Use your education to give back to your community, help those in need, and be a force for positive change.

As you embark on the next chapter of your life, I wish you all the best in your future endeavors. Congratulations again on this incredible achievement.

HISTORY OF LASSEN COMMUNITY COLLEGE

The forerunner of Lassen Community College began on May 4th, 1925, when the Junior College Department of the Lassen Union High School District was established and began conducting classes on the Lassen High School campus.

A separate facility was created in 1941 and in 1947, because of increasing enrollment, a new building was constructed adjacent to the high school.

The modern era of Lassen Community College began in March 1965 with the establishment of the Lassen Community College District and the separation from the high school district.

A separate Board of Trustees was elected and planning began for a new campus. That campus, located just north of Susanville on Highway 139, today consists of 165 acres and 39 buildings. It began operations in September 1971.

In addition to classrooms, laboratories, and offices, it has a dormitory with a capacity of 108, a library, student union, computer rooms, a large gymnasium and outdoor recreation facilities.

VISION

Lassen College will be a highly efficient self-sustaining rural community college, a catalyst for the region's image, economy, and human capital, and an example of a "we can" culture of collective impact by being:

- The academic leader by ensuring quality instruction and encouraging student success
- The educational leader by expanding outreach and student access with an equity mindset
- The trusted steward by providing capable leadership and accountability
- The economic and workforce development leader for the community
- The cultural leader in the community
- The civic and social leader in the community

MISSION

Lassen Community College provides educational programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The College serves diverse students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.

INDIGENOUS LAND ACKNOWLEDGMENT

We at Lassen Community College acknowledge that we reside and learn on the past and present traditional land and tribal gathering places of our local Indigenous tribes, those of the Maidu, Paiute, Pit River, and Washoe. We esteem these sovereign peoples as the true caretakers of our region throughout the centuries.

Today we honor our local Indigenous neighbors, the Susanville Indian Rancheria, as the ancestral stewards of our area, and seek their blessing and guidance with respect to our educational values and endeavors. It is with gratitude that Lassen College continues to be a place of regional tribal tradition and celebration, and it is with sincerity that we commit to building mutual relationships and providing an accessible, equitable, and inclusive institution of learning.
