The full amount of the leave granted each year under this Section shall be available on the first day of each academic year and need not be accrued prior to taking such leave.
- 8.2.4 Unused leave granted under this Section shall be accumulated from year to year.
- 8.2.5 Unused sick leave accrued in California public elementary schools, secondary schools, or community colleges may be transferred in accordance with Education Code, Section 87782. Official verification of unused sick leave shall be forwarded to the appropriate office where it will be credited to the unit member's sick leave balance.
- 8.2.6 Absence covered by accumulated sick leave shall be at full pay. When all accrued sick leave has been used and additional absence is necessary, the unit member shall be paid "extended sick Leave" defined as the difference between his/her salary and that paid a temporary employee hired to replace him/her, or the amount that would have been paid had a temporary been hired, or fifty percent (50%) of the employee's contract salary, whichever is greater, until the total absence covers a period of five (5) months.

The five (5) month period begins on the first day of absence. Additional sick leave is not accrued during the five (5) month period. A temporary replacement includes hiring an existing teacher on an overload basis. If no temporary is hired, the pay deducted shall be at the first step of the appropriate lab or lecture rate.

- 8.2.7 After an absence of five (5) days or more, the unit member may be required to present a medical doctor's certificate verifying a personal illness or injury. After an absence of more than two (2) weeks, the Superintendent/President may require a unit member to present a physician's verification that the member is able to return to work with or without reasonable accommodation. The District may also require examination by another physician at District expense if it questions a unit member's determination of ability to return to work.
- 8.2.8 After exhausting both accumulated and extended sick leave, a unit member may apply for and shall be granted a leave without pay for recuperation for up to one (1) additional year. Following this unpaid leave, a unit member may request an extension. If the extension is denied, the unit member shall be placed on the thirty-nine (39) month re-employment list.
- 8.2.9 If the illness or injury exceeds five (5) consecutive days, the District may designate a certified medical specialist to examine the unit member and make all necessary inquiries in order to be fully informed as to the nature and severity of the illness or injury and to report such findings to the Superintendent/President. The District shall bear the cost of investigation/ examination. If the report concludes that the absence is not due to personal illness or injury or that the illness is not sufficiently severe to warrant continued absence, then the Superintendent/President, after such notice to the unit member, may refuse to grant such leave.
- 8.2.10 Unit members shall be provided an accounting of the balance of their accumulated sick leave at the end of each contract month.

### 8.3 Use of Sick Leave for Personal Necessity

- 8.3.1 A unit member may be granted a maximum of six (6) days leave of absence in any school year without loss of pay in cases of personal necessity, upon approval of the appropriate Educational Administrator for their area or designee. One (1) day shall be granted by the District. Any of the additional five (5) days shall be deducted from the member's accumulated sick leave.

- 8.3.2 Personal necessity includes: emergencies related to the unit member's home in cases of natural disaster or accident; illness or accident to the unit member's immediate family (as defined in Article 8.3.3); appointments for the purpose of conducting personal legal affairs of financial transactions that cannot be conducted outside of working hours; receipt of summons, subpoena, or other judicial order requiring absence from work, excluding jury duty; observance of a major religious holiday of the unit member's faith; or, parental responsibilities that cannot be scheduled outside of working hours.
- 8.3.3 "Member of immediate family," as used in this Section, means the husband, wife, domestic partner, mother, father, sister/brother, son, daughter, grandparent, grandchild, parent-in-law, foster parent, step parent, step child, foster child, brother-in-law, sister-in-law, or any other person living in the immediate household of the unit member, or established by state law.
- 8.3.4 This leave specifically shall not be used to extend holiday or break periods and does not include any recreational use nor any use related to present or prospective employment or union activity. Such leave as applied for, used, and/or granted must be on matters which cannot be accomplished other than during the unit member's regular working hours, or deferred to a more convenient date or time to accommodate the regular work schedule.
- 8.3.5 Advance notification is required before personal necessity leave may be taken except in emergencies, cases of death, serious illness or accident, in which cases the notification shall be as soon as reasonably possible.

#### 8.4 Industrial Accident or Illness Leave

- 8.4.1 Unit members shall receive sixty (60) days leave with pay in any one (1) Fiscal Year for an industrial accident or illness. An industrial accident or illness is defined as one where the member becomes ill or is injured while he/she is serving the District and the accident or illness is reported to the worker's compensation insurance carrier in accordance with their regulations, and the worker's compensation insurance carrier accepts responsibility for the treatment of the member.
- 8.4.2 Industrial accident or illness leave will commence on the first day of absence. Allowable leave shall not be accumulated from year-to-year. When an industrial accident or illness occurs at a time when the full sixty (60) days will overlap into the next fiscal year, the member shall be entitled to only that amount remaining at the end of the fiscal year, in which the injury or illness occurred, for the same illness or injury.

- 8.4.3 Payment for wages lost on any day shall not, when added to an award granted the unit member under the worker's compensation laws of this state, exceed the normal wage for the day. Industrial accident leave will be reduced by one (1) day for each day of authorized absence regardless of a compensation award made under worker's compensation.
- 8.4.4 The industrial accident or illness leave of absence is to be used in lieu of accrued sick leave acquired under Section 8.2.1. When industrial accident or illness leave has been exhausted, other sick leave accrued under Section 8.2 will then be used; but if a member is receiving worker's compensation he/she shall use only so much of his/her accumulated or available sick leave, accumulated compensating time off, vacation or other available leave, which, when added to the worker's compensation award, provide for a full day's wage or salary.
- 8.4.5 During all paid leaves of absence, whether industrial accident leave as provided in this Section, sick leave, vacation, compensated time off, or other available leave provided by law, or the action of the Board, the unit member shall endorse to the District wage loss benefit checks received under the worker's compensation laws of this state. The District, in turn, shall issue the member appropriate warrants for payment of wages or salary and shall deduct normal retirement and other authorized contributions.
- 8.4.6 The provisions of Section 8.2.7 and 8.2.8 are applicable to absences taken for industrial accident or illness.
- 8.4.7 If the absence resulted from a psychological or mental illness, the release for return to work must be from a psychiatrist.

## 8.5 Bereavement Leave

- 8.5.1 At the time of death of any member of a unit member's immediate family, as defined in Section 8.3.3, the unit member shall be granted, without loss of salary or other benefits, leave of absence not to exceed five (5) working days or seven (7) working days if the unit member must travel more than one hundred and fifty (150) miles, or if the death is of a spouse or child. Such absence will not be deducted from authorized absences or leaves.
- 8.5.2 Bereavement leave does not accumulate from year to year.

8.6      Jury Duty Leave

A unit member called for jury duty shall receive leave for the days missed. Money received for jury duty, excluding mileage shall be deducted from regular salary.

8.7      Military Leave

Unit members will be granted military leave as required by provisions of the Education Code and Military and Veterans Code.

8.8      Leave without Pay

8.8.1      Applications for leave without pay must be filed with the Superintendent/President at least sixty (60) days prior to the beginning of the leave period. Leave, at the discretion of the Board, may be granted for a maximum of one (1) year to correspond as nearly as possible with the beginning and ending dates of each school semester.

8.8.2      Unit members who have been granted leaves of absence for advanced collegiate study, not a sabbatical leave, will not receive credit for a year's service to the District unless such study is undertaken at the approval of the Governing Board of the District.

8.8.3      Leaves of one-half (0.5) an academic year or less shall not constitute a break in service. A full year unpaid education leave shall be counted for advancement on the salary schedule.

8.8.4      Leaves of absence may be requested for any of the following reasons:  
(a) Advanced collegiate study  
(b) Travel  
(c) Personal reasons

8.8.5      Unit members are not entitled to District-paid benefits during leave under this Section but may continue to receive benefits by paying the full cost of benefits in advance.

8.8.6      Authorization for leave under this Section shall not be deemed precedential for future requests.

8.9      Pregnancy Disability Leave

8.9.1      Unit members shall have the right to utilize sick leave and extended absence leave as provided for in Section 8.2 for absences necessitated by pregnancy, miscarriage, childbirth, and recovery there from.

- 8.9.2 When a disability necessitated by pregnancy, miscarriage, childbirth, or recovery there from occurs, the unit member shall be responsible for having her physician send another letter to the personnel office stating the disability termination date and that the unit member is able to resume all duties associated with her position. In the event that a requested leave of absence under Section 8.2 begins prior to the beginning date of disability or extends beyond the disability termination date as described by the unit member's physician, such additional period(s) of time shall not be part of the unit member's sick leave or extended sick leave.
- 8.9.3 Whenever possible, the unit member shall provide the District's personnel office with a written statement, no later than thirty (30) days prior to the date when the unit member wishes her pregnancy disability leave to begin, setting forth the approximate date the leave is to begin and the approximate date the unit member expects to resume her duties. The length of the pregnancy disability leave shall be as determined by the unit member and the unit member's physician, provided, however, that the paid pregnancy disability leave shall not be for a period of time greater than unit member's disability.

## 8.10 Parental Leave

- 8.10.1 Qualified unit members may choose to take up to twelve (12) workweeks of parental leave pursuant to Education Code 87780. Sick leave will be applied towards these twelve (12) workweeks of parental leave until all sick leave is exhausted. Thereafter, the unit member may use differential leave for the balance of the period up to twelve (12) workweeks and shall be compensated at no less than fifty (50) percent of his or her regular salary. Parental leave is in addition to pregnancy disability leave and does not run concurrently.
- 8.10.2 Request for such leave shall be made in writing to the Superintendent/President at least thirty (30) days prior to the date on which the unit member desires the leave to commence when possible.

## 8.11 Sabbatical Leaves

- 8.11.1 Unit members should be constantly increasing their knowledge and keeping abreast of developments both in their field and the study of teaching. Sabbatical leaves are among the means by which this may be accomplished. In this light, they help assure that the College will have the kind of personnel that it needs. Conceivable so, sabbatical leaves are more than a privilege accorded qualified unit members.

They are an indispensable means of enhancing instructional quality and professional development. All unit members should be entitled to this means of professional growth.

- 8.11.2 Sabbatical leaves may be granted to unit members within the following four (4) categories:
  - 8.11.2.1 Advanced Academic Study: applicants for a Sabbatical leave under this section shall submit a detailed program of academic study, either graduate or undergraduate (or combination), equal to a full course load.
  - 8.11.2.2 Professional Study Projects: applicants under this section shall submit a detailed statement of the professional study projects to be undertaken. While such studies need not be undertaken under the auspices of a collegiate institution, they must constitute an organized program of full-time study designed to enhance the unit member's performance in his or her area of specialization. Such projects may include research within the area of specialty, research in the area of teaching, or creative projects.
  - 8.11.2.3 Travel: applicants under this section shall submit a detailed statement of the proposed itinerary and its specific relation to the teacher's field. Applicants must remain in travel status for at least three and one-half (3.5) months for each semester of leave granted.
  - 8.11.2.4 Study through Work Experience: applicants under this section shall submit a detailed statement of the work experience project. This program is available chiefly to unit members in vocational subjects who intend to study in schools maintained by a business or industry for craftspeople or technical workers or those who intend to obtain work experience in their vocational field. A specific school or job opportunity must be submitted with the program.
- 8.11.3 All unit members are eligible for a sabbatical leave after completion of seven (7) consecutive years of full-time service in the District. The year in which the sabbatical leave is taken does not apply toward the next seven (7) year period for eligibility. A full-time leave of absence granted by the District does not interrupt consecutive service but shall not count as one (1) of the seven (7) years.
- 8.11.4 Sabbatical leaves may be granted for not less than one (1) full semester or more than two (2) consecutive semesters. A one (1) semester sabbatical leave may be granted for either the Fall or Spring semester.

- 8.11.5 Applications for sabbatical leave shall be submitted on a form provided by the appropriate Educational Administrator. This form must be submitted by November 15 for sabbatical leaves beginning the following Fall semester and by April 15 for leaves beginning the following Spring semester.
- 8.11.6 A sabbatical leave committee, chaired by the appropriate Educational Administrator and composed of two (2) faculty members appointed by the Academic Senate, and two (2) faculty members appointed by the LCFA, shall evaluate all applications according to the four (4) categories in 8.11.2 and the criterion in 8.11.7.
- 8.11.7 After verifying the eligibility of all applicants, the Committee will rank all applicants in the following five (5) categories:
- (1) Direct benefit to Lassen College
  - (2) Direct benefit to the individual
  - (3) Feasibility of the proposal
  - (4) Seniority at Lassen College
  - (5) Number of previous sabbatical leaves
- 8.11.7.1 Criteria for evaluation of the above equal priority categories shall be found on the application form.
- 8.11.7.2 In addition, the Committee shall interview the candidates to gain further insights into the proposal and then make recommendations to the Superintendent/President for submittal to the Board. The Committee recommendations shall be forwarded to the Superintendent/President by December 1 for Sabbaticals beginning the following Fall semester, and May 1 for Sabbaticals beginning the following Spring semester.
- 8.11.8 After being notified that their application has been approved by the Board, applicants shall accept or reject the leave in writing within fifteen (15) calendar days.
- 8.11.9 Sabbatical leaves, once granted and accepted, shall be canceled or modified only by mutual agreement between the College and the unit member involved.
- 8.11.10 Each unit member on sabbatical leave shall file with the appropriate educational administrator, a written report no later than sixty (60) days after his/her return. The report shall contain data on activities of the unit member, transcripts of all college and university work completed, and an appraisal of the professional value of the experience gained while on leave.

- 8.11.11 Any unit member on sabbatical leave shall be returned to the assignment held at the time the leave was granted unless another assignment is mutually agreed upon in writing. For purposes of advancement on the salary scale and retirement, the leave shall count as regular teaching service.
- 8.11.12 Any unit member granted a sabbatical leave, whether for a semester or a year, shall receive seventy-five percent (75%) of the regular salary, and full health benefits the unit member would have received. While on leave, the unit member will be paid at the usual intervals. Special arrangements would normally be made only for those members who are out of the continental limits of the United States.
- 8.11.13 If the sabbatical program is interrupted because of serious illness or accident, this condition shall not be construed as a failure to fulfill the conditions upon which the leave was granted. This condition shall not affect the amount of compensation to be paid the unit member provided that the Board shall be notified promptly of such illness or accident by registered letter within fifteen (15) days of the time of illness or accident unless prevented by extenuating circumstances.
- 8.11.14 Granting of a sabbatical leave is conditioned upon the unit member agreeing to the terms of the leave and further agreeing to return to the District for at least two (2) full school years as a certificated employee.
- 8.11.15 The performance of this agreement by the unit member is to be secured by a corporate surety bond, paid by the District, provided for in principal sum equal to the amount of salary to be paid to the unit member while on leave.
- 8.11.16 In the case of death of the individual while on leave or before the two (2) year term of service after return is completed, his/her estate shall not be required to fulfill the conditions upon which the leave was granted, but payment of salary by the District shall cease upon such death.

## 8.12 Mini-Sabbatical Leaves

- 8.12.1 Mini-sabbaticals are intended to increase the ability of full-time faculty to perform additional duties such as teaching in additional disciplines.
- 8.12.2 Mini-sabbaticals may be granted to unit members for advanced academic study of either graduate or undergraduate (or combination), equal to not more than a 40% load.

- 8.12.3 A unit member's load will be reduced by 10% for each three unit upper division or graduate level semester-length course in which they are enrolled. Courses of different lengths and unit values will be prorated.
- 8.12.4 All cost of instruction fees will be borne by the unit member.
- 8.12.5 All full-time unit members are eligible for a mini-sabbatical from the date of initial hire.
- 8.12.6 Mini-sabbaticals may be granted for not more than four (4) consecutive semesters.
- 8.12.7 Applications for mini-sabbaticals shall be submitted on a form provided by the appropriate Educational Administrator. This form must be submitted by September 15 for sabbatical leaves beginning the following Spring semester and by February 15 for leaves beginning the following Fall semester.
- 8.12.8 A mini-sabbatical selection committee, chaired by the appropriate Educational Administrator and composed of two (2) faculty members appointed by the Academic Senate, and two (2) faculty members appointed by the LCFA, shall evaluate all applications.
  - 8.12.8.1 The applications will be evaluated according to the benefit of the proposed course of study to the District through increasing the number of faculty services areas held by the faculty member.
  - 8.12.8.2 In addition, the committee shall interview the candidates to gain further insights into the proposal and then make recommendations to the Superintendent/President for submittal to the Board. The committee recommendations shall be forwarded to the Superintendent/President by November 1 for mini-sabbaticals beginning the following Spring semester, and April 1 for min-sabbaticals beginning the following Fall semester.
- 8.12.9 After being notified that their application has been approved by the Board, applicants shall accept or reject the leave in writing within fifteen (15) calendar days.
- 8.12.10 Mini-sabbaticals, once granted and accepted, shall be canceled or modified only by mutual agreement between the College and the unit member involved.

- 8.12.11 Each unit member with a mini-sabbatical shall file with the appropriate Educational Administrator a written progress report no later than thirty (30) days after the end of each semester. The report shall contain data on activities of the unit member and transcripts of all college and university work completed.
- 8.12.12 Each unit member with a mini-sabbatical shall file with the appropriate Educational Administrator a written report no later than sixty (60) days after the completion of his/her academic course of study. The report shall contain data on activities of the unit member and transcripts of all college and university work completed.
- 8.12.13 Any unit member granted a mini-sabbatical, shall receive one hundred percent (100%) of the regular salary the unit member would have received if they had been teaching full-time.
- 8.12.14 If the mini-sabbatical program is interrupted because of serious illness or accident, this condition shall not be construed as a failure to fulfill the conditions upon which the leave was granted. This condition shall not affect the amount of compensation to be paid the unit member provided that the Board shall be notified promptly of such illness or accident by registered letter within fifteen (15) days of the time of illness or accident unless prevented by extenuating circumstances.
- 8.12.15 Granting of a mini-sabbatical is conditioned upon the unit member agreeing to the terms of the reduced teaching assignment and further agreeing to return to the District for at least two (2) full school years as a certificated employee.
- 8.12.16 In the case of death of the individual during the mini-sabbatical or before the two (2) year term of service after return is completed, his/her estate shall not be required to fulfill the conditions upon which the leave was granted, but payment of salary by the District shall cease upon such death.
- 8.12.17 In the case of disability preventing the unit member from returning to work during the mini-sabbatical or before the two (2) year term of service after return is completed; the District shall waive the remaining term of service obligation.
- 8.12.18 In the case of termination of the employment contract of the unit member by the District during the mini-sabbatical or before the two (2) year term of service after return is completed, the District shall waive the remaining term of service obligation.

8.12.19 Unit members shall be eligible for benefits under the Family Medical Leave Act (FMLA) and the California Family Rights Act (CFRA) in accordance with the applicable laws and regulation. Detailed information is available from the Director of Human Resources.

## Article 9 – Salary

### 9.1 Faculty Salary Schedule-Initial Placement

The salary schedule for full-time and adjunct unit members is set forth in Appendix A.

The initial placement of full-time Academic unit members on the salary schedule is based upon the following criteria:

- a. 1 year full-time collegiate teaching experience will equal 1 step placement, up to maximum step allotment.
- b. Adjunct collegiate teaching experience, including paid collegiate teaching experience during completion of a masters or doctorate, based on full-time equivalent calculation, will equal full-time step placement.
- c. 2 years full-time secondary, industry, or military teaching experience will equal 1 step placement, up to the maximum step allotment.
- d. Faculty, with appropriate experience, can be placed up to Step 7 (this shall also apply to CTE unit members). Faculty with a PhD, where teaching was a required component of the PhD program shall receive an initial placement of Step 9.
- e. Anyone under Step 7 and/or holding a PhD as of July 1, 2022, will have their experience reevaluated for potential movement on the new pay scale.

The initial placement of full-time non-academic CTE unit members on the salary schedule is based upon the following criteria:

- a. With possession of a Master's degree, each year of full-time equivalent relevant professional experience will equal 1 step placement, up to the maximum step allotment.
- b. With possession of any bachelor's degree, each 2 years of full-time equivalent relevant professional experience will equal 1 step placement, up to the maximum step allotment.
- c. With possession of any associate degree, each 6 years of full-time equivalent relevant professional experience will equal 1 step placement, up to the maximum step allotment

#### 9.1.1 COLA

Effective July 1, 2014, and each fiscal year thereafter, the Faculty Salary Schedule shall be increased based upon the District's funded COLA. If, during any fiscal year, the Districts funded COLA is reduced after adoption of the State's budget for any reason such as mid-year budget cuts, the District will continue to provide the funded COLA to the unit members for that fiscal year.

However, the District will recapture the difference between the funded COLA and any reduction in subsequent fiscal year(s) by reducing the Faculty Salary Schedule.

- 9.1.2 2022-2023 Compensation  
The 2022-2023 Faculty Salary Schedule will have an additional Step added, Step 12, to the pay schedule. There will be a 3% increase to Steps 15, 18 and 21.
- 9.1.3 2023-2024 Compensation  
Compensation for the 2023-2024 year will be negotiated per Article 25.1.1.
- 9.1.4 2024-2025 Compensation  
Compensation for the 2024-2025 year will be negotiated per Article 25.1.2
- 9.1.5 Salary Steps  
Faculty are eligible for Step 12 after being on Step 10 for two (2) years. Steps 15 – 21 require three (3) years on the previous step for movement to the next step. See Appendix A. Step 12 is a 3% increase over step 10 of the Faculty Salary Schedule. Step 15 is a 3% increase over step 12 of the Faculty Salary Schedule. Step 18 is a 3% increase over step 15 of the Faculty Salary Schedule. Step 21 is a 3% increase over step 18 of the Faculty Salary Schedule. These steps will not be used in any other contractual calculations such as Pro-Rata or adjunct/overload rates.

## 9.2 Compensation

Compensation for members of the faculty bargaining unit shall include, but shall not be limited to:

- 9.2.1 Salary
- 9.2.2 Step increment/Doctoral Stipend
- 9.2.3 Pro-Rata compensation
- 9.2.4 Health and welfare benefits
- 9.2.5 Additional compensation as related to the implementation of this Agreement.
- 9.2.6 Overload
- 9.2.7 Adjunct

9.2.8 Distance Education Reimbursement

9.3 Overload Compensation

Compensation for overloads will be at the hourly rate established by formula and made a part of Appendix A.

9.4 Compensation and Absences

9.4.1 When a unit member whose compensation is based upon the regular salary schedule is absent for reasons which do not justify the use of any of the forms of authorized leave with pay, a fraction of the unit member's annual salary will be deducted. The fraction will be the number of days absent divided by the number of service days for which the unit member is obligated.

9.4.2 When a unit member is absent from a portion of a day's work, the equivalent portion of daily salary shall be deducted from the unit member's monthly check. Absences will be recorded to the nearest half (0.5) hour. The portion will be calculated based on a 7.5 hour workday.

9.5 Pay Periods

Pay periods will be by the calendar month with warrants issued on the last District business day each month.

9.6 Compensation and PE Courses

The District will pay a unit member's registration fees paid to Lassen Community College upon completing a physical education course at Lassen. The unit member must request payment within ninety (90) days of completing the course.

9.7 Stipends

9.7.1 Annual stipend calculated at Step 10 of the Faculty Salary Schedule will be provided for the Division Chairs, Academic Senate President, Accreditation Chair, Curriculum Chair, Flex Development/Flex Activity Chair, Lead Counselor, and Minimum Qualification/Equivalency Liaison.

9.7.1.1 The Academic Senate President shall be provided a monthly stipend of ten percent (10%) calculated at Step 10 of the Faculty Salary Schedule for ten months.

9.7.1.2  
a. One Accreditation Chair, monthly stipend of 20% calculated at Step 10 of the Faculty Salary Schedule and 10% reassigned time. The faculty member will have the option of choosing 51 hours at adjunct pay for each Fall and Spring semester in lieu of the 10% release time. Summer hours will be compensated at the hourly pro-rata rate.

b. Two Accreditation Chairs, monthly stipend of 15% calculated at Step 10 of the Faculty Salary Schedule and 10% reassigned time. The faculty member will have the option of choosing 51 hours at adjunct pay for each Fall and Spring semester in lieu of the 10% release time. Summer hours will be compensated at the hourly pro-rata rate.

c. Three Accreditation Chairs, monthly stipend of 10% calculated at Step 10 of the Faculty Salary Schedule and 10% reassigned time. The faculty member will have the option of choosing 51 hours at adjunct pay for each Fall and Spring semester in lieu of the 10% release time. Summer hours will be compensated at the hourly pro-rata rate.

d. Accreditation Liaison Officer, stipend of \$2,500.00 paid monthly prorated for 10-months..

9.7.1.3 The Curriculum chair shall be provided a monthly stipend of ten percent (10%) calculated at Step 10 of the Faculty Salary Schedule for ten months.

9.7.1.4 The adjunct Head Coaching stipends shall be as follows:  
Tier 1 \$25,760.50  
Tier 2 \$31,014.00  
Tier 3 \$36,267.50

9.7.1.5 The Division chairs shall be provided monthly stipends of twenty percent (20%) or twenty-two and one-half percent (22.5%), dependent upon the number of chairs calculated at Step 10 of the Faculty Salary Schedule for ten months.

9.7.1.5.1 The District designated four (4) Division Chairs each receiving a twenty percent (20%) stipend calculated at Step 10 of the Salary Schedule for service during the academic year. If the District reduces the number of Division Chairs to three (3), each remaining Chair shall receive a stipend of twenty-two and one-half percent (22.5%) calculated at Step 10 of the Faculty Salary Schedule for service during any regular academic year.

9.7.1.5.2 Division Chairs will have a teaching overload limit per semester of thirty percent (30%). If it is determined the overload restriction must be exceeded the District and LCFA shall meet to discuss the issue and draft an exception MOU on a

case-by-case basis.

- 9.7.1.6 The Flex Development/Flex Activity Chair shall be compensated at the current pro-rata hourly rate as verified by time card submittal not to exceed 70 hours per year for ten months.
- 9.7.1.7 The Lead Counselor shall be provided a monthly stipend of twenty percent (20%) calculated at Step 10 of the Faculty Salary Schedule for eleven months.
- 9.7.1.8 The Minimum Qualification/Equivalency Liaison shall be compensated at the current pro-rata hourly rate as verified by time card submittal not to exceed 150 hours for ten months.
- 9.7.1.9 Should the District require the Academic Senate President, Accreditation Chair, Curriculum Chair or Division Chairs, to serve beyond the regular academic year (ten months) or Lead Counselor to serve beyond eleven months, the individuals will be compensated at the current pro-rata hourly rate verified by time card submittal. [See Appendix A]
- 9.7.1.10 The amount of the stipend will be prorated for less than ten months for all positions except the Lead Counselor, which will be prorated for less than eleven months for a full year.
- 9.7.1.11 The CNA Director shall receive a stipend of three thousand nine hundred dollars (\$3,900) per cohort, paid in equal installments for the term of the cohort for performing the duties of the position. The amount of the stipend shall be prorated if a cohort is cancelled mid- term.
- 9.7.2 The Director of Nursing shall be 10 month tenure track position with 60% Administration of the Nursing Program and a 40% Faculty teaching load. The Director of Nursing may earn an additional annual stipend not to exceed \$25,000 per year, paid in ten (10) equal installments for the academic year for performing the duties of the position. The amount of the stipend shall be prorated for less than a full year.
- 9.7.3 The Director of Fire Technology shall be 10 month tenure track position with 60% Administration of the Fire Technology Program and a 40% Faculty teaching load. The Director of Fire Technology may earn an additional annual stipend not to exceed \$25,000 per year, paid in ten (10) equal installments for the academic year for performing the duties of the position. The amount of the stipend shall be prorated for less than a full year.

- 9.7.4 The Director of Administration of Justice and POST shall be 10 month tenure track position with 60% Administration of Justice/POST Program and a 40% Faculty teaching load. The Director of Administration of Justice/POST may earn an additional annual stipend not to exceed \$25,000 per year, paid in ten (10) equal installments for the academic year for performing the duties of the position. The amount of the stipend shall be prorated for less than a full year.
- 9.7.5 Special assignment compensation may be provided for special assignments (Article 7.6) on a case- by-case basis following successful negotiation between the District, LCFA, and the unit member.
- 9.7.6 An earned doctorate will receive a \$3,000.00 annual compensation, prorated paid monthly for 10-months.
- 9.7.7 Distance Education Instructors shall receive an \$85/semester reimbursement when teaching one or more Internet courses in a semester.

## Article 10 – Health and Welfare Benefits

### 10.1 Premium Cost

For each full-time unit member, to include those designated as full-time temporary unit members, the District shall pay the actual premium costs per month for the health benefits which includes medical/hospital coverage, for dental coverage, for vision coverage, and for life insurance. The health benefits are subject to a “health benefit cap” as follows:

- 10.1.1 Effective July 1, 2021 the maximum Health Benefit cap is \$1,782.47 monthly for a total of \$21,389.59 yearly.
- 10.1.2 Cash-in-lieu – if a benefited unit member’s health plan premium cost is less than the health benefit cap, unit member shall receive the difference. However, if a benefited unit member’s health plan premium cost exceeds the health benefit cap, unit member shall pay the difference.
- 10.1.3 Effective July 1, 2008, and each fiscal year thereafter, the health benefit cap shall be increased based upon the District’s Funded COLA. (See Appendix B.)
  - 10.1.3.1 If, during any fiscal year, the District’s Funded COLA is reduced after adoption of the State’s budget for any reason such as mid- year budget cuts, the District will continue to provide the Funded COLA to unit members for that fiscal year. However, the District will recapture the difference between the Funded COLA and any reduction in subsequent fiscal year(s) by reducing the health benefit cap.

### 10.2 Premium Cost Modifications

Any amount in excess of the District’s monthly contribution shall be the employee’s obligation and shall be deducted from the Unit member’s monthly salary as a payroll deduction. The Internal Revenue Code Section 125 provision, allowing for deductions on a pre-tax basis, will be available to the extent allowable by law.

- 10.2.1 Unit members working less than one hundred percent (100%) of a full-time load are entitled to premium payments prorated at the same ratio as their work load bears to full-time service, with the balance due insurance carriers to be paid by the unit member by payroll deduction except as identified in Article 18 Reduced Workload Program.

10.2.2 Unit members shall be individually responsible for making payment for such monthly amounts as, when added to the amount paid by the District, will equal the total monthly premium required for coverage. Payments of such monthly amounts shall be made by way of payroll deduction. In the event of a premium increase for the plan coverage herein, or for equivalent coverage under a different plan description, the District is authorized to cover such by way of payroll deduction, in order that eligible unit members' insurance coverage not be jeopardized.

The District shall provide the LCFA, and its unit members, the monthly and yearly benefit cap, as increased by the applied COLA, by July 15<sup>th</sup> of each year.

## Article 11 – Layoffs

### 11.1 General Provisions

The District will utilize the provisions of Section 87740 and 87743 of the Education Code to lay off unit members for any of the reasons permitted therein. Any dispute over compliance with the requirements of Sections 87740 and 87743 must be resolved through the statutory layoff appeal procedure and not through the contract grievance procedure.

### 11.2 Reduction of Faculty

In the event the District determines it is necessary to reduce the number of probationary and tenured faculty members, such reductions will be made in accordance with the procedures in these standards. When any faculty member is laid off or reduced:

11.2.1 No temporary (hourly, adjunct) instructors will be retained in the particular kind of service(s) in question. The term “particular kind of service” is that used by the California Education Code in describing reductions in particular teaching subject areas and non-teaching services such as counseling and administration.

11.2.2 No probationary or tenured faculty member shall be assigned overload assignments in a particular kind of service in which an employee has been laid off and wishes to serve, except as the overload is part of a single class needed to make load in the area in question.

### 11.3 Disciplines, Faculty Service Areas, Minimum Qualifications and Competency

11.3.1 Disciplines are those established by the state.

11.3.2 The state-established disciplines shall constitute faculty service areas in the District.

11.3.3 Minimum Qualifications are those identified in the current Lassen Community College Verification of Faculty to Meet Minimum Qualifications in Discipline of Instruction Resource Handbook. In addition, everyone qualified for services by California credential will be deemed to possess the minimum qualifications in every discipline or service covered by the credential until expiration of that credential.

11.3.4 For purposes of Education Code Section 87743, a faculty member will be considered to have demonstrated competency to teach or serve in any discipline in which he or she meets minimum qualifications or the equivalency.

- 11.3.5 For purposes of employment, assignment or the exercise of bumping rights, a faculty member must meet the state minimum qualifications or the equivalency for the discipline that covers the course(s) or service(s) in question.
- 11.3.6 The District may assign a faculty member to courses or services within any discipline for which the faculty member meets minimum qualifications.
- 11.3.7 Meeting minimum qualifications in a particular discipline does not guarantee the employee assignment in that discipline if there are other disciplines in which the faculty member is qualified to serve.
- 11.3.8 In determining possible bumping rights to faculty members whose services have been reduced or discontinued, the District will consider verifiable documentation received by February 15.
- 11.3.9 For regular faculty members who are employed as of June 30, the District shall provide each faculty member with a list of faculty service areas in which he/she is qualified by November 30.
- 11.3.10 An employee may petition for recognition of competence in an FSA by filing a petition for such recognition with the District. It shall be the responsibility of the employee to provide the District with all non-Lassen records necessary to substantiate the claim of competence.
- 11.3.11 The District shall provide each regular faculty employee a list of those faculty service areas for which he/she possesses competence as determined by the employees' records on file with the District within sixty (60) days of hire.

#### 11.4 Effects of Layoff

The District shall meet and confer with the LCFA upon request with respect to the nature and impact of anticipated faculty layoffs at least thirty (30) days prior to issuing final layoff notices. For the purpose of this sub-section, meet and confer shall be defined to mean that the District or such representatives as it may designate, and the Union and its representatives shall have the mutual obligation to freely exchange information, opinions and proposals prior to such time as the District decides to act. Layoffs and their effects shall not be subject to further meeting and conferring, or negotiations, but shall be governed by the provisions of this Article. With respect to any aspect of layoffs or their effects not addressed in this Article, the District reserves the right to act in accordance with any applicable provisions of law.

#### 11.5 Extension of Health Benefits (COBRA)

The District will advise employees of the availability of continuation of health and welfare benefits under COBRA (Continuation Omnibus Reconciliation Act) law.

## Article 12 – Grievance Procedure

### 12.1 Purpose

The purpose of this Article is to provide for the resolution of grievances and to secure solutions to problems which may arise under this Agreement.

### 12.2 Definitions

- 12.2.1 Grievance – An allegation by one or more unit members or the LCFA that there has been a violation, misinterpretation, or misapplication of specific provisions of the contract.
- 12.2.2 Grievant – The unit member, unit members or the LCFA filing the grievance.
- 12.2.3 Workday –For the purpose of a grievance, a “workday” shall be defined as any day unit members are required to perform their duties.
- 12.2.4 Party – The grievant or the employer.
- 12.2.5 Representative – The person chosen or authorized by the LCFA to represent the grievant.

### 12.3 Regulations

- 12.3.1 All documents, communications, and records dealing with the processing of the grievance shall be filed separately from the personnel files of the participants.
- 12.3.2 No reprisals of any kind shall be taken by the employer against a grievant or other participant who assisted the grievant by reason of such participation in the grievance procedure.
- 12.3.3 Nothing contained in this Article shall be construed to deny any unit member of his/her right to present grievances to the employer without the intervention of the LCFA.  
  
Such a grievance shall not be adjusted in any way inconsistent with the terms of this written agreement, and the employer shall not agree to a resolution of the grievance until the LCFA has received a copy of the grievance and the proposed resolution, and has been given a ten (10) working day opportunity to file a response.
- 12.3.4 The grievant may be represented by the Union representative at all meetings and hearings including the informal level.

- 12.3.5 Each party involved in a grievance shall act quickly so that the grievance may be resolved quickly. However, time limits as specified may be extended by mutual agreement of the parties.
- 12.3.6 The grievant shall send copies of all grievance forms filed with District representatives to LCFA. A copy of all grievance responses prepared by District representatives shall also be sent to LCFA.
- 12.3.7 A unit member may present a grievance while on duty and a Union representative will be granted reasonable release time to interview, investigate, process, and appear at grievances or hearings.

#### 12.4 Procedure

- 12.4.1 Informal Level: within twenty (20) work days after the event that was the basis for the grievance, or within twenty (20) work days of the time when the grievant should have known of the event that gave rise to the grievance, the grievant shall discuss the matter with the appropriate Educational Administrator. The Grievant may be accompanied by a representative of the LCFA. The objective of this discussion is to resolve the matter informally. In the event that the matter is not resolved informally, the following procedure shall be implemented:
- 12.4.2 Formal Level One: if the matter is not resolved at the informal level, the grievant within five (5) work days of the discussion with the appropriate Educational Administrator shall submit a written statement of the grievance to the appropriate Educational Administrator. The statement shall include a clear, concise statement of the grievance, the specific section of the contract alleged to have been violated, the circumstances involved, the date of the informal conference, the specific remedy sought, and the date of the alleged act or omission. The appropriate Educational Administrator will confer with the grievant within five (5) work days after receiving the complaint in an effort to resolve the problem. An LCFA representative may be present at this conference or if the grievant prefers to represent herself/himself, a copy of the grievance will be sent to the LCFA.
  - 12.4.2.1 Within five (5) work days after the conference, the appropriate Educational Administrator will present her/his decision in writing, together with supporting reasons to the LCFA and a copy to the grievant. If the appropriate Educational Administrator does not respond within the timelines, the grievant may appeal the grievance to the next step. The timelines may be extended by mutual agreement.

However, failure to timely appeal a grievance at any level shall constitute an acceptance of the District's last response.

- 12.4.3 Formal Level Two: if the grievant is not satisfied with the disposition of the grievance at Formal Level One, or if no written decision has been rendered within the timelines, the grievant may appeal the decision to the Superintendent/ President within five (5) work days. Within five (5) work days after the appeal, the Superintendent/President will confer with the grievant in an effort to resolve the problem. An LCFA representative may be present at this conference. Within five (5) work days after the conference, the Superintendent/President will present her/his decision in writing, together with supporting reasons to the LCFA and a copy to the grievant and appropriate Educational Administrator. If the Superintendent/President does not respond within the timelines, the grievant may appeal the grievance to the next step. The timelines may be extended by mutual agreement.
- 12.4.4 Formal Level Three - Mediation: if the grievant is not satisfied with the disposition of the grievance at Formal Level Two, the grievant may within ten (10) working days refer the grievance to mediation for resolution. If this level is invoked, the California State Mediation and Conciliation Services shall be requested to provide a mediator, and thereafter the mediation process shall proceed under the auspices of the State Agency (CSMCS).
- 12.4.5 Formal Level Four - Arbitration: if the grievant is not satisfied with the disposition of the grievance at Formal Level Three, the LCFA within fifteen (15) work days of the decision at Formal Level Three may request a hearing before an arbitrator.
- 12.4.5.1 Upon receiving a request for arbitration, the President shall request a list of seven (7) arbitrators from the California Mediation and Conciliation Service. As soon as possible after receiving the list of names from the Service, representatives of the District and the LCFA shall alternately strike a name until one name remains. The person named shall serve as arbitrator.
- 12.4.5.2 The arbitrator shall conduct a hearing at which both parties may present witnesses and evidence. It shall be the function of the arbitrator, and he/she is empowered except as his/her powers are herein limited, after investigation and hearings, to make a proposed decision to the Board of Trustees in cases of alleged violation of the specific articles and sections of this Agreement.

The arbitrator shall render a decision on the issue(s) submitted.

12.4.5.3 After a hearing, and after both parties have had an opportunity to make oral and written arguments, the arbitrator shall submit in writing to the parties his/her decision. The decision of the arbitrator shall be binding on both parties.

12.4.5.4 Each party shall bear the cost of preparing and presenting its own case in arbitration. All fees and expenses of the arbitrator and the arbitration process shall be shared equally by the parties. The grievant, the grievant's representative and the grievant's witnesses shall be provided release time at no loss of pay for participation in the grievance process per government code 3543.1(c)

### **Article 13 – Maintenance of Operations**

- 13.1 It is recognized that the need for continued and uninterrupted operation of the District is of paramount importance and that there should be no interference with such operations.
- 13.2 LCFA and the Board agree that any differences between them shall be settled by peaceful means, as provided for in this Agreement. During the term of this agreement, LCFA, in consideration of the terms and conditions of this agreement, will not engage in, instigate, or condone any strike, work stoppage, slow down, sick out or other concerted refusal by unit members to perform work duties as required by this Agreement. LCFA will undertake to exert its best efforts to discourage any such acts by unit members.
- 13.3 During the term of this Agreement, the Board, in consideration of the terms and conditions of this agreement, will not authorize or permit any lockout of members of the unit.
- 13.4 Nothing contained in the Agreement shall be construed to restrict or limit the District in its right to seek and obtain such judicial relief as it may be entitled to have under law for any violation of this or any other Article; and to take such action as it deems necessary to discipline and/or discharge any member for violation of this Article.
- 13.5 Members shall not be entitled to any wages or benefits whatsoever, including but not limited to, life insurance, health insurance, vacations, wages, or any other compensation while engaged in any strike, concerted failure to report for duty, or other willful absence from duties of employment.

## **Article 14 – Past Practices**

It is understood and agreed that the specific provisions contained in this Agreement shall prevail over District practices and procedures and over state laws to the extent permitted by state law, and that in the absence of specific provisions of this Agreement, such practices and procedures which are outside the scope of mandatory bargaining are discretionary with the District.

## **Article 15 – Severability**

If any provision of this Agreement or any application of this Agreement to any employee or group of employees is held invalid by operation of law or by a court or other tribunal of competent jurisdiction, such provision shall be inoperative, but all other provisions shall not be affected thereby and shall continue in full force and effect.

## **Article 16 – Completion of Negotiations**

### 16.1 The Agreement

This Agreement shall constitute the full and complete commitment between both parties. This Agreement may be altered, changed, added to, deleted from, or modified only through the voluntary mutual consent of the parties in a written and signed amendment to this Agreement.

#### 16.1.1 Memorandum of Understanding (MOU)

This agreement shall include any mutually agreed upon MOU's.  
(signed by both parties)

16.1.2 Approved MOU's shall be attached to all copies of this agreement.

### 16.2 Bargaining Restrictions

During the term of this Agreement, the Board and LCFA expressly waive and relinquish the right to bargain collectively on any matter:

16.2.1 Whether or not specifically referred to or covered in this Agreement;

16.2.2 Even though not within the knowledge of contemplation of either party at the time of negotiations;

16.2.3 Even though during negotiations the matters were proposed and later withdrawn;

16.2.4 This Article is intended to be a clear and unmistakable waiver of the right of either party to force the other to negotiate during the term of this Agreement on subjects covered or not covered by the Agreement. Either party may rely on this Article as a shield against demands to bargain by the other.

16.2.5 The Article does not preclude bargaining collectively for subsequent, new collective bargaining agreements or re-openers during the term of this Agreement.

## Article 17 – Resignations

### 17.1 Letter of Resignation

Any unit member who desires to resign from employment with the District shall submit a letter of resignation to the Superintendent/President. The Superintendent/President is authorized to accept any such letter of resignation on behalf of the Board.

### 17.2 Resignation Timeline

Written resignations shall be deemed accepted by the Board and shall be binding on the date received by the Superintendent/President. The last day of work for resigning unit member shall be as specified in the employee's resignation or, if not specified, on the date the resignation is received. In no event shall the last day of work for a resigning unit member be later than the close of the school year during which the resignation is received.

## Article 18 – Reduced Work Load Program

### 18.1 Eligibility

Unit members who meet the following criteria may request to participate in a reduced workload program:

- (1) Have been employed by the District as a faculty member for at least ten (10) years, all of which were full-time employment as defined by STRS.
- (2) Have five (5) consecutive, full-time years without a break in service immediately preceding the reduced workload request.
- (3) Have reached the age of fifty-five (55) by the year work reduction begins.
- (4) Must submit a written request to the appropriate Educational Administrator no later than January 30 for the following academic year beginning in August.

### 18.2 Specifications

- 18.2.1 Minimum reduced workload employment must be the equivalent of at least half the number of days of service required by the member's contract of employment during the last year served in a full-time, certified position.
- 18.2.2 The salary paid must be pro-rata share of the salary that would have been earned had the member not elected to enter the Reduced Workload Program. (The salary must be at least half the salary the member would have earned on a full-time basis.)
- 18.2.3 The District must contribute to STRS an amount based upon the salary that would have been paid had the member been employed full-time, at the Reduced Workload Contribution Rate specified by the Teachers' Retirement Board.
- 18.2.4 The unit member must contribute the CalSTRS prevailing rate of the salary which would have been paid had the member been employed full-time.
- 18.2.5 The agreement to participate in the program can be revoked only with mutual consent of both the participant and the District.
- 18.2.6 Participants will receive the same health and welfare benefits to which they would have been entitled if employed full-time.

- 18.2.7 Reduced Workload Agreements may be no less than one (1) year in duration nor longer than three (3) years in duration.
- 18.2.8 Unit members participating in the program are not eligible for sabbatical leave.
- 18.2.9 The District's decision to grant or deny a request will be based on availability of funds, others in the program, need for services in the faculty member's discipline, and availability of replacement faculty.
- 18.2.10 Unit members participating in the Reduced Work Load Program shall not also be entitled to work overloads and receive overload pay. If a unit member participating in the Program works a class which would be an overload, the Reduced Work Load Program shall be modified to include that class as part of their load and a new Reduced Work Load Program shall be implemented.
- 18.2.11 The District shall notify the LCFA of any unit member approved for the Reduced Work Load Program and the details of the approved Program within 5 days of that approval and prior to the implementation of the Reduced Work Load Program.

## Article 19 – Calendar

### 19.1 Committee Membership

The Academic Calendar Committee shall consist of two faculty members designated by the LCFA, two representatives designated by the Superintendent/President (or designee), and one ex-officio representative designated by the Academic Senate.

### 19.2 Committee Meetings

The committee shall be convened annually by the Superintendent/President (or designee) no later than September 30th to negotiate the calendar for the following year. Upon mutual agreement, either a one-year or two-year Academic Calendar may be negotiated within the scope of this article.

### 19.3 Calendar Timeline

The negotiated, academic calendar will be forwarded to the Superintendent/President no later than November 1st.

### 19.4 Calendar Changes

If the District wishes to modify the academic calendar, the Superintendent/President (or designee) will reconvene the academic calendar committee no later than November 30th, or as required.

## **Article 20 – Safety Conditions of Employment**

- 20.1 Unit members shall not be required to work under unsafe or hazardous conditions or to perform tasks which endanger their health, safety, or well-being.
- 20.2 The District and unit members shall comply with the provisions of the California Occupational Safety and Health Act (Cal/OSHA) and compliance or noncompliance with its provisions shall be determined exclusively in accordance with investigatory and adjudicatory procedures provided for in Cal/OSHA.

## Article 21 – Academic Freedom

### 21.1 Policy

It shall be the policy of the District and the LCFA to encourage full freedom for faculty to teach, research, and pursue knowledge as set forth in this Article and subject to the applicable provision of law.

### 21.2 Application

In the exercise of this freedom, unit members may, as provided in the United States and California constitutions and other applicable laws, discuss their own subject or areas of competence in the classroom, as well as any other relevant matters, including controversial matters, as long as they distinguish between personal opinions and factual information.

### 21.3 Harassment

Unit members shall be free from unlawful harassment or from unlawful interference or restrictions based on political views.

### 21.4 District Restraint

The District shall not interfere with a unit member's freedom of speech or use of materials in any teaching assignment, except as allowed by law.

### 21.5 Declaration of Purpose

This Article is intended to declare the District's and the LCFA's intent to allow those activities protected by constitutional freedom of speech and other forms of academic freedom protected by the laws of the State of California and the laws of the United States.

### 21.6 Specifications

Unit members shall be free from unnecessary, spiteful, or negative criticism or complaints by managers, and/or other persons. Unit members should not be subjected to harassment, abusive language, upbraiding, insults or interference by any person in the performance of their duties.

### 21.7 Intellectual Property Rights

Intellectual property rights for faculty are delineated in Board Policy 3715 (approved by the Senate 02/14/2017 and approved by the Board 04/11/2017) and Administrative Procedure 3715 (approved by the Senate 02/14/2017 and accepted by Consultation 02/22/2017). The BP and AP are herein included in the contract as Appendix H. If the Intellectual Property Rights BP 3715 or AP 3715 are changed after inclusion in the LCFA contract, faculty Intellectual Property Rights provisions delineated in the BP and AP included in Appendix H remain in force until such time that any proposed revisions to either the BP or AP are successfully negotiated with the LCFA. The negotiated revisions will then replace the previous elements in the contract.

## Article 22 – General Provisions

### 22.1 Complete Understanding

The terms and conditions set forth in this Agreement represent the full and complete understanding between the parties hereto. The terms and conditions may be altered, changed, added to, deleted from or modified only through the voluntary, mutual consent of the parties in a written amendment executed according to the provisions of this Agreement. The parties agree that during the negotiations which culminated in this Agreement, each party enjoyed and exercised without restraint, coercion, intimidation or other limitation, the right and opportunity to make demands and proposals or counter proposals with respect to any matter not reserved by policy or law from compromise through negotiations and that the understandings and agreements arrived at after the exercise of that right and opportunity are set forth herein.

### 22.2 Individual Contracts

Any individual contract between the Board and an individual member shall be subject to and consistent with the terms and conditions of this Agreement. If an individual contract contains any language inconsistent with this Agreement, this Agreement, during its duration, shall be controlling.

### 22.3 No Reprisals

The parties mutually agree to refrain from reprisals against other employees or peers regarding the administration of this Agreement, or any grievance filed pursuant to this Agreement.

### 22.4 Agreement Form

There shall be two (2) signed copies of the final Agreement for record keeping purposes. One (1) shall be retained by the District and one (1) by the LCFA.

## **Article 23 – Non-Discrimination**

### 23.1 Non-Discrimination

The District agrees not to discriminate against any unit member on the basis of race, color, creed, national origin, religion, sex, age, sexual orientation, political activities and affiliations, marital status or disability as defined by the Americans with Disabilities Act (ADA). The District agrees to comply with all federal and state laws regarding non-discrimination.

### 23.2 ADA Application

Notwithstanding any other provision in the Agreement, the decision to make or refuse any reasonable accommodation or take any other action to fulfill legal obligations imposed by the ADA shall be made by the Chief Human Resources Officer. Any decision regarding the implementation of an accommodation shall comply with this Agreement unless the District and the union mutually agree to waive a specific provision on a non- precedent setting basis.

## Article 24 – Adjunct Faculty

### 24.1 Assignment

- 24.1.1 Assignment of adjunct faculty will be made by the District. Except as delineated in this Agreement adjunct faculty members have no rights other than those provided in the Education Code.
- 24.1.2 All adjunct faculty assignments shall be less than sixty-seven (67%) of an annual full-time equivalent faculty (FTEF) assignment.
- 24.1.3 All adjunct faculty may substitute on a day-to-day basis in classroom assignments without any change in their employment status (i.e., day-to-day substitute assignments will not increase the part time faculty FTEF). Day-to-day substitution means substitute assignments of one or more days, consecutive or otherwise.
- 24.1.4 Adjunct faculty will be compensated in accordance with the Faculty Salary Schedule in Appendix A.
- 24.1.5 Adjunct faculty who accept assignments outside of his/her instructional contract (e.g., hiring committees) shall be compensated in accordance with the Faculty Salary Schedule in Appendix A.
- 24.1.6 When requested by the District to prepare and/or to submit course materials (e.g., course syllabus) for projected course teaching assignment[s], adjunct faculty will be compensated for five (5) hours for each course, but not each section of each course. This compensation is separate from any and all course teaching contracts.

### 24.2 Seniority

- 24.2.1 Seniority shall be the cumulative total of semesters that an adjunct faculty has completed a teaching contract for at least one course, regardless of unit value, modality or duration, within a recognized discipline (Faculty Service Area – FSA). The District shall compile and maintain seniority values (Adjunct Seniority List) on a semester basis. The Adjunct Seniority List shall be available to Division Chairs for assignment and scheduling purposes.
- 24.2.2 Adjunct faculty seniority does not guarantee a right to employment; however, seniority does establish a reasonable expectation of continued employment for adjunct faculty if the class schedule has available classes for the adjunct to teach within their FSA.

- 24.2.2.1 Section 24.4 – Evaluation contains language that addresses “Needs Improvement” and “Unsatisfactory” Evaluations.
- 24.2.2.2 Adjunct faculty teaching the next semester after receiving a “Needs Improvement” evaluation shall not receive credit towards seniority. Credit towards seniority will be added to the cumulative total for the next semester taught after receipt of a “Satisfactory” or better evaluation.
- 24.2.3 All adjunct faculty shall be assigned seniority within each applicable discipline. Adjunct faculty may have seniority in multiple disciplines, and those seniority values may be different from one another.
- 24.2.4 Seniority, at any value, does not give adjunct faculty members rights over that of full-time faculty members. Retired District faculty, who return to the District as adjunct faculty, shall start with no adjunct seniority and shall not supersede, take precedence over, or supplant adjunct faculty with seniority in the same discipline.
- 24.2.5 Adjunct faculty assignments shall be determined by current seniority. Assignments may vary because of adjunct faculty courses or modality preference or due to District adjunct load restrictions (67% FT load/semester).
  - 24.2.5.1 Adjunct faculty who decline to teach multiple classes or a single class in a semester do not lose seniority.
  - 24.2.5.2 Adjunct faculty who decline to teach a single class in a particular semester may experience a change in relative position in seniority.
- 24.2.6 Coaches, who are adjunct faculty by contract definition, shall not be granted seniority in either Coaching or Physical Education as coaches are hired and retained by other District processes for individual sports. Coaches, who may be assigned courses in another discipline shall earn seniority in that discipline.

### 24.3 Office Hours for Adjunct Instructors

- 24.3.1 Adjunct instructors are not required to provide office hours to students as part of their assignment. However, should an adjunct instructor who teaches forty percent (40%) of a full load elect to provide office hours, they may receive compensation for such time to the extent the District receives funds from the State of California for adjunct faculty office hours.

- 24.3.2 Compensation will be paid for one (1) hour per week for each three (3) - unit class (or equivalent). The rate of pay for an adjunct instructor providing office hours will be the instructor’s normal hourly rate. To receive compensation, an adjunct instructor must complete an “Application for Adjunct Instructor Office Hours” and submit the application to the Office of Instructional Services no later than thirty (30) days after the first day of each semester class.
- 24.3.3 Office hours will be approved on a first-come, first-served basis. Part- time faculty members will be paid for approved office hours at the time the money is received from the State for adjunct office hours up to the total funds received from the State for that semester.
- 24.3.4 It is the responsibility of each adjunct faculty member to identify the time and location for office hours.
- 24.3.5 If no office hours are approved and/or provided, no money will be paid to the adjunct faculty member; if no money is received from the State of California for adjunct office hours, the adjunct faculty member will receive no compensation.

24.4     Evaluation

- 24.4.1 Adjunct faculty must be evaluated during the first three semesters of the unit member’s initial employment. Thereafter, adjunct faculty will be evaluated at least every third (3<sup>rd</sup>) year of employment. The appropriate Educational Administrator, or designee, will conduct all evaluations of adjunct faculty.
- 24.4.2 Summer Session will be considered a “semester” for adjunct faculty evaluation purposes in this Agreement for adjunct faculty teaching only during the Summer.
- 24.4.3 Adjunct faculty shall be evaluated using the appropriate Evaluation Form B or D (See Appendix F). Adjunct faculty evaluated as “unsatisfactory” shall have the recommendation of “Removal from the adjunct faculty pool” selected. Adjunct faculty evaluated as “Needs Improvement” shall have the recommendation of “Continuation in adjunct faculty pool” or “Removal from the adjunct faculty pool” selected. If “Continuation in adjunct faculty pool” is selected, specific improvement recommendations to become Satisfactory must be included in the recommendation section of Form B or D.
- 24.4.4 Adjunct faculty evaluated as “Needs Improvement” shall be evaluated the following semester.

- 24.4.5 Adjunct faculty teaching only during Summer Sessions shall be evaluated at least every other Summer Session after their initial three semester evaluation period.
- 24.4.6 Adjunct faculty shall be compensated for their pre- and post- evaluation preparation and meetings at their hourly rate. Compensation shall be one (1) hour for preparation and one (1) hour for each meeting.

## Article 25 – Duration and Reopeners

- 25.1 This Agreement shall be effective on the date of ratification by the parties and shall continue in full force and effect through June 30, 2025. There shall be no reopener provisions to this agreement except by mutual consent by the parties.
- 25.1.1 Negotiations for Article 9 (Salary) and Article 10 (Health and Welfare Benefits) for the 2022-2023 academic year will occur with mutual sunshining of proposals to the board in September, a 30 day comment period, and commencement of negotiations after the board meeting in October 2022.
- 25.1.2 Negotiations for Article 9 (Salary) and Article 10 (Health and Welfare Benefits) and up to two (2) other articles for each party for the 2023-2024 academic year will occur with mutual sunshining of proposals to the board in September 2023 a 30 day comment period, and commencement of negotiations after the board meeting in October 2023.
- 25.1.3 Negotiations for Article 9 (Salary) and Article 10 (Health and Welfare Benefits) and up to two (2) other articles for each party for the 2024-2025 academic year will occur with mutual sunshining of proposals to the board in September 2024, a 30-day comment period, and commencement of negotiations after the board meeting in October 2024.
- 25.2 At the first regular Board meeting in February preceding the expiration of this Agreement, the District and the LCFA shall mutually present to the Board their initial proposals for a successor agreement. After a 30 day comment period, negotiations will commence no later than fifteen (15) District business days after the regular March Board meeting.
- 25.3 The provisions of this Agreement shall remain in effect pending completion of negotiations on a successor agreement.

IN WITNESS THEREOF, the Lassen Community College District has approved this Agreement and has caused it to be signed by the President of the Board and the Superintendent/President of the District and LCFA has approved this Agreement and caused it to be signed by its officers.

**FOR THE GOVERNING BOARD:**

**FOR THE LCFA:**

21	\$89,605.00	\$91,002.00	\$93,732.40	\$93,732.40
<b>Adjunct and Overload rate</b>				
<b>HOURLY</b>	\$38.72	\$46.89	\$48.30	\$48.30
<b>Pro-rata compensation rate</b>				
<b>PRO-RATA</b>	\$62.86	\$63.84	\$65.76	\$65.76

Hourly pro-rata compensation rate will be based on step 10

Adjunct and overload rate will be calculated on step 8

The hourly rate shall be applied to full-time faculty overload, adjunct faculty load, adjunct additional assignments, full-time and adjunct faculty summer load and any intercession load.

Pro-rata rate shall be applied for Chair Compensation when required by contract provisions. The hourly pro-rata compensation formula:

### Pro-Rata Hourly Schedule

<b>Step 10 Divided by 177 days per academic year</b>	<b>\$478.83</b>	<b>\$493.19</b>	<b>493.19</b>
<b>Divided by 7.5 hours per day</b>	<b>\$63.84</b>	<b>\$65.76</b>	<b>\$65.76</b>

### Adjunct and Overload Hourly Schedule (For the 22/23 Adjunct pay will be increased to Step 9) then for 24/25 Adjunct pay will be calculated at Step 10)

<b>Step 9 Divided by 2 semesters</b>	<b>\$38,568.00</b>	<b>\$39,724.55</b>	<b>\$39,724.55</b>

## **Appendix B**

### **Definitions\***

**“Adjunct”** faculty member designates a temporary employee with a teaching or non-teaching load paid according to the District’s adjunct and ~~full-time~~ overload hourly rate found on Faculty Salary Schedule in Appendix A.

**“Agreement”** means the collective bargaining agreement between the Lassen Community College District and the Lassen College Faculty Association.

**“Board”** means the Board of Trustees of the Lassen Community College District.

**“Class”** means each offering of a Lassen College course in a given semester.

**“Course”** means any portion of the regular Lassen Community College District instructional program, which is listed and described in the College catalog, or for which there is a District-approved course of study.

**“Consultation”** as used in this Agreement means participation in identifying and analyzing alternative solutions to problems for the purpose of influencing decision-making. Consultation shall take place within 5 days of receipt of written notice by either party. Time limits may be extended by mutual agreement of the parties.

**“Correspondence Instruction”** is education, typically self-paced, provided by mail or electronic transmission, including evaluation, to students who are separated from the instructor; where interaction between the instructor and the student is limited, is not regular and is primarily initiated by the student.

**“Counselor”** means a faculty member possessing a valid counseling credential who is assigned to student counseling and guidance duties for at least half of his/her load as defined in Article 7.

**“Day”** except as specifically defined elsewhere in the Agreement (i.e., Article 12.2.3) the term “day” shall mean the ordinary dictionary definition of the period of the earth’s rotation on its axis ordinarily divided into twenty-four (24) hours. “District Business Day” means any day the district is officially open for business.

**“Distance Education Instruction”** means formal interaction which uses one or more technologies to deliver instruction to students who are separated from the instructor and which supports regular interaction between the students and instructor, may incorporate internet; one-way or two-way transmissions through open broadcast, closed circuit, cable, broadband lines, fiber optics, satellite, or wireless communication devices; audio conferencing; or video cassettes, DVDs, and CD-ROMs, in conjunction with any of the other technologies.

**“District”** means the Board of Trustees and the Superintendent/President or his/her designee.

**“Emergency”** as used in this Agreement means an unexpected happening, or an unforeseen occurrence or condition, or sudden or unexpected occasion for action.

**“Emeritus Faculty”** are defined by board policy #7220 as of November 13, 2012.

**“Full-time Faculty Member”** designates an employee with a standard full-time teaching or non-teaching load as defined in Article 7 of this Agreement, an employee eligible for tenure, and an employee paid according to the Full-time Faculty Salary Schedule in Appendix A. “Unit Member” is a synonym for “Faculty Member.”

**“Full-time Equivalent (FTE)”** means any duties or combination of duties performed by a faculty member, which equal a standard full-time teaching load as defined in Article 7 of this Agreement.

**“Full-time Equivalent Faculty (FTEF)”** is a unit that indicates the workload of a Faculty member in a way that makes workloads comparable across various contexts.

**“Funded COLA”** means the actual amount of COLA that is funded by the State Budget Act as of the end of any given fiscal year.

**“Hybrid Delivery”** means a course in which, any portion of the traditional face-to-face delivery of instruction is replaced by online delivery of instruction, including assessment.

**“Intellectual Property Rights”** see Appendix H for the Intellectual Property Rights definition.

**“Live Interactive Television Delivery”** means a televised method of instruction, which requires at least one-way video and two-way audio in-class instruction.

**“Online Delivery”** means a course in which, instructor and student interact and deliver/receive instructional materials online via email or course delivery software.

**“President”** means the chief administrative officer of the Lassen Community College district. Also referred to as the “Superintendent/President.”

**“Regular Academic Year”** means the period of time from the beginning of the Fall semester to the end of the Spring semester.

**“Regular Assignment”** means a faculty member’s standard teaching or non-teaching load as defined in Article 7 of this Agreement.

**“Reassigned Time”** identifies a complete or partial change of a faculty member’s regular assignment to an alternate assignment according to this agreement.

**“School Year”** or **“Fiscal Year”** refers to the yearly period from July 1 to June 30.

**“Stipends”** are a fixed amount of compensation.

**“Traditional Classroom Instruction”** means a course in which the Instructor and student meet face-to-face in a classroom setting. Class format may include lecture, laboratory, discussions or small group work.

**“Unit”** as used herein means the bargaining unit under this Agreement.

**“Web-enhanced Course”** means a course in which 0% of the face-to-face instruction is replaced by online instruction; syllabus, chat, email and other supporting materials may be delivered online; online research may be required.

**“Work day”** means any day on which members of the unit are scheduled to work.

\*Other definitions applicable to a specific article are included in the appropriate article.

## **Appendix C**

### **Tenure Standards**

#### **A. Tenure Standards for Lassen College**

The period during which probationary unit members of Lassen College are reviewed for tenure is understood best as a continuation of the search and selection process. In fact, we regard the tenure recommendation made to the Superintendent/President and the Board of Trustees as even more important than the initial decision to hire. The tenure review by unit members and appropriate Educational Administrators must be a careful and thorough process, since it is one, which will result in a decision crucial to the unit member's professional future and to the future quality of our college's academic programs. Consequently, it should be expected that tenure decisions generally will be made at the end of the fourth probationary year.

#### **B. Suggested Standards for Tenure (at the end of four (4) years):**

1. The candidate will have achieved competent performance in classroom teaching and/or in the development, coordination, and implementation of student services activities and in carrying out other responsibilities specified in the appropriate position announcement.
2. The candidate will have demonstrated respect for student rights and consistent attempts to meet student needs.
3. The candidate will have demonstrated respect for colleagues, for the commonly agreed upon ethics of the teaching profession, and for the traditional concepts of academic freedom.
4. The candidate will have demonstrated sensitivity to the issues of cultural diversity.
5. The candidate will have demonstrated continued currency in his/her discipline or non-classroom area of assignment, plus either clear promise or evidence of professional growth.
6. Evidence of competence, respect for student rights, respect for colleagues and the ethics of the teaching profession, sensitivity to the issues of cultural diversity, currency, and promise or realization of professional growth shall be drawn from a careful analysis of peer evaluations and student evaluations over a period of time, and from a critical reading of materials submitted by the candidate. Recommendations regarding tenure shall be based upon this evidence alone.
7. The effective recommendation regarding the candidate's performance shall be made by his/her Evaluation Committee.

C. Suggested Standards for Early Tenure (at the end of two (2) years).

The candidate will have demonstrated performance which clearly exceeds standards in the areas described in “B” above. The effective recommendation regarding the candidate’s performance shall be made by his/her Evaluation Committee.

D. Suggested Standards for Early Tenure (at the end of one (1) year).

The candidate will have demonstrated exceptional performance in the areas described in “B” above. The effective recommendation regarding the candidate’s performance shall be made by his/her Evaluation Committee.

E. Additional Requirements for the Granting of Early Tenure

In addition to the performance requirements specified in “C” and “D” above, the candidate’s Evaluation Committee must offer clear and compelling reasons for the granting of early tenure (either one (1) year or two (2) year). Such reasons might include but are not limited to:

1. Prior to LCCD appointment, the candidate achieved tenure at another accredited institution of higher learning with, of course, a record of excellent evaluations from peers, administrators, students, and, when appropriate, staff from that institution.
2. The retention of the candidate is critical for the success of a particular program; and, the granting of early tenure is the only way that a particularly critical member can be retained.

## **Appendix D**

### **Regular Load Calculation Guidelines**

#### **Lecture (ALL INSTRUCTORS) – no change in calculations**

15 hours of lecture x 17 weeks in a semester x 2 semesters = 510 lecture contact hours = 1.0 FTEF (100% of a yearly full-time workload).

3 hours per week of lecture x 17 weeks in one semester = 51 lecture hours = 0.1 FTEF (10% of a yearly full-time workload)

Instructors typically work 0.5 FTEF (50% of a yearly full time workload) in each of the two semesters.

Therefore, five 3-hour-per week lecture classes for one semester = 0.5 FTEF (50% of a yearly full time workload).

To calculate the FTEF (workload percentage) for a given number of hours, the multiplier is 0.00196 (510 lecture contact hours divided by 100% to get the workload percentage for 1 hour of lecture).

For example, 34 lecture hours x 0.00196 = 0.0667 FTEF (6.67% of a yearly full time workload)

---

#### **Lab hours (ADJUNCT FACULTY) - no change in calculations**

20 hours of lab x 17 weeks in a semester x 2 semesters = 680 lab contact hours = 1.0 FTEF (100% of a yearly full time workload)

To calculate the FTEF (workload percentage) for a given number of hours, the multiplier is 0.00147 (680 lab hours divided by 100% to get the workload percentage for 1 hour of lab.)

Therefore, 51 lab hours x 0.00147 = 0.075 FTEF (7.50% of a yearly full time workload)

---

#### **2021-2022 Lab hours (FULL-TIME FACULTY)**

20 hours of lab x 17 weeks in a semester x 2 semesters = 680 lab contact hours = 1.0 FTEF (100% of a yearly full time workload)

To calculate the FTEF (workload percentage) for a given number of hours, the multiplier is 0.00147 (680 lab hours divided by 100% to get the workload percentage for 1 hour of lab.)

Therefore, 51 lab hours x 0.00147 = 0.075 FTEF (7.50% of a yearly full time workload)

---

#### **2022-2024, Changes to Lab Calculations (FULL-TIME FACULTY) No Change in Lecture Calculation.**

18 hours of lab x 17 weeks in a semester x 2 semesters = 612 lab contact hours = 1.0 FTEF (100% of a yearly full time workload)

To calculate the FTEF (workload percentage) for a given number of hours, the multiplier is 0.00163 (612 lab hours divided by 100% to get the workload percentage for 1 hour of lab.)

Therefore, 51 lab hours x 0.00163 = 0.0832 FTEF (8.32% of a yearly full time workload)

---

#### **2024 and beyond, Changes to Lab Calculations (FULL-TIME FACULTY) No Change in Lecture Calculation.**

17 hours of lab x 17 weeks in a semester x 2 semesters = 578 lab contact hours = 1.0 FTEF (100% of a yearly full time load).

To calculate the FTEF (workload percentage) for a given number of hours, the multiplier is 0.00173 (578 lab hours divided by 100% to get the workload percentage for 1 hour of lab).

Therefore, 51 lab hours x 0.00173 = 0.0883 FTEF (8.83% of a full time workload)

---

---

**For classes with both lecture and lab components, FTEF for lecture and lab are calculated separately, then added together for the total FTEF for the class.**

Example: BIOL-1 is 51 hours Lecture, 51 hours Lab per the Course Outline of Record.

51 hours lecture x .00196 = 0.10 FTEF (10% of a yearly full time workload)

51 hours lab in 2022/2023 x 0.00163 = 0.0832 FTEF (8.32% of a yearly full time workload)

Total for the class in 2022/2023 = 0.1832 FTEF (18.32% of a yearly full time workload)

---

### **Overload Calculation Guidelines (FULL-TIME FACULTY)**

Any amount over 1.0 FTEF (100% of a full-time workload) is considered overload. Overloads are paid at the hourly overload rate. Lecture FTEF count first when figuring the full-time equivalent faculty load. Because they carry different weights for FTEF load, lecture FTEF and laboratory FTEF do not have the same value when figuring overloads. For example, 0.10 FTEF (10%) lecture = 51 hours but 0.10 FTEF (10%) lab = 61.35 hours in 2022/2023.

1. An instructor is teaching six 3-hour-per-week lecture classes in each of the two semesters.

The overall workload is 1.2 FTEF (120%) lecture.

The first five classes (15 hours per week) = 510 lecture contact hours = 1.0 FTEF regular load.

The sixth class (3 hours per week) = 102 lecture contact hours = 0.20 FTEF lecture load.

The instructor is paid 102 hours at the hourly overload rate.

0.20 lecture FTEF divided by the lecture workload multiplier 0.00196 = 102 hours.

2. An instructor is teaching three lecture/lab classes for each of two semesters. Each class is 51 hours lecture and 51 hours lab.

The overall workload is 1.099 FTEF (109.92%) lecture and lab.

The total lecture workload is 0.6 FTEF (60%).

The total lab workload is .0499 FTEF (49.92%)

Since lecture FTEF count first when figuring full-time equivalent faculty load,

0.6 FTEF (60%) lecture and 0.4 FTEF (40%) lab make up the 1.0 FTEF regular load.

The remaining 0.099 FTEF (9.92%) lab is counted as overload.

This means for one class, the lecture portion of the class is part of regular load and the lab portion of the same class is counted as overload.

0.099 lab FTEF divided by the 2023-2024 lab multiplier 0.00163 = 60.74 hours.

## **Appendix E**

### **Selection Processes**

#### **Division Chairs**

1. All full-time unit members are eligible for the position of Division Chair. Unit members are eligible for a Chair position in any Division regardless of teaching or non-teaching assignment to a designated Division.
2. For the position(s) of Division Chair, the District shall e-mail the position announcement to each full-time unit member during the regular academic year five (5) working days prior to the closing date established by the Selection Committee. Outside the regular academic year, the District shall notify each full-time unit member fifteen (15) working days prior to the closing date established by the Selection Committee.
3. Unit members shall apply by submitting a letter of interest to the Director of Human Resources no later than end of business on the day the search period closes. The District may re-open the search period if warranted.
4. The Selection Committee shall consist of the appropriate Educational Administrator or his/her designee, and two active members of the LCFA, appointed by the LCFA President in consultation with the Senate President.
5. The Committee shall review all letters of interest, make the selection(s), and forward their selection(s) to the President/Superintendent.
6. In the event the recommendation of the committee is not in concert with the Superintendent/President, he/she shall meet with the evaluation committee to discuss his/her concerns. Absent final agreement, the decision of the Superintendent/President shall prevail.
7. Nothing in this section will abrogate the District's right of assignment.

#### **Accreditation Chair**

1. All full-time unit members are eligible for the position of Chair.
2. For the position of Accreditation Chair, the District shall e-mail the position announcement to each full-time unit member during the regular academic year five (5) working days prior to the closing date established by the Selection Committee. Outside the regular academic year, the District shall notify each full-time unit member fifteen (15) working days prior to the closing date established by the Selection Committee.
3. Unit members may apply individually or as a group of up to three (3) full-time unit members. Unit members shall apply by submitting a letter of interest to the Director of Human Resources no later than end of business on the day the search period closes. A

group applying for the position shall include in their application the division of the required duties among the group members. The District may re-open the search period if warranted.

4. The Accreditation Liaison Officer position will be open to those who apply for any Accreditation Chair position.
5. The Selection Committee shall consist of the appropriate Educational Administrator or his/her designee, and one member of the LCFA, appointed by the LCFA President.
6. The Committee shall review all letters of interest, make the selection(s), and forward their selection(s) to the President/Superintendent.
7. In the event the recommendation of the committee is not in concert with the Superintendent/President, he/she shall meet with the evaluation committee to discuss his/her concerns. Absent final agreement, the decision of the Superintendent/President shall prevail.
8. Nothing in this section will abrogate the District's right of assignment.

#### Lead Counselor

1. Only full-time unit members assigned as Counselors (any percentage) are eligible for the position of Lead Counselor
2. For the position of Lead Counselor, the District shall e-mail the position announcement to each eligible full-time unit member during the regular academic year five (5) working days prior to the closing date established by the Selection Committee. Outside the regular academic year, the District shall notify each full-time unit member fifteen (15) working days prior to the closing date established by the Selection Committee.
3. Unit members shall apply by submitting a letter of interest to the Director of Human Resources no later than end of business on the day the search period closes. The District may re-open the search period if warranted.
4. The Selection Committee shall consist of the appropriate Educational Administrator or his/her designee, and one member of the LCFA, appointed by the LCFA President.
5. The Committee shall review all letters of interest, make the selection(s), and forward their selection(s) to the President/Superintendent.
6. In the event the recommendation of the committee is not in concert with the Superintendent/President, he/she shall meet with the evaluation committee to discuss his/her concerns. Absent final agreement, the decision of the Superintendent/President shall prevail.
- 7.. Nothing in this section will abrogate the District's right of assignment.

### Faculty Transfers

1. The District shall advertise the open position to each current unit member during the regular academic year for a minimum of five (5) working days prior to a formal job posting. Outside the regular academic year, the District shall advertise the open position to each current unit member ten (10) working days prior to a formal job posting.
2. A selection committee shall be convened after the notification period.
3. Unit members shall apply by submitting a letter of interest and any pertinent information and documentation, to the Director of Human Resources no later than end of business on the day the search period closes.
4. The Selection Committee shall consist of the appropriate Educational Administrator or his/her designee, the HR Director or EEO Officer, the Division Chair over the open position, one unit member knowledgeable in the position FSA, and one unit member not in the position FSA, both appointed jointly by the LCFA President and Senate President.
5. The Committee shall review all letters of interest, interview as necessary and attempt to reach consensus on the selection of an applicant. Absent agreement the procedure shall revert to the regular hiring procedure.
6. In the event the recommendation of the committee is not in concert with the Superintendent/President, he/she shall meet with the evaluation committee to discuss his/her concerns. Absent final agreement, the decision of the Superintendent/President shall prevail.
7. If the applicant(s) are rejected, the District shall post the job externally according to Title V requirements.

### Curriculum Chair

1. The Curriculum Committee is a sub-committee of the Academic Senate.
2. The Academic Senate is solely responsible for unit member assignment to the Committee and selection of the Committee Chair.

## Appendix F Faculty Evaluation Forms

The “A” series designation shall be used for full-time instructional faculty evaluation forms:

<b>Form #</b>	<b>Form Title</b>
A	Full-Time Instructional Faculty Evaluation Certification of Completion/Recommendation
A-1	Full-Time Instructional Faculty Self-Evaluation including Professional Responsibilities
A-2	Full-Time Instructional Faculty Materials Review
A-3	Full-Time Instructional Faculty Classroom Visitation
A-3.1	Full-Time Instructional/Coaching Faculty Classroom Visitation and Coaching Evaluation
A-3C	Full-Time Instructional Faculty Correspondence Packet Review
A-3N	Full-Time Instructional Faculty Online Site Visit
A-4	Full-Time Instructional Faculty Student Survey – Classroom
A-4C	Full-Time Instructional Faculty Student Survey – Correspondence
A-4N	Full-Time Instructional Faculty Student Survey – Online

The “B” series designation shall be used for adjunct instructional faculty evaluation forms:

<b>Form #</b>	<b>Form Title</b>
B	Adjunct Instructional Faculty Evaluation Certification of Completion/Recommendation
B-1	Adjunct Instructional Faculty Self-Evaluation including Professional Responsibilities
B-2	Adjunct Instructional Faculty Materials Review
B-3	Adjunct Instructional Faculty Classroom Visitation
B-3C	Adjunct Instructional Faculty Correspondence Packet Review
B-3N	Adjunct Instructional Faculty Online Site Visit
B-4	Adjunct Instructional Faculty Student Survey – Classroom
B-4C	Adjunct Instructional Faculty Student Survey – Correspondence
B-4N	Adjunct Instructional Faculty Student Survey – Online

The “C” series designation shall be used for full-time non-instructional faculty evaluation forms:

<b>Form #</b>	<b>Form Title</b>
C	Full-Time Non-instructional Faculty Evaluation Certification of Completion/Recommendation
C-1	Full-Time Non-instructional Faculty Self-Evaluation including Professional Responsibilities
C-2	Full-Time Non-instructional Faculty Evaluation
C-4	Full-Time Non-instructional Faculty Student Survey
C-4.1	Full-Time Instructional Designer Faculty Survey

The “D” series designation shall be used for adjunct non-instructional faculty evaluation forms:

<b>Form #</b>	<b>Form Title</b>
D	Adjunct Non-instructional Faculty Evaluation Certification of Completion/Recommendation
D-1	Adjunct Non-instructional Faculty Self-Evaluation including Professional Responsibilities
D-2	Adjunct Non-instructional Faculty Evaluation
D-4	Adjunct Non-instructional Faculty Student Survey

Each form in each series shall bear the approval date at the bottom of each page of each form.

**Form A Full-Time Faculty Certificate of Completion/Recommendation**

**LASSEN COMMUNITY COLLEGE**

Approved LCFA/LCCD 2/8/2013

**Form A-1 Full-Time Faculty Self-Evaluation including Professional Responsibilities**

**LASSEN COMMUNITY COLLEGE**

**FULL-TIME INSTRUCTIONAL FACULTY  
SELF-EVALUATION including PROFESSIONAL RESPONSIBILITIES**

**1. Class Organization:**

Discuss your typical coursework organization. Comments may include, but are not limited to, lecture style, preferred type of class (lecture, laboratory or one-on-one), descriptions of kinds of assignments and tests you use, type of grader (hard or easy), techniques and strategies attempted that worked well or failed, major strengths or weaknesses as an instructor.

**2. Effects on Students:**

Describe the affects you believe your instruction has on students. Comments may include but are not limited to, kind of students who respond well or poorly to your efforts and special efforts made to assist the more difficult to reach students.

**3. Planned efforts/objectives for improving professional competence in teaching:**

Comments may include, but are not limited, to such areas as: classes taken, conferences, workshops, seminars, professional training, any professional reading or informal learning experiences such as concerts, exhibits, performance and site visits.

**4. College District Activities:**

Comments will include all items listed below, but are not limited to,: college committees on which you now serve or have recently served (include how often they met, offices held, and accomplishments of the committee), reassigned time responsibilities, division chair or Academic Senate responsibilities, fulfillment of flex and graduation commitments, peer evaluations performed, your participation in and completion of program review, participation in student learning outcome assessments, meeting all required deadlines for SLO's, grade submissions, record keeping (such as census submission), Canvas shells, and timely submission of office hours to Academic Services.

**5. Contribution to the Profession:**

Comments may include but are not limited to the following: publications, special assignment(s), performances given, exhibits presented, conferences attended, professional positions, honors earned, educational material developed, or educational methods improved.

**6. Future Professional Objectives:**

List any other plan you have for future development as a professional

7. **Provide a written evaluation/assessment** or the level/degree to which you successfully completed the planned efforts/objectives stated in the previous evaluation process (if applicable).

**Form B-1 Adjunct Instructional Faculty Self-Evaluation including Professional Responsibilities**

**LASSEN COMMUNITY COLLEGE**

**ADJUNCT INSTRUCTIONAL FACULTY  
SELF-EVALUATION including PROFESSIONAL RESPONSIBILITES**

**1. Class Organization:**

Discuss your typical coursework organization. Comments may include, but are not limited to, lecture style, preferred type of class (lecture, laboratory or one-on-one), descriptions of kinds of assignments and tests you use, type of grader (hard or easy), techniques and strategies attempted that worked well or failed, major strengths or weaknesses as an instructor.

**2. Effects on Students:**

Describe the effect you believe your instruction has on students. Comments may include but are not limited to, kind of students who respond well or poorly to your efforts and special efforts made to assist the more difficult to reach students.

**3. College District Activities:**

Comments to include, but not limited to participation in student learning outcome assessments, meeting all required deadlines for SLO's, grade submissions, record keeping (such as census submission), and Canvas shell.

**4. Provide a written evaluation/assessment or the level/degree to which you successfully addressed the recommendations stated in your previous evaluation (if applicable).**

**5. Other Related Information:**

List any other information you wish to include in your evaluation. Comments may include but are not limited to the following: classes taken, conferences, workshops, seminars, professional training, any professional readings or informal learning experiences such as concerts, exhibits performance and site visits, college committees on which you now serve or have recently served (include how often they met, offices held, and accomplishments of the committee), publications, special assignment(s), performances given, exhibits presented, conferences attended, professional positions, honors earned, educational material developed, or educational methods improved, or plans you have for future development as a professional.

Education Code Section 32360;  
Education Code Section 32361;  
Education Code Section 72207;  
Education Code Section 81459.

The Governing Board recognizes that employees of the District may, in carrying out their professional responsibilities, develop intellectual property for use in the educational program. Under applicable law, the Lassen Community College District owns intellectual property created by employees within the scope of employment except as otherwise specified in the District's Board Approved Administrative Procedure No. 3715.

The Superintendent/President shall administer Administrative Procedure No. 3715 to fulfill this Board Policy.

**General Institution**

**AP 3715 INTELLECTUAL PROPERTY**

**References:**

17 U.S. Code Sections 101 et seq.;  
35 U.S. Code Sections 101 et seq.;

Education Code Section 32360;  
Education Code Section 32361;  
Education Code Section 72207;  
Education Code Section 81459.

The intellectual property procedure shall be interpreted consistent with other District policies, including, but not limited to, the District’s policy on academic freedom and federal and state statutes and regulations. This procedure shall also be interpreted consistent with all collective bargaining agreements.

**Definitions**

For the purposes of this procedure, the following definitions apply to the following words or phrases:

“**Administrative Activity**” means the execution of the District’s management or administrative functions such as preparing budgets, policies, contracts, personnel management, printing course materials and catalogues, maintenance of computer data, long range planning, and keeping inventories of equipment. Teaching and academic endeavors are not administrative activities.

“**Course Materials**” means materials prepared for use in teaching, fixed or unfixed, in any form, including, but not limited to, digital, print, audio, visual, or any combination thereof. Course materials include, but are not limited to, lectures, lecture notes, and materials, syllabi, study guides, bibliographies, visual aids, images, diagrams, multimedia presentations, web-ready content, and educational software.

**“Course Syllabus”** means a document that includes information about the outline, standards for student evaluation, and additional information which reflects the academic work of the faculty member.

**“Creator”** means an individual who alone or as part of a group of other creators, invent, author, discover, or otherwise create intellectual property.

**“Digital Encoded Work”** means a work (on a bit-sequence) that can be stored on computer-readable media, manipulated by computers, and transmitted through data networks.

**“District Resources”** means all tangible resources including buildings, equipment, facilities, computers, software, personnel, and funding.

**“Employee”** means an individual employed by the District, and shall include full-time and adjunct faculty, classified staff, student employees, appointed personnel, persons with "no salary" appointments, and academic professionals, who develop intellectual property using District resources, unless there is an agreement providing otherwise.

**“Intellectual Property”** means works, products, processes, tangible research property, copyrightable subject matter, works of art, trade secrets, know how, inventions and other creations the ownership which are recognized and protected from unauthorized exploitation by law. Examples of intellectual property include scholarly, artistic, and instructional materials.

**“Student”** means an individual who was or is enrolled in a class or program at the District at the time the intellectual property was created.

**“Student Employee”** means a student who is paid by the District, and may include students participating in a work study program or who receive stipends while they are acting within the scope of their employment at the District at the time the intellectual property was created.

**“Substantial Use of District Resources”** means financial or technical support over and above the cost of the individual faculty’s normal compensation (regular and/or overload), and/or over and above the Ordinary Support provided to similarly situated faculty members by the District.

**“Ordinary Support”** means reasonable use of the following resources generally made available to similarly situated faculty members: common areas or assigned office space, office computer, local phone use, library use, technical support, and software packages generally made available to the community at large and/or to the faculty member for specific use in the normal course of their employment, and office supplies required for specific use in the normal course of faculty members’ employment.

**“Work”** means an “original work of authorship fixed in a tangible medium” as used in the Copyright Act.

## **Ownership of Intellectual Property**

The ownership rights to a creation at the District shall be determined generally as set forth below, unless ownership is modified by an agreement. (*See Form A: Work Made For Hire Agreement and Form B: Contract under which Employee Keeps Copyright of the Work and Gives District a License to Use/Exploit Work*).

**Faculty Intellectual Property Rights** – A faculty member who is the creator of an academic work in his/her field of expertise owns the copyright in that work when the academic works are created without Substantial Use of District Resources. Academic works include textbooks, lecture notes or presentations, correspondence course packets, on-line course content shells, media programs, audio and video materials, syllabi and other course materials, literary works, artistic works, musical works, architectural works and software produced with no more than Ordinary Support. Academic works described in this paragraph are owned by the faculty member even though such works may have been developed within the faculty member's scope of employment or modified by the District to meet academic adjustment needs of students as determined by the District to be reasonably required by law and/or District Policy.

**Employee Intellectual Property Rights** – Intellectual property unrelated to an individual's employment responsibilities at the District that is developed on an individual's own time without the District's support or use of District resources is the exclusive property of the creator and the District has no interest in any such property and holds no claim to any profits resulting from such intellectual property.

**District Intellectual Property Rights** – The District owns all other intellectual property, including but not limited to patentable inventions, such as computer software, created by its employees under the following circumstances:

1. If intellectual property is created through the District's administrative activities by an employee working within his/her scope of employment; or
2. If intellectual property is created by an employee executing a duty or specific assignment designated by the District; or
3. If intellectual property is created through the Substantial Use of District Resources; or
4. If intellectual property is commissioned by the District pursuant to a signed contract; or
5. If intellectual property is produced within one of the nine categories of works considered works for hire under copyright law pursuant to a written contract, or
6. If intellectual property is produced from research specifically supported by state or federal funds or third party sponsorship.

Where circumstances give rise to District intellectual property rights, as described above, the creator of the potential intellectual property will promptly disclose the intellectual property to the District. The District and the creator may enter into a written agreement whereby the creator executes documents assigning intellectual property rights to the District.

The Superintendent/President may waive the District's interests in its intellectual property by ~~executing a written waiver.~~

**Student Intellectual Property Rights** – District students who created a work are owners of and have intellectual property rights in that work. District students own the intellectual property rights in the following works created while they are students at the District:

1. Intellectual property created to meet course requirements using college or District resources, and
2. Intellectual property created using resources available to the public.

Intellectual property works created by students while acting as District employees shall be governed under provisions for employees.

### **Modification of Ownership Rights**

The general provisions for ownership of intellectual property rights set forth in Section II may be modified by the parties as follows:

**Sabbatical Works** – Generally, intellectual property created by District employees during a sabbatical is defined as an academic work. However, where a work to be created as part of an approved sabbatical plan requires resources beyond those normally provided to other employees during a sabbatical (substantial use District resources), the parties may enter into an written agreement to define the District and employee’s intellectual property rights in the sabbatical work.

**Assignment of Rights** – When the conditions outlined in the sections on employee intellectual property rights or student intellectual property are met, ownership will reside with the employee or student responsible for creating the intellectual property. In these circumstances, the creator may pursue intellectual property protection, marketing, and licensing activities without involving the District. If such a decision is made, the creator is entitled to all revenues received.

Any person may agree to assign some or all of his/her intellectual property rights to the District. In the event the creator offers to share or assign intellectual property rights in the creation to the District, the District may support and finance application for intellectual property protection (trademark, patent, or copyright) or it may enter into an agreement for other exploitation of the work, including management, development and commercialization of the property under terms and conditions as may be agreeable to the parties.

After evaluating the creator’s offer, the District may or may not decide to become involved in a joint investment agreement. A negative response from the District will be communicated in writing to the creator. An affirmative response from the District will be summarized as an offer to enter into a written contract. If the creator accepts the District’s proposed contract, any revenues received from commercialization of the intellectual property will be distributed as defined in the contract.

**Sponsorship Agreements** – A sponsored work is a work first produced by or through the District in the performance of a written agreement between the District and a sponsor. Sponsored works generally include interim and final technical reports, software, and other works first created in the performance of a sponsored agreement. Sponsored works do not include journal articles, lectures,

books or other copyrighted works created through independent academic effort and based on the findings of the sponsored project, unless the sponsored agreement states otherwise. Ownership of copyrights to sponsored works shall be with the District unless the sponsored agreement states otherwise. Where a sponsorship agreement does not define ownership of the intellectual property, ownership shall be determined under applicable law. Any sponsorship agreement that provides for ownership of the work by one other than the District generally shall provide the District with a nonexclusive, world-wide license to use and reproduce the copyrighted work for education and research purposes.

**Collaboration/Partnership Agreements** – The District may participate in projects with persons/organizations that result in the creation of intellectual property. Ownership rights of such intellectual property will be defined by the collaboration/partnership agreement, or shall be determined under applicable law.

**Special Commissions** – Intellectual property rights to a work specially ordered or commissioned by the District from a faculty member, professional staff member, other District employee, or other individual or entity, and identified by the District, as a specially commissioned work at the time the work was commissioned, shall belong to the District. The District and the employee shall enter into a written agreement for creation of the specially commissioned work.

**Encoded Works/Software for Administrative Activities** – The District may hire an individual or entity to develop software or other encoded works, to be used in the District’s administrative activities. The District shall maintain ownership of the intellectual property rights in such encoded works. Similarly, the District shall have ownership of the intellectual property rights in encoded works created by an employee, even where the work was created out of the employee’s own initiative, if the work is related to the employee’s job responsibilities. For example, if an employee in the student records office creates a software program, on his/her own initiative, that will organize student records, such work is related to the employee’s job duties and will belong to the District. Where an employee creates a program that does not relate to his/her job duties, and that program was created on the employee’s own time and without District resources, the work belongs to the employee.

**Collective Bargaining Agreement** – In the event the provisions of these procedures and the provisions of any operative collective bargaining agreement conflict, the collective bargaining agreement shall take precedence.

**Work Acquired by Assignment or Will** – The District may acquire copyrights by assignment or will pursuant to the terms of a written agreement or testament. The terms of such agreements should be consistent with District policies and these procedures.

### **Materials Implicating Third Party Rights**

District employees and students must comply with District policies and state and federal laws, including copyright and privacy laws, in creating works. District employees and students must obtain all required licenses, consents, and releases necessary to avoid infringing the rights of third parties. District employees and students with questions or concerns regarding third party rights should direct all inquiries to the Chief Instructional Officer.

## **Intellectual Property Coordinator**

The Chief Instructional Officer shall be the District's Intellectual Property Coordinator. The coordinator shall administer this procedure and will implement the District's Intellectual Property Policy. The Intellectual Property Coordinator will also monitor the development and use of the District's Intellectual Property. Any questions relating to the applicability of the District Intellectual Property or this procedure may be directed and answered by the Intellectual Property Coordinator.

## **Preservation of Intellectual Property Right**

**Protection of Rights** – The District shall undertake such efforts, as it deems necessary to preserve its rights in original works for which the District is the owner of intellectual property rights. The District may apply for a patent, for trademark registration, for copyright registration, or for other protection available by law on any new work in which it maintains intellectual property rights.

**Payment of Costs** – The District may pay some or all costs required for obtaining a patent, trademark, copyright, or other classification on original works for which it exclusively owns intellectual property rights.

## **Commercialization of Intellectual Property**

**Right of Commercialization** – The District may commercialize its Intellectual Property using its resources or it may enter into agreements with others to commercialize the work as authorized by law.

**Distribution of Proceeds** – An employee who creates a work and retains an intellectual property interest in such work in which the District maintains intellectual property rights is entitled to share in royalties, licenses, and any other payments from commercialization of the work in accordance with applicable agreements and applicable laws. All expenses incurred by the District in protecting and promoting the work including costs incurred in seeking patent or copyright protection and reasonable costs of marketing the work, shall be deducted and reimbursed to the District before the creator is entitled to share in the proceeds.

**Intellectual Property Account** – The District shall deposit all net proceeds from commercialization of intellectual property in its own general intellectual property account. The Chief Instructional Officer may use the account to reimburse expenses related to creating or preserving the District's intellectual property rights or for any other purpose authorized by law and District policy including the development of intellectual property.

## **Notification**

The Intellectual Property Coordinator shall provide a copy of these Intellectual Property Procedures to persons upon request. The District shall arrange training on a periodic basis for faculty, staff and/or other persons who are covered by this Intellectual Property Procedure.

## Form A: Work Made For Hire Agreement

### Course Materials

This agreement made the [date] day of [month], 20[year], by and between [name of Creator] ("Creator," and if there is more than one Creator then all of them collectively) and the District.

The Creator and the District agree as follows:

#### 1. Title and Copyright Assignment

- a. Creator and District intend this to be a contract for services and each considers the products and results of the services to be rendered by Creator hereunder (the "Work") to be a work made for hire. Creator acknowledges and agrees that the Work (and all rights therein, including, without limitation, copyright) belongs to and shall be the sole and exclusive property of District.
- b. If for any reason the Work would not be considered a work made for hire under applicable law, Creator does hereby sell, assign, and transfer to District, its successors and assigns, the entire right, title and interest in and to the copyright in the Work and any registrations and copyright applications relating thereto and any renewals and extensions thereof, and in and to all works based upon, derived from, or incorporating the Work, and in and to all income, royalties, damages, claims and payments now or hereafter due or payable with respect thereto, and in and to all causes of action, either in law or in equity for past, present, or future infringement based on the copyrights, and in and to all rights corresponding to the foregoing throughout the world.
- c. If the Work is one to which the provisions of 17 U.S. Code Section 106A apply, the Creator hereby waives and appoints District to assert on the Creator's behalf the Creator's moral rights or any equivalent rights regarding the form or extent of any alteration to the Work (including, without limitation, removal or destruction) or the making of any derivative works based on the Work, including, without limitation, photographs, drawings or other visual reproductions or the Work, in any medium, for District purposes.
- d. Creator agrees to execute all papers and to perform such other proper acts as District may deem necessary to secure for District or its designee the rights herein assigned.

#### 2. Delivery of the Work

- a. The Creator will deliver to the District on or before [date] the completed Work (with all illustrations, charts, graphs, and other material, including syllabi, handouts, reference lists, etc., in the medium mutually agreed upon for the Work) in form and content satisfactory to the District.
- b. If the Creator fails to deliver the Work on time, the District will have the right to terminate this agreement and to recover from the Creator any sums advanced in connection with the Work. Upon such termination, the Creator may not have the Work published elsewhere until such advances have been repaid.

### **3. Quoted Material**

With the exception of short excerpts from others' works, which constitute fair use, the Work will contain no material from other copyrighted works without a written consent of the copyright holder. The Creator will obtain such consents at his/her own expense after consultation with the District and will file them with the District at the time the Work is delivered. Any obligations associated with permissions will be the responsibility of the Creator.

### **4. Creator's Warranty**

The Creator warrants that he/she is the sole owner of the Work and has full power and authority to make this agreement; that the Work does not infringe any copyright, violate any property rights, or contain any scandalous, libelous, or unlawful matter. The Creator will defend, indemnify, and hold harmless the District and/or its licensees against all claims, suits, costs, damages, and expenses that the District and/or its licensees may sustain by reason of any scandalous, libelous, or unlawful matter contained or alleged to be contained in the Work or any infringement or violation by the Work of any copyright or property right; and until such claim or suit has been settled or withdrawn, the District may withhold any sums due the Creator under this agreement.

### **5. Consideration**

In consideration for delivery of the Work in accordance with the provisions of this Agreement, District shall pay Creator [amount].

### **6. Revisions**

*Note: Choose one paragraph*

The Creator shall retain the right to revise the Work at one year intervals during the term of this agreement in accordance with academic standards. The Creator further agrees to update the Work within 90-days upon the receipt of a written request from the District. The provisions of this agreement shall apply to each revision of the Work by the Creator as though that revision were the Work being published for the first time under this agreement. In the event that the Creator is unable or unwilling to provide a revision within 90 days after the District has requested it, or should the Creator be deceased, the District may have the revision made and charge the cost against sums due the Creator under Section 5 above, if any, and may display, in the revised Work and in advertising, the name of the person or persons who perform the revision.

Or

This paragraph has been deleted because the Creator's contribution is not a work expressing academic expertise requiring periodic review and revision.

### **7. Term and Termination**

- a. This agreement shall remain in effect for three years unless terminated earlier in accordance with this Section 7.

- b. In the event that either party shall be in default of its material obligations under this agreement and shall fail to remedy such default within 60-days after receipt of written notice thereof, this agreement shall terminate upon expiration of the 60-day period.
- c. Upon the expiration of the term of this agreement, the parties may agree to renew this agreement for an additional three-year term, upon the same terms and conditions as set forth herein.

**8. Options/Contracts with Third Parties**

Nothing contained in Section 7 shall affect any license or other grant of rights, options, or agreements made with third parties prior to the termination date or the rights of the District in the income resulting from such agreements.

**9. Amendments**

The written provisions contained in this agreement constitute the sole and entire agreement made between the Creator and the District concerning this Work, and any amendments to this agreement shall not be valid unless made in writing and signed by both parties.

**10. Construction, Binding Effect, and Assignment**

This agreement shall be construed and interpreted according to the laws of the State of California and shall be binding upon the parties hereto, their heirs, successors, assigns, and personal representatives; and references to the Creator and to the District shall include their heirs, successors, assigns, and personal representatives.

IN WITNESS WHEREOF, the parties have duly executed this agreement as of the date first written above.

## **Form B: Contract under which Employee Keeps Copyright of the Work and Gives District a License to Use/Exploit Work**

### **Course Materials**

This Agreement made the [date] day of [month], 20[year], by and between [name of Creator] ("Creator," and if there is more than one Creator then all of them collectively) and the District.

### **Recitals**

The Creator will be the sole contributor of copyrightable expression to the educational course materials anticipated to result from this project. The District will be contributing significant kinds and/or amounts of District resources. The Parties recognize that under law, the District is obligated to obtain appropriate consideration for the transfer of state resources. In furtherance of their mutual objectives, the Parties agree to allocate certain of their rights and responsibilities as set forth in this agreement.

The Creator and the District agree as follows:

#### **1. Rights Granted**

**Nonprofit Educational Uses** – The Creator hereby grants to the District for the full term of this agreement the non-exclusive right to copy, distribute, display, perform, transmit, and publish for nonprofit educational purposes the educational course materials entitled: [name of work] (hereinafter called "Work").

#### **2. Delivery of the Work**

- a. The Creator will prepare and deliver to the District on or before [date] the completed Work (with all illustrations, charts, graphs, and other material, including syllabi, handouts, reference lists, etc., in the medium mutually agreed upon for the Work) in form and content satisfactory to the District.
- b. If the Creator fails to deliver the Work on time, the District will have the right to terminate this agreement and to recover from the Creator any sums or other resources advanced in connection with the Work. Upon such termination, the Creator may not have the Work published elsewhere until such advances have been repaid.

#### **3. Quoted Material**

With the exception of short excerpts from others' works, which constitute fair use, the Work will contain no material from other copyrighted works without a written consent of the copyright holder.

The Creator will obtain such consents at his/her own expense after consultation with the District and will file them with the District at the time the Work is delivered. Any obligations associated with permissions will be the responsibility of the Creator.

#### 4. Publication of the Work

The Work shall be distributed, transmitted or published by the District/Creator as soon as circumstances permit after receipt, at its own expense, in such manner as the District/Creator shall deem appropriate.

#### 5. Copyright Registration

The Creator authorizes the District to register copyright in the Work in the Creator's name in the United States and elsewhere as the District may elect.

#### 6. Creator's Warranty

- a. The Creator warrants that he/she is the sole owner of the Work and has full power and authority to make this agreement; that he or she has made a good faith effort to follow the District's Intellectual Property Policy and Procedures and that the Work does not infringe any copyright, violate any property rights, or contain any scandalous, libelous, or unlawful matter.
- b. To the extent that an act of the Creator that results in a claim of copyright infringement was authorized by the District's Intellectual Property Policy and Procedures, in accordance with that Policy and to the extent authorized by the Constitution and laws of the State of California, the District, will defend, indemnify and hold harmless the Creator against all claims, suits, costs, damages and expenses that the Creator may sustain by reason of such infringement or violation by the Work of any copyright.
- c. In all other cases, the Creator will defend, indemnify, and hold harmless the District and/or its licensees against all claims, suits, costs, damages, and expenses that the District and/or its licensees may sustain by reason of any scandalous, libelous, or unlawful matter contained or alleged to be contained in the Work or any infringement or violation by the Work of any copyright or property right; and until such claim or suit has been settled or withdrawn, the District may withhold any sums due the Creator under this agreement.

#### 7. Consideration

- a. District will contribute the following resources to the creation of the Work:

***[List: Materials, Hardware, Software, Technical Assistance, Other Assistance, Videotaping, Programming, Teaching Load Credit, or Funding.]***

The parties shall share in any revenues from the commercialization of the Work as follows: District will first recover its resource contribution in the amount of \$\_\_\_\_, then the Parties shall share profits proportionally (District: \_\_\_\_% Creator: \_\_\_\_%) to the retained interest of each party.

## **8. Subsidiary Rights**

**Nonprofit Educational Uses** – The District has been granted a limited right to use the Work for nonprofit educational purposes only and therefore does not need subsidiary rights and all such rights are retained by the Creator.

## **9. Revisions**

The Creator shall retain the right to revise the Work at one year intervals during the term of this agreement in accordance with academic standards. The Creator further agrees to update the Work within 90-days upon the receipt of a written request from the District. The provisions of this agreement shall apply to each revision of the Work by the Creator as though that revision were the Work being published for the first time under this agreement. In the event that the Creator is unable or unwilling to provide a revision within 90-days after the District has requested it, or should the Creator be deceased, the District may have the revision made and charge the cost against the Creator's royalties and may display, in the revised Work and in advertising, the name of the person or persons who perform the revision.

## **10. Term and Termination**

- a. This Agreement shall remain in effect for three year(s) unless terminated earlier in accordance with this Section 10. Upon expiration of the term and any renewal term(s) agreed upon pursuant to Section 10(c), or upon earlier termination in accordance with Section 10(b), the rights granted in the Work shall revert to the Creator, subject to retention by the District of the non-exclusive, perpetual right and license to use the Work for internal nonprofit educational purposes and to use the structure and organization of the Work as a guide for the creation of a new course.
- b. In the event that either Party shall be in default of its material obligations under this Agreement and shall fail to remedy such default within 60-days after receipt of written notice thereof, this Agreement shall terminate upon expiration of the 60-day period.
- c. Upon the expiration of the term of this Agreement, the parties may agree to renew this Agreement for an additional three-year term, upon the same terms and conditions as set forth herein.

## **11. Options/Contracts with Third Parties**

Nothing contained in Section 10 shall affect any license or other grant of rights, options, or agreements made with third parties prior to the termination date or the rights of the District in the income resulting from such agreements.

## **12. Amendments**

The written provisions contained in this agreement constitute the sole and entire agreement made between the Creator and the District concerning this Work, and any amendments to this agreement shall not be valid unless made in writing and signed by both parties.

### 13. Construction, Binding Effect, and Assignment

This agreement shall be construed and interpreted according to the laws of the State of California and shall be binding upon the parties hereto, their heirs, successors, assigns, and personal representatives; and references to the Creator and to the District shall include their heirs, successors, assigns, and personal representatives.

IN WITNESS WHEREOF, the parties have duly executed this agreement as of the date first written above.

Guided Pathways Taskforce Meeting Minutes  
Thursday April 6, 2023- 10:00 a.m.

1. Meeting Opening

1.01 Roll Call Brady Reed, Annika Peacock, Becky Jordan, Heather DelCarlo, Janet Mariononi, Jenn Jenson, Monteil Ackley, Shannon Hogan, Tiffany Stone, Rebecca Crites, T rogers, Tim Morehouse, Violet Hurd, Emily Purificacao

1.02 Approval of Agenda

1.03 Approval of Minutes

2. Action

3. Discussion

3.01 Update from Guided Pathways Project Lead (Brady) Want to go over the Work Plan and how it is broken out and break in up in terms of how it will be broken up within the workgroups to get the information. In the past the Scale of Adoption report and broken up into the different work groups and familiar with that, so we will continue with the same process.

There are 10 main sections, and the first 5 sections are around the 5-success metrics from the equity plan, we have the Successful Enrollment, Persistence: First Primary Term to Secondary Term, Completed: Transfer-Level Math & English, and Completion. Goes from pages 4 to 19. Where we are what progress, we are making and how we are integrating with these other plans and initiatives. We will work assign 2 section per work group.

Successful Enrollment-Do together Taskforce next meeting

Persistence: First Primary Term to Secondary term- Retention work group

Completed: Transfer-Level Math & English- Career Pathways work group

Transfer- Communication work group

Completion- Student equity work group

Student Equity and Achievement (SEA) program-Student Equity Work group

Associate degree for Transfer (ADT) integration-Communication Work group

Zero Cost Textbook (ZTC)- Career Pathways

California Adult Education Program (CAEP) Integration Retention Work group (Meet with Carroll Growdon support adult education integrating with initiatives)

Strong Workforce Program- Taskforce Workforce

June 1<sup>st</sup> is when this is due, but we will have some kind of deadline mid-May so the information can get to me so we can put into Nova.

3.02 Update from Guided Pathways Regional Coordinator (Tim Morehouse) 10 of those areas that you just divvied up Lassen College has done the work. The first 5 of vision for success goals are the key performance indicators that the Chancellor's office is focusing on for the next couple of years. Vision for success goals mission accomplished. The Board of Governors will be working with our new Chancellor Dr. Christian to set those new goals

around the same focus. Keep that in mind. I would focus on your equity plan and how you are implementing of your equity plan. My encouragement for you is I would focus on the getting it done rather than the getting it perfect. The equity plan is going to be much more the thing.

Brady- the integration with that with like at ADT's?

Tim- you have already been you've already been doing associate degree to transfer. This is just a place to re acknowledge that you're doing it and seeing where it's done at the campus. The functionality of this team demonstrates that you have every sector of the campus that it's really about all the work that you're doing is guided pathways. This is just acknowledging that by putting it on the same plan. So oftentimes we'll look at initiatives like 0 cost textbooks as a thing into it itself. It's about how are we restructuring the system to make it easier on students to complete. The largest barrier identified by students is finances. One of those big costs is books. The 0 cost textbooks and online educational resources are clearly within the guided pathways framework. This is just bringing them all, in which, under the original legislation, 5 and a half 6 years ago, the 0 cost textbooks was enumerated in that legislation. It's just continuing more of the terms of priorities. There's a dual enrollment conference going on in Bakersfield the beginning of May. That's going to kind of be kicking off that initiative. Also, looking at work-based learning specifically about industries that will support our mitigation of climate change. The AC705 English and math, but also for English language learners that was in the original legislation. The change in terms of students that were excluded from those classes based on testing, and they would come in at 2 or 3 levels below level for math and English. Making sure we are improving those outcomes for students within those courses and refining a lot of the work that we've done. Those are kind of the 3 major pushes from the Chancellor that we can be looking towards.

#### 4. Information

4.01 Report out from Retention/Engagement Work group (Jennifer Tupper) Absent

Janet-Retention is meeting the 2<sup>nd</sup> and 4<sup>th</sup> Tuesdays at 10 am (Chat)

4.02 Report out from Communications Work group (Tara Bias) Absent

4.03 Report from Career Pathways Work group (Alison Somerville) Absent

4.04 Report out from Equity Plan Work group (Brady Reed) We have been meeting the last Friday of the month and continue to do that till the end of April.

We may need to add another meeting to work on the GP report so keep an eye out for another meeting.

Brady-Communication and Career Pathways meet on Friday's one is at 9am and the other is 11am

4.05 Report from GP Student Leaders (Brady Reed)

5. Closing Items Brady-Diversity Showcase is going to be on April 21<sup>th</sup>, Friday afternoon from 4pm to 7pm we have a student panel as well as some great speakers lined up. Ideas to celebrate diversity. We have a lot of different representatives' groups on our campus and Susanville community.

Award winning author who will be speaking Erica Al Faro. Please RSVP as soon as you can for that.

May 3<sup>rd</sup> will be Asian Islander Day; we will be having authentic cultural food and a dance performance.

May is also Mental Health awareness month, Becky Jordan will be having an event May 16<sup>th</sup> we have not yet advertised that, it is called Chalk it Up.

5.01 Future Agenda Items

5.02 Next Meeting April 20<sup>th</sup> at 10 am

**LASSEN COMMUNITY COLLEGE**  
**STUDENT SERVICES MASTER PLAN**

**2022-2027**

Approved by Student Services Master Planning Committee – 04/03/23

Approved by Consultation Council –

## **Section IV – Five Master Plans**

### **1. Student Services Master Plan and Student Services Staffing Plan**

#### **I. INTRODUCTION**

The Student Services Master Plan highlights the services needed to maximize the student experience through a variety of key student support services. The Educational Master Plan initiatives in professional development, capacity building, program development, outreach implementation and capital development have essential ties and implications for the Student Services Master Plan. The responsibility for the development of the Student Services Master Plan is reviewed by the Student Services Planning Committee. The plan is then forwarded to Consultation Council for inclusion in the Comprehensive Institutional Master Plan.

*Student Services Vision:* Lassen Community College will provide comprehensive services leading students towards academic and career success.

#### **Key Components for Student Support Services**

- Student Success and Support
  - Registration Support Services
  - Academic Advising
  - Orientation
  - Education Plan
  - Early Warning and Retention Alert Systems
- Counseling and Guidance
- Work-Study, CalWORKs and Work Experience Referral
- Academic Support Services/Supplemental Instruction/Tutoring
- Articulation
- Transfer Readiness
  - Transcript Evaluations
  - Transfer Activities and Events
- Programs for Targeted Populations
  - Disability Programs and Services for Students
  - CalWORKs
  - Extended Opportunities Programs and Services/CARE
  - TRiO Student Support Services
  - Veterans
  - Student Equity and Achievement Program
  - Incarcerated Students
- Admissions and Records
  - Admissions
  - Records and Attendance Accounting
- Financial Aid

- Aid and FAFSA processing
- Loan Processing
- VA Benefits
- Federal Work Study Processing
- Scholarship Processing
- Financial Aid Outreach
- Student Affairs, Leadership and Governance
  - Associated Student Body
  - Club Leadership
  - Student Leadership Development
  - Student life and Activities
  - Student Ambassadors
- Residential Services
- Student Recognition Programming
  - Annual Student Achievement Awards
  - Honors Lists (Deans, VP, Presidents)
- Outreach Services
  - College and Career Fairs
  - Pre K-12 School Relations
  - Advertising for registration
  - Reg-To-Go program Coordination
  - Discover Lassen College
- Probation and Academic Disqualification Advising Services
- Student Resource Center
  - Student Resource and Basic Needs Director
- Mental Health Services
  - Mental Health Coordinator
  - Behavioral Intervention Team

## **II. STUDENT SERVICES PLANNING COMMITTEE**

The Student Services Planning Committee is comprised of employees from a variety of different areas and disciplines on campus. The committee consists of two administrators, four faculty members, two classified, three confidential/management, and one student. The chief role of the committee is the discussion of the Student Services Master Plan and making recommendations to address the needs of LCC Student Services operations. This committee also monitors and supports the Student Equity & Achievement Plan through the lens of the Student Services Master Plan.

The Student Services Planning Committee uses the mission statement, strategic goals of LCC, and the non-instructional program reviews to guide and direct the creation of the Student Services Master Plan each year.

The Student Services Master Plan is composed of the five annual action plans that start in academic year 2022-2023 and ends in academic year 2026-2027. Each year the Student Services Master Plan is reevaluated, updated. The plan is presented to Consultation Council for approval.

## **STUDENT SERVICES PLANNING COMMITTEE MEMBERSHIP:**

The following individuals served as members of the Student Services Master Planning Committee during academic year 2022-2023:

- Colleen Baker – Administration
- Roxanna Haynes - Administration
- Heather DelCarlo – Classified
- Tara Harkema – Classified
- Janet Marinoni – Faculty
- Colby Chavez – Faculty
- Richard Swanson - Faculty
- Celeste Wiser – Faculty
- Jennifer Tupper – Management
- Annika Peacock – Management
- Bridget Gowin – Management
- Student representative as assigned

### **2022-2027 Long Range Student Services Master Plan**

#### **District Strategic Initiatives**

- 1. Increase and retain enrollment**
  - a. Grow the nursing program**
  - b. Expand athletic programs**
  - c. Increase enrollment in current programs**
  - d. Explore other opportunities**
- 2. Improve and expand student housing**
- 3. Continue to meet accreditation standards.**

#### **Strategic Goals:**

- 1. Institutional Effectiveness:** Provide the governance, leadership, integrated planning and accountability structures, and processes to effectively support an inclusive learning environment, while ensuring responsible stewardship of public trust and resources.
- 2. Learning Opportunities:** Provide an array of rigorous academic programs delivered via a variety of modalities that promote student equity and learning while meeting the needs of the local and global community.
- 3. Resource Management:** Manage human, physical, technological and financial resources to sustain fiscal stability and effectively support the learning environment.
- 4. Student Success:** Provide a college environment that reaches-out-to and supports students, minimizes barriers, and increases opportunity and success through access and retention to enable student attainment of educational goals including completion of degrees and certificates, transfer, job placement and advancement, improvement of

basic skills, and self- development through lifelong learning.

## **SSMP Long Range Plans**

### **1. SSMP Long-Range Plan #1 – Deliver improved Student Services by implementing innovative technology and maximizing use of existing systems and applications**

Strategic Initiatives 1, Strategic Goals 4, and Objectives 4.1

#### **2022-23**

**Strategy Description:** *Implement a new student portal and smartphone app to improve communication channels and accessibility to services for students ~ completed.* Redirect student services technology platform to ConexED. This platform offers more efficient tools to better track student support and progress offering students a more accessible, streamlined, and intuitive educational experience.

**Expected Outcome:** Improved data collection enabling a more targeted response towards retention and persistence. AUOs were updated in Spring 2022 – data was collected in Fall 2022. AUOs were aligned to the individual program goals and required reports.

**Responsible Party(s):** Vice President Student Services, Dean of Student Services, and Dean of Student Equity and Special Programs

**Performance Measures:** Increased retention and persistence rates.

#### **2023-24**

**Strategy Description:** Collect data from improved program utilization, evaluate results, and implement targeted responses to equity and achievement gaps.

**Expected Outcome:** Improved student experience and decreased completion to degree time.

**Responsible Party(s):** Vice President Student Services / VP or Dean of Instruction, Dean of Student Services, and Dean of Student Equity and Special Programs

**Performance Measures:** Improved completion rates and fewer units accumulated.

#### **2024-25**

**Strategy Description:** Assess the accomplishments and effectiveness of the goals defined in the Equity Plan. Continue to collect data from increased program utilization, evaluate results, and implement targeted responses to equity and achievement gaps.

**Expected Outcome:** Improved student experience and decreased completion to degree time.

**Responsible Party(s):** Vice President Student Services / VP or Dean of Instruction, Dean of Student Services, and Dean of Student Equity and Special Programs

**Performance Measures:** Improved completion rates and fewer units accumulated.

#### **2025-26**

**Strategy Description:** Assess the accomplishments and effectiveness of the goals

defined in the Equity Plan. Continue to collect data from increased program utilization, evaluate results, and implement targeted responses to equity and achievement gaps.

**Expected Outcome:** Create a new Student Equity Plan

**Responsible Party(s):** Vice President Student Services / VP or Dean of Instruction, Dean of Student Services, and Dean of Student Equity and Special Programs

**Performance Measures:** Improved completion rates and fewer units accumulated

## **2. SSMP Long-Range Plan #2 – Improve student success and retention through the offering of a comprehensive student resource center, mental health services, Career Development and transfer, and additional support programs**

Strategic Initiative: 1, Strategic Goal: 4, Objective 4.1

### **2022-23**

**Strategy Description:** *Develop designated space for Student Resource Center and hire personnel ~ completed.* Implement dedicated space and hire Behavioral Health Manager to address mental health crisis among student population Done!.

Additionally, expand services and activities in Career Transfer Center (in progress!).

**Expected Outcome:** Reduced basic needs insecurity for students and increased participation in Career pathways.

**Responsible Party(s):** Vice President Student Services, Dean of Student Services, and Dean of Student Equity and Special Programs

**Performance Measures:** Review data collected on students receiving services through SRC, mental wellness services, and Career and Transfer Center and determine areas of greatest need.

### **2023-24**

**Strategy Description:** Continue to develop Student Resource Center programming and community partnerships. Continue offering workshops and trainings for staff on mental health awareness. Continue to expand services and activities in Career Transfer Center.

**Expected Outcome:** Reduced basic needs insecurity for students and increased participation in Career pathways.

**Responsible Party(s):** Vice President Student Services, Dean of Student Services, and Dean of Student Equity and Special Programs

**Performance Measures:** Review data collected on students receiving services through BNG these programs and determine areas of greatest need

### **2024-25**

**Strategy Description: Determine any equity gaps in these areas and target students missing out.** Continue to develop Student Resource Center programming and community partnerships. Fully implement Career Pathways throughout campus programming.

**Expected Outcome:** Reduced basic needs insecurity for students and increased

participation in Career pathways.

**Responsible Party(s):** Vice President Student Services, Dean of Student Services, and Dean of Student Equity and Special Programs

**Performance Measures:** Review data collected on students receiving services through these programs and determine areas of greatest need

### **2025-26**

**Strategy Description:** Determine any equity gaps in these areas and target students missing out. Implement new programs / spaces / clubs such as for formerly incarcerated students and foster youth.

**Expected Outcome:** Reduced basic needs insecurity for students and increased participation in Career pathways.

**Responsible Party(s):** Vice President Student Services, Dean of Student Services, and Dean of Student Equity and Special Programs

**Performance Measures:** Review data collected on students receiving services through BNC these programs and determine areas of greatest need

- 3. SSMP Long-Range Plan #3 – Increase enrollment through early outreach and recruitment, robust onboarding, and continuous engagement efforts, especially for underrepresented student populations.**

Strategic Initiative:1, Strategic Goal: 4, Objective 4.1, 4.3

### **2022-23**

**Strategy Description:** In early outreach, target student populations, with increased K- 12 opportunities, such as Discover Lassen and College Day. Additionally, implement goals of the Student Equity Plan to increase access and success of target populations.

**Expected Outcome:** Increased enrollment, specifically in the DI groups

**Responsible Party(s):** Vice President Student Services, Dean of Student Services, and Dean of Student Equity and Special Programs

**Performance Measures:** Outreach data detailing conversion to students and increased DI population data evaluation.

### **2023-24**

**Strategy Description:** Continue to develop early outreach activities, target student populations, with increased K-12 opportunities, such as Discover Lassen and College Day. Additionally, implement goals of the Student Equity Plan to increase access and success of target populations. Western Undergraduate Exchange (WUE). Begin targeting advertising to DEIA groups with new vocational programs (Dental, Vet Tech, RN, AJ, FS, etc.)

**Expected Outcome:** Increased enrollment, specifically in the DI groups

**Responsible Party(s):** Vice President Student Services, Dean of Student Services, and Dean of Student Equity and Special Programs

**Performance Measures:** Outreach data detailing conversion to students and increased DI population data evaluation.

### **2024-25**

**Strategy Description:** Continue to develop early outreach activities, target student populations, with increased K-12 opportunities, such as Discover Lassen and College Day. Additionally, implement goals of the Student Equity Plan to increase access and success of target populations. WUE. Begin targeting advertising to DEIA groups with new vocational programs (Dental, Vet Tech, RN, AJ, FS, etc.)

**Expected Outcome:** Increased enrollment, specifically in the DI groups

**Responsible Party(s):** Vice President Student Services, Dean of Student Services, and Dean of Student Equity and Special Programs

**Performance Measures:** Outreach data detailing conversion to students and increased DI population data evaluation.

### **2025-26**

**Strategy Description:** Continue to develop early outreach activities, target student populations, with increased K-12 opportunities, such as Discover Lassen and College Day. Additionally, implement goals of the Student Equity Plan to increase access and success of target populations. WUE. Begin targeting advertising to DEIA groups with new vocational programs (Dental, Vet Tech, RN, AJ, FS, etc.)

**Expected Outcome:** Increased enrollment, specifically in the DI groups

**Responsible Party(s):** Vice President Student Services, Dean of Student Services, and Dean of Student Equity and Special Programs

**Performance Measures:** Outreach data detailing conversion to students and increased DI population data evaluation.

4. **SSMP Long-Range Plan #4 – Improve equitable outcomes and close equity gaps for LCC’s disproportionately impacted groups through increased engagement and retention efforts.**

Strategic Initiative:1, Strategic Goal: 4, 2, Objective 4.3

### **2022-23**

**Strategy Description:** Implement cultural events, workshops, curriculum audits, and ongoing professional development for staff and faculty in the area of DEIA. Increase early interventions and support services to minimize student barriers.

**Expected Outcome:** Increased completions for DI groups.

**Responsible Party(s):** Vice President Student Services, Dean of Student Services, and Dean of Student Equity and Special Programs

**Performance Measures:** Evaluate completion data and target information for Vision for Success metrics.

### **2023-24**

**Strategy Description:** Continue to implement cultural events, workshops, and ongoing professional development for staff and faculty in the area of DEIA. Increase early

interventions and support services to minimize student barriers (housing security, childcare, food insecurities, mental health, academic support, technology support, textbook lending / ZTC, academic counseling, transportation, etc.). Explore OEI and universal design options to improve inclusive classroom practices. Relocate categorical programs (EOP&S, CalWorks, TRiO TRACS) to Vocational Technical Building to address student access to services.

**Expected Outcome:** Increased services and support for DI groups resulting in increased completion rates.

**Responsible Party(s):** Vice President Student Services, Dean of Student Services, and Dean of Student Equity and Special Programs, Dean of Instruction

**Performance Measures:** Evaluate completion data and target information for Vision for Success metrics.

### **2024-25**

**Strategy Description:** Implement cultural events, workshops, curriculum audits, and ongoing professional development for staff and faculty in the area of DEIA. Increase early interventions and support services to minimize student barriers (housing security, childcare, food insecurities, mental health, academic support, technology support, textbook lending / ZTC, academic counseling, transportation, etc.).

**Expected Outcome:** Increased completions for DI groups.

**Responsible Party(s):** Vice President Student Services, Dean of Student Services, and Dean of Student Equity and Special Programs, Dean of Instruction

**Performance Measures:** Evaluate completion data and target information for Vision for Success metrics.

### **2025-26**

**Strategy Description:** Implement cultural events, workshops, curriculum audits, and ongoing professional development for staff and faculty in the area of DEIA. Increase early interventions and support services to minimize student barriers (housing security, childcare, food insecurities, mental health, academic support, technology support, textbook lending / ZTC, academic counseling, transportation, etc.).

**Expected Outcome:** Increased completions for DI groups.

**Responsible Party(s):** Vice President Student Services, Dean of Student Services, and Dean of Student Equity and Special Programs, Dean of Instruction

**Performance Measures:** Evaluate completion data and target information for Vision for Success metrics.

## **5. SSMP Long-Range Plan #5 – Build on services offered in the Career Transfer Center to support pathways meeting workforce needs and transfer activities that align students with bachelor degree completion.**

Strategic Initiative: 1, Strategic Goal: 2, Objective 2.4

### **2022-23**

**Strategy Description:** Partner with CTE programs and local workforce development agencies to develop services offered in the Career Transfer Center, build back

relationships with Alliance For Workforce Development (post COVID) and support pathways that meet workforce needs. Schedule multiple college visits throughout the school year and return to Discover Lassen activity. Promote the LCC Career Online Platform to connect LCC students with employers

**Expected Outcome:** Successful completions of degrees and certificates in CTE areas as well as increased transfer and job placement rates.

**Responsible Party(s):** Vice President Student Services, Dean of Student Services, and Dean of Student Equity and Special Programs

**Performance Measures:** Review data collected through ConexED, CTE Employment Outcomes Survey (CTEOS), and transfer data.

### **2023-24**

**Strategy Description:** Continue to develop partnerships with CTE programs and expand to regional workforce development agencies to advance services offered in the Career Transfer Center, maintain relationship with AFWD and support pathways that meet workforce needs. Schedule multiple college visits throughout the school year and prepare for 2024-2025 Discover Lassen activity. Expand and promote the LCC Career Online Platform to connect LCC students with employers

**Expected Outcome:** Successful completions of degrees and certificates in CTE areas as well as increased transfer and job placement rates.

