

DESCRIPTION

This course equips participants with essential skills for supporting operations-level incidents, including incident sizing, hazard identification, nearby area searches, victim communication, and non-entry rescue. It does not qualify participants for permit-required entries. Participants are trained to the confined space technician awareness level.

A supplemental \$81.00 fee will be charged including a \$5.00 materials fee for student manual and a \$76.00 State Fire Training FSTEP certification fee is due to Lassen Community College and will be collected at the time of registration.
