Lassen Community College Course Outline

HO – 151 Nurse Assistant Clinical

0.0 Units

I. Catalog Description

This course will provide hands on clinical skills training required for Nurse Assistant certification in the state of California. Areas covered in the clinical setting will include role responsibilities, communications, infection control, safety and emergency procedures, personal care and the patient environment, nutrition and feeding, elimination needs, vital signs, charting and reporting, modified care for special needs, restorative nursing, and abuse prevention and reporting. Students must complete all course hours and must achieve a 75% on their final class grade and must achieve a final skills exam grade of 75% or better to be eligible to take the California Nursing Assistant certification exam. This course includes a 100 hour clinical rotation, all clinical compliance requirements must be met prior to enrolment as set by the clinical facility. Student must hold a current Basic Life Support CPR certification and pass a criminal background check. Background check and uniform fee of \$100 will be collected at registration.

Diversity Statement

Our commitment to diversity requires that we strive to eliminate barriers to equity and that we act deliberately to create a safe and inclusive environment where individual and group differences are valued and leveraged for the growth and understanding as an educational community.