**Responsible Party(s):** Vice President Student Services, Dean of Student Services, and Dean of Student Equity and Special Programs

**Performance Measures:** Review data collected through ConexED, CTE Employment Outcomes Survey (CTEOS), and transfer data.

### **2024-25**

**Strategy Description:** Continue to develop partnerships with CTE programs and maintain both local and regional workforce development agency relationships to advance services offered in the Career Transfer Center, maintain relationship with AFWD and support pathways that meet workforce needs. Schedule multiple college visits throughout the school year and deliver Discover Lassen activity to community. Expand and promote the LCC Career Online Platform to connect LCC students with employers

**Expected Outcome:** Successful completions of degrees and certificates in CTE areas as well as increased transfer and job placement rates.

**Responsible Party(s):** Vice President Student Services, Dean of Student Services, and Dean of Student Equity and Special Programs

**Performance Measures:** Review data collected through ConexED, CTE Employment Outcomes Survey (CTEOS), and transfer data.

### **2025-26**

**Strategy Description:** Continue to develop partnerships with CTE programs and maintain both local and regional workforce development agency relationships to advance services offered in the Career Transfer Center, maintain relationship with AFWD and support pathways that meet workforce needs. Schedule multiple college

visits throughout the school year and deliver Discover Lassen activity to community. Expand and promote the LCC Career Online Platform to connect LCC students with employers

**Expected Outcome:** Successful completions of degrees and certificates in CTE areas as well as increased transfer and job placement rates.

**Responsible Party(s):** Vice President Student Services, Dean of Student Services, and Dean of Student Equity and Special Programs

**Performance Measures:** Review data collected through ConexED, CTE Employment Outcomes Survey (CTEOS), and transfer data.

## **6. SSMP Long-Range Plan #6 – Pursue partnerships with UC Merced and Cal Poly Humboldt to advance opportunities for transfer for Lassen Community College students.**

Strategic Initiative:1, Strategic Goal: 4, 2, Objective 4.3

### **2022-23**

**Strategy Description:** Meet with stakeholders at both campuses to continue early conversations on transfer opportunities and pathways.

**Expected Outcome:** Signed MOU's solidifying partnership to grow enrollment on each of our campuses through transfer opportunities

**Responsible Party(s):** Vice President Student Services, Dean of Student Services, and Dean of Student Equity and Special Programs,

**Performance Measures:** Signed MOU and strategic plan to launch partnerships.

### **2023-24**

**Strategy Description:** Identify clear pathways for students to simplify process of degree attainment at either four-year institution.

**Expected Outcome:** Articulation agreements for multiple degrees and opportunities for completion. *The articulation is in place for the following degrees (Social Work, Nursing- Humboldt and Psy, Soc, and ANTH for UC Merced).*

**Responsible Party(s):** Vice President Student Services, Dean of Student Services, Dean of Student Equity and Special Programs, Articulation Officer, Director of Nursing & Allied Health, and Career and Transfer Coordinator and Director

**Performance Measures:** Evaluation of transfer data.

### **2024-25**

**Strategy Description:** Improve and promote transfer opportunities for students interested in either UC Merced or Humboldt after year 1 and year 2 evaluation of process.

**Expected Outcome:** further increase in transfer rates.

**Responsible Party(s):** Vice President Student Services, Dean of Student Services, and Dean of Student Equity and Special Programs, Director of Nursing & Allied Health, Articulation Officer, and Career and Transfer Coordinator and Director

**Performance Measures:** Evaluation of transfer data

## **Consultation Council 3:00 pm via Zoom (Monday, April 10, 2023)**

*Generated by Michell Williams on Monday, April 10, 2023*

Dana Armeson, Michell Williams, Julie Johnston, Carl Oberriter, Allison Lonergan, Tom Downing, Yuting Lin, Roxanna Haynes, Michael Blaschak, Susie Rentfrow, Codi Mortell, Tara Bias, Angelina Chamblee, Chad Lewis, Carie Camacho, Lisa Gardiner, Alison Somerville, Adam Runyan, Jennifer Tupper, Colleen Baker, Brady Reed, Kristin Gilman, Heather DelCarlo, Bridget Gowin, Kristina Divine.

### 1. Meeting Opening

Action: 1.02 Approval of Agenda

Approved by consensus

Minutes, Action: 1.03 Approval of Minutes 3/13/2023

The NIPRs that were included in these minutes did not make it to the Board agenda but they will be sent for approval in the May Board meeting.

Approved by consensus.

Minutes, Action: 1.04 Approval of Minutes 3/27/2023

Approved by consensus

### 2. Governance

Action, Governance: 2.01 Approval of SSMP- Roxanna Haynes

Roxanna- made some updates to data collection platforms and made some clarifications on updated behavioral health strategies. Articulation agreement changes were also updated.

Approved by consensus

### 3. Consultation

#### 4. Guided Pathways

Information, Discussion, Consultation: 4.01 Guided Pathways update-Brady Reed

Brady- working on the guided pathways workplan that is due June 1<sup>st</sup>. We are reporting out on other areas such as the student equity plan and other initiatives such as ZTC and SWP. Members may be reaching out for additional information.

### 5. Accreditation

Information, Discussion, Consultation: 5.01 Accreditation Update- Tri-Chairs

Chad- nothing new to report on. The accreditation group meets later this week and we should have an update at the next meeting.

### 6. Other-Information/Communication

Information: 6.01 Superintendent/President Update -- Carie Camacho

Carie- We have been discussing that on P1 there was an unexpected overage at the same time we are told we can't refinish the gym floor anymore due to the age. We are working on a budget amendment due to the P1 coming in higher and putting an investment back into the facilities to replace the gym floor. We have been discussing this at numerous meetings. You will see an edit to the board agenda which moves the item to a budget update to allow for more discussion on the item. We want this to be very transparent on the budget update. No questions or comments.

Information: 6.02 Good of the Order- Additional Information updates

Roxanna- update on WUE, we have received the memo we were waiting for. Lots of work happening in the background to recognize the students that may qualify for a WUE tuition rate. We are working on our marketing and have to get approval through WICHE before releasing. We are also working on the website page to include all the information. At the next consultation council there will be a BP and AP related to the WUE that will

recognize the WUE as different tuition rates than regular out of state residents. There will be an application for students to fill out to qualify for WUE.

Carie- we have already adjusted our tuition rate in anticipation of the WUE. The Board has already seen the MOU that I will sign and they have approved the MOU. Most of the background work has already been approved so we are ready to offer the tuition rate starting Fall 2023.

Roxanna- we will notify campus once this is all live in case anyone is receiving questions. The first consultation council meeting in May the budget committee will be bringing the prioritization list forward to consultation council. There is still some fine tuning but there has been some great conversations and we are excited to bring forward the list.

Carie- The P1 is based on last year's calculations and actuals based on fall. It is still part of our budget process so it would not be included in an NIPR. We are taking the budget addendum to all committees and the Board for transparency. We are not skipping a process or doing something different we are just adding more transparency to our process. We were close to being forced to hold our home games at Feather River due to the condition of our gym floor and this money will save us from having to do that. Prior to this year, it would typically go into the reserve or people would be told to stop spending. Discussion was had on adding some language to the Budget Handbook and ensuring we are following our budget process. This process is adding more transparency to the campus process. We are also working on a capital projects budget item that we can use to complete facilities projects in the future. Carie will meet with the accreditation chairs to ensure everyone is comfortable with the process.

Roxanna- similarly we found some items that went through the budget committee needs to be addressed through the budget handbook and some revisions made to the process.

Carie- In order for us to keep the WUE we need to comply with ACCJC as well as an institution we want to make sure that we are following the best practices. These conversation are so important to ensure that we are all aligning our processes to ACCJC.

Roxanna- reminder about the diversity 4-7 Friday the 21<sup>st</sup>. Open to community, staff, students, and faculty. There will be food offered and great guest speakers. Please RSVP using the QR code that was sent out today.

Information: 6.03 Planning and Resource Allocation Calendar

Our master plans are slowly coming in. The CIMP will hopefully be done by the new researcher.

7. Meeting Closing

Information: 7.01 Future Meetings

Adjourn 3:34pm.

**Regular Meeting of the Board of Trustees - 5:30 p.m. (Tuesday, August 8, 2023)**

Generated by Julie Johnston on Tuesday, August 8, 2023

**Members present**

Kim Dieter, Louis Hamilton, Buck Parks, Sophia Wages, Sandra Jonas, David Trussell, Robin Hanson

**Members absent**

Student Trustee Jasmine Gisselberg

**Meeting called to order at 5:30 PM****1. Meeting Opening**

Procedural: 1.01 Call to Order and Roll Call

Action, Procedural: 1.02 Agenda Approval

Motion by David Trussell, second by Sophia Wages

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages

Noes: None

Absent: Student Trustee Jasmine Gisselberg

Procedural: 1.03 Pledge of Allegiance to the Flag

The Pledge of Allegiance to the Flag was led by Trustee Sandra Jonas.

**2. Public Comments**

Information, Procedural: 2.01 Call for Requests from the Audience to Speak to any Item on the Agenda

None

Information, Procedural: 2.02 Public Comments on Items Not on the Agenda

None

**3. Consent Agenda-Any items removed will be considered after the motion to approve the Consent Agenda**

Information: 3.01 Public Comments on Consent Agenda Items

None

Action (Consent), Minutes: 3.02 Approval of Minutes of July 11, 2023 Regular Meeting

Action (Consent), Minutes: 3.03 Approval of Minutes of July 25, 2023 Workshop Meeting

Action (Consent): 3.04 Approval of Personnel Consent Agenda

Information: 7.32 BP 7600 District Policy Department / Campus Security (No Action Required)

Information: 7.33 BP 7700 Whistleblower Protection (No Action Required)

Information: 7.34 BP 7800 Institutional Reassignment / Transfers (No Action Required)

President Buck Parks advised that a lot of these are updates from CCLC. We will look at them again next month and look for approval at that time.

## 8. Administration

Action: 8.01 Approval of Revisions to Strategic Plan (Mission, Vision, Strategic Goals, ISLO's and College Values)

Interim Superintendent/President Carie Camacho stated that tonight we are asking for the Board to approve the revised Strategic Plan which was reviewed during the Planning Retreat a couple of weeks ago. The proposed revisions have been vetted through all the groups on campus, including Cabinet, Curriculum, Senate and Consultation Council. The proposed revisions will add the word "Community" in the first sentence under "Vision" and ISLO #5 on Cultural Awareness.

Motion by Sophia Wages, second by David Trussell

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages

Noes: None

Absent: Student Trustee Jasmine Gisselberg

Action: 8.02 Acceptance of Non-Instructional Program Review (NIPR) for Resource Development/Competitive Grants (Foundation)

Interim Superintendent/President Carie Camacho stated that we are asking for acceptance on the NIPR for Resource Development. It was not done with the previous Director. Julie stepped in and did a lot of the work on that along with Colleen who worked with everyone doing NIPR's to help facilitate their completion.

Motion by Louis Hamilton, second by Sandra Jonas

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages

Noes: None

Absent: Student Trustee Jasmine Gisselberg

Action: 8.03 Approval of PPL Contract for VP of Administrative Services Search

Interim Superintendent/President Carie Camacho reported that we are now at a point where we need to go through a search firm. We have been through two searches and four declines. PPL is a well known search firm with a good track record. If we cannot get the position filled through them, we have a problem. They are very good guys to work with, and know people throughout the state. Mrs. Camacho stated she is asking for the Board's approval to contract with them. It is a flat fee of \$28,000 and up to \$3,000 in travel. Filling the VP of Administrative Services position is vital.

Motion by Robin Hanson, second by Sophia Wages

Final Resolution: Motion carries.

Ayes: Kim Dieter, Louis Hamilton, Robin Hanson, Sandra Jonas, Buck Parks, David Trussell, Sophia Wages

Noes: None

Absent: Student Trustee Jasmine Gisselberg

Action: 8.04 Authorize Sale of Surplus Items from Lassen Community College

Interim Superintendent/President Carie Camacho advised that they are looking for approval for the property in the surplus sale. This has been a ginormous undertaking from our maintenance people and there are not been a surplus sale on campus since Dr. Houston was here. The Cogen was used as a storage facility but it has been cleaned out. This will be the first round and then another round will happen a bit later. After we get everything cleaned out and

## **A. Introduction**

### **College History**

Lassen Community College (LCC) has a long history of serving the communities of Lassen, Modoc, and Plumas counties through preparation for transfer to four-year colleges, lifelong learning, basic skills, general education, and career technical education. LCC affords students significant learning opportunities through devoted teaching, excellent support services, and an environment that is responsive to students' changing needs and circumstances.

LCC was founded in 1925, when the Junior College Department of the Lassen Union High School District was established and began conducting classes on the Lassen High School campus. As time progressed, a separate facility was opened in 1941 across from the high school. The modern era of LCC began in 1965 with the establishment of the LCC District and the separation from the high school district. A separate Board of Trustees was elected and planning began for a new campus. That campus, located just north of Susanville on Highway 139, today consists of 165 acres and 39 buildings. It began operations in September 1971. In addition to the main campus, face-to-face classes offered at High Desert State Prison and the California Correctional Center and correspondence courses offered to incarcerated students at forty-six (46) off-campus locations. Intercollegiate athletic classes schedule some practices and competitions at several off-campus fields (Riverside Park, Memorial Park, and Meadow View School).

Since the peak of LCC's headcount in 2010-2011, there has been a decrease in annual headcount. This decrease in headcount is directly related to severe budget cuts and workload reductions across the state and is not indicative of a lack of community need for education. As California continues to restore community colleges, LCC will be looking to continue to grow and meet community and distance education students' need for education.

LCC is dedicated to raising performance in all areas with a goal of continuously improving the success of our students. The efforts of faculty, classified staff, management/confidential staff, and administration have all continued to increase persistence and success of students enrolled at LCC.

### **Student Enrollment Data**

After reaching a peak in the 2010-11 academic year of 2,038 FTES, the LCC student population has, over the period of analysis for accreditation, decreased overall to finish the 2018-19 academic year at 1,661 FTES (see Figure 1).

Figure 1: FTES per Academic Year, 2010 - 2018

Resident FTES have fluctuated somewhat year-to-year, achieving a 1.1% increase over the six year period of analysis for this study. Non-resident FTES have declined by over 37%, accounting for the overall decline of 2.49% in overall FTES. In 2011, fiscal cuts necessitated by the country’s recession forced the state of Nevada to end their decades-long Good Neighbor Policy (GNP). This ultimately had a negative impact on LCC’s FTES count, with the last GNP FTES counted in 2014 (see Table 1).

Overall, enrollments have decreased by over 7.5%, student headcount has decreased by just over 3%, and the number of enrollments per student decreased by 4.34%. The number of sections offered increased by nearly 1%, the number of Sections per Student increased by 3.87%, and the number of Sections per FTES increased by 3.33%. Another measure of student engagement is how many students per FTES, which has held steady (-0.56%) over the study period, and yet enrollments per FTES have decreased by nearly 5%. From this it is clear that we are, by and large, maintaining our level of students, but that the students are not taking as many classes as they used to (see Table 1). This is due significantly to the proportional increase of incarcerated students within the LCC student population.

With the decrease in both FTES and enrollments, the college has over the last year undertaken efforts to improve the efficiency and effectiveness of instruction by more appropriately matching section offerings to enrollment demands, increasing the number of students with education plans, and implementation of Guided Pathways initiatives (MyPath, Starfish, etc.). These and other efforts currently underway will in turn improve our ratio of enrollments per student and correspondingly improve completion rates.

## Labor Market Data

In 2017, Lassen Community College (LCC) engaged the Center for Economic Development (CED) at Chico State University to conduct two studies. As part of these studies, labor market projections were researched for a variety of industry segments across a wide region around the campus, based on where many LCC graduates relocated to after graduation. The survey area for this study included counties throughout northern California and southern Oregon, as well as the Reno metropolitan area.

The tables below provide 10-year (2014-2024) employment projection data from the California, Nevada, and Oregon State Employment Departments for all major Metropolitan Statistical Areas (MSA) and counties in the area surveyed in these CED studies. Table 2 provides employment projections for all industries, while Tables 3 through 6 provide projections for industry areas that would be directly served by many of Lassen College's degree and certificate programs: Educational Services, Healthcare, and Social Assistance; Manufacturing; Professional and Business Services; and Trade, Transportation, and Utilities.

The Reno-Sparks MSA has the largest projected growth in total employment of any region within the study area, with a 2.9 percent average annual increase in total employment projected through 2024. The smallest overall employment growth is projected to occur in Southern Oregon counties, with just under 1 percent aggregate annual growth projected. Notably, while manufacturing employment is projected to have only marginal gains and even some losses in other regions, manufacturing employment in the Reno-Sparks region is projected to increase by almost 8 percent per year through 2024. This suggests that Lassen College graduates of manufacturing-related certification programs will have a significant area of potential employment relatively close to the Lassen College campus in Susanville.

	Employment 2014	Employment 2024	Change	Percent Change	Average Annual Percent Change
<b>California</b>					
Redding MSA	67,400	77,300	9,900	14.7%	1.5%
Chico MSA	84,800	97,900	13,100	15.4%	1.5%
Yuba City MSA	47,900	55,400	7,600	15.9%	1.6%
North Valley*	37,590	43,010	5,420	14.4%	1.4%
North Mountains**	71,990	92,510	20,520	28.5%	1.5%
<b>Nevada</b>					
Reno-Sparks MSA	210,900	275,138	64,238	30.5%	2.0%
<b>Oregon</b>					
Rogue Valley***	111,570	121,260	9,690	8.7%	0.9%
South Central****	26,600	28,350	1,750	6.6%	0.7%

Table 2: 2014 – 2024 Employment Projections for All Industries within CED Study Regions (Source: California Employment Development Department; Oregon Employment Department; Nevada Department of Employment, Training, and Rehabilitation)

\* Includes Colusa, Glenn, and Tehama Counties

\*\* Includes Lassen, Modoc, Nevada, Plumas, Sierra, Siskiyou, and Trinity Counties

\*\*\* Includes Josephine and Jackson Counties

\*\*\*\* Includes Lake and Klamath Counties

Besides the Reno-Sparks region, the Redding MSA and Josephine and Jackson Counties, OR, are projected to have modest gains in manufacturing employment. California regions generally seem to have the most sluggish projected growth in this industry area, and the North Mountains region (which includes Lassen County) is actually projected to have a very slight decrease in future employment.

While the Reno-Sparks MSA was similarly dominant in projected employment growth for Education, Healthcare, and Social Services-related businesses, all California regions are also projected to have relatively strong growth in industry employment. The most notable projected increases in the North Mountains region (which includes Lassen County), with 28 percent, and the Yuba City MSA with 24 percent. While projected increases were smaller in Southern Oregon, they are nonetheless quite robust when compared to other industry areas in Tables 2 through 4.

	Employment 2014	Employment 2024	Change	Percent Change	Average Annual Percent Change
<b>California</b>					
Redding MSA	11,100	16,900	2,800	19.9%	2.0%
Chico MSA	17,800	21,700	3,900	21.9%	2.2%
Yuba City MSA	7,100	8,800	1,700	23.9%	2.4%
North Valley*	4,510	5,210	800	17.9%	2.1%
North Mountains**	9,270	11,830	2,560	27.6%	2.8%
<b>Nevada</b>					
Reno-Sparks MSA	38,685	51,375	12,690	32.8%	3.3%
<b>Oregon</b>					
Rogue Valley***	18,410	21,170	2,760	15.0%	1.5%
South Central****	3,390	3,910	520	15.3%	1.5%

Table 3: 2014 – 2024 Employment Projections for Educational Services, Healthcare, and Social Assistance-related Businesses within Study Regions (Source: California Employment Development Department; Oregon Employment Department; Nevada Department of Employment, Training, and Rehabilitation)

\* Includes Colusa, Glenn, and Tehama Counties

\*\* Includes Lassen, Modoc, Nevada, Plumas, Sierra, Siskiyou, and Trinity Counties

\*\*\* Includes Josephine and Jackson Counties

\*\*\*\* Includes Lake and Klamath Counties

	Employment 2014	Employment 2024	Change	Percent Change	Average Annual Percent Change
<b>California</b>					
Redding MSA	2,300	2,600	300	13.0%	1.3%
Chico MSA	1,000	1,200	200	5.0%	0.5%
Yuba City MSA	2,100	2,300	200	9.5%	1.0%
North Valley*	3,660	3,970	310	8.5%	0.8%
North Mountains**	2,750	2,740	(10)	-0.7%	-0.1%
<b>Nevada</b>					
Reno-Sparks MSA	12,039	22,447	9,778	77.2%	7.7%
<b>Oregon</b>					
Rogue Valley***	10,990	11,170	180	1.6%	1.1%
South Central****	2,000	2,130	130	6.5%	0.7%

Table 4: 2014 – 2024 Employment Projections for Manufacturing-related Businesses within Study Regions (*Source: California Employment Development Department; Oregon Employment Department; Nevada Department of Employment, Training, and Rehabilitation*)

\* Includes Colusa, Glenn, and Tehama Counties

\*\* Includes Lassen, Modoc, Nevada, Plumas, Sierra, Siskiyou, and Trinity Counties

\*\*\* Includes Josephine and Jackson Counties

\*\*\*\* Includes Lake and Klamath Counties

The North Valley and North Mountain regions of California are projected to have some of the largest increases in Professional and Business Service-related employment (besides the Reno-Sparks MSA), and relatively robust gains are projected in this industry area for much of Northeast California and Northwest Nevada. Smaller gains are projected for Oregon study regions.

	Employment 2014	Employment 2024	Change	Percent Change	Average Annual Percent Change
<b>California</b>					
Redding MSA	6,000	6,800	800	13.3%	1.3%

## Demographic Data

The Lassen Community College (LCC) District is a single college district. Figure 2 provides a graphical representation of the service area where the LCC campus is located at the northeast region of California on the border of Nevada.

Figure 2: Service Area

The U.S. Census Bureau 2018 population estimate shows a decrease of 11.73 percent (4,093) in the district population since 2010. A comparison of demographics based on gender showed a ratio of nearly 2 males to every female in the district population, due to more than 27.5% of the district population being incarcerated in the one federal and two state prisons in the service area.

## **Socio-economic Data**

The ethnicity representation of the District service area population is primarily composed of white non-Hispanic, followed by Hispanic and African American residents. Over 72 percent of residents in the total service area population fall between the ages of 18 to 65. In terms of highest educational attainment for this group, 82.3 percent had a high school diploma or higher, 12.4 percent a bachelor's degree or higher. Within the District service area, there are 398 employer establishments, the median income is 6.2 percent below the national average at \$54,083. Veterans comprise 8.9 percent of the area population, and while 82.4 percent of district households have a computer, only 72.9 percent have a broadband internet subscription.

## **Sites**

That main campus, located just north of Susanville on Highway 139, consists of 165 acres and 39 buildings. The facilities include administration building, board room, student union, student dorm, creative arts building, humanities building housing the library and learning center, science building, the gymnasium with locker rooms and adjacent athletics fields, agriculture facility, and other career and technical education buildings. Instruction is provided through face-to-face, hybrid and online modalities of delivery from the main campus. In addition to the main campus, a variety of degrees and certificates are offered via face-to-face instruction at the two local state prisons (High Desert and the California Correctional Center). Courses are delivered via correspondence instruction to incarcerated students at forty-six (46) different locations.

## **Specialized or Programmatic Accreditation**

The Licensed Vocational Nursing Program was originally accredited by the "California Board of Vocational Nursing and Psychiatric Technician's" (BVNPT) in the mid 1970's. The program has remained accredited to date even with the long break and the program restructuring. Current program approval with new curriculum was granted in 2016 and has been renewed annually to date.

## **B. Presentation of Student Achievement Data and Institution-set Standards**

During the 2013-2014 academic year, the college established five institutional set standards: completion, fall-to-fall retention, degrees awarded, certificates awarded, and four-year transfer. At the same time, the college established institutional set standards for job placement in vocational programs, and institutional set standard for license exam in nursing. ([EV1](#), [EV2](#), [EV3](#)). The standards were developed by the Institutional Effectiveness Committee and Institutional Researcher based on multiple assessments of longitudinal data conducted on each of the related factors.

### **Course Completion Rate:**

Data gathered from the Ellucian Colleague database from three fall terms was aggregated to determine the institutional set standard of 70% of course completion.

### **Certificates Awarded:**

Data gathered from the Ellucian Colleague database for three academic years was used to establish the institutional standard of 163 certificates per year.

### **Degrees Awarded:**

Data gathered from the Ellucian Colleague database for three academic years was averaged to establish the institutional standard of 144 degrees per year.

### **Four-Tear-Transfer:**

The Chancellor's Office transfer pathways tool to report transfers to California state schools by fiscal year for three academic years was used to establish the institutional standard of 31 four-year transfers per year.

College-Wide Student Achievement									
Data Element	Definition of the measure	Institution Set Standard	Stretch Goal	FY17/18	FY16/17	FY15/16	FY14/15	FY13/14	Multi-Year Average
Course Completion Rate	Completion is the number of students who receive a successful grade over the number of students who are enrolled in the course.	70%	85%	71%	75%	72%	72%	69%	72%
Institution-identified data element - Certificates	Certificates awarded is the number of student who received a certificate in the academic year.	163	250	104	150	121	95	111	116.20
Institution-identified data element - Associate Degree	Degrees awarded is the number of students who received a degree in the academic year.	144	350	215	256	239	241	196	229.40
Institution-identified data element - Transfer	Four-Year Transfer is the number of students that transfer to a 4-year institution in the academic year.	31	100	48	64	47	91	96	69.20

Data Source: ACCJC Annual Reports

Table 7: College-Wide Student Achievement

The college has performed consistently better than the standard in course completion, associate degrees awarded and transfer to four-year institutions. The number of certificates awarded has been consistently below the established standard.

The institutional set standards for career technical education student achievement were developed based on the CTE Perkins IV core indicators (Core 4 – Employment) data. The standard was based on the recommendation of the 2013-14 Perkins Performance Trend Report. Job placement standard for each program was established at 71%.

Career Technical Education Student Achievement							
Data Element	Definition of the measure	Institution Set Standard	2016	2015	2014	2013	Multi-Year Average
Job Placement Rate	Administration of Justice	71%	69.6%	86.7%	73.3%		77%
	Agriculture	71%	0.0%	0.0%	70.0%		23%
	Automotive Technology	71%	0.0%	0.0%	83.3%	66.7%	38%
	Business & Management	71%	69.2%	0.0%	69.2%	50.0%	47%
	Fire Science	71%	0.0%	64.3%	69.2%	68.8%	51%
	Gunsmithing	71%	50.0%	43.5%	76.5%	31.6%	50%
	Welding	71%	0.0%	0.0%	57.1%	66.7%	31%

Data Source: ACCJC Annual Reports

Table 8: CTE Student Achievement – Job Placement Rate

The institutional set standard for career technical education licensure exams was based on the average of the three-year trend of licensure exams for the Licensed Vocational program set at 85%.

Career Technical Education Student Achievement								
Data Element	Definition of the measure	Institution Set Standard	2018	2017	2016	2015	2014	Multi-Year Average
Licensure Exam Passage Rate	Vocational Nursing	85%	87.0%	0.0%	0.0%	0.0%	78.0%	33%

Data Source: Board of Vocational Nursing and Psychiatric Technicians

Table 9: CTE Student Achievement – Licensure Exam Pass Rate

The vocational nursing program was suspended for several years due to the lack of a director. A director was hired and the nursing program re-instated in Fall 2017 accounting for the data provided.

#### Successful Course Completion Rates by Ethnicity for Years 2014 through 2018

Success Rates by Ethnicity					
Ethnicity	2014	2015	2016	2017	2018
Unknown/Non-Respondent	78.6%	83.7%	80.8%	84.2%	86.3%
White	77.3%	76.6%	78.7%	79.5%	79.6%
Hispanic	67.6%	69.0%	68.7%	72.7%	74.2%
Pacific Islander	67.0%	69.4%	68.7%	67.7%	61.7%
American Indian/Alaskan	58.8%	65.8%	70.1%	73.5%	62.3%
Black or African American	60.0%	61.7%	60.3%	67.1%	63.5%
Asian	74.9%	78.8%	76.3%	78.0%	76.3%
Two or More Races	72.5%	78.3%	77.6%	68.2%	69.8%

Data Source: LCC Data Warehouse

Table 10: Student Success Rates by Ethnicity

The success by ethnicity is impacted by the high numbers of incarcerated students within certain ethnic groups.

All Student Types

Figure 3 below shows the success rates for all students and instructional modalities for academic years 2014 through 2019 (Fall Semester). It is notable that success rates for all modalities have trended upwards across the analysis time frame.

Figure 3: Success Rates for All Students and Instructional Modalities, 2014 - 2019

### Incarcerated Students

Incarcerated students are provided face-to-face instruction at the two local prisons (High Desert State Prison and California Correctional Center). Correspondence instruction is limited to incarcerated students. Incarcerated students experience many challenges contributing to their difficulty in completing and being successful in the coursework. Figure 4 below represents all instruction provided to incarcerated students for academic years 2014 through 2019 (Fall semester). “Hybrid” courses were only conducted for incarcerated students for academic years 2016 and 2017 and were discontinued after this time. Success rates for both “Face to Face” and “Correspondence” have trended upwards across the analysis time frame.

Figure 4: Success Rates for Incarcerated Students for All Instructional Modalities, 2014 - 2019

## REG & C12 Student Types

Figure 5 below represents success rates for “Regular” and “Dual/Concurrent Enrollment” (all non-incarcerated) students for academic years 2014 through 2019 (Fall semester). Correspondence courses for these students were discontinued after the 2018 academic year. Overall, success rates for all modalities have continually trended upwards across this period of analysis.

Figure 5: Success Rates for "Regular" and "Dual/Concurrent Enrollment" Students for All Instructional Modalities, 2014 - 2019

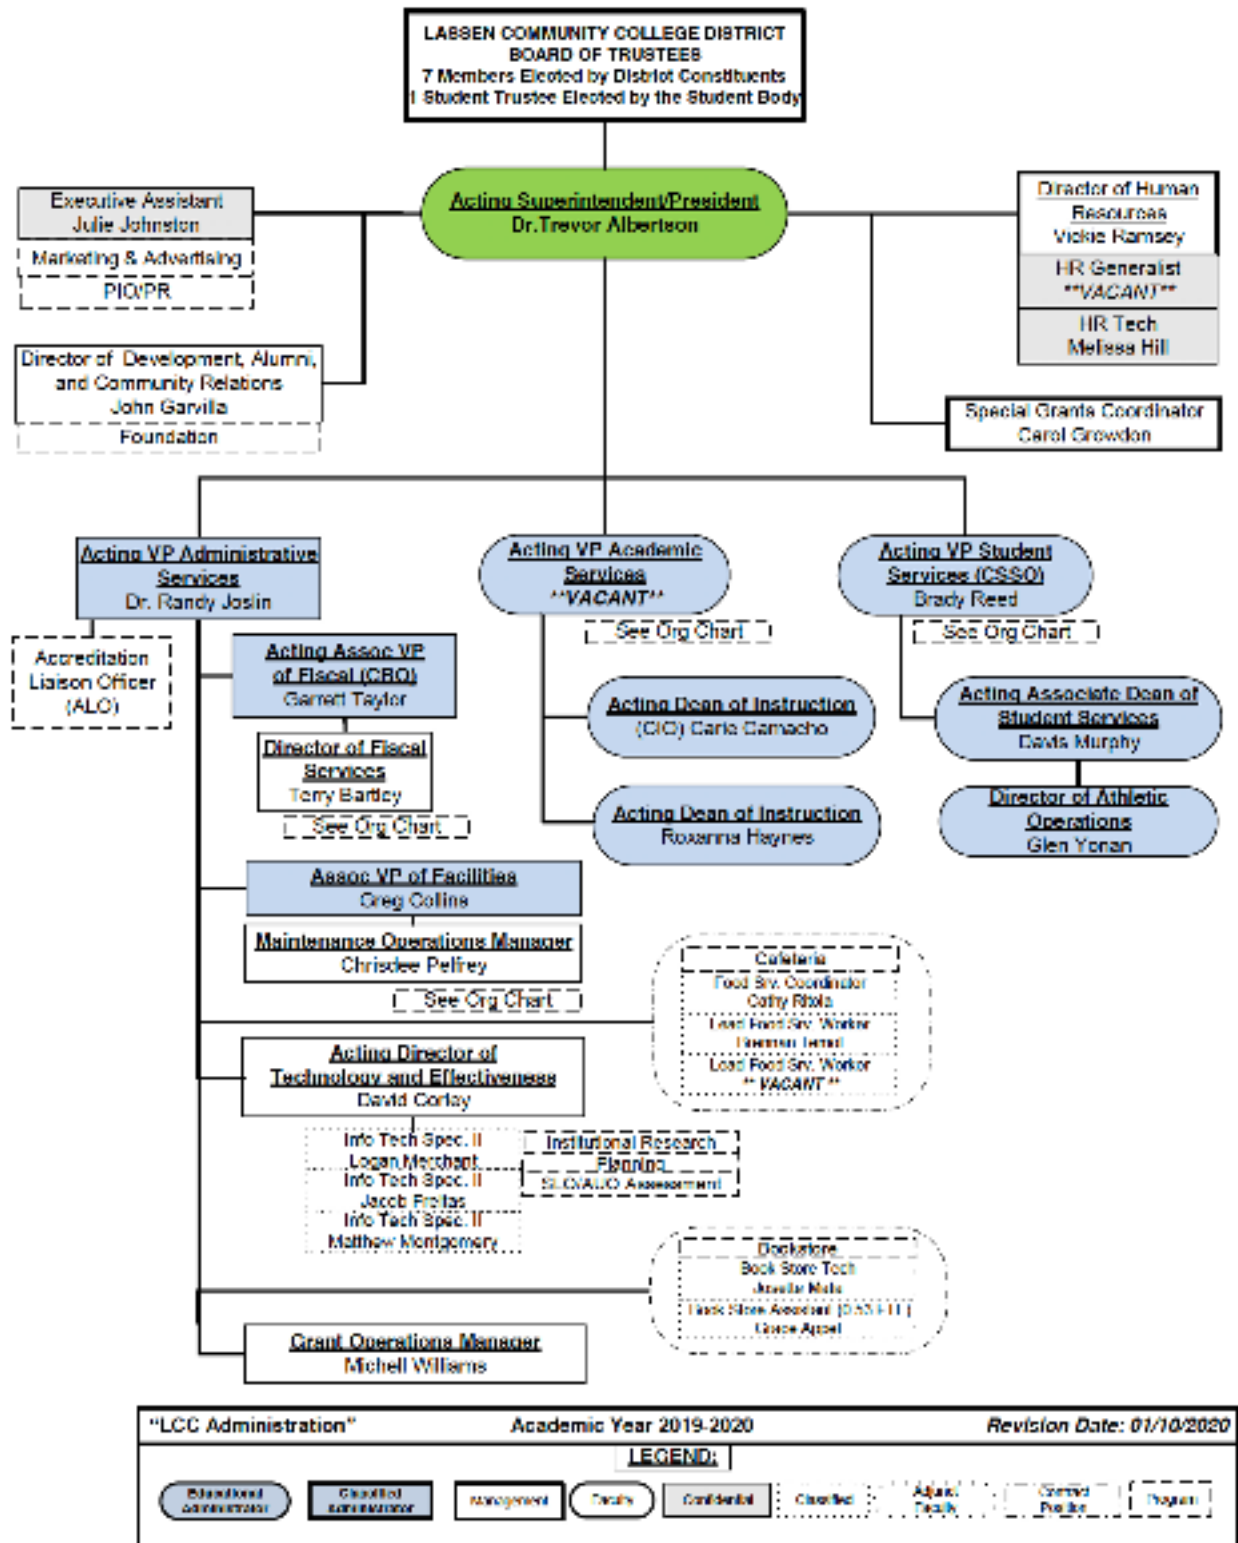

## **C. Organization of the Self-Evaluation Process**

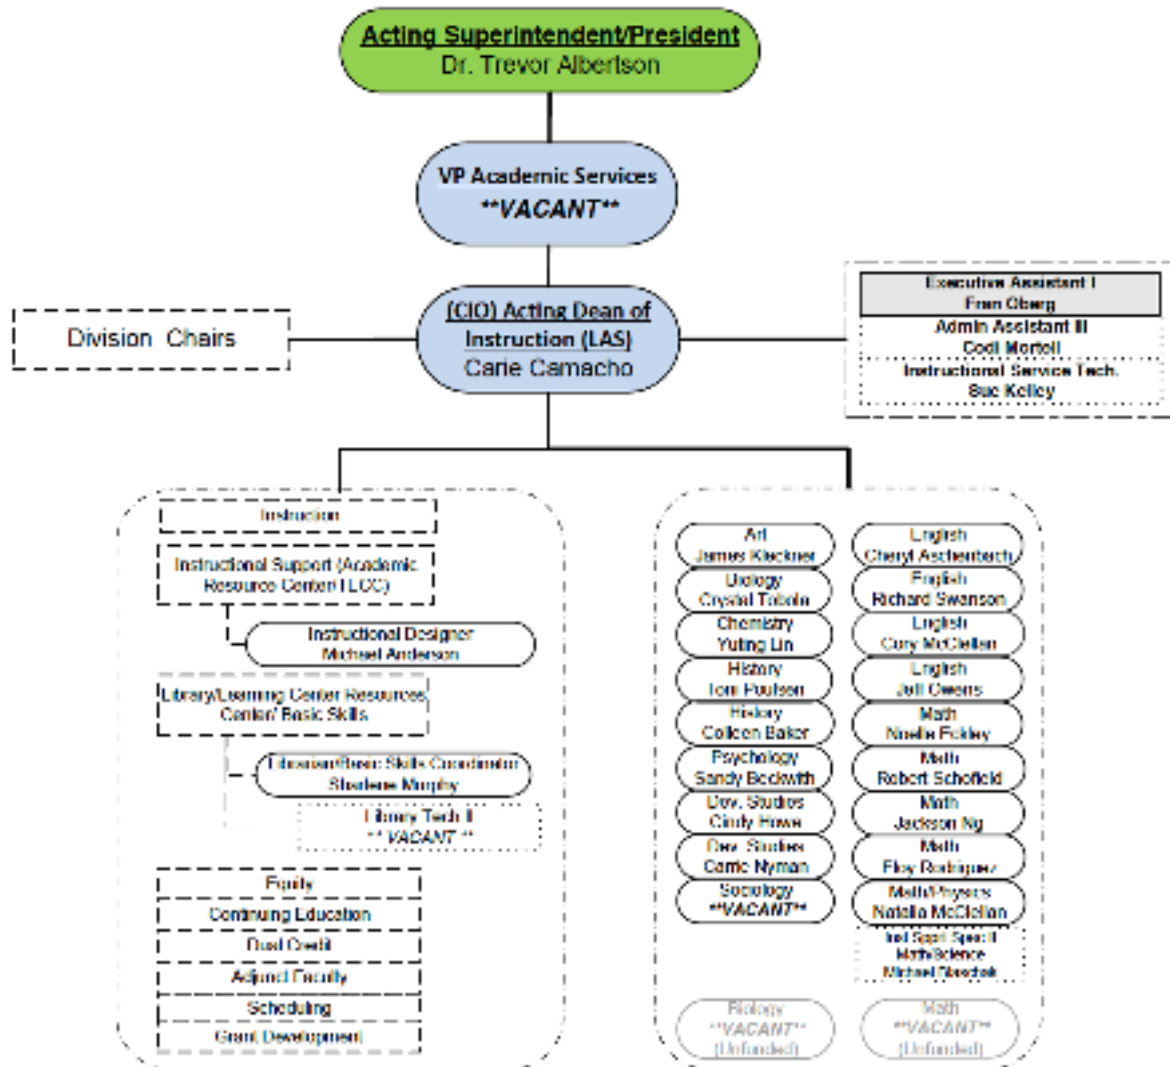

For several years, the college has been consolidating committees as a means of improving institutional effectiveness. A decade ago, the institution decided to consolidate the functions of monitoring alignment of institutional performance with accreditation standards and oversight for the development of the accreditation self-evaluation with the functions of Consultation Council/Strategic Planning Committee, the primary governance and planning standing committee. The action was seen as a further step towards integrating accreditation activities into the ongoing operations of the campus. The Consultation Council/Strategic Planning Committee consists of representatives, including elected leaders, from all constituent groups. Specifically, Consultation Council/Strategic Planning Committee includes all administrators, four faculty division chairs, the academic senate president, faculty accreditation liaison officer, three manager representatives (president, human resource director, director of institutional effectiveness), three classified representatives (president plus two additional appointees), and the associated student body president (plus additional students as available).

The staff and student accreditation surveys were administered and tabulated during October 2019 ([EV4](#), [EV5](#)). A campus team attended the ACCJC Self-Evaluation Workshop in April 30-May 3, 2019. The person holding the position of Accreditation Liaison Officer has changed four times in the last year consistent with changes in administration. The Accreditation Co-Chairs, faculty positions, oversaw the process during 2017-2018. A single faculty accreditation chair was identified for 2018-2019. This faculty member departed the institution for a one-year leave of absence in July 2019. The faculty accreditation chair subsequently appointed resigned in September 2019 and was not replaced. Administration, management, and classified employees rallied to complete the task. From October 2019 through January 2020 meetings and writing sessions continued to be conducted utilizing participants from across the campus.

The Consultation Council/Strategic Planning Committee adopted the final Self-Evaluation document on January 13, 2020. The Academic Senate and the Governing Board adopted it on January 14, 2020.

## **E. Certification of Continued Institutional Compliance with Commission Policies**

### **Eligibility Requirement 1: Authority**

*The institution is authorized or licensed to operate as a post-secondary educational institution and to award degrees by an appropriate governmental organization or agency as required by each of the jurisdictions or regions in which it operates. Private institutions, if required by the appropriate statutory regulatory body, must submit evidence of authorization, licensure, or approval by that body. If incorporated, the institution shall submit a copy of its articles of incorporation.*

Lassen Community College (LCC) is a publicly funded, two-year community college offering educational programs in accordance with the requirements of the California State Education Code and the Board of Governors of the California Community Colleges. The Accrediting Commission for Community and Junior Colleges (ACCJC) of the Western Association of Schools and Colleges (WASC), 10 Commercial Boulevard, Novato, California 94949, (415) 506-0234, an institutional accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation and the U.S. Department of Education accredits the College ([EV6](#)).

### **Eligibility Requirement 2: Operational Status**

*The institution is operational, with students actively pursuing its degree programs.*

LCC is “operational, with students actively pursuing its degree programs.” The total enrollment at the College for 2018 was 15,117, for 2017 was 15,455, and for 2016 was 15,149. In 2018-2019, two hundred and ninety-nine (299) associate degrees were awarded. The College operates year-round with two primary academic terms and two summer sessions ([EV7](#)). The College is a vital part of the Susanville greater community.

### **Eligibility Requirement 3: Degrees**

*A substantial portion of the institution’s educational offerings are programs that lead to degrees, and a significant proportion of its students are enrolled in them. At least one degree program must be of two academic years in length.*

The College offers forty (40) associate degrees including Associate degrees for Transfer, Associate in Arts and Associate in Science degrees all intended to be completed in two years. In addition, the college offers a variety of Certificates of Achievement and Accomplishment as identified on pages 31-83 of the college catalog ([EV8](#)). A substantial number of students receive degrees or certificates. In 2018-2019, LCC awarded one hundred and ninety-eight (198) Associate in Arts degrees, thirty-four (34) Associate of Arts degree for transfer, thirty-three (33) Associate in Science degrees, thirty-four (34) Associate of Science degrees for transfer, and one hundred fifty-two (152) Certificates of Achievement.

### **Eligibility Requirement 4: Chief Executive Officer**

*The institution has a chief executive officer appointed by the governing board, whose full-time responsibility is to the institution, and who possesses the requisite authority to administer board policies. Neither the district/system chief executive officer nor the institutional chief executive officer*

*may serve as the chair of the governing board. The institution informs the Commission immediately when there is a change in the institutional chief executive officer.*

The Governing Board took action at a special meeting on December 17, 2019 to hire the current acting Superintendent/President, effective that date ([EV9](#)). The President's full-time responsibility is to the institution ([EV10](#)). The Chief Executive Officer's primary charge from the Governing Board is to operate the College in accordance with Board policies, to effectively manage the College, and to develop the long-range planning that keeps the College viable and well managed. The Governing Board is committed to following board policies and acknowledges the authority and responsibility of the Chief Executive Officer. The College Superintendent/President does not serve as the chair of the Governing Board but attends and participates in all board meetings as a college representative. The Superintendent/President holds the necessary credentials to serve as an administrator and Chief Executive Officer at a California Community College.

**Eligibility Requirement 5: Financial Accountability**

*The institution annually undergoes and makes available an external financial audit by a certified public accountant or an audit by an appropriate public agency. Institutions that are already Title IV eligible must demonstrate compliance with federal requirements.*

The District's financial funds and processes are audited annually. An external, independent certified public accounting firm with the following objectives conducts these financial and compliance audits:

- To determine the fairness of presentation of the District's financial statements in accordance with accounting principles generally accepted in the United States.
- To evaluate the adequacy of the systems and provisions affecting compliance with applicable federal and California laws and regulations, with which noncompliance would have a material effect on the District's financial statements and allowability of program expenditures for federal and California financial assistance programs.
- To evaluate the adequacy of the internal control structure sufficient to meet the requirements of auditing standards generally accepted in the United States for the purpose of formulating an opinion on the basic financial statements taken as a whole and sufficient to ensure compliance with federal and state regulations.
- To determine whether financial and financially related reports to state and federal agencies are presented fairly, and
- To recommend appropriate actions to correct any noted areas where internal control compliance with applicable federal and state regulations could be improved.

All annual audits are certified and any noted exceptions explained. In addition, LCC conducts its own fiscal analysis and monitors the financial funds. As of June 30, 2019, the District maintains a minimum of unaudited, unrestricted reserves of 7 percent.

## **F. Certification of Continued Institutional Compliance with Commission Policies**

Lassen Community College certifies that it continues to be in compliance with the federal regulations noted below, and Commission Policies on Rights and Responsibilities of the Commission and Member Institutions; Institutional Degrees and Credits; Transfer of Credit; Distance Education and on Correspondence Education; Representation of Accredited Status; Student and Public Complaints Against Institutions; Institution Advertising, Student Recruitment, and Representation of Accredited Status; Contractual Relationships with Non-Regionally Accredited Organizations; and Institutional Compliance with Title IV.

### **Public Notification of an Evaluation Team Visit and Third Party Comment**

*Regulation citation: 602.23(b).*

The announcement of the upcoming team visit, along with the opportunity to provide third-party comments was included in the local newspaper, Lassen County Times on December 24, 2019 and added to the Susanville Stuff website, on December 17, 2019. The announcement is to run once a week in the newspaper for six weeks. ([EV11](#), [EV12](#)). The announcement was added to the main accreditation page of the college website on December 12, 2019, and this was communicated to the campus community via email on the same day ([EV12a](#)). It is the college's intention to work to resolve any concerns derived from third-party comments submitted.

### **Standards and Performance with Respect to Student Achievement**

*Regulation citations: 602.16(a)(1)(i); 602.17(f); 602.19 (a-e).*

During the 2013-2014 academic year, the college established standards of student achievement with the adoption of five institutional set standards: completion, fall-to-fall retention, degrees awarded, certificates awarded, and four-year transfer. At the same time, the college established institutional set standards for job placement in vocational programs, and institutional set standard for license exam in nursing. ([EV1](#), [EV2](#), [EV3](#)). College performance is compared to institutional standards annually and reported the ACCJC in the annual report ([EV13](#), [EV14](#), [EV15](#)). During the development of student learning outcomes, target measures as one component of student learning outcome mapping were established for each course level outcome. ([EV16](#), [EV17](#), [EV18](#)). The program review process includes the opportunity for analysis of student learning outcomes relative to established student learning outcome target measures.

### **Credits, Program Length, and Tuition**

*Regulation citations: 600.2 (definition of credit hour); 602.16(a)(1)(viii); 602.24(e), (f); 668.2; 668.9.*

LCC awards credit to students based upon their successful completion of courses. The measurement of successful completion of the course is based directly on the achievement of a course's objectives and SLOs. The College awards appropriate course credit based on the Carnegie unit. A lecture class requires the equivalent of one academic hour (50 minutes) of instruction plus two hours of out-of-class work per week for each semester unit conferred. Laboratory classes require three academic hours (150 minutes) per week for each semester unit

conferred. (EV19) Pages 31-87 of the College Catalog provides the minimum number of credits required for each degree. (EV8) Fee information is provided in the College Catalog on pages 11-12 and 28-29. (EV8)

### **Transfer Policies**

*Regulation citations: 602.16(a)(1)(viii); 602.17(a)(3); 602.24(e); 668.43(a)(ii).*

Administrative procedure 4100 contains a definition of “college work”, which clarifies the criteria for awarding the transfer of credit. (EV20) The information is provided to the public in the college catalog on pages 29-31. (EV8) The college makes an effort to articulate courses with other institutions through the Common Course Numbering system (C-ID). This facilitates the transfer of credit for students enrolling at the college and students transferring.

### **Distance Education and Correspondence Education**

*Regulation citations: 602.16(a)(1)(iv), (vi); 602.17(g); 668.38.*

The development, implementation, and evaluation of courses and programs occur utilizing the same institutionally developed processes regardless of the modality of delivery. All new courses, certificates and degrees are reviewed and ultimately adopted by the Curriculum/Academic Standards Committee, a subcommittee of the Academic Senate, comprised primarily of faculty. (EV21) The Academic Senate forwards recommendations for new courses and programs to the Governing Board for adoption. Existing courses, certificates and degrees are reviewed and updated as part of the ongoing program review process. The Academic Senate provided additional information on the delivery of instruction by developing and adopting three separate faculty handbooks: *Faculty Handbook*, *Handbook for Correspondence Instructors* and *Handbook for Online Instructors*. (EV22, EV23, EV24) At a minimum, faculty members teaching in the online environment are required to attend or have attended workshops leading to certification in online instruction.

The college received approval to offer several degrees more than 50% correspondence and a variety of degrees and certificates more than 50% online. (EV25, EV26)

Further control of the delivery of instruction through each of the modalities occurs during faculty evaluations. All full-time and adjunct faculty members are evaluated for all modalities in which they deliver instruction at the time of their evaluation as specified in Article 6 of the LCFA Collective Bargaining Agreement. (EV27)

Each student, upon admission to the College, is assigned a unique student ID, which is used for registration and tracking student records. This ID is also the student’s distinctive user-ID for online and correspondence delivery. Unique passwords are assigned and employed as a means of assuring academic integrity of online courses.

### **Student Complaints**

*Regulation citations: 602.16(a)(1)(ix); 668.43.*

Administrative procedure 5530 – Student rights and Grievances clearly articulates the scope, definitions and procedures to be followed in the addressing of student complaints. (EV28) The procedures for student grievance and appeals is provided to the public in the college catalog on

pages 20-21 ([EV8](#)).

### **Institutional Disclosure and Advertising and Recruitment Materials**

*Regulation citations: 602.16(a)(1)(vii); 668.6.*

Lassen Community College provides accurate and current information to the public through the college catalog and website.

- The official name, address, telephone number and website of the College are published on the back cover of the *College Catalog*.
- The College's mission statement, vision statement, College values, strategic goals and institutional SLOs are found as parts of the Strategic Plan on page 2 of the *College Catalog*, on the website and posted around campus.
- Basic information on program requirements is printed in the *College Catalog* (pages 31-87).
- The rules and regulations governing student conduct are published in the *College Catalog* (page 19-22).
- Fee and expense information is printed in the *College Catalog* (pages 11-12 and 28-29) and on the College's website.
- Financial aid information is printed in the *College Catalog* (pages 9 and 27-29) and on the College's website.
- Refund information is printed in the *College Catalog* (page 11-12) and on the College's website.
- Policies regarding credit transfers are listed on page 17-18 of the *College Catalog*.
- The College's non-discrimination and sexual harassment statements are published in the *College Catalog* (page 3 and 22) and on the College's website.
- The requirements for earning a degree or certificate are printed in the *College Catalog* (pages 33-34).
- The *College Catalog* lists all full-time faculty and administrators along with their degrees and conferring institutions (pages 141-143).
- The Board of Trustee members are listed on page 141 and published on the College website.
- The College's Accreditation status is listed on page 5 of the catalog and published on the College website.

The Outreach Coordinator is charged with primary responsibility for student recruitment. This individual works closely with faculty, coaches, admissions and records staff, financial aid staff, the institutional researcher, and counseling staff to assure that appropriate policies and procedures are followed. The Outreach Coordinator's role is to be the human side of information for and about LCC. As students express an interest in the College, the Outreach Coordinator ensures that consistent accurate information is provided.

### **Title IV Compliance**

*Regulation citations: 602.16(a)(1)(v); 602.16(a)(1)(x); 602.19(b); 668.5; 668.15; 668.16; 668.71 et seq.*

Board Policy and Administrative Procedure 5130 -Financial Aid establish policy and procedure to comply with applicable federal regulations in order to ensure LCC students' eligibility for financial aid. The policy also covers financial assistance that is provided outside of Title IV entitlements and includes local grants and scholarships ([EV29](#), [EV30](#)).

LCC has a low loan participation rate. The last official three-year cohort default rate calculated for 2016 was 22 percent. The official three-year cohort default rate calculated for 2015 was 20 percent, while the rates for 2014 and 2013 were each 22 percent.

## G. Institutional Analysis

### Standard I: Mission, Academic Quality and Institutional Effectiveness, and Integrity

*The institution demonstrates strong commitment to a mission that emphasizes student learning and student achievement. Using analysis of quantitative and qualitative data, the institution continuously and systematically evaluates, plans, implements, and improves the quality of its educational programs and services. The institution demonstrates integrity in all policies, actions, and communication. The administration, faculty, staff, and governing board members act honestly, ethically, and fairly in the performance of their duties.*

#### A. Mission

1. *The mission describes the institution's broad educational purposes, its intended student population, the types of degrees and other credentials it offers, and its commitment to student learning and student achievement. (ER 6)*

#### Evidence of Meeting the Standard

The Lassen Community College mission statement, last reaffirmed by the Governing Board as part of the Strategic Plan on October 8th, 2019 in accordance with Board Policy 1200, clearly indicates the College's purpose as an educational institution:

*Lassen Community College provides outstanding programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The college serves diverse students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.*

Lassen Community College offers 77 degree and certificate programs and a variety of services in alignment with the mission statement commitment to provide "outstanding programs." The College provides both transfer and CTE/workforce development degree and certificate opportunities to meet varied student needs ([EV1](#)). In addition, the College offers basic skills courses in English, reading, mathematics, and noncredit college and career preparation to students who need additional preparation before attempting college-level courses ([EV2](#)). Instruction is provided on campus and online to increase access for students in outreach areas, and correspondence and live instruction is provided to incarcerated students. Through the program review processes, curriculum review processes and student learning outcome assessments, the College assures that its programs and services align with its mission

([EV3](#), [EV4](#)). Lassen Community College's mission statement is clearly defined, adopted and published by the District Governing Board ([EV5](#)). The current mission statement was revised through the participatory governance process and initially adopted by the Governing Board on September 13, 2011. It is reviewed annually with District values, strategic goals, and institutional

student learning outcomes as the Lassen Community College District Strategic Plan ([EV6](#), [EV7](#)). The mission appears online and in all significant college publications ([EV8](#), [EV9](#)).

### **Analysis and Evaluation**

The College meets the standard and eligibility requirement. The Lassen Community College mission clearly articulates the institution's broad educational purpose as well as its intended student population and the types of degrees and other credentials it offers. Further, its commitment to student learning and student achievement is communicated by "its effort to build intellectual growth, human perspective and economic potential" contained in the College Mission Statement.

- 2. The institution uses data to determine how effectively it is accomplishing its mission, and whether the mission directs institutional priorities in meeting the educational needs of students.*

### **Evidence of Meeting the Standard**

The LCC Mission Statement is reviewed annually by the college's Consultation Council made up of all constituency groups, as well as by the Governing Board. ([EV1](#)) External and internal data is used by Lassen College to determine how effectively it is accomplishing its mission, and whether the mission directs institutional priorities. Examples of external data sources include the Student Success Scorecard ([EV2](#)), results from the Student Voice Project ([EV3](#)) and the Strategic Planning and Guided Pathways Implementation Retreat ([EV4](#)) facilitated by EDOPTICS as well as equity data provided by the Chancellor's office. The Student Voice Project was conducted in Spring 2018 and consisted of six student focus group interviews that provided student feedback on their experiences, perspectives, and needs. Internal data sources include student success, retention, awards, enrollment, and SLO achievement data provided by the Office of Institutional Effectiveness. Data analysis occurs in program reviews, and in planning. Equity data has been used to develop the Equity Plan ([EV5](#)) and to update our Strategic Goals. Further data sources include student evaluations of programs and instructors, Accreditation Surveys ([EV6](#)) and Planning Evaluations. ([EV7](#), [EV8](#), [EV9](#)) Also, as a measure of progress in fulfilling its mission, LCC has established Institutional Student Learning Outcomes. ([EV10](#))

### **Analysis and Evaluation**

The College meets the standard. For example, data from The Student Voice Project shed light on the effectiveness of meeting our mission and prompted some immediate changes. Signage and wayfinding were areas that the students identified for improvement. With their help on the Guided Pathways committee, wayfinding was improved in 2019-20 with colorful flags and maps strategically placed on campus to help orient new students. Activities for students beyond the focus of Athletics was also identified. Events such as Week of Welcome (WOW), campus meet-ups, and an established area called Basecamp to collectively house all student support programs were implemented. Expanding cultural events and activity offerings to enhance student life were offered as well.

The Strategic Plan was updated ([EV11](#)) to include the language of “inclusive learning environment” as well as “to promote student equity and learning” as a response from the students and the student equity data provided by the Chancellors Office.

Following a facilitated strategic planning and Guided Pathways implementation retreat by EDOPTICS in August 2018 the results from the Student Voice Project were disseminated. Also a list of priorities and action items were compiled to help inform institutional priorities that would affect the overall mission and better meet the educational needs of our students.

The Educational Master Plan created by the Academic Planning Committee is intended to be the driving force for all other master plans. Once the EMP is created, the other planning committees of the college such as the Student Services Master Planning Committee and the Facilities Master Planning Committee align their goals and plans with the EMP. Data and analysis from program reviews are at the center of discussion, and are used to inform the creation of each plan. These plans are then compiled into the Comprehensive Institutional Master Plan ([EV12](#)) which outlines objectives and actions needed for meeting the strategic goals and mission of the College.

Institutional Student Learning Outcomes have also been established, although the college could benefit from having a set cycle and process established for more consistent reviewing of these institutional SLO’s.

- 3. The institution’s programs and services are aligned with its mission. The mission guides institutional decision-making, planning, and resource allocation and informs institutional goals for student learning and achievement.*

### **Evidence of Meeting the Standard**

Lassen College’s programs and services are aligned with its mission. The Instructional and Non-Instructional Program Review processes ensure programs and services maintain focus on the institutional mission. Section One of both the Instructional and Non-Instructional Review Template documents require discussion as to how the program or service in review aligns to the Strategic Plan, specifically the mission ([EV1](#), [EV2](#)).

The Strategic Plan, which includes the mission, vision, values, and strategic goals, is annually approved by the Governing Board and informs the planning and resource allocation process ([EV3](#)). The Planning and Budget Development Handbook delineates processes for institutional decision-making, planning, and resource allocation ([EV4](#)). Master plans (Educational Master Plan, Student Services Master Plan, Institutional Effectiveness Master Plan, Institutional Technology Master Plan, Facilities Master Plan, Human Resources Master Plan and Professional Development Master Plan) forming sections within the Comprehensive Institutional Master Plan, are updated utilizing program review recommendations. Consultation Council reviews the objectives and strategies proposed by individual planning groups. Recommendations concerning objectives and strategies are returned to the individual planning committees. The revised Comprehensive Institutional Master Plan integrating master plans from the various committees is adopted and guides the budget prioritization process ([EV4a](#), [EV4c](#)). The budget prioritization

criteria listed in the Budget Development Handbook identify alignment with the Strategic Plan and Achieving Strategic Goals as a primary focus ([EV4b](#)).

During fall 2019 the district distributed an anonymous Accreditation Self-Study Survey to employees ([EV5](#)). Survey results indicate a need for improvement in the application of the mission in planning and decision making in addition to improvement in aligning institutional planning with budget development.

- 41% of employees agree that the mission statement is applied during planning and decision making,
- 37% of respondents agreed that the planning process being used works and produces appropriate institutional plans
- 40% agreed that the institutional planning process is tied to the budget development process

Planning process evaluations for academic years 2017-2018 and 2018-2019, conducted by planning committees and constituency groups provide narrative assessments of planning, and suggestions for improvement ([EV6](#), [EV7](#), [EV8](#)). Common areas of concern voiced in evaluations relate to under-utilization of IPRs and NIPRs in the established planning process, and inconsistencies with budget prioritizations. Suggestions cited for improvements include; training on IPR and NIPR development, further training on governance and planning processes, consistency in the chief instructional officer position, administrative assistance support to the planning process, increase and improvement of communication, training of committee chairs and elimination of redundancy. A number of activities have occurred to address identified areas of concern:

- All budget requests are listed in the Budget Prioritization List ([EV9](#))
- The Budget Prioritization list, with status comments, is located in the portal for all employees to view ([EV10](#))
- Fall 2016 Convocation included a presentation on the planning and budget process ([EV10a](#))
- Fall 2018 LCC hosted a Participatory Governance Presentation provided by the Community College League of California and the Academic Senate for California Community Colleges ([EV10b](#))
- Fall 2019 Convocation included a presentation on IPRs and NIPRs ([EV11](#), [EV12](#)).

### **Analysis and Evaluation**

The College meets the standard, but improvement is needed in the areas of training, timeliness, communication, and follow through with planning processes. Processes are established for Lassen Community College mission to guide institutional decision-making, planning, and resource allocation. These processes are communicated in the Planning and Budget Development handbook. This process is designed such that the mission informs institutional goals for student

learning and achievement. The college struggles to consistently follow established processes when there is inconsistency in key leadership roles.

4. *The institution articulates its mission in a widely published statement approved by the governing board. The mission statement is periodically reviewed and updated as necessary. (ER 6)*

### **Evidence of Meeting the Standard**

The mission statement is annually reviewed by Consultation Council ([EV1](#), [EV2](#)) and recommendations for revisions to any part of the Lassen Community College Strategic Plan are made to the President/Superintendent in preparation for the Governing Board Planning Retreat, held annually in July ([EV3](#), [EV4](#)). The Board then reaffirms or revises and approves the LCC Strategic Plan, which includes the mission, vision, values, strategic goals, and institutional student learning outcomes. The mission and Strategic Plan were last approved by the Governing Board on October 8, 2019.

The mission statement and Strategic Plan are available online and in significant College publications, including the Catalog ([EV5](#)). Prior to adoption of BoardDocs for communication and maintenance of all governance committee agendas and minutes, the mission statement was on agendas for key committees, including, Cabinet, and Curriculum/Academic Standards Committee ([EV6](#), [EV7](#)).

### **Analysis and Evaluation**

The College meets the standard. The mission statement is annually reviewed by the Governing Board as part of the Strategic Plan. The mission statement and Strategic Plan are widely published.

---

### **Conclusions on Standard I.A. Mission**

The mission statement for LCC is not just words on paper nor is it an item that is just checked off periodically. It is reviewed annually with substantial consideration along with the strategic goals. The college relies on external and internal data to determine the effectiveness of accomplishing our mission and priorities. The college could improve in this area by enhancing dialogue surrounding our planning process and institutional student learning outcomes, but remain dedicated to accomplishing the mission and goals that we have outlined. We review this process annually and have made minor but important changes over the years that better define our purpose and how to carry it out. Our focus has been and continues to be on how to provide the best education for our students.

### **Improvement Plan(s)**

<b>Change or Improvement</b>	<b>Standards</b>	<b>Responsible Parties</b>	<b>Timeline</b>	<b>Anticipated Outcome</b>
------------------------------	------------------	----------------------------	-----------------	----------------------------

Enhance dialogue surrounding Planning processes and Institutional SLO's.	I.A.3	Cabinet, Consultation Council, Planning Committees, Academic Senate and it's subcommittee's		Greater efficiency and follow through with Integrated Planning
Improve training on IPR data analysis	I.A.3	Institutional Researcher		More thorough and timely IPR/NIPR submission and utilization in Integrated Planning Process
Explore feasibility of providing Administrative Support to Planning/ Governance/ Accreditation (See Institutional Effectiveness Master Plan 2016-2021)	I.A.3	Institutional Effectiveness Committee (Master Plan) CEO ALO		Improved communication, tracking of tasks, and organization of planning documents
Improved Committee Chair Training: BoardDocs Meeting Facilitation Committee Charges Shared Governance – context of your committee	I.A.3	Consultation Council Flex training Academic Senate		Improved communication
Improve stability in staffing of key administrative positions	I.A.3	CEO	On going	Stability and longevity in staffing of key administrative positions

## **B. Assuring Academic Quality and Institutional Effectiveness**

### Academic Quality

1. *The institution demonstrates a sustained, substantive and collegial dialog about student outcomes, student equity, academic quality, institutional effectiveness, and continuous improvement of student learning and achievement.*

### **Evidence of Meeting the Standard**

As the campus governance and planning committee, Consultation Council/Strategic Planning Committee, is the location for all institutional dialogue. (EV1) Each agenda is divided into sections for discussions about governance, planning, and accreditation. (EV2) In addition to the agenda being set by co-chairs, any constituent group representative can make announcements and request items be formally placed on future agendas for discussion by the body. This group is responsible for oversight of institutional processes including integrated planning and budget allocation recommendations. This group reviews and forwards all recommendations for the development of new or revised board policies to the Governing Board and adopts all finalized administrative procedures. The group meets weekly or bi-monthly depending on workload. Consultation Council/Strategic Planning receives all program review documents and reviews all master planning documents. The group also reviews data relative to planning, including data for the master plans, Student Equity Plans (now Student Equity and Achievement Plans), institution set standards, local vision goals, and more. (EV3)

Each May, Consultation Council/Strategic Planning Committee conducts an evaluation of the institutional governance and the planning and budget development processes. Surveys are distributed to governance constituent groups, planning committees, and individuals. (EV4) Results are reviewed by Consultation Council/Strategic Planning and recommendations are made to the Academic Senate and a joint Academic Senate/Consultation Council workgroup whose only task is to make revisions to the planning and development processes based on any recommendations found to have merit. Following Academic Senate and Consultation Council approval, the revised governance structure and planning and budget development processes are utilized during the subsequent academic year (EV5, EV6).

Further dialog focused specifically on student outcomes, student equity, academic quality, institutional effectiveness, and continuous improvement of student learning and achievement occur during regular planning and operational meetings. Planning meetings include meetings of the Academic Planning Committee, Student Services Planning Committee, Institutional Technology Planning Committee, Facilities Planning Committee, Human Resources Planning Committee, and Institutional Effectiveness Planning Committee (EV7a, EV7b, EV7c, EV7d, EV7e, EV7f, EV7g). Regular operational meetings include student services management and staff meetings, division chair meetings, academic division and faculty meetings, career technical education advisory committee meetings, and Guided Pathways workgroup meetings. Faculty

Division Meetings provide opportunity for faculty groups to dialog regarding student learning outcome assessments and instructional improvement ([EV8a](#), [EV8b](#), [EV8c](#)).

An additional time that faculty come together to discuss instructional improvement is monthly Faculty Community of Practice Meetings ([EV8d](#), [EV8e](#)) Elements of the Guided Pathways Taskforce also include planning elements based on review of available data relative to student learning and equity. ([EV7a](#), [EV9](#), [EV16](#), [EV17](#), [EV18](#))

Convocation, held bi-annually, is also an opportunity for the entire campus to come together to participate in activities directed toward improvement of student learning and institutional effectiveness. Convocations provide opportunities for interaction and dialog between employees and allows for broader consideration of information and perspectives ([EV10](#), [EV11](#), [EV12](#)). Intermittent opportunities for productive dialog also arise through student town hall meetings. ([EV13](#), [EV14](#), [EV15](#))

## **Analysis and Evaluation**

The College meets the standard. The College has established and consistently utilizes a variety of meetings and venues to engage in on-going dialog about the improvement of student learning and institutional processes. All constituent groups are represented in most venues, particularly governance and planning committees. The Associated Student Body has resumed an active participatory role in governance and planning with student representatives attending consultation council and other standing committees where schedules permit.

2. *The institution defines and assesses student learning outcomes for all instructional programs and student and learning support services. (ER 11)*

## **Evidence of Meeting the Standard**

Student learning outcomes (SLOs) are defined for all courses, programs, general education, and the institution. Course SLOs are included on each course outline of record and instructors' syllabi. ([EV1](#), [EV1a](#), [EV2](#)) Program SLO's are listed in the catalog for each certificate and degree. ([EV3](#), [EV4](#)) General Education SLO's are listed in the catalog as well. ([EV5](#)) Institutional SLOs are part of the Strategic Plan ([EV4a](#)). At least one SLO in each course section offered is assessed each semester, including summer session, per the bargaining contract between the institution and Lassen College Faculty Association. ([EV6](#)) Program, general education, and institutional SLOs are assessed through the linkages with course SLOs. Student Learning Outcomes are assessed through the Instructional Program Review process as identified in the Instructional Review Handbook ([EV7](#)). One example of Student Learning Outcome assessment can be found in the 2018 AJ IPR ([EV9](#)).

Administrative Unit Outcomes (AUOs) are defined for learning support service as well as administrative offices ([EV11](#)). Academic Services have defined an AUO for their department that is included in their NIPR ([EV12](#)). AUOs can be viewed from the Administrative Unit Outcomes webpage ([EV10](#)). Non-instructional Program Reviews discuss AUO assessment in

section I ([EV11](#)). An example of AUO assessment can be found in the 2018-2019 Assessment, Counseling, Student Equity and Achievement, and Transfer NIPR Annual Update ([EV8](#)).

### **Analysis and Evaluation**

The College meets the standard and eligibility requirement. The institution defines and regularly assesses student learning outcomes and administrative unit outcomes for all instructional programs and student and learning support services.

- 3. The institution establishes institution-set standards for student achievement, appropriate to its mission, assesses how well it is achieving them in pursuit of continuous improvement, and publishes this information. (ER 11)*

### **Evidence of Meeting the Standard**

The College is tracking specific elements of student achievement and has identified expected measures of performance within each element. These elements are identified on the Chancellor's Office Student Success Scorecard, in the Student Equity and Achievement Plan, in the institutional set standards reported to ACCJC annually, and were formerly in the IEPI set standards ([EV1](#), [EV2](#), [EV3](#), [EV4](#), [EV5](#), [EV6](#), [EV7](#), [EV8](#)).

Academic achievement standards are established through dialog in multiple venues and at Consultation Council and master planning committees. An example is the Integrated Plan (SSSP, Equity and BSI) which is now the Student Equity and Achievement Plan and standards set and updated since spring 2017, which were first developed based on a review of past data and a determination to increase targets to meet or exceed the state average for stated metrics. These discussions and dialog occurred with members of the Institutional Effectiveness Planning Committee, Academic Senate, Cabinet, and Consultation Council, consistent with past practice.

Student achievement elements being tracked with the institution are reflected upon by department faculty, particularly in math and English. These conversations were critical in both the planning for and implementation of curricular changes and design of support options for students in response to AB705. This changed how students were placed into math and English effective Fall 2019 and mandated that all students complete college level math and English within one year of first enrollment in math and English respectively ([EV9](#), [EV10](#)). Student achievement data has also been reviewed and discussed by the Guided Pathways Task Force and by attendees at Guided Pathways retreats and by the Student Equity Plan development team ([EV11](#), [EV12](#), [EV13](#)). Academic Planning Committee and division chairs also review student achievement data during planning and operational dialogs ([EV14](#), [EV15](#)).

The College publishes institutional set standards and student achievement data in multiple places accessible to campus personnel, students, and the public. These places include the Student achievement data listed in past versions of the LCC Fact Book ([EV16](#), [EV17](#)) and also available on the Student Success Scorecard, linked on the front page of the Lassen College website ([EV18](#)).

## **Analysis and Evaluation**

The College meets the standard and eligibility requirement. Institutional set standards are developed for elements of student achievement, and these measures of student achievement are tracked, evaluated, and discussed in an effort to continually improve student performance. All standards as well as actual achievement data is published publicly on the College website and a link is provided on the front page of the College website to the Chancellor's Office Student Success Scorecard.

4. *The institution uses assessment data and organizes its institutional processes to support student learning and student achievement.*

## **Evidence of Meeting the Standard**

Assessment data and student achievement data are reviewed and analyzed within instructional program reviews, influencing recommendations made to support student learning and student achievement within each instructional and non-instructional program ([EV1](#), [EV2](#)). One main component of instructional program reviews is student learning outcomes and the evaluation of the data. Starting with the program reviews, institutional processes are organized to support student learning and student achievement. Program review recommendations are presented for consideration in each of the relative master plans, including the Educational Master Plan around which all other master plans are developed ([EV3](#), [EV4](#), [EV5](#)). The sequence of master plan development and approval of drafts begins with the approval of the Educational Master Plan so that all other plans can incorporate goals, strategies, and fund enhancement requests to support those expressed in the Educational Master Plan. The master plans include budget prioritization, which integrates planning with budget development.

## **Analysis and Evaluation**

The College meets the standard. Faculty regularly submit student learning outcome (SLO) assessment results at the completion of every semester, so a robust repository of assessment results exists. However, the process of distributing assessment results from the Office of Institutional Effectiveness to faculty for consideration with program reviews has been inconsistent, leaving discussion and analysis of student learning outcome assessment results lacking in some program reviews.

The College previously used WEAVE online to capture SLOs, SLO assessment results, and produce reports linking course assessments to program and institutional SLOs. Dialog in department and division meetings and at Consultation Council then utilized the reports generated from WEAVE. In 2014-2015, SLOs were collected via online form or document submission and results were housed in the Office of Institutional Effectiveness and Research. Subsequent to the change in collection of assessment results, it has been more difficult for campus personnel to get access to assessment results, particularly linked aggregations, making dialog around SLO assessment more difficult. Program review, however, is one place where ongoing dialog about SLO assessment results still occurs, as both the instructional and non-instructional program

reviews require a summary and analysis of SLO assessment results specific to the program ([EV6](#)).

### Institutional Effectiveness

- 5. The institution assesses accomplishment of its mission through program review and evaluation of goals and objectives, student learning outcomes, and student achievement. Quantitative and qualitative data are disaggregated for analysis by program type and mode of delivery.*

### Evidence of Meeting the Standard

The Institution assesses accomplishment of its mission through program review which includes evaluation of goals and objectives, student learning outcomes, and student achievement. The Instructional and Non-Instructional Program Review (IPR and NIPR) processes ensure programs and services maintain focus on the institutional mission. The IPR and NIPR Handbooks ([EV1](#), [EV2](#)) outline the institutional process for reviewing and collecting program goals, SLO's, AUO's, and student achievement. The first section of both the Instructional and Non-Instructional Review templates require discussion as to how the program or service in review aligns to the Strategic Plan, specifically the Mission. ([EV3](#), [EV4](#)) Program review documents provide evaluation of goals and objectives, student learning outcomes, and student achievement.

Faculty report learning outcomes for classes by mode of delivery (in person, online and correspondence). The office of Institutional Effectiveness in partnership with the program reviewers disaggregate data for program review. Data for analysis is provided for program reviews. ([EV5](#)) Faculty implement plans to improve student performance on outcomes that are substandard and report these in their instructional program reviews. ([EV6](#)) Likewise, non-instructional program reviews also report needed improvements in outcomes along with action plans.

### Analysis and Evaluation

The College meets this standard. Institutional Effectiveness has worked diligently with faculty to provide pertinent data that is disaggregated for analysis by program type and mode of delivery. Assistance is provided to aid in completion of program review documents via faculty mentoring provided through the Academic Senate. Improvement is needed in timely completion of program reviews and in the follow-up reporting of SLO improvement plans.

- 6. The institution disaggregates and analyzes learning outcomes and achievement for subpopulations of students. When the institution identifies performance gaps, it implements strategies, which may include allocation or reallocation of human, fiscal and other resources, to mitigate those gaps and evaluates the efficacy of those strategies.*

### Evidence of Meeting the Standard

The Office of Institutional Effectiveness provides disaggregated data for faculty and staff in order to complete their program reviews. This data is disaggregated by subpopulations such as gender and ethnicity so that potential performance gaps can be identified. (EV1) Performance gaps and strategies to address them are then discussed within IPR's, and plans are made to mitigate those gaps. Other performance gaps are identified and articulated through required plans and reports by the Chancellor's office such as the EOPS Program Plan and the Student Equity Plan. (EV2)

### **Analysis and Evaluation**

The College meets this standard for data relating to student achievement. Improvement is needed though in compiling and disseminating fully disaggregated data for student learning outcomes (SLO's). Data can be provided for programs by subpopulations but this has been more recently provided and was not disaggregated for many of the prior program reviews. Although not college-wide, the categorical programs have analyzed data based on their subpopulations and have continually evaluated their strategies to determine effectiveness and best practices as evidenced in their program reports to the Chancellor's Office (EV3). Efforts are continuously made to encourage students to utilize support services that are offered by LCC such as EOP&S, CARE, CalWORKS, DSPS, and the Academic Resource Center, in order to mitigate any gaps in student achievement.

Although analysis of subgroups is now available, improvement is needed in how it is utilized college-wide. In order to better meet this standard, the college also needs to provide training on use and analysis of disaggregated data for more wide-spread use in program review. The institutional researcher did provide training on program review and program review data during the Fall 2019 flex training (EV4), Fall 2019 Convocation (EV5), and Spring 2020 Flex Training (EV6, EV7) but further training is needed.

7. *The institution regularly evaluates its policies and practices across all areas of the institution, including instructional programs, student and learning support services, resource management, and governance processes to assure their effectiveness in supporting academic quality and accomplishment of mission.*

### **Evidence of Meeting the Standard**

The institution transferred from its Policy Manual to the Community College League's Policy and Procedure Service in 2009 breaking apart its existing policies and transferring portions into operating procedure as well as mandatory or legally suggested language. Board policies are reviewed by a three member subcommittee of the Board of Trustees (EV1) that may be adopted, revised or amended at any regular board meeting by a majority vote (EV2). Review of various policies and procedures are completed throughout various areas of the institution on an as needed basis by designated areas: Board of Trustees, General Institution, Academic Affairs, Student Services, Business and Fiscal, and Human Resources. Suggested or legally required updates are received from the Community College League on a quarterly basis and this information is disseminated to key contacts for each respective area to determine needed language updates: Chapter 2 updates are processed by the Board of Trustees; Chapter 3 by President/Executive Staff; Chapter 4 by Academic Services/Academic Senate; Chapter 5 by Student

Services, Chapter 6 by the Chief Business Officer; and Chapter 7 updates are processed by the Human Resource Director.

Consultation Council oversees an annual evaluation of planning and governance processes each spring. (EV2a) This evaluation process provides a mechanism for implementing revisions and improvements to planning by routinely updating the Institutional Planning and Budget Development Handbook with recommendations from the evaluation process. (EV2b)

### **Analysis and Evaluation**

The College meets the standard. Review of policies and procedures covering all areas of campus is completed throughout the year by the designated areas such as the Board of Trustees (EV3, EV4, EV5, EV6), Academic Senate (EV7, EV8, EV9), and Consultation Council (EV10). Once policies and procedures have been reviewed or modified, they are reviewed by Academic Senate when applicable and forwarded on to Consultation Council/Strategic Planning for review. Once approved by Consultation Council, operating procedures are updated in the Policy section of BoardDocs where Lassen College's Policies and Procedures are housed. Board Policies once approved by Consultation Council are forwarded to the Governing Board's three-person Policy Committee for review, comment and approval. The final process consists of review by the Governing Board for a first reading and then at the following months' Governing Board meeting for a second reading and approval. Upon approval by the Governing Board, the updated Board Policy is updated in the Policies tab within BoardDocs.

8. *The institution broadly communicates the results of all of its assessment and evaluation activities so that the institution has a shared understanding of its strengths and weaknesses and sets appropriate priorities.*

### **Evidence of Meeting the Standard**

The institution conducts a wide variety of assessment and evaluation activities including; Accreditation Survey of staff and students (EV1, EV2), EdOptics Assessment (EV3), end-of-year Process Review Survey regarding shared governance by constituent group (EV4), Accreditation Reports (EV5, EV6) Program Reviews, Lassen College Local Vision Goals (EV7), and Student Equity and Achievement (SEA) Report. (EV8)

The results of these activities are communicated to the campus community through Consultation Council and other participatory governance committees. Membership on committees includes representation from all campus constituency groups including administration, faculty, management, staff, and students when available. The engagement of all campus groups helps ensure a broad dissemination of information. Assessments are also reported and published in program review documents and in the governing board packets. The Institutional Effectiveness portal contains approved NIPR's and IPR's for employee review. In November 2018, the campus implemented BoardDocs to electronically organize meeting agendas, attachments and minutes in one place for all interested parties. By the end of 2019, all shared governance and campus committees were utilizing BoardDocs for this purpose (EV9). These efforts provide a shared understanding of institutional strengths and weaknesses and aid in the setting of appropriate priorities in the Comprehensive Institutional Master Plan (CIMP) (EV10).

### **Analysis and Evaluation**

The College meets the standard. The College is engaged in assessment and evaluation activities in a varied number of areas including program review, shared governance, accreditation and categorical initiatives. Appropriate priorities are then compiled based on these activities in the Comprehensive Institutional Master Plan (CIMP). While these actions provide momentum in the process of continual evaluation and improvement, the college could improve in disseminating this information in an organized, broad based manner that is easily accessible.

9. *The institution engages in continuous, broad based, systematic evaluation and planning. The institution integrates program review, planning, and resource allocation into a comprehensive process that leads to accomplishment of its mission and improvement of institutional effectiveness and academic quality. Institutional planning addresses short- and long-range needs for educational programs and services and for human, physical, technology, and financial resources. (ER 19)*

### **Evidence of Meeting the Standard**

The College engages in continuous, broad based, systematic evaluation and planning through its Integrated Planning process. This process, integrates program review, planning and resource allocation into a comprehensive process with outcomes documented in master plans. The planning process begins with program reviews. Program reviews are to be completed by all departments, both instructional and non-instruction. Program reviews are used by departments to plan for the needs of their department and include an evaluation of either Student Learning Outcomes or Administrative Unit Outcomes where appropriate.

Information from completed program reviews are then included in the master planning process by the appropriate information being incorporated into the appropriate master plan. The current master plans are: Educational Master Plan, Institutional Effectiveness Master Plan, Student Services Master Plan, Institutional Technology Master Plan, Facilities Master Plan, and Human Resources Master Plan. The master plans are intended to be completed in the order they are specified because information from one will often need to be included in another. Once all these master plans are completed, they are compiled into the Comprehensive Institutional Master Plan (CIMP). Information that is included in the individual master plans and the CIMP are tied back to the strategic goals that are identified in the Strategic Plan. ([EV1](#), [EV2](#)) The CIMP and the individual master plans address short and long-range needs for educational programs and services for human, physical, technology and financial resources.

Part of this planning process is the budget prioritization process or resource allocation. Budget requests and/or personnel requests from program reviews are included in the appropriate master plan. The planning committees then establish a prioritized list of budget items to include in the master plans. Once all the individual master plans are completed the master planning committee chairs meet to review the budget priorities and then prioritizes the budget request from all the master plans. Finally, all of the budget requests with the prioritization information is then presented to Consultation Council for Consultation Council to establish the final prioritized budget requests. Not all items are prioritized. Consultation Council will prioritize a reasonable

amount of budget requests based on how those requests were prioritized within the master plans (EV3).

### Analysis and Evaluation

The College meets this standard. LCC has a comprehensive and systematic process for evaluating, planning, and allocating resources that addresses the short and long-range needs of the institution. The process culminates in a Comprehensive Institutional Master Plan that captures all of the planning and resources needed to improve institutional effectiveness and accomplish the mission of the college.

### Conclusions on Standard I.B. Academic Quality and Institutional Effectiveness

Overall, the college meets this standard. LCC has a strong integrated planning process that is appropriately linked to resource allocation and the best interest of students. There are however areas of improvement that are identified in the improvement plan matrix for this standard.

### Improvement Plan(s)

Change or Improvement	Standards	Responsible Parties	Timeline	Anticipated Outcome
Enhance timely delivery of required IPR data to faculty with training on analysis of data	I.B.4, I.B.6	Institutional Researcher		Improved and timely completion of program reviews, including robust assessment of SLO's
Archive institutional assessments and evaluation results on website or in one location	I.B.8	Institutional Researcher		Outcomes of Institutional assessments and evaluations readily accessible for utilization in understanding strengths and weaknesses and setting appropriate priorities
Explore feasibility of	I.B.9, I.A.3	Institutional Effectiveness		Improved communication,

providing Administrative Support to Planning/ Governance/ Accreditation (See Institutional Effectiveness Master Plan 2016-2021)		Committee (Master Plan) CEO ALO		tracking of tasks, and organization of planning documents
Explore and create a better mechanism for following up on improvement plans for substandard SLO's.	I.B.5	Institutional Effectiveness Committee in conjunction with the Academic Senate		Improved tracking and closing the loop on SLO improvement plans to determine effectiveness and success.
Improve timeliness of program review submission	I.B.5	Academic Senate, Institutional Researcher		All program reviews submitted per prescribed schedule

### **C. Institutional Integrity**

- 1. The institution assures the clarity, accuracy, and integrity of information provided to students and prospective students, personnel, and all persons or organizations related to its mission statement, learning outcomes, educational programs, and student support services. The institution gives accurate information to students and the public about its accreditation status with all of its accreditors. (ER 20)*

#### **Evidence of Meeting the Standard**

The clarity, accuracy, and integrity of information related to the mission statement, learning outcomes, educational programs, and student support services is assured through the use of governance committees and processes. Consultation Council reviews the mission statement and makes recommendations to the governing board. (EV1) Personnel ensure that campus publications, including the website, catalog, and informational materials, are updated following board approval of revisions to the Mission statement.

Revisions to student learning outcomes are made by the Curriculum/Academic Standards committee with all records being maintained by the curriculum technician in the Office of Academic Services. (EV2) The curriculum technician updates SLOs (student learning outcomes) on the website following any revisions. Staff in the Office of Academic Services reviews syllabi submitted by instructors at the beginning of each semester to ensure that information, including course descriptions and student learning outcomes, is consistent with information on the approved course outline of record. Review of course syllabi also occurs as part of the faculty evaluation process through faculty materials review. (EV3)

Like SLOs, all records of educational program approval is maintained in the Office of Academic Services. College catalogs available both online and in print are updated annually to reflect curriculum changes. (EV4) Promotional materials for educational programs are reviewed for accuracy and effectiveness as part of program reviews, completed every two years for career technical education programs and every four years for all other instructional programs. (EV5, EV6)

Accreditation information is available to the public on the college website. (EV8) This information includes a record of all reports submitted to the Commission, all letters received, and the current accreditation status of the institution. Current accreditation status is also found in the college catalog (EV7) and listed on the ACCJC website (EV9).

#### **Analysis and Evaluation**

The College meets the standard and eligibility requirement. The clarity, accuracy, and integrity of information provided to students, personnel, and all persons or organizations related to its

Mission statement, learning outcomes, educational programs, and student support services is assured through established verification processes. The institution gives accurate information to students and the public about its accreditation status with all of its accreditors.

2. *The institution provides a print or online catalog for students and prospective students with precise, accurate, and current information on all facts, requirements, policies, and procedures listed in the “Catalog Requirements”. (ER 20)*

### Evidence of Meeting the Standard

The LCC Catalog is reviewed and published annually by the Academic Services Office. It is available online through the College website, as well as in print form by request to the Academic Services Office ([EV1](#), [EV2](#), [EV3](#), [EV4](#)). It contains precise, accurate and current information on all facts, requirements, policies and procedures. In addition, it details all programs and services, provides a current academic year calendar, contains course descriptions for all courses, and lists all faculty, staff, administration and the board of trustees. It is a comprehensive resource of College information.

### Analysis and Evaluation

The College meets the standard. Annual review and updates ensure that information contained in the catalog is current. The *LCC Catalog* provides thorough and up to date information on college programs, student services, and policies affecting students. It serves as the primary source of information about the College for current and prospective students and is widely available.

- The institution uses documented assessment of student learning and evaluation of student achievement to communicate matters of academic quality to appropriate constituencies, including current and prospective students and the public. (ER 19)*

### Evidence of Meeting the Standard

Lassen College disseminates information regarding student learning outcomes and student achievement. Student Success Scorecard data is available through the College's homepage. (EV1) This information, (as well as Vision for Success Goals) is presented to the Board of Trustees annually. (EV2, EV3) Incorporation of Vision for Success Goals has also been discussed with Consultation Council and Academic Senate. (EV3a) CTE Program specific success, such as licensure pass rates, are accessible from program pages. (EV4) Student Learning Outcomes are identified in course outlines of record, and Program Learning Outcomes are discussed in Instructional Program Reviews (IPRs) where they are linked to the College Mission and Strategic Goals.

Student Learning Outcome (SLO) and Administrative Unit Outcome (AUO) Mapping is available on the SLO web page ([EV5](#)) which is linked to the Institutional Effectiveness webpage found in the College portal ([EV6](#)). SLO mapping links course SLOs to Institutional and General Education SLOs ([EV7](#)). AUO mapping links department AUOs to Institutional Student Learning Outcomes and Strategic Goals.

IPRs serve as a primary vehicle for the presentation of comprehensive student learning outcomes, retention, success, and award data. Instructional Program Reviews are scheduled every 4 years for Transfer-only Special Academic programs, and every 2 years for Career/Technical Programs. ([EV8](#)) Timeline and procedures for IPR development are outlined in the IPR Handbook. ([EV9](#))

The President's Office monitors the program review process and is tasked with assuring completion of program reviews according to their scheduled rotation. ([EV10](#)) Required IPR data, and the process by which it is to be collected and disseminated, is identified in the IPR Handbook. ([EV11](#)) Completed IPRs are presented to Academic Senate, where upon review they are forwarded to Consultation Council where they are reviewed and presented to the Board of Trustees. ([EV12](#), [EV13](#), [EV14](#)) Non-Instructional Program Reviews are reviewed at Cabinet, then submitted to Consultation Council and forwarded to the Board of Trustees. ([EV14a](#))

Recommendations from approved program reviews become part of the institutional planning process. Board of Trustees approved Instructional Program Reviews, Non-Instructional Program Reviews and annual updates are found on the Institutional Effectiveness page in the College Portal ([EV15](#)). Historic, and scheduled program reviews are linked from the Planning webpage on the College website ([EV16](#)). The College is moving toward the use of Infomagnus with the intention that it will increase the accessibility and analysis of all data related to Instructional Program Reviews and Equity ([EV17](#)).

## **Analysis and Evaluation**

The College meets the standard. The college has established procedures for the documentation and assessment of student learning and evaluation of student achievement. Information available includes Student Success Scorecard and licensure pass rates. Instructional Program Reviews serve as a primary vehicle to disseminate comprehensive student learning and achievement data. IPRs are reviewed by Academic Senate, and Consultation Council where dialogue occurs regarding student learning and achievement. After review, IPRs are approved by the Board of Trustees. Instructional Program Reviews are not consistently completed in adherence to established timelines. Numerous Instructional and Non-Instructional Program Reviews are out of date. With multiple changes in the Chief Instructional Officer and Director of Institutional Effectiveness positions since the last institutional self-evaluation, the college has struggled to maintain the IPR and NIPR schedules and adequately orient faculty, many of whom are new to the IPR/NIPR process. IPR data is inconsistently available to faculty completing IPRs. It is intended that Infomagnus address data shortfalls currently experienced.

- 4. The institution describes its certificates and degrees in terms of their purpose, content, course requirements, and expected learning outcomes.*

## **Evidence of Meeting the Standard**

The *College Catalog*, available online and in print, provides program descriptions that detail certificates and degrees in terms of their purpose, content and expected learning outcomes. Each program description includes career options, program highlights, and available degrees and certificates. (EV1) Corresponding program learning outcomes are identified along with a listing of required courses. Transfer requirements are listed for Associate Degree for Transfer programs. For programs where specific admission requirements exist, prerequisites are listed in program description. (EV2, EV3)

Course outlines of record, available on the College website, contain student learning outcomes which are a required element of course syllabi listed in the Syllabus Checklists for all modes of instruction including classroom, online, and correspondence. (EV4, EV5, EV6) Course syllabi are submitted to the Academic Services Office each term and reviewed to ensure inclusion of required elements.

## **Analysis and Evaluation**

The College meets the standard. The *College Catalog* clearly describes its certificates and degrees, including expected program learning outcomes and program specific admissions requirements. This information is updated annually with each catalog publication.

5. *The institution regularly reviews institutional policies, procedures, and publications to assure integrity in all representations of its mission, programs, and services.*

## **Evidence of Meeting the Standard**

BP and AP 2410 dictate College processes for review of policy and procedure. (EV1, EV2) All Governing Board policies are reviewed on a continual basis by the Board Policy Subcommittee. (EV3) The College subscribes to the Community College League of California's policies and procedures service to maintain currency on legislative changes necessitating policy or procedure revision, and to be informed of best practices. Once a new or revised policy or procedure is approved, it is uploaded to the BoardDocs public website. This process is managed by the Office of the Superintendent/President.

Policies and procedures that are printed in the *College Catalog* are reviewed annually in preparation for the publication of the new catalog. (EV4) The review committee consists of division chairs, administrators, and other key personnel. Instructors review promotional materials as part of their I.P.R process, every 4 years for transfer programs and every two years for CTE programs. (EV5)

## **Analysis and Evaluation**

The College meets this standard. As dictated by BP and AP, policies and procedures are scheduled for regular review and update. Once approved, they are posted publically on the

BoardDocs public website. The *College Catalog* is reviewed for currency before its annual publication, and instructors review promotional materials as part of their I.P.R process.

6. *The institution accurately informs current and prospective students regarding the total cost of education, including tuition, fees, and other required expenses, including textbooks, and other instructional materials.*

### **Evidence of Meeting the Standard**

The College Catalog provides students, and prospective students information regarding the estimated cost of attendance at Lassen College including tuition and fees, books and supplies, food, housing, transportation and personal expenses. (EV1) Program web pages for CTE programs with gainful employment data show program specific information regarding total costs for books and supplies, and tuition and fees, as well as time to completion which can impact cost of attendance. (EV2, EV3) Course descriptions linked to the online class schedule list the fees of texts and materials related to each course. (EV4) The Housing Application, available on the College website, shows fees for the Residence Hall. (EV5) Fees for international students are discussed in the International Student Application which is also available online. (EV6)

### **Analysis and Evaluation**

The College meets this standard. The *College Catalog*, program pages, and course schedule available on the college website provide comprehensive information for current and prospective students regarding tuition, fees, textbooks and materials. Estimated costs for food, housing, transportation and personal expenses are charted in the estimated cost of attendance listed in the *Catalog*, whereas specific Residence Hall fees are detailed in the Housing Application and fees for international students are listed in the International Student Application. Together, these resources provide the necessary information for students to determine the total cost of attending Lassen College.

7. *In order to assure institutional and academic integrity, the institution uses and publishes governing board policies on academic freedom and responsibility. These policies make clear the institution's commitment to the free pursuit and dissemination of knowledge, and its support for an atmosphere in which intellectual freedom exists for all constituencies, including faculty and students. (ER 13)*

### **Evidence of Meeting the Standard**

The College has a Board Policy addressing Academic Freedom. (EV1) This policy is available through Board and listed in the College Catalog. (EV2) The policy demonstrates the Governing Board's recognition of the importance of Academic Freedom in academic pursuits and its commitment to supporting the tenants of such, including the need for faculty to be, "free to think and express ideas, free to select and employ materials and methods of instruction, free from undue pressures of authority, and free to act within the teachers' professional group". These rights are contractually recognized in Article 21 of the collective bargaining agreement between the district and Lassen College Faculty Association. (EV3)

## Analysis and Evaluation

The College meets the standard. LCC has established Academic Freedom Board Policy which is available through BoardDocs as well as the College Catalog.

- 8. The institution establishes and publishes clear policies and procedures that promote honesty, responsibility and academic integrity. These policies apply to all constituencies and include specifics relative to each, including student behavior, academic honesty and the consequences for dishonesty.*

## Evidence of Meeting the Standard

Lassen College publishes clear policies and procedures that promote honesty, responsibility and academic integrity. The Board of Trustees, administration, faculty, management, classified staff and ASB officers have adopted codes of ethics that define the guiding principles each respective constituency group supports. ([EV1](#), [EV2](#), [EV3](#), [EV4](#), [EV5](#), [EV6](#)) These codes of ethics are found on the governance page of the college website. ([EV7](#)) The Board of Trustees incorporates their code of ethics with their standards of practice listed in BP 2715. ([EV8](#)) Conflicts of interest for members of the Board of Trustees are defined, and appropriate actions to be taken in such circumstances are identified, in BP 2710. ([EV9](#)) Ethical infractions impacting employment status are identified in AP 7360 which addresses employee discipline and dismissal. ([EV10](#))

Student rules of conduct and disciplinary procedures are outlined in the catalog. ([EV11](#)) This information is shared with new students as a component of orientation. Academic honesty, and consequences for dishonesty, are addressed in the LCC honor code. ([EV12](#)) Some faculty include the honor code with their course syllabus. The Faculty Handbook provides faculty with guidance as to the application of tenants of the honor code. ([EV13](#))

## Analysis and Evaluation

The College meets the standard. The College has established codes of ethics for all constituency groups that promote honesty, responsibility and academic integrity. Policies are in place to that address the consequences of violations pertaining to student behavior, employee performance and acts of academic dishonesty.

- 9. Faculty distinguish between personal conviction and professionally accepted views in a discipline. They present data and information fairly and objectively.*

## Evidence of Meeting the Standard

Board Policy 4030: Academic Freedom provides the framework for faculty to distinguish between personal conviction and professionally accepted views in a discipline. ([EV1](#)) This policy balances the right of faculty to express personal opinions while adhering to high standards of critical inquiry and analysis. The policy states that “such freedom should be judiciously and prudently to the end that it promotes the free exercise of intelligence and student learning.”

Further guidance on this practice is identified for faculty in the Faculty Handbook. (EV2, EV3) This standard must be adhered to and exercised within the law and the basic ethical responsibilities of the teaching profession. (EV4) Article 21 of the Lassen College Faculty Association Collective Bargaining Agreement contractually outlines the protections and responsibilities of faculty with regard to academic freedom. (EV5) The Faculty Code of Ethics supports the faculty's responsibly to practice intellectual honesty. (EV5a) Faculty are supported in this endeavor by periodic evaluations in which both students and peer faculty members are given the opportunity to comment on the instructor. (EV6, EV7, EV8)

### **Analysis and Evaluation**

The College meets the standard. Board policy, ethics, handbook guidelines and contractual obligation, provide clear guidelines for faculty to follow in distinguishing between personal conviction and professionally accepted views. Evaluation practices provide opportunity for peer review and student input as to views, opinions, content and data shared by instructors as part of their course content. Any concerns that arise in the faculty evaluation process can be addressed as opportunities for growth and further professional development.

*10. Institutions that require conformity to specific codes of conduct of staff, faculty, administrators, or students, or that seek to instill specific beliefs or world views, give clear prior notice of such policies, including statements in the catalog and/or appropriate faculty and student handbooks.*

### **Evidence of Meeting the Standard**

Lassen College requires staff, faculty, administrators and students to conform to specific codes of conduct only in limited circumstances. Athletic coaches must conform to conduct requirements established by the Golden Valley Conference. (EV1) To accomplish this, the Coaches Code of Ethics is discussed annually, usually in July, at the coaches' in-service training. Lassen College employees who enter a California Department of Corrections facility, are required to read and acknowledge their understanding of regulations pertaining to conduct and association with prison inmates. (EV2) Gunsmithing program faculty, instructional assistants and program visitors' conduct is regulated by AP 3530 with regard to how weapons are handled on campus. (EV3) These procedures are discussed and distributed during the Gunsmithing program orientation. Copies of AP 3530 are also available in the Gunsmithing Office. The Licensed Vocational Nursing program details the behavioral expectations of nursing students in their Student Handbook which is distributed and discussed in the Nursing Student Orientation. (EV4)

### **Analysis and Evaluation**

The College meets the standard. Where staff, faculty, administrators or students are required to conform to specific codes of conduct, these individuals are notified in writing of the respective requirements that they must adhere to.

*11. Institutions operating in foreign locations operate in conformity with the Standards and applicable Commission policies for all students. Institutions must have authorization from the Commission to operate in a foreign location.*

## **Evidence of Meeting the Standard**

The institution does not operate in foreign locations.

## **Analysis and Evaluation**

The institution does not operate in foreign locations; this standard does not apply.

*12. The institution agrees to comply with Eligibility Requirements, Accreditation Standards, Commission policies, guidelines, and requirements for public disclosure, institutional reporting, team visits, and prior approval of substantive changes. When directed to act by the Commission, the institution responds to meet requirements within a time period set by the Commission. It discloses information required by the Commission to carry out its accrediting responsibilities. (ER 21)*

## **Evidence of Meeting the Standard**

Board Policy 3200 and Administrative Procedure 3200 affirm the district's commitment to meeting accreditation eligibility requirements and accreditation standards ([EV1](#), [EV2](#)). The college maintains accreditation communications between the district and the Commission on its accreditation webpage ([EV3](#)). Here, on this publicly viewable site, the College's current accreditation status is listed as well as annual reports, self-evaluations, midterm reports, follow up reports, substantive change proposal actions, team reports and action letters. This is a comprehensive collection of accreditation documents listing back to 2008. This history of interaction demonstrates the District's timely response when directed to act by the Commission.

## **Analysis and Evaluation**

The College meets the standard but improvement is needed. LCC consistently responds to Commission directives in a timely manner. The accreditation webpage provides current accreditation status, as well as serving as a historical repository of accreditation documents available to the public.

Issues relating to the timely submission of Substantive Change Reports (SCR's) have surfaced, largely attributable to a lack of stability in the staffing of educational administrator positions within the Office of Instruction—the office has had nine different Chief Instructional Officers (CIO) in the last eight years, along with a consistent failure to staff subordinate educational administrator positions within that same office. Consequently, improvement is needed in (1) the timely submission of substantive change reports (we currently have five new Associate Degrees for Transfer and the closure of the Public Safety Training Center for which no SCR has been submitted), and (2) in bringing stability and longevity to the staffing of administrator positions within the Office of Instruction. These improvement needs are reflected in the improvement plan matrix for this standard.

*13. The institution advocates and demonstrates honesty and integrity in its relationships with external agencies, including compliance with regulations and statutes. It describes itself in consistent terms to all of its accrediting agencies and communicates any changes in its accredited status to the Commission, students, and the public. (ER 21)*

### **Evidence of Meeting the Standard**

Lassen College maintains positive relationships with external agencies. A consistent message regarding accreditation status is reported both through the college website and the College Catalog to students and the public. (EV1, EV2) Communications with ACCJC are posted on the College website. (EV3) In addition to accreditation through ACCJC, the College maintains program accreditation and/or course authorization or certification through the following entities:

Board of Vocational Nursing and Psychiatric Technicians (EV4)

California Department of Public Health (EV5)

Northern California EMS, Inc. (EV6)

NRA (EV7)

POST (EV8)

ASE Education Foundation (EV9, EV9a)

National Wildfire Coordinating Group (EV10)

California State Fire Marshal (EV11)

### **Analysis and Evaluation**

The College meets the standard. LCC consistently and accurately communicates its accreditation status to the public through the College website and College Catalog. Furthermore, the College maintains positive relationships with external agencies whereby it complies with regulations and statutes in accordance with offering specialized training programs to students.

*14. The institution ensures that its commitments to high quality education, student achievement and student learning are paramount to other objectives such as generating financial returns for investors, contributing to a related or parent organization, or supporting external interests.*

### **Evidence of Meeting the Standard**

Lassen College is part of the California Community College system. As a public institution it does not generate financial returns for investors, contribute to a related parent organization or support external interests. Through its Integrated Planning Process the College ensures its commitment to high quality education, student achievement and student learning. The planning and budget development process begin with instructional and non-instructional program reviews. (EV1) Instructional Program review gives priority to educational considerations over cost considerations without ignoring cost considerations. (EV2) Recommendations from program reviews become part of the Comprehensive Institutional Master Plan which guides the budget prioritization process detailed in the Planning and Budget Development Handbook. (EV3) Budget guidelines and priorities stated within the Planning and Budget Development Handbook

focus budget development towards alignment with the Strategic Plan and accomplishment of Strategic Goals. ([EV4](#))

### Analysis and Evaluation

The College meets the Standard. The Strategic Plan which is built upon the values of honesty, integrity, student focus, educational excellence and student success, serves as the cornerstone of planning and budget development.

### Conclusions on Standard I.C. Institutional Integrity

Overall, Lassen Community College meets this standard. There are however certain areas identified for improvement, all of which are reflected in the Improvement Plan(s) matrix below.

### Improvement Plan(s)

Change or Improvement	Standards	Responsible Parties/Committees	Timeline	Anticipated Outcome
Consistently offer IPR Orientations	I.C.3	Chief Instructional Officer Academic Senate Institutional Researcher		More thorough data analysis in IPR, timely IPR submission and integration into planning processes
Timely delivery of required IPR data to faculty	I.C.3	Institutional Researcher		
Consistently post approved IPRs and NIPRs in one location online that is accessible to the public	I.C.3	Institutional Researcher		IPRs and NIPRs available to campus constituencies and the public
Substantial Change indicators need to be embedded into planning process to flag ALO	I.C.12	Curriculum Committee (embed in Curriculum process – Handbook Revision / Proposal forms/packets), CIO, ALO – Completes		Substantive Changes needed for curriculum completed in a timely manner

		subchange inquiry form: <a href="https://accjc.org/forms/substantive-change-inquiry-form/">https://accjc.org/forms/substantive-change-inquiry-form/</a> , Division Chairs, Consultation Council		
Staff educational administrator positions within the Office of Instruction in a manner that brings long-needed stability and longevity to those positions.	I.C.12	CEO	Ongoing	Stable and long-term staffing in the administrator positions of the Office of Instruction

**LASSEN COMMUNITY COLLEGE**

**Standard II**

**Student Learning Programs and Services**

**Self Evaluation Report of Educational Quality and Institutional Effectiveness**

## Standard II

### Student Learning Programs and Services

*The institution offers high-quality instructional programs, student support services, and library and learning support services that facilitate and demonstrate the achievement of stated student learning outcomes. The institution provides an environment that supports learning, enhances student understanding and appreciation of diversity, and encourages personal and civic responsibility as well as intellectual, aesthetic, and personal development for all of its students.*

## **Standard II: Student Learning Programs and Support Services**

*The institution offers instructional programs, library and learning support services, and student support services aligned with its mission. The institution's programs are conducted at levels of quality and rigor appropriate for higher education. The institution assesses its educational quality through methods accepted in higher education, makes the results of its assessments available to the public, and uses the results to improve educational quality and institutional effectiveness. The institution defines and incorporates into all of its degree programs a substantial component of general education designed to ensure breadth of knowledge and to promote intellectual inquiry. The provisions of this standard are broadly applicable to all instructional programs and student and learning support services offered in the name of the institution.*

### **A. Instructional Programs**

- 1. All instructional programs, regardless of location or means of delivery, including distance education and correspondence education, are offered in fields of study consistent with the institution's mission, are appropriate to higher education, and culminate in student attainment of identified student learning outcomes, and achievement of degrees, certificates, employment, or transfer to other higher education programs. (ER 9 and ER 11)*

### **Evidence of Meeting the Standard**

The College is committed to providing high quality instructional programs through a continuous cycle of review and assessment that meets its commitment to fulfill its mission. Appropriateness to higher education and culmination of student attainment of identified student learning outcomes and achievement of degrees, certificates, employment, or transfer is ensured by multiple methods: regular curriculum development and review, program review, advisory committee input, and student learning outcome assessment.

As a comprehensive community college, LCC offers quality instruction in basic skills, career technical, and transfer education. With the implementation of AB 705, Lassen College removed all basic skills classes other than one level below transfer and added a one unit support course at the transfer level. Course selection in degree applicable courses can lead to useful certificates, associate degrees and transfer opportunities.

During the Instructional Program Review (IPR) process the relationship between the program and the Strategic Plan, specifically the mission of the College, is analyzed. ([EV1](#), [EV2](#)) Significant data is provided to program staff for consideration during the production of their IPR. ([EV3](#)) The IPR process provides for the analysis and comparison of student learning outcome assessment results from various levels: institutional, degree/certificate and course. The analysis combined with the results of the student surveys provides the opportunity for determining the effectiveness of the program at meeting student needs. The process further provides for the linkage between student learning outcome assessments and planning and budget allocation.

All proposed new courses require documentation of the relationship of the new course to the LCC mission. The documentation is provided on the "Justification of New Course Form." The

complete new course development process is found in the Curriculum/Academic Standards Committee Handbook. (EV4) Each course is separately reviewed and approved by the Curriculum/Academic Standards Committee and subsequently the Academic Senate and Governing Board for each mode of delivery (i.e. traditional, online, hybrid, or correspondence delivery). (EV5, EV6, EV7, EV8, EV9) Various sections of the same course are all taught to the same course outline of record. The course outline of record includes the approved SLOs for the course. As part of the faculty evaluation process for both full-time and adjunct faculty on and off-campus, the individual class syllabi are compared to the course outline of record to affirm course consistency. Faculty are also evaluated for each modality being taught. (EV10)

Career Technical Education (CTE) programs have advisory committees, which meet regularly to make recommendations on revising and updating program courses, certificates and degrees. In 2019, the district was awarded a CVC-OEI Grant to allow expansion of our online certificate offerings in CTE. Although not required, the grant allows us the opportunity to utilize the OEI rubric for our online courses that will be developed under the grant. Most CTE program advisory committees meet twice each academic year to review currency and student achievement data and to make recommendations for program improvements. (EV11)

AP4105 requires that distance education courses are approved utilizing the same criteria required for all other courses. This criteria includes both quality standards and instructor contact specifications. (EV12) In addition to AP4105, which is available through BoardDocs, these expectations are communicated through the Curriculum Handbook and Faculty Handbook. (EV13, EV14)

The Handbook for Online Instructors details district expectations for regular and effective contact including student-to-student interaction, instructor-to-student (group) interaction, and instructor-to-student (individual) interaction. (EV15) Lassen College currently utilizes Canvas as its learning management system. Canvas provides student-to-student interaction opportunities and student(s) and instructor interaction opportunities through emails, discussions and announcements. Students access their courses in Canvas through their student portal which requires a student login and password.

The Distance Education Committee is in the process of reviewing and updating the Handbook for Online Instructors to forward to the Academic Senate for approval. Distance Education Committee and Senate discussion regarding Handbook revision have included the recommendation of incorporating the CVC-OEI Course Design Rubric in the Handbook detailing best practices beyond the current Handbook language. (EV16, EV17) Currently Distance Education Committee members are in the process of completing Peer Online Course Review (POCR) training to build robust course review practices with the intention of providing online instructors with feedback on course improvement to build their courses to meet standards stated in the Online Instructor Handbook. Over-time, as local course review identifies courses that appear aligned with CVC-OEI standards, opportunities will be explored for submission for consideration as CVC-OEI courses. Campus trainings are offered to support online instruction, which include content related to communication in an online format and substantive interaction. (EV18, EV19, EV20) Faculty Community of Practice monthly meetings periodically cover related topics in a formal manner, but are also designed to allow for free and open discussion amongst colleagues to discuss instructional issues. (EV21) Contact expectations for

correspondence instruction are outlined in the Handbook for Correspondence Instructors. ([EV22](#)) Faculty Orientations held at the beginning of Fall terms provide opportunity for administration to communicate instructional expectations to faculty. ([EV23](#), [EV24](#), [EV25](#))

## **Analysis and Evaluation**

The College meets the standard and the eligibility requirements. All instructional programs, regardless of location or means of delivery, including distance education and correspondence education, are offered in fields of study consistent with the institution's mission. Further, instructional programs are appropriate to higher education and culminate in student attainment of identified student learning outcomes and achievement of degrees, certificates, employment, or transfer.

Appropriateness of instructional programs to the mission and to higher education is reviewed through the curriculum development process as well as through program review and advisory committees. During the curriculum development process, consideration of consistency to the Lassen Community College mission is required. Further, appropriateness to higher education is demonstrated through articulation agreements for transfer-related programs or demonstrated need for employment for career technical education programs.

Student learning outcomes have been identified for all instructional programs and are assessed regularly through linkages to course level student learning outcomes. A review and analysis of student achievement of degrees, certificates, employment, or transfer is completed within each instructional program review.

- 2. (Applicable to institutions with comprehensive reviews scheduled through Fall 2019.<sup>1</sup>) Faculty, including full time, part time, and adjunct faculty, ensure that the content and methods of instruction meet generally accepted academic and professional standards and expectations. Faculty and others responsible act to continuously improve instructional courses, programs and directly related services through systematic evaluation to assure currency, improve teaching and learning strategies, and promote student success.*

*(Applicable to institutions with comprehensive reviews scheduled after Fall 2019.) Faculty, including full time, part time, and adjunct faculty, regularly engage in ensuring that the content and methods of instruction meet generally accepted academic and professional standards and expectations. In exercising collective ownership over the design and improvement of the learning experience, faculty conduct systematic and inclusive program review, using student achievement data, in order to continuously improve instructional courses and programs, thereby ensuring program currency, improving teaching and learning strategies, and promoting student success.*

## **Evidence of Meeting the Standard**

At Lassen College, all academic programs conduct Instructional Program Reviews (IPR). For academic instructional programs, these reviews occur every four years. For programs in Career

---

<sup>1</sup> The Commission acted to modify the Standard during its January 2018 Board of Directors meeting.

Technical Education (CTE), these reviews occur every two years. These processes are driven by the IPR handbook, which is a product of the Academic Senate. (EV1) As a result, these reports are faculty driven—though the initial requirement for these reports is the result of accrediting body requirements.

Additionally, each faculty member's delivery of curriculum is evaluated on a regular basis. For new, full-time tenure track faculty members, evaluations are conducted on an annual basis. For tenured faculty, reviews are conducted every three years, and the same holds true for adjunct faculty. Full time temporary faculty evaluations are conducted every year and then each third year thereafter. This last category of faculty, however, are extremely rare at Lassen College. Adjunct faculty are evaluated within the first three semesters after initial employment and then every third semester of employment. (EV2) Taken on the whole, this approach forms a very robust evaluative program for each of the teaching populations at Lassen College. One weakness of this process, however, is that it can become burdensome on those individuals charged with conducting the reviews. The frequency of reviews, combined with the relatively small size of the college—and hence the small pool of available reviewers—means that the same individuals are constantly engaged in the process. On the other side of the equation, however, the vigorous nature of the evaluation program ensures excellent instruction is being offered to students at Lassen College.

Finally, CTE programs are guided by Advisory Committees comprised of local industry leaders and experts in the field. The committees serve to provide strategic level guidance on the development, progression, and shaping of CTE programs. At the same time, the committees offer a connection for future employment of students in their chosen field. (EV3, EV4, EV5)

### **Analysis and Evaluation**

In all, Lassen College's academic and CTE programs are evaluated and guided by strong and useful processes that ensure high quality curriculum. The IPR process provides faculty an opportunity to voice their successes, concerns, and needs. As a result, this process also serves as an avenue for informing the administration of these matters and involving all parties in possible resolutions.

This does not mean, however, that the execution of this process by Lassen College is perfect. One of the major faults of this process has been the lack of timeliness in the completion of IPRs. A number of the reports are one or more years behind. The instability in the Office of Instruction has impeded the consistent/regular communication and dedication to completion of these reviews in a timely fashion.

Taken on the whole, however, the process by which the college abides does provide a good conduit for evaluation and improvement. Both faculty and programs have a regular process for review, and continual oversight by administrators and faculty ensure strong curricular outcomes and instructional delivery. As a result, Lassen College presents to its students and members of the campus community a legitimate and meaningful educational program that contribute to the overall wellness of the service area and all of those accessing the services of the campus.

- 3. The institution identifies and regularly assesses learning outcomes for courses, programs, certificates and degrees using established institutional procedures. The institution has officially approved and current course outlines that include student learning outcomes. In every class section students receive a course syllabus that includes learning outcomes from the institution's officially approved course outline.*

### **Evidence of Meeting the Standard**

The most direct evidence of a meaningful process of identification and assessment of learning outcomes for instructional programs at Lassen College is via the evaluation of the Student Learning Outcomes (SLOs). This process is outlined in the Faculty Handbook. ([EV1](#))

### **Analysis and Evaluation**

Lassen College meets this standard. LCC's internal review process for SLOs remains a meaningful one that is undergirded by a format that ensures accuracy and pertinence. Each course has its own SLO's which are developed by faculty who teach that course. ([EV2](#), [EV3](#), [EV3b](#)) The SLO, included in the outline, are reviewed and approved by the Curriculum Committee and noted in the syllabus per AP 4023. ([EV4](#)) Each instructor, excluding those who teach for our incarcerated programs, have been given a Canvas shell to post their syllabus, including the SLOs. At the beginning of each semester the instructor decides which SLO they are going to access. At the conclusion of the course, the instructor completes the SLO Form. ([EV5](#)) At the end of the semester the completed form is sent to the Curriculum Specialist to load the information into a spreadsheet. ([EV6](#)) Additionally, the Office of Institutional Research and Effectiveness provides oversight of the process, evaluates data provided by the Office of Instruction, and coordinates the means by which such data is employed in Institutional Program Reviews.

In terms of the connection between Learning Outcomes and course outlines, the Office of Instruction ensures that course outlines include SLOs. These course outlines are approved by Curriculum Committee (a faculty senate committee) and this ensures a consultative process. As a result, the end product for guiding a particular course is well balanced and faculty driven.

In an aggregate sense, the effort on the part of Lassen College to assess learning outcomes for its modalities of instruction is strong. The college's collection, review, and analysis process—and individual processes—are responsibly constructed and provide that the larger goal of ensuring vitality and rigor in the curriculum are met.

- 4. If the institution offers pre-collegiate level curriculum, it distinguishes that curriculum from college level curriculum and directly supports students in learning the knowledge and skills necessary to advance to and succeed in college level curriculum.*

### **Evidence of Meeting the Standard**

Lassen College is aware that part of the mission is to serve students who need to strengthen their basic skills as referenced in our Strategic Plan. ([EV1](#)) Lassen College offers pre-collegiate level

coursework mentioned in the course catalog in the areas of English, math, and any courses numbered 100-109. (EV2) With the implementation of AB 705, LCC decided to inactivate some basic skills courses (i.e. Math 101 Basic Math, Math 102 Pre-algebra, and Math 103 Elementary Algebra) and added a one unit co-requisite course based on the statewide default placement recommendations (EV3, EV4) to support student success at the transfer level in English and math. Previous catalogs (EV5) provided a placement ladder and with course sequencing for English and math. After AB 705 implementation and removal of many of the basic skills courses, LCC provided steps and the use of multiple measure to determine placement. Lassen College is currently exploring in our Guided Pathways workgroups ways to make this information more clearly defined for students.

In 2015, LCC created a non-credit high school equivalency certificate consisting of basic skills courses to prepare students to pass the HiSet (High School Equivalency) exam which then allows the student to receive financial aid, if eligible, and move into credit courses/programs. (EV6, EV7) LCC's automotive program has created a similar certificate with the same intention. Lassen College has dedicated one full time counselor to work specifically with non-credit students. The intention is to provide guided support as a student navigates services and transitions from non-credit to credit courses/program seamlessly. Student Services provide a variety of services to support any student discussed in Standard IIB.

### **Analysis and Evaluation**

Lassen College meets this standard by distinguishing the pre-collegiate curriculum from college level curriculum. LCC also supports student learning transitioning from basic skills to college level curriculum courses and programs. A variety of statewide initiatives such as Guided Pathways, Student Success Support Program, Equity, and Non-Credit/Adult Education programs and services are flourishing at Lassen College. However, with the implementation of different strategies relating to these initiatives, LCC needs to take steps to determine our effectiveness and make adjustments as necessary in these ongoing implementation efforts.

5. *The institution's degrees and programs follow practices common to American higher education, including appropriate length, breadth, depth, rigor, course sequencing, time to completion, and synthesis of learning. The institution ensures that minimum degree requirements are 60 semester credits or equivalent at the associate level, and 120 credits or equivalent at the baccalaureate level. (ER 12)*

### **Evidence of Meeting the Standard**

Degrees and programs follow practices common to American higher education for breadth, depth, rigor, course sequencing, time to completion, and synthesis of higher learning. All degree programs also have a general education component designed to ensure students develop a breadth of knowledge to support intellectual growth. Specifically, the manner in which Programs, Courses, and Curriculum are developed is laid forth in Board Policy 4020 and Administrative Policy 4020. (EV1, EV2) Degree requirements are identified in LCC's Catalog. (EV4) Finally, faculty must meet accepted standards of academic preparation. This process is contained in the Minimum Qualifications Handbook (EV3).

## **Analysis and Evaluation**

Lassen College meets this standard. In a broad sense, Lassen College is typical of most American institutions of higher learning: it offers an education grounded in excellent instruction, based upon fact and analysis that have been vetted by verified and reliable sources. In other words, Lassen College provides its students with an education that meets expected standards. Moreover, Lassen College employs faculty that are thoroughly qualified to teach in their respective fields. This is not, however, an absolution of the need for regular and continuous improvement of faculty qualifications. The college recognizes there is always room for improvement and growth. This is particularly the case as the college does not currently employ a single full-time member of the faculty with a doctorate. While the absence of terminally degree faculty in many fields is not an indicator of a shortcoming, it is a comparatively noticeable absence. Numerous community colleges in California now employ multiple faculty members with terminal degrees. Lassen College should, at least in the future, consider pursuit of terminally credentialed faculty in those fields where such degrees are pertinent.

6. *The institution schedules courses in a manner that allows students to complete certificate and degree programs within a period of time consistent with established expectations in higher education. (ER 9)*

## **Evidence of Meeting the Standard**

Consistent with the Guided Pathways model, students are set on their path through a consultative process enabled by student-academic counselor engagement, faculty-student engagement and, if need be, intervention, and administrative oversight. Despite significant work accomplished by the Guided Pathways Taskforce, the Meta-Major component of Guided Pathways has not been implemented yet. This important initiative needs to be a priority in order to ensure that students have proper guidance, flexibility and the ability to complete certificate and degree programs within an appropriate period of time. Currently to keep students on their path, regular student-academic counselor interaction promotes student adherence to their chosen course of learning. Counselors and division chairs use the two year plans to provide guidance for appropriate scheduling of courses and educational planning to ensure students have the ability to finish the degree of certificate in a timely fashion. (EV3)

In accordance with the principles of shared governance (EV1), faculty are afforded a voice in the scheduling process through the Division Chairs. Individual faculty members express their course desires to their Division Chairs, who in turn bring those to the larger group. Nonetheless, this process remains student focused, as the sections which are scheduled are driven primarily—if not primarily—by student need.

Perhaps most tellingly, the average number of units accumulated by an Associate's degree earner at Lassen College falls below the state community college system mean. This is a clear indicator of precision in counseling and scheduling process. (EV2)

## **Analysis and Evaluation**

Lassen College meets this standard. Students come first at the college. This is reflected in the manner in which schedules are developed. For instance, courses are regularly offered at a financial loss for the institution but to the advantage of the student. This is the case with certain low enrollment courses that a student(s) requires for graduation but the number of enrolled students would otherwise dictate the cancellation of the course. This is, however, an aberration from the norm, and is offset by higher-enrollment sections.

In terms of the rotation of courses, courses are offered on a two year rotation allowing students to complete their degree within two years of enrollment. (EV3) This setup also allows faculty to appropriately plan their schedules for the coming two years, while permitting a dedicated process of curricular changes that ensures an up-to-date program is provided to students.

Students who do not have a solid program goal or career goal flounder with identifying the appropriate degree or certificate. LCC has identified a few areas of improvement. One, being the implementation of the career/transfer center which opened Fall 2019 in hopes of providing career assessment opportunities early in the educational process. Secondly, LCC will develop Meta-Major categories to list the degrees and certificates in a way that is meaningful to students. Meta-Major structure through implementation will be further explained in our QFE.

Finally, a joint committee of instructors (Division Chairs), academic counselor, and administrators meet several times a term to determine the upcoming semester's calendar. This ensures that all voices are heard in crafting a schedule that meets student, faculty, and administration needs.

7. *The institution effectively uses delivery modes, teaching methodologies and learning support services that reflect the diverse and changing needs of its students, in support of equity in success for all students.*

### **Evidence of Meeting the Standard**

Lassen College's Student Equity Plan (EV1) states that "Lassen Community College is committed to creating an environment which fosters access and success for all students no matter their gender, culture, religion, ethnic background, socioeconomic status or any other characteristic." Data has proven Lassen College to be successful in this regard. The data reflects real people and their lives, and the college takes great pride in this regard.

Lassen College offers courses with multiple modality options in an attempt to meet student needs. LCC offers courses face to face, hybrid, online, and correspondence (for incarcerated served at a distance). (EV2) LCC offers some courses on the weekend (fire science), morning, afternoon, and evening (general education). This is a major accomplishment as LCC does not have a large faculty group nor adjunct pool. Modalities are determined by discipline faculty and reviewed at the Curriculum Committee. (EV3)

Lassen College remains the state leader in the delivery of higher education that meets the needs of incarcerated persons. Learning opportunities are provided via two different modalities: face-

to-face and correspondence. The face-to-face modality is offered locally at High Desert State Prison (HDSP) and California Correctional Center (CCC). The correspondence program is offered at 46 institutions, to include HDSP and CCC. The impact of these degrees, given the often limited opportunities afforded individuals leaving incarceration and joining the ranks of the formerly incarcerated, is high.

Support services are defined in depth in Standard II C. However, some of LCC's support services worthy of mentioning in this standard are online tutoring, peer tutoring on campus and at the local prisons, embedded tutors (in some math classes), and writing labs. Per AB 705, one unit support courses were created to take concurrently with the transfer level math and English on campus, online and at the prisons. In addition, when the Career Center opened in Fall 2019, career assessment tools were put into place for students on campus and incarcerated population. Spring 2020, LCC Career Center hopes to implement Career Coach to provide the same service to online students.

Faculty have the opportunity to take advantage of professional development opportunities to support equitable services and instruction. Many student service employees have attended Student Success conferences. Instructional faculty have attended conferences regarding AB 705. Each semester faculty have two flex days ([EV9](#)), Community of Practice meetings (started 2019) ([EV10](#)), and two mandatory convocations in which issues such as equity, integrating technology, navigating Canvas tools, and mental health awareness are addressed. ([EV4](#)) LCC has also offered on campus activities to support equity with targeted populations. Some examples are LCC's cultural events ([EV5](#)), raising awareness of mental health issues ([EV6](#)), Kinship workshops every month ([EV7](#)) and the Indian Rancheria children to campus each summer to expose potential students to higher education ([EV8](#)).

### **Analysis and Evaluation**

Lassen College meets this standard. In terms of racial, class, and gender equity in educational opportunities, Lassen College has proven a particular strength. Across the board, Lassen College has shown equity in both serving and seeing through to completion all genders and ethnicities. In the next six years, LCC's Equity Report identifies increasing enrollment of female students from 22% to 33%, Native American students from 2% to 3%, and veteran students from 7% to 8%. Lassen College will also focus efforts on improving students' success for disproportionate groups in remedial coursework, specifically math 53%, English 47%, and our overall 4 year completion rate of 4.3%.

8. *The institution validates the effectiveness of department-wide course and/or program examinations, where used, including direct assessment of prior learning. The institution ensures that processes are in place to reduce test bias and enhance reliability.*

### **Evidence of Meeting the Standard**

Lassen College does not have department-wide or program examinations. While there are no program or department-wide examinations in use, a student does have the credit-by-exam

process to prove mastery of the course and earn course credit according to BP 4235. ([EV2](#)) AP 4235 Credit by Exam does provide the criteria an instructor must follow. ([EV1](#))

While there is work going on at the Academic Senate for California Community Colleges (ASCCC) in conjunction with the Chancellors Office to provide a student credit for prior learning, Lassen College has not yet adopted this standard of practice but is intending on adopting credit for prior learning in the future. The institution will use criteria as established by the Chancellors Office.

### **Analysis and Evaluation**

Lassen College meets this standard. The institution does not use program-wide and/or district-wide exams, however some courses in CTE disciplines use third-party certifications for students. Welding, for example, issues AWS (American Welding Society) certifications in many of their courses. EMT also issues CPR certificates to students who successfully pass the course. Credit-by-exam remains an option for a student to get course credit.

- 9. The institution awards course credit, degrees and certificates based on student attainment of learning outcomes. Units of credit awarded are consistent with institutional policies that reflect generally accepted norms or equivalencies in higher education. If the institution offers courses based on clock hours, it follows Federal standards for clock-to-credit-hour conversions. (ER 10)*

### **Evidence of Meeting the Standard**

Lassen College awards course credit, degrees and certificates consistent with norms in higher education based on student successful attainment of learning outcomes supported by criteria noted in BP/AP 4100 ([EV1](#), [EV2](#)) and 4020 ([EV3](#), [EV4](#)) in reference to Title 5 regulations. Student Learning Outcomes are listed on each course outline and course syllabus with outcomes measured each semester the course is offered. For Convocation in February 2015, as a campus we divided into departments to review SLOs and AUO's ([EV5](#)). Program Learning Outcomes are provided in the catalog ([EV6](#)) under each respective program. All results are sent to the Institutional Effectiveness Office and data will now be included in the Click Program. SLO's and PSLO's are reviewed by Curriculum Committee through the course and program development process.

Lassen College's BP/AP 4024 Hours and Units ([EV7](#), [EV8](#)) and Curriculum Handbook ([EV9](#)) support the Federal regulations for courses offered based on clock hours.

### **Analysis and Evaluation**

Lassen College meets this standard. A strong process to develop, review and measure SLO's and PSLO's are in place. A local policy and an updated Curriculum Handbook provide direction with courses based on clock hours. With less turnover in the Institutional Effectiveness position and Accreditation Chair, ALO and appropriate orientation of faculty, LCC could provide more consistency with gathering SLO and PSLO data.

10. *The institution makes available to its students clearly stated transfer-of-credit policies in order to facilitate the mobility of students without penalty. In accepting transfer credits to fulfill degree requirements, the institution certifies that the expected learning outcomes for transferred courses are comparable to the learning outcomes of its own courses. Where patterns of student enrollment between institutions are identified, the institution develops articulation agreements as appropriate to its mission. (ER 10)*

### **Evidence of Meeting the Standard**

Lassen College's Strategic Plan ([EV1](#)) provides guidance in how the student is supported and barriers are minimized through "access and retention to enable student attainment of educational goals..." Lassen College supports students through the onboarding process and transferring credit in a variety of ways:

- Courses are submitted to C-ID, when appropriate, in hopes of receiving the common course number so students/counselors can easily identify a common course across districts/campuses. C-ID numbers are noted with the course in the course catalog. The C-ID website is also used as a reference for counselors. The approved courses help feed into one of Lassen's 17 Associate Degrees for Transfer providing a seamless process into a CSU.
- Transferrable courses are submitted for articulation between Lassen College and the UC's and CSU's. The approved courses get published to a public site known as Assist.org ([EV2](#)). The Articulation Officer also works with colleges/universities out of state as well, with the articulation agreement usually published in the university's TES/Transferology program.
- Counselors use California State University Executive Order 1036 ([EV3](#)) to grant permission to veteran students with a DD 214, discharge papers, to satisfy CSU GE Breadth Area E ([EV4](#)). Veteran students can earn up to 12 units of military credit evaluated by using recommendations from the American Council on Education (ACE).
- Credit by Exam is a process used at Lassen College to establish credit for knowledge learned through a process other than a transcribed course ([EV4](#)) Credit by Exam. A student may challenge a course for college credit by completing a Credit by Exam application. Students then take an exam proctored by the course instructor. If the class is passed a grade is earned and posted on the student's transcript and notated earned by "Credit by Exam."
  - Local high school students can earn college credit for taking a course articulated at the high school by passing the final exam and earning a B or higher in the course. The course is also identified on the transcript as "Credit by Exam ([EV5](#))."
- High school students who take and pass an Advanced Placement course with a score of a 3, 4, or 5 can earn appropriate GE credit, graduation requirement, or advanced placement in a course sequence ([EV4](#)).
- College Level Examination Program (CLEP) exam results can be provided to a counselor to be evaluated. Students can receive credit to meet general education, graduation requirement, or advanced placement in a course sequence.

- When transcripts are provided from another regionally accredited institution counselors evaluate the coursework by using Assist, Transfer Center Website, C-ID website, College Source/TES system, and catalogs to determine course equivalency, general education, and/or course placement.
- LCC's catalog communicates to the student a number of policies ([EV6](#)) as well as on the Board of Trustees webpage that provides access to the public version of BoardDocs. ([EV7](#))

LCC's Transfer Center webpage ([EV8](#)) provides the student information on LCC's general education and services we provide to ensure successful transfer to their next institution.

### **Analysis and Evaluation**

Lassen College has met this standard by creating policies and procedures to support students transitioning from one, or more, institutions to Lassen College. The Curriculum Committee, Articulation Officer, counselors, and the Transfer Center ensure transition to Lassen and from Lassen to another institution. The college is eagerly awaiting the official guidance provided by the Credit for Prior Learning Committee in order to issue additional credit for training in the areas of administration of justice, automotive, cyber security, business administration and management, health, fire science, and information technology.

11. *The institution includes in all of its programs, student learning outcomes, appropriate to the program level, in communication competency, information competency, quantitative competency, analytic inquiry skills, ethical reasoning, the ability to engage diverse perspectives, and other program-specific learning outcomes.*

### **Evidence of Meeting the Standard**

Lassen College evaluates the Institutional Learning Outcomes identified in our Strategic Plan yearly at Consultation Council. Consultation Council is comprised of LCC's main constituent groups (Faculty, Classified, Administration, and ASB/student) ([EV1](#), [EV2](#), [EV3](#)). Lassen College has identified the following Institutional Student Learning Outcomes noted in the Strategic Plan ([EV4](#)) and the catalog ([EV5](#)). Each of Lassen College's courses identify Student Learning Outcomes. Each SLO is tied to ISLO's and GESLO's. It is apparent that LCC addresses the following categories identified in this standard such as communication competency, information competency, quantitative competency, analytic inquiry skills (critical thinking), ethical reasoning (professional integrity), engage diverse perspectives (interact successfully with other cultures), and other program specific learning outcomes.

### **Institutional Student Learning Outcomes**

1. **Communication** - Ability to listen and read with comprehension and the ability to write and speak effectively

**2. Critical Thinking** - Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome

**3. Life Long Learning** - Ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems

**4. Personal/Interpersonal Responsibility** - Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures

#### **LCC's GE SLO's:**

**GESLO 1:** Understand and apply methods of inquiry for a variety of disciplines including the scientific method for scientific inquiry and appropriate methods for social and behavior science inquiries.

**GESLO 2:** Explain and analyze relationships between science and other human activities.

**GESLO 3:** Apply knowledge of the ways people act and have acted in response to their societies to express an appreciation for how diverse societies and social subgroups operate to understand social dynamics within historical and contemporary communities.

**GESLO 4:** Understand ways in which people throughout the ages and in Western and non-Western cultures have responded to themselves and the world around them in artistic and cultural creation; apply this knowledge to make value judgments on cultural activities and artistic expressions and demonstrate an understanding of the interrelationship between the creative arts, the humanities and self.

**GESLO 5:** Engage in verbal communication by participating in discussions, debates, and oral presentations utilizing proper rhetorical perspective, reasoning and advocacy, organization, accuracy, and the discovery, critical evaluation and reporting of information.

**GESLO 6:** Compose effective written communications and essays with correct grammar, spelling, punctuation and appropriate language, style and format utilizing academically accepted means of researching, evaluating and documenting sources within written works.

**GESLO 7:** Analyze, evaluate and explain theories, concepts and skills within varied disciplines using inductive and deductive processes and quantitative reasoning and application.

**GESLO 8:** Demonstrate appreciation of themselves as living organisms through their choices for physical health, activities, stress management, relationships to the social and physical environment, and responsible decision-making.

In reference to provide program appropriate level course work, Title 5, Section 55063 (EV6) speaks to the Minimum Requirements for the Associate Degree and provides guidance regarding the appropriate program level. This section mentions that the community college course offerings are appropriate as lower division coursework in preparation for transfer to a California State University. Lassen College's Curriculum Committee reviews coursework to assure instructional content appropriate to the program level. The Curriculum Handbook identifies lower division coursework is appropriate (pages 11, 17, 18, 23) and on the New Course Proposal Form (EV7).

### **Analysis and Evaluation**

Lassen College meets this standard. Lassen College revisits the Strategic Plan yearly, including the Institutional Student Learning Outcomes and Title 5 provides guidance to the appropriate level of the coursework provided at the community college level which is evaluated by the Curriculum Committee.

12. *The institution requires of all of its degree programs a component of general education based on a carefully considered philosophy for both associate and baccalaureate degrees that is clearly stated in its catalog. The institution, relying on faculty expertise, determines the appropriateness of each course for inclusion in the general education curriculum, based upon student learning outcomes and competencies appropriate to the degree level. The learning outcomes include a student's preparation for and acceptance of responsible participation in civil society, skills for lifelong learning and application of learning, and a broad comprehension of the development of knowledge, practice, and interpretive approaches in the arts and humanities, the sciences, mathematics, and social sciences. (ER 12)*

### **Evidence of Meeting the Standard**

Lassen College offers three general education patterns (local, California State University Breath, and Intersegmental General Education for Transfer) which are each identified in the catalog (EV1). Each pattern is explained in the Curriculum Handbook (EV2). Discipline faculty with assistance of the articulation officer and transfer center assistant can determine which courses may be appropriate for GE submission. The Curriculum Committee reviews to deem the course meets the appropriate criteria.

Discipline faculty develop appropriate student learning outcomes which align to the ISLO's and GESLO's. LCC's GESLOs are located the website. (EV3)

Lassen College prepares students for "a civil society (GESLO 3, 4, 5, 6, 7, 8), skills for lifelong learning (ISLO 3), application of learning (all GESLO's), a broad comprehension of the development of knowledge, practice, interpretive approaches in arts and humanities (GESLO 4),

the sciences (GESLO 1, 2, 7), mathematics (GESLO 7), and social sciences (GESLO 1, 2, 3, 4, 8).”

### **Analysis and Evaluation**

Lassen College meets this standard as discipline faculty identify which courses can be included in each general education pattern. Each general education pattern is inclusive of the criteria identified in this standard and gives the student a comprehensive exposure and preparation for lifelong learning and critical thinking skills.

13. *All degree programs include focused study in at least one area of inquiry or in an established interdisciplinary core. The identification of specialized courses in an area of inquiry or interdisciplinary core is based upon student learning outcomes and competencies, and include mastery, at the appropriate degree level, of key theories and practices within the field of study.*

### **Evidence of Meeting the Standard**

Programs are broken down by topic or accepted interdisciplinary focus and this is evident based on the Course Catalog. Beyond this, interdisciplinary programs are also identified in the catalog. Taken on the whole, the college’s academic programs, whether a singular field or an established interdisciplinary field, are ones that focus on material, learning processes and outcomes that are guided by accepted academic norms. ([EV1](#))

### **Analysis and Evaluation**

Lassen College maintains a strong focus on an objective “center”—either topically or interdisciplinary—in each of its instructional programs. This is largely a result of, in traditionally topical programs, a focus on proven curriculum; in interdisciplinary programs, a particular strength of the institution has been to adopt otherwise successful approaches to offering instruction that incorporate traditional fields of learning, while also developing new foci and approaches to the acquisition of knowledge that reflect the ever shifting realities of a changing world.

14. *Graduates completing career-technical certificates and degrees demonstrate technical and professional competencies that meet employment standards and other applicable standards and preparation for external licensure and certification.*

### **Evidence of Meeting the Standard**

Lassen College CTE students that complete a certificate of degree do demonstrate technical and professional competencies. These competencies are spelled out clearly in the course outline of records. Each CTE program meets at least annually with their advisory committee as required by Title 5 and AP 4102 ([EV1](#)). Among other things, the advisory committee makes suggestions for and reviews curriculum to keep what CTE students are learning current and relevant. Advisory committees also help CTE programs achieve 3<sup>rd</sup> party accreditation. For example advisory

committee members helped the Lassen College Automotive program achieve ASE Education Foundation accreditation by serving on the ASE evaluation team to make sure the automotive program met the required standards.

Lassen College CTE programs also serve students by preparing students for or issuing external licensure and certification. Nursing is an example of a program that prepares the student for an external license. Faculty in nursing prepare their students for the California NCLEX-VN license. Lassen College welding students are able to get AWS (American Welding Society) certifications as part of the program. The welding instructor is an AWS certified inspector. These examples also show that students that complete a certificate or degree from a Lassen College CTE program meet employment standards. ([EV2](#), [EV3](#))

### **Analysis and Evaluation**

Lassen College meets this standard. Along with giving input on curriculum and keeping CTE programs current, advisory committees also provide up to date labor market information. Having regular contact with people from industry CTE faculty are able to make sure students have the skills employers are looking for. Faculty are able to help the students develop soft skills such as leadership, critical thinking skills, and work ethic.

Advisory committees also give input on what tools and equipment are being used in industry. Lassen college CTE programs are able to purchase required tools and equipment through various grants such as Perkins and Strong Workforce. Nursing was able to use these funds to purchase updated mannequins that students can better understand real life situations. Automotive was able to purchase a required smog machine to prepare students for taking the California Bureau of Automotive Repair smog inspector license exam. The Agriculture program was also able to purchase a new ultrasound machine that is currently being used in industry to replace a 30 year old piece of equipment.

15. *When programs are eliminated or program requirements are significantly changed, the institution makes appropriate arrangements so that enrolled students may complete their education in a timely manner with a minimum of disruption.*

### **Evidence of Meeting the Standard**

Lassen College is currently working on drafting a discontinuance and revitalization policy ([EV1](#), [EV2](#)). In the IPR (Instructional Program Review) process a curriculum review is required which includes courses, certificates, and degrees. If a program is changed or eliminated the students still have catalog rights defined on page 5 of our 2019-2020 catalog ([EV3](#)). Per AP 4100 ([EV4](#)), advising plans are available in the Counseling Office and on our website ([EV5](#)) and courses will be taught at least once in two years. Changes made to programs and/or courses occur through the college's Curriculum Committee, counselors are notified of the changes and advising plans are updated.

### **Analysis and Evaluation**

Lassen College has met this standard as there is a process in place with minimum disruption to students as the goal. Students are notified, division chairs work with faculty to schedule courses appropriately, and counselors assist with appropriate educational planning to ensure certificate and/or degree completion occurs in a timely fashion. LCC will continue to move forward with discussions regarding a discontinuance/revitalization process and propose an administrative procedure if deemed appropriate.

16. *The institution regularly evaluates and improves the quality and currency of all instructional programs offered in the name of the institution, including collegiate, pre-collegiate, career-technical, and continuing and community education courses and programs, regardless of delivery mode or location. The institution systematically strives to improve programs and courses to enhance learning outcomes and achievement for students.*

### **Evidence of Meeting the Standard**

Lassen College evaluates and improves the quality and currency of all instructional programs through the IPR process ([EV1](#), [EV2](#)) due every 4 years, with CTE due every two years, regardless of location or mode of delivery. NIPR's evaluate programs such as Basic Skills, Contract Education, Correspondence/Distance Education, and Community Service. IPR's include all instructional programs. The IPR process identifies the areas to address listed below, data is provided, and an honest evaluation of each of the follow sections is expected in comparison to the previous report. Adjustments to courses, degrees/certificates, and program can be initiated through this process and budgetary considerations can be requested.

- FTE's generated by program
  - FTEs generated separately by course, by semester, by modality, by time of day, by full-time and by part-time faculty.
  - FTEs generated per class, per semester and per class, per modality.
  - LCC FTE data to match program categories should be provided to allow for comparisons between individual programs and all instructional programs.
- Number of FTE faculty (FTEF) in program by semester and year. • Total FTEF
  - FTEF for full-time faculty only – including overloads
  - FTEF for full-time faculty only – without overloads
  - FTEF for full-time faculty only – overloads only
  - FTEF for part-time faculty.
- Enrollment data • Total program enrollment data at census and completion of course.
  - Enrollment data at census and completion of course for each class, each modality, and each time of day offering.
- Student outcomes (transfer, awarded degrees and certificates, basic skills improvement, retention, employment status, etc.)
  - Student completion, retention and success rates by program, class, modality, and time of day
  - Persistence from course to course. Initially, this is most important in sequential courses in Basic Skills, Math and English but should be expanded to include all prerequisite courses as data is made available.

- Transfer data
- Awarded degrees and certificates
- Additional data requested by faculty will be considered as priorities allow
- Student Learning Outcome (SLO) assessment results dating back to the previous IPR.
- Student evaluation of the program

Third party mandated regulations (i.e. LVN, child development, etc.) are considered and updated as necessary. In addition, CTE programs provide and evaluate labor market data, advisory committee input, and regional consortium feedback.

### Analysis and Evaluation

Lassen College has met this standard by having a process in place which evaluates and improves the quality and currency of all instructional programs regardless of modality. LCC has recently decided to use QLIK to house all IPR/NIPR data. Continual improvement related to instruction is also addressed in Standard IB.

### Conclusions on Standard II.A. Instructional Programs

Overall, the College meets this standard. There are issues that require improvement though, all of which are reflected in the Improvement Plan(s) matrix shown below.

### Improvement Plan(s)

Change or Improvement	Standards	Responsible Parties/ Committees	Timeline	Anticipated Outcome
Complete IPR's on schedule	II.A.2	CIO; Researcher	Ongoing	All IPR's submitted on time, according to a prescribed schedule
Establish effectiveness measures for statewide initiatives/programs such as Guided Pathways, Student Success Support Program, Equity, and Non-Credit/Adult Education	II.A.4	CSSO, CIO, Researcher	Ongoing	Standardized effectiveness measures established and monitored
Improve consistency in gathering SLO and PSLO data through stability in staffing of ALO, Researcher, and	II.A.9	CEO; CIO; HR	Ongoing	Improved longevity and stability in staffing of ALO, Researcher, and Accreditation Chair positions with a

Accreditation Chair positions.				measurable increase in SLO/PSLO data
Develop a program discontinuance/revitalization process along with associated Board Policy and Administrative Procedure	II.A.15	CIO; Academic Senate	Ongoing	An implemented discontinuance/revitalization process with associated Board Policy and Administrative Procedure
Develop and implement Meta-Majors	II.A.6 II.A.7	VP of Student Services, CIO, Guided Pathway Taskforce	Ongoing	Reduce students time to completion of degree of certificate, increase graduation rates

---

## **B. Library and Learning Support Services**

- 1. The institution supports student learning and achievement by providing library, and other learning support services to students and to personnel responsible for student learning and support. These services are sufficient in quantity, currency, depth, and variety to support educational programs, regardless of location or means of delivery, including distance education and correspondence education. Learning support services include, but are not limited to, library collections, tutoring, learning centers, computer laboratories, learning technology, and ongoing instruction for users of library and other learning support services. (ER 17)*

### **Evidence of Meeting the Standard**

Lassen Community College (LCC) supports student learning and achievement with a Library and Learning/Tutoring Center, together known as the Academic Resource Center (ARC). Students, including distance learners who are online or correspondence students, have access to learning resources and assistance both on-campus and online ([EV1](#)). A full-time librarian is responsible for handling the day-to-day operations in the ARC. In addition to the librarian, the ARC is currently staffed by one *substitute* part-time library assistant, and on July 1, 2019, one full-time instructional support specialist (ISS) III individual with a 12-month contract was appointed to operate the learning/tutoring center. Federal work study students are utilized to support library services during the fall and spring semesters.

As with most California Community College libraries, Lassen's staffing of one FTEF librarian and one part-time classified staff falls below the recommended standards for staffing articulated in the Standards of Practice for CCC Library Faculty and Programs, a position paper published by the Academic Senate for California Community Colleges. Requests for additional library staffing have been a regular part of the library's annual program plan ([EV2](#)).

The Library's & Learning Center's Fall 2019 hours are Monday-Friday, 8:00 AM-4:30 PM ([EV3](#)). In preparation for the two weeks before finals, the hours and days are extended to Monday-Thursday, 7:30 AM-6:30 PM, and two Sundays, 1:00-5:00 PM ([EV4](#)). The ARC offers resources, services, computers, printers, Wi-Fi, and assistance. The librarian is available during the day, 199 days per year; online support is accessible through the Web, phone, text and e-mail, 24/7. All such resources, services and staffing are promoted, publicized and accessible in the ARC and on campus as well as online.

The library and learning center (LC) instructor, who is a librarian, and staff (half-time library tech and one full-time ISS III) work under the direction of the Dean of Instruction ([EV5](#)). Tutoring may utilize the Division 4 Chair for additional help ([EV6](#)).

In August 2016, the College's Library and Learning Center officially merged and moved into a completely remodeled Academic Resource Center ([EV7](#)). In August 2019, the facility gained air conditioning. Part of the renovation resulted in the abandonment of the more traditional anti-theft gate system with a people counter. A cloud-based management system, Accudemia, was purchased and installed for tracking the usage of services by students. One downfall is that other users, including instructors, staff, and community members, are no longer tallied. Also, due to Accudemia's inoperative times along with the forgetfulness of students to sign-in, the number of individuals utilizing the ARC is grossly underestimated. Utilizing Accudemia, the count averages 262 students per month: Fall 2017: 1,877 visits; Spring 2018: 1,292 visits; Fall 2018: 817 visits; Spring 2019: 204 visits | yet actual tutoring (alone) reports nearly triple the visits (August 2017-May 2019) ([EV8](#), [EV9](#)).

The ARC continues to rely primarily on the Accudemia software for tracking of student usage of services. The services provided are not well reflected in the options that the students must select when entering the ARC. And the software allows only one service to be selected when the student may access many services during one visit. TLC continues to reflect physical book loans only. It takes the compilation of several online vendors' statistical data to reflect student use of online resources. There is no known and affordable method of compiling all the various statistical measures to reflect exact usage, so statistics will continue to be approximate.

The Lassen Community College Library's resources are sufficient in quantity, currency, depth, and variety to support educational programs, regardless of location or means of delivery, including distance education. ([EV10](#), [EV11](#), [EV12](#), [EV13](#), [EV14](#)) The librarian reads professional reviews; identifies needs and gaps in the collection; and collaborates in-person, via e-mail, or by phone with the instructors regarding resources and services to support their programs. ([EV15](#), [EV16](#), [EV17](#), [EV18](#), [EV19](#)) Recommendations are solicited from the students, instructors, staff, and community members.

In developing the collection policy for on-going evaluation (currency and curriculum support; quantity, depth, breadth) and weeding out unused or outdated materials, the librarian follows the Collection Development and Weeding Guidelines designed to maintain library holdings in accordance with LCC Board Policies ([EV20](#), [EV21](#)). The staff of the Library and Learning Center is participants or trainers at Alma/Primo trainings and their webinars; LCC FLEX/professional development days; Academic Senate, Curriculum & Academic Standards and Institutional Technology Planning Committee meetings; Consultation Cabinet sessions; and, webinars. ([EV22](#))

The Lassen Community College Library is a significant participant in the College's open educational resources (OER) program. In 2017, the College received a grant which assisted in OER's implementation. In the Spring of 2018, five working sessions were offered to instructors where they could collaborate, research and develop their own OER resources. In 2018, two FLEX courses addressing OER were extended to LCC faculty. ([EV23](#), [EV24](#))

The Library is completing the migration from The Library Corporation, TLC, to Ex Libris' Alma and Primo ([EV25](#)).

The Lassen Community College Library's diverse collection contains predominantly non-fiction materials to support the curriculum needs of the College's course offerings. There is a growing interest in developing a recreational reading collection for the non-academic needs of patrons. ([EV26](#), [EV27](#)) The Library has many requests from instructors for purchasing DVDs, particularly from faculty members in English, film, geography and history. Collection development has added substantial holdings to the Fire Science, Humanities, Political Science, Science, and Sociology collections based on requests from students, staff, instructors, and administrators. ([EV28](#), [EV29](#))

As of August 2019, the ARC's resources include:

- Physical Books: 10,252 (*3-week checkouts*)
- Media: 493
- E-Books: 240,070 (*reload ProQuest eBooks*)
- Databases (DB): 45
- Streaming Media: 51,483
- Loanable Textbooks: 5,270
- Print Periodicals: 34
- Newspapers: 4
- Computers: 30 PC Desktops; 2Macs; 5 Laptops
- 44 Chromebooks
- 29 TI-84+ & 1 TI-83 Graphing Calculators
- Smart TVs: 3
- Smart Board (LC general area)
- LCD projector (LC general area)
- Document Camera
- Copy Center: multi-functional: 2 copy, fax, scan, with color; 4 B&W printers (*unlimited printing*); leased photocopier
- Free Wi-Fi Access
- Group Study Rooms: 2
- Study Carrels: 3
- Tables (17 offer erasable surfaces): 27
- Seating: 105

Details of these collections, resources and equipment can be found on the Library website. ([EV1](#)) To assess the ARC's resources and services, students, staff, instructors, administrators, and community members are surveyed ([EV30](#)).

To further support the College's curriculum, the Library has and is expanding its information literacy instruction program. As an example, between the Fall 2017-Fall 2019, nearly 2,200 students were served in about 100 scheduled library instruction classes. Here, the class either came to the library or the librarian went to the classroom. In addition, 2,300 students in about 110 classes were supported by the librarian who provided research to instructors independently of library or classroom instruction. ([EV31](#))

Created on objectives determined in collaboration with the instructor requesting the information literacy (library) lesson, each class is taught by the librarian. Instruction most commonly takes place in a 50-minute “one shot” session and includes a brief lecture, and an active hands-on assignment. Most presentations are complimented with an online library research guide to expand on the resources and skills which were presented during the session. ([EV32](#)) The librarian assesses instruction through surveys of both students and faculty participating in instruction. ([EV33](#))

Point of service instruction includes face-to-face and telephone interactions at the circulation desk/counter, e-mail inquiries and individual appointments with the librarian. The circulation/reference desk is staffed at all times the Library is open for service, and the librarian is generally available. Reference consultations are student initiated and afford the opportunity to engage the student in the search and evaluation process.

### **Other Learning Support Services**

#### **Tutoring and Learning Center**

Lassen Community College provides free tutoring in a variety of disciplines and formats. Tutoring resources are available at the Learning Center as well as in the Math/Science building. The tutors are required to have an overall grade point average of 3.0 or higher and at least a B grade in each class that they are tutoring as well as recommendations from the instructors. All tutors must receive tutor training, which was revamped in the Fall of 2018, either online or print. ([EV34](#), [EV35](#)) Tutoring is provided one-on-one, small group, and embedded.

In recent semesters the policy of having tutors owning a 3.0/3.25 GPA or higher has not been adhered to. Currently 5 of the 11 tutors have a GPA of 2.9 or less (the lowest being 2.5). All involved with LCC’s tutoring program agree the policy is not being followed since there would be a **shortage** of tutors, especially in statistics. Also, some of the tutors have retaken courses in which they earned a grade of “C” or higher, and unfortunately, the lower grade is not removed from the overall GPA.

The Learning Center utilizes two of Hobsons four modules, Starfish EARLY ALERT and Starfish ADVISING, to identify at-risk students in real time, pinpoint areas of concern, and connect students with the College’s tutoring program. The Starfish platform helps LCC deliver personalized support for its students and helps assess which services and interventions will keep students on track. ([EV36](#))

**Online tutoring** is available for students 24 hours a day, 7 days a week through NetTutor. ([EV37](#)) NetTutor may be accessed on any device. NetTutor offers synchronous and asynchronous services: live tutoring, a question and answer center, and a paper center. LCC students access NetTutor through Canvas. NetTutor provides tutoring in a wide variety of subjects, with bilingual support, including English, Mathematics, Accounting, Economics, Finance, Business, Life and Physical Sciences, and World Languages. ([EV38](#))

#### **Math Co-Requisites**

**Math/Science Lab:** The Math/Science Lab provides support for all Lassen Community College students in all levels of math and science. Students in pre-transfer level math courses complete

lab hours to meet course requirements. In accordance with California State Assembly Bill 705, the College has restructured its remedial Math and Science courses to a co-requisite support model that provides remedial skills needed for the immediate transfer level course material. A Math Lab ISS II individual, peer tutors, and instructors provide assistance for students taking face-to-face and online courses.

### **Writing Lab**

The Writing Lab is a free academic support service for all LCC students. Its purpose is collaboration with students in order to facilitate their engagement with the writing and research process, from brainstorming ideas and thesis formation to proofreading the final draft and providing editing strategies. The Writing Lab is staffed by English instructors, and weekly workshops are offered on a variety of topics. ([EV39](#), [EV40](#))

### **Distance Education** (including prison/correspondence)

For students who are distance learners, the Library offers a collection of electronic books (E-Books) and databases (DBs) that can be accessed on- or off-campus 24 hours a day via the Library's website. In addition, there are video tutorials that include how to cite in APA or MLA style, utilize databases, employ Google Scholar, apply *Opposing Viewpoints*, and avoid plagiarism. ([EV41](#))

Lassen Community College offers students at both state-sponsored prisons benefit from ARC resources and services. Students are loaned textbooks, traditionally vendor published as well as open educational resources, aka OER. The instructors and the FT instructional support specialist III provide students with additional resources as afforded by the ARC's FT librarian and staff as well as by the ARC's website.

Correctional institutions judiciously screen materials brought into their facilities. Consequently, LCC and its Library are not able to offer traditional textbooks or library books. Correspondence courses requiring research include copies of relevant articles in the correspondence packets delivered to the incarcerated students. The librarian and PT library technician are available to assist instructors compile research materials for students. Most correctional institutions offer their own libraries that are accessible for student use. Correspondence tutoring is not obtainable for incarcerated students on the main campus. Students taking correspondence classes write their instructor who can assist them with questions and research regarding their classes.

### **Analysis and Evaluation**

The College meets the standard. Lassen Community College Library and other learning support services are available to all students, instructors, staff, administrators and community members. Both entities meet this standard through the provision of high-quality learning materials and services. The Library's collection is diverse and is of appropriate quantity and quality to meet student needs. The Library is connected to faculty across campus through the library instruction program, participatory governance, and the curriculum process. Subject-area faculty input is actively sought and utilized to further develop the collection. Furthermore, a student and staff survey indicates the collection is meeting the needs of students. ([EV30](#)) This survey of student satisfaction with staff and facilities indicate the Library is meeting the needs of the institution

and supports student success. Distance Education students have access to a wide variety of remotely accessible electronic resources. Support services are available face-to-face as well as virtual modes of delivery.

- 2. Relying on appropriate expertise of faculty, including librarians, and other learning support services professionals, the institution selects and maintains educational equipment and materials to support student learning and enhance the achievement of the mission.*

### **Evidence of Meeting the Standard**

Faculty, including the LCC librarian and other learning support services professionals, provide expertise in selecting and maintaining educational materials and equipment to support student learning. This includes technology, the permanent book collection, the loanable textbooks, and digital/electronic resources. The Library aids in the College's third Institutional Student Learning Outcome, "Life-Long Learning," by fostering students' abilities to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems."

Collection development is based on an ongoing mapping of current curriculum to the library collection. This process tracks new and updated courses and is integrated into the collection development cycle that keeps the collection relevant over time. ([EV1](#), [EV2](#)) In addition, faculty input occurs both informally—via e-mail and in-person conversations.

The Lassen Community College (LCC) Academic Resource Center (ARC) has 32 desktop computers, 44 Chromebooks, and 30 graphing calculators available for student use. Additionally, students benefit from free black-and-white printing, with encouragement of limiting the daily quota to 20 pages. The desktops are upgraded on a regular rotation cycle articulated in the District Technology Plan. ([EV3](#))

The LCC Library, EOPS, Inmate/Correspondence, and the Fire House maintain a collection of loanable textbooks that students can use in the Library, overnight, or, in a majority of cases, for an entire semester. A student may check availability of such resources in-person or on-line. As an example, for Fall 2019 in the Library, there were 480 circulations for textbooks. ([EV4](#))

For the increasing needs of distance learners, the Library offers a collection of E-Books and databases that can be accessed on- or off-campus, 24 hours a day. These databases are selected by the librarian in consultation with LCC instructors. Databases and E-Books can be accessed through the Library's website ([EV2](#)). Students can access resources from off campus via EZProxy and/or Canvas.

LCC provides bibliographic instruction sessions to share the resources of its Library and the expertise of its librarian with students ([EV5](#)). These sessions allow instructors and the librarian to discuss current and emerging trends as well as the need for additional educational resources. These sessions occur in the ARC, normally in the Learning Center, or in a classroom. This collaboration between instructors and the librarian allow continuous dialogue regarding services and the identification of faculty and subject-specific needs.

With advisement of the librarian, ARC staff, and LCC instructors, the Learning Center purchased a SmartBoard to support use of technology in curriculum and technology literacy ([EV6](#)). Twelve Windows desktop computers, two Macintoshes, and one laptop computer compliment this SmartBoard.

Writing Center instructors and other campus instructors collaborate with the entire ARC staff. The Writing Center, located in the Learning Center, enjoys access to the 14 computers available for student use, and the Writing Center personnel promote the sharing of equipment, such as the SmartBoard and the technology-equipped study room. ([EV7](#))

Math instructors, with their offices near the classrooms and laboratories, have regular contact with students and tutors to determine resource and equipment needs.

### **Analysis and Evaluation**

The College meets the standard. Equipment that supports learning is updated, maintained, and replaced on a regular schedule with input from appropriate faculty and support staff. The college employs a full time librarian to provide expertise. The library aids in student learning outcomes and has multiple student support services in place.

- 3. The institution evaluates library and other learning support services to assure their adequacy in meeting identified student needs. Evaluation of these services includes evidence that they contribute to the attainment of student learning outcomes. The institution uses the results of these evaluations as the basis for improvement.*

### **Evidence of Meeting the Standard**

The mission statement of the Lassen Community College Library & Learning Center provides for a safe, respectful and welcoming environment in which the educational community and its work are supported via the delivery of traditional and emerging academic research tools and methods, and where students are encouraged to explore, discover, investigate and develop research skills for personal, professional and life-long learning ([EV1](#)).

The Academic Resource Center (ARC) uses a variety of metrics to demonstrate a contribution both to administrative unit outcomes (AUOs) and student learning outcomes (SLOs). Ongoing evaluation of resources and support services help determine areas needing improvement as well as areas that are successful in meeting student needs and contributing to student success. Both outcomes are a component of cyclical program review. The Library's last program review was in 2013-2014 ([EV2](#)).

### **Library Student Learning Outcomes (SLOs):**

- Students will use information technology tools to locate, retrieve, organize, and present information.

- Students will increase their ability to state a research question, problem or issue.
- Students will determine information requirements for the research question, problem or issue.
- Students will use the library's course materials to assist them in their course work.

**Administrative Unit Outcomes (AUOs):** *for the Library are currently undergoing revision.*

- Students will utilize Learning Center Academic Resource Center non-tutoring services such as computers, videos, and website.
- Promotion of Learning Center Academic Resource Center services will take place on a regular basis ([EV3](#), [EV4](#)).

- 

The library's success in each of these areas is measured by:

- User statistics on electronic resources Credo, ([EV5](#), [EV6](#)) EBSCOHost, ([EV7](#), [EV8](#), [EV9](#), [EV10](#)) Films on Demand, ([EV11](#), [EV12](#), [EV13](#)) Gale, ([EV14](#)) Kanopy, ([EV15](#)) and Statista ([EV16](#))
- Use and circulation of print resources LCC Circulation ([EV17](#)).

In collaboration with content-area instructors and often in support of specific course assignments, the librarian has created three research guides or LibGuides (Administration of Justice; Art and Art History; and, Nursing) and is constructing 22 research guides (Agriculture, Anthropology, Biology/Biological Science, Business and Economics, Chemistry, Child Development and Education, English and Film, Fire Science/Technology, Geography, Geology, Gunsmithing, Health: Allied Health, Emergency Medical Technician, Health Occupations, Kinesiology, Nutrition and Dietetics, Physical Education, and Physical Education Activities Courses, History, Mathematics, Music, Physical Science, Physics, Political Science, Psychology, Sociology, Speech, and Welding Technology). These guides not only provide access to high-quality resources, but they also offer instruction and "helps," such as tips for creating annotated bibliographies, elements to consider in evaluating resources, and methods for distinguishing between scholarly journals and popular magazines ([EV18](#)).

The new LSP, Ex Libris, will provide an opportunity for increased resource access to LCC students as materials for other community colleges will be searchable.

To further assess the effectiveness of the library and associated services, students are regularly surveyed. Results from surveys indicate that although students are primarily utilizing online search engines, they are also utilizing the library catalog, webpage, and databases ([EV19](#)). The survey demonstrates that students recognize the value of pursuing different resources and are aware of the College's applicable library resources.

The survey assists the librarian in determining which databases to continue or replace and these changes reflect what is being taught in the classes. The survey indicated a need for more video

and tutorials that can assist in research and database searches. The research or LibGuides have proven to be a useful addition in providing an accessible platform for distance education, disabled students, and the general student population.

The survey findings led to the addition of two important library databases, including *CINAHL*, a nursing database ([EV20](#)) and *Opposing Viewpoints*, a cross-curricular research database supporting science, social studies, current events, and language arts ([EV21](#)). Streaming video content and E-Book subscriptions augment the existing print book and media collections, providing 24/7 access to books, articles and media for both on- and off-campus students.

### **Learning Center**

The Lassen Community College Learning Center's objectives are guided by SLOs which have been collaboratively authored and collectively agreed upon by College instructors and staff affiliated with this program.

- Students who have received learning support services offered through the LC will demonstrate and report independent application of learning strategies.
- Students who use the learning support services offered through the LC will be able to identify specific learning needs regarding the classes for which they seek assistance.
- Students who use the learning support services offered through the LC will develop a necessary skill set and apply it to course work.
- 

These objectives are evaluated by a student survey ([EV19](#)). These self-reported results show LCC students are readily identifying learning needs, developing necessary skillsets, and independently applying those skill sets to increase their success in their coursework.

### **Analysis and Evaluation**

The College meets the standard. Learning support services are evaluated regularly as part of a continuous cycle of improvement, through program plans, program review, and other summative assessments.

Learning support services are evaluated regularly as part of a continuous cycle of improvement, through program plans, program review, and other summative assessments. Program reviews include an assessment of the Library and learning support services, and these are used to inform decisions about meeting student learning needs. As a result of internal data and program review, Lassen Community College has expanded services to students in several areas (mathematics, the sciences, specifically chemistry, and nursing) since the last self-evaluation and has kept pace with increasing student interest in these services by allocating additional financial (not human resources due to staffing shortages) to the Library and learning support programs.

The Lassen Community College supports student learning and achievement by providing library and other learning support services to students, instructors, and staff members responsible for student learning and support. These services are enough in quantity, currency, depth, and variety to support the College's educational programs, regardless of location or means of delivery, including distance education and correspondence education. Learning support services include, but are not limited to, library collections (permanent; lending library; serials), a learning/tutoring center, tutoring (on-campus and virtual), computers, and instructional learning technologies for users of the library and other learning support services.

4. *When the institution relies on or collaborates with other institutions or other sources for library and other learning support services for its instructional programs, it documents that formal agreements exist and that such resources and services are adequate for the institution's intended purposes, are easily accessible and utilized. The institution takes responsibility for and assures the security, maintenance, and reliability of services provided either directly or through contractual arrangement. The institution regularly evaluates these services to ensure their effectiveness. (ER 17)*

### **Evidence of Meeting the Standard**

As of the Spring 2018, the State of California has funded an integrated library services platform (LSP) purchased from and maintained by Ex Libris. In August 2018 LCC signed the agreement to participate in the new LSP ([EV6](#)). Beginning in the Fall of 2019, the College's library staff began the process of migrating to this new LSP which hosts Alma and Primo.

Lassen Community College participates in a statewide Consortium that maintains a cooperative purchasing agreement through the Council of Chief Librarians (CCL) and Community College League of California (CCLC). ([EV1](#)) The Consortium evaluates resources and "conducts a program of cooperative buying" ensuring such resources (online databases and periodical databases) are available to its member libraries and often at a discounted price. ([EV2](#)) Through the Consortium, the LCC Library has purchased prominent electronic and periodical database packages (Credo, EBSCO, ProQuest, Gale/Cengage, and others) which were chosen by the librarian, the College's instructors and students. Each of the College's departments annually evaluates the Library's resources and services for both relevance to the curriculum and usage. ([EV3](#))

Lassen Community College is a non-voting member of the NorthNet Library System, which allows member institutions to engage in inter-library loans. Inter-library loans allow students, instructors, staff, and community members to access resources not available in the LCC Library. ([EV4](#))

In addition, the Library utilizes the Library Solution Integrated Library System (ILS) from The Library Corporation (TLC). However, LCC is migrating to Ex Libris.

Lassen Community College's Institutional Technology Department is responsible for the hardware and software installation and upgrade of computers in the ARC. All computers are

equipped with Deep Freeze and anti-virus software that protects computers against viruses and prevents downloading of programs without administrative privileges.

The Chief Technology Officer, in conjunction with LAN Logic and other third parties, ensures the security, maintenance and reliability of Lassen Community College’s technology-based instructional support platforms. The accessibility and utilization of these services are routinely evaluated by the Instructional Technology (IT) Committee to ensure their effectiveness.

Lassen Community College maintains a contract with NetTutor, an online tutoring service, for students enrolled in online, hybrid, or off-campus classes as well as for campus-based students for after-hours usage. (EV5) NetTutor holds an agreement with Lassen Community College and the California Community Colleges Chancellor’s Office (CCCCO).

### Analysis and Evaluation

The College meets the standard. The college collaborates with numerous other sources for library support services. Ongoing contracts with outside providers are maintained and evaluated as part of routine end-of-semester activities.

### Conclusions on Standard II.B. Library and Learning Support Services

Lassen Community College supports student learning and achievement by providing library and other learning support services in enough quantity, currency, depth, and variety to support educational programs, regardless of location or means of delivery, including distance education. Learning support services include, but are not limited to, library (permanent and textbook) collections, tutoring, the learning center, learning technology, and ongoing instruction for users of library and other learning support services. Faculty, the librarian, and the ARC learning support services classified professionals are instrumental in selecting and maintaining the equipment and materials to support student learning. The library and other learning support services conduct regular cycles of assessment, review and improvement to ensure they are meeting identified student needs, including the attainment of student learning outcomes. Where Lassen Community College collaborates with other institutions or sources for library and other support services, these relationships are documented with formal agreements and regularly evaluated for effectiveness. (ER 17)

### Improvement Plan(s)

Change or Improvement	Standards	Responsible Parties/Committees	Timeline	Anticipated Outcome
Become a member of QuestionPoint, a collaborative 24/7 reference service	II.B.1	Consultation Council (requires funding); if librarian	Fall 2020; Indefinitely	QuestionPoint provides library assistance & services to all College individuals when the

		contributes 4 hours per week then our cost is discounted		library is closed and is invaluable for distance education students
Collect & analyze data to ensure that the library & learning center are meeting students' needs	II.B.3	Director of Institutional Effectiveness; Institutional Researcher	Spring 2020; Fall 2020	Provides evidence as to what resources and services are or are not effective in promoting student success
Conduct a bi-annual inventory of all library & learning center resources	II.B.3; II.B.4	ARC Staff	Fall 2020	Ensure accurate as well as working resources (books; computers; printers; scanners; Chromebooks; calculators) to foster learning
Continue creating Research Guides for specific departments and/or courses	II.B.1	Librarian	Spring 2020; Indefinitely	Research guides serve as active research tools, with links, search boxes, & other interactive elements; are infinitely discoverable via web searches; are available 24/7; easily updatable; include multimedia elements which serve varied learning style
Create an introduction to the LCC's Library & Learning Center Resources in Canvas	II.B.1	Instructional Designer; Director of Information Technology; Librarian	Summer 2020	Electronically delivers library assistance & services
Develop & teach information literacy classes for staff & students which focus on research & citing	II.B.1	Librarian	Fall 2020	Information literacy classes allow users, whether students, instructors, faculty or community members, to navigate the web site; use databases; utilize Google more effectively
Pursue the addition & installation of security devices to allow monitoring of the ARC's two levels	II.B.2; II.B.4	Director of Information Technology; Director of Facilities; Consultation Council	Spring 2020	Ensure safety and security of all ARC users; often times there is only one person working and that individual must monitor both levels
Reconfiguration of space to accommodate specific usage	II.B.2	Director of Facilities; Librarian	Fall 2020	Better management of loud talking, cell phones & other distractions which makes the ARC an easier place to learn & work

Secure adequate staffing & expand hours which aids in student success	II.B.1	Consultation Council; Human Resources Director; Director of Student Success	Spring 2020	Support access to library resources & services which in turn fosters academic success
---	--------	---	-------------	---

## **C. Student Support Services**

- 1. The institution regularly evaluates the quality of student support services and demonstrates that these services, regardless of location or means of delivery, including distance education and correspondence education, support student learning, and enhance*

*accomplishment of the mission of the institution. (ER 15)*

## **Evidence of Meeting the Standard**

Lassen College evaluates the quality of student support services in a variety of ways. The Planning-Budget Handbook ([EV1](#)) and the Non-Instructional Program Review Process and Procedure Handbook (NIPR) ([EV2](#)) provide us with guidance on the process and procedures for assessing our programs while connecting each of our goals to our Strategic Plan ([EV3](#)). Each student services department provides a Non-Instructional Program Review every 5 years and an Annual Update every year in between. Each LCC Student Services' NIPR focuses on identifying areas of growth and how to serve students regardless of location. One of the evaluative steps in the NIPR process is to measure our Administrative Outcomes. The recommendations in our NIPRs are data driven and linked to one of our Strategic Goals. Data can be extracted, or gathered, from our management system, Ellucian/Colleague, Town Hall meetings ([EV4](#)), and surveys such as Lassen College Alumni and Business Survey ([EV5](#)) and LCC Student Voice Analysis ([EV6](#)). The recommendations then feed into the six Master Plans (i.e. Educational, Facilities, Student Services, Institutional Technology, Human Resources, and Institutional Effectiveness). The leads of each Master Planning Committees meet to identify the priority of the compiled items that require funding, including the President's considerations. These items then move forward to Consultation Council ([EV7](#)), a committee representing each constituent group, in which they prioritize items under the following categories: "one time," "on going," "staffing," or "fixed."

In the past Lassen College has used the Noelle Levitz Survey as a means to evaluate community and campus' strengths and weaknesses. As part of the Guided Pathways initiative and to support the assistance of our evaluation process, LCC hired a company named Ed Optics, a non-profit company that supports institutions with organization of thought, goals, and develop steps to create transformational change. They were able to facilitate and identify our strengths and weaknesses. This outside agency was able to hold us accountable to having those sometimes difficult and honest conversations. Lassen College was provided with results from an Alumni and Employer Survey ([EV5](#)), a report of Lassen College's initial thoughts about what we wanted or thought needed to change as a result of a staff development activity ([EV8](#)), and conducted 6 focus groups ([EV4](#)). These results have provided direction in ways to better support our students (i.e. better signage with new map ([EV9](#)) that coincides with the flags on campus, develop welcome packets for new staff, implement Starfish Early Alert, implement faculty meetings, expand Week of Welcome ([EV10](#)) week, etc. ([EV11](#)).

The evaluation process is not limited to the surveys Ed Optics has initiated. Lassen College has conducted a number of surveys including but not limited to transportation survey ([EV12](#)), a Community Survey ([EV13](#)), Accreditation Self Study for Staff ([EV14](#)) and Students ([EV15](#)) and multiple department surveys when measuring AUO's for NIPR's/IPR's. ([EV16](#)) Implementation and evaluation is an ongoing process at Lassen College.

## **Analysis and Evaluation**

The results from the Lassen College Accreditation Self Study Surveys conducted Fall 2019, spoke positively from staff and students regarding student services provided ([EV14](#), [EV15](#)). Lassen College meets this standard by providing support to students in a variety of modalities; online, face to face and correspondence.

- a. The application to Lassen College is provided online through CCC Apply. Paper copies are available in the Admissions Office for those who prefer hard copies and are also delivered to all incarcerated sites serving Lassen College students. ([EV17](#)).
- b. The catalog is available on our website and in print through Academic Services ([EV18](#)). Lassen College has two incarcerated programs; correspondence and face to face. The catalog is provided in print to each institution.
- c. Lassen College's orientation is provided online with additional workshops provided face to face ([EV10](#), [EV19](#)). Orientation for incarcerated students participating in the correspondence program located out of the area is provided on a DVD and in written format ([EV20](#), [EV21](#)). For the face to face incarcerated program the orientation is conducted by a counselor at the institution ([EV22](#)). Lassen College is currently working on updating our orientation content and format. As part of the Guided Pathways initiative we are realizing that we need to break the orientation down into small chunks and identify when items would be best addressed (i.e. prior to registering, once into a semester, only if in a specific program, etc.).
- d. Tutoring/Academic support is provided face to face on campus and for the face to face incarcerated students. Tutoring services are available for the student by 1) making a request in the Learning Center or 2) provided in a group setting through the Math lab and reading/writing lab classes/workshops ([EV23](#)). Lassen also offers online tutoring through Net Tutor.
- e. Career Assessment has been added to our services this year ([EV24](#)). Lassen offers online career assessment, also available in print format, in the Career and Transfer Center Office (Self Directed Search). The incarcerated students will be receiving the Self Directed Search tool ([EV25](#)). Some incarcerated students have already taken the Career Assessment (Self Directed Search tool) as part of a test group. As we move forward with this project we will be able to reach our online students as well by implementing My Path with Career Coach.
- f. Counseling/enrollment services are offered face to face and remotely (email, Skype, or phone). With AB 705, Lassen College adopted the statewide placement measures for all students ([EV26](#), [EV27](#), [EV28](#), [EV29](#)). Lassen Counseling Department implemented Student Planning through Ellucian/Colleague back in 2014, to serve students at any location with Ed plan completion. Fall 2020, Starfish Degree Planner will be implemented as it appears more student friendly and provides one system for Early Alert and Student Planning.
- g. Financial Aid support is provided face to face in the office, by phone, via mail, and through the student portal when serving our face to face, online, and incarcerated students. Each year Lassen College Financial Aid Department provide outreach support (Cash for College) in completing the FAFSA to high school seniors in the local area, and Modoc county by providing assistance with the completion of the FAFSA.
- h. Library provides services face to face and hours have been extended to better serve the student's needs. Streaming video content and eBook subscriptions were also added to augment the existing printed books and media collections, providing 24/7 access to

books, articles and media for both on- and off-campus students. Library lends textbooks to any student on a first come first serve basis. Textbooks for the incarcerated program have been purchased but hope to move to fully OER texts starting Spring 2019/Fall 2020.

- i. Transfer Center has a new and much larger location on campus for students to get assistance with university applications, TAG completions, and college exploration. Transfer Center Assistant provides presentations in classrooms with important deadlines ([EV30](#)), field trip information, and college rep visits ([EV31](#)). This information is shared with online students as well. The Transfer Center has made use of our texting system to notify students of these important activities as well.
- j. EOPS- Students are encouraged to apply if they are a California resident and are eligible for financial aid to visit or contact the EOPS office to determine if they are eligible for services. Our EOPS program serves face to face incarcerated students by providing them with school supplies.
- k. CARE program- LCC's CARE program serves students who meet the following criteria:
  - a. Maintain a full-time program of study (12 units or more)
  - b. Have at least one qualified dependent under the age of 14 years
  - c. Apply for Federal Financial Aid and be eligible to receive either a Board of Governors (BOG) Grant A or B (fee waiver)
  - d. TANF/CalWORKs as a single head of household and currently receiving cash aid
  - e. Eligible for the EOP&S Program
  - f. 18 years of age or older
  - g. Be a California ResidentCARE students can be eligible for child care reimbursement, gas vouchers and have the opportunity to attend a variety of workshops.
- l. CalWORKs- A parent receiving Temporary Assistance for Needy Families (TANF) may be eligible for the following services for the program:
  - a. Academic, Career, and Personal Counseling
  - b. CalWORKs Paid Work-Study Employment
  - c. Books and Supplies
  - d. Job Skill Development
  - e. Tutoring
  - f. Advocacy with the County
  - g. Campus and Community Resource Referrals
  - h. Priority Registration
- m. Foster Youth Program-The Foster Youth program works to remove barriers that foster youth often encounter when attending an institution of higher education. The program supports the student through the institutional system allowing the student to focus on achieving their educational goal.
- n. Disabled Student Program and Services (DSPS) - Through an interactive process with the students, on-campus and online students are identified by previous medical or educational records or may be assessed to determine eligibility for learning or other disabilities. The DSPS specialist, along with the student, determine academic adjustments/accommodations. Incarcerated students are identified by medical records or educational records and accommodations are provided in the institutions, following institutional regulations.

- o. Cafeteria and Housing- Incarcerated students are housed and fed by the institutions. The remaining students have the ability to apply for housing in the dorms. The dorm handbook ([EV32](#)) and application are available online ([EV33](#), [EV36](#)) and students may purchase meals in the cafeteria. Meal plans were implemented in 2017. In 2018, our café hours were extended to include weekly dinners and in 2019 the meal plan was revised ([EV35](#)) to allow new payment options and provide some rollover of unused meals to better serve our students.
- p. Child Development Center- Incarcerated or students served remotely are not in need of child care locally. However, Lassen College does offer child care on campus for children 8 weeks to 5 years old to low income families. A small portion of spots are available for private pay. The facility is open from 7:45am to 4:30pm. The contact information is provided on the main website. An intake is performed with a parent once the appropriate (infant, toddler, or preschool) “waitlist form” is completed ([EV34](#)).

2. *The institution identifies and assesses learning support outcomes for its student population and provides appropriate student support services and programs to achieve those outcomes. The institution uses assessment data to continuously improve student support programs and services.*

### **Evidence of Meeting the Standard**

There are a variety of ways that Lassen College identifies and assesses the learning support outcomes. One of the primary ways that Lassen College assesses the learning support need is by evaluating courses and programs through the IPR process ([EV1](#)). Part of the IPR process is to assess the Student Learning Outcomes (SLO’s) noted in each course and Program Learning outcomes (PLO) ([EV2](#)) identified for each program. The SLO’s are reported after every term for each course. As mentioned in our midterm report, Fall 2011, only 25% of courses had been assessed. Fall 2012, 86% were completed. By Fall 2013, 100% of courses had been assessed. Fall 2016, 559 courses and assessed 100% SLO’s. In Fall 2017, 576 courses were offered and assessed 100% SLO’s ([EV3](#)). The IPR evaluation process speaks to the revamping that can occur at the course level. Faculty can then make any adjustments necessary by referring to the Curriculum Handbook and following course revision process ([EV4](#)).

The program is evaluated through the IPR process as well. Staffing, degree/certificate completion/retention, scheduling/enrollment patterns referring to two year advising plans ([EV5](#)), and articulation are just a few items that must be evaluated and a plan developed to support student success. IPR’s are due every 5 years and CTE IPR’s are due every two years. CTE programs also gather additional input from their advisory committee ([EV6](#)) and regional consortium recommendations.

Lassen College also evaluates program efficiency and student success by using different statewide data resources (i.e. Launch Pad, DataMart, Vision for Success, etc.) and building that data into reports, two examples are the ACCJC Annual Reports ([EV7](#)), and Lassen College’s Equity Report ([EV8](#)). As a result, of the data evaluated in the Equity Report, Lassen College identified a few areas of weaknesses that needed to be addressed. Lassen College wanted to increase the female, veteran and Native American students we served. Lassen College also

wanted to improve the three year retention rate for English and Math. The English and Math retention was brought to the forefront when AB 705 went into effect.

LCC Counseling Department determined the need to provide behavioral health support. In Spring 2018, a therapist was hired to provide crisis counseling, connections to referrals, and proactive programs ([EV9](#)). A Behavioral Intervention Team (BIT) was established in 2018 as a result of trying to meet the student need. The committee is focused on how to best serve the students emotional health on campus and on the college website with resources and healthy activities for all populations.

Another form of evaluation has been asking for student input directly. This occurs when Town Hall meetings are held ([EV10](#)) or more formal surveys, for example Ed Optics LCC Student Voice Project ([EV11](#)). Through these surveys Lassen College has discovered suggestions for all areas that support student success such as changes to the website, campus communication, and dorms.

### **Analysis and Evaluation**

The College has met the standard. This assessment process happens on a regular basis whether it is focusing on the institution as a whole or in academic planning, where each department's requests are reviewed to determine if it supports our district goals. The changes can occur at a course level through the IPR process or changes within our support systems for academic classes. Some of Lassen College's key achievements have been the result of evaluation and data driven planning. The following are a few examples:

Lassen College has had tutors and math/reading writing labs available to students. Based on AB 705, Lassen College decided it was imperative to provide more direct instructional support in the areas of English and math. Lassen College now also provides embedded tutors, a one unit support course in English and math for the transferable level, workshops to support writing skills, and has implemented an Early Alert system (Starfish). These, like other program changes, will be evaluated on the effectiveness and adjusted if necessary.

The Equity Plan resulted in Lassen College identifying ways to increase retention for English and math classes through AB 705 and increase the number of Native American students. Each summer LCC offers a program that invites Native American students ages Kindergarten to fifth grade to learn more about college and to get familiar with our campus ([EV12](#), [EV13](#)). This program has been conducted for the last two years. It too will be evaluated for effectiveness.

Student evaluations have resulted in valuable adjustments in the way students access their progress toward degree completion. The College was trying to serve on campus, correspondence, and online students. At the time, there was no common account system for students to access where they were at in their degree/certificate completion. Lassen College implemented Colleague Degree Planner. The educational planning system is electronic so it serves the online and face to face students. The program also has a print feature which works for the correspondence students as well.

In 2016, a town hall meeting ([EV14](#)) was held to gather student input. Students wanted the café open later, a kitchen and rec area in the dorms, and better communication of events. As a result of this town hall meeting, the café hours were extended and added a meal plan option. The plan was adjusted in 2018, at the request of students per the Ed Optic Student Voice Survey ([EV11](#)). In 2017, Lassen College finished building a beautiful fully functioning kitchen in the dorms. In 2018, the recreational area was upgraded with new furniture and electronic capabilities. We have since also added a dorm patio with barbeques as well. Communication to students has improved as we implemented a texting system in 2015 (primarily used for emergencies) and then in 2016 for any quick notifications of activities on campus. Starfish Early Alert system was implemented in the Fall of 2019 for academic and conduct concerns.

Lassen Modoc Adult Education Consortium has identified areas of strengths and weaknesses as well. One area the consortium decided to focus on was hiring a full time counselor to assist students' transition from high school diploma/equivalency to credit programs at the college with other consortium member support. Hiring a counselor dedicated to these efforts was addressed in the Counseling IPR ([EV18](#)), Student Services Master Planning Committee, and Consultation Council to plan in the budget. The position was filled Fall 2018. The College developed high school equivalency non-credit courses to prepare students to pass the HiSet Exam with the intention of then becoming eligible for financial aid and transitioning into credit programs. In 2018, 36 students passed the exam, 8 earning high school diplomas, and 14 passed exams in 2019. ([EV15](#)).

Lassen College wanted to increase the number of the local high school students' enrollment. LCC Counselors used to provide Reg-to-Go ([EV16](#)), an opportunity to receive priority registration, services on a Saturday in the spring. In 2017, the counseling department decided to provide the Reg-to-Go opportunity to serve high school seniors on their campuses. A counselor and/or office assistant would provide an informational meeting on each campus and walk through the FAFSA application/orientation process. LCC Financial Aid Office would provide a Cash for College presentation to complete the application prior to March ([EV17](#)). The counselors would travel to each feeder campus to answer any program/career questions and provide registration preparation with students in their portal.

- 3. The institution assures equitable access to all of its students by providing appropriate, comprehensive, and reliable services to students regardless of service location or delivery method. (ER 15)*

### **Evidence of Meeting the Standard**

Lassen College services a large rural region, 4,720 square miles ([EV1](#)). The county spans from as far east as Herlong and as far west as Westwood, approximately 60 miles. Lassen College also serves as far north as Modoc county, as they do not have a local college campus, to as far south as Susanville which is approximately 100 miles. Internet service is unpredictable in many of these outlying areas. Lassen College provides general outreach services, counselor outreach, and Financial Aid outreach. Lassen College also serve this area with Lassen Modoc Adult Education Consortium non-credit opportunities ([EV2](#)).

Lassen College has provided outreach centers in the past but have determined that face to face outreach, communication via email, phone or Skype opportunities, ITV and online course modalities may be a better way to serve the large service area. Lassen College is exploring dual enrollment opportunities in the high schools but are currently serving high school students through concurrent enrollment. Appropriate steps have been established, but additional supports are always being explored, to onboard a student, provide supports to keep them on that path and to complete their goal. Equitable services are always a discussion when serving Lassen College's large service area and multiple modalities.

Specialized programs such as Extended Opportunity Programs and Services (EOPS), Cooperative Agencies Resources for Education (CARE), Disabled Students Programs and Services (DSPS), and CalWORKS are housed on the main campus to provide additional support services to students.

A spreadsheet used for the ACCJC reports ([EV3](#)). Each report reflects the progression of adaptations as our students, programs, and services have changed ([EV4](#)).

### **Analysis and Evaluation**

The College meets the standard. Lassen College ensures equitable access to all students regardless of service location or modality. Instruction is provided face to face, online or through correspondence. Student services are evaluated regularly through the Equity Plan ([EV5](#), [EV6](#), [EV7](#)), and Student Services Master Plan ([EV8](#)). Each plan correlates with the Strategic Plan ([EV9](#)) to ensure that equity for all students is achieved.

- 4. Co-curricular programs and athletics programs are suited to the institution's mission and contribute to the social and cultural dimensions of the educational experience of its students. If the institution offers co-curricular or athletic programs, they are conducted with sound educational policy and standards of integrity. The institution has responsibility for the control of these programs, including their finances.*

### **Evidence of Meeting the Standard**

Lassen College's co-curricular and athletic programs align with the mission and contribute to the experience of the students. This standard aligns with one of Lassen College's Institutional Student Learning Outcome mentioned in the Strategic Plan ([EV1](#)). One of the strategic goals mentions "student personal/interpersonal responsibility" in which the college expects students to interact and cooperate with students of the same and/or different cultures. All Lassen College athletic programs adhere to BP/AP 5700 ([EV2](#), [EV3](#)), California Community College Athletic Association (CCCAA) ([EV5](#)), and National Intercollegiate Rodeo Association ([EV6](#)) standards and regulations. The athletic department is overseen by a Director of Athletics who is supervised by the Dean of Student Learning. Face to face orientation and CCCAA compliance exam must be completed by all of those involved in serving student athletes (admin, counselors, support staff, etc.) ([EV7](#)). A face to face student orientation is provided to the student athletes annually ([EV8](#), [EV9](#), [EV10](#)) in addition to an athletic handbook ([EV11](#)). Co-Curricular athletic programs can be tied to a specific course that has been approved through the curriculum process. Athletics is one of the largest examples of a co-curricular program. Lassen College offers 10 athletic teams

(Women's volleyball, Women's softball, Men's baseball, Men's wrestling, Men's/Women's basketball, Men's/Women's rodeo, Men's/Woman's soccer) and each team offers a combination of pre-season, in season and out of season courses. The athletes participate in fundraisers ([EV12](#)) and a variety of community service activities ([EV13](#), [EV14](#), [EV15](#), [EV16](#), [EV17](#)), rodeo ([EV18](#)), and programs that support our community such as Back the Badge, Honoring a Hero, Shop with a Hero, and Veteran's breakfast (i.e. Back the Badge ([EV19](#), [EV20](#))). Each athlete also is required to attend study halls to keep them connected and provide them with dedicated time to stay on task academically. All athletic budgets are managed by Lassen College's Director of Athletic Operations.

Lassen College also provides a student experience in a variety of ways. Some of these campus activities include clubs, cultural gatherings, and civic duty resulting in social interpersonal growth, promote lifelong learning, and exposure to cultural diversity.

Clubs: Lassen College hosts a few clubs for interested individuals.

- Associated Student Body (ASB) is a representative body of Lassen College Students. ASB allows students to have a voice on campus and support their civil and political interests. An ASB student ([EV21](#), [EV22](#)) can be elected to participate on the LCC Board and committees on campus (i.e. Curriculum Committee, Consultation Council, etc.). All currently enrolled students who have paid the \$1 Student Representation fee each semester shall be members of the ASB. All members are entitled to reduced or free admission to all of its activities, bookstore services and local merchant discounts when presenting the ASB card. In addition, there is a \$3 Student Activity fee which helps fund student events. During the spring semester, students will elect ASB officers to represent the students to the college administration and the District Governing Board. The elected officers include the President, Vice-President, fifteen Senators and the Student Trustee. The Associated Student Body elected officers are President and Vice President with Secretary and Treasurer positions being appointed. The Associated Student Body officers work on three councils. The Advisory Council officers serve on Lassen Community College committees. The Executive Council and Student Body Council exercise the powers and duties of the ASB Government.
- Phi Kappa Phi- Phi Theta Kappa, which is the largest honor society in American higher education. The mission of Phi Theta Kappa is to recognize and encourage academic achievement and to provide opportunities for individual growth and development for the two-year college student, through participation in honors, leadership, service and fellowship programming. To be eligible for membership a student must complete a minimum of twelve units of associate degree course work and generally earn a grade point average of 3.5 or higher. Students must maintain a high academic standing throughout their enrollment in the two-year college, generally a 3.25 GPA.
- Fire Guild – The Fire Science Guild is one that fosters education, shares experience and knowledge from past fire fighters to future fire fighters for employment and education, and helps to bolster community ties. This club was approved by ASB in 2018.
- Special Athletics and Activities Club- ([EV23](#)). The Special Athletes and Activity Club is committed to the equality of opportunity for all individuals with or without disabilities who can benefit from physical and social activities. The club will promote physical, emotional, and social well-being in sport, recreational or social activities at their level of

choice ([EV24](#), [EV25](#)). They meet once a month on Lassen College campus ([EV26](#), [EV27](#), [EV28](#), [EV29](#)). They have provided community activities to fundraise for their club ([EV30](#)).

#### Lifelong Learning Activities

- Lassen College finds it important to offer a variety of campus activities. For those who enjoy critical thinking activities LCC hosts numerous Movie Nights ([EV31](#), [EV32](#), [EV33](#)). Movies with cultural, historic, and artistic significance were selected while snacks were provided. Game Night ([EV34](#), [EV35](#)) was another opportunity for students to use their mathematical and critical thinking skills to play against other students and teams. This year Lassen College has started to offer Cooking classes ([EV36](#), [EV37](#)) that support student living and a healthy life. Intermural activities are also offered to keep up a healthy lifestyle ([EV38](#)). On occasion we are able to get literary presenters such as, Ellen Hopkins ([EV39](#), [EV48](#)), who provided a community wide presentation and FAQ session in addition to a book signing opportunity.

#### Cultural Activities

- Lassen College celebrates the culture, history and contributions of many cultures annually (i.e. Black History ([EV40](#)), Native American Month ([EV46](#)), Women's History ([EV47](#)), Hispanic Heritage ([EV41](#), [EV42](#)), Asian/Pacific Islander ([EV43](#)). Celebration activities include, are but not limited to, movies, luncheons, dance lessons, fundraisers ([EV44](#), [EV45](#)), etc.

#### Analysis and Evaluation

Lassen College meets this standard by offering students co-curricular and athletic programs that meet the mission and promote social and cultural aspects of the educational experience of Lassen College students. Lassen College's opportunities provide students with a civic/political, leadership, interpersonal, athletic, and cultural opportunities. All programs are founded on sound educational policies and standards set by local and state parameters.

5. *The institution provides counseling and/or academic advising programs to support student development and success and prepares faculty and other personnel responsible for the advising function. Counseling and advising programs orient students to ensure they understand the requirements related to their programs of study and receive timely, useful, and accurate information about relevant academic requirements, including graduation and transfer policies.*

#### Evidence of Meeting the Standard

Lassen College Counseling Department adheres to all BP/AP policies related to the program ([EV1](#), [EV2](#), [EV3](#)) and any statewide initiatives that affect the department such as Student Success and Support Program, Equity, and Guided Pathway. NIPR's are completed every 5 years. Assessment, Counseling, Student Equity and Achievement, and Transfer NIPR and EOPS NIPR were last completed 2018 ([EV4](#), [EV5](#)) with annual updates completed regularly which provides regular evaluation of the program ([EV6](#), [EV7](#)). AUO's have measured placement assessment data (which will be changed to career assessment data), ed plan completion, orientation completion, and evaluation of transfer resources. In the most recent NIPR, data reflects the progress on our AUO's:

- Fall 2017, 48% of eligible students had education plans. By fall 2018, 62% of eligible students had education plans.
- Fall 2016, 665 completed an orientation and Spring 2017, 671 completed an orientation compared to Fall 2017, 674 and Spring 2018, 1150 completed orientations.
- The Transfer/Counseling Center met with 665 in Fall 2016/Spring 2017 with an increase to 1010 contacts for Fall 2017/Spring 2018.

Counselors are evaluated based on Lassen College Faculty Association contract. Student surveys provide additional input in the process. Additional surveys such as those provided by Ed Optics ([EV8](#)) and 2019 Accreditation Self Study Staff and Student Survey ([EV9](#), [EV10](#)) have provided feedback on efficiency, functionality, and knowledge provided by the counseling department.

Lassen College has six full time counselors: 1 DSPS/general counselor, 1.75 general counselor/.25 articulation, 1 full time adult education transition counselor, 1 full time EOPS counselor, 1 full time incarcerated counselor. One of the general counselors has veterans and international students assigned to his caseload. The DSPS, EOPS, and general counselors have athletic teams assigned to them as well as a high schools within the service area. The DSPS, adult education transitions counselor and the two general counselors are housed in our One Stop Shop (student services) building which also houses Career/Transfer Center, Financial Aid, and Admissions and Records. The incarcerated counselor is located in the portable that serves the correspondence program. The EOPS Counselor was re-located in 2016, to Basecamp where all categorical services are now located (at the top of campus in the Creative Arts building).

Counselors hold weekly department meetings ([EV11](#)), outside of peak registration times, to remain updated on current and upcoming standards regarding transfer, curriculum, and academic/athletic compliance issues. There have been partial or full days that the department has closed the office for training about programs such as Starfish educational planning training or HBCU certification training. Counselors are included in the faculty unit and are required to complete 35 hours of Flex annually. Counselors have used various webinars/conferences related to CTE, Student Success Conferences, Guided Pathways, EOPS, students with special needs, behavioral health, athletic academic eligibility, curriculum, veterans, articulation, serving incarcerated students, adult education, and regional transfer and articulation meetings to accrue hours and knowledge to share with the rest of the team.

The counseling department provides services and documents in a variety of ways in hopes to meet the needs of all students. The application, orientation, registration, and ed plan can be done online, correspondence (incarcerated program) ([EV12](#), [EV13](#), [EV14](#), [EV15](#), [EV16](#), [EV17](#)), and/or with assistance of a counselor via face to face, email, or Skype. Two computers are available in the counseling office for student use. With the implementation of Starfish Early Alert students have the ability to schedule appointments with their counselors.

Lassen College's Counseling Department has been involved in many activities and initiatives to support student success:

- Since 2014, Lassen College counselors have been creating ed plans via Colleague/ Ellucian system. Fall 2020, LCC's Counseling Department goal is to fully implement the

Starfish Student Planning system. The goal is to provide students and staff a user friendly program and provide Early Alert, ed planning, and scheduling of appointments all in one system. Ed plan completion is a goal measured in the NIPR/AUO process. LCC counselors have offered ed plan completion initiatives to improve this goal ([EV18](#)). The new system will allow students to complete their own plan in a more efficient manner, although counselor support in creating a plan is strongly encouraged.

- Another program that will be up and running in Nov 2019, is the statewide MyPath program. There is a lag time between application completion and rollover into the current system and My Path can provide some guidance into the next steps and provide it in a format that seems user friendly. My Path also provides the Career Coach tool which will allow students immediate access to a tool that will be used throughout the State of California. This will be a great addition to the new Career and Transfer Center. Due to the lack of internet services, the incarcerated population will not be served in career exploration by using MyPath but by using the Self Directed Search. This exploration tool could be helpful for those scheduled for release or for job opportunities inside the institution.
- The new Career and Transfer Center opened August 2019 ([EV19](#), [EV20](#)). The Transfer Center (previously just an office space) was located in the counseling office. It may not have been obvious to students that this was a separate available service. With Guided Pathways encouraging a more streamline process of staying on their path it only made sense to create a Career Center and include the transfer activities within it to provide a more streamline process for students to stay on their path toward degree completion and employment goals. The Career Center is planning to provide services face to face, online and to incarcerated students. The Career Center will provide career exploration, help identify skills/interests, and host workshops. The Transfer Center will continue to provide the same services as in the past such as application assistance, TAG assistance, exploration of majors, College Day ([EV21](#)), classroom presentations ([EV22](#), [EV23](#)), student field trips ([EV24](#), [EV25](#)), and scheduling of college reps including On the Spot Admission by CSU Chico ([EV26](#), [EV27](#)). The Transfer Center also provides notifications on transfer activities of important deadlines, reps on campus, Black College Expo ([EV28](#)) and PreHealth conference ([EV29](#)) via email, text, classroom presentations, and in the portal. The Career and Transfer Center hosted our first Annual Veteran Luncheon 2019 ([EV30](#)).
- An area of great concern is the need to provide support to students who are struggling with mental health. A request was made through the counseling NIPR to provide therapeutic services on campus. In spring 2018, Lassen College hired a behavioral therapist. The therapist provided up to six session of short term therapy for each student in need. The student initiated services via the counseling office. The therapist also offered short term groups ([EV31](#)) and preventative activities such as the PostSecretU program ([EV32](#)) and Movies for Mental Health ([EV33](#)). As a result of the need to support Lassen College students, the Behavioral Intervention Team (BIT) was created. The BIT is composed of representatives from key campus departments whose goal is to identify support programs, and/or communication with campus to maintain a healthy lifestyle. The BIT team is not a crisis response team. However, the members have used the group as a case management round table to identify students in crisis, work collaboratively to access a distressed student's needs, and determine appropriate campus and/or community

resources ([EV34](#), [EV35](#)). A folder with a guide to assessing a student's need, crises phone numbers, and resources is being created with a webpage including the same information to follow.

- Counselors provide outreach to high schools in our service area. Counselors often join the financial aid department during Cash for College presentations to talk about spring semester registration and Reg-to-Go process. In 2017, LCC counseling department decided to offer Reg-To-Go at each high school site. ([EV36](#), [EV37](#), [EV38](#), [EV39](#)) A counselor and/or administrative assistant would provide an initial presentation on how to complete the application and orientation. Once students completed the assessment a counselor would visit the school site again and register those seniors. With the elimination of the placement test, counselors will be using the statewide multiple measure criteria for placement ([EV40](#), [EV41](#), [EV42](#)).
- Counselor Luncheon is an activity that Lassen College provides to counselors and administrators of each service area high school to thank them for their support all year, share new up and coming changes to our procedures/programs, and to network. A survey is provided to gather input and make adjustments as necessary when serving this population ([EV43](#), [EV44](#)).
- Outreach is provided by the adult education counselor to the 11 consortium approved sites in Lassen and Modoc County (LMAE) Program May 2019. The transition counselor works with students who have not earned a high school diploma or equivalency. After a transcript evaluation, the counselor recommends either an adult education program for the student to earn a diploma or the HiSet preparation program ([EV45](#)). Once diploma or equivalency is earned the counselor transitions the student into a credit program at the college.
- Often counselors refer students to programs/activities that will provide support for student success such as Financial Aid workshops ([EV46](#), [EV47](#), [EV48](#), [EV49](#)), athletic orientations ([EV50](#), [EV51](#)), EOPS ([EV52](#)), DSPS ([EV53](#)), dorms ([EV54](#), [EV55](#)) lending library, intermural activities ([EV56](#)), mental health resources, Child Development Center resources ([EV75](#)), meal plan ([EV58](#)), Kinship workshops ([EV59](#), [EV60](#), [EV61](#), [EV62](#)), CalWORKs ([EV63](#), [EV64](#)), Cougar Cupboard and other food insecurity supports ([EV34](#)), Important Dates ([EV65](#)), scholarships ([EV66](#)), tutoring/labs ([EV67](#), [EV68](#)), and many more.
- Counselors also are required to participate on one shared governance committee per contract. However, many of our counselors sit on additional committees or participate in a variety of workgroups (i.e. Guided Pathways, Meta Major workgroup) and activities that support student success (i.e. Week of WOW ([EV69](#), [EV70](#), [EV71](#), [EV72](#)), AB 705 discussions, Starfish training, and provide workshops/presentations ([EV73](#), [EV74](#)). As a result, the counselors have a voice that incorporates a student perspective to many of the committees. There is a great working relationship between counseling and instructional faculty ([EV10](#)).

### **Analysis and Evaluation**

The College meets the standard. Counselors adhere to board policies, statewide initiatives, and are involved in activities on campus in support of student program development and success. LCC Counselors attend regular trainings to remain current on student issues. The department

routinely evaluates the program and makes adjustments if necessary. LCC Counselors support the ACCJC standard and statewide measurement of assisting a student to complete their goal and will continue to develop and evaluate the effectiveness of our program and appropriate incremental objectives.

6. *The institution has adopted and adheres to admission policies consistent with its mission that specify the qualifications of students appropriate for its programs. The institution defines and advises students on clear pathways to complete degrees, certificate and transfer goals. (ER 16)*

### **Evidence of Meeting the Standard**

Lassen College has established Board and Administrative policies related to Admissions ([EV1](#), [EV2](#), [EV3](#)), establishing priority registration ([EV5](#), [EV6](#)), International Students ([EV7](#)), and concurrent enrolled high school students ([EV8](#)). The registration steps for each group of students is available on the Lassen College website ([EV9](#)). The college catalog is updated annually and is available on our website. A hard copy is available for purchase in the bookstore. All students complete a CCC Apply Application, or a paper copy if available per request in Admissions and Records Office. All students, excluding the International students are asked to bring in a college transcript from another school or high school transcripts for placement purposes, per AB 705 ([EV10](#), [EV11](#), [EV12](#)). Due to the different students we serve and the lag time between application completion and the next steps, Lassen College will be implementing My Path before registration for Spring 2020.

- High School Equivalency students: Students who have not completed their high school diploma, or equivalency, can do so at Lassen College. Through the Adult Education funds (formerly AEBG, now referred to Lassen and Modoc Adult Education (LMAE) Lassen College offers the HiSet preparation and covers the cost to take the test. Once the student passes the exam they are encouraged to enroll in credit programs and to follow steps to register for those available services not completed (i.e. FAFSA).
- Concurrent Enrollment: Students under the age of 18 and who have not earned a high school diploma are eligible for enrollment as a part time student. Enrollment steps consist of completing CCC Apply application, accessing the portal to complete the mandatory online orientation (Lassen College is in the midst of creating an orientation specific for concurrent enrolled students), complete the special admit form with their high school counselor, and get parent signature ([EV13](#)). The student takes this form and a copy of their high school transcript to meet with a college counselor. The signed form is turned in to Admissions and Records to finalize registration. The need to purchase the textbook is discussed as well as options that are available for purchasing (i.e. bookstore, lending library, etc.).
- New student Admission: Students complete CCC Apply application, log into the portal and complete the mandatory online orientation, complete FAFSA if they have not already done so, taking a career assessment is encouraged for those who are undecided on their career goal, meet with a college counselor, and register for classes.
- International student admission: Complete International Student application first, once accepted for International admission the student is directed to follow Visa instructions included in their acceptance letter, then complete CCC Apply application, log into the portal, complete online orientation, and then meet with the International Counselor to

prepare to register for classes. Dorms are suggested for those who are interested in completing an application ([EV14](#)).

- Veteran students: Veteran students are to complete the steps listed above (under General Admission) but will also need to make sure they meet with LCC's Certifying Official to provide documents to receive Veteran benefits, or transfer their benefits, to Lassen College. The student will then receive a "Certificate of Eligibility." Student will be required to provide Lassen College's Certifying Official the certificate, a copy of their most current DD214, and a copy of their benefit application submitted to the VA. This will initially be required to certify the student for benefits. The VA can take up to 30 days to process a request to use/transfer benefits. The student then is encouraged to meet with the Veteran's counselor.
- Support services are available through the application process. Lassen College offers an IT Hotline for those students with technical issues. Admissions and Records, Counseling Office, and Basecamp are available to answer questions and computers are available in each department. Financial Aid Office, which also houses the Veteran's certifying officer, is prepared to answer any questions regarding the FAFSA. Most questions can be answered in person, via phone or email.
- Lassen College has two programs that require an additional admission process: Licensed Vocational Nursing and Gunsmithing. Nursing prerequisites for the program ([EV15](#), [EV16](#), [EV17](#)) the application process and important dates for admission into the program are clearly defined on our website. Pass rates are identified for transparency as well ([EV18](#)) Gunsmithing application process and required tool list for the program is also advertised on the website. Both programs operate on a first come first serve basis.
- All students are pointed to some next steps, as appropriate, through published materials: Apply to EOPS, DSPS, check in with Lending Library/Bookstore, scholarships ([EV19](#)), dorms, catalog ([EV20](#)), etc.

All students, with the exception of the incarcerated population, currently have access to Colleague Student Planning to register. Fall 2019, LCC is working with Hobson to create our Starfish Educational Planner program. Starfish allows students to load their own plan without much guidance due to the technological intelligence, for example loading core classes first, then general education, then electives. This will not only be a more user friendly system but as established by Guided Pathways the hope is that the student will establish a plan that will keep them on a path of becoming a degree/certificate completer. LCC's goal is to move to full implementation of Starfish Student Planning in Fall 2020.

Lassen College implemented the online orientation in 2017. As a result of all the new statewide initiatives, the orientation process is being adjusted. With Guided Pathways in mind LCC's intention is to shorten the initial orientation, make it more applicable to the individual student's situation (i.e. new student, high school student, and continuing student) and shorten the modules. One Guided Pathways workgroup is developing a meta major system for students. The path may then lead students into the work world/Career or Transfer- supporting the very reason the college opened the Career and Transfer Center in Fall 2019. Students will be making use of Preview Days to CSU Chico, Humboldt, University of Nevada, Reno, UC Davis, and Simpson University. We will be hosting CSU Chico for On the Spot Admissions Day ([EV21](#)), college rep visits, application assistance. The Career Center will be offering workshops as well for resume

writing, career exploration, and hosting guest speakers. One of Lassen College's Student Equity and Achievement goals is to increase degree completion from 12% to 20% over the next 6 years ([EV22](#)).

Counselors use the degree planning system, university websites, Transfer Counselor Center website, athletic websites (when appropriate), and Assist.org to provide comprehensive educational plans. Curriculum cards are available for students on campus. However, the content is included in the degree planning system. Two year advising plans have been developed with a rotation of courses so a student knows when a course will be offered and guaranteed it will be offered within a two year time frame with the goal of completing a degree in a timely fashion. College Day is a resource counselors and Transfer Center advertises to support students in their exploration process ([EV23](#)). The counselors received HBCU certification and advertise this opportunity for students as well ([EV24](#)).

### **Analysis and Evaluation**

Lassen College meets this standard. The College has adopted and adheres to admission policies. With admissions and records, financial aid, counseling, and the Career/Transfer Center all being located in the same building makes for seamless transitions from one office to another. Policies are available to view in the catalog, on the website, and on appropriate documents. Lassen College has a structure in place but with Guided Pathways it is the goal is to make the existing structure even more student friendly and functional.

- 7. The institution regularly evaluates admissions and placement instruments and practices to validate their effectiveness while minimizing biases.*

### **Evidence of Meeting the Standard**

Lassen College adheres to the BP/AP 5052 allowing open enrollment for any person who has been admitted to the college ([EV1](#), [EV2](#)). Priority enrollment has been determined in BP/AP 5055 ([EV3](#), [EV4](#)). Prior to Fall 2018, LCC's assessment tests were selected from the California Community College Chancellor's Office approved list. Compass was the instrument used until the termination of the exam by the company in Spring 2016. Accuplacer was used to serve our incarcerated students (paper/pencil test) and it was the exam chosen to serve the general population when ACT terminated the COMPASS exam. With the elimination of the Common Assessment idea Lassen College adjusted AP 5050 to identify specific multiple measures that could be used to exempt a student from the assessment test or be used in lieu of taking the exam ([EV5](#)). Alternative measures included Advanced Placement (AP) exams, Early Assessment Program (EAP), Expository Reading and Writing Course (ERWC), California Assessment of Student Performance and Progress (CAASPP), or successful completion of a college course. Lassen College no longer offered an assessment test for placement purposes in compliance of Assembly Bill 705 in Spring 2019. Both the English and math department approved the use of the statewide default placement measures ([EV6](#), [EV7](#), [EV8](#)). Lassen College has two years to determine if these are appropriate measures for our students. A validity study will be conducted by the Institutional Effectiveness department.

## Analysis and Evaluation

Lassen College meets this standard. The last few years have been driven by state policies transitioning from assessment exam, to the idea of a Common Assessment, then multiple measures to determine appropriate student course placement. Lassen College has risen to the challenge and followed the state's lead by continuing to adhere to the board policies and adopted new standards in a timely fashion.

8. *The institution maintains student records permanently, securely, and confidentially, with provision for secure backup of all files, regardless of the form in which those files are maintained. The institution publishes and follows established policies for release of student records.*

## Evidence of Meeting the Standard

LCC maintains student records and strives to ensure that records are secure, confidential and available in the future. Lassen College adheres to BP/AP 5040 ([EV1](#), [EV2](#)) to respect student records and maintain Family Education Rights and Privacy Act (FERPA) confidentiality. The catalog ([EV3](#)) communicates to students, on page 22, FERPA and the rights to access their educational records. Lassen College does allow the student to give permission to release records with their permission by using a Release of Information form ([EV4](#)), or Transcript Request form ([EV5](#)), provided on our website and in Admissions and Counseling Offices.

Lassen College's Institutional Technology (IT) department's number one priority is maintaining the security of district records. As mentioned in Standard III.C.1, our IT department uses Unitrend to back up all servers and institutional data. All content is encrypted before it is uploaded to the cloud. This allows LCC to recover data in the event of a disaster. In 2015, Lassen College transitioned to using an electronic filing system, Hyland's Perceptive Content, to assist with a document management system. LCC implemented the program in the following departments: Financial Aid, Counseling, Admissions and Records, and Human Resources. This system allows for quick retrieval of documents and works in conjunction with Ellucian/Colleague.

Counseling Office: LCC Counseling Office adheres to BP/AP 5110 ([EV6](#), [EV7](#)) to maintain confidentiality of students unless mandated by law to report and protect the safety of a child, elder adult, or health, safety, or welfare of any individual. Counseling maintains confidentiality with records as well as email or phone communications.

Admissions and Records: LCC Admission practices are to evaluate procedures and documents annually, after the Director of Admissions meeting, to determine if any adjustments need to occur. Currently, Lassen College has BP/AP 3310 ([EV8](#), [EV9](#)) as reference to process regarding record retention. However, in November 2019, Admissions and Records department will be attending a webinar and initiate the discussion if any changes should be initiated in the policy and current system. Until the review in November, the department will continue to use Perceptive Content to scan and retain hard documents. Physical records are kept in secure locked cabinets within the offices and older records are in the storage building on campus M-2.

Financial Aid Office: LCC Financial Aid Department are required to keep records for three years. All documents are scanned in the Perceptive Content program and retained on the server. Any records that are older than three years old are not being scanned and are being purged/shredded. The department retains records after three years for students who received a loan but are purged after the last semester of attendance.

**Analysis and Evaluation**

Lassen College meets this standard and maintains student records permanently, securely and confidentially with an appropriate back up system. LCC publishes and follows established policies for the release of student records.

**Conclusions on Standard II.C. Student Support Services**

Lassen College has met all of the standards in area IIC. It is apparent that student services are guided by the Strategic Plan, Board policies, administrative procedures, and planning processes. For a small campus, LCC offers many services to support students through their educational journey. The process starts with the application, orientation, financial aid, and counseling. The student continues down their path with support services such as tutoring, an active campus life, educational workshops, and a Career/Transfer Center. The journey ends with LCC graduation and a certificate or degree in hand with employment opportunities or transfer on the horizon. There are however some issues where improvement is needed: with multiple statewide initiatives affecting the student services department it is critical that Lassen College be able to make data driven decisions in a manner in which the data is more accessible to stakeholders, and in order to identify what is working and what is not and make adjustments in a timely fashion. Specific improvements are reflected in the Improvement Plan(s) matrix below for this standard.

**Improvement Plan(s)**

<b>Change or Improvement</b>	<b>Standards</b>	<b>Responsible Parties/Committees</b>	<b>Timeline</b>	<b>Anticipated Outcome</b>
Develop system to gather data and create a timeline for report deadlines	II.C	Researcher; CIO	Ongoing	A complete and detailed reference of reporting requirements and timelines
Perform regular validity studies placement measures and pre-requisites	II.C	Researcher; CIO	Ongoing	Requested studies completed in a timely manner

Create one system to house all data	II.C	Researcher; CIO; IT	Ongoing	One cohesive system for data that is accessible by stakeholders
-------------------------------------	------	---------------------	---------	---

### **Standard III: Resources**

*The institution effectively uses its human, physical, technology, and financial resources to achieve its mission and to improve academic quality and institutional effectiveness.*

*Accredited colleges in multi-college systems may be organized so that responsibility for resources, allocation of resources, and planning rests with the district/system. In such cases, the district/system is responsible for meeting the Standards, and an evaluation of its performance is reflected in the accredited status of the institution(s).*

#### **A. Human Resources**

- 1. The institution assures the integrity and quality of its programs and services by employing administrators, faculty and staff who are qualified by appropriate education, training, and experience to provide and support these programs and services. Criteria, qualifications, and procedures for selection of personnel are clearly and publicly stated and address the needs of the institution in serving its student population. Job descriptions are directly related to institutional mission and goals and accurately reflect position duties, responsibilities, and authority.*

#### **Evidence of Meeting the Standard**

Lassen Community College assures the integrity and quality of its programs and services by employing administrators, faculty, and staff who are qualified by appropriate education, training, and experience to provide and support these programs and services. To support key programs and services, the College relies on its integrated planning and budget development process to determine staffing needs.

Criteria, qualifications, and procedures for the selection of personnel are clearly and publicly stated. ([EV1](#), [EV7](#)). The procedures for the selection of classified, management, administrative staff and faculty are found in Administrative Procedure and the current LCC Recruitment Guide ([EV1](#), [EV4](#), [EV5](#)) The process to revise the selection procedures during 2018-2019 involved multiple lengthy discussions occurring during President's Cabinet, Academic Senate and Consultation Council. The Governing Board, in selection of the Superintendent/President, utilizes a separate procedure ([EV6](#)).

Job announcements include information on areas of responsibility, specific duties, minimum and desired qualifications, required skills, abilities, knowledge, timelines, policies related to Equal Employment Opportunity, Americans with Disabilities, and other institutional, state, and federal regulations ([EV2](#), [EV3](#)). Job announcements are published on the employment page of the College website ([EV7](#)). Human Resources, when funding permits, disseminates job announcements in electronic and/or printed forms through newspaper advertisements, California Community College Registry (online), Chronicle of Higher Education, other educational journals, targeted populations, and direct mailings.

To ensure personnel being screened for hiring are qualified by appropriate education, training, and experience to provide and support the College's programs and services, the selection process

involves both initial screening and oral interviews. Representatives from constituent groups participate in screening committees to recommend finalists to the President or his designee. Each constituent group recommends representative(s) as needed to serve on these committees. The committee establishes paper-screening criteria based on the job announcement ([EV1](#)). In July 2016, the College transitioned from NeoGov to HireTouch for its online application processing. All employment applications and supporting materials are submitted online via HireTouch. The complete applications are reviewed online for the minimum qualifications required for each position. The application materials (which include cover letter, resume, application, and transcripts/licenses and certifications. This does not include any EEO or criminal history) of all applicants meeting minimum qualifications are then released to screening committee members for online review. All applicants for a position are screened using the same criteria. During the initial screening process, the hiring committee reviews the application and other materials submitted and rates applicants against stated job announcement criteria ([EV8](#)). The initial screening rankings are used to identify applicants for the interview process. The committee develops interview questions and additional screening material, including written assignments, exams, or oral presentations appropriate to each position. A typical interview question may ask candidates to describe how they might contribute to the College mission or describe significant accomplishments in their recent positions to promote student success. All candidates for a position are asked the same questions and given the same written assignments or presentation prompts.

### **Analysis and Evaluation**

The College meets the standard. All personnel employed by Lassen College are qualified by appropriate education, training, and experience to provide and support the college's programs and services. Criteria, qualifications, and procedures for selection of personnel are clearly and publicly stated in job announcements available online, on the Registry, and, when needed, in other online and print resources. Job announcements address the needs of the institution in serving its student population as determined through the strategic planning and budget development process. Job descriptions are directly related to institutional mission and goals and accurately reflect position duties, responsibilities, and authority.

Hiring processes are in compliance with Title 5, the Education Code, and California Labor Law. The Office of Human Resources, in consultation with area administrators, reviews and revises the application package to be submitted by job applicants. All classified personnel, including classified managers, meet or exceed the minimum qualifications established for their positions. All educational administrators and full-time and adjunct faculty meet or exceed the minimum qualifications established by the Board of Governors. The perception of inaccurate job descriptions has been an ongoing problem. Although progress has been made, additional work needs to be done, in collaboration with bargaining units when necessary, to assure the accuracy of all job descriptions and to communicate effectively the expected duties and responsibilities of each position.

- 2. Faculty qualifications include knowledge of the subject matter and requisite skills for the service to be performed. Factors of qualification include appropriate degrees, professional experience, discipline expertise, level of assignment, teaching skills, scholarly activities, and potential to contribute to the mission of the institution. Faculty*

*job descriptions include development and review of curriculum as well as assessment of learning. (ER 14)*

### **Evidence of Meeting the Standard**

The College requires discipline-specific minimum qualifications requirements for faculty as established by the Board of Governors. As stated in each job announcement, faculty applications are evaluated taking into account the breadth and depth of relevant education, experience, skills, knowledge and abilities. Faculty job announcements include development and review of curriculum as well as assessment of student learning ([EV1](#), [EV2](#)). The Board of Governors adopted minimum qualifications for hiring of faculty are found in board policy ([EV3](#)). The process for assessing the minimum qualifications of faculty is identified in the Lassen Community College Verification on Faculty To Meet Minimum Qualifications in Discipline of Instruction Resource Handbook, which is updated annually. The Handbook includes all disciplines present in the Chancellor's Office Handbook with additional requirements or clarifications when determined locally by the Academic Senate in collaboration with discipline faculty. ([EV4](#)) The process developed by the Academic Senate and adopted by the Governing Board provides for the primary role of subject area faculty in determining and recommending equivalency. The minimum qualifications and equivalency processes are facilitated by the Faculty Minimum Qualifications Liaison, who works with the Office of Human Resources, discipline faculty, and Academic Senate. The Academic Senate functions as the Minimum Qualifications/Equivalency Committee ensuring consistent and fair application of the equivalency guidelines to all applicants requesting equivalency review. As part of the minimum qualifications process, the MQ Liaison verifies the degrees of applicants if the institution offering the degree is in question. Applicants with degrees from non-US institutions are required to submit transcripts that have been translated and certified for comparability to degrees offered by U.S. institutions. More than one half of the individuals serving on faculty selection committees are faculty. Teaching demonstrations are used, wherein samples of lecture/activities are presented during the interview process for all teaching faculty. In combination with the interview and review of application materials, the teaching demonstration assists the screening committee to better evaluate the candidate's potential classroom effectiveness and potential to contribute to the mission of the College.

Interview committees recommend up to three qualified applicants for final interview ([EV5](#)). Before a job offer is made to successful candidates, reference checking is completed to verify the accuracy of information submitted in the application and the interview process.

### **Analysis and Evaluation**

The College meets the standard and the eligibility requirement. Faculty qualifications are consistent with the discipline-specific qualifications approved by the Board of Governors and include knowledge of the subject matter and requisite skills for the service to be performed. Factors of qualification include appropriate degrees, professional experience, and discipline expertise, level of assignment, teaching skills, scholarly activities, and potential to contribute to the mission of the institution. Faculty job descriptions include development and review of curriculum as well as assessment of learning, The Office of Academic Services maintains a

faculty minimum qualifications database to ensure that no faculty member is assigned to instruct in a class for which their minimum qualifications had not been reviewed.

3. *Administrators and other employees responsible for educational programs and services possess qualifications necessary to perform duties required to sustain institutional effectiveness and academic quality.*

### **Evidence of Meeting the Standard**

Educational administrators, faculty, and classified managers responsible for educational programs and services possess qualifications necessary to perform duties required to sustain institutional effectiveness and academic quality. ([EV1](#), [EV2](#), [EV3](#), [EV4](#))

### **Analysis and Evaluation**

The College meets the standard. Educational administrators, faculty, and classified managers responsible for educational programs and services possess qualifications necessary to perform duties required to sustain institutional effectiveness and academic quality.

4. *Required degrees held by faculty, administrators and other employees are from institutions accredited by recognized U.S. accrediting agencies. Degrees from non-U.S. institutions are recognized only if equivalence has been established.*

### **Evidence of Meeting the Standard**

As part of the minimum qualifications and equivalency review process for faculty and educational administrators, the Minimum Qualifications Liaison verifies degrees of applicants to ensure the required degrees are from a US Department of Education recognized accrediting body. Accreditation status of colleges located within the United States is verified through research utilizing sources such as; U.S. Department of Education's Database of Accredited Post-Secondary Institutions and Programs (<https://ope.ed.gov/dapip/#/home>), The Higher Learning Commission's Directory of Institutions (<https://www.hlcommission.org/Directory-of-HLC-Institutions.html>), and CollegeSource Online (<https://cso.collegesource.com/>).

Transcripts from institutions outside of the U.S. are required to be accompanied by a transcript evaluation provided by a National Association of Credential Evaluation Services (NACES) member transcript evaluation service which is then evaluated to determine equivalence to degrees listed in the minimum qualifications for the position. ([EV1](#), [EV2](#), [EV3](#)).

### **Analysis and Evaluation**

The College meets the standard. The college has a process for reviewing required degrees held by faculty, administrators, and other employees to ensure degrees are granted by institutions accredited by recognized U.S. accrediting agencies. The college also utilizes a process that requires candidates with non-U.S. degrees to have international transcripts evaluated by a recognized transcript evaluation service. International degrees are only recognized to the degree equivalency that has been established by a transcript evaluation service.

5. *The institution assures the effectiveness of its human resources by evaluating all personnel systematically and at stated intervals. The institution establishes written criteria for evaluating all personnel, including performance of assigned duties and participation in institutional responsibilities and other activities appropriate to their expertise. Evaluation processes seek to assess effectiveness of personnel and encourage improvement. Actions taken following evaluations are formal, timely, and documented.*

### **Evidence of Meeting the Standard**

The College has evaluation processes in place for all employee classifications, including full time and adjunct faculty, classified employees, managers, confidential employees, and administrators, systematically and at stated intervals.

For faculty, the evaluation process, including the composition of the evaluation teams, is described in the collective bargaining agreement. A self-evaluation is included in the process, primarily to improve instruction through the conscientious and thoughtful examination of accomplishments, plans, goals, strengths, and weaknesses. Regular tenured faculty members are evaluated once every three years, and contract faculty at least once each school year ([EV1](#)). Adjunct faculty members are evaluated during the first semester of employment and every third semester following the initial evaluation. The evaluation forms for instructional and non-instructional faculty were revised in February 2013. It is the responsibility of the appropriate administrator to ensure that the faculty evaluation activities and follow-up are formal, timely, and documented. All faculty evaluations may include formal recognition of areas of exemplary performance or suggestions for improvements. In the case of non-tenured faculty members, the evaluation serves as the basis for contract renewal recommendations to the Academic Senate and subsequently to the Governing Board ([EV2](#), [EV3](#)).

Educational and classified administrators with the exception of the Superintendent/President are evaluated initially within six months of hire and annually no later than March 1st of each academic year thereafter ([EV4](#)). Administrator evaluations based on the duties set forth in the job description are prepared by the immediate supervisor and include a self-evaluation. The evaluation may include input from peers, service users, or other employees.

The College President is evaluated annually no later than December 20 of each academic year based upon performance objectives agreed upon by the President and Governing Board by October 15 of each academic year ([EV5](#)).

Confidential employees are evaluated within six months of initial employment and annually no later than March 1 thereafter ([EV4](#)).

Regular classified employees are evaluated at the 5<sup>th</sup> and 8<sup>th</sup> months of employment and annually no later than May 31 by their immediate supervisor as described in the collective bargaining agreement between CSEA and the District ([EV6](#)). All classified employees are evaluated using the performance evaluation form in the collective bargaining agreement. The mutually agreed criteria include job knowledge, quality of work, effort, initiative, judgement, cooperation, attendance, safety, and planning and organization. All criteria are directly related to the

effectiveness of employees in completing assigned duties. The opportunity for establishing mutually agreed upon goals and follow-up on progress on previously agreed upon goals is provided. Actions taken following evaluations are documented in the individual’s personnel file.

### Analysis and Evaluation

The College meets the standard. Evaluations of faculty are completed in accordance with the collective bargaining agreement. The Office of Academic Services assures the currency of all faculty evaluations. During the 2018-2019 academic year, 32 full-time and 42 adjunct faculty were evaluated. Faculty members are evaluated for all modalities in which they were instructing: traditional, online, hybrid, and/or correspondence instruction. The process used in the evaluation of adjunct faculty is similar to the process used to evaluate full-time faculty.

The evaluation of administrators, managers, confidential and classified employees has been completed regularly as scheduled. Signed completed evaluation forms, along with performance improvement plans when warranted, can be found in each employee’s personnel file.

The Superintendent/President performance evaluation is conducted annually ([EV5](#)) and was last completed on November 13, 2018. Prior year evaluations of the Superintendent/President were completed at the end of each calendar year during this assessment period ([EV7](#), [EV8](#), [EV9](#), [EV10](#), [EV11](#))

~~6. The evaluation of faculty, academic administrators, and other personnel directly responsible for student learning includes, as a component of that evaluation, consideration of how these employees use the results of the assessment of learning outcomes to improve teaching and learning. (Effective January 2018, Standard III.A.6 is no longer applicable. The Commission acted to delete the Standard during its January 2018 Board of Directors meeting.)~~

[Skip Standard III.A.6. Continue responses with Standard III.A.7)

7. The institution maintains a sufficient number of qualified faculty, which includes full time faculty **and** may include part time and adjunct faculty, to assure the fulfillment of faculty responsibilities essential to the quality of educational programs and services to achieve institutional mission and purposes. (ER 14)

### Evidence of Meeting the Standard

In fall 2018, Lassen College employed forty-one full-time and sixty-six adjunct faculty ([EV1](#)). As shown below, numbers of employed faculty increased over fall 2013 data utilized for the Lassen Community College 2014 Institutional Self-Evaluation Report.

	Fall 2013	Fall 2018	% Increase
Full-time Tenured/Tenure-Track Faculty	34	41	21%
Adjunct Faculty (Academic Temporary)	62	66	<1%

### Analysis and Evaluation

The College meets the standard. Per the California Community Colleges Datamart, Lassen College generated fewer FTES in 2018-2019 than in 2013-2014 (1,747.28 vs. 1,855.64) ([EV2](#)). Additional full-time tenure-track instructional faculty were hired in the discipline of business to expand face-to-face instruction at California Correctional Center and High Desert State Prison, and additional full-time tenure-track non-instructional faculty were hired in the discipline of counseling to support targeted adult education and incarcerated instruction efforts.

8. *An institution with part time and adjunct faculty has employment policies and practices which provide for their orientation, oversight, evaluation, and professional development. The institution provides opportunities for integration of part time and adjunct faculty into the life of the institution.*

### **Evidence of Meeting the Standard**

Lassen College employs part-time/adjunct faculty and has employment policies and practices which provide for their orientation, oversight, evaluation, and professional development. The Lassen College Screening and Selection Handbook includes hiring processes for part-time/adjunct faculty ([EV1](#)). Each August and January, during the week prior the first day of classes for the each new semester, a part-time and new faculty orientation is held ([EV4](#)). At orientations, but usually sooner, adjunct faculty are introduced to the division chair responsible for their oversight and assistance. Article 24 Adjunct Faculty of the collective bargaining agreement between Lassen College Faculty Association and Lassen Community College District outlines contractual agreements for adjunct assignments, priority of assignment, office hours, and evaluation ([EV2](#)). Part-time faculty are paid for their attendance at orientation, whether in-person or via ConferZoom, and are also paid to attend Convocation and flex professional development activities, both of which are optional activities.

The College provides opportunities for integration of part-time adjunct faculty into the activities and life of the College. Communications specific to adjunct faculty are distributed via the Lassen College Faculty – PT group in Outlook ([EV5](#)). All-campus communications to the LCC Everyone group in Outlook are also distributed to adjunct faculty, keeping adjuncts abreast of campus activities and dialog ([EV3](#)). Adjunct faculty are welcome at all college life events and are encouraged to attend activities as schedules and interest allow.

### **Analysis and Evaluation**

The College meets the standard. The College has employment policies and practices which provide for the orientation, oversight, evaluation, and professional development of adjunct faculty. The institution regularly provides opportunities for integration of part time and adjunct faculty into the life of the institution.

9. *The institution has a sufficient number of staff with appropriate qualifications to support the effective educational, technological, physical, and administrative operations of the institution. (ER 8)*

## Evidence of Meeting the Standard

In fall 2018, Lassen College employed eight educational administrators, sixteen classified administrators, five confidential (classified professional) employees, and sixty-eight classified employees ([EV1](#)). As shown below, all personnel categories increased over fall 2013 data utilized for the Lassen Community College 2014 Institutional Self-Evaluation Report.

	Fall 2013	Fall 2019	% Increase
Educational Administrators	4	5	25%
Classified Administrators/managers	13	13	0%
Confidential (Classified Professionals)	3	3	0%
Classified Support	45	57	26.7%

## Analysis and Evaluation

Staffing in all personnel categories has increased since the last Institutional Self-Evaluation. The largest increases in hiring were among educational and classified administrators and classified support positions.

However, the most current data available from the Chancellor's Office is for Fall 2018, and major changes have been made with regard to staffing at Lassen College. On March 12, 2019, the Governing Board took action to discontinue contracts for three senior educational administrators: Vice-Presidents of Academic Services and Administrative Services and Dean of Student Services ([EV2](#)). Those positions remain unfilled for Fall 2019 because of budget shortfalls.

Further the Governing Board took action on September 30, 2019 to lay off 2 classified managers and 3 classified bargaining unit members ([EV3](#)).

Despite these actions, the College meets the standard by having a sufficient number of staff with appropriate qualifications to support the effective educational, technological, physical, and administrative operations of the institution.

*10. The institution maintains a sufficient number of administrators with appropriate preparation and expertise to provide continuity and effective administrative leadership and services that support the institution's mission and purposes. (ER 8)*

## Evidence of Meeting the Standard

In fall 2018, Lassen College employed eight educational administrators and sixteen classified administrators ([EV1](#)). As shown below, both administrator categories increased over fall 2013 data utilized for the Lassen Community College 2014 Institutional Self-Evaluation Report.

	Fall 2013	Fall 2019	% Increase
Educational Administrators	4	5	25%
Classified Administrators (Managers)	13	13	0%

## **Analysis and Evaluation**

Staffing in all personnel categories has increased since the last Institutional Self-Evaluation. The largest percentage increases in hiring were among educational and classified administrators.

The most current data available from the Chancellor's Office is for Fall 2018, and major changes have been made with regard to staffing at Lassen College. On March 12, 2019, the Governing Board took action to discontinue contracts for three senior educational administrators: Vice-Presidents of Academic Services and Administrative Services and Dean of Student Services due to funding shortages ([EV2](#)). Those positions remain unfilled for Fall 2019 because of budget shortfalls, putting the number of educational administrators closer to the staffing levels of Fall 2013.

11. *The institution establishes, publishes, and adheres to written personnel policies and procedures that are available for information and review. Such policies and procedures are fair and equitably and consistently administered.*

## **Evidence of Meeting the Standard**

The College regularly reviews and updates all of its board policies. Board policies concerning personnel are found in Chapter 7 ([EV1](#)). Much of the language in the personnel policies and procedures is also part of the collective bargaining agreements between the District and the bargaining units. If the agreements are inconsistent with existing policies, the agreement becomes the controlling document ([EV2](#), [EV3](#)). The College developed AP 7120–Recruitment and Hiring, adopted by Consultation Council on May 20, 2013, and AP 3420–Equal Employment Opportunity, adopted by Consultation Council on August 5, 2013 and last revised September 4, 2014 ([EV4](#), [EV5](#)). The Academic Senate on May 22, 2012 and the Governing Board on July 10, 2012 accepted the revised LCC Recruitment Guide constructed from relevant administrative procedures ([EV6](#)). The Human Resources office has been working to make revisions to the LCC Recruitment Guide. Those revisions are expected to be completed in the Spring of 2020.

The appropriate policies, administrative procedures and hiring manual are used when selecting and hiring all permanent college employees as well as adjunct faculty, temporary faculty, and part-time coaches. The documents include provisions for fair and equitable treatment of position applicants. Copies of the selection procedures are found on the website and available from the Office of Human Resources. All board policies and administrative procedures can be accessed on BoardDocs linked to the College website. An Equal Employment Opportunity Officer serves on the selection committee for each position and upon completion of the process certifies that the selection process has followed the procedures of the Equal Employment Opportunity Act and the District selection procedures.

## **Analysis and Evaluation**

The College meets the standard. The adopted selection procedures are consistently followed in the hiring of permanent college employees. As a small rural community college, a major

challenge has been the extended time required to achieve an adequate applicant pool, particularly for classified positions. These positions are advertised “until filled” with initial review dates indicated in the announcements. Another challenge has been to staff the selection committees with varied and diverse representatives from all of the appropriate constituent groups. The solicitation of appointees is occurring earlier in the process in order to address this problem.

12. *Through its policies and practices, the institution creates and maintains appropriate programs, practices, and services that support its diverse personnel. The institution regularly assesses its record in employment equity and diversity consistent with its mission.*

### **Evidence of Meeting the Standard**

The Governing Board adopted Board Policy 3410-Nondiscrimination on December 6, 2011. It was last revised January 22, 2014 and last reviewed December 8, 2015 ([EV1](#)). The Governing Board adopted Board Policy 7100–Commitment to Diversity on September 13, 2011 ([EV2](#)). The Governing Board adopted Board Policy 3430–Prohibition of Harassment on December 6, 2011 and last reviewed it December 8, 2015 ([EV3](#)). All elements of master plans relating to staffing are integrated into the Human Resource Master Plan. Professional Development including training on diversity is found in the Professional Development Plan, one component of the Human Resource Master Plan ([EV4](#)). The Equal Employment Opportunity (EEO) Plan was updated July 18, 2016. The Governing Board adopted the revised EEO Plan September 13, 2016. ([EV5](#), [EV6](#)). Diversity has been included in the College Values Statement, part of the LCC District Strategic Plan, since 2012 ([EV7](#), [EV8](#)). A renewed commitment to celebrating diversity was initiated in 2013 with the addition of the objective in the Comprehensive Institutional Master Plan to provide a minimum of four cultural awareness celebrations a year focusing on Cultural Heritage Months: Hispanic Heritage–September, Native American Heritage–November, Black Heritage–February, and Asian American/Pacific Island Heritage–May ([EV9](#), [EV10](#)).

The Governing Board has adopted policies providing protection against harassment and discrimination ([EV3](#), [EV1](#)). Policy and procedures are in place supporting equal employment opportunity in accordance with Title 5 and Education Code regulations (evidence: BoardDocs–Board Policy 3420–Equal Employment Opportunity Plan). All employment procedures are written to promote equal opportunity for all persons. The Governing Board adopted the revised Equal Employment Opportunity Plan, which includes an analysis of the diversity of college employees, this will be updated for 2019-2020. The current version was Board approved on September 13, 2016 ([EV5](#), [EV6](#)).

The Office of Human Resources is aware of the importance of having a diverse staff and faculty. The Human Resources Director is currently responsible for oversight of institutional commitment to equity and diversity as it relates to hiring and personnel. A more widespread approach to recruiting is part of ongoing efforts to improve the diversity of applicant pools. The approach includes advertising in publications and locations targeting underrepresented groups. Each interview committee assures the inclusion of at least one question focusing on applicant sensitivity to diversity during the process for filling every position at the College ([EV11](#)). The assessment of employment equity and diversity occurs while the EEO Plan is being reviewed and updated. The EEO Plan is updated at least every three years or as necessary. The last assessment

of the employment equity and diversity data occurred in 2019 and the EEO plan is still currently being updated.

### **Analysis and Evaluation**

The College meets the standard. Through policies and practices, the College creates and maintains appropriate programs, practices, and services that support its diverse personnel. The institution regularly assesses its record in employment equity and diversity consistent with its mission.

The College adheres to equal opportunity for all applicants by its consistent application of established policies and procedures for all vacancies. In addition, the College continues to seek diversity in its workforce while identifying the best-qualified individuals based on required qualifications given in the job descriptions.

The EEO Plan adopted September 13, 2016 indicates that the gender breakdown of the current workforce of regular employees is 42% male and 58% female. 10% of the regular employee population identified that they belong to a monitored ethnic group. The gender breakdown for adjunct faculty was 52% and 45% respectively. 11% of the current regular employees have identified that they have a disability.

13. *The institution upholds a written code of professional ethics for all of its personnel, including consequences for violation.*

### **Evidence of Meeting the Standard**

The Governing Board adopted board policy on an Institutional Code of Ethics on December 6, 2011; it was last reviewed and reaffirmed by Consultation Council December 8, 2015 ([EV1](#)). Consultation Council adopted the companion administrative procedure on March 22, 2012; it was last reviewed and reaffirmed by Consultation Council July 7, 2015 ([EV2](#), [EV3](#)). The procedure defines ethics and articulates expectations for ethical behavior. The Governing Board established a Statement of Ethical Conduct in spring 1995, which is annually reaffirmed ([EV4](#)). In addition, the Strategic Plan, reviewed, revised and readopted each year, includes a value statement ([EV5](#)). Codes of Ethics for each of the campus constituent groups (administration, board, faculty, management, classified employees, and students) were developed in 1996 and are periodically reviewed and reaffirmed ([EV6](#), [EV7](#), [EV8](#), [EV9](#), [EV10](#), [EV11](#)). The Codes of Ethics include a commitment by all employees to abide by expected professional behavior.

### **Analysis and Evaluation**

The College meets the standard by upholding a written code of professional ethics, including consequences for violation, for all personnel. Administrative Procedure 3050 was last reviewed and reaffirmed by Consultation Council July 2015. The Codes of Ethics for each constituent group were most recently reviewed and reaffirmed for the 2019-2020 academic years ([EV6](#), [EV9](#)). Administrative Procedure 2715 Code of Ethics/Standards of Practice is the written code of professional ethics for the Governing Board. It was first approved in 2009 and was last reviewed and reaffirmed July 9, 2019 ([EV4](#), [EV12](#)).

14. *The institution plans for and provides all personnel with appropriate opportunities for continued professional development, consistent with the institutional mission and based on evolving pedagogy, technology, and learning needs. The institution systematically evaluates professional development programs and uses the results of these evaluations as the basis for improvement.*

### **Evidence of Meeting the Standard**

During the 2012-2013 academic year, the College recommitted to providing regular meaningful opportunities for professional development for all employees. Using funds made available from the Strengthening Institutions (Title III) Grant the College established and staffed the Training, Education, and Collaboration Center (TECC) in spring 2012 ([EV1](#)). The TECC created a place and an atmosphere where all employees were welcome to attend training or to use the computer bank as a resource for district related projects. Beginning fall 2012 and continuing through Spring 2016, TECC staff developed and published a monthly training calendar ([EV2](#), [EV3](#)). The TECC staff along with the Flex Coordinator coordinated flex opportunities for faculty in coordination with other training events.

As evidence of the College's commitment to professional development, faculty and staff are provided opportunities to attend a variety of conferences and professional development events off campus. The Academic Senate president and at least one senator regularly attend Academic Senate for California Community Colleges fall and spring plenary events. The Curriculum Chair, Articulation Officer, and academic administrator regularly attend Academic Senate for California Community Colleges Curriculum Institute held every July; the classified curriculum specialist attends every 2-3 years. EOPS staff regularly attend both fall and spring conferences.

2014-2015

- CTE Academy
- ASCCC (Spring & Fall Plenary)
- Student Success Conference (faculty and administrator)

- CAEP Summit –faculty
- EOP&S Conference – classified
- CCL OER Workshop - faculty

### **Analysis and Evaluation**

The College meets the standard. TECC is still used for flex day activities coordinated by the faculty Flex Coordinator, for occasional trainings related to programmatic efforts like Starfish, and for regular campus meetings. The Professional Development Plan is still reviewed and updated annually as part of the Human Resources Master Plan by the Human Resources Planning Committee. However, regular assessment of professional development needs and coordination of

monthly professional development workshops for all constituencies has not occurred at the same levels since spring 2016.

15. *The institution makes provision for the security and confidentiality of personnel records. Each employee has access to his/her personnel records in accordance with law.*

### **Evidence of Meeting the Standard**

All personnel files are considered confidential and are only available to the employee and persons authorized by the employee or the Superintendent/President. All materials in the personnel files are available to the employee for inspection during work hours in the presence of an administrator or record custodian ([EV1](#)). The personnel files are maintained in locked cabinets in a locked room that only Office of Human Resources has access. The cabinets and the room remain locked at all times. All personnel files are being scanned electronically and put on a secured database called Perceptive. Work is underway to scan existing files as well.

### **Analysis and Evaluation**

The College meets the standard. Sufficient safeguards are in place to protect the personnel files and ensure privacy. Access is restricted in accordance with law. Security of the files is maintained at all times, and the records are stored in fireproof filing cabinets.

---

### **Conclusions on Standard III.A. Human Resources**

Human Resources at Lassen Community College has upheld its commitment to the faculty and staff of the institution. It has combined human, physical, technological, and financial resources to achieve a high level of academic quality. Through Professional Development, trainings, and support we have been able to provide learning opportunities for the growth and advancement of the College's employees. We have had staffing issues that have been overcome with reorganization of the existing positions, and the hiring of the most qualified individuals. We continue to strive for diversity in all of our hiring opportunities by advertising in various places and EEO training for hiring committees. We have become more organized in the evaluation processes, and have moved forward in the technological aspect through use of Perceptive to electronically save personnel files for a higher level of security. Title IX training has been more rigorous and frequent in an effort to ensure that our staff and students feel protected and safe on campus. In the past five years we have strived to change and adapt to current laws and regulations, while keeping the "human" aspect in Human Resources.

### **Improvement Plan(s)**

<b>Change or Improvement</b>	<b>Standards</b>	<b>Responsible Parties</b>	<b>Timeline</b>	<b>Anticipated Outcome</b>
------------------------------	------------------	----------------------------	-----------------	----------------------------

Ensure all job descriptions include a diversity and equality piece	III.A.1	Director of Human Resources	2020	Following Federal Guidelines for EEO employment laws
Continue scanning and securing all personnel files	III.A.15	Human Resources Department	2020	Ensuring the security of all personnel file information
Continue to create a more robust training and Professional Development program for staff and faculty	III.A.14	Human Resources Department	2020	Assist in retaining and developing current staff and faculty, and attracting new applicants

## **B. Physical Resources**

- 1. The institution assures safe and sufficient physical resources at all locations where it offers courses, programs, and learning support services. They are constructed and maintained to assure access, safety, security, and a healthful learning and working environment.*

### **Evidence of Meeting the Standard**

Lassen Community College maintains and enhances its 174,608 of assignable square footage of facilities to provide for a safe physical environment. The College has not constructed any new facilities during this study period that added any square footage to facilities, but it has improved existing facilities to most appropriately address instructional needs of the institution and to maximize institutional effectiveness. Campus security and safety on the main campus are outlined in the Facilities Master Plan ([EV1](#)), Injury and Illness Prevention Plan (IIPP) ([EV2](#)), and in Administrative Procedures ([EV3](#), [EV4](#), [EV5](#), [EV6](#)). Numerous improvements to the physical environment and to facilities-related procedures at Lassen College have been implemented to ensure safety, security and accessibility ([EV7](#)).

The Associate Vice President (AVP) of Facilities and Operations heads the Facilities and Operations department and reports to the Superintendent/President. The department is responsible for all facilities maintenance, custodial services, grounds maintenance, and operational services to support an educational environment that appropriately supports student learning. Additionally, the AVP serves as the College safety officer, and coordinates with the College's insurance carrier to perform periodic site inspections for quality and safety assurance. The AVP is aided in this effort by the Maintenance and Operations Manager, a position added in 2015 that is responsible for all reporting and documentation procedures. The Maintenance and Operations staff consists of six maintenance tech positions and four custodial staff positions who provide day and evening services ([EV8](#)).

The College formed a Health and Safety Committee in 2013 to address safety concerns on campus which was subsequently formalized as a sub-committee of the Consultation Council in 2014 (EV9). The committee's charge is to investigate incident reports and other data, evaluate current safety problems, develop and maintain the Illness and Injury Prevention Program (IIPP), and make recommendations to minimize future safety issues (EV2). Any facility safety issues needing unscheduled repair are prioritized, according to need and circumstances, by the AVP of Facilities and Operations, with the Health and Safety Committee being informed of these issues at regularly scheduled monthly meetings (EV10). The department maintains the campus infrastructure based on priority and availability of funds. In addition, the District has established a revised Emergency Response Plan (EV11), which is currently being updated with an anticipated completion of spring 2020. The Response Team includes the Superintendent/President, Vice Presidents, Deans and other key staff to provide oversight for significant emergencies. Lockdown and evacuation drills have been conducted with the local police department to identify deficiencies and proper methods of operation to be employed.

### **Analysis and Evaluation**

The College meets the standard. The physical resources of the Lassen Community College campus are constructed and maintained intending to promote a healthful and safe learning environment. The College continues to be challenged by funding constraints that prohibit the ability to properly address the numerous deferred maintenance projects facing facilities. This is evidenced by the 47% dissatisfaction rating of campus facilities in a recent survey. While survey respondents were satisfied with the professionalism, helpfulness, communication and quality of work of department staff, they were dissatisfied with quantity of work (26.9%) and significantly dissatisfied with the completion of work/projects (42.3%) (EV12). Additionally, current custodial staffing assignments leave each of the four custodial positions responsible for cleaning over 43,652 square feet of space each day, nearly double the conventional standard of 22,000 square feet per custodial position. Nevertheless, with each new renovation the College has sought to improve its existing infrastructure to compliment an updated standard of quality, safety, accessibility and technological support that is evidenced in both our remodeled Academic Resource Center (library) and Allied Health Center projects. The college is currently studying various automated access systems for locking down campus and is working with local municipal fire and police departments to provide a wayfinding and addressing system that will clearly identify each of the structures in an effort to improve response times for emergency calls.

Improving interior wayfinding in campus facilities has occurred on a project by project basis. While wayfinding in the exterior areas of campus was improved through the August 2019 installation of new color-coded building identification 'flags' and associated campus maps, implementation of a permanent campus wide wayfinding system awaits design funding. A recent survey asking about the level of satisfaction of the overall safety program at Lassen College received a mixed response, with 38% dissatisfied and 34% satisfied (EV12). The campus facilities department and safety committee are actively identifying areas of concern dealing with accessibility and seek to have the appropriate engineering provided to bring all areas up to compliance with ADA regulations. The College district's Scheduled Maintenance Five-Year Plan has consistently identified the need of an elevator in the Humanities Building to address the

most glaring of these access deficiencies and still waits funding in order to implement this remodeling project. Until these modifications can come to fruition the College actively provides equivalent means of access and egress for its community. All programs and services are housed in buildings designed and appropriate for their use.

The College remains deeply vested in providing the proper level of trainings required to ensure a safe and secure campus environment. Department staff are provided with both required and requested safety trainings such as safe lifting and the OSHA required Globally Harmonized System training which includes Safety Data Sheet (SDS) training and Hazardous Communication Standards. The National Incident Management System (NIMS) processes and procedures are distributed and reviewed by staff and faculty in an effort to better improve response in emergency situations, but most staff still need to obtain certification for completion of NIMS and SEMS training, which is anticipated to occur in Spring 2020. Examples of more focused and specific trainings provided to the Facilities staff include Asbestos C-3 and NEA training, heavy equipment instruction, pesticide and fertilizing applicator certificates, D2 water operator and backflow certifications etc.

Turnover of key staff at both college and municipal levels has unfortunately had an effect on the desired number of on campus drills currently offered. In light of this, the College would benefit by more frequent Task Force tabletop meetings to review and discuss possible emergency scenarios and appointment of building monitors. Responses to a recent survey showed a 28% satisfaction rating with the overall security program at Lassen College, while 44% were dissatisfied ([EV12](#)). Despite the various challenges, our safety manager, residence life director, and consultants from Keenan provide training to faculty, staff and students regarding lockdown/evacuation, response to critical incidents and dealing with disruptive individuals. The department further mitigates elements of concern by working collaboratively with the City Police and Fire departments on a daily basis to assure a safe physical environment is provided for all students, faculty, staff and members of the public who visit the College. Safety programs are in place with health and safety issues being addressed immediately within the Safety Committee process and reinforced by Board Policy. Effectual processes exist and are routinely revised to assure that all areas of the College are accessible, safe, and secure; however maintenance and security coverage could be improved upon with increased staffing.

- 2. The institution plans, acquires or builds, maintains, and upgrades or replaces its physical resources, including facilities, equipment, land, and other assets, in a manner that assures effective utilization and the continuing quality necessary to support its programs and services and achieve its mission.*

### **Evidence of Meeting the Standard**

The integrated planning model combined with the participatory governance structure at LCC facilitates communication, discussion, and decision-making with all constituents able to provide input into the campus-wide facility needs. The Facilities Planning Committee plans for site renovations as well as scheduled maintenance projects and considers best practices in incorporating recommendations from programs reviews ([EV1](#), [EV2](#)). The college has completed a variety of projects to support the learning environment ([EV3](#)). Planning for all physical

resources emanates from program reviews, is carried forward into master planning, and is executed via shared governance processes to support goals identified in strategic planning. Working in close coordination with the President and the Executive Cabinet, the AVP of Facilities participates in all phases of planning and oversight of construction or renovation projects.

## **Analysis and Evaluation**

The College meets the standard. The College plans, builds, and maintains its aging physical resources in a manner that assures effective utilization and the continuing quality necessary to support college programs, activities, and services. Maintenance and site improvement plans are found in the Facility Master Plan, specifying and maintaining the highest quality standards, using quality materials and skilled personnel, to accomplish facility work (EV1). The College has made improvements in the selection of new program equipment and materials by involving stakeholders and experts in the design and budget allocation process. The College promotes the purchase of high quality equipment and materials and encourages the use of the proper grade of items to minimize future maintenance costs, decrease cost of ownership, and to maximize Mean Time Between Failure (MTBF) of campus infrastructure.

The department began implementation of the School Dude maintenance work order system in 2019 as an effort to organize and control both scheduled and unscheduled maintenance work. This implementation is still ongoing, with all maintenance and operations staff having been trained on the new system, and the dissemination of the program to users across campus to be able to input work orders planned for spring 2020. Once fully implemented, School Dude will significantly improve (1) the management of all scheduled and unscheduled maintenance work orders, and (2) communication to the campus on the status of their submitted work orders (EV4). It is our hope that this will improve the 47% dissatisfaction rating of respondents to a recent survey regarding campus facilities, and the corresponding dissatisfaction ratings for quantity of work (26.9%) and completion of work/projects (42.3%) (EV5).

Many projects are needed to upgrade facilities to further enhance instruction, the overall campus environment, and to bring the campus into compliance with current code. One example of this is the need for numerous ADA-compliance related improvements across campus, including the addition of an elevator to the Humanities building—an updated ADA transition plan is needed to guide ADA compliance planning. Other projects needed to improve the campus include energy efficiency modernizations, such as replacement of all lighting on campus to improve energy efficiencies; the installation of separate boilers across campus to improve heating service and to decrease energy usage, and the replacement of a variety of sewer/waste water infrastructure components. Although we were able to utilize Proposition 39 funding to accomplish a significant portion (67%) of the boiler replacement project, no other funds have been received to finish that project, as well as any other funding for the other projects mentioned here. Additionally, many projects in the Facilities Master Plan have been routinely forwarded to the next year's plan due to lack of funding.

- 3. To assure the feasibility and effectiveness of physical resources in supporting institutional programs and services, the institution plans and evaluates its facilities and equipment on a regular basis, taking utilization and other relevant data into account.*

## **Evidence of Meeting the Standard**

The College's mission, vision and strategic goals are imbedded in the Strategic Plan, which guides institutional planning including facilities planning ([EV1](#)). Faculty and staff in each area are asked to assess their existing equipment and project program development needs as part of program review. Student learning/administrative unit outcomes are generated by the end-users whether in the classroom or from a service function. The end-users identify equipment and facility needs for desired outcomes as part of the assessment during program review.

The California Community College Chancellors' Office (CCCCO) evaluates the condition of all facilities across the state. That evaluation results in Facilities Condition Index (FCI), which for Lassen College is at 57.29% percent overall ([EV2](#)). The District's long-range capital plans to support institutional improvement goals are contained within the Facility Master Plan. The Facility Master Plan includes the current five-year Capital Construction Plan, the five-year Scheduled Maintenance Plan, program review recommendations, and the long-range facilities plan ([EV3](#)).

The Facilities Planning Committee responsible for the development of the Facility Master Plan also annually reviews the campus space inventory report ([EV4](#), [EV5](#)). This data informs prioritization of projects recommended within the Facilities Master Plan and, subsequently, the Comprehensive Institutional Master Plan (CIMP) and the budget development process. The institution incorporates space utilization data and equipment condition as criteria in scheduling classes and laboratories ([EV6](#), [EV7](#)).

## **Analysis and Evaluation**

The College meets the standard. The institution assures the feasibility and effectiveness of its physical resources in supporting institutional programs and services through regular evaluations. Facility and equipment needs are communicated through program review recommendations, direct contact, and written work requests.

- 4. Long-range capital plans support institutional improvement goals and reflect projections of the total cost of ownership of new facilities and equipment.*

## **Evidence of Meeting the Standard**

The District's long-range capital plans to support institutional improvement goals are developed with and contained within the Facility Master Plan. The Facility Master Plan includes the current short and long-range facilities planning, and program review recommendations that are linked to strategic goals found in the LCC Strategic Plan ([EV1](#), [EV2](#)).

Although the College has no new facilities, the total cost of ownership on existing facilities was addressed in a detailed condition assessment which was completed in 2018 which documented the current useful life, estimated repair cost, and replacement cost of facilities and related equipment ([EV3](#)). The budget allocation process is used to identify priorities for equipment

purchases; however, in the event of an unscheduled failure, the list of priorities may change (EV4). Overall, annual budgets for facilities and operations have arisen since FY2014, but are still not at a level that allows us to appropriately sustain our aging campus (EV5).

### Analysis and Evaluation

The College meets the standard, although the college would benefit from an appropriately developed long-range capital master plan document that would serve as a framework for a physical plan document that represents a 10 to 15 year projection of ideal development. There is inevitably never enough capital, time, or opportunities to meet every critical facilities need; however there exists an equitable and prudent process for the delivery of facilities that support campus programs to the level of funding available. Budget requests for new equipment are not currently required to include total cost of ownership within the requested amount: this needs to be addressed and rectified.

### Conclusions on Standard III.B. Physical Resources

The college meets the standard. In an environment of funding challenges, a learning environment is maintained that is still appropriate to the instructional needs of the institution. There are however a variety of areas for improvement in the areas of training, funding, and further development of plans related to physical resources and safety.

### Improvement Plan(s)

Change or Improvement	Standards	Responsible Parties/Committees	Timeline	Anticipated Outcome
Increase Emergency Response drills	III.B.1	AVP Facilities	Spring 2020	2 drills per year each for fire and for active assailant
Increase Custodial staffing	III.B.1	AVP Facilities	Fall 2020	< 25,000 square feet per Custodial position
Complete NIMS and SEMS training for staff.	III.B.1	AVP Facilities	Spring 2020	All EMT members trained
Revise and update LCC Emergency Response Plan; complete appointment of building monitors and other members	III.B.1	AVP Facilities	Spring 2020	Completed ERP

Obtain funding to develop and implement a permanent campus wayfinding solution	III.B.1	AVP Facilities	Fall 2021	\$200K to complete project
Complete implementation of School Dude program.	III.B.2	AVP Facilities	Spring 2020	Full Implementation
Obtain funding to complete Boiler Replacement project.	III.B.2	AVP Facilities	Fall 2020	\$150k to complete project
Obtain funding to develop an ADA transition plan	III.B.2	AVP Facilities	Fall 2020	\$100k to complete project
Increase facilities and operations budget to a level that more appropriately sustains the campus.	III.B.4	AVP Facilities	Fall 2020 to Fall 2025	Increase supplies and repairs budgets by 10% per year for 5 years.
Develop long-range facilities master plan document.	III.B.4	AVP Facilities	Fall 2020	Completed Plan.
Revise budget request process to include total cost of ownership.	III.B.4	AVP Facilities	Spring 2020	Revised process, approved by governance.

---

## **C. Technology Resources**

1. *Technology services, professional support, facilities, hardware, and software are appropriate and adequate to support the institution's management and operational functions, academic programs, teaching and learning, and support services.*

### **Evidence of Meeting the Standard**

The College maintains a full spectrum of technology infrastructure and services, including physical and virtual servers, fiber network, VOIP phone system with Auto Attendant, fax over IP, fully equipped laptops or desktops for all employees as well as student labs, configurable anti-virus services, public Web pages, and intranet portal. A wireless network is available across the campus. Strategically placed workgroup printers handle most of the printing, scan to e-mail, and faxing needs. Many of the district and departmental forms are now available on the College website and can be completed, signed, and submitted electronically. Microsoft Exchange with Office365 is utilized for Faculty, Staff, and Student e-mail. The Ellucian Colleague administrative suite (Finance, HR, Student) is in use at LCC. The technology infrastructure also includes the backup of critical institutional data. Document imaging with Hyland's Perceptive Content has been added to aid in document management. LCC utilizes a backup solution by Unitrend to backup all servers and institutional data, such as the Colleague student information system. All backed up data is encrypted before it is uploaded to Unitrend's cloud. The backup allows LCC to be able to recover data in the event of a disaster.

The Lassen College intranet portal was developed using the 2011-2016 Title III Strengthening Institutions Grant. The portal provides a single sign-on to Office365 email, Ellucian Self-Service, Canvas, Starfish, the College report server, and HireTouch. This allows for a single point of entry for all campus web resources.

The campus backbone is fiber. Wireless access points are available for student use, and an employee wireless network with full access to campus services has been deployed.

A full suite of licensed desktop office software is installed on each computer through the Microsoft Campus Agreement & Adobe Campus Agreement. The Microsoft Campus Agreement includes the latest version of Microsoft Office Pro products and Microsoft Windows for desktops/laptops. The Adobe Campus Agreement includes the Adobe Creative Suites, Design Premium & Web Premium. Macintosh operating systems are also supported for the Microsoft Office and Adobe Creative Suites. Campus web pages are hosted locally, and a new version of the website was introduced in fall 2018.

Lassen College previously used Moodle as its learning management system, but following an evaluation of functionalities, academic senate recommended transition to Canvas by Instructure in 2016 when it was made available by the California Community College Online Education Initiative ([EV1](#)). IT staff worked with the CCC Technology Center to set up the Lassen instance in Canvas and utilizes a batch import process to link SIS information in Colleague to Canvas to enable auto-enrollment in Canvas courses dependent on course enrollment in Colleague. The Office of Academic Services made small stipends available for all faculty to complete two Introduction to Canvas trainings and prepare for transition effective Fall 2016 ([EV2](#)). Canvas supports online and hybrid courses and is increasingly being utilized for instructor-to-student communication in face-to-face classes as well.

College-wide communications are supported through the telephone system, campus network, email system, and college website. Telephone and network access are provided to all employees housed on-campus. Microsoft Exchange Hybrid with Office365 is used for e-mail and includes spam filtering. New employees are added to a number of campus-wide e-mail distribution lists according to their affiliation (Everyone, Administration, Governing Board, President's Cabinet, Classified, Faculty-FT, Faculty-PT, Management/Confidential), and these and other custom lists are widely used to communicate across campus. Anti-virus software is provided via a central server, with updates acquired and pushed out centrally.

BoardDocs Pro, an eGovernance solution was purchased in summer 2011. It has proven to be a cost-effective means of providing agendas to the public and has eliminated the need to drive board packets to Board members in remote areas of the District. It is the repository for board policies, administrative procedures, and board agendas and minutes archives. In summer 2018, Consultation Council discussed the potential of using BoardDocs for all governance committee meetings ([EV3](#)). The decision was made to move forward in an effort to more effectively house committee agendas, minutes, and supporting documents while increasing transparency. All personnel serving as committee chairs or as committee support were trained in November 2018, and expanded use of BoardDocs for committees commenced in January 2019 ([EV4](#)).

The Ellucian Colleague system provides a Web interface for customer self-service, including student registration, account management, financial aid, faculty roster viewing, faculty grade submission, employee earnings statements, employee leave balances, and tax documents. This interface is supported by a Help Desk function realized through email and phone service. The Colleague system makes possible integrated data management in a single unified repository for person demographics and records, and offers the basis for sophisticated reporting. Additional reporting capabilities are available through the report server and data warehouse and additional reports can be developed as needed. The ultimate goal is to assure a consistent body of data

accessible through certified, but flexible, reporting tools, supporting effective operations, mandated reporting, and business intelligence (e.g., enrollment management, program evaluation, effective management of receivables).

Current students can take care of many of their needs online. Examples include registration, new student orientation, check financial aid status, loan counseling, electronic signing and submission of promissory notes. Several computers are available for this purpose in the Student Services building. Admissions & Records is now able to electronically send and receive student transcripts with the use of the National Student Clearing House transcript service.

Hyland's Perceptive Content was purchased in 2015 and began with implementation in Financial Aid, Counseling, Admissions & Records, and Human Resources. It has since been expanded to include Nursing and EOPS Office. As time allows it will be expanded to include additional offices. This system allows the quick retrieval of documents and will work in conjunction with Ellucian Colleague.

Resources and operations are supported by an Information Technology staff currently numbering four, including a Director of Information Technology and three Information Technology Specialist II staff administering servers, network equipment, webmaster duties, desktop support, and classroom technology support. The use of specialized software such as Bomgar and Spiceworks enables the small IT staff to efficiently manage hardware and software across the campus. The deployment of group policies and the use of an imaging server also help to streamline the process.

### **Analysis and Evaluation**

The College meets the standard. The College has provided an effective set of technologies to support the institution's management and operational functions, academic programs, teaching and learning, and support services. Much credit is due to the experienced and committed staff in IT, who find ways to make existing systems work while researching, preparing for, and implementing multiple new technology solutions. The service orientation in IT is strong.

- 2. The institution continuously plans for, updates and replaces technology to ensure its technological infrastructure, quality and capacity are adequate to support its mission, operations, programs, and services.*

### **Evidence of Meeting the Standard**

LCC uses technology to achieve institutional goals for student success and provide a modern telecommunication infrastructure for college employees. The College has a technology committee charged with responsibility of addressing institutional technology needs. The Institutional Technology Planning Committee (ITPC), comprised of members from each constituent group, develops the Institutional Technology Master Plan and meets to discuss and make recommendations regarding present and future technology needs ([EV1](#), [EV2](#), [EV3](#), [EV4](#), [EV5](#), [EV6](#)). Many technology decisions are based on Information Technology (IT) department personnel's advice and departmental or staff discussions. The Information Technology NIPR was completed in 2015 ([EV7](#)).

The servers in LCC's Datacenter are scheduled for annual review for capacity, and stability. Physical servers are limited as most servers are setup in LCC's virtual server infrastructure. Having a virtual server infrastructure allows LCC to provide redundancy and protection to the system and its resources while reducing power and cooling needs in the Datacenter to increase energy efficiency.

Refresh planning for campus desktops/laptops is addressed in the ITMP. A refresh plan was developed during the 2013-2014 year and calls for a 5 year refresh cycle. The goal of the plan is replacing 20% of computers each year, physical servers every 5 years, and other network equipment and projectors on an as needed basis. 2015-16 was the first year LCC had a full budget for this plan. In 2015-16 35 laptops and 21 desktops were replaced, 2016-17 62 desktops and 13 laptops were replaced, 2017-18 33 desktops and 3 servers were replaced, and 2018-19 21 desktops, 2 laptops, and 1 server were replaced. The IT Department establishes standards and specifications for all computer equipment. All computers use standardized software. The hardware is standardized to a few select models making support more streamlined. The Director of Information Technology approves all technology purchases. IT staff evaluate technology equipment as needed for the purpose of upgrading, reallocating, storing, or the surplus of technology equipment. Operating systems and software are kept current to industry standards via the Microsoft & Adobe campus agreements. Included in the refresh plan are all student computer labs including the Library/Learning Center, the CA-207 Basic Skills lab, DSPS Learning Disabilities lab, Math lab, Graphic Design lab, Business lab.

Starfish by Hobsons, an early alert system with additional functionalities being developed, was developed and piloted during Spring 2019 with full implementation rolled out in Fall 2019. A workgroup of representatives, including the IT Director, initially researched Starfish, attended the Hobson's conference in Summer 2018, and visited Columbia College in Fall 2018 to evaluate Starfish and prepare for development. An expanded workgroup from multiple constituencies and serving different student support roles participated in the custom development of Lassen College's Starfish instance, and a small group of faculty conducted the initial communications pilots in their classes, using flags and kudos to draw attention to behaviors relating to student success and persistence.

The College previously implemented an Ellucian Colleague degree-audit software package, but during summer 2019 prepared to transition to Hobson's degree audit modules, deemed more effective at linking the early alert system with student communications than Ellucian's product.

### **Analysis and Evaluation**

The College meets the standard. The Institutional Technology Master Plan (ITMP), with input from program reviews as well as from IT staff and constituent representatives, is integrated into the Comprehensive Institutional Master Plan. The College continuously plans for, updates and replaces technology to ensure its technological infrastructure, quality and capacity are adequate to support its mission, operations, programs, and services.

- 3. The institution assures that technology resources at all locations where it offers courses, programs, and services are implemented and maintained to assure reliable*

*access, safety, and security.*

### **Evidence of Meeting the Standard**

Lassen College has one main campus in Susanville and no established centers. The Public Safety Training Center previously housed in a Lassen High School District facility was re-integrated into campus summer 2016. Lassen College teaches a selection of courses at High Desert State Prison and California Correctional Center. Lassen College has purchased projectors for instructional purposes and computers for student use at High Desert State Prison and the California Correctional Center. California Department of Corrections and Rehabilitation technology personnel support and maintain these systems. For security purposes these computers are not connected to the internet and all student resources must be local to the computer.

All computers at Lassen College have standardized hardware and software. This helps to ensure reliability and ease of maintenance. Sophos Endpoint Security and Control is utilized for antivirus and malware protection on all LCC computers. All student use computers are also loaded with Faronic's Deep Freeze. This software prevents any users from permanently installing any software that could adversely affect the computer. Most classrooms are equipped with the same technology to allow for a consistent setup and ease of use from one room to another. ([EVI](#))

### **Analysis and Evaluation**

The College meets the standard. Technology resources are implemented and maintained to assure reliable access, safety, and security.

- 4. The institution provides appropriate instruction and support for faculty, staff, students, and administrators, in the effective use of technology and technology systems related to its programs, services, and institutional operations.*

### **Evidence of Meeting the Standard**

Lassen College provides training for its various technology systems. Each term LCC has designated Flex days for professional development. During these flex days various topics are covered. Some of the technology topics covered have been Canvas, Office365, and Starfish. ([EVI](#))

With Canvas being the designated online learning management system LCC's Instructional Designer regularly meets with faculty for individual trainings on how to use Canvas and the provided tools/activities.

Over the years we have implemented new technology. With each of the new technologies that have been implemented training opportunities have always been provided. One example is the implementation of Hyland's Perceptive Content. The departments that were part of the initial implementation were included in the setup and trained in how to use the software. ([EV2](#))

Technology training opportunities are now being made available to students. With the implementation of Starfish Lassen College has made an effort to inform students as to what Starfish is and how to use it. A Starfish Student Guide has been made available to students via several methods. (EV3, EV4). There have also been training opportunities at BootCamp events to inform students of the MyLassen portal and what is available in the portal, Canvas and other technologies that students use. (EV5, EV6)

### **Analysis and Evaluation**

Lassen College meets the standard. Training opportunities are offered to faculty, staff, administrators, and students.

5. *The institution has policies and procedures that guide the appropriate use of technology in the teaching and learning processes.*

### **Evidence of Meeting the Standard**

Lassen College has policies and procedures in place that are specifically designed to ensure the safe and appropriate use of technology. The guiding policy that is used for students, faculty, staff, and administrators is BP/AP 3720 – Computer and Network Use (EV1, EV2). Users have an opportunity to review this when signing onto any District computer. All new employees are required to sign an acknowledgement form (EV3) that they have reviewed AP 3720 as well as other APs. Students are required to comply with the Student Rules of Conduct outlined in the College Catalog. (EV4) Other policies and procedures include AP 3750 – Use of Copyrighted Material, and AP 6365 – Accessibility of Information Technology. (EV5, EV6)

### **Analysis and Evaluation**

Lassen College meets this standard. The policies and procedures that are in place are regularly reviewed for any needed updates.

---

## **Conclusions on Standard III.C. Technology Resources**

Technology plays a critical role in all that takes place at Lassen College. Technology is part of the backbone or infrastructure that enables all other processes of the college to be able to work. From the moment a student completes an online application to the time they walk across the stage to graduate, technology is involved. All employees need a computer to work on, data is stored on servers, online services are used via the internet with some cloud hosted service and all of these resources need to be supported and maintained. Lassen College strives to maintain a safe, secure, and reliable technology environment. As technology changes LCC works to adapt and incorporate new technologies as it is able and empowers users to be able to use it. Use of technology at Lassen College, like many aspects, is guided by BP's, AP's, and the Lassen College Catalog.

### **Improvement Plan(s)**

Information security is often a hot topic in the area of security. With the changing laws regarding information security and the requirements being placed on colleges, it is necessary for Lassen College to review our security practices in relation to these requirements and make the needed changes to be able to maintain a secure technology environment.

## **D. Financial Resources**

### *Planning*

- 1. Financial resources are sufficient to support and sustain student learning programs and services and improve institutional effectiveness. The distribution of resources supports the development, maintenance, allocation and reallocation, and enhancement of programs and services. The institution plans and manages its financial affairs with integrity and in a manner that ensures financial stability. (ER 18)*

## **Evidence of Meeting the Standard**

LCC is committed to maintaining fiscal stability with an implemented integrated planning and budget development process emanating from the Strategic Plan, which contains the strategic goals and mission statement. ([EV1](#), [EV2](#), [EV3](#)) In this integrated process, the College mission and strategic goals drive the development of the budget with a focus on sustaining and improving student learning programs and improving institutional effectiveness. ([EV4](#), [EV5](#))

The Board has overall fiscal responsibility of the district and approves a tentative budget in June and a final budget in September when revenues are defined and finalized from the state. ([EV6](#), [EV7](#)) A special finance meeting is scheduled just prior to the regular board meeting in June and in September to present the budget and answer questions. ([EV8](#))

The district contracts with an independent auditing firm for annual audits of its financials as well as its processes and procedures. LCC has had limited non-financial findings in each of its last several fiscal years. ([EV9](#))

## **Analysis and Evaluation**

The College's institutional planning process begins with an assessment of student learning and administrative unit outcomes as part of the Instructional and Non-Instructional Program Review process. The program reviews set goals and identify needed financial resources at the unit level of operation. ([EV2](#), [EV10](#), [EV11](#)) Program recommendations, including recommendations requiring resource allocation, are forwarded on the adopted forms to the appropriate master planning committees. The planning committees use the information, along with other data and campus input, to develop master plans with strategies to meet measurable objectives connected to the adopted strategic goals. The Consultation Council/Strategic Planning Committee ("Consultation Council") uses the LCC master plan priorities to prioritize institutional strategies which in turn influence the resource allocation. The prioritized recommendations are then forwarded to Consultation Council for institution-wide prioritization. The institutional prioritization level seeks to ensure the congruence of resource allocation to the overall mission and strategic direction of the institution. Resource prioritization will then be open for review and discussion among all constituent groups in an open meeting setting where appeals can be made for resource allocation reconsideration. The prioritized institutional resource allocation list for the next academic year is forwarded to the chief business officer for inclusion in the tentative budget, subject to adequate revenues, and is also then distributed to the campus community through the LCC portal. ([EV12](#), [EV13](#), [EV4](#)) The tentative budget is forwarded to the Superintendent/President who makes a final recommendation to the Governing Board for adoption.

Resources allocated through our planning and budgeting process sustain programs and services through existing apportionments. Further development and enhancement of programs have occurred through aggressive efforts to obtain funding from external sources. Grants are vetted through an established collegial process. ([EV14](#)) Examples of programs and services that have

been enhanced by this process include our Vocational Nursing program, our Face-to-Face inmate education program, and our Automotive Technology program. ([EV20](#), [EV21](#), [EV22](#))

The adopted budget development process linked to program review and integrated planning has been used successfully since its implementation in 2008, with survey data informing the annual evaluation and modification of this process by the Academic Senate and Consultation Council. This process has worked successfully but we experienced an anomaly in 2018-2019. With the change in funding formula that was proposed for implementation, projections of income showed success measures that Lassen has been working hard to implement. Projections showed funds had the potential for significant increases. This was reflected in our Apportionment allocation as well as verified through the SCFF funding formula template. ([EV15](#)) Expenditures that were approved in 2017-2018 to increase and stabilize FTE's were now indicated to be fully funded. This was the direction until the April 26<sup>th</sup> notification of revised apportionment that dropped our budgets back to the 2017-2018 minimum guarantee. ([EV16](#)) This created a deficit spending amount of \$2 million that left no time to recover from during the 2018-2019 budget year. Creation of the 2019-2020 Final budget was administratively reduced to the current minimum funding level presented by the Chancellors office. ([EV17](#)) Fund balance reserves of 20% prior to this helped us to weather this storm but reduced our unrestricted fund balances to 7% at the end of FY 2018-19. ([EV18](#)) The Board is determined to give close attention to restoring fund balance to its recommended level of 15% in order to provide the stability necessary to fiscally sustain the district for the future. ([EV19](#))

- 2. The institution's mission and goals are the foundation for financial planning, and financial planning is integrated with and supports all institutional planning. The institution has policies and procedures to ensure sound financial practices and financial stability. Appropriate financial information is disseminated throughout the institution in a timely manner.*

### **Evidence of Meeting the Standard**

The mission and goals are outlined in the Strategic plan, which is reviewed annually and forwarded to the Board for approval. ([EV1](#)) Instructional Program Reviews (IPR) and Non Instructional Program Reviews (NIPR) include an analysis of Student Learning Outcomes (SLO) and Administrative Unit Outcomes (AUO) that allow for program improvement by evaluating programs to ensure focus linked to the Strategic Plan is occurring, and SLO's and AUO's are in fact linked directly to Strategic Plan goals. During the program review process, budgetary needs are identified and included in tables that are incorporated into the appropriate master planning document for prioritization. Established budget guidelines and priorities ensure direct alignment with Strategic Plan goals. ([EV2](#))

Templates for IPR's and NIPR's are contained in their respective program review handbooks, which ensures that all resource requests are consistent and focused on the College's mission, goals, and vision. Program objectives are evaluated against Strategic Plan goals, as well as to identify and evaluate SLO's and/or AUO's. Annual update templates are provided to allow for inclusion during the off years so that budgetary needs and planning can be addressed and included in the annual Budget prioritization process. ([EV3](#), [EV4](#))

The District commitment to maintenance of fiscal health is evidenced in our fiscal policies, which ensure the existence of adequate internal controls, fiscal management, support for the LCC Educational Master plan, and confirm that fiscal objectives, procedures, and constraints are communicated appropriately to the Board and staff. ([EV5](#), [EV6](#), [EV7](#), [EV8](#)) The Board is informed of the District financial health through monthly reports that outline budgeted expenditures to actual spending, monthly income and expenditures on a cash basis as well as quarterly financials. ([EV9](#))

## **Analysis and Evaluation**

The College meets the standard. The budget has consistently been developed with a conservative approach, evidenced by a record of healthy and growing fund balances, with the sole exception of FY 2018-19, which has been a significant challenge due to anomalies in the implementation of the new Student Centered Funding Formula (SCFF). ([EV10](#)) The budget process begins with the approved Final budget from the prior year. This creates the foundation for building the budget, insuring that all programs are adequately funded and staffed. Increases are initially evaluated based on collective bargaining negotiations, step and column increases, benefit costs, utility rate increases, staff retirements and vacancies, and other fixed operational needs.

Prioritized resource requests are developed through institutional planning and culminate in budget priorities lists that are approved through our participatory governance process. This process serves to guide the College in its decisions of yearly resource allocations allowing for full discussion of area needs that are presented and prioritized.

Evaluation of anticipated revenue normally based on projected FTE's are used to establish the base for funding each year. Any recommendations for increases are then incorporated in prioritized order into the budget. Adequate controls do exist to ensure that funding for the districts obligations are met first before any additional increases are applied.

Planning moving forward taking the new norm into consideration, the administration notified Consultation Council and the board May 14 minutes of the deficit spending that was occurring as a result of the change in funding and as much information as we currently knew at the time for future funding. ([EV11](#), [EV12](#)) Administration held numerous meetings to discuss the implications. Because personnel makes up the majority of all budgets, reductions to budget discussions were limited to administrative levels of discussion. Forthcoming information from the Chancellors office indicating revenue amounts with a new Student Funded Formula template were not due for release until a budget workshop held in Sacramento on July 23, 2019. Utilizing the most current model, a preliminary budget was created and a tentative budget submitted at the June 11, 2019 board meeting using a conservative estimate of the Student Centered Funding Formula with assurances from the Governor's office May revise that the funding formula would be fully funded. Staff from the college attended the July meeting in Sacramento and were informed at that time that funding would remain at the 2017-2018 level with Cola. Consultation Council was informed of this and the results to our tentative budget. ([EV14](#)) The Board was informed on the evolution of the funding formula and how it affected our campus. ([EV15](#))

Administration continued meeting to strategize cuts to the tentative budget. The decision was made to freeze hiring of all current vacant positions and to shift responsibilities elsewhere. Further reductions in discretionary spending were reduced. Staffing levels were looked at with an eye on the least disruption to students and areas that had more than 1 staff member that could share the workload utilizing current employee contract restrictions. A recommendation to the board for staffing reductions was presented August 30, 2019 to assist in balancing the budget. The board voted to not take action and asked all employees to relook at the budget and return with suggestions to mitigate the need for layoffs. ([EV16](#)) The Final budget was due to the state no later than September 10<sup>th</sup> board meeting, convocation was held on September 2<sup>nd</sup> in an open forum to discuss alternative suggestions with all employees eligible to participate. The timing of these actions required the budget to be presented to the board with an unbalanced budget projection. One staff member on the notice for layoffs was transferred to a categorical program vacancy, 2 staff members resigned, additional funding for 1 ½ time layoff was identified leaving actual layoffs at 2 staff members. The board voted to approve the recommendation at a special board meeting September 30, 2019. ([EV17](#))

Even with all of this occurring, sound financial planning was still in place to quickly make decisions while keeping our mission and goals in focus.

#### **Dissemination:**

Consultation Council and the Board are notified of unplanned for or unexpected budget issues. ([EV18](#), [EV19](#), [EV20](#), [EV21](#), [EV22](#), [EV23](#))

Consultation Council membership includes faculty, classified staff, management, Administration, academic division chairs, master planning chairs and student representatives. Constituent group representatives are charged with taking this information back to their memberships to discuss. It is through this committee that financial information is disseminated. Priorities for spending enhancements are discussed in May with this committee. The Academic Senate/Consultation Council Budget & Planning Process Subcommittee reviews recommendations from Consultation Council based on results of annual evaluation surveys and proposes revisions to the budget and planning processes as well as the Governance Handbook. Recommendations are considered first by Academic Senate; Academic Senate-approved revisions and handbooks are then forwarded to Consultation Council as an information item. Updates to the budget are periodically given at these meetings as well as communicating changes in revenues. New grants are presented to inform the campus of opportunities as well as possible impacts to the budget.

The Board agenda is discussed during consultation council. The board is given a report monthly that show approved budgets/changes to the budget/New budgets/actual revenue and expenses. This report is broken down by fund type. It is presented by program type and object code with percentages of expenditures to date. This information is available for public and campus review utilizing BoardDocs.

- 3. The institution clearly defines and follows its guidelines and processes for financial planning and budget development, with all constituencies having appropriate opportunities to participate in the development of institutional plans and budgets.*

## Evidence of Meeting the Standard

LCC follows a planning and budget process that is annually reviewed and approved through a shared governance approach. (EV1) The Strategic Plan is also evaluated and adopted annually. (EV2) Programs use scheduled reviews with a common template for consistency to evaluate and request budget needs. (EV3, EV4) The cycle for planning is evidenced in the planning process flowchart. (EV5) LCC evaluates its process annually to include modifications if needed. (EV6, EV7, EV8)

## Analysis and Evaluation

LCC is committed to meeting this standard with broad participation through Consultation Council. The LCC budget process begins each year in January with the Governor's budget proposal as an indicator of base apportionment. Looking at the integrated flow chart, Program reviews or Annual updates are completed. Those requests for program improvement feed into the institutional planning document that is appropriate for the need. The planning committees prioritize the needs. The Planning Chairs meet to further refine the priorities list along with the President's priorities. These are then forwarded to Consultation Council where all constituents are present and put forward their prioritization from this list. The list is forwarded to the CBO. The prior year budget is rolled into the new year's budget as a base, salary and benefits and contractual increases are updated first. Current year roll up costs including PERS/STRS percentages are updated. Projected revenues are provided in consultation with Director of IT and Institutional Effectiveness, Comptroller, Associate Dean, and VP of Administrative Services along with past practices to determine the current revenues.

If there is room for improvements, the priority list is incorporated into the budget from Consultation Council. Consultation Council has representation from all constituent groups. The budget is then presented to the President for approval and then sent to the Governing Board. The district keeps close track of its enrollment potential and works diligently on enrollment management, offering late start classes if necessary if enrollments are lagging behind projections. The district takes very seriously its commitments during negotiations. Understanding that future year increases have a direct impact to the budgets and insuring that growth can be projected to cover those increases. The district is careful in considering categorical funds when hiring new employees. It clearly states in the employment contract when "soft money" is used, that if the funds were to go away, the position could go also. (EV9) Budgets are monitored to ensure that expenses do not exceed revenues from the Comptroller.

The Consultation Council reviews the overall planning and budget development process for effectiveness on a yearly basis each May. (EV10) Process reviews are sent out annually to all constituent groups and planning committees to gauge the effectiveness of our governance processes relating to planning and budgeting. Review and revision of the processes, although the responsibility of the Academic Senate, has been jointly conducted by the Academic Senate and the Consultation Council for each of the last several years.

Consultation Council surveys each constituent group for recommendations to improve our process. These recommendations are compiled and considered for improvement. Changes that have occurred are reflected in actions taken such as posting more into the College portal for easy access. Planning committee chairs now meet to discuss the priority lists from each of the master plans before they are presented to Consultation Council. Planning for several years has been consistent because projections of where our funding sources are occurring has been the target in planning.

### *Fiscal Responsibility and Stability*

4. *Institutional planning reflects a realistic assessment of financial resource availability, development of financial resources, partnerships, and expenditure requirements.*

### **Evidence of Meeting the Standard**

The College has actively sought external funding through grants as a way to move forward in conjunction with our Institutional Planning documents that incorporate IPR and NIPR information to strengthen and improve existing programs. ([EV1](#), [EV2](#), [EV3](#), [EV4](#), [EV5](#), [EV6](#), [EV7](#), [EV8](#))

### **Analysis and Evaluation**

Assessment of Financial Resource availability:

LCC seeks to support our programs and our community as evidenced in our LCC District Strategic Plan: Vision: “The Economic and Workforce Development Leader for the community” Supporting our programs for growth by developing and improving upon curriculum to meet the needs of our students require more than our small local resources. Institutional planning assists in guiding the direction for growth. Grants and partnerships help us to reach these goals.

Development of Financial Resource:

The College has actively sought external funding through grants to improve our program offerings. These are some of what has been awarded since last report. In 2013-14 the district was awarded \$261,389 for a Workforce and Economic Development Grant aimed at developing new curriculum for Medical Assisting, Phlebotomy and CNA trainings and assist with new curriculum and equipment. A big part of this grant helped LCC to hire a new Nursing Director in 2016 and launch a premier new Nursing program in 2017 to meet the needs of our rural area. In 2014-15 the district received \$400,000 for the Inmate Education Pilot Program directed at offering face to face course level business class instruction, offering college level CTE certificates, reporting and disseminate data to CCCO, provide articulation and support services to the inmate population within our area. This assisted LCC to develop the courses for two of our Lassen County facilities, CCC & High Desert State Prison. The district became the fiscal agent for the AB86 Adult Education Initiative in 2013-2014 that has now evolved into a multiyear California Adult Education Program (CAEP) Appropriated grant. The grant has allowed LCC to partner more closely with our county schools through a consortium team model to offer and

grow our adult education program opportunity. These have made huge impacts especially in our rural areas that lack in many opportunities. A Prop 39 grant of \$156,925 to improve sustainable energy reduction by transferring one large boiler for heating to individual heating boilers in five of our buildings, a \$20,000 OER zero cost book program grant to teach instructors how to adapt E books into their curriculum. The USDA Distance Learning and Telemedicine equipment grant was awarded for \$313,593 to offer distance learning education and videoconferencing to our remote areas of Lassen County to bring real time classrooms through cooperation with local high schools. For the campus, this allowed two classrooms to be equipped with the technology to offer distance education as the hub. LCC also provided equipment to Modoc County, Lassen Unified School district, and the Susanville Indian Rancheria. Spring 2020 will be the first semester to offer statistics classes using this technology. The Guided Pathways allocation has incorporated EDOPTICS to assist LCC in Strategic Planning and staff development. The District has applied for and annually received the CTE Perkins IC and CTE Transitions grants, which have greatly benefitted several CTE programs on campus.

The state has focused their funding for CTE programs through Strong Workforce grants. The College has also asked for and received additional Strong Workforce funding to support the reinstatement of a quality Certified Nursing program and to enhance our existing Fire Science program. Our Auto program has formed a partnership with SUBARU as well as becoming ASE accredited for Master Automobile Service Technician to give our students greater opportunity in workforce development.

The Superintendent/President continues to encourage grant writing among the Administrative staff to seek opportunities to enhance and grow our institution. In 2019-2020, the district was awarded another Inmate Education grant, to assist those students who are transitioning from incarceration to becoming campus students. In 2019-2020, a CTE Strengthening Online Career training for agriculture, small business and computer science grant was awarded for \$404,250. This grant is targeted at creating online courses for certificates in these areas.

- 5. To assure the financial integrity of the institution and responsible use of its financial resources, the internal control structure has appropriate control mechanisms and widely disseminates dependable and timely information for sound financial decision making. The institution regularly evaluates its financial management practices and uses the results to improve internal control systems.*

### **Evidence of Meeting the Standard**

External Audits evaluate internal controls annually and report areas for improvement. ([EV1](#), [EV11](#), [EV12](#)) The independent audit report beginning on page 64 has the statement for internal controls. ([EV2](#)) LCC strives to meet the needs of the district by following AP 6300 for Title 5 requirements. ([EV16](#)) Budget management requires that funds are expended within major categories and that budget transfers are required when those funds exceed exiting budget. ([EV9](#)) LCC follows the budget and accounting manual in the establishment of its account structures. ([EV10](#)) All funds of the district are administered by the VP of Administrative Services which includes budget preparation. ([EV14](#), [EV15](#)) Fiscal services conducts Non instructional program reviews with annual updates to reflect on and strive for improvements. ([EV3](#), [EV6](#), [EV7](#), [EV8](#)) Financial system (Ellucian) has built in controls that we subscribe to. All requisitions for

expenditure require (2) two signatures before it can be assigned a purchase order number. The signatures are predefined so others cannot substitute. The Comptroller is the only one that can post budget adjustments. The business office has a procedure manual to assist with questions on process. (EV4, EV13) Ellucian is accessed through mnemonics, report writing and on-line look up of accounts that are available to all constituents that have a need for timely information. An IT authorization form filled out by a manager, gives employee access with appropriate approvals. (EV5)

### **Analysis and Evaluation**

The College meets the standard. IT has control of setting up and removing access to Ellucian. Authorization is through their Datatel access authorization form. Reports are accessible to all that have need for budget reporting. The general ledger is updated daily so that information is timely. Specific revenue sources are identified with a unique 3 digit code as part of the account structure so that accurate accountability can be tracked to the source. The business office procedure manual has information on how to read the account structure. The business office staff are always available to assist new budget managers in creating and documenting their own budgets and processes for running reports, creating requisitions etc.

Fiscal services staff participate in the evaluation process through a Non-instructional program review that includes a satisfaction survey to assist with quality improvement. The cycle is every 4 to 5 years with annual updates in between so that needs can be addressed and the processes can be improved.

Staffing levels have not always been consistent but LCC has always been committed to incorporating clear delineations of fiscal responsibilities in order to maintain sound fiscal controls.

6. *Financial documents, including the budget, have a high degree of credibility and accuracy, and reflect appropriate allocation and use of financial resources to support student learning programs and services.*

### **Evidence of Meeting the Standard**

LCC has a high degree of credibility and accuracy as evidenced in Audit findings. (EV1, EV2, EV3, EV4) LCC focuses on student success through Strategic goals. (EV7) The Governing Board is updated monthly on current financials that include current budgets, adjustments, revised budgets and actual income and expenses to date. (EV5) Starting on page 23, of the business office manual, provides an example of how to read our account structure including the revenue source to assist Grant managers in tracking their budgets. (EV6)

### **Analysis and Evaluation**

The College meets the standard. LCC has had relatively clean annual independent audit reports. The findings have been because of common mistakes that have been non-financial in nature. Paying close attention to the preparation of the annual CCFS-311 has helped as well as our well

trained and capable staff. The budget prioritization process uses measures to determine priorities that focus on student success through Strategic goals. (EV7) Each grant and source of funding have a numerical code to group and track revenue and expenses accurately. Each grant has an administrative oversight to ensure that funds are spent appropriately. Institutional planning groups with representation from each of the constituent groups meet regularly to discuss goals and objectives and convey budget changes to sustain those needs. All grants are audited and reported in annual financial statement audits for compliance and have had unmodified opinions each year.

7. *Institutional responses to external audit findings are comprehensive, timely, and communicated appropriately.*

### **Evidence of Meeting the Standard**

Audit findings are communicated to the Board in a timely manner. The Audit is presented to the Board first in a Governing Board Audit committee meeting and then presented for approval to the full Governing Board. (EV1, EV2, EV3, EV4, EV5) Corrective action plans are developed as necessary to provide guidelines and improvements. (EV6) Audit findings have been relatively minor as evidenced, and have been mostly procedural practices that are important and enable us to learn and adopt improvements. (EV7, EV8, EV9, EV10)

### **Analysis and Evaluation**

The College meets the standard, but there is room for improvement. The district takes very seriously any findings and works diligently to quickly resolve any findings. The auditors look closely at our processes and assist us with ways to help us improve. We work very closely with our independent auditors to determine best methods and implement changes when needed. All audit findings have been related to procedural rather than financial issues. The auditors look closely at our processes and assist us with ways to help us improve. Turnover in personnel is always a challenge and creates more need for us to ensure that training is occurring. New requirements such as the new Federal standards created new findings in 2018-19. We found that we were meeting the standard except for some minor issues that would complete this standard.

8. *The institution's financial and internal control systems are evaluated and assessed for validity and effectiveness, and the results of this assessment are used for improvement.*

### **Evidence of Meeting the Standard**

Internal controls are evaluated during the annual audit process. Significant findings are documented within annual audits. This allows a third party assessment to ensure that internal controls are in place and that improvements can be identified and implemented. Areas of concern are included in audit findings. (EV1, EV2, EV3, EV4)

Fiscal Services is required to complete non-instructional program review (NIPR). (EV5) This document includes all fiscal staff members and allows us to give a comprehensive self-review along with results from campus surveys to assist us in improving our service to the institution in

an ethical and professional manner. Annual updates are also completed to continue that review. ([EV6](#), [EV7](#), [EV8](#))

### **Analysis and Evaluation**

The College meets the standard. The district requests RFP's from a list of CPA firms that are approved from the Chancellors Office. Contracts are awarded for 3 years with additional 2 year options. The current firm for 2018-2019 has concluded this cycle. New RFP requests have gone out with the expectation of awarding a new contract in February for the 2019-2020 fiscal year. This cycle allows for effective and valid improvement of our financial systems and controls by allowing a new third party perspective of our institution.

LCC's independent auditors test the districts controls annually and report any issues they find and report any material weaknesses found. It is a comprehensive review in three steps; a preliminary visit focused on controls, an audit of Enrollment services and Financial Aid, and a final visit to test our closing financials that include state reporting. Our last several years have shown no findings of material weakness.

Fiscal Services has completed a Non-Instructional Program Review with annual updates for the purpose of self-evaluation to determine areas of focus for improvement. The entire business office staff meet and discuss the areas we see as weakness and areas for improvement. This has been very helpful to each staff member and allows for a critical review. The completed document is written with input from each staff member.

9. *The institution has sufficient cash flow and reserves to maintain stability, support strategies for appropriate risk management, and, when necessary, implement contingency plans to meet financial emergencies and unforeseen occurrences.*

### **Evidence of Meeting the Standard**

Fund balances along with cash reserves have been maintained at levels that allow for adequate resources to maintain stability. ([EV1](#), [EV2](#), [EV3](#), [EV4](#), [EV5](#), [EV6](#), [EV7](#), [EV8](#), [EV9](#), [EV10](#), [EV11](#)) Board policy recommends a fund balance at 15%. ([EV15](#)) Risk management is evidenced through staff trainings to assist in mitigating risk. All employees are required to take certain trainings such as Mandated Reporter, Title IX, Sexual harassment, and IIPP. Other employees are required to take trainings relevant to their job position such as maintenance employees complete Ladder Safety, and Lock Out Tag Out. Various positions using carts around campus take Utility Cart Safety. ([EV17](#)) Posters and safety information is disseminated to students and staff through email and posters around campus when hazards exist such as slips and falls. ([EV18](#)) Accident Insurance for Students is provided as well as Workers Comp for all employees through Keenan. ([EV12](#)) Property and Liability insurance is also purchased through Keenan (SWACC), Board policy addresses insurances as prescribed by law. ([EV13](#), [EV14](#))

### **Analysis and Evaluation**

The College meets the standard. The state issued one time funding to assist districts in funding future CalPERS, CalSTRS liabilities. This was discussed at the October 1, 2015 Consultation

Council meeting. (EV16) These funds were held in reserve and not spent, allowing cash flows to remain at very healthy levels. This strategy has worked along with insuring that current levels of retirement liabilities were budgeted accurately and absorbed each year during the budget process. The commitment from the Board to keep a substantial fund balance above the recommended 5% allowed the district to weather the substantial cut in funding that occurred at the end of 2018-2019. The fund balance from 2014/2015 increased by \$540,847 to 36% of unrestricted fund balance. Fund balance for 2015/16 increased by \$873,453 that equaled 34% of unrestricted fund balance. Fund balance for 2016/2017 increased \$261,518 for a fund balance of 38% of unrestricted fund balance. Fund balance for 2017/2018 decreased \$2,186,712 for an unrestricted fund balance of 20% and cash reserves at \$3,653,752. 2018/2019 saw a further decline of \$2,003,752 for an ending unrestricted fund balance of 7% with current cash reserves at \$3,516,274.00. Current cash reserves are currently running at less than the last several years but well above current monthly levels of need. The Board and the district are committed to restore fund balances as well as cash reserves to higher levels before any additional spending options.

### **RISK Management:**

The district is self-funded through Keenan and Associates that includes the State Wide Association of Community Colleges (SWACC) JPA for property and liability insurance, Workers Comp, and risk management training. Employees are required to participate in regular trainings including, but not limited to, slips and falls, motorized cart training, ladder training, blood borne pathogens, hazardous materials, and sexual harassment to limit the district liabilities. The college works closely with legal counsel and human resource policy and procedures to limit employment liability risk. LCC purchases Student insurance through Keenan as well for all students. This coverage provides a level of protection beyond the student's primary medical insurance carrier. Board Policy #6540 address the legal requirement for insurance.

10. *The institution practices effective oversight of finances, including management of financial aid, grants, externally funded programs, contractual relationships, auxiliary organizations or foundations, and institutional investments and assets.*

### **Evidence of Meeting the Standard**

Comprehensive annual independent audits review each of the areas of financial aid, grants and other sources of funding. (EV1, EV2, EV3, EV4) Audits of LCC Financial Statements and Federal Awards have resulted in unmodified and no reported material weaknesses. Investments with the Lassen County Treasurer's Office has a comprehensive Investment Policy that has a conservative approach. (EV5) Board AP 6320 defines the board investment policy. (EV6)

Grant managers are responsible to the district and for compliance with applicable laws. (EV7) Grant managers prepare and submit reports to appropriate agencies. (EV8, EV9, EV10, EV17) Grant managers' report through the Chancellors office in the SSARCC module. (EV18, EV19, EV20, EV21) LCC has procedures for fiscal management. (EV11) The Governing Board reviews the 311 Q reports. (EV12, EV13, EV15) and the CFS311 (EV16, EV22)

### **Analysis and Evaluation**

The College meets the standard.

Ensuring Appropriate Use of Grant and Categorical Funds:

The Comptroller has almost 30 years' experience with Lassen College Business department. The Comptroller oversees all aspects of financial reporting by working with the account directors that oversee individual grants to ensure that reporting agrees with the general ledger. Spending from these grants must also follow governmental accounting standards. A fiscal analyst was hired in 2018 to help coordinate the Student Success and Equity grants and the Adult Education Grants between the account directors and the business office. The analyst oversees the expenditure of these categorical programs and assisted with reporting and regulations. In 2019 the position was maintained within the Fiscal Services Office. Account directors for DSPS, BFAP, EOPS, CARE, and CALWORKS, reconcile their accounts with the business office to ensure the correct and appropriate expenditures are recorded and then use the general ledger reports to prepare the SSARC reports to the State. VTEA and CTE financial reports are updated by the Comptroller and the narrative for these programs are done by the area directors.

Review during 311Q and 311 reporting assist in frequent review of financial statements as well as monthly financial reporting to the Board. The Board has been consistently updated the last 2 years but were less frequently updated prior to that. It is important to allow the Board a complete review beyond the monthly financial updates and the annual audit. All spending requests require two signatures of area deans, the Superintendent/President or the Comptroller and are required before expenditures can occur. The Director of Enrollment Services ensures that the Financial Aid awards are disbursed per Title IV and prepares the FISAP and BFAP reports. Independent audits review and report on compliance.

Oversight of Resources and Investments:

The Lassen County Treasurer holds the majority of the College's cash and invests the funds in short-term securities according to the Lassen County Investment Policy. Funds may also be retained under Local Agency Investment Fund (LAIF) which is a program that offers local agencies the opportunity to participate in a major portfolio in which hundreds of millions of combined dollars are invested, using the investment expertise of the State Treasurer's Office at no cost to the District. The district has not participated in LAIF for a few years now. This is something LCC could revisit as a way to set funds aside for PERS/STRS.

### *Liabilities*

- 11. The level of financial resources provides a reasonable expectation of both short-term and long-term financial solvency. When making short-range financial plans, the institution considers its long-range financial priorities to assure financial stability. The institution clearly identifies, plans, and allocates resources for payment of liabilities and future obligations.*

### **Evidence of Meeting the Standard**

Budgets follow a process as outlined in the Budget Planning Handbook short range as it relates to long-term financial solvency for 2019 shows the district was ready to take action by

addressing the need for staff reductions to meet the 2019-2020 expected apportionment funding. (EV1, EV8) The Comprehensive Institutional Master Plan (CIMP) is the foundation for budget planning. (EV2) In the 2019-2020 Educational Master Plan (EMP) is undergoing a major revision and is the planning document that should be the driver of all other master plans with a focus on long-range planning. (EV3) LCC needs to complete the revision process to improve our overall planning processes. Master plans also address resources that have short and long range plans such as the new classrooms that were developed for video telepresence as evidenced in the IT Master Plan. (EV4) The budget prioritization list shows the level of planning that is initiated through the master plans. (EV5) Consultation Council is used for decision making that impacts planning as demonstrated in the need to hire new faculty for future growth. (EV6) Areas for growth were identified as logical ways LCC can contribute to the focus on student success primarily through serving our two correctional institutions that are located in Lassen County.

Consultation Council was updated on a major renovation project that was needed to update the library while informing them of current cash flow. (EV7) The new Student Centered Funding Formula has been analyzed to determine potential revenues. (EV9) All payments of long term liabilities as well as contractual agreements are included in the current year budget on a pay as you go basis. (EV10)

### **Analysis and Evaluation**

The College meets the standard. As stated in our Planning and Budget Manual Appendix A: the college subscribes to the principles of sound fiscal management. Appendix C: Budget principles, priorities, and criteria have budget guidelines and priorities that we follow to mitigate risk as much as possible. Budgets are balanced using a conservative revenue expectation approach. Financial planning is an integral part of shared governance. Budget priorities and program improvements are first presented at the local level using Instructional Program Reviews or Non Instructional Program Reviews. These recommendations coalesce through committee decisions during Master Planning committee creations. The prioritization of new funding is discussed with chairs of the Master Planning committee and their recommendations are forwarded to Consultation Council for further discussion of short and long range plans and prioritization. The President has ultimate approval of what is funded. When funding requests have both short term and long term implications, these objectives are discussed and included in the prioritization for both short term funding and long term needs. An example for this was with the USDA grant because it was technology driven. The IT Master plan included these short and long term impacts. Analyzing revenue expectations changed with the 2018-2019 budget year. Understanding the direction of the Chancellors office with the new funding formula has complicated our ability and expectations. With a healthy cash reserve in the 2017-18 Fund Balance, (EV11) Consultation Council approved hiring additional faculty to be able to offer these courses with the intent of stabilizing and growing our FTE's. Trying to understand the new funding formula, these decisions should have paid for themselves because of the enhanced funding for Inmate education. In 2018-19 the funding (SCFF) formula confirmed our short term planning decisions and should have launched us into the long term planning phase. When it was realized that funding for the short term was based on 2017-2018 levels plus Cola, the district administration held numerous planning sessions to make decisions to allow us to move forward. Salaries and benefits are always the largest part of any budget, and instructional positions require

a March 15<sup>th</sup> notice leaving the administration to strategically choose positions that would not greatly impact student support or instruction for layoff. Short and long term planning are still occurring. The EMP committee has focused on a new planning document structure that will have both short and long term planning. With more focus on goals and objectives that are specific, measurable, relevant, and timely. The objective of the new EMP is to set a new standard to lead the other planning committee's and improve our planning processes. The district and the Board are committed to any additional funding being used to first rebuild fund balances.

12. *The institution plans for and allocates appropriate resources for the payment of liabilities and future obligations, including Other Post-Employment Benefits (OPEB), compensated absences, and other employee related obligations. The actuarial plan to determine Other Post-Employment Benefits (OPEB) is current and prepared as required by appropriate accounting standards.*

### **Evidence of Meeting the Standard**

Post-Employment benefits actuarial study showing the small Post Employment benefit obligation. (EV1) Unfunded liabilities in the form of vacation leave has room for improvement in the CSEA contract. (EV2) All other staff have built in caps of 30 days, thus limiting the district's liability. LCC's audited financials address Post-employment benefits other than pension benefits in Note 11 of the audited financials. This statement has remained the same throughout the years. (EV3)

### **Analysis and Evaluation**

The College meets the standard. The institution removed the post-employment benefits with any new hires after July 1, 1990. As of July 1, 2019, one employee remains and will be funded in a pay-as-you-go basis as confirmed in the Total Compensation Actuarial report. Management and Administration have hard caps on accrual of vacation leaves. This limits the district vacation liability to 30 days. Classified staff are primarily controlled through encouragement to take leave when necessary. Decisions need to occur within negotiations to further limit the district's liability especially with areas such as Child Development that are limited on their ability to take vacation. The current contract has difficult language that contradicts itself by stating that an employee cannot accrue more than 30 days' vacation by the end of the year nor are entitled to payment of anything in excess of 30 days. But states that accruals continue in a "Flex account" once earned. The district is responsible for this unfunded liability.

Reserves were used to offset Retirement cost increases. LCC has always budgeted the actual cost during the budget process as a fixed increase. LCCs current circumstance puts this at jeopardy.

13. *On an annual basis, the institution assesses and allocates resources for the repayment of any locally incurred debt instruments that can affect the financial condition of the institution.*

### **Evidence of Meeting the Standard**

The schedule of debt repayments in the 2018 audited financials note 9 show the limited amount of debt incurred. (EV1) The dormitory annually budgets the principle payment and interest on the bond note. (EV2) The final payment for the Dorm Bond will occur Spring 2020. (EV3) LCC had an agreement to repay apportionment of \$1.7 million to the Chancellor's Office repayment schedule. (EV4)

### **Analysis and Evaluation**

The college meets the standard. Fiscally the district chooses to not commit to long term debts. The only locally incurred debt instrument belongs to the Dorm Bond. The schedule of payments is reported in the annual audit under Note 8 & 9. This bond will be fully paid in Spring 2020. The Dorm fund budgets for the principle and interest debt each year. No other long term debt is planned. LCC had an agreement to repay apportionment payments that began in 2007. The final payment was made in fiscal year 2017-2018 as part of a reduced apportionment payment. No further obligations have occurred.

14. *All financial resources, including short- and long-term debt instruments (such as bonds and Certificates of Participation), auxiliary activities, fund-raising efforts, and grants, are used with integrity in a manner consistent with the intended purpose of the funding source.*

### **Evidence of Meeting the Standard**

The IDRC Grant was used to establish a nursing program shows the grant expended and the areas of achievement. (EV11) The Principles of Guided Pathways objectives Institutional leadership goals as defined through Guided Pathways was developed with a contract with Edoptics. (EV7, EV8) We were awarded an Inmate Education Pilot grant that allowed us to successfully institute face to face instruction at our local prisons. (EV12) The new Strengthening Online Career grant (CVC-OEI) that was awarded in May 2019 will offer new modalities of education to support our rural area students. (EV13) LCC is the fiscal agent for the California Adult Education Program (CAEP). A consortium was formed to allocate these resources under the Lassen Modoc Adult Education Consortium (LMAE). (EV14) All expenditures, including auxiliary activities, must follow the same business practices as outlined in purchases. (EV1) Each of the Booster's accounts are separated by sport with all revenue and expenses occurring within the College general ledgers. (EV2) All funds are part of the audit review of revenue and expenditures and Audit findings have been clear of any findings. (EV3, EV4, EV5, EV6) Evidence includes the annual Audit report which shows the Dorm Bond liability schedule, analysis and evaluation, and the final payment documentation on the Dorm Bond from the lending agency. (EV9, EV10)

### **Analysis and Evaluation**

The College meets the standard. Auxiliary activities are subject to the same review and require the same approval process for expenditures as all other district activities. Fund raising efforts are primarily conducted through athletic activities and are overseen by the Athletic Director to ensure compliance with intended purpose of funding. All revenues are turned in to the district

and deposited to appropriate Fund 83, Booster accounts. All expenditures for these funds require a purchase order and two signatures to approve those expenses. One signature is the area Dean and the other is the district CBO.

Independent auditors review and evaluate all sources of revenues for the district and report compliance within the audit financial statements. The last several audits have shown compliance with all funding. Major grants have someone at an administrative level that oversees these grants. Travel to State meetings corresponding to the individual grants are encouraged to keep current with state requirements. Through the Guided Pathways grant, LCC was able to hire Edoptics to assist in assessing where the campus was in meeting the Guided Pathways vision through surveys of various campus constituents and resources including alumni, students, faculty, and staff. They also assisted the campus with planning efforts to further the implementation of Guided Pathways on campus. Edoptics provided the campus with professional development and team building activities in alignment with the grant purpose. The Student Success and Equity administrator is a member of and meets within the Student Services Master Planning committee to ensure that resources are directed at the institutional goals to support student success and access. The Student Equity Plan addresses the targeted areas ([EV15](#)) Fiscal services offers financial oversight and support assistance with financial reporting to ensure accuracy. LCC is the fiscal agent for the LMAE program in Lassen County. The Superintendent/President leads the consortium that was formed to allow full access county wide to these funds with a consortium committee oversight that funds are spent in alignment with the adult education program guidelines.

LCC has received 2 Incarcerated Inmate Grants from the Chancellors Office. These grants have assisted LCC in managing and enhancing our Incarcerated Education program. The first grant was from June 2015 to February 28, 2017 and was fully executed and paid. The second grant is new to 2019-2020. This grant has received administrative oversight and all expenditures have been approved as consistent with the intended use. Recently, LCC received the CVC-OEI Grant and hired a grant manager to ensure all expenditures are consistent with the grant's purpose and the campus is implementing the grant proposals appropriately. All grants are also overseen by the district Comptroller. All reporting requires a signature from the Comptroller that ensures that reporting matches what is reported in our general ledgers.

The only Bond LCC currently has is the Dorm Bond. The audit financial statements and a letter from the Bond agency show that the final payment for the bond is Spring 2020.

15. *The institution monitors and manages student loan default rates, revenue streams, and assets to ensure compliance with federal requirements, including Title IV of the Higher Education Act, and comes into compliance when the federal government identifies deficiencies.*

#### **Evidence of Meeting the Standard**

LCC uses Loan Prevention and Monitoring Third Party disbursement with Bank Mobile contract. ([EV1](#), [EV2](#))

#### **Analysis and Evaluation**

The College meets the standard. The District works diligently to monitor and manage student loan default rates, revenue streams, and assets to ensure compliance with federal requirements, including Title IV of the Higher Education Act. The District's three-year default rate is within federal guidelines. Student loan default rates were 21.74% in FY14, 19.74% in FY15 and 21.67% in FY16. These default rates are the most current and what is available at this time which is in compliance with the federal requirements. However, in the event that the default rate exceeds federal guidelines, the District has entered and maintained a contract with ECMC. ECMC provides default loan prevention, monitoring and assistance to ensure that the District stays compliant with the federal requirements.

Federal student aid revenue, disbursements and student loan default rates are constantly monitored to maintain compliance with federal requirements. The Lassen Community College District's financial aid and business departments ensure appropriate processes and segregation of duties are practiced during all disbursements of Title IV aid. Student eligibility is determined by the financial aid department and is maintained by the District. All disbursements are sent through a third-party service; Bank Mobile. The District has maintained a contract with Bank Mobile to offer a wide-range of disbursement options to our students in order to meet their needs.

### *Contractual Agreements*

16. *Contractual agreements with external entities are consistent with the mission and goals of the institution, governed by institutional policies, and contain appropriate provisions to maintain the integrity of the institution and the quality of its programs, services, and operations.*

### **Evidence of Meeting the Standard**

LCC has board policies that guide the district in the area of contracts and the corresponding operating procedures that guides the bid and contract process. ([EV1](#), [EV2](#)) Board Policy addresses the delegation of authority to act on behalf of LCC. ([EV3](#), [EV4](#)) One contract for education is with the Department of Forestry to offer classes for wildland fire suppression. ([EV7](#)) LCC contracts with the Department of Education to provide Child Care for our students and the community. ([EV5](#), [EV6](#)) The Uniform Public Construction Cost Accounting and Informal Bidding Procedures was adopted May 10, 2018 to allow for flexibility in construction bidding. ([EV8](#), [EV9](#))

### **Analysis and Evaluation**

The College meets the standard. LCC has a limited number of contracts. LCC has a contract with the California Department of Forestry and Fire protection to support Fire Technology, Health Sciences, and other vocational subjects at the post-secondary level for CAL Fire. The contract is reviewed by the CTE Dean and the Associate VP of Administrative Services to ensure that the College meets the standard and ensures the district will not be placed at risk. LCC contracts with the Department of Education to provide a State Preschool and General Child Care. These contracts are in support of our student success. Contracts are reviewed by legal counsel when necessary. Contracts that require bids follow the Public Contract code Section 2651(d) for current bid minimums. The Uniform Public Construction Resolution 5.08.2018-6.01-1 &-2 was

accepted by the Board on May 10, 2018, to allow more flexibility with project bids. LCC has difficulty in finding qualified contractors willing to come to the remote area. The Associate VP of Administrative Services is the designated agent to enter into agreements for the district as outlined in BP & AP 6100.

### Conclusions on Standard III.D. Financial Resources

Financial resources at Lassen College remain at levels to support all aspects of the institution. We suffer like all districts do in funding enough to truly modernize our facility but with creative additional resources through grants, we have been able to accomplish a tremendous amount of positive institutional improvement. Title III allowed LCC to modernize its classroom spaces utilizing technology. The USDA grant allowed LCC to integrate two classrooms into interactive teaching modalities. The IDRC grant allowed the college to establish a premier nursing program and allowed the district to add new opportunities for its students with phlebotomy and office management. LCC has accomplished the modernization of our library, creating an environment that is conducive to learning. Adding air conditioning and expanding a classroom space for greater utilization. This past 5 years have seen a tremendous amount of positive growth in appreciating and supporting our student's success.

### Improvement Plan(s)

Change or Improvement	Standards	Responsible Parties	Timeline	Anticipated Outcome
Incorporate all of the New Federal requirements as described in our 2019 Audit findings	III.D.7	Financial Aid, Director of IT	2020	Having documentation to follow for Federal Guidelines
Following Board Policy by consistently taking the CFS 311 & 311Q for Board discussion and review.	III.D.10	VP of Administrative Services and Comptroller	2020	Having more transparency with the Board beyond the annual audit and monthly financial reporting
Planning improvements that have started with the EMP.	III.D.11	Consultation Council, LCC Master plans, LCC EMP Committee	2020-2021	Long and Short Term Planning improvements in a manner that is more accountable
Work through contract	III.D.12	Administration		Limit the district's

negotiations to introduce a way to limit the district financial liability for accrued vacation		Classified Negotiating Team		financial liabilities to be reasonable and equitable

**LASSEN COMMUNITY COLLEGE**  
**Standard IV**  
**Leadership and Governance**

**Self Evaluation Report of Educational Quality and Institutional Effectiveness**

## Standard IV Leadership and Governance

*The institution recognizes and utilizes the contributions of leadership throughout the organization for continuous improvement of the institution. Governance roles are designed to facilitate decisions that support student learning programs and services and improve institutional effectiveness, while acknowledging the designated responsibilities of the governing board and the chief administrator.*

### Self-Evaluation Team Members

## **Standard IV: Leadership and Governance**

*The institution recognizes and uses the contributions of leadership throughout the organization for promoting student success, sustaining academic quality, integrity, fiscal stability, and continuous improvement of the institution. Governance roles are defined in policy and are designed to facilitate decisions that support student learning programs and services and improve institutional effectiveness, while acknowledging the designated responsibilities of the governing board and the chief executive officer. Through established governance structures, processes, and practices, the governing board, administrators, faculty, staff, and students work together for the good of the institution. In multi-college districts or systems, the roles within the district/system are clearly delineated. The multi-college district or system has policies for allocation of resources to adequately support and sustain the colleges.*

### **A. Decision-Making Roles and Processes**

1. *Institutional leaders create and encourage innovation leading to institutional excellence. They support administrators, faculty, staff, and students, no matter what their official titles, in taking initiative for improving the practices, programs, and services in which they are involved. When ideas for improvement have policy or significant institution-wide implications, systematic participative processes are used to assure effective planning and implementation.*

### **Evidence of Meeting the Standard**

The Board of Trustees of Lassen Community College District (“the Board”) conducts maintenance, operation, and governance of the District in accordance with Education Code sections 70902 and 72000. Executive authority and responsibility, including the development of policy recommendations, are delegated by the Board of Trustees to the Superintendent/President through standing policy. (EV1, EV2) Staff, faculty, and students are openly encouraged by the Board to present initiatives to improve the overall processes and services offered at Lassen Community College (LCC).

LCC embraces participatory governance through the development of governance structures and processes which encourage the participation from all constituent groups, units, and individuals. (EV3) The Lassen Community College Participatory Governance and Collegial Consultation Handbook provides for our collegial consultation process. This handbook is reviewed and updated annually. (EV3) The campus community continues to work together annually to evaluate and revise processes as appropriate, as evidence by how the campus community worked together to revise and update the LCC Mission Statement, Vision, Strategic Goals, Values, and Institutional SLOs (“the Strategic Plan”), which was approved by the Board at their October 2019 board meeting. (EV4, EV6)

The Consultation Council serves as the key group implementing the governance process at Lassen Community College. (EV5) A code of ethics statement has been developed by each of the constituent groups, per standing policy. The statements are annually reviewed and reaffirmed. (EV7, EV8) Since the Fall of 2016, the Superintendent/President has provided an annual address on the State of the District. This is his update on our programs, budgets, new hires, new initiatives

on campus, accomplishments and future needs of the Lassen Community College District. ([EV9](#), [EV10](#), [EV11](#), [EV12](#))

### **Analysis and Evaluation**

Lassen Community College meet this Standard. We have inclusion from all constituent groups including students in all of our planning groups. LCC encourages broad participation and encourages open dialogue within our meetings. Most meetings have adopted the consensus method when approving items within our committees that are accepted after public comment to ensure all are informed.

- 2. The institution establishes and implements policy and procedures authorizing administrator, faculty, and staff participation in decision-making processes. The policy makes provisions for student participation and consideration of student views in those matters in which students have a direct and reasonable interest. Policy specifies the manner in which individuals bring forward ideas and work together on appropriate policy, planning, and special-purpose committees.*

### **Evidence of Meeting the Standard**

Through established governance structure, administrator, faculty, staff, and student participation in institutional decision-making processes is encouraged. Students are encouraged to participate in those issues for which there is an express student interest. The governance process role of each constituent group is clearly defined. Participatory governance groups (councils, committees, etc.) are chaired by administrators, faculty, managers, or classified employees. ([EV1](#), [EV2](#)) These groups propose recommended policies and/or actions to the Superintendent/President, and implement those recommendations as determined and approved by the Superintendent/President and the Board. ([EV3](#), [EV4](#))

Lassen Community College administrators and managers meet weekly. The Executive Cabinet, comprised primarily of administrators holds its meetings on Mondays. These meetings serve as an opportunity for executive-level discussion of administrative issues and to receive information and/or direction from the Superintendent/President ([EV5](#)). The President's Cabinet, comprised of all Executive Cabinet members and other managers from across the campus, holds its meetings on Tuesdays. These meetings serve as an opportunity for members to provide information and updates on individual operating areas across the entire organization, to discuss and coordinate issues and actions that may affect various functional areas or groups, and to receive information and/or direction from the Superintendent/President. ([EV6](#))

The Lassen College Academic Senate ("the Senate") is significantly involved in Lassen Community College District decision-making policies and procedures, as coordinated by the Senate and the Lassen College Faculty Association (LCFA), who appoint faculty members to the Consultation Council and other governance groups. ([EV1](#), [EV2](#)) The Superintendent/President meets individually, as needed, with the Academic Senate President and the leadership of the LCFA to address faculty concerns.

The two staff groups at LCC—the classified employees (CSEA) and the management group—participate in all applicable participatory governance groups and processes. The Superintendent/President meets as needed with the leadership of these groups regarding staff and management concerns. In the 2017 and 2018 academic years, the President’s Executive Cabinet and President’s Cabinet conducted summer planning retreats to discuss goals and objectives for the upcoming year. (EV7)

Policy is in place to ensure student participation in LCC governance and decision-making processes, including planning committees. (EV1, EV2) The LCC student body elects a student trustee to serve on the Lassen Community College District Board of Trustees. (EV8) The Superintendent/President has a standing meeting with the Lassen Community College Student Body President and the Student Trustee to address questions and concerns. Any employee may raise issues of concern to their administrator or manager. Administrators and managers may raise issues of concern at meetings to either of the cabinet groups. Issues may also be raised for consideration by anyone from any constituency group to any participatory governance group or at any meeting of those groups.

### **Analysis and Evaluation**

The College meets this standard. LCC has a culture of utilizing shared governance in its decision making processes. All of our handbooks have a structure that include administration, faculty, classified and students as part of the makeup of all committees. Consultation council has become our primary avenue for bringing a variety of issues forward that allow all constituent groups to both hear and speak to the issues. Analyzing our processes annually has given ample opportunity to improve upon these processes as well. Students have been encouraged and welcomed to participate, however history has shown that not many students are willing to serve. The Guided Pathways committee even offered financial incentives in order to have student participation which has worked for their committee. There is also a paid student representative (Student Trustee) on the Governing Board.

- 3. Administrators and faculty, through policy and procedures, have a substantive and clearly defined role in institutional governance and exercise a substantial voice in institutional policies, planning, and budget that relate to their areas of responsibility and expertise.*

### **Evidence of Meeting the Standard**

Per applicable law and regulation, and as defined in Board policy, opportunity is provided for input from all of our constituent groups and stakeholders through an established participatory governance structure, governance process, and participation in the various groups (councils, committees, etc.) within that defined governance structure. (EV1, EV2) The primary body for participation in governance and planning is the Consultation Council. Appointments are made from constituent groups to serve on all committee. The participation on these committees allows full involvement in the development of the six master plans and the continued development of the Strategic Plan, which moves to the Board for approval from Consultation Council.

The Academic Senate represents faculty on all issues related to academic and professional matters. The Governing Board agendas include a standing report from the Academic Senate, and the Academic Senate President is a standing member of the Consultation Council. The management employees group annually elect an officer and the group appoints representatives to serve on participatory governance and search committees. The Associated Student Body (ASB) represents all students and has an advisory voting member on the Board. The ASB appoints a student representative to a majority of College committees.

The Lassen Community College budget process is outlined in board policy and in the Planning and Budget Development Handbook. ([EV3](#), [EV4](#)) The planning and budget input flow chart starts at the Governing Board planning retreat and it ends in September with the adoption of the final budget ([EV4](#)). The Superintendent/President must approve the proposed budget prior to its presentation to the Board.

Collegial consultation and participatory governance at LCC ensures that all constituencies participate in decision-making. To provide further training on participatory governance, the Academic Senate of California Community Colleges and the Community College League of California held a workshop at Lassen Community College called “Participating Effectively in District and College Governance” in April 2018 ([EV5](#)).

The college also holds various other activities to bring innovative ideas to, such as convocation, committee meetings, and student town hall meetings. ([EV6](#), [EV7](#), [EV8](#), [EV9](#), [EV10](#), [EV11](#), [EV12](#))

### **Analysis and Evaluation**

The College meets this standard. LCC encourages full participation in the governance structure of the college. Administrators are appointed to committees from the CEO. Faculty have the opportunity to serve through appointments made from Academic Senate and or through their union representation. Involvement is necessary on all decision making bodies in order to move items forward. New staff are encouraged to become involved, the training in April ([EV5](#)) was a way to provide instruction on the role of participatory governance for all staff. We have clear procedures in place that define governance and the structures in place to work effectively.

- 4. Faculty and academic administrators, through policy and procedures, and through well-defined structures, have responsibility for recommendations about curriculum and student learning programs and services.*

### **Evidence of Meeting the Standard**

Recommendations that effect instructional programs, curriculum, or student learning services emanate from faculty, educational administrators, and the Senate, the roles of whom are clearly defined. ([EV1](#), [EV2](#), [EV3](#))

Curricula of the District is required to be of high quality, relevant to community and student needs, and evaluated regularly to ensure quality and currency. ([EV4](#)) Working in consultation with the Senate, the Superintendent/President institutes procedures for the development and

review of all curricular offerings, including their establishment, modification, or discontinuance. The Chief Instructional Officer (CIO), through delegation by the Superintendent/President, is involved in the development of the procedures to initiate and review curriculum and program development jointly with the Senate.

Recommendations regarding learning programs and services are made by faculty, working through the Senate, whose role is clearly defined. (EV2, EV3) The Curriculum Committee is a sub-committee of the Senate, and holds primary responsibility for all issues concerning the development and review of curriculum, courses, degrees, and certificates. This committee is comprised of faculty, administrators, and staff (EV2), and is guided by the LCC Curriculum and Academic Standards Handbook (EV5). All decisions of the Curriculum Committee are presented to the Senate who bring the recommendations forward to the Board for approval. The College reviews its policies and procedures on a regular basis as described in Standards 1.C.5 and IV.C.7.

The Instructional Program Review (IPR) process is monitored by the Senate and revised as necessary. The IPR process includes both a two-year cycle for Career Technical Programs and a four-year cycle for transfer and special programs (athletics, Developmental Studies, and Work experience). Specific statistical data requirements (FTES, FTEF, Enrollment, Student Outcomes, SLO's, Completions, Awards, and Equipment listed on page 5 of the IPR Handbook) and on student evaluation requirements (page 8) are listed in the IPR Handbook. (EV6) The college encourages the submission of annual updates from instructional programs to communicate any changes that can then be incorporated into the planning and budgeting process. The aforementioned statistical data is provided by the Office of Institutional Effectiveness by November of each year. Annual updates are due by the end of August and are submitted to Academic Services and Academic Senate following the same procedures as the IPR. The purpose of the Annual Updates is to recognize and document changes within a program, and identify, and more effectively incorporate, emerging program needs into budget and planning processes than the 2-year and 4-year cycles (page 11). (EV6)

Non-instructional program reviews (NIPRs) are on a four-year cycle. NIPRs are divided into the following sections: Institutional Effectiveness Planning; Student Services Planning; Human Resources Planning; Facilities Planning; and Technology Planning. The Program Review process provides a formalized means to bring forth recommendations regarding curriculum matters and student learning programs and services. (EV7)

### **Analysis and Evaluation**

Lassen Community College meets the Standard. Relevance to curriculum matters, student learning programs and services is ingrained in established Board Policies and Administrative Procedures. The Program Review process provides an established avenue for input of recommendations relating to curriculum, student learning, and student services. Instructional programs generally do not submit annual updates but have been encouraged to do so. The CIO works closely with faculty on curriculum matters and follow the recommendations from the Academic Senate.

5. *Through its system of board and institutional governance, the institution ensures the appropriate consideration of relevant perspectives; decision-making aligned with*

*expertise and responsibility; and timely action on institutional plans, policies, curricular change, and other key considerations.*

### **Evidence of Meeting the Standard**

Governance at Lassen Community College begins with Board Policy 1200 (EV1), and the corresponding annual review and update of the Strategic Plan (EV3) from with input and review from all constituent groups, prior to subsequent approval by the Board. Decision making within participatory governance structure is made within an open and collegial manner. Faculty and staff engage in decision-making processes at multiple levels from department level to college-wide. The College, through the Board and the participatory governance structure, ensures that appropriate relevant decisions are made according to expertise and responsibility, and are acted upon in a timely manner.

The participatory governance committee structure is the system of collegial consultation that forwards recommendations on all matters to the Superintendent/President and to the Board. These committees serve as recommending bodies that rely on input from their membership and constituent groups, as outlined in the Lassen Community College Participatory Governance and Collegial Consultation Handbook. All committees report to the Consultation Council, where recommendations are provided to the Superintendent/President and to the Lassen Community College District Board of Trustees. (EV2, EV4)

Decision making on curricular changes occur through The Curriculum and Academic Standards Committee. This committee is a sub-committee of the LCC Academic Senate. (EV4)

All Lassen Community College students have access to all college programs. All curriculum changes are reviewed and approved by the Board. Lassen Community College staff and students are informed of their roles, participate as defined by the policies and procedures, and collaborate in various group efforts that continues to seek institutional improvement despite differences of opinion. (EV4) In preparation for accreditation, Lassen Community College administrators, faculty, staff, and Trustees have received training on this process through the ACCJC. In the Fall of 2018, the CCLC and the Academic Senate of California Community Colleges conducted training on the role of participatory governance. (EV5, EV6, EV7, EV8, EV9)

### **Analysis and Evaluation**

Lassen Community College meets this Standard. A robust participatory governance structure exists through which perspectives of all constituent groups are considered. Decisions are made in a collegial manner resulting in recommendations forwarded to the Superintendent/President and to the Board for actual approval.

- 6. The processes for decision-making and the resulting decisions are documented and widely communicated across the institution.*

### **Evidence of Meeting the Standard**

Lassen Community College communicates the decision-making process and the results of decisions across the institution in a variety of ways. Many communications are communicated via e-mail from various sources. The Superintendent/President’s newsletter “The Week That Was” ([EV1](#), [EV2](#), [EV3](#)), Communicating Decision-making process can include outside facilitation on important topics. ([EV4](#)) Decisions that affect how we operate on communications between Students and the staff of the LCC ([EV5](#)), Announcements of the appointment of key positions. ([EV6](#)) Notifying the campus community of updated organizational charts. ([EV7](#)) Information on the Lassen Community College District website regarding our planning process and committees. ([EV8](#)) Decisions made in Consultation Council are documented in the meeting minutes, which are posted on the college district website via the BoardDocs e-governance system. ([EV9](#)) All other college committees’ minutes and agendas are also posted in BoardDocs. ([EV10](#)) Meeting agendas and minutes for the Board are also posted in BoardDocs. ([EV11](#)) As part of the BOG agenda, the Superintendent/President gives a written and verbal report, which is recorded within the agendas for Board meetings in BoardDocs. ([EV11](#)) Board Policy and AP 2365 indicates that Board Meetings will be recorded and kept for up to 30 days to allow for review and maintain transparency in the capture of meeting minutes. ([EV12](#), [EV13](#))

### **Analysis and Evaluation**

Lassen Community College meets this Standard. Decision-making processes and the resulting decisions are widely communicated across the College via a variety of methods.

- 7. Leadership roles and the institution’s governance and decision-making policies, procedures, and processes are regularly evaluated to assure their integrity and effectiveness. The institution widely communicates the results of these evaluations and uses them as the basis for improvement.*

### **Evidence of Meeting the Standard**

To assure their integrity and effectiveness, the College regularly evaluates the roles of campus governance and decision-making policies, procedures, and processes. The results of these evaluations are communicated through the Consultation Council and campus wide. ([EV1](#), [EV3](#), [EV4](#), [EV5](#)) The minutes from Consultation Council show that the results are shared with all constituent groups. ([EV6](#), [EV7](#)) Board AP 2410 describes the role that individuals and the Board play in Board Policy’s. ([EV8](#)) Review of Board policy’s that affect governance have a process for review and example is reflected in BOG minutes. ([EV9](#), [EV2](#))

### **Analysis and Evaluation**

Lassen Community College meets the Standard. Decision-making policies, processes, and procedures are evaluated on a regular basis. Some improvement suggestions are to improve the communication of those evaluations to the campus. This is reflected in the Improvement Plan(s) matrix at the end of this standard.

---

## **Conclusions on Standard IV.A. Decision Making Roles and Processes**

Overall, Lassen College meets this standard. Improvement is needed how the College communicates the results of evaluations of decision-making policies, processes, and procedures. This is reflected in the Improvement Plan(s) matrix at the end of this standard.

### Improvement Plan(s)

Change or Improvement	Standards	Responsible Party	Timeline	Anticipated Outcome
Improve the communication of decision-making policies, processes, and procedures evaluations to the campus.	IV.A.7	Researcher, CIO, CSSO	On going	Standardized and appropriate communication of these evaluations to the campus

**B. Chief Executive Officer**

1. *The institutional chief executive officer (CEO) has primary responsibility for the quality of the institution. The CEO provides effective leadership in planning, organizing, budgeting, selecting and developing personnel, and assessing institutional effectiveness.*

**Evidence of Meeting the Standard**

The Board maintains, operates, and governs Lassen Community College and delegates to the Superintendent/President the responsibility for administering policies adopted by the Board and executing all decisions of the Board requiring administrative action. ([EV1](#), [EV2](#)) The Superintendent/President serves as the Chief Executive Officer of the Lassen Community College District, holds primary responsibility for the quality of the institution, and provides effective leadership to all areas of the institution. The previous Superintendent/President was appointed by the Lassen Community College District Board of Trustees in July of 2012 and retired in December of 2019, at which time the current Acting Superintendent/President was appointed.

The Superintendent/President provides a state of the district address at the Convocation event on campus at the beginning of each fall and spring semester. ([EV3](#), [EV4](#), [EV5](#)) Since the Spring of 2018, the Superintendent/President also holds a planning retreat with the President's Cabinet to share goals and priorities for the upcoming year. ([EV6](#), [EV7](#))

The Superintendent President supports institutional planning through the Participatory Governance & Collegial Consultation Process ([EV8](#)) which includes the Charge and structure of the Educational Master Plan, the Student Services Master Plan, Institutional Effectiveness Master Plan, Institutional Technology Master Plan, Facilities Master Plan, and the Human Resources Master Plan. The Consultation Council is Lassen Community College's primary governance body for recommendations to the Superintendent/President affecting all areas of the District. ([EV9](#), [EV10](#))

The CEO supports the financial planning through the Comprehensive Institutional Master Plan Process that strives to include objectives that support the institution as exemplified in Objective 1.2 Improve institutional effectiveness through financial planning to develop fiscal resources adequate to support student learning programs and services and to assure long-term financial stability. ([EV11](#))

The process of hiring faculty, staff, managers, and administrators is outlined in the HR Hiring Manual ([EV12](#)). The Superintendent/President conducts the final interviews for faculty, management, and administrative positions.

## Analysis and Evaluation

Lassen Community College meets the Standard. Budget development consistently occurs according to a prescribed schedule. Processes for planning, organizing, selecting and developing personnel, and assessing institutional effectiveness are established and utilized. However, improvement is needed in getting IPR's and NIPR's submitted on time as many are behind schedule. This, in turn, causes delays in the completion of master plans and the subsequent Comprehensive Institutional Master Plan (CIMP). This issue is reflected in the Improvement Plan(s) matrix at the end of this standard.

- The CEO plans, oversees, and evaluates an administrative structure organized and staffed to reflect the institution's purposes, size, and complexity. The CEO delegates authority to administrators and others consistent with their responsibilities, as appropriate.*

## Evidence of Meeting the Standard

The Superintendent/President establishes organizational charts that clearly define the lines of responsibility and fix the general duties of all employees. ([EV1](#), [EV2](#)) The organizational structure is aligned with and staffed to support the mission and vision of Lassen Community College, and is similar to other institutions of similar size ([EV3](#), [EV4](#), [EV5](#), [EV6](#)).

The Superintendent/President is guided by established policy in the proper creation and staffing of administrative and management positions ([EV7](#), [EV8](#)) and in the delegation of authority. ([EV9](#), [EV10](#)) The organizational chart outlines the organizational structure and defines the administrators that are evaluated by the Superintendent/President. ([EV11](#)) All administrators are assessed through annual evaluations. ([EV12](#))

## Analysis and Evaluation

Lassen Community College meets the Standard, although the college has experienced turnover in key administrative positions in the months leading up to the writing of this report. These recent events have resulted in the appointment of an acting Superintendent/President who reorganized the administration structure with acting administrators drawn from qualified internal candidates in order to best support the continued operation of the college. This current structure is effective for an institution the size of Lassen Community College, but these positions need to be staffed with permanent administrators as soon as circumstances allow it—this is reflected in the Improvement Plan(s) matrix found at the end of this standard. The Superintendent/President delegates authority to administrators within their job description as appropriate.

- Through established policies and procedures, the CEO guides institutional improvement of the teaching and learning environment by:*
  - establishing a collegial process that sets values, goals, and priorities;*
  - ensuring the college sets institutional performance standards for student achievement;*
  - ensuring that evaluation and planning rely on high quality research and analysis of external and internal conditions;*

- *ensuring that educational planning is integrated with resource planning and allocation to support student achievement and learning;*
- *ensuring that the allocation of resources supports and improves learning and achievement; and*
- *establishing procedures to evaluate overall institutional planning and implementation efforts to achieve the mission of the institution.*

### **Evidence of Meeting the Standard**

Through established mechanisms the Superintendent/President guides the continuous improvement of the teaching and learning environments at LCC. The Superintendent/President consistently participates in Consultation Council ([EV1](#)), providing oversight in the development of the Participatory Governance and Collegial Consultation Manual ([EV2](#)) and guiding the collegial process by which values, goals, priorities, and plans are determined.

Established policies guide the practice of grading and other associated institutional procedures for measuring and recording student learning and achievement. ([EV3](#), [EV4](#), [EV5](#), [EV6](#), [EV7](#), [EV8](#), [EV9](#), [EV10](#))

The Strategic Plan is the guiding statement of the mission, vision, and goals. ([EV11](#), [EV11a](#)) The plan is reviewed each year through a collegial process that includes all constituent groups including students. The Superintendent/President is a member of consultation council and encourages input into improving this document. The Superintendent/President ensures this statement is included at the bottom of board agenda action items:

#### “For Board Discussion

How does this action achieve the College’s Mission, Vision and Values and support Student Learning?” ([EV12](#))

This statement reminds everyone of what the focus should be in the decision making process.

The LCC Participatory Governance and Collegial Consultation Handbook ([EV2](#)) embraces the values of inclusiveness, open communication, integrity, and collaborative decision from all constituent groups. The Board has ultimate authority for governance however; they delegate authority to the Superintendent/President who solicits and is involved in the governance process.

### **Institutional Performance/Research and Analysis**

LCC has established policies and procedures that ensures a quality, comprehensive, broad based, systematic, and integrated system of research based planning. ([EV13](#)) Internal conditions that affect program evaluation and planning are analyzed within the program review process ([EV14](#), [EV15](#)), and external conditions are analyzed both in-house and through coordination with outside agencies. ([EV16](#), [EV17](#))

### **Integrated Planning and Improving Learning:**

Resource allocation to support institutional improvements requires that faculty, staff, instructional equipment, facility, and budget resource needs are identified in the budget process. Master plans are developed by a committee dedicated to each individual master plan: Educational, Student Services, Institutional Effectiveness, Facilities, Technology, and Human Resources. Each of these master plans is included in the Comprehensive Institutional Master Plan (CIMP) ([EV18](#)), which is updated annually with completion occurring during the spring semester. Budget requests from all master plans are compiled into a budget prioritization list ([EV19](#)) by a group comprised of the chairs of each of the master planning committees. The Consultation Council discusses the final recommendations and forwards them to the CEO who has the final say on what is included on the tentative and the final budget.

Prior to the budget being submitted for review, the Consultation Council assesses budget priorities and constituent groups have the opportunity to provide input on the final budget recommendation. The Planning and Budget Development Handbook ([EV20](#)) assists with a better understanding of this decision-making process among constituent groups. At the committee level, the Institutional Effectiveness Committee provided recommendations to improve the effectiveness of LCC. ([EV21](#))

### **Analysis and Evaluation**

Lassen Community College meets the Standard. However, improvement is needed in meeting the prescribed schedule for submission of program reviews, which in turn has contributed to significant delays in the development of master plans. Research is continuing to evolve as areas are identified for further disaggregation of data.

- 4. The CEO has the primary leadership role for accreditation, ensuring that the institution meets or exceeds Eligibility Requirements, Accreditation Standards, and Commission policies at all times. Faculty, staff, and administrative leaders of the institution also have responsibility for assuring compliance with accreditation requirements.*

### **Evidence of Meeting the Standard**

Guided by established policy ([EV1](#)), the Superintendent/President ensures that the District complies with the accreditation process and standards of the ACCJC, and that a systematic process for meeting accreditation standards and responding to recommendations from the ACCJC is established and maintained. ([EV2](#)) Additionally, LCC accreditation matters are discussed regularly at the Superintendent/President weekly Executive Cabinet and President's Cabinet meetings. ([EV3](#), [EV4](#)) Accreditation matters are also discussed at Consultation Council meetings and are a standing agenda item. ([EV5](#))

The CSSO assumed the role of the Accreditation Liaison Officer (ALO) and the Accreditation Chair is chosen through the faculty leadership process. The ALO and the Accreditation Chair work closely with co-chairs of the accreditation standards and provide assistance as needed. The

Director of Institutional Effectiveness is playing a huge role in the completion of this accreditation ISER. Academic Senate and Consultation Council membership—which includes faculty, staff, students, managers, and administrators—are both steering committees within the accreditation process. The LCC webpage provides documents pertinent to LCC’s accreditation efforts. ([EV6](#))

The former Superintendent/President has participated in several ACCJC site visits for at least two community colleges as the team chair. In October of 2018, Dr. Steven Reynolds, Vice President of the ACCJC conducted three accreditation workshops to follow up to reinforce information given at the Fall Convocation in 2018 ([EV7](#), [EV8](#)). Accreditation Standard teams were established in the Fall of 2018, after staffing changes and reductions, the team membership was modified at the Fall 2019 Convocation. ([EV9](#)) Accreditation activities are communicated to the campus community through emails and the Superintendent/President’s newsletter “The Week That Was” ([EV10](#), [EV11](#)). College administrators are also responsible for assuring compliance with accreditation requirements. ([EV12](#))

### **Analysis and Evaluation**

Lassen Community College meets the Standard. The Superintendent/President in partnership with the ALO and the Accreditation Chair have exhibited primary leadership for accreditation at LCC. Not only are all constituent groups encouraged to participate, but all staff, management, and administration across campus are involved in accreditation from trainings at convocation, which is attended by all employees, as well as participating in committee meetings and teams. The Superintendent/President ensures that accreditation updates are occurring at multiple levels across campus including consultation council, cabinet meetings, and email.

Although the college meets the standard, for the 16 months leading up to the development of this ISER, a variety of staffing and performance issues had significant negative impact on the development of this report. The position of ALO changed numerous times, and the position of Accreditation Chair was vacated with that person having had very little input on the development of this report. Consequently, the college needs to improve in its staffing and management of key accreditation positions (ALO and Accreditation Chair) to provide an appropriate amount of stability and guidance to the entire accreditation process.

5. *The CEO assures the implementation of statutes, regulations, and Governing Board policies and assures that institutional practices are consistent with institutional mission and policies, including effective control of budget and expenditures.*

### **Evidence of Meeting the Standard**

The Superintendent/President provides leadership on updating LCC policies, working with all constituent groups to ensure implementation of board policies and administrative procedures.

Changes to board policies are evaluated by the Consultation Council and the Academic Senate, according to which chapters are under review. Communication of policy updates are provided to their campus constituents by the representatives in these two groups.

In 2019, to ensure that all policies are consistent with changes in statutes, LCC revised BP 2410 and AP 2410. ([EV1](#), [EV2](#)) This states that all policies will be reviewed on a continual basis as required by the Board Policy Sub-Committee. LCC reviews policies utilizing the Community College League of California standards. ([EV3](#)) All meetings of the LCC Board of Trustees are attended by the Superintendent/President, who also provides updates to the Board at their regular monthly meetings. ([EV4](#))

Authority is delegated by the Board to the Superintendent/President to supervise the general business procedures of the District. ([EV5](#)) By this, the Superintendent/President assures the proper administration of property and contracts, budget, audit, accounting of funds, the acquisition of supplies, equipment and property, and the protection of assets and persons. The Superintendent/President ensures that appropriate periodic reports are made to the Board and that the Board is consistently advised of the District's financial status.

In the area of fiscal responsibilities, the Chief Business Officer (CBO) is delegated authority from the Superintendent/President to supervise budget preparation and management, oversee fiscal management of the District, contract for purchase, sale, lease or license of real and personal property in accordance with Board policy and law. ([EV5](#)) This delegated authority is subject to the condition that certain of these transactions be submitted to the Superintendent/President for review and approval from time to time as determined by the Superintendent/President. The district has other policies concerning fiscal management, purchasing, audits, and the delegation of authorized signatures. ([EV6](#), [EV7](#), [EV8](#), [EV9](#), [EV10](#), [EV11](#))

### **Analysis and Evaluation**

Lassen Community College meets the Standard. However, budgetary shortfalls have prevented the college from filling some key vacant administrative positions. One of these positions is the CBO/Vice President of Admin Services, which has been filled for over nine months by the Comptroller who has almost 30 years' experience in LCC fiscal services as the acting CBO, with the position of VP of Admin Services left vacant during this time. The college is fully committed to improving its staffing in these and other key administrative positions.

6. *The CEO works and communicates effectively with the communities served by the institution.*

### **Evidence of Meeting the Standard**

The Superintendent/President works to communicate well to all of the constituents of Lassen Community College District. The Superintendent/President communicates to employees and stakeholders through the “The Week That Was” newsletter ([EV1](#), [EV2](#), [EV3](#), [EV4](#)), through various email communications, and also through the Lassen Community College Annual Report that is published annually for the Community ([EV5](#), [EV6](#)).

The Superintendent/President has served as an active member of the community, as Vice President of the Banner Lassen Medical Center Foundation Board, participating in the Rotary Club of Susanville Sunrise, as a lay minister of the Susanville United Methodist Church, as chairperson of the Staff Parish Relations Committee, and serving as the Chair of the Lassen Modoc Adult Education Consortium (LMAEC). ([EV7](#))

The Former Superintendent/President served as the Co-chair of the Rural Community College Alliance, a member of the AACC Rural College Commission, as the Convener of the President’s Round Table of NCBA, the Co-chair of the CEO Student Funding Formula Committee of the CCLC, and on the board of the California Community College Athletic Association (CCCAA) where he was the chairperson of the Appeals Board. The Superintendent/President also communicated with local elected officials and the Chancellor’s Office on a variety of college matters, as does the current Acting Superintendent/President.

### **Analysis and Evaluation**

The College meets the standard. The CEO works and communicates effectively with the communities served by the institution. Serving on Panels and commissions outside of the district ensures that LCC has a voice at the table when rural community college discussions occur. It brings a perspective to the state of how unique and important rural colleges are. Participating locally on boards and committees are important to connect the college with the community. Rural communities need the broader perspective as well, so serving locally helps to connect the state to the community as well on issues that affect everyone.

---

### **Conclusions on Standard IV.B. CEO**

An effective and current Board Policy has been important to define and measure the effectiveness of a CEO. A comprehensive governance handbook as well as a current Strategic Plan has helped to guide the LCC process. Overall, Lassen College meets standard IV B. LCC also values the standards of a CEO and will ensure the recruitment for a new Superintendent/President includes the recommendations. Areas where improvement is needed to more effectively meet this standard are detailed in the improvement plan for this standard.

### **Improvement Plan(s)**

Change or Improvement	Standards	Responsible Party	Timeline	Anticipated Outcome
Provide leadership to assure that IPR's and NIPR's are submitted on time, according to a prescribed schedule	IV.B.1	CEO	On Going	IPR's and NIPR's submitted on time, according to a prescribed schedule
Replace acting Administrative Staff Structure with permanent administrators	IV.B.2	CEO, HR	On going (as soon as funding from the state stabilizes)	Administrative positions staffed with permanent administrators
Submit program reviews and master plans on time	IV.B.3	IE	On going	All program reviews and planning meets prescribed schedule
Improve stability in the staffing of the ALO and Accreditation Chair positions	IV.B.4	CEO	On going	Positions staffed long term by qualified individuals who are managed closely by the CEO
Maintain staffing in key administrative positions	IV.B.5	CEO	On going	Long term stability in the staffing of key administrative positions.

## C. Governing Board

1. *The institution has a governing board that has authority over and responsibility for policies to assure the academic quality, integrity, and effectiveness of the student learning programs and services and the financial stability of the institution. (ER 7)*

### Evidence of Meeting the Standard

LCC has Board policy 2010 ([EV1](#)) that follows Education Code Sections 72023, 72103, and 72104, the Board shall consist of seven members elected by qualified voters. Board policy 2100 defines the term of office and boundaries of trustees ([EV2](#)). LCC values input from students so BP 2105 defines student trustee appointments to the Board. ([EV3](#)) Board policy 2000 outlines the legal basis trustee's derive their authority from and that they are subject to the provisions of the Constitution of California, Ed Code, and the rules and regulations of the Board of Governors ([EV4](#)). Board policy 2200 outlines the duties of the Board that include academic quality, fiscal health and stability, and program and curricular offerings ([EV5](#)). Board policy 1200 provides for outstanding programs for pursuing higher education ([EV6](#)). Policies are reviewed and approved periodically, the last review process was May, 2019 ([EV7](#)). All Board policies go through a

periodic review which include policies that oversee the effectiveness of student learning programs (EV8). LCC website includes a Governing Board overview that lists the makeup of the Board as well as dates and time for meetings. The website includes a link to BoardDocs for agenda and meeting information (EV9). Board Policy 6200 refers to process of budget preparation and that it conforms to state law and regulations. (EV10) AP 6200 shows the delegation of authority for preparation and maintenance of the budget (EV11). Board Policy 6300 outlines that the Board as required by law shall be presented a quarterly report showing the financial and budgetary conditions of the district (EV12). AP 6300 provides that “appropriate administrators keep the board current of fiscal conditions of the district as an integral part of policy and decision-making” (EV13).

### **Analysis and Evaluation**

Lassen Community College meets the Standard. The LCCD Board of Trustees exercises their authority over all aspects of the college as established in policy. The Board fulfills the responsibilities specified by law.

2. *The governing board acts as a collective entity. Once the board reaches a decision, all board members act in support of the decision.*

### **Evidence of Meeting the Standard**

Board members freely discuss agenda items from their own perspective, from the students’ perspective, and from the perspective of their constituents, in an open and honest dialogue that reflects an environment of care and respect for all stakeholders and that maintains focus on our students. Established policy (EV1) requires Board members “to abide by and uphold the final majority decision of the Board”, a requirement that is honored by all members who do act in unison on decided matters. Board members reaffirm a code of ethics statement that includes on #9 “to work with fellow board members in a spirit harmony and cooperation in spite of differences of opinion that may arise during debates of points at issue” (EV2).

### **Analysis and Evaluation**

Lassen Community College meets the Standard. The Board has adopted policy that requires them to maintain high ethical standards, conduct and act in the best interest of the entire community. The policy also requires that the Board adhere to all required laws and regulations. History of Board minutes reflect the ethical conduct of the Board

3. *The governing board adheres to a clearly defined policy for selecting and evaluating the CEO of the college and/or the district/system.*

### **Evidence of Meeting the Standard**

The Lassen Community College District Board of Trustees follows the Education Code and board policies in the selection and evaluation of the Superintendent/President. Defined policy

and procedure are established ([EV1](#), [EV2](#)) to guide the selection of the Superintendent/President. A copy of the presidential search brochure is also included ([EV11](#)).

Established policy requires that the Superintendent/President is expected to perform the duties contained in the Superintendent/President job description and fulfill other responsibilities determined in annual goal setting or evaluation sessions as stated in BP 2430 and AP 2430 ([EV3](#), [EV4](#)). The Board has defined the job description for the CEO outlined in BP2433 ([EV7](#)). BP2435 states an evaluation is conducted annually ([EV5](#), [EV6](#)). The board holds multiple evaluative meetings with the Superintendent/President in order to evaluate his/her performance. The Superintendent/President performance evaluation is conducted annually ([EV3](#)) and was last completed on November 13, 2018. ([EV8](#)) Prior evaluations of the Superintendent/President were completed at the end of each calendar year during this assessment period ([EV9](#), [EV10](#)).

### **Analysis and Evaluation**

Lassen Community College meets the Standard. The Board follows policies and procedures regarding the selection and the evaluation of the Superintendent/President. The previous selection of the Superintendent/President followed this exact process.

- 4. The governing board is an independent, policy-making body that reflects the public interest in the institution's educational quality. It advocates for and defends the institution and protects it from undue influence or political pressure. (ER 7)*

### **Evidence of Meeting the Standard**

Governing Board members are elected representatives of the Lassen Community College District service area, and reflect public interest in LCC by representing different constituency groups within the designated trustee areas, providing representation that reflects the population, demographics, and diversity of the district. ([EV1](#)). Established policy requires that the board govern on behalf of the citizens of the District and advocate for the Institution ([EV2](#)) and prohibits conflicts of interest relating to financial matters and interests, acceptance of gifts, and employment matters outside of Trustee duties ([EV3](#)).

### **Analysis and Evaluation**

Lassen Community College meets the Standard. The Governing Board is an independent policy-making body that reflects the public interest in the institution's educational quality.

- 5. The governing board establishes policies consistent with the college/district/system mission to ensure the quality, integrity, and improvement of student learning programs and services and the resources necessary to support them. The governing board has ultimate responsibility for educational quality, legal matters, and financial integrity and stability.*

### **Evidence of Meeting the Standard**

Board policies and other formal agreements describe the expectations of the Lassen Community College District Board of Trustees for quality, integrity, and improvement of student learning programs, as well as the services and resources needed to support them. The Lassen Community College District Board of Trustees have a variety of policies that clearly define the expectations for quality, integrity, and improvement of student learning programs and services.

Board Policy 2200 outlines the duties of the Board of trustees ([EV1](#)) that define the institutional mission and sets prudent ethical and legal standards for the district. Board Policy 1200 contains the mission statement of the District ([EV2](#)). The Strategic Plan clearly defines the mission, vision, strategic goals, the college values, and the institutional student learning outcomes that emphasize student success ([EV3](#)). Board Policy 4020 ensures that the colleges programs and curricula shall be of high quality, relevant to the community and the needs of the student, and evaluated regularly to ensure quality and currency ([EV4](#)).

Resources necessary for the delivery of quality student learning programs and services are provided by the Board of trustees via a variety of established policies. This is exemplified in the policies relating to budgetary matters, in the established process for budget development, on through to Board approval of final budgets.

### **Analysis and Evaluation**

The College meets the Standard. The Governing Board fully supports the educational mission of the college. The Strategic Plan is thoughtfully reviewed each year to ensure the institution remains focused on improvement of student learning and that strategic goals remain aligned with the mission.

6. *The institution or the governing board publishes the board bylaws and policies specifying the board's size, duties, responsibilities, structure, and operating procedures.*

### **Evidence of Meeting the Standard**

LCC makes available policies and procedures for public review through BoardDocs eGovernance website. Applicable to this standard are those policies and procedures which specify the size, duties, responsibilities, structure, and operating procedures of the Governing Board ([EV1](#), [EV2](#), [EV3](#), [EV4](#)).

The term of office of each trustee shall be four years, commencing in December at the first regular meeting following the election. Elections shall be held every two years, in even numbered years. Terms of trustees are staggered so that, as nearly as practical, one half of the trustees shall be elected at each trustee election ([EV5](#)). Vacancies on the Board as well as the election and duties of officers are also outlined in board policy ([EV6](#), [EV4](#)).

The date, the time, and location of board meetings, manner in which closed session meetings are conducted, and policies governing special or emergency board meetings are all prescribed in established policy ([EV8](#), [EV9](#), [EV10](#)).

Established policy prescribes procedures for the public availability of minutes and audio recordings from board meetings ([EV11](#), [EV12](#)), and for individuals who wish to address the board on agenda items or other matters of interest to the public ([EV13](#), [EV14](#)).

### **Analysis and Evaluation**

Lassen Community College meets the Standard. The board's size, duties, responsibilities, structure, and operating procedures are consistent with established policies, as are the public availability of meeting minutes and audio recordings.

- 7. The governing board acts in a manner consistent with its policies and bylaws. The board regularly assesses its policies and bylaws for their effectiveness in fulfilling the college/district/system mission and revises them as necessary.*

### **Evidence of Meeting the Standard**

The board has a policy that states it will adopt, revise or amend board policies at any regular board meeting by a majority vote ([EV1](#)). A board policy committee is established each year during the organization meeting of the board in December ([EV2](#)). The membership of this committee is appointed at that time to serve during the year as needed ([EV3](#)).

The committee meets when board policies have first gone through review from departments, consultation council or Academic Senate. The board takes action after the second reading of board policies ([EV4](#)).

### **Analysis and Evaluation**

Lassen Community College meets the Standard. The Board agenda and minutes demonstrate that the Board acts in a manner consistent with its policies. The Board reviews policies when presented through committee. Policies that require review because of revisions to laws and/or regulations, or due to the beginning or end of programs are prioritized in the policy review process.

- 8. To ensure the institution is accomplishing its goals for student success, the governing board regularly reviews key indicators of student learning and achievement and institutional plans for improving academic quality.*

### **Evidence of Meeting the Standard**

Annual updates in student performance data are presented to the board during Spring semester. ([EV1](#), [EV2](#), [EV3](#), [EV4](#)) The student equity and achievement plan was presented to the Board as well ([EV5](#)).

### **Analysis and Evaluation**

Lassen Community College meet this Standard. The Board of Trustees sets clear expectations for the improvement of student learning and achievement. The Board is given a presentation of key indicators through the presentations of the Scorecard, Student Success Matrix and through the reporting of the student equity and achievement plan.

- 9. The governing board has an ongoing training program for board development, including new member orientation. It has a mechanism for providing for continuity of board membership and staggered terms of office.*

#### **Evidence of Meeting the Standard**

The president meets with new Board members and provides orientation and review of Board policies outlining their duties and responsibilities ([EV1](#)). BP 2200 is printed and given to the new member ([EV2](#)). Brown Act training was provided most recently at the July 2019 workshop training conducted by our legal firm ([EV3](#)). Board members go to Effective Trustees Workshop put on by the Community College League of California (CCLC) ([EV4](#), [EV4a](#)). Ongoing training as needed is provided by the CEO. Staggered terms of office BP 2100 outlines that Board members will hold staggered terms of office ([EV5](#)). BP 2010 defines the makeup of the Board membership ([EV6](#)). Election of Board officers and their duties are defined in BP 2210 ([EV7](#)).

#### **Analysis and Evaluation**

Lassen Community College meets this standard. The Board of Trustees have an ongoing training program and membership continuity. Board members engage in ongoing development, participate in trainings, and utilize resources such as the CCLC Trustee Handbook.

- 10. Board policies and/or bylaws clearly establish a process for board evaluation. The evaluation assesses the board's effectiveness in promoting and sustaining academic quality and institutional effectiveness. The governing board regularly evaluates its practices and performance, including full participation in board training, and makes public the results. The results are used to improve board performance, academic quality, and institutional effectiveness.*

#### **Evidence of Meeting the Standard**

LCC trustees begin their evaluation process in January during the Board workshop and evaluation tool is handed out to Board members to complete. ([EV1](#), [EV2](#)) The evaluation tool is included in BP 2745 and has been updated three times since its creation in 2010. Academic quality and institutional effectiveness are address in numbers 12, 17, and 18 of the Board evaluation tool. ([EV1](#)) One or two Board members try to attend the January Effective Trustees Workshop each year. ([EV3](#)) Board minutes reflect the attendance of this workshop. ([EV4](#))

#### **Analysis and Evaluation**

Lassen Community College meets the Standard. The Board completes a self-evaluation process in January of each year. However, evidence shows that it is not regularly reported out at subsequent Board meetings every year. ([EV5](#), [EV6](#), [EV7](#)) Trustees do attend trainings but Board minutes do not reflect the details of the trainings.

- 11. The governing board upholds a code of ethics and conflict of interest policy, and individual board members adhere to the code. The board has a clearly defined policy for dealing with behavior that violates its code and implements it when necessary. A*

*majority of the board members have no employment, family, ownership, or other personal financial interest in the institution. Board member interests are disclosed and do not interfere with the impartiality of governing body members or outweigh the greater duty to secure and ensure the academic and fiscal integrity of the institution. (ER 7)*

### **Evidence of Meeting the Standard**

The Board utilizes procedural controls to ensure adherence to expected and codified ethics standards. These controls come in the form of disclosures and published ethics standards. In the instance of disclosure, BP 2710 directs that all pertinent financial interests are appropriately disclosed via the Form 700. (EV1) As a result, Governing Board members are held to account in a publicly available record.

With regard to published ethics standards, Governing Board members are required to review and sign the Governing Board ratified code of ethics (EV2, EV3), which ensures awareness of acceptable ethical behavior as a governing board member. This is buttressed by the Governing Board's political activity statement (EV4), which guides certain aspects of ethical behavior. Together, these efforts make clear to governing board members specific behaviors to be avoided.

Finally, within the office of the Superintendent/President, ethics and ethical behavior are regular topics of discussion.

### **Analysis and Evaluation**

Lassen Community College meets this standard as stated in the evidence.

12. *The governing board delegates full responsibility and authority to the CEO to implement and administer board policies without board interference and holds the CEO accountable for the operation of the district/system or college, respectively.*

### **Evidence of Meeting the Standard**

At Lassen Community College, authority delegated to the President includes execution of board policy, administrative actions, and all other duties as directed by the board. (EV1) Additionally, specific duties delegated to the president are spelled out in the Letter of Conveyance. (EV2)

### **Analysis and Evaluation**

Lassen Community College meets this Standard.

13. *The governing board is informed about the Eligibility Requirements, the Accreditation Standards, Commission policies, accreditation processes, and the college's accredited status, and supports through policy the college's efforts to improve and excel. The board participates in evaluation of governing board roles and functions in the accreditation process.*

”””””

### Evidence of Meeting the Standard

The board's self-evaluation references the matter of participation in the accreditation process. (EV1) As a result, board members are acutely aware of the importance and place of accreditation in their duties. The Governing Board is party to regular updates, both at board meetings and via electronic communication, from the president, as to the status of the accreditation efforts. Additionally, in February 14, 2017 the board gave approval to the mid-term report submitted to ACCJC. (EV2)

### Analysis and Evaluation

Lassen Community College meets this Standard.

---

### Conclusions on Standard IV.C. Governing Board

The Governing Board policies are effective and kept current through consistent, systematic review. Under the leadership of the current administration, there has been a dedicated effort to both explain to the Board their role and necessary decisions, as well as the most effective relationship between both parties. Going forward, regular training and guidance will continue to shepherd the board's decisions and oversight.

### Improvement Plan(s)

Change or Improvement	Standards	Responsible Party	Timeline	Anticipated Outcome
Interaction between the CEO and the Board of Trustees to ensure board evaluations and trainings are reported out.	IV.C.10	CEO	On going	Improvement and transparency of the board in reporting of annual board evaluations and trainings.

#### **D. Multi-College Districts or Systems**

- 1. In multi-college districts or systems, the district/system CEO provides leadership in setting and communicating expectations of educational excellence and integrity throughout the district/system and assures support for the effective operation of the colleges. Working with the colleges, the district/system CEO establishes clearly defined roles, authority and responsibility between the colleges and the district/system.*

### **Evidence of Meeting the Standard**

LCC is not a multi-college district. Standard D does not apply.

### **Analysis and Evaluation**

- 2. The district/system CEO clearly delineates, documents, and communicates the operational responsibilities and functions of the district/system from those of the colleges and consistently adheres to this delineation in practice. The district/system CEO ensures that the colleges receive effective and adequate district/system provided services to support the colleges in achieving their missions. Where a district/system has responsibility for resources, allocation of resources, and planning, it is evaluated against the Standards, and its performance is reflected in the accredited status of the institution.*

### **Evidence of Meeting the Standard**

### **Analysis and Evaluation**

- 3. The district/system has a policy for allocation and reallocation of resources that are adequate to support the effective operations and sustainability of the colleges and district/system. The district/system CEO ensures effective control of expenditures.*

### **Evidence of Meeting the Standard**

### **Analysis and Evaluation**

- 4. The CEO of the district or system delegates full responsibility and authority to the CEOs of the colleges to implement and administer delegated district/system policies without interference and holds college CEO's accountable for the operation of the colleges.*

### **Evidence of Meeting the Standard**

### **Analysis and Evaluation**

- 5. District/system planning and evaluation are integrated with college planning and evaluation to improve student learning and achievement and institutional effectiveness.*

### **Evidence of Meeting the Standard**

### **Analysis and Evaluation**

- 6. Communication between colleges and districts/systems ensures effective operations of the colleges and should be timely, accurate, and complete in order for the colleges to make decisions effectively.*

**Evidence of Meeting the Standard**

**Analysis and Evaluation**

- 7. The district/system CEO regularly evaluates district/system and college role delineations, governance and decision-making processes to assure their integrity and effectiveness in assisting the colleges in meeting educational goals for student achievement and learning. The district/system widely communicates the results of these evaluations and uses them as the basis for improvement.*

**Evidence of Meeting the Standard**

**Analysis and Evaluation**

---

**Conclusions on Standard IV.D. Multi-College Districts or Systems**

**Improvement Plan(s)**

**Evidence List**

## **H. Quality Focus Essay**

### **Project 1: Disaggregating and Assessing Student Learning Outcomes**

**Introduction of Project:** The institution will expand its collection and reporting of student learning outcomes to include disaggregating and analyzing learning outcomes and achievements for subpopulations of students.

Current practice collects data by course number only and combines the information from multiple sections of that course number to provide a data set. As a result, much of the data is unspecific and does not identify trends of achievement gaps.

Additionally, approximately 25-33% of all SLOs are not reported based on the data obtained for the last two academic years.

Finally, SLO data is currently not utilized beyond the IPR process. We do not have a mechanism to reevaluate SLOs identified as not meeting the identified achievement target which also means there is no way to close the loop on the stated proposed action.

### **Anticipated Impact on Student Learning and Achievement**

Identifying the achievement gaps through disaggregated data will better inform of areas for improvement. Additionally, increasing the number of SLOs submitted each semester will offer more robust information. And finally, evaluating the proposed action for SLOs not met will enable faculty to make the determination of its effectiveness and implement adjustments as needed.

### **Outcome Measures**

Lassen Community College will work to change the method of reporting to include student ID and section number to improve effectiveness and impact of data. The College will increase effectiveness by reducing the number of SLOs not reported, thereby providing a greater amount of information on student success. Finally, the anticipated outcome from reviewing proposed actions on unmet SLOs allows for the evaluation of program learning outcomes as they relate to student success.

### **Action Plans**

Action Plan Step 1:

Implement updated procedure to SLO data collection to include section number and student ID. Additionally, providing access to faculty and administration to collected data to enable program improvement outside of the program review process. Utilizing disaggregated data will allow for improvement plans within a program to improve student learning and completion.

### Action Plan Step 2:

Increase the faculty submission rates by making sure faculty report SLOs in a timely manner so data can be made available for ongoing improvements and resource allocation. Implementing consistent faculty training and orientation to the process of SLO submission will improve available data.

### Action Plan Step 3:

Creating a mechanism to reevaluate proposed actions when SLO targets are not met. Closing the loop on an identified deficiency and proposed solution will offer useful data to the faculty and their program. Possible consideration of adjustments to pedagogy can impact successful completions for student subpopulations.

Activity	Responsible Party	Resources	Timeline
Collect section # & Student ID	DIE/CIO	MIS Data, Infomagnus	Spring 2020-Spring 2021
Improve submission rates	DIE/CIO	MIS Data	Spring 2020-Spring 2021
Reevaluate proposed actions	DIE/CIO/Curriculum Committee/Academic Senate	MIS Data	Spring 2020-Spring 2021

## **Project 2: Guided Pathways/Meta-majors/Program Discontinuance**

### **Introduction of Project and Anticipated Impact:**

During the course of developing the self-evaluation report, it became apparent that significant improvement is needed in the area of developing meta-majors in the implementation our Guided Pathways framework. While much work has been done in the implementation of other Guided Pathways initiatives, significant work is still needed in the area of meta-majors or career-pathways that help students get on the path and stay on the path to completion of a certificate or degree program. Up to this point in time, the Guided Pathways Taskforce has researched meta-majors from other colleges, has distributed information and a survey about meta-majors, but has not selected or implemented any meta-majors for LCC. Meta-majors need to be fully developed and tied to current instructional program and course offerings. For the size of our college, it has become apparent that LCC currently has too many degree options and academic program offerings that cannot be sustained with regular class offerings that are required for students to complete degrees in a timely manner. Essentially, our instructional carrying capacity is exceeded by the number of ADT's offered (17) and we are not able to offer the classes often enough for students to be able to complete these degrees. This results in low fill rates (average of

51.4% in 2018-19) and a 6-year graduation rate that needs improvement (20%), By paring down our program and degree options and implementing meta-majors, students will have better guidance and more flexibility to complete certificates or degrees within their selected meta-major. We will also have a higher fill rate for our courses and a higher certificate and degree completion rate.

### Measurable Outcomes

1. **Completion of a program discontinuation policy that is approved by the Academic Senate and Governing Board**
2. **Develop meta-majors and plan for implementation**
3. **All degree and certificate programs to be categorized within one of the college’s established meta-majors**
4. **Right-sizing the number of ADT’s offered to match the instructional capacity of the institution**
5. **Implement meta-majors into student educational planning tools**
6. **Meta-majors publicized in college catalog, on college website, and college publications**
7. **Increased course fill-rates and increased number of certificates and degrees completed**

### Project Description/Action Plan

The following table represents the activities, responsible parties, resources, and timelines for the implementation of this project’s action plan. The plan is realistic and workable within a reasonable time frame and will culminate in the outcomes previously outlined. These measurable outcomes include increased course fill rates and increased student graduation rates, as well as the completion of an essential Guided Pathways initiative known as “meta-majors”.

<b>Activities</b>	<b>Responsible Party</b>	<b>Resources Needed</b>	<b>Timeline</b>
Discontinuation/Revitalization policy created through shared governance process	Academic Senate President, CIO, Consultation Council Chairs	Committee time; CIO input	Fall 2020
Discontinuation/Revitalization policy approved by Governing Board in BP/AP	Consultation Council Chairs, CIO, Board Policy Committee	TBD	End of Fall 2020
Increase participation in the Meta-majors survey	Guided Pathways Workgroup	Online survey; Students recruited;	Spring 2020
Compile results of meta-major survey and distribute in committee meetings	Guided Pathways Workgroup, CIO, Consultation Council Chairs	TBD	End of Spring 2020

Meta-majors established as policy in Curriculum committee, Senate, and Consultation Council and proposed for catalog	CIO, Curriculum chairs, Senate President, Consultation Council Chairs, Instructional Support Tech	Committee agendas and minutes; Time for Instructional Support Tech to edit catalog	End of Spring 2020
Discontinue selected ADT's and programs	Discontinuation/Revitalization Committee, CIO, Senate President, Governing Board	Governance process; Instructional Support; Senate minutes, Governing Board minutes	Spring 2021
Meta-majors published on website and counseling publications	IT Director and Tech, President's Executive Assistant, Outreach Coordinator, Lead Counselor	Guided Pathways funding; Tech support; Marketing materials	Fall 2020
Career & Transfer Center and Counselors offer assistance in helping students select meta-majors/career pathways and create updated educational plans	Student Success Coordinator, CSSO, Counseling Staff, IT Staff	Career assessments on paper and online; staff to interpret results; Degree-planner software	Spring 2021

Academic Senate Meeting Wednesday, February 8, 2023 @ 3:00pm  
Room HU-107 and Zoom

1. Call to Order at 3:00pm

1.01 Roll Call

Senators Present: Downing, Duerksen, Lin, Rotlisberger, Runyan  
Guests: Colleen Baker, Lisa Gardiner, Tom Robb, Michell Williams

1.02 Approval of Agenda  
(Duerksen/Lin MSCU )

1.03 Approval of the Minutes for the January 25, 2023 meeting  
(Downing/Rotlisberger MSCU)

2. Public Comment  
None

3. Action

3.01 Committee Assignments

Laura Rotlisberger needs new committee assignment due to a change in teaching schedule. Kira Esparza, new Nursing Instructor, also needs a committee assignment. After discussion, it was moved to place Rotlisberger on the IT committee, and Esparza on Student Service Planning  
(Downing/Duerksen MSCU)

3.02 SLO Improvement Plan

Tom Robb provided spreadsheet of those instructors who had SLO improvement plans that needed to be followed up on. Discussion ensued on how to handle closing the loop. Downing asked what is Senate's role in this matter? Baker stated it was not the SLO Coordinators role, that it belonged with Senate. Gardiner informed the Senate that she believed the intention would be for Senators to provide peer support to those instructors who have improvement plans in a course and to see if they need any assistance. After discussion, Senators decided to divide the faculty contact list as follows:

Lin: Baiocchi, Kissane, Greer, Mauck  
Rotlisberger: Vincent, Duerksen  
Runyan: Ng, Murphy, Schofield,  
Duerksen: Avilla, Bollinger  
Downing: Konkel

Senators will contact their respective faculty members, to remind them of the improvement plans, and report back to Senate their progress at the March 8, 2023 meeting. Motion to approve list –  
(Duerksen/Lin MSCU)

3.03 IPR Mentors

IPR Mentors assigned as follows:

Fine Arts (Studio Art) – Wiser  
Humanities (including English) – Runyan  
Administration of Justice – Lin  
Automotive Technology – Lin  
Agriculture – Downing  
Business – Duerksen  
Child Development – Rotlisberger  
Information Systems – Runyan

Motion to assign Senator mentor according to this list. (Downing/Duerksen MSCU)

### 3.04 Faculty Handbook

President Runyan advised that the Faculty Handbook needed updating as well as a way to onboard new faculty better. It was suggested a workgroup be formed to update the handbook. After discussion, Senate nominated Runyan, Lin, and Tom Robb to be on this workgroup.

Motion to approve (Downing/Rotlisberger MSCU)

## 4. Discussion

### 4.01 GESLO's/ISLO's

President Runyan reported that Curriculum Co-Chair Chad Lewis informed him that the Curriculum Committee discussed a recommendation made by the Accreditation Tri-Chairs to potentially revise and combine the GESLO's and ISLO's. The Curriculum Committee believed this would be a valuable exercise to see if we can streamline the SLO's. Lisa Gardiner provided a chart that showed the GESLO's and ISLO's and how they overlap and/or may be updated. After discussion, it was agreed that the Accreditation team should investigate further and provide a recommendation to Senate, through the Curriculum Committee, on how they should be changed.

## 5. Information

### 5.01 Budget Committee Update

Runyan reported that the committee has approved the budget request rubric. More information will be coming to Consultation Council.

## 6. Reports

### 6.01 Administration

None

### 6.02 Senators

Lin inquired if the ZTC/OER Taskforce had been established, informing the Senate that the phase #3 funds were on the way to LCC.

Downing reported that a selection committee for the ZTC/OER Taskforce had met this morning and their selections should be reported out by HR soon.

Runyan reported that he has not received the Gunsmithing IPR. He has reached out to the Gunsmithing faculty on multiple occasions, providing them assistance, as warranted, and requesting they complete the IPR and submit to Senate. The lack of an approved IPR for Gunsmithing potentially could affect our accreditation. Runyan will need to report this situation to the Governing Board next week.

### 6.03 LCFA

None

### 6.04 Guided Pathways

None

## 7. Closed Session

None

## 8. Future Meeting Dates

February 22

March 8

March 22

April 12

April 26

May 10

May 24

9. Adjournment

Motion to adjourn @ 3:52pm– (Lin/Rotlisberger MSCU)

## Academic Senate Meeting Tuesday, September 12, 2023 @ 3:00pm

### 1. Meeting Opening

#### 1.01 Call to Order and Roll Call

Senators Present: Duerksen, Downing, Rotlisberger, Runyan, Wisner  
Zoom: Jennifer Lawler

#### Guests:

In person: Lisa Gardiner, Colleen Baker  
Zoom: Alison Somerville

#### 1.02 Approval of Agenda (Duerksen/ Downing MSCU)

#### 1.03 Approval of the Minutes for the August 23, 2023, meeting (Duerksen /Lawler)

Aye: Duerksen, Lawler, Runyan, Rotlisberger, Wisner  
Abstain: Downing

### 2. Public Comment

N/A

### 3. Action

#### 3.01 Summer 2023 SLO Improvement Plan

Runyan has worked with Tom Robb to ensure that Robb, the SLO coordinator, is in contact with instructors who had SLO's that were not met. Gardiner mentioned that Robb is doing a great job on "closing the loop" with instructors to ensure SLO's can be met in the future.  
(Downing/ Rotlisberger MSCU)

#### 3.02 2023-2024 Curriculum and Academics Standard Charges

The DEIA statement has been updated on the Curriculum Committee Charge. Motion to approve with updated DEIA statement.  
(Wiser / Rotlisberger MSCU)

### 4. Discussion

#### 4.01 MQ Equivalency Process for Ethnic Studies

Baker, Gardiner, and Somerville have been working to get more Area F courses and instructors approved at Lassen Community College. Ethnic studies under Area F is being required by the state in the near future for all degrees including terminal degrees. Currently LCC only has one approved ethnic study course (ES 1). The MQ process to get faculty who are able to teach the one approved course ES-1 currently has the option for either a masters in ethnic studies, sociology, and/or anthropology disciplines. Once it goes back through curriculum, sociology and anthropology disciplines will have to be removed. Therefore we currently do not have anyone qualified to teach the new ethnic course. See document titled "Ethnic Studies MQ Equivalency Process" to review the Criteria A and Criteria B to assist in the equivalency process. Discussion was had that the Senate at LCC can choose which masters' fall in Criteria A, in addition they have to meet one portion under Criteria B. A work group regarding the MQ Equivalency Process regarding Ethnic Studies will have the ability to find clarity on Criteria B. Senator Duerksen volunteered to work with Gardiner, Baker, and Somerville to help review the MQ process and help our college to stay ahead of the new changes and requirements in Ethnic Studies. Goal is to have an action item at the October 24, 2023 Senate Meeting.

#### 4.02 AP 4105

Review of AP 4105 verbiage “Instructor Contact and regular effective contact” were reviewed regarding distance education instruction standards. Next senate meeting a new action item with the new verbiage “Regular and substantive interaction” will be voted on. This new statement includes a definition of what substantive interaction means and will help with the quality of online instruction.

#### 4.03 IPR Handbook updates

Gardiner discussed that the ISLO’s were in the old IPR handbook, but it was not mentioned in the new updated IPR Handbook. Though it does not need to be in the IPR, senate needs to discuss where the ISLO’s data is represented in the process. Downing suggests that the ISLO’s may be lost in the IPR but could be inserted into the Factbook. Runyan also discussed it would be helpful for IPR authors to meet 1:1 with the IE Researcher to help understand the data and fact check the data as well. Appendix B and C will need to be updated and bring back to senate for the IPR handbook 2023/2024.

### 5. Information

#### 5.01 2023 Chapter 5 Student Services

ISER Schedule states that senate will review Chapter 5 Student Services. There are 40 AP’s in chapter 5 that need to be reviewed. Senate will take steps to reviewing these 40 AP’s through December 2023.

#### 5.02 Fall ASCCC Plenary

Thu, Nov 16, 2023, 8am - Sat, Nov 18, 2023, 5pm. In Person and Online, let Runyan know if you are interested in attending.

### 6. Reports

#### 6.01 Administration

N/A

#### 6.02 Senators

Wiser will be on Maternity leave beginning the third week in October.

#### 6.03 LCFA

Downing reported: ZTC task force application still open. Union and district have a few MOU’s that are in discussion. The union have not asked about the stipend with the reopener, but discussion is going to be had regarding stipend for academic senate secretary.

#### 6.04 Guided Pathways

N/A

### 7. Closed Session

N/A

### 8. Future Meeting Dates

#### 8.01 Meeting Dates and Location

HU 206 and via Zoom

- September 26

- October 10
- October 24
- November 14
- November 28
- December 12

**Members in person, open to public via zoom or in person.**

9. Meeting Closing

9.01 Adjournment

Motion to adjourn meeting at 3:47pm

(Downing/ Lawler MCSU)

**Subject:** Lassen Meta Majors Files for our discussion today

Dear Lassen Colleagues,

Please find attached the files for our conversation today.

There are two files - one with a summary of the clusters and programs from the cluster analysis completed with Lassen's data and another one with a list of the courses and information about which programs they map to.

Talk soon!

Alyssa

May 5

6. Future Agenda Items

7. Adjournment @ 3:52 - Somerville/Konkol: MSCU

## Guided Pathways Meeting

March 4, 2020

8:30 am- 9:30 am

### Minutes

In attendance: Tara Bias, Jennifer Tupper, Brady Reed, Cathy Harrison, Beau, Lisa Gardiner, Roxanna Haynes, Brady Reed, Sandy Jonas, Fran Beaujoun, Janet Marinoni, Tom Rogers, Alison Somerville, Carie Camacho, Jose Delgado

#### **1. Announcements-**

- a. Leading from the Middle asked us for a topic. We submitted metamajors. It cost \$500 for everyone to attend. It is here on campus for two days in April. They want a diverse group and they want around 10 people from LCC. Brady will send it out to everyone and see who would like to attend and who should attend.
- b. Webinar today from 12-1 to go over the scale of adoption and how to use it as a tool. We will have lunch provided.
- c. Our SOAA was submitted and certified.
- d. We can start talking about what to do with our Guided Pathways monies.
  - i. A suggestion was made to use some of the money for marketing our metamajors.
- e. Starfish software is going up in price. It has always been this price but the chancellor's office was paying 65% of the cost. Now they will only be paying 20% so we might end up paying close to \$100,000 a year. Alison was in a meeting. She stated her concerns with these state wide initiatives. Small schools are trying to keep up with these initiatives but we don't have the funding or staff to keep up. We have put hours and a lot of money into starfish and we did not expect this cost increase and we cannot afford the cost increase. Alison, is speaking with a women about this issue.

We need to share these concerns with Trevor so he can bring these issues to Sacramento.

**2. Meta-majors survey-**

- a. The data from the survey had a good response. We had over 100 surveys completed. We will send the survey results out after this meeting. Career Pathways was one of the suggestions for the name for metamajors. Part of orientation might be an opportunity to explain the different types of degrees...adt, transfer, not transfer, certificate, etc. Suggestion to add education to social science. Public Service instead of Safety was suggested.

**3. Ambassador Cougar Pod-**

- a. They will be having a survey. Jennifer will send it out.

**Workgroups:**

<b>ASI</b>	<b>Metamajor</b>	<b>Student Life</b>	<b>Technology</b>	<b>Wayfinding</b>	<b>Equity</b>
Jennifer Adam Meggin Michael B Laura R Janet	Alison Dar'juanah (Student) Lisa Sandy Jennifer Carie Anna	Beau Lauren (student) Tara Michael B Michell Monteil Will	David Meggin Micheal A Brady Cathy	Tara Bridget Adam Greg Chrisdee	Brady Jose (Student) Roxanna Anna Aaron Jennifer Tom

**What days and times are each workgroup meeting?**

Next Meeting is March 18<sup>th</sup> at 8:30 am in TECC

**Monday, March 30, 2020**  
**Curriculum and Academic Standards Committee**

@ 10:00am via Zoom

## Curriculum and Academic Standards Committee (Monday, March 30, 2020)

Generated by Fran Oberg on Monday, April 6, 2020

This meeting was originally scheduled for March 17, 2020 but postponed to March 30, 2020 because of campus restrictions due to the coronavirus pandemic.

### 1. Meeting Openings

Information: 1.01 Call to order @ 10:01 via Zoom

#### Members Present:

Tom Downing  
Cathy Harrison  
Kory Konkol  
Chad Lewis  
Josetta Mata  
Fran Oberg  
Andy Rupley  
Crystal Tobola  
Alison Somerville

#### Members Absent:

Carie Camacho  
Roxanna Haynes  
Sue Kelley

#### Guests:

Shar Murphy  
Julie Williams

1.02 Agenda Approval: Rupley/Harrison: MSCU

1.03 Minutes Approval Rupley/Somerville: MSCU

### 2. Subcommittee Action

- 2.01 CD 22 The Infant Toddler-Approved Eliminate the "recommended" text-The Caregivers Companion
- 2.02 CD 28 Child Guidance - Approved Updating course text from 8th edition to 10th edition: ISBN: 9780134748153

### 3. Action Items

- 3.01 Administration of Justice AS-T and AA degrees as well as the Certificate of Achievement - Approve change in program SLO's: Rupley/Oberg MSCU  
*Fix typo in second paragraph, "course" should be "courses".*
- 3.02 CD 26 Administration II - Approve 1. Eliminate The 8th Habit text from the course 2. Include traditional classroom delivery to say, "Traditional Classroom Delivery Lecture, discussion groups, small group activities, observations, written assignments, films, guest speakers, field trips, and other unique instructional strategies as determined by the instructor": Rupley/Somerville MSCU
- 3.03 CHEM 1A General Chemistry 1 - Approve update SLO, Content, Evaluation and Change text book to : "Open Educational Resource Textbook: Chemistry, Paul Flowers, Klaus Theopold, Richard Langley. 2nd ed. Openstax (2019).: Konkol/Downing MSCU
- 3.04 CHEM 1B General Chemistry II - Approve update SLO, Content, Evaluation and Change text book to : "Open Educational Resource Textbook: Chemistry, Paul Flowers, Klaus Theopold, Richard Langley. 2nd ed. Openstax (2019).: Rupley/Konkol MSCU
- 3.05 CHEM 45 Introduction to General Chemistry - Approve change in SLO, Content, Evaluation and Delivery: Rupley/Konkol: MSCU
- 3.06 FS-60 Wildland Firefighter (CalFire Basic Training) - Approve adding prerequisites: **Tabled** Somerville/Downing: MSCU  
*Are the co-requisite classes a requirement for the content of this course, or are they just needed to earn state fire certification? Are these truly co-requisites, meaning students must take them at the same time? Can students take these classes in any order? This committee needs more direct input from Fire Technology faculty before taking action. Course Outline draft changed to co-requisite but revision form still says pre-requisite. This is an impediment to students in the registration process because students need to provide transcripts or proof of state fire certification. "Instructor Approval Required" needs to be more detailed and a clear process needs to be set up so students know what documentation is needed prior to registration. The verbiage needs to be corrected prior to the next meeting. Fire Science faculty need to be present at the next meeting to answer the committee's questions.*

3.07 FS 61 Basic Firefighter Training (Basic 32) - Approve Update Prerequisites: include completion of FEMA IS-100 and IS-700 online and remove S110 course: **Tabled** Somerville/Downing: MSCU  
*Need more information from Fire Technology faculty. Same concerns as above action 3.06.*

3.08 HIST-14 World History, Beginning to 1500 Approved adding Spring to scheduled: Rupley/Konkol: MSCU

3.09 HIST-15 World History, 1500 to Present - Approved adding Fall to Scheduled: Rupley/Konkol: MSCU

3.10 IDS 1 Introduction to Sign Language - Approved Activate course, revise recommended prep, add SLO's, methods of evaluation and delivery, and textbooks: Rupley/Oberg: MSCU  
*The plan is to use an adjunct instructor and online instruction for now, with the possibility of face-to-face classes in the future. This counts as a foreign language for CSU & IGETC. No other colleges in the Far North offer this class.*

3.11 IDS 2 Intermediate Sign Language - Approved Activate course, add prerequisite revise, recommended prep, add SLO's, methods of evaluation and delivery, and textbooks: Rupley/Oberg: MSCU

3.12 Meta Majors - Approve Name change to ?: Approved name change to "Career Pathways": Rupley/Downing: MSCU

3.13 Meta Majors - Approve groupings: Approve with minor changes Rupley/Downing: MSCU  
*Cluster by transfer/non-transfer, then alphabetically. History to be listed in both Art/Hum and Social Science. Leave Nutrition & Dietetics in Health Occupations. Alison waiting on feedback from Davis to finish key listing which certifications are supported by financial aid. Alison requested short descriptions be added to interest students. Kory & Andy are editing the descriptions in their areas. IGETC/CSU notation is not necessary. For now, courses that are listed in a department, but not part of a program (like Sign Language and Phlebotomy) should be noted in the descriptions. This could possibly start a discussion to make these short term certificates. This document will be inserted in the beginning of the catalog for 2020-21 but will be integrated throughout future catalogs. It will also be used for flyers and banners. \*\*\*The edited version of the Career Pathways document can be found attached to this meeting's agenda, added to item 3.13\*\*\**

3.14 MATH-140 Elementary Statistics Lab - Approve change to non-credit course Math-164: Somerville/Oberg: MSCU  
*Title 5 language has changed and now allows non-credit courses to be co-requisites for a credit course. This has overwhelming support from the Math Department. Make sure that all content review forms are completed correctly.*

3.15 MATH-40 Elementary Statistics - Approve adding co-requisite of MATH-164: Somerville/Oberg: MSCU

3.16 MATH-107 Trigonometry Lab - Approve change to non-credit course MATH-167: Somerville/Oberg: MSCU

3.17 MATH-7 Trigonometry - Approve adding co-requisite of MATH-167: Somerville/Oberg: MSCU

3.18 MATH-108 College Algebra Lab - Approve change to non-credit course MATH-168: Somerville/Oberg: MSCU

3.19 MATH-8 College Algebra - Approve adding co-requisite of MATH-168: Somerville/Oberg: MSCU

#### 4. Discussion Items

None

#### 5. Information Items

5.01 Instructional Program reviews due

*The Business IPR was approved at Academic Senate 3/20/2020 and is moving through the approval process.*

5.02 Future Meeting dates

*We're running into a time crunch. There are only 2 curriculum meetings left (April 21st & May 5th). All changes needed for fall should be presented at the April 21st meeting in order to get board approval before year-end.*

#### 6. Future Agenda Items

None

**7. Adjournment:** Konkol/Rupley: MSCU @ 11:26am

**LASSEN COMMUNITY COLLEGE**

***2020-2021 CATALOG***

# Lassen Community College District Strategic Plan

Recommendation for revisions by Consultation Council – September 9, 2019

Approved by Board of Trustees – October 8, 2019

## Vision

- ❖ Be a catalyst influencing the region’s positive image, economy and human capital by fostering a “we can” culture of collective impact by being:
  - The Academic Leader by ensuring quality instruction and encouraging student success
  - The Educational Leader by expanding outreach and student access with an equity mindset
  - A Trusted Steward by providing capable leadership and accountability
  - The Economic and Workforce Development Leader for the community
  - The Cultural Leader in the community
  - The Civic and Social Leader in the community
  - A highly efficient self-sustaining rural community college

## Mission

Lassen Community College provides outstanding programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The College serves diverse students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.

## Strategic Goals

1. **Institutional Effectiveness:** Provide the governance, leadership, integrated planning and accountability structures, and processes to effectively support an inclusive learning environment, while ensuring responsible stewardship of public trust and resources.
2. **Learning Opportunities:** Provide an array of rigorous academic programs delivered via a variety of modalities that promote student equity and learning while meeting the needs of the local and global community.
3. **Resource Management:** Manage human, physical, technological and financial resources to sustain fiscal stability and to effectively support the learning environment.
4. **Student Success:** Provide a college environment that reaches-out-to and supports students, minimizes barriers, and increases opportunity and success through access and retention to enable student attainment of educational goals including completion of degrees and certificates, transfer, job placement and advancement, improvement of basic skills, and self development through lifelong learning.

## Institutional Student Learning Outcomes

1. **Communication** - Ability to listen and read with comprehension and the ability to write and speak effectively
2. **Critical Thinking** - Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome
3. **Life Long Learning** - Ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems
4. **Personal/Interpersonal Responsibility** - Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures

## College Values

### Student Success – We value:

- Students reaching their goals
- Students being prepared for transfer to four-year institutions
- Career Technical students being prepared for the job market

### Educational Excellence – We value:

- High quality educational delivery
- Highly qualified instructors
- High quality technology and materials
- Well-equipped classrooms
- Equitable student learning as the focal point of every experience
- Minimizing barriers

### Student Focus – We value:

- Doing what is best for students
- Learning as a priority over teaching
- Student needs; they are paramount in the learning process

### Honesty/ Integrity – We value:

- Trust in relationships
- Dependability
- Transparency
- Collaboration
- Sustainability
- Accountability

### Dignity/Respect – We value:

- Open forum for exchange of ideas
- Civility
- Collegiality
- Diversity
- Equity
- Active listening and communication

## Message from the Superintendent/President

Welcome to Lassen Community College!

Lassen College represents a host of opportunities to inform and shape your future. As your partner on this journey along the road ahead, we want to ensure that you have the tools and support you need to make this trip a successful one. What is contained in this catalog forms your map and guide along the way. For any questions you have, the answer is likely found herein—but, the faculty and staff are always willing to assist in helping you find and stay on your pathway to success.

In the end, however, we understand and believe that the most important key to completing your educational goal is your own commitment and hard work. You certainly have it in you to reach your dreams! We believe in you and your goals, and that you will succeed.

Most importantly, enjoy the ride. College—whatever path you are taking—is a transformative experience. Take an opportunity to appreciate all the prospects this journey will afford you. From academics to athletics to student life and friendships, this is the time to grow. Enjoy this experience.

Once a Cougar—always a Cougar!

Trevor Albertson, PhD  
President (Interim)

## Message from the Associated Student Body

Welcome to Lassen Community College!

You will find that the Associated Student Body (ASB) is a vital organization made up entirely of students like you. We have a vision of a diverse, sustainable campus with a thriving culture, where students can find all the resources they need to succeed. In pursuit of that vision we sit on all campus committees, organize and sponsor events, oversee clubs, attend state-wide events, work to improve student success, and much, much more! Do you want to see what clubs are available to join? Do you want to learn about, or participate in shared governance? Do you want to start a club of your own? It's easy, and we will show you how. Contact us at [asb@lassencollege.edu](mailto:asb@lassencollege.edu)

The ASB is students helping students, so if you would be interested in joining our team to work on any of the many different projects we have going, start your own, or just give your input, you would be more than welcome.

Have a great year.

# Lassen Community College District Strategic Plan

Recommendation for revisions by Consultation Council – September 9, 2019

Reaffirmed by Board of Trustees – October 8, 2019

## **NON-DISCRIMINATION POLICY**

Lassen Community College is committed to equal opportunity in education and employment, regardless of sex, race, color, religion or national origin. This includes admissions to the college, enrollment in courses, student services, activities, financial aid and employment in accordance with provisions of Title VI of the 1964 Civil Rights Act, Title IX of the Educational Amendment of 1972 (45CRF 86); Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA). Student, staff and all others associated with the college should understand the importance of reporting concerns about possible violations of the policy. Lassen's commitment to equal opportunity demands full investigation of possible violations and an opportunity for a full and impartial hearing on any matter relating to these laws and policies. Further related inquiries should be directed to the Equal Employment Opportunity Officer at (530) 251.8811.

## **DISCLAIMER**

The college reserves the right to amend, modify or otherwise revise any provision in this catalog for reasons including but not limited to: changes in State Law, Education Code, Title 5 or other governing regulations pursuant to the operation of the college; changes in Board of Trustee Policies or Administrative Regulations or changes relating to funding, fees, instruction, support services or staffing of the college or any program or course thereof. These changes may be made without prior notice and may supersede this publication or portion thereof.

## **CONSUMER INFORMATION**

In full accord with Section 504 of the Rehabilitation Act of 1973 which prohibits discrimination on the basis of disability and federal and state legislation to prohibit discrimination, Lassen Community College pledges that its policies and practices aim at providing all persons equal opportunity for education, school or interschool activity and employment regardless of age, race, religion, color, sex, marital status, national origin or disability. Further related inquiries should be directed to Equal Employment Opportunity Officer, Lassen Community College, PO Box 3000, Susanville, CA 96130.

Board Policies and Administrative Procedures are available to the public and may be viewed from our website or by following this link: <http://www.boarddocs.com/ca/lccca/board.nsf/public>.

For consumer information, contact Lassen Community College at 530.257.6181 or visit our website at: [www.lassencollege.edu](http://www.lassencollege.edu).

# College Guiding Principles

## Vision

Be a catalyst influencing the region's positive image, economy and human capital by fostering a "we can" culture of collective impact by being:

- The Academic Leader by ensuring quality instruction and encouraging student success
- The Educational Leader by expanding outreach and student access
- A Trusted Steward by providing capable leadership and accountability
- The Economic and Workforce Development Leader for the community
- The Cultural Leader in the community
- The Civic and Social Leader in the community
- A highly efficient self-sustaining rural community college

## Mission Statement

Lassen Community College provides outstanding programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The college serves students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.

## Institutional Student Learning Outcomes

Upon the completion of any course, educational activity, or program, the student will demonstrate improvement in one or more of these areas:

- **Communication**  
Ability to listen and read with comprehension and the ability to write and speak effectively
- **Critical Thinking**  
Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome
- **Life Long Learning**  
Ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems
- **Personal/Interpersonal Responsibility**  
Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures.

## Philosophy and Criteria for Associate Degree and General Education

Lassen Community College offers a breadth of courses that are intended to prepare students to think and communicate clearly and effectively; to use mathematics; to understand the modes of inquiry in the major disciplines; to be aware of other cultures and times; to achieve insights gained through experience in thinking about ethical problems, and to develop the capacity for self-understanding. These courses will give students sufficient depth in a field of knowledge to contribute to lifetime interest as well as give the student the tools to navigate through complex life experiences.

General Education, included in the Associate Degree, is designed to introduce students to a variety of means to comprehend the modern world. This experience will assist students in their evaluation and appreciation of the physical environment, the culture and the society in which they live.

The criteria used to determine inclusion in the Associate Degree and General Education offerings includes those classes that foster understanding and evaluation of the natural sciences, social and behavioral sciences, humanities, language and rationality, and physical health and activities.

# General Information

## History and Location

The forerunner of Lassen Community College began on May 4, 1925, when the Junior College department of the Lassen Union High School District was established and began conducting classes on the Lassen High School Campus.

A separate facility was created in 1941 with the remodeling of a Main Street garage into a classroom building. In 1945, because of increasing enrollment, a new building was built adjacent to the high school. The modern era of Lassen Community College began in March 1965 with the establishment of the Lassen Community College District and the separation from the high school district. A separate Board of Trustees was elected and planning began for a new campus.

The new campus, located on Highway 139, today consists of 165 acres and 39 structures, including 19 main buildings. It began operations in September 1971. In addition to classrooms, laboratories and offices, it has a library, college union, computer rooms, a large gymnasium and outdoor recreation facilities.

Lassen Community College is located in Susanville in the high mountain lake country of northeastern California. The campus looks out over the city to Diamond Mountain and the Sierra Nevada Mountains. Eagle Lake, the third largest lake wholly contained in California, is only 20 miles away.

## Accreditation

Lassen Community College is accredited by the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges, 10 Commercial Blvd., Suite 204, Novato, CA 94949, (415) 506-0234, an institutional accrediting body recognized by the Council for Higher Education Accreditation and the U.S. Department of Education. Additional information about accreditation, including the filing of complaints against member institutions, can be found at: [www.accic.org](http://www.accic.org).

## College Catalog

This catalog serves as a guide to Lassen Community College providing information on entering college, on courses, programs, services, degree/certificate requirements, and campus activities.

## Catalog Rights

A catalog is in essence an agreement between the student and the college. Students earn degrees and certificates under the programs and policies outlined in a specific catalog. Students, who maintain continuous enrollment, meaning they attended at least one semester or summer session during the academic year, may choose to graduate under the catalog in effect at the time they first enrolled at Lassen Community College or any catalog up to the time of graduation. Students who are considered returning students without continuous enrollment must follow the catalog requirements in effect at the time of re-enrollment.

For the purposes of catalog rights, the academic year begins each fall and ends with the subsequent summer session.

## Choice of Catalog

Degree requirements are published in each academic catalog and include: major requirements, general education requirements, reading, writing and math competencies, and other college requirements such as residency and grade point average. Degree requirements may be fulfilled under different catalog years provided the student is eligible to use the respective catalogs.

Eligibility is determined by:

1. **Major requirements:** All major courses must be selected from any one catalog in effect during the student's most recent period of continuous enrollment.
2. **General Education requirements:** A course may be used to fulfill an area requirement if it is on the approved general education list at the time the course is taken. A General Education course taken at another college can meet an area requirement when a Lassen Community College counselor determines that the course is equivalent to a Lassen Community College course listed in that area; or the course is listed in that area at the College where the course was taken.
3. **Other district requirements** may be completed by fulfilling those requirements listed in any one catalog in effect during the student's most recent period of continuous enrollment.

## Class Schedule

Each semester, Lassen Community College publishes a schedule of courses that will be offered during the semester. The schedule of courses contains the most updated information on courses and is considered an addendum to this catalog.

Lassen Community College offers day and evening courses. Courses are also offered via online, hybrid or by correspondence delivery. Courses are usually semester length, although shorter-term courses could be offered.

The current semester course schedule can be accessed online at [www.lasencollege.edu](http://www.lasencollege.edu). The online schedule is searchable by location, course number, instructor name, start date, time, and course title. The online schedule is updated daily. Not all courses listed in the college catalog are offered every semester.

# How to Use this Catalog

This catalog is designed to assist all types of students - those just beginning college for the first time, those considering transferring to another community college or four-year institution, and those already attending Lassen Community College – in choosing the program of study that best fits their aspirations and goals. In this catalog, you will find information regarding the admissions process and registration issues, financial aid information and academic requirements. In addition, the catalog describes aspects of student life and opportunities to assist you in having a successful experience at Lassen Community College.

## Student Success and Support Program

The statewide California Community College program emphasizing student success previously called “Matriculation” assists students in successfully completing their educational and career goals. The program includes student services in the areas of admissions, self-guided placement, orientation, counseling, advising and follow-up. New students who are taking English or Mathematics, who are seeking a degree or certificate, or participating in collegiate activities are required to participate in orientation, self-guided placement and counseling. Students are exempt from the requirement to participate in the student success program steps (orientation and educational planning) if they provide documentation of having completed an associate degree or higher from an accredited institution. Other criteria for exemption from specific components can be found in the Counseling Office located in Student Services building or by contacting 530.251.8842.

### Students Rights Regarding the Student Success Program

Students who meet the exemption criteria may choose whether or not to participate in the student success program planning (orientation and educational planning).

Students may challenge required participation in the Student Success program by filing a complaint with the Vice President of Student Services. If the matter is not resolved, it may be appealed to the Superintendent/President. The Vice President of Student Services shall keep a record of all petitions filed regarding the Student Success program.

### Students who are planning to pursue exemption status for any of the components must:

- Contact a counselor

Students who believe they have been the victims of unlawful discrimination as it relates to the implementation of matriculation may file a complaint with the Director of Human Resources.

# Quick Guide to LCC Enrollment

## New Student Registration

---

### **STEP 1 – Complete an online Application for Admission-OpenCCC**

Go to our website: [www.lassencollege.edu](http://www.lassencollege.edu). Click on **APPLY** to begin the 2-step application process. First create a user account, *then* sign-in to complete and submit the 9-part application. You will see a confirmation page. Once your application is processed, you will be *emailed* your **Student ID #, Username and temporary password**. Your log-in information can be used to access **MyLassen LCC Portal** where you can register for classes, check financial aid, access student email, see department information, and view LCC announcements.

### **STEP 2 – Login to MyLassen-LCC Portal. (In Student Resources or upper right corner of website)**

Use your LCC email address (username@cougars.lassencollege.edu) and the temporary password to log into MyLassen Portal. Change your password and choose security questions.

### **STEP 3 – Complete the MANDATORY online New Student Orientation.**

### **STEP 4 – Go to FINANCIAL AID. (\* International Students are ineligible for federal financial Aid)**

Fill out the **FAFSA** (*Free Application for Federal Student Aid*) at [www.fafsa.ed.gov](http://www.fafsa.ed.gov) and/or apply for the Promise Grant (CA Residents only) for your opportunity to qualify for financial aid.

### **STEP 5 – Obtain a copy of your high school transcripts for LCC Counselor**

High school transcripts are the primary way counselors determine the best placement for math and English. If you have taken courses at another college, be sure to order official transcripts be sent to LCC.

\*ACT, SAT, AP test scores can also be helpful for course placement – bring them to counseling.

\*International Students must also demonstrate English proficiency through additional testing prior to admission.

### **STEP 6 – See a COUNSELOR.**

You can see a counselor on a first come, first serve basis once you have completed the New Student Orientation. Meeting with a counselor provides you with information on which courses are required to meet your educational goals.

### **STEP 7 – Register for classes on MyLassen LCC Portal – On the LCC homepage**

If unable to register online, fill out a registration card and submit to Admissions & Records. Payment is required two business days before classes begin.

### **Optional Steps – If applicable**

- **Transfer students** - Send all official college transcripts to Admissions and Records
- **Apply for Housing** – If interested in on-campus housing (dorms) – Contact Housing Office
- **Apply for EOP&S (If Eligible)** – Extended Opportunity Program and Services (CA residents only)
  - Must have completed ALL 7 steps above, and have all official college transcripts on file in Admissions.
  - Check EOP&S for additional details on eligibility and requirements.
- **Attend College Success “BOOTCAMP” Student Orientation**-August 3<sup>rd</sup> - 14<sup>th</sup>, 2020
- **Get your Books at** <http://bookstore.lassencollege.edu>

### **QUESTIONS? CONTACT US!**

- **Admissions and Records** – 530.251.8808, fax 530.251.8802, email – [lccadmissions@lassencollege.edu](mailto:lccadmissions@lassencollege.edu)
- **Financial Aid** – 530.251.8849, fax 530.251.8894 – [lccfinaid@lassencollege.edu](mailto:lccfinaid@lassencollege.edu)
- **Career/Transfer Center** – 530.251.8833 – [sjonas@lassencollege.edu](mailto:sjonas@lassencollege.edu)

- **EOP&S Advisor** – 530.257.6181 ext. 8953, email [eops@lassencollege.edu](mailto:eops@lassencollege.edu)
- **Housing Office** – 530.251.8879, email – [fbeaujon@lassencollege.edu](mailto:fbeaujon@lassencollege.edu)
- **Orientation and Student Success** – 530.257.6181 ext. 8911, email - [jtupper@lassencollege.edu](mailto:jtupper@lassencollege.edu)

# Apply to Lassen Community College

## Lassen Community College Students

Lassen Community College is an open enrollment institution to the following prospective students:

1. California residents who are high school graduates, who possess a high school diploma, High School Equivalency (HiSET) diploma, or a General Education Development (GED) Certificate.
2. Non-high school graduates over the age of 18 who can benefit from the instruction offered in a college.\*
3. A Special Admit student, defined as any person under the age of 18 without a high school diploma who can benefit from the instruction offered in a college.\*
4. International students who qualify in accordance with the Lassen Community College District policy.\*
5. Out of state students who qualify in accordance with (1) or (2) above.

*\*The Lassen Community College Governing Board establishes admission criteria for students in these groups.*

## Application Process

To enroll at Lassen Community College you must submit a completed application through our website:

- Go to the college web site at [www.lassencollege.edu](http://www.lassencollege.edu) select the Apply box on the main page to begin the application process for admission to Lassen Community College.

## Transcripts

**From High School** – Students should bring their high school transcripts to their first counseling session. These will be used as part of the multiple measures for placement and course scheduling.

**From Other Colleges**- Students who have attended other colleges or universities should provide an official transcript to Lassen College Admission and Records prior to meeting with a counselor.

Transcripts can be mailed to: Lassen Community College, Admissions and Records, P.O. Box 3000 Susanville, CA 96130

Lassen College can evaluate transcripts from other institutions to meet Associate degree, or certificate, general education, program requirements and/or elective unit. Lassen College accepts credits from colleges/universities that maintain regional accreditation at the time of attendance. Please bring your transcripts to the Counseling Department to be evaluated. Once evaluated the student and counselor can determine what coursework will be required to complete their education goal.

## Special Admission Procedures

Certain populations of students have additional requirements for admission.

**Special Admit Students** – Lassen College Board Policy only admits special part-time students in grades 9-12 who do not have a high school diploma or have not passed the California High School Proficiency or GED examinations.

The Special Admit forms with special admit criteria are available in the Admissions and Records Office or the Counseling Office.

**International Students** -Lassen Community College encourages and supports students from other countries who have the academic background and potential to succeed in college. To be considered for admission the applicant must complete and return the **International Application for Admission** by June 15th, for the Fall semester and October 15th, for the Spring semester. For specific requirements go to [www.lassencollege.edu](http://www.lassencollege.edu) Admission/international students or email [lccadmissions@lassencollege.edu](mailto:lccadmissions@lassencollege.edu).

An international student with an F-1 Student Visa status must also:

1. Provide a copy of your high school transcripts.
2. Enroll each semester and complete a minimum of 12 units with a minimum 2.0 grade point average to maintain F-1 student status. Failure to maintain a full course of study may lead to dismissal from Lassen Community College and deportation from the United States.
3. Visa and I-20 must be valid at least six months ahead of the expiration date at all times.
4. Comply with all U.S. Immigration and Naturalization Service and Lassen Community College requirements.
5. Pay the non-resident tuition and other fees as required at registration.

International students are subject to the same academic standards for grading, probation and disqualification as all other students.

**Vocational Gunsmithing Program**-The College has limited enrollment in the Vocational Gunsmithing program. There is a process that students must follow to get themselves on the Gunsmithing waitlist. Information about the program may be found online at: <http://www.lassencollege.edu/academics/programs/gunsmithing/Pages/default.aspx>

**Vocational Nursing Program** -The College has limited enrollment in the Vocational Nursing program. There is an application process that students must follow. Information and program packets, including current requirements (page 76-77 of catalog), can be obtained by contacting 530-251-8870 or email [LCCNursing@lassencollege.edu](mailto:LCCNursing@lassencollege.edu)

## Residency Information

**Residency Requirements** - The California Education Code requires that Lassen Community College shall apply uniform rules determining a student's residency classification. A residency classification is to be determined for each student at the time of each

registration and whenever a student has not been in attendance for more than one semester. Each student shall provide the required information and evidence of residency outlined in “Establishing Residency” below. The day immediately preceding the first day of instruction for any term shall be the residency determination date and is determined when the student completes the Application for Admission.

**Establishing Residency** - In order to establish California residency, a student must first be a citizen of the United States, a permanent resident or an applicant for permanent residency, or on a visa status that does not preclude him/her from establishing domicile in the United States. The law also requires that the students show no contrary intent, that is, they must not have maintained residence status in their former state; driver license, taxes, car registration, etc. **The burden of proof rests with the student, not the District.** The residency laws do not permit campus officials to waive any portion of the residency requirements. Students must submit a request for reclassification prior to registration.

**Determining Residency** - Non-resident students do not automatically become California residents by merely living in the state more than one year. State law requires proof of intent to establish California residency.

Indications of intent include, but are not limited to, the following:

1. A record of filing a California state income tax return
2. A W-2 form with a California address
3. Maintaining permanent military address or “Home of Record” in California while in the armed forces
4. The possession of a California driver’s license
5. Registering to vote in California
6. Establishing and maintaining an active California bank account
7. The possession of a California hunting or fishing license
8. Owning residential property in California
9. Financial independence from a parent or guardian to include the following:
  - a. not be claimed on parent or guardian’s income tax return for the school year;
  - b. not receive more than \$750 in support from parents or guardians in any one year;
  - c. not live with parents or guardian for more than six weeks in any one year.

**Appeal of Non-Resident Classification** - Students who have been classified as non-residents have the right to review their classification and make a written appeal. Appeals are to be processed as follows:

1. The written appeal is to be submitted to the Admissions and Records Office within 30 calendar days of final notification by Lassen Community College regarding their classification.
2. The Admissions and Records Office will forward the appeal, within five working days of receipt, to the Vice President of Student Services with a copy of the original application for admission, the residency questionnaire, and evidence or documentation provided by the student with a cover statement indicating upon what basis the residence classification decision was made.
3. Within 30 calendar days of receipt, the Vice President of Student Services shall send a written determination to the student. The determination shall state specific facts on which the appeal decision was made.

**Incorrect Classification** – If the college incorrectly classifies your residency on the basis of false or miss leading facts, you will be required to pay the nonresident fees.

## **Financial Aid**

---

### **Apply for Financial Aid**

Every student should apply for financial aid, regardless of income. Not all types of aid are based on financial need. You cannot know for sure if you are eligible for assistance unless you apply.

1. Complete the Free Application for Federal Student Aid (FAFSA) online at [www.fafsa.ed.gov](http://www.fafsa.ed.gov) listing Lassen Community College; school code 001217. FAFSA applications need to be filed annually and will be available October 1<sup>st</sup> of the current year. Since some forms of funding are limited, for best consideration you are encouraged to file your FAFSA annually by March 2<sup>nd</sup>. FAFSA applications are accepted and funds awarded to students throughout the school year.
2. California residents should complete and submit a California College Promise Grant (CCPG) prior to registering for classes. This application is available in the Financial Aid Office and online. Those who qualify as an AB540 admission should submit a CA Dream Act application to determine their eligibility for the California College Promise Grant (CCPG). The CA Dream act application is at [www.dream.csac.ca.gov](http://www.dream.csac.ca.gov).
3. The U.S. Department of Education randomly selects some FAFSA applicants for what is called verification. Those selected for verification will be asked to submit the required additional forms.
4. Once all verification requirements have been satisfied you will be issued a Financial Aid Award Letter. The Award Letter will list the types of awards and amounts available to you. Student Loans and Work Study have additional requirements.
5. Students seeking federal and state assistance are expected to declare an education goal and to meet with an Academic Counselor to complete and follow an Educational Plan, successfully completing courses each semester as you progress toward your educational objective.

# Orientation

---

## Mandatory Online Orientation

To learn about college policies, practices, and procedures, as well as answer any questions you may have, new students who plan to earn a degree, certificate, or transfer must complete Lassen College's orientation. Orientation must be done before you can register for classes. Online orientation can be found under new students tab on the LCC website. For more information please call 530.251.8842.

## College Success "BOOTCAMP" Student Orientation

A series of workshops, along with a free daily lunch, geared towards helping LCC students discover what it takes to succeed in higher education. For more information please call 530.257-6181 x8911.

# Counselor

---

## Meet With a Counselor

All students are encouraged to meet with a counselor. After completing orientation to discuss course selection. Students, with the assistance of a counselor, are encouraged to plan a program of study that will follow their education plan. In addition, counselors are available all year from 8:00AM to 4:00PM and evening hours during the first week prior to registration and the first week of classes. If you have further questions, contact the Counseling Office at 530.251.8842.

### 15 TO FINISH

Why would a counselor encourage you to take 15 units a semester, or 30 in a year?

- Saves you time and money in tuition and living expenses!
- 15 units a semester and in good standing? You could be eligible for the Completion Grant, an additional \$1,500 (see the Financial Aid office for more details and page 29).
- You can graduate with your degree in 2 years!
- Ready for fall cycle of admission into a four year university.
- Start your career and earn a livelihood sooner.

# Register

---

## Register

After you have completed your application for admission, your financial aid application, orientation, and counseling, you will be ready to register. Registration is the process by which students officially enroll in courses. Lassen Community College has three terms; fall, spring and summer in which a student may register. Students may register online at the Lassen Community College web site:

[www.lassencollege.edu](http://www.lassencollege.edu), via My Lassen LCC Portal or in person at the Admissions and Records Office.

## Money Matters

### Enrollment Fees and Non-Resident Tuition

Students (California and non-residents) are required to pay an enrollment fees and, if applicable, non-resident tuition. California High School students are exempt from paying any registration fees according to Lassen College Administrative Procedure 5030. All fees are due at the time of registration. The fees structure is as follows:

#### California Resident Enrollment Fee

1 unit or more .....\$46 per unit  
0.5 units .....\$23 per ½ unit

#### Non-Resident Tuition for 6.5 or More Units

6.5 or more units, including Enrollment Fee .... \$326 per unit

#### Non-Resident Tuition for 6 or Less Units

1 - 6 units, including Enrollment Fee .....\$92 per unit  
0.5 units, including Enrollment Fee .....\$52 per ½ unit

**NOTE:** The fees listed in this catalog are those in effect at the time of printing. Enrollment fees are subject to change through California State Legislation. Other fees are subject to change through Lassen Community College Board of Trustees action as judged to be in the best interest of the College. Please consult the current course schedule for the appropriate fees.

### Non-Resident Fee Exemption—AB540

Effective January 1, 2002, AB540 provides an exemption from paying non-resident fees for certain non-resident students. While this exemption allows students to pay resident fees, it does not grant them resident status that would give them eligibility for any state funded program. To be eligible for this exemption a student must meet both of the following criteria:

- Attendance at a high school in California for three or more years.
- Graduation or attainment of a high school equivalency from a California high school.

Effective January 1, 2013, financial aid is available to students who qualify for the Dream Act.

### Priority Registration (AP 5055)

Registration Priority, enrollment five working days prior to the first day of regular enrollment, shall be provide to continuing students not on academic or progress probation for two consecutive terms and who have completed orientation, assessment and developed a student education plan while meeting one of the following categories:

- Armed forces or a veteran
- Former or current foster youth
- Students receiving services through Disabled Student Program or Extended Opportunity Program and Services (EOPS)
- Students Participating in the CalWORKs program
- First time students who have completed orientation, and developed a student education plan
- Continuing students who have not lost registration priority as defined in these policies and procedures.

### Auditing

**Auditing Fees** - The fee for auditing a class is \$15 per semester unit. Additionally, the health fee, material fees (if applicable) and other optional fees are due at the time of registration. Students enrolled in courses to receive credit for ten or more semester credit units shall not be charged a fee to audit three or fewer semester units per semester.

**Auditing Refunds** - A student will be refunded only if the course has been cancelled or if the student drops within the first two weeks of a full term course or the first day of class on a short-term course. For more information on auditing a course, see "Audit Policy" on page 13 in this catalog.

### Credit by Examination

The fee for Credit by Examination is equal to the per unit enrollment fee set by the State of California Community Colleges and will be paid out of pocket by student.

A student may challenge a course for college credit by completing a *Credit by Examination* application using the procedure adopted by the Lassen Community College Curriculum/Academic Standards Committee. For more information, see Credit by Examination AP 5235.

Specific information as to the procedure to be used in applying is available at the Admissions and Records Office.

### Health Fee

The Health fee is collected to cover the cost of student accident insurance. Health fees are as follows:

#### Fall and/or Spring Semester

Part time students - 0 to 11.5 units..... \$5.00  
Full time students - 12 or more units..... \$7.50

#### Summer Session

Part time students – 0 to 5.5 units..... \$3.50  
Full time students – 6 or more units..... \$5.00

**Health Fee Waivers/Exemptions** - this fee can be waived for students who depend exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination or organization. A student may request to be exempted by petitioning through the Vice President of Student Services Office. The Health fee may not be waived when a student qualifies for a California College Promise Grant (CCPG). Health Fees are not optional.

**Health Fee Refunds** – The Health fee is automatically refunded on cancelled classes. It is also refunded to students who totally withdraw within the first two weeks of full term courses. For the refund status on short-term classes, contact the Admissions and Records Office.

### Instructional and Other Material Fees

In addition to enrollment fees, the College may charge an instructional materials fee to students for instructional and other materials necessary for some courses. Check with the Admissions and Records Office for the most current fee information. These fees may not be waived with the California College Promise Grant (CCPG) and are not optional.

**Instructional and Other Material Fees Refunds** - The instructional and other materials fees are automatically refunded on cancelled classes or for classes dropped by the end of the second week of a full term class. Check with the Admissions and Records Office on refund status for short-term classes.

### Student Activities Fee

**The Student Activity Fee** -This optional \$3.00 per semester student activities fee (fall and spring terms only) is assessed on all students taking 6 units or more. The money collected from this fee supports the activities of the Associated Student Body (ASB) at Lassen Community College. This fee pays for ASB sponsored social activities, recreational and athletic activities, and other programs. A list of students who paid this optional fee will be provided to the Lassen Community College Associated Student Body and they will use the list to provide you with access to their sponsored activities, entrance to college athletic contests, etc.

**The Student Activity Fee Waiver** - Students may complete a waiver request or submit a signed and dated written request when registering for the course to opt out of paying this fee.

**Student Activity Fee Refunds** - Because this is an optional fee, it is not refundable.

## Transcript Request Fees

Transcript requests must be submitted to the Admissions and Records Office. The first two Official Transcripts are provided for free. Charges for additional transcripts are as follows:

- \$5 per Official Transcript request – please allow five (5) business days.
- \$10 per express Official/Non-Official Transcript request – please allow twenty-four (24) hours.
- \$15 per On-Demand Rush Official/Non-Official Transcript request – not available during busy times.

All transcript requests must be submitted to the Admissions and Records Office [lccadmissions@lassencollege.edu](mailto:lccadmissions@lassencollege.edu).

Lassen Community College transcripts will be withheld for any indebtedness due until satisfactory repayment arrangements are made with the Business Office. Transcript Request Forms are available at the Admissions and Records Office or may be printed from the Admission and Records page at the college website - [www.lassencollege.edu](http://www.lassencollege.edu).

## Student Representation Fee

This is an optional fee of \$1.00 per semester. The money collected from this fee is used to provide support for students or representatives who state positions and view-points before city, county and district governments and before offices and agencies of the state and federal government. Payment of this fee provides the student with ASB (Associated Student Body) membership.

**Student Representation Fee Waiver** - Students may petition in writing, at the time of registration, to waive this fee for religious, political, financial or moral reasons through the Admissions and Records Office.

**Student Representation Fee Refunds** - Because this is an optional fee, it is not refunded.

# After Enrollment

---

## Buy Your Textbooks

The bookstore carries required textbooks and supplies for classes offered at the college. Miscellaneous school supplies are available along with logo clothing, art supplies, and various snacks. The community is invited to stop by and see what the bookstore has to offer. The bookstore is located in the Student Union – housed with the Cougar Café: Cougar Café hours are Monday – Thursday from 7:30 a.m. to 6:30 p.m. and Friday from 7:30 a.m. to 2:00 p.m. Bookstore is staffed from 8:30 a.m. to 4:00 p.m.

All college texts are now ordered online. Go to <http://bookstore.lassencollege.edu> to purchase your texts. It's a simple process. Select Textbooks and follow the directions. Once you have chosen all of your textbooks you will be directed to Checkout where you will pay for your books. The Bookstore accepts payment by credit Visa & Master card (only these books can be shipped), Scholarship, Department of Rehabilitation, EOP&S, Cal Works, or you can pay when you pick up your books.

After you have completed the process you will receive an e-mail confirming your order. When the Bookstore has completed your order, you will receive an e-mail notifying you your books are ready. Books can be picked up between 8:30 a.m. to 4:00 p.m. Students must bring their student identification card with them in order to pick up their books. If you are unable to pick your books up at these times you may either have your texts mailed directly to your home or you may contact 530.251.8881 to make special arrangements for pick up.

## Refunds

Students are eligible for a refund during the first 2 weeks of class (full semester classes) and must have the current receipt. The refund will be processed through the student accounts office at the conclusion of the semester or upon written request from the student. It is the responsibility of the student to officially withdraw from a course to be eligible for a refund.

College books are often as expensive or more expensive, than the tuition costs paid by most California residents. There are several ways to save money on book costs:

- 1 Buy used books in the bookstore or check the bulletin boards. The Bookstore works with several vendors to purchase as many used books as possible.
- 2 Use the Lending Library. All students may use the Lending Library located in the ARC/Library. It is on a first come first serve basis. For specific information please call 530.251.8830.
- 3 See if you qualify for CalWORKs or EOP&S and they can assist you in book vouchers or with their lending libraries.

# Education Plan

All students are encouraged to meet with a counselor during their first semester of enrollment to prepare an educational plan. The educational plan outlines the courses that a student will need to complete in order to reach his or her educational goal. Plans can be revised at any time whenever the counselor and student believe it is appropriate or necessary. College research shows that students with firm educational goals are more successful in their college careers.

Lassen Community College counselors are knowledgeable about prerequisites and transfer requirements. They will assist you in arranging your academic plan so that you will fulfill all the requirements for graduation and/or transfer to another institution. To avoid any misunderstanding in this regard, the student should schedule to complete an education plan during their first semester and also

must see a counselor when a change of educational plan is considered.

# Course Enrollment Policies

## Attendance

A student must be officially enrolled to attend classes. The student is responsible for adding and dropping classes. Regular attendance is a critical factor in student success. A student withdrawing from Lassen Community College has the responsibility of notifying Admissions and Records and completing all necessary paperwork.

## Changes in Course Enrollment

**Adding Courses** - There is an acceptable time frame for adding classes after they have already begun. Students may enroll in open courses that begin in the first week of the semester through the end of the first calendar week of instruction without the instructor's signature. Students may enroll during the second week of a full-term class with instructor and counselor signature. For courses that begin after the first day of a term please ask for assistance from the Admissions and Records Office.

**Dropping Courses** - A student may drop a full term course at any time through the end of the second week of a semester without the course appearing on the student's record. After that time, a student officially withdrawing will receive a "W" on their academic transcript. Students may drop a course with a "W", up to the end of the fourteenth week or 75% of the course whichever is less. **It is the students' responsibility to drop a course.** Failure of a student to drop from a course may result in an "F" in the course. The instructor may also initiate the dropping of a student.

**Withdrawal from College** - Withdrawal from college is defined as the cancellation of enrollment in all classes in which the student is enrolled. Responsibility for withdrawal rests with the student. This may be done online using My Lassen LCC Portal or by submitting a completed Add/Drop form in the Admissions and Records Office. Ceasing to attend classes does not constitute official withdrawal.

**Refunds on dropped or withdrawn courses** - For information on refunds for dropped or withdrawn courses see Money Matters page 10.

**If you received Federal Financial Aid and then withdrew from all of your courses**, you may owe money back to the federal government. See the Financial Aid Office staff for options available to you. For more information see "Financial Aid and Scholarships" in this catalog.

## Audit Policy (AP 4070)

When a student audits a course, this means the student intends to sit in on that course on a regular basis, but does not wish to receive any academic credit for it. Auditing is allowed at Lassen Community College under the following conditions.

1. The fee for auditing a course is \$15 per semester unit. Students enrolled in courses for 10 or more semester credit units shall not be charged a fee to audit three or fewer units per semester.
2. Students may audit classes only when they have exhausted repetition opportunities for the course and have met all prerequisites.
3. Auditing a course is allowed on a space available basis. The determination may not be made until after the first class meeting, to ensure that priority is given to students enrolled in the course for credit towards a degree or certificate.
4. The instructor must approve any student wishing to audit a class. Students auditing a course shall not be permitted to change his or her enrollment to receive credit for the course.

For more information regarding fees and refunds on audited courses, refer to "Money Matters" found on page 11 in this catalog.

Audited courses appear on the student's academic transcript and are annotated as such by each course audited with 'AU'. Auditing forms are available in the Admissions and Records Office.

## Cancellation of Courses

Lassen Community College reserves the right to cancel planned or scheduled courses due to insufficient enrollment, inability to assign a qualified instructor, or for other circumstances unforeseen at the time of the Schedule of Classes publication. In the event a course is cancelled, efforts will be made to help students enroll in other courses consistent with their interests.

## Course Conflict/Overlapping Courses

State law prohibits students from enrolling in courses that meet at the same time. Students that have classes overlapping may pick up the *Alternate Time Petition* form from the Admissions and Records or counseling offices to request approval to take courses that overlap. Special permission may be granted if a solution to the overlap can be found.

## Repetition of Courses

Courses may be repeated when the following conditions exist:

1. **Student Repetition – Satisfactory Grade Received**
  - a. Satisfactory grade as indicated by a grade of A, B, or C.
  - b. Students earning a satisfactory grade may not enroll in that course again unless an exception applies (see number 3 below).

**or**

- c. The District has designated the course as repeatable in the catalog - repeatability is limited to:
  - 1) Courses in which student athletes enroll to participate in an organized competitive sport sponsored by the District or a conditioning course which supports the organized competitive sport,

- 2) Active participatory courses in physical education, and visual or performing arts that are related in content are limited to up to four enrollments total in levels and/or variations. (A course related in content includes any course with similar primary educational activities in which skill levels or various are separated into distinct courses with different student learning outcomes for each level or variation.)
- d. Students may enroll for a maximum of 3 non-satisfactory attempts, including summer sessions, in each course taken for credit. Enrollments include any combination of "W" and repetition with a grade.
2. **Student Repetition– Unsatisfactory Grade Received**
  - a. Unsatisfactory grade as indicated by a grade of D, F, FW, or NP.
  - b. Students may enroll for a maximum of 3 non-satisfactory attempts, including summer sessions, in each course taken for credit. Enrollments include any combination of "W" and repetition with a grade. The third attempt requires completion of paperwork and the signature of the Vice President of Student Services or designee.
3. **Exceptions that permit additional enrollments:**
  - a. A satisfactory grade may or may not have been recorded; and
  - b. Required for legally mandated training; or
  - c. A minimum of thirty-six (36) months have elapsed and the District has established a recency prerequisite for the course or an institution of higher education to which the student seeks to transfer has established a recency requirement that applies to the course or
  - d. Significant change in industry or licensure standards such that repetition of the course is necessary for that student's employment or licensure or
  - e. Extenuating circumstances exist which justify such repetition (i.e. verified cases of accidents, illness or other circumstances beyond the control of the student) or
  - f. Complete one time the entire curriculum of the course for variable unit courses offered on an open-entry/open-exit basis
4. **Students Eligible for Disabled Student Programs and Services (DSP&S)** are permitted additional repetitions of developmental studies courses to provide accommodations for a student's educational limitations, pursuant to state and federal nondiscrimination laws, under the following circumstances:
  - a. When continuing success of the student in other general and/or developmental studies courses is dependent on additional repetitions of a developmental studies course;
  - b. When additional repetitions of a specific developmental studies course is essential to completing a student's preparation for enrollment into other regular or developmental studies courses; or
  - c. When the student has a student educational contract, which involves a goal other than completion of the developmental studies course in question and repetition of the course will further the achievement of that goal.
  - d. Questions can be directed to the Disabled Students Coordinator at 530.251.8867.

Whenever course repetition occurs, the permanent academic record shall be annotated in such a manner that all work remains legible, insuring a true and complete academic history.

For certain exceptions, a petition must be filed by the student and signed by the Vice President of Academic Services or designee granting permission for the repetition.

**Note: Financial Aid may not be awarded for some repeated courses.**

### **Basic Skills Limitation**

Enrollment in pre-collegiate basic skills course work (generally numbered 100-109) is limited to 30 units of instruction except for students enrolled in English as a Second language courses or who are identified as having a learning disability. The 30 unit limitation may be waived if a student shows significant, measurable progress toward the development of skills appropriate to their enrollment in college-level courses.

### **Waiver or Substitution of Courses**

A student may request permission to waive or substitute a course for one that is required to complete degree or certificate requirements. Petitions regarding requirements must be approved by the Vice President of Academic Services. Students may petition through the Counseling Office.

### **Change of Records**

Any change of a student's address or residence, phone number, email address or change of major must be reported in writing to the Admissions and Records Office. Although this may not seem crucial at the time the change is made, financial aid checks, paychecks, tax documents, and important registration and graduation information from the college may not reach its intended destination if this information is not kept up to date. For a change or correction of a student's name, the student must provide a valid photo ID.

# **Academic Policies**

Lassen Community College has a number of policies, regulations and requirements that students must follow. Some of these are locally established by the Lassen Community College District Board of Trustees, while others are set by the State of California in the Education Code and Title 5. They cover such areas as grades, course credit, honors, probation, dismissal and graduation.

## Academic Calendar

Lassen Community College operates on a semester basis with a summer session. The Academic Calendar is available online at [www.lassencollege.edu](http://www.lassencollege.edu) or on the inside front cover of this catalog.

## Academic Freedom

The Lassen Community College District seeks to encourage and protect academic freedom and responsibility in all academic environments. The District is committed to the free pursuit and dissemination of knowledge, and supports the integrity of the teaching-learning process. The Board of Trustees, administration, faculty, staff and students all bear an obligation to protect, preserve and promote academic freedom. For faculty, academic freedom constitutes the right to interpret their fields and to communicate without interference or penalty. For students, academic freedom allows them to think critically and to express and defend their views without penalty from the faculty or college.

## Classifications of Students

- Full-time – Enrolled in 12 or more units for the fall or spring semester or in six or more units for summer
- Part-time – Enrolled in less than 12 units for the fall and spring semester or for less than six units for summer
- Freshman – A student who has completed less than 30 units
- Sophomore – A student who has completed 30 units or more
- Graduate – A student who has been awarded an associate degree

## Final Examinations

The college requires final examinations in all lecture courses. The college publishes a time schedule for final examinations early in each semester, so that students may be notified in sufficient time regarding the examination schedule.

## Grade Reports

As soon as possible following final examinations at the end of each semester, a student's grades will be accessible through My Lassen LCC Portal or through the Admissions and Records Office.

## Grading

A student's work, upon the completion of each course, is graded using one of the following grading categories:

1. Letter grades only A, B, C, D, F
2. Pass (credit)/No Pass (no credit)
3. Letter or Pass (credit)/No Pass (no credit)
4. Failure to withdrawal – FW

Every course for which a student registers will be posted on the student's transcript with the following exceptions:

- A course dropped prior to the end of the second week of instruction of a full term course or 30 percent for shorter than term length courses.
- A course that Lassen Community College cancels.
- A course dropped in order to transfer to a parallel course.
- The table below shows the possible grades and the corresponding grade points.

A – Excellent	4 grade points per unit
B – Good	3 grade points per unit
C – Satisfactory	2 grade points per unit
D – Passing less than satisfactory	1 grade point per unit
F – Failing	0 grade points per unit
P – Pass at least satisfactory	0 grade points per unit
NP – Less than satisfactory or failing	0 grade points per unit
FW – Failure to withdraw	
I– Incomplete	Does not affect grade point standing
W – Withdrawal	Does not affect grade point standing
IP – In progress	Does not affect grade point standing
RD – Report delayed	Does not affect grade point standing
MW – Military withdrawal	Does not affect grade point standing

**Incomplete Grades** - Incomplete academic work for unforeseeable, emergency, and justifiable reasons at the end of the term may result in an "I" symbol being entered in a student's record. The condition for the removal of the "I" shall be stated by the instructor in a

written record. This record shall contain the conditions for the removal of the "I", the grade assigned in lieu of its removal, and the period of time allowed, as determined by the instructor, to make up the "I" grade. This record must be given to the student with a copy on file with the registrar until the "I" is made or the time limit has passed.

**IP - In Progress Grade** – The "IP" symbol shall be used only following the grade point averages. If a student enrolled in an open-entry, open-exit course is assigned an "IP" at the end of an attendance period and does not enroll in that course during subsequent attendance period, the appropriate faculty will assign an evaluative symbol (grade) to be recorded on the student's permanent record of the course.

**RD - Report Delayed** - The "RD" symbol can be assigned by the registrar only. It is used only when there is a delay in reporting the grade of a student due to circumstances beyond the control of the student. It is a temporary notation to be replaced by a permanent symbol as soon as possible. "RD" shall not be used in calculating grade point averages.

**W – Withdrawal** - Withdrawal from a course or from the college is defined as the cancellation of enrollment in courses in which the student is enrolled. **Responsibility for withdrawal rests with the student.** This may be done online using My Lassen LCC Portal or by submitting a completed Add/Drop form in the Admissions and Records Office. Ceasing to attend classes does not constitute official withdrawal. Failure of a student to withdraw formally may result in an "F" in the courses in which the student is enrolled.

### **Pass/No Pass (Formerly Credit/No Credit)**

It is the policy of Lassen Community College to enable students to enroll in designated courses on a pass/no pass basis. This can be done at the Admissions and Records Office.

**Eligibility Requirements for Pass/No Pass (Credit/No Credit)** - The student must elect to be evaluated on a pass/no pass basis no later than:

1. The end of the fifth week of a regular, full-term course.
2. Thirty percent of a class shorter than full-term, but longer than two weeks.
3. The time of enrollment for a class two weeks or shorter length

### **Military Withdrawal**

Military Withdrawal occurs when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses. Military withdrawals shall not be counted in progress probation and dismissal calculations. Contact the VP of Student Service to initiate the withdrawal.

### **Grade Point Average (GPA) Calculation**

GPA is computed by dividing the total number of grade points earned by the total number of units attempted, not including units in courses where the grade is P-Pass (CR-Credit), NP-No Pass (NC-No Credit), I, IP, RD or W. In calculating degree-applicable grade point averages, grades earned in non-degree applicable courses are not included.

The GPA is used in determining eligibility for academic achievement, academic and progress probation/dismissal, eligibility for an associate degree and/or certificate of completion, graduation with honors/high honors, and some scholarships. Students are encouraged to pay constant attention to their grade point average.

### **Prerequisites, Co-requisites and Recommended Preparation**

**Prerequisites** - Some courses have prerequisites. A prerequisite is a course that a student must take prior to another course and usually has information that is needed in the next course. For example, you must complete, BUS 1A Accounting Principles Financial to be eligible for BUS 1B Accounting Principles Managerial. When a course is listed as a prerequisite, that course must have been completed with a grade of "C" or better. Sometimes you can fulfill the need to take a prerequisite through the use of multiple measures. These multiple measures include completion of a course taken at another institution, plus other measures of your readiness to successfully complete courses with a prerequisite.

**Co-requisites** - are courses that a student is required to take concurrently in order to enroll in a particular course.

**Recommended Preparation** - Some courses have "recommended preparation" which means that the student is advised to, but not required to complete, before or in conjunction with enrollment in the recommended preparation course.

**Prerequisite Challenge** - Students have the right to challenge a course prerequisite. A challenge by a student can be made under any of the following conditions:

- Prerequisite or co-requisites has not been properly established.
- A prerequisite or co-requisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner.
- The student has the knowledge and ability to succeed in the course despite not meeting the requirements.
- The student will be subject to undue delay in attaining the goal of his/her educational plan because the prerequisite or co-requisite course has not been made reasonably available.
- The student seeks to enroll in a course which has a prerequisite established to protect health and safety and the student demonstrates that he or she does not pose a threat to himself/herself or others.

For additional information and the appropriate forms, please contact the Counseling Office at 530.251.8842 or stop by the office.

## **Student/Faculty Grade Disputes**

Students are responsible for maintaining standards of academic performance established for each course in which they are enrolled. Situations creating concern should first be discussed directly with the instructor. If this action does not produce adequate clarification of the issue and a satisfactory resolution, a student may process an appeal. The Vice President of Academic Services will administer the appeal process.

## **Academic Renewal**

It is the intent of the Lassen Community College District to alleviate previously recorded, substandard academic performance that is not reflective of a student's demonstrated ability. The petition eligibility requirements and the application are available from the Admissions and Records Office or on the Lassen Portal/Menu/Student Service/Student forms.

## **Non-Traditional Ways to Earn Credit**

### **Credit by Examination**

The Credit by Examination petition process is approved by the Lassen Community College Curriculum/Academic Standards Committee and maintained in Academic Services.

Specific information as to the procedure to be used in applying for Credit by Examination is available at the Admissions and Records Office. A student may challenge any of the requirements by presenting their written appeal to the Vice President of Academic Services. AP4235

**Credit by Examination Fees** -The fee for Credit by Examination is equal to the per unit enrollment fee set by the State of California for California Community Colleges. If a student is eligible for the California College Promise Grant (CCPG) it does not pay for credit earned through Credit by Examination. Credit by Examination units will not be counted for Financial Aid purposes. Payment is due at the time the Credit by Examination is entered by Admissions and Records staff.

**Credit by Examination Refunds** - No refund is given after a student has officially submitted their completed petition to the Admissions and Records Office.

### **Advanced Placement Examination Credit for General Education Credit**

Lassen Community College may award general education credit toward associate degrees to the students scoring a 3, 4, or 5 on Advanced Placement examinations. Students should have test scores sent to the Counseling Office. Each transfer institution will determine the number of units awarded and courses satisfied according to individual campus policies. For specific course information, students are encouraged to meet with a counselor or refer to LCC District Procedure AP 4235.

### **International Baccalaureate (IB) Credit for General Education Credit**

Lassen Community College may award general education credit towards associate degrees to students scoring a 5, 6, or 7 on International Baccalaureate tests. Students should have test scores sent to the Counseling Office. Each transfer institution will determine the number of units awarded and the courses satisfied according to individual campus policies. For specific course information, students are encouraged to meet with a counselor.

### **College Level Examination Program (CLEP) Credit for General Education Credit**

Lassen Community College may award general education credit towards associate degrees for successful performance on CLEP General Examinations. Upon submission of CLEP Examination Reports to the Counseling Office, units of credit may be awarded, provided a specific score for awarding credit is obtained. Credit awarded may be substituted for coursework applicable to degree and certificate requirements, and also may be used for transfer to four year colleges and universities, subject to limitations imposed by those institutions. For specific course information, students are encouraged to meet with a counselor.

## **Honors**

Students who have completed 12 or more semester units of letter-graded work at Lassen Community College are recognized for their academic achievements. Graduation honors will be indicated in the commencement program and on the student's transcript. The designation of honors in the commencement program is based on the cumulative grades earned during the semester preceding a student's graduation. Transferable units from other colleges will be reviewed to determine units attempted, but will not be included in the students cumulative GPA.

### **Academic Honors Awarded**

**Dean's Honors** – a cumulative GPA of 3.25 to 3.49 for students enrolled in 12 or more academic units (overall).

**Vice Presidential Honors** – a cumulative GPA of 3.5 to 3.74 for students enrolled in 12 or more academic units (overall).

**Presidential Honors** – a cumulative GPA of 3.75 or higher for students enrolled in 12 or more academic units (overall).

### **Probation and Dismissal**

Pursuant to the Education Code and District Policy, a student can be placed on probation for two reasons:

- Unsatisfactory academic performance.
- Unsatisfactory progress in course work.

Failure to fulfill academic responsibility is considered to be a serious matter by the college. Accordingly, the following probation and suspension policies have been adopted:

1. **Academic Probation:** A student who has attempted at least 12 semester units at Lassen College as shown by the official

- academic record shall be placed on probation if the student has earned a Lassen College grade point average of less than 2.0.
- Progress Probation:** A student who has enrolled in at least 12 semester units at Lassen College as shown by the official academic record shall be placed on progress probation when the percentage of all units in which entries of "W", "I" and "NP" are recorded reaches or exceeds fifty percent from Lassen College units.
  - Removal of Academic Probation:** A student on academic probation for a grade point deficiency shall be removed from probation when the student's accumulated grade point average from Lassen College units is 2.0 or higher.
  - Removal of Progress Probation:** A student on progress probation because of an excess of units for which entries of "W", "I" and "NP" are recorded shall be removed from probation when the percentage of units in this category drops below fifty percent for Lassen College units.
  - Academic Dismissal:** A student who is on academic probation shall be subject to dismissal if the student earned a cumulative grade point average from Lassen College of less than 2.0 for three consecutive semesters, including summer.
  - Progress Dismissal:** A student who is on progress probation shall be subject to dismissal if the percentage of units in which the student has been enrolled at Lassen College, for which entries of "W", "I" and "NP" are recorded for three consecutive semesters reaches or exceeds fifty percent, including summer.
  - Notification of Probation and Dismissal:** Lassen Community College shall make every reasonable effort to notify a student of academic probation or dismissal at or near the beginning of the semester in which it will take effect; but in any case, no later than the start of the fall semester. Lassen Community College shall also make every reasonable effort to provide counseling and other support services to a student on probation to help the student overcome any academic difficulties.

**Reinstatement** – Students will be eligible for reinstatement following a semesters' absence upon petition to the Vice President of Student Services and approval.

### **Unit of Work**

College work is measured in terms of the "semester unit". A semester unit calls for one-hour of lecture, three hours of laboratory or any combination thereof per week for one semester. In lecture type courses, one hour in the classroom and two hours of outside preparation ordinarily constitute a unit of work. In the laboratory, three hours in the classroom may constitute one unit of work. The number of units of credit offered for each course may be found under "Course Descriptions".

### **Unit Limitations**

Students who wish to register for more than 18 units must have the written approval of a counselor and must petition to the Vice President of Student Services. Approval to register for more than 18 units will be considered for students who have an overall cumulative grade point average of at least 2.75. Students, who enroll in more than 18 units without obtaining the required approval, will be administratively dropped from the most recently added courses. The student and instructor will be notified should this occur.

### **Non-Traditional Learning**

Lassen Community College recognizes that people have had learning experiences in many non-college situations equivalent to those obtained in college courses. We provide for evaluation of such non-traditional learning experience as Advanced Standing, USAFI/DANTES, formal military service schools and military service.

Non-traditional credit will be officially evaluated upon request or when the student petitions for graduation from Lassen Community College. The maximum credit for all non-traditional credit accepted may not exceed 12 semester units.

Students planning to transfer to a four-year college or university should note that non-traditional credit accepted by Lassen Community College may not be acceptable for transfer.

Students should check with prospective transfer colleges regarding their policies on non-traditional credit. Re-evaluation at the four-year institution may be an advantage to the transfer student since upper division credit may be allowed.

# **Student Life and Activities**

## **Associated Student Body**

The Associated Student Body (ASB) is the representative body of Lassen Community College students. All currently enrolled Lassen Community College students who have purchased a current ASB card shall be members of the ASB. All members are entitled to reduced or free admission to all of its activities, bookstore services and local merchant's discounts.

During the spring semester, students will elect ASB officers to represent the students to the college administration and the District Governing Board. The elected officers include the President, Vice-President, fifteen Senators, and Student Trustee. The Associated Student Body appointed officers are the Secretary and Treasurer.

The Associated Student Body President appoints students to serve on Lassen Community College committees. The Executive Council and Student Body Council exercise the powers and duties of the ASB Government.

The Associated Student Body and the Vice President of Student Services will approve new clubs and student organizations. If students are interested in becoming a member of a club or if they want to start their own organization, they should contact the ASB.

The ASB officers meet once each week. ASB meetings are open to the public and include an opportunity for students and others to share their views. Stop by the help desk in BaseCamp to find out more.

## Organizations

In order to secure the most from college life, students are encouraged to participate in one or more of the many clubs on campus. These clubs offer many diversified opportunities to students for both social and educational contracts. Each club elects its officers and plans its own program for the semester. How successful it becomes depends largely upon the enthusiasm of its membership. If students are interested in becoming part of a club or if they want to start their own organization they should stop by the Associated Student Body Office, located in the Student Dormitory Building.

## Phi Theta Kappa National Honor Society

Beta Omicron Xi Chapter Lassen College was established in 2006, Phi Theta Kappa International Honor society serves to recognize and encourage the academic achievement of two year college students and provide opportunities for individual growth and development through honors, leadership and service programming. The focus of Phi Theta Kappa is scholarship, leadership and service to the community. In addition to recognition of academic excellence members enjoy fellowship, opportunities for leadership and a chance to provide service to the community and access to Financial Aid assistance for those who plan on transferring to a four year university. See the Phi Theta Kappa website at [www.ptk.org](http://www.ptk.org).

## Athletics

Lassen Community College athletics emphasizes and takes pride in their athlete's pursuit of their educational goals. The College provides a well-rounded program of intercollegiate athletics. Lassen Cougar teams compete in men and women's basketball, soccer and rodeo, men's baseball and wrestling, and women's softball and volleyball. Lassen Community College is a member of the California Community College Athletic Association (CCCAA) participating in both the Golden Valley Conference, as well as the Big Eight Conference in wrestling. Lassen Community College is also a member of the National Intercollegiate Rodeo Association (NIRA). Eligibility Criteria:

1. No student shall represent the college in any athletic contest unless they are enrolled in a minimum of twelve units (15 units for rodeo) of academic work in regular or special courses as defined in the LCC curriculum.
2. All athletes must follow a current Educational Plan approved by their academic counselor.

Questions regarding athletic eligibility should be directed to the Director of Athletic Operations at 530-251-8815 or check the website at [www.lassenathletics.com](http://www.lassenathletics.com)

## Campus Activities

Student engagement opportunities for Lassen Community College students extend beyond the classroom to events on and off campus. Orientation and Student Success, located at Basecamp, in CA 209, is a center dedicated to enhancing the college experience for all students. OSS provides avenues to develop leadership skills through the student ambassador program, and enhance the college experience through varies student engagement activities. Through these interactions, students form relationships with friends, staff and faculty that will benefit them during their time at Lassen College and beyond. Without these connections to the campus, many students would lack the support system they need to be successful:

- Lassen Fest Pool Party
- WOW Week of Welcome
- Bagel Thursdays
- LCC Meetups
- Cougar Countdown
- Winter Welcome
- Study Place
- College Success Huddles
- Student Help Desk

For questions regarding student engagement contact the Director of Orientation and Student Success at 530.257.6181 x8911 or email [jtupper@lassencollege.edu](mailto:jtupper@lassencollege.edu).

# Students Rights, Freedoms And Responsibilities

## Responsibility

Students are responsible for their own academic success. Regular attendance and participation are crucial factors in student success.

## Rights and Freedoms

Lassen Community College is an academic community with membership consisting of students, faculty and staff. Its purpose is to provide an agreeable atmosphere for developing men and women both scholastically and socially. Free inquiry and expression are necessary aids in the development of resourceful and analytic thought processes.

This community requires a system of guidelines for organized activity on campus. Primary responsibility for preserving the system of order rests with individuals of the community. Students must accept responsibility for their actions and values, recognizing that they reflect upon the entire college community.

## Access

Within the limits of its facilities, this institution shall be open to all students who are qualified according to its admission standards. Under no circumstances shall a student be barred on the basis of race, color, sex, creed, religion, nationality, age, marital status, or

disability.

## **Expression**

Students are free to express their views on issues of institutional policy and on matters of general interest to the student body. They are free to support causes by orderly means, which do not disrupt the regular and essential operation of the college. Students, through established school committees, may help establish policies concerning student academic and nonacademic affairs.

## **Association**

Students are free to form and join associations according to standards set by the Associated Student Body and the Student Rules of Conduct.

## **Disclosure**

Information about students or student's beliefs and views, which teachers, counselors or administrators may obtain, are confidential. Students can consent to the disclosure of judgments on ability and character if circumstances warrant.

## **Student Rules of Conduct**

Standards of conduct are applicable to all members of the college community, visitors, and guests. Student rules of conduct are designed to promote individual and group governance in accordance with dignity, decency, and maturity.

In particular, such standards are directed toward social and living relationships pertinent to the college. The following misconduct for which students are subject to college discipline applies at all times on campus and applies to any off campus function sponsored or supervised by the college

- Dishonesty, such as cheating, plagiarism, or knowingly furnishing false information to the college.
- Forgery, alteration, or misuse of college documents, records or identification.
- Obstruction or disruption of teaching, research, administration, disciplinary proceedings, or other college activities, including its public service functions or of other authorized activities.
- Physical abuse of any person or conduct, which threatens or endangers the health or safety of any such person.
- Theft of or damage to, property of the college, its officers, employees, students, or visitors.
- Unauthorized entry to or use of college facilities.
- Violation of college policies or of campus regulations, including campus regulations concerning the registration of a student organization or the time, place, and manner of public expression.
- Intoxication from the use of alcohol or being under the influence of unlawful drugs or unlawfully distributing, selling, or possessing of the same on college property or at events sponsored by the college.
- Failure to comply with directions of college officials acting in performance of their duties.
- Gambling on college property.
- Hazing or any act that injures, degrades, or disgraces any fellow student or person attending the college.
- Sexual harassment.

## **Student Discipline**

The Vice President of Student Services shall exercise general supervision over the conduct of students. The authority for sanctions for students who fail to accept responsibility to abide by Standards of Conduct is provided in the Lassen Community College Policy Book, Section 5380 and in compliance with the California Education Code.

The following shall comprise the range of official college sanctions, which may be taken as a result of any disciplinary hearing. Sanctions may be imposed only after a disciplinary hearing at which the student has had the opportunity to be present.

1. **Warning** - Notice to the student that continuation or repetition of specified conduct may be cause for other disciplinary action.
2. **Censure** - Written reprimand for violation of specified regulation.
3. **Conduct Probation** - Exclusion from participation in designated privileges or extracurricular college activities for a specified period of time.
4. **Restitution** - Reimbursement for damage or misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damages.
5. **Interim Suspension** - Exclusion from Classes and other designated privileges or activities for a definite period of time. (Education Code Section 10601)
6. **Expulsion** - Permanent termination of the student's status without possibility of re-admission to the college. (Code of Conduct cf. 5412.2)

## **Student Grievance and Appeals**

The Governing Board of Lassen Community College District authorizes the establishment of procedures through which students can resolve issues concerning violations of their rights relating to alleged misinterpretation, misapplication, or violations of specific district policies. These procedures are available and administered by the Vice President of Student Services.

1. Within ten school days of the occurrence, the student meets with the Vice President of Student Services to discuss the issue that constitutes the basis of the alleged violation. Every attempt should be made to resolve the grievance at this meeting. The Vice President of Student Services shall render a decision at this time.

- If the student is not satisfied with the decision, the Vice President of Student Services will require that the student put the complaint in writing, citing the specific rights violated, the persons involved, and a recommendation regarding solution of the complaint. The written grievance must be delivered to the Vice President of Student Services no later than ten school days after the meeting in Step 1. The Dean will render a decision no later than ten school days after receiving the written complaint.
- If the student is not satisfied with the decision rendered in Step 2, he/she may request in writing that the Vice President of Student Services convene the Grievance/Appeals Committee to review the case. This must be done within ten school days of the decision rendered in Step 2. The student has the right to appear before the Grievance/ Appeals Committee at some point during its deliberations and to bring witnesses to appear before the committee, in order to present information relevant to the grievance. The Vice President of Student Services will serve as an ex-officio member of the committee. The committee shall render a decision within ten school days of its meeting. The decision of the committee shall be final.

## Grade Changes, Academic Grievances and Appeals

Education Code, Title 3, Section 76224, states in the absence of mistake, fraud, incompetence or bad faith, the determination of a student's grades by an instructor shall be final once they have been filed with the Admissions and Records Office. If the presence of mistake, fraud, bad faith or incompetence is determined, the Vice President of Academic Services may delete the grade from the transcript.

Students are responsible for maintaining standards of academic performance established for each course in which they are enrolled. Situations creating concern should first be discussed directly with the instructor. If this action does not produce adequate clarification of the issue and a satisfactory resolution, a student may process an appeal. The Vice President of Academic Services will administer the appeal process.

## Drug Free Campus

The Lassen Community College District is committed to providing a safe and healthy working environment and to ensure a drug free campus. In compliance with the Drug Free Schools and Campuses Act of 1990 the following regulations are in effect:

- The unlawful manufacturing, distributing, dispensing, possession, or use of a controlled substance is prohibited on campus.
- The term "controlled substance" is defined in the schedules I through V of Section 202 of the Controlled Substance Act 21USC812.
- Penalties for Campus Drug Use: State and Federal penalties apply to anyone convicted of the manufacturing, distributing, dispensing, possessing, or use of controlled substances.

**Misdemeanor Convictions** for campus drug use can result in a fine and incarceration of up to a year in a county jail.

**Felony Convictions** for campus drug use can result in a substantial fine and a lengthy jail sentence in state prison. Felony convictions include the manufacture, possession for sale or use of substances such as amphetamines (whites, uppers), barbiturates, codeine, cocaine/ crack, heroin, L.S.D., methamphetamine, (crank, crystal), marijuana, P.C.P., and Quaaludes.

## Dangers of Drugs in the Workplace

Drug Addiction is a major health problem. The death, disabilities and diseases stemming from drug abuse excel the morbidity and mortality rate of any other disease.

The campus is harmed. Excellent students and their careers are affected. Students are excessively sick, produce inferior work or perform unsatisfactorily. The detrimental effects of this problem are reflected everywhere.

People who abuse drugs affect public health and safety. The losses suffered must not be measured in dollars and cents alone but also in lives.

## Dangers of Drug Use

### Alcohol

- Decreased performance
- Poor judgment and coordination
- More accidents
- Drowsiness and mood swings
- Lower morale and increased conflicts with others
- Shortened attention span
- Impairment of judgment and decision-making ability

### Cocaine/Crack Cocaine

- Lack of dependability
- Irritability and depression
- Crime (stealing to cover cost of drug)

### Marijuana

- Disruption of space and distance
- Slower physical reflexes and poor coordination
- Forgetfulness and diminishing mental powers
- Drowsiness and mood swings

### Opiates

*Heroin, Pain Pills, Codeine, Darvon, Vicodin, and Percodan*

- Impaired judgment and lowered efficiency
- Disinterest in classroom safety
- Increase in illness
- Drowsiness and mood swings

## Smoking

To provide a safe and healthy environment to learn and work smoking in District facilities and vehicles is prohibited. Smoking is prohibited within 20 feet of a main exit, entrance or operable window of any campus building. It is the intent of this policy to promote comfort, health, and well-being of all district students, staff and visitors and maintain the safety of District facilities. Smoking means the carrying or holding of lighted cigarettes, cigars, cloves, bidis, pipes, hookah, marijuana, other lighted weed or plant, electronic

cigarettes, or other similar smoking device or equipment; OR emitting or exhaling the smoke of lighted cigarettes, cigars, cloves, bidis, pipes, hookah, marijuana, other lighted weed or plant, electronic cigarettes, or other similar smoking device or equipment. Smoking also includes the use of mouth or smokeless tobacco (to include dipping, chewing, etc.) or similar chew or spit product. (AP3570)

### **Student Assistance Program**

A student desiring additional information regarding drug abuse may contact one of the counselors.

### **Student Acknowledgment**

Part of the Drug Free Schools and Campus Act requires that students be given information regarding substance abuse. This information can be found in the college Catalog, Class Schedule, Student Handbook and Counseling Office. (Education Codes 87009, 87011, 87405, 87732, 87733, 88002)

### **Sexual Harassment Policy**

The Lassen Community College District enforces a policy prohibiting sexual harassment and will respond promptly and effectively to reports of sexual harassment. Sexual harassment is unlawful discrimination in the form of unwelcome sexual advances, request for sexual favors and other verbal, visual or physical conduct of a sexual nature, made by someone from or in the workplace or in the educational setting. The District will take appropriate action to prevent, to correct and if necessary, to discipline behavior that violates this policy. For a complete copy of the policy prohibiting sexual harassment or to make a complaint, contact the Office of Human Resources.

### **Family Education Rights and Privacy Act (FERPA)**

The confidentiality of student records shall be maintained in accordance with the Education Code and in compliance with federal regulation as outlined in the Family Education Rights and Privacy Act. Lassen Community College will release directory information only as specified in Board Policy 5040 to include the students name, honors and involvement in ASB or other extracurricular activities. Release of any other information requires the student's written permission.

### **Access to Educational Records**

All former and present students have the right to review and inspect their educational records in the Office of Admissions and Records provided they make a written request fifteen (15) days in advance. Such a review will be under the direct supervision of a classified or certificated employee in the Admissions and Records Office. Expressly exempted from the right of review and inspection are the following materials:

- Financial records of the parents or legal guardians of the student(s).
- Confidential letters and statements of recommendation maintained by the College on or before January 1, 1975, provided that such letters or statements are not used for purposes others than those for which they were specifically intended.
- Records of instructional, supervisory, counseling, and administrative personnel which are in the sole possession of such personnel and are not accessible or revealed to any other person except a substitute.
- Records of employees of Lassen Community College, made and maintained in the normal course of business which relate exclusively to such person in that person's capacity as an employee, are not available for use for any other purpose.

### **Vaccinations/Immunizations**

California Community Colleges do not require proof of immunization for enrollment however students are urged to update their immunization status. Upon transfer, many universities require MMR and Hepatitis B clearance as a condition of admission. Depending on the major, immunizations may be necessary prior to acceptance into selected programs. Students should consult with the specific department for further information.

## **College Services**

### **Academic Resource Center (ARC) – Library & Learning Center**

The Lassen Community College Academic Resource Center (ARC), located on the campus' center in the Humanities building, presents a picturesque view of the campus, Honey Lake Valley and Sierras via its two-story windows. The ARC offers a wide array of resources and services to students, faculty and staff including Wi-Fi, a café, comfortable seating, instruction and tutoring. Fully technologically equipped, two study rooms allow for quiet or group study sessions. Over 12,000 books, hundreds of course reserves, a textbook lending program, periodicals and media are easily reachable in-house; twenty-five online databases, nearly 200,000 eBooks, the library catalog and tutoring are accessible 24/7, both on and off-campus. Computers on both levels are equipped with Microsoft Office, the Internet and free limited printing. In addition, students may checkout textbooks, laptops and calculators without charge. Friendly research help is always obtainable. One-on-one assistance from trained peer tutors and instructors in a variety of subjects including math, writing, reading and the sciences is available. Also, small group tutoring as well as online tutoring are complimentary. Proctoring is attainable for those requiring supervised test-taking. Additional information about the ARC may be found at <http://lassencollege.libguides.com> or by contacting the Library at (530) 251-8830.

## Admissions and Records

The Admissions and Records Office is responsible for the admissions and registration process of the College. Services include:

- Registration - online
- Maintenance of student's transcripts
- Transcript requests
- Residency
- International student admission
- Petitions for exceptions

All inquiries for Admissions and Records services may be directed by sending correspondence to Lassen Community College, Admissions and Records, P.O. Box 3000, Susanville, CA 96130 or by calling 530.251.8808 or by faxing 530.251.8802.

### BaseCamp

Basecamp is here to assist all students in the process of attending and completing their educational program at Lassen Community College. The mission of BaseCamp is to ensure ALL students no matter their cultural, ethnic, religious, gender, sexual orientation, or socio-economic standing are afforded every opportunity to meet their educational and career goals at Lassen Community College. BaseCamp meets our mission through initiatives, programs and collaboration with all departments on campus in student, academic and business services. Some of the services available through Basecamp are bulleted below. For more information and the most current list of services and programs, visit our website at [www.lassencollege.edu/student-services/basecamp](http://www.lassencollege.edu/student-services/basecamp). If you have suggestions for ways we can better serve students, please contact Interim VP of Student Services, Brady Reed at [breed@lassencollege.edu](mailto:breed@lassencollege.edu). We are located in Creative Arts room 209 or you can reach Basecamp by calling 530.257.6181 ext. 8946.

### • CalWORKs

We are a California Community College program serving CalWORKs students and their families by providing educational and career opportunities combined with an array of high-quality support services that enable students to complete their educational goals, find meaningful employment, and successfully transition into the workforce. Through collaboration and advocacy with our college and community partners, we prepare a segment of California's workforce by promoting the economic self-sufficiency of CalWORKs students through the attainment of a higher education.

Students currently receiving Temporary Assistance for Needy Families (TANF) Cash Aid are potentially eligible for services through the CalWORKs program. Call 530.257.6181 ext. 8991, for information on supplementary childcare funding, job placement, career and job search assistance, CalWORKs work study and advisement and support services.

### • Career and Transfer Center – Student Services/Vocational Trades Building

The Lassen Community College Career and Transfer Center is located in the Student Services/Vocational Trades Building in the middle of campus, with a white location flag out front. Opened in August of 2019 it is a spacious welcoming center for all students. The Career and Transfer Center offers a wide variety of resources and services for students and staff including Wi-Fi, computers, classroom seating, and white board. Technologically equipped, the center has six individual computer stations, and a twelve seat classroom which allows for individual career and transfer exploration, as well as seminars and workgroup presentations. Computers are equipped with Microsoft Office, the Internet and free limited printing. Open daily M-F 8:00-4:30 or by appointment, the friendly staff is trained to assist with career and college transfer needs. Drop in assistance is offered for: Career assessments, selecting a major, exploring jobs & salaries, searching for college transfer degrees, typing tutor, and job board. By appointment services offered: College transfer applications, job applications, interviewing skills, resume, cover letter and high school equivalency testing. Monthly workshops and seminars are offered to help students move toward a successful career and college degree, advertised in the portal. Additional information about the Career and Transfer Center may be found at <http://www.lassencollege.edu/student-services/counseling/career-and-transfer-center/Pages/default.aspx> or by calling (530) 251-8833.

### • DSPS - Disabled Student Programs & Services

Special courses and services are offered for students with verified disabilities on an ongoing basis. Psycho-educational diagnostic testing is also available for students with possible learning disabilities or acquired brain injuries. Counseling and registration assistance is available for all students with disabilities. Students may contact the DSPS Office at 530.251.8867 or the Learning Disabilities Program at 530.251.8867. For more information see:

[www.lassencollege.edu/student-services/basecamp/dsps/Pages/default.aspx](http://www.lassencollege.edu/student-services/basecamp/dsps/Pages/default.aspx)

**High Tech Center** – The High Tech Center is a computer lab designed to serve students with various disabilities and special needs. The computers are designed or equipped with special software that accommodates or assists students with their learning and college course work. Special software is available for disabled students. Students may contact the High Tech Center at 530.251.8867.

### • EOP&S - Extended Opportunity Programs & Services

The Extended Opportunity Programs and Services (EOP&S) is a state funded program which provides special Above and Beyond Services to eligible students. It serves about 300 students a year providing above and beyond student success services to assist them in reaching their educational goals. The services provided to students eligible for the EOP&S program include:

- Academic Advising and Counseling
- Develop Educational Plans
- Book Grants and Book Lending
- Progress Reporting
- Transfer Assistance/Fee Waivers
- 4 year college campus tours
- Health & ASB Fees Paid
- Meal tickets
- Gas Cards

- School supplies
- Priority Registration
- Various Support Services
- Caps and Gowns
- Lap Top Loans
- Tutoring
- Computer Lab

Access to higher education is not a privilege for a chosen few, but a right for all that desire to learn. EOP&S services provide positive encouragement to qualified applicants who are full time, low income, underrepresented, and under prepared. This program is funded by a state grant and provides services above and beyond those already provided by Lassen Community College.

To be eligible for EOP&S services a student must meet the following criteria.

1. Be a California resident
2. Be enrolled as a full-time student (12 or more units per term)
3. Have fewer than 70 units of degree applicable college credits
4. Complete and submit the California College Promise Grant (CCPG)
5. Be educationally disadvantaged

The EOP&S Program creates an environment that is responsive to the needs of the students it serves and is culturally sensitive to the diversity of students that qualify for the EOP&S student success driven services it provides. For more information call 530.257.6181 ext. 8953.

### • **CARE - Cooperative Agencies Resources for Education**

The Lassen Community College Cooperative Agencies Resources for Education program (CARE) is a state funded program focusing on providing financial, educational and emotional assistance and support to students who are CalWORKs/TANF eligible, single head of household wanting to attend college. The program provides off-campus childcare reimbursement for infants and children under the age of 14 years. CARE Student Support Group meetings are held monthly to discuss issues and concerns of the student. The aim of CARE is to help students with the cost of coming to school, increase their educational skills, become more confident and self-sufficient, enhance their employability, and move from welfare to independence.

Services provided to students eligible for CARE include:

- Child care allowances
- Transportation
- Textbooks and school supplies
- Uniforms
- Informational workshops for single parents
- Conferences
- Grants

To be eligible for the CARE program, student must meet the following criteria;

1. Eligible for the EOP&S Program
2. Maintain a full-time program of study (12 units or more).
3. TANF/CalWORKs as a single head of household and currently receiving cash aid.
4. 18 years of age or older.

For more information call 530.251.8837.

### • **Foster Youth Services Success Initiative (FYSI)**

The purpose of the FYSI is to remove barriers that youth from foster care often encounter when attempting to access or attend an institute of higher education. The FYSI aims to improve outcomes for foster youth students by improving the following key areas:

- Access to student services and resources
- Access to academic support
- Outreach and retention
- Academic performance
- Completion of units
- Completion of programs and degrees
- Transfer rates to baccalaureate

Lassen Community College has a designated FYSI Liaison located within BaseCamp in CA 209. For more information please contact Brady Reed, Interm VP of Student Services at [breed@lassencollege.edu](mailto:breed@lassencollege.edu)

### • **Kinship Care**

The mission of Lassen Community College Kinship Care Education is to provide needed training and support for Kinship Care Providers in the Lassen Community College District. Kinship providers who are caring for relatives (siblings, grandchildren, nieces, nephews, or family friend, etc.) are presented with unique challenges. The Lassen Community College Kinship Care Education program recognizes these challenges and strives to support the providers by offering free educational training workshops, providing high quality resource material and much needed support. Some of the training topics offered are: Parenting Skills, Effects of Fetal Alcohol Syndrome, Anger Management, and Strategies for Working with Difficult Children, Separation and Attachment, and many more. For more information please call 530.257.6181 ext. 8901 or email [kinship@lassencollege.edu](mailto:kinship@lassencollege.edu)

### • **Orientation and Student Success**

The Orientation and Student Success program supports students and the College by providing programs and services aimed at helping students at LCC. This includes everything from Orientation and Welcome Week, to student led activities to a quiet place to study.

## Bookstore

The bookstore carries required textbooks and supplies for classes offered at the college. Miscellaneous school supplies are available along with logo clothing, art supplies, and various snacks. The community is invited to stop by and see what the bookstore has to offer. The bookstore is located in the Student Union – housed with the Cougar Café: Bookstore is staffed from 8:30 a.m. to 4:00 p.m.

## Child Development Center

The Lassen Community College Child Development Center is open to students and community families with children 8 weeks to 5 years of age. The Center provides a child-centered developmentally appropriate curriculum for all children in care. They operate Monday through Friday from 7:45 a.m. until 4:30 p.m. (some programs operate at reduced hours), taking the same holidays as the College. No fee, low fee and full fee programs are available depending on the family income. For more information or to enroll your child, please call 530.251.8843.

## Student Union/ Cougar Café

The student union café also serves a wide variety of items for breakfast and lunch. The community is invited to stop by and see what the student union has to offer. Cougar Café is open from Monday-Thursday 7:30 a.m. to 6:30 p.m. and Friday 7:30 a.m. to 2:00 p.m.

## Work Experience & Internships

Work Experience Education is an academic program in which students build work skills through specified learning that they pursue in their individual work settings. There are three types of Work Experience courses: General Work Experience (WE 1), Vocational Work Experience (vocational courses numbered '49' such as AJ 49 or HUS 49), and Occupational Work Experience (WE 2). Upon completion of their Work Experience course students earn transferable credit with a letter grade. For more information contact Lisa Gardiner @ [lgardiner@lassencollege.edu](mailto:lgardiner@lassencollege.edu) or 530-251-8856.

**General Work Experience** - assists students in learning about the world of work and is open to students regardless of major or job. Through this course, students develop and/or improve basic work habits and entry level job skills. No more than 6 units may be earned in General Work Experience (WE-1).

**Vocational Work Experience** - provides students with opportunities to develop or add marketable skills that are related to their vocational career objective.

**Work Experience** - provides students with opportunities to develop or add marketable skills related to their transfer major at California State Universities and Colleges. Students transferring to private or out of state universities and colleges should meet with their counselor to determine the transferability of work experience credits. The University of California does **not** allow transfer credit for Work Experience.

**How the Work Experience Program Works** – At the beginning of the semester students attend one of several Work Experience Orientations listed on the class schedule. During the orientation, students are given all the information they need to successfully complete the program. Students begin by meeting with their supervisor to create individualized measurable occupational learning objectives that identify new skills to be learned on the job by the end of the semester. Next they submit their objectives to the Work Experience Education office for approval. Throughout the course, students work toward accomplishing their learning objectives and demonstrating good basic work skills on the job. The Work Experience Instructor/Coordinator visits the worksite to complete an evaluation and provides support and assistance to student and employer throughout the program. Grades for Work Experience are based on completion of identified learning objectives, demonstration of good basic work skills and timely submission of all Work Experience assignments. Eligible students must meet the following criteria:

1. Be working in a paid or volunteer position for a licensed business. Students who do not have a job or internship and would like assistance should contact the Work Experience Education office. Students must have a cooperative employer by the end of their third week of their Work Experience course (end of the first week summer session) to remain in the program.
2. Register for 1-8 units of Vocational or Work Experience or 1-6 units of General Work Experience. Students who are working in a position related to their college major, and are taking or have taken a course in that area should enroll in the area's Work Experience class. Interested vocational students may earn college credit in the following majors: Administration of Justice, Agriculture, Art, Automotive Technology, Business, Child Development, Correctional Science, Fire Technology, Gunsmithing, Health Occupations, Human Services, Journalism, and Welding Technology. One unit of credit may be earned for every 75 hours of paid work experience or for every 60 hours of volunteer experience. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Vocational, Occupational and General Work Experience enrollments. Enrollment limitations exist. See a counselor or the Work Experience Coordinator for further information.
3. Attend a Work Experience Orientation during the first two weeks of the course to get started in the program and receive all necessary course materials.

## Counseling

The Counseling Office, located in the Student Services Building, provides services to help students define their academic and career goals including academic counseling and advising, personal counseling, student orientation, career assistance, and information regarding transferring to a four year college or university.

**Academic Counseling:** Counselors are available to assist students in interpreting multiple measures placement, selecting courses, formulating an educational plan, discussing educational concerns, and providing guidance toward student educational goals.

**Articulation Agreements:** Articulation is an agreement between Lassen Community College and four-year colleges and universities that identify Lassen Community College courses that will transfer and meet four-year college and university requirements. These agreements are maintained by the Counseling Office and are listed at [www.assist.org](http://www.assist.org), the website for ASSIST, California's official statewide repository of transfer course information.

**Personal Counseling:** Lassen College now has a Behavioral Health Program Manager to assist students with mental health needs, along with providing workshops and trainings. If you or a classmate is feeling depressed, anxious, or has any other mental health concerns please do not hesitate to reach out at (530) 257-6181 ext. 8902 or by email [sharrington@lassencollege.edu](mailto:sharrington@lassencollege.edu). Staff and faculty may also consult with the Behavioral Health Program Manager if they have any questions or would like to refer a student for services.

**New Student Orientation:** Student Orientation is designed to help incoming students familiarize themselves with the programs, facilities, policies, and procedural expectations of the College. It is common for colleges to use their own language, terms and vocabulary that are often very unfamiliar to students. Orientation programs provide students the tools to navigate their college experiences successfully. All new students must complete an online orientation session. Online orientation can be found under new students tab on the LCC website.

**Educational Plans:** Your educational plan is developed in consultation between you and your assigned counselor and it outlines all course work necessary for you to reach your educational goal. All new students whose educational goal is to transfer or complete a degree or certificate should complete an educational plan by the beginning of their second semester. Plans are subject to revision whenever a student changes their anticipated major or field of study or if they change the course pattern outlined in their current educational plan. Educational research has verified that students are more successful in college when they have a firm educational plan. They also take less time to accomplish their educational goals. You can make an appointment by contacting the Counseling Office at 530.251.8842.

## Financial Aid

For more information on Financial Aid see the next section on "Financial Aid and Scholarships" in this catalog. (Page 27)

## Housing

The residence hall provides accommodations for students with two and four person rooms. For an additional fee a student can request a single room, which will be assigned if availability allows. Laundry facilities, a common kitchen, and a television lounge are available for student use. At the west end of the building you will find two-story game room with floor to ceiling windows. Various nights during the semester you will find both table pool and foosball tournaments in this room as part of the Lassen Intramural Activities Program.

In addition to foosball and pool table, various sports programs (indoor touch football, three-on-three basketball, dodge ball and lots more) make up the Lassen Intramural Competitive Activities Program on Monday and Thursday evenings. The non-competitive lunchtime activities occur Monday through Friday in the lounge and internet gaming has been implemented into the program as well. Most rooms accommodate two students; however, there are also some four-person rooms. A common bathroom joins the suites for two person rooms and a single bathroom is shared in the rooms that accommodate four residents. The room is furnished with a desk, chair, drawers, bookshelf, closet, sink/vanity area and an extra-long twin bed for each student. Students are **not** to bring their own furniture, as no storage is available. The rooms are controlled individually for heat. Telephone service is not provided. However Wi-Fi service is provided. The beds use extra-long twin sheets. Students will need to bring a good study lamp, trash can and personal items to decorate their room. No drugs, alcohol or sexually provocative material is allowed as decorations.

The Vice President of Student Services and other college staff are responsible for the residential program. The Housing Office is located in the Residence Hall and is open Monday through Friday. The Residence Manager is on duty Monday Through Friday during the day. Six Residential Advisors assist in maintaining a safe and secure facility including locked doors and visitor check-in after 10:00 PM.

The guidelines for living in the Lassen Community College Residence Hall have been established to protect the health, safety, and social welfare of all community members, to provide a climate conducive to study, to discourage dishonesty, vandalism, and personal abuse. Rules are enforced to avoid infringement of the rights of others.

Each resident is responsible for his or her actions and each is entitled to a safe, secure, and mature atmosphere in which to reside and a living environment conducive to succeeding in his or her educational objectives. In order to maintain that environment, the residence hall has multiple cameras observing hallways and entry/exits on a 24/7 basis.

Information regarding rates is included in the residence hall application packet. Upon return, the completed dorm application must be accompanied by a security deposit to reserve a room. Applications can be obtained by writing to: Lassen Community College, Housing Office, PO Box 3000, Susanville, CA 96130 or via email to [fbeaujon@lassencollege.edu](mailto:fbeaujon@lassencollege.edu) or from the Lassen Community College website [www.lassencollege.edu/campus-lif/residence-hall](http://www.lassencollege.edu/campus-lif/residence-hall)

Check-in times are scheduled on specific days during the two weeks prior to the first day of school. For more information please contact the residential life staff by phone at 530.251.8879 or by email at [fbeaujon@lassencollege.edu](mailto:fbeaujon@lassencollege.edu)

## Career Technical Education CTE/Transitions (Formerly Tech Prep 2+2)

The Career Technical Education (CTE)/Transitions program offers high school students the opportunity to take an approved technical

preparation class during their high school years and receive Lassen Community College credit. Students are able to develop high academic and employability competencies through approved technical preparation and instruction. This opportunity eases the transition from the high school to the college and offers an incentive for students to continue their education at a more advanced level. After completing an articulated CTE/Transitions class with a grade of "B" or better at the high school level, a high school student qualifies to receive earned credit at Lassen Community College in the articulated course(s) without having to repeat the course at the college level by submitting your high school transcripts and required form from the Credit Guidelines packet to the LCC Admissions and Records Office and enroll.

CTE/Transitions credit is only available up to five years after high school graduation. "Credit by Exam" is granted based on articulated course content and exams or alternate assessments. Students must be in good standings and complete all requirements.

For a Credit Guidelines Packet or more information on the CTE/Transitions program visit the Lassen Community College Counseling Office or speak with your high school counselor.

### **Veteran's Services**

Lassen Community College is approved for veteran training under Public Law 890-358, as well as under the California State program. The Lassen Community College Veteran's Certifying Official is a liaison between the Veteran's Administration and the individual veterans, insuring timely educational benefit payments. Veterans or veteran family members eligible for government benefits should contact the college Financial Aid Office in the Student Services Building. All students expecting Veterans Benefits, degrees or certificates must file an official transcript of their record from all colleges previously attended.

After completing all necessary paperwork, the veteran is ready to meet with the veteran's counselor to complete their schedule. Call 530.251.6181 ext. 8950 to receive more information.

### **Military Service Schools/Formal Military Service Schools**

College units may be allowed for the successful completion of college-level training in formal service schools as recommended in "The Guide to the Evaluation of Educational Experience in the Armed Services", published by the American Council on Education.

Lassen Community College will grant college credit if the person has served at least six months in active service.

Active duty personnel should submit a copy of DD295 (veterans submit DD214) to the Financial Aid Office and the Veteran's Counselor for evaluation.

# **Financial Aid and Scholarships**

Financial Aid is dedicated funding that assist students with the costs of attending college, it is meant to help students achieve their academic goals. Funding sources include the Federal and State government as well as other public and private entities.

Every student interested in receiving Financial Aid is first required to fill out a FAFSA- **F**ree **A**pplication for **F**ederal **S**tudent **A**id on the web every academic year. The on-line application is found at [www.fafsa.ed.gov](http://www.fafsa.ed.gov) ; this is the only viable website to file a FAFSA. (The school code for LCC is 001217.) Each student receiving Financial Aid is expected to enroll **only** in classes/courses that are needed to complete their education goal at LCC.

### **Eligibility Requirements**

1. Submit a Free Application for Federal Student Aid (FAFSA) to the U.S. Department of Education to establish eligibility.
2. Have demonstrated financial aid eligibility according to federal and state regulations.
3. Have a high school diploma or the equivalent. Students who do not have a high school diploma or the equivalent may not be eligible for federal financial aid, but may be eligible for state and locally funded aid programs.
4. Enroll in an eligible program to complete an associate degree or an eligible certificate program or transfer requirements. Most forms of financial aid are only available to students enrolled in an eligible program.
5. Declare a major and obtain an education plan as approved by a Lassen Community College counselor, which must be on file.
6. Most important!! Students must maintain satisfactory academic progress (SAP). Once a student's aid has been verified and awarded it is the student's responsibility to maintain SAP in order to keep their eligibility for Federal financial Aid.

### **Satisfactory Academic Progress (SAP)**

Lassen Community College complies with federal requirements to monitor financial aid recipients' SAP toward a declared and eligible educational objective of an associate degree, certificate or transfer to a baccalaureate degree granting institution. Students receiving financial aid are expected to maintain a cumulative grade point average of at least 2.0, and to successfully complete each course that they attempt. Also students are expected to complete their educational goal within a reasonable timeframe. Beginning July 1, 2012 the maximum lifetime eligibility to receive a PELL grant has decreased from 9 full time years to 6 full time years.

In accordance with Federal Student Aid regulations, SAP procedures measure each student's progress three unique ways qualitative, quantitative and incremental. Student's failure to maintain SAP will first result in a semester on warning, if the student fails to meet SAP the next semester the student will be placed on Financial Aid Suspension along with disqualification of receiving Federal Financial Aid previously awarded. LCC has an appeal process that exists for those students who have had extraordinary and unexpected circumstances which caused the failure to maintain SAP.

### **Estimated Cost of Attendance (COA)**

The table below is an estimate of the average annual cost of attendance (COA) at Lassen Community College. These are estimated

and averaged costs as provided by the California Student Aid Commission with the exception of Fees and On Campus Housing, which are actual. The Student COA cannot be exceeded by the sum of all aid the student receives for the academic school year.

In State	Student Living With Parent		Student Living On Campus		Student Living Off Campus	
	Annual	Semester	Annual	Semester	Annual	Semester
Tuition and Fees (12 units/term @ \$46/unit & \$12.50/term)	\$1,130	\$565	\$1,130	\$565	\$1,130	\$565
Books & Supplies	\$1,080	\$540	\$1,080	\$540	\$1,080	\$540
Food	\$8,780	\$4,390	\$7,098	\$3,549	\$5,416	\$2,708
Housing	\$0	\$0	\$3,000	\$1,500	\$11,164	\$5,582
Transportation	\$938	\$469	\$324	\$162	\$858	\$429

Tuition (\$280/unit)	\$6,720	\$3,360	\$6,720	\$3,360	\$6,720	\$3,360
<b>TOTAL COA Out of State</b>	<b><u>\$21,874</u></b>	<b><u>\$10,937</u></b>	<b><u>\$21,962</u></b>	<b><u>\$10,981</u></b>	<b><u>\$30,152</u></b>	<b><u>\$15,076</u></b>

\*Resident Tuition is \$46.00 per unit. Non-Resident Tuition is \$326.00 per unit (health & student fees included in total.)

Students enrolled at a less-than-half-time status for a term will be subject to adjustments to their COA budget and award eligibility.

### Enrollment Status

Eligibility for many types of aid is based on a student's enrollment status in the term. Types of aid that is prorated based on a student's enrollment status include Pell Grant, Osher Scholarship and Cal Grant. Full-time 12+ units 100%, 9-11.5 units 75%, 6-8.5 50%, and 6 or fewer units check with financial aid.

### Effects of Withdrawing, Dropping or Failing

For purpose of Financial Aid, every class/course attempted is counted towards your maximum lifetime eligibility usage; all drops, withdrawal, no-pass, and fail are calculated as zero points towards the student's cumulative GPA. Federal financial aid recipients with no-show withdraw, or drop courses any time before completing more than 60% of the term are subject to repayment of some of the federal aid they received.

### Determination of Withdrawal

The date of withdrawal and no-show dates are based on the official records of the college in accordance with federal regulations. The federal repayment calculation is called R2T4 (Return to Title IV) and the amount the student must repay before receiving any more federal financial aid such as the Pell Grant, FSEOG, work-study and Stafford Loan, is based on a comparison of the amount the student actually received in federal aid to the length of time enrolled for the term.

### Repaying the Debt

You will be notified if you are required to repay a portion of your aid and will have 45 days to repay in full. If the amount owed is not repaid within those 45 days the debt will be referred to the U.S. Department of Education and you will not be eligible to receive any additional federal financial aid at any school until the amount due is repaid in full or satisfactory payment arrangements have been made with the U.S. Department of Education.

### Repeating Courses

Federal Student Aid regulations allow students to repeat a previous passed course once with an A,B,C,D, or P grade and have it included in the determination of their enrollment status for calculating Federal Student Aid.

### Types of Financial Aid Available

- **Federal Assistance Programs**

**Federal Pell Grant** is a federally funded entitlement aid program providing from \$600 to \$6,195 per school year to those students with demonstrated financial need as measured and determined by the FAFSA.

- **Federal Supplemental Educational Opportunity Grant (FSEOG)** is a federally funded aid program that provides assistance to students with exceptional financial need as measured and determined by the FAFSA. Limited funding is available and is intended to supplement Pell Grant funding.
- **Bureau of Indian Affairs** provides grants to help eligible Native American students meet their college costs. To be eligible students must be at least one-fourth American Indian, Eskimo or Aleut as certified by a tribal group served by the Bureau of Indian Affairs (BIA). Students must apply for BIA Higher Education Grants through their tribal agency.
- **Federal Work Study** provides part-time employment to students with a demonstrated financial need as measured and determined by the FAFSA to help meet the cost of their education. Students must work to earn their award. Positions are available on and off campus. Students must be enrolled full-time and funding is limited.
- **Federal Direct Loans** are subsidized and unsubsidized federally guaranteed low interest rate student loans and are not based on credit history. Students must attend a pre-loan entrance interview workshop to understand their borrowing responsibilities. To apply a separate loan request must be completed.
- **Federal Direct Subsidized Loan** is a need-based student loan program designed to assist students with educational expenses while attending at least half-time in an eligible program of study. The interest is subsidized by the federal government as long as the student is enrolled at least half-time.
- **Federal Direct Unsubsidized Loan** can be need based or non-need based. The interest on this loan is not subsidized by the federal government and begins to accrue when it is funded. Students have the option of making interest payments or deferring the interest payment.

## State Assistance Programs

- **California College Promise Grant**  
The California College Promise Grant is available to California residents attending California Community Colleges and waives the enrollment fee for eligible students. Students may be eligible in a number of ways including as a recipient of public assistance benefits, meeting income standards or by demonstrating at least \$1,104.00 of need as measured by the filing of a FAFSA.  
Students must reapply each school year.  
Those who qualify as an AB540 admission should submit a CA Dream Act application to determine their eligibility for the California College Promise Grant. The CA Dream act application is at [www.dream.csac.ca.gov](http://www.dream.csac.ca.gov)  
SB 1456 Establishes the Student Success Act of 2012 and requires students qualifying for the BOG Fee Waiver meet specific academic progress requirements; maintain a cumulative GPA of 2.0 and completion of at least 50% of the coursework attempted.
- **Cal Grant B/C** - Cal Grant funding is a state aid program with additional details of each type available at [www.dream.csac.ca.gov](http://www.dream.csac.ca.gov). There are three types of Cal Grant awards that students may be eligible to receive.
- **Student Success Completion Grant (SSCG)**  
The Student Success Completion Grant (SSCG) is a financial aid program for Cal Grant B and C recipients attending a California Community College full-time (12 units or more). On top of the Cal Grant B or C award paid at community colleges, the Student Success Completion Grant pays full-time Cal Grant B or C recipients a maximum of \$1,298 annually at \$649 per semester for eligible students who enroll and attend 12 through 14.99 units per term and a maximum of \$4,000 annually at \$2,000 per semester for eligible students who enroll and attend 15 units or more per term.  
**Eligibility Criteria**
  - Must be a Cal Grant B or C recipient that received a full-time Cal Grant payment
  - Must be enrolled full-time (12 units or more)
  - Must be meeting Federal Satisfactory Academic Progress (SAP) standards
  - Must have unmet need to receive the SSCG

The purpose of the SSCG grant is to provide students with additional financial aid to help offset the total cost of community college attendance, and to encourage full-time attendance and successful on-time completion.

**Extended Opportunity Programs & Services (EOP&S)** is a state program that provides special services and assistance to full-time eligible students who are California residents.

## Institutional Assistance Programs Scholarships

There are many scholarships available to assist you with the cost of education. Remember, scholarships are a form of gift aid and do not need to be repaid. You are encouraged to seek outside scholarships. Scholarship search websites like [www.fastweb.com](http://www.fastweb.com) can provide many resources.

LCC has an annual scholarship and awards night in May. Scholarship applications are available in the Financial Aid office usually the first week of March. All students are encouraged to pick up the scholarship packet and apply.

# Definition of College Terms

**Academic Probation** - A student may be placed on probation for failure to maintain a 2.0 G.P.A. or failure to complete sufficient number of units.

**Academic Progress** - Maintaining a 2.0 G.P.A. in at least twelve units each semester.

**Academic Renewal** - A petition to have previous Lassen Community College work (grades and credits) excluded from current grade point average, if that prior work is at least three years old.

**Academic Suspension** - A situation caused by low academic or progress performance, in which the suspended student cannot enroll without approval from the appropriate dean.

**Academic Year** - Fall and Spring semesters.

**Administrative Unit Outcomes (AUO)** - Administrative Unit Outcomes (AUOs) are based on what a "client" will experience, receive or understand as a result of the services provided by the unit. AUOs are also based on the specific contributions the unit makes to the effective operation of the college in supporting student learning.

**Associate Degree (A.A. or A.S.)** - A degree (Associate in Arts or Associate in Science) granted by a community college.

**Associate Degree for Transfer (A.A.-T or A.S.-T)** - A degree (Associate in Arts or Associate in Science) granted by a community college that guarantees admission to a CSU campus.

**Bachelor's Degree (B.A. or B.S.)** - A degree granted by a four-year college or university.

**Basic Skills Courses** - Courses in reading, writing, computation or English as a Second Language designed to prepare students to succeed in college level course work. Numbered 100-120 at Lassen Community College.

**Certificate of Accomplishment** - A Certificate of Accomplishment will be awarded for degree-applicable credit course work ranging from three (3) units to less than sixteen (16) units unless statutory or license requirements necessitate a higher unit value (appropriate statutory or license documentation must be attached). The course work must be within a specific educational program.

**Certificate of Achievement** - A Certificate of Achievement will be awarded for degree-applicable credit course work ranging from sixteen (16) units to forty-two (42) units. The course work must be within a specific educational program and approved to be offered at Lassen Community College by the Chancellor's Office of the California Community Colleges.

**Certificate of Competency (Noncredit)** - A noncredit Certificate of Competency will be awarded for a program or sequence of courses that result in the student demonstrating achievement of a set of competencies that prepare him/her to progress in a career path or to undertake degree-applicable or non-degree applicable credit courses. The certificate is in a recognized career field articulated with degree-applicable coursework, completion of an associate

degree or transfer to a baccalaureate institution.

**Certificate of Completion (Noncredit)** - A noncredit Certificate of Completion will be awarded for a program or sequence of courses that prepare a student to progress in a career path or to undertake degree-applicable or non-degree applicable credit courses. The certificate is designed to result in improved employability or job opportunities.

**Community Service Course** - A course where the student pays for the full cost of instruction. Community service courses are not applicable to degrees or certificates, nor do they appear on a student's transcript.

**Co-requisite** - A course which must be taken at the same time as another course.

**Course** - A particular portion of a subject selected for study. This is identified by a course number, for example, Psychology 1.

**Course Description** - Brief statement about the content of a particular course.

**Course Identification Numbering System (C-ID)** - number next to a course signals that participating California colleges and universities have determined that courses offered by other California community colleges are comparable in content and scope to courses offered on their own campuses.

**Credit** - Refers to the units earned by completing a class.

**Credit by Examination** - Course or unit credits granted for demonstrated proficiency in a given area as determined by an examination.

**Credit Course** - Courses that are applicable to degrees and certificates. Numbered 1 -99 at Lassen Community College.

**CSU** - California State University System.

**Education Plan** - A list of courses required to complete educational goal.

**Elective** - Courses which are not required for the major or general education but are acceptable for credit. An elective course may be in the student's major area of study or any department of a college.

**Federal Work Study (FWS)** - A program of federal aid, which provides funds for student jobs.

**Full-time Student** - A student taking twelve or more units in the Fall or Spring semester, or six or more units in the summer semester.

**General Education Requirements** - Courses covering the broad area of thought and experience common to every person. The general education requirements for the Associate Degree and Transfer Degree may differ.

**Good Standing** - Indicates that a student's grade point average in the previous semester and cumulative grade point average is 'C' (2.0 G.P.A.) or better.

**Grade Point Average** - Grade point average (G.P.A.) indicates an overall level of academic achievement.

**Hour** - Same as credit, same as unit. (See Credit)

**IGETC** - The Intersegmental General Education Transfer

Curriculum permits a student to transfer from Lassen to a campus in either the California State University or some campuses of the University of California system without the need to take additional lower-division, general education courses to satisfy General Education requirements.

**Lower Division/Upper Division** - Lower Division are courses taken at the freshman and sophomore level and may be taken at a community college. Upper Division courses are taken at four-year institutions and may not be taken at the community college level.

**Major** - An organized program of courses leading to an Associate Degree, Occupational Certificate or Bachelor's Degree.

**Matriculation** - A process which brings a college and a student who enrolls for credit into an agreement for the purpose of realizing the student's educational objective.

**Methods of Instructional Delivery** - ways in which an instructor delivers course material and interacts with a student.

- **Traditional Classroom Delivery:** Instructor and student meet face to face in a classroom setting. Class format may vary to include lecture, lab, discussion or small group work.
- **Correspondence Delivery:** Instructor and student interact via mail or email. Packets of instructional material are sent to students to be completed and returned.
- **Hybrid Course** – A course in which some portion of the hours scheduled for traditional face to face delivery of instruction is replaced by online delivery. Exams and summative assessments must be administered during scheduled face-to-face hours. Access to a computer with internet access is required. [Requires separate Curriculum/Academic Standards Committee approval].
- **Online Delivery:** Instructor and student interact and deliver/receive instructional material online via email or course delivery software. Access to a computer with internet access is required
- **Online Course:** 100% of instruction delivered online, may include face to face proctored exams and instructor contact (for attendance accounting purposes more than 51% of course delivered by online instruction is considered online). [Requires separate Curriculum/Academic Standards Committee approval.]
- **Web-Enhanced Course** - A course in which additional information and resources may be made available to students online, and students may be required to do research and complete and/or submit assignments online. Quizzes may be administered online, but exams and summative assessments must be administered face-to-face. Access to a computer with internet access is

required. [Requires separate Curriculum/Academic Standards Committee approval.]

**Noncredit Courses** - These courses are not applicable to degrees or certificates and are non-transferable. They are numbered 150-189 at Lassen Community College.

**OER**- Open Educational Resource textbook indicates course uses digital course textbook that is free of charge to students.

**Open Entry/Open Exit** - Courses that may be added to a program of study throughout the semester; and may be completed upon fulfillment of course requirements at any time during the semester.

**Pass/No Pass** - A grading system by which units of credit, where credit indicated is a least a 'C' level, may be earned but no letter grade is assigned. Such units are not used in computing the grade point average.

**Prerequisite** - A course that a student must complete prior to enrollment in a higher level course.

**Recommended Preparation** - A course that a student is encouraged to complete prior to enrollment in a particular course to enhance academic success.

**Student Learning Outcome (SLO)** - Student Learning Outcomes refer to overarching specific observable characteristics developed by local faculty that allow them to determine or demonstrate evidence that learning has occurred as a result of a specific course, program, activity or process.

**Transcript** - A list of all credit courses taken at a college or university showing the final grade received for each course.

**Transfer** - Changing from one college to another.

**Transferable Course** - A course acceptable for credit at another institution.

**Units** - The measure of college credit given a course, usually on the basis of one unit for each lecture hour per week; or one unit for two to three laboratory hours per week.

**Units Attempted** - (UA) Total number of units in the courses for which a student has enrolled and received an A, B, C, D, F, W, Pass/No Pass.

**Units Completed** - (UC) Total number of units in the courses for which a student has received a grade of A, B, C, D, F or Pass/ No Pass.

**U.C. or UC** - The University of California System.

**Variable Units** - The range of units that may be earned in a given course.

**Withdrawal** - Dropping all classes.

## **Social Science**

Associate in Arts Degree University Studies:  
Emphasis in Social Sciences  
Associate in Arts Degree General Studies:  
Emphasis in Social Sciences

## **Sociology**

Associate in Arts Degree in Sociology for Transfer

## **Welding Technology**

Associate in Science Degree in Welding Technology  
Two-Year Certificate of Achievement in Welding Technology  
One-Year Certificate of Achievement in Welding Technology  
Certificate of Accomplishment in Welding Technology

## **Graduation**

### **Application for Graduation**

A candidate for the Associate Degree or a special certificate should complete a "Petition to Graduate Form" to confirm you are prepared to graduate. Forms are due Oct 15 for December graduation and March 15 for May or August graduation. Forms can be found in your portal or on our website.

# **Lassen College Career Pathways**

## 1. **Agricultural Studies**

### *Transferrable Degrees:*

Agriculture Animal Science for Transfer (AS-T\*)  
Agriculture Business for Transfer (AS-T\*)  
University Studies Agriculture Science (AA\*)

### *Non-transferrable Degrees:*

Agriculture Science and Technology (AS+)

### *Certificate of Achievement:*

Agricultural Science and Technology (Certificate of Achievement #)

### *Certificate of Accomplishment:*

Animal Science (Certificate of Accomplishment @)  
Agriculture Business (Certificate of Accomplishment @)  
Horsemanship (Certificate of Accomplishment @)

Do you enjoy working with animals, food production (i.e. farms, hatcheries, nurseries), and land management? Learn about effective animal husbandry skills, analyze agricultural business market, and ranch management. The Agricultural Studies Career Pathway prepares students who want to enter the workforce directly and those who wish to continue their education at a four year university. Certificates and nontransferable degrees would lead you to employment in occupations such as a landscaper, farm worker, artificially inseminate (AI) cattle, farm accountant, livestock feed sales, or park maintenance operator. Completing the transferrable degrees could lead to the following careers: agricultural sales/marketing, animal nutritionist, agricultural teacher, soil conservationist, veterinarians, or plant/animal geneticist.

## 2. **Arts/Humanities**

### *Transferable Degrees:*

- Art History for Transfer (AA-T\*)
- English for Transfer (AA-T\*)
- History for Transfer (AA-T\*)
- Studio Arts for Transfer (AA-T\*)
- University Studies Humanities (AA\*)

Are you interested in studying how people think and record the human experience? This career pathway will explore literary traditions, media studies, and the importance of the historical perspective. The Art/Humanities Career Pathways prepares students to transfer to a four year university and achieve their Bachelor of Arts degree. Earning a Bachelor's degree in this pathway could lead to a career as a writer, teacher, museum curator, artist, or gallery director.

## 3. **Business**

### *Transferrable Degrees:*

- Business Administration for Transfer (AS-T\*)
- Economics for Transfer (AA-T\*)

### *Non-transferrable Degrees:*

- Accounting (AS+)
- Administrative Office Technician (AS+)

### *Certificate of Achievements:*

- Administrative Office Technician (Certificate of Achievement #)
- Small Business Management (Certificate of Achievement #)

Are you interested in working with and leading people and organizations? Have you ever wanted to own/operate your own business or learn how to have the entrepreneurship mindset? Do you want to learn how to grow your personal wealth while learning to limit liability? If your answers are, "Yes", then earning a business degree or certificate is a way to go. If you choose this pathway you will explore accounting, finance, management, leadership, human resource management, and economic concepts? Business Career Pathway will prepare students who want to enter the workforce directly and those who wish to continue their education at a four year university. Careers found by earning the non-transferrable degree could include bookkeeper, administrative assistant, frontline management or paralegal. Those earning a four year degree may find themselves working as a general manager, accountant, business owner, marketing manager, or data analyst/statistician.

## 4. **Natural Science**

### *Transferrable Degrees:*

- Biology for Transfer (AS-T\*)
- Geology for Transfer (AS-T\*)
- Kinesiology for Transfer (AA-T\*)
- Universities Studies Natural Science (AA\*)
- Universities Studies Physical Education (AA\*)

### *Non-transferrable Degrees:*

- General Studies Natural Science (AA+)
- General Studies Physical Education (AA+)

Do you like science? This pathway will focus on studying basic scientific methodology, apply critical thinking skills to exam the different scientific fields, and analyze/observe real life examples. Natural Science Career Pathway prepares students to continue their education at a four year institution to work toward a career as a science teacher, scientific researcher, physician, biologist, athletic trainer, occupational therapist, and other careers in the scientific realm.

## 5. **Social Sciences and Education**

### *Transferrable Degrees:*

- Anthropology for Transfer (AA-T\*)
- Early Childhood Education for Transfer (AS-T\*)
- History for Transfer (AA-T\*)
- Psychology for Transfer (AA-T\*)
- Sociology for Transfer (AA-T\*)
- University Studies Social Science (AA\*)

### *Non-transferrable Degrees:*

- Child Development (AA+)
- Drug and Alcohol Paraprofessionals (AS+)
- General Studies Social Science (AA+)
- Human Services (AS+)

### *Certificate of Achievements:*

- Child Development (Certificate of Achievement #)
- Drug and Alcohol Paraprofessional (Certificate of Achievement #)
- Human Services (Certificate of Achievement #)

### *Certificate of Accomplishments:*

- Child Development Associate Teacher (Certificate of Accomplishment @)

Do you like to work with people, children, families? This pathway will focus on understanding human beings, social problems, human diversity, and influences on development. Social Science and Education Career Pathway can prepare students to enter the workforce or continue their education at a four year university. Immediate workforce opportunities could include working as a child care site supervisor, classroom aide, drug and alcohol para-professional, case management worker. If you decide to transfer to a four year university you could earn employment as a social worker intern, primary/secondary teacher, sociologist researcher, and college counselor.

## 6. **Technical Studies**

### *Non-transferrable Degrees:*

- Automotive Technology (AS+)
- Firearms Repair (AS+)
- General Gunsmithing (AS+)
- Welding Technology (AS+)

### *Certificate of Achievements:*

- Advanced Mechanics (Certificate of Achievement #)
- Engine Repair (Certificate of Achievement #)
- Firearms Repair (Certificate of Achievement #)-gunsmithing program
- General Gunsmithing (Certificate of Achievement #)
- Welding Technology (2 year Certificate of Achievement #)

### *Certificate of Accomplishments:*

- Basic Mechanics (Certificate of Accomplishment @)
- Electrical (Certificate of Accomplishment @)-automotive
- General Mechanics (Certificate of Accomplishment @)-automotive
- Long Guns (Certificate of Accomplishment @) - gunsmithing program
- Machinist and Metal Finishing (Certificate of Accomplishment @) - gunsmithing program
- Pistolsmith (Certificate of Accomplishment @) - gunsmithing program
- Riflesmith (Certificate of Accomplishment @) – gunsmithing program
- Welding Technology (1 year Certificate of Achievement #)
- Welding Technology (Certificate of Accomplishment @)

### *Non-credit Certificate of Completion:*

- Automotive Chassis and Maintenance (Certificate of Completion/noncredit)

Do you like to work with your hands? This pathway will focus on automotive, gunsmithing and welding. The Technical Studies Career Pathway will allow students to become employable as an automotive technician, smog inspector, welder, pipe welder, pipe fitter, structural welder, welding inspector, robotics, engineering, manufacturing/fabrication and sales, gun shop owner, gunsmith, and law enforcement armorer. This pathway can also work in collaboration with a transfer degree to move into fields such as engineering, automotive technology, and architecture.

7. **Health and Public Services**

*Transferrable Degrees:*

- Administration of Justice for Transfer (AS-T\*)
- Nutrition and Dietetics for Transfer (AS-T\*)
- University Studies Allied Health (AA\*)

*Non-transferrable Degrees:*

- Administration of Justice (AA+)
- Fire Technology (AS+)
- Vocational Nursing (AS+)

*Certificate of Achievements:*

- Administration of Justice (Certificate of Achievement #)
- Fire Technology (Certificate of Achievement #)
- Medical Assisting (Certificate of Achievement #)
- Vocational Nursing (Certificate of Achievement #)

*Certificate of Accomplishments:*

- Administration of Justice- Reserve Officer Training (Certificate of Accomplishment @)
- Basic Fire Fighter (Certificate of Accomplishment @)
- Medical Assisting Administrative (Certificate of Accomplishment @)
- Medical Assisting Clinical (Certificate of Accomplishment @)

Do you enjoy helping others and serving your community? This pathway will focus on understanding the criminal justice system, Incident Command System, and patient care. The Health and Public Services Career Pathway will allow students completing a non-transferable degree to become employable as a correctional officer, patrol officer, licensed vocational nurse, medical assistant, fire fighter. Students can continue their education and earn careers as a registered nurse, diet technician, food service management, supervisor in a public safety service field, or college instructor.

\*Transferrable Degrees: prepare for transfer to a four year university

+ Non-transferrable Degrees: prepare one to enter the workforce

# Certificate of Achievements: short term vocational training

@ Certificate of Accomplishment: short term vocational training that is not supported by financial aid

Please visit our **Career/Transfer Center** at (530) 251-8833 or [sjonas@lassencollege.edu](mailto:sjonas@lassencollege.edu) if you wish to continue exploring your career goal.

# Degrees and Certificates

## Associate Degree Requirements

Either an Associate in Arts or Associate in Science Degree shall be conferred upon those who satisfy all of the following requirements (Title V 51620-51626):

1. Completion of at least sixty (60) units of courses (numbered 1 – 99) used toward the degree, 12 of which must be completed 'in residence' at Lassen Community College.
2. Completion of a minimum of eighteen (18) units in a major or discipline as outlined in the college catalog.
3. A minimum grade of 'P' (Pass) or 'C' is required in each core course toward a degree or certificate of achievement with an overall 2.0 grade point average required in all course work. Please see the general education areas and courses that are applicable for the associate degree.
4. Completion of eighteen semester units of general education is required to give breadth. Students must complete one course from each of the following areas for a total of eighteen units:
  - A. Natural Science (3 Units)
  - B. Social and Behavioral Sciences (3 Units)
  - C. Humanities (3 Units)
  - D. Language and Rationality
    - D1. English Composition (3 Units)
    - D2. Communication and Analytical Thinking (3 Units)
  - E. Health and Physical Activities (3 Units)
5. **Mathematics Competency Requirement:** In order to obtain the Associate Degree from Lassen Community College, a student must meet the math competency requirement. This requirement may be satisfied by either:
  - A 'C' or better in any three to five unit mathematics course at or above the Math 60 level from an accredited college or university. Or Score 3 or higher on the AP Calculus or Statistics exam.
6. **Reading Competency Requirement:** In order to obtain an Associate Degree from Lassen Community College, a student must meet the reading competency requirement. This requirement may be satisfied by:
  - A "C" or better in a transfer level composition course (ENGL-1); or higher or equivalent from an accredited college or university
  - Score 3 or higher on the AP Language and Composition or AP Composition and Literature exam; or
  - Possess an AA or AS degree.
7. **Writing Competency Requirement:** In order to obtain the Associate Degree from Lassen Community College, a student must meet the writing competency requirement. This requirement may be satisfied by completion of English 1 or a higher level course, with a 'C' or better or the equivalent from an accredited college or university.
8. **Remedial Courses:** Courses numbered 100-109 do not count toward an Associate Degree.
9. **Applying for Your Degree/Certificate:** You must apply (petition to graduate) for your degree or certificate in the Counseling Office approximately Forms are due Oct 15 for December graduation and March 15 for May or August graduation. Forms can be found in your portal or on our website.

## Associate Degrees for Transfer

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California Community College. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete a minimum of 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 semester units after transfer to earn a bachelor's degree (unless the major is a designated "high unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system.

Students should consult with an academic counselor when planning to complete the degree for more information on university admission and transfer requirements.

The following are required for all AA-T and AS-T degrees:

1. Completion of a minimum of 60 CSU-transferable semester units.
2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. (While a minimum of 2.0 is required for admission, some majors may require a higher GPA. Please consult with an academic counselor for more information.)
3. Completion of a minimum of 18 semester units with a "C" or better (or a "P" if the course is taken on a "pass-no pass basis") in all

courses required as a part of an AA-T or AS-T major as identified by the college catalog. (Title 5 § 55063)

4. Certified completion of the California State University General Education-Breadth pattern (CSU GE Breadth) OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern general education requirements (37-39 units).

## **Course Identification Numbering System (C-ID)**

The Course Identification Numbering System (C-ID) is a statewide numbering system independent from the course numbers assigned by local California community colleges. A C-ID number next to a course signals that participating California colleges and universities have determined that courses offered by other California community colleges are comparable in content and scope to courses offered on their own campuses, regardless of their unique titles or local course number. Thus, if a schedule of classes or catalog lists a course bearing a C-ID number, for example COMM 110, students at that college can be assured that it will be accepted in lieu of a course bearing the C-ID COMM 110 designation at another community college. In other words, the C-ID designation can be used to identify comparable courses at different community colleges. However, students should always go to [www.assist.org](http://www.assist.org) to confirm how each college's course will be accepted at a particular four-year college or university for transfer credit.

The C-ID numbering system is useful for students attending more than one California community college and is applied to many of the transferable courses students need as preparation for transfer. Because these course requirements may change and because courses may be modified and qualified for or deleted from the C-ID database, students should always check with a counselor to determine how C-ID designated courses fit into their educational plans for transfer.

## **Credit Certificates**

### **Certificate of Accomplishment**

A Certificate of Accomplishment will be awarded for degree-applicable credit course work ranging from 3 units to 15.5 units unless statutory or license requirements necessitate a higher unit value (appropriate statutory or license documentation must be attached). The course work must be within a specific educational program. Does not have to be approved by the Chancellor's Office.

### **Certificate of Achievement**

A Certificate of Achievement will be awarded for degree-applicable credit course work ranging from 16 units to 42 units. The course work must be within a specific educational program and approved to be offered at Lassen Community College by the Chancellor's Office. 8-15.5 units can be considered a certificate of Achievement if approved by the Chancellor's Office.

## **Noncredit Certificates**

### **Noncredit Certificate of Completion**

A noncredit Certificate of Completion will be awarded for a program or sequence of courses that prepare a student to progress in a career path or to undertake degree-applicable or non-degree applicable credit courses. The certificate is designed to result in improved employability or job opportunities.

### **Noncredit Certificate of Competency**

A noncredit Certificate of Competency will be awarded for a program or sequence of courses that result in the student demonstrating achievement of a set of competencies that prepare him/her to progress in a career path or to undertake degree-applicable or non-degree applicable credit courses. The certificate is in a recognized career field articulated with degree-applicable coursework, completion of an associate degree or transfer to a baccalaureate institution.

## **General Education Student Learning Outcomes for Associate Degrees**

Upon completion of this certification the student will be able to:

1. Understand and apply methods of inquiry for a variety of disciplines including the scientific method for scientific inquiry and appropriate methods for social and behavior science inquiries.
2. Explain and analyze relationships between science and other human activities.
3. Apply knowledge of the ways people act and have acted in response to their societies to express an appreciation for how diverse societies and social subgroups operate to understand social dynamics within historical and contemporary communities.
4. Understand ways in which people throughout the ages and in Western and non-Western cultures have responded to themselves and the world around them in artistic and cultural creation; apply this knowledge to make value judgments on cultural activities and artistic expressions and demonstrate an understanding of the interrelationship between the creative arts, the humanities and self.
5. Engage in verbal communication by participating in discussions, debates, and oral presentations utilizing proper rhetorical perspective, reasoning and advocacy, organization, accuracy, and the discovery, critical evaluation and reporting of information.
6. Compose effective written communications and essays with correct grammar, spelling, punctuation and appropriate language, style and format utilizing academically accepted means of researching, evaluating and documenting sources within written works.
7. Analyze, evaluate and explain theories, concepts and skills within varied disciplines using inductive and deductive processes and quantitative reasoning and application.
8. Demonstrate appreciation of themselves as living organism through their choices for physical health, activities, stress management, relationships to the social and physical environment, and responsible decision-making.

**Courses that fulfill Career Technical Education  
And Non-Transfer Associate Degree  
General Education Requirements**

**AREA A. Natural Science** (At least 3 units)

Agriculture 10, 19, 20	Geology 1, 5
Anthropology 1	Physical Science 1
Biology 1, 4, 10, 20, 25, 26, 32, 32L	Physics 2A, 2B
Chemistry 1A, 1B, 8, 45	

**AREA B. Social and Behavioral Science** (At least 3 units)

Administration of Justice 5, 8, 10, 12, 20	Geography 2
Agriculture 2	History 14, 15, 16, 17
Anthropology 2, 3	Political Science 1
Business 22	Psychology 1, 5, 6, 18, 31, 33
Child Development 31	Sociology 1, 2, 3, 4
Economics 10, 11	
Ethnic Studies 1	

**AREA C. Humanities** (At least 3 units)

Art 1A, 1B, 2, 3, 6, 7, 8, 9, 10A, 19A 25, 30, 36A, 39	Humanities 1, 2
English 2, 3, 4, 5, 7, 10, 12, 22, 33, 34	Music 6, 7, 12
Film 1	Philosophy 1, 10
History 14, 15, 16, 17	Spanish 1, 2

**AREA D. Language and Rationality** (At least 3 units from AREA D1 and 3 units from AREA D2)

**D1. English Composition**

English 1, 9

**D2. Communication and Analytical Thinking**

Mathematics 1A, 1B, 7, 8, 11A, 11B, 40, 60

**AREA E Health and Physical Activities** (At least 3 units)

**E1. Health and Activities**

Biology 25, 26  
 Child Development 12, 22, 31  
 Counseling & Guidance 1  
 Health 2, 25  
 Human Services 30  
 Psychology 1, 18, 31, 33  
 Sociology 3

# Administration of Justice

## DEGREES

Associate in Science in Administration of Justice for Transfer  
Associate in Arts in Administration of Justice

## CERTIFICATE OF ACHIEVEMENT

Administration of Justice

## CERTIFICATE OF ACCOMPLISHMENT

Administration of Justice

Many career opportunities are open to students who complete the Administration of Justice Program, which is designed to prepare students for employment following graduation or for transfer to a California State University offering an upper division major in Administration of Justice. Curriculum covers prevention, discovery, control and treatment of crimes and criminals, evidence collection, criminal law, community relations and other elements of the profession. Professionally rewarding jobs are available in local, state and federal law enforcement. The program is updated with the assistance of an advisory committee consisting of law enforcement and correctional science professionals.

As an Administration of Justice major, you will:

- Study the history, philosophy and theories of crime; the structure of the criminal justice, courts and correctional systems; elements of community relations and current careers.
- Develop skills in criminal investigations and prosecution, community relations and communication.
- Identify an area of specialization in the administration of justice field.

## Career Options

Police Officer  
Sheriff's Deputy  
Court Personnel  
Parole Agent  
Probation Officer  
Correctional Officer  
Juvenile Services  
Detention Personnel  
Community Relations Officer

*Internships in Administration of Justice may be available for students interested in Work Experience opportunities*

## Career Preparation

The Associates in Science Degree in Administration of Justice for Transfer prepares the student for transfer to a California State University.

The Associates in Arts Degree and Certificate of Achievement in Administration of Justice are designed to prepare students for local employment upon graduation.

## Program Highlights

Lassen Community College offers its Administration of Justice Degrees by way of traditional classroom study or by correspondence delivery.

Associate Degree and Certificate of Achievement in Administration of Justice can be completed within two (2) years.

Some positions however require a four-year degree for which Lassen Community College's program is a good base for transfer.

### Note to Transfer Students:

The benefit for students completing the AS-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. "CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted."

## Associate in Science in Administration of Justice for Transfer

**Total units for the Associate in Science Degree with a minimum grade point average of 2.0: 60 units**

**Required Core Courses minimum grade of 2.0: 18 Units**

**Complete the following 6 Units:**

Course No	Course Title	Units
AJ 12	Introduction to Criminal Justice	3.0
AJ 20	Criminal Law	3.0
<b>Select 6 additional Units from the following:</b>		
AJ 5	Introduction to Forensics	3.0
AJ 8	Criminal Court Process	3.0
AJ 9	Introduction to Correctional Science	3.0
AJ 14	Juvenile Procedures	3.0
AJ 23	Criminal Evidence	3.0

AJ 24	Community Relations	3.0
AJ-35	Investigative Techniques	3.0
<b>Select 6 additional Units from the following:</b>		
MATH 40	Elementary Statistics	3.0
PSY 1	Introduction to Psychology	3.0
SOC 1	Introduction to Sociology	3.0

### Completion of either the CSU General Education or IGETC Option

Remaining Units to Total 60 Units may be selected from electives. Courses must be numbered 1 – 49

-----  
**Program Student Learning Outcomes**

Upon completion of the **Associate in Science Degree in Administration of Justice for Transfer**, the student will be able to:

1. Demonstrate an understanding of the workings of the criminal justice system by applying definitions, concepts, and principles to law enforcement, corrections and the courts.
  2. Apply critical thinking to research, evaluate, analyze and synthesize the appropriate procedures for the collection of evidence and data in criminal case preparation for law enforcement agencies.
  3. Develop, organize and write an objective report that meets the legal and detailed requirements of law enforcement agencies.

AJ 12	Intro to Criminal Justice	3.0			

**Program Student Learning Outcomes**

Upon completion of the **Associate in Arts Degree** or the **Certificate of Achievement in Administration of Justice** the student will be able to:

1. Demonstrate an understanding of the workings of the criminal justice system by applying definitions, concepts, and principles to law enforcement, corrections and the courts.
2. Apply critical thinking to research, evaluate, analyze and synthesize the appropriate procedures for the collection of evidence and data in criminal case preparation for law enforcement agencies.
3. Develop, organize and write an objective report that meets the legal and detailed requirements of law enforcement agencies.
4. Be academically prepared to obtain an entry-level or midlevel position within the Criminal Justice System.

# Agriculture

## DEGREES

Associate in Science in Agriculture Animal Science for Transfer  
Associate in Science in Agriculture Business for Transfer  
Associate in Arts University Studies:  
Emphasis in Agriculture Sciences  
Associate in Science in Agriculture Science and Technology

## CERTIFICATE OF ACHIEVEMENT

Agriculture Science and Technology

## CERTIFICATES OF ACCOMPLISHMENT

Agriculture Business  
Animal Science  
Horsemanship  
Agriculture Irrigation

Agriculture is a vital component of our local, state, and national economies and offers many exciting employment opportunities. LCC's Agriculture program offers courses of study for students interested in completing an associate degree or certificates and students interested in transferring to a California State University. The curricula are updated with the assistance of an industry advisory committee.

### Agriculture Animal Science for Transfer

The Associate in Science in Agriculture in Animal Science for Transfer degree is designed to provide students with the common core of lower division courses required by most universities to transfer and pursue a baccalaureate degree in agriculture or animal science. Students completing the 60 units required for the degree are guaranteed transfer to an Agriculture Science, Animal Science, or Agriculture Studies program at a California State University, where only 60 more units will be required for a baccalaureate degree.

### Agriculture Business for Transfer

The Associate in Science in Agriculture Business for Transfer degree is designed to provide students with the common core of lower division courses required by most universities to transfer and pursue a baccalaureate degree in agriculture business or agriculture studies. Students completing the 60 units required for the degree are guaranteed transfer to an Agriculture Business, Agriculture Studies, Agribusiness, Ag Business or Food Industry Management program at a California State University, where only 60 more units will be required for a baccalaureate degree.

### Agriculture Sciences

The Associate in Arts University Studies: Emphasis in Agriculture Science provides students with an opportunity to build a broad foundation of knowledge and skills in core agriculture areas including plants, soils, and livestock designed to enhance their vocational future in a constantly changing society. It can also provide transfer opportunities for those seeking an advanced degree.

### Agriculture Science and Technology

The Associate in Science in Agriculture Science and Technology degree provides a broad set of courses to prepare students for employment in the field of agriculture.

### The Agriculture Irrigation

The Agriculture Irrigation Certificate of Accomplishment will prepare students with the knowledge and hands-on experience to operate and maintain selected irrigation systems.

As an Agriculture major, you will:

- Study an agriculture curriculum including: agriculture business, plant science and animal science.
- Identify the agricultural career you are most interested in and build a course of study to better qualify you for a profession.

## Career Options

Management  
Supervision  
Government  
Marketing  
Distribution  
Sales and Service  
Nursery Management and  
Operations Park Maintenance  
Landscape Design  
Teaching  
Contracting & Maintenance  
Fertilizer & Insecticide  
Application  
Retail/Wholesale  
Estimator

Some positions however require a four-year degree for which Lassen Community College's program is a good base for transfer.

## Program Highlights

- Lassen has A.I./Embryo Transfer classes which train students to be an A.I./Embryo Technician.
- The Agriculture Department sponsors a rodeo team that competes against other schools from California and Nevada in the National Intercollegiate Rodeo Association.
- An 336 sq. ft. All-Season Greenhouse
- One program designed to provide the student with a very specific set of skills in areas such as general agriculture, animal science and plant science
- Depending on the selected course of study, a student will be provided with the skills to acquire an entry-level position in the industry.

**Note to Transfer Students:**

The benefit for students completing the AS-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. "CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted."

**Associate in Arts Degree University Studies:

Upon completion of the **Certificate of Accomplishment in Agriculture Irrigation** the student will be able to:

1. Analyze and make recommendation to improve the soil and positively impact the successful propagation of Plants.
2. Students will be able to implement at least two different irrigation systems.
3. Explain water movement in soil and understand water holding capacity.

# Allied Health

## DEGREES

Emphasis in Allied Health

Associate in Arts Degree University Studies:

### AA Degree University Studies: Emphasis in Allied Health

The emphasis in Allied Health is designed to provide the lower division major courses to transfer to a university and earn a Bachelor's degree in a health or medical field. Students must meet with a counselor to ensure completion required coursework for chosen major and specific college/university.

As an Allied Health major, you will:

- Complete prerequisite courses for degrees in nursing, health care, occupational health and safety, or health care related fields.
- Explore a variety of science and general education courses.

### Career Options

Community Health Educator  
Family Planning Educator  
Environmental Health Specialist  
Health Program Coordinator  
Physician's Assistant  
Physical Therapist  
Public Health Educator  
Registered Nurse

### Program Highlights

- Prerequisite courses for Registered Nursing (RN) upgrade programs
- Small class size
- Hands-on activities
- Associate Degree and Certificate of Achievement in Nursing and Allied Health can be completed within two (2) years.

### Note to Transfer Students:

If you are interested in transferring to a four-year college or university to pursue a bachelor's degree in this major, it is critical that you meet with a counselor to select and plan the courses for your major. Schools vary widely in terms of the required preparation. The courses that Lassen Community College require for an associate degree in this major may be different from the requirements needed for the bachelor's degree.

## Associate in Arts Degree University Studies: Emphasis in Allied Health

**Total Units for the Associate in Arts Degree: 60 Units**

**Required Core Courses: 20 Units**

Course No	Course Title	Units			
BIOL 20	Microbiology	5.0	ANTH 2	Cultural Anthropology	3.0
BIOL 25	Human Anatomy and Physiology I	4.0	CD/PSY 31	Child Development: Conception Through Adolescence	3.0
BIOL 26	Human Anatomy and Physiology II	4.0	HLTH 25	Understanding Nutrition	3.0
CHEM 8	Introduction to Organic and Biochemistry	4.0	SOC 1	Introduction to Sociology	3.0
PSY 1	Introduction to Psychology	3.0			

*The following courses are generally required for health and medical degrees at four year colleges and universities. Please discuss with your counselor whether you need these and how they will fit into your General Education coursework:*

### Completion of either the CSU General Education or IGETC Option

Remaining Units to total 60 Units may be selected from courses numbered 1-49

### Program Student Learning Outcomes

Upon completion of the **Associate in Arts Degree University Studies: Emphasis in Allied Health**, the student will be able to:

1. Analyze information available regarding risk factors to a healthy lifestyle as well as behaviors that promote a healthy lifestyle; understand the impact of positive and negative factors on one's own health; and make lifestyle choices and changes to best promote a wellness balance for one's own life.
2. Relate the structures and functions of the various body systems in a human organism to the metabolic activities of a single selected body cell.
3. Analyze and relate the appropriate identification techniques to be utilized in the diagnosis of a potential life threatening infection.
4. Demonstrate an understanding of the basic methodologies of science.

# Anthropology

## DEGREE

Associate in Arts in Anthropology for Transfer

The Associate in Arts Degree for Transfer in Anthropology is designed to provide students with a strong foundation for the study of humankind in all times and places in preparation for transfer to a California State University. It is an excellent starting point for students interested in pursuing a baccalaureate degree in Anthropology. The anthropology major is designed to provide undergraduate preparation leading to careers in law, social science, medicine, business, folklore, and education.

As Anthropology major, you will:

- Study a comprehensive introduction to the field of anthropology through courses that are academically rigorous and content appropriate.
- Develop a solid foundation in the basic elements of scientific inquiry
- Identify an area of specialization in anthropology.

### Career Options

Cultural Manager  
Lawyer  
Resource Manager  
Social Services Worker  
Teacher

### Career Preparation

The Associate in Arts in Anthropology for transfer prepares the student to transfer to a four-year college or university.

### Program Highlights

- The Associate in Arts in Anthropology for Transfer Degree includes the core curriculum for transfer to a California State University.
- Small class size
- Individualized tutoring
- Laboratory and Field study opportunities

### Note to Transfer Students:

The benefit for students completing the AA-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. "CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted."

## Associate in Arts Degree in Anthropology for Transfer

Total units for the Associate in Arts Degree with a minimum grade point average of 2.0: 60 units

Required Core Courses minimum grade 2.0: 19 Units

Course No.	Course Title	Units			
ANTH 1	Biological Anthropology	3.0	MATH 40	Elementary Statistics	3.0
ANTH 2	Cultural Anthropology	3.0	SOC 1	Introduction to Sociology	3.0
ANTH 3	Introduction to Archaeology	3.0			
GEOL 1	Physical Geology	4.0			

### Completion of either the CSU General Education or IGETC Option

Remaining Units to total 60 Units may be selected from courses numbered 1-49

### Program Student Learning Outcomes

Upon completion of the Associate in Arts Degree in Anthropology for Transfer student will be able to:

1. Given a current topic, demonstrate the ability to describe, analyze, and interpret anthropological data derived from research using traditional and technological skills, to write an organized, factually correct, well-documented paper.
2. Demonstrate knowledge and understanding of the common origins of human societies.
3. Given a set or problems or questions, use the scientific method to develop a hypothesis, conduct research, and reach a conclusion.
4. Explain how people adopt various customs, beliefs, traditions and lifestyles. Explain reasons why one's worldview may be in conflict with another's.

# Art

## DEGREE

- Associate in Arts in Art History for Transfer
- Associate in Arts in Studio Art for Transfer

The Associate in Arts Degree in Art History for Transfer and the Associate in Arts Degree in Studio Art for Transfer are designed to provide students with strong foundations for the study of art history and studio art in order to transfer to a California State University.

Lassen's art curriculum offers introductory and intermediate level courses in painting, watercolor, computer art, drawing, sculpture, ceramics, printmaking and design, as well as courses in art appreciation and art history. Through the program's art theory and art practice classes, students develop an awareness and understanding of the materials, tools, rationale and significance of art in society.

The art curriculum's critical thinking and technical skills components encourage students to utilize independent thought processes and problem solving. This program provides transfer and employment opportunities as well as personal enrichment for students.

As an Art major, you will:

- Study a general visual arts curriculum that includes traditional course in drawing, painting, ceramics, photography, design, and art history, as well as digital imaging, courses using the latest software.
- Develop the techniques and skills necessary to begin to achieve your goals in the visual arts.
- Identify possible career courses and individual styles that suit your aims.

## Career Options

Painter  
Sculptor  
Ceramist  
Art Instructor  
Illustrator  
Printmaker  
Computer Publishing Specialist  
Graphic Designer  
Gallery Director  
Graphic Artist  
Computer Artist

Some positions however require a four-year degree for which Lassen Community College's program is a good base for transfer.

## Program Highlights

- An excellent full service facility, including studios for ceramics, traditional photography and jewelry design.
- Experience instructors who continued to create their own work, sharing their passion with you.
- Small class sizes that allow personal dialog with instructors.
- The subtle beauty of the Great Basin for inspiration.
- Work experience positions are available for students to broaden their studies.

Associate Degree in Art can be completed within two (2) years

*Internships in Art may be available for students interested in Work Experience opportunities.*

### Note to Transfer Students:

The benefit for students completing the AA-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. "CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted."

## Associate in Arts in Art History for Transfer

**Total units for the Associate in Arts Degree with a minimum grade point average of 2.0: 60 units**

**Required Core Courses minimum grade 2.0: 18 Units**

**Complete the following 12 Units:**

Course No	Course Title	Units
ART 2	Drawing	3.0
ART 6	Survey of Art History: Prehistoric to Renaissance	3.0
ART 7	Survey of Art History: Renaissance Through Contemporary	3.0
ART 9	History of Asian Art	3.0

**Select 6 additional units from the following:**

ART 1A	Two-Dimensional Design	3.0
ART 1B	Three-Dimensional Design	3.0
ART 3	Beginning Life Drawing	3.0
ART 10A	Beginning Painting	3.0
ART 25	Graphic Design 1	3.0
ART 30	Introduction to Sculpture	3.0
ART 36A	Beginning Ceramics	3.0

**Completion of either the CSU General Education or IGETC Option**

Remaining Units to total 60 Units may be selected from courses numbered 1-49

-----  
**Program Student Learning Outcomes**

Upon completion of the **Associate in Arts in Art History for Transfer** the student will be able to:

1. Critically interpret, evaluate and critique orally and in writing visual works of art from various historical periods and cultures.
2. Demonstrate orally and in writing the relevance of various historical and cultural art styles to today's global culture.
3. Produce basic realistic and nonrealistic drawings of various subjects using alternate styles.
4. Produce visual works of art in at least one medium in addition to drawing.

.....  
**Associate in Arts in Studio Arts for Transfer**

**Total units for the Associate in Arts Degree with a minimum grade point average of 2.0: 60 units**

**Required Core Courses minimum grade 2.0: 24 Units**

**Complete the following 12 units:**

Course No	Course Title	Units			
ART 1A	Two-Dimensional Design	3.0	ART 10A	Beginning Painting	3.0
ART 1B	Three-Dimensional Design	3.0	ART 23	Beginning Printmaking	3.0
ART 2	Drawing	3.0	ART 25	Graphic Design 1	3.0
ART 7	Survey of Art History Renaissance Through Contemporary	3.0	ART 30	Introduction to Sculpture	3.0
			ART 36A	Beginning Ceramics	3.0
			ART 43A	Beginning Jewelry and Hand-Building	3.0
<b>Select 3 additional units from the following:</b>					
ART 6	Survey of Art History: Prehistoric To Renaissance	3.0			
ART 9	History of Asian Art	3.0			
<b>Select 9 additional units from the following:</b>			<b>Completion of either the CSU General Education or IGETC Option</b>		
ART 3	Beginning Life Drawing	3.0	Remaining Units to total 60 Units may be selected from courses numbered 1-49		

-----  
**Program Student Learning Outcomes**

Upon completion of the **Associate in Arts in Studio Art for Transfer** the student will be able to:

1. Solve basic problems of visual expression using various techniques and mediums.
2. Produce basic realistic and nonrealistic drawings of various subjects using alternate styles.
3. Produce visual works of art in a variety of mediums.
4. Interpret, evaluate and critiques orally and in writing visual works of art.
5. Demonstrate knowledge of specific historical and cultural art styles.

# Automotive Technology

## DEGREE

Associate in Science in Automotive Technology

## CERTIFICATES OF ACHIEVEMENT

Advanced Mechanics  
Engine Repair

## CERTIFICATES OF ACCOMPLISHMENT

Basic Mechanics  
General Mechanics  
Electrical

## CERTIFICATE OF COMPLETION

Automotive Chassis and Maintenance

The Automotive Technology Program is designed to prepare the student with the necessary skills to acquire an entry-level position in the automotive industry. The Program is also designed to assist those already employed in the industry and those in the community to improve their skills. The Automotive Program offers course work in engine repair, chassis electrical, automatic transmissions and other components. The curriculum is updated with the assistance of industry advisory committee.

As an Automotive major, you will:

- Study the diagnostic procedures necessary to determine simple and complex problems, fix them and provide ongoing maintenance.
- Develop an in-depth understanding of why cars work the way they do, allowing you to better fix and maintain vehicles, and provide a higher level of service.
- Identify terms associated with automobiles as well as automotive components along with basic identification and proper use of various hand and power tools and shop equipment.

## Career Options

Mechanic  
Parts Person  
Service writer  
Service manager  
Fleet Repair

## Program Highlights

- Fully equipped auto shop
- Hands-on training
- One-on-one instruction

Internships in Automotive Technologies may be available for students interested in Work Experience opportunities

Some positions however require a four-year degree for which Lassen Community College's program is a good base for transfer.

## Associate in Science Degree Automotive Technology

**Total Units for the Associate in Science Degree: 60 Units**

**Required Core Courses: 39 Units**

Course No	Course Title	Units
AT 50	Car Care Basics	3.0
AT 54	Brakes	3.0
AT 56	Steering and Suspension	3.0
AT 58	Automotive Heating and Air Conditioning	3.0
AT 60	Shop Management and Service Writer	2.0
AT 66	Manual Drive Train	4.0
AT 68	Automatic Transmissions	3.0
AT 70	General Automotive Lab	2.0

AT 72	Engine Repair and Machining-Short Block	4.0
AT 74	Engine Repair and Machining-Cylinder Heads	3.0
AT 80	Basic Electrical	3.0
AT 82	Engine Performance I	3.0
AT 84	Engine Performance II	3.0

**Electives: 3 Units** (The student may select from any courses numbered 1 – 99 to satisfy this requirement.)

**General Education Requirements: 18 Units**

## Program Student Learning Outcomes

Upon completion of the **Automotive Technology Associate in Science Degree** the student will be able to:

- 1 Diagnose a specific automotive malfunction; execute the appropriate corrective steps and verify the problem has been resolved.
- 2 Perform general maintenance and upkeep procedures on a variety of automobiles.

.....  
**Certificate of Achievement Engine Repair**

**Total Units for the Certificate of Achievement: Engine Repair: 22 Units**

**Required Core Courses: 19 Units**

Course No	Course Title	Units	AT 74	Engine Repair and Machining-Cylinder Heads	3.0
AT 50	Car Care Basics	3.0			
AT 58	Automotive Heating and Air Conditioning	3.0	AT 76	Automotive Machining Lab	2.0

Upon completion of the **Certificate of Accomplishment – Automotive Electrical** the student will be able to:

- 1 Diagnose basic automotive electrical system malfunctions; execute the appropriate corrective steps and verify the problem has been resolved.
  - 2 Perform preventative maintenance and basic electrical system testing to verify proper operation of automotive starting, charging, and lighting systems.
- .....

**Certificate of Completion in Automotive Chassis and Maintenance**

**Total Hours for the Certificate of Completion in Automotive Chassis and Maintenance: 102 Hours**

Course No	Course Title	Hours
AT 150	Basic Skills: Pre High School Equivalency I	51
AT 151	Basic Skills: Pre High School Equivalency II	51

-----

**Program Student Learning Outcome**

Upon completion of the **Certificate of Completion in Automotive Chassis and Maintenance** the student will be able to:

1. Inspect steering and suspension components for wear.
2. Perform common chassis alignment adjustments.
3. Perform common brake system repairs.
4. Perform automotive maintenance in accordance with industry standards.
5. Perform standard documentation found on automotive repair orders.

# Biological Science

## DEGREE

Associate in Science in Biology for Transfer

Associate in Arts University Studies:

Emphasis in Allied Health

The Associate in Science in Biology for Transfer is designed to provide students with a strong foundation for the study of entry-level biological science, chemistry and physics in preparation for transfer to a California State University. It is an excellent starting point for students interested in pursuing a baccalaureate degree in any area of biological science (general biology, cellular and molecular biology, ecological, evolution, & organismal biology, animal biology, plant biology, or microbiology). The biology major is designed to provide undergraduate preparation leading to careers in health professions and education.

As a Biology major, you will:

- Study a broad overview of biological science including molecular & cellular biology and evolutionary, organismal, & ecological biology in addition to physical science including chemistry and physics.
- Develop a solid foundation in the basic elements of scientific inquiry.
- Prepare to study and complete a baccalaureate degree in one of the biological sciences at a California State University.

The University Studies Degree with an emphasis in Allied Health is designed to provide the lower division major courses to transfer to a university and earn a Bachelor's degree in a health or medical field. Students must meet with a counselor to ensure completion of required coursework for chosen major and specific college or university

As an Allied Health major, you will:

- Complete prerequisite courses for degrees in nursing, health care, occupational health and safety, or health care related fields.
- Develop a solid foundation in the basic elements of scientific inquiry.

## Career Options

Clinical Laboratory Scientist

Field Biologist

Forensic Scientist

Medical Doctor

Pharmacist

Physical Therapist

Public Health Educator

Registered Nurse

Teacher

Veterinarian

## Program Highlights

- The Associate in Science in Biology for Transfer degree includes the core curriculum of transfer to a California State University.
- Small class size.
- Individual tutoring.
- Laboratory opportunities.

### Note to Transfer Students:

The benefit for students completing the AS-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. "CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted."

## Associate in Science Degree in Biology for Transfer

**Total units for the Associate in Science Degree with a minimum grade point average of 2.0: 60 units**

**Required Core Courses minimum grade 2.0: 32 Units**

Course No	Course Title	Units			
BIOL 1	Principles of Molecular and Cellular Biology	4.0	MATH 1A	Analytic Geometry and Calculus I	5.0
			PHYS 2A	General Physics I	4.0
BIOL 4	Principles of Evolutionary and Organismal and Ecological Biology	5.0	PHYS 2B	General Physics II	4.0
CHEM 1A	General Chemistry I	5.0			
CHEM 1B	General Chemistry II	5.0			

**Completion of either the CSU STEM (33 units) or IGETC STEM (31 units)**

Remaining Units to total 60 Units may be selected from courses numbered 1-49

-----

## Program Student Learning Outcomes

Upon completion of the **Associate in Science Degree in Biology for Transfer** the student will be able to:

1. Apply the scientific method by stating a question; researching the topic; determining appropriate tests; performing tests; collecting, analyzing, and presenting data; and finally proposing new questions about the topic.
2. Apply critical thinking to the examination of the principles of biology, chemistry, and physics using proper laboratory techniques and procedures.
3. Demonstrate a basic understanding of the language, laws, theories and processes that are essential to the understanding of the structure of matter and how the structure determines its physical and chemical properties.
4. Describe the structure and function of molecular and cellular components and explain how they interact in a living cell.
5. Describe how cells interact to develop tissues and organs and how these contribute to a functional organism.
6. Demonstrate an understanding of the mechanisms driving evolution and describe similarities and differences of the major taxonomic groups.
7. Describe how organisms interact with one another, and to their environment and are able to explain interactions at the population and community levels.

.....

# Business

---

## DEGREE

Associate in Science in Business  
Administration for Transfer  
Associate in Science in Accounting  
Associates in Arts Degree in Economic for Transfer  
Associate in Science in  
Administrative Office Technician

## CERTIFICATE OF ACHIEVEMENT

Administrative Office Technician  
Small Business Management

### Business Administration for Transfer

The Associate in Science Degree in Business Administration for Transfer is designed to provide students with the common core of lower division courses required by most universities to transfer and pursue a baccalaureate degree in Business Administration. This includes business degrees with options such as accounting, finance, human resources management, management, and marketing. Students must meet with a counselor to ensure completion of required coursework for chosen major and specific college/university.

### Accounting

The Business Program's purpose is to provide students with the opportunity to build a solid foundation in core business skills, accounting, and develop new skills designed to enhance their vocational future in a constantly changing society, and provide transfer opportunities for those seeking an advanced degree. The student will study an introductory business curriculum including accounting, economics, small business management and mathematics.

### Economics for Transfer

The Associate in Arts in Economics for Transfer is designed to provide students with the common core of lower division courses required by most universities to transfer and pursue a baccalaureate degree in Economics. This includes economic degrees with the options such as environmental and international economics.

### Administrative Office Technician

The Administrative Assistant portion of the Business program is designed to define and develop knowledge, skills and attitudes needed by office professionals. The program offers preparation for first-time employment, re-entry, or career advancement. The curriculum is periodically updated with the assistance of a business advisory committee. The student will study a variety of topics including keyboarding/word processing, integrated office applications, organization and supervision of office activities, business communication, and general office procedures.

### Small Business Management

The Certificate of Achievement in Small Business Management provides the knowledge and skills for students to be employed in entry level management positions and/or small business ownership. The student completing this certificate will have the basic knowledge of the stakeholder theory, legal implications in the business setting, structuring a small business, analyzing business documents, and contemporary U.S. business practices.

### Career Options

Business Administration  
Certified Public Accountant  
Management Accounting  
Auditor  
Budget Analysis  
Financial Accounts  
Administrative Assistant  
Bank Employee  
Clerk  
Data-Entry  
Receptionist  
Retail/Industrial Sales/Management  
Small Business Ownership  
Word Processor

### Program Highlights

- Develop the skills needed for today's workplace by identifying your areas of interest early.
- Explore seemingly endless career opportunities from small retail shops to international corporations, every kind of company, organization and government agency relies on business expertise.
- Office Administrative Technician is among the most ubiquitous and comprehensive of professions with duties ranging from program management, content administration, staff supervision, and office administration to management analysis, travel arrangement, office machine maintenance, and dictation.

Associate Degree and Certificate of Achievement in Business can be completed within two (2) years.

### Note to Transfer Students:

The benefit for students completing the AA-T or AS-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. "CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted."

**Associate in Science Degree in Business Administration for Transfer**

**Total units for the Associate in Science Degree with a minimum grade point average of 2.0: 60 units**

**Required Core Courses minimum grade 2.0: 26 Units**

**Complete the following 20 units:**

Course No	Course Title	Units
BUS 1A	Accounting Principles-Financial	4.0
BUS 1B	Accounting Principles-Managerial	4.0
BUS 22	Business Law	3.0
ECON 10	Macro-economics	3.0
ECON 11	Micro-economics	3.0
MATH 40	Elementary Statistics	3.0

**Select 6 additional units from the following:**

BUS 2	Introduction to Business	3.0
BUS 27	Business Communications	3.0
CS 1	Computer Literacy	3.0

**Completion of either the CSU General Education or IGETC Option**

Remaining Units to total 60 Units may be selected from courses numbered 1-49

**Program Student Learning Outcomes**

Upon completion of the **Associate in Science in Business Administration for Transfer**, the student will be able to:

- Describe and provide current examples of the impact of external forces on business operations and practices including: Social forces (Demographics and cultural shifts) Economic forces (income distribution, macroeconomic conditions) Technological forces (Internet, digital media, e-marketing) Competition (ability of small businesses to compete across borders) Regulatory forces (laws influencing companies and consumers).
- Apply business concepts to marketing, management, finance, accounting, and information technology.
- Demonstrate knowledge of laws effecting working relationships with individuals from diverse cultures and backgrounds.

**Associate in Science Degree Accounting**

**Total Units for the Associate in Science Degree: 60 Units**

**Required Core Courses: 42 Units**

CA 55	Using a Word Processor	0.5
CA 56	Using a Spreadsheet	0.5

**Required Electives: 11 units**

*The student may select from any of the following Business or Computer Applications courses to satisfy this requirement.*

**General Education Requirements: 18 Units**

**Program Student Learning Outcomes**

Upon completion of the **Associate in Science Degree in Accounting**, the student will be able to:

- Demonstrate an understanding of financial statements, prepare journal entries and complete an accounting cycle prepared according to Generally Accepted Accounting Principles (GAAP).
- Demonstrate an understanding of managerial accounting approaches to identifying, deriving, and reporting of financial information for internal decision making purposes.
- Apply computer skills to retrieve, analyze, and manage information in a business environment.
- Demonstrate an ability to write clearly and concisely, verbally express themselves in presentations, and use common communication channels.
- Combine critical thinking skills and technical knowledge to solve common problems found in the accounting profession.

**Associate in Arts Degree in Economics for Transfer**

**Total Units for the Associate in Arts Degree with a minimum grade point average of 2.0: 60 units**

**Core Units: 20-23**

**Select two 6-9 units from the following:**

Course No	Course Title	Units	BUS 1A	Accounting Principles-Financial	4.0
ECON 10	Macro Economics	3.0	BUS 1B	Accounting Principles-Managerial	4.0
ECON 11	Micro Economics	3.0	BUS 27	Business Communications	3.0
MATH 40	Elementary Statistics	3.0	ENGL 9	Critical Thinking and Composition	3.0
MATH 1A	Analytical Geometry and Calculus I	5.0	MATH 1B	Analytical Geometry and Calculus II	5.0

**Completion of either the CSU General Education or IGETC Option**

Remaining Units to total 60 Units may be selected from courses numbered 1-49

**Program Student Learning Outcomes**

Upon completion of the **Associate in Arts Degree in Economics** the student will be able to:

1. Apply economics reasoning to real life situations using economic concepts such as scarcity, marginal utility, and opportunity costs.
2. Use analytical techniques to measure conditions related to the individual, business firms, and macro-economic systems.
3. Explain the role that households, business organizations, governments, and the international sector play in free markets, command economics, and mixed economics
4. Evaluate the objectives, limitations, and mechanics of common regulation, monetary policy, and fiscal policy.

**Associate in Science Degree Administrative Office Technician**

CA 60	Email and Calendar for Application for Business	1.5	BUS 77	Financing the Small Business Venture	1.0
COT 52	Keyboard-Level 2	1.0	BUS 79	Computer Information Systems for Small Business Venture	2.0
			CS 1	Computer Literacy	3.0
			ECON 10	Macro-Economics	3.0
			ECON 11	Micro-Economics	3.0

**Required Electives: 19 units**

**General Education Requirements: 18 units**

BUS 1A	Accounting Principles-Financial	4.0
--------	---------------------------------	-----

**Certificate of Achievement Administrative Office Technician**

**Total Units for the Certificate of Achievement: 18.5 Units**

Course No	Course Title	Units	CA 52	Word Processing Applications for Business	3.0
BUS 19	Office Administration	3.0	CA 60	Email and Calendar Applications for Business	1.5
BUS 27	Business Communication	3.0	COT 52	Keyboarding Level 2	1.0
BUS 49	Business Work Experience	3.0			
BUS 78	The Customer Service Advantage	1.0			
BUS 84	Business Math	3.0			

**Program Student Learning Outcomes**

Upon completion of the **Associate in Science Degree** or **Certificate of Achievement in Administrative Office Technician**, the student will be able to:

1. Prepare a complete professional document utilizing appropriate written and verbal communication skills and technology incorporating word processing, spreadsheets and/or graphics.
2. Demonstrate professional behavior, demeanor and interpersonal communication skills appropriate to the office workplace.
3. Demonstrate knowledge of laws effecting working relationships with individuals from diverse cultures and backgrounds.
4. Apply reasoning to determine ethical behavior in office situations.
5. Demonstrate skill at solving unstructured office-related problems.

---

## Certificate of Achievement in Small Business Management

**Total units for the Certificate of Achievement: 15 units**

**Required Core Courses:**

Course No	Course Title	Units	BUS 22	Business Law	3.0
BUS 2	Introduction to Business	3.0	BUS 25	Small Business Management	3.0
BUS 10	Human Resource Management	3.0	BUS 27	Business Communications	3.0

---

### Program Student Learning Outcomes

Upon completion of the **Certificate of Achievement in Small Business Management**, the student will be able to:

1. Demonstrate an understanding of contemporary business principles, practices and organizational structures.
2. Write, proofread and revise common business communications.
3. Define common business terms, ideas, phrases and integrity as it applies to business stakeholders.
4. Demonstrate a basic understanding of the legal framework that surrounds contemporary U.S. business.
5. Identify human resource issues and their economic costs and benefits.

# Careers

## Certificate of Accomplishment

Pathway to Career Success Certificate of Accomplishment

## Certificate of Completion

Career Pathway Entry Certificate of Completion  
High School Equivalency Certificate of Completion

The purpose of the Certificate of Completion in High School Equivalency is to provide short term courses with small group instruction in the basic skills areas (Reading, writing, mathematics, science, and social studies). Students will be prepared with the knowledge and success required on a high school equivalency exam.

The purpose of the Career Pathway Entry Certificate of Completion and Pathway to Career Success Certificate of Accomplishment is to provide short term training programs that focus on foundational workplace skills with real world applications. Students will gain the work force knowledge, hands on experience, and find success in their chosen field.

By earning the Career Pathway Entry Certificates you will:

- Demonstrate work place skills

By earning the Pathway to Career Success Certificate you will:

- Develop a career plan

### Goals

- Gain knowledge of basic skills
- Career Advancement
- Work Based Learning

### Program Highlights

- Short term and flexible scheduling
- Small class size
- Individualized tutoring
- Hands on learning opportunities

## Certificate of Completion in High School Equivalency

### Total Hours for the Certificate of Completion in High School Equivalency: 176 Hours

Course No	Course Title	Hours
BS 170	Basic Skills: Pre High School Equivalency I	136
BS 171	Basic Skills: Pre High School Equivalency II	40

### Program Student Learning Outcome

Upon completion of the **Certificate of Completion in High School Equivalency** the student will be able to:

Demonstrate the basic skills foundation required to take the high school equivalency test.

## Certificate of Completion in Career Pathway Entry

### Total Hours for the Certificate of Completion in Career Pathway Entry: 168 Hours

Course No	Course Title	Hours			
BS 156	Practical Writing	50	CARS 151	Career Life Skills	34
BS 157	Practical Math	50	CARS 153	Career/Employment Strategies	34

### Program Student Learning Outcome

Upon completion of the **Certificate of Completion in Career Pathway Entry** the student will be able to:

Demonstrate skill and abilities to succeed in a chosen field including: problem solving, communication, collaboration and adaptability.

# Child Development

## DEGREES

Associate in Science in Early Childhood Education  
for Transfer  
Associate in Arts Child Development

## CERTIFICATE OF ACHIEVEMENT

Child Development

## CERTIFICATE OF ACCOMPLISHMENT

Child Development Associate Teacher

The Associate in Science Degree in Early Childhood Education for Transfer is designed to provide the lower division major courses to transfer to a California State University and earn a Bachelor's degree in Child Development or Early Childhood Education.

Child Development is a vital component to our local, state and national system of care and education for young children and offers many exciting career opportunities. The program is designed to prepare students to qualify for a variety of permits issued by Teacher Credentialing, State of California. These permits include an associate teacher, teacher, master teacher, and site supervisor permit. Receiving an A.A. in Child Development also meets the requirement to teach in a National Head Start Program.

As a Child Development major you will:

- Study effective principle and practices of child development, in order to provide quality care and education to children 0-5.
- Develop a disposition for and strategies to communicate effectively with children, parents, peers and the community.
- Identify the theoretical base for child development and the different curriculum structures to form your own philosophy of how to best meet the whole child needs of children.
- Identify a wide range of career opportunities and gear your course of study to that career.

## Career Options

Assistant Teacher	Parent Educator
Associate Teacher	Family Service Worker
Teacher	Home Visitor
Master Teacher	Classroom Aide
Site Supervisor	

## Program Highlights

- Two specialty areas for a master teacher
- Courses in early literacy
- Courses in violence prevention
- Variety of courses in creative arts
- Correspondence courses in the core curriculum

Associate Degree and Certificate of Achievement in Child Development can be completed within two (2) years.

*Internships in Child Development may be available for students interested in Work Experience opportunities.*

Some positions however require a four-year degree for which LCC's program is a good base for transfer.

### Note to Transfer Students:

The benefit for students completing the AS-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. "CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted."

## Associate in Science Degree in Early Childhood Education for Transfer

**Total units for the Associate in Science Degree with a minimum grade point average of 2.0: 60 units**

**Required Core Courses minimum grade 2.0: 25 Units**

Course No	Course Title	Units	CD 25	Teaching in a Diverse Society	3.0
CD 11	Observation and Assessment	3.0	CD/PSY 31	Child Development: Conception	3.0
CD 12	Child, Family and Community	3.0		Through Adolescence	
CD 16	Introduction to Curriculum	3.0			
CD 19	Children's Nutrition, Health and Safety	3.0			
CD 20	Principles and Practices of Teaching Young Children	3.0			
CD 24	Practicum	4.0			

### Completion of either the CSU General Education or IGETC Option

Remaining Units to total 60 Units may be selected from courses numbered 1-49

## Program Student Learning Outcomes

Upon completion of the **Associate in Science Degree in Early Childhood Education for Transfer**, students will be able to:

1. Integrate understanding of the needs, the characteristics and multiple influences on development of children birth to age eight as related to high quality care and education of young children.
2. Design, implement and evaluate environments and activities that support positive, developmental play and learning outcomes for all young children.
3. Apply effective guidance and interaction strategies that support all children's social learning, identity, and self-confidence.
4. Develop strategies that promote partnerships between programs, teachers, families and their communities.
5. Demonstrate ethical standards and professional behaviors that deepen understanding, knowledge and commitment to the EC/CD profession.

**Associate in Arts Degree Child Development**

**Total Units for the Associate in Arts Degree: 60 Units**

**Required Core Courses: 35 Units**

Course No	Course Title	Units
CD 11	Observation and Assessment	3.0
CD 12	Child, Family and Community	3.0
CD 16	Introduction to Curriculum	3.0
CD 19	Children's Nutrition, Health and Safety	3.0
CD 20	Principles and Practices of Teaching Young Children	3.0
CD 23	Adult Supervision in the Child Care Setting	3.0
CD 24	Practicum	4.0
CD 25	Teaching in a Diverse Society	3.0
CD/PSY 31	Child Development: Conception Through Adolescence	3.0
CD 50	ECE Child Health and Safety	1.0

**Master Teacher**

Course No	Course Title	Units
CD 17	Children's Literature	3.0
CD 30	Early Steps to Reading Success	3.0

**Required Electives:** The student must complete 3 units from the following courses:

Course No	Course Title	Units
CD 15	Pre-School Administration	3.0
CD 17	Children's Literature	3.0
CD 22	The Infant Toddler	3.0
CD 26	Administration II	3.0
CD 27	Children with Special Needs	3.0
CD 28	Child Guidance	3.0
CD 30	Early Steps to Reading Success	3.0
CD 49	Child Development Work Experience	1.0-8.0

**Students must complete six units from either the Site**

**Supervisor or Master Teacher paths:**

**Site Supervisor**

Course No	Course Title	Units
CD 15	Pre-School Administration	3.0
CD 26	Administration II	3.0

**Electives: 4 Units** - The student may select from any courses numbered 1-99 to satisfy this requirement.

**General Education Requirements: 18 Units**

**Certificate of Achievement Child Development**

**Total Units for the Certificate of Achievement: 26 Units**

**Required Core Courses: 26 Units**

Course No	Course Title	Units
CD 11	Observation and Assessment	3.0
CD 12	Child, Family and Community	3.0
CD 16	Introduction to Curriculum	3.0
CD 19	Children's Nutrition, Health, and Safety	3.0
CD 20	Principles and Practices of Teaching Young Children	3.0
CD 24	Practicum	4.0
CD 25	Teaching in a Diverse Society	3.0
CD/PSY 31	Child Development: Conception Through Adolescence	3.0
CD 50	ECE Child Health and Safety	1.0

**Program Student Learning Outcomes**

Upon completion of the **Associate in Arts Degree** or the **Certificate of Achievement in Child Development**, the student will be able to:

1. Analyze the influence of culture, family, society, and environment on an individual's development.
2. Design, implement and evaluate environments and activities that support positive, developmental play and learning outcomes for all young children.
3. Apply effective guidance and interaction strategies that support all children's social learning, identity, and self-confidence.

**Certificate of Accomplishment Child Development Associate Teacher**

**Total Units for the Certificate of Accomplishment: 14 Units**

**Required Core Courses: 11 Units**

Course No	Course Title	Units
CD 12	Child, Family and Community	3.0
CD 16	Introduction to Curriculum	3.0
CD 24	Practicum	4.0
CD 50	ECE Child Health and Safety	1.0

**And one of the following courses:**

CD 11	Observation and Assessment	3.0
CD 22	The Infant Toddler	3.0
CD/PSY 31	Child Development: Conception Through Adolescence	3.0

**Program Student Learning Outcomes**

Upon completion of the **Certificate of Accomplishment in Child Development Associate Teacher**, the student will be able to:

1. Integrate understanding of the needs, characteristics and multiple influences on the development of children.
2. Evaluate environments and design, implement, and evaluate activities that support positive, developmental play and learning outcomes for all children.
3. Apply effective guidance and interaction strategies that support all children's learning, identity and self-confidence.
4. Develop strategies that promote partnerships with parents.
5. Demonstrate ethical standards and professional behaviors that deepen understanding, knowledge and commitment to the EC/CD profession

# English

## DEGREE

Associate in Arts in English for Transfer

The Associate in Arts Degree in English for Transfer is designed to provide students with a strong foundation for the study of literature and composition in order to transfer to a California State University. It is an excellent starting point for students interested in pursuing a baccalaureate degree in English. The core course work is designed to provide undergraduate preparation analyzing written works, recognizing crucial elements of poetry, fiction and drama, and utilizing primary and secondary sources to effectively support a premise.

As an English major, you will:

- Be exposed to the field of English through courses that are academically rigorous and content appropriate.
- Learn the skills necessary to gather, interpret, and analyze quantitative and qualitative data.

### Career Options

Poet  
 Writer  
 Lawyer  
 Teacher  
 Journalist  
 Any career in which writing is important

Associate Degree in English for transfer can be completed within two (2) years.

### Career Preparation

The Associates in Arts Degree in English for Transfer prepares the student for transfer to a four-year college or university.

### Program Highlights

Core curriculum in English for transfer to a California State University  
 Small class size  
 Individualized tutoring

### Note to Transfer Students:

The benefit for students completing the AA-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. "CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted."

## Associate in Arts Degree in English for Transfer

**Total Units for the Associate in Arts Degree with a minimum grade point average 2.0: 60 Units**

**Required Core Courses minimum grade 2.0: 18 Units**

Course No Course Title Units

**Take the following 6 units**

ENGL 2 Introduction to Literary Types 3.0

ENGL 9 Critical Thinking and Composition 3.0

**List A – Take 6 units (Select 2)**

ENGL 3 British Literature I 3.0

ENGL 4 British Literature II 3.0

ENGL 12 Survey of American Literature II 3.0

**List B – Take 3 units**

ENGL 5 Survey of World Literature II 3.0

ENGL 10 Shakespeare 3.0

**List C – Take 3 units**

ENGL 1 College Composition 3.0

ENGL 22 Creative Writing 3.0

ENGL 33 Studies in Fiction 3.0

ENGL 34 Studies in Poetry 3.0

**Completion of either the CSU General Education or IGETC Option**

Remaining Units to total 60 Units may be selected from courses numbered 1-49

## Program Student Learning Outcomes

Upon completion of the **Associate in Arts Degree in English for Transfer** student will be able to:

1. Demonstrate analytical and critical thinking skills through the production of written and oral critical responses to texts
2. Given an assignment to read a literary work, the student will identify and analyze crucial elements of fiction, poetry and drama
3. Demonstrate the ability to find, evaluate, and interpret primary and secondary sources, utilize summary, paraphrase and direct quotes to support a premise, and apply guidelines for MLA documentation to appropriately document information within written essays.

# Fire Technology

## DEGREE

Associate in Science in Fire Technology

## CERTIFICATE OF ACHIEVEMENT

Fire Technology

The Associate in Science Degree in Fire Technology is designed to provide students with updated skills and knowledge necessary to successfully compete for fire service positions. The curriculum serves as an in-service program as well as pre-employment program for students seeking employment or advancement in the profession of urban firefighting and wildland fire suppression.

As a fire technology major, you will:

- Study a broad overview of fire technology including: fire behavior, fire prevention, fire protection equipment and systems.
- Study the organizational structures and management techniques used in wildland fire suppression.
- Study the tactics used in urban firefighting.

### Career Options

Firefighter  
Inspector  
Investigator  
Supervisor  
Manager

Some positions however require a four-year degree for which

LCC's program is a good base for transfer.

## CERTIFICATE OF ACCOMPLISHMENT

Basic Fire Fighter  
Fire Technology

### Program Highlights

\* Up-to-date technical information

Associate Degree and Certificate of Achievement in Fire Technology can be completed within two (2) years.

*Internships in Fire Technology may be available for students interested in Work Experience opportunities.*

---

### Program Student Learning Outcomes

Upon successful completion of the **Certificate of Accomplishment Fire Technology**, the student will be able to:

1. Demonstrate an understanding of fire behavior.
2. Identify Command staff and how they fit into ICS structure
3. Recognize Critical structural fire ground factors
4. Be able to perform CPR

# General Education Transfer Curriculum

## CERTIFICATES OF ACHIEVEMENT

CSU General Education  
Intersegmental General Education Transfer Curriculum (IGETC)

The Certificates of Achievement are inclusive of requirements for CSU General Education Certification or IGETC Certification. These certifications may be requested by the student to be sent to UC or CSU campus of their choice.

### California State University General Education Certificate of Achievement

CSU General Education Certification of Achievement requires a minimum of 39 units.  
Minimum GPA of **2.00** overall and Area A and B4 must be a "C" or better.

#### AREA A - English Language and Critical Thinking

The student must take one course from each area:

1. Oral Communications: Speech 1
2. Written Communications: English 1
3. Critical Thinking: English 7, English 9

#### AREA B - Scientific Inquiry and Quantitative Reasoning

The student must take one course from each area including one (L) Lab Science course:

1. Physical Universe:

- Agriculture 19 (L)
- Chemistry 1A (L), 1B (L), 8 (L), 40, 40L (L), 45 (L)
- Geology 1 (L), 5 (L)
- Physical Science 1
- Physics 2A (L), 2B (L)

2. Life Forms:
  - Agriculture 10 (L), 20 (L)
  - Anthropology 1
  - Biology 1 (L), 4 (L), 10 (L), 20 (L), 25 (L), 26 (L), 32, 32L (L)
3. Laboratory Science (L):
  - Any of the above (L) courses
4. Mathematics/Quantitative Reasoning:
  - Math 1A, 1B, 7, 8, 11A, 11B, 40

#### AREA C - Arts and Humanities

The student must take 3 of the following courses, limit 2 in one area.

1. Arts (Art, Dance, Music, Theater):
  - Art 1A, 1B, 2, 3, 6, 7, 8, 9, 10A, 30, 36A
  - Film 1
  - Music 6, 7, 12

2. Humanities (Literature, Philosophy, Foreign Languages):
  - English 2, 3, 4, 5, 10, 12, 33, 34
  - History 14, 15, 16, 17
  - Humanities 1, 2
  - Philosophy 1, 10
  - Spanish 1, 2

#### AREA D - Social Sciences

The student must take a minimum of 9 units with courses taken from at least two disciplinary perspectives.

- Administration of Justice 10, 12, 20
- Anthropology 2, 3
- Agriculture 2
- Child Development 31
- Economics 10, 11
- Ethnic Studies 1

- Geography 2
- History 14, 15, 16\*, 17\*
- Political Science 1\*
- Psychology 1, 5, 6, 18, 31
- Sociology 1, 3, 4

\* **CSU Graduation Requirement:** US History, Constitution, and American Ideals - Completion of one course in American History and one course in American Government is a requirement to graduate from any CSU campus. Students may select one combination from the following to fulfill this requirement; these courses may be double counted with Area D:

- (1) History 16 and 17
- (2) History 16 and Political Science 1
- (3) History 17 and Political Science 1

#### AREA E - Lifelong Understanding and Self-Development

The student must take one course or 3 units from the following courses:

- Child Development 31
- Counseling & Guidance 1
- Health 2, 25
- Human Services 30

- Physical Education 15
- Psychology 1, 18, 31, 33
- Sociology 3

## **Intersegmental General Education Transfer Curriculum (IGETC) Certification**

IGETC General Education Certificate of Achievement requires 37 Units. Minimum GPA of **2.00** overall and a grade of “C” or better in each course. Completion of Areas 1, 2, 3, 4, 5; Demonstrate Foreign Language Proficiency. \*\* Indicates that transfer credit may be limited by either UC or CSU or both. Please consult with a Counselor.

---

### **AREA 1: English Communication 9 units** (One from each group)

English 1

English 7 or 9

Speech 1

---

### **AREA 2: Mathematical Concepts and Quantitative Reasoning 3 units**

Math 1A, 1B, 8, 40

---

### **AREA 3: Arts and Humanities 9 units** - At least 3 courses, with at least one from Arts and one from Humanities.

#### **Arts:**

Art 6, 7, 8, 9

Film 1

Music 6, 7, 12

#### **Humanities:**

English 2, 3, 4, 5, 10, 12, 33, 34

History 14, 15, 16, 17

Humanities 1, 2

Philosophy 1, 10

Spanish 2

---

### **AREA 4: Social and Behavioral Sciences 9 units** -At least three courses from at least 2 disciplines.

A. Anthropology/Archaeology: ANTH 2, 3

B. Economics: AGR 2, ECON 10, 11

C. Ethnic Studies: ES 1

D. Gender Studies: SOC 4

E. Geography: GEOG 2

F. History: HIST 14, 15, 16\*, 17\*

G. Interdisciplinary: CD 31

H. Political Science: PLCS 1\*

I. Psychology: PSY 1, 5, 6, 18, 31

J. Sociology/Criminology: AJ 12, SOC 1, 2, 3

---

### **AREA 5: Physical and Biological Sciences 7 – 9 units.** At least 2 courses, one Physical Science and one Biological Science; at least one must include a laboratory (indicated by “L” in parentheses).

#### **Physical Sciences:**

Agriculture 19

Chemistry 1A (L), 1B (L), 8 (L), \*\*45 (L)

Geology 1 (L), 5 (L)

\*\*Physical Science 1

Physics 2A (L), 2B (L)

#### **Biological Sciences:**

Agriculture 10, 20

Anthropology 1

Biology 1 (L), 4 (L), 10 (L), 20 (L), 25 (L),

26 (L), 32, 32L (L)

**Language Other Than English (UC Requirement Only)** Complete 2 years of the same Foreign Language of high school level work with a grade of “C” or better or earn a score of 3 or higher on the Foreign Language Advanced Placement Test, or 550 on the College Board Achievement Test in Foreign Language or complete 4 units from the courses below.

**The following course at this institution fulfills the requirement (1 course, 4 semester units):** Spanish 1

**\* CSU Graduation Requirement Only - U.S. History, Constitution and American Ideals, 6 semester units**

**Courses may not be applied to Area 4 if used to meet Constitution requirements for CSU**

Group 1 Political Science 1

Group 2 History 16, 17

---

## **Program Student Learning Outcomes**

### **California State University General Education Certificate of Achievement Intersegmental General Education Transfer Certificate of Achievement (IGETC)**

Upon completion of this certification the student will be able to:

1. Understand and apply methods of inquiry for a variety of disciplines including the scientific method for scientific inquiry and appropriate methods for social and behavior science inquiries.
2. Explain and analyze relationships between science and other human activities.
3. Apply knowledge of the ways people act and have acted in response to their societies to express an appreciation for how diverse societies and social subgroups operate to understand social dynamics within historical and contemporary communities.
4. Understand ways in which people throughout the ages and in Western and non-Western cultures have responded to themselves and the world around them in artistic and cultural creation; apply this knowledge to make value judgments on cultural activities and artistic expressions and demonstrate an understanding of the interrelationship between the creative arts, the humanities and self.
5. Engage in verbal communication by participating in discussions, debates, and oral presentations utilizing proper rhetorical perspective, reasoning and advocacy, organization, accuracy, and the discovery, critical evaluation and reporting of information.
6. Compose effective written communications and essays with correct grammar, spelling, punctuation and appropriate language, style and format utilizing academically accepted means of researching, evaluating and documenting sources within written works.
7. Analyze, evaluate and explain theories, concepts and skills within varied disciplines using inductive and deductive processes and quantitative reasoning and application.
8. Demonstrate appreciation of themselves as living organism through their choices for physical health, activities, stress management, relationships to the social and physical environment, and responsible decision-making.

# Geology

## DEGREES

### Associate in Science in Geology for Transfer

The Associates in Science Degree in Geology is designed to provide students with a strong foundation for the study of physical processes in and on the Earth in preparation for transfer to a California State University. It is an excellent starting point for students interested in pursuing a baccalaureate degree in Geology. The geology major is designed to provide undergraduate preparation leading to careers in resource exploration, hydrogeology, or environmental geology.

As a Geology major, you will:

- Study a comprehensive introduction to the field of geology through courses that are academically rigorous and content appropriate.
- Develop a solid foundation in the basic elements of scientific inquiry.
- Identify an area of specialization in geology.

### Career Options

Environmental Scientist  
Geological Engineer  
Geological Technician  
Geologist  
Hydrologist  
Mineralogists  
Mining Engineer  
Metallurgist  
Natural Science Manger  
Petroleum Technician  
Teacher

### Career Preparation

The Associates in Arts Degree in Geology for Transfer prepares the student for transfer to a four-year college or university.

### Program Highlights

Core curriculum in Geology for transfer to a California State University

Small class size

Individualized tutoring

Laboratory and Field study opportunities

Associate Degree in Geology can be completed within two (2) years.

### Note to Transfer Students:

The benefit for students completing the AS-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. "CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted."

---

## Associate in Science Degree in Geology for Transfer

**Total Units for the Associate in Science Degree with a minimum grade point average of 2.0: 60 Units**

**Required Core Courses minimum grade 2.0: 28 Units**

Course No	Course Title	Units			
CHEM 1A	General Chemistry I	5.0	GEOL 5	Historical Geology and Paleontology	4.0
CHEM 1B	General Chemistry II	5.0	MATH 1A	Analytic Geometry and Calculus I	5.0
GEOL 1	Physical Geology	4.0	MATH 1B	Analytic Geometry and Calculus II	5.0

### Completion of either the CSU General Education or IGETC Option

Remaining Units to total 60 Units may be selected from courses numbered 1-49

---

### Program Student Learning Outcomes

Upon completion of the **Associate in Science Degree in Geology for Transfer** student will be able to:

1. Demonstrate an understanding of geologic time scale and timing of major events in Earth history.
2. Explain internal and external dynamic processes occurring within the earth system and analyze the effects on these processes on physical constitution of the earth.
3. Apply proper lab techniques and knowledge of theoretical concepts in geology to acquire and interpret geologic data and formulate new questions in a laboratory setting.

# Gunsmithing

## DEGREES

Associate in Science in Firearms Repair  
Associate in Science in General Gunsmithing

## CERTIFICATES OF ACHIEVEMENTS

Firearms Repair  
General Gunsmithing

## CERTIFICATES OF ACCOMPLISHMENTS

Gunsmith Machinist and Metal Finishing  
Long Gun  
Pistolsmith  
Riflesmith

The Gunsmithing Program offers two degrees, two Certificates of Achievement, and four Certificates of Accomplishment, that each provide the student with a very specific set of skills in areas such as general gunsmithing, firearms repair, firearms customization and in the recognized specialty areas. Depending on the selected course of study, a student is provided with the skills to acquire an entry-level position in the industry. This program is also designed to assist those already employed in the industry and those in the community to improve or expand their skills. The curriculum is updated with the assistance of a business and industry advisory committee. In accordance with the provisions of the state penal code section numbers: (12021, 12021.5, 12050, and 12054), prospective students must file an approved affidavit with the Lassen Community College District as a prerequisite to program enrollment.

As a Gunsmithing major, you will:

- Study course work in design, function and repair, firearm laws and regulations, machining, metallurgy, stock fabrication and welding.
- Develop skills on how to install and replace components, clean, maintain, and service handguns, rifles and shotguns.
- Identify a particular type of firearm you are most interested in and build a course of study to better qualify you for a profession.

## Career Options

Gunsmith Firearms Repair  
Firearms Salesman  
Law Enforcement Armorer  
Department of Corrections  
Armorer

Owner/Manager of a Gunsmith  
Shop or Sporting Goods Store  
Specialist in Custom Built Firearms  
Factory Service Representative

Some positions require a four-year degree for which Lassen Community College's program is a good base for transfer.

Associate Degree and Certificate of Achievement in Gunsmithing can be completed within two (2) years.

---

## Associate in Science Degree: Firearms Repair

**Total Units for the Associate in Science Degree: 60 units.**

**Required Core Courses: 42 Units**

GSS 50.01	Recoil Pad and Sling Swivel Installation	1.0	GSS 63.02	Ejectors	1.0
GSS 50.03	Open and Optical Sight Installation	1.0	GSS 63.03	Double Gun Locks	1.0
GSS 51.01	Stock Inletting	1.0	GSS 64.01	Composition Stock Fitting, Bedding and Finishing	1.0
GSS 51.05	Glass Bedding for Strength and Accuracy	1.0	GSS 66.02	Revolver Barrel Fitting and Ranging	1.0
GSS 51.06	Wood Stock Finishing	1.0	GSS 67.01	Blowback Principle	1.0
GSS 52.06	Gunsmith Machining 6	1.0	GSS 68.01	DFR Locked Breech Single Action Auto Pistols	1.0
GSS 54.05	Hardening and Tempering of Carbon Steels	1.0	GSS 68.02	DFR Locked Breech Double Action Auto Pistols	1.0
GSS 56.03	Bolt Action Barrel Fitting	1.0	GSS 68.03	DFR Blowback Auto Pistols	1.0
GSS 57.01	Bolt Action Breeching and Headspace	1.0	GSS 69.01	DFR Auto Rifles	1.0
GSS 57.03	Action and Bolt Modifications	1.0	GSS 69.02	DFR Pump Rifles	1.0
GSS 59.02	Metal Preparation for Refinishing And Caustic Bluing	1.0	GSS 69.03	DFR Lever Action Rifles	1.0
GSS 60.01	DFR Recoil Operated Auto Shotguns	1.0	GSS 70.01	DFR Triggers 1	1.0
GSS 60.02	DFR Gas Operated Auto Shotguns	1.0	GSS 71.01	DFR .22 Autos	1.0
GSS 60.04	DFR Pump Shotguns	1.0	GSS 71.02	DFR Bolt Action .22's	1.0
GSS 61.01	DFR Single Action Revolvers	1.0	GSS 71.03	DFR Pump and Lever Action .22's	1.0
GSS 61.02	DFR Smith and Wesson Revolvers	1.0	GSS 71.04	DFR Marlin Model 39	1.0
GSS 61.03	DFR Colt & Ruger Double Action Revolvers	1.0	GSS 75.02	Firearm Laws and Regulations	1.0
GSS 62.03	Misfire Correction	1.0	WT 31	GTAW for Gunsmiths	3.0
GSS 62.04	Correcting Oversize Firing Pin Holes	1.0	WT 32	Advanced GTAW for Gunsmiths	3.0
			<b>General Education Requirements: 18 Units</b>		

**Certificate of Achievement: Firearms Repair**

**Total units for the Certificate of Achievement: 42 Units**

Course No	Course Title	Units	GSS 62.04	Correcting Oversize Firing Pin Holes	1.0

GSS 58.02	Pressure Bedding and Pillar Bedding	1.0	<b>Electives: 6 Units</b> (The student may select any courses numbered 1-99 to satisfy this requirement.)		

**Program Student Learning Outcomes**

Upon completion of the **Associate in Science Degree** or the **Certificate of Achievement in General Gunsmithing**, the student will be able to:

1. Perform appropriate custom alterations and modifications as related to a specific custom field in Gunsmithing.
2. Diagnose a specific firearm malfunction, execute the appropriate corrective step and verify the problem has been resolved.

**Certificate of Accomplishment: Gunsmith Machinist and Metal Finishing**

**Total Units for the Certificate of Accomplishment Gunsmith Machinist and Metal Finishing: 15 Units**

Course No	Course Title	Units			
GSS 50.03	Open and Optical Sight Installation	1.0	GSS 54.05	Hardening and Tempering of Carbon Steels	1.0
GSS 52.01	Gunsmith Machining 1	2.0	GSS 59.02	Metal Preparation for Refinishing And Caustic Bluing	1.0
GSS 52.02	Gunsmith Machining 2	2.0	GSS 59.03	Parkerizing	1.0
GSS 52.03	Gunsmith Machining 3	2.0	GSS 59.04	Color Case Hardening	1.0
GSS 52.04	Gunsmith Machining 4	1.0	GSS 59.09	Alternative Metal Finishing	1.0
GSS 52.05	Gunsmith Machining 5	1.0			
GSS 52.06	Gunsmith Machining 6	1.0			

**Program Student Learning Outcomes**

Upon completion of the **Certificate of Accomplishment - Gunsmith Machinist and Metal Finishing**, the student will be able to:

1. Design and machine firearm parts and fixtures using the appropriate tools and techniques.
2. Apply the appropriate polishing technique and finish to metal firearms parts.

**Certificate of Accomplishment: Long Gun**

**Total Units for the Certificate of Accomplishment Long Gun: 13 Units**

Course No	Course Title	Units			
GSS 51.06	Wood Stock Finishing	1.0	GSS 60.04	DFR Pump Shotguns	1.0
GSS 52.06	Gunsmith Machining 6	1.0	GSS 66.01	Non-Bolt Action Rifle Barrel Fitting	1.0
GSS 54.05	Hardening and Tempering of Carbon Steels	1.0	GSS 69.01	DFR Auto Rifles	1.0
GSS 60.01	DFR Recoil Operated Auto Shotguns	1.0	GSS 69.02	DFR Pump Rifles	1.0
GSS 60.02	DFR Gas Operated Auto Shotguns	1.0	GSS 69.03	DFR Lever Action Rifles	1.0
			WT 32	Advanced GTAW for Gunsmiths	3.0

**Program Student Learning Outcomes**

Upon completion of the **Certificate of Accomplishment - Long Gun**, the student will be able to:

1. Diagnose specific long gun malfunction, execute the appropriate corrective step and verify the problem has been resolved.

**Certificate of Accomplishment: Pistolsmith**

**Total Units for the Certificate of Accomplishment Pistolsmith: 13 Units**

Course No	Course Title	Units			
GSS 52.06	Gunsmith Machining 6	1.0	GSS 67.01	Blowback Principle	1.0
GSS 54.05	Hardening and Tempering of Carbon Steels	1.0	GSS 68.01	DFR Locked Breech Single Action Auto Pistols	1.0
GSS 61.01	DFR Single Action Revolvers	1.0	GSS 68.02	DFR Locked Breech Double Action Auto Pistols	1.0
GSS 61.02	DFR Smith and Wesson Revolvers	1.0	GSS 68.03	DFR Blowback Auto Pistols	1.0
GSS 61.03	DFR Colt & Ruger Double Action Revolvers	1.0	WT 32	Advanced GTAW for Gunsmiths	3.0
GSS 66.02	Revolvers Barrel Fitting and Ranging	1.0			

**Program Student Learning Outcomes**

Upon completion of the **Certificate of Accomplishment Pistolsmith**, the student will be able to:

1. Diagnose specific handgun malfunction, execute the appropriate corrective step and verify the problem has been resolved.

**Certificate of Accomplishment: Riflesmith**

**Total Units for the Certificate of Accomplishment Riflesmith: 15 Units**

Course No	Course Title	Units			
GSS 51.01	Stock Inletting	1.0	GSS 57.02	Action Blueprinting	1.0
GSS 51.05	Glass Bedding for Strength and Accuracy	1.0	GSS 57.03	Action and Bolt Modifications	1.0
GSS 51.06	Wood Stock Finishing	1.0	GSS 57.06	Trueing Exterior of Action	1.0
GSS 55.04	Stock Refinish and Repair	1.0	GSS 57.08	Bottom Metal Modifications	1.0
GSS 56.01	Headspace	1.0	GSS 57.15	Bolt Action Rifle Feeding	1.0
GSS 56.03	Bold Action Barrel Fitting	1.0	GSS 58.02	Pressures and Pillar Bedding	1.0
GSS 56.04	Barrel Contouring	1.0	GSS 64.01	Composition Stock Fitting, Bedding and Finishing	1.0
GSS 57.01	Bold Action Breeching and Headspace	1.0			

**Program Student Learning Outcomes**

Upon completion of the **Certificate of Accomplishment Riflesmith**, the student will be able to:

1. Perform appropriate custom rifle alterations and modifications.
2. Diagnose specific rifle malfunction, execute the appropriate corrective step and verify the problem has been resolved.

# Health Occupations

## Certificate of Achievement

Medical Assisting

## Certificate of Accomplishment

Administrative Medical Assisting

Clinical Medical Assisting

## Red Cross Certification

Cardiopulmonary Resuscitation (CPR)

Standard First Aid

Lassen College offers coursework that leads to eligibility for external certifications in CPR, First Aid, and EMT-I in addition to certificates in Clinical and Administrative Medical Assisting.

Certificate of Accomplishment in Administrative Medical Assisting

The program of courses for this certificate is designed to prepare a student to perform office-related duties including scheduling and billing as a medical office assistant.

Certificate of Accomplishment in Clinical Medical Assisting

The program of courses for the clinical certificate offers information, skill development, and practice for student seeking employment as a medical assistant who makes direct patient contact and assists nurses and doctors with clinical procedures.

## Career Options

Medical Assistant

Clinic Assistant

Medical Office Assistant

EMT - I

EMT - II

EMT – Paramedic

## Program Highlights

- Hands-on-training for entry-level employment.
- Continuing education units (CEUs) available.

Internships in health occupations are available for students interested in Work Experience opportunities.

---

## Certificate of Achievement Medical Assisting

### Total Units for the Certificate of Achievement in Administrative Medical Assisting: 18 Units

Course No	Course Title	Units	Course No	Course Title	Units
HO 49	Health Occupations Work Experience	2.0	HO 71	Medical Assisting Administrative	6.0
HO 70	Medical Assisting Core	4.0	HO 72	Medical Assisting Clinical	6.0

---

## Program Student Learning Outcomes

Upon completion of the **Certificate of Achievement Medical Assisting** the student will be able to:

1. Demonstrate the Knowledge about medical assisting and other allied health professions.
2. Demonstrate beginning level medical assisting skills.
3. Display understanding of basic medical terminology, anatomy and physiology.
4. Access and navigate basic computer systems.
5. Perform exam room procedures autonomously.
6. Demonstrate knowledge of Pharmacology.
7. Assist with minor surgery and laboratory procedures.
8. Provide Patient education.

---

## Certificate of Accomplishment in Administrative Medical Assisting

### Total Units for the Certificate of Accomplishment in Administrative Medical Assisting: 10 Units

Course No	Course Title	Units	Course No	Course Title	Units
HO 70	Medical Assisting Core	4.0	HO 71	Medical Assisting Administrative	6.0

---

## Program Student Learning Outcomes

Upon completion of the **Certificate of Accomplishment in Administrative Medical Assisting** the student will be able to:

1. Demonstrate the Knowledge about medical assisting and other allied health professions.
2. Demonstrate beginning level medical assisting skills.
3. Display understanding of basic medical terminology, anatomy and physiology.
4. Access and navigate basic computer systems.
5. Demonstrate professionalism in the role of administrative medical assisting and office reception.
6. Prepare and properly manage medical office records.
7. Demonstrate medical office finance and billing skills.
8. Display medical office management abilities.

---

## Certificate of Accomplishment in Clinical Medical Assisting

**Total Units for the Certificate of Accomplishment in Clinical Medical Assisting: 10 Units**

Course No	Course Title	Units				
HO 70	Medical Assisting Core	4.0	HO 72	Medical Assisting Clinical		6.0

---

Upon completion of the **Certificate of Accomplishment in Clinical Medical Assisting** the student will be able to:

1. Demonstrate knowledge about medical assisting and other allied health professions
2. Demonstrate beginning level medical assisting skills.
3. Display understanding of basic medical terminology, anatomy and physiology.
4. Access and navigate basic computer systems.
5. Perform exam room procedures autonomously.
6. Demonstrate knowledge of pharmacology.
7. Assist with minor surgery and laboratory procedures.
8. Provide patient education.

# History

## DEGREES

### Associate in Arts in History for Transfer

The Associates in Arts Degree in History is designed to provide students with a strong foundation for the study of the historical past in order to transfer to a California State University. It is an excellent starting point for students interested in pursuing a baccalaureate degree in history. The core course work is designed to provide undergraduate preparation leading to knowledgeable individuals who recognized that society cannot deal with the present or prepare to cope with the future without an understanding of the past. Students will examine contemporary problems and issues from a historical perspective.

As a history major, you will:

- Study a comprehensive introduction to the field of history through courses that are academically rigorous and content appropriate.
- Acquire the knowledge and skills to apply the “historical perspective” to your own life and to the social environment of which you are a part.
- Analyze the news of the day as well as changes in the global economy and other major social institutions within a historical context.
- Identify an area of specialization in history.

### Career Options

Government Service  
Historian  
Lawyer  
Military Officer  
Museum Curator  
Teacher

### Career Preparation

The Associates in Arts Degree in History for Transfer prepares the student for transfer to a California State University.

### Program Highlights

Lassen Community College offers its History by way of traditional classroom study, online, or by correspondence delivery.

Associate Degree in History can be completed within two (2) years

### Note to Transfer Students:

The benefit for students completing the AA-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. “CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted.”

## Associate in Arts Degree in History for Transfer

**Total Units for the Associate in Arts Degree with a minimum grade point average of 2.0: 60 Units**

**Required Core Courses minimum grade 2.0: 18-19 Units**

**Complete the following 6 Units:**

Course No	Course Title	Units
HIST 16	U.S. History	3.0
HIST 17	Post-Civil War – U.S. History	3.0
<b>Complete 6 Units from the following:</b>		
HIST 14	World History-Prehistoric to 1500	3.0
HIST 15	World History-1500 to Present	3.0
HUM 1	Western Civilization-Prehistoric to 1600	3.0
HUM 2	Western Civilization-1600 to Present	3.0

**Select 6-7 additional Units from the following:** (not already taken)

HIST 14	World History-Prehistoric to 1500	3.0
HIST 15	World History-1500 to Present	3.0
HUM 1	Western Civilization-Prehistoric to 1600	3.0
HUM 2	Western Civilization-1600 to Present	3.0
SPAN 1	First Course in Spanish	4.0

**Completion of either the CSU General Education or IGETC Option**

Remaining Units to Total 60 Units may be selected from courses numbered 1 – 49.

### Program Student Learning Outcomes

Upon completion of the **Associate in Arts Degree in History for Transfer** student will be able to:

1. Explain four transitions that the United States has undergone from colonization to the present. Examples may include but are not limited to: the colonial period to the revolutionary period; launching a new government to the growth of a union; the civil war to reconstruction; the U.S. industrial revolution to the U.S. as a world power; WWI and WWII; or WWII to the age of affluence.
2. Analyze the American political system including the reasons behind the separation of power and the constant struggle between the executive, legislative, and judicial branches of government.
3. Given a current historical topic, demonstrate the ability to conduct research using traditional and technological skills to write an organized, factually correct, well-documented paper.
4. Develop an appropriate and factually correct theme on a specific topic comparing and contrasting works, events or values of two eras or cultures of Western Civilization.
5. Given an era in time, explain the differences between the ideas and cultural values of Western and non-Western societies.

# Human Services

## DEGREES

Associate in Science in Drug and Alcohol Paraprofessional  
 Associate in Science in Human Services

The Human Services Program is designed to prepare students for employment in a variety of areas in social work. The program offers lower division career technical education curriculum designed to meet the needs of career-oriented students. The courses, certificates and degrees offer preparation for first-time employment, re-entry, or career advancement.

As a Human Services major, you will: Study an introductory social work curriculum.

- Develop the habit of intellectual inquiry and effective communication.
- Identify theoretical foundations and intervention strategies; client population and cultural diversity; research and evaluation methods; and skills development / field experience.

## Career Options

Clinical Social Worker Assistant  
 Drug and Alcohol Counselor  
 Halfway House  
 Group Home Worker  
 Mental Health Worker  
 School Counselor Aid  
 Social Work Assistant

Some positions however require a four-year degree for which LCC's program is a good base for transfer.

## CERTIFICATES OF ACHIEVEMENT

Drug and Alcohol Paraprofessional  
 Human Services

## Program Highlights

- Students graduate prepared to achieve their personal, civic, educational, and career goals.
- Students work effectively in collaborative settings.
- The job outlook is excellent. Welfare reform has led to an increase of hiring in this field. The aging population also increases the need of social services employees.

Associate Degree and Certificate of Achievement in Human Services can be completed within two (2) years.

Internships in Human Services may be available for students interested in Work Experience opportunities.

### Associate in Science Degree Drug and Alcohol Paraprofessional

**Total Units for the Associate in Science Degree: 60 Units**

**Required Core Courses: 33 Units**

Course No	Course Title	Units
HUS 10	Introduction to Social Work and Human Services	3.0
HUS 22	Substance Abuse Treatment	3.0
HUS 24	Group Facilitator Process/Human Services	3.0
HUS 30	Pharmacology of Drugs of Abuse	3.0
HUS 31	Crisis Intervention Strategies	3.0
HUS 35	Ethical Issues/Human Services	3.0
HUS 37	Case Management and Client Records Documentation	3.0
HUS 40	Field Instruction Seminar I	1.0
HUS 41	Field Instruction Seminar II	1.0

HUS 49	Human Services Work Experience	4.0
PSY 1	Introduction to Psychology	3.0
SOC 1	Introduction to Sociology	3.0

**Required Electives: 3 Units**

HUS 25	Family Treatment Approaches	2.0
HUS 32	Understanding Addiction	3.0
HUS 48	Human Services Selected Topics	0.5-4.5
HUS 49	Human Services Work Experience	1.0-3.0
HUS 61	Principles/Practices Residential Care Paraprofessional Counselors	3.0

**Electives: 6 Units** (The student may select any courses numbered 1 – 99 to satisfy this requirement.)

**General Education Requirements: 18 Units**

### Certificate of Achievement Drug and Alcohol Paraprofessional

**Total Units for the Certificate of Achievement: 36 Units**

**Required Core Courses: 33 Units**

Course No	Course Title	Units
HUS 10	Introduction to Social Work and Human Services	3.0
HUS 22	Substance Abuse Treatment	3.0
HUS 24	Group Facilitator Process/Human Services	3.0
HUS 30	Pharmacology of Drugs of Abuse	3.0
HUS 31	Crisis Intervention Strategies	3.0
HUS 35	Ethical Issues/Human Services	3.0
HUS 37	Case Management and Client Records Documentation	3.0
HUS 40	Field Instruction Seminar I	1.0

HUS 41	Field Instruction Seminar II	1.0
HUS 49	Human Services Work Experience	4.0
PSY 1	Introduction to Psychology	3.0
SOC 1	Introduction to Sociology	3.0

**Required Electives: 3 Units**

HUS 25	Family Treatment Approaches	2.0
HUS 32	Understanding Addiction	3.0
HUS 48	Human Services Selected Topics	3.0
HUS 49	Human Services Work Experience	1.0-3.0
HUS 61	Principles/Practice-Residential Care Paraprofessional Counselors	3.0

-----

**Program Student Learning Outcomes**

Upon the completion of the **Associate in Science Degree** or **Certificate of Achievement in Drug and Alcohol Paraprofessional**, the student will be able to:

1. Demonstrate an understanding of the functions of Alcohol and Other Drug treatment programs by applying theoretical foundations and intervention strategies from latest research protocols.
2. Be academically prepared to obtain an entry-level or mid-level position within the Drug and Alcohol treatment facility through course work and field placement skills Development.
3. Demonstrate competency at recognizing the potential for substance abuse problems and engaging clients around the issues in order to complete a thorough substance abuse assessment and treatment plan.

-----

**Associate in Science Degree Human Services**

**Total Units for the Associate in Science Degree: 60 Units**

-----

**Program Student Learning Outcomes**

Upon the completion of the **Associate in Science Degree** or **Certificate of Achievement in Human Services**, the student will be able to:

1. Demonstrate an understanding of the functions of Human Service agencies by applying theoretical foundations and intervention strategies and identifying client populations, concepts, and ethical principles.
2. Be academically prepared to obtain an entry-level or midlevel position within the Human Service Agency through course work and field placement skills development.
3. Identify and explain cultural customs, beliefs, traditions, and lifestyles and interpret how biases, assumptions and prejudices impact multicultural interactions.

# Humanities

## DEGREE

Associate in Arts Degree University Studies: Emphasis in Humanities

These courses emphasize the study of cultural, literary, humanistic activities and artistic expression of human beings. With careful planning, the Humanities emphasis will satisfy the lower division major courses to transfer to a university and earn a Bachelor's degree in the various fields of Humanities. Students must meet with a counselor to ensure completion of required coursework for chosen major and specific college/university.

Associate Degree in Humanities can be completed within two (2) years

Some positions, however, require a four-year degree for which LCC's program is a good base for transfer

### Note to Transfer Students:

If you are interested in transferring to a four-year college or university to pursue a bachelor's degree in this major, it is critical that you meet with a counselor to select and plan the courses for your major. Schools vary widely in terms of the required preparation. The courses that Lassen Community College requires for an associate degree in this major may be different from the requirements needed for the bachelor's degree.

## Associate in Arts Degree University Studies: Emphasis in Humanities

**Total Units for the Associate in Arts Degree: 60 Units**

**Required Core Courses: 18 Units**

**Select 18 units from the following:**

Course No	Course Title	Units			Units
ART 6	Survey of Art History: Prehistoric Through Renaissance	3.0	HIST 15	World History-1500 to Present	3.0
ART 7	Survey of Art History: Renaissance Through Contemporary	3.0	HUM 1	Western Civilization-Prehistoric to 1600	3.0
ART 8	Art Appreciation	3.0	HUM 2	Western Civilization-1600 to Present	3.0
ART 9	History of Asian Art	3.0	MUS 6	Music History from Antiquity to 1750	3.0
ENGL 2	Introduction to Literary Types	3.0	MUS 7	Music History from 1750 to Modern Era	3.0
ENGL 3	British Literature I	3.0	MUS 12	Music Appreciation	3.0
ENGL 4	British Literature II	3.0	PHIL 1	Introduction to Philosophy	3.0

CHEM 1A	General Chemistry I	5.0			

### **Program Student Learning Outcomes**

Upon completion of the **Associate in Arts Degree University Studies** or the **Associate in Arts Degree General Studies: Emphasis in Natural Science**, the student will be able to:

1. Demonstrate an understanding of the basic methodologies of science.
2. Examine the influence that the acquisition of scientific knowledge has on the development of the world's civilizations.
3. Demonstrate a basic understand of the language, laws, theories, and processes that are fundamental to anthropology, astronomy, biology, chemistry meteorology, geology, and/or physics, through the observation and analysis of real life examples.

# Nursing

## DEGREES

Associate in Science in Vocational Nursing

## Certificate of Achievement

Vocational Nursing

### ASSOCIATE IN SCIENCE DEGREE VOCATIONAL NURSING

The one-year Vocational Nursing Program will begin each new class in August and will be completed by the end of July. The Program is designed to provide the student with a strong academic foundation and clinical skill level necessary for entry level as a Licensed Vocational Nurse. The Program seeks to provide information and experiences for the student to be prepared to work as an integral member of the health care system. The Vocational Nursing Program offers both an Associate in Science Degree and a Certificate of Achievement in Vocational Nursing. Courses are offered in the traditional lecture/laboratory format. A minimum letter grade of "C" is required in each core course with a minimum overall grade point average of 2.00 to receive the Degree or Certificate.

As a Vocational Nursing major, you will:

- Study specific vocational nursing curriculum that prepares for a variety of career options.
- Develop skills that pertain to vocational nursing in the hospital, clinic and skilled nursing facility setting.
- Identify the areas of nursing that best suit the student.

#### Career Options as an LVN in:

Hospitals  
Prisons  
Physician Offices  
Community Clinics

Public Health

#### Program Highlights

- One year program reduces the time required to graduate
- Quality clinical sites

#### Note to Transfer Students:

If you are interested in transferring to a four-year college or university to pursue a bachelor's degree in this major, it is critical that you meet with a counselor to select and plan the courses for your major. Schools vary widely in terms of the required preparation. The courses that Lassen Community College requires for an associate degree in this major may be different from the requirements needed for the bachelor's degree.

### Associate in Science Degree in Vocational Nursing

#### Vocational Nursing Program

The Program is accredited by the California State Board of Vocational Nursing and Psychiatric Technicians. The individuals who successfully complete the Program are eligible to take the California Council Licensure Examination for licensure as a Vocational Nurse. A declaration of any record of convictions and fingerprinting is required to obtain a license. Persons with a conviction may be denied a license. Prior to registering for courses within the LVN Program, students must be accepted into the Program. The prerequisite requirements apply to both the Associate in Science Degree and the Certificate of Achievement. Students may contact the Director of Vocational Nursing at 530-257-6181 x8994 for any questions, concerns, or additional information.

#### Prerequisite Requirements

1. Completion of all application materials
2. Graduation from High School or equivalency through GED or California Proficiency Examination
3. A current, valid CPR card or AHA CPR
4. Completion of ENGL 1 with a grade of "C" or better or equivalent multiple measures placement.
5. Completion of MATH 60 Intermediate Algebra with a grade "C" or better or equivalent multiple measures placement.
6. Completion of the required prerequisite courses with a grade of "C" or better.

#### Required Prerequisite Courses: 20 Units

Course No	Course Title	Units	HO 3	Medical Terminology	3.0
BIOL 25	Human Anatomy and Physiology I	4.0	PSY 1	Introduction to Psychology	3.0
BIOL 26	Human Anatomy and Physiology II	4.0	PSY 18	Life Span Development	3.0
HLTH 25	Understanding Nutrition	3.0			

### Associate in Science Degree in Vocational Nursing

#### Total Units for the Associate in Science Degree: 73 Units

#### Required Core Courses: 44 Units

Course No	Course Title	Units	VN 55	Nursing Leadership/Professional Dev	2.0
VN 50	Pharmacology	4.0	VN 56	Clinical Lab III	6.0

-----  
**Program Student Learning Outcomes**

Upon completion of the **Associate in Science Degree** or the **Certificate of Achievement in Vocational Nursing**, the student will be able to:

1. Successfully pass the National Council Licensure Examination state board examination for licensure as a Vocational Nurse.
2. Work in a variety of health care settings performing safe and effective nursing care.

# Nutrition and Dietetics

## DEGREES

Associate in Science in Nutrition and Dietetics for Transfer

The AS-T in Nutrition and Dietetics for transfer is designed to prepare the student for transfer into a Bachelor program at a California State University. As a Nutrition and Dietetics major, you will:

- Develop a strong foundation of the scientific method.
- Analyze nutritional facts and the effects from the environment and culture.
- Prepare to transfer to a California State University by completing undergraduate major preparation.

### Careers Related to this Field include\*:

Clinical Nutritionist/Dietitian  
Community and Public Health  
Food Service Management  
Consultant

\*Some careers will require a four-year degree for which LCC's program is a good base for transfer.

### Program Highlights

- Core curriculum for transfer to a California State University.
- Small class sizes.
- Individualized tutoring.
- Projected growth for Nutritionists/Dieticians from 2012-2022
- Laboratory opportunities.

### Note to Transfer Students:

The benefit for students completing the AS-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. "CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted."

## Associate in Science Degree in Nutrition and Dietetics for Transfer

**Total Units for the Associate in Science Degree with a minimum grade point average of 2.0: 60 units**

**Required Core Courses minimum grade 2.0: 28 Units**

**Required Core: 20 Units**

Course No	Course Title	Units	Select 8 Units From the following	
BIOL 20	Microbiology	5.0	BIOL 25 & Human Anatomy and Physiology I	4.0
CHEM 1A	General Chemistry I	5.0	BIOL 26 Human Anatomy and Physiology II	4.0
CHEM 45	Introduction to Chemistry	4.0	<b>OR</b>	
HLTH 25	Understanding Nutrition	3.0	CHEM 1B & General Chemistry II	5.0
PSY 1	Introduction to Psychology	3.0	MATH 40 Elementary Statistics	3.0

### Completion of either the CSU General Education or IGETC Option

Remaining Units to total 60 Units may be selected from courses numbered 1-49

### Program Student Learning Outcomes

Upon completion of the **Associate in Science Degree in Nutrition and Dietetics**, the student will be able to:

1. Analyze and evaluate nutritional information, lifestyle, and special needs to make recommendations for an adequate and balanced diet as well as to make recommendations for dietary improvement.
2. Use the scientific method to develop and conduct laboratory experiments utilizing accepted laboratory practices.
3. Identify, describe, and investigate the influence of environmental and culture on the development of individual behavior as it relates to nutrition and dietetics.
4. Display skills and knowledge necessary to continue study at a California State University in preparation for certification and a career as registered dietician.

# Physical Education/Kinesiology

## DEGREES

Associate in Arts in Kinesiology for Transfer  
Associate in Arts Degree University Studies:  
Emphasis in Physical Education

Associate in Arts Degree General Studies:  
Emphasis in Physical Education

The AA-T in Kinesiology is designed to provide students with a strong foundation for the study of the human body and body mechanics in preparation for transfer to a California State University. It is an excellent starting point for students interested in pursuing a baccalaureate degree in Kinesiology, Physical Education, and Sports Administration. The kinesiology major is designed to provide under graduate preparation leading to careers in physical fitness, physical therapy, sports medicine, coaching and education.

As a Kinesiology major, you will:

- Study a comprehensive introduction to the field of kinesiology through courses that are academically rigorous and content appropriate.
- Develop a solid foundation in the basic elements of scientific inquiry.
- Identify an area of specialization in kinesiology.

The University Studies and General Studies degrees with an emphasis in physical education provide an introduction to theories, principles, and practices utilized in sports, fitness, and education-related fields. Although the physical education emphasis prepares a student for further study of physical education, kinesiology, physiology of exercise, movement science or athletic training, the transfer of lower division major courses to a university for pursuit of a baccalaureate degree is depending on the transfer institution requirements. Students must meet with a counselor to ensure completion of required coursework for chosen major and specific college or university.

As a Physical Education major, you will:

- Study the history and theory of physical education and sport.
- Develop skills in areas related to fitness and individual and team sports.

## Career Options

Athletics Coach  
Physical Education Teacher  
Personal Fitness Trainer  
Physical Therapist  
Athletic Trainer  
Sports Official

\*Some positions however require a four-year degree for which LCC's program is a good base for transfer.

Associate Degree and Certificate of Achievement in Physical Education can be completed within two (2) years.

Internships in Physical Education may be available for students interested in Work Experience opportunities.

## Program Highlights

- The Associate in Arts in Kinesiology for Transfer degree includes the core curriculum for transfer to a California State University.
- Small class sizes.
- Individualized tutoring.
- Laboratory opportunities.
- Intercollegiate Athletics – Lassen College fields sports teams that compete throughout California. Men's sports are baseball, basketball, soccer and wrestling; women's sports are basketball, soccer, softball and volleyball.
- Fitness Courses – Many options are available to students wanting to adopt active lifestyles, manage weight, or are interested in practicing a new sport.
- Fitness Center and Yoga are some fitness favorites at LCC.

### Note to Transfer Students:

The benefit for students completing the AS-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. "CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted."

**Associate in Arts Degree in Kinesiology for Transfer**

**Total Units for the Associate in Arts Degree with a minimum grade point average of 2.0: 60 Units**

**Required Core courses minimum grade 2.0: 22 Units**

**Lower Division Major Preparation:**

Course No	Course Title	Units			
PE 15	Introduction to Kinesiology	3.0		<b>Individual Sports</b>	
BIOL 25	Human Anatomy & Physiology I	4.0	PEAC 34	Golf Skills	1.0
BIOL 26	Human anatomy & Physiology II	4.0			
<b>Select 3 units form the following: 1 course from each area</b>				<b>Team Sports</b>	
	<b>Fitness</b>		PEAC 5D	Off-Season Skills and Conditioning for Basketball	1.0
PEAC 16	Walking for fitness	1.0			
PEAC 32D	Fitness Center	1.0		<b>Take the following 2 courses 8 Units</b>	
PEAC 44	Yoga	1.0	MATH 40	Elementary Statistics	3.0
			CHEM 1A	General Chemistry	5.0

**Completion of either the CSU General Education or IGETC Option**

Remaining Units to total 60 Units may be selected from courses numbered 1-49

**Program Student Learning Outcomes**

Upon completion of the **Associate in Arts Degree in Kinesiology**, the student will be able to:

1. Describe the historical, ethical, and philosophical foundations of Kinesiology.
2. Defend and philosophy of physical activity that includes goals for lifetime fitness.
3. Demonstrate increased muscular strength, muscular endurance, and cardiovascular endurance specific to a team of individual sport or activity.
4. Apply the scientific method by stating a question; researching the topic; determining appropriate tests; collecting, analyzing, and presenting data; and finally proposing new questions about the topic.
5. Relate the structures and functions of the various body systems studied to the metabolic activities of a single selected body cell.

**Associate in Arts Degree University Studies: Emphasis in Physical Education**

**Total Units for the Associate in Arts Degree: 60 Units**

**Required Core Courses: 18 Units**

Course No	Course Title	Units			
BIOL 25	Human Anatomy and Physiology I	4.0	PEAC 6B	Pre-Season Skills and Conditioning for Wrestling	0.5
BIOL 26	Human Anatomy and Physiology II	4.0	PEAC 6D	Off-Season Skills and Conditioning for Wrestling	1.5
HLTH 2	Personal Health	3.0	PEAC 7	Varsity Baseball	3.0
HLTH 25	Understanding Nutrition	3.0	PEAC 7D	Off-Season Skills and Conditioning for Baseball	3.0
PE 15	Introduction to Kinesiology	3.0	PEAC 9	Woman's Varsity Volleyball	3.0
PEAC 32D	Fitness Center	1.0	PEAC 9B	Pre-Season Skills and Conditioning for Volleyball	0.5
<b>Select 3 Units from PE Electives:</b>			PEAC 9D	Off-Season Skills and Conditioning for Volleyball	1.5
PEAC 2A	Men's Varsity Soccer	3.0	PEAC 10	Woman's Varsity Softball	3.0
PEAC 2B	Pre-Season Skills and Conditioning for Soccer	0.5	PEAC 10D	Off-Season Skills and Conditioning for Softball	3.0
PEAC 2C	Women's Varsity Soccer	3.0	PEAC 16	Walking for Fitness	1.0
PEAC 2D	Off-Season Skills and Conditioning for Soccer	1.5	PEAC 34	Golf Skills	1.0
PEAC 5A	Men's Varsity Basketball-Fall	2.0	PEAC 44	Yoga	1.0
PEAC 5A.02	Men's Varsity Basketball-Spring	1.0			
PEAC 5B	Pre-Season Skills and Conditioning for Basketball	1.5			
PEAC 5C	Women's Varsity Basketball-Fall	2.0			
PEAC 5C.02	Women's Varsity Basketball-Spring	1.0			
PEAC 5D	Off-Season Skills and Conditioning for Basketball	1.0			
PEAC 6	Varsity Wrestling	3.0			

**Completion of either the CSU General Education or IGETC Option**

Remaining Units to Total 60 Units may be selected from electives. Courses must be numbered 1 – 49.

-----

### Program Student Learning Outcomes

Upon completion of the **Associate in Arts Degree University Studies: Emphasis in Physical Education**, the student will be able to:

1. Develop and apply techniques and strategies for development of personal physical fitness.
2. Think critically and apply logic to situational game play through intercollegiate athletics.
3. Cooperate with others in a collaborative environment for accomplishment of personal fitness and/or team goals.
4. Implement a healthy lifestyle/physical fitness plan to enhance physical health and fitness.
5. Analyze trends and problems in physical education through historical comparisons; draw conclusions relevant to today's population and society.
6. Demonstrate mastery of a variety of skills and techniques specific to sport and fitness.
7. Demonstrate an understanding of the basic methodologies of science.

.....

### Associate in Arts Degree General Studies: Emphasis in Physical Education

**Total Units for the Associate in Arts Degree: 60 Units**

**Required Core Courses: 22 Units**

**Complete the following 14 units**

Course No	Course Title	Units	PEAC	Activity	Units
BIOL 1	Principles of Molecular and Cellular Biology	4.0	PEAC 6B	Pre-Season Skills and Conditioning for Wrestling	0.5
HLTH 2	Personal Health	3.0	PEAC 6D	Off-Season Skills and Conditioning for Wrestling	1.5
HLTH 25	Understanding Nutrition	3.0	PEAC 7	Varsity Baseball	3.0
PE 15	Introduction to Kinesiology	3.0	PEAC 7D	Off-Season Skills and Conditioning for Baseball	3.0
PEAC 32D	Fitness Center	1.0	PEAC 9	Woman's Varsity Volleyball	3.0
PEAC 2A	Men's Varsity Soccer	3.0	PEAC 9B	Pre-Season Skills and Conditioning for Volleyball	0.5
PEAC 2B	Pre-Season Skills and Conditioning for Soccer	0.5	PEAC 9D	Off-Season Skills and Conditioning for Volleyball	1.5
PEAC 2C	Women's Varsity Soccer	3.0	PEAC 10	Woman's Varsity Softball	3.0
PEAC 2D	Off-Season Skills and Conditioning for Soccer	1.5	PEAC 10D	Off-Season Skills and Conditioning for Softball	3.0
PEAC 5A	Men's Varsity Basketball-Fall	2.0	PEAC 16	Walking for Fitness	1.0
PEAC 5A.02	Men's Varsity Basketball-Spring	1.0	PEAC 34	Golf Skills	1.0
PEAC 5B	Pre-Season Skills and Conditioning for Basketball	1.5	PEAC 44	Yoga	1.0
PEAC 5C	Women's Varsity Basketball-Fall	2.0	<b>Electives: 20 units</b> (no more than 6 units from any one discipline.) The student may select from any courses numbered 1 – 99 to satisfy this requirement. <b>Note: This degree does not prepare a student to transfer to a University.</b>		
PEAC 5C.02	Women's Varsity Basketball-Spring	1.0			
PEAC 5D	Off-Season Skills and Conditioning for Basketball	1.0			
PEAC 6	Varsity Wrestling	3.0	<b>General Education Requirements: 18 Units</b>

### Program Student Learning Outcomes

Upon completion of the **Associate in Arts Degree University Studies and General Studies: Emphasis in Physical Education**, the student will be able to:

1. Develop and apply techniques and strategies for development of personal physical fitness.
2. Think critically and apply logic to situational game play through intercollegiate athletics.
3. Cooperate with others in a collaborative environment for accomplishment of personal fitness and/or team goals.
4. Implement a healthy lifestyle/physical fitness plan to enhance physical health and fitness.
5. Analyze trends and problems in physical education through historical comparisons; draw conclusions relevant to today's population and society.
6. Demonstrate mastery of a variety of skills and techniques specific to sport and fitness.
7. Demonstrate an understanding of the basic methodologies of science.

# Psychology

## DEGREE

Associate in Arts in Psychology for Transfer

The Associate in Arts Degree in Psychology for Transfer is designed to provide students with a strong foundation for the study of Psychology in order to transfer to a California State University. It is an excellent starting point for students interested in pursuing a baccalaureate degree in Psychology. The core course work is designed to provide undergraduate preparation in an overview of the study and practice of psychology as well as skill in analyzing and interpreting psychological research.

As a Psychology major, you will:

- Be exposed to the field of psychology through courses that are academically rigorous and content appropriate.
- Develop the skills necessary to gather, interpret, and analyze quantitative and qualitative data.

### Career Options

Human or Social Services Careers in these possible areas:

Case Management  
Social Work  
Career Counselor  
Rehabilitation Specialist  
Mental Health Services

### Career Preparation

The Associates in Arts Degree in Psychology for Transfer prepares the student for transfer to a California State University.

### Program Highlights

Core curriculum in Psychology for transfer to a California State University  
Small class size  
Individualized tutoring  
Associate Degree in Psychology can be completed within two (2) years.

### Note to Transfer Students:

The benefit for students completing the AS-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. "CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted."

## Associate in Arts Degree in Psychology for Transfer

**Total Units for the Associate in Arts Degree with a minimum grade point average of 2.0: 60 Units**

**Required Core Courses minimum grade 2.0: 18 Units**

**Required Core: 9 Units**

Course No	Course Title	Units
MATH 40	Elementary Statistics	3.0
PSY 1	Introduction to Psychology	3.0
PSY 5	Introduction to Research Methods	3.0
<b>Complete one of the following 3-4 Units</b>		
BIOL 32	General Biology	3.0
BIOL 32L	General Biology with Lab	4.0

**Complete 6 units from the following:**

PSY 6	Abnormal Psychology	3.0
PSY 18	Life Span Development	3.0
PSY 31	Child Development: Conception Through Adolescence	3.0
PSY 33	Psychology of Personal and Social Development	3.0

**Completion of either the CSU General Education or IGETC Option**

Remaining Units to total 60 Units may be selected from courses numbered 1-49

### Program Student Learning Outcomes

Upon completion of the **Associate in Arts Degree in Psychology for Transfer** student will be able to:

1. Demonstrate comprehension of the major concepts, theoretical perspectives, empirical findings, and historical and contemporary trends in psychology.
2. Demonstrate comprehension of scientifically-based research methods in psychology.
3. Use logic and empirical evidence to evaluate claims made about behavior.

# Social Sciences

## DEGREES

Associate in Arts Degree University Studies:

Emphasis in Social Sciences

Associate in Arts Degree General Studies:

Emphasis in Social Sciences

The Associate in Arts Degree in University Studies, Social Sciences emphasis is designed to provide students with a strong foundation for the study of humanity from diverse perspectives. It is an excellent starting point for students interested in pursuing baccalaureate degrees in anthropology, history, political science, psychology, sociology. Students must meet with a counselor to ensure completion required coursework for chosen major and specific college/university.

These courses emphasize the study of human, social, political, and economic institutions and behaviors. Students will examine problems and issues in these areas in their contemporary as well as historical setting.

Some positions however require a four-year degree for which LCC's program is a good base for transfer.

Associate Degree in Social Sciences can be completed within two (2) years.

### Note to Transfer Students:

If you are interested in transferring to a four-year college or university to pursue a bachelor's degree in this major, it is critical that you meet with a counselor to select and plan the courses for your major. Schools vary widely in terms of the required preparation. The courses that Lassen Community College requires for an associate degree in this major may be different from the requirements needed for the bachelor's degree.

## Associate in Arts Degree University Studies: Emphasis in Social Sciences

**Total Units for the Associate in Arts Degree: 60 Units**

**Required Core Courses: 18 Units**

**Select 18 units from the following:**

Course No	Course Title	Units			
AJ 5	Introduction to Forensics	3.0	HUM 2	Western Civilization-1600 to Present	3.0
AJ 8	Criminal Court Process	3.0	PLSC 1	American Institutions	3.0
AJ 10	Criminology	3.0	PSY 1	Introduction to Psychology	3.0
AJ 12	Introduction to Criminal Justice	3.0	PSY 5	Introduction to Research Methods	3.0
AJ 20	Criminal Law	3.0	PSY 6	Abnormal Psychology	3.0
AGR 2	Agricultural Economics	3.0	PSY 18	Life Span Development	3.0
ANTH 2	Cultural Anthropology	3.0	PSY 31	Child Development: Conception Through Adolescence	3.0
ANTH 3	Introduction to Archaeology	3.0			
CD 31	Child Development: Conception Through Adolescence	3.0	PSY 33	Psychology of Personal and Social Adjustment	3.0
ECON 10	Macro-economics	3.0	SOC 1	Introduction to Sociology	3.0

**Electives: 24 units** Courses must be numbered 1-99  
**General Education Requirements: 18 Units**

*Note: This degree does not prepare a student to transfer to a University*

**Program Student Learning Outcomes**

Upon completion of the **Associate in Arts Degree General Studies: Emphasis in Social Sciences**, the student will be able to:

1. Demonstrate an understanding of human beings, their actions and interactions, decision-making processes, communication strategies, and the methods of scientific inquiry.
2. Analyze patterns of social problems, which are based on ethnic and cultural differences in the United States.
3. Analyze the influence of culture, family, society, and environment on an individual's development.
4. Examine human diversity in relation to psychological theory.

# Sociology

## DEGREE

Associate in Arts in Sociology for Transfer

The Associate in Arts Degree for Transfer in Sociology is designed to provide students with a strong foundation for the study of society and social behavior. The sociology major is designed to provide undergraduate preparation leading to careers in social work, politics, law, public administration, the nonprofit sector, international development, marketing, urban and environmental planning, public relations, human resource management, counseling and other social service professions. It is an excellent starting point for students interested in pursuing a baccalaureate degree in sociology. Students will examine problems and issues in their contemporary as well as historical setting.

As a Sociology major you will:

- Study a comprehensive introduction to the field of sociology through courses that are academically rigorous and content appropriate.
- Acquire the knowledge and skills to apply the “sociological perspective” to your own life and to the social environment of which you are a part.
- Gain the knowledge and ability to use sociological concepts creatively in analyzing and critically thinking about social phenomena.
- Analyze the news of the day as well as changes in the global economy and other major social institutions.
- Identify an area of specialization in sociology

Associate Degree in Sociology can be completed within two (2) years.

### Note to Transfer Students:

The benefit for students completing the AA-T degree is that the California State University (CSU) system is required to grant admission with junior status to any community college student who meets all of the requirements. “CSU is required to grant priority admission for a student with this associate degree to his or her local CSU campus and to a program or major that is similar to this major, as determined by the CSU campus to which the student is admitted.”

---

## Associate in Arts Degree in Sociology for Transfer

**Total Units for the Associate in Arts Degree with a minimum grade point average of 2.0: 60 Units**

**Required Core Courses minimum grade 2.0: 18 Units**

**Complete the following 15 Units:**

Course No	Course Title	Units
MATH 40	Elementary Statistics	3.0
SOC 1	Introduction to Sociology	3.0
SOC 2	Social Problems	3.0
SOC 3	Family Relations	3.0
SOC 4	Introduction to Gender	3.0

**Select 3 additional Units from the following:**

ANTH 2	Cultural Anthropology	3.0
PSY 1	Introduction to Psychology	3.0

**Completion of either the CSU General Education or IGETC Option**

Remaining Units to total 60 Units may be selected from courses numbered 1-49

---

### Program Student Learning Outcomes

Upon completion of the **Associate in Arts Degree in Sociology for Transfer** student will be able to:

1. Identify and explain basic concepts of sociology, research and theory.
2. Identify processes of social control and how they shape our social institutions and lives.
3. Display knowledge of the impact of social institutions on everyday lives.
4. Effectively work in teams, managing time, tasks, and personality differences sharing results and analysis to arrive at a final collaborative product.
5. Systematically collect, organize, and present appropriate data from a variety of sources including independent research, written journals and the Internet. Assess the validity of the data and interpret it correctly.

# Welding Technology

## DEGREE

Associate in Science in Welding Technology

## CERTIFICATES OF ACHIEVEMENT

Welding Technology Two-Year Plan  
Welding Technology One-Year Plan

## CERTIFICATE OF ACCOMPLISHMENT

Welding Technology

The Welding Technology Program is designed to prepare the student with the necessary skills to acquire an entry-level position in the various industries that require the different welding processes available through the Program. The Welding Program is also designed to assist those already employed in the industry and those in the community to improve their skills. The Program offers course work in Oxyacetylene Welding (OAW), Gas Metal Arc Welding (GMAW), Shielded Metal Arc Welding (SMAW), Gas Tungsten Arc Welding (GTAW) and American Welding Society (AWS) qualifications in plate and pipe welding. The curriculum is updated with the assistance of an industry advisory committee.

As a Welding major, you will:

- Study a general welding curriculum including welding plate and pipe and qualifications in multiple welding processes to American Welding Society standards.
- Develop leadership and communication skills.
- Identify the welding careers you are most interested in and build a course of study to better qualify you to succeed in that career.

### Career Options

Welding Technician  
Sales  
Inspection  
Supervision & Management  
Aerospace  
Welding Engineering  
Construction  
Trucking & Automotive  
Welding Instructor

Some positions however require a four-year degree for which LCC's program is a good base for transfer.

### Program Highlights

- Classes for beginning through advanced welders.
- Welding qualifications through the American Welding Society.
- Practical hands-on training with classroom theory.
- Short term courses.

Associate Degree and Certificate of Achievement in Welding can be completed within two (2) years.

Internships in welding are available for students interested in Work Experience opportunities.

## Associate in Science Degree Welding Technology

**Total Units for the Associate in Science Degree: 60 Units**

**Required Core Courses: 24 Units**

Course No	Course Title	Units			
WT 20	Power Plant and Field Pipe Welding I	3.0	CA 31	Computer Applications I	2.0
WT 21	Power Plant and Field Pipe Welding II	3.0	IT 22	Operations Maintenance and Safety	1.0

WT 23	Power Plant and Field Pipe Welding IV	3.0	WT 42	Intermediate Shielded Metal Arc Welding	3.0
WT 36	Welding Theory and Practice: Oxyacetylene	3.0	WT 43	Advanced Shielded Metal Arc Welding	3.0
WT 37	Welding Theory and Practice: Shielded Metal Arc Welding	3.0	WT 44	Gas Metal Arc Welding	3.0
WT 38	Welding Theory and Practice: Gas Metal Arc Welding	3.0	WT 45	Gas Tungsten Arc Welding	3.0
WT 39	Welding Theory and Practice: Gas Tungsten Arc Welding	3.0	WT 51	Blueprint and Symbol Reading for Welders	2.0
			WT 52	Robotic Welding Operations and Programming	3.0
			WT 53	Robotic Welding Operations and Programming Advanced	3.0
			<b>General Education Requirements: 18 Units</b>		
<b>Required Electives: 18 Units</b>					
BUS 25	Small Business Management	3.0			

### Program Student Learning Outcomes

Upon completion of the **Associate in Science Degree Welding Technology**, the student will be able to:

1. Demonstrate the safe setup and application of various welding and cutting processes to specific metals and joint designs, which meet or exceed industry standards and the American Welding Society Structural Welding Code, DI.1.

**Certificate of Achievement: Welding Technology - Two Year**

**Total Units for the Two-Year Certificate of Achievement: 44 Units**

**Required Core Courses: 29 Units**

Course No	Course Title	Units	WT 51	Blueprint and Symbol Reading for Welders	2.0
IT 22	Operations Maintenance and Safety	1.0			
IT 72	Facilities Maintenance: Welding	2.0			
WT 20	Power Plant and Field Pipe Welding I	3.0			
WT 21	Power Plant and Field Pipe Welding II	3.0			
WT 22	Power Plant and Field Pipe Welding III	3.0			
WT 23	Power Plant and Field Pipe Welding IV	3.0			
WT 36	Welding Theory and Practice: Oxyacetylene	3.0			
WT 37	Welding Theory and Practice: Shielded Metal Arc Welding	3.0			
WT 38	Welding Theory and Practice: Gas Metal Arc Welding	3.0			
WT 39	Welding Theory and Practice: Gas Tungsten Arc Welding	3.0			

**Required Electives: 15 Units**

BUS 25	Small Business Management	3.0
CA 31	Computer Applications I	2.0
WT 42	Intermediate Shielded Metal Arc Welding	3.0
WT 43	Advanced Shielded Metal Arc Welding	3.0
WT 44	Gas Metal Arc Welding	3.0
WT 45	Gas Tungsten Arc Welding	3.0
WT 52	Robotic Welding Operations and Programing	3.0
WT 53	robotic Welding Operations and Programing Advanced	3.0

**Program Student Learning Outcomes**

Upon completion of the **Certificate of Achievement in Welding Technology Two-Year**, the student will be able to:

1. Demonstrate the safe setup and application of various welding and cutting processes to specific metals and joint designs, which meet or exceed industry standards and the American Welding Society Structural Welding Code, DI.1.

**Certificate of Achievement: Welding Technology - One Year**

**Total Units for the One-Year Certificate of Achievement: 23 Units**

**Required Core Courses: 17 Units**

Course No	Course Title	Units	Required Electives: 6 Units		
IT 22	Operations Maintenance and Safety	1.0	WT 42	Intermediate Shielded Metal Arc Welding	3.0
IT 72	Facilities Maintenance: Welding	2.0			
WT 20	Power Plant and Field Pipe Welding I	3.0	WT 43	Advanced Shielded Metal Arc Welding	3.0
WT 21	Power Plant and Field Pipe Welding II	3.0	WT 44	Gas Metal Arc Welding	3.0

## Course Numbering

The following course numbering system has been adopted for Lassen Community College courses.

Numbers 1-49	Associate Degree Applicable Credit Course, Transfer
Numbers 50-99	Associate Degree Applicable Credit Course, Non-Transfer
Numbers 100-109	Non-degree Applicable Pre-Collegiate Basic Skills Course
Numbers 110-149	Other Non-degree Applicable Credit Course
Numbers 150-189	Non-credit Course

## Selected Topic Courses

Selected topic courses are numbered 48 or 98.

In selected career technical education degrees and certificates, selected topic courses can be used to meet elective requirements.

## Work Experience Courses

Work experience courses are numbered 49.

## Distance Education

Lassen Community College has distance learning instruction that includes online courses and hybrid courses. For additional information on distance-learning courses, please contact Academic Services at 530.251.8819.

# ADMINISTRATION OF JUSTICE

## AJ 5 - Introduction to Forensics

3.0 units

CSU/UC

C-ID AJ 150

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course provides an introduction to the role of forensics in criminal investigations. It examines the methods utilized in the forensic analysis of crime scenes, pattern evidence, instruments, firearms, questioned documents and controlled substances. This course has been approved for hybrid and online delivery.

## AJ 8 – Criminal Court Process

3.0 units

CSU/UC

C-ID AJ 122

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course focuses on the structural outlay and philosophy of the court system, with special emphasis on criminal law and procedure, court processes, and structures, constitutional guarantees, the trial process, and the roles of judges, prosecutors, defense attorneys and juries. Stages of the criminal process to include the Fifth, Sixth, Eight, and Fourteenth Amendments will be covered. This course has been approved for hybrid and online delivery.

## AJ 9 - Introduction to Correctional Science

3.0 units

CSU

C-ID AJ 200

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course is designed to provide the student with the history of and critical analysis of punishment, alternatives to punishment, and the impact of punishment on the Criminal Justice System and corrections. It will provide a critical examination of the various types of correctional institutions, the special populations housed in these institutions as well as community prisons, alternatives to incarceration and other innovative programs. Students will also

study the political and economic ramifications of juvenile delinquents and their rights of Due Process. This course has been approved for online, hybrid and correspondence delivery.

## AJ 10 – Criminology

3.0 units

CSU/UC

General Education Area B

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course is designed to help students develop an understanding of the nature, organization and consequences of the American criminal justice system. The course includes the examination of the foundations of criminology, theories of crime and criminology, and crime typology. This course has been approved for online, hybrid and correspondence delivery.

## AJ 11 – Youth Gangs in America

3.0 units

CSU/UC

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course explores youth gang activity in the United States. Focusing primarily on contemporary street gangs. The social conditions that lead to their emergence are considered, as well as perceptions of the gang problem. Also considered are racial and ethnic differences between gangs and potential solutions to the challenges that youth gangs present. This course has been approved for correspondence, hybrid and online delivery.

## AJ 12 - Introduction to Criminal Justice

3.0 units

CSU

C-ID AJ 110

General Education Area B

CSU Area D

IGETC Area 4

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hour lecture

This course explores the roots of our current justice system and the interaction of its various subsystems (law enforcement/prosecution, judicial and corrections). It emphasizes the organizational structure and legal considerations relevant to each subsystem. Topics include the origin of

law, theories of crime causation, criminal procedure, and sentencing philosophies and alternatives. This course has been approved for correspondence, hybrid and online delivery.

## AJ 14 - Juvenile Procedures

3.0 units

CSU

C-ID AJ 220

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course is designed to give the student an understanding of the juvenile justice system. Emphasis will be placed on basic organization, function, and jurisdiction of the various juvenile related law enforcement agencies. The study of the processing and detention of juveniles, their court procedures, dispositions and juvenile diversion will be examined. The development of an understanding of juvenile delinquency will be explored while gaining insight into the numerous rules of evidence, basic criminal laws, and the tactics used in dealing with juvenile offenders. This course has been approved for online, hybrid and correspondence delivery.

## AJ 16 – Supervision in Law Enforcement

3.0 units

CSU

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hour lecture

This course will focus on the skills and knowledge of supervision as applied in law enforcement. The course surveys the practical, theoretical and experiential aspects of the job. The course spans topics from the supervisor's role and leadership and command presence to productivity and performance measurement. Emphasis is placed on both individual and organizational development. This course has been approved for online delivery.

## **AJ 20 - Criminal Law**

**3.0 units**

**CSU/UC**

**General Education Area B**

**CSU GE Area D**

**C-ID AJ 120**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course offers an overview of the origin and development of law, including English Common Law. It provides an analysis of the doctrines of criminal liability in the United States and the classification of crimes against persons, property, morals, and public welfare. The distinction between torts and crimes, felonies and misdemeanors, and venue and jurisdiction will be examined. Crimes against persons and property and crimes popularly deemed to be victimless will be discussed. This course utilizes case law and case studies to introduce students to criminal law. This course is also approved for online, hybrid and correspondence delivery.

## **AJ 23 - Criminal Evidence**

**3.0 units**

**CSU**

**C-ID AJ 124**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A course dealing with the concepts of evidence, types and rules governing admissibility. Judicial decisions, interpretation of individual rights and prosecution decisions are examined. Developing trends in the laws of criminal evidence are discussed. This course has been approved for correspondence and online delivery.

## **AJ 24 - Community Relations**

**3.0 units**

**CSU/UC**

**C-ID AJ 160**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course examines the complex, dynamic relationship between communities and the justice system in addressing crime and conflict with an emphasis on the challenges and prospects of administering justice within a diverse multicultural population. An overview of multicultural concepts and issues, including those related to gender, age, and sexual preference is covered as well as an examination of strategies to

overcome these problems. This course has been approved for correspondence, hybrid and online delivery.

## **AJ 35 - Investigative Techniques**

**3.0 units**

**CSU**

**C-ID AJ 140**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A semester course with instruction and hands-on training regarding fundamentals of investigation; crime scene search and recording; collection and preservation of physical evidence; scientific aids; modus operandi; sources of information; interviews and interrogation; follow-up and case preparation. This course has been approved for online and correspondence delivery.

## **AJ 49 - Administration of Justice Work Experience**

**1.0 – 8.00 units**

**CSU**

**General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

600 hours lab (R)

This work based learning course is designed to assist students with educational or career goals in administration of justice, who are working in the field of law enforcement, to build related job specific skills through individualized learning objectives and enhance their workplace performance. All Work Experience enrollments require attendance of a face-to-face orientation session. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the workplace, and career development. Subsequent enrollments require new individualized learning objectives, and completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Career Technical Education, Occupational and General Work Experience enrollments. Title V specifies students will earn 1 unit

of credit for each 75 hours of paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid delivery

## **AJ 52A - Arrest Methods and Procedures**

**2.5 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

40 hours lecture total (R)

A course certified by the California Peace Officer Standards and Training to qualify students for reserve level law enforcement functions. An interactive course to effectively train the student in the important powers and duties of a California Peace Officer. Repeatable as necessary to maintain certification.

## **AJ 52B - Firearms P.C. 832**

**0.5 unit**

**Co-requisite: AJ 52A**

24 hours lab (R)

A course certified by the California Peace Officer Standards and Training to qualify students to meet the requirement of P.C. 832. Enrollment limited to those with Department of Justice criminal history clearance (non-sponsored trainees only). Repeatable as necessary to maintain certification.

## **AJ 52BR - Firearms Training-Refresher**

**0.5 units**

8 hours lecture (R)

An 8 hour course on firearms care, cleaning and shooting principle. Includes range combat shoot based on requirement of the 832 P.C. Basic Course. This course is a refresher course to meet state requirements for concealed weapons permit. Enrollment limited to those with Department of Justice criminal history clearance (non-sponsored trainees only). Repeatable as needed.

## **AJ 53 – Basic Force and Weaponry**

**2.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

40 hours lecture

This course is designed for probation officers, fire investigators, and other personnel who are planning to work or who have been assigned to work an armed position. The course meets the California Peace Officers Standards and Training (POST) 832 Firearms requirements and will provide students with practical and realistic tactical exercises to build confidence and improve weapon handling skills. Enrollment

limited to current California peace officers who are sponsored by their agency. Course instructor signature required for enrollment. Material fees of \$15.00 per student collected at time of registration. Repeatable as necessary to maintain certification.

**AJ 57 – Firearms/Tactical Rifle**  
**1.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hours lecture

This course provides students introduction to the patrol rifle, its uses and specific understanding and familiarization of the rifle in conjunction with its abilities and deployment options. Includes weapon nomenclature, maintenance, storage, California Penal Code sections, and review of Department policies of utilizing the patrol rifle. Successful completion of this course satisfies the legislative training mandate to possess short barrel rifles as specified in Penal Code section 33220(b) and the California POST training requirement to possess long barrel rifles as specified in POST Commission Regulation 1081. Must be a current California Peace Officer sponsored by an Agency. Instructor will verify qualifications before signing registration card. To cover the cost of handouts and targets a material fee of \$10.00 per student will be collected at the time of registration. Repeatable as necessary to maintain certification.

**AJ 71 – CDCR Off Post Training for Custody Staff**

**1.0 unit**

**Pre-requisites:** Basic Correctional Academy including POST Training  
51 hours lab (R)

This course is designed to provide annual off post training to California Department of Corrections and Rehabilitation (CDCR) custody staff. This course is repeatable when legally mandated for continued paid or volunteer employment.

**AGRICULTURE**

**AGR 1 - Agricultural Accounting**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab

The Study of the principles of agricultural accounting systems and types of records, their use and how to compute, and use measures of earnings and cost of

production to improve agribusiness efficiency. Also included are farm income tax, Social Security, and employee payroll records. Application of these concepts and methods through hands-on projects developing computer-based solutions for agriculture business.

**AGR 2 - Agricultural Economics**

**3.0 units**

**CSU/UC**

**General Education Area B**

**CSU GE Area D2**

**IGETC Area 4B**

**C-ID AG-AB 124**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Study of agriculture and farming in the economic system; basic economic concepts, and problems of agriculture; pricing and marketing problems, factors of production; and state and federal farm programs affecting the farmer's economic position.

**AGR 3 - Introduction to Agriculture Business**

**3.0 units**

**CSU/UC**

**C-ID AG-AB 104**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course is a survey and basic understanding of the business and economics of the agriculture industry. It is an introduction to the economic aspects of agriculture and their implications to the agricultural producer, consumer and the food system. The management principles encountered in the day-to-day operation of an agricultural enterprise are stressed as they relate to the decision-making process.

**AGR 4 – Agricultural Sales and Communication**

**3.0 units**

**CSU**

34 hours lecture/51 hours lab

The study of principles and practices of the selling process: Selling strategies and approaches, why and how people buy, prospecting, territory management and customer service. Self-management, communication, and interpersonal skills necessary in developing leadership qualities and facilitating teamwork within the agribusiness sector will be explored. Students will gain experience through role-play, formal sales presentations, and job shadowing. The course content is organized to give students an in-depth

understanding of the factors and influences that affect the agribusiness industry on a day to day basis.

**AGR 8 - Introduction to Animal Production**

**3.0 units**

**CSU/UC (Unit limitation)**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course is specifically designed for students planning to raise livestock for personal use with limited resources, with emphasis placed on its importance in agriculture and to the local and national economy; common breeds, specialty breeds, terminology, and cycles of production; and its importance and use of the basic sciences in the livestock industry.

**AGR 9 - Food Animal Selection**

**3.0 units**

**CSU/UC (Unit limitation)**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab

An introductory survey of the factors involved in the evaluation of market and breeding livestock used for human consumption. Class activities will be a combination of lecture, visual appraisal, performance data, record keeping, and oral presentation. Introductory course does not require student to compete past the local level.

**AGR 10 - Introduction to Animal Science**

**3.0 units**

**CSU/UC (Unit limitation)**

**General Education Area A**

**CSU GE Area B2 B3**

**IGETC Area 5B**

**C-ID AS 104**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab

This is a course in principles of Animal Science. Topics will include anatomy, physiology, endocrinology, reproduction, molecular and classical genetics, animal health and animal behavior. The course will provide an overview of the origin, characteristics, adaptation and contribution of farm animals to the agriculture industry. Laboratory exercises will provide an introduction to the empirical method including data collection and analysis.

**AGR 11 - Beef Cattle Production****3.0 units****CSU/UC (Unit limitation)****Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab

Principles and practices of purebred and commercial beef production on farm and range. Feeding, breeding management, housing, health, equipment, marketing, record keeping and other basic factors underlying successful beef production.

**AGR 12 – Animal Health and Disease****3.0 units****CSU/UC**

34 hours lecture/51 hours lab

Study of common livestock diseases and fundamentals of immunity; includes the livestock technicians role in promoting animal health and the foundation of disease control programs.

**AGR 13 - Feeds and Feeding****3.0 units****CSU/UC****C-ID AG-AS 132L****Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab

The science of animal nutrition; the fundamentals of digestion and absorption in both ruminants and non-ruminants is discussed. The nutritive value of feedstuffs as they related to the formulation of livestock rations will be emphasized.

**AGR 14 – Equine Science****3.0 units****CSU/UC****C-ID AG-AS 116L****Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab

Survey of the equine industry, encompassing the evolution and role of the equine species throughout history, breed selection and development, nutrition, disease, preventative health, reproductive management, basic horsemanship and stabling alternatives.

**AGR 19 – Introduction to Soil Science****3.0 units****CSU/UC****GE Area A****CSU GE Area B1 B3****IGETC Area 5A****C-ID AG-PS 128L**

34 hours lecture/51 hours lab

The study of soil, physical, chemical and biological properties. Soil classification, derivation, use, function and management; including erosion, moisture retention, structure, cultivation, organic matter and microbiology. Laboratory topics include soil type, classification, soil reaction, soil fertility and physical properties.

**AGR 20 - Introduction to Plant Science****4.0 units****CSU/UC****General Education Area A****CSU GE Area B2 B3****IGETC Area 5B****C-ID AG-PS 106L****Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture/51 hours lab

This course is an introduction to plant science including structure, growth processes, propagation, physiology, growth media, biological competitors, and post-harvest factors of food, fiber, and ornamental plants.

**AGR 21B - Intercollegiate Rodeo****3.0 units****CSU****General Education Area E2**

170 hours lab (R)

Intercollegiate rodeo competition – men and women. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

**AGR 22 - Rodeo Skills****3.0 units****CSU****General Education Area E2**

153 hours lab

This course is an introduction and practice in the basics of Rodeo Skills. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

**AGR 23 - Western Riding and Training****2.0 units****CSU****Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/51 hours lab

This course specializes in the many phases of Western riding and training. It will bring together material which is important to the student interested in horses as a career. This course will

enable the student to show and compete more successfully in the horse industry. It prepares the student to enter the horse business as a riding instructor, trainer or manager.

**AGR 30 - Team Roping****3.0 units****CSU**

170 hours lab

The study and practice of the fundamentals and techniques of the professional and amateur team roper. Includes safety, technique and horse mastership related to team roping. Skills and proficiencies in this course are enhanced by supervised repetition and practice within class periods.

**AGR 31 - Bovine Embryo Transfer****3.0 units****CSU****Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

42.5 hours lecture/25.5 lab

This course is designed to present Bovine Embryo Transfer subject matter in a seminar format. The embryo transfer process and how it relates to the cattle industry will be studied.

**AGR 40 - Basic Agricultural Mechanics****3.0 units****CSU****Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/102 hours lab

A course designed to teach basic skills required in a farm shop, which includes, but is not limited to equipment repair, metal work, hydraulics and farm construction.

**AGR 41 - Farm Tractors and Farm Power****3.0 units****CSU****Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/102 hours lab

The selection, use, application, operation, service, maintenance, adjustment and handling of minor repairs of wheel and track-type farm tractors. Principles of operation of internal combustion engines will be taught through practical application.

**AGR 42 - Farm Surveying, Irrigation and Drainage****3.0 units****CSU**

17 hour lecture/102 hours lab

Student will be involved in irrigation and drainage problems concerning pumps, motors, sprinkler systems, pipe lines, ditches, and wells. The use of survey or leveling equipment will be applicable to this course as fields are prepared for irrigation systems.

**AGR 49 - Agricultural Work Experience 1.00–8.00 units**  
**CSU**

**General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

75-600 hours lab (R)

This work based learning course is designed to assist students with educational or career goals in agriculture, who are working in the field of agriculture, to build related job specific skills through individualized learning objectives and enhance their workplace performance. All Work Experience enrollments require attendance of a face-to-face orientation session. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the workplace, and career development. Subsequent enrollments require new individualized learning objectives, and completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Career Technical Education, Occupational and General Work Experience enrollments. Title V specifies students will earn 1 unit of credit for each 75 hours of paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid delivery

**AGR 50 - Basic Riding**  
**2.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/51 hours lab

A course designed to introduce horse care and basic western riding skills. This course covers not only the ability to ride, but an understanding of equipment,

conformation, breeds, care and feeding.

**AGR 51 - Horsemanship**  
**2.0 units**

17 hour lecture/51 hours lab

Intermediate Level: Utilizing natural horsemanship techniques to build confidence and communication between horse and rider. Special instruction in problem solving and preparing the horse and rider for trail horse obstacles, reining and cattle handling.

**AGR 53 - Colt Training**  
**2.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/51 hours lab

This course is designed to present beginning methods of colt training to include catching, creating trust, driving, first ride, first 30 days and loading.

**AGR 57 - Beginning Horseshoeing**  
**3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

24 hours lecture/68 hours lab

An introduction to the shoeing of horses, utilizing both hot and cold shoes. Also included will be the anatomy and physiology of the horse's hooves with the ability to identify blemishes and soundness. Use of the forge and the making of shoes from bar stock will be presented in addition to the instruction of actually shoeing horses.

**AGR 61 - Introduction to Bovine Reproduction**  
**1.5 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/25.5 hours lab

This course is designed to give students an understanding of bovine reproduction. This course will focus on the application of artificial insemination and estrous synchronization. During this course both male and female reproduction will be discussed. The course is designed to give students the ability to understand and master the skills of artificial insemination.

**AGR 70 - Rodeo Team Roping**  
**1.0 unit**

48 hours lab (1 week)

This course is designed for those students interested in expanding their skills in horsemanship, cattle work and team cooperation. This course is highly competitive and will address every phase of team roping. Skills and proficiencies in this course are enhanced by supervised

repetition and practice within class periods.

**AGR 116 - Pesticide Update**  
**"Continuing Education Requirements"**  
**0.5 units**

10 hours lecture (1 week) (R)

A course designed to update licensed pesticide personnel on changes in the pesticide industry, laws and regulations, and safety. Repeatable as necessary to maintain certification.

**ANTHROPOLOGY**

**ANTH 1 - Biological Anthropology**  
**3.0 units**

**CSU/UC**

**General Education Area A**

**CSU GE Area B2**

**IGETC Area 5B**

**C-ID ANTH 110**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course introduces the concepts, methods of inquiry, and scientific explanations for biological evolution and its application to the human species. Issues and topics will include, but are not limited to genetics, evolutionary theory, human variation and biocultural adaptations, comparative primate anatomy and behavior and the fossil evidence for human evolution. This course has been approved for correspondence, hybrid and online delivery.

**ANTH 2 - Cultural Anthropology**  
**3.0 units**

**CSU/UC**

**General Education Area B**

**CSU GE Area D1**

**IGETC Area 4A**

**C-ID ANTH 120**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Explore diversity of cultures through the unique methodologies of cultural anthropology. Investigate differences in language, economic systems, social structures, family, kinship, gender, politics, social and economic inequality, religion, worldview, racial and ethnic labels, globalization and art. Ethnographic case studies will be used to highlight similarities and differences among the 1200 cultures of the world. Students will be introduced to types of work anthropologists perform including research practices and standard

professional ethics. This course has been approved for correspondence, hybrid and online delivery.

**ANTH 3 - Introduction to Archaeology**

**3.0 units**

**CSU/UC**

**General Education Area B**

**CSU GE Area D1**

**IGETC Area 4A**

**C-ID ANTH 150**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A survey of human world history and prehistory as identified by the archaeological record. Emphasis is placed on major changes in human technological, economic and social development over the course of two million years of the human material record, including such topics as the history of archaeology, ethics involved in research, types of data used, theory and methodology, dating techniques, methods of survey and site excavation, analysis and interpretations, and reasons to preserve the past. The methods and techniques of archeology are studied so that students develop an understanding of how archeologists reconstruct the past and interpret the complexity of stones, bones, ceramics and buildings uncovered during archeological excavations. Case studies from the excavation of major archaeological sites around the world are examined and discussed as examples. This course has been approved for hybrid delivery

**ART**

**ART 1A - Two-Dimensional Design**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**C-ID ARTS 100**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

25.5 hours lecture/76.5 hours lab

An introductory studio design course based on communicating visually through practical applications of design and composition including: line, shape, form, texture, value, color, and spatial illusion in two dimensions. Traditional mediums and digital imaging using industry standard Adobe Creative Cloud software will be emphasized. Graphic design, commercial art, and fine art principles will be explored from historical, aesthetic and cultural

points of view. This course has been approved for hybrid and online delivery. To cover the costs of printing each project assignment, a \$10.00 lab fee will be charged at the time of registration.

Students must provide additional materials and supplies at an estimated cost of \$25. This course has a free Open Educational Resource textbook.

**ART 1B - Three-Dimensional Design**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**C-ID ARTS 101**

**Recommended Preparation:** ART 1A ENGL105 or equivalent multiple measures placement.

25.5 hours lecture/76.5 hours lab

An introductory (no previous art experience required) studio design course based on communicating visually through practical applications of design, color, spatial relationships and imagery in three dimensions. This class will introduce students to computer design methods and basic computer design Software. Assignments will rely on student access to a computer and basic computer proficiency will be expected. Traditional construction methods and mediums plus digital imaging using industry standard computer software will be emphasized. Graphic design, commercial art and fine art principles will be explored from historical, aesthetic and cultural points of view. This course has been approved for hybrid and online delivery. To cover materials cost including printing, a \$10.00 lab fee will be charged at the time of registration.

**ART 2 - Drawing**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**C-ID ARTS 110**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

25.5 hours lecture/76.5 hours lab

An introductory (no previous art experience necessary) drawing class using a variety of drawing materials to portray a variety of subjects. Realism will be emphasized, but other methods such as Cubism and Non-Representationalism will be explored, and students will be encouraged to develop their own style. The elements and principles of drawing will be presented from historical, cultural, aesthetic and technical points of view. This course has been approved for

hybrid, online and correspondence delivery. To cover the costs of printing, a \$10.00 lab fee will be charged at the time of registration.

**ART 3 - Beginning Life Drawing**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**C-ID ARTS 200**

**Recommended Preparation:** ART-2

Drawing

25.5 hour lecture/76.5 hours lab

An introduction to figure drawing, from the clothed and nude model in short and extended poses, using a variety of drawing techniques and media. The elements and principles of figure drawing will be presented from historical, cultural, aesthetic and technical points of view.

**ART 6 - Survey of Art History, Prehistoric To Renaissance**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**IGETC Area 3A**

**C-ID ARTH 110**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

An introductory survey of the visual arts most relevant to the development of western civilization from prehistoric through the Italian portion of the Renaissance. Comparisons and contrasts with arts of other cultures will be explored. In addition to historic and cultural viewpoints, technical and aesthetic points of view will be covered. This course has been approved for online and hybrid delivery.

**ART 7 - Survey of Art History, Renaissance through Contemporary**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**IGETC Area 3A**

**C-ID ARTH 120**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

An introductory survey of the visual arts most relevant to the development of western civilization, from Renaissance through Contemporary art. Comparisons and contrasts with arts of other cultures will be explored. In addition to historic

and cultural viewpoints, technical and aesthetic points of view will be covered. This course has been approved for hybrid and online delivery.

### **ART 8 - Art Appreciation**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**IGETC Area 3A**

**C-ID ARTH 100**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

An introductory course for both the general interest and art major student. A survey of the role of the visual arts in society. Art theory, practices and an overview of the history of art will be covered with examples from many cultures. This course has been approved for correspondence, hybrid and online delivery.

### **ART 9 - History of Asian Art**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**IGETC Area 3A**

**C-ID ARTH 130**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hour lecture

An introduction to major art forms and traditions in Asia from prehistory to the present. Artists, patrons, cultures, religions, and their interactions will be covered. Comparisons will be drawn between the course material and other artistic traditions.

### **ART 10A - Beginning Painting**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**C-ID ARTS 210**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

25.5 hour lecture/76.5 hours lab

A beginning (no previous art experience necessary) studio course in oil, acrylic, and watercolor painting techniques and materials. A variety of subject matter such as still life, landscape, wildlife and human figure will be explored. Emphasis will be on realistic representation, but other methods will be studied. Technical, historical, aesthetic and cultural points of view will be considered. To cover costs for materials used in beginning

assignments a \$10.00 lab fee will be charged at the time of enrollment.

Students will need to purchase approximately \$40 worth of supplies.

### **ART 10B - Intermediate Painting**

**2.0 units**

**CSU/UC**

**Prerequisite:** Art 10A Beginning Painting

102 hours lab

This course is designed as a studio course in oil, acrylic, or watercolor painting building upon basic techniques. Intermediate materials and techniques will be explored. Historical, aesthetic, and cultural points of view will be considered. Students will need to purchase approximately \$40 worth of supplies.

### **ART 10C - Advanced Painting**

**2.0 units**

**CSU/UC**

**Prerequisite:** Art 10B Intermediate

Painting

102 hours lab

This course is designed as a studio course in oil, acrylic, or watercolor painting building upon intermediate techniques. Advanced materials and techniques will be explored. The student will experiment with various methods and styles in beginning to develop a personal style. Historical, aesthetic, and cultural points of view will be considered. Students will need to purchase approximately \$40 worth of supplies.

### **ART 10D - Portfolio Painting**

**2.0 units CSU/UC**

**Prerequisite:** Art 10C Advanced Painting

102 hours lab

This course is designed as a studio course in oil, acrylic, or watercolor painting expanding upon advanced techniques. Advanced materials and techniques will be explored. The student will experiment with various personal styles and execute a body of work for exhibition/presentation. Historical, aesthetic, and cultural points of view will be considered. Students will need to purchase approximately \$40 worth of supplies.

### **ART 18 - Advanced Life Drawing**

**1.0 unit**

**CSU/UC**

**Prerequisite:** Art 3 Beginning Life

Drawing

51 hours lab

A course in advanced human figure drawing, using live models in a variety of poses. A variety of drawing and painting mediums will be used. Various drawing methods will be explored, and the student will be encouraged to develop a personal style. Drawing the human figure will be

considered from technical, aesthetic, historical and cultural viewpoints.

### **ART 19A - Beginning Digital Photography**

**3.0 units**

**CSU**

**General Education Area C**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

34 hour lecture/51 hours lab

An introductory course in digital photography digital image capture. Basic photographic composition and subject matter, basic digital camera operation, and beginning image manipulation using Adobe Photoshop and/or Photoshop Elements will be covered. Photography as a fine art and as a commercial application will be explored. Technical, aesthetic, cultural, and historic points of view will be considered. To cover the costs of printing, a \$10.00 lab fee will be charged at the time of enrollment.

### **ART 19B - Intermediate Digital Photography**

**1.0 unit**

**CSU**

**Prerequisite:** Art 19A Beginning Digital

Photography

51 hours lab

An intermediate course in digital photography digital image capture. Intermediate photographic composition and subject matter, digital camera operation, and image manipulation using Adobe Photoshop and/or Photoshop Elements will be covered. Photography as a fine art and as a commercial application will be explored. Technical, aesthetic, cultural, and historic points of view will be considered. To cover the costs of printing, a \$10.00 laboratory fee will be charged at the time of registration.

### **ART 19C - Advanced Digital Photography**

**1.0 unit**

**CSU**

**Prerequisite:** Art 19B Intermediate Digital

Photography

51 hours lab

An advanced course in digital photography digital image capture. Advanced photographic composition and subject matter, digital camera operation, and image manipulation using Adobe Photoshop and/or Photoshop Elements will be covered. Photography as a fine art and as a commercial application will be explored. Technical, aesthetic, cultural, and historic points of view will be considered. To cover the costs of printing,

a \$10.00 laboratory fee will be charged at the time of registration.

## **ART 19D - Portfolio Digital Photography**

**1.0 unit  
CSU**

**Prerequisite:** Art 19C Advanced Digital Photography  
51 hours lab

An advanced digital photography course with the aim of producing a portfolio of work demonstrating a personal style for presentation and exhibition. Photography as a fine art and as a commercial application will be explored. Technical, aesthetic, cultural, and historic points of view will be considered. To cover the costs of printing, a \$10.00 laboratory fee will be charged at the time of registration.

## **ART 21 - Digital Illustration Design I**

**3.0 units  
CSU/UC**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement. ART 2 Drawing or ART 10 Beg. Painting and ART 1A Two-Dimensional Design

25.5 hours lecture/76.5 hours lab  
A course that explores conceptual ideas, image generation, manipulation, coloring, and effects for print and web media using Adobe Creative Cloud programs.

Students will develop vector and bitmap images for logo designs, icons, avatars, characters, objects, environments, and basic storyboarding. Students will draw, paint, and apply special effects and filters with the tools available within the Adobe Creative Cloud. Basic design principles, six step design process and personal expression will be used to create powerful conceptual imagery. This course has been approved for hybrid and online delivery. To cover the costs of printing each project assignment a \$10.00 lab fee will be charged at the time of registration. Students must supply additional materials and supplies at an estimated cost of \$70.

## **ART 22 - Digital Illustration Design 2**

**3.0 units  
CSU/UC**

**Prerequisite:** ART 21 Digital Illustration Design 1

Digital illustration 2 is a challenging and expressive area of graphic design. With Adobe Illustrator, Adobe Photoshop, Adobe After Effects, and Autodesk Maya various styles will be explored in the world of storyboarding. The art of narration will be explored in comics, graphic novels,

and various storyboards both traditional and digital (still and animated). In this advanced digital illustration course, you'll learn professional illustration conception, production and finish. Students will execute illustration projects using professional procedures and equipment. Emphasis is on student creative and technical development. Written papers and portfolio review required. To cover the costs of printing proofs for each project assignment, a \$10.00 lab fee will be charged at the time of registration.

## **ART 23 - Beginning Printmaking**

**3.0 units  
CSU/UC  
C-ID ARTS 220**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement, ART 2 Drawing.

25.5 hour lecture/76.5 hours lab  
An introduction to traditional and contemporary approaches to intaglio (etching), relief (woodcut and linocut), serigraphy (silkscreen) and monoprint printmaking. Both personal and commercial design will be explored. As well as a variety of subject matter and artists. Technical, historical, aesthetic and cultural points of view will be considered.

## **ART 25 – Graphic Design 1**

**3.0 units  
CSU/UC  
C-ID ARTS 250**

**General Education Area C**  
**Recommended Preparation:** ENGL105 or equivalent multiple measures placement; ART 1A Two-Dimensional Design, ART 19A Beginning Digital Photography

25.5 hours lecture/76.5 hours lab  
A visual communication course using image generation/manipulation and text components in Adobe Photoshop. The integration of images, text, and graphics will be conceptualized then utilized to produce commercial based products such as posters, ad campaigns, product packaging, and cover designs. Production, printing, presentation and critiques, emphasizing the six step design process, basic design principles, personal expression through digital graphic design processes will be used to meet crucial deadlines. This course has been approved for hybrid and online delivery. To cover the costs of printing proofs for each project assignment, a \$10.00 lab fee will be charged at the time of registration. All students will provide additional materials and supplies with an estimated cost of \$70.

## **ART 26 – Graphic Design 2**

**3.0 units  
CSU/UC**

**Prerequisite:** ART 25 Graphic Design 1  
Graphic Design 2 is a continuation of Graphic Design 1 (Art 25) and more fully explores the interaction of text and image. You will become more independent in your use of fundamental components of graphic communication. You will create independent and creative solutions to a series of design problems. Your knowledge of and exposure to contemporary design issues and graphic design history will be an important component of this course. You will be expected to expand your proficiency in all aspects of the design process, including creative brainstorming, conceptualizing, critical thinking, collaboration, and presentation. To cover the costs of printing proofs for each project assignment, a \$10.00 lab fee will be charged at the time of registration. All students will provide additional materials and supplies with an estimated cost of \$70.

## **ART 30 – Introduction to Sculpture**

**3.0 units  
CSU/UC  
General Education Area C  
CSU GE Area C1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

26.5 hour lecture/76.5 hours lab  
A course introducing contemporary art issues, historical overview, and aesthetic problem solving, utilizing a variety of materials and common techniques familiar to sculpture and 3-dimensional design as well as material use to render in the fashion of virtual three-dimensional rendering.

## **ART 36A - Beginning Ceramics**

**3.0 units  
CSU/UC  
General Education Area C  
CSU GE Area C1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

25.5 hour lecture/76.5 hours lab  
A beginning course in ceramics exploring basic handbuilding and wheelthrowing techniques. Basic methods of forming, decorating, glazing and firing ceramic materials will be covered. The elements and principles of ceramics will be presented from historical, cultural, aesthetic, and technical points of view. To

cover the cost of glazes, a \$10.00 lab fee will be charged at the time of enrollment.

**ART 36B - Intermediate Ceramics**  
**2.0 units**  
**CSU/UC**

**Prerequisite:** Art 36A Beginning Ceramics

102 hours lab

Further development of hand-building, and wheel-throwing, clay, glazes and firing processes. Aesthetic exploration of ideas. To cover the cost of glazes, a \$10.00 lab fee will be charged at the time of enrollment.

**ART 36C - Advanced Ceramics**  
**2.0 units**  
**CSU**

**Prerequisite:** Art 36B Intermediate Ceramics

102 hours lab

Advanced development of hand-building and/or wheel-throwing techniques, clay, glazes and firing processes. Beginning to develop a personal style in ceramics. To cover the cost of glazes, a \$10.00 lab fee will be charged at the time of enrollment.

**ART 36D - Portfolio Ceramics**  
**2.0 units**  
**CSU**

**Prerequisite:** Art 36C Advanced Ceramics

102 hours lab

Advanced development of handbuilding and/or wheelthrowing techniques, clay, glazes, and firing processes. Continuing to develop a personal style in ceramics. Producing a body of work for presentation/exhibition. To cover the cost of glazes, a \$10.00 lab fee will be charged at the time of enrollment.

**ART 38 – 3-D Computer Modeling and Animation**  
**3.0 units**  
**CSU/UC**

25.5 hour lecture/76.5 hours lab

This course introduces students to the use of software techniques to create and animate three-dimensional environments and objects. Students will learn to create photo-realistic models and scenes enhanced by lighting, shadows, reflection, and textures, and will learn to produce camera fly-through and basic character animation sequences. To cover the costs of printing proofs for each project assignment, a \$10.00 lab fee will be charged at the time of registration. This course has been approved for online delivery.

**ART 39 – 3-D Introduction to Digital Art**  
**3.0 units**  
**CSU**

**General Education Area C**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

26 hour lecture/75 hours lab

Introduction to the fundamental concepts, practices, and theories of digital art production. Topics include integration of traditional design, color, and compositional principles with contemporary digital tools. This class will be structured around three components—studio work, the development of technical skills and modular design, and introduction to the broad field of new media/electronic and time-based arts. To cover the costs of printing proofs for each project assignment, a \$10.00 lab fee will be charged at the time of registration.

**ART 43A - Beginning Jewelry Hand-Building**  
**3.0 units**  
**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

25.5 hour lecture/76.5 hours lab

An introductory jewelry course with focus on the fundamentals of hand-fabricated and cast jewelry plus basic metalsmithing. Processes will include soldering, riveting, hammer forming and other fundamental methods suitable for but not limited to jewelry. The elements and principles of jewelry design will be presented from historical, cultural, aesthetic, and technical points of view. This course requires a \$25.00 laboratory fee to cover the costs of metals and soldering, which is collected at the time of enrollment.

**ART 43B - Beginning Jewelry Design: Casting**  
**2.0 units**  
**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/51 hours lab

An introductory class in producing jewelry using casting processes including pouring, centrifuge, vacuum casting, and other basic methods. Drawing designs and stone cutting and setting will be included. To cover the costs of metals and soldering, a \$25.00 materials fee will be charged at the time of enrollment.

**ART 43C - Intermediate Jewelry Design**  
**1.0 unit**  
**CSU**

**Prerequisite:** Art 43A Beginning Jewelry and Hand-Building or Art 43B Beginning Jewelry Design: Casting

51 hours lab

An intermediate jewelry design class using refined production methods learned in beginning jewelry design to producing body ornaments. Focus will be on concept and design incorporating complex methods of construction that emphasize craftsmanship, aesthetics, and individual taste. To cover the costs of metals and soldering, a \$25.00 materials fee will be charged at the time of enrollment

**ART 43D - Advanced Jewelry Design 1.0 unit**  
**CSU**

**Prerequisite:** Art 43C Intermediate Jewelry Design

51 hours lab

A class in advanced jewelry design with emphasis on professional aspects design and construction including stone setting, choice of metals, finish, wear ability, and unity of piece. A professional formal portfolio using photographs and descriptions will be produced. Students will be encouraged to submit work to competitions and local sales venues. To cover the costs of metals and soldering, a \$25.00 materials fee will be charged at the time of enrollment.

**ART 49 - Art Work Experience**  
**1.0-8.0 units**  
**CSU**

**General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

600 hours lab (R)

This work based learning course is designed to assist students with educational or career goals in art, who are working in the field of art, to build related job specific skills through individualized learning objectives and enhance their workplace performance. All Work Experience enrollments require attendance of a face-to-face orientation session. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the

workplace, and career development. Subsequent enrollments require new individualized learning objectives, and completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Career Technical Education, Occupational and General Work Experience enrollments. Title V specifies students will earn 1 unit of credit for each 75 hours of paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid delivery

### **ART 50 – Welding for Artists (History of Welded Sculpture)**

**1.0 unit**

**Co-requisite:** WT-50 Welding for Artists (Design and Fabrication)

17 hours lecture (R)

Welding for artists is designed to introduce students to art sculpture with an emphasis on fabricated and welded steel designs from a historic and contemporary perspective. This class will focus on welding and metal fabrication as a fine art medium. This course is being offered in conjunction with WT-50, a two unit lab class and must be taken simultaneously for combined three-units.

## **AUTOMOTIVE TECHNOLOGY**

### **AT 49 - Automotive Technology Work Experience 1.0-8.0 units CSU**

**General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

600 hours lab (R)

This course enables students with educational or career goals in automotive technology, who are working in the field of automotive technology to build related job specific skills through individualized learning objectives and enhance their workplace performance. Attendance of an on campus orientation session is required for all Work Experience enrollments. Students complete an online expanded orientation module addressing workplace success skills throughout the term. Subsequent enrollments require new individualized learning objectives. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in Work Experience

courses is limited to a maximum of 16 units, including all Vocational, Occupational and General Work Experience enrollments. Title V specifies students will earn 1 unit of credit for each 75 hours paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for hybrid delivery.

### **AT 50 – Car Care Basics**

**3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 Hours Lecture, 51 Hours Lab

This course was designed to: 1. Introduce shop procedure and safety to the student; 2. Give students the skills to perform vehicle maintenance and basic roadside repairs; 3. Give students the skills to diagnose and repair minor vehicle malfunctions. The course has been approved for Hybrid Delivery.

### **AT 54 - Brakes**

**3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/102 hours lab

This course is designed to provide the student with skills in automotive brakes; disassembly and repair of drum, disc, hydraulic systems, including power and manual brakes. Several anti-lock brake systems (ABS) will be covered. Machining of drums, rotors, and adjustments will also be studied. This course adheres to NATEF (National Automotive Technician Education Foundation) standards. This course has been approved for Hybrid Delivery.

### **AT 56 - Steering and Suspension**

**3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/102 hours lab

This course is designed to provide the student with skills in alignment of front ends and rear wheel alignment where applicable and inspection and repair of steering and suspension components. Basic and computerized equipment will be utilized. The contents of this course conforms to NATEF (National Automotive Technician Education Foundation) standards for steering and suspension. This course has been approved for Hybrid Delivery.

### **AT 58 – Automotive Heating and Air Conditioning**

**3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/102 hours lab

This course is designed to provide the student with theory and operation of common air conditioning and heating systems including diagnosis and repair and recovery of R-12 and 134A refrigerants. This course has been approved for Online and hybrid delivery.

### **AT 60 – Shop Management and Service Writer**

**2.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hour lecture

This course is designed to provide the student with the skills needed to write service at an automotive repair shop. Shop management techniques will also be covered. Communication, organization, and filling out repair orders to meet all legal requirements will be emphasized. This course has been approved for online and hHybrid delivery

### **AT 64 – Diesel Repair and Maintenance**

**3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab (R)

This course was designed to provide the student with the skills needed to diagnose and repair common malfunctions found in diesel engines and other light diesel systems. Preventive maintenance procedures will also be emphasized. This course has been approved for hybrid delivery

### **AT 66 - Manual Drive Train**

**4.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/102 hours lab (R)

This course is designed to provide the student with theory and practical experience in operation, repair and adjustment of common manual transmissions, drive lines, differentials, transfer cases and 2 and 4-wheel drive systems. Clutches, wheel bearings and axle repair will also be studied. This

course has been approved for hybrid delivery.

### **AT 68 - Automatic Transmissions 3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/102 hours lab

This course is designed to provide the student with theory and operation of common automatic transmissions including diagnosis, adjustment and repair of common automatic transmission problems. This course has been approved for hybrid delivery

### **AT 70 - General Automotive Lab 2.0 units**

**Corequisite:** Student must be enrolled in one additional automotive course that has a safety component.

102 hours lab

This course is designed to provide the student with skills in developing increased speed, accuracy, and expertise in all phases of automotive training.

### **AT 72 - Engine Repair and Machining-Short Blocks 4.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hours lecture/153 hours lab

This course is designed to prepare the student with basic, through increasingly advanced, skills in overhaul procedures for the owner or rebuilder. Safety, basic hand tools, engine removal and replacement, cleaning techniques, disassembly and assembly of engine components, measuring, diagnosis of oil consumption and poor performance with corrective measures will be covered. Emphasis will be on gasoline engine overhaul as it relates to home, small farm shop, and commercial shop. This course has been approved for hybrid delivery.

### **AT 74 - Engine Repair and Machining-Cylinder-Heads 3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hours lecture/102 hours lab

This course is designed to prepare the student with basic, through increasingly advanced, skills in overhaul procedures for the owner or rebuilder. Safety, basic hand tools, cylinder head removal and replacement, cleaning techniques, disassembly and assembly of cylinder head components, measuring, diagnosis of oil consumption and poor performance with corrective measures will be covered.

Emphasis will be on cylinder head overhaul as it relates to home, small farm shop, and commercial shop. This course has been approved for hybrid delivery.

### **AT 76 - Automotive Machining Lab 2.0 units**

**Co-requisite:** AT 72 or at 74

102 hours lab

This course is designed to provide the student with common automotive machine shop experiences. Precision machinery techniques will be emphasized with blueprinting methods used where appropriate. This course is to be taken concurrently with AT-72 Engine Repair Short Block and Machining or AT-74 Engine Repair and Machining—Cylinder Heads.

### **AT 80 – Basic Electrical 3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab

This course is designed to provide the student with theory, diagnosis and repair of chassis electrical systems. Extensive use of voltmeters, ohmmeters, and short circuit testers, and common testing tools will be emphasized. Isolate a malfunction to a specific system in which a fault exists. This course has been approved for Hybrid Delivery.

### **AT 82 – Engine Performance I 3.0 units**

**Prerequisite:** AT-80 Basic Electrical

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab

This course was designed to provide the student basic engine performance diagnostic and repair skills. Testing with various meters and shop equipment will be studied. Ignition and fuel system principles and diagnosis will be emphasized. This course has been approved for Hybrid Delivery

### **AT 84 – Engine Performance II 3.0 units**

**Prerequisite:** AT-82 – Engine

Performance I

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab

This course is designed to provide the student with advanced theory, diagnosis, and repair of various control modules, computer sensors and circuits. Extensive use of various meters, lab scopes, and other shop equipment will be used.

Vehicle on-board diagnosis systems will be emphasized. This course has been approved for online and hybrid delivery

### **AT 88 – Vintage Vehicle Repair 3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hours lecture/102 hours lab

This course is designed to provide the student with work in testing machines in ignition systems, conventional and electronic, fuel adjustments, and carburetor overhaul. Older vehicles will be covered with emphasis on manufacturer's tune-up techniques. The course will contain classroom instruction, demonstrations, as well as hands-on work in the Automotive Lab. This course has been approved for Hybrid Delivery.

### **AT 90 – Automotive Survival 1.0 unit**

18 hours lecture

This is an introductory seminar course designed for the novice from the standpoint of owner survival in the marketplace. Automotive vocabulary, preventive maintenance, and consumer issues will be addressed.

### **AT 90A – Automotive Survival Lab 0.5 units**

**Recommended Preparation:** AT 90

Automotive Survival

24 hours lab

The course is designed to provide the student with hands on experience in the areas of vehicle maintenance, preventive maintenance, minor tune-up, and simple adjustments.

### **AT 91 – Smog Check Training Level 2 32-Hour Course**

**1.0 unit**

**Prerequisites:** Prior to taking the Smog Check Training, students must either satisfy BAR specified criteria, as listed below, or successfully complete the Level 1 Engine and Emission Controls Fundamentals Training. BAR specified requirements: Possess ASE A6, A8 and L1 certification; or possess an AA/AS degree or Certificate in automotive technology and have 1 year experience; or have 2 years' experience and have completed BAR specified training.

8 hours lecture/24 hours lab

The Smog Check Training 32 Hour Course is intended to provide students the knowledge, skills, and abilities needed to perform Smog Check inspections. Students who successfully complete this training will have met the California State Bureau of Automotive Repair's training requirements to qualify to take the Smog

Check Inspector state licensing examination.

## **AVIATION**

### **AERO 1A - Aviation Ground School**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

An aviation ground school course specifically designed to provide complete explanations of aeronautical concepts. It is designed to prepare the student for the Federal Aviation Administration (FAA) written examinations dealing with Visual Flight Rules (VFR) and the Private Pilot License.

## **BIOLOGY**

### **BIOL 1 - Principles of Molecular and Cellular Biology**

**4.0 units**

**CSU/UC**

**General Education Area A**

**CSU GE Areas B2 & B3**

**IGETC Area 5B & 5C**

**C-ID BIOL 190**

**Prerequisite:** MATH 60 Intermediate Algebra or equivalent multiple measures placement and Chemistry 1A General Chemistry I

51 hours lecture/51 hours lab

A course in principles of biology, with special emphasis given to molecular and cellular biology. Topics include the chemical basis of life, prokaryotic and eukaryotic cells, structure and function, cell metabolism, cellular communication, classical genetics, molecular genetics, and biotechnology. This course is designed to meet the core requirements for biology and related majors. (This course is the recommended preparation for Bio 4, Biol 20, and Biol 25.) This course has been approved for hybrid (online/traditional) delivery.

### **BIOL 4 - Principles of Evolutionary, Organismal, and Ecological Biology**

**5.0 units**

**CSU/UC**

**General Education Area A**

**CSU GE Areas B2 & B3**

**IGETC Area 5B & 5C**

**C-ID BIOL 140**

**Prerequisite:** MATH 60 or equivalent multiple measures placement.

**Recommended Preparation:** Biology 1  
51 hours lecture/102 hours lab

A course in principles of biology, with special emphasis given to evolution, organismal and ecological biology. Topics include evolution, classification, diversity of life; (unicellular and multicellular organisms); animal fungus and plant structure, development and function; and ecological relationships. This course is designed to meet the core requirements for biology and related majors. This course has been approved for hybrid (online/traditional) delivery.

### **BIOL 10 - Natural History of Plants & Animals**

**4.0 units**

**CSU/UC (Unit limitation)**

**General Education Area A**

**CSU GE Areas B2 & B3**

**IGETC Area 5B & 5C**

**Recommended Preparation:** Successful completion of ENGL105 or equivalent multiple measures placement.

51 hours lecture/51 hours lab

An introductory course dedicated to the study of natural environments by integrating lecture, laboratory and field experiences. Emphasis is placed on the natural history of local forms of plants and animals, their ecological relationships, identification techniques and the integrity of nature. This course has been approved for hybrid delivery. Access to a computer with internet access is required.

### **BIOL 20 - Microbiology**

**5.0 units**

**CSU/UC**

**General Education Area A**

**CSU GE Areas B2 & B3**

**IGETC Area 5B & 5C**

**Recommended Preparation:** Biology 1

51 hours lecture/102 hours lab

This is an introductory course covering the biology (morphology, anatomy, physiology, classification, identification and development) of micro-organisms (viruses, protozoa, parasitic worms, algae, fungi, with emphasis on bacteria), their significance and their role in human affairs.

### **BIOL 21 - Human Anatomy with Lab**

**4.0 units**

**CSU**

**Recommended Preparation:** ENGL 105

or equivalent placement through the multiple measures process, Math 60 - Intermediate Algebra or the equivalent placement through the multiple measures process. Biology 1 and Chem 1A

51 hours lecture/51 hours lab

One semester of a two semester sequence covering structure and function,

integration and homeostasis of the human body at the cellular, tissue organ, organ system and organism level. This semester includes the structures of the integumentary, skeletal, muscular, nervous and sensory systems, cardiovascular, lymphatic, immune, respiratory, urinary, digestive, endocrine and reproductive systems. This course has been approved for hybrid delivery.

### **BIOL 22 - Human Physiology with Lab**

**4.0 units**

**CSU**

**Recommended Preparation:** ENGL 105

or equivalent placement through the multiple measures process, Math 60 - Intermediate Algebra or the equivalent placement through the multiple measures process. Biology 1 and Chem 1A

51 hours lecture/51 hours lab

One semester of a two semester sequence covering structure and function, integration and homeostasis of the human body at the cellular, tissue organ, organ system and organism level. This semester includes the functions of the integumentary, skeletal, muscular, nervous and sensory systems, cardiovascular, lymphatic, immune, respiratory, urinary, digestive, endocrine and reproductive systems. This course has been approved for hybrid delivery.

### **BIOL 25 - Human Anatomy and Physiology I**

**4.0 units**

**CSU/UC**

**General Education Area A & E1**

**CSU GE Areas B2 & B3**

**IGETC Area 5B & 5C**

**C-ID BIOL 115S**

**Recommended Preparation:** ENGL 105

or equivalent placement through the multiple measures process, Math 60 - Intermediate Algebra or the equivalent placement through the multiple measures process. Biology 1 and Chem 1A

51 hours lecture/51 hours lab

First semester of a two semester sequence covering structure and function, integration and homeostasis of the human body at the cellular, tissue organ, organ system and organism level. This semester includes the integumentary, skeletal, muscular, nervous and sensory systems. This course has been approved for hybrid (online/traditional) delivery.

## **BIOL 26 - Human Anatomy and Physiology II**

**4.0 units**

**CSU/UC**

**General Education Area A & E1**

**CSU GE Areas B2 & B3**

**IGETC Area 5B & 5C**

**C-ID BIOL 115S**

**Prerequisite:** BIOL I or BIOL 25 Human Anatomy and Physiology I

51 hours lecture/51 hours lab

Second semester of a two semester sequence covering the structure and function, integration and homeostasis of the human body at the cellular, tissue organ, organ system and organism level. This semester includes the cardiovascular, lymphatic, immune, respiratory, urinary, digestive, endocrine and reproductive systems. This course has been approved for hybrid (online/traditional) delivery.

## **BIOL 32 - General Biology**

**3.0 units**

**CSU/UC (unit limitation)**

**General Education Area A**

**CSU GE Area B2**

**IGETC Area 5B**

**Recommended Preparation:** Successful completion of ENGL105 or equivalent multiple measures placement.

51 hours lecture

A general survey of the living world with emphasis on the basic biological principles as illustrated in plant and animal groups. This course has been approved for online delivery.

## **BIOL 32L - General Biology with Laboratory**

**4.0 units**

**CSU/UC**

**General Education Area A**

**CSU GE Area B2 B3**

**IGETC Area 5B 5C**

**Recommended Preparation:** ENGL 105 or equivalent placement

51 hours lecture/51 hours lab

A general survey of the living world with emphasis on the basic biological principles as illustrated in plant and animal groups. This course includes a laboratory section supporting the basic concepts of the course. This course has been approved for hybrid delivery.

## **BUSINESS**

### **BUS 1A - Accounting Principles – Financial**

**4.0 units**

**CSU/UC**

**C-ID ACCT 110**

**Recommended Preparation:** Successful

completion of ENGL105 and Elementary Algebra or equivalent multiple measures placement.

68 hours lecture

A comprehensive course in financial accounting covering accounting information systems, the measuring and reporting of business transactions, and financial statement preparation under generally accepted accounting principles. Emphasis is placed on balance sheet valuation, quality of earnings, cash flow measurement, ethics and internal controls. This course has been approved for correspondence, online and hybrid delivery.

### **BUS 1B - Accounting Principles – Managerial**

**4.0 units**

**CSU/UC**

**C-ID ACCT 120**

**Prerequisite:** BUS 1A – Accounting Principles-Financial

68 hours lecture

An introduction to managerial accounting, planning and decision making. The course includes a study of cost behaviors, classifications, capture and reporting. Emphasis is placed on costs systems, decision making using accounting data, budgeting and manufacturing and cost accounting and the preparation of reports based on accounting data. This course has been approved for correspondence, online and hybrid delivery.

### **BUS 1C - Federal Income Tax**

**3.0 units**

**CSU**

**Prerequisite:** BUS 1A – Accounting Principles-Financial

51 hours lecture

Structure of personal income taxation, tax planning and underlying social and economic issues. Emphasis on tax concepts rather than tax return preparation. (FT)

### **BUS 2 - Introduction to Business**

**3.0 units**

**CSU/UC**

**C-ID BUS 110**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A survey course designed to provide students with familiarity with basic principles and practices found in contemporary business, knowledge of business terminology and an understanding of how businesses operate within the U.S. and globally. This course has been approved for correspondence and online delivery. This course uses a free Open

Educational Resource textbook. This course has been approved for hybrid delivery.

### **BUS 10 – Managing Diversity and Human Resources**

**3.0 units**

**CSU**

**Recommended Preparation** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A course for practicing, newly-appointed, or potential supervisors and managers who hold or who will hold from first-line up to middle-management positions. Course will develop broader perspectives and new insights in managerial skills to manage a multicultural workplace. It focuses on the workplace impact of various historical, social, and cultural experience/perspectives related to gender, age, ethnicity, and disability. This course has been approved for online, hybrid and correspondence delivery.

### **BUS 13 - Basic Accounting**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A beginning course in accounting and bookkeeping principles develops entry-level accounting skills.

### **BUS 18 - Records Management**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture.

Develops an understanding of the scope and problems of the administrative management of records. Covers all aspects of a records management system from establishment through filing, storing and retrieving. This course has been approved for online and correspondence delivery.

### **BUS 19 - Office Administration**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

The student experiences the role of the office worker and performs functions that make up an office support system. A variety of tasks will be performed to sharpen office skills and knowledge of

procedures. Importance of human relations and interpersonal communications skills is stressed. This course has been approved for online, hybrid and correspondence delivery.

### **BUS 22 - Business Law**

**3.0 units**

**CSU/UC**

#### **General Education Area B**

#### **C-ID BUS 125**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

An introduction to the legal system with emphasis on business transactions. Topics include contracts, sales, torts, agency relationships, and commercial paper. A fundamental understanding of legal procedure, sources of law, law classifications, dispute resolution, and social /ethical considerations of law. This course has been approved for online, hybrid and correspondence delivery. This course may use a free Open Educational Resource textbook.

### **BUS 25 - Small Business Management**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Provides complete coverage of small business operations including business functions; sales, production, procurement, personnel, and finance. Managerial functions; planning, organizing, actuating, and controlling, with examples of actual business situations used to emphasize important principles. This course has been approved for correspondence and online delivery. This course may use a free Open Education Resource textbook.

### **BUS 27- Business Communications**

**3.0 units**

**CSU**

#### **C-ID BUS 115**

**Prerequisite:** ENGL-1 College

Composition

51 hours lecture

Instruction in the principles of effective business communications. Contemporary approaches to planning, composing and revising common written and oral business communications is explained and applied. Emphasis is on the writing of clear, concise, and effective letters, memorandums, e-mails and business reports. This course is designed for business majors. This course has been approved for correspondence, online and

hybrid delivery. This course uses a free Open Educational Resource textbook.

### **BUS 34A - Microsoft Word, Beginning**

**3.0 units**

**CSU**

**Prerequisite:** COT 52 Keyboarding, Level 1

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

25.5 hours lecture/76.5 hours lab

Basic operations of Microsoft Word. Includes file management, navigation with menus and toolbars, document creation and revision, formatting and layout, tabs, page numbering, multi-column work, basic find and replace, tables, graphs, and envelopes/labels. In addition, a study of concepts of word processing will provide students with the background necessary to help them adapt to various situations they will encounter when employed. This course has been approved for online and Hybrid (online/traditional) delivery.

### **BUS 34B - Microsoft Word, Advanced**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

25.5 hours lecture/76.5 hours lab

Provides concentrated training in advanced operations of Microsoft Word, including automated form letters, advanced find/replace, sorting, advanced formatting with styles and templates, repetitive typing shortcuts, footnotes, shared documents, indexes, online forms, basic macros, and hyperlinks. In addition, a study of concepts of word processing will provide students with the background necessary to help them adapt to various situations they will encounter when employed. This course has been approved for online and hybrid (online/traditional) delivery.

### **BUS 49 - Business Work Experience**

**1.0-8.0 units**

**CSU**

#### **General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

600 hours lab (R)

This work based learning course is designed to assist students with educational or career goals in business, who are working in the field of business, to build related job specific skills through

individualized learning objectives and enhance their workplace performance. All Work Experience enrollments require attendance of a face-to-face orientation session. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the workplace, and career development. Subsequent enrollments require new individualized learning objectives, and completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Career Technical Education, Occupational and General Work Experience enrollments. Title V specifies students will earn 1 unit of credit for each 75 hours of paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid delivery

### **BUS 75 – Planning and Launching a New Business Venture**

**1.0 units**

17 hours lecture

An exploratory course in the fundamentals of planning and starting a new business venture. This is a project based course developing a business plan. Topics include the development of a competitive business model, assessing industry and market conditions, choosing a form of business ownership, and the structure and content found in a successful business plan.

### **BUS 76 – Marketing the Small Business Venture**

**1.0 unit**

17 hours lecture

This course provides students with the fundamentals of marketing a small business concern. The student will be introduced to the concepts of market planning, strategy, research, competitor analysis, target markets, and the development of a marketing mix for a marketing plan.

### **BUS 77 – Financing the New Business Venture**

**1.0 unit**

17 hours lecture

A course in small business and entrepreneurship financing. Topics

include estimating start-up costs, projecting sales, funding new business ventures, the basics of financial statement analysis, budgeting, cash flow management, and the time value of money. Emphasis is placed on developing useful financial information used in small businesses and business plans.

### **BUS 78 – The Customer Service Advantage**

**1.0 units**

17 hours lecture

This course provides students with the principles that support customer service excellence. The student will be introduced to the concepts of customer satisfaction, servicing the internal and external customers, interpersonal communications, consumer retention, and managing conflict.

### **BUS 79 – Computer Info Systems for Small Business Ventures**

**2.0 units**

17 hours lecture/51 hours lab

This course introduces students to information system concepts, computer technologies, and applications commonly found in small business. Students will learn the basics behind typical information technologies used to manage small business operations. Emphasis is placed on leveraging spreadsheet, database, bookkeeping, and word processing software applications.

### **BUS 84 – Business Mathematics**

**3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Mathematics used in business transactions, interest, discount, mark-up, depreciation, payroll, taxes, and other business computations.

## **CHEMISTRY**

### **CHEM 1A - General Chemistry I**

**5.0 units**

**CSU/UC**

**General Education Area A**

**CSU GE Areas B1 & B3**

**IGETC Area 5A & 5C**

**C-ID CHEM 110**

**Prerequisite:** One year of high school chemistry or Chemistry 45 or the equivalent and MATH 60 Intermediate Algebra or equivalent multiple measures placement.

51 hours lecture/102 hours lab

This course introduces atomic structure, bonding, stoichiometry, thermochemistry, gases, matter and energy, oxidation-

reduction, chemical equations, liquids and solids, solutions, chemical energetics and equilibrium. The first semester of a one-year course in chemistry intended for majors in the natural sciences (chemistry, biochemistry, biology, physics, pre-medicine), mathematics, and engineering. This course has been approved for online and hybrid delivery.

### **CHEM 1B - General Chemistry II**

**5.0 units**

**CSU/UC**

**General Education Area A**

**CSU GE Areas B1 & B3**

**IGETC Area 5A & 5C**

**C-ID CHEM 120S**

**Prerequisite:** Chemistry 1A General Chemistry I or the equivalent. MATH 60 Intermediate Algebra or equivalent multiple measures placement.

51 hours lecture/102 hours lab

A continuation of Chemistry 1A intended for majors in natural sciences, mathematics, and engineering. Topics covered or reinforced in both the lecture and laboratory: Chemical energetics and equilibria, solutions and ionic equilibria, acid-base chemistry, electrochemistry, coordination chemistry, oxidation-reduction, and thermodynamics, kinetics, nuclear chemistry, descriptive chemistry, organic chemistry, the chemistry of family groups of the periodic table, qualitative and quantitative analysis.

### **CHEM 8 - Introduction to Organic and Biochemistry**

**4.0 units**

**CSU/UC**

**General Education Area A**

**CSU GE Areas B1 & B3**

**IGETC Area 5A & 5C**

**C-ID CHEM 102**

**Prerequisite:** CHEM 1A or CHEM 45

51 hours lecture/51 hours lab

An introduction to organic chemistry and biochemistry. Emphasis is on the relationship between structure, properties and function of simple and complex molecules. For nursing and allied health students. This course has been approved for online and hybrid delivery.

### **CHEM 40 – Survey of Chemistry and Physics**

**3.0 units**

**CSU**

**Prerequisites:** Elementary Algebra

51 hours of lecture

This is an investigation of the basic principles of physics and chemistry including matter, physical and chemical properties, energy, motion, light, atomic structure, bonding, solutions and chemical reactions. The interdependence of chemistry and physics will be

emphasized. This course is intended for non-science majors and recommended for students in the California State Teacher Preparation Program. This course has been approved for online and hybrid delivery.

### **CHEM 40L – Teaching Laboratory for Survey of Chemistry and Physics**

**1.0 units**

**CSU**

**Co-requisites:** Chem 40

This is an investigation of the basic principles of physics and chemistry using laboratory instruments and hands-on experiment. The teaching laboratory will cover principles of data taking, data analysis, and technical writing skills for scientific reports. This course is intended for non-science majors and recommended for students in the California State Teacher Preparation Program. This course is web-enhanced.

### **CHEM 45 - Introduction to General Chemistry**

**4.0 units**

**CSU/UC (unit limitation)**

**General Education Area A**

**CSU GE Areas B1 & B3**

**IGETC Area 5A & 5C**

**C-ID CHEM 101**

**Prerequisite:** One year of high school algebra or MATH 60 intermediate algebra or equivalent multiple measure placement  
**Recommended Preparation:** one year high school Chemistry

51 hours lecture/51 hours lab

An introduction to chemistry, principally inorganic. Emphasis is on basic concepts and skills. This course is for students with no prior chemistry and is intended a preparation for major's in chemistry, allied health, and general education. This course has been approved for online and hybrid delivery.

### **CHEM 45A - Introduction to General Chemistry Discussion Session**

**1.0 units**

**CSU/UC (elective)**

**Co-requisite:** CHEM 45

This is a required co-requisite for students enroll in CHEM 45 who have not taken any basic chemistry courses (including introduction to physical science or equivalent) in the past 4 years. It is strongly recommended for all students enroll in CHEM 45. Students will use quantitative strategies to solve chemistry in topics of atomic theory, periodic properties, chemical bonds, stoichiometry, gas laws, kinetics and

equilibrium of chemical reactions, acids and bases, redox reactions, and thermodynamics.

## **CHILD DEVELOPMENT**

### **CD 11 - Observation and Assessment**

**3.0 units**

**CSU**

**C-ID ECE 200**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab

This course focuses on the appropriate use of assessment and observation strategies to document development, growth, play, and learning in order to join with families and professionals in promoting children's success and maintaining quality programs. Recording strategies, rating scales, portfolio, and multiple assessment methods are explored. This course has been approved for online delivery.

### **CD 12 - Child, Family and Community**

**3.0 units**

**CSU**

**General Education Area E1**

**C-ID CDEV 110**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course addresses early childhood education competencies related to the role of the family in the care and education of the child, and the role of community in providing services to children and their families. Key concepts include acknowledgement that children develop in the context of their families and communities and that building relationships with families in an integral part of competent and professional early childhood practice. This course has been approved for online and correspondence delivery.

### **CD 15 - Pre-School Administration**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course is designed to meet the State Department of Education requirements for directors of public funded child development programs, and the Supervisory Child Development Permit. Topics covered are the development, procedures and evaluation of child development programs; staff and parent handbooks; staff orientation, and in-service; parent correspondence;

marketing strategies, business plans; financial reports, evaluation and accreditation. This course has been approved for online and correspondence delivery.

### **CD 16 - Introduction to Curriculum**

**3.0 units**

**CSU**

**C-ID ECE 130**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course presents an overview of knowledge and skills related to providing appropriate curriculum and environments for all young children from birth to 6. Students will examine teachers' role in supporting development and fostering the joy of learning for all young children using observation and assessment strategies emphasizing the essential role of play. An overview of content areas will include but not be limited to: language and literacy, social and emotional learning, sensory learning, art and creativity, math and science. This course has been approved for online and correspondence delivery.

### **CD 17 - Children's Literature**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Designed to help teachers build language opportunities into every curriculum area; to explore methods of fostering language skills of the young child, and introduce pre-reading experiences. Includes the study of children's literature, standards for evaluating books, techniques of storytelling, and puppetry. This course has been approved for online delivery.

### **CD 19 - Children's Nutrition, Health and Safety**

**3.0 units**

**CSU**

**C-ID ECE 220**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Introduction to the laws, regulations, standards, policies and procedures and early childhood curriculum related to child health, safety and nutrition. The key components that ensure physical health, mental health and safety for both children and staff will be identified along with the importance of collaboration with families and health professionals. This course has been approved for online and

correspondence delivery.

### **CD 20 - Principles and Practices of Teaching Young Children**

**3.0 units**

**CSU**

**C-ID ECE 120**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

An examination of the underlying theoretical principles of developmentally appropriate practices applied to programs, environments, emphasizing the key role of relationships, constructive adult-child interactions, and teaching strategies in supporting physical, social, creative, and intellectual development for all children. This course has been approved for online and correspondence delivery.

### **CD 22 - The Infant Toddler**

**3.0 units**

**CSU**

**General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Principles and philosophy of infant care for children up to three years of age including physical and mental growth, cognitive, social/emotional, language and self-identity development, health and nutrition. Parent education, community resources, inclusion and cultural/ethnic diversity will be explored. This course has been approved for online and correspondence delivery.

### **CD 23 - Adult Supervision in the Child Care Setting**

**3.0 units**

**CSU**

**Prerequisite(s):** Twelve (12) units of Early Childhood Education Prerequisite Skills

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course is a study of the methods and principles of supervising student teachers, assistant teachers, parents and volunteers in early childhood education/child development classrooms. Emphasis is on the role of classroom teachers who function as mentors to new teachers while simultaneously addressing the needs of children, parents and other staff. Required by the Child Development permit for administrators of ECE/CD programs. This course has been approved for online delivery.

**CD 24 – Practicum****4.0 units****CSU****C-ID ECE 210****Prerequisites:** CD-12; CD-16; CD-20 and PSY-31/CD-31

34 hours lecture/102 hours lab

A demonstration of developmentally appropriate early childhood teaching competencies under guided supervision. Students will utilize practical classroom experiences to make connections between theory and practice, develop professional behaviors, and build a comprehensive understanding of children and families. Child centered, play-oriented approaches to teaching, learning, and multiple measures; and knowledge of curriculum content areas will be emphasized as student teachers design, implement and evaluate experiences that promote positive development and learning for all young children. This course has been approved for online delivery.

**CD 25 - Teaching in a Diverse Society****3.0 units****CSU****C-ID ECE 230****Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Examination of the development of social identities in diverse societies including theoretical and practical implications of oppression and privilege as they apply to young children, families, programs, classrooms and teaching. Various classroom strategies will be explored emphasizing culturally and linguistically appropriate anti-bias approaches supporting all children in becoming competent members of a diverse society.

This course has been approved for online and correspondence delivery.

**CD 26 - Administration II****3.0 units****CSU****Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course addresses advanced administration skills, knowledge, and techniques needed to organize and operate a child development facility. Emphasis will be on principle-centered leadership, staffing, and staff development opportunities, personnel policies, problem solving techniques, regulatory laws, funding opportunities, budget and fiscal management and working with a board, parents, volunteers and the community.

This course has been approved for online delivery.

**CD 27 - Children with Special Needs****3.0 units****CSU****Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course focuses on identifying and referring children with special needs, including, physical, neurological and sensory challenges, developmental delays, learning disabilities, and giftedness and emotional and behavioral disorders. Emphasizes multidisciplinary planning to aid caregivers in modification, adaption, accommodation and teaching techniques involved in the inclusive classroom. This course has been approved for online delivery. Access to a computer with internet access is required.

**CD 28 - Child Guidance****3.0 units****CSU****Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A course to explore the relationship between the parenting figure and the child. Emphasis will be placed on social and emotional development; characteristic behavior patterns of both children and adults. This course would be of interest to any adult involved or interested in children. This course has been approved for online delivery.

**CD 30 - Early Steps to Reading Success****3.0 units****CSU****Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course is designed to prepare current or future childhood teachers and caregivers to enhance the early literacy outcomes of young children by improving teacher's knowledge of early literacy development, and their skills in teaching literacy to young children from birth to age 5. This course has been approved for online delivery.

**CD 31 - Child Development: Conception through Adolescence****3.0 units****CSU/UC****General Education Area E1****CSU GE Area D7 & E****IGETC Area 4G****C-ID CDEV 100****Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course examines the major physical, psychological, and cognitive/language developmental milestones for children, both typical and atypical, from conception through adolescence. Emphasis will be on interactions between the maturational process and environmental factors. Students will be expected to observe children, analyze characteristic of children at different developmental stages and investigate research methodologies. This course has been approved for online and correspondence delivery.

**CD 49 - Child Development Work Experience****1.0-8.0 units****CSU****General Education Area E1****Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

600 hours lab (R)

This work based learning course is designed to assist students with educational or career goals in child development to build related job specific skills through individualized learning objectives and enhance their workplace performance. All Work Experience enrollments require attendance of a face-to-face orientation session. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the workplace, and career development. Subsequent enrollments require new individualized learning objectives, and completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Career Technical

Education, Occupational and General Work Experience enrollments. Title V specifies students will earn 1 unit of credit for each 75 hours of paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid delivery

### **CD 50 - ECE Child Health and Safety**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

18 hour lecture

Introduction to child health and safety to include American Red Cross or American Heart Association certification in infant, child and adult CPR/Pediatric First Aid. Course is repeatable to maintain certification. A \$20.00 lab fee will be collected at the time of registration.

## **COMPUTER APPLICATIONS**

### **CA 31 - Computer Applications**

**2.0 units**

**CSU/UC**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/51 hours lab

Use of currently and widely-used application software, including spreadsheets, data bases, word processors and graphics programs. Practical experience for familiarity and skill in operating software as well as problem solving in business applications will be stressed. Course is designed to meet the preparatory needs of students seeking to pass the Microsoft Office Specialist [MOS] exams in Word, Access, and Excel. This course has been approved for online and hybrid delivery. Access to a computer with internet access is required.

### **CA 32 - Computer Applications II**

**2.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/51 hours lab

In addition to a quick review, this course covers topics that are not covered in Computer Applications I. It is designed to teach students how to use easy but powerful features available in widely used software. The emphasis will be on a word processor and a spreadsheet. This course has been approved for online delivery.

### **CA 52 – Word Processing for Business**

**3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

25.5 hour lecture/76.5 hours lab

This course covers a recent version of Microsoft Word for students who have a basic understanding of computers and desire comprehensive knowledge of a business tool to view, edit and create professional looking business documents. This course is designed to prepare students to take the Microsoft Office Specialist [MOS] exam on the Microsoft Word application. This course has been approved for hybrid delivery.

### **CA 53 – Spreadsheet Application for Business**

**3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

25.5 hour lecture/76.5 hours lab

This course covers a recent version of Microsoft Excel for Windows for students who have an understanding of computers and desire comprehensive knowledge of a business tool used to organize, edit, and present data using spreadsheets. This course is designed to prepare students to take the Microsoft Office Specialist [MOS] exam on the Microsoft Excel application.

### **CA 55 - Using a Word Processor**

**0.5 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

5 hours lecture/15 hours lab

This course teaches the fundamentals of Microsoft Windows and Word for Windows. It acquaints the students with the proper way to solve word processing problems in a Windows environment. This course has been approved for online and hybrid delivery.

### **CA 56 - Using a Spreadsheet**

**0.5 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

5 hour lecture/15 hours lab

Use of a widely-used spreadsheet program. Practical experience for familiarity and skill in operating the software, as well as problem solving in business applications will be stressed. This course has been approved for online and hybrid delivery.

### **CA 58 – Presentation Application for Business**

**1.5 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

12.75 hour lecture/38.25 hours lab

This course covers a recent version of Microsoft PowerPoint for students who have a basic understanding of computers and desire an understanding of the strategies applied to planning, preparing, and creating high-quality business presentations. This course is designed to prepare students to take the Microsoft Office Specialist [MOS] exam on the Microsoft PowerPoint application.

### **CA 60 – Email and Calendar Application for Business**

**1.5 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

12.75 hour lecture/38.25 hours lab

This course covers a recent version of Microsoft Outlook for students who have a basic understanding of computers and desire comprehensive knowledge of a business tool to organize and manage email messages, appointments, meetings, contacts and tasks. This course is designed to prepare students to take the Microsoft Office Specialist [MOS] exam on the Microsoft Outlook application.

## **COMPUTER OFFICE TECHNOLOGY**

### **COT 50 - Keyboarding, Level 1**

**1.0 unit**

51 hours lab

A course to enable a beginning keyboarding student to acquire the ability to keyboard by touch, develop proper keyboarding techniques, build speed and accuracy skills and apply these skills to personal and business communications. This course has been approved for online delivery.

### **COT 52 - Keyboarding, Level 2**

**1.0 unit**

**Prerequisite:** COT 50

51 hours lab

Reviews basic production techniques. Presents a variety of office situations where emphasis is upon office skill development including editing, abstracting information, decision making, setting priorities, work flow, following directions and working under pressure. This course has been approved for online delivery.

**COT 59 - Business Machines: 10 Key**  
**1.0 unit**

34 hours lab

A course to enable the student to acquire ability to operate the electronic calculator by touch with correct utilization of function keys. Training on various computations using the Electronic Printing Calculator in areas of retailing, financial management and accounting.

---

**COMPUTER SCIENCE**

---

**CS 1 - Computer Literacy**  
**3.0 units**  
**CSU/UC**

**Recommended Preparation:** Successful completion of ENGL105 or equivalent multiple measures placement.

34 hours lecture/51 hours lab

This course introduces students to the following areas in computer science: An operating system such as Windows, Application programs which include a word processor, spreadsheet, database and presentation, A programming language; The Internet and the creation of web pages; Internal structure and basic functions of computers; Cultural implications of computers on our society. This course has been approved for online delivery.

---

**COUNSELING & GUIDANCE**

---

**CG 1 - Strategies for Creating Success in College and in Life**  
**3.0 units**  
**CSU/UC**

**General Education Area E1**  
**CSU GE Area E**

**Recommended Preparation:** Successful completion of ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course is designed to enable students to develop and improve skills needed to be successful in college and in life. These skills include study techniques, goal setting, test-taking, note-taking, memory techniques, time management and personal issues such as stress management, drug and alcohol addiction, communication and decision making. This course has been approved for correspondence, hybrid and online delivery.

---

**DEVELOPMENTAL STUDIES**

---

**DS 110 - Computer Access 1**  
**0.5-3.0 units**

25.5-153 hours lab (R)

Designed for students with learning, visual, physical, or language impairments. Provides training in computer access technologies within the context of document processing. This course has been approved for online and hybrid delivery.

**DS 111 - Computer Access II**  
**0.5-3.0 units**

25.5-153 hours lab (R)

Designed for students with learning, visual, physical, or language impairments. Provides training in computer access technologies within the context of advanced document processing skills and basic spreadsheet and data base programs.

**DS 112 - Computer Access Projects**  
**0.5-3.0 units**

25.5-153 hours lab (R)

Designed for students with learning, visual, physical, or language impairments. Provides an opportunity for the student who is already familiar with computers and/or adaptive technologies to work on independent projects, perfect job skills or attain greater mastery of the technology(s). This course has been approved for online and hybrid delivery.

**DS 113 - Developmental Skills: Personal Assessment**  
**0.5-1.0 unit**

8.5-17 hour lecture (R)

A course designed to provide the learning disabled student with specific information about his/her own learning process. Explores existing concepts, theories, and practices related to self-appraisal, defense mechanisms, self-concept and interpersonal relations as these relate to their disability. Credit for this course will not apply to the associate degree.

**DS 114 - Developmental Skills: Reading**  
**0.5-1.5 units**

25.5-76.5 hours lab (R)

An individualized program to improve the reading comprehension skills of the learning disabled student. Emphasis will be placed on reading comprehension, vocabulary, and critical thinking. This course has been approved for online, corespondence and hybrid delivery.

**DS 115 - Developmental Skills: Writing Skills**  
**3.0 units**

51 hours lecture (R)

A course designed to instruct the learning disabled student in writing skills. Emphasis will be placed on vocabulary development, in-depth sentence formation, and critical thinking. This course has been approved for online, hybrid and correspondence delivery.

**DS 116 - Developmental Skills: Math**  
**0.5-1.5 units**

76.5 hours lab (R)

An individualized program to improve the math skills of the learning disabled student. Emphasis will be placed on developing the student's skills for vocational competency or through the beginning algebra academic level, depending upon the student's goal. This course has been approved for online, hybrid and correspondence delivery.

**DS 120 - Adaptive Fitness**

**1.0 unit**

51 hours lab (R)

This course is designed to provide development and maintenance of strength, flexibility and aerobic fitness, through sport and fitness activities, for students with a verified physical disability. Repeatable as needed, pursuant to special class repetition standards. This course has been approved for online and hybrid delivery.

**DS 121 - Adaptive Individual Sports: Bowling**  
**1.0 unit**

51 hours lab (R)

This course will allow students who have a substantial developmental delay or disorder in physical development regardless of ability to have the opportunity to develop and improve their bowling skills ranging from equipment adjustment to advanced bowling skills. Students will develop greater degrees of functional skills including: social independence, fundamental motor skill, object control, problem solving, physical well-being and the ability to participate in the lifelong sport of bowling. Repeatable as needed, pursuant to special class repetition standards.

**DS 122 - Adaptive Individual Sports: Weight Training**  
**1.0 unit**

51 hours lab (R)

This course will allow students who have a substantial developmental delay/physical limitation regardless of ability to have the opportunity to develop

and improve strength, bone health, and daily function. Weight training skills will range from proper safety guidelines in equipment usage, lifting, workout selections, spotting fundamentals and practice procedures. Students will develop a well-rounded exercise routine that will help improve their health, physical function, self-esteem, and behavior. Repeatable as needed, pursuant to special class repetition standards. This course has been approved for online and hybrid delivery.

## **ECONOMICS**

### **ECON 10 - Macro-Economics**

**3.0 units**

**CSU/UC**

**General Education Area B**

**CSU GE Area D2**

**IGETC Area 4B**

**C-ID ECON 202**

**Prerequisite:** Elementary Algebra or equivalent multiple measures placement  
**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

An introduction to modern macroeconomic analysis. Emphasis is placed on market systems, aggregate measures of economic activity, fiscal and monetary policy, and public policy recommendations. This course has been approved for hybrid, online and correspondence delivery. This course may use a free Open Education Resource textbook.

### **ECON 11 - Micro-Economics**

**3.0 units**

**CSU/UC**

**General Education Area B**

**CSU GE Area D2**

**IGETC Area 4B**

**C-ID ECON 201**

**Prerequisite:** Elementary Algebra or equivalent multiple measures placement  
**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

An introduction to market systems, supply and demand model, and decision making in different market structures. Topics include the supply and demand framework, elasticity, government intervention, and decision making in the market structures of perfect competition, monopoly, monopolistic competition, and oligopoly. This course has been approved for correspondence, hybrid and online delivery. This course may use a free Open Education Resource textbook.

## **EDUCATION**

### **ED 1 – Tools for Teaching**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This interactive course presents an overview of knowledge and skills related to designing and delivering appropriate curriculum and fostering a supportive learning environment for adult learners. The course examines the teaching and learning transaction and key teacher responsibilities and activities. Specific attention is paid to relevant learning theories and teaching techniques that maximize the effectiveness of instruction. Students will examine the teachers' role in fostering the joy of learning for adults using instructional systems design principles. Students engage in the production and presentation of an instructional package including instructional strategies, materials and technologies, classroom management practices, and the multiple measures of learning. This course has been approved for hybrid delivery.

### **ED 2 – Introduction to Elementary Classroom Instruction**

**3.0 units**

**CSU**

**C-ID EDUC 200**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This interactive course introduces students to the concepts and issues related to teaching diverse learners in today's contemporary schools, Kindergarten through grade 12 (K-12). Topics include teaching as a profession and career, historical and philosophical foundations of the American education system, contemporary educational issues, California's content standards and frameworks, and teacher performance standards. In addition to class time, the course requires a minimum of 45 hours of structured fieldwork in public school elementary classrooms that represent California's diverse student population, and includes cooperation with at least one carefully selected and campus-approved certificated classroom teacher. This course has been approved for online delivery.

## **EMERGENCY MEDICAL TECHNICIAN or RESPONDER**

### **EMT 21 – Emergency Medical Responder**

**2.5 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

36 hours lecture/29 hour lab (R)

This course meets public safety standards published by U.S. Department of Transportation's Emergency Medical Responder curriculum. The course will prepare the student for certification (two-year) by the Northern California Emergency Medical Service. This course is repeatable as necessary to maintain certification. Additional State Certification Fees will apply. This course has been approved for hybrid delivery.

### **EMT 60 - Emergency Medical Technician 1 (Basic)**

**6.5 units**

**Prerequisite:** Current CPR certification or equivalent

85 hours lecture/69 hours lab (R)

Covers all techniques of emergency medical care and transportation of the sick and injured within the responsibilities of the Emergency Medical Services Authority requirements referenced in Title 22, Division 9, Chapter 2, Article 1 of the California Administrative Code. Upon successful completion, the student will be eligible to take the Certification Exam for Emergency Medical Technician-1 Ambulance or Emergency Medical Technician - B (Basic). The student will be required to complete an additional 32 hours of on-the-job emergency training outside the scheduled classroom hours to meet state requirements. The student must possess a valid CPR card from ASHI, ARC or AHA. This course may be taken as necessary for certification. Approved for hybrid delivery.

### **EMT 61 - Emergency Medical Technician-B Refresher**

**1.0 unit**

**Prerequisites:** Current EMT-B, certification that has been expired for no more than one year. Must possess a valid CPR card and demonstrate ability to perform CPR skills to current ASHI, ARC, or AHA standards.

14 hours lecture/18 hours lab

A 32 hour course that provides, to the certified EMT-B (Basic) student, a review of didactic knowledge and practical skills required to recertify, as outlined by the State of California regulations. For EMT-B's who are maintaining certification with

the National Registry of EMT's (NREMT), this course is also approved for the required Transition course. Repeatable as necessary to maintain certification

## **ENGLISH**

### **ENGL 1 - College Composition**

**3.0 units**

**CSU/UC**

**General Education Area D1**

**CSU GE Area A2**

**IGETC Area 1A**

**C-ID ENGL 100**

**Prerequisite:** Successful completion of ENGL105 or equivalent multiple measure placement.

51 hours lecture

A refinement of the skills of writing and critical reading, emphasizing the relationship between purpose and form, clarity, coherence and unity, accuracy of expression, the development of the writer's voice and style, the elements of critical thinking, and the development of the research paper and specific strategies to prepare for university studies. This course has been approved for online and correspondence delivery.

### **ENGL 2 - Introduction to Literary Types**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B**

**C-ID ENGL 120**

**Prerequisite:** English 1

51 hours lecture

This course introduces representative works from major genres, develops students' close reading and analytical writing skills, and promotes appreciation and critical understanding of the cultural, historical, and aesthetic qualities of literature.

### **ENGL 3 – British Literature I**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B**

**C-ID ENGL 160**

**Prerequisite:** English 1

51 hours lecture

This course surveys British literature from the Middle Ages to the late eighteenth century. Areas of focus include the literary traditions and context as well as relevant historical, philosophical, social and political developments.

### **ENGL 4 – British Literature II**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B**

**C-ID ENGL 165**

**Prerequisite:** English 1

51 hours lecture

This course surveys British literature from the late eighteenth century to contemporary British and post-colonial texts. Areas of focus include the literary traditions and context as well as relevant historical, philosophical, social and political developments. This course is approved for hybrid (traditional/online) delivery.

### **ENGL 5 – Survey of World Literature II**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B**

**C-ID ENGL 145**

**Prerequisite:** English 1

51 hours lecture

This course is a comparative study of selected works, in translation and in English, of literature from around the world, including Europe, the Middle East, Asia, and other areas, from the mid or late seventeenth century to the present.

### **ENGL 7 – Argumentative Writing and Critical Thinking Through Literature**

**4.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area A3**

**IGETC 1B**

**C-ID ENGL 110**

**Prerequisite:** English 1

68 hours lecture

This course offers instruction in analytical, critical, and argumentative writing, critical thinking, research strategies, information literacy, and proper documentation through the study of literary works from major genres, while developing students' close reading skills and promoting an appreciation of the aesthetic qualities of literature. This course has been approved for Hybrid (online/traditional) Delivery.

### **ENGL 9 - Critical Thinking and Composition**

**3.0 units**

**CSU/UC**

**General Education Area D1**

**CSU GE Area A3**

**IGETC Area 1B**

**C-ID ENGL 105**

**Prerequisite:** English 1

51 hours lecture

This course is designed to develop critical thinking, reading, and writing skills beyond the level achieved in English 1. The course will focus on the development of logical reasoning and analytical and argumentative writing skills. This course has been approved for online and correspondence delivery.

### **ENGL 10 – Shakespeare**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B**

**Prerequisite:** English 1

51 hours lecture

Plays of Shakespeare will be analyzed and discussed. The development and evaluation of Elizabethan and Jacobean drama will be studied and Shakespeare's achievements considered in that light. Each student will produce an independent paper on a work, character, or theme of interest.

### **ENGL 12 - Survey of American Literature II**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B**

**C-ID ENGL 135**

**Prerequisite:** English 1

51 hours lecture

This course introduces students to a wide range of American authors and their relationship to major literary and intellectual movements from the second half of the nineteenth century to the present. This course will include the emergence of realism and naturalism in the post-war industrial era. Humorists, local color writers, the revival of poetry, nationalism, cosmopolitanism, and the fiction of the early twentieth century will be studied. This course has been approved for correspondence delivery.

### **ENGL 22 – Creative Writing**

**3.0 units**

**CSU/UC**

**General Education Area C**

**C-ID ENGL 200**

**Prerequisite:** English 1

51 hours lecture

An introduction to the craft of creative writing through the study and analysis of works by established and peer writers. Students will practice writing in various genres and will be introduced to the workshop method.

## **ENGL 33 – Studies in Fiction**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B**

**Prerequisite:** English 1

51 hours lecture

This course will examine the nature of prose fiction and its various forms, explore periods and themes evident in a given work, and emphasize a critical apparatus that will allow students to critically reflect on and engage with various types of literature.

## **ENGL 34 – Studies in Poetry**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B**

**Prerequisite:** English 1

51 hours lecture

This course will examine the aesthetic, semiotic, and prosodic qualities of poetry from both the 20<sup>th</sup> and 21<sup>st</sup> centuries. Through selected readings, this course will foster close reading/analysis of contemporary poetry, providing an understanding of poetic form and function (poetics).

## **ENGL 105- Introduction to College Reading, Writing, and Critical Thinking**

**3.0 units**

51 hours lecture

Development of reading, writing, and critical thinking skills including reading for comprehension, summarizing, paraphrasing and directly quoting, writing responses to readings, integrating ideas from multiple sources to support a single idea, appropriately citing sources and writing essays. This course has been approved for correspondence and online delivery.

## **ENGL 105A- Reading and Writing Support**

**1.0 units**

**Corequisite:** ENGL 105 or ENGL 1

51 hours lab

The emphasis of this course is to provide support for students in college level reading, writing and critical thinking. Course includes review and application of the basic skills needed for clear written expression. Students will explore grammar, sentence and paragraph structure, essay organization, research and reading skills in the context of work being completed in ENGL 105  
Introduction to College Reading, Writing

and Thinking or ENGL 1 Freshman Composition. This course has been approved for correspondence and online delivery.

## **ETHNIC STUDIES**

### **ES 1 - Ethnic Minorities in America**

**3.0 units**

**CSU/UC**

**General Education Area B**

**CSU GE Area D3**

**IGETC Area 4C**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A survey of the history, culture and folklore of the American people. This course has been approved for online and correspondence delivery.

## **FILM**

### **FILM 1 - History of the Cinema**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**IGETC Area 3A**

**Recommended Preparation** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course is designed as an introduction to film history, focusing on methods and analysis. Works of Edison, Lumieres, Chaplin, J. Ford, Hitchcock, Wells, Allen, Brooks, Coppola and other will be examined.

## **FIRE TECHNOLOGY**

### **FS 3 - Fundamentals of Fire Prevention**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

The history and philosophy of fire prevention, organization and operation of fire prevention bureaus, use of fire codes, identification and correction of fire hazards, and the relationship of fire prevention with fire safety education and detection/suppression systems. This course has been approved for online, hybrid and correspondence delivery.

## **FS 4 - Fire Protection Equipment and Systems**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course provides an introduction to the design and operation of fire detection and alarm systems, heat and smoke control systems, special protection and sprinkler systems, water supply for fire protection, and portable fire extinguishers. This course has been approved for online, hybrid and correspondence delivery.

## **FS 5 - Fire Orientation and Organization**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course provides an overview to fire protection and emergency services; career opportunities in fire protection and related fields; culture and history of emergency services; fire loss analysis; organization and function of public and private fire protection services; fire departments as part of local government; laws and regulations affecting the fire service; fire service nomenclature; specific fire protection functions; basic fire chemistry and physics; introduction to fire protection systems; introduction to fire strategy and tactics; life safety initiatives. This course has been approved for online, hybrid and correspondence delivery.

## **FS 6 - Building Construction for Fire Protection**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course provides for the study of the components of building construction that relate to fire safety. The elements of construction and design of structures are shown to be key factors when inspecting buildings, preplanning fire operations and operating at fires. The development and evolution of building and fire codes will be studied in relationship to past fires in

residential, commercial, and industrial occupancies. This course has been approved for hybrid and correspondence delivery.

**FS 8 – Wildland Fire Suppression**  
**2.0 units**  
**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

16 hours lecture/48 hours lab  
Training in the use of tools of wildland fire suppression, and experience in the cooperative working relationship of a wildland fire suppression crew. Subject coverage includes responsibility as a fire crewperson, safe working habits, hand tools of firepumps, map and compass, tool maintenance, pumping operations and safety, air operations and safety, tractor operations and safety, wildland fire tactics, structural fire tactics, mop-up activities, fireline location and construction and radio use.

**FS 13 - Fire Behavior and Combustion**  
**3.0 units**  
**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture  
This course of study presents theories and fundamentals of how and why fires start, spread and are controlled; an in-depth study of fire chemistry and physics; fire characteristics of materials; extinguishing agents; and fire control techniques. This course has been approved for online, hybrid and correspondence delivery.

**FS 14 - Principles of Fire Safety and Survival**  
**3.0 units**  
**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture  
This course will introduce the student to fundamental issues relating to firefighting safety and survival. Students will evaluate case studies in which firefighters have been killed or injured. In addition, each student will be required to give an oral presentation based on an analysis of a "near miss" fatal fire/rescue scenario. Additionally, this course will introduce the student to the National Firefighter Life Safety initiatives, which focus on the need for both cultural and behavioral change throughout the emergency services

disciplines. This course has been approved for online, hybrid and correspondence delivery.

**FS 20 - First Aid and CPR for the Public Safety Employee**  
**0.5 units**  
**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

8 hours lecture (1 day) (R)  
Manipulative and technical training in emergency care procedures, including examining the victim; observing surroundings, determining case histories, maintaining an airway, performing resuscitation and cardiopulmonary resuscitation, controlling bleeding, treating cerebrovascular injuries, treating shock, seizures, childbirth, performing manual lifts and carries, and improvising and providing transportation. A \$10.00 Certification fee applies. May be repeated as needed for recertification.

**FS 23 - Firing Operations (S-219)**  
**1.0 units**  
**CSU**

**Prerequisites:** FS 75 Fire behavior (S-290)

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

16 hours lecture (2 day)  
This course introduces the roles and responsibilities of a firing boss, common firing devices, and general firing operations and techniques. Although comprehensive in nature, the coursework is not a substitute for the dynamic fire environment.

**FS 26 - Basic Air Operations (S-270) 1.0 unit**  
**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

16 Hours Lecture (2 Day)  
This course covers aircraft types and capabilities, aviation management and safety, tactical and logistical uses of aircraft, and requirements for helicopter take-off and landing areas.

**FS 49 - Fire Science Work Experience**  
**1.0-8.0 units**  
**CSU**

**General Education Area E1**  
**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

600 hours lab (R)  
This work based learning course is designed to assist students with educational or career goals in fire

technology, who are working in the field of fire suppression, to build related job specific skills through individualized learning objectives and enhance their workplace performance. All Work Experience enrollments require attendance of a face-to-face orientation session. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the workplace, and career development. Subsequent enrollments require new individualized learning objectives, and completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Career Technical Education, Occupational and General Work Experience enrollments. Title V specifies students will earn 1 unit of credit for each 75 hours of paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid and correspondence delivery

**FS 50 – Rapid Intervention Crew (RIC) Operations**  
**0.5 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement. Fire Fighter I Training, FS 80 Fire Fighter Survival or equivalent.  
4 hours lecture/20 hours lab  
The Rapid Intervention Crew (RIC) Operations course trains fire fighters to rescue a downed fire fighter in an immediately dangerous to life and health (IDLH) environment was developed in the continuing effort to reduce the number of fire fighter injuries and deaths that occur regularly. Students train using evolutions and scenarios based off tragedies suffered by fellow fire fighters from departments across the country. Students receive information on how to locate and use these LODD studies as training and prevention tools throughout their careers. The course focuses on the three phases of a RIC operation: 1) pre-deployment, 2) deployment, and 3) rescue. During the class, you will also gain a greater understanding of RIC

operations terminology and the RIC mindset.

### **FS 51 – Introduction to Fire Technology Careers**

**1.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hours lecture

This course provides the basic knowledge to begin a career in the field of Fire Technology. Students will be introduced to the major branches of the fire service communities and the procedures used to complete an application for each of these departments.

### **FS 52 - Incident Command System (I-200/300)**

**2.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture

This course provides an introduction to the incident command system. Emphasis is placed on system design principles, components of the system, positional responsibilities, and the common responsibilities of personnel assigned to the organization.

### **FS 53 – Introduction to Incident Command System (ICS-100)**

**0.5 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

8.5 hours lecture

This course is an introduction to ICS, basic features of ICS, incident commander and command staff function, general staff functions, facilities, and common responsibilities. It provides a foundation upon which to enable entry-level personnel to function appropriately in the performance of incident-related duties. ICS 100 (I-100, IS-100, Q462)

### **FS 54 – National Incident Management System (NIMS-700a)**

**0.5 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

b. hours lecture

This course introduces and overviews the National Incident Management System (NIMS). NIMS provides a consistent nationwide template to enable all government, private-sector, and nongovernmental organizations to work together during domestic incidents

### **FS 56 – Helicopter Crewmember**

### **(S-271) 2.0 units**

**Prerequisite:** FS-61 Basic Firefighter Training (Basic 32)

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

32 hours lecture/8 hours lab

This course is designed to meet the training needs of a helicopter crew member. Upon completion, the student will be able to demonstrate proficiency in all identified areas of helicopter use to safely achieve efficiency and standardization.

### **FS 57 - Vehicle Extrication**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

8 hours lecture/8 hours lab

This course provides students with hands-on experience in the procedures utilized during an automobile extrication incident. Course certified by of the California State Fire Marshal. Additional State Certification Fees apply. This course may be taken as needed due to the evolving extrication methods, various vehicle technological changes, and new modern tools used in the various rescue plans as well as victim care requirements.

### **FS 58 – Introduction to Wildland Fire Behavior (S-190)**

**0.5 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement

8.5 hours lecture.

This course provides instruction in the primary factors affecting the start and spread of wildfire and recognition of potentially hazardous situations. S-190 is typically taught in conjunction with or prior to Basic Firefighter Training, S-130. It is designed to meet the fire behavior training needs of a firefighter type 2 (FFT2) on an incident as outlined in the PMS 310-1, Wildland Fire Qualification System Guide and the position task book developed for the position.

### **FS 59 – Confined Space Awareness**

**0.5 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

8.5 hours lecture

This course will introduce fire service personnel to the codes that impact operations within confined spaces, the hazards of confined spaces, equipment and procedures required to deal with a

confined space rescue safely and legally, basic operational positions, and their responsibilities as set forth by CAL-OSHA. A \$20.00 State Fire Marshall certificate fee is applied.

### **FS 60 - Wildland Firefighter (CaFIRE Basic Training)**

**3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

**Previous or concurrently:** FS 61, FS 51, FS59, FS72, FS80, FS 81 FS 20, FS 98.21 or equivalent.

32 hours lecture/48 hours lab (3 weeks)

This course provides students with the knowledge and skills to perform basic firefighter tasks (safely, effectively and competently). Topics include: fire physics and terminology; fireline safety; aircraft safety; self-contained breathing apparatus; mobile equipment orientation; fire equipment orientation; wildland and structure firefighting operations. The curriculum is based on CAL FIRE policy, the 2013 edition of NFPA 1001 Standard for Fire Fighter Professional Qualifications, the 2016 edition of NFPA 1051 Standard for Wildland Fire Fighter Professional Qualifications, and the 2013 edition of NFPA 472 Standard for Competence of Responders to Hazardous Materials/Weapons of Mass Destruction Incidents. The seven overarching themes of the California State Fire Fighter 1 curriculum are: general knowledge germane to the profession, fire department communications, fire ground operations, rescue operations, preparedness and maintenance, wildland suppression activities, and hazardous materials/WMD.

### **FS 60A - Basic Fire Crew Firefighter**

**3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture (2 weeks)

This course provides basic knowledge, skills and ability for those individuals seeking a position on an operational CAL FIRE hand crew. This course requires instructor authorization prior to enrollment. (CAL FIRE 58)

### **FS 61 - Basic Firefighter Training (Basic 32)**

**2.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

This course provides basic training in wildland fire suppression and crew person subject coverage includes wildland fire behavior, skills of wildland fire suppression, practice with common fireline hand tools, and working safely in wildland fire environment. [Meets U.S. Forest Service and Bureau of Land Management requirements for Firefighter Type 2: L-180, S-130 and S-190.] To be awarded the certificates at the end of the course students must successfully complete the Federal Emergency Management Agency (FEMA) IS-100 (Introduction to the Incident Command System, ICS-100) and IS-700 (An introduction to the National Incident Management System) online at <https://training.fema.gov/> (free to students).

### **FS 64 Instructor 1 Instructor Methodology** **2.5 units**

**Recommended Preparation:** Introduction to the Incident Command System (IS-100.B) FEMA or National Incident Management System (IS-700.A, FEMA)  
This course provides the skills and knowledge needed for the entry level professional instructor to perform his or her duties safely, effectively, and competently. The curriculum is based on the 2012 edition of NFPA 1041 Standard for Fire Service Instructor Professional Qualifications. At the end of this course, candidates for Instructor I certification will be able to teach and deliver instruction from a prepared lesson plan utilizing instructional aids and evaluation instruments. The Instructor I will also be able to adapt a lesson plan and complete the reporting requirements to the local jurisdiction

### **FS 65A – Driver Operator 1A – Emergency Vehicle Operations** **1.5 units**

18 hours lecture/27 hours lab  
This course provides the student with information on driver responsibilities, recognized standards, and related laws for fire apparatus. Topics include basic inspections, documentation, maintenance, and troubleshooting fire apparatus, and techniques on driving and positioning fire apparatus. Each student also has the opportunity to increase his or

her driving skills during simulated driving conditions.

### **FS 65B – Driver Operator 1B - Pump Operations** **1.5 units**

**Prerequisite(s):** FS 65A Driver Operations 1A  
18 hours lecture/27 hours lab  
Course provides the student with the information, theory, methods and techniques for operating fire service pumps, including: types of pumps, engine and pump gauges maintenance, unsafe pumping conditions, pressure relief devices, cooling systems, water supplies, drafting field hydraulics, and pumping operations.

### **FS 65C – Wildland Fire Apparatus Operations** **0.5 units**

**Prerequisite(s):** FS 65A Driver Operations 1A. FS 65B Driver Operator 1B, OSFM Fire Fighter I  
7 hours lecture/17 hours lab  
This course is designed to provide students with accepted statewide protocol and procedures for operation of a wildland fire apparatus. Course topics include: preventive maintenance, routine tests, inspections, and servicing functions on the systems and components unique to wildland fire apparatus. In addition students will participate in activities to practice proper operation of a wildland fire apparatus and production of an effective fire stream. Course certified by of the California State Fire Marshal. Additional State Certification Fees apply.

### **FS 68 – Essentials of Fire Fighting** **2.0 units**

**Recommended Preparation:** Successful completion of ENGL105 or equivalent multiple measures placement.  
32 hours lecture/8 hours lab  
This course will introduce the student to the basic fundamentals of Structure firefighting. It will introduce the student to personal protective equipment, water supply and the different tools used in the industry. Its focus will be on the skills needed to obtain entry level skills to gain employment with a Fire Department.

### **FS 70 – Heavy Equipment Boss (S-236)** **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.  
24 hours lecture (1 week)  
This course is designed to meet training recommended for the dozer boss on an all

risk incident. Trainees will be taught to ensure that a dozer has been properly inspected and signed up, ensure a dozer operator is qualified and signed up, determine the capabilities and limitations of the dozer and operator to perform an assignment, and the actions to complete an assignment. Must have Firefighter Type 1 qualifications to receive NWCG Certificate.

### **FS 70A - Single Resource Academy (S-230, S-231, S-232)** **2.0 units**

**Prerequisite(s):** FS 98.18 (Annual Fire Refresher Training – RT-130) and FFT 1  
**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.  
28 hours lecture/4 hours lab  
This course is designed as a classroom skill course to produce proficiency in the performance of all duties associated with the single resource Engine Boss, Crew Boss and Dozer Boss from initial dispatch through return to home unit. Instructional topics include: preparation and mobilization, assignment preparation, tactics and safety, off-line duties, demobilization, and post-incident activities. This course may be taken as needed to meet legally mandated training requirements.

### **FS 70B - Engine Boss (Single Resource)** **1.0 units**

**Prerequisite(s):** FS-70A Single Resource Academy (S-230, S-231, S-232) or Firefighter Type 1 qualifications and have successfully completed an agency S-230 course. **Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

16 Hours Lecture  
This course is designed as a classroom skill course to produce trainee proficiency in the performance of all duties associated with the single resource engine boss, from initial dispatch through return to home unit. Instructional topics include: preparation and mobilization, assignment preparation, tactics and safety, off-line duties, and demobilization, post-incident activities. This course may be taken as needed to meet legally mandated training requirements. Must have Firefighter Type 1 qualifications and have successfully completed an agency S-230 course, or FS-70A Single Resource Boss Academy to receive NWCG certificate.

### **FS 70C - Single Resource Crew Boss** **1.0 units**

**Prerequisite(s):** FS-98.18 Annual Fighter Training or Firefighter Training 1

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

24 Hours Lecture

This course is designed as a classroom skill course to produce trainee proficiency in the performance of all duties associated with the single resource crew boss, from initial dispatch through return to home unit. Instructional topics include: preparation and mobilization, assignment preparation, tactics and safety, off-line duties, and demobilization, post-incident activities.

### **FS 72 – HazMat First Responder - Operations**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

24 hours lecture (1 week) (R)

This course provides information about basic strategies to safe-guard the health and safety of emergency responders when their work involves potential exposure to hazardous materials. Topics include detection of the presence of hazardous materials, hazardous materials references and safe work practices around potentially hazardous materials. This course may be taken as necessary to maintain certification. Additional State Certification Fees apply.

### **FS 72A – HazMat First Responder - Refresher**

**0.5 unit**

**Prerequisite:** FS 72 First Responder - Hazardous Materials

9 hours lecture (2 days) (R)

This course is designed to refresh students who are likely first responders to Hazardous Materials events. Within the operational role, course topics include risks and outcomes of hazardous materials, operational roles, safety procedures, stabilization of the scene, decontamination of victims and equipment and communication and coordination with agencies. This course is certified by the California Specialized Training Institute and students successfully completing the class will be issued a CSTI certificate. There will be a state certification fee for this class. This course may be taken as necessary to maintain certification.

### **FS 73A - Incident Business Management (S-260)**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

20 hours lecture (1 week)

This course provides the basic knowledge for entry-level business management positions at an incident such as: finance positions, commissary manager, personnel time recorder, equipment time recorder and compensation for injury specialists.

### **FS 73B - Applied Incident Business Management (S-261)**

**1.0 unit**

**Prerequisite:** FS 73A Incident Business Management (S-260)

20 hours lecture (1 week)

This course provides additional knowledge for business management positions at an incident such as: compensation for injury specialists, commissary and claims specialist. Students will have a working knowledge of these functions and how they relate to other functions in the incident command system.

### **FS 74 - Fire in the Interface (S-215)**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

24 hours lecture (1 week)

This course is designed to meet the training needs for initial attack incident commanders and company officers confronting wildland fires that threaten life and property and improvements in the wildland/urban interface. Must be qualified as a Firefighter Type 1 and the instructor will verify qualifications before signing the registration card.

### **FS 75 - Fire Behavior (S-290)**

**2.0 units**

**Prerequisite:** FS 61 – Basic Firefighter Training (Basic 32) or FS 60 - Wildland Firefighter (CalFIRE Basic Training); or S-190 Certification

37 hours lecture (1 week)

This course provides instruction in the identification and prediction of wildland fire behavior problems in various fuel types and under varying weather conditions.

### **FS 76 - Firefighter Type 1 (Squad Boss) (S-131)**

**0.5 unit**

**Prerequisite:** FS-61 Basic Firefighter Training (Basic 32) or FS-60-Wildland Firefighter (CalFIRE-Basic Training). ***This prerequisite is mandated by federal requirements through NWCG (National Wildland Coordinating Group).***

8 hours lecture

This course is designed to be interactive in nature. It contains several tactical decision games designed to facilitate learning the objectives through class

discussion.

### **FS 77 - Human Factors on the Fireline (L-180)**

**0.5 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

9 hours lecture (1 week)

This training course addresses human performance content that relates to the individual, including situation awareness, communication, decision making, risk management, and teamwork skills. The desired outcome of this training is improved awareness of human performance issues on the fireline so that individual firefighters can integrate effectively into teams/crews working in dynamic, high-risk environments.

### **FS 78 - Followership to Leadership (L-280)**

**1.0 unit**

**Prerequisite:** This prerequisite is mandated by federal requirements through NWCG (National Wildland Coordinating Group). FS 77 Human Factors on the Fireline L-180 and FS 61-Basic Firefighter Training (Basic 32) or FS 60 – Wildland Firefighter (CDF Basic 67).

17 hours lecture (1 week)

This training course is designed as a self-assessment opportunity for individuals preparing to step into a leadership role. The course combines one day of classroom instruction followed by a second day in the field with students working through a series of problem solving events in small teams (Field Leadership Assessment Course). Must have experience on fire incident assignments in operations or support functions to receive NWCG Certificate.

### **FS 79A – Ground Support Unit Leader (S-355)**

**2.0 units**

**Prerequisite:** None.

32 hours lecture

This course is designed to meet the national core training needs of the Ground Support Unit Leader.

### **FS 80 - Fire Fighter Survival**

**1.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hours lecture

This course will supply the student with a greater understanding of the need for situational awareness, firefighter survival skills, and the technical survival skills to help you avoid committing fatal errors on the fire ground. Avoiding situations that

could cause you to become lost, trapped, or injured is the best way to prevent tragedies at a fire scene. The Fire Fighter Survival course will aid in preventing fire fighter emergencies by teaching personnel to be resourceful when facing dangerous entrapment situations. There is a state certification fee of \$20.00.

### **FS 81 – Wildland Fire Fighter Safety and Survival**

**0.5 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

8.5 hours lecture

This course is designed to look at Wildland fire entrapments, their causes and what a firefighter can do to avoid them. Several topics will be looked at, discussed and studied from near misses and entrapments in the wildland fire service. Emphasis will be learning from history and why fire entrapments occur and how they might be avoided. Using Office of the State Fire Marshall (OSFM) 4000 Policy. This is an OSFM class and there is a \$20.00 certificate fee

### **FS 84 - Lessons Learned (Fatality Fire Case Studies)**

**1.0 unit**

**Prerequisite:** S-130 (Basic Firefighter), S-190 (Fire Behavior), and have one season of experience in wildland fire suppression as mandated by the federal requirements of NWCG.

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

16 hours lecture/4 hour lab (4 weeks)

The purpose of the Lessons Learned training course is by its nature firefighting is a dangerous undertaking. Wildland fires are dangerous because they are dynamic and constantly changing as the result of many complex factors. Unfortunately, sometimes wildland fires bring death and injury to firefighters. Each firefighter fatality should motivate us to study the incident, learn from it, and share the lessons of this blunt but effective teaching tool so that others may engage wildland fires without paying such a price.

### **FS 85 - Understanding Maps, Compass, and GPS**

**1.0 unit**

**Recommended Preparation** ENGL105 or equivalent multiple measures placement.

16 hours lecture (1 week)

Learn to navigate using topographic and other maps used with the compass and Global Positioning Systems (GPS).

Discusses topography contours, map scales, and map projections. Navigate in the field using inexpensive modern compass and GPS receiver to define desired directions of travel and use them on the ground. Discussion of different hand-held GPS receivers, their usefulness, accuracy, and important features for use in the field. Students will learn how to use the GPS receiver and/or compass with map to determine accurate altitude information in land navigation and how to minimize navigation errors caused by the effects of weather and other natural interference.

### **FS 86 - Emergency Vehicle Operation**

**0.5 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

8 hours lecture (1 week)

This course is designed to simulate situations where individuals will be maneuvering apparatus while driving in emergency situations. The course will simulate emergency vehicle operations with becoming familiar with route selection, lights and sirens, negotiating intersections, following and passing vehicles, high-speed driving, dealing with adverse conditions and contingencies. Course is repeatable as necessary to maintain certification.

### **FS 87 - Expanded Dispatch Recorder (D-110)**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

16 hours lecture (2 days)

This course is designed to train potential dispatch recorders on the structure of an expanded dispatch organization and effectively perform within that organization. The course will instruct the student on the use of local telecommunications equipment. It will provide the student with a working knowledge of the purpose and process of completing the resource order and other dispatch forms. It will also provide instruction on established dispatch procedures.

### **FS 89 – Wildland Fire Chainsaws (S-212)**

**1.5 unit**

**Prerequisite(s):** FS-61 Basic Firefighter Training (Basic 32) or FS 60A or equivalent

24 hours lecture/4 hours lab (1 week)

This course provides an introduction to the function, maintenance and use of

internal combustion engine powered chainsaws and their tactical wildland fire application. Field exercises support entry level training for firefighters with little or no previous experience in operating a chain saw, providing hands-on cutting experience in surroundings similar to fireline situations. Repeatable as needed for certification.

### **FS 90 – Portable Pumps and Water Use (S-211)**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

16 hours lecture/4 hours lab (1 week)

This course is designed to meet training needs of a Firefighter Type 1 or Incident Commander Type 5. Course content will provide the knowledge and skills needed to design, set up, operate, troubleshoot, and shut down portable water delivery systems.

### **FS 91- I-Suite Incident Based Automation**

**1.5 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

25.5 hours lecture

I-suite is a data entry system used on wildland fire incidents. This course will teach students how to use the I-suite computer system, how to enter data online, and how to interface with other data systems on a wildland fire incident.

### **FS 92A Company Officer 2D: Human Resource Management for Company Officers**

**2.0 units**

**Prerequisites:** Meet educational requirements for FF II. A copy of your Firefighter II certificate must be presented to the instructor on the first day of class.

40 hours lecture

This course is designed for experienced firefighters seeking promotion to the rank of company officer. This course prepares or enhances the ability of first time supervisors through provision of information on the use of human resources to accomplish assignments, evaluating member performance, supervising personnel, and integrating health and safety plans, policies and procedures into daily activities as well as the emergency scene. This course is part of a series of five core professional development courses required for the California State Fire Training Company Officer Certification. Successful students in this course earn credit towards the

degree while meeting California State Fire Training certification requirements. For students seeking a California State Fire Training course completion certification, there is a supplemental \$81.00 SFT fee which must be paid by the second day of the class. This fee is not collected during the registration process. Additional details will be provided on the first day of class.

**FS 92B Company Officer 2D: General Administrative Functions for Company Officers**  
**1.0 units**

**Prerequisites:** Meet educational requirements for FF II. A copy of your Firefighter II certificate must be presented to the instructor on the first day of class.

Units

20 hours lecture

This course is designed for practicing firefighters seeking promotion to the rank of company officer. This course prepares or enhances the ability of first time supervisors through provision of information on general administrative functions and the implementation of department policies and procedures and addresses conveying the fire department's role, image and mission to the public. This course part of a series of five core professional development courses required for the California State Fire Training Company Officer Certification. Successful students in this course earn credit towards the degree while meeting California State Fire Training certification requirements. For students seeking a California State Fire Training course completion certification, there is a supplemental \$81.00 SFT fee which must be paid by the second day of the class. This fee is not collected during the registration process. Additional details will be provided on the first day of class.

**FS 92C Company Officer 2C: Fire Inspections and Investigation for Company Officers**  
**2.0 units**

**Prerequisites:** Meet educational requirements for FF II. A copy of your Firefighter II certificate must be presented to the instructor on the first day of class.

40 hours lecture

This course is designed for practicing firefighters seeking promotion to the rank of company officer. This course prepares or enhances the ability of first time supervisors through provision of information on conducting inspections, identifying hazards and addressing violations, performing a fire investigation

to determine preliminary cause and securing the incident scene and preserving evidence. This course part of a series of five core professional development courses required for the California State Fire Training Company Officer Certification. Successful students in this course earn credit towards the degree while meeting California State Fire Training certification requirements. For students seeking a California State Fire Training course completion certification, there is a supplemental \$81.00 SFT fee which must be paid by the second day of the class. This fee is not collected during the registration process. Additional details will be provided on the first day of class.

**FS 92D Company Officer 2D: All Risk Command Operations**  
**2.0 units**

**Prerequisites:** FS 52 Incident Command System for Single Resource, FS 93 Fire Fighter I and Initial Action Incidents Hazardous Material Incident Commander 40 hours lecture

This course provides information on conducting incident size-up, developing and implementing an initial plan of action involving single and multi-unit operations for various types of emergency incidents to mitigate the situation following agency safety procedures, conducting pre-incident planning, and develop and conduct a post-incident analysis. This course is for students seeking a California State Fire Marshal's Office course completion certification, there is a supplemental \$81.00 fee which must be paid by the second day of the class. This fee is not collected during the registration process. Additional details will be provided on the first day of class.

**FS 92E Company Officer 2E: Wildland Incident Operations for Company Officers**  
**2.0 units**

**Prerequisites:** Must complete or provide copy of S-290 Intermediate Fire Behavior Certificate (classroom delivery only) as well as meet the educational requirements for Fire Fighter II as stated in the California State Fire Training certification process. A copy of your Firefighter II certificate and NWCG S-290 must be presented to the instructor on the first day of class.

40 hours lecture

This course is designed for practicing firefighters seeking promotion to the rank of company officer. This course prepares or enhances the ability of first time

supervisors through provision of information on evaluating and reporting incident conditions, analyzing incident needs, developing and implementing a plan of action to deploy incident resources completing all operations to suppress a wildland fire, establishing an incident command post, creating an incident action plan, and completing incident records and reports. This course part of a series of five core professional development courses required for the California State Fire Training Company Officer Certification. Successful students in this course earn credit towards the degree while meeting California State Fire Training certification requirements. For students seeking a California State Fire Training course completion certification, there is a supplemental \$81.00 SFT fee which must be paid by the second day of the class. This fee is not collected during the registration process. Additional details will be provided on the first day of class.

**FS 93 Fire Fighter I**  
**18.5 units**

**Prerequisite:** FS 20 1<sup>st</sup> aid for Public Safety Employees or HO 120 CPR or equivalent

160 hours lecture/480 hours lab

This course provides the skills and knowledge needed for the entry level fire fighter, career or volunteer, to perform his/her duties safely, effectively, and competently. The curriculum is based on the 2013 edition of NFPA 1001 Standard for Fire Fighter Professional Qualifications, the 2012 edition of NFPA 1051 Standard for Wildland Fire Fighter Professional Qualifications, and the 2008 edition of NFPA 472 Standard for Competence of Responders to Hazardous Materials/Weapons of Mass Destruction Incidents. The seven overarching themes of the California State Fire Fighter I curriculum are: general knowledge germane to the profession, fire department communications, fire ground operations, rescue operations, preparedness and maintenance, wildland suppression activities, and hazardous materials/WMD. Student will receive a California State Fire Marshall Fire Fighter 1 certificate

**FS 94 Strike Team Leader (S-330)**  
**1.5 unit**

**Prerequisite:** FS 23 Firing Op, FS 74 Fire in the Interface, FS 88 Initial Attack Incident Commander or equivalent

25.5 hours lecture

This course is designed to teach the student the management skills necessary to perform specific functions within the Incident Command System. Tactics are only addressed when necessary. Course covers the basic responsibilities of Strike Team leader, pre-incident responsibilities, assembly and travel procedures, responsibilities and the demobilization process.

### **FS 95 Initial Attack Incident Command** **0.5 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

5 hours lecture/12 hours lab

A course designed to bring out the responsibilities of the individual in charge of the initial attack of small, non-complex fires that are routinely suppressed by local initial attack forces and assure that local policies and practices are understood by the initial attack leader.

### **FS 96 – Low Angle Rope Rescue** **0.5 unit**

27 hours lab

A course designed to train firefighters and emergency medical personnel in low angle rescue techniques.

Students will learn about equipment, identification, and care. Note:

Students must provide their own safety equipment which will include helmet, gloves, long pants, long sleeve shirt, and work boots with aggressive soles for traction on steep slopes. Students may re-enroll in course for credit as legally mandated to meet training requirements as a condition of continued paid or volunteer employment.

### **FS 97 – Fire Control 4: Controlling Ignitable liquids and Gases** **0.5 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6.5 hours lecture/9.5 hours lab

This course provide the knowledge and skills that prepare a firefighter to extinguish an ignitable liquid fire, control a flammable gas fire, and develop an incident action plan for a pipeline emergency. Participants will learn and practice modern vehicle firefighting techniques.

### **FS 98.18 – Annual Fire Refresher Training** **0.5 unit**

**Prerequisite(s):** FS-61 Basic Firefighter Training (Basic 32)

8 hours lecture (1 Day)

Purpose of wildland fire suppression is to minimize damage to resources, property and the environment. This should be accomplished in the most operationally effective and fiscally responsible manner. But above all, we need to remember that no resource or property values are worth endangering life. Providing for the safety of firefighters is the number one priority and responsibility of every individual. This course requires an additional fee of \$2.00 to cover the costs of handouts and a pocket guide. This course may be taken as legally mandated.

### **FS 98.20 – Annual Hired-Equipment Refresher Training** **0.5 unit**

8 hours lecture (1 Day) (R)

This course provides an annual review and update of regulations and guidelines for the safe operation of fire suppression equipment. This course requires an additional fee of \$2.00 to cover the costs of handouts and a pocket guide. Also required is a \$20.00 fee for State Fire Training Certification/Registration fee as mandated by Cal Fire. This course may be taken as legally mandated.

### **FS 98.21 – Volunteer Firefighter Academy** **2.5 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

32 hours lecture/34 hours lab

This Volunteer Firefighter Program will reduce confusion among volunteer firefighters by setting clear, realistic and achievable standards for certification as a volunteer firefighter that are consistent with recognized standards. It is designed to be an improvement over the current State Fire Marshal Volunteer Firefighter certification by incorporating pertinent portions of the California State Fire Marshal Firefighter-1 requirements. This course may be taken as legally mandated for certification requirements. An additional State Certification Fee will be required.

## **GEOGRAPHY**

### **GEOG 2 - Cultural Geography**

3.0 units

CSU/UC

**General Education Area B**

**CSU GE Area D5**

**IGETC Area 4E**

**C-ID GEOG 120**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

The study of the varieties of human use and misuse of ecological landscapes. Emphasis is placed on the regional distribution of population, settlement patterns and migration, religion, ethnicity, political organization, economic systems, agriculture and industry. This course has been approved for hybrid, online and correspondence delivery.

## **GEOLOGY**

### **GEOL 1 - Physical Geology**

4.0 units

CSU/UC

**General Education Area A**

**CSU GE Areas B1 & B3**

**IGETC Area 5A & 5C**

**C-ID GEOL 101**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture/51 hours lab

Pursuit of understanding the physical classification of rocks and minerals of the earth as a whole and its past, present and future evolutionary processes. Unifying concepts such as plate tectonics and its implications, the magnitude of geologic time, uniformitarianism, and the ramifications of the fossil record will be explored. This course includes field trips to areas of geological interest.

### **GEOL 5 - Historical Geology & Paleontology**

4.0 units

CSU/UC

**General Education Area A**

**CSU GE Areas B1 & B3**

**IGETC Area 5A & 5C**

**C-ID GEOL 111**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture/51 hours lab

This course is designed to provide a descriptive geological history of the earth using the principles and methods of interpretation and reconstruction of the changes that have occurred on the earth in the fossil record.

## **GUNSMITHING SHORT TERM COURSES**

### **GSS 49 - Gunsmithing Work**

#### **Experience**

1.0-8.0 units

#### **CSU**

#### **General Education Area E1**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

600 hours lab (R)

This work based learning course is designed to assist students with educational or career goals in gunsmithing who are working in the field of law gunsmithing, to build related job specific skills through individualized learning objectives and enhance their workplace performance. All Work Experience enrollments require attendance of a face-to-face orientation session. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the workplace, and career development. Subsequent enrollments require new individualized learning objectives, and completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Career Technical Education, Occupational and General Work Experience enrollments. Title V specifies students will earn 1 unit of credit for each 75 hours of paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid delivery

### **GSS 50 - Fundamentals of Rifle Shooting**

#### **0.5 unit**

32 hours lab (1 week)

This course is designed to provide instruction in basic through advanced skills of rifle shooting. The fundamentals of rifle marksmanship will be covered with emphasis on safety and shooting discipline. The student will be introduced to both conventional small bore rifle bulls eye through advanced metallic silhouette shooting.

### **GSS 50.01 - Recoil Pad and Sling Swivel Installation**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the installation and fitting of recoil pads and sling swivels to firearm stocks, wood, hollow wood and synthetic. Includes determining pitch, cutting stock, locating, drilling and tapping pad screw holes and sealing of stock. This also covers fitting of pads using a fixture and without one.

### **GSS 50.03 - Open and Optical Sight Installation**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover cutting dovetails, drilling and tapping for open sights and soft soldering, sights and ramps. Covers the installation of open and peep rear sights and blade and ramp front sights. This course will also cover drifting of sights when necessary.

### **GSS 51 - Fundamentals of Pistol Shooting**

#### **0.5 unit**

32 hours lab (1 week)

This course is designed to provide instruction in basic through advanced skills of pistol shooting. The fundamentals of pistol marksmanship will be covered with emphasis on safety and shooting discipline. The student will be introduced to conventional small bore pistol bull's eye through metallic silhouette shooting.

### **GSS 51.01 - Stock Inletting**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to provide the student with the knowledge to inlet and install forend tips and grip caps. The students will also learn to shape a center fire rifle stock. The inletting and shaping of two-piece stocks will also be covered, as well as the use of inletting tools and markers.

### **GSS 51.03 - Stock Inletting**

#### **1.0 unit**

6 hours lecture/34 hours lab

This course is designed to cover the shaping and sanding of conventional rifle stocks, includes stocks for rifles, shotguns, .22's

and two-piece stocks for any type of long gun.

### **GSS 51.05 - Glass Bedding for Strength and Accuracy**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the reinforcing and glass bedding of stocks for strength as well as the repairing of broken stock and shocks for heavy recoiling calibers.

### **GSS 51.06 - Wood Stock Finishing**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to provide the student with knowledge and skills to produce a high quality finished stock. The use of sanding techniques, stains and various finishes will be covered.

### **GSS 52 - Fundamentals of Shotgun Shooting**

#### **0.5 unit**

32 hours lab (1 week)

This course is designed to provide instruction in basic through advanced skills of shotgun shooting. The fundamentals of shotgun shooting will be covered with emphasis on safety and discipline. The students will be introduced to straightaway targets and advance to moving targets.

### **GSS 52B - Firearms Training**

#### **0.5 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

8 hours lecture/8 hours lab (R)

A course certified to qualify students to meet the minimum California requirement for Carry Concealed Weapons permit. (This course shall not exceed 16 hours per California Penal Code Section 12050.) Repeatable as necessary to maintain certification.

### **GSS 52BR - Firearms Training Refresher**

#### **0.5 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

8.5 hours lecture (R)

This course is a refresher course to meet state requirements for concealed weapons permit. Repeatable as needed to maintain certification.

**GSS 52.01 - Gunsmith Machining 1  
2.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

12 hours lecture/66 hours lab (2 weeks)  
This course is designed to cover tool sharpening, types of steels, cutting speeds, use of precision measuring tools, cutting and turning steel in chuck and between centers to precise dimensions, cutting "V", square and buttress threads and the design and fabrication of simple bolt and action holding fixtures.

**GSS 52.02 - Gunsmith Machining 2  
2.0 unit**

**Prerequisite:** GSS 52.01 - Gunsmith Machining 1

12 hours lecture/66 hours lab (1 week)  
This course is designed to cover turning of short tapers between centers, grinding and use of form tools, turning inside and outside radius as well as freehand radiusing. Includes cutting of barrel cone and safety breaching as well as American and European barrel transition contours.

**GSS 52.03 - Gunsmith Machining 3  
2.0 unit**

**Prerequisite:** GSS 52.02 - Gunsmith Machining 2

12 hours lecture/66 hours lab (1 week)  
This course is designed to cover basic milling operations, cutting speeds, types of cutters and types of cutting. For hardened and unhardened firearm steels with an emphasis on safe procedures for firearm parts.

**GSS 52.04 - Gunsmith Machining 4  
1.0 unit**

**Prerequisite:** GSS 52.03 - Gunsmith Machining 3

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the cutting of internal threads and the machining of internal tapers on a lathe as used in firearm manufacture.

**GSS 52.05 - Gunsmith Machining 5  
1.0 unit**

**Prerequisite:** GSS 52.04 - Gunsmith Machining 4

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the use of a dividing head on a milling machine, the manufacturing of octagonal barrels; square parts and multifaceted parts are covered. Includes dimensional limits for adequate protection against barrel burst from modern high intensity cartridges.

**GSS 52.06 - Gunsmith Machining 6  
1.0 unit**

**Prerequisite:** GSS 52.05 - Gunsmith Machining 5

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the turning of long work pieces such as barrels or long straight shafts. Includes taper turning, stopping chatter, turning long increasing radii.

**GSS 54.05 - Hardening &  
Tempering of Carbon Steels  
1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the hardening and tempering of carbon and carbon alloy steels as used in firearms.

**GSS 55.04 - Stock Refinish and  
Repair  
1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)  
This course is designed to provide the student with knowledge and skills required to repair and refinish stocks, the raising of dents, filling of cracks, reinforcing weak area and re-cutting of checkering will be covered in depth. Sealing and matching finish of repaired areas will also be covered.

**GSS 56.01 - Headspace  
1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the measurement, dangers of and correction of headspace in all types of firearms, included are screw-in and pin-in barrels as well as pivot barrel guns. Also covered are systems where the barrel is not removable.

**GSS 56.03 - Bolt Action Barrel  
Fitting  
1.0 unit**

**Prerequisite:** GSS 52.02 Gunsmith Machining 2

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the threading, fitting and chambering of barrel to bolt action receivers, cone breach, safety breach and mauser types.

**GSS 56.04 - Barrel Contouring  
1.0 unit**

**Prerequisite:** GSS 52.02 Gunsmith Machining 2

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the lathe turning of barrels to pre-selected diameters, tapers and contours, as used in bolt action rifles. Also covered is the polishing to get all irregularities and machining marks out of the barrel.

**GSS 57.01 - Bolt Action Breaching  
and Headspace  
1.0 unit**

**Prerequisite:** GSS 52.02 Gunsmith Machining 2

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the breaching and head spacing of bolt-action rifles. Information learned is usable for most other types of rifles. Included is threading, fitting shank to bolt and chambering.

**GSS 57.02 - Action Blueprinting  
1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the truing of the face, lugs and threads of a bolt-action receiver and truing the lugs, lip and face of a bolt to gain the best possible accuracy from an action.

**GSS 57.03 - Action and Bolt  
Modifications  
1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the preparation of military action for sporting use, covers installation and adjustment of triggers and safeties, drilling and tapping, bolt alterations and removal of clip bridges.

**GSS 57.06 - Trueing Exterior of  
Action  
1.0 unit**

**Prerequisite:** GSS 52.03 Gunsmith Machining 3

6 hours lecture/33 hours lab (1 week)  
This course is designed to cover the trueing of the exterior of commercial and military actions using a lathe and/or mill depending on the type of action.

## **GSS 57.08 - Bottom Metal Modifications**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the custom modifications to trigger guards and floor plates of bolt-action rifles.

Includes sculpturing of guard bows, various types of floor plate releases, filing holes and altering profiles.

## **GSS 57.15 - Bolt Action Rifle Feeding**

### **1.0 unit**

**Prerequisite:** GSS 52.04 Gunsmith

Machining 4

6 hours lecture/33 hours lab (1 week)

This course covers the alteration of bolt-action fixed magazine center fire rifles, to feed a different size cartridge for which they were originally designed.

## **GSS 58.02 - Pressure Bedding and Pillar Bedding**

### **1.0 unit**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the pressure bedding of bolt-action rifle barrels in wood stocks and the pillar bedding of actions in composite and/or wood stocks.

## **GSS 59.02 - Metal Preparation for Refinishing and Caustic Bluing**

### **1.0 unit**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the metal preparation and caustic bluing of ferrous firearm parts. Includes metal preparation, degreasing, bluing, and neutralizing of firearm parts.

## **GSS 59.03 - Parkerizing**

### **1.0 unit**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to provide the student with the process of phosphate coating - parkerizing of steel firearm parts, as used on some military firearms and for extreme weather protection.

## **GSS 59.04 - Color Case Hardening**

### **1.0 unit**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to provide the student with the old style color case hardening process as used on firearm parts 100 years old. This course includes metal preparation, color hardening and after treatment.

## **GSS 59.05 - Rust Bluing**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or

equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the cold rust, niter, bluing process used until the early 20th century. This is one of the processes used for soft soldered barrels and for restoration of 19th century firearms.

## **GSS 59.07 - Niter Bluing and Heat Coloring**

### **1.0 unit**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the nitrogen and heat coloring processes commonly used until the 1930's to give firearm parts the bright royal blue straw or other selected colors as found on many antique firearms.

## **GSS 59.09 - Alternative Metal Finishes**

### **1.0 unit**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover alternative metal finishes available to the gunsmith. Topics will include Teflon Coating, Powder Coating, Aluminum Anodizing as well as other metal finishes.

## **GSS 60 - Firearms Safety**

### **0.5 unit**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

7.5 hours lecture/4 hours lab (1 week)

This course has been designed to provide instruction on safety procedures for firearms (Rifle, Pistol, Revolver and Black Powder). This course will introduce the moral and legal aspects of hand carried firearms. The elements of California's Hunters Safety Course will be covered.

## **GSS 60.01 - DFR Recoil Operated Auto Shotguns**

### **1.0 unit**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the function and repair of recoil operated Auto shotguns in use today. The base firearm studied will be the Browning A-5 and clones. Other models will be studied showing their differences with the Browning design.

## **GSS 60.02 - DFR Gas Operated Auto Shotguns**

### **1.0 unit**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the design, function and repair of gas-operated shotguns in use today. Includes all aspects of their working, what can go wrong and the correct fixes. The base gun is the Remington 1100; 11-87. Other guns will be studied where they differ from the Remington.

## **GSS 60.04 - DFR Pump Shotguns**

### **1.0 unit**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the design, function and repair of pump shotguns in common use today. The base gun studied is the Remington 870, but also covered in detail are the Savage 30, 77 and 520; Mossberg 500, 550 and cones; the Ithaca 37 and 87 and the Winchester 1200 and 1300.

## **GSS 61.01 - DFR Single Action Revolvers**

### **1.0 unit**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the fitting, timing and repair of single action revolvers. Includes cylinder fit, barrel-cylinder gap, bolt and hand fit and timing, action shooting and modifications for cowboy and fast draw shooting.

## **GSS 61.02 - DFR Smith & Wesson Revolvers**

### **1.0 unit**

**Recommended Preparation:** Successful

completion of ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to provide the student with knowledge and skills in the design, function and repair of all systems of the Smith and Wesson type revolvers. This course also covers fitting of barrels and cylinders as well as all moving parts, and smoothing of the action.

**GSS 61.03 - DFR Colt and Ruger Double Action Revolvers**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the design, function and repair of Colt D, E, F and I frame revolvers, covers all phases of repair including endshake, range and throw-by.

**GSS 62.03 - Misfire Correction**

**1.0 unit**

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the causes and cures of misfiring in all types of sporting arms. Includes firing pin placement, energy and velocity and how to adjust for optimum performance.

**GSS 62.04 - Correcting Oversize Firing Pin Holes**

**1.0 unit**

**Prerequisites:** GSS 52.01 Gunsmith Machining 1

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the correction of oversize firing pin holes by the bushing and welding methods. Includes the refitting of firing pins and heat-treating when needed.

**GSS 63.01 - Single Triggers**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the design, function and repair of single trigger systems as found in double guns. Includes single nonselective and single selective triggers as well as single double triggers and double single triggers.

**GSS 63.02 - Ejectors**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the design, function and repair of ejectors as found in double guns. Includes hammer types and spring-loaded types. Fitting, timing and repair of the complete system.

**GSS 63.03 - Double Gun Locks**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to provide the student with the knowledge and skills of

design, function and repair of hammerless double gun locks in common usage over the past 120 years. This course also provides information covering most types of self-cocking systems.

**GSS 63.04 - Double Gun Locking Systems**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to provide the student with knowledge and skills of the design, function and repair of locking systems in common use in pivot barrel guns during the past 130 years.

**GSS 63.05 - Double Gun Hinge Pins and Headspace**

**1.0 unit**

**Prerequisites:** GSS 52.01 Gunsmith Machining I and GSS 54.01 Oxyacetylene Welding for Gunsmiths

6 hours lecture/33 hours lab (1 week)

This course is designed to provide the student with knowledge and skills in the function, fabrication and replacement of hinge pins in pivot barrel guns and the adjustment of headspace in pivot barrel shotguns and rifles.

**GSS 64.01 - Composition Stock Fitting, Bedding and Finishing**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to provide the student with the skills necessary to fit a composition stock to a barreled action, magazine and trigger guard assembly as well as bedding the stock to the action, including fitting accessories and finishing.

**GSS 66.01 - Non-Bolt Action Rifle Barrel Fitting**

**1.0 unit**

**Prerequisites:** GSS 52.02 Gunsmith Machining 2 and GSS 56.03 Bolt Action Barrel Fitting

6 hours lecture/33 hours lab (1 week)

This course is designed to provide the student with the skills necessary to thread and fit barrels to lever and pump action rifles in common use today, as well as single shots.

**GSS 66.02 - Revolver Barrel Fitting and Ranging**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the removal and fitting of revolver barrels, screw-in and pin-in types. Includes adjusting barrel-cylinder gap, throat and tightening loose barrels.

**GSS 66.03 - .22 Barrel Fitting**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the fitting of replacement barrels to the various .22 rim fire rifles in use today. Includes tightening, re-indexing and setting barrels back but does not cover adjusting of fitting barrels of pivot barrel guns.

**GSS 67.01 - Blowback Principle**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the blowback principle as a locking system. Includes troubleshooting, balancing for heavier or lighter loads, extraction-ejection problems, a thorough understanding of the principle is extremely useful in diagnosing problems in all types of automatics.

**GSS 68.01 - DFR Locked Breech Single Action Auto Pistols**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the design, function and repair of common locked breech single action pistols. This course also includes locking systems, feeding, extractors, ejection, magazines, etc., with emphasis on problem solving and reliability. The base firearm is the Colt-Browning type 45 auto.

**GSS 68.02 - DFR Locked Breech Double Action Auto Pistols**

**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course will cover the design, function and repair of double action locked breech auto pistols. Emphasis is on repair and reliability. Most current designs are studied.

### **GSS 68.03 - DFR Blowback Auto Pistols**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course will cover the design, function and repair of blowback operated auto pistols in use today. Most systems and types are studied, including headspace, sear systems, feeding, ramps, magazines and extractors.

### **GSS 69.01 - DFR Auto Rifles**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the design, function and repair of modern auto sporting rifles excepting "assault" rifles.

### **GSS 69.02 - DFR Pump Rifles**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

#### **1.0 Unit**

This course is designed to provide the student with knowledge and skills in design, function and repair of center fire pump rifles in common use today. This course includes fire control, feeding, extraction, ejection and accuracy, as well as fabrication of parts for obsolete models.

### **GSS 69.03 - DFR Lever Action Rifles**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the design, function and repair of lever action rifles in common use today. The base gun is the Winchester 94. The Marlin 336 and Savage 99 are also studied in detail. Lesser models such as the Winchester 76, 86, 88 and Marlin 92, 94 and 95 are studied to a lesser degree.

### **GSS 69.04 - Non-Bolt Action Feeding**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to provide the student with skills and abilities to repair and adjust all feed systems, except those

found in bolt action, center fire rifles. This course also includes tube feed and magazine feed .22's, shotguns, handguns and center fire rifles. Converting to a larger or smaller cartridge is also covered.

### **GSS 70 - Checkering**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

4 hours lecture/46 hours lab (1 week)

An introductory course designed to provide the students with the basic skills of checkering. Instruction includes tools and equipment and their use, pattern design, layout and transfer, cutting of patterns and borders.

### **GSS 70.01 - DFA Triggers 1**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the design, function and adjustment of all types of trigger systems except trigger systems with three or more sears and/or adjustable levers. Includes virtually every type of trigger system found in modern sporting firearms except high quality target guns. Conventional, articulated, cam, Colt-type and double sear-types are covered.

### **GSS 70.02 - DFA Triggers 2**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the design, function and adjustments of multiple sear adjustable lever triggers systems as used in high-grade firearms and air guns.

### **GSS 71 - Custom Rifle Seminar**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

4 hours lecture/46 hours lab (1 week)

A course designed to provide the student with an overview of advanced state of the art in design, technique and tools for the custom classic rifle maker, including tools and equipment and their use, design, checkering, metal accessories, wood finish, metal finish, laying out a blank and metal checking.

### **GSS 71.01 - DFR .22 Autos**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the design, function and repair of .22 automatic rifles in common use today. All aspects are studied including extraction, ejection, fire control, headspace and feeding, with emphasis on malfunction repairs.

### **GSS 71.02 - DFR Bolt Action .22's**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to provide the student with knowledge and skills in design, function and repair of bolt action .22 rifles. The simplest single shots to advanced target models are studied. All systems are covered from cartridge feed systems and extraction to triggers.

### **GSS 71.03 - DFR Pump and Lever Action .22's**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the design, function and repair of the pump and lever action .22 rifles in common use today. Includes rifles made by Browning, Remington and Winchester but does not cover the Marlin Model 39.

### **GSS 71.04 - DFR Marlin Model 39**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover all aspects of the design, function and repair of these fine .22 rifles. Includes the very old models made before 1900 up to the present version and the center fire variants.

### **GSS 72 - Fiberglass Stockmaking**

#### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

4 hours lecture/46 hours lab

(1 week) (R)

A course introducing skills, procedures, and techniques of finishing a fiberglass stock, including history, materials, bedding, filling, sanding, painting, accessories, and accuracy.

## **GSS 72.01 - Metallic Cartridge Reloading**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the basics of metallic cartridge reloading, both pistol and rifle. Covers sorting, cleaning, lubing, sizing, de-priming, selection of charge, charging, seating and crimping.

## **GSS 73.02 - Spring Making**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the making of irregular shaped wire springs from basic round spring stock, using a semi-universal spring winding fixture that the student fabricates and the making of flat or "v" springs.

## **GSS 75.02 - Firearm Laws and Regulations**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/33 hours lab (1 week)

This course is designed to cover the study of the thousands of Federal and State Firearms Laws.

## **GSS 77 - Accurizing M1-M1A for Competition**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

4 hours lecture/44 hours lab (1 week)

This course is designed to present state of the art bedding techniques of M1-M1A rifles for national match competition. Mechanics aspects of tuning for accuracy and reliability will be discussed and accomplished. Participants will have an opportunity to test fire their rifles before and after accurizing. This course requires an additional fee of \$19 to cover the costs of course handouts, bedding material, sandpaper, steel, wood finish, and small parts (pins, roll pins, small springs, etc.).

## **GSS 78 - Design & Repair: .22 Autopistols**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

4 hours lecture/46 hours lab 1.0 Unit

An advanced course designed to train the

student to fine tune .22 autopistols to very close factory specifications. Diagnosis and repair of malfunctioning pistols will be emphasized.

## **GSS 79 - Basic Correctional Armorer's School**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/34 hours lab (1 week)

An introductory course designed to train correctional officers to maintain their firearms and department firearms to factory service.

## **GSS 80 - Custom Rifle Seminar-Metalsmithing**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

4 hours lecture/46 hours lab (1 week)

A course designed to provide the student with an overview of advanced state of the art in design, technique and tools for custom rifle metalsmith. Instruction includes tools and equipment and their use. The course includes common metal customizing and modifications.

## **GSS 81 - Custom Rifle Seminar-Single Shot Rifle**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

4 hours lecture/46 hours lab (1 week)

An introductory course designed to provide the student with an overview of the methods and techniques of updating and customizing the single shot rifle.

## **GSS 82 - General Gunsmithing**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

4 hours lecture/46 hours lab (1 week)

A course designed to introduce the student to gunsmithing basics to include, firearms malfunctions, diagnosis and repair.

## **GSS 83 - General Gunsmithing-Advanced**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

4 hours lecture/46 hours lab (1 week)

An advanced course in general gunsmithing problems and techniques including drilling and tapping for sights, spring making and silver soldering.

## **GSS 84 - L.E.A.S./Design and Repair Colt & Ruger Revolvers**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/34 hours lab

A course designed to train the student to fine tune and maintain Colt and Ruger revolvers to very close factory specifications, and to diagnose malfunctions and adjust or repair malfunctioning revolvers.

## **GSS 85 - L.E.A.S./Design and Repair Smith & Wesson Revolvers**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/34 hours lab (1 week)

Trains the student to fine tune Smith & Wesson revolvers to very close factory specifications, and to maintain, diagnose malfunctions and adjust or repair these malfunctioning revolvers.

## **GSS 87 - L.E.A.S./Design & Repair Double Action Autopistols I**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/34 hours lab (1 week)

An advanced course designed to train the student to fine tune the following families of double-action autopistols to very close factory specifications and to maintain them, diagnose malfunctions and adjust or repair these malfunctions. Firearms to be covered are Smith & Wesson autopistols, Sig Sauer 220 series, Beretta and Glock.

## **GSS 88 - L.E.A.S./Design and Repair Single Action Autopistols**

### **1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/34 hours lab (1 week)

A course designed to train the student to fine tune single action autopistols to very close factory specifications, and to maintain, diagnose malfunctions and adjust or repair these malfunctioning autopistols.

**GSS 89 - L.E.A.S./Design and Repair Full Autos, Phase I**  
**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/34 hours lab (1 week)  
An advanced course designed to train law enforcement armorers in the repair and maintenance of fully automatic firearms.

**GSS 90 - Customizing the Colt-Type Autopistol, Basic**  
**2.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/51 hours lab (1 week)  
A course designed to cover the specific basic alterations and modifications to the Colt 1911A1 type autopistols as used in custom pistolsmithing today.

**GSS 91 - Customizing the Colt-Type Autopistol, Advanced**  
**2.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

8 hours lecture/88 hours lab (2 weeks)  
A course designed to cover the common advanced alterations and modifications to the Colt 1911A1 type autopistols as used in custom pistolsmithing today. This course requires an additional fee of \$19 to cover the costs of course handouts, blocking, sandpaper, small parts (pins, roll pins, small springs, etc.), steel, cutting oil, welding rod and gases.

**GSS 93 - L.E.A.S./Design and Repair-Counter Sniper/Varmint Rifle**  
**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/34 hours lab (1 week)  
An advanced course designed to train law enforcement officers and gunsmiths in the accurizing and maintenance of super accurate bolt action rifles. This course requires an additional fee of \$19 to cover the costs of course handouts, bedding material, small parts (pins, roll pins, small springs, etc.), and steel.

**GSS 94 - Ballistics, Handloading & Testing**  
**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

4 hours lecture/46 hours lab (1 week)  
A course designed to provide the student with detailed knowledge of small arms

ammunition. This course requires an additional fee of \$19 to cover the costs of course handouts, case lube, powder, primers, and bullets.

**GSS 95 - Law Enforcement Armorer School-Basic**  
**1.0 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

6 hours lecture/34 hours lab (1 week)  
An introductory course designed to train law enforcement officers to maintain departmental firearms to factory service levels. Firearms to be covered are Smith & Wesson revolver, Glock, Colt AR-15 and Remington 870 shotgun.

**GSS 98.02 Cowboy Action Shooting Long Guns**  
**1.0 unit**

4 hours lecture/44 hours lab (1 week)  
This course is designed to present specialized techniques that deal with the fine-tuning of Winchester and Marlin lever action rifles for cowboy action shooting. The tuning of Winchester Model 97 shotguns and double shotguns will also be covered. This course requires an additional fee of \$19 to cover the costs of course handouts, bedding materials, sandpaper, small parts (pins, roll pins, small springs, etc.), steel, welding rod and gases.

**GSS 98.03 Cowboy Action Shooting Short Guns**  
**1.0 unit**

4 hours lecture/44 hours lab (1 week)  
This course is designed to present specialized techniques that deal with the fine-tuning of Colt, Colt style and Ruger single action revolvers for the very popular sport of cowboy action shooting. This course requires an additional fee of \$19 to cover the costs of course handouts, sandpaper, small parts (pins, roll pins, small springs, etc.), steel, welding rod and gases.

**GSS 98.04 Advanced Knife Making**  
**1.0 unit**

6 hours lecture/34 hours lab (1 week)  
This course is designed to present basic techniques learned in the "Introduction to Knife Making," course. This course will deal with hollow grinding working with different metal types and handle materials.

**GSS 98.05 Design, Function and Repair Smith & Wesson Revolver**  
**1.0 unit**

4 hours lecture/44 hours lab (1 week)  
This course is designed to present information about Smith & Wesson revolvers in great detail. Areas of

instruction will cover specifics such as: various ways to time the hand and cylinder stop, ranging sprung frames, making the revolver shoot where it points, over and under indexing, off center sights, bent sight, barrel on different axis than frame, cylinder fit, correcting bad notches, and correcting irregular ratchet pads.

**GSS 98.06 L.E.A.S. Design, Function and Repair Patrol Rifles**  
**1.0 unit**

6 hours lecture/34 hours lab (1 week)  
This course is designed to present instruction that will cover the repair and maintenance of the following firearms to factory specifications: Shotguns - Remington 870, Remington 700, Ruger Mini-14, and Colt AR-15.

**GSS 98.08 Custom Build 1911**  
**1.0 unit**

8 hours lecture/88 hours lab (2 weeks)  
This course is designed to present coverage of modifications to the Colt type 1911 auto pistols, as used in Bullseye, Carry, Open or Stock competition. The student will learn different types of compensator systems as well as ergonomic enhancement techniques to fine-tune the Colt 1911 to any specifications. Precise barrel installation or maximum accuracy and detailed trigger work will be strongly emphasized.

**GSS 98.09 Color Case Hardening**  
**1.0 unit**

4 hours lecture/44 hours lab (1 week)  
This course is designed to present the old methods of color case hardening. This will include learning how to fabricate a furnace with commonly found materials. This course requires an additional fee of \$19 to cover the costs of course handouts, charcoal, blocking and shielding materials, and various color compounds.

**GSS 98.12 Modern and Cowboy Action Belts and Holsters**  
**1.0 unit**

4 hours lecture/44 hours lab (1 week)  
This course will teach the student how to select different grades of leather to fabricate cowboy belts and holsters. The student will also become familiar with tools that are needed and their proper use. The student will learn how to lay-out and cut their leather patterns. The course will teach leather forming techniques, gluing and bonding, punching holes for hand sewing, and will learn a variety of dyes and types of finishes used on leather. This course requires an additional fee of \$19 to cover the costs of course handouts, dye, glue, leather, and oil.

## **GSS 98.13 Metallurgy for Gunsmiths**

### **1.0 unit**

12 hours lecture/36 hours lab (1 week)  
This course introduces gunsmithing students to the theory of metallurgy. The student will learn to predict the behavior of metals, particularly common grades of steel, when exposed to heating and cooling cycles. This course requires an additional fee of \$19 to cover the costs of various types of metal of specific composition for testing, heat treating, etc. Chemicals for altering metals, sandpaper (course, medium, fine, very fine, grits), emery cloth (course, medium, fine and very fine grits), sanding belts, polishing wheels and polishing compound.

## **GSS 98.21 Hand Guns Special Projects**

### **1.0-3.0 units**

151 hours lab

This course is designed to provide the student with the skill development necessary to repair hand guns in a timely manner. This course has been approved for open entry/open exit.

## **GSS 98.22 DFR Long Guns Special Projects**

### **1.0-3.0 units**

151 hours lab

This course is designed to provide the student with skill development necessary to repair long guns in a timely manner. This course has been approved for open entry/open exit.

## **GSS 98.23 Machine Shop Special Projects**

### **1.0-3.0 units**

**Prerequisite(s):** GSS 52.01 Gunsmith Machining 1

151 hours lab

This course is designed to provide the student with the skill development to machine custom tools and gun parts. This course has been approved for open entry/open exit.

## **GSS 98.24 Stockmaking Special Projects**

### **1.0-3.0 units**

151 hours lab

This course is designed to provide the student with the skill development necessary to complete gun stocks to industry standard. This course has been approved for open entry/open exit.

## **GSS 112 - Machine Shop for Gunsmiths**

### **2.0 units**

8 hours lecture/92 hours lab (2 weeks)  
An introductory course designed to help the beginner or the pro in the use of

machine shop equipment as it relates to gunsmithing. This course requires an additional fee of \$19 to cover the costs of course handouts, cutting oil, sandpaper, small parts (pins, roll pins, small springs, etc.), and steel.

## **GSS 112B - Introduction to Knifemaking**

### **1.0 unit**

4 hours lecture/46 hours lab (1 week)

A course of instruction in the design, fabrication, and finishing of common sheath knives and accessories.

## **GSS 114 - Basic Rifle Barreling**

### **1.0 unit**

4 hours lecture/46 hours lab (1 week)

This course is designed to help the beginner or the pro in the use of machine shop equipment to barrel action rifle receivers. This course requires an additional fee of \$19 to cover the costs of course handouts, cutting oil, sandpaper, small parts (pins, roll pins, small springs, etc.), and steel.

## **GSS 116 - Stockmaking - Phase I**

### **1.0 unit**

4 hours lecture/46 hours lab (1 week)

This course is designed for the beginner or the pro in inletting and fitting accessories to a semi-inlet stock blank.

## **GSS 117 - Gas Tungsten Arc Welding for Gunsmiths**

### **1.0 unit**

50 hours lab (1 week)

This course is designed to develop the manipulative skills, technical knowledge and applications of the gas tungsten arc welding (GTAW) process as they relate to firearm repair. Students will apply the gas tungsten arc welding process (GTAW) to selected metal types, joint designs and gun parts.

## **GSS 119 - Advanced Rifle Barreling**

### **1.0 unit**

4 hours lecture/46 hours lab (1 week)

Providing the student with specific techniques in the manufacture of rifle barrels, in barreling rifles for precision accuracy, and barreling of less common action types. This course requires an additional fee of \$19 to cover the costs of sandpaper (course, medium, fine, very fine, grits), emery cloth (course, medium, fine and very fine grits), sanding belts, polishing wheels and polishing compound, welding rod (STAW), cutting oil, bluing salts, cleaning chemicals, degreaser.

## **GSS 120 - Stockmaking-Phase II**

### **1.0 unit**

4 hours lecture/46 hours lab (1 week)  
An introductory course designed to help the beginner or the pro in the shaping and finishing of a semi-inlet stock blank.

## **GSS 120B - Stock Refinish and Repair/Recoil Pad Installation**

### **1.0 unit**

4 hours lecture/46 hours lab (1 week)

A course of instruction in restoration of gunstocks involving refinishing and repairing. Installation of rubber recoil pads will be covered as well.

## **GSS 123 - Basic Hard Metal Engraving**

### **1.0 unit**

8 hours lecture/92 hours lab (2 weeks)

An introductory course designed to provide the students with basic skills of firearms engraving. Instruction includes tools and equipment and their use, pattern design, design transfer, cutting, stippling and other basic engraving skills and techniques. This course requires an additional fee of \$19 to cover the costs of course handouts and practice plates.

## **GSS 124 - Welding Fabrication for Gunsmiths**

### **1.0 unit**

50 hours lab (1 week)

Students will select and fabricate gunsmith related projects using appropriate welding processes and techniques. Students will also have an opportunity to learn or improve welding skills related to the gunsmith vocation.

## **GSS 127 - Advanced Engraving**

### **2.0 units**

8 hours lecture/92 hours lab (2 weeks)

An advanced course designed to cover advanced metal engraving techniques applicable to major portions of the firearm. The scope of instruction includes advanced design and layout, high relief engraving, compatible background style, straight line or border inlays, inlaid game scenes.

## **GSS 129A - Design, Function and Repair-Spring Piston Air Guns**

### **1.0 unit**

4 hours lecture/46 hours lab (1 week)

Present an overview of airgun power plants focusing on the spring piston air guns. Cover the initial inspection, special tools, disassembly, preparation of the compression cylinder for installation of new parts, install new parts, reassembly and subsequent testing. Limited tuning and improving the operation will be addressed. Also proper lubrication and maintenance will be covered. The special tools used for disassembly and assembly

will be introduced. This course requires an additional fee of \$19 to cover the costs of course handouts, cutting oil, glue, sandpaper, small parts (pins, roll pins, small springs, etc.), steel, welding rod and gases.

### **GSS 129B - Design, Function and Repair-Pneumatic Air Guns**

#### **1.0 unit**

4 hours lecture/46 hours lab (1 week)  
Present an overview of airgun power plants focusing on the multi-pump and single stroke type sporting guns. Cover the initial inspection, special tools, disassembly, preparation of the compression cylinder and valve chamber for installation of new parts, install new parts, reassembly and subsequent testing. Limited tuning and improving the operation will be addressed. Also proper lubrication and maintenance will be covered. The special tools used for disassembly and assembly will be introduced. This course requires an additional fee of \$19 to cover the costs of course handouts, cutting oil, glue, sandpaper, small parts (pins, roll pins, small springs, etc.), steel, welding rod and gases.

### **GSS 129C - Design, Function and Repair-CO<sub>2</sub> Air Guns**

#### **1.0 unit**

4 hours lecture/46 hours lab (1 week)  
Present an overview of airgun power plants focusing on the CO<sub>2</sub> air guns. Cover the initial inspection, special tools, disassembly, preparation of the air cylinder and valve chamber for installation of new parts, install new parts, reassembly and subsequent testing. Limited tuning and improving the operation will be addressed. Also proper lubrication and maintenance will be covered. The special tools used for disassembly and assembly will be introduced. This course requires an additional fee of \$19 to cover the costs of course handouts, cutting oil, glue, sandpaper, small parts (pins, roll pins, small springs, etc.), steel, welding rod and gases.

### **GSS 130 - Professional Engraving**

#### **1.0 unit**

4 hours lecture/46 hours lab (1 week)  
An advanced course designed to cover the techniques of engraving as used by different masters in the art of firearms engraving.

### **GSS 133 – Scrimshaw**

#### **1.0 unit**

4 hours lecture/46 hours lab (1 week)  
An introductory course designed to provide the students with the basic skills of the art of scrimshaw. Instruction includes tools and equipment and their use, pattern design, design transfer. This course requires an additional fee of \$19

to cover the costs of sandpaper (course, medium, fine, very fine, grits), emery cloth (course, medium, fine and very fine grits), sanding belts, polishing wheels and polishing compound, wood block for practice blocks, bone or facsimile bone for practice blocks, horn for practice blocks.

### **GSS 134 - Caustic Bluing**

#### **1.0 unit**

4 hours lecture/44 hours lab (1 week)  
A course designed to introduce the student to bluing, commercial black oxide finish on firearms. Preparation of surface finish, care and use of chemicals. Understanding chemical process and control, professional technique and equipment. This course requires an additional fee of \$19 to cover the costs of course handouts, bluing salts, oil, and sandpaper.

### **GSS 135 - Parkerizing**

#### **1.0 unit**

4 hours lecture/46 hours lab (1 week)  
A course designed to introduce the student to parkerizing, to produce a phosphate nonrusting finish on firearms. Surface preparation, mixing of chemicals, operations, techniques and controls. This course requires an additional fee of \$19 to cover the costs of sandpaper (course, medium, fine, very fine, grits), emery cloth (course, medium, fine and very fine grits), sanding belts, polishing wheels and polishing compound, chemicals for Parkerizing process, degreaser, cleaning chemicals.

### **GSS 136 - Cold Rust and Niter Bluing**

#### **1.0 unit**

4 hours lecture/46 hours lab (1 week)  
A course designed to introduce the student to rust bluing finish on firearms. Surface preparation and use of chemicals and other appropriate equipment. Understanding control of equipment, chemicals and operating procedures. This course requires an additional fee of \$19 to cover the costs of sandpaper (course, medium, fine, very fine grits), emery cloth (course, medium, fine and very fine grits), sanding belts, polishing wheels and polishing compound, degreaser, cleaning chemicals, chemicals for Cold Rust process, chemicals for Niter Bluing process.

### **GSS 143 - Custom Gunmaking-Muzzleloader Kit Guns**

#### **1.0 unit**

4 hours lecture/46 hours lab (1 week)  
The student will completely assemble a muzzleloading firearm during class. Working with hand tools in a small shop will be featured.

### **GSS 147 - Assembly and Tuning of Gas Operated LEAS Repeating Rifles**

#### **1.0 unit**

6 hours lecture/34 hours lab (1 week)  
An advanced course that will cover the assembly and tuning of AR-15.

### **GSS 148 - Advanced Correctional Armorer School**

#### **1.0 unit**

6 hours lecture/34 hours lab (1 week)  
An advanced level course designed to train correctional armorers to maintain the departments' specialized firearms to factory service levels.

## **HEALTH**

### **HLTH 2 - Personal Health**

#### **3.0 units**

#### **CSU/UC**

#### **General Education Area E1**

#### **CSU GE Area E**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A study of personal and community health today, emphasizing behavioral and sociological aspects of health, nutrition, weight control, diseases, drugs and narcotics, family life and environmental health. This course has been approved for online, hybrid and correspondence delivery.

### **HLTH 25 - Understanding Nutrition**

#### **3.0 units**

#### **CSU/UC**

#### **General Education Area E1**

#### **CSU GE Area E**

#### **C-ID NUTR 110**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Scientific concepts of nutrition related to the function of nutrients in basic life processes and current health issues with emphasis on individual needs. Analyze your diet, construct a nutritional diet, interpret eating disorders, plan adequate diets for children, infants, pregnancy, athletes, adults and the elderly. Evaluate food additives. Appraise world hunger problems. This course has been approved for online and correspondence delivery.

## HEALTH OCCUPATIONS

### HO 3 - Medical Terminology

3.0 units

CSU

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course covers basic medical terminology and the vocabulary of medical specialties. Special emphasis is on the use of prefixes and suffixes, and non-technical explanations of medical terms and descriptions of anatomy, physiology, and pathology. Students learn to utilize medical terminology as it applies to the structure of the human body, common laboratory tests, radiological and operative procedures, as well as basic pharmacology. This course has been approved for online and hybrid delivery.

### HO 49 - Health Occupations Work Experience

1.0-8.0 units

CSU

**General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

600 hours lab (R)

This work based learning course is designed to assist students with educational or career goals in health occupations, who are working in the field of health, to build related job specific skills through individualized learning objectives and enhance their workplace performance. All Work Experience enrollments require attendance of a face-to-face orientation session. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the workplace, and career development. Subsequent enrollments require new individualized learning objectives, and completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Career Technical Education, Occupational and General Work Experience enrollments. Title V

specifies students will earn 1 unit of credit for each 75 hours of paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid delivery

### HO 70 - Medical Assisting Core

4.0 units

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

68 Hours lecture

This course is designed to provide entry level skills training required for the profession of medical assisting. The course covers core components required for advancement in both the administration and clinical medical assisting certificate program. This course has been approved for hybrid delivery.

### HO 71 - Medical Assisting Administrative

6.0 units

**Prerequisites:** HO 70 Medical Assisting Core

**Recommended Preparation:** ENGL105 and Elementary Algebra or equivalent multiple measures placement.

68 hours lecture/102 hours lab

This course is designed to provide entry level information and skill training required for the profession of Administrative Medical Assisting. This course covers components required to become eligible for examination by the California Certifying Board of Medical Assistants for California Certified Medical Assistant Basic and Administrative Specialty. Course content will include course work in medical office reception, records, finance, insurance billing, and office management. This course has been approved for hybrid delivery.

### HO 72 - Medical Assisting Clinical

6.0 units

**Prerequisites:** HO 70 Medical Assisting Core

**Recommended Preparation:** ENGL105 and Elementary Algebra or equivalent multiple measures placement.

68 hours lecture/102 hours lab

This course is designed to provide entry level information and skill training required for the profession of Clinical Medical Assisting. This course covers components required to become eligible for examination by the California Certifying Board of Medical Assistants for California Certified Medical Assistant Basic and Clinical Specialty. Course content will include course work in medical office exam room procedures,

specialty procedures, pharmacology, minor office surgery, laboratory procedures, nutrition and patient education. This course has been approved for hybrid delivery.

### HO 80A -Geriatric (Long-Term Care) Nurse Assistant

6.0 units

**Prerequisite:** After enrolling in CNA program: Verify that he or she does not have a criminal record and can work in a healthcare setting, provide documentation of recent tuberculosis testing and vaccinations or titers and medical clearance required for entry in to a clinical setting.

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement and HO 3 Medical Terminology

72 hours lecture/122 hours lab

This course will provide specific knowledge and clinical skills training required for Nurse Assistants. Geriatric and Long-Term Care are emphasized. Areas covered will include role responsibilities, communications, infection control, safety and emergency procedures, personal care and the patient environment, nutrition and feeding, elimination needs, vital signs, charting and reporting, modified care for special needs, and restorative nursing. Completion of course with a grade of "C" (75%) or higher qualifies the student to take the "California Nurse Assistant Competency Examination." This is a web-enhanced course, access to a computer with internet access is required.

### HO 88 – Phlebotomy

3.5 units

**Prerequisites:** HO 3 Medical Terminology

**Before beginning clinical rotation the student must:**

- Show proof of vaccinations: HEP B series, MMR and varicella.
- Proof of negative tuberculosis test.
- Drug testing. This will be scheduled for you.
- High school diploma or GED.
- Background check

42.5 hours lecture/51 hours lab

This course prepares students to be able to perform venipunctures, capillary punctures, and basic laboratory tests expected of entry-level phlebotomy positions in hospitals and other health care settings consistent with health care regulations in California. With successful completion of this course, including 50 successful venipunctures and 10

successful skin punctures, the student will be eligible to sit for the exam to become a Certified Phlebotomist Technician with the State of California. This course has been approved for hybrid delivery.

**HO 120 - Cardiopulmonary Resuscitation (CPR)**  
**0.5 units**

8.5 hours lecture (1 Week)

This course is designed to teach Cardiopulmonary Resuscitation (CPR) methods and update those methods according to the most current standards. This course is certified by the American Red Cross. This course may be taken as needed for legal mandated training or certification.

## **HISTORY**

**HIST 14 - World History, Beginning to 1500**

**3.0 units**  
**CSU/UC**

**General Education Area B & C**  
**CSU GE Area C2 & D6**  
**IGETC 3B & 4F**  
**C-ID HIST 150**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A study of the major civilizations of the world from the beginning of civilization to 1500. Covers the classical and medieval traditions of the West and the major non-western cultures of the world. This course meets a requirement for the California Elementary School Teaching Credential. This course has been approved for hybrid, online and correspondence delivery.

**HIST 15 - World History, 1500 to Present**

**3.0 units**  
**CSU/UC**

**General Education Area B & C**  
**CSU GE Area C2 & D6**  
**IGETC Area 3B & 4F**  
**C-ID HIST 160**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A study of the major civilizations of the world from 1500 to the present. Stresses the dynamism and expansion of the West, the cross-cultural interaction in the modern era and the resurgence of non-western independence into the 20th century. This course meets a requirement for the California Elementary School Teaching Credential. This course has been approved for hybrid, online and

correspondence delivery.

**HIST 16 - U.S. History**

**3.0 units**  
**CSU/UC**

**General Education Area B**  
**CSU GE Area C2 & D6**  
**IGETC Area 3B & 4F**  
**C-ID HIST 130**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Traces the transition of the U.S. into a nation, stressing the development of political and economic institutions, social movements, the challenge of sectionalism and geography. This course has been approved for hybrid, online and correspondence delivery.

**HIST 17 - Post-Civil War - U.S. History**

**3.0 units**  
**CSU/UC**

**General Education Area B**  
**CSU GE Area C2 & D6**  
**IGETC Area 3B & 4F**  
**C-ID HIST 140**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A course tracing the development of the U.S. into a world power, stressing growth in territory, population, industry and world influence from reconstruction to the present. Also traces the continuing development of the political institution brought about by industrialization and becoming a world power. This course has been approved for hybrid, online and correspondence delivery.

## **HUMAN SERVICES**

**HUS 10 - Introduction to Social Work and Human Services**

**3.0 units**  
**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Survey of human services and social work, an exploration of helping skills as applied to human problems such as poverty, parenting, education, substance abuse, illness and mental health. This course has been approved for online, hybrid and correspondence delivery.

**HUS 22 - Substance Abuse Treatment**

**3.0 units**  
**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course is designed to provide students with an overview of substance abuse. This course has been approved for correspondence delivery.

**HUS 24 - Group Facilitator Process/Human Services**

**3.0 units**  
**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A course designed to develop professional competency and training for group facilitation. The dynamics of group interaction with emphasis upon various types of groups will be covered. This course has been approved for correspondence delivery.

**HUS 25 - Family Treatment Approaches**

**2.0 units**  
**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

34 hours lecture

An examination of the systems approach in the dynamics of family therapy as it relates to treatment of dysfunctional, addictive families. This course has been approved for correspondence delivery.

**HUS 30 - Pharmacology of Drugs of Abuse**

**3.0 units**  
**CSU/UC**

**General Education Area E1**  
**CSU GE Area E**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement and HUS 32 Understanding Addiction

51 hours lecture

Focus on the neurological, physiological, and psychological effects of the psychoactive substances: ethanol, marijuana, cocaine, heroin, amphetamines, PCP, LSD, and synthetic drugs such as Ecstasy (MDMA), China White (fentanyl), and Spice (cannabinoid). In addition, other non-substance addictions will be explored, i.e. gambling, food, and sexual addictions. Drug testing

and the new National Institute of Drug Abuse guidelines will be discussed. This course has been approved for correspondence, hybrid and online delivery

### **.HUS 31 - Crisis Intervention Strategies**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Introduces the basic concepts, theory and application of crisis intervention, including the application of concepts to specific crisis in the field and at the workplace, and the use of an effective referral system. This course has been approved for hybrid and correspondence delivery.

### **HUS 32 - Understanding Addiction**

**3.0 units**

**CSU**

**Recommended Preparation** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Focusing on the underlying developmental and psychopathology of addiction, alcoholism, and codependency, this course emphasizes the familiar nature of alcohol/drug addiction and explores the process of denial and use of defense mechanisms. This course has been approved for correspondence delivery.

### **HUS 35 - Ethical Issues**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course explores the legal, ethical, professional and personal issues involved in the treatment of substance use disorder and other addictions. Emphasis is placed on professional responsibility and patient rights as well as issues of the work place, professional growth, and personal boundaries. This course has been approved for online, hybrid and correspondence delivery.

### **HUS 37 - Case Management and Documentation**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course focuses on case management

and client record documentation.

Topics include screening and assessment, record documentation and treatment planning, ethics, clients' rights, professional boundaries, confidentiality, diversity, inclusiveness, and cultural awareness. This course has been approved for online, hybrid and correspondence delivery.

### **HUS 40 - Field Instruction Seminar I**

**1.0 unit**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture

This course provides specialized instruction for field work practice in selected settings that will afford students the opportunity to apply their knowledge and develop their skills in Human Services. . It is strongly recommended to take this course in conjunction with HUS 49. This course has been approved for online and hybrid delivery.

### **HUS 41 - Field Instruction Seminar II**

**1.0 unit**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture

This course provides specialized instruction for field work practice in selected settings that will afford students the opportunity to further refine the knowledge and skills gained in their core classes to the process of helping others. It is strongly recommended to take this course in conjunction with HUS 49. This course has been approved for online delivery.

### **HUS 42 - Field Experience in Human Services**

**3.0 unit**

**CSU**

**Prerequisite:** HUS 10 Introduction to Social Work and Human Services

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/102 hours field experience

This course offers the student a supervised field experience in a community organization, agency, or institution, allowing the student to apply knowledge and learn new skills outside of the classroom environment. Between 96-108 hours of field experience are required. A weekly class meeting provides the academic element to this experiential course offering and reinforces

the application of concepts gained in the prerequisite course. This course is designed to provide the student with an opportunity to develop skills that would facilitate gaining employment in the human services field.

### **HUS 48.05 Everyday Enlightenment: The way of the Peaceful Warrior**

**2.1 Units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

24 hours lecture/24 hours lab

This course will allow students to explore their deepest selves to find their highest inner potential. They will learn to integrate their mind, body and emotions with their sub-consciousness self, their conscience self and their spiritual self to better improve their abilities to face their fears, insecurities and self-doubts. They will improve the quality of their lives through inner peace, wisdom and balance.

### **HUS 49 - Human Services Work Experience**

**1.0-8.0 units**

**CSU**

**General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

600 hours lab (R)

This work based learning course is designed to assist students with educational or career goals in human services, who are working in the field of human services, to build related job specific skills through individualized learning objectives and enhance their workplace performance. All Work Experience enrollments require attendance of a face-to-face orientation session. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the workplace, and career development. Subsequent enrollments require new individualized learning objectives, and completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Career

Technical Education, Occupational and General Work Experience enrollments. Title V specifies students will earn 1 unit of credit for each 75 hours of paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid delivery

### **HUS 61 - Principles/Practices Residential Care Paraprofessional Counselors**

**3.0 units**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A study of the principles and practices of child care in a residential setting. Research theories identifying developmental planning, developmental needs, separation, cottage life, discipline group process and the job. Concepts will be identified with practical applications and implications for use in the residential care setting. This course has been approved for correspondence delivery.

## **HUMANITIES**

### **HUM 1 - Western Civilization: Prehistoric to 1600**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B**

**C-ID HIST 170**

**Recommended Preparation:** English 1 or equivalent multiple measures placement

51 hours lecture

Survey of the development of western culture and civilization to the Reformation. This course has been approved for, correspondence, and on-line delivery

### **HUM 2 - Western Civilization: 1600 to Present 3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B**

**C-ID HIST 180**

**Recommended Preparation:** English 1 or equivalent multiple measures placement.

51 hours lecture

The development of Western civilization from 1600 to present, with emphasis on the inter-relations between historical occurrences and the world view revealed in philosophy, literature, music, painting, and architecture and how the respective world views evolved into our present

views. This course has been approved for online and correspondence delivery.

## **INDUSTRIAL TECHNOLOGY**

### **IT 22 - Operations, Maintenance and Safety**

**1.0 unit**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture

This course integrates personnel safety, equipment protection and safety tagging procedures with operational and maintenance events expected in a power generation, process or geothermal plant. Specific topics include material and safety data sheets (MSDS), hazardous materials (HAZ/MAT), chemical alert placards and confined space procedures. This course has been approved for online delivery.

### **IT 72 - Facilities Maintenance – Welding 2**

**2.0 units**

102 hours lab

This course is designed to prepare students with basic, through increasingly advanced, skills covering aspects of maintenance and repair procedures utilizing: soldering, brazing, welding, and joining of PVC. Field work will include fabrication, as well as maintenance and repair of equipment and facilities utilizing a portable shop.

## **INTERDISCIPLINARY STUDIES**

### **IDS 1 Introduction to Sign Language**

**4.0 units**

**CSU only**

**Recommended Preparation:** English 105 or equivalent multiple measures placement.

An introductory course designed to teach students basic skills in American Sign Language

vocabulary, finger spelling, culture, and grammatical structures. The student will gain the manual skills to engage in basic dialog, visual cues and the receptive skills to understand general ASL

conversation. IDS 1 is equivalent to two years of high school ASL.

### **IDS 2 Intermediate to Sign Language**

**4.1 units**

**CSU only**

**Prerequisite:** IDS 1 with a C or better or

equivalent

This course is a continuation of Introduction to American Sign Language, designed for the student desiring to increase vocabulary and fluency in performing and receiving American Sign Language Information. Emphasis is on the structure to American Sign Language including lexical, morphemic and syntactical elements. The student will learn the intermediate skills to engage in descriptive, complex dialog and stories at a moderate skill level. Topics include American Sign Language contrast and comparisons to other languages, language development and acquisition and societal and legal issues.

## **MATHEMATICS**

### **MATH 1A - Analytic Geometry and Calculus I**

**5.0 units**

**CSU/UC**

**General Education Area D2**

**CSU GE Area B4**

**IGETC Area 2A**

**C-ID MATH 211**

**Prerequisites:** Completion of Pre-calculus or MATH 7 Trigonometry and MATH 8 Advanced Algebra with a grade of 'C' or better or equivalent multiple measures placement.

85 hours lecture

A first course in differential and integral calculus of a single variable: functions; limits and continuity; techniques and applications of differentiation and integration; Fundamental Theorem of Calculus. Primarily for science, technology, engineering & math majors. This course has been approved to be web-enhanced and online delivery. Access to a computer with internet access is required.

### **MATH 1B - Analytic Geometry and Calculus II**

**5.0 units**

**CSU/UC**

**General Education Area D2**

**CSU GE Area B4**

**IGETC Area 2A**

**C-ID MATH 221**

**Prerequisite:** MATH 1A Analytic Geometry and Calculus I or equivalent multiple measures placement.

85 hours lecture

Continuation of Math 1A. A second course in differential and integral calculus

of a single variable: integration, techniques of integration; infinite sequences and series, polar and parametric equations: applications of integration. Primarily for science, technology, engineering & math majors. This course has been approved to be web-enhanced online delivery. Access to a computer with internet access is required.

### **MATH 7 - Trigonometry**

**3.0 units**

**CSU**

**General Education Area D2**

**CSU GE Area B4**

**Prerequisite:** MATH 60 Intermediate

Algebra or equivalent multiple measures placement.

**Co-requisite:** MATH 167 Trigonometry Lab

51 hours lecture

A study of the numerical, graphical, and analytical properties of trigonometric functions, oblique triangles, inverse functions, and applications. This course has been approved for online delivery. This course uses a free Open Educational Resource textbook.

### **MATH 8 - Advanced Algebra**

**3.0 units**

**General Education Area D2**

**CSU/UC**

**CSU GE Area B4**

**IGETC Area 2A**

**Prerequisite:** MATH 60 Intermediate

Algebra or equivalent multiple measures placement.

**Co-requisite:** MATH 168 College Algebra Lab

51 hours lecture

This course solidifies the basic foundation needed by students planning to study the analytic geometry and calculus sequence. Topics include: general theory of equations, polynomial and rational inequalities, conic sections, exponents and logarithms; an introduction to sequences, series, matrices and their applications. This course is recommended for math, science, engineering and business students.

### **MATH 11A - Concepts of Elementary School Mathematics I**

**3.0 units**

**CSU/UC**

**General Education Area D2**

**CSU GE Area B4**

**C-ID MATH 120**

**Prerequisite:** MATH 60 Intermediate

Algebra or equivalent multiple measures placement.

51 hours lecture

A course focusing on the development of quantitative reasoning skills through in-depth, integrated exploration of topics in

mathematics, including real number systems and subsystems. Emphasis is one comprehension and analysis of mathematical concepts and applications of logical reasoning. One of two courses designed especially for students preparing for credentials in elementary education. This course has been approved for online delivery. Access to a computer with internet access is required.

### **MATH 11B - Concepts of Elementary School Mathematics II**

**3.0 units**

**CSU/UC**

**General Education Area D2**

**CSU GE Area B4**

**Prerequisite:** MATH 60 Intermediate

Algebra or equivalent multiple measures placement.

51 hours lecture

A course covering the study of real numbers, measurement, logic and mathematical reasoning; introduction to probability and statistics and some concepts of algebra, non-metric and metric geometry. One of two courses designed especially for students preparing for credentials in elementary education. This course has been approved for online delivery access to a computer with internet access is required.

### **MATH 40 - Elementary Statistics**

**3.0 units**

**CSU/UC**

**General Education Area D2**

**CSU GE Area B4**

**IGETC Area 2A**

**C-ID MATH 110**

**Prerequisite:** MATH 60 Intermediate

Algebra or equivalent multiple measures placement.

**Co-requisite:** MATH 164 Elementary Statistics Lab

51 hours lecture

The use of probability techniques, hypothesis testing, and predictive techniques to facilitate decision-making. Topics include descriptive statistics; probability and sampling distributions; statistical inference; correlation and linear regression; analysis of variance; chi-square and t-tests; and application of technology for statistical analysis including the interpretation of the relevance of the statistical findings. Applications using data from disciplines including business, social sciences, psychology, life science, health science, and education. This course has been approved for online, hybrid and correspondence delivery.

### **MATH 60 - Intermediate Algebra**

**4.0 units**

**General Education Area D2**

51 hours lecture/51 hours lab

This course is a continuation of Beginning Algebra and is designed to develop the algebra skills necessary for college level math courses. Topics include: linear, quadratic, inverse, exponential, and logarithmic functions; real and complex solutions of quadratic equations; systems of equations and inequalities, sequences and the Binomial Theorem. This course satisfies the Mathematics competency requirement and AREA D2 (Language and Rationality) requirement for the AA/AS degree. This course has been approved for online, and correspondence delivery. This course has been approved to be web-enhanced. Access to a computer with internet access is required.

## **MUSIC**

### **MUS 6 - Music History from Antiquity to 1750**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**IGETC Area 3A**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

51 hours lecture

An introductory survey course in Western music history that covers music, the beginning of opera, composers, styles, genres and periods from antiquity to the end of the Baroque era. This course has been approved for online, hybrid and correspondence delivery.

### **MUS 7 - Music History from 1750 to Modern Era**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**IGETC Area 3A**

**Recommended Preparation:** ENGL105

or equivalent multiple measures placement.

51 hours lecture

An introductory survey course in Western music history that covers music, composers, styles, genres and periods from early Rococo to the modern music era. This course has been approved for online, hybrid and correspondence delivery.

## **MUS 12 - Music Appreciation**

**3.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C1**

**IGETC Area 3A**

**C-ID MUS 100**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A survey course that covers the elements of music (melody, harmony, rhythm and form), instruments, voices, program and dramatic music, vocal and instrumental music, sacred and secular music, folk, popular, jazz, music of other cultures and historical music from primitive times to the present. Emphasis is placed on listening to music and attending performances.

This course has been approved for online, hybrid and correspondence delivery.

## **NURSING**

### **Licensed Vocational Nursing**

***Acceptance into the Vocational Nursing Program is required before enrollment in nursing courses***

#### **VN 50 - Pharmacology**

**4.0 units**

**Corequisite:** VN 51; VN 52

68 hours lecture

Introduction to the principles of pharmacology, medication administration, and computation of medication dosage. Includes the study of major drug categories. This is a web-enhanced course. Access to a computer with internet access is required.

#### **VN 51 - Nursing Fundamentals**

**4.0 units**

**Prerequisites:** BIOL 25 & 26, ENGL 1, HLTH 25, HO 3, HO 120 or AHA CPR, MATH 60, PSY 1, PSY 18.

**Corequisites:** VN 50; VN 52

68 hours lecture

Introduction to nursing fundamentals and the healthcare profession. Topics will include history of nursing, nursing concepts, legal and ethical issues, nursing process, basic patient needs and the nursing care required for alterations in basic needs. This is a web-enhanced course. Access to a computer with internet access is required.

#### **VN 52 - Clinical Lab I**

**7.0 units**

**Corequisite:** VN 50; VN 51

357 hours lab

Application of basic nursing skills in a laboratory setting and experience in giving supervised nursing care to selected patients in health care facilities. Total clinical hours are 357. Clinical hours may vary from week to week. This is a web-enhanced course. Access to a computer with internet access is required.

#### **VN 53 - Adult Nursing Theory**

**7.0 units**

**Prerequisite:** VN 50; VN51; VN 52

**Corequisite:** VN 54

119 hours lecture

Presents disease conditions in a systems based format with emphasis on pathophysiology, etiology, treatment, and nursing concerns with focus on nursing care and the nursing process. This is a web-enhanced course. Access to a computer with internet access is required.

#### **VN 54 - Clinical Lab II**

**6.0 units**

**Prerequisite:** VN 50; VN 51, VN 52

**Corequisite:** VN 53

306 hours lab

Application of various nursing skills in a clinical setting and experience in giving supervised nursing care, with increasing levels of independence, to selected patients in health care facilities. Total clinical hours are 306. Clinical hours may vary from week to week. This is a web-enhanced course. Access to a computer with internet access is required.

#### **VN 55 – Nursing Leadership and Professional Development**

**2.0 units**

**Prerequisite:** VN 51; VN 52; VN 53;

VN 54; VN 55

**Corequisite:** VN 56; VN 57; VN 58;

VN 60

34 hours lecture

Instruction on the transition from student to Licensed Vocational Nurse including leadership and professional development. This is a web-enhanced course. Access to a computer with internet access is required.

#### **VN 56 - Clinical Lab III**

**6.0 units**

**Prerequisite:** VN 51; VN 52; VN 53; VN 54

**Corequisite:** VN 55; VN 57; VN 58;

VN 60

306 hours lab

Application of various nursing skills in a clinical setting and experience in giving supervised nursing care, with increasing levels of independence, to selected patients in health care facilities including maternal and pediatric nursing. Total clinical hours are 306. This is a web-

enhanced course. Access to a computer with internet access is required.

#### **VN 57 - Maternity Nursing**

**2.0 units**

**Prerequisite:** VN 51; VN 52; VN 53; VN 54

**Corequisite:** VN 55; VN 56; VN 58; VN 60

34 hours lecture

Course includes human sexuality, conception, pregnancy, labor, delivery, postpartum and care of the newborn. This is a web-enhanced course. Access to a computer with internet access is required.

#### **VN 58 - Pediatric Nursing**

**2.0 units**

**Prerequisite:** VN 51; VN 52; VN 53; VN 54

**Corequisite:** VN 55; VN 56; VN 57; VN 60

36 hours lecture

Study of the normal growth and development of the infant through the adolescent as well as common diseases affecting these groups and appropriate nursing care. This is a web-enhanced course. Access to a computer with internet access is required.

#### **VN 59 – Intravenous Therapy and Blood Withdrawal**

**2.0 units**

**Prerequisite:** Successful completion of all Vocational Nursing courses or current LVN license in the state of California 31 hours lecture/9 hours lab

Designed for the Licensed Vocational Nurse student currently enrolled in the Licensed Vocational Nursing program to prepare for IV and Blood Withdrawal Certification through the Board of Vocational Nursing and Psychiatric Technicians. Students will demonstrate competency to the satisfaction of the BVNPT that they are properly trained and prepared to withdraw blood from a patient and start and superimpose intravenous fluids. Upon successful completion the student will be prepared to withdraw blood and start and superimpose intravenous fluids in an organized healthcare system. The student must complete 30 theory hours and 9 clinical hours and perform a minimum of 3 individually supervised successful venipunctures and 3 individually supervised skin punctures by each student on live human subjects. This is a web-enhanced course. Access to a computer with internet access is required.

## **VN 60 –NCLEXVN Review**

### **2.0 units**

**Prerequisite:** VN 50; VN 51; VN 52; VN 53, VN 54

**Corequisite:** VN 55; VN 56, VN57, VN 58  
30 hours lecture

Course designed to prepare the Licensed Vocational Nursing student for successful completion of the state board examination for licensure. This is a web-enhanced course. Access to a computer with internet access is required.

## **PHILOSOPHY**

### **PHIL 1 - Introduction to Philosophy**

#### **3.0 units**

#### **CSU/UC**

#### **General Education Area C**

#### **CSU GE Area C2**

#### **IGETC Area 3B**

**Recommended Preparation:** ENGL 1 or equivalent multiple measures placement  
51 hours lecture

An introduction to the writings of the most noted philosophers of the Western world along with an examination of some of the main problems in philosophy, such as the nature of knowledge, ethics, philosophy of science, free will vs. determinism and the mind-body problem. This course has been approved for online delivery.

### **PHIL 10 - Comparative World Religions**

#### **3.0 units**

#### **CSU/UC**

#### **General Education Area C**

#### **CSU GE Area C2**

#### **IGETC Area 3B**

**Recommended Preparation:** ENGL 1 or equivalent multiple measures placement  
51 hours lecture

This course introduces the learner to the profound ideas and practices of religions around the world - America, Africa, India, China and Japan. The history and 'world view' of each religion is examined, with readings from various religious texts. This course has been approved for online and correspondence delivery.

## **PHYSICAL EDUCATION**

### **PE 15 - Introduction to Kinesiology**

#### **3.0 units**

#### **CSU/UC**

#### **CSU Area E2**

#### **General Education Area E2**

#### **C-ID KIN 100**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.  
51 hours lecture

This course will introduce students to the

interdisciplinary approach to the study of human movement. Topics include employment fields, leadership, theory, history, and principles of sport, physical education and sub-disciplines in kinesiology. This course has been approved for online and hybrid delivery.

## **PHYSICAL EDUCATION ACTIVITIES COURSES**

### **PEAC 2A - Men's Varsity Soccer**

#### **3.0 units**

#### **CSU/UC (Unit limitation)**

#### **General Education Area E2**

170 hours lab (R)

Intercollegiate varsity soccer competition. Since skills/proficiencies are enhanced by supervised repetition and practice, This course is repeatable to a maximum of three enrollments but can only be taken once per year.

### **PEAC 2B – Pre-Season Skills and Conditioning for Soccer**

#### **0.5 units**

#### **CSU/UC (Unit limitation)**

#### **General Education Area E2**

25.5 hours lab

Pre-season skill development and strategy tactics combined with fitness conditioning to prepare interested participants for intercollegiate varsity soccer competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

### **PEAC 2C - Women's Varsity Soccer**

#### **3.0 units**

#### **CSU/UC (Unit limitation)**

#### **General Education Area E2**

170 hours lab (R)

Intercollegiate varsity soccer competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

### **PEAC 2D – Off-Season Skills and Conditioning for Soccer**

#### **1.5 units**

#### **CSU/UC (Unit limitation)**

#### **General Education Area E2**

76 hours lab

Off-season skill development and strategy tactics combined with fitness conditioning to prepare interested participants for intercollegiate varsity soccer competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of

three enrollments but can only be taken once per year.

### **PEAC 5A - Men's Varsity Basketball-Fall**

#### **2.0 units**

#### **CSU/UC (Unit limitation)**

#### **General Education Area E2**

110 hours lab (R)

Fall semester intercollegiate mens varsity basketball competition (1<sup>st</sup> half of season). Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

### **PEAC 5A.02 - Men's Varsity Basketball-Spring**

#### **1.0 units**

#### **CSU/UC (Unit limitation)**

#### **General Education Area E2**

60 hours lab (R)

Spring semester intercollegiate mens varsity basketball competition (second half of season). Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

### **PEAC 5B – Pre-Season Skills and Conditioning for Basketball**

#### **1.5 units**

#### **CSU/UC (Unit limitation)**

#### **General Education Area E2**

76 hours lab

Pre-season skill development and strategy tactics combined with fitness conditioning to prepare interested participants for intercollegiate varsity basketball competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

### **PEAC 5C - Women's Varsity Basketball-Fall**

#### **2.0 units**

#### **CSU/UC (Unit limitation)**

#### **General Education Area E2**

110 hours lab (R)

Fall semester intercollegiate Women's Varsity Basketball competition (first half of season). Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

### **PEAC 5C.02 - Women's Varsity Basketball-Spring**

#### **1.0 units**

#### **CSU/UC (Unit limitation)**

#### **General Education Area E2**

60 hours lab (R)

Spring semester intercollegiate womens varsity basketball competition (second half of season). Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

**PEAC 5D – Off-Season Skills and Conditioning for Basketball**

**1.0 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

51 hours lab

Off-season skill development and strategy tactics combined with fitness conditioning to prepare interested participants for intercollegiate varsity basketball competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year

**PEAC 6 - Varsity Wrestling**

**3.0 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

170 hours lab (R)

Intercollegiate Varsity Wrestling Competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

**PEAC 6B – Pre-Season Skills and Conditioning for Wrestling**

**0.5 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

25.5 hours lab

Pre-season skill development and strategy tactics combined with fitness conditioning to prepare interested participants for intercollegiate varsity wrestling competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

**PEAC 6D – Off-Season Skills and Conditioning for Wrestling**

**1.5 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

76 hours lab

Off-season skill development and strategy tactics combined with fitness conditioning to prepare interested participants for intercollegiate varsity wrestling competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year

**PEAC 7 - Varsity Baseball**

**3.0 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

170 hours lab (R)

Intercollegiate Varsity Baseball Team Competition. This course may be taken for a total of two enrollments. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

**PEAC 7D – Off-Season Skills and Conditioning for Baseball**

**3.0 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

175 hours lab

Off-season skill development and strategy tactics combined with fitness conditioning to prepare interested participants for intercollegiate varsity baseball competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

**PEAC 9 - Women's Varsity Volleyball**

**3.0 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

170 hours lab (R)

Intercollegiate Women's Varsity Volleyball Competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

**PEAC 9B – Pre-Season Skills and Conditioning for Volleyball**

**0.5 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

25.5 hours lab

Pre-season skill development and strategy tactics combined with fitness conditioning to prepare interested participants for intercollegiate varsity volleyball competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

**PEAC 9D – Off-Season Skills and Conditioning for Volleyball**

**1.5 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

76 hours lab

Off-season skill development and strategy

tactics combined with fitness conditioning to prepare interested participants for intercollegiate women's varsity volleyball competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

**PEAC 10 - Women's Varsity Softball**

**3.0 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

170 hours lab (R)

Intercollegiate Women's Varsity Softball Competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

**PEAC 10D – Off-Season Skills and Conditioning for Softball**

**3.0 units**

**CSU/UC (Unit limitation)**

**General Education Area E2**

175 hours lab

Off-season skill development and strategy tactics combined with fitness conditioning to prepare interested participants for intercollegiate women's varsity softball competition. Since skills/proficiencies are enhanced by supervised repetition and practice, this course is repeatable to a maximum of three enrollments but can only be taken once per year.

**PEAC 16 – Walking For Fitness**

**1.0 unit**

**CSU/UC (Unit limitation)**

**General Education Area E2**

51 hours lab

Students will participate in brisk walking program that will enhance their cardiovascular conditioning and endurance. This course has been approved for online and hybrid delivery.

**PEAC 32D - Fitness Center**

**1.0 unit**

**CSU/UC (Unit limitation)**

**General Education Area E2**

51 hours lab

Instruction in and application of physical fitness principles. Students will engage in a physical conditioning program with an emphasis in body toning, flexibility, weight control, cardiovascular development and muscular strength and endurance using equipment in the fitness center. This course has been approved for online and hybrid delivery.

## **PEAC 34 - Golf Skills**

1.0 unit

**CSU/UC (Unit limitation)**

**General Education Area E2**

51 hours lab

Development of sufficient proficiency in golf to recognize and enjoy the game as a lifetime activity; includes U.S.G.A. rules and etiquette and the fundamental mechanics involved in the use of irons and woods. Each student must purchase a 5-play card (45 total holes of golf) from Diamond Mountain Golf Club at the prevailing rate. The registration fee includes an unlimited number of range balls during the scheduled class times.

## **PEAC 44 – Yoga**

1.0 unit

**CSU/UC (Unit limitation)**

**General Education Area E2**

51 hours lab

Introduction to basic yoga postures. Study and practice of exercises for self-awareness, breathing, relaxation, visualization and meditation. This course has been approved for online and hybrid delivery.

## **PHYSICAL SCIENCE**

**PHSC 1 - General Physical Science**

3.0 units

**CSU/UC (unit limitation)**

**General Education Area A**

**CSU GE Area B1**

**IGETC Area 5A**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

A brief introduction to physics, chemistry, geology, and astronomy. Not intended for science majors. This course has been approved for online delivery.

## **PHYSICS**

**PHYS 2A – General College**

**Physics I**

4.0 units

**CSU/UC**

**General Education Area: A**

**CSU GE Areas B1 & B3**

**IGETC Area 5A & 5C**

**C-ID PHYS 105**

**Prerequisite:** Math 7 OR MATH 60

Intermediate Algebra or equivalent multiple measures placement and concurrent enrollment in Math 7

Trigonometry

**Recommended Preparation:** ENG 105 or equivalent multiple measures placement

51 hours lecture/51 hours lab

This course provides an introduction to the principles and applications of

mechanics, using the mathematical tools of algebra and right triangle trigonometry. Topics include vectors, kinematics, Newton's laws, gravity, energy and momentum, mechanics of rigid bodies, heat, fluids and simple harmonic motion. This course has been approved for web-enhanced and online delivery. Access to a computer with internet access is required.

**PHYS 2B - General College**

**Physics II**

4.0 units

**CSU/UC**

**General Education Area A**

**CSU GE Areas B1, B3**

**IGETC Area 5A, 5C**

**C-ID PHYS 110**

**Prerequisite:** PHYS 2A General Physics I

51 hours lecture/51 hours lab

This course is a continuation of PHYS 2A, covering mechanical waves (including sound), electricity, magnetism, geometric optics, interference and diffraction and elementary modern physics. This course has been approved for web-enhanced and online delivery. Access to a computer with internet access is required.

## **POLITICAL SCIENCE**

**PLSC 1 - American Institutions**

3.0 units

**CSU/UC**

**General Education Area B**

**CSU GE Areas D8**

**IGETC Area 4H**

**C-ID POLS 110**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Designed to acquaint the individual with the basic principles of American national, state and local governments. Content will include the U.S. Constitution (origin and development), general functions and relationships of the three levels of government, political parties and electoral processes. This course may be used for partial fulfillment of the U.S. History and American Institutions requirement for graduation from four-year colleges. This course has been approved for hybrid, online, hybrid and correspondence delivery.

**PLSC 11 - Student Leadership**

1.0 unit

**CSU**

51 hours lab

Practical experience in group leadership situations involving parliamentary procedure, organization, goal setting, budgeting, and agenda setting. This course has been approved for hybrid delivery.

## **PSYCHOLOGY**

**PSY 1 - Introduction to Psychology**

3.0 units

**CSU/UC**

**General Education Areas B & E1**

**CSU GE Areas D9 & E**

**IGETC Area 4I**

**C-ID PSY 110**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Psychology is the scientific study of behavior and mental processes. The content focuses on the exploration of major psychological theories and concepts, methods, and research findings in psychology. Topics include the biological bases of behavior, perception, cognition and consciousness, learning, memory, emotion, motivation, development, personality, social psychology, psychological disorders and therapeutic approaches, and applied psychology. This course has been approved for online, correspondence, and hybrid delivery.

**PSY 5 – Intro to Research Methods**

3.0 units

**CSU/UC**

**General Education Area B**

**CSU GE Area D9**

**IGETC Area 4I**

**C-ID PSY 200**

**Prerequisite:** PSY 1 Introduction to Psychology and MATH 40 Statistics.

51 hours lecture

This course surveys various psychological research methods with an emphasis on research design, experimental procedures, descriptive methods, instrumentation, and the collection, analysis, interpretation, and reporting of research data. Research design and methodology will be examined through a review of research in a variety of the sub disciplines of psychology. This course has been approved for hybrid and online delivery.

**PSY 6 – Abnormal Psychology**

3.0 units

**CSU/ UC**

**General Education Area B**

**CSU GE Area D9**

**IGETC Area 4I**

**C-ID PSY 120**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course introduces the scientific study of psychopathology and atypical

behaviors, broadly defined. Students investigate abnormal behavior from a variety of perspectives including biological, psychological, and sociocultural approaches. An integrative survey of theory and research in abnormal behavior, and intervention and prevention strategies for psychological disorders are also introduced. This course has been approved for correspondence, online and hybrid delivery.

**PSY 18 - Life Span Development**  
**3.0 units CSU/UC**

**General Education Area E1**  
**CSU GE Area D7 & E**  
**IGETC Area 4 G & 4I**  
**C-ID PSY 180**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course is designed to provide an overview of the physical, cognitive, social and emotional development from conception through the life-span. The emphasis will be on the practical application of developmental principles. This course has been approved for online and hybrid delivery.

**PSY 31 - Child Development: Conception through Adolescence**  
**3.0 units**  
**CSU/UC**

**Associate Degree Area E1**  
**CSU GE Area D7 & E**  
**IGETC Area 4G & 4I**  
**C-ID CDEV 100**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course examines the major physical, psychological, and cognitive/language developmental milestones for children, both typical and atypical, from conception through adolescence. Emphasis will be on interactions between the maturational process and environmental factors. Students will be expected to observe children, analyze characteristic of children at different developmental stages and investigate research methodologies. This course has been approved for on-line and correspondence delivery.

**PSY 33 - Psychology of Personal and Social Adjustment**

**3.0 units**  
**CSU**

**General Education Area E1**  
**CSU GE Area E**  
**C-ID PSY 115**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

This course provides an introduction to theory, research, and practical application relevant to personal fulfillment, human relationships, and social functioning. Topics explored in this course include personality development, interpersonal relationships including intimate relationships, stress and stress management, traditional and changing gender roles, and adjusting to our ever changing modern society. This course has been approved for online, hybrid and correspondence delivery.

## **SOCIOLOGY**

**SOC 1 - Introduction to Sociology**

**3.0 units**  
**CSU/UC**

**General Education Area B**  
**CSU GE Area D**  
**IGETC Area 4J**  
**C-ID SOCI 110**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Basic concepts of sociology are covered with an emphasis on culture, socialization, social norms, roles, groups, community and ecology, social institutions, social classes, social changes and social policy. This course has been approved for online, hybrid (on-line/traditional), and correspondence delivery. This course uses a free Open Educational Resource textbook

**SOC 2 - Social Problems**

**3.0 units**  
**CSU/UC**

**General Education Area B**  
**CSU GE Area D**  
**IGETC Area 4J**  
**C-ID SOCI 115**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Investigation and analysis of major social problems in the United States at the present time. This course has been approved for online, correspondence and hybrid delivery.

**SOC 3 - Family Relations**

**3.0 units**  
**CSU/UC**

**General Education Areas B & E1**  
**CSU GE Area D & E**  
**C-ID SOCI 130**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Sociological analysis of the family, including historical and recent changes, present nature and the socio-cultural and economic forces shaping these changes. This course has been approved for hybrid, online and correspondence delivery.

**SOC 4 - Introduction to Gender**

**3.0 units**  
**CSU/UC**

**General Education Area B**  
**CSU GE Area D4**  
**IGETC Area 4D**  
**C-ID SOCI 140**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

51 hours lecture

Sociological analysis of the social construction of masculinity and femininity historically and cross-culturally. It examines the debates on sex and gender. It analyzes the impact of economic and political change on gender expectations and practices. This course has been approved for hybrid, online and correspondence delivery.

## **SPANISH**

**SPAN 1 - First Course in Spanish**

**4.0 units**  
**CSU/UC**

**General Education Area C**  
**CSU GE Area C2**  
**IGETC Area 6A**  
**C-ID SPAN 100**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

58 hours lecture/34 hours lab

This introductory course teaches beginning language acquisition in a cultural context through listening, speaking, reading and writing. The students will interact with authentic language in cultural context.

## **SPAN 2 - Second Course in Spanish**

**4.0 units**

**CSU/UC**

**General Education Area C**

**CSU GE Area C2**

**IGETC Area 3B & 6A**

**Prerequisite:** SPAN 1 First Course in Spanish

58 hours lecture/34 hours lab

A continuation of beginning Spanish in the study of the fundamentals of Spanish grammar with practice in pronunciation, understanding, speaking, reading, and writing. A more in depth presentation of Hispanic culture, geography, and history is included.

## **SPEECH**

### **SPCH 1 – Public Speaking**

**3.0 units**

**CSU/UC**

**General Education Area D2**

**CSU GE Area A1**

**IGETC Area 1C**

**C-ID COMM 110**

**Prerequisite:** ENGL 1 College Composition

51 hours lecture

Theory and techniques of public speaking in democratic society. Discovery, development, and criticism of ideas in public discourse through research, reasoning, organization, composition, presentation, and evaluation of various types of speeches including informative and persuasive speeches. This course has been approved for online and hybrid delivery. Students must have regular access to a computer with Internet and be able to navigate an online learning system. This course uses a free Open Educational Resource textbook.

## **TUTORING**

### **TUTR 50 - Fundamentals of Peer Tutoring**

**0.5 unit**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

8 hour lecture

This course is designed for peer tutors working in the college tutorial center. This course will focus on the practical skills necessary to function effectively as a peer tutor in the student's chosen areas of study. Students will participate in supervised tutoring in the College's Learning Center.

## **VOCATIONAL NURSING**

**See Nursing**

## **WELDING TECHNOLOGY**

### **WT 20 - Power Plant and Field Pipe Welding I**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/102 hours lab (R)

This is the first of a four course sequence to prepare students in power plant and field welding. This course deals with shop safety, oxyacetylene cutting (OAC), air carbon arc cutting (CAC-A), shielded metal arc welding (SMAW) and pipe welding. Pipe coupons will be prepared and welded in the horizontal rolled (1G) position. American Welding Society (AWS) welding qualifications on plate and pipe will be prepared and completed. Repeatable as required for qualification by the American Welding Society (AWS) D1.1 Section 4. Period of Effectiveness. (Instructor Authorization Required for Course Repetition.) This course has been approved for hybrid delivery.

### **WT 21 - Power Plant and Field Pipe Welding II**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/102 hours lab (R)

This is the second course of a four course sequence dealing with pipe welding, in the 2G and 5G positions, using the shielded metal arc welding (SMAW) process. Gas tungsten arc welding (GTAW) will be introduced to prepare the student for welding on pipe using the GTAW process. American Welding Society (AWS) welding-qualification will be prepared and completed on one inch plate in the 3G and 4G positions. Repeatable as required for qualification by the AWS D1.1 Section 4 Period of Effectiveness. (Instructor Authorization Required for Course Repetition.) This course has been approved for hybrid delivery.

### **WT 22 - Power Plant and Field Pipe Welding III**

**3.0 units**

**CSU**

**Recommended Preparation** ENGL105 or equivalent multiple measures placement.

17 hour lecture/102 hours lab (R)

This is a fundamental class dealing with pipe welding in the 6G position using the

shielded metal arc welding (SMAW) process. Joint designs will be performed using the gas metal arc welding (GMAW), and the gas tungsten arc welding (GTAW) process in preparation for welding root passes on pipe. Welding symbols are presented and reviewed in order to enable students to interpret welding blueprints. This is the third of a four course sequence to prepare students for power plant and field pipe welding. American Welding Society (AWS) qualifications in GTAW, GMAW, and flux core arc welding (FCAW) will be prepared and completed. Repeatable as required for qualification by the AWS D1.1 Section 4 Period of Effectiveness. (Instructor Authorization Required for Course Repetition.) This course has been approved for hybrid delivery.

### **WT 23 - Power Plant and Field Pipe Welding IV**

**3.0 units**

**CSU**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

17 hour lecture/102 hours lab (R)

This class deals with pipe welding in the 2G (vertical fixed), 5G (horizontal fixed), and 6G (45° fixed) positions using gas tungsten arc welding (GTAW) for the root pass and shielded metal arc welding (SMAW) for the fill and cover passes. American Welding Society (AWS) pipe qualifications will be prepared and completed in the 2G, 5G and 6G positions. Repeatable as required for qualifications by the American Welding Society D1.1 Section 4 Period of Effectiveness. (Instructor Authorization Required for Course Repetition.) This course has been approved for hybrid delivery.

### **WT 25 – SolidWorks Fundamentals**

**3.0 units**

**CSU**

34 hour lecture/151 hours lab

This course is the first in a two part series using computer-aided-design (CAD) software. Part of our advanced manufacturing program, this course teaches students how to use SolidWorks and mechanical design automation software to build parametric models of parts and assemblies, and how to make drawings of those parts and assemblies.

### **WT 31 – GTAW for Gunsmiths**

**3.0 units**

**CSU**

17 hour lecture/102 hours lab

This course is designed to develop the manipulative skills, technical knowledge and application of the tungsten arc welding (GTAW) process as they relate to

firearm repair. The student will be required to provide their own tungsten welding electrodes for this course at a cost of approximately \$30.00. Must be accepted into the gunsmithing program prior to enrollment. This course has been approved for hybrid delivery.

### **WT 32 – Advanced GTAW for Gunsmiths**

**3.0 units**

**CSU**

**Recommended Preparation:** Concurrent enrollment or credit for WT 31 or instructor approved work experience classes.

17 hour lecture/102 hours lab

This course is designed to provide an opportunity for the student to further their understanding in applying the specialized gas tungsten arc welding (GTAW) process to aluminum and stainless steel as it relates to firearm repair. Students will work on the design, function and repair of gunparts and related equipment using the GTAW process. The student will be required to provide their own tungsten welding electrodes for this course at a cost of approximately \$30.00. Must be accepted into the gunsmithing program prior to enrollment. This course has been approved for hybrid delivery.

### **WT 36 - Welding Theory and Practice – Oxyacetylene**

**1.0-3.0 units**

**CSU**

153 hours lab (R)

This is an elective welding course where students will apply the oxyacetylene welding (OAW) and oxyacetylene cutting (OAC) processes to selected projects. This course may be taken for a total of three enrollments, not to exceed three units. This course has been approved for open entry/open exit.

### **WT 37 - Welding Theory and Practice-Shielded Metal Arc Welding**

**1.0-3.0 units**

**CSU**

153 hours lab (R)

This is an elective welding course where the student will apply the shielded metal arc welding (SMAW) process to selected projects. This course has been approved for open entry/open exit. This course may be taken for three enrollments not to exceed three units, or as required to maintain welding qualifications per American Welding Society (AWS) D1.1 Section 4 Period of Effectiveness. (Instructor Authorization Required for Course Repetition.)

### **WT 38 - Welding Theory and Practice - Gas Metal Arc Welding**

**1.0-3.0 units**

**CSU**

153 hours lab (R)

This is an elective welding course where students will apply the gas metal arc welding (GMAW) process to selected projects. This course has been approved for open entry/open exit. This course may be taken as required for qualification by the American Welding Society D1.1, Section 4.1.3. (Instructor Authorization Required for Course Repetition.)

### **WT 39 - Welding Theory and Practice - Gas Tungsten Arc Welding**

**1.0-3.0 units**

**CSU**

153 hours lab (R)

This is an elective welding course where students will apply the gas tungsten arc welding (GTAW) process to selected projects. This course has been approved for open entry/open exit. This course may be taken as required for qualification by the American Welding Society D1.1, Section 4.1.3. (Instructor Authorization Required for Course Repetition.)

### **WT 42 - Intermediate Shielded Metal Arc Welding**

**3.0 units**

**CSU**

153 hours lab (R)

This is the second in a three course series of fundamental elective classes dealing with the shielded metal arc welding process (SMAW). Filler rods will be selected and applied to joint designs which meet industrial specifications. Repeatable as required for qualification by the American Welding Society D1.1, Section 4 Period of Effectiveness (Instructor Authorization Required for Course Repetition.)

### **WT 43 - Advanced Shielded Metal Arc Welding**

**3.0 units**

**CSU**

153 hours lab (R)

This is the last in a three-course sequence of fundamental elective classes dealing with the shielded metal arc welding (SMAW) process. Specialized filler rods will be selected and applied to joint designs which meet industry standards. Repeatable as required for qualification by the American Welding Society (AWS) D1.1, Section 4 Period of Effectiveness. (Instructor Authorization Required for Course Repetition.)

### **WT 44 - Gas Metal Arc Welding**

**3.0 units**

**CSU**

153 hours lab (R)

This course is designed as an elective class to develop the manipulative skills, technical knowledge and application of the gas metal arc welding (GMAW) spray transfer process and flux core arc welding with gas (FCAW-G). The processes will be applied to recognized joint designs on ferrous materials. GMAW will also be explored in welding nonferrous materials (aluminum). Repeatable as required for qualification by the American Welding Society (AWS) D1.1, Section 4.1.3. (Instructor Authorization Required for Course Repetition.)

### **WT 45 - Gas Tungsten Arc Welding**

**3.0 units**

**CSU**

153 hours lab (R)

This is an elective course designed to develop the manipulative skill, technical knowledge and application of the gas tungsten arc welding (GTAW) process. The process will be applied to selected joint designs on ferrous and nonferrous materials. Repeatable as required for qualification by the American Welding Society D1.1, Section 4.1.3. (Instructor Authorization Required for Course Repetition.)

### **WT 49 - Welding Technology Work Experience**

**1.0-8.0 units**

**CSU**

**General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

75-600 hours lab (R)

This work based learning course is designed to assist students with educational or career goals in welding technology, who are working in the field of welding technology, to build related job specific skills through individualized learning objectives and enhance their workplace performance. All Work Experience enrollments require attendance of a face-to-face orientation session. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the workplace, and career development. Subsequent enrollments require new individualized learning objectives, and

completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Career Technical Education, Occupational and General Work Experience enrollments. Title V specifies students will earn 1 unit of credit for each 75 hours of paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid delivery

### **WT 50 – Welding for Artists (Design and Fabrication)**

**2.0 unit**

**Co-requisite:** ART-50 Welding for Artists (History of Welded Sculpture)  
102 hours lab (R)

Students will become proficient in the use of oxy-acetylene, arc/stick, TIG, and MIG welding techniques in addition to metal cutting tools found in a welding studio. Students will also become knowledgeable with stationary tools common to a welding shop such as: breaks, shears, bench grinders, hand grinders and drills. This class will focus on welding and metal fabrication as a fine art medium.

### **WT 51- Blueprint and Symbol Reading for Welders**

**2.0 units**

34 hours lecture

This course is an introduction to blueprint and symbol interpretation practices commonly used in the welding and metal fabrication industries. This course will cover drawing types, symbols, views, dimensions and tolerances. This course will further develop the student's range of thinking required to assemble simple components and complex assemblies from welding prints. This course has been approved for online delivery.

### **WT 52 – Robotic Operations and Programming**

**3.0 units**

17 hours lecture  
102 hours lab

This course is the first in a two part series in robotics. The course will provide a student with the skills to safely setup, program, and operate a robot using basic software functions. This course has been approved for hybrid delivery.

### **WT 53 – Robotic Welding Operations and Programming (Advanced)**

**3.0 units**

**Prerequisite:** WT 52 and WT 38 or concurrent enrollment in WT 38  
17 hours lecture  
102 hours lab

This course is the second in a two part series that expands on robotic programming. Emphasis will be on robotic welding and Arc Tool operations and programming. The course will also demonstrate the proper use of fixturing to secure weldments.

## **WORK EXPERIENCE**

### **WE 1 - General Work Experience**

**1.0-8.0 units/ CSU**

**General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

75-600 hours lab (R)

This work based learning course is designed to assist students in developing job specific skills, enhancing soft skills in the workplace, exploring careers, and developing an understanding of how one's current job fits into the context of career development. All Work Experience enrollments require attendance of a face-to-face orientation. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the workplace, and career development. Subsequent enrollments require new individualized learning objectives, and completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in this course shall not exceed 6 units per term. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Vocational, Occupational and General Work Experience enrollments. Title V specifies students will earn 1 unit of credit for each 75 hours paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid Delivery.

### **WE 2 - Occupational Work Experience**

**1.0-8.0 units**

**CSU**

**General Education Area E1**

**Recommended Preparation:** ENGL105 or equivalent multiple measures placement.

75-600 hours lab (R)

This work based learning course is designed to assist students with educational or career goals related to a transfer major at another institution, who are working in a related position, to build related job specific skills through individualized learning objectives and enhance their workplace performance. All Work Experience enrollments require attendance of a face-to-face orientation session. Instruction is also provided through online course modules and emails throughout course term, work based learning with a participating supervisor, and meetings in office or at student worksite. Instruction focuses on goal setting to develop job specific skills, enhancement of soft skills in the workplace, and career development. Subsequent enrollments require new individualized learning objectives, and completion of new course module assignments. Units are awarded based upon achievement of approved learning objectives, workplace performance, submission of course assignments, and documentation of work hours. Enrollment in this course shall not exceed six units. Enrollment in Work Experience courses is limited to a maximum of 16 units, including all Vocational, Occupational and General Work Experience enrollments. Title V specifies students will earn 1 unit of credit for each 75 hours paid work, and 1 unit of credit for each 60 hours volunteer work. This course has been approved for Hybrid Delivery.

## **NON-CREDIT COURSES**

### **AUTOMOTIVE**

#### **AT 150 Automotive Maintenance**

**0.0 units**

17 hours lecture 34 hours lab  
This course was designed to introduce shop procedure and safety to the student. The students will also acquire skills necessary to perform vehicle maintenance procedures such as change engine oil, transmission fluid, engine coolant and other fluids. Visual inspection of other automotive systems will also be

covered. This course is design to provide entry level skills for employment. The course has been approved for Hybrid delivery.

### **AT 151 Automotive Chassis System** **0.0 units**

17 hours lecture 34 hours lab

This course was designed to introduce shop procedure and safety to the student. Students will acquire the skills necessary to perform vehicle brake overhaul procedures and suspension alignment. Visual inspection procedures for brake, steering, and suspension systems will also be covered. This course is design to provide entry level skills for employment. The course has been approved for Hybrid delivery.

## **BASIC SKILLS**

---

### **BS 156 - Practical Writing** **0.0 unit**

36-50 hours

This course uses practical applications of writing to enable students to develop and improve their basic reading and writing skills in everyday situations and the workplace. Emphasis is placed on effective use of grammar that is clear and relevant in both academic and vocational tasks. While in the classroom they will learn, through lecture and writing exercises, the importance of workplace communication in written and electronic form. They will also be instructed in basic skills writing mechanics and critical thinking skills that will help them become more successful in college, career, and everyday life.

### **BS 170 Basic Skills: Pre High School Equivalency Preparation I** **0.0 units**

68 hours lecture/68 hours lab

This course is designed for students who complete the basic skills pre-test at a 6<sup>th</sup>-9<sup>th</sup> grade level in reading and math. This course provides basic skills review and practice in the five core curricular areas of language arts reading, language arts writing, science, social studies, and math. Emphasis is placed on these particular areas to provide the necessary basic skills foundation required in preparing for the high school equivalency test. Instruction is provided at designated reading and math levels to maximize student learning and to acquire the higher level thinking skills necessary to prepare for the high school equivalency test. This course may be repeated until student is assessed at the 10<sup>th</sup> grade level. This course has been approved for open entry/open exit.

### **BS 171 Basic Skills: Pre High School Equivalency Preparation II** **0.0 units**

40 hours lab

This course is designed for students who complete the basic skills pre-test at the 10<sup>th</sup> grade level or higher in reading and math and who need additional review and practice before taking the test. The course provides short term, in depth instruction focused on content areas of the high school equivalency test, higher level thinking skills, test taking practice, and testing strategies needed to successfully pass the test. This course may be repeated until the High School Equivalency test is passed. This course has been approved for open entry/open exit.

## **CAREERS**

---

### **CARS 151 - Career Life Skills** **0.0 unit**

34 hours lecture (R)

This course is designed to aid the student to assess and develop the personal and workplace skills and behaviors needed to be an effective employee. Skills include positive self-esteem, decision-making, goal-setting, and stress management, among others. This course may be taken for a total of four enrollments.

### **CARS 153 - Career/Employment Strategies** **0.0 unit**

34 hours lecture (R)

This course is designed to help the student develop the skills to locate the best employment opportunities, to write winning resumes and to successfully interview. The course also looks at students making realistic self-appraisal of values, interests and capacities and applying these toward the selection of a future career. This course may be taken for a total of four enrollments.

## **COMPUTER APPLICATIONS**

---

### **CA 150 - Computer Skills for Senior Adults** **0.0 unit**

8 hours lecture/24 hours lab (R)

This course is designed to provide the senior adults with an opportunity to familiarize themselves with various computer technologies. Subjects will include, but not be limited to, the Windows operating system, Windows applications (e.g. NotePad, Calculator, Paint, and WordPad), spreadsheets, the Internet, and E-mail. While the course is open to all ages and levels of expertise, it

is geared toward the older adult who has little to no previous experience with the computer. This course may be taken for a total of four enrollments.

## **COUNSELING & GUIDANCE**

---

### **CG 150 - College Success Skills Workshop Series**

**0.0 unit**

48 hours lecture (R)

By attending success skills workshops, students will develop strategies to improve college success.

### **CG 155 - Study Strategies Lab** **0.0 unit**

90 hours lab (R)

This lab course is designed to provide students with study skills as well as course specific help in classes in which the student is experiencing difficulty. Student to student tutorial assistance, study strategies and instructor intervention will provide the student with the academic support to be successful in the classroom. The second year students will be expected to expand on the skills learned in first year and implement opportunities to support first year students. This course may be taken for a total of four enrollments.

### **CG 158 - New Student Orientation** **0.0 unit**

15 hours lecture

A workshop designed to assist new students in their transition to Lassen Community College. During orientation, new students are provided with opportunities to meet other students, faculty staff, participate in course placement testing, a campus tour, information about college programs and services, financial assistance, multiple measures, counseling and registration.

## **DEVELOPMENTAL STUDIES**

---

### **DS 153 - Developmental Studies-Community Awareness I**

**0.0 unit**

68 hours lecture (R)

For the non-reading, non-writing, and/or non-verbal student who wishes to explore their community and their place within it. This course may be taken as needed. This course has been approved for online and hybrid delivery.

## **DS 155 – Adaptive Aquatics for the Physically Limited**

### **0.0 unit**

24 hours lab (8 weeks) (R)

This course is designed to give adapted physical education students, including students with a need for rehabilitation and students with chronic medical diagnoses or permanent disabilities, an opportunity to improve strength, cardiovascular endurance, flexibility, balance, and/or gait through aquatic skills and movement. A \$40 fee will be charged at registration to cover the cost of aquatic facility usage.

## **DS 158 - Developmental Studies – Adaptive Arts & Crafts**

### **0.0 unit**

68 hours lab (R)

This course is designed for students with developmental disabilities or senior citizens with disabilities to increase skill development in a broad range of arts and crafts techniques. The focus will be on completion of arts and crafts projects using a variety of methods and materials based on individual needs, skills, and abilities. This course may be taken as needed. The students will construct a take home craft project at \$1.50 per project per week plus additional consumable materials for each project (glue, glue sticks, paints, gems, etc.) at a value of \$4.50 per student for the 17 week semester. An additional fee of \$30.00 will be charged at time of registration to cover the cost of materials. This course has been approved for online and hybrid delivery.

## **ENGLISH**

### **ENGL 150 - ESL Basic Skills**

#### **0.0 unit**

34 hours lecture/51 hours lab (R)

This skills development course is for the ESL/foreign student will provide, through a combination of lecture and lab, individualized instruction in the acquisition of basic language skills, including reading comprehension, vocabulary development, oral and written expression, and critical thinking. This course may be taken for a total of four enrollments.

### **ENGL 151 - ESL Intermediate Skills**

#### **0.0 unit**

**Prerequisite:** ENGL 150 ESL Basic Skills.

34 hours lecture/51 hours lab

This noncredit course reinforces and expands non-native English speakers' literacy and speaking skills from basic level to an intermediate level. Students will engage in collaborative activities that

integrate reading, writing, speaking, and listening. New vocabulary will be stressed and basic grammar introduced in context. All instruction is conducted in English and emphasis is on developing language which will enable students to become successful workers in the U.S. job market. This course may be taken for a total of four enrollments.

### **ENGL 155 - English Writing Lab – Basic Skills**

#### **0.0 unit**

68 hours lab (R)

This lab course is designed to provide students with general study skills as well as course specific help in the Basic English and Writing courses (ENGL 103 and ENGL 102). Student to student tutorial assistance, study strategies and instructor intervention will provide the student with the academic support to be successful in the classroom. This course may be taken for a total of four enrollments.

## **ENGLISH AS A SECOND LANGUAGE**

### **ESL 155 - Citizenship Test Preparation**

#### **0.0 unit**

18 hours lecture/36 hours lab (9 weeks) (R)

This course is a developmental course for ESL/foreign students, which may be repeated as often as needed until naturalization is attained. A combination of lecture, lab, class discussion, workbook assignments, computer programs, videos and individualized instruction will present concepts related to US history and civic responsibilities. The student will practice language skills essential to obtaining and completing the INS application and practice the written and oral naturalization test. This course may be taken for a total of three enrollments.

## **FIRE TECHNOLOGY**

### **FS 156 - Pump Operations**

#### **0.0 unit**

16 hours lab (1 week) (R)

This course provides the student with the information, theory, methods, and techniques for operating fire service pumps. (Course Certified by the California State Fire Marshal.) This course may be taken for a total of four enrollments.

## **MATHEMATICS**

### **MATH 156 - Math Lab – Precollegiate Algebra**

#### **0.0 unit**

68 hours lab (R)

This lab course is designed to provide students with general study skills as well as course specific help in any of the following courses: Technical Math, and Intermediate Algebra (Math 60). Student to student tutorial assistance, study strategies and instructor intervention will provide the student with the academic support to be successful in the classroom. This course may be taken for a total of three enrollments.

### **MATH 164 – Elementary Statistics Lab**

#### **0.0 units**

**Co-requisite:** MATH 40 Elementary Statistics.

51 hours Lab

The purpose of this course is to help Math 40 students with math deficiencies which impede their successes in the course. Students will learn how to use technologies to solve problems related to course work, develop skills to solve word problems, strengthen their weaknesses related to topics in algebra and learn good study habits. This course has been approved for online, hybrid and correspondence delivery.

### **MATH 167 – Trigonometry Lab**

#### **0.0 units**

**Co-requisite:** MATH 7 Trigonometry.

51 hours Lab

This course is to assist students in their successful completion of college level Trigonometry. Students will study numerical, graphical, and analytical properties of trigonometric functions, oblique triangles, inverse functions, and applications as well as the algebraic properties required for these topics. This course uses the text required in MATH 7 and additional materials supplied by the instructor.

### **MATH 168 – College Algebra Lab**

#### **0.0 units**

**Co-requisite:** MATH 8 Advanced Algebra.

51 hours Lab

This course is to assist students in their successful completion of College Algebra. Students will study the general theory of equations, polynomial and rational inequalities, conic sections, exponents and logarithms; sequences, series, matrices and their applications. This course uses the text required in MATH 8 and additional materials supplied by the instructor.

## Administration

### **Dr. Trevor Albertson**

#### **Interim Superintendent/President**

Ph.D. World Cultures & History, University of California, Merced

M.A. International Affairs, Catholic University of America

### **Carie Camacho**

#### **Interim Dean of Instructional Services**

M.S., School Counseling, University of Laverne

B.A., Sociology, California State University, Chico

## Message from the Superintendent/President

Welcome to Lassen Community College!

We are glad you are here and can assure you that you will never regret the decision to pursue an educational goal. As your partner on this journey ahead, we want to ensure that you have the tools and support you need to make this trip a successful one. What is contained in this catalog forms your map and guide along the way. For any questions you have, the answer is likely found herein—but, the faculty and staff are always willing to assist in helping you find and stay on your pathway to success.

In the end, however, we believe that the most important key to completing your educational goal is your own commitment and hard work. You certainly have it in you to reach your dreams! We believe in you and your goals, and that you will succeed. Between our faculty, staff, and administrative teams you will find a wealth of support. Do not fail to ask for help. If you reach out, someone will assist you. It is an aspect of what we do that we take great pride in as an institution.

Most importantly, enjoy the ride. College—whatever path you are taking—is a transformative experience. Take an opportunity to appreciate all the prospects this journey will afford you. From academics to athletics to student life and friendships, this is the time to grow. Enjoy the experience—it will be one of the most important of your life.

Once a Cougar—always a Cougar!

Trevor Albertson, PhD, President (Interim)

### Message from the Associated Student Body

Welcome to Lassen Community College!

You will find that the Associated Student Body (ASB) is a vital organization made up entirely of students like you. We have a vision of a diverse, sustainable campus with a thriving culture, where students can find all the resources they need to succeed. In pursuit of that vision we sit on all campus committees, organize and sponsor events, oversee clubs, attend state-wide events, work to improve student success, and much, much more! Do you want to see what clubs are available to join? Do you want to learn about, or participate in shared governance? Do you want to start a club of your own? It's easy, and we will show you how. Contact us at [asb@lassencollege.edu](mailto:asb@lassencollege.edu)

The ASB is students helping students, so if you would be interested in joining our team to work on any of the many different projects we have going, start your own, or just give your input, you would be more than welcome.

Have a great year.

# Lassen Community College District Strategic Plan

Recommendation for revisions by Consultation Council – October 12, 2020

Approved by Board of Trustees – December 15, 2020

## Vision

- ❖ Lassen College will be a highly efficient self-sustaining rural community college, a Catalyst for the region's image, economy, and human capital, and an example of a "we can" culture of collective impact by being:
  - The academic leader by ensuring quality instruction and encouraging student success
  - The educational leader by expanding outreach and student access with an equity mindset
  - A trusted steward by providing capable leadership and accountability
  - The economic and workforce development leader for the community
  - The cultural leader in the community
  - The Civic and Social Leader in the community

## Mission

Lassen Community College provides educational programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The College serves students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.

## Strategic Goals

1. **Institutional Effectiveness:** Provide the governance, leadership, integrated planning and accountability structures, and processes to effectively support the learning environment, while ensuring responsible stewardship of public trust and resources.
2. **Learning Opportunities:** Provide an array of rigorous academic programs delivered via a variety of modalities that promote student learning and meet the needs of the local and global community.
3. **Resource Management:** Manage human, physical, technological and financial resources to sustain fiscal stability and to effectively support the learning environment.
4. **Student Success:** Provide a college environment that reaches-out-to and supports students, minimizes barriers, and increases opportunity and success through access and retention to enable student attainment of educational goals including completion of degrees and certificates, transfer, job placement and advancement, improvement of basic skills, and self-development through lifelong learning.

## Institutional Student Learning Outcomes

1. **Communication** - Ability to listen and read with comprehension and the ability to write and speak effectively
2. **Critical Thinking** - Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome
3. **Life Long Learning** - Ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems
4. **Personal/Interpersonal Responsibility** - Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures

## Lassen College Values:

### Student Success:

- Students reaching their goals
- Students being prepared for transfer to four-year institutions
- Students being prepared for employment
- Doing what is best for students
- Learning as a priority over teaching
- Students needs; they are paramount in the learning process
- Recognizing and minimizing barriers to student success

### Educational Excellence:

- Equitable student learning as the focal point of every experience
- High quality educational delivery
- Highly qualified instructors
- High quality technology and materials
- Well-equipped classrooms

### Honesty/ Integrity:

- Trust in relationships
- Dependability
- Transparency
- Collaboration
- Sustainability
- Accountability

### Dignity/Respect:

- Open forum for exchange of ideas
- Civility
- Collegiality
- Diversity
- Active listening and communication

## **NON-DISCRIMINATION POLICY**

Lassen Community College is committed to equal opportunity in education and employment, regardless of sex, race, color, religion or national origin. This includes admissions to the college, enrollment in courses, student services, activities, financial aid and employment in accordance with provisions of Title VI of the 1964 Civil Rights Act, Title IX of the Educational Amendment of 1972 (45CRF 86); Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA). Student, staff and all others associated with the college should understand the importance of reporting concerns about possible violations of the policy. Lassen's commitment to equal opportunity demands full investigation of possible violations and an opportunity for a full and impartial hearing on any matter relating to these laws and policies. Further related inquiries should be directed to the Equal Employment Opportunity Officer at (530) 251.8811.

## **DISCLAIMER**

The college reserves the right to amend, modify or otherwise revise any provision in this catalog for reasons including but not limited to: changes in State Law, Education Code, Title 5 or other governing regulations pursuant to the operation of the college; changes in Board of Trustee Policies or Administrative Regulations or changes relating to funding, fees, instruction, support services or staffing of the college or any program or course thereof. These changes may be made without prior notice and may supersede this publication or portion thereof.

## **CONSUMER INFORMATION**

In full accord with Section 504 of the Rehabilitation Act of 1973 which prohibits discrimination on the basis of disability and federal and state legislation to prohibit discrimination, Lassen Community College pledges that its policies and practices aim at providing all persons equal opportunity for education, school or interschool activity and employment regardless of age, race, religion, color, sex, marital status, national origin or disability. Further related inquiries should be directed to Equal Employment Opportunity Officer, Lassen Community College, PO Box 3000, Susanville, CA 96130.

Board Policies and Administrative Procedures are available to the public and may be viewed from our website or by following this link: <http://www.boarddocs.com/ca/lccca/board.nsf/public>.

# College Guiding Principles

## Vision

Be a catalyst influencing the region's positive image, economy and human capital by fostering a "we can" culture of collective impact by being:

- The academic leader by ensuring quality instruction and encouraging student success
- The educational leader by expanding outreach and student access
- A trusted steward by providing capable leadership and accountability
- The economic and workforce development leader for the community
- The cultural leader in the community
- The civic and social leader in the community

## Mission Statement

Lassen Community College provides outstanding programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The college serves students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.

## Institutional Student Learning Outcomes

Upon the completion of any course, educational activity, or program, the student will demonstrate improvement in one or more of these areas:

- **Communication**  
Ability to listen and read with comprehension and the ability to write and speak effectively
- **Critical Thinking**  
Ability to analyze a situation, identify and research a problem, propose a solution or desired outcome, implement a plan to address the problem, evaluate progress and adjust the plan as appropriate to arrive at the solution or desired outcome
- **Life Long Learning**  
Ability to engage in independent acquisition of knowledge; ability to access information including use of current technology; ability to use the internet and/or library to access and analyze information for relevance and accuracy; ability to navigate systems
- **Personal/Interpersonal Responsibility**  
Ability to develop and apply strategies to set realistic goals for personal, educational, career, and community development; ability to apply standards of personal and professional integrity; ability to cooperate with others in a collaborative environment for accomplishment of goals; ability to interact successfully with other cultures.

## Philosophy and Criteria for Associate Degree and General Education AP 4025

Lassen Community College offers a breadth of courses that are intended to prepare students to think and communicate clearly and effectively; to use mathematics; to understand the modes of inquiry in the major disciplines; to be aware of other cultures and times; to achieve insights gained through experience in thinking about ethical problems, and to develop the capacity for self-understanding. These courses will give students sufficient depth in a field of knowledge to contribute to lifetime interest as well as give the student the tools to navigate through complex life experiences.

General Education, included in the Associate Degree, is designed to introduce students to a variety of means to comprehend the modern world. This experience will assist students in their evaluation and appreciation of the physical environment, the culture and the society in which they live.

The criteria used to determine inclusion in the Associate Degree and General Education offerings includes those classes that foster understanding and evaluation of the natural sciences, social and behavioral sciences, humanities, language and rationality, and physical health and activities.

Lassen Community College programs are consistent with the institutional mission, purposes, demographics, and economics of the community it serves.

# General Information

## History and Location

The forerunner of Lassen Community College began on May 4, 1925, when the Junior College department of the Lassen Union High School District was established and began conducting classes on the Lassen High School Campus.

A separate facility was created in 1941 with the remodeling of a Main Street garage into a classroom building. In 1945, because of increasing enrollment, a new building was built adjacent to the high school. The modern era of Lassen Community College began in March 1965 with the establishment of the Lassen Community College District and the separation from the high school district. A separate Board of Trustees was elected and planning began for a new campus.

The new campus, located on Highway 139, today consists of 165 acres and 39 structures, including 19 main buildings. It began operations in September 1971. In addition to classrooms, laboratories and offices, it has a library, college union, computer rooms, a large gymnasium and outdoor recreation facilities.

Lassen Community College is located in Susanville in the high mountain lake country of northeastern California. The campus looks out over the city to Diamond Mountain and the Sierra Nevada Mountains. Eagle Lake, the third largest lake wholly contained in California, is only 20 miles away.

## Accreditation

Lassen Community College is accredited by the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges, 10 Commercial Blvd., Suite 204, Novato, CA 94949, (415) 506-0234, an institutional accrediting body recognized by the Council for Higher Education Accreditation and the U.S. Department of Education. Additional information about accreditation, including the filing of complaints against member institutions, can be found at: [www.accic.org](http://www.accic.org).

## College Catalog

This catalog serves as a guide to Lassen Community College providing information on entering college, on courses, programs, services, degree/certificate requirements, and campus activities.

## Catalog Rights

A catalog is in essence an agreement between the student and the college. Students earn degrees and certificates under the programs and policies outlined in a specific catalog. Students, who maintain continuous enrollment, meaning they attended at least one semester or summer session during the academic year, may choose to graduate under the catalog in effect at the time they first enrolled at Lassen Community College or any catalog up to the time of graduation. Students who are considered returning students without continuous enrollment must follow the catalog requirements in effect at the time of re-enrollment.

For the purposes of catalog rights, the academic year begins each fall and ends with the subsequent summer session.

## Choice of Catalog

Degree requirements are published in each academic catalog and include: major requirements, general education requirements, reading, writing and math competencies, and other college requirements such as residency and grade point average. Degree requirements may be fulfilled under different catalog years provided the student is eligible to use the respective catalogs.

Eligibility is determined by:

1. **Major requirements:** All major courses must be selected from any one catalog in effect during the student's most recent period of continuous enrollment.
2. **General Education requirements:** A course may be used to fulfill an area requirement if it is on the approved general education list at the time the course is taken. A General Education course taken at another college can meet an area requirement when a Lassen Community College counselor determines that the course is equivalent to a Lassen Community College course listed in that area; or the course is listed in that area at the College where the course was taken.
3. **Other district requirements** may be completed by fulfilling those requirements listed in any one catalog in effect during the student's most recent period of continuous enrollment.

## Class Schedule

Each semester, Lassen Community College publishes a schedule of courses that will be offered during the semester. The schedule of courses contains the most updated information on courses and is considered an addendum to this catalog.

Lassen Community College offers day and evening courses. Courses are also offered via online, hybrid or by correspondence delivery. Courses are usually semester length, although shorter-term courses could be offered.

The current semester course schedule can be accessed online at [www.lassencollege.edu](http://www.lassencollege.edu). The online schedule is searchable by location, course number, instructor name, start date, time, and course title. The online schedule is updated daily. Not all courses listed in the college catalog are offered every semester.

# How to Use this Catalog

This catalog is designed to assist all types of students - those just beginning college for the first time, those considering transferring to another community college or four-year institution, and those already attending Lassen Community College – in choosing the program of study that best fits their aspirations and goals. In this catalog, you will find information regarding the admissions process and registration issues, financial aid information and academic requirements. In addition, the catalog describes aspects of student life and opportunities to assist you in having a successful experience at Lassen Community College.

## Student Success and Support Program

The statewide California Community College program emphasizing student success previously called “Matriculation” assists students in successfully completing their educational and career goals. The program includes student services in the areas of admissions, self-guided placement, orientation, counseling, advising and follow-up. New students who are taking English or Mathematics, who are seeking a degree or certificate, or participating in collegiate activities are required to participate in orientation, self-guided placement and counseling. Students are exempt from the requirement to participate in the student success program steps (orientation and educational planning) if they provide documentation of having completed an associate degree or higher from an accredited institution. Other criteria for exemption from specific components can be found in the Counseling Office located in Student Services building or by contacting 530.251.8842.

### Students Rights Regarding the Student Success Program

Students who meet the exemption criteria may choose whether or not to participate in the student success program planning (orientation and educational planning).

Students may challenge required participation in the Student Success program by filing a complaint with the Vice President of Student Services. If the matter is not resolved, it may be appealed to the Superintendent/President. The Vice President of Student Services shall keep a record of all petitions filed regarding the Student Success program.

### Students who are planning to pursue exemption status for any of the components must:

- Contact a counselor

Students who believe they have been the victims of unlawful discrimination as it relates to the implementation of matriculation may file a complaint with the Director of Human Resources.

# Quick Guide to LCC Enrollment

## New Student Registration

---

### **STEP 1 – Complete an online Application for Admission-OpenCCC**

Go to our website: [www.lassencollege.edu](http://www.lassencollege.edu). Click on **APPLY** to begin the 2-step application process. First create a user account, *then* sign-in to complete and submit the 9-part application. You will see a confirmation page. Once your application is processed, you will be *emailed* your **Student ID #, Username and temporary password**. Your log-in information can be used to access **MyLassen LCC Portal** where you can register for classes, check financial aid, access student email, see department information, and view LCC announcements.

### **STEP 2 – Login to MyLassen-LCC Portal. (In Student Resources or upper right corner of website)**

Use your LCC email address (username@cougars.lassencollege.edu) and the temporary password to log into MyLassen Portal. Change your password and choose security questions.

### **STEP 3 – Complete the MANDATORY online New Student Orientation.**

### **STEP 4 – Go to FINANCIAL AID. (\* International Students are ineligible for federal financial Aid)**

Fill out the **FAFSA** (*Free Application for Federal Student Aid*) at [www.fafsa.ed.gov](http://www.fafsa.ed.gov) and/or apply for the Promise Grant (CA Residents only) for your opportunity to qualify for financial aid.

### **STEP 5 – Obtain a copy of your high school, college, and/or military transcripts for LCC Counselor**

Transcripts from high school, other colleges or the military as well as SAT or ACT scores can be helpful for course placement. You may be able to receive course credit for AP or CLEP test scores. Please bring them to counseling.

CSU Advanced Placement chart at: <https://www2.calstate.edu/apply/transfer/pages/advanced-placement-ap.aspx>

IGETC Advanced Placement chart at: <https://admission.universityofcalifornia.edu/counselors/files/ap-satisfy-admission-and-igetc-reg.pdf>

CLEP chart at: [https://clep.collegeboard.org/develop-your-clep-program/create-a-clep-policy/ace-credit-recommendations/b-level-score-recommendations\\*](https://clep.collegeboard.org/develop-your-clep-program/create-a-clep-policy/ace-credit-recommendations/b-level-score-recommendations*)

International Students must also demonstrate English proficiency through additional testing prior to admission.

### **STEP 6 – See a COUNSELOR.**

You can see a counselor on a first come, first serve basis once you have completed the New Student Orientation. Meeting with a counselor provides you with information on which courses are required to meet your educational goals.

### **STEP 7 – Register for classes on MyLassen LCC Portal – On the LCC homepage**

If unable to register online, fill out a registration card and submit to Admissions & Records. Payment is required two business days before classes begin.

### **STEP 8 – Evaluation of other college course work**

Please complete the Transcript Evaluation Request form here is the link: <http://www.lassencollege.edu/get-started/Documents/Transcript%20Evaluation%20Request.pdf>

### **Optional Steps – If applicable**

- **Transfer students** - Send all official college transcripts to Admissions and Records
- **Apply for Housing** – If interested in on-campus housing (dorms) – Contact Housing Office
- **Apply for EOP&S (If Eligible)** – Extended Opportunity Program and Services (CA residents only)
  - Must have completed ALL 7 steps above, and have all official college transcripts on file in Admissions.
  - Check EOP&S for additional details on eligibility and requirements.
- **Attend College Success “BOOTCAMP” Student Orientation**-August 2<sup>nd</sup> - 13<sup>th</sup>, 2021
- **Get your Books at** <http://bookstore.lassencollege.edu>

### **QUESTIONS? CONTACT US!**

- **Admissions and Records** – 530.251.8808, fax 530.251.8802, email – [lccadmissions@lassencollege.edu](mailto:lccadmissions@lassencollege.edu)
- **Financial Aid** – 530.251.8849, fax 530.251.8894 – [lccfinaid@lassencollege.edu](mailto:lccfinaid@lassencollege.edu)

# Apply to Lassen Community College

## Lassen Community College Students

Lassen Community College is an open enrollment institution to the following prospective students:

1. California residents who are high school graduates, who possess a high school diploma, High School Equivalency (HiSET) diploma, or a General Education Development (GED) Certificate.
2. Non-high school graduates over the age of 18 who can benefit from the instruction offered in a college.\*
3. A Special Admit student, defined as any person under the age of 18 without a high school diploma who can benefit from the instruction offered in a college.\*
4. International students who qualify in accordance with the Lassen Community College District policy.\*
5. Out of state students who qualify in accordance with (1) or (2) above.

*\*The Lassen Community College Governing Board establishes admission criteria for students in these groups.*

## Application Process

To enroll at Lassen Community College you must submit a completed application through our website:

- Go to the college web site at [www.lassencollege.edu](http://www.lassencollege.edu) select the Apply box on the main page to begin the application process for admission to Lassen Community College.

## Transcripts

**From High School** – Students should bring their high school transcripts to their first counseling session. These will be used as part of the multiple measures for placement and course scheduling.

**From Other Colleges-** Students who have attended other colleges or universities should provide an official transcript to Lassen College Admission and Records prior to meeting with a counselor.

Transcripts can be mailed to: Lassen Community College, Admissions and Records, P.O. Box 3000 Susanville, CA 96130

**Military Transcripts-** Military transcripts can be evaluated by providing an official copy to Lassen Community College Attn: Veterans' Office PO Box 3000 Susanville, CA 96130.

Lassen College can evaluate transcripts from other institutions to meet Associate degree, or certificate, general education, program requirements and/or elective unit. Lassen College accepts credits from colleges/universities that maintain regional accreditation at the time of attendance. Please bring your transcripts to the Counseling Department to be evaluated. Once evaluated the student and counselor can determine what coursework will be required to complete their education goal.

## Special Admission Procedures

Certain populations of students have additional requirements for admission.

**Special Admit Students** – Lassen College Board Policy only admits special part-time students in grades 9-12 who do not have a high school diploma or have not passed the California High School Proficiency or GED examinations.

The Special Admit forms with special admit criteria are available in the Admissions and Records Office or the Counseling Office.

**International Students** -Lassen Community College encourages and supports students from other countries who have the academic background and potential to succeed in college. To be considered for admission the applicant must complete and return the **International Application for Admission** by June 15th, for the Fall semester and October 15th, for the Spring semester. For specific requirements go to [www.lassencollege.edu](http://www.lassencollege.edu) Admission/international students or email [lccadmissions@lassencollege.edu](mailto:lccadmissions@lassencollege.edu).

An international student with an F-1 Student Visa status must also:

1. Provide a copy of your high school transcripts.
2. Enroll each semester and complete a minimum of 12 units with a minimum 2.0 grade point average to maintain F-1 student status. Failure to maintain a full course of study may lead to dismissal from Lassen Community College and deportation from the United States.
3. Visa and I-20 must be valid at least six months ahead of the expiration date at all times.
4. Comply with all U.S. Immigration and Naturalization Service and Lassen Community College requirements.
5. Pay the non-resident tuition and other fees as required at registration.

International students are subject to the same academic standards for grading, probation and disqualification as all other students.

**Vocational Gunsmithing Program-**The College has limited enrollment in the Vocational Gunsmithing program. There is a process that students must follow to get themselves on the Gunsmithing waitlist. Information about the program may be found online at: <http://www.lassencollege.edu/academics/programs/gunsmithing/Pages/default.aspx>

**Vocational Nursing Program** -The College has limited enrollment in the Vocational Nursing program. There is an application process that students must follow. Information and program packets, including current requirements (page 81of catalog), can be obtained by contacting 530-251-8870 or email [LCCNursing@lassencollege.edu](mailto:LCCNursing@lassencollege.edu)

## Residency Information

**Residency Requirements** - The California Education Code requires that Lassen Community College shall apply uniform rules determining a student's residency classification. A residency classification is to be determined for each student at the time of each registration and whenever a student has not been in attendance for more than one semester. Each student shall provide the required information and evidence of residency outlined in "Establishing Residency" below. The day immediately preceding the first day of instruction for any term shall be the residency determination date and is determined when the student completes the Application for Admission.

**Establishing Residency** - In order to establish California residency, a student must first be a citizen of the United States, a permanent resident or an applicant for permanent residency, or on a visa status that does not preclude him/her from establishing domicile in the United States. The law also requires that the students show no contrary intent, that is, they must not have maintained residence status in their former state; driver license, taxes, car registration, etc. **The burden of proof rests with the student, not the District.** The residency laws do not permit campus officials to waive any portion of the residency requirements. Students must submit a request for reclassification prior to registration.

**Determining Residency** - Non-resident students do not automatically become California residents by merely living in the state more than one year. State law requires proof of intent to establish California residency.

Indications of intent include, but are not limited to, the following:

1. A record of filing a California state income tax return
2. A W-2 form with a California address
3. Maintaining permanent military address or "Home of Record" in California while in the armed forces
4. The possession of a California driver's license
5. Registering to vote in California
6. Establishing and maintaining an active California bank account
7. The possession of a California hunting or fishing license
8. Owning residential property in California
9. Financial independence from a parent or guardian to include the following:
  - a. not be claimed on parent or guardian's income tax return for the school year;
  - b. not receive more than \$750 in support from parents or guardians in any one year;
  - c. not live with parents or guardian for more than six weeks in any one year.

**Appeal of Non-Resident Classification** - Students who have been classified as non-residents have the right to review their classification and make a written appeal. Appeals are to be processed as follows:

1. The written appeal is to be submitted to the Admissions and Records Office within 30 calendar days of final notification by Lassen Community College regarding their classification.
2. The Admissions and Records Office will forward the appeal, within five working days of receipt, to the CSSO with a copy of the original application for admission, the residency questionnaire, and evidence or documentation provided by the student with a cover statement indicating upon what basis the residence classification decision was made.
3. Within 30 calendar days of receipt, the CSSO shall send a written determination to the student. The determination shall state specific facts on which the appeal decision was made.

**Incorrect Classification** – If the college incorrectly classifies your residency on the basis of false or miss leading facts, you will be required to pay the nonresident fees.

# Financial Aid

---

## Apply for Financial Aid

Every student should apply for financial aid, regardless of income. Not all types of aid are based on financial need. You cannot know for sure if you are eligible for assistance unless you apply.

1. Complete the Free Application for Federal Student Aid (FAFSA) online at [www.fafsa.ed.gov](http://www.fafsa.ed.gov) listing Lassen Community College; school code 001217. FAFSA applications need to be filed annually and will be available October 1<sup>st</sup> of the current year. Since some forms of funding are limited, for best consideration you are encouraged to file your FAFSA annually by March 2<sup>nd</sup>. FAFSA applications are accepted and funds awarded to students throughout the school year.
2. California residents should complete and submit a California College Promise Grant (CCPG) prior to registering for classes. This application is available in the Financial Aid Office and online. Those who qualify as an AB540 admission should submit a CA Dream Act application to determine their eligibility for the California College Promise Grant (CCPG). The CA Dream act application is at [www.dream.csac.ca.gov](http://www.dream.csac.ca.gov).
3. The U.S. Department of Education randomly selects some FAFSA applicants for what is called verification. Those selected for verification will be asked to submit the required additional forms.
4. Once all verification requirements have been satisfied you will be issued a Financial Aid Award Letter. The Award Letter will list the types of awards and amounts available to you. Student Loans and Work Study have additional requirements.
5. Students seeking federal and state assistance are expected to declare an education goal and to meet with an Academic

Counselor to complete and follow an Educational Plan, successfully completing courses each semester as you progress toward your educational objective.

# Orientation

---

## Mandatory Online Orientation

To learn about college policies, practices, and procedures, as well as answer any questions you may have, new students who plan to earn a degree, certificate, or transfer must complete Lassen College's orientation. Orientation must be done before you can register for classes. Online orientation can be found under new students tab on the LCC website. For more information please call 530.251.8842.

## College Success "BOOTCAMP" Student Orientation

A series of workshops, along with a free daily lunch, geared towards helping LCC students discover what it takes to succeed in higher education. For more information please call 530.257-6181 x8911.

# Counselor

---

## Meet With a Counselor

All students are encouraged to meet with a counselor. After completing orientation to discuss course selection. Students, with the assistance of a counselor, are encouraged to plan a program of study that will follow their education plan. In addition, counselors are available all year from 8:00AM to 4:00PM and evening hours during the first week prior to registration and the first week of classes. If you have further questions, contact the Counseling Office at 530.251.8842.

### 15 TO FINISH

Why would a counselor encourage you to take 15 units a semester, or 30 in a year?

- Saves you time and money in tuition and living expenses!
- 15 units a semester and in good standing? You could be eligible for the Completion Grant, an additional \$1,500 (see the Financial Aid office for more details and page 29).
- You can graduate with your degree in 2 years!
- Ready for fall cycle of admission into a four year university.
- Start your career and earn a livelihood sooner.

# Register

---

## Register

After you have completed your application for admission, your financial aid application, orientation, and counseling, you will be ready to register. Registration is the process by which students officially enroll in courses. Lassen Community College has three terms; fall, spring and summer in which a student may register. Students may register online at the Lassen Community College web site: [www.lassencollege.edu](http://www.lassencollege.edu), via My Lassen LCC Portal or in person at the Admissions and Records Office.

## Money Matters

### Enrollment Fees and Non-Resident Tuition

Students (California and non-residents) are required to pay an enrollment fees and, if applicable, non-resident tuition. California High School students are exempt from paying any registration fees according to Lassen College Administrative Procedure 5030. All fees are due at the time of registration. The fees structure is as follows:

#### California Resident Enrollment Fee

1 unit or more .....\$46 per unit  
0.5 units .....\$23 per ½ unit

#### Non-Resident Tuition for 6.5 or More Units

6.5 or more units, including Enrollment Fee .... \$316 per unit

#### Non-Resident Tuition for 6 or Less Units

1 - 6 units, including Enrollment Fee .....\$92 per unit  
0.5 units, including Enrollment Fee .....\$52 per ½ unit

**NOTE:** The fees listed in this catalog are those in effect at the time of printing. Enrollment fees are subject to change through California State Legislation. Other fees are subject to change through Lassen Community College Board of Trustees action as judged to be in the best interest of the College. Please consult the current course schedule for the appropriate fees.

## Non-Resident Fee Exemption—AB540

Effective January 1, 2002, AB540 provides an exemption from paying non-resident fees for certain non-resident students. While this exemption allows students to pay resident fees, it does not grant them resident status that would give them eligibility for any state funded program. To be eligible for this exemption a student must meet both of the following criteria:

- Attendance at a high school in California for three or more years.
  - Graduation or attainment of a high school equivalency from a California high school.
- Effective January 1, 2013, financial aid is available to students who qualify for the Dream Act.

### Priority Registration (AP 5055)

Registration Priority, enrollment five working days prior to the first day of regular enrollment, shall be provide to continuing students not on academic or progress probation for two consecutive terms and who have completed orientation, assessment and developed a student education plan while meeting one of the following categories:

- Armed forces or a veteran
- Former or current foster youth
- Students receiving services through Disabled Student Program or Extended Opportunity Program and Services (EOPS)
- Students Participating in the CalWORKs program
- First time students who have completed orientation, and developed a student education plan
- Continuing students who have not lost registration priority as defined in these policies and procedures.

### Credit by Examination

Credit by Examination, also known as Credit for Prior Learning. A student may challenge a course for college credit by completing a Credit by Examination application using the procedure adopted by the Lassen Community College Curriculum/Academic Standards Committee. Students can also see if credit can be issued for prior experiences. Credit for Prior learning cannot be counted in determining 12 semester hours of credits in residence required for an associate’s degree. Students interested in transferring to a university need to be aware if credit will be accepted at the receiving institution or if there is a unit limitation. More information can be found at AP 4235 Specific information as to the procedure to be used in applying is available at the Admissions and Records Office.

### Health Fee

The Health fee is collected to cover the cost of student accident insurance. Health fees are as follows:

#### Fall and/or Spring Semester

Part time students - 0 to 11.5 units..... \$5.00  
 Full time students - 12 or more units..... \$7.50

#### Summer Session

Part time students – 0 to 5.5 units..... \$3.50  
 Full time students – 6 or more units..... \$5.00

**Health Fee Waivers/Exemptions** - this fee can be waived for students who depend exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination or organization. A student may request to be exempted by petitioning through the Vice President of Student Services Office. The Health fee may not be waived when a student qualifies for a California College Promise Grant (CCPG). Health Fees are not optional.

**Health Fee Refunds** – The Health fee is automatically refunded on cancelled classes. It is also refunded to students who totally withdraw within the first two weeks of full term courses. For the refund status on short-term classes, contact the Admissions and Records Office.

### Instructional and Other Material Fees

In addition to enrollment fees, the College may charge an instructional materials fee to students for instructional and other materials necessary for some courses. Check with the Admissions and Records Office for the most current fee information. These fees may not be waived with the California College Promise Grant (CCPG) and are not optional.

**Instructional and Other Material Fees Refunds** - The instructional and other materials fees are automatically refunded on cancelled classes or for classes dropped by the end of the second week of a full term class. Check with the Admissions and Records Office on refund status for short-term classes.

### Student Activities Fee

**The Student Activity Fee** -This optional \$3.00 per semester student activities fee (fall and spring terms only) is assessed on all students taking 6 units or more. The money collected from this fee supports the activities of the Associated Student Body (ASB) at Lassen Community College. This fee pays for ASB sponsored social activities, recreational and athletic activities, and other programs. A list of students who paid this optional fee will be provided to the Lassen Community College Associated Student Body and they will use the list to provide you with access to their sponsored activities, entrance to college athletic contests, etc.

**The Student Activity Fee Waiver** - Students may complete a waiver request or submit a signed and dated written request when registering for the course to opt out of paying this fee.

**Student Activity Fee Refunds** - Because this is an optional fee, it is not refundable.

### Transcript Request Fees

Transcript requests must be submitted to the Admissions and Records Office. The first two Official Transcripts are provided for free. Charges for additional transcripts are as follows:

- \$5 per Official Transcript request – please allow five (5) business days.
- \$10 per express Official/Non-Official Transcript request – please allow twenty-four (24) hours.
